Trans-Regional Plan Due Early Approval

Final approval of Trans-Regional Airlines' request for scheduled routes for round trips from Big Spring to Midland and Dallas-Fort Worth Regional Airport, is expected to come in about two weeks, according to Industrial Foundation Chief Executive Ron Mercer.

In a hearing in Austin Wednesday before Texas Aeronautics Commission examiner John Soule, Texas International Airlines withdrew its petition to intervene in the granting of the routes to Trans-Regional after the El Paso firm deleted a reference to possible service for Abilene.

NO ABILENE FLIGHTS
In the hearing, Joe Douglas Bailey of Trans-Regional, said that the company had decided against plans to fly to Abilene.

Bailey's announcement prompted Sam Coates, a TIA vice president to say his company would drop its opposition to the commuter's request for certification from the TAC.

Soule will get a copy of the hearing transcript from reporters and, with additional information obtained from Trans-Regional about their internal affairs, will make a recommendation to the TAC at their next meeting. At the hearing, Mercer said that it was mentioned that it may be two weeks before the certification is granted.

EPAT RENAMED
Bailey testified that El Paso Air Transport will operate under the name of Trans-Regional Airlines, and

SWORN IN FOR HEARINGS
Joe Douglas Bailey, El Paso

added the company may seek other routes if the Big Spring flights are approved.

The service for Big Spring would consist of a round trip flight daily to Midland, leaving Big Spring at 9 a.m. and returning from Midland at 5 p.m. Flights to Dallas-Fort Worth Regional Airport would take place each morning.

TIA WITHDREW
The certification would be for small aircraft of eight to ten passengers, and the company is planning to use two 402s with an Aero-Commander as a backup plane. The 402s carry seven passengers and the Aero-Commander five, in addition

to two-men-crews. Texas International provided air service to Big Spring until they won a long legal battle to withdraw their service in December, 1974. Almost immediately, Chamber of Commerce and Industrial Foundation Officials began a search for a new carrier, and came up with El Paso Air Transport, Inc. of El Paso.

Meanwhile, Texas International operations were halted by a strike in December, and early this month, the Civil Aeronautics Board withdrew \$182,000 in subsidy payments to TIA, a direct result of their withdrawal of their air service to Big Spring.

IT WASN'T IN THE CONTRACT — It wasn't in her marriage contract but one of many little chores performed by Mrs. Scott Davis of 2505 Carol is dislodging kites from trees in her front yard. Kristy Davis holds the ladder for her mom while a neighborhood friend, May Lynn Spencer, tries to help retrieve the toy from one of the tree's branches. Mary Lynn had a lot at stake in the venture, since it was her kite.

Sales By GM Spiral

DETROIT (AP) — General Motors said today it sold more cars in the first 10 days of February this year than last, but the boost lagged way behind that recorded by GM for late last month.

Car price rebates helped sales again, a GM spokesman said, but the 10-day GM sales increase of 2.8 per cent was less than the 6.3 per cent boost recorded in late January when rebates had full effect.

GM said Feb. 1-10 sales of 69,065 were up from 67,474 last year when the energy crisis hit GM particularly hard because of its reliance on large car lines.

The daily car delivery rate of 8,633 in eight days this month was 30 per cent below the 12,390 daily rate recorded in 10 days late last month.

Year-to-date sales at GM were still down from 1974. The firm reported 301,047 cars sold so far this year, down 3.8 per cent from 312,974.

The other auto makers are not expected to show an increase over last year because their sales were not so adversely affected by the sales decline after the 1974 oil embargo.

\$200,598 Awarded BS ISD

The Texas Senate Wednesday passed bills totaling \$182 million in emergency relief for inflation-racked public school districts and retired teachers.

Big Spring will receive \$200,598 for an average daily attendance of 6,068 which figures \$33.06 per student.

The Coahoma schools will receive \$27,995 on an ADA of 1,004 which figures out to \$27.88 each. Forsan is a budget balanced school.

