

The World At - A - Glance

NEW YORK (AP) — The criminal conspiracy case against John N. Mitchell and Maurice H. Stans, the two men President Nixon picked to run his re-election campaign, is headed to the jury. Testimony in the nine-week-old trial of Mitchell, the former attorney general, and Stans, the one-time commerce secretary, ended Monday. The jury of nine men and three women, the first in nearly half a century to sit in criminal judgment of former Cabinet members, could get the case by Wednesday.

NEW YORK (AP) — Vice President Gerald R. Ford says President Nixon might have tried harder to get the story of Watergate out sooner and that he should cooperate as fully as possible to clear it up now. Ford, in remarks here Monday, called on Nixon to turn over within 48 to 72 hours all relevant material sought by the House Judiciary Committee for its impeachment probe. Ford made his comments during a question-and-

answer session at the annual meeting of The Associated Press.

TROY, Mich. (AP) — Two prison farm escapees who allegedly wove a trail of terror and death across two states will face murder charges in the slaying of a Troy policeman first, authorities say. Joseph A. Molinare, 29, and Gordon L. Stockenauer, 26, were ordered held without bond Monday after their arraignment on first-degree murder charges in the shooting death of Patrolman Martin Chivas early Monday. Police said the escapees were captured in a Flint residential neighborhood after a brief chase on foot near the home of Molinare's girl friend. Molinare and Stockenauer were among four men who escaped Saturday night from a minimum security area at the state prison at Marquette, Mich. The two men are also sought in Wisconsin in connection with two murders in that state after their escape.

Extortion Hoax Hint

MIAMI, Fla. (AP) — Bank official Albert L. Dantzer, who last week said he was kidnaped and held for ransom, is being investigated in a possible extortion hoax, a source close to the kidnap investigation said today.

"Dantzer is the subject of a criminal investigation," the source told The Associated Press.

BIG JUMP

An assistant vice president of City National Bank of Hallandale, Dantzer called the bank at 9:05 a.m. Friday and said he was being held for a \$60,000 ransom.

He was found unharmed early Saturday on a Fort Lauderdale beach and later told police he had escaped his abductors by jumping from a boat into the Atlantic Ocean and swimming to shore.

The banker's car was discovered by police nine blocks away from the portion of the

beach where he was discovered. A police officer said Saturday that salt deposits on the car revealed that the auto had not been there for more than a couple of hours.

The Federal Bureau of Investigation, heading up the probe, would not comment on the allegations against Dantzer.

\$60,000

Police originally said that a package containing \$60,000 in \$10 bills and \$20 bills was placed in a trash receptacle not far from the bank.

But the source told AP that a dummy package, containing a note to the alleged abductors, was used instead.

"The note said that their demand for the money within a half hour was unreasonable. It was suggested that if they contacted us again, we would make every effort to accommodate them," the source said. No further contact was made with the alleged abductors.

WHO'S AFRAID OF TOADS? — Coming out of hibernation, this toad found a friend. Sara Reed, 8, of Beaumont, Tex., gives the crusty friend a kiss. Sara loves toads and frogs, despite all the rumors that little girls are afraid of them.

Petition Briscoe For Pay Boosts

AUSTIN (AP) — Backed by a petition of more than 45,000 signatures, the Texas Public Employees Association asked Gov. Dolph Briscoe today for a special session to provide them more pay.

Briscoe, who was out of town, replied promptly, that he was concerned about the public employees' pay situation "and will consider their plight along with other priority matters in state government."

"Because of inflation, employees of the state of Texas are taking a cut in pay in the terms of real income," said Walter Looney, president of the employees' association. "State employees need a 10.2 per cent adjustment just to keep pace with the inflation which has occurred during the last year."

Looney estimated that an immediate 10.2 per cent increase in the state payroll of 70,000 persons for the remainder of this business year, which ends Aug. 31, and a 6.8 per cent increase on top of an already scheduled 3.4 per cent increase for the next year would cost a total of \$70 million the next two years.

"We feel the money is there and available, on the basis of comptroller's estimates," Looney said when asked how the increase could be financed.

The association also asked that expense money for employees traveling on state business be increased from \$18 to \$25 a day and that mileage payments for private cars used for state business be increased from 12 to 20 cents a mile.

Looney estimated this would cost about \$1.2 million more each month.

Dr. Ray Marshall, who did a survey on state employees' pay, said Texas public employees were paid 97 per cent of average earnings nationwide in 1968, but by October of this year, without a pay raise, will be paid only 84 per cent of the national average.

BULLETIN

SAN FRANCISCO (AP) — The latest messages purportedly from the Symbionese Liberation Army threatening death to police apparently have no connection with earlier communications from the terrorist group, the FBI said today.

STRAIGHT UP Oil Profits For Exxon, Texaco Soar

NEW YORK (AP) — The nation's two biggest oil companies, Exxon and Texaco, announced today substantially higher earnings for the first three months of 1974.

Exxon said that in the quarter that ended March 31 it made \$705 million, 39 per cent above the \$508 million reported in the same period last year. The company noted, however, that the latest gain was down 10.4 per cent from the last quarter of 1973, when Exxon earned \$787 million.

Texaco said its quarterly profits rose 123 per cent to \$389.4 million, as against \$264 million last year. The income is 30 per cent above the \$453 million declared in the last three months of 1973.

Earnings by Exxon and Texaco follow by a day similar announcements by Gulf Oil and Standard Oil of Indiana, which retails under the Amoco sign. Both Gulf and Indiana Standard reported first quarter profits more than 75 per cent above the year-earlier period.

Body Of Kidnap Victim Found

LEWISVILLE, Tex. (AP) — A hunter found the body of a woman kidnaped April 9 from a Lake Dallas food store in a gravel pit south of here Monday, Denton County Sheriff Wylie Barnes reported.

He identified it as that of Edna Fester, 42. Barnes said she had been shot in the back of the head with a shotgun. The body was bound with two chains and weighted with an I-beam. The sheriff said the woman's body probably had been in the water the 13 days she had been missing.

U.S. Mail Embargo

WASHINGTON (AP) — Delivery of all U.S. mail to Canada has been halted because of a spreading strike by Canadian postal workers. The U.S. Postal Service announced the embargo Monday, saying it was imposed at the request of the Canadian government.

U.S. mail destined for the Canadian province of Quebec was embargoed last Wednesday, at Canada's request, and U.S. postal officials have been withholding mail intended for Toronto since Friday.

A limited embargo on perishable mail for Quebec's Montreal district began on April 12 with the walkout of Canadian postal employees.

Cap Rock Considers First Rate Advance

STANTON — Faced with rising costs, Cap Rock Electric Cooperative is considering its first rate advance in its history.

Directors have had a rate specialist with the National Rural Electric Cooperative Association helping with studies, and a possible schedule has been submitted to REA for review.

Wholesale power costs went up six per cent in July 1973, and another 15 per cent is coming up, representing an aggregate increase of 22 per cent within a year. The 6 per cent raise absorbed by Cap Rock, reduced its margins by \$110,000.

Currently, Cap Rock members are paying less on an average bill than they paid in 1960, the first full year of operation.

Nixon Asks, Granted Five Day Extension

WASHINGTON (AP) — President Nixon has asked for and been granted a five day extension in responding to a House Judiciary subpoena for White House tapes, a spokesman said today.

A high level administration official said committee chairman Peter Rodino, D-N.J., agreed to a White House request that the subpoena deadline be set for next Tuesday instead of this Thursday.

According to close Nixon advisers, the President still has not finally decided the form or content of a response to the subpoena for 42 tape recorded conversations he held with since-departed aides.

One official said that White House representatives told the committee staff that it was a "very time consuming job to compile and prepare material" for the answer.

This was an apparent reference to the transcription of the tape recordings, which one source said was made more difficult because portions of the conversations are virtually inaudible.

This official also said Nixon "wanted to take additional time to review the response to the committee and that because of his schedule such a review could not be completed by Thursday."

"The President wants to deal with this matter in a cooperative and reasonable way. He does not seek a confrontation," the official said.

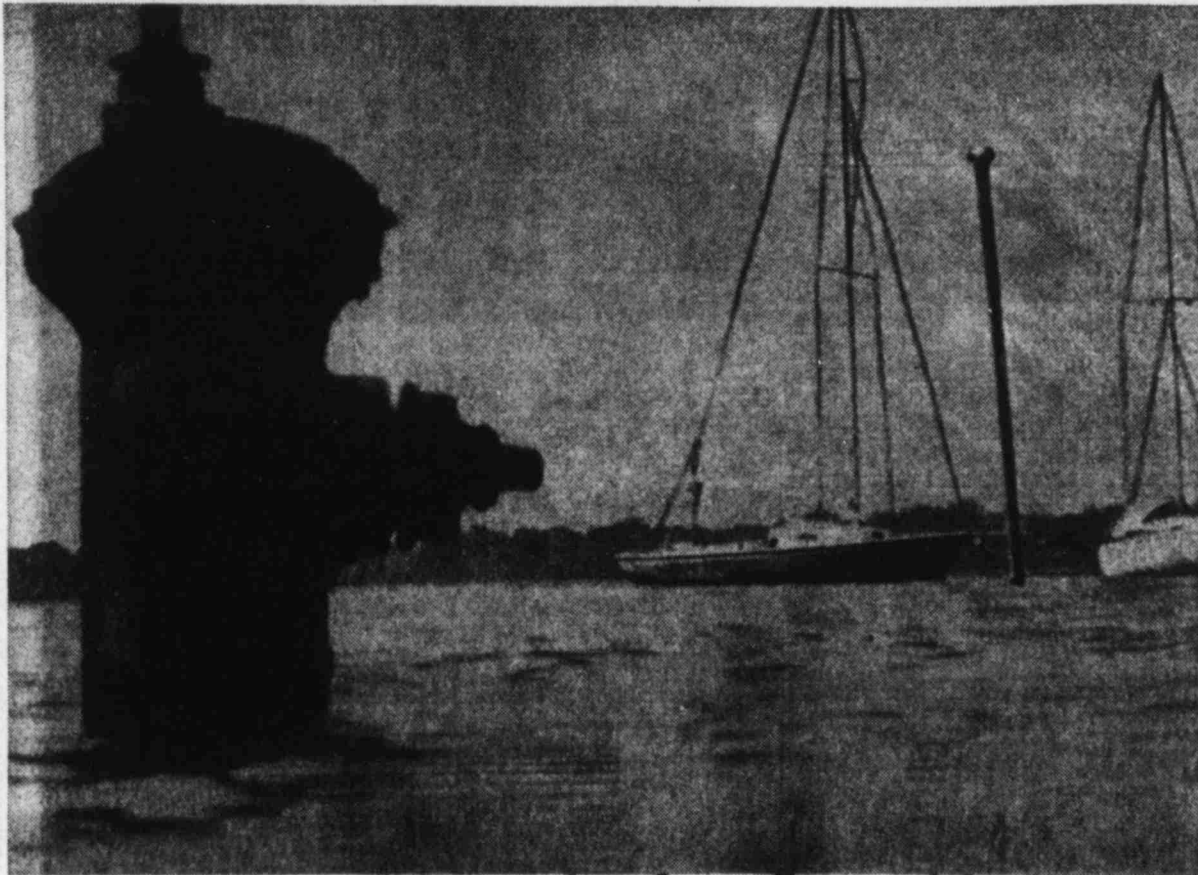

It was nonetheless clear that Nixon was considering ways to blunt what one official called "escalating requests on all fronts" for more tapes of presidential conversations.

This official said that while Nixon has not decided precisely how to proceed, he still plans "a comprehensive statement, a comprehensive response" to the subpoena.

However, interviews with several Nixon advisers disclosed that high-level unhappiness is growing with each new subpoena or request for White House tapes.

Indications are that Nixon himself let his anger show when the Judiciary Committee formally requested more tapes beyond the 42 conversations it has subpoenaed for its impeachment inquiry.

And, inside top White House councils, there are increasingly bitter complaints about special Watergate prosecutor Leon Jaworski's quest for White House tapes and documents.

IN CASE OF FIRE, SWIM TO SHORE — Fires hardly ever burn under water, but this fire plug at White Rock Lake in Dallas, stands ready in case. The hydrant was overtaken by an expanding shoreline after a night of rainfall dumped up to 2.5 inches in some areas of the city.

FIND NO SIGN OF LIFE 107 Persons Aboard Jetliner Feared Dead

JAKARTA, Indonesia (AP) — An Indonesian search and rescue team reached the crash site of a Pan American 707 jetliner but found no sign of life, aviation officials said today.

The airline said 26 Americans were among the 107 persons aboard the aircraft which crashed on Bali island Monday night.

HINDER SEARCH Indonesian officials said darkness hindered the search team's investigation but they said the team was preparing a landing place for helicopters to lift out bodies of the victims on Wednesday.

Communications Minister Emil Salim had told newsmen earlier there were some survivors.

Salim said two search and rescue teams were sent to the crash site at Gragak village, about 40 miles from Denpasar, immediately after the plane came down Monday night. A Pan American spokesman in Jakarta said the searchers had found the charred wreckage of

the airliner and there appeared to be a possibility of survivors.

Earlier, a policeman on Bali, an Indonesian island off the eastern tip of the island of Java, reported by telephone to a newsmen in San Francisco that all aboard the plane were dead.

FOURTH CRASH It was the fourth crash of a Pan Am 707 since last July. Three of them have been in the South Pacific.

Americans on board included the pilot, Capt. Donald B. Zinke, 52, of Monte Sereno, Calif., the 10 other crew members and 17 of the 96 passengers.

The passenger list available contained no home addresses, but more than 20 of the names were Japanese.

The plane was en route from Hong Kong to Bali and Sydney, Australia, when it crashed. According to a passenger list furnished by Pan American, 70 of the passengers were bound for Bali, 24 were going to Sydney and the other two were ticketed for Fiji.

Tickets Are Free For Kodak Show

There's plenty of free tickets available for the Wednesday night photo travel show, entitled "Caribbean ... Picture Adventure," scheduled for the Municipal Auditorium starting at 7:30 p.m., Wednesday.

