WEEDS AND TRASH TAKE OVER

Floydada battles railroads over trashy right-of-ways

By Alice Gilroy

FLOYDADA—City officials in Floydada have been busy with efforts to clean up the railroad line which runs through the city ever since the Floydada Plainview Railroad and the Burlington Northern Railroad abandoned the rail line over a year ago. According to city officials they are getting no cooperation.

In a city council meeting August 18, Mayor Hulon Carthel read another letter which had been drafted by City Attorney Karen Houchin to be sent to railroad officials.

Previous correspondence sent to Plainview-Floydada Railroad, and Burlington Northern Railroad, spelled out the problem of old tires, rails, trash and tall weeds, which citizens have been subjected to since the abandonment of the railway along a three mile stretch through the city.

Houchin informed officials that the area had "become a health hazard in all respects."

The letter further stated that the City was prepared to seek all necessary legal actions to force the clean up of the area and to ask for help from the Texas Department of Health or the Texas Natural Resources Conservation Commission.

"I've tried to talk to these people to work out an arrangement or compromise," Houchin told the council. "But they will not return my phone calls."

"They continue to tell us they are going to clean it up and then they never show up," said Councilman Leroy Burns.

"We have been dealing with this problem ever since they ripped out the railroad," said City Manager Gary Brown. "It looks terrible and it is a health hazard."

The letters were submitted to the council with the understanding that they would have to be prepared to fight the issue once the letters were sent out. All council members were in agreement that they were prepared to take legal action concerning the property.

A check with the Floyd County Central Tax Appraisal District also showed the Plainview-Floydada line delinquent in back taxes in the amount of \$24,398.45.

Tax payments are up to date for the Burlington-Northern Line.

Crowd expected at annual Old Fashioned Saturday activities

By Neta Marble

LOCKNEY—Main Street will be a busy place this Saturday as Lockney's annual Old Fashioned Saturday gets underway. The event, sponsored by the Lockney Chamber of Commerce, will begin at 8:30 a.m. and continue until 12:00 p.m.

Kicking off the activities will be a day camp sponsored by the Farm Safety 4 Just Kids. The activities are for youngsters between the ages of 8 and 15. Participation is free and applications are now being accepted. Only the first one hundred youngsters who apply will be accepted. (Application can be found in this paper)

Demonstrations include: Chemical Safety, Tractor and PTO, Gun Safety, First Aid, Electrical Safety, Fire Safety, Severe Weather Precautions, Animal Handling and ATV Cautions.

The program will begin at 8:30 a.m. and continue until 12:30 p.m. Participants will receive a camp T-shirt, Farm Safety 4 Just Kids information packet and a coupon for lunch. The safety program is being sponsored by Cargill Hybrid Seeds and Caprock Industry.

One of the highlights of the day will be the State Finals for the Texas Pedal Pullers Association. A section of

Main Street will be roped off and youngsters who have qualified for the event from around the state, New Mexico and Oklahoma will attempt to win a trip to the national finals in Nebraska. Approximately 150 first and second place winners, along with their families, will be in town to compete in the pulls. Cargill Hybrid Seeds is sponsoring the event.

A stage will be set up on the corner of Locust and Main Streets and entertainment will be provided throughout the afternoon. Scheduled to perform are The Mangold Sisters, Lolly Luna, a Tumbling and Gymnastics group, Pauline Mendoza and the U.S. Pickers.

Retail stores will be open all over town.

Booths will be set up on the sidewalks between Locust and College for food, arts and crafts and a variety of other items.

The Lions Club will be holding their annual broom sale in front of the Cablevision office. Brooms, mops, dish cloths, towels, pot holders, mits, sponges, door mats and a variety of other items can be purchased. Profits from the broom sale are donated to the Lighthouse for the Blind.

The Lockney Booster Club will

have their dunking booth set up north of Allsups and local celebrities will be taking their chances on the board. The booster club will also have a booth in front of Shear Country. They will be selling caps, flags, and snug bunnies.

Lockney PTA will be selling the Lockney City at a Glance Maps and First Aid Kits.

Rosa the Clown will be selling balloons.

David Brito, airbrush artist, will be set up in front of Lee's Home and Auto.

Serving food will be the Breakfast Shop, Stella Castro, San Juana Silva, San Jose Church, J.B. Brisky's, Main Street Pizza, Jesse and Irene Garza and Donnie Jackson.

Several arts and crafts booths will be located up and down the street.

A street dance is set to begin at 8:00 p.m. with Clyde the D.J. providing the music.

Everyone is encouraged to bring their lawn chairs.

If you would like a booth space you can contact Marilyn Anderson at 652-3328. Anyone who would like to appear as an entertainer is asked to call Judy Jackson at 652-3355.

Council listens to citizens concerns

Public forum covers fees and services

FLOYDADA—The Floydada City Council met for a regular meeting, August 18, conducting two public hearings and discussing tax rates and budgets.

Former councilman Ruben Barrientos came before the council during the public forums to voice his concerns about the proposed rising costs of city services for what he perceived to be less quality of service.

"I read in the paper that the council was considering going up on the cost of tipping fees at the landfill and I want to know why it is still so expensive since we are now operating our own landfill," said Barrientos.

"I don't think we are getting our money's worth and I don't think our services should be raised."

Mayor Carthel said, "I believe the landfill is good for the city. We are still recovering financially from the money we had to put into the landfill to open it back up. We won't ever see the rates decrease from this point."

Councilman Eric Cornelius encouraged people who were unhappy with Floydada rates to compare them to the rates of cities who were having

to have their trash sent to another city landfill. "It is costing the citizens in those towns more than it costs here," said Cornelius.

"The tipping fees will only be going up on the customers who do not live in the city," said Carthel. "The fees will go from \$20 to \$25 per ton for people outside the city and Floydada residents will continue to receive \$25.00 worth of coupons every year to use at the landfill. The citizens will benefit."

Seferina Guerra, of 501 E. Virginia, also came before the council and complained that her dumpster had not been emptied in two weeks. City Manager Gary Brown assured Guerra he would check on the problem immediately and Mayor Hulon Carthel told Guerra if her dumpster did not get emptied to call him at home.

Barrientos also complained about the appearance of the town—especially some of the homes along 2nd Street. He asked the council what they planned to do about improving the appearance of the property.

Brown told Barrientos that letters

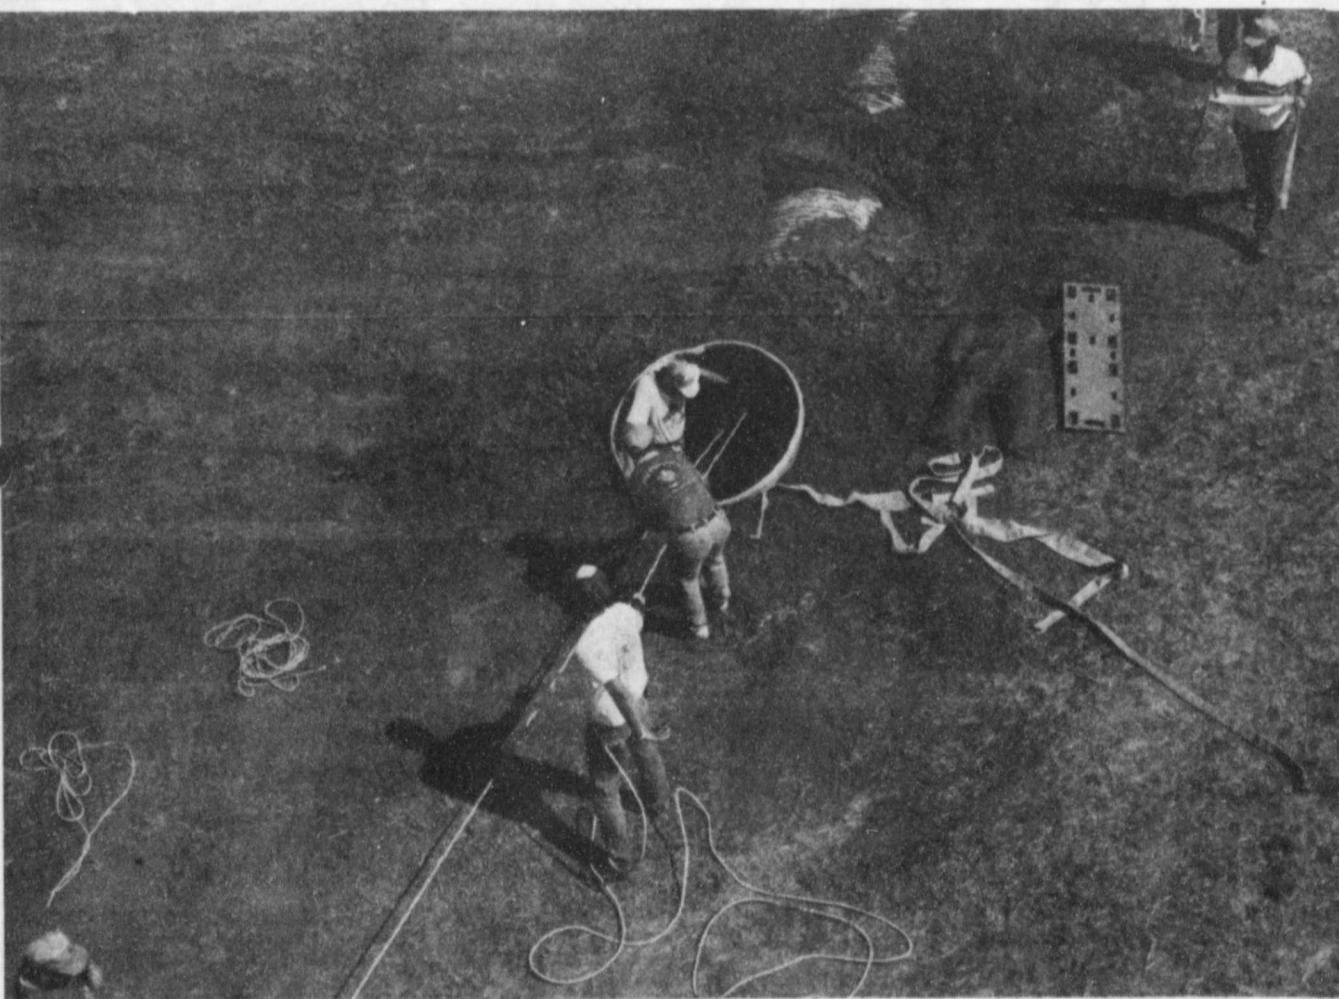

had been sent to landowners and that it was a constant fight to get some people to keep up their property. Brown also said the city had shredded 46 properties belonging to the taxing entities and other property belonging to individuals.

"I have recently found out (and not too many people know it) that if enough citizens came in to complain to the city council, we could appeal either the residential or commercial property tax appraisals."

Mayor Hulon Carthel

During another public hearing, on the proposed tax rate, Harold Bennett asked the council where the new figures came from that the tax appraisal office was using. "I went to the tax

CRAMPED WORKING CONDITIONS-- Approximately 200 volunteer firemen and EMS personnel met Saturday in Floydada, for the annual Agro-Rescue School sponsored by Texas A&M Fire Extension Service and Floydada Fire Department. The volunteers train in a variety of rescue operations

they may encounter in their work, such as: accidents involving combines, hay balers, cotton strippers, tractors, grain elevators, rappelling and pesticide accidents. In this picture volunteers learn the art of rescue from a confined space.

Citizens offered chance to vote on extending local calling area

FLOYDADA--The Public Utility Commission (PUC) has accepted the petition of the citizens of Floydada to extend their local calling area to the cities of Lockney, Plainview and Lubbock.

According to a letter which was recently sent to the City of Floydada, Southwestern Bell shall begin the balloting process and the Local Exchange Company will advertise the delivery of the ballots, and their pur-

pose, no later than September 11.

