14 PAGES

Star Lites
By Bill Ellis

SEPTEMBER IS HERE, and we hate to remind the football widows, but it's that time again.

The pros have already played a game, and the high schools and colleges kick off their schedules this weekend.

The Dallas Cowboys, America's Team, and the favorite pro team of 99 and 44/100 per cent of the residents in this area, are embroiled in a quarterback controversy as they begin their 1984 season.

At least it was a controversy prior to their game at Los Angeles Monday night. After the performance of Gary Hogeboom Monday, many of those who thought Tom Landry might have over-reacted by replacing Danny White as the team leader may now be saying "Danny Who?"

Hogeboom silenced the skeptics who may have wondered if he was up to the task. He didn't have just an "average" game, any way you look at it. His 33 pass completions set a Dallas single-game record, formerly held by White.

It's a typical Dallas dilemma, because now the Cowboys have the NFL's second most proficient passer in history (White), relegated to the bench, and back-up duty. And the way today's NFL stars are paid, White surely is one of the highest-paid bench-warmers in the league.

Up until the game's late stages on Monday, this writer kept thinking Landry was going to have to pull Hogeboom, and let White pull off a "miracle finish," due to all of the Dallas mistakes, which tarnished the new quarterback's opening game, and kept Dallas trailing most of the way.

But credit is due the 25-year-old, who kept his cool, and just kept plugging until everything jelled with the winning drive.

The Hogeboom-White controversy is just the latest in the series of quarterback dilemmas which Dallas has been through in its 25-year NFL history.

The broadcasters were talking Monday about when Don Meredith became the new Cowboy quarterback. Later on, there was the Roger Staubach-Craig Morton feud, with another young quarterback, Clint Longley thrown in.

Landry solved the "play me or trade me" demands of both Morton and Longley, by dealing them to other teams.

Fate is not really fair (it never is), because White has had fewer starting seasons than he spent in back-up years to Staubach. And, in three of the four years he's been the Cowboy quarterback, the team has been to the NFL title game.

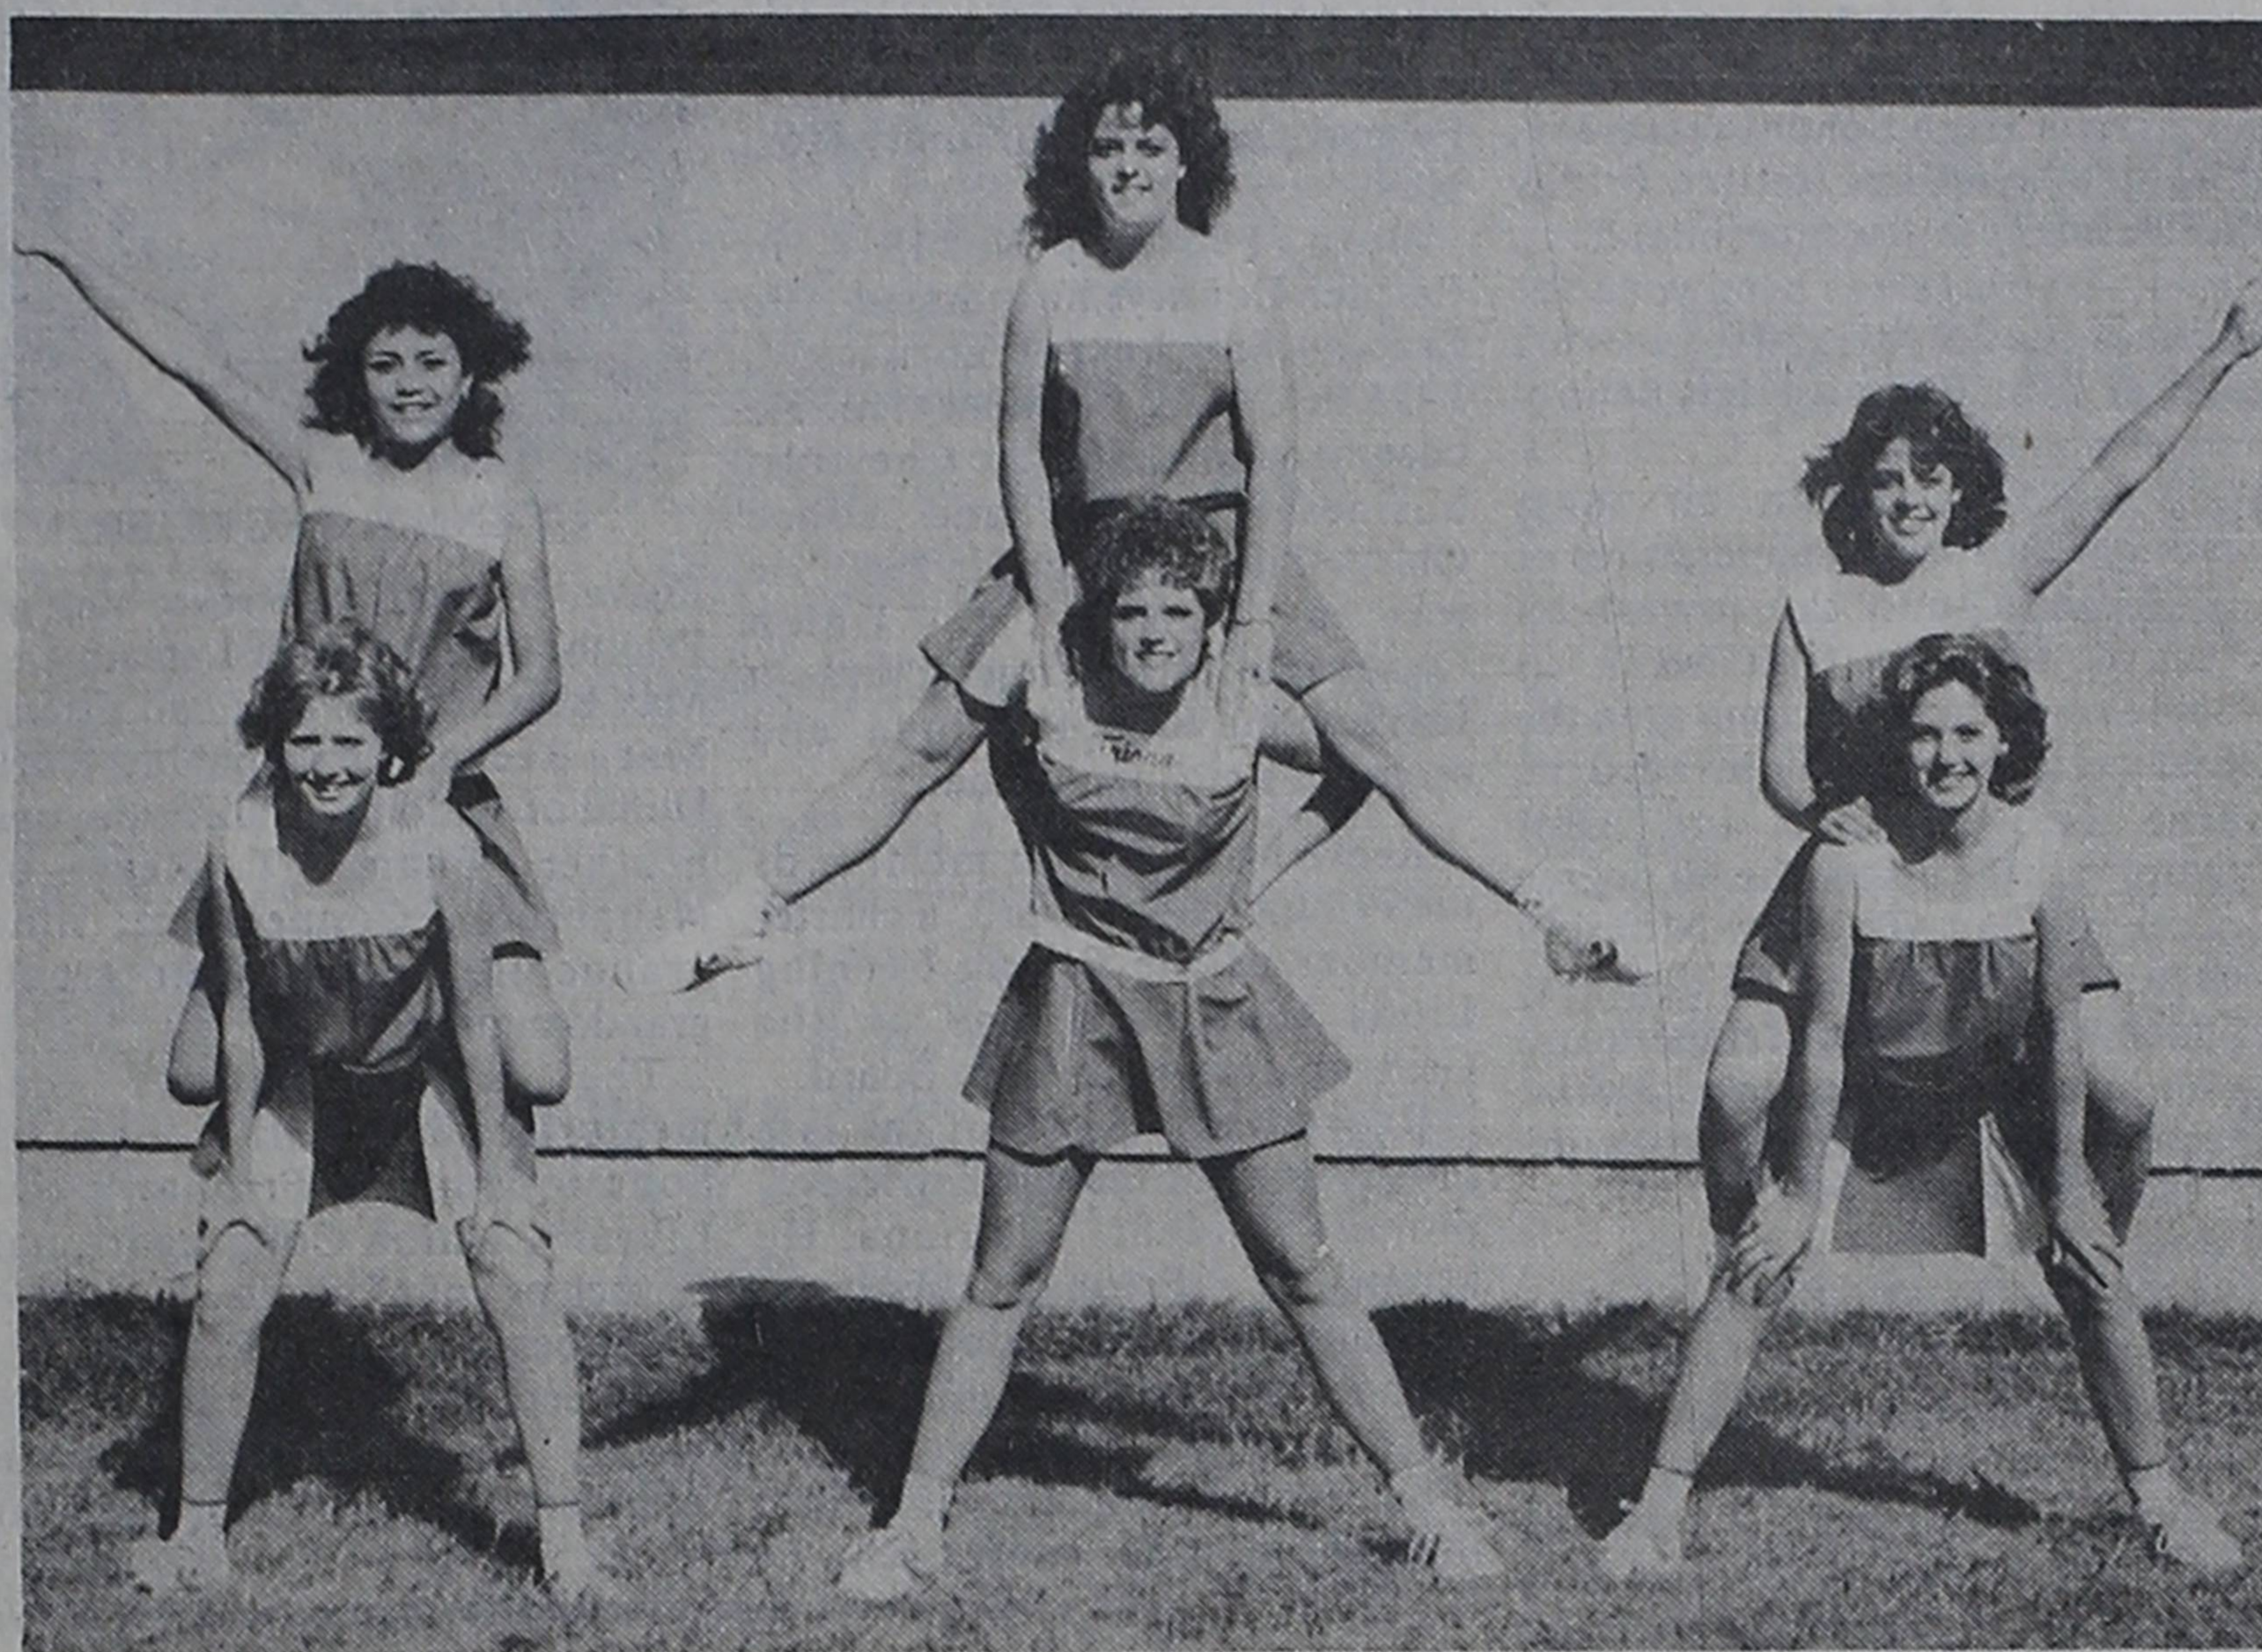

But, as it has been pointed out, in Dallas, that isn't enough. Cowboy fans want Super Bowl rings, and nothing less will suffice. We wish Gary Hogeboom a lot of luck. He's going to need it. Next to the president of the United States, we don't know of a job that draws as much attention and criticism.

CONGRATULATIONS to the Friona EMS organization, the Friona firemen, hospital and city employees on their reaction to Thursday evening's mock traffic accident.

The "mock disaster," which has been done in larger cities as a test for emergency workers, was carried out to perfection, and apparently the drill more than achieved its goals: helping workers find ways of improving their techniques, or being more ready for the real thing.

The planners did a great job of keeping the thing quiet. We understand that even the firemen had not been told it was a drill. Out at the scene, we thought to ourselves "These guys are great actors." Come to find out, they weren't acting.

Use Friona Star Classified

CHEERLEADERS... The FHS Cheerleaders for 1984-85 are ready to cheer on the Chieftains. Shown are, bottom, left to right: Milli Dixon, Teresa Wilcox and

Stacie Dodson. Top, left to right: Sonia LaFuente, Sarita Ellis and Glenda Ellis. The group was on the sidelines Friday when the Chieftains met River Road.

Little Miss Entry List Climbs To 22

The Friona Little Miss pageant will be held Tuesday, September 18, at 7:30 p.m. in the Friona High School Auditorium.

Gary Smith, pastor of the Union Congregational Church, will serve as the master of ceremonies. Theme for the pageant will be "Lone Star Flowers."

Rehearsal for the Little Miss pageant will be held Sunday, September 16, at 4 p.m. in the high school auditorium.

There will be no advance ticket sales and tickets may only be purchased at the door. Prices are ninth grade students and up, \$3.00 and eighth grade students and under, \$1.00.

Twenty-two entries had been received and the girls and their sponsors are:

Melissa Stevens, Excel; Kimberly Spring Collier, Friona Cablevision; Charlotte Procter, D.L.'s Thriftway; Candi Michelle Baca, Hub Aerial Spraying; Yvette Aguirre, Tee Box Restaurant; Brandi Lynn Gregory, Hutson's Whites Auto Store; Amber L'Dawn Martin, C&T Fertilizer-Tam Anne; Rachel Mejia, Property Associates Realtors; Jenny Hamilton, Bi-Wize Drug; and Heather Martin, Friona Star.