Eastman Kodak filmed the show. Local sponsor is the Big Spring Herald. The tickets can be picked up at the Herald today and all day Wednesday.

The multi-media presentation uses a unique Kodak Carousel projector and movies, often at the same time.

Families are asked to limit their requests to six tickets each.

In previous years the Kodak travel show has presented color scenes from such locations as Mexico, Australia, the Orient and Hawaii.

Caribbean islands seen in the 1974 show include Puerto Rico, U.S. Virgin Islands, Dominica, Curacao, Martinique, Trinidad, Jamaica, St. Croix, Grenada and others.

No one will be turned away at the door but those with tickets will be seated first.

Missing Tally Sheet Found

The missing tally sheet from the Elbow voting box in the April 6 county school board election has been found among voting materials at the courthouse, county officials said today.

Mrs. Pauline Petty, county clerk, and Mrs. Billie Barron, secretary to the county judge, plan to compile returns this afternoon.

They hope to be able to unofficially name the winner of the at-large seat on the board.

A long list of citizens gained write-in votes, because no candidate filed for the position.

With no common school districts in Howard County now, the county school board has few responsibilities.

Absentee Ballots Now Total 73

The Howard County Clerk's Office had received 73 absentee ballots in the May 4th Primaries this morning.

Of the total, 65 were Democrats who voted in the office, and one was a Republican voting in the office. Mrs. Margaret Ray, chief deputy county clerk, said.

Including the seven ballots returned, the county clerk's office had mailed 30 Democratic Primary ballots. They were waiting for return of all three Republican ballots mailed.

Charles Barsamian Dies In Accident Here Today

Charles (Tony) Barsamian, 64, a retired Air Force veteran who worked as a custodian at the city police station here, died at approximately 6:54 a.m. today when his car crashed into a parked truck-trailer north of the Benton Street viaduct in the northeast part of town.

Barsamian may have been the victim of a heart attack. Witnesses said his vehicle sideswiped a pickup truck about three miles out on the Snyder highway a short time earlier. He could have been en route to a local hospital for treatment.

He resided on the Gail Route. According to investigating officers, his car failed to make a curve, leaving the road on the east side before crashing into the truck. Authorities said the truck was properly parked.

Justice of Peace Gus Ochotorena ruled "death by accident." Barsamian's head and chest were crushed in the impact. He was alone in his vehicle and the truck was unattended at the time.

Site of the wreck was pinpointed at a spot 25 feet north of NE 6th St., just off US Highway 350.

OVER CENTURY OF SERVICE IN CARPENTRY TRADE R. W. Reagan pins 70-year pin on dad, B. A. Reagan

Carpenters' Union Gives 70-Year Pin To Reagan

Bascom A. Reagan, who is the sole surviving charter member of Local 1634, United Brotherhood of Carpenters and Joiners of America, was honored with his 70-year pin at ceremonies Monday evening in Carpenters' Hall, 1-20 East.

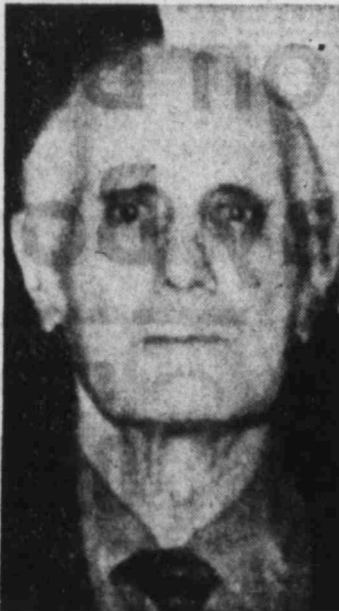

This highlighted presentation of 35 pins, including 50-year pins to Ray Porter and A. N. Rutherford, Paul Bradley received a 45-year pin. There were two for 40 years, six for 35 years, 10 for 30 years and 13 for 25 years.

Among the 35-year awards was that to Richard W. Reagan, son of the charter member, making more than a century of service in the trade for them.

Mr. Reagan entered carpentry quite naturally, the trade of his father, W. A. Reagan. By the time he was 10, young Bascom was helping shingle houses. Before he was 17, he was inducted by his half-brother, Cliff Talbot, to join the union chapter whose charter was still open in February 1904. For a long time he worked for Mr. Talbot, a contractor, then they were partners, and finally he took over the home-building business with retirement of Mr. Talbot. Fourteen years ago, he put up his hammer and saw, but he never slowed much, taking up photography and then the making of flint arrowheads by Indian methods.

Present for the awards affair were W. T. (Bill) Boadle, president; Ray Hoggard, vice president; John J. Roemer, recording secretary; O. A. Nichols, business agent and financial secretary; R. E. Moore, warden, Johnnie A. Green, conductor; Richard Reagan, Lee Lawdermilk, and John (Toby) Purcell, trustees.

Forty-year pins went to D. P. Day and T. G. Wood; 35-year pins to O. C. Stanley, R. W. Reagan, W. T. Boadle, Johnnie A. Green, Lee Lawdermilk, M. P. Lightfoot; 30-year pins to Joe

A. N. RUTHERFORD Present for 50-year pin

F. Wood, S. E. Swanson, J. G. Anderson, Roy Beck, James L. Brown, Percy Burleson, Luther Coleman, H. B. Davis, R. W. Hewett, A. O. Nichols; 25-year pins to John J. Roemer, Fred Whitaker, J. G. Stevens, Earnest A. Smith, Juan Santiago, D. A. Rhoton, J. W. Hollandsworth, C. A. Hollandsworth, Ray Hoggard, George Glass, Hoss Enger, J. C. Dunlap and A. J. Bailey.

Livestock Scales To Be Purchased

County Commissioners Court Monday decided to buy a set of scales for livestock weighing in the fair barn.

The administrative body plans to purchase Hobart scales from an Odessa retailer for \$3,361.

C-City Museum Plans On Move

COLORADO CITY — The City Council met Friday night and heard plans to move the museum to the Snyder Building at Second Street in the near future.

The Council also instructed the City Manager, J. J. Sadler to obtain additional right of way between 10th and 17th Streets for a new divided street to the new high school. The school district had obtained a 60-foot easement, but the council, looking to future needs decided a 100-foot easement was needed at the location.

THEFTS

David Burcham's auto was burglarized on 10th and Owens of a \$25 set of jumper cables and a \$100 22 cal. Remington Automatic rifle.

Attempted burglary in Baker's Chapel, NW 10th and Lancaster left \$12 window broken and nothing taken.

John Devry Byrons, 2511 Carl, parked at high school, lost 8 track stereo worth \$80, two Craig speakers worth \$35 and 12 tapes worth \$71.10 to auto burglars.

Candidates Need To File Reports

County and precinct candidates should file a second campaign financial statement with the county clerk's office before April 29.

Stater... may be filed starting Wednesday, Mrs. Margaret Ray, chief deputy county clerk, said.

Political Pot Is Heating Up

The political pot is beginning to boil a little bit faster. In Big Spring, the pot seems to be full of coffee.

Mary Thomas, candidate for the state legislature, was honored at a coffee Sunday afternoon at the home of Dr. and Mrs. Clyde Thomas.

She spoke at noon Monday to the Jaycees and will also speak in the near future to the Downtown Lions and the Big Spring State Hospital employees. She recently attended the conference in Snyder for political candidates along with the others in the area.

Glenn Toombs, also a candidate for the state legislature, will be honored with a coffee at the Snyder Country Club Thursday at 7:30 p.m.

Supporters and friends are invited to attend the event which will be attended by legislative friends of Toombs as well as supporters in the area.

Both Charles Fennell and Ray Farabee, the two candidates in the Democratic Primary for State Senator, will be back in Big Spring this week.

A coffee is to be scheduled later in the week for Farabee, according to Don Reynolds, local campaign chairman.

Garden Clubs Are Pushing Project

Keep America Beautiful Day will be held Saturday with the Big Spring Council of Garden Clubs as sponsor.

"We are concentrating on making Big Spring beautiful and want to conduct a big clean-up push that day," a spokesman said.

The boy scouts and girl scouts with individual and corporate volunteers will dedicate the day to a clean-up effort.

All citizens are urged to help. The garden clubs set as their goals, "to get the litter off the ground, promote recycling programs, plant trees and shrubs, clean up all water areas and parks, then replant for beautification."

Georgian Given Probated Term

Mike Yarber, 21, Ga., pleaded guilty in 118th District Court Monday afternoon to car theft. He was given three years of probation for the Sept. 3, 1971, burglary of the Roy Thornton vehicle.

Clean-Up Day Is Slated Today

The Howard County Youth Horsemen will meet today at 6 p.m. at the Big Spring Redox Arena for clean-up day. Members will vote on whether to cancel the next play day.

BIG CONTRAST Smiling Georgians Greet Kennedy

TBILISI, Soviet Georgia (AP) — Crowds of smiling Georgians recognized and greeted Sen. Edward M. Kennedy today as he toured this southern Soviet capital with his children.

"We love the Kennedys here—him and his brothers," one Georgian said. "We've read books about them and seen their pictures."

Kennedy's reception in Georgia contrasted sharply with his stay in Moscow, where few people recognized him in the streets.

Hundreds of people surged toward Kennedy, trying to get a glimpse as he visited an outdoor market with his children.

DEATHS

Benino Rodriguez, 86 died at 5:10 a.m. Monday in a local hospital.

Mass will be at 3 p.m. Wednesday in St. Paschal Catholic Church in Sterling City. Burial will be in Sterling City Cemetery.

He was born Feb. 14, 1888 in Baltimore. He moved to Big Spring in 1962 from Sterling City where he had lived 30 years.

Survivors include his wife, five sons, Ysidoro Rodriguez of Hemet, Calif., Atapito Rodriguez of Sterling City, Hilario Rodriguez of Meritzon, Crescencio Rodriguez of Winters and Vicente Rodriguez of Calif.; one daughter, Mrs. Manuela Rodriguez of Sterling City; 16

grandchildren and 28 great-grandchildren.

E. L. Davis LAMESA — Services for E. L. Davis, 59, of 5107 40th St., Lubbock, will be at 4 p.m. today in the First Baptist Church in Welch. The Rev. J. R. Williams, former pastor from Rule, will officiate.

Burial will be in Lamesa Memorial Park under direction of Branon Funeral Home. Davis died Sunday in Highland Hospital in Lubbock following an apparent heart attack.

DONALD JOHNSON

Head Of VA Will Resign

WASHINGTON (AP) — Donald E. Johnson, sharply criticized the council that the claim had not been filed with the city within 30 days as required by law. Chrane replied that he thought the bill was paid and only recently received a bill. The council denied payment, with Eddie Acri abstaining.

INSURANCE DISCUSSED A representative from the Texas Municipal League and two representatives from local insurance companies entered into a heated discussion of the workmen's compensation insurance. J. Pierce appeared for TML and presented his offer followed by Jerry Mancill and Jimmy Parks, representing local insurance companies.

At one point, the TML representative accused the local representative of violating regulations by the state insurance board. At this point, Parks became angry and said, "Do you want to press that?" There was no answer.

Mayor Wade Choate intervened and requested the locals to put into writing that they could meet anything offered by TML and that the council would use local agents if possible. It will be placed back on the agenda next month.

In other action, the council awarded bids, including low bid on lime of \$27.25 in bulk by Roundrock; low bid on alum of \$65.90 per ton by Russ Co.; \$3,889.90 plus rock excavation hourly charge on sewer line construction by Bettie-Womack, sewer tile to Can-Tex for \$2 cents per foot and a chlorine bid.

INCONSISTENT AGENCY Chlorine shows a 52 per cent increase from last year and has an exculcating cost clause and went to the only bidder, S.E.C. Snyder and Lubbock. Bill Brown and Bob Butler expressed to the council that chlorine is like gasoline and it is almost impossible to obtain and "we are lucky to even have a bid."

Brown said that the environmental protection agency has shut down many chlorine manufacturers with one hand and at the same time required that chlorine be used by municipalities with the other.

Councilman Charles Tompkins stated, "Actually we are only agreeing to buy from them since there is no stable bid," to which Butler replied, "Just like our gasoline bid." The council agreed to the terms of

the contract.

The council gave final approval of halting the parking of trucks in the residential area. It will now become law within about three weeks.

The city dads also approved resolutions offering to change traffic patterns at both FM 700 and Goliad and in between the Highland and Coronado Shopping Centers. These now go to the highway department.

Minutes of the parks board that were approved by the council pointed out that nobody will be allowed to camp inside the tennis center except organized groups such as scouts and that all others must be outside by 9 p.m.

They also reflected a need for rest stations on the municipal golf course which were approved.

SEWER LINING Harry Nagel, city manager, reported on sewer lining which the city plans to install to cut down on infiltration problems in the city sewer line. He was authorized to schedule construction of additional manholes and to have 3200 feet of the line televised to see if this project would work locally.

Mayor Choate reminded them of the water quality board deadline in June and urged

them to "get after it."

The council approved \$264,286.82 in bills, including several new vehicles. The council was authorized to proceed in obtaining a new garbage truck. They are taking almost 60 months to deliver, Nagel told the group.

In the manager's report, he told the council that they have had severe fire problems at the land fill and that the city may have to close it at night to prevent this from occurring. He also requested to draw an ordinance against scavenging at the city dump.

The council was invited to an employe dinner honoring Roy Anderson at 7 p.m. Friday at the Cosden Club. Nagel alerted the council that Big Spring may obtain a free Master Plan, but was not at liberty to disclose details at this time.

OLD BILL PAID A four year old bill of \$750 was paid to Freese and Nichols engineering firm from Odessa. Councilman Eddie Acri pointed out "It took us four years to get to the truth of the matter."

The council had earlier blamed an engineering inspector for a fault in the construction which cost them in repair costs. The engineering firm presented papers to show

that the inspector was turned over to the city as a city employe and was responsible to them at the time.

Charles Tompkins asked that the additional \$284.80 due on brochures prepared by Councilwoman Polly Mays be paid. The council approved.

Butler told Mrs. Mays that the LBJ Social Studies School in Austin had highly praised the brochures.

