Gretchen Quebe crowned new Miss Floyd County

MISS FLOYD COUNTY GRETCHEN QUEBE

Kay Lynn Lusk made her last walk down the runway Saturday night before crowning Lockney's 15 year old Gretchen Quebe the new Miss Floyd County. Gretchen is the daughter of John and Karen Quebe.

Quebe also came home with the Best Interview title and also a \$100 scholarship for winning the essay contest.

Miss Floyd County will be joined in her court by 1st Runner-up Amy Anderson; 2nd Runner-up Tikka Smith; 3rd Runner-up Leigha Wood and 4th Runner-up Chelsea Patridge.

Amy is the 16 year old daughter of Bil and Ann Anderson, of Lockney.

Tikka, 17, is the daughter of Dan and Reeda Kay Smith of Lockney.

Leigha is the 18 year old daughter of Connie Barnett and Johnnie Wood. Chelsea, 17, is the daughter of Greg and Susan Patridge, of Lockney.

Other winners were Glamour Girl Becky Lambert and Miss Congeniality Jamie McGuire.

Becky is the 15 year old daughter of Dickey and Peggy Lambert, of Lockney and Jamie, 15, of Floydada, is the daughter of Jerry and Jodie McGuire. Jamie also earned the Judge's Award.

Miss Floyd County Gretchen Quebe is a sophomore at Lockney High School. She is a member of the Longhorn Band and participates in basketball and tennis. She is also an academic achiever in biology and geometry.

She is the first student trainer Lockney High School athletics has had and she also participates in 4-H and enjoys showing her lambs at 4-H

Shows. Gretchen has hopes of attending college in Arizona and studying psychology.

Other contestants in the pageant were: Tamarah Burson, 17, Alana Davis, 15, Pepper Billington 15, and Randi Jo Henderson, 17, all of Lockney.

Paula Parker served as the Mistress of Ceremonies for the beauty pageant.

Escorts for the evening were: Eric Bartlett, Timothy Mitchell, Brandon Covington, Emery Gilley, Cody Hayes, Corbin Kellison, Thad Lusk, Tyson McDonald, Richard Guerrero, Joe Marks, Shannon Veal and Alfred Martinez.

The pageant committee was chaired by Debra Graham, Jami Kemp, Kelly Prayor, Stacey Reeves, Kay Brock and Sherry Fogerson.

The pageant was held in the entertainment building, September 16, in conjunction with the annual Floyd and Surrounding Counties Fair in Lockney.

Schacht, Coursey, Reyes and Brock crowned Young Misses

Meredith Schacht, Trisha Coursey, Jennifer Reyes and Heather Brock were crowned during the Young Miss Floyd County Pageant ceremonies, at the Floyd County Fair, Saturday, September 16.

The four young ladies will be sharing the spotlight with the newly crowned Miss Floyd County Gretchen

Coach explains off-season sports program

Floydada ISD hears parents concerns

FLOYDADA — A group of about thirty concerned parents and coaches appeared before the Floydada Independent School District Board of Trustees to air their views concerning the off-season sports program as instituted by Athletic Director Bryan Davis at the September 12 regular monthly session of the board.

Superintendent Jerry Cannon told the board that a conflict of interest has developed since Head Coach Bryan Davis instituted an off-season program this year. No off-season program was available prior to this, but Davis' program excludes some first semester freshmen.

Clar Schacht first addressed the group, saying, "We appreciate that Coach Davis has started the off-season program. We feel that it is important for kids to be in some type of physical activity besides football and basketball."

"We feel like the first semester freshmen are being discriminated against because they are not allowed to participate in this off-season program," said Schacht. "As we understand the policy, they will be allowed to go into the off-season program in the second semester."

"The way we understand the policy now to read is that if you, as an incoming freshman, do not partici-

pate in boys football or girls basketball, you can either be a manager or not be involved in athletics.

"Every year, you will have a few students that cannot participate in these activities due to physical limitations, lack of talent, or just lack of interest in those particular sports. We feel like this policy is a punishment instead of an incentive for kids to stay in athletics."

"We are here tonight in support of our children as well as the other children whose parents are either unable to support their children or are unaware that they can help make a difference in school or athletic policy."

"We realize that what we are doing tonight may not benefit our freshman children this year, but we feel like there needs to be a policy for years to come to keep from discriminating against the first semester freshmen."

"Our kids want to compete in other sports and could use this time in developing their bodies and skills. We feel like they should have the option that is open to all the other students of the high school," concluded Schacht.

Coach Davis explained his program and what he hoped to accomplish, stating, "First of all, last year, we had a separate athletic period for freshman boys and for freshman girls. This year, because of block schedul-

ing, it would not work. We had to put 9th thru 12th in one period."

Davis explained that he wanted to avoid having freshman players go against the varsity players in practice. "We are going to try to find as many B games as we can to allow these kids to play," said Davis.

"Off-season was set up for second semester freshmen, 10th, 11th, and 12th graders. This is the reason we did it. Number one, to keep our numbers up in the freshman class. Two, to stress class unity, try to keep them all connected as a class for athletic purposes. Three, to minimize specialization at that age, in other words, kids making that kind of choice that early," said Davis.

"As they come into high school, some of them are not mature enough yet. We want them to give football a try if they are a boy or basketball a try if they are a girl. We also wanted to eliminate a windfall effect," added Davis. "If we had three or four freshmen that decide they want to go off-season, then we were afraid that we would have two or three more in a couple of days and next week, two or three more, causing us to lose numbers in participation."

"In our program, off-season is a prerequisite for upper classmen to

Lockney ISD approves bid for track

LOCKNEY—The Lockney ISD board members met Thursday, September 14 and approved a bid for the track complex. They discussed several other items on the agenda including the net gain from the sale of the Weighted Average Daily Attendance. "It appears," stated Superintendent Raymond Lusk, "that we will receive \$92,904.00 from the Jayton Independent School District."

The board received only one bid on the construction of the track. The original bid from Vibra Whirl Builders of Panhandle was for \$203,000.00. After much discussion they trimmed the bid to \$147,264.00.

They decided not to replace the existing curbs and gutters after they were assured that they were in good enough condition to use. They also eliminated some of the dirt work around the track that they felt they could do themselves.

Bids were rejected on the restrooms, concession stand, fences, grandstands and the pump for the drainage system because of the costs of the submitted bids. All of this will be looked at again.

Construction will begin on October 1 on the seven lane track.

After much discussion the board voted to up the prices for parking spaces at the football field from \$15.00 to \$50.00. The price of seats has gone up several times over thirty or more years but the parking space prices have not changed. The price increase will not take effect until next year.

Reports were heard from Principals James Poole, Terry Ellison and Phil Cotham on the enrollment at each of the campuses (as reported in last weeks newspaper).

Poole reported a total enrollment of 221 students in high school. He stated that they were up 19 students from 1994. Ellison stated, "Junior high has an enrollment of 208 students. We are down four students from last year." Cotham told those present, "We have six less students in elementary school than were enrolled last year. We have 424 students."

According to the principals there are 853 students this year as compared to 844 last year.

Athletic Director Malcom Moerbe

praised the football team for the two games they have played. He stated, "If they continue to play as positive as they have the last two games they will do well against the teams yet to be played."

The board members had decided at a previous meeting not go to the state school board conference in Houston this year because of the cost and the time of year it is to be held. Lusk reported that he had set up six hours of training in October at the Region 17 Educational Service Center in Lubbock. The conference in Lubbock will give the board members the hours they need for certification.

A report on activities and meetings of the Lockney High School Future Homemakers of America organization was given by Kaci Mathis and Johnny Mosley. A story and pictures will be printed later in the paper.

Lusk reported that the library is 99 percent completed. Only the ceiling panels and lights that had to be re-ordered because of damage are needed to finish the project. He stated that the rest of the furniture would be in this

DELICATE OPERATION—A concerned parent watched the operation on his stuffed animal during the UMC sponsored Teddy Bear Clinic held at the Cogdell Clinic in Floydada, Thursday, September 14. The clinic was jammed full of children with their stuffed loved ones and nurses and doctors tended to a variety of ailments. Limbs were sewn back on, holes

and tears were stitched and bandaged and many of the stuffed animals were simply diapered and sent on their way. For those children who did not have a bear, UMC provided them with a Teddy Bear to take home. Children also enjoyed a enclosed air bag for jumping and delicious Teddy Bear Cake at the Open House in the Day Care Center. Staff Photo

The Fair was great! Even with the rain!

I'm felt sorry for the folks who had worked so hard to plan certain events and then it ended up being cancelled because of the mud holes.

However—I still had a good time. There was plenty going on to make me happy. In fact there was so much going on we stayed plenty busy running around taking pictures. You should be able to notice that by the pictures in this week's paper.

Some of you will no doubt notice some pictures missing and for that we are sorry. Some of them we missed and some of them we took but they didn't turn out.

For instance, some of our pictures from the Miss Floyd County pageant did not turn out. We have no idea where they are. We can't even find them on our negatives.

If Miss Congeniality's mom and Glamour Girl's mom took pictures of them and you bring the pictures to us we will put them in the paper next week.

We did not get all the grand prize winners or superior champions (or whatever) at the lamb, heifer and steer jackpot shows—so we didn't run any of them. We figured someone would get mad at us.

By the way—if we were going to run just the big winners of those shows is it the grand or the superiors who would get in the paper?

I also forgot to take a picture of the Best Commercial Booth. Schacht's Florist won that one and if you saw their booth you would know they deserved it. Sorry Eleanor and Margaret.

I recently received a piece of literature from the Concerned Women of America organization. Although I have always known them to be truthful I couldn't help but question the story.

I didn't think they were being dishonest. I just thought it was possible they had been duped because I thought the story they sent me was too bizarre to believe.

I then called Congressman Thornberry's office and talked to his press secretary, Lou Zickar and asked him if it was true. He also said it sounded bizarre but he would check. He called me back and said it was true.

QUEEN'S COURT—Helping Miss Floyd County with her duties during the year will be the runners-up: (l-r) Chelsea Patridge, 4th; Leigha Wood, 3rd; Tikka Smith, 2nd; and Amy Anderson, 1st. Staff Photo

CALL ANYTIME!

Here's the story.

At its recent annual conference, the National Education Association (NEA) passed an official resolution calling on teachers in every school district of the country to observe a "Gay/Lesbian History Month".

An homosexual magazine in Washington D.C. jumped on it and picked the month of October. The NEA agreed and is now asking for a month long observance of this historical event.

Homosexual and lesbian activists said this was "an important milestone", because, "the NEA represents 2.2 million teachers throughout the United States and is a leader in educating our society about sexual orientation."

With 2.2 million members in the U.S. and more than \$785 million in annual revenues, "Forbes" magazine has called the NEA, America's "largest and richest... brass-knuckled labor union."

I asked FUSD Superintendent Jerry Cannon if they were going to help the NEA out in the month of October.

He said he thought the Floydada schools would just stick to their regular curriculum and celebrate Punkin Days!

I'm sure parents with children in LISD don't have anything to worry about either.

So we should feel good that we don't have to worry—right?

Wrong.

The society in which you live is being shaped by the agendas of groups such as these—and you're helping to pay for it.

I think we ought to ask our Congressmen to add this problem to their already full agenda.

How much federal and state tax dollars does the NEA receive? It's too much whatever it is. Maybe they should fend for themselves and quit pretending to represent real teachers.

From "God's Little Instruction Book II":

Rank does not confer privilege or give power. It imposes responsibility.

(For everyone to whom much is given, of him shall much be required; and of him to whom men entrust much, they will require and demand all the more. Luke 12:48)

One more chance given to purchase Wall of Pride bricks

LOCKNEY—Friday, September 29th will be the final day to purchase a brick for the sidewalk at the Wall of Pride in Lockney.

The cost is \$25.00 per brick and you can contact Lisa Mosley at the Art Building at High school for more information or to pick up a form.

Adult Education Classes to begin in Lockney Sept. 25

LOCKNEY—Did you finish high school? Would you like to learn English or work on computers? If enough people attend, we can have free classes in Lockney.

Adult Education classes are to begin in Lockney, Sept. 25. Come Monday, 6:30 p.m. to 9:00 to enroll. Basic skills, GED preparation, English as a second language, and working on computers are the possibilities for those 17 yrs. of age or older.

Classes meet every Monday and Thursday evenings at the Lockney High School for 2 1/2 hours each night. There are no provisions for child care. Most people leave their children with a spouse, friend, or parent.

Regular attendance is necessary to obtain progress at a noticeable rate, but everyone is encouraged to come as often as possible.

The GED tests are given in Plainview on Thursday evenings and Saturday mornings.

For more information, call 652-3321 between 1:15-2:00 p.m. weekdays.

Everyone is welcome. Come and bring a friend!

Lockney Police Report

LOCKNEY—The Lockney Police Department would like to remind citizens not to park in the bus loading zones at the schools.

On Thursdays and Fridays at junior high the buses have had to load in the streets because cars were parked in the loading zone during the pep rallies.

Lockney Chief of Police Jerry Edwards has stated that anyone who parks in the zoned areas during the posted times will be fined. He also wants to remind citizens that tickets will be given for passing a school bus when they are stopped to load or unload passengers. This includes the buses who are having to load in the street because the loading zone is full of cars.

Three automobile accidents were reported to the Lockney Police Department last week. On September 12 an accident was reported in the 100 block of South Main. Damage was estimated at more than \$500.00.

Accidents on September 14 and 15 were caused when drivers did not stop at yield signs.

On September 15 a 20 year old Lockney male was arrested and charged with harboring a runaway.

A Lockney man was charged on September 15 with two cases of assault.

