FREE LABOR--The prisoners of Plainview's J.B. Wheeler Unit have spent 16 days in the Floyd County Courthouse laying new carpet and painting walls. According to County Judge Bill Hardin, the county has saved approximatley \$6,000 through the labor provided by the prisoners. Professional carpet layers put down the carpet but the prisoners tore up the old carpet and scraped the floors. They also cleaned the

stairwell floors on the north end of the courthouse, taking off the old carpet and showing off the beautiful granite steps. Because of the savings the county was many rooms. Hardin estimates that the County has spent roughly \$9,000 on the renovations up to this point.

### Change of venue brings murder trial to Floyd County Courthouse FLOYDADA—Jury selection by Hale County jurors and Springer

began Monday, January 15, in Floydada for the capital murder trial of Thomas Howard, 24, of Plainview.

Howard is accused of shooting and killing Larry Howell, during a robbery, at Howell's Grocery and Market in Plainview, on March 25, 1993.

Two other men, Joe Lee Guy, 24, and Ronald Springer, 20, have already been convicted of the same charge. Guy was sentenced to death was sentenced to life.

In December, attorneys for Howard secured a change of venue for the trial to be moved from Plainview to

Hale County District Attorney Terry McEachern will prosecute the case for the state. Judge Marvin Marshall, of Plainview, will preside over the proceedings.

Three hundred and fifty people were called for the jury selection

Twelve Floyd County residents will be chosen to serve on the jury and two will be chosen as alternates. The selection process could take up to 10

During the trial, McEachern will attempt to prove that Howard was one of three men who robbed Howell at his store, killing him and also shooting his mother, French Howell.

French recovered from her injuries and later died of natural causes.

### City of Lockney holds public hearing on zoning changes

The City of Lockney held a public hearing Monday night, January 15, at 7:00 p.m., for the purpose of hearing comments from citizens concerning changing the zoning of some property in the city limits from commercial to residential.

Other than the city council and the Hesperian-Beacon reporter, only two citizens. Rosie Rendon and Dickie McCarty, attended.

### **County Commissioners** adopt drug testing policy

By Juanita Stepp

Members of the Floyd County Commissioners Court met in a special called session on Monday, January 15, to approve a drug and alcohol testing policy and a contract for the testing service. The policy applies only to county employees who hold a a Commercial Drivers License. ICC regulations mandate random drug and alcohol testing for commercial

Motion to adopt the policy and employ ADAPT of Lubbock to provide the service was made by Precinct 4 Commissioner Jon Jones and seconded by Precinct 1 Commissioner Connie Bearden. All voted in favor of the motion.

The county will pay an initial fee of \$150.00 for the first year with ADAPT. Annual fee after the first year will be \$100.00. An additional annual fee of \$40.00 will be paid each year for each employee required to have a CDL for the performance of his job. The testing service fee will be \$39.00 for each test conducted. A fee of \$75.00 per year will also be paid for supervisory training and employee education.

According to County Judge Bill Hardin, the county only has three or four employees who will fall under

the newly adopted policy. Commissioners also approved the annual investment policy for county funds. The policy dictates the types of investments which may be made with taxpayer generated county funds. The policy is designed to prevent investment of taxpayer dollars in items which are unstable and could result in loss of county funds.

Motion for adoption of the policy was made by Precinct 2 Commissioner Lennie Gilroy and seconded by Precinct 3 Commissioner George Taylor. The vote on the motion was unanimously in favor.

A contract agreement for compensation to a special prosecutor to act as position which requires them to have county attorney was approved on a motion by Gilroy with a second by Taylor. All voted in favor.

The contract calls for paying the special prosecutor \$1,250.00 per month or \$15,000.00 per year. Four attorneys submitted proposals for the

In each individual case, the judge will appoint the attorney as special prosecutor and the firm will be paid the monthly fee. No fee per case will be paid.

Two farm work contracts were unanimously approved by the court on a motion by Bearden with a second by Jones. Both are for work in Precinct 1. #1605 is for work at a site 2 miles south of Floydada to fill in low areas for irrigation and soil conservation for Mickey D. Hammonds. #1606 calls for building up a terrace at a site 12 miles south of Floydada near McCoy Community for Paul Willis as requested by Wynona Willis.

Present for the called meeting were Judge Bill Hardin, Commissioners Connie Bearden, Lennie Gilroy, George Taylor, and Jon Jones, and the Hesperian-Beacon reporter.

### Marler questions executive session FISD considers Duncan consultant

Lynn Marler voiced her concern during a regular session on Thursday, January 11, that the Floydada Independent School District Board of der Chapter 551 of the Government Trustees intended to hold an illegal discussion prior to the board going returned to regular session just over into executive session. She asked the board to reconsider their posted closed session discussion of a possible agreement with a consultant for awarded Superintendent Jerry Can-

Board President Mitch Probasco responded that he had discussed the agenda item with the district's attorney, Paul Lyle, and that he had been advised that there was nothing improper about the planned discussion. The discussion is basically to consider hiring a consultant to analyze the procedures and practices at Duncan then to advise the board and the administrators concerning any problems

## Caprock Hospital Board discuss past financial records

By Juanita Stepp

FLOYDADA - Diane Washington, hired last fall to conduct audits of the Caprock Hospital District financial records for the 1993-94 and 1994-95 fiscal years, informed the board that she felt it was proper for her to withdraw from the audit at this time. During the Tuesday, January 16, board session, she pointed out that years. review of the records available for the two year period has revealed they are inadequate for performing a comprehensive audit.

