## In Mood Of Anger

WASHINGTON (AP) — Members of the House Judiciary Committee met in a mood of anger and resentment today to consider a White House proposal to wait two more weeks before replying to the committee's request for tapes of Presidential conversations.

At separate party caucuses, both Republicans and Democrats called the White House letter postponing any response until April 22 unsatisfactory. Individual members talked of issuing a subpoena for the material.

Chairman Peter Rodino, D - N.J., scheduled a full committee meeting Thursday for whatever action the committee wants to take.

Rodino declined comment on the White House proposal, but other committee members termed it unresponsive, condescending and arrogant.

"If counsel for the committee wants to issue a subpoena, I would support it," said Rep. Tom Railsback, R-Ill.

"It is obviously unsatisfactory to a majority of the committee," said Rep. Robert McClory, R-Ill.

## IRS Collected Info On Persons Who Attended Rock Festivals

WASHINGTON (AP) — The Internal Revenue Service until recently was prepared to audit the taxes of anyone attending a rock festival or burning his draft card, according to an IRS internal memo.

The memo was made public Tuesday by Sen. Lowell P. Weicker Jr., R-Conn. It is a January 1973 status report on a what was called a special compliance group set up inside IRS to collect intelligence information on all persons or groups advocating so-called extremist views.

### THREAT

The unit was set up in the first year of the Nixon administration and by 1973, according to the memo, had amassed 8,000 files on individuals and 3,000 on

organizations. It had collected 12,000 classified documents and had compiled a list of 16,000 groups or individuals "who fall into the category of posing a threat and probability of tax violations," the IRS memo said.

"The magnitude and potential of this facility is unlimited,"

the memo said. "A recent audit supports the conclusion that this function offers high potential as a deterrent to widespread tax violation by activist groups."

The memo was signed by John J. Flynn, regional commissioner of the North Atlantic region of the IRS. It was ad-

ressed to IRS directors.

The document said that the IRS was collecting information, with the help of law enforcement agencies, on so-called violent groups.

It also said that members of non-violent groups also were being included.

"Included are those who pub-

licly destroy and burn draft cards, destroy Selective Service records, participate in and organize May Day demonstrations, organize and attend rock festivals which attract youth and narcotics," the memo said.

"ENEMIES"

It also said IRS agents were interested in the tax returns of

those aiding in the sale of firearms to the Irish Republican Army, who travel to Cuba, Algeria or North Vietnam or who are engaged in "inciting commotion and resistance to authority by encouraging defectors in the Armed Forces to enter into alliances to subvert this nation . . ." the memo said.

## Connally Is Reported Under Investigation

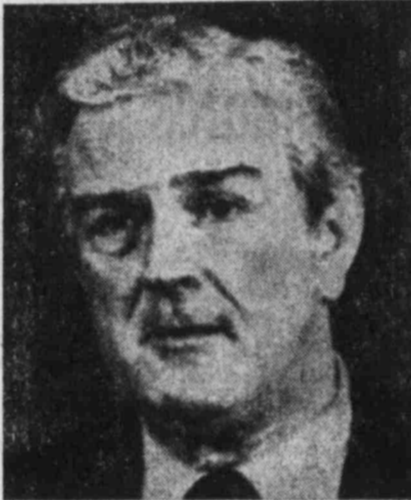

WASHINGTON (AP) — Columnist Jack Anderson said today that former Treasury Secretary John B. Connally is under investigation by Watergate prosecutors for alleged bribery.

Connally, who in recent months has addressed Republican groups and met with party leaders in more than 30 states in what may be an effort to line up support for a 1976 GOP presidential bid, denied the allegation.

In his column, Anderson said FBI investigators assigned to the special prosecutor's office have evidence that Connally pocketed \$10,000 from Associated Milk Producers Inc., the nation's largest dairy cooperative.

### MILK MONEY

Anderson indicated the mon-

JOHN B. CONNALLY

ey changed hands in 1972, while Connally was still treasury secretary, but did not cite a specif-

ic date for the alleged transaction.

Anderson quoted FBI sources as saying the \$10,000 was passed by a Milk Producers official to lobbyist Jake Jacobsen, who delivered it to Connally.

Jacobsen is under indictment for perjury after testifying that he stashed the \$10,000 in a safe deposit box and never removed it until the FBI opened the box last November.

### TURNED DOWN

The indictment by a Watergate grand jury said Jacobsen claimed the money "was to be paid to a public official for his assistance" in getting President Nixon to raise federal milk price supports in March, 1971. The official was left unnamed in the indictment.

Anderson said the FBI sources told him that Connally returned the \$10,000 when he learned the milk co-op was being investigated in connection with contributions to Nixon's re-election campaign.

