Punkin Day decorations will bring cash

FLOYDADA--Cash prizes will be given this year for the best Punkin Day decorations in neighborhoods and businesses.

Judging will be conducted by a committee on Friday, October 24th.

Anyone in a residential neighborhood who wishes to be considered for the contest must call Angie Lipham at the Floydada Chamber of Commerce, 983-3434, and give her your address.

Businesses need not call the chamber.

Lockney City Council to update city ordinances

LOCKNEY--The Lockney City Council met in regular session on Tuesday, October 7 and covered a short agenda.

The councilmembers reviewed the financial statement for the 1997 fiscal year and reported the city ended the year in the black with a balance of \$49,721 after all bills were paid.

A request was made to de-annex the Lockney Oil and Butane property on Hwy 378 North. Tim Roberts had said that in the future he would like to be able to keep stock show animals at that location. Councilmembers agreed that requests to keep animals had been made before and that because of the ordinance stating that no animals can be kept in the city limits all such requests had to be treated the same.

Paul Lyle also told the council the city would have to petition the state to de-annex any property and should be done only if the property was a burden to the city for some reason. Bil Anderson made the motion to deny the request to de-annex the property. The second was made by Tina Graves. All voted for.

Councilmembers discussed charging owners a fee for dogs that have been taken to the pound after being caught running loose. The item was tabled until the dog ordinance can be reviewed. It will appear on the November agenda.

Councilmembers voted at the September meeting to change the fee for mowing lots from \$10.00 to \$30.00. The change will take effect November 1st. Owners of lots which are not taken care of and are mowed by the city are billed for the mowing. If the bill is not paid a lien is attached to the property.

During department reports Chief of Police Jerry Edwards stated that follow-up work will be done concerning the drug awareness meeting which was held recently. Edwards and councilmembers agreed that the first step was a step in the right direction.

Edwards also asked City Attorney Paul Lyles about the new state law concerning the twenty hours of community service that must be served by minors caught consuming alcohol or with alcohol in possession. Lyle related to Edwards and City Judge C.L. Mooney that the community service time could be anything to benefit the city and the sentence must be served.

Lyle stated one of the other new laws concerning minors is that minors Driving Under the Influence will automatically lose their drivers license. Streets Superintendent Kenny Hooten reported he had been in contact with several contractors about patching cracks and pot holes in streets and had not come up with a process for doing the job inexpensively.

In regular business before the council City Attorney Paul Lyle read the minutes of the September meeting. A motion to pay the bills was made by Tina Graves and the second was given by J.D. Copeland. All voted for.

Present at the meeting were Gary Marr, Rodger Stapp, J.D. Copeland, Tina Graves, Bil Anderson, Charlotte Hooten, Jerry Edwards, Dickie McCarty, Arcenio Martinez, and Kenny Hooten; C.L. Mooney and the Hesperian-Beacon reporter.

ONE STOP SHOPPING--This "On Your Honor" pumpkin stand, located at Heptad Vegetables in Floydada, offers a variety of fall colors to decorate your home or business with. Hay, corn stalks, and all sizes of pumpkins and gourds are available here. Visitors to Punkin Capital U.S.A. won't go away disappointed. There are several places in and around Floydada to purchase pumpkins and decorations at reasonable prices. A call to the Floydada Chamber of Commerce will point you in the right directions. Martinez wins at State Fair

With only two other shows under his belt, Jonathan Martinez and his hog, Jasper, still managed to take home the Reserve Grand Champion banner at the State Fair in Dallas.

Jonathan, 13, of Floydada, won first in his class and Breed Champion in the Heavyweight Cross Breed division before winning the Reserve Grand title.

Two hundred and fifty-five hogs competed in the Cross Breed division, and 1,091 hogs competed in the show. Jonathan purchased his hog from breeder Joe Womack.

Jonathan says he was in the ring for 1 hour and 30 minutes the first time he showed, during which time he won the class and Breed Champion.

"We got to rest after that and we needed it. I was really tired and needed to cool myself off. It was very hot in the ring. When we went back into the ring for the Championship Jasper was still tired. About 20 minutes into the show he got tired and I started having trouble with him. He wanted to go back to the pen"

Jonathan said he was very happy his pig was picked as reserve champion but he was very sad when he sold him the next day.

"I will always remember this pig," said Jonathan. "He was a great one."

Jonathan was able to sell his pig for \$2,500 and will also get a bonus add on.

"This takes a lot of hard work and dedication," said Jonathan, "but it is worth it. I will always remember this victory because you don't know if and when it will ever happen again."

Jonathan voiced a special thanks to Joe Womack, Bill Womack, Mark Standlee, Doug Baucom and his mother and father, Mr. and Mrs. Alex Martinez.

County approves insurance

Floyd County Commissioners voted unanimously on Tuesday, October 7 to award the bid for county insurance coverage to Texas Association of Counties (TAC). Motion for the action came from Precinct 4 Commissioner Jon Jones with a second by Precinct 2 Commissioner Lennie Gilroy.

TAC representative Chris Faught presented his proposal for county insurance coverage to the court on Friday, October 3, along with three other proposals from other bid submitters. Faught quoted a cost of \$51,589 on coverage which, "meets or exceeds your specifications in every aspect."

Other submissions came from Kyle Smith of Goen & Goen Insurance in Floydada, Katherine Miller of West Texas Rural Counties Association, and Roland Watson of The Wilson Agency in Lockney.

Smith told commissioners his bid followed specifications very closely and reminded the commissioners this would allow them to spend taxpayers money locally and give the county a

local agent to deal with. He pegged the cost of coverage he offered at \$55,353.

Miller cited a county contribution of \$49,846 for a year of coverage with the multi-county pool. This type of self-insurance could mean additional costs to the county if the coverage pool is depleted by several large claims during the year and the pool has to turn to a re-insurer for coverage.

Watson quoted \$56,586 for coverage through his agency. He told the court it was hard to make a quote when dealing with "apples and oranges". The Wilson Agency bid did not offer public officials and law enforcement personnel liability coverage for errors and omissions, as requested in the county specifications.

During the Friday session the court also adopted a resolution regarding additional state filing fees in civil cases. Other action included approving advertising for bids to sell a 1990 Chevrolet Caprice belonging to the county and advertising for bids to purchase a motor grader for Precinct 2.

CRP meeting set for Oct. 16th

Trent Johnson, Floyd County Farm Service Agency (FSA), County Executive and Jon LaBaum, District Conservationist, NRCS, announced a public meeting to inform local producers and landowners about the Conservation Reserve Program's (CRP) 16th Sign-Up, which will be

held October 14 to November 14, 1997.

The public meeting will be held October 16, 1997 at the Massie Activity Center from 9:00 a.m. to 11:00 a.m. and will cover benefits offered and producer requirements under the

Candy and volunteers needed for Trunk or Treat

FLOYDADA--Punkin Day's Trunk or Treating provides Halloween's best to children and adults alike. Easy candy pickins' for the youngsters and lots of "costume gazing" for the grown-ups.

As in years past, Punkin Days will end with a 5:30 p.m. costume contest at the High School.

Trunk or Treating (for children in grades 6 and under) follows at 6:00 p.m. along the walking path at the High School Park.

For safety's sake children are urged to do their Trick or Treating at the walking path instead of in the neighborhoods.

Adults who enjoy looking at the imaginative costumes don't need to miss out on the experience.

Volunteers are needed by the Trunk or Treating committee, to hand out candy to the youngsters on the path.

Pre-approved vehicles are parked along the path and the trunk lids are popped open. Children stop at the trunk, and instead of ringing a doorbell--they need only to open their sack and give a friendly smile.

Thousands of pieces of candy, paid

for by the Chamber of Commerce Punkin Day Committee, are handed out every year. Candy, or money to buy the candy, is urgently needed to meet the needs of the hundreds of children who walk the path.