Also, Irene Guerra, Ethridge-Spring Agency; Leslie Fangman, Claborn Floral and Gifts; Brittny Darnell, Benger Aero Spraying;

Canna Ray, Elgin, Inc.; Farrah Dutton, Friona Police Department; Melissa Bass, Dale Hart Realty; Brandi Landrum, Potts Auction Service; Kristi Meyer, West Texas Tire; Abbey Dawn Johnson, Champion Sprayers; Lana Fangman, West

Friona Grain; Diandra Jo LaFuente, Country Club Restaurant, and Kolean Lewis, Friona Upholstery.

For more information, or to enter a contestant contact Lola White or Claudia Hanes, chairmen of the contest.

Election Officials Named By Court

Election judges and officials for 1984 were named by the County commissioners at their last regular meeting August 27.

Those appointed were: (presiding judge listed first, then the alternate):

Black--Mrs. Martha Hamilton (Mrs. Joan Euler); Friona-2--Mrs. Linda Black (Mrs. Martha Bates); Friona 2-1--Mrs. Pat Fleming (Mrs. Bruce Shafer); Friona 2-2--Danny Kendrick (Mrs. Mary Ford).

Bovina--J.E. Sherrill, Jr. (Mrs. Marie Venable); Farwell--Mrs. Billie Blain (Phil Garrett); Lazbuddie--Marvin Mimms (E.A. Parham); Oklahoma Lane--Clarence Johnson (Harold Carpenter); Rhea--Raymond Schueler (Carl Schlenker); Lakeview--J. Dee Willard (no alternate).

In other business, the commission passed a resolution by majority vote (commissioner McGehee voting against), to close the Lazbuddie dump ground. This action is in compliance with demands from the Texas Department of Health. Signs are to be posted closing the facility.

Travel expenses of \$75 were approved for Gordon Green, Muleshoe, visiting judge filling in

EMS Thanks Participants

Linda Henry, spokesperson for the Friona Emergency Medical Services (EMS), praised all of the people who contributed to Friona's "mock disaster" Thursday night, especially the members of Joy Morton's Thespians.

Those serving as willing "victims" included Mitchel Gibson, Brent Hinkle, Chuck Ellis, Sheila Deaton, Robin Houlette, Karla Wright, Bonnie Polk and Tammi Chapman.

"We appreciate the work and cooperation of everyone who had any part in the drill," Mrs. Henry said.

for Judge Porter Roberts, who is still hospitalized.

Ernest Anthony was reimbursed \$200 for an advance to an indigent citizen needing travel assistance getting to John Seely Hospital in Galveston.

After meeting with deputy clerks in the License Tag Office, the court passed a motion to hire another person part-time in the office to help relieve the work load while Hugh Moseley is recuperating.

Other discussion regarded notice of the county's revenue sharing hearing, and approval of soil work on the Dennis Slagle farm in Precinct 2, such work to be re-paid the county for use of their machinery.

Chiefs Host BR Friday, Sept. 14

The Friona Chieftains will host the Boys Ranch Roughriders next Friday in their home opener for 1984.

The Roughriders have 12 players returning from their 1983 team which compiled a 5-4-1 season record. Coach Bob Priddy had five offensive and five defensive starters back.

Among the returners are center William Bradley, guards Monty Ganders and Tony Mondragon, and tackles Tony Helleotes and Jerome McDonald.

Chris Riehle, who was an interior lineman, will be a split end.

The backfield was almost stripped by graduation. Only Greg Adams, a tailback, is returning from 1983.

Boys Ranch has a killer schedule, opening with state-ranked Panhandle. Adding to their woes of being in a tough AAA district is the addition of always-tough Childress to their district lineup. Last season, the Ranchers tied Dalhart for second place.

Friona scored a 20-7 win at Boys Ranch last year.

Football Contest Kicks Off Here

The always-popular football contest, sponsored by the Friona Star for the past 25 years, gets underway in this week's issue of the Star. The Star will once again sponsor the contest, along with 24 sports-minded area businesses.

Continuing the format of recent years, weekly prizes totalling \$20.00 will be offered, with \$10.00 awarded to the first place winner each week, \$7.50 given to the second place contestant, and \$5.00 awarded to the third place entry.

In addition to the \$20.00 in weekly prizes, contestants will be shooting for the grand prize of \$100.00 cash to be awarded to the leading contestant at the conclusion of the contest.

Contestants will once again be asked to pick a total of 24 games per week in the contest, which will include the top high school games from this area, as well as the top college games and professional games each week.

The contest follows the same pattern that it has throughout its history. The games to be picked by contestants are listed in the advertisements of the contest sponsors. Each sponsor's ad contains a game to be considered in that week's contest.

First place winner at the close of the 13-week contest period will receive \$100.00 cash.

Entries may be brought by or mailed to the Friona Star, Box 789, by 6 p.m. each Friday. They also may be left at Bi-Wize Drug. If mailed, the entry must bear a

postmark by Friday "P.M." and should be marked "Football Contest."

Over 400 fans enter the contest each year, as individual rivalries usually develop among contestants.

Contestants must be 12 years of age or older to be eligible to enter the contest. In order that scores count for grand prizes, entries must be on an official entry blank, printed in the Star each week.

A tie-breaker game, usually the Friona Chieftain game, will be used to break weekly ties as well as those that might develop in the race for grand prizes.

With the exception of the Friona Star employees and their families, everyone is eligible to enter the weekly contest.

Sponsoring the event with the Friona Star are Friona Texaco Wholesale and Retail, Jim Zorns Insurance Agency, Mike Chaney Fertilizer, Jackson's Parmer House Restaurant, City Body Shop and Friona Kar Korner.

Also, Friona Ford-Mercury Sales, Lakeside Parts & Machine, Bi-Wize Health Mart Drug, T.L.C. Service Center, Excel Corp., T-Box Restaurant, Bruegel Bros. Gin & Elevator and Mama Seale's Drive-In and Arcade.

Also, D.L.'s Thriftway, Cleo's Cleaners, Claborn Floral, Friona Wheat Growers, Tasty Cream Drive In-Winner's Choice, Reeve Chevrolet-Olds, Hub Grain, Benger Aero Spraying, Western Plateau and Elgin, Inc.

REHEARSING... Members of the "Miss Friona" pageant have been busy rehearsing for their September 15

pageant. Reserved seat tickets are on sale at the Friona Chamber of Commerce office on Main Street.

FRIONA FLASHBACKS

....from the files of The Friona Star

55 YEARS AGO--SEPT. 6, 1929

The building of the Texas Utilities Company high line into Friona was completed Tuesday afternoon and connected with the system of wires that has been giving electric service to the city for more than a year.

Homer Williams and N.B. Norton, whose homes are south of town, were in Friona last Saturday, interviewing the farmers and businessmen as to the probability of organizing a permanent fair association for Parmer County.

50 YEARS AGO--SEPT. 7, 1934

The dust storm which struck Friona about six o'clock Sunday afternoon was one of the worst in effect as well as probably the worst in appearance that has ever visited this locality. For an hour or more previous to the striking of the storm, there had been a dark bank of cloud covering the western horizon, then with apparently increased momentum it moved rapidly toward town. For awhile, houses only the width of the street away, were invisible, one from the other.

45 YEARS AGO--SEPT. 8, 1939

Work is in full swing on the "old" basement of the Methodist Church. A courageous group of donors are working with hammers, saws and squares. The basement is expected to be in use two weeks from Sunday.

40 YEARS AGO--SEPT. 1, 1944

An Italian navy lieutenant who escaped from the Hereford Prisoner of War Camp on August 4, had made his way more than 300 miles toward the Mexican border before his capture Saturday by the border patrol.

The local AAA Committee cannot issue priorities for the purchase of lumber for any construction within the city limits, it was emphasized this week by the committee chairman, who says that several city residents have come to the local office requesting

lumber priorities.

30 YEARS AGO--SEPT. 10, 1954

Twelve hundred pounds of beef are being prepared for the free barbecue Tuesday evening by the Chamber of Commerce of Friona.

Incomplete totals tabulated from the recent Emergency Polio Benefit Drive in the county shows over \$600.00 donated to the cause, Director Raymond Euler announced yesterday.

25 YEARS AGO--SEPT. 10, 1959

Two infants in Friona are confined in Parmer County Community Hospital with encephalitis, or more commonly known as sleeping sickness. The two youngsters, both baby boys, are Tim Nichols, seven-week-old son of Mr. and Mrs. Bill Nichols of Friona and James Potter, four-week-old son of Mr. and Mrs. Frank Potter of Friona. Young Potter is still in "serious condition" according to reports from the hospital Tuesday and the Nichols baby is "still in danger but improving."

Saturday, September 26 has been set as the date for the \$330,000 bond election for the City of Friona by members of the council at their regular meeting Monday night. The council plans to use the money--if the bond election passes--over a period of years and not all at once.

20 YEARS AGO--SEPT. 10, 1964

Kay Burleson, the 1961 Maize Queen, is still winning honors in beauty contests. She won her latest honor by being named the representative of Lubbock radio station KFYO in the finals of the "Miss Colt 45" contest to be held in Houston this weekend.

The White Auto Store of Friona is staging its Grand Opening Friday and Saturday, having recently completed its remodeling job and completely restocked.

15 YEARS AGO--SEPT. 11, 1969

The sale of Lillard Insurance Agency to Ethridge-Spring Agency

was announced jointly this week by Ralph Miller and C.L. Lillard for their agency, and Dan Ethridge of the purchasing company.

10 YEARS AGO--SEPT. 8, 1974

Friona High School secretary, Virginia Jennings, retired Friday as secretary to the superintendent. Mrs. Jennings has been with the school for 23 years after serving under four Friona High School superintendents.

A cold Canadian air mass brought the lowest temperatures of the season--and the lowest on record for the first week in September, to the Friona area the past week. The cold air invaded the area on Monday, and kept temperatures below the 60 degree mark all day. The low Monday evening dropped to 43 degrees, which was the lowest temperature ever recorded by September 3 since records have been tabulated by the City of Friona.

5 YEARS AGO--SEPT. 2, 1979

Longtime Friona resident, Beulah Whaley, observed her 90th birthday on Friday, August 31.

Enrollment in the Friona schools as of Thursday stood at 1282, according to Superintendent of Schools Tom Jarboe, and this was within eight students of the same date a year earlier.

Saturday Rites Set For Glenn E. Reeve

Funeral services for Glenn E. Reeve, Sr., 70, will be held Saturday, September 8, at 2:30 p.m. in the Union Congregational Church with Rev. Gary Smith, pastor, officiating.

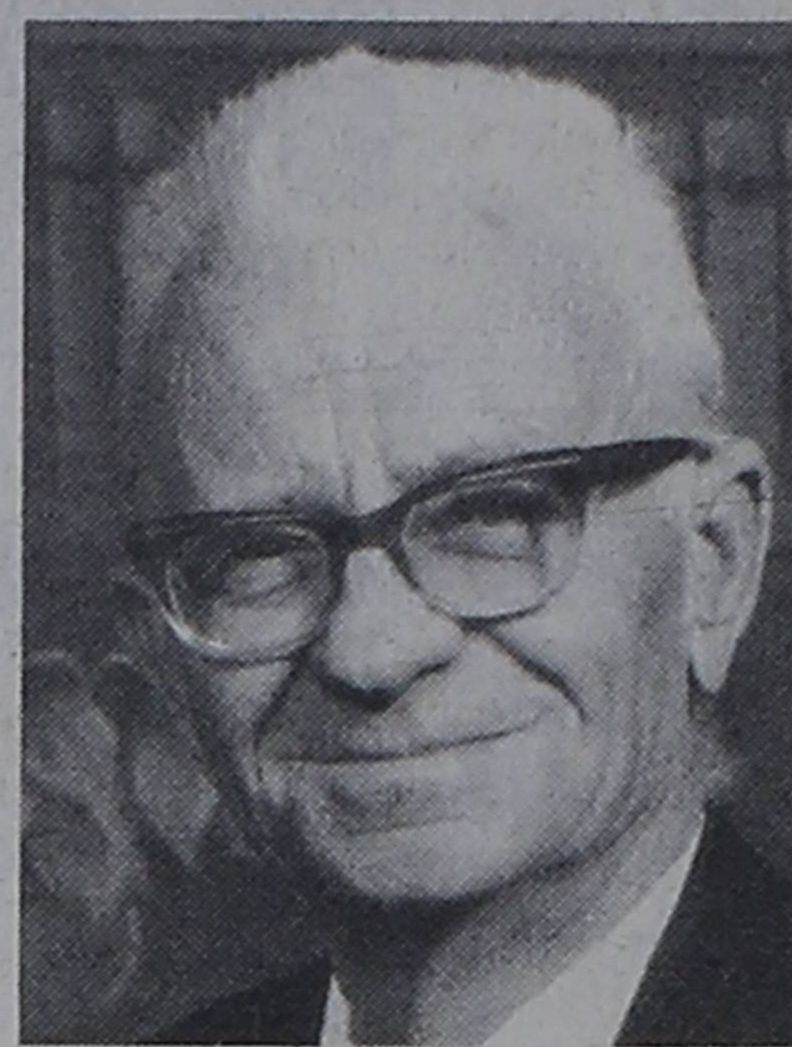

Burial will be in the Friona Cemetery under the direction of Ellis-Blackwell Funeral Home. Reeve died Thursday morning at Parmer County Community Hospital.

Born February 4, 1914 in Parmer County, he married Allo Francis Sparkman February 7, 1935 in Clovis, New Mexico. He became involved in the Chevrolet business in 1938 and added Oldsmobiles to the line in 1969. He was a member of Union Congregational Church, was a former mayor of Friona and served as a city councilman.

Reeve was a former member of the Friona school board, a charter member of the Friona Evening Lions Club, and was on the General Motors Advisory Board.

Reeve was the son of the late Floyd W. and Ethel Hadley Reeve, pioneer residents of Friona. He attended Friona schools, graduating from Friona High School. He also was a graduate of West Texas State University.

Survivors include his wife, Allo, of the home; four sons, Glenn E.

GLENN E. REEVE, SR.

Reeve, Jr., and Joe Reeve, both of Friona, Don Reeve of Lamesa and Max Reeve of El Paso; two sisters, Mary Reeve of Pampa and Ruth Hume of Redding, California; one brother, Charles T. Reeve of Naugatuck, Connecticut; nine grandchildren and four great-granddaughters.

The family requests that memorials be in the form of donations to the Friona Public Library, Union Congregational Church or your favorite charity.

Pallbearers will be Fred Florez, Leo Reed, Richie Herring, Bryan Jones, Craig Newman, Keith Winkler, Joe Bob Mann and Ron Cain.

LEGAL NOTICE

NOTICE OF SALE

THE STATE OF TEXAS
 COUNTY OF PARMER
 KNOW ALL MEN BY THESE PRESENTS THAT

Whereas, on the 10th day of March 1981, Jerry Fancher, Friona, Texas, executed and delivered to Herring Implement Co., Inc., Friona, Texas, a certain Retail Installment Contract and Security Agreement which was subsequently assigned to John Deere Company, and thereon mortgaged the following described property, to wit:
 1-JD 4630 Tractor, s/n 10910
 1-JD 7100 Planter, s/n 35513

The maker of the Retail Installment Contract and Security Agreement has defaulted in compliance with the terms of said Retail Installment Contract and Security Agreement. John Deere Company, the owner and holder of said Retail Installment Contract and Security Agreement on account thereof, is offering said property for sale in accordance with the terms of said Retail Installment Contract and Security Agreement. John Deere Company has the right to bid.

Now, therefore, notice is hereby given that on the 20th day of September 1984 at 10:30 a.m. of said date, John Deere Company will offer for sale at Herring Implement Co., Inc., Friona, Texas, to the highest bidder the above described property.

Conditions and Terms of Sale:

All items will be sold "as-is" and in their present condition. NO GUARANTEE OR WARRANTY OF ANY NATURE, EITHER EXPRESSED OR IMPLIED, is made. Any statement of description is for identification only and not a warranty or representation. All goods are subject to redemption prior to sale. The terms of the sale are cash. The high bidder must submit certified funds (Bank money order or cashier's check) for the full purchase price at the time of sale. All bids must be submitted in person; all sales are for cash and are final. Individual buyers may be required to pay any applicable sales tax on the sales (purchase) price.