ACRI STATEMENT Councilman Acri issued an official statement that he wanted the public to know that he thought complaints should go directly to city hall, rather than to him or other councilmen, and that they should turn to them as a last resort.

He said that citizens should contact the city and asked the switchboard operator for the proper department and if they do not get satisfaction, call the city manager. He added, "As always I will be available to any citizen any time but I do think they need to take their complaints to our capable staff."

Nagel said that cards will be printed with extension numbers or different types of complaints such as dogs, sewer, water, trash, etc. and be sent out with the utility bills so they may be kept near a phone.

Heated Discussions Spice Meeting Of City Council

By MARJ CARPENTER

What appeared to be a routine city council meeting became heated early as the first two items appeared on a claim for damages and a workmen's compensation review.

L. D. Chrane appeared in behalf of his son, asking for payment of a \$62.60 hospital bill after his son had allegedly been pistol whipped at the police station last December.

Privileged police reports given to the council indicated to them that the policeman was acting in self defense. The father objected to this.

City Attorney James Gregg told the council that the claim had not been filed with the city within 30 days as required by law. Chrane replied that he thought the bill was paid and only recently received a bill. The council denied payment, with Eddie Acri abstaining.

He said that citizens should contact the city and asked the switchboard operator for the proper department and if they do not get satisfaction, call the city manager. He added, "As always I will be available to any citizen any time but I do think they need to take their complaints to our capable staff."

Nagel said that cards will be printed with extension numbers or different types of complaints such as dogs, sewer, water, trash, etc. and be sent out with the utility bills so they may be kept near a phone.

Enrollment Up Slightly Here

Enrollment picked up slightly in Big Spring schools last week. Elementary enrollment was static at 3,392, secondary totals were off one at 3,015, and hospital and homebound figures were up three at 167, making a total of 6,574, a gain of two for the week. This is 65 less than for the comparable date a year ago.

All councilmen were present including Harold Hall, Tompkins, Mrs. Mays and Choate.

FEDERAL OFFICIAL SAYS: Natural Gas Shortage Gravest Energy Problem

HOUSTON (AP) — Duke Ligon, assistant administrator for policy, planning and regulation for the Federal Energy Office, says the current natural gas shortage is the most critical energy problem facing the nation.

Ligon told Southern Gas Association members Monday that the most dangerous potential roadblocks to energy self-sufficiency are contained in a number of bills currently being considered by certain members of Congress.

He said a proposed "consumer Energy Act of 1974" would bring about extensive regulation of all fuels except coal.

"Proponents of the legislation not only favor regulation of nat-

ural gas, crude oil, and products prices on a nationwide basis—they apparently see the Federal Power Commission as the new Department of Energy and Natural Resources," Ligon said.

He said the Nixon administration has proposed FPC deregulation of wellhead prices of newly discovered natural gas reserves dedicated to interstate markets.

"Low prices for natural gas have not only reduced the number of prospects that are profitable to drill, they have left many pipelines with no choice but to cut off supplies to interruptible consumer," he said.

"The result, of course, is increased pressure on crude oil and its products."

Darla Barton Is Named Forsan Valedictorian

Darla Earnest Barton, with a four-year average of 91.63, is the valedictorian of Forsan High School. She is the wife of Van Barton, Forsan, and the daughter of Mr. and Mrs. Joseph E. Earnest, 1806 Wallace, Big Spring.

Salutatorian is Darlene Rister Cook, wife of A.L.C. Frederick Cook of Webb AFB, with a four-year average of 90.39. She is the daughter of Mrs. Mildred Rister, Big Spring, and the late R. L. Rister.

Darla has been active in many fields, serving as class officer, including vice president and president, during her tenure; has been in the National Honor Society two years; participated in UIL prose reading and one-act play.

She has been an officer in Dramatics Personae, the Spanish Club, FHA; has been on the Student Council two years; a member of the Pep Squad; and on the newspaper staff.

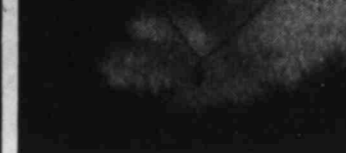

For two years she was cheerleader; was freshman favorite and "Miss Buffalo"; she was a homecoming queen and FHA sweetheart nominee.

For three years she was on all-tournament basketball teams, was captain of the team, won all-district honorable mention; played volleyball four years. She plans on a secretarial career.

Darlene has been in the National Honor Society for two years; was secretary of the Health Club; served on the school staff; was in the Buffalo band; a three-year pep squad member; participated in UIL district contests. She was on the tennis team and played basketball for the Buffalo Queens three years. Since her husband hopes to make the Air Force his career, she plans on taking the Civil Service secretarial exam.

Better Set of Wheels

Your wheels use twice as much energy per passenger-mile as ours. With less fuel available and higher costs for that fuel, your wheels may turn slower and slower. So if you're going anywhere, think about a more efficient set of wheels. Our fares are economical and inter-city bus travel is the most fuel saving means of transportation. We think it's better to take Continental Trailways than to spin your own wheels.

How important is the price of your glasses or contact lenses?

Price is important, but not as important as clear, comfortable vision brought about by accuracy of prescription, lens quality and proper fit. Frame quality and style are important, too. You want a frame that is comfortable, proper for your individual prescription, looks nice on your face, is well made and maintains the proper adjustment.

TSO is most concerned with how well and how comfortably you see. Because different people have different requirements for their prescription lenses and frames, the amount of workmanship required and the type of materials used will vary. Thus, to be exactly correct for the individual, they may vary in price, like a prescription for drugs. Maybe you think you may pay less for eyewear somewhere else; but will you get the quality your eyes need for clear vision and comfort?

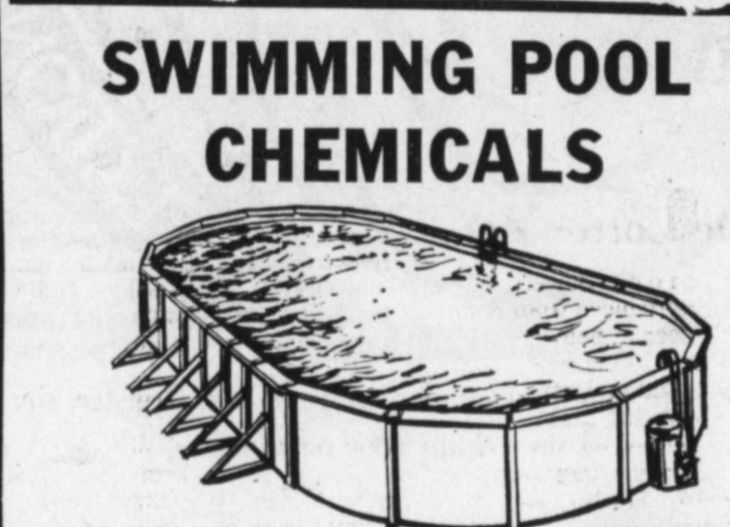

At TSO you get both—finest quality materials and the lowest price consistent with quality. Why take any risk when it comes to your eyes? Stop in soon and see.

Curb On Junkets Needed

Each year during congressional recess, the always are full of senators, representatives and other public officials making their annual overseas junkets at taxpayers expense.

Although these same congressmen and officials are the first to criticize excesses in government spending, they are the first ones to conjure up some dubious reason for traveling to the Near and Far East and other "selected" areas of the world.

And it's not just isolated incidents that are costing tax-pressed Americans so their officials can wine and dine their wives and friends in exotic places throughout the world.

The extent to which these so-called "plane flights" for President Nixon's two daughters and their husbands and friends look like chicken feed.

It's clearly time that Congress took some time off from its globetrotting and cleaned up this extravagant practice. Although there are legitimate reasons for legislators to travel abroad at government expense, the taxpayer should not be expected to pick up the tab for these official "pleasure" trips. Congress should pass legislation requiring that any such trip by legislators or other officials be subject to review by the Internal Revenue

Service. Unless it can be proven that the trip was strictly business and authorized by an official body, it should be charged back to the person as taxable income. Legislators may also think about making all such excursions and expenditures of taxpayer money public record in the states and districts of the individual legislators.

This waste of public funds should come to an abrupt halt and Congress should take immediate steps in assuring that federal revenues are more appropriately spent. And even if some private concerns or groups pick up the tab, this ought to be given publicity. It's also to taxpayer interest to know who foots the bills and if they want favors.

Foolish To Melt Pennies

Don't melt down those pennies in anticipation of making a fortune because of the rising price of copper. As of Monday stiff penalties for melting or exporting copper pennies were imposed by Treasury Secretary George P. Schultz.

Stiff indeed! A violator can be fined as much as \$10,000 and sent to the pokey for as long as five years. That puts a high value on the lowly penny.

The Treasury Department has been concerned over both the hoarding and destruction of copper one-cent pieces which have caused a nationwide penny shortage. Monday's action was taken to cure the shortage.

Mary Brooks, director of the U.S. Mint,

discouraged hoarding by noting that most pennies being held now are "not worth two hoots as collector's items." So you might as well turn them loose.

People who were planning to melt down pennies for their copper content shouldn't be too disappointed in the Treasury Department's action if they believe the experts. Mint officials point out that it would require the melting down of 240,000 pennies to get \$100 profit, not including the cost of melting, from copper priced at \$1.50 per pound. Last week the price of copper was \$1.20 a pound.

The same \$2.40 worth of pennies, unmelted, invested at 5 per cent would return \$120 annually.

Manitou Is Ready

Around The Rim

Jo Bright

Joseph F. Chisesi, by now, is probably back in Manitou Springs, dusting off the welcome mat (I can almost hear him whistling) and seeing that all is ready for the horde of tourists he hopes will soon be seeking the coolness of Colorado.

CHISESI HAS enthusiastically assumed the role of Pied Piper (official title) of the Manitou Springs and Pikes Peak region, which ties in with his jobs as president of the Pikes Peak Convention Bureau and vice president of the Manitou Springs Chamber of Commerce.

When Chisesi visited the Herald office this month he didn't mind admitting he had a problem that he was anxious to do something about.

"Our tourist industry took it on the chin last summer because of some bad stories surrounding Denver's gasoline shortage," said Chisesi. "Many of our businesses were hurt, and this is our attempt to correct the situation."

The corrective measure of which he spoke was the Pied Piper Program of "informing America that we have gasoline now and will have for vacationers this summer."

"At travel shows, many people inquired about the gas situation," continued Chisesi, "and we decided to respond to it." Part of that response was the goodwill tour taken by Chisesi to the areas of Texas which, over the years, have produced

many summer visitors in his area of Colorado.

CALLED THE "gateway" to the Pikes Peak region, Manitou Springs is located at the foot of majestic 14,110-foot Pikes Peak. Originally the site of more than 50 mineral springs, the Ute, Sioux, Shoshone and Cheyenne Indians called the area "good medicine ground" and brought their sick and aged to drink the healthful waters. Here, they gave offerings to "Manitou", their great spirit of natural phenomena.

The setting, of course, is as it was — who can say how many eons ago? Whatever you go to the mountains for — you'll find in these mountains.

But that's not all, according to the Pikes Peak Convention Bureau brochure. Here, you have the Garden of the Gods, Cave of the Winds, Seven Falls, Royal Gorge, Shrine of the Sun — the names of which conjure up images on a grand scale.

BUT BECAUSE MAN has always wanted a comfortable vantage point from which to view nature, there are a b u n d a n t motels, campgrounds, restaurants, shops and recreational facilities.

Yes, Mr. Chisesi had a problem last summer, and I don't mind helping out.

Of course, when Coloradans start their vacations — I expect Mr. Chisesi to point toward the plains of West Texas.

Confrontation Lost

William F. Buckley Jr.

At Yale University the other night Professor William Shockley was to debate with Mr. William Rusher of "National Review" the whole business of Negro psychometric inferiority and what should be done about it. What should be done about it, in the opinion of Prof. Shockley, is something on the order of genetic manipulation, for the purpose of improving the human species. You would use sperm banks, contributed by the very brightest men, destined to impregnate the very brightest women around; and before too long we would all be sounding like Albert Einstein.

THIS IS A drastic compression of Shockley's position, and if I have some of the words wrong, never mind — because the music is right. Doctor Shockley is the complete liberal. His judgments are scientific and his values are, he says, derived from empirical conclusions. Bright people are better than dumb people. Therefore let's have more bright people and less dumb people. Therefore get babies formed by the union of bright spermatozoa and bright ova; and after awhile, you get Shockley-land.

What happened at Yale is now generally known. The debaters arrived, they stood on the platform for 75 minutes during which the audience jeered and booed and hissed; finally, Shockley being brighter than a lot of other people, realized that, to adapt slightly what they used to say in the south in days gone by, there ain't no Shockley gain' to speak here tonight. So he left, escorted by a dozen or so marshals.

THE ROLE of Yale University was ambivalent. On the one hand, President Kingman Brewster begged undergraduate organizations not to invite Shockley to the campus. Not so much because Shockley's appearance would result in disorder. He put it differently, stressing how obnoxious are the doctrines of Doctor

Shockley, and how offensive to the racial minority of black students at Yale. Here he has a point, though it is not one he is given to adducing about other speakers representing, say, the Communist movement.

AND THEN also, to stress Doctor Shockley's disqualifications, Mr. Brewster noted that he is not a trained geneticist. Shockley is somewhat difficult to handle because he got a Nobel Prize for something or other having to do with transistors at Stanford University, they have refused to permit Shockley to teach a course on his new enthusiasm under the auspices of the biology department, citing his lack of professional credentials. This is done gratefully because it gives the faculty a technical excuse for aborting a course they do not want as part of the curriculum.

THE TROUBLE is, of course, that Shockley has that insatiable mind, and there is no reason to suppose that if he gave all his time to the study of genetics, which he appears to be doing, he would be professionally incompetent after a few years to teach genetics. Shockley is not (in his words) dumber than the 22-year-old graduate students who, after two or three years of study, are permitted to teach genetics.

