County To Elect One To Board

Parmer County cotton producers and agribusinessmen will elect a businessman director to Plains Cotton Growers, Inc. at an 8 a.m. breakfast meeting on Tuesday, April 10 at Lucy's Restaurant, Farwell. Announcement of the election comes from Bert Williams of Farwell, Parmer County Producer Director to the 25-county cotton organization, and Donald Christian, also of Farwell, current Businessman Director.

SUNDAY, APRIL 8, 1984

Soaking Rain Is **Received Friday**

12 PAGES

The calendar says it's spring, but you sure wouldn't know it by the kind of weather the area had over April Fool's Day. At least by looking at the foggy, damp weather, one would have thought the cold winds might have brought snow.

long has it been since a slow-moving system set in and rained nice and easy for two or three hours? That's exactly what happened, and it was just "What the doctor ordered."

WHAT A LOVELY rain the area

received last Friday evening! How

By

That nice three-quarters of an inch won't necessarily break the drought, but, added to the equal amount that had been received during the past week, gave the area a better than average total for the month of March, and for the first time in months, there is some honest-togoodness mud to be found.

The dryland wheat has really perked up, and now has been given a fighting chance to make a crop--or at least will provide some good grazing for those with cattle.

The weather experts have indicated that more moisture might be in the picture during coming days, and it seems that our area's weather pattern has changed just enough to include our section of the country in the moisture department.

We were glad to note that Weldon Crim, who has taken up his late father's practice of making a weather reading on the first day of spring, has predicted that 1984 will be a better than average crop year.

Maybe things are ready to make a change for the better for our area's farmers', and if so, it isn't a minute too soon!

* * * *

WE FEEL SORRY for University of Houston Coach Guy Lewis, whose team has been to the NCAA "final four" for the past three years in a row, but in each case, UH has failed to bring home the trophy, finishing second the past two years. Naturally, the Cougars have a lot to be proud of, having beaten a number of good teams to get to the NCAA finals, but as you know, in anything you do, the top spot is the ultimate goal, and once again it was "Close, but no cigar." We really thought that Houston U. would win the post-season national tournament this year. They had played some outstanding basketball, as indicated by their 32-5 season record. And their super-star, Akeem Olajuwon seemed to be virtually unstoppable. But Georgetown found a way to outdo him Monday night. Seemed to have been with a sevenfoot center of their own, named Patrick Ewing. The thing that kills yours truly about watching these college championships is the way these good teams like Houston cannot make their free throws. It seems like the free throw is becoming "lost art" in the sport of basketball, and in many cases, it's too bad. I didn't see all of Monday night's game, but saw enough of it to know that if Houston could have made 80 per cent of their free throws, they would have won the national title game.

Each of the counties in PCG territory has two directors, one a businessman and the other a cotton producer. They are elected on alternate years for two-year terms. Each is eligible for re-election every second year.

All producers and businessmen are invited to the meeting. However, under PCG By-Laws, only current dues-paying members of PCG will be eligible to be elected a director or to vote in the election. This provision of the by-laws will be fully explained at the meeting.

A PCG staff member will conduct the election, review and answer questions about recent and planned PCG activities.

Officials Seek Help Locating Pre-Schoolers

Friona Elementary School is asking for assistance in its efforts to contact all parents of children who will be kindergaren age for the 1984-85 school year.

BAND EXCELLS.... The Friona High School band won First Division ratings in both sight-reading and concert competition at Dimmitt this past week. Band director Jim Parker and band president Diane Johnston hold the trophy awarded the band.

Friona Band Excells In UIL Competition

The Friona Chieftain concert band received Division One ratings in both concert and sight-reading at the UIL competition last week.

The band received the "I" ratings by all three judges in the concert event, and capped off their day with a similar rating in sight-reading, and received a handsome trophy for their efforts.

In the concert division, the band played "Iowa Band Law March,"

last Thursday at Abernathy.

good training and understanding of aspects of performance."

Gerald Smith of Panhandle High School, another of the judges, said "The band does a really fine job. (It) plays very musical--good style dynamics. Good teaching going on in Friona. My pleasure to hear you."

Finally, Coy Cook of Sunray High School, said in his comments, "My pleasure....I like this band...Keep working for your fine director."

The area received some needed rain and also some pea-sized hail fell in town. Golf ball size hail was reported at Cannon Air Force Base Sunday in Clovis.

Friday evening (March 30), the area received one of the best rains it had received in the past eight months. A slow, soaking rain started falling at about 5:30 p.m., and continued falling until after 8 p.m.

The general concensus was that around .75 inch of moisture was received from the Friday rain, which was very general in nature. Another quarter of an inch was registered on Sunday, making an inch overall, and about 1.75 inches for a ten-day period.

Even though the temperatures weren't all that low, the wind that swept through Sunday, bringing rain and heavy fog made for a chilly afternoon and night.

Monday's temperatures were in the forties but the winds continued and clouds gathered. Some blowing dust was seen throughout the day.

Cemetery Association **Electing Officers**

The board of directors of the Friona Cemetery Association met in official capacity February 16 at the City Hall. Those present were Roy V. Miller, president; John Fred White, vice president; Geneva Williams, secretary-treasurer; Juanita Reed and Russell O'Brian. City Manager Beelee Ballots should be marked and Goodwin and Larry Martin, city returned in the enclosed return employee, were present. envelope by no later than April 15. Letters to the Cemetery This is the date of the annual meeting Association membership were of the membership. This meeting will discussed and plans made to get these letters mailed. This was done and

letters mailed March 20, requesting selection of officers to be nominated for Place 3. Present Board members of Place 3 are Roy V. Miller, Geneva Williams and Russell O'Brian. Other nominations made were Zona (Estes) Bass, Larry Martin and Melody

And, as I remember that the Cougars lost last year's finale by an even closer margin, again because they couldn't make their free throws. The immediate strategy for Coach Lewis should be to send his troops to the gym from now until next November, and have them work about two hours a day shooting free throws....over and over and over. Today's players spend too much time working on the art of "slamdunking" the ball, when about the only talent that takes is a lot of height and agility. A five-foot, ten-inch player can beat the seven-footers at the foul line. To lose one national title for that reason was bad, but two in a row is almost inexcusable.

A kindergarten enrollment is planned for later this spring and school officials are presently compiling a list of students to be included in the plans.

Letters have been sent home by students who are currently enrolled in school, but this will not assure officials that all eligible children will be contacted.

Anyone who has a child that will be five years of age on or before September 1, 1984 is asked to contact the Principal's Office or phone 247-3340 so their name can be included on the mailing list.

