CANCEROUS RIGHT BREAST REMOVED

# Mrs. Ford Undergoes Surgery

WASHINGTON (AP) — Betty Ford underwent a 2 1/2-hour operation Saturday for removal of a cancerous right breast.

President Ford said the First Lady "came through the operation all right" and doctors said they were optimistic she will fully recover.

The surgery was described as a radical mastectomy, involving removal of the breast, underlying chest muscles and part of the lymph system that extends under the armpit.

gross tumor was confined to the breast," he said.

When asked whether Mrs. Ford, who is 56, will be able to live out her normal life, Fouty replied: "I would hope that she would."

Mrs. Ford went into the operating room at Bethesda Naval Medical Center at 8:05 a.m. EDT. Surgeons first removed a nodule from the breast, determined that it was malignant and they proceeded with removal of the breast.

Ford, who went to the hospital by helicopter in a driving rain, saw Mrs. Ford as she was wheeled from the operating room.

was addressing delegates at the wind-up session of his summit conference on the economy, telling them: "Betty would expect me to be here."

"I just returned from the hospital where I saw Betty as she came from the operating room," Ford said. "Dr. (William) Lukash has assured me that she came through the operation all right."

"It's been a difficult 36 hours," the President said. "Our faith will sustain us." At a briefing for reporters, the doctors said they found no evidence the cancer had spread beyond the breast. A more authoritative judgment should be possible in

three or four days after analysis of the removed tissue, they said.

**ROUTINE EXAM**  
The nodule had been discovered a day earlier in a routine examination.

She had shown "absolutely no symptoms" in two previous examinations, one a year ago and the other seven months ago, according to civilian consultant Dr. J. Richard Thistlethwaite, professor of surgery at the George Washington University Medical School, who was called in on the case.

He and the other doctors said the early detection raised the chances for Mrs. Ford's favorable

recovery. President Ford came to the hospital to be with his wife when she regained consciousness. Afterwards he kept his appointment at the final meeting of the economic summit before returning in the afternoon.

The President's voice shook when he spoke of his wife at the economic meeting, then grew firm again as he turned the topic of business. But when he walked out, said Sen. Hubert H. Humphrey, D-Minn., "tears were streaming from his eyes."

"I feel so sorry for him," Humphrey said. A White House spokesman said the President had curtailed his public schedule for the next few days.

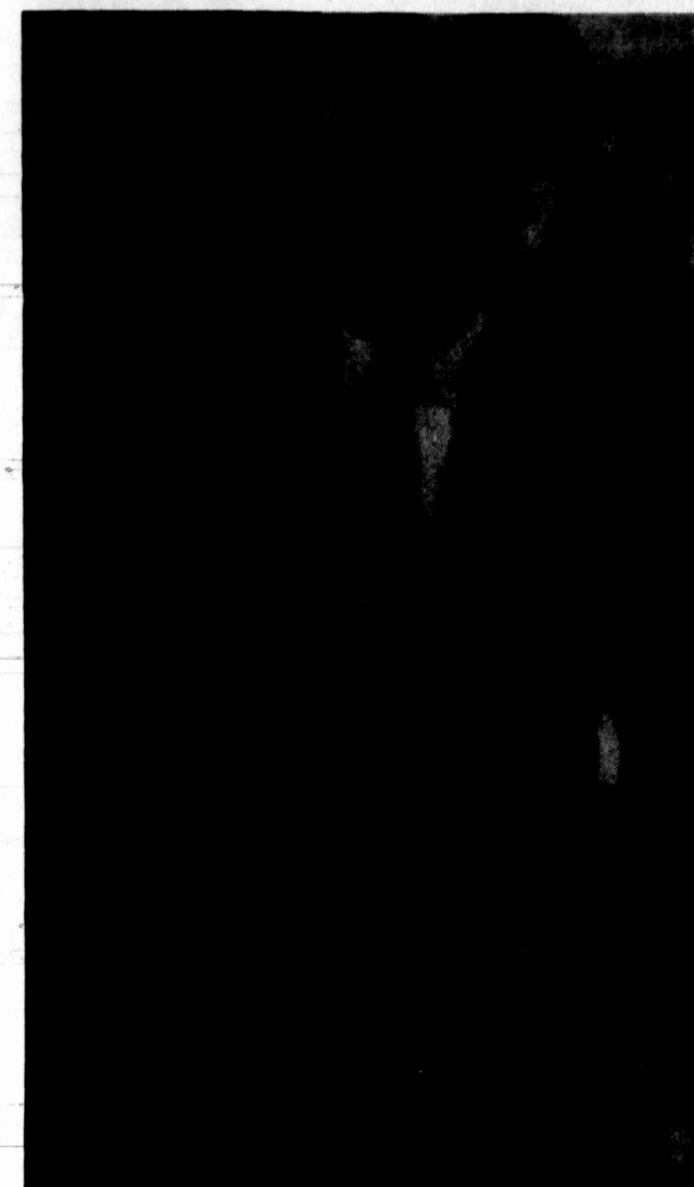

Vice President-designate Nelson A. Rockefeller will fill in for him on a planned three-day swing through the West. Lukash said "Mrs. Ford withstood the surgery very well and the results and procedure were highly satisfactory. I am optimistic that the overall prognosis will be excellent."

He reported that throughout this ordeal, Mrs. Ford exhibited an atmosphere of confidence. I thought she demonstrated a kind of inner strength that sustained the First Family, her close staff, and I think the doctors."

speech that tears were streaming from his eyes.

The President's address concluded a two-day "town hall" forum which aired scores of conflicting suggestions from economists, business and labor leaders, congressional and government officials.

Ford said he would outline for Congress and the public within 10 days his recommendations for "a coherent and consistent" inflation-fighting program and indicated it would call for major tax reform.

LEAVING THE HOSPITAL — President Ford walks from Bethesda Naval Hospital with his hand in his pocket Saturday evening after visiting First Lady Betty Ford, who earlier underwent surgery at the hospital. In the background at left is Ford's son Michael.

## Terrorists Holding U. S. Woman Diplomat

SANTO DOMINGO, Dominican Republic (AP) — One of eight hostages held by leftist terrorists in the Venezuelan Consulate escaped by heaving himself through a second-story window Saturday and falling into a rear alley, police sources reported. They said he was rushed to a hospital.

**KILL EVERYONE**  
The informants described the escape as an Oriental.

The reported escape came at midday around the time a Dominican woman hostage said in a telephone interview that the commandos holding the hostages were growing impatient and would kill everyone in the building "in a matter of minutes ... of seconds" if the United States and Dominican governments do not quickly meet their demands.

She said the commandos were heavily armed and had set dynamite explosives throughout the building. But one of the commandos said in another telephone interview his group expected to meet with a group of civilians acting as mediators between them and the Dominican government.

**HUGH RANSOM**  
Among the remaining hostages was Barbara Hutchison, 47, director of the U. S. Information Service in Santo Domingo, who was kidnapped by commandos Friday. The 23-member commando group is

demanding \$1 million ransom from the U. S. government and the release by the Dominican government of 37 political prisoners. The foreign minister of Venezuela, Esfrain Schacht, told newsmen in Caracas that he had been informed by the Dominican ambassador that the Dominican Republic would not meet those demands, although it would grant free passage for the 23 commandos out of the country and "nothing more."

**KIDNAPED BARBARA HUTCHISON**

### Shot In Head At Motel

HUGO, Okla. (AP) — Oscar Sherman, 58, was near death in a Dallas hospital Saturday after being shot in the head Friday night in what apparently was a robbery, police reported.

A motel guest who could not get an answer on the telephone at the motel found Sherman lying behind the desk about 10 p.m., police said.

Earlier in the day, Miss Hutchison told a Dominican radio station in a taped interview: "My government will not pay anything because it doesn't do so in cases such as mine," meaning diplomatic personnel. "My family also does not have sufficient funds to pay \$1 million ransom for me."

**WE ARE WELL!**  
She added, "We are well. We haven't slept at all. We hope that everything will be quickly resolved."

Police and troops blocked off the Consulate surrounded by private homes in a middle-to-upper-class residential neighborhood.

The Dominican woman identified herself as Ambrosina Ares, a secretary who works in the Consulate seized Friday after Miss Hutchison was seized by five men.

Miss Ares indicated the men holding her and the others hostages were losing patience.

"They have already given more than 24 hours to make the arrangements," she said. "This is not a question of one hour, of two hours. It is a question of minutes ... of seconds. We are living the final minutes of our lives ..."

"The government is acting too slowly," Sobbing and with a sound of desperation in her voice, Miss Ares spoke in a telephone interview with The Associated Press in New York.

## BLUE RIBBON PANEL Citizens Crusade To Whip Inflation

WASHINGTON (AP) — President Ford consolidated government economic policy-making and formed a blue ribbon labor-management committee Saturday, then exhorted Americans to join in a citizens crusade to whip inflation.

Ford came from the bedside of his wife, who had just undergone surgery for breast cancer, to address the conclusion of his two-day economic summit conference.

**TEARS**  
"Betty would want me to be here," he said to the applause of the 1,800 delegates and spectators after reporting that doctors said "she came through the operation all right."

Ford's voice quavered with emotion as he mentioned his wife's surgery. Sen. Hubert Humphrey, D-Minn., said after the

speech that tears were streaming from his eyes.

The President's address concluded a two-day "town hall" forum which aired scores of conflicting suggestions from economists, business and labor leaders, congressional and government officials.

Ford said he would outline for Congress and the public within 10 days his recommendations for "a coherent and consistent" inflation-fighting program and indicated it would call for major tax reform.

## WALLACE CLAIMS Blame For Inflation Lies With Uncle Sam

OKLAHOMA CITY (AP) — Alabama Gov. George Wallace said Saturday that the blame for inflation lies with the federal government.

Meeting the press just prior to his appearance at a state Democratic fund-raising rally, Wallace said, "businessmen don't make inflation. Labor doesn't make inflation. The federal government makes inflation."

"There is more waste in government in Washington than anywhere else. Think of all those \$35,000-to-\$40,000-people walking around Washington with briefcases. The bureaucracy has got-

ten so strong, it's stronger than the President and stronger than Congress.

"I don't believe that wage and price controls should be imposed now. You don't find things work when great segments of the country are against them."

Wallace dodged the question of whether he will be a candidate for President in 1976, saying, "I've got to win in Alabama first—let's take these one at a time."

But he went on to say, "I represent more people right now than any of the other candidates do."

## Nuclear Vessel Matsu Forced To Stay At Sea

TOKYO (AP) — The nuclear ship Matsu, once billed as harmless and infallible, is being forced to stay at sea by fishermen afraid that a reactor leak will contaminate the harbor.

The prospect of finding a port for the \$50-million experimental ship seems remote. Port officials up and down the coast declared it unwelcome since it reported a minor radiation leak four weeks ago.

The All-Japan Seaman's Union has announced it will pull its men off the vessel unless a port is found by Tuesday. This raised the prospect of the vessel being left to drift at sea with a skeleton crew. The union has 33 members among the Matsu's 58 crewmen.

"A sailor can make a long voyage if he knows where he is going and when he'll arrive," said a union official. "The Matsu's crew knows neither. And the government is not willing to take responsibility."

Prime Minister Kakuei Tanaka, returning from abroad, promised a "basic solution within a few days."

He hinted to newsmen Saturday that the ship's home port may be changed from Matsu where fishermen fear pollution from its leaky reactor. Observers saw little chance of finding another acceptable port in nuclear-sensitive Japan without considerable delay.

Although the ship has enough diesel oil for only a few days, it was resupplied last week with water and food. Capt. Inazo Ara, reluctant to anchor close to shore because of bad autumn weather, dangerous currents and the fishermen's opposition, has proposed letting the ship drift unless a port is found quickly.

The fishermen claim the government misled them about the ship in the past and tried to manipulate them, creating a climate of distrust.

On official said the reactor was "harmless, clean and infallible," but they no longer make that claim.

Fishermen in the port of Matsu fear contamination of their valuable scallop beds, and at other ports worry that pollution by the Matsu could destroy their fish and livelihood.

The fishermen kept the Matsu bottled up in port for nearly two years after its completion. But it slipped out to sea before dawn on Aug. 26 using its conventional diesel engine. The radiation leak in its reactor was detected Sept. 1.

Other divisions, and the grand total pledged or donated outright thus far, included:

Out of Town, \$2,822; Employees, \$50.50; Metropolitan, \$383; Area, \$385; and Women, \$1,346.

The Women's division is well on its way toward its goal of \$3,718.

W. S. (Dub) Pearson, chairman of the 1974-75 campaign, said that the momentum in the drive would pick up now that October is at hand. He said that if the campaign shapes up according to plan the drive could be brought to a successful conclusion by Nov. 1.

Money subscribed for the 1974-75 Howard County United Way campaign through Friday totaled \$45,632.61 which leaves the drive far short of its goal.

A total of 37 per cent of the \$121,777 goal had been raised before the week ended. Collections or the money subscribed during the week totaled \$4,407.51.

The Big Gifts and CFC divisions have raised the bulk of the money — as was to be expected. Contacts in some of the other divisions have yet to be made.

The Big Gifts Division reported donations of \$245 during the week, bringing the aggregate to \$18,806.60. The CFC's total goal is \$28,700, 72.73 per cent of which is committed to the United Way. The CFC's share to the UW has now reached \$20,873.71.

The Special Gifts division, chaired by Clayton Hicks, began to get traction. Hicks reported that \$450 had been subscribed in that class during the week, bringing the grand total to \$1,019.50. Objective of that particular division is \$3,026.

Other divisions, and the grand total pledged or donated outright thus far, included:

POLITICAL HANDSHAKE — Sen. Thomas F. Eagleton, D-Mo., shakes the hand of Alabama Gov. George Wallace during Truman Day festivities in Poplar Bluff, Mo. In his speech, Wallace said the Democratic party must deal a "sledge-hammer blow to the intellectuals of the new left." Eagleton said he was sure Wallace will seek the party's presidential nomination in 1976, but Wallace made no formal comment about his plans.

There was so little runoff (we never got that one hard rain which would have sent rivers roaring) that some ranchers still lacked ample stock water. Lake Thomas picked up around 6,000 acre-feet, Lake E. V. Spence about 32,000 acre-feet, and Lake Colorado City and Champion Creek Lake about 3,000 acre-feet each. The Spence catch is critically important from a quality standpoint.

(See THE WEEK, Page 12-A, Col. 1)

LARGEST IN U. S. HISTORY  
**\$1 Million Reno Bank Robbery**

RENO, Nev. (AP) — Three bandits disguised in Halloween masks pulled off the largest recorded bank robbery in U.S. history when they robbed a downtown bank of more than \$1 million, the FBI said Saturday. The men escaped into a rowdy crowd watching a parade along Reno's busy casino strip. An FBI spokesman

in Washington said the armed robbery Friday night netted the systematic robbers about \$1.04 million in cash, surpassing the previous record of \$700,000 taken in a Las Vegas bank robbery 2 1/2 years ago. Bank examiners said the exact amount of the Reno robbery will not be known until an audit is conducted Monday.

Police investigating the robbery were met by parade-goers who danced outside the First National Bank of Nevada and heckled officers as they moved in and out of the brick building.

"These guys were professional; they knew exactly what they were doing," police detective Frank Morgan said of the well-organized robbers.

Reviewing the . . . . .  
**Big Spring Week**  
with Joe Pickle

The monsoon appears to be over after 11-12 consecutive days of rainfall. The U.S. Experiment Farm totaled it at 6.12 inches, but there were other areas which got seven to 11.5 inches. Most of it was of the slow variety which soaked deeply into the thirsty soil. If there is widespread planting of small grains, we may come up with good cover and with lots of winter grazing. At worst, ranchers will have a good crop of winter weeds. Town residents as well as farmers may rejoice that the unprecedented soaking will permit them to "put up" their land, minimizing what would have been a fearful wind erosion problem next Spring.

There was so little runoff (we never got that one hard rain which would have sent rivers roaring) that some ranchers still lacked ample stock water. Lake Thomas picked up around 6,000 acre-feet, Lake E. V. Spence about 32,000 acre-feet, and Lake Colorado City and Champion Creek Lake about 3,000 acre-feet each. The Spence catch is critically important from a quality standpoint.

(See THE WEEK, Page 12-A, Col. 1)

**STANTON QUEEN** — Pretty Karen Anderson, daughter of Mr. and Mrs. R. O. Anderson, was crowned Homecoming Queen at Stanton Friday evening. Karen, the senior nominee, is a member of the band, Future Teachers, Future Homemakers, on the Student Council and active in other school and community affairs. Jackie Jones, last year's queen, crowned her at half-time of the Stanton-Roscoe football game.

**Caught Driver As He Fell**

Youths ran when a policeman found a .22 automatic pistol in a car stopped at Northwest Sixth and Goliad Streets 3:05 a.m. Saturday.

Patrolman David Stevens said he caught the driver "as he fell down." Patrolman Ernie Lee arrested another, and this boy was released to his parents.

Stevens said he saw a vehicle leaving the rear of the Clyde McMahon Co. plant. Two boys and two girls were riding in the car.

**Aggravated**

**Assault Guilt**

Jessie Polk Jr., 30, pleaded guilty in 118th District Court Friday to aggravated assault and was given five years of probation.

Polk admitted shooting William H. Degree with a pistol in the shoulder about midnight July 18 in what police described as an argument over a woman.

The incident happened at the residence of Mrs. Lee Gossett, 803 Pine St., police said.

**AIM LEADER RETURNS HOME** — American Indian Movement (AIM) leader Russell Means is greeted by two dozen followers at the Rapid City Regional Airport on his way to his home in Porcupine S.D. With Means is Ellen Moves Camp, mother of Louis Moves Camp, chief government rebuttal witness preceding the dismissal of charges against Means.

**BRISCOE ORDERS**

**Texas To Resurvey Use Of Fed Money**

WASHINGTON (AP) — Gov. Dolph Briscoe announced Saturday that he is ordering a survey of the use of every federal dollar that is spent through state government in Texas.

He said he hopes it will help ease inflation by helping people hurt by spiraling prices.

His order came after he spent a day and a half listening to proposals at the President's summit conference on the economy.

It is not where federal money is spent but how it is spent that is contributing to inflation, Briscoe said in a formal statement.

Many economists believe inflation cannot be stopped and turned back as long as federal spending remains high.

Briscoe said he was talking specifically about the \$2 billion to \$2.5 billion a year spent in Texas.

"It will be the goal of this study to evaluate the manner in which this money is allocated — including the effect of guidelines imposed by the federal

government — how the money is spent, and how well it accomplishes the goals originally established by Congress and the administration," Briscoe said.

Briscoe said the study is expected to develop specific recommendations that the state can present to Congress for better use of federal money coming into Texas.

"I believe the result of this study will be a reduction," but the money will be used better, the governor said.

The study, he said, will be by his office of State-Federal Relations. He said he also will ask the Texas congressional delegation for its views and its support of legislation which will make better use of federal money.

**EASE THE BURDEN** — "The objective of the study is to develop legislation," he said.

"But its main purpose is a human one: to ease the terrible burden that inflation has imposed on the elderly, the wage earner, the housewife and all other victims," he added.

Briscoe said all programs have their supporters. "Most of these programs are designed to meet a specific need," he noted.

"But necessary or not, there is no doubt in my mind that there is great waste in nearly all of them."

He added, "I am convinced that billions of dollars could be saved — without impairing essential services — if we could find a way to fund them more efficiently."

He said guidelines need to be "made more discretionary," procedures need to be re-examined and goals reset.

**Castro Quiz**

**'What's In It For Us?'**

HAVANA, Cuba (AP) — Sen. Jacob Javits said Saturday he wants to ask Prime Minister Fidel Castro "what's in it for us" if the United States and Cuba restore diplomatic relations after a 13-year break.

Javits, R-N.Y., and Sen. Claiborne Pell, D-R.I., meet with Castro on Sunday, and Javits said he expects the session to go far beyond mere pleasantries.

**FACTFINDING** — Javits and Pell, members of the Senate Foreign Relations Committee, arrived Friday in Havana for a four-day fact-finding visit.

"We are here to look, listen and bring back to our colleagues whatever information we can," Javits said on arrival.

They got a low key reception at the airport, but had a sumptuous dinner, then toured a Havana department store.

Public Health Minister Jose Gutierrez Muniz briefed them.

The senators said they were impressed by the advances Cuba has made in health care since the 1959 revolution.

**REMARKABLE** — "What they have done here is truly remarkable considering where they were 15 years ago," Javits said.

Pell suggested the possibility of future U.S.-Cuban cooperation in the health field, but said their talks with Gutierrez touched on this only indirectly.

The senators were the first members of Congress to visit Cuba since diplomatic relations were severed with the Communist-led Caribbean nation in 1961.

Their plane and a chartered plane carrying 29 journalists were the first U.S. aircraft to land in Cuba since 1961, aside from refugee flights and the more than 80 commercial airliners hijacked to Havana.

The arrival also marked the first time since 1961 that American newsmen were admitted to Cuba as a group.

**Seniors' Float Parade Winner**

STANTON — The Senior Class float, under the theme of "Hold On To Your Wishes — Believe In Your Dreams" won first place in the Homecoming parade here Friday 3 p.m.

The float had a big rainbow with a pot of gold at one end, and a wishing well at the other.

Second place went to the Junior Class, which developed a Spanish garden motif.

The Sophomore and Freshman class floats also were featured, along with several other entries by various organizations.

The parade through downtown Stanton was led by the Stanton High Buffalo Band.

**Chronicle To Print Saturday Sunrise**

HOUSTON (AP) — The Houston Chronicle will drop its Saturday afternoon edition beginning Oct. 5 and start publishing a Saturday morning edition, the newspaper announced Sunday.

Richard J. V. Johnson, president of the Chronicle, said the new edition, called the Saturday Sunrise, reflects changing lifestyles among its reading public.

The Chronicle will continue to publish afternoon editions Monday through Friday and a Sunday morning paper.

Johnson said the new Saturday morning edition is planned because of public opinion surveys of readers and to better meet advertising requirements.

The Sunrise edition will be different in substantive ways from the old Saturday afternoon paper, Johnson said. It will be a larger paper with no fewer than four sections, and will include features geared to weekend activities and events.

In addition to usual coverage of news and sports, he said, the paper will contain a variety of features oriented toward weekend readership.

There will be a calendar of events, special columns and reports on auto and home repair and maintenance, health and medicine, consumer affairs, gardening, pets, occult oddities and a four-page pullout for young readers.

The children's section, called the Mini Page, will contain articles designed to acquaint youngsters with the world they live in, and puzzles and games.

**THEFTS**

A "dirt bike" valued at \$1,600 and belonging to Robert Westbrook, Dyess Air Force Base, Abilene, Saturday was reported stolen from the backyard at 1014 Goliad St.

Five personalized checks belonging to Maryon A. Snelson, 3903 Hamilton St., were reported missing from a burglary of her residence. One check for \$10 had been passed at a grocery, and the checking account has been closed.

One tape recording was stolen from the automobile of Steve Adams, 2202 Carl St., during the day or night Friday while the vehicle was parked by the high school. A window to the car was broken.

And, near the same location and during the same time period, the window of another car was smashed and a tape deck, tape recording box and 24 tapes were stolen. The owner of the property is Thomas Ray Jr., 507 E. 7th St.

H. O. Morgan, 1312 Mt. Vernon Ave., Friday reported the front door molding and a lock damaged. Nothing was missing.

Ronnie Carwell early Saturday morning reported a 1974 model car stolen from a parking place by the Officer's Club at Webb Air Force Base.

**Cotton Yield Estimates Now Appear Too High**

The High Plains is not the only area in which cotton production prospects have been eroded by unfavorable weather, according to Donald A. Johnson, executive vice president of Lubbock-based Plains Cotton Growers, Inc.

After canvassing the major cotton producing areas, Johnson says only a few sections of the Cotton Belt now expect to harvest crops equal to projections made in September.

"So it looks like the 13.2 million bale U.S. production forecast, made by USDA

based on crop conditions September 1, may be 600,000 bales or more too high," he said. South Central and South Eastern areas have had prolonged wet weather that reduced yields.

The only real bright spot on the production picture is found in the Far West, where New Mexico, Arizona and California are expected to turn out over 3,400,000 bales. Arizona, where yields are estimated at 1,045 pounds per acre, has had an excellent cotton growing year with little insect damage and almost ideal weather.

Bob Burris, coach of the Big Spring Steers, has been named campaign chairman for the 1974 Multiple Sclerosis fund raising events, it was announced today by Mrs. Sara Woodriddle, executive director for the Permian Basin Chapter of MS.

"The naming of Burris is part of the Athletes vs. M.S. thrust the Society is emphasizing this year," Mrs. Woodriddle said. "Athletes," she explained, "are roughly in the same age bracket as most M.S. patients are when they are first diagnosed as having multiple sclerosis, a chronic, crippling neurological disease that affects hundreds of thousands of Americans."

**BOB BURRIS**

The National Campaign Chairman Ara Parseghian, Notre Dame football coach, says, "the idea is to involve athletes at all levels — professionals, collegiate, high school and local — in a comprehensive program to raise money for National M.S. research and local patient services.

Says Parseghian, "I spend my life working with beautiful young adults, the kids who play for me, but there are so many other beautiful young adults in this country who are struck down in the prime of life by multiple sclerosis. I know this. Three members of my immediate family, including my sister, have M.S. They need my help; the Multiple Sclerosis Society needs your help."

Burris said, "Only one time each year does MS come to ask for our help. This year on Friday, October 18, the Jaycee-ettes of Big Spring will start MS week with a dance at the Cosden Country Club from 9 p.m.-1 a.m. "The New Lites" will furnish the music. It is open to the public and all proceeds will go to fight Multiple Sclerosis. The door to door campaign will be Monday night, Oct. 21, with hundreds of volunteers walking to give you the chance to help too. There will be no business campaign, only the individual home contacts."

Burris continued, "MS is a tragic disease that all too often can result in paralysis,

defective vision, loss of coordination, speech difficulties, and even total disability. I feel sure that Big Spring and all of the surrounding area will support the efforts of this chapter to help those less fortunate than we are. Sixty cents of each dollar contributed stays here to help local patients and forty cents is used in the National Research and medical programs. We can win this one, and beat the "Great Crippler of Young Adults."

**79 Newcomers At Webb AFB**

Seventy nine officers and enlisted men were newly assigned to Webb Air Force Base during the past three weeks, according to Capt. Richard B. Risk, Jr. Chief of the Information Division, 78th FTW.

The newcomers filled assignments in everything from nurses, refrigeration, and security police to pilot instructor.

The men have transferred in from as far away as Iceland, England, Thailand, Philippines and Germany.

Listed are newcomers at Webb Air Force Base. The listings are in the order of name, assignment, marital status, and previous unit or assignment.

Capt. James C. Webb, maintenance officer, single, 432nd TRW, APO, San Francisco.

Tsgt. Eugene M. Barna, heavy equipment tech., married, 503rd AB Sq., Shearwater, Alaska.

Sgt. Cecil A. Adams, hospital, single, 66th TAC, Hosp. Clark AFB, Philippines.

Sgt. Douglas L. Cope, aircraft mechanic, single, 10 TRW RAF, Alconbury, England.

M.Sgt. Jimmie I. Christian, security police operations supervisor, married, APO, New York.

M.Sgt. James Harmon, flight chief, maint. supervisor, married, 8th OMS, APO, San Francisco.