I BET HE WEIGHS AT LEAST 100 POUNDS!—These two youngsters were probably discussing their guess on the weight of "Moe" who was fenced at the Floyd County Fair. Moe was the topic of a lot of discussion during the four day fair and the Lockney 4-H sponsored "Guess the Weight of Moe" contest.

Jimmy Kemp, of Lockney, won 1/2 side of beef (not Moe) when he guessed 2,089 lbs. Moe's correct weight was 2,090 lbs. After Moe's strenuous days of entertaining children, Ricky and Renee Hrbacek's gentle family pet was returned to the comforts of his pasture. Staff Photo

Children receive minor injuries in car accident

DPS Troopers were called to a Monday morning accident, September 18, on Hwy. 207, 2.1 miles north of Floydada, in which a Ford Station Wagon carrying 5 people slid on the wet road and overturned.

A 16 year old boy was driving the vehicle into school and also transporting four other youths, ages 14, 10, 8 and 4 years old.

According to Troopers the vehicle was traveling south on 207 when the right tires went off the pavement and hit the mud on the shoulder. The driver overcorrected to the left and slid broadside to the west ditch, turned over and slid on it's top. Troopers and the ambulance were dispatched to the scene at 7:45 a.m.

All the children, including the driver, were taken to W.J. Mangold Memorial Hospital with minor injuries. They were treated and released.

LOCKNEY SENIOR CITIZEN NEWS

By Gladys Ragle

The meeting on Thursday, September 14 was very well attended and followed by some staying for games afterward.

Fall is really in the air even though the calendar doesn't say it is here yet. The cool rainy weather has been with us for several days now and I guess the wheat farmer is happy, but the cotton and grain farmer is wanting it to quit. We were so dry, though, that I feel that in the long run the country will benefit from the good rains.

Harley Workman was in the local hospital a few days last week, but went home Saturday and is doing better.

Our sympathy goes out to the family of Elizabeth Riley at her passing from this life. Funeral services were held for her this past weekend in Inghram, Texas.

R.V. Webster continues very ill in St. Mary's Hospital in Lubbock. He is in Room 421.

Wanda Carthel went back to the doctor because she was continuing to be very weak, but her doctor gave her a good report on the condition of her heart.

Thanks to C.L. Henderson for bringing some extra silverware to the center.

Sams travel to Paradise

By Barbara Willis

September 14th through the 17th found the Whirwind Sams in Paradise, Texas. Kenneth and Barbara Willis were Trail Bosses for this trip.

Leaving on Thursday morning were: Boone and Ruth Adams, L.V. and Addie Assiter, Harold and Charlene Norrell, Herb and Esther Wallace and their guest Murlene Foreman of Las Cruces, New Mexico, Gordon and Darlyn Hambricht, and Willis. Joining them later at Almost Paradise R.V. Park were: Blanton and Ruby Hartsell, Rufus and Ruth Lusk, John and Christine Lyles, Darrell and Nancy Mayo, Marge and Mac McElyea, Roberta and Wayne Russell, and Paul and Dartha Westbrook.

The group enjoyed games and vis-

iting Thursday night. On Friday they toured the "Lost Battalion Museum", the Wise County Courthouse, and Beads Beautiful Factory Outlet, and had lunch at Matties, all in Decatur.

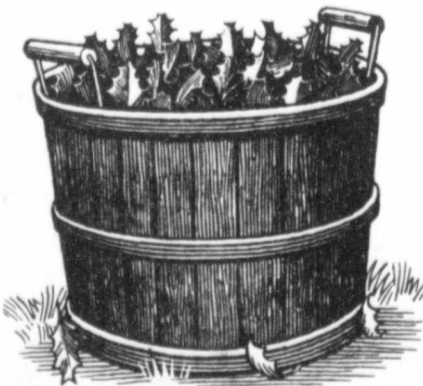

On Saturday everyone enjoyed a barbecue lunch catered at the campground. The afternoon was filled once again with games and visiting.

On Sunday morning Wayne Russell brought the devotional for the group and Paul and Dartha Westbrook and Mac McElyea provided music and led the group in singing hymns.

Our visitors during the campout included the Hambricht's daughter, son-in-law and grandchildren, Treva and D.L. Chambers, Cam and Caleb; the Willis' daughter and son-in-law, Kristi and David Lunday; and the Westbrook's son, Steve.

Better Business Bureau Report

Quackery is described as the age-old practice of health fraud. It has progressed from the oil cure-alls to a high-tech multi-billion dollar business. Quacks aim their health hoaxes at every population group, especially our senior citizens. Because they do not have to hold credentials or degrees or prove their scientific expertise, these purveyors of magical panaceas can claim to cure virtually any medical problem. Learn to recognize quackery. Look for certain key words such as 'breakthrough', 'secret', 'exclusive' - these are not scientific terms. Be cautious if immediate, effortless and or guaranteed weight loss is promised. Be wary of health remedies sold door-to-door or self-proclaimed health advisors who sell their product at lectures, traveling from town to town, using high pressure and one-time only deals. Be cautious of vaguely worded testimonials and always check with your nearest Food & Drug Administration office and your BBB before buying.

Brad and Jennifer Jackson
(nee Jennifer Brooks)

Payne **HEALTH MART** Pharmacy
200 S. Main, Floydada 983-5111

Jennifer Lee Brooks and Bradlee Cecil Jackson were united in marriage on September 1, 1995, at 7:30 p.m., on Jackson Farms. Tim Burge officiated the ceremony in the backyard of Fred and Margaret Jackson, grandparents of the groom.

Parents of the bride are Kenneth Brooks of Borger and Dixie Brooks of Childress. Parents of the groom are Cecil and Linda Jackson of Floydada. Grandparents of the groom are Fred and Margaret Jackson and Clovis and Polly Myrick, all of Floydada.

The bride was given away by her father. They entered to the traditional "Bridal March." She wore an ivory ensemble and carried a white bouquet of roses accented with miniature burgundy roses. Something old were her shoes, and something new was her dress. For something borrowed, she carried a handkerchief that had belonged to the groom's maternal great-grandmother, Dollie Cantrell. She carried a blue rose in the back of her bouquet for something blue. She wore pennies in her shoe of both the bride and groom's birth years.

The groom and best man wore forest green Brushpopper shirts with black Wranglers, boots, and felt cowboy hats.

Honor attendants were Amanda George of Plainview, serving as matron of honor, and Zane Colston of Dougherty, serving as Best Man. Amanda wore a forest green ensemble, similar to the bride's. She carried two burgundy roses surrounded by many smaller ones.

The mothers lit candles to an orchestral performance of "Ave Maria". Amanda entered to "Trumpet Inter-

lude" while guests sat on hay bales arranged in rows in the backyard. Parents of the bride and groom sat on the first row. Sitting on the second row were Kenny Brooks, brother of the bride, and his family from Fritch, and Lyssa Elliott, sister of the bride, and her family from Paducah. The grandparents of the groom sat on bench swings under the windmill and the apple tree. The rest of the guests sat on the last two rows. Pictures and the video were taken by the groom's sister and brother-in-law, Delinda and Marty Lucke of Floydada.

The reception was held immediately following the ceremony behind the hay bales. The bride and groom exchanged cake and champagne. The cake was made by Pat Theisis of Childress, an aunt of the bride. It was mauve and white, and decorated with two large wedding bells. Their table was decorated with the bride's bouquet and the Precious Moments "Bride and Groom" figurine. The bride's sister, Lyssa Elliott of Paducah, and her sister-in-law, Christy Brooks of Fritch, served punch and cake. A small gift table was set up with the couple's wedding book where guests signed in.

A wedding shower is pending. The bride is a 1992 graduate of Borger High School, and a 1995 graduate of Clarendon Junior College in Clarendon. She has an Associates Degree in Accounting/Business Management.

The groom is a 1993 graduate of Floydada High School. He attended Clarendon Junior College for a year and a half. He is presently engaged in farming.

Study Club reveals secret pals

By Leora Younger

FLOYDADA - The 1956 Study Club started the new club year by meeting September 12, at Temptations. Darlynn Hambricht voiced the invocation. The club members were served a delicious meal of Pork Medallion, rice, salad, fruit, and chocolate mousse pie.

Donna Henderson, president, welcomed all members for the new club year and called the meeting to order. Roll call was answered by "describing your summer" in five words or less.

Candy Thrasher asked for a leave of absence because of a conflict with a class she is taking. Dana Crossland wrote a letter of resignation which was regretfully accepted.

New yearbooks were handed out

and discussed. Also, there was a short discussion about the Tator Bake which will be November 3.

Secret pals were revealed with a gift exchange, and names were drawn for secret pals for this year.

September birthdays and anniversaries were recognized. Vicki Christian led members in the Club Collect.

The next meeting will be October 10, in the home of Vicki Vandiver.

Members present were Rozanne Bishop, De Chance, Vicki Christian, Shawnda Greer, Melissa Long, La Tresa Miller, Patti Miller, Teresa Minnix, Mitzi Nixon, Sharon Rainwater, Judy Schacht, Susan Simpson, JenniSu Smith, Atha Sue, Penny Taylor, Jan Thompson, Vicki Vandiver and Leora Younger.

Spirit Wind Choir to hold reunion

This summer the 1996 Spirit Wind Choir will host a reunion weekend in Midland, Friday, June 7 through Sunday, June 9. The alumni will rehearse with the 1996 choir on Friday and Saturday and then will participate in the 8:30 a.m. and 10:50 a.m. worship services on Sunday.

A social event will be planned for Saturday evening which will offer everyone a chance to renew friendships and catch up on old times.

We are in need of addresses of the former members of Spirit Wind. If you know of anyone in your church, a friend, or a family member who has been a part of Spirit Wind, please send their address so that they may receive all further communication about the weekend.

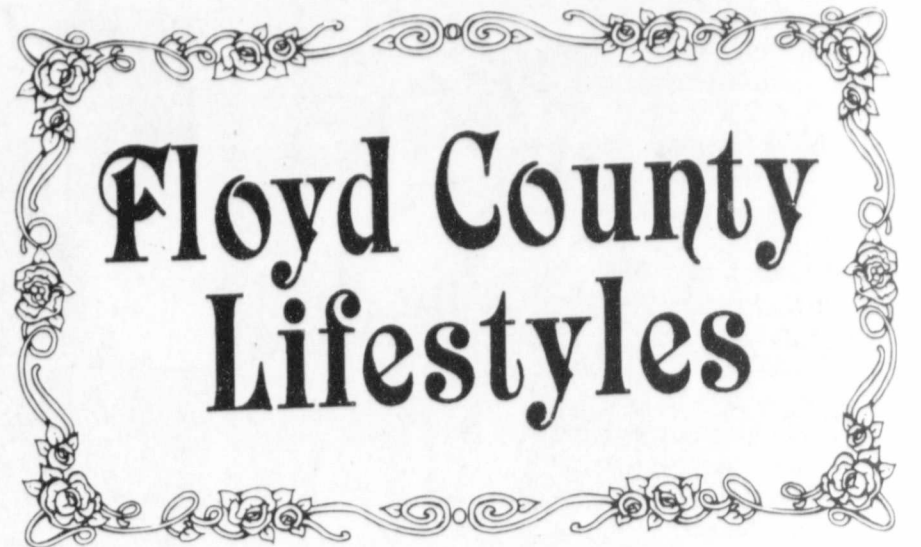

Please mail or fax any information you may have to Bert W. Bostic, St. Luke's United Methodist Church, 3011 West Kansas, Midland, Texas 79701. The fax number is 915-694-9608.

Carthels to celebrate 60th Anniversary

The children of Aaron and Estelle Carthel are honoring them on their 60th Wedding Anniversary with a reception in the Carthel home at 820 West Missouri, in Floydada, from 3 to 5 p.m. Saturday, September 23.

Relatives, neighbors, and friends are invited. No gifts please.

Baby showered with gifts

FLOYDADA - Kristy and Carson Carroll were honored with a baby shower August 12, 1995, in the home of Karen Lawson.

Hostesses were Laura Turner, Karen Lawson, Kathy Fondy, Rebecca Burns, and Dixie Smith.

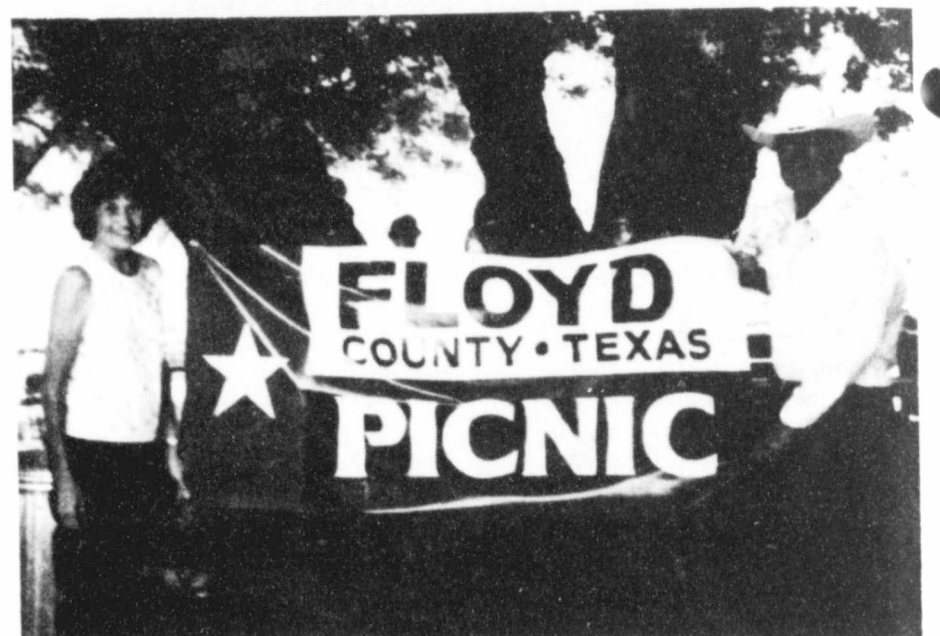

The table was covered with a lace table cloth with Ragedy Ann and Andy sitting in a little chair as the

center piece.