To determine the highest bidder, the seller will take bids on each individual item of equipment, sell same conditionally as single units, and shall then sell this property as a single unit and shall then aggregate the unit prices to determine whether final sale shall be accepted on the individual bids or the simple unit bid.

Additional information concerning the security interest held by John Deere Company in the above described collateral may be obtained from:

A VOTE FOR FUTURE FREEDOM

By CONRAD LACY

American voters will have about as little choice in November 1984 as Jim Jones offered his hoodwinked cult members in Guyana--commit suicide by poison quietly or be executed. Unhappily, only a very few recognized a third choice and took off for freedom in the jungle.

Unfortunately, most American voters seem to exhibit the same blindness shown by Jones' followers--a docile acceptance of criminal leadership after a long period of brain-washing that "big brother knows best."

One peculiar American cult philosophy, is that the two-party system is "sacred" and we must always, lemming-like, accept one of two narrow choices--suicide by poison, or execution. So the cult worshippers go on blindly voting for, they hope, "the lesser of two evils."

What we must realize today, is that there is no "lesser of two evils." Both major parties are so dominated by the same vested interests that it really doesn't matter which one we elect. Faces may change, but the same old spend and tax policies go on forever. Does it really matter whether the Trilateralist cabinet members are appointed by Mondale or Reagan?

Both the Demopubs and Republicrats have demonstrated that they have no solutions to our pressing national problems. If you want more of the same ineptness in office, go on, follow the leader, vote for one or the other and live in regret for the next four years!

But, if you're an independent thinker who hasn't been totally brainwashed, then start examining your alternative choice. Vote for a third party. Every third party vote is a protest vote against conditions as they are--a vote for future freedom.

That Freedom may be hidden in a jungle--but it's there, and you can help find it by turning your back on the suicidal choices the major parties are now offering. A third party vote is not really being "thrown away." A massive third party vote will do more to frighten bad politicians into voting "right" than any other method. When reason is useless, then more direct methods are necessary. A third party vote is the most direct method we have left.

VOTE POPULIST IN 1984.

Delegates to the Populist party national convention unanimously nominated Bob Richards (Texas) president and Maureen Kennedy Salaman (California) vice president.

Order platforms from National Committee of the Populist Party, P.O. Box 76737, Washington, D.C. 20013 or see Forrest Osborn, chairman of "REDEEM OUR COUNTRY."

Around The House

By LAURA WALLACE
 If it seems to you that everything from your children's braces to their school supplies are becoming more expensive, you're right. The latest figures from the U.S. Department of Agriculture's Family Economics Research Group show that the cost of raising children is rising.

The yearly cost of raising a child from birth to age 18 at a moderate cost level, is now estimated at \$90,794 for urban children and \$91,199 for rural non-farm children. The cost difference is due mainly to transportation expenses for rural non-farm children.

Many of the costs of raising a child are "hidden" in regular family expenses. The USDA research calculated costs for food at home; school lunches; food

away from home; clothing; housing (including shelter, fuel, utilities, household operations, furnishings and equipment); medical care; education; transportation; and miscellaneous expenses for recreation, personal care and other items.

As any parent of a teenager knows just from looking in the refrigerator, children cost more as they get older. For example, the annual cost for an urban one-year-old is \$4,593; for a six-year-old \$4,773; and for a 16-17 year old, \$6,024. The costs are slightly higher for rural non-farm children.

The cost of raising a child is certainly no indicator of their worth--which is invaluable. But it can help parents plan their family budget and financial future.

Moss Gives Lineups

Coach Tommy Moss announced the following starting lineup for the Friona Chieftains as they met the River Road Wildcats in the 1984 season-opening game Friday in Amarillo:

OFFENSE

Center--Kip Frye, 170-pound senior; right guard--Matt Osborn, 217-pound senior; left guard--Toby Smith, 170-pound senior; right tackle--Curtis Allen, 185-pound senior; left tackle--Menden Dixon, 185-pound junior; tight end--Rodney Allen, 165-pound senior.

Split end--Ben Neelley, 155-pound senior and Leroy Mercado, 145-pound junior; flanker back--John Aguirre, 160-pound senior; fullback--Brent Gatlin, 170-pound junior; tailback--Alfredo Mata, 180-pound senior and quarterback--Ricky Barnett, 170-pound senior.

DEFENSE

Left end--Toby Smith; left tackle--Jose Samarron, 245-pound senior; right tackle--Matt Osborn; right end--Tony Day, 150-pound junior; left linebacker--Kevin Trimmell, 170-pound junior; middle linebacker--Brent Gatlin.

Right linebacker--Brad Moyer, 165-pound junior; left cornerback--Ben Neelley; right cornerback--Ross Roden, 140-pound senior; rover--Rodney Allen; free safety--John Aguirre.

LITTLE MASCOT.... Helping the FHS cheerleaders this fall as their mascot is three-year-old Christy Moss, daughter of Mr. and Mrs. Tommy Moss.

Chiefs, Olton Play To Scrimmage Tie

The Friona Chieftains and the Olton Mustangs played to a one-touchdown tie in their controlled scrimmage last Friday at Olton.

Hampering Friona in the scrimmage was the absence of runningback Alfredo Mata, who was excused for personal reasons.

Also, quarterback Ricky Barnett hurt his shoulder on about the

third play of the outing, and he was not able to throw the ball.

"With Mata being gone, we had planned to really work on our passing, but this changed things," said Coach Tommy Moss.

Mata's backup had been Charles Walker, who was moved from the city on Friday with his family.

Brad Moyer was the last-minute

substitute for Mata, and coaches worked with him on the way to Olton to teach him the plays.

The "cram session" must have worked, since Moyer scored Friona's only touchdown. "Brad did an excellent job, all things considered. He was our outstanding offensive player in the backfield," Moss said.

The Chieftain mentor singled out Matt Osborn as the top lineman on offense. Defensively, Osborn and John Aguirre turned in good performances, Moss said.

Barnett suffered a slight shoulder separation. He has been able to make his handoffs all right, but his passing is expected to still be affected.

Friona's junior varsity scored a two-touchdown win in the scrimmage. Peter Malouf scored both touchdowns. The team intercepted three Olton passes, two by Lonnie Phillips and one by Bart Bronniman.

The team played great on defense. They held Olton to minus ten yards for the night, and allowed only one pass completion, the play covering 50 yards, for a net of 40 yards for the outing.

JV Chiefs Top R. Road, 46-6

The Friona Junior Varsity Chieftains romped to a 46-6 win over the River Road JV in their season opener here Thursday night.

Peter Malouf scored three touchdowns and ran a pair of conversions. Lonnie Phillips scored one touchdown and a pair of PAT runs in the lop-sided win.

Malouf scored first on a three-yard run for a 6-0 Friona lead. Jimmy Williams ran 30 yards, and Lonnie Phillips added the PAT running for a 14-0 lead, still in the first quarter.

River Road's only score came on the kickoff return following Friona's second score.

In the second quarter, Malouf ran four yards, Phillips adding the points. Then they swapped, with Phillips running 15 yards for the TD, and Malouf running the points, for a 30-6 score. That was the halftime score.

Malouf continued his onslaught by running five yards in the third quarter, and added the points after for a 38-6 score.

In the final quarter, Friona got a safety when the Wildcats fumbled the ball out of the end zone, and Darin Nash capped the scoring by running a yard for a 46-6 final score.

The JV Chiefs racked up 291 yards rushing. Here are the attempts and totals: Malouf,

16/95; Phillips 16/70; Williams 9/95; Nash 6/37; Michael Elam 1/2 and Ray Arias 1/8. Totals: 49/291.

Quarterback Shy Burney completed one of two passes for 29 yards.

River Road was held to 66 yards rushing in 37 attempts. They failed to complete a pass in seven tries. Friona picked off two passes, one each by Phillips and John Arias.

Your land is a productive commodity. And when you add to its value you add to its productivity.

A few of the many farm and ranch improvements that can be made with a Land Bank loan include:

- *Sprinkler Systems,
- *New Barn Construction, and
- *Drying/Storage Facilities

Let your agriculture credit specialists at the Federal Land Bank Association of Muleshoe show you how.

Gowens Undergoes Surgery

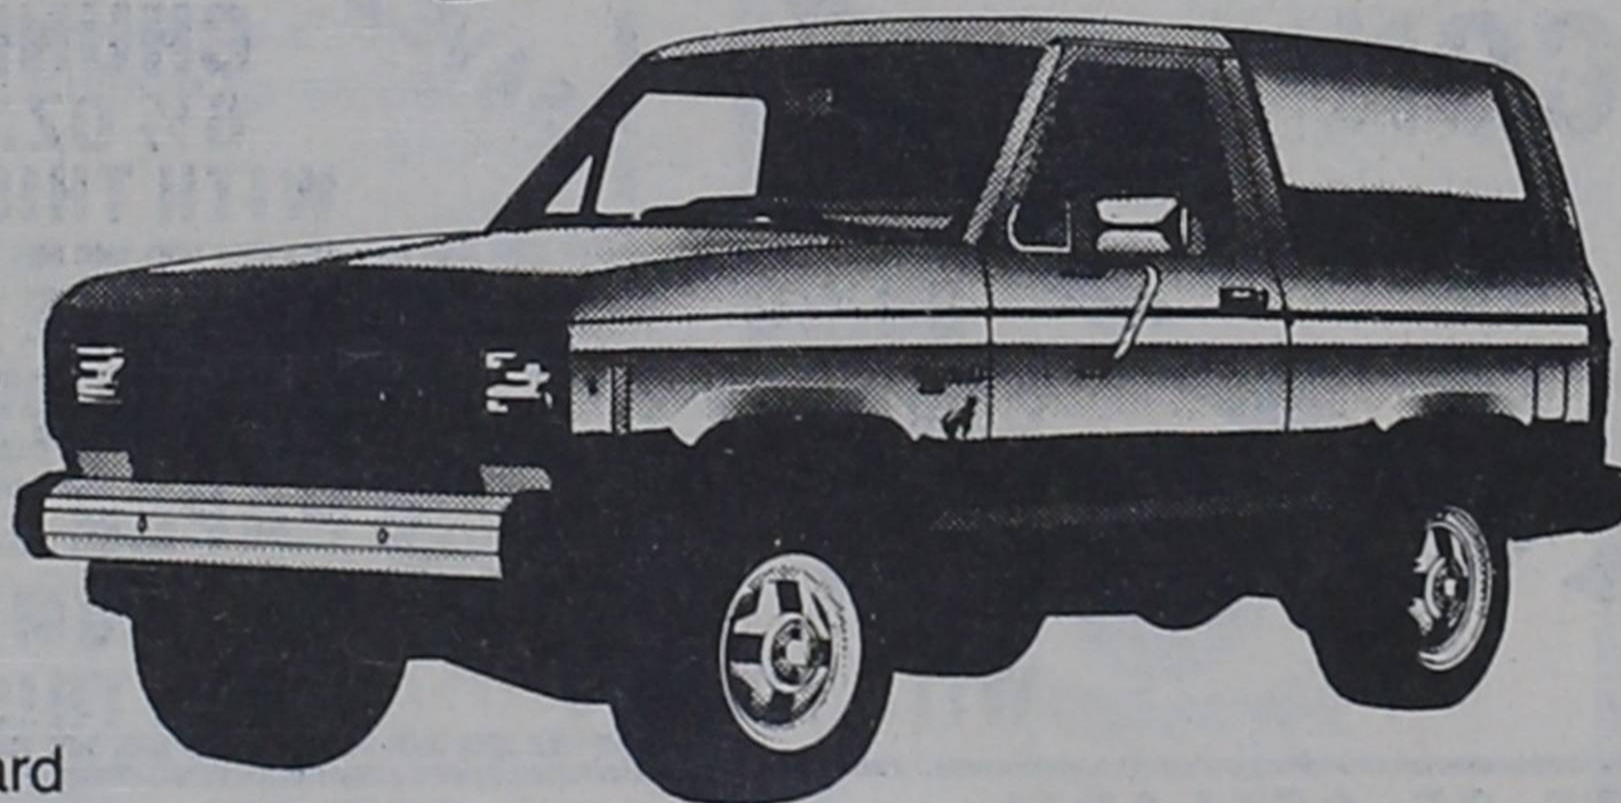

Friona Chieftain Daniel Gowens, who would have been in the starting lineup in the season opener, underwent orthoscopic surgery on Thursday to correct a knee problem. Gowens had injured his knee during the first week of practice.

Coach Tommy Moss said that the special surgery would allow Gowens to rejoin the team after about ten days.

DON'T KISS \$8,938 GOODBYE

That's how much you could lose just on resale value if you don't buy a John Deere

Looking for a big discount when you buy a tractor? Don't get stuck with an even bigger discount when you want to sell it.

Always consider resale value when you price a field tractor. Because the differences among brands may sometimes be bigger than ANY purchase incentive.

Compare John Deere with our two leading competitors. According to the Spring 1984 Official Guide of the National Farm and Power Equipment Dealers Association, the average 5-year-old John Deere 4440 sells for 106 percent of its 1979 list price. One leading competitor averages 87 percent of its 1979 list price. The other averages 73 percent.

What's that mean in dollars? Add the John Deere gain on original price to the competitor's loss. The John Deere advantage is as much as \$8,938!

Is this only true of one model? No. Every 40 Series 90- to 180-hp tractor has an average resale price that's higher than its new price five years ago.

Is resale your only John Deere advantage? No. Don't forget the remarkable fuel efficiency of today's 50 Series

John Deere tractors. And don't forget our unmatched reputation for high quality and high reliability. See your John Deere dealer. He'll be happy to explain the big difference between a low-price tractor and a low-cost John Deere: 100-hp 4050, 120-hp 4250, 140-hp 4450, 165-hp 4650 or 190-hp 4850.

NOTE: Average resale prices taken from Spring 1984 Official Guide of The National Farm and Power Equipment Dealers Association. Percentages calculated from best currently available information on 1979 list prices.

City's Tax Check Up By 54 Pct.

The City of Friona received its monthly sales tax check this week, and it represented a nice gain from the same month a year earlier.

The September check, which represents taxes collected on sales made in July and reported to Comptroller Bob Bullock by August 20, was for \$7,025.93. This was up from the total of \$4,550.26 a year ago, a 54.4 per cent increase.

For the year, Friona has now received \$75,651.44 in sales taxes. This is up by \$7,049 from the same time frame in 1983, or 10.28 per cent.

Parmer County's three municipalities received checks totalling \$10,964.22 this month, up from the total of \$7,353.92 in 1983.

For the year, the cities (Friona-Bovina-Farwell) have received \$112,168.13, which is an increase of \$9,235, or 8.97 per cent, over the same time in 1983.

Bullock sent checks totaling \$52.4 million in local sales tax payments to the 990 cities that levy the one per cent city sales tax.

"I don't know of a city official in Texas who doesn't lick his lips this time of the month," Bullock said.

