LOCKJAW DIET — Debi Horn, Wyandotte, Mich., who became the first American to have jaws wired together to lose weight, will try again for the second time in a year. She weighs 162 pounds and lost 73 pounds on her first diet. Now she's going for another 40 pounds.

Debi's Jaws Wired Shut

WYANDOTTE, Mich. (AP) — Debi Horn wants to lose another 40 pounds. So she's had her jaws wired shut for the second time in a year.

Mrs. Horn, who became the first American to try the unique "lockjaw" diet in December 1973, says she gained back nearly five pounds since the wires were removed in July and now tips the scales at 162 pounds. She lost 73 pounds with her first diet.

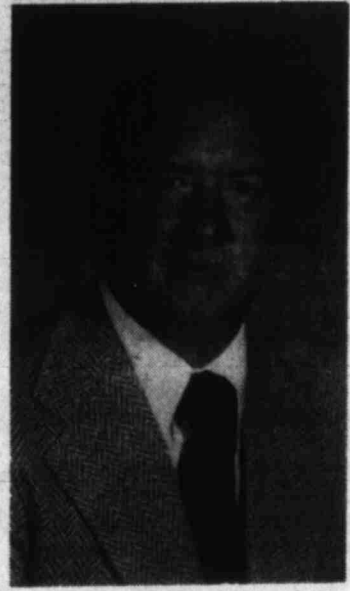

"I got the wires put back on yesterday because I want to lose 40 more pounds," the 23-year-old woman said Wednesday. "It went faster with the wires on."

Woodley Elevated

FORSAN — Jack W. Woodley, head football coach at Forsan High School the past four years, was elevated to high school principal by the board of trustees in its December meeting. Woodley is a 1959 graduate of Howard Payne University with a BS in Education. His Master of Education in administration was done at Sul Ross State University, Alpine.

Woodley went to Forsan from Garden City where he had been head coach for eight years. Previous to Garden City he head coached at May and Norton. His wife, Ruby, teaches sixth grade. They have two daughters, Kay, a 1973 graduate of Forsan, and Karen, a senior and head cheerleader this year.

Woodley is a member of the Texas High School Coaches Association, the Texas State Teachers Association, and a member and past president of the Texas Six and Eight Man Coaches Association. He is also a member of the Masonic Lodge, and Baptist Church.

Appeal Load Here Bigger Than That Of Houston

The City of Big Spring had nine more cases appealed from municipal court to county court last year than the City of Houston.

Municipal Judge John R. Coffee, in checking through figures on a statewide report, noted that Big Spring citizens appealed 199 cases while Houston citizens appealed 190.

Judge A. G. Mitchell, outgoing judge, recently dismissed 170 cases. These will probably be the final dismissals in 1974.

Incoming Judge Bill Tune states that county court cases will be prosecuted during his term.

Bill Slashing Taxes For Millions Killed

WASHINGTON (AP) — A multibillion-dollar tax bill, ending the petroleum depletion allowance and hiking oil industry taxes while cutting taxes for millions of average Americans, was killed today by the House Rules Committee.

TAX CREDIT

The committee, which serves as the traffic cop for the movement of bills to the House, voted 9 to 4 to refuse to consider the massive measure which the House Ways and Means Committee had recommended after

many months of work.

The bill's chief features would have raised petroleum industry taxes on production at home and abroad, cut taxes for millions of average Americans in low-income and middle-income brackets, boosted the investment tax credit for public utilities, and closed assorted major loopholes while hiking taxes on multinational firms.

Furthermore, it would have made a series of other changes in tax laws ranging from new benefits for in-

vestors with capital losses to revisions in the tax treatment of political organizations.

The tax bill went to its death without even a hearing by the Rules Committee on the merits of the legislation. The panel simply decided it was time to virtually close shop for the remaining days of this congressional session on all matters except those involving a stripmining control bill, the vice presidential nomination of Nelson A. Rockefeller and emergency measures.

The series of tax increases and reductions for various corporations and individuals would have resulted in a gain of \$600 million for the Treasury this year.

OIL TARGET

The Ways and Means Committee argued that the legislation is necessary to redistribute tax burdens while providing a more rational taxing of the oil industry, tax relief for lower and middle income persons and encouraging investments in public utilities.

The boost in oil industry taxes would have come chiefly through writing an eventual end to the petroleum depletion allowance which has been a major target of the oil industry's critics in Congress for many years.

This allowance, which saves petroleum producers between \$2 billion and \$3 billion a year in federal taxes, presently permits 22 per cent of gross income from petroleum property to be deducted from taxable income up to a top of 50 per cent of taxable net income.

Israeli Jets Bomb Camps

By The Associated Press

Israeli jets bombed Palestinian camps on the southern edge of Beirut, Lebanon, today less than 24 hours after a terrorist set off grenades in a Tel Aviv movie theater, killing himself and 2 Israelis and wounding 58 others.

Casualties in the air raids

Release Hostages

WALPOLE, Mass. (AP) — Eight prisoners who wanted to "find a way to speak to the people" have released their three hostages unharmed after a 26-hour ordeal.

The hostages, two Walpole State Prison guards and a medic, were taken captive Tuesday night by men who at one point said they were "willing to die before being dehumanized any further."

The hostages were freed late Wednesday night after marathon bargaining between the prisoners, correctional officials and state Sen.-elect Bill Owens, D-Boston, who himself served two years in the maximum security prison on an assault charge.

The eight inmates made a lengthy series of demands, including more educational programs at the prison, an end to alleged harassment by guards, the release of three prisoners from a segregation unit and full amnesty for their actions over the 26 hours.

were not known, and there was no immediate comment from the Israeli command. Beirut airport was closed to all incoming and outgoing flights.

At least four Israeli jets flew over the Lebanese capital dropping bombs on several camps shortly after 3 p.m. — 9 a.m. EST. Smoke rose over the camps as air raid sirens wailed throughout Beirut.

The jets dipped low over the city as they made at least two bombing passes. Witnesses said the major camps of Sabra and Shatilla and the smaller Tal Zaatar camp near the Beirut airport took hits.

Residents at another camp, Bourj el Barajneh, said they were not hit but that guerrillas fired anti-aircraft rockets at the attacking jets.

The proguerrilla newspaper Al Moharrer quoted Yasir Arafat, head of the Palestine Liberation Organization, as claiming responsibility for the Tel Aviv movie attack Wednesday night.

"This is a retaliation in kind for the Beirut operation," he was quoted as saying, referring to rocket attacks Tuesday on three PLO offices in Beirut that caused heavy damage and slightly injured five persons.

"We have struck back. Next time it would be within six hours if Israel dares to stage another operation against us."

But the Marxist Front for the Liberation of Palestine, which opposes Arafat's leadership on grounds it is not tough enough, also claimed responsibility for the theater attack.

FUND PALS ANTE UP

The Christmas Cheer Fund began to get untracked today as more friends gave generously to it.

But, only two weeks more remains before Christmas, and help is needed as promptly as possible. If you can share with those less fortunate to make a brighter Christmas, mail or bring your gift to the Herald.

INDECENT EXPOSURE? — Fanne Foxe, stripper-protégé of Arkansas Congressman Wilbur Mills, leaves the Seminole County sheriff's office early today after being arrested on indecent exposure charges for allegedly appearing bottomless during a performance. She is accompanied by night club owner Mike Pinter (l), who was also arrested, and her agent Jerry Brandt. Both Miss Foxe, and Pinter were released on bonds of \$500 each.

Allegedly Nude Fanne Arrested

SANFORD, Fla. (AP) — Fanne Foxe, the stripper-protégé of Rep. Wilbur D. Mills, was arrested early today and charged with indecent exposure, officials said.

Asst. State Atty. Jack Fulenwider said Miss Foxe was arrested "for being completely naked" during a performance. He said the Argentine-born stripper was "charged with a violation of the state statute as it pertains to indecent exposure."

Fulenwider said club owner Mike Pinter also was arrested "for letting this happen." The precise charge against Pinter was not immediately released.

Miss Foxe was receiving \$15,000 a week for a two-week engagement at the night club near this central Florida city. The engagement began Monday night.

A mother of four, Miss Foxe, whose real name is Annabella Battistella, broke into the headlines two months ago when she jumped into Washington's Tidal Basin after police stopped a car in which she and Mills were riding.

Mills, Arkansas Democrat

who is chairman of the House Ways and Means Committee, was re-elected despite the publicity that followed. But a furor erupted after Mills appeared on a Boston stage with Miss Foxe two weeks ago. He entered a hospital several days later, complaining of exhaustion.

On Tuesday House Speaker Carl Albert said Mills, because of ill health, had decided not to seek reappointment as chairman of the Ways and Means Committee.

Solar Eclipse

NEW YORK (AP) — A partial solar eclipse, in which the moon moves between the earth and sun, will be visible throughout most of North America Friday between sunrise and noon.

MILD

Generally fair weather is expected through Friday, with mild temperatures to continue through today, turning colder tonight and Friday. The high today should reach the mid 60's, the low tonight should dip into the mid 20's and the high Friday should reach the mid 50's.

CATTLE DRIVE IN WASHINGTON 'Here's Our Beef, Mr. Butz'

WASHINGTON (AP) — Cattlemen disgruntled over low prices for their beef delivered 45 head of cattle to Agriculture Secretary Earl L. Butz's official doorstep today.

Alongside makeshift pens in front of the department they posted a sign: "Here's Our Beef, Mr. Butz."

NEEDY PEOPLE

But officials said Butz would not accept the cattle. An aide, Donald E. Brock, said USDA lawyers had raised questions over the legality of receiving the animals and that Butz may suggest the owners donate

them as beef for needy people.

Butz arranged to meet with the cattlemen later in the day.