2nd Lt. Joseph E. Carpenter, support officer, married, 3401 Student Sq., Hessler AFB.

Airman Gussie Foreman, pickup and delivery, single.

1st Lt. Guy B. Olney, instructor pilot, single, 23rd TAS Sq., APO, San Francisco.

Airman I.C. Rebecca S. Lee, administration, single, 81st Student Sq., Sheppard AFB.

1st Col. Arthur K. Shumate, married, HQ PACAF.

2nd Lt. David R. Barninger, security police, married, 380th Student Sq.

Sgt. Larry C. Yarborough, single, 36th OMS.

Airman I.C. John A. Young, law enforcement, married, 363rd Sq., Lackland AFB, Tex.

Airman I.C. William H. Farquhar, material facilities, married, 340th Student Sq., Lowry AFB.

Sgt. Louis H. Gaitan, powerline spec., single, 52nd Student Sq., Sheppard AFB.

2nd Lt. C. Dale W. Cook, inspection team, single, 57th FIS, Retlavik, Iceland.

2nd Lt. Joseph E. Hernandez, aircraft maintenance officer, married, 3361 St. Instructor Sq.

Airman I.C. James E. Myers, aircraft egress system repair, single, 78th FMS, Webb AFB.

Sgt. Richard G. Gravelly, Jr., interior electrician, married, 43d CES, Anderson AFB, Guam.

01 Bernard G. Stewart, Jr., executive support officer, married, 3401 St. Student Sq.

Sgt. James K. Davidson, inv. mgt. spec., married, 40th Supply Sq., APO, New York.

Sgt. Wendell E. O'Brien, aircraft maintenance, married, 36th OMS, Bitburg, Germany.

Sgt. Bobby Faulk, operations clerk, single, 493rd TFS, APO, New York.

Air I.C. James R. Fitzpatrick, crew

**Vets Can Get Insurance**

Vietnam-era veterans discharged during a four-year period before Aug. 1, 1975, to have until Aug. 1, 1975, to apply for low-cost Veterans Group Life Insurance (VGLI), according to Jack Coker, Veterans Administration Regional Office Director.

An estimated 2.7 million veterans separated from April 2, 1970, through July 31, 1974, are eligible for the insurance. It is designed as interim protection during readjustment to civilian life.

Servicemen discharged since Aug. 1 will receive application forms automatically, Coker added.

Nonrenewable, five-year term coverage without medical exams, is available in \$5,000 increments up to \$20,000. Monthly premium for the maximum coverage is \$3.40 for veterans aged 34 and under and \$6.80 for those 35 and over.

Applications forms are available from the VA Regional Office at the VA Hospital. Completed forms and premiums should be sent to the Office of Servicemen's Group Life Insurance, 212 Washington Street, Newark, New Jersey 07102.

**West Texas Editor Dies**

**LUBBOCK, Tex.** (AP) — Doug Meador, editor and publisher of a West Texas weekly newspaper whose column won national recognition is dead at 73.

Meador, editor-publisher of the Matador Tribune, received a White House commendation in 1967 for his column "Trail Dust," which he began in 1934.

He was named Texas Newspaperman of the Year in 1952 by the Dallas chapter of the Sigma Delta Chi. He was twice president of the Panhandle Press Association and also was president of the West Texas Press Association.

Services for Meador are scheduled for 3:00 p.m. Sunday at the First Baptist Church of Matador with burial in East Mound Cemetery.

Meador is survived by his widow Lila and a brother, Joe, of Paducah.

**Christian Church Leaders Elected**

**DALLAS** — More than 1,000 Disciples convened in Dallas as the Christian Church (Disciples of Christ) but adjourned as the Christian Church in the Southwest.

The reason: The Texas and New Mexico regions combined into one, effective Oct. 1.

Dr. Eugene W. Price, minister of the First Christian Church in Wichita Falls, became the first president of the new region, succeeding William B. Hilgers, Austin attorney. Other officers were Mrs. Michael Saenz, Laredo, president-elect; Michael

Harrison, Pecos, and Dr. Thomas Y. Youngblood, San Antonio, vice presidents; Mrs. Pedro Felix, Houston, secretary; Russell Withrow, Midland, treasurer.

Lawrence Sellars, minister of the First Christian Church in Llano, was honored as Town and Country minister of the year.

The convention voted down a resolution supporting unconditional amnesty to non-violent dissenters to the Indo-China war; approved the principle of collective bargaining for farm workers.

chief, single, 57th FIS Retlavik, Iceland.

Airman Bobby D. Owens, maintenance specialist, single, 55th Student Squadron.

Airman Anita Joyce Truman, administration specialist, married, 1143rd Student Squadron.

Air I.C. Lonnie L. Tucker, aircraft maintenance specialist, single, 3755th Student Squadron, Sheppard AFB, Tex.

Airman Glenn A. Silver, physiological training, married, 5AM EDP, Brooks.

Sgt. Robert E. Miller, married, 40th Bomb Wing, Sawyer AFB, Mo.

2nd Lt. Sharon K. Miller, biomedical lab officer, married, ROTC.

Airman Wesley S. Harter, aircraft maintenance, single, 3778th Student Squadron.

2nd Lt. William R. Guardino, management analysis, married, SAAS, Sheppard AFB, Tex.

Airman I.C. John Vincent Rogowski, physiological training, married, Student Squadron, Brooks AFB, Tex.

Airman I.C. William J. Snyder, married, 3355th Student Squadron, Chanute.

MSgt. Ivan C. Powell, electric power production, married, 8th CES, APO San Francisco.

2nd Lt. Calvin L. Ramage, instructor pilot, married, 12th Student Squadron, Randolph AFB.

Sgt. Jack W. McGrew, equipment operator, married, 60th ACAW Sq., Hohn, Iceland.

Capt. Rodney J. Ruyon, instructor pilot, married, 30 MA5 McGuire AFB, N.J.

Sgt. Kenneth A. Jones, small arms specialist, married, 56th SPS, APO San Francisco.

Sgt. Lindie B. Barkley, jet engine technician, single, 347th FMS Korat.

St. Jonathan M. Curtis, egress system repairman, married, 8th FMS APO.

Sgt. Charles B. Terrell Jr., APO mechanic, single, 18th FMS, Kadena AB, Japan.

Sgt. Rodney K. Bell, aircraft mechanic, single, 432nd Combat Support.

2nd Lt. Henry A. Jones, Jr., instructor pilot, married, 14th Student Sq. Columbus AFB, Ms.

Sgt. Ronald B. Pringle, physical conditioning supervisor, married, 6870th ABG Fort Meade, Md.

Sgt. Curtis Durham, Jr., air traffic control, married, 1946th Comm. Sq.

Sgt. Gerald F. DuPont, radar repair, married, 85th SSK AFB.

E-2 Charles L. Bishop, radar repair, single, 332nd Student Sq., K AFB.

Sgt. Brian G. Hare, law enforcement specialist, single, 6200th SPS.

E-4 Bruce A. Winters, aircraft mechanic, married, 10th OMS.

Roy S. Ellis, crew chief, married, 10th TRW.

Sgt. James D. Myers, job control, married, 62 OMS.

Airman Floyd R. Beech, refrigeration, single, 78th Student Sq., Sheppard AFB.

2nd Lt. John S. Krebs, married, 12th Student Sq., Moody AFB, Ga.

1st Lt. Thomas O. Michaels, instructor pilot, single, 774th TAS Clark AFB, Philippines.

Sgt. Stephen A. Sobotka, married, TUSLOG Det. 94 APO, New York.

2nd Lt. Steven Joseph Austin, personnel officer, married.

2nd Lt. Bennie D. Little, hospital, married.

1st Lt. Judy Gail Kilmaird, nurse, single.

Capt. Ronald J. Valine, instructor pilot, 23rd TASS NKP.

Tsgt. Thomas R. Shoemaker, aircraft job controller, married, 8th TAC Fighter Wing.

Sgt. Dan C. King, crew chief, married, 90th MS Upon Airfield, Thailand.

MSgt. Rodney O. Nelson, Comm. Ops. Supt., married, 901st Comm. Group, Clark AFB, Philippines.

Airman Mark W. Harris, single, 76th Student Sq.

Airman Lawrence C. Deirie, Jr., Charlie F11, single.

Airman I.C. Nathaniel Mosby, security police, single, 6200th Sps Sq., Takhli Thailand.

Airman I.C. Gil E. Showalter, married, 76th Student Sq., Sheppard AFB, Tex.

Airman Robert L. Oswald, storage and issue locator, single, 340th Student Sq., Lowry AFB.

Airman I.C. James McIntosh, married, 376th Student Sq.

Sgt. Lloyd P. Irvin, jet engine mechanic, married, 18th FMS.

2nd Lt. Richard S. Brown, pilot, married, 12th Student Sq., Randolph AFB.

# Political Kidnaping Popularity Growing

By WILLIAM L. RYAN  
(AP Special Correspondent)

Political kidnaping has become a favorite method of terror for Latin American revolutionaries and its popularity is growing at an ominous rate, probably because the revolutionaries have noted how often it has succeeded.

Ransoms have been swelling the coffers of revolutionary movements for the past several years, first in Brazil and Uruguay and then, in the last year or so, in Argentina and Mexico.

**LESS DANGEROUS** It would appear the terrorists have determined that as a weapon kidnaping is easier and less dangerous than, say, robbing banks or hijacking airplanes, which have produced some conspicuous failures in recent times.

The mode of operation of the Argentine terrorists appears to have become a model for revolutionaries elsewhere. In Argentina, terrorist kidnaping has reached dimensions of raging epidemic and hardly a week goes by without

a new one.

**RANSOM** Now terrorists in the Dominican Republic have reverted to the idea. Five men kidnaped Barbara Hutchison, director of the U.S. Information Service in Santo Domingo and demanded \$1 million ransom and the release of 38 prisoners in Dominican jails. In 1970, Dominican leftists abducted the U.S. air attaché in Santo Domingo and won the release of 19 political prisoners. The attaché was freed after two

days.

The new abduction suggests the kidnap contagion is likely to spread. On the same day Miss Hutchison was abducted, gunmen in Buenos Aires kidnaped and killed the brother of former Argentine president Arturo Frondizi. The brother's son-in-law was also shot to death in the kidnaping.

Earlier this year Exxon reportedly paid Marxist revolutionaries in Argentina \$14.2 million for the freedom of a kidnaped oil executive.

### Chemists Will Hear Lecture

Dr. John R. Van Wazer, professor of chemistry at Vanderbilt University for the past half dozen years, will speak at the next meeting of the Permian Basin section of the American Chemical Society.

The Wednesday, 6:30 p.m. session will be at the Coor's Beer distributor warehouse

Just south of US 80 several miles west of Terminal. The meal will be catered but Coors will furnish beverages.

Dr. Van Wazer will speak on "Some New Phosphorus Chemistry," discussing how a number of unusual, new, inorganic, condensed phosphate structures have been produced. He also will talk about a number of new phosphorus compounds.

By The Associated Press  
**NO EASY MOVE** - A house being moved to a new location in LaCrosse, Wis., was temporarily stalled on the Burlington Northern Railroad right-of-way. Workers laid a plank ramp and got the house off the tracks without delaying train traffic.

## Rushing Aid To Victims Of Fifi

By The Associated Press

Longshoremen and Cuban refugees, Houston firemen and Gov. George C. Wallace of Alabama are all pitching in on the American effort to roundup and transport relief supplies to hurricane-devastated Honduras.

More than 7,000 persons were killed by Hurricane Fifi in the Central American country and homeless and hungry survivors are in need of most everything.

Honduran Consul Rosa Argentina Pinel de Connor said in San Antonio, Tex., the big push now is for planes to deliver supplies worth hundreds of thousands of dollars.

Houston firemen said they have shipped 18,000 pounds of food and medicine via an Air Force C-130, but have been unable to get a second Air Force plane.

UNICEF donated \$150,000 for victims under five years old and another United Nations agency, the World Food Program allocated 500 tons of foodstuffs, enough for 15,000 persons for 30 days, it said.

Relief donors ranged from large oil and drug companies to suburban housewives who bundled up used clothing, blankets and canned goods for local relief groups.

Latin residents spearheaded Miami's massive relief effort and 40 Cuban refugee doctors, nurses and orderlies flew down with a tent hospital.

The Salvation Army, giving priority to medical supplies, said that Gov. Wallace had contributed a 200-bed package disaster hospital.

Longshoremen, donating their services, loaded tons of rice, beans and salt onto ocean freighters. Five shrimp boats from Fort Isabel, Tex., were doing their part, carrying supplies from Rio Grande Valley towns.

In Charlestown, R.I., Ben Luchk was reported buying out a closing dress shop and donating about 425 dresses and 500 pounds of blanket material to the relief campaign sponsored by the Sisters of Mercy Convent in Cumberland, R.I.

## Oil Firm Rebates Near \$40 Million

WASHINGTON (AP) - Seven oil firms have voluntarily rebated almost \$40 million in alleged overcharges, the Federal Energy Administration reports.

Meanwhile, the FEA announced it has accused Standard Oil Co. (Ohio) of gasoline overcharges amounting to \$10 million and has ordered Sohio to make appropriate refunds. Sohio denied the charge.

In addition to their voluntary rebates revealed Friday by the FEA, Charter was ordered in August to rebate \$15.8 million and Koch was ordered to rebate \$9.9 million.

Sohio said it is appealing the FEA order that was dated Sept. 20 but just made public Friday. It requires Sohio to recompute its crude oil costs for a four month period and to submit plans "by which Sohio will compensate for the effects of the violations..."

## Sea Incineration Hearing In Houston

DALLAS (AP) - The Environmental Protection Agency (EPA) has called for a hearing in Houston to evaluate a new method of chemical waste disposal proposed by the Shell Chemical Company for its plant at Deer Park.

The method, called incineration at sea, calls for the burning of chemical waste 130 miles off shore in a special ship built by a Dutch firm.

The hearings will be held at the Shamrock Hotel in Houston Oct. 4.

The new system has been in use in Europe for more than a year. Last July Shell Chemical entered into an agreement with a Dutch company to use the method in the United States replacing the old system of dumping chemical waste in the ocean.

At the time of the Shell agreement EPA did not consider ocean incineration to be subject to regulation under the ocean dumping law, but the policy was changed at the request of the National Wildlife Federation.

An EPA spokesman said that a preliminary review of the European ocean incineration experience suggests that there is "considerable merit" to the disposal method.

The EPA said the method reportedly eliminates well over 95.5 per cent of the organic chloride wastes by converting them to carbon dioxide and hydrogen chloride. The agency said that, although hydrogen chloride is an irritant and is toxic at certain concentrations, the amount that results from the incineration disperses rapidly and is converted to ordinary salt.

# Cover-Up Trial Sketches

WASHINGTON (AP) — Here are sketches of the principal figures in the Watergate cover-up trial, which begins Tuesday.

The Judge: John J. Sirica, is widely credited with insuring that the investigation of the Watergate scandals penetrated the higher levels of the Nixon administration. At age 70, he could have chosen to become a senior judge with fewer and less important cases to try. Instead, he took on the biggest and most complex of the Watergate prosecutions.

**"MAN OF THE YEAR"**  
Named "Man of the Year" by Time magazine in 1973 for his early Watergate role, Sirica is the son of an Italian immigrant who settled his family in Washington after several years of traveling as an unsuccessful businessman in five states.

An amateur boxer when he was young, Sirica, who could easily pass for a man in his 50s, takes long daily walks.

Defendants in the case tried unsuccessfully to disqualify Sirica for showing what they saw as a bias toward the prosecution.

**THE DEFENDENTS**  
Harry Robbins — "Bob" Haldeman — Efficiency was the watchword under

Haldeman who, as White House chief of staff, was the second most powerful man in the Nixon administration. A call from the man with the crew-cut was feared by lesser governmental officials wary of his brusque brand of leadership. Since resigning from the White House April 30, 1973, Haldeman, 47, has kept quiet about his Watergate role. His crew-cut has been replaced by an almost-longer haircut.

Haldeman has returned to his native California, where he first worked for Nixon in 1956 as advance man in the vice presidential campaign.

John D. Ehrlichman — A classmate of Haldeman at the University of Southern California. Returned to his native Washington state to practice law, later setting up his own prosperous practice dealing mostly with land use questions. At Haldeman's behest, did advance work on Nixon's 1960 race for the White House. Played a key role in planning Nixon's schedule in the 1972 campaign, and signed on in the first Nixon administration as White House counsel.

**OUTRANKED**  
Within two years, Ehrlichman, 49, was named chief White House domestic affairs

adviser, outranked only by Haldeman and Nixon in the White House pecking order. Convicted on conspiracy charges in the Ellsberg break-in trial, Ehrlichman maintains his innocence of any Watergate offenses.

John N. Mitchell — First knew Nixon as a partner in a New York law firm. Became a principal political adviser to Nixon in the 1968 presidential campaign and was named attorney general in 1969. He resigned March 1, 1972, to head Nixon's re-election campaign, although former aides have said he made many important campaign decisions while still in the Justice Department. Within three weeks of the 1972 break-in at Democratic National Committee headquarters, Mitchell resigned from the re-election committee, insisting he was needed by his volatile wife Martha, from whom he separated a year ago.

**PEDDLING**  
A jury in New York found the 61-year-old Mitchell innocent of influence peddling charges leveled in connection with a secret \$200,000 campaign from financier Robert Vesco to the re-election campaign.

Robert C. Mardian — A family partner in a Phoenix, Ariz., building firm, Mardian

headed the Justice Department's Internal Security Division for two years until, in May 1972, he was named a political coordinator in the 1972 Nixon re-election committee. A lawyer and political conservative, Mardian has testified about his shock upon learning that persons employed by the committee were involved in the original Watergate break-in. A bespectacled, almost scholarly looking man, Mardian will celebrate his 51st birthday 13 days after the trial begins.

Gordon Strachan — Drawn to the first Nixon administration as a young lawyer who had worked for two years in the same New York law firm where Richard M. Nixon and John N. Mitchell were partners. Initially a personal White House assistant to Haldeman, Strachan became Haldeman's contact with the Nixon re-election committee as the 1972 election approached. He is described by old friends as having been a brilliant student at the University of Southern California. While Strachan worked for Nixon and Mitchell in New York, his wife Christine was hired as an attorney for another prestigious law firm.

**CIVIL SUIT**  
Kenneth W. Parkinson — A native

Washington, the 46-year-old Parkinson was active for years in District of Columbia affairs. Once a law clerk in the same U.S. District Courthouse where he will stand trial, he allegedly was drawn into a cover-up as a result of a civil suit filed by the Democrats over the original break-in. Parkinson served three terms on the board of directors of the District of Columbia Bar Association.

**THE PROSECUTORS**  
James F. Neal — While working under the late Atty. Gen. Robert F. Kennedy, Neal sent Teamsters boss James R. Hoffa to prison. Neal, 45, was a special assistant to Kennedy in the early 1960s when he conducted the prosecution of Hoffa on jury tampering charges. Until 1966, when he returned to private law practice in Nashville, Tenn., Neal was the U.S. attorney for the middle district of Tennessee.

**NO NICE GUY**  
Richard Ben-Veniste — Although relatively young at 31, Ben-Veniste already had compiled a reputation as a tough-minded prosecutor before joining the special prosecutor's staff.

When former special prosecutor Archibald Cox was fired, Ben-Veniste taped a sign to his door which said,

"No more Mr. Nice Guy." Ben-Veniste, is a short, wiry New York City native, who worked for five years as an assistant U.S. attorney there.

He has a reputation as being among the toughest courtroom cross-examiners on the special prosecutor's staff.

Jill Wine Volner — An attractive blonde, Mrs. Volner, 31, has established her reputation as a capable and probing lawyer on the special prosecutor's staff. But when she drew the task of cross-examining Richard M. Nixon's secretary, Rose Mary Woods, in court last November, she was nevertheless forced to declare the assignment had nothing to do with sex.

Asked once if she wore miniskirts to draw attention to her figure in the courtroom, she sternly replied: "Absolutely not. I am a little sensitive about comments about my clothing. I am a lawyer in the courtroom. My hemline is irrelevant. The question is — do I ask good questions?"

Mrs. Volner once intended to be a political writer, but instead completed Columbia Law School with honors at the encouragement of her husband, a Washington lawyer.

## Neefe Optical Set To Move

Neefe Optical Lab will have a new home in Big Spring in the future, as remodeling work on the old Giant Food Store building at 8th and Scurry is under way.

converting it to house the Optical Lab. According to Charles Neefe, who purchased the building, a timetable and relocation of the business is not complete. The Neefe Optical Lab is presently located at 808 Johnson Street.

NEW OFFICERS — W. L. Wilson Jr., left, is the new president of the West Texas Soil Conservation Districts. Shown with him here is Sam Faubion, the new president-elect.

## W. L. Wilson Is Inducted As UCSWCD Chief Officer

W. L. Wilson Jr., chairman of the Upper Colorado Soil and Water Conservation District, was inducted last week as president of the West Texas Association of Soil and Water Conservation district directors.

President-elect of the group, which met at Lowake, is Sam Faubion, member of the Runnels SWC district.

Participating on the program were R. E. Clemmer, West Texas Association chairman, Joe Antilly, State Soil and Water Conservation Board member, L. F. Steward, Area II fieldman for the state board; and Ben Sims, chairman, Concho Soil and Water Conservation District.

Antilly reviewed pending legislation affecting soil and water conservation work and

Soil and Water Conservation Districts. He also reviewed the matching fund program.

Steward reviewed current district activities in Area II and urged attendance of all directors at the annual meeting of the Texas Association of Soil and Water Conservation Districts in San Antonio, Oct. 29-31.

Sims reviewed the land use meeting and tour held recently on the Ben Sims ranch west of Paint Rock, reporting that many different groups were in attendance.

Wilson who ranches on the Howard-Borden County lines, long has been active in soil and water conservation work in this area, in addition to his other business interests.

## One Agency To Handle Pollution Problems?

AMARILLO, Tex. (AP) — The director of the Panhandle Regional Planning Commission at Amarillo has recommended that one state agency be designated to handle waste pollution issues.

Ernest Clark told the Water Quality Board at a Friday hearing here that either the State Health Department or the water board should be designated to handle the problems to avoid confusion.

Clark said Panhandle industries invest large sums of money to comply with water quality standards only to discover that regulations have changed. He asked for more stability in policies to prevent financial loss to industries who try to

maintain compliance. The board said Friday that it will consider action regarding septic tanks that are increasing along the banks of Texas lakes. Texas Health Department engineer Ned V. Brooks of Lubbock told the waste disposal hearing that the Greenbelt Lake 60 miles east of Amarillo faces ultimate pollution from septic tanks as lakeside sites are developed.

Red River Authority representative Fred Parkey said his group had complained to the board about the potential problem of septic tank pollution. Parkey said septic tank regulations would have to be enforced by the state government because "local heat" was reluctant to solve the problems.

## Rains, Cool Spell Hindering Farmers

COLLEGE STATION, Tex. (AP) — Rains and cool weather over much of the state last week hindered farmers trying to get their crops out. Dr. John Hutchison, director of the Texas Agricultural Extension Service, said.

Cotton producers in the Panhandle and South Plains were especially concerned because they need hot, dry weather for their crops to mature before the first frost hits, he said.

Heavy rains in western areas caused widespread flooding and were blamed for the loss of some cattle and sheep, Hutchison said.

**FILLED TANKS**  
The rains helped pasture and range growth, filled stock tanks and providing good planting moisture for small grain crops, Hutchison said.

District agricultural agents gave these reports:

**South Plains:** Agricultural work is at a virtual standstill because of the wet weather. Hot, dry

weather is needed to mature the cotton crop. Rangelands and livestock are in good shape.

**IMPROVING**  
Rolling Plains: Soil moisture is now generally adequate. Early planted small grains look good. The cotton and sorghum harvests have stalled. Early yields have been fair to poor. Pastures and ranges are improving.

**Far West:** Flooding has been widespread in some counties. Many water gaps were washed out. The cotton harvest is at a standstill. Fall vegetables and small grains are making good growth.

**West Central:** The pecan crop is progressing well with an above average crop expected in Gillespie County. Pasture conditions are improving. Stock water is again in good supply. Screwworms have hit livestock in Sutton County.

**Southeast and Upper Gulf Coast:** The soybean crop is nearing maturity. About 10 per

cent of the cotton crop and five per cent of the corn, sorghum and first rice crop remain to be harvested. Some oats have been planted.

**CUTTING HAY**  
Southwest: Moisture is still needed in a few counties. Some late peanuts have been harvested. Prospects are good for a second cutting of hay. Fall goat shearing is nearing completion. Ranges are improving and stock water is plentiful.

**South:** Some western counties are still dry. Late sorghum is making good progress in Duval County. Wet weather has slowed hay making.

## Belated Appeal For Donations

A last-minute appeal for donations of livestock was issued Friday by the West Texas Rehabilitation Center in Abilene. The sale is Monday in Abilene.

The donations will be included in the 15th annual auction which benefits the area rehab center. Prolonged rains have made delivery of animals difficult, but volunteers will see that deliveries are made, said Charles Morris, Abilene, chairman. He asked that livestock producers who can give animals call 915-692-1633.

# MANY RECORD ENROLLMENTS Texas Colleges Booming

By The Associated Press

The college and university season opened almost on a boomtown note this fall in Texas. Many schools reported record enrollments. This development came in the face of some dire national predictions that the college population might decline. A statewide survey by The Associated Press shows these other features of particular significance:

1. The spiraling growth of community junior colleges.
2. A sharp upturn in adult education.
3. Many dormitories filled for the first time in years.

## ADULT EDUCATION

The growth of junior colleges indicates that someday an ideal once expressed by former Texas Gov. John Connally may come true: That senior colleges will be composed mainly of juniors, seniors and graduate students, with community colleges carrying the work load for freshmen and sophomores.

courses largely for persons wanting to continue their education but not necessarily to collect degrees.

The Coordinating Board, Texas College and University System, asked institutions across the state for their student totals and preliminary figures showed a 5.2 per cent increase with possibly 550,000 on campuses. This compares with the 1.3 per cent national increase predicted by the U.S. Office of Education.

## JUNIOR COLLEGE

The growth of junior colleges indicates that someday an ideal once expressed by former Texas Gov. John Connally may come true: That senior colleges will be composed mainly of juniors, seniors and graduate students, with community colleges carrying the work load for freshmen and sophomores.

One example is the multicampus Dallas County Community College where preliminary totals show 25,563 enrolled this fall, with another 20,000 students taking non-credit courses.

Another is Houston Community College with 17,100 students, an increase of nearly 5,000 in one year.

San Antonio College gained more than 2,000 to 19,123. Tarrant County Junior College in Fort Worth has a student body increase of 17 per cent to 15,557.

Navarro Junior College at Corsicana is a smaller school. But it set a record, and all dormitories are filled.

Another with filled dormitories for the first time in 10 years is Paris Junior College.

Filling of dormitories is particularly significant since many of them were built with the expectation that student rentals would pay off the bonds.

