

GOLAN HEIGHTS Mine Blast Kills Four Soldiers

NEW YORK (AP) — Four Austrian soldiers of the United Nations Disengagement Observer Force in the Golan Heights were killed and one wounded today when a land mine exploded, a spokesman at U.N. headquarters in New York reported.

The explosion occurred as 500 Syrian soldiers worked to clear mines from the buffer zone separating Syrian and Israeli troops.

The spokesman, William C. Powell, said the victims were among UNDOF troops moving into the buffer zone. He had no other details.

The observer force was set up in the troop disengagement agreement worked out this spring by American Secretary of State Henry A. Kissinger to end 2½ months of fighting in the Golan.

A U.N. spokesman in Damascus said the Syrian soldiers were put to work clearing land mines because of fears that the explosives would hamper the return to the embattled area of Syrian civilians after the Israeli withdrawal was completed today.

The spokesman said the force was equipped with 40 minesweeping tanks and was expected to be in the strip between the Syrian and Israeli armies for three days.

Wealthy Oilman First To Die

WICHITA FALLS, Tex. (AP) — An official verdict of homicide-suicide was entered Monday in the fatal shootings of wealthy oilman Bobby Burns and his wife by the Wichita County medical examiner, Dr. J. B. Hathorn.

The two were found dead last Friday in the master bedroom of their fortress-style mansion here. Police said a maid, cook and security guards made the discovery.

Officers reported a .38 caliber pistol containing four spent cartridges and two live rounds lay between the two beds. They decided that Burns, 55, was the first to die of bullet wounds in the head, neck and shoulder and Mrs. Burns, 50, succumbed to a wound in the abdomen.

"Based on our investigation, we concur with the findings of the county medical examiner of homicide-suicide," police Capt. R. A. Nelson said.

CALLEY'S TRIAL MANIPULATED?

COLUMBUS, Ga. (AP) — A federal judge lent some support today to William L. Calley Jr.'s contention that persons in high command influenced his My Lai murder case.

U.S. District Court Judge J. Robert Elliott said he did not doubt the integrity of the Ft. Benning Army officers who testified at Calley's 1971 trial that they were not directly influenced in the handling of Calley's case.

But he added, "I also have no doubt they were aware of what the President of the United States had been saying, what the secretary of Defense had been saying, what the Chief of Staff had been saying, what the secretary of the Army had been saying."

Burglary May Have Preceded Blaze

Units of the Big Spring Fire Department along with the Jonesboro Fire Department were called to the Earl Plew's Service Station at IS - 20 and Farm Road 700 about 3:12 this morning.

After the units arrived, Plew said that he thought he was burglarized before the fire.

Sheriff A. N. Standard said he and the city fire marshal investigated the scene today, but Standard was not ready to conclude whether arson was involved.

El Paso Man Dies In Mitchell Wreck

M. C. Brewer, a 64-year-old El Paso man, was killed in a one-car rollover two miles west of Colorado City on Interstate 20 about 5 p.m. Monday as he was pinned beneath his burning car.

Brewer, pronounced dead at the scene by Mitchell County Justice of Peace Mary Lee Moore, was traveling east on Interstate 20 when his auto went out of control on a curve, slid into the median and back across the road into a ditch where the car overturned 1½ times. He was thrown from the car and pinned beneath the top when the auto caught fire.

The World At-A-Glance

SAN DIEGO, Calif. (AP) — President Nixon's chief domestic adviser says a proposal offered at the 42nd annual meeting of the U.S. Conference of Mayors here to create "a domestic Kissinger" to spur action on home front programs in Washington is totally unrealistic and wrong in concept. Kenneth R. Cole also said Monday, "There is just no one man smart enough to be a domestic Kissinger." The job would be too big and too diverse, he said.

ELMHURST, Ill. (AP) — After Marianne McGuire weds July 6 she won't have to worry about changing the name on her credit cards or driver's license, and it's not because of a breakthrough on the women's liberation front. Marianne, 22, is marrying another McGuire, Roger. Ten of the 15 persons in the bridal party are named McGuire, and the invited guest list is one McGuire after another. James E. McGuire and his wife, Rosemary, parents of Marianne, and his wife, Margaret Mary, parents of Roger, have six children.

NIXON HEADS FOR MOSCOW

WASHINGTON (AP) — President Nixon left today for a Moscow summit with a pledge to seek closer cooperation with the Soviet Union and a lessening of "the burden and threat" of nuclear weapons.

In a brief statement before leaving nearby Andrews Air Force Base, Nixon listed three goals for his summit meeting with Soviet leaders:

—To strengthen U.S.-Soviet ties.

—To "develop areas of cooperation to displace areas of confrontation" elsewhere in the world, and

—To progress toward limiting "both the burden and threat of nuclear weapons."

The Moscow summit is expected to produce a partial ban on underground nuclear weapon tests and an agreement in principle to harness fast-developing nuclear technology.

Israeli Attacks Loom After Arabs Kill Four

TEL AVIV, Israel (AP) — More Israeli air attacks on Palestinian positions in Lebanon were expected soon in retaliation for another raid by Arab guerrillas who killed four Israelis in the seaside town of Nahariyya.

MOWED DOWN

The three guerrillas invaded an apartment house in the town seven miles south of the Lebanese border and killed a 29-

year-old woman, her two small children and an Israeli soldier before Israeli troops mowed them down. Eight Israelis were wounded, including the dead woman's husband and five troops.

The Palestinian news agency Wafa claimed in Damascus, Syria the attack was staged by Palestinians based in Israel instead of Lebanon and denied that the terrorists had entered

Israel by boat.

The statement did not name the group responsible for the operation, but it said the attackers belonged to the "Marj Kamal Adwan Squad."

REVOLUTION

Adwan belonged to Yasir Arafat's Al Fatah, the largest but most moderate guerrilla organization. He was among three guerrilla leaders killed in their Beirut apartments by an

Israeli commando raid in April 1973.

The statement was attributed to the "military spokesman of the Palestinian revolution," a term usually used for announcements from Arafat's office as the head of the Palestine Liberation Organization.

Wafa described the latest raid as "quick retaliation" for Israeli air raids last week on five Palestinian refugee camps

in southern Lebanon where the Israelis contended terrorists were located. Official Lebanese figures showed that 32 Palestinians and two Lebanese were killed in the air strikes.

FOURTH ATTACK

It was the fourth major terrorist attack in Israel in 2½ months. The raiders have killed 52 persons, including 33 children, and 100 have been wounded.

BIG SPRING HERALD

Price 10¢ Vol. 47 No. 20 BIG SPRING, TEXAS (79720), TUESDAY, JUNE 25, 1974 22 Pages 2 Sections Price 10¢

Much Discussed, Little Accomplished At Meet

By MARJ CARPENTER

A meeting with very little action and much discussion on every subject anybody could think up was held this morning at City Hall as a regular council with a bare quorum present.

Mayor Pro-Tem Eddie Acri presided with Councilman Harold Hall and Councilwoman Polly Mays present. Both Mayor Wade Choate and councilman Charles Tompkins were out of town. Since three is a quorum, only action which would be unanimously approved by all three could be approved. So if any member had any qualms or questions, action was tabled or moved to the next agenda.

Actual action by the council included only approval of first reading of a resolution authorizing the mayor to enter into a lease-agreement with KBYG and approval of raising personal car mileage from ten cents to 12 cents per mile.

PACT AUTHORIZED

Everything else was discussed during the lengthy session which lasted all morning. A report was first heard from the newly formed economic advisory council. Mrs. Mary Joy Cowper spoke for the group outlining recommendations made by the group. These were aug-

mented in detail by Dave Brazel, member of the committee.

The recommendations include hiring a professional person to seek industry, asking that complete files be kept and that these be property of the city. The city attorney was authorized to draw up a contract which will be discussed at the next council meeting. A meeting has been called for next Tuesday with part of the meeting to be an executive session to discuss a personnel matter.

Before Jake George could speak on a request of the Model Airplane club, R. H. Weaver appeared in behalf of the sail plane group, whom he reminded the council have a ten-year lease for use of facilities at Moss Creek Park.

Weaver reminded the council that the sail plane group had made thousands of dollars worth of improvements on which they are still paying and that if the other group was to use facilities also, they would like to charge a fee.

The council had found a record in the minutes in 1966 of the lease agreement, but still have not found the agreement so it was moved to postpone the item to the next agenda.

while the lease is sought.

In the authorization of the new lease-agreement with KBYG, the rent on the property was more than doubled from \$60 per month to \$125 per month. The city agreed to pave the parking lot and maintain the upkeep of the pavement. The agreement was such that it can be transferred in case the station is sold.

CHART DISCUSSED

As organizational chart for the city was discussed, Councilmen Acri and Hall both asked that somebody be named to be in charge of the city when the manager is out of town. Acri questioned the need for a parks and wildlife head. Harry Nagel, city manager, reminded the council how they are increasing the city's responsibilities in recreation including pee wee football, summer track, the big new softball complex to be constructed and many additions in the city parks. Acri indicated that he wanted to wait until other councilmen were present to discuss the chart.

Hall, who had made a motion to approve the chart, told Acri, "We've discussed this for a year, but I'll withdraw the motion and put it on the next agenda."

A discussion was also held on the subject of whether to raise personal car use mileage to 12 cents a mile. Acri questioned how many personal cars were used and it was explained that it was rare. He asked that a record be kept.

Brazel stood in the audience and injected that a 12 cent cost was already way behind and would not pay total costs for use of an automobile nowadays. The measure was passed.

In the city manager's report, Nagel introduced Jerry Clark, new service center manager, who outlined his policies at the center. Clark also requested air brakes rather than hydraulic brakes on the new garbage truck and a larger motor, to save on upkeep. The request was granted.

Nagel told the council that there would be a meeting at 1 p.m. to discuss sewer and water lines to the new hospital.

LINE SELECTED

Jack Watkins, former councilman, asked from the audience why they were going to put a 15-inch line down San Antonio street, which "is the best paved street in that area?" Nagel said it was selected by the engineer, Roy Crim, city engineer in the audience, said "There are good reasons which I will outline at the 1 p.m. meeting."

Nagel told the council that the

PREFLIGHT BRIEFING — 1st Lt. Monica A. Wolfe is shown here getting a final briefing from 1st Lt. Edward J. Beaumont, Webb AFB instructor pilot, prior to a flight over West Texas. Lt. Wolfe is presently a nurse stationed at Mountain Home AFB, Idaho. She is acting as a women's liaison officer for a group of ROTC cadets who are visiting Webb for short orientation flights. The cadets are from various colleges in the midwest and western parts of the United States. They undergo a four-week summer encampment at Mountain Home AFB to prepare them for their future life in the Air Force.

Economists Claim Tax Hike May Be Necessary

WASHINGTON (AP) — As the Senate considers a scaled-down package of tax cuts and tax reform, administration economists are saying a tax increase may be necessary in the years ahead.

Presidential economic adviser Kenneth Rush said Monday, "We've excluded nothing in terms of how to balance the budget."

And Herbert Stein, chairman of the President's Council of Economic Advisers, termed a tax increase an "arithmetical possibility" but not a close or immediate one.

Their comments came after President Nixon announced he will try to balance the 1976 budget to restrain inflation. In the Senate, sponsors of the tax cut-tax reform package lost 33-64. They had expected the defeat and readied a smaller proposal for an income tax reduction combined with one reform measure.

OFFERED BY HHH

This new plan, offered by Sen. Hubert H. Humphrey, D-Minn., is to be debated today.

Sponsors expect the new provision to be filibustered since its reform provision would repeal the 22 per cent oil depletion allowance. Oil state senators have pledged to fight it.

The tax cut in the Humphrey amendment would be achieved by raising the personal exemption for the taxpayer and each dependent from \$750 to \$800. As an alternative, a \$175 tax credit could be used. The package plan defeated

Monday provided for an \$825 exemption and \$190 tax credit. Humphrey told reporters his amendment might be divided into its two parts for separate votes.