'BEEF-IN'

Leroy Schecher, Bison, S.D., said there had been no intention of giving the cattle to Butz or the department outright. He said the plan was to loan 20 of the animals to the department for further feeding as a demonstration of how much it cost to produce beef; have 20 slaughtered for distribution to Washington poor and keep 5 on exhibition for Washington children.

Schecher is program coordinator of a "beef-in" that left South Dakota late last week. The cattle were delivered by truck and put in portable pens on the Mall just in front of the department.

The cattlemen represent producers primarily in South Dakota and Montana and were cosponsored in their drive by Consumer Federation of America.

Schecher said the principal objectives of the "beef in" were to focus attention on joint producer-consumer action, the economic problems of the cattle industry and the threatened

future of the family farm as a backbone of agriculture production in America.

The Agriculture Department headquarters building normally is unguarded with its many doors open. Today, however, two department security guards were positioned outside Butz's office and most doors to the building were locked.

Lester Blomberg of Faith, S.D., said the cattle, which will be fed up to market weight with grain to demonstrate costs and prices, would be sold to make the records complete and prove their point about losses.

HALFWAY MEASURES — Several months ago mechanic Tommy Mortenson of Odense, Denmark sold a station wagon to a man in a nearby town but charged

that his customer never paid more than half the agreed price. So Mortenson picked the car up, cut in half and gave his customer half of what he preferred.

SP. 4 JOHN C. LUSK

Sp. 4 John C. Lusk was due home this week after serving a 2½-year tour with the U.S. Army in Hanou, Germany. He had entered service six months prior to that. He is the son of Mr. and Mrs. Charles W. Lusk. He and his wife, the former Debra Jenkins, will make their home in Big Spring.

Marine Sgt. Johnnie L. Turner Jr., son of Mr. and Mrs. John L. Turner Sr., of Gail Route, has been promoted to his present rank while serving with the 1st Marine Brigade at Kaneohe Bay, Hawaii. He is a 1971 graduate of Big Spring High School and joined the Corps in October of that year.

Outstanding Airman of the Month in his unit at Cannon AFB, N. M., is A1C Jacky J. Harp, son of Mr. and Mrs. Bill Harp, Welch.

Airman Harp, an aircraft maintenance specialist with the 27th Tactical Fighter Wing of the Tactical Air Command, was honored for exemplary conduct and duty performance. He graduated from Dawson High School in 1969 and attended Texas Tech University. His wife, Thessa, is the daughter of Mr. and Mrs. Robert Palmer, Post.

Marine Cp. Richard D. Templeton, son of Mr. and Mrs. R. A. Templeton, 1602 Oriole, has left the Marine Corps Base, Camp Lejeune, N. C., as a member of the 3d Battalion, 2d Marine Regiment landing team now on maneuvers in the Caribbean. He is also scheduled to visit Montego Bay, Jamaica, and Caracas, Venezuela, for liberty. A former student of Howard College, Big Spring, he joined the Marine Corps in January 1973.

Airman David W. Aslin, son of Mrs. Donnie Aslin of 114 N. 18th, Lamesa, has graduated at Keesler AFB, Miss., from the U.S. Air Force administrative specialist course conducted by the Air Training Command. He is being assigned to Los Angeles Air Force Station, Calif., for duty with a unit of the Air Force Systems Command. Airman Aslin is a 1974 graduate of Lamesa High School.

Marine PFC Eddie Pardon, son of Mr. and Mrs. Sasano Padron of 44 S. Fifth, Coahoma, graduated from recruit training at the Marine Corps Recruit Depot, San Diego.

Physical conditioning, discipline and teamwork are emphasized during Marine recruit training. Classes include instruction in close order drill, Marine Corps history, first aid, uniform regulations and military customs and courtesies.

Marine Captain Archie J. Biggers, son of Mrs. Thelma J. Lee of 130 College St., Colorado City, has left Okinawa with the 1st Battalion Landing Team, 9th Marine Regiment, 3rd Marine Division.

During a six-month deployment, he will serve as part of the U.S. Seventh Fleet Amphibious Ready Group in the Western Pacific. Biggers will also participate in training exercises at Camp Fuji, Japan, and in the Republic of the Philippines.

A 1965 graduate of Jarvis College, Hawkins, Tex., he joined the Marine Corps in 1965.

The son of a Tarzan couple has been assigned to Elmendorf AFB, Alaska, for duty with a unit of the Alaskan Air Command.

Air Force 1st Lt. Kenneth R. Pribyla, son of Mr. and Mrs. Raymond A. Pribyla is a C-130 Hercules navigator with the 17th Tactical Airlift Squadron. He previously served at Kadena AB, Okinawa.

The lieutenant, a 1966 graduate of Flower Grove High School in Martin County, received his B. S. degree from Texas Tech University where he was commissioned in 1970 through the Air Force Reserve Officers Training Corps program.

James E. Grifford, 22, son of Mr. and Mrs. Earl J. Grifford, 2406 Carleton, was promoted to Army private first class at Ft. Hood, where he is a rifleman in Company B, 1st Battalion, 5th Cavalry of the 1st Cavalry Division.

Disaster Areas

AUSTIN (AP) — Gov. Dolph Briscoe today asked Agriculture Secretary Earl Butz to declare three Texas counties disaster areas because of prolonged drought and adverse weather conditions. The counties are Cochran, Martin and Gaines.

Marijuana Might Get Male Smokers 'Busted'

BOSTON (AP) — Men may develop fully feminine breasts from heavy marijuana smoking, say two Harvard Medical School surgeons.

The surgeons said they are treating and studying 16 males whose breast enlargement apparently is related to smoking marijuana. They said it probably affects both sexes.

"This effect seems to occur in only a small percentage of people who use the drug," said Dr. John Harmon, chief surgical resident at New England Deaconess Hospital, and Menelaos Aliopoulos, a surgeon at Cambridge Hospital.

Cotton Classings Gain At Pecos

Good harvesting weather resulted in peak classing totals at the USDA's Agricultural Marketing Service classing office in Pecos. Shirley A. Sewell, in charge, said that 8,281 samples were classed for the week ended Dec. 6, bringing the season's total to 24,626. This compares with 39,339 for this same period last year.

"It's like digitalis a heart muscle stimulant which also causes breast enlargement in a very few patients who take it," they said.

"So, if a woman smoked marijuana, even heavily, she might have once chance in 100, say, of increasing her breast size," they said.

The surgeons said the 16 patients are between 18 and 30 years old and smoked marijuana at least three times a week. Some smoked it daily.

The said they have produced the same results in research on male rats by injecting them with THC, the psychoactive ingredient in

marijuana. The most practical treatment is to surgically remove excess mammary gland tissue.

The doctors said that to minimize the condition or prevent it from recurring, patients must stop smoking marijuana.

A&I, State Meet

KINGSVILLE, Tex. (AP) — The 19th annual National Association of Inter-collegiate Athletics championship football game Saturday between Texas A&I and Henderson State of Arkansas will feature a classic duel between a good quarterback and an excellent defensive back.

Texas A&I sophomore quarterback Richard Ritchie will certainly have an eye on Henderson defensive back Lewis Pryor when he puts the ball in the air.

Pryor picked off four passes this season and averaged 40.3 yards gained on each interception.

Henderson has been especially stingy with points in the first half. It hasn't given up a point in the first quarter and 50 of the 55 points allowed by Henderson have come in the final period when the outcome of its game was decided.

"I don't figure I'm going to have a lot of time to get rid of the ball," said Ritchie, who has completed more than 53 per cent of his passes this season.

Henderson has outscored its opponents, 288-55. Sophomore tailback Joe Smith, who is recovering from a bruised shoulder he received when the Reddies won the NAIA semifinal playoff 21-7 over 1973 runner-up Elon College of North Carolina. Smith has averaged 107.3 yards per game rushing with 1,287 yards in 248 carries. He's scored 10 touchdowns.

Bass Plans Set

The regular monthly meeting of the Big Spring Bass Club will be held tonight at 7:30 in the library of the Dora Roberts Vocational Building.

The program will consist of a Christmas party. The Bass Club tournament will involve a three fish string month long endeavor. Three fish must be caught and weighed the same day.

Tournament competition stretches from Dec. 12 to Jan. 12, 1975.

Registration fee is \$5. Jerry Avery reeled in the big prize of the month, a four pound 15 ounce bass.

Last month's tournament results at Colorado City:

1. Bob Cruson; 2. Bob Nobles; 3. Jerry Palmer; 4. Ken Sprinkle; 5. Maxie Ware.

Dues for the new year will remain the same \$5 for individual membership and \$7.50 for husband and wife.

The door prize tonight will be lures valued at \$15.

Meriweather Tops Nets Roll By Spirits

TULSA, Okla. (AP) — The way Joe Meriweather has started the season, the rest of the Missouri Valley Conference may be happy Southern Illinois is not yet competing for the basketball championship.

The Southern Illinois player in three games leads the conference in scoring with a 21.7 point average. He is second in rebounding with 12 per game and third in field goal percentage with .659.

For his start in the first full week of play Meriweather was named today as Conference player of the week.

"This was probably an average week for Joe," his coach, Paul Lamber, said, "because we have become accustomed to him having these kind of nights. When people look at a big man, they often evaluate him as a big man. But Joe is a great player and not just a great big man."

6 Players Mentioned

ROCHESTER, N.Y. (AP) — Six players from the Lone Star and Southland football conferences have been named to the 1974 Kodak Little All-America Division I & II teams.

The teams were selected Wednesday by the 2,200 voting members of the American Football Coaches Association.

Running back Don Hardeman of Texas A&I, who averaged eight yards per carry this season, and McNeese State's tackle James Files were named on the Division I offense.