According to Anderson, a Connally associate has said that Jacobsen offered the \$10,000 as a campaign contribution for distribution to GOP candidates but that Connally turned down the offer.

### TELL THE TRUTH

Anderson said the FBI investigators have evidence that after Connally allegedly pocketed the \$10,000 from the milk producers, he met March 16, 1972, at the Treasury with co-op officials George Mehren and

Harold Nelson.

According to Anderson, Mehren and Nelson were present when Connally telephoned Atty. Gen. John N. Mitchell and said: "John, get off your -- and find out what is going on in the Midwest. There is discontent among the dairy farmers, and I have a group of them here."

### BULLETIN

JERUSALEM (AP) — Premier Golda Meir announced her resignation today and said it was "irrevocable."

### Permits Running 3 Times Higher

Building permits were down in March in comparison to last March but the first quarter for the year is over three times that of the same quarter in 1973.

The March building permits totaled only \$38,795 in comparison to \$367,755 in 1973. Last year's included an apartment complex.

This year's total included a \$25,000 business construction by Dalton Johnson at 1712 Goliad and several carports, additions, fences and enclosures.

The year's total thus far is \$4,765,127 in comparison to \$1,306,264 at the same time last year.

HEARSTS SPEAK OF KIDNAP — Mr. and Mrs. Randolph Hearst speak to newsmen in La Paz, Mexico, Tuesday, where they are staying to get away from the pressures of the kidnap case involving their 20-year-old daughter Patricia. Hearst said the kidnapers were terrorists who "could not be trusted," but he still hopes to get his daughter back alive. The girl was kidnaped by the Symbionese Liberation Army Feb. 4.

## Kidnap Arrests Climb To 10

WASHINGTON (AP) — The arrest in New Jersey of two more men in connection with the kidnaping of 8-year-old John Calzadilla of Dix Hills, N.Y., was announced today by FBI Director Clarence Kelley.

Kelley said agents also recovered most of the \$50,000 ransom paid by the boy's father after the kidnaping March 6.

The arrests brought to 10 those in custody in the case.

Kelley identified the latest arrested as Richard Louis Ventola, 26, of Weehawken, N.J., a railroad brakeman, and Cesar Ortega, 22, of Union City, N.J., a railroad conductor.

They were charged with aiding and abetting a kidnaping and receiving money from a kidnaping. They face up to \$10,000 fine and 10 years in prison if convicted on both charges.

Their arraignment before a federal magistrate will be in Newark, N.J.

A federal grand jury probing the case reportedly questioned a number of railroad employees, who allegedly were working in the vicinity when the ransom drop was made.

The kidnap victim's father, Michael, told authorities he left the ransom money on a railroad trestle in accordance with the instructions of the kidnapers. Because the money had been unaccounted for, it was suggested that someone may have stumbled upon it and taken it.

Young Calzadilla was kidnaped March 6 while walking home from school in Dix Hills, N.Y., with a friend.

## FATALLY SHOT AT ABILENE

ABILENE, Tex. (AP)—Police said Marvin Elvin Jargill, 59, of Abilene was fatally shot Tuesday night in an incident apparently connected with a family argument.

Justice of the Peace Silas Clark ordered an autopsy. Officers said they had a suspect in custody.

### High Winds

High winds, southeasterly 30 to 40 m.p.h. this afternoon. Northwesterly 20 to 30 m.p.h. tonight. High today mid 80s, low tonight upper 40s. High Thursday mid 70s.

## Eight Persons Missing After Oil Tanker Blast

PHILADELPHIA (AP) — Searchers plumb the Delaware River today for eight persons missing from a Greek oil tanker that exploded and burned Tuesday night.

One man was killed and 26 persons were injured or suffered exposure after the tanker Elias erupted in a ball of flame while moored in the river.

Missing were five crewmen plus a mother and her two children who were visitors on the ship, the Coast Guard said.

Chunks of steel were hurled into the air and burning oil spread on the surface of the river. The Coast Guard said the explosion occurred at the ship's middle tanks.

Crews began surveying for pollution from the spilled oil

early today. It was not known how much oil escaped as a result of the explosion.

Flames roared through the 650-foot vessel for more than two hours at the Atlantic Richfield Co. pier near a sprawling complex of oil refineries in South Philadelphia before firemen brought the blaze under control.

"I couldn't see anything but flames," said Frank Kelly, a dock guard who witnessed the blast.

Rescuers and police told of crewmen from the burning tanker leaping from the ship into the frigid water.