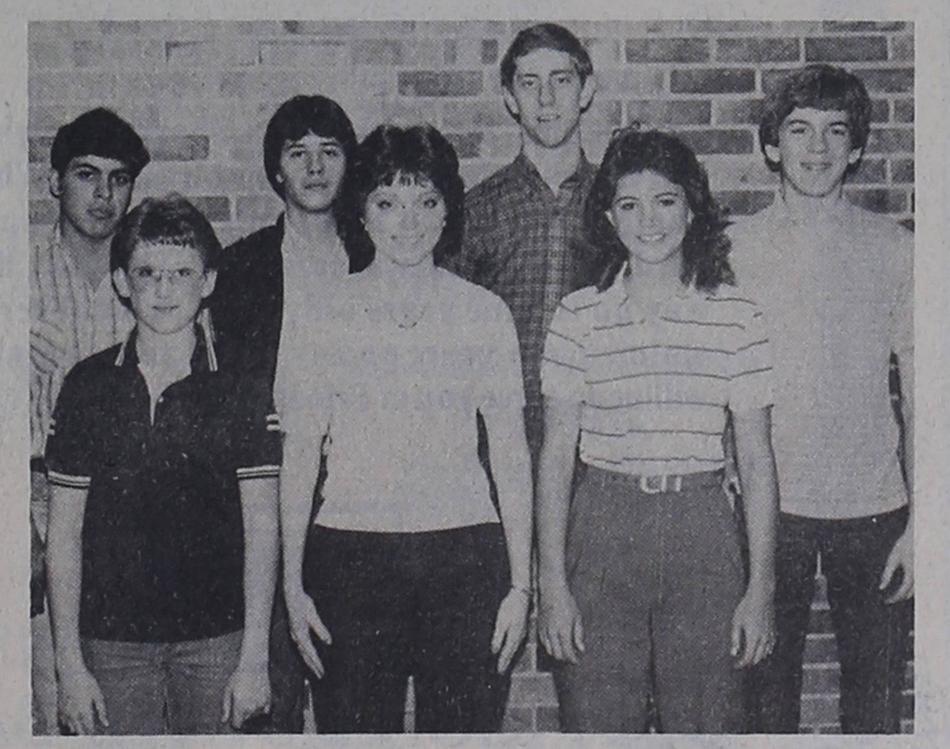

School, City Vote **Slated On Saturday**

The annual City and School Board election will be held at the Friona Fire Station Saturday (April 7), from 7 a.m. until 7 p.m.

Contested races are on tap for the two city council spots, where four candidates are running, and in the school race, where five are seeking two spots.

Mayor Clarence Monroe is running opposed on the city council ballot.

Pictures of the candidates for the school board and city council are featured on Page 3.

"Brookshire," and "Exaltation." Eldon Sommenburg, one of the contest judges, of Dennison High School, said on his comment sheet, "This group plays well the music chosen for them. (The band) exhibits

QUALIFIERS....Seven Friona High School youngsters have qualified for the regional UIL meet in literary events. In the back, left to right are Roy Flores, David Small, Brent Hinkle and Bill Caudill. In the front are Michael Griffin, Sheila Gresham and Diane Johnston (See story, this issue.)

featuring charcoal-broiled steaks, lunch specials, "breakfast anytime," and 25-cent coffee.

The Jacksons will feature buffets Sunday at noon, Friday nights, which will be fish fry night, and Thursday at noon.

On their menu, drinks will be featured at no extra cost.

Easter Dates Are Given **For Schools**

School will be out for the Easter Holidays on Friday, April 20, and be out the entire week of April 23, according to Tom Jarboe, superintendent.

Classes will dismiss at 2:45 on Thursday, April 19, and will resume at the regular time on Monday, April 30.

year by the direction the wind is blowing at sunrise on March 22 of each year.

A teepee-shaped pile of wood was burned last Thursday morning in the Lazbuddie area at the crack of dawn. The east wind blew the smoke from the fire toward the west and according to Weldon Crim, this means a better than average crop

year.

The tradition of forecasting was passed down to Weldon by his father, who performed the Indian ceremonial rites for many years. The forecast custom had been passed down to J.W. Crim by his father, Taylor Crim, who was taught the ritual by the Indians.

It is said that this ceremony is well known throughout the Panhandle and South Plains area and J.W. Crim had performed this ritual near Lazbuddie from 1923 until 1980, when he died. His wish was that his sons continue the tradition.

A bumper crop is on its way if the wind is blowing from north-northeast

goes each year.

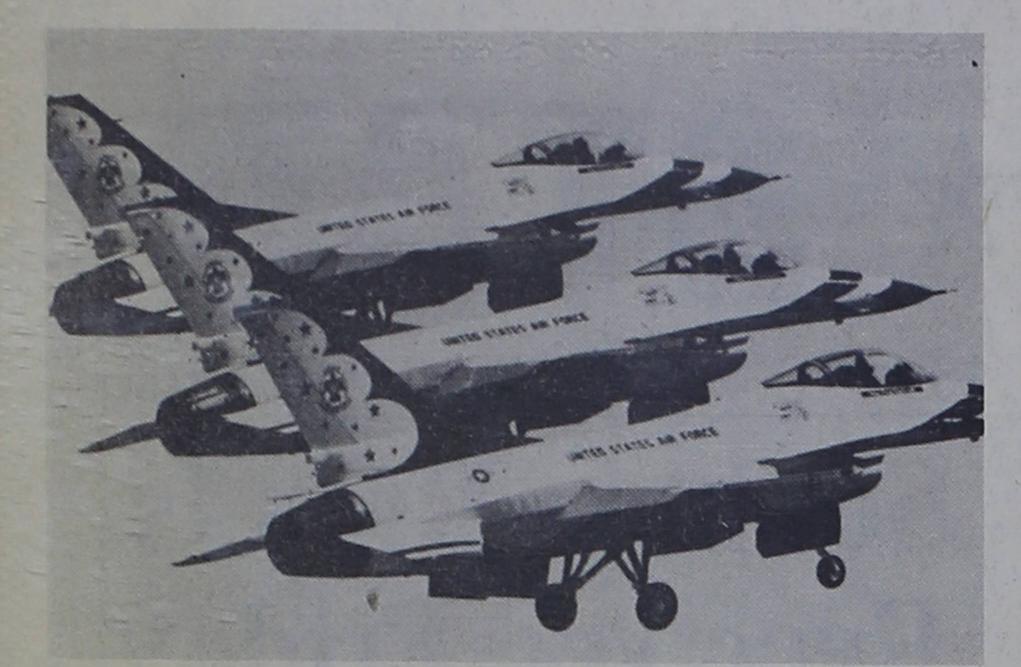

Friona youngsters are involved in the Regional Science Fair this weekend at the Activities Center at West Texas State.

Friona High School science instructor Rick Tullis is serving as chairperson for the regional fair.

A public display of the projects will be held between the hours of 8 a.m. and 2 p.m., Tullis said.

Some 150 exhibits are expected in all, and over one-third of them will be from Friona. Tullis said there were 23 high school, about 15 junior high and 15 grade school youngsters, winners on the local level, entering their projects at Canyon.

THUNDERBIRDS COMING TO CANNON....Scheduled to appear at Cannon Air Force Bases' Community Appreciation Day April 22, is the U.S. Air Force Air Demonstration Squadron, the Thunderbirds. The Thunderbirds will perform at 4 p.m. as part of the Silver Anniversary celebration of the 27th Tactical Fighter Wing at Cannon. (U.S. Air Force Photo)

Thunderbirds Are Coming To Cannon

The U.S. Air Force Thunderbirds are coming to Cannon Air Force Base on April 22.

Flying in the F-16 Fighting Falcon, the Thunderbirds will perform at 4 p.m. during Cannons' annual Community Appreciation Day.