"We are hoping we get as much participation as we have in previous years," said Trunk or Treating organizer, Anne Carthel. "We have had some very unusual vehicles in the past and that is what makes it so much fun."

"This year we may have the Aerocare helicopter there. We are also hoping people will bring their antique automobiles and trucks. Anything unique always adds to the line-up of vehicles. If you just have a plain car--we still need you!"

Anyone wanting to donate time should call Anne Carthel at home, 983-2377, or at work, 983-2527.

If you want to donate candy, drop off locations are: Production Credit, Laura Turner; Pizza Gold, Helen Griggs; or Sagebrush Mills, Anne Carthel.

Money can be mailed to Punkin Days, c/o Anne Carthel, 901 W. Mississippi, Floydada, TX., 79235.

Floyd County Friends are "Meet'n In The Middle"

(This is the first in a series of stories reviewing the beginning of the Floyd County Friends, their objectives, and their progress toward the ultimate goal of a multipurpose center in Floyd County. The series will be written by Keri Lemon, a Texas Tech Journalism student. Her work is made possible by a grant from the Reader's Digest Foundation.)

The West Texas winds whip at a sign five miles from Floydada and five miles from Lockney. The sign portrays two hands clasping across a Texas map and proclaims "Floyd County Friends".

This sign stands to designate the place where officials hope to build a 33,000 square foot multipurpose/life enrichment learning center.

Concerned citizens from eight communities and every corner of the county, have come together to decide that 8,700 people could accomplish more. On March 21, 1995, Floyd County Friends was organized to build a multipurpose/life enrichment learning center to benefit all.

The friends said they want to make their county a more productive, vital, entertaining and enjoyable place to

live. They say they are devoted to working as one unit to build a diverse facility that will serve the residents of the county and surrounding counties for generations to come.

"We want to stop the decline of rural America," said Nick Long, president of Floyd County Friends. "No one wants to change into a big town, that is not what this project is about. We want to give our children the experience of a small town life."

The multipurpose/life enrichment learning center's cost is \$1.3 million. The Floyd County Friends say there is no way to put a price tag on the true value of their "dream". The Friends have put in many volunteer hours of planning and raising \$122,000 in cash and pledges locally.

According to the Friends, the multipurpose/life enrichment learning center will be unlike any other building in the county. It will comprise of a 20,000 square foot arena building that will host large events of 250+ people; 6,000 square foot banquet/meeting room for smaller more formal events; and 7,500 square foot overflow building for very large scale

Punkin Day Pre-Sales

Punkin Day Cow Patty Bingo tickets are now on sale from the Chamber of Commerce or Laura Turner at the Production Credit Office. Arts and Crafts booths are still available for Punkin Days. Call Angie Lipham, 983-3434 for reservations. Entry fees for the 5K and Fun Run races are \$15.00. The cost covers the T-Shirt given to each racer and trophies and ribbons. The Punkin Day Committee is also looking for Pumpkin Pie Relay Teams. Challenge a group and give the chamber a call, 983-3434. There is a charge of \$4.00 per 4 man team which pays for the pies.

BY THE WAY

By
Alice Gilroy

I ran out of time to voice my opinion on Lockney's Drug Awareness program last week.

Some were probably looking to see if I had anything to say--others were probably grateful I ran out of time.

Personally I thought the program was great. The format was very well organized and moved smoothly.

The majority of the questions were intelligent and most of the questions did not attack any of the speakers.

The speakers did an excellent job of answering the questions--and some of the questions weren't easy to answer.

It was long but I have no idea where I would have stopped. As long as there was a question--the organizers wanted to make sure it was addressed.

I feel the meeting addressed the topics as promised but as usual you have no idea how much it accomplished.

I believe the public has been informed about the problem and I hope the problem was put into the right perspective.

Bil Anderson did a great job of keeping the meeting running smoothly and keeping emotions in check. I was impressed. It could have been a nightmare.

Unfortunately the problem is not going to be licked--ever. There is always going to be drug abusers and crime. However, just because we know the world is never going to be perfect does not mean that we quit fighting the good fight.

The communities here are good ones. It is a great place to raise a fam-

ily. If my husband and I didn't think so we would have moved a long time ago.

The large attendance at the drug awareness meeting showed the community of Lockney wanted to fight the good fight together.

There will always be those who want to blame someone else for their kid getting into trouble.

Teachers face it every day.

Some parents gripe the police and teachers aren't doing anything and then they gripe when those same police or teachers discipline their children.

In short--the community can fight all they want but until people quit looking for someone else to blame and take responsibility for their own actions the problem will continue.

Parents have got to love, love, love and discipline, discipline, discipline. When the kids are grown into responsible adults then Mom and Dad can relax a little bit--but not much.

There was one issue that wasn't addressed at the meeting that I feel is the most important.

We can not expect to take the drugs out of someone's life without filling that void with something.

If your mom and dad can't give it--there is always someone who can.

I can't think of anything that can replace a hurt or a need more than the fullness you get in your heart and soul from the love of Christ.

Your road back won't be easy--but it won't be lonely.

Letters To The Editor

Dear Editor,
Here's a study in contrasts for you: One afternoon last week, I saw a young man working in downtown Lockney, painting a mural on the side of a building. He wasn't attracting much of a crowd (actually, there was no crowd at all), just working alone on the scaffold there beside the Scout Hut. His old beat-up Jeep was parked in front of the building. (Nothing wrong with having an old beat-up vehicle--I drive one myself!) The mural he was working on looked like a work of art to me, and I thought it improved the looks of downtown Lockney. It was that young man's Eagle Scout project.

A little bit later, a couple of blocks away, I saw some other young men who obviously weren't working on Boy Scout projects. They were shouting at each other. (I couldn't understand what they were saying, but I don't think it was complimentary.) Now THIS drew a crowd! The cars began to arrive, carrying more young people. There weren't any old beat-up Jeeps in this bunch of vehicles. These were nice, shiny, later-model cars and trucks.

I guess a good fight draws a bigger, richer crowd than good art.

But I wonder if there's another lesson in there somewhere...

Sincerely,
Jim Huggins

Lockney Police Report

LOCKNEY--Lockney officers arrested Steven R. Salanis of Lockney September 22 in the 200 block of S. Main on a Hale County Theft By Check Warrant.

At about 10:00 p.m. on September 24, Lockney Police responded to a call in the 700 block of S.W. 3rd street to investigate a minor accident. Minerva Segovia, 33, of Lockney struck a parked vehicle near the intersection of Boice Street. No citations were issued.

On September 25, the owner of the Tasee Burger reported that sometime between 9:00 p.m. on September 24 and 8:30 a.m. on September 25, someone entered the restaurant and took property valued at \$300.00. The investigation continues.

At about 2:30 p.m. on September 27, Lockney Police responded to the 500 block of N.E. 7th and investigated a minor accident. The vehicle of Hector Flores, 29, of Lockney was struck as Sandy Cortez, 27, of Lockney was backing from a private drive.

At approximately 9:30 p.m. on October 1, a Lockney officer saw an individual walking in the 300 block of E. Bryant. The individual dropped several objects on the ground as the officer approached. The officer interviewed the individual and found the person was intoxicated. Rodney Lopez, 22, of Lockney was arrested for Public Intoxication. After Lopez was told he was under arrest he ran from the officer. The officer chased and apprehended Lopez who was then taken to the Floyd County Jail and was charged with Evading Arrest and Public Intoxication.

