

# Ex-White House Aides Face Civil Rights Raps

WASHINGTON (AP) — A federal grand jury today indicted former White House aides John D. Ehrlichman and Charles W. Colson on charges of violating the civil rights of Daniel Ellsberg's psychiatrist.

Also indicted on the same charge were Watergate conspirators G. Gordon Liddy, Bernard L. Barker, Eugenio R. Martinez and Felipe De Diego.

The indictment charged that the defendants engineered the break-in of Beverly Hills office of Dr. Lewis J. Fielding "with intent to search for confidential information concerning Daniel Ellsberg."

The burglary took place on Sept. 3, 1971, when Ellsberg was under indictment in connection with the leak of the Pentagon Papers.

The grand jury also indicted Liddy on two counts of refusing to testify before a House committee.

**SERVING SENTENCE**

Liddy already is serving a sentence for contempt of court for his refusal to testify before a grand jury.

Liddy was sentenced to serve

a maximum of 20 years for his role in the June 17, 1972 break-in at Democratic National Committee Headquarters.

Ehrlichman also was charged with one count of lying to FBI agents and three counts of lying to a grand jury about the activities of the White House special investigative unit known as the "plumbers."

**\$5,000 JOB**

The indictment alleged that on July 27, 1971, Eglil Krogh Jr. and David R. Young Jr. sent a memorandum to Ehrlichman which discussed a request to

prepare a psychiatric study on Ellsberg.

Krogh has pleaded guilty to a single charge of violating Fielding's civil rights and is serving a six-month sentence at a federal prison at Allenwood, Pa. Krogh agreed to cooperate with the prosecutors.

The indictment also alleged that on July 28, 1971, E. Howard Hunt Jr. sent Colson a memo which discussed a proposal to "obtain Ellsberg's files from his psychiatric analyst."

The indictment alleged that on Aug. 31, 1971, Colson ar-

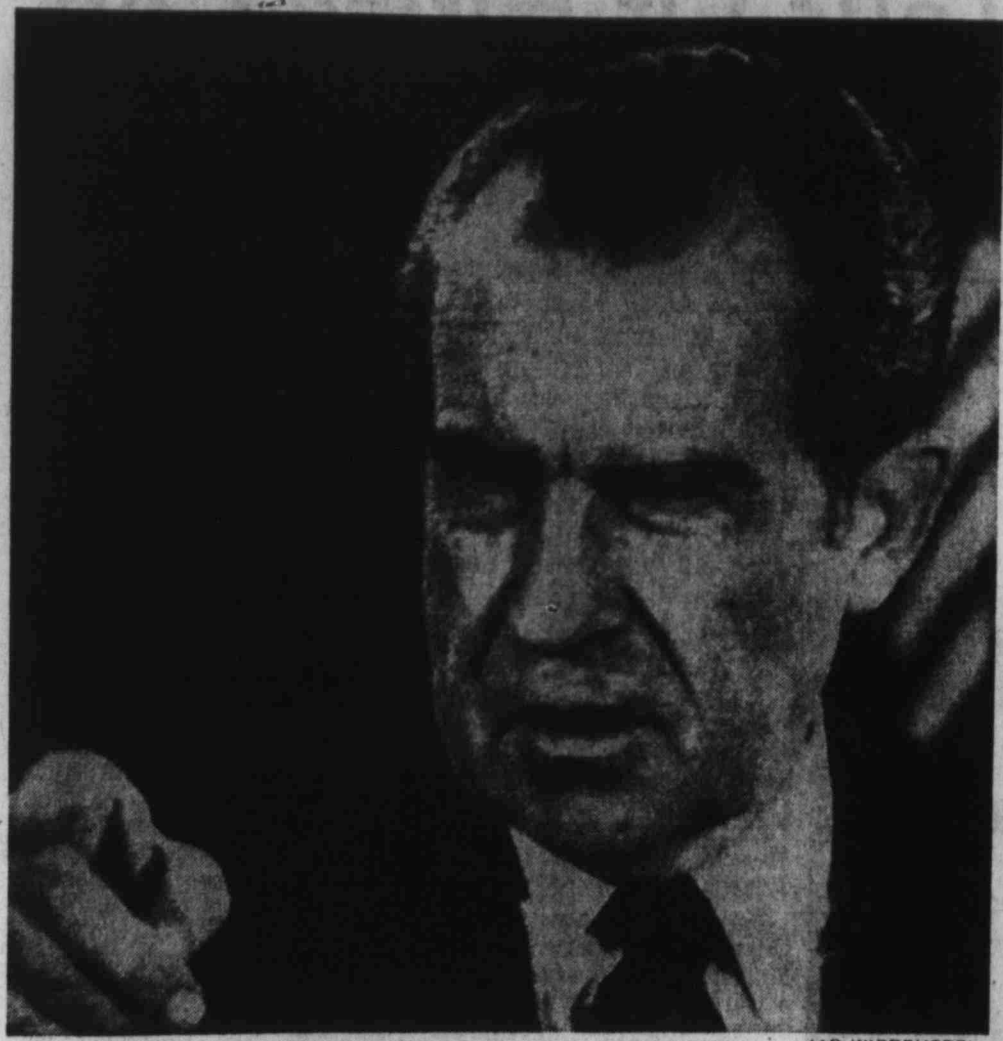

ranged to obtain \$5,000 to finance the break-in.

Barker, De Diego and Martinez allegedly entered and searched Fielding's office.

Both Barker and Martinez served about a year in prison for their part in the Watergate break-in.

**ON PAROLE**

Martinez, 49, was released on parole this morning from the Eglin Air Force Base federal prison facility in Florida. Barker, 55, was released on Jan. 4 pending appeal after serving one year and 19 days.

(AP WIREPHOTO)

**CALLING FOR A QUESTION** — President Nixon calls for a question during his news conference, the second in nine days, Wednesday night in the East Room of the White House. During the news conference, the President rejected as wrong any payment of hush money or offer of clemency to the original defendants in the Watergate burglary.

## 85 PER CENT Ordering Gasoline Distribution

WASHINGTON (AP) — Federal energy chief William E. Simon announced today he is ordering gasoline distribution to insure that all states receive at least 85 per cent as much gasoline this month as they had two years ago.

Simon said Alaska, Kansas, Louisiana, Minnesota, North Carolina, Texas and Wyoming all will receive 100 per cent or more of their March 1972, gasoline supply levels this month.

"We will be carefully assessing the supply situation in such states," Simon warned. "In April no state will have an allocation fraction above a maximum of 95 per cent."

Simon said that before the adjustments which he is ordering for March, initial estimates showed wide differences in state supplies expected for this month.

**DEMAND INCREASED**

He said state supplies ranged from as low as 61.7 per cent of the 1972 level to as high as 110.7 per cent and the national average was 84.3 per cent of March 1972, levels.

By raising the low-supply states to at least 85 per cent Simon increased the national average to 89.6 per cent of March 1972, levels.

These percentages, however, do not show the actual extent of gasoline shortages since they are measured against 1972.

## Show Slated March 14-16

The 1974 Howard County Junior Livestock Show will be held March 14-16 at the Howard County Fair Barns, Bruce Griffith, county extension agent, said.

From 1 p.m. to 5 p.m. March 14, livestock will be weighed and tagged. Classifying lambs and steers will be at 5 p.m.

The lamb show commences Friday at 5 p.m. followed by the steer show at 7 p.m. Saturday at 10 a.m., prize-winning animals will be auctioned.

The Howard County Livestock Show Association sponsors the event. Aubrey Langford, Big Spring, is president; Gene Perry, Lomax, vice president; and M. A. Snell, Big Spring, secretary-treasurer.

Langford will be steer superintendent, and Raymond Phillips will be lamb superintendent.

Gerald Miller and Curtis Thomason have been designated official weighers. Around 75 lambs and 40 steers are expected to be entered.

# Higher Pay Budgeted By President Doomed

WASHINGTON (AP) — The Senate has killed pay raises for Congress and high government officials, and a new look is going to be taken at the law under which they were proposed.

"The Senate has just screwed up the system," Republican leader Hugh Scott said after it became apparent the higher salaries budgeted by President Nixon were doomed.

He was referring to a 1967 law that established procedures under which pay adjustments were to be recommended every four years by a Commission on Executive, Legislative and Judicial Salaries.

The President then submits his own proposals after reviewing the Commission's recommendations, and they take effect automatically unless dis-

approved within 30 days by the Senate or the House.

Nixon budgeted pay raises of 7.5 per cent this year and for each of the next two years, a scaling down and a spreading out of the immediate 25 per cent increase recommended by the salary commission.

But the Senate killed the raises Tuesday, not only for Congress but also for federal judges and top executive branch officials.

legislation, would take a new look this spring at the 1967 law to decide whether it should be revised or scrapped.

## City, School Officials Finish Election Slates

Area city and school officials completed candidate lists for spring elections Wednesday.