The scandle, my friend, is of a different color. It was not widely noted by the press that Shockley's opponent, this time around, was not scheduled to be one of those liberal Ashley Montague types, who are put up against Shockley mostly for the purpose of delivering doctrinaire defenses against the validity of his preliminary findings on the matter of intelligence. The trouble with these is that they do not always persuade the audience up against the figures adduced by Shockley. And when they fail at a technical level, there goes the ball game.

"Perhaps you didn't understand me, Mr. Monster, sir. I said, 'I am your new master.'"

Hunches On Housing

John Cunniff

NEW YORK (AP) — Many economists are hoping for an increase in housing activity to help boost the economy out of the hole into which it tripped during the past year.

Unpredictable at the moment, however, is whether housing will be able to provide that push. The uncertainty of it all has many an economist in a quandary. Housing, it seems, hasn't made up its mind.

After plunging from an annual rate of nearly 2.5 million housing starts early in 1973 to fewer than 1.5 million this January, activity resumed in February. In that month the start rate rose to 1.8 million units.

Came March, however, and activity dropped again to the January level. That was bad news. However, housing permits, an indicator of future activity, rose, and that was good news.

To the rescue of forecasters who find the erratic activity too much to tolerate comes Saul Klamman, housing authority and vice president and chief economist of the National Association of Mutual Savings Banks. Said he:

"My hunch is that the coming housing upturn will proceed at a relatively slow pace. My fear is that even a sluggish recovery may be prematurely aborted. The long-awaited housing upturn, he said, "may prove disappointing."

In an address here, Klamman cited some of the most compelling factors underlying his relatively bearish view:

1. The large backlog of unsold new units. Buyer resistance in private housing markets was mounting last year, he said, at the very time many new homes were coming on the market.

"As a result, unsold inventory mounted and by early 1974 was equal to one year's sales, substantially above a year earlier."

2. Mounting land costs and housing prices. Some potential buyers, he said, may have been discouraged by the rapid acceleration in costs. "They have second thoughts when they see their favorite \$30,000 house sporting a new \$50,000 price tag."

3. Nagging energy uncertainties. "Uncertainties about where and whether to build or buy have not disappeared," said Klamman. Neither buyers nor builders have forgotten the trauma of the energy shortage.

4. General consumer malaise. Caution, concern, confusion and constraint tend to dampen prospective housing buoyancy, he said. "A four Cs frame of mind is not conducive to long-term housing commitments."

Pocketing The Fat

Robert Novak

WASHINGTON — Conservatives who have been contributing to a pro-Nixon publicity campaign to counteract liberal bias in the radio-television industry have in fact been helping a venture seeking profits from the President's impeachment crisis.

AN ORGANIZATION calling itself the Conservative Broadcasting Centre is soliciting funds by radio and television time so that big-name conservatives can defend Mr. Nixon on the air. In fact, the Centre has done nothing more than mail two pro-Nixon scripts to radio stations. The intent of the promoters apparently is self-profit.

"The major news organizations are saying that the American people want President Nixon impeached," the fund-raising appeal begins. "One news organization is not — the Conservative Broadcasting Centre." The letter, signed by chairman John L. Jones, claims its programs are "going out to thousands of stations and being heard by millions of people." To provide stations "a quality program," the letter asks for money.

IN TRUTH, the downtown Washington address listed for the

Centre is a mail-drop for Potomac Arts, Ltd., a direct mail firm in suburban McLean, Va., owned by Jones. At 31, Jones is a veteran conservative activist who long has criticized Mr. Nixon for betraying conservative principles. In contrast to the "quality" programming promised, Jones told us all the pro-Nixon material actually prepared consists of merely two written scripts mailed to radio stations. He is simply giving the scripts away, not buying air time.

THE CENTRE "enables outstanding conservatives to air their points of view before the public," says the letter. As examples, it then prints the names and photos of conservative "patriots," including Sens. James Buckley and Barry Goldwater, Reps. John Ashbrook of Ohio and Philip Crane of Illinois, Govs. George Wallace and Ronald Reagan — not one of whom authorized use of his name. (Buckley and Crane protested use of their names.) Jones informed us, moreover, that the Centre is not distributing a single program involving any of them — and certainly not a program discussing Buckley's demand for Mr. Nixon's resignation.

Leg Lost To Gangrene

Dr. G. C. Thosteson

Dear Dr. Thosteson: My grandmother, 67, had her leg amputated six months ago. The doctors said gangrene was the cause. Now it has traveled into the other leg, centered in the heel.

Can you explain gangrene, which is so rarely discussed any more? How fast it travels, how dangerous it is? After removal of the leg they found she was diabetic. — Mrs. J. W.

Gangrene doesn't "spread" or "travel" in the sense of from one leg to the other, as an infection may.

Gangrene, you see, is the death of tissues in some particular area because of complete obstruction of blood flow to that area.

It can occur in patients with diabetes because of a severe degree of hardening of the arteries. Circulation is obstructed and without a flow of blood the flesh simply dies. That's gangrene.

The fact that it has started in her other leg is simply an indication that circulation was being shut off in that leg, too. It is expectable for gangrene in such cases to appear at the

Ski Dope Tips

WASHINGTON (AP) — In a National Geographic article, Robert Laxalt writes of long-board days in the Lost Sierra. A major ingredient of speed skiing was "dope," as ski wax was called. One of the last of the long-board racers told Mr. Laxalt: "Making ski 'dope' was a fine science a hundred years ago in the Sierra. Those old-time ski riders had as many as 20 different secret recipes to match any kind of snow, and they would have shot anyone who tried to pirate them."

Penny Content Changed In '43

WASHINGTON (AP) — The content of the penny was last changed in World War II. An issue of zinc-coated cents was struck in 1943 to conserve precious copper and other strategic metals.

The copper saved was enough to meet the combined needs of two cruisers, two destroyers, 1,243 flying Fortresses, 120 field guns and 120 howitzers, Treasury officials reported.

A Devotion For Today..

"Who do you say that I am?" (Matthew 16:15)

PRAYER: O God, forgive us for the silences that beset us in our daily lives; for our pessimism and discouragement that rob us in which You have invested the life of Jesus Christ, Your Son, our Savior. In His name. Amen.

(AP WIREPHOTO)

ON GOOD WILL TOUR — Mrs. Salvador Allende, wife of the late president of Chile, is greeted recently by well-wishers, right, with flowers at Calcutta Airport, India. Mrs. Allende is campaigning around the world against the military junta that toppled her husband's Marxist government.

'The Battle Is Against Fascists'

NEW DELHI, India (AP) — Mrs. Salvador Allende's widow is campaigning around the world against the military junta that toppled her husband's leftist government and took over Chile last September.

She has visited a dozen countries in Latin America, Europe and Asia to speak before all kinds of audiences in a lonely effort to preserve the memory of her Marxist husband and his attempt to lead Chile into socialism without violence.

"The battle is against fascists

... We have to defeat the military junta that is now governing in Chile," she said in an interview in New Delhi. "We can't rest until the military junta is defeated."

During a two-week tour of India as guest of the National Federation of Indian Women, Mrs. Allende, 59, has met with President V.V. Giri and leaders of Parliament.

She has also spoken to students, newsmen and anybody else willing to listen. Her message: a denunciation of the new Chilean regime's repression and charges that the United States had a hand in her husband's downfall.

The Chilean Embassy in New Delhi issued a statement denying her charges and accusing her of vilifying her own country.

Mrs. Allende came to India from Japan. Before that she had been in Finland attending an unofficial tribunal investigating charges of torture against the Chilean junta headed by Gen. Augusto Pinochet. From India, she will return Europe.

PEOPLE IN THE NEWS

Must Pay Alimony To Sister Mary

CHICAGO (AP) — James Lane's ex-wife is living in a convent and plans to be a nun, but he has to go on paying her \$250 a month in alimony until she takes her final vows, a court says.

Lane, 47, an insurance man from suburban Arlington Heights, told the court Monday his \$21,000 annual earnings are not enough to pay the alimony and his bills too. He said he needs the \$7,400 salary of his new wife and the \$20 a week his 20-year-old son pays for room and board.

"I simply can't afford to pay her," Lane, who was divorced from his first wife in 1970, told Judge Robert Hunter of Circuit Court. "I don't think she is entitled to it or needs that kind of money."

But the former Mrs. Lane, now Sister Mary told the court she needs the alimony because as a novice in the Dominican Sisters of the Perpetual Rosary Convent in Milwaukee she must pay her own medical, dental, incidental and insurance bills.

Not so, Lane said. If she had no money, the convent would pay.

Judge Hunter ruled that Lane must keep on paying for three to six years it will take before Sister Mary says her final vows of "poverty, chastity and obedience."

Although the convent might support her if she were indigent, Judge Hunter said, the situation is similar to that of a divorced woman who would have no funds without alimony and, thus, would be eligible for welfare money.

LOMPOC, Calif. (AP) — Herbert L. Porter, former scheduling director of President Nixon's re-election campaign, has begun serving a 30-day sentence at the Federal Correctional Institution here.

Porter, 35, pleaded guilty Jan. 28

to one count of lying to FBI agents when he was questioned about details of where re-election campaign money was spent. He entered prison Monday to serve the 30-day sentence. The rest of his five-to-15-month term was suspended.

NASHVILLE, Tenn. (AP) — James Earl Ray, confessed assassin of Dr. Martin Luther King Jr., is in the hospital section of the Tennessee State Prison after suffering what was described as a fainting spell.

Ray had been on a four-day hunger strike to protest his solitary confinement when he was moved to the hospital Sunday. But the prison warden, James Rose, said he thought Ray was "pretending he passed out in his cell."

Ray has taken legal steps to end his solitary confinement. Prison officials say he's held in solitary because his life is in danger from other inmates.

PLYMOUTH, England (AP) — Prince Charles is back in England after an around-the-world tour, but the prince is stuck aboard the frigate Jupiter as duty officer.

The prince, a naval officer and heir to Britain's throne, will get shore leave Thursday and go home to Windsor Castle, near London.

TOKYO (AP) — Ousted Cambodian leader Prince Norodom Sihanouk says he will never accept negotiation, compromise or truce with the current Cambodian leader, Lon Nol.

The remarks by Sihanouk, who now lives in Peking, were made on a visit to North Korea and broadcast Monday by the Communist Chinese news agency.

Robbery-Killings At Record Shop

OGDEN, Utah (AP) — Three persons were shot to death and two others wounded during an apparent burglary attempt at an Ogden record shop, police said.

An ambulance crew said four of the victims of the Monday night incident were found in the basement of the shop, bound and shot in the back of the head. Three were dead.

Officers said two men entered the Hi-Fi Shop by kicking in the back door, apparently intent on burglary and not expecting anyone to be in the store.

Police said they were alerted by a relative of one of the employees of the shop, who heard screams in the store. The two burglars had fled by the time officers arrived at the scene.

Two of the dead were identified as Mrs. Byron Naisbitt,

wife of an Ogden doctor, and Stanley Walker, also of Ogden.

The third person slain was a girl of about 19, who had been stripped of her clothing and may have been raped, police said. Her name was not known.

Arthur Byers, manager of Moss Ambulance Service, said his crew followed police into the basement of the record shop. He said they found four people "tied hand and foot and shot in the back of the head."

He said it appeared the victims had been shot with a small-caliber handgun.

Band Takes Part In UIL Contest

The Big Spring High School Steer band, under the direction of Bill Bradley and Gene Currie, will perform today and Wednesday at the UIL concert and sightreading contest in Midland.

Bradley is in charge of the honors band which performs Wednesday at 3:30 p.m. in Lee High auditorium. Currie is in charge of the second band, performing today at 3:30 p.m.

Two Visit Here

Tom and Andrea Wilkerson, former residents who now reside in Dallas, visited friends and relatives here the past weekend. Tom took part in a golf tournament while here.

DOUBLE-BARRELED SHOTS

Opponents Fire Word Volleys At Briscoe

Gov. Dolph Briscoe, campaigning for a second term, took double-barreled pokes from Democratic and Republican opponents Monday as he campaigned in Fort Worth and Dallas.

INACTION

Frances "Sissy" Farenthold, his opponent in the Democratic primary May 4, blamed the governor for inaction. In Houston she said the state is getting nowhere in mass transit and faces a food crisis because of a do-nothing governor.

Jim Granberry, the former Lubbock Mayor campaigning for the GOP nomination for governor, charged Briscoe with confusing school officials by refusing to call a special session of the legislature for school financing.

"Rising costs have forced many districts to raise taxes or reduce essential programs," said Granberry, adding that "state assistance is needed badly."

Granberry appeared in Fort

Worth at a session of a Republican women's club. Also there was Odell McBrayer, the other Republican seeking his party's nomination for governor.

'SOUL HANDSHAKES'

Briscoe strolled through the streets of downtown Dallas, barging into crowds at bus stops and shopping points to ask for their votes. "Hi, I'm Dolph Briscoe," he said holding out his hand for a shake.

"Hope you can help us," chimed in Janey, his wife.

The governor apparently made hay with his Dallas jaunt of about 15 blocks beginning in the 4 p.m. rush period. Aides handed out bumper stickers

and brochures as the pedestrians gathered around.

Several young blacks greeted the governor. He exchanged "soul handshakes" with them.

'One Man's Subsidy Is Another's Taxes'

"Every day we read and hear about inflation, but if I were to ask 60 people to define it, I would probably get 60 different answers," said George A. McAlister Jr., banquet speaker Friday evening for Spring City Chapter, American Business Women's Association.

S. TOM CAIN

McAlister is the founder of Gamco Industries, Inc., who retired to become sole owner of Puerta Grande Oil Company.

The speaker continued by saying that before one can find out what inflation is, one has to find out what money is.

"Money is best defined as a commodity that is accepted in exchange for goods or services rendered by an individual who intends to exchange it for something he wants," explained the speaker.

To illustrate inflation, McAlister related an example of an island populated with people who possessed different talents or commodities and exchanged these talents or commodities for things they needed. One individual made nails. The nails were needed by everyone (and could be easily carried) so they became the medium of exchange.

However, because they were so easy to make, there soon became an overabundance of nails and, thus, it took more and more nails to obtain services or commodities which became scarce.

