BIG INCREASE 4.7 Million Jobless In America

WASHINGTON (AP) — With the fuel shortage tightening its economic grip, the nation's unemployment rate rose from 4.8 per cent to 5.2 per cent in January, the biggest monthly increase in four years, the government said today.

The Labor Department blamed actual or anticipated shortages of gasoline and other petroleum products for a substantial loss of jobs last month in the aviation, automobile and recreation industries.

Nearly 370,000 workers lost their jobs, raising total unemployment in the nation to a seasonally adjusted 4.7 million. This pushed the jobless rate over five per cent for the first time since last May.

Administration economists predict the job situation will continue to worsen this year due to the fuel situation and general economic downturn. The White House has estimated the rate will climb to about six per cent but a number of private economists believe it could go to seven or eight per cent, depending on how long the fuel shortage lasts.

January's increase in the jobless rate was the largest since January 1970 when it rose from 3.5 to 3.9 per cent.

The Bureau of Labor Statistics said nonfarm payroll employment, which grew rapidly last year, leveled off in December and then dropped by 260,000 last month.

The bureau said that while the loss of jobs to the fuel shortage was substantial it was unable to give precise figures as to just how many jobs were lost to shortages of fuel and how many were due to the economic slowdown that began even before the Arab oil shutoff heightened the energy crisis.

However, in a separate report, the Labor Department said that of 2.5 million persons receiving unemployment insurance benefits for the week ended Jan. 12, 152,500 blamed their loss of jobs on the energy crisis. This was 21,000 more than the previous week.

The rise in joblessness last month occurred mainly among young adults and teen-agers, with the unemployment rate for 20 to 24 year-olds rising from 7.7 to 8.5 per cent. The teen-age jobless rate jumped from 14.4 to 15.6 per cent last month, after holding steady throughout the second half of 1973.

Mass Murders Case Moved

SAN ANTONIO, Tex. (AP) — The Houston mass murders case was moved here today and immediately ran into the protests of District Court Judge Peter Michael Curry, the administrative judge for Bexar County.

"Why should we go through all the logistics problems just for the hell of it," Curry asked. "I don't particularly want to tie up one of my courts for five or six weeks just to satisfy the folks in Houston." Curry said just moments after District Court Judge William Hatten announced a change of trial site in the case.

Postpone Classes At Plainview

PLAINVIEW, Tex. (AP) — Hoping to stem absences of pupils attributed to flu or strep throat infections, Plainview school board members decided Thursday night to postpone classes through next Wednesday.

Officials reported about 800 were absent because of illness which previously had caused suspension of classwork Thursday and today.

School trustees, acting on advice of doctors, agreed also at a special meeting to cancel public school sports activities except for a varsity basketball game scheduled tonight.

They said, however, that pupils will have to make up the lost week by foregoing a spring break which normally would have been taken March 11-15.

At the same time school board members decided that rising costs of operations made a tax increase imperative. They voted to raise the tax rate from 50 per cent of the assessed valuation to 75 per cent of the assessed valuation. It was estimated this would boost taxes 15 to 16 per cent for most persons.

'He Is Miracle Of The Year'

SAN FRANCISCO (AP) — "He is the miracle of the year," says a nurse at Mission Emergency Hospital where John W. Adams is recovering from a 100-foot plunge from Golden Gate Bridge.

"He is awake and alert, fairly stable. He apparently has no broken bones," said Edith Ross, the hospital's assistant nursing director.

The California Highway Patrol said Adams, 21, a Stanford University student, landed on a rain-softened dirt embankment Thursday beneath the north end of famed span.

The patrol said witnesses told them Adams was "walking around groggily" along the slope called Lime Point at the Marin County end of the bridge.

Adams had parked his car at the point and walked along the eastern side of the bridge until he suddenly jumped over the railing, the patrol said witnesses told officers.

During its 33 years, the Golden Gate Bridge over the entrance to San Francisco Bay has claimed more than 500 known suicides — more than 100 in the past three years.

CHAMBER PRODUCTION Van Dyke, Troupe Here For Show

Tickets will be sold at the door for the Chamber of Commerce's Leroy Van Dyke musical show, scheduled for the Municipal Auditorium this evening.

The doors open at 7 p.m. There will be a short business meeting starting at 7:30 p.m. for Chamber members. The show itself will begin shortly before 8 o'clock and will continue for about an hour and a half.

Van Dyke's star is in the ascendancy as a country-western singer. Appearing with him on the stage here will be pretty Susan Haney and the Auctioneers, a musical group.

Van Dyke and his troupe arrived in town Thursday evening. Leroy was due to have lunch today with George McAllister, who helped arrange the local program, and Paul Meek. He was to repair to the auditorium with Chamber manager Ron Mercer about 3 p.m., to supervise workers who will be setting up for the show.

Late yesterday, \$2 \$4 tickets (for the center section, near the front) and 282 \$3 tickets remain-

Shots Fired At Truckers

By The Associated Press

A U.S. district court judge issued a temporary restraining order against the head of the Council of Independent Truckers today as a nationwide work stoppage by independent drivers grew.

Dozens of shooting incidents and reports of thousands of drivers participating in the protest against high fuel prices were reported.

In Tennessee, police reported some 15 incidents of shots being fired at trucks. One driver suffered minor injuries.

Police in Pennsylvania, Kentucky, Alabama and Tennessee reported shots being fired at trucks who were ignoring calls for a shutdown.

HEARING SET

In Cleveland, Ohio, U.S. District Court Judge Leroy J. Condie Jr., issued a temporary restraining order on behalf of the National Steel Carriers Association

against George R. Rynn, president of the Council of Independent Truckers and others. It bars them from interfering with steel carrier association members and bans use of citizen band radios to further what the association called a conspiracy to interfere.

The suit asked for \$2.5 million damages a day. A hearing was set for Feb. 7.

Reports of drivers joining the shutdown came from more than 20 states, mostly in the East, South, Appalachia and the Midwest. There were scattered reports of parked rigs in California and Arizona.

MOVE IN PACKS

Some truckers not joining the stoppage traveled in packs, spending the night in motels, awaiting the arrival of safer daylight hours.

Some plants announced layoffs, others said they couldn't stay in business much longer and Pennsylvania Gov. Milton Shapp prepared to call out the National Guard to halt the violence that claimed one life in his state Thursday.

One New Jersey refinery kept its gasoline trucks parked as pickets marched outside.

State police patrolled highways in some Appalachian states. Union drivers not honoring the shutdown call traveled in groups of threes and fours in other areas. On one Virginia highway early today groups of trucks slowed down at bridges and intersections, looking for nails and other obstacles which caused some drivers to head home.

Reports received from truck stops in several states were that rigs had blocked the fuel lanes. "I just told the drivers to pull in front of my pumps and block them," said Don King, a truck stop manager in Fenton, Mo. "These guys are my bread and butter and whatever they want, I'll go along with them."

Businesses dependent on trucking were beginning to feel the impact of the action, which started last week in Ohio and Pennsylvania but did not begin spreading much further until Thursday.

LAYOFFS

A few small firms in Ohio and West Virginia announced layoffs Thursday and some Midwest meat packing plants said they may soon feel the pinch.

The shutdown, a product of the energy crisis, could make the situation worse if it continues.

FOR CONFERENCES Delegation Will Fly To Capital

A group of Big Spring civic workers, headed by Mayor Wade Choate, will fly to Washington next week for a series of conferences with congressional leaders and Pentagon officials.

Choate and Jim Gray will leave early for a federal credit union meeting.

They will be joined Wednesday by Ralph McLaughlin, president of the Big Spring Chamber of Commerce, Herald publisher, W. S. (Dub) Pearson, Tom Locke, Jimmy Taylor and Winston Winkle.

The delegation has meetings lined up with Sen. John Tower and Cong. George Mahon and Omar Burleson. In addition, Sen. Lloyd Bentsen's top aide will confer with the group. Bentsen himself had previously committed himself to an appearance outside Washington. Among problems which will be discussed will be a decision by Texas International Airlines to end its service to Big Spring.

Webb AFB's mission and building plans will be discussed at several meetings scheduled in the Pentagon.

Arrangements have also been made for the group to visit the White House. The local delegation will be quartered at the Washington Hilton Hotel.

Before departing for Washington, the group will be closeted with Col. Robert Liotta and Col. Bob Meisenheimer of Webb for final briefings concerning Webb's plans for capital improvements.

The Big Spring delegation plans to return to Big Spring Friday night. The group's flight will originate at Midland because the proper connections cannot be made locally.

Many Jump To Their Deaths

SAO PAULO, Brazil (AP) — A fire swept through the upper 14 floors of a 22-story Sao Paulo bank building today, and many desperate office workers jumped to their deaths.

A fire captain at the scene estimated that 10 to 15 persons were killed and more than 20 injured. A police sergeant said the number of dead might be as high as 35. No official count was available.

At least 25 persons on the roof of the building, owned and occupied by the Crefisul Investment Bank, waved frantically to circling helicopters as towering flames and smoke rose from the floors below.

Because of the heat and smoke, the helicopters were unable to land on the building until nearly two hours after the fire started. When the flames stopped licking up the side of the gutted structure, the choppers took turns landing on the roof and carrying away survivors.

Dozens of occupants of the building waited on the few balconies not engulfed in flames as firemen put ladders up. The ladders reached only to the 11th floor, and many persons on higher balconies tried to lower themselves by sheets and ropes.

Other persons jumped to the street. Some bodies lay among the debris and broken glass that showered from the building.

"I saw several bodies being picked up," said 1st Sgt. Alicia Zanca of the Sao Paulo police. "The bottoms of their feet were burned. That made them desperate."

Zanca said he saw "15 persons, more or less" jump to their deaths. "I presume there are more dead above," he said, estimating that the bodies still in the building could number "20 more."

Allstate Investigation

AUSTIN (AP) — State Insurance Board Chairman Joe Christie ordered an investigation today into Allstate Insurance Co.'s alleged failure to pay \$4 million in policy dividends owed to Texas automobile owners.

Christie said he had directed Insurance Commissioner Don Odum to conduct a public hearing on the allegations.

The board received complaints that Allstate had suspended dividends on auto policies expiring between Oct. 4, 1973 and June 1, 1974.

Allstate received board permission Oct. 3 to reduce its rates.

Christie said the board's records show that Allstate planned to pay \$6.3 million in dividends on policies expiring between May 31, 1973 and June 1, 1974. He said policy holders were told when they bought their coverage that Allstate regularly paid dividends when policies expired. But after paying \$2 million in dividends, Allstate stopped when it obtained permission to reduce rates on new or renewed policies, Christie said.