There is no way to track income and expenditures for the periods in question," said Washington. "Numbered receipts are not available to

provide an audit trail, and not all records have been located."

She suggested that the board might want a compilation of the available records prepared. This would include tracking deposits and items paid out during the period from bank statements. This would provide a cash based accounting of the two fiscal

Also suggested was preparation of an inventory of the equipment and fixtures to determine what is still on hand. Washington said that CHD might want to consider disposing of items which would be currently useful to other medical facilities, but which will be obsolete in the future

should the hospital consider reopen-

Board President Tom Farris gave the board a letter from CHD attorneys interpreting the district's responsibility concerning financial audits. He said that the legal firm has indicated it is the duty of the board to have an annual audit under section six of legislation regulating the district, but section nine states that the board will determine the timing and requirements of such a report.

In view of that, the board unanimously approved passage of a resolution Farris presented authorizing the compilation of receipts and disbursements for both fiscal years. The reso-

lution also approved an inventory of the assets, fixtures, and equipment belonging to the district. Motion for the action was made by board member Denice Payne and seconded by board member Carmel Eastham.

Washington stated that with this information completed, the district could contract for an audit of the 1995-96 fiscal year when it ends on September 30, 1996. She indicated that the compilation could be completed by July, possibly as early as June. The cost was estimated at approximately \$2,400.00.

Also among the recommendations Washington made was the suggestion Continued On Page 3

A view from The Lamplighter

It's the results that count.

But the interesting story here, however, concerns the bigger picture, the one Sarpalius bowed out of. His press release informs us that he considered running again, and that his polls were all very positive, but that he decided against it in order to embark upon his new venture in the private world.

We think the truth lies more along these lines: Sarpalius did indeed wish to run again. He scoured the waterfront, while on the Department of Agriculture's payroll, looking for voter support and financial backing. Neither was forthcoming, in sufficient amounts. Many of his previous supporters had defected to Thornberry. The money, other than that possible and probable from the Democratic Congressional Campaign Committee, was in short sup-

find someone to run against Thornberry, briefly courted an Amarillo citizen, who ultimately decided against the race. Then it turned its

attention to Mr. Aaron Alejandro, of Wichita Falls, a 29-year-old former staff employee of Mr. Sarpalius, who had indicated an interest in being a Congressman, and of whom Mr. Sarpalius spoke highly.

Alejandro announced his candidacy, saying he has campaign workers lined up all across the District. There is no reason to disbelieve Mr. Alejandro in this regard. It was he, while on the federal payroll, who did the lion's share of organizational work for Congressman Sarpalius, so it is quite likely that he does indeed have a good organization in place. But that organization will have to deliver for Mr. Alejandro much better than it did for Mr. Sarpalius, if he is to survive the Democratic Primary.

Our expectation now is that Alejandro will win the Democratic Primary and face Thornberry in the General Election next Fall., Then, we expect Thornberry to win without too much

after promising to cast his votes in ways that would reduce the scope, size and expense of the federal government, and to make office holders more accountable to the voters. Voters in this district evidently approved Thornberry's stance, for they turned a three-term Democratic Congressman out of office and elected Thornberry in his place. We doubt attitudes in this district have changed radically in the past two years.

By Ken Towery

True, Bill Clinton was hanging like an albatross around Sarpalius' neck. But Clinton is still there, and will be no less a burden to Alejandro than he was to Sarpalius. If Alejandro gets too far from Clinton, it will be bad. If he gets too close, it will be bad. He will have a difficult row to hoe, in our

## Business Of The Week

LOCKNEY-Schacht's Flowers & Gifts has been in business, under this name, in Lockney since 1972.

The business was purchased, by Fritz and Eleanor Schacht, from Tom Simpson. Simpson operated the business as Simpson Flowers, Jewelry and Gifts.

Eleanor had already learned the lower business from Simpson, as she had worked for Simpson since 1968.

The Schachts were lucky enough o have a home included in the purchase of the flower shop. The house is located next to the business, providing a convenient access to their

The proximity of the house has also made them easily available to people in need.

In the beginning Eleanor and her nusband, Fritz ran the shop. Their daughter, Margaret joined the crew in 1972 and Fritz passed away in 1975. Eleanor and Margaret have continued to run the florist, side by side, since that time.

Eleanor is originally from Sedgwick, Kansas. She moved to Floyd County in 1939. "All five of

Al Bendeck of UMC told the board that UMC would lend the assistance of clinic employees Ralph Jackson and Bob Ericson in doing that. He said that as former employees of CHD, they should be able to sort and file the records for future reference.

Payne voiced concerns over the security of the hospital building and it's contents during business hours when it might be unlocked and unauthorized persons could have access to the interior or the equipment in the building without the knowledge of those working in the building. Payne stated that she was concerned about the possibility of vandalism in particular.

The board instructed everyone who might have access to the building to make certain it remains locked at area. He said the extended evening all times. Anyone needing to use the and Saturday hours were being utilcompanied by an employee who is very successful. authorized to have a key.

Accountant Fred Thayer presented the financial report for the month of December. Thayer told board members that revenues for the month were \$34,776.82 and expenses totaled \$11,478.91. His report included balances in CHD bank accounts, with the operating account showing \$19,247.10 as of December 31, and the property tax holding account having a balance of \$305,642.57 at the end of the month. This would allow UMC to provide indigent tertiary care in the most economical manner for CHD in the future. Farris said he would place it on the next agenda.