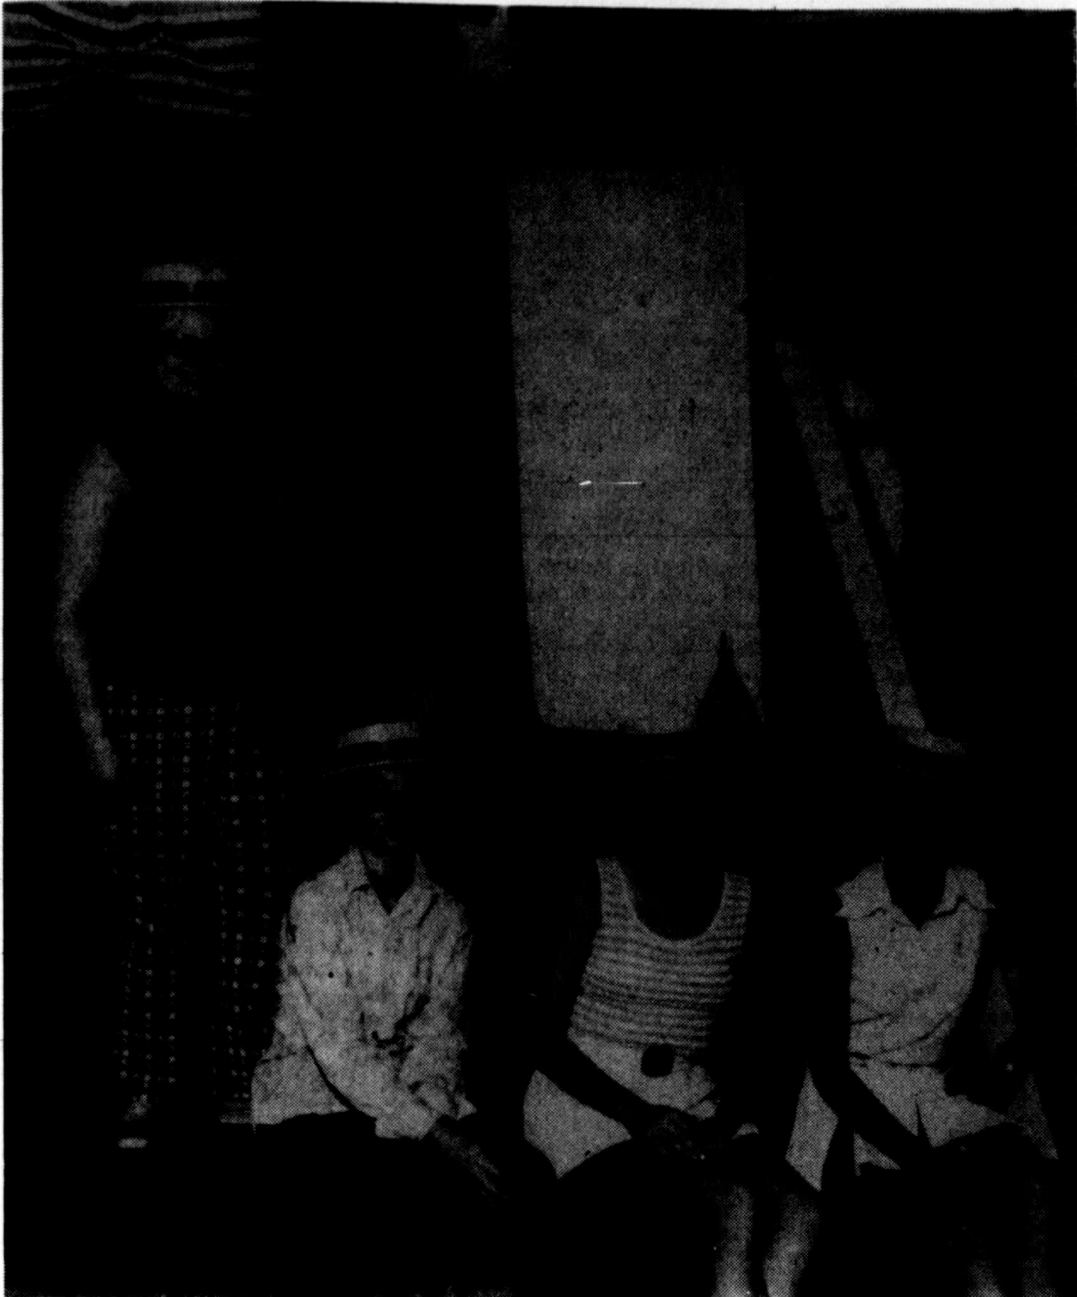

## PRIVATE SCHOOL

Some private schools recorded minor declines in campus population, but not all of them.

Following are representative enrollments this fall, with last year's fall enrollment given second. The figures are not always fully comparable, since minor changes occur after registration officially ends.

- U. of Texas Austin 41,000 and 40,611.
- Texas A&M 21,463 and 18,200.
- Texas Christian 6,132 and 6,405.
- Texas Wesleyan 7,787 and 7,712.
- Tarrant County Junior 15,557 and 13,307.
- Texas A&M 9,133 and 8,528.
- Del Mar 5,770 and 5,749.
- West Texas State 6,832 and 6,791.
- Pan American 7,128 and 7,201.

- Paris Junior 1,776 and 1,575.
- Angelo State 4,321 and 4,257.
- Tarleton State 3,028 and 2,921.
- Vernon Regional 812 and 706.
- Howard Payne 1,579 and 1,563.
- Texas Southmost Junior 3,308 and 2,895.
- Central Texas College 3,529 and 3,239.
- American Technological U. 660 and 550.
- American Preparatory Institute 1,425 (first year).
- Cooke County 1,987 and 2,007.
- Austin College 1,164 and 1,149.
- Grayson County Junior 3,857 and 3,343.
- Kilgore Junior 4,002 and 3,906.
- East Texas Baptist 770 and 717.
- University of Dallas 1,240 and 1,561.
- Midland College 1,460 and 1,264.
- Rice 3,546 and 3,344.
- U. of Houston 34,627 and 30,290.
- Texas Tech 21,912 and 21,510 (plus 127 in medical school this year).
- Southern Methodist 10,640 and 10,402.
- U. of Texas Arlington 15,400 and 14,866.
- Baylor 8,343 and 8,105.
- Texas Woman's 7,185 and 6,544.
- Abilene Christian 3,447 and 3,365.
- Hardin Simmons 1,827 and 1,554.
- McMurry 1,309 and 1,373.
- U. of Texas Permian Basin 1,340 and 1,112.
- Odessa Junior 3,284 and 3,201.
- U. of Texas El Paso 11,410 and 10,980.
- U. of Texas San Antonio 1,633 and 1,117.
- Lamar Tech 11,407 and 11,236.
- Southwest Texas State 12,993 and 12,240.
- Stephen F. Austin 10,550 and 9,964.
- North Texas 15,819 and 15,427.
- Midwestern A. 1,54 and 2,054.
- Houston Community 17,100 and 12,400.
- San Jacinto 8,244 and 7,499.
- Texas Southern 7,139 and 6,902.
- Prairie View A&M 6,500 and 4,575.
- St. Thomas 1,745 and 1,106.
- Baylor Medical 594 and 500.
- Houston U. of Texas System (medical, dental, biomedical and public health) 1,255 and 1,209.
- Victoria College 1,840 and 1,898.
- Wayland Baptist 925 and 945.
- Navarro College 1,225 and 948.
- Our Lady of the Lake 2,041 and 2,123.
- St. Mary's 3,584 and 3,492.
- San Antonio College 19,723 and 17,803.
- Trinity 3,406 and 3,361.
- Weatherford College 1,315 and 1,110.
- Dallas Community 25,563 and 22,609.

## SMU Begins Search For New President

DALLAS (AP) — Southern Methodist University is starting a search for a new president while some students, faculty members and alumni continue to demand to know why Dr. Paul Hardin was fired from the post.

The NEW GUIDELINES Bishop O. Eugene Slater of San Antonio, representing the United Methodist Conference which controls the Dallas university, said following a closed door-meeting Friday that the 82-member board of trustees had set up new guidelines for the selection, evaluation and, if necessary, the dismissal of a president. He said the new rules would prevent a recurrence of the methods used in dismissing Hardin in June.

The bishop said that the manner in which Hardin was forced to submit his resignation hurt the image of the university and could make the task of a special 24-member committee more difficult in its search for a new president.

**MAIL BALLOTING** One of the new rules requires that a president can be fired only by the board of trustees in a regular or called meeting.

Hardin submitted his resignation after being requested to do so by C.A. Tatum Jr., chairman of the board.

questioning at a news conference following Friday's meeting, Tatum admitted that his letter accompanying a mail balloting of the trustees stated only that Hardin had submitted his resignation and that Tatum recommended that it be accepted.

Earlier some trustees had complained they were not informed that Hardin had been asked to resign.

**NO REGRETS** Tatum refused to state specific reasons as to why he requested Hardin's resignation. Under questioning, Tatum said that in retrospect he probably would have handled the matter in a different manner but that he had no regrets as to what he had done.

Following Friday's meeting, the chairman of the faculty senate, Thomas Arp, said he felt the adoption of the new guidelines was a positive step. But he added that he does not believe the faculty or a prospective presidential candidate could ever be satisfied with the secrecy that surrounded the dismissal of Hardin.

## Kissinger Says J. Edgar Fingering Wiretapped Four

WASHINGTON (AP) — Secretary of State Henry Kissinger has testified that the late J. Edgar Hoover fingered the first four individuals wiretapped during a probe of national security leaks in 1969-71.

FBI records show, on the other hand, that requests for wiretaps on all 13 government officials and four newsmen originated outside the FBI.

The conflict was disclosed with the release Saturday of sanitized transcripts of Senate Foreign Relations Committee hearings in July on Kissinger's role in the wiretapping.

**CONTRADICTION** The hearings were undertaken at Kissinger's request after the publication of excerpts from FBI documents in apparent contradiction of his testimony at his confirmation hearing a year ago that he did not initiate the wiretaps.

Kissinger, in asking for the review, said he would resign if his name was not cleared.

The committee concluded, on the basis of its review, that Kissinger had not misrepresented his role in the wiretapping and reaffirming its initial finding that it constituted no grounds to bar his confirmation.

**RECORD SHOWS** The record shows that former Atty. Gen. John N. Mitchell, in an FBI interview May 12, 1973, denied that he ever was asked to approve the wiretaps, yet his purported signature appeared on each of the memoranda concerning the 17 individuals tapped.

James B. Adams, deputy assistant director of the FBI, testified that Mitchell's signature on the documents had been examined by the FBI laboratory division and authenticated.

"So I cannot account for his failure to recollect having approved them because our records show he did in fact approve each one," Adams testified.

Kissinger said one of the four identified by Hoover was a journalist and the other three were men Kissinger had hired for the National Security Council staff over the objections of the FBI and his own security officer.

"It was not necessarily the most flattering thing to me to have those three picked out," Kissinger said.

## SECURITY RISKS

Kissinger, in his testimony July 23, 1974, stuck to his often repeated story — surveillance, including wiretapping, to determine the source of news leaks was decided upon at a 1969 meeting in President Nixon's Oval Office between the President, Mitchell and Hoover.

Kissinger said he was told that wiretapping was necessary "and that I should cooperate by supplying the names of key individuals having access to sensitive information that had leaked."

"There was a discussion of specific individuals, and Mr. Hoover suggested that the four persons be put under surveillance in the first instance, three of them people on my staff considered security risks by Mr. Hoover," Kissinger testified. "The fourth was a person the director (Hoover) suspected of (deleted)."

Kissinger said one of the four identified by Hoover was a journalist and the other three were men Kissinger had hired for the National Security Council staff over the objections of the FBI and his own security officer.

"It was not necessarily the most flattering thing to me to have those three picked out," Kissinger said.

## HCA, Companies Ink New Money Package

NASHVILLE, Tenn. — Hospital Corporation of America has entered into a new long-term financing package with eight major life insurance companies, providing up to \$30,250,000 in permanent loans.

HCA President John C. Neff said this loan arrangement substantially completes the financing of those hospitals and additions to be opened in 1975 and 1976. A new \$70,000,000 revolving loan agreement with a consortium of leading banks was announced in May of this year.

"We are extremely pleased with both the terms of this new package and the fact that companies who have participated in past financings are again providing the long term money that we need for our construction program," Neff said. "The new loan carries an interest rate of 9.6 per cent for a term of twenty years and involves no warrants or other equity participation."

Companies participating in the new financing package include the Metropolitan Life Insurance Co.; New York Life Insurance Co.; Connecticut General Life Insurance Co.; The Aetna Life Insurance Company; Phoenix Mutual Life Insurance Company; Connecticut Mutual Life Insurance Company; Mutual Life Insurance Company of New York; and the Life Insurance company of Virginia.

"We are proud to be associated once again with such excellent companies, and pleased at this additional expression of confidence," Neff said. "I consider this a great credit to our Company."

# Reversing A Trend?

Speaking recently at the first Agricultural Awareness Day at Texas Tech University where a tritacale (newgrain) pancake supper was held, Dr. Charles G. Suggs had some startling things to say. Dr. Suggs, is editor of Progressive Farmer and vice president of Southern Living magazine.

"We are among the last to enjoy cheap food. The age of food abundance is past in the United States," he said. "We have taken food for granted in the U.S. We have had more for less effort than all the people who ever lived before us. Henceforth, we're going to be going down the other side."

He also predicted that the exodus from the country to the city has reached an end, and "we going to see a giant flow in the other direction" because the city dweller likes the country, and the quantum jumps in mechanization (which eliminated much of the need for manpower) have brought industry to a level where machines no longer replace people.

All of this is going to open new opportunities for

young people in discovering new ways to make agriculture profitable, he said. Enough food can be produced only "if we learn how to use radiant or solar energy." He predicted that with efficient use of solar energy, acres could produce 1,500 bushels of corn instead of only 100, wryly observing that might bring a

## Good Roads Essential

We have just completed Highway Week in Texas, so designated by Gov. Dolph Briscoe and observed in numerous communities across the state.

In proclaiming the week, the governor said that "major Texas industries, agriculture and the growing tourist industry are dependent on highways as a primary mode of transportation. All other modes, to some extent, also rely on highway transportation." He added that "every Texas family uses the highways and streets for a multitude of personal, transportation needs—to school, work or church."

return to some form of sun worship. Well, his assessment of the food situation isn't anything to cheer about, but it is refreshing to hear someone predicting a reversal of the mass migration to the urban fester with all its insoluble social and economic problems.

## Good Roads Essential

Texas, by reason of its vast expanses, is more dependant than most states upon a first-class highway system. Thank heavens we have it. We can be thankful, too, that the Texas Highway Department always has been ahead of demands so that lack of highways has never been a constriction on Texas growth and development.

There are those who would change that for provincial reasons, draining off highway funds for other purposes. This would be a tragic mistake.

## His and Ms.

### Around The Rim

Walt Finley

The letter was signed, an act which I appreciate. It was neat. The grammar was good. But there was something about it which didn't appeal to me. It read:

"MR. FINLEY, I must admit I read your column nearly every Sunday and at first I found it quite interesting and amusing. However, there are certain parts of it which I find extremely distasteful.

"You are constantly making snide remarks about our churches here in Big Spring and surrounding areas. It seems to me what most people need today is to be in churches.

"Instead of putting our churches down and making fun of them, you might try to encourage people to attend. From your remarks, I feel that it wouldn't hurt you a bit to go also.

"Sincerely,  
Name Withheld

"P.S.: I'll be praying for you, and hoping that some day you'll come to know Christ as your personal savior. There's no feeling like it."

Like what—sanctimony?

Yes M-e-r-r-y Jo, I've perfected a new kind of matching towels: His and Ms.

My landlord, A. G. Hall, reports:

"I've been feeding the birds all year, and now I have a yardful of round robins."

Frank Gonzales, Coahoma Bulldog backer and possible successor to "Jimmy The Greek," says:

"To err is human, especially when I do it."

**SOUTHPAW SUPER-SALESMAN**, J. O. Sheid, has a brief review for a recent movie: B4UC'X'Y'Z, R'U'17?

Careful Carol Avery, referee and word puncher, says:

At check-out time, the wise consumer Draws heavily on her sense of humor

Another postmark bites the dust: Rogers, Ark. now is U.S. Postal Service 727, AR.

**EX-ALPINE COWBOY**, Jay Sanders, spotted a bumper sticker:

America: You're Beautiful!

That travelin' man, Kenneth Hart, says that when Joseph Durso, the New York Times baseball writer, was asked how he got his stores from Boston to New York during the Western Union strike, he replied:

"I take them to a professor at M.I.T. and he leaks them to the Times."

**PRETTY SOON** I think people will begin believing Sen. Edward Kennedy when he says he isn't running for President this year. I think it's highly probable he'll never run—as predicted by this "Paste-Pot Man" two years ago.

**Ex-Duncan Banner flash**, Joe Awtry, says if you ever meet a logical hippie, you know a hairy reasoner.

## My Answer

Billy Graham

Please tell me what to do to become a Christian. I want to get close to God but don't know how. Thank you. A.R.

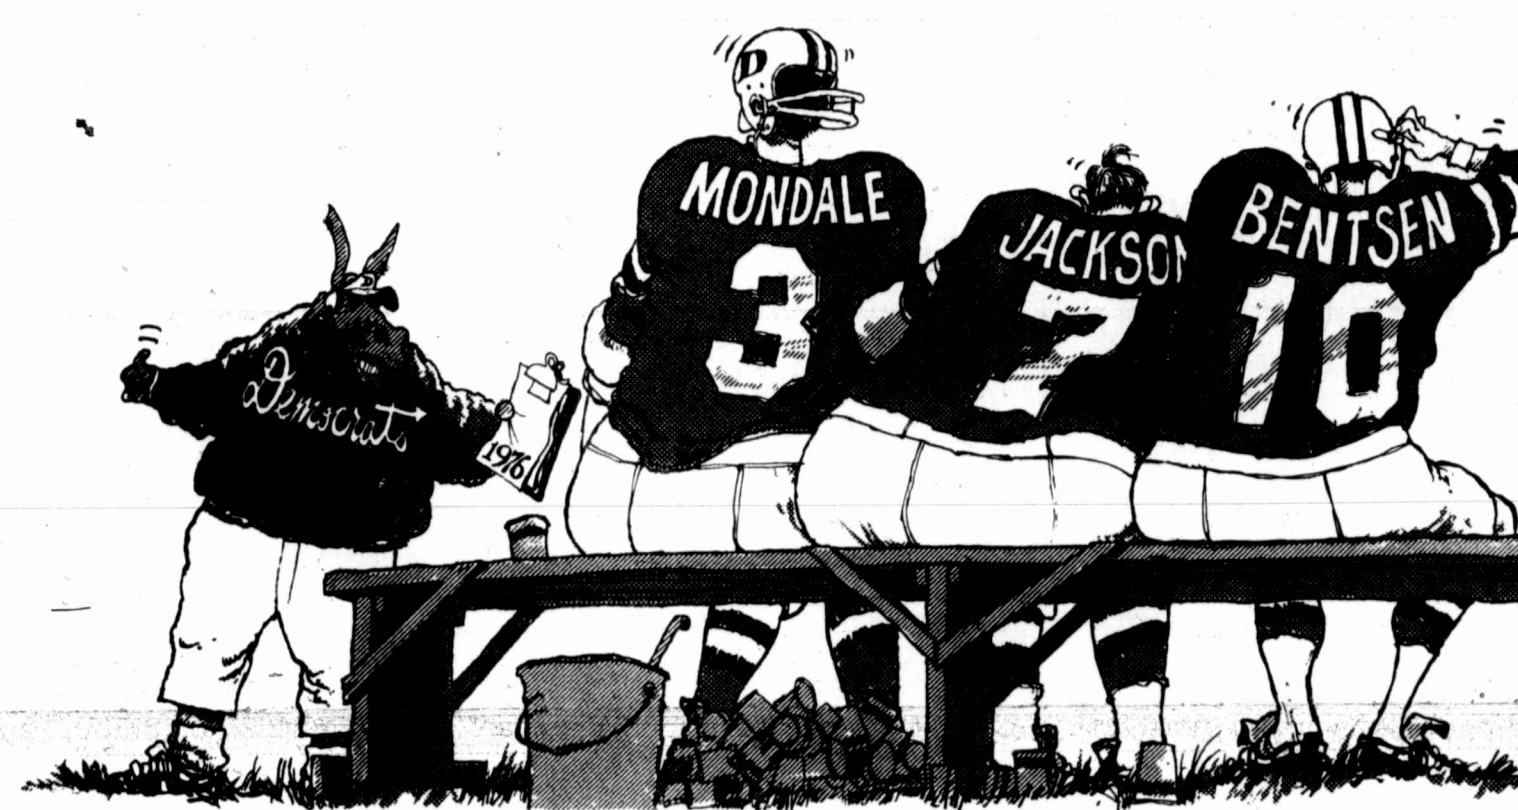

One of the great marvels of Christianity is that an all wise God made the conditions for following Him so simple. Perhaps it is this very simplicity that causes problems.

I can assure you, however, that no person ever sincerely wanted to know God and get close to him, but what God's Spirit arranged it. The whole purpose of God's intervention in history—in the person and work of Christ—was to bring about the conversion experience such as you claim to seek. Read John 20:31.

Becoming a Christian is not the affirmation of ideals which you must practice. It's not an intellectual exercise to grapple with. It's the total commitment of your life to Jesus Christ through the processes of repentance and faith. Repentance means being sorry for your sins, and faith means trusting Christ as your personal Savior. Read Romans 10:9, 10.

As for getting close to God, that's easy. James wrote in chapter 4:9, "When you draw close to God, God will draw close to you." In other words, you start reading the Bible, praying, and attending church. Immediately you discover your faith growing and your love for God and man deepening.

WINKEL

'OKAY... MONDAY!... JOHNSON!... BERNSTEIN!... GET IN THERE FOR KENNEDY!'

Listen, if Christ validated the brief, weak, but sincere request of faith by the thief on the cross, He'll honor yours. Write me a spiritual progress report.

## Wankel Sputters On EPA

**NEW YORK (AP)**—The Wankel rotary engine suffered a setback in the United States this past week when General Motors Corp. said it was indefinitely delaying its introduction.

GM is the only American automaker which had announced plans to build and use the engine, which produces power through a rotating central core rather than conventional pistons. GM said the Wankel wasn't able to meet antipollution standards without using excessive amounts of fuel.

Ford Motor Co. and American Motors also hold licensing rights to the engine, but Ford has shelved its Wankel plans and American Motors has never announced any. Chrysler hasn't gotten involved with the engine.

While GM's decision may have set back the engine's use in this country, it didn't appear to rule out later use.

General Motors has already paid \$35 million for licensing rights to the engine, is to pay another \$10 million this December and another \$5 million in December 1975. Indications were that the remaining payments would be made.

**BROKERS WANT MORE**—Brokers on the New York Stock Exchange need an 8 per cent hike in commission rates to ease their problems with the sagging stock market.

**STURDY SOLAR ENERGY**—At week's end, Federal Energy Administrator John C. Sawhill announced that the government was considering a massive investment in solar energy.

Sawhill told the World Energy Conference in Detroit, "The United States is considering a \$1 billion research program on solar energy over the next five years."

## THIS WEEK'S BUSINESS

- Rotary engine immediate development shelved by GM
- Wankel engine doesn't meet anti-pollution standards
- Brokers seek to obtain 8 per cent increase in rates
- Hike would apply to traces exceeding \$5,000
- Government to look more seriously into solar energy

One move aimed at picking up some new trading volume—and money—comes this Tuesday when the NYSE, American Stock Exchange and a variety of other markets extend their trading hours from 3:30 p.m. to 4 p.m. EDT.

The increases would apply to rates on trades worth between \$5,000 and \$300,000. Rates on trades below \$2,000 and more than \$300,000 are already set by negotiation, as the SEC wants all rates to be set by next May.

Needham argued that the hike, along with an increase in trading volume, could bring some \$130 million in new revenues to brokers that belong to the Big Board.

Needham argued that the hike, along with an increase in trading volume, could bring some \$130 million in new revenues to brokers that belong to the Big Board.

## Creeping Process

Marquis Childs

**WASHINGTON**—Nelson Rockefeller was asked during his interrogation by the Senate Rules Committee whether he still cherished presidential ambitions for 1976 and 1980. This sent a ripple of laughter through the caucus room since, with the ponderous pace of Congress, it may be 1976 before he is confirmed as vice president.

**WHEN THE RULES** committee finishes, the turn of the House Judiciary Committee will come. But the more extended reports that committee is seeking on the Rockefeller fortune, its ramifications and its influence are not yet in.

This means that Judiciary hearings are not likely to begin before the Congressional recess set for Oct. 11 and since the Congress will not return until Nov. 10, confirmation will, if he is fortunate, come as a Christmas present for the former governor.

**SENATOR HUGH SCOTT** made the sensible suggestion that Senate and House combine their hearings. An antique heritage is the insistence that witnesses from cabinet officers on down go through the same time-consuming process as they march up to Capitol Hill to tell the same story twice.

This is much too sensible for members of the Judiciary Committee who are aching to have at Rockefeller, Reps. Waldie, Conyers, Holtzman, Drinan and others are saying they mean to go to town with nothing like the gentility of the Senate committee.

**WITH A REPUBLICAN** of such great wealth on the stand, it is an opportunity not to be missed. Since each of the 38 committee members has the right to interrogate, it is not hard to see why the hearing should be so long-drawn out.

Rockefeller was a sober, responsive witness, occasionally underscoring his answers with dry irony. The magnitude of his personal fortune was considerably more than the figure floated by rumor before the hearings and considerably less than the estimates given by political rivals.

**WHETHER HIS \$218 million in**

direct holdings and trust funds exert influence, if not control, on important segments of the economy or whether this is a myth, as he insisted, is irrelevant.

When put together the combined fortune of the three brothers, Nelson, David the banker, Laurance the specialist in electronics, aviation and travel, may very well exert a considerable influence.

But his fortune is a fact of life. The conspicuous bent he has exhibited throughout his career is public service, from his wartime job as coordinator for Latin America under Franklin Roosevelt to his fourth election as governor of New York. With his energy and drive, he hardly qualifies for membership in the category once known as the idle rich.

**MEN OF GREATER** wealth have not infrequently been confirmed to high office. One recent example was David Packard who has shown to have private holdings largely in his own company of Hewlett-Packard of \$400 million. He served as deputy secretary of defense.

**SO MUCH HAS** happened it is hard to realize that Gerald Ford was up for confirmation as vice president just a year ago. Of the 35 votes in the House in opposition, eight came from those same Judiciary committee members who are after Rockefeller and who can be expected to vote against his confirmation.

## Tire Retreads

**WASHINGTON (AP)**—More than 200 million tire casings are discarded each year in the U.S., according to the Tire Retread Information Bureau. That's enough to circle the earth four times at the equator.

Retreads are a way of recycling tires while saving valuable crude oil reserves. It takes seven gallons of oil to produce an average automobile tire, but only 2½ gallons to retread one.

At that rate, the more than 40 million retreads sold in 1973 alone saved hundreds of millions of gallons of crude oil.

## A 'Cruel Kindness'

Dr. G. C. Thosteson

No doubt everybody who reads this column is aware of what AA (Alcoholics Anonymous) is, as well as its companion group, Al-Anon, which is made up of relatives of slaves to alcohol.

Seldom have I had such an explanatory letter as the following, and you, too, may find it very much worth reading. It is from an Al-Anon member who goes by the pen-name (or phone name) of "Jayci."

