## HEAVY FIGHTING ON CYPRUS TAKES MORE LIVES

# Greece, Turkey Okay Cease-Fire

By The Associated Press  
Secretary-General Kurt Waldheim told the United Nations Security Council today that "fighting is still going on" in Cyprus after the deadline for a cease-fire that had been accepted by Greece and Turkey.

Waldheim said Turkish planes had bombarded the Nicosia airport after the truce deadline and that a British soldier was wounded by a bomb that hit a U.N. installation. One high U.N. official said the raid occurred about an hour after the truce was to have started.

**BOMBED HOTEL**  
In another development, the Greek Cypriot radio claimed that a hotel was bombed by the Turks and 21 foreign tourists killed. The location of the hotel was not given in the broadcast, but it was believed to be in southern Cyprus.

There was no confirmation of the bombing and it was not known whether the reported incident occurred after the truce deadline.

Three hours before the deadline, Turkey was reported flying in fresh troops, and two hours later the armed forces' general staff in Ankara indicated that some post-truce bombing might occur.

**STOP SHOOTING**  
At the 5 p.m. — 10 a.m. EDT — deadline, monitors in Beirut, Lebanon, heard the Greek Cypriot radio broadcast orders for the Greek Cypriots to stop shooting.

Earlier in the day both Greece and Turkey announced their forces on Cyprus would observe the United Nations-sponsored cease-fire. And in London Foreign Secretary James Callaghan announced the two countries have agreed to meet with Britain in Geneva to discuss a new Cyprus peace settlement.

The Turkish general staff in Ankara claimed Greek Cypriots were slaughtering Turkish Cypriots in the areas of Paphos in the western part of the island and in Lefka in the north. The General Staff said that unless this stopped, the Turkish Air Force would bomb the areas heavily.

**CENSORSHIP**  
An Associated Press dispatch from Nicosia received just before the 10 a.m. deadline reported that massive Turkish reinforcements had been landed on the beaches of northern Cyprus today. It reported that at least 12 Turkish C47s, and at least 30 helicopters ferried troops from landing vessels. The dispatch went through Greek Cypriot censorship before being transmitted, and it did not say what time the reinforcements had arrived.

**BULLETS WHIZ**  
Associated Press correspondent Holger Jensen reported from the northern port of Kyrenia, 45 miles from Turkey and 10 miles from Nicosia, that heavy fighting was going on three hours before the cease-fire was to begin.

Jensen, who was later captured by the Turks along with two other American correspondents, said Turkish jets were bombing and strafing Greek Cypriot positions as both sides fought to improve their positions.

South of Kyrenia, Greek Cypriot artillery shells burst along the top of mountains where Turkish troops had dug in. AP photographer Paul Roque returned to Nicosia from Kyrenia with the report that he saw two Turkish destroyers bombarding the port city.

## Dillinger's 'Woman In Red'

CHICAGO (AP) — Forty years ago tonight, 22 federal agents surrounded the Biograph Theater on the North Side and waited for John Dillinger to come out.

"It was the longest two hours I ever spent," Melvin Purvis, the Federal Bureau of Investigation agent in charge, said at the time. "Not a cat could have got through our lines."

Authorities had been tipped that "the most brazen desperado since Jesse James" would go to the theater to see Clark Gable starring in "Manhattan Melodrama."

They said Dillinger and his gang had robbed more than 100 banks.

Dillinger had survived running gun battles with police and they listed him as Public Enemy No. 1.

In the end, it was the "woman in red" who turned on him.

Dillinger considered Anna Sage a friend. She was convicted of running a house of prostitution in Gary, Ind. She fingered him for the G-men in return for a promise she would not be deported to her native Rumania as an undesirable alien. She was deported two years later.

Dillinger emerged from the theater and into the steamy summer night accompanied by a girl friend, Polly Hamilton, and Mrs. Sage, who wore an orange-red skirt, an identifying mark for the agents.

He had dyed his shortcropped hair coal black. His eyebrows were plucked to a fine line. He had grown a small black mustache.

As the agents closed in, Dillinger ran for a nearby alley. He was gunned down, shot at least three times. The agents said he drew a gun.

In the fusillade two women passersby were wounded. Soon hundreds of persons gathered. Souvenir hunters dipped newspapers and handkerchiefs in the blood that stained the pavement.

The theater went out of business and was sold last week.

## Ex-Senator Morse Dies

PORTLAND, Ore. (AP) — Former Sen. Wayne Morse, one of the first members of Congress to speak out against U.S. involvement in Vietnam, died today at the age of 73.

Death cut short his second attempt at a political comeback since losing his Senate seat in 1968. Hospital officials said Morse had been suffering from a urinary tract infection. They said he died of kidney and heart failure.

Morse was ousted by Republican Sen. Bob Packwood, who claimed a narrow margin of victory. Four years later, Morse, then 71, was beaten handily in a race against Sen. Mark O. Hatfield, R-Ore.

## GOP SPOKESMAN CLAIMS: Case For Impeachment Based On 'Inferences'

WASHINGTON (AP)—Special Counsel John Doar's case for impeachment was attacked before the House Judiciary Committee as based on inferences, not evidence.

Sam Garrison, named as GOP spokesman in place of Minority Counsel Albert Jenner, was reported by committee members to have said Doar's case would be insufficient for conviction of President Nixon in a Senate trial.

Committee members quoted Garrison as saying the committee should place itself in the position of "a prudent prosecutor" and not start a case it can't win in the Senate.

Garrison also was reported to have urged the committee to weigh the consequences of impeachment on the nation rather than Nixon's complicity in any crime.

**PUBLIC INTEREST**  
He was said to have told the members they should base their decision on "whether the public interest will be served or disserved by the removal of the President from office."

Garrison's charge that the case for impeachment was based on inference was challenged by some members. Committee members said Nixon's refusal to supply evidence subpoenaed by the committee accounted for any gaps in the case.

**NO FORMAL CHARGE**  
Garrison was said to compare Nixon's reliance on executive privilege to reject the subpoenas to the Fifth Amendment's protection against self-incrimination.

Invoking the Fifth Amendment is not an indication of guilt, Garrison said, and neither should reliance on executive privilege lead to an inference that Nixon is withhold damaging evidence.

Members reported that Garrison said Doar has built his case by piling "adverse inference on adverse inference."

Garrison's emergence as spokesman for the Republican members touched off news reports that Albert Jenner had been dismissed as minority counsel, but Republican members said no formal change has been made.

Rep. Robert McClory, R-Ill., who led the move to designate Garrison as chief GOP spokesman, said it was done informally and did not involve any, actual change in titles or assignments.

"I think what he did," said McClory of Jenner, "is he separated himself from the Republicans."

**KEEP COOL**  
Jenner, an urbane, 67-year-old trial lawyer, took the turmoil in Republican ranks calmly. "The best thing at the moment is to keep everything cool," he said.

Jenner said he had received no word from anyone that his job has changed and did not expect to do anything differently than he has done from the beginning.

Asked whether he thought the evidence in the case called for impeachment, Garrison said, "that judgment is to be made by the committee."

## Ehrlichman's Fib Conviction Erased

WASHINGTON (AP)—U.S. District Judge Gerhard A. Gesell Monday set aside one of the charges for which former presidential assistant John D. Ehrlichman was convicted in the Ellsberg break-in trial July 12.

**BREAK-IN**  
Ehrlichman was convicted of conspiracy and lying to a federal grand jury and also of lying to FBI agents on what he remembered seeing in his files about the break-in at the office of Daniel Ellsberg's psychiatrist. Monday Gesell set aside the conviction involving the FBI.

During the trial and outside the hearing of the jury, Gesell had indicated his objection to the use of perjury statutes as applied to interviews with FBI agents.

He nonetheless allowed the FBI-lying charge to go the jury, but ruled today that the perjury statute "was improperly invoked in this case."

At the same time, Gesell turned down Ehrlichman's attorney's request that the entire conviction be set aside. Without the FBI-lying conviction, Ehrlichman faces maximum penalties of 20 years in prison and a \$30,000 fine.

**PLUMBERS**  
Ehrlichman and three others were convicted of violating the rights of the psychiatrist, Dr. Lewis J. Fielding of Beverly Hills, Calif.

They were accused of plotting an illegal search for the psychiatric records of Ellsberg who leaked the Pentagon Papers study of the Vietnam War to the press.

The other three men convicted, G. Gordon Liddy and Miamians Bernard L. Barker and Eugenio R. Martinez, were members of the Plumbers, a special group of White House investigators, at the time of the break-in Sept. 3, 1971.

## Third Vote On Redrafted Charter Due At Convention

AUSTIN, Tex. (AP) — Working desperately to pass a new Texas Constitution to the voters, Price Daniel Jr. today expressed his first public doubts about the wisdom of having the legislature sit as a Constitutional Convention.

**TOO FLUID**  
Daniel combined the statement to reporters with an assertion that the Texas AFL-CIO is threatening political coercion to retain its bloc of votes against the latest package of a constitution and three separate proposals.

The convention takes its third vote on the constitution this afternoon.

Daniel, convention president, said the situation was "too fluid to predict" whether he could get the necessary two-thirds majority today.

Rep. Ray Hutchison, R-Dallas, who has emerged as one of the convention's strongest leaders, predicted slightly over 100 votes on today's ballot—well under the necessary 121.

Organized labor is fighting the package because it includes a separate proposal making unconstitutional any labor-management contract requiring employees to join or pay an agency fee to the union that represents them.

**STRAP IT ON ME**  
"Never before in the convention have I conceded in the slightest that the fact that these fellows (delegates) are legislators would be detrimental. But I see some detriment to getting the 121 votes because of that...A dozen or so say, 'I think it's the best document we can get but if I vote for it I'll never get elected again—labor will strap it on me,'" Daniel said.

He also conceded it might take the pressure of the July 30 adjournment deadline, along with constituent pressure to get the 121 votes.

Daniel said liberals who are holding out against the anti-union shop proposal might end up scuttling one of their own pet items in the basic constitution—a guarantee of equal educational opportunity for all Texas school children.

**EDUCATION**  
"I can tell you right now there are enough votes to pass this resolution as it stands right now with equal educational opportunity one of them. The lib-

## Iranian Students Die In Weekend Mishaps

Two Iranian pilot trainees at Webb AFB died Sunday in widely separated accidents.

Baba Ali Saffary, 23, drowned in the swimming area of the Lake Colorado City State Park, and Azeizollah Nicknan, 22, died in an one-car rollover northwest of Fredericksburg.

Arrangements for the two flight trainees were pending word from the Iranian embassy and notification of their families in Iran.

Two companions of Nicknan were in the Hill Country Memorial Hospital at Fredericksburg.

**GRADUATED HERE**  
Saffary, who graduated from flight training with Class 75-01 at Webb AFB Thursday, was due to have left here Tuesday.

According to reports, he and three companions were in the wading-swimming area when he got into deep water. By the time his companions could make known his plight, he had gone under. The mishap occurred at 3:30 p.m. and divers found the body in about six feet of water at 4:51 p.m. Justice of Peace Mary Lee, Colorado City, pronounced Saffary dead of drowning. The body was returned from Kiker-Seale funeral home to Big Spring.

**DIES INSTANTLY**  
Nicknan was apparently killed instantly when the 1967 car they were driving left the roadway on a curve, overturned and rolled down an incline, caught fire and burned.