Liberals have been confident

all along that a tax cut would pass but expected much greater opposition to the reform provisions. They proposed the reforms in part to provide revenues to offset the loss from tax reduction.

Courtesy, Service Week Observed By Merchants

This is the fourth week of the Buy in Big Spring campaign to acquaint you with the advantages of doing business in Big Spring. Your response has been gratifying.

Although quality and fair prices are important in every business transaction, service can be the real difference between a purchase that fulfills your need and desire and one that is unsatisfactory, frustrating and even costly.

"Courtesy and service week" is the banner under which the Big Spring business community welcomes you this week.

All Big Spring business firms are dedicated to service for every customer, distinguished service, expert service, satisfactory service in the buying process and after the sale.

Read the special section today. Visit these fine business firms:

Local firms and businesses participating in the eight-week program include Prager's,

Nancy Hanks, Gibbs and Weeks, Carter Furniture, Wright Pharmacy, Staley Hardware, Elmo Wasson, Blum's Jewelers, Zack's, Big Spring Hardware, J & K Shoe Store, Big Spring Savings Association, T. G. & Y. Stores, First Federal Savings and Loan, Good Housekeeping Shop, Gibson's Discount, Professional Pharmacy, Western Auto, Western Matress, Zale's Jewelers, Security State Bank, Smallwood's Western Wear, First National Bank, Big Spring Western Wear, Jimmy's, Montgomery Ward's, Hemphill Wells, and White Stores, Inc.

HOT

A little bit drier in Big Spring. High today and Wednesday in the 90s. Low tonight, near 60. Southeastly winds 8-18 m.p.h. through tonight.

State Auction Set June 29

States Can't Demand Papers Give Candidates Free Space

AUSTIN — As usual, the more than 126 automobiles will draw the most interest, but bidders who have other desires will find a varied amount of articles offered at the 19th Texas Surplus property convention Saturday.

And again, those interested in heavy highway equipment will view the machinery on a big projection screen in the coliseum since it is uneconomical to move this equipment to the auction site.

Forster explained this Texas Highway Department and Texas Department of Corrections equipment is located in Huntsville, Paris, Amarillo, Lubbock, Odessa, San Angelo, Abilene, Waco, Yoakum, and El Paso.

The offering will consist of farm equipment, tractors with cultivators and planters; row mulcher tillers, loaders, graders, dump trucks, trailers, tilt-bed trailer, asphalt maintenance trailer unit, crawler crane, rotary mowers and a tractor loader.

Miscellaneous items which will be sold for cash to the highest bidder include: 6 station wagons, a van and a travel-all-boat; boat motors, and boat trailers; office equipment and projectors; a typesetting device, dictating equipment, typewriters, a collator, filing cabinet, office chairs, desks, duplicating machines.

Also, steel wool, drill press, floor maintenance machines, lamps, miscellaneous shop equipment and supplies, theatre type seats, copying machines, balanced scales, radio equipment, air conditioner, lawn edgers, welding machines, and chain saws.

WASHINGTON (AP) — A unanimous Supreme Court today declared that states cannot demand that newspapers give political candidates free space to reply to editorial attacks.

The court overturned a 61-year-old Florida law imposing such a requirement. The court said the law violates the First Amendment free press guarantee.

EDITORIAL CONTROL

Chief Justice Warren E. Burger wrote for the court, "The choice of material to go into a newspaper, and the decisions made as to limitations on the size of the paper and content and treatment of public issues and public officials — whether fair or unfair — constitutes the exercise of editorial control and judgment."

He said the government cannot interfere with a newspaper's judgment about what it publishes.

In a separate case, the court ruled 5 to 4 that private individuals may sue news media for libel without proving reckless disregard for the truth, even when speaking on public issues.

The court thus refused to extend to private individuals the rule it has laid down for public officials and public figures.

That rule requires that public figures prove reckless disregard for the truth by the libel before they can sue for libel.

The state Supreme Court concluded that the statute was consistent with the First Amendment because it "is designed to add to the flow of information and ideas."

Major news organizations warned that to allow the Florida law to stand would chill free expression and discourage news coverage of political campaigns and political figures generally.

Burger took note of Tornillo's assertion that the American press has become controlled more and more by a smaller number of publishers exercising an increasing influence over public opinion.

He expressed some sympathy for concerns that public figures may have difficulty in making their views known to the public through the major news organizations.

CONFLICT

But, he said, Florida's remedy for the problem amounts to governmental coercion conflicting with the Constitution.

He said that while it may be desirable for the press to be responsible and fair, "press responsibility is not mandated by the Constitution and like many other virtues it cannot be legislated."

Tornillo defended the statute on grounds that it did not restrict the Miami Herald from publishing anything it chose.

But Burger said that argument "begets the question."

The true issue, he said, is whether the state can compel a newspaper to publish what it would reject for professional reasons.

A command to publish amounts to the same kind of unconstitutional governmental interference as a restraint on publishing, he wrote.

He said a right-to-reply law amounts to a penalty based on newspaper contents.

'LENINIST'

Only one other state, Mississippi, has a similar law but state courts there have construed it to apply only in libel cases.

The libel case was brought before the Supreme Court by Chicago lawyer Elmer Gertz, who won a \$50,000 judgment from Robert Welch Inc., publisher of the John Birch Society's "American Opinion" magazine.

Gertz sued because of a reference to him as a "Leninist" and "Communist-frontier" in a 1969 issue of the magazine.

Gertz had represented the family of a youth shot and killed by a Chicago policeman. The youth's family was seeking \$1 million in damages from the policeman.

The U.S. Circuit Court in Chicago ruled that the subject of the article — the theory that there might be a nationwide conspiracy to discredit local police officers — was of such significant public interest that references to Gertz in it were shielded by constitutional guarantees of freedom of the press.

The majority of the Supreme Court disagreed.

Sports Writer, Film Fan Dies

AUSTIN, Tex. (AP) — George Raborn, 50, prominent sports writer and nationally known as a movie fan, died here Monday afternoon.

Funeral services will be 3:30 p.m. Wednesday.

Raborn was author of a book "How Hollywood Rates," and claimed to have seen 10,000 movies.

He was a past president of the track and field writers association, and a sports writer for the Glendale, Calif., News Press.

He won the Southwest Conference shot put in 1946 while at Texas. After college he wrote for newspapers in San Antonio and Waco before moving to California in 1959. Raborn was a native of Orange, Tex.

A train buff, he often rode the rails to see his movies which he catalogued down to such categories as best kiss. Raborn once saw seven movies in one day — a day that also included going to a baseball game.

Raborn watched the movie "King Kong" more than 50 times.

Survivors include a sister, Mrs. Ann Graves of Austin.

Group Proposes Change In Name Of Airport

Members of County Commissioners Court and the Howard County Airport committee postponed further consideration of the operators lease Monday afternoon and argued about the landing field name.

R. H. Weaver, chairman of the committee, said the present name of Howard County Airport confused travelers who were going to Big Spring.

"In most cases, the progressive airports are identified with the major city that they serve," George McAlister of the committee said.

"Why do you want to spend money from one source and call it something else?" Commissioner Simon (Cy) Terrazas said.

Howard County owns and maintains the airport without assistance from the City of Big Spring.

McAlister said he also felt Howard College should have been named Big Spring College originally.

And Terrazas got Weaver to concede Weaver was county judge when the airport was named.

"We'll take it under advisement," County Judge A. G. Mitchell said.

The committee, which includes Clyde McMahon Sr., McAlister and Weaver, wanted time to study the proposed five-year lease of the airport by Big Spring Aircraft Inc. So further consideration of the operator's lease was postponed until Monday.

Get Lincoln Out In Open

One of the most patriotic acts Americans of all ages can perform today is emptying the family piggy bank, according to J. D. Nelson, president of the Security State Bank.

Nelson said the nation faces a penny shortage that costs taxpayers millions because people are withholding some 30 billion pennies from circulation.

This means that nearly half of the 62 billion pennies the U.S. Mint has produced in the last 15 years are in hiding, Nelson said. The Mint is still producing one-cent coins at a rate of 35 million a day, he added, yet there still aren't enough pennies to go around in many areas of the nation.

Nelson urged that families start gathering those pennies that are hiding in pickle jars, old socks and piggy banks and bring them into the bank so the nation can get Mr. Lincoln back among the people where he belongs.

June has been declared Penny Redemption month by the Mint in an effort to cure this artificial shortage, Nelson said.

"For every \$25 worth of pennies cashed in at the bank, the U.S. Treasury is going to award an Exceptional Public Service certificate to the individual or group responsible," Nelson said.

Wreck Follows A Wrong Turn

Deputy Sheriff Jess Bedwell Jr. and Yvonne Knox McCain, Snyder, met this morning on Fourth Street the wrong way.

Bedwell was leaving the county courthouse parking lot. The Snyder woman had turned the wrong way on Fourth Street, police said.

Damage to the vehicles was minor, and no major injuries were reported.

Mistrial Ruled By Judge Caton

After a witness was questioned about an alleged traffic citation, District Judge Ralph W. Caton declared a mistrial in a personal injury suit being tried before a jury.

Bonnie L. Anderson and her husband were suing Rhonda R. Ownbey and others.

Hikes In Benefits To Disabled Vets

WASHINGTON (AP) — The House has passed and sent to the Senate a bill to provide funds for 15 to 18 per cent cost-of-living increases in benefits to some 2.2 million disabled veterans.

The \$179-million bill, adopted unanimously Monday, also would appropriate funds for a new program to put Veterans Administration representatives on all college campuses where there are 500 or more veterans enrolled under the GI Bill.

The bulk of the money appropriated to the VA, \$100 million, would go to pay for the cost-of-living benefit hikes, to be retroactive to May 1. VA officials estimate the retroactive increases will amount to an average payment of \$36 to each disabled veteran.

RECKLESS DISREGARD

In the case of private individuals speaking on public issues, the court said, proof of negligence is enough when seeking only actual damages.

However, such individuals must prove reckless disregard for the truth by the media to sue for punitive damages, the court said.

In the Florida right-to-reply case, the court said it has yet to be demonstrated how government regulations over a newspaper's judgment about what it publishes could be exercised consistent with First Amendment guarantees of a free press.

The Florida law had been applied only rarely until Pat L. Tornillo, a candidate for the state legislature, invoked it in support of his demand for free space in the Miami Herald to reply to two critical editorials during his 1972 campaign.

INFO, IDEALS

A Florida trial court rejected Tornillo's argument that the Florida Supreme Court sided with him.

Plane Wreckage Yields One Body

CLARKSVILLE, Tex. (AP) — Scott AFB, Ill., officials say serial numbers found on a plane crashed near here match those of a small cargo plane missing Monday night on a flight from Dallas to Little Rock, Red River County sheriff's officers reported today.

Immediate confirmation of the report was not available through the Air Force.

Deputies said one body was found this morning in the charred wreckage. It appeared to be that of a twin-engine Beechcraft which left Dallas Monday night.

State police and the Love Field flight service reported the Beechcraft 55 took off about 10 p.m. Monday and there had been no further word of it whereabouts. It was due in Little Rock a little after midnight.

City Hall Talk

(Continued from Page 1)

We were awaiting word from the highway department as to when they will need the property for a ditch.

Watkins said, "It's illegal to let him farm it without putting it up for bids." Nagel said, "That is wrong. We just leased park land again to the radio station without bids."

Hall added, "I think you are trying to build this up into something big when it's not. We have discussed this property at a meeting. I remember it. We even talked about putting a fence around it."

Acri said, "I asked some questions about it but the city manager did not tell us it was being farmed." Hall said, "Nobody asked anything except about a fence."

Watkins then presented figures claiming that the inventory write-off had grown since 1972 when computer's were put in and that "they were supposed to save us money."

Robert Massengale said "That's all due to a stack of red bricks which have been priced as being worth \$31,000 and should have been written off back in 1972."

Acri then took the floor and asked questions concerning the undercover narcotics budget, asking how it was accounted for.

The city manager and police chief told the council that it is audited and kept separate from the other police budget. To protect it from leaks.

