**KKK CEREMONY** — Louisiana Ku Klux Klan Grand Dragon David Duke, 23, salutes a gasoline-soaked cross during a weekend ceremony on private property near Stone Mountain, Ga. A black woman who has been watching the annual meetings from her home all her life said, "They've never bothered me, the meeting just gets smaller every year."  
(See story, Page 6-A)

## The World At-A-Glance

**BRIDAL VEIL, Ore. (AP)** — Seventy-one-year-old Frances Hodge, lost for four days on the rugged slopes of a 4,000-foot mountain, kept herself alive by eating berries, sleeping on a fern bed and using survival techniques learned years ago. But when she was rescued, she apologized for the wild huckleberry stains on her hands and shooed away photographers and reporters as she was carried to safety. Miss Hodge disappeared Wednesday when she left a group of picnickers from a Milwaukie, Ore., retirement home to find a rest room. When she did not return to the party, the group conducted its own search, then called authorities. She was found Sunday by a forest ranger just over a mile from the headquarters of a 100-member search party.

**DETROIT (AP)** — Americans driving new cars into Canada this fall may have trouble finding fuel. Unleaded gas, required for 1975-model cars sold in the U.S., will be scarce north of the border, especially off main tourist routes. Canada's Industry Department says about a third of the brand-name gas stations in urban areas will have unleaded fuel available this October, but only one in eight stations in rural areas will offer it. Unleaded gas is required for the catalytic converter system to be used on most American 1975-model cars to control emissions.

**WASHINGTON (AP)** — AFL-CIO President George Meany denounced wage-price guidelines shortly after Labor Secretary Peter J. Brennan said the Ford administration may have to employ them in the fight against inflation. Brennan said such guidelines, under which workers and businesses would voluntarily keep wages and prices below a government-suggested limit, "may be the way we have to go." But Meany responded: "I would look on guidelines as completely unfair to the worker and I would resist them very much." The two commented an hour apart on television interview programs.

**SWIMSUIT TIME** — It was swimsuit time Sunday when these contestants posed during a photo session. From left: Miss Connecticut, Elisa Hennimann; Miss New York, Kristen Krull; Miss Ohio, Lorrie Kapsta; Miss Missouri, Michelle Marshall; Miss Minnesota, Pam Bernhagen; Miss Oregon, Juli Ann Berg; Miss Montana, Pamela Royer; Miss Idaho, Rochelle Bacon; Miss Louisiana, Libby Lovejoy; Miss Tennessee, Deborah Kincaid.

## Colorado Queen Wears Cut-Offs

**ATLANTIC CITY, N.J. (AP)** — The Miss America Pageant, a bastion of fashion formality, has had a glimpse of a contemporary American dress.

Miss Colorado, Cynthia Staff Hunter, posed for photographers on the beach Sunday in a halter top and cut-off jeans. The 23-year-old brunette from Denver said she was wearing customary beach attire.

None of the other eight beauty queens on the brief beach excursion wore anything more revealing than a dress.

Most wore pants. But support for Miss Hunter's cut-offs appeared to be waning in the wings. Miss Louisiana, Libby Lovejoy, 21, of Sulphur, said she brought her cut-offs along with a bikini, but didn't know whether she would get a chance to wear either.

Miss New Jersey, Elizabeth Ann Bracken, 21, says she brought a pair of her jeans. Albert A. Marks Jr., who runs the pageant, was surprised when informed about Miss Colorado's appearance in cut-offs.

## POTENTIAL THREAT TO TEXAS

# Carmen On The Move

**MIAMI, Fla. (AP)** — Winds gusting to 175 miles an hour and tides 15 feet above normal lashed the northeast coast of the Yucatan Peninsula today as Hurricane Carmen reached land. Carmen, the second hurricane of the 1974 Atlantic season, turned toward the west-northwest early today, saving Belize City, Belize, from the full brunt of the storm. Neil Frank, director of

the National Hurricane Center in Miami, said the change in direction "saved the city of Belize from the devastation that could have been as severe as that observed in 1961 when Hurricane Hattie ravaged the city." **HEAVY RAINS** Frank said the eye of the hurricane was expected to pass over or just to the north of Chetumal, Mexico, and heavy rains posed the threat of flooding to

most of the peninsula including Belize, formerly called British Honduras. A news dispatch from Mexico City reported that communications to Chetumal had been cut off in the wake of the hurricane. **Forecasters** Joe Pelissier said Carmen now threatened land along the southern and western Gulf of Mexico and offered a potential threat to Texas. "The direction change

means that it won't have as much land to go over, though the peninsula is still pretty wide," Pelissier said. "We just don't know how much strength it will maintain." "It does mean that we will have to watch it closely and it does mean that there is a potential threat to Texas," he said. Hurricane force winds of 150 miles per hour extended 50 miles to the north and 25 miles to the south of the storm center with gales as far

as 100 miles away. Forecasters at the National Hurricane Center in Miami labeled Carmen "an extremely dangerous hurricane" and compared it with Hattie, which killed 250 persons and caused \$150 million property damage when it struck British Honduras on Oct. 31, 1961. That storm prompted officials to move the capital from Belize to Belmopan 50 miles inland.

## Pensions Bill Inked

**WASHINGTON (AP)** — Signing into law a new pension reform bill on Labor Day, President Ford called it "a landmark measure that may finally give the American worker solid protection in his pension plan."

The 1974 Employee Retirement Income Security Act gives some 30 million workers now under private pension plans "more clearly defined rights to pension funds and greater assurances that retirement dollars will be there when they are needed," the President said. He added that employees also will be given greater tax incentives to provide for their own retirement if a company plan is unavailable.

The President's comments came in a statement issued at the White House in connection with a Rose Garden signing ceremony, attended by close to 200 guests from Congress, labor, industry, and finance. Ford was interrupting his first weekend visit to Camp David, the presidential retreat in the Catoctin Mountains of Maryland.

**KISS FOR RECORD BREAKERS** — Maj. James V. Sullivan, left, and Maj. Noel F. Widdiefield receive welcome kisses from their wives, Margaret, left, and Anne, right, Sunday on arrival at Farnborough's Royal Aircraft Establishment Airfield after setting a record

trans-Atlantic flight in under two hours in the SR71. At extreme right, a technician holds the pilots' space suit ground control system. Man between pilots is Cong. Dale Milford, (D-Tex.) and man behind technician at right is Cong. J. J. Pickle (D-Tex.).

## FUND ALSO HAS HOLIDAY

Donors almost took a holiday on Labor Day, too, and as a result, the Bible Class Fund appeal had one of its most modest days of the campaign.

The day's total was \$50, making nearly \$4,200 for the campaign, which will conclude at the end of this week. So if you can help, please do so now because around \$1,500 is still needed. Send your gifts to the Herald.

Latest donors are:  
Mr. and Mrs. J. C. Pickle, \$25.00  
memory P. O. O'Brien  
Lydian Class, First Baptist,  
memory P. O. O'Brien,  
Dee Ann Letter, 25.00  
Previously acknowledged \$4,140.50  
TOTAL \$4,190.50

## Holiday Traffic

By The Associated Press  
With the homebound traffic still ahead today, more than 300 persons had been killed in highway accidents over the long Labor Day weekend.

The Associated Press counted 369 deaths due to traffic accidents since 6 p.m. Friday.

## Richest Race Is Scheduled

# Spy Plane Averages 1,817 Miles Per Hour

**FARNBOROUGH, England (AP)** — A United States Air Force spy jet has flown the Atlantic in less than two hours, more than an hour faster than any previous crossing.

The sleek, black Lockheed SR71 flew from New York to the south coast of England, a distance of 3,490 miles, in 1 hour 55 minutes and 42 seconds Sunday. Flying as high as 15 miles, it averaged 1,817 miles an hour, a spokesman said.

**OVERSHOT**  
The plane, known as the Blackbird, overshot the runway at the Farnborough International Air Show 20 miles southwest of London, raced on to Amsterdam in the Netherlands, wheeled sharply and flew back to Farnborough.

"One slight miscalculation and we would have made it a

New York-Paris record," one of the two crewmen, Maj. Noel F. Widdiefield, told President Ford when the President telephoned to congratulate him and Maj. Jim V. Sullivan on their "magnificent achievement."

The Air Force said it was asking the Federation Aeronautique Internationale, which accredits all aviation records, to certify the Blackbird's time as the New York-to-London record.

The fastest previous crossing of the Atlantic was 3 hours 9 minutes from Boston to Paris, flown last June by the Concorde, the Anglo-French supersonic jetliner. The previous New York-to-London record was 4 hours 46 minutes, set five years ago by a British navy Phantom fighter.

Sullivan, the plane's 37-year-old pilot, is from

Wheeler, Mont., and Widdiefield, 33, is from Anderson, Ind. Widdiefield is the reconnaissance systems officer and operates the Blackbird's intricate spying equipment.

Sullivan and Widdiefield took off from the U.S. Strategic Air Command's base at Beale, Calif., crossed the United States at supersonic speeds, and slowed down to 500 miles an hour to refuel twice over the Atlantic, near Newfoundland and south of Greenland.

Sullivan's English wife, Maggie, was at Farnborough to meet her husband.

"I didn't worry at all," she said. "Jim is safer up there than on the freeway."  
The Blackbird, a successor to the U2, has been in service since 1966.

## 'COFFEE, TEA OR MILK GIRLS' Predicting More Strikes By Stewardesses Unless...

**WASHINGTON (AP)** — The head of a union of flight attendants predicts more strikes by stewardesses unless airlines stop viewing them as "coffee, tea or milk girls."

"Like any other professional group, we're seeking career goals in our contract negotiations," Kelly Rueck, president of the Association of Flight Attendants, said today.

"The coffee, tea or milk syndrome of the '60s, is long dead but the airlines obviously haven't learned to bury it," she said. The result is "serious confrontation at the bargaining table." There have been four strikes by airline flight attendants in the past 16

months. Previously, there had been only four strikes by stewardesses since 1958.

