Election history made in Floyd County

Republican, Write-In take county offices

Election history was made not only in Floyd County but throughout the United States Tuesday night. Floyd County elected their first Republican Commissioner, Lennie Gilroy, and Republicans picked up enough seats in the House and Senate to control both houses of Congress (the first time since 1954).

Gilroy faced off incumbent commissioner, Democrat Floyd Jackson. Jackson received a total of 228 votes and Gilroy garnered 483.

The only other locally contested race in the county and probably the most

closely watched race was that of Pct. 4 Commissioner which was won by Jon Jones. Jones won the race with a total of 500 votes. He was running in the difficult position of a Write-In candidate against Democrat Amado Morales. Morales received 453 votes.

Morales had won the Democratic nomination in the March 94 primaries and had no Republican opponent.

Voting was heavy. Sixty-two percent of the 4,655 registered voters in Floyd County turned out to vote in the '94 election. Another record set in Floyd

County was in the number of early votes recorded. By the final day of early voting, November 4, a total of 1,113 people had voted. At the close of election day, Tuesday, 1,796 votes had been added to the final number making the total turnout 2,909 votes in Floyd County.

Floyd County's voters voiced their approval for a variety of candidates crossing back and forth across party lines. Eleven Democrats won local approval and 6 Republicans were picked by Floyd County. The race for

Justice Supreme Court Place 3 ended with a tie: Jimmy Carroll (D) 1,238, Priscilla Owen (R), 1,238.

Incumbent Agriculture Commissioner Rick Perry, a Republican, led his ticket with 1,833 votes. His challenger, Democrat Marvin Gregory received 863 votes and Libertarian Clyde Garland garnered 9 votes.

District #13 U.S. Representative Incumbent Bill Sarpalius (D), lost his seat to Republican challenger Mac Thornberry. Thornberry carried Floyd County with 1,441 votes to Sarpalius' 1,331 votes.

Although the numbers can't be confirmed in the State Senate Race Dist. 30, a representative for Tom Haywood (R) reported the final tally showed a win for Haywood over incumbent Democrat Steve Carraker. In Floyd County, Carraker carried with 1,324 votes and Haywood registered 1,217 votes.

Lt. Governor Bob Bullock, a Democrat, was another big winner with 1,955 votes. Republican challenger Tex Lezar received 790.

Republican George Bush Jr., won in this county and the state, with local numbers of 1,558, beating out Gov. Richards total of 1,333.

Floyd County voters joined the rest of the state and gave their nod to Republican Senator Kay Bailey Hutchison with 1,794 votes to challenger Democrat Richard Fisher's total of 976.

Although Republican Richard Watson lost his bid for the State Board of

Twenty-nine turkeys to be given away in annual drawings

Twenty-nine Thanksgiving Day turkeys will be given away to Hesperian-Beacon readers on Friday, November 18, through the yearly Turkey Give-away sponsored in this paper courtesy of local businesses.

Drawings will be held in the individual participating businesses at 4:30 p.m. on that day. The winners will be contacted and told where to pick up their turkey.

Registration coupons will appear in this week's and next week's issue of The Hesperian-Beacon. The public is encouraged to fill out the coupons and deposit them in the boxes inside sponsoring businesses in Floydada and Lockney.

You can enter as many times as you wish, but only one winner per family is allowed. You must deposit original coupons only, no photocopies will be accepted. You must be 16 years or older to enter.

Although no purchase is necessary, The Hesperian-Beacon urges people, who are dropping off coupons, to browse through the sponsoring businesses and to remember to shop at home first.

Floyd County businesses who will be giving away turkeys are: (Floydada) Aztec Video, City Auto, Cornelius Conoco, Floyd County Hesperian-Beacon, Davis & Sons Builders Mart, Darty Gin, First National Bank of Floydada, The Floydada Branch of The First National Bank in Lockney, Floydada Coop, Joe's, Pay-N-Save, Higginbotham Bartlett, Kirk & Sons, Nielson's Restaurant, Oden Chevrolet, Our Place, Pizza Gold, Producers Coop, Payne Pharmacy and Tipton Oil;

Athena Study Club sets date for "Holiday Affair"

LOCKNEY—The Athena Study Club has set Tuesday, November 29 as the date for the "Holiday Affair" in Lockney.

The night will signal the beginning of the holiday season. The Christmas lights will be turned on, stores will be open late, music will fill the streets and Santa will come to town.

Many of the businesses will be giving discounts, door prizes and refreshments. Restaurants will be open to feed the shoppers.

Mary Louise McCarter, Athena president, asks that everyone put the date on the calendar and plan to take a walking tour of the shops or ride the trailer that will be provided by Cargill Hybrid Seed.

Mackenzie Water to pursue emergency measures for meeting area water needs

A meeting between Mackenzie Municipal Water Authority (MMWA) board members and the council members of four area member cities held in Lockney on Tuesday, November 8, resulted in an informal agreement that MMWA should pursue a combination of avenues in solving the water emergency which now exists for the cities of Floydada, Lockney, Silverton, and Tulsa.

Current water allotments have been cut 60 percent in the four cities and each faces more stringent cuts in the future if Mother Nature continues to deny the Mackenzie watershed sufficient rainfall to replenish lake reserves. According to engineers who provided information at the meeting, lake capacity now stands at 18 percent and has never been at 100 percent in the history of the lake. Estimates by engineers say water will be

available for about a year based on the recently announced curtailed allotments. Conservation and emergency efforts could stretch it to as much as two years.

A portion of the blame for this may be due to the extensive CRP land which has been set aside around the lake during the past ten years. The watershed area for

the lake has suffered and combined with the decreased annual rainfall, engineers theorize that runoff has been reduced in proportion as CRP land has expanded. This, added to unconstrained usage and evaporation losses has severely depleted the lake reserves.

Possible solutions discussed included the possibility of purchasing unused

water allotments from individual member cities of the Canadian River Water Authority which has a poorer quality of water, drilling wells to pump into the lake to supplement Mackenzie water supplies, and drilling wells at Mackenzie member cities to supplement water

Bruce Ballou fills position of Juvenile Probation Officer

Bill Hendrix, Floyd County's Juvenile Probation Officer since Dec. 1, 1978, will be retiring at the end of December 1994. A new face, Bruce Ballou, has joined him in his office to learn the ropes and eventually take over the reins that Hendrix has held for 16 years.

Ballou started his official duties Nov. 1 and wasted no time in traveling to Floydada Junior High School to speak to teenagers about his pet project—substance abuse education and prevention.

Ballou is a Licensed Chemical Dependency Counselor Intern and has had

experience dealing with troubled youth while working as a case management supervisor with the Texas Childrens Mental Health Plan in Plainview.

"My office was part of In Home Family Services and MHMR," said Ballou. "Our work focused on family preservation and trying to keep children from being placed outside the home."

"I believe that my experience in dealing with troubled youth, mentally ill kids and those suffering from substance abuse will be an asset in my dealing with children in the juvenile justice system."

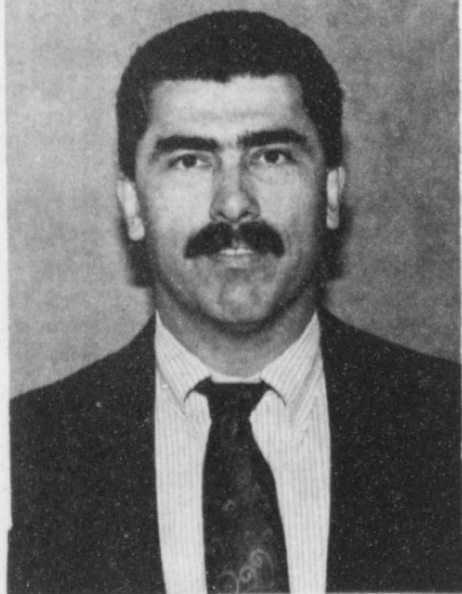

"The majority of my work has been with kids coming from homes with no male role model or from a home where there is a substance abuse problem."

Ballou is a Lubbock native and graduated from Frenship High School in Wolford. He attended Texas Tech and graduated in 1989 with a Speech Pathology major.

He worked as speech therapist for three years with the East Plains Educational Coop before going to work for Texas Childrens Mental Health Plan.

Ballou and his wife, Judy, live in Abernathy and have been married for 7 years. They have no children. Judy is a special education teacher in Abernathy.

Ballou will assume his duties as Juvenile Probation Officer full time, January 1st.

Lockney Care Center sponsoring Thanksgiving dinner and auction

The Lockney Care Center will host their annual Thanksgiving dinner and auction on Sunday, Nov. 20.

A turkey and dressing dinner with all the trimmings will be served from 11:30 a.m. to 1:30 p.m. at the Lockney Care Center, 401 N. Main.

The auction will begin at 2:00 p.m. and continue until all the items are gone. The auction is held each year to insure

that each and every resident will have an exceptionally nice Christmas. Some of the proceeds will also be used for the residents birthdays.

Anyone with items they would like to donate for the auction are asked to bring them by the Lockney Care Center.

The Thanksgiving dinner and auction are open to everyone.

TOUCHDOWN BOUND AGAIN—Devon Phillips heads toward the goal line again in the Lockney Longhorn game against Abernathy. The 21 to 6 win put Lockney in 2nd place in District 3-2A. The Longhorns will advance to the playoffs Saturday night against Idalou. The game will

start at 7:30 at Lowery Field in Lubbock. A pep rally will be held in downtown Lockney before the team leaves and a tail gate party will be held in the east parking lot at Lowery Field beginning at 5:30 p.m.

BY THE WAY!

BY
ALICE
GILROY

Joycelyn Elders is back in the news. Actually she is never out of the news.

In case you've been on another planet for two years, Elders is the nation's Surgeon General. It is her job to worry over our health and safety.

She worries a lot about safety. She is the one who thinks one way to solve the crime problem is to make "safer guns and safer bullets."

She also thinks drugs should be legalized and that her son who was arrested for selling drugs was not committing a crime.

She has become an embarrassment for the liberals in general because she doesn't have the sense to keep her mouth shut and push her agenda in a secretive manner. It is becoming increasingly hard for Clinton to allow her to continue making headlines while making it obvious what his administration really thinks is important.

I think she gets bored when her name doesn't get in the newspaper for awhile so she finds someone who will publish her statements. This time she found the magazine, *Advocate*, whose publishers were more than happy to print what Elders had to say.

The *Advocate* is a magazine for homosexuals. In a March 1994 interview, Elders went on record as endorsing homosexuals and calling the Boy Scout's ban on homosexual scouts as unfair.

She also said the school-based health clinics should address the needs of homosexual, as well as heterosexual students.

She said, "We can't just write off 10 percent of our student population." (Research has found that homosexuals make up only 1 to 2 percent of the total U.S. population.)

The Surgeon General went on to call gay sex "wonderful and healthy."

In a March 19 interview in *The Washington Times*, Paul Cameron, chairman of the Family Research Institute said, "That woman would be a sorry joke if she didn't occupy such an important post. Elders agonizes about secondhand tobacco smoke, yet gives the green light to sexual practices that are inherently dangerous, strongly associated with AIDS, hepatitis and a host of other diseases."

In the *Advocate*, Elders jumped on conservative religious groups opposed to homosexuality and homosexual rights. She said, "You have to wonder how much love that people who hate gay people have in their hearts."

For some reason that statement gets to me more than any of her other insane remarks.

Why do religious groups have to always defend their opposition to homosexuality? You don't see them having to defend their opposition to other sins such as adultery.

Do you think part of the problem is that the adulterers don't have their own magazine? There is no one out there pushing their agenda and stretching their statistics. Maybe the problem is there is no such thing as an Adultery Rights Group.

Or do you think that the churches who are re-writing the Bible have in their infinite wisdom decided Jesus was serious when he said adultery was a sin but he was only kidding when he called homosexuality a sin?

Who are these people who place themselves in such lofty positions as to pick and choose out of the Bible anyway? Where does it stop? Who are we supposed to believe? What professor of religion are we supposed to listen to?

It was supposed to stop with the words of Jesus. It's too bad that when someone has the nerve to tell people what those words were—they are described as hate-mongers. So in an effort to get along—to be accepted in this society—people are afraid to simply say, "I know it's wrong because God said it was!"

It is not the person who commits the sin that Christians rise up against—it is the sin itself. Christians are supposed to be taught to love the sinner and hate the sin.

If Jesus, who was the ultimate example of love and forgiveness, were to walk this world today and speak the words that he spoke almost 2000 years ago, what would Elders say? Would she describe him as a radical-right hate monger?

It probably wouldn't matter what He said anyway because He would never get the press coverage that Elders gets.

Mackenzie Water

Continued From Page 1

Purchasing water would be a temporary solution at best and would be expensive both to purchase and to transport to the lake or member cities. Drilling wells would be costly with wells in the Santa Rosa Aquifer estimated at \$250,000.00 each and wells in the Ogallala Aquifer are estimated at \$75,000.00 each. This is due to the depth to water and the restrictions and regulations placed on drinking water by state and federal regulatory agencies.

