## SURCHARGE ON CORPORATIONS, WEALTHY INDIVIDUALS

# Package Includes Tax

WASHINGTON (AP) — President Ford is reported ready to recommend an income tax surcharge on corporations and upper income individuals as part of his anti-inflation program.

Such a move, however, already has been criticized in some congressional quarters. Sen. Edward M. Brooke today discarded any plans for a surcharge.

"The basic defect of the surcharge is that it compounds the gross inequity that already exists in our

income tax laws," said Kennedy in a statement.

Kennedy said a surcharge is "fundamentally unfair to millions of ordinary taxpayers because it hits hardest at those who already pay more than their fair share of taxes."

**DOZEN IDEAS**

The President spent much of Sunday working on the package of proposals he will outline to Congress and the nation in a nationally televised and broadcast address from Capitol Hill at 4 p.m. EDT Tuesday.

White House spokesman said Ford has settled on more than a dozen specific proposals, centering on problems with food and energy prices, the depressed housing industry and record high interest rates.

Administration sources said they expect the income tax surcharge to be among the President's recommendations. According to Time magazine, Ford is ready to seek a 5 per cent surtax on corporations as well as individual in the higher income tax brackets.

Time said the surcharge "probably" would be on individual incomes of \$7,500 and above and on family incomes of \$15,000 and above.

The President, asked about the magazine report as he left Bethesda Naval Hospital after visiting his wife Sunday night, said "I'm not sure we're going to talk about on Tuesday."

Administration sources acknowledged the 5 per cent surtax had been discussed at high level economic

meetings.

It probably would be coupled with tax reductions for those in lower income brackets who are hit hard by inflation, the sources said.

**HOUSING**

The surtax presumably would apply against taxes paid — not the full income of an individual or a corporation — but details were scanty as Ford put the final touches on his major economic address.

The President's proposals on housing are expected to include a recommendation

for tax exemptions to encourage the flow of savings into financial institutions for use as mortgage loans. The housing industry is in its deepest slump ever because of tight money and high interest rates.

After the Sunday meeting, White House press secretary Ron Nessen turned aside questions on the President's tax plans. But he said the President's program "Calls for sacrifices" by the public, industry and government.

## Foreign Aid

WASHINGTON (AP) — Congress, in its last week before a month-long campaign recess, has two appearances by President Ford and a resumption of the foreign aid battle on its schedule. Ford will outline his anti-inflation proposals to a joint session of Congress Tuesday afternoon. On Thursday he is scheduled to appear before a House Judiciary subcommittee to answer questions about his pardon of former President Richard M. Nixon. Foreign aid is scheduled to come up in midweek with House and Senate action on a compromise continuing resolution money bill under which military aid to Turkey could be suspended.

NEW YORK (AP) — China's 800 million people will escape food shortages plaguing much of the world if their population growth is held in check, a team of American scientists has concluded after a month's stay in the Communist nation.

The team was "tremendously impressed with the high quality of Chinese farming," Dr. Sterling Wortman, a vice president of the Rockefeller Foundation and leader of the group, said. "China is as well prepared to meet the coming food-population problem as any country could be."

# Police Activity Hints Siege May Be Near End

SANTO DOMINGO, Dominican Republic (AP) — A flurry of police activity at the Venezuelan consulate, where leftist terrorists have been holed up with an

American diplomat and six other hostages for 10 days, spurred speculation today that the siege may be nearing an end.

Dominican authorities

moved dozens of newsmen, photographers and television camera crews almost out of sight of the two-story consulate Sunday.

surrender of the leftist rebels, who claim allegiance to the Jan. 12 Movement. It had been reported that the government of President Joaquin Balaguer had agreed to let the terrorists leave the Dominican Republic, but the government had denied this.

and safe conduct out of the country for all.

Last Thursday he dropped the cash demands and made an undisclosed cutback in the number of prisoners he wanted freed.

## NIXON'S PARDON CITED

### Colson Wants Jail Sentence Trimmed

WASHINGTON (AP) — Charles W. Colson, once a defendant in the Watergate coverup trial, today asked that his one to three-year jail sentence in the Ellsberg case be reduced, in part because of the pardon granted to former President Richard M. Nixon.

Colson, 42, pleaded guilty on June 3 to one count of obstructing justice. He admitted then attempting to influence the outcome of the trial of Pentagon Papers figure Daniel Ellsberg by attempting to leak derogatory information about Ellsberg to the press.

**PUNISHED**

In exchange for his guilty plea, U.S. District Judge John J. Sirica agreed that charges against Colson in the cover-up case would be dropped. In connection with the cover-up, Colson faced one count of conspiracy and another of obstructing justice.

## SPECIAL UNIT

Police and a special army unit cleared a two-block area around the building, and three vehicles drove onto the consulate grounds through an adjacent churchyard.

But there was no sign of activity from inside, either by the half-dozen terrorists or the hostages. The hostages include Barbara Hutchison, 47, head of the U.S. Information Service in Santo Domingo.

Dominican police earlier called for the unconditional

**FOOD RATION**

The hostages, also including two Venezuelan consular officials, a Spanish priest, two Dominican secretaries and a messenger, received food rations as usual and were reported in good condition.

On Sept. 27, after Miss Hutchison was seized and taken to the Venezuelan mission, the terrorist leader, Radhames Mendez Vargas, called newspapers and radio stations to announce the takeover. He demanded \$1 million, 37 political prisoners

and safe conduct out of the country for all.