"Now that Allstate has been approved for deviated rates at the time a policyholder purchases an automobile policy, the commissioner needs to determine if Allstate's decision to close their 'good hands' on the money that had been earmarked for payment on expiring policies was legally permissible," he said.

Christie said Allstate was the only company of 50 that have received permission to reduce rates that has taken this approach.

He said the company may have used the lure of dividends to attract policyholders.

"Whatever throat-clearing, toe shuffling excuse may be used for not paying these dividends does not diminish the fact that this company agreed to pay them under provisions of Articles 5.08 and 5.09 (of the insurance code) back in mid-1973," Christie said.

LARRY EVANS

Larry Evans Dies Today

Larry Evans, 39, a well-known concert pianist and member of a prominent Big Spring family, died unexpectedly at his home at 19410 Timberwood, Houston, shortly after 8 o'clock this morning. He also maintained a studio in that city.

He was the son of Mrs. Earl C. Evans, who only recently had returned home after an operation, and the brother of Roland Evans and Mrs. Anazine Williams, all of Big Spring.

Another brother is Billy Evans, another concert pianist, now on the faculty at West Texas State University, Canyon.

Larry's late father was a rural mail carrier who worked out of the local post office for years.

Immediate survivors include his wife and two children, all of Houston.

At one time, Mr. Evans studied piano under a local teacher, Ann Gibson Houser.

Funeral arrangements are incomplete but last rites and burial will take place in Houston.

Quake Jolts City Of Izmir

By The Associated Press

A strong earthquake jolted the port city of Izmir in western Turkey early today, killing at least two persons, the Anatolia News Agency reported.

Dozens of persons were believed to have been injured, and heavy property damage was reported.

The tremor struck at 2 a.m. local time. Hundreds of thousands of people rushed into the street and spent the rest of the night out of doors.

Kandilli Observatory in Istanbul said the quake measured 5.2 on the Richter scale and was centered about 245 miles southwest of Istanbul.

The World At-A-Glance

PAGO PAGO, American Samoa (AP) — Only six survivors are reported in the crash of a Pan American World Airways jetliner on its approach to the Pago Pago airport in the mid-Pacific. The airline said 36 of the 101 persons aboard the Boeing 707 jet were U.S. residents. An airline spokesman said the plane crashed 1,000 yards short of the runway during a heavy rain squall Thursday.

CAIRO, Egypt (AP) — The Egyptian government has allocated \$87.5 million to reopen the Suez Canal and restore the war-ravaged towns along its banks. An official of one of the firms bidding to clear the canal said the canal could be open to limited traffic in six months and back in full operation in eight to 10 months.

SINGAPORE (AP) — Four pro-Arab terrorists continued to hold three boatmen hostage aboard a hijacked ferry in Singapore harbor today while they waited for a plane to take them to an Arab country. Japanese Ambassador Tokichiro Uemoto told the terrorists, described as three Japanese and an "Arab-looking man," that the Singapore government had agreed to their demand for safe conduct out of the country and a plane was being arranged for them.

HILDEN, West Germany (AP) —

Police early today captured a gunman who took over a bank for six hours, then drove around the Rhineland for four more hours with \$257,000 in ransom and the bank cashier as a hostage. The masked gunman, who was not immediately identified, was slightly wounded, but his hostage, the bank cashier, was unharmed.

WASHINGTON (AP) — A tax lawyer invoked the attorney-client privilege in refusing to testify about a conversation with President Nixon, California Secretary of State Edmund G. Brown Jr. said. He said the refusal to testify "raises the question of just what was discussed" in the conversation immediately after the lawyer backdated a deed to Nixon's vice presidential papers. Brown said the lawyer, Frank De Marco Jr., refused to say under oath whether he told the President the deed was signed more than a year after it was dated.

WASHINGTON (AP) — The national health insurance plan being readied by the administration would guarantee that no one would pay more than \$1,500 a year in medical expenses, according to an initial estimate. For this protection, a single wage earner would pay a monthly premium of \$6.56. For most workers with a family, the premium might be \$19.52 a month.

He Would Die Happy If Killed For Testifying

CORPUS CHRISTI (AP) - The prosecution was expected to rest its case today in the trial of two Cameron County officials accused of conspiring to murder a county commissioner.

County Judge Ray Ramon and Civil Defense Director Carlos Carrasco are accused of conspiring to murder Cameron County Commissioner Adolph Thoma Jr. of San Benito.

O. E. Cole, an insurance agent from Santa Rosa, testified he sold Noe Alaniz Trevino several insurance policies, including \$100,000 accidental death policies, on two employees who worked for Alaniz Trevino in Matamoros, Mexico.

Alaniz Trevino was a defendant in the case until he agreed to testify in return for immunity from prosecution.

earlier prosecution witnesses who said Alaniz Trevino had told them he had an agreement with Cole to split the proceeds of the accidental death policies.

Rosa Gomez, a former bookkeeper for a night club in Brownsville, testified Alaniz Trevino was a frequent customer. She said on Sept. 23, 1973 Alaniz Trevino was in the club most of the evening but did not drink much, noting he had an ulcer.

On that night, Mrs. Gomez said, Alaniz Trevino was drinking a mixture of milk and vodka.

Judge Darrell Hester drew some laughter when he commented: "That's a devil of a treatment."

The night of Sept. 25 is the date specified in the indictment accusing Ramon and Carrasco

Narc Officer Free On Bail

HOUSTON (AP) - Richard Y. Garcia, a Houston Police Department narcotics division officer indicted by a federal grand jury, has been released on a \$7,500 bond.

Garcia, 45, was accused in the Thursday indictment of lying to a grand jury that investigated alleged protection payoffs to local narcotics officers.

The three count indictment alleges Garcia lied to a grand jury in December 1972 when he denied receiving funds from Sebastian Jesse Mirelez, who has pleaded guilty to a narcotics offense.

Garcia, a police officer since 1958, denied the charges.

Steel Exec Dies

CLEVELAND, Ohio (AP) - William B. Boyer, 58, chairman and chief executive officer of the Republic Steel Co., died Thursday of cancer. He began working in a strip mill more than 36 years ago and became chief executive officer in 1971.

Sensitivity In Politics Needed, Insists Farabee

By DAVID CARREN - More than 30 citizens chatted and drank coffee Friday with Ray Farabee, a candidate for the Democratic senate nomination in the 30th district race, in the Howard Junior College Student Union.

"I really appreciate the response," said Farabee, a Wichita Falls businessman and attorney, as he and his wife, Helen, greeted visitors to the coffee-reception in his honor.

"We need greater sensitivity in state and national politics to government and the people. You must get hospital and educational services closer to the people, and Howard College has set an example in education. Outreach treatment in mental health also came from here (Big Spring)," Farabee said in a discussion of campaign issues.

"What has happened in Washington and Austin in handling of money and issues is an insensitivity and unresponsiveness to people and their local communities. You get such a concentration of money and power in one place, it becomes protractive. We have to be concerned with the water program in West Texas and decentralization of government. My main aim is to make government more responsive to the people's needs. I'm campaigning for effective representation."

"I'm real encouraged by the response (to my campaign). It's an exciting district. We can hopefully do more to make this district a good place to stay in," Farabee added.

Helen Farabee was also "very pleased at the response. I've put over 300 people across the district to work for Ray's election in telephoning, addressing things and giving coffees. This is his first time. The community (Wichita Falls) came to him after they learned Jack Hightower was running for Congress and the district would be open. We thought about it long and hard and decided we needed to get involved."

Miss Moveela Rhine, the Howard Junior College social chairman, said other coffee-receptions have or would be held with District 30 candidates. Texas Representative Charles Finnell of Holiday, another Democratic nomination candidate, was on campus in December and the Republican candidate Mrs. Mary Kirchoff, has been invited to appear there, Miss Rhine said.

ONLY TWO BRIGHT SPOTS AT SUPERMARKET

Family Grocery Bill 'Beef'

By The Associated Press

Higher prices for beef and eggs pushed up the family grocery bill during January and boosted the total to a level 14 per cent above last March, an Associated Press marketbasket survey shows.

There were only two bright spots at the supermarket during the month: butter and pork chops both went down in many areas and kept the totals from being even higher than they were.

The AP checked the price of 15 food and nonfood items in 13 cities on March 1 and has rechecked at the beginning of each succeeding month.

IMPROVEMENT

The latest survey showed that during January, the bill for the total marketbasket went up in nine cities, rising an average of 3 per cent, and was down in four, declining an average of 3 per cent.

That was an improvement over December, when the marketbasket bill rose in 12 of 13 cities checked, up an average of 2 per cent.

In every city, however, the total was well above the figure last March. The increases over 11 months ranged from 1 per cent in Salt Lake City — where declines in the price of pork chops and frankfurters kept the January total down — to 22 per cent in Philadelphia and Boston.

A look at the total number of items didn't provide any encouragement. Of 195 items checked, 38 per cent went up in price during January; 12 per cent declined; 41 per cent were unchanged; and 9 per cent were unavailable on one of the check dates.

ITEMS CHECKED

During December, 28.7 per cent of the items checked went

up in price; 11.8 per cent went down; 48.7 per cent were unchanged; and 10.8 per cent were unavailable.

Beef price increases reflected recently reported hikes in the wholesale cost of the meat. Chopped chuck was up in eight of the cities checked and all-beef frankfurters rose in seven cities. Increases in the price of chuck averaged a whopping 13 per cent and pushed the cost of hamburger to about \$1.40 a pound in most cities.

Some areas reported a decline in beef prices toward the end of the month as the wholesale prices leveled off. The

butcher at Ralph's Market in Los Angeles — where chuck went from \$1.19 to 98 cents a pound — said nearly all beef prices were down, along with prices for pork, veal and lamb.

CHOCOLATE COOKIES

Eggs and cookies also were up in many areas. Chocolate chip cookies, up in 12 cities and unchanged in one, jumped an average of 8 per cent, generally about six or eight cents a bag. Eggs were up in 11 cities and unchanged in two. The average increase was 3.5 per cent.

The AP survey covered Albuquerque, N.M.; Atlanta; Boston, Mass.; Los Angeles;

Local Woman Is Leading Active Life At Age 97

Mrs. Ella Crawford, 97, of Big Spring, recently had her picture featured in a wildlife publication as she sat on the banks of Lake Austin fishing for bass and catfish. She was visiting her daughter, Mrs. Cecil Reid, who lives on Lake Austin.

She didn't say whether she thought relaxed fishing contributed to her longevity.

Her daughter, Mrs. Reid, held a house party on Mrs. Crawford's 97th birthday which included as guests her two sisters, Mrs. Martha Williams from Decatur will soon be 100 and Mrs. Lillian Tolor from Newport, Ark., is 93.