**FORSAN**

Challenging incumbents in the Forsan school board election was Bill G. Mims, a former trustee. Oliver (Bud) Nichols Jr., president of the board, and Elbert L. Strickland are seeking re-election.

No opponents filed against three incumbents seeking re-election to the Forsan City Council. They are Mayor J. C.

Lamb and Aldermen Lee D. Whetsel and G. L. Monroney.

**COAHOMA**

Joining those seeking places on the Coahoma school board Wednesday was Bill Fryrear, Don Myers and two incumbents, Carroll Choate and M. P. Dorn, also are vying for the two positions.

Deadline for candidates to file in the Coahoma City Council election was earlier.

The three incumbents J. F. Gibson, Stan Griffin and Charles Ray Parrish want to return to the council. Billy Jack Darden and Joseph P. Nixon also entered as candidates.

**\$42,500 A YEAR**

Present congressional salaries of \$42,500 a year, last raised in 1969, would have gone up to \$45,700 this year, \$48,100 next year and \$52,800 under the President's budget.

Federal judges and top executive officials would have received comparable increases except that Supreme Court justices and Cabinet members would have received a single \$4,500 raise next year in their \$60,000 salaries.

Immediately after the debate

**FUEL, FOOD**

The February increase lifted the Wholesale Price Index to

152.7 of the 1967 average, meaning that it cost \$152.70 to buy the same volume of wholesale goods that \$100 purchased in 1967. The increase means that consumers will be seeing many of the rises at the retail level in the weeks ahead.

About 70 per cent of the February increase was traced to price increases for fuel, primarily gasoline and residual fuels; metals, farm products and processed foods and feeds.

In January, wholesale prices rose by 3.1 per cent, the second highest monthly increase on record.

If wholesale prices went up at February's rate for an entire year, it would mean a sharp 14.4 per cent inflation rate at this key level.

## Wholesale Prices Gyration In U. S.

WASHINGTON (AP) — Wholesale prices took another big leap forward in February but the increase fell short of soaring rates of previous months, the government said today.

The Bureau of Labor Statistics said that wholesale prices jumped by a seasonally adjusted 1.2 per cent last month, the smallest advance in four months but a highly inflationary rate nevertheless.

The increase pushed wholesale prices 20.3 per cent higher than a year earlier, an extraordinarily sharp rise for any 12-month period but still below record levels.

record levels.

The February increase lifted the Wholesale Price Index to

## Bishop Under Fire In Spain

MADRID (AP) — Authoritative sources said today the government has told the Vatican it is ready to end the 1953 Church-state concordat because of the case involving Spanish Bishop Antonio Anoveros. This would remove the protection given him from prosecution.

The bishop is under fire for a sermon urging more freedom for the Basques, and government has threatened the 64-year-old prelate with indictment or expulsion. Either action, without the approval of the Vatican, would violate the concordat, which regulates relations between Church and state.

## Police Stop Wrong Toddler For Talk

Circumstantial evidence saw the wrong toddler reprimanded by the police here Wednesday.

An interested neighbor notified police that a small boy on a tricycle was in the intersection at Auburn and Monmouth and refused to get out of the street. The caller said the child lived on 11th Place.

The police went to the scene and found a small boy on a tricycle about to enter the intersection and he did not want to go home to 11th Place because he lived on the corner of the intersection.

The long arm of the law told him to stay out of the street and returned to the station. A second call came to tell law officials they nabbed the wrong "criminal". They returned and found a second toddler and finally got him home — on 11th Place.

## Two Garland Policemen Shot

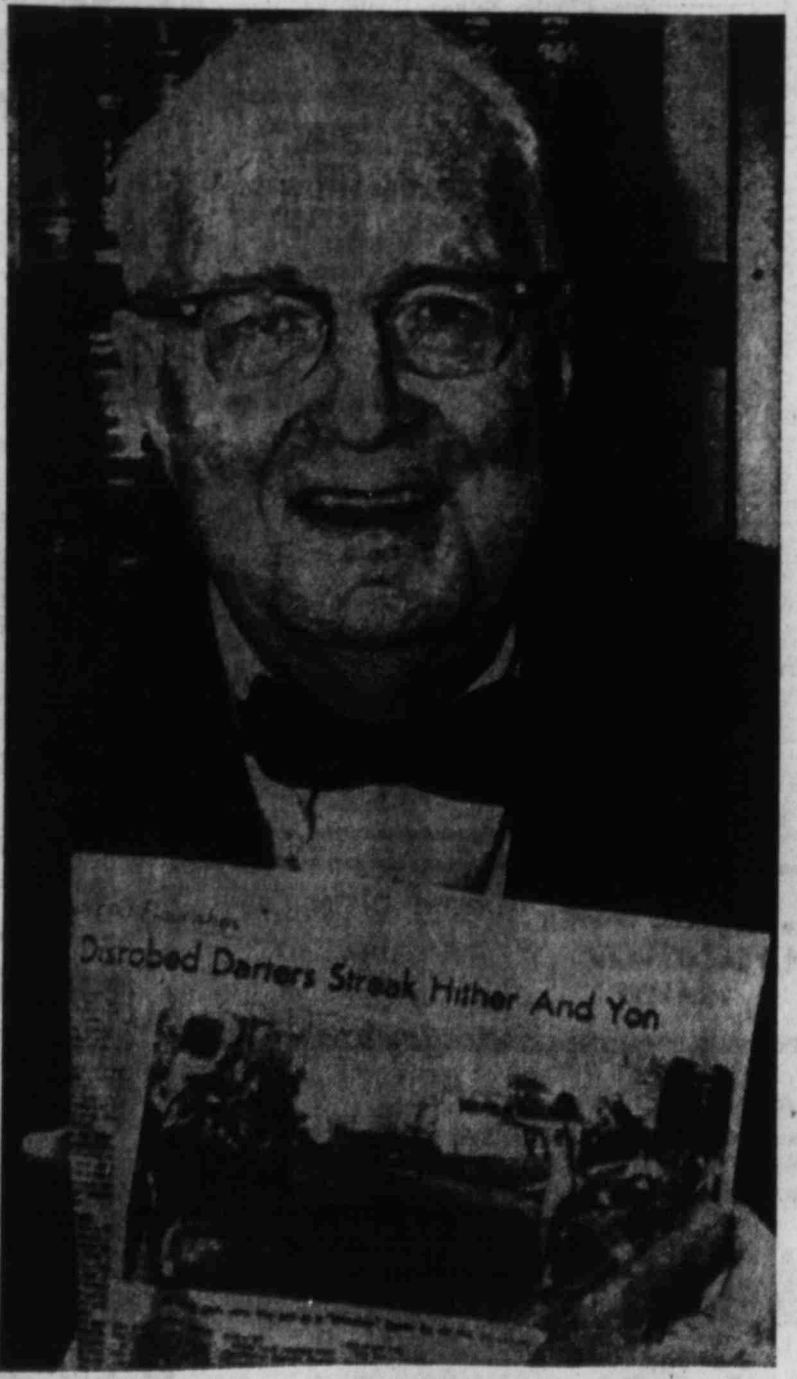

GARLAND, Tex. (AP) — A shotgun charge wounded two policemen in this Dallas suburb Wednesday as they tried to induce a man, 35, to surrender the weapon, fellow officers said.

Sgt. R. A. McCraw related these details:

Patrolmen Gene F. Simpson, 32, and Patrick M. Martinkus, 26, heard a shot fired inside a house as they arrived in response to a call about an attempted suicide. They summoned two other officers.

All four entered the house and they asked a man, 35, to surrender. He told them he was weak and would give up, but he pulled the shotgun's trigger as Simpson and Martinkus stepped into view.

Other policeman subdued the man after he tried to use a chair as a weapon against them. He was held without immediate charge.

(AP WIREPHOTO)

**CAMPUS STREAKERS OLD STUFF TO JUDGE** — Fred R. Pierce, a retired California appeals court justice, chuckles over a newspaper clipping of a bare-bottomed campus streaker that has now become the fad. Streaking is old stuff to the Sacramento judge, he was kicked out of Stanford University for 10 days in 1918 for a nude dash he did on campus to win a \$5 bet with a fraternity brother.

No new candidates filed for election to the Sands school board Wednesday.

Earl Newcomer is running for re-election, but the other incumbent, Jerry Hall, is not.

Three other men are in the race for two positions. They are Clyde Kenemer, Richard Parker and A. D. Reed.

**GARDEN CITY**

Two Garden City school trustees are in the race again, but a third, J. C. Newell decided against an election try. The two seeking re-election are Jesse Overton and George Schwartz.

Lawrence Jost, Robert Doe and Dale Hillger will be named on ballots, too.

## Delegation's Size Is Cut In Half

Three representatives of Big Spring and Howard County will travel to Houston Monday to confer with Texas International Airlines' Frank Lorenzo.