Last Thursday he dropped the cash demands and made an undisclosed cutback in the number of prisoners he wanted freed.

Ten of the 37 prisoners on the list said they wanted nothing to do with Mendez and would not leave their cells to go with him.

Mendez, 32, is a self-styled Maoist who once hijacked a Venezuelan airliner to Cuba. Married and father of two daughters, Mendez served four years of a 20-year sentence and was released seven months ago.

**BIG ROLE FOR SMALL ITEM** — Thermal cutoffs which are no bigger than overstuffed straight pins play a large role in appliance safety by preventing fires or burn damage from over-heating in such items as hair dryers and electric coffee pots. # Experts Call For New Ways To Save Energy

**By The Associated Press**

American fuel conservation efforts have lost some of their steam, and experts in and out of government are calling for new ways to save energy and slow the inflationary flow of dollars to oil countries.

An Associated Press survey completed on the eve of President Ford's economic policy speech shows that Americans are still traveling less, driving their cars more slowly and turning out lights.

**NOT ENOUGH**

The survey showed these efforts have slackened since the end of the embargo. They continue to provide considerable energy savings — more than a million barrels of oil a day. That's good, but not enough, many experts are saying.

With American crude production slowly declining and imports of expensive foreign crude slowly climbing, more conservation is needed to halt the dollar drain. The dollar drain is one of the biggest reasons for the inflation that plagues this country and much of the

industrialized world, economists say.

France has already moved to cut oil imports by 10 per cent, and Italy is also taking mandatory steps to reduce energy use.

**ONLY TOOL**

Secretary of the Treasury William E. Simon said last week that conservation is the only tool this country has right now to bring down foreign oil prices.

President Ford is expected to announce some new measures for conserving energy Tuesday, but advance word is that no radical steps will be taken.

Simon's successor as head of the Federal Energy Administration, John Sawhill, is known to favor a federal tax on gasoline to cut demand. President Ford has said he does not favor such a tax.

of gasoline and electricity as the prime reasons for cutting back. Industry spokesmen also said they were cutting back because it saved them money.

"Since the oil embargo, only the price is making people conserve," said Dr. James Murray of the National Opinion Research Center in Chicago which has been polling citizen views on energy for the FEA. "It's strictly economic."

Many experts feel that voluntary conservation can accomplish only so much. They say any further reductions in consumption require stronger measures.

Former Secretary of Defense Melvin Laird, one of Ford's leading unofficial advisers, says he favors a rationing system to curb gasoline consumption. Ford spokesman says the president is opposed to such a move.

## OIL EMBARGO

The AP conservation survey, like several others taken during the past year, showed that people cited inflation and the high price

which overthrew Marxist President Salvador Allende and took power 13 months ago.

The sources said Chile is buying 18 F5E Freedom Fighters, the latest model of a fighter designed for the air forces of developing countries by Northrup Aviation Co. of Hawthorne, Calif. The total cost is about \$60 million.

Sources also say the junta is purchasing 36 A37B close air support attack planes. These are built by Cessna and were flown by American pilots in Vietnam. Each plane costs about \$300,000.

In Washington, a Defense Department spokesman said only that any such deal is announced by "the country making the purchase," not by Washington.