They used as examples that an undercover agent cannot get receipts when purchasing something illegal or entertaining "criminal types," nor can his vehicle use marked city tires or things of this nature.

Police Chief Vance Chisum told the council, "The money is accounted for and audited. It is money well spent and we have been getting good results."

DEATHS

Mrs. Williams

COLORADO CITY — Funeral services for Mrs. J. A. Williams, 79, of Colorado City will be at 2 p.m. today at Elmwood Funeral Chapel, Abilene. The Rev. Wilson G. Estes, of the Bethel Temple Assembly of God, will officiate and burial will follow at Elmwood Memorial Park.

Born July 17, 1904, in Hydra, Okla., Mrs. Williams married on April 12, 1926 in Abilene. She was a licensed vocational nurse and a member of the Rebecca Lodge. They had lived in Abilene several times since their marriage.

Survivors include her husband of the home; two daughters, Mrs. Joyce Ramey of Hurst and Katherine Shirley of Sweetwater; one son, James Williams of Colorado Springs, Colo.; two sisters, Ethel Burleson of Abilene and Gaeze McConale of Gunther; and one brother, S. A. Haromon of Colorado City.

Raymond Jordan

Funeral for Raymond T. Jordan, 23, who died here Saturday morning, was conducted at 2 p.m., Monday in the St. Thomas Catholic Church. Officiating was the Rev. Leo J. F. St. John. Burial followed in the Mount Olive Cemetery under the direction of Nalley-Pickle Funeral Home.

Jordan was brought to the Medical Center Hospital Saturday morning by ambulance and taken to the emergency room where a doctor and nurses worked with him for an hour and a half in an effort to restore him. An early, and erroneous report, indicated he had dropped dead as he entered the lobby.

Authorities ascribed death to an overdose of some pain-killing medicine, coupled with consumption of alcoholic beverage.

Survivors include the parents Mr. and Mrs. Valdomero E. Jordan; three sisters, Miss Bertha Chavez, Miss Sylvia Jordan and Miss Elizabeth Jordan, all of Big Spring; two brothers, George Jordan and

VANDALISM

Marshall Bowers reported that he saw two white males put egg and flour on his car as it was parked at his residence at 1400 Lexington. Damage to the car was unknown.

Cora Perkins

Services for Cora Bell (Dunn) Perkins, 77, who died in Durant, Okla., Saturday, were conducted at the Methodist Church in Durant, 10 a.m., today.

Graveside rites are slated for 10 a.m., Wednesday in the Coahoma Cemetery with the Rev. Homer Salley officiating. Arrangements are in charge of Nalley-Pickle Funeral Home.

Mrs. Perkins was born Aug. 12, 1896, in Jackson, Tenn. She married H. M. Perkins Aug. 20, 1919. She had resided in Durant the past 15 years.

Survivors include a daughter, Mrs. Vada Minnick, Big Spring; and a son, the Rev. Floyd Dunn, pastor of the First United Methodist Church, Stanton.

Mrs. LaRochelle

Funeral services were to be held at 2 p.m. today for Mrs. Guylette LaRochelle at River Welch Chapel with the Rev. Collyns Moore of Hillcrest Baptist Church officiating. Burial was to be in Trinity Park.

Pallbearers include C. W. Smith, Ricky Smith, Mike Parker, Rocky Dyer, Elmo Henry, Bill Mimms, Wayne Stroup and Hubert Dyer.

City Hall Talk

(Continued from Page 1)

We were awaiting word from the highway department as to when they will need the property for a ditch.

Watkins said, "It's illegal to let him farm it without putting it up for bids." Nagel said, "That is wrong. We just leased park land again to the radio station without bids."

Hall added, "I think you are trying to build this up into something big when it's not. We have discussed this property at a meeting. I remember it. We even talked about putting a fence around it."

Acri said, "I asked some questions about it but the city manager did not tell us it was being farmed." Hall said, "Nobody asked anything except about a fence."

Watkins then presented figures claiming that the inventory write-off had grown since 1972 when computer's were put in and that "they were supposed to save us money."

Robert Massengale said "That's all due to a stack of red bricks which have been priced as being worth \$31,000 and should have been written off back in 1972."

Acri then took the floor and asked questions concerning the undercover narcotics budget, asking how it was accounted for.

The city manager and police chief told the council that it is audited and kept separate from the other police budget. To protect it from leaks.

They used as examples that an undercover agent cannot get receipts when purchasing something illegal or entertaining "criminal types," nor can his vehicle use marked city tires or things of this nature.

Police Chief Vance Chisum told the council, "The money is accounted for and audited. It is money well spent and we have been getting good results."

Group Proposes Change In Name Of Airport

Members of County Commissioners Court and the Howard County Airport committee postponed further consideration of the operators lease Monday afternoon and argued about the landing field name.

R. H. Weaver, chairman of the committee, said the present name of Howard County Airport confused travelers who were going to Big Spring.

"In most cases, the progressive airports are identified with the major city that they serve," George McAlister of the committee said.

"Why do you want to spend money from one source and call it something else?" Commissioner Simon (Cy) Terrazas said.

Howard County owns and maintains the airport without assistance from the City of Big Spring.

McAlister said he also felt Howard College should have been named Big Spring College originally.

And Terrazas got Weaver to concede Weaver was county judge when the airport was named.

"We'll take it under advisement," County Judge A. G. Mitchell said.

The committee, which includes Clyde McMahon Sr., McAlister and Weaver, wanted time to study the proposed five-year lease of the airport by Big Spring Aircraft Inc. So further consideration of the operator's lease was postponed until Monday.

Wreck Follows A Wrong Turn

Deputy Sheriff Jess Bedwell Jr. and Yvonne Knox McCain, Snyder, met this morning on Fourth Street the wrong way.

Bedwell was leaving the county courthouse parking lot. The Snyder woman had turned the wrong way on Fourth Street, police said.

Damage to the vehicles was minor, and no major injuries were reported.

Mistrial Ruled By Judge Caton

After a witness was questioned about an alleged traffic citation, District Judge Ralph W. Caton declared a mistrial in a personal injury suit being tried before a jury.

Bonnie L. Anderson and her husband were suing Rhonda R. Ownbey and others.

Wreck Follows A Wrong Turn

Deputy Sheriff Jess Bedwell Jr. and Yvonne Knox McCain, Snyder, met this morning on Fourth Street the wrong way.

Thomas Named MCL Trustee

David F. Thomas, 2304 Thorp Street, attended the annual convention of the Marine Corps League, Department of Texas, in Austin last weekend.

Thomas reported that a challenge was given to all members of The Marine Corps League to contact as many Marines in their area as possible and strive to build up the membership rolls.

Thomas was elected trustee in the Officer Corps of the Marine Corps League during the business meeting and election of officers for the year 1974-75. He was installed in that office at a banquet held at the Chantel Motor Inn Saturday Evening.

The next quarterly meeting of the Officer Corps of the Marine Corps League, Department of Texas, will be held in Big Spring on the weekend of Sept. 28, 1974.

The League, a nationally chartered organization composed of Marines who have honorably served or are now serving in the United States Marine Corps, is seeking to form a Marine Corps League detachment in Big Spring. The League is one of the older veterans organizations, organized in June 1923 and chartered by an act of Congress in August 1936.

Thomas wants the name, address, (local or military) and telephone number of every Marine (male or female, active duty or ex, regular or reserve) who considers his home to be within the bounds of Howard, Midland, Martin, Dawson, Borden, Scurry, Mitchell, Sterling and Glasscock Counties. His address is P.O. Box 181, Big Spring, Texas 79720.

HER BREADWINNER IS A FROG — Grinning Roxane Carcione, 4, of Buffalo, N.Y., proudly poses with her champion frog "Joe" perched atop her head. Roxane went home with a \$100 first prize which Joe won by jumping a distance of 103 inches in three leaps at the Erie County frog jumping contest.

Delegates Take Up Finance Article

AUSTIN, Tex. (AP) — Constitutional Convention delegates have given near final approval to something new in Austin-state agencies that self-destruct every 10 years unless the legislature gives them a new lease on life.

The Executive Article of the proposed new state constitution was approved late Monday, clearing the way for debate on the Finance Article today.

The vote on the controversial self-destruct provision covering most state agencies was 115-41.

BAD IDEA? If finally approved by Texas voters the innovation in state government would require that all statutory state agencies, except state colleges and universities, "have a life of not more

than 10 years unless renewed by law for not more than 10 years at a time."

"This is the most ill-conceived idea that has found its way into our constitution," protested Rep. John Wilson, D-Lubbock. "This provision means that in every session of the legislature there could be a bill to reorganize as many as 200 of the state's agencies. . . . An agency with only two years of life left would be unable to make obligations or contracts. It is a great infringement on the separation of powers."

NEW LANGUAGE Rep. Joe Wyatt, D-Bloomington, argued that "this would put the state agencies under the legislature and the executive branch where they belong. In the past there has been doubt where they fitted. Some called them the fourth branch of government not answerable to anyone."

In other action, delegates added to the executive branch of government the state commissioner of agriculture and the railroad commission members. Such a move had been authorized previously in votes on the General Provision Article. Already in the executive branch are the governor, lieutenant governor, attorney general, comptroller, treasurer, land commissioner and secretary of state.

New language in the Executive Article says the governor will appoint a new lieutenant governor, subject to Senate approval, if there is a vacancy, instead of the Senate president pro tempore assuming the lieutenant governor's duties as the present constitution reads. A section added Monday says the governor must call the Senate into session within 20 days after making such an appointment to act on the selection.

Defer Action On Nixon's Request For Evidence

WASHINGTON (AP) — The Supreme Court Monday deferred action on President Nixon's request for the evidence which led the Watergate grand jury to name him as an indicted co-conspirator.

The court said it will consider this question, along with other Watergate-related matters, at a hearing it has already scheduled for July 8.

The main questions to be argued by attorneys at that time are:

—Whether the President is entitled to claim executive privilege in connection with White House tapes and documents which special prosecutor Leon Jaworski seeks for the Watergate cover-up trial.

—Whether the Watergate grand jury had the power to name the President as an indicted co-conspirator.

Nixon had sought access to the grand jury's evidence and asked that it be placed before the Supreme Court, to buttress his claim that the grand jury exceeded its authority.

In a motion filed with the court last week, the President's attorneys sought access to "all transcript, tape recordings of presidential conversations, grand jury minutes and exhibits and other material bearing on the grand jury's decision. They also asked that the evi-

dence be made part of the record the court will consider in its review of Watergate-related matters.

The court has agreed to consider Nixon's claim of executive privilege for the tapes and documents, along with the question of whether a federal grand jury had the authority to name an incumbent president as a co-conspirator.

Special prosecutor Leon Jaworski told the court Nixon had "failed to meet the high standards imposed by the courts before grand jury material will be released."

Beauty Contest Slated July 20

The Howard County Farm Bureau beauty contest will be held in the Howard College auditorium beginning at 8 p.m., Saturday, July 20.

Unmarried girls between the ages of 16 and 22 should contact the Farm Bureau office prior to July 15, if they are interested in competing for the title.

In addition, a "talent find" and interviews with future queen nominees and escorts, those between the ages of 3 and 7, will be conducted.

Those desiring more information can stop by the Farm Bureau office at 117½ Runnels St., or dial 267-5612.

Thornton, Alias To Perform Here

Gosney Thornton, who sings and writes "progressive country music," and Alias, a San Angelo rock group, will be performing at the Comanche Trails Park amphitheater Sunday from 2:30 p.m. to 5:30 p.m. Admission will be \$2 per person at the gate.

VANDALISM

Several cases of criminal mischief were reported to Big Spring police Monday and early Tuesday, mostly broken windows and damaged cars.

D. C. Hodges reported that someone threw a rock through a storm door at his home, breaking two panes of glass. Damage was estimated at \$20.

Edith Trapnell reported some \$10 damage to her 1962 Ford as it was parked in front of her house. Vandals apparently pulled the valve stems from the rear tires and smeared dough on the windows and steering wheel.