Community Appreciation Day begins with opening ceremonies starting at 1 p.m.

The U.S. Air Force Air Demonstration Squadron, the Thunderbirds, perform precision aerial maneuvers, exhibiting to people throughout the free world the capabilities of Air Force aircraft and people.

A Tactical Air Command unit, as is Cannon, the Thunderbirds squadron is composed of eight pilots (including the six demonstration pilots), three support officers and 114 enlisted personnel in 32 career fields. The squadron demonstrates the precision of formation flying, the maximum performance capabilities of the F-16 and the readiness of a modern tactical flying unit. Early in 1983, the Thunderbirds began flying the General Dynamics F-16. This aircraft represents the full range capabilities possessed by our newest tactical fighters. This highly maneuverable multirole fighter has proven itself to be one of the world's best precision tactical bombers and air-to-air combat aircraft. It is a multi-national aircraft used by eight countries other than the U.S. With the transition to the F-16 from the T-38 Talon, the team was able to retain manpower and fuel efficiency while demonstrating to Thunderbird spectators the very latest in fighter technology. Other activities scheduled during the day are a military working dog show, a drill team performance, a security police rappelling exhibition and a demonstration of emergency escape procedures from an F-111D aircraft. Community Appreciation Day provides an opportunity for local citizens to visit the base and learn more about its mission, equipment, facilities, people and the skills required to operate in the Air Force. Gates open at noon with activities tailored for the whole family's enjoyment lasting through 5:30 p.m. Cannon's F-111D along with other Air Force aircraft will be on static

FRIONA FLASHBACKS from the files of The Friona Star

55 YEARS AGO--MARCH 29, 1929 Judge J.C. Temple of Farwell was a business visitor in Friona on Monday, and favored the Star with a short visit. The judge expressed himself strongly in favor of a county agent for the county, and says he will back a move to accomplish such a result.

W.F. Perry, who was appointed census taker for the Friona School District, finished that job on Tuesday.He found the exact number of scholastics to be 353, a decrease of six from last year's count.

....

45 YEARS AGO--MARCH 31, 1939 As announced in last week's issue of the Star, the organization of the

40 YEARS AGO--MARCH 24, 1944 Carl C. Maurer, owner and manager of the Friona Airport, stated Monday that CAA Inspector Frank Cozzier of Amarillo Saturday completed the designation of the Friona Airport, to be known as "Ira Benger" Field. Maurer stated that the airport is now open to public use, and a large central hangar is to be built as soon as it is possible to secure necessary materials.

15 YEARS AGO--MARCH 28, 1969 Funeral services for E.C. Seaney, 61, were conducted Wednesday in Morton. Seaney, who had owned the Pak-A-Sak 7-11 grocery since last September, was found shot at the store on Monday, with a .22 calibre rifle lying nearby. He died at Parmer County Community Hospital early Tuesday morning.

Court Outlaws Use Of 2,4-D Chemical

A long discussion concerning the use of 2,4-D or derivatives of 2,4-D in Parmer County was held at the last meeting of the Parmer County Commissioners Monday, March 26.

Taking part in the discussion were Dennis Maloney, pesticide specialist with the Department of Agriculture, Gary Patterson, Extension Agent for Agriculture, and Joe Jones, Bovina, a pesticide applicator.

After a detailed discussion of the needs and conditions, a motion was passed setting April 15, 1984 as the deadline for spraying 2,4-D and its derivatives in Parmer County, and setting the closed time from April 16 until October 31, 1984.

Notation was made of the possibility of the county joining the Hi-Plains Agricultural Development Corporation through the PRPC, for the purpose of promoting the processing and marketing of farm products.

Judge Porter Roberts received notice from the Bureau of the Census stating that on July 1, 1982, their estimate of the population of Parmer indicate a drop of 106 people, or less than one per cent, for the period.

After discussion of a letter from the Texas Assn. of Counties, a motion was passed asking support for funding for county roads through a one-cent fuel tax. A resolution was to be mailed to the governor, lieutenant governor, house speaker, state senator and Bill Sarpalius and Representative Pete Laney asking their support.

At the suggestion of County Treasurer Benna Felts, some certificates of deposit which were maturing March 30 were reinvested as follows: general fund CDs of \$100,000 and \$150,000; Farm to Market fund CDs of \$100,000 and \$200,000, to mature May 15, 1984; also \$100,000 in general funds, new money, was invested until May 15, 1984; and \$30,000 in Right of Way funds, new money, was invested, to mature September 28, 1984.

The new money has come in as tax receipts and is held until needed, while earning interest.

Soil work was approved for three

Friona Retail Merchants Credit Association has now become a reality. Mr. H.W. Matthews has been in charge of preliminary work. Primary purpose of the organization is to provide more convenient and satisfactory credit facilities to those who wish to avail themselves of it.

Superintendent W.L. Edelmon was elected to a second term at a recent meeting of the Board of Trustees of the Friona Independent School District.

Local Teams Win Tourney

Eight Friona volleyball teams participated in the Body Connection's second annual double elimination volleyball tournament in Bovina April 29, 30 and 31.

m

Four of the local teams were entered in the mixed division, with each team being made up of three men and three women.

Winning the mixed division was the Bovina Blade team. The team won its first match against Sherley Grain, then lost to the Twisters from Hereford. After dropping to the loser's bracket, the team then defeated Oglesby Equipment of Hereford, Potts Gun and Ammo of Friona, Agri-Sprayers of Bovina and the Human Stars of Friona, to make their way back into the finals. In the match for first place, the Bovina Blade team had to play the Twisters from Hereford again. This time the local team came out on top and brought home the first place honors. Members of the team were Vickie Copley, Mickie Cochran, Lisa McLellan, Ricky White, Rick Johnson, Edward Castillo and Mark Neill. The Human Stars of Friona placed third in the tournament. Members of their team were Uriel Vega, Cynthia Vega, Andres Vega, Pedro Frias, Juana Marquez, Evangelina Vega, Carlos Vega and Lupe Vega. Also playing in the tournament were Potts Gun and Ammo. Team members were Judy Potts, Wessie Weatherly, Vickie Smiley, Mike Hutson, David Hutson and Mike Blackburn. Jayn's Gang, also from Friona, included Jayn Looper, Sharon Rector, Donita Martin, Diane White, Larry Rector, Terry Copley and Bob Owen. In the women's division, three Friona teams participated. They were Friona Star, Potts Gun and Ammo and Tucker Accounting. The Friona Star team won first place honors after working their way back to the finals following a first match loss. The Star met long time rival, Wilson Drilling of Muleshoe, for their first match of the tournament.

Wilsons won the match, that went to three games. Following that loss, the Friona Star defeated Big Nick's of Bovina, Potts Gun and Ammo of Friona, Don's Medicine Chest of Bovina and the Orphans of Morton, to get back to the final match.

In the finals, the Star met Wilson Drilling again, and needed to defeat them two sets for the victory. The team won four straight, untimed games against the rival team, for the first place trophy.

Members of the local team are Lisa McLellan, Mickie Cochran, Vickie Copley, Jayn Looper, Sharon Rector and Donita Martin. Shonda White of Hereford played with the team Saturday night.

Potts Gun and Ammo won their.