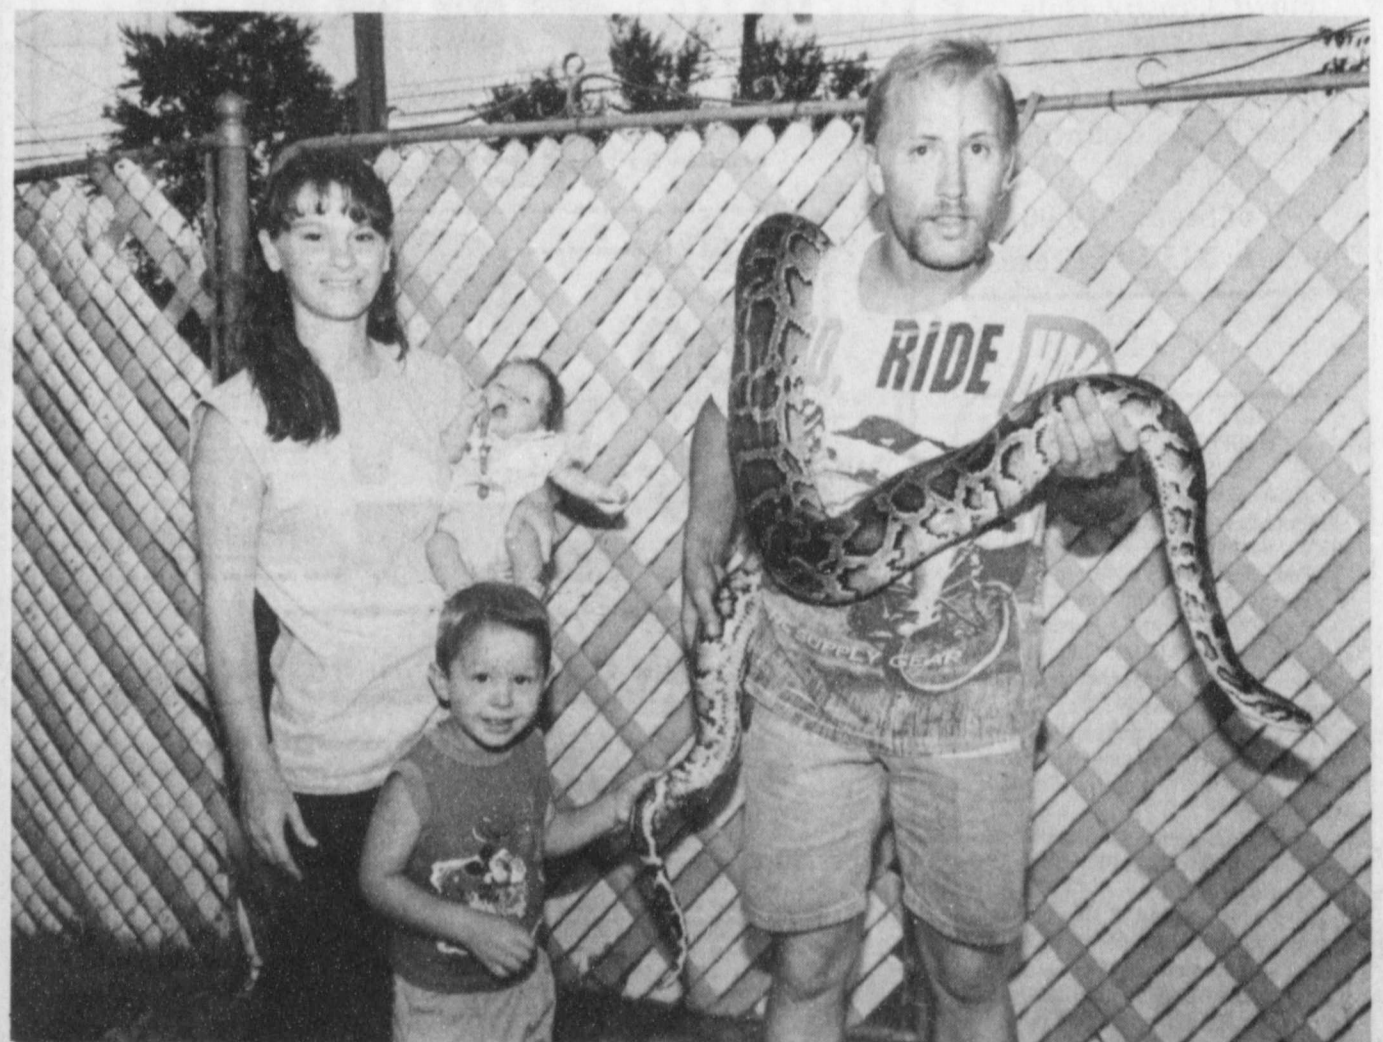

All Southwestern Bell subscribers will receive ballots by September 25. Subscribers may cast their vote to participate or not to participate in the local calling option.

The measure will pass if 70% of the people who vote approve of the local calling option.

Subscribers will be asked to con-

sider if they want to pay an additional \$3.50 per residential line, or \$7.50 per business line, per month, for the privilege of unlimited calling to Lubbock, Lockney or Plainview at no additional charge.

The local calling option is a two-way service. If adopted in Floydada, Southwestern Bell customers in Lubbock, Plainview and Lockney, will also be able to call Floydada with no additional charge.

SNAKE HUNT COMES TO A CLOSE--The lost python has come back home. He didn't seem too concerned that he had worried his family and neighbors. "Fred" was found on the front lawn of his family home after being gone for two weeks. His

owners believe he was probably hiding under their house or the neighbor's house the whole time. Fred is over 10 years old and measure's 10-11 feet long. Fred's owners are: (l-r) Charity Webb, holding 4 week old Robi, four year old Scott and Jeff Webb.

BY THE WAY

BY
ALICE GILROY

I don't have any soapboxes this week so just relax and enjoy some bits and pieces.

I want you know we are still striving for excellence around here. Five of the girls who work here at the paper drove to Austin this week-end to attend a seminar on layout and design of newspapers.

Two of the girls had never been to Austin and we had plenty of fun showing them around. As soon as we hit town Friday afternoon we started sightseeing.

We ran out of time very early on and I had a revolt on my hands. They didn't want to go to the seminar the next morning. They wanted to keep on playing.

Everyone dragged themselves out of bed Saturday morning and we went to a Texas Press Association seminar. I learned a lot.

I learned I didn't know anything. We all learned that we really need to go back to Austin for more seminars on company checks—preferably several days long.

Speaking of training schools—Have you heard that Roger Clinton (brother to Pres. Clinton) is teaching an adult education program in the Washington area.

You know what he is an expert on? He is teaching a course on what it is like to grow up in a dysfunctional family.

A co-instructor at the school, and also related to Clinton in different kind of "family way" is Jennifer

Flowers. She will be teaching another adult education seminar called "Passion and Betrayal" (which is also the name of her new book).

This may read like a joke—but it's not.

What kind of college credits do you get for these classes?

I've got some more politically correct news for you.

Have you heard the politically correct rewrite of nursery rhymes?

This is also not a joke.

"Mother Goose" has been changed to "Father Gander".

The "old woman" who lived in the shoe has been replaced by the "old couple".

The "shoe people" feed their children "good whole wheat bread". The rewrite ends with, "There's only one issue I don't understand/If they didn't want so many why didn't they plan?"

"Little Miss Muffet" is now "Little Ms. Muffet and Friend."

"Along came a spider and sat down beside her/And she put it in the garden to catch insects."

Humpty Dumpty is: "All of the horses, the women and men/Put Humpty Dumpty together again."

The Spratts: "Both Spratts, I'm sure of that/Much better off would be/To leave the fat upon the plate/And be cholesterol-free."

Twinkle Twinkle Little Star: "If the sky stays pure and clean/We will see your twinkle bright/But smoke, exhaust and acid rain/All will cloud your flickering light."

Floydada City Council listens to citizen's concerns

Continued From Page 2

appraisal office but I did not get anywhere," said Bennett "Why did the appraisals jump so high all at once?"

Mayor Carthel told Bennett that the council was also upset with the tax appraisals. "We are proposing setting our tax rate at 4¢ less than last year," said Carthel, "but because of the new appraisals I can't tell you that your taxes still won't go up. I have recently found out (and not too many people know it) that if enough citizens came in to complain to the city council, we could appeal either the residential or commercial property tax appraisals.

"We are trying to help by lowering the tax rate to 36¢. In terms of true revenue, the city is only going to collect \$12,000 more dollars from this tax rate than it did in 1981."

"It doesn't seem fair to me," said Barrientos, "that when people work to improve their property and make it look nice then they have to pay more money. It is not much of an incentive to clean up your home. We are being penalized."

After the public hearings the city

Haywood earns 99% voting record

State Senator Tom Haywood of Wichita Falls was recognized by the Secretary of the Senate recently for his 99% voting record during the 74th Legislative Session.

Mrs. Betty King praised the Senator by writing, "The official records of the Senate of the 74th Legislature, Regular Session, indicate that you compiled an outstanding voting record. This is a unique and significant record and in my opinion demonstrates a faithfulness to your job of which the people of your district should be proud."

Haywood replied simply, "The people of District 30 sent me to Austin to do a job, and it seemed to me that in order to do it, the first requirement was to be present."

council voted unanimously to adopt a tax rate of 36¢ per \$100 evaluation at a meeting on August 28, at 7:30 p.m.

The council also voted to adopt an operating budget of \$3,318,884.00 at the same meeting.

WATER RATES INCREASE LAKE MAKENZIE FEES GOING UP

Floydada citizens will also notice a fee increase in their water bills which, according to City Manager Gary Brown, is due to the increased usage of city wells and the increase in bond payments to Lake Mackenzie Municipal Water Authority.

Gail Wyatt of the Water Authority appeared before the council and explained the increase of the Authority's fees.

She told the council that due to the structure of the bonds issued in the late 70's, the city's payment to Mackenzie water will increase by approximately \$1,000 per month over the current payment.

"From October 95-September 1996 our payment to Mackenzie will

go up approximately \$12,000," said Brown.

"Our water rates charged to the city residents will increase \$2.00 per month to offset that cost because the city wells are now supplying roughly 50% of the cities water," said Brown. "If the water level rises enough for our wells to be shut off then the rates will go down immediately."

LANDOWNERS STOPPING FLOW OF LAKE WATER

Wyatt also told the council the water authority had asked the state to investigate several landowners on the Tule Creek watershed who had built dams on the watershed and stopped the flow of water from reaching the lake.

"We are working on getting the people to tear down those dams," said Wyatt. "The recent rains should have raised our lake level 10-12 feet, but because of the dams the water level only rose 3 feet."

In other action the city: *Approved the sale of Lot 13-14, Block 1, Honerhea Addition (for

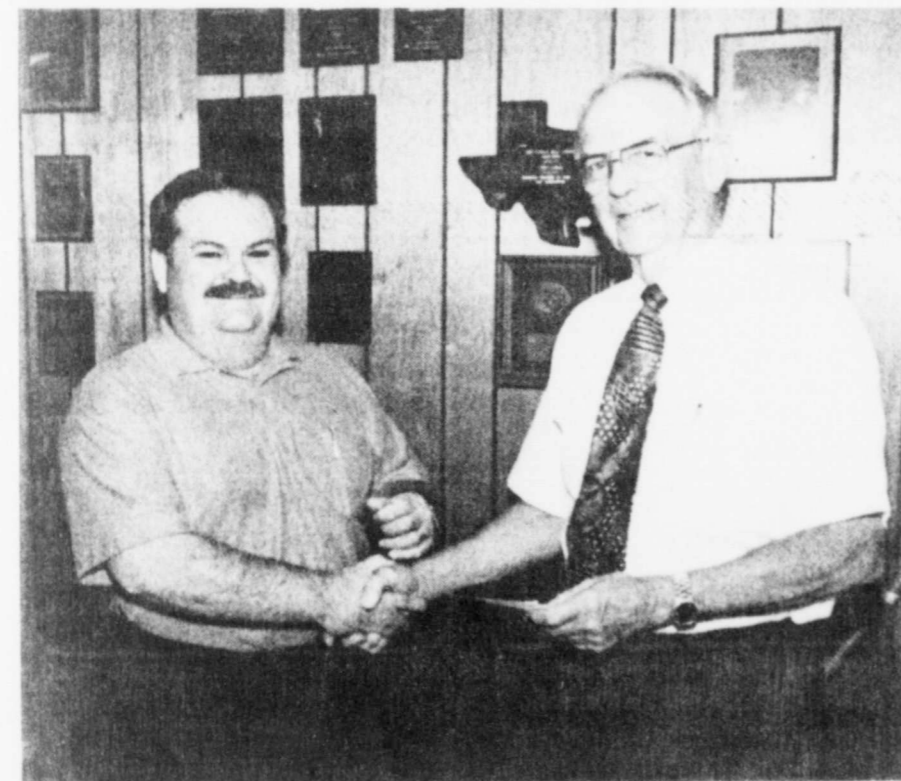

\$50.00 each); Lot 18, Block 1, Honerhea Addition, for \$100.00; and Lot 14, Block 117, Original Town, for \$100.00. All lots sold to Ruben and Aurora DeLeon.