Dear Dr. Thosteson: My mail reaches me with my "anonymous name." We are not supposed to receive personal credit and in this way the recipient of this information (when I send it direct) doesn't know whom to thank—nor whom to hate, nor do I know how the other persons do.

Fourteen years ago I found Al-Anon and I learned "cruel kindness"—to allow others to make decisions without my interference. Nearly three years later I realized that I, too, had an allergy to alcohol, so I attend both meetings—AA and Al-Anon.

I learned that an alcoholic stops drinking in one of three ways: gets help, becomes institutionalized, or dies.

Many phone calls come to use (we have a private line) and we never meet the caller; just chat and put the

person in touch with various places to contact if he (or she) chooses. (There are some cases we do visit personally if in this area.)

Our income is so small now and because of age we do not have to file a tax form, but some of AA and Al-Anon expenses were deductible the last time I filed.

I have learned to think instead of having "hidden fears" and although I am 65 I am learning more now than I did in school. False pride prevented my advancement before, now I can think and reply either "yes" or "no."

—JAYCI— Jayci lives in a California city, but it takes the same kind of people in Maine, Texas or Hawaii to make AA and Al-Anon tick, and Jayci's letter may perhaps be the final necessary assurance to people who have been wondering whether to go ahead and contact either Al-Anon or AA.

Neither one is going to try to make you do anything. That's up to you. But if you do want to do something about an alcohol problem, they are ready to help.

The two groups are for people who came to grips with one of the facts of life: "I'm a victim of alcohol," or "My husband (or wife) is an alcoholic."

To get in touch with either group, look in your telephone book. If your phone book doesn't have a listing, you can write to the national headquarters and ask where the nearest group is.

For AA, it is Box 459, Grand Central Station, New York, N. Y. 10017. For Al-Anon: P. O. Box 182, Madison Square Station, New York, N. Y. 10010. (In Big Spring AA may be reached at 267-9144. The AA cottage is at 615 Settles.)

Dear Dr. Thosteson: I am 30 and have had ulcers since I was 25. I have been told by friend that if I have surgery for removal of two-thirds of my stomach, I couldn't have children.

Is this true in all cases?—W.C. No, it is not true. Removal of the stomach is done if the ulcer does not respond to medical treatment, or for other causes such as hemorrhaging or obstruction. There is no effect on childbearing.

Are you bothered with ringing in the ears? If so, write to Dr. Thosteson in care of the Big Spring Herald for his booklet, "Ear Noises—Their Causes and Cures." Enclose a long, self-addressed, stamped envelope and 15 cents.

## Baring Our Teeth

William F. Buckley, Jr.

It was a very long wait, but finally the United States government has spoken in such a way as subtly, but unmistakably, to focus the attention of the world not on our perpetual grin, but on the teeth behind the grin. We have said—President Ford has said it, and simultaneously Secretary Kissinger—that we cannot go on indefinitely paying the price for oil demanded by the Persian Gulf cartel. Never mind for the moment that this statement is 10 months overdue. It is now spoken and we see the germination of a doctrine of self-defense against acts of economic aggression.

**OURS IS THE** important initiative. We suffer from a lack of solidarity in Europe. This issues from several considerations. The first is the general disunity of Europe on matters great and small. The second is Europe's direct reliance on Arab oil. A show of Arabian displeasure can result in western industries grinding to a halt not next spring, but next Tuesday.

**THE UNITED STATES**, almost alone, could in fact weather an Arab boycott, though it would be extremely painful. The leadership, accordingly, is clearly ours to take, and we have finally taken it. The language of President Ford had just the right blend of tact and apocalypse. "The advantages of cooperation are as visible as the dangers of confrontation," he said. "Despite our best efforts to meet the oil producers' legitimate needs and to channel their resources into constructive uses, the world cannot sustain even the present level of prices much less continuing increases."

**IT WAS THEN** that he loosed the thunderbolt. "What has gone up by political decision can be reduced by political decision." There was the artful ambiguity. Can be reduced by political decision. You can read that to mean the Arabs' political decision.

Or you can read that to mean the western powers' political decision. How? Coming up, next week.

## A Devotion For Today . . .

"By this all men will know that you are my disciples, if you have love for one another." John 13:35.  
PRAYER: God of love, forgive our unloving ways which add to the wrongs of the world. May our lives be so filled with love that there will be no mistaking who we are. Amen.

8-A Big Spring (Texas) Herald, Sunday, Sept. 29, 1974

# County Speeding Tickets Increase At Rapid Clip

By MARJ CARPENTER  
Congress may make the 55-mile per hour speed limit permanent across the United States, according to many reports. This is due partially to the reduction in fatalities throughout the land since the lower speed limit was set. But there is a big loophole. Many states claim that long-haul truck drivers are setting their own speed limit—and there is little police can do to stop them.

**EXTRA TIME**  
State and federal agencies are concerned about long-haul truckers using citizen band radios to warn other truckers of state troopers monitoring traffic. Truckers claim that the slower speed costs them an extra \$100 or more a week in extra time on the road—added meals, and motel bills.

Across the land, state troopers report, "There's nothing we can do about it. The minute we roll onto the highway, we're pinpointed and we stay pinpointed all day."

**SMOKEY THE BEAR**  
A typical message might say "Smoky the Bear" (troopers) just west of the underpass located west of Stanton on IS 20. He's got a camera (radar)."

To check through traffic violations during the summer months in and around Big Spring shows lots of speeding tickets.

During the three summer months, a total of 1,225 tickets brought to the three Justice of the Peace offices in the county a total of \$28,049 in fines.

This is up, close to \$7,300 over the previous summer, in which there were 365 less tickets issued.

**LOTS OF RADAR**  
One reason for the change.

may be that all of the state troopers in this area are now equipped with radar and almost every speeding ticket is checked by radar.

The big month this summer was June, showing a total of \$10,622 in fines at the offices of the three JP offices. These include Gus Ochotorena and Walter Grice in the Howard County Courthouse and Mrs. Fred Adams in Coahoma.

July showed \$9,812 and August had a total of \$8,215. There is no breakdown on how many tickets were issued to cars or trucks.

However, local state troopers readily admit that it is difficult to catch a trucker. The helicopter has helped some in some areas and a helicopter is reported to be used extensively between Colorado City and Abilene.

James McKinney, deputy

chief of field operations of the Federal Communications Commission, recently stated "I consider this whole situation of CB radios in trucks as quite serious. And it's a nationwide problem."

**HIGHER FIGURE**  
The FCC requires CB users to identify themselves through assigned identification numbers in each radio transmission. A recent survey by the FCC found that

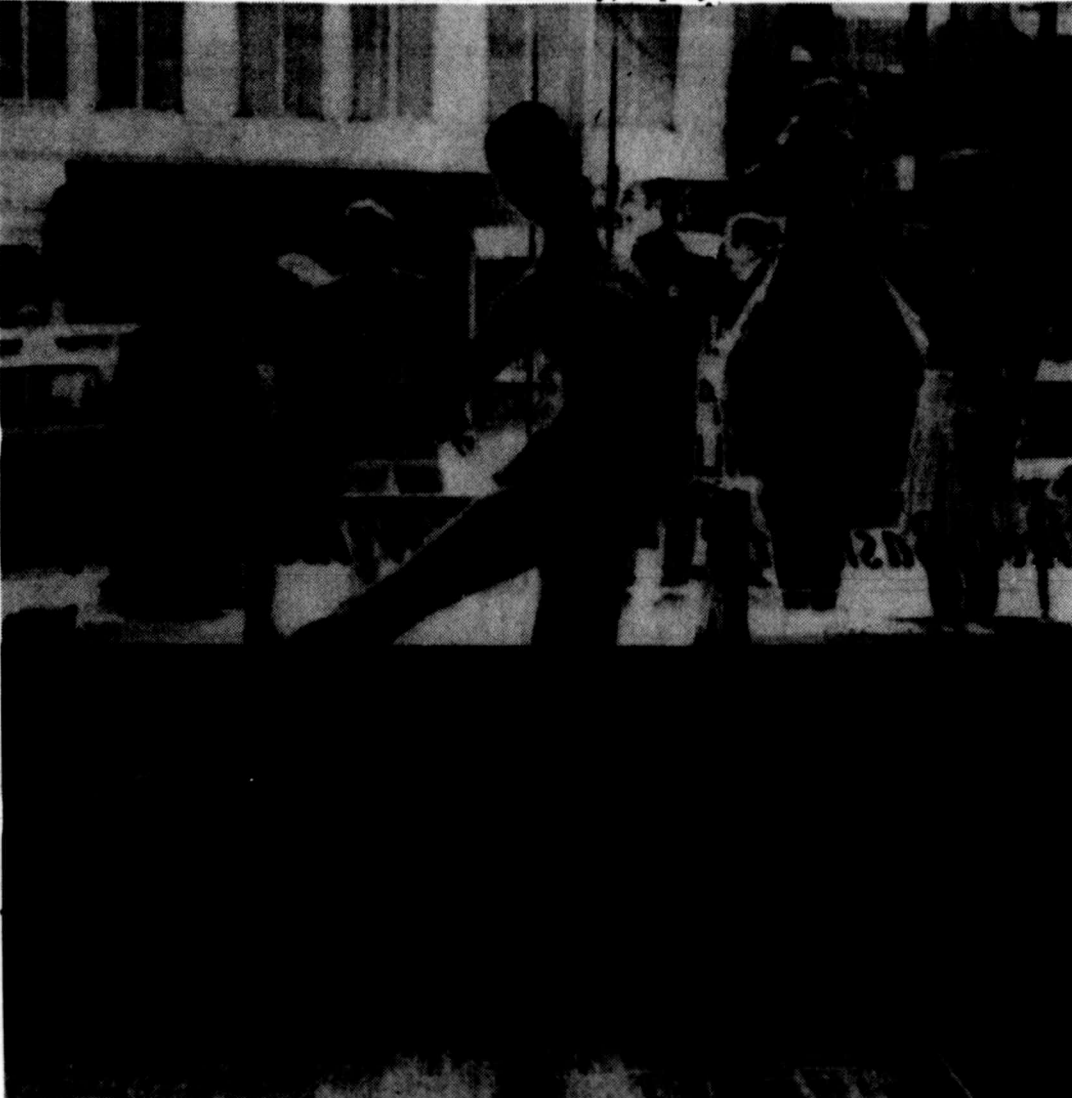

about 20 per cent of trucks are equipped with CB radios, but they suspect the actual figure is much higher.

State Troopers are also plagued by motorists who signal with their headlights that a trooper is ahead on the road.

Average fine to speeders in this part of the state ranges around \$23 under 70 miles per hour and increases rapidly over 70. For various reasons, the fines vary, due largely to the number of miles over the speed limit that the radar registers.

The speed limit is down, the number of speeders are up, and both long-haul truck drivers and state troopers are frustrated.

The old saying of the only things that are inevitable are death and taxes might have a new phrase for anybody who drives a vehicle. It would probably go something like this: "Into each life, some speeding tickets must fall."

(AP WIREPHOTO)

**BALLET HAS FINANCIAL WOES**—Ballerina Tina Santos dances in a department store window in San Francisco, as she and another ballerina costumed as a bear, outside the store, attempt to interest San Francisco residents in contributing to the financially troubled ballet company. They're working as part of a drive to raise \$230,000 by Sept. 30 which directors say they need to keep the company from folding.

## Carter Is New Prexy

Dave Carter, son of Mr. and Mrs. Frank T. Parker of Sterling City Route, in Big Spring has been elected to serve as president of the junior class board at Lubbock Christian College to aid the class president in making administrative decisions.

Carter is a junior business administration major. He is also on the baseball and basketball teams at LCC. He is a member of Tomo Dachi men's social club and the Roadrunners club.

## Diana Kohanek In LCC Band

Diana Kohanek, daughter of Mr. and Mrs. E. R. Kohanek of Rt. 1, Box 283 in Big Spring, has been selected as a member of Lubbock Christian College's Royal Blue Band. She is a 1973 graduate of Coahoma High School and is enrolled in LCC as a sophomore nursing major.

## Trap Shoot

A Trap Shoot will be held from 1 to 5 p.m. today at the Charlie Smith farm. The location is 5 miles south of Stanton, Highway 137, east 3 miles and south 1 mile.

The shoot is presented by the Cotton Squares of Stanton. Prizes will be awarded to the winners.

# Texas Prison Rodeo Thrilling, Bruising

**HUNTSVILLE**—One of the top features of the Texas Prison Rodeo held here each Sunday in October is the thrilling and bruising Hard Money contest, when 40 young convicts attempt to remove a sack from the horns of a charging bull within a five-minute time limit.

To the convict who wins the "Hang-on to your seat" thriller goes a \$50 cash prize. Prison Rodeo Officials in the

## Nursing Exam Results Told

Results of the July 24 State Board Test Pool Examination conducted by the Texas State Board of Vocational Nurse Examiners were recently made available.

A total of 935 candidates wrote the licensing examination and 89 different schools were represented. There were 10 candidates from Howard College. Mrs. Jolene Kerby, one of the candidates, made one of the 10 top scores achieved by 17 students.

The school average of Howard College was 586 which placed them among the top 25 schools. The State average was 471.

past have sweetened the pot by repeating the event which is worth \$25 to the winner. And, according to Hoot Crawford, arena director, this format will again be used in the 1974 rodeo series.

This year's rodeo will highlight the personal appearances of some of the nation's best country western recording stars.

Johnny Rodriguez will take the spotlight on Oct. 6, followed by Willie Nelson on Oct. 13, Johnny Bush on Oct. 20, and The George Jones and Tammy Wynette Show on Oct. 27.

Convict cowboys will compete in a host of special events, while the Gorie Cowgirls will participate in the calf tussle and pig-sacking contest.

The Texas Prison Rodeo, now in its 43rd year, is rated as one of the outstanding entertainment attractions in the nation, which each year attracts upwards of 100,000 fans.

While the actual rodeo begins at 2 p.m., other inmate entertainment features are offered on the midway in front of the prison beginning at 8:30 a.m., with a pre-show presentation in the arena at 12:30 p.m.

treatment and rehabilitation programs for more than 17,000 inmates of the Texas Department of Corrections.

## Total Of 3,647 Are Enrolled

Abilene Christian College's final 1974 fall semester enrollment totaled a record-breaking 3,647 students, according to figures released Friday by Paul Wilson, ACC assistant registrar.

The final count was 282 students above the previous record of 3,361 set during the 1973 fall semester. The college has now set a new enrollment record for the past six years.

ACC's Metrocenter operation in the Dallas-Fort Worth area helped the college system establish two more records. The Metrocenter had a record enrollment of 832, topping the previous high of 740 that was set during the 1973 fall semester. Metrocenter's total gives the ACC system, including the ACC operation in Abilene, a record fall enrollment of 4,479 students, breaking the old record of 4,115 students set during the 1973 fall semester.

# Job With RCA Father Of Five Kidnap Suspect

DENVER, Colo. — Dave Stout has resigned his position as secretary-treasurer of the Rodeo Cowboys Association, officials said today.

Stout, Golden, Colo., agreed to stay with the association's office in an advisory capacity through the end of the year, however. A life member of the association, Stout started his rodeo career by joining the Cowboys Turtle Association in 1938, parent organization of the Rodeo Cowboys Association. In 1960 Stout accepted a position with the now defunct Rodeo Information Commission, the association's News Bureau today. He became editor of the association's official publication, Rodeo Sports News, in 1967.

WINTER PARK, Fla. (AP) — An engineering consultant was arrested here in connection with the kidnaping of a Cincinnati broadcasting executive's 4-year-old daughter, the Orange County sheriff's office said today.

Officials said Clifford J. Kroger, a 38-year-old father of five, was arrested Friday night at his apartment near here by Cincinnati and Orange County detectives. Kroger is being held

without bond. Police in Cincinnati said Kroger would be charged with kidnaping.

Kroger is accused of abducting Allison Mechem, daughter of Charles Mechem Jr., chairman of Taft Broadcasting Corp., earlier this week. The girl was released unharmed but no ransom was paid. Meanwhile in Cincinnati, Frank Wiechman, 26, remained in maximum security under \$128,000 bond.

**FORSAN CHEERLEADERS** — Karen Woodley, in front, is the head cheerleader at Forsan High School this year. Others who direct the cheers include, from the left, middle row, Letha Strickland, a junior; Debbie Martin, senior; and Beverly Strickland, sophomore. On Miss Martin's shoulders is Sheryl Fraley, a junior.

## Sands Carnival Is Slated

**PATTY PEUGH**  
The Halloween Carnival is now being planned. The Senior's have chosen the concession stand as their booth for the carnival. They also plan to have dominoes as an extra booth.  
The Juniors have elected their queen candidate. She is Dale Davidson. Their booth is the Cake Walk.  
The Sophomore's queen candidate is Rene Roman. Their booth is the ring toss.  
The Freshmen's queen candidate is Susan Martin. They have chosen Bingo as their booth for the carnival.  
The Sands Seniors have decided to take the ACT test. The dates were given to the students and pamphlets were passed out. First date is October 19.

## Grady Council Meets

**By JANA WOOD**  
Tuesday, Sept. 24, the Student Council held its regular meeting and produced a suggestion box. This is for all students who have ideas about school improvements. It will be put up for the students next week.  
Wednesday the student body had group pictures taken. Individual pictures were taken Thursday by Mr. Hollis of Midland.  
The Senior girls went to Big Spring Tuesday, with their sponsor, Mrs. Reynolds, to collect prizes for their Bingo booth. All classes are busy making plans for the upcoming Halloween carnival which will be on October 31.  
Individual and group football and cheerleader pictures are on sale in the principal's office for those wishing to purchase any pictures.  
Friday, Sept. 27, the Junior high and High School played at Borden County. Next Thursday, Oct. 3, the junior high travels to Klondike for its game at 6:00 p.m. The high school plays Klondike Friday, October 4, at 8:00 p.m.

## Donald McKay In Who's Who

Donald McKay, former Big Spring High student, has been included in Who's Who among American High School Students. He is the son of Mr. and Mrs. Harry McKay, Lubbock, and now attends Coronado High. At LSHS he was in the band, active in other affairs, attended Boys State, and received the American Legion award.  
Congratulations to the Yearlings on a well played game. The Yearlings defeated Coahoma 24 to 20. Yearlings beat them all!  
Runnels new students are Charlotte Sales, Oklahoma City and Cay Lueddecke, Pampa. Welcome to Runnels, Charlotte and Cay.

## Campbell Named To SHS Band

Robert Campbell has been accepted as a member of the Sam Houston State University Symphonic band, according to Dr. Ralph Hills, director. Campbell is the son of Mr. and Mrs. C. E. Campbell, 2511 Fisher. The symphonic band will play for the Texas Educators Convention during its Spring tour.

## Westbrook Honor Society Holds Meeting On Thursday

**By MARY MARTINEZ**  
Thursday, Sept. 26, during first period a National Honor Society meeting was held in the Study Hall. The meeting was called to order by President Evie Duran.  
After the invocation, given by Pandora Moore, the minutes were read and a treasurer's report was given. Evie Duran gave a report on all the National Honor Society Committees. Old and new business was discussed. Under new business: Report on installation of 1974-75 officers and induction of new members. The new members are Dana Dorn

Georgeann Smith, Bobby Matlock and Linda Anderson. All members were reminded to pay 1974-75 NHS dues.  
The program was introduced by vice president Brenda Matlock. A film strip was shown. Refreshments were served and the meeting was adjourned.  
Thursday during second period, the Annual staff met with the publisher to decide on the yearbook cover, type of print, etc.  
Tuesday, school pictures came in and were passed out during sixth period. Wednesday everybody swapped pictures with each other.  
Friday was the end of the 1st six weeks of classes. Some of the FHA boys and the vocational teacher, Mr. Schlee, went to Levelland to buy some pigs.  
Tuesday the high school cheerleaders stayed after school to work on basketball posters. It was also decided to have practice Saturdays at 1:00 p.m.  
Wednesday, high school basketball schedules for the 1974-75 basketball season were given to all basketball team members.  
For the week of the 23-27 the sixth grade's Best Citizen of the Week was Trey Smith, a class project.

## Stanton Pupils On Elite List

**STANTON** — Randal B. Graham and Mindy Halslip, both from Stanton High School are area students among approximately 15,000 high school seniors nationwide named semifinalists in the 1975 National Merit Scholarship competition.

## Stanton Pupils On Elite List

Students will compete for 3,400 scholarships. Other West Texas semifinalists announced include two from Permian, one from Midland High, six from Midland Lee, one from Monahans, one from Andrews and one from Seagraves.  
The Future Homemakers of America will have their monthly meeting October 1. This meeting will take place in each class room and Cynthia Standard, area II President will give a presentation on "Encounter" and "Impact." She will also give the presentation after school on Tuesday to F.H.A. members not enrolled in a Homemaking class and also to the chapter officers.  
The new F.H.A. historian is Karen McCasland and the club's Homecoming Queen nominee is Leslie Harris.  
Larry Stephens was elected president of the Electric Appliance Repair Club at their meeting Tuesday, September 17.  
The other officers included Buster Green, Vice president; Rita Sundy, secretary; Teresa Hyden, treasurer; Mary Gonzales, reporter; Pat Biby, parliamentarian; and Linda Hyden, Sgt. at arms.  
Mr. and Ms. V.I.C.A. were also elected. They were Teresa Hyden and Buster Green. Sponsor for the club is Mr. E. Y. Buckner.  
The Industrial Cooperative Training Club has elected its officers for this year. They are: President—Steve Shugrue; Vice President—Mack Fort; Secretary—Kay Lister; Treasurer—Billy Morgan; Reporter—Ricky Gamble; Parliamentarian—Ronald Shults; and Sgt. at Arms—Pat Buske. The annual ICT candy sales will begin Monday or Tuesday of this week.  
The Metal Trades organization elected their officers last week. They are

# Big Spring High School Community Rally Heads Activities

**By CAROL HART**  
Students and faculty of BSHS have been working hard to make this year's Homecoming a success. On Thursday, October 3, at 8:30, activities come into full swing with a Community Pop Rally on the Courthouse square Friday, Joe and J. J. Pickle will address the student body in a morning assembly. Joe and Jake are Hall of Fame inductees for this year. Other activities scheduled for Friday are the Parade at 4:30 p.m., and the Homecoming Dinner — sponsored by the Band Boosters. The dinner starts at 6:00 p.m., and will be held in the Howard College cafeteria.  
Pre-game ceremonies will begin at 7:30 at Memorial Stadium, when BSHS will crown the Homecoming Queen. Kick-off for the Steers — Abilene Eagles game is 8:00 p.m. At half-time, Joe and Jake Pickle will receive honorary keys to the city from Mayor Pro-Tem Eddie Acree.  
Saturday at 2:00 p.m. the Hall of Fame induction ceremony will take place, followed by an Open House for all BSHS exes. A dance will be held for all present BSHS students in the High School cafeteria at 8:00 p.m. Plan now to attend as many of these Homecoming activities as you can.  
Attention All Seniors! If you plan to graduate you must make application in the Registrar's Office now. This is for all graduating seniors whether you plan to graduate in May, January or July.  
The Astronomy Club and art club have combined their efforts to make a float for the homecoming parade. The next meeting will be held Wednesday, October 2, after school.  
Mr. Carlson, Astronomy Club sponsor, announced that Judy Terelitsky will be the homecoming queen nominee for the Astronomy Club. Officers for this year are James Hughes; president, Pat Daniels; vice president, and Debbie Nikolaj; secretary.  
Some of the activities planned for this year are: Observation outings in evenings and mornings, telescope making, photography astro sun, moon, planets, stars etc., put up display cases, constellation study, trips to observatories around the state, and help with sixth grade programs.  
The Distributive Education Club of America (DECA) at Big Spring High have elected their new officers for this year. They are as follows: David Beasley, president; Teresa Rankin, vice president; Pacca Ford, secretary-treasurer; Carol Mize, reporter; and Jimmy Douglas, club representative.  
The annual fund raising project for DECA this year will be selling candy bars.  
Several members of DECA traveled to San Angelo to the Annual Area I DECA Leadership Lab September 28. It was held at Angelo State University.  
The Future Homemakers of America will have their monthly meeting October 1. This meeting will take place in each class room and Cynthia Standard, area II President will give a presentation on "Encounter" and "Impact." She will also give the presentation after school on Tuesday to F.H.A. members not enrolled in a Homemaking class and also to the chapter officers.  
The new F.H.A. historian is Karen McCasland and the club's Homecoming Queen nominee is Leslie Harris.  
Larry Stephens was elected president of the Electric Appliance Repair Club at their meeting Tuesday, September 17.  
The other officers included Buster Green, Vice president; Rita Sundy, secretary; Teresa Hyden, treasurer; Mary Gonzales, reporter; Pat Biby, parliamentarian; and Linda Hyden, Sgt. at arms.  
Mr. and Ms. V.I.C.A. were also elected. They were Teresa Hyden and Buster Green. Sponsor for the club is Mr. E. Y. Buckner.  
The Industrial Cooperative Training Club has elected its officers for this year. They are: President—Steve Shugrue; Vice President—Mack Fort; Secretary—Kay Lister; Treasurer—Billy Morgan; Reporter—Ricky Gamble; Parliamentarian—Ronald Shults; and Sgt. at Arms—Pat Buske. The annual ICT candy sales will begin Monday or Tuesday of this week.  
The Metal Trades organization elected their officers last week. They are

Clifford Crow, President; Mark Johnston, Vice President; Lawrence Byrd, Secretary; Warren McCrea, Treasurer; Doug Johnson, Sargeant at Arms; Randy Key, Parliamentarian; Keith Thomas, Reporter. The next meeting will be September 24, 1974 in Room V-13.  
The Building Trades Club had the first meeting of the 74 - '75 school year. The members elected new officers for this year, they are,

Tim Blackshear-President; Terry Carter-Vice President; David Shryack-Secretary; Mike Johnson-Treasurer; and Buel Baldrige-Sergeant At Arms.  
Nominations were also made for the Building Trades Sweetheart. Nominated were Leslie Long and Vanessa Mancill. Leslie Long took the honors. The meetings will be held on the second Wednesday of every month.