In Dawson County, Lamesa will receive \$110,892 on an ADA of 3,168; Klondike will receive \$3,724 on 338 and Sands at Ackerley will receive \$7,715 on a 312 ADA.

In Mitchell County, Colorado ISA is budget balanced and Loraine will receive \$12,158 on 338; and Westbrook is budget balanced.

Glasseck County is budget balanced. In Scurry County, Snyder is budget balanced and Hermleigh receives \$7,215 on 191; Ira received \$3,270 on 106; and Fluvanna gets \$2,031 on 55. In Martin County, Stanton will get \$21,844 on 756 ADA and Grady is budget balanced. In Sterling County, Sterling City gets \$3,396 on 248.

The bills passed will also raise the pensions of teachers who retired before Sept. 1, 1973 from 5 to 18 per cent at a cost of \$102 million and provide school districts a total of \$80 million in emergency relief. The money was welcomed by West Texas school districts that had been hard-pressed to make ends meet.

Bess Truman's 90th Birthday

INDEPENDENCE, Mo. (AP) — Mrs. Harry S. Truman gets a dozen red roses from her hometown today. The Independence city council has also declared her 90th birthday "Bess Truman Day."

IS 27 Extension Not Recommended

The Interstate 27 extension, along with nine other interstate projects under study, does not meet the Department of Transportation criteria for new interstate designation and is therefore not recommended to Congress.

District Highway Engineer Roger Welsch, Abilene, said that the DOT report to Congress said that none of the proposed extensions, three of which were in or crossed Texas, were recommended.

Hearings were held last Spring in the IH-27 case, and 23 separate routings were proposed to the examiner. This was more than twice the next highest routing total. Unlike some places, particularly those in the North and Midwest where environmentalists and a few cities raised objections, the IH-27 project was universally supported, but there was intense competition for suggested routes.

Although cost factors were applied, the DOT appeared to have based its recommendation principally upon

Lawmakers To Ask Public For Raise

AUSTIN, Tex. (AP) — Lawmakers, some of whom net as little as \$260 a month from their legislative salaries, have decided once again to ask the voters for a pay raise.

Numerous proposed pay raises for legislators have been rejected since salaries were set in 1960.

GROCERY
"The grocery bill has gone up 10 times since then," said Sen. Bob Gammage, D-

Houston. The Senate voted 21-8 Wednesday to submit a proposed \$200 a month pay raise to the voters at a special April 22 election.

As approved by the House and Senate, the pay proposal would:

- Raise legislators' salaries, including the Speaker and lieutenant governor, from \$400 to \$600 a month.
- Provide a Daily expense

allowance of \$30 while the legislature is in session. Legislators now get \$12 a day for the first 120 days of the 140-day session and nothing for the final 20 days.

—Raise from 10 cents to 16 cents a mile what legislators may collect for using their own car on state business.

"In this recession and with rising unemployment, it's an extremely poor taste and poor timing for the legislature to be running a pay raise at this time," said Sen. Chet Brooks, D-Pasadena.

'BLACK HISTORY WEEK'
His attempt to rub out the pay raise portion of the proposed constitutional amendment—leaving in the expense increases—failed, 6-23.

"It is a nominal increase, but reasonable in view of the times," said Gammage. "I

don't think the people will turn their backs on us."

It took the sponsor, Sen. John Traeger, D-Seguin, two attempts to get enough votes to debate the proposal and the 21 votes approving it were the minimum number for approval.

Traeger said the pay and allowance increases, which would go into effect April 22, would cost the state \$1,433,000 over the next two years.

The Senate also approved without objection a House resolution designating the second week in February as "Black History Week."

House members passed, 109-21, and sent to the Senate a bill allowing the mother of an illegitimate child to obtain a copy of its birth certificate without going through a county judge at a cost of \$6.