The final item on the UMC update concerned the status of four proposals under consideration by the UMC board for leasing the facility to another medical concern. Bendeck stated that there does not appear to be

a proposal that will interest the UMC board, but a decision will not be made until February. He added that whatever occurs, it will not affect agreements between UMC/TTHSC and CHD for clinic operation in Floydada.

Attending the session were CHD board members Tom Farris, Carmel Eastham, Rob Heflin and Denice Payne. Board member J. R. Turner was absent. Others present included Fred Thayer, Diane Washington, Bob Ericson, Joe Stepp, Ralph Jackson, Al Bendeck, and the Hesperian-Beacon

She reported that the city ended the year with a balance of \$14,264.

Charlotte Hooten, city secretary, reported that the city will change to the accrural method of accounting at the end of this fiscal year. Mrs. Chappell stated "This will be an easier method of accounting and it will not be hard to change over. Doing it at the beginning of the next fiscal year will be better than changing over in the middle of the year."

Software for the accrual program was discussed and Hooten stated that she would check and see what was available.

The council discussed the painting of the doors on the fire department. Prisoners from the J.B. Wheeler Unit in Plainview will be available to do the work. Gary Marr brought up that a citizen had asked to have the American and Texas flags painted on the doors. Marr stated that he would ask if the prison had someone who could paint the flags. Tina Graves made the motion to have the doors painted and the second was made by J.D. Copeland.

Utilities Superintendent Dickie McCarty met with the council and made a request for a new shredder. He had priced several models. Bil Anderson made the motion to purchase the 7 1/2 foot John Deere flail shredder from Ray Lee Equipment. J.D. Copeland made the second and all voted for.

After discussing a problem with the water pressure when the city well comes on, the council decided to table the item until McCarty can decide what needs to be done.

Recognizing the signs and symptoms of alcohol dependence in elderly relatives might be the best defense against this escalating situation.

"Late-onset alcoholism has been associated with increased isolation and stress," says Dr. James Flack, director of the Chemical Dependency services at The Methodist Hospital in Houston.

More specifically, elderly people say they drink because: it helps digestion, relax and feel happier, sleep better, prevent boredom, and to help get along better with others.

The stereotype of a typical alcoholic is often misleading and can interfere with recognizing symptoms in the elderly. Seniors are more likely to live alone and be unemployed, therefore having fewer obligations demanding sobriety. As a result, they may not receive feedback from friends, family members, and coworkers about their need to reduce alcohol consumption.

"The effects of alcohol abuse on says Dr. Flack.

Symptoms of alcohol abuse include difficulties with gait, balance, and cognition. An elderly person in a confused state from excessive alcohol is often mistakenly thought to be just old and senile. Perhaps the most common change in elderly alcohol abusers is with the gastrointestinal tract. This includes alcoholic gastritis, nausea, and occasional vomiting. Other signs might consist of alcoholic tremors, mood changes, and hangovers or the

"It is particularly important to pay attention to the elderly drinker who is experiencing specific life stressors. There are feelings of loss and loneliness after the death of friends and relatives, loss of positive self image, and increased amounts of unstructured time," says Dr. Flack.

Certain types of behaviors can help friends and family recognize alcohol abuse in the elderly: frequent falls and accidents, poor nutrition, poor hygiene and self-care, lack of physical exercise, and social isolation.

"The transition from not drinking or being a social drinker to more pathologic drinking is not always easily observable. Detecting the problem is essential to early intervention and successful treatment," says Dr. Flack.

FLOYDADA - The 1950 Study Club met on January 9, at Nettie Ruth Whittles. Theme for January is "Our Texas Heritage.'

Doris McLain led members in the Pledge to the Texas Flag.

Program hostess Carol Reese introduced Marisu Burleson Potts who deals with Cowboy Symposium Research. She brought to us a very interesting program on The English Influence on Ranching. Her subject was "A Matador Cowboy's Romance." This is a true story of D.C. Keith and Ella Cribbs romance.

Their marriage was one of the first in Motley County. The ceremony ended a long correspondence that began four years earlier in 1887. Married in a gown of practical brown chambray, the former school marm and her cowboy husband both found themselves without jobs.

Their poignant is revealed in their correspondence postmarked from H. Spunky, Dockum City, TeePee City, Matador, Jayton, and Ft. Madison, Iowa. Although the cowboy often asks his "absent dear friend" to forgive his mistakes, his lack of polish is compensated by the sincerity of his wooing and the content of the now brittle and yellowed letters of which Mrs. Potts read sketches of-still tied in ribbons-and photographs of each

made from tintype. Cowhunts, night herding, trips up the trail to Chicago, burning of fire guards on vast Matador plains, revelry at TeePee City, and lonely post at Christmas time are described. Keith attempts to define his ambitions to a woman he had proposed to before he had seen her or learned her age.

Miss Cribbs who describes herself, as hardier than looks might suppose,

brags that she has picked 6,000 pounds of cotton in the fall of 1888 but longs for the last bale to be picked before Christmas. D.C. guesses her age to be about 17 and assumes a very grown up role.

## McAnally hosts Study Club

By Shanna Jackson

LOCKNEY-The Il Penseroso Jr. Study Club held its first meeting of the year on January 11th in the home of Janie McAnally. Hostess for the evening was Lori Cabellero and serving as cohostesses were Jeri Rexrode and Shana Hallmark. The members enjoyed a hot chicken salad, green salad and rolls for dinner with cheesecake for dessert.