Exploding Nuclear Devices

The French government, following the independent style of the late Charles de Gaulle, seems intent on ignoring the concern of nations endangered by its atmospheric nuclear testing.

Australia, New Zealand and nations of South America have repeatedly protested France's nuclear testing in the South Pacific in fear that atomic fallout may cause irreparable damage to their environments. France, determined to develop its nuclear weapon capability, has nevertheless ignored those protests.

A week ago the Australian government reported that France exploded another atom bomb over Mururoa Atoll, further endangering neighboring areas. A disturbed Prime Minister Gough Whitlam said it was of deep concern that France had proceeded to yet another program of nuclear testing in the Pacific. He said that the continued testing would lead to radioactive fallout over Australian territory.

Monday's nuclear test by the French was observed about the same time that Communist China detonated a bomb in its western provinces. And now, India is threatening to detonate a nuclear device.

Although the French have said this year's series of nuclear testing would be the last it conducts in open air, responsible nations throughout the world should prevail upon Paris to make Monday's the last such explosion. Any benefits from such testing are nullified by the dangers of radioactive pollution in the South Pacific areas.

France's continued lack of concern in this area is repugnant. One can safely bet, however, that Paris' attitude would be different if the British decided to do similar testing over the English Channel.

But beyond the immediate repercussions of this chain of events lies the larger and more deadly spectre of proliferation.

Tortuous Reasoning

A pair of broadcast commentators lost a round in their fight against compulsory union membership before the U.S. Court of Appeals in New York.

William F. Buckley Jr., and M. Stanton Evans had charged in a suit that their rights of free speech were violated because they were required to pay dues to the American Federation of Radio and Television Artists (AFTRA) in order to go on the air. Buckley, a leading conservative spokesman, joined AFTRA under protest and Evans, also a conservative, joined under orders

from his producer.

The Appeals Court ruling overturned a decision by a U.S. District Court that the commentators did not have to pay dues to the union.

In its decision, the Court of Appeals said Buckley and Evans could resign from the union and, if they were then fired, could seek a court injunction against the dismissals.

That's some consolation, especially considering the expense and the lack of judicial speed. How are you going to eat in the interim while you're proving your case?

Piney Woods

Around The Rim

Jo Bright

DRIVING FROM Louisiana last week, there was no time to linger in the piney woods of East Texas, (which I would have liked) but rounding a curve near the tiny town of Newton, my eye was caught by a big, obviously-new sign proclaiming "Sawmill Town, U.S.A."

At first, I passed it by, but within a mile decided it was coffee time, anyway. Circling back, I stopped at the entrance of Texas' newest entry in the field of family recreation facilities.

To get into the place, tourists must enter through a souvenir shop where the items for sale are ugly, but the young hostess is pretty and friendly. When she insisted "the press" have a free tour, how could I resist? On foot, at a near run, it took no more than 15 minutes, and the pine-scented air was refreshing.

NEWTON HAS turned back the clock to the 1880's with their re-creation of an old-fashioned saw mill town.

The facility, which has recently been designated as a Bi-Centennial project by the American Revolution Bi-Centennial Commission of Texas to celebrate the U.S.A.'s 200th birthday, was conceived two years ago by a group of Newton citizens who wanted to promote economic growth for the city. "Sawmill Town, U.S.A." is the result of their efforts.

Covering some 260 acres just two miles west of Newton on Highway 190, the facility is a reminder of the ghostly past. An unwary passer-by might think he's stumbled into a time machine, for the planner and builders of Saw Mill Town have tried to stick

as close to the history books as possible in building the facility.

THE ROADS are hard-packed dirt, and all the buildings are cut timber. No outside wiring is visible; it's buried underground. Many buildings and artifacts at the site are authentic. Standing behind the town's main street is a 100-year-old Methodist church transported from Burkeville. Also to be put on display is a 100-year-old dentist's office (complete with records) and an old barn and equipment given by an early-day Newton family.

There is a railroad track from the T.S.&E. Railroad in Diboll, and a miniature train is on order.

Included among the "businesses" of Saw Mill Town are a hotel, saloon, doctor's office, print shop, livery stable, photo shop, general store, undertaker's parlour, sheriff's office and jail, bank, pottery shop, etc. Drug store shelves are from Kirbyville. In the "hotel dining room" meals are served family style and the bill of fare lists delicacies such as turnip greens, buttermilk biscuits, chicken and dumplings and cobbler.

NEWTON WAS born of the saw millers in Deep East Texas and, in this setting, you feel you almost know how things used to be. The lumberjacks worked long and hard (hear the sound of the saws?) but they relaxed and added to the family larder by fishing in the clean, clear streams.

Under different circumstances, I'd have lingered — taken off my shoes, sat by the river and chewed pine needles.

Bearing Fruit

William F. Buckley Jr.

The intricate question of how to bargain Jewish emigration rights for American commercial favoritism approaches, and the parties involved are bargaining hard. They are: 1) the senators who are spokesmen for the 78 senators pledged to deny Russia Most Favored Nation treatment unless Russia permits emigration of her Jews; 2) the general lobbies in America galvanized to put pressure on the Nixon Administration to yield to the Senate; and 3) the Soviet Union. Concerning the impasse, a few observations:

1. THE PRESIDENT'S threat to veto the Senate rider is probably a gesture for the benefit of the Soviet Union. With 78 co-sponsors, the bill is not likely to yield to presidential suasion on the matter of American obligations to respect the rights of other governments to write their own domestic policies. It is, however, officially the American position that the Senate's Jackson Amendment, by tying economic detente to particular Soviet policies towards minority emigration, is presumptuous, and threatening to the whole program of detente for the advantage of a select minority.

2. LAST SEPTEMBER at the United Nations, Foreign Minister Gromyko thundered out his government's determination on no account to permit foreign interference in domestic Soviet policies. The louder the Soviets get in insisting on a point, the more they are relying on bombast, the readier they are actually to negotiate. And this in fact appears to be happening. First it was the old one-step backward: decreasing the

quota of Jews allowed to emigrate, to make the Americans anxious. Then — suddenly — the promise, presumably transmitted by Gromyko to Kissinger, that the quota will be lifted to 45,000 Jews per year, 10,000 more than were allowed to leave in 1973.

THIS IS GOOD news but inevitably brings up the delicate question: how can we tell that the Soviet Union will live up to its word? Usually we can tell that the Soviet Union will not live up to its word, and that should always be the governing assumption. The way to put it is: are there special circumstances here that suggest an extraordinary Soviet fidelity to their word? Soviet officials have themselves come forward with the observation that to harass Jewish petitioners for exit visas is "inconsistent with Soviet laws." Well, Soviet life is inconsistent with Soviet laws, so what else is new. But we see here an apparent Soviet effort actually to permit the egress of substantial Jewish numbers, and we quite naturally wonder exactly why.

3. THE OBVIOUS answer is that the Soviet Union desperately needs American economic credits, and the lowering of American tariff barriers to Soviet goods, such as they are. That no doubt is the principal reason for yielding, and there is reason both to cheer up the prospective victory of Senator Jackson, and to weep that we did not, having found the decisive weapon, ask for more. Asked say, for greater freedom of information, and for the right of Soviet citizens to join their families elsewhere in the world.

Sargent In Trouble

Robert Novak

BOSTON — The split in thinning ranks of the once-proud Massachusetts Republican party has now become civil war, endangering the reelection of popular Republican governor Francis W. Sargent and his unique brand of non-partisan politics in this overwhelmingly Democratic state.

BITTERED REPUBLICAN revolt against Sargent will peak this week when the 80-member Republican state committee seems certain to withhold its endorsement of Sargent's reelection effort. Sargent's opponent, Carroll P. Sheehan, is the symbol of long-smoldering passions against the liberal Sargent within the Republican hard core. Sheehan, a conservative businessman, has no visible chance in the Sept. 10 primary, but state committee non-endorsement symbolizes the hostility toward Sargent among regulars and political operatives inside Sargent's own party.

Admittedly, Sargent's adroit survival as a Republican in George McGovern's only winning state was never a bed of roses. With Republicans comprising one-fourth the total registration, he has surrounded himself with liberal Democratic staff assistants (his top policy aide, Al Kramer, is a former liberal Democratic state legislator) and works more comfortably with Democrats than Republicans in the state legislature (Democratic by a four-to-one margin). Moreover, White House efforts to bludgeon the party rightward were calculated to undermine Sargent within his own party.

BUT HIS zeal to avoid the taint of Republicanism and consolidate his hold on Democrats and independents has been excessive, making his name a dirty word in powerful Republican

quarters. As one leading politician here told us: "Sarge has made very clear his personal rejection of the GOP."

During his administration, the Republican party has gone through no less than six successive state chairmen. The present chairman, William Barnstead, has one full-time assistant and a single telephone in his Tremont St. office. When asked to take the post last March, Barnstead, a long-time party worker, drafted a letter for Sargent's signature committing the governor to routine help for his party plus a pledge to raise \$2,000,000 for the party.

INSTEAD, BARNSTEAD got a severely watered-down letter from Sargent pledging nothing specific in the way of campaign funds but expressing "hope" that two party campaign needs.

What particularly infuriates Republican regulars is Sargent's patronage courtship of Democrats. By the governor's own count, he has named 2,200 non-Republicans as against 2,000 Republicans. But party regulars claim the ratio on high-paying jobs has been three-to-one in favor of non-Republicans.

ALL THIS HELPS explain the explosion at the state convention June 1 when a pro-Nixon resolution was thunderously adopted over a competing draft that merely declared President Nixon "like any other American, is subject to the law of the land." Conservative-leaning convention delegates, angered by four years of back-scratching between Sargent and the Democrats, backed the pro-Nixon resolution partly to dramatize Republican partisanship and wound the governor.

Six-Minute Louvre

Art Buchwald

PARIS — One of the main reasons I came back to Paris was to celebrate the 20th anniversary of the breaking of the six-minute Louvre. It was exactly 20 years ago to the day that a young American student named Peter Stone amazed the world by going through the Louvre museum in five minutes and 19 seconds.

AS EVERYONE knows, there are only three things worth seeing in the Louvre museum — the Venus de Milo, the Winged Victory and the Mona Lisa. The rest of the stuff is all junk.

For years tourists have been trying to get through the Louvre as quickly as possible, see those three things and then go out shopping again.

BEFORE WORLD War II, the record for going through the Louvre was seven minutes and 14 seconds. But after the war, as clothes got lighter and cameras got smaller, people kept cutting down the time, and in 1948 a man known as the Swedish Cannonball, paced by his Welsh wife, did it in six minutes and 12 seconds. For the first time, there was serious talk of breaking the six-minute Louvre.

BUT IT WAS to be four more years. On June 18, 1954, Peter Stone, under perfect tourist conditions, literally flew through the Louvre, around the Venus de Milo, up past the Winged

Victory, down to the Mona Lisa and back out again into a waiting taxi. He achieved the impossible, bringing fame and wealth to himself and glory to his country.

President Eisenhower personally sent him a telegram which read: "I rejoice with all Americans at your amazing feat. You're what the United States is all about."

So here I was 20 years later at the Louvre museum with Peter Stone to relive that great moment in history.

STONE, now middle-age, paunchy and slightly gray, went unrecognized by most of the tourists who were going through the Louvre. As we went over the same course, he noted, "It's all different now. There are very few American tourists any more, and it's only a matter of time before the Japanese will take the record away from us."

WE WALKED up the marble staircase past the Winged Victory. "This is where I made up 30 seconds," Peter said. "Most tourists look at the back of the Winged Victory, but I said to myself, 'If you've seen one Winged Victory, you've seen them all,' and I just whizzed by without stopping."

"What did you do after you broke the 6-minute Louvre?" I asked Peter.

Consumption

John Cunniff

NEW YORK (AP) — If the world's leaders appear puzzled about rising prices, the man in the street can be excused if no longer he seeks to understand inflation any more than he does his teen-age kid.