"We had six representatives going originally, now we have three representing the basic components of the city and county. This will be a round table discussion on passenger air service to Big Spring," said Mayor Wade Choate Thursday.

Besides Choate, Chamber of Commerce President Ralph McLaughlin and County Commissioner Jack Buchanan will attend the conference.

**COLD**

Cold and cloudy Friday. High today, upper 70s. Low tonight, mid 30s. High Friday, upper 60s. West to southwesterly wind 20 to 30 m.p.h. and gusty this afternoon.

## The World At-A-Glance

**NORTH HOLLYWOOD Calif. (AP)** — The average motorist now keeps twice as much gasoline in his tank as he did before the fuel shortage, an industry researcher says. Since January motorists have been carrying an average of 9.5 gallons of gasoline in their tanks, up from 4.6 gallons before the shortage, said Dan Lundberg of Lundberg Survey, Inc.

**NEW YORK (AP)** — Financier Robert L. Vesco hoped to get a diplomatic passport with a secret \$200,000 contribution to President Nixon's re-election campaign, a witness in a federal trial here said. The government also charges that former Atty. Gen. John N. Mitchell and ex-Commerce secretary Maurice H. Stans were urged to impede a Securities and Exchange Commission fraud investigation into Vesco's multibillion dollar financial empire in return for the contribution. Harry L. Sears, one-time Republican bigwig in New Jersey, returns to the witness stand for a third straight day of questioning as a key government witness in the trial of Mitchell and Stans. The two men are accused of conspiracy, perjury and obstruction of justice.

**LOS ANGELES (AP)** — What is there about today's students that leads them to undress and romp in the nude across campuses, stages, basketball courts and other public places? Dr. Shelly Duval, a member of the University of Southern California psychology department, says, "It would seem that streakers are violating a fairly strong set of norms for sure, and that can always be excused if you get away with it. As far as I can see it's harmless."

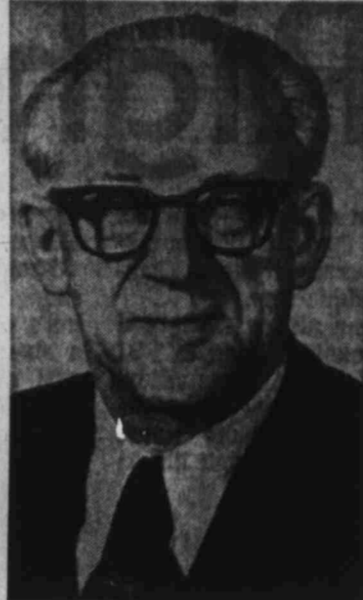

**PHILADELPHIA (AP)** — The United States is already in a recession that will continue through the first six months of this year, says the prestigious Wharton School. A team of professors at Wharton — the University of Pennsylvania's college of finance — released a quarterly forecast Wednesday saying that fuel shortages have helped turn "an economic slowdown" into "an outright recession."

**WASHINGTON (AP)** — President Nixon has predicted that energy prices will stop rising and may begin falling later this year. Nixon voiced the forecast after vetoing an oil price rollback and praising Senate acceptance of the veto. Promising once more to avoid an economic recession this year, the President told a news conference that the steep rise of food prices also should slow down. On the energy front, the oil price rollback immediately popped up again as the House added a modified version to a bill for setting up a Federal Energy Administration.

**WASHINGTON (AP)** — Governors of both parties say the country would be better off if President Nixon is impeached or resigns. They contend his personal problems are creating a crisis for the rest of the country.

### Ex-Band Director Enters Race For School Board

R. E. McKiski, for 10 years a music instructor and junior high band director here, has announced as a candidate for trustee of the Big Spring Independent School District. He retired in 1972 and has been in business since that time.

R. E. McKiski

In announcing, McKiski had this statement:

"I believe that my experience, knowledge and observation of public education can be of value to pupils, parents, teachers and administrators and other citizens of the Big Spring Independent School District.

United States is still the greatest social experiment in the history of the world; that free public education, as originally conceived, is necessary for our nation's continued existence and development.

### Sound Budget Is Advocated

Mrs. Sherry Wegner has filed for a position in the race for the Big Spring Independent School Board. Mrs. Wegner said, "I have no axe to grind in seeking this office, and simply want to see good education provided for the students and a fiscally sound budget for the taxpayers."

"I feel that I am qualified for this position, and in asking for the taxpayers' vote, I pledge to attend all board meetings, and hold the office as a public trust of the taxpayers, and not as the personal property of the board member."

### Ruling Delivered In Sunday Death

The death of Marvin Thomas Erhardt, 28, early Sunday morning was ruled accidental Wednesday afternoon, concluding an investigation which had authorities confused for several days.

### DEATHS

J. W. Underwood Jess W. Underwood, 58, who died in Wichita, Kansas, last Friday was buried in the Sabana Cemetery near Rising Star Wednesday.

### Man Is Charged With Auto Theft

William Ray Shelton, 37, Southland Apartment 5, Building 33, has been charged with auto theft and released on \$2,500 bond set by Municipal Judge R. Coffey.

more tricks was the diamond suit. If diamonds split 3-3, the suit was certain to produce two extra tricks. However, declarer was well aware that six missing cards rated to divide 4-2 more often than 3-3. In that case, two diamond finesses would be the best chance to develop the game-going tricks.

# Defendant Tells Of Hiring Cop Undercover Agent As 'Hit Man'

HOUSTON (AP) — An East Texas horse trainer who said he was just doing a favor for his brother has testified how he hired a police undercover agent to kill Port Arthur state Rep. Terry Doyle.

Monday in exchange for his testimony against Hanks. Harvey Castleman is not on trial at this time and his lawyers say he plans to enter a guilty plea in the case.

Castleman told complicated tales of trying vainly to have Doyle killed all through the summer and fall of 1972, then finally contacting an alleged hired killer, showing him Doyle's home in Port Arthur, being convinced that the killing took place, then finding out through a radio broadcast that he had been dealing with a police officer and was under indictment on charges of conspiracy to murder.

DON REYNOLDS

He and his brother, Harvey Doyle Castleman, 41, were originally charged along with Hanks with conspiring to kill Doyle. However, Gerald Castleman was granted immunity.

### MISHAPS

22nd And Gregg: Verna M. Carr, Coghoma, June M. Rhoades, 1611 Cardinal, 4:12 p.m. Wednesday.

### 'TALKING TOMBSTONE' TO SHOW FILMS OF DECEASED

POMPANO BEACH, Fla. (AP) — Donald Wells says he's invented and hopes to market a talking tombstone that also shows movies of the deceased.

"People will buy it because they want to relate to people who have passed on," he says. "It's difficult to relate to a tombstone."

Wells, 44, a salesman, says he got the idea for his invention when he walked his dog through a cemetery.

"I was kind of bored reading the tombstones when I noticed that the stones just gave the name, date of birth and date of death," he says. "I thought it was a darn shame."

Wells says he has drawn up plans for battery-operated, audio-visual tombstone and is negotiating with companies in Jackson, Mich., and Pompano Beach, Fla., to market them by this spring in 16 models.

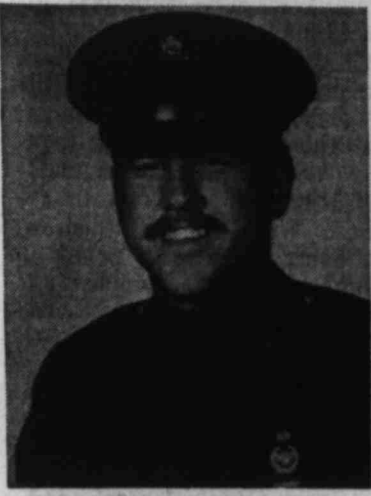

The deluxe model would include a tape recording of the deceased's voice, a movie projector and screen to show typical scenes from his life and a 20-foot scroll containing his writings.

Mechanical parts would be enclosed in an underground case.

Wells won't give the price for the tombstone but says it will be costly.

"I've had people tell me I'm crazy — I've had people tell me I'm going to be a millionaire."

### MEN IN SERVICE

JAY BERRY

Army Spec. 4 Jay C. Berry, the son of Mr. and Mrs. Howard Berry, 1305 Sycamore St., is now stationed in Korea.

He was stationed in Miami, Fla., for two years.

The 1960 graduate of Big Spring High School went to Howard College. He is assigned with Hercules Guided Missiles. He received an expert rifleman medal.

FT. SAM HOUSTON — Army Pvt. Clifford G. Taylor, 18, son of Mr. and Mrs. Clarence Taylor, Route 3, Colorado City, completed a 10-week basic health science course at the Academy of Health Sciences of the U.S. Army, Ft. Sam Houston, Tex.