Gal Golfers Earn Spot At Regional

The Friona Squaws' golf team qualified to compete in the Region 1-AAA tournament by virtue of placing second in their district tournament. Faith Wright shot a 93 to lead the Friona girls on a cold, windy day this past Monday at the local course. It was the third and final tournament in district play.

Friona's girls shot a three-meet total of 1037, to Tulia's 981, to place second overall. Tulia's "B" team finished third at 1080; followed by Muleshoe, 1107; Abernathy, 1145; Dimmitt, 1231; Littlefield, 1258 and Abernathy "B" 1293.

Patsy Aragon paced the local girls overall with a three-meet total of 242.

Here are the Friona girls' scores, with their Monday's score first, followed by district tournament totals:

first match and then lost their second match to the Orphans of Morton, and were knocked out of the tournament by the Friona Star in their third set.

Team members are Judy Potts, Wessie Weatherly, Krita Potts, Vickie Smiley, Carla Dean, Janice Richards and Linda Knowles.

Tucker's Accounting lost their first match against Don's Medicine Chest and were later defeated again by the same team to eliminate them from the tournament. Team members were Jeanie Tucker, Carla Mann, Nita Clark, Susan London, Nancy Jackson and Diane White.

T.S.C., Friona's local men's team, won second in their division of the tournament.

For their first match, the guys met Boots and Saddles of Hereford and were defeated. Following their loss, the team then worked their way back into the finals by beating Muleshoe IGA, the Purple Armadillos of Bovina, Kirkpatrick's, also of Bovina, and Star Route Co-Op of Morton.

In the final match, T.S.C. was faced with needing to defeat Boots and Saddles two sets. The local team, playing their final sets with only five players were unable to pull out the victory and had to settle for second.

Members of the T.S.C. team were David Hutson, Connie Dodson, Mike Hutson, Mike Blackburn, Mark Neill and Ricky White. Youth B.B. Sets Awards Night Fete

The Friona Youth Basketball Association will have their awards supper on Saturday, April 14, at 6 p.m. at the Friona Community Center.

All children who participated in the youth basketball program and their families are invited to attend. There will be a charge of 50 cents per person. Coaches and players are admitted free.

The awards will be presented to the players following the supper.

TENNIS CHAMP....Shauna Maynard will be competing in the regional tennis meet, after placing second in the District 2-AAA girls singles tournament which concluded on Wednesday of this week. Miss Maynard had a 3-1 record in the tourney.

Shauna Maynard Qualifies For Meet

Shauna Maynard qualified for the regional tournament in tennis, after placing second in district singles.

Miss Maynard, who was seeded second, defeated Lesa Miller of Abernathy, 6-3, 7-6 in the quarterfinals, and Debbie Christie of Muleshoe, 6-1, 3-6, 6-4 in the semi-finals. She lost to Anne Marie King of Littlefield in the finals, 6-7, 6-4, 6-4. Julie Wilshire lost to Toby Tischler of Dimmitt

in the quarter-finals, 4-6, 6-4, 6-2.

In doubles, Kristi Britting-Sharon Frye defeated Shana Jennings-Christi Borchardt, Tulia, 6-1, 6-2, and downed Vicki McKinzey-Vicki Almaguer of Abernathy in the quarterfinals, 6-3, 6-4. The duo lost to Kelly Hamblen-Kristi Heathington, Muleshoe, 6-1, 6-2.

Britting-Frye downed fellow Frionans Debbie Reeve-Jennifer Hughes, 6-2, 6-4 for third place in district.

Misses Reeve and Hughes defeated Patsy Vega-Joyce Schilling, Dimmitt, 6-4, 6-3, and then downed Missy Stringer-Tanya Tucker, Tulia, 4-6, 6-1, 7-5. In the semi-finals, they lost to Stacie Smith-Debra Nieman of Muleshoe (eventual doubles champs), 6-2, 6-4.

Friona scored 20 points, ten each in doubles and singles, and placed second overall in the meet, behind Muleshoe.

Pre-district records for the players were as follows:

Player	District	Overall
Shauna Maynard	5-2	9-4
Julie Wilshire	4-2	6-5
Britting-Frye	3-4	7-6
Reeve-Hughes	1-1	2-5
Reeve-Ratcliff	3-0	3-0

Tracksters Have Good Statistics

The Friona Squaws track team had a strong showing in their final predistrict meet at Lorenzo last Saturday.

The Squaws scored 92 points to place second to Crosbyton in the race for team title. The winners had 94 points. There were 17 teams in the meet.

Friona won four events. Their mile relay team placed first with a time of 4:20. Team members were Diane Johnston, Susan Bailey, Ronda Ratcliff and Layce Osborn.

Miss Osborn won the 800-meter run, in which she is still unbeaten this season, with a time of 2:29.5.

Nikki Osborn won the 1600-meter

Chiefs 2nd At Seminole

The Friona Chieftains' track team placed second overall in the Seminole Indians' Invitational meet last Saturday.

The team scored 131 points, to trail only meet winner Slaton in the race for the team title, and Coach Steve Williams was very proud of the performance.

"That's the most points we have scored in a meet this season. Overall, it was a very successful meet for us. Considering the long drive, I felt we did very well," Williams said.

Winning gold medals for the Chieftains were John Aguirre in the 400-meter dash, with a time of 51.4 and Charlie Morgan in the 200-meter dash in 23.36. Morgan's time was his best of the season.

Silver medals were won by Tim Kirk in the shot put with a toss of 44-6; Daniel Gowens in the high jump at Marquez and Caballero) were second with a time of 3:33.1.

Morgan also placed third in the long jump at 20-2, and third in the 100-meter dash at 11.5, racking up a 30-point individual performance.

Aguirre placed fourth in the long jump at 19-5; and fourth in the 110meter high hurdles in 16.2, to account for 22 points in the team's total.

Caballero placed fourth in the discus with a throw of 118-8.

Thomas Merritt was third in the pole vault, clearing 10-6, and LeRoy Mercado was third in the 3200 meter run at 11:02, his personal best.

Troy Crutchfield was fourth in the 800-meter run with a time of 2:12 and also fourth in the 1600-meter race at 5:02, his personal best mark.

Neelley placed sixth in the 300meter hurdles with a 43.6 clocking, and Richard Perez was sixth in the 400-meter dash at 56.1. Leroy Mercado was sixth in the 1600 meters with a 5:13 clocking.

The Chieftains are entered in the Amarillo Relays Friday and Saturday, the largest meet they've entered, which will also feature some of the stiffest competition.

Coach Williams was expecting his troops to do some scoring. After Amarillo, the team has only onemeet, at Boys Ranch, prior to their UIL district meet at Abernathy.

run with a time of 5:57, setting a new school record in the process. The Osborn sisters currently hold the school records for the mile and halfmile races.

Wennetter Jackson won the discus throw with a toss of 105-5. She placed second in the shot put with a 37-1 effort.

Diane Johnston placed second in the 400-meter dash with a time of 63.25.

Ronda Ratcliff was second in the high jump; Miss Johnston was third and Layce Osborn fourth, as the Squaws scored 18 points in the event.

The 800-meter relay team (Kelly Wied, Mika Maddox, Susan Bailey and Dee Ann Harguess), placed fourth with a 1:54 clocking.