"It's a phase," he says, suggesting to himself that it will pass.

But here's an observation about life in an inflated economy that might help you understand why prices are rising all over the world, and why they're likely to continue rising for a long time to come.

First, what messages did you receive today from the media, your family or friends? Think about it for a moment and you'll probably find many of them fall into a category called consumption, such as:

Eat your breakfast. Get all your vitamins. Fill up the gasoline tank. Pick up the paper while you're at the store — and get me a carton of cigarettes too. Let's take in a show tonight. Why not vacation in Europe? Big sale on suits.

All day long the typical

American is exhorted to consume, to spend, to acquire, to experience, to do. It is a consumption society; by means of appealing voices, fluttering pennants, sexual suggestion, visual displays and dozens of other techniques you are urged to buy, to consume.

The intensity of the message was once considered typically American, but what once was called the American way of life is now quite likely the life style of the Brazilian and the Frenchman too.

Bladder Surgery

Dr. G. C. Thosteson

Dear Dr. Thosteson: Would you please send me your booklet, "Hiatal Hernia and Eight Ways to Combat It"? I'd say this: if your physician wants it done, have it done.

The X-rays told him a lot about your gall bladder. That cluster of small stones could mask clusters of even smaller ones. Stones range from poppyseed to golf-ball sizes. The smaller ones can quickly find their way to a duct where they can cause painful colic attacks. And I mean painful. They could also lead ultimately to infection or malignancy.

No trouble, just a few gallstones, eh? The point is that you have a defective gall bladder or else the stones wouldn't be there. Now the decision is whether you want the condition remedied by surgery now or wait until later when it might be a matter of immediate necessity, but you might not be enjoying the good health you now have.

Is it best to have surgery? I can't make any specific yes

or no answer, because this is obviously a matter for your doctor and you to decide. But I'd say this: if your physician wants it done, have it done.

The X-rays told him a lot about your gall bladder. That cluster of small stones could mask clusters of even smaller ones. Stones range from poppyseed to golf-ball sizes. The smaller ones can quickly find their way to a duct where they can cause painful colic attacks. And I mean painful. They could also lead ultimately to infection or malignancy.

The point is that you have a defective gall bladder or else the stones wouldn't be there. Now the decision is whether you want the condition remedied by surgery now or wait until later when it might be a matter of immediate necessity, but you might not be enjoying the good health you now have.

About 10 per cent of adults

suffer some form of gall bladder disorder, from stones to infection. Operation for the removal of the bladder, while still considered major in the sense that any abdominal surgery is major, is becoming more and more common. The risks are negligible and you can expect only a temporary period, if any, of diet restriction afterward.

In short, if you and your doctor agree to it, the surgery can be a powerful ounce of prevention to forego the need for emergency care later on.

Are you having a gall bladder problem? To find out how the gall bladder works and what kinds of trouble to look for, read Dr. Thosteson's booklet, "You and Your Gall Bladder." Write him in care of the Big Spring Herald for a copy, enclosing a long, self-addressed, stamped envelope and 25 cents.

MY ANSWER

Billy Graham

A lot of people I know who have no faith, seem kinder and nicer than I am. This bothers me. R.I. Good! I'm glad you're so healthily introspective. You are on the growing edge of maturity, when you can sense personal shortcomings, and then resolve to do something about them.

There was once an occasion when our Lord made a quick comparison between His followers and the unbelievers. It related to the matter of prudence and foresight in the stewardship of money. Christ said that they were more "shrewd" than are the people of the light" (Luke 16:8).

Many people have employed the

qualities of kindness and generosity, without ever acknowledging that they came from Christ. At times, individuals may be so diligent in the application of these qualities that they outstrip the believer in exemplary behavior.

But this fact neither violates the truth of Scriptures, nor excuses the poor conduct of the Christian. If you're convicted at a certain point, you better act to compensate for this deficiency.

The Lord is pleased when, like Paul, we can say to our fellowmen, "We have wronged no one, we have corrupted no one, we have exploited no one."

A Devotion For Today . .

"I can do all things in him who strengthens me." (Philippians 4:13)

PRAYER: O God, I have time to get food at the table for my physical needs. Teach me to have time for spiritual food to sustain my faith and fellowship. Give me the sense to examine my spiritual priorities. Amen.

Hemphill-Wells Boasts Best In Merchandise

Hemphill Wells Co., is among the most respected department stores in West Texas. The firm opened its first store in San Angelo in 1909.

J. D. Baker and W. M. Hemphill founded the business. The manager of the local store, located at 214 Main, is R. E. Hickson, who has been affiliated with this firm since May 1, 1958.

The store offers a wide selection of merchandise, including items of clothing for the entire family, and many gift items.

The concern has mail service, package wrapping service and many of the extras that make a store one that the entire family can really enjoy shopping in for its needs.

Twice a year, Hemphill-Wells holds sales that are watched for by their regular customers and new customers alike.

Their employees are an important part of the community. Hickson is active in the First Church of God, American Business Club and the Chamber of Commerce, has helped with many civic

drives, including the United Fund.

In the firm, Banzie Fletcher, credit manager, has served four years and Mrs. Kathy Perry, accessory and household linen buyer, has served six years. For a year,

(Photo by Danny Voldes)

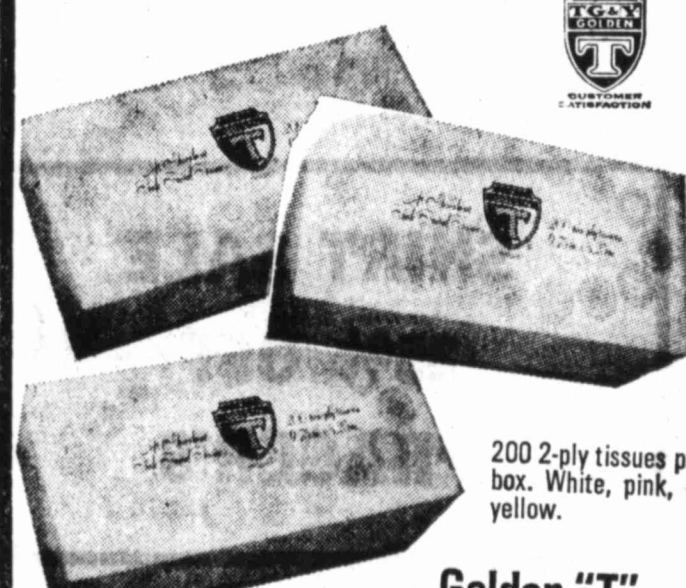

PERSONAL SERVICE — This is the Key word at Hemphill Wells where they offer a wide selection of quality merchandise. Mrs. George Glenn, at the right, is shown assisting Mrs. A. J. Pirkle in her purchases.

Mrs. Becky Strain has served as the ready-to-wear buyer.

These top four and all other sales persons in the store work hard to provide the personal touch and customer service which is a must at Hemphill-Wells.

It's a store that a customer likes to go back to because of the quality merchandise and topflight personnel who serve the public there.

SNOOPY TO THE RESCUE — The Snoopy bank of five-year-old Louise Corbett and her one-and-one-half-year-old brother James yielded 6,023 pennies when they took it to a First National Bank of Oregon branch in Salem recently to help out with the penny shortage. The penny collection, built up over four years, weighed 45 pounds.

State Fools Bill For Charter Flights By Solon To Convention

AUSTIN, Tex. (AP) — Rep. W. S. Healy's charter airplane flights, for which he was billed by Flight Standards of Abilene and reimbursed by the state, were actually on planes he leases himself, the pilot said late Monday.

Flight Standards' invoices to Healy for 12 charter flights since the Constitutional Convention began in January—totaling \$2,404—all included amounts of aircraft time.

Sam Jennings signed each invoice as president of Flight Standards.

Healy said Monday the charter flights were the only sensible way for him to travel between Austin and Paducah, his home town.

Healy is entitled to travel expenses between Austin and his district, but one charter flight for which the state paid was from Paducah to Lubbock.

Another trip, costing \$331.50, was from Lubbock—outside his district—to Austin. "It was all state business. That is the only thing I've had time to attend to for the past two years," Healy said.

MORE CONVENIENT

The regular commercial airline fare from Lubbock to Austin is \$45.64.

Most other state travelers going to remote places such as Paducah fly to the nearest city on commercial aircraft. Then hire charter pilots to take them

and back unless I do fly," said Healy, the former chairman of the House Appropriations Committee.

He said commercial service between Austin, Lubbock and Wichita Falls "is impossible."

Texas International has three flights to Wichita Falls each week day, costing \$38.27 one way, and four flights to Lubbock. Air taxi or charter service between those two cities and Paducah is estimated to cost \$30 to \$60.

Convention Secretary Charles Schnabel said he approved the expenditure of state money on the charter flights after checking with the state comptroller's office on their legality. He said Healy cited poor health in seeking approval for the flights, but Healy did not mention that in an interview.

Price Daniel Jr., convention president, said it was his "very vivid recollection" that it was not the intent either of the convention's administration committee or its pay commission to permit charter flights at state expense.

Rep. Jim Kaster makes weekly trips home to El Paso by commercial airliner and has spent \$1,736 since the convention began.

"What if all of us were doing that (using chartered aircraft)? Why the hell should he do it and none of the rest of us?" Kaster said.

In all but two trips Healy

used the services of a company called Flight Standards of Abilene.

Flight Standards, it was learned late Monday, is only a pilot service and basically a one-man operation run by Sam Jennings.

the rest of the way, said Donnie Nelson, who runs the convention's business office.

"I use it because it is more convenient. I can't get home

Police Rescue 'Storm' Victims

City police came to the rescue Monday when a thunderstorm awoke a patient at Medical Arts Hospital at 3 a.m.

The patient was distraught because she knew that the mother dog at her residence was getting wet. "And she has brand new puppies," the patient told the nurses.

The nurses notified the police, who went to the home of the patient, put the dogs in the garage, and the patient relaxed and went back to sleep.

Fashion School Awards Degree

James Thurman of Gail Route, Big Spring, has received an Associate in Applied Science Degree at graduation exercises from the Fashion Institute of Technology in New York City.

Thurman majored in interior design at F.I.T., a two-year community college under the program of the State University of New York.

Attendance Good In Rec Program

Attendance continues good at the Summer Recreation Program.

The activities at Comanche Trail Park drew 345 last week, and those at Lakeview 300, while the Runnels Basketball program on Tuesday and Thursday evenings had 60.

Elementary age children are urged to take part in either the Comanche Park or Lakeview program each week-day morning. There is no charge for this supervised event.

Equalization Boards Meet

County, city and school boards of equalization will convene in the County Commissioners Courtroom and adjoining county judge's chambers at 10 a.m. Wednesday. Real property values will be considered in meetings expected to take about two days.

3 ♣ Pass 4 ♣ Pass
Pass Pass

Opening leads: King of ♦
"If the finesse was going to work, there was no need for me to take it," remarked South as he entered 120 below the line and 500 above.

North-South conducted an orderly auction to arrive at their best spot. South might have made a free bid over East's overall, but he elected to pass. However, North reopened the bidding with a double, showing a good hand, and East's second bid took the strain off South, who could now afford to show some values by bidding freely at the two-level. When North announced interest in game with a raise to three spades, South, with something in reserve for his previous bids, accepted.

West led the king of diamonds and continued the suit to his partner's queen. East played the ace, and declarer ruffed with the jack of spades as West shuffled a heart. Dummy's two high trumps drew the outstanding pieces and the ace and king of hearts were cashed. Declarer now made the unusual play of the ace of clubs!

South reentered his hand with a trump and cashed the queen of hearts, discarding a club from dummy. The count was now complete—East had started with two spades, at least three hearts and six diamonds. Therefore, he could not possibly have more than two clubs, and one of those had already been played under the ace.

Declarer was down to a sure-trick ending. He led a club, West followed with a low card, and dummy's queen was inserted. Declarer did not mind whether this won or lost. If West held the king, the queen would win and declarer's only losers would be two diamonds and a club. If East had the king, he would win the trick but would then be forced to return a diamond, permitting declarer to discard his remaining club loser from his hand while ruffing in dummy.