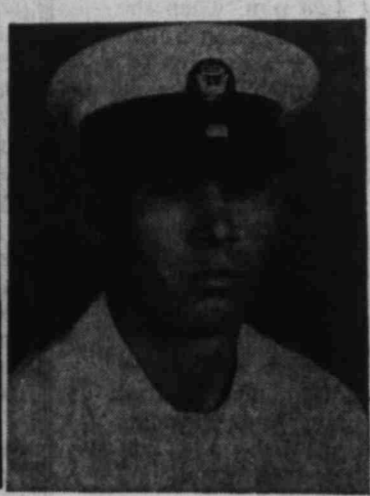

Students learn to perform routine patient care and treatment duties in combat areas, hospital units, dispensaries, clinics and other medical facilities. They also receive instruction in the transportation of sick and wounded by ground, air and water means.

### Deadline Is Near For Tax Reports

MIDLAND — Friday, March 15, is a federal tax deadline for corporations whose tax year ended Dec. 31, 1973.

Corporations must file a calendar year 1973 income tax return, or Form 7004 — an application for automatic extension of time for filing, by March 15, Gene McCleskey administrative officer of Internal Revenue for the Midland area reported.

Corporations must deposit in an approved commercial bank or a Federal Reserve bank at least 50 per cent of the balance of the tax due when they file the return or when they request the extension on March 15. Deposits should be made using Form 503, "Federal Tax Deposit, Corporation Income Taxes."

ARLIS F. KENNEDY

Navy Airman Recruit Arlis F. Kennedy, son of Mr. and Mrs. O. F. Kennedy of Knott, graduated from recruit training at the Naval Training Center here.

A 1973 graduate of Sands High School, Ackerly, he is scheduled to report to Aviation Machinist's Mate Class "A" School, Memphis, Tenn.

SAN ANTONIO — Airman First Class Simon Lozada Jr., son of Mr. and Mrs. Simon Lozada Sr., 805 S. Knoxville, Lamesa, Tex., is a member of an Air Training Command wing which has earned the U.S. Air Force Outstanding Unit Award for the seventh time.

Airman Lozada is an electrician at Randolph AFB, Tex., with the 12th Flying Training Wing which received the award for exceptionally meritorious service from May 1, 1972, through February 1973.

The wing was specifically cited for its outstanding 1.2 per cent accident rate which its pilots compiled while flying more than 62,000 hours in seven types of aircraft.

The airman will wear a distinctive service ribbon to mark his affiliation with the unit.

Airman Lozada, a 1971 graduate of Lamesa High School, attended South Plains Junior College. His wife, Estella, is the daughter of Mr. and Mrs. Pablo Martinez of 307 N. E. Fourth St., Lamesa.

# TEC Strives To Provide Placement In Any Field

(Second of a two-part series)  
 Besides on and off the job training in many areas, the Texas Employment Commission (TEC) gives applicants and potential employers extensive help in job placement, said TEC office manager E. W. Britton.  
 "We encourage the use of all our services. They are without charge to either the employer or the applicant. We give fast, courteous service to all individuals who seek our help, and we had 2,440 job applicants last year. We will keep any applicant on file a year. He can remain on file indefinitely if he wants and just informs us at proper times," Britton said.  
 The TEC gives all applicants a series of proficiency, specific aptitude, basic occupation and literacy tests, "all to better screen potential employees to fit employers' job specifications," Britton added.  
 The Commission tries to provide job placement in practically any field an applicant may desire.  
 "We've referred lawyers, engineers, technicians in all fields, all the craft fields and opening in many other skilled or professional fields as well as the semi-skilled or unskilled fields," said employment interviewer Joe Wallis.

Other special services the TEC provides include a microfiche of job openings in Midland, Odessa, San Angelo, Pecos and Lamesa which is mechanically recorded in the TEC office every day through a teletypewriter. A Rural Manpower representative also contacts agricultural employers through TEC.  
 "We can have you trained out of town for local job placement if necessary — if local training isn't available. We can also try to place you out of town if local jobs are unavailable," Britton said.  
 Over-all, TEC functions include mass mailings and personal contacts to employers and applicants, job orientation, applicant testing, applicant interviews, counseling, job development and referral, and helping, etc. to aid applicants.  
 "We also have an accounts examiner in the office throughout the year to aid employers in filing their quarterly state unemployment insurance tax returns," Britton added.  
 The TEC is open 7:30 a.m. to 5 p.m. weekdays. Call 267-5291 for information.

## Fuel Conference Set For Thursday

Individuals who have any interest in fuel supplies are being invited to attend an area meeting called by the Federal Energy Office for 2 p.m. Thursday in the Inn of the Golden West in Odessa.  
 Wholesale and other distributors, purchasers, service station operators, city and county officials, farmers and ranchers, producers and any others having an interest in the allocation of fuel supplies are urged to be on hand for the session. Information developed at the meeting could have a bearing upon allocations, said officials.

## Course On Safety, Health Act Set Up

An in-depth course on interpretations of the Occupational Safety and Health Act as it affects the oil industry will be offered through the Permian Basin Graduate Center starting March 11. Classes will meet from 7-9:30 p.m. March 11, 18 and April 1 in the Graduate Center classroom, basement of Gbhs Tower East in Midland.  
 The fee of \$50 includes text "Fundamentals of Industrial Hygiene." Information regarding registration may be had from the Graduate Center office, 104 Gulf Building, Midland, or call 563-2311.

## Preservationists Meet March 21

SAN ANTONIO — The fourth annual Historic Preservation Seminar will be held March 21-23, in the Old Lone Star Brewery on Jones Avenue, off Broadway in historic San Antonio.  
 Historic preservationists from throughout the state will attend. Among the speakers will be Texas Atty. Gen. John Hill and Land Commissioner Robert Armstrong.  
 Registration information is available from the San Antonio Conservation Society office, 511 Paseo de la Villita, San Antonio, 78205, phone 223-1821. Deadline for reservations is March 14.

DON DELEEUEW

## Don DeLeeuw Cites Work With Schools

Don DeLeeuw, in announcing his application to serve on the Big Spring Independent School District Board of Trustees, made the following statement:  
 "I have an active school-oriented relationship with the present school board members, the school personnel and parents of this school district. I have served as treasurer and president of the Big Spring Council for Children with Learning Disabilities.  
 "I have also served as a representative for a local PTA and president of the Big Spring PTA City Council. In addition, while attending a leadership seminar at the University of Texas during June 1973, I was afforded the opportunity to discuss the education of children and youth with school board members, superintendents of schools, principals, teachers, and parents from other school districts within the state of Texas.  
 "I enlist your support and ask for your vote to serve this community as a member of the Big Spring Independent School District. I will do the necessary research, be attentive to meetings, and endeavor to be an accountable and responsible member of the school board.  
 "I am active in my church, St. Paul Presbyterian. I have served as a Sunday School teacher for children, and I have led an adult Bible Study Class. I am presently serving as a Ruling Elder and Chairman of Finance.  
 "I retired from the Air Force in June 1972. I served as a Manpower-Management Superintendent while with the Air Force. We have been in Big Spring since June 1969. We have four school age children. I am married to the former Joan H. Chambers of Chicago, Ill."

## Crime Is Down On UT Campus

AUSTIN — On-campus crime statistics at The University of Texas once again have dropped — in some areas more than 50 per cent.  
 In its 1972-73 fiscal year report, the UT Police Department noted that serious crimes (robbery, assault, burglary, theft over \$50 and auto theft) decreased from 497 in 1971-72 to 289 in 1972-73. In contrast, Big Spring (Texas) Herald, Thurs., March 7, 1974 5-A

At UT, thefts under \$50 decreased more than 18 per cent, and 58 per cent fewer bicycles were stolen in 1972-73.  
 The figures document a continuing decrease in criminal offenses at UT. The previous year brought a 43 per cent drop in serious crimes. Campus Police Chief Donald R. Cannon credited a "crime prevention program."

# Couple United In Marriage

The home of Mr. and Mrs. Earl Newcomer, Ackerly, was the setting Friday evening for the wedding of their daughter, Kathy Lynn, to Euel Earl Blocker, son of Mr. and Mrs. Earl Blocker of Stanton.

The bride's brother, the Rev. Larry Newcomer of Northwest Baptist Church, Houston, performed the ceremony before an improvised altar featuring a tall candelabrum flanked by pedestals holding baskets of spring flowers. Music was by Mrs. Terry Brown, pianist.

The bride was attired in a formal gown of white satin styled with a lace and tulle yoke outlined with seed pearls. The high neckline featured a lace collar, and lace caps topped long, full sleeves. Her headpiece of lace, adorned with pearls, held a shoulder-length veil of illusion, and she carried a bouquet of white roses and babies'-breath.

Miss Kay Newcomer attended her sister as maid of honor, attired in a floor-length, lime-colored dress of embroidered eyelet fashioned with puffed sleeves and lowered neckline. Her nosegay was of white and yellow daisies.

Eddy Doyle, Big Spring, served as best man. Immediately after the ceremony, the couple was honored with a reception in the home, where refreshments were served by Miss Carla Perry of Lomax and Mrs. Larry Newcomer of Houston.