Guests were served assorted cookies, quiche, and muffins with punch.

Special guest were grandmother, Sarah Hinsley, and great-grandmothers, Wynell Hinsley and Wanda Williams all of Floydada.

The hostesses presented Carson with individual gifts instead of one hostess gift.

ANNUAL FLOYD COUNTY PICNIC - The annual Floyd County Picnic was held at Balboa Park in San Diego, California as usual, August 26, 1995. Those attending were: James and Margie Langley of San Diego Ca.; C. Jack Smith of El Cajon, Ca.; Doris and Frank Brittain of Chula Vista, Ca.; Norvill and Lorna Rainer of Lakeside, Ca.; Bob and Patty Peterson of LaMesa, Ca.; Ralph and Jewell Taylor of Tulare, Cal; Bob (A.J.) and Ann Roberts of Highland, Ca., and their daughter Gayla Roberts of Irvine, Ca. were present. Mulder and Hilliard recite wedding vows

Cindy Mulder and Trent Hilliard were united in marriage during a double ring ceremony, Saturday afternoon, July 22, in Indiana Avenue Baptist Church in Lubbock. This is the church where the couple first met.

The bride is the daughter of Nathan and Kathy Mulder of South Plains and the groom is the son of Darwin and Katy Hilliard of Lubbock. The ceremony was performed by Brett Hilliard, brother of the groom, who is attending Dallas Theological Seminary, and Nathan Mulder, father of the bride, pastor of Flomot Baptist Church.

Organ music was played by Janis Julian and the piano was played by Darla Chappell. Prelude music was by Matt Hilliard on guitar, and soloist was Lori Caldwell. Songs were "Somewhere in the World" and "I will be Here".

The church was decorated with two spiral candle trees with greenery and votive candles. There was a white unity candle adorned with greenery which was lit during the ceremony. Iridescent ribbon bows were placed on the pews.

The bride, escorted by her father, wore a white satin and schiffli lace dress. The bodice was heavily beaded with sequins and pearls and featured a portrait collar neckline and a fitted Basque waistline. The full ballgown skirt flowed to a cathedral length train. The headpiece was white floral with silk roses and seed pearl leaves, accented with silk illusion pouf.

The bride carried twelve red long stem roses with baby's breath and English ivy, with an iridescent white bow.

The groom was dressed in the clas-

sic black tuxedo with tails.

Serving as matron of honor was Penny Poole, of Plainview, sister of the bride. Bridesmaids were Lori Caldwell of Grand Prairie; Mitzi Julian of Atlanta, Ga.; Lori Kleibrink of Lubbock; and Myrna Dean of Wellman; all friends of the bride.

They wore v'd back, straight-fitted, black linen dresses that were teal-length. They carried bouquets of three minuet roses, adorned with greenery and iridescent bows.

The flower girl was Jessica Poole, niece of the bride. She was dressed

in a black and white dress with a white Battenburg collar. She carried a white basket containing red hearts.

Best man was Todd Robison of North Richland Hills, cousin of the groom. Groomsman were Matt Hilliard of Denton, brother of the groom; Curt Hart of Waco; and friends of the groom, Wade Flake and Brian Christiansen both of Lubbock. They were each dressed in black tuxedos.

Ushers were Allen Stephens and Mike Eckles of Lubbock, both friends of the groom.

The wedding reception was held in the chapel of the church. The bride's and groom's tables were draped with black floor length cloths with white Battenburg lace overlays. An arrangement of red roses was centered between the two tables. Each table was adorned with a crystal goblet candelabra and silver serving appointments. The bride's table held a white multi-tiered wedding cake topped with a Precious Moments bride and groom. The groom's cake was in the shape of a "Double-T".

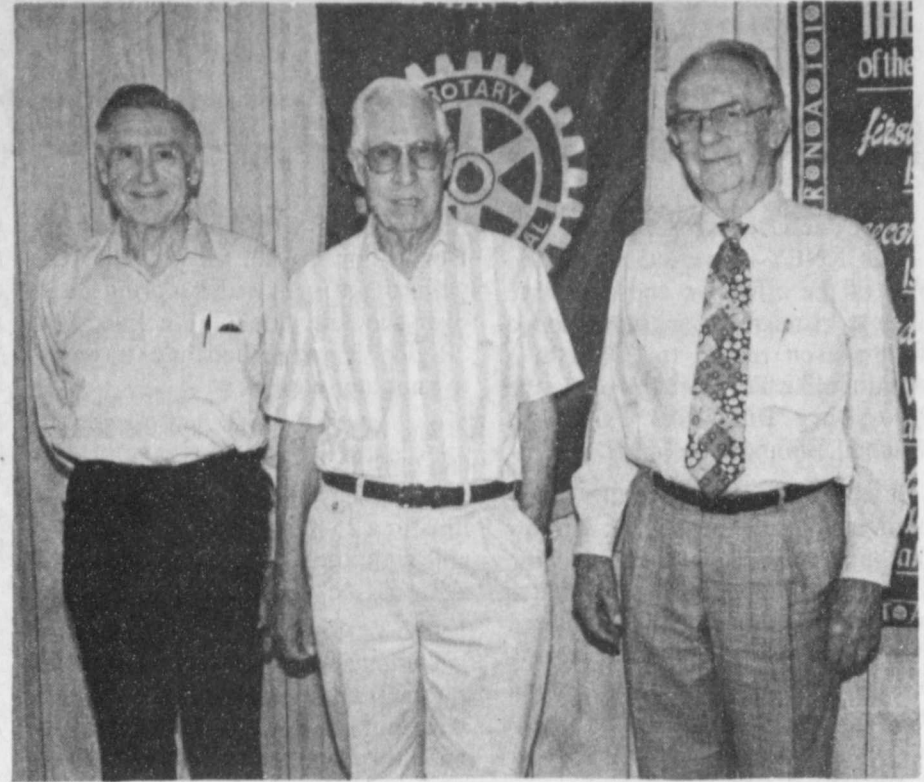

Serving at the bride's table were Tami Asmussen, Keller Lemons, Ilene Phillips and Marla Reedy.

Presiding at the groom's table were Tish Garcia, Jana Hart, Shannon Hilliard and Katy Robison.

Other members of the house party were Janis Julian, Connie Johnson, Beth Faulkenberry and Darla Chappell.

The rehearsal dinner was hosted by the groom's parents at the Merket Alumni Center.

Following a wedding trip to San Francisco, California, the couple's home will be in Lubbock.

Quebe wins essay contest

(Editor's Note: Young ladies competing in the Miss Floyd County Pageant were encouraged to write an essay on America. The winner received a \$100 savings bond. The winning essay was written by the newly crowned Miss Floyd County, Gretchen Quebe, of Lockney, and is reprinted here.)

Guiding America Into a Great Nation

By Gretchen Quebe

"God bless America. Land that I love." I'll stand beside her and I'll guide her "through the night with a light from above." We all have a duty to help 'guide' our country, whether it be in a small way or a large way. Some Americans choose to be politicians. I consider this to be a very important way one can lead our country. Politicians are usually good people with sound morals and high ideals. They are what keeps our country running smoothly. Not everyone can make laws, but through the politicians that serve our people, we Americans can have a voice in our government.

The military also helps to 'guide'

our country. They serve the people by protecting the land that is so dear to each of us. Many soldiers have risked their lives in order for Americans to be safe and secure. I thank them for protecting my opportunities for freedom.

Unfortunately, we all cannot be politicians or serve in the military. We, as Americans, can still 'guide' our country by being a taxpayer or voter. When we fulfill these responsibilities, we are doing our duty as an American. Education is an important aspect of my life and by people paying their taxes, this gives me the opportunity to further my education. Exercising the right to vote will enable our country to have officials that are elected by the people. Voters have the responsibility to elect the best possible representatives who will make decisions that will keep this country free for me, my friends, and eventually for my children.

We all have a duty as Americans. Some of our duties are larger than others. As long as we can accomplish these things, America will always be a great nation. But, it is up to us—Americans.

Recipe of the Week

Pineapple Cheese Coffee Cake

Crumbly Crunch Bursting with Juicy Tang

The Home Baking Association says this recipe works well with all-purpose flour if you add 1-1/2 teaspoons leavening and 1/2 teaspoon salt for every cup of flour.

If you use self-rising flour, you save measuring and mixing steps because the leavening and salt are included.

Whichever you use, the word "enriched" on the bag of flour means that the B-vitamins, thiamin, niacin and riboflavin, and the minerals, iron and calcium have been added as a nutritional bonus.

The recipe looks a little long because of the many scrumptious ingredients. The procedure is simple. Just follow the five steps according to instructions.

Pineapple Cheese Coffee Cake (1 Coffee Cake)

- | | |
|---|-----------------------------------|
| Pineapple Filling*: | Cinnamon Crumb Topping: |
| 2 cups fresh pineapple, chopped, peeled | 1 cup enriched self-rising flour |
| 1 cup sugar | 1/2 cup sugar |
| 1 tablespoon fresh lemon juice | 1 teaspoon ground cinnamon |
| 2 teaspoons vanilla extract | 1/2 cup butter or margarine |
| may substitute 1 jar (10 oz.) apricot pineapple preserves | |
| Creamy Cheese Filling: | Dough: |
| 2 pkg. (8 oz. each) cream cheese | 3 cups enriched self-rising flour |
| 1/3 cup sugar | 1/3 cup sugar |
| 2 eggs | 1 teaspoon rapid rise dry yeast |
| 1 tablespoon vanilla extract | 1 cup milk |
| 2 teaspoons lemon juice | 1/4 cup water |
| | 1/3 cup unsalted butter |
| | 2 eggs |

Prepare Pineapple Filling: In small saucepan combine all ingredients. Cook until syrupy and liquid is reduced to about 1/3 cup, stirring occasionally. Cool. Set aside.

Prepare Creamy Cheese Filling: Beat cream cheese with sugar until smooth. Beat in eggs one at a time. Beat in vanilla and lemon juice. Set aside.

Prepare Cinnamon Crumb Topping: Stir together flour, sugar and cinnamon. Cut in butter with pastry blender or food processor until crumbly.

Prepare Dough: In large mixing bowl of electric mixer stir together flour, sugar and undissolved yeast. In saucepan heat milk, water and margarine until warm, (no more than 120 degrees F.). Add liquid to dry ingredients. Beat 3 minutes. Add eggs, one at a time. Add remaining flour to make a stiff batter.

To assemble coffeecake: Spoon batter into greased 13 x 9-inch pan, reserving about 1/3 of the batter for the top. Spread Creamy Cheese Filling on top. Dollop Pineapple Filling over all. Top with dollops of remaining batter. Top all with crumb topping. Let rise in warm place 20 minutes. Bake in preheated 375 degree F. oven 35 to 40 minutes. Cool.

Horns remain undefeated

Lockney beats Petersburg

By Coach Bobby Ventura
LOCKNEY—Sparked by the solid play of the offensive and defensive lines, the Lockney Longhorns upped their season record to 2-0 with a workmanlike 20-7 victory over the Petersburg Buffaloes Friday at Mitchell-Zimmerman field.

It looked like deja vu for the Longhorns as for the second week in a row the opposition received the opening kickoff and marched down the field to paydirt. Chris Travis culminated Petersburg's 11 play 68-yard scoring drive with a 6-yard scamper around left end. Eddie Esparza's kick was true for a 7-0 Buffalo lead.

But the Longhorn defense suddenly got omerly and stifled the Petersburg offense the remainder of the night. The Horns offense got un-

tracked and with 8:43 remaining Devon Phillips ran for 2 of his 166 yards of the night with a scoring jaunt over the left side of the line. Joe "Rodeo" Marks drilled the extra point to knot the score.

The fourth quarter saw the Horns capture the lead for good as Marks cruised the right side of the offensive line for a 25-yard score. The dependable right toe of Marks was accurate again as Lockney upped its lead to 14-7.

Carlos Perales put the final 6 digits on the scoreboard with a 41-yard interception of a pass in the right flat to end the scoring at 20-7. When all was said and done, the horns had carved out a solid victory against a tough, physical Petersburg team.

The next game for the local team

will be against Crosbyton on Parents night next Friday. It should be another tough game for the Longhorns. As Coach Dowell stated Saturday, "Crosbyton is much improved over last year. They proved they can play good football by their inspired outing against Hale Center on Friday night. We need another determined effort to remain with an unblemished season record."

Coach's Comments

By Coach Malcom Moerbe
 It wasn't pretty, but it was a victory and we'll take it. To come off the big win against Floydada and be able to defeat a good Petersburg team says something for our kids. They took care of business.

This week is the last of our non-district games. I told our kids in the 2-

a-day workouts that if they beat Floydada, they would be 3-0 going into district. Now is our chance to obtain that goal. To win, we have to play well because Crosbyton is much improved.

Defensive point leaders for the week: Carlos Perales - 43, Willie Luna - 42, Scott Crawford - 24.

Defensive point leaders for the Season: Devon Phillips - 102, Willie Luna - 73, Carlos Perales - 68.