Defensive picks included lineman Chip Martin of Abilene Christian and Fred Dean of Louisiana Tech.

'HURRICANE' CARTER Judge Denies Boxer's Plea

JERSEY CITY, N.J. (AP) — Lawyers for former middleweight boxer Ruben "Hurricane" Carter and a co-defendant say they will appeal a judge's denial of a bid for a new trial for the convicted triple murderer.

The motion for a new trial by Carter and co-defendant John Artis was rejected here Wednesday by Superior Court Judge Samuel A. Lerner, who said he did not believe the recantations of the state's two key witnesses.

"If mere recantation in itself dictates a new trial, the entire judicial process could be frustrated by the mere whim of a witness recanting his testimony," Lerner said in rejecting the motion.

An evidentiary hearing was ordered in October when it was learned that the two key witnesses, Arthur D. Bradley and Alfred P. Bello, said they lied at the 1967 trial.

Navarro Backs Decide On SMU

DALLAS (AP) — Tony Perry and Louis Balton, two all-conference defensive backs from Navarro Junior College, have signed with Southern Methodist University.

Perry, a 6-foot, 172-pound safety, was a two-time all-conference selection and was honorable mention All-American this past season. He is from Bonham.

Blanton was an all-state wide receiver at Athens High School.

Baseball Viewers Top Food Buyers

NEW YORK (AP) — Baseball buffs have the most ravenous appetites of all sports spectators and soft ice cream is the latest vice of the horse player, says a man who keeps a thumb on such trends.

The average baseball fan, for instance, will spend \$2 on food and refreshments at a game," Bill Connell said today. "At the race track, the per capita rate is \$1.70 to \$2. In hockey, it's \$1.25 to \$1.50, basketball \$1 to \$1.10 and at the bottom, football—90 cents to a dollar."

"It isn't that the football fan is the least affluent—actually, he probably is the most affluent. It all goes back to the nature of the game."

Connell is a boyish-looking Bostonian of 35 who is president of the Ogden Leisure Corp. and has become one of the nation's biggest peddlers of peanuts, popcorn and cold beer at sports events.

Connell's company provides concessions at five race tracks, including Suffolk Downs in Boston and Yonkers Raceway in New York, ski resorts, football stadiums (Buffalo Bills' Rich Stadium, for one) and such arenas as the new Capital Centre outside of Washington, D.C., the Civic Center in Milwaukee and the yet-to-open Louisiana Superdome.

"Baseball fans spend more because they have no compulsion to stay glued to their seats," Connell explained. "The game is slow and casual. Fans move around constantly. They keep buying."

"Hockey is helped because it has two intermissions, instead of just one as in basketball. But there is no halftime show so the fans can get to the food windows during the break."

"But while the game is on, they don't budge. This is more true in football, where one can't afford to miss a single play. At the half, there is a colorful halftime show. So the fan normally just has time to get to the toilet and back to his seat."

Connell said his company keeps tabs on the fans' tastes down to the "gnat's eyebrow."

"Don't give the race fan anything that requires two hands," he said. "He needs one hand always free to hold his tip sheet."

"Five years ago we introduced soft ice cream at the race tracks."

Jayhawks Catch T-Birds Before Christmas Break

By CLARK LESHNER

Howard College cruising along at a rapid improvement pace needed to repeat as Western Athletic champs, bumps into a potential dangerous conference foe, New Mexico Junior College, tonight at 7:30 in the Hawk gym.

Tickets for each home Hawk game are \$2 for adults and \$1 for students. HC students will not be charged upon presentation of their ID cards.

The Hawks are 10-3 overall and 2-0 in the conference. HC holds WJAC wins over Odessa College on the Hawk court, Dec. 5, 119-101 and Clarendon, 84-77, there, Monday.

After the Thunderbird clash, HC takes time out for the Christmas holidays, resuming play Jan. 6, hosting the ABC Olympic. The tournament is scheduled for three days.

The Thunderbirds feature a prize recruit in Mike Russell, a 6-7, 217-pound freshman from Buffalo, N.Y., Russell was a first team All-American. He was all-state in New York and voted Most Valuable Player in the New York State All-Star game.

Russell averaged 29 points and 23 rebounds per game in leading his prep five to a 58-2 record over a three year stretch.

Russell through 10 games wearing the New Mexico colors is averaging at a 24.1 point clip per game. Against NMJI played at Hobbs Monday night, the Thunderbirds won a close 68-66 two-point decision. Russell hit for 27 points and hauled down 27 rebounds.

New Mexico Junior College is even up on the seasonal side, 5-5 and 2-1 on the conference ledger.

The Thunderbirds are coached by Dale Caton, who is entering his seventh season as New Mexico's director. Caton's won and loss record for his juno experience is 102 wins and 74 losses.

Last season, the Thunderbirds finished with a 15-15 total.

Sharing Thunderbird floor play with Russell is 6-7 Jesse Cleaver, 6-4 John Papa, 5-7 Richard Jenkins and 5-11 Eric Gandy. Spot relief help comes from 6-3 Lee Lewis and 6-2 Pat Wood.

The Thunderbirds feature

not a single returning starter, but possess three lettermen in Papa, Wood and Lewis.

Head coach Harold Wilder assisted by Leroy McClendon plans to start his four reliables, 6-9 David Giles, 6-4 Larry Erves, 6-4 Marvin Johnson and 6-1 Johnson Harris with 6-2 Alfred Gladden rounding out the first five selection.

Gladden came upon the scene as a starter against Clarendon replacing 6-1 Willie Young. Young along with capable Hawk substitute 6-3 Darron Hodges were dismissed from school Friday for disciplinary reasons.

Wilder also plans to use 6-7 David Boles and 6-4 Ernest Lawrence in relief. Both had an active part in the Clarendon victory.

The Hawks are averaging 96.5 points per game, scoring 1,255 points compared to a high yield of 1,152 points for an 88.6 total.

HC is hitting 48 per cent of its shots from the floor and from the charity line, averaging 66 per cent. As a team, the Hawks collect 56 rebounds each game.

Johnson is the Hawks leading scorer with a 22.5 point average per game. He's also the leading individual HC rebounder, averaging 14.1 saves a game.

Other Hawk point per game averages: Erves, 19.9; Harris, 14.5; Giles, 14.2; Boles, 5.6; Lawrence, 5.5; and Gladden 5.1.

Johnson is the leading HC floor shot artist, hitting 127 of 229 attempts and a 56 per cent total. Harris holds the lead in the HC free throw department, tossing in 28 of 35 attempts for an 80 per cent total.

Wilder feels the Thunderbird game shouldn't be

taken lightly. "It's a home game and we need the win to keep pace with co-leader Western Texas."

A Howard College triumph

tonight would momentarily put the Hawks in first place. Western Texas, (2-0), is idle until Friday, hosting Frank Phillips.

No Deadline On Decision

COLUMBIA, S.C. (AP) — University of South Carolina trustees have interviewed Texas Tech Coach Jim Carlen and former Columbia high school coach Mooney Player but did not decide if they would hire either as head football coach.

Board Chairman T. Eston Marchant said after the six-hour session Wednesday, "The only thing I can say ... at this point is that we have reached no definitive conclusion."

Marchant said there is no deadline for the decision.

When Paul Dietzel resigned as head football coach this fall, the university said he would remain athletic director unless asked to resign by the president.

Carlen has indicated he wants to be both coach and athletic director. Player says he would prefer only the coaching job.

Alpine Church Scene Of Nuptial Ceremony

The announcement is being made here of the recent wedding in Alpine of Mrs. Janice Kay Tallant, formerly of Big Spring, to Hulen C. Harvey Jr.

The afternoon ceremony was held in the First Baptist Church of Alpine with the Rev. James B. Stephens of Fort Davis officiating. The church was decorated with brass pedestal baskets on each side of the altar, and they held arrangements of white, pink and red roses, gladioli, carnations, mums and gypsophila. The choir rails were embellished with

greenery, pink spider mums and carnations.

The prelude of nuptial music was by Miss Billie Hawk, organist.

Escorted to the altar by her son, Louis, the bride wore a floor-length pink gown styled in empire fashion with pink lace trimming the slit collar, bodice and cuffs of the long, sheer sleeves. Her wide brimmed garden hat was adorned with red sweetheart roses and pink velvet streamers, and the same kind of flowers was used in her bouquet.

The junior bridesmaid was Miss Marcy Ann Harvey daughter of the bridegroom. She wore a full-length pink jumper, with ruffled sleeves and hemline, with a soft, white crepe blouse. Her hair was adorned with red sweetheart roses, and she carried a long-stemmed deep red rose with streamers.

Todd Harvey and John Harvey, sons of the bridegroom, accompanied their father to the altar. Ed Harvey, brother of the bridegroom, served as usher.

Following the ceremony, a reception was held in the home of Mr. and Mrs. Bill Neidhardt, with cohosts and hostesses being Mr. and Mrs. Jimmy Morrison and Mr. and Mrs. Bill Tindol. Guests registered at a table covered with a lime green cloth and accented with a red rose in a crystal vase. The refreshment table, covered with ecru lace over a pink cloth, was centered with an arrangement of pink and white carnations flanked by silver candelabra holding pink tapers.

Out-of-town guests included the bride's parents, Mr. and Mrs. Avalon Rackley, Lovington, N.M.; the bridegroom's mother, Mrs. Frances Harvey; his brother and sister-in-law, Mr. and Mrs. Johnny Harvey; and his brother-in-law and sister, Mr. and Mrs. Clint Jones.

The couple is now at home in Alpine after a wedding trip to El Paso and Juarez, Mexico. The bridegroom is employed by Southwestern Bell Telephone Co., and the bride is office supervisor in the Registrar's Office, Sul Ross State University.