The table was covered with a lime-green cloth, overlaid with floor-length net, and appointed with crystal and silver. The centerpiece was of mixed spring flowers.

Out-of-town relatives attending were Mr. and Mrs. T. D. Barnhill, Mr. and Mrs. A. C. Powell and Mr. and Mrs. Wiley Williams, all of Stanton; and the bride's grandparents, Mrs. L. B. Nichols, Stephenville; and Mrs. E. G. Newcomer, Big Spring.

Following a wedding trip to Ruidoso, the couple will reside in Stanton where Blocker is employed by Morgan Stewart, a contractor for Cap Rock Electric. He is a graduate of Stanton High School. Mrs. Blocker, a graduate of Sands High School, attended Howard College for one year and was a student at Tarleton State College for one semester.

## Pregnant Teen

Dear Abby  
Abigail Van Buren

DEAR ABBY: I hope to God you can help me. I am 16 years old and pregnant. I really can't understand how this happened. My boy friend promised he would be real careful.

I have got to find a place to go real quick, because there are four girls in our family, and my mom said if any of us ever got that way we may as well pack up and leave home.

My boy friend is joining the Navy and says he will come back and marry me if I wait until May, but I can't wait that long.

What I want you to tell me is where I can go to have my child? I'd like to keep it if possible and come back and finish school. I don't have five cents to my name, but I am willing to work like a horse as long as I can. Please help me.

ALL MESSED UP  
DEAR ALL: There is a Booth Memorial Home near you. It's run by the Salvation Army, and a more kind and generous group of people would be hard to find. Tell them Abby sent you. May God bless you.

Abby, it worked like a charm. Her husband started to write every day, asking her questions, and telling her how much he loved her.

Everything worked out just like I thought it would. By the time he got home, they were madly in love. I believe in fighting fire with fire.

MAMMA KNOWS BEST  
DEAR MAMMA: Not all sick marriages respond to the same treatment. In your daughter's case, it worked. But usually when people fight fire with fire, they end up with ashes.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif., 90212.

## Rushes Attend Model Meeting

A model meeting, attended by rushes, was held by Alpha Beta Omicron Chapter, Beta Sigma Phi, Tuesday in the home of Mrs. Floyd Smith, 1004 Howell. The guests were Mrs. Joe Delberto, Mrs. Gordan Schmaus and Mrs. James Daniels.

A display featured sorority paraphernalia such as scrapbooks, pins, awards, etc.

Mrs. Jack Parrott presided as plans were completed for a couples' party March 23 in First Federal Community Room for members and guests.

The program on art, given by Mrs. Floyd Smith, began with the Elbert Hubbard quotation, "Art is not a thing; it's a way."

The March 19 meeting will be in the home of Mrs. Kenneth Gaffard, 107 Canyon.

## Workshop Focuses On Jewelry

An all-day workshop on making jewelry was held Tuesday by the Fairview Home Demonstration Club at Howard County Fair Barn. A covered dish luncheon was served at noon.

Mrs. Frank B. Wilson, president, conducted a business session with work schedules being announced for the 4-H and FFA stock show March 13-16. Tentative plans were made for the April 18 district meeting here of the Texas Home Demonstration Association.

The next club meeting will be at 2:30 p.m., March 19, at 616 Bucknell, with Mrs. J. C. Pierce as hostess.

## Chili Supper Is Slated Tonight

Airport Elementary School will hold a chili supper, beginning at 6 p.m., today, in conjunction with an open house to observe Public School Week. The charge will be \$1.25 for chili and crackers, or \$1 for chili and beans. Hot dogs, chili dogs, cake, pie and drinks will be available. The event is sponsored by the PTA.

## Eastern Star Chapter Spotlights Mardi Gras

Decorations carried out a Mardi Gras theme when Coahoma Chapter 499, Order of Eastern Star, held a breakfast Saturday at First United Methodist Church, Coahoma. The United Methodist Women served.

Mrs. Fred Adams, president, introduced five guests, Mrs. H. E. Heaton, Mrs. Lowell Brown, Mrs. John Collins, Mrs. Fred Adams and Mrs. D. S. Phillips. Mrs. Don McKinney and Mrs. J. F. Gibson, hostesses, presented gifts to the honored guests.

Following the invocation by Mrs. Melvin Tindol, the program was presented by Mrs. McKinney who described her trip to the Mardi Gras celebration in New Orleans, La.

Visits and gifts to the sick were reported.

The next meeting will be at 9 a.m., April 6, at the church, with Mrs. O. A. Madison and Mrs. Gerald Oakes as hostesses.

## Jaycee-Ette Nucleus Begins Reactivation

The reactivation of the Jaycee-Ettes was begun Monday evening at a meeting in the home of Mrs. Edward Cole, 2517 Ann.

Elected as temporary officers were Mrs. Cole, president; Mrs. Gene Leonard, first vice president; Mrs. Gerald Wooten, second vice president; Mrs. Perry Caldwell, secretary; Mrs. Travis Hunter, treasurer; Mrs. Robby Robertson, historian; and Mrs. Mike McCrary, reporter.

A dinner meeting was slated for 8 p.m., March 11 at La Posada. At that time, the speaker will be Mrs. Dennis Weaver, chairman of the Permian Belles Relay Girls Track Meet slated here March 23. She will assist the Jaycee-Ettes with plans to operate the concession at the track meet. Also, Mrs. Cole will announce the work schedule for the operation of a concession booth at the Rattlesnake Roundup March 29-31 in the National Guard Armory.

## Conservation Urged By Dr. Paul Koshi

Responsibility in conservation was urged by Dr. Paul Koshi, guest speaker Monday for the 1941 Study Club of Coahoma.

"The felling of the first tree in America was the beginning of a vast waste of natural resources," said Dr. Koshi, a soil scientist with the U.S. Experiment Station. Noting that the problem is not new, Dr. Koshi said that as early as 1748, a Dr. Elliott became concerned and worked with farmers in teaching the conservation of land. Another pioneer in the field of conservation was Samuel Dean, a minister from Maine who, during the Revolutionary War, did research on wind erosion.

Dr. Koshi expressed the opinion that too little is being done at present to conserve resources. He said 20 times as much water is being used than in the past, and not enough is being done in the field of agriculture to build and enrich the soil.

The meeting was held in the home of Mrs. Donald McKinney, with Mrs. Paul H. Allen as cohostess. Mrs. James Renfro, program leader, introduced the speaker.

New officers elected were Mrs. Rod Tiller, president; Mrs. Grady Tindol, vice president; and Mrs. Johnny

Justiss, secretary-treasurer. The next meeting will be at 7:30 p.m., April 1, in the home of Mrs. Marshall Day, with cohostess being Mrs. W. A. Wilson.

## Graduate Named To Dean's List

Linda Ruth Affleck, daughter of Dr. and Mrs. John Affleck, 2904 Parkway, received a BS degree in education from Texas Tech in December and was named to the dean's honor list. She currently resides in Avondale Estates, Ga., where she has applied for a teaching position in the elementary grades.

## Calling All Home Makers

Brought To You By Ted Hatfield

USING FURNITURE TO HELP YOU BE A GOOD HOSTESS

Every home should have a place from which you can serve refreshments easily — and it's amazing how many different pieces of furniture can be used to do the job for you.

Here are some ideas:

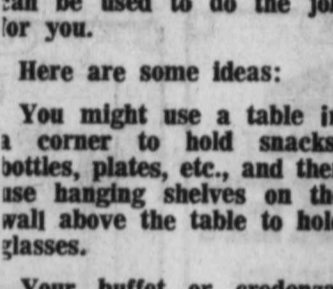

You might use a table in a corner to hold snacks, bottles, plates, etc., and then use hanging shelves on the wall above the table to hold glasses.

Your buffet or credenza, especially if it has the proper top, can make an excellent place to serve from. There are many portable tea or snack wagons or carts on the market today that you can use, and they fit every decor and budget.

Many commode type occasional tables can double as servers.

Whatever furniture you decide to use can actually go anywhere (especially if it's nice looking furniture), but probably the best idea is to place it in your living room or family room or nearest to wherever you do your most entertaining.

The important thing is to have a prepared spot from which to serve. It'll make you a better hostess and make your life easier. If you'd like to see some furniture that can be used to help you, stop in and we'll be glad to show you some ideas for any of your furnishing needs.

# Patent Attorney Tells Application Procedure

Norwood Cheairs, patent attorney for Cosden Oil and Chemical Company, was guest speaker for Desk and Derrick Club Monday evening in the Chamber of Commerce conference room.

## Spring Festival On Tap April 27

The Immaculate Heart of Mary Altar Society named a nominating committee during a Sunday meeting at the church hall, with Mrs. Keith Thompson presiding. Working on the committee will be Mrs. John Quigley, Mrs. Walter Ross and Miss Wanda Anderson.