Davis earns top weekly prize in annual football contest

Breezer Football Report

By Bill Gray

Floydada's 7th Grade Breezers rallied for a fourth-quarter touchdown in a 16-14 season-opening victory at Brownfield last Thursday. Brownfield scored on a long run in the opening period, and added another long TD run and conversion in the second stanza. The Breezers countered with Jermaine Wickware's 60-yard touchdown romp and 2-point conversion in the second quarter.

Bradley Minnix crashed in from 3 yards out to tie the score in the final period. Zack McNew tossed the winning 2-point conversion pass to Minnix. Defensive gems were turned in by Joe Cuba and Antonio Santos as each had fumble recoveries.

Outstanding players named by the coaches were Ruben Castillo (offensive line), Joe Cuba (offensive back), Antonio Santos (defensive line), and Tyrel Fuller (defensive back).

Brownfield's 8th Graders scored a third-quarter safety, which turned out to be the difference in their 10-8 decision over the 8th Grade Breezers. According to the Floydada coaches, "Our kids played well on defense throughout the game."

Floydada's lone score came in the fourth period on a 36-yard TD pass from Dusty Anderson to Darryl Henderson. Anderson added the conversion off the option.

Cited for their performances in the season opener were Dusty Anderson (quarterback), David Lightfoot and Darryl Henderson (offensive backs) and Hector Palacios (offensive line). Turning in outstanding performances on defense were Josh Tipton (corner back), Brandon Wickware (line) and David Lightfoot (linebacker). Both Breezer squads will travel to Post for their second outings on September 21.

CORRECTION

In last week's article on the Whirlwind JV game, it was incorrectly reported that Omar Eguia accounted for Floydada's only touchdown in the 6-0 victory over Lockney's junior varsity. The 12-yard touchdown was scored by Adam Perales. We apologize for this error.

Shop At Home First!

 Another Lockneyite, Jim Ed Davis, has earned the first place prize for the second week of the annual Floyd County Hesperian-Beacon football contest. Davis missed 7 games and selected Brownfield to win over Floydada. He chose a tie-breaker score of 44, 13 points over the actual combined score of 31.

This earns him the \$25.00 check for first place. His prize check will be available in the Lockney Office of the Hesperian-Beacon on Friday, September 22.

Second prize of \$15.00 goes to Phillip Glasson, also of Lockney. He missed 7 games, chose Brownfield over Floydada, and picked a tie-breaker score of 50. His check will be waiting in the Lockney Office on Friday.

Marcos Torrez of Floydada earns the third place check for \$10.00. He also missed 7 games, but selected

Junior Varsity 'Winds blank Brownfield

By Bill Gray

Floydada's junior varsity won its second consecutive game of the young season with a 14-0 whitewash over the visiting Brownfield JV. With the teams locked in a scoreless tie through the first two periods, Mario Nunez rambled in from the 25-yard line to give the JV Whirlwinds a 6-0 lead after three quarters.

The defensive struggle continued well into the final period. Michael Palacios capped a 64-yard drive with an 11-yard TD. Adam Perales converted the 2-point attempt at the 4:53 mark of the 4th quarter, and then left it up to the 'Wind defense to preserve the victory.

According to Coach Craig Cooke, "We've got a strong effort from this group...not many numbers, but some quality players. The game conditions were very poor, but the players stayed in there and came up with the win. This bunch is 2-0 and hasn't been scored on in scrimmages or games so far."

Praised for their efforts on offensive line were Chris Enriquez, Jacob Thrasher, Pedro Chairez, George Perez and Dusty Jahay. The coaches named Mario Nunez and Michael Palacios as the outstanding offensive backs. Defensive accolades were handed out to Adam Soto, Jason Henderson, Nunez and Adam Perales.

Lockney Junior Varsity defeats Petersburg 12-7

By Coach David Sutterfield
The Lockney J.V. traveled to Petersburg Thursday and started off with a bang. Ryan Graves threw a pass to Miguel Guerrero who rambled into the end for a 55-yard touchdown. The 2-point conversion failed. Petersburg then received the kickoff and proceeded to power the ball to the end zone. The drive ended with a 10-yard scamper by their tailback.

After the two scores, both defenses took charge. Ryan Smith and Thad Lusk both had excellent games at defensive end. Petersburg was threatening to score, but a crushing hit by Javier Martinez ended the threat. With five minutes left in the game and the horns trailing 7-6, the offense started to dominate. Graves once again hit Guerrero for a 20-yard gain. After a few good runs by Chris Rodriguez, Ryan Graves plunged into the end zone from 3 yards out. The defense then held on for the win, 12-7.

Johnny Gonzales, Tony Williams, Frank Guerrero, Ryan Smith and Thad Lusk had great defensive

games. Ryan Graves, Miguel Guerrero, and Casey Lambert had good offensive games. The J.V.'s next game will be at Crosbyton at 5:00 p.m.

Hey, Longhorn Fans!
Wow! What a great start! The Longhorns started the season with great effort! So far, we're 2-0 and plan on making it 3-0 after Friday night's game against Crosbyton. Come cheer on the Longhorns at Mitchell-Zimmerman field here in Lockney as they take on the Crosbyton Chieftans. The game starts at 8:00 p.m. and before that at 3:00 p.m., there will be a Pep Rally to get the guys fired up. Thursday night the Junior High and J.V. teams will be playing the Chieftans. Junior High games will be here at 5:00 p.m. and the J.V. game will be there at 5:00 p.m. Come join the excitement!

9th grade 'Winds beat Brownfield

By Bill Gray
The Freshmen Whirlwinds exploded for 21 fourth-quarter points to slide past Brownfield 37-22 in stormy conditions at Wester Field last Thursday. The visitors took an early 8-0 lead, but Keith Collins' 12-yard TD run (with a little over a minute remaining in the first half), coupled with Cody Stovall's 2-point conversion, tied the score at 8-all at the intermission.

Brownfield scored on a 10-yard pass and two-point conversion in the third period, but Michael Black's 11-yard TD and a 2-pointer by Collins (midway through the period) tied the contest at 16-16 through three quarters.

Collins led the scoring avalanche in the final stanza with touchdown runs of 35 and 25 yards. Black's 61-yard TD, plus Stovall's 2-pointer and a kicked conversion by Gabriel Rodriguez, provided the final margin of Floydada's victory.

According to the coaches, Collins, Black and Ticen Harper turned in outstanding offensive performances. John Dunavant, Gabriel Rodriguez and Cody Stovall were name outstanding defensive performers. The 9th Grade 'Winds hope to continue their undefeated season when Post's freshmen come calling on September 21.

Brownfield slips and slides by 'Winds

By Bill Gray

The Brownfield Cubs capitalized on a Floydada turnover and a costly late-hit penalty to score twice in the fourth quarter to capture a 25-6 victory last Friday. Brownfield's Jerome Morin threw two touchdown passes for 21 and 34 yards and added a late TD from 9 yards out to please the Homecoming crowd on the rainy, dreary night. The Cubs improved to 1-1 as the Whirlwinds dropped their second decision of the 1995 campaign.

Both teams struggled in the mud and rain during the first 24 minutes. The Cubs moved 68 yards in 10 plays in their initial possession. Junior Matt Walker hauled in a Morin aerial at Floydada's 15-yard line, broke a tackle in the secondary and raced untouched into the end zone midway through the opening period. Carlos Rojas' conversion attempt was spoiled by a high center snap.

Neither team mounted a serious threat for the next 18 minutes as most of the remaining time of the first half was played in a steady drizzle. The teams traded back-to-back interceptions in the final two minutes of the second quarter and Brownfield settled for a precarious 6-0 halftime lead.

The Cubs failed to take advantage of a Whirlwind turnover, early in the third period, but Travon Perkins added the second Brownfield touchdown with a 50-yard sprint in the final two minutes of the stanza. Floydada attempted to get its offense untracked, but mistakes and a stout Cub defense kept the Whirlwinds in their own end of the field for most of the evening.

Brownfield's James Foster intercepted a Zack Abshier pass on the first play of the fourth quarter, but a roughing-the-passer penalty against the Cubs breathed new life into the Whirlwinds. Floydada retained possession at Brownfield's 41-yard line. However, five plays later the 'Winds committed their fourth turnover.

Capitalizing on the Floydada turnover, the Cubs were again on the march. Perkins' runs of 11 and 15 yards helped move Brownfield back into Whirlwind territory. Morin found Andy Reyes wide open at Floydada's 15-yard line. The speedy junior cashed in on the pass-and-run combination to complete the 34-yard TD strike. Rojas kicked the point-after to extend the Cub lead to 19-0.

Following the ensuing kickoff, the Whirlwinds were again "3 and out." Perkins' 60-yard punt return for a touchdown was nullified by an illegal block. However, the Cubs' determination and momentum to put the game out of reach was evident in Morin's 9-yard TD run just four plays later.

Floydada newcomer Ramon McCann helped the 'Winds avoid a shut-out with a spectacular 73-yard touchdown scamper in the final minute of play. Abshier's pass to Vernon Cooper for the 2-point attempt came up short, and the Cubs ran out the remaining time on the clock.

Floydada will try to regroup when the Whirlwinds travel to Post for yet another Homecoming game at the visitors' home field. Brownfield will attempt to improve their record to 2-1 with a non-conference date with Class 4A Ft. Stockton.

another in the fourth (and deciding) quarter. My defensive player of the game was a tough choice, but I guess it is to Cub Rusty Pickett, who had two sacks to go along with a number of tackles and assists. My pick for defensive play of the game goes to Whirlwind soph Kyle Pierce for his TD-saving stop of Travon Perkins at the 5:43 mark in the 4th quarter. Pierce made a couple of other good defensive plays in his limited time in the game...one of them bordered on being a "head-hunter shot." I think I see a real "head-hunter" coming along. The Whirlwinds have a tough assignment coming up this Friday when they are once again a Homecoming "guest" ... this time in "Bold Gold" country. The Antelopes are hungry for their first win in '95, but I think the Whirlwinds will be hungrier...and will knock off Coach Davis' alma mater... to the tune of about 4 points. Bill's other pics:

Coach's Comments

By Bryan Davis

I wasn't real pleased with our efforts in the first half of the Brownfield game. You can make some excuses like the weather and all, but I don't think that had anything to do with it. We just didn't have any intensity, and that's nobody's fault except mine and the coaches.

We are doing some things very well, but are making costly mistakes at critical times. We've got to figure some way to correct those errors.

The third quarter turnover that killed our drive was very crucial, considering we busted that one late (the 73 yard touchdown by McCann). Both teams had their share of turnovers, but Brownfield was able to capitalize on their opportunities.

It was just basic football, and they physically outplayed us as far as blocking and tackling - and that's a problem we are going to correct.

We're going to keep working and try to improve every week. The Post game is very critical. We've got to regroup and have a good week of practice. If we can play well and get a victory, we might be able to get things rolling.

8th grade scrimmages Petersburg

By Coach Todd Hallmark

LOCKNEY—The Lockney 8th Grade Shorthorns traveled to Petersburg last Thursday for a scrimmage and did not come home empty-handed. I feel like the kids came away from the scrimmage pretty happy with what they had accomplished.

We moved the ball offensively pretty well with the hard running of Robert Bartlett, Scotty Lopez, Elias Saucedo, and Brandon Prather. We also connected on some key passes from Jordan Lambert to Josh Quebe and also one to Chris Jones.

When you speak of running the ball and throwing the ball you must get some blocking up front and our front line did a good job. They include

Kevin Afill, Justin Graves, Rolf Sherman, Peter Naranjo, Carlos Nunez, Adam Jones, Omar Lajoya. I expect some good things from all our kids offensively.

On the other side of the ball, defensively, we looked fairly good. We had lots of good effort from many of our kids. Jesse Ledesma, John Gutierrez, Ramiro Martinez, David Martinez,

Josh Carter, Josh Pyle, and Nick Castro all gave good efforts. We have 31 kids out to play and they all did very well and expect good things from all of them.

Our next game is against the Crosbyton Chiefs here in Lockney starting at 5:00 p.m.

7th grade dominates Petersburg

By Coach Rodney Dowell

LOCKNEY—The 7th grade boys locked horns with the Petersburg Buffalos in Petersburg last Thursday. The scrimmage started off great when the shorthorns Tauren McDonald took the pitch from quarterback Chase Graves for a 20-yard gain.

"The offensive line totally dominated the Buffalo defensive front. Plus I was extremely proud of these young men because I've been working them extra hard," said Coach Norwood (the Jr. High offensive line coach). There were several great offensive performances including: Tauren McDonald, Chase Graves, Anthony Garza, Julia Guerrero, and Aaron Dietrich.

Plus our linemen did a super job and they are: Tyler Bybee, Christophe Ascencio, Marcus Muniz, Jeremy Butler, Tyler Phillips, and Kelsey Schumacher. "I was very proud of all these young men because you're always a little confused and scared in your first football game, but they showed a tremendous amount of

courage."

"It's going to be a pleasure coaching these kids this year and I hope people will come out to support these young men," said Coach Dowell. This group is so promising Coach Sutterfield was heard to say, "I can't wait until these young men are ready to play J.V. because they'll be something special to coach."

We also had several kids who did a great job on the defensive side of the ball. They were: Paul Rivera, Jonathan Martinez, A.J. Thornton, Jared Thornton, Miguel Padilla, Tauren McDonald, and Kelsey Schumacher. Other all around standouts were Gilbert Encizo, Heath Stoerner, and Brandon Hennigan.

Defensively, we have lots of room for improvement, but the intensity and work ethic is without a doubt there. If we can build on that, we'll be fine. The 7th grade shorthorns play the Crosbyton Chiefs this Thursday in their home opener starting at 5:00 p.m.