## EXPENSIVE ARMS DEAL Chile Buying Jets From United States

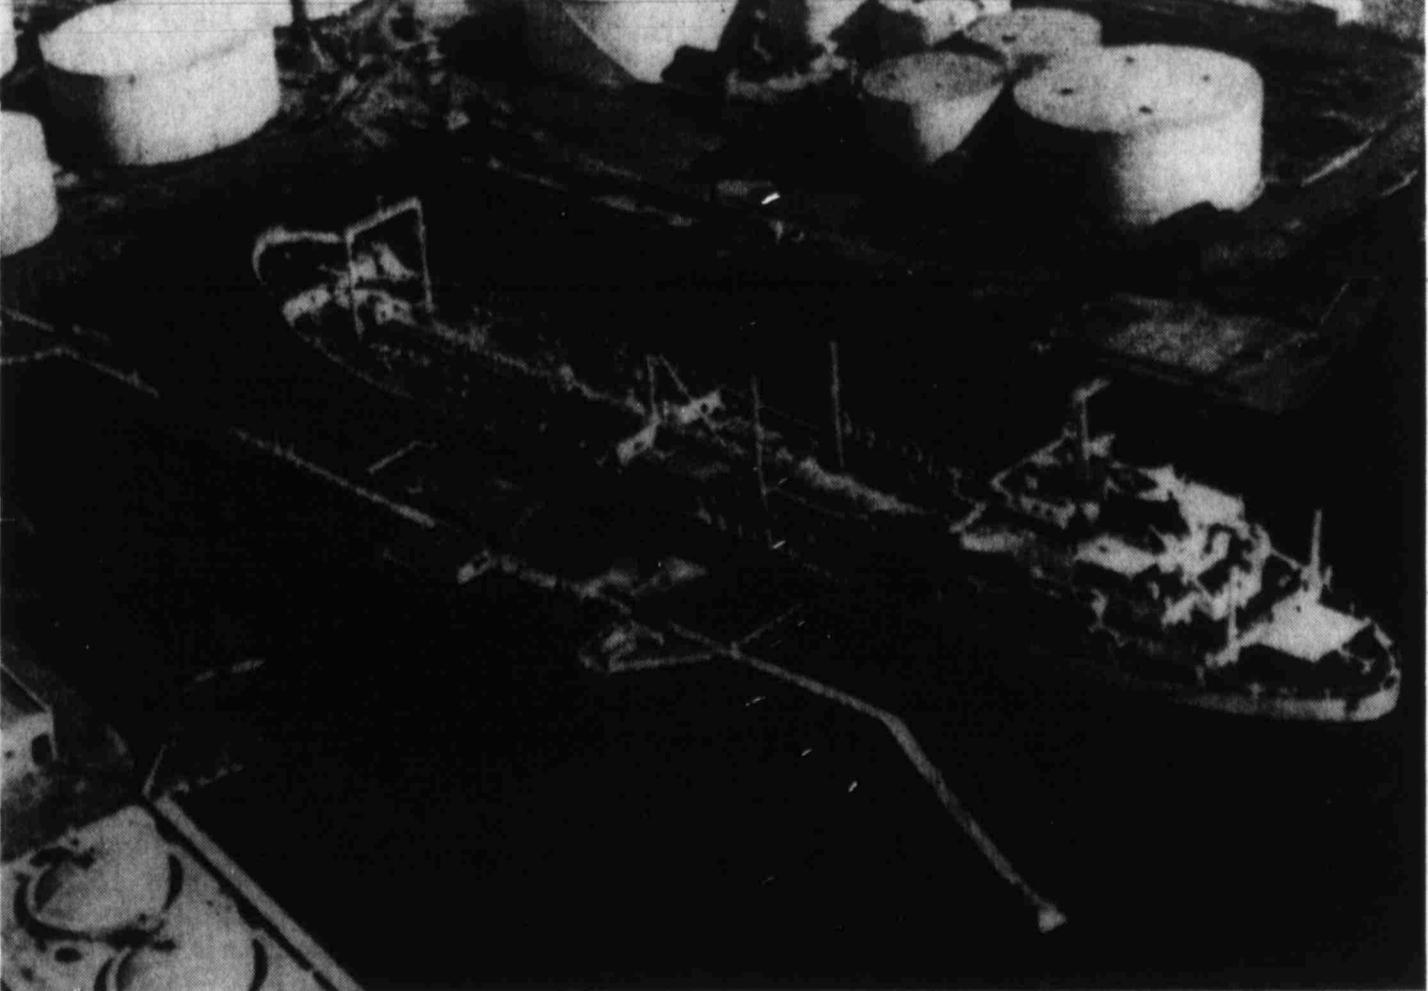

SANTIAGO, Chile (AP) — Chile is buying supersonic jet fighters and close air support attack planes from the United States for possible defense against Peru, sources say.

The purchases are part of a multimillion dollar arms deal between Washington and Chile's ruling junta, according to diplomatic and other sources.

The deal was confirmed by a high source in the Chilean air force, who also said they were for defense against attack from Peru. But officials of both Chile and Peru said they want to maintain peaceful relations.

Marxists in the Peruvian military are not friendly toward the junta in Santiago,

around the moorage to keep the oil from spreading. But oil has been reported on the city beaches and at several points outside the harbor.

**OIL SPILLED** — The tanker Messiniaka Bergen sits in its berth Sunday in New Haven, Conn., surrounded by oil that leaked, the Coast Guard said, after the ship split its hull while entering the harbor. Booms were set up

## Negotiations Starting On Nuclear Tests Pact

WASHINGTON (AP) — Secretary of State Henry A. Kissinger said today that negotiations are starting up in Moscow to try to broaden an underground weapons test agreement to include peaceful nuclear tests.

The talks grow out of former President Richard M. Nixon's summit meeting last summer with Soviet leader Leonid I. Brezhnev and involve a "goodfaith effort to develop criteria" for banning weapons tests above 150 kilotons, Kissinger told a news conference.

Kissinger's remarks came one day after Brezhnev declared during a speech in East Berlin that it is time to "move further ahead" in disarmament talks.

**'SAME GOAL'**

On another issue, he said the Soviets have never assured him that 80,000 Jews would be allowed to emigrate annually as part of a compromise to gain congressional approval of trade and credit benefits.

However, he said he shares the "same goal" of senators leading the drive to ease Soviet restraints on emigration.

Turning to the Ford ad-

ministration's decision to hold up a \$500 million shipment of corn and wheat to the Soviet Union, the secretary said "a strong possibility exists we may have misled" the Soviets on how quickly shipments would be processed.

Kissinger said fulfillment of the Soviet order now would have a "disproportionate impact" on the American economy, the fight against inflation and U.S. ability to meet other world commitments. He added that Treasury Secretary William E. Simon would discuss the subject in Moscow later this week.

**MISUNDERSTANDING**

"It was a misunderstanding between bureaucracies," Kissinger said.

On the Middle East, Kissinger said "there will be no concrete agreements or dramatic announcements" during his visit to the area beginning Wednesday.

He announced, meanwhile, that three countries—Saudi Arabia, Algeria and Morocco—have been added to his itinerary, but said he still intends to return to Washington on Oct. 15.