The Rev. Louis Moeller led prayer. His mother, Mrs. Mary Moeller of Rowena, and his sister, Mrs. V. Havinia of Texarkana, were guests at the meeting.

In other business, Mrs. S. J. Doyle was elected VAVS representative to the Veterans Administration Hospital, and reports were given by Mrs. Mildred Ward, spiritual development; Mrs. L. D. Jenkins and Mrs. R. L. Anderson, VA Hospital; and Mrs. Kathleen Williams, bingo.

Initial plans were discussed for the spring festival slated April 27. It will be highlighted by a Mexican dinner and booths for games, food and handwork. A dance will be held at 9 p.m. in the parish hall. Winners in a fund-raising event will receive a side of beef, radio or a punch bowl.

Explaining the "how and why" of patents, Cheairs began by defining a patent as "a monopoly granted by the government for the right to make, use and sell an article". He said the patent did three things; it rewards the inventor and gives him an incentive; it puts on the market and brings to the user many things that he would never have, otherwise; and it protects the inventor.

Noting that patents can be obtained on practically anything (as long as it is new, useful or unobvious) he said an exception would be things that would come under "the law of nature". He said it is easy to tell if an invention is new or novel but, sometimes, it is difficult to determine if it is "unobvious". He displayed copies of patents, including some which would be termed "oddball".

Cheairs said only the inventor can file for a patent, but the preparation and making application for filing is a lot of hard work. Three types of people can make this preparation: the inventor, a patent attorney or a patent agent. The inventor rarely attempts to make application for it needs someone with legal training.

An interesting point made by the speaker was that the application must be made in one sentence, even if it is three or four pages long.

# Chosen To THDA Meet

Delegates to the Texas Home Demonstration Association district meeting here April 18 were elected during Monday's meeting of the Howard County HD Council.

Delegates named were Mrs. J. C. Williams, Mrs. Alton Underwood and Mrs. Bob Wren, with alternates being Mrs. R. B. Covington Jr., Mrs. D. M. Gillman and Mrs. Lonnie Griffith. The event will be held at First United Methodist Church.

Mrs. Roy Spivey, a guest at the meeting, presented the devotion, and the Airport club was the host group.

Announcement was made of the 4-H food show at First United Methodist Church from 10 a.m. to 12 noon, Saturday. The event will be open to the public following judging. Also, the HD clubs will provide workers and pies for the concession booth at the stock show March 13-16. A leaders' training session is slated March 18 at 2 p.m. in the Pioneer Gas Flame Room. The topic will be "Dinners on the Double".

Professional searchers may be hired to do research at the patent office in determining if something has already been patented. If it has, the inventor may make changes or improvements in his invention to enable him to acquire a patent. The cost of "searching" may vary from \$750 to as much as \$1,500.

Once a patent is filed, it is assigned a serial number with the filing date and then given to an examining group in the filing office. The application must be able to teach in such detail that anyone could make the item. If rejected, the inventor has three months in which to ask for a review.

The April 1 meeting of the club will be at 7 p.m. in the Downtown Tea Room.

# Origin Of Folk Songs Traced In Program

The history of American folk songs was traced by Mrs. Delmar Hartin and Mrs. Bill Cregar, speakers Monday for the Forsan Study Club.

The women defined folk songs as those that come about when "common people" borrow a tune and fit it to their own words to tell about events. Many of the folk songs which originated with blacks during the Civil War had a hidden meaning, whereby slaves passed along messages to each other without their masters knowing what they were doing.

Other folk songs had their beginning with frontier pioneers or early-day cowboys. Subjects of the songs ranged from love, family and home to time spent in jail or working on

chain gangs. A good many of the songs describe a particular happening. As an example, Mrs. Mattie Carter East, a blind but talented woman, put words to catastrophic events of the day and she would sing them to the tune of well-known hymns or other songs of the period. One such song, which told of the Sherman cyclone in 1898, was sung by the club members as Mrs. Cregar played the chords on an autoharp. Printed words to other songs were distributed for the members to follow as they listened to them on records.

The meeting was held in the home of Mrs. Hamlin Elrod, with Mrs. Anne Fairchild as cohostess. The devotion was by Mrs. Thetus Dunagan, and business was

# You Don't Have To Be Irish-- To Celebrate St. Patrick's Day

IF YOU'RE ANYTHING but Irish, you may want to spice up a traditional lamb stew with oregano, garlic, tomato sauce, rosemary or parsley. However you flavor it, the basic ingredients of lamb, potatoes and carrots make a savory meal-in-a-kettle.

## Wear Bit Of Green, And Join The Parade

St. Patrick's Day is that exuberant occasion when everyone becomes an Irishman for the day — even if it means inserting an 'O' before an Italian or Polish name.

In Ireland, that green checkerboard land of whitewashed cottages with thatched roofs St. Patrick's Day is a religious holiday involving a three day period of devotion. St. Patrick is the patron saint of this colorful country even though he was not born in Ireland. Some say he was born in Scotland, England or Wales, while others name France as his place of birth. Equally confusing is his date of birth for which there are any number of possibilities from which to choose. Actually, it is not known whether March 17 was the birth or the death date of St. Patrick ... and it may be neither.

Thousands of Irishmen were converted to Catholicism with the help of St. Patrick. He founded churches and schools and generally organized the Church in Ireland. It is believed that St. Patrick used the shamrock to explain the mystery of the

Trinity or Three Gods in One to his converts. Supposedly this is how the use of the shamrock which is customarily worn on St. Patrick's Day originated.

Today in the United States St. Patrick's Day is a popular holiday that is observed almost everywhere. The entire country seems to take on a green hue as young and old alike sport shamrocks and green clothing. Since parties and special dinners are a "must" on this festive occasion you'll be interested in some new recipe ideas combining favorite foods of the Irish people.

Ever since the 17th Century when potatoes were brought to Ireland from the New World, these hearty vegetables have been a mainstay of the Irish diet. They are the principal ingredient in the Irish pancakes known as "boxty," for which raw potatoes are grated, mixed with egg, flour, salt and caraway seed and fried into thin, crisp pancakes. Lamb, a favorite among the Irish, becomes more festive when served as fondue. Cubes of lamb are speared on fondue forks,

then plunged into hot peanut oil for cooking and dipped in creamy Shamrock Sauce or tangy Leprechaun Sauce.

The Irish serye corned beef and cabbage ... but not together. This combination is virtually unknown in Ireland but Americans think of it as a typical Irish dish. Corned Beef and Cabbage Salad is a new version of a popular St. Patrick's Day dish. Shredded raw cabbage and julienne strips of cooked corned beef are mixed with Planters Cocktail Peanuts and diced green pepper then dressed with a seasoned oil and vinegar mixture.

Meat and potato combinations are popular among the people of Ireland. A simple blend of lamb and potatoes cooked together is known as Irish Stew.

All you need is a festive spirit — and appetite as big as an Irishman's heart. Prepare dinner from this parade of Irish favorites, and you'll think you're man has kissed the blarney stone, for sure.

### IRISH BAKE

1 lb. potatoes  
1 lb. cod or haddock fillet  
1 small onion, grated  
8 fresh med.-sized mushrooms  
Salt and pepper  
1 can tomato soup  
Parsley  
Peel potatoes, slice thin and cook in boiling salted water for 10 minutes; drain thoroughly. Cut fish fillet in small cubes. Grate the onion. Cut stems from mushrooms and chop.

Combine fish, onion and chopped mushroom stems; add salt and pepper to taste and mix thoroughly.

Place fish mixture in a lightly greased shallow casserole or baking dish. Cover evenly with potato slices and pour the soup over all. Bake at 400 degrees for 30 minutes.

Meanwhile, saute mushroom caps in a little butter. Remove casserole from oven, decorate top with mushroom caps and bits of parsley and serve hot.

### IRISH STEW

2 lbs. mutton neck  
3 lbs. potatoes  
1 lb. onions, thinly sliced  
Salt and pepper to taste  
4 cups thin chicken stock or beef broth  
3 tbsps. minced parsley

Cut meat into cutlets, trimming off surplus fat. Peel and slice the potatoes thinly. In a saucepan arrange half the meat, half the onions, half the potatoes and season to taste. Repeat the process. Add the stock or broth just to cover and simmer for 1 1/2 hours.

Arrange remaining potato slices on top. Cover pan and simmer 30 minutes longer, or until potatoes are tender. Place the meat in the center of a hot platter; arrange potatoes around it, and pour

the pan liquid over all. Sprinkle with the minced parsley. Serves 6.

### IRISH RABBIT

Individual shirring dishes or small shallow casseroles are best for this. It should be served bubbling hot. For four: Prepare four slices of buttered toast, putting one in each baking dish. Heat the dishes.

1/4 cup milk  
1/4 cup grated Cheddar cheese  
1 tsp. vinegar  
1 tsp. hot prepared mustard

Salt and pepper  
Dash Worcestershire  
2 tbsps. minced gherkins or pickles  
Combine milk and next two items in a saucepan and cook over low heat until cheese is melted and mixture is smooth. Stir in remaining items; blend well and pour over the toast. Broil until lightly browned and serve immediately.