*Approved proposal from Edd V. Henderson, CPA, to audit the city books for the year ending September 30, 1995.

*Approved additional days off for city employees: November 24, 1995, (all employees); December 23 (1/2 the employees) and December 26 (1/2 employees).

*Agreed to only attend, at city's expense, one TML and/or Mayor-Council meeting each year. All other meetings will be at councilman's expense. Councilman Hill opposed this measure. All other councilmen voted in favor.

Bring your family to Old Fashioned fun in Lockney on Saturday

DONATIONS CONTINUE--(R-L) Nick Long, president of Floyd County Friends accepts a donation from Claude Brown, president of Lockney Rotary, on behalf of the Floyd County Friends organization. The money will be used to pursue grants for the Floyd County Friends which will be used to build a Multi-purpose center for Floyd County. Staff Photo

Right-to-carry applications now available in newspaper

August 15, the DPS began issuing the request card for a concealed handgun license application.

The cards are available at local DPS offices, however because the demand for the cards has been so high, the DPS has requested that newspapers publish a copy of the form necessary for the license application.

The form—printed below—can be filled out and mailed to the Texas Department of Public Safety, CRS/Concealed Handgun Licensing Unit, POB 1588, Austin, Texas, 78761-5888.

The completed card will be used as a screening tool. Those who appear to qualify for a license will receive the full concealed handgun application

packet in the mail after September 1.

Also September 1, concealed handgun program instructors certified by the DPS may begin offering the 10-15 hour classes which applicants must take to become licensed.

Certificates, which indicate successful completion of these classes, must be forwarded to the above listed address along with completed application packets.

After the DPS receives the completed application, the agency will have 90 days to either issue a license or reject the application. Licenses will not become valid, however, until Jan. 1, 1996.

To answer further questions about the application process, the

public is asked to call the DPS Public Information Office at 512-465-2080.

The DPS course the public is required to attend will consist of both classroom and firing range instruction. While shooting ranges are not subject to direct DPS regulation, owners or operators must register any facilities that will be used for this instruction.

The DPS will immediately begin registering ranges at no cost. Range owners and operators may call the DPS at 512-706-7293 or 512-706-7294 to request registration of their facilities. Then, the DPS will contact the owners and/or operators to complete the registration process.

Floydada Police Report

August 10, at 11:54 p.m., Floydada Police arrested Jimmy Greg Marley, 25, of Floydada, for outstanding city warrants.

August 13, at 11:12 p.m., Tomas Martinez Hernandez, 33, was stopped in the 500 block of N. 3rd for driving with no head lights and driving on the left side of the road. He was subsequently arrested and charged with DWI/2nd offense, Breath Test Refusal and Driving While His License Was Suspended.

August 16, at 9:45 p.m., in the 600 block of W. Missouri, police arrested Mark Steven Green, 19, of Floydada, for outstanding city warrants.

August 17, police took a report of a burglary of a residence in the 100 block of W. Jeffie. Someone broke into the house by breaking a window and stole \$1,500 worth of items, including: several assorted bits of jewelry, VCR, AM-FM stereo receiver, compact disc, cordless telephone and cellular phone.

"As in any felony," said Police Chief James Hale, "there is a reward for any information leading to the arrest and conviction of whoever committed this burglary."

August 20, at 12:05 a.m., police arrested Bob Hernandez, 24, of Floydada, in the 600 block of W. Virginia, for Public Intoxication.

Also on August 20, police received a call to go to the First United Methodist Church in Floydada, in reference to two purses being stolen from a coat rack in the church.

At the same time police were investigating the incident, they received a call from a convenience store that

someone was trying to pass a check which had been in one of the purses. The check had been altered which alerted the store clerk.

The clerk identified the person trying to pass the check and she was later arrested on outstanding DPS warrants. During the inventory of the purse, police found other items traced to the church and a usable amount of marijuana. Charges will be presented to the District Attorney's office.

Also on August 20, Adolfo Esquivel was arrested for Public Intoxication and Criminal Trespass.

At 6:45 p.m., on August 20, police received a report of a dog bite in the 200 block of E. Houston. The owner of the dog was given citations for allowing the dog to run free with no tags and no shots.

August 21, Tomas Casares, 22, of Floydada, was served with outstanding city warrants while he was being detained in the Floyd County Jail.

Also on August 21, at 11:06 a.m., police were called in reference to a small child (6 year old boy) walking down the Ralls Highway near the

John Deere House. Police responded and found the boy near Brown Implement.

After talking to the boy, police found his mother and the child was returned to his mother. It was discovered that the child had been in school and had walked away from Duncan Elementary.

Shortly after police located the boy the school contacted the mother.

A woman cleaning out her car on

August 21, left the engine running and ran inside to get a towel. While she was gone, a three year old neighbor boy crawled into the car and put the transmission in reverse. The car started backing up and the child attempted to jump from the vehicle and became hung up in the door. The child was dragged approximately 30-40 feet before the car hit a curb and quite rolling.

The child was transported to W.J. Mangold Memorial Hospital where he was treated and released.

August 27, at 12:14 a.m., police arrested Juan Esquivel Jr., 30, of Floydada, for outstanding city warrants.

Boys Ranch hosts Labor Day rodeo

The Texas Panhandle's most exciting Labor Day weekend event is still the annual Cal Farley's Boys Ranch Rodeo!

The proof of this claim is visible in the large number of spectators who return each year to cheer about 100 youngsters riding broncs, bulls, and calves, competing for trophies and the titles of Jr. and Sr. All-Around Cowboys. About 10,000 people attending the two-day rodeo, September 3 and 4, also applaud young cowgirls challenged in barrel racing and pole bending events. It is a rodeo for all the Ranch's youths, even the smallest cowpokes riding stickhorses.

From around the nation, the rodeo fans travel to Cal Farley's Boys Ranch, 36 miles northwest of Amarillo, for various reasons. Some have cared about helping the Ranch's youths for many years. Others look forward to wholesome family entertainment and excellent Ranch-cooked barbecue. Among the crowd are more than two dozen riding clubs from the tri-state area that participate in the rodeo Grand Entry.

Also attending the Labor Day extravaganza will be members of the Boys Ranch Alumni Association who return for fellowship during their annual reunion. Former Ranch students,

most leading productive lives with families of their own, share old memories while lending a hand to help children living at the Ranch today.

Tickets for both performances of the rodeo are still available in Amarillo. Reserve bleacher seats are \$4.00, general admission \$3.00, and children 6 to 12 years old are admitted for \$1.00. Rodeo performances begin at 2:30 Sunday and Monday afternoons. Barbecue lunches prepared by the youths are available for \$4.00. Tickets and information may be obtained by calling (806) 372-2341 in Amarillo.

Cage and Green united in marriage

Tali Rae Cage and Jeffery Chad Green were united in marriage in a double-ring ceremony at 7:00 p.m., Saturday, July 15, 1995 at the First Baptist Church in Floydada. The ceremony was performed by the bride's uncle, John Williams, pastor of the First Baptist Church in Monticello, Utah.

The bride is the daughter of James and Kay Cage of Floydada. The groom is the son of Don and Carolyn Green, also of Floydada. Music was presented by Kay and Hope Crabtree. Kay accompanied Hope as she sang "The Rose", as the mothers of the bride and groom lit the single candles of the unity candle. Hope also sang "Keeper of the Stars" and "Whenever You Come Around", as the couple lit the unity candle.

The unity candle, adorned with white roses, stood on a heart shaped stool accented with greenery.

The candelabras and arch were decorated with miniature white lights and garland. The pews were adorned with white tulle bows.

Salina Shorter, friend of the bride attended the register table, which was decorated with a rose and baby breath arrangement, accented with candles.

Tali who was escorted and given away by her father, wore a white satin v-necked floor length gown. The lace bodice was accented with pearls. The puffed bell shaped sleeves were also covered with lace and pearls. The train flowed from the waist and was trimmed with scalloped lace. Pearls accented the veil as it fell to the waist.

Tali carried a cascade of white roses accented with baby's breath, lace and strands of pearls and ribbons with love knots tied on the ends. She carried her grandmother's wedding ring attached to her bouquet as some-

MRS. CHAD GREEN
(nee Tali Rae Cage)

thing old. Something blue was her garter and something borrowed was her diamond earrings from the groom's mother. Something new was her dress. The bride and groom also wore pennies of their birthdates in their shoes.

The groom wore a black tuxedo, maroon bow tie and cummerbund. His boutonniere was a single white rose bud.

Attending the bride as maid of honor was Kayla Turner. She wore a fitted black satin tea-length dress with

a large off the shoulder white collar. She carried 3 long stemmed roses gathered with white lace ribbon. Robby Green, brother of the groom, served as best man. He also wore a black tuxedo. His boutonniere was a single mauve rose bud.

Ushers were Grant and Todd Cage, brothers of the bride; and Nathan Whittle and Keith Teeple, friends of the groom. Nathan and Keith also were the candle-lighters.

The reception was held in the Wall Street Parlor. The bride's table featured a three-tiered white wedding cake decorated with mauve roses. A Precious Moments bride and groom adorned the top. Greenery, baby's breath and candles were also part of the table decoration. A Precious Moments musical "just married" car given to the bride as a gift from the groom was also on the bride's table.

The groom's table featured a chocolate single-layered cake decorated with mauve roses. A fruit centerpiece accented the table.

Amber Pyle and Zacha Harris presided at the bride's table. Carrie Speltz of Amarillo, cousin of the bride, and Salina Shorter of Floydada served at the groom's table.

Honored guests attending the wedding were Virginia Cage, grandmother of the bride, Bert Lee and Dolly Emert, grandparents of the groom and Estelle Hinkle, great-grandmother of the groom.

Following a trip to Red River, N.M., the couple is making their home in Floydada.

The rehearsal dinner was hosted by Don and Carolyn Green at their home. The couple was honored with a miscellaneous shower in the home of Joe and Anne Jones on June 17. A pantry party, given by Paula and Amber Pyle, was held July 9th.

Labor Day weekend tributes workers past and present

Labor Day, "A tribute to our past and present workers," but for the many who will celebrate, it is the last three day weekend of the summer.

Whether your plans include a trip to the lake or a trip across the state, Trooper E. Baiza with the Texas Department of Public Safety reminds motorists that planning ahead could prevent a tragedy in the future.

Trooper E. Baiza, stated that driving while fatigued is one of the leading causes of collisions. Before driving this weekend, get ample rest and allow time for frequent breaks. One of our best defenses against an unsafe

Former Sterley classmates meet

by Mrs. Aaron Carthel

A small group of former Sterley schoolmates met at Furr's Cafeteria, Monday, August 13, to honor Mason and Cebele Pascal, from Murfreesboro, Tennessee.

Those attending were Dorothy Carthel, Floydada, Hortense Phillips, Lockney, Lois Ducan, Plainview, and Estelle Carthel, Floydada and a guest J.D. Pascal, Plainview.

Hortense Phillips brought an enlarged picture of the Sterley school for all to view. The picture was in the late 1920s.

There are four teachers and 80 students in the picture, we had fond memories and a lot of laughs.

See you at Old Fashion Saturday in Lockney

driver is the proper use of safety belts, but it's only effective when all occupants are buckled up.

The Department of Public Safety will increase patrols beginning at 6:00 p.m., Friday, September 1st, and continue through midnight, Monday, September 4th. The troopers are there to help you, the motorist, by offering any assistance needed. They are also there for enforcement of traffic laws and removing unsafe drivers from the roadways. Troopers will be looking hard for intoxicated drivers and others who are out to ruin your Labor Day celebrations.

Trooper Baiza went on to say that recreational areas will be extremely busy, so if your travel plans include a trip to the lake, take the time to check your vehicle and trailers. When driving on lake roads, be especially alert. These roads often have no shoulders and can be winding and hilly. With reduced visibility and an increase in large recreational vehicles, our best defense is to stay alert and slow down, allowing more time to react if a hazardous situation should occur.

MRS. AARON L. KIDD
(nee April Dawn Conrad)

Conrad and Kidd united in marriage

April Dawn Conrad and Aaron L. Kidd were united in marriage on August 12, 1995, Minister Jerry Klein officiated and Father Gary Sides assisted the 3 p.m. ceremony.

The small country wedding was held at Conway Community Church located at the Square House Museum, Panhandle, Texas.