Nicknan, along with Davoud Sahimlin, 21, and Hassan Harasi, 21, were all thrown from the vehicle. Sahimi and Harasi were in Hill Country Memorial Hospital where hospital authorities said they had been instructed by Webb

## Steal Dancer's Boa, Casket

FORT WORTH, Tex. (AP) — Tara Torell just has all sorts of problems.

First her business partner, Yido II, went on the lam. Then someone stole her casket. And now she's being evicted from her apartment.

What's a girl to do?

Tara and Yido are in the entertainment business. Tara's a 5-foot-2 exotic dancer and Yido is a 6-foot-long boa constrictor. But Yido's not in the act now because he disappeared last month while his partner was out of town.

Then, a couple of weeks ago, someone stole the casket Tara uses as a prop in her act. She had to replace it with a cardboard refrigerator vault covered with black cloth.

Now her apartment manager has taken a dislike to one of her pets, "Shadow," and has asked both of them to reside elsewhere.

"Shadow" is a 6-month-old, 70-pound timber wolf.

**NEAR 100**  
Temperatures are predicted to be around 100 today and Tuesday with the low tonight in the low 70s. Wind from the south at 5-15 m.p.h. No rain in sight.

NOT THE ANSWER TO EVERYBODY'S VISION PROBLEMS

Soft Contact Lenses Apparently Here To Stay

CHICAGO (AP) — Soft contact lenses are not the answer to everybody's vision problems, but apparently they are here to stay.

The so-called soft contacts have gained wide popularity in the three years they have been available in the United States because of the ease with which they can be worn.

Dr. Barton L. Hodess, an ophthalmologist on the faculty at Northwestern University medical school, said that while he would fit his own children with soft contact lenses if they needed them today, "they're not the answer to everybody's problems."

UP TO DOCTOR Dr. Whitney G. Sampson, a Houston, Tex., ophthalmologist who is president of the Contact Lens Association of Ophthalmologists, said at a recent symposium on contact lenses that "soft—as well as hard—con-

tact lenses are here to stay." But the decision as to which the patient needs should be the eye doctor's, he said.

He said there were some early problems with soft contacts because the same techniques used for fitting the hard ones were used.

SAME WAY But he said the soft lenses are now "definitely safe, effective and warranted in a fair percentage of situations" in the management of certain vision problems.

Contact lenses correct vision the same way eyeglasses do. There are no accurate figures on the number of persons wearing contact lenses or eye-glasses. An estimated 50 per cent or more of the population wear some type of corrective lenses. Of these, contacts may be worn by 2.5 to 3 per cent.

Ex-Soldier Executed

BELFAST, Northern Ireland (AP) — The Irish Republican Army says it executed a former British soldier who settled in Northern Ireland and married an Irish girl two weeks ago.

The hooded body of Brian Shaw, 21, was found Sunday in an empty house in Belfast. He had been shot twice in the head.

Shaw disappeared after leaving his father-in-law's house in a Protestant area of Belfast on Saturday to pay the bill for the wedding flowers. The unpaid bill was found on his body.

The IRA announcement claimed the young man was a member of the army's Special Air Service, a corps of underground troops. The IRA charged he had tried to incite conflict by planting a bomb in a Roman Catholic area.

"Brian liked it in Northern Ireland," said Shaw's father-in-law, Sam Ashwood. "He said he liked the people and he liked the country. He bought himself out of the army for 200 pounds (\$480) so that he could stay over here."

Shaw was the 1,044th confirmed fatality in five years of Catholic-Protestant warfare in Northern Ireland.

Young Farmers Slate Barbecue The Howard Agriculture Club (Young Farmers of Texas) will have a membership goat barbecue Tuesday afternoon at the Esco Hamlin place eight miles north of Big Spring. The site is just east of the Fairview Gin.

All members are invited, said Lloyd Underwood, president, and so are prospective members. Truett Vines will be the chief barbecuer, and cooking will start about 2 p.m.

Ford Unfurls 8 Per Cent Price Hike On Cars, Trucks

DETROIT (AP) — Ford Motor Co. has told its dealers prices on its 1975-model cars and trucks will increase an average of 8 per cent when the new model Fords go on sale this fall.

The increase would raise the cost of Ford vehicles between \$200 and \$500, averaging about \$420. But the firm did not say specifically how it would distribute the increases among its models.

A Ford official cited rising costs in announcing the proposed increases in letters to the firm's 6,500 dealers.

"Although the company remains fully committed to pricing restraint, part of these costs must be offset," Ford Division sales manager W.J. Oben wrote the dealers.

An 8 per cent increase would bring the retail cost of an average sub compact Pinto to more than \$3,000; a \$4,500 Torino to \$4,860, an \$8,000 Thunderbird to \$8,640, and a \$10,000 Lincoln Continental to \$10,800.

The Pinto would cost \$3,024 compared to the current average \$2,800. In May, 1973, the Pinto sold for \$2,021.

Throughout the 1974-model year, Ford has been in line with pricing leader General Motors as the four U.S. auto makers—including Chrysler and American Motors—issued frequent retail sticker increases.

Ford alone raised prices six times on 1974-model cars, increasing the cost of the average Ford vehicle to \$522 or 11.1 per cent more than the vehicle cost at 1973-model year end.

Executives at Ford, GM and Chrysler indicated recently they intend to continue pricing price increases as long as the inflationary spiral continues.

The automakers traditionally sought to schedule one increase each model year, in September. But during the current model year the firms each raised prices at least five times as material costs soared. The emission-arresting catalytic converter is among the equipment going into most new cars, costing an estimated \$150. It replaces more complex, but less expensive, pollution-control devices.

Shooting Suspect Surrenders Self

Jessie Polk, charged with aggravated assault in connection with the shooting and injury of William Degree, came into the police station Saturday and gave himself up.

Police had been seeking him since Thursday night. He had been to Fort Worth and returned, they said. Bond had been set at \$2,000 by Judge John R. Coffey.

In another incident, Gene Edward Carpenter was arrested at the gate of Webb Air Force base and charged with aggravated assault of a police officer. His bond is set at \$1500.

'COST OF DOING BUSINESS' Ex-Bail Bondsman Paid \$22,000 To Sheriff

DALLAS (AP) — Former Dallas bail bondsman Bobby Woods has told the state investigators he paid \$22,000 to Rockwall County Sheriff W.J. Price, who certified hundreds of blank bail bonds for Woods, according to a copyright story in the Dallas Times Herald's Sunday edition.

The newspaper reported that Woods told agents of the Department of Public Safety that he made the payments in 1972 and 1973 as "the cost of doing business."

State agents have been investigating possible criminal activity in the Dallas County bail bond system, which has accumulated a deficit of more than \$3.3 million.

The Times Herald said Woods' statement established a direct link between the payments and the blank bonds.

The money was paid by check in 1972, the newspaper reported, ostensibly to close out a land debt Woods owed Price. But the newspaper said Rockwall County records show the money never went for that purpose.

Woods statement reportedly was that he continued payments in 1973 because "it was just the cost of doing business." The Times Herald said Woods never held clear title to the land he claimed as collateral for bonds in Dallas County.

Wildcat Strikes At Four Plants

BEAUMONT, Tex. (AP) — A federal mediator attempted Sunday to bring wildcat strikers and management officials at four industrial plants here to the bargaining table, and set tentative meetings later this week.

Mediator Ed Koenig of Houston said the companies have agreed to meet with union representatives only if employees go back to work.

Koenig said a meeting had been scheduled Tuesday at 11 a.m. between representatives of striking union members and officials of Bethlehem Steel shipyard and Houston Chemical plant here and the B. F. Goodrich rubber plant at Port Neches.

Strikes still were on late Sunday at Bethlehem Steel shipyard and Houston Chemical plant here and the B. F. Goodrich rubber plant at Port Neches.

U.S. District Court Judge William Steger of Beaumont ordered union members back to work last week at Bethlehem, B.F. Goodrich and Houston Chemical.

Union officials say none of the strikes is authorized since contracts are in force. They say they have told union members to return to their jobs.

Steger has set a hearing on a permanent injunction July 29 for Bethlehem. Houston Chemical got its restraining order Saturday.

About 2,000 metal trade council workers are striking Bethlehem, which is shut down. Supervisory personnel are running B.F. Goodrich, struck by 600 oil, Chemical and Atomic Workers, union workers and the craft unions.

Those same unions are striking the Houston Chemical. A Cub Scout field day has been set for Tuesday at Birdwell Park behind Senior High School on Tenth Street.

It will be a family affair, and it will start with a picnic with Cubs and families assembling at 11:30 a.m. to 12 noon. Cubs attending on their own should bring a sack lunch. Contests will begin at 1 p.m., and activities are scheduled to be over by 2:30 p.m., according to Guy Griffith, Scout executive. All Cubs in the Lone Star district are urged to take part in the event, he said.

County Machines Due Auctioning

A public auction of old county equipment will be held at 3 p.m. Wednesday, July 31, at the county barn, according to a decision made by the Commissioners Court at its regular meeting this morning.

The list of equipment to be auctioned includes a dump truck, pickup, front end spreader, typewriters and other items.

Three used cars in the sheriff's department were taken off the auction list and kept for use by the department after Sheriff A. N. Standard appeared before the court.

The court also discussed at length a bill from a tractor company for \$80.31 for a man to drive from Odessa, look at a county loader, and report it would have to be taken to Odessa to be fixed.

The terms of the contract with the company state that it will repair the equipment if brought to Odessa. The court instructed workmen not to call anybody to come here to look at the equipment again. (The bill included a 30 cents a mile traveling charge.)

Commissioners requested Mrs. Virginia Black to obtain price estimates on the job for pest extermination at the Fair Barn.

Houseboat Living Not Romantic

AMSTERDAM (AP) — Life aboard a houseboat may seem romantic, but acute housing shortage rather than romance is the main reason thousands here have taken to the water.

Amsterdam boat dwellers in the past were retired sailors. Now, families and young people figure prominently in the city's floating population which has risen sharply since World War II.

The capital has approximately 2,500 houseboats moored along the River Amstel and on about 100 canals. An estimated 1,100 of these have not been registered with the city authorities and therefore exist illegally. However, because of the housing scarcity, there is rarely any move against the occupiers.

Blurred Vision

He said the advantages of soft lenses are "remarkable comfort and patient acceptance" as soon as they are inserted. They do not have to be worn on the steady schedule required for hard contacts.

He said major disadvantages are that more care is required to keep them clean; visual acuity is slightly less sharp; they will not correct astigmatism, a condition in which an imperfectly shaped eyeball results in blurred vision because rays of light are improperly focused; they are fragile and can tear easily; they have to be replaced after 18 to 24 months; they can harbor infectious bacteria if not cared for properly; they absorb hair spray and other contaminants, and the shape, size and color cannot be modified.

\$13.3 MILLION Heart Research Grant To Baylor

HOUSTON (AP) — Baylor College of Medicine received today a \$13.3 million grant and designation as the National Heart and Blood Vessel Research and Demonstration Center.

Announcement of the five-year grant was made by Dr. Robert Ringle, acting director of the National Heart and Lung Institutes and Dr. Robert Levy, director of the institutes' division of heart and vascular diseases.

Levy said more than 25 medical institutions across the nation competed for the designation.

"While the Baylor program is the only center to be designated this year, additional centers may be established as experience is gained," Levy said.

### TURKISH MILITARY INTENTIONS

# U.S. Intelligence Goofed

WASHINGTON (AP) — U.S. intelligence misread Turkish military intentions towards Cyprus, administration officials acknowledge.

"It was our conventional wisdom that the Turks could be talked out of landing on Cyprus," one official said. "Obviously, we were wrong."