Federal law requires airlines to have flight attendants on all flights, so a walkout by stewardesses can shut an airline down.

The association, which represents 20,000 flight attendants, is in the midst of negotiations with four airlines. The labor demands of stewardesses have changed substantially in recent years as a result of the women's movement and court decisions on sex discrimination allegations by flight attendants, said Ms. Rueck, as she prefers to be known. The women's move-

ment "had a great impact, particularly in increased awareness of our legal rights and professional goals," she said.

"There has been a dramatic change in our

attitudes toward our jobs. We've become much more career-oriented." As a result of court decisions, the airlines have dropped their ban on married stewardesses and stopped firing flight attendants when they reach a certain age.

In the past, most airlines fired stewardesses after they reached age 32.

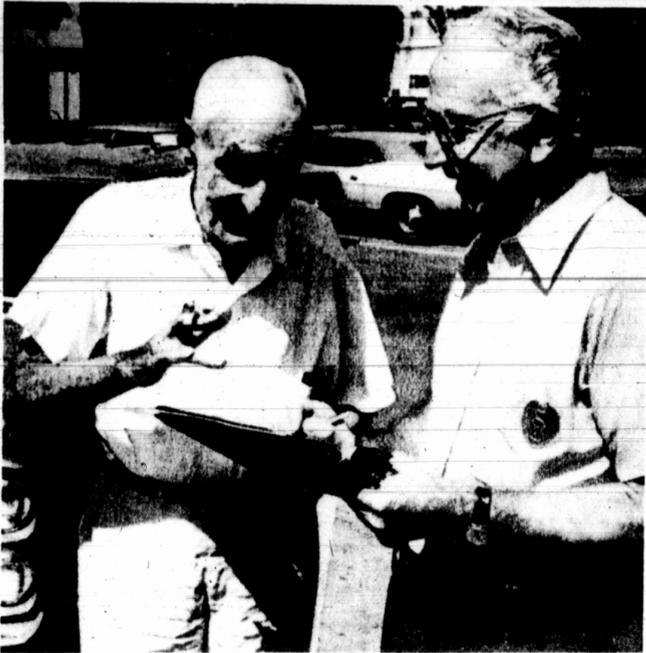

Only five years ago, the average flight attendant's career lasted 18 months. Retirement plans, company-paid life insurance and related career benefits were virtually nonexistent, Ms. Rueck said.

Today's average flight attendant, however, has been on the job for nearly six years. Four out of 10 are married.

## COOLER

Weather forecast is for increased cloudiness, windy and cooler. Winds from the north today from 15-35 miles per hour. A slight 30 per cent chance for showers today diminishing to 20 per cent tonight and Tuesday. High today in the mid 80s, low tonight, near 60 and high on Tuesday, upper 70s.

2 SEP 2

**AGE DON'T MEAN NOTHING** — Roy M. Rawlins, left, who is 104 years old, is pictured with John Burrifato, an examiner for the California Department of Motor Vehicles, after the oldest recently was granted a full four-year driver's license with no restrictions — not even a requirement that he wear eyeglasses to drive. "Age don't mean nothing," says Rawlins. He says he has been driving for the last 65 years.

## PROTECT PANSIES Plantnappers On The Prowl

LOS ANGELES (AP) — Lock up your fern. Protect your pansies. Plantnappers are on the prowl and your favorite plant could be their next target.

Spurred by the boom in house and garden plants, the plantnappers are pilfering everything from small trees and shrubs to plants and flowers. Homeowners, private offices, public highways and city parks are all targets in the crime wave.

John Provine, manager of the Los Angeles County Arboretum, had two baskets of plants taken recently from in front of his house.

And Provine says the arboretum has had a number of minor plant thefts during its Sunday home demonstration

shows, which are booked solid and hard to police. "Mostly they're little things that could be smuggled out easily but are replantable," he said.

Nationwide, plantnappers are going after bigger prey. Authorities in Oklahoma City report that nine large exotic plants, valued at \$50 to \$80 apiece, were stolen in June from the Baptist Medical Center. An entire geranium bed disappeared recently from a city park in St. Paul, Minn. And a bed of pansies was removed from the park surrounding the Washington Monument this summer.

Police in Los Angeles report two arrests for plantnapping this summer, but the charges were dropped after the plants were recovered.

## Going 95 At 104

STOCKTON, Calif. (AP) — "Age don't mean nothing," proclaims 104-year-old Roy M. Rawlins.

The California Department of Motor Vehicles apparently agrees because it has just renewed Rawlins' drivers' license despite his being caught doing 95 miles per hour in a 55-mile-per-hour zone.

"His driving ability is very good and he is physically and mentally very, very alert," says state examiner John Burrifato, who gave Rawlins his latest driving test.

Rawlins, who has been driving for 65 years says he has never received a speeding ticket. But he almost got one a few weeks ago.

"I was going 95 on my way to Modesto and I got caught. They didn't give me no ticket, but that policeman sure gave me hell," he says.

Police in Los Angeles report two arrests for plantnapping this summer, but the charges were dropped after the plants were recovered.

# TRAGIC COUNT Eight Shootings, Five Drownings

Deaths in traffic accidents were setting a grim pace today as the toll from violence during the Labor Day weekend crept higher in Texas.

Texas Department of Public Safety experts have predicted 34 will die in traffic alone before the holiday period ends tonight at midnight.

With the bulk of travel still to come by persons returning from outings, the tragic count stood at 43 fatalities, including 28 in motor vehicles, eight shootings and five drownings.

These were among the victims:

Candice T. Savage, 22, of Houston was killed Sunday in a car which ran off a farm road at a curve and plunged into a creek near Bay City.

Oscar Rocha, 13, and Mac Magana Jr., 11, both of O'Brien were killed in a car-motorcycle accident Sunday a mile east of O'Brien on Farm Road 2229. Rocha was a passenger in the car and Magana was on the motorcycle, officers said.

Martha Rene Williams, 25, of McNair died in a Houston hospital Sunday after being shot several times and pushed from a car, police said. They charged a man with murder.

Elvin Seals, 52, was shot to death Sunday in a Houston lounge. A woman was charged with murder.

Police recovered the body Sunday of Greg Arable, 23 from Taylor Bayou in Port Arthur. Billy Wayne Dean Jr., 1, drowned in the San Jacinto River Sunday

while camping out with his family.

Lonnie Lee Richmond, 18, of Dallas, was killed early Sunday while fleeing a man's home. The man told police he and his wife were awakened by an intruder in their house.

J.C. Wortham of Lufkin died Sunday morning in a shootout at a Lufkin residence that also critically wounded a policeman. Authorities said the officer answered a call to a residence, apparently had settled the trouble and was returning to the house on another matter when someone inside opened fire with a shotgun.

James O. Franklin, 58, a railroad engineer from Fort Worth, was killed Saturday when his car and a train collided in Fort Worth.

A car-pedestrian accident near Kingsville Saturday night took the life of a youth stationed at Kingsville Naval Air

Station. Officers said Lyman J. Aller, 19, of Williamsport, Pa., was killed when he was struck by a car on Farm Road 425.

Stratton P. Williams, 65, of Victoria was fatally injured Saturday night when the car in which he was riding and another collided on U.S. 59 one-half mile west of Victoria.

Frances Martinez, 29, of Los Angeles killed early Sunday when her car left Interstate 40 and overturned about one-half mile east of Glenrio, near the New Mexico border in the Texas Panhandle.

A collision of a tractor-trailer rig and a pickup resulted in the death of Silvester Justice, 48, of Lubbock early Saturday.

Marvin Hale, 23, of Stephenville, was killed Saturday in a wreck on Loop 820 in Haltom City, a Fort Worth suburb. The two-car collision also killed Mary Glover Brackney, 27, of Smithfield.

**QUEENS OF SPADE OFFERINGS** — This is the "All in One Family" offering at the second annual Simmental sale at Spade Ranches south of Colorado City Saturday. Included are five head which could be the nucleus for anyone desiring to begin Simmental breeding. It has a four-year-old cow, six heifers, and a bull.

## Herd Nucleus Included In Spade's Simmental Sale

The second annual Spade Ranches sale of Simmental females will be unique in that it will offer a foundation nucleus when Lot 1 sells.

### Company Offers

#### MD Aid Plan

The Kitchens of Sara Lee will be joining with Muscular Dystrophy Associations of America to fight neuromuscular disease in 1974. A fund-raising promotion, which is being sponsored by the company, will guarantee at least \$100,000 to MDA.

The appeal, sponsored in conjunction with the firm's 25th anniversary year, was announced here today by H. L. Dodd, president of MDA's Midland-Big Spring Chapter.

Sara Lee will contribute 10 cents to MDA for every ingredient statement from one of its products sent in by purchasers between now and the end of October. Groups and organizations are encouraged to urge their memberships to save ingredient statements from Oct. 31, 1974, all collected ingredient statements should be bundled and mailed to the Kitchens of Sara Lee, Inc. Box 21754, El Paso, Texas 79998 for credit.

#### Flying Course

### To Be Offered

ABILENE — Abilene Christian college will offer instruction in aviation for the first time during the 1974 fall semester, according to Dr. B. J. Humble, ACC vice president for academic affairs. ACC is the first Southwest College to offer this training.

The instruction will include two, three-hour college credit courses and will be held Monday, Wednesday and Friday at 1 p.m. on the ACC campus. The courses are being offered through Acc's department of industrial education.

"The general aviation demand, in industry, and business, is increasing to such an extent that sources other than the military for training pilots is needed," said Dr. Humble.

The instructor for the program will be George Carpenter, a furlough pilot from Trans-World Airlines and currently a charter pilot.

## Medical Secretary Unit Due

The business education department of Howard College will offer two medical courses required for the medical secretarial program offered evenings during the Fall semester.