The Squaws were competing in their district meet Friday at Abernathy. Coach Don Herbert was hoping to get a number of girls qualified for regional. The top two in each event qualify for the regional meet.

RECORD-SETTER....Nikki Osborn, FHS junior, eclipsed the school record in the 1699-meter (mile) run last week, running a 5:57. It was the first time she has broken six minutes in the event. The Squaws were competing in the district meet at Abernathy

Friday.

FHA/Y-H'ers Style Show Set April 10

The Lazbuddie FHA/Young Homemakers style show is scheduled for Tuesday, April 10 in the Lazbuddie School Cafeteria.

The show will begin at 7 p.m. There will be no admission charge. Refreshments will be served, and door prizes will be given. There will be approximately thirty models which will include some children, Lazbuddie FHA girls, Young Homemakers, and some of the Lazbuddie School teachers.

Clothes from the following stores will be modeled: in Clovis--Queens and Teens, The Teen Scene and The Youth Shop; in Muleshoe--Latrell's Fashions, Lookin' Good, Hurst Department Store and Anthony's. The public is cordially invited to attend.

Happy Birthday Friona Folks...

WEEK OF APRIL 7-13 Friona residents having birthdays next week are:

THE FRIONA STAR, SUNDAY, APRIL 8, 1984, PAGE 9 **Alcoholics Anonymous Aids** In Arresting Alcoholism Early

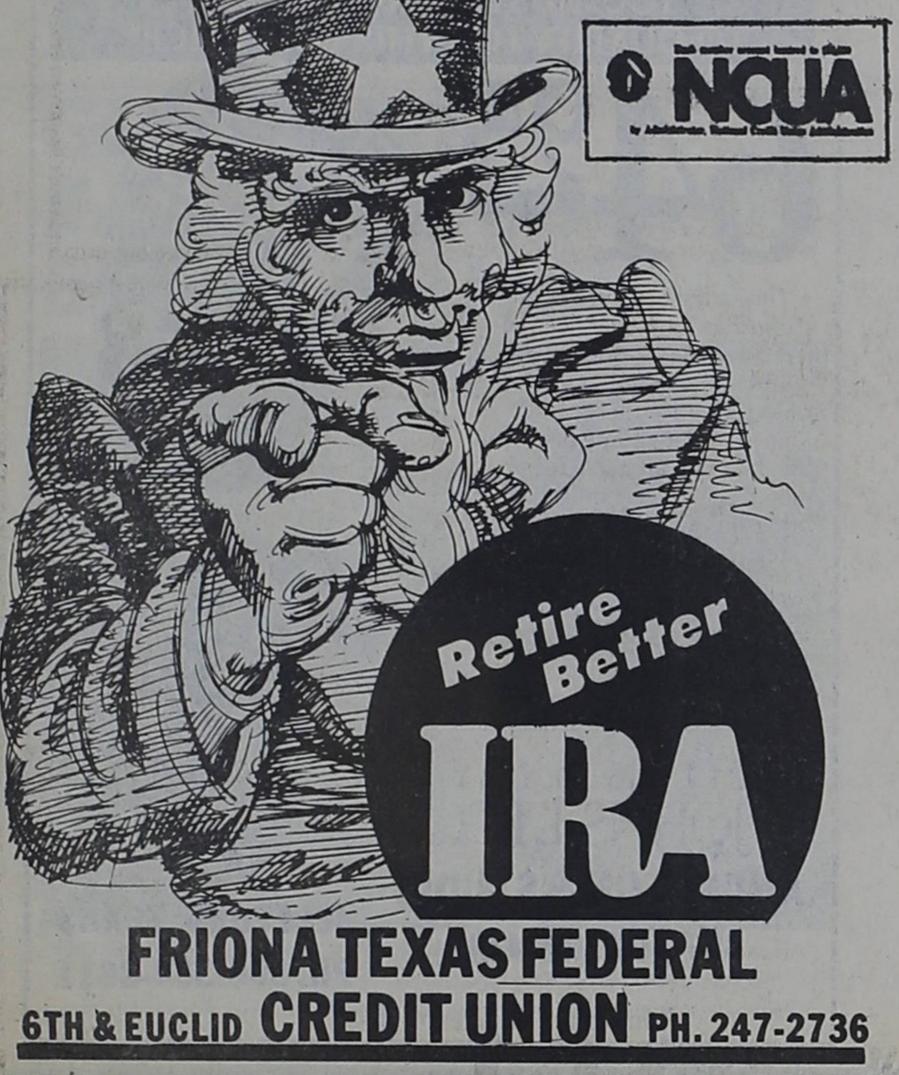

*Inga is 23 years old. She had her first whiskey sour at 16; a year later, she was mixing liquor with uppers and downers. She dropped out of school, decided to hitchhike from her home in Atlanta to San Francisco and start a whole new life. She drank and drugged as she thumbed her way West. In Kansas, she was raped and beaten and left for dead on the highway. At the hospital, she was detoxified and introduced to Alcoholics Anonymous.

*John is 51 years old. He graduated cum laude from Yale in 1950 and started up the career ladder at IBM. From the start, he liked his two martinis at lunch, cocktails before dinner and brandy after, but he knew how to handle his liquor. He married and produced three children, belonged to the right clubs, and was on a first-name basis with the right people. Then his drinking got out of hand; he had the shakes, the sweats, wound up in one drying-out place after another. His wife insisted that he see their minister, who referred him to a psychiatrist. But John kept on drinking. In time, he lost his job, the mortgage was foreclosed on the house, his wife left him, the children would have no part of him. Those endless nights, his bedroom was a Bowery. That's when he found A.A. Just how far down the path of alcoholism do you have to go in order to qualify for membership in A.A.? As these two true stories show, not far....or else very far; hitting "bottom" is an individual thing.

the country. Today, however, the portrait of membership has changed. Newer members come in speaking of days lost from work rather than of lost jobs. Most of them still have families intact; have never seen the inside of a jail or lived in a fourthrate hotel or slept in a hallway on skid row. They may not have had blackouts or taken the morning drink. They may not have had the shakes and the sweats in the long, lonely nights. But they know they have a problem with alcohol.

In large measure, these alcoholics owe their early recovery in A.A. to the fact that the disease of alcoholism has been recognized, at all levels, as a national health problem. According to a recent A.A. survey of its membership, 41 per cent credit another A.A. member for introducing them to the Fellowship; 38 per cent came "on my own"; 24 per cent through counseling and therapy; 21 per cent because of a family member; and 10 per cent through their family doctor. Moreover: --The under-30 membership in A.A. increased by nearly 50 per cent in the past three years. --At a typical A.A. meeting, one out of every three people is a woman--a jump of 33 per cent over the past ten years. Virtually all occupations are represented by alcoholics in A.A. Among men, for example, 29 per cent are in sales and business; 27 per cent in crafts; 26 per cent in the professions (such as medicine, law); and 11 per cent are semi-skilled. Among the women, 40 per cent call themselves homemakers; 21 per cent, professionals; 18 per cent, office, clerical; 14 per cent, in sales and business; and 7 per cent skilled and semi-skilled. Some A.A.'s may have been referred to the Fellowship by a doctor, psychiatrist, or clergyman. Or, the alcoholic's spouse or a friend may have read about A.A. in a national magazine or newspaper. Or, the alcoholic may have seen a movie or television drama dealing with alcoholism and A.A. Moreover, such alcoholics may work for some of the thousand or so companies in the country that have developed programs to combat alcoholism among employees--as early on in the progression of the illness as possible, before chronic absenteeism and diminishing performance on the job have rendered the worker unemployable.