Mrs. Crawford makes her home in Big Spring with another daughter, Mrs. Fay Harding, but is still able to visit her seven children who live away from here.

Her husband, Will Crawford, died in 1927. He worked for J&W Fisher Co.

She's City Girl

Dear Abby

Abigail Van Buren

DEAR ABBY: I've been married for 28 years. I am 55, and Zeke is 57.

After Zeke and I were engaged, he told me he was buying his brother's farm. I told him that's what he really wanted I did not want to go through with the marriage because I did not care to live on a farm. We broke our engagement. A few weeks later Zeke called and said he wasn't buying the farm and would I marry him.

To make a long story short, we were married, but I have heard nothing but "farm" since I married him.

Now, Zeke tells me he wants to buy a "nice little 12-acre farm" in the same stinking area we broke our engagement over. He says he wants to "retire" there. Abby, I never wanted to live on a farm, and I sure as heck don't want to "retire" on one.

What should I do?
CITY GIRL
DEAR GIRL: Tell Zeke you still don't want to live on a farm and don't give an inch, or you'll wind up on 12 acres.

DEAR ABBY: It's past midnight now, and even if I went back to bed and tried to sleep, I couldn't, so I might just as well write this. My sister has a beautiful 3-year-old son who she doesn't appreciate. Sis works Monday through Friday only to satisfy her extravagant tastes. Her husband makes good money, but Sis never has enough clothes, so she works, too. Sis drops her baby off at

Mom's every work day without fail. The baby is never fed, and sometimes he's not even dressed. Mom takes care of him all day until Sis picks him up at 6 p.m. (Mom even gives the baby his supper and has him in his pajamas, bathed, and ready for bed.) Sis doesn't pay Mom, one cent, either.

I feel sorry for Mom. She has her own housework to do (three kids and Pop are still at home), and Mom is growing old and tired, but she would never say no to Sis.

There have been weekends when Sis leaves the baby with Mom, but Mom never complains.

Doesn't Sis realize that Mom raised her kids and now Sis should raise her own?

I love my sister and wish she would open her eyes.

NOT AS FORTUNATE
DEAR NOT: Perhaps your signature conveys more than you meant it to. Why don't you tell your sister how you feel? There is always the chance that your mom doesn't feel as burdened by the baby as you think she does.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY, Box No. 68700, Los Angeles, Calif., 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif., 90212.

SOUTHWEST CONFERENCE — Mary Sharpe, Rice University freshman from Farmington, N.M., is the first female to compete in Southwest Conference intercollegiate athletics under a recently-approved rule that opens SWC competition to girls. She represented the Owls in diving competition Monday at the Rice pool when the Owls lost a duel meet to Texas Southern 67-36, and defeated Midwestern 67-36.

Correct Ingredients For Printed Recipes

The Herald regrets that two mistakes were made in recipes printed on Thursday's food page. The correct recipes are as follows:

MISSISSIPPI MUD CAKE
2 sticks margarine
2 cups sugar
2 tbsps. cocoa
4 eggs
1 tsp. vanilla
1 1/2 cups flour
1 1/2 cups coconut
1 1/2 cups chopped pecans
1 large jar marshmallow cream.

Mix margarine, sugar and cocoa. Add eggs and vanilla and mix well. Then add flour, coconut and pecans and beat 1 to 2 minutes. Bake in a 9x13-inch pan at 350 degrees for 35 to 40 minutes.

When done, and still hot, spread with marshmallow cream. Let cool and then frost with the following:
1 box powdered sugar
1 stick margarine
1-3 cup cocoa
1/2 cup evaporated milk
Mix thoroughly and smooth over cake.

CUSTARD CORN BREAD PUDDING
1/2 pan corn bread
1/2 cup raisins
2 cups milk
5 eggs, beaten
1/2 cup sugar
1 tsp. vanilla
1/2 tsp. salt
1 tsp. butter
Heat oven to 350 degrees. Crumble corn bread into a greased 2-quart shallow baking dish. Add raisins; toss. Combine milk, eggs, sugar, vanilla and salt; beat well. Pour over corn bread and

raisins. Let stand 10 minutes. Dot with butter. Sprinkle with nutmeg, if desired. Bake in preheated oven 30 minutes or until knife inserted in the center comes out clean. Serve warm or cold with milk or cream. Serves 6.

CORN BREAD
1 cup enriched corn meal
1 cup sifted all-purpose flour
4 tps. baking powder
1/2 tsp. salt
1 egg
1 cup milk
1/2 cup vegetable oil
Heat oven to 425 degrees. Sift together corn meal, flour, baking powder and salt into bowl. Add egg, milk and oil. Beat with rotary beater until smooth, about 1 minute. Bake in greased 8-inch square pan in preheated oven 20 to 25 minutes.

NOTE: Any remaining corn bread may be split, toasted and buttered for a breakfast treat.

Officers Elected For Knitting Club

New officers elected Monday for the Jiffy Knitting Club were Mrs. J. T. Galloway, secretary; Mrs. N. B. Perkins, treasurer; and Mrs. L. B. McElrath, reporter.

The meeting was held in the home of Mrs. Bert Afleck, 1001 Howell, who showed types of trims, and Mrs. Galloway demonstrated the use of pattern cards and how to use contrasting colors.

Refreshments were served. The next meeting will be at 7:30 p.m., Feb. 25 in the home of Mrs. L. B. McElrath.

Breeding Geese For French Pate

Israeli goose breeders exported 133 tons of goose liver worth \$2 million last year, mostly to France. David Gersten, director of the Egg and Poultry Board, said Israel would export about 400 tons of the delicacy by 1980.

Newcomers Attend Coffee Wednesday

Newcomers were welcomed to the city during a coffee Wednesday morning in the First Federal Community Room. Calling hours were from 10 to 11:30 a.m., with hostesses being members of the Newcomers Bridge Club and the Newcomers Handicraft Club.

Approximately 25 persons were in attendance. Refreshments were served from a table covered with a white linen cloth and centered with an arrangement of white daisies, red gladioli and blue irises. Mrs. Jean Hampton won the arrangement as a door prize.

Mixer games were directed by Mrs. Jimmy Townsend, and the women were invited to participate in activities of the clubs. Mrs. Townsend, president of the bridge club, said interested persons may contact her at 267-7324. The group meets the first Tues-

day of each month for a luncheon at 11:15, followed by bridge, and on the third Wednesday at 9:30 a.m. for bridge.

Persons who wish to join the handicraft club may call Mrs. Linda Colosimo, 263-0013. This group meets at 9:30 a.m. on the second and fourth Wednesdays of each month in individual homes.

MRS. ROY PERCIFIELD

Retiree Plans Nevada Trip

Saturday will be the last day for Mrs. Roy Percifield, veteran checker for Safeway.

She will make her home with her sister, Mrs. Jones Lamar, at 604 Lancaster, and get in a little traveling, first to see friends in Las Vega, Nev.

Mrs. Percifield is the former Fannie Jo Underwood, the daughter of the late Mr. and Mrs. J. H. Underwood, and was married June 15, 1929, to Roy Percifield, who then was an electric welder for the T&P. He died last Oct. 14.

In the Depression pinch, they left in 1936 to go to California, and she had her first experience working in the 1940's, first managing a bakery and then later in a grocery for the same firm at Arcadia. She also had experience managing a German sausage house.

Her first contact with Safeway was in 1950 at Alhambra as checker. When the smog made it impossible for Mr. Percifield, who had two heart attacks, to continue there, they moved to Las Vegas, Nev. and for 12 1/2 years she served as checker. When he retired, they came back to Big Spring in 1967 and in September she went to work here with Safeway.

Mrs. Percifield is a member of Hillcrest Baptist Church.

Rev. Theo Francis Scheduled For 50th Anniversary Honor

By MARJ CARPENTER

A big event will be held Sunday at the Immaculate Heart of Mary Church here.

The Rev. Theo Francis, O.M.I. is celebrating the 50th anniversary of his priesthood on Feb. 3, 1974.

Mass at 10:30 a.m. will be followed by a luncheon and reception in the Parish Hall.

The Rev. Louis Moeller will deliver the invocation at the luncheon, and Arnold Marshall will act as master of ceremonies.

The Men's Society, under the direction of Tom Corwin, will prepare the food for the luncheon, and the members of the Altar Society, under the direction of Mrs. Jewell Hyer, will serve the lunch.

Father Francis has served all three parishes in Big Spring, and has been active in the development of them. All of his friends and acquaintances are invited to join the celebration of his Golden Jubilee.

His career briefly follows: Born March 17, 1898 — in Magdeburg-Neustadt, Germany, the 3rd of 7 children. Completed 8 years of Volks-schule there.

Came to United States alone in 1912, at age of 14. Entered St. Anthony's Minor Seminary, San Antonio, Texas, without knowing a word of English.

After graduating in 1917, he entered St. Peter's Novitiate in Mission, Texas, and after 1 year was accepted as a member of the Oblates of Mary Immaculate (O.M.I.) on August 15, 1918.

Completed 2 years of Philosophy in San Antonio, and then 4 years of Theology in the Major Seminary, then located in Castroville. Ordained to the priesthood on Feb. 3, 1924, and offered his first Mass the following day at St. Anthony's.

Assistant-Pastor at Mercedes; then at Cathedral of St. Louis in New Orleans.

McInteer Speaks At Lectureship

ABILENE — Jim Bill McInteer, minister for the West End Church of Christ in Nashville, Tenn. for the last 17 years, will be the featured speaker for the 56th annual Bible Lectureship at Abilene Christian College.

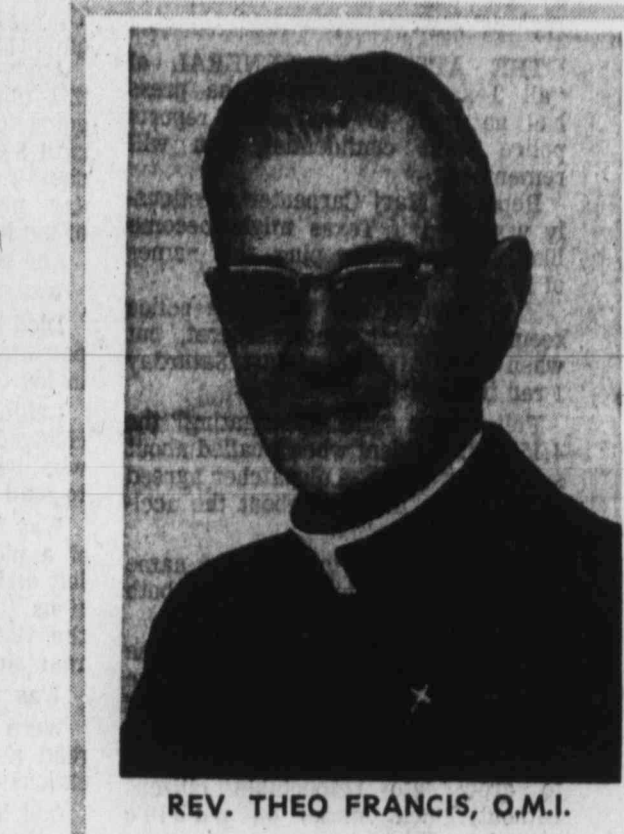

The lectureship is scheduled for Feb. 17-20, 1974 in Moody Coliseum on the ACC campus. Theme of the 1974 lectureship is "Discipleship". Dr. Carl Breechman, ACC professor of Bible, is lectureship director.

