

POWERLESS TO PREVENT CHAOS, ANARCHY

President Of Portugal Resigns

LISBON, Portugal (AP) — Gen. Antonio de Spínola resigned as president of Portugal today, claiming he was powerless to prevent the country's slide into chaos and anarchy.

The Junta of National Salvation, comprising the military rulers who overthrew the heirs of the Salazar dictatorship last April, quickly appointed as Spínola's successor Gen. Francisco Costa

Gomes, long considered the president's top assistant in the junta.

Spínola resigned after leftists forced his resignation and rightist supporters to cancel a weekend rally in the general's honor.

But the underlying causes of Spínola's departure were basic disagreements with the pace with which reforms were being introduced in post-revolutionary Portugal.

His departure removed the last prominent conservative from the six-month-old government.

"I cannot and will not take part" in a "betrayal of the spirit of the movement" that brought the military to power, the 64-year-old general declared in a national telecast.

He said part of that

spirit was a commitment to "harmony among all political beliefs" and added: "This harmony will never be possible when on one hand the declared chiefs of some political parties make appeals to good sense and on the other hand respective action groups choose the path of psychological warfare through the big news media and even through violence in flagrant negation of liberty."

"I find myself facing evidence that the program of the movement of the armed forces is developing in a direction that would result in its own neutralization in a climate of a reversal of moral standards within which true democracy and liberty are impossible," Spínola said.

There has been a systematic surrender to "reforms carried out in a maniacal way" which threatened the capacity of the Portuguese people to define their "democratic institutions."

He said the "pervading atmosphere" was "total absence of law" that was depriving the Portuguese "of their true ability to exercise sovereignty."

In this general climate of anarchy, where everyone dictates his own law, crisis and chaos are inevitable, in flagrant contradiction to the purposes of the movement."

Spínola tried at least twice to increase his own power at the expense of the younger and more liberal officers of the Armed Forces Movement who

have held the real power in the country since their revolution.

His first unsuccessful attempt resulted in the installation of a military-dominated cabinet headed by Col. Vasco Gonçalves in July.

His second attempt was backed by re-emerging conservative forces that had been eclipsed by the April revolution.

NOT INVOLVED Kidnaping Raps Axed

CINCINNATI, Ohio (AP) — Kidnaping charges against Frank Joseph Wiechman in connection with the abduction of a broadcasting executive's daughter were dismissed today in Hamilton County Municipal Court.

Wiechman, a 26-year-old parolee, was accused by police last week of kidnaping 4-year-old Allison Mechem, the daughter of Charles S. Mechem Jr., board chairman of the Taft Broadcasting Co.

Police asked for the dismissal before Judge Rupert A. Doan, saying their investigation showed Wiechman was not involved in the kidnaping a week ago.

Allison was taken from her front yard while playing on her tricycle.

She was found about 24 hours later some five miles from her home when housekeepers at a motel heard crying inside a locked room.

Police arrested Wiechman late last Tuesday in a chili parlor.

A friend who was with him in the restaurant was also taken into custody for questioning, but was released that night. The friend had told reporters that Wiechman was at an automobile dealer at the time of the kidnaping Monday.

Meanwhile, in Orlando, Fla., Clifford J. Kroger, 38, waived extradition today and agreed to return to Cincinnati to face charges of kidnaping the Mechem girl.

Cincinnati detectives said they would return Kroger to Ohio later in the day.

Police had no immediate comment on why they asked that the charges against Wiechman be dropped.

Wiechman was arraigned Thursday but he gave no plea. Bond was set at \$188,000, the amount police said was asked in two ransom calls Monday to Mechem, board chairman of Taft.

Mechem made two attempts to reach the abductors Monday night, but failed, police said. Two paper bags full of money were recovered from locations in Cincinnati after the girl was found.

Sirica To Rule On Tapes

WASHINGTON (AP) — U.S. District Judge John J. Sirica today ordered a separate Watergate cover-up trial for former White House aide Gordon Strachan.

The order leaves five defendants to face charges in the main cover-up trial scheduled to begin Tuesday.

Strachan's lawyer, John M. Bray, told reporters as he left the U.S. District Courthouse today, "we've been severed from the cover-up case."

The action had been requested by Special Prosecutor Leon Jaworski.

Sirica also was expected to rule today on whether he will allow typed transcripts to be used along with some 33-presidential tapes the prosecution wants as evidence at the trial.

ARRIVE FOR HEARING — H.R. Haldeman, right, former chief of staff for Richard Nixon, and his attorney John Wilson, left, arrive at U.S. District Court in Washington Monday for a hearing with Judge John Sirica. At center background is Haldeman's other attorney, Frank Strickler.

A separate request from Strachan that the conspiracy, obstruction of justice, and perjury charges against him be dismissed was denied without prejudice by Sirica.

The fact that the motion was denied without prejudice means Strachan can raise the issue again later.

The separate trial for Strachan is based upon a special legal problem. The one-time personal assistant to White House chief of staff H. R. Haldeman claims the evidence used to indict him is tainted.

Audit Biggest Bank Robbery

RENO, NEV. (AP) — Officials planned to begin an audit of bank records today in an attempt to determine exactly how much was taken in the biggest bank robbery in U.S. history.

Three armed men made off with an estimated \$1,044,000 from a downtown branch of the First National Bank of Nevada after handcuffing and tying up nine bank employees Friday night.

Authorities said Sunday they had no concrete clues as to the whereabouts of the robbers.

Police and the FBI circulated a composite drawing of one robber based on a description provided by a witness who may have seen the men shortly before the holdup.

Employees told police the men were polite and one even checked an employee to make sure handcuffs were not too tight.

The robbers wore Halloween masks and overalls and carried handguns.

The two employees and seven others were forced into a bank vault and tied up.

Judge Proposes No New Paving For Next Year

Noting tripling of road material costs, County Judge A. G. Mitchell today proposed to the County Commissioners Court that it continue road construction this year but build no new roads next year.