Like most other illnesses--heart disease, cancer, diabetes--alcoholism can strike people of any age; and it develops at different rates in different individuals. Nor does it matter how much or how little you drink. The important question is: What is your drinking doing to you? How is it affecting your life?

National Library Week April 8-14, 1984

> **FRIONA PUBLIC** LIBRARY

Inga drank for seven years, John, for about 30. She stuck mainly to wine and beer because they were cheaper; he could afford the hard stuff. But they both qualified as alcoholics--because drinking had made both their lives unmanageable. And once they crossed the "invisible line" that separates the alcoholic from the heavy drinker, there was no going back.

In A.A., time was when virtually all the members had lost families and jobs, to say nothing of time spent in hospitals, jails, and skid rows across

Alcoholism is a progressive illness; as long as the alcoholic keeps on drinking, it will grow progressively worse. Until the drinker chooses to stop.

There is no known "cure" for alcoholism, but the disease can be arrested with the help of A.A .--BEFORE the horror stories start.

Weekly meetings are held in Friona Monday at 8 p.m. at 1601 Euclid (Union Congregational Church), phone 247-2754.

It's A Boy **For Haneses**

Steven and Gwyn Hanes of Dimmitt are the parents of a baby boy born Monday, March 19, at 9 p.m. in a Plainview hospital.

Youngsters Win Masonic Essay Contest

Diane Johnston and Wade Davenport were honored by the Friona Masonic Lodge Tuesday night, as winners of the Lodge's essay contest.

Miss Johnston and Davenport were each presented with a \$100 cash award from the Lodge. Diane is the daughter of Mr. and Mrs. Jim Johnston. Wade is the son of Mr. and Mrs. Ron Davenport.

Their essays are as follows:

THE POWER OF AN EDUCATED MIND By Diane Johnston

An educated mind is one of the most powerful sources in our society. Power is defined as a form of strength and as a means of being influential. An educated mind naturally obtains this element of power, but unless it is put into action, it is useless.

The power of an educated mind extends to every point of observation in the universe. The wide scope of discovery in almost any area of sophisticated technology opens a door to greater advancement by an educated mind.

The importance of an updated educated mind, as opposed to an educated mind forty years ago, is almost as significant as the difference between being literate or illiterate. Modern day technology has advanced in the use of language and equations as well as discovery to the point that one who is not updated in education could not comprehend what is being

done in that area.

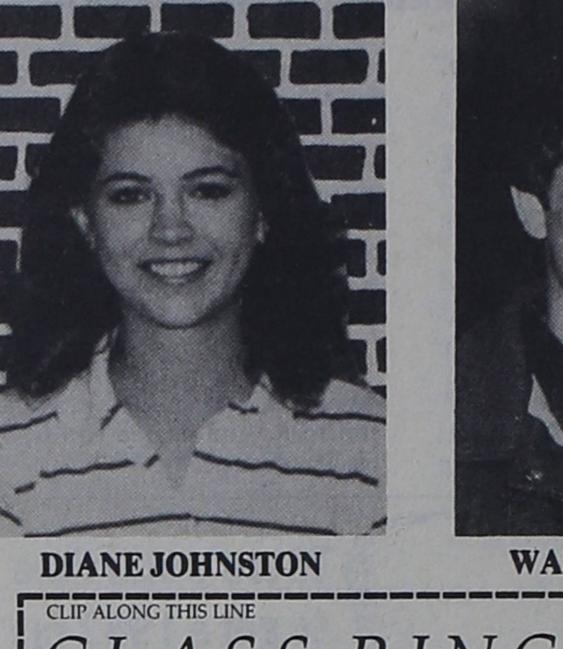

The influence of an educated mind is another important objective in this society. Throughout history, those that have had an education are those who have advanced further in society. Benjamin Franklin, for example, created many interesting ideas which developed into useful products of today. This would not have been possible without the development of his education as a child. Franklin, who is being studied about in the elementary-level age group is a great influence in the minds of younger children.

The psychological strength found in those with an educated mind is what has kept our nation from destruction. The presidents who have headed our nation for the past two hundred and eight years could not

they are in space. Without these people and their minds we would not be going out into space and finding out about all of the planets.

The scientists and engineers are not the only people that make this country go. There are also the teachers. Without the teachers to tell the scientists what to do, we might not be going into space. The teachers didn't tell the scientists how to make a material that wouldn't burn on reentry, but they did teach them how to read directions, work out math equations, and to use the knowledge that was stored up in their minds. The teachers taught the scientists and they learned, but the only way the scientists could learn was if they wanted to. They also had to like what they were doing.

It takes a good mind to be able to

"I'm trained to know computers, not taxes. So I go to H&R Block for tax preparation. Block keeps up with the tax changes, and their preparers have done hundreds of tax returns. They're trained to spot every deduction and credit I'm entitled to. They must be good; three out of every four Block clients get a refund."

have possibly contributed to our developing societies and handled the crucial situations of our country's well-being without an educated mind. The influence, strength, and development that are all found in the power of an educated mind are the mental and physical elements that have made our world what it is today.

THE POWER OF AN EDUCATED MIND By Wade Davenport

A mind is the most powerful thing a man possesses. If it wasn't for an educated mind, we wouldn't be as far into technology as we are today. To be this far in technology, we had to have people who knew what they were doing, and to know what they were doing they had to have a good education. To have a good education, a person has to want to learn.

In the near future there is hope for more exploration in space. To get into space, we will be relying on all of the scientists, engineers, and all of those other people that make it possible. The scientists are a big part of the manned space programs we put into space. They are the reason that the Challenger can come down from space into our atmosphere and not burn up on re-entry. The engineers are the people who put all of this know-how to work. They are the ones who build the Challenger and put in the computer system so we can see how the astronauts are doing while do everyday things, but it takes an educated mind to do these same things and to do them well. An educated mind can do magnificent things, but the person controlling that mind also has to want to do these same things. A man may be the least intelligent person in the world; but if he uses his mind to think out little problems, then he is smarter than a person who has a 180 I.Q. and doesn't use his mind at all. A mind is nothing until it is being used; but when it is used, it then becomes educated.

School Lunch Menu

Lazbuddie Y-H Hosts Sr. Citizens

Lazbuddie The Young Homemakers held their annual "Senior Citizens Appreciation Day" on Thursday, March 8, in the Lazbuddie School Cafeteria.

The Senior Citizens were invited to speak to the Young Homemakers about events in their lives. They told many interesting stories about crossing the prairie with their parents in wagons, the dust bowl days, what the Lazbuddie community was like when they arrived, the Big Square Community, family backgrounds, and the children they reared.

The Senior Citizens who attended were Mrs. Ernestine Steinbock, Mrs. Della Daniel, Mrs. Irene Thorn, Mrs. Fred Wilbanks, Mrs. Nola Treider and Alfred Scott.