CABINET NOMINEE — Carla A. Hills, an assistant attorney general, will be nominated by President Ford to be secretary of housing and urban development. White House sources and Sen. William Proxmire, D-Wis., said the announcement would be made late today.

Woman Lands \$60,000 Job

WASHINGTON (AP) — President Ford will nominate Carla Anderson Hills to be the third woman Cabinet member in history, the White House announced today.

Mrs. Hills, 41, an assistant attorney general, will be named secretary of Housing and Urban Development, said White House Press Secretary Ron Nessen.

NOT SEX
Asked whether her sex was a factor in her selection for the \$60,000-a-year position, Nessen replied: "It was not."

Her appointment ran into immediate opposition from Sen. William Proxmire, D-Wis., chairman of the Senate Banking, Housing and Urban Affairs Committee.

"While Carla A. Hills is obviously an able and intelligent person, she has absolutely no known qualifications, experience or background to become secretary of HUD," Proxmire said.

Nessen countered that Mrs. Hills heads a task force in the Justice Department's civil division which prosecutes housing fraud cases and "does have some knowledge of the kind of problems she will face when she goes to HUD."

Nessen said also that she would inherit a team of assistant secretaries fully familiar with housing.

'THRILLED'
Asked what she knows about housing, Nessen said,

"The President appointed her because she is a highly competent lawyer and an extremely competent administrator."

He said that the President has said he intends to pick the best people he can in his administration, and that Mrs. Hills was the best person available for this job.

Mrs. Ford, who had made it clear she wanted to see a woman in the Cabinet, said after the announcement that she was "thrilled."

Her press secretary, Sheila Weidenfeld, said the First Lady pointed out that Mrs. Hills "had a very successful career and also is a mother of four — which means you can combine both."

Mrs. Hills would succeed James T. Lynn, who was sworn in as director of the Office of Management and Budget on Feb. 10. The Associated Press reported Wednesday that she was being considered for the nomination.

Other women Cabinet members have been Frances Perkins, secretary of Labor in 1933, and Oveta Culp Hobby, secretary of Health, Education and Welfare in 1953.

Soviet Leader Brezhnev Receives Prime Minister

MOSCOW (AP) — Smiling and joking, Soviet leader Leonid I. Brezhnev made his first official appearance today in 51 days as he received British Prime Minister Harold Wilson in the Kremlin.

Newsman who saw the 68-year-old leader in a Kremlin reception room said Brezhnev looked healthy. Rumors have abounded since Brezhnev disappeared from public view Dec. 24 that the Communist party chief was ailing.

Brezhnev, for reasons never specified, had passed up talks with a number of visiting political and Communist party officials since his Dec. 24 appearance, when he attended a session of the Russian Federation Parliament.

Brezhnev and Wilson laughed and quipped as they posed for photographers in the Kremlin reception room prior to talks.

FAIR
Look out for fair weather friends. High today, mid 70s. Low tonight, near 40. High Friday, upper 70s. Southwesterly wind 10-20 miles per hour and gusty this afternoon. Blowing 10-15 m.p.h. tonight.

Election March 7

LAMESA — Dawson County Commissioners have set March 7 as the date for liquor election in Justice of the Peace Precinct 3.

The election, originally set for Feb. 18, had to be rescheduled when dry advocates argued successfully over a technicality.

Under the current Texas Constitution, county commissioners can call elections only on the regular meeting date of the court. The Constitution stipulates that the regular meeting date should be the second Monday of each month.

The original election date was set on the fourth Monday of the month.

If voters approve the local option election, alcoholic beverages for off-premises consumption would be legal in Precinct 3. The precinct is a sparsely populated area in northeast Dawson County. The entire county currently is dry.

U.S. Welfare Rolls Grow

WASHINGTON (AP) — The nation's welfare rolls grew slightly larger in October for the fourth straight month, but remained below the record level set in March 1973.