Officials said the Elias was almost empty and was due to sail this morning. She had delivered 250,000 barrels of Ve-

nezuelan asphalt oil on Monday and was to finish pumping off by midnight Tuesday.

The blast left a gaping, 200-foot hole in the steel and concrete dock and damaged nearby cars and buildings.

"Everything happened very quick," said Joannis Soteris, a 26-year-old Greek crewman who was in the engine room at the time of the blast.

## The World At - A - Glance

SAGINAW, Mich. (AP) — Both Republicans and Democrats expect their congressional election campaigns to get a boost when President Nixon barnstorms this heavily Republican district in rural northeast Michigan today. Republican candidate James Sparling insists Nixon is coming to explain his policies rather than campaign for him. He needs a heavy turnout in the small towns the President is visiting to win Tuesday's special election. The district has been held by the GOP for 40 years. Democrat J. Robert Traxler, the early favorite in the race now believed to be quite close, has made Nixon and his administration the major issue. He feels the President's visit will illustrate his contention that Sparling is "Nixon's stand-in."

WASHINGTON (AP) — The Internal Revenue Service often fails to advise taxpayers of their rights at the begin-

ning of a tax dispute, and many times misinforms when it does, a tax court commissioner says. U.S. Tax Court Commissioner Joseph N. Ingolia told a congressional subcommittee that the IRS realizes this first contact is the most important, yet the agency often leaves a citizen puzzled. "He is not advised of his rights to go to the courts at this time but instead is invited to discuss or settle his problem, usually by bringing in additional information," Ingolia said.

WASHINGTON (AP) — Widespread, persistent starvation may hit South Asia and Africa within 10 years unless those areas cut their population growth and get massive aid, say the authors of a new study. The warning came from Mihail Mesarovic, director of the Systems Research Center of Case Western Reserve University, and Eduard Pestel, professor of engineering at the Technical University of Hannover, Germany.

(AP WIREPHOTO)

FROSTBITTEN VISITOR — Mr. and Mrs. Ignacio Reyes translate a greeting card in English for Fernin Chavez, 18, who has been hospitalized 10 weeks with frostbite suffered on a freight train he rode illegally to Kansas City, Kans., immigration authorities say. Doctors had to amputate his toes and part of his heels. Chavez is from Chihuahua, Mexico.

# World Cultures Are Reflected In Music

Music of different cultures was heard by Music Study Club members at the April meeting in the home of Mrs. Charles Bell, 502 Highland. Mrs. Rodney Fablion and Mrs. Clyde Cantrell were hostesses.

First on the program was Mrs. Curtis Compton, pianist, who performed "Improvisation and Melody" by Brown, followed by Mrs. Bell and Mrs. James Little in a piano duet, "Norwegian Dance" by Greig. Mrs. James Baum and Mrs. Ronald Mason played "Bolero" by Moskowski.

Highlighting the program were the guests, a group of 30 sixth grade choir members of Cedar Crest Elementary School. Under the direction of Mrs. Walter Wallace, they presented 10 children's songs from

foreign countries. Mrs. Wallace provided guitar accompaniment.

During a brief business session, Mrs. Lyle Ratzel was accepted as a member of the club. Mrs. Susan Dawes announced that the West Side Community Center Choir will present a program at 8 p.m., April 23 at Howard College.

The annual spring luncheon will be held at 12:30 p.m., May 11 in Mrs. Baum's home, 1000 E. 20th, with cohostesses being Mrs. James Little and Mrs. C. L. Carlile.

## Gardeners Pinpoint Diseases

"Plant diseases are of greatly varied origins," said Mrs. A. G. Eitzen speaking to the Planters Garden Club in the home of Mrs. J. O. Murphy. "Disease may be caused by fungi and bacteria, viruses or the absence of a particular element in the soil such as iron, magnesium or potash, or by the presence of any substance in sufficient amounts to be harmful."

She said the successful gardener must not only know the best ways to grow plants, but must have a knowledge of plant pests and diseases and ways to combat them.

According to Mrs. Eitzen, the most common pests are scale insects, aphids, mealy bugs, inchworms, caterpillars, snails, slugs, Japanese beetles and ants.

Pests that are minute, such as red spider mites, chinch bugs and thrips are less easy to detect. Nematodes are microscopic and not easily seen. Control measures are done by applying insecticides. Spraying should be done early in the day so that foliage can be dry before night. Dusting should be done when there is no wind.

Members participated in the program by giving hints on lawn care. The council report was given by Mrs. Paul Guy who said the city-wide cleanup campaign is progressing well.

Mrs. Guy will host the May 1 meeting in her home, 1305 Tucson.