Medical 1322-1 (Applied Anatomy-Physiology) will be offered Tuesday and Thursday at 6:30 p.m. Medical 1323-1 (Medical Terminology) will be offered Tuesday and Thursday at 8:00 p.m. These two courses will enable secretaries who already have the basic skills an opportunity to enter the medical secretarial field.

Lt. Col. (Dr.) Donald L. Coleman, director of base medical services will be the instructor for both courses. Dr. Coleman is a specialist in aerospace medicine. He is a 1962 graduate of the University of Illinois College of Medicine and he served his internship at St. Mary's Hospital in San Francisco. Registration for these courses will be on Sept. 3 and 4 in the college library.

These will be sold as a package.

In other lots approximately one-third will be bred half-Simmental females with 3/4 Simmental heifer calves at side. About half of the offering will be bred half-Simmental females of which 16 will be bred 3/4 Simmental heifers with 3/8 Simmental heifer calves.

Offerings come from both the 40,000 Chappell Spade Ranch near Tucumcari, N. M. and the balance from the 80,000 acre Renderbrook Spade Ranch.

Heading the group are Frank H. Chappell Jr., Waterford, Conn. and Mrs. B. D. Bassham, Colorado City, heirs of the founder, Col. Isaac Ellwood, Dekalb, Ill., inventor of barbed wire. The Renderbrook-Spade Ranch was established in 1889.

Catalogues or more information may be had by writing to Queens of Spade Sale, Spade Ranches, P.O. Box 2763, Lubbock 79408.

The sale is set for 1 p.m. Saturday at the Renderbrook Spade Ranch 22 miles south of Colorado City of Highway 163.

In Lot 1 called the Queens of Spade, is an "all One Family" grouping consisting of a bred four-year-old half-Simmental cow, three full-sister (3/4 Simmental) daughters, two of which are bred, and the 3/8 Simmental bull calf produced by the oldest daughter.

Ranch managers said they were intrigued by the idea of providing some serious breeder with an extremely closely related herd nucleus.

### Woman Falls On Top Of Senator

PATAGONIA, Ariz. (AP) — Sen. Barry Goldwater took a spill from a horse-drawn survey and the wagon's woman driver fell out on top of the Arizona Republican.

"I'd do this any day if she'd fall on top of me," commented Goldwater, who was only scratched on the arm and went ahead on Friday with a scheduled speech in this town near the Mexican border.

A witness said the horse shied at a car and tipped over the survey, spilling its four occupants onto "the only paved street in town."

**More On Cat Food**

**DEAR ABBY:** A reader wrote confessing that she had served her family a casserole containing tuna cat food. (They didn't know what was in it, but found it so "delicious" they asked her to make it again.) Her question: "Is there something in cat food that will harm humans?"

Your reply: "I didn't pussyfoot around. I went right to the leading cat food manufacturer, and the word from them is: 'Don't serve cat food to humans.'"

Abby, you copped out with your answer. I would like to know why pet food shouldn't be served to humans. Does it contain something that is indeed harmful to humans or not? Are the conditions under which it is canned sufficiently sanitary for animals, but not for humans?

Please give a straight answer to my questions.

**STEADY READER** In defense of my first reply, a spokesman for a very large pet food company very cogly declined to commit himself, hence my admittedly inadequate answer. However, your letter (and many others) prompted me to take another stab at it, so I called the Food and Drug Administration, and after speaking with a Daniel Clink, I knew this time I was barking up the right tree.

**ABBY:** "Is pet food safe for humans? Yes or no?"

**CLINK:** "It's safe for humans — but not recommended."

**ABBY:** "Here we go again. WHY is it not recommended for humans?"

**CLINK:** "Because pet food is nutritionally balanced for animals — not humans — and the nutritional requirements for each are vastly different."

**ABBY:** "All right, but it's highly unlikely that a human would confine his diet exclusively to pet food, so if someone wanted to fill his stomach, an occasional Alpo meatloaf wouldn't kill him, would it?"

**CLINK:** "Certainly not. But there's another reason why pet food is not recommended for humans. You see, most pet foods contain certain parts of animals that humans wouldn't care to eat — for psychological reasons. Like the lungs, intestines, spleens, stomachs, and..."

**ABBY:** "Thanks, I think I get the idea. How about the regulations with regard to sanitation?"

**CLINK:** "Oh, pet food manufacturers are required to meet very high standards with regard to those conditions. And the government inspectors make sure these standards are met."

So now, dear readers, you know as much as I do about why pet food is safe for humans but not recommended.

Everyone has a problem. What's yours? For a personal reply, write to **ABBY** and enclose a stamped, addressed envelope.

For Abby's new booklet, "What Teenagers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212.

**Style Show Presented Thursday**

The Tom Boy Shop presented a style show Thursday evening in the Texas Electric Reddy Room for members of Howard County Young Homemakers and their guests.

The narration was by Mrs. Johnny Justice, club reporter, and models were Mrs. Pat Daniels, Mrs. Twylia Roberts, Ms. Cathryn Nail, Mrs. Mary Bowen and Mrs. Melba Carter. The show featured both casual and after-five attire. Dominant colors were rust and gray, and the evening wear included print palazzo pants.

Mrs. Max Nichols, president, conducted the brief business session, reminding members of the area Meeting in O'Donnel Sept. 21. Several area women plan to attend.

The year's study for the club will stress improving self, home and family. Regular meetings will be held the last Thursday of the month. The next meeting will be at 7:30 p.m., Sept. 26 at the Academy of Hair Design.

Officers working with Mrs. Nichols will be Mrs. Robert Lindsey, vice president; Mrs. Gaylon Williams, secretary; and Mrs. Gary Roberts, treasurer.

**Webb Students At Patio Party**

International students at Webb Air Force Base were entertained Saturday morning on the patio at the home of Dr. and Mrs. John Hogan, 509 Westover, with the Women's Missionary Church acting as hostesses. Refreshments were served

to a group of about 25 during a get-acquainted hour, after which they were escorted on a tour of the Figure Seven Tennis Center, the Dora Roberts Community Center and the area of the original 'big spring'.

Assisting Mrs. Hogan were Mrs. Nel Bryant, Mrs. Viola Clay, Mrs. Jerry Phillips,

Mrs. Horace Reagan and Mrs. Robert Penner. The event was the beginning of an expanded program, to continue over many weeks, working with international students at the base. The local facility now has approximately 165 students who represent about 10 foreign countries.

**Reunion Held At Lake Site**

**FORSAN (SC)** — Mr. and Mrs. J. L. Overton and children attended the McElrath family reunion which was held recently at Lake Brownwood. Mrs. L. B. McElrath also attended the reunion and was joined by another son-in-law and daughter, Mr. and Mrs. Al White of Austin.

During the trip, Mrs. McElrath visited relatives in Coleman, Mr. and Mrs. O. W. Smith, Mrs. Walter Fry and Mr. and Mrs. Raymond McElrath, and was a guest in Abilene of Mr. and Mrs. P. D. Watson.

**Couple United In August Wedding**

Marine Cpl. and Mrs. Richard D. Templeton are residing in Jacksonville, N.C. following their wedding Aug. 9 in the Faith Baptist Church, Winston-Salem, N.C. The Rev. W. D. Howard, pastor, officiated. Music was by Miss Kay

Covington, organist, and Miss Polly Horton, Joe Fox and Miss Kitty Roberts, vocalists.

The bride is the daughter of Mr. and Mrs. Bobby R. Wall, Winston-Salem, and the bridegroom is the son of Mr. and Mrs. Richard A. Templeton, 1602 Oriole.

The bridegroom's parents attended the wedding, and other out-of-town guests were Mrs. Jack Wall, Pineville, N.C.; Mrs. Pat Tilley, Burlington, N.C.; Miss Cindy Harvey, Greensboro, N.C.; and Cpl. Kenneth Swain, L. Cpl. Regis View and Pfc. J. C. Selvohebauer, all of Camp Le Jeune, N.C.

For the wedding, the bride was attired in a floor-length gown of white satin trimmed in Chantilly lace and seed pearls. The empire gown was fashioned with a Victorian neckline, bishop sleeves and chapel-length train extending from the hem of the gown with appliques of matching lace. Her headpiece was a short mantilla with Camelot cap and elbow-length veil of illusion trimmed with matching lace. She carried a cascade of pink daisies, white pompons and pink roses.

The bride's sister, Miss Sandra Gay Wall, was maid of honor and was attired in a floor-length empire gown of pink peau de soie styled with Juliet sleeves. Her nosegay was of white pompons and pink feathered carnations.

The best man was Marine Sgt. Tom Heacox of Green Castle, Pa., and the usher was Jimmie Wall who also lighted the altar tapers.

Prior to leaving on a

wedding trip to Asheville, N.C., the couple was honored at a reception in the home of the bride's parents.

**'Singles' Plan Social Events**

Parents Without Partners has announced several coming events for September. The month began Sunday with a family bowling party.

A general business meeting is slated at 8 p.m., Thursday at the home of Mrs. Dorothy Blount, 1507 E. 5th, and on Saturday, Mrs. Dorothy Cross, 2216 Lynn, will host a patio dance at her home, beginning at 8 p.m. Next Sunday, there will again be a family skating party from 2 to 4 p.m.

Scheduled Sept. 8 is an educational meeting at the Texas Electric Reddy Room where the guest speaker will be Jake Glickman of Big Spring State Hospital. His topic will be "The Single Parent and Society." Mrs. Ruby Bruns will be the hostess.

Mrs. Cris Freeman, 2110 Johnson will be hostess for a family pot luck supper beginning at 7:30 p.m., Sept. 14, and on Sept. 19, an 8 p.m. planning party is slated at the home of Mrs. Mildred Rister, Sterling City Rd.

The club has gained 21 members since February, and there are now over 50 persons on the rolls.