History played a part in the misjudgment by U.S. intelligence as well as a number of governments, including the British, with whom the United States consulted as the crisis deepened.

Secretary of State Henry A. Kissinger recalled Saturday that during the 1964 and 1967 Cyprus crises the Turks embarked troops, but did not invade the island.

#### SURPRISE

Therefore, Kissinger said, many members of the intelligence community and foreign governments thought this sailing of troops from southern Turkey might again be a maneuver to bring pressure on Greece in diplomatic negotia-

tions, rather than a forerunner of invasion.

Earlier, the sailing itself came as a surprise to many U.S. officials, although they were aware Turkey had concentrated troops and tanks on its southern coast.

Pentagon sources reported the Turks had closed off the area around the port of Mersin, excluding U.S. attaches and other observers.

#### NO WAY

Pentagon officials insisted all last week that the United States was not conducting aerial reconnaissance over southern Turkey and Cyprus, or the waters between. They said they were depending on the British for that kind of information as the United States strove to maintain a low military profile in the situation.

But even with knowledge that the Turkish force had sailed, officials said they had no way of knowing what the Turks intended.

U.S. intelligence has come

under criticism in two major crises in the past six years. It was accused of failing to anticipate the Soviet invasion of Czechoslovakia in 1968 and of misinterpreting the signs of an imminent Arab attack on Israel last October.

#### TURNOVER

Meanwhile, there are indications Turkey may have reconsidered briefly before taking the plunge into Cyprus.

Kissinger said he first was informed Friday evening that the Turkish fleet was heading for shore, but that later information indicated the ships had turned around and withdrawn outside Cyprus territorial waters.

But Kissinger said that about 25 minutes later, amid frantic efforts to gain a 48-hour respite for last-ditch negotiations, he got word that the Turkish force had reversed course again and a special U.S. envoy was informed that the Turkish government had decided to land on Cyprus.

## Will Approve Impeachment By 26-12?

NEW YORK (AP) — Time magazine says if House Judiciary Committee members vote the way they were leaning last week, they would approve impeachment of President Nixon by a 26-12 tally.

However, Time said since "many of the members have been jumping back and forth almost by the minute, it seemed unlikely that all members would vote according to their leanings of last week."

Before the full House of Representatives can consider impeachment, it must be first voted for by a majority on the committee, which is composed of 21 Democrats and 17 Republicans.

The magazine said interviews with committee members indicated that as of last week 10 Republicans were likely to vote against articles of impeachment. Republicans listed as solidly against impeachment were: Charles Wiggins and Carlos Moorehead of California, Charles Sandman and Joseph Maraziti of New Jersey, Edward Hutchinson of Michigan, Trent Lott of Mississippi and Delbert Latta of Ohio.

Time said the Republicans leaning against impeachment were: Wiley Mayne of Iowa, Henry P. Smith of New York and David Dennis of Iowa.

According to the magazine the anti-impeachment forces of the committee probably will get one or two Southern Democratic votes from two congressmen who were not identified. Southern Democrats "leaning toward impeachment but not yet counted solidly for it" include Walter Flowers of Alabama, James Mann of South Carolina and Ray Thornton of Arkansas, said Time.

Described as the two Republicans "most certain" to vote for impeachment were William Cohen of Maine and Hamilton Fish Jr. of New York. Five other Republicans were reportedly leaning toward impeachment.

Time said these five Republicans were leaning toward impeachment: Illinois' Thomas Rainsback and Robert McClory, M. Caldwell Butler of Virginia, Lawrence Hogan of Maryland and Harold Froelich of Wisconsin.

## Vote On Whether Impeachment Debate Should Be Televised

WASHINGTON (AP) — The House Judiciary Committee is preparing to vote on whether its historic impeachment debate should be televised.

The debate begins Wednesday and could last into next week.

#### CLOSED SESSION

A change in House rules would be needed to allow the television cameras into committee sessions and a resolution proposing the change is scheduled for House action shortly before the committee meets this afternoon.

At an earlier closed session, the committee will receive a brief of arguments against impeachment presented by Sam Garrison, newly designated by the Republican committee members as their minority counsel.

Albert Jenner, who had held that position from the start of the inquiry, with Garrison as his deputy, will remain on the staff as associate counsel working under special counsel John Doar.

Jenner had made it clear

from the start that he regarded himself as working for the committee, not the Republicans, and they repeatedly have turned to Garrison when they felt the need for partisan services.

#### PATIENCE

The Republicans' patience with Jenner, a prominent Chicago lawyer, snapped last week when Jenner endorsed Doar's conclusion that Nixon had abused his powers of office and should be impeached.

Garrison, who served previously as an aide to former Vice President Spiro T. Agnew, has been asked by the Republicans to rebuke the case for impeachment presented by Doar and Jenner.

In a preview of the impeachment debate, Rep. Don Edwards, D-Calif., said Sunday the Doar Jenner brief provides "an overwhelming case" for charging Nixon with serious misconduct, while Rep. Charles E. Wiggins, R-Calif., said it failed to link Nixon with any impeachable offense.

Reps. Walter Flowers, D-Ala., and Robert McClory, R-Ill., who also took part in a televised discussion on ABC "Issues and Answers," said they were having a hard time making up their minds.

COVER-UP PLOT  
Meanwhile, presidential spokesman Ronald L. Ziegler Sunday again criticized the Judiciary Committee and said charges against Nixon are unsubstantiated by fact.

In another development, Judiciary Committee transcripts released over the weekend show that President Nixon expressed concern that he may have inadvertently ignored a Watergate cover-up plot. The transcript was of a June 4, 1973, conversation with Ziegler, in which Nixon discussed conversations he had in February and March 1973 with former aides.

Nixon is quoted as saying to Ziegler: "I mean, God, maybe we were talking about a cover-up—Watergate. I really didn't. I didn't know what the hell—I honestly didn't know."

#### EVIDENCE

There were these other developments over the weekend: —Nixon's lawyers presented a brief to the impeachment committee arguing that there was a "complete absence of any conclusive evidence demonstrating presidential wrongdoing sufficient to justify the grave action of impeachment."

—Former Atty. Gen. Elliot L. Richardson is quoted in an affidavit released by the committee as saying that Nixon was threatening to fire special prosecutor Archibald Cox as early as July 3, 1973. Cox was fired Oct. 20.

Flowers and McClory said during the television discussion that one of the things that bothered them most as they tried to make up their minds was Nixon's refusal to comply with Judiciary Committee subpoenas.

Wiggins repeated a prediction he made last week that the committee would not vote for impeachment, while McClory restated his opinion that, with the help of three or four Republicans, the committee would vote impeachment and so would the House.

KANGAROO COURT  
All four members rejected criticism of the committee by Ziegler, who said its inquiry was "a kangaroo court."

In other Watergate-related developments:

—Time Magazine said that as of last week the members of the impeachment committee were leaning 26 to 12 in favor of impeachment. The magazine said that since "many of the members have been jumping back and forth almost by the minute, it seemed unlikely that all men would vote according to their leanings of last week."

Time said its interviews showed that 10 Republicans were likely, as of last week, to vote for impeachment. —Nixon supporter Rabbi Baruch Korff said a three-day fast and prayer vigil on the Capitol steps would begin Monday, during which time its participants would take no food, drink or medicines "in support of the presidency, in support of constitutional government, in support of the Congress of the United States and in support of the Judiciary."

Q. 1—Neither vulnerable, as South you hold:  
♠A ♠A62 ♦Q9764 ♣AQ76  
The bidding has proceeded:  
South West North East  
1♦ Pass 2♦ Pass  
?

What do you bid now?

A.—Four clubs. Your hand re-values to 19 points in support of clubs. Since partner's two-over-one response shows a minimum of 11, you are at least in the game zone and could easily have a slam. An immediate jump raise is your best way to show this.

Q. 2—Neither vulnerable, as South you hold:  
♠4 ♠AQ87 ♦KJ764 ♣A92  
The bidding has proceeded:  
South West North East  
1♦ Pass 1♠ Pass  
1NT Pass 3♣ Pass  
?

What do you bid now?

A.—Three hearts. Even tho it is unlikely that partner holds four hearts, you should complete describing your hand. Depending on the development of the auction, you should defer showing your club support at least until the next round, if you decide to show it at all.

Q. 3—As South, vulnerable, you hold:  
♠A6 ♠AK8 ♦AKJ983 ♣K7  
What is your opening bid?

A.—Two no trump. You have a six-card minor suit, your hand is really quite balanced. No other opening bid describes the hand accurately. You are not strong enough for a demand bid of two diamonds, and an opening bid of one diamond might get passed out when partner has enough for you to make game. In addition, a no trump bid from partner would expose your king of clubs for a lead thru.

Q. 4—Both vulnerable, as South you hold:  
♠7 ♠K8732 ♦K105 ♣A1092  
The bidding has proceeded:  
North East South West  
1♣ Pass 1♥ 1♠  
Pass Pass ?  
What do you bid now?

A.—Two clubs. This may seem a mite on the timid side, but a stronger bid is not necessary. The fact that you have reopened the bidding after partner has shown a minimum indicates a fair hand. Three clubs is out, for we play that forcing to game, and the hand is not good enough for that action.

Q. 5—Neither vulnerable, as South you hold:  
♠75 ♥1043 ♦KJ98 ♣AJ42  
The bidding has proceeded:  
North East South West  
1♣ Pass 1NT Pass  
3♥ Pass ?  
What do you bid now?

A.—Partner's bid is forcing to game, so you suggest you bid three so trump to describe a hand with considerable strength in the unbid suits. Don't raise to four hearts—partner might have jumped on a four-card suit.

Q. 6—Both vulnerable, as South you hold:  
♠7 ♥KQ10954 ♦J1094 ♣A7  
The bidding has proceeded:  
North East South West  
1♣ Pass 2♥ Pass  
2♠ Pass ?  
What do you bid now?

X.—Four hearts. You have a hand of near opening bid strength and a fine six-card suit, so you should take the chance yourself and bid game despite the possibility of a misfit. Don't rebid three hearts—partner might not have enough for another bid, especially if he has minimal support for hearts.

Q. 7—East-West vulnerable, as South you hold:  
♥QJ98762 ♦A8752 ♣9  
The bidding has proceeded:  
North East South West  
1♣ Pass 1♥ 1♠  
Dbl. Pass ?  
What do you bid now?

A.—Four hearts. This hand is almost worthless defensively, but has fine offensive potential. Partner's bidding indicates that he has little support for hearts, but even a singleton honor will solidify your practically independent suit. We would not fault greatly the more conservative action of three hearts.

Q. 8—As South, vulnerable, you hold:  
♠J ♠AQ72 ♦AJ10 ♣AKJ87  
The bidding has proceeded:  
South West North East  
1♣ Pass 1♠ Pass  
2♥ Pass 4♥ Pass  
?

What do you bid now?

A.—Cue-bid five diamonds. Slam is a distinct possibility, and this looks like the best exploratory move. If partner has a fitting card in diamonds or a strong spade suit, he will surely react favorably to your slam suggestion.

## Four Motorists Perish In Single Auto Mishap

By The Associated Press

Four motorists died in a single auto accident and Texas counted a grim total of 21 violent deaths during the weekend. The toll, recorded between 6 p.m. Friday and midnight Sunday, included 14 fatalities in traffic, three homicides, two drownings, one death in a private plane crash and one by asphyxiation.