MERRY MUSIC — Ever since Santa put bells on his sleigh, merry music has been a part of the holiday season. Mr. and Mrs. John Feichtner (who may be considering a new home entertainment center) are shown as they listened to records in a local store.

Party Sunday Will Honor James Iden

James A. Iden will be honored Sunday, on the occasion of his 85th birthday, with a party from 2 to 4 p.m. at the home of his grandson and wife, Mr. and Mrs. Jerry Iden, Star Rt. All friends and relatives are invited to attend.

Mr. Iden, who resides in Big Spring at 1702 Settles, has two daughters, Mrs. Clyde Winans, O'Donnell, and Mrs. Maurine Hanks, Vealmoor. A son, Ellis Iden, is deceased. There are six grandchildren, 13 great-grandchildren and two great-great-grandchildren.

Two of the great-granddaughters, Miss Deidre Tucker and Miss Keyva Tucker, will preside at the punch service.

Mr. Iden, who was born Dec. 15, 1889 in Lovelady, married the former Nora Wilkerson Aug. 25, 1911 at Crews. They moved to Howard County in 1927 and, for a number of years, they farmed north of Big Spring. Mrs. Iden died Oct. 18, 1962. Now retired, Mr. Iden was active in the Howard County Farm Bureau for many years. He holds membership in the First United Methodist Church.

After-Death Respect Not Time Measured

DEAR ABBY: I am a 20-year-old girl away at college. I have an older brother in graduate school.

My mother, who was 52, died very suddenly and even though we didn't get along very well, I was very upset by her death.

She and my father, who is 53, didn't exactly have the ideal marriage and I'm sure they stayed together because of my brother and me.

Last night my father phoned to tell me that he was dating a 38-year-old woman who was working for him, and it could be "serious." Abby, my mother has been dead only six months! Don't you think out of respect to her memory he could have waited for at least a year before dating?

I talked to my brother about it and he didn't see anything wrong with it.

I told my father that as long as he was seeing this woman I wanted nothing more to do with him. He seemed to think I was unreasonable.

What do you think is the proper amount of time to start dating after a spouse's death? Was I wrong to sever my relationship with my father?

DEAR ABBY: Yesterday, I glanced at my husband while he was brushing his teeth, and I noticed that he was using MY toothbrush!

I asked him where his own toothbrush was, and he said he couldn't find it.

Then I asked him to please never use my toothbrush again. That's when he got angry and said it bugged him that I should object to sharing the same toothbrush.

Well, Abby, maybe other couples don't mind sharing one toothbrush, but the very thought of it repels me.

My husband says I am ridiculous to feel this way, so I am writing to ask how you feel about it.

B. IN OKINAWA

DEAR B: I'm all for sharing, but I'd draw the line when it comes to toothbrushes.

FPC Fails To Pursue False Talk Charges

WASHINGTON (AP) — The Federal Power Commission has failed to pursue its staff's allegations that a Coastal States Gas Corp. subsidiary presented misleading exhibits and false testimony during an FPC hearing, Rep. J. J. Pickle, D-Tex., said today.

The congressman said the staff recommended that the matter be referred to the Justice Department by the FPC but that no action was taken by the commission.

"Despite these serious allegations by the FPC staff, the commission has done nothing," said Pickle, a member of the House special subcommittee on investigations.

The allegations involve two FPC staff documents dealing with a proposal by the subsidiary, South Texas Natural Gas Gezeing Co., to abandon some of its gas contracts in favor of a Nueces Gas Co., another Coastal subsidiary.

The staff report contends the company's representatives introduced into the record varying figures on reserves of the company and Coastal States, Pickle said.

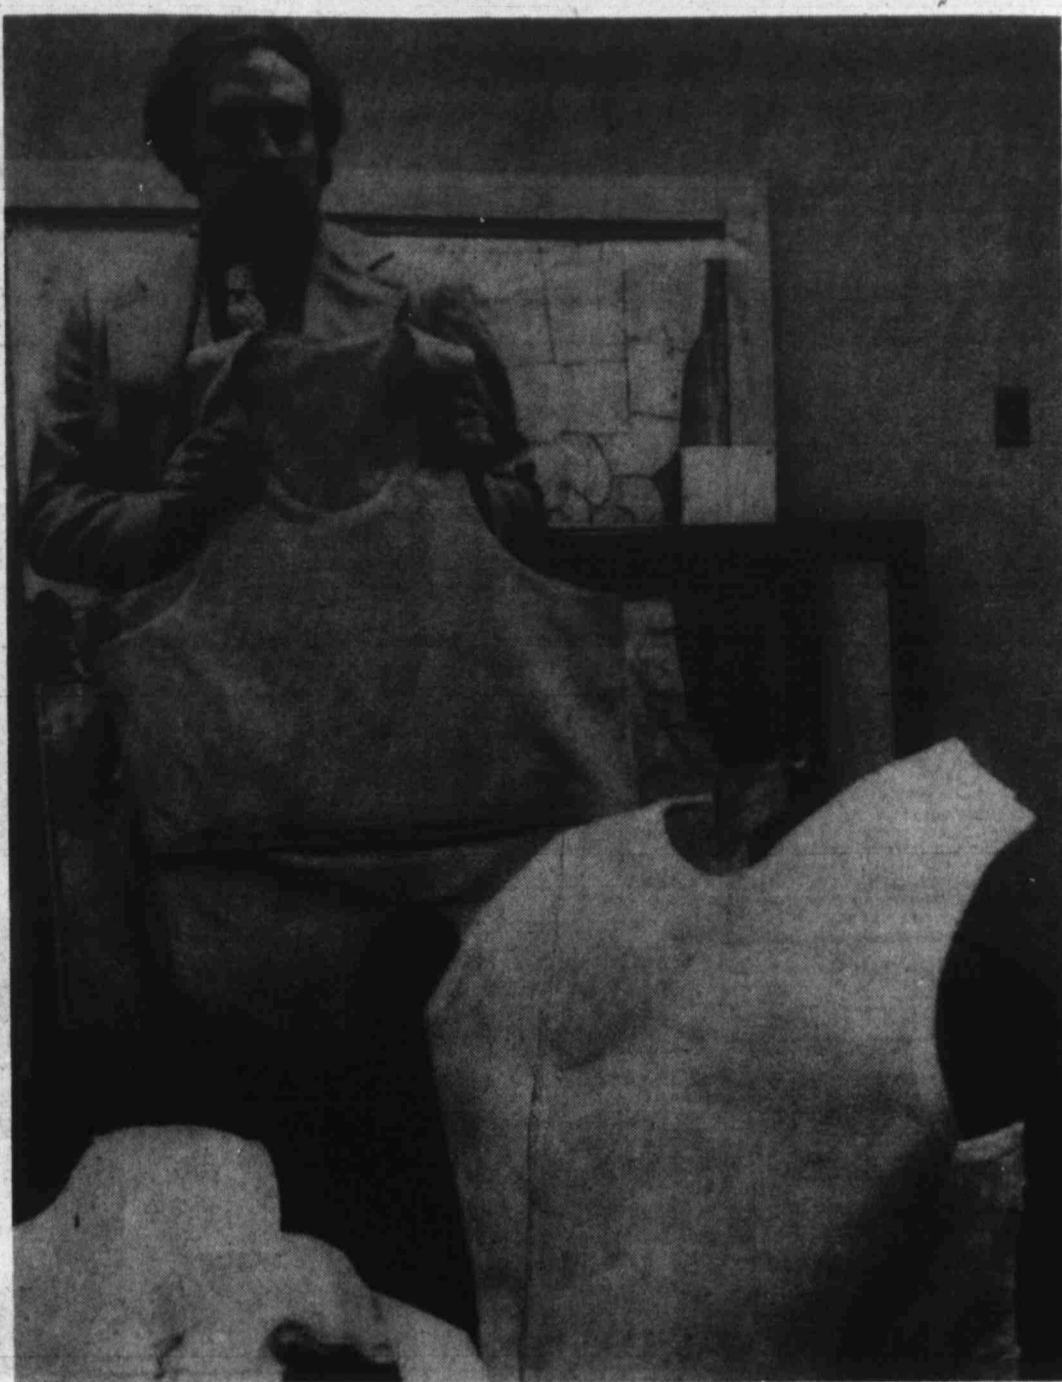

He also said commission

staff members claim in the documents that another Coastal employe gave conflicting testimony in three different appearances before the commission.

"In these documents, the staff of the FPC clearly, and without hesitation, alleged that witnesses from South Texas Gas had presented misleading exhibits and false testimony during the commission's formal proceedings," Pickle said in a letter to John Nassikas, Chairman of the power commission.

"The alleged misleading exhibits and alleged false testimony apparently were designed to prevent a full and accurate disclosure of the reserves of South Texas Gas and Coastal," he said.

"Despite these very serious charges by the staff, there is no evidence whatsoever that the commission has accepted the validity of the charges, or that the commission rejected the charges," he wrote. "The commission has not referred the matter to the Justice Department. It appears that the commission has done nothing."

(AP WIREPHOTO) PROTECTION FOR POLICE — Officer Bryn Joyce of the Baltimore Police Department, holds up one of the bullet proof vests the city is evaluating. In an effort to stop the killing of policemen, the city police department has decided to equip all its 3,600 officers with bullet-stopping armor. The vests will cost about \$70 each, according to officials, and will probably be purchased and issued sometime next year at a cost of about \$320,000.

NOT FUNNY PHYLLIS 'Inflation Has Hit Everything But My Chest'

WIN buttons, escalating prices for everything from sugar to pay toilets, economic summits, full car lots, empty stores. They're all part of inflation and they're not funny.

But few topics are left untouched by the American sense of humor and many of the nation's professional laugh-makers have worked inflation into their routines.