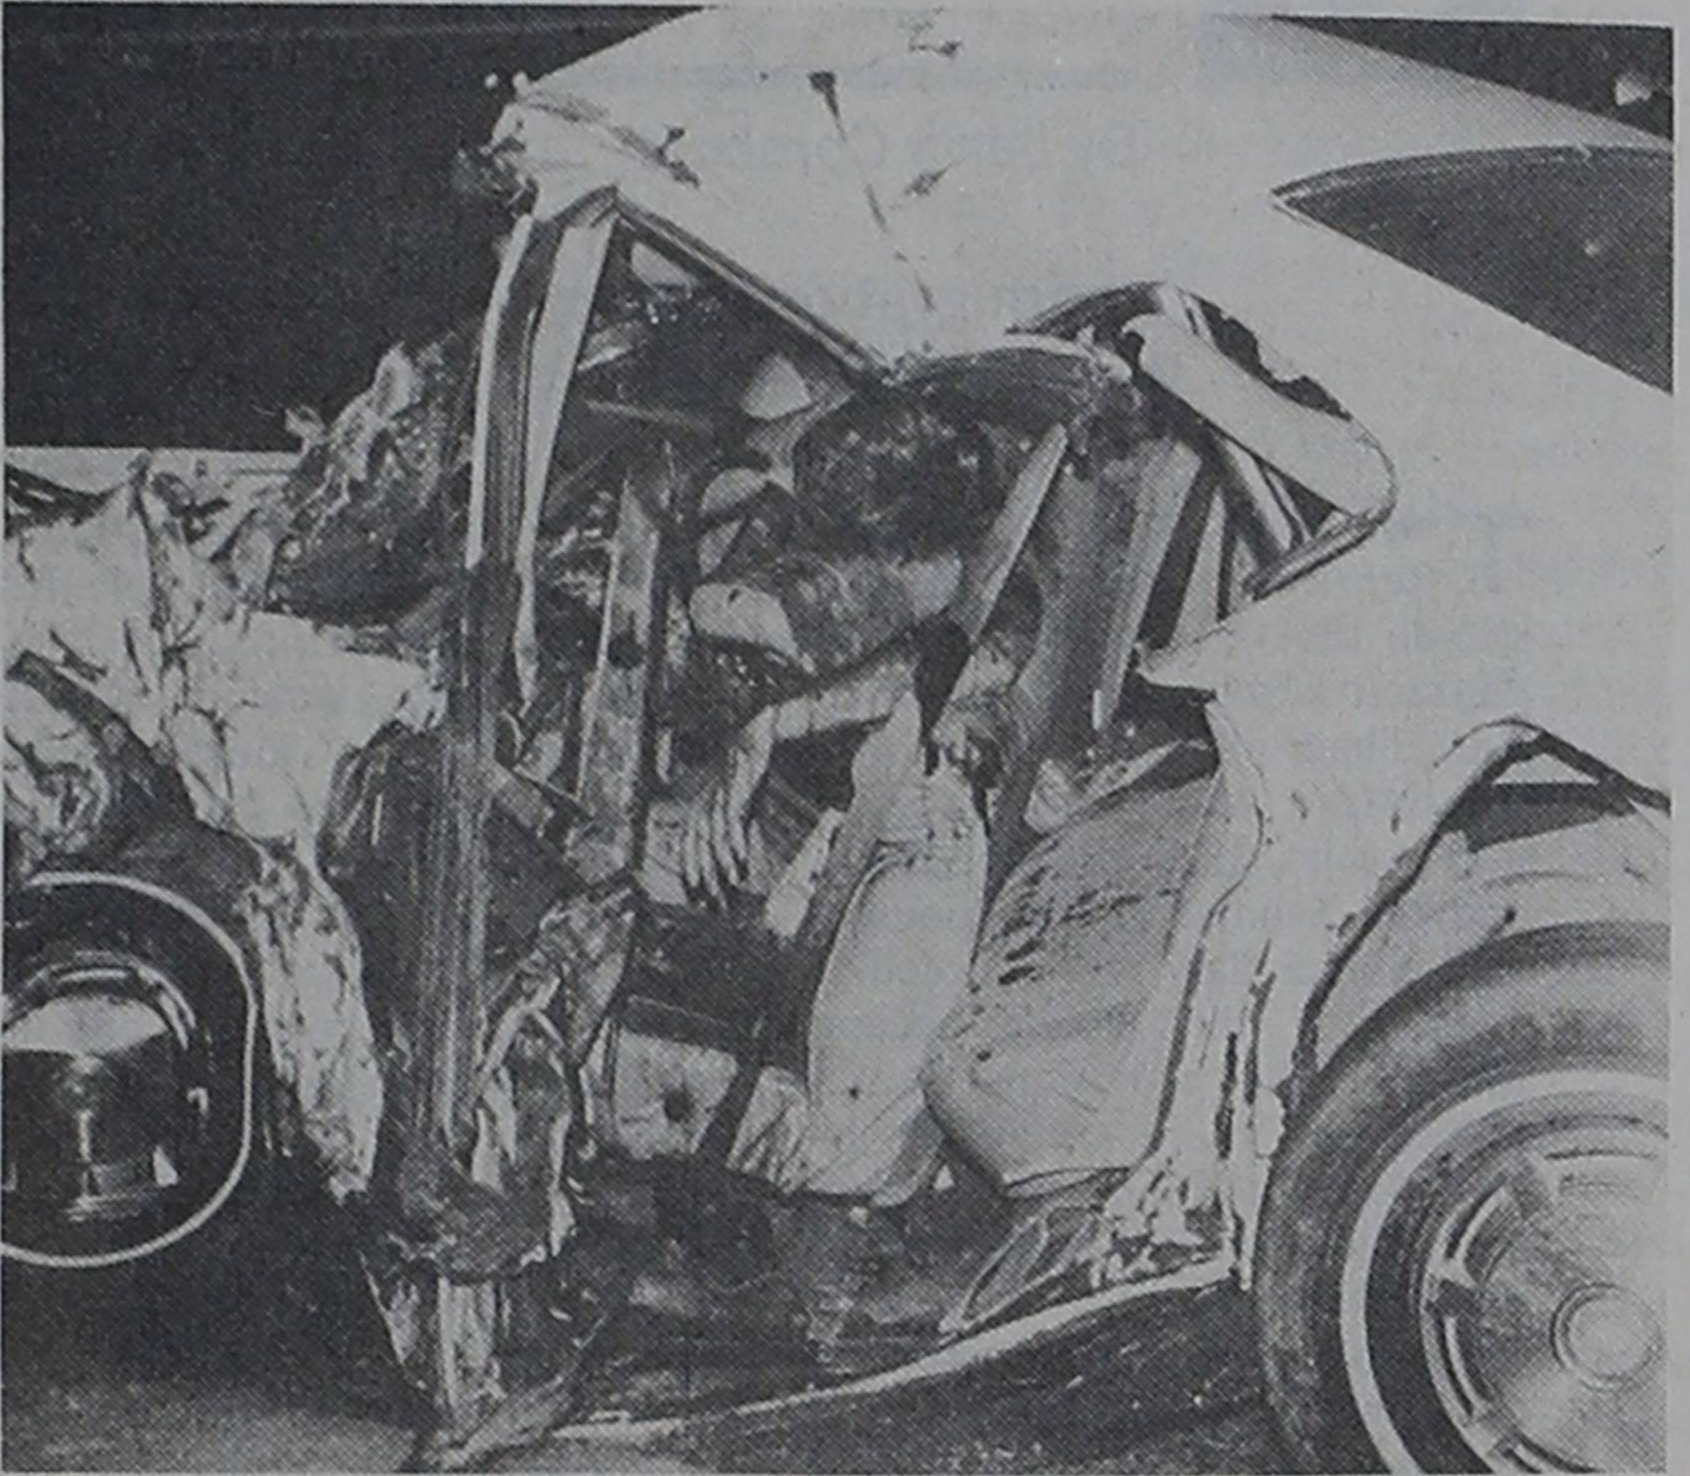

Other cities also experienced nice increases in their checks. Fort Worth's check for \$2 million is 66 per cent more than the September, 1983 payment. Austin's \$2.6 million check is 64 per cent more than the city received last September.

As usual, Houston received the largest check, \$8.6 million, upping the city's yearly total to \$107 million.

DRILL "VICTIMS"....Two youngsters who were willing participants in Thursday's mock accident are being helped from the ambulance at Parmer County Community Hospital. From the left are nurse Lois Whitaker, Ruben Taylor, Robin Houlette, Karla Wright and Mike Martin.

NO FATALITIES....It looks real enough, especially with Brent Hinkle posed in the driver's position of the wrecked vehicle. However, this was just part of Friona's "mock disaster" on Thursday, which supposedly involved a school bus and two vehicles, at the intersection of 10th and Etta. Many residents, and members of the emergency crews thought it was the real thing.

Bald Eagle Population Is "Holding Steady"

The endangered bald eagle population is "holding steady" after years of decline, according to the results of the National Wildlife Federation's 1984 Bald Eagle Survey.

The year's survey, taken from January 2-16, counted 11,819 bald eagles in 42 of the continental states. Last year's count for the same states was 10,903.

"The bald eagle isn't home free yet," said Jay D. Hair, NWF Executive Vice President. Hair said the eagle needs years to recover from the drastic decline it suffered in the 1960s, primarily from DDT and dwindling habitat. "Slowly, but surely," he said, "the bald eagle is making a comeback, and this year's survey demonstrates encouraging progress."

The bald eagle is officially endangered in 43 states and threatened in five others. The bird

is plentiful only in Alaska, and none live in Hawaii.

Considered to be the most complete midwinter bald eagle count available, the National Wildlife Federation survey provides eagle experts with data on where the birds live during the winter and the habitat they need to survive. The survey is conducted over a specified two-week period in January each year, and states participate on a voluntary basis.

In 1979, the Federation's first survey counted 9,815 bald eagles in 48 states. In 1982, the last year a count was taken in all 48 continental states, the survey reported 13,825 eagles.

Brian Millsap, biologist in the NWF Raptor Information Center and survey coordinator, said that this year's severe winter in the eastern half of the United States concentrated wintering bald eagles and made them easier to count.

"Eagles tend to congregate near open water," Millsap said. "This accounts for the high concentrations of eagles near the Mississippi River and in the warmer, southern states."

According to this year's survey, the largest bald eagle population was in Washington state, with 1,525 birds; the next largest was in Missouri with 975, followed by Utah (901), Oklahoma (794) and Arkansas (639). Complete surveys were not done in California, Florida, Maine, Michigan, Oregon, or Rhode Island.

The survey was conducted by 2,800 state and federal conservation agency personnel and private volunteers.

The NWF, whose logo features a bald eagle in flight, has long been associated with eagle protection. It offers \$500 for information leading to the conviction of anyone who illegally kills a bald eagle.

TDA Gives Changes For Exams

The Texas Department of Agriculture's Amarillo office is changing the testing procedures for the Certified Applicators Exams (Commercial and Non-Commercial), starting September 13.

The test will be given on the second Thursday of each month as in the past, but by appointment only. Two testing times will be held each testing day: one at 9 a.m. and the second at 1 p.m. Our testing room is limited to ten individuals each time.

Individuals who need to test for a license must call the TDA office in Amarillo at (806) 358-7285 and make an appointment in advance of the testing day and specify which time they wish to test. After the tests are completed and graded, the test grades will be mailed to each individual within seven days.

SEPTEMBER 1

Club Plans Junior Rodeo

The Friona Riding Club held their monthly meeting Saturday evening, September 1 at the Club House.

Plans were made for the Junior Rodeo to be held at the Club Arena on Saturday, September 8 at 1 p.m.

The Junior Rodeo will be open to any youngster with four age groups--7 and under; 8-11; 12-14; and 15-18.

The seven and under group will consist of boys and girls. They will compete in the poles, barrels and flag races.

The 8-11 group will consist of boys and girls and they will participate in poles, barrels, rings and flag races.

In the 12-14 age group, the boys and girls will compete in different events. The girls will compete in rings, barrels, poles and goat tying races. The boys will have break-away roping, ribbon roping, ring races and goat tying.

The 15-18 age group will also see boys and girls in different events. The girls will have barrels, poles, break-away roping and goat tying. The boys will participate in ribbon roping, tie down roping, goat tying and ring race.

The entry fee for the seven and under and 8-11 age groups will be \$5.00. The 12-14 age group entry fee will be \$7.50, while the 15-18 age group entry fee will be \$10.00.

There will be a 60 per cent payback in the events. A Notary will be present for signing of releases for participants.

The club is hoping for a lot of interest and hope that entries will come from a wide area.

Also discussed at the meeting was the Maize Days Team Roping to be held on Saturday, September 22. This is an annual event for the club.

Those present at the meeting were Roy and Carolyn Trimmell, Honel and Judy Cross, Jim Atwell, Cordella, Michael and Justin Jeter, Alan and Nita Clark and Wade and Amelia Wright.

A special "Thank You" goes to Hi-Pro Feeds and D.L.'s Thriftway for their donations toward the buckles given to the winners in the summer Playnights.

Sue Procter Is Honored

Sue Procter of Friona, an independent Certified Color Consultant for BeautiControl Cosmetics, was honored as one of the top consultants in the country at the company's annual National Convention held at the Registry Hotel in Dallas, August 8-11.

Highlighting the event was an awards banquet that was held Saturday evening. Ms. Procter received a beautiful gold watch for her successful sales and business development efforts.

This year's convention, entitled "Celebration," featured Jinger Heath, chairman of the company, as the keynote speaker. Roger Staubach greeted the assembly and commended the company on its extraordinary accomplishments. The convention focused on successful business techniques, training and product development. Workshops were conducted on nutrition, coping with stress and goal setting.

Ms. Procter offers her clients a program that includes FREE color analysis and a FREE facial and cosmetic make-over using BeautiControl's highly acclaimed skin care and color-coded makeup. BeautiControl was the first major cosmetics company to offer FREE color analysis and color-coded makeup through independent Consultants nationwide.

COMBEST COMMENTS

By Larry Combest

Immigration Reform—In the Wake of Simpson-Mazzoli

This week in Washington, Representatives will meet to decide the fate of the Simpson-Mazzoli Immigration Reform Bill. Their job is to find a way to draft a compromise version acceptable to both the House and the Senate. At this point it is doubtful they will succeed.

Even if the Senate accepts most of the provisions of the House bill, there are many, including Kent Hance, who believe the House would not pass its own version again if it came up for another vote. It passed by only five votes last June.

The problem is that the House version of Simpson-Mazzoli would be unfair and too expensive to implement. At the root of the problem is a House leader lacking in political courage and leadership. At one point House Speaker Tip O'Neill said illegal immigration was a "regional problem" and he wished the bill would just disappear. There are those who feel the same way about Tip.

The House version would grant amnesty to illegal aliens who came into this country before 1982. This is not only unfair to those who have waited for years to enter legally, it would also cost over a billion dollars a year in services for the next four years.

The House version also fails to provide a good solution for proper identification which is necessary for a workable program. Senator Alan Simpson of Wyoming has a collection of forged identification cards that proves this point. One illegal alien obtained a forged driver's license and social security card, enrolled in college and got tuition aid, food stamps, Medicare, Medicaid and unemployment benefits.

Many people oppose a national identification card for workers, but we already have one. All that is really needed is a counterfeit-proof social security card.

The House version has many sections that I object to, but there is one provision I support. I agree with the need to provide a program for guest workers for agriculture. This is necessary to keep from causing hardship on our struggling agricultural economy.

Our immigration problem continues while Congress debates the solution. Professor Donald Huddle of Rice University estimates that for every 100 illegal aliens employed, 65 Americans are left unemployed. And, in 1982 alone Texas' taxpayers paid \$85 million to educate the children of illegal aliens.

Loss of jobs and the costs of social services are the most obvious burdens of illegal immigration, but there is a more fundamental issue. A sovereign nation must have firm, controlled borders. We cannot continue to live at the mercy of social and economic conditions outside the control of the United States.

Larry Combest is a fourth generation West Texan. He has worked as a farmer, teacher, for the A.S.C.S. and for Senator John Tower in Washington. He is a candidate for House of Representatives, 19th District.

WTSU Will Salute Parents

Parents of West Texas State University students will meet professors, visit their children and participate in receptions and a Parent Olympics during the seventh annual Parents' Day on Saturday, September 22.

"Parents of the Year," nominated by their children, will be recognized during halftime ceremonies of the football game that evening.

The day begins with registration at 9:30 a.m. at the Virgil Henson Activities Center. A 10 a.m. reception in the ballroom will honor about 500 recipients of the Don and Sybil Harrington Honor Scholarships and their parents and all parents may attend a reception and meet professors at 10:30 a.m.

Parents of students in the WTSU marching band will meet at noon in the Student Union Building snack bar.

The Parents' Day luncheon features a buffet with chicken fried steak at 12:30 p.m. in the East Dining Hall. Tickets are \$4 for adults, half price for children eight and younger and free for WTSU students with meal cards.