The Department of Health, Education and Welfare estimated Wednesday that 10,850,000 persons were receiving Aid to Families with Dependent Children in October, a 5 per cent increase over the previous month.

Cash payments in October totaled \$687.5 million, or \$12.4 million more than in September.

The number of welfare recipients reached an all-time high in March 1973 when 11.1 million persons were receiving assistance. Then welfare rolls began dropping for the first time in 20 years.

WAIT A MINUTE — S. William Winograd, 46, Milwaukee, Wis., suffered a heart attack Monday and after doctors said brain wave tests showed him to be clinically dead, his wife signed papers authorizing donation of his eyes and kidneys. But when surgeons were about to remove the organs they noticed his eyelids flicker and he was rushed back to the intensive care unit. Winograd has been improving since then, though still in critical condition.

Tie Vote Snags Oil Measure

AUSTIN, Tex. (AP) — A Senate committee rejected an attempt today to move a compulsory oil unitization bill to the Senate floor for debate.

The motion to approve the bill failed 44 in the Natural Resources Committee with the chairman, Sen. Max Sherman, D-Amarillo, not voting.

A motion to send the measure to a subcommittee was then approved 5-4 as Sen. Bill Patman, D-Ganado, arrived late to cast that deciding vote.

Dozens of oilmen stood around the committee table in the Senate chamber watching the vote, which climaxed four hours of testimony Wednesday and today.

Man In Police Uniform Shoots Down Teenager

CHICAGO (AP) — Chicago Police Department investigators have questioned more than 300 officers from South Side districts in a probe of the fatal shooting of a youth.

The investigation headed by Superintendent James Rochford began Wednesday after as many as 10 witnesses reported they saw a man in a police uniform chase down and shoot the youth in the back of the head Tuesday night.

They said the man then jumped into what appeared to be a squad car, which sped away.

Authorities said none of the South Side policemen paraded in lineups for viewing by witnesses on Wednesday was identified.

Wilson's visit is aimed at ending three years of cool relations between Britain and the Kremlin.

Britain expelled 105 Soviet officials from London in September 1971, mainly from the Soviet trade delegation in the British capital, on suspicion of espionage.

Last year, the then British foreign secretary, Sir Alec Douglas-Home, visited Moscow and set the stage for a visit by the prime minister.

Homicide Sgt. Richard O'Connell said no squad cars have been reported stolen. He added, "The witnesses are credible ones and we are going on the premise that it was a policeman who did the shooting."

Three crime lab sergeants examined more than 400 guns carried by policemen on duty in the districts at the time of the killing. They said none had recently been fired or cleaned.

Police said the victim, identified from fingerprints as Michael Gilmore, 18, lived on the South Side and had an extensive criminal record. They said an automatic pistol reported stolen hours before he was slain was found near his body.

(AP WIREPHOTO)

PLANE CRASH SURVIVORS — Jeanne Davis, 22, of Vidor, Tex., top photo, and her sister-in-law, Wendy Davis, 21, of Duncan, Okla., are shown after being rescued from the rugged snow-covered Sangre de Cristo Mountains near Raton, N.M. Wednesday. The women survived a plane crash that killed their husbands Sunday. They spent sub-zero nights and days huddled in the wrecked aircraft until they were spotted by rescue planes and brought out of the mountains by rescue teams who used inflatable sleds to make the trip. Both women were reported in fair condition.

'Plane Stalled Twice Before We Hit Ground'

RATON, N.M. (AP) — Hospital officials said two women who survived two freezing nights huddled in the wreckage of a plane that crashed in the mountains of northern New Mexico were in good condition today.

They are Wendy Davis, 21, of Duncan, Okla., at Northern Colfax County Hospital in Raton, and her sister-in-law, Jeanne Davis of Vidor, Tex., transferred to Presbyterian Hospital in Albuquerque from the Raton hospital late Wednesday.