"The money we use today," said McAlister, "is fiat money, that is money by royal decree. The United States went off the gold standard in 1933; citizens are forbidden to have gold bullion or coins unless they are dated before a certain date or used as a hobby."

"Government leaders have long maintained that we do not need gold as citizens; we need it for the government, and refuse to redeem money for gold. This is a repudiation of a promise. By various laws passed throughout the past several years, the government has power to print as much money as it wants, regardless of the amount of gold in the reserve to cover these promissory notes."

"Thus, there is more currency in circulation than there is gold to cover it. To an extent, this can be done without upsetting the apple cart. The acceptable rate is about four per cent. "Our inflation rate today is approximately 15.6 per cent. In about seven years, or less, the dollar will be zilch. Today it is worth 60 cents."

McAlister foresees that within the next 18 to 24 months, the price of gold will rise to \$200 per ounce. "Inflation is something we must take seriously,"

continued the speaker. "It will continue until there is either a restraint placed on the money supply or there is an over exertion of product supply."

"A perfect society is a myth. There has to be chiefs, as well as followers, if we are to have free enterprise. One man's subsidy is another man's taxes."

Members of the Chapter and their guests met at Big Spring Country Club to honor their 1974-75 Boss of the Year, S. Tom Cain, owner of Cain Electric Supply Company.

Cain was nominated by his secretary, Ms. Nancy West, and the trophy was presented by Clyde Hollingsworth, last year's recipient of the award.

Cain, a native Oklahoman, was reared in Dallas. Before moving to Big Spring in 1965, he was an executive vice president of Electric Supply Corporation, a wholesale electric business in Dallas. He took extension courses from Baylor University and has attended several courses at Southern Methodist University.

Mrs. Kenneth Connor, chapter vice president, extended the welcome at the banquet, and the master of ceremonies was Don Norman. A highlight of the entertainment was a belly-dancing demonstration by Ms. Dorothy Docter and Ms. Mary Reese.

Other program participants were Mrs. William Jackson, presenting the history of ABWA; Mrs. Robert Lowe, ABWA creed; and Mrs. Jimmy Jennings, chapter president and Woman of the Year, presenting the vocational talk.

Ms. Ruth Harper was banquet chairman, and prayers were by Mrs. Fred Butler and Ms. West.

Bride-Elect Introduced During Tea

An introductory tea honoring Miss Felice Gaskill, bride-elect of Robert V. Bryant, was held Sunday in First Federal Community Room, with hostesses being Mrs. Richard S. Grimes, Mrs. Delbert Simpson, Odessa; Mrs. Roy Spivey, Mrs. J. L. Stevens, Mrs. Earl Newell and Mrs. James Abbe. The hostesses were attired in formal gowns in pastel colors.

The honoree, attired in a full-length, yellow lace dress, was presented a corsage of yellow renunculus babies'-breath, Sweetheart roses and blue carnations.

Blue and coral carnations were used in corsages for Miss Gaskill's mother, Mrs. Harland Gaskill of Dalhart and Bryant's mother, Mrs. Neal Bryant. Among the guests were his grandmothers, Mrs. G. L. Bryant, Floydada, and Mrs. V. C. Barber.

Silver and crystal appointments were used on a refreshment table covered with a pink taffeta skirt overlaid with pink tulle trimmed with ribbon and lace. The centerpiece was a green, etched vase arranged with blue carnations, white Killian daisies, peach tulips, yellow renunculus and babies'-breath. Mrs. Richard A. Grimes, Odessa, and Mrs. Linda Harvey, Portland, Texas, presided at the guest registry.

The couple will be married Aug. 10 in Dalhart.

Mrs. Cawthron Feted By Class

Mrs. Druce Cawthron was honored on her birthday Saturday when the Friendship Class, Wesley United Methodist Church, met in her home, 604 W. 5th. Gifts and cards were presented by the class.

Prayer was by Mrs. J. W. Brigrance, and business was conducted by Mrs. J. C. Ray. It was reported that Mrs. Flo Odom has printed new cards for the class roll.

The devotional, "Love is the Final Word," was given by Mrs. Oliver Cofer Sr.

Refreshments were served to 10 members and a guest, Mrs. Opal Newton.

A LOVELIER YOU Blow-Dried Locks Need This Shampoo

By MARY SUE MILLER

Does blow-dry styling show off your hair to advantage? Or does your hair look dry and endy after blow-drying? The latter result has now been forestalled and you can have a blow-dry styling, and shining, smooth tresses at the same moment.

It is done via hair management, a unique shampoo that insists that the hair obey. Obey ideas, are built right in. Ideas like come clean, gain supple silkiness, resist tangles to avoid the cause of breakage.

Blow-dry styling is an established favorite of many women and hair-dressers. It's a nice thought that all devotees may now indulge in the process without fear of a shoddy finish.

Such a shampoo, of course, can be recommended for use on abused locks, the overtime and over-permanented. The action gently persuades unmanageable hair to give up and succumb to comb and brush. In addition to taming, there's a conditioning action.

It goes without saying — or does it — that abuse must be stopped dead. Hair cannot be fully reconditioned if abuse is permitted to continue. At this season the sun can become a hair abuser. Its rays are at peak. A hat or a head scarf is the order of the day. So fashion-right, too!

YOUR GAIN

Are you too, too thin? And you never can gain an ounce. Send for my leaflet, "Your Gain." It shows you how to gain a pound a week by eating the right foods, working with spot increasing

routines and having fun. Plus tips on your most flattering fashion styles. For your copy, write to Mary Sue Miller, in care of the Big Spring Herald, enclosing a long, self-addressed, stamped envelope and 15 cents in coin.

Musicians Play Country Music

"Blue Grass Country Music," along with folk songs and hymns was performed by Rick Zoerb and David Cooper, members of First Baptist Church who are stationed at Webb Air Force Base, when the Triple L Club met Thursday evening for a dinner at the church. The entertainers are in the Adult Two department headed by Sid Clark.

Recognition was given to those persons having birthdays in April and, after the dinner, approximately 75 members and guests participated in games.

The next dinner event is scheduled at 6:30 p.m., May 16 at the church.

Coahoma Club Lists Winners

Mrs. Norman Roberts placed high when the Coahoma Bridge Club met Monday evening in the home of Mrs. E. L. Collier. Other winners were Mrs. Wendell Walker, low, and Mrs. Billy Spears, bingo. The next meeting will be held in the home of Mrs. Lynn Stewart.

Rook Club Has Games Friday

Two tables were in play for the Rook Club games held Friday in the home of Mrs. Isla Davis, 103 E. 17th, with Mrs. C. E. Shive and Mrs. S. R. Nobles tying for high score. Following the games, refreshments were served by the hostess. The next mtg will be May 17, place to be announced.

Friends Re-United At Moore School Event

Residents of the former Moore Community and students of the old Moore School held their 12th annual reunion and homecoming Sunday in the fellowship hall of First United Methodist Church with L. D. Hayworth serving as the presiding officer. Registration began at 1 p.m.

Prayer was by a former student, Orin Nichols, of Midland. Mrs. L. D. Hayworth read the minutes of last year's reunion, and the Rev. Elra Phillips

Easier Moving

Before moving to a new location, have draperies, rugs and slipcovers cleaned. Also get furniture re-upholstered — if needed — and do a general overhaul of belongings, suggests Patricia A. Bradshaw, housing and home furnishings specialist.

conducted a memorial service honoring 14 members of the group who died during the past year.

Former teachers and trustees of the school were recognized by Hayworth, after which vocal numbers were presented by Carrie Wheeler, Pam Wheeler, Melody Diane Hayworth and Lydia Hayworth.

The afternoon was spent visiting and reminiscing with old friends. Refreshments were served by Mrs. Charles Bell and a junior group from the church. There were 79 persons in attendance, and Hayworth expressed appreciation to those who made the reunion possible.

The Rev. Phillips was elected president of the reunion association for the next year, with Doyce Ray as vice president and Mrs. Bill McIlvain as secretary. The next reunion will be held the fourth Sunday in April, 1975.

Party Honors Future Bride

Miss Denise Bryant, future bride of John Bolcourt of Syracuse, N.Y., was honored at the pre-nuptial gift shower Saturday from 3 to 5 p.m. in the home of Mrs. Dean Forrest, Derrick Road, Midway Addition. There were 18 cohostesses for the affair.

Miss Bryant, who received guests with her mother, Mrs. J. W. Bryant Jr., was attired in a full-length, A-line dress of floral print, designed in a sleeveless fashion with rounded neckline. The women were presented corsages of yellow daisies, as were the honoree's grandmothers, Mrs. M. O. Hamby and Mrs. Lillie Bryant, the latter of Odessa.

Out-of-town guests included Mrs. Charles Lynch and Mrs. Bruce Bell, both of Midland; Mrs. Pete Bryant, Odessa; and Miss Amanda Bryant, McKinney.

Guests were served refreshments from a table covered with a white tulle cloth and appointed with crystal and silver. Centering the table was an arrangement of white daisies. The register table was accented with a French bouquet.

Miss Bryant and her fiancé are students at East Texas State University, where he will graduate in May. The wedding is scheduled for May 23 in the sanctuary of Wesley United Methodist Church.

Life Award Presented By PTA

At the meeting of the College Heights Parent-Teacher Association Thursday, Mrs. D. W. McCann gave the devotional, then presented a program which introduced the officers for the coming year. She told them of the "PTA disease" they were contracting and what to expect as it progressed.

Introduced by Mrs. McCann were Mrs. Jimmy Townsend, president for 1974-75; Mrs. S. C. Jones, vice president; Mrs. Billy Plew, secretary; and Mrs. Jimmy Bailey, treasurer.

The Life Membership committee announced that Mrs. Charlie Shanks had been chosen as recipient of the Life Membership. Mrs. Shanks was presented a pin and certificate.

Members were reminded that the spring conference for District 16 will be held at the Ramada Inn April 30, and the PTA City Council luncheon will be May 7 at Holiday Inn.

The room count was won by Mrs. Doc Irwin's fifth grade class, which also won the door prize.

Forum Gives Funds, Views Craft Display

The Woman's Forum met Friday at the Creative Arts and Supply shop in Highland Center Mall where Mrs. Glenna Hughes, owner, and Mrs. Charles Mussman conducted a tour of the craft shop, showing various crafts which are available there.

Some of those shown were tote paintings, acrylic painting, inkings, needlepoint, crewel embroidery, decoupage, ecology kits and the making of purses and fabric

flowers. Mrs. Hughes announced that classes in inkings are being held at 9:30 a.m., Mondays.

The club reconvened at the home of Mrs. Escal Compton, for business, with Mrs. Joe Pickle as cohostess. Mrs. Paul Klonka, president, and Mrs. R. E. Henderson was introduced as a guest.

A discussion was held on projects for the coming year, with members specifying \$50 for the Dora Roberts Rehabilitation Center and another \$50 for the Howard College Memorial Nursing Fund.

Mrs. Omar Jones said the final meeting of the year will be a luncheon at 1 p.m.,

May 17, when Mrs. W. N. Norred will install new officers. The new slate will include Mrs. Klonka, president; Mrs. C. R. Wiley, vice president; Mrs. Jack Y. Smith, recording secretary; Mrs. Compton, corresponding secretary; and Mrs. Helen Stewart, treasurer. Refreshments were served to 16 members and guests.

Beauceants To Have Workday

The Social Order of the Beauceant met at 7:30 p.m., Monday in the Masonic Temple, 221 1/2 Main, with Mrs. W. C. Fryar presiding.

A workday and special dish luncheon will be held Wednesday, beginning at 9 a.m. at the Temple.

During a brief business session, the group agreed to send a monetary gift to a new assembly being constituted at Nashville, Tenn. Refreshments were served by Mrs. Eugene Gross to members and Sir Knights who were guests. The next meeting will be May 13 for a practice initiation.

Jose Arriolas Announce Birth

Mr. and Mrs. Jose Arriola, 438 Pelican, Corpus Christi, announce the birth of a son, Daniel, born at 3:35 p.m., April 2 in the Corpus Christi Naval Hospital. The maternal grandparents are Mr. and Mrs. Ramiro Hernandez, Garland, and the paternal grandparents are Mr. and Mrs. Meliton Arriola, Big Spring. The father is serving at the U.S. Naval Air Station with the rank of BT27 2nd. C.

RAY FARABEE

DEMOCRAT for STATE SENATE

AS A CONCERNED CITIZEN RAY FARABEE BELIEVES:

Water resources for West Texas must be given immediate attention. Responsible government should solve problems before a crisis occurs. Big government and more regulations are often the source of our problems. Ray Farabee opposes sending more of our tax dollars to Austin and Washington.

Enlightened

Dear Abby
Abigail Van Buren

DEAR ABBY: This is concerning the lady who was irate because so few had responded to the R.S.V.P. on her party invitation. I resent your statement that such people are either ignorant or negligent.

I am a university professor with a Ph.D., have traveled extensively in about 20 countries, have attended socials with ambassadors and other notables, so I don't consider myself an ignorant person. Yet, until you printed it in your column, I never was sure of the meaning of R.S.V.P.

As a professor, I have learned that many college students don't know which

way the earth rotates, or the difference in time between New York and Denver, so is it realistic to expect them to know the meaning of R.S.V.P.? Or do I have my priorities reversed?

I suggest that if the lady would substitute "Please let us know whether or not you are coming" for "R.S.V.P." on the invitation, she would have had much better response.

UNDERSTANDING IN COLORADO
DEAR UNDERSTANDING: Ignorance is simply the absence of knowledge, which is no crime. We are all ignorant — only on different subjects — no offense intended.

DEAR ABBY: I have recently had a breast removed following cancer surgery. Please don't misunderstand me, I am glad to be alive and thank God it was discovered in time, but there is another problem: My doctor told me that in my case plastic surgery to recreate a natural-looking breast is possible. I was thrilled until I learned that my insurance company takes the view that since the loss of a breast doesn't impair bodily function and is not the result of an accidental injury, it is considered cosmetic surgery.

Although a natural-looking artificial breast isn't essential to my physical well-being, it would do worlds for my morale. Or am I just vain? And don't you think this should be covered by insurance?