## Abilene Couple Announces Birth

Mr. and Mrs. Michael Bearden of Abilene announce the birth of a daughter, Heather Macaela, March 11 at Hendrick Memorial Hospital weighing 7 pounds, 2 ounces. The infant's grandparents are Mr. and Mrs. Elvin Bearden, Big Spring, and Mr. and Mrs. Howard K. Johansen of Yarbba Linda, Calif.

## Bridge Group

The Newcomers Bridge Club met Tuesday in the Pioneer Gas Flame Room with Mrs. Peter Gregg winning high. Second place went to Mrs. Sandy Huff, and the bridge-o winners were Mrs. Marion Irland, Mrs. Huff and Mrs. Pearl Utz. Mrs. Irland also won the door prize. The next meeting will be a coffee at 9:30 a.m., April 17, in the Flame Room.

**DETERMINED** - Carrie Crossman, 8, is determined to remain a Cub Scout despite the opinions of Scout leaders who say she doesn't fit into the program. Carrie joined the Cub Scouts in the Dallas suburb of Coppel because she didn't get out of school in time to attend Girl Scout meetings. She won Bobcat and Wolf merit badges, but Scout officials refused to give her the awards. The den's nine boys joined in Carrie's fight and refused to accept their awards. Now the American Civil Liberties Union says it will take up the fight.

### HD KEYNOTE SPEAKER

# 'Hang An Ornament Around Your Heart'

"Love yourself, and hang an ornament of peace and quiet around your heart," said Mrs. Earl K. Moore Jr., Odessa, keynote speaker for the spring convention in Stanton Thursday of District 6.

Texas Home Demonstration Association.

The conference theme was "Home - A Beacon of Light," and the speaker stressed that a home is the dwelling of man, a beacon

## Gift Shower Honor For Bride-Elect

Miss Carol Perry, bride-elect of Lt. David Murchison, was honored at a gift shower in the home of Mrs. Jimmy Morehead, 704 Highland, Friday.

Cohostesses were Mrs. Frank Parker, Mrs. J. O. McCrary, Mrs. D. S. Riley, Mrs. James Hughes, Mrs. Jay Cunningham, Mrs. Don McDonald, Mrs. Walter Stroup, Mrs. Leonard West, Mrs. Dealon Stanley, Mrs. David Hought and Mrs. Ed Shives.

Miss Lana Perry, sister of the honoree, registered guests, and at the serving table were Miss Pam Faulkner, Miss Kay Morehead and Miss Marilyn Cunningham.

Miss Perry, her mother, Mrs. H. B. Perry and her grandmother, Mrs. Mike Reese, were presented white glabella corsages.

The table was covered with a white lace cloth over white batiste, and appointments were silver. The centerpiece was an arrangement of white gladioli, babies'-breath and mums entwined with twinkling lights. The register table featured a bouquet of spring flowers in colors of pink and burgandy.

The wedding will be June 15.

# Students Learn 'Life' In High School Class

Big Spring High School was one of the first in Texas to offer a course in consumer education, according to Mrs. Tolbert Grisham who spoke at the Thursday luncheon for Big Spring Credit Women.

Mrs. Grisham teaches the course (which is now required) to junior and senior students. She explained that the federal government determined that there were many people on the welfare rolls who didn't know how to handle money or credit, so this course was devised to teach young persons how to manage their finances.

All students are required to keep a budget book for six weeks as part of the requirement for passing the course. The students also keep a daily notebook.

"I ask the students to keep the notebook for five years after the course," said Ms. Grisham, "for it will help them all through

life if they will use it." She remarked that some students told her they had postponed marriage plans after taking the course.

In describing the intent of the course, Mrs. Grisham said consumer education is a decision-making course involving individual and family money management. A major concern is teaching students to think, analyze and decide according to individual and family value system. The emphasis is not on math but on analytical thinking and decision-making. Knowledge gained is practical and useable. Everything studied is transferable outside the classroom to real life situations.

"Students are challenged to set goals stemming from their own values and act upon the decisions made," continued Mrs. Grisham. "The motto is 'get the most of what you want with what you have,' and the students project themselves into the

future at such a time as they will establish a home. They research to estimate the cost of establishing a household and maintaining it until they have a realistic view."

In conclusion, the speaker read 21 goals of the course, the primary purpose being to teach the student to budget and work toward accomplishing the goals which he has set by developing a philosophy of life.

## Club Advised Of Books Donated To Library

A list containing the titles of a large number of books donated to Howard County Library by the late Mrs. J. Gordon Bristow was read by Mrs. Thelma Montgomery when the Texas Star African Violet Club met Thursday at the home of Mrs. Gertrude Rodricks, 1313 Mt. Vernon.