McInteer, who also serves as business manager for "20th Century Christian" magazine, will close out the lectureship Wednesday night (Feb. 20) at 7 p.m. with his speech on "The Disciple's Joy".

Demon-Possessed Rash Is 95 Per Cent Hokum

By GEORGE W. CORNELL AP Religion Writer

NEW YORK (AP) — "Get out of him, O accursed devil, and yield place to Christ who has won his soul."

So goes the key phrase of the ancient church rite of exorcism, preceded by an extensive sequence of other prayers—a ritual that is getting considerable notice these days.

"The attention is a bit frenetic, a kind of hysterical reaction," says the Rev. Edward B. Brueggeman, a Roman Catholic theologian of Xavier University in Cincinnati and a specialist on the subject.

"Much of it is hokum—about 95 per cent of it." However, as a result of the current movie, "The Exorcist," and the general fascination with the occult, many churches and their institutions have experienced a wave of claimed cases of demon possession.

"All of a sudden there's a plethora of it all over the land," says Father Brueggeman, who teaches a special course on cults in the modern world.

Both in theology and through the church's experience, he added in a telephone interview, the phenomenon of Satanic possession is extremely rare, although there are Scriptural premises for its possibility.

"We know there are powerful spirits of evil in the world through the freedom permitted by God," he said. "Our time had its stark demonstrations of

Baptist Set New Film

DALLAS — A television special telling the story of Texas Baptist child care ministries — "Where There is Love" — is being readied for statewide showing April 3.

The special is scheduled to be shown on 22 stations across Texas from 6:30-7 p.m. "Where There is Love" is the story of love in action. The filming was made possible through a grant from the Anvil Foundation in Fort Worth.

Texas Baptists operate four child care institutions: Buckner Baptist Benevolences, which has campuses in Dallas, Burnet, Lubbock, San Antonio, Beaumont; Texas Baptist Children's Home in Round Rock; Mexican Baptist Children's Home in San Antonio; and South Texas Children's Home in Beville. Last year, \$1.2 million in BGCT Cooperative Program funds were spent to operate the homes.

Typical of cases in which his advice has been enlisted, he said, was that of a young woman who was "simply hungry for attention. It was a case of a disturbed mind more than anything else."

Nevertheless, a rash of such complaints and inquiries have descended on church officials and pastors, usually as a result of the movie.

At St. Hugo's parish in Bloomfield Hills, Mich., the Rev. James Chichon says about 20 people, mostly college students, have showed up there "really rattled," reporting prolonged loss of sleep or other effects.

"Most of them have been highly exposed to the occult on campus," he says, adding that he can see "absolutely no good at all" resulting from the movie. "Anyone who takes the kids to see it are out of their minds."

State Of Union

President Nixon laid out a 10-point program in his State of the Union message to the Congress Wednesday evening, but the new crux of the address boils down to a proposal for a comprehensive health insurance and continued initiatives for world peace. Most of the other points were repeats or refinements on previous recommendations.

More importantly, having enumerated legislative requests, the President then set at ease the rumors and speculations that he would resign. Few people ever honestly gave credence to such rumors, but the President spoke to the point on this issue so there could be no doubt.

He also appealed to the public in the hope of exerting indirect influence to bring the Watergate matters to a conclusion. "One year of Watergate is enough," he said, and most people would agree; doubtless a few weeks of Watergate would have been enough as far as he was concerned. The President did pledge cooperation to the House judiciary committee, but basically on his terms. He said he had furnished the special prosecutor with all the essential information, as the President views it, from the point of protecting his prerogatives, which in effect says that there

won't be much help from the White House in resolving those difficulties.

In short, a year of Watergate may be enough, but it likely won't go away quite so easily. A spirit of cooperating may have a salutary effect on the judiciary committee which is checking into appropriateness of impeachment proceedings.

Mr. Nixon seemed more assured, and he did not indulge in recriminations, hence his address

was conciliatory, as his program promises to be constructive. The specifics will tell the tale, for in the past rhetorical generalities have not been forcefully detailed. The goals are good. It is interesting also that the President received the most enthusiastic and prolonged applause in his appeal for an era of peace — but peace from a position of strength and honor. And it is in this arena that we may find the greatest unity of support.

Chickens Home To Roost

Wheat reached a record price of \$6 a bushel recently on the Kansas City grain market. Some observers, among them millers, are predicting that the price may go to \$9 a bushel by June, when the new wheat harvest begins.

The U.S. Department of Agriculture has belatedly recognized that its management of wheat during the past year is nearly a disaster. It consented to a deal whereby Russia purchased at very favorable prices more wheat than the United States can supply. By government estimates, the supply of wheat in the United States in early June may

amount to only 20 million bushels, or approximately a 10 days supply. This could lead to a shortage of bread by June and possible rationing.

The chickens have come home to roost. The grain which the Department of Agriculture permitted to be sold at bargain prices to Russia will have to be repurchased in part from other sources. That grain will almost certainly cost us at least double the price of that sold to Russia, perhaps even three times as much. The next cry being heard in the land may be: Impeach the Secretary of Agriculture!

Borders On Ridiculous

Around The Rim

John Edwards

When I called Lamesa Police last Saturday about a local boy killed in a pickup accident, I learned about a new angle to the state public records' law.

THE ATTORNEY GENERAL OF "all Texas" has decided the press has no right to see police reports police want confidential, you will remember.

Reporter Marj Carpenter facetiously wondered if Texas might become like Mexico in keeping the names of arrested persons secret.

Even she did not anticipate police, keeping accident reports secret, but when I called Lamesa last Saturday I ran into that problem.

Police were "still investigating" the 4:15 p.m. accident when I called about sunset, but a police dispatcher agreed to tell me a little bit about the accident.

But he refused to give the name of the driver or victim, saying both were juveniles.

The press frequently does not name juveniles accused of crimes and the courts offer juveniles accused of crime some confidentiality. The idea is to give children an opportunity to grow into respectable citizens without black marks on public records.

BUT I'VE NEVER heard of keeping the name of the dead or driver in an accident secret.

I phoned the funeral home there. They had a body but they weren't quite sure of the victim's name.

Again, I tried the Lamesa P.D., this time, a sergeant. They weren't going to give the name of the victim until Sunday. The Big Spring Herald doesn't hit the streets again until Sunday, presumably long after all next of kin had been notified.

The sergeant wasn't persuaded. Well, how about the driver?

Didn't have his name. The patrolman who investigated was out in his car.

Calling back when police shifts changed, I was referred to someone who tried, it was difficult he said, to read the accident report.

Was the victim riding in the back of a pickup? Well, the report shows left and right front and back as positions for occupants in vehicles and the victim was shown in one of the rear slots.

Was it a pickup? Well, yes it was. Were any others hurt? The man read a couple of the injury classifications on police reports.

And he wasn't sure to which hospital the two injured boys were taken.

My Answer

BILLY GRAHAM

What about those years in the life of Jesus concerning which the Bible says nothing? For a man on such an important mission, you wonder why no details are revealed.

J.O. The silent years, as they are called, extend from Christ's return to Nazareth as an infant, to his baptism by John as an adult. The only exception is an incident in which Jesus, Mary and Joseph went to Jerusalem and the temple in his twelfth year.