As Bob Orben, gag writer for President Ford says, "If you don't have a sense of humor, as an American you're one down." Here is a sampling of in-

flation jokes currently making the laugh circuit.

"Inflation has hit everything but my chest." — Phyllis Diller.

"Food prices are so high in New York, Jackie Onassis is using caviar helper." — Peter Anthony.

"The only ones not complaining about the monetary situation are the Indians. They're glad now they got heads for Manhattan." — Steve Allen.

"Things are so bad that Nelson Rockefeller had to let one brother go." — Jack Carter.

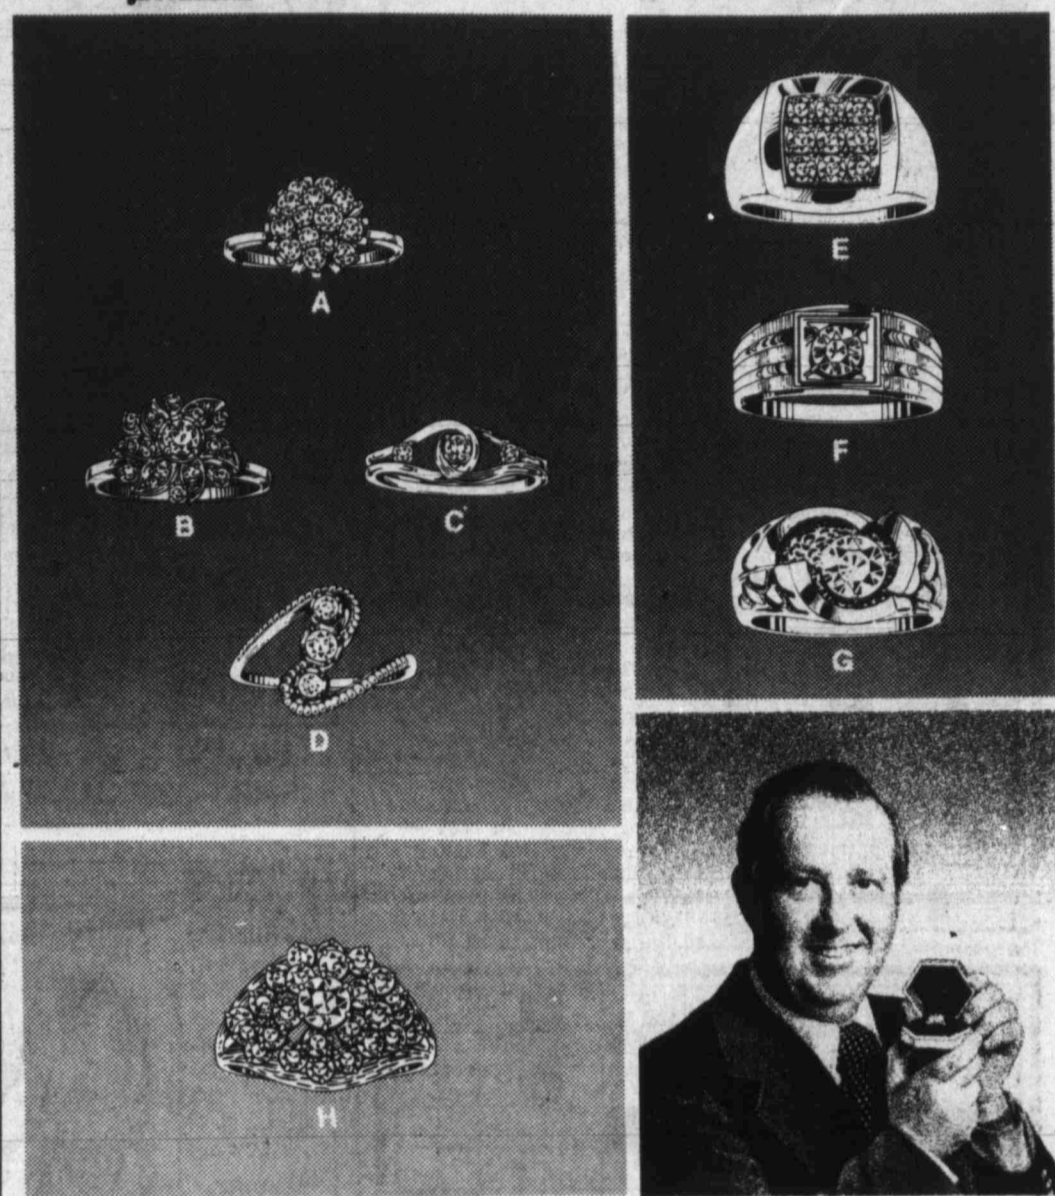

"There's only one way to bring down the price of bread. We should all move to

Russia and eat our own wheat." — Godfrey Cambridge.

"President Ford went on television to tell us how we can whip inflation and within half an hour the price of whips went up 50 cents." — Bob Hope.

"During inflation we have to economize and I have started economizing by knitting our own food." — Joey Bishop.

DEATHS

C. S. Arnold

Charles S. Arnold, 82, of Abilene died Wednesday in the VA Hospital here. Arrangements are pending at the Elliott-Hamil Funeral Home in Abilene.

A former cafe operator, Mr. Arnold was a native of Valparaiso, Ind.

Emogene Lamb

Services for Mrs. Emogene Lamb, 58, of Abilene, who died Tuesday evening in Abilene following an apparent heart attack, will be conducted at 2 p.m. Friday in the Elliott-Hamil Chapel of Memories there. Burial will be in the Elmwood Cemetery.

Among survivors is a brother, George W. Tate, Big Spring.

Gunnar Rath

Arrangements for memorial rites for Gunnar Rath, 63, are being completed at St. Mark's Episcopal Church in Austin. Burial will take place in the Aberdeen, Wash., Cemetery.

Mr. Rath died Tuesday night in a local hospital.

A son, Robert, preceded him in death.

Survivors include his wife, Mary, Knoxville, Tenn.; a son, John Gunnar Rath, Austin; three daughters, Mrs. Frank Cruz, Big Spring, Mrs. Stan Smith, Washington, D.C., and Elizabeth Jean Rath, Knoxville, Tenn.; and two sisters, Mrs. Robert Long and Mrs. Henry Anble, Aberdeen, Wash.

Midland Man Is Charged

MIDLAND — Tom R. Conley, of Midland, was arrested Monday in the robbery of R. J. Morris, 507 S. Madison now faces charges in the holdup of a 7-Eleven Store last July 27.

Conley, charged with aggravated robbery in the Morris incident, was arrested shortly after Morris reported to police that someone had robbed him of \$800 at his residence.

Conley was charged with the aggravated robbery of the 7-Eleven Store after he was identified in a police lineup by a clerk at the convenience store.

The clerk said a man entered the store and forced her, at knifepoint, into a back room. She said he then took \$191.03 from the cash register.

Bond of \$25,000 was set on each charge.

Planning Commission Spurns GI Forum Bid

By MARJ CARPENTER

A \$32,151 grant for the coming year for the Big Spring Police Department's juvenile department was among the items approved by the Permian Basin Regional Planning Commission when it convened for its monthly board meeting Wednesday at Terminal.

Harold Hall, one of four city councilmen in West Texas who were elected to serve on the board, represented Big Spring. Judge A. G. Mitchell is an outgoing member of the board but did not attend the meeting.

New county judges were special guests Wednesday and were introduced to board members. This includes Bill Tune, judge-elect of Howard County, who was present for the event.

Other projects which affect approval of a grant for the Permian Basin Regional Crime Prevention program which this year will include training of a Big Spring police officer to work on crime-prevention projects. Last year, it covered Odessa and Midland and this year includes officers from Big Spring, Pecos, Fort Stockton and Monahans.

They also approved a supplementary grant for the police radio communications project being used by all law agencies in the region.

THUMBS DOWN

The board turned thumbs down on a resolution on a grant application of the American G. I. Forum titled "Outreach, Counseling, Referral and Follow-up to Veterans."

They also sent a letter to the governor condemning his approval of the project without letting it go through the regular local channels. Midland Judge Barbara Culver recommended at the board come out against the legislation that allowed the governor to take this route.

The board also refused to return funds already set up for a manpower employment program to be used for migrant workers. The returning of the funds would have seriously affected a CETA program in Lamesa and Seminole.

Longest discussion centered around a resolution requesting funds and support for the Permian Basin Community Centers for Mental Health and Mental Retardation. This program works hand-in-hand with the Big Spring State Hospital and Dr. Preston Harrison in screening patients for the state hospital in the Midland-Odessa area, treating as many as possible in the local mental health clinics.

DRUG ABUSE GRANT

Other projects approved included a pilot preventative program on drug abuse for the same clinic, \$61,450 for an Odessa police department crime prevention unit, funds for assistance to the probation department in an eight-county area in the 112th and 83rd District Courts, assistance with the Ector County Regional juvenile rehabilitation program, highway projects widening Midkiff Road in Midland from IS 20 to Highway 80 and Grandview Avenue in Odessa between the highways, \$93,000 for a tennis center at Midland college, \$369,138 in FAA funds for improvements at the Pecos airport, funds for the Dawson County Meals on

Wheels program in Lamesa, approval of headstart funds at Saragosa and an Office of Economic Opportunity project in Pecos.

The semi-annual general membership meeting will be held at noon Jan. 23 in Seminole. Judge Buck Luttrell from Fort Stockton named Judge Culver from Midland, Judge Leslie Pratt from Lamesa and Leonard Sikes, Monahans.

Wholesale Prices Up

WASHINGTON (AP) — Wholesale prices last month rose 1.2 per cent, less than half the October increase, the government reported today.