BILL'S NOTES
It wasn't very pretty down at Brownfield. The Whirlwinds had about as much trouble getting something going offensively as the "Spirit of the 'Winds Band'" had in trying to get one of their buses unstuck. However, the bus got out of its hole, but it took the 'Winds 47 minutes and 3 seconds to really get their offense in gear...in the form of the fine 73-yard touchdown run by fullback Ramon McCann. The first-year Whirlwind's score, made possible by several broken tackles as well as a couple of key blocks, enabled Floydada to avoid a shut-out. The play gets my nod as the offensive play of the game.
My choice for offensive player of the game goes to Cub QB Jerome Morin, who passed for two scores and carried in for

Fashion Follies scheduled for Sunday

By Melissa Long, CEA-FCS
 South Plains Junior 4-H members (ages 9-13) from 20 counties will be participating at the 4-H Fashion Follies at the Panhandle South Plains Fair Coliseum. The "Follies" will be held on Sunday, September 24, 1995 at 2:30 p.m. Youth participants have completed the equivalent of a 3 hour

study of clothing, grooming and consumer buying. Participants will be modeling a garment they constructed or purchased as a result of their 4-H clothing project.
 Special guests will be Jody Nix and his band to provide entertainment. This year's theme is "Circle the 4-H Fashion Wagons."
 Participants from Floyd County include: Mandi Yeary, Bonnie

Dunlap, Lindsey Mathis, Tiffany Taylor, Tasha Powell, Karah Hrbacek, Molly Long, Melissa Dunlap and Janee Hrbacek.
 Following the Follies and entertainment, a "Chuck Wagon" refreshment break will be provided for the participants.
 Join 4-H'ers from the 20 county area for Fashion Follies at the South Plains Fair.

Super Saturdays set at Texas Tech

Texas Tech University's Institute for the Gifted will host the fall session of Super Saturdays Sept. 23 through Oct. 28. The registration deadline to participate in the program is Sept. 20.
 The program is designed to provide students in kindergarten through 12th grade with academic and creative experiences beyond the regular school curriculum. Topics include various classes in aerodynamics, archaeology, art, computers, creative writing, drama, science, Spanish and wildlife. Courses with the Texas Tech Adventure Program also will be offered. Instructors for the classes include members of the Texas Tech faculty, professionals in various fields and public school teachers.
 Students may take as many courses as they wish, but each class is limited to 15 students.
 Super Saturdays classes meet for two hours each Saturday for six weeks. The average cost per class is \$63, but fees do vary according to topic.
 To participate in the Super Saturday's program, students may be nominated by a teacher, counselor or school administrator, or they must meet one of the following criteria: I.Q. of 120 or above, solid B+ or better overall average in school, standardized achievement test score of 90th percentile or higher in one or more areas, leadership ability, imaginative or creative thinking ability, or visual or performing arts ability.
 For more information or to register for Super Saturdays, contact Tina Vecchio, program assistant at the Institute for the Gifted, Division of Continuing Education, Texas Tech University, Box 42191, Lubbock, Texas 79409 or call the institute at (806) 742-2352 Ext. 241.

IMPORTANT NOTICE OF PROPOSED SETTLEMENT OF CLASS ACTION AND FAIRNESS HEARING
 IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF ALABAMA SOUTHERN DIVISION
 Jack H. Woodward, et al. vs. NOR-AM Chemical Company
 No. 94-0780-CB-C

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL® and Their Spouses, Children, Other Relatives and Legal Representatives and PRICE v. CIBA-GEIGY, Civ. No. 94-0647-CB-S (S.D. Ala. 1995), SETTLEMENT CLASS MEMBERS

FUNDAL® WAS A COMMERCIAL AGRICULTURAL PESTICIDE WHICH WAS MARKETED IN THE U.S. BY NOR-AM CHEMICAL COMPANY. FUNDAL® WAS NOT MARKETED FOR RESIDENTIAL OR HOME GARDENING USE.
 U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO FUNDAL® MAY BE ELIGIBLE FOR FREE MEDICAL MONITORING AND/OR CASH PAYMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.
 PRICE SETTLEMENT CLASS MEMBERS ARE ALL U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON® (INCLUDING GALECRON® AND FUNDAL®) WHO DID NOT EXCLUDE THEMSELVES FROM THE PRICE SETTLEMENT. PRICE SETTLEMENT CLASS MEMBERS MAY BE ELIGIBLE FOR CASH SUPPLEMENTS UNDER THIS PROPOSED LEGAL SETTLEMENT.
 PLEASE READ THIS NOTICE CAREFULLY. YOU MAY BELONG TO A CLASS OF PEOPLE COVERED BY A PROPOSED SETTLEMENT OF A LEGAL ACTION ("WOODWARD SETTLEMENT"). THE WOODWARD SETTLEMENT MAY AFFECT YOUR LEGAL RIGHTS. FOR MORE INFORMATION CALL 1-800-211-6913

By Order of the Court, a class action has been conditionally certified for settlement purposes. On January 9, 1996, a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 113 St. Joseph Street, Mobile, Alabama, 36602, at 9 a.m. Central Time, so the Court can determine if the class action should be finally certified and if the Woodward Settlement, as summarized in this Notice, should be approved as fair, reasonable and adequate. Although participation in this settlement is voluntary, all Woodward Settlement Class Members who do not timely exclude themselves from the lawsuit will be bound by the Woodward Settlement if it is approved.

- DEFINITION OF CLASS**
 Under the Woodward Settlement, Fundal® is defined as chlordaneform or any chlordaneform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of NOR-AM Chemical Company ("NOR-AM") or related parties, regardless of the trade name of the product; or any metabolite of Fundal®, including the substances known as 4-COT or 5-CAT. Galecron® has the same meaning as it did in the Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995). Settlement ("Price Settlement"), and is thus defined as chlordaneform or any chlordaneform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of Ciba-Geigy Corporation or related parties, regardless of the trade name of the product; or any metabolite of Galecron®, including the substances known as 4-COT or 5-CAT.
 The Woodward Settlement Class is defined as:
 (1) All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have been exposed in the United States to Fundal® only, but not to Fundal® and Galecron® or to Galecron® only ("NOR-AM Exposed Persons");
 a. Formulators: An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment was exposed to Fundal® while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides which contained, in whole or in part, Fundal®;
 b. Applicators: An individual (whether or not employed by NOR-AM Chemical Company) who in the course of his or her employment, was exposed to Fundal® while involved in the application of pesticides which contained, in whole or in part, Fundal®, including, without limitation, aerial and land applicators, flagmen, mixers, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; or
 c. Other Covered Workers: (i) An individual employed by NOR-AM Chemical Company who, in the course of his or her employment, was exposed to Fundal®; (ii) an individual who worked at Empak, Inc. in Deer Park, Texas and/or Micro Chemical in Louisiana and who was exposed to Fundal® in the course of his or her employment; (iii) or an individual who worked in a testing or research laboratory and who was exposed to Fundal® in the course of his or her employment; or
 (2) The spouses, parents, children, other relatives, or legal representatives of the NOR-AM Exposed Persons described above.
 (3) All members of the Price Settlement Class. The Price Settlement Class means all members of the settlement class certified by the court in Price v. Ciba-Geigy Corp., Civ. No. 94-0647-CB-S (S.D. Ala. 1995), excluding persons determined by the court to be opt-outs of that class. That settlement class thus includes persons residing in the United States who in the course of their employment were exposed to Galecron® or to Galecron® and Fundal® ("Ciba Exposed Persons"); and the spouses, parents, children, other relatives, or legal representatives of the Ciba Exposed Persons described above.

II. IMPORTANT MEDICAL NOTICE TO NOR-AM Exposed Persons and Ciba Exposed Persons (as defined above):
 You may have an increased risk of developing bladder cancer if you had on-the-job exposure to Fundal® and/or Galecron®. Workers exposed to Fundal® and/or Galecron® should participate in a medical monitoring program because early detection of bladder cancer can result in more effective treatment.
 If you had on-the-job exposure to Fundal® and/or Galecron®, it is recommended that you or your doctor call 1-800-211-6913 to learn how you can obtain further medical information or enroll in medical monitoring.

III. PROPOSED SETTLEMENT
 The Woodward Settlement provides for the establishment by NOR-AM of two funds to provide medical benefits and compensation to eligible Woodward Settlement Class Members or their legal representatives. This settlement is intended, where applicable, to work as a complement to the Price Settlement.
 The total package of benefits potentially available to a NOR-AM Exposed Person is the same as the total package of benefits potentially available to a Ciba Exposed Person. Thus, Woodward Settlement Class Members may be eligible for the same benefits whether they were occupationally exposed to Fundal® only, or to Fundal® and Galecron®, or to Galecron® only.
 (1) **The NOR-AM Medical Monitoring and Treatment Fund ("The NOR-AM MMT Fund")**
 If the Woodward Settlement is approved, NOR-AM will make an initial deposit of \$3,500,000 into the NOR-AM MMT Fund, and will thereafter make additional deposits on an as-needed basis. There is no limit to the amount of money NOR-AM can be required to contribute over the life of the NOR-AM MMT Fund, which will last a minimum of 20 years.
 NOR-AM Exposed Persons will be entitled to participate in the NOR-AM medical monitoring and treatment program; Ciba Exposed Persons may receive medical monitoring and treatment benefits only through the Price Settlement. The NOR-AM medical monitoring and treatment program and the medical monitoring and treatment program provided through the Price Settlement are identical. The NOR-AM MMT Fund will pay for a medical monitoring program designed to detect at an early stage the form of bladder cancer alleged to be associated with exposure to Fundal®, specifically, primary urothelial carcinoma of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. The NOR-AM MMT Fund will also pay for all medically necessary treatment for NOR-AM Exposed Persons.
 (2) **The NOR-AM Disease Compensation and Administration Fund ("The NOR-AM DCA Fund")**
 If the Woodward Settlement is approved, NOR-AM will also make an initial deposit of \$21,000,000 into the NOR-AM DCA Fund; up to a required maximum of \$30,000,000. The NOR-AM DCA Fund will make cash payments of up to \$626,500 on behalf of a NOR-AM Exposed Person who, after exposure to Fundal® only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal®. In addition, the NOR-AM DCA Fund will make cash supplements amounting to 40% of the amounts scheduled for and paid as compensatory payments pursuant to the Price Settlement, up to \$179,000, on behalf of a Ciba Exposed Person who, after exposure to Fundal® and Galecron® or to Galecron® only, has developed or in the future develops the form of bladder cancer alleged to be associated with Fundal® and Galecron®. The NOR-AM DCA Fund will also pay for administrative costs and class counsel's and administrative counsel's attorney fees, costs and expenses

as determined by the Court. The total attorney fee award to be requested will not exceed 20% of the benefit conferred upon the class. The benefits of the NOR-AM DCA Fund will continue as long as the NOR-AM MMT Fund continues, or until the NOR-AM DCA Fund is exhausted. If the NOR-AM DCA Fund is exhausted, NOR-AM may continue paying for compensable claims. If NOR-AM does not continue to pay for these compensable claims, Woodward Settlement Class Members will be able to opt-out of the NOR-AM DCA Fund and pursue any legal claims they may have, except for claims for medical monitoring, medical treatment, fear of illness or cancer, or increased risk of illness or cancer.
 (3) **Other Conditions.** The Stipulation of Settlement presently provides for medical monitoring, treatment and compensation payments for certain medical conditions set forth in this Notice. In the event, however, that a Court-appointed Epidemiology Panel determines to a reasonable medical certainty that any other medical condition is caused by Fundal® or Galecron® exposure, that condition will be deemed a compensable claim, and will be eligible for medical monitoring (if feasible), medical treatment, and cash payments.
 (4) **Release.** Woodward Settlement Class Members who do not exclude themselves from the Woodward Settlement Class release all past, present and future claims (i) relating to the covered medical conditions listed above; and (ii) relating to a Woodward Settlement Class Member's exposure to Fundal® or Galecron®, including all claims alleging that any other cancers, personal injuries or risks are caused by exposure to Fundal® or Galecron®.

IV. CLASS REPRESENTATIVES AND CLASS COUNSEL
 The Court has designated the following Woodward Settlement Class Members, Jack H. Woodward, Alta Woodward, Tom Lofton, Cindy Lofton and Rita Snow, as class representatives to represent all Woodward Settlement Class Members. The Court has also designated as Class Counsel the following individuals: Timothy E. Eble, S.C. Middlebrooks III, and David R. Donaldson.

V. RIGHTS AND OPTIONS OF WOODWARD SETTLEMENT CLASS MEMBERS
 If you are a Woodward Settlement Class Member, you have the following options:
 (1) You may do nothing and remain a Woodward Settlement Class Member. If you choose to take no action, your interests as a member of the Woodward Settlement Class will be represented by the Class Representatives and Class Counsel at no cost to you.
 (2) You may remain a Woodward Settlement Class Member and either represent yourself or hire your own attorney to represent you at your own cost.
 (3) You may remain a Woodward Settlement Class Member and object to the settlement.
 (4) If you choose to remain a Woodward Settlement Class Member (under options 1, 2 or 3 above), you may receive the benefits afforded by this settlement within six months of the Court's Order directing this Notice.
 (5) You may request exclusion from this settlement.

DEADLINES FOR ABOVE OPTIONS.
 The deadline for filing an Entry of Appearance if you choose to represent yourself or retain an attorney; for filing objections to this settlement; for filing a Notice of Intent to Appear at the fairness hearing; or for filing a request to be excluded from the Woodward Settlement Class is **DECEMBER 1, 1995.** TO LEARN MORE INFORMATION ABOUT HOW TO FILE ANY OF THE ABOVE ITEMS, PLEASE CALL 1-800-211-6913 or WRITE TO: Woodward Class Action, P.O. Box 974, Charleston, SC 29402.