Attendants said Jeanne Davis was suffering from frostbite, abrasions and an undetermined back injury and Wendy Davis from frostbite, abrasions and a dislocated elbow.

The women were rescued Wednesday morning from the wrecked plane, which crashed Sunday morning about 9,000 feet up a mountain near Eagle Nest.

Wendy's husband, W.E. "Bill" Davis, 28, who was the pilot, and his brother, James Davis, 26, who was Jeanne's husband, died of injuries suffered in the crash.

Wendy Davis, interviewed in her hospital room Wednesday, said it happened so quickly they were unable to pick a spot to crash-land the plane.

"The warning buzzer came on," she said, "and the plane stalled twice before we hit the ground."

"It nosedived in and then wound up on its side. We made the corner (turn) too low, and Bill was trying to gain altitude when it stalled. Jim said, 'We're not going to make it! Hang on!'"

The couples were en route to a three-day skiing excursion at Angel Fire Ski Basin. They were only seven air miles from their destination when the plane went down.

The women said James Davis died Sunday night and Bill Davis died Monday afternoon.

Wendy said the women put on ski clothes and huddled in the plane's luggage compartment "trying to keep warm." She said the only thing they had to eat was "some potato chips and vienna sausage. We ate some snow, but we were really dehydrated."

She could hear search planes above the low clouds Monday. Next day, she said, "I stood up through the door of the plane and signaled with a mirror. The helicopter saw it."

The wrecked plane was spotted about 4 p.m. Tuesday by a Civil Air Patrol pilot. Two Army paramedics from Fort Carson, Colo., were lowered to the plane and were with the women while ground rescue teams worked their way to the crash.

Working through the night in heavy snow and freezing temperatures, the rescue teams pulled the women off the mountain on inflatable sleds through rough mountain country. State police said three relay teams of eight men each were used to transport the women.

The rescue teams couldn't bring the women out together, officers said. Jeanne was believed to be the more seriously injured and she was brought first. Then the crew brought out Wendy.

Moving them from the crash site to N.M. Highway 64 took about 9½ hours. Ambulances then transported the women to Raton, 55 miles away, women to Raton, 55 miles away.

Samples Just Open His Mouth

general of the Organization of Petroleum Exporting Countries said Tuesday that the OPEC meeting next week may decide to raise oil prices because of the decline in the dollar.

Collecting Taxes Help

AUSTIN, Tex. (AP) — Texas cities will receive help in collecting delinquent taxes in a bill now under consideration by the House Revenue and Taxation Committee.

The bill, sponsored by Rep. Kay Bailey, R-Houston, would allow cities to sue to recover unpaid taxes without having to wait for the state attorney general's office to join in the suit.

There are no provisions under current state law allowing a city to bring suit to collect its one per cent sales tax.

Miss Bailey said, "The cities operate under a hardship because often by the time the state joins in a suit, the taxpayer may be gone or out of business."

Randall Wood of the state comptroller's office said some taxpayers take advantage of the cities' inability to sue on their own by paying only the four per cent state sales tax.

The bill was sent to the subcommittee on state finance.

North Texas Winds Gusty

Gusty winds starting to rise in Northwest Texas promised to be about the only blot on the state's weather pattern today.

Skies remained generally clear except for a few high clouds over South Texas, and further warming was promised in all sections.

The same sort of weather sent temperatures climbing into the 60s and 70s at many points Wednesday. Top marks for the afternoon ranged from 76 degrees at College Station down to 56 at Texarkana.

Readings near dawn today went as low as 29 degrees at Dalhart in the Panhandle and 32 at Tyler in East Texas.

DECISION EXPECTED IN WEEK

To Dump Tons Of Waste In Gulf

HOUSTON (AP) — An Environmental Protection Agency official says a decision should be made in about one week on a request by Shell Chemical Co. for a new permit to dump 100,000 tons of industrial waste over the next year in the Gulf of Mexico.