There were indications the pace of inflation was subsiding. Although the November increase was high by normal standards, the Labor department said price increases over the month were less widespread than in preceding months.

And, while agriculture prices continued to increase sharply at the wholesale level, prices of industrial commodities — regarded by economists as a truer measure of inflation — rose at the slowest rate in 13 months.

Wholesale prices of industrial goods rose nine-tenths of a per cent last month, slightly less than in September and October and the smallest rise since October 1973 when they rose eight-tenths of a per cent.

Over-all wholesale prices have risen 23.5 per cent in the past 12 months, the biggest year-to-year increase since 1947. But the rate of increase has slowed in recent months, indicating that the nation's inflation rate may soon begin to subside.

Carter Seeking Top Job

WASHINGTON (AP) — Gov. Jimmy Carter of Georgia set forth a platform for his presidential candidacy today and called for "new leadership and new ideas" to bridge the gulf between the American people and their government.

Carter outlined a broad agenda of governmental reforms in a speech at the National Press Club here. He planned to announce his candidacy formally later today at a rally in Atlanta.

"To begin with, the confidence of people in our own government must be restored," Carter said. "But too many officials do not deserve that confidence."

He called for "an all-inclusive sunshine law in Washington" to open to public scrutiny most governmental meetings, urged full financial disclosure by all federal officials and called for "a drastic and thorough revision of the federal bureaucracy."

In an interview before his two appearances, Carter, who is considered a distinct longshot for the Democratic presidential nomination, said he thought his chances "excellent" and declared, "I'm in the race to stay."

He joins Rep. Morris K. Udall of Arizona as an active candidate in a Democratic presidential field expected to swell considerably before the first primary in New Hampshire in March 1976.

In his speech, Carter said "political leaders have been isolated from the people and have made decisions from an ivory tower."

"Now is the time for this chasm between people and government to be bridged, and for American citizens to join in shaping our nation's future."

He urged these specific steps:

- Open all meetings of regulatory agencies, executive departments and congressional committees to the public "except in a few rare cases."
- Prohibit all gifts to public officials.
- Disclosure of all business involvements of major government officials.

Decided Not To Have Their Son Committed

MINNEAPOLIS, Minn. (AP) — Robert Glaeser's parents decided late last week not to have their son committed to a mental hospital, the Hennepin County attorney said Wednesday.

Sometime Monday night in the Minneapolis suburb of Golden Valley, Robert killed his parents, his sister and himself with a shotgun, police said.

The bodies of Dr. John Glaeser, 53, an ear, nose and throat specialist; his wife, Mary Jane, 50; their daughter, Ann, 17, and son, Robert, 19, were found at the family's Golden Valley home Tuesday. A .12 gauge shotgun lay next to Robert's body.

Open House Is Held By Firm

LAMESA — Texas Electric Service Company is holding open house until 9 o'clock tonight at its new offices at North First and Avenue G.

Manager in Lamesa is LeRoy Olsak, one-time Big Spring resident. The building embraces some 4,434 square feet. It was constructed by E.D. Snody of Odessa with architects, Gary and Hohertz of Big Spring.

Misunderstanding Blankets Laws Governing Commuters

Southwest Regional Immigration Commissioner L. W. Gilman said in San Pedro, Cal., recently that inquiries received by the regional office indicate considerable misunderstanding has surrounded the recent supreme court decision concerning permanent resident aliens who commute into the United States on a daily or seasonal basis.

The Immigration official explained that the supreme court decision held that permanent resident aliens of the United States who commute to jobs in the United States on a daily or seasonal basis may be legally considered as returning resident aliens.

Gilman added that Immigration Commissioner Leonard F. Chapman, Jr., said there has been widespread misunderstanding of the decision, with many persons believing the gates had been opened to unlimited entry by aliens to work in the United States.

Investigating Alleged Illegal Phone Tapping

HOUSTON (AP) — A federal grand jury investigating alleged illegal wiretapping heard from four Southwestern Bell Telephone Co. security agents and a former high Houston police official here Wednesday.

Jerry Slaughter, head of the six-man Bell security force here, spent about three hours in the jury room.

NOTHING TO HIDE

He declined to comment on what was asked him, but noted, "It seems like a short time (to testify) when you've nothing to hide."

H.L. Singleton, a former head of the Houston police intelligence division and currently municipal courts

director, was the first witness.

Accompanied by an attorney, Singleton was in and out of the grand jury room in less than five minutes.

Three Bell security agents, Billy G. Hubbard, Fred Bolton and James Russell, spent about 30 minutes each with the grand jury. Another Bell official, district manager Roy Moore, testified briefly also.

DENIALS

Houston Police Chief Carrol M. Lynn claimed last month that a small number of Houston police officers may have participated in illegal wiretapping.

He said it was

"sophisticated wiretapping" that required the assistance of Bell employees.

Bell company officials have stoutly denied that telephone company employees are involved.

On Tuesday, Russell gave newsmen tours of a small room on the 12th floor of the Bell building here which the security agents was equipped to monitor any telephone conversation in the Houston area.

Russell, however, said that the equipment is never used illegally.

Asked what prevents this, he said, "my integrity and the integrity of those I work with."

In another development,

Lynn said the Internal Revenue Service is investigating irregularities in payments made by Bell to Houston police officers for moonlighting security work.

Some officers work during off-duty hours as building guards and in other security jobs for Bell. The telephone company sends pay checks to a police supervisor for distribution.

Officials have discovered that names on a number of checks were not those of Houston police officers. The discovery was made however, after the checks were cashed.

Bell security officers Hubbard and Russell said they didn't expect to be recalled.

Agitation And Alcohol Syndrome Is Explained

Those who indulge in sedatives, such as alcohol, experience a post-agitation, and efforts to overcome this agitation with more of the same results in an addiction — or alcoholism in the case of drinkers.

This was the thesis laid out by Bill Warner, R.N., assigned to the alcoholism program at Big Spring State Hospital, in an address before the Downtown Lions at their Wednesday meeting in the Settles.

Drinking to overcome a particular level of agitation is the old "hair of the dog that bit you" syndrome, he added. There comes a point where a compulsion to drink is greater than any other means of overcoming the subjective agitation, and that's alcoholism, he said.

First treatment is to return the individual to a normal level of agitation, coupled with an understanding of what's going on and how to cope with it.

Back in the community, however, the real test comes, and this is where ordinary people can help

tremendously by showing love and understanding rather than condemnation and isolation. The stigma of alcoholism can be removed or mitigated by those who care about other people, Warner declared.

He listed two danger signals of alcoholism — bragging about an ability to outdrink others, or boasting of an ability to get up the next day after a night of hard drinking. Warner urged employers to read Chapter 10 in Alcoholics Anonymous for suggestions of how to help probable alcoholic employees.

Under the leadership of Harold Rains, Lions will ring the Salvation Army bells Saturday; and under Wesley Deats, will stage a Christmas party for ward 9AL on Dec. 17 at 7:30 p.m.

Kin Of Mayor Beats Drug Raps

LOS ANGELES (AP) — Drug charges against the daughter of Mayor Thomas Bradley, Phyllis Bradley, 29, have been dismissed. But a codefendant was convicted of possessing LSD and cocaine.

David P. Liggins II, 20, was convicted Wednesday in the nonjury Superior Court trial and was scheduled for sentencing Jan. 16. A third defendant previously pleaded guilty and was sentenced to a year in jail.

Miss Bradley had been charged with conspiracy to furnish cocaine and with possession of marijuana and amphetamines.

Trudeau's New \$80,000 Car

OTTAWA (AP) — Prime Minister Elliott Trudeau has a new \$80,000 limousine with armor plating, bullet proof windows and two telephones.

The silver-gray Cadillac replaces a similar black automobile that now will be used as a spare and for touring dignitaries such as British royalty.

Every New Oil Well Curse In Argentina

COMODORO RIVADAVIA, Argentina (AP) — Oil wells abound across southern Argentina, but for the sheep ranchers around here every new strike on their land is a curse.

GET NOTHING

"If I find oil, I'll hide the damned stuff," grumbled one rancher on the windy wastes of Patagonia. "The state company is so sloppy they stain our sheep, they ruin our land and we get nothing."

Worse, Argentine and foreign engineers say, if the state monopoly — YPF — were better run, Argentina

could be self-sufficient in oil, saving \$600 million a year at current prices.

Now YPF produces about 310,000 barrels of oil a day and receives another 112,000 pumped by international companies on contract, altogether about 85 per cent of the country's needs. It is Argentina's biggest company.

Argentine law says surface land can be private, but mineral rights belong to the state. A minimal compensation is paid for damage done, although administrative delays make that hard to collect.

WHAT CAN WE DO?

"I agree we could probably be self-sufficient and we are hampered by tremendous bureaucratic problems," said a top YPF official. "But we have had five directors in 13 months. What can we do?"

He said YPF management does all it can to protect rangeland and stock, but added it is impossible to stop some workers from stealing lambs, leaving gates open and fouling water supplies.

He would not estimate how much oil was lost because of poor maintenance, broken pipes and other problems.

"It is significant, though," he said. "We have supervisors who just cannot discipline their workers. They are afraid of union action — or worse."

Comodoro Rivadavia was a dusty backwater port 935 miles south of Buenos Aires until the turn of the century when someone dug a well for water, but found oil. Comodoro has never been the same.

BITTER WINTERS

Most of Argentina's oil is produced in the surrounding province of Chubut, the

southern neighbor province of Santa Cruz, and the territory of the bottom of South America, Tierra del Fuego.

Fields are on open rangeland where only sheep can bear the bitter winters and scarce water.

One major problem is that Argentines have an immense pride in YPF, considering it a symbol of economic independence.