## Sanctions On Rhodesia Not In Our Best Interest

OMAR BURLESON, M.C.  
17th District, Texas

WASHINGTON, D.C. — Soon to be voted on in the U.S. House of Representatives is a bill which would re-impose sanctions against Rhodesia. In 1966, the United Nations voted sanctions against Rhodesia under a provision of its Charter which says that such action shall be taken if the Security Council finds a country "imposes a threat against international peace and security."

How anyone could support the proposition that Rhodesia threatens the peace and security of the world stretches the imagination. No such sanction has ever been suggested against the Soviet Union, North Vietnam or Communist China.

In 1971, an amendment to the defense production act removed sanctions against Rhodesia which were imposed by presidential order following the action of the United Nations. Now the Senate has passed a bill which re-imposes these sanctions, and the House of Representatives will be voting on the Senate bill in the near future.

Rhodesia produces about 67 per cent of the world's

supply of chrome ore. Chrome is essential to the manufacture of stainless steel. It is necessary for construction, transportation, machinery of most all kinds, surgical equipment, and utility products. We import our entire supply.

When sanctions were imposed in 1966, not many nations honored the United Nations Resolution, although they supported it. The Soviet Union was a party to the resolution, but what happened was that Russia began purchasing chrome ore from Rhodesia and South Africa, then selling it to buyers in the United States at a price of just about double what we had been paying for supplies from Rhodesia. This has been another contribution to inflation simply because it is the consumer who pays. The United Nations action came about because Rhodesia's white government runs the country, although 95 per cent of the population is black. The ironic part of it is that most of the nations of Africa trade with Rhodesia as if there had been no United Nations sanctions. As a matter of fact, except for the United States and Britain, all of them continued to trade freely with Rhodesia.

The two are members of a Big Spring detachment of a battery in the 3rd Battalion, 133rd Field Artillery, which completed two weeks of summer training at Fort Sill, Okla., Saturday.

## Slaying Victim

TULSA, Okla. (AP) — A man found slain last week in Rogers County has been tentatively identified as Eddie L. Webb, 22, of Wichita Falls, Tex.

Attendants at a Tulsa funeral home said today they had been given that name although there still has been no positive identification from medical sources. Police were awaiting the arrival of dental charts from Webb's home town, before committing themselves to a name. The body found last week was too badly decomposed for visual identification.

## Dallas Newspapers Engaged In Unfair Labor Practices?

DALLAS (AP) — The National Labor Relations board will have a hearing Oct. 7 on a complaint by its regional office that Dallas' two major newspapers have not bargained in good faith with striking pressmen. The complaint was drawn up by the NLRB regional staff and signed by James Mast, acting director of the NLRB regional office in Fort Worth.

It alleges that the Dallas Times Herald and Dallas Morning News engaged in unfair labor practices in violation of the National Labor Relations Act. Pressmen have been on strike since May 2.

**NO MERIT**  
Richard Blum, vice president of the News, said Saturday "We have not committed any unfair labor practices. These are strictly allegations—not facts. They have no merit and most definitely will be contested."

George Johnson, a senior vice president at the Times Herald said that newspaper's actions are "justified and proper under the law." Both newspapers have published daily since the strike, hiring new pressmen.

The complaint charged that beginning Nov. 3 the newspapers "negotiated with the union in bad faith with no intention of entering into any final or binding collective bargaining agreement."

The NLRB also charges the newspapers bargained individually with pressmen despite a collective bargaining agreement. **ALREADY FILLED**

It also charged the News and Times Herald refused to reinstate striking pressmen June 17 although they made an "unconditional offer" to return to work.

Blum said the News did not allow pressmen to return because the jobs were already filled. He said he advised union leaders the News would consider employment of individual members when there were openings.

The contract between pressmen and the newspapers expired Aug. 15, 1973. The contract dispute centers on "manning" which involves the assignment of men to individual presses.

Management contends it should be allowed to make the assignments.

since the union would put men on presses when they were not needed. The union says it should have the authority in order to reduce the chance of accidents. An administrative law judge will hear the case Oct. 7 and send his conclusions to the NLRB in Washington.

The newspapers or the union may request a hearing before that board and then appeal to the federal courts.

Webb AFB will kick off its annual Combined Federal Campaign (CFC) on Tuesday, with more than 72 per cent of the collections earmarked for Big Spring's United Way, according to Col. Robert A. Owens.

Col. Owens, commander of the 78th Flying Training Wing, serves as CFC area chairman for all federal employees. Webb's goal is \$30,097 for the combined campaign, which means that the target figure for the Big Spring United Way is nearly \$22,000.

The CFC is the one on-the-job fund raising campaign authorized for federal personnel. In addition to the local United Way, other beneficiaries include the National Health Agencies and International Service Agencies.

In opening the annual fund drive, Col. Owens stated, "Rarely does a base have the good fortune of having the outstanding relationship with its civilian community as we do here at Webb. In the past, the citizens of Big Spring have pitched in and supported every major project that Webb has produced. Now it is time to partially repay the debt."

The CFC will be conducted for a consecutive six-week period, beginning Tuesday. However, keymen have been asked to make their contacts and obtain commitments as early as possible. Webb's base project officer is Major John Grathwol.

Last year Webb, along with other bases in the U.S. Air Force's Air Training Command (ATC), exceeded a similar goal. Within ATC, nearly \$2 million was contributed, representing 136 per cent of the command goal.

**Fast Inflation**  
COCOA BEACH, Fla. (AP) — When James Higdon purchased an aluminum utility shed for \$88, he thought he was getting a good buy. The Brevard County tax assessor apparently agreed, valuing the shed for tax purposes at \$511.67.

The only addition Higdon said he made on the shed behind his home was a floor, built out of scrap lumber.

"I would sure be glad to sell it at their figure," he said. "I would be glad to sell it to the tax assessor."

# BIG SPRING HERALD

SECTION B BIG SPRING, TEXAS MONDAY, SEPT. 2, 1974 SECTION B

**RICHLY DESERVED** — A Beautification Certificate issued by the Pride People of Big Spring and the Chamber of Commerce has been presented to Mr. and Mrs. Ed Singleton of 511 Lancaster for their yard landscaping. Edna Womack, who serves on the committee which picks certificate winners, says the scroll was "richly deserved."

## Predicting Little

### Trouble Over Busing

MEMPHIS (AP) — Memphis begins its second year of court-ordered busing Tuesday with officials predicting little trouble now that emotionalism which surrounded the issue seems to have evaporated.

Opening day is always hard," said Robert E. Ditto, a Memphis Board of Education administrator who runs the busing program. "But the only things I anticipate this year are some mechanical problems."

Last year, opening day problems ranged from bomb threats to long delays as pupils waited up to three hours for buses, and drivers got lost on unfamiliar streets. Police had to be called to put down minor disturbances at some schools.

There were also some longer-term ramifications. An estimated 10,000 pupils, almost all white, were withdrawn from school by parents and placed in private schools. At one point a shortage of fuel forced the school board into court to get the City of Memphis to share its fuel supplies so buses could run.

Quinnie McCormick, assistant superintendent for pupil services, said about 3,000 students from private schools have applied for readmittance to public school.

"The emotionalism and the newness was the big thing then," said Ditto.

There was a strong antibusing mood in the city following U. S. District Judge Robert M. McCrae's ruling that Memphis would have to undertake wide-scale busing to integrate.

School Superintendent John P. Freeman said

preliminary registration this year shows the enrollment will total 121,000 pupils, about 69 per cent of them black. He said about 30,000 students will be bused at a projected cost of \$1.8 million.

About 42 per cent of the city's 750,000 residents are black.

"The experience gained in a year's operation is a big factor and there's more acceptance by the community," Ditto said. "We have better training. And with the emotionalism subsiding, you've got a little more stable force of drivers applying now. We had trouble finding drivers last year."

### Fords Will Eye

#### 'Mack And Mabel'

WASHINGTON (AP) — President and Mrs. Ford will make their first appearance in the presidential box at the Kennedy Center for the Performing Arts on Wednesday night.

The Fords will attend a reception for past and present members of the National Council on the Arts and stay on to see David Merrick's new musical, "Mack and Mabel," a White House spokesman said on Friday.

### Industry Meet

Ron Mercer, executive vice president of the Chamber of Commerce and director of its industrial activities, plans to attend the 24th annual Texas Industrial Development conference in El Paso, Sept. 12-13. Harry W. Clark, Midland, president of the Texas Industrial Development Council, will be the keynote speaker. Dr. Sidney L. Jones, assistant secretary of Commerce for economic affairs, also will speak.

## Alien Smuggle Ring Cracked

DEL RIO, Tex. (AP) — Border patrolmen caught 32 aliens being smuggled into the United States from Mexico Saturday and caught two men who were called smugglers of aliens by Borden Patrol spokesmen.

Jack Richardson, deputy chief patrol agent, said all available evidence points to a

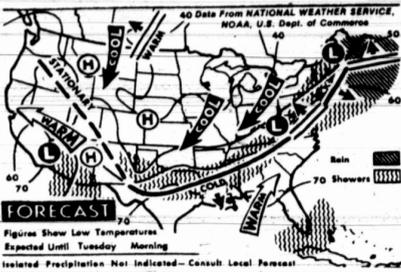

large alien smuggling ring and arrests are expected as far north as Fort Worth.

The smuggling took place by boat across gigantic Lake Amistad which has shores on United States and Mexican soil.

Richardson said the boat was followed by electronic devices and by patrolmen and the aliens and the man accused of smuggling them were surrounded and arrested as they started to enter land vehicles.

The aliens told agents that they had paid \$150 each to be smuggled to Fort Worth.

Richardson estimated 3,771 aliens have been smuggled into the United States in the Del Rio area this year but only 40 smugglers were picked up. He said 217 were caught.