New officers named were Mrs. Montgomery, president; Mrs. C. Y. Clinkscales, vice president; Mrs. R. W. Baker, treasurer; Mrs. Bert Wilkinson, recording secretary; and Mrs. A. C. Moore, corresponding secretary. Mrs. Moore will also be representative to the garden club council. The installation dinner will be held May 2 at La Posada.

Plans were made to operate a concession at a local flea market April 15. The program was given by Mrs. C. B. Sullivan and Mrs. C. Y. Clinkscales who gave advice on cultivating African violets.

### VD Is Still Big Problem

Venereal disease isn't the silent epidemic it once was but it still is an epidemic — particularly among the state's young people.

More is being heard about VD in Texas, but more — much more — needs to be said about the causes and the cures for syphilis and gonorrhea, says the Texas State Department of Health.

Last year in Texas, 64,210 cases of gonorrhea and 5,354 cases of syphilis were reported.

Gonorrhea increased about 12 to 15 per cent, but in the 10 through 14-year-old age group the increase was a startling 26 per cent. And, the age group from 15 through 29 reported 85 per cent of all VD cases in the state.

Nationwide, gonorrhea has become the number one reported communicable disease, and syphilis — once thought to be under control — is continuing to present a serious problem.

Public health officials estimate that more than two million Americans were affected last year by venereal disease — more than half of the victims under 25 years of age.

The Texas State Department of Health and local health departments are using a four-pronged attack against VD. Emphasis is being placed on: epidemiology (or case tracing); gonorrhea screening by various health agencies; closer cooperation with physicians; and education, or public awareness.

April has been designated as "VD Awareness Month." Syphilis in pregnant women can affect their unborn children. Gonorrhea can cause sterility, heart damage, arthritis and blindness. The first sign of syphilis — a sore called a chancre — usually appears where the germ entered the body, about 10 to 90 days after contact. The sore can go away, but not the disease, which later can strike the heart, brain or spinal cord. Gonorrhea is more easily detected in men, but some 800,000 women are unaware they have it, yet pass it on.

### Ex-Resident Is Promoted

Billy G. McIlvain, son of Mr. and Mrs. Bill McIlvain, Garden City Route, Big Spring, was promoted to manager of the South Dakota Resource Area office of the Bureau of Land Management. It is located in Bell Faurche, S. D.

McIlvain is a 1955 graduate of Big Spring High school and from HCJC in 1957, with a B.S. degree from Texas Tech in 1960. His masters degree is from the University of Idaho in 1962.

He married the former Vickie Ann Parke of Malta, Idaho. They have two children, Mitzi Lea, 5, and Corey Dee, 2.

He began his new duties Thursday. Prior to this assignment, he was chief of the division of operations at Dillon, Montana.

### Fruit Grafting Clinic Nearing

There will be a pecan and fruit budding and grafting clinic at the Howard County Fair Barn Thursday, April 18, at 8 p.m.

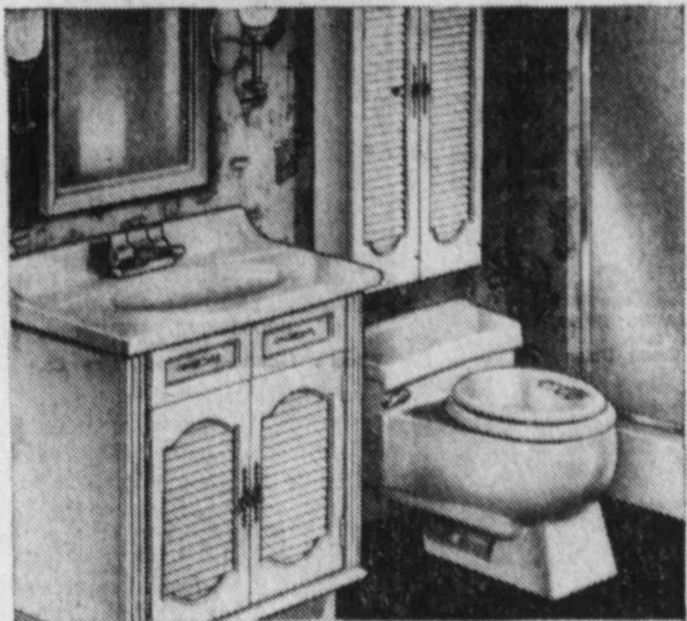

All persons who are interested are invited to attend, said Bruce Griffith, county extension agent. Instructor for the clinic will be Dr. Bill Peavy, area horticulturist, Texas Agricultural Extension Service, Fort Stockton.

Also, to be presented will be a short program on drip irrigation in small gardens.

The program will consist of instruction and budding and grafting by the participants.