## Stanton High School Various Activities Fill Homecoming Week

**By MINDY HALSLIP**  
Everyone at Stanton High has been caught up in the excitement of homecoming this week. A full schedule of activities has kept S.H.S. humming with school spirit and pride. Besides the better-known events that go with homecoming, students have had the opportunity to participate in special "days" during the week.  
Tuesday was Freshman Initiation Day. All freshmen were required to wear the following: rolled-up jeans, mismatched socks, shirt with school song on back (worn backwards), tie down back, drawing of a fish. Freshmen engaged in tasks such as penny-pushing and book-carrying on orders from upperclassmen.  
Tuesday was also 50's day for upperclassmen. Students appeared in styles such as rolled-up jeans, bobby-socks, saddle-shoes, pony-tails, and slicked-back hairstyles. There was a revival of 50's music and dances such as the jitterbug, hop, and twist. Thursday was Western day. Cowboys, settlers, Indians, and saloon girls replaced students in SHS classes.  
Friday was Color day, with everyone displaying the school colors at the afternoon pep rally. The afternoon's activities continued with a parade held through downtown Stanton. Floats made by classes and local organizations competed for prizes. The Buffalo Band marched in the parade, playing pep tunes, and the cheerleaders and pep squad also helped promote spirit for the upcoming football game.  
The highlight of the day's activities was the coronation of the new homecoming queen at half-time of the Stanton-Roscoe varsity game. Nominees for this honor were Tammy Briggs, a freshman, daughter of Mr. and Mrs. Paul Briggs; Donna Hall, a sophomore,

daughter of Mr. and Mrs. M. D. Hall; Jo Mims, a junior, daughter of Mr. and Mrs. Billy Mims; and Karen Anderson, daughter of Mr. and Mrs. R. O. Anderson.  
Darrell Christian, a senior, was named as the winner of the Fellowship of Christian Athletes' Ugly Man Contest. This contest was sponsored as a money-making project for the chapter. Darrell was awarded a trophy for this honor.  
Members of the Stanton Future Teachers of America attended a leadership workshop held at Lee High School in Midland, Sept. 21. Those who attended were Karen Anderson, Karla Gregg, Linda Woody, Tressa Hull, Leza Britt and Mindy Halslip.  
The Speech Class has just finished the set for its play, "Cheaper by the Dozen." The cast has been meeting evenings these weeks for rehearsals.  
The Journalism class will be selling the school's first newspapers Monday in the school foyer. Cost will be a modest ten cents each.  
The sixth grade is being reminded that it is in charge of the concessions booth Oct. 17. At 6 p.m. on that day, the junior high school football team will be playing Loraine at home.  
The Forsan Buffaloes downed the Imperial Longhorns by a score of 27-0 Friday night, Sept. 20. It may have been one of the Buffaloes' best performances in several years.

## Forsan High School Magazine Sales Are Deemed A Big Success

**By DOROTHY BANKS**  
Nine members of the Forsan Buffalo band traveled to Lubbock Saturday, Sept. 21. Purpose of this trip was to work on Region band music for "contest" this year. Mr. Neel, director of the band, sponsored the trip.  
Magazine sales were a big success with the Junior class. A total of \$1,875.72 was made. This was \$315.72 over its goal of \$1,560.  
Unfortunately, the Junior class president gets the dubious distinction of catching a pie in the face, administered by the Senior class president.  
S.H.S. salesmen in this contest, in the proper order, are: 1. Brad Stevens, junior; 2. Ginger Dittmore, senior; 3. Sylvia Holguin, senior; 4. Chris Johnson, senior; 5. Donnie Croft, senior.  
There was a poster party held the past Tuesday, following school. Members

## Coahoma Magazine Sales End

**By VICKIE COOK**  
The eighth grade cheerleaders for Coahoma Junior high are Denise Ayers (head); Penny Huckabee, Tony Hale, and Linda Brito. The seventh grade cheerleaders are Rita Gonzales, head; Terry Poteet; Connie Brown; and Pam Shifflet.  
The Junior class magazine sale ended Tuesday, Sept. 17, after two weeks of selling. The class was divided into two teams, with the losing team to clean up after the Junior-Senior banquet. The winning team is on the side of Mike Collier. Becky Snell was the high seller of the class. She will receive her senior ring free.  
Marcher of the week for the McCamey-Coahoma game was Deborah Meyers.  
The Spanish Club held a meeting Thursday, Sept. 26, during activity period. Dues were to be paid to Tami Shafer. Anyone who has had at least one year of high school spanish was eligible to be in the club. The club elected Connie Brito, Paula Thome, and Kathy Brown to write the club constitution.  
Friday was the last day of annual sales. The Journalism student who sold the most annuals will receive one free.  
Cheerleaders for the B team are Tanya Sterling, Junior; Suzie Rupard, sophomore; and Mickie Shafer, freshman.  
The Bulldogs traveled to McCamey Friday for the third non-conference game of the season. A pep-rally was held at 7:40 p.m. before school was dismissed at 3:00 p.m. to attend the game.

## Runnels Junior High Yearbook Sales Get Under Way Tuesday

**By JONI CLINE**  
Annual sales begin Tuesday morning through Friday from 8-8:30. The annual will be sold for \$4.00. This is the only time that students will be able to purchase a memory book. There will not be extra books ordered, so remember the days Tuesday through Friday.  
The Student Council met Wednesday to discuss themes for the homecoming float and suggest topics for the fall Forum in Kermit, October 19. The five committees divided and recorded suggestions for the float and the fall forum. The five committees are (1) social-Kirk Mancill, Richard Burrow, Isabel Rodriguez, Chris Mancill, Cindy Knight (2) Finance—Carl Caten, Maria Jackson, Randy Ware, Thomas Kohl, Keith Watkins, (3) Attitude—Diana Dominguez, Sylvia Herrea, Cathryn Kennedy, Brocky Jones, Woodie Howell, (4) Safety I—Julian Vigil, Derek Horton, Cathy Chavez, Vera Arispe, Karrol Key (5) Safety II—Joni Cline, James Harmon, Kim Daniels, Juanita Salazar, Neal Humphrey.  
2nd Lt. Zeky Ambadar was the guest speaker in third period Teen Interest Class on Friday. Lt. Ambadar is a member of the Indonesian Air Force, stationed at Webb AFB. He spoke to the class about the schools, customs, and family life in his country.  
Congratulations to the Yearlings on a well played game. The Yearlings defeated Coahoma 24 to 20. Yearlings beat them all!  
Runnels new students are Charlotte Sales, Oklahoma City and Cay Lueddecke, Pampa. Welcome to Runnels, Charlotte and Cay.

## MEGAPHONE News From Schools

## Goliad Jr. High Students Chose For Council Committees

**By JENNIFER SMITH**  
The Goliad Pep Squad met last week in order to elect leaders. They are Brenda Beil, Julie Britton, Julie Miller, LaVoy Moore, Julie Kay, and Lisa Warren.  
Student Council committees for the year have been chosen. The first one is the School Spirit Committee. It consists of Julie Miller, Joe Eastmann Karen Smith, Ray Rhymes and Ronna Tyler. The second is the Elections Committee. It will help with the School Favorites elections. Terry Howell, Randy Hurrington, Kathy Huskey, Elaine Brown, Robin Daniels, and Wanda Hill will serve on this committee.  
The third one is the Traffic Safety Committee. Roland Maldonado, Paul Dumar, Sonny Gonzales, and Joe Deanda will help think of ideas for safer traffic around Goliad. The fourth is the Hospitality Committee. The students, Steve Melton, Kevin McLaughlin, Jack Odom, Kathy Huskey, Vicki Sue Dalby, and Adolfo Chavez will show new students around the school.  
The fifth is the Calendar Committee. This group will keep a calendar for each month showing school activities. Committee members are Brenda Beil, Danny Richards, and Elaine Brown. The sixth is the Fire and Disaster Committee. Roland Maldonado, Joe Eastman, Steve Melton, Michael Mesimer, and Ralph Clark will be helping S. A. Walker, principal, with the drills.  
The seventh is the Paid Programs Committee which will find ways of making money for the Student Council. This committee consists of Danny Richards, Brenda Beil, Ray Montgomery and Mark Madigan. Eighth is the Project Committee which will find something greatly needed by the school. At the end of the year the Student Council will buy it from the money raised by the Paid Programs Committee. Julie Miller, Jim Robinson, Jack Odom, Ray Montgomery, and Mark Madigan will serve on this committee. Karen Smith will keep the scrapbook for the year.

## Garden City Travel To Rankin

**By MARTHA DOE**  
There will be no school Tuesday, October 1, due to a teacher's work day.  
The Annual Staff went to Big Spring and Stanton selling advertisements Monday and Wednesday. Anyone wishing to purchase an ad should contact an annual staff member.  
The Beta Club has chosen "The Funny Brats" as the play they are to perform in November.  
On Tuesday the Student Council met to make arrangements for planting shrubbery on the schoolyard. Also, they made plans for Homecoming and the Halloween carnival. This year's officers are: Harold Hoelscher, President; Becky Robinson, Vice President; and Becky Hirt, Secretary-Treasurer.  
Football Sweetheart candidates were announced Thursday. They are Becky Robinson, Sheryl Newell, and Martha Doe, all seniors.  
Thursday, the Junior High will play Imperial there at 5 o'clock and the Bearkats will travel to Rankin to meet their Junior varsity at 8 o'clock.

## Westbrook Honor Society Holds Meeting On Thursday

**By MARY MARTINEZ**  
Thursday, Sept. 26, during first period a National Honor Society meeting was held in the Study Hall. The meeting was called to order by President Evie Duran.  
After the invocation, given by Pandora Moore, the minutes were read and a treasurer's report was given. Evie Duran gave a report on all the National Honor Society Committees. Old and new business was discussed. Under new business: Report on installation of 1974-75 officers and induction of new members. The new members are Dana Dorn

## Stanton Pupils On Elite List

**STANTON** — Randal B. Graham and Mindy Halslip, both from Stanton High School are area students among approximately 15,000 high school seniors nationwide named semifinalists in the 1975 National Merit Scholarship competition.  
Students will compete for 3,400 scholarships. Other West Texas semifinalists announced include two from Permian, one from Midland High, six from Midland Lee, one from Monahans, one from Andrews and one from Seagraves.  
The Future Homemakers of America will have their monthly meeting October 1. This meeting will take place in each class room and Cynthia Standard, area II President will give a presentation on "Encounter" and "Impact." She will also give the presentation after school on Tuesday to F.H.A. members not enrolled in a Homemaking class and also to the chapter officers.  
The new F.H.A. historian is Karen McCasland and the club's Homecoming Queen nominee is Leslie Harris.  
Larry Stephens was elected president of the Electric Appliance Repair Club at their meeting Tuesday, September 17.  
The other officers included Buster Green, Vice president; Rita Sundy, secretary; Teresa Hyden, treasurer; Mary Gonzales, reporter; Pat Biby, parliamentarian; and Linda Hyden, Sgt. at arms.  
Mr. and Ms. V.I.C.A. were also elected. They were Teresa Hyden and Buster Green. Sponsor for the club is Mr. E. Y. Buckner.  
The Industrial Cooperative Training Club has elected its officers for this year. They are: President—Steve Shugrue; Vice President—Mack Fort; Secretary—Kay Lister; Treasurer—Billy Morgan; Reporter—Ricky Gamble; Parliamentarian—Ronald Shults; and Sgt. at Arms—Pat Buske. The annual ICT candy sales will begin Monday or Tuesday of this week.  
The Metal Trades organization elected their officers last week. They are

## JUMBO CARGO PLANE \$28 Million Wreckage

CLINTON, Okla. (AP) — Air Force investigators Saturday picked through the \$28 million wreckage of a giant C5 Galaxy jumbo jet cargo plane that made an emergency crash landing here Friday night.

The C5, the work's largest military plane, landed on a runway at Clinton Municipal Airport about 11:45 p.m., but broke into three main parts and caught fire after skidding the entire 4,400-foot length of the runway, through a fence, across a county road and into a wheat field.

**TRAINING FLIGHT**  
All nine crewmen aboard escape without injury, an Air Force spokesman said.

Two were from Altus, Okla., Air Force Base in southwestern Oklahoma, where the plane began its training flight, and seven were from Travis AFB, Calif., the spokesman said.

It was believed to be the first of the giant planes to crash since the Air Force put them

into regular service in 1969, said Gen. John F. Gonge, commander of the 22nd Air Force at Travis. He arrived early Saturday morning to inspect the site.

Altus AFB is one wing of Gen. Gonge's command, he said.

Gen. Tedd Bishop, commander of Altus AFB, also was on the scene Saturday.

**IDENTIFIED**  
An Air Force crash investigation team from the Military Airlift Command at Scott AFB, Ill., arrived during the night and began probing the wreckage for the cause.

John Cleek, manager of Clinton Airport, said the C5's tires blew out when it landed and it made six-inch-deep dents in the end of the runway, then gouged a gully in the asphalt runway two feet deep and six feet long.

Five fire trucks and more than 40 firemen from Clinton, Weatherford and nearby Clinton-Sherman AFB extinguished the fire in about four hours.

## The Week

(Continued from Page 1)

What caused the uncanny wet spell? Curt Smith, meteorologist for Atmospherics Inc., says that several things contributed. First of all, a weak cold front stalled out when it reached the Gulf just as there was a strong inward flow, which overrode the cold front. This forced the moist air upwards, as though it were pushing over a high mountain. Then it ran into pressures from the Pacific and finally was fed by moisture from Fiji which had pushed all the way across Mexico.

After about three decades, Cap Rock Electric Cooperative has a new president. Bob Cox, Stanton, succeeds Glenn Cantrell in that post. Cap Rock, incidentally, has had a \$628,000 REA loan approved to cover extensions and improvements for a two-year period.

There are days (or nights) when nothing turns out right, and the Coahoma Bulldogs, rated No. 1 in the Class AA in the state, got ambushed by McCamey Badgers Friday night. The Dogs are a better ball club than that, as we feel they will prove.

City council members, as expected, gave the budget an affirmative nod on second and final reading, then set the tax rate again at \$1.40. The council also had first reading on approval of city participation in a federal flood insurance program, the first step which would make this coverage available to private individuals and businesses.

Webb AFB units are setting a splendid example to the remainder of the community in topping their CFC goals. Since the United Way is a major element in that, it challenges all of its to meet our objectives.

In a tragic mishap without apparent explanation, James S. Walker, 79, standing on a station platform when a train moved by, fell into it and was killed.

Final figures for Howard College enrollment show 1,329, a new record. This is up slightly over 2 per cent, a good gain considering we sit in the midst of a pretty competitive pocket.

From the notebook — Among Texas Salvation Army officers dispatched to help in relief work in Hon-

duras was Mrs. (Maj.) Robert Hall, Austin, who, with her husband, formerly served here; Big Spring has an indirect connection with William B. Hilgers, who must complete his two-year term as president of the Christian Church (Disciples), for he is the husband of Sara Lamun, who was reared here.

For the second time since the Rotary Club was organized here some 45 years ago, it will have one of its members as governor of District 573. Ralph McLaughlin was picked for the post last week and will take office July 1. The late Elmo Wasson once held that position.

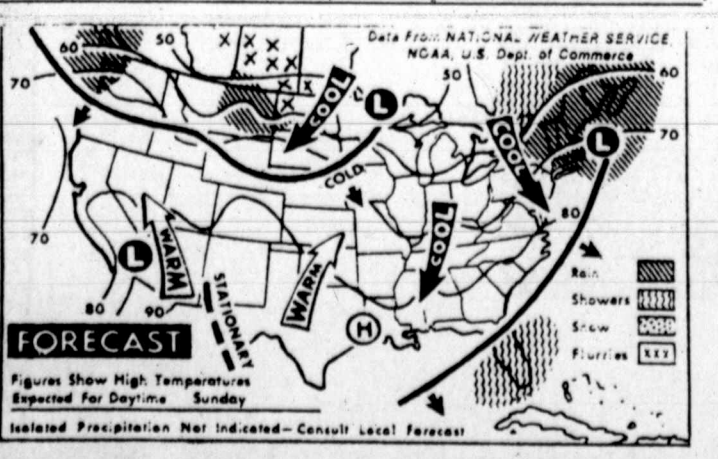

Speaking of area honors, Gus Ochotona Jr. was selected to be the chairman of newly formed Western region of the GI Forum, when that group met here last weekend.

Security State Bank made formal announcement last week of a major expansion program that will require more than a year for completion. The first phase, which will start immediately, is the construction of five new drive-in windows on the north end of the bank block. When that is completed, present drive-in facilities will be demolished, and a 7,000-sq. ft. addition to the bank constructed.

Howard County officials, awaiting some word from the secretary of state, can't decide what to do about the county surveyor spot on the ballot. The county Democratic Executive committee is going to solve that riddle Tuesday by naming a nominee (R. W. Baker, sole candidate, died just before the primary), and he likely will be C. R. Crim.

The life sentence of Orville Davis, one of those convicted for the slaying of Glasscock County rancher Steve Currie, was upheld by the top court last week. This came within a week after the same sentence for Witmer Jean Ballard was confirmed. Thus ends a bizarre and brutal murder case.

Dr. Houston (Jack) Zinn chief of surgery, and his wife, Beatrice Zinn, have retired from the VA Hospital staff. Both were there when the hospital opened in 1950. Their leaving is like lifting the cornerstone.

**WEATHER FORECAST MAP** — Today's forecast calls for rain across New England, the extreme north-west and Montana, with showers over the southern half of Florida. It will be warmer in the northwest and south central states, and cooler over the eastern third of the country, according to the National Weather Service.

**SUBJECTS IN UNIVERSITY DISPUTE** — Dr. Stephen Spurr, left, was fired Tuesday from his job as president of the University of Texas at Austin. Spurr said that Frank C. Erwin Jr., center, was a major factor in the dismissal. Chancellor Charles A. LeMaistre, right, dismissed Spurr after Spurr refused to resign.

## UT Hierarchy Should Make Public Reasons For Firing?

AUSTIN, Tex. (AP) — Presidents of the University of Texas at Austin can be excused for feeling insecure. Turnover lately has been rapid. But they usually go quietly.

Dr. Stephen H. Spurr, fired from his job Tuesday, is an exception. He has sounded much like student editorialists in his criticism of the UT system hierarchy.

**WILL TEACH**  
Spurr, 56, speaks of a tenured professorship—he plans to keep teaching at the university—but his complaints are unusual for a milieu in which differences usually are glossed over for public consumption.

This outspokenness has won him a grudging admiration from students, who until now have not been overly fond of the soft spoken botanist who was hired away from the University of Michigan in 1971.

Spurr could have resigned and gone quietly to his teaching duties. He knows he can't be reinstated as president, but he is fighting for a public accounting of the reasons for his dismissal. His case might end up in court.

**MAJOR FACTOR**  
He was fired, he claims, because he brought the faculty into the process of governing the university and tried to keep regents and UT system officers out of the school's strictly internal affairs.

In so doing, Spurr said, "I took position publicly and privately that were not concurred in by the chancellor and some members of the board of regents."

And he took on

politically powerful regent Frank C. Erwin Jr. of Austin, claiming he was a "major factor" in the dismissal and asserting that Erwin often struck his nose where it didn't belong, even to the extent of trying to influence admissions.

Erwin denied the accusations and claimed Spurr was trying to goad the regents and chancellor Charles LeMaistre into laying out their accusations so Spurr would then have grounds for a civil damages suit.

**WHAT?**  
As Erwin explained it, the regents are safe from such a lawsuit as long as they say nothing that might damage Spurr's professional reputation.

"We can remove him from office and give no reasons and look like a bunch of dumb asses or arrogant people or subject ourselves to a lawsuit," Erwin said.

LeMaistre and the regents are under growing pressure to break their silence.

Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and House Speaker Price Daniel Jr. all said the UT hierarchy should make public their reasons. Briscoe, the least outspoken of the three, surprisingly came out with the strongest statement.

"Any state board must expect to explain and justify its actions to its stockholders, the people of Texas, just as any private board would have to justify its acts to its stockholders," Briscoe said.

**DISAGREED**  
A student-faculty committee appointed by the Faculty Senate opens its investigation of the matter Monday.

General Faculty meets "for discussion and possible action regarding the dismissal of President Spurr."

Rep. Lane Denton, D-Waco, has asked Daniel to initiate a House Higher Education Subcommittee probe of the firing.

But Rep. Roy Blake, D-Nacogdoches, a subcommittee member, disagreed. "I see no reason for the legislature to get involved in such a personnel matter. I think this is a matter for the board of regents to decide," Blake said.

Daniel has not acted on Denton's request. An aide said he wanted to talk first with Rep. Dan Kubiak, chairman of the parent House Education Committee.

So far, the reasons given for the firing remain nebulous, but some regents reportedly have said privately that Spurr had lobbied with members of the board to fire LeMaistre—an assertion that Spurr has denied.

**NO EASY TASK**  
Some who see Erwin as the mastermind of the dismissal note that his term expires Jan. 10 and Briscoe is not likely to reappoint him. They say he hopes to influence future control of his alma mater by handpicking a new president before he leaves the board of regents.

Resignation has been the way out for UT presidents since 1944, when the regents ousted President Homer Rainey. The presidency has been a short haul job in the years since Erwin became a regent in 1963. Harry Ransom, now chancellor emeritus, held the job from 1961 to 1967, when Norman Hackerman became president of the Austin campus. (Ransom kept the chancellor's job until LeMaistre received it in 1970.) Hackerman stayed three years, then quit to become president of Rice University.

**Committee Set For Meeting**  
The Family Counseling Center Committee of the Public Affairs Council will meet at 10 a.m. Tuesday in the Chamber of Commerce Office, according to Julian Patterson, Family Counseling Center Committee Chairman.

## 'TINKER TOYS' Padre 'Death Traps' Hassle

SOUTH PADRE ISLAND, Tex. (AP) — Buildings on South Padre Island are not "death traps" or "tinker toys," Mayor W. H. Neukomm told the Texas Coastal and Marine Council Saturday.

Representatives of island interests criticized statements that a major hurricane could kill 10,000 persons on the island because of heavy development and poor construction procedures.

Moseley showed pictures of an apartment complex under construction which had the building's main vertical columns anchored to a slab foundation by four one-inch bolts. "You get a hurricane like Carla and this building is going to move with the wind all right—it'll probably collapse," Moseley told the council at a meeting in Houston.

**WHOLESALE DEATH**  
Jose Moseley, director of the Texas Coastal and Marine Council, reported earlier this month at Houston that because the population of Padre Island was expected to be 200,000 in 20 years, a major hurricane might cause wholesale death.

Mayor Neukomm told a Marine Council meeting Saturday that the city has adequate building code standards and strict inspections are made to be certain all buildings are sound.

**RESPONSIBILITY**  
"We are quite aware of our responsibility to see that building standards are up to date," Mayor Neukomm said.

## DEATHS

**J. Caldwell**  
Services for Joseph Caldwell, 75, who died 5:35 p.m. Thursday at the Veterans Administration Hospital, were held Saturday at the Nalley-Pickle Rosewood Chapel.

Military graveside rites will be held at 1:30 p.m. Tuesday at the Fort Bliss National Cemetery.

Mr. Caldwell was a veteran of the Navy and served in World War I and World War II.

Born in Florida, he was a retired salesman.

Survivors include his wife, Margaret, Big Spring; and his son, Joe Caldwell Jr., El Paso.

**G. B. Tartt**  
COLORADO CITY — G. B. Tartt, 81, of Loraine died at 8:30 a.m. Friday in Root Memorial Hospital here after a long illness. Services were held at 10:30 a.m. Saturday in the First Baptist Church in Loraine.

The Rev. Jimmy Roberts, pastor, officiated. Burial was in Loraine Cemetery under direction of Kiker-Seale Funeral Home.

Born Aug. 14, 1893, in Nacogdoches County, Mr. Tartt was a retired businessman and farmer. He married Winnie Stribling on Oct. 29, 1910, in Spring Hill, and they moved to Loraine in 1927. She died Sept. 28, 1972.

Mr. Tartt was a member of the First Baptist Church in Loraine and the Masonic Lodge.

Survivors include one daughter, Mrs. C. R. Green

of Loraine; two sons, Howard Tartt of Loraine and B. W. Tartt of Center, Colo.; three sisters, Mrs. C. F. Lee of Garrison, Mrs. O. L. Mustian of Fort Worth and Mr. Henry Sanders of Sweetwater; six grandchildren; and two great-grandchildren.

**Katherine Nall**  
Mrs. Katherine Nall, 75, of Wichita Falls and formerly of Colorado City, died at 7 a.m. Thursday in her home in Wichita Falls. Services were at 3:30 p.m. Saturday in Nalley-Pickle Rosewood Chapel here.

The Rev. J. B. Sharp, pastor of First United Methodist Church, will officiate. Burial will be in Mt. Olive Cemetery.

Born March 16, 1899, in Anniston, Ala., she married Dr. Boyd Nall. He died Sept. 10, 1968. Mrs. Nall moved to Wichita Falls the same year.

Survivors include two daughters, Mrs. Leonard Labbe of Wichita Falls and Mrs. Katherine Swortwood of Dallas; a son, Fred Watson of Anchorage, Alaska; eight grandchildren; three great-grandchildren; a brother-in-law, Jack Nall of Big Spring; and three sisters-in-law, Mrs. Dooley Nall and Mrs. Tom Currie, both of Big Spring, and Mrs. Harry Nall of Dallas.

A daughter, Martha, also preceded her in death.

Jerry Richburg, Robert Swortwood, Gene Fletcher, Ron Poole, Murray Murphy and John Baggett will be pallbearers.

**BIG SPRING HERALD**

BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 29, 1974  
SECTION B

**Bears Engineer Upset Decision**

**WACO, Tex.** (AP)—High-stepping-tailback Steve Beard scored three touchdowns, two on passes from quarterback Neal Jeffrey, as the Bears upset 12th-ranked Oklahoma State 31-14 in an inter-sectional football game Saturday night.

Baylor's defense held the Oklahoma State offense to one touchdown, as the Bears won their first game this season in three starts. Oklahoma State is now 2-1.

A crowd estimated at 30,000 watched Beard provide what proved to be the winning margin with an 84-yard jaunt down the sidelines in the third quarter after receiving a swing pass from Jeffrey on a third and 14 situation. The passing, the second longest in Baylor history, put Baylor ahead 17-7.

In the second quarter, Beard scored on an 11-yard Jeffrey screen pass and Beard completed Baylor scoring late in the game with a two-yard scamper.

Otherwise it was a battle of fumbles. After Beard's sprint, Oklahoma State defensive tackle Phillip Dokes blasted Jeffrey inside the Baylor 20 on a rollout, jarring loose the football. It wobbled along the ground into the end zone, where Dokes fell on it to cut the Bear lead to 17-14 late in the third quarter.

Baylor lost three fumbles, two of which led to Oklahoma State scores, while the Cowboys lost three, including a crucial bobble at the Baylor 31 as the Cowboys.

**Gophers Win, 9-7**

**MINNEAPOLIS, Minn.** (AP)—Steve Goldberg's 34-yard field goal after a pass interception by cornerback Greg Engobos gave Minnesota a 9-7 victory Saturday over Texas Christian University.

Engobos intercepted a pass by Lee Cook at the TCU 42 and returned it 21 yards to set up Goldberg's winning kick. Goldberg missed three other field goal tries and an extra point attempt.

A TCU drive from its own 20-yard line in the last two minutes of the game stalled at the 30, and kicker Tony Biasatti's 40-yard field goal attempt with 12 seconds left was wide to the left.

All the scoring came in the third period. Freshman quarterback Steve Olsen plunged over from the one to give Minnesota a 6-0 lead six minutes into the second half. Goldberg's extra point kick deflected off the upright. The Gophers' touchdown was set up by an interception.

**BULLETIN**

**ANAHEIM (AP)** — Nolan Ryan had his fastball blazing Saturday night and pitched the third no-hitter of his career, hurling the California Angels to a 4-0 victory over the Minnesota Twins.

The fireballing right-hander became only the fifth pitcher in major league baseball history to hurl three no-hitters.

**SCORE 26—3 WIN**

**Red Raiders Rope Longhorns**

quarterback Tommy Duniven rifled three touchdown passes to fleet flanker Lawrence Williams Saturday and Texas Tech shocked sixth-ranked Texas 26-3 for the first Southwest Conference loss by the Longhorns in 20 games.

The defending SWC champions, who have captured six consecutive titles opened a brief 3-0 lead on Billy Schott's 40-yard field goal and were promptly scorched beyond recognition by the Duniven-Williams bombs.