A special guest, Mrs. Mary Hargett, who accompanied Mr. Scott, told many interesting facts about him.

The Young Homemakers served refreshments to the Senior Citizens and presented them with gift certificates to Furr's Cafeteria.

The Young Homemakers held a short business meeting to discuss plans for the Lazbuddie Young Homemaker/FHA Style Show, scheduled for Tuesday, April 10. They also made plans to conduct a blood pressure clinic at the Lazbuddie School open house. The Young Homemakers are donating money to the Lazbuddie School for the building of more playground equipment. Suggestions were taken for the use of this money.

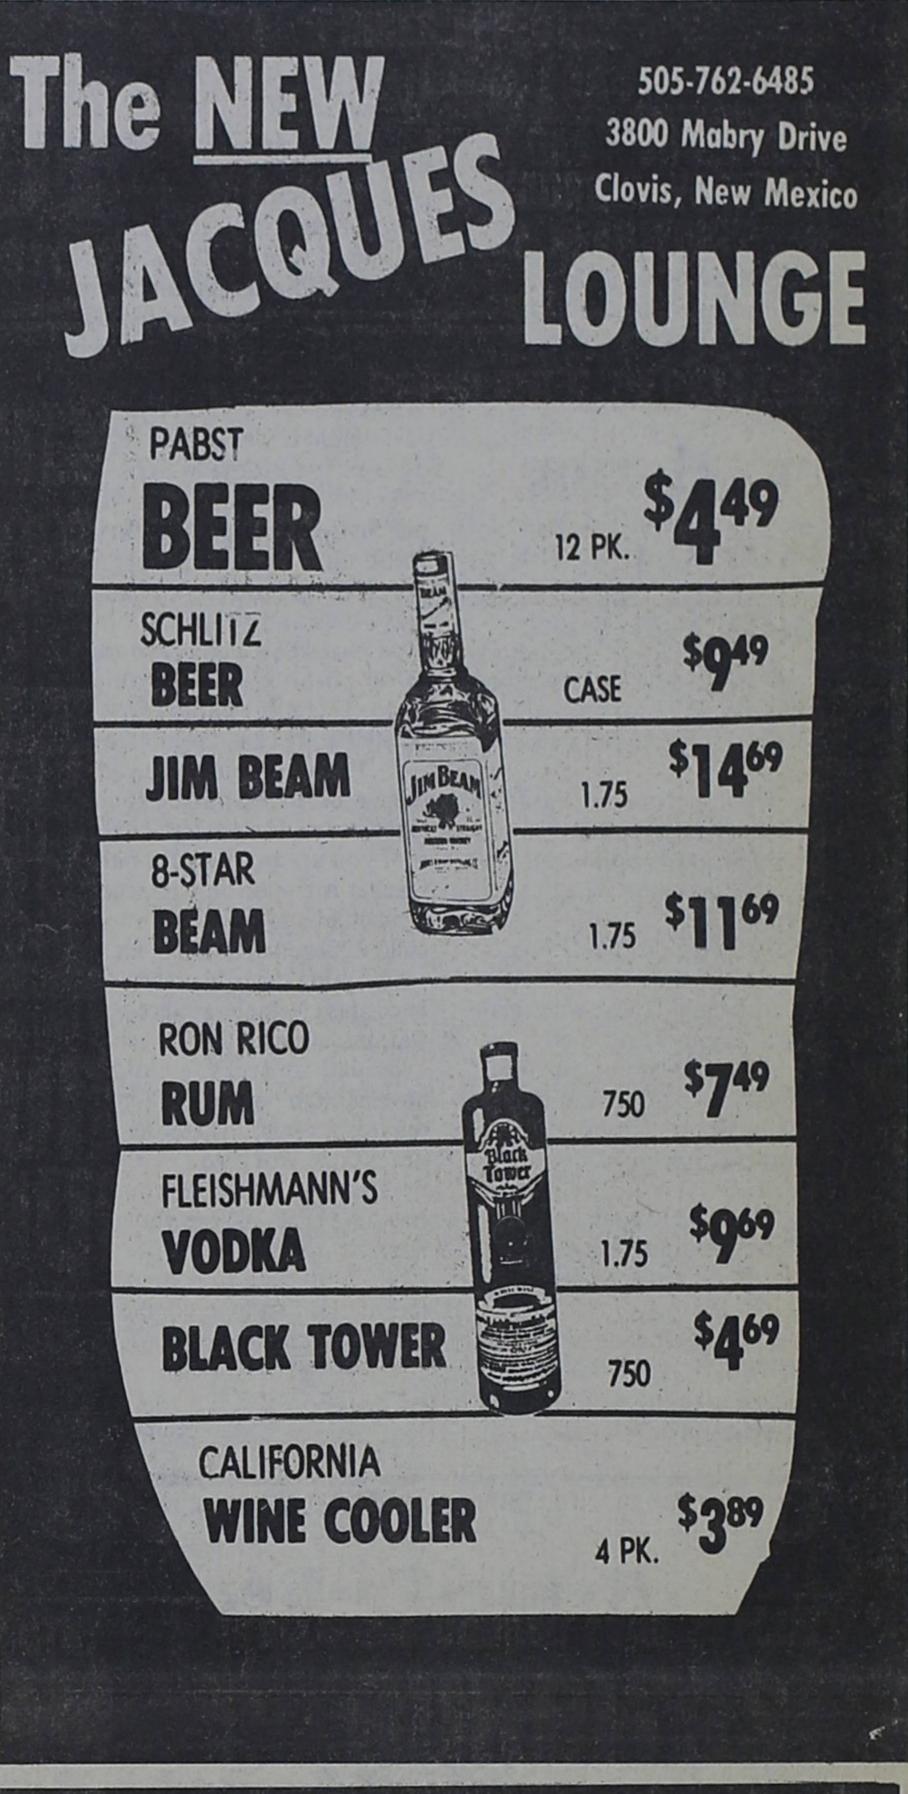

Members present at the meeting were Debbie Magby, Joann McDonald, Janette Thorn, Debbie Weir, Cindy Cargile, Vickie Burch, Lana Copp, Janice Bradshaw, Reta Mimms, Ellen Gallman and advisor, Cassandra Cargile.