### STEAK 'N' BLARNEY

1 1/2 lbs. top sirloin steak, cut about 3/4-inch thick  
Salt  
Pepper  
2 tbsps. butter  
1 tsp. Worcestershire sauce  
2 drops liquid hot pepper sauce  
1/4 tsp. cornstarch  
1/4 cup cold water

Fried oysters  
4 slices buttered French or Italian bread, toasted and buttered  
1 tsp. chopped parsley

Cut steak into four equal-size pieces. Season with salt and pepper. Sauté in butter, about two minutes on each side. Remove from skillet and keep hot. To drippings, add Worcestershire, red pepper sauce and cornstarch mixed with cold water.

Cook, stirring constantly, until slightly thickened. Stir butter remaining from frying oysters into beef sauce. Place steaks on buttered toast; top with fried oysters and spoon a small amount of sauce over

each. Sprinkle with chopped parsley and serve at once. Yield: 4 servings.

### FRIED OYSTERS

12 med. or 16 small oysters  
Flour  
1 egg, lightly beaten  
Fine dry bread or corn-flake crumbs  
2 tbsps. butter

Dip oysters in flour, then in egg, then in bread or cornflake crumbs. Sauté in butter about 3 minutes, until lightly browned.

### FROZEN IRISH DELIGHT

5 drops green food coloring  
Green-colored sugar  
Combine wafer crumbs, cinnamon and butter. Press half of mixture in bottom of an 8-inch springform pan; set remainder aside. Combine egg yolks, sugar, lime juice and peel. Cook, stirring constantly, until thickened. Cool.

Beat egg whites until stiff; fold into lime mixture; fold in whipped cream and food coloring. Pour half of mixture in prepared springform pan. Sprinkle over remaining crumbs. Pour remaining lime filling over crumb layer. With a small spoon outline a shamrock in top of cream mixture. Freeze overnight. Just before serving, sprinkle green colored sugar in shamrock outline. Yield: 12 servings.

### BOXTY PANCAKES

3 med. baking potatoes  
1 egg, beaten

1/2 cup unsifted flour  
3/4 tsp. salt  
1/2 tsp. caraway seed  
1/2 cup peanut oil (about)

Peel potatoes and place in bowl of cold water as they are peeled. Working with one potato at a time, pat dry and grate coarsely into bowl containing beaten egg. Mix in flour, salt and caraway seed.

Pour enough peanut oil into a large skillet or onto griddle to generously coat bottom. Heat over moderate heat. For each pancake, add 2 tablespoons batter to hot oil and spread thin with back of spoon. Fry about 3 minutes on each side, or until golden brown and done. Add oil as needed. If desired serve with sausage. Makes 4 servings (12 to 14 pancakes).

### PADDY-CAKE

3/4 cup water  
1-3 cup sugar

1 tsp. instant coffee  
Sponge cake, 8-inch square  
1 tbsps. coffee-bean candies  
3/4 cup heavy cream  
2 tbsps. semisweet chocolate bits, melted  
1-3 cup Irish whiskey  
1 tbsps. toasted almond slivers

Combine water and sugar, boil for 10 minutes. Stir in instant coffee and Irish whiskey. Remove from fire and cool. Set cake on a large piece of aluminum foil.

Drizzle syrup slowly over, wrap cake in foil and let stand several hours until syrup is absorbed. Unwrap, slide onto serving plate.

Whip cream until stiff along with melted chocolate. Spread over top and sides of cake. Garnish with candy coffee beans and almond slivers. Serves 6-8.

## Today's Recipe

### EASY EGG NOODLES AND MEAT BALLS

1 lb. hamburger  
1/2 cup dry bread crumbs  
2 Tbs. Worcestershire  
1 cup beef bouillon  
1/2 cup milk  
6 cups EGG NOODLES

2 Tbs. flour  
2 Tbs. salad oil  
4 Tbs. margarine  
1 can Chunky vegetable soup  
1/4 tsp. nutmeg

In large bowl mix hamburger, onion, milk, Worcestershire, bread crumbs, with pinch of salt and pepper, and shape into balls. Roll balls in flour, brown in oil, pouring off excess fat. Add bouillon, cover and simmer for 20 minutes. Boil EGG NOODLES in salted water and drain.

Melt margarine, add nutmeg and vegetable soup. Toss lightly with hot noodles. Turn mixture into hot serving dish; spoon meatballs on top. Pass Parmesan cheese to sprinkle over servings.

A hearty, low cost meal, nourishing and satisfying.

That's the beauty of ...  
**American Beauty**  
EGG NOODLES

**Salter To Serve As Consultant**

Dr. Thomas Salter, president of Howard College, will serve as a consultant for a training workshop given for Texas Right

to Read program participants April 17. The workshop will be held at the Community Inn in Kilgore April 16-19, and is being offered by the Texas Education Agency in conjunction with Texas Women's University at Denton.

**Deadline For Politicians To Report Personal Funds**

AUSTIN (AP) — The deadline for statewide and local officials and candidates to file their 1973 financial statements fell with some of them still struggling with the 15-page form.

A spokesman said anyone sending in a financial statement after 5 p.m. Wednesday met the deadline. There also were provisions for extension of the filing time for adequate reasons.

Atty. Gen. John Hill was one of those asking a brief extension time. He said he had to go to a funeral in Houston Wednesday and was unable to get the last few details worked out in time.

Frances Farenthold, a Democratic candidate for governor, filed the financial

report form but said she had not yet received her 1973 statement of liabilities and assets from her accountants. She filed a 1972 statement showing the estimated net worth of her and her husband, George E. Farenthold of Houston, as \$314,684. She said her income came from law practice, lecturing and writing and said she held less than 100 shares of stocks.

Land Commissioner Bob Armstrong filed a statement showing his estimated net worth as \$453,721. He said his present real estate holdings include an 86-acre farm in Williamson County and a 322-acre ranch in northwest Travis County. He

recently bought another 300 acres adjoining the ranch which will show on the 1974 report, he said.

**Science Grant Is Awarded A&M**

COLLEGE STATION — Texas A&M University has been awarded a \$25,000 National Science Foundation grant for a two-year research project to determine what effects, if any, nitrate accumulations may have on future generations of man.

Nitrites are salts commonly used as preservatives in many food products. There have been some indications that nitrate precipitates from fertilizers and feed lots, reaching water supplies, may have had some detrimental effects. Working with a type of bread mold, conditions will be simulated which lead to nitrate accumulation in man.

**Some Motorists To Pay Price**

AUSTIN — Col. Wilson E. Speir, director of the Texas Department of Public Safety, said today he is disturbed by many complaints by Texas motorists about drivers refusing to obey the 55-mile-per-hour speed limit, and has directed DPS troopers to intensify their enforcement efforts.

"When the new law went into effect Jan. 20 of this year," he said, "our surveys indicated a high degree of voluntary compliance on the part of Texas drivers."

"But since that time, we have noticed that many motorists have been gradually 'inching' up their speeds on Texas highways. Consequently, our troopers have been increasing their volume of speeding citations."

**Beil Wants Best Quality Education For Children**

In announcing his candidacy for the Big Spring school board, Charles Beil issued the following statement:

"My family and I have resided in Big Spring for over 12 years. We have enjoyed the community and its people and it has been good to us."

"I would like to serve the community as a trustee of the Big Spring Independent School District. I would like to do my part in helping the school district to offer the best quality education to the students of this community that we, the taxpayers, can afford."

Spring. I believe that these exposures will enable me to weigh all factors and make decisions fairly.

"I have been employed by the First Federal Savings and Loan for eight years where I serve as managing officer and a director. My prior business experience included two years as an army officer and six years in accounting and data processing systems and equipment."

"I believe that my academic and business experience in management and finance will benefit me in the considerations that are placed before the governing body of one of the major business enterprises of our community."

"My wife and I are both graduates of the University of Oklahoma. I hold the bachelor of Business Administration degree with emphasis in management and finance. My wife holds the Fine Arts degree and teaches piano privately. I am also a graduate of the Graduate School of Savings and Loan, which is a program of the graduate school of business at Indiana University."

"I am a Rotarian and serve the club as treasurer and director. I am past president of the Big Spring Jaycees. I serve as president of the Howard County Heart Association, and am the president-elect of the Big Spring Concert Series. I am the vice president of the Air Force Association and a director of the YMCA. I have worked with the Chamber of Commerce as a member of the Industrial team and the Ambassadors Club."

CHARLES BEIL

**Cope Scholarship Projected By ASU**

Students interested in majoring in Journalism at Angelo State University in San Angelo are eligible to begin applying for the \$300 Millard Cope Memorial Scholarship according to Harris Youngren, acting head of the ASU Journalism Department.