Tailback Larry Isaac scored on a six-yard run to give Tech a 7-3 lead and the poised Duniven connected on touchdown shots of 77, 15 and 18 yards to the slick Williams who had the Longhorn defenders cross-legged with his darting fakery.

It was 26-3 at halftime and the regionally televised game was all over.

The 77-yard pass and run put the Jones Stadium crowd of 51,082 fans into near frenzy. Duniven winged the ball 46 yards into a 25-mile-per-hour wind. Williams slipped behind safety Raymond Clayborn and galloped untouched to the end zone, taunting Clayborn by waving at him the last five yards.

Tech quickly made it 20-3 early in the second quarter on a second touchdown strike to Williams and dazed Texas handed the ball right back on a fumble. Sixteen seconds later Duniven, found Williams on the third TD pass.

It was the first time Tech had defeated Texas since 1968 and was Red Raider Coach Jim Carlen's first victory over a Darrell Royal coached team in his five years at Lubbock.

Tech is now 2-0-1 for the season, having been tied 21-21 last week by New Mexico. Texas is 2-1.

The 6-foot-2, 200-pound Duniven completed 7 of 7 passes for 145 yards in the first half. Williams had a 110 yards on his three catches.

Carlen ordered Duniven to stay on the ground in the second half.

**Aggies Collar Huskies, 28-15**

**SEATTLE (AP)** — Skip Walker scored three touchdowns in the first half Saturday to lead ninth-ranked Texas A&M to a 28-15 inter-sectional college football victory over Washington.

The Huskies, who adjusted to the devastating Aggie sweep at halftime, pulled to within 21-15 in the final period, but quarterback David Walker began to take to the air and drove the Texans 72 yards in 17 plays to put the game out of reach.

Skip Walker's first touchdown came after Husky quarterback Dennis Fitzpatrick's pass was tipped into the hands of Aggie Pat Thomas, who returned it 49 yards to the Washington fiveyard line. The Aggie halfback drove over from the three for the first score.

A 21-yard sweep around left end gave Walker his second score and he dashed 61 yards with a screen pass from David Walker late in the second quarter.

Washington's only first-half score came on a 34-yard burst up the middle by halfback Willie Hendricks.

A 45-yard pass from Fitzpatrick to Ken Conley helped narrow the margin for the Huskies in the third quarter.

Bucky Sams climaxed the final Aggie drive with a four-yard touchdown plunge.

Two critical pass interference calls against the Aggies' Tim Gray helped the Huskies move to the Aggie one-yard line late in the game, but linebacker Ed Simonini broke through twice to throw reserve quarterback Chris Rowland for successive losses.

Griffin, meanwhile, scored on runs of 16 and 27 yards, and carried the ball 24 times, thrilling the second-largest ever Ohio Stadium crowd of more than 87,000.

**MISSOURI ROLLS TO RECORD**

**Missouri Tops ASU**

Press poll, although other ranked teams including No. 2 Notre Dame and No. 6 Texas and No. 7 Arizona State will probably slip as the result of major upsets.

Notre Dame, which dropped out of first place this week last Saturday's game by 46 points, figures to slip much farther next week after losing to Purdue 31-20.

Quarterback Mike Terzizzi directed the Boilermakers' upset, moving Purdue to 24 points in the first quarter in the second-ranked Irish.

That marked the most points ever scored in the opening quarter against the Irish and signaled an end to Notre Dame's 13-game winning streak, longest in the nation.

Arizona State suffered its first shutout in 97 games, a 9-0 loss at the hands of Missouri.

Missouri got the game's only touchdown on Ray Smith's 18-yard scoring pass to Mark Miller in the second quarter and then added Tim Gibbons' 21-yard field goal in the fourth quarter.

Top-ranked Ohio State had a tougher time than anticipated with stubborn Southern Methodist, defeating the Mustangs 28-9.

Tailback Archie Griffin churned out 157 yards and scored two touchdowns for the Buckeyes.

## More or Lesh

By CLARK LESH

Enjoyed the closeby 20-some mile trip to Stanton and the comforts of Class A schoolboy gridiron play. It appeared the town really turned out for "homecoming," as the stadium was almost filled to capacity.

Many thanks to Paige Eiland, who provided game statistics, and Bob what's his name, helping me out to identify Stanton players. Statistics, and Bob what's his name, helping me to dressing room. "Horse play for horses, our game is football." The one which really caught my eye read, "Often an All-American is made by long run, weak defense, and a poet in the press box."

In reply to the statement that I had in my last column, concerning that I was unable to find out the number of last year's PP&K entrants, Dale Worham, fleet manager of Bob Brock Ford, provided the quick answer. He also updated me on the yearly event.

Worham replied besides Brock co-sponsoring the national headliner, the morning Optimists will provide assistance as they did last year.

This will be the first year girls are eligible to participate.

There were 125 boys that signed the dotted line, last go-around, with 92 showing up on PP&K day. Twenty-five youngsters have expressed a desire to enter. The deadline is closing time at Brock's, 7 p.m., Oct. 4.

If the weather holds, and the field is dry, 125 are expected to show up, 2 p.m., Oct. 5 at Blankenship Field.

Worham will handle PP&K arrangement, with J. W. Dickens, leading the Optimist delegation. Last year, 15 Optimists helped step off measurements, while Brock had six employees on the field.

Worham commented he tried to bring area competition here but it had already been awarded to Lamesa. "We're going to try for it next year."

Last year's winners were eight-year-old Pete Valenzuela, ninth-Harold Roffon, 10th-Phillip Ritchey, 11th-Gary Paige, 12th-Billy Ray Johnson, and 13th-Mike Thompson.

Don't let the Oct. 4 deadline slip by!

While this week's activity has been somewhat at a stand still, (5-4A football), I would still like to give credit where due.

I still can't help but be totally amazed by the energy and eagerness that Steer coach Bob Burris possesses. Always on the run. Never stops.

When I was out at the Steer practice field gathering pre-game data, Burris very politely said, "Excuse me, will be back shortly."

But the seconds ticked off to be long minutes. In between the waiting period, I was running my own chewing tobacco spitting contest, and wondering where to look for Burris.

As it turned out, Burris got so enthused in helping out the younger grid set at Blankenship Field, that he lost all track of the clock hand.

Steer student manager Scott Lawless summed it up real well. "Coach figures if he can show the grade students the proper way to hit and tackle, once they reach the high school level, fundamentals are well known."

Item of interest: Linda Sprague of Spokane tripped across the waters to Koonung High in Melbourne, Australia to be an English teacher. She was asked to be the school's head football coach.

Miss Sprague wrote her parents in Spokane, Wash., that the school added a new sport this year called "Gridiron," or American-style football.

Her father, Donald Sprague, is sending her, at her urgent request, books on coaching and strategy.

# Buffaloes Register Homecoming Victory

By CLARK LESH

STANTON — The Big Red machine from Stanton spotted Roscoe seven second quarter points, then broke loose in the third frame to ramble past Roscoe, 20-7, here before a homecoming crowd Friday night.

Roscoe broke the scoreless tie in the second quarter as Ronnie Hartman fired a 11 yard TD pass to David Drake. Time remaining: 3:21. Hartman booted the extra point.

Stanton appeared eager to play ball after half-time play the scoreboard for their total 20 point output.

The Brown boys, Vernon and Elvin, plus the superb showmanship of Gordon Eiland spearheaded Stanton to its second win of the

season against one lone setback. That loss came about of a 7-6 Rotan victory last week.

All of Stanton's third quarter five works were within a six-minute span.

Vernon Brown started Buffalo action with 7:37 registered on the clock. The quick-moving senior runner ran 11 yards to the end zone in just two plays. Eiland's extra point kick sailed through the uprights.

Vernon's brother, Elvin, a junior, blocked a Plowboy punt, which paved the way for brother Vernon's TD.

Eiland showed his brilliance as he scampered across Roscoe's end zone at 5:39. The senior field general's extra point kick was good.

Stanton concluded scoring procedure for the night at 1:05. The one-half of the Brown brother combination, Vernon, picked up his second six-pointer. He raced in from the seven-yard line. Eiland's PAT was short.

Stanton with Marvin Jones, (whose name was omitted from the program), intercepted a Roscoe pass late in the fourth. The Buffs moved close-in, but were unable to push the drive across Roscoe's end zone.

Bill Young, sophomore head coach at Stanton, remarked, "We weren't ready to play the first half, but we regrouped for the second. I was well pleased with our boys. Roscoe is a well-coached and a strong opponent."

Vern Brown carried the ball 18 times for 122 yards and his brother, Elvin, 12 for 47 yards.

STANTON TOUCHDOWN — Vernon Brown, senior halfback, scampers around the Plowboy defense for a touchdown. The Buffaloes won the "homecoming" game Friday night against Roscoe, 20-7.

## Forsan Gallops By Grandfalls

FORSAN — The Buffaloes off to their best start in several years, galloped by Grandfalls, 28-6, here Friday night.

Both teams entered the contest undefeated. Forsan stands at 3-0, while Grandfalls is 3-1.

Forsan scoring was distributed: four — Ralph Sharing honors were: Ralph Miranda, Wesley Thixton, Landon Soles, and Donnie Croft.

Miranda led off with his team scoring shortly after the opening period clock was started. He hauled in a 25 yard TD pass from Soles.

The extra point try was completed from Miranda to John Medlin.

Forsan engineered this TD drive on a Grandfall fumble, and a Buffalo recovery.

Forsan needed only two plays to hit pay dirt.

Thixton added the second Buff first quarter tally on a 26-yard run. Soles kicked the extra point. This drive accumulated 55 yards in eight plays.

In the third stanza, Soles

uplifted Forsan on a five yard TD, and he kicked the extra point.

Croft closed the Buffalo scoring book as he sprinted three yards, and a fourth frame TD. Grandfalls was able to grab a fourth quarter six-pointer.

Thixton carried the ball 18 times for 100 yards.

Jack Wooley, Forsan Coach, remarked, "Grandfalls had lot of material, but couldn't put it together Friday night. We hit them real early, and they were unable to recover."

Wooley stated that Brad Stevens did an excellent job on offense, "especially on quick pitches," Thixton, Croft and Tim Yates showed yeoman service on defense.

Forsan opens district play Friday at Sands. Game time is 7:30 p.m.

## McCamey Pulls Upset; Edges Coahoma, 14-6

McCAMEY — McCamey pulled perhaps the biggest upset in Class AA ball this year by brushing No. 1 ranked Coahoma, 14-6, here Friday night.

Coahoma, which had rolled over No. 2 rated Cisco, 52-8, the previous week, simply couldn't get "up" for this one.

McCamey took the lead in the opening period with 5:43 remaining with QB Perry Graves, a thorn in the side of

the Bulldogs all night, scored on a four-yard jaunt. Graves added the extra point on a boot.

Coahoma got back into contention later in the period when QB Jody Bennett flipped a pass to Gary Roberts, good for 45 yards. There was 1:27 left in the half when Roberts went in.

Coahoma went for two points on the extra point try and failed.

McCamey scored again in

the third on a nine-yard pass from Graves to end Leland Bolen, at which time 7:17 was left in the period. Graves again added the PAT on a kick.

In the final round, McCamey got close enough again to try a 23-yard field goal but it was wide.

Coahoma hammered away at the McCamey goal for what could have been the tying touchdown but to have the drive stopped by a fumble, which followed a completed pass.

Tackles Eric Tabb and Craig Pearson of McCamey did much to stop Coahoma's vaunted ground game. The Big Red was limited to 130 yards on the ground but added 88 through the air.

The defeat left Coahoma with a 3-1 record. The Bulldogs open conference play against Colorado City next Friday.

Five minutes later, Roger Mayes blocked Bruce McDaniel's punt after a bad center snap, and Mark Mohr fell on the ball in the end zone, putting

Houston in front 14-0. Tech's Greg Toal fumbled on the next series, and the

Cougars' Guy Brown recovered on the Goblbers' 35. Six plays later, quarterback David Huisman scored.

Housman, a 6-foot-3, 205-pounder, was only one of the big cogs in a varied Houston attack that included a 64-yard touchdown pass from halfback Marshall Johnson to flanker Frank Scalis.

The Cougars scored with 6:49 left in the first quarter on Donnie McGraw's 21-yard

# LET'S GO FISHING

By VIRGIL WARD

Although fishing is a safe sport, failure to use common sense and follow safety rules has led to some mishaps that could have been avoided.

Knowledgeable fishermen know there are certain precautions that should be taken in every type of fishing and at every stage of the fishing procedure.

For example, never overload a boat or jump into or out of it. Don't get aboard carrying your tackle always put it with an easy reach on the dock. Step into the middle of the craft, using its side to steady yourself. And always be seated and settled down before the next person comes aboard.

Life preservers, either an approved vest or belt type, should be available on board for everybody, no matter how skillful they are at swimming. The law in most states requires this, and it's cheap insurance if someone falls overboard or the boat is swamped or capsized.

When two fishermen are sitting close together in a boat, only one should cast at a time. Let the other fellow cast first, you follow when he is retrieving.

Watch your back cast. Be certain it doesn't come close to anyone. If you do hook someone, don't pull the hook out. The best advice is to seek professional help.

Good fishermen work together as a team. One will sit in the front of the boat while the other sits in the back. Each will cast only on his side of the boat. This technique is called "fan fishing" because each angler casts in an undisturbed section of water that forms a half circle from his left to right.

Weather is always a safety factor. Squalls can blow up on lakes and even ponds in a short time. Dark, low clouds usually mean a storm, with a good chance of wind, lightning and high waves.

The best thing to do is stop fishing and head for shelter. If you don't make it, find open ground to wait out the storm. Standing in water holding a metal reel is asking for trouble during an electrical storm. Also, keep away from a single tall tree — it could attract lightning.

Periods of questionable weather should be spent fishing along the shore where it will be easy to scoot for safety if necessary. The lee shore (side from which the wind comes) will be the most calm.

In wading streams and rivers, don't go so deeply in the current so that a stumble means disaster. Exercise extreme care and restraint when fording because stream beds are usually uneven and are often made up of varied-size, slippery rocks.

If you should be carried down-stream, always try to

keep your feet in front of you. Tread the water in the sitting position to protect against hitting dangerous objects.

In surf fishing, don't wade out past the point of no return. Respect the surf for the force it is. Keep in mind the possibility of undertows, holes, and drop offs. Stay off jetties with which you are not familiar. Many are completely above water at low tide, but sections may be under at high tide.

When fishing with your children, don't allow anyone under 12 to wear any chest-high waders. If they fall, the weight of the water in the waders might pull them under before you are able to get to them. Hip boots are all that a child should use.

Bank fishermen should watch where they're going. Each year hundreds of people fall after stepping on an unsafe ground or by carelessly leaping from rock to rock. Wet, mossy rocks are more slippery than most people realize. And don't depend completely on felt-soled waders, boots or deck shoes for foot footing.

When angling for large game-fish, use a hook remover to free deeply imbedded hooks from their powerful jaws. This protects you from being bitten or hooking yourself.

Needless finger injuries also can be avoided by never stopping the run of a big fish by putting your thumb on an unsafe ground. The drag was designed to slow the turning spool and thus prevent losing the skin off the thumb in nothing flat.

While safe fishing is largely a matter of using common sense, there's also plenty of room for fishermen to be courteous, helpful and thoughtful of others. This, really, is all anyone needs to enjoy fishing safely.

Dear Virgil: I've been having great luck fishing a rather large pond on a dairy farm. The cows are a pleasure to watch while I fish, but the flies that apparently are attracted by the cattle drive me wild. Their bite stings like a wasp and they don't seem to mind the usual repellents that drive off other bugs. Any suggestions?

Frank Broughs, Munster, Indiana

Dear Frank: Yes, I suggest you try a new preparation called Deep Woods Off! It repels biting flies as well as mosquitoes, gnats and similar pests that like to make life miserable for fishermen.

Virgil Ward

Virgil Ward, three-time world and national freshwater fishing champion, is seen weekly on "Championship Fishing" TV series. Send your question to Virgil Ward, P. O. Box 6, Mankato, Minn. 56001.

# BRAVES VS REDS

# Aaron Waves Goodbye Wednesday

ATLANTA (AP) — In a few days, Henry Aaron can look back on the 1974 baseball season with fond memories of home runs hit and records broken in a brilliant career.

# Lamesa Scores Post Wins

BIG LAKE — Lamesa's Golden Tornadoes slice up Reagan County's Owls, 38-12, in a football game here Friday night.

Both teams got off to a slow start, but Lamesa went ahead to stay with 13 points in Round Two.

Eddie Pearson scored Lamesa's first touchdown on a six-yard jaunt. Jerry Williams added the PAT.

Lamesa took over after a short kick, and drove in for its second TD when Renny Laughlin bruised two yards through the line.

In the third, Reagan County tallied when Jennings Teel scored from four yards away. The try for point failed.

Lamesa cranked up for four touchdowns in the fourth. Teel tallied again for Big Lake, but that was more than offset by Lamesa's ramblings.

Melvin Robertson sprinted 46 yards for one Lamesa six-pointer. Williams added the PAT.

Rex Keese broke loose on a 25-yard jaunt for another Tornado tally. The attempt for the extra point failed.

Dennis Page of Lamesa went in from two yards removed. Anthony Manuel went in for still another Tornado TD.

The win was the third in four starts for Lamesa. Big Lake is drifting with a 1-3 mark.

The Tornadoes made 396 yards rushing but none passing. Reagan County had only 57 yards on the ground but added 126 yards through the air. First downs favored Lamesa, 22-16.

Score by Quarters: Lamesa 0 13 0 25 — 28 Reagan 0 0 6 6 — 12

# Andrews Stopped

ANDREWS — Snyder fought back in the second half to topple an upset-minded Andrews team here Friday night, 27-14.

The Tigers picked up 239 yards in rushing plays, Welton Cobb getting nearly half of that. He accounted for 113 passes in 17 carries. Ricky Howell was also effective. He tallied 97 yards in 14 attempts.

Andrews led, 14-7, at half time. Charles Arnold scored twice for Andrews in the first half on runs of two yards each time.

Cobb bruised over from the two late in the second quarter. Howell counted twice in the third for Snyder on runs of seven and four yards.

In the fourth, Howell made it into the end zones again for Snyder.

The Tigers are 3-1 on the year while Andrews is 0-4.

# Hobbs Nudges Kermit, 17-14

KERMIT — The Hobbs Eagles, winners over Odessa High last week had their problems in subduing a scrappy Kermit team here Friday night, 17-14.

Kermit led at half time, 14-0, but the Eagles scored two touchdowns in the third, and added the winning field goal in the fourth. Robert Thompson kicked it from 14 yards away.

The defeat was Kermit's first in four starts. Hobbs' lone loss was to Big Spring.

# Smyer Records 50-12 Victory

KLONDIKE — Smyer came on strong in the second half to topple Klondike, 50-12, in an eight-man football game here Friday night.

The Bobcats led, 6-0, at half time, but managed to score 22 points in each of the last two periods.

Halfback Woody Long and QB Gary Gilbert each scored two touchdowns for Smyer, now 4-0 on the year. Klondike dropped back to 2-2.

Smyer ran up 244 yards rushing and completed five of 17 passes for gains totaling 42 yards. Smyer also had the edge in first downs, 15-11.

But, for the Atlanta Braves' star, the last days also will be tinged with sadness.

On Wednesday, Oct. 2, when the lights in Atlanta Stadium have dimmed after the last out against the Cincinnati Reds, Aaron will have made his last appearance as a player, retiring after 21 years

as a Brave. "I've got mixed emotions about retiring," says the 40-year-old Aaron. "I know it won't be easy walking away from the game after playing it all of my teen-age and adult life. But you can't play forever."

A crowd of about 40,000 is expected for Aaron's final game which probably will bring back memories of the opening night — on April 8 — when he became baseball's all-time home run king, cracking No. 715 off Los Angeles' Al Downing and surpassing Babe Ruth's mark.

"When the final curtain comes down, my record will speak for itself," he says. "I'm not trying to make anyone forget the Babe, but only to remember Hank Aaron."

He will be remembered, not only for No. 715 but for the 25 National League records and 18 major league marks he holds.

Aaron has been promoted a front-office position with the Braves and also has a \$1-million contract with a television manufacturer.

"Naturally, I want to remain in baseball in some capacity," he says. "But that hasn't been discussed in detail yet."

As for his records, Aaron says he never really thought about them.

"Not even the home run record, until much was made of it. To tell you the truth, I don't know where I stand with all those other records. I never look at them."

Of his 25 National League records, 18 are also major league marks.

They include: most career home runs; most career at bats; most career games; most years with 30 or more homers, 15; most years with 100 or more runs scored, 15; most years leading league in total bases, eight;

most years with 300 or more total bases, 15; most years playing in 150 or more games, 14; most years with 100 or more extra bases on long hits, 19; most years with 20 or more homers, 19; most consecutive years with 20 or more homers, 19; most career total bases; most career sacrifice flies; most career intentional walks; most career extra base hits; most career runs scored; most career extra bases on long hits, and most career total plate appearances.

HOUSTON (AP) — The Houston Oilers and Kansas City Chiefs hope to regain several injured troops and some first-game efficiency Sunday when they meet in matchup of two old American Football League rivals in the Astro dome.

Kickoff is at 1 p.m. CDT.

Both teams have injured quarterbacks with Houston's Dan Pastorini suffering from a hamstring pull and Kansas City's Len Dawson slowed by a finger injury.

Pastorini had been scheduled to play against the Chiefs with Lynn Dickey remaining as the starter but Pastorini now is questionable after re-injuring his hamstring Thursday.

Mike Livingston will start at quarterback for the Chiefs.

Kansas City's offense has fizzled this season including last week's 27-7 loss to Oakland. The Chiefs have scored only four touchdowns this season and three have been produced by the defense on interception returns.

Witbur Young and Marvin Upshaw each have scored on 52-yard returns for the Chiefs, to tie for the longest touchdown interception return this year in the American Football Conference.

The Chiefs' No. 1 draft choice, Woody Green may see action.

Running back Calvin Hill of Dallas was questionable for game because of a toe sprained against the Eagles.

# Mental Aspect, Cowboy Problem

DALLAS (AP) — The New York Giants and Dallas Cowboys fumble and an interception by his troops turned into the game-winning points.

The number of Cowboys, who blasted Atlanta 24-0 in the season opener, face a similar situation to 1973 after a tough loss in a Monday night game.

Washington dropped their only two games under new coach Bill Arnberger thanks mainly to a running game that has amounted to nil.

Ron Johnson, the leading New York rusher in 1973, has carried 29 times for the grand total of 36 yards.

The Cowboys are coming off a 13-10 Monday night loss to Philadelphia in which they dominated every statistic on the board including charity.

# Sands Plan QB Meeting

ACKLERLY — The Sands Quarterback Club will hold a meeting 7 p.m. Monday at the high school cafeteria.

Films of previous games will be shown. Everyone is urged to attend.

Sands, (1-2), opens district play Friday at home against Forsan.

The Tornadoes made 396 yards rushing but none passing. Reagan County had only 57 yards on the ground but added 126 yards through the air. First downs favored Lamesa, 22-16.

Score by Quarters: Lamesa 0 13 0 25 — 28 Reagan 0 0 6 6 — 12

# Fish Report

Continuous rain most of the week dampened fishing activity at Lake E. V. Spence, but there were several good-sized striped bass caught.

Almost all parties reporting had strings of channel cat, and there were several reports on white bass.

From various points, the reports included: Wildcat Fish-A-Rama — Ronnie Devall, Robert Lee, an 8 lb., 13 oz. striped bass; Jim Anderson and Richard Archer of Lamesa and Steve Curry, Grand Prairie, 6 3/4 lb. striper, a 7-lb. yellow cat, 19 channel cat to 5 lb., eight white bass to 1 1/2 lb.; Dub Metcalf, Robert Lee, Buddy Duncan, Walter Fields and Travis Reid, Big Spring, 18 channel cat to 8 lb.

Coult's Grocery and Bait — Floyd Harmon, Robert Lee, 29 channel cat to 4 1/2 lb.; Miles Powell, Odessa, two channel cat to 5 lb., three small yellow cat.

Y. J.'s Marina — Roy Knott, Eunice, N.M., 25 white bass and five channel cat; Cecil Cherry, Odessa, 4 1/2-lb. striper; Bill Murphy, Big Spring, 7-lb. striper, three channel cat to 3 lb.

Dink's Bait — Tom Logan and Brooks Rice, Robert Lee, 15 channel cat to 5 lb.

# League Grants Amarillo Move

DALLAS (AP) — Texas League president Bobby Bragan has announced that league officials tentatively approved the move of the Amarillo Giants and the Victoria Toros.

He said officials Friday gave approval for the sale of the Amarillo team by owner Steve Daly to Al Stuckeman of Pittsburgh who wants to move the franchise to Lafayette, La.

The league also gave permission to Victoria owner Cal Rokkefeller to move the Toros to Jackson, Miss., "provided certain stipulations are met," Bragan said.

He said the main condition is the construction of the new Jackson stadium in time for the 1975 season.

Victoria won the Texas League title in its first year in the league. It averaged 850 fans per game.

Bragan also announced the selection of El Paso Diablos general manager Jim Paul as Texas League Executive of the Year.

He said the main condition is the construction of the new Jackson stadium in time for the 1975 season.

Victoria won the Texas League title in its first year in the league. It averaged 850 fans per game.

Bragan also announced the selection of El Paso Diablos general manager Jim Paul as Texas League Executive of the Year.

Ballots Picked Up By 35 Here

Absentee voting for the general election starts in the county clerk's office Oct. 16, Mrs. Margaret Ray, chief deputy county clerk, said.

Thursday afternoon, 35, mostly military personnel, had requested absentee ballots by mail. Mailed ballots, to be counted, must be received by the county clerk's office by 1 p.m. Nov. 5, the day of the election.

Nov. 1 at 5 p.m. is the deadline for in-office absentee voting.

Mrs. Ray reminds voters that those who cast ballots in the 1972 Presidential election are still registered to vote if they have not moved.

Asks Removal Of Obstruction

ACKERLY - Postmaster Wanda C. Russell has urged residents in her area to clear growth that obstructs vision at intersections and farm entrances.

This is part of a drive by the National Postal Service to reduce injuries and fatalities among the 700,000 postal employees, including rural carriers.

Becky, Amy Show Ram, Eve Champs

STERLING CITY - Becky Hodges, 14, Sterling City, showed the grand champion ram and ewe in the Rambouillet division of the open sheep show at the Panhandle South Plains Fair.

Amy Hodges, Becky's 16-year-old sister, exhibited the reserve grand champion ram and ewe in the division. The champion animals were bred by the girls, who own 105 ewes. Amy has been showing sheep for nine years, and Becky looks back to her first show at seven-years-old.

Working an hour daily with their sheep, the sisters have invested \$125 per head in feed.

They are the daughters of Mr. and Mrs. Clinton Hodges.

Woman Hurt In Accident

Mrs. Mary Lawrence, 711 Aylford St., was dismissed from Medical Center Memorial Hospital Saturday after being injured in a two-car wreck on U.S. 87 south of here 11:20 a.m. Friday.

David Herman Berg, McAllen, was driving south and Mrs. Lawrence was attempting to cross near a grocery store, according to the sheriff's office.

Deputy Sheriff Jess Bedwell investigated when a state trooper could not be located.