On October 5 at approximately 1:00 a.m., Lockney police stopped a vehicle in the 600 block of S. Main after the vehicle failed to yield the right of way at a yield sign. The driver was found to be under the influence of an alcoholic beverage. Eric N. O'Brien, 18, of Cooperas Cove was detained and issued a citation for Driving under the Influence of Alcoholic Beverage by a minor. O'Brien was also served a notice that his drivers license would be suspended. This law is part of the Texas new No Tolerance Laws.

To the Citizens of Lockney:
The recent community drug awareness program was a step in the right direction! The attendance was good (300+ adults) and the concern shown by those in attendance was very encouraging. The points brought out by the speakers were worthy of our attention. Questions from the audience and responses by the panel showed the desire to maintain the integrity and dignity of this community and the motivation to protect our youth from the influence of drugs and other negative forces.

But this program accomplished only what it set out to do--make people aware of a problem. Any problem we may have with drug or alcohol abuse or gang activity will change only if we, as a community, work together for improvement. There cannot be finger pointing in an attempt to blame someone else for a problem. Rather, in order to bring about desired change, the school must do its part in educating about the dangers of drug use. The police department must fulfill their obligation in attempting to keep drugs off the streets and out of the city. Parents, most of all, must be the primary force in this process and should know where their children are, what they are doing, and

with whom they are doing it. All community members should keep an eye out for suspicious activity and be ready to encourage kids and to assist officials in any way possible.

My motive in writing this letter, however, is not to dwell on anything negative, but to encourage everyone to recognize the good in our community, in our homes, in our school and with our youth. The churches are active and flourishing with participation and activities. Many of our kids are a part of this. Families are going and doing together, and based on the number of wonderful children I see and talk to each day, most parents seem to be doing an outstanding job in the home.

The large majority of our kids are excelling in school, both in academics and in their activities. Our school district has recently been named a "Recognized" district by the Texas Education Agency (one of the few Districts in the state to attain this status). This can occur only because of excellent instruction by our teaching

staff, outstanding performance by our students, and parental support from the home.

Just as we are not perfect individuals, this is not a perfect community and not all that goes on here is above reproach. However, I recognize that Lockney and the people of Lockney are far above average. I am proud to call this my home and take every opportunity to let others know what a great place it is.

We need to make every attempt to correct any and all problems we have, but we should recognize and emphasize the many positive aspects of our youth and our community.

I encourage all Lockney citizens, young and old alike, to begin to focus on those things which are good and work together to fix the things that are not.

Sincerely,
Raymond Lusk
Superintendent of Schools

Bullock supports yes votes on Nov. 4th water measure amendments

By Lt. Governor Bob Bullock
Texans soon will have a chance to vote on our state's future.

Two amendments on the November 4 ballot will change the state's constitution and play a critical role in making sure Texas has enough water for the next century.

One amendment will allow property tax relief on land using water conservation measures. The other will give the Texas Water Development Board greater flexibility in financing a wide variety of critically-needed water projects without increasing the state's bond debt limit.

The two votes cap a 40-year span of false starts in developing a long-range, comprehensive state water plan. Lawmakers last spring approved a master plan to conserve, develop and manage the state's valuable water resources.

Now it's up to Texas voters. Failure to get behind the effort could produce disastrous results in the future. Texas grew from 11.2 million people in 1970 to more than 19 million in 1997. And the state's population is expected to reach more than 33.8 million in 2030--a 99 percent increase since 1990.

Although the numbers underscore the challenges facing the state, they don't reflect the water shortages Texans have lived with on a regular basis. The state has suffered through five major droughts since the 1930's, including a catastrophic seven-year drought in the 1950's.

The most recent drought in 1995-96 cost Texas farmers, ranchers and businesses an estimated \$5 billion in damages. Federal disaster relief blamed on water shortages went to 242 of the state's 254 counties.

But historically, widespread concern about water supplies has washed away when the first drenching rains fill our lakes, rivers and streams.

Texans soon forget the water restrictions that scorched their lawns, and the billions of dollars of crops and parched cattle devastated under the glare of the summer sun.

But the threat never goes away. Despite rapid urbanization, farms and ranches remain a vital and important part of the Texas economy. Other businesses and industries need adequate water too, and Texas needs them to keep the state's economy in high gear.

The Legislature gave top priority to a water bill this year. The law mixes a variety of strategies to meet future

demands.

It deals with drought management response, water management, marketing and transfers, surface and groundwater supplies, financial assistance to local governments and small communities, and data collection.

The law tackles just about every single facet of water resource policy and management with one exception--public apathy.

Like most Americans, Texans take a lot for granted. They expect to have water when they turn on the faucet to wash their hands, scrub their dishes or brush their teeth.

Unfortunately, taking it for granted that the amendments to the state's water plan will pass is gambling with Texas' future.

A better bet would be to vote yes for the water proposals in November.

Business Of The Week

LOCKNEY--The Barker family has been doing business in Lockney, in one form or another, since 1920, when Arthur P. Barker Sr. founded the Lockney Auto Company.

What first began as a Ford Motor Company was later turned into a Chevrolet Dealership. After 27 years of running things, Mr. Barker turned the business over to his sons Art and Barry.

Born and raised in Lockney, Art and Barry were fresh from military service when they went into business with their dad.

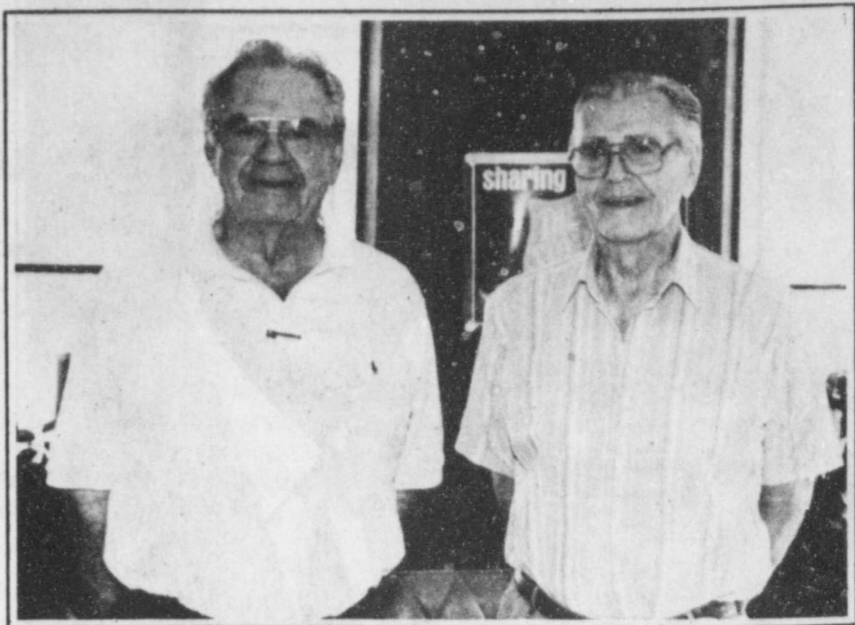

Art is a 1939 graduate of LHS and Barry was in the class of 1944.

After graduation Art attended Texas Tech for a short period and then in 1943 he entered the Air Corps as a pilot, flying B-54s.

Barry entered the Navy in 1946, after a short stint at West Texas University in Canyon.

When they came home Art was named the dealer at his dad's business and Barry was a salesman.

In 1954 Barry and Art established Barker Insurance and in 1968 the Barkers sold the dealership and entered the field of general insurance full time. After 20 years the Barkers quit the insurance business and

BARRY BARKER AND ART BARKER

now concentrate on real estate and appraisals.

They have been located in their building, on the corner of Main and Locust, since 1969.

"This used to be the bank building for the State Bank before they went broke," said Barry. "It still has two large vaults in it."

Barry married Algene June 12, 1954. They have two children: a son, Brent, of Midland, and a daughter,

Beverly, of Corpus Christi. They also have two grandchildren.