Transmission lines for moving public water supplies are estimated at several hundred thousand dollars per mile of line. This makes the cost prohibitive for individual cities. Grants and grant-loan packages are available for water improvements, but the application and funding process is lengthy and can become very complicated.

The group of about thirty people present indicated that the four cities favored a cooperative solution with Mackenzie leading the way rather than each city striking out on their own to find water supplies individually. Most felt that the opportunity for grant and loan assistance was more favorable for the combined water authority than it would be for cities acting alone.

Floydada, Tulia and Lockney are all supplementing their Mackenzie water with water pumped from city wells. Silverton is unable to do this as they have no wells, but at this point, none of the cities can provide 100 percent of their water requirements with city wells during the high usage summer months.

"The City of Silverton is making an effort to provide themselves with water," said Jerry Patton of Silverton. "We have applied for grants to drill wells, but our biggest problem is that there is no good water near Silverton. We will not know about the grants for several months, but we know how to ration water and we have been there a time or two in the past."

Tulia and Floydada representatives indicated that their cities were willing to make do with less Mackenzie water in order to see that Silverton had water. Representatives of all four cities let the MMWA board members know that they considered the recreational aspect of the lake to be secondary to meeting the water requirements of member cities.

The down side of the meeting was the realization that planning, financing, and implementing even temporary solutions could take as long as two years. The best scenario might get emergency measures into play in a year according to engineering estimates.

Proposals to handle the water crisis during that interim included more stringent water conservation efforts in all cities. Water usage must be kept to a

minimum if the lake is to survive. City councils were urged to develop water usage and conservation plans and to educate their citizens and encourage them to use only what water is necessary, making it do double duty wherever possible, like using captured bath water to water trees.

Floydada City Manager Gary Brown had proposed a plan for locating MMWA wells at each member city to supplement water supplies during the last city council meeting in Floydada.

He also proposed holding this meeting and negotiating for a reduction in the bonded debt repayment schedule to allow member cities to utilize those funds to meet the current water crisis.

These suggestions were echoed by Tulia City Manager Brian Eastham. Also proposed was the implementation of long range planning to meet water needs over a period of twenty to forty years. The suggestion was made that the water authority board meet in each city on a quarterly basis to allow local citi-

zens to more easily attend the monthly meetings and have some input in the operation of the water district.

MMWA board president Edd Henderson said that he would like to see the cities more involved in the operation of the district and proposed that member cities require appointed board members to make periodic reports to their councils and to bring city concerns to the MMWA board for consideration on a more timely basis.

The meeting ended with MMWA agreeing to formulate a plan for proposed drilling of a well at Tulia and a well at Floydada to supplement those city water supplies, leaving adequate water for Lockney and Silverton from MMWA. In addition, the water authority will work toward a long range plan to develop additional water resources for the four cities. Plans developed will be submitted to the member cities for approval prior to implementation as each will have to share proportionately in the cost of any projects.

Great American Smokeout focuses on youth

The American Cancer Society, in its steady effort to create a healthier atmosphere and more beneficial life for all, again focuses on the young people for the Great American Smokeout '94. Thursday, November 17th is the day set aside to encourage anyone with the tobacco "habit" to Kick That Butt "Skip That Dip" for at least 24 hours. That could be the first step toward a healthier happier tomorrow for you!

This year the American Cancer Society is promoting a program called, "Yes, Let's Not," aimed primarily toward the 4th, 5th, and 6th grades. Providing children with the skills to say "no" and teaching them how to make healthy choices without alienating them from their peers is the goal of the ACS during this Great American Smokeout.

On Monday, November 14th, in preparation for the annual ACS event, the District 3 Adviser from the Lubbock office will present a program to the students of R.C. Andrews Elementary school. Included will be a new video and curriculum, a response period, and hand-outs. "Though its emphasis is tobacco," said Kathy Psutka, Advisor, the video is designed to be viewed by teachers as a tool to actively involve students later in role playing activities that center around all health issues."

Mrs. Ellen Enriquez principal of R.C. Andrews Elementary stated, "Many children give in to peer pressure out of uncertainty or lack of knowing what else to do when faced with a challenge. They

need the confidence to say "no," explain why if necessary and just leave! Students will reap the benefits of a program like this."

KFLL-FM will replay the Saturday morning program as part of the pregame coverage beginning at approximately 6:15 p.m. "Live" coverage will start at 7:15 p.m. from Lowery Field prior to the 7:30 p.m. kick-off. Nick Long will provide the play-by-play and Edd Henderson Jr. will do the color commenting and statistics. The game will also be re-played Sunday afternoon at 2:30 p.m. for the benefit of the players and parents.

I would like to thank the voters in Precinct 2 for their support and encouragement.

I also want to thank Floyd Jackson for running a positive campaign.

I will try my very best to be a good commissioner, and I know that I can look to Floyd for guidance when needed.

County approves equipment for vehicle registration office

The Floyd County Commissioners Court met in special session on Friday, November 4. Among the items on the agenda was the approval of using State of Texas equipment for updating and automating the vehicle registration in Floyd County.

According to the agreement submitted by Floyd County Tax Assessor/Collector Penny Golightly, the state will

furnish the necessary equipment which will tie Floyd County into the automated vehicle registration and licensing system throughout the state. The equipment is scheduled to be installed in February said Golightly.

A motion by Precinct 3 Commissioner George Taylor with a second by Precinct 2 Commissioner Floyd Jackson authorized County Judge Bill

Hardin to sign the agreement accepting the equipment and agreeing to inform the state if the office is relocated. All voted in favor.

Commissioners also authorized the final payment of overtime in the Sheriff's Department which will complete the U. S. Department of Labor investigation concerning unpaid wages for overtime worked in past years. A total of

fourteen past and present Sheriff's Department employees were scheduled to receive checks for varying amounts after they signed off on the settlement agreement on Friday. Motion for the payment came from Precinct 1 Commissioner Connie Bearden, was seconded by Taylor and approved by unanimous vote.

The court agreed to pay for the purchase of diesel fuel in Precinct 2 on a motion by Jackson with a second by Bearden. Also discussed and approved at the session was the purchase of a new printer for the Sheriff's Department. It will replace the current unreliable printer being used on the TLETS II System. The cost was estimated at approximately \$150.00.

The purchase of radio equipment for the Sheriff's Department was discussed, but tabled pending more information. According to Sheriff Charlie Overstreet, the statewide intercity communication equipment located on the Floyd County Tower is 20 years old, expensive to maintain and repair and does not work up to standard. He said that replacement would cost about \$6,650.00.

Judge Hardin asked that Overstreet check with more than one supplier and bring additional estimates back to the court on the regular court date if possible since the new equipment was not included in the current budget. He also asked if there was anyplace in the current budget that the money could be taken from.

Overstreet said, "I could try to get it from supplies, but I don't see anywhere else since my budget was cut by \$30,000.00 from last year as it is."

A proposed contract between Potato Specialty Inc. and the Sheriff's Department for the purchase of food supplies for the jail was discussed briefly and rejected because it would hold the individual signer, not the county, liable for payment of the food bills.

The subject of financing the right-of-way the county will need to provide for a paving project in Precinct 3 was once more on the agenda. Taylor proposed that the budget carryover from last year be designated as funding for the project. This was not agreeable with the others present.

Commissioner Bearden then asked why anything had to be done at this time since no definite path has been established for the road and no cost estimates are available. "We passed a motion last year agreeing to furnish the right-of-way. That is all that is required until we have more information from the state. There is nothing to take care of yet, so we don't need to take money from something else to use for that."

Taylor asked if Bearden would agree to honor the 1963 court resolution to pay for paving out of Road and Bridge funds. Bearden replied, "If you want to

go by 1963, we need to do it all the way it was done then. The machines were bought out of Road and Bridge funds then, not precinct funds like we do now. I think you have made some promises that you want us to keep and you shouldn't have made any promises yet."

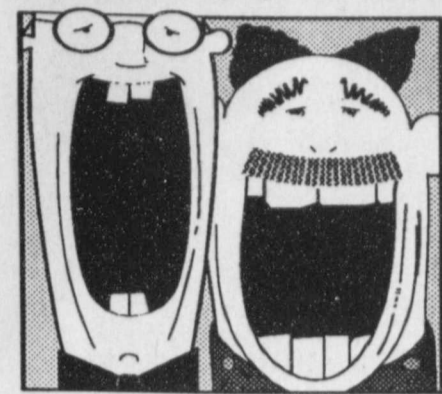

"I made those promises before we talked to the state," said Taylor. "I talked to former Commissioner Bob Jarrett who told me that the county paid for moving and building fences on highway paving projects like this and I told those people that the county would do the same as they had in the past on this road project."

"You shouldn't have made any promises or told anybody anything until the court had approved it and we don't want to do anything until we have to," said Bearden.

No further discussion was held and no action was taken at the session.

Farm work contracts were approved for eight individuals and one was voided on a motion by Jackson with a second by Bearden. The voided contract was for Harold Ford in Precinct 2 and was originally approved June 20, 1994.

Those approved included: #1482, Pct. 4, for James Case to move dirt away from fence for conservation at a site 13 miles east and 3 miles north of Floydada; #1480, Pct. 1, for Drew Lloyd to clean out drainage ditch 4 miles southeast of Floydada; #1498, Pct. 2, for Jackie Cunyus, waterpit for cows, one mile east of Cargill Research Offices; #1497, Pct. 2, 3 miles north, 1 mile west, and 1/2 mile north of Aiken, stock water pit; #1496, Pct. 2, for Terry Perkins by Jack Yearry to fill in a wash 2 miles north and 2 1/2 miles east of Lockney; #1481, Pct. 1, Eddie Smith, 9 miles south of Floydada for conservation, road work to pivot points; #1468, Pct. 3, W. R. Ware, 6 miles northeast of Cedar Hill, fill in wash on ranch road; and #1483, Pct. 3, Larry Bramlet, 6 miles east and 1/2 mile south of Lockney, clean up old foundations, rocks, corrals, etc. and return land to cultivation.

FISD reviews Academic Excellence Report

In a regular board meeting, November 8, Floydada ISD Superintendent Jerry Cannon reviewed the Academic Excellence Indicator Campus Report for all FISD campuses.

"We are pleased with the overall ratings. The scores are coming up but we still have some improving to do. The teachers and students are on the right track."

The report is released every year by the Texas Education Agency and contains an in depth breakdown of every campus including students scores, teachers salaries and experience, student teacher ratios and operating expenditures.

The information is available at the FISD office for anyone to read.

The tax report was given showing the current tax role at \$1,607,269.00. For the month of October, \$543,642 had been collected, which is 34.04% of the

tax roll collected. Last year at this time, FISD had collected 15.39%.

The board voted to change the times for meeting to the 2nd Thursday of the month, effective Dec. 8.

Denise Doucette came before the board, representing the Floyd County Day Care, and asked for a donation to the Day Care Center. The Board approved a donation of \$300.00 on a motion by Mitch Probasco and a second by Don Hardy. John Campbell abstained, as he serves on the board of the Day Care Center.

The board accepted the resignation of Abe Enriquez, a teachers aide at Floydada High School.

Outstanding students from each campus were recognized by the board:

A.B. Duncan Elementary students: Sylvia Mancilla, daughter of Mr. and Mrs. Isabel Ybarra; Joey Martinez, son of Mr. and Mrs. Chris Cacaes; R.C. Andrews Elementary students:

Ruby Cuba, son of Mr. and Mrs. Reinaldo Cuba; Abraham Yannis, Mr. and Mrs. Victor Yannis;

Junior High School students: Samantha McDade, daughter of Reba McDade; Maria Rangel, daughter of Mr. and Mrs. Miguel Rangel;

Floydada High School: Angela Dean, daughter of Dr. and Mrs. William Dean; Jose Sanchez, son of Mr. and Mrs. Jessie Sanchez.

The meeting adjourned at 7:55 p.m.

How to spend money

—From Kerry Siders, CEA-Ag
Do you want to learn how to spend more money - I should say spend money more wisely?

You can do just that by attending the Financial Management Seminar on Thursday, November 17, 7:00 - 9:00 p.m. at the Massie Activity Center in Floydada. Come hear Dr. Jerry Mason who will deliver an informative and entertaining program.

Jerry has written many books and ar-

ticles including *The Easy Family Budget* and *Debt Addiction: You Can Break the Habit* which appeared in the October 1992 edition of *Ensign*. He's often quoted in magazines and newspapers including the *New York Times*, *USA Today*, *Financial Planning*, and the *Boston Herald*.

We must have at least 50 people pre-register in order to offer this excellent educational opportunity. Call and RSVP to 983-2806 today!

a picture of their children, but most parents do not have a suitable photograph if their child become missing or lost. It is very important to have a recent, unobstructed head and shoulders photograph of the child. KidCare is being offered as a free public service to families in the area.