Mitchell said the present tax structure would not cover the costs of new paving next year.

County road construction expenses total \$65,000 to date for 1974, and Mrs. Virginia Black, county auditor, said this is \$2,000 over the budget.

Stopping paving now would leave caliche and gravel already spread unprotected from sand and weather, members of the court observed.

Mrs. Black plans to prepare a list of items which must be amended in the 1974 budget.

Another amendment became necessary this morning when the court approved purchase of a film projector for the library. The old one was breaking film, and, by buying along with a school district projector order, the county may obtain \$782 projector for \$610, Miss Barbara Coates, library cataloger, said.

In other action, the court: Discussed ditches or terracing for an area of the old San Angelo highway where Neel Barnaby, engineer said there is "zero drainage."

Authorized having dealer repair the broken frame of the county's "prime piece of equipment," AD-7. Fixing the \$50,000 equipment is expected to cost \$1,500 to \$2,000.

Authorized hiring two Air Force men to "moonlight" and operate two scrapers loaned to the county. No one in the county road department claims to know how to run the machinery loaned to the county to dig trenches at the city-county landfill.

Okayed planting an evergreen tree on the county courthouse lawn at no expense to the county. The tree will be used to decorate at Christmas. Edna Womack, beautification chairman for the Chamber of Commerce board, said Commissioner Bill Crocker will supervise the planting.

And agreed on "bumping" the newest maintainer operator in order to create an opening for Marvin Hanson, formerly road administrator.

Texas Labor Force Down

AUSTIN (AP) — The Texas Employment Commission says in its latest report that the labor force in Texas dropped sharply during the last reporting period this summer.

The report said the labor force tapered off to 5,165,100 in mid-July when thousands of jobseekers withdrew themselves from the job market. Total actual employment was placed at 4,937,500.

The TEC said employment climbed between June and July among proprietors, self-employed and unpaid family and private household workers.

The TEC said the loss of 4,200 wage and salary jobs was nearly equally divided between manufacturing and nonmanufacturing positions.

Premier Ecevit Quits

ANKARA, Turkey (AP) — Premier Bulent Ecevit resigned today for the second time in two weeks after failing to form a new coalition government.

President Fahri Koruturk accepted the resignation and was to make a statement later in the day on the government crisis.

Ecevit resigned two weeks ago because of "irreconcilable differences" between his own Republican Peoples party and their partners-in-government, the Moslem National Salvation party.

The two parties had been at odds over Cyprus policy and cultural, educational and economic matters.

Ecevit's party is liberal and Western-oriented. Western powers have been generally critical of what they saw as a hard-line Turkish policy over Cyprus. The Moslem Salvationists favored an even harder line.

The tenuous Republican-Moslem Salvation coalition was formed eight months ago after indecisive fall elections and a political crisis during the three months that followed.

Betty Ford's Condition

WASHINGTON (AP) — As First Lady Betty Ford's doctors awaited a crucial pathology report to determine the extent of her cancer, they reported today she had spent a "much more restful night" and that her condition is good.

A medical bulletin prepared by doctors at the Bethesda, Md., naval hospital said Mrs. Ford "has had some mild temperature elevation typical of a post-operative course."

They said "all laboratory data and vital signs are within normal limits," and said Mrs. Ford "has been sitting in a chair and walking for short intervals and is taking fluids this morning."

FORD CONVINCED Economic Problems 'Serious, Complex'

WASHINGTON (AP) — President Ford told government financial officials from around the world today that economic problems are serious and complex but the United States believes they can be solved through international cooperation.

In his text for the opening session of the annual meeting here of the World Bank and International Monetary Fund, Ford said:

"I think I can sum up our thinking very briefly. We want solutions which serve broad interests rather than narrow, self-serving ones. We want more cooperation not more isolation. We want trade not protectionism. We want price stability not inflation. We want growth not stagnation."

Ford declared that the United States is prepared to play a constructive leadership role.

'DEAD' REVIVED

'Cool' Animals For Pet's Sake

ATLANTA, Ga. (AP) — A researcher says clinically dead dogs have been revived after short periods without suffering brain damage in experiments that someday may help surgeons operating on humans.

Dr. Vojin Popovic, a physiology professor at Emory University, said he has kept dogs and hamsters clinically dead for two hours.

He said it is the longest warm-blooded nonhibernating animals have been "dead" and then revived without damage to vital organs.

"If we can do this with dogs, it can also be done with man," he said. "It would be a boon for surgeons to have several hours in which to complete a delicate operation instead of minutes, and not have to worry about the patient's blood circulation or the possibility of brain damage."

Some doctors perform limited surgery in which they lower a patient's body temperature to decrease blood flow in the body. At normal temperatures, the brain can survive about five minutes without oxygen before serious damage occurs, Popovic said.

HIBERNATE
Cooling slows metabolism and most physiological functions.

In his experiments with dogs, Popovic cools the animals' body temperature to 40 degrees Fahrenheit, or 48 degrees below normal.

At that point, Popovic says animals are "clinically dead" with no measurable electrical activity in the heart or brain, no blood circulation or blood pressure.

After two hours, blood pressure and circulation are gradually restored. Each dog returns to its normal temperature and the heart and brain resume their normal activities.

Popovic says he is trying to duplicate the physiological changes which naturally occur in animals that hibernate each winter.

"If man could hibernate," said Popovic, "he could possibly live to about 1,400 years."

MAKING THE BIG SPLASH — A local radio disc jockey, on a take-off of an Evil Knievel stunt, attracted approximately 6,000 people to a supposed jumping of the Trinity River in Dallas. Lining up on a "jet mini-cycle," he roared down the ramp and into the river. The event was to raise money for a local children's orphanage.

COMMUNIST AGENTS

POW Ransom Demand Disclosed By Widow

EVANSTON, Ill. (AP) — A widow says two Communist agents have demanded between \$25,000 and \$500,000 for proof her son is alive and to start negotiations for his release as a prisoner of war in Laos.