Two cars collided head-on early Sunday west of Gilmer on U.S. 154 West in the worst of the motor vehicle accidents. The crash killed Raymond Tuel, 23, of Gilmer, one driver who was son of Upshur County School Supt. Norman Tuel; two companions of Tuel, Linda C. Miller, 23, of Gladewater and her daughter Cynthia, 3; and the other driver, Army Sgt. Willie E. Mathis, 34, of Longview.

These were among the other victims: Rickey Joe Hofenmeister, 26, of Wichita Falls drowned Sunday while swimming with friends in Lake Arrowhead near Wichita Falls.

Witness told police an argument ended Sunday in Houston when a man stabbed Eulogio Banda Marquez, 35, joined a second man in a car and the auto ran over Marquez. Ambulance attendants said they found \$191 stuffed into the mouth of the dead man.

Two Mexican nationals from Juarez and an El Paso man were killed Saturday in a collision on Texas 20 near Tornillo in far West Texas. Two of the victims were Isaac Rodriguez, 21, of Juarez and Sergio Santillanes, 31, of El Paso. The third man was not identified.

HIT AND RUN  
Gary Wayne Benfield, 21, of Dallas died of a crushed larynx Saturday after being arrested by police for drunkenness. Officers said Benfield resisted police after his arrest near the downtown area and was restrained by a stranglehold with

a flashlight. Police said William J. Griffin, 28, of Dallas apparently was the victim of a hit-and-run accident early Saturday. He was found in the driveway of a billiard parlor and police said his fatal injuries probably were inflicted by a car.

Jessie Alford, 63, of Karnak was killed in a Dallas collision Saturday. Police said one car ran a stop sign and hit the other vehicle, killing Mrs. Alford and injuring six other persons.

The crash of a small experimental plane near Mount Pleasant in Northeast Texas killed Doyle Amerson of Mount Pleasant Saturday.

Clara Gavina, 30, of Chicago was killed Saturday in the collision of her car and a watermelon truck parked beside Interstate 35 near Moore in Southwest Texas.

Tina Vidaud, 12, was killed Saturday when a car struck her family's auto parked beside a road east of Marshall.

SHOT TO DEATH  
Samuel Joe Williams, 26, was shot to death Friday during an argument in Wichita Falls. William Thomas Stamps, 73, of Longview, was killed and his wife Ione, 63, was injured Friday when their car veered off U.S. 17 near Ballinger and hit a tree.

## Ties Threatened Between SMU, Methodist Church

DALLAS (AP) — Southern Methodist University could lose its ties with the United Methodist Church in a bitter power struggle surrounding the forced resignation of president Paul Hardin, according to a Methodist theologian.

Dr. Albert Outler, professor of theology at SMU for 23 years, said, "There is a serious problem about the future of SMU, not just legally, but morally and spiritually."

Outler said the school's 21 governors, mostly wealthy Dallas businessmen, violated the school's constitution when they ousted Hardin June 19, apparently without the consent of the school's ultimate authority, the 75-member board of trustees.

Outler said, "This constitutional crisis is the most serious since our integration crisis back in 1953 and 1954."

Outler said there could be a strong effort to secularize SMU if the governors prevail in the

dispute. He likened the situation to previous disputes at Vanderbilt and the University of Southern California—both former Methodist institutions which were secularized in internal power struggles.

He noted that the trustees meet only twice a year. The board of governors runs the school through monthly meetings, delegated authority and Outler says "because the governors keep saying they might give a large sum of money."

Outler said, "Right now, we are at the mercy of the people who showed no mercy to Paul Hardin."

But Outler says he thinks the trustees will "come out on top of the situation." He said, "As far as I can read the mood of the board of trustees at this time, I believe it intends to re-establish constitutional principle by insuring that the office of the president is under its jurisdiction."

## CRONKITE SPECIAL 'Space: A Report To The Stockholders'

NEW YORK (AP) — A surprising number of Americans have reached the point at which they only think about space flight when the networks televise the lighting of one of those big candles at Cape Kennedy.

If you're in that category—and even if not—take a look tonight at a one-hour CBS News special, narrated and reported by Walter Cronkite and called "Space: A Report to the Stockholders."

OH, GOSH  
As the title connotes, it aims at adding up what U.S. taxpayers have gotten for the nation's 13 years of space exploration and what they may get in future years, depending on the mood of Congress toward the National Aeronautics and Space Administration — NASA — at appropriations time.

The show contains no startling news, no major developments that haven't already been amply reported, no gaudy new space gadgetry. In short, it's not another gosh-and-gee-whizz space study.

But it is a very thorough, fundamental and well-produced look at the American space program—past, present and future—and the various arguments still smoldering over the worth of it all.

GOOD OLD DAYS  
In the good old days, a TV documentary on any space program might have contained nothing but cheers for the idea. But tonight's show amply illus-

trates how far we've come from the uncritical era.

Item: The nation's space shuttle program for the 1980s. It'll cost \$49 billion, give or take a buck. Cronkite notes the craft's backers claim its reusability will save taxpayers billions.

"But to make that argument work, the shuttle has to remain very busy," he notes. "It needs to fly enough missions to offset the shuttle program's huge development cost."

"NASA is planning to build a fleet of seven shuttle vehicles," he then adds. "They would fly 725 missions in the years 1980 through 1991. That averages out at one launch every six days for 12 years."

It makes one stop and think—or ask what time the next shuttle leaves.

Sheds Some Light On Car Accidents  
MINEOLA, N.Y. (AP) — A study by the Nassau County Department of Public Works indicates that traffic lights are no guarantee against accidents. Comparing accident rates at 26 intersections before and after installation of traffic lights, the researchers discovered there had been 154 accidents in a two to three year period before, and 157 after. Injuries increased from 83 to 95 and fatalities dropped from three to two.

### Lonely Lion Dies In Brazil!

RIO DE JANEIRO, Brazil (AP) — Adauto Lucio Cardoso, 69, a lawyer and politician noted for his defense of free institutions, died Saturday of a heart attack. The "lonely lion," as some called him, was jailed in 1944 after criticizing the Brazilian government. Later he was elected to the assembly and served as senator from 1954 to 1966. He resigned when President Humberto Castelo Branco suspended political rights. He also resigned as a judge of the federal superior tribunal when he was the only court member to rule that government censorship of written material was unconstitutional.

## Greater Losses Feared From Anthrax Action

MARLIN, Tex. (AP) — State animal health officials say the economic losses associated with a Central outbreak of anthrax in Texas could be compounded if all area ranchers do not cooperate with vaccination programs.

Dr. Carl Watson, a veterinarian with the Texas Animal Health Commission, said, "Who knows how much money this will cost the town? Its going to hurt the country in all kinds of side effects that we maybe still can't see."

About 300 cattle have died in Falls County since June 23 and its eastern half remains under a tight quarantine. Some dead cattle still are being found in the area.

Dr. James Young of the Animal Health Commission said "one or two" carcasses spotted Sunday would be taken to College station for laboratory evaluation.

Young also stressed the need for quick immunization of herds to prevent further economic losses. He said, "We're

picking up some deaths in small herds that have not been vaccinated."

"We think this outbreak is under control but it doesn't mean cattlemen shouldn't be concerned," Young said.

He noted that most of the deaths reported now are on ranches already hit by anthrax.

Young said the anthrax control center in Marlin received two confirmed reports Sunday of anthrax deaths of carcasses found late last week.

### Nixon Was Going To Pull Trigger, Dean Tells Time

NEW YORK (AP) — Time magazine quotes John W. Dean III as saying President Nixon was prepared in 1971 to defy the U.S. Supreme Court if it had ruled against a proposed nuclear test.

But the high court ruled 8-1 in the government's favor in a suit brought by environmentalists who wanted to halt an atomic bomb test on Amchitka Island in the Aleutian chain off Alaska.

The magazine quoted Dean, a former White House aide and counsel to Nixon, as saying in an interview that "the President was prepared to defy the

Supreme Court if it ruled against the Amchitka blast in 1971.

"He was going to say 'pull the trigger' and then explain that he had taken the action because it was vital to the military position of the United States vis-a-vis Russia," he was quoted.

"Everyone was in readiness to act anyway if the ruling had gone the other way," Dean said in the magazine interview.

TURKISH MILITARY INTENTIONS

U.S. Intelligence Goofed

WASHINGTON (AP) — U.S. intelligence misread Turkish military intentions towards Cyprus, administration officials acknowledge. "It was our conventional wisdom that the Turks could be talked out of landing on Cyprus," one official said. "Obviously, we were wrong."

tions, rather than a forerunner of invasion. Earlier, the sailing itself came as a surprise to many U.S. officials, although they were aware Turkey had concentrated troops and tanks on its southern coast.

under criticism in two major crises in the past six years. It was accused of failing to anticipate the Soviet invasion of Czechoslovakia in 1968 and of misinterpreting the signs of an imminent Arab attack on Israel last October.

Will Approve Impeachment By 26-12?

NEW YORK (AP) — Time magazine says if House Judiciary Committee members vote the way they were leaning last week, they would approve impeachment of President Nixon by a 26-12 tally.

Vote On Whether Impeachment Debate Should Be Televised

WASHINGTON (AP) — The House Judiciary Committee is preparing to vote on whether its historic impeachment debate should be televised.

At an earlier closed session, the committee will receive a brief of arguments against impeachment presented by Sam Garrison, newly designated by the Republican committee members as their minority counsel.

from the start that he regarded himself as working for the committee, not the Republicans, and they repeatedly have turned to Garrison when they felt the need for partisan services.

In other Watergate-related developments: —Time Magazine said that as of last week the members of the impeachment committee were leaning 26 to 12 in favor of impeachment.

Ties Threatened Between SMU, Methodist Church

DALLAS (AP) — Southern Methodist University could lose its ties with the United Methodist Church in a bitter power struggle surrounding the forced resignation of president Paul Hardin, according to a Methodist theologian.

dispute. He likened the situation to previous disputes at Vanderbilt and the University of Southern California—both former Methodist institutions which were secularized in internal power struggles.

In a preview of the impeachment debate, Rep. Don Edwards, D-Calif., said Sunday the Doar Jenner brief provides "an overwhelming case" for charging Nixon with serious misconduct, while Rep. Charles E. Wiggins, R-Calif., said it failed to link Nixon with any impeachable offense.

'Space: A Report To The Stockholders'

NEW YORK (AP) — A surprising number of Americans have reached the point at which they only think about space flight when the networks televise the lighting of one of those big candles at Cape Kennedy.

Item: The nation's space shuttle program for the 1980s. It'll cost \$49 billion, give or take a buck. Cronkite notes the craft's backers claim its reusability will save taxpayers billions.

Sheds Some Light On Car Accidents

MINEOLA, N.Y. (AP) — A study by the Nassau County Department of Public Works indicates that traffic lights are no guarantee against accidents.

Comparing accident rates at 26 intersections before and after installation of traffic lights, the researchers discovered there had been 154 accidents in a two to three year period before, and 157 after. Injuries increased from 83 to 95 and fatalities dropped from three to two.

SHE'LL REIGN FROM SPAIN — The new Miss Universe, Amparo Munoz of Spain, begins the first full day of her reign today with breakfast in bed. She displays a Manila newspaper which heralded her selection in the weekend pageant. Her breakfast? Caviar and croissants.

Four Motorists Perish In Single Auto Mishap

Four motorists died in a single auto accident and Texas counted a grim total of 21 violent deaths during the weekend. The toll, recorded between 6 p.m. Friday and midnight Sunday, included 14 fatalities in traffic, three homicides, two drownings, one death in a private plane crash and one by asphyxiation.