Note that declarer would have gone down had he taken the normal club finesse. East would win and exit with a club, and declarer would have to lose a second club trick.

TG&Y Has Two Outlets Within City

T. G. & Y. maintains two family centers in Big Spring to better serve customers, one located in College Park Shopping Center and the other in Highland South.

The store in College Park is managed by Doug Simpson, the one in Highland South by Cletis Viers.

The company was founded by R. E. Tomlinson, E. L. Gosselin and R. A. Young in 1936.

The stores stock a wide selection of fabrics, many famous-brand lines, plus sewing notions and trims.

Ready-to-wear clothes are also available at the T. G. & Y. stores. Men, women and children can usually find the sizes they need at either outlet.

Whether you need pants, shirts, blouses, pantsuits, hosiery, fashion items, lingerie or shoes, the place to shop is T. G. & Y.

Such items as paints and recording tapes, school supplies, toys, fish, house birds, picture frames and candy are also offered for sale by the company's stores here.

T. G. & Y. also specializes

in custom flower arranging. Simpson has been with the parent firm six years and first came to Big Spring in 1971. His family include his wife, Janette, and three

children, Rickey, age 8, Robert, 6; and Russell, 4. He is president of the Big Spring Bass Club, so its not hard to figure out what his hobby is.

CHAMPION STYLE — America's Billie Jean King, five-times holder of the Wimbledon singles title, wears one of the dresses she will wear while competing in the tourney which started Monday in London. The dress is from the Teddy Tingling collection.

'Love' Theme For Luncheon

"Love" was the topic explored by Mrs. Paul Guy, president of Philathea Sunday school class, First United Methodist Church, when she spoke at the group's dinner meeting Thursday.

"Our class is a fine example of what can be done when love for others becomes a real concern," said Mrs. Guy. "There are so many opportunities to show love to people all over the world, even to those who are irritable. A smile or a word of encouragement can many times change a dreary day to one of sunshine." She announced that the class has increased by eight members.

Guests were the Rev. and Mrs. J. B. Sharp, Mr. and Mrs. Charles Farham and Mrs. Glenn Lee, the latter of Marlow, Okla. Mrs. Sharp gave the invocation.

The program included music, with class singing led by Mrs. B. M. Keese

Bride-Elect Honored At Shower

A pre-nuptial shower for Miss Sherry Bradbury, future bride of Louie Purdom, was held Saturday in the home of Mrs. Lonnie Coker, 1018 Birdwell Lane. There were 14 hostesses.

White carnation corsages tied with burgandy ribbon, were presented to the honoree, her mother, Mrs. Bob Bradbury; and her grandmother, Mrs. E. O. Parker of Tyler, Mrs. Bradbury's sisters, Mrs. John Ford and Mrs. Bob Wells, both of Tyler, presided at the guest register.

Out-of-town guests were Mrs. Loy Phillips, Mrs. Henry Cornett, Mrs. Larry Paulk and Mrs. Buddy King, all of Lamesa.

A white linen cutwork cloth covered the refreshment table, and the centerpiece was of burgandy and pink yarrow and red and pink Sweetheart roses. Appointments were silver and crystal.

The couple will be married July 13 in the First Baptist Church.

In Classified Service Altrusa Club Pioneer

"Altrusa is the first women's classified service organization," said Mrs. Beth Kay, briefly reviewing the organization's history as she installed local officers during a dinner meeting Thursday at Big Spring Country Club.

Mrs. Kay said the first Altrusa Club was established April 11, 1917 at Nashville, Tenn. As other clubs were organized over the nation, the first convention was held in 1918 at Indianapolis with Mamie L. Bass of that city becoming the first national president. The first classification guide for the business women's club was adopted in 1928.

New local officers are Mrs. V. F. Michael, president; Mrs. Houston Cowden, vice president; Mrs. Pauline Petty, recording secretary; Mrs. Willard Hendrick, corresponding secretary; and Mrs. Loy Wooten, treasurer. New board members are Mrs. Dorothy Ragan and Mrs. Ruby Billings.

Mrs. Hendrick, retiring president, was presented a past president's pin and a gift of appreciation. Also, thanks was expressed to the retiring board members, Mrs. Hendrick, Mrs. Michael, Mrs. Irene Orenbaum, Mrs. Ragan and Mrs. Wooten. The Altrusa president's pin was presented to Mrs. Michael.

Guests welcomed were Mrs. Myrtle Tatum, San Angelo; Mrs. Warlick Carr, Lubbock; Mrs. Vera Gross, Mrs. M. L. Moates, Mrs. Sol Bledsoe, Mrs. Edgar Ray and Mrs. R. F. Dorsey.

Rice Bag Party Held For Miss Nancy Smith

Miss Nancy Smith, bride-elect of Louis Dunnam, was feted at a rice bag party Sunday afternoon. Hostesses for the party were Mrs. Harold Davis, Mrs. James Cape, Mrs. John Gary Sr., Mrs. John Gary Jr. and Mrs. Don Womack, the latter of Fort Worth. They were assisted by Miss Chris Davis and Miss Janet Gary.

Corsages of pink rosebuds and stock were presented to the honoree, her mother, Mrs. Jimmy Ray Smith, and the bridegroom's mother, Mrs. R. G. Dunnam. Miss Suzanne Smith, sister of the bride, was among the guests. Informal long dresses were worn by the hostesses as well as by Miss Smith whose sleeveless, lavender dress was edged with white embroidered applique.

The serving table, covered with a white cutwork cloth,

Clippings At Work

When you mow the lawn, don't put the clippings in the garbage or trash, where they have to be hauled away. The American Association of Nurserymen says they will do much more good sprinkled around your shrubbery, flowers and vegetable beds — three to four inches deep — to help keep moisture in, weeds out.

August Wedding Date Announced

Mr. and Mrs. Maynard Koepke, Eveleth, Minn., announce the engagement of their daughter, Brenda Kay, to Ricky Lynn Roper, son of Mr. and Mrs. Boyde Roper, Big Spring. The couple plans to marry Aug. 17 at 8 p.m. in the Church of God.

Miss Koepke is a senior at Eveleth Senior High School. The bridegroom-elect is a junior at Big Spring High School and is employed at the Veterans Administration Hospital.

Sam Smith Honored At Birthday Party

Sam E. Smith, 2008 Runnels, was honored on the occasion of his 80th birthday by his three sons-in-law and daughters, Mr. and Mrs. Avery Falkner, Mr. and Mrs. Carl Coleman and Mr. and Mrs. Cecil Peurifoy, with a party Sunday in the Falkner home, 708 W. 17th.

Calling hours were from 2 to 4 p.m., and 38 relatives signed the register. The honoree was presented a white carnation boutonniere.

Granddaughters who registered guests and served were Mrs. Riley Falkner, Mrs. Gene Wilson, Mrs. Kenneth Lane, Mrs. Howard Butts of Midland, Mrs. Ike Lewis, Miss Hollie Peurifoy and Miss Wendi Lane.

A white linen cloth covered the table, and the centerpiece was of white and yellow gladioli.

Mr. Smith was born June 25, 1894 in Mason County

SAM E. SMITH

Safety Measure

If you want to set plants on outside window sills for the summer, hammer a long nail part way into the wood sill, at the point you intend to place the clay pot. Slip the drain hole of the pot over the nail, fill in gravel for drainage, and soil. Then plant in regular way. This will keep a sturdy pot from slipping or toppling in strong winds.

Coed Dorm

Dear Abby
Abigail Van Buren

DEAR READERS: I received the following letter. (It was signed.):

DEAR ABBY: We are two students at Scripps College in Claremont, Calif., who are distressed by the attitudes of the majority of the girls in our residence hall concerning male visitors.

Not only are men allowed in the girls' rooms 24 hours a day, but they are also allowed to use our bathroom facilities.

We find it particularly embarrassing to encounter men just outside the showers with only a towel wrapped around them. We also sometimes encounter couples showering together in the same stall.

These rules were approved by the majority of the girls in our dormitory, but we feel that, as a minority, we have certain rights to our privacy, and that since this is a women's college, we shouldn't have to accommodate men in our living quarters.

We would appreciate your advice on this subject and hope you will print this so that girls at other women's colleges who share the ideas of the majority will have a greater respect for the sentiments of the minority.

DOUBTFUL

Suspecting that "Doubtful's" letter might have been a put-on, I wrote to the Dean of Students and asked for verification. I received the following reply:

Dear Ms. Van Buren: I have received your letter and the enclosed letter from one of our students. Indeed, the situation which she has described is not a "put-on." Though ours is a residential college for women, the college community, at the express request of students, adopted a 24-hour visitation system three years ago.

Part of the understanding inherent in this procedure, and one which the students must reaffirm each year, is that special consideration and accommodations be given to any student in any residence hall who finds herself, as "Doubtful" does, in the minority. She has only to talk to the president of the hall, the residence staff person, or to one of us in the Dean of Students office, and we will make every effort to provide her with a living situation compatible with her particular lifestyle.

I think "Doubtful" should be encouraged to use the channels available to her within her own college!

Sincerely,
Stephanie Adams,
Dean of Students

DEAR DOUBTFUL: Well, here you are. The Dean of Students has suggested alternatives available to you and others who find the prevailing lifestyle within your dormitory repugnant to you.

Hi-Lo Bridge Club Winners

There were three tables in play Monday evening when Hi-Lo Bridge Club met in the home of Mrs. J. F. Gibson, 901 Saunders Coahoma. Mrs. J. A. Westmoreland won high, and low score went to Mrs. Jim Nichols. Next week's meeting will be held in the home of Mrs. Laura Thomas, 602 S. Main, with Mrs. T. A. Bartlett as hostess.

Lighting Plants

Most plants you grow indoors need more light than they can get through the windows, and the American Association of Nurserymen has some pointers on the subject.

Tollage plants do best under fluorescent light, but flowering plants need a bit of incandescent lighting added to get some of the far-red rays from the color spectrum. Figure one watt of incandescent lighting for every three of fluorescent.

A LOVELIER YOU

Color The Gray Hair; Do Not Pull

By MARY SUE MILLER

A lovely man bemoan gray hair. But there is no use in pulling out strands as they appear. A far better course is to tint or to dramatize or to bewig fading color.

If you decide to tint, aim for a shade that is close to, but a bit softer, than your hair's original color. A drastic change might prove trying. And too conspicuous! A convincing job, like a good makeup, looks the real thing.

Should you decide to let nature take over, you will not want for company. Many a charmer takes pride in her silver head. Some locks are dyed to a sterling shade. Obviously, gray hair is no longer a blight on loveliness.

HOW TO HAVE LOVELIER HAIR

Overcome your hair problems! Send for my booklet, HOW TO HAVE LOVELIER HAIR. Advice includes: corrective care of dry, abused, oily and hard-to-manage hair; expert coloring methods and treatment of tinted hair; hairstyle formulas; tips on perfection cutting, permanents, straightening and grooming. Write to Mary Sue Miller in care of the Big Spring Herald for your copy, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

Change filters regularly. It takes very little energy on your part.

Replacing disposable filters or cleaning permanent type filters as required, is one of the easiest ways to help your cooling system do its job more efficiently and economically.

Clogged filters restrict the air flow your air conditioning unit needs, making the unit work harder and longer — which uses more electricity.

Here are some additional ways to help your air conditioning keep its cool:

Don't put lamps or other heat-producing appliances in the immediate vicinity of the thermostat.

Keep the outdoor unit free of shrubbery or other obstructions that might pre-

vent proper air circulation.

Insulation can pay for itself by lowering your cooling (and heating) costs. You can save as much as 20% or more on energy consumption if your home is insulated to meet FHA standards.

For comfort and economy, set the thermostat at 78-80 degrees. For each degree above 75 degrees, the energy used for cooling is reduced by 5%.

For more ideas on using energy wisely around your home, come by Texas Electric or request our free efficiency tips booklet on the comment portion of your electric service bill.