MRS. F.: To quote Dr. Eugene W. Worton, a member of the California Society of Plastic Surgeons, and a consultant of mine: "If a woman has a breast removed because of cancer and wants reconstruction so that she can wear a bathing suit or a low-cut dress, that is hardly cosmetic in the sense of a woman having a facelift or a nose operation. This woman has a deformity she acquired as a result of cancer and she wants to return to normal. She is not asking to be the centerfold of Playboy."

I agree with Dr. Worton.

Fabric Flowers Demonstrated

The making of fabric flowers was demonstrated by Mrs. Glenna Hughes, guest speaker Monday evening for the Coahoma Young Homemakers. The next meeting will be at 7 p.m., May 20 in the homemaking building, Coahoma High School. At that time, a film will be shown by an American Cancer Society representative, explaining self-examination for breast cancer.

LOSE 10-20-30 POUNDS! Easy To Lose Lbs. Fast With New Vitamin 'E' Diet

HOLLYWOOD (Special) — New scientific discoveries have produced a Vitamin E diet that quickly works wonders on overweight people, and reportedly is gaining great popularity across the country with growing reports of easy weight loss "while still eating almost as much as you want."

Those who follow the simple Vitamin E diet report an average loss of at least a pound a day and even more without exercise or starvation. Nutritionists' files are bulging with happy testimonials from formerly overweight people who are now trim and slim again. Best of all, you can still eat almost as much as you want of the "forbidden foods" like steak, chicken, fish, sauces, gravies, bacon & eggs and still lose weight.

Chewable (candy-like) vitamin E tablets, as used in the diet plan, contain a new scientific combination of ingredients that quickly curbs and controls the appetite, while also giving the wonderful benefits of Vitamin E which is so essential to good health.

The use of the new Vitamin E Diet tablets and foods prescribed in the plan will, through natural action, act to help your body use up excess fat. According to recent clinical test, a person who is deficient in Vitamin E or Protein "will double the speed of fat utilization" with the use of Vitamin E.

E-DIET AVAILABLE

To get a copy of this highly successful diet and E Tablets, send \$5.00 for 10 day supply (or \$7.00 for 20 day supply or \$10.00 for 30 day supply) to: Vita-E Diet, Dept. No. VI, 11526 Burbank Blvd., North Hollywood, Calif. 91601 (Unconditional money-back guarantee if not satisfied.)

Yaz Stars In Boston Win

BOSTON (AP) — Closing in on his 35th birthday, Carl Yastrzemski of the Boston Red Sox is playing like a spry little kid. He resembles the Yaz who won the American League's Triple Crown in 1967, but he refuses to look back.

"I'll never forget '67 because I had such a wonderful year and we won the pennant, but there's no sense in looking back," Yaz said Monday night after hitting two homers and a single for three runs batted in in Boston's 4-2 victory over the Kansas City Royals.

It was the only game played

in the American League. In the lone National League game scheduled Monday night, the Houston Astros blanked the Atlanta Braves 7-0.

Yaz, named team captain by new Manager Darrell Johnson in spring training, is wrecking opposing pitchers. He is hitting .360 with six homers and five doubles among his 18 hits in triggering the Red Sox into the AL East lead with a 9-5 record. His slugging percentage? A whopping .860. And it has resulted in 16 runs batted in. He also leads the Red Sox with 11 runs scored.

Yastrzemski, whose single scored a run in the first inning, drilled a shot over the Boston bullpen into the bleachers in right center for his homer in the sixth. Then, in the eighth, he lined a shot into straightaway center for another homer.

"Yes, I would say that he's swinging a pretty good bat," Boston Manager Darrell Johnson said with a smile after the Red Sox' fourth consecutive victory. "We need him and he knows it."

Yaz, who will be 35 in August, singled and grounded out against Kansas City starter

Nelson Briles. He unloaded the homers against reliever Joe Hoerner, who went looking for another pitch to throw the Boston slugger the next time he faces him.

Astros 7, Braves 0

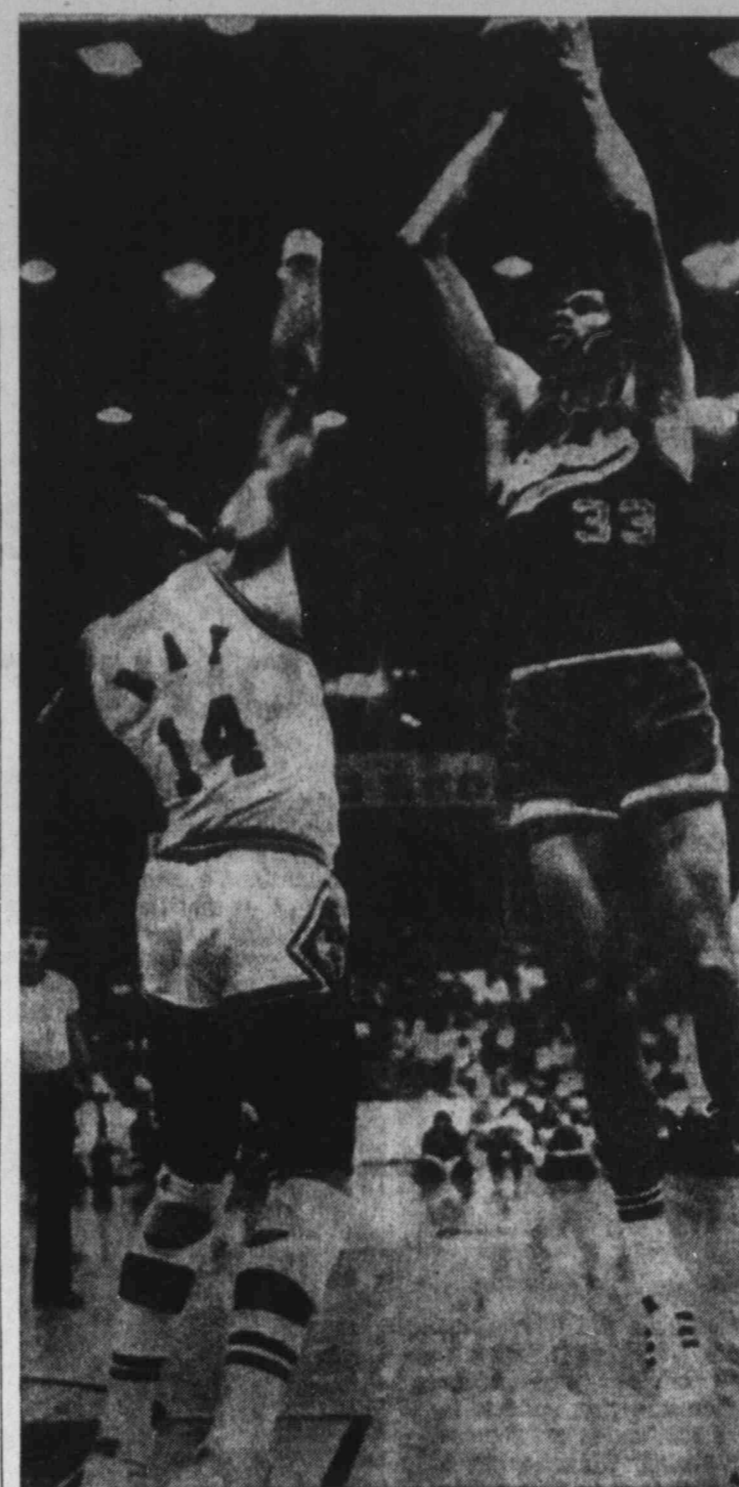

"I'm only a growing boy," said Cesar Cedeno after blasting a pair of homers to back Claude Osteen's seven-hit shut-out pitching. "I've got some power now and I'm going to get some more."

"I'm only 23. I think my power will be to all fields when I get my full strength."

Cedeno followed Roger Metzger's single with a two-run blast off Roric Harrison in the Astros' three-run fifth. He hit a three-run blast in the seventh, following Greg Gross' double and a walk to Metzger.

His third and fourth homers of the season gave him 23 runs batted in, pushing him into the major league lead.

The shutout was Osteen's first with the Astros and 39th of his major league career, ranking him second to the 55 posted by St. Louis ace Bob Gibson among active pitchers.

TOWERING BUCK — Milwaukee's Abdul-Jabbar (33) goes high to make a jump shot over Chicago Bull Clifford Ray (14) in NBA playoff action Monday in Chicago. The Bucks won the game, 115-99, to sweep the series with four straight victories.

Bucks Eye NBA Finals

CHICAGO (AP) — "The Big J," dead as ever, and "The Big O," evergreen pro, have the Milwaukee Bucks primed and ready to strike for the National Basketball Association championship.

The Bucks exploded in the second half for a 115-99 goring of the Chicago Bulls Monday night in the Chicago Stadium to waltz off with a four-game sweep of their Western Conference final series.

Milwaukee now marks time, awaiting the NBA title showdown against the winner of the current Eastern final series between the Boston Celtics and the New York Knicks.

The Boston-New York argument resumes Wednesday night in Boston with the Celtics holding a 3-1 edge in the best-of-7 series.

In the American Basketball Association, Indiana kept alive Monday night in the Western Division playoff with Utah, winning 110-101 to trail 3-2 in the quest to face New York in the ABA title round.

As Milwaukee advanced to the final NBA round with eight victories in nine playoff games against the Los Angeles Lakers and Bulls, Kareem Abdul-Jabbar sky-hooked 38 points and plucked off 24 rebounds.

But it was the 35-year-old Robertson who applied the coup de grace to the overmatched Bulls. Big O, in his 14th NBA season, went scoreless as the Bulls fought to a 52-48 halftime lead, but then he turned the tide with three quick baskets starting the second half.

Robertson scored 10 of his game total of 16 points in the third quarter when the Bucks broke the game open with 12 unanswered points to surge ahead 75-68 and then coast to an easy victory.

"I never saw Oscar play any better. He simply turned the game around for them," said unhappy Bulls Coach Dick Motta, whose club was obliterated

in its first NBA second-round effort in history.

In the ABA, Indiana's Pacers stayed alive against the Utah Stars, after once trailing 3-0 in their series, on 29-points each by Mel Daniels and George McGinnis.

Utah missed the services of ailing Zelmo Beaty, who also may be benched by an infection for Thursday's sixth contest at Terre Haute, Ind.

Favorites Upset In SWC Tennis

HOUSTON (AP) — Top-seeded George Hardie of Southern Methodist and second-seeded Ross Walker of Houston headed into the third round of the Southwest Conference tennis tournament today but the other two seeded players have been eliminated.

Houston's Lee Merry was defeated in the second round Monday by Texas A&M's Bill Hoover, 6-4, 6-1 and third seeded Bob Ogle, also of Houston, overslept and defaulted the first round.

NFL Owners Talk Expansion

NEW YORK (AP) — The National Football League, which may lose dozens of players in 1975, begins talking seriously today about the possibility of adding anywhere from one to five teams that year.

The 26 NFL teams, concerned about unresolved negotiations with its players and potential competition from the infant World Football League, begins what is expected to be at least three days of meetings to mull over the granting of franchises to Memphis, Seattle, Phoenix, Tampa and Honolulu.

In the last NFL expansion, the Cincinnati Bengals joined the league in 1968 at a cost of about \$8.5 million. This time the entry fee will likely exceed \$10 million. If the NFL does decide to expand, the guess is it will add two teams for the 1975 season.

If there are "favorite" and "longshot" roles, they belong to Memphis and Honolulu, respectively, thanks to the emergence of the 12-team WFL, preparing to begin competition in July.

Memphis was originally a part of the WFL's plans — but the city told the league, "It's thanks ... but no thanks." It said it was holding out for a shot at an NFL team.

But remote Honolulu, affected by scheduling and travel problems stemming from the energy crisis, prospects further dimmed its NFL prospects by accepting a WFL franchise. That created the possibility of an unpredictable legal battle for a limited audience of only 650,000, smallest regional population of the five candidate cities.

Midland Cubs End Early Season Skid

Four home runs put Midland in the win column for the first time in four games Monday in a Texas League scheduled abbreviated to one contest because of rain.

Midland beat San Antonio 5-4 to break the Cubs' season-opening losing string but it wasn't until the ninth inning that Midland homers overcame the South Texans.

Ken Stotzkiewicz and Joe Wallis hit back-to-back solo home runs for Midland in the first inning and Wallis came back with another solo homer in the third, but the Cubs still were tied 4-4 going into the final inning.

Bill Bright blasted a fourth

solo homer in the top of the ninth, and Mike Young, who claimed the victory with three innings of one-hit relief, stopped San Antonio in the bottom half of the inning.

Shreveport at Alexandria and Victoria at Arkansas were rained out, completely washing out the East schedule. El Paso and Amarillo were not scheduled.

Tonight's schedule has Amarillo at Midland, El Paso at San Antonio, Alexandria at Victoria and Arkansas at Shreveport.

Church Softball Meet Under Way

Westside Baptist rallied for three runs in the last inning to edge Trinity Baptist 6-5 in the first game of the Church League Preseason Softball Tournament Monday at City Park.

Danny Adamson's home run sparked the Westside team, which came back from a 5-0 deficit for the win. Craig Caudill was the winning pitcher while James Fuller was on the mound for the losers.

In the second game, Church of the Nazarene rolled to a 21-8 triumph over the First Presbyterian Church. Barry Deal stroked three hits to lead the Nazarenes' 12-hit attack, and Cotton Mize was the winning pitcher. John Kennemur suffered the loss.

Play continues Thursday night with the Assembly of God Church taking on the Catholic Church at 7:15 p.m., and at 9:15 p.m. the Christian Church plays Hillcrest Baptist.

Chicago Overcomes Errors In 4-3 Triumph Over Toros

TORONTO (AP) — Player-coach Pat Stapleton said his Chicago Cougars "made a lot of stupid mistakes" in the second period of their World Hockey Association playoff game Monday night.

The Cougars recovered, however, and scored a 4-3 victory over the Toronto Toros to even their best-of-7 semifinal series at one triumph each. The third and fourth games will be played at Chicago Sunday and next Tuesday.