VI. PROOF OF CLAIM PROCEDURE
 In order for any Woodward Settlement Class Member to receive any of the benefits of this settlement, he or she must comply with the proof-of-claim procedure. To learn how you may receive benefits under this settlement or to obtain a Proof of Claim Form for medical monitoring, medical treatment or disease compensation, call 1-800-211-6913 or write to Woodward Class Action, Post Office Box 974, Charleston, SC 29402.

VII. FOR FURTHER INFORMATION THIS NOTICE IS ONLY A SUMMARY. If you believe you are a Woodward Settlement Class Member you are urged to call 1-800-211-6913 or write to Woodward Class Action, Post Office Box 974, Charleston, SC 29402 to obtain further information regarding this settlement, how to exclude yourself from the class, and how to obtain benefits. **DO NOT CALL THE CLERK OF COURT** with questions about this Notice or this settlement.

Floydada ISD board hears parents concerns

Continued From Page 1
participate in athletics. In other words, we have standards before we let kids in that class. If they are freshmen, they can participate. If they are a sophomore, junior or senior, they have to have been in our off-season program before they can participate. The only exception is if they move in from another school. We do allow freshmen, even if they were not in the junior high program, to participate, to kind of have a fresh start in high school."

"We knew we would have some kids that didn't want to participate in football or in basketball. We have three choices for them. They can participate, they can stay in the program either as a manager or student trainer, or they would not be in the program the first semester, but could get in after that, which is no different than what has been done in the past."

"The concerns of these parents when they came to see me were that those kids not in off-season are not getting any conditioning or skill work that first semester. Another was that tennis was not offered year-round. There was a misconception that Coach Robin Nixon was coming over for a year-round tennis class, when she was actually coming over to hold the girls off-season class."

"There was a concern that the kids were not being able to pick up a PE credit because we were not letting them in athletics. The case is not that we are not letting them, but to be in there the first semester, they have to participate or manage. Another concern was that as an athletic director, all I cared about was football, not the other programs."

Davis answered those concerns pointing out that students could get the physical activity in PE class or tennis players could attend the after school classes for conditioning and skills training. He added that year round tennis classes are not an option because the district cannot offer any sport year-round due to staff and budget considerations.

PE credit can be earned by taking PE said Davis. He added that state law requires 1 1/2 years of PE credit and students have four years to get it. Davis pointed out that PE credit is a requirement and offering PE classes is a requirement. He also said athletics is a way to get a PE credit, but athletics is not a requirement.

"Athletics is a privilege," said Davis. "It is set up to enhance competition for UIL events. It is not set up as a PE class or a recreation class."

"What we do in an athletics program to be able to compete is that we teach discipline, team work, unity, getting along with your peers, competition and hard work to prepare them for life and to prepare them for competition stated Davis. "I am trying to develop an over-all program, and I am going to do the best job that I can for the entire program. I care about the program and I care about the kids."

"As athletic director, there are decisions I have to make. Some are easy, some are hard. I am not saying I always make the right decision, but I make decisions based on what I think is best for the over-all program, for the majority of the kids. Sometimes this adversely affects a few, and that is what has happened here."

Parents expressed their concerns about the athletic program from the aspect that first semester freshman students who cannot play football or girls basketball because of physical limitations and students who choose to play another sport are omitted from the athletic program by the new off-season program. These parents felt that their children were being punished for something they have no control over.

"When you have children," said

Dee Sanders, "you expect that they will be able to do all the things you would want for them. It doesn't always work out that way."

She continued, saying that it is important for students to have a place to go and to be involved in physical activity. She stressed the benefits of being involved in a team and learning to work with others as well as the confidence derived from developing friendships and competing together.

"When you take them out and don't let them play that first semester, some of the kids will never come back," stated Sanders. "You have put them down and told them they cannot do that."

Patti Probasco told the board that one of her sons suffered a head injury last year and doctors will not allow him to play football. "It is unfair not to allow him to be part of a sport he can participate in, working out and developing skills. The school should have athletic options rather than discouraging students or forcing them into areas of no interest."

Sanders told the board that "Up until the last three years, the school had a tennis class. There was a place. We should have found a good teacher, we should have a tennis program. I am sorry that we ever let it die, because now it is going to be hard to get it back."

Parents stressed that every year there would be students who couldn't or did not want to compete in football or girl's basketball, but who would be very competitive if encouraged in other sports. They said they would like to see a program that includes other sports for those who are physically challenged or talented in areas other than football and basketball.

Davis told them that students can still train in tennis after school with Robin Nixon. He indicated that tennis would not be taught as a sport, but is strictly an after school thing at this time.

Kathy Ross was concerned that her son, who chose not to be in football as a first semester freshman, will not be able to play basketball because he cannot be in the off-season this semester. "He will have missed half of the season by the time the first semester is over."

Coach Davis stated that her son could still participate in basketball by attending after school practice when basketball begins and getting into athletics in the second semester or during the remainder of the first semester if class scheduling at the high school permits.

He pointed out that this is a new program being implemented where no program existed before. He said that the program will be evaluated at the end of the year and appropriate changes will be made. Davis said that he would not promise that first semester freshmen would be included in the off-season program next year, nor would he say they would still be excluded.

"I am not forcing anyone to play football or girl's basketball. I just want them to get a taste of it before they choose not to play," said Davis. "I am simply limiting their choices as a first semester freshman."

Suzanne Wyrick told those present that she has a son who had heart surgery and still wants to play football. "The only way I can discourage him from playing football is to be able to offer him something else to compete in."

She added that she feels students want to participate in athletics because it is a prestigious thing that sets them apart from students who take PE. "They say 'I am in athletics' with a lot of pride," said Wyrick. "If there is any way to get a sport or off-season in place for these kids, I would like to see it happen."

A motion by board member Amado Morales declined to make any changes in the program at this time. The program is to be re-evaluated after this first year and appropriate changes are to be made at that time. The motion was seconded by board member Billy Joe Villarreal. All voted in favor of the motion.

Outstanding students for the month of September were recognized by the board. Named from Duncan Elementary were third graders Daniel Houchin, son of Eddie and Karen Houchin, and Meghan Graham, daughter of Scott and Debra Graham.

R. C. Andrews Elementary honored fifth graders Chelsea Kirk, daughter of Layne and Susan Kirk, and Tyler Helms, son of Kary and Jeanine Helms. FJHS named seventh grader Brad Cruz, son of Rene and Cora Cruz, and eighth grader Tiffany Henderson, daughter of Edd and Sharon Henderson.

Floydada High School chose to honor senior students Jodie Villarreal, daughter of Billy Joe Villarreal and Rosa Villarreal, and Tim Rando, son of Mr. and Mrs. Lupe Rando.

Other action included the reading and approval of the minutes of the previous meeting, authorization for the payment of monthly bills, and presentation of the tax report.

Administrative Assistant Jimmie Collins told the board that tax collections from 1994 now stand at \$1,594,744. Delinquent collections from the former CED total \$6,584,000. 98.02% of the 1994 taxes levied have been collected at this time. This compares to a collection rate of 97.51% at this date last year said Collins.

Sale of several tax properties were unanimously approved by the board on a motion by Morales with a second by board member Steve Lloyd. All voted in favor. Approved sales included four lots to Ruben DeLeon for a total of \$250,000, and the sale of one lot containing a delapidated structure to Joe Stepp for \$250,000. Sale of tax title properties must be approved by all taxing entities involved before becoming final.

A motion was made by board member Jack Robertson that the district apply for a waiver until mid-year for allowing kindergarten classes to alter the one teacher for 22 students mandated by the state.

Motion for the waiver was seconded by board member Charlene Brown. All voted in favor.

Each class has an aide and fall movement of migrant workers might bring the total number of students into compliance. This would alleviate the need for hiring an additional teacher and aide according to superintendent Jerry Cannon.

A motion was made by Lloyd and seconded by Villarreal that the superintendent be authorized to sign deeds for sale of school property in the future. All voted in favor. This will allow the superintendent to sign deeds for board approved sale of property when they are prepared rather than having deeds wait for board officers signatures.

The resignation of Beth Stevens was accepted by the board effective at the end of this school year. She is working with the Special Education Trainable Unit at R.C. Andrews Elementary. Hiring of Rebecca Lopez as a special education aide at Duncan was also approved. Motion for the actions was made by Morales with a second by Brown and all voting in favor. The motion also approved Kay Rainwater as a school employee and a participant in the PACE Program through WTA&M.

Bids for the sale of two school buses were opened. David McGowen bid a total of \$430 for the two vehicles. City Auto bid \$700 for the pair

and Eloy McDonald bid \$204. A motion by Villarreal, seconded by Morales, awarded the two used buses to City Auto as the high bidder.

The bad weather day scheduled for January 22, 1996 was changed to January 29, 1996 to coincide with the county stock show dates. Motion was made by Lloyd, seconded by Brown and approved by unanimous vote.

Superintendent Cannon reported that reserved seats for the football stadium had brought in \$7,566.00 in advanced sales this season. He also told the board that gate receipts from the Lockney-Floydada football game totaled \$5,800.00.

Cannon passed out statistics for local school enrollment this first six-weeks, denoting the student breakdown by sex, race and grade. He also reported that enrollment for the district is up at this time.

Cannon and Junior High Principal Monty Hysinger asked the board to consider hiring an additional aide for the district. Cannon would like to have someone to assist in preparing the PEEMS reporting data required by the state. Since this would not be a full time job, the proposed aide would work at the Junior High part time also. This would allow the aide to assist the FJHS secretary with her many duties since she has no help in the office. No action was taken at this time as the matter was not an agenda item.

Track bid accepted by Lockney ISD

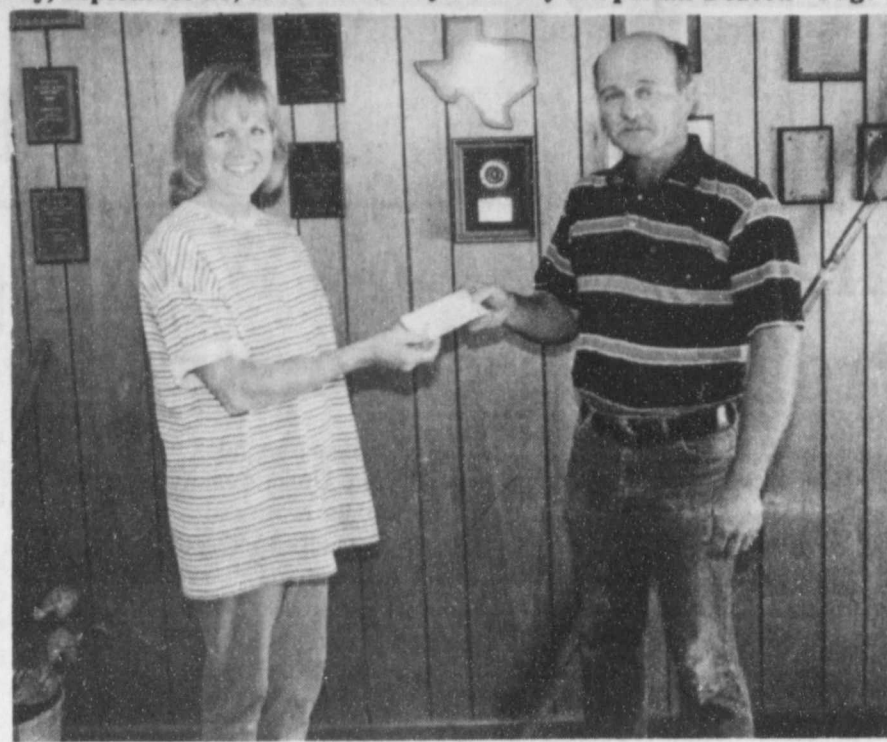

Continued From Page 1

He also reported that he had made several phone calls pertaining to the use of the fifteen passenger vans and that at the present time they could not be used to transport students. "But we can use suburbs," he continued.

In regular business before the board they read and approved the minutes of the August meeting, approved the current bills for payment and reviewed the financial report.

No one was present for the public forum.

Present at the meeting were board members, Carlton Johnson, Mike Mathis, Jessie Garza, Dan Smith, and Bernie Ford; Superintendent Raymond Lusk; Athletic Director Malcolm Moerbe; principals James Poole, Terry Ellison and Phil Cotham, Johnny Mosley and Kaci Mathis.

DONATIONS APPRECIATED--(R-L) Cheryl Dawdy, a director of Floyd County Friends accepts a donation from Rick Meyers, manager of Floydada Cooperative, on behalf of the Floyd County Friends organization. The money will be used to pursue grants for the Floyd County Friends which will be used to build a Multi-purpose center for Floyd County.

Setliff receives masters degree

LOCKNEY--Monte Setliff of Lockney received his Master of Education degree in Administration in the August 17 commencement ceremonies along with 239 West Texas A&M University graduates. Ninety-two candidates received master's degrees, and 147 candidates completed baccalaureate degree requirements during the 1995 summer sessions.

Undergraduates with an overall grade point average of 3.50 or better were recognized as honor graduates and were eligible to wear gold honor cords. The three levels of recognition are Cum Laude (3.50-3.74), Magna Cum Laude (3.75-3.89) and Summa Cum Laude (3.90-4.00).

Nineteen students graduated with Cum Laude honors, and seven students graduated with Magna Cum Laude honors. The five students with Summa Cum Laude honors were Mark E. Peppard of Alice with a master's degree in music; Sharon Delgado of Amarillo with a bachelor's degree in psychology and sociology; Amy Harris of Amarillo with a bachelor's degree in accounting; Deborah Price of Amarillo with a master's degree in education diagnosis; and Lyle Wheeler of Canyon with a master's degree in English.