## Farabee Says Interest Picking Up In Contest

Ray Farabee, Democratic candidate for the 30th district state senate seat, came to Big Spring Tuesday. He spent the day meeting with his supporters and planning a series of visits to Big Spring before the election.

When questioned about the state senate campaign, the candidate noted that interest was picking up now that city and school elections were over and the Constitutional Convention was in recess.

When asked about the

recently recessed Constitutional Convention, Farabee said, "The Constitutional Convention has the opportunity to provide some answers to more equitable financing of education, improved law and order and greater efficiency in government."

"Thus far, we have seen political interests take priority over the public interest. The convention seems to be bogged down due to conflicting demands of special groups."

"Each day of the convention costs the taxpayers over \$25,000. Delays thus far will cost taxpayers an additional one million dollars."

## 'Mass In G' Program Set

The Department of Fine Arts at Howard College will present "Mass in G" by Franz Schubert next Tuesday (April 16) at 7:30 p.m. in the sanctuary of the First United Methodist Church.

The program is for the public and there is no charge.

The choir, under direction of Kenneth Sprinkle, will be accompanied by Mary Skalicky, organist and head of the department, and by the Permian Basin Chamber Music Society, conducted by its founder, James Gambino. Brass and timpani will be from the Big Spring High School Bands, and the soloists will be Joyce Bradley, soprano; Joseph Dawes, bass, and David Scott, tenor.

Prelude to the musical worship Flor Peeters' "Entrata Festival," for the organ, brass choir and timpani, will be presented.

After the Kurie Gloria and Credo movements of the mass, the offertory interlude will feature "Ave Verum" by W. A. Mozart. Then following the conclusion of the two final movements of Sanctus Benedictus and Agnus Dei, the recessional will be the "Old Hundredth Psalm Tune," arranged by R. Vaughan Williams and featuring the choir, brass and organ.

## Dawson Well Announced

American Pacific International No. 1 Myrtle Hutchinson will be a 9,200-foot wildcat five miles southeast of Lamesa. The Dawson County venture will be seven-eighths of a mile northwest of the Pennsylvania opener in the area, a mile north and northeast of the depleted Sparenburg (Perry) field, and a mile and three quarters northwest of a Canyon reef discovery. Location specifically will be 467 from the south and east lines of section 47-35-5N, T1P.

Earlier Amoco No. 1 Schueller, another Dawson explorer, perforated from 8,070-90 and prepared to test.

In Borden County, Cobb & Ruwe No. 2-A Porter was below 4,500 feet.

In Glasscock County, Amoco No. 1 Cooper was at 1,150 and Amoco No. 1-P Powell had set 5¼-in stringing at 8,400 and waited on completion unit.

Ray Albaugh No. 1 Chappell, northern Sterling County venture was nearing its target depth as an Ellenburger wildcat, and Fisher-Webb No. 1 Reed was 8,740 waiting on orders after logging.

In Howard County, Hamilton No. 1 Peterson made hole below 6,068.

## Stock Specialist Will Speak Here

Dr. Thomas L. Woodward, San Angelo area livestock specialist, will speak at the monthly agricultural breakfast here 7 a.m. next Tuesday.

Howard County farmers, ranchers and ag businessmen are invited to the meeting at the Holiday Inn.

MORTON MAY BE OFF TO HOUSTON

# Hawaii Of WFL Lures Hill, Johnson

By The Associated Press  
National Football League players, already yielding to the call of the World Football League in the sometimes frozen North, are now signing on for the WFL's franchise in the balmy Pacific-Hawaii.

"How can anyone turn all this down?" asked Mike Giddings, coach of the Hawaiians, glancing around Tuesday at the dramatic setting provided by Diamond Head and Honolulu as he announced the signing of Dallas Cowboy running back Calvin Hill to a WFL contract.

The Hawaiians made a whole day out of making announcements, also breaking the news that New York Giants quarterback Randy Johnson and Jim Sniadecki, San Francisco 49er linebacker since 1969, would join Hawaii after playing out their options in 1974.

The signings were part of the NFL exodus which has included Miami Dolphin stars Larry Csonka, Jim Kiick and Paul Warfield to Toronto, Ted Kwalick to the Hawaiians and Ken Stabler to the Birmingham franchise.

"We view this as a chance of a lifetime," said Hill, who will play out his option with the Cowboys in 1974. "It was a question of what was better for me and my family."

There were indications that Dallas Coach Tom Landry might be in for more bad news, A Houston radio station, KPRC,

reported that Craig Morton, discontent in the past over his status as the No. 2 Dallas quarterback, has signed with the WFL Houston Texans.