Jean Macdonald returned over the weekend from a meeting in Mexico City with two men who showed her a picture as her son. They would not let her keep the photo but told her she would be contacted later, she said.

1st Lt. George D. Lindstrom, a fervent anti-Communist who has been active in work involving men listed as prisoners of war or missing in action.

The Rev. Mr. Lindstrom said in an interview that he arranged the Mexico meeting after two previous meetings with persons whom he believes are "tied to a diplomatic mission in Southeast Asia."

He said he talked to different representatives at each of the three meetings, but wasn't sure whether they are "working for a government or on their own behalf for monetary gains."

The U.S. government has discredited previous reports that prisoners of war are still being held in Southeast Asia.

The minister vowed in 1971 he would form a force of 100 commandos to free Southeast Asian war prisoners, but later abandoned the plans.

He also attempted in 1970 to form a fleet of boats to encourage defections by Soviet seamen. That plan never developed.

However, he accurately revealed in 1972 before it was officially announced that Secretary of State Henry A. Kissinger made secret visits to the Soviet Union prior to the Nixon summit.

The Rev. Mr. Lindstrom said he and other representatives of the Christian Defense League, an umbrella for POW-MIA groups, have established contacts in Vientiane, Laos, and in Thailand.

Mrs. Macdonald said she wants to meet with President Ford and Kissinger to enlist their aid.

700 BRAS SOLD
Suspects Singing:
Don't Fence Me In

NEW YORK (AP) — No one had to call police to complain about the party the two neighborhood fences threw for 42 well-dressed burglary suspects.

That's because the two "fences" were police themselves. And so were the cab drivers who drove the guests to a Queens warehouse for the festivities. And the eight "ushers" inside the warehouse wore distinctive blue uniforms and carried badges.

When the party ended abruptly Saturday night all the guests found themselves booked on possession of stolen property charges, and police were looking for 130 other invited guests who allegedly did business with the "fences."

Police officials said the planning for the party began last April when Detectives Richard Ledda and Joseph Fasullo bought a storefront and passed themselves off as underworld fences willing to pay well for stolen goods.

During the next months the two detectives were allegedly flooded with \$700,000 worth of stolen jewelry, credit cards, guns, autos, stereos, office equipment, a cardiograph machine and 700 bras.

They also bought welfare checks worth \$100,000 and similar amounts of Social Security, pension and payroll checks, police said.

When the detectives decided to gather in their customers, Ledda threw a party to celebrate a pretend mob promotion.

Once inside the door they were searched, disarmed and arrested so quickly that one stunned guest asked Fasullo: "Joe, did you have to invite these people, too?"

Funds For Nixon
To Spark Battle

WASHINGTON (AP) — A controversial proposal to realign House committees touches off a bruising week in Congress, with battles also expected over foreign aid and funds for former President Richard M. Nixon.

The House has set aside a full week for the intramural struggle over committees.

The House will take time out from the committee fight to act on a couple of appropriations bills, including one that would provide \$398,000 to help Nixon make the transition from the White House to private life.

The sum was cut from the \$850,000 figure proposed by the Ford administration and an effort to reduce it further is expected. The vote is due Tuesday.

Also on the Senate agenda is the foreign aid authorization bill, but the administration strongly opposes a number of restrictive amendments that have been added by the Foreign Relations Committee.

The Senate is scheduled to act today on a bill providing appropriations for programs and agencies that have not yet had their regular money bills passed. It contains a provision that would cut off military aid to Turkey, but it is not as strict as the one passed by the House last week.

AID TO TURKEY

The Senate version worked out in conference with the State Department and reportedly acceptable to Ford would permit aid to Turkey to be continued if Ford is satisfied Turkey is showing good faith in seeking a negotiated settlement of the

The opponents are backing a substitute proposal that leaves committee jurisdictions untouched but would make some procedural changes. They say the sweeping changes proposed in the Bolling bill would cause such confusion and resentment that the House would be unable to function.

The last time the committees were shuffled was in 1948 and supporters of the bill claim the proposed changes would permit Congress to operate more efficiently.

Report Sleeping
Sickness Case

COLORADO CITY — J.D. Williams Jr., veterinarian, warns that a case of sleeping sickness affecting horses has been reported in Mitchell County.

The vet said he believes it is of the Western variety, because the horse apparently is responding to treatment. The Eastern form most often results in death.

"Not many people had their horses vaccinated this year because it was so dry," Dr. Williams explained, "but with recent rains, the mosquitoes are bad and can carry the virus."

Gregory Gets
Cotton Prize

COLORADO CITY — R.E. (Dick) Gregory, Mitchell County farmer, has been presented a \$100 check from the Colorado City Chamber of Commerce for producing the county's first bale of cotton of the 1974 season.

Sponsors of the award are Buford Co-op Gin, Planters Gin at Westbrook and the City National Bank.

And Can't Remember?

A noted publisher in Chicago reports there is a simple technique for acquiring a powerful memory which can pay you real dividends in both business and social advancement and works like magic to give you added poise, necessary self-confidence and greater popularity.

According to this publisher, many people do not realize how much they could influence others simply by remembering accurately everything they see, hear, or read. Whether in business, at social functions, or even in casual conversations with new acquaintances, there are ways in which you can dominate each situation by your ability to remember.

To acquaint the readers of this paper with the easy-to-follow rules for developing skill in remembering anything you choose to remember, the publishers have printed full details of their self-training method in a new booklet, "Adventures in Memory," which will be mailed free to anyone who requests it. No obligation. Send your name, address, and zip code to: Memory Studies, 555 E. Lange St., Dept. 608-51 Mundelein, Ill. 60060. A postcard will do.

Gas Tax Hike Gains Support

WASHINGTON (AP) — A special tax on gasoline, once rejected by President Ford, is gaining favor in the administration and may be a major proposal in the program Ford sends to Congress to fight inflation.