**WEATHER FORECAST** — A band of showers is forecast Monday from the Southwest to the Northeast. Warm weather is forecast for the Southwest and Southeast but cooler weather is expected for most of the country.

# Nationwide survey of independent TV servicemen reports Zenith Color TV needs fewest repairs.

Here are the questions and answers from a 175-city survey of multiple-brand TV service shops.

### Which color TV needs the fewest repairs?

Independent TV servicemen were asked this question because they are in a unique position to judge the reliability of different color TV brands.

Every major brand sold in the U.S. was included in this study.

The servicemen named Zenith most often as the brand of color TV which requires the fewest repairs. More than twice as many named Zenith (30%) as mentioned the second-place brand.

**QUESTION:** "In general, of the brands you are familiar with, which one would you say requires the fewest repairs?"

**ANSWERS:** Zenith ..... 30%

Brand A	11%
Brand B	9%
Brand C	5%
Brand D	4%
Brand E	3%
Brand F	2%
Brand G	2%
Brand H	2%
Brand I	1%
Other Brands	3%
About Equal	21%
Don't Know	11%

### Which color TV is easiest to fix when it does need repairs?

When something goes wrong with a color TV, being able to fix it easily means a lower repair bill.

Zenith is named more often in the survey than any other brand as being the easiest to repair. One-third (34%) of the TV servicemen report Zenith Color TV is the easiest to repair. A significantly smaller percentage (25%) named the second-place brand as the easiest to repair, and a much smaller percentage named other brands.

**QUESTION:** "In general, of the brands you are familiar with, which one would you say is easiest to repair?"

**ANSWERS:** Zenith ..... 34%

Brand A	25%
Brand B	11%
Brand D	5%
Brand F	4%
Brand E	4%
Brand G	3%
Brand I	1%
Other Brands	3%
About Equal	18%
Don't Know	1%

### Which color TV would you prefer to own yourself?

Servicemen know color TV from the inside out. So we wanted their opinion on which brand they would buy today for themselves.

More servicemen named Zenith as the color TV they would buy (35%) than named any other brand.

**QUESTION:** "If you were buying a new color TV set for yourself today, which brand would you buy?"

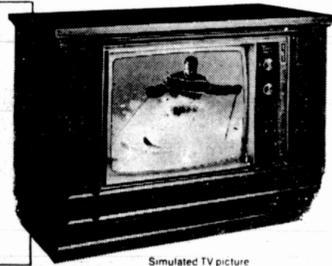

**ANSWERS:** Zenith ..... 35%

Brand A	21%
Brand B	12%
Brand D	7%
Brand E	5%
Brand C	4%
Brand F	4%
Brand G	3%
Brand H	1%
Brand I	1%
Other Brands	6%
Don't Know	9%

NOTE: Answers total more than 100% because some servicemen named more than one brand.

### How the survey was made.

One of the best-known research firms in America conducted this study of independent TV servicemen's attitudes toward brands of color television. Telephone interviews were conducted with TV servicemen themselves in April, 1972, in 175 cities from coast to coast. To eliminate the factor of loyalty to a single brand, the study included only shops which serviced more than one brand of TV. Survey details are available on request.

# Center Of Help

A sub-committee of the public affairs council of the Chamber of Commerce has done a good job in surveying the situation and documenting the need for a family counseling service.

Some of the figures cited: last year 65 families had to go to Midland to obtain this type of counseling service; many other manifestly are not asking for help as witness 517 marriages against 313 filings for divorces and 245 actually granted; 249 teenagers were in contact with juvenile authorities, again this exposed tip reflecting a far greater iceberg.

These findings and recommendations will go to the public affairs council for some sort of decision, which would only mean a step toward active seeking of such a service. We've come almost this far before, but perhaps with less ammunition.

One of the possibilities cited was to offer the service through the Dora Roberts Rehabilitation Center; or else contract for the Midland Counseling Service to operate a service here.

This seems to us to be exercising practical judgment. It is putting creative thought to a possible solution of

how to offer a needed service without a lot of duplications in costs as well as in services.

It would be fine if this line of thought is carried a step further, namely to consider some sort of center for receiving, screening and directing all sorts of requests for help. For instance, there are literally scores upon scores of people who need help for emotional problems but won't go to a hospital or mental health center initially. There are many families, quite apart from domestic problems, who are weighted

by financial crises so sticky they find it embarrassing to talk openly to their boss or banker. There are youngsters who want help but they hesitate going directly to parents, pastor or to a juvenile agency.

Something of this could be a "help" center — help to get in touch with qualified people who can help. Handled with understanding, this could be a handy point of beginning for many who need help but are reticent to seek it.

## Sooner The Better

Gov. Dolph Briscoe and Attorney General John Hill have indicated they will petition for a court of inquiry into the recent escape attempt at Huntsville state prison where Fred Carasco and Adolfo Dominguez and two hostages were shot fatally.

They said they did not want to interfere in any way with a grand jury investigation, which apparently is

neering a conclusion. Numerous veiled charges of a coverup have been made, but with little to substantiate them. Still, it is well to get as complete and dispassionate an account of what actually happened as is possible to obtain. The sooner the better. We hope, however, that whatever the finding, it will not change the policy of not capitulating to prisoners in bids to escape. We've crossed that bridge; let it stay crossed.

## Middle Class?

### Around The Rim

Tommy Hart

If you regard yourself as a middle class, you're in trouble, according to Prof. John C. Raines of Temple University.

"The class that calls itself 'middle' is in fact up against the wall," according to Raines. "It is going nowhere and neither are its kids."

FOR THE middle class, quoting the professor, affluence is a fable. On the contrary, there is less upward mobility... less middle class affluence than middle class moonlighting, worry and exhaustion.

Raines then adds the sobering reflection: "Being 'middle' in America isn't working — and that's a political earthquake."

IT WAS THE problems that the Temple professor's middle class students were running up against at home that led him to start studying and writing about the plight of their families.

"Students at Temple came from middle class families," Raines said. "In class discussions I noticed they would often speak of their parents as being hung up about money, which they tended to interpret as being too materialistic."

"The students, I became increasingly convinced, had really accepted the notion that America was affluent, and if you are middle class, that means you should benefit. So the outcome was that they accused their parents of being too materialistic and into money talk all the time."

THE IDEA has taken hold that part of being middle class parents means that you are going to send your kids to college.

"But, increasingly, people who are middle class can't finance their kids' college education and are doing it on loans. You can't even get federally guaranteed loans after

your income rises about \$12,800

Prof. Raines believes that taxes and other benefits are all rigged in favor of the ownership class, as he calls it. He favors a fairer distribution of the wealth and a more equitable sharing of the tax burden.

TAXES ON wages and salaries, he points out (practically the whole source of middle class income), are much higher than the capital gains tax on stocks, to say nothing of tax-free revenues from state and municipal bonds.

Furthermore, the concentration of wealth is increasing.

Moving to the suburbs, buying a second car for the husband to drive to work, and sending the children to college have been forcing middle class families deeper into debt. Result: The demoralizing economic squeeze is causing a decline in self esteem among the middle class.

IS THE average American enjoying what passes for affluence? Not on your life, says Raines. There is panic when the bills come due at the end of the month. Food prices keep spiraling — he can't understand why the checks for groceries are so big. And he argues with his wife and kids over money.

"The average family is not benefitting from American productivity the way it deserves," Raines states. "The average family is exploited, and I think they know it."

BUT THE saddest thing is that rather than direct their social anger and frustration at the top one per cent of the economic scale, where I think it belongs, they direct it back to the other end of the scale, blaming the poor and the blacks...

The middle class is increasingly powerless... and increasingly ineffective in getting its representatives in Congress to vote for the interests and benefits of its own constituents... The top one per cent should carry much more of the social burden than they do.

## My Answer

Billy Graham

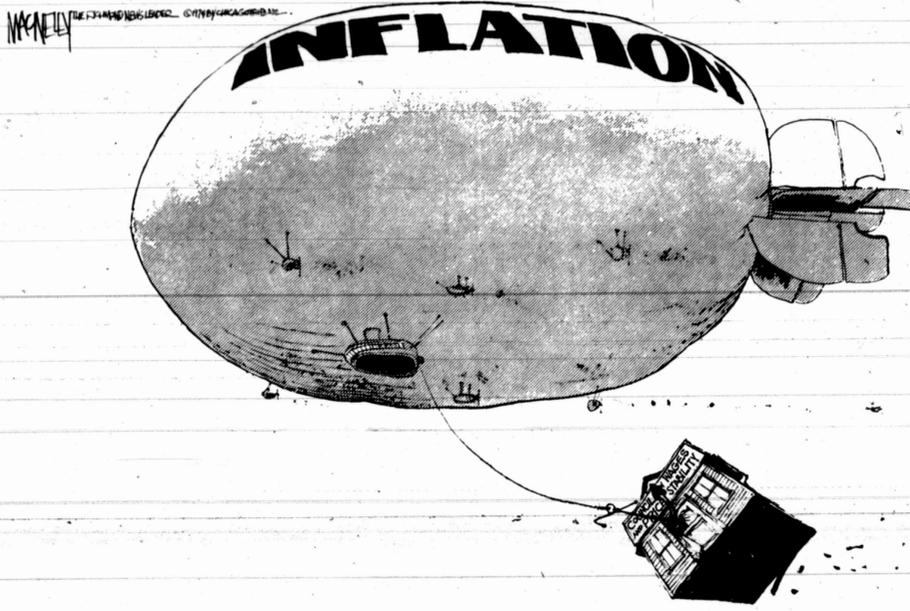

I'm having a real struggle on the job. My boss is a demanding man who is never satisfied. The whole relationship strains my Christian principles. If I continue this employment I'll need a new attitude in order to survive. What should that attitude be?

J.A. Unless someone has been in an unpleasant employment situation, it's hard to comprehend the vexation it presents. It can be suffering in the real sense. I am always appalled at the statistics showing how many Americans are unhappy on the job.