The members present were Lori Cabellero, Alice Carthel, Dana Cunyus, Char dowell, Shawnda Foster, Shana Hallmark, Shanna Jackson, Jeri Rexrode, Sammie Setliff, Robin Sherman, Michealle Stennett, Kim Teeter, JeanAnne Williams, and Tami Wofford.

During our business meeting, members discussed many topics, including talking with the school to try and start a Happy Feet program for youngsters in need. Setting a date for our annual Bridge Tournament was brought and needs to be decided. Members voted on making a Friendship Quilt again this year and the colors were chosen.

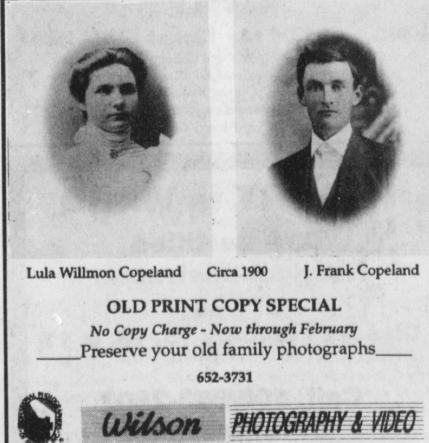

Dr. Kevin Stennett with the W.J. Mangold Memorial Hospital came to visit for our "Doc Talk". He told us some of his more interesting stories of his medical career and answered quite a few of the questions we had to ask. We really enjoyed him taking time to talk with us.

### Whirlwind Basketball Report

Floydada broke its long victory drought in District 2-3A with a rugged, come-from-behind 81-71 decision at Muleshoe on January 9. The Whirlwinds out-scored the Mules 47-29 in gaining their first district win in two years.

At one point in the third quarter, Floydada trailed by 12 points after being down 42-34 at the half. Coach Jim Knight was elated after registering his first district win as head coach of the Whirlwinds. Knight stated, "I was proud of our efforts in the second half. It was a tough, physical game, but we were able to play through that."

The coach added, "We weren't playing very hard in the early going, and we talked about it at halftime. Our kids realized they weren't playing with much intensity, and they responded well - especially in the final four or five minutes."

Muleshoe sophomore Matt Clevenger, subbing for injured starter, Daniel Garbarino, came off the bench to score a game-high 26 points. Josh Slayden (11) and Edward Olivas (11) were also in double figures for the

Michael Palacios led the Whirlwind attack with 19 points. It was a big night for the Floydada sophomore, who came into the game averaging 8 points-per-outing. Coach Knight said, "It was good to see some other people put up some points. We've had some shooting slumps, and it was great to see us come out of those slumps in someone else's gym. We had good balance, with almost six people hitting in double figures. Of nine people on the squad, eight were in the scoring column, and of those eight, each scored at least 6 points.

Zack Abshier had 14 points and 11 rebounds for another double-double, and Omar Eguia accounted for 10 points. The Whirlwinds led by only 4, with a little over one minute remaining. Following their final time out, Eguia hit a key basket as the 'Winds played "keep away" ball and attempted to take some time off the

Eguia stole the ball on an inbounds pass, and fed it to Palacios, who hit for a field goal to put Floydada up by 8 (with 40 seconds left on the clock). Michael Nunez and Vernon Cooper each hit critical foul shots down the

Others scoring for Floydada were Vernon Cooper (9), Michael Black (9), Tomas Barrientos (8), Mario Nunez (6), and Rance Barnett (6).

### Friona 58, Floydada 54

The Friona Chieftains out-muscled the Whirlwinds 58-54 at Graves Gymnasium on January 12. Floydada trailed by 9 at intermission, but fought back to knot the score at 46-all late in the third period. However, the 'Winds were never able to grab the lead in the late stages of the game.

Commenting on the disappointing loss, Coach Jim Knight said, "It was a real 'gut-wrencher,' and a tough game to lose. Friona was huge, and it was a rugged game. We were just outmanned by their physical size."

The coach added, "We did an excellent job in matching up inside, in spite of their size advantage, and our kids were really extended. We'll bounce back, but our kids sure put a lot of energy into the game to come up on the short end.

Zack Abshier had another outstanding outing as he registered another double-double (16 total points and 14 rebounds), including 9 rebounds on the defensive boards. Vernon Cooper had 15 points to go along with 8 rebounds and 4 assists. Michael Palacios had 10 points and knocked down 5 rebounds. Freshman Michael Black was a demon on the boards with 7 rebounds to go with 6 points. Michael Nunez (5) and Omar Eguia (2) rounded out Floydada's scoring.

According to Coach Knight, "We had a number of opportunities to go up in the final three minutes. We had the open shots, but couldn't get the ball to drop - plus, we missed some clutch free throws there at the end. You can't take anything away from Friona. They have their best squad in a while, and they played well. I am proud of our kids... and I surely think we played well enough to win the ball

The Whirlwinds travel to alwaystough Shallowater on January 16 be-

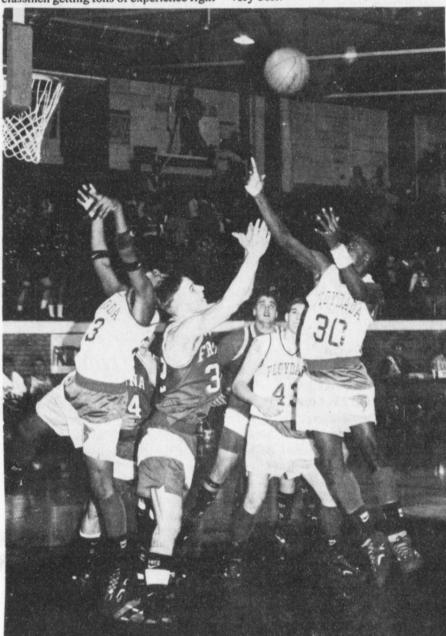

fore returning home to host the now, so the future certainly looks bright Littlefield Wildcats on January 19.