A White House source said Ford is considering raising the federal tax on gasoline by anywhere from 10 to 20 cents a gallon.

SIMON'S IDEA

"We know the public won't be happy about this and we can't be sure Congress will go along," the source said. "But we think it's something that would help."

Ford closed his economic summit conference Saturday with a pledge to send anti-inflation recommendations to Congress within 10 days. A higher gasoline tax is being promoted within the administration on grounds it would discourage gasoline consumption while raising new tax revenue to finance federal programs, such as public service employment.

The higher gasoline tax was first advocated by Treasury Secretary William E. Simon but met with resistance from Ford.

RESURRECTED

However, a White House spokesman confirmed Sunday the idea has been resurrected as "one of many ideas under study."

Other elements of the economic program are expected to include help for the housing industry in the form of mortgage interest subsidies, budget cuts, a public service employment program and some tax relief for groups hurt worst by inflation.

Even without a special tax, gasoline prices would go up in the future if the government decides to release the rest of the domestic oil industry from price controls, as proposed by Simon. About 60 per cent of the nation's domestic production, referred to as "old oil" is held to a top price of about \$5.25 a barrel, while the rest of production sells for near the world market price of about \$10 a barrel.

NICE TO BE HOME Causeway Dedication

PORT ISABEL, Tex. (AP) — Sen. Lloyd Bentsen, D-Tex., took a brief rest from presidential campaign politics Sunday to attend the dedication of the new 12,510-foot-long Queen Isabella Causeway.

"It's nice to be home here in the Lower Rio Grande Valley," Bentsen said in a brief speech in which there was no mention of his political plans for 1976. He has been mentioned repeatedly as a possible candidate for the Democratic presidential nomination. In recent weeks, he has been making speeches throughout the country

apparently testing his popularity among Democrats.

But on Sunday Bentsen was a South Texan coming home for a bit of rest. He praised South Texans for "their vision and courage," and said the new causeway shows that "Texans are still doing things" on a grand scale.

The new bridge connects Port Isabel with South Padre Island. It is named after the 15th Century Spanish Queen who launched her country into exploration of the new world discovered by Columbus.

 ♠K7♥A6♦A1098763♣J2
 The bidding has proceeded:
 North East South West
 1♥ Pass 2♦ Pass
 2♥ Pass ?
 What do you bid now?
 A.—Three hearts. You have an awkward problem for which there is no easy solution. Three diamonds would show a far weaker hand, while four diamonds run the risk of reaching an unmakeable five diamonds when four hearts is on. Three hearts is somewhat of an underbid, but we dislike jumping to game with only two-card support, albeit headed by the ace.

Q.2—Neither vulnerable, as South you hold:
 ♠AJ1065♥K5♦K6♣K1087
 The bidding has proceeded:
 South West North East
 1♠ Pass 1NT Pass
 2♦ Pass 3♦ Pass
 ?
 What do you bid now?
 A.—Pass. Since partner could do no better than respond one no trump at his first turn, game is unlikely. Even if partner has all his points in the black suits, which is a likely reason for his jump preference at his second turn, your hand still has many holes.

Q.3—As South, vulnerable, you hold:
 ♠AQ♥K983♦865♣AK102
 The bidding has proceeded:
 West North East South
 Pass 1♥ Pass 2♦ Pass 2♦ Pass ?
 What do you bid now?
 A.—Three hearts. You were close to a jump shift response at your first turn, so your intent now is to bid the hand as strongly as possible. If partner simply continues on to four hearts, your next move should be a cue-bid of four spades.

Q.4—Both vulnerable, as South you hold:
 ♠A6♥AKQJ95♦762♣K6
 The bidding has proceeded:
 East South West North
 Pass 1♥ 1♦ Pass 2♦ ?
 What do you bid now?
 A.—Two no trump. Though partner could take no action, you should not give up all hope of game. However, it might prove easier to make nine tricks than ten. A few strategically placed cards in partner's hand would make three no trump a viable contract, so you should make the suggestion.

Q.5—Neither vulnerable, as South you hold:
 ♠AQ♥J7♦K1065♣Q9876
 The bidding has proceeded:
 North East South West
 1♠ Pass 1♦ Pass 1♥ Pass ?
 What do you bid now?
 A.—Two no trump. Taking into account the promoted value of your honors in partner's suits, your hand is worth a full opening bid. The choice is between a jump to three clubs or a jump to two no trump. We choose the latter because nine tricks should be easier to come by than eleven, and we want the lead coming up to our ace-queen of spades.

Q.6—Neither vulnerable, as South you hold:
 ♠983♥7♦A1087♣KJ1092
 The bidding has proceeded:
 North East South West
 1♥ Pass 1NT Pass 3♦ Pass ?
 What do you bid now?
 A.—Three diamonds. What started out as an ordinary hand has suddenly become gigantic. No jump in clubs could compensate for our discouraging first response, and we should alert partner to slam possibilities. An advance cue bid of the ace of diamonds, followed by a jump in clubs ought to get our message across, and leave partner in a position to judge the hand's potential.

Q.7—East-West vulnerable, as South you hold:
 ♠K76♥1052♦Q62♣AJ109
 The bidding has proceeded:
 South West North East
 Pass Pass 1♦ Pass 1NT Pass Pass Dble.
 ?
 What do you bid now?
 A.—Redouble. You could not possibly hold more for your response, and partner should be told of this. East, in his desire to contest the partial, was hoping that his partner held your hand, and now he is caught in a vice. By redoubling, you invite partner to double the opponents once they begin seeking an escape suit.

Q.8—As South, vulnerable, you hold:
 ♠KQ974♥A♦KJ♣J8762
 The bidding has proceeded:
 North East South West
 1♦ Pass 1♦ Pass 2♦ Pass ?
 What do you bid now?
 A.—Five clubs. Blackwood is out because partner might have only one ace. It is that fact that also deters us from leaping directly to slam. The jump to game should induce partner to go to six if he has a goodly number of aces.