Art and Faye have been married since March 20, 1943. They have two children: Paul and Steve, both of San Antonio.

The Barkers are active members of the First United Methodist Church in Lockney. Art is also active in Rotary and Barry was chairman of the March of Dimes for many years.

Floyd County Friends "Meet In the Middle"

Continued From Page 1

"Through the efforts of your organization, the citizens of Floyd County seem to have found some hope for a brighter future," Hulén Carthel, mayor of Floydada, says.

"Your organization has brought the Floyd County citizens into the closest harmony since possibly World War II," Carthel said. "There is open and friendly communication among the citizens of Floydada and Lockney. This has not always been the case."

"With the establishment of the multipurpose center, economic development opportunities for our citizens will be greatly improved," he said. "The feeling of hope, renewed life is one benefit that may not have been expected but has truly been seen."

Gary Marr, mayor of Lockney, said "This common purpose has also helped foster a cooperation between the cities that I haven't seen in my life time."

"This project has citizens from both cities working on it; that stronger

bond and unity is felt as this project gets closer to realization," Marr said. "We cannot stand alone in this world of growing regulations."

As long as the winds of West Texas continue to blow, the home town pride of rural America will flourish.

Friends of the Floyd County Library

By: Brenda Meyers

The Friends of the Floyd County Library are putting together its first Punkin Days Cookbook to be introduced in 1998.

The Floydada Chamber of Commerce has given us permission to use their recipes from the Punkin Days Chamber of Commerce Women's Division cookbook.

Since the Chamber has no plans to do another cookbook for Punkin Days, they were gracious enough to let us use Punkin Days Cookbook as one of our major annual fund-raisers.

Please help us compile recipes for our first hardbound edition to be in-

duced for sale, Punkin Days 1998. We need pumpkin recipes-recipes of fall harvest vegetables. There may also be a section dedicated to the decorating of holidays. If you have holiday arts and crafts projects, family traditions or little "sayings" you would like to share with everyone, please send to: Friends of the Library, P.O. Box 62, Floydada, Texas 79235.

We would like for you to sign your name to recipes, etc. to ensure credit to you. As time goes on, we will be adding "sections" to this cookbook that will also be for "sale" so you can add it to the hardbound original.

All of the proceeds of this project go to the Friends of Library Fund. Brenda Meyers is chairman of the 1998 cookbook. If you have any questions or suggestions for this fundraiser, please contact her at 983-6125.

FLOYDADA--The center is open Monday through Friday. If you are 60 years or older this center is for you. If you plan on eating lunch at the center, please call 983-2032 by 10 a.m. Lunch is served from 11:30 a.m. to 12:30 p.m. Come and eat a very good hot meal and visit with friends. Call the center if you need more information.

Hollis and Jo Payne are proud grandparents again. Their son, Joey and his wife Debra, had their first baby girl September 12th in Plainview.

Mary Alice Eaken's brothers, Joe Dolph and Ebba Montgomery, from Anchorage, Alaska was recently here visiting Mary Alice and Willie B. Eaken at the Floydada Care Center. Other relatives they visited were Betty and LeRoy Chowning and Madge West.

William and Faye Bertrand had a friend, Gilmer Dennison of Lubbock as their guest for lunch at the center, Tuesday, September 30th.

Dub and Margaret Daniel have just returned from a visit with their daughter, Ilene and Bryon Kendrick in Sherman. During their stay family members were host to a 352nd Searchlight Battalion Reunion, September 25-29 held in Dallas for W.R. "Dub" Daniel and fifty other buddies from all over the United States. Those members hosting the event were Ilene and Bryon Kendrick of Sherman, Danny and Cheryl Daniel and their son, W.R. IV of Floydada, Christina and Gene Rodgers of Anna, Lara and Andy Patterson of Dennison and Nicole Kendrick. Margaret said they had barbeque, banquet, and all kinds of snacks through out the three days and they had a wonderful time seeing all their friends. Margaret also told me that their granddaughter, Lara Kendrick, married Andy Patterson August 29th at the Parkview Baptist Church in Dennison. Lara is also the granddaughter of Bob and Jean Kendrick of Floydada. Friends Hollis and Jo Payne of Floydada also attended the wedding.

Dr. Jack & Billie Jordan have just returned from a trip to New York State. While on their trip they attended an antique show of World War I airplanes. They were gone one week.

Flora McNeill has just returned from a trip to Ireland. She was with a tour. The weather was very good while on the trip and they had a very good time.

Our paving project is moving right along. I was a little worried last week but money started coming in and the total that we owe now is \$211.00. Those donating since last Monday are: Mrs. Harry Reeves; Julia Baker; Queen Annie Lawson, William and Faye

Bertrand; Pat and Joe Reid of Brownwood; Tommy and Jerry Pearson in memory of Peck Badgett and Orville Marler; Francis Gunter in

memory of Peck Badgett; Nancy Bishop in memory of Orville Marler and Peck Badgett; Gene Lawson in memory of Peck Badgett; Irene Irby in memory of Orville Marler and Peck Badgett; Ray Nell Bearden in memory of Orville Marler and Peck Badgett; Kenneth Bain in memory of Peck Badgett; Madge West; Elizabeth Armstrong in memory of Peck Badgett; Will Martin in memory of his wife, Beatrice; Jim and Margarette Word in memory of Peck Badgett and Lorene Newberry.

Our sympathy goes to the family of Preston "Peck" Badgett. He was a regular at the center. We will miss him.

Our sympathy to Deeota Odam on the loss of a cousin and to the family of Beatrice Bloodworth.

We are happy that Carolyn Marble is home after surgery. Wanda Hodges had surgery two weeks ago and is at St. Mary's Hospital.

CRP public meeting set for October 16 at MAC

Continued From Page 1
16th Sign-Up. All those interested in participating in the CRP Program are encouraged to attend.

"If you've got questions, or if you haven't participated in the CRP before, this is your chance to find out what you need to know to bid for a contract," Johnson said. "We'll cover all the bases, answer all your questions so that you can make an informed decision on what best suits your operation."