But now the Bible does suggest the attitude toward an employer that a Christian should have. It's Paul's statement in Colossians 3: "Slaves obey your masters in everything, and do it, not only when their eye is upon you and to win their favor, but with sincerity of heart and reverence for the Lord. Whatever you do, work at it with all your heart, as working for the Lord, not for men" (v. 22, 23). The secret here is in the last eight words.

In many places of the Greek and Roman world, slaves were much more numerous than the free population. So Paul was talking about a real problem, and one where the master was at times a cruel tyrant.

He further says in verse 24 that the Lord will straighten out the inequities. There will be retribution for the unjust employer, and reward

for the just employee. It's as if God promises to be the Paymaster if anyone is wronged by man.

Take that spiritual view of your employment, surround your work with prayer, and as long as you feel led to stay on that particular job, God will give you the fortitude and patience needed.

John Cunniff

## Newspaper Ads

NEW YORK (AP) — Newspapers increased their already dominant share of the nation's total advertising dollars in 1973, and the energy crisis changed some newspaper advertising patterns, two studies show.

A breakdown of money spent last year on advertising compiled by McCann-Erickson, a New York advertising agency, said newspapers obtained \$7.6 billion, or 30.2 per cent of the nation's total advertising revenues of \$25.1 billion.

Television received \$4.5 billion in ad revenues, radio took \$1.7 billion and \$1.4 billion went to magazines, a report by McCann-Erickson Inc. said.

Newspapers also took the larger part of advertising dollar growth, gaining \$587 million. That compared with an increase of \$402 million by television, \$78 million for radio and \$8 million more for magazines, according to the agency's report.

Yet newspaper ad-

vertisers last year changed substantially, a report on the newspaper industry by Delafield-Childs Inc., a Maryland based stock brokerage firm says.

Newspaper advertising revenues were boosted last year by more ads from transportation and oil companies plus hikes in ad rates. These helped offset sharp declines in resort and travel advertising and in classified help wanted ads, the Delafield-Childs report said.

"Newspapers benefited from the rise of explanatory advertising in 1973. For instance the oil companies which usually do not advertise in newspapers spent a lot of money explaining their side of the gasoline shortage last winter," said John Morton, one of the authors of the Delafield-Childs report.

"Schedules for planes, trains and other transportation were published more regularly in newspapers and newspaper ad rates rose sharply, in the order of 8-10 per cent on average," Morton said.

Both Delafield-Childs and McCann-Erickson noted a general trend in marketing toward local advertising which benefited newspapers.

"Most of the major advertising agencies will use television for image ads for their clients and newspapers for the nitty-gritty," Morton said.

The McCann-Erickson report said newspaper ad revenues, share of total advertising has grown at the rate of one tenth of one per cent for the past three years to 30.2 per cent of total in 1973 from 29.9 per cent in 1971.

Most of this advertising was snatched away from magazines, whose share of total dollars has shrunk sharply to 5.8 per cent last year from 6.6 per cent in 1971, the report says.

Radio's share of total ad dollars has also declined to 6.7 per cent from 7 per cent in 1971, some of which has gone to newspapers on a local level.

## Mini-Rebellion

Robert Novak

WASHINGTON — The principal source of the Republican right's noisy mini-rebellion against President Ford is exposed by this backroom political fact: California Gov. Ronald Reagan's aides were telephoning conservative Republican leaders with remarks critical of the President within days after he took office.

INDEED, MUCH anti-Ford talk by conservatives is traceable, directly or indirectly, to Sacramento. The sharpest critics want not only to shove Mr. Ford rightward but are desperate to breathe life into Reagan's expiring presidential hopes for 1976. Anti-Ford sentiment comes less from the party's mainstream conservative majority than from a fringe of hardcore Reaganites.

President Ford recognizes it as such. Resisting pressure for gestures to the right, he is confident of long-term conservative Republican support if he achieves his major goal: significant budget reduction.

MR. FORD'S difficulties with Reagan began after he became President and, thereby, a menace to the governor's 1976 last hurrah for President. Reagan was unaccountably absent during nearly all of Mr. Ford's many vice-presidential campaign trips to California. Although Ford aides claim Reagan was among the six finalists for Vice President, the reality that the governor never had a chance is appreciated — and resented — in Sacramento.

THUS, ONCE Nelson Rockefeller was designated as Vice President, Reagan's operatives were telephoning to commiserate with fellow conservatives about the new President's leftward drift. That was

quickly followed by Reagan's remarkable performance during his speaking engagement last Saturday on Maryland's eastern shore for Rep. Robert Bauman, a tough young conservative who is most unhappy with the Ford presidency so far.

ALTHOUGH BAUMAN'S rally was held only an hour's auto ride from the White House, Reagan paid no courtesy call on the highly accessible new President. "I don't understand him being this close and not even saying hello," one top Ford aide told us.

In contrast to his steadfast defense of President Nixon, Reagan in Maryland was short on explicit praise for President Ford and long on implicit criticism (attacking Ford-endorsed health insurance, for example). When Reagan talked about the "conservative mandate" in the 1972 election, he echoed the theme stressed by the right-wing weekly, Human Events, in its relentless anti-Ford editorials.

SIMULTANEOUSLY, conservative theoretician Kevin Phillips, in his political newsletter, suggested a third party nominating Reagan in 1976 — a threat muttered by several conservatives in the House Republican cloakroom before the summer recess.

Such scare talk is not entirely a bluff intended to pressure Mr. Ford. The most dedicated House conservatives, such as Bauman and Rep. John Ashbrook of Ohio, believe that prestigious Senators—Barry Goldwater of Arizona, Strom Thurmond of South Carolina and John Tower of Texas abdicated conservative leadership in not trying to block the Rockefeller nomination. So they may look elsewhere — outside the party.

## Hens Need Less Power

RACINE, Wis. (AP) — It seems even the nation's hens are doing their bit to help ease the energy crunch. Researchers at Cornell University have found that if the light in henhouses is reduced from 16 hours a day to 10, the hens lay more eggs.

The report was recently published in "Wisconsin Agriculturist," a rural magazine. Poultrymen generally light henhouses continuously for as long as 16 hours or more a day. The Cornell study developed a new lighting schedule calling for a longer period of darkness that is interrupted by turning on the lights for two hours. This interruption of the dark period triggers the mechanism of egg production in chickens. The finding is of economic importance to poultrymen because the amount of electricity required for illumination can be reduced substantially.

"It is very important that young people discover at an early age the degree of aptitude and commitment that will be necessary to succeed in dance," says J. Michael Miller, associate dean of NYL's School of the Arts.

The teen-age pupils will train with NYU's professional dance company on the campus of Bennett College, located here in the quiet countryside of Dutchess County, 80 miles north of New York City.

## Combine Art With College

MILLBROOK, N.Y. (AP) — A summer "college" for high school dancers is the idea of Bennett College and New York University.

The two schools will open a special six-week program Sept. 8 to give students 13 to 16 years of age the chance to see what it is like to pursue a dancing career while seeking a college degree.

"It is very important that young people discover at an early age the degree of aptitude and commitment that will be necessary to succeed in dance," says J. Michael Miller, associate dean of NYL's School of the Arts.

The teen-age pupils will train with NYU's professional dance company on the campus of Bennett College, located here in the quiet countryside of Dutchess County, 80 miles north of New York City.

## Why Mention It All?

Dr. G. C. Thosteson

Dear Dr. Thosteson: Recently I had a fluoroscopic x-ray series because of infertility. Both tubes were diagnosed as clogged and the chance of pregnancy at this time is zero.

The only alternative is a delicate operation with only a 30 to 40 per cent chance that I would conceive. My husband and I both have children by previous marriages, but the children are not with us.

Can you answer some questions? My doctor gave me a depressed negative feeling.

1—Why, if surgery is performed, do chances of success remain so low?

2—Why with such small chances is surgery mentioned at all?

3—Can artificial insemination with my husband's sperm be done, with or without the surgery?

Our insurance plan does not cover this surgery as it is considered "elective medical care," but I myself feel it is necessary to a young

couple's emotions. — Mrs. J. B.

Your answers: 1—It is delicate surgery. Your fallopian tubes aren't very big, with an inside diameter about the size of a thin pencil lead. It doesn't take much inflammation to cause enough scar tissue to close them. So I think you can see why getting them open, the full length, surgically, and making them stay open is not an easy undertaking. Still, sometimes it succeeds.

2—Why is a technique with small chances mentioned at all? Well, suppose your doctor didn't mention it to you at all, and sometime later you heard of someone who had the surgery and it succeeded? You'd feel that the doctor hadn't been fair to you, wouldn't you?

3—Other studies are in progress all the time. It was such studies that led to such limited success as we now have.

4—Artificial insemination would be a waste of time. It isn't lack of sperm that

causes your infertility; it is the lack of an ovum (egg) from your ovaries. The ovum has to pass through the tube to reach the uterus and then grow. Fertilization takes place in the union of sperm and ovum in the tube. If the tubes are plugged, obviously, this cannot occur.

Dear Dr. Thosteson: I have read about cigarette smoking speeding up the heart beat. I have a slow heart with a pulse of 36 at times. Would cigarettes help me? — Mrs. M.M.

No, they wouldn't. But you ought to have an electrocardiogram to determine the nature of the slow beat.

Dear Dr. Thosteson: How does a person select a plastic surgeon in order to get a face lift? Are they classified according to ability, and how can you be confident of their ability to perform as well as another one? — Mrs. A. R.

It is best to have a direct referral from your personal physician.

Art Buchwald

## All The Fun

(Art Buchwald has gone on vacation. He left behind some of his favorite columns — Ed)

The key to man's survival on earth seems to be the white rat. Most experiments being conducted these days to see what effect our environment has on human beings are first conducted on white rats. Only after we know what happens to white rats will we take any action to protect the human race.