The Texans had earlier Tuesday acquired the WFL rights to negotiate with Morton from Birmingham.

Johnson, the No. 2 signal caller for the Giants, became the fourth Giant to announce his intentions to migrate to Hawaii following John Douglas, Richmond Flowers and Vin Clements.

The Giants' tight end Bob Tucker also was being lured to move to the new league. Team sources on the Philadelphia Bell said Tuesday that Tucker had been offered a three-year, \$500,000 contract.

Even the coaching ranks were not out of reach for the fledgling football league.

The New York Stars announced the signing of Don Gault, a former quarterback for the Cleveland Browns and two other ex-NFL players, Tom Sherman, formerly with New England, and Dick Hart, a former guard for the Philadelphia Eagles. The Stars also said they had signed Don Abbey, a running back for Penn State in the late 1960s.

Meanwhile, there was some good news in Miami. Tight end Jim Mandich and safety Jake Scott signed three-year contracts for an estimated combined price of \$650,000.

Mandich earned \$25,000 last year.

## Pressure Gets To McAdoo In 100-97 Loss To Celtics

By The Associated Press  
Would you believe Bob McAdoo, the National Basketball Association scoring champion, a scared player?

It happened Tuesday night—and because of it, his Buffalo Braves were beaten by the Boston Celtics.

"I was as nervous as I've ever been," McAdoo admitted unabashedly after scoring a mere 16 points on a woeful five-for-20 shooting performance from the floor and six of nine from the free throw line during the Braves' 100-97 loss that gave the Celtics a 3-2 lead in the best-of-seven Eastern Conference semifinal series.

"I guess it's what you'd call pressure," said the 6-foot-10 McAdoo, who had averaged 30.6 points per game during the regular season and 33 points in the first four games against the Celtics. "I tried to concentrate on my defense and not worry about offense."

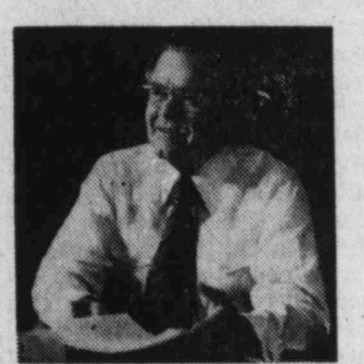

In the only other pro basketball playoff game Tuesday night, the Chicago Bulls built a 25-point second-quarter lead, then withstood a late Detroit rally and beat the Pistons 98-94 for a 3-2 lead in their best-of-seven NBA Western Conference semifinal series.

Two playoff games are scheduled tonight. The New York Knicks, with a 3-2 lead over Capital in their NBA East semifinal, face the Bullets at Landover, Md.; and the Indiana

Pacers, leading San Antonio 3-2 already have advanced to the divisional finals in the ABA.

The Milwaukee Bucks are the only NBA team to have reached the conference finals and the New York Nets and the Kentucky Colonels, in the East, reached the Western Conference

# 50,000 MILES 3 YEARS.

**MAZDA INTRODUCES A LONGER ENGINE WARRANTY.**

After 14 years of development and almost three-quarter of a million cars on the road, the rotary engine has proven to be so dependable, we now warrant the engine for 50,000 miles or 3 years.

**Mazda also offers a unique driving experience.** The rotary engine is smooth, quiet, responsive and economical. Recent mileage tests by *Motor Trend*\* showed on the cars tested that the Mazda RX-4 Hardtop, with standard transmission, gets about the same fuel economy as the Gremlin with automatic, better than the Chevy Nova with automatic or the Mustang II V-6 stick shift, and far better than the Dodge Dart automatic.

**This warranty is free with all new rotary-engine Mazdas—sold on or after March 26, 1974.** Mazda now offers a non-transferable warranty that the basic engine block and internal parts will be free of defects, with normal use and prescribed maintenance, for 50,000 miles or 3 years, whichever occurs first, or Mazda will fix it free. \*Motor Trend Magazine, March '74.