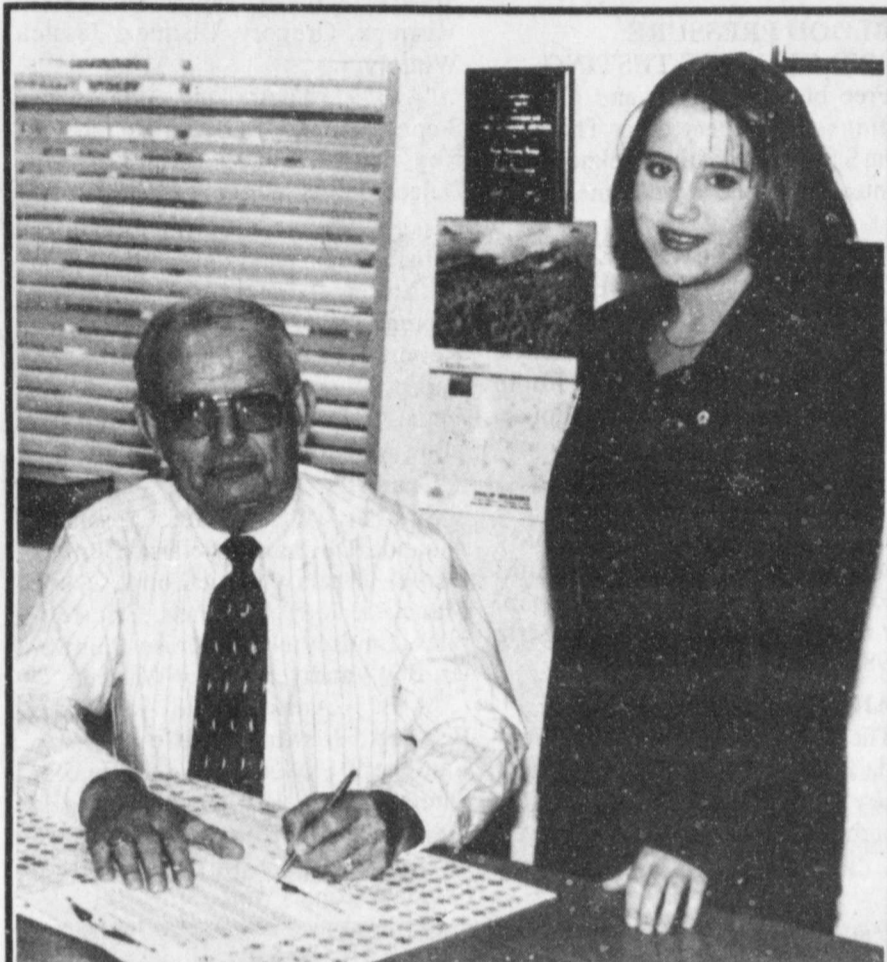

The new, environmentally-focused CRP provides immediate benefits to producers, ranchers and taxpayers through reduced soil erosion, improved water quality, and expanded wildlife habitat. Under this voluntary program, landowners enter into contracts with USDA to place erodible and other environmentally-sensitive cropland in conservation practices for 10-15 years. In exchange, landowners received annual rental payments

for the land and the cost-share assistance for establishing those practices.

Here at Floydada we're all working hard to tell producers about this important opportunity. We want to sign up every qualifying applicant, Johnson said, "I want to encourage all landowners to consider enrolling their eligible environmentally-sensitive land in the new CRP." Johnson said. "The sign-up begins October 14, and once things get going you'll be glad you got your questions answered when things were quiet."

All land that is enrolled in the program must compete for acceptance based on an environmental benefits index that ensures fair and equal consideration for all types of land.

Interested producers and landowners should contact the Farm Service Agency office at Hwy. 70 E, Box 598, Floydada, Texas, 79235, or call 806-983-3763 for additional information.

PROCLAMATION SIGNED FOR 4-H WEEK--Sarah Martin, 4-H Club member from Lockney, watches as Judge William D. Hardin signs a Proclamation designating October 6-10 as National 4-H Week in Texas. Staff Photo

PROCLAMATION

WHEREAS, The County of Floyd is proud to honor the 4-H Youth Development Program of the Texas Agricultural Extension Service for 89 years of providing experience-based education to youngsters throughout the Lone Star State; and

WHEREAS, This admirable program, which seeks to provide a learning experience for the whole child, including head, heart, hands, and health, helps young Texans to acquire knowledge, develop life skills, and form attitudes to enable them to become self-directed, productive, and contributing members of our society; and

WHEREAS, It's 578,000 urban, suburban, and rural members, ranging in age from eight to nineteen, hail from diverse ethnic and socioeconomic backgrounds and truly represent a cross-section of the state; and

WHEREAS, The program undoubtedly could not have achieved the success that it has today were it not for the service of its more than 54,000 volunteers, who have given generously of their time, talents, energies, and resources to the youth of Texas; and

WHEREAS, Throughout its proud history, the 4-H program has developed positive role models for countless Texans and through its innovative and inspiring programs, continues to build character and to instill the values that have made our state strong and great; now, therefore, be it

RESOLVED, That the County of Floyd, hereby designates October 6-10 as National 4-H Week in Texas and commend the 4-H Youth Development Program of the Texas Agricultural Extension Service and the many men and women who have made the program a success.

Persistence pays off in regards to Furadan

By Shawn Wade

Providing that persistence pays off, Lubbock-based Plains Cotton Growers (PCG) has recently learned of a change in attitude within the Environmental Protection Agency regarding Furadan 4F and its active ingredient carbofuran.

In a copy of a letter obtained October 2, PCG officials have learned that EPA has discovered a flaw in their acute dietary risk assessment of the product Furadan. As a result of this finding EPA has essentially opened the door to the possibility of full registration of Furadan in the near future.

PCG officials have been on the front lines fighting for the availability of Furadan to combat late-season aphid outbreaks that could lead to problems with sticky cotton. It appears that the efforts are now paying off.

The crux of the change is in the application of Uncertainty Factors (UF) associated with the EPA's acute dietary risk assessment. These factors are used to estimate the "Margins of Exposure" (MOE) of products once they are in use.

Originally EPA was using a UF of 10 to account for intra-species variability and an additional UF of 10 to account for the small number of test

subjects, the steep dose-response curve and the Food Quality Protection Act (FQPA) mandated UF for concern for infants and children. This essentially meant that the MOE for Furadan was set at 100.

EPA has since determined that a UF of 3 is adequate to address the concerns with the FQPA, the small number of test subjects and the steep-dose response curve. The revised MOE that will be applied to Furadan is now 30.

EPA has asked the maker of Furadan, FMC Corp., to resubmit relevant data for all existing Furadan use sites as well as all newly proposed uses, including cotton, for analysis.

This analysis will be used to expedite the review of Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) Section 24(c) carbofuran registrations for cotton in Texas and Oklahoma.

PCG officials will continue to monitor this situation as the new data is reviewed over the next 90 days.

PROPOSED RULES COULD REMOVE DoT EXEMPTION

Proposed Department of Transportation (DoT) rules that would remove the exemption of producers from placarding requirements when haul-

ing hazardous materials, such as fertilizer and pesticides have been delayed for one year.

The proposed changes, which would have become effective October 1, would have required producers hauling hazardous materials intrastate to label all vehicles used in these activities.

The good news for producers is that in addition to the one year delay in the implementation of the proposed rule legislation is now being considered in Congress that would return the authority of States to provide the agricultural use exemptions for hauling hazardous materials.

Lubbock area Congressman Larry Combest has co-sponsored a bill, H.R. 1619, that would return authority for not-for-hire intrastate transportation of hazardous materials by farmers and farm-related service industries.

The proposed DoT final rule was issued in the Federal Register September 22, 1997 under rulemaking proceeding docket number HM-200.

COMBEST TO SPONSOR CRP SEMINAR

Congressman Larry Combest will sponsor a Conservation Reserve Program Seminar Wednesday, October 15, 1997 at 1:00 p.m. at the Plains Coop Oil Mill in Lubbock.

The final rules governing the 16th CRP Sign-up have been issued and training for Natural Resource Conservation Service (NRCS) and Farm Service Agency (FSA) personnel has been completed.

The goal of the seminar is to further the knowledge of those interested in participating in the CRP and to explain the rules governing this CRP sign-up. The 16th CRP Sign-Up begins October 14 and ends November 14, 1997.

On the agenda to explain the sign-up process, help answer questions and pass along information that will help maximize the competitiveness of bids submitted will be NRCS representative Monty Dollar of Lubbock and Parks Shackelford, USDA Assistant Under Secretary for Farm Programs, of Washington, DC.

Anyone interested in submitting a bid to enroll land in the CRP Program should attend this meeting. The Plains Coop Oil Mill is located at 2901 Ave A in Lubbock.

Floydada FFA members "Go For The Gold" in Ag Olympics

By Michah Marble

As busy and as hectic as everyone's schedules are, the Floydada FFA officer team still finds time to plan monthly activities for FFA members, to let all members know that Ag is not all work and no play.

On September 23, FFA members competed, boys against girls, in Ag Olympics. Events included: Waterballoon volleyball, dizzy bat race, blind melon, tug-of-war and lip-stick relays. The girls lost and were made slaves for a day. Slave work

included washing vehicles, carrying books, etc.

Meat orders are due, so if you have not turned them in, please do so as soon as possible. The member who has sold the most meat will be October's Outstanding FFA Member.