Police said William J. Griffin, 28, of Dallas apparently was the victim of a hit-and-run accident early Saturday. He was found in the driveway of a billiard parlor and police said his fatal injuries probably were inflicted by a car.

Clara Gavina, 30, of Chicago was killed Saturday in the collision of her car and a watermelon truck parked beside Interstate 35 near Moore in Southwest Texas.

**Lonely Lion Dies In Brazil**

RIO DE JANEIRO, Brazil (AP) — Adauto Lucio Cardoso, 69, a lawyer and politician noted for his defense of free institutions, died Saturday of a heart attack. The "lonely lion," as some called him, was jailed in 1944 after criticizing the Brazilian government. Later he was elected to the assembly and served as senator from 1954 to 1966. He resigned when President Humberto Castelo Branco suspended political rights. He also resigned as a judge of the federal superior tribunal when he was the only court member to rule that government censorship of written material was unconstitutional.

**Greater Losses Feared From Anthrax Action**

MARLIN, Tex. (AP) — State animal health officials say the economic losses associated with a recent outbreak of anthrax in Central Texas could be compounded if all area ranchers do not cooperate with vaccination programs. Dr. Carl Watson, a veterinarian with the Texas Animal Health Commission, said, "Who knows how much money this will cost the country? Its going to hurt the town in all kinds of side effects that we maybe still can't see."

About 300 cattle have died in Falls County since June 23 and its eastern half remains under a tight quarantine. Some dead cattle still are being found in the area. Dr. James Young of the Animal Health Commission said "one or two" carcasses spotted Sunday would be taken to College station for laboratory evaluation. Young also stressed the need for immunization of herds to prevent further economic losses. He said, "We're

picking up some deaths in small herds that have not been vaccinated." "We think this outbreak is under control but it doesn't mean cattlemen shouldn't be concerned," Young said. He noted that most of the deaths reported now are on ranches already hit by anthrax. Young said the anthrax control center in Marlin received two confirmed reports Sunday of anthrax deaths of carcasses found late last week.

**Nixon Was Going To Pull Trigger, Dean Tells Time**

NEW YORK (AP) — Time magazine quotes John W. Dean III as saying President Nixon was prepared in 1971 to defy the U.S. Supreme Court if it had ruled against a proposed nuclear test. But the high court ruled 8-1 in the government's favor in a suit brought by environmentalists who wanted to halt an atomic bomb test on Amchitka Island in the Aleutian chain off Alaska. The magazine quoted Dean, a former White House aide and counsel to Nixon, as saying in an interview that "the President was prepared to defy the

Supreme Court if it ruled against the Amchitka blast in 1971. "He was going to say 'pull the trigger' and then explain that he had taken the action because it was vital to the military position of the United States vis-a-vis Russia," he was quoted. "Everyone was in readiness to act anyway if the ruling had gone the other way," Dean said in the magazine interview.

Marshall Day's Body Shop has just received a shipment of the auxiliary tanks for the 1973-74 Chevrolet and GMC pickups.

If you are among the group that has been waiting for these, call 393-5240 or drive out to Sand Springs and see Marshall Day.

They are storage tanks that will hold up to 33 gallons and make vacationing and gas shortages easier on the family. They can be quickly and efficiently installed so get out there as soon as possible.

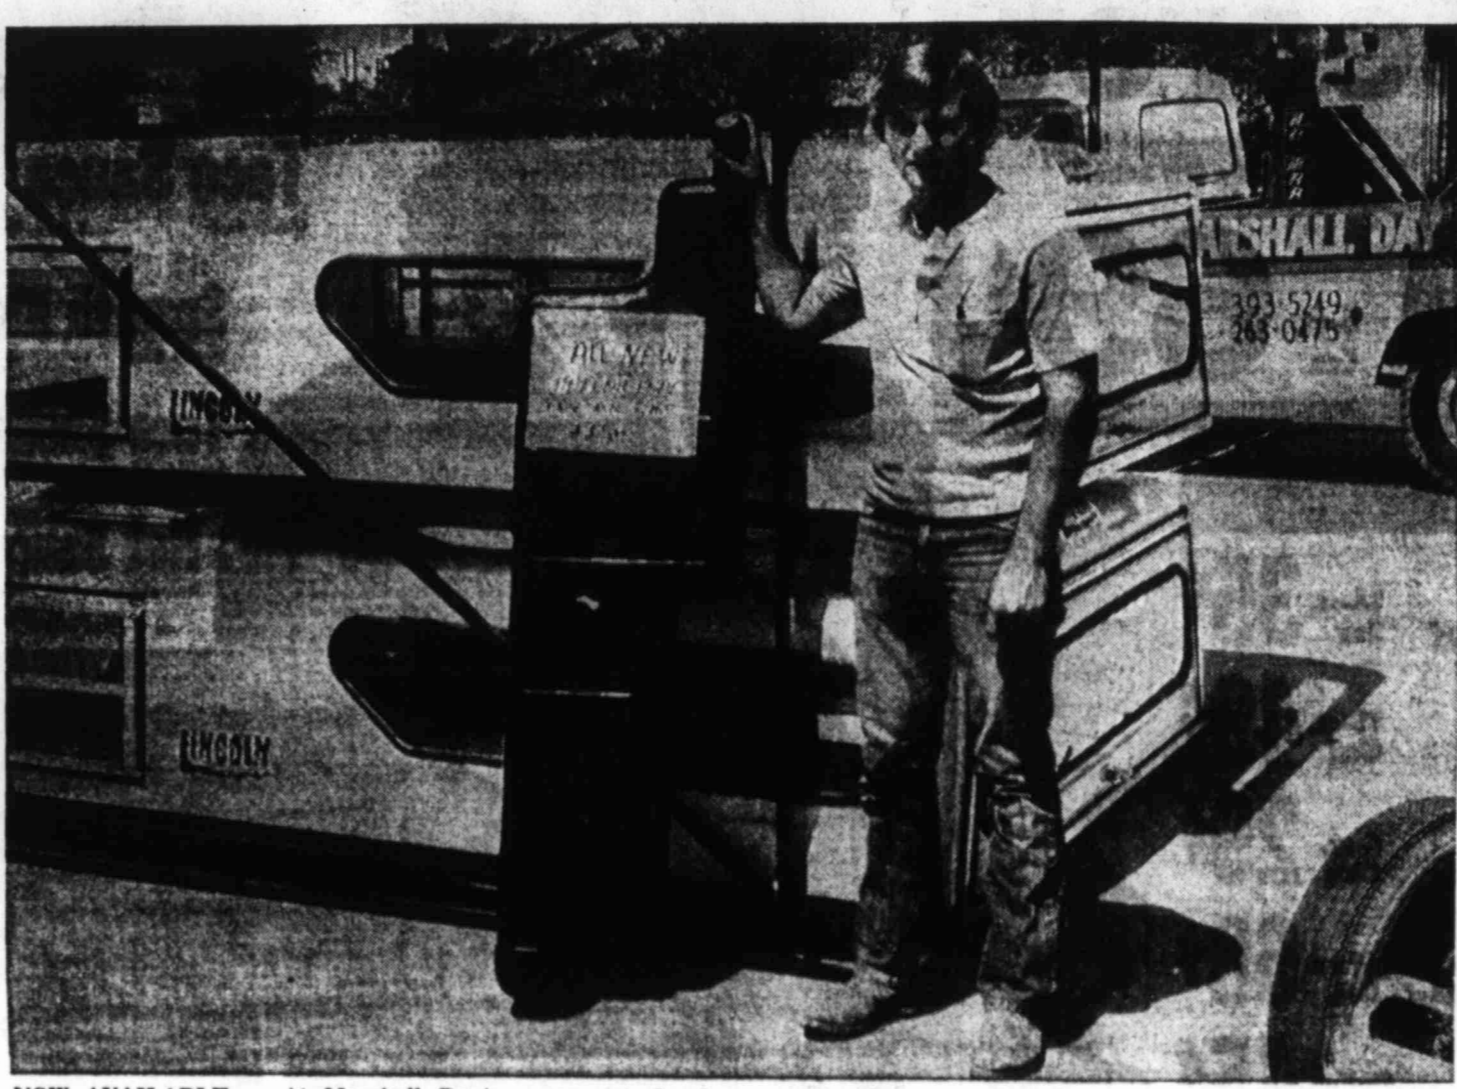

Marshall Day's also has new Lincoln toppers for all types of pickups. Get one installed quickly on your pickup and enjoy a summer camping trip before the summer is gone.

They also have a new Huger fiber glass topper that is the very latest out.

Marshall Day has a complete shop for installing all types of campers and auxiliary tanks. A lot of families are just now getting a chance for that summer trip. There's still time to go to Marshall Day's.

The auxiliary tanks can help you out all year if you have to travel. It makes it possible to elect to purchase your gasoline in areas that are not as high as in some other locations.

If you have been postponing either adding auxiliary tanks or a camper to your pickup, don't put it off any longer. Drop out to Marshall Day's and see what he has to offer. You'll be glad you did.

NOW AVAILABLE — At Marshall Day's, a new stock of 33 gallon auxiliary tanks for 1973-74 Chevrolet and GMC pickups just arrived. Shown in the background are some of the new Lincoln toppers for all types of pickups now available at Day's at Sand Springs.

## If You Want To Fly Away, Call Big Spring Aircraft

People are kind of like birds. When the weather gets warmer and the days get longer, they like to fly away some place.

Every summer, the city is filled with people that wish that somewhere along the line, they had learned how to fly.

It's not too late. You can learn at Big Spring Aircraft at the Howard County airport. They have qualified instructors to teach you flight instruction in planes available at the facility.

The Big Spring Aircraft flying schools is approved for VA and non-VA students.

They also provide an air taxi service to anywhere in the continental United States. Air taxi service is the perfect way for busy businessmen to travel long distances. They don't have to be at the mercy of commercial airline schedules.

Air taxis can take you almost anywhere you want to go, easier and faster than ground transportation or commercial airlines.

If you are a pilot or if you want to become one, Big Spring Aircraft has the instruction you need to learn to fly or to gain a higher rating.

Many local businessmen and ranchers have learned to fly to facilitate business transactions. They can set their own schedules without depending upon commercial airlines.

Big Spring Aircraft has an Air Agency Certificate from the school and a flight instruction FAA that certifies them for basic and advanced ground school, primary and commercial flying school, instrument flying

## Playing It Straight Pays

U.S. justice and marshal's officials played it straight — and undoubtedly right — in dealing with two federal escapees who took hostages last Thursday in Washington D.C.

The drama continued throughout the weekend with all the hostages either being released or escaping from their weary captors. Eventually, the escapees capitulated.

Not once did federal officials ever consider the escapees' demands for safe conduct to a country of their choice.

As Israel did in a similar situation — but with less serious results — federal officials refused to give in to the demands, instead offering compromise alternatives to the convicts.

Officials offered to transfer the prisoners to a different prison, to allow a newsman to accompany

them and officers on the plane flight.

The underlying principle, however, that there would be no consideration of freeing the convicts to another country is basically the only premise that officials could take.

Otherwise, there would be a continuing threat from anyone incarcerated that he might suc-

cessfully do the same thing. This would hold true from the city jail to the federal penitentiary.

There can be no compromise of this magnitude or all persons who deal with convicts, whether officials or bystanders, would continually be in danger. The principle may well be applied in other areas.