Also new this year, the Aero Care helicopter will be on hand for viewing. And "Shots Across Texas" will be at the Health Fair to administer immunizations

free of charge and give flu vaccines free if you have Medicare or Medicaid and at a nominal fee if you don't.

Again this year the "Holiday Health Fair" will have approximately 30 booths manned by various local and area organizations plus children's activity booths. Door prizes have been provided by local and area merchants, and a healthy lunch will be available.

This event is designed to be informative and fun for the entire family. Mangold Memorial Hospital invites everyone to attend.

JOLEIGH OYER AND ABEL PEREZ

Oyer and Perez

FLOYDADA—Joleigh Oyer and Abel Perez of Floydada wish to announce their engagement and forthcoming marriage. They plan a December 17, 1994 wedding in the Floydada home of LeeRoy and Dorothy Muse.

The bride is the daughter of Barbara Cousins of Floydada. She is the granddaughter of Leroy and Dorothy Muse of Floydada.

The groom is the son of Virginia and Monserrate Camacho of Floydada. The bride attended Floydada High School. Perez attended Robstown High School.

Sorority begins plans for holiday gifts, shopping spree

By Maybelle Enriquez
FLOYDADA—Alpha Sigma Upsilon held their October regular meeting in the home of Ronda Lagunas. Standing for opening rituals were seven members and two guests. Roll call was taken.

Program was given by Dr. Antoine Albert on "How To Raise Positive Kids In A Negative World."

Following the program was a short meeting. Among items discussed were Thanksgiving baskets to be given to four families.

A donation of \$50.00 will be given to the Senior Citizens Building Fund.

A \$100.00 Grocery Shopping Spree will be raffled on Nov. 21, at 7:00 p.m., at the Pay-n-Save grocery store.

Meeting was adjourned, everyone stood for closing rituals and mizpah.

NOVEMBER MEETING
Alpha Sigma Upsilon, chapter of Beta Sigma Phi, met Nov. 1 in the home of Maria Martinez.

Whirlwind Sams gather for meeting

By Marjorie McElyea
FLOYDADA—The Whirlwind Sams met at Lighthouse Electric Nov. 7. The meeting was called to order by president Harold Reese.

Anniversary songs and birthday songs were sung for Blanton and Ruby Hartsell their 55th and Fred and Yvonne Thaxton their 49th. Birthdays were Harold Temple, Jerry Livingston, Eva Parker, Addie Assiter, Fred Thaxton and W.B. Cates.

Guests were the granddaughter of Hollis and Jo Payne, Bill and Gwyn Donald of South Carolina and Mr. and Mrs. Herb Wallace of Plainview.

Refreshments were served and were just wonderful.

We voted to take gifts for underprivileged children at the Christmas party.

We had 21 rigs present and five guests. Claude Weathersbee gave a report on the trip to Big Spring and Francis reported on our trip to Littlefield.

Minutes were read by secretary Francis Weathersbee and approved. Barbara Willis, treasurer, gave a financial report. Door prizes were won by the Assiters, Cates, Weathersbees, Livingstons and Pyles. It was a big night.

We were dismissed by singing Happy Trails, led by J.W. Gilbreath.

Specialty shop leans toward the unique

By Dianna F. Dandridge
Silk and dried flower arrangements are the specialty at Lockney's newest gift shop, Heart's Desire.

Cynthia Bybee, owner of Heart's Desire, has turned her hobby into a money making venture.

"I've been doing crafts for about 15 years," said Bybee. "I started with wood projects, but now I'm into floral arrangements," she said.

The shop, located at 304 S.W. First Street, offers a good selection of sport and western gift items, as well as floral arrangements, wood pieces and paintings. She also carries throws and pillows.

"We offer lots of angels and Victorian pieces," Bybee said.

Bybee doesn't have a real favorite, "I like working with the paintings and wood pieces, but I can do the floral arrangements faster," she said.

Gradually Bybee is adding clothing items. She carries jackets as well as decorated shirts and vests.

The theme of the shop leans toward the unique.

Bybee began attending arts and craft shows several years ago and then opened the shop, Outback Country, at her home. She found that when she started giving directions to the shop to people from out of town that they got a funny look on their face. After some time she decided to move her shop to town.

She stated that she will continue to attend the arts and crafts shows. "I enjoy visiting with customers and the shows are the best place to get new ideas."

Bybee and her husband, Louie, are the parents of two sons Bryan and Tyler. They are lifelong residents of Floyd County.

Floydada Senior Citizen News

By Margarette Word
FLOYDADA—Oleta Wilson has recently visited her daughter, Sue and Tom Blythe of El Paso. She also got to visit with her great-grandson, Austin Blythe.

Athlee Beckham recently visited her daughters, Lori Caldwell of Grand Prairie and Teresa Morgan of Garland.

My face is "so" red. In listing those donating money during October I overlooked two organizations who gave a generous donation. They were the 1934 Study Club and the Alpha Sigma Upsilon Club. I'm truly sorry I did this, you can be assured it was not intentional. Everyone who donates is "so" important to making the center a better place to attend now and in the future. You all are very important. I'm truly sorry this happened.

Kacky Jackson recently visited her granddaughter Amy Neujahr of Bedford.

Clint Morris of Clarendon College spent a day visiting with his grandparents, Peck and Frances Badgett.

Bill and Norma Feuerbacher are home from a two month sightseeing trip to Philadelphia and while in Lexington, Ky., they visited with Don and Jane Beedy's daughter, Judy.

Jim and Margarette Word attended a TAS - 65th Texas Archeological Society Annual Meeting held in Lubbock this past weekend. Jim gave a paper on "Coronado's Route in the Texas Panhandle." We got to visit with lots of friends from over the state. Sandy Carr of Denton, Ann Carr and Chase Carr were also in attendance.

Dr. Keith and June Patzer are home from Lake Texhoma on a fishing trip. The fish were not biting but they did get to rest a lot.

Almost every day we receive money for the building fund project. We now have the cushions made for the benches and we hope within the next two weeks we have some of the linoleum replaced. The center is looking "so" good. Everyone who is eating at the center is really enjoying the changes we've made. If you would like to help you may send your donation or memorial to Floydada Senior Citizens Building Fund, P.O. Box 573. All donations are appreciated.

Remember this center is for people over 60 years of age. If you plan to eat lunch with us, please call before 10 a.m. so they will have enough food prepared. If you need further information about meals, games and etc., call the center and talk to Irene King or Jerry Bradford at 983-2032.

Our sympathy to the family of Ray Smith.

Remember to keep in your prayers those who are ill, in the hospital and rest homes, retirement homes, for those who are ill and are at home, and for those families who have lost loved ones recently.

4-H'ers bring home ribbons

Food show winners representing county in District competition

—From Melissa Long, CEA-HE
Over forty 4-H'ers matched cooking skills along with food and nutrition information at this year's county food show held Sunday, November 6, at Duncan Elementary in Floydada.

The educational objectives of the 4-H food and nutrition project are: Understand the interrelationships between food preparation, science, and nutrition. Understand that all individuals need the same foods, but in varying amounts, depending on age, sex, and lifestyle. Develop appropriate eating habits. Learn to select and purchase food in order to get the most nutrition for the money spent. Develop management skills to plan, prepare, and serve nutritious meals and snacks. Understanding the social and cultural roles of food in daily living. Develop leadership and work skills to enhance personal growth and citizenship.

4-H'ers participate in six hours or six activities of food and nutrition training

and hands on food preparation to get ready for the county competition. 4-H'ers are led by adult leaders, 4-H'ers along with adult supervision, and by teen leaders, those who lead a project on their own without the help of an adult. Seventy 4-H'ers participated in the food project and 46 took part in the actual food show.

First place winners in each age group by food category will represent Floyd County at the District Food Show to be held Saturday, November 19, at Levelland High School.

Chit Chat and This & That from the Lockney Care Center

By Wanda McLendon
November is the month of Thanksgiving and we would like to remember Thanksgiving as the time for giving thanks. We have many things to be thankful for here at the Lockney Care Center.

A special THANK YOU goes to all the area churches for holding our services and the Main Street Church of Christ for the monthly birthday parties.

Our weekly bus trip was great as usual. In crafts we will be making paper turkeys. We always need an extra pair of hands. If you would like to volunteer, come on down.

A Big THANK YOU goes to the Lockney FHA for a wonderful Halloween party. It was great!
We are looking forward to the Thanks-

lect. All things are weighed on the scales up above,
And he is found wanting, who's empty of Love.

giving Auction on November 20th. Make your plans now to attend.
On November 28 John and Mabelle (or Granny and Pop) will be taking a long awaited rest. They are retiring and will surely be missed.
The leaves changing makes a colorful scene around the area.
Until next time, take care of yourself and see you soon.

Wardrobe styling and new trends topic of club program

By Addie Assiter
FLOYDADA--The 1950 Study Club met November 1 at Nettie Ruth Whittle's home. Jane McCulley opened the meeting by welcoming and introducing our guests who were Wanda Williams, Jo Goen, Ann Ferguson, Virginia Pyle, Ealine Galloway, Norma Feuerbacher, Jo Wester and Jean Jones.

Nettie Ruth, our program hostess, introduced Brenda Becknell from Robert Spence Image and Fashions Consulting Modeling Agency. She gave a very enlightening and enjoyable discussion on wardrobe styling and new trends. There are four fashion types for women we were told -- classic, Avant Garde, romantic and casual. It's interesting what one finds out about proper dressing.

Hostesses Nettie Ruth and Geneie served delicious refreshments to guests and members: Nell Abram, Ellie Anderson, Addie Assiter, Edris Edwards, Margie Fowler, Wanda Hickerson, Doris McLain, Sue Moore, Carol Reese, Lovene Moore, Roberta Russell, Nettie Ruth Whittle, Geneie Evans and Jane McCulley.
Business meeting and reading the American Creed followed. We will be calling families again this year regard-

ing their names to be in the Hesperian Christmas greeting pages.

Jane closed the meeting with "There are two ways of spreading light: to be the candle or the mirror that reflects it."

Floydada Nursing Home Happenings

By Jane Martinez
Social Activities Director
FLOYDADA--Well as for happenings here at the home, we have a few things going on for this month.

We are having some fundraisers for the upcoming holidays
This past week we had submarine sandwiches for sale. The sale went very well.

We also have a raffle of a bear cookie jar and a Tater Twister going on. This raffle will be going on until Nov. 23. On this day we will also be doing the drawing.

If anyone is interested in any of these two raffles contact one of the employees at the home. We will be glad to sell you a ticket. Tickets are \$1.00 for each item.

These fundraisers are for our residents and staff to enjoy the upcoming holidays.

We want for our residents to know how much we love them and for our staff to know how much we appreciate the work they do.

Anyone wanting to help with our fundraisers may contact Jane at the home.

We want to thank all of the visitors we have had this week.

We want you to know that we appreciate everyone that comes and visits with us.

Until next week! You all stay in good health.

Here's something for everyone:
You Get What You Give
You Get what you give, in like and in kind,

The trust you instill, is that which you find,

The joy that you spread must ever return,

A lamp must be filled before it will burn.

You get what you give in gladness or woe,

A seed must be planted before it will grow,

There must be a dream for it to come true,

And he who would dare, must learn how to do.

You get what you give, don't ever expect

Fall Roundup '94

(Editor's Note: The following poem was written by Gary Brown of Floydada after he participated in the Fall Roundup at Burns' Ranch, eight miles north of Matador.)

By Gary Brown

Again the crew begins to gather
You can feel fall in the weather
There's Tony, Stan, Danny and Scott
Larry, Rhonda, Shonda and Brown being part of the lot

It's the fall roundup the weather is cool
After a big breakfast the crew is full
Break up camp put away the things
Go to work, see what the day brings

Saddle the horses see what they do
Feet need trimming, I needs a shoe
Bring the cattle to the pen
To be worked by the men

The back pasture is where we will go
Working this part is very slow
We jump 4 head they break for the brush
Danny and Brown following in a rush

The back pasture is clean or so we think
Don't have time for the horses a drink
The stock is scattered and hard to find
The thought of not being penned on their mind

From the draws and canyons we pushed the cow brutes
Jumping our horses over gulleys and roots
All but 1 or 2 are pushed to the gate
Where in the pickup the women and kids wait.

At the gate there is a breakout we see
Two cows with calves come running past me
We can't turn them or make them stop
When we get through they won't be in the lot.

It's only the small calves we need to work
Snow's being nice is some quirk
We separate the large from the small
As the cows stand and bawl.