## The World At-A-Glance

**BANGKOK, Thailand (AP)** — King Bhumipol Adulyadej signed Thailand's new constitution today despite reservations about provisions that he said tinker with the traditional role of the king. His signature made the document the law of the land and cleared the way for national elections, tentatively scheduled for early February. The constitution decrees that soldiers and civil servants must resign their positions before running for public office and contains other provisions to keep the military out of politics.

**SEOUL, South Korea (AP)** — With 1,000 policemen guarding the court house, Korean leftist Moon Se-kwang went on trial today on charges of murdering the South Korean first lady. Moon was arrested in a theater Aug. 15 after an assassination attempt failed against President Chung Hee Park. Bullets fired at the president killed Mrs. Park.

**WASHINGTON (AP)** — The Supreme Court returns from summer recess today to a docket of more than 2,000 cases that raise issues ranging from the death penalty to presidential impoundment of funds. The court will announce decisions on some of its cases on its first decision day, Oct. 15. Chief Justice Warren E. Burger was expected to preside during brief opening ceremonies today despite injuries received in a bicycle accident that have kept him away from the court most of the past two weeks.

## CONVICTED BY JURY Inez 'Killed The Guy' After She Was Raped

MONTEREY, Calif. (AP) — A jury of seven women and five men has found Inez Garcia guilty of second-degree murder in the slaying of a man she said held her while another man raped her.

The jury returned the verdict Friday after nearly three days of deliberations. Superior Court Judge Stanley Lawson scheduled sentencing Oct. 21.

Mrs. Garcia and Fred Medrano, 25, were accused

of slaying Miguel Jimenez, 21, last March. Mrs. Garcia testified Jimenez held her while Luis Castillo, 17, raped her. The two men also tried to kill Medrano, she said.

Lawson declared a mistrial in Medrano's case after the jury failed to reach a verdict. A new trial is scheduled for Nov. 4.

Mrs. Garcia testified that a moment after she was raped, she killed Jimenez with a rifle.

"I killed the guy and I missed Luis but I meant to kill him too," she said. "The only thing is that I'm sorry I missed Luis."

Mrs. Garcia could be sentenced from five years to life in prison for the second-degree murder conviction.

The courtroom was crowded with feminists who attended the trial, sympathizing with Mrs. Garcia and maintaining that the prosecution questioning she underwent illustrated why many rapes go unreported.

**MILD**

Cloudy but no threat of rain after this afternoon. Chance then 20 per cent. High today in the 60s. Low tonight, lower 50s. High Tuesday, near 70. Easterly wind 6-12 miles per hour tonight.

# Analysts Forecasting Dip In '75 Car Sales

DETROIT AP — Independent analysts forecast little improvement in car sales in 1975, but their predictions conflict with those offered by the automakers themselves.

Top executives at General Motors, Ford and Chrysler recently estimated that 1975-model sales, including imports, would be between 10 and 10.5 million cars, up from 1974-model sales of 9.6 million.

**NOT SMASHING**

However, Wall Street analysts forecast far fewer sales in the coming 12-month period. Their predictions range as low as 9.3 million

for the 1975 calendar year, compared to 9.4 million for calendar 1974.

"The product this year is not smashing. The cars look the same," one independent analyst says. "Gas mileage is a little better, but 11 or 13 miles per gallon is nothing to write home about."

These pessimistic sales predictions are based partly on expectations there will be little real growth in the Gross National Product in 1975 perhaps a percentage point or two.

Stagnation of the GNP, a measure of the goods and services produced in the United State in a given year,

means little change in the amount of money consumers have available to spend on a new car.

**WAIT AND SEE**

Consumers also face sticker prices that have mushroomed about 20 percent in the past 14 months and higher gasoline prices.

Detroit auto dealers indicate sales of new models are moving slowly, with many prospective buyers taking a wait-and-see attitude.

Imports are expected to hold onto about 15 percent of the U. S. market, despite a surge to nearly 18 percent in September. Analysts say

importers indulge in something close to a "fire sale" last month in an effort to clear large inventories.

Price increases averaging almost \$1,000 per vehicle are expected to help the makers improve their profits picture following record declines in the first quarter of the year.

**FEWER STRIKES**

In addition, analysts note, the makers spent hundreds of millions this year converting some plants to production of smaller-size cars to accommodate growing consumer concern about fuel economy.

The expensive process will not have to be repeated in 1975, and the domestic firms are now in a better position to compete in the small car market, financial analysts note.

Less strike activity is expected in 1975. A series of walk-outs in local disputes and at supplier firms have caused many missed production schedules this year.

# Lincoln Shutout

Two defending state high school football champions continued to hang on to their No. 1 rankings over the weekend, and this week they could be joined by a third 1973 state champion.

HILL SCORES — Calvin Hill (35), Dallas Cowboy running back, makes short yardage and scores the Cowboy's last touchdown in the fourth quarter against the Minnesota Vikings at Texas Stadium Sunday afternoon. Minutes later Minnesota scored a field goal and won the game, 23-21. Attempting to stop Hill is Vikings' linebacker Jeff Siemon (50). On the ground in foreground is Blaine Nye, Cowboy offensive guard (62).

# Pats, Vikings, Cards Keep Unbeaten Records Intact

The Minnesota Vikings, the St. Louis Cardinals and the New England Patriots all lived to spend another week as National Football League unbeaten, but each club discovered victories in their bags at different times.