It was the only pro hockey action Monday night. The Minnesota Fighting Saints lead the Houston Aeros 2-1 in the other WHA semifinal, while the Philadelphia Flyers lead the Boston Bruins and Chicago Black Hawks are tied 1-1 in the National Hockey League semis. The Cougars, who eliminated the defending champion New England Whalers in the quarter-finals, received four of their six minor penalties in the middle session. But Bob Leduc was the only Toronto player to score with a man advantage, tying the game 1-1 at 8:55.

Toronto, 6-4 winners over Chicago in the series opener last Friday, made it 3-1 on goals within 4:32 by Tom Martin and Wayne Dillon. Martin's goal came just 12 seconds after Leduc tallied.

Then Chicago rallied — a surge capped by rookie Francois Rochon's third-period goal — to even the series.

The game was a relatively mild one except for a scrap between Chicago's Darryl Mags and Toronto's Steve King in the second stanza. Each received a

Steers, Lee Clash Today

The Big Spring Steers, who hit Dist. 5-AAA's bottom last week in a 19-6 loss to Odessa Permian, try to salvage some second half life today when they host Midland Lee in a 4:30 p.m. tilt at Steer Park.

In other district action today, second round co-leader Abilene High visits first half champion Odessa Permian. Abilene High also 3-0, entertains Odessa High and San Angelo visits Midland High.

Big Spring, 0-3 and 4-18, will be trying to end a five-game losing streak today against the Rebels, who carry 2-1 and 15-7 marks into the match-up.

While the Steers were being bombed by Permian last Saturday, Lee was dropping a 13-4 decision to Cooper.

Hawks Take 2nd In WC Net Play

Odessa College turned back a threat to its Western Conference tennis dominance Monday, slapping Howard College 5-1 in the decisive final match.

"The guys were really tight," said HC coach Will Roan. "It wasn't one of our better matches this year." Odessa College finished the round-robin play at 27-3, with the Hawk second at 24-6.

Martin Vasquez of OC topped Howard's Bill Alcoer 6-1, 6-3 in the No. 1 singles match, while Wrangler Solomon Velasco defeated HC's Jay Box 7-5, 6-1 and Paul Fineman topped Terry Wood 6-3, 5-7, 7-6.

The lone Howard victory came when Ray Villarreal stopped Larry McElmurry 7-5, 2-6, 7-5 in the No. 4 singles affair.

In doubles, Vasquez and Fineman teamed up for a 6-1, 6-3 triumph over Alcoer and Wood, while Box and Villarreal dropped a 6-3, 6-3 match to Velasco and Gary Foreman of OC.

Both teams return to action this weekend in Hobbs, N.M. for the conference tournament, which will decide individual champions. The Regional tournament is set for May 9-10 in Kerrville, with the top three teams advancing to nationals.

SPRING FETE TO HONOR ALL BIG SPRING ATHLETES

The Spring Sports Banquet for Big Spring High School athletes will be held 7:30 p.m. Thursday in the school's cafeteria.

Sponsored by the Big Spring Quarterback Club, the banquet will honor basketball, baseball, girls' track, boys' track, girls' tennis, boys' tennis, golf, and volleyball teams.

"Outstanding awards to a participant in each sport will be presented by the sport's head coach. This is the only time we have to get our spring sports people together, both boys and girls, and honor them. It's an important event," said the school's athletic director Bob Burris.

For the first time, the Fellowship of Christian Athletes will present an award to an outstanding athlete. The outstanding athlete of the year, (all sports considered) will also receive the Obie Bristow Award.

Each team and their guests or dates will be introduced at the banquet. Tickets are \$2.50 and available from Quarterback Club members.

Team	W	L	W	L
Abilene	3	0	13	9
Cooper	3	0	10	10

Odessa	0	3	4	18
Big Spring	0	3	9	11

Saturday's Results — Permian 19, Big Spring 6; Abilene 5, Cooper 13; Midland 4, Abilene 5; Midland 4, San Angelo 4; Odessa 1.

Today's Games — Lee at Big Spring, Cooper at Permian, Odessa at Abilene, San Angelo at Midland.

Boadle Sparks Pirates To Win

Eugene Boadle got two of his team's hits, and the Pirates made three safeties go a long way in a 5-4 American League victory over the Jets Monday night.

A big second inning sparked the Pirates, who claimed their second win in as many outings. Marquez was the winning pitcher and Tommy Rodriguez contributed a double.

For the Jets, now 0-2, Matlock suffered the loss.

In National Minor League action Monday, the Kings smacked the Eagles 19-7 behind the hitting of Robert Eggleston, Scott Eggleston and Kurt Henson. Dean Gartman was the winning pitcher in the opener.

Gibson's Offering Top Sports Equipment Choice

Gibson's has just redesigned their West Texas Sporting Goods Center. It is quite a center. If you are needing sporting goods, drop out to Gibson's on S. Scurry and ask to see their sporting goods department. For the little leaguer, there are bats, balls, gloves and helmets and at prices you can afford.

For the spring and summer fisherman, there is a selection of rods and reels, fishing lures, tackle boxes and everything you can think of in that line. And if you're going to camp out while you're fishing, look at their Coleman lanterns and burners and all of the other needed equipment. Or if you prefer to hunt, check out their supply of rifles, pistols and ammunition. Or if it's swimming that you like, they have life preservers, rafts and other needs. Are you a rodeo fan? And the summer season is coming. They have saddles, bridles and all the riding equipment. You simply will not believe the variety. You have to see it to believe it. Golfers? Certainly, clubs, balls and all the golfing needs are on hand. Store Manager Al Stephens expresses pride in the newly revitalized department. Stop by and talk to Bill Steagald, department head, along with Josh Sullivan and Mary Arnold for your sporting needs.

Local Men Enroll In Tech Class

LUBBOCK — West Texas school officials will take a close look at evaluation systems, board policies and recent legislation affecting budgets for public education at the regional School Boards Workshop to be held Wednesday at Texas Tech University.

Approximately 200 board members and school administrators including Jim Bill Little and Al Valdes from 22 counties are expected to participate in the series of general sessions and group discussions, according to Dr. Dwight Kirk, coordinator of the annual conference sponsored by the Texas Tech College of Education in cooperation with the Texas Association of School Boards (TASB).

ALL SPORTS — Gibson's West Texas Sporting Goods Center offers something for all sports fans. Bill Steagald, Mary Arnold and Josh Sullivan are holding some of the many items available.

Nalley Pickle Is Considerate

ROSEWOOD CHAPEL

When the need for the service of a funeral home arises a person wants the thoughtful, considerate service that saves trouble and promotes a quiet dignity.

This kind of service comes with experience and care. The Rosewood Chapel is designed to provide privacy for the family during the service as well as comfort for the others attending.

The covered entrance provides shelter during inclement weather. The chapel is air conditioned during the warm months and heated centrally during the winter months. There is a large parking lot beside the chapel for convenience.

Long years of service have become the symbol of comfort during the hour of bereavement. Complete confidence in the trained men and women of Nalley-Pickle has led to a longstanding custom of turning all arrangements over to them, with the assurance that everything will be carried out perfectly to the last detail.

The serene atmosphere of the Rosewood Chapel is designed to provide privacy for the family during the service as well as comfort for the others attending.

The covered entrance provides shelter during inclement weather. The chapel is air conditioned during the warm months and heated centrally during the winter months. There is a large parking lot beside the chapel for convenience.

Any needed information may be secured by calling the owners or professional employees of Nalley-Pickle at 267-6331.

FOR A BRIGHTER CARPET

Blue Luster Gets Results

It's during winter and early spring that the housewife is called into action in the fight against carpet soil. Tracked-in dirt caused by inclement weather is the enemy against which housewives wage constant battle. Now there is a modern weapon — which is no longer a secret! BLUE LUSTRE has come to the rescue!

Women all over the country are singing the praises of America's New Favorite, BLUE LUSTRE, which has become a potent ally in the fight against grime.

Safe as water for any fine fabric, and so mild it can be used even on orientals, as well as on man-made fibers used in kitchen and outdoor carpeting, Blue Luster's foaming action penetrates and cleans deeply, holding in suspension every last particle of dirt, which is then vacuumed away when the carpet is dry after shampooing. Just one-half gallon cleans three 9 x 12 rugs. Carpet colors are restored to their original brilliance. Carpet nap is left open and fluffy — even in the well-worn traffic lanes — and the dirt is gone! The Blue Luster shampoo machine is lightweight, easy to carry and easy to use.

Rent the handy shampooer for \$1 a day with your purchase of Blue Luster, and do a professional cleaning job at home. It's available at Big Spring Hardware.

Traffic Deaths Dip 27 Per Cent

AUSTIN (AP) — Deaths on Texas highways are down 27 per cent this year compared with the figure for the same period in 1973, the Department of Public Safety reports.

There have been 655 deaths in 577 fatal accidents so far this year, the DPS says. The comparable figures for 1973 were 901 and 740.

The fatal accident rate is down 22 per cent.

The highway speed limit in 1973 was 70 miles an hour. Since Jan. 21, 1974, the limit has been 55 miles an hour.

Bell Joins WTCC Staff

ABILENE — Wayne (Bud) Bell, formerly of Dallas, has joined the staff of the West Texas Chamber of Commerce as membership director.

Born in Dallas, Bell is a 1956 graduate of North Dallas High School, and attended Howard Payne College in Brownwood. He was associated with his father in the restaurant business in Dallas and Colorado Springs until he moved to Pennsylvania where he was executive director, United Cerebral Palsy Association of Wyoming Valley, Luzerne County.

Bell also attended Edinboro State College in Edinboro, Pennsylvania, where he did special work in Public Administration, and attended workshops at the University of Wisconsin in Madison and in Denver, Colorado on Public Relations, Campaign and Fund Raising.

For many years Bell has been an active volunteer worker in many civic organizations in Dallas and Colorado Springs, and served as a coach in youth baseball, basketball and football leagues.

Mrs. Bell is the former Paula Allen of Bangs, Tex. The Bells have three children: Jeanette, 12; Michael, 9; and Paulette, 5.

Goliad Students Claim Honors

Choir students from Goliad Junior High School participating in the University Interscholastic League solo and ensemble competition held Saturday in Odessa received a total of 14 ratings of I, 12 ratings of II and two ratings of III.

Students receiving ratings of I in vocal solos included: Dana Workman, Brenda Bell, LaVoy Moore, Elizabeth Beece, Larry Wheat, Jack Young, Cassandra Green, Robert Smith, Connie Jackson, Dianne Cole, Deanna Douglas, Mark Jones and Herb Brees.

Students receiving a II rating were: Johnny Mize, Kenneth Coffee, Robert Smith and Herb Brees (boys' quartet), Johnny Mize (vocal solo), LaVoy Moore (piano solo), Lynda Thames, Phil Swindell, Herb Brees (piano solo), Libbye Lee, Trip Sullivan, Leslie Kimble, Cassandra Green (piano solo), Del Poss, and Tarasia Szczepczynski.

Students receiving a III rating in vocal solos were April Skeen and Tammy Land.

Stanton Firm Wins Citation

AUSTIN (AP) — Gov. Dolph Briscoe announced Monday the five winners of the 1973 industrial expansion awards.

The winners are Hi Pro Feeds, Inc. of Friona, Data-point Corp. of San Antonio, Superior Continental Corp. of Brownwood, Owens-Corning Fiberglas Corp. of Waxahachie and the Beaumont shipyards of Behelhem Steel Corp.

They will be honored in ceremonies in the governor's office instead of at the governor's industrial conference because of the fuel shortage. The Texas Industrial Commission voted to cancel the 1974 conference so an estimated 600 industrial leaders who annually take part in the event would not have to come here.

The winners are nominated by local chambers of commerce and selected by the commission.

Six special citations for industrial expansion will go to ARA Manufacturing Co. of Grand Prairie, Stanton Supply Corp. of Stanton, Perry Equipment Corp. of Mineral Wells, Maywood, Inc. of Amarillo, and Andy Lou of Dallas, Inc., and Texas Leisure Chair, Inc., both of the Haltom-Richland area.

TRAIN MAGNATE — Train enthusiast Larry Raid, Denmark, stands on tracks of short line railroad that he has rebuilt from Keithsburg, Ill. to Oakville, Iowa. He says later his empire will stretch as far as Winfield, when the new Mississippi Valley Railroad reaches its full 28 miles. Raid says the financial backbone of the operation is grain.

Hiring Aged To Get Cops Out From Behind Desks

MIAMI (AP) — City officials have hit upon a solution to their effort to get police officers out from behind desks and onto the street: replace them with senior citizens.

The city has opened 33 mainly clerical positions in the police department to senior citizens who make up a large part of Miami's population. It plans to hire 66 senior citizens for the jobs, giving each half a day's work.

TRY IT
"The idea to use older people came up spontaneously and seemed so logical we used it," Miami City Manager Paul Andrews said Monday.

"I think the nation as a whole is groping for ways to use the talents of senior citizens," he said. "We decided to try it."

Andrews acknowledged the plan, recommended by a senior citizens group, was not without its critics.

"A police department is a dynamic place so maybe it's not the best way to conduct research on hiring retirees," he said. "But we're trying it."

Andrews said he decided to go ahead with the plan after learning that the police department was having trouble recruiting civilians to take over posts formerly held by officers.

CAN DO JOBS
"It doesn't take a sworn police officer to make sure the practice range has the right equipment," he said. "We don't need a trained officer to issue identification cards. Older people can do those jobs."

Andrews said the police department would hire the 66 older people within the next few weeks to take over desk jobs such as typists, clerks and office managers. He said two retired persons—men or women—also would be hired as range masters on the police department's pistol range.

Two people would divide one full-time job, each working half a day, and pay would depend on the job, Andrews said.

"It's purely an exploratory program, an innovative approach to utilizing people in their senior years," he said. "We think it will work."

Majority Of Americans Still Oppose Amnesty

PRINCETON, N.J. (AP) — A shrinking majority of Americans still oppose amnesty for Vietnam-era draft evaders, but fewer want to see them punished with fines or jail terms, according to the latest Gallup poll.