Bill's Notes

The Whirlwinds are still having a rough time in winning the close ones, but coming up short against Friona cannot be attributed to a lack of effort. The youngsters played their hearts out against a much larger and more physical team. They continue to be aggressive and never give up. Coach Knight has a sound system, and it is obvious that this bunch plays within that system. There are a bunch of underclassmen getting tons of experience right

for Floydada's basketball fortunes. They'll make it interesting for some of the district's front-runners before the season's over!

Congratulations are in store for former Whirlwind Michael Henderson, who is being recruited by several Division 1 football schools. After spending a couple of years at New Mexico Military, it looks like he now has the chance to join Texas Tech as the Raiders prepare to enter the Big 12 Conference. It's quite an honor for Michael... and we certainly wish him the very best!

AFTER A REBOUND -- FHS freshman Michael Black (30) fights for a rebound against Frions'a Lance Cooper in game action last week. The Whirlwinds gave the larger, more physical Chieftains all they could handle before falling 58-54 in the District 2-3A battle. -- Staff photo

### **Grab Bag tickets** stretch to insure the final margin of offer chance to win cash at game

The newly organized Floydada Junior High Parent/Teacher Organization will offer a chance to win \$200 between the Varsity Girls and Varsity Boys basketball games Friday, January 19. Tickets are \$1.00 each and may be purchased at the door prior to the end of the Varsity Girls game. Proceeds will be used to promote the Floydada Junior High Accelerated Reading Program.

Reading is essential to every subject in school. The purpose of raising money is to provide an opportunity to reward students for reading from a selected group of books at the level they are capable of reading, take a computerized test from information contained in the book, and gain points in proportion to the point value of the book. A redemption store will be available at the Junior High for students to redeem their points for an item. If a student can acquire 500 points by the end of the semester, they can be principal for a day with Mr. Hysinger, principal of Floydada Jun-

The rules are simple to be eligible to have a chance at the \$200. A person with the winning ticket must be in attendance. There will be 100 bags with money placed on the basketball gym floor. Each bag will have at least \$1 enclosed. The winning person will have 60 seconds to gather as many bags as possible, tear one bag open at a time and throw the empty bag away, and keep all the money received from

the open bags. Donations will be accepted without any purchase of a ticket. For more information, please contact Michael Holster, president of the Floydada Junior High Parent/Teacher Organi-

### Lady 'Winds Basketball Report

Games played from January 9, 1996 through January 15, 1996.

Varsity

Muleshoe 64 Floydada 40 Floydada found out very early why the Lady Mules from Muleshoe were state ranked as they jumped out to a 19 to 2 first quarter lead and went on to defeat the Lady Winds by a score of 64 to 40. The Lady Mules Mandy Cleavinger scored 9 of her game high 17 points in that quarter as the Lady Mules improved their district record to 2-0. The Lady Winds could manage double figures in only one quarter as they scored 20 of their 40 points in the fourth quarter. Leading the scoring for Floydada were Victoria Cummings with 14 points and Christy Hale with 12 points. The loss drops the Lady Winds season record to 8-12 and 0-2 in district play.

Friona 45 Floydada 43

Floydada took on its second consecutive state ranked opponent in the Friona Squaws and almost pulled off the upset of the year before being defeated by a score of 45 to 43.

Helped by a fierce defense and a patient ball control offense, the Lady Winds kept the pace slow and trailed at the end of the first quarter 8 to 7. Both offenses came to life in the second quarter but the Lady Squaws could not shake the persistent Lady Winds and the game was tied at 22 at halftime. Friona limited the Lady Winds to 6 points in the third quarter and took a 33 to 28 third quarter lead behind the shooting of Amber Martin and Courtney Carthal. The fourth quarter became a battle from the free throw line as Floydada shot a very respectable 10 for 16 but the Lady Squaws were 9 for 10 and went to take the two point victory. The loss drop the Lady Winds season record to 8-13 and 0-3 in district play. The Lady Winds will continue district play on Friday, January 19, 1996 at home against the Lady Wildcats from Littlefield.

> **Junior Varsity** Muleshoe 61 Floydada 24

Floydada could not get any offense going during their road trip to Muleshoe as they were defeated by a score of 61 to 24. The Lady Winds scored in single digits in all four quarters while Muleshoe scored at least 16 points in the first three quarters to put the game away early. Leading scorers for the Lady Winds were Ashleigh Williams with 7 points and Tara McCandless with 6 points.

Friona 50 Floydada 22

The Lady Winds continued their cold shooting as they scored only 8 points in the first half on their way to a 50 to 22 defeat at the hands of the Friona Lady Squaws. Floydada rallied in the fourth quarter to outscore Friona 12 to 10 but it was not enough to overcome the deficit they had created earlier. Leading scorers for Floydada were Carissa Coursey with 8 points and Tara McCandless with 7 points. The junior varsity Lady Winds will continue district play at home on Friday, January 19, 1996, against the Lady Cats from Littlefield.