Two Committees Due To Meet

Two Big Spring Chamber of Commerce committee meetings are slated for next week, according to Chamber Executive Assistant Manager Terry Hanson.

On Thursday, the Public Affairs Committee will meet at noon at the Tea Room, and on Friday, the Organizational Affairs Committee will meet at noon at the Holiday Inn.

Meet Monday

The Big Spring Property Owners Association will meet Monday for its regular monthly meeting. The time is 6:30 p.m. at Furr's Cafeteria, and members are urged to attend since important reports are to be received.

Older Adults Meet Tuesday

Regular monthly meeting of the American Association of Retired Persons begins at 10 a.m. Tuesday in Kentwood Older Adults Center with business and games. A covered dish luncheon is scheduled at noon.

Herefords Sale Slated Monday

For the past 34 years, Leland and Gerald Marie Wallace have breeding registered Herefords, but Monday they will try something new for them.

They are having their first production sale starting 12:30 p.m. at the Big Spring Auction Barns with Walter Britton as auctioneer. In the ring will be 50 head - 40 bulls, six bred and four open heifers.

Most of the Wallace herd is Straight Anxiety 4th and the cow herd of 100 contains such names as Bibbette, Donna, Anna, Pretty Lady, Mabelle, Blanche, Mischief, etc. These families have produced such famous her bulls as Bright Sensation, Lamplighter, Noble Lamp lighter, Golden Superior, Imperial Stanway, Beau Mischief, Prince Comino Imperial, etc.

Wallace bulls have consistently placed high and sold well in area and regional Hereford sales. Many of the sale cattle are the issue of their classy C Bar Diamond A48-4.

In addition to the registered cows, the Wallaces also carry 50 commercial cows in order to produce animals on which carcass data can be obtained.

Red Cross Can Take Donations

The local chapter of the American Red Cross, has not received any kind of donations for relief of the victims of hurricane Fifi in Honduras, but did receive a directive from the national headquarters concerning inquiries about casualties.

According to the advisory, there are no casualty lists available, but persons interested in the welfare of relatives or friends should contact the Honduras consulate in Washington, D.C.

Donations for the aid of victims of the hurricane may be made at the American Red Cross local office in the courthouse.

Texas Politicians Eye \$1 Billion 'Nest Egg'

AUSTIN, Tex. (AP) - During this period of runaway inflation and troubled economy Texas is boasting of \$1 billion in surplus funds and is considering slashing state sales taxes.

Additionally, Texas is one of only 12 states that does not have a state income tax, yet has one of the nation's finest highway networks and a prison system that is nearly self-sufficient.

Gov. Dolph Briscoe has the state on a pay-as-you-go system and is campaigning for reelection on a "no new taxes" platform.

The flood of money in state coffers has come about through an inflationary plague that grips the whole country.

State officials attributed the state's robust economic health to unexpected sales tax earnings and other windfall sources, mainly oil and gas.

Jim Oliver, assistant director of the Legislative Budget Board, says source of the surplus is obvious. "The price of a pair of blue jeans has gone up from \$9.50 to \$14. That's another 18 cents in sales taxes coming into the state," he said.

Oliver recently told the board, which makes spending recommendations to the legislature, that Texas will have as much as \$1.5 billion for the state's 1976-1977 budget even after it makes huge expenditures, including a

2.8 per cent pay raise for state employees, adds \$80 million to the public school aid program and spends \$93.8 million on emergency measures sought by Briscoe.

Politicians are now talking about cutting taxes, and using the "nest egg" to earn as much as \$100 million a year in interest.

The rosy forecast prompted Briscoe, a Democrat, to come up with the idea of giving \$80 million back to taxpayers by asking the 1975 Legislature to eliminate the four per cent state sales tax on soaring domestic electric and natural gas utility bills.

This would be better, Briscoe says, than launching "massive new spending pro-

grams of marginal benefit... which would require an unwarranted expansion of the state bureaucracy."

The Republican gubernatorial nominee, Jim Granberry, a Lubbock dentist, wants to cut the state sales tax from four to three cents, which he says would save tax payers \$279 million a year.

Bob Holt, Republican candidate for state treasurer wants to create a \$1 billion trust fund from the current and expected state surplus. "You can open up any paper nowadays and see ads offering 11 and 12 per cent interest for your money and here we are getting peanuts on our state money," he says.

Fingertip Shopping A TELEPHONE DIRECTORY FOR THE BIG SPRING AREA. NEW AND ESTABLISHED BUSINESS FIRMS - SERVING HOMES, FAMILIES AND BUSINESSES AT YOUR FINGERTIP - FOR EASY SHOPPING.

**YARDWORK THE SENSIBLE WAY** — Mrs. Maurine Terrell of 1400 Scurry Street uses the sensible approach when she hedges her lawn. The recent good-weather inspired people of all ages to get out into the sunshine.

### Ford Helps Pals Get Civil Service Jobs

ST. LOUIS, Mo. (AP) — The St. Louis Post-Dispatch says that it has obtained a secret report showing that the General Services Administration improperly give job preferences to persons referred by powerful political figures including then Rep. Gerald Ford and Senate Republican Minority Leader Hugh Scott.

The report, kept secret since its completion by the Civil Service Commission in 1973, cites "clear and conclusive" evidence that GSA officials were in apparent violation of Civil Service rules in giving special treatment to job candidates referred by "nominally political figures."

### Sterling Well Recompleted

The Sterling Co. No. 1-C McEntire has been recompleted as a gas well in northwest Sterling County. The venture, 467 from the north east lines of section 17-23, H&TC, rated 700,000 cubic feet of gas per day from perforations at 7,300-474, acidized with 2,000 gallons. It was deepened from 7,150 to 7,550 and plugged back to 7,539. Originally it was completed in the Credo East (Wolfcamp) field as Adobe No. 1 McEntire for 138 barrels of 40-gravity oil and gas-oil ratio of 1,200-1 daily.

### Firm Buys Extractor

SWEETWATER — Purchase of a 400-ton per day solvent extraction plant for the processing of cottonseed, has been announced by Bill Hunter, manager of Sweetwater Cotton Oil Company.

The plant, which will extract the oil from cottonseed by the direct solvent extraction process, is being built by Crown Iron Works Company, Minneapolis, Minn. and is scheduled for delivery in the summer of 1975 for operation in the fall of 1975.

## POLITICAL TRENDS

# Many Voters Turned Off, Minority Fighting Mad

WASHINGTON (AP) — In a variety of ways, Watergate has become the compelling force of 1974. It has many voters turned off and a potential minority fighting mad. And candidates who have learned how to use it are winning. Surprisingly, incumbents seem to be the main beneficiaries — so far.

The overwhelming feature of this year's elections is voter apathy, generally attributed by the politicians themselves to a public revulsion to politics brought on by corruption in Washington.

**HOUSECLEANING** — This development contradicts early predictions that Watergate would have the voters so riled up they would turn against all office holders in a housecleaning reaction.

But elections just as surely were decided on a Watergate note when most of the voters simply stayed home, letting most incumbents win re-election with little trouble.

It also places a premium on organization for the general

elections ahead. When voters won't turn out unprodded, the best organization wins.

The exceptions to the apathy rule came in those clear-cut cases where a challenger was able to raise the issues of morality and clean government and cast himself as a reformer fighting a degenerate establishment.

**THE REAL TEST** — The real test comes Nov. 5 when the voters have a distinct choice between the ins and the outs — Democrats and Republicans.

The message of this year's primaries is that if the vote is heavy on that first Tuesday in November, if the turned-off voter becomes active, incumbents are in trouble unless they are on the "clean" side.

This issue is not limited to Watergate and the Nixon administration scandals as such but encompasses the broader

question of political morality and true service of the public's interests. And it cuts across party lines.

Beyond the general voter dropout, the other significant trend from the primaries is the success of most candidates who creatively stirred this voter uneasiness.

The political establishment took its lumps across the country wherever it was effectively challenged. Running against the "old pols" and "politics as usual" proved to be a winning formula in several areas.

Success depended a lot on the political attractiveness of the challenger, but most of those who tried the formula won. And most of those who didn't win came closer than anyone thought they would.

More significantly, those challengers who didn't try it lost, almost to a person.

they invite  
your crazy questions

If you attend any church on some regular basis, this invitation is not for you. But if Sunday mornings give you the "blahs," maybe the Episcopal faith offers something you've been missing. It is a bit different — and very personal.

You might enjoy learning the reasons behind some of the Episcopal ways of doing things. There'll never be a better opportunity than the Inquirers' Class just getting started at the church near you. And no one will touch your arm to "join" anything. That's strictly up to you — only after you've heard the full story and both your head and heart say "Go!"

You'll find a group of people there who share your own feelings and doubts. Great time to join in asking that "Crazy Episcopal minister" some crazy questions.

Who knows? He may surprise you with some very sane answers instead of "pie in the sky."

Interested? Come visit Sunday services. Or phone for details on the Inquirers' Class.

## SUPER TIRE SALE

# Steel belted radial

# 20% off all sizes

# 42,000-mile guarantee

### PASSENGER CAR TIRE GUARANTEE

Montgomery Ward guarantees each of its passenger car tires for a specified number of miles when used on passenger cars or station wagons, except taxis. If your tire does not give you this mileage because of:

- defects in material or workmanship,
- normal road hazard failure,
- premature tread wearout (2/32 inches or less remaining).

Montgomery Ward will:

1. During the first 10% of guaranteed mileage, replace the tire free.
2. During the remaining guaranteed mileage, replace it for a prorata charge based on mileage used.

Nail punctures repaired free during the entire guaranteed mileage.

For guarantee service and adjustments, return tire to any Montgomery Ward branch with the Guarantee Booklet issued at the time of sale.

Charge after first 10% of guaranteed mileage based on selling price in effect at the time of return at branch to which returned, including federal excise tax.

Passenger tires used on taxicabs and motor vehicles other than passenger cars are guaranteed on the same basis against defects in material and workmanship only.

**GOOD HEALTH FOR SALE**

We now have many medicines, vitamins and other health-aids that can be depended upon to help you gain better health. Most of them have been perfected within the past ten years.

Modern medicines are more potent than those our ancestors used. They must be more cautiously used under expert guidance. When you depend on a physician's advice about what to take and secure all medicines and health-aids from a pharmacist you are safer.

**YOU OR YOUR DOCTOR CAN PHONE US** when you need a change. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

# Community Concerts

FRED WARING  
AND THE YOUNG PENNSYLVANIANS

**By JO BRIGHT**  
A gala kick-off dinner at La Posada Monday evening will begin the second phase of this year's campaign by the Big Spring Community Concert Association. All workers and members of the concert board have been invited to attend the affair which will commence the week's drive for new memberships.

Four outstanding concerts have been chosen for local presentation and, again, there will be reciprocity with Midland's concert series. Tickets for Big Spring's programs, plus Midland's remaining three, will be \$12 for adults and \$5 for children. Reserved seats for adults will be \$16, and reserved seats for students \$7.

Opening the season Oct. 21 will be "The World of Gilbert and Sullivan" featuring six acclaimed artists from England in a delightful potpourri of songs and scenes. Second on the schedule will be "Polynesia!," a dance festival from the exotic South Seas and Hawaii. A company of forty will present this spectacular show Nov. 11.

Following the holiday season, Fred Waring returns to Big Spring Feb. 15 with "his all new, young Pennsylvanians." Waring, who has remained a major attraction for 57 years, will direct a creative group of young people with "new young sounds in old unforgettable songs."

Closing out the series will be a piano trio, "One Third

Ninth," featuring Gloria Saarinen, pianist; Moshe Hammer, violinist; and John Kadz, cellist. The three Canadians will appear April 14.

Mrs. J. W. Kuykendall is membership chairman, assisted by Mrs. R. Earl Price, with publicity arranged by Mrs. Paul Kionka. Headquarters for the drive, which ends Oct. 5, will be in the lobby of Hotel Settles. Only season memberships will be sold. No tickets will be available for individual concerts.

Other members of the 1974-75 concert board are Charles Beil, president; Mrs. G. R. Robinson, secretary; Mrs. Carl Bradley, treasurer; Bill Bradley, Mrs. Jack H. Burnett, Mrs. Roy Cederberg, Craig Fisher, Dr. Halvard Hansen, Mrs. Preston Harrison, Mrs. Willard Hendrick, Miss Helen Hurt, Lowell Jones, Mrs. Robert Knight and Dr. J. W. Kuykendall.

Also, Mrs. Larson Lloyd, Mrs. P. W. Malone, Mrs. V. F. Michael, Mrs. R. Molina, Charles Parham, Mrs. Joe Pickle, Mrs. Pete Rhymes, Ralph Smith, M. A. Snell, Capt. Richard Steele and Capt. U. P. Stouck. Mrs. Kuykendall is first vice president, and Mrs. Price is second vice president.

The Midland series will include Robert Walker, Nov. 5; Hungarian Folk Dance Troupe, March 6; and The Romeros, April 2.

### Five Tables In Play At OWC

Five tables were in play Thursday for Officers Wives Club bridge games at Webb Air Force Base. Winners were Mrs. Neil Henn and Mrs. Tracy Rhodes, first; Mrs. David Ambrose and Mrs. Robert Simica, second; Mrs. Vern Kooser and Mrs. John Wilson, third; Mrs. Roger Ward and Mrs. Dale Schaub, fourth; and Mrs. Chuck Shults and Mrs. Robert Cox, low. The next play will be held at 9:20 a.m., Oct. 17 in the Officers Open Mess on base.

### Loses 46 pounds— becomes a backyard beauty.

When Jeanne O'Connor and her husband bought a swimming pool, she set her heart on having a great-looking swim suit to go with it. But at 165 pounds, she had a long way to go to be a backyard beauty. Right then, Jeanne knew she'd have to find something to help her eat less. So she bought a box of Ayds® Reducing Plan Candy. Taken as directed, Ayds helps curb your appetite. You eat less because you want less, so lose weight naturally and sensibly. On the Ayds plan, Jeanne O'Connor got down to 119 pounds—and into a terrific swim suit. Try one of Ayds four delicious flavors today. Only \$0.00.

## Volunteers Are Active Locally

Volunteer work at the Veterans Administration Hospital was the subject of a program given Thursday by Mrs. Dene Sheppard for the Altrusa Club meeting at Coker's Restaurant. The speaker recently returned from a meeting of VA volunteer coordinators in Memphis, Tenn., where coordinators from many areas expressed concern about the lack of interest shown by area people. Mrs. Sheppard said this is not the case at the local hospital. She has 150 regular volunteers and many others who

come from Abilene, San Angelo, Fort Stockton and Lamesa as well as other cities. "This hospital serves 140,000 veterans and community support is outstanding," said the speaker. One popular project investigated by Chaplain C.O. Hitt is to have Sunday school lessons and services taped by the teacher and pastor from a patient's home church so that he may hear his home town service at the hospital. Eighteen months ago the arts and crafts classes were begun, and the patients have enjoyed it immensely. Their wood carvings were displayed at the Howard County Fair and so impressed Scurry County people that they asked that the exhibit be shown at their fair.

All volunteer organizations have pooled their resources and furnished colored television for the hospital and also paid for cable. They have also furnished pitcher pads and slippers. The volunteers have also made available toiletries that are offered to the patients each Monday

from a cart that is pushed into each ward. Mrs. Sheppard emphasized that volunteer work is flexible and can be scheduled to the worker's convenience. Some volunteers are "listeners", visiting with the patients, others do office work while some serve in the library. The gift shop for patients will open Dec. 1 and close Dec. 5. A question and answer session concluded the program. Mrs. V. F. Michael and Mrs. Willard Hendrick will be delegate and alternate, respectively, at the District 9 convention in Houston Oct. 18-19.

### Big Spring Woman In Area

Mrs. Barbara Justiss was named president of Area 2, Young Homemakers, when the area conference was held Oct. 21 in O'Donnell. The announcement was made when Howard County Young Homemakers met Thursday evening at the Academy of Hair Design to hear a program by Mrs. Frankie Weeks, guest speaker. Mrs. Weeks discussed skin care, as well as the grooming and styling of hair. Mrs. Jan Nichols, president, presided, introducing three new members, Mrs. Gus Robison, Mrs. Connie Fowler and Mrs. Shirley Reid. The next meeting will be at 7:30 p.m. Oct. 24 at Coahoma High School.

## Nuptial Affair Held For Dianne Stewart

Miss Diann Stewart, bride-elect of Bobby Mayo, was honored with a gift shower Thursday evening in the home of Mrs. Roy Watkins, 606 Drake.  
 Miss Stewart wore a dress of blue polyester with long sleeves that were lace trimmed as was the jewel neckline.  
 Corsages were given the honoree, her mother, Mrs. L. D. Hayworth, and the prospective bridegroom's mother, Mrs. A. R. Mayo.  
 The tea table was covered with a blue cloth with a white net overlay. An epergne holding shaded blue flowers was the centerpiece. Silver and crystal appointments were used.  
 Among those attending were the bride-elect's grandmothers, Mrs. D. W. Hayworth and Mrs. W. Davidson, and Mrs. Vennie Alexander, McKinney.  
 There were 16 hostesses.  
 The couple will be married Oct. 5 in Trinity Baptist Church with the Rev. Claude Craven officiating.  
**Attend Funeral For Relative**  
 FORSAN (SC) — Mrs. L. B. McElrath accompanied by three sisters, Mrs. Jodie Rowe, Mrs. R. G. Edwards, and Mrs. H. J. James, all of Odessa, attended funeral services for their brother, O. W. Smith, in Coleman. Also there for the services were Mr. and Mrs. J. L. Overton and their children and Mrs. Al White, Austin.

## Accessories Shine In Fine Jewelry

It's fall, and put-on time after all the take-offs of summer. You'll want to choose your own special put-ons from the many accessories that are so important for this season.  
 Jewelry has made a big come-back in fashion, and can be worn beautifully with even your most casual outfits. And sunglasses — with their variety in looks and hues — have become as much a fashion accessory as

**Suit Interest**  
 The renewed interest in suits, particularly those with contour jackets and figure-revealing skirts is sure to persuade the fashionwise woman to take another candid look at her figure.

(Photo By Danny Valdes)  
 THE NEW FALL naturals will be found in The Casual Shoppe at their new location, 1004 Locust. Mrs. Ruby Englert models separates in the natural colors of brown, rust and winter white, by Catalina. The Casual Shoppe also has a complete line of junior fashions and accessories.

### Party Held Saturday At Christoval

A 90th birthday party was held for Henty G. Cypert Saturday in his home at Christoval. The honoree was born Sept. 28, 1884.

Hostess for the affair was Mrs. J. T. Cypert of Garden City, widow of the late J. T. Cypert and daughter-in-law of the honoree.

Among those attending the family event were two sons, Sonny Cypert, Ballinger, and Rastus Cypert, San Angelo, and their families. Another son, Kenny Cypert, Lathrop Wells, Nev., was unable to attend. There are 14 grandchildren and 25 great-grandchildren.

Other out-of-town guests were Mr. and Mrs. James C. Cypert and Mr. and Mrs. Wayne Cypert, all of Garden City; Mr. and Mrs. Charlie Grisham and Mr. and Mrs. Dennie J. Cypert, all of Odessa; and Mr. and Mrs. Ray Ifera, Crane.

### Classic Coats

Coats get the classic, glamour treatment this fall. For women, camelhair and cashmere will hold center stage, and at prices that are said to be appealing.

## Methodist Church Is Scene Of Ceremony

The First United Methodist Church was the scene Saturday evening of the wedding of Miss Cynthia Ann Stanley to Sidney Phillip Savant.

Parents of the couple are Mr. and Mrs. John R. Stanley, 1106 Mt. Vernon, and Mrs. Onelia Savant, Lake Charles, La., and the late Mr. Savant.

The Rev. R. Gage Lloyd, Presbyterian minister, officiated as vows were repeated before an altar centered with a stand upon which was an open Bible. A single candle was flanked by small baskets of white daisies and yellow pompon mums.

Charles Parham was organist and accompanied Miss Sharon Andrews, vocalist.

The bride's floor-length gown with empire waist was fashioned of peau de soie and lace. It featured an underbodice of sheer organza with a high neckline of satin and lace. The full sleeves repeated the satin and lace motif on organza, deeply cuffed with satin and lace. The chapel train of peau de soie was edged in sheer ruffles. Her Camelot capulet held a tiered veil edged in Venise lace.

A bouquet of white orchids surrounded by daisies and yellow pompons was carried by the bride.

### ATTENDANTS

Miss Mary Alice Terrazas was the maid of honor and wore an empire floral print dress of organza, styled with rounded neckline trimmed with peach and yellow braid. Jimmy Dickson, Mrs. Danny Clary and Mrs. Jacque Hartman, all of San Angelo. Their empire dresses were of yellow crepe with round neckline trimmed with peach and yellow braid.

All the attendants wore green garden hats accented with peach streamers and miniature bouquets of daisies.

Mike Carter, San Angelo, was best man, and groomsmen were Jimmy Dickson and Danny Clary, both of San Angelo, and Johnny McMullin, Amarillo.

Ushers were Gary McMullin, Amarillo, and Fritz Shankle. Victoria Davis was flower girl, and Elaina Hartman was ring bearer. Both are from San Angelo.

After a wedding trip to Ruidoso, N.M., and Durango, Colo., the Savants will make their home at 1921 Raney, San Angelo.

### SCHOOLS

The bride attended Big Spring High School and

MRS. SIDNEY PHILLIP SAVANT

Howard College. The bridegroom is a graduate of McNeese University, Lake Charles, La., and is employed as merchandise manager for Sears Roebuck Co. in San Angelo.

A reception in the Fellowship Hall honored the couple following the ceremony. Refreshments were served by Mrs. Betty McAdams, Mrs. Gayle Bledsoe, Mrs. Ann Guinn, Mrs. E. C. Bell and Miss Debbie Tibbs.

Relatives attending from out-of-town were Mrs. Lela Stanley and Mr. and Mrs. Ben McMullin, all of Amarillo, and Mr. and Mrs. Tillman Jennings, San Angelo.

### Busy Bees Do Handicrafts

Mrs. Bessie Smith was introduced as a guest when the Busy Bee Hobby Club met at 9 a.m. Wednesday in the Kentwood Center. Mrs. D. H. McGonagill, vice president, presided and announced that the next meeting will be held in her home, 1207 Settles, at 9:30 a.m., Oct. 3. The women worked on individual arts and crafts such as making seed flowers and paper tole.

### Lovely Scents

When entertaining, scent can give a festive air to your whole house. Lamp bulbs sprayed will diffuse fragrance throughout the room when turned on.

### Camel, Grey Men Like The Good For Fall Newer Scents

The colors of fall? Look for camel and stone grey, a new rich and dark brown, black. As highlights, the fire engine reds, the marigolds. Kelly green and an electric blue show up occasionally.

All in all, it promises to be a gala coat season with wide revers, stand-up, dramatic collars, important patterns.

Someday soon most men will be persuaded to splash on a little lemon in the morning, maybe some sandalwood for a cocktail party, some pepper for the date to the movies and a dash of patchouly for that special late-late date.

# Miss Plagens Weds Ernest L. Schwartz

(Photo By Danny Valdes)

The wedding of Miss Debra Katherine Plagens and Ernest L. Schwartz was held at 4 p.m., Saturday in St. Lawrence Catholic Church, St. Lawrence.

Parents of the couple are Mr. and Mrs. Edward Plagens Jr., and Mr. and Mrs. Joseph C. Schwartz, all of St. Lawrence Rt., Garden City.

The Rev. Augustine Lucca officiated for the ceremony before an altar enhanced with light and dark blue carnations backed with white gladioli. Candelabra holding blue candles were on either side.

Miss Lonnie Kay Frerich was organist. The vocalists, Miss Margie Glenn, Miss Linda Batla and Mrs. Steve Livingston, were backed by the church choir.

### GOWN

The bride's gown was of heavy satin with a bodice overlaid with sheer organza. The deeply cuffed, full sleeves were appliqued in floral pattern that was repeated on the bodice and the ring neckline. Her full-length veil of illusion was appliqued with a floral design delicately detailed with seed pearls.

The bridal bouquet was of white carnations and white orchids.

Maid of honor was the bride's sister, Miss Denise Plagens, and bridesmaids were Miss Becky Schwartz, cousin of the bridegroom; Miss Kay Haden, Miss Donna Plagens, sister of the bride; and Miss Mary Kay Schwartz, sister of the bridegroom.

Attendants' dresses were full-length with royal blue velvet bodices and pastel blue chiffon skirts.

Floyd Schwartz, was his brother's bestman, and groomsmen were Roger Lange and David Hoelscher, both of St. Lawrence; and Jody Schwartz and Douglas Plagens, brothers of the couple.

### USHERS

Ushers were Chris Hirt, Arnold Braden, W. C. Herring Jr., Lott; and Larry Lord, Bryan. Deanna Plagens was the flower girl, Bryan Mikulik, Wall, was the ring bearer, and altar boys were Nathan Plagens, Larry Halfmann and Al Schwartz.

When the Schwartz' return from a wedding trip to the coast they will live in St. Lawrence.

The bride graduated from Garden City High School. The bridegroom is a 1969 graduate of Garden City High and is engaged in farming.

The wedding supper and dance were held in the St. Lawrence Hall. Serving refreshments were Mrs. Dennis Fuchs, Mrs. Ryan Walker, Miss Margie Glenn and Miss Cynthia Currie.

Out-of-town relatives present were Mr. and Mrs. Mack Halfmann, Wall, and Mrs. Victoria Plagens, Bryan, grandparents of the bride; Mr. and Mrs. W. L. Kadlacek, Eola, and Mrs. Ida Schwartz, Wall, grandparents of the bridegroom. The rehearsal dinner, hosted by the bridegroom's parents, was held Sept. 22 at St. Lawrence Hall.

## Organic Matter Must For Soil

Your soil may be that dream soil "a rich, friable loam," but it isn't likely for usually such a soil exists only in the minds of the people who write about gardening.

You're far more likely to have what the builder left you after he finished your house and the bulldozer finished back-filling.

Don't despair, it's easy to improve soil. Add any kind of organic matter you can lay your hands on: leaves in the fall, vegetable leftovers like pea pods and outer cabbage leaves, grass clippings during the summer months, and so on.

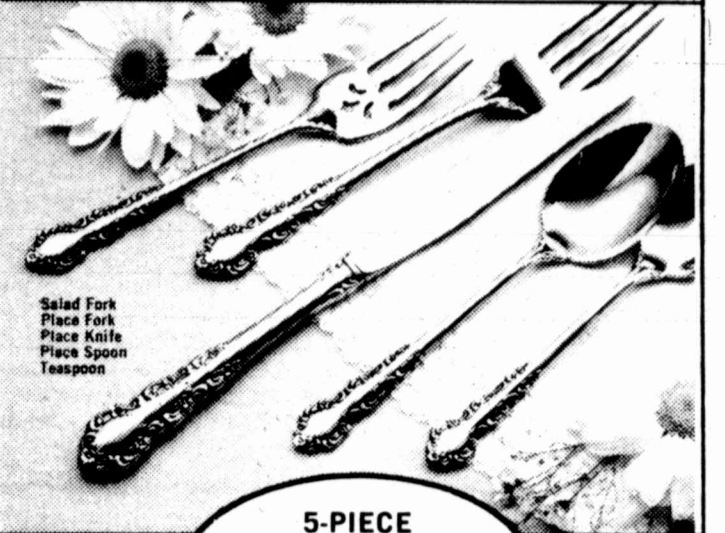

Start in one corner of your

yard and dig a hole about 18 inches deep. Fill it with organic matter; cover it with some of the soil you removed. Dig another hole next to it and repeat the process. As the organic matter decomposes and settles, add more soil. In six months time you can spade or rototill the areas treated as described above and, with a little added fertilizer, grow almost anything in that improved soil.