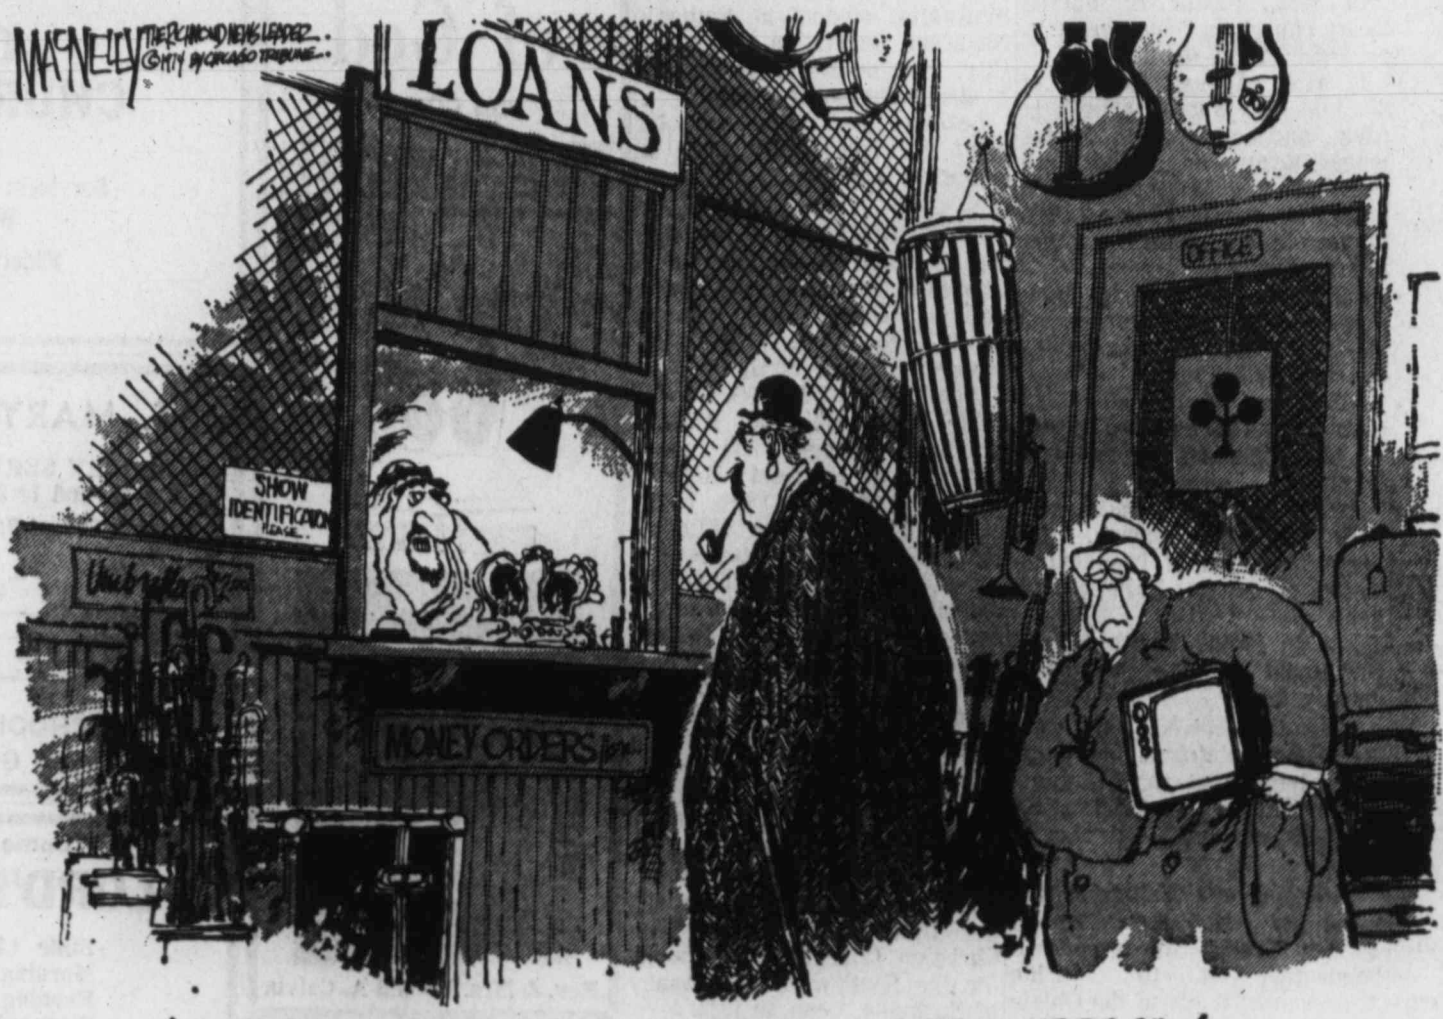

May I suggest that these "unreported" years served a worth while purpose — something in fact we have forgotten about today. That is a time of quiet development and a gaining of experience. Christ needed it before he went to the Cross as the Savior of the world.

The Bible says in Luke 2 that during this time Jesus "became a strong robust lad" and "grew both tall and wise. . . loved by God and man." (Statements 40 and 52.)

You see, the incarnation, that is, God's son in the flesh, was a true acceptance of humanity. His schooling was probably that of the ordinary child. He worked at Joseph's carpenter's bench. But above all, his mind was nourished on the Scriptures and spiritual things.

Wouldn't you agree with me that in our busy society where everything

requires instant gratification, we need such a quiet time? A quiet time when we could nourish our soul, commune with God and prepare for communication with men. Without it, we will never make it through the turbulent days ahead.

NEW YORK (AP) — Some things that make life worthwhile:

Polish picnics, Italian weddings and Irish wakes.

A twilight view of the Bay of Naples from the Isle of Capri.

The feel of airplane wheels landing safely after circling the tower for an hour in the fog.

The debate between two small boys over whether the creature they have just caught is a toad or a frog.

The family dog scratching himself contentedly by the fire-side, and turning himself over now and then like a piece of automatic toast.

Listening to the countdown for an important missile launch.

The silver gleam of lighted candlesticks lit with loving hands that wanted to make the dinner memorable.

Boying anything at a price lower than you paid for it the last time.

The feeling of noble martyrdom you get when you decide

to reject purchasing some over-priced gadget you really didn't want anyway.

Pronouncing the word Mississippi properly after the dentist installs a new upper denture in you.

Picking up a creeping baby and feel it, trying to wiggle to get free again.

The first sight of the safe green hills of Scotland on a gray and misty day after crossing the Atlantic in convoy in wartime.

Playing leapfrog with a tomboy.

Finally getting to join the gang your older brother kept you out of because he didn't want you tagging along after him.

Discovering the day after trying chewing tobacco that you might live after all.

Rejecting forever all women and their wily ways after being jilted by the second redhead in your life.

Having tea with a regal lady of the old school and listening

to her graceful murmuring about the niceties of earlier days.

Being asked for your autograph by a near-sighted schoolgirl who has mistaken you for someone famous.

As a kid, running up the down escalator in a department store before a security guard can catch you and lead you out the nearest exit.

The thrill of playing Indian aboard an old plowhorse bareback.

Catching a silver dollar flipped to you as a good luck piece by a sportive uncle.

Squeezing the last dash of toothpaste out of the tube.

Pancakes with real maple syrup for breakfast, broiled fresh-caught mountain trout for lunch, T-bone steak for dinner.

Holding hands on the front porch swing until after midnight with the last girl on earth you expect or want to be in love with.

For these and other benisons of spirit and mind, our thanks, Amen.

Rest Of The World

WASHINGTON — Absorbed in our own troubles, we are slamming the door on the rest of the world or on that part of the world least able to survive the oil crisis. By a vote of 248 to 155, the House of Representatives killed the Administration bill to fund the International Development Association (IDA), the World Bank's soft loan subsidiary.

IDA HAS BEEN the recourse for sub-Saharan countries suffering a terrible drought. Up to 55 per cent of supportive loans for India, Pakistan and Bangladesh come from the bank's soft loan window. Without this support, and with a boost in oil prices up to 100 per cent, the outlook is not just for bankruptcy but for starvation and the breakdown of the social structure.

Immediate concern is over how the Senate can undo the action of the House. If it is not reversed, and the United States finally defaults on the contribution of \$500 million, 33 per cent of the total, then the consortium of the industrialized nations put together in 18 months of effort by the World Bank collapses. It means IDA will be out of business on July 1.

TREASURY OFFICIALS who rushed up to Capitol Hill to try to get quick action on the reversal, urging that it precede the conference of oil consumers in Washington Feb. 11, came up against a stone wall. They discovered that the mood on the Senate side matched that of the House.

KEY MEMBERS of the Senate Foreign Relations Committee that must first pass on World Bank funds have long been skeptical of the Administration's approach to foreign aid. Chairman J. William Fulbright has opposed the bilateral aid programs ranging from \$2.2 billion to \$3 billion a year if only because such a large proportion goes for military assistance.

WHILE THERE was never any doubt of its quick passage, some

senators feel that the \$2.2 billion for Israel at the time of the Middle East war used up both good will and available surplus.

But as reflected in the Senate, the lopsided house votes signifies a sour attitude that can be described for lack of a better word as isolationist.

In the House, 130 Republicans voted against the President and only 47 supported him. On the Democratic side, 109 voted for IDA, 118 against.

The underlying belief is that the United States, best able of all nations to ride out the oil crisis, can wall itself off from the poverty, disease and breakdown of the poor nations.

THIS IS A PERILOUS illusion as recent history illustrates. In 1930, Herbert Hoover, a President who for quite different reasons than those of today suffered a breakdown of authority, signed a tariff bill putting up a wall against goods from the rest of the world. That was a principal reason for the worldwide depression.

A worldwide depression is today no idle threat given the linkage between the rich and the poor through the medium of oil and the skyrocketing prices levied by the oil sheikhs.

India, for example, is dependent on chemical fertilizers for food production, much of it coming from Japan. Yet with Japan's bill for imported oil, the raw material of fertilizer, doubling last year and likely to double again in 1974, exports to developing countries are being drastically cut.

THIS MEANS a pinch not only in food but in new industries in smaller Asian nations dependent on Japanese imports for plastics, textiles and electronics in South Korea, Taiwan and Singapore. Far away places with strange sounding names as we once thought, we cannot quarantine away collapse in, say, India or Pakistan with the resulting famine, rioting and breakdown.

To reverse the House vote will take long and painstaking effort. Certainly, it cannot come overnight.

Maybe It's No Problem

Dr. G. C. Thosteson

Dear Dr. Thosteson: My doctor has told me, after taking X-rays of my abdomen, that the colon has fallen down. How serious is this and how can it be corrected? I am a college student and hope to become a doctor. — E. E.

Actually this is not an uncommon finding. It is called ptosis of the colon — part of it has sagged lower than normal.

Years ago, much was made of this condition as a "cause of constipation," abdominal discomfort, or other symptoms which today are found to be caused not by the ptosis but rather by some unrelated condition such as irritable or unstable colon.

In a word ptosis of the colon is found quite commonly in folks who are slender or on the lean side, but there isn't anything to do about it, nor any need to do anything.

If you have no discomfort, forget it. If you do have any discomfort, look for some other cause.

Dear Dr. Thosteson: Please

send me a booklet on edema. I does it sometimes follow surgery or heart attack? — Mrs. A. H.

Sorry, I have no booklet on that specific subject, but I'll try to answer as fully as I can in this limited space.

Edema (pronounced "th-DEE-ma") is a fancy name for the accumulation of fluids in tissues. The term comes from the Greek for swelling.

Yes edema can be a result of heart disease. The heart pumps blood, and since blood is fluid with a variety of chemicals mixed in it, any lessening of the heart's function would indirectly lead to a problem of fluids buildup in the body.

But the heart is not the only potential culprit. Any organ that has a function in the circulation of body fluids — the liver, for example — can cause problems. Edema of the abdomen is an ailment associated with cirrhosis of the liver. Certain lung conditions may cause fluid buildup there. These are just a few cases.

It is difficult to answer your question directly as to whether edema occurs specifically in cases of heart attack or in a post-operative situation. An operation affecting the heart or the liver could, for instance, bring about the problem, but not necessarily. It depends on the degree of loss of function in any organ affected.

Generally speaking, if the cause of the edema can be treated, the condition can be improved. If not, the edema can become chronic, to be alleviated by use of diuretics or drugs that hasten the release of fluid from the body.

By colitis is meant a variety of intestinal ailments from very serious to merely uncomfortable. For a better understanding of its causes and treatment, write to Dr. Thosteson in care of this paper for his booklet, "Colitis and Kindred Complaints," enclosing 25 cents in coin and a long, stamped, self-addressed (use zip code) envelope to cover cost of printing and handling.

Letter To The Editors

I would like to take this means to clarify my position in the proposed incorporation of Sand Springs and to also correct a statement made at the community meeting held at the Sand Springs Church of Christ.

As a resident of the community, I did support the proposed incorporation. Concerning the statement made in answer to the question asked "Who drew up the proposed plan?" It was stated Harvey Hooser and Marshall Day drew up the plan. I did not have the petition or the plan drawn up with Harvey Hooser. Another resident of the community, Bob Bowen, engaged Mr. Hooser to draw up the petition and the plan. The petition had been in circulation some six days when I was approached with it. Feeling that incorporation would be of benefit to the community as a whole, I began my support of it. The only part of the plan that I was directly involved with was trying to correct the east and west boundary lines.