Tarkenton guided the Vikings 68 yards in the final two minutes to set up Cox' third field goal of the game. Calvin Hill's eight-yard touchdown run had given the Cowboys 1-3 and off to their worst start since 1965, a 21-20 advantage.

Table with columns: National Football League, American Conference, Eastern Division, Western Division, etc. Lists teams like Buffalo, Houston, Cleveland, etc. with records.

# COTTON BOWL Longhorns Encounter Sooners On Saturday

Texas Tech and Arkansas are the early leaders in the Southwest Conference football chase, but they tackle two teams Saturday with the potential to ice down any premature October Cotton Bowl fever.

# Dodgers Close In On NL Title

PITTSBURGH (AP) — There's nothing like two victories on the road before going home to make a team feel like the National League champions.

Arkasans was most awesome Saturday night in mashing Texas Christian 49-0.

In another game on the SWC menu Saturday, Southern Methodist travels to Fort Worth to play the Horned Frogs who may not have the services of ace running back Mike Luttrell, who strained knee ligaments against Arkansas.

In Dallas, the Texas Longhorns will attempt to master Oklahoma for the first time in four years. The unbeaten second-rated Sooners sent seven coaches to Austin Saturday night to watch the Longhorns throttle Washington 35-21.

A sellout crowd of 75,000 fans will jam the Cotton Bowl and because the game will not be televised due to Oklahoma's probation tickets are at a premium.

Texas officials said over 100,000 tickets could have been sold for the game.

# Unbeaten List Narrows To 15

If this season's wave of college football upsets is driving coaches up the wall, how do you think the bowl people are taking it?

Most have already lost a game or two. The list of teams with perfect records is down to 15, with four more clubs unbeaten but tied.

# Quarterback Meetings Set

Area quarterback clubs will meet Tuesday night. The Big Spring meeting is set for 7:30 at the high school cafeteria.

# Cox Wins Tourney

The finals of the Big Spring Golf Association Tournament was completed at the city course Sunday after postponed because of wet grounds.

Royce Cox won the championship flight with 148. Charlie Bailey trailed Cox by only one shot, a 149.

# Briscoe Orders Aid To Migrant Workers

MUSCATINE, Iowa (AP) — "The governor of Texas is way out of touch with this thing in Muscatine," tomato grower Jim Van Camp said of 400 Mexican-American migrants from Texas reported stranded in this southeastern Iowa farming community.

"I'm on the Muscatine Migrant Board and I know what we do for migrants," Van Camp, 51, continued Sunday night. "There might be 35 or 40 stranded at the most."

Juan Cadena, director of the migrant board here, said Sunday night, however, he believed "there are probably 200 to 250 still staying in the migrant camps."

Texas Gov. Dolph Briscoe ordered immediate assistance Sunday for the migrants, who were hired by Iowa farmers to pick tomatoes.

His office said reports from Iowa indicated the families were suffering hardships after a severe frost Tuesday night killed thousands of bushels of ripe tomatoes and left many migrants without work

Many were reported from the Donna, Tex., area. Briscoe's office said they reportedly lacked adequate food, shelter, clothing, medical assistance and the means to return home, and some children were reported ill.

"I think they've got this thing blowed way out of proportion," said Van Camp, who raises tomatoes along with corn, soybeans, peppers, beef cattle and hogs on his 500-acre farm. He also maintains living quarters for 32 migrant workers.

"The families have got all kinds of clothing," he said. "Go through my migrant camp after they're gone home each season. You'd see the clothing given to them that they left behind."

"They don't lack food either. They get free clothing, free housing, food stamps. We hire special bilingual teachers to teach their children."

"We have a fulltime nurse workout of the migrant center. We have a thorough medical program for them, free medical checkups and

assistance. We take them to Iowa City for dental work."

He said wages were raised this year, from 16 cents to 22 cents per bushel of tomatoes picked.

"An ordinary picker could pick 100 to 150 bushels a day," Van Camp said.

"As far as illness, I don't know of any caused by the way migrants are housed or treated."

Briscoe sent Rogelio Perez, director of the Governor's Office of Migrant Affairs, here Saturday night to determine the extent of

hardship and report the remaining migrants home, Cadena said, adding, "I think we've got it pretty well under control."

# Caylor Exhibit Opens Tuesday

An interim exhibit of paintings and high-fidelity reproductions from the works of pioneer Big Spring artist H. W. Caylor is scheduled to open Tuesday at the Heritage museum.

On display will be 17 originals and 37 reproductions, most of them supplied by Howard Duff (Capt. USN Ret.) and his wife, Pauline Melton Duff, of Edmonds, Wash. The Duff's sparked a revival of interest in the paintings of the early-day artist, and he has assembled a remarkable collection of pictures Caylor had been commissioned by prominent Texas ranchers to paint. Caylor came to Big Spring in the early 1890's to ranch and paint.

This will be the first opportunity for many to view the newest reproduction, that of "Comanche Bride." The bride was taken from the horse of an Indian who was killed by Ki Hough after impaling pioneer rancher George Reynolds, on a arrow and shaft. Reynolds carried the bride, who was about a dozen years before it was removed surgically at Kansas City, Mo. Silver ornaments on the bride suggest the Indian may have seized it from a wealthy Mexican.