The afternoon will feature a 1:30 p.m. style show with fashions by Jean's of Canyon modeled by members of the WTSU Panhellenic Council; 2 p.m. football preview with head coach Don Davis, Henson Activities Center; 2 p.m. to 4 p.m., residence

halls and church centers open house; 4 p.m., display of equestrian skills at Horse Center, located north of campus on the Canyon Expressway.

Parent Olympics, hosted by the WTSU Recreation Club, provides competition and fun in bowling, billiards, "42," basketball free shot, tennis, two-mile run or walk. Parents may register during the morning and may attend the awards dinner at 5:30 p.m.

Dr. Ed Roach, WTSU president, will present the "Parents of the Year" at the football game. The 7:30 p.m. game features the WTSU Buffaloes and McNeese State University at Frank Kimbrough Memorial Stadium. Recognition also will be given to parents who have traveled the longest distance and who have the most children enrolled at WTSU.

Nomination deadline for "Parents of the Year" is Tuesday, September 18. Forms may be obtained and returned to the information desk at the Henson Activities Center. A committee of WTSU students and faculty members will select the recipients.

Additional information about Parents' Day may be obtained by calling the Henson Activities Center. Frank Castleberry, director of the center, is chairperson of the Parents' Day committee.

Around The House In Parmer County

By LAURA WALLACE

Advertisements by margarine, cooking oil and shortening manufacturers often claim their product is better than a competitor's because of the type of fat--saturated versus polyunsaturated--it contains.

Since all of these food makers present rather convincing arguments why their product is better for you than the other, it's easy for consumers to become confused. But you can sort out the advertising claims with a few facts about fat.

Fats are complex structures with many different parts of elements linked together. These links are actually chemical bonds.

A saturated fat is one in which all of the links are filled.

Saturated fats are usually solid or hard at room temperature and are mostly found in animal fats and in a few plants. The fats in lard, beef, pork, lamb, butter fat, egg yolk and poultry skin are mainly the saturated type.

Palm and coconut oils are also highly saturated, although they come from plants. Coconut oil is more saturated than butter fat and is used in many "non-dairy products" such as coffee creamers, dessert fillings and toppings.

Chocolate also contains saturated fat from cocoa butter.

Polyunsaturated fats are those in which the links are not all filled, or saturated. These are liquid at room temperature and come from plant sources, such as corn, safflower, soybean, sunflower, cotton seed and sesame oils. Peanut and olive oil are more saturated than these, and are classified as monounsaturated fats.

Hydrogenated fats are vegetable shortenings and margarines which are solid at room temperature even though they originate from plants. The vegetable oil has undergone a process in which hydrogen was added to fill some of the chemical links. This hardening process causes the oil to become more saturated and increases the storage life of the products.

Is any one type of fat better than another for you? Food and nutrition specialists with Texas A&M's Agricultural Extension Service say that research gives conflicting answers to this question. High consumption of saturated fats tends to raise cholesterol levels which are associated with heart disease. High consumption of polyunsaturated fats lowers cholesterol, but has

been associated with increased incidence of cancer in laboratory animals. Over consumption of any type of fat is probably not good for you.

In the meantime, consumers should recognize that certain amounts of fat--saturated, or unsaturated or both--are necessary for good health and part of a balanced diet. So you might be better off to select fat products on the basis of preference, calorie level, or intended use of the fat rather than the advertising claims for a "healthful" product.

Free Trees Given By Foundation

The National Arbor Day Foundation is giving ten free trees to people who become Foundation members during September, 1984.

Colorado Blue Spruce, Red Maple, White Flowering Dogwood, Black Walnut, Norway Spruce, Red Oak, Washington Hawthorn, European Mountainash, Pin Oak, and Silver Maple trees will be given to members joining during September.

These trees are part of the Foundation's efforts to foster tree planting throughout America. They were selected because they provide a wide range of benefits: flowers, berries and nuts, as well as shade and beautiful foliage, according to John Rosenow, the Foundation's executive director. The trees are guaranteed to grow, or they will be replaced free of charge.

The National Arbor Day Foundation, a non-profit organization, is working to improve the quality of life throughout the country by encouraging tree planting. The six-to-twelve inch trees will be shipped postpaid at the right time for planting this fall between October 15 and December 10. Planting instructions will be enclosed. The Foundation will give the ten free trees to members contributing \$10 during September.

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to TEN TREES, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by September 30, 1984.

Old Photos Sought For Sesquicentennial

Conoco, Inc. and the Du Pont Company have provided a \$105,000 grant to support a project to produce a two-volume set of historic and contemporary photographs of Texas in time for the state's sesquicentennial celebration in 1986.

Photos are being collected during a four month search conducted by the Texas Historical Foundation. Submissions by the public are also welcome.

A copy of photos to be submitted (not the original) must be sent before September 15 to Richard Pearce-Moses, Texas Historical Foundation, P.O. Box 12243 Capital Station, Austin, 78711.

"We are interested in finding Texas photos made in the early and mid-1900's of ordinary people, their homes and their activities," Pearce-Moses said. "Of particular interest are photographs relating to climate, church activities, athletic events and people hunting wildlife."

Pearce-Moses, the foundation's photo historian, said that photos are important historical documents and many are lost every day through neglect and deterioration.

"This project will enable us to save many photographs that might otherwise have been lost," he noted.

The oldest Texas photo Pearce-Moses had found was a portrait of James Buckner "Buck" Barry, a former Texas Ranger, Indian fighter and free thinker. It was made in Corsicana in 1853, 14 years after the invention of

photography was announced in Paris.

FAHS Aids Local Animals

Every year, thousands of animals are picked up by local animal control authorities.

Some are returned to their owners or placed in new homes. Others are found, already dead, struck and killed by passing vehicles, starved or frozen to death after being deliberately abandoned by their owners. Still others are needlessly put to death.

"Friona's Animal Humane Society (FAHS) wishes to put an

end to these heartbreaking statistics by working within our own community—but we need your help," says Susan Weiland, president.

"By giving your time to help us with fund raising activities, housing adoptable animals, educating the public of their 'humane' responsibilities, and, most of all, supporting and promoting our organization, you will allow us to grow successfully," Mrs. Weiland said.

"We are in the building stages with approximately eight active members. Together we work toward putting an end to animal abuse by asking you to contact the FAHS to report any act of cruelty.

"We try to educate the community on the importance of spaying/neutering their pets (Spay/Neuter Program) as well as yearly vaccinations by a certified veterinarian. We will help find and place pets that are lost or have been abandoned or need new homes for various reasons.

"With your help, we can do away with the unnecessary destruction of man's best friend. For more information, call 247-3793," she concluded.

PET LOVER....Susan Weiland is president of the Friona Animal Humane Society. She is shown with Sierra, her three-year-old chow cross. Mrs. Weiland encourages residents to help combat abuse to animals.

West Plains Fair Set In Muleshoe

The annual Bailey County West Plains Fair will be held September 6-7-8, at the Bailey County Civic Center and Coliseum on Highway 84. The annual event is sponsored by the Extension Advisory Committee, Muleshoe Rotary Club and the Bailey County Commissioners Court.

Entries will be accepted from people who reside in Bailey, Farmer, Lamb and Cochran counties. The same type of schedule will be followed for the fair this year as in the past. Entries will be checked into the fair on September 6, between the hours of 9 a.m. and 9 p.m.

Judging of exhibits is scheduled for Friday morning, September 7. The Fair will be open to the public for viewing of the exhibits and commercial booths on Friday afternoon and Saturday afternoon and evening.

Anyone interested in obtaining a fair catalog to have a copy of the rules and classes that are offered, may contact the Bailey County

Extension office at 806-272-4583. Entry classifications will be agriculture, horticulture, textiles, arts and crafts, culinary, canning, food preservations and fine arts. People wishing to exhibit other items not classified above may contact the Extension office for the proper division.

A highlight each year of the Fair are the booths and exhibit displays put up by the Muleshoe merchants, and area agricultural related businesses. Anyone interested in putting up an educational exhibit should contact Doran Reynolds at 272-4236 for more details, or contact a member of the Muleshoe Rotary Club.

"The area businessman who has not participated in the past is missing a real good opportunity to have 1,000 to 1,500 people see some type of exhibit from your store or agricultural business. We hope you will consider participating," says Spencer Tanksley, Bailey County Extension Agent for agriculture.

Bryant Appointed General Manager

James T. Hull, president of Golden Spread Electric Cooperative, Inc., has announced the appointment of Robert W. Bryant as general manager of the cooperative.

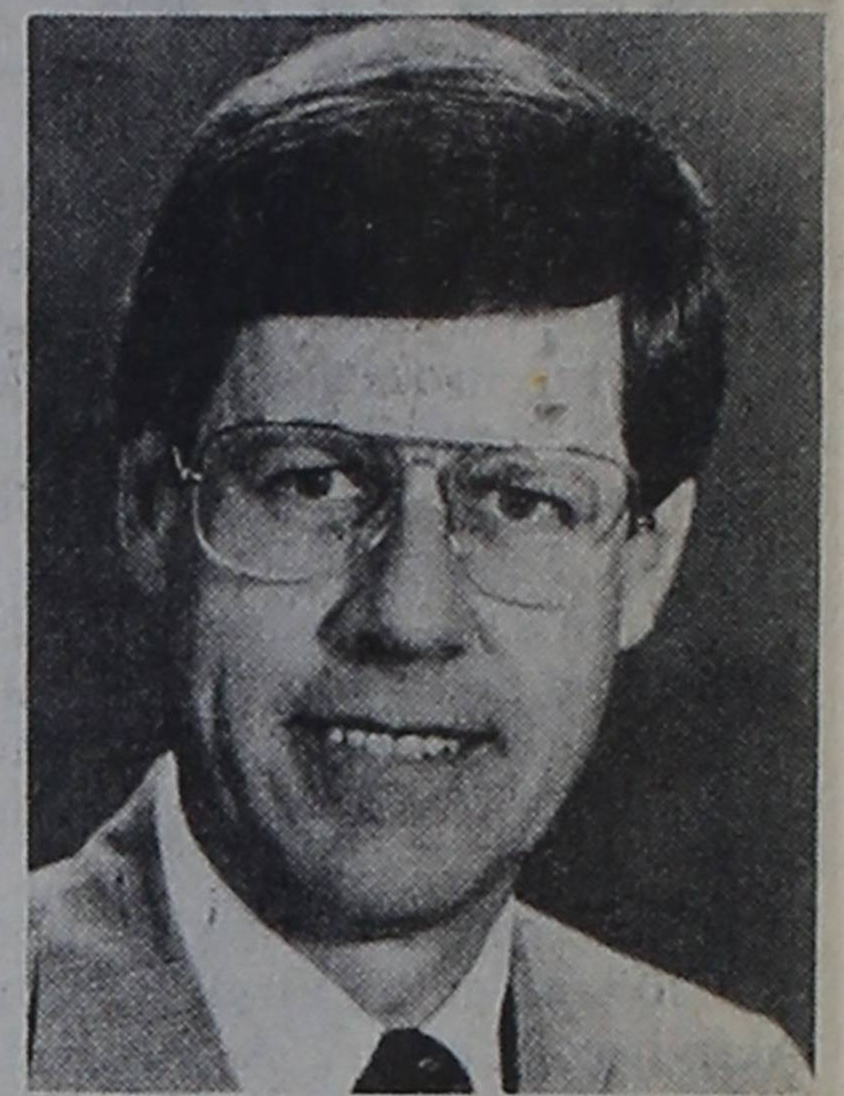

As general manager, Bryant is responsible for long-range planning, and for developing sources of power supply and transmission for the cooperative's 11 retail electric distribution systems. The distribution cooperatives, which serve more than 90,000 retail customers in the panhandles of Texas and Oklahoma are: Bailey County Electric Cooperative, Muleshoe; Deaf Smith Electric Cooperative, Hereford; Greenbelt Electric Cooperative, Wellington; Lamb County Electric Cooperative, Littlefield; Lighthouse Electric Cooperative, Floydada; Midwest Electric Cooperative, Roby; North Plains Electric Cooperative, Perryton; Rita Blanca Electric Cooperative, Dalhart; South Plains Electric Cooperative, Lubbock; Swisher Electric Cooperative, Tulia; and Tri-County Electric Cooperative, Hooker, Oklahoma.

"I am pleased to be associated with these organizations and the individual directors and managers who operate them," Bryant said.

"I have been involved with the rural electric program for 16 years, and I believe that the rural electric cooperative is a most economic and practical method of providing rural America with reliable, low-cost electric service," Bryant added.

Bryant has served as vice president of system planning and resource control for Colorado-Ute Electric Association, Inc., of Montrose, Colorado. Colorado-Ute supplies electricity to 14 electric distribution cooperatives serving 175,000 customers in Colorado.

Bryant joined Colorado-Ute in 1968 and has held a variety of managerial positions with the Association, including those of vice president, operations and president, generation construction

ROBERT W. BRYANT

and operation. Prior to joining Colorado-Ute, Bryant was employed by Consumers (Nebraska) Public Power District.

Bryant received a bachelor of science degree in mechanical engineering from the University of Nebraska in 1965. He has served as a director and vice president of the National Ash Association in Washington, D.C., and as a member of the National Rural Electric Cooperative Association's Power and Water Resources Standing Committee.

Bryant and his wife, Patty, reside in Amarillo.

A STEP AHEAD IN BOLL WORM CONTROL

PAY-OFF YIELD DATA

TREATMENT	1980	1981	1982	1983
Control	10.2	10.5	10.8	11.1
PAY-OFF	10.8	11.2	11.5	11.8

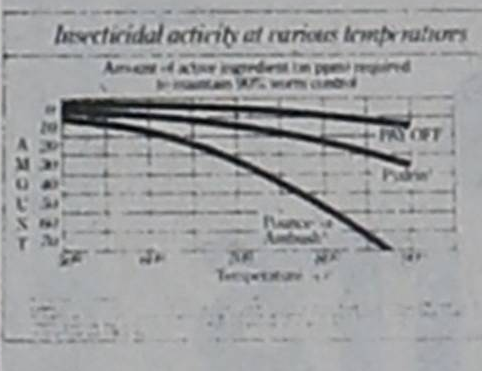

Consistently higher yields

In four years of side-by-side field tests comparing PAY-OFF with other pyrethroids, cotton treated with PAY-OFF consistently yielded more per acre than cotton treated with other pyrethroids. Yield increases ranged from 2% to 5% more lint per acre, based on tests conducted during 1980, 1981, 1982, and 1983 in fields located throughout the Cotton Belt.