Jim Doyle, regional EPA enforcement chief, said at the end of a public hearing Wednesday that a decision might be made next Monday.

FOR EXAMPLE, Shell scientists said the waste is 97 per cent salt water and a laboratory study has shown it is not toxic to juvenile white shrimp or killifish.

Local, state and federal agencies objected, however, to another one-year permit, arguing that the permit should be renewed for only three to six months.

Dr. John Malouf, environmental adviser to Texas

Atty. Gen. John Hill, said onshore treatment technology is available and is being considered by other companies.

Robert V. Mattern, Shell environmental superintendent, said ocean dumping may prove to be less harmful environmentally than alternate onshore disposal methods now under study. He said incineration, for example, would consume fuel in a year's operation equal to 18 million miles of driving.

Dr. Walter A. Quebedeaux, Harris County pollution control director, said he fears marine organisms may pick up and concentrate the traces of chromium and other heavy metals in the sludge.

SEWAGE SLUDGE He suggested that Shell could dewater or filter the sludge into a solid and then add it to a soil conditioner made by the city of Houston from sewage sludge.

Donald Moore of the National Marine Fisheries

Service said that instead of testing coastal white shrimp, Shell should have used the larva of brown shrimp. He said the brown shrimp actually spawn in the dumping zone, 140 miles south of Galveston.

UPSET Shell said it has been treating spent caustics, one type of waste formerly dumped at sea, on land since last May. A second category of wastes, organic chlorides, were burned by an incinerator ship last fall after

the EPA refused to allow further dumping of them at sea.

Shell's present permit, for about 50,000 tons of sludge, expired today and Mattern, in answer to a question, said the company has no way to store the sludge from its biological treatment ponds.

He said more than a week's delay in issuing the new permit could "severely upset" the biological treatment system and cause pollution of the Houston Ship Channel.

IRAN CUTS ITS CURRENCY LOOSE FROM DOLLAR

Doubt Price Of Oil Will Rise

TEHRAN, Iran (AP) — Iran has cut its currency loose from the dollar, but Washington officials doubt that the action will mean any change in the price of Iranian oil.

'PAPER GOLD' The Central Bank of Iran announced Wednesday that the value of Iran's currency, the rial, will now be pegged to the International Monetary Fund's new "paper gold" called the Special Drawing Right, or SDR.

The SDR is a monetary bookkeeping unit created to

replace gold as the basis for currency valuations in settling accounts among the nations of the International Monetary Fund. Its value — currently about \$1.20 — is based on 16 currencies, including the dollar.

Iran ranks fifth among the foreign suppliers of oil to the United States and now gets paid for its oil in dollars. It did not say whether it planned to seek some other form of payment, but U.S.

Treasury Department sources in Washington said they doubted the currency change would have any

effect on the price of Iranian oil.

DISTRUST

The Iranian action was interpreted in Washington as an indication of growing distrust in the dollar, which has been losing ground recently on foreign money markets. There was speculation that other oil countries might follow Iran's lead, and the secretary-

ACCORDING TO TOWER

Bentsen 'Best Man' Demos Can Nominate

HOUSTON (AP) — Sen. John Tower, R-Tex., believes his Texas Democratic counterpart, Sen. Lloyd Bentsen, would make an attractive Democratic presidential candidate in 1976.

He said Wednesday Bentsen is an intelligent, well-appearing man with both political and business experience and would be "the best man" the Democrats can nominate.

"Perhaps so much so, maybe the Democrats won't have enough sense to nominate him," Tower said in a news conference.

Tower declined to pursue the topic of who the Democrats might nominate, saying "right now, the

Republicans really can only play parlor games on this."

He said he expects President Ford to be the Republican nominee and added that a GOP ticket of Ford and Vice President Nelson Rockefeller could "certainly" carry Texas if Bentsen is not on the Democratic ticket.

He said he believed by election time in 1976 the economy may be trending upward.