Duff obtained the color negative from Cowboy Hall of Fame, where the painting now hangs. It was given by Joy Reynolds, nephew of George Reynolds, and when he died, his sons gave it to CHF in Oklahoma City. Duff first got on to the Reynolds' Caylor collection in 1952 in talking with Mrs. H. D. Connell, Fort Worth, adopted daughter of the Peeler Reynolds Mrs. P. J. Peeler, Fort Worth, who now holds the remaining Caylor from the Reynolds collection, permitted Duff to have the reproductions made.

The exhibit will hang for the next two weeks, until the "Six Flags" exhibit is ready. The museum is open from 9 a.m. to 5 p.m.

## Delays Jury

County Attorney W. H. (Bill) Eysen Jr. today announced that the 60-member jury panel summoned for county court Tuesday need not appear until 9:30 a.m. Wednesday.

**TOUCHING STORY** - Barbara Verti, a blind deaf-mute, grasps hand of social worker and makes signals to communicate her thoughts. They are happy ones. She recently learned she won't have to retire this Thursday as planned. Officials at the Albany, N.Y., center for the blind rescinded a mandatory retirement order. She can continue mending hospital linen.

## Picks Panel In Court Discusses Motor Blow-Up

District Judge Ralph Caton has named Dave Brazel, Ted O. Groebel and Bill Reed to sit as special commissioners for several condemnation hearings.

The three will determine value of land and any damages caused by government acquisition of the land which is needed for new roads and a bridge.

The land includes some owned by H.O. Fowler, Bertie Marchbanks and Charles L. Marchbanks, H.H. Morris and others and Perry O. Rice and others.

## Suit Moved

District Judge Ralph W. Caton has transferred a suit filed by Robert C. (Evel) Knievel to a district court in Odessa.

## PARTIALLY REPORTED

Marvin-Hanson, formerly road administrator, was told about the incident, the court was informed, but Neel Barnaby, who replaced Hanson and is the road engineer, was not.

## Demo Congressional Candidates Preferred

PRINCETON, N.J. (AP) Most voters would like to see Democrats elected in their congressional districts, partly because Democrats are considered to be better than Republicans at controlling inflation, according to the Gallup Poll.

## Ray Osborne

AUSTIN, Tex. (AP) - Ray Osborne, 69, public relations director of the Texas Railroad Association and well known Texas newspaperman, died Sunday. He had been hospitalized several weeks following a massive heart attack.

## Jose A. Mata

Services for Jose Angel Mata Jr., 11, who was killed when a pistol discharge Saturday 7 p.m., while he peered down the barrel, will be held Tuesday 3:30 p.m. at Immaculate Heart of Mary Catholic Church with the pastor, the Rev. Louis Moeller, officiating. Burial will be in Mount Olive Cemetery under direction of Nalley-Pickle Funeral Home.

## 15 IN TRAFFIC, 10 HOMICIDES Texas Violent Deaths

Deaths from violence turned upward in Texas during the weekend. After comparatively light tolls the preceding couple of weeks, the state counted 30 fatalities from 6 p.m. Friday to midnight Sunday, including 15 in traffic and 10 homicides.

These were among the victims: Jake C. Hill, 22, a Ft. Hood soldier, was shot and killed outside a Temple apartment house Sunday night. Officers held a 61-year-old resident of the apartments.

Moses M. Gonzales, 31, was found hanged with a rope in a bedroom doorway at his home in San Antonio. There was no immediate ruling from a medical examiner.

## Agenda Set For Council

The Big Spring city council will act on the second and final reading of two ordinances and two resolutions at their regular meeting at 9 a.m. Tuesday in City Hall.

## Sales Taxes Show Gain

Big Spring's yield from the city sales tax has increased by about 90 per cent within the past five years, according to tabulations by the office of the state comptroller, which collects for the cities.

County Commissioners Court today discussed road work, also a truck, which was accidentally damaged without disconnecting the drive shaft.

The motor blew up, and the county towed the vehicle to Sewell Ford Motor Co. in Odessa for free warranty work.

## Demo Congressional Candidates Preferred

PRINCETON, N.J. (AP) Most voters would like to see Democrats elected in their congressional districts, partly because Democrats are considered to be better than Republicans at controlling inflation, according to the Gallup Poll.

An ordinance amending the issuance of building permits will also be read and considered for the final reading.

Insure Your Life

DEAR READERS: If statistics bore you, please read this anyway. The information may come in handy if you're ever on a quiz show. It could even save your life.

Q. When was the Chicago fire? A. October 9, 1871. Exactly 103 years ago this week.

The total fire loss in 1973 was an estimated \$3 billion, one million dollars in the U.S.A. and 254 million dollars in Canada.

Now for some tips that could save your life: —Be sure your cigarette is out. Matches, too. And never leave matches and lighters within the reach of children.

—Don't run cords under rugs or over radiators where they may get damaged. And replace a cord if it is frayed.

—Never leave small children alone in the house. Not even for a few minutes.

—Have your wiring and electrical installations done by a professional.

—Store oily rags and paints in a cool place in tightly sealed metal containers.

—Never use flammable liquids for dry cleaning indoors.

—Never smoke in bed.

—Have a fire drill in your home to be sure everyone knows what to do in case of a fire.

Remember, fire extinguishers put out 97 per cent of all the fires on which they are used.