"The oil has to come out, we are in favor of that," said Juan M. Altuna, president of the Comodoro Rivadavia Ranchers' Society. "But they should use more care. It is a terrible problem."

He said estimates show that once grass here is disturbed it takes 10 years to grow back, if it ever does. He said some lambs die simply because they follow a truck, thinking it their mother and they get lost.

NATURE'S BIRD FEEDER — The first snows of winter have come and gone leaving this field of sunflowers with drooping heads. Though no longer their bright yellow and blue, these once-tall plants are a delight for the winter birds of upstate New York. During the grey winter days ahead, many a bird will be seen hanging upside down pecking out the tasty seeds of these sleeping giants.

Russian Seaman Decision

BEAUMONT, Tex. (AP) — A Russian seaman who jumped an Israeli ship here believing he could get political asylum will be allowed to voluntarily return to Israel.

An Immigration and Naturalization Service judge Monday granted Anatoli Sverdin, 42, the right to return voluntarily within two weeks.

Sverdin jumped ship from the Israeli vessel Har Sinai Nov. 22. Six months ago, he jumped a Russian ship in Antwerp, Belgium, then went to Israel where he obtained seaman's papers.

Lum Hawthorn, Sverdin's attorney, said he considered the decision a victory, since Sverdin could have been taken into custody and expelled. He said the decision would give him time to prepare documents for Sverdin's legal re-entry to the United States.

Sverdin's voluntary return to Israel will allow him to apply for a U.S. visa.

Hawthorn told the immigration judge, Bernade Maldonado of San Antonio, that the seaman had listened to Voice of America broadcasts and jumped ship in the belief that he was eligible for political asylum in the United States.

Israel will not prosecute the seaman for jumping ship, according to Israeli Consul General Ehud Lador of Houston. But Lador said Israeli immigration officials would determine whether Sverdin could re-enter that country.

Sverdin said he sought political asylum in the United States after receiving no aid from Israeli authorities in his efforts to move his family from Russia.

The seaman said he first jumped ship after an alleged political frameup and loss of his Communist Party membership.

Oil Venture In Glasscock

Fort Worth Production Co. No. 1 Y.C. Gray will be a wildcat venture three miles southwest of Garden City, contracted to 7,900 feet.

The venture, located 660 from the south and east lines of section 27-34-4s, T&P, is four miles west of the one-well Garden City Southeast (Strawn) field which produced at 9.77, and seven miles southeast of the Garden City West (Wolf-camp) field.

In Dawson County, Terra Resources No. 1 E. Lauderdale, 660 from the south and west lines of the southeast quarter section 39-36-5n, T&P, plugged at 9,220 after returning only 60 feet of drilling fluid on a one-hour drillstem test form 8,520-77.

Other Dawson ventures included Amoco No. 1 Orson, plugged back to 7,050 and swabbing perforations from 6,836-846 after 1,000 gallons of acid; Haman No. 1 Adkins drilling at 7,970 in lime and shale after four hour and 20-minute drillstem test from 7,067-700 returned 190 feet of salt water; Mitchell Energy No. 1 Reeves drilling at 8,900 showing return of 450 feet of drilling fluid on a drillstem test from 8,190-285; True Oil No. 41-32 Standard drilling at 6,620 in lime.

C&K No. 1 Collins in Sterling City was at 7,750; Dorchester No. 1 Foster-Conger at 7,367; Lovelady No. 2 Humble shut in for repairs at 1,173.

Vietnam Air Official Praises Mayor Choate

Gen. Tran Van Minh, commander of the Vietnamese Air Force, has expressed deep appreciation to Mayor Wade Choate for Big Spring hospitality toward Vietnamese pilot trainees at Webb AFB.

He was replying to a letter Mayor Choate had sent praising Maj. Nguyen Kim Nam, who this year completed his tenure as Vietnamese liaison officer at Webb AFB.

"After receiving Maj. Nam's report," wrote Gen. Minh, "I know that the city of Big Spring, under your leadership, has had a very dear relationship with Webb AFB for many years.

"The community has had another chance to show us that Big Spring is one of the most friendly cities of the whole world. It also represents the United States in providing foreign students from 14 different countries with an opportunity to observe the beautiful American social life."

He added that "Maj. Nam also reported to me that all of his civic actions were

successfully completed with the great and valuable help from you and all the nice people of Big Spring. He added that 'all those actions would not be successful in any other community.'

Gen. Minh was pleased of interest in Gocong, Vietnam as a possible partner in the Brother City program.

"I personally hope that it soon will be accepted by our government," said Gen. Minh. "With such a program, both cities will have a chance to exchange their knowledge and cultures."

Belton Smashup

BELTON, Tex. (AP)—John W. Zelnick, 24, of Fairmont, W. Va., was killed early today in a two-car collision two miles south of here on Interstate 35.

Investigators said four other persons received injuries in the smashup. Hospital spokesmen said all were in satisfactory condition.

Hotel Heist

NEW YORK (AP)—Five gunmen who hauled away upwards of \$250,000 in jewelry and cash from safe deposit boxes at the elegant Sherry-Netherland Hotel were being sought today by police and the FBI.

Law enforcement officials said comparisons with the \$100,000 robbery of the Parker House Hotel in Boston in April 1972 and the \$45,000 robbery of the Plaza Hotel here the following July were striking.

The daring, pre-dawn heist began about 3:25 a.m. Monday, when a well-dressed man gave his suitcase to a bellman, walked from the Fifth Avenue entrance of the Manhattan hotel to the front desk, said he had a reservation and displayed a snub-nosed .38-caliber gun.

Within minutes, three armed men—all of them wearing mustaches—swept into the lobby and courtously corralled 11 employees, plus two honeymooning guests who arrived later from a night on the town.

LABOR SHORTAGE CALLED ACUTE

West Texas 'Boom Towns'

By The Associated Press

The energy shortage that has contributed to the nation's economic problems has created a boom in the West Texas oil fields.

NEED HOUSING

In the twin cities of Midland and Odessa in the heart of one of America's great oil fields, civic and government leaders are grappling with the worst housing shortage in a decade.

Unemployment is less than half the national standard and industry is begging for workers. Equipment—pipe, drilling rigs, tubing—are not available in sufficient supply.

Resurgence of the oil business has led the revival here, says H.A. Tuck of the Midland Chamber of Commerce. "It's like the 1950s again."

Domestic crude oil, which sold only a few months ago for \$3.60 a barrel, now sells at about \$10 a barrel. The higher price has spurred new exploration and production.

100,000 PLUS

Oilmen are drilling new wells in the area about 90 rigs per month ahead of the same time a year ago.

"If we had the pipe, rigs and labor, it would be up another 50 or 60 rigs per month," Tuck said.

The boom is most evident in Odessa, the center for the area's service industry. Since 1970, the town's population has grown from about 92,000 to more than 100,000.

The most serious problem is a housing shortage, especially in the price range that blue collar workers can afford.

Both Midland and Odessa officials said they were caught off guard by the boom and are cautious in their optimism.

Harry Clark, vice president for economic development of First National Bank in Midland, said the oil industry is keeping a watchful eye on the federal government.

The boom would be even greater except for skepticism about possible government actions, such as ending the domestic oil depletion allowance which gives oilmen a tax break, Clark said.

"If we could just get the government out of everybody's business, we could probably WIN real quick," said Ed Thompson, executive vice president of the Permian Basin Petroleum Association.

Known reserves in the great Permian Basin, which extends 100,000 square miles from West Texas into southeastern New Mexico, is roughly seven billion barrels, said Thompson.

Oilmen are pumping about 2.24 million barrels a day. Texas oil wells have been running at 100 per cent production for nearly two years now.

In the Permian Basin, drillers are returning also to many old wells deserted in the late 1950s and early 1960s. With new technology they can pump more oil from these old holes. It would not have been profitable to do so at the old prices.

"The backlog of orders (for equipment) is unbelievable," said Thompson. "Replacement parts are becoming more difficult to find."

Midland is the administrative center for the area's petroleum industry, housing headquarters and financial offices. Its population has grown to about 65,000 from the 1970 census figure of 59,000.

Odessa is the worker's town. Rigs are built. Roughnecks live here. Odessa claims to service much of the world's oil industry. Pipe and other equipment manufactured here is shipped around the world. **SIDE BENEFIT**

The region's new growth has had side benefits for citizens.

Major projects that have been on the drawing boards for years are nearing completion. A new \$5 million campus for Midland College, a two-year institution, is about half complete. Enrollment at the new University of Texas-Permian Basin has thrown students in the housing shortage.

Within four months, a \$3 million Oil Museum will be completed in Midland.

Commercial building in the basin is running about 100 per cent ahead of one year ago, said Clark, the banker. Bank deposits in Midland, at \$350 million, are up 23 per cent from a year ago.

At Odessa, Gene Garrison of the Chamber of Commerce said the labor shortage is acute. "We have about zero unemployment. We could place 1,500 workers this afternoon in everything from welding, machine work, truck drivers to assembly line workers."

"The economy is very good out here," said Clark in Midland. "Industrial employment is up. Gas field and oil employment is up."

Walter Stroup Chapter Prexy

The Permian Basin Chapter of Chartered Life Underwriters met for the election of officers Wednesday in Midland.

Those elected for the coming year were Walter Stroup, president; Robert Kiker, vice president; Louis Steen, secretary-treasurer; and Ernest Lynch Jr., immediate past president.

Among items of business, it was decided to have a study session of Section 303, redemption of stock of closely held corporations, and a study of the new pension reform legislation, as soon as material is available from national chapter headquarters.

R. Reeves Promoted

Ronnie Ross Reeves, branch manager in Big Spring for SIC Credit Company, a wholly owned subsidiary of Southwestern Investment Company, has been designated a vice president of the company.