The senior Texas senator repeated his general support of Ford's energy proposal. He said he backs all but the windfall profits proposal. He also said he believes the total package is generally supported in Texas.

CORRALLED IN COMPUTER Phantom Herd Roaming Texas Tech Campus

LUBBOCK, Tex. (AP) — A phantom herd of cattle, a super cow of sorts, is roaming the Texas Tech campus, but this beef will never grace a backyard barbecue grill.

"We've got 'em corralled in an IBM computer," said Dr. Charles Gaskins, an assistant professor in the Animal Science Department. It's part of a somewhat unique approach to the study of animal genetics, the purpose of which is to accomplish genetic improvements through interbreeding of the animals.

SUPERIOR STEAK
The ultimate target, of course, is to produce a superior beef steak as inexpensively as possible.

"The valuable thing about this program is that it allows us to demonstrate genetic systems in a relatively short time," Gaskins said.

"Each week we'll create 1,300 to 1,400 calves. Ideally, the students would learn methods of selection and mating which will allow them to make genetic improvements in actual populations of livestock."

"They should also learn something about the genetic characteristics of economically important traits — how to make improvements in reproductive functions, average daily gain, feed efficiency and meatiness."

WEIGHT, SEX
At the beginning of each semester, students studying animal genetics are assigned "herds" of cattle... computer printouts listing different genetic characteristics for as many as 50

Banned Film Proves Costly
JOHANNESBURG, South Africa (AP) — John P. Gailey, a 23-year-old resident of suburban Hillbrow, was fined \$750 for being in possession of the film "Deep Throat."

imaginary animals. "The computer enables us to compress 15 years on a genetic time scale into 12 weeks," said Dr. Gaskins. "Using the computer, we've put together a program that stimulates the most important genetic characteristics of livestock."

The student's initial computer-generated "herd" contains a list of characteristics for each animal such as weight, fat thickness and sex.

Using these characteristics, students select what they feel are the best sires and dams for breeding purposes.

Their selections are entered into the university's IBM computer, which combines the characteristics of each animal with random environmental factors to produce a second generation of cattle.

Based on the sires and dams selected, the computer

is programmed to determine if the mating was fertile, if the calf died at birth, or if a healthy animal resulted.

The computer then produces a second generation "herd," again listing genetic characteristics students use to select their breeding animals.

"Using the computer, we have developed mathematical models which describe traits of cattle and the factors that influence these traits," Gaskins said. "Without the computer, these genetic computations would take months."

"As the students continue to simulate breeding of their animals, they learn the importance of an animal's rate of weight gain, the amount of feed it takes an animal to gain one pound, fat thickness and other factors important in breeding."

At the end of the course, the computer produces an analysis of all generations

produced by each student.

MADE MISTAKES
"The final analysis enables students to see where they made mistakes," Gaskins added. "It shows them that selecting proper breeding animals is not a simple process."

"The fattest sire and the fattest dam would be logical mates. However, the computer program shows that when progress is made in meatiness, reproductive performance declines."

"The computer enables students to take classroom theory and put it to work, just as if each student had an actual herd."

"Computers are going to be used more and more in the future to evaluate genetic potential of livestock, including chickens, sheep, pigs and other domestic animals."

"Without the computer, the complex analysis that we do now could be impossible."

Kite Flyers Solon Should Eliminate Loopholes In Statutes To Safety

Kite flying season is here again, and Texas Electric Service Co. urges young kite flyers to follow a few simple rules for their own safety.

Tom Locke, TESCO manager, warns them of the danger of flying kites in the vicinity of electric power lines.

"If your kite should get caught in electric wires, call Texas Electric Service Co.," Locke says, "and someone will be sent to get it down for you."