Most fires occur between midnight and 6 a.m., so always sleep with your bedroom door closed. If you suspect fire, feel the top of the door. If it's hot, don't open it.

Once out, stay out. No treasure — not even the family pet — is worth risking a human life.

It took less than three minutes to read this column. Was it worth it? I hope so. God bless. Have a good day!

Pledge Rite Held For Mrs. Cox Gold Star Group Meets In D.C.

Beta Omicron Chapter, Beta Sigma Phi, held a pledge ritual for Mrs. Phyllis Cox, recently in the home of Mrs. John Denton, 188-A Hunter.

Mrs. Barbara Bowen was elected chapter sweetheart and will be presented at the Valentine Ball in February.

Mrs. Denton, who presented a program on the home and its surroundings, began with a quote: "A home is the first church and first school for young ones, where they learn what is right, what is kind and where they go for comfort."

Guests for the meeting and salad buffet were Mrs. Ann Casey, Mrs. Sharon Lindsey and Mrs. Patty Blake.

The next meeting will be Thursday in the home of Mrs. Joan Long, 223-A Langley.

MRS. TRUETT THOMAS

Mrs. Thomas is the first member of the national committee of Gold Star Mothers Inc., with all national officers in attendance.

Mrs. Thomas has brought much attention to Big Spring by writing personal notes to the mothers of Texas men who served in Vietnam.

Trips, Guests At Westbrook

WESTBROOK (SC) — The P. E. Clawsons have returned from Albuquerque, N.M., where they were guests of their son and daughter-in-law, the J. C. Clawsons.

The Ted Nelsons, Phoenix, Ariz. have been guests of the Altis Clemmers, Westbrook, and the R. L. Clemmers, Colorado City.

The Tommy Sloane family of San Angelo were recent guests of her parents, the W. A. Bells. The family returned home Thursday.

Sunday guests of the B. D. Taylors were the Milton Taylors, Sweetwater, and the Robert Woods, Abilene.

The Dalton Conaways and Travis Conaways spent the weekend in Midland with the Andy Hancocks.

Bridal Attendants Feted At Brunch

A brunch honoring Miss Diann Stewart, who was married to Bobby Mayo Saturday evening, and her attendants, was held at 10 a.m., Saturday in the home of Mrs. Floyd Williams, 902 E. 15th.

Guests were seated at tables covered with daffodil yellow cloths and centered with arrangements of fruit.

Mrs. Larry Adkins was cohostess, and Miss Lana Williams and Miss Gayla Williams, the latter of Canyon, assisted in serving.

Among those attending were Mrs. L. D. Hayworth, mother of the bride; Mrs. A. R. Mayo, mother of the bridegroom; and Mrs. D. W. Hayworth, Mrs. W. E. Davidson and Mrs. Vinnie Alexander of McKinney, grandmothers of the bride.

Out-of-town guests included Mrs. Michael Perry, Miss Lydia Hayworth and Miss Lori Fort, all of Lubbock; Miss Karen Fuller, Denton; Mrs. Pat Mayo, Snyder; Mrs. Mike Mayo, Wichita Falls; and Mrs. Borden Gray Jr. and Dana Gray, both of Gail.

A pantry shower was held for the bride earlier in the week at the couple's future home, 305 E. 19th. Refreshments were served by the hostesses, Miss Patty Swindell, Miss Melanie Hayworth and Miss Lana Williams.

Hints From Heloise

Dear Folks: We are getting so many requests from people who just must know how to keep meringue from weeping, cracking, falling etc., that I have compiled all the best hints I have collected over the years for the perfect meringues.

Evidently you are all getting back to homemade goodies too. Hooray! One of the best ones came from one of our lovely sweet readers who made a specialty of just this very thing.

She suggested that as soon as the meringue-topped pie started cooling you dip a thin knife in hot water and cut through ONLY the meringue (but NOT the pie itself) into serving pieces.

After trying this hint, I found I loved the idea of cutting through the meringue while the pie was still hot! Amazing when that knife was dipped in hot water how clean it cut through my warm meringue.

Now there's a few more hints that I have learned about meringues from famous bakers in three fabulous hotels:

Egg whites should always be room temperature before beating. And it should take a minimum of three eggs for each pie.

After they are beaten stiff but NOT dry, sprinkle one-fourth teaspoon cream of tartar and a dash of salt on top and beat slightly.

Now, add SLOWLY three level tablespoons of sugar for each egg white in your bowl, beating all the while. This sounds like a lot, I know, but you should see the difference in the height of your meringue and the way it stands up after the pie is done. . . wow!

Always have your meringue touching edges of the pie crust. This prevents shrinking, etc.

If the pie is put on the middle shelf (NOT the top) in your oven, it will brown evenly and the points or swirls on your meringue won't get burned.

And that's all I've stolen from the good chefs and cooks about pie meringue! Bless 'em all.

Heloise

P.S. And when I asked each chef if his wife cooked pies and goodies, the answer was, "Heavens, NO! Why should she?"

Dear Heloise: The meal-planning "blahs" recently got me, so I embarked on a project that brightened up our mealtime.

On a leisurely evening I collected my recipe books and file. On a large sheet of paper I listed the names of interesting recipes, in what book or file where they located, and the ingredients needed that I normally don't have on hand.

This sheet of paper was hung next to my grocery list and on shopping day I would select three or four recipes to try. Specials in the grocery ads influenced my decision.