USDA Figures Said Too High

Cotton production in Howard County, which totaled almost 95,000 bales last year, will plummet to 20,000 bales this year, according to the U.S. Department of Agriculture estimates.

"But I doubt it'll near that much," Ronnie Wood, county extension agent, said.

"I've been saying 10,000 bales," Bruce Griffith, county extension agent said. "And that may be a little high."

Wood cited lack of rain before planting season which got the crop off to a shaky start because no rain during the fall, winter and early spring left moisture reserves depleted.

He said that "because of low cotton crops, there's

going to be more wheat, oats and rye this year."

Another factor is the high cost of feed for cattle. Many cotton farmers also raise cattle.

Wood also predicted "more winter grazing of wheat, oats and rye," a practice new to the county.

"As far as any milo — you know, grain sorghum — in Howard County, there just is not any," Wood said.

It was too dry when grain sorghum should be planted in early summer and too dry through the growing season.

County's Tax Tabs Mailed

The remainder of 22,000 tax statements are being mailed today, Mrs. Zarah L. Bednar, county tax collector, said.

Statements to loan companies were distributed earlier.

Despite losses due to exemptions for senior citizens' homesteads, the county tax roll (which carries property at one fourth of market value) will total \$95 million. This compares to \$83 million for the previous year and can be explained mostly through increasing oil prices and improvements at Cosden Oil

& Chemical Co. Inc.

The county is assessing \$989,869 in taxes this year compared to \$883,254 for last, Mrs. Bednar said.

Also, the county is billing property owners for \$565,338 for Howard College, and \$153,154 for the State of Texas. Last year, college taxes came to \$503,799 while state government called for \$170,672.

A decreasing state tax rate schedule accounts for the lower state tax burden.

Members of County Commissioners Court signed the county tax roll this morning.

Exhibit To Open Tuesday

An unusually varied collection of art, sculpture, Indian jewelry, basketry and pottery will go on display starting 1 p.m. Tuesday at the Heritage Museum. The museum will be open to 8 p.m. daily.

Provided by the Wind River Gallery of Dallas, the collections of Ms. Toy Walther will also be available to purchasers as well as for free exhibit to the public.

Heading a list of art, much of it with a Western flavor, is a work by Frank C. McCarthy, one of the biggest names in the field. There also are works by Stefan Kramer, Arthur Shilstone, Hernando G. Villa, and others, along with two striking charcoal by Joe Hobbs.

The exhibit has an unusual assortment of sketches, and paintings of Mary Dove, noted for her landscapes and wildlife. Among other artists represented are C. B. Mahaney, William B. Schimmel, Nick Andrews, Steven Scott, Harley Brown, J. Colander, R. H. Burbank, Bill Freeman and others.

Highlighting an exceptional display of bronzes is an Indian bust by the in-

comparable Charles M. Russell, whose bronze and paintings of the early West are mentioned only in the same breath as Frederic Remington. There is an example of the intricate work of A. P. Baker, and as a special feature of the week-long show, Mahaney has set up shop to work on some of his bronze sculpture. Thus, visitors will be able to see bronze sculpture at various states of development.

The exhibit has a large number of fabrics, principally Indian blankets, baskets, sliver, turquoise, and Pottery.

United Way Is At Standstill

"The United Way drive appears to be at a standstill this morning," according to George Zachariah, drive secretary. "It is still at only \$45,632.21 or about 40 per cent."

"The employe division has not yet begun to report, and the big gifts and agricultural divisions are going to make a second effort following their mail-out campaigns," Zachariah added.

To Welcome New Scouter

Arthur Hyman, who will be the new executive for the Lone Star Scout district, will be welcomed at an informal coffee Thursday 7:30 p.m. in the activities building at the rear of First Baptist Church.

The reception will be on the date for the Scout Roundtable, and Clem Jones, District Commissioner, urged all adult Scout leaders and their spouses to attend.

Jones announced that the regular Roundtable, usually held on the first Thursday of each month, will be replaced this month by the reception.

Joker Winner

At Jack Show

Joker, a mammoth jack owned by County Judge A. G. Mitchell and shown by E. Garrett Patton, won first Saturday at a bi-district meet of the International Longears Club.

The two Big Spring men also won second in cart trials with Snowball, a donkey.

Jackass and donkey raisers from several states and including one from Canada exhibited at the meet.

Several events were staged but Joker won in the major category.

CHANCES HIGHLY UNCERTAIN Health Insurance Bill

WASHINGTON (AP) — Senate Finance Committee members have virtually reached agreement on a health insurance bill they would like to see passed in the closing months of the 93rd Congress.

But chances for such legislation still are highly uncertain even though it has been given a top priority by House and Senate Democratic leaders.

PROTECTION
Sen. Russell B. Long, D-La., the Finance chairman and chief sponsor of the bill his panel is expected to approve, says one of the key factors is how much effort President Ford is willing to put behind the legislation.

Another hurdle for the legislation may be erected by Senate and House members who want a much broader measure than the one under consideration in the Finance Committee.

HELPS THE POOR
Long argues that it will lay the foundation for a broader program later.

CASTRO PUFFS ON CIGAR — Cuban Prime Minister Fidel Castro puffs on his cigar during his meeting with visiting U.S. Senators Jacob Javits, R-N.Y., and Claiborne Pell, D-R.I., Sunday in Havana.

Call Meeting With Castro "Frank, Warm And Friendly"

Asked how a normalization of relations could be in prospect in view of these statements, Pell replied: "There is a difference between words and actions."

The senators likened Cuba's attitude to that of the Soviet Union and China, both of which have improved relations with the United States while maintaining a tough anti-American posture in official declarations.

Javits said their visit was "in no way, shape or form approval of any of the policies of this government."

Miss Lynn Moron Weds Dean Young Saturday

Miss Lynn Moron and Airman I.C. Dean A. Young were married Saturday at 2 p.m. in the chapel at Webb Air Force Base with Chaplain James Baggett officiating.