TEXAS

WFL Sets Sights On NFL Prospects

NEWPORT BEACH, Calif. (AP) — The World Football League has vowed to "vigorously continue" efforts to sign National Football League players after a Texas appellate court ruling that cleared the way for WFL recruiting of Dallas Cowboy athletes.

Appeals Court Judge Harold Bateman of Dallas reversed a lower court injunction Monday that had halted WFL recruiting of players from the National Football League team.

WFL Commissioner Gary L. Davidson, organizer of the new league, said the ruling confirmed the WFL's belief "in the freedom of competition between leagues and the freedom of players to have viable alternatives in choosing employers."

He added that the WFL "has not, and will not in the future, violate the valid terms of any presently existing contract..." He said players obligated to the NFL for 1975 and who have signed with the WFL would not join the WFL until 1976.

Tex Schramm, Cowboys' president and general manager, said he would have no comment on Judge Bateman's decision until club attorneys read the opinion.

Texas District Court Judge Charles Long had issued an injunction that barred WFL recruiting of Cowboys Calvin Hill, Craig Morton and Mike Montgomery. The injunction was granted to the Cowboys, who described the WFL recruiting as "raiding."

Hill, Morton and Montgomery had signed contracts with Hawaii, Houston and Birmingham of the WFL, respectively.

Bateman disagreed with the Cowboys' claims that the WFL recruitment was illegal meddling in player contracts.

"We must consider the freedom of contract of the individual players as well as the rights of the club under its present contracts," he said.

Reds, Dodgers Top Star List

NEW YORK (AP) — The Cincinnati Reds and Los Angeles Dodgers, rivals for the National League's West Division crown, are on the verge of sewing up seven of eight possible starting spots on the National League squad for major league baseball's All-Star game.

Figures released Monday by Baseball Commissioner Bowie Kuhn's office show the Reds are leading in the race for four positions and the Dodgers three. With only two weeks of balloting remaining, all of the leaders appear assured of starting berths.

Only Atlanta's Hank Aaron, baseball's all-time home run king, has been able to break through against the Reds and Dodgers. Aaron is the fans' top choice for the game, leading all candidates with 902,630 votes.

Pete Rose follows Aaron in the race among outfielders with 571,231 votes while Jimmy Wynn of Los Angeles is third with 497,232.

Catcher Johnny Bench, first baseman Tony Perez and second baseman Joe Morgan are the other Reds heading for starting spots. Bench, second to Aaron in over-all votes, was named on 812,684 ballots with runner-up Joe Ferguson of Los Angeles polling 242,013.

Perez has 319,640 votes to 287,027 for Bill Buckner of Los Angeles, and Morgan is a runaway leader at his position, topping Philadelphia's Dave Cash, 519,836 to 372,694.

Third baseman Ron Cey and shortstop Bill Russell are the other Dodger leaders. Cey has 470,651 votes to 305,913 for Pittsburgh's Richie Hebner. Russell leads Cincinnati's Dave Concepcion, 402,890 to 303,949.

Balloting ends July 8 for the classic, scheduled for July 23 at Pittsburgh's Three Rivers Stadium.

THE STARS AT WORK — Herald Photographer Danny Valdes packed a lot of action into one picture Saturday during the Coaches All-America Football game in Lubbock. West ball carrier Dexter Bussy (31) is brought down by All-American Randy Gradishar of the East, while Scott Anderson throws a block at an unidentified East defender. At left, Reuben Grant (85) and Tom Wickert (75) double team Mark Gefert (65) of the East. The West won, 36-6.

NEWCOMBE, SMITH ADVANCE

Ilie Isn't Wimby Contender

WIMBLEDON, England (AP) — Don't accuse the Nastase of overconfidence.

After scoring an 8-9, 6-3, 6-4, 6-2 victory over Czechoslovakia's Jiri Hrebec in the first round of Wimbledon play, the second-seeded Romanian tried predicting which player might win the prestigious tennis event.

Nastase's name wasn't mentioned.

"I do not see how I can win here; I am not playing well," a tired Nastase said. "Newcombe should win, or maybe Smith."

Nastase' prediction seemed sensible enough. The top-seeded Newcombe, bidding for a fourth Wimbledon title, scored a 6-3, 6-2, 8-6 victory over Georges Goven of France. The fourth-seeded Smith, his serve smoking, breezed past Raz Reid of Greenville, S.C., 6-3, 6-3, 6-2.

Smith didn't face much pressure; nor did many of the nine seeded players who advanced to the second round.

Sweden's Bjorn Borg, seeded fifth but leading the tournament in screaming teen-age fans, scored an easy victory

over Britain's Graham Sill-well. The 18-year-old Borg has swept the Italian and French championships.

Other seeded players to advance were defending champion Jan Kodes of Czechoslovakia, seeded No. 6; seventh-seeded Tom Okker of The Netherlands; 40-year-old Ken

Rosewall of Australia, the ninth seed, and Spain's Manuel Orantes, ranked 12th.

Jimmy Connors, the third seed, didn't get to complete his opening match with Sweden's Ove Bengtsson. Darkness halted competition with the Belleville, Ill., native holding a 6-1, 7-9, 6-2 lead.

Darkness kept Arthur Ashe and Russia's Alex Metreveli from beginning their first-round match. It was rescheduled to follow completion of the Connors-Bengtsson match today.

After completion of the darkness-delayed matches, the women took over today's action.

TEEN BASEBALL

Rebs, Angels Score Wins

The ABC Rebels slugged the Angels 19-9 and the Saunders Angels ripped the Yanks 14-1 in a Sophomore League doubleheader Monday.

Brent Overman and Ernest Nichols smacked a double and two singles apiece in sparking the Rebels' 16-hit attack, while Randy Crockett, Ricky Cluck, Alan Cramer and Mike Egan had two hits each. Crockett, the winning pitcher, had two doubles. The Rebs are now 6-4.

Mark Poff and Freddy Martinez stroked two hits apiece in the Knights' losing cause, while Rickie Myers took the mound decision.

The Angels lifted their mark to 8-2 with the win over the Yanks. Ysa Rubio slugged five hits, including a triple and a double, in sparking the win and Javier Hernandez had three hits. Kent Rice added two doubles and winning pitcher Kyle Pfeiffer, now 4-1, also added a double. Pfeiffer struck out 15 Yanks.

James Pinkard, Worsham and Burleson clubbed two hits apiece in the losing effort as the Yanks slipped to 5-5. James was the losing hurler.

In a Sophomore League game Saturday, the Hi-Noon Optimist Red Sox topped the Yankees 5-3. Craig Clark had a double and a single in the Red Sox win, driving in two runs, while Kevin Henderson added a triple. Rusty McLaughlin was the winning pitcher, while Paul Spence chipped in five innings of three-hit relief work.

Pinkard was the Yanks' losing hurler.

Yanks 000 041 2-9-9
Angels 103 730 531-13
2B - Kent Rice (2), Ysa Rubio and Pfeiffer, Angels, 3B - Rubio, Angels.

Rebs 106 700-0 7-2
Angels 104 592-19 16-4
Rebs - Randy Crockett (3-1), L - Rickie Myers.
Angels - Crockett (2), Alan Cramer, Brent Overman, Ernest Nichols and Eugene Alexander, Rebs.

Griffin Delivers As Astros Romp Past Cincinnati, 6-1

HOUSTON (AP) — Houston Astros pitcher Tom Griffin says he can't remember when he ever had a winning percentage as good as he has now—maybe not since Little League.

Griffin pitched a five-hitter at Cincinnati Monday night as the Astros, aided by the home run ball, whipped the Reds 6-1.

"I'm real happy to be 8-3," Griffin said. "I've never had that kind of percentage before in pro ball. Not even in the minors. Probably not since Little League."

Griffin said he had a "pretty good fast ball and pretty good control."

"When I have both, it's a big thing for me," he said. "It just feels good to win a ball game. I just want to help the ball club win."

Doug Rader and Cesar Cedeno blasted home runs for the Astros. Rader's was a three-run shot and Cedeno's was a two-run smash.

The Astros struck for four runs off loser Don Gullett, now 7-5, in the second inning. Lee May doubled and Cliff Johnson walked prior to Rader's seventh homer of the season. Tommy Helms then singled and after Griffin's sacrifice bunt, Roger Metzger singled in the fourth run.

KC's Busby Had Shot At 2nd Gem

By The Associated Press

"I never gave a thought during the game that I might pitch a second no-hitter," said Steve Busby. Ron Santo gave him something else to think about.

Busby revived memories of Johnny Vander Meer Monday night. For more than five innings, Kansas City's young right-hander was toying with a no-hitter, his second in a row and the third of his life.

But Pat Kelly of Chicago broke the spell with a one-out single in the sixth, and Santo broke Busby's heart with a two-run homer in the seventh that boosted the White Sox to a 3-1 victory over the Royals.

In other American League games, Cleveland walloped New York 10-3, Boston bombed Milwaukee 9-0, Oakland shelled

California 11-3, Minnesota trimmed Texas 8-4 and Baltimore beat Detroit 3-1.

"The pressure and the ball-lyhoo from the first no-hitter didn't bother me," said Busby. "I made some bad pitches... But until he served up Santo's game-breaker, there hadn't been many. He walked only one batter last Wednesday night in no-hitting the Milwaukee Brewers 2-0. And he walked only two before Kelly hit a grounder that barely eluded diving second baseman Cookie Rojas.

National League scores: New York 4, Chicago 2; Houston 6, Cincinnati 1; Atlanta 4, Los Angeles 3; San Diego 2, San Francisco 1, and in a two-night doubleheader, St. Louis 3-4, Pittsburgh 1-0.

SPORTS... IN BRIEF

BASKETBALL
MILWAUKEE — Hubie Brown, the Milwaukee Bucks' assistant coach for the past two seasons, has been signed as head coach of the Kentucky Colonels of the American Basketball Association.

Abilene Names Baseball Coach

ABILENE — Abilene school officials have named Arthur Thomas Blair, 27, new head baseball coach at Abilene High. Blair, Pecos Junior High coach the past two years, has previously coached at Lewisville, Huley Junior High in Dallas and Meadow Junior High in Richardson. He replaces Ted Harris, who resigned earlier this year to join the football staff at Midland High.

Twins Topple Texas; Quilici's Job On Line

ARLINGTON, Tex. (AP) — Minnesota Manager Frank Quilici wasn't exactly a picture of joy Monday night after his Twins ripped the Texas Rangers 8-4, saying the way he hears it from owner Calvin Griffith "my job is in jeopardy unless we win on this road trip."

The somber Quilici said, "I've never worried about a job. I'm just trying to see to it that our guys win. The owner can say what he wants to say."

The Twins are in fifth place in the American League West. Quilici is in his second full season at the helm. He followed Bill Rigney as the Minnesota manager after Griffith fired Billy Martin, now manager of the Rangers.

The only time Quilici smiled Monday night was in relishing shortstop Danny Thompson's

four-hit night which included a two-run, inside-the-park homer off loser David Clyde.

It was only the second start in a month for Thompson, who has arrested leukemia. He spent 21 days on the disabled list.

"Danny has been staying ready and it paid off," said

Quilici. "He's a tough competitor. He has a lot of guts. He has to go to the doctor for checkups periodically and he takes medication."

The Big Spring Cardinals split a doubleheader Sunday, losing the opener to the Midland Colts 9-7, but bouncing back and taking the nightcap 8-3 over the Lamesa Lobos.

Terry Smith's three-run homer gave the Cards a temporary 5-4 edge in the first game, but the visitors reclaimed the lead in the sixth. Jimmy Fierro had a double and a triple and Andy Gamboa added a single and a double in the defeat, while losing pitcher Orlando Olague chipped in a triple.

In the nightcap, Don Harrison beat out an inside-the-park home run to spark the effort, while Gamboa came up with a triple and a single and Santos Olague slapped a double and a single in the win. Tony Fierro and Joe Cadenhead also added hits, while Fierro was credited with the win.