Heat the iron and fill the needle
Get the work done then get out the fiddle
Smell the hair burn as Mitzi applies the brand
She is beginning to make a good hand

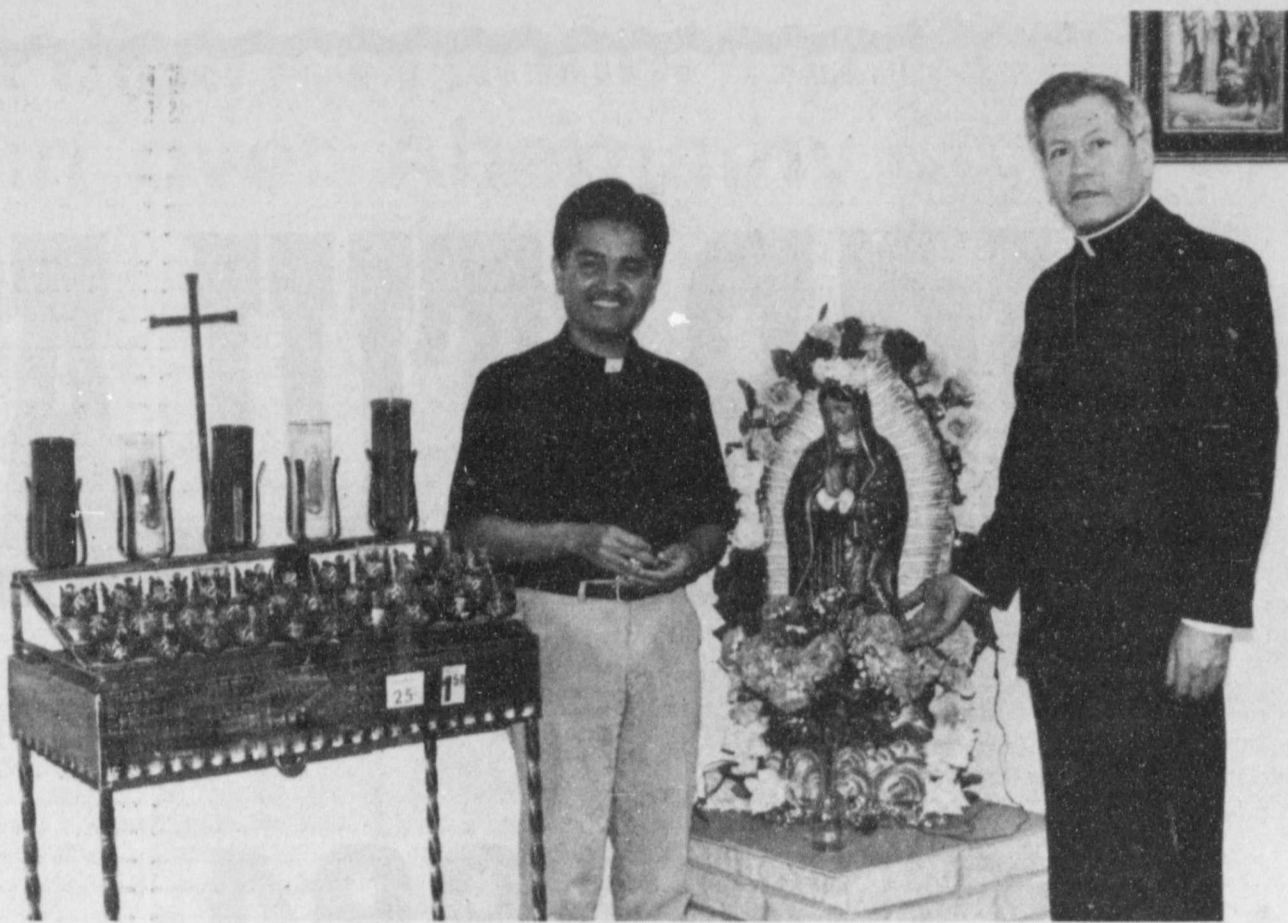

We put Scotty on a calf in the chute
As Cowboy shows him how to use the spur on each boot
Scotty spurs, the hair begins to fly
What happened next made Mitzi nearly cry

The calf up front turned himself around
Here he came with a bound
Over the top he would slide
Bringing to an end Scotty's ride

Finished the work it was time to eat
Loretta's meal is hard to beat
It didn't take much to eat more than you needed
Once again, my good sense I had not heeded

Full of food, there wasn't much left to do
That's why I ate so much, for I knew
We had only to turn the cows out
A job well done there was no doubt

The supplies were loaded so we could leave
I had s--- (manure) upon my sleeve
Each began to go no date was set
For the next roundup as of yet.

which is still undergoing renovation. He was escorted by Father Ricardo Salditos, pastor of the Floydada church. The Bishop was later treated to a potluck luncheon by the church's community members. --Staff photo

Lockney 4-H Club holds 2nd meeting of year

By Cynthia Martin

LOCKNEY—The Lockney 4-H Club held its second meeting of the year on Tuesday, October 18, 1994 at the Lockney Community Center. The meeting was called to order by Mandy Hunter and the roll call was answered with a favorite ice cream flavor.

Robert Bartlett led the Pledge of Allegiance; Amy Davis led the 4-H motto and Pledge; and Josh Quebe gave the inspiration. Kaci Mathis then read the minutes from the previous meeting and Chelsea Patridge gave the treasurer's report.

Tyler Phillips gave a report on his horse and steer projects. He included a description of the State Horse Show held in Abilene and a talk on the South Plains Fair Steer Show.

Gretchen Quebe gave a report on her lamb project and the South Plains Fair Lamb Show. After the project reports Kaci Mathis, assisted by Janee Hrbacek and Garrett Mathis, presented a mini-demonstration on the safety tips of trick and treating.

Mandy Hunter then discussed the old business. Everyone was reminded of the Halloween Carnival and that the 4-H was in charge of the cake-walk and the love-meter.

The Heart-Fest was changed to October 25-28 and those who signed up to work were reminded. Reminders were also given for the foods workshop and the Achievement Banquet.

Under new business, 4-H'ers discussed having a booth at the Health Fair. Announcements were then made for County and District Food Shows, upcoming lamb and pig activities and of the 4-H Auction in December and that each 4-H'er is responsible for getting donations for the auction.

Immediately before the program, Janee Hrbacek presented the door prize to Claudia Rosales. Tyler Phillips introduced the program which was the food auction. It was decided that the money would go to the Southeast Texas flood victims. Sam Fortenberry served as auctioneer and taught the members how to participate in an auction.

After the auction, the meeting adjourned and refreshments were served.

Have a good week!

Reye's Syndrome disease explained

(Editor's Note: The following information about Reye's Syndrome was submitted to The Hesperian-Beacon by Mary Cervantes, Floydada school nurse. It is being printed so that parents may be aware of the disease's symptoms and causes.)

Reye's Syndrome is a very serious disease that you should know about. Some people develop Reye's Syndrome as they are getting over a viral illness, such as the flu or chicken pox. Reye's Syndrome usually affects people from infancy through young adulthood; however, no age group is immune. Although Reye's generally occurs when someone is recovering from a viral illness, it can develop 3 to 5 days after the onset of the illness. Its main targets are the liver and brain, it is non-contagious, and too often it is misdiagnosed as encephalitis, meningitis, diabetes, poisoning, drug overdose or sudden infant death.

Early diagnosis is crucial. An individual should be watched during the next two to three weeks following a viral illness for these symptoms, usually occurring in this order:

- *Relentless or continuous vomiting
- *Listlessness (loss of pep and energy with little interest in their environment)
- *Drowsiness (excessive sleepiness)
- *Personality change (such as irritability, slurred speech, sensitivity to touch)
- *Disorientation or confusion (unable to identify whereabouts, family members or answer questions)
- *Combativeness (striking out at those trying to help)
- *Delirium, convulsions or loss of consciousness

Reye's Syndrome should be suspected

in anyone who vomits repeatedly. Phone your doctor immediately if these symptoms develop. Voice your concern about Reye's Syndrome. If your physician is unavailable, take the person to an Emergency Room promptly. Two liver function tests (SGOT, SGPT) can be done to determine the possibility of Reye's Syndrome. There is a 90% chance of recovery when the syndrome is treated in its earliest stages by physicians and nurses experienced in the treatment of Reye's.

Studies have shown that using aspirin or aspirin-containing medications to treat the symptoms of viral illnesses increases the chance of developing Reye's Syndrome. If you or a member of your family have a viral illness, do not use aspirin or aspirin-containing medications. In fact, you should consult your physician before you take any drugs to treat the flu or chicken pox, particularly aspirin or anti-nausea medicines. Anti-nausea medicines may mask the symptoms of Reye's Syndrome.

The National Reye's Syndrome Foundation (NRSF), the U.S. Surgeon General, the Food and Drug Administration, and the Centers for Disease Control recommend that aspirin and combination

products containing aspirin not be taken by anyone under 19 years of age during fever-causing illnesses.

Aspirin is a part of the salicylate family of medicines. Another name for aspirin is acetylsalicylate; some drug labels may use the words acetylsalicylate, acetylsalicylic acid, salicylic acid or salicylate instead of the word aspirin. Currently, there is no conclusive data as to whether other forms of salicylates are associated with the development of Reye's Syndrome. Until further research has answered this question, the NRSF recommends that products containing any of these substances should not be taken during episodes of viral infections.

The NRSF is a non-profit, tax-exempt organization with affiliates located in 44 states. The NRSF has pioneered the movement to disseminate knowledge about the disease in an effort to aid in early diagnosis and also provides funds for research into the causes, cure, care, treatment and prevention of Reye's Syndrome.

Buy More USA Grown Cotton! Texas Farm Bureau slates convention

Texas Farm Bureau will hold its 61st annual convention in Dallas at the Hyatt Regency Dallas Nov. 27-30. The four-day event highlights the year for the state's largest general farm organization.

TFB President Bob Stallman will report on his first year in office the morning of Nov. 28. Some 1,300 voting delegates are expected to consider state and national resolutions submitted by county Farm Bureaus starting on Tuesday, Nov. 29.

State resolutions adopted here become policy for the entire TFB membership during 1994. National resolutions adopted will be forwarded to the American Farm Bureau Federation.

After the AFBF Resolutions Committee puts together its package of resolutions by the 50 state Farm Bureaus and Puerto Rico, including Texas Farm Bureau, the voting delegates will consider those resolutions at the 76th annual AFBF meeting in St. Louis, Mo.

Keynote speaker Joe Griffith, a dyllectic, will show how he overcame his problem to become a successful and bestselling author. He will speak following Stallman's address.

The 1993 Outstanding Young Farmer & Rancher Award winner will be announced during the convention. The three finalists and their wives are expected to be present for the announcement.

Winners will be chosen in the Free Enterprise Speech, Miss TFB and Talent Find competitions on November 27. The speech winner will receive a \$4,000 scholarship. The Miss TFB and Talent Find winners will receive \$2,000 scholarships. Other contestants will have the opportunity for lesser value scholarships.

For the third straight year, 13 District Pioneer Award honorees will be announced, along with a former TFB staff person. The individuals were chosen for their organizational work and involve-

ment that played a significant role in the development of TFB.

Special conferences this year include: "Writing a New Farm Bill—The Challenge Ahead"; "Fighting For Your Property Rights—What Can You Do"; "Megatrends in Agriculture/Underlying Trends/Strategic Planning"; "National Health Care Reform—Which Way

Now?"; and "Where Do We Grow From Here? Wayne Ates—The Sheik of Arabi". Conferences will be held on Monday afternoon.

Election of a president and four state directors will take place at the conclusion of the convention. The TFB Board of Directors will also select officers for the coming year.

Horns clinch district runner-up spot with win over Abernathy

By Mark Todd Terrell
LOCKNEY—Who would have thought at the beginning of the season that by the last game we would be able to yell "We're going to the playoffs!" as the fans did in the 21-7 win Friday as the Horns clinched the District runner-up spot.
 The Horns started off well by holding the Abernathy Antelopes and forcing them to punt.
 As soon as Lockney got the ball, Devon Phillips went to work racking up some of his 212 total rushing yards. It didn't take long for him to find the endzone. The point after attempt was good and the Horns led early 7-0.
 When Abernathy got the ball back, the Longhorn defense couldn't hold them as they pushed their way down the field. But after the Antelopes were unable to get into the endzone, they attempted an unsuccessful field goal that kept the Horns in the lead.
 But after a Longhorn fumble on the next possession, Abernathy capitalized on the turnover and evened up the score

at 7-7.
 With a rain-soaked field and a cold wind blowing, the Horns faced the fact that the elements could make a difference in the outcome of the game.
 The Horns went into the locker room at halftime in an unexpected 7-7 tie.
 After the start of the second half, nothing eventful happened during the first two or three possessions until late in the

third quarter when Phillips once again found the endzone to put the score at 13-7. The point after attempt failed.
 The Horns' defense was starting up again with outstanding defense by Lalo Chavira, Mikhael Durham, and Tanner Johnson as they held the Antelopes during several more possessions.
 Midway into the fourth quarter, Phillips pushed his way into the endzone again for a touchdown, and added another two points with an extra point conversion run. The Horns now held the lead at 21-7.
 Now with a District Runner-up title under their belt, the Longhorn crowd can yell with assurance "we're in the playoffs!"
 The Horns play Idalou at 7:30 p.m. Saturday at Lowrey Field in Lubbock for the Bi-District title.