Some residents feel that the petition was misrepresented. I would be the first to agree with this, due to the fact that when a thought is passed from one person to another, it tends to get stretched out of proportion. I did my best to tell those I talked with, what the petition represented. Any resident who signed the petition had only to read the stated contents of the petition. Jarrell Barbee and I did present the petition to Judge A. G. Mitchell.

Now, this brings me to the question of why incorporate? Regardless of

whether this petition started as a result of a rumor or other reasons, as a resident of this community I feel that incorporation would be of benefit to all residents. Many of the residents who have been here many years longer than I have said, "leave us alone and let us tend to our own business." Many times we don't like to make changes in our life style, but we are forced into it by the existing changes of our time. Our's is a fast growing community, so let us keep an open mind to what our situation will be in the not too far off future. As I see it, we are going to have need of some of the requirements that incorporation entails. I know that these requirements can not be met all at once, but will take years of planning and hard work.

Mr. Wayne Basden, the attorney who represented a few of the residents stated "I just don't see any fear from the City of Big Spring." (Quote from Herald) As a resident of this community, not of Big Spring, I do not feel as confident as does Mr. Basden.

I did what I honestly felt was best for all involved. So let us not ridicule one another, but if Judge Mitchell allows the election, exercise your rights by going to the polls Saturday, Feb. 2, casting your ballot either for or against incorporation. We live in a country that guarantees us this right and this is our protection, so make use of it.

Jack's Back In Hawaiian

HONOLULU (AP) — Hello there, Johnny Miller, Big Jack is back. "I came to play golf," Nicklaus solemnly warned after firing an eye-popping seven-under-par 65 Thursday despite the rain and stop and go that finally forced a suspension in the first round of the \$220,000 Hawaiian Open Golf Tournament with some two dozen players still on the course.

Barry's Shot Sinks Houston

Never give a good shooter such as Rick Barry too much time. Houston gave the Golden State star two seconds and it cost the Rockets a National Basketball Association victory. Calvin Murphy had seemingly snapped Houston's three-game losing streak and Golden State's five-game winning streak when he hit a 22-foot jump shot for a 108-107 Rocket victory Thursday night.

"Anything can happen in two seconds," said Barry who gave the Warriors a 109-108 victory with a 28-foot jumper at the buzzer. "It was a good shot," said Barry who scored a total of 38 points as the Warriors moved to within one game of idle first-place Los Angeles in the Pacific Division. "I had time to catch it, turn and shoot. I didn't just have to throw it up."

Boys Compete In 'Hoop Shoot'

More than 100 local and area youngsters will gather at the Big Spring YMCA Saturday at 2 p.m. for the first Elks-Sponsored Free Throw Contest. Three divisions will be set up for the shooters, 8-9, 10-11 and 12-13. There is no entry fee. Winners in each of the three divisions will advance to district competition in Odessa later this month. Tournament chairman Mike Nelson said that interested youngsters can still register at the YMCA prior to the competition.

For What It's Worth

Jack Cowan

Just some stuff while anxiously awaiting the 13 and half days between football seasons . . .

Big Spring receiver John Thomas Smith was among several Texans to gain honorable mention All-America status on the Scholastic Coach Magazine star football squad, which will be released in the publication's March issues.

Odessa Broncho quarterback Rodney Allison was a first team choice, and lineman Frank Myers of San Angelo joined Smith in the honorable mention ranks, along with a group of other west Texans. Allison was kept company on the first team by Earl Campbell of Tyler, Paul Rice of Lewisville, John Washington of Dallas Roosevelt, Mike Renfro of Fort Worth Arlington Heights, Jim Yarbrough of Galveston Ball, John Kramer of League City and Mike Mock of Longview.

The NFL player draft is over, and it's a good thing for Texas football fans. Lone Star gridders were passed over like so many slob, which they must have been, since only one Southwest Conference player went in the first five rounds. Tommy Hart might call it "The Year of the Locusts," or something equally poetic . . .

And some notes on the Howard College Hawks, who just seem to keep on rolling . . .

The Hawks look like they could be on the way to the best record in the school's history. The HC folks, 28-2, need just six victories the rest of this season, which includes eight Western Conference games and no doubt the Region V tournament — and maybe the national tournament.

Previously, the school's best records were in 1959-60 (34-4) and 1952-53 (34-6).

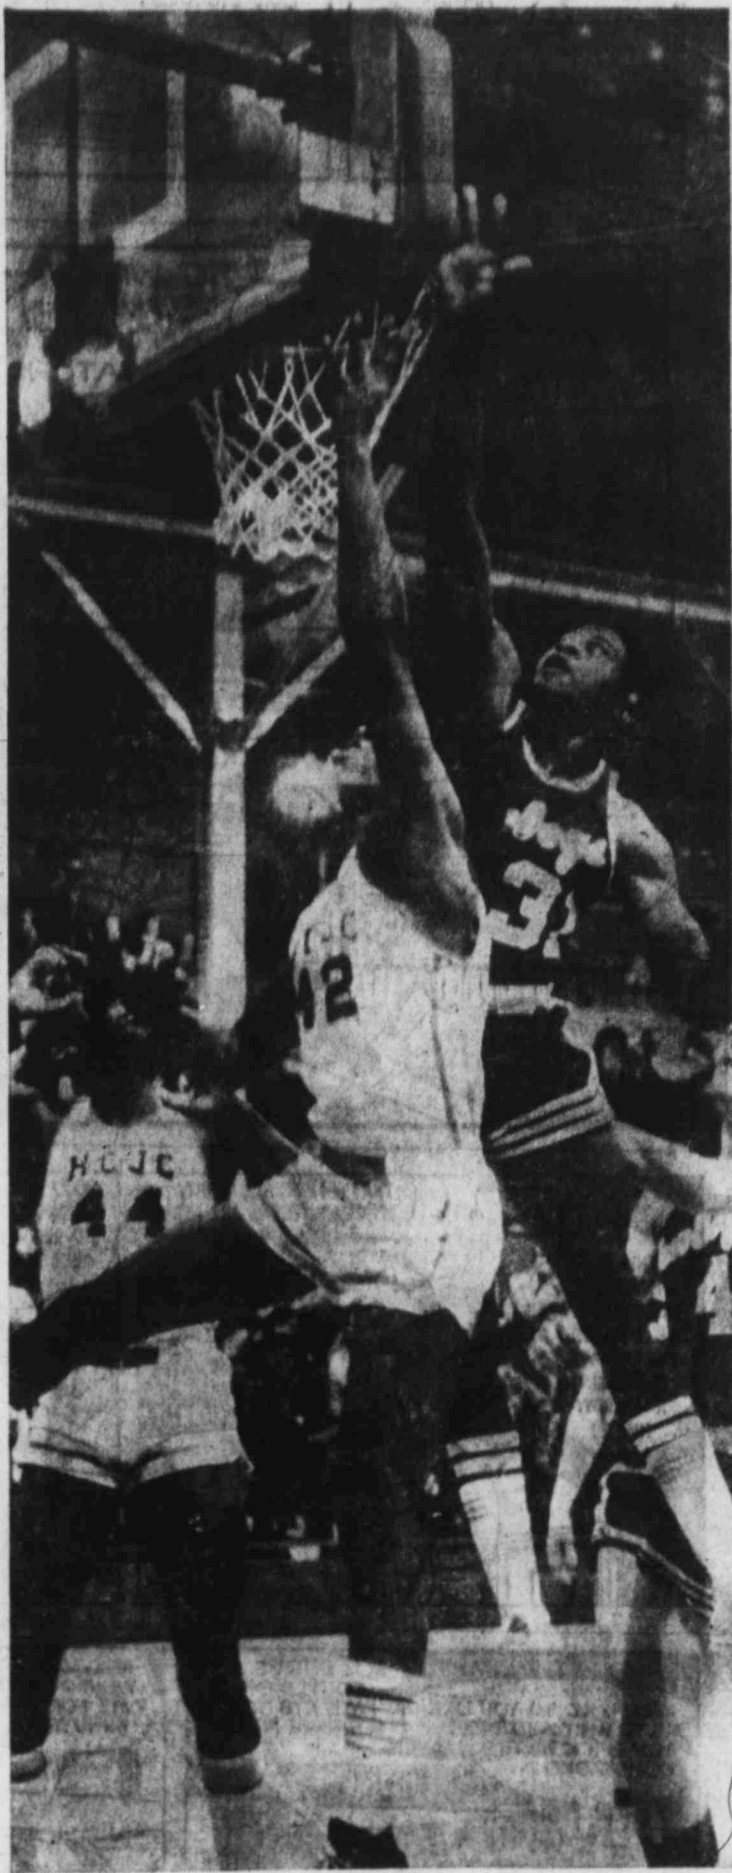

Incidentally, the Hawks are currently the No. 1-ranked team in the region, followed by Amarillo College and McClellan Community College of Ocala, the defending tourney champ. A committee will gather Feb. 25 to determine which eight teams will make the meet, which will be played in Brownwood for the second straight year.

Hill, Schreiner, Odessa, Weatherford, Western Texas, Clarendon and New Mexico JC round out the top ten the way it currently stands, as voted on by the region's coaches . . .

Thursday night's 146-point miracle against the Hardin-Simmons Junior Varsity has to be a school record, though there's really no way of telling. And the current 21-game winning streak can't be far off the previous best.

That game against the Cowboys might also be famous for another reason. H-SU only brought seven players, and when Randy Jarnigan and Donnie Klever fouled out that put the Pokes in a bit of a bind.

Then, when Joe Langly got his fifth personal with four minutes to play the Hardin-Simmons coach waved him away from the bench and told him to stay in the game. Langly finished the game with seven fouls and James Mitchell had six at the final buzzer, or the Hawks' score might have been astronomical. Five or three doesn't make for much of a match . . .

TWO FOR TOLLIVER — Howard College's David Tolliver, filling in for injured starter Thomas Bledsoe, gets two of his 23 points here as he shoots over Hardin-Simmons' James Mitchell (31). The Hawks' Taylor Williams looks on. Howard College rolled to an awesome 146-89 triumph over the Cowboy Junior Varsity.

Steers Entertain Bulldogs Tonight

Midland High tries to prevent something that hasn't happened in a long time tonight — a sweep by the Big Spring Steers — as the two teams collide in the BSHS gym at 8 p.m. in a Dist. 5-AAAA match-up.