> 8th Grade **Idalou Tournament** Floydada 20 Hale Center 10

The 8th Grade Lady Breezers jumped out to a quick 12-1 first quarter lead and went on to defeat the Lady Owls from Hale Center by a score 20 to 10. The Lady Breezers utilized a full court pressure defense to limit Hale Center to single digit scoring in all four quarters.

Lindsey Reddy led the Lady Breezers in scoring with 5 points and Kember Everett and Maria Rangel also contributed 4 points each. Mandy Emert led Floydada in rebounding with 8 boards. The win improves the Lady Breezers season record to 4-4.

Floydada 35 Idalou 32

Floydada played one of its best games of the year as they maintained their composure in a pressure packed contest against Idalou and came out with a victory by a score of 35 to 32.

The momentum and the lead in the game swung back and forth between teams as each team alternated taking no more than a 4 point lead at the end of each quarter. Floydada trailed at the end of the first quarter by a score of 10-8, but came back and reclaimed the lead at the half 18-14. Floydada used a balanced scoring attack as Nichole Hartline had 6 points and Amanda Williams and Lindsey Reddy had 4 points each at the half. The third quarter belonged to Idalou as they limited the Lady Breezers to only 5 points and took the lead 26-23. But the Lady Breezers dominated the fourth quarter as Amanda Williams scored 6 big points and the Lady

hind victory.

and puts them in the Championship Breezers season record to 3-5. Game of the Idalou Tournament.

Floydada 33 New Deal 29 (O/T)

throughout as Floydada maintained a slim lead up until the end of the third quarter when New Deal claimed a 23-22 advantage. The pressure packed fourth quarter ended deadlocked at 29 as New Deal could not capitalize on its last second opportunity at the free throw line. In the overtime period, the Lady Breezers shut out New Deal and picked up back to back field goals from Tiffany Henderson and Mandy Emert with one minute left in the overtime to come with the victory and the tournament championship. Mandy Emert led the Lady Breezers with 10 points and 9 rebounds followed by Nichole Hartline with 6 points, Amanda Williams with 5 points and Lindsey Reddy with 5 points. The win improves the Lady Breezers season record to 6-4.

Floydada 29 Friona 28

Floydada overcame a four point deficit at the end of the third quarter to claim a hard fought 29 to 28 victory. The Lady Breezers maintained control of the game for most of the first three quarters but watched Friona score six consecutive points at the end of that period to trail 25-21. But the Lady Winds limited Friona to 3 points in the final period to pick up their fourth consecutive victory. Floydada was led in scoring by Lindsey Reddy with 11 points followed by Amanda Williams with 6 points. The win improves the Lady Breezers record to 7-4 for the year and 4-2 in district play. After graduation Michael plans to attend Texas Tech and pursue a field in biology. He would like to be remembered by the motto "You reap what your sow".

TIFFANY HINKLE

A Senior Spotlight this week is Tiffany Hinkle, daughter of Tanya Hinkle and Joe Hinkle. Tiffany has attended school in Floydada 10 years. Prior to that time she attended Hale Center Elementary. While at Floydada Tiffany has been active in FFA as an officer, Senior parliamentary procedure, Entomology, showing pigs

Tiffany says she has many "great memories" at FHS and she will miss her friends and all their great times. She enjoys the television show, Grace Under Fire", Chinese food, vacation trips to Possum/Kingdom, and the comic Jeff Foxworhty.

The person Tiffany most admires is Mrs. Crabtree. She feels Mrs. Crabtree "is the greatest teacher I've ever had. She's so cool !"

Tiffany plans to go to WTAMU after graduation with hopes of becoming a veterinarian.

Bad weather day has been changed to January 29th. All students and teachers will have school Monday, January 22.

### St. Mary Magdalen sets fundraiser

FLOYDADA — St. Mary Magdalen Catholic Church in Floydada will be naming the winner in the annual Valentine Sweetheart fundraising event on February 18, 1996 at 3:00 p.m. Five young ladies are currently participating in the event including: Candice Herrera. Samantha Jo Ibarra, Shelby Romero, Roxanne Soliz, and Linda Vargas.

Herrera is a 13 year old Floydada Junior High student, the daughter of Vivian Herrera. The eighth grader is involved in UIL activities, band, track, and CYO at St. Mary Magdalen.

Ibarra is the daughter of Joe and Valarie Ibarra. She is a sixth grader at R. C. Andrews Elementary and is 12 years old. Her interests include band, Girl Scouts, and church activities at St. Mary Magdalen.

Fifteen year old Romero is the daughter of Teresa Romero and a sophomore at Floydada High School. She is in band, the one act play, and choir and CYO at St. Mary Magdalen. Soliz is a 14 year old freshman

student at FHS where she participates in band. She is the daughter of Gene and Rose Soliz and is a member of St. Mary Magdalen Church.

Vargas is a member of CYO and Choir at St. Mary Magdalen Church. The daughter of Juan and Ermelinda Vargas is 16 and a sophomore and class president at FHS. She is active

in band and UIL-Prose.

The young ladies will conduct several types of fund raising activities in the next few weeks, including holding bake sales, food sales, dances, and placing donation collection canisters around town. Each cent raised by the candidates will count as one vote. For example, \$10.00 will be counted as 1,000 votes. All donations and assistance will be appreciated by the candidates and the Church.