The advancement was announced by R. Earl O'Keefe, board chairman and president of Southwestern Investment Company.

In the new post, Reeves will continue to manage the SIC Credit Company office in Big Spring.

Reeves joined SIC in 1963. He served with the company in Lamesa, Snyder, San Angelo and Lufkin before being promoted to branch manager in 1968.

The new vice president is active in Big Spring Civitan Club, the Big Spring Bass Club, manager of a National Little League Team, and is a member of the 14th and Main Church of Christ. A native of Lamesa, he attended Abilene Christian College, majoring in Business.

Reeves and his wife, Carol, have two children. The family home is at 2210 Cecilia.

SIC Credit Company is a subsidiary of Southwestern Investment Company, headquartered in Amarillo. Southwestern Investment Company is a wholly owned subsidiary of Beatrice Foods Corporation.

Motorist Aims Gun At Another

A motorist pointed a shotgun at a man in another car on Moss Creek Road at 9:45 p.m. Tuesday, police said. The case was turned over to the sheriff's office for investigation and no further details were available.

Apples, Berries In New Combos

The classic raw apple-cranberry relish has long been a favorite accompaniment for the meat course, be it ham, turkey, chicken or beef. But today's Cranberry Apples are an excellent meat accompaniment as well as being an innovative way of introducing these two flavors into your meal.

Golden Delicious apples are poached in cranberry juice and topped with cream cheese. Not only may they be served this way (surrounding a rolled roast of beef) but also could be served for salad or dessert. The Apple-Cranberry Wine Sauce is a superb change from the usual . . . pretty and sweet enough for any party. Both berries and fruit are poached in a wine-mustard-horseradish syrup. Use either the Red or Golden Delicious here.

For the salad course, the fluffy Apple-Cranberry Mold is an easy-to-do-ahead solution. Whole cranberry sauce is combined with Red or Golden Washington Delicious apples in a raspberry flavor gelatin base, then "fluffed" with mayonnaise and cream cheese. Use a decorative mold, a Christmas Tree or ring-shaped mold.

CRANBERRIED APPLES
1 can (1 lb.) whole cranberry sauce
1 tsp. lemon juice
2 tps. light corn syrup
Red food coloring
Dash of salt
6 apples
Cream cheese
Milk

Reserve 12 firm whole cranberries from the sauce. Combine remainder of sauce, lemon juice, light corn syrup, food coloring and salt. Bring to a boil and simmer 5 minutes to blend flavors, stirring with a fork until smooth. Pare middle third of apple, leaving stem and blossom ends unpared. Cut apples into halves, crosswise, core and scoop out meat, leaving small well in center of apple. Gently simmer apple halves in cranberry syrup 15 minutes, or until just tender, basting frequently. Remove apples to cool. (If deeper color is desired, apples may be stored in syrup until ready to use.) Whip cream cheese

APPLES POACHED

with a small amount of milk and use as topping for the apple halves, placed one of the reserved whole cranberries on each apple half. Makes 12 apple halves.

APPLE-CRANBERRY WINE SAUCE
2 apples, unpared, cored and diced
1 cup whole cranberry sauce
4 cups red table wine
4 tps. prepared hot mustard
2 tps. prepared horseradish
1 tsp. shredded orange peel

Combine apples with remaining ingredients in saucepan. Simmer until of desired consistency. Serve with sliced corned beef, turkey or ham.

APPLE-CRANBERRY FLUFFY MOLD
1 pkg. (3-ounce) raspberry flavor gelatin.
2-3rd cup hot water

1 can (1 lb.) whole cranberry sauce, or 2 cups leftover sauce
1/2 cup mayonnaise
1/4 oz. cream cheese
1/4 tsp. salt
1 tsp. lemon juice
2 apples, cored and diced to measure 1 1/2 cups
1/2 cup chopped pecans or walnuts

Dissolve gelatin in hot water. Heat cranberry sauce until melted. Strain 1/2 cup of the hot juice and combine with dissolved gelatin. Blend mayonnaise, cream cheese, salt and lemon juice. Add to gelatin mixture, blend thoroughly with rotary beater. Turn into freezing tray of refrigerator and chill for 20 to 25 minutes, or until firm around the edges. Turn into bowl, whip with rotary beater until fluffy, and fold in remaining cranberry sauce, diced apples, and nuts. Pour into a 6-cup mold and chill until firm. Makes 6 to 8 servings.

Licorice In Chili For New Twist

It's chili con carne time — again or yet, depending on whether you think of chili as something you serve mainly in cold weather or as a dish that's great all year 'round.

CHILI CON CARNE
1/2 cup thinly sliced onion
2 tps. diced green pepper
1 clove garlic, crushed
2 tps. vegetable oil
1/2 lb. ground round or chuck
1 cup canned tomatoes
1/2 cup boiling water
1/2 cup tomato sauce
1 1/2 tps. chili powder
2 tps. cold water
3 licorice bites, chopped (about 1 tablespoon)
1/2 tsp. salt

1 can (1 lb.) kidney beans, drained
Cook onion, green pepper and garlic in oil until tender. Add meat; cook, uncovered, until meat starts to brown. Add tomatoes, boiling water, tomato sauce, chili powder mixed with cold water, licorice and salt. Simmer covered, 1 hour. Uncover; simmer 1/2 hour. Add beans; simmer until hot. Serves three or four.

Chopped Ham Adds To Salads

All leftover ham doesn't get into the food grinder for a sandwich filling. Some of it does very well when diced for an unusual salad, for luncheon.

Pineapple is a time-honored accompaniment with ham, but this one has novelty in the form of peanuts as well as ripe olives for surprise contrast. This will look especially pretty served in a gelatin ring mold of either red cherry or black cherry gelatin, says home economist, Reba Staggs.

HAWAIIAN HAM SALAD
2 cups cooked diced ham
1 cup chopped celery
1/2 cup pitted small ripe olives
1/4 cup pineapple chunks
1/4 cup mayonnaise
1 tsp. lemon juice
1/4 cup coarsely chopped peanuts
Lettuce leaves

Combine ham, celery, olives and pineapple. Mix mayonnaise with lemon juice and add to ham mixture. Chill in refrigerator about 1 hour. Mix in peanuts before serving. Serve in lettuce-lined salad bowl or in center of gelatin ring mold. 6 servings.

EVERYONE WILL take to these Miniature Date Pecan Rolls like ducks take to the water — for they're rich with the palate-pleasing favors of pecans and dates.

Miniature Rolls, Fruit And Nuts

Miniature Date Pecan Rolls are perfect culinary proof that good things can indeed come in small "packages."

Served piping hot from the oven, these scrumptious home-baked sweet rolls can make any breakfast a special occasion. And when you "unveil" them to serve at a morning coffee gathering of the neighbors, or a festive brunch, their appetizing rich flavor will reveal your cooking flair.

MINIATURE ROLL DOUGH
1 tsp. lemon juice
1 cup evaporated milk
2 cups sifted flour
1/2 tsp. baking soda
2 tps. baking powder
1 tsp. salt
1/2 cup (1 stick) butter

FILLING
18-oz. package diced dates or whole pitted dates, cut up
1 cup chopped pecans
1/2 cup firmly packed brown sugar
1/4 cup (1/2 stick) butter.

CARMEL GLAZE
1/2 cup (1/2 stick) butter
1/2 cup firmly packed brown sugar
1 tsp. flour
1 tsp. evaporated milk

TOPPING
1/4 cup (1/2 stick) butter, melted
Add lemon juice to evaporated milk and let stand. Sift flour, baking

Miriam Aldridge's
OATMEAL BROWNIES

1/2 cup butter, melted
1 cup sugar
2 eggs, well beaten
1 tsp. vanilla
1/2 cup sifted flour

1/2 cup cocoa
1/2 tsp. baking powder
1/2 tsp. salt
1 cup 3-MINUTE BRAND OATS
1/2 cup chopped nuts (optional)

Combine ingredients in order given. Mix well. Spread batter in a greased 8 X 8 inch pan. Bake at 350° F. for 30 minutes.

Popovers And Salmon Filling

For a change in the dietary pattern, or when called on to feed unexpected guests, serve salmon a la king in golden brown popovers.

Make the filling while the popovers are baking and serve it piping hot. Serve a crisp salad to round out the meal.

POPOVERS
2 eggs
1 cup sifted flour
1/2 tsp. salt
1 cup liquified nonfat dry milk

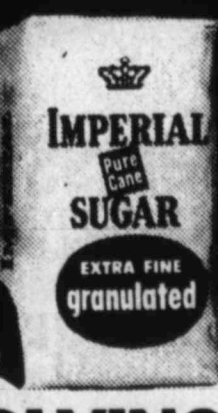

1 tsp. melted butter
Beat eggs with rotary beater until light and thick. Add flour, salt and 1-3rd cup of the liquified dry milk. Beat slowly until the flour mixture is moistened. Gradually add the remaining milk and shortening. Beat about one to two minutes or, until the mixture is free from lumps. Fill buttered custard cups or iron muffin pans, a little less than 1/2 full. Bake in a hot oven (425 degrees F.) about 40 minutes. Split and fill with Salmon a la King. Makes 6 to 8 popovers.

SALMON A LA KING
2 tps. butter
2 (4 oz. cans) fancy sliced button mushrooms
1 tsp. instant minced onion
2 tps. parsley flakes
2 tps. pimiento, diced
1 cup (one 7-1/2 oz. can) flaked salmon
2-3rd cup instant nonfat dry milk
1 1/2 cups water
3 tps. flour
1 tsp. salt
1/4 tsp. pepper

Melt butter in skillet. Sauté mushrooms in butter until lightly browned. Add onion, parsley flakes, pimiento and salmon. In a **Butter Broil**