WTAMU's graduating class represented 8 states and 50 cities and towns in Texas.

High Plains Boll Weevil Program is still on track

by James F. Leser
The High Plains Enhanced Diapause Boll Weevil Control Program is still on track for this year and will actually kick off on Tuesday the 26th of this month, barring any unforeseen weather or legal action. This represents the first of many steps leading toward full scale eradication efforts in 1998. The program is gearing up to make up to 5 million acre-applications over about a six week period. As fields reach a point where adult weevils can no longer find food supplies (either because of moisture-induced boll opening or the use of harvest aids) they will be dropped from the spray program. Some fields will receive only one application while others may receive up to 4. Remember that the purpose of this program is to reduce the number of weevils that try to overwinter. The program has averaged an 80% reduction over the 31 years it has been conducted. The first application could cover around 2 million acres. What will actually be sprayed will depend upon funds available and biological information such as trap catches. The program has been using a trap index below the caprock for the last few years which has provided a more economical, reliable and objective method compared to field survey. These traps will go out over the next two weeks.

I am refining a trap index for the High Plains area. Unfortunately there will be areas to the north and west that will have trap catches exceeding our index value but won't be able to be sprayed. Again, fund limitation. What we hope to do this year is to stabilize the weevil situation so that at the very least weevil problems will not be any worse in 1996 than this year. Weather permitting, the program will do much more. The bulk of the treatments will focus on the traditional program areas off the Caprock in Briscoe, Motley, Dickens, Kent, and Garza counties. It will also treat the Fluvanna area and fields along the top edge of the Caprock from Briscoe to Lynn County.

Other areas could include southeastern Lubbock, eastern and southern Lynn, Dawson, Gaines, Martin, Midland, Howard, Andrews, southern Terry and some areas in the south Yoakum County. This is a rough sketch of the program area which is subject to change depending upon funds and where the most impact can be had.

Remember, the program is not trying to protect this year's crop but rather to remove the most potential overwintering weevils from the area. To be successful, it will need your support and understanding.

Fewer acres being irrigated

Texas farmers are irrigating fewer acres of cropland and adopting new methods that make more efficient use of water, a five-year study by scientists with the Texas Agricultural Experiment Station here has found.

This adoption of water conserving systems has been high in the High Plains during the last decade. Since 1986, the number of quarter-mile center pivots has increased from 3,100 to an estimated 9,500 — a 206 percent jump.

"By 2020, between 40 percent to 60 percent of the irrigated acreage will be irrigated with an advanced or sophisticated system" such as the low-energy precision application (LEPA) system, Dr. Eduardo Segarra said.

The study of the use of efficient irrigation systems was conducted by Segarra, an associate professor of agriculture economics with the Experiment Station. He was assisted by Yinjie Feng, a doctoral student at Texas Tech.

"We started asking questions about what has been happening to irrigated agriculture in Texas first, and then we concentrated on the High Plains," said Segarra.

Current irrigated acreage in the state has decreased by 40 percent in the last 20 years. On the High Plains, acreage has decreased by 50 percent. There are two reasons for this, the scientist said.

"In some places we are running out of water. In others, it is getting too expensive to get the water out. That is the big factor — the cost of getting the water out," explained Segarra.

Not only has the amount of irrigated acreage been reduced, but the ways that acreage has been irrigated has changed too. There are several types of irrigation systems.

A furrow irrigation system, which is not very sophisticated, has the lowest level of water application efficiency, somewhere around 40 or 50 percent.

"Out of every 100 gallons of water you get from the ground you deliver to the crop 50 gallons. You lose 50 gallons somewhere else," said Segarra.

Other systems include gated pipe, sprinkler high pressure, sprinkler low pressure and LEPA. The gated pipe system is constructed of plastic pipe with "gates" or openings through

which water flows into the furrows of a field. Gated pipe is more efficient than open furrow irrigation. The water application efficiency of all these systems is different. It can range from 70 percent with the gated pipe to 98 or 99 percent with the LEPA system.

LEPA's efficiency is high because water is delivered very close to the ground (3 to 4 inches), and very little evaporation occurs.

"We wanted to find out what should be the optimal level of adoption for these advanced irrigation systems," said Segarra.

Segarra and his team members set up a representative model for Lubbock County, and introduced a model that allowed a decision maker to adopt the most profitable approach from among six alternative technologies.

A biosimulation model called EPIC was used to simulate production functions for the most important crops produced in Lubbock County. The model described the Ogallala Aquifer below the county and how the water level of the aquifer moves through time.

The cost of an irrigation system depends on its level of sophistication. The cost of a furrow irrigation system is very low. The operational cost includes the labor to make the ditches, to put the water in the ditches, and to divert it.

The cost of the LEPA irrigation system is high, around \$45,000 for a 1/4 mile circle, but one person can operate it by flipping a switch. The other cost involved in irrigation is the water. Although people do not have to pay for the water, they do have to pay for the electricity used to pump the water out of the ground and to put it out on the crop.

"If you have only 50 percent water application efficiency, that means that you have spent almost twice as much money to get water out as a person who has a 98 percent water application efficiency," said Segarra.

COUNTY CORNER. . . By Jim Bob Reynolds, CEA-Ag

As you probably know from watching TV or reading the newspaper, most of the High Plains is experiencing a problem with the boll weevil.

This infestation is a result of favorable over wintering habitat and five consecutive mild winters, allowing weevils to survive the winter in large numbers.

Currently, in Floyd County we are conducting a grid trapping program in conjunction with the Enhanced Diapause Boll Weevil Control Program. Our trapping grid contains twenty-four boll weevil traps scattered throughout the entire county. These traps were set out on September 11-12. Trap counts this week are ranging from six in a trap to over three hundred in a trap and counting.

As you can see we are not immune

to the weevil, although there are some areas of the county having a greater number of weevils than others. We also need to keep in mind that the Enhanced Diapause Boll Weevil Control Program is not an eradication program. This program is only to try to control the spread of the weevil. The Enhanced Diapause Program is scheduled to begin operations on September 26.

It is estimated that 1.5 million acres will be sprayed in this years program at a cost of 4.5 million dollars. Boll weevils lay their eggs over a number of days, so this isn't just a one shot deal, it will take 4 or 5 applications to do the job properly. The Enhanced Diapause program is scheduled to spray the control zone four times, weather permitting.

Field day set for September 26 in Lubbock

Floyd County cotton growers will have a chance September 26 to see firsthand the latest cotton varieties produced using traditional breeding and biotechnology at a Cotton Variety and Biotechnology Field Day at the Texas A&M University Agricultural Research and Extension Center.

"Cotton growers are at the start of the most exciting changes in farming since the development of the mechanical harvester," said Kater Hake, cotton agronomist with the Texas Agricultural Extension Service at Lubbock.

"The introduction of biotechnology to farming will revolutionize our pro-

duction system in ways we can't yet imagine," said Floyd County Extension Agent Jim Bob Reynolds. Even the biotechnology traits that will be available to cotton producers over the next two years -- herbicide tolerance and worm tolerance -- will offer tremendous benefits, the county agent said.

The field day will begin with registration at 8:30 a.m. and continue until noon. Local experts on cotton biotechnology from Texas A&M and the USDA Plant Stress Laboratory will provide and update on current and upcoming varieties developed through both traditional breeding and

Prices continue to rise

By Shawn Wade

The weighted average price received by growers continued its rise through the month of July. According to Lubbock-based Plains Cotton Growers (PCG) the month of July is traditionally the low water mark as far as monthly marketings are concerned.

PCG officials note that with the weighted average price received by growers continuing to increase the possibility of any type of deficiency payment in 1995 seems very unlikely. In order for a deficiency payment to be realized the weighted average price would have to drop below the 72.9 cent Upland cotton target price.

That cotton prices continue to stay high is good news for producers who look to get a decent price for their 1995 crop. A significant drop in the latest USDA crop estimate coupled with revisions to estimated carry-over stocks have worked to further push prices up.

Marketing figures for the month of July indicate a total of 4.349 million bales of cotton have been marketed during the first seven months of 1995.

USDA's preliminary estimate of July marketings totaled 180,000 bales.

The average price received by farmers during the month was 86.6 cents per pound. Through the first seven months of the year the weighted average price received by farmers totals 81.9 cents, 9 cents above the 72.9 cent upland cotton target price.

High Plains cotton prospects still run from excellent to poor. USDA's September crop report estimates a 2.98 million bale crop for the area. Given good, open weather this is still a possibility. Several days of cool temperatures and widespread rainfall during the past week have the potential to temporarily stall the maturation of the 1995 crop. Many producers would like to see a return to open weather as soon as possible.

Marketing and price figures quoted above were taken from the National Agricultural Statistics Service and are subject to revision.

Farm safety tips given

County Judge Bill Hardin has proclaimed September 17-23, 1995, as Farm and Ranch Safety and Health Week in Floyd County at the request of Mark McCormick, Floyd County Farm Bureau President. This year marks the 52nd annual observance of National Farm Safety and Health Week, co-sponsored by The National Safety Council and The U.S. Department of Agriculture; with the Theme, "Sow the Seeds of Health.....Practice Safety".

PROTECT yourself and others by making safety part of every activity - on the job, at home, at leisure and on the road. Machines are replaceable if damaged or destroyed in an accident. But, that's not true for people!

PROTECT by knowing how to prevent farm injuries and illnesses. Read and follow instructions in manuals and on labels. Note safety and health articles in magazines and newspapers. Read booklets on the subject and pay attention to safety reminders on radio/TV. But, just knowing isn't enough - you must act on that knowledge to reduce risk of costly injury and illnesses.

PROTECT by inspecting all equipment and facilities for hazards on a regular basis. Then, correct them without delay. Learn the proper safety precautions when dealing with hazards that can't be eliminated.

PROTECT by always keeping shields and guards in place, and by stopping machines before servicing or dealing with operating problems. When the job dictates, use the appropriate personal protective equipment - gloves, hard hat, safety shoes, respirator, safety goggles, etc. - to reduce risks to your health and safety.

PROTECT at harvest time by training workers to operate all equipment "appropriately". Take breaks to fight fatigue, especially during hot weather. When hauling harvested products or moving equipment on public roads, drive with care and courtesy.

PROTECT by being prepared for each activity. Have the right tools, equipment and/or supplies on hand. Know and respect your limitations as well as your strengths.

PROTECT by staying fit and seeking care for health problems. Take some time to do things you enjoy to refresh, relax, and add balance to life.

PROTECT by posting a "policy statement" and "safety rules" for your operation as constant reminders to be careful.

PROTECT by doing a hazard hunt on a regular basis, weekly - monthly to locate danger areas, then correct them immediately. Contact your insurance carrier for assistance in these areas.

NEVER allow "extra riders", especially children, on any motorized or trailed agricultural equipment. This includes grain and hay wagons.

WHEN repairing power lifted equipment such as combine headers, cultivators, etc., "Lock it, Block it or Don't get under it."

AGRICULTURAL chemicals should be stored in a locked building away from stored grain or hay. Some chemicals should be stored separately. Use proper protective clothing and equipment when working with chemicals.

PROPERLY dispose of unused agricultural chemicals and used containers as soon as possible.

CHD Board discusses traffic control ideas with city and day care center

By Juanita Stepp
FLOYDADA — Members of the Caprock Hospital District Board of Trustees listened to a brief presentation by Floydada City Manager Gary Brown Tuesday morning. Brown asked for district cooperation in clearing up a traffic problem which has developed since the Floyd County Day Care Center relocated to the east wing of the hospital building.

According to Brown, the city and the county are willing to cut out the curb and do the blade work necessary to link the south parking area at the hospital with the driveway which exits on Crockett Street. They are asking that the hospital district provide gravel for the project. Brown estimated the cost at \$500.00.

Brown indicated that an earlier request had led to the city removing a curb and blading a roadway between the south parking lot and Marivena Street for departing day care traffic. "This has resulted in complaints from residents of the unpaved street. They are objecting to the dust, the noise, and the speed of the drivers using the road," said Brown.

CHD Board President Tom Farris pointed out that the curb adjacent to Marivena Street was removed without specific board approval from the hospital district. He said he had authorized Floyd County Commissioner Connie Bearden to dump and spread gravel on the area when he offered.

Diverting the traffic back to Crockett Street would alleviate this and provide a safer entry and exit for parents dropping off or picking up children at the day care according to Brown.

Board member Rob Heflin asked if the day care could pay for the gravel. Director Betty Fuller indicated that day care funds were not available to use to put gravel on hospital property.

Board member Denise Payne asked if this was the most cost effective way to handle the problem. She suggested blocking the exit to Marivena Street and making parents exit the same way they enter the south parking lot.

Julie Lackey pointed out that this involves a blind corner which is too

sharp to allow two vehicles to pass each other. She said drivers would be meeting at the corner and would have to back up and allow each other to pass. She said that would be frustrating and dangerous for parents and children using the day care.

CHD board member J. R. Turner told those present that he had been receiving complaints because the day care was allowed to lease space at the hospital. He stated that he felt like someone might challenge the legality of the arrangement.

Heflin said he did not think the district should use funds to make improvements for the day care and Payne said that the matter should be considered further. She added that she had not heard anything about it until this meeting and that no money had been dedicated for this in the budget due to begin October 1.

"With the cuts we have made," said Payne, "we really need to look at this before making a decision."

A motion was made by Turner and seconded by Heflin that the board table the matter. All voted in favor.

Board members reviewed and approved the minutes from two meetings in August on a motion by Heflin with a second by Turner.