Parents of the couple are Mr. and Mrs. Felipe R. Moron, Coahoma, and Mr. and Mrs. Grover D. Young, Brazil, Ind.

The ceremony was held before a heart-shaped arch with candelabra and baskets of flowers on either side.

The bride's gown was of white Chantilly lace over taffeta, featuring long, fitted sleeves, basque bodice and tiered bouffant skirt that swept to a chapel-length train. The Sabrina neckline was accented with a lace ruffle. Her tiered fingertip-length veil was held by lace flowers enhanced with pearls.

Three shades of pink roses were fashioned into the bride's bouquet.

Miss Anita Moron was her sister's maid of honor. Bridesmaids were another sister, Miss Beatrice Moron; Miss Sharon Craver; Miss Brenda Baker; Miss Denise McMillan; Miss Susan Musgrove.

Their floor-length dresses were styled with pastel pink bodices and deeper pink skirts. They carried bouquets of pink flowers.

Airman I.C. John V. De la Gerda, San Fernando Valley, Calif., served as best man. Groomsmen were

MRS. DEAN A. YOUNG

The bride is a graduate of Coahoma High School, and the bridegroom is a graduate of Van Buren High School in Indiana.

The couple will live in Big Spring.

Airman Kenny Hild, Airman James Paris and Thomas Musgrove.

Olga Moron the bride's sister, was the flower girl.

A reception was held at the NCO Club.

Club Hears Decorator

Mrs. Gayle Wagner, decorator consultant for the Sherwin Williams Company, discussed coordinating elements of design for the home when she was guest speaker Friday afternoon for the City Home Demonstration Club. The group met in the home of Mrs. Frances Zant with Mrs. E. E. Arnold as cohostess.

Mrs. Wagner displayed samples of wall paper, carpet and various types of floor coverings which would coordinate in interior design. During her talk she described decorator looks, such as eclectic, oriental, patriotic, etc., which can be achieved in most any home. The settings she illustrated ranged from traditional to modern, some combining the two for warmth and charm.

During the business session, Mrs. Zant reported on the Texas Home Demonstration Association meeting in Amarillo, and Mrs. Alton Underwood told of the Democratic convention which she attended in Austin last week. The group agreed to sponsor a patient at Big Spring State Hospital for the following year.

Mrs. Neil Fryar was welcomed as new member and Mrs. James Fleming was introduced as a guest. The devotional was by Mrs. James Johnston.

The next meeting will be Oct. 11 with Mrs. Clyde Cantrell and Mrs. W. E. Wozencraft as hostesses.

Naturalness Is Best Guide

There's nothing wrong with the "natural" look — nobody wants to be a brassy blonde wearing outrageous red lipstick — but that's no reason to confuse natural good looks with simple sloppiness. The brainiest beauties make the most of themselves — looking natural, only better than nature manages without help. That means deceitfully-simple makeup (the most looking like the least), haircoloring that enhances nature instead of letting age and abuse take their course.

There's nothing anti-nature about perking up your own hair color, or covering grey strands that make a woman look un-naturally old. Nothing difficult about it, either. Today's hair colorings are the simple shampoo-in type. No excuse for looking less than your best — not when today's naturally beautiful look is so easy to achieve.

Special Exhibit Goes Up At Museum Tuesday

Paintings by big names in Western and contemporary art will form a special display at Heritage Museum, 1 p.m.-8 p.m. Tuesday through Friday, Toy Walther is bringing many treasures from her Wind River Gallery in Dallas to display. Included will be examples of Indian (and turquoise) jewelry, crafts, bronzes, sculpture, etc. It's so varied that it's bound to cover almost any taste, and, as usual, it's free to the public. Most of the items displayed will be for sale.

A surprise and delightful visitor to the museum Thursday was Miss Maydell Alderman, McConnellsville, Ohio, who despite her distant residence, must be rated as a founder of the museum. She gave \$1,000 to help start it; has been a sustaining member since. Her father, C. L. Alderman, was one of the most prominent entrepreneurs of early day Big Spring, starting the waterworks and phone company, among other things. The latest reproduction of an H. W. Caylor painting given by Capt. and Mrs. Howard Duff, "Comanche Bride," is now on display.

The Queen's section of the Texas Rose Festival in Tyler Oct. 12 will feature 52 coeds in coronation gowns portraying "Moments in History" from the court of Queen Isabella, through Jamestown, and to the Age of Aquarius. The parade will be at Rose Stadium (14,000 seats) and will include 25 rose-decorated floats, 30 bands and scores of marching groups.

American classical guitarist, James Eddy, will be in concert at Abilene Christian College Friday 8 p.m. in Moody Coliseum. It's on the Fine Arts Series but is open to the public.

Odessa is throwing a Colonial Fling-Ding as a bi-centennial party Saturday on the campus of UTPE. The grand march kicks off at 9 a.m. with a drill team, and a.m. and drum corps. There'll be games popular in Colonial days: fiddling, square and round dance, musket loading and firing, corn husking, marbles, and even a Punch-and-Judy show. Nothing Colonial about this, but the world championship cow-punch tossing finals will be held.

Quotable Women

Here are some quotable quotes from women during the week:

"I will do everything I can to help save the Lambs and develop the new Lambs club, which is a much-needed and exciting concept for the nation's first private club for the fine and all performing arts." Jacqueline Kennedy Onassis, second woman member of the century-old theatrical group, in a statement in New York.

"I think it's a great adventure. When is a seaplane going to go around the world again? I'll have my camera clicking all the way." Actress Maureen O'Hara who, with her pilot husband, Capt. Charles Blair, began a 12,000-mile flight across the Pacific Ocean from Sydney, Australia, on a World War II flying boat.