Fifty-eight per cent of 1,527 adults interviewed March 29 through April 1 said young men who left the United States to avoid the draft should not be allowed to return without being punished. In a similar survey last year, 67 per cent expressed that opinion.

In the latest survey, 34 per cent of those questioned favored unconditional amnesty and 8 per cent offered no opinion. In the earlier survey, 29 per cent favored amnesty and 4 per cent offered no opinion.

In both polls, the question was: "Do you think young men who left the United States to avoid the draft should or should not be allowed to return to this country without some form of punishment?"

Among those who want to see returning draft evaders punished, more than four out of five said a period of service—such as the Peace Corps, VISTA or the military—should be required.

'A VERY SPECIAL RELATIONSHIP' Agnew Assured Of \$300,000 For His Novel, Agent Says

WASHINGTON (AP) — Former Vice President Spiro T. Agnew already has been assured of more than \$300,000 for his novel and could get more than \$1 million, his agent said Monday.

And, the agent, Scott Meredith, said Agnew is committed by contract to visit England for five days to promote the novel, "A Very Special Relationship," on its publication there by W.H. Allen Ltd.

DEADLINE
Meredith said the visit could come as early as next January or February if Agnew completes the book by September.

County Welfare Group To Meet

The regular monthly luncheon meeting of the Howard County Welfare Group will be held at noon, Thursday, at the Tea Room, 510 Main St.

Betty Condray, coordinator of staff development for the Big Spring State Hospital, will be the speaker. She will explain "Reality Orientation," which is the basic technique used in working with confused and disoriented people.

All interested persons wishing to hear Ms. Condray and attend the luncheon need only be at the Tea Room at noon on Thursday. No reservations are necessary, said John J. Clancy Jr.

as he hopes to, or as late as May if Agnew writes up to his contractual deadline in December.

Meredith has periodically issued reports on new contracts for the book, always giving general rather than exact figures on the amount Agnew would receive.

In addition to the British contract, he said contracts had been signed for Japanese publication by Hayakawa Shobo, Portuguese publication by Moraes, Greek publication by Labrakis Press and Flemish serialization by the Brussels newspaper De Post.

MOVIE RIGHTS
He said Spanish, Brazilian and French offers had been turned down, but that he anticipated signing 20 more foreign contracts. Movie rights have not been sold.

Asked about the monetary figures, Meredith replied, "In some countries over \$100,000. The British and German contracts definitely. But in France nobody's ever got over \$100,000." No German contract has been signed.

He said the U.S. contract, with Playboy Press, was the highest, which would put it over \$100,000.

He put the contract for U.S. serial rights with Ladies Home Journal at over \$100,000 and said, "In total, this book could bring more than \$1,000,000."

In England, Agnew is to appear on television, hold news conferences and meet publishing executives as part of the promotion of the novel, an account of a vice president a decade in the future who becomes the dupe of Iranian militants seeking a U.S.-Soviet confrontation.

William Snyder, a lawyer for Hunt, said his client was not immediately aware of the stock purchase, the Times reported. Snyder said the Washington-based brokerage firm of Ferris & Co. had been given discretionary power to make investments for Hunt. Notification of the stock purchase was not immediately forwarded to Hunt at the Danbury, Conn., federal prison, the Times quoted Snyder as saying.

The settlement date on most of the stock purchases was March 21, 1973, the same day he received \$75,000 from the White House, the Times said. Hunt had demanded \$120,000 from the White House to pay his legal expenses and support himself and his four children.

He told the Senate Watergate Committee last September that

he was in deep financial trouble.

In late March 1973, Hunt went to federal prison for his part in the Watergate burglary. He has been out of jail for three months.

Hunt, said his client was not immediately aware of the stock purchase, the Times reported.

Snyder said the Washington-based brokerage firm of Ferris & Co. had been given discretionary power to make investments for Hunt. Notification of the stock purchase was not immediately forwarded to Hunt at the Danbury, Conn., federal prison, the Times quoted Snyder as saying.

'Destitute' Conspirator Owns \$100,000 In Stock

LOS ANGELES (AP) — Watergate conspirator E. Howard Hunt owns \$100,000 in stock purchased six months before he told a Senate committee he was destitute, the Los Angeles Times said today.

The newspaper said it learned from Hunt's brokerage records that \$109,872 in securities was purchased with part of the \$260,000 the former Central Intelligence Agency operative received in flight insurance on his widow, who died in a Dec. 8, 1972 airliner crash in Chicago.

The settlement date on most of the stock purchases was March 21, 1973, the same day he received \$75,000 from the White House, the Times said. Hunt had demanded \$120,000 from the White House to pay his legal expenses and support himself and his four children.

He told the Senate Watergate Committee last September that

DAY OF THE BLACK ROCK — III Most Of Coal Might As Well Be On Moon

(EDITOR'S NOTE: This is the third in a series on Texas and coal.)
AUSTIN, Tex. (AP) — Texas has an estimated 110 billion

JUDGES IN 20-HOUR J. P. SEMINAR — Three justices of the peace from Region IX were among the more than 40 judges who participated in a 20-hour basic Texas Justice of the Peace Training Center seminar conducted April 9-12 in El Paso. Judges from Region IX participating included, left to right, Judge Lena Gipson of Precinct 1, Morton; Judge Lula Adams of Precinct 2, Coahoma and Judge Gus Ochotorena, Jr. of Precinct 2, Place 2, Big Spring.

The number thirteen is lucky for some, especially for bridge players who are able to count that far. South was among that group, and that was the only skill he required to bring home his slam.

South thought he was too good to double three spades for takeout, so he decided to try a cue-bid of four spades before mentioning hearts. That was sufficient inducement for North to drive the hand to slam. His bid of four no trump asked South to show his suit — it was not Blackwood because no suit had been agreed upon. After South bid hearts North showed the ace of spades, and South wisely elected to rebid his solid six-card suit

in preference to mentioning his scrawny club suit.

West led the king of spades, and South was only mildly satisfied with his dummy. It seemed that the fate of the contract hinged on the club finesse. However, declarer decided to learn as much about the hand as he could before committing himself.

He won the ace of spades and immediately ruffed a spade, East discarding a diamond. Three rounds of hearts were drawn, and the ace and king of diamonds were cashed, West discarding a spade on the second round of each red suit. Thus, West was marked for exactly seven spades, one heart and one diamond, and therefore four clubs. Suddenly, the odds against the club finesse had become rather strong.

However, South found a way to turn his knowledge of the count of the hand to his advantage. He cashed his last trump, coming down to four clubs in his hand and three clubs and a spade in dummy. West had to guard the queen of clubs and couldn't discard all of his spades lest he set up dummy's spade, so perforce he came down to one spade and three clubs.

With this groundwork laid, declarer crossed to dummy's king of clubs and led the spade, discarding a club from his hand. West won the trick, but had to concede the slam by leading from his queen of clubs into declarer's ace-jack tenace.

mineral—about 100 billion tons—is deep underground and unreachable. It lies less than a mile underfoot while industries on the surface are desperately searching for energy sources.

Unlike oil and gas, lignite cannot be pumped to the surface from deep deposits.

It has to be wrenched from the earth physically, chunk by chunk.

For deposits covered with 200 feet or less of surface material, this can be done economically by strip mining. Thousands of tons of such near-surface coal is already being harvested in Texas.

UNREACHABLE

But under established technology, most of the state's coal might as well be on the moon—it's that unreachable.

A team of University of Texas geologists and engineers hope to change that. They are studying a plan to harvest the energy from deep deposits of coal without having to dig it up. This is done by burning the coal in place. As some of the coal burns, the rest of it heats up and gives off a gas similar to natural gas.

"The product gas would have a low BTU (British thermal unit) content," says Dr. William R. Kaiser, a University of Texas geologist. "It would be very suitable for boiler fuel or as a feed stock for the chemical industry."

RUSSIANS DO IT

Kaiser said the process is still being studied, but in general it would work like this:

Vertical boreholes 50 to 400 feet apart are drilled from the surface into the coal deposit. The coal is ignited through one hole. Some type of oxidizer—air and steam or air enriched with oxygen—is pumped down to keep the coal burning. Product gases are forced out the other hole and collected.

"It's technically feasible to do this," says Fraiser. "The Russians have been doing it on a commercial basis for years."

The Soviet operation collects 15.6 billion cubic feet of gas a year from deep lignite deposits, and Fraiser said such a process in Texas could be even more successful. Gas from the Texas lignite would have a higher

BTU content, he said, which means it would burn hotter and, hence, be more valuable.

IDEAL STATE

Texas would be an ideal state to attempt in place coal gasification, says Fraiser.

"Such an operation would have to be in a rural area, but still near enough to metropolitan area so you wouldn't have to pump the gas very far," he said. "Probably 100 miles would be the maximum." The low BTU content of the gas makes more distant pipelining uneconomical, he said.

Deep basin lignite deposits occur in Texas in Madison, Houston, Leon, Lee, Fayette and Bastrop Counties. This is within economic range of Austin, San Antonio and Houston and for many of the Gulf Coast petrochemical plants which could use the gas as a feedstock.

Fraiser said North Dakota has large deposits of deep basin coal, but they are too remote from population centers to be economically recovered by in place gasification.

There are several technical problems to be worked out before such an operation is possible, said Fraiser, and the process is not entirely free from risk of damage to the environment.

WATER TABLE

The geologist said there is "always the potential of polluting fresh water resources", but most Texas deep basin lignite is below the water table.

Burning the coal will also leave a subsurface cavity which could be filled by material from above. This, in turn, could lead to surface subsidence, the ground sinking slightly. Fraiser said this should be no serious problem, however, in rural areas.

The environmental advantages to this use of coal are that there would be no massive surface disturbance, such as with strip mining, and all of the waste heat and ash would be left underground, said Fraiser.

NEED IS GREAT

The University of Texas team could develop the technology to establish an in-place coal burning plant within five years, he

said, and at a cost of about \$5.5 million.

Development would include test holes to locate the best site to begin work and experiments with techniques for burning the coal.

The investment is one that should be made, said Fraiser.

"The energy need of Texas is great," he said. "It promises to be much greater."

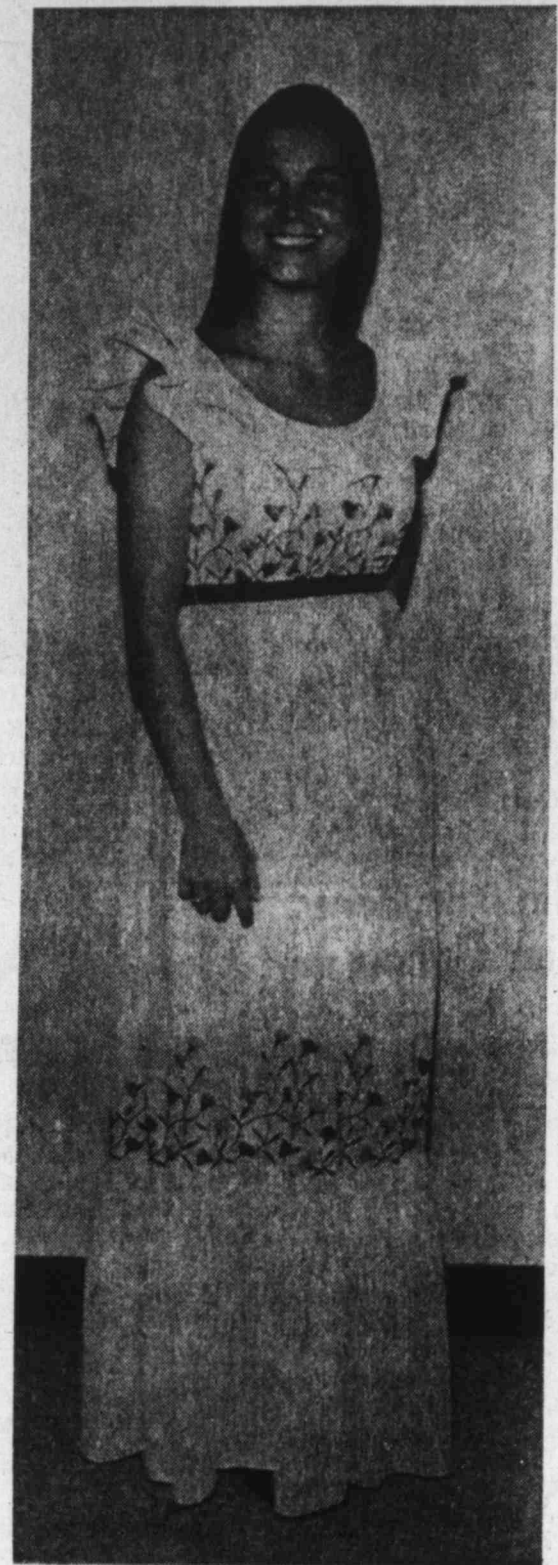

And lignite that currently is useless has the potential of providing a major part of that need.

Edna Womack Is Hurt In Wreck

Mrs. Edna Ellis Womack, 1601 Tucson, is in Hall Bennett Hospital, following injuries received in a wreck at 5:26 p.m.

Saturday at 14th and Young. A hospital spokesman declined to give out any report on the condition or the injuries of the patient.

Mrs. Womack was in a collision with a vehicle driven by Henry F. Edwards, 1321 Elm.

Elegant Formals With Prom In Mind

... to proms, to banquets, whatever the occasion you need one of our beautiful spring formals.

We have your size and lovely rainbow colors.

formals, from 30.00

Local Students Claim Laurels

The University Interscholastic League Solo and Ensemble contest held in Odessa College Saturday brought top honors to many Big Spring students.

Forty high school students received first place medals and 22 Runkle students also won top honors. Some 1,300 entrants competed in the contest.

**REVIVAL —
— PRESBYTERIAN
CHURCH OF COAHOMA**

(Since when do Presbyterian Churches have revivals?)

7:30 P.M. April 21-26
Youth Night — Mon., April 23

Fellowship, Music, Joy, Challenge every night

Rev. Jack Bennett of Galveston will be preaching on the theme of the Resurrection Life ...

(Are you kidding, what does being a Christian have to do with really living.) (Come on and check it out.)