## Continuing Ripples

The mortal part of Dick O'Brien will be laid to rest today in a Houston cemetery, but ripples from the wave of his life will go on being felt here for a long, long time. Thousands of lives were touched and changed by his ministry during a score of years in Big Spring. Countless thousands of others were cheered or encouraged by his talks

or his civic service. Some quipped (remarkably near the truth) that he was the town's pastor, for indeed his sphere of influence far transcended his own First Baptist parish. Dick O'Brien had a heart tug, because he had a great heart for all humanity. So, some of the good in our town is that which he planted when he labored here.

## Everything's Wrong

### Around The Rim

Tommy Hart

One thing and another:

FOR MANY people in this world, there are not enough hours in the day to hate. They despise everything they don't understand. They think they're supposed to stay angry about the way things are being run in Washington. They detest the local establishment. If they catch themselves looking benignly upon something, they think something's wrong that will be corrected with time.

One of the best antidotes is learning to take people as they are, not trying to reshape them as we fancy they should be. Even the worst of us perform a service of sorts by setting an example others would be unwise to follow.

NOT TOO long ago, in a West Coast city, a young woman was waiting for a bus at a street corner when a car containing five young toughs pulled up. One of them barked at her: "Throw your purse in here or we take you with us." Scared witless, she complied and off they drove. That's curb-service crime, and the end is not in sight.

THERE ARE ANY number of blessings about a gasoline shortage. For instance, your chances diminish that you have to share a car with someone who smokes the foulest-smelling stogies or stale cigarettes. The odds that someone in the party will get car sick lessen. The incidence that someone in the back seat needs to stop at a comfort station will be reduced.

And those who can't get all the gasoline they want are rediscovering the fact that they don't have to hop into the family car and put-putt to the grocery store for a loaf of bread. The lower extremities most of us came equipped with serve a definite purpose, if only we'll rediscover them.

WOULD YOU call the man who opens the car door for his wife when nobody's looking chivalrous or just absent-minded?

Anytime a toddler can be seen and not heard, the odds are overwhelming that he's asleep — and it would be a crying shame to wake him.

QUESTION projected by one of my ethnic friends recently: "If Jesus was Jewish, how come He had a Mexican name?"

## Jingles On Music Row

By JAY SHARBUTT  
AP Television Writer

NASHVILLE, Tenn. (AP) — Music Row. The name evokes a bucolic boulevard of country balladiers, tobacco-chewing tunesmiths, good ol' boys who came here barefoot, with no other visible means of support than a dream, and who currently drive Cadillacs.

Now Music Row, 1974, encompasses about five blocks. It's still down-home, still tree-lined, but its music and loot therefrom no longer is pure country. It's also pop, soul and jingles.

JINGLES? Yeah, those 30- and 60-second radio or TV ditties that urge you to fly United, drink Miller beer, shave with Gillette and hopefully keep on truckin' in a GMC model. All were recorded here.

And though Nashville's jingle works still is small by New York or Los Angeles standards, it's growing. One union official claims work here is up "at least 100 per cent from three years ago."

He's Paul Wilder, secretary of the local American Federation of Radio and Television Artists — AFTRA — office.

WILDER, A lean, tanned man, says when he joined the local eight years

ago it only had 43 members. Now it has 600, he says, and 50 per cent of them regularly announce on or sing in jingles here.

He partly attributes the growth to a local fee, set in 1970, that was so rock-bottom "we almost gave it away. But it's also due to the wealth of talent we have, the 'sound' they get.

"Our problem was, how do you get major ad agencies to at least come see what we have here? And the answer was the local rate."

He said it only applies to commercials aired here. The far higher rate for commercials destined for national or major market broadcast is the same as in Los Angeles and New York.

"But at least it got our foot in the door," he said.

THE AMERICAN Federation of Musicians local, which claims 2,300 members, says at least 500 to 600 of them regularly do jingle dates under a local and national fee plan similar to that of AFTRA.

It estimates the city has 50 jingle production firms, but Music Row veterans say only about four or five of these get most of the nationally or regionally aired jingle trade.

## Some Laws Can Go Too Far

Members of the city council in a midwestern community became so worried about the cigarette problem that they decided to "go all the way." They passed an ordinance forbidding the smoking of cigarettes anywhere, any time, within the city limits.

IN SHORT ORDER, a man was arrested for smoking on a downtown sidewalk. But instead of paying the fine, he chose to make a test case out of it. And after due deliberation, the court ruled that the ordinance was unconstitutional — "an unreasonable interference with the private rights of the citizen."

THE DECISION illustrates that even in the field of public health, there are limits to the power of government. Nevertheless, more moderate regulation of cigarette smoking has been upheld repeatedly.

Thus, another court sustained a city ordinance against smoking in street cars. Finding this a reasonable approach to the cigarette problem, the court commented:

"SMOKING IS agreeable to those who have the habit. But it is

distasteful, and sometimes hurtful, to those compelled to breathe the atmosphere impregnated with tobacco in close and confined places."

What about the regulation of cigarette vending machines? A city ordinance sought to ban all such machines from public places. A vending company promptly challenged the ordinance in court, arguing that it aimed at the "lawful business" of selling cigarettes.

BUT THE CITY replied that its purpose was simply to prevent the sale of cigarettes to minors. This was a matter of legitimate public concern, said the court, upholding the ordinance.

"The automatic vendor," the court pointed out, "must sell to any and all who insert coins. It has no power of discrimination. Hence it is condemned."

## Install Music To Hurry By

TORONTO (AP) — Veteran band leader Benny Louis wants to see piped music installed in the Toronto subway system and the Toronto Transit Commission is interested. Louis, who has been asked by the TTC to submit a report, says the speakers could be arranged in such a way that travelers who didn't want to listen to the music or news reports could easily move out of earshot. He said the system would cost \$100,000 to install and \$60,000 a year to operate.

## Lunch In Sewer

BIRMINGHAM, England (AP) — A construction company is to throw a luncheon for 100 dignitaries in a sewer, to celebrate completion of work on a new drainage system. The \$600 cost includes a temporary staircase so guests won't have to climb down ladders.

## A Devotion For Today..

"The one thing I do, however, is to forget what is behind me and do my best to reach what is ahead." (Philippians 3:13)  
PRAYER: Help me to be open, Lord, to all the changes You are bringing about in the world through Jesus Christ our Lord. In His name I pray. Amen.  
(From the 'Upper Room')

## My Answer

BILLY GRAHAM

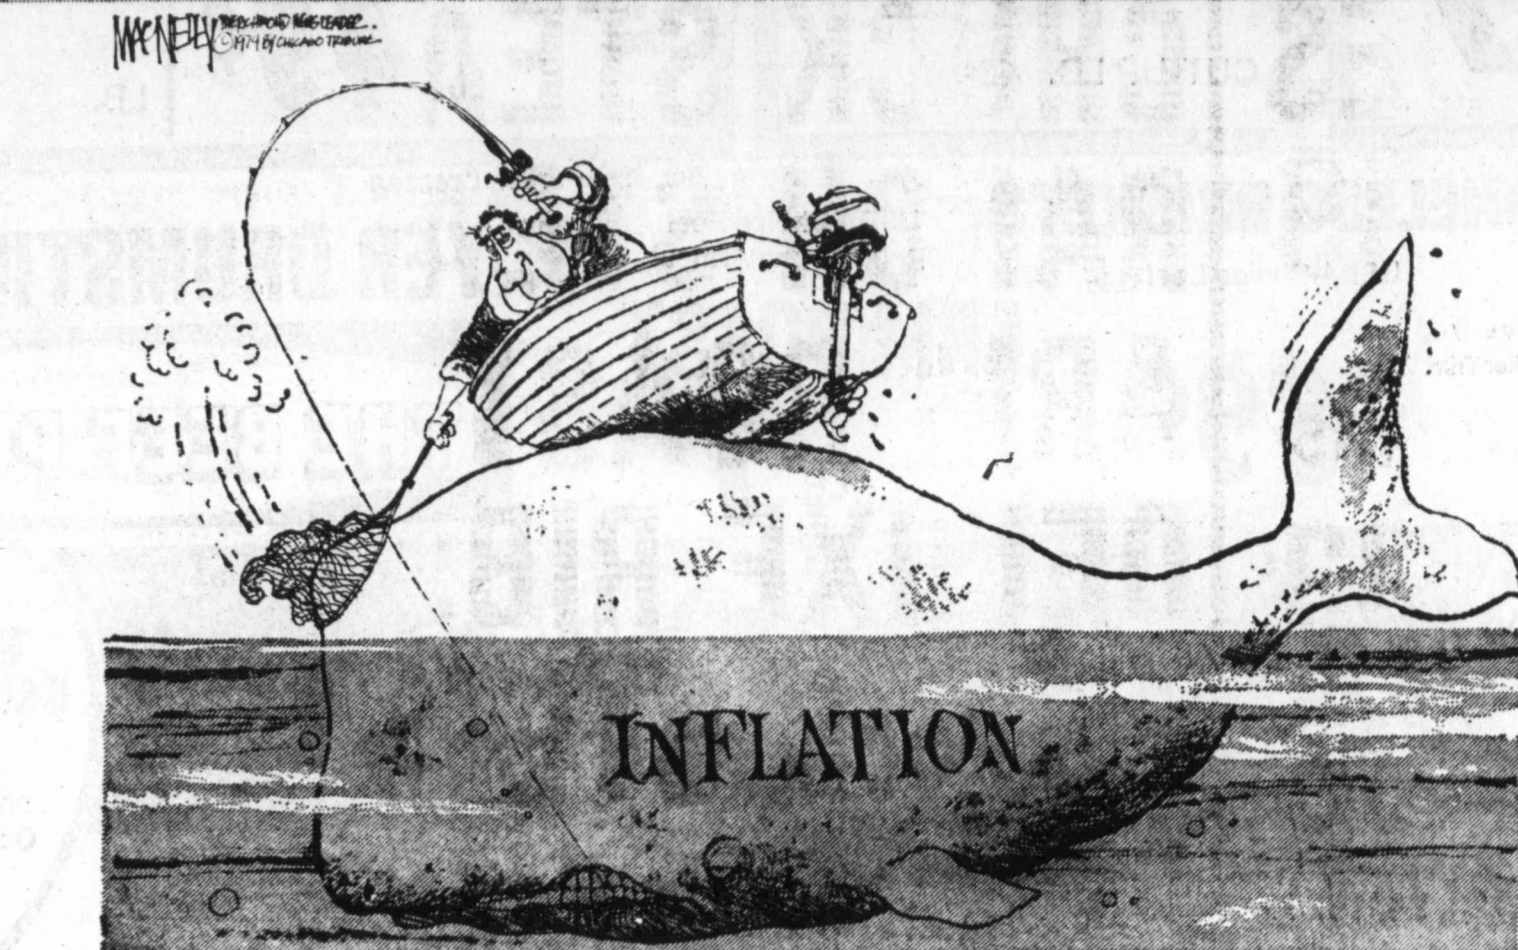

I am 13 years of age, and I think I'm old enough to know about God. The trouble is one day He exists, and the next He's hard to find. I'm trying to say I'm afraid of God, and I'm afraid of dying too. D.Z.

You certainly are mature enough to know God personally. In the old Hebrew family, the religious training of the boy began in his fourth year, as soon as he could speak distinctly. The girl also started early.

But let me emphasize two things. First that God knew we'd have trouble understanding Him, so He sent Christ as His representative and interpreter. Jesus once said to Philip, "Anyone who has seen me has seen the Father" (John 14:9). As you let the Bible introduce you to the person and ministry of Christ, you will better grasp the concept of God the Father.