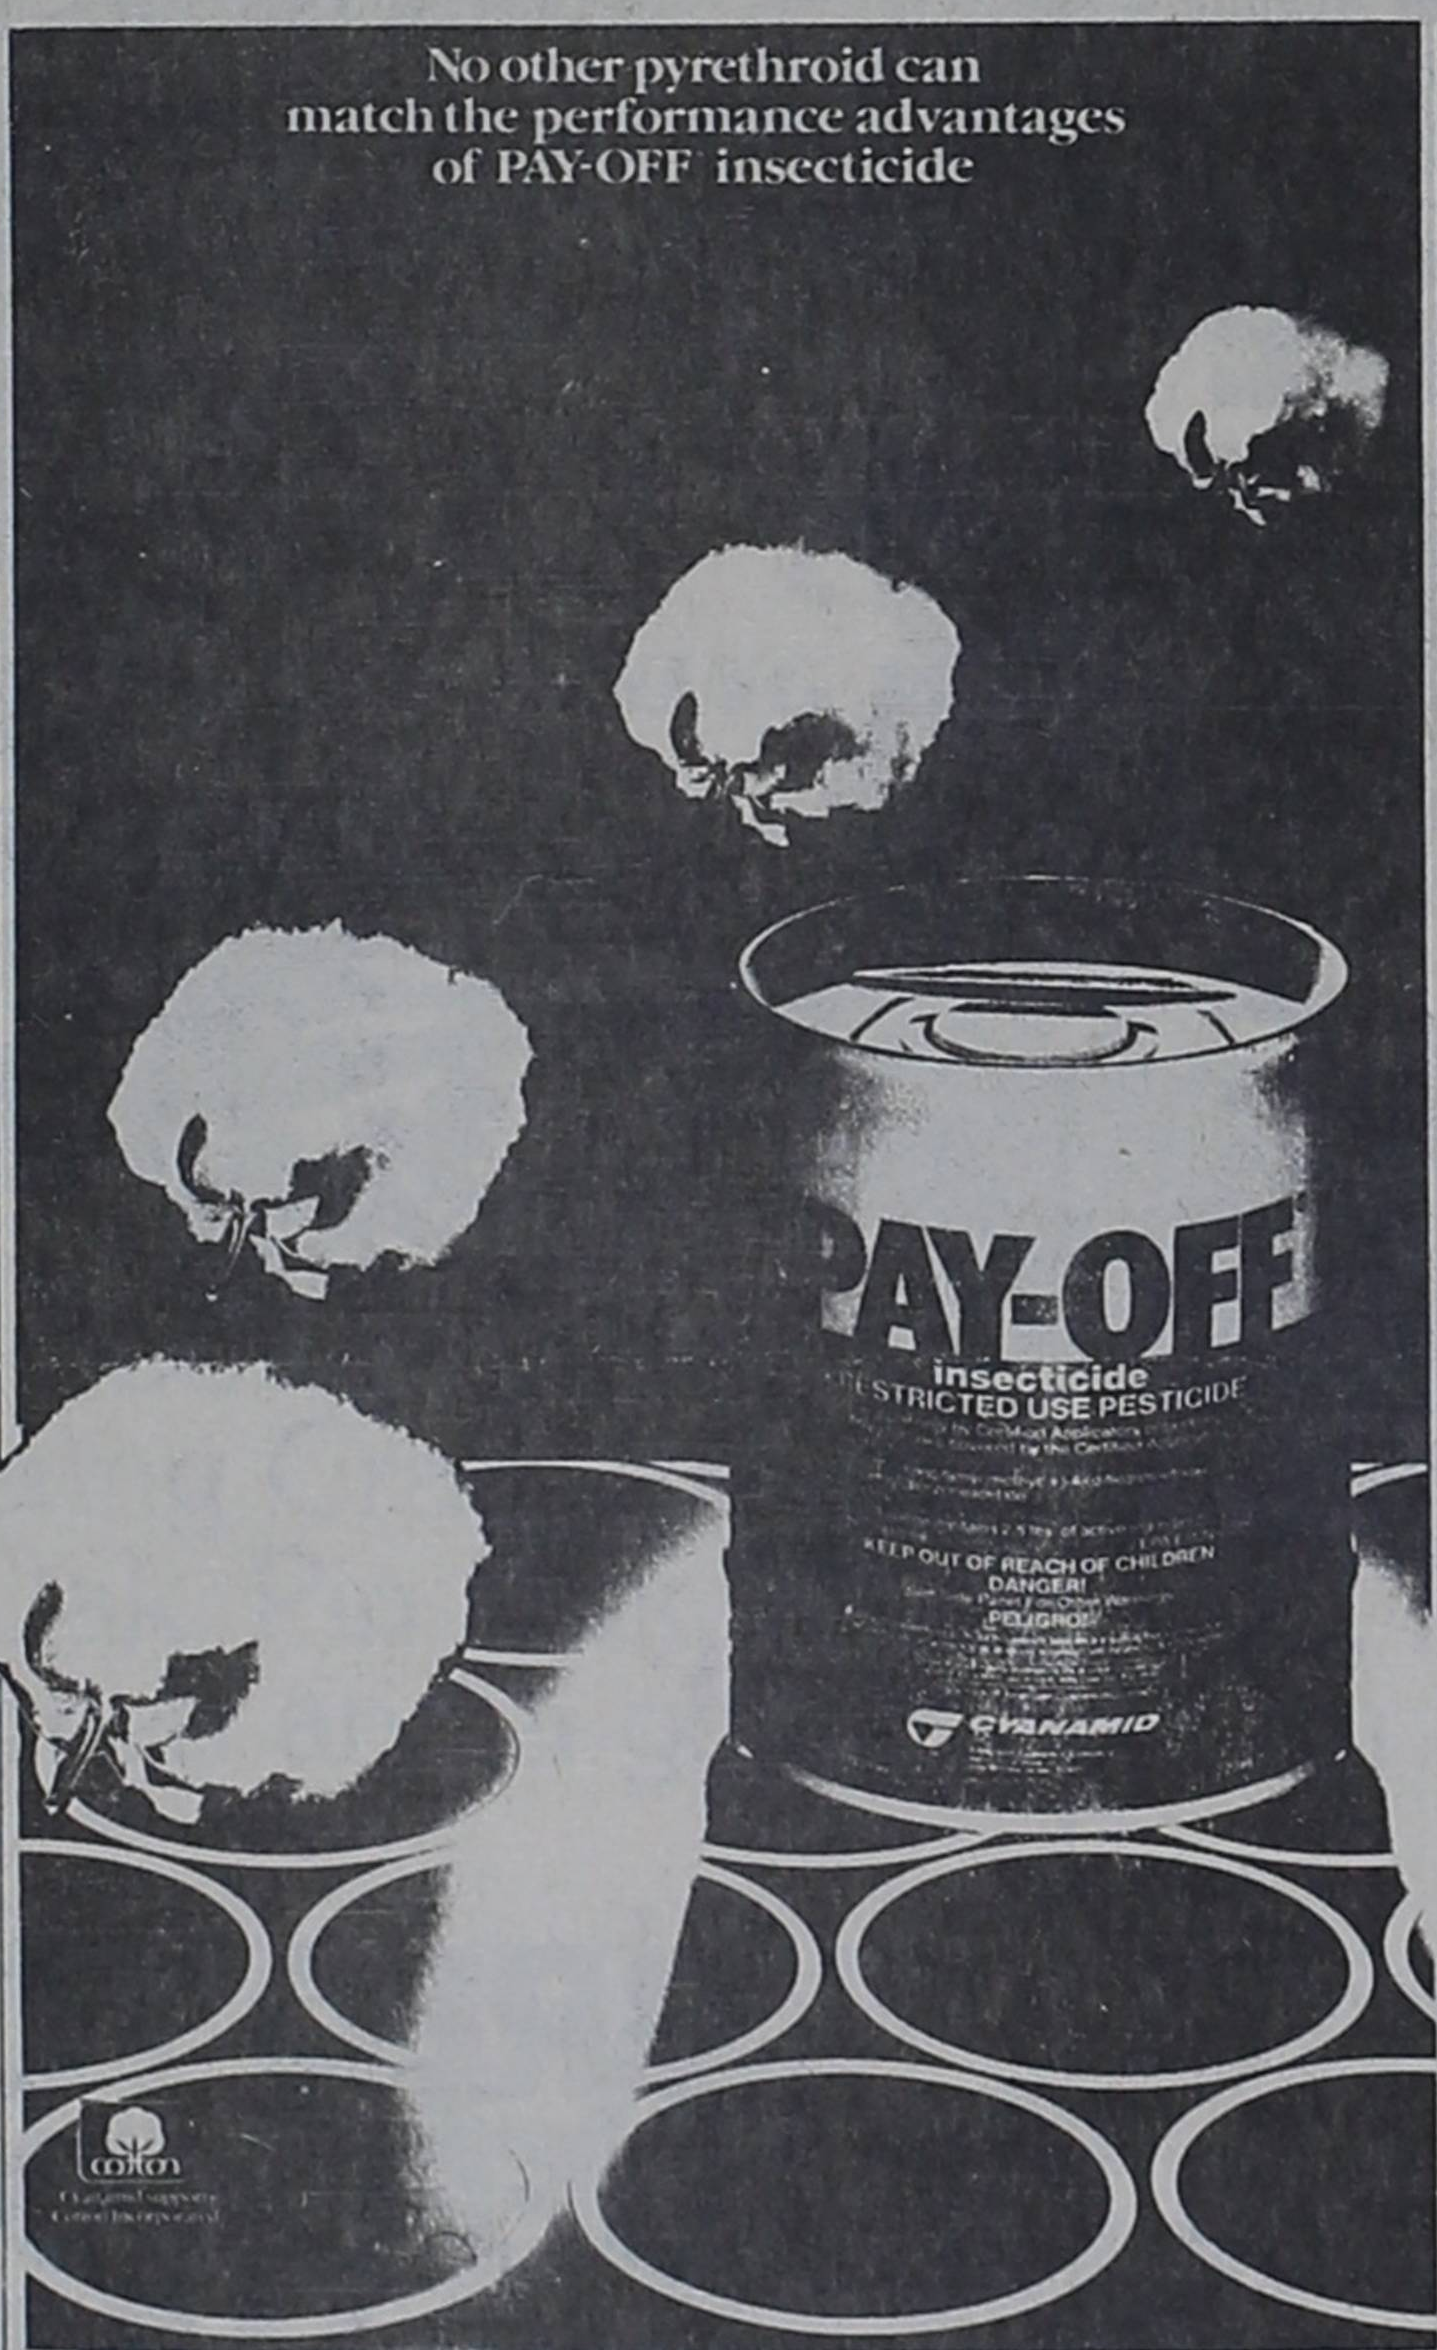

Effective at high temperatures

High temperatures can reduce the effectiveness of pyrethroids, an important consideration in cotton-producing areas where heat, but summer days are the rule rather than the exception. In general, the higher the temperature, the more active ingredients required for worm control. This makes PAY-OFF the product of choice for cotton. Laboratory testing shows PAY-OFF retains its insecticidal activity at high temperatures far better than other pyrethroids. The net benefit when temperatures are significantly higher is a significant increase in yield.

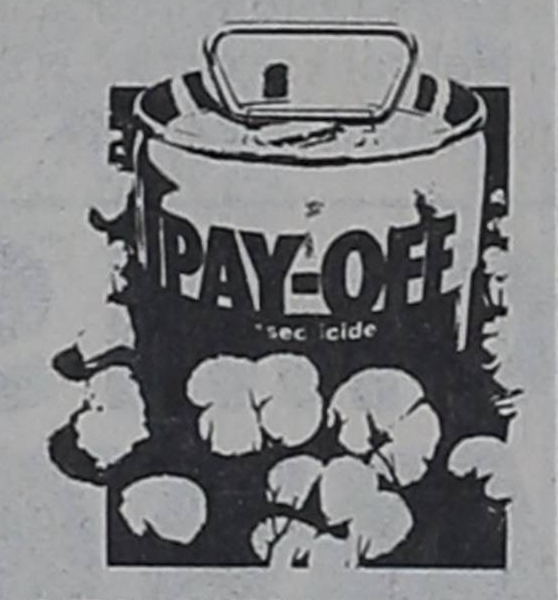

Single formulation for water or ULV oil application

With PAY-OFF there is no need to bother with multiple formulations. It's been specifically formulated for use in water, or in ULV application, in one of the most convenient and economical ways. Applied either way, PAY-OFF lasts longer than other pyrethroids, and with PAY-OFF there is no limit to the number of applications you may make in a single season.

No other pyrethroid can match the performance advantages of PAY-OFF insecticide.

RATE INFORMATION

Application	Rate (lb. active ingredient per acre)
Water	0.005 to 0.010
ULV	0.005 to 0.010

Least harmful to beneficials

Effective against boll worm complex

PAY-OFF

the proven second generation pyrethroid...

Your best boll worm control insecticide for your 1984 cotton crop.

S. Woodard Attends '84 Girls State

By SHANNEL WOODARD

Election year 84-Girls State 84... What a privilege! Experiencing Girls State in election year made the participation even more beneficial. Learning by doing, not just being told, made me understand our government.

My trip began on June 12. We caught the plane in Amarillo, to Dallas and finally, San Antonio.

From San Antonio, we rode a bus to Seguin to meet 580 girls, the largest Girls State has ever been.

As soon as we arrived at Texas Lutheran College, we were assigned to a city, a party, and either the House of Representatives or the Senate. I was assigned to City L, the Lincoln Logs; Federalist Party and the House of Representatives.