The Floydada FFA would like to invite everyone to come to the Haunted House at the Ag shop on Monday, October 27 from 7-9 p.m. Admission is only \$1. Proceeds go to fund FFA members in this year's leadership and judging contests. Hope to see you there!

Floyd County 4-H Council elects new officers

By Tyler Phillips

The Floyd County 4-H Council met recently to reorganize and elect officers. The following officers were elected on September 29th: President, Sarah Martin; Vice-President, Gretchen Quebe; Secretary, Leslieanne Hickerson; and Reporter, Tyler Phillips. Delegates to the district council selected from interviews during the summer are Erika Miller and Gretchen Quebe.

The council decided to sponsor and

coordinate four projects for Floyd County 4-H this year. These projects are National 4-H Week Promotion, Adult Leader Appreciation Party, Achievement Banquet and County Camp. The council will meet quarterly during the year to plan these events.

The first project, National 4-H Week Promotion, was discussed. Each member volunteered to record a Public Service Announcement at the

local radio station to promote National 4-H Week, October 5-11.

The council also began planning the Adult Leader Appreciation Party which will probably be held in March.

The Floyd County 4-H Council is made up of officers from the Lockney 4-H Club and the Floydada 4-H Club and functions to serve as county wide leadership for Floyd County 4-H. Marcia Phillips and Anne Carthel are sponsors for the group.

Dove season finds numbers up

The estimated 400,000 hunters that will hunt in Texas this dove season should not be disappointed by the number of birds, according to Monty Teeter, president of the Floyd County Farm Bureau.

"To produce a more viable hunting habitat, some Texas farmers are not cultivating their corn crops," said Monty. "Farmers are leaving two to four rows of corn around the edges of fields as breeding grounds for the doves."

Monty explained that when farmers plow the corn crop after it has been shredded, it buries the food for the birds.

One wildlife biologist said that dove populations are the highest they have been since 1992 and the areas

Edwards to preach at Lockney Methodist Church revival

LOCKNEY—The First United Methodist Church in Lockney will begin a revival on Sunday morning, October 12th at 10:30 a.m. with Hadley Edwards pastor of the Bethany United Methodist Church in New Orleans, Louisiana, as the visiting preacher.

Hadley, an outstanding black preacher, preached our revival last year and is being brought back by popular demand.

Services are Sunday at 10:30 a.m.

and 7:00 p.m. Monday through Wednesday. We will have a continental breakfast at 7:00 a.m. with a devotion giving people time to get to school or work. Monday through Wednesday at 7:00 p.m. we will have an old time singing, special music and fastastic preaching.

Everyone is invited to come and share in this revival with the theme "Experiencing God" says the preacher, Tommie Beck. A nursery will be provided for each evening service.

"FOCUS ON THE FAMILY" with Dr. James Dobson

Question: What do you consider to be the greatest threat to the stability of families today?

Dr. Dobson: It would be a phenomenon that every marriage counselor deals with regularly. The scenario involves a vulnerable woman who depends on her husband to meet her emotional needs, and a workaholic man who has little time for family responsibilities.

Year after year she reaches for him and finds he's not there. She nags, complains, cries and attacks him for his failures--to no avail. He is carrying the load of three men in his business or profession and can't figure out how to keep that enterprise going while providing what his wife needs. As time goes by, she becomes increasingly angry, which drives him even further into his workaday world. He is respected and successful there. And thereafter he is even less accessible to her.

Then one day, to her husband's shock, this woman reaches a breaking point and either leaves him for someone else or files for divorce. It is a decision she may live to regret and one that often devastates her children--although by then, the marriage is long gone. It was such a preventable disaster, but one that thousands and thousands of other families will be victimized by in coming months.

Question: Are there productive ways older people can remain mentally alert as their bodies age? Is mental decline inevitable in the golden years?

Dr. Dobson: If you live long enough, there will be some loss of intellectual acuity. There is, however, much that a person can do to postpone that deterioration. An article in Family Circle magazine suggested five ways to maintain healthy minds through the aging process.

--The first rule is to "use it or lose it." The human brain isn't like a calculator that you can plug in and leave idle for a year and find it working just as well when we return. It must have constant use and regular input of sensory information.

--Second, proper brain function is dependent on a balanced diet, with ample supplies of all the essential nutrients.

--Third is exercise. Every organ of the body benefits from physical activity, including the package of neural matter with which we think.

--Fourth is regular physical examinations and good health care. Untreated disease processes can affect us physically and mentally.

--Finally, the fifth way to keep our brains healthy is by having an active social life. Being sick, isolated and

DR. DOBSON

alone is a prescription for rapid mental decline.

Unfortunately, many older citizens are unable to implement these five suggestions for one reason or another. Some are alone and have no one to talk to. Others lack the resources for good medical care and healthy nutrition.

That's why those of us in the younger generation owe today's seniors our time and attention. They cared for us when we were frail and helpless. Now it's our time to return the favor.

Question: Our 14-year-old recently came to my husband and me to say, "I'm pregnant." Nothing has ever upset us more than hearing those words. What should our attitude toward her be now?

Dr. Dobson: Responding to a teenage pregnancy is one of the most difficult trials parents are ever asked to face. When the news breaks, its reasonable to feel anger at the girl who has brought this humiliation and pain into her life. How dare this kid do something so stupid and hurtful to herself and the entire family!

Once you have caught your breath, however, a more rational and loving response is appropriate. This is no time for recrimination. Your daughter needs your understanding and wisdom now more than ever. She'll face many important decisions in the next few months, and you can't afford to alienate yourselves from her.

If you summon a measure of strength and love at this stressful time, you should be able to create the bond that often develops between those who have survived a crisis together.

Lightning strikes Petersburg

By Coach Malcom Moerbe

LOCKNEY—Lightning struck early and often during pre-game activities and the Lockney Longhorns struck twice for two long touchdowns in the second half as they eked out a hard-fought 14-6 victory over the Petersburg Buffaloes.

For the 7th consecutive time over a four year period, the Longhorns ruined an opponents homecoming. But this one was neither easy or normal as the game was delayed 35 minutes by bad weather. Once the game started the quarters were cut down to 8 minutes and the halftime was only five min-

8th graders fall short losing 14-6

By Coach Sutterfield

LOCKNEY—The eighth grade Shorthorns came out of the gate early against the Petersburg Buffaloes and played pretty well. The Buffs were driving early in the game but the Shorthorns stiffened up defensively and stopped the drive.

The Shorthorns came back with a drive of their own. A good throw and catch from Mo Collins to Frankie Gonzales put us on the 12-yard line. Tyler Snow ended the drive on an 8-yard dash to the endzone. The score at the half was 6-0 in favor of the good guys.

Bad luck followed. During the second half, late in the third quarter, we made a misconnection on a pitch which was picked up by the Buffs and they scored. The Shorthorns tried to battle back but they could not find the endzone again.

The kids played really well the first half defensively and offensively. The second half we did not do the things that we needed to do to stay in the game. We have got to work on the little things this week and get better.

We play Hart Thursday on their field at 5:00 p.m.

utes long.

After neither team was able to mount a threat on its initial possession, Petersburg drove the length of the field into scoring position in the second quarter. Key tackles for losses by tackles Josh Lambert and Tyson McDonald forced Petersburg into a field goal attempt which was wide right and the half ended 0-0.

Petersburg caught the first break when Longhorn J.R. Walker fumbled on the opening kickoff and the Buffaloes recovered deep in Longhorn territory. Jeremy Crabb scored two plays later on a 12-yard run and the Longhorns were on the short end of a 6-0 score.

But the big-play Lockney attack quickly answered as Quarterback Adam Cummings sprinted left on an option keeper, bounced off a jarring tackle from a Buffalo defender and raced into the endzone to complete a 58 yard run. Thad Lusk's PAT gave Lockney a 7-6 lead.