Farris asked fellow board members if one of them would like to volunteer to serve as the CHD representative on the Floydada EMS Board of Directors. No one volunteered and Farris reappointed himself to serve on the EMS board for an additional term.

A motion by Turner with a second by board member Carmel Eastham approved the sale of a tax title lot to Joe Stepp for a bid of \$250.00. All voted in favor. The sale will not be final until all taxing entities involved in the sheriff sale property have approved the bid.

Purchase of a smaller computer system and appropriate software for handling the downsized needs of the district was approved by the board. Motion for the estimated \$3,000.00 system from CRH Systems was made by Payne. Heflin provided the second and all voted in favor.

The leased hospital accounting system will be returned and the dis-

trict will no longer pay the monthly lease of \$1,070.00 or the \$450.00 monthly maintenance agreement on that system.

Farris reported that the district had \$176,000.00 on hand at the end of August. Financial reports for the month were reviewed and accepted as presented on a motion by Eastham. Turner seconded and all voted for the motion.

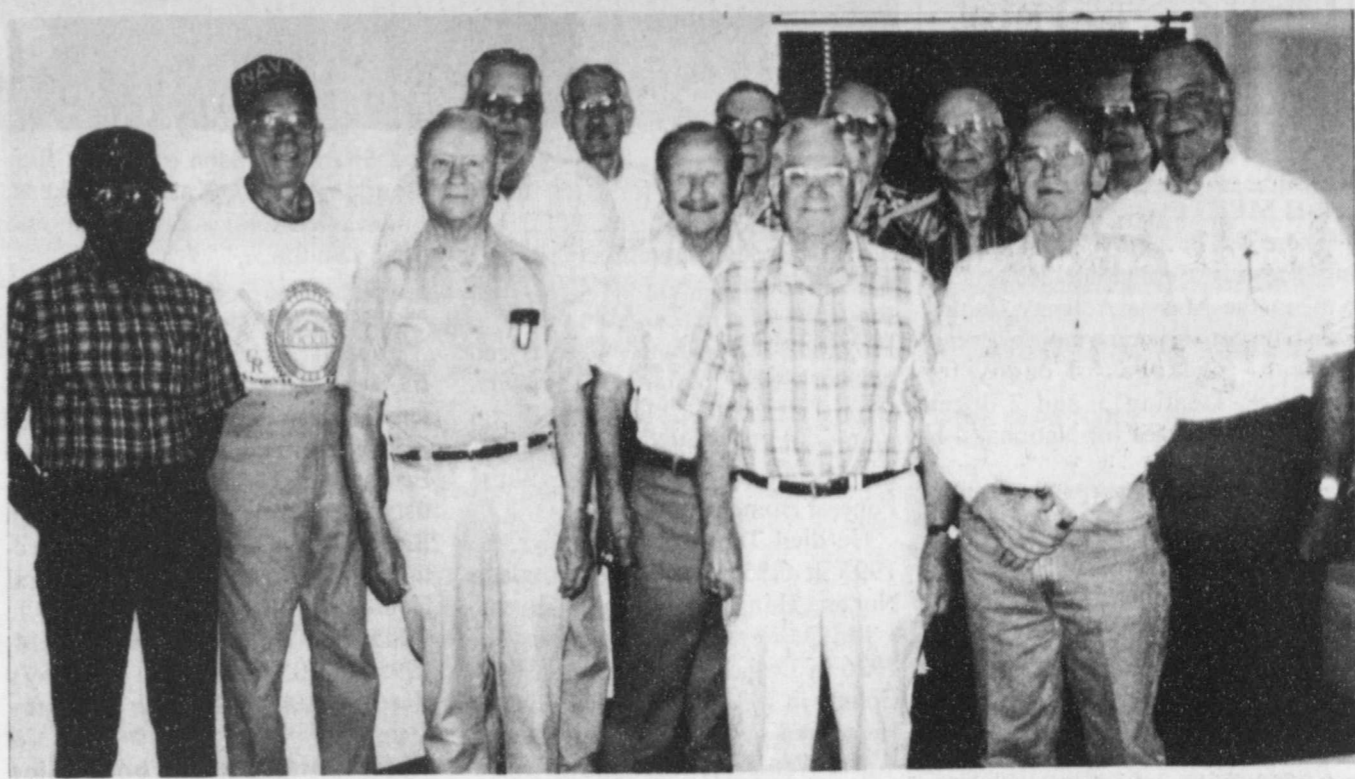

Jim Majerouski of UMC/TTHSC reported that the open house and teddy bear clinic went well. He indicated that community participation in both events was appreciated.

Majerouski addressed recent items in the area newspapers and on TV, saying, "There is no cause for concern. We are not going anywhere."

He told the board that UMC is probably the most stable hospital in the region and has more than \$100 million in reserve funds. He also said there are no plans to sell UMC or to change the current operational agreements in any way.

Majerouski informed the board that hiring and training is scheduled to begin in the next few days for emergency room and helicopter services soon to be made available to the Floydada area. He also told them that Dr. Ahmad should be in Floydada and on staff to see patients within the next few weeks as his immigration paper work has been processed and the final items are being tended to now.

Attending the 7:00 a.m. session on September 19 were Tom Farris, Denise Payne, Carmel Eastham, Rob Heflin, J. R. Turner, Bob Ericson, Jim Majerouski, Gary Brown, Sharon Quisenberry, Karen Lawson, Joe Falcon, Betty Fuller, Julie Lackey, and the Hesperian-Beacon reporter.

REMEMBERING VJ DAY -- Gathering to mark VJ Day this year in Floydada were VFW Post #5616 members (left to right) Ralph Jackson, Kearney Edmiston, Francis Gunter, John Moss, Shorty Turner, LeRoy Burns, Ed Hammonds, Otis McIntosh, John Cockrell, Tom Emert, Sam Baker, Bill Hardin, and Kenneth Bain. The group observed the occasion with a breakfast get together at Nielson's Restaurant in Floydada on Saturday, August 26 according to Charles Craig, commander of the local Veterans of Foreign Wars organization. -- Courtesy Photo

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 7, 1995

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance education loans to students."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 36 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a division or award of a homestead in a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would reduce the amount of general obligation bonds authorized for the superconducting super collider fund from \$500 million to \$250 million.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment reducing the amount of general obligation bonds authorized for undertakings related to the superconducting super collider research facility from \$500 million to \$250 million."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 80 proposes a constitutional amendment abolishing the office of constable in Mills, Reagan, and Roberts counties. In Mills County, the office of constable is abolished, and the powers, duties, and records of the office are transferred to the sheriff. In Reagan and Roberts counties, the office of constable is abolished and the powers, duties, and records of the office are transferred to the sheriff only if a majority of voters in each of the respective counties favors the proposed amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the abolition of the office of constable in Mills, Reagan, and Roberts counties."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 7 proposes a constitutional amendment that would allow investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia. Currently, such investments are prohibited by article XVI, section 70(r) of the Texas Constitution, which would be repealed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing investment of money from the Texas growth fund in a business without the business's disclosure of its investments in or with South Africa or Namibia."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that would abolish the constitutional office of state treasurer effective September 1, 1996. The transfer of specific constitutional powers and duties to the comptroller of public accounts takes effect on that date. The statutory powers and duties of the property and other obligations of the state treasurer are transferred to officers and agencies of state government as the legislature provides by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of state treasurer."

PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment requiring that land devoted to wildlife management be taxed on the basis of its productive capacity. The proposed amendment also adds a temporary provision to the Texas Constitution validating the changes to the law made by Chapter 560, Acts of the 72nd Legislature, Regular Session, 1991, which amended the Tax Code to allow land used for wildlife management to be appraised as agricultural land. The temporary provision is not authorized to claim a refund of taxes paid unless the tax payment was challenged before the effective date of the proposed amendment. The temporary provision expires on January 1, 1998.

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 31 proposes a constitutional amendment providing that the legislature may exempt from ad valorem taxation income-producing personal property and mineral interests that have a taxable value which is insufficient to recover the costs of administering the tax.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxation personal property and mineral interests having a value insufficient to recover the administrative costs of collecting the taxes."

PROPOSITION NO. 13 ON THE BALLOT

House Joint Resolution 35 proposes a constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the governing body of a political subdivision to exempt from ad valorem taxation boats and other equipment used primarily in the commercial taking or production of fish, shrimp, shellfish, and other marine life."

PROPOSITION NO. 14 ON THE BALLOT

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

Disability	Maximum Tax Exemption
10% - 30%	\$ 5,000
30% - 50%	\$ 7,500
50% - 70%	\$10,000
More than 70%	\$12,000
Age 65 and 10% or higher	\$12,000
Loss or loss of use of limb	\$12,000
Blindness or paraplegia	\$12,000

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 68 proposes a constitutional amendment that allows the legislature to raise the current ad valorem tax exemption for disabled veterans and their surviving spouses and minor children. The tax exemptions would be raised based on a veteran's disability rating as follows:

The spouse and children of any veteran who dies while on active duty may be granted an exemption of up to \$5,000. The amounts of the exemptions provided for in this proposed amendment may be repealed by the legislature by general law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to raising the limits of the exemption from ad valorem taxation of property owned by disabled veterans or by the surviving spouses or surviving minor children of disabled veterans."

Prisoners to begin paying sales tax on snack foods in October

The Texas Department of Criminal Justice has posted signs in its prison commissaries warning the state's 127,000 inmates that come Oct. 1 they must pay the state sales tax on snack foods just as all other Texans do.

The new tax is expected to raise more than \$500,000 a year for the state's general revenue fund, thanks to the Legislature repealing a snack food tax exemption which had covered prisoners and state hospital patients since adoption of the original sales tax law in 1961.

"I'm sure it sets well with the people of Texas to see inmates paying the same taxes as the rest of us," said

CARDS OF THANKS

Lockney Band Members & Parents: We would like to thank each of you who made our Lockney Band activities possible this past weekend. First of all, thanks goes to Brenda Mangold for being chairman of the banner committee and to all those band members who helped her hand the banners. We really appreciate all those who purchased banners to be hung during the fair. The pizza party for Petersburg band was a success. Thank you to Charlie & Missy Minick, Ricky & Lisa Mosley and Mr. Morgan for helping with the meal.

Next, thank you to all the band members and their parents who worked at the fair concession stand. It takes so many people to keep it running and you all really came through.

A very special thanks goes to Lavirn Carthel who donated the tomatoes. We also really appreciate all those who worked at the football game concession stand on Friday night. Thank you also to all those who made brownies, pies and chili and to those who picked up supplies. Without all of us working together, all of these activities could not happen. If we have left anyone out, it was purely unintentional.

Sincerely,

Sharon Bartlett & Ginger Mathis
Co-Presidents, Lockney Band Boosters

BARRY AND CAROLYN HAZEL

Hazel's to perform at First Baptist

LOCKNEY—The First Baptist Church of Lockney will host Nashville recording artists, the Hazels, in concert Sunday, September 24 at 10:45 a.m. Barry and Carolyn Hazel of Fort Worth are a brother and sister Christian country duo. They will present original songs and favorite hymns including music from their latest recording "Livin' Well."

This year marks the Hazels' 25th year in Christian music. Barry and Carolyn began singing with their family in 1970. The Hazel Family of Lubbock, performed gospel music

throughout Texas and New Mexico for seventeen years and recorded several albums. Barry and Carolyn later traveled and recorded with the Lockes of Stephenville while attending Southwestern Baptist Theological Seminary.

The Hazels are part of a growing field of contemporary Christian country artists that combine a message of hope with a progressive country sound. The couple's vocal and songwriting style are influenced by their West Texas roots.

Lockney's UMC to host revival

LOCKNEY—The First United Methodist Church of Lockney will host a revival with Billy McCauley, United Methodist Conference evangelist from Lubbock beginning Sunday morning, September 24th and ending Wednesday, September 27th. Tommie Beck, pastor, is inviting the public to attend.

Billy McCauley is a Christian speaker, song writer and musician. He is founder and president of Word and Music Ministries.

BILLY MCCAULEY

His music is a gentle blend of traditional and contemporary with saxophone and guitar. His first album in 1993 featured the soprano saxophone. Billy sets the Beatitudes to music in the title song "Blest". His programs blend music and Biblical preaching with messages of hope and encouragement.

Baptist women tell of Russia trip

Baptist Women of First Baptist Church will host a program at the Wall Street Parlor on Monday evening, September 25, at 7:00.

The program will feature four of the women who made a trip to Russia last May. They were a part of a large group of men and women from this area who spoke in churches, witnessed in city areas and visited in the

homes of Russian Christians. Those who are featured on the program are Nell Abram, Mary Alice Davis, Margaret Jones and Donna Henderson.

All women of the community are invited to come and learn about the Russian experience - the country, the churches, the cities, and especially about what life is like for women living in Russia.

BAPTIST MISSIONARIES--(L-R) Donna Henderson, Margaret Jones, Mary Alice Davis and Nell Abram will tell about their trip to Russia during a program at Wall Street Parlor September 25. Courtesy Photo

FOOTBALL CONTEST

Contest Rules

Any newspaper subscriber or purchaser age 7 or older is eligible to enter this contest.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. Also write a guess of the combined total points to be scored by the two teams listed in each of the tie breaker footballs. Circle the team you believe will win. Circle both teams if you think the game will end in a tie.

Only entries on official entry forms brought to a Hesperian-Beacon office in Floydada or Lockney no later than 5:00 p.m. on Friday. No photocopies will be accepted and no mail entries will be considered.

Three cash prizes are awarded each week. In the event of ties (the same number of correct games & equal scores on tie breakers) prizes will be combined & shared by those tied. The tie breaker scores will be used only in the event of a tie on the number of games correct.