Funds raised by the yearly project will be used for the Church building fund. The candidate raising the most money will be crowned by the 1995 Sweetheart, Jamie Reyes, during a celebration which will include entertainment, door prizes and refresh-

### **Dr. Dobson Answers Your Questions**

**OUESTION:** What does a man experience during a full-fledged midlife crisis?

DR. DOBSON: Dr. Jim Conway has written a book called Men In Mid-Life Crisis (David C. Cook), which I highly recommend. In it, he identifies four major "enemies" that plaque a man entering this stressful period.

The first is his own body. There is no doubt about it; that guy they called "Joe College" just a few years ago is now growing older. His hair is falling out, despite desperate attempts to coddle and protect every remaining strand.

Then he notices he doesn't have the stamina he once had. He begins getting winded on escalators. Before long, words assume new meanings for Ol' Joe. "The rolling stones" are his gall bladder, and "speed" (which once referred to amphetamines or fast driving) is his word for prune juice.

The cells in his face then pack up and run south for the winter, leaving a shocked and depressed Joseph standing two inches from the mirror in

disbelief. To summarize this first great concern of the mid-life years, a man approaching 40 is forced to admit: 1.) He is getting older; 2.) The changes produced by aging are neither attractive nor convenient; 3.) In a world that equates human worth with youth and beauty, he is about to suffer a personal devaluation; 4.) Old age is less than two decades away, bringing eventual sickness and death.

The second enemy facing a man in his mid-life years is his work. He typically resents his job and feels

trapped in the field he has chosen. The third enemy that rises to confront a middle-aged man is, believe it or not, his own family. These stormy years of self-doubt and introspection can be devastating to his marriage. Such a man often becomes angry,

DR. DOBSON

depressed and rebellious toward those closest to him. He resents the fact that his wife and kids need him.

The fourth and final enemy of a man in mid-life crisis appears to be God himself. Through a strange manipulation of logic, man blames God for all his troubles, approaching Him with rebellion and anger.

Let me give this latter point the strongest possible emphasis. One of the most common observations made by relatives and friends of a man in mid-life crisis reflects this sudden reversal of personality and behavior:

"I don't understand what happened to Loren," a wife will say. "He seemed to change overnight from a stable, loving husband and father to an irresponsible rogue."

This man's problem is basically spiritual in nature. As his system of beliefs disintegrated, the result was a rapid and catastrophic change in lifestyle which left his family and friends in a state of confusion and shock. This pattern has occurred for thousands of families in recent years.

Dr. James Dobson is a psychologist, author and president of Focus on the Family, a nonprofit organization dedicated to the preservation of the home. Correspondence to Dr. Dobson should be addressed to: Focus on the Family, P.O. Box 444, Colorado Springs, CO 80903.

# Council hears 1995 report

**Continued from Page 3** 

Under department reports J.D. Copeland stated that the landfill will be clear in February. All the requirements for closing will have been met.

Bil Anderson reported that more railroad rock is needed so they can continue to work on the streets. Copeland stated that rock is still available out by the landfill.

Bil Anderson passed out the employee job summaries that are being. He asked the council members to study them and make further recommendations. They will be discussed

A report was received from Chief

of Police Jerry Edwards on the cost to demolish the three houses that were disposed of by the prisoners. Total cost for the demolition was \$351.29. Tools and trash bags were purchased from Davis Lumber. The tools remain the property of the city. Lunches and snacks were furnished. All concrete and any usable materials was hauled to the prison for their use.

In regular business before the board the minutes of the previous meeting were read and approved, the

and current bills were reviewed and approved for payment. The motion to pay the bills was made by Bil Anderson and the second was made by J. D. Copeland.

Present at the meeting were Mayor Gary Marr, Councilpersons J. D. Copeland, Tina Graves and Bil Anderson; City Attorney Paul Lyles, City Secretary Charlotte Hooten, Utilities Supervisor Dickie McCarty, Darla Chappell represnting Edd V. Henderson and Company, and the Hesperian-Beacon reporter.

### CONGRESSIONAL REPORT

Congressman Mac Thornberry

U.S. Representative, 13th District

I have spent the last several days working with a group of conservative Democrats and Republicans to draft alternative legislation that would balance the budget in seven years and win the bipartisan support of Con-

It's become increasingly clear that President Clinton will not negotiate in good faith on a balanced budget. Not only has he broken his word on the agreement made last November to end the first government shutdown, but he has also failed to put forward an honest plan that relies on real numbers instead of budgetary gimmicks.

We've spent the last 11 months working on a plan to balance the budget and make the government smaller, smarter and more accountable to the people. Both the House and the Senate passed this plan-the first time in a generation that congress approved a balanced budget. The President vetoed this bill. To make matters worse, he has put government employees directly into the line of fire. Congress moved January 5th to take them out of this firefight by voting to return

them to their jobs with full pay. Now, we're going to move across the aisle he also vetoed critical funding bills that shut down part of the government and kept federal workers out of their President Clinton is holding the

balanced budget hostage. In doing so, and try to reach agreement with conservative Democrats who, unlike the President, believe the budget should be balanced immediately and in an honest and responsible way." I am a member of the Mainstream

Conservative Alliance, a coalition of conservative Republicans which was formed two months ago as a way to work out bipartisan solutions with Democratic members of Congress. The bipartisan meetings have thus far focused on one objective--balancing the budget in seven years using num- belong

bers scored by the Congressional Budget Office. Beyond that, everything else is on the table.