The bride is the daughter of Dick and Prissy Conrad of Panhandle. Kid is the son of Roy and Linda Kidd of Lockney.

Steps on the church entrance welcomed guests and family. Pots of daisies aligned the stairway and guitar music was played inside the church while guests were seated.

Shelly Buttram of Panhandle, oldest sister of the bride, stood as Matron of Honor. Bridal attendants were Amber Conrad and Tara Conrad, younger sisters of the bride from Panhandle.

Roy Kidd, father of the groom, was Best Man. Groomsmen were Dale Kidd of Waco and Phillip Kidd of Lubbock, brothers of the groom.

Guests were seated by Spence Conrad of Panhandle.

Rachael Conrad of Panhandle was the flower girl.

The bride will be pursuing a degree in pharmacy.

The groom will be pursuing a degree in criminal justice.

Floydada Senior Citizen News

by Margarett Word

The center is open 8 a.m. to 4 p.m. every Monday through Friday. If you plan to eat lunch, please call 983-2032 by 10 a.m. The center is for 60 years and older people.

Our sympathy to the family of Robyn Reed. Her graveside services were held on Friday, Aug. 11.

Our sympathy to the family of Ethel Mae Barker. Her funeral was Saturday, Aug. 12.

Jerry Bradford, the center's bookkeeper was in the hospital this past week. She is at home now and was hoping to be at work soon.

Willie McCormick recently attended the J.J. and Emma Shadix Hill family reunion held in Lockney. There were 65 in attendance. Christi Norrell Brooks (Willie's granddaughter) and her husband Walker and their two children from Eastland were there as well as relatives from Wellington, Paris, Plainview and Amarillo.

Doris Snodgrass and her daughter, Elaine Reid had a friend, Billie Martin from Lebanon, Tennessee, with them on Tuesday, Aug. 15, for lunch at the center.

Fidel Martinez spent four days in the hospital recently. He is feeling better and able to be back at the center.

Margaret and Dub Daniels spent a few days at Roaring Springs. Their friends, the Hudson's from Hale Center joined them. The Daniels son Danny and family also joined them for a big cook-out.

Jim and I are both members of the RSVP program. We went to Plainview Tuesday morning, Aug. 15, to McDonald's for a birthday breakfast for the members. Jim's birthday is the 8th so that's why we were invited. We got to see old friends as well as meet new ones. It is so nice of the owners of McDonald's, who treat the Seniors as special people, telling us that they appreciate all the volunteer work that seniors do in their communities.

Opal Kratzer had a guest, Marlee Holloman of Slaton, with her at the center recently. He is also a cousin of Polly Cardinal.

Virginia Waits of Hale Center was in Floydada visiting her mother, Deoata Odom last Friday.

Deoata is trying the find out when the train depot was built in Floydada. If you know, please call Deoata or myself. She was also interested in knowing when the Cogdell Clinic was built.

Marie Tardy recently met her son

Dale and his wife, Nancy of Lubbock, in Plainview. They had lunch together celebrating Marie's birthday. LeNell Tardy was also there.

Lavene and Edell Moore have spent the past week in Portland, Oregon watching their granddaughter Ambree Vickers, play in the World Series Little League Softball Games. Their teams, from Midway School near Waco, won by 3-2 score against a California team. Ambree is the daughter of Sharon and Jeff Henson of Waco. Ambree's father Mike Vickers was also at her last three games.

William and Faye Bertrand, Jim and I went to the Harral Auditorium on the Wayland Campus in Plainview. Sunday evening to attend a musical program "God With Us" presented by First Baptist Churches of Floydada, Hale Center, Olton, Plainview, First United Methodist Church of Plainview and Trinity Fellowship of Plainview. There was a large choir made up of all these churches. It was directed by Dr. Scott Herrington of Wayland Baptist University and Darrell Dishner was the Worship leader of Trinity Fellowship of Pampa. It was a wonderful service with great music and testimonies by Darrell Dishner, Dr. Hugh Wilson, Jane Graves and Bill Stanford. Many people from Floydada attended the program.

We still have a lot of people who are very ill and need our concern and prayers. Remember to pray for those in our nursing homes, for those who are at home but are ill and are going through a stressful time in their life, for those who have lost loved ones recently and for those who are lonely and sad.

Thought for the Week:
What we do each day can make a difference. No matter how turbulent the storm, God is with us.

MENU

Monday: Baked ham, corn, okra, tossed salad, ranch dressing, biscuit, peach cobbler

Tuesday: BBQ sausage, baked potato, green beans, pickles, wheat rolls, fruited gelatin

Wednesday: Chicken strips, white gravy, mashed potatoes, turnip greens, wheat roll, fruit crumble

Thursday: Roast beef, brown gravy, potatoes, tossed salad, french dressing, frosted cake

Friday: Meatloaf, corn, tossed salad/Ranch dressing, wheat roll, chocolate cake

American Heart Association

Baked Vegetable Casserole Italiano

Close your eyes, picture yourself on a piazza in Rome and enjoy the taste of Italy in this superb low-calorie, low-cholesterol vegetable dish. A perfect cool weather sensation.

- | | |
|--|--------------------------------|
| 1 large eggplant, peeled and diced | 1 zucchini, sliced into rounds |
| 1 9-ounce package italian green beans, defrosted | 1 clove garlic, minced |
| 1 16-ounce can undrained Italian plum tomatoes, mashed | freshly ground black pepper |
| | 2 tsp. oregano |
| | 4 tbsp. grated romano cheese |

Combine vegetables in a casserole dish. Stir in seasonings and sprinkle with cheese. Bake 30-40 minutes in a 375° F. oven.

Yield: 6 Servings

Vegetable Tip: The American Heart Association recommends at least three servings of cooked or raw vegetables each day. Vegetables should be cooked only until tender-crisp to preserve nutrients and flavor. Experiment with different herbs and spices to get your special preference.

Help Your Heart Recipes are from the Fourth Edition of the American Heart Association Cookbook. Copyright 1973, 1975, 1979, 1984 by the American Heart Association, Inc. Published by David McKay Company, Inc. (a Random House, Inc. company).

Lockney Senior Citizen News

By Gladys Ragle

The gathering of our group was 51 strong on Thursday the 17th. Everyone seemed to be well and happy to be there.

Arvie and Gene Newton have both been sick this past week.

Gladys Bobbitt has been working in the kitchen in Gene's place.

Grannie Taylor had to go to Plainview for some tests.

Willis Reynolds is at home most of the time now since they have moved Bernice into a private nursing home. She is not doing very well at this time.

The Lockney Senior Citizens Center will be closed for the Labor Day holiday on Monday September 4.

Weekly Words of Wisdom - "Perspective - To be seventy years young is sometimes far more cheerful and hopeful than to be forty years old."

August 28- September 1

Monday: Swiss Steak, vegetables, salad, dessert

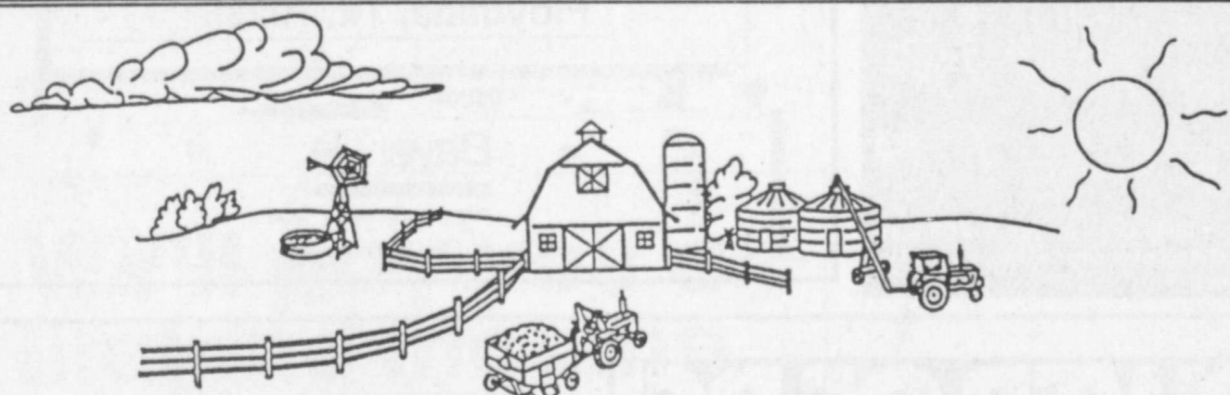

Tuesday: Hamburger steak, vegetables, salad, dessert

Wednesday: Chicken fried steak, vegetables, salad, dessert

Thursday: Chicken strips, vegetables, salad, dessert

Friday: Beef tips and rice, vegetables, salad, dessert

Rolls, tea and coffee will be served each day.

Nursing Home Happenings

By Jane Martinez

As for news here at the home, everything has been going fine. We have had lots of visitors during the week. We have enjoyed every single one of them. We hope to see everyone again soon.

We also want you all to know that we have enjoyed the summer months. Now school has started and it's time to get busy.

I would like for anybody that is interested in volunteering some time after school to come and spend time with us at the home. We could use any talent anyone has to share with us. If anyone is interested please contact me at the home from 9:00 til 3:30 p.m.

As for other happenings here at the home, the Resident of the Month for August is Winnie Neil.

Winnie was born to John and Frances Farmer on December 21, 1912 in Dickens County to a family of 4 brothers and 2 sisters.

She left Dickens County in 1928 and moved to Floyd County. She met and married R.L. Neil in 1930 in Oklahoma. They reared 2 children, Carolyn Jackson and Eugene Franklin Jr.

Winnie says this home has been a good home for her. She says this is the best place to live.

Winnie Neil is a good person and is loved by everyone.

Employee for the month of August is Clara Porter, CNA.

Clara Porter was born to Mr. and Mrs. Robert Porter on September 3, 1954 to a family of 2 brothers and 4 sisters. She attended school in Floydada and graduated in 1975.

Clara has 3 children, Angela, Edward and Marcus. Her hobbies are reading, bingo, garage sales and window shopping. She attends the Methodist Church.

Clara loves the residents and enjoys working with the people she works with.

Resident's celebrating birthdays are: Mona Dunn, August 1, 1913; and Clarence Guffee, August 8, 1903.

We have one employee celebrating an August birthday, Susan Voyles, our Business Office Manager.

We would like to welcome our new residents - Troy Taylor, John Grubbs, and Britt Britton.

We would like for you all to know that one of our residents likes to write poetry. The following is one of the poems he has written for a laundry lady.

Her hair is black and curly,
Her loving eyes are brown.
She is the laundry lady;
The best there is in town.

By Otis Johnson

As for other news here at the home, Beverly Williams went to Milwaukee on August 4, 5, and 6th. She enjoyed her stay up there. She also received her \$500 on her essay. She had to read her essay to everyone there.

**We salute
in Lockney**

HAPPY BIRTHDAY
Friday, August 25: Jamie Butler, Kevin Hernandez

Saturday, August 26: Angela Prather, Phillip Luna Sr., Rayford Cumbie

Sunday, August 27: Pat Reyes, Dylan Afill, Wyman Rexrode, Jeff Griffith

Monday, August 28: Melissa Felan, Kelly Prayor, Garrett Mathis

Tuesday, August 29: Cullen McQuhae, Dale Ross

Wednesday, August 30: Jody Foster, Ramon Arevalo, Ruben Guerrero, Jr., Andrea Elias

HAPPY ANNIVERSARY
Thursday, August 24: Nick and Elvira Muniz, Tony and Lori Cabalero, Jack and Tanya Covington, W.O. and Edythe Clarke

Sunday, August 27: Gordon and Dimple Adams

Monday, August 28: Donna and David Guerra

We also had two other employees who won \$50 on the essay contest. They were Minnie Soliz and Sally McIntosh. We are proud of these 3 ladies for their hard work and effort.

We would like for everyone to read the following essay winner.

By Beverly Williams, C.N.A.
For my format, I have chosen to use the first letters of the name of my corporation to discuss the meaning of excellence to me and those around me.

The Meaning of Excellence
Unselfishness: Doing something good for co-workers or residents regardless of personal gain. Eventually, they will do something good in return (like you might use part of your break-time to comb a resident's hair, and they might be kinder to their difficult roommate). **Understanding:** Listening to others and their problems even if you don't have time, but you make that time.

N—Neatness: Making sure everything around you is neat, especially your appearance. It makes you feel good about yourself, the residents feel better about where they live, and your co-workers feel good about themselves. If we came to work sloppy, the families would not want their relatives in our facility. **Niceness:** Treating others with kindness and respect so they will want your help and your time.