If these recipes made a hit with my family, its name and location were written on a recipe index card and placed in my recipe file.

I now have a quick reference to refer to and NO MORE BLAHS!

Poll Shows Women Adjusting Attitudes

NEW YORK (AP) — A good marriage is still the dream of American women, but they want some changes made, according to a national poll.

Communal living, living alone or living with someone without being married were viewed as the most satisfying way of life by only 3 per cent of the women interviewed in the American Women's Opinion Poll conducted by The Roper Organization.

But while 96 per cent of women still see marriage as the best way to live, the poll reported that more than half now want to combine marriage, children and careers. Sixteen per cent of the women interviewed said wives should not vow to obey their husbands.

Love is still the major reason women cite for getting and staying married. But after love, the poll indicated some shifts in marital priorities.

Personal compatibility in marriage — being able to talk together about feelings — is more important to women than sexual fidelity, having children or financial security, the poll reported today.

Fifty-seven per cent of American women favor such efforts now, compared with 48 per cent in 1972 and 40 per cent in 1970, the poll said.

Only 14 per cent of all women prefer the feminist designation Ms. rather than Miss or Mrs., but 29 per cent of single women and 33 per cent of separated or divorced women prefer Ms, the poll said.

Three out of five women under 30 years old said one or two children was enough, according to the poll. Premarital sex was viewed as immoral by 53 per cent of the women, down from 65 per cent in 1970.

For the first time, a majority of women indicated support for the women's movement goal of strengthening the status of women in society.

### Awards Go To Exes

Big Spring High School's 10th Annual Homecoming ceremonies drew hundreds of exes from surrounding towns and from as far away as California.

Several awards were given to exes who traveled the greatest distance and for other distinctions at the open house Saturday at the high school following the Hall of Fame induction.

Coming from the greatest distance for the event was Louie Moseley, Altadena, Calif., and class of 1923, edging Mrs. Harold (Valera Sligh) Lytle, San Bernardino, Calif. by 60 miles.

Jewel Wood Dunlap won the award for the graduate having the most descendants to go through BSHS — six.

Mrs. Beatrice Mittel, Odessa, repeated as a member of the earliest class represented — 1914 — but this year she shared it with a classmate, A. E. True. Among other grads prior to 1920 were Fannie Mae Russell Eaker, 1917, Pearl Hogue, 1918; Sallie Jordan Wasson, Kathleen Morgan Williams and Mary Morgan Jenkins, all 1919.

Exes, meeting largely by decades, as well as in general, spent two hours visiting and reminiscing about their days in BSHS. Scores of towns were represented among the visitors.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BIG SPRING, TEXAS, that Chapter 21 of the Code of Ordinances of the City of Big Spring, Texas, be and the same is hereby amended by adding thereto new Section 21.26 and shall hereinafter read as follows:

Section 21.26. Installation of Check Valve or Back Siphonage Prevention Devices.

If, in the judgment of the Manager of Utilities, an approved check valve or back flow and back siphonage prevention device is necessary for the safety of the water system, the Manager will give notice in writing to the consumer to install such an approved device immediately. The consumer will install such an approved device at his expense, and failure, refusal or inability on the part of the consumer to install said device immediately shall constitute a ground for discontinuing water service to the premises until such device has been installed.

September 27, 29, 30, October 1, 2, 3, 4, 6, 7, 8, 1974

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF BIG SPRING, TEXAS, REVISING THE CODE OF ORDINANCES BY AMENDING SECTION 24.19 CONCERNING PAVING CUT REPAIRS; AMENDING 24.10 CONCERNING BACK-FILLING, FILLING AND RESURFACING AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BIG SPRING, TEXAS, that the Code of Ordinances of the City of Big Spring, Texas, be revised to read as follows:

Section 24.19. Repair Fee

Type of Pavement, Concrete, First Square Yard or Less \$30.00  
Asphalt (Perm) 25.00  
Asphalt (Temp) 15.00  
Unpaved 15.00

Each Additional Square Yard, Price of Material and Labor.

Charges for cutting or altering any street or alley in the City shall be paid at the time the permit required by Section 24.18 is issued, and will be based on the estimated size of the cut to be made. Adjustments for overruns and underruns will be calculated upon completion of the cut and additional charges or reimbursements will be made accordingly.

Section 24.20. Back-Filling, Filling, and Resurfacing

Any person making a street or alley cut under a permit required by this article shall back-fill the ditch as directed by the City of Big Spring Public Works Department.

The Department of Public Works will be notified when the back-filling required by this section is completed. This notification will be accomplished by the submission of Section C of the application form to the Department of Public Works or his authorized agent. Upon acceptance of the back-fill by the Department of Public Works, the permit holder will be notified that the city will take over the cut and assume liability for the safety of the traveling public.

The Public Works Department will then resurface the cut. At the time that the Department of Public Works begins the resurfacing of the ditch, the city assumes complete control over the ditch.

In certain areas designated by the Department of Public Works paving cuts across streets will not be permitted. To cross these designated streets with pipeline or cables it must be accomplished by boring, tunneling or jacking at the expense of the contractor.

That the passage of this ordinance constitutes an emergency and an imperative public necessity that the Charter Rule requiring that City Ordinance be read at two (2) separate meetings of the City Council be suspended, and this ordinance shall take effect immediately upon its passage.