NOBODY HAS BOTHERED to find out how the rats feel about this.

## Letters To The Editor

Letter to the editor:

Many homes with English Ivy in their landscaping are having a very dangerous fungus infection. It will eventually kill young and old plants.

I sent specimens to Dr. Robert W. Berry, plant pathologist at Texas Tech, and want to warn people here to examine their ivy and treat it before it is too late.

Symptoms are first yellow and later brown, usually on only part of the leaf, in early stages. All leaves on a branch may not be affected but if the fungus spreads to all leaves on a branch it will die.

The treatment, according to Dr. Berry, is to cut and discard all branches that are in advanced stages of the disease. If there are only a few leaves in widely separated areas pick off the leaves and destroy them, being careful not to touch healthy leaves after you have handled the diseased ones.

Next, spray all the ivy with Bordeaux mixture, according to directions on the container. It is the oldest specific cure available. Other preparations that can be used are liquid Kopper-Sol and Kocide.

If you are unable to obtain the proper fungicide, call your county agent, Bruce Griffith.

Let's keep Big Spring's landscaping attractive!

MRS. JOHN HOGAN

# Rangers Finding Room

ARLINGTON, Tex. (AP) — Jackie Brown didn't have much luck with laughers before Sunday night. Perhaps that explains the Texas righthander's slightly subdued manner in the dressing room after pitching the Rangers to a 10-3 victory over the Cleveland Indians.

"I had a game in Chicago earlier this year that should have been a laugh, but they wound up laughing at me instead," he recalled.

"I was glad to get all those runs but, truthfully, I don't think I pitch as well when I've got a big lead like that. I tend to just throw the ball up there and say, 'Here it is—hit it.' Then when I need to really bear down, I can't do it. I struggled all night tonight."

The Rangers made Brown's task what should have been relatively easy by erupting for eight runs in the

third inning off loser Fritz Peterson, 8-10, and reliever Milt Wilcox. Dave Nelson started the big inning with a single to left and moved to third when right fielder Charlie Spikes dropped Jeff Burroughs' long fly ball.

Nelson scored on a single by Tom Grieve and Burroughs went home on a single by Lenny Randle. Toby Harrah then walked to load the bases. Jim Fregosi tapped back to the mound and Peterson threw wild to the plate, allowing two more runs to score.

Joe Lovitto then was walked intentionally and Jim Sundberg struck out before Nelson beat out an infield hit that scored Harrah. Cesar Tovar next lined a double to left field to clean the bases.

Brown, 11-10, gave up eight hits while striking out five and walking four.

"He struggled all night," said Manager Billy Martin. "He had a pretty good breaking ball for a while, but his fast ball wasn't doing anything."

Tovar, just getting over a bout with the flu, said he still was "weak and sore, but I feel all right. Any time I hit I feel all right."

The Rangers got their other two runs in the seventh when Harrah was safe on an error. Mike Hargrove singled, Lovitto grounded out,

# Steers Bring Home Victory

SWEETWATER — The Steers from Big Spring ran into a stubborn Sweetwater eleven here Saturday night but found steam to collar the host team 6-0.

Steers' John Russ scored the only points of the game, running over from six yards out on a keeper play.

Bob Burris, Steer head coach, stated, "We moved the ball up and down the field, but were unable to cross the end zone, except the six-yarder by Russ."

Big Spring rushed the ball 26 times and went to the air 32 times.

Burris related, "We have a lot of work to do before the Andrews game Friday."

The Steers will work out this afternoon and evening. Tuesday, the 5-AAA school will revert to a one-day practice session, slack-off Wednesday, then just loosen up Thursday.

Steer summary: rushing—Danny Ferrell, 6 for 39 yards; Andre Hurrington, 4 for 33 yards; Mark Moore, 9 for 22 yards; Lonnell Banks, 2 for 10 yards; Jesse Doss, 1 for 3 yards; John Russ, 2 for 11 yards; Doug Robinson, 1 for 15 yards; and Tommy Churchwell, 1 for 0.

Passing—Casey Lovelace, 2 for 23 yards; Joe Rains, 1 for 10 yards; Russ, 1 for 22 yards; Ken McMurty, 1 for 11 yards; Lawrence Byrd, 3 for 35 yards; Doug Robinson, 3 for 55 yards and Ferrell, 1 for 11 yards.

# Strange Name Aids Passing

COLUMBUS, Ohio (AP) — A strange name appeared in the passing statistics of the Cleveland Browns' 21-17 victory over the Cincinnati Bengals: Don Cockroft, one-for-one, 12 yards.

The Cleveland kicking specialist's pass to Van Green Sunday proved to be an integral part of the Browns' feverish comeback, producing two touchdowns in the last 30 seconds of the National Football League exhibition.

Cockroft's pass from punt formation on a fourth-and-10 situation at the Browns' 48 caught the Bengals off guard.

The play gained 12 yards and kept alive a touchdown drive capped by Billy Pritchett's two-yard burst with 30 seconds to go.

Milt Morin's 19-yard touchdown reception from Mike Phipps won the game 24 seconds later.

Another gamble, a recovered onside kickoff by Mark Igenfritz, launched the Browns on their winning touchdown drive.

The Bengals' scoring came on one-yard runs by Doug Dressler and Charles "Boobie" Clark in the second quarter and a 40-yard Horst Muhlmann field goal with 5 1/2 minutes to play.

Greg Pruitt squirted 94 yards with a kickoff return for Cleveland's only touchdown prior to the last minute heroics.

# Motocross Results

Fifty-nine riders participated in the Hi-Noon Optimist sponsored Motocross races held Sunday afternoon.

The finish line produced eight winners with approximately 300 viewers on hand.

The results:

**Mini Junior**  
1. Mike Madry, Big Spring; 2. Sheldon Johnson, Midland; 3. Ronnie Warman, San Angelo; 4. David Campbell, San Angelo; 5. Steve Madry, Big Spring.

**Mini Senior**  
1. Ray Gainey, Odessa; 2. Chuck Jones, El Dorado; 3. Kirk Bomer, San Angelo.

**100 Junior**  
1. Ronna Tyler, Big Spring; 2. Mike Satterfield, El Paso; 3. Bryan Olesky, El Dorado; 4. Mark Turner, Odessa; 5. Jimmie Thigpen, San Angelo.

**125 Junior**  
1. Joey Jones, El Dorado; 2. Roy Bennett, Snyder; 3. Mike Smith, Midland; 4. Mike Nickell, Midland; 5. Fred Ward, Carlsbad, N.M.

**150 Junior**  
1. Kent Sikes, Lubbock; 2. Pat Bowman, Carlsbad, N.M.; 3. Bill Tate, Abilene; 4. Curtis Clanton, Ft. Worth; 5. Charles Almack, Lubbock.

**125 Senior**  
1. Mel Newman, San Angelo; 2. Morris Baker, Marfa; 3. Jason Bailey, Midland; 4. Scott Boughan, Odessa; 5. Clay Stafford, Odessa.

**250 Senior**  
1. Pete Tanner, El Paso; 2. Greg Schoenheit, El Paso; 3. Henry Small, Amarillo; 4. Don Sanford, Odessa.

**Open Senior**  
1. Greg Schoenheit, El Paso; 2. Pete Tanner, El Paso; 3. David Bibby, Carlsbad, N.M.

# Phillies Move By Astros 8-1

PHILADELPHIA (AP) — Dick Ruthven probably slept well Sunday night.

The 23-year-old Phillies pitcher hurled a three-hitter and beat the Houston Astros 8-1 for his seventh victory against 11 defeats.

"I'll sleep tonight for a change," Ruthven said Philadelphia within four games of the National League East's first place Pittsburgh Pirates.

Philadelphia and the Pirates were scheduled to start a crucial three-game series in Pittsburgh with a doubleheader today.

# Stram Impressed With QB Longley

DALLAS (AP) — The National Football League certainly isn't the Lone Star Conference, but poise is Clint Longley's middle name.

And poise was Longley's ace Saturday night as he subbed for injured Craig Morton in a 25-16 Dallas Cowboy exhibition victory over the Kansas City Chiefs.

"I was impressed with Longley," said Kansas City Coach Hank Stram. "He hung in there and had some big gains. He showed a lot of poise."

Dallas Coach Tom Landry used the same word, saying "He showed good poise and was excellent on that deep pass to Bob Hayes. This was the first time we played him and you never know how a player will react."

Morton, who suffered a bruise on his passing hand, said "Clint showed a lot of poise. I was having problems with my hand, but I just wanted to get the Mad Bomber in."

That's what they called Longley in training camp. "The Mad Bomber."

Longley was the nation's small college passing leader at Abilene Christian in 1973. He passed up his final year of eligibility and the Cowboys obtained rights to him from Cincinnati. "It really felt good,"

# Free Agent Earns Spot

HOUSTON (AP) — Ronnie Coleman appears to have earned himself a spot on the Houston Oilers roster.

The free agent from Alabama A&M has rushed for 435 yards in five exhibition games, including 120 yards and two touchdowns in Houston's 37-20 victory over the Chicago Bears Saturday night.

"I came to play and I intend to stay," Coleman said Sunday. "I've told myself I might as well go ahead and make this team."

Coleman, 5-10 and 205, who was overlooked in both the National Football League and World Football League drafts, picked his way through the Bear's interior and used his blocks well to score on a 43-yard run and later added a six-run scoring dash.

Quarterback Lynn Dickey passed for two touchdowns, Leonard Fairley recovered the opening kickoff for another score and Skip Butler added a 43-yard field goal for Houston's points.

HANDING OFF — Mark Moore, 6-3, 192-pound junior, who is expected to receive the nod as the Steer starting quarterback, practices a hand-off with teammate Danny Ferrell, 5-11 175-pound halfback. Big Spring opens its 1974 football season Saturday with Andrews, there, at 8 p.m. First Steer home game is listed against Hobbs, N.M., Sept. 13.