I—Interest: When you're concerned about others' feelings and about their loved ones, they feel valued. **Indulgence:** Let someone do something even though you might do it quicker.

C—Compassion: Showing your sympathy when someone loses an ability, a loved one, or a friend—being there for them.

Companionship: Being their friend even when they think nobody cares.

A—Achievement: Trying to reach that goal you have been striving for. Encouraging that resident to keep on walking until they succeed. **Anger-control:** Trying not to feel hostility while you go ahead and do what's asked of you, sometimes you have to put your feelings aside.

R—Right-mindedness: Being honest with yourself and others as well. Resilience: Trying to help someone bounce back after a major change. When a resident first comes to a nursing home, you do everything in your power to make them feel at home and to adjust to their new surroundings.

E—Empathy: Understanding how someone else feels by putting yourself into their place and seeing how it feels to cope with everything they're experiencing. **Excellence:** Doing a great job by thinking of others and considering their needs and by using all of the qualities I've listed. But, no matter what you do and how hard you try, remember that no one is perfect, but everyone is capable of achieving excellence!

NURSING HOME BIRTHDAYS--Celebrating birthdays for the month of August at the Floydada Nursing Home were Mona Dunn and Clarence Guffee.

Floydada Nursing Home residents celebrate birthdays

By Lorilla Bradley

August! What a sultry month...
We all get pretty droopy...
The air is mighty hot and dry
Or so humid it seems "soupy!"

Mr. Guffee we salute
...He counts a lot of years...
With school and other special things
For that we give him "cheers!"

Mona Dunn we honor...
...a lady nice to know
She's slowed her step a little bit
But still she likes to "go!"

The same old birthday greeting
...We'll give it in a song...
So join us as we sing it
And come out good and strong.

Thursday, August 17, was party time at the rest home with members of the City Park Church of Christ

hosting. The Hesperian photographer came for the picture-taking followed by everyone being ushered into the dining room with the honorees seated at the "honor" table. Their places were marked with special cards and they wore fresh corsages given by Williams Florist and Card Shop. The table was laid with a green cloth and centered with a floral arrangement in shades of pink and blue. Seated with Mr. Guffee was his wife Opal and with Mona was her sister Ruth Harrison.

The poem was read and all joined in singing the Birthday song. A delicious refreshment plate of chocolate, or angel food cake, along with a tasty fruit punch was served to the honorees, guests, home residents and employees. The next party will be September 21, 2:30 p.m. You are invited to be with your friends and loved ones at that time.

Whirlwind Sams travel to Canyon to see "TEXAS"

By Betty Gilbreath

On Friday morning, August 18, the Sams left the Massie Center for Canyon. Included on the trip were: Wayne and Roberta Russell, Hollis and Jo Payne, Boone and Ruth Adams, Bob and Jean Kendrick, J.W. and Betty Gilbreath, and our guests, Gordon and Darlyn Hambricht, and their guest Kaiyasit "kai" Plarin from Thailand. George and Betty Miller, Also John and Christine Lyles, Harold and Aubry Temple joined us at Plainview.

We stopped at a rest area near Tullia and enjoyed "speed nuts" and visitation for about 30 minutes. When we reached the Canyon recreational park, we were greeted by Robert and Betty McPherson, Harold and Charlene Norrell, Paul and Dartha Westbrook and Herb and Esther Wallace. After getting all our rigs set up we had lunch at the park and rested for a while.

Later in the afternoon, we went to the municipal building to play games. Bill and Estelle Gilbreath joined us about 4:30. For our evening meal all went to different places to eat. After supper all went back to the park, Jerry and Glenda Livingston and Randy and Theresa Hollums met us. We all left at 7:30 for Palo Duro Canyon to see "Texas". We were all so excited

as Kai was recognized for traveling the farthest to see the show. We all thought the performance was spectacular this year.

Saturday morning we all went to the museum at West Texas State College, this is a very nice museum and we enjoyed it very much. At noon we all went into Amarillo for a fish dinner. During the afternoon everyone did what they wanted to do, some went back to the municipal building and played games.

Betty McPherson brought her electric key board and played some "Golden Oldie" songs, what we could remember we would sing. We had two others that played for us, Jo Payne and Dartha Westbrook. We all sure enjoyed them very much.

Sunday morning most of us went back to Amarillo to the "Cracker Barrel" for breakfast, then back to Canyon for our devotional service. Boone Adams led the opening prayer and Hollis and Jo Payne had our service titled, "Others", and Jo sang "Thank You". Bill Gilbreath voiced the closing prayer. Boone Adams led the group in "Happy Trails" and we all departed for our homes after a very good week-end.

Southwestern Public Service to merge with Public Service of Colorado

Southwestern Public Service Company, based in Amarillo, Texas, and Denver-based Public Service Co. of Colorado announced Wednesday that they have entered into a definitive merger agreement to combine two low-cost utilities and form a new energy-services holding company that will cover one of the largest geographic areas in the country.

This "merger of equals", subject to approval by shareholders of both companies and by various regulatory authorities, was unanimously approved by both companies' boards of directors in separate meetings Tuesday.

Bill D. Helton, SPS chairman and chief executive officer, and Del Hock,

PSCo chairman and chief executive officer, said the new company will build on the strengths of each partner.

"We are extremely pleased with the natural synergies and resulting savings of combining our two companies, and we will be very well-positioned to succeed in our changing electric utility industry," Hock said.

Helton said the two companies are a natural fit and complement each other in many areas. "As both companies considered whether a merger was the right move, both wanted to ensure joining with a company with low rates. We found that in each other. The combination will result in one of the premier low-cost energy providers of the future."

Based on fiscal 1994 results, the new holding company will have combined annual revenues of approximately \$3 billion and total assets of approximately \$6 billion. The companies expect to save approximately \$770 million in the first 10 years after the merger is completed.

Upon completion of the merger, holders of PSCo common stock will receive one share of the new holding company stock for each share of PSCo stock. Holders of SPS common stock will receive 0.95 shares of the new holding company's stock for each share of SPS stock. As of Aug. 4, 1995, PSCo had 63.1 million common shares outstanding and SPS had

40.9 million common shares outstanding.

Based on the number of common shares outstanding, PSCo shareholders will own 61.9 percent of the common equity of the new holding company, while SPS shareholders will own 38.1 percent. The current combined market capitalization of PSCo and SPS will result in a \$3.2 billion market capitalization of the new holding company.

It is anticipated that the holding company will adopt the SPS dividend payment level, adjusted for the exchange ratio. Based on the exchange ratio, the pro forma dividend for the new company will be \$2.32 per share on an annual basis, following comple-

tion of the merger. The dividend declarations will be determined by the board of directors of the new holding company.

Debt holders and preferred stockholders will continue with their present holdings under existing terms.

According to Hock and Helton, the anticipated \$770 million savings during a 10-year period will allow the operating companies to provide "very competitive" electricity rates in both service areas for many years to come. They said specific rate plans would be filed with appropriate state public utilities commissions and the Federal Energy Regulatory Commission in the near future.

The new company will be a registered public utility holding company, which will be the parent company for both Public Service Co. of Colorado

and Southwestern Public Service Company. The corporate offices of the holding company will be in Denver, with significant operating functions based in Amarillo. SPS and PSCo will maintain their company headquarters in Amarillo and Denver, respectively. The board of the new holding company will consist of eight current directors from PSCo and six current directors from SPS.

After the merger, a new transmission line will be built that connects SPS with PSCo through a high-voltage, direct-current interconnection.

Upon completion of the merger, the new company will serve approximately 1.5 million electric customers in Colorado, Texas, New Mexico, Wyoming, Oklahoma and Kansas. The company also will provide natural gas service to 933,000 customers in Colorado and Wyoming.

Over 100 Fortenberry family members attend annual reunion

By Carl Lemons

Have the people of Floyd County repented and turned from their wicked ways? At any rate the windows of Heaven were opened during the first days of August and slow soaking shower after slow soaking shower chained across our County's arid acres. It was not a "Goose Drownder," very little runoff reached the lakes, but it certainly gave the irrigation wells a few days rest.

"An inch of rain in August is worth two inches any other month in the year." Thus said the oldtimers. So it was a time of rising spirits, and too wet to plow, that made August 4th and 5th just perfect for the Fortenberry reunion.

Friday evening, while the younger ones enjoyed various activities, a business committee attended to the disposal of the Cedar Hill Assembly of God Church and Parsonage. Due to an obscure clause in a "Gift Deed" that was executed some eighty, maybe ninety years or more ago, the property was to revert to the Fortenberry estate should it cease to be used for church purposes. Through the process of a sealed bid Junior and Martha Taylor became the new owners.

One hundred and two persons signed the evening register and shared in the activities, the hamburgers, the tea/coffee, and those gallons and gallons of homemade ice cream. Sixty seven of those were back Saturday morning and signed the breakfast register. Morning cooks, Durrell and Sam Fortenberry, Jimmy Durham, Joe Breckenridge, and others, using their outdoor cookers, turned out an abundance of bacon and eggs. Meanwhile Eddie Joe Fortenberry, Eddie Lee, and helpers, baked heaps of "range biscuits" and cinnamon rolls.

Stephanie Sanders had put together an excellent program for the midday service. Some "amusing oldies" were presented, and reunion business was attended to. Later Reverend Cliff Jernigan brought a message from the scriptures. At approximately 12:00 the meeting adjourned for the lunch hour.

Present and always special among the reunion guests was that old timer, R.G. Dunlap. Also very special were cousins from the Brown families: Geraldine B. Calloway, Homer Ray B. & Margie Cypert, Florene B. Teal, Ernestine B. Gilley, Nancy B. Bishop, Mary Helen B. Wilson all of Floyd County. Also with us were Casey & Lavada B. (Seals) Bradford of Plano,

and Darlene (Brown), Krystal B. & Jim Hankison, and Raylene B. Houchin, Amarillo.

A slippery one, most difficult of all to identify, was new comer, young Paul Ross, of Floydada. Also mingling 'mongst us was Trinity Church Pastor, Glenn Wachob, his wife Becky, and their children, Glenn Jr., and Angeline.

Perhaps the visitor coming fartherest was Dr. Gene Dale Sullivan, a Professor from Stone Mountain, GA. He teaches economics at the University of Georgia. Dr. Gene is a cousin several times removed, related to Fortenberry-Browns through the Becky Fortenberry Massey line.

With Frank Taylor gone and Mattie in the Lockney rest home. Agnes F. & Gus Wesley, of Lubbock, were oldest of the Taylor clan. Next came Commissioner George F. & Elwauna Taylor, Lockney; Jim & Lawauna F. Wesley; Steve, Tracy F. Jeni, & Jordan Johnson, all of Canyon; and Terri F. Wesley, Amarillo. Last came Junior F. & Martha Taylor, Lockney, & Martha's sister Erma Sullivan, Las Vegas, NV.

The Jack Fortenberry group: Mary Dorris, Clovis; Jack F. Sandra, & Alisha Dorris, Wanette OK; Gail F. and son Baily Jansen, Purcell, OK; Mike & Mary Leda F. Nelson, Afton, OK; Jay F. & Laura Dorris, Phoenix, AZ. Alta Mae F. Higgins, Hereford; Cliff F. & Jeans Higgins, Amarillo. Stella Lee F. Sevier, El Paso. Melva (Rea, Fortenberry) Ford, Hereford; Don (Fortenberry) & son, Cade Rea, Sulphur Springs. Jimmie & Kate F. Bradley, Adrian; and Beverly F. McCoy, Webster, TX.

The John Fortenberry Group was headed by Ruth Fortenberry, Hereford; Durrell & Alpha Fortenberry, Lockney; Marissa Fortenberry, Floydada; Donnie, Carla, Lee, & Kaycee Fortenberry, Bedford; Michael & Juanita Fortenberry, Littlefield; John C. III & Betty Ann Fortenberry, Floydada.

Eldon & Nelda Fortenberry, Hereford; Stephanie F. & T.J. Sanders, Running Water; David & Talley Fortenberry, Lubbock.

J. Cephus & Imogene Fortenberry, Lockney; Cliff & Nelda F. Jernigan, Lockney; Troy & Jean F. Smith, & grandson Tyler Durham, Dumas; Phylis F. & son Terry Harris, Floydada.

Garland & Mary Ann F. Tucker, and their guests Marianne & George

Peng, Lubbock.