The scholarship is awarded each year to a freshman journalism major entering Angelo State. A student receiving the \$300 award as a freshman would be eligible to apply for a renewal of the scholarship each year. He must have maintained a good academic standing and made contributions toward furthering the professional interests of the ASU journalism program.

At least four awards are made each year with scholarships going to a freshman, sophomore, junior and senior journalism major. Last year, three awards were made to entering freshmen.

The Millard Cope scholarships are financed out of a \$25,000 trust fund established by the late Houston Harte and his wife as a memorial to the late Millard Cope, publisher of the San Angelo Standard-Times at the time of his death Jan. 4, 1964.

**Robert Lee Sets Special Election**

ROBERT LEE — The Robert Lee City Council has set a special election for March 16 to decide whether to authorize the council to enter into a water-purchase contract with the Colorado River Municipal Water District (CRMWD).

Absentee voting has already begun and anyone wishing to vote who expects to be out of town March 16 should go to the City Hall and cast an absentee ballot.

## Fort Hood Unit Leads Parade

Leading the 1974 San Angelo Stock Show and Rodeo parade through downtown San Angelo Friday, will be the "First Team" Horse Cavalry Platoon from Fort Hood. The parade will begin at 10 a.m. Friday, March 8, according to Dr. Robert A. Morse, parade chairman. It inaugurates rodeo and livestock show week. "First Team" is the name given the 1st Cavalry Division which began at Fort Bliss, Texas, in 1921, and has been an important link between the modern Army and its glorious past. The platoon, revived in 1971, is organized and trained according to standards prescribed in the 1883 Cavalry manual. Equipment and uniforms are authentic replicas of that issued to cavalrymen of the 1880 period.

LIFE AFTER 65

# Money -- And Where To Find It

By JACK GOURLAY

A major problem encountered in the later years is that of living on a drastically curtailed income, whether it be derived from a private or public pension or a combination of the two.

It is difficult for anyone to predict exactly how much money he will need to live in retirement, but unless you are one of the fortunate wealthy, with or without a pension you are going to have to learn to live on considerably less income than you had when you were gainfully employed.

Fortunately, many of your expenses will be lowered because living in retirement is far less complicated and less financially demanding than holding a job and raising a family.

When you are in your 20s, retirement seems so remote that it would be futile for anyone to suggest that you seriously plan for retirement. But the decade between age 35 and 45 is ideal for starting your financial planning for retirement, just as it is the right time for you to fully develop the mental and physical maturity that will lead you to a purposeful life after 65.

Financially, at this time, you should have a savings bank account "cushion" which can be drawn on in case of emergency. This cushion, at this time, should be sufficient to cover three months' living expenses.

## Scholarship Set Up By Couple

LUBBOCK — Dr. W. Curry Holden and Frances M. Holden, both of whom have devoted most of their years to Texas Tech University, The Museum of Texas Tech University and the field of study in anthropology at the university, have established an award for achievement in anthropology.

The first recipient of the annual \$250 award will be announced this spring by Dr. William J. Mayer-Oakes, chairman of the Department of Anthropology at the university. The Holdens have contributed \$5,000 for the award to a graduate senior to be used as an endowment.

You should build this fund during your working years by a systematic weekly or monthly savings plan so that by retirement the "cushion" should equal your retirement budget covering a two-year period.

## Tech Orchestra Plans Concert

LUBBOCK — The Texas Tech Symphony Orchestra, conducted by Paul Ellsworth and with young trumpet virtuoso Martin Berinbaum as guest artist, will present its annual spring concert at 8:15 p.m. Thursday in Lubbock Municipal Auditorium. The program, sponsored by the Texas Tech Department of Music and the Fine Arts Committee of the University Center, will be open to the public at no charge.

Berinbaum will be heard in two works, the Brandenburg Concerto No. 2 by J. S. Bach, and the Concerto for Trumpet and Orchestra by Johann Hummel. Joining the guest artist in the solo parts of the Brandenburg Concerto will be Tech faculty members Dr. James Barber, violin; Dr. Michael Stoune, flute, and Dr. Orian Thomas, oboe.

Another program highlight will be the orchestra's presentation of Hector Berlioz' "Symphonie Fantastique." The closing selections will be the Berceuse and Finale from Igor Stravinsky's "Firebird."

Work toward financial solvency. Put half your surplus cash into growth stocks, or a combination of growth and mutual funds. Don't speculate — there's not enough time left to recoup any sizeable loss.

Be sure that you are still carrying a sufficient amount of accident, health and hospital insurance, and also check into your coverage on fire, automobile and personal liability insurance as protection against any possible property loss which could drain your financial resources.

At age 65, accept retirement and make the most of it. Sell any low-yield securities (less than 5 per cent). Put the money into higher-yield issues, including both common stocks and bonds. As you grow older include more high-income bonds in your portfolio.

Consider selling some of your equity and converting some of your insurance into an annuity. Make sure that your "cushion" fund is equal to the amount you need to cover your living costs for at least two years.

Apply for Social Security and Medicare; remember, they won't automatically come to you. You must apply for these benefits.

Live on a budget that will keep you within your retirement income. Watch your spending. Don't go into debt, and avoid time-payment or installment buying if possible.

## Dotty Dan Will Open New Plant

SEMINOLE — A Lamesa-based sewing firm, Dotty Dan, has selected Seminole as the site for its fifth sewing plant in the state.

The plant may be in operation by mid-April. Dotty Dan opened its factory in Lamesa in 1952.

Dotty Dan operates a sister plant in Stanton, a lingerie and sleep wear division in Groveton and a jean and blouse plant in Brownfield. The plant here will specialize in junior petite dresses.

Dotty Dan officials say plans are to start with about 40 employees at Seminole and ultimately to expand to 100.

## Ads Must Show True Pricing

Price advertising can assist consumers in making purchasing decisions, since they show how much can be saved on a particular item during a particular period, according to Texas Attorney General John L. Hill.

But, he warns, this must reflect accurate pricing. Lawyers in Hill's Consumer Protection Division caution that advertising as a sale price the actual normal price is misleading and therefore illegal. For instance, "lawn mowers reduced from \$129.95 to \$99.95" is a legitimate ad if the mowers sell for \$129.95 regularly, but misleading if they are regularly available for \$99.95, or if they were jumped from \$99.95 a few days before the sale to \$129.95.

Hill also warned that the retailer should make a comparison with "manufacturer's" and "distributor's list price" or "suggested retail price" and the prevailing retail prices in his area before making such comparisons in his advertising. He also cautioned it is misleading to "use a statement such as reduced to '\$11.99' if the regular price was about \$12.

He suggested that consumers or advertisers who may be in doubt as to whether a particular price comparison is misleading or deceptive should consult his CP Division or consult the county-district attorney or their own private attorneys.

## Appeals Court Nods On Motion

EASTLAND — The Court of Civil Appeals, Eleventh Supreme Judicial District, has agreed to a joint motion asking time to file briefs in a sand and gravel contract case appealed from Howard County.

District Judge R. W. Caton issued a permanent injunction forbidding W. D. Caldwell Inc. and Big Rough Sand and Gravel Inc., Snyder, to engage in the business in the Big Spring area. Big Spring Gravel Co. sought the injunction, because of a contract.

## Transfers Need To Give Notice

COAHOMA — Student desiring to transfer into the Coahoma school system must file papers by May 1 this year, a spokesman for the superintendent's office reports.

This is an earlier deadline than one followed previously. Application blanks are available in all Coahoma school offices.

## Gas Pump Price Refund Shapes

DALLAS (AP) — Internal Revenue Service audits at refineries will bring about the first nationwide gasoline pump price refund from a major U.S. oil company within two weeks, the Dallas News reported Wednesday.

The newspaper gave these details in a copyrighted article: The IRS refused to say what company is involved or state the amount of money to be refunded. A refund usually is effected at the pump by ordering the price reduced by the amount overcharged for each gallon.

An IRS spokesman in Washington, Bob Zarnoch, said the

oil company will not be identified until the Federal Energy Office issues the order, but "it will hit home for you in Texas."

Under orders issued by energy chief William Simon, the IRS has been checking the 30 largest refineries in the nation and started with those in Texas early last month.

Zarnoch said that in probing for violations of pricing, "we've visited 28 of the top 30 refineries so far, and we are finding what we're looking for."

Adding that he could not be too specific about the violation, Zarnoch said, "It's a price issue. It's not intentional, at the moment, but the amount of money involved is not minor."

## Gas Can Blast Kills Soldier

EL PASO, Tex. (AP) — A Ft. Bliss soldier was killed Tuesday night when a gasoline can on the floorboard of his car blew up, causing the car to run off the road in flames.

Police said Sgt. I.C. Richard Allen Tullos, 35, of Cisco, Tex., was trapped in the car by a seatbelt.

Tullos was driving on Interstate 10 about 12 miles west of El Paso. It was not known what caused the explosion.