Attention, Longhorn Fans!
 Whew, what a season!! Congratulations goes out to not only the Longhorn team but also the town of Lockney, Texas. We want to extend our appreciation for all the support we have had all season long.
BUT WE'RE NOT FINISHED YET!!
 Saturday on Main Street at 3:00 p.m. there will be a downtown pep rally (weather permitting - if the weather is bad it will be at the junior high gym).
 The team will be leaving for Lubbock right after the pep rally.
 The game will be played at 7:30 Saturday night at Lowrey Field.
 Tickets for the game are \$2.00 for students and \$3.00 for adults from the LHS Cheerleaders and will be sold until 3:00 p.m. Friday. All tickets at the game will be \$3.00.
 Come out and support your Playoff bound Horns!! **The BLACK ATTACK is DEFINITELY Back!!**

Lockney JV defeats Abernathy

By David Sutterfield
 The Lockney junior varsity traveled to Abernathy Thursday for their final game of the year. For the 3rd game this year J.R. Walker went the distance on the first play from scrimmage. Carson Johnson added the PAT for an early 7-0 lead. J.R. Walker would once again find

the end zone. Adam Cummings then hit David Hernandez for the 2-point conversion. Walker would find the end zone 2 more times before the night was over.
 These kids did a great job this year. Many people did not think they would win many games, but they came through and finished the year with a 5-4 record.

We were very proud of them.
 I would like to thank the fans for the support they showed these kids. I would also like to thank Pam Fulton (cheerleaders sponsor), Callie Wilson, Stacey Bigham, Jessica DeLeon, and Amy Anderson for the hard work and support they gave us.

LHS Coach's Comments

By Malcom Moerbe
WE'RE WALKING THE RAMP!!!
 Congratulations Longhorns. It wasn't pretty Friday night but we got the job done. The never-say-die-crew did it one more time and as a result we get to play an eleventh game.
 Idalou is plenty good. We will have our work cut out for us. But our kids will rise to the occasion. It is fun watching them play football and I am glad we get to do it one more time.
 Offensive leaders for this week are the whole team. When the chips were down,

the whole bunch did what they had to do. Defensive leaders were Michael Hernandez, Robert Delgado, and Carlos Perales (fumble recoveries), Devon Phillips (big hit) and Carlos (caused fumble).
Defensive Point Leaders:

7th grade Shorthorns close season

By Rodney Dowell
 The seventh grade Shorthorns brought their season to a close this past Thursday in Abernathy. The Horns fought long and hard but were overpowered by the Antelopes. The Antelopes marched to an early lead in the first half and continued on course to pull out the victory over the Shorthorns.
 I would like to take some time to

recognize some people that have meant a great deal to this group of young athletes and to myself. First I would like to thank our junior high cheerleaders and their sponsor, Shandra Kidd. The cheerleaders did a lot of work to support the football teams and they all really appreciate your efforts (AND SO DO I!!) Thanks!
 Seriously, I'd like to say thank you to

Coach Moerbe for giving me the opportunity to work with such fine young athletes. They have really been a joy to watch and coach. Lastly I'd like to thank these 24 boys who worked their hearts out to win every Thursday night. We may not have had the best season ever but I think they learned how to love the game of football and athletics. Never give up guys because we'll be back next year ready to fight.

Lockney 8th graders end season

By Todd Hallmark
 The Shorthorns played Abernathy for their final game of the year and put up a good fight. The final score was 14-8 Abernathy.
 Lockney's lone score came late in the fourth quarter when Ryan Graves zipped a pass to Abel Rosales for a 65 yard TD. The Shorthorns then kicked

off to Abernathy and recovered a fumble. Time ran out before they could score again.
 I was very proud of the kids in the way they did not give up on themselves and kept plunking away. One thing that I learned about this group of Shorthorn's is that they never gave up. I am proud of them and look for good things for them in the future.

TAIL-GATE PARTY
 Starting at 5:30 p.m. Saturday there will be a tail-gate party for Lockney Longhorn fans in the East Parking at Lowrey Field in Lubbock.
 Bring food for your family and join the fun!!

Drive safely. Don't wreck your life.

Breezer Football Report

By Bill Gray
FLOYDADA—Floydada's junior high football squads closed out their 1994 seasons by hosting Friona at Wester Field on November 3. The 7th grade Breezers fell to the visitors 22-6, the combined "split squad" won its scrimmage 1-0, and the 8th Breezers were narrowly defeated 27-22.
 Andy Anderson scored in the first quarter on a 40-yard run for the 7th Breezers' only points.
 According to Coach Jimmy Burns, "We moved the ball well again, but just couldn't score. We still control time of possession very well and eliminated a lot of our turnovers."
 The coach added, "We played pretty well defensively. The only scores we gave up were on long plays (a punt re-

turn, kickoff return, and a pass interception). We had good performances on defense by Andy Williams (corner), Dusty Anderson (corner), Daryl Henderson (linebacker), and Hector Palacios (noseguard)."
 In split-squad action, Gabriel Rodriguez scored on a 50-yard run up the middle. Outstanding defenders in the scrimmage were David Bishop and Jeremy Hernandez.
 In 8th grade action, Dusty Duke was on the receiving end of a 6-yard TD pass from Cody Stovall in the 1st period. Martin Suarez scored from 8 yards out and Michael Black added the 2-point conversion as the Breezers rallied in the final quarter. Stovall hit Duke with a 40-yard TD pass and Black added the PAT to close out Floydada's scoring.

The coaches stated, "We started slow, but finally put together some drives that applied a little pressure on them. Duke, Stovall and Black all did exceptional jobs for us on offense."
 The outstanding defensive players were John Dunavant, Tyson Harper, and Oscar Sanchez.

Whirlwinds lose to Friona in season ender

By Bill Gray
FLOYDADA—The Friona Chiefs scored twice in the final minutes of the 4th quarter to overtake Floydada 21-20 at Wester Field on November 4. Friona improved to 7-2-1 overall and 4-0-1 in 2-3A to claim its first district football championship since 1965. It was Friona's first victory over Floydada in eight years.

The Whirlwinds finished the year at 3-7 (1-4 in district play) for their first sub-.500 campaign since 1986. Floydada was winless in its five Wester Field appearances.

Friona will face the Childress Bobcats tomorrow night at Plainview's Bulldog Stadium in a bi-district round of the Class 3A playoffs. Amarillo River Road rallied to edge the Bobcats 20-18 in a rare Fair Park loss for Childress with the District 1-3A title at stake.

Shallowater (6-1-3 overall, 3-0-2 in 2-3A) advances to post-season play by virtue of its 39-6 blowout of Muleshoe. The Mustangs meet River Road (9-1 overall) at Plainview this Saturday in the other area 3A bi-district encounter.

Although Floydada's hopes for a post-season berth were dashed last week at Shallowater, the Whirlwinds played like the district championship was on the line. They gave the heavily-favored Chiefs all they could handle.

A holding infraction on the game's second play pushed Floydada back to its own 3-yard line. Two snaps later, Zach Abshier's short punt gave the visitors excellent field position at the Whirlwind 20. The Chiefs were unable to capitalize on their good fortunes, however, and gave back possession when Kit Preston's 37-yard field goal attempt misfired to the left.

The Chiefs' next series was halted

by a blind-side hit from Whirlwind defender Sammy Rodriguez on quarterback Jay Belcher, which produced the game's initial turnover. Lionso Cisneros recovered Belcher's fumble to start Floydada's third possession at its own 31-yard line. Winds mounted a 10-play,

69-yard drive in the waning moments of the first quarter. Rodriguez capped the drive by scoring from three yards out at the 9:01 mark of the 2nd period.

Friona managed a single first down on its next series, but Floydada's stopper unit held, forcing the first Chiefstain

9th grade 'Winds fall to Friona

By Bill Gray
FLOYDADA—The 9th grade Whirlwinds' Richard Casillas scored on a 25-yard run in the opening period, but it was all Friona after that as the freshmen dropped their season finale 40-12 at Friona last week.

The freshmen Chiefs made the big play count as they scored on a 50-yard run, 25-yard run, 70-yard kickoff return,

60-yard punt return, 8-yard run, and a 55-yard run. Casillas added a 9-yard run for Floydada's final points in the 4th quarter.

The coaches named Casillas and Mario Nunez as the outstanding offensive players.

Cited for their defensive performances were Kyle Pierce and Tyson Whittle.

punt. The Whirlwinds kept their ensuing drive alive when Rodriguez, operating from his 22-yard line, converted a 4th-and-1 situation.

The gamble paid off on first down as Pete Cooper broke for a 59-yard gainer to put the 'Winds in "4-down territory" at the Chiefstain 15. Six plays later, Vernon Cooper's 1-yard plunge again lit the scoreboard for the Whirlwinds.

Belcher ignited Friona's sputtering offense in the last two minutes of the second stanza. Behind center Colby Carthel's blocking, Belcher chummed out 13 yards on 1st down. He hit Chris Hanna coming out of the backfield with a 19-yard aerial, and connected with Hanna on another 19 yarder three plays later for a touchdown. Preston added the conversion kick to narrow Floydada's lead to 12-7 at the half.

Belcher committed Friona's second turnover on the third play following intermission. Joe Sanchez pounced on the loose ball to give the 'Winds control at their own 44-yard line. Rodriguez bolted for 15 yards on 1st down, but Floydada was unable to sustain the drive. Abshier's punt was downed at Friona's 2-yard line.

The Chiefs had difficulty getting out of the poor field position. A short Friona punt gave the Whirlwinds deep penetration into Chiefstain territory. Pete Cooper capped a 7-play, 21-yard thrust with a 1-yard TD, and was on the receiving end of the ensuing 2-point conversion pass. Following an exchange of punts, Friona fought to cut into the 'Winds' 20-7 lead as the 3rd quarter horn sounded.

In true "wishbone" fashion, Belcher orchestrated a time-consuming, 80-yard march that was culminated by a QB

sneak for a score. Preston's kick was true, but Friona still trailed 20-14 with less than 6 minutes remaining in the final period.

The Whirlwinds responded with Pete Cooper's apparent 1st-down touchdown romp of 79 yards, but the play was nullified by a holding infraction against Floydada. It was the first of six costly penalties called against the 'Winds in the final five minutes of the game. Floydada drew two more flags on its next four snaps, offsetting 20 rushing fifth punt of the night.

With 3:14 remaining to play, Friona mounted its game winning drive. A controversial 4th-down pass interference call against the Whirlwinds kept the drive alive and opened the door for the Chiefs to pull out the victory. Gamboa scored on a 1-yard dive with 56 seconds remaining, setting up the game-winning conversion kick by Preston. Chris Hanna sealed the Friona victory by intercepting Rodriguez's desperation pass as time ran out on the clock and Floydada's season.

BILL'S NOTES

I don't want to take anything away from James Morton's Chiefs. He and his staff are to be commended the way they've turned the Friona program around... from 0-10 two years ago to the outright district title and bi-district berth. That gold football that will rest in Friona's trophy case, however, has somewhat of a taint to it.

In the years I've covered Whirlwind football, I have never witnessed poorer judgment in calls we saw in the last six minutes of the game. It's very unfortunate that the outcome

was controlled and dictated not by the youngsters, but by the officiating crew. Specifics? The game film confirms that the holding call on Pete's 79-yard TD was incorrect. Not only did it deprive the 'Winds with the probable gamewinner, it also kept Pete from hitting 1000 yards rushing. Pete will finish about 50 yards short of the magic number.

And, the pass interference call which kept Friona's winning drive alive? Peter Luna tipped the ball at the line of scrimmage... therefore pass interference is not possible. It also seems kind of odd that in the previous 9 games the 'Winds have had very few holding calls... yet the infraction was assessed three times against Floydada when the game was on the line. I could go on, but I think I've made my point.

Except for one thing. Come to think of it, the bad calls also deprived a team of a district title. Not the Whirlwinds, but the Shallowater Mustangs!

Offensive play of the game: Pete's 79-yard TD that was called back by a game official (who should be named the defensive player of the game). I know that's being facetious, but the ref did more to stop Pete than any Chiefstain. Offensive player of the game? I'll give it to Friona's kicker, Kit Preston, who knocked down the gamewinning PAT... there was a lot of pressure there, and kicked conversions are far from being automatic!

Headhunter hit? Sammy's shot that caused Belcher to cough up the ball late in the 1st quarter. It took almost another full quarter of play before Friona got its offense going. When I name the superlatives of the year in the wrap-up next week, I'm sure to name Sammy as the "Headhunter of the Year."

Best wishes go to the Lockney Longhorns as they test the bi-district waters for the first time in a while. Coach Malcolm Moerbe performed a remarkable job in taking a year

young team to the runner-up spot and the playoffs. Good luck to all the Longhorn players, coaches and fans as they tangle with Idalou at Lubbock's Lowrey Field this Saturday night.