"Any time and place I meet Americans, I tell them my gratitude and admiration for what their country has done for us." Vittoria Leone, Italy's First Lady, speaking of surgery performed upon her son years ago in Los Angeles which enabled him to walk, and preparing to visit the United States with her husband, Italian President Giovanni Leone.

Old Iron Skillet Demands Care

Is rust forming on your favorite iron skillet use for cooking?

This problem has a simple solution — don't allow an iron skillet to air dry after washing. It is moisture that causes rust, regardless of whether the skillet is seasoned or unseasoned.

After washing, towel dry an iron skillet. Then, to be sure it is completely dry, put it over the pilot light on a gas range or on very low heat on an electric range for a few minutes.

The Difference Is In The Pan

If you cakes don't always come out of the oven looking like "blue ribbon" specials, you may be using the wrong type of cake pan.

The pan used for baking definitely influences the volume, texture, shape and color of the finished cake. The best pan for cake baking is an aluminum pan with a dull bottom and shiny side, according to extension home economists. Cakes baked in this type of pan have a large volume and the best possible shape and color.

Check For Toxins In Home Canned Foods

By SHERRY MULLIN

Dear Abby

Reconditioned Exhibitionist

DEAR ABBY: I read the letter from "Scared," the 19-year-old girl who just found out her steady boyfriend had been arrested several times for indecent exposure.

Thank you for your compassionate and understanding attitude. You said, "It's an illness. He needs therapy." Abby, you are so right.

I am a 28-year-old man who was cursed with that illness for about 15 years. It's called "exhibitionism." And it's as difficult to control as alcoholism. In plain language, it's an uncontrollable urge to expose oneself.

I was normal in all other respects and couldn't understand this fierce urge I seemed powerless to control. I won't go into the humiliation, problems with the law and tremendous guilt feelings I suffered until I finally found a psychologist who knew how to treat this illness. He used the "conditioning" technique, and it cured me.

I have been married for five years to a woman who stood by me through the worst. She gave me the courage to seek professional help, and the strength to stick with the treatment. Had it not been for her, I could not be signing myself.

EX-EXHIBITIONIST

DEAR EX: Because I feel that an unenlightened society has misunderstood this problem for years I shall print your letter.

Perhaps in an effort not to seem self-serving, you failed to mention an important fact: Exhibitionists are usually gentle, non-violent people, and the chances of their attacking anyone are very, very remote.

But in fairness to society, exhibitionists cannot be allowed to go about traumatizing children and shocking adults.

Those who sincerely wish to overcome their problem have an excellent chance of being helped, either by psychotherapy or conditioned reflex therapy. I urge those who are still fighting this battle to seek out such help.

DEAR ABBY: "Stumped Divorcee" didn't know how

Pirates Caught

By The Associated Press
A loss to the New York Mets might shake up the National League East, but it doesn't shake Pittsburgh Pirate Manager Danny Murtaugh.

IN THE GAME — Mike Smith (51) of Southern Methodist moves into position to center the ball during action in Saturday's game against Ohio State in Columbus.

Smith got to play in the game after he received a restraining order from U.S. District Court Judge Dee Brown Walker. Smith was suspended from playing after it was learned that he had allegedly received a rent free apartment.

The defeat dropped the Pirates back into a first-place tie with the St. Louis Cardinals and set up a Hollywood finish for the East pennant.

UPSET RAMS 20-14 Patriots Continue To Stun Opponents

By The Associated Press
It used to be that a visit to New England was a breather for a National Football League club. For the Baltimore Colts, though, it couldn't come at a worse time.

But the Patriots surprised everyone by knocking off everybody in sight Sunday. They started at the top, slugging the defending Super Bowl champion Miami Dolphins 34-24.

They started at the top, slugging the defending Super Bowl champion Miami Dolphins 34-24. A fluke, everyone said, but not much of one.

In Sunday's other games, St. Louis clubbed Cleveland 29-7, Oakland shut out Pittsburgh 17-0, Miami had to struggle to pull out a 28-21 victory over San Diego, Buffalo beat the New York Jets 16-12.

Minnesota struggled past Chicago 11-7. Tonight, Washington hosts the Denver Broncos.

Joe Lavender returned an intercepted pass 37 yards for a touchdown. Tom Sullivan scored on runs of 28 and three yards and Tom Dempsey kicked three field goals in the Eagles' rout of Baltimore, which was fired Sunday, right after his young and puncheoness team had suffered its third straight loss, bowing 30-10 to Philadelphia.

Two touchdowns passes by Jim Plunkett and two field goals by John Smith sent Los Angeles into the loss column and at least one Patriots fan to dreaming about Super Bowls.

Terry Metcalf exploded 94 yards with the second-half kickoff to put St. Louis on top 14-0 and, after Cleveland bounced back with its only touchdown, Mel Gray hauled in a 68-yard touchdown pass from Jim Hart.

They beat our butts, it's that simple," Joe Gilliam said of the Raiders following Pittsburgh's first scoreless game since 1964.

Ken Stabler passed 19 yards to Cliff Branch for one Raider touchdown and plunged in from one yard out for the other one.

Trailing 21-7 in the fourth quarter, Bob Griese calmly marched Miami to three touchdowns, preventing the Chargers from pulling off their second straight big upset.

Billingsley's 21-yard touchdown run, eight plays after Greg Gantt's 25-yard punt into the teeth of a 30-mile-an-hour wind, carried Buffalo past the Jets.

No Hint Of Carrying Out Death Threats

SANTO DOMINGO, Dominican Republic (AP) — Negotiations to free an American diplomat and five other persons held by terrorists in the Venezuelan embassy appeared stalled today. Neither authorities nor the guerrillas appeared ready to resort to force to break the deadlock.

Archbishop Hugo Polanco, the only person to enter the consulate Sunday, said the six leftist guerrillas requested that a negotiating commission be set up, "but the Dominican government has not agreed to act upon that request."

Security forces in riot gear patrolled around the two-story stucco building where the terrorists had been holding their six captives since Friday.