The situation is the same as three weeks ago when the teams met in first round action, with Midland in a four-way tie for the lead and the Steers scrambling at 0-1. But this time it's a little different in that the Big Springers, 15-9 on the year, haven't lived up to their earlier glories in their last two outings and Tuesday suffered their worst defeat of the year, a 100-79 setback by Abilene.

Midland, meanwhile, turned back a stubborn Odessa Permian team 54-45 with a fourth quarter outburst as the Bulldogs lifted their season mark to 17-9.

Two of those losses were at the hands of the Steers, the first an easy 73-63 decision in the Snyder Tournament and the last a tougher 71-65 win.

John Thomas Smith, the No. 3 scorer in the loop with 150 points, hit 25 points in the last win, but was a bigger factor on defense as he made nine steals, including three in the final minute that put the game away.

Smith will get help tonight from high-scoring guards Larry Stanley and Albo Smith, along with inside men Tim Dunn and Randy Marshall. Rick Traylor, Vicky Woodruff and James Zapp will also spend time under the hoop.

Midland Lee nipped the Big Spring Steer tennis team 9-8 in dual tennis competition Thursday at the Figure Seven Tennis Center.

Randy Mattingley accounted for the only two boys victories Big Spring nailed down, while the local girls topped their visitors by a 6-1 count. Judy Jordan defeated Susie Williams of Lee 7-5, 6-2 in the No. 1 girls singles action, while Robertson and Williams trimmed Jordan and Linda Little 7-6, 6-1 in the top girls doubles affair.

Mattingley's victories came over Rhon Allega, 6-1, 6-1 in the main boys singles event, and then he trimmed Lee's No. 2 player, Robert Stiles, 6-1, 5-2 before the Rebel netter defaulted.

The Steer netters return to action Saturday in Andrews when they join Andrews, Monahan and Lubbock Coronado for a four-way meet. Play begins at 9 a.m.

WILLIAMS SCORES 39 POINTS HC Rips Pokes, 146-89

By JACK COWAN

The Howard College Hawks didn't like it in recent games when opponents, fearing their offensive might, tried to hold the score down by running stall offenses. So when they saw that the Hardin-Simmons Junior Varsity was willing to run with them Thursday in the HC gym, they took advantage.

Taylor Williams, who sat out more than 15 minutes of the game, hit 19 of 26 shots from the field and finished with 39 points to pace the Hawks to an amazing 146-39 triumph over the Cowboys.

"I thought everyone played very well," said HC Coach Harold Wilder, who watched all 14 Hawks make the scoring column. "We concentrated on executing what we've been practicing, and it worked. (David) Tolliver did a real good job inside playing for Thomas Bledsoe, and Williams really picked up the slack."

Tolliver, a 6-4 freshman, filled in for the high-scoring Bledsoe well, making 23 points — 20 in the first half — as the team jumped its season record to 28-2. Bledsoe missed the game with an ankle injury. The game also marked the Hawks' 19th straight home triumph, and their 21st straight win this season.

Four players besides Williams, who had his career-high game, and Tolliver hit in double figures, Alfred Gladden with 16, Bobby Beall and Keith Lewis with 14 apiece and Johnny Harris with 10.

For Hardin-Simmons, James Mitchell notched 23 points and Mitch Henderson rang up 20. The victory, most convincing of the year for HC, silenced doubters who thought the Hawks might have lost their offensive touch in the past two weeks.

Wilder's bunch, who slipped from second to fifth on the NJCAA scoring charts this week with a 103-point average, hadn't hit that total in four previous games before ringing up 112 against a delayed-indeed New Mexico Military Institute squad Monday.

The 146-point total is thought to be a school mark, though no official records have been kept. Previously this year the Hawks had slammed South Plains, 135-95.

Howard College was awesome from the start, sinking 65 per cent of their first half shots — 34 of 52 — on the way to a 74-46 bulge at the intermission. For the game the Hawks rang up 59 per cent, hitting 59 of 97, even though reserves played the final 14 minutes.

Harris hit the 100th point with 13:38 remaining. Hardin-Simmons kept pace in

of that deal kept many disgruntled Southern California fans away from the ballpark last year.

League President Charles "Chub" Feeney said the owners had been assured the Padres would remain in San Diego "in the foreseeable future."

Kroc, 71, chairman of the Thursday, ended an attempt to move the floundering franchise to the nation's capital. Reports

team at least until 1980, and has signed a new stadium lease that runs through 1988. The San Diego City Council agreed Thursday to pay the Padres \$429,000 a year in subsidies, an increase of \$144,000.

But predictably in C. Arnholt Smith's long and tortured attempt to sell the Padres, there was talk of a last-minute hitch.

"We still have a problem with Mr. Smith because I understand the Internal Revenue Service is attaching our check," said Kroc in a radio interview from Fort Lauderdale, Fla. "His attorney has said if the IRS is going to attach the check then they don't want to sell."

period to notch a 48-38 decision. Mike Thompson hit 17 points in Goliad's losing cause, and he also topped the list of Maverick rebounders, along with Joey Vasquez and Vernon Marty Latta notched seven points.

The Mavs are now 8-7 on the year. Lamesa's eighth grader overcame an 18-17 halftime deficit against Rannels and powered to a 52-38 win. Kevin Wolf was the main man in the Rannels attack with 18 points and 10 rebounds, while Anthony Wright also had a good game on the boards.

Lamesa was led by McCurley and Wellington, with 13 points apiece. Rannels now stands 3-10 on the year.

Next action for the local squads is Thursday, when they play another intra-city date. The Mavs and Yearlings will meet in the 5:30 p.m. opener, while the Brahmas and Toros will play at 7 p.m.

STEERS, 'CATS IN DUAL MEET
SAN ANGELO — Big Spring tracksters get their first action of the year today in a dual meet with San Angelo.

The meet was originally scheduled to be a triangular affair with Snyder, but the Tigers withdrew Wednesday because the coach said they weren't ready for outside competition.

Action in the field events got under way at 3 p.m. at San Angelo Stadium.

Sports... In Brief

BASEBALL

PITTSBURGH — The Pittsburgh Pirates of the National League obtained catcher Mike Ryan from the Philadelphia Phillies in exchange for shortstop Jackie Hernandez.

TRENTON, N.J. — A state civil rights chief signed a ruling that will permit girls to play on Little League baseball teams in New Jersey.

NORFOLK, Va. — The Kentucky Colonels of the American Basketball Association traded guard Jim O'Brien to the San Diego Conquistadors for forward Red Robbins and guard Chuck Williams.

CHRISTCHURCH, New Zealand — Teen-aged Wendy Cook of Canada set a world record of 1 minute, 4.78 seconds for the 100-meter backstroke in the first leg of the 400-meter medley relay at the Commonwealth Games.

Local Cage Meet Set

The Big Spring Baptist Association will sponsor an all-day basketball tournament in the Howard College Gymnasium Saturday, starting at 9:30 a.m. As many as 31 churches may enter teams in three classes of competition — for boys of elementary, junior high and high school age.

Don Bradley, minister of education at the First Baptist Church, will direct the tournament.

Trophies will be awarded to winning teams in each division but no all-tournament teams will be selected.

Each church will be responsible for feeding players at the noon meal. The tournament likely will be completed by 10 p.m. Elementary age groups will limit play to four-minute quarters. The junior high players will play six-minute quarters while the high school youths will have eight-minute quarters.

Padres' Sale To Kroc Approved By Owners

of that deal kept many disgruntled Southern California fans away from the ballpark last year. Freshmen Cagers Garner Victories

Big Spring's freshman squads continued to roll, but the local eighth graders ran into dead ends in basketball action with Snyder Travis and Lamesa in the Rannels and Goliad gym Thursday.

Mike Harris poured in 18 points and pulled down 11 rebounds as the Toros raced to a 48-38 decision over Travis and the team picked up its 10th season win against five defeats. Elroy Greene chipped in 12 points in the win while guard Frankie Rubio helped the cause with eight rebounds.

The Toros were cold from the field, hitting only 29 per cent of their shots, but the visitors were even less effective, sinking just 15 per cent of their field goals.

The Freshmen Brahmas had to rally from a six-point halftime deficit to post a 48-45 decision over the Lamesans. The win gave the Brahmas a 15-1 mark with just one game remaining.

Casey Wilder led the point show with 17 points and Bubba Stripling chipped in 10. But probably the top effort was turned in by Bill Aracibita, who had 20 rebounds to go with his eight points. Blake had 13 points to lead the losers.

The Brahmas hit 19 of 40 from the field for 48 per cent, while Lamesa rang up 43 per cent. The visitors had led by as many as 11 points in the first quarter, but they gave up 27 turnovers in the game to hurt the effort.

Travis took advantage of a Goliad scoring slump in the third

team at least until 1980, and has signed a new stadium lease that runs through 1988. The San Diego City Council agreed Thursday to pay the Padres \$429,000 a year in subsidies, an increase of \$144,000.

"My Camper Special Pickup offers the lowest vacation rates in town!"

New for '74—International® rides 2" wider than any pickup ever rode before!

"This new '74 International Pickup is nimble around town, rugged for work—and with the Camper Package it's sensational for inexpensive vacations!"

"There's a lot more that's new in '74. Power front disc brakes are standard on all models. A new independent coil spring front suspension system is sprung 4" wider for a better ride, and new staggered rear shocks reduce 'power hop'."

"Inside, the comfort options are almost end-

less. Power steering, air conditioning, AM-FM, stereo, tinted glass."

"Looks great in town. Works great on the job. Handles great on vacations."

Work Looming On 11th Place

Following a discussion between city administrators and officials from the Hospital Corporation of America, plans have been made for recommendations to the city council concerning 11th Place.

City Manager Harry Nagel said they will recommend beginning work as soon as possible on the portion where the city already owns the right of way. This will be from FM 700 to Abrams.

A possible street opening that will connect this portion of 11th Pl. to 3rd and 4th streets is also being discussed. Work on this part of 11th Place may be done next fall, starting in October and that portion of the street would be open before the hospital opened in July 1975.

The second phase of the program will be from Abrams to Gregg with right-of-way to be obtained. The third phase, several years away, would be from Gregg to behind Runnels Junior High.

Nagel said that they will probably request the council to lay a 12-inch sewer line to the area within the next few months.

Eventual aim of the city for 11th Place is a street which would cut across Big Spring from FM 700 to Birdwell at the college.

Five Win Distinguished Honors In Webb Ritual

Thirty-nine officers pinned on their wings Wednesday and began careers as pilots when Undergraduate Pilot Training class 74-04 graduated at Webb AFB.

The Talons, as the members called themselves, entered training here Feb. 1 of last year.