As much as I would like to see our two district clubs stay around for awhile in the playoffs, I don't think it's going to happen. Shallowater might fare better than the Chiefs because a number of their players were around for last year's 2A bi-district tilt. But, I look for Childress to scalp the Chiefstains by 8 and River Road to corral the Mustangs 27-14. And, Lockney? They'll have their hands full with the Wildcats. Idalou really blasted Post a couple of weeks ago. And we know what Post did to the Whirlwinds! And we know what the Whirlwinds did to Lockney. It's a hard pic, but I think it'll be Idalou 31, Lockney 21. I look for Slaton to have a breeze the first few playoff games... the Tigers won't be really tested until they meet the Vernon Lions in the third round.

Javier Bernal wins final week of annual football contest

The final first place check for the 1994 football contest goes to Javier Bernal of Lockney. Bernal missed only four games on the contest to win the \$25.00. His check will be waiting in the Lockney office on Friday, November 11.

Missing five games this week were Randall Stapp, E. M. Pyle Jr., and Jim Ed Davis, all of Lockney, and Bart Greer of Floydada. The tie-breaker score had to be utilized in determining the second and third place winners. All four chose Lockney to win over Abernathy.

Stapp selected a tie-breaker score of 30, just two points over the actual combined score of 28. This earns him second place and a check for \$15.00. His prize will be in the Lockney office on Friday.

Pyle chose a tie-breaker score of 21, seven points under the combined score of 28. His check for \$10.00 will be in the Lockney office on Friday.

Davis receives an honorable mention with his tie-breaker score of 40.

Bart Greer of Floydada and Brandon Widener, Randy Hancock, and Dickie McCarty of Lockney each missed six games this week.

Missing seven games this week were Greg Patridge, H. G. Graham, Maricela Hayes, Dale Galloway, Pam Fulton, and Tony Caballero, all of Lockney and Lucio Vasquez, Josh Tipton, Bob Aldredge, Sam Hale, Robert Cruz, Franklin Harris, all of Floydada.

Entries with eight incorrect games this week include Jean Hale, Carrie Davis, Victor Yannis, Homer Ragland, Harold Abney, Noe Blanco Jr., and Cindy Cotham, of Lockney. Fifteen entries missed nine games and six entries missed eleven games.

Public Notice

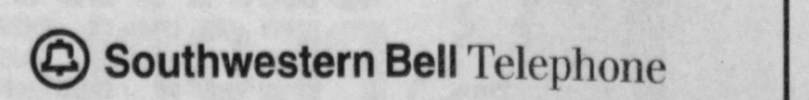

Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas (PUC) to restructure the current PLEXAR I and II service offerings. This restructure will significantly change PLEXAR I and II services.

The restructuring of PLEXAR I will, among other things: (1) reduce the maximum line size from 30 to 9; (2) obsolete and grandfather certain optional features; (3) eliminate the requirement to subscribe to Feature Package Two in order to subscribe to certain optional features; (4) reduce the nonrecurring and monthly rates of certain features; and (5) increase the nonrecurring charges for the PLEXAR I System Charge (\$2.10 to \$8.00), Call Transfer Disconnect feature (\$3.00 to \$8.00), and Convenience Dialing I feature (\$6.35 to \$8.00). All current PLEXAR I customers will have the option of keeping their current PLEXAR I service, switching to the new restructured PLEXAR I service, or switching to PLEXAR II service with ten or more lines.

The proposed PLEXAR II restructure will, among other things: (1) change the tariffed offering to serve the market segment of 10-74 stations; (2) create two-station pricing structures, one for customers with 10-29 stations, and one for customers with 30-74 stations; (3) reduce the sensitivity for the loop portion of the rate to two price bands: 0-2 miles, and beyond 2 miles; (4) offer a PLEXAR II basic station that can be flexibly configured, from a number of standard features, to meet the individual customer requirements; (5) change the way the termination liability is calculated so the customer is responsible for 65% rather than 56% of the present worth of the remaining monthly payments in the contract; (6) create an option that allows month-to-month customers to convert to long term contracts of at least three years and receive a credit or "contract signing bonus"; and (7) establish a System Subsequent Change Charge which applies per serving central office when changes are made that affect the entire system.

Current PLEXAR II customers will also have the option of keeping their current PLEXAR II service, or switching to the new restructured PLEXAR II service. PLEXAR II customers with at least 75 stations also have the option of switching to PLEXAR Custom service in certain situations.

This application has been assigned Docket Number 13210. Persons who wish to comment on this application should notify the Commission by November 28, 1994. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the PUC Public Information Office at (512) 458-0256, or (512) 458-0221 teletypewriter for the deaf. For more information about this application, please call your local Southwestern Bell Account Representative.

Floydada Parent Advisory Council to hold fall session

FLOYDADA--The Floydada ISD Parent Advisory Council plans to meet for their annual fall session on Tuesday, November 15, at 6:00 p.m. at the R. C. Andrews Elementary Cafeteria.

All parents of students participating in Chapter I Reading, Chapter I Math and Migrant are invited to attend, as are all other parents. Everyone is always welcome to attend.

Subjects that will be discussed are the following topics: the implementation of our local Chapter I Regular and Migrant application, TEA goals or objectives for our programs, Parent Training sessions to help parents with the skills needed to help or assist their children at home.

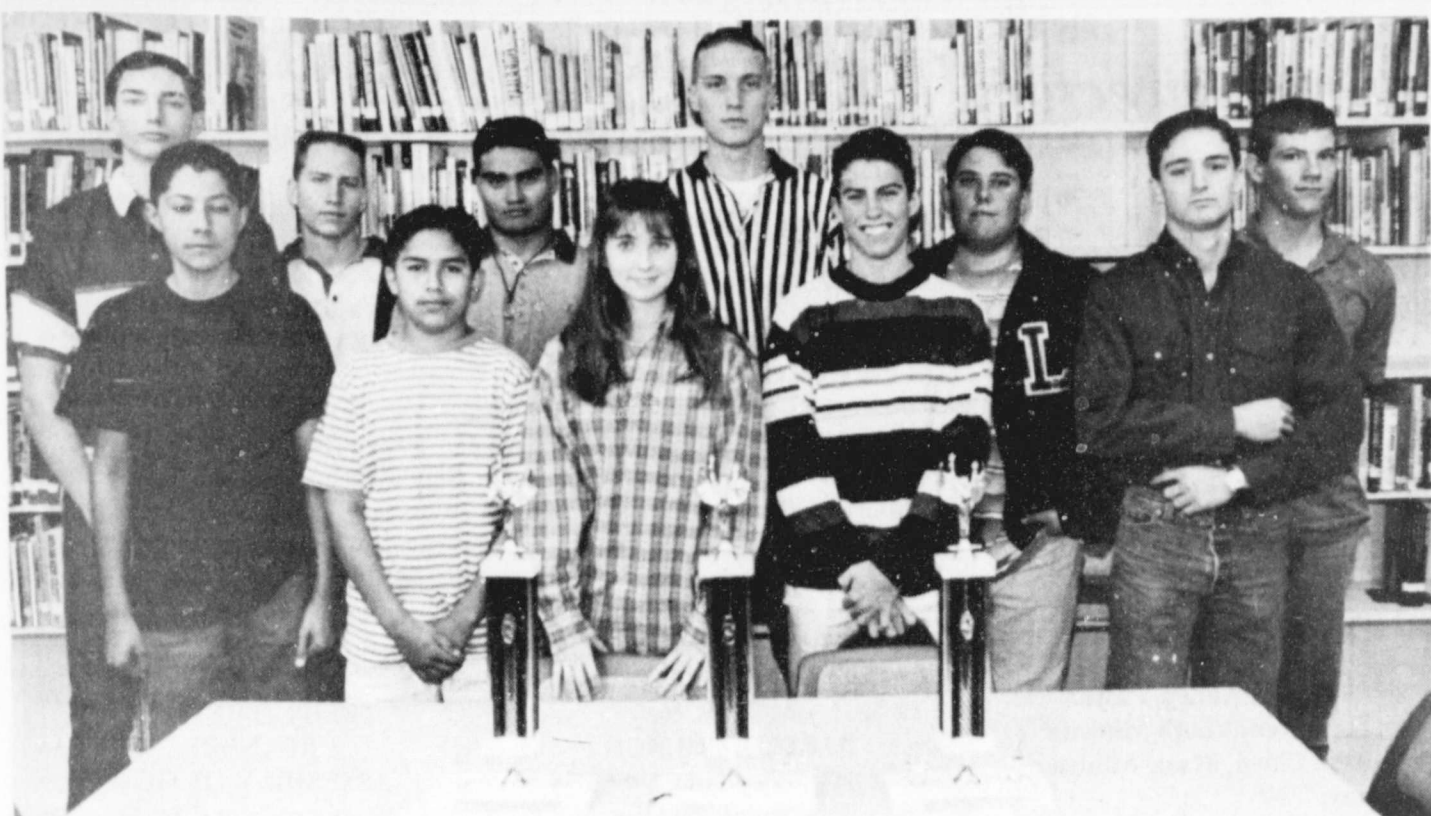

Administrators, some teachers, and teachers assistants plan to be at the meeting to answer any questions parents may have or assist in any way they can.

Door prizes will be given, hot dogs will be served and baby-sitting services will be provided by the FHS homemaking department. Please make every effort to attend. Our students can be successful if we work together for and with them.

FHS Theatre arts performing play

FLOYDADA--The Floydada High School Theatre Arts Department will be performing the play "This Is A Test", a play written by Stephen Gregg. The play will be performed on Monday, Nov. 21, at 7:00 p.m. in A.E. Baker Auditorium.

The play tells the story of the typical student, Alan Lefenfeld and his struggles with teachers, studying, and tests.

As the ticking clock reminds him, he has only 60 minutes to complete this oh-so-important predictor of his future. But he didn't get the review sheets, the teacher doesn't seem to like him, and his classmates are blatantly cheating. Time is passing and the voices in his head keep reminding him that though he may be having trouble with the test, his personal life is far, far worse. Then he reaches the essay question. The good news is that it's an opinion essay. The bad news is that it's in Chinese, and things are not going to get better.

The cast includes: Alan, Juan Valdez; Teacher, Kjersti Tvinnereim; Mother, Shannon Ware; Lois, Stephanie Emert; Pat, Linda Vargas; Chris, Justin Payne; Evan, Joey Vargas; and the Chorus, Micheal Palacios, Jennifer Hernandez and Heather Cruz.

The play, directed by Belinda Bradley, will be used as a fundraiser to help buy costumes for the one-act competition play to be held in the Spring. Admission is \$1.00.

Home Missionary to preach at Bible Baptist

FLOYDADA—Home missionary Ken Johnson will be preaching this Sunday morning at 11 a.m. at Bible Baptist Church, states Darwin Robinson, Pastor. The church is located at 810 S. 3rd Street, Floydada, and the public is welcome.

Bro. Johnson, and his wife, Norma, will be visiting in the morning services, including Sunday School at 10:00 a.m. The Johnsons live in Fort Collins, Colorado, where they have been starting a home mission work. The mission is planning on purchasing property soon to build a building for the Lord's work there. Bible Baptist Church here in Floydada is helping them on a monthly basis financially, along with some nine other missionary families and projects world-wide.

Bro. Johnson is a scholar on the local church and missions having received a B.A. degree in Bible at Tennessee Temple University in Chattanooga, Tennessee, and his earned doctorate degree in missions from a University in California. He has started new churches in Calgary, Canada, Colorado Springs, Colorado and his present location of Fort Collins, Colorado. Bro. Johnson also has

pastored churches in Tennessee and Texas. He was ordained to the gospel ministry years ago at the Tabernacle Baptist Church in Lubbock. This church now sponsors their mission endeavors in Colorado.

Come and be with us in these special services, invites pastor Robinson. The pastor will be preaching Sunday night at the 6:30 p.m. service from the book of Amos and again Wednesday night at 7:30 p.m. on the subject "Christians at Work".

Bradley to be honored by Floydada First Baptist

FLOYDADA—First Baptist Church of Floydada will honor Dr. Floyd C. Bradley Sunday evening, Nov. 13, at 7:00 p.m. as Pastor Emeritus. Dr. Bradley served First Baptist Church from November 1961 until December 1983.

Dr. Bradley also served as Director of Missions for the Caprock-Plains Baptist Area with offices in Plainview, for nine years.

First Baptist Church invites the entire community to this very special service. Dr. Bradley's 22 years of service in Floydada endeared him to this community. It is hoped many of his friends and family will be able to attend as Dr. Bradley is honored.

A reception for Dr. and Mrs. Bradley will be hosted by the Deacons and wives in Fellowship Hall following the 7:00 p.m. service.

Buffalo Grass Chapter meets

FLOYDADA—Buffalo Grass Chapter NSDAR met Oct. 25 at Lighthouse Electric. Nancy Marble, Regent, presided over and opened the meeting in regular form. Vera Jo Bybee showed "A Genealogical Treasurehouse," a program on the DAR library. After the film, Dorothy Hodges read the President General's message.