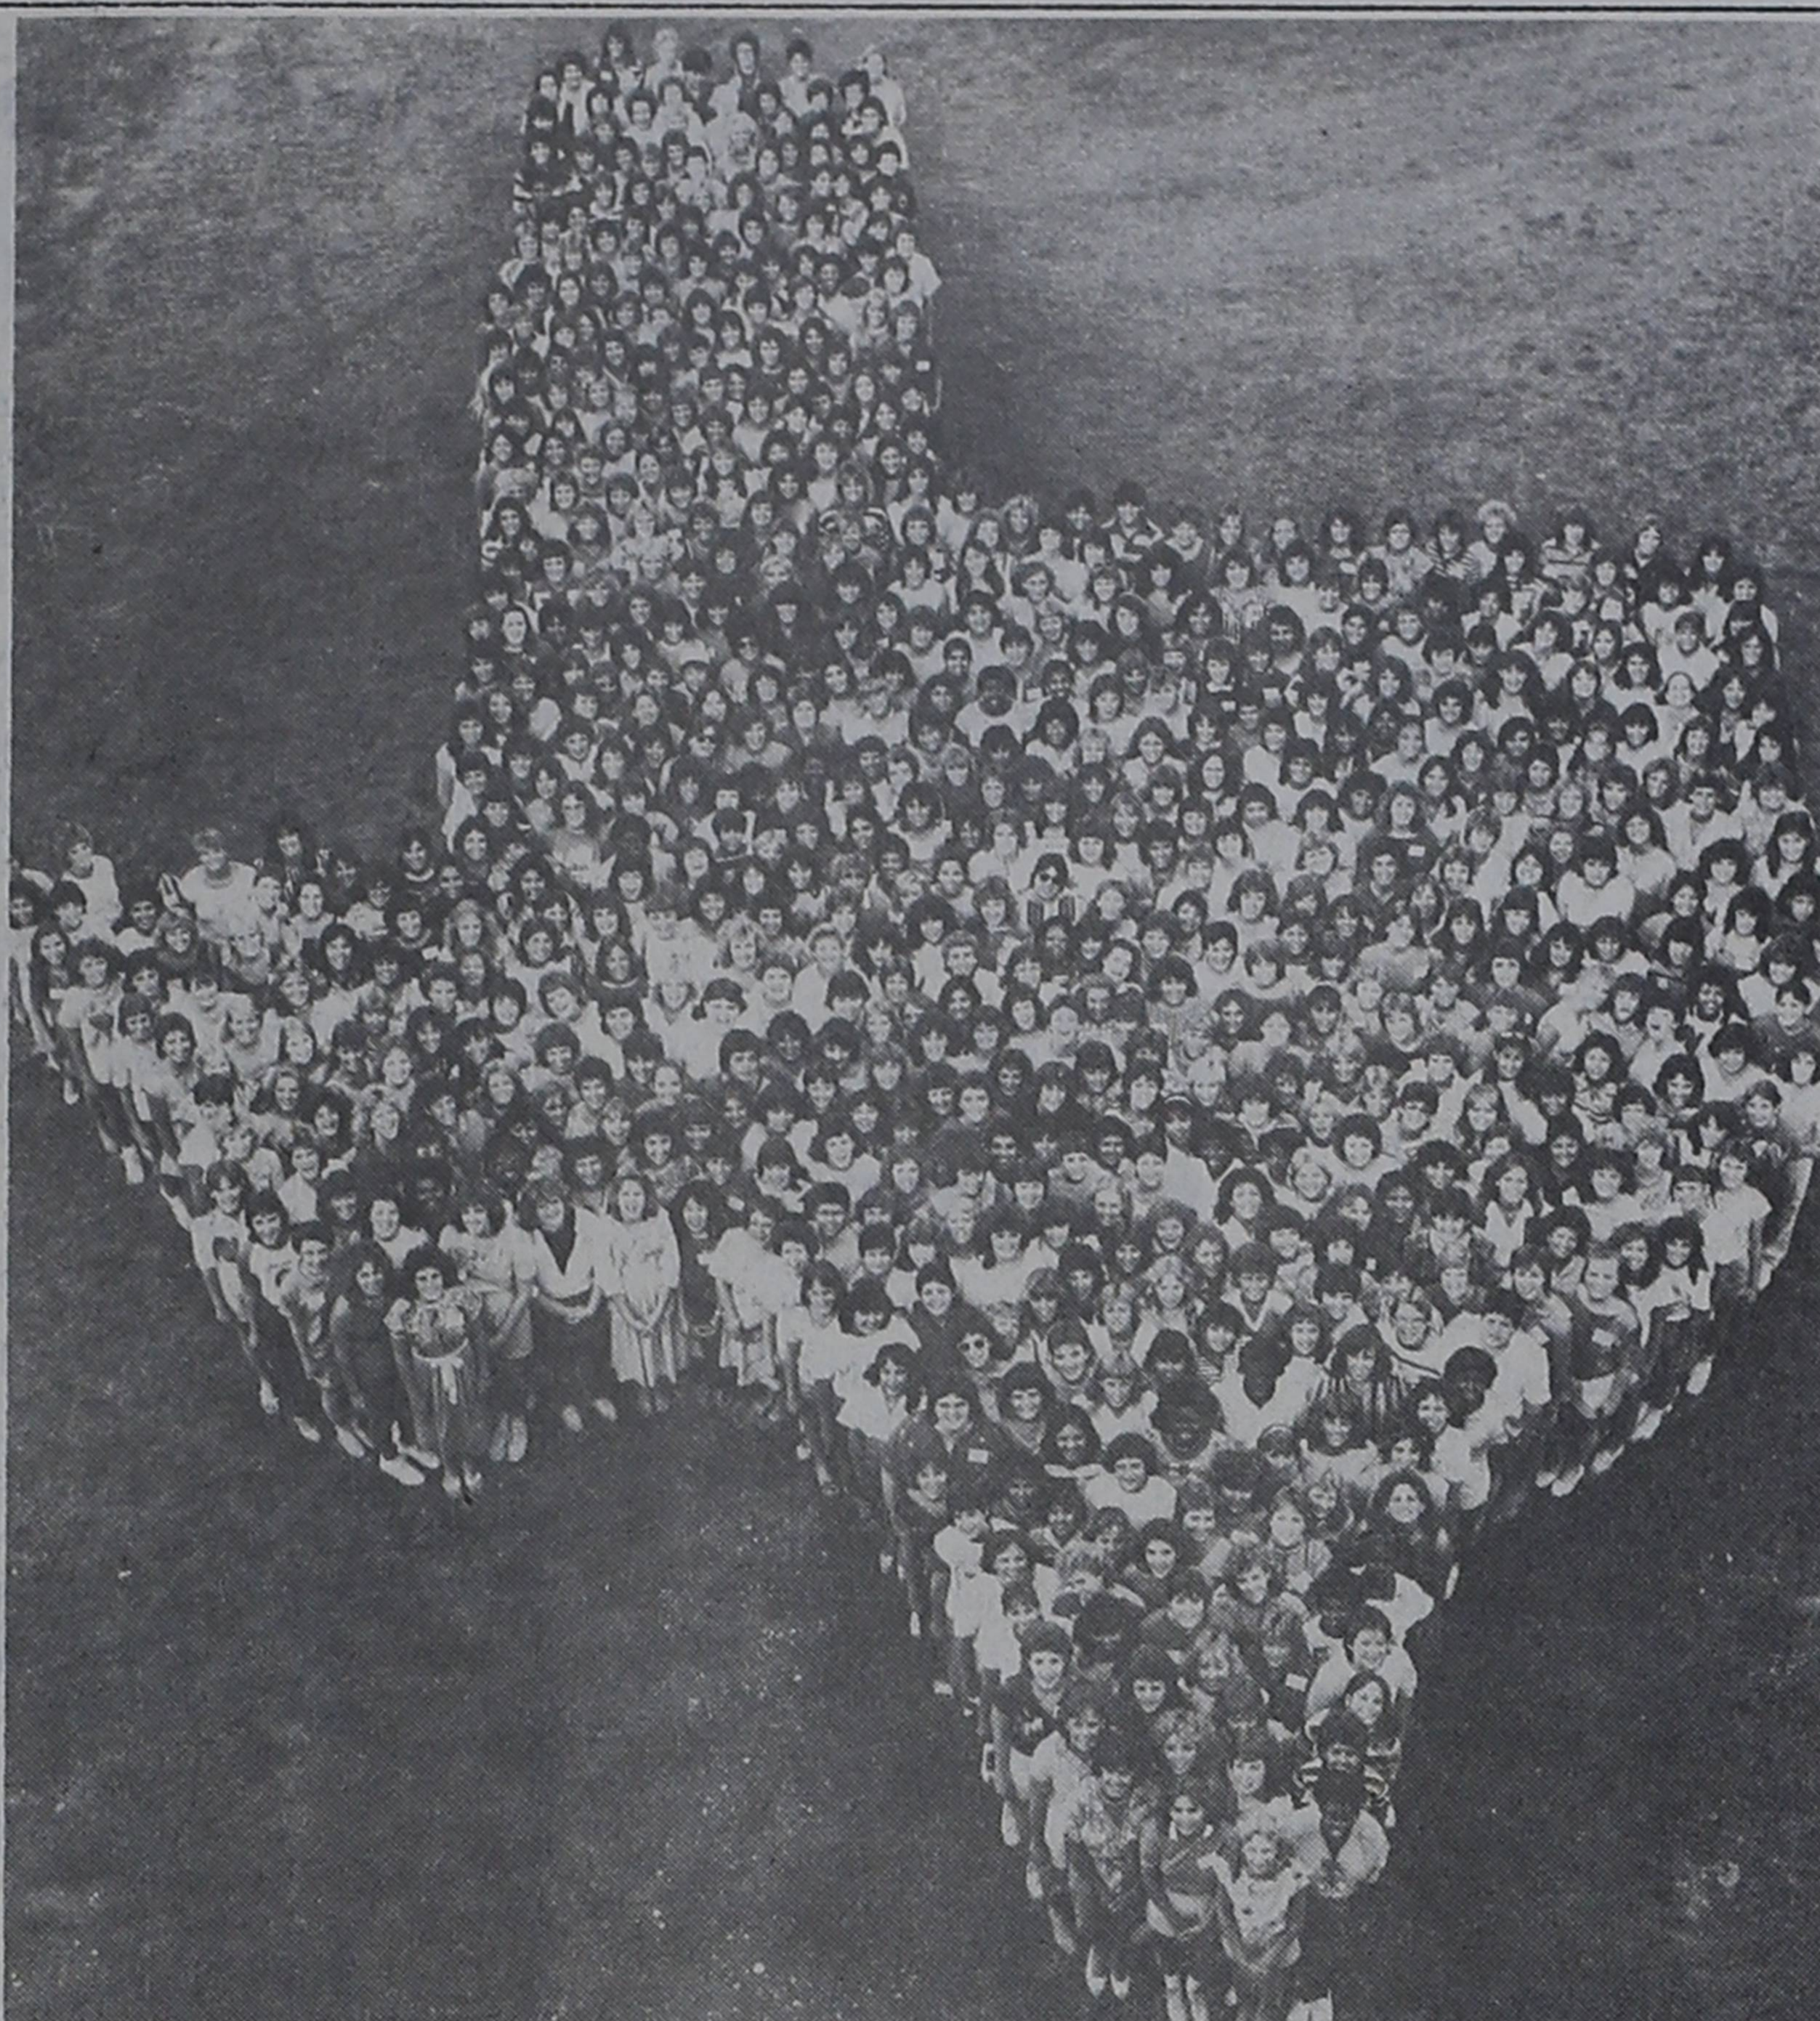

I was told to have fun and learn more to get involved. Our first steps was to organize the political parties and elect their leaders. After this was done, Precinct, City, County, District, and State elections were held.

I tried out for the first thing possible which was Precinct Chairperson Place I for Texas County. We had to develop the Federalist platform and help write bills for legislation.

For assemblies we had guest speakers, Anne Richards, Treasurer, State of Texas, and Ms. Melissa Wiginton, an attorney and former Girls State citizen. The Honorable Mark White, Governor of the State of Texas, spoke to us in the Rotunda.

Our ten day session was highlighted by a trip to Austin. We had installation of the state officers in the Rotunda. We also saw where the House and Senate meet.

Attending the 1984 Girls State session made me realize the importance of our American Government. If every American citizen could have the chance to attend Girls/Boys State, they would realize that voting is a privilege not a duty.

The Eighty Four Session Bluebonnet Girls State

Happy Birthday...
WEEK OF SEPTEMBER 8-14
Friona residents having birthdays next week are:
September 8--Billy Joe Mercer.
September 9--Donna Morgan, Floyd Reeve.
September 10--Glenn Reeve, Jr., Kyle Potts, Mike Ellis, GiGi

Spring, Katie Lou Eddins.
September 11--Shauna Osborn.
September 12--Hailey Rector.
September 13--Misty Drake, Mike Hanes, John Tate McFarland.
September 14--Jerry Hinkle.
If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

Study Club Kicks Off 1984-85 Year

The Modern Study Club members opened their new club year September 4 at 7:30 p.m. with a dinner beginning its study of "A Celebration in Service," their theme for the year.

The members were welcomed by Beth Thompson, club president. A trio consisting of Carol Ellis, Mary Johnston and Beth Thompson, sang "Look to the Rainbow" and then led the members in singing the song. Decorations carried out the rainbow theme.

Carol Ellis presented the yearbooks to the members. New

members welcomed into the club were Debbie Sweatt, Gerry Taylor, Cherry Wells and Lois Norwood.

The program committee served a meal of roast beef, potato salad, baked beans, fruit salad in a watermelon basket, relish plate, homemade ice cream and cookies to those present.

Members of the program committee were Carol Ellis, Winifred Hurst, Mary Johnston, Eva Miller, Carmaleet Truitt, Jeannie Tucker and Beth Thompson.

CATARACTS--Visual Symptoms of Cataracts
Most cataract patients experience a slowly progressive, painless decrease in visual acuity. Others report a rapid loss of vision over a period of months, weeks, or even days. A rapidly maturing cataract will cause a patient to seek out their optometrist because they have noticed a sudden loss of vision. Patients with a slowly maturing cataract have such a slow change in their vision until they come in for a regular checkup examination. There is never any pain associated with a cataract and its development.

A hyperopic (farsighted) patient will often notice their uncorrected distance vision getting better as their cataract matures. A myopic (nearsighted) patient will notice their uncorrected distance vision getting worse and their uncorrected near vision getting better as their cataract matures. This temporary improvement in their uncorrected distance or near vision is referred to as "second sight" and is the result of the crystalline lens swelling as the cataract matures.

Some patients complain of seeing "spots," especially when gazing at bright backgrounds. Other cataract patients complain of difficulty identifying colors or a "yellowing" of their vision. This is due to the shorter wavelengths of the visual light spectrum (violet and blue) being absorbed by the cataract and to the longer wavelengths (red and yellow) being transmitted through the retina. The paintings by famous artists who developed cataracts during their careers are excellent examples of the progressive loss of the color sense that accompanies maturing cataracts.

Because these symptoms can be caused by things other than cataracts, some harmless and some serious, it is a good idea to let your optometrist examine your eyes to determine the exact cause of your visual symptoms. Self-diagnosis can cause you unnecessary worry.

This message is brought to you in the interest of better vision by Drs. Armistead and Smith, Optometrist, Littlefield, Texas.

Hospital Auxiliary Met September 4

The Parmer County Hospital Auxiliary's 1984-85 year began Tuesday afternoon, September 4 with their first meeting.

Twenty-one members met in the hospital Sun Room with Cherry Wells, the new president, calling the meeting to order.

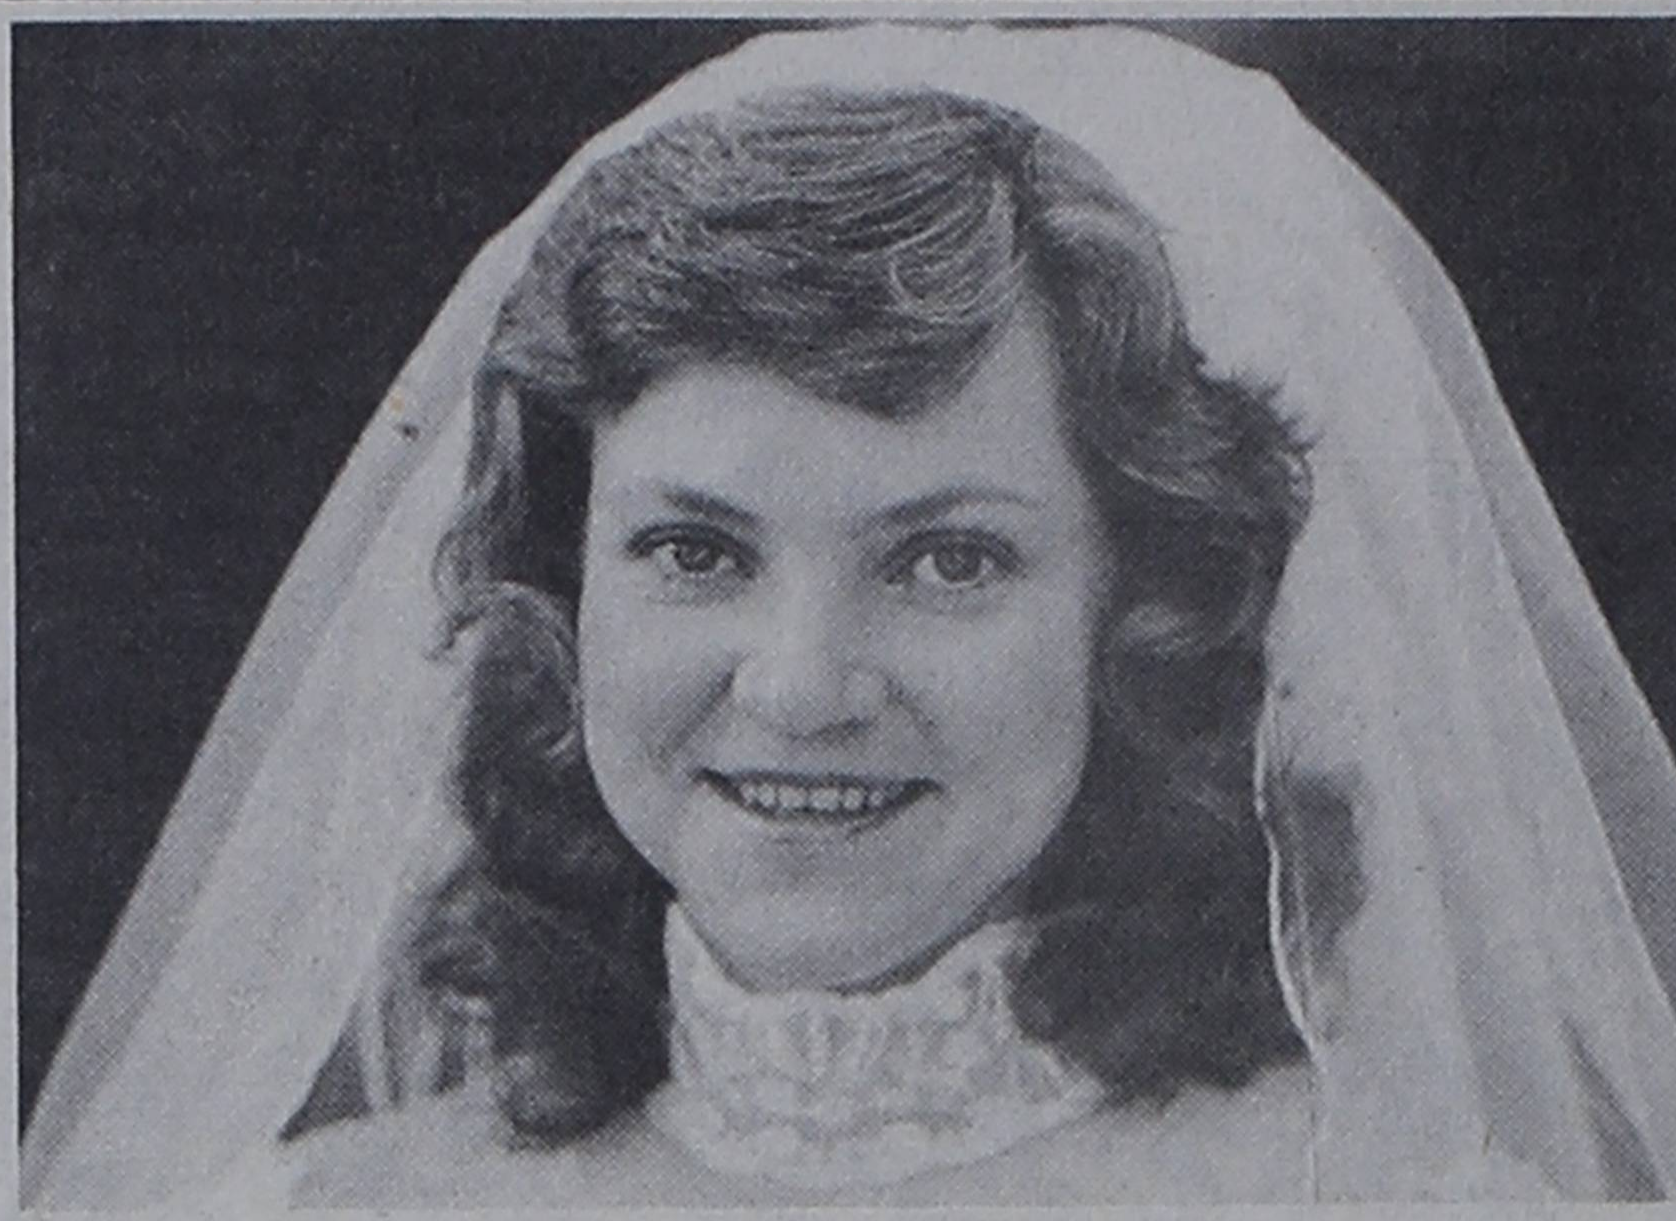

Connie Neelley, secretary, read the minutes from the May meeting, after which a report was given on new equipment and projects completed during the summer. Three television sets had been mounted to walls in patient rooms and it is hoped that remaining television sets will also be set on the walls at a future date. Roof