Following a fumble recovery by the Horns defense another big play resulted in the second Lockney touchdown. Fullback Miguel Guerrero burst through the defensive line and outraced the Petersburg defense for a 43 yard scamper. Lusk's kick made it 14-6.

After a change of possessions, Petersburg had one last chance but Longhorn Safety Jordan Lambert picked off a Buffalo pass to salt away the victory. The win enables the Horns to close out non-district action with a 4-1 record. District 3-AA action starts this Friday at 7:30 with a home game against the Hart Longhorns.

Floydada JV loses to LHS

By Coach Lightfoot

FLOYDADA--Littlefield shook off a shaky first quarter to score 31 unanswered points and claim a 31-6 District 2-3A victory against the Floydada junior varsity last week.

The Whirlwind JV controlled the early going thanks in large part to fumble recoveries by freshman Tyrell Fuller and sophomore Marcos Ferrer. Fuller put Floydada on top in the first quarter when he scored from 13 yards out for a 6-0 'Winds lead.

A fumble by Floydada deep in Littlefield territory blunted a promising drive, and Littlefield took advantage of the break to move the length of the field. The Wildcats scored on a 35-yard dash on the first play of the second quarter. After running for the extra point conversion, Littlefield led 8-6 and the Whirlwind JV was unable

to mount a serious threat the remainder of the game. Floydada is now 1-1 in district play. The JV plays at home Thursday against Slaton.

Whirlwinds whip Wildcats 28-13

Courtesy of KFLP RADIO
FLOYDADA — FHS broke a four-year losing streak, and a shutout skid that covered two consecutive years by beating Littlefield last Friday night on home ground. The 28-13 win was the second for the Whirlwind team this year and their first victory in district play for the season.

Richard Casillas initially got the 'Winds on the board with a 1-yard touchdown run capping a twelve-play 56-yard drive in the second quarter. The drive began after the defense stopped Littlefield on downs at the Floydada 44-yard line. The 'Winds scored again after Littlefield fumbled the kickoff and Michael Black recovered on the Wildcat 38-yard line. Cy Cowart scored five

plays later on a 24-yard keeper to give the Whirlwinds a 14-0 halftime lead.

Michael Black scored in the third quarter on a 22-yard touchdown run he was instrumental in setting up. After stalling on their opening drive in the second half, Black launched a 67-yard punt that was downed at the Littlefield 1-yard line. The Wildcats were unable to move the ball which forced a punt enabling Floydada to start deep in Wildcat territory. Floydada and Black then put the 'Winds up 21-0.

Cy Cowart scored his second touchdown of the game early in the fourth quarter on a 5-yard touchdown run which capped a ten play, 55-yard drive. The Wildcats failed to score on their next two possessions and were stopped

inside the Floydada 40 as time ran out.

Cowart, the senior quarterback, led the Whirlwinds with two touchdowns and 122 yards on 17 carries. Casillas added 82 yards and one touchdown on 23 carries as Floydada reversed a recent losing trend to Littlefield. It was the Whirlwinds first victory over Littlefield since 1992 and the first time they have scored against the Wildcats since 1994. Littlefield fell to 2-3 overall, 1-1 in district play after losing to a 21 point underdog in Floydada.

"Awesome," exclaimed a jubilant Head Coach Tim Daughtrey when asked to summarize the game in one word. The head coach praised the effort of the offensive line, of Cowart (back for his first game since suffering

a concussion against Lockney), and the defense.

In other district action, Denver City moved to the top of district standings with an unblemished record by defeating previously unbeaten Lubbock Cooper 34-16; Seminole shutout Roosevelt, 54-0; while Slaton downed Brownfield 21-16. Week six of the season kicks off Friday night with Floydada at Slaton (2-3, 1-1), Denver City (5-0, 2-0) at Littlefield (2-3, 1-1), Seminole (4-1, 1-1) hosting Brownfield (1-4, 1-1) and Roosevelt (0-5, 0-2) at Cooper (4-1, 1-1).

Lockney High JV defeats Petersburg's JV 50-14

By Coach Bobby Ventura
LOCKNEY—The Lockney JV played their best all-around game last week and came home with a 50-14 victory over Petersburg.

The defense started off the game well when Chris Mayo and Julian Guerrero caused the Petersburg back to fumble. The fumble was recovered by Guerrero. P.J. Leal then scampered into the endzone from 15 yards out, making the score 6-0.

The JV held the Buffs at bay for three more series, and each time the Horns capitalized. Josh Quebe and A.J. Thornton each found the endzone from 10 and 2 yards out, respectively. Frank Guerrero added a 2-point conversion to the latter score to make the score 20-0.

The defense then had a little let-down and allowed the Buffs to reach the endzone.

On the answering kick-off, P.J. Leal

ran 85 yards to paydirt and A.J. Thornton added the 2-point conversion.

With time running down, Kevin Auffer caused a fumble which was recovered by Michael Vega. A.J. then found the endzone again from 12 yards out. The Horns went into the half with a 34-6 lead.

The second half started the way the first ended with the Horns in the endzone. Daniel Banda raced 15 yards for the TD. Then Josh Pyle added the 2 point conversion. Banda found the endzone again, this time from 30 yards out and Julian Guerrero added the 2-point conversion.

"We were very proud of the way the kids played," Coach Ventura said. "I could have called anything and the kids would have expedited it well enough to have made a good play."

The JV team will start District play next week at Hart. They will play following the junior high games.

7th graders close gap but fail to reach paydirt

By Coach Dowell
LOCKNEY—"I know it's hard to keep hearing but we are getting better," said Coach Dowell after the 7th grade 14-0 loss to the Petersburg Buffaloes.

The Shorthorns had several good drives led by quarterback Cody Bayley and a key catch by Pinales. The big play of the night came on a reverse by Matt McPherson that was called back because of holding but gave the Shorthorns some momentum late in the game.

The Horns gave up two touchdowns, one on the Buffaloes opening drive and the other on a third and long

situation.

"Our defense played much better after the first series even though they gave up a touchdown on the third and long play. All our kids were in the right spots on defense, we just missed some tackles. I was very proud of the

way defensive tackle Landon Schumacher; and defensive ends Garrett Mathis and Will O'Connell played. That's a big bright spot for us," Dowell said.

The next game is at Hart this Thursday at 5:00 p.m. and the coaches and players hope to see everyone there.

Martinez is top winner this week

Winning the first place prize in the Hesperian-Beacon Football contest this week was Derek Martinez of Floydada. He and Tim Stansell of Lockney each missed nine games this week. Derek chose Lockney to win in the tie-breaker and selected total combined points of 40, 20 points more than the actual score. This will earn him the \$25.00 first place prize check.

Stansell also chose Lockney to win, but selected a combined point total of 48, 28 points more than the actual total. This will make him the second place winner and he will be mailed a check for \$15.00.

Five people missed ten games, necessitating the use of the tie-breakers to determine third place. Four contestants chose Lockney to win and Scott Stansell of Lockney neglected to mark a winner in the tie-breaker, thus earning an honorable mention this week. Weldon Pruitt of Floydada earned the third place check for \$10.00 by choosing a combined point total of 45, 25 points over the actual score. Harold Abney of Lockney chose 48, Gene Lowrance of Floydada chose 49, and Clementine Carthel of Lockney selected 50, earning honorable mentions this week.

The error this week was listing Frenship as the opponent for Plainview. Plainview faced Tascosa. Game 17-18 did not count this week.

Missing 11 games this week were Abby Sanders, Amber Arney, Roy Martinez, Jean Hale, and Deneen Marricle of Floydada and Lockney contestants Homer Ragland, E. M. Pyle, and Cody Bayley. Twelve errors were made by Boyd Lee, Javier Bernal, Amy Davis, and Dickie McCarty of Lockney, and Gordon Hambright, Edward Sanchez, Clay Horn, Robert De La Fuente, Vickie Norrell, and Lucio Vasquez of Floydada.