Business was transacted. June Sherman read a report on the Condition of Civil War Records in the National Archives, and urged each member write to her U.S. Senators and Representative concerning the restoration of these records.

Joyce Williams was accepted for membership in Buffalo Grass Chapter. The chaplain reported that cards and a memorial had been sent to the Martha Mangold family. Also, she reported Ozena Norris was in the hospital.

The chapter voted to send the requested allotment to the President General's Restoration Project.

The hostesses, Margaret Wheeler, Gene Reed and Loretta Denning served refreshments to: Mary Lou Bollman, Sherry Colston, Nancy Marble, Vera Jo Bybee, Dorothy Hodges, Ona Ruth Neff, Gayle Reay, June Sherman, Sandra Smith, Ruth Burleson and Rilla Sue Woody.

June Sherman announced that the November 22 meeting will be held at the Floyd County Historical Museum at 7 p.m. Mrs. Sherman will present the program, "Preserving Local Records."

Residents to re-evaluate water usage due to lack of rainfall

--From the High Plains Underground Water Conservation District No. 1

Below-average precipitation during the past three years has caused many Floyd County residents to wonder if both agricultural and urban water use practices should be re-evaluated in order to maximize efficiency.

"As a result of the drought conditions during the past three years, heavier-than-normal pumpage by agricultural and urban users has increased the rate of decline in the water table. This has caused above-average decreases in well yields during the pumping season in some parts of the county," says A. Wayne Wyatt, General Manager of the High Plains Underground Water Conservation District No. 1 in Lubbock. "It is during times of drought that people stop and wonder if more can be done to achieve maximum water use efficiency."

The volume of ground water in storage within the Ogallala Aquifer in Floyd County was calculated at 10.36 million acre-feet in 1990. The net depletion of the ground water in the county from 1990 to 2000 was expected to be about 1.14 million acre-feet, or 114,000 acre-feet per year, based upon previous water use trends. However, because of the drought, the amount of net depletion may be greater than previously expected due to the extra pumpage and lack of precipitation for aquifer recharge.

At a recent meeting of the Water District's Floyd County Committee, it was concluded that changes in water use practices must be made if residents of the county are going to have enough water to continue to maintain a profitable economy.

The five-member County Committee concluded that:

- Efforts need to be made to ensure maximum use of every drop of precipitation that falls within the county.
- Irrigation practices should be re-evaluated to determine if water losses can be further reduced or eliminated. For example, producers can convert their partial dropline center pivot sprinkler to a Low Energy Precision Application (LEPA) pivot and cut water losses by 15 percent.
- Water losses resulting from irrigation tailwater escaping from fields must be eliminated.
- Producers should consider planting lower water-use crops.

•Producers should try to achieve the most profitable crop yield per inch of water pumped—rather than irrigating for maximum crop yield.

•Recent research in precipitation enhancement should be evaluated to determine if such a program could be implemented within the county or region to increase precipitation.

In addition, the County Committee indicated that homeowners, business owners and industries should share in the water conservation effort.

•Industry should reuse waste water whenever possible.

•Low-flow showerheads, low-flow lavatory faucets, flow restrictors, low-flush toilets, and other water conservation bathroom fixtures should be installed in homes, schools, and apartment complexes within the county.

•Urban irrigation systems should be designed for maximum efficiency.

•Drought tolerant, native vegetation should be used whenever possible in yards.

Representatives from each of the 15 County Committees of the Water District plan to meet as a group in early January 1995 to determine a plan of action to

maximize water use efficiency to counteract the problems brought on by the recent drought conditions.

"Floyd County residents have made tremendous progress in improving their irrigation efficiency during the past 10 years," says Wyatt. "In 1993, a survey by the Water District found 78 center pivot irrigation systems in operation within the county. Based upon the reported irrigated acreage in Floyd County, approximately 4.8 percent of the county was being irrigated with center pivot sprinkler systems. Even with this great success, there are still more opportunities for urban and agricultural water conservation within Floyd County," says Wyatt.

Additional water conservation information is available by contacting the High Plains Underground Water Conservation District No. 1, 2930 Avenue Q, Lubbock, Texas, 79405-1499, or call (806) 762-0181.

HOUSEHOLD PESTS

Many comments have been made the past several weeks on how bad the insect pests are out in the country. Flies, gnats, and crickets are common now as the weather changes.

The field crickets lay 150 to 400 eggs in the soil. These hatch into nymphs that complete their development in about 12 weeks. In cold winter areas there is generally one generation a year. However, with the fairly mild winters that have occurred the past two years and soil temperature above normal, we have seen almost three generations this year. These crickets prefer to live and breed outdoors where they feed on plants, but as we have seen they can invade homes in search of warm hiding places but will not breed or establish a permanent infestation indoors. Crickets are primarily just pests and their chirping can be annoying. Outdoors, they damage garden plants. Indoors, they damage woolens, cottons, silks, and carpets. Sanitation is an important means of reducing cricket feeding and breeding sites. Eliminate weeds and dense vegetation around the house foundation, as well as piles of bricks, stones, wood and other debris where crickets hide. Caulking, weatherstripping, or filling in all openings and cracks can help. Make sure all

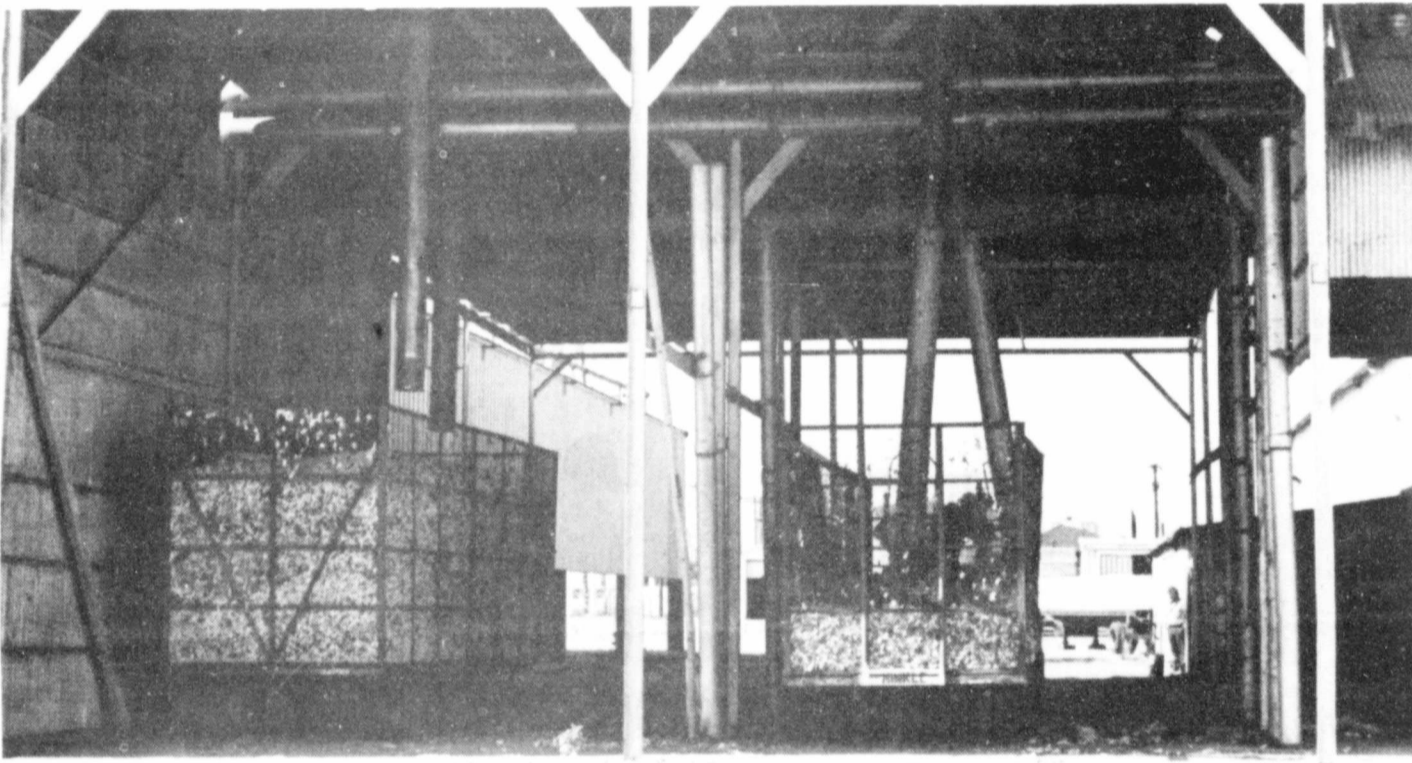

screens and doors are tight fitting. Reduce nightlights to prevent further attraction to home sites.

The gnats are small flies that live about 10 days. A single female can lay 300 eggs that hatch in 6 days. Reproduction can take place continuously in the home once established and warm temperatures are maintained. They reproduce in potted plants, vases, and trash cans.

The house flies and other flies are seeking overwintering shelter inside. They cluster together and remain largely inactive until the temperatures warm up in spring. Again as with most insects, exclusion from the home is the best method of control; however, this is very difficult as much as we are in and out of the house.

All three of these pests can be controlled with chemicals as Dursban (chlorpyrifos), and Tetramethrin plus Sumithrin. These would include Ortho products such as Household Insect Killer Formula II, Home Pest Insect Control, Home and Garden Insect Killer, and others.

For more information on this, give me a call at the Floyd County office of the Texas Agricultural Extension Service.

GINS WORKING AT FULL SPEED--Gins in Floyd County are working at full speed. Harvest is over one half complete and modules are sitting in the fields under wraps, waiting their turn to be picked up and run through the feeder. Trailers come in daily and are ginned by hand. Cotton grades have been good in most cases.

Cotton Seal flies with Southwest Airlines in commercial campaign

Southwest Airlines, the nation's sixth largest carrier, is featuring the Seal of Cotton in a commercial campaign which was introduced on network TV, August 26th. Also airing on ABC-TV's NFL Monday Night Football, the 15-second spot will continue to run through the end of the year.

The commercial opens with a shot of

a label carrying the Seal of Cotton being stitched on a sweater, as a voiceover tells the viewer, "This label tells you it's 100% cotton." Billed as the airline with 100% low fares, ad executives wanted to align the Southwest brand with other quality images that mean 100%. "The first thing that came to mind was the Seal of Cotton," say Bob Volkman, who wrote the commercial.

The Seal of Cotton has come to be one of the most recognized consumer symbols in the U.S. Currently 77 percent of American consumers can readily identify the Seal of Cotton. And by forming this promotional alliance with Southwest, cotton gains tremendous extra consumer exposure at no additional cost to Cotton Incorporated.

1994 disaster program should pay producers 100 percent

By Shawn Wade

Preliminary information suggests the soon to be announced 1994 disaster program will pay producers 100 percent of their calculated disaster payment.

Based on information received earlier in the week the 1994 disaster program will be fully funded not pro-rated like past programs. Previous programs paid only 50 cents for each dollar a producer was eligible to receive.

Another provision likely to remain in the final package is a three tiered payment schedule. The schedule is based on whether a producer harvests, abandons or was prevented from planting their crop. It appears eligible producers who harvest acreage with qualifying losses will receive 100 percent of the calculated disaster payment.

Producers who abandon their acreage and do not harvest will receive 70 percent of the calculated payment and producers prevented from planting their crop will receive 45 percent of the calculated payment.

"The tiered payment schedule included as part of the 1994 disaster program seems to provide a strong incentive to harvest disaster stricken acreage in order to receive a 100 percent payment rate," explains Donald Johnson, Executive Vice President of Lubbock-based Plains Cotton Growers. "Qualifying for the program will be much the same as in past disaster programs."

Producers with federal crop insurance coverage will qualify with losses greater than 35 percent of expected production while producers without insurance must prove losses in excess of 40 percent of

expected production.

He adds that many of the details are still being worked out in areas such as the setting of de minimus yields.

Sign-up for the program is currently scheduled to begin December 1, 1994 and run through March 31, 1995. Final program provisions are expected to be released prior to the beginning of the sign-up period.

Another holdover from previous programs is that producers still cannot receive a disaster payment and a deficiency payment on the same pound or bushel of an eligible crop. Producers need to be aware that an adjustment will be necessary at sign-up to make sure double payments are not made.

Persons with PERMANENT VISA IMMIGRATION CARDS (GREEN CARDS) without an expiration date on them will need to have them replaced before March 20, 1995. The Immigration and Naturalization Service (Dallas) will replace the cards on November 16 and 17, 1994 at the Catholic Family Service Office, 102 Avenue J, Lubbock, Texas. Call Catholic Family Service, 741-0409, for an appointment to have these cards replaced and also for assistance with applications and photos.