repairs had been paid for and a new floor buffer was purchased as well as a centrifuge for the lab. Painting had also been paid for.

Doris Barnett and Kathryn Goddard were named fall rummage sale chairmen and plans for the rummage sale will be discussed at the October meeting.

Three new members were welcomed. They are Becky Riethmayer, Linda Cheshier and Carmaleet Truitt.

The next meeting will be October 2 at 2 p.m. in the Sun Room of the hospital. All visitors are welcome.

Mrs. David Scott Reddell

Thompson, Reddell Exchange Vows

Betty Jean Thompson and David Scott Reddell were married Saturday, September 1, by Monsignor King at Sacred Heart Catholic Church, Wichita Falls, Texas.

Parents of the couple are Ms. Betty Cirillo of Watsonville, California, Mr. and Mrs. Dave M. Thompson of Friona, and Mr. and Mrs. Herman Reddell of Paris, Texas.

Honor attendants were Janie Cirillo, sister of the bride, and Herman Reddell, father of the groom. Ushers were Terry Thompson and Rick Spann.

Betty Jean Thompson graduated from Texas State University and Texas Tech School of Law. She is currently employed as an attorney for the City of Wichita Falls.

The groom graduated from Paris High School, East Texas State University and Texas Tech School of Law. He is currently employed in Wichita Falls as an Assistant District Attorney.

A wedding luncheon followed the morning ceremony at the Kiva Motor Hotel Banquet Room.

If you knew

what SPS is doing to keep your cost of electricity as low as possible

...You'd be impressed.

For example, the way we build power plants

SPS builds its coal-fired power plants for a lot less than most other utility companies. How? With careful management, good workers, and by using our own engineers to design and oversee construction. And you get the benefit.

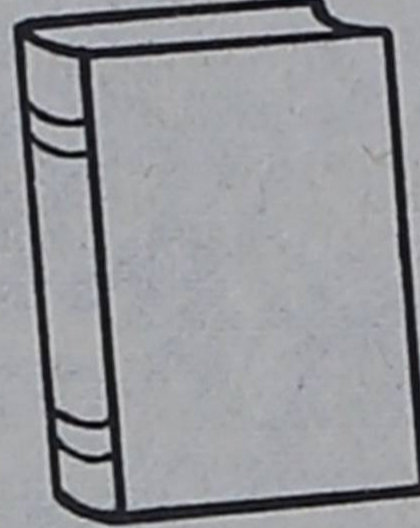

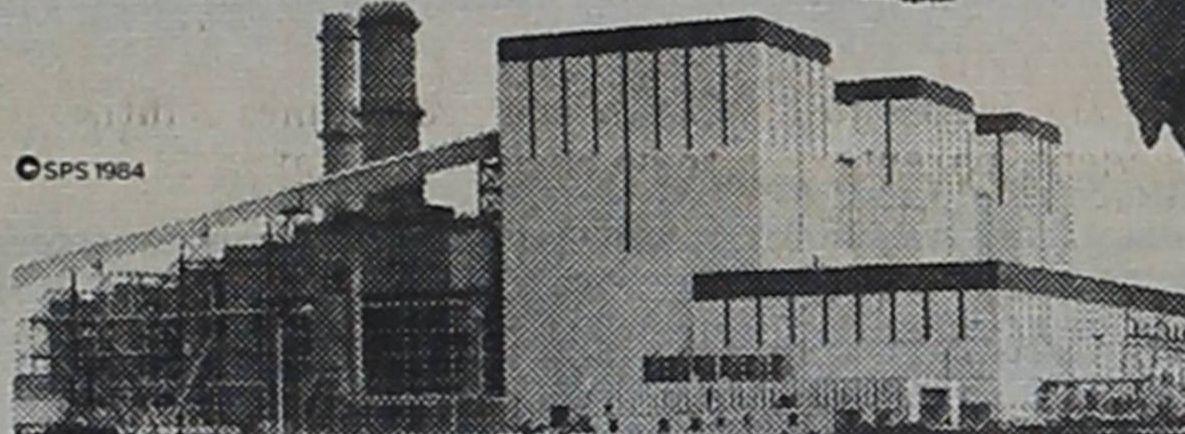

Bert Ballengee, President

Working to justify your trust

Library Corner

By DARLA BRACKEN

Back-to-school!! Back-to-the-library?? Please remember to return your overdue items. With all the activity getting ready for school, everyone gets busy and forgets; but do try to return your library materials. Also if you have long overdue or lost books, you need to either return or pay for these.

In August, we had 593 patrons borrowing 1648 items from the library, and we registered 14 new readers.

Story Hour for children who are four years old as of September 1 will begin September 13. It will be

Randolphs Have Girl

LynEldon and Pat Randolph of Muleshoe are the parents of a baby girl born Saturday, September 1, at 1:57 p.m. in Lubbock Methodist Hospital.

Named Candice Shae, the new arrival weighed seven pounds, three ounces and was twenty-one inches long.

Candice has one older brother, Brandon Lance, three years old.

Grandparents are Mr. and Mrs. C.W. Dale of Muleshoe and Mr. and Mrs. Dale Randolph of Friona.

Mrs. Grace Kanaga of Friona is the child's great-grandmother.

on Thursday mornings from 10-11 a.m. Volunteer readers are always welcome; if you're interested please call 247-3200.

New on the bookshelf:

Wild Swan by Celeste DeBlasis; *Fourth Protocol* by Frederick Forsyth; *The Company of Saints* by Evelyn Anthony; *And The Ladies Of The Club* by Helen Santmyer; *Summer of the Barshinskeys* by Diane Pearson; *The Passion of Molly T* by Lawrence Sanders; *Crescent City* by Belva Plain; and *Death in Kashmir* by M.M. Kaye.

Non-fiction--*The Weaker Vessel* by Antonia Fraser.

Western--*Doomsday Canyon* by Ray Hogan; *The Holdout* by Robert Steelman.

Donations have been made to the library this month in memory of: Nora O'Brian, Harris Evans, Floyd Brookfield, Gladys Reid, Elmina Carlton, Ranza Bogges and Robert "Bub" Ramey.

Book donations have been made by: Tricia Hand, Deke Kendrick, Virginia Cleveland and Roxie Phipps.

Magazines were donated by: Lunell Horton, Zora Gaede and Margie Garcia.

"We enjoy sharing our books as we do our friends, asking only that you treat them well and see them safely home."

Town Talk

By June Floyd

Call 247-3681 With Your News Item

If you're not a regular reader of *Accent West*, a magazine published in Amarillo monthly, you're missing a lot of good reading about Texas Panhandle folks.

The feature story in this month's edition is about a well known Dimmitt pioneer resident, Edwin (Goose) Ramey. It was written by Jack Cramer of Austin, whose maternal grandmother was one of Goose's sisters.

Most of our regular readers probably know that our Decimae Beene is Goose's only daughter.

Another interesting note concerning *Accent West* also concerns a former Parmer County resident.

Doug's Bar-B-Q, which is located at the corner of Thirty-Fourth and Georgia in Amarillo has long been a favorite eating

place for the Floyd family. In fact, just about any time we meet either of our two younger daughters, Frieda Dickson, who lives in Garland, and Susan Phillips, who lives near Lewistown, Montana, at International Airport, a stop at Doug's Bar-B-Q is one of the first places we stop.

Monday, when Frieda and I ate lunch there, we observed that we're not the only ones who like the barbecue sandwiches Doug and his crew make. The service is also very good.

Most of the wall decorations have a western flavor, but one was kind of different. Wording on it proclaims to any interested reader that Doug's Bar-B-Q is being honored by *Accent West* for having the 1984 reader's choice best barbecue sandwich.

Owner and operator of this place of business is J.D. Ball, who is a brother of Mrs. Tom O'Brian.

Mr. and Mrs. Art Johnson of Plano, Texas, were visitors in our area last weekend. The Johnsons had been to Lovelland to attend a school reunion.

Mrs. Johnson, the former Jane Stacy, and her husband, M.J. and two children, Bomar and Mary Ann, lived here during the late fifties and early sixties. M.J. and Mary Ann are both deceased.

Bomar is now living in Plano, too.

The Johnsons were overnight guests in the home of T.I. and Melba Burleson. Other Frionans they visited with were Mr. and Mrs. Rene Snead, Mr. and Mrs. Jim Zorns, Lucille Rocky and Clydie Black.

Four local couples, all accompanied by their children, spent the Labor Day weekend camping out at Bonita Lake, which is in the mountains near Ruidoso, New Mexico.

They were Jim and Amelia Taylor, Dickie and Joyce Garner, Larry and Sharon Rector and Raymond and Pam Hamilton.

Overnight guests in the home of Hap and Julia Fairchild early this week were George and Marian Larke of Los Angeles, California.

Mrs. Larke is the only child of the late T.A. and Mabel O'Brian who hasn't been at home in Parmer County since the family moved here in the late twenties.

All three of the couple's sons, Kenneth, Russel and Tom, who

live near the family's first home--between Hub and Tam Anne Ginn--and, like their dad are farmers. Hap's a farmer, too. Even though he spends most of his time fishing, he's still a farmer at heart.

Mary Lou Collier, who spent about ten days as a surgical patient at High Plains Baptist Hospital in Amarillo, returned home Tuesday and is making satisfactory progress.

Her brother, Fred Barker, Jr. (better known as Judge) is a surgical patient in a Dallas hospital.

Dalton Caffey is a medical patient at St. Anthony's Hospital, Amarillo. His condition was slightly improved late Tuesday.

Kim Caffey, an assistant principal at an El Paso elementary school, spent the weekend visiting his parents.

Judge Porter Roberts, who has been a medical patient at St. Anthony's Hospital since about the middle of April, is slowly regaining use of his hands and feet.

His daughter, Pat Shirley, who lives in Houston recently spent a week visiting her mother, Jean, and in-laws, Ralph and Stella Shirley here and Porter.

Opal and Oscar Baxter are home again after an absence of about three weeks. In company with Jewel and Curt Seigrist of Elk City and Cleo Hewett of Altus, Oklahoma, the Baxters spent

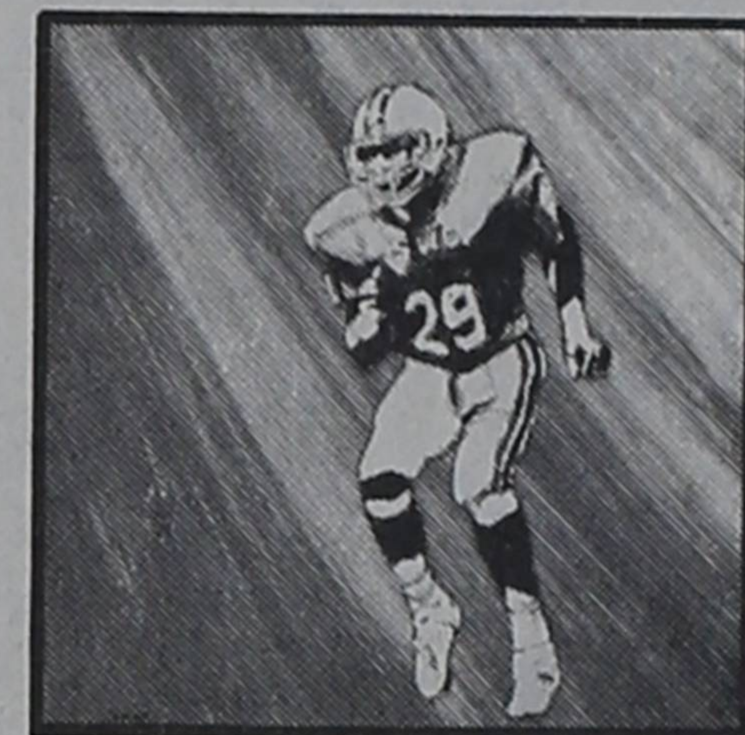

about two and one-half weeks in the Branson, Missouri area.

Then last weekend they attended the annual Farmer family reunion at Elk City. Opal's maiden name was Farmer.

About 100 persons including eight members of Oscar's and

Opal's immediate family, were present. Their family members attending were Carolyn and Sonny Pipes, Friona; Willene and Steve Grundy, Yukon, Oklahoma; Sue, Lester and Sheena Gray, Oklahoma City and Ron Stamm, Elk City.

Modern Study Club Sets Photo Contest

The Modern Study Club is sponsoring their photography show again this year in conjunction with Maize Days. The show will be held in the same building with Modern Study Club's Country Store, Wright Williams' building, 618 Main, the old Hurst Building.

Rules For Entry

- The picture must be 5x7 or larger, excluding frame.
 - Pictures can be black and white, brown toned, or colored.
 - Pictures must be matted or framed for display.
 - Please place name and address on back of picture.
 - Pictures are to be entered Thursday, September 20, from 4-6 p.m. or Friday morning by 10 a.m. They will be judged Friday morning, after 10 a.m.
 - Please pick up pictures by 2 p.m. Saturday.
- The following categories will be judged:
- Landscapes, seascapes, graphic designs, special effects, historical landmarks, floral, people, portraits, animals, windmills, birdlife, still life, Parmer County early days, action shots, sunrise, sunsets, butterflies, historical landmarks, western, black and white, miscellaneous.
- "We hope that all serious and

fun-loving photographers enter their favorite pictures," said a spokesman for the club.

First, second and third place ribbons will be awarded. For more information call Donna Mears, 247-3456.

PATIENTS IN HOSPITAL--

Grace Allison, Margarita Cano and baby girl, Arlin Hartzog, Mary Aguilar and baby boy, Irma Garcia and baby boy, J.E. Kelley and A.R. McCutchan.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials; (3) for an increase in the bonding capacity from 20% (2/5 for The University of Texas System and 1/5 for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of agencies and institutions of higher

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: "The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explana-torios sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/352/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.