More of John: Evelyn F. Breckenridge Winn, Lockney; Ashlee B. Plainview; Joe F. Laura, & Kristy B., Rogers, AK; Jammi F. B., Plainview; Mary Ann F. & Larry Scroggins, P.V.; Odie F. Milligan & guest, Regina Hearnmeyer, P.V.; Vickie F. Milligan, P.V.; and Perry Scroggins, Plainview.

None of Elizabeth Fortenberry Seay's descendants were there.

The Hugh Fortenberry family lost their oldest, Frank, to an errant self-guided tractor back in the fifties; and Lonella, next in line, lives in California. At our reunion Hugh's ball carriers were Jake & Bea Fortenberry, retired postmaster/postmistress, Adrian; Speck, Coralee F. & Cody Cox, Hale Center; Jimmy, Patty F. Griggs, & her daughters Mandy and Richelle Hall, Lubbock. Richard & Dixie Fortenberry, Hereford; Tommy, Linda F. Rusty, Ricky, Nathan, Daniel, and April Davis, Vega. Last of the Hugh group was Don Fortenberry, Friona.

The Belle Fortenberry Lemons branch was represented by Carl F. Lemons, Lockney; Phil F. Linda, and

Vance Lemons, Quitaque; Brian & Twyla F. Gallaway, Bovina; Traca F. Lemons and her guest, Danny House, Quitaque.

Heading the Joe Fortenberry group was Pauline VanHoose, Floydada; Alfred F. & Barbra VanHoose, Moore, OK. Eula Mae Wilson, Floydada. Jimmy Durham, and his children, Bradley & Laci, Lockney. Jude & Marie F. Strickland, Amarillo. from Abernathy, Eddie Joe & Amelia Fortenberry; Sam, Becky, & Eddie Lee Fortenberry, Lockney; Keith, Marcie F. & Tyler Phillips, Lockney; John Sherman & Retha Fortenberry, Plainview.

Representing the late Nancy Eva Fortenberry Kelley line were J. A. & Norma F. Welch, Lockney; also Steve & Connie F. Pritchett, Amarillo.

Lafayette & Patsy F. Boone, Broken Arrow, OK, were there for Tom & Gladys Fortenberry.

Attendance: Friday supper 102, Saturday Breakfast 67, Saturday lunch 117, and, after duplicates were removed, the overall head count was 149.

Just **\$179/** month^(C)
with Ford Credit's RCO

\$3,242 Total Savings^(D)

(A) 3.9% APR financing on '95 Escort. Varies by credit worthiness of consumers as determined by Ford Credit. 3.9% APR for 48 months at \$22.55 per month per \$1,000 financed with 10% down. Dealer participation may affect savings. Take new retail delivery from dealer stock by 9/5/95. See dealer for details. (B) Disc: Must take new retail delivery from dealer stock by 9/27/95. Residency and RCO restrictions apply. See dealer for details. (C) \$228.56 Per mo. for 24 mos. with 3 options for final pmt. with Ford Credit's RCO. \$178.67 Per mo. for 24 mos. with 3 options for final pmt. with Ford Credit's RCO. (D) Disc: '95 F-150 XL 4x2 with manual trans PEP 500A and Decor Package B. Option package savings based on MSRP of option package vs. options purchased separately. Disc: '95 Contour GL w/PEP 235A, \$15,070 MSRP less \$500 customer cash plus \$500 Ford Credit RCO cash. '95 Ranger XLT MT PEP 804A, \$12,942 MSRP less \$300 customer cash plus \$500 Ford Credit RCO cash. 11.5-16.5% APR Ford Credit RCO plan financing varies by credit worthiness of consumers as determined by FMCC. Some consumers will not qualify. Example based on 8% APR for 24 mos. On Contour, and 11.5% APR for 24 mos. on Ranger. \$1,780 Down on Contour and \$1,867 down on Ranger. Amount financed \$11,890 on Contour, \$10,175 on Ranger. 24 mos. at \$228.56 per mo., and one final pmt. of \$9,042 on Contour, \$1,784.67 per mo., and on final pmt. of \$8,174 on Ranger. Amount financed, monthly pmt., and down pmt. may be different. Tax, license, title fees and insurance extra. Purchaser may purchase the vehicle for the amount of final pmt., refinance the final pmt. with no increase in amount of monthly pmt., or return the vehicle to Ford Credit at end of term and pay \$250 disposal fee plus any excess mileage and wear charges. Dealer financial participation may affect consumer cost. Most take retail delivery by 9/27/95. Residency restrictions apply. See dealer for qualification details.

We'll pay you a lifetime income.

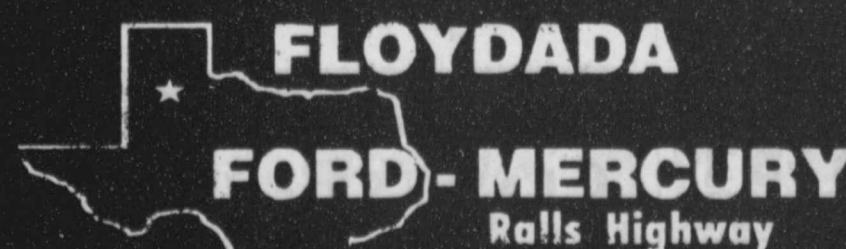

Wouldn't it be nice to count on a lifetime income? Above and beyond Social Security? You can do it with an Annuity from Farmers New World Life. Here's how it works:
You decide when and how much to deposit into your annuity. Along the way, your funds earn a competitive rate of interest. Upon retirement, your annuity can provide a lifetime monthly income—for a guaranteed amount starting at any age desired. And payments can be programmed to continue to your beneficiary.
Call now—and make your golden years more golden.
(Please Note: Early withdrawals of Annuity funds are subject to a surrender charge as well as a tax penalty if withdrawal is made before age 59½.)

High school gameday coverage returns to KFLM radio station

Bob Alldredge, owner of Alldredge Broadcasting in Floydada, has announced that KFLM-FM will be broadcasting another fall of Floydada High School football every Friday night beginning September 8th when the Whirlwinds hosts the Lockney Longhorns at Wester Field. Nick Long and Edd Henderson Jr. will team up again at the microphones for "live" coverage on Friday nights on 95.3 FM.

Nick and Edd will also co-host "High School Gameday" every Friday morning at 7:30. The first program will be September 1, with a special pre-season edition when Floydada Head Coach Bryan Davis will review the 1995 Whirlwind roster and this fall's schedule.

Starting on September 8, "High School Gameday" will include interview with Coach Davis and an Assistant Coach of the Week. Then Nick, Edd, the coaches, "Bubba" and a weekly guest prognosticator will review 20 of the top games across the area. This year's lineup of guests include Clar Schacht, Randy Duke,

Charlie Tyer, Jerry Cannon, Bobby Weir, Larry Noland, Bobby Gilliland, Sammy Hale, Jack Robertson, and Mike Holster.

Also this fall Darolyn Snell will be hosting "Coaches Corner" every Friday at 5:00 pm. that will include interviews with coaches from Floydada, Lockney, Motley County, Petersburg, Silvertown, and Valley.

"There is nothing like Texas high school football, and no one has a more proud tradition than the Floydada Whirlwinds" says Nick Long. "And the KFLM crew is proud to be a part of this great tradition. We're ready to go!" he added.

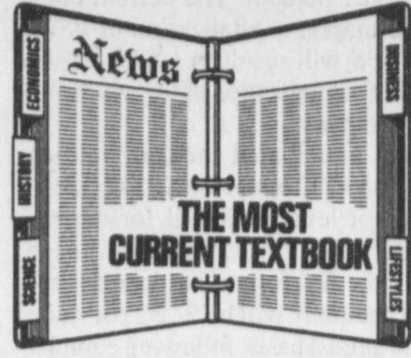

Lockney to scrimmage tonight

LOCKNEY—The Lockney Longhorns will hold their first scrimmage of the 1995 season tonight (Thursday) against Lorenzo. The Horns will have the home field advantage and the game will begin at 6:00 p.m.

The second scrimmage of the sea-

son is set for Thursday, August 31st against Farwell. The Horns will travel to Farwell for the 5:45 p.m. game.

The Floyd County Championship will be the first regular game of the season. The game will be played in Floydada on September 8 and begin at 8:00 p.m.

Have a good school year!

FHS team to face Slaton for scrimmage

The first FHS Whirlwind Varsity scrimmage is slated for Friday, August 25, at Wester Field in Floydada against Slaton.

Meet The Whirlwinds is set to follow. Everyone is invited to come see the team in action and get acquainted.

AMBREE VICKERS

Vickers plays on world championship team

Floydada may now lay claim to a World Champion Softball player. Ambree Vickers, together with her team of All-Stars representing the South Region of the United States, won the Little League Major Girls Softball World Series Championship August 19, 1995, at Alpenrose Stadium in Portland, Oregon.

Ambree's journey began June 17th when she, along with eleven other twelve year-olds and two eleven year-olds, was selected to the Midway All-Star Major Girls softball team in Waco. Practices began immediately and continued seven days a week (with the exception of one day off) through the World Series championship game.

In the Central Texas heat practices began at 6:30 p.m. and often lasted until well after 9:30 p.m. But the conditioning and coaching paid off as the Midway team won the District 9 Championship July 17th against very stiff local competition.

Next hurdle: Sectionals. By defeating teams from Bryan, Bellville and San Marcos in the tournament held in Pflugerville, Texas, Midway returned to Waco as Section 2 Cham-

pions to play for the State Championship. At the State Little League Complex in Waco Midway squared off with teams from Northwest San Antonio and Nederland North. Outscoring their opponents 32-3 in the double elimination tournament, Midway earned the right to represent Texas at the Southern Regional Tournament held in Waco August 7th through the 11th.

Midway prevailed again defeating Seminole, Florida, and in two games against Brentwood, Tennessee, to advance as the South Region representative to the World Series in Portland, Oregon.

Held at the breathtakingly beautiful Alpenrose Field, this series would prove to be Midway's toughest test. Playing in a field of eight teams in two pools, Midway faced teams from the Central region of the United States, the Far East represented by a team from the Philippines, and Canada. Winning their pool, they advanced to the semi-final game where they defeated the East Region team by a score of 6-1.

This set up the showdown between the Series two toughest opponents:

the South Region team represented by Midway against the West Region team represented by the Park View Little League team from Lancaster, California.

The West team had outscored its opponents at the World Series 73-1 before facing the South's Midway team. First-rate pitching and key defensive plays, such as a running shoe-string catch by Ambree playing in left field, led Midway to a 3-2 victory claiming the World Series Championship with an unblemished record of nineteen wins and no losses.

Equally impressive is the fact that this is the fourth year in a row that Midway has claimed the World Championship in the Major Girls Little League Softball Division.

Ambree is the daughter of Sharon and Jeff Henson of Waco and Mike Vickers of Rosharon, Texas. She is the granddaughter of Lovene and Edell Moore, Lane Decker, Jimmy Vickers, and Mary Vickers all of Floydada.

Her parents Sharon and Jeff Henson, Mike Vickers and grandparents Lovene and Edell Moore all attended the games in Portland, Oregon.

THROUGH THE HALLS

Floydada School Menu

August 28-September 1
MONDAY:
 Breakfast--Pineapple juice, cinnamon toast, milk
 Lunch--Chicken patty with gravy, mashed potatoes, buttered broccoli, hot rolls, peaches, milk
TUESDAY:
 Breakfast--Orange juice, sausage, toast, milk
 Lunch--Frito pie, pinto beans, pickle spears, cornbread, pears, milk
WEDNESDAY:
 Breakfast--Pineapple juice, toast, jelly, milk

Lunch--Spaghetti with meat sauce, fried okra, buttered carrots, cookie, hot roll, milk
THURSDAY:
 Breakfast--Apple juice, pancakes, syrup, milk
 Lunch--Burrito with taco sauce, spanish rice, tossed salad, fruit cup, milk
FRIDAY:
 Breakfast--Grape juice, dry cereal, graham crackers
 Lunch--Corn dog, tater tots, gingerbread, applesauce, milk

Lockney School Menu

August 28-September 1
MONDAY:
 Breakfast--Pancakes, syrup, ham, milk
 Lunch--Barbequed meatballs, California mixed vegetables, creamed corn, homemade bread, milk
TUESDAY:
 Breakfast--Oatmeal, milk, bread, banana
 Lunch--Italian spaghetti, sweet potatoes, cole slaw, roll, milk
WEDNESDAY:
 Breakfast--Sausage, egg, toast, milk
 Lunch--Beef and cheese sandwich pocket, pork-n-beans, lettuce salad, strawberries and cake, milk
THURSDAY:
 Breakfast--Cinnamon toast, ham, milk
 Lunch--Pork patties w/gravy, creamed potatoes, green beans, roll, milk
FRIDAY:
 Breakfast--Breakfast pizza, apple, milk
 Lunch--Hamburger, curly fries, lettuce salad, rainbow freeze, milk

At School This Week In Lockney

BAND BOOSTERS

An organizational meeting will be held Thursday night, August 24 at 8:00 (or immediately after the scrimmage). This is an important meeting and everyone is urged to be present.