# Nicklaus Scores First Victory In Six Months

ATLANTA (AP) — A year in winning the Atlanta Classic, Jack Nicklaus fired five through 13 holes and did the same today for a 72 and 274 in winning \$28,500.

Nicklaus fired five through 13 holes Sunday before play was suspended. He added one more today and also a course-tying record 272 total in capturing the first annual \$250,000 Tournament Players Championship by two strokes over J.C. Snead. Nicklaus and Snead were among 12 golfers still on the par-72, 6,883-yard Atlanta Country Club course during Sunday's fourth round when severe thunderstorms struck, causing officials to suspend play until today.

Nicklaus' 16-under-par 72-hole total tied the course record he set last year in winning the Atlanta Classic. Nicklaus, matched par through 12 holes Sunday and did the same today for a 72 and 274 in winning \$28,500.

Nicklaus fired five through 13 holes Sunday before play was suspended. He added two more today and also picked up a bogey as he scored his first tour victory in six months.

Nicklaus fired five through 13 holes Sunday before play was suspended. He added two more today and also picked up a bogey as he scored his first tour victory in six months.

The \$50,000 first prize placed Nicklaus in second place on the 1974 money winning list with \$208,307, behind Johnny Miller.

Snead, 32, the leader through the third round after the final round of the \$250,000 Tournament Players Championship golf tournament over the par-72, 6,883-yard Atlanta Country Club course:

# Brock Near Record

SAN FRANCISCO (AP) — "The time is ripe to break the record," said St. Louis Cardinals' speedster Lou Brock after he proved that point emphatically against the San Francisco Giants.

The 35-year-old Brock stole the Giants blind Sunday and became the second-best single-season base thief in baseball history with 98 after streaking to four steals in an 8-1 rout.

Brock stole second in the third inning and equaled Ty Cobb's on-record 96 thefts in the sixth. Then he crowned his brilliant performance by stealing second and third in the eighth in pursuit of Maury Wills' record.

Wills, who stole 104 bases in 1962, didn't record No. 98 until the Dodger's 157th game Sept. 25. Brock's No. 98 came in the Cardinals' 134th contest—and his 126th.

"Everyone expects me to break it, so I might as well try with a record in St. Louis," said Brock.

"We have eight games at home this week, so it can be done. But, as you guys know, the closer you come, the harder it gets."

"It will be nice to break the record, but that certainly wasn't my goal when the season started."

WANTED 20 HOMES THAT NEED PAINTING

CENTRAL TEXAS - 20 Homeowners in this area will be given the opportunity to have the new United States Steel finish on their homes. It will be of special interest to homeowners who are fed up with costly repainting for new United States Steel is ideally suited for the Texas climate as it will not mildew, peel, crack, fade or chalk, for the life of the building.

UNITED STATES STEEL finish has been developed after years of extensive research and testing.

UNITED STATES STEEL carries a written 30-year guarantee (labor and materials)—can be applied over any type of home: wood frame, stucco, asbestos or brick. This new U.S. Steel and Vinyl finish has excellent insulating properties which will make the home warmer in cold, damp weather.

U.S. STEEL VYNASOL paneling has been advertised nationally in LOOK and LIFE Magazines. Homeowners who act now will receive special decorative work at no additional cost. Please call collect 915-949-3110 and ask for Mr. Ron Fox. An appointment will be made to see your house with no obligation. Please act at once. Out of town calls welcome.

# Fear Crewman Crash Victim

MUSTANG, Okla. (AP) — Two Frisco Railway freight trains — both carrying tanks of flammable chemicals — collided head on near here, forcing evacuation of residents in a square-mile area.  
 Flames still were burning at the scene today as rescuers continued the search for a crewman feared killed during the collision Sunday.  
 After the crash, flames shot several hundred feet in the air when a tank car loaded with LP-gas caught fire. Sixteen cars loaded with aviation fuel did not catch fire, authorities reported.  
 As the fire continued to burn early today, heavy rain hampered rescuers. Officials said the explosion threat had lessened but there still was some danger.  
 Threat of an explosion forced evacuation of several families in the sparsely populated rural area.  
 Those evacuated were allowed to return home late Sunday night but were ordered evacuated again near midnight when flames again flared as the side of the burning tank car collapsed and one of the aviation fuel tank cars began leaking.  
 Three other crewmen injured in the crash were taken to Baptist Hospital in Oklahoma City.  
 Mustang is on the southwest edge of Oklahoma City.

# Bit Chilly At Dalhart

Thunderstorms rode a new cool front through the Panhandle-Plains sector of Texas toward the south and east today, and the state's coastal dwellers trained cautious eyes on the movements of Hurricane Carmen far to the south.  
 Mixed among moderate to heavy showers, sometimes severe thunderstorms ranged from the northeast part of the Texas Panhandle into Oklahoma and from around Lubbock, Childress and Vernon southward to Marfa in the West

**CITIFIED SCARECROWS** — This rather-sophisticated-looking scarecrow, and another one in the background, decorate a home garden just off the Old San Angelo Highway on what was once the site of the Big Spring Country Club.

**WIFE OF EVEL KNieVEL**

**Too Busy With Errands To Worry About Jump**

NEW YORK (AP) — Linda Knievel thought a lot about the much-promoted jump. She has lived with the idea since 1966 when he first talked about jumping across the Grand Canyon. That plan was thwarted by numerous legal complications. But on Sept. 8, Knievel says he will attempt to soar one mile through the air over the Snake River Canyon near Twin Falls, Idaho, in a machine that's more rocket than motorcycle. If all systems work, Knievel will make a safe parachute landing on the other side.

**PARACHUTE** — During a recent visit to the launch site, Mrs. Knievel said she has "accepted the fact that he's really going to do it."

**SHE IS SHY** — "Think what it would do to him as a man if he didn't keep his word and jump. It doesn't make me happy but he hardly needs me on his back about it."

**It was 15 years ago** that Robert Knievel, the terror of the town, kidnaped the prettiest girl in Butte for three days until she promised to marry him.

"How could I resist him," said Mrs. Knievel, who still calls her husband "Bob." "He was everything I wanted in a man."

She says it has not always been easy being the wife of a man billed as "the last of the gladiators," a living legend, the sex symbol of the motorcycle world.

"I know the women are crazy about him. So am I," says Linda. "Oh, he's not perfect, but he's good enough. He has a terrible temper but it all goes away as fast as it comes."

**Tutor Wins Hair Fight**

SAN BENITO, Tex. (AP) — Daniel Greenbaum will be back in the classroom at Los Indios elementary school Monday, his moustache and sideburns intact. Greenbaum had been suspended earlier in the week for violating the San Benito school system's hair code. School board members agreed Friday to reinstate Greenbaum after the school's lawyer said Greenbaum should have been given a hearing before he was suspended.

**Kansas Man Is Taken By FBI**

ODESSA — A Kansas man, Robert Eugene Posey, 29, has been arrested by FBI agents and Odessa city policemen on a fugitive warrant from Kansas. Posey was being sought for the August, 1972, kidnap, robbery and assault of a Wichita, Kansas man, and for allegedly fleeing to avoid prosecution.

**LEGAL NOTICE**

THE STATE OF TEXAS  
TO JIMMY D. SULLIVAN  
Defendant(s), Greeting:  
You are hereby commanded to appear by filing a written answer to the Plaintiff (s) Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 7th day of October 1974, at or before ten o'clock A.M. before the Honorable District Court of Howard County, Texas, at the Court House of said County in Big Spring, Texas.  
Said Plaintiff (s) Petition was filed in said court on the 21st day of August A. D. 1974, in this cause numbered 21,435 on the docket of said court, and styled: ROSE ANN SULLIVAN Plaintiff (s), vs. JIMMY D. SULLIVAN Defendant (s).  
A brief statement of the nature of this suit is as follows, to-wit:  
Plaintiff alleges legal marriage and residence in Howard County ninety (90) days and in the State of Texas six (6) months next preceding the filing thereof. Plaintiff alleges that the parties have lived apart, without cohabitation, for more than three years; that there are no children under eighteen years of age born to or adopted by this marriage; that there is no property to be adjudicated and Plaintiff prays for divorce, as is more fully shown by Plaintiff (s) Petition on file in this suit.  
If this citation is not served within ninety days after the date of its issuance, it shall be returned un-served.  
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.  
Issued and given under my hand and the Seal of said Court, at office in Big Spring, Texas, this 21st day of August A. D. 1974.  
ATTEST:  
M. FERN COX, Clerk  
District Court, Howard County, Texas.  
By Glenda Brasel, Deputy.

**HARD FACTS ABOUT OUR DODGE BOYS '74 MODEL CLEARANCE.**

**DART CLEARANCE!**

**FACT 1: A DODGE DART SIX CAN GET BETTER GAS MILEAGE THAN A FORD MAVERICK, CHEVY NOVA, BUICK APOLLO, OLDS OMEGA, PONTIAC VENTURA, OR MERCURY COMET.**  
Of course, the mileage you get depends on many factors including how and where you drive and the condition of your vehicle.

**FACT 2: DART HAS MONEY- SAVING ELECTRONIC IGNITION STANDARD. (NONE OF THE SMALL-CAR COMPETITION HAS IT!)**

**FACT 3: DART SWINGER OFFERS A FREE AUTOMATIC TRANSMISSION.**  
Buy a Dart Swinger or Custom four-door sedan equipped with power steering, vinyl roof, AM radio, light package, whitewall tires, deluxe wheel covers, left remote-control mirror, deluxe bumper guards, three-speed wipers with electric washers, day/night, inside mirror, deluxe insulation package, and special exterior trim, and your Dodge Dealer can offer you the automatic transmission free (because Dodge doesn't charge him for it).

**Our model clearance prices are right on target. (And that's a fact!)**