We're approaching these discussions with an open mind and a commitment to four basic principles. First, we've got to slow the growth of Medicare and save the system from bankruptcy. Second, we've got to reform Medicaid and begin transferring control of the program over to the states. Third, we've got to end welfare as we know it and put people to work. And finally, we've got to give American families a break by providing real tax relief for middle income people.

If we can craft a bill that wins enough votes in the House and Senate, then we can override the President's veto and take him entirely out of the balanced budget debate-which is where he obviously want to

R. C. Andrews Elementary School chose fourth graders Amanda DeChant, daughter of Virginia DeChant, and Melissa Dunlap, the board will approve the purchase daughter of John and Judy Dunlap, for the honor. Kia Baker, daughter of Dorcas Baker, and Melissa Morales, daughter of Martin Morales and Sylvia Morales, were the honored students from Duncan Elementary. Each received a certificate to commemorate the occasion.

Minutes of the previous meeting were read and approved as presented. Board members also approved payment of the monthly bills for the dis-

Administrative Assistant Jimmie Collins gave the report on current tax collections stating that as of December 31, 1995, local ad valorem taxes in the amount of \$1,156,609.00 had been collected. CED collections on delinquent taxes were \$359.80. This represents a 70.6 percent collection rate as compared to a 75.75 percent collection rate at the end of December in 1994 according to Collins.

The board approved pursuing the project of ordering a new school bus for the 1996-97 school year on a mo-

tion by Steve Lloyd with a second by Amado Morales. The district policy is to buy one new bus each year to keep the fleet in good shape. If the bids on the proposed purchase are within the budget set for the purchase, of the new vehicle at a later date.

Texas Association of School Boards Policy Update 50 was approved unanimously by the board at the evening session. The update contains changes in the policy manual dictated by the last legislative session. Motion to approve the update was made by Charlene Brown and seconded by Jack Robertson.

Zahn Turner was appointed to serve as the alternate election judge for the school board election in May. Motion for the action was made by Amado Morales and seconded by Trena Simpson. All voted in favor.

A parttime filing clerk will be hired to assisst FISD Bookkeeper Jan Thompson during the year as needed. Robertson made the motion which was seconded by Brown. All board members voted for the motion.

Superintendent Cannon reported that a South Plains Association of School Boards meeting will be held on January 22 in Lubbock. Board members attending will receive credit for school board training require-

Cannon also told the board that the repairs to vandalism of glass doors and windows at the various campus locations has been estimated to cost about \$1,300.00. Local law enforcement officials are still investigating the January 3 late night incidents in which several glass fixtures were ap-

parently shot out.

February 1 has been chosen as the date for announcement of 1996-97 athletic schedules and any necessary district realignments. Cannon told the board that a joint decision between the district and the Ex-Students Association will be made at that time setting the date for the homecoming celebration held once every four years. It is expected that the date will be in late September or early October depending on the football schedule.

Construction of the new gym is moving along at a steady pace according to Cannon. The High School hopes to be able to hold graduation in the new facility at the end of May.

Board members rescheduled the February board meeting from February 8 to February 5 and 6. Two meetings will be held so that board members may spread out the discussion and consideration of evaluations of personnel contracts up for renewal at that time. Both meetings are scheduled to begin at 7:00 p.m. Regular

agenda at this time.

Attending the session were FISD

Amado Morales, and Jack Robertson. Others in attendance included the board members Mitch Probasco, outstanding students, their teachers, Steve Lloyd, Trena Simpson, families and friends, Superintendent

### What to do in 1996 is question of the hour

By Shawn Wade

What to do in 1996 is the question of the hour as cotton producers on the High Plains and across the nation try to make key decisions.

"Where we stand as a result of the recent budget impasse in Washington is creating a very difficult situation for many growers," notes Donald

Johnson, Executive Vice President of Plains Cotton Growers, Inc. (PCG) notes that producers gearing up for the 1996 season have had to put their process since a final decision about plans on hold until they can figure out what program will or will not be effecwhich set of rules they will be re- tive for the 1996 crop year could be quired to follow.

Several scenarios are possible given current circumstances, adds Johnson. Because no new farm lesgislation was passed by the start of the new year applicable farm programs clude the recent review of Federal are currently a mixture of different bills written at different times.

For today this is how things stand. Roughening under Food Security Act Commodities such as wheat and feed (FSA) plans. grains have reverted to permanent farm law passed in 1949. Failure to purchase this coverage changed for the moment. Questions could result in a producer being proabout exactly how these two pro- hibited from participating in farm grams can work together is still unanswered.

"Right now three things can happen," says Johnson. "First, a compromise can still be worked out on the currently proposed Balanced Budget bill containing the 7-year ag bill. Second, farm programs revert back to currently available legislative authority under the 1949 Act for wheat and feed grains and the 1990 Act for cotton, soybeans and peanuts. Third, the ag section of the Balanced Budget bill could be offered and passed as free standing legislation.'

Johnson notes that without any clear picture of which path farm legislation will take producers may find their best alternative is to develop

FSA Plans A new standard for Surface Roughening means producers with FSA plans in place now have the opportunity to use tillage to meet the requirements of their plan. The Surface Roughening Conservation Alternative standard may be used provided that enough moisture exists to carry out tillage practices such as breaking, chiseling, deep ripping or listing. Producers interested in adding the new standard to their plan should