Five of the officers were named distinguished graduates and several received other honors. They are Second Lieutenants: Billy White, Flying Award and Commander's Trophy; Edward Kosiba, Leadership Award; Dennis Murphy, Academic Award; Also Richard Ferraoli and Kelly Wilkinson.

Landfill Sites To Be Discussed

James Campbell, city director of public works, will discuss possible landfill sites with County Commissioners Court Monday morning.

City and county officials have been unable to agree on a site so far. The court rescinded earlier approval of first a site near Berkley Htnes and then near the salt lake after contingents of nearby residents protested.

Peace Justice Gus Ochotorena Jr. will ask the court for a wage increase.

Dates for the board of equalization to consider real estate taxes and vending machines for the snack bar will be discussed, also.

Bunks Cleared Of City's Jail

Road department workers Thursday finished removing 22 bunks from the county jail to comply with a new state law and recommendations of the State Department of Health, Sheriff A. N. Standard said.

The bunks were placed in storage in the old surplus commodity building.

Youths Making Restitution

The four youths charged with reckless destruction in relation to the trees knocked down on Washington Boulevard are sharing restitution costs for the trees.

Two of the group have already forfeited bonds on the charges and the other two were expected to come in today, according to police officials.

Two Hurt In Major Wrecks

Doyle Thoma Fullerton of Mesa, Ariz. who is stationed at Ft. Hood, is in Webb Hospital with possible fractures of the left wrist and hip following an accident Thursday.

Fullerton was driving a motorcycle which was in a collision with a car driven by Elias Barraza Franco, Ackerly, on the north service road going into the Snyder highway. Fullerton was cited for failure to yield. This accident occurred at 2:47 p.m. Thursday.

Shortly before that at 2:23 a.m. a wreck occurred at 4th and Runnels that sent one person to the hospital for observation.

Mrs. Sylvia Sullivan of 108 E. 10th was taken to Medical Center. She was driver of a vehicle that was in a collision with a car driven by Arthur Gus Tatom, 501 Johnson.

Wants To Rip Up Railroad Tracks

WASHINGTON (AP) — The Department of Transportation today recommended that 25 percent of the railroad track in the northeast United States be abandoned.

Transportation Secretary Claude Brinegar said elimination of the almost 16,000 miles of track would have little appreciable effect on traffic carried by the railroads. He said only 4 per cent of the rail traffic in the Northeast moves on the lines he recommended be abandoned.

The recommendation is the first step in the reorganization of financially ailing railroads in the Northeast and Midwest.

The Interstate Commerce Commission now must hold a series of hearings on Brinegar's recommendation. The hearings are scheduled to start in March.

Brinegar also recommended that some track which would remain in service be limited to use by only one railroad, eliminating much of the duplication in service that has been blamed for part of the financial troubles of the Penn Center and other northeastern railroads.

He urged also that rail competition be maintained only over the high-volume interstate network which provides enough volume of traffic each day to produce a minimum of eight trainloads moving more than 200 miles in the same general direction.

Brinegar recommended 17 areas for the competitive service on the basis of the volume of rail traffic. They are: Boston; New York; Newark, N.J.; New Brunswick; Philadelphia; Baltimore; Norfolk, Va.; Beckley, W. Va.; Pittsburgh; Buffalo; Cleveland; Bristol, Va.; Detroit; Toledo, Ohio; Gary, Ind.; Chicago, and St. Louis.

Job Always 'Duck Soup,' Retiring 'Rail' Thinks

John Tipton Anderson — few know him by anything but Tip — signed his checking-out papers with the Texas & Pacific Railway Company Thursday, ending a railroad career of nearly half a century.

More than three decades of that was with the T&P, and nearly 30 as locomotive engineer.

Now he plans to catch up on the odd jobs around the house — "just pace myself so I never get them done" — get in a little travel, and be nursemaid to three dogs.

A native of Grayson County, he married in Slaton in 1926 to Willie Mae (Billie) Teague. He had gone there to be a brakeman for the Santa Fe. They came to Big Spring in 1927 and he started firing for the T&P, but the Depression caught him so he went to the

JOHN TIPTON ANDERSON

He enjoyed it all, and even before the electric Diesels came along, he always regarded it as "duck soup".

"I liked my job," he said. He was the second-oldest man, at 66, on freight runs and the oldest between here and Fort Worth.

FEW MISHAPS

His career has involved a few mishaps, although one could have been terrible. A rail broke just as he pulled into a siding near Wickett, and his engine just leaned over gently on the siding. He looked out in the pileup of cars and thought he saw a bunch of heads — but in the dim light of the breaking day he learned it was watermelons.

Another time his engine hit a car at a Roscoe crossing going 60 mph — and all four occupants of the car walked away. He could never figure that out unless the driver must have turned down the track and accelerated away from the approaching train.

Mr. and Mrs. Anderson have one son, J. T. (Tippy) Anderson Jr., who is following in his father's steps, first as a fireman

and more recently as an engineer. Tip Anderson served as president and chairman of the B. of L. E. for several years, is a member of the Elks, Eagles, Masonic Lodge 1340 and the Suez Shrine.

Coeds Advertise For Husbands; They're Sorry

MOUNT PLEASANT, Mich. (AP) — Four Central Michigan University coeds who advertised for husbands say the effort was nothing more than an attempt to razz a male chauvinist friend.

The classified ad at the four seniors from Lake Orion, Mich., placed in the student newspaper Wednesday read: "Wanted and desperately needed: Husbands for four senior girls who have only 15 weeks to hook one, since that's what we're here for."

The girls said they received 60 responses and phone calls from newspapers as far away as Philadelphia and Atlanta.

Though they denied it on Wednesday, the women conceded on Thursday the ad was a prank.

One said it was "an effort to get even with a male-chauvinist friend" who claimed the only reason women attended college was to find a spouse.

"We're really sorry we did it, because it's gotten out of hand," one of the coeds said. "We never thought it would be taken this seriously."

The four — Laura Rupert, Pam Whitlock, Peggy Taylor and Kathy Hauxwell — said they received calls from other CWU coeds asking that they be referred to any rejected applicants.

COAL STOKED

He fired — literally with coal shovel in hand — as stoker for freights and switch engines. Probably no other active engineer for T&P could say that he had coal-stoked engines. Another odd thing was that, during the East Texas oil boom, trains there carried two crews, one on and one dead-heading, and thus worked round the clock, and sometime stayed on the road a week or more.

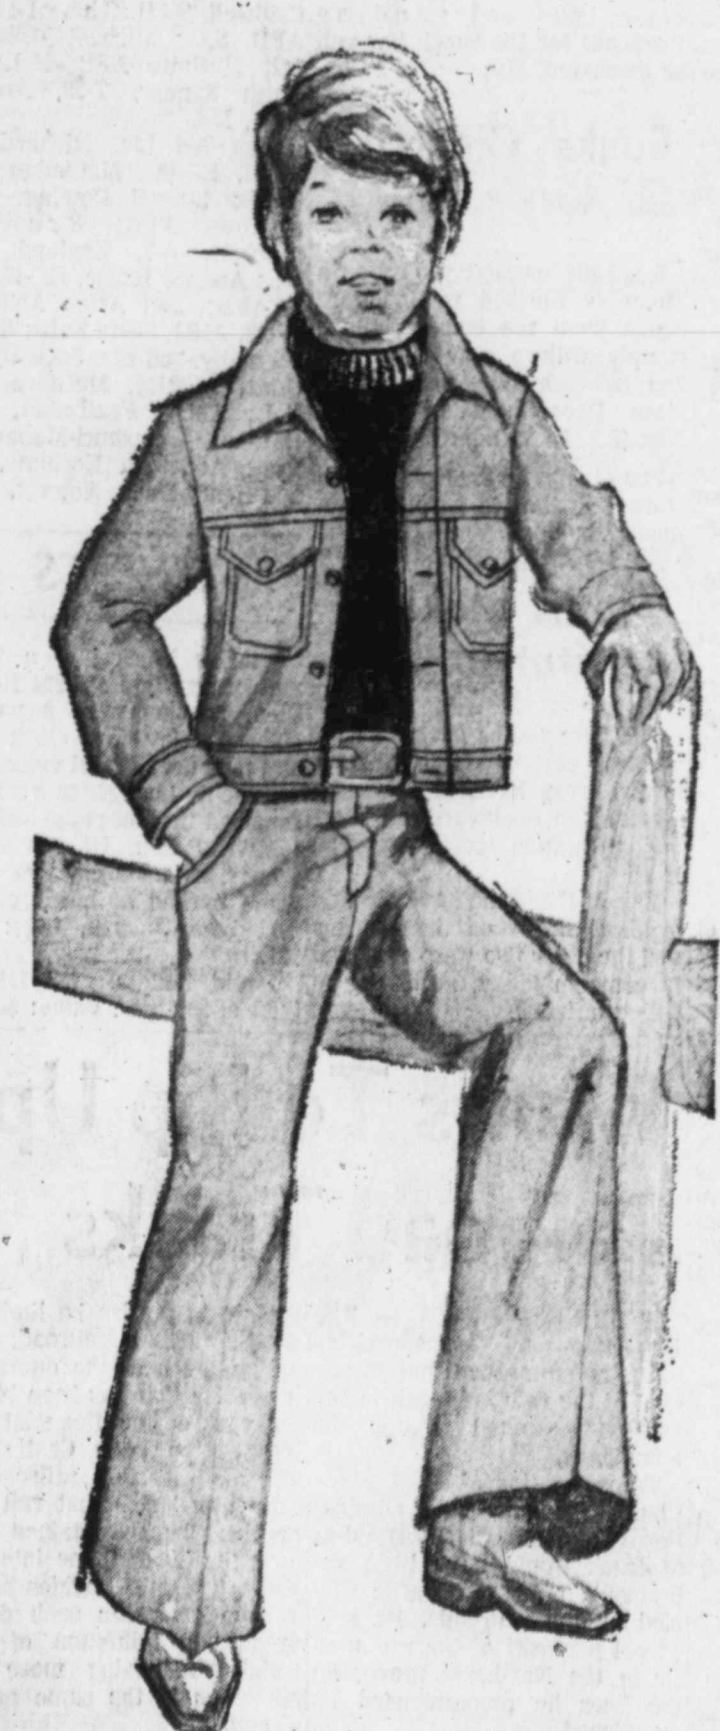

When the boom slowed, he went back to Slaton briefly, then to San Francisco to work on the Belt Line that served the wharves. The man who signed him on said "we don't have any watches, we just work; we don't have any rules except no drinking on the job." And the men didn't, but oh boy, the lunch break was something else. Later he and Mrs. Anderson moved to Tucson with the Southern Pacific and then came back to Big Spring in 1941. Three years later he was promoted to engineer, pushing the 300-400 and the later the famous 600s.