There were a total of 56 entries this week. 29 came from Floydada and 27 from Lockney.

Please take any opportunity you have to let the sponsors know you appreciate their bringing the contest to you each week. Support those who support the local community.

Edwards to preach at Lockney Methodist Church revival

LOCKNEY—The First United Methodist Church in Lockney will begin a revival on Sunday morning, October 12th at 10:30 a.m. with Hadley Edwards pastor of the Bethany United Methodist Church in New Orleans, Louisiana, as the visiting preacher.

Hadley, an outstanding black preacher, preached our revival last year and is being brought back by popular demand.

Services are Sunday at 10:30 a.m.

and 7:00 p.m. Monday through Wednesday. We will have a continental breakfast at 7:00 a.m. with a devotion giving people time to get to school or work. Monday through Wednesday at 7:00 p.m. we will have an old time singing, special music and fastastick preaching.

Everyone is invited to come and share in this revival with the theme "Experiencing God" says the preacher, Tommie Beck. A nursery will be provided for each evening service.

"FOCUS ON THE FAMILY" with Dr. James Dobson

Question: What do you consider to be the greatest threat to the stability of families today?

Dr. Dobson: It would be a phenomenon that every marriage counselor deals with regularly. The scenario involves a vulnerable woman who depends on her husband to meet her emotional needs, and a workaholic man who has little time for family responsibilities.

Year after year she reaches for him and finds he's not there. She nags, complains, cries and attacks him for his failures--to no avail. He is carrying the load of three men in his business or profession and can't figure out how to keep that enterprise going while providing what his wife needs. As time goes by, she becomes increasingly angry, which drives him even further into his workaday world. He is respected and successful there. And thereafter he is even less accessible to her.

Then one day, to her husband's shock, this woman reaches a breaking point and either leaves him for someone else or files for divorce. It is a decision she may live to regret and one that often devastates her children--although by then, the marriage is long gone. It was such a preventable disaster, but one that thousands and thousands of other families will be victimized by in coming months.

Question: Are there productive ways older people can remain mentally alert as their bodies age? Is mental decline inevitable in the golden years?

Dr. Dobson: If you live long enough, there will be some loss of intellectual acuity. There is, however, much that a person can do to postpone that deterioration. An article in Family Circle magazine suggested five ways to maintain healthy minds through the aging process.

--The first rule is to "use it or lose it." The human brain isn't like a calculator that you can plug in and leave idle for a year and find it working just as well when we return. It must have constant use and regular input of sensory information.

--Second, proper brain function is dependent on a balanced diet, with ample supplies of all the essential nutrients.

--Third is exercise. Every organ of the body benefits from physical activity, including the package of neural matter with which we think.

--Fourth is regular physical examinations and good health care. Untreated disease processes can affect us physically and mentally.

--Finally, the fifth way to keep our brains healthy is by having an active social life. Being sick, isolated and

DR. DOBSON

alone is a prescription for rapid mental decline.

Unfortunately, may older citizens are unable to implement these five suggestions for one reason or another. Some are alone and have no one to talk to. Others lack the resources for good medical care and healthy nutrition.

That's why those of us in the younger generation owe today's seniors our time and attention. They cared for us when we were frail and helpless. Now it's our time to return the favor.

Question: Our 14-year-old recently came to my husband and me to say, "I'm pregnant." Nothing has ever upset us more than hearing those words. What should our attitude toward her be now?

Dr. Dobson: Responding to a teenage pregnancy is one of the most difficult trials parents are ever asked to face. When the news breaks, it's reasonable to feel anger at the girl who has brought this humiliation and pain into her life. How dare this kid do something so stupid and hurtful to herself and the entire family!

Once you have caught your breath, however, a more rational and loving response is appropriate. This is no time for recrimination. Your daughter needs your understanding and wisdom now more than ever. She'll face many important decisions in the next few months, and you can't afford to alienate yourselves from her.

If you summon a measure of strength and love at this stressful time, you should be able to create the bond that often develops between those who have survived a crisis together.

CARDS OF THANKS

I want to say thank you to the ones who sent cards, telephone call and said prayers while I was recovering from my wreck in the smoke at Plainview. I appreciate your concern for my welfare. May God Bless you in your time of need.

Virginia Cage 10-9p

Our family has been overwhelmed at the love and concern shown us at the loss of our loved one, Orville Marler. For the cards, telephone calls, visits, flowers, food, memorials and prayers, we are so appreciative. Each one had a special meaning. A special thanks to the ladies at the First Baptist Church for the wonderful lunch they prepared for our family and to Bro. Jimmy McGuire for the graveside service which lifted our hearts. Our family will be forever grateful.

The Orville Marler Family 10-2p

The Lockney Junior Class would like to thank the community for attending our potato supper Friday, September 26. It was a huge success and will greatly benefit the junior class. Your support is truly appreciated.

Sincerely,
The 1998 LHS Junior Class 10-2p

PUBLIC NOTICE

SECTION 00020

ADVERTISEMENT AND INVITATION FOR BIDS

The City of Floydada, Texas will receive bids for construction of West Well Field Water Supply Pipeline until 10:00 A.M. on October 23, 1997, at 114 W. Virginia Street, P.O. Box 10, Floydada, Texas 79235. The bids will be publicly opened and read aloud at 10:00 A.M. on October 23, 1997, at 114 W. Virginia Street, Floydada, Texas.

Bid/Contract Documents, including Drawings and Technical Specifications for construction of a 10-inch water supply pipeline approximately 23,900 lineal feet with necessary appurtenances are on file at Parkhill, Smith & Cooper, Inc., 4010 Avenue R, Lubbock, Texas 79412.

Copies of the Bid/Contract documents may be obtained by depositing \$50.00 with Parkhill, Smith & Cooper, Inc., for each set of documents obtained. The deposit will be refunded if the documents and drawings are returned in good condition within 10 days following the bid opening.

A bid bond in the amount of 5% of the bid issued by an acceptable surety shall be submitted with each bid. A certified check or bank draft payable to the City of Floydada, Texas or negotiable U.S. Government Bonds (as par value) may be submitted in lieu of the Bid Bond.

Attention is called to the fact that not less than the federally determined prevailing (Davis-Bacon), wage rate, as issued by the Texas Department of Commerce and contained in the contract documents must be paid on this project. In addition, the successful bidder must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin.

The City of Floydada, Texas reserves the right to reject any or all bids or to waive any informalities in the bidding.

Bids may be held by the City of Floydada, Texas for a period not to exceed forty-five (45) days from the date of the bid opening for the purpose of reviewing the bids and investigating the Bidders qualifications prior to the contract award.

Contest Rules

Any subscriber or purchaser age 7 or older is eligible to enter this contest. Only one entry per week per person.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. Also write a guess of the combined total points to be scored by the two teams listed in each of the tie-breaker footballs. Circle the team you believe will win. Circle both teams if you think the game will end in a tie.

Only entries on official entry forms brought to a Hesperian-Beacon office in Floydada or Lockney no later than 5:00 p.m. on Friday. No photocopies will be accepted and no mail entries will be considered.

Three cash prizes are awarded each week. In the event of ties (the same number of correct games & equal scores on tie-breakers) prizes will be combined & shared by those tied. The tie-breaker scores will be used only in the event of a tie on the number of games correct.

Print your name & address plainly on the official entry form & double check your choices; before clipping out the entry form & depositing it at a Hesperian-Beacon office before 5:00 p.m. on Friday.

Entries are limited to one per person per week. Weekly winners are limited to one per household.