Retirement planning is more important than ever

By Terry Richardson

The concept of retirement is undergoing a radical change. A person approaching age 65 today has a life expectancy of 85. At the turn of the century, the average life expectancy was 47. Healthier lifestyles and medical advances are making it possible for older people to continue to be productive far longer.

One result is that retirement planning is becoming more important than ever if for no other reason than you have to plan for a longer period of time. It is becoming increasingly clear that the basis for a successful retirement is most often found in the level of planning that goes into the retirement decision. This means that the young worker needs to understand the role that Social Security, the company pension, and his own private initiatives should play in providing for retirement.

Since the Social Security program was launched in 1935, social planners have retirement income as a three legged stool consisting of Social Security as one leg, private pensions as another, and savings and investments, including insurance, as a third. Social Security provides the anchor leg, the source of income guaranteed by government to everyone who works and pays Social Security taxes. The worker is supposed to use the other two to build up a level of income consistent with his or her lifestyle.

Most experts agree that people need about 80 percent of their pre-retirement earnings to maintain their lifestyle in retirement. Social Security replaces about 42 percent of the income of workers with average lifetime earnings.

In the face of concerns about the future of Social Security, some people are suggesting that we rely more on private means and less on government programs. However, the record shows that left to their own devices, few people plan adequately for their retirement. Statistics show that Social Security is the only source of income for 14 percent of elderly beneficiaries and constitutes 90 per-

cent or more of the income for another 26 percent. The National Academy of Social Insurance notes that "thinking about planning for retirement, knowing what one should do to save for retirement, and actually taking the steps to adequately save are three very different things. Only a little more than half of all people surveyed indicated that they were actively saving for retirement."

Also, fewer than 59 percent of all employees participate in an employer-sponsored pension plan.

Today financial planners are telling people to diversify their retirement investments and start retirement planning early. These are essentially the same messages Social Security has been telling workers over the years. While Social Security guarantees one leg, you will need to actively and aggressively pursue the other two if you are going to maintain your standard of living in retirement.

Today it is more important than ever for you to pay heed to this message if you hope to enjoy the benefits of a longer, healthier, and more productive life.

CARD OF THANKS

Thanks to everyone in the community who helped to make the bazaar at First United Methodist Church, Floydada, a success. We appreciate your participation and support.

Sincerely,
Bob and Frances Hambright

The 1990 Study Club would like to thank the Floydada community for attending and supporting the Halloween Carnival. We will be putting the money back into the community. Also, Thanks to everyone that helped make our carnival a great success.

11-10p

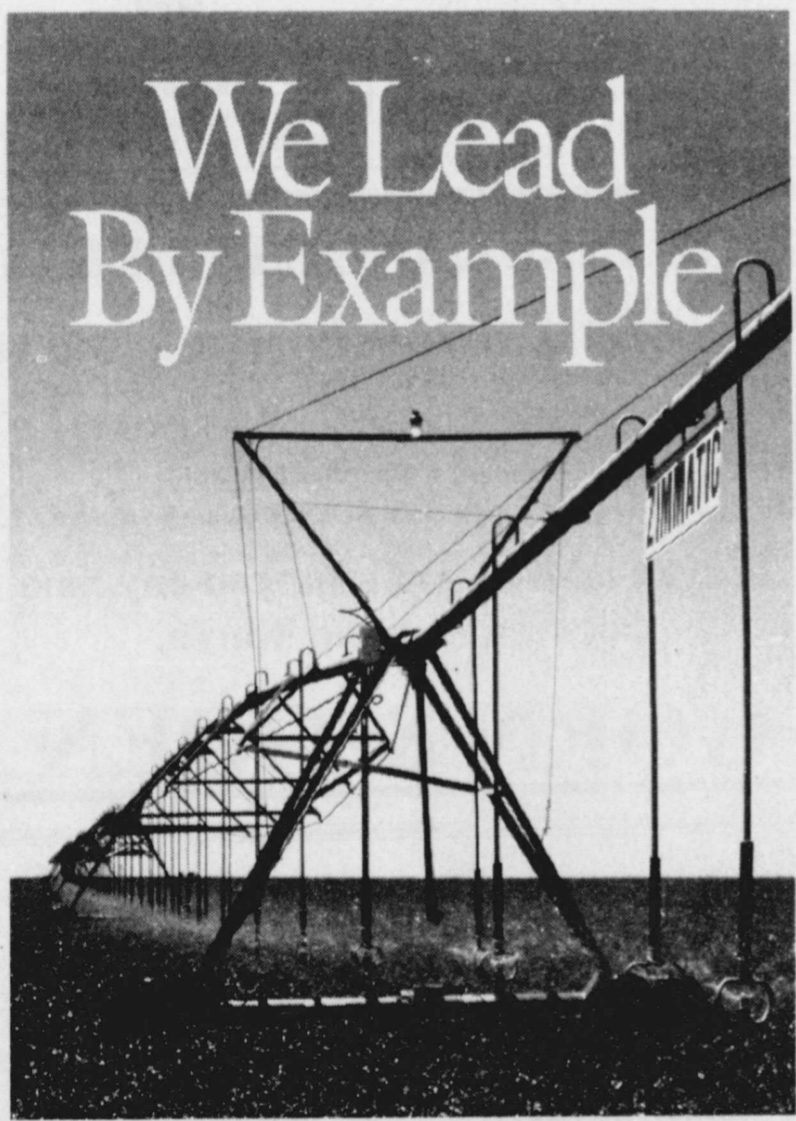

We would like to express our appreciation for the many acts of kindness during our time of sorrow. Your visits, telephone calls, and your prayers while Ray was in the hospital meant so much to us. We want to thank you for the beautiful flowers at the church and the food furnished for our family the day of the funeral. We especially thank Clark for the lovely services and Mike and Penny for the music. We love you all.

Obituaries

GEORGE ALBERT

Services for George Albert, 85, of Lockney, will be today, November 10, 1994 at 2:30 p.m. in the First Baptist Church with the Reverend Bennie Anderson pastor of Evans Chapel officiating. Burial will follow in Lockney Cemetery under the direction of Moore-Rose-White Funeral Home.

Albert died Monday, November 7, at 7:00 p.m. in W. J. Mangold Memorial Hospital after a lengthy illness.

He was born July 3, 1909 in Rice, Texas. He married Lois Allgood in Navasota, Texas, in 1929. He moved to Lockney in 1953 from Memphis, Texas. He was a retired farmer and a member of Evans Chapel.

Survivors include his wife; two daughters, Wilma Mathis of Lockney and Bernice Walter of Gary, Indiana; four sons, George Albert Jr. of Fresno, California, Willie Albert of Clovis, New Mexico, J. W. Albert of Beaumont, Texas, and Charles D. Albert of Gary, Indiana; a sister, Annie B. Teal of Memphis, Texas; 37 grandchildren and 50 great grandchildren. A son, Willis Albert preceded him in death.

Pallbearers will be Charles Sterling, Willie Phillips, Kenny Hooten, John Clark, Allen Sterling, and Rex Mathis.

ALBERT CASIAS SR.

Rosary for Albert Guitierrez Casias Sr., 60, of Lubbock was recited at 6 p.m. Sunday, Nov. 6, in St. Michael Catholic Church.

Graveside services were at 10 a.m. Monday, Nov. 7, in Ralls Cemetery with the Rev. George Roney officiating.

Burial was under the direction of Adams Funeral Home.

CORRECTION:

The J. Frank McNeill obituary in last week's edition incorrectly listed a surviving brother as J. Frank McNeill. The correct name of his surviving brother is M. J. McNeill.

Mr. Casias died Saturday, Nov. 5, 1994, at his residence.

He was born Jan. 27, 1934, in Pleasant. He married Maria Lou Chavez on Jan. 22, 1955, in Crosbyton.

He was a farmer. Survivors include his wife; two sons, Albert Jr. and Raul, both of Lubbock; three daughters, Mary L. Brandon, Irene Martinez and Olga Casias, all of Lubbock; two brothers, Juan of Ralls and Pete of Hereford; three sisters, Maria Lopez of Floydada, Chonita Molina of Altus, Okla., and Angelica Oroscio of Florida; and six grandchildren.

MAGGIE "TED" COOPER

Services for Maggie "Ted" Cooper of Olton were at 2 p.m. Saturday, Nov. 5, in First Baptist Church of Olton with the Rev. Mike Wilcox, pastor, officiating. Burial was in Plainview Cemetery by Foskey Funeral Homes of Dimmitt.

Mrs. Cooper died at 2:15 a.m. Thursday, Nov. 3, 1994, in Lubbock following a brief illness.

Mrs. Cooper was born in Indian Territory and moved to Kress in 1920. She married Fred Cooper on Dec. 24, 1924 in Olton. He died on Jan. 12, 1984.

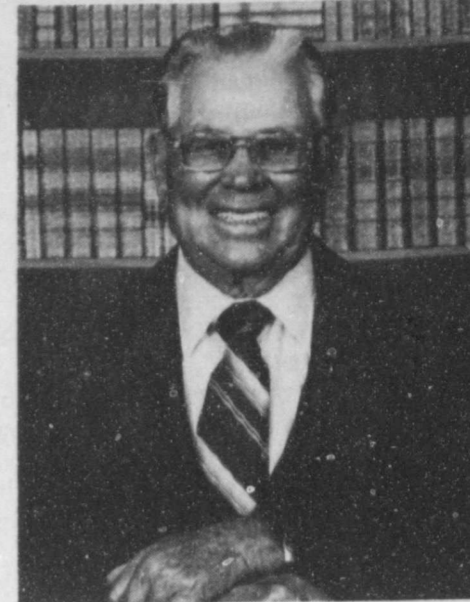

She was a member of the First Baptist Church in Olton.

Survivors include a daughter, Zada Fay Gipson of Olton; a son, Thomas N. Cooper of Angleton, Texas; six sisters, Sue Burnette of Stockton, Calif.; Pauline Newsom of Plymouth, Calif., Kate Hawkins of Escondido, Calif., Julia Woodul of Arlington, and Bobbie Jeter and Jewel Johnson, both of Lubbock; two brothers, Authur Carlton of Merced, Calif., and George Carlton of Quenada, Texas; four grandchildren; 10 great-grandchildren; and 11 great-great-grandchildren.

Pallbearers were Ronnie Cooper, Bob Glasscock, Roy Sexton, Gale Long, Robert Akin, and Carlan Cooper.

The family suggests memorials be made to: Running Water Draw Care

Center, P.O. Box 409, Olton, Texas 79064 or to: Olton Ambulance Association, Drawer X, Olton, TX 79064.

RAY H. SMITH

Services for Ray Harris Smith, 85, of Floydada were at 2:00 p.m. Friday, Nov. 4, in First United Methodist Church with the Rev. Clark Williams, pastor, officiating. Burial was in Floydada Cemetery by Moore-Rose-White Funeral Home.

Mr. Smith died at 6:42 a.m. Wednesday, Nov. 2, 1994, in Lubbock's Methodist Hospital following a short illness.

He was born March 15, 1909 in Chillicothe, Texas. He moved to Floyd County in 1910 from Hardeman County, Texas. He married Anne McNeill on May 2, 1937 in Floydada.

A farmer, he was a member of the First United Methodist Church.

Survivors include his wife, Anne of Floydada; a daughter, Barbara Bullock of Hobbs, N.M.; a son, Bill R. Smith of Higginbotham, Texas; four grandchildren, Brad Bullock of Lubbock, Brent Bullock of Round Rock, Sheryl Stephens of Lubbock, and Becky Duncan of Littlefield; four great-grandchildren, Daniel Smith, Shelly Smith,

Bryanna Bullock and Michael Ray Bullock; and two nephews, Marty Mangum of Littlefield and Steve Mangum of Dallas.

Pallbearers were Louis Lloyd, Paul Lloyd, Elmer Dean Williams, Keith Reeves, Leslie Nixon and Dan Gross.

JESSE STARKEY

Services for Jesse H. Starkey, 79, of Happy were at 10 a.m. Saturday, Nov. 5, in First Baptist Church in Happy with the Rev. Lonny Poe, pastor, officiating.

Burial was in the Happy Cemetery under direction of Holley Funeral Home of Canyon.

Mr. Starkey died Thursday, Nov. 3, 1994, in St. Anthony Hospital in Amarillo.

He was born Dec. 30, 1914, in Aiken. He graduated from a Floyd County high school.

He married Lavelle Billingsly on July 25, 1942. They moved to the Happy community in 1975.

He was a farmer, a member of the Happy Rodeo Association and a Baptist.

Survivors include his wife; three daughters, Mary Ferguson of Graham, Elaine McNeill of Lubbock and Sherri Bell of Olney; a son, Harold of Graham; three brothers, Bill of Farmington, N.M., and Raymond and Lee, both of California; two sisters, Mamie Durham of Lubbock and Nola Myrick of Amarillo; 12 grandchildren; and three great-grandchildren.

The family suggests memorials to the Cal Farley's Boys Ranch.