FOOTBALL SEATS

Current holders of seating and parking spaces at Mitchell-Zimmerman Field in Lockney are reminded that it is time to renew your reservations. Please go by the LISD Business Office before Thursday August 31 and check with Jackie Lou Holt. There should be a limited number of extra seats available.

At Floydada Schools This Week

August 24-31, 1995

Floyd County Cotton Pest Report

By James F. Leser, Extension Entomologist

Most of our cotton crop is making its final run to mature bolls. We should be past the peak bloom period and insect management decisions should now be focused on protecting bolls-not setting and retaining new squares. We have a generally late crop, in spite of rapid rate at which heat units have been accumulated over the last several weeks. I wouldn't say that most producers have the yield levels they would have liked, but for the most part the southern High Plains area does have reasonable yield expectations. This means that we still have some pest management business left if we are to harvest most of the bolls that are in our fields.

Insect management decisions on the one hand are becoming easier to make because the crop is actually on the plants and season's end is within sight. We have also received some timely rains in many areas which have certainly helped the crop. But a late crop with multiple pest problem potential will make pest management decisions tough and potentially very expensive. In some instances, producers already have made 2-8 applications for weevils, aphids, beet armyworms and/or bollworms. They may be looking at 3-5 more applications to finish up the season.

Some spray bills could top the hundred dollar mark this year. This is unacceptable for a production area

that has a short season and is greatly limited by weather events.

We can not compete economically with other production regions with this level of pest management inputs - no matter what our yield expectations are. It is time to recognize that we are getting on an insecticide treadmill, chasing high yields. It is time as far as I am concerned, to step back from the abyss and reassess our pest management system. Unfortunately, most producers will not follow this advice until after they have created a disaster. This is a story that has been too often repeated in the history of cotton production. "Those that fail to learn from history are doomed to repeat it."

BOLL WEEVILS

Boll weevil activity has increased dramatically in many areas, especially in fields where overwintered boll weevils were not controlled when warranted. Punctured square counts as high as 35 percent have been reported. Trap catches have generally remained low, indicating fall migrations of weevils has yet to begin. This event should start pretty soon as weevils start the process of preparing for the winter. Once migration does begin, boll weevil infestations will pop up all over the High Plains. We have been lucky this year. Our late cotton crop coupled with generally hot and dry conditions for most of the season have kept weevils greatly in check. Be prepared to engage this pest in battle if treatment criteria are met.

Boll weevil management will be a very frustrating experience for those that have little experience thus far. Even though you may follow the management guidelines for controlling weevils and succeed at timing applications perfectly, you still can lose 10-20% of your yield. On a bale and a half yield, the boll weevil could easily cost you over one hundred dollars! This does not include the cost of secondary pests resulting from increased insecticide use and the elimination of natural enemies from treated fields.

Management of boll weevils at this time of year does not involve the use of pheromone traps. Traps are useful only at documenting the fall migration. You must walk the cotton field

and examine squares or bolls to make proper management decisions. Once we are past peak bloom, the treatment level that should be used is 25-30 percent. This sounds high but remember that bloom and boll numbers are now exceeding square numbers and therefore one would expect inflated punctured square counts. Remember, you are interested in protecting bolls at this time, not squares. Once Nodes Above White Flower decreases to 5 or less, it is time to move to accessing punctured small bolls for weevil control decisions rather than squares. The treatment level at this time is 15% punctured bolls that are no older than 10-15 days past bloom. If this level is met and there are on average 7 or more undamaged, vulnerable bolls left per 27 row feet examined, control would be justified. These vulnerable bolls would be less than 15 days old and there would be enough time left in the season to add these bolls to yields. We don't make money protecting phantom bolls.

The object of weevil control is to maintain punctured square or boll counts below the treatment level once spraying begins. If a reexamination of a treated field reveals no change or an increase in punctured fruit you must spray again within 5 days. Keep this up until all potentially harvestable bolls are two weeks old or older. Insecticides listed for weevil control include methyl parathion, Guthion, Penncap M, Phaser, Thiodan, ULV malathion and Vydate. Of these ma-

terials, only Guthion and ULV malathion use has consistently flared aphids. I haven't listed pyrethroids even though they are excellent boll weevil control materials too. Pyrethroid use will flare aphids and can result in resistant tobacco budworms, especially in the southern acreage.

Economically damaging bollworm infestations are developing across the area as the egg lay intensifies. Even though higher population levels have been observed in the northern corn growing areas, the worst is yet to come. Worm counts as high as 30,000 per acre have been reported from the southern areas. Recent rains and earlier weevil applications will aid in the establishment of this pest. Pyrethroids are a normal choice s control tools at this stage of the game. If Pyrethroids are used, you must add an aphicide to the tank mix or plan on coming back in 10 - 14 days to spray for aphids. These would include the Bt materials, Curaron, Lannate, Larvin, and Bolstar. None of these materials are as cheap or as effective as the pyrethroids. Many of these are also less forgiving on poor application coverage. If an aphicide is added to the phrethroid targeting bollworms, be careful not to select too low a rate. Four ounces of Bidrin is generally ineffective in preventing the flaring of aphids - it will only delay this event a few days. However, 4 ounces of Furadan 4F has looked pretty good as an "antiflaring agent".

BEET ARMY WORMS

Beet armyworm activity is on the rise as more egg masses are found. While most earlier activity has been concentrated in the more southern acreage, light infestations are now becoming more evident in areas to the north. This pest is extremely hard and expensive to control. Costs range from \$18 per acre on up for a single application. Control has averaged no more than 70% in most cases. The threshold for worms this year is probably somewhere between 12,000 to 15,000 per acre. Infestation levels can often reach into the hundreds of thousands per acre. This would mean that a single application would rarely provide adequate control. Confirm has provided the best control once worms are established. Good coverage and higher spray volumes are required for adequate control.

You have undoubtedly heard of the horror stories about beet armyworm problems in the Lower Rio Grande Valley. This appears to be repeating itself in the Concho Valley area just to the south of us. I have even heard that thousands of acres are being abandoned due to heavy beet armyworm damage and high management costs. I don't know about you but this is getting too close to home and is beginning to make me real nervous. Our last real beet armyworm problem year was 1980 and I almost didn't survive that

one. It appears that beet armyworm problems are worst in areas where prior insecticide use has been high. This would be particularly true where increased weevil activity had necessitated multiple applications for overwintered and in-season infestations. It appears that increased problems with beet armyworms may be just another cost to bear now that weevils are becoming established in our area.

One approach to managing beet armyworms is to use the early detection threshold. This relies on detecting hatching egg masses. When 2 hatching egg masses ("hits") are found per 100 row feet examined (about 1 egg mass per 150-200 plants examined), multiple applications of the insect growth regulator Dimilin may provide the best approach to avoiding high worm counts and high damage potential. Sequential applications of 4-8 ounces of Dimilin per acre should be used, on a 5-7 day schedule. At least 8 ounces must be used and as much as 24 ounces may be needed per acre by the time multiple applications have been completed against heavy egg laying pressure. This is an expensive program but may wind up with the best results. Once high numbers of beet armyworms become well established in cotton, they are extremely difficult and expensive to remove.

While cotton aphid numbers have

generally increased in fields across the area, their numbers have remained low except in fields that have been treated with insecticides that flare aphids. These insecticides have included Guthion, ULV malathion and pyrethroids in general. Others may also be e flaring aphids but I have no confirmed reports on these. Aphid flaring appears to be the result of both elimination of natural enemies and the stimulation of aphid reproduction. Aphid numbers in a field I have been working in to determine economic thresholds for aphid control through With all the fall armyworms we're seeing this summer, we'd expect some of them to begin showing up in sorghum heads. The economic threshold for fall armyworms and corn earworms in commercial sorghum is about two per head. However, research has shown there is a lot of natural mortality which occurs among eggs and small larvae so don't jump the gun. This mortality is greater in open-headed hybrids compared to those with compact heads.

It's easy to check for headworms. Simply beat the head with a bucket or other receptacle and count the number of larvae dislodged. The following table can be used to determine the treatment threshold. It takes into consideration the value of the crop and the cost of control per acre.

CORN PESTS

Fall armyworms continue to be a pest of concern, particularly in the southernmost corn producing counties on the South Plains. Large, exposed larvae can be difficult to control and once larvae enter the ear, they are pretty much impossible to get. Indeed, even the new Karage registra-

tion states on the label for fall armyworms that is for control of first and second instar only.

We have really had heavy Southwestern corn borer (SWCB) pressure this year. Most fields which will be harvested late will need to be protected in order to minimize lodging.

Farm News

Chances for deficiency payments diminish

By Shawn Wade

According to Lubbock-based Plains Cotton Growers, Inc. (PCG) the chances of any type of deficiency payment for Upland cotton being available for the 1995 crop continues to diminish.

PCG officials note that since the weighted average price received by growers has increased each month for the first six months of the year the chances of it dropping below the 72.9 cent Upland cotton target prices are slim.

On the opposite side the increase in the weighted average price shows that cotton prices continue to stay high which is good news for producers looking to get a good price for the 1995 crop.

Marketing figures for the month of June indicate a total of 4.169 million

bales of cotton have been marketed during the first six months of 1995. USDA's preliminary estimate of June marketings totaled 248,000 bales.

The average price received by farmers during the month was 86.3 cents per pound. Through the first six months of the year the weighted average price received by farmers totals 81.69 cents, 8.79 cents above the 72.9 cent upland target price.

"Cotton producers here on the Texas High Plains, as well as other parts of the Cotton Belt, are having to operate on a very slim margin," says PCG Executive Vice President Donald Johnson. "Without a deficiency payment on the 1995 crop those margins are shrunk even more."

Johnson adds that the people most seriously affected by the lack of a

deficiency payment in 1995 will be those who have lost their crops already or have a very limited potential on the cotton still in the field.

High Plains cotton prospects still run from excellent to poor. USDA's three million bale production estimate for the area is still possible given better than average weather through the remainder of the season.

"Our crop is really sitting right on the edge at this time," says Johnson. "The difference between us putting together a 3 million bale crop or one significantly below that figure will depend largely on what happens during what is left of August and September."

Marketing and price figures quoted above were taken from the National Agricultural Statistics Service and are subject to revision.

County agriculture agents challenged

By Joe Bryant, Extension Communications Specialist

County extension agents have a vital role to play in improving the future of the state's citizens, urban as well as rural, Texas A&M University System Chancellor Barry Thompson told them here at the annual meeting of the Texas County Agricultural Agents Association.

"The county agents, in their long service to this state, have never been as important as they are today," Thompson said. He cited problems of crime, single-parent families, health, and education facing urban centers and told the agents, "You are making a difference in how we address some of the great intercity problems," as well as those of suburbia and rural Texas.

"We call Texas a high-technology state," Thompson said. But of the 18.6 million Texans, "6.25 million are functionally illiterate and read at a 6th grade level or less," he said. "It is false belief that we are a high-tech state if one-third of all the people that live in this state are functionally illiterate."

"My passion is to stamp out most of the illiteracy in my lifetime."

Another challenge is the aging population of Texas, Thompson said. He noted that the two fastest-growing population groups in Texas are those age 65 and over and those age 85 and over. "How are we helping them? Are we extending the quality of life as well as the life expectancy?"

Thompson said that since the beginning of the Texas Agricultural Extension Service in 1915, the county agent has been "the right arm of the Texas A&M University System."

"We must use you to communicate, to change people's thinking, to change how people do things. Basically it's attacking the basic problems that keep

us from developing a larger underclass. This country cannot afford increasing its underclass, because we cannot amortize all the prison buildings that we are already committed to building.

He said agents have long been the state's "servant leaders" who serve

the people of Texas. "To inspire people is part of leadership. You do that every day."

He said urban legislators are realizing the importance of the Extension Service. "They (have) realized it was not just agricultural, not just rural, but concerned with education."