The terrorists demanded \$1 million and safe conduct to Cuba or Mexico for themselves and 37 Dominican prisoners in exchange for the hostages, who include Barbara A. Hutchison, head of the United

MENDEZ VARGAS States Information Service in Santo Domingo, and Venezuelan Consul General Jesus de Gregorio.

President Joaquin Balaguer's government rejected all the demands except transportation out of the country for the terrorists. Meanwhile, U.S. Ambassador Robert A. Hurwitch spent most of Sunday in consultation with government officials.

The six hostages and their captors got their first food and drink in 24 hours Sunday when Archbishop Polanco took sandwiches and soft drinks into the consulate with him. Police sources said the Dominican government had agreed to the delivery of food and other necessities twice a day.

The government also

cut off the consulate's electricity and telephone service early Saturday.

The archbishop said Mendez Vargas, the leader of the terrorists, told him there was "an injured or sick person" in the consulate, and that they needed medicine and water. But the archbishop told Ambassador Hurwitch that Miss Hutchison appeared "well and in good spirits."

Gen. Rafael Guzman Acosta, the Dominican Republic's chief law enforcement officer, denied reports that the terrorists had planted dynamite throughout the consulate.

"They have two or three sticks perhaps," he said. But he insisted there was not enough to destroy the building.

The hostages include another consulate official, two Dominican secretaries and a Spanish priest who was applying for a visa when the terrorists invaded the building.

Another hostage, a Venezuelan man, escaped by jumping out of a second-story window Saturday.

New Face In Baylor Lineup Is 'Spoiled'

WACO, Tex. (AP) — A new face in the Baylor lineup was making his home debut Saturday night but he was not wearing a football uniform.

The new face which appeared at Baylor's intersection game with Oklahoma State loves Dr. Pepper, hates marching bands, cries a lot for his mamma and has a full beard although he is only nine months old.

His name is "Judge" and he is Baylor's new bear cub mascot.

Duncan Manning, bear trainer and Judge's foster father, claims the cub is the most pampered in Baylor history. Born in Wisconsin, Judge was brought to Baylor in August.

"He likes people very much," Manning said. "In fact, he is spoiled rotten. When he first came he wouldn't sleep unless somebody was around."

"Finally we got a dog and left it with him at the pit and he started sleeping with it," Manning said. "He still prefers people," though.

In addition to his regular diet, something similar to dog food, Judge gets an occasional treat of bread and honey but his favorite treat is the soft drink.

Judge first appeared this season at an away game at Oklahoma.

"Bears can't see very well," Manning said, "and when there is a loud noise coming towards them like a marching band, they get scared."

"Since Judge got here, I have been making him listen to march records at full blast," Manning said. "I hope it helps."

Even Santa Hit By Inflation

EAST DUNDEE, Ill. (AP) — Even Santa has been affected by inflation.

One of his summer hangouts, Santa's Village, has hiked prices on its animal acts.

Instead of a dime, it now costs a quarter to work the machine that signals a live chicken to dance on a small table top, or a duck to play a little piano with his bill, or a rabbit to hop into a fire engine and set off the siren.

Each act lasts about 30 seconds, and at the end a pellet of food automatically drops for each performer.

"We're caught in the spiral like everyone else," said Don Ruden, the animal manager. "We have four chickens, four ducks and two rabbits working in three-hour shifts."

Inventors Sag In September,

WASHINGTON (AP) — If necessity is the mother of invention, then September must be its stepchild.

September is traditionally a slow month for inventions, reports the Intellectual Property Owners, a non-profit organization in favor of a strong patent system, from its review of patents issued through the years.

The winter months have seen the most significant inventions. That's when Thomas A. Edison did some of his best work. The Wizard of Menlo Park staked claim to his electric lamp in January 1880 and his phonograph on Feb. 19, 1878.

Inventor Samuel Colt patented his revolving gun February 1836, magician Harry Houdini's diver's suit for quick escape was filed with the U.S. Patent Office on March 1, 1921, and Alexander Graham Bell revolutionized our lives with his telephone on March 7, 1876.

The only significant invention IPO turned up for September was an automatic reading system devised on Sept. 12, 1961, by Kenneth R. Eldredge of Palo Alto,

BLINDED 33 YEARS AGO Popcorn Ed's Nose Saves Him From Bankruptcy

VALLEY CITY, N.D. (AP) — Popcorn Ed's nose saves him from bankruptcy.

A customer unfamiliar with Ed may wonder why the popcorn vendor sniffs a dollar bill offered for a bag of popcorn.

But it is the only way 80-year-old Ed Artis, known as Popcorn Ed, can be sure he won't end up with a cash register full of useless paper at the end of the day.

The eyes behind his dark glasses were blinded 33 years ago, but Ed says he doesn't need to see to run the stand in this town of 8,000 about 90 miles east of Bismarck.

Tall and thin, he moves with confidence in the cramped 8 by 16-foot wooden stand

which houses a popcorn machine, freezer, refrigerator and counter.

"I know exactly where everything is," said Artis, reaching unerringly for a popcorn bag.

"I can tell real money by the smell," he said. "Real dollar bills have a kind of goosy smell. It's hard to describe."

"I feel the bill with my fingers and thumbs," he said. "There are fine pieces of silk in real money. You can't snap it in two. Fake money feels thinner — there's no fiber in it."

The popcorn man says his expertise comes from 25 years of selling popcorn, candy and soft drinks.

A wire mesh separates him and his

customers, but it wasn't always that way.

"Until a few years ago I had an open counter," he said. "I used to have the candy right up there in front. It's just the last few years the kids started stealing."

Road Deaths

AUSTIN (AP) — Five hundred and 15 fewer people have been killed on Texas highways than for the same period in 1973, the Department of Public Safety reports.

This year's fatalities total 2,083, compared with 2,598 in 1973. Fatal accidents total 1,804, compared with 2,132 at this time last year.

This is a 20 per cent reduction in deaths.