The Cards, now 7-7, visit the Colts again next Sunday.

Talons Whip Sabres

Charles Pferrer's two grand slam home runs in the early going took the starch out of the Sabres and the Talons rolled to a 23-6 triumph in the opening game of the International League post season playoffs Monday.

Pferrer, who also added a single for the winners, sparked the Talons to a devastating 17-0 lead in the second inning and Todd Underwood came through with a five-hitter. Underwood also added a two-run homer for the winners, along with a double and a single.

Jeff Wall, Stewart Miller, Leonard Cypress and Rick Trevino also starred in the plate attack.

For the Sabres, Ralph Clark beat out an inside-the-park home run to highlight the offensive show, and he also had a single. Todd Huckaba, Frank Jones and Ronnie Ramirez also hit safely in the loss. James Walker was the losing pitcher.

The Talons play the top-seeded T-Birds Wednesday in the double elimination, and the Sabres return to action Saturday morning. In tonight's game, the Comets and Starfighters collide. The playoffs

determine the final league standings for the IL entries in the city championship.

In other Little League play Monday, the Cardinals trimmed the Rebels 8-4 in the National League, the Jets nudged the Cabots 7-6 in the American loop and the Tigers edged the Pirates 9-8 in the Texas League.

Ben Watson struck out 15 batters and scattered four hits as the Cards upped their mark to 14-5. Scott Moore had three hits and Monte Rogers chipped in a pair to lead the Cards.

For the Rebels, Tony Deel had two hits. Byron Harris suffered the defeat, while Rebe Bradley third baseman Bruce Webb had a good night defensively. The Rebs stand 9-9.

David Matlock's sixth inning triple chased home the winning run as the Jets slipped past the Cabots. It sparked a comeback from a six-run deficit, as Mark Vassar had staked the Cabots to a big lead with a two-run homer.

Matlock, Pete Henton, Brent Pearce and Douglas Bradley all shined at the plate for the Jets, and Pearce was the winning pitcher.

For the Cabots, Bob Bradock helped Vassar's effort. Richard Moncus was the losing hurler.

Jimmy Carrillo homered and Jamie Renteria slugged a triple and a double, but Brocky Jones plated the all-important winning run as the Tigers lifted their TL mark to 16-3. Renteria, who also picked up his fourth mound victory without a defeat, had other help at the plate from Mike Herrera, Ernest Jara and Lupe Ortiveros.

Sammy Torres took the defeat for the Pirates, while Rubio sparked the plate attack.

MISS SOFTBALL Misfits Rip Greenbacks

The Forsan Oil Well Misfits clobbered the State National Bank Greenbacks 24-0 Monday to highlight Miss Softball America Minor League competition. Rebecca Fryar was the winning pitcher over Denise Bradley in the victory.

In other Minor League play, the AAA Rental Roadrunners downed the Pioneer Natural Gas Pioneers 24-7, the Elks halted the First Federal Belles 15-2 and the Price Pavers Academies toppled the Garden City Kitty Kats 26-19.

Toni Pettit was the winning pitcher over Kim Hanson in the Roadrunners-Pioneers clash, and Sherry Byrd tossed the Elks' win as Jill Thomasson took the mound for the Belles. Judy Edwards was the Academies' hurler, and Be-Bee Doe suffered the defeat for the Kitty Kats.

In the Mini-Minors Monday, the Eagles Lodge Eaglettes nudged the Rotary Club Rooters 12-1 behind the pitching of Teresa Key. Gina Webb suffered the loss.

Ruth Knight stroked an inside-the-park home run and Karen Weber hurled the shutout as the Rustlers bombed Odessa West 23-0 in MSA Senior League action here Saturday. Karen Weber also had a triple, a double and a single as did Kathy Weber in the Rustlers' sixth win without a loss.

Blood Donations To Be Accepted

A Red Cross coordinated blood drive will be held at Webb Air Force Base Thursday and will be held in Big Spring next Tuesday, according to Red Cross Local Director N. E. Roll. The drive, to help erase the blood bill accumulated by the mother of a Webb sergeant, will seek donations from both the military and business community.

Mrs. Ella Black, mother of SSgt. Bobby Black of the 78th Supply Squadron, is undergoing treatment for leukemia at the Martin-Wagner Cancer Research Hospital in Dallas and has used more than 250 units

Hotel In Odessa Due To Reopen

ODESSA - The Elliott Hotel, a downtown Odessa landmark, has been purchased by an Odessa businessman at an undisclosed price. Glen Branton said he will reopen the facility as a hotel for permanent guests. Renovation is to begin immediately, with the first occupants expected to move in about three months.

Branton operates another Odessa hotel. He said the renovated hotel will also cater to students at Odessa College and the University of Texas, Permian Basin.

The Elliott Hotel was built in 1926 and closed in 1959.

of blood while at the hospital, a bill of more than \$8,700. Blood collected in the local drives will be credited to the blood bill owned by the Blacks, while the blood collected will be distributed in the local area by Blood Services of San Angelo.

In addition to helping the Blacks and helping those who may need blood transfusions here locally, blood donations also help the donor and his family. Under the Community Donor Program, donors and their immediate family receive a six-month blood protection. This protection includes blood center charges for transfusions except for the treatment of hemophilia.

Healthy persons from 17 to 66 are generally accepted as blood donors.

Roll said he hoped that the special collections scheduled for this week and next can become the basis of a regular blood program for Big Spring.

A regular blood program would include the collection of blood via a bloodmobile sent to Big Spring on a regular basis.

Collections at Webb are to be from 9 a.m. to 4 p.m. on Thursday at the John H. Lee Service Center. The time and place of the Big Spring collection is to be announced later.

Park Funding Word Awaited

Work continues toward obtaining funding of the proposed \$186,000 Roy Anderson Park which will be constructed near the Big Spring State Hospital.

A proposal for \$93,000 federal funding has already been approved by the Permian Basin Regional Council. It will come through the Bureau of Outdoor Recreation.

It is being handled by the Texas Bureau of Parks and Wildlife which sent a representative here last week to take pictures of the proposed site.

"The park will include six baseball parks, including softball, low pitch and some for girls' softball. Local funding will back half the project."

"We think we will hear something else about the federal funding within the next two months. We did not anticipate any expenditure of local funds until the next fiscal year," according to Harry Nagel, city manager.

The land on which the park will be constructed originally was donated to the state hospital and now will revert to the original owner.

THEFTS

Frank Vignas, AAA Garage, reported theft of services after subject promised to pay for repairs on auto, a 1971 Pontiac grand Prix, and then never returned. Value parts and labor, \$613.58.

Foy Dunlap, Dunlap Fina, reported that a back window on his station was broken early Monday and \$90 cash was taken from the cash register along with credit card receipts.

Roy Bruce, 3rd and Johnson, reported that at about 5 p.m. Monday, someone stole 2 Zenith tires, 13 Zenith steel radial tires, 2 Phillips steel radial tires, and 30-30 Winchester Model 94 rifle. Total value was placed at \$468.45.

Trailer courts, lot 77, reported burglary of his home. Taken were \$50 in cash and two necklaces. Total value was set at \$200.

Work Will Start Shortly On Inn

MIDLAND - Work will start within 30 days on the 160-room multi-million dollar Midland Hilton Inn, which will be built in downtown Midland. The complex will include a first-class restaurant and lounge. Banquet facilities for upwards to 750 persons will also be provided.

Construction is estimated to take approximately 18 months. The general contract was awarded to Rose & Sons Inc., Abilene.

Exemptions Mean Less Revenue

Exempting the homesteads of senior citizens from county taxes will mean a reduction of approximately \$21,000 to \$31,000 in revenue, county officials estimate.

These estimates were based on the previous assessed tax total of \$796,267.

Runaway Hotline

AUSTIN (AP) — Gov. Dolph Briscoe said Monday he has approved a \$21,000 grant through the Criminal Justice Division for continued operation of the "Operation Peace of Mind."

The operation is a 24-hour nationwide toll-free telephone service originated in September 1973 following the Houston mass murders. Runaway boys and girls are urged to use the telephone service to have their parents notified that they are alive and well.

No attempt is made to learn a runaway's location or to talk them into returning home against their will, Briscoe said.

GRUESOME PHOTOS

Widow Talks About Night Of Terror

BROWNSVILLE, Tex. (AP) — A Harlingen widow told of a night of terror, some gruesome pictures were introduced and the defense failed to get a mistrial Monday in the murder trial of Jerry Joe Bird.

Bird, 36, is being tried on a charge of murder in the January 11 shooting death of

Victor H. Trammell, 65, a Harlingen farmer who kept a valuable antique gun collection in safes at his farm home.

Mrs. Jo Ellen Trammell, the victim's widow, dramatically identified Bird by slapping him on the shoulder after Cameron County Dist. Atty. Fred Galindo asked her to identify the man who pulled a pistol on her husband after entering their home on the pretext of selling some guns.

and around her ankles. The awake," she said.

"I heard a commotion and what I thought was a shot. I heard this terrible groan that led me to believe they had shot Mr. Trammell," she said, adding "it was an agonizing cry." Her voice broke as she testified.

Mrs. Trammell said she was then able to free herself and opened a window, pushed out the screen and ran across a plowed field.

Mrs. Trammell said she hid in a ditch until she began to smell smoke and heard a fire truck racing to her home.

BODY BURNING

Texas Ranger Bruce Casteel of Harlingen testified that pictures were taken of Trammell's body while it was still burning. The pictures were shown to the jury despite objections by defense lawyer Douglas Tinker of Corpus Christi. Several jurors grimaced as they hurriedly looked at the pictures.

Emmett Leroy Korges, 39, is also charged in the Trammell slaying. He will be tried later.

TERRIBLE GROAN

The woman said the men then took her and her husband into separate bedrooms. She said she was handcuffed and had tape over her eyes, mouth

District Court Judge Darrell Hester denied Tinker's request for an order prohibiting photographers from taking pictures of the jurors, as they leave the courtroom. The judge also denied a defense request to sequester the jury.

Books Diminishing In Importance, Michener Claims

STANFORD, Calif. (AP) — Pulitzer Prize-winning author James A. Michener says books are diminishing in importance.

"If I were young man today, I would work in television, he said during a seminar at Stanford University.

Michener, author of

"Hawaii, the Pulitzer Prize-winning "Tales of the South Pacific" and several other books, predicted that 70 per cent of all learning eventually will come from television.

How to measure

For accurate results always use a metal tape to take measurements.

First, decide just where the rod is to be placed. Remember, you should extend the rod past the window frame for more light, best ventilation and a more pleasing appearance.

After you have decided on location of the rod, measure from one end of the rod across to the other. This is your bracket-to-bracket measurement. Now add 3 more inches for the right side return, another 3 inches for the left side return, and 6 inches more for the center overlap. This figure will be your finished measurement. Be sure your finished measurement includes all these measurements; the bracket-to-bracket measurement plus the two side returns and the center overlap.

Small wonder America's No. 1 selling compacts come from Plymouth.

Plymouth Duster

Duster—sticker-priced less than VW Super Beetle, Datsun 610, Mazda RX-3, and Mustang II.

It's true! Plymouth Duster carries a lower sticker price than all of those other economy cars. But Duster offers a lot more. Read on! You'll see.

Duster seats 5, not 4.

Some small cars only seat 4 people. But our Duster carries 5.

Easy small-car parking and handling.

Duster doesn't forget that it's a compact, offering small-car maneuverability. It's big inside, but small outside.

A trunk larger than Pinto and Vega combined.

Duster not only gives you room inside. It gives you room out back, too. Over 19 cubic feet of trunk space . . . comparable to many larger cars.

In recent USAC tests, Duster's Slant 6 got better gas mileage on the open road than the Nova and Maverick 6. And in city driving, even got slightly better mileage than the 4-cylinder Mustang II.

The tests were sanctioned and results certified by the U.S. Auto Club. All of which proves that Duster's an economy car superstar.

Electronic ignition standard. Virtually eliminates costly ignition tune-ups.