Religious values are casualties of the navy's thought police

By Edwin Feulner

Lt. Cdr. Kenneth Carkhuff was an outstanding Naval Academy graduate, ranked No. 1 in every command to which he was assigned after his 1982 commissioning, and only a year ago was praised by his commanding officer as "destined for command and beyond."

Now, the U.S. Navy wants to kick him out.

Why? Because Lt. Cdr. Carkhuff believes it is wrong to send women into combat. Such a view—even if it doesn't affect Carkhuff in the performance of his duties—is "not compatible with further military service," according to his now former commanding officer.

A Navy review board recently recommended that Carkhuff be discharged. Now President Clinton's Secretary of the Navy, John Dalton, must decide the future of an officer of obvious talent and firm faith.

Dalton faces no legal deadline to act, so he could simply allow the case to sit without comment on his desk. A Navy spokesman says, however, that this is "highly unlikely since we want a quality decision in a timely fashion."

Meanwhile, Lt. Cdr. Carkhuff and his family are twisting in the wind as legal bills pile up. If Secretary Dalton upholds the discharge, Carkhuff loses all Navy benefits, including his pension and health-insurance coverage.

This case raises disturbing questions about the Navy's hostility to those Americans who, like Carkhuff, base their opposition to women in combat on religious values.

Of Carkhuff's talent and devotion to duty there is no question. His commanding officer in the Navy's Helicopter Anti-Submarine Warfare (ASW) Squadron 44, based at Mayport Naval Air Station in Florida, said in 1994 that Carkhuff "earned my strongest possible recommendation for early promotion ahead of his peers."

But then President Clinton ordered the U.S. invasion of Haiti, which involved the participation of Squadron 44 and the unit's two female pilots.

Squadron 44's commander claims Carkhuff told him privately a few days before the invasion that he opposed sending women into combat, and that he requested transfer to an all-male unit.

Steven Gallagher, a former Navy officer who is now Carkhuff's attorney, says his client made it clear he would still lead his unit into combat if ordered to do so. "However, as a Christian, he felt the moral obligation to express his views," Gallagher says.

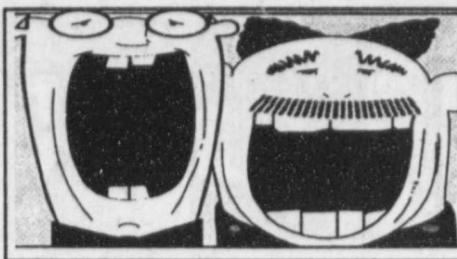

Carkhuff's keel-hauling is the latest example of the Navy's abject surrender—in the wake of the infamous Tailhook Scandal of 1991—to the demands of feminists. Against the recommendation of the 1992 Commission on Women in the Armed Forces, the Navy decided early in the Clinton administration's first year to put women in front-line combat positions on board ships and in aircraft.

Now, the Navy must cope with tragedies like that of Kara Hultgreen, the first woman promoted to fly a Navy fighter jet, who was killed earlier this year while attempting a carrier landing. After first claiming that "engine failure" caused Hultgreen's crash, the Navy later admitted that pilot error was involved. Now they say Hultgreen was qualified for flight duty despite errors in previous carrier landings that would have disqualified male pilots.

A growing number of critics, both inside and outside the military, think the Navy is sacrificing too much on the altar of political correctness, including the high training standards that might have saved Hultgreen's life.

It's time for Congress to demand answers from the Navy and the Clinton administration, beginning with why Kenneth Carkhuff is being persecuted for expressing views held by most Americans and consistent with hundreds of years of military combat experience.

Note: Edwin J. Feulner is president of The Heritage Foundation, a Washington, D.C. based public policy research institute.

This Week's Announcements

FLOYDADA COMMODITY SIGN-UP

Commodity sign-up for Floydada is here again. The address is 701 E. Lee at the Caprock Community Action Center. Proof of address will be needed in order to get your new cards. The times for the sign up are as follows:

Registration set for fall semester at Wayland Baptist

Registration for the fall semester at Wayland Baptist University is scheduled for Tuesday, Aug. 29, with late registration taking place Aug. 30-Sept. 7. Classes begin Aug. 30.

Wayland is offering approximately 150 graduate and undergraduate classes in 39 academic areas. A wide variety of day, night and weekend classes are planned to meet the needs of both traditional students and working adults wishing to return to college or begin a degree program for the first time.

Financial aid is still available and Wayland's financial and academic counselors will be on hand to assist new and continuing students.

Application and financial aid materials, course schedules and information regarding fall registration can be obtained by calling the Registrar's Office at 296-4706 or the Admissions Office at 296-4709.

Have a good day!

Obituaries

EPHRAIM C. COPE

Graveside services for Ephraim C. Cope, 73, of Paris, Texas will be at 10:00 a.m., Friday, August 25, 1995 in Lockney Cemetery.

Mr. Cope died at 12:30 a.m. Wednesday, August 23, 1995, in St. Joseph's Hospital, Paris, Texas.

He was born on January 17, 1922, in Floyd County.

Survivors include his wife, Myrtis Cope of Paris, Texas.

The family will receive friends all day Thursday at Moore-Rose-White Funeral Home.

WYNONA MAYNARD

Services for Wynona Yvonne Maynard, 49, of Lubbock were at 2 p.m. Tuesday, August 22, 1995, in Sanders Funeral Home with Northside Church of Christ pastor David Luke officiating.

Burial was in City of Lubbock Cemetery.

Mrs. Maynard died Saturday, Aug. 19, 1995, in a Lubbock hospital.

She was born May 24, 1946, in Floydada and moved to Lubbock in 1957. She graduated from Monterey High School and married Charles Maynard on May 20, 1967, in Lubbock. She worked as a nurse for many years and was a member of Northside Church of Christ.

She was preceded in death by one son, Charles Lester Maynard, in 1968.

Survivors include her husband; one son, James of Lubbock; one daughter, Tammy Maynard of Lubbock; one brother, Donnie Ray Woolsey of Oklahoma; two sisters, Maxine Putman of Lubbock and Donna Anderson of Floydada; her mother, Modell Fyffe of Floydada; and four grandchildren.

Pallbearers were Nathan Sams,

Johnny Lee Parker, Glenn Robinson, Brian Haygood, Bobby Putman and Steve Anderson.

The family suggests memorials donations to the Muscular Dystrophy Association.

HANSEL McADA

Services for Hansel D. McAda, 85, were held at 2 p.m. Monday, August 7, 1995, in Dunn Funeral Home Memorial Chapel at Tucumcari with the Rev. Bob Civil, officiating. Burial was in Tucumcari Memorial Park Cemetery at Tucumcari.

Mr. McAda died on Thursday, August 3, 1995 in Albuquerque, New Mexico.

He was born on May 5, 1910 in Anson, Texas.

He moved to Floyd County in 1921, and graduated from Floydada High School in 1962.

He married his wife Joella, and had been married to her for 58 years.

He was a former resident of Tucumcari. He owned motels in the area such as the Rancho Motor Lodge, Surf Motel Santa Rosa Court and the Park Plaza motel in Amarillo.

He also worked with Standard Oil in Amarillo. After moving to Albuquerque in 1963 he worked for the University of New Mexico until retiring.

Survivors include his wife; a son, Randy of Jackson, MO; a daughter, Judy Smith of Albuquerque and three grandchildren and several nieces and nephews.

Sixth annual South Plains Arts Festival scheduled in Lubbock

The sixth annual South Plains Arts and Crafts Festival will be held August 26th and 27th in the Lubbock Memorial Civic Center. More than 175 exhibitors from throughout the Southwest will fill the main exhibit hall with original art and handcrafted items. Hours for the show are Saturday from 10 am to 6 pm and Sunday from noon to 5 pm. There is no admission charge.

Mel Prather, founder and organizer for the event, said he was pleased with both the quality and variety of items to be offered at the upcoming show. "For one, we've been able to expand a number of categories to offer a better variety. New or expanded categories include quilted items, clothing, furniture, Southwest ceramics, floral arrangements, jewelry, handmade dolls, luggage, vests, broomstick skirts, and mailboxes."

"Other newcomers will have banks, bird houses, kalidascopes, Christmas decorations and clothing, and soft sculpture," Prather said. Also on hand for the first time will be participants with appliqued clothing, horsehoe nail figures and jewelry, painted wood items, doll furniture, wood cutouts, angel jewelry, rocking horses, children's clothing, wood wreaths,

handmade jewelry, soft sculpture, wood block dolls, bean bag frogs, cloth baskets and quilted pillows.

Also on hand will be those with ostrick egg art, PVC doll furniture, wind chimes, wood plaques, Victorian dolls and accessories, sun catchers and stained glass, children's toys, candy, and homemade soup mixes. Returning exhibitors will have finished and unfinished furniture, ceramics, quilts, punched tin, quillas, jewelry, clothing, painted tins, miniatures, original ladies' jackets, cloth dolls, wreaths and swags, hair accessories, Southwest art, quilted book covers and candy.

Also back are those with painted wood, Christmas ornaments, window accessories, wood cars and trucks, Western clothing, potpourri pies and scented oils, yard ornaments, trash cans, lamps, sauces, terra cotta pottery, candles, chenille toys and slirts, lawn and house furniture, plant stands, fishing rod holders, frames prints, loop earrings, wood dolls, ceramics, silhouettes, hand painted clothing, flour sack shirts and dresses, kitchen furniture, tux shirts and jackets, wood games, framed prints, silver jewelry, pet dishes, and stuffed bears.

Bible Study held in Zavala home

Bible study was held in the home of Hector Zavala, 7:00 p.m., Thursday, August 17.

Study began with prayer or all who are hurting and need Jesus in their lives.

The group then studied the scripture Llavada, Josephine, Willie, Clifford, Steve and Mary Jane, Michael Rene, Bro. Mitchell, William, Abigail, Bernada, Mona, Amy and Bud;

Other scripture read included: 1 John 4: 7: "Beloved let us love one another: For love is of God; and every one that loveth is born of God and knoweth God."

Verse 8: "He that loveth not, knoweth no God; for God is Love.

Verse 11: "Beloved, if God so

loved us, we ought also to love one another."

Jude 1:21 was also read: Keep yourselves in the love of God. Looking for the mercy of our Lord Jesus Christ unto eternal life."

Blessings were extended for: Llavada, Josephine, Willie, Clifford, Steve and Mary Jane, Michael Rene, Bro. Mitchell, William, Abigail, Bernada, Mona, Amy and Bud; Karoll, Larry, Bobie, Gar, Christy and Judy and all of the First Assembly of God Church family.

The group listened to the tapes of Christian music, including: "Sweet Bueh Land", "Jesus Comes in the Midst of the Storm", and "1,500 Miles Long".

Hosts sought for foreign students

Foreign high school students are scheduled to arrive soon for academic program homestays, and the sponsoring organization needs a few more local host families.

According to Pacific Intercultural Exchange (P.I.E.) Executive Director, John Doty, the students are all between the ages of 15 and 18 years, are English-speaking, have their own spending money, carry accident and health insurance, and are anxious to share their cultural experiences with their new American families. P.I.E. currently has programs to match almost every family's needs, ranging in length from a semester to a full academic year, where the students attend local high schools.

P.I.E. area representatives match students with host families by finding common interests and lifestyles through an informal in-home meeting. Prospective host families are able to review student applications and select the perfect match. As there are no "typical" host families, P.I.E. can fit a student into just about any situation, whether it be a single parent, a childless couple, a retired couple or a large family.

Families who host for P.I.E. are also eligible to claim a \$50.00 per month charitable contribution deduction on

their itemized tax returns for each month they host a sponsored student.

For the upcoming programs, P.I.E. has students from Spain, Germany, Poland, Russia, Finland, Argentina, Brazil, Colombia, Paraguay, Australia, New Zealand, Croatia and many other countries. P.I.E. has also been invited to participate in a special government-funded program to bring scholarship students from the Newly Independent States of the former Soviet Union to the United States. P.I.E. is a non-profit educational organization that has sponsored more than 18,000 students from 40 countries since its founding in 1975. The organization is designated by the United States Information Agency and is listed by the Council on Standards for International Educational Travel (CSIET), certifying that the organization complies with the standards set forth in CSIET's Standards for International Educational Travel Programs.

Floydada area families interested in learning more about student exchange or arranging for a meeting with a community representative may call P.I.E., toll-free, at 1-800-631-1818. The agency also has travel/study program opportunities available for American high school students