WELL KNOWN throughout West Texas "the family shoe store" is J & K Shoe store which takes pride in serving its customers with the latest shoe fashions from leading trend-setting manufacturers of quality shoes. The staff includes Georgia Cauble, Kim Morton and, shown above, Pam Daniels, being carefully fitted by Carl Van Vleet, manager.

(Photo By Danny Valdes)

ON THE JOB to serve the public is the staff of Blum's Jewelers, Inc. Standing are Ralph Brooks, Lynette Brooks and Lucille Brown and, seated, Judy Kloss and Betty Gamboa. They invite you to come see the quality jewelry and gifts for the coming holiday season. Among the many exquisite lines at Blum's are Waterford crystal, Rolex watches and Denby pottery and crystal.

## Men's Furnishings Take Resort Cue

A couture line of men's furnishings takes its cue from resort living, and Southern California. The shirts, for instance, know no season for example, the 100 per cent polyester shirts woven in Italy and printed with exclusive design motifs. Priced conservatively at under \$50, these sport shirts look enough like silk to fool the expert, but are wonderfully wash-and-wear. Because of the fabric, the shirts are cool enough to wear right now, but their colorations could lead them right into a California winter. The same climate controls apply to the designer's "gypsy king" shirt, a multicolored cotton jersey style that sells for a measly twenty-eight bucks. And to the vested suit in cotton seersucker from Switzerland, although designed to make summer suit-wearing almost comfortable, the menswear gray coloration makes this three-piece fashionably suitable in resort areas as late as December.

Dear Abby

### Ode To Segregated Housing At College

DEAR ABBY: Your recent exchange of letters concerning educational living at college prompts me to think you might be amused by this song which I wrote, published and copyrighted a few months ago.

DATE SET — Mr. and Mrs. George C. Franklin, 2806 Apache, announce the engagement and approaching marriage of their daughter, Janice Elaine, to Robert Deen Herren, son of Mr. and Mrs. Alfred Herren, Ackerly. The wedding will be Jan. 3, 1975, at Wesley United Methodist Church.

### Jacket Styles

Jackets will range in style from sweater coats to all-weather types; some will have fur trimming on collars and cuffs, some will sport the carefree fake fur trims.

I did not come to college etc. DEAR RICHARD: Beautiful! And bless your sweet whiffenpoof for sharing.

Your constant reader, RICHARD L. GREEN, NEW HAVEN, CONN. THE OLD FASHIONED CO-ED

(To the tune of "Don't Send My Boy to Harvard, the Dying Mother Said")

One busy Monday morning in the office of the dean. A pretty girl with downcast eyes appeared upon the scene; The dean was brisk and businesslike; her slacks were neatly pressed; She asked the girl the reason why she felt herself distressed. "I'm dropping out," the student said, "although I'd hoped to stay; I'm sure that I could never last until Commencement Day; I know that coed living's great, but I cannot conform; I'll try to find some backward school that has a woman's dorm."

Chorus: "I did not come to college to lose my maiden flower; I came to work and study hard for every credit hour; For eighteen years I've walked upon the straight and narrow path; I do not want a football man to share my room and bath. "I cannot help you," said the dean; "our policy is clear: In rich, mature relationships we do not interfere; If normal, heterosexual life is making you so nervous, I would suggest that you consult our psychiatric service."

"No, thank you," said the girl; "I know that here I don't belong; I'll try to find some backward place were folks say 'right' and 'wrong'." The tears were trembling on her lids; she quickly turned away; And as she closed the office door these sad words she did say: Chorus:

## Once again, the experts pick Zenith.

The people who service color TV say Zenith needs fewest repairs.

For the third straight year, a leading research organization asked TV service technicians from coast to coast which color TV needs fewest repairs. Again, Zenith was named most often. Zenith was also named as the color TV with the best picture, and as the one more service technicians would buy for themselves today.

The Question:	Answers:	The Question:	Answers:	The Question:	Answers:
In general, of the brands you are familiar with, which one would you say requires the fewest repairs?	Zenith 34% Brand A 15% Brand B 11% Brand C 2% Brand D 7% Brand E 2% Brand F 3% Brand G 4% Brand H 2% Brand I 1% Other Brands 3% About Equal 16% Don't Know 9%	In general, of the color TV brands you are familiar with, which one would you say has the best overall picture?	Zenith 33% Brand A 20% Brand B 9% Brand D 9% Brand E 8% Brand F 5% Brand G 3% Brand H 2% Brand I 1% Other Brands 2% About Equal 13% Don't Know 4%	If you were buying a new color TV set for yourself today, which brand would you buy?	Zenith 31% Brand A 18% Brand B 11% Brand D 8% Brand E 2% Brand C 2% Brand F 4% Brand G 4% Brand H 2% Brand I 2% Other Brands 4% Don't Know 13%

NOTE: Totals add to more than 100% because of multiple responses.

### The people who own Zenith overwhelmingly choose Zenith again.

Again this year, a nationwide survey asked color TV owners if they would buy the same brand today. Because nobody knows more about TV quality than someone who's lived with his set, year in and year out. When the results were in, Zenith had won again.

## New Fall Fashions Are Soft And Easy

Following in the footsteps of the '30s styles, new looks for Fall go soft and easy.

New fashions capture the '30s mood with super soft fabrics, stain-glass colors and Art Deco prints — florals, dots and geometrics. A "natural" for incorporating these elements, the dress swings back into the style spotlight.

And with the comeback of the dress, more refined shoes are favored over bulky platforms, school footwear

26, weighing 6 pounds, 4 1/2 ounces.

**COWPER CLINIC AND HOSPITAL**  
 Born to Mr. and Mrs. Edward P. Armendariz, Box 762, Stanton, a girl, Annabelle, at 8 a.m., Sept. 26, weighing 5 pounds, 8 ounces.

experts point out. Skirts just look better with delicate footwear.

The classic pump reappears to score fashion points, trimmed down with a new tapered heel and sole. Pumps take a sophisticated step forward in suedes and patents, and to blend with this season's vivid fabric colors, go neutral in black, brown and gray.

While keeping the emphasis on comfort and easy fit, the low-heeled pump holds its own on the style scene with decorative detailing. For example, shiny patents wing-tips tongues and straps accent brushed suede and leather in matching or contrasting tones. Other design effects are achieved by giving patent a lizard texture and wrapping up pumps with perforated English binding.

## Doctor develops Home Treatment to Rinse Away BLACKHEADS in 15 minutes

Look! See them come off on your cleansing tissue—and without squeezing or digging!

**See Blackheads "Wipe Off"**  
 After a Single Queen Helene Skin and Beauty Treatment  
 INA LEE, Beauty Consultant

A leading New York dermatologist has developed a simple medicated home treatment that rinses away blackheads and whiteheads in a matter of minutes. I saw it demonstrated recently on five women and two teenage boys. The results were almost breathtaking. Blackheads really rinsed away. In fact, many could be seen on the cleansing tissues that finished each treatment. But this wasn't all! In the case of two older women, I saw enlarged pores reduced, and rough, muddy complexions made cleaner, clearer and smoother looking. In the case of teen-agers, I saw acne pimples improve after one application... After seeing these results, I can well understand why so many beauticians are now acclaiming this doctor's treatment as one of the most important beauty discoveries.

**Flots Dirt off Face**  
 The treatment starts with a thorough skin cleansing. A special laboratory-developed whipped cleansing cream is used that takes off not only surface dirt, but also softens and loosens pore-caked grime with its emollient action. It liquefies as soon as it is applied and literally floats the dirt right off your face. After this is issued off, a delightful mint-scented cream is applied. Within 2 or 3 minutes an absorbing agent called Argilla dries and turns this specially medicated cream into a plastic-like masque. As it firms and hardens, its suction action draws on waste matter in the pores... In 8 or 10 minutes you simply rinse the masque away with luke-warm water which dissolves it immediately. When you wipe your face, you can see blackheads and other pore "filler" actually come off on your tissue. And your skin feels clean — really clean — and refreshed and smooth, like velvet!

**Pore Sponging & Closing**  
 The third step in the treatment is an exhilarating application of a unique anti-septic astringent — a facial "mint julep" that sponges and tightens emptied pores and leaves a protective invisible film that helps guard your skin against dust, dirt and bacteria for hours and hours.

**Nothing Else Like It**  
 Even after a single treatment, women who have been troubled by blackheads for years see a marked improvement. Many find it hard to believe their eyes. Some blackheads and whiteheads just rinse away. Others are softened and made ready to be drawn out by future treatments. Enlarged pores appear to be smaller. The skin looks smoother and firmer — feels fresher and more alive!

In short, after a single treatment taking only 15 minutes, you can expect to see results that normally you would not dare hope for — even after many weeks... but don't expect everything at once. Damage done by years of neglect can't be undone in a day. Yet with 3 or 4 treatments a week, you may confidently look forward to startling complexion improvements within 30 days. Then one treatment a week — or every second week — will probably be all your skin will need to keep it clear, lovely and healthy looking.

The medically developed products used in this treatment are manufactured and quality-controlled by QUEEN HELENE. They are Queen Helene Whipped Cleansing Cream, Queen Helene Medicated Masque and Queen Helene Penetrating Astringent. The three items are sold as complete skin and beauty kit for 5.00. Quite a bargain when you think of what it will do for a person's good looks — and self esteem!

Now available in this city at...  
 Hemphill-Wells

**See Blackheads Go... after a single Queen Helene 15 minute Skin Treatment... or No Cost!**

all these items **5.00**  
 Economical size **7.50**

**RESULTS ARE GUARANTEED**  
 Examine your face before and after treatment. You should see a startling difference. Some of the blackheads should be gone and others loosened for removal by future treatments. These results are guaranteed or your money will be refunded.

## BS Woman Ceremony Treasurer Performed

Mrs. Olen L. Puckett, chairman of the English department of Big Spring High School, will serve as treasurer for the 15-county District XVIII of the Texas Joint Committee for School and College during the 1974-75 year.

Mrs. Puckett was elected Saturday by some 200 members meeting at Odessa's University of Texas of the Permian Basin. James P. White, 1973-74 chairman and UTPB's director of creative writing, presided.

Other new officers are Joyce Bellamy, Midland Lee High School, chairman; Dr. Margaret Neussendorfer, UTPB literature professor, program chairman; T. L. Richardson, Kermit High School, recording secretary, and Alyce F. Lambeth, Permian High School, corresponding secretary.

In a keynote address on "The Short Story as a Literary Genre," Dr. Neussendorfer urged English teachers to draw from such other fields as history, psychology, religion, the visual arts and sociology to illuminate the literature they are teaching.

Dr. Neussendorfer lamented what he said was an over-emphasis by educational and governmental institutions on the sciences at the expense of the liberal arts. The prognosis for the humanities looks more hopeful today than in recent years, he said.

The wedding of Mrs. Betty Johnson to W.W. Warden was held Saturday evening in the home of the bride's parents, Mr. and Mrs. R.H. Boykin, 101 Jefferson.

Dr. Kenneth Patrick, pastor of First Baptist Church, officiated.

The bride was attired in a pink silk, street-length dress. The short, pink veil was held by a band of pink flowers. Her bouquet was of pink roses backed with French tulle and satin streamers.

Mrs. David Hodnett was matron of honor for her sister. She wore a champagne polyester dress and a corsage of pink rosebuds.

Bledsoe O'Brien was the bridegroom's attendant.

Preceding the ceremony, Miss Angela Hodnett played organ selections, and Stacey Hodnett registered the guests.

The ceremony was read before an improvised altar centered with a sunburst of pink and white gladioli, carnations and roses flanked by pink candles and fern.

A reception honoring the couple was held in the home. The refreshment table was covered with a floor-length organy cloth draped with satin ribbons and silver and

white wedding bells. The centerpiece and tiered cake were in shades of blue and green.

The bridegroom's table was covered with green linen, and the centerpiece was an arrangement of fall flowers.

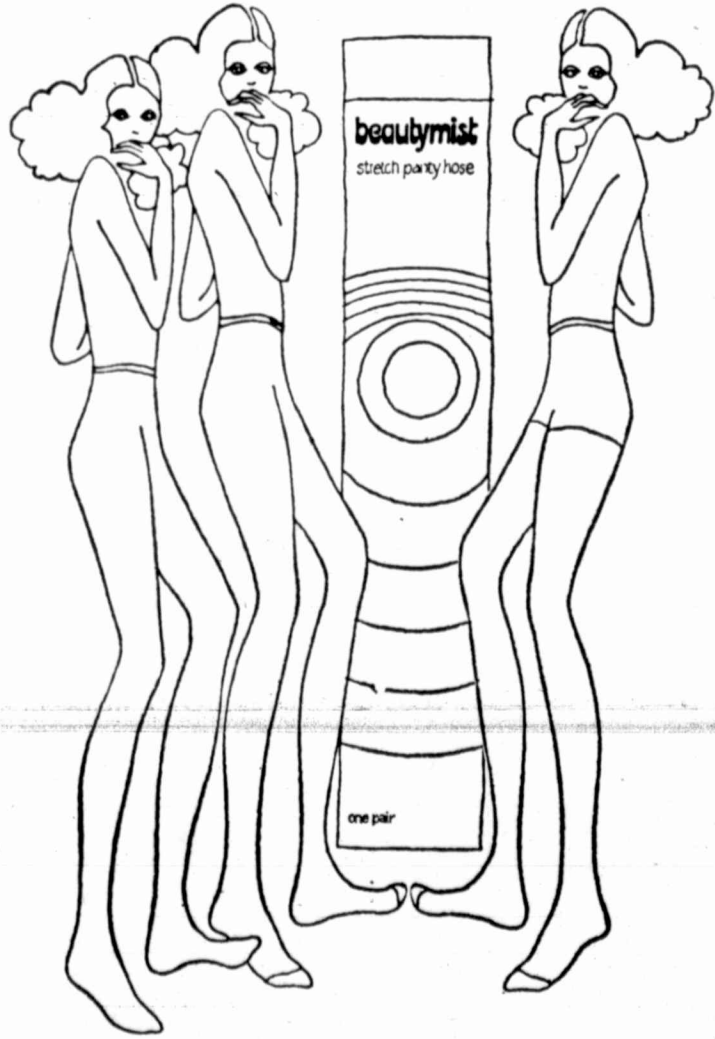

Refreshments were served by Mrs. Callie Jo Mason, Mrs. Johnnie Winham, Mrs. Leona Ebersole and Mrs. Laura Erhardt.

The couple will live in Big Spring.

The bride is employed by Medical Arts Clinic-Hospital, and the bridegroom is a driller for A.K. Guthrie Drilling Co.

## Seminar To Focus On Healthy Hearts

"Eat to Your Heart's Content," a seminar on choosing tasty foods for healthy hearts, is to be held in Mitchell County Oct. 12. The educational program is the coordinated effort of the Texas Agricultural Extension Service, The Texas A&M University System and the Mitchell County Heart Association. A luncheon featuring low fat, low cholesterol foods will be sponsored by the home demonstration clubs of the county.

According to Mrs. Janis Choate, county extension agent, the activity will begin at 11:30 a.m. in the Civic Center located in Colorado City at 157 West Second. Lunch will be served at noon.

The key speaker following the lunch will be Dr. Marvin L. Dalton, noted heart surgeon from Lubbock. Time will be allowed for questions. Miss Sally E. Springer,

foods and nutrition specialist, will be present to discuss the role of food in prevention of heart disease. Miss Springer holds the M.S. degree in foods and nutrition, from Florida State University.

In addition to the two speakers, Miss Sherry

### Students Are Dressing Up

The 'September Morn' look will not be streaky, but dress-up, in contrast to the fads of May. Among college students there is a marked trend to sprucing up, including donning of jacket, shirt, and tie, yet! The "establishment" look is favored again, probably with the job-interview in mind.

Mullin, Miss Ruby Butts and Mrs. Janis Choate, county extension agents (home economics) from Howard, Scurry and Mitchell counties, respectively will present slides during a series of mini-lessons. These short lessons are specifically designed to teach selection of foods for healthy hearts.

"The maintenance of healthy bodies, and hearts, must begin with the infant and continue throughout life," said Mrs. Choate.

Those desiring to attend the seminar must register before Oct. 5 at a cost of \$1. This includes an educational packet, the program and lunch. Contact Mrs. Janis Choate, County Extension Agent, Box 1349, Colorado City, Tex. 79512; or Mrs. J.C. Brown, Mitchell County Heart Association, 716 Vine, Colorado City, Tex. 79512.

## 'Recovery' Has Guest Speakers

Mrs. Betty Condray, R.N., and Robert White, Austin, were guests at the Recovery, Inc. meeting Thursday at First Presbyterian Church. White is from the central office of Texas Mental Health and Mental Retardation, and Mrs. Condray is with the staff development department of Big Spring State Hospital. Each week the guest is from some psychiatric field.

Mrs. Linda Miller, R.N., who is with the adolescent program at the state hospital, will be the guest next week.

The meetings are held each Thursday, 6:30 p.m. in the meeting room on the second floor of the church. Entrance is through the North door. All adults over 18 are invited to attend the meetings.

Purpose of the group is to provide a link between the state hospital and the community, according to Mrs. Geraldine Dearth, recovery leader.

**ENGAGED** — Mr. and Mrs. Vernon Todd, Lamesa, announce the engagement and approaching marriage of their daughter, Janice Rebecca, to Michal Dale Aslin, son of Mrs. J.P. Aslin, Lamesa, and the late J. P. Aslin, Jr. The couple plans to be married Nov. 9 in Crestview Baptist Church, Lamesa.

### Lots Of Suits

Suits are being shown in depth, also — not only the bulky types but styles featuring pants with jackets and jacket-shirt types in relatively lightweight fabrics.

## Rainbow Girls Hold Installation Service

Amid a setting accented with urns of chrysanthemums, Emily Boyd was installed as worthy advisor of Rainbow Assembly No. 60, Saturday afternoon at the Masonic Temple.

Miss Boyd dedicated her term to Susan Smith and Sandra Dickenson, both past worthy advisors.

Recognition was given to Jill Odom, who Miss Boyd described as her special friend, because the chosen theme is "Friendship." The scripture is from Proverbs 27:10, and Miss Boyd's flowers will be the yellow rose and yellow chrysanthemum.

Mr. and Mrs. Ernie Boyd, parents of the new worthy advisor, were given a boutonniere and corsage, respectively, from the chosen flowers. Boyd worded the invocation.

Guests were registered by Jan Armstrong at a table that featured a candelabrum holding yellow tapers.

Installing officers were introduced by Mrs. Paschall Odom, mother advisor, who presented Miss Smith as installing officer. She was assisted by Miss Dickenson, marshal; Zina Johnston, recorder; Jodi Grant,

chaplain; and Kay Williams, musician. They were given yellow chrysanthemum corsages.

Carrying single long stemmed roses, other officers installed were Miss Odom, worthy associate advisor; Mary Jane Wright,

charity; Kerrie Sue Knox, hope; Beverly Beil, faith; Della Nobles, recorder; Charla Hamner, chaplain; Pam Parmenter, drill leader; Linda Moss, love; Marta Whitten, religion; Tracy Egan, nature; Martha Sheldon, immortality; Patti Sheldon, fidelity; Tracy McLain, patriotism; Susan Sheldon, service; Joy Chandler, confidential observer; Suzanne Smith, musician; and Barbie Wise, choir director.

Mrs. Joe Whitten, guest speaker, spoke on a characterization of friendship, and Carol Boyd, sister of the worthy advisor, sang "You've Got A Friend." She was accompanied by Mrs. Chesley Wilson.

Following the benediction by Joe Whitten, a reception was held in the banquet hall. Refreshments were served by Mrs. W.C. Fryar and Mrs. Carmey Dickenson.

The table was covered with a sheer white cloth with a gold underlay. The centerpiece was an arrangement of yellow and gold mums.

The Rainbow Girls will attend the First Baptist Church services today with their worthy advisor.

PICTURED WITH a houndstooth sport jacket and matching solid slack in double knit are J. W. Parmlee, left, and A. J. Prager of Prager Men and Boys' Wear. They'll select the proper shirt and tie to complement the jacket and slack combination. Prager's also has a complete boys' department.

### Class Holds Salad Buffet

A salad supper and social meeting was held for members of the Faith Sunday school class of Baptist Temple Monday in the home of Mrs. Garland Sanders.

Mrs. Sanders is the teacher, and other officers named were Mrs. Ruth Land, treasurer; Mrs. Gladys Sudberry, secretary; and Mrs. Garfield Brummett, reporter and group leader. Other group leaders are Mrs. Naomi Medford, Mrs. Mary Lee Hobbs and Mrs. Frances Pate.

#### WANTED

Single adults to have Christian fellowship and worship. Attend Hillcrest Baptist's class for singles, Sunday, 9:45 a.m.

### Bride-Elect Honored At Gift Shower

Miss Cynthia Barham, bride-elect of Jerry Read, was honored with a gift shower Thursday evening in the home of Mrs. Arthur Madewell.

Cohostesses were Mrs. Bobby Hogue, Mrs. Carl Bankston, Mrs. Bill Steagald, Mrs. Ricky Cauble, Mrs. Ed Cordes and

Mrs. Paul Renard, Andrews. Miss Barham was attired in a maroon and white dress. She was given a carnation corsage as were her mother, Mrs. Bill Barham, Tahoka; the prospective bridegroom's mother, Mrs. Richard Read and her grandmother, Mrs. James Thomason, Brownfield.

The refreshment table was laid with white linen and centered with a wrought iron candelabrum holding purple candles and surrounded by purple mums, greenery and purple bows.

Miss Barham and Read will be married Oct. 5 in the First Baptist Church at Tahoka.

ROMANTICALLY lovely is this long, silver satin halter dress with ostrich boa from Swartz, here modeled by Mrs. Jan Iden. At Swartz, you're sure to find the perfect long dress for your enchanted evening.

### CBS Introducing Youth, Gershwin

NEW YORK (AP) — There's a good and I mean good music show coming up early Sunday evening on CBS-TV. The only major kick I have about it is that it's not on in prime evening time. It should be.

The hour-long opus is called "What Makes a Gershwin Tune." It's latest in CBS' award-winning series of "Young People's Concerts" by the New York Philharmonic and starts at 6 p.m. EDT.

The program is a brilliant analysis, complete with musical illustrations, of the serious and popular works of George Gershwin and the various jazz, ragtime, popular and classical influences from which he drew.

The tour guide is Michael Tilson Thomas, a young pianist-conductor who took over the series' baton from Leonard Bernstein last season. He's an excellent choice, a friendly, articulate guy with whom young listeners will readily identify.

An advance suggestion for parents whose kids may not be music students: try to locate the neighborhood music expert who might be able to elaborate for the kids on some of the points Thomas discusses.

Thomas isn't the sort who talks down to his audience, and often lets fly with brisk explanations of the "seventh, sixth and fifth degrees of the scale" and the blues.

### 'Dawn' Depicts Adventure Tale

"The White Dawn," production starring Warren Oates, Timothy Bottoms and Lou Gossett as three whalers marooned in the Canadian Arctic confronting an exotic civilization, will open Wednesday at the Ritz Theatre.

"The White Dawn," based on the novel by James Houston, is based on a true story and was filmed in its entirety where it happened in one of the most remote places in the world. Most of the Eskimos appearing in the film are natives of the Northwest Territories.

## MASH Actor Writing TV Comedy Of His Own

LOS ANGELES (AP) — Hawkeye Pierce, skirt-chasing, wickly wicked combat surgeon of CBS' "M.A.S.H.," is moonlighting among the gentle folkways of New Jersey.

At the end of a day's shooting, actor Alan Alda sheds his surgical gown and dog tags and walks out of the fake mud-floored 20th Century Fox set to become the creator-head writer and co-producer of "We'll Get By," a family comedy.

He is readying the show as a possible midseason replacement in the January schedule. On breaks, during lunch hour and after "M.A.S.H." filming sessions he writes "We'll Get By" scripts in his dressing room.

"AT SAME TIME"

Weekends are spent on rehearsals and taping the show. It's a frenetic pace, but he says, "It's only because it's something I've always wanted to do — write and see my creation to completion."

Unfortunately, he adds, "everything came at the same time and have to do it all at once."

An actor working on one series as he writes and co-

producing another is unprecedented. But Alda doesn't see it as a deal. He says, "It's a wonderful opportunity. It's something I care about."

Alda, who receives more than \$250,000 a year from "M.A.S.H.," isn't going for the money. He is more interested in the creative fulfillment and the opportunity to achieve a lifelong ambition to be a writer.

**SUBURBAN LIFE**

"We'll Get By" is about a suburban New Jersey couple with three children. It's the kind of existence that Hawkeye, ribs Maj. Frank Burns about. In truth, it is closer to Alda. His real life role is that of a happily married suburbanite.

"I don't drink much," he says. "I'm not a ladies man. I'm a family man."

Except for the five months spent here to film "M.A.S.H.," Alda, 39, lives with his wife Arlene and his three daughters in a white frame house in a small northern New Jersey town. He doesn't want its name revealed.

Alda says his series is not autobiographical.

"But it's based on observations of my own family and of families I've known."

In the pilot episode, aired last spring, the oldest son comes across parents' wedding certificate and discovers from the date that he was conceived out of wedlock.

In future shows, the son wants to move into his own apartment, and the teen-age girl — played by Devon Scott, 15-year-old daughter of George C. Scott — goes on an overnight coed outing.

Alda says, "I can work hard when I decide to, but I don't have to. When I see what is possible, what I want to do, I work toward that."

### Hooser Slates Two Meetings

Two important meetings have been called for Tuesday evening by Harvey Hooser, Chairman of the Howard County Democratic Committee. One will be the organization of a Young Democrats chapter, and any individual from 14 and 30 years of age is eligible to participate. The session is set for 7:30 p.m. in the

county courtroom. Parents are also urged to attend. Cecil Riordan, who has been working with the Young Democrats, will preside in the preliminary phases of the organization. Hooser, meantime, will meet with members of the county executive committee to formally name a nominee for county surveyor. Ralnh W. Baker, who was unopposed, died three days before the May primary. Roy Crim, who has been named to the post pending the election, is most prominently mentioned as the nominee.

### Some Ratings Earn Bonuses

Captain R. E. Schwoefermann, commanding officer of the Navy Recruiting District Seven, has announced the Navy has a program available for personnel, who after enlisting in certain Navy ratings may qualify for an enlistment bonus of up to \$2,000.

The program is open to those initially enlisted for a minimum of four years and to certain reserve and discharged personnel.

To be eligible, the enlistee must have a high school diploma and must meet enlistment bonus of up to attend Navy training school.

The ratings for which the enlistment bonus has been approved, with award levels varying from \$1,000 to \$2,000, include: Electronic Warfare Technician, Gunner's Mate, Mineman, and Communications Technician (interpreter, translator and repair).

Anyone interested in this or other programs the Navy has to offer should contact the Navy Recruiter at 111 E. 3rd in Big Spring, phone 263-3851, or by calling Navy's toll free number (800) 841-8000.