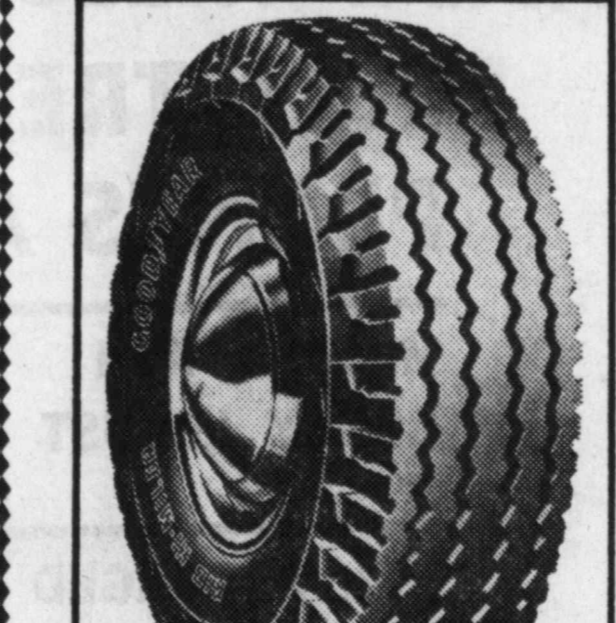

**A breakthrough car deserves a breakthrough warranty.**

# Texas' American Party Chiefs Rap 'Socialism'

MIDLAND, Tex. (AP) — Two West Texas leaders of the American party say it will replace one of the two major parties some day. Economic conditions, they predict, will cause people to move en masse from their present political ties.

W. A. Skees of Midland and Ed Gallion of Crane bitterly attack what they call a move in the United States toward socialism and deficit spending.

Detente with the People's Republic of China and Russia, President Nixon's increased

spending and revenue sharing program were attacked by both Skees and Gallion in a recent interview with Billy Torres of the San Angelo Standard-Times.

**'TEDDY BARE'**

Skees, Texas' American party chairman and a self-employed consulting geologist in Midland, has an office stocked with books such as "Teddy Bare," "None Dare Call It Conspiracy," and "I Accuse Mao." Most of the reading material is sharply conservative.

"Teddy Bare" criticizes U.S. Sen. Edward Kennedy for the measures he has supported in the past and his political philosophy.

"It is interesting to note that the small communities and others away from government establishments are the more conservative oriented," Skees said. "When you get around San Angelo, San Antonio or El Paso where there is a concentration of government employees, you will find a very liberal element."

"What this means is that people in government are always interested in perpetuating themselves. Government never generates anything, it never creates anything. All it does is redistribute the wealth, takes it from those who have and disperses it out."

He said, "The only way they

He said environmentalists obtain court injunctions to curtail oil exploration and to stop the movement of oil through pipelines every time fish are discovered dead near an oil spill.

Neither West Texan mourns the loss of George Wallace by the American party.

Gallion said the picture of Wallace standing in front of an Alabama school blocking admission of black children to protest what he called the usurpation of states' rights, is an "albatross" around the party's neck.

**NOT RACISTS**

"We are not racists," Skees says of the party image some people say that picture represents.

Skees said the return of Wallace to the Democrats means the population has a responsibility to inform itself of the American party's new approach to state and national problems.

"There are many people in our party who think highly of George Wallace," Skees said. "But George Wallace has decided to become a Democrat. Unless he makes an attempt to come back to the American party, we have to go our separate ways."

He added, "This is a good example of the American party establishing a party of principles instead of men."

He said party members who sway to the left or right of the party's political philosophy will not receive its support.

He did not do as well in 1972 as in 1968 because of the "confusion created" because of Wallace's move back to the Democratic party.

**'WEED-OUT'**

Because Republican Henry Grover has dropped out of the race for governor, Skees said he believes people who have supported Grover in the past would turn naturally to American party candidates Sam McDonnell.

"I don't think the other candidates of the various parties can satisfy the desires of people who supported Grover," he said. "I think our chances of electing an American party man for governor are quite good."

According to Gallion, the party has begun to "weed out" persons in the American party who have deviated from the party philosophy and said the party will get its strength from rural areas of the nation and state. He said Texas is undergoing a period of change in politics and that the American party will undoubtedly gather more support than many expect.

**HOLD HIGH HOPES FOR AMERICAN PARTY** — Ed Gallion of Crane, left, and W. A. Skees of Midland, two West Texas leaders of the American Party, say it will replace one of the two major parties some day. The party leaders say economic conditions in the U.S. will cause people to move en masse from their present political ties.

## Fire Insurance Rates Reduction

FORT WORTH, Tex. (AP) — Fort Worth residents will receive a 5 per cent reduction in their fire insurance rates, city Manager Radger Line said.

Lines said the State Insurance Commission advised him of the reduction, which will save home owners about \$200,000 a year.

The insurance board considers fire losses in an area during the previous five years in determining deviations from the basic fire insurance rate. Line said that this is the third consecutive year that Fort Worth fire insurance premiums have gone down.

**WANT SECURITY**

Gallion said that what Americans want most is security. They want to be protected most of all, and therefore the nation's defense is vital, he said.

Gallion, a geologist for a major oil company near Crane, said he cannot see the point of children in the Northeast going cold in the winter because environmentalists create an uproar when an oil spill is discovered.