Secondly, fear is one of the common but most devastating emotions of man. Jesus knew that, and kept saying to His disciples, "Fear not." The Hebrews writer says that Jesus came to "Free those who all their lives were held in slavery by their fear of death" (2:15).

At thirteen, you should be full of bright expectations and the joy of daily living. The Lord doesn't want to be either frightening or hard to

find. In simple daily prayer commitment, share with Christ as a friend. Tell the Lord you know He's with you, and that you're going to let Him solve every problem and hold off every enemy. Happy living was His original plan.

## Adds Up To Recession

John Cunniff

NEW YORK (AP) — Whether the economy is having a spasm, as Commerce Secretary Frederick Dent suggests, or a spell or an attack or fever or whatever, consumers know it is occurring pretty close to the financial heart.

The effect is to leave ordinary people gasping for sustenance — cutting into their savings rate, running up credit, striking for higher wages, searching for nonexistent bargains.

Buying power for factory workers has declined in recent months, as has personal savings. Loan delinquencies are up in many categories, including mortgages. New mortgages are almost impossible to obtain.

As consumer prices continue to rise, the second-quarter increase being at an annual rate of nearly 11 per cent, consumers are faced with the task of paying at least \$14.71 for goods and services that cost 10 in 1967.

And despite the encouragement that Dent and other administration figures claim to find in the most dismal of re-

ports, there are solid indicators that prices, including those for food, will continue rising.

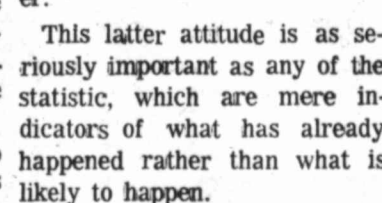

Concern about whether the country is in the midst of a recession is, therefore, merely semantic and of no consequence to most people.

Some economists subscribe to a definition of recession as being two straight quarterly declines in the Gross National Product, or total production of goods and services. Those two declines have occurred.

Dent says the definition is too severe, and a good many other economists believe so too. They especially note that unemployment in recent months hasn't risen above 5.2 per cent, and much less than that for heads of household.

People are working, they say, and they are getting raises too. And a good many families are buying up a storm, judging from the 1.9 per cent rise in personal consumption expenditures, compared with a 4.7 per cent first-quarter decline.

But those who maintain we are in a recession claim that the jobless rate now might be rising toward 6 per cent by

This latter attitude is as seriously important as any of the statistic, which are mere indicators of what has already happened rather than what is likely to happen.

Dent interprets the current quarter from June through August as a period of adjustment, with the economy improving at least in terms of output. The economy is sound, he said.

But it is this very coincidence of bad report-good outlook that seems to have disillusioned some people. Month after month some member of the administration tries to reassure the people, and probably creates the opposite result.

Americans are growing cynical about economic matters. They don't expect much improvement in their personal financial condition. And they really don't believe government will do much about it either.

And that adds up to recession, if not statistically then certainly emotionally.

## Fungus Causes Nail Loss

Dr. G. C. Thosteson

Dear Dr. Thosteson: Would you explain what fungus is? Five years ago my big toenail fell off. It grew in again and fell off again. I went to a doctor who gave me a prescription, and I am supposed to take these pills for a year and a half so my nail will grow in right.

He gave me very little explanation. I am 67 and in very good health. I am not a pill-popper. Maybe your advice might ease my mind — Mrs. R.O.

A fungus is a vegetable-type of growth — mushrooms and mold are two types of fungus that you can see. But there are other kinds so small you can't see them.

Some of them can thrive on, and to some extent in, human skin. Athlete's foot is a fungus infection.

A fungus isn't like a disease germ that penetrates through the body. It exists on or near the surface. But it can be rather difficult to get rid of it. There are medications which will kill fungus, but the difficulty is that, if treatment stops too soon, a few particles of fungus survive and then start to multiply and spread.

When a fungus gets into the nails, it is particularly difficult to get rid of it; often the whole nail or part of it has to be removed.

But in some cases there is one medication that can be taken by mouth, and it makes the body resistant to fungi of some kinds. The drug is griseofulvin, which is marketed under quite a number of different (but usually similar) names.

That's probably what the doctor gave you. It does take a long time to work, but it has succeeded in cases in which years of other efforts have failed.

Dear Dr. Thosteson: My husband desperately needs dialysis treatment because of failing kidneys. He recently underwent preliminary work at the hospital and was told to report for kidney treatment in a few days.

Friends have informed me, however, that if a patient is bedridden (my husband is) the dialysis treatment would not help him. I desperately need some advice. — Mrs. C.K.

With "friends" like that, you don't need enemies! Why do they spout off about things they

don't understand? What they told you is wrong. Kidney dialysis can be arranged even in the home if necessary. The National Kidney Foundation which I am sure has a branch in or near your city, should be contacted about that. I'm sure the people at the hospital can help put you in touch — so listen to the advice you get at the hospital and shut your ears to false notions.

I've reported this in my column, but it's useful enough to bear repeating once a year. Thanks for reminding.

If afflicted with problem fingernails or toenails, learn the practical, medically correct form of treatment. Write to Dr. Thosteson in care of the Big Spring Herald for a copy of his booklet, "Solving Your Nail Problems," enclosing a long, self-addressed, stamped envelope and 25 cents.

# Forkball, Clutch Hitting Give Rangers 2-1 Win

ARLINGTON, Tex. (AP) — Steve Hargan's forkball suddenly reappeared Sunday night just in time to enable the Texas Rangers to down the Boston Red Sox 2-1.

"I had my best forkball working tonight," said the 31-year-old righthander. "It has not been that good for about six weeks and, as a result, I have not used it as much."

The Rangers rescued Hargan from baseball's junkpile last December, purchasing him from Cleveland's Oklahoma City farm club and sending relief Bill Gogolewski there as further compensation. He has rewarded their faith with nine victories in 14 decisions, which includes six in his last seven decisions.

"If anybody had said to me in the spring that I'd be 9-5 at the All-Star break I might have laughed in their face. I've had some lean years, but right now things are breaking my way and I'm enjoying it."

Things did not break his way in the first inning, when three Texas errors helped the Red Sox gain a 1-0 lead.

The Rangers finally broke through against loser Bill Lee, 10-3, for single runs in the fifth and seventh.

"It was nice to see some clutch hitting," said Texas manager Billy Martin. "That's something we just haven't seen much of lately. That's what happens when you are in a hitting slump."

**WOMEN'S OPEN CHAMPION** — Sandra Haynie of Dallas, Tex., waves to the crowd as she accepts the trophy for winning the U.S. Women's Open Golf Tournament in Grange, Ill., Sunday. At left is USGA President Harton Semple. Miss Haynie birdied the last two holes to win the tournament by a stroke.

# Sandra Haynie Wins With Dramatic Two-Birdie Finish

LA GRANGE, Ill. (AP) — The U.S. Women's Open has prestige, but newly-crowned open champion Sandra Haynie thinks it should also carry a purpose to measure up to that reputation.

Miss Haynie Sunday survived one of the most dramatic finishes in the meet's 29-year history, including a streaking performance by a couple of young men, for a one-stroke victory and her first open title in a 13-year pro career.

**TERRIFIC BIRDIE**

Miss Haynie did it the hard way, ramming home a 70-foot birdie putt on the 71st hole and a clinching 15-foot birdie putt on the final hole just when it appeared a three-woman playoff was inevitable.

That gave Miss Haynie, who earlier this year won the Ladies Professional Golf Association Open, the top \$6,073 prize in the \$40,000 event.

Finishing a stroke behind, and collecting \$2,573 each, were 1965 champion Carol Mann and Beth Stone, who finished before Miss Haynie's heroics.

Still No. 4 in 1974 earnings with \$51,008, Miss Haynie said "I certainly would hope the National Open purse is increased in the future."

**BOYCOTT FIZZLES**

Threatened boycott by some players of this open over the purse size never developed with promise of the sponsoring United States Golf Association to review the payoff, exceeded this year by two \$100,000 events and several \$50,000 outings.

As for the fringe benefits of winning the open, Miss Haynie said endorsements and other bonuses fall far below the potential of the winner of the mens U.S. Open.

Her winning effort produced a 72-hole total of 295, a fat seven over par for the distance over the La Grange Country Club par 72 course which proved difficult all the way for the 40 pros and 14 amateurs who finished.

The final three holes appeared like the charge of the ill-fated light brigade, especially the exasperating, par four 70th hole, which first Miss Mann, then Miss Haynie and then Joanne Carner all double bogeyed.

# Andy Realizes Father's Wish

CINCINNATI (AP) — Seven-year-old Andy Allen got more than his dying father's wish for Andy to see a big league baseball game. He also got to meet the players.

Andy's father is Air Force Maj. John R. Allen, who is suffering from terminal cancer at a military hospital in San Antonio, Tex.

"You'll want to see Johnny Bench," Allen said he told his son.

The boy, who has lived until recently in Germany, asked, "Who's he?"

"You'll find out," the father said.

Andy was brought to Cincinnati's Riverfront Stadium Sunday by relatives from Columbus, and he was met with open arms in the Reds' front office.

The tow-headed boy's eyes brightened with awe as he was taken onto the field to meet the Reds and some of the Chicago Cubs before the game.

Manager George "Sparky" Anderson put his arm around Andy and introduced him to the Reds, including Johnny Bench and Pete Rose. Anderson even took care of the boy's autograph book.

# Smith-Riessen In Net Finals

CHICAGO (AP) — No. 1 seed Stan Smith faces Marty Riessen tonight in the finals of the \$50,000 Chicago International Festival of Tennis.

Smith needed a victory in a third-set tie-breaker to get past Eddie Dibbs of Miami Beach 2-6, 6-2, 7-6 Sunday and into the finals for the \$9,000 first prize.

Riessen downed No. 4 seed Dickie Dell of Bethesda, Md., 6-4, 1-2 in the semifinals.

The 5-foot-7 Dibbs, some nine inches shorter than Smith, said, "He's got an unbelievable reach and he's tough to pass."

# Cox Team Is Tourney Tops

The team of Royce Cox, Milton Brown, Maberry Wilbanks, and P. J. Lueschner captured first place in the Louisiana Draw tournament of the Big Spring Golf Association Sunday.

They toured the Munny in 61. Second place went to the team of Burl Dennis, Paul Soldan, Bill Chrane, and J. T. Morgan with 62, followed by the quartet of Nile Cole, Clyde Lloyd, Russell Sonn and John Stanley, 63.

There will be one more tourney before the BSGA's grand tournament in August, and players planning to take part in that are reminded that they must have played in five of the other BSGA tournaments to qualify.

# Considered Quitting Golf, But Richie Karl Wins B.C.

ENDICOTT, N.Y. (AP) — Richie Karl had considered quitting the pro golf tour. Eighteen months of frustration had driven him home and he threw his clubs in a closet in disgust.

"I didn't touch a club for more than a month," he said Sunday. "I couldn't stand the sight of a golf club, or the thought of playing."

That change in philosophy paid off for the 29-year-old Karl Sunday when he birdied the first extra hole for a sudden-death playoff victory over Australian veteran Bruce Crampton in the B.C. Open Golf Tournament.

They tied at the end of the regulation 72 holes—Karl blowing a six-shot lead with nine holes to play—at 273, 11 under par on the 6,804-yard En Joie Golf Club course, a layout that served as Karl's boyhood playground and now is his source of employment. He's an assistant pro.