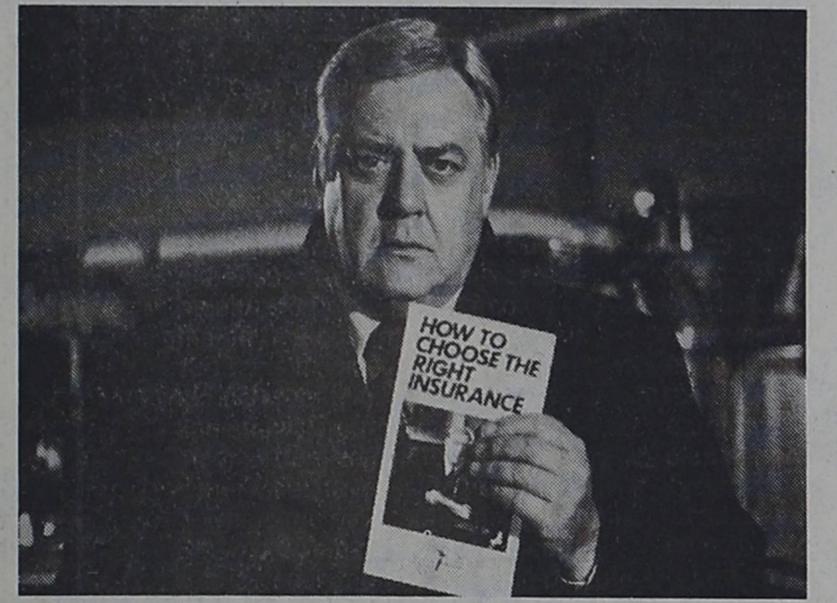

SENIOR CITIZENS HONORED.... The Lazbuddie Young Homemakers held their annual "Senior Citizens Appreciation Day" March 8 in the school cafeteria. Senior Citizens attending the event were, seated, left to right, Mrs. Ernestine Steinbock, Mrs. Della Daniel, Mrs. Irene Thorn, Mrs. Fred Wilbanks, Mrs. Nola Treider and Alfred Scott.

April Proclaimed "Buckle-Up" Month

Governor Mark White has declared April "Buckle-Up" Month and urged all Texans to buckle-up themselves and their children in cars. Citing an estimated 3,850 traffic deaths in Texas last year, White noted that traffic collisions are the leading cause

DISMISSALS--

Johnny Pruitt, Dora Anchondo, Guy Ellis, Hattie Turner, Mary Balli, Alice Hough, Claron Riddle and David Curry.

of accidental death, especially for young people.

Texas leads the nation in traffic deaths of children between the ages of 0 and 4. At least 162 children in Texas in that age group died while riding as passengers in motor vehicles within the last two years, according to Department of Public Safety accident records.

According to national estimates of use, only about 15 per cent of drivers wear safety belts. About 27 per cent of children are properly protected in vehicles.

Everyone should "take a few extra seconds to protect themselves and their passengers by the use of safety belts and car seats," said White, who is an habitual safety belt user.

The National Highway Traffic Safety Administration estimates that safety belt use could reduce traffic deaths by as much as 50 per cent. Among infants and young children that estimate of lives saved goes as high as 90 per cent. Safety belts have also been cited as a major line of defense against the drunk driver, as the best protection now available in a collision.

SERVES YOU FIRST

R

When Wally's milk shake business expenses are less than his sales, he earns a profit. At the end of the day, he counts his money and subtracts his costs. If his expenses for ice cream, milk, syrup, cups and straws are less than his total income from sales, he earns money. Otherwise, he loses money.

When you pay Southwestern Public Service Company for your electric service each month, you help pay the expenses of making and delivering electricity. Two-thirds of this money

helps pay the expenses of running the power plants that use coal and natural gas as boiler fuel to make your electricity, and the expenses of getting the power to you. Other expenses are taxes, interest and any earnings which help build the power plants, transmission and distribution systems for your electric future and which pay stockholders and other investors for the use of their money. Letting you know how your payment is spent is another way we're ...

PAGE 12, THE FRIONA STAR, SUNDAY, APRIL 8, 1984

The Friona school system issued its annual letter dealing with the tornado season this week, and the school's requirements and procedures in case of a tornado warning.

The letter was as follows:

"Once again we are into the stormy season in West Texas. Tornado drills are most important in our schools so that we will be prepared in the event of a tornado alert. This letter is to advise you of our procedures and plans should we be placed under an alert or have a warning.

Sunny Horton Makes UT

"The school is informed by radio, local fire department, civil defense units, the police and the highway patrol. School personnel are also on the alert for observing the weather in times of threatening clouds. If an alert is received a tornado signal is sounded in our buildings.

All students are informed and drilled in what to do in case of an alert. We have assigned students certain places to go in order to get the best protection possible. The safety of each child is our utmost concern. We make every effort to see that every child is well drilled on what to do in case of a tornado alert.

There are some ways you, the parents, can help us in this safety precaution. These things are:

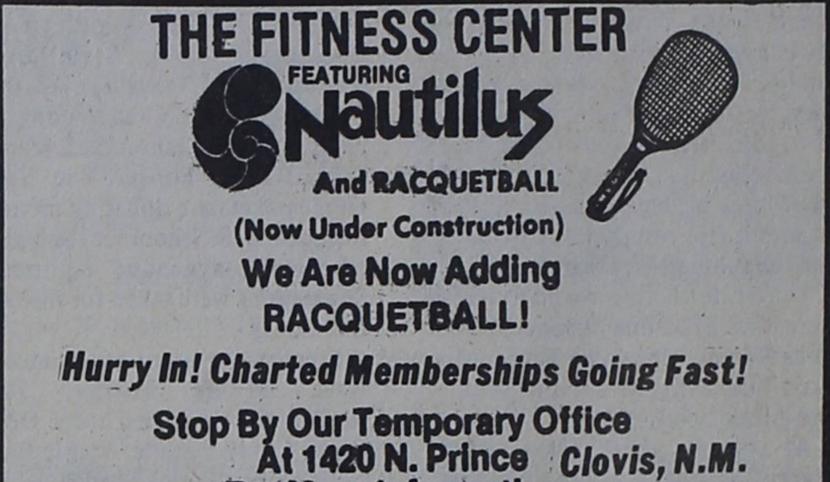

Softball Tourney Set

The El Monterey Spring Softball Tournament will be held April 14 and 15. The entry fee is \$75.00 per team.

Team trophies will be given for first, second, and third place with individuals for first and second place.

ASA rules will be used and blue dot balls only.

For further information, contact Rick Castaneda, 364-0831 or res. 364-8383; Jerry Smith, 364-4547 or res. 364-7336; or Ruben Vargas, 364-6511.

Honor Roll

The College of Natural Sciences at The University of Texas has named 443 students to the 1983 fall semester honor roll.

To be eligible for the natural sciences honor roll, students must earn at least 52 grade points during the semester, passing all courses undertaken.

Students who earn 67 grade points and above are named to the list Summa Cum Laude. Those who earn 61 to 66 grade points are listed Cum Laude Ampla et Magna; 58 to 60 grade points, Magna Cum Laude; 55 to 57 grade points, Ampla Cum Laude, and 52 to 54 grade points, Cum Laude. Total grade points are calculated by multiplying the number of semester hours undertaken by the value of each grade (A equals four points).

The list, announced by Dean Robert E. Boyer, includes Sunny Irene Horton, daughter of Mr. and Mrs. Hollis Horton of Friona.

1. In times of severe weather, you may come and get your child if you wish, but we strongly encourage you to do nothing or say nothing that might alarm the children. We must do all that we can to eliminate panic. 2. If you do pick your child up,

please be sure and see the child's teacher or principal and advise them that you are taking your child. The teacher is responsible to account for each child and must be informed if a child is picked up by a parent.

If, during tornado season, our area becomes under severe weather warning, we may dismiss school early provided we feel the children will have enough time to get home before the storm begins. Therefore, it will be necessary for you to have a prearranged plan with your child as to where to go in case you are not at home.

We appreciate your cooperation in this matter that involves the safety of our school children.