Karl, whose victory came within sight of the house where he grew up, rolled in a 35-foot birdie putt on the first playoff hole to claim the \$30,000 first prize.

It more than double his previous career winnings in four years on the tour. He'd won only \$21,000 on his career, only \$756 this year before he came home in disgust from the Greensboro Open last March.

**CRY OF JOY**

Ray Floyd once got to within a single shot of the lead and was third alone with a closing 66 and 275 total.

Rod Curl, with a 65, was next at 276. Curtis Sifford, who shared the third-round lead with Karl, went to a 72 and was tied at 277 with John Schlee, who had a 70.

An incredible cry of joy went up from the highly partisan gallery of Karl's friends, neighbors and former schoolmates when he dropped the winning putt. His caddy, in tears, rushed to his side.

# NO WIN, NO STAY Veteran Eddie Matthews Gets Sack From Braves

ATLANTA (AP) — The Atlanta Braves began the search today for a manager to replace Eddie Matthews, who was fired Sunday after his team dropped its fourth straight game.

The dismissal shocked not only Matthews, whose team compiled a 50-49 mid-season record, but his fans and players as well.

"It was a blow to me," said home run king Henry Aaron, a longtime teammate of Matthews.

"Why did they fire him? He's the best manager we've had," said an angry fan.

Atlanta Constitution Sports Editor Jesse Outlar wrote: "You can't fire 25 players, so in baseball you fire the manager. What the Braves need is some new players."

Matthews first heard of his dismissal when Braves Vice President Eddie Robinson came to his office after Atlanta dropped a 6-2 decision to Pittsburgh Sunday and said, "I'm going to change managers, Ed-

die."

"He took it like a man," Robinson commented later.

"It was a shock," admitted Matthews, who took over from Luman Harris in August, 1972. "I didn't have an inkling this was going to happen. But it wasn't done on the spur of the moment."

"When you don't win, you don't stay around too long," said Matthews, whose Braves finished fifth in the National League West a year ago with a 76-85 record.

"Personally I thought he did a heck of a job," said Aaron, who with Matthews teamed to crack out 863 home runs while playing together, a record that still stands.

Matthews slammed out 421 of them and closed his 17-year major league career with 512, ending up with Houston and Detroit before retiring in 1968.

"We were not playing good now but we had been playing better than in the past," said

Aaron. "But it's their ball club and they can do what they want to."

Third baseman Darrell Evans said Matthews "was the fairest manager I ever played under. He treated everybody as a man—maybe some of us couldn't handle it."

Robinson said an interim manager would be named within a few days.

"I wanted Eddie to have a good shot at it," said Robinson, "and I think he has had a good shot. I think two years is a good shot."

Matthews, a 43-year-old native of Texarkana, Tex., was a 10-time All-Star and participated in three World Series during his outstanding career, compiling a 271 lifetime batting mark. He also holds the major league record for most home runs by a third baseman, 47 in 1953.

Matthews said he has been offered a position in the organization but said he didn't know what his immediate plans would be.

# Capacity Crowd Due For All-Star Game

PITTSBURGH (AP) — Hank Aaron, chosen to the National League All-Star team for the 20th straight year, plays in his final mid-summer classic Tuesday night against the American League, whose leaders are determined to come out a winner.

The 40-year-old Atlanta Braves slugger, who surpassed Babe Ruth's all-time career home run mark of 714 earlier this year, has had little success in 22 All-Star games, hitting only two home runs in 64 at-bats. Two All-Star games were held each year from 1959 through 1962, but Aaron missed the first game in 1962 because of an injury.

"I'm honored to make it again," said Aaron, who was

# BS A's Clip Tiger Cubs, 6-4

Dave Newman scattered six hits while his mates combed two Tiger Cub hurlers for 11, as the Big Spring A's won the Sunday afternoon baseball contest in Steer Park, 6-4.

The Tiger Cubs appeared to have victory within their grasp when John Smith, starting pitcher, aided his own cause with a homer after Hernandez had doubled and Samiento had singled in the third. But as he bounced back with three runs on a double and two singles to knot it in the bottom of the same frame. They went ahead when Marquez scored on a fielders choice in the sixth.

Smith, relieved by Ismael Hernandez in the third, was tagged with the loss.

Both Mechie Sarmiento and Smith came up with two hits for the Tiger Cubs, who now are 4-6 for the season. Benny Marquez, Sammy Rodriguez, Billy Pineda and Joe Martinez each had two hits for the A's.

The box score:

Team	R	H	E
Tiger Cubs	6	11	0
A's	4	11	0

# Dodgers Hold Lead

The Philadelphia Phillies and Los Angeles Dodgers are leading their respective divisions in the National League—and that means that the Phillies should meet the Cincinnati Reds in the playoffs, right? Normally, the teams that are in first place at the All-Star break meet for the league title in the fall.

But the National League West race is something else. The Dodgers, who lost to the East-leading Phillies 2-1 Sunday, are 5 1/2 games ahead of the Reds at this point. Ironically, that's where they were at this time last year, when the Reds erased the Dodgers' lead with a second-half rally.

The Dodgers, who held an 8 1/2-game at one stage last season, have been up by as much as 10 1/2 over the Reds this year. But, like last year, they've lost a big part of their lead by All-Star time.

# Tyson Decks Dierker

ST. LOUIS (AP) — Scrapy Mike Tyson says he's happy the Houston Astros' Larry Dierker buzzed him with a fastball Sunday.

Foiled by the 1-1 pitch, the St. Louis Cardinals shortstop lined a double over first base and headed his team to a 9-1 National League triumph.

"He threw it in on me," said Tyson, whose blast scored two second-inning runs and snapped a 1-1 deadlock.

"It sort of jammed me and I just barely got around on it," he added, "but I think I was about due for something like that to happen to me."

Tyson, like the rest of the Cardinals, had been locked in a midseason slump until he delivered a single, double and triple to ramrod a 14-hit attack.

# And Foyt Grab Michigan Pot

CAMBRIDGE JUNCTION, Mich. (AP) — A.J. Foyt and Bobby Unser, two comparative "oldsters" in the dangerous game of auto racing, made off with most of the money in a pair of Michigan races Sunday.

In a twin bill before 46,180 at Michigan International Speedway Sunday, Unser beat his brother, Al, by 2.9 seconds in a 200 miler for USAC championship cars and collected \$17,402. Foyt finished 13th in that one, for \$1,344.

In a companion race for stock cars, it was Foyt first, for \$6,898 and Unser second, for \$4,416.

# Odessans Win Semi-Pro Tourney

In the second annual James Duncan Invitational semi-professional baseball tournament here Saturday, the Odessa Angels took the first place prize.

They edged the Snyder Redlegs in the final game, while the Big Spring Cardinals took third place in the tourney.

In the first game, the Angels edged the Cards 3-2, then the Cards dropped a 10-4 decision to Snyder Redlegs. In the final round, Odessa romped on the Redlegs 10-0.

WESTBROOK (SC) — Mrs. Wayne Pierce and son, Dwayne, and Mrs. T. A. Whitesides and son, Todd, have returned from Farmington, N.M. where they were guests of Mrs. Whitesides' parents, Mr. and Mrs. F. G. Sawyer. While there, Mrs. Pierce attended the 10th anniversary reunion of her high school graduation class.

come to a close with many of the girls earning honors in Scouting.

In each of four sessions, outstanding campers were selected from each unit by fellow campers. These are the girls who have best lived the Girl Scout Promise and Law during the session.

Big Spring area girls who received the campers' highest honor of being named Outstanding Camper in their units were Cheryl McCoy, Elaine Bauer and Nicki Parker.

Elected by their units to serve as members of the Camp Council were Lisa Lloyd, Teresa Metzger, Elaine Bauer and LaVelle Bradford. Two other girls, Susan Reynolds and Pam Hamilton, were cited for outstanding service as reporters in gathering news for The Observer, the camp bulletin.

Girls who were named patrol leaders were Karen Collins, Tammy Land, Lea Kay Moore, Anna Collins, Elaine Bauer and LaVelle Bradford.

Other area girls who served on the Camp Council were LaRhonda Buchanan, Coahoma; and Deanne Wilson and Belinda Briones, both of Lamesa. Two Lamesa girls, Lisa Brownlow and Cassy Crutcher, were reporters for the camp bulletin, and two of her Lamesa girls, Shannon Schildknecht and Belinda Briones, were patrol leaders.

A camp spokesman said, "Camp Boothe Oaks was a tremendous success this summer because of the cooperation and camping spirit of the Girl Scouts."

## Rotten Mom

Dear Abby  
Abigail Van Buren

DEAR ABBY: I just read an article about rape. It said that last year there were 150 cases of rape every 24 hours in Los Angeles, and only 134 cases of rape for the whole year in London. How do you explain that?

A.G. IN L.A.  
DEAR A.G.: The English are a very proper people. In London, they ask.

DEAR ABBY: I gave birth to a healthy baby girl ten months ago. My husband and I very much wanted this baby, but I have proven myself to be a very immature and rotten mother.

You see, the baby is very homely. She has a large nose, and for some reason this has caused me to get terribly depressed. Every time I look at her I start crying.

I don't want to take the baby out where people can see her because someone is sure to see what a big nose she has and I will be embarrassed.

This is ruining my whole life, I went to a psychiatrist for several months, but I

quit going because he refused to believe that it was really the baby's nose that bothered me. He kept suggesting that maybe it was the responsibility of motherhood. Abby, I swear it's her nose that bothers me.

I have a wonderful husband, and wonderful parents, and I feel that I have let them all down because I'm such a terrible mother. I wanted this baby so much, but she isn't giving me any happiness at all. I feel so guilty for being ashamed of her looks.

DEPRESSED  
DEAR DEPRESSED: See your family doctor, and take this letter with you. Then follow his advice. If he asks you to go back to the psychiatrist, go! You need help, dear, and that is where it is. God bless. Please write again. I care.

DEAR ABBY: I've been divorced for 12 years and have three children. For the last two years, I've been dating a man who is a year younger than I am. I've been 100 per cent true to him, and we even talked about marriage.

Well, out of the blue he tells me that he is getting married next month! I couldn't believe it. Now all my friends tell me that they knew he had been seeing this other girl all along.

Abby, I love him. He says he loves me, too, but he got so involved with this other girl he thinks the best solution would be to marry her and continue to see me whenever he could.

FEELING HELPLESS  
You've been used. Tell that poor-excuse-for-a-man that you never want to see him again. You're lucky you didn't marry him. Who needs a husband who tries to line up an affair on the side even before he's married?

Clubs responsible for planning the event are Gay Hill, decorations; Coahoma, refreshments; Knott, script; and Just for Fun, programs.

The divisions include Junior I (beginner); Junior II (experienced but no record or D forms only); Junior III (experienced with complete record book); Senior I (beginner); Senior II (experienced but no record or D forms only); Senior III (experienced with complete record book).

Only the Junior III and Senior III divisions will be competing for district honors. Senior contestants must have reached their 14th birthday by Jan. 1, 1974.

For the first time, this year there will be a division for judging garments only. This is for the girls who have conflict in their schedules and will not be available the day of the dress revue. These garments must have been turned in by noon today.

Judging is in the three general areas of girl, the garment on the girl and construction. The girl is judged on posture, poise, grooming and attitude. The outfit is considered for general appearance,

becomingness, fit and accessories. In construction, judges will look for accurate cutting, quality of work and pressing.