Locke also recommends the following safety rules for kite flying:

- Always use dry string, not wire, anything metallic or any string with metallic threads.
- Always use kites made of wood and paper, not wire or metal.
- Always fly your kite on days when there is no rain.
- Always avoid busy streets and highways while flying your kite.
- Don't pull on the string or climb a power pole to loosen a snagged line.
- Always fly your kite far from electric or power lines.
- Always fly your kite away from TV and radio aerials.

Posters containing these safety rules have been distributed by the company to all schools," Locke said. "Young people following these rules will get more fun out of flying kites and at the same time will keep from getting hurt or losing their kites."

Del Real Jury Is Dismissed

COLORADO CITY — A Mitchell County jury couldn't agree on a verdict in the trial of Manuel Del Real of Colorado City for alleged cattle theft and was discharged at 10:45 p.m., Tuesday after five hours and 45 minutes of deliberations.

The 53-year-old Del Real was charged with the theft of 12 head of cattle from farmer-stockman Waddell Strain, Del Real's neighbor about 12 miles northwest of Colorado City.

Testimony presented Monday had indicated Del Real had sold the stock through a San Angelo auction ring. The cattle were branded with Strain's brand, the Seven Bar, according to Billy Bynum, brand inspector.

A check issued for sale of the cattle was \$2,575.71 and had allegedly been endorsed by Del Real.

Tenneco Signs Tractor Pact

HOUSTON — Tenneco Inc., Houston-based conglomerate, announced today that its subsidiary, J. I. Case Company, has signed an agreement with Mercedes-Benz for the marketing in North America of a multi-purpose diesel-powered tractor called the Unimog. The tractor is manufactured by Daimler-Benz, the West German maker of Mercedes-Benz passenger cars, as a mobile, off-road power source for use in construction, public works, industry, logging, mining, farming and many other fields.

Cross Street To Service

SAN FRANCISCO (AP) — Interservice rivalry is displayed by two billboards on opposite corners here. One is for the Army, showing a large group of smiling soldiers. Across the street the other billboard depicts one Marine with caption, "Quality, Not Quantity."

AUSTIN — State Senator Ray Farabee introduced legislation this week to close loop-holes which exist in current laws dealing with juvenile delinquents.

Noting that there has been over a 10 per cent rise in juvenile crime in Texas, Farabee said, "Juvenile delinquents must know that they are not exempt from the laws of society. Young people must be aware that they too have a responsibility to abide by the law."

It is my feeling that we should do everything possible to rehabilitate juvenile offenders, but that doesn't mean letting them go because of legal technicalities."

One section of the bill makes revisions which clarify the jurisdiction of the juvenile court.

Other parts are designed

to cut down on the number of runaways and truants.

Another important section would permit the juvenile court, after giving notice and holding a hearing, to enjoin any person from contact with a child if that person is found to be contributing to the child's delinquency.

One amendment contained in the bill would allow detention hearings to be held in the county where the child is being detained even if the juvenile case is filed in another county. This amendment would also make it clear that if there are no certified places of detention within the county that the child may be held in a certified place of detention in another county.

The legislation also contains provisions to protect the rights of the child. It calls for inspection of juvenile

Ex-Sports Cartoonist To Be Speaker Here

Next Wednesday will be Ladies day at the Downtown Lions Club at its weekly luncheon in the Settles Hotel.

Guest speaker will be Joe Malone, formerly sports and editorial cartoonist for the Dallas Times Herald and now pastor of the Westside Church of Christ in Midland.

Lions were urged by President Aubrey Bryans to bring their wives for this special occasion.

At the Wednesday Luncheon, the Blind and Sight Conservation Committee was in charge of the program and Tom Henry, chairman, noted that the club had given glasses

valued between \$800 and \$1,000 since its Mop and Broom sale in the autumn. John Quigley told of his experience in meeting with a blind man and his seeing-eye-dog on a recent air trip.

Arch Atkins, reporting for the membership committee, said that the goal of 90 members, other than at-large members, is getting within reach.

M. A. Barber urged that anyone knowing of a physically handicapped or diabetic child let him know so that summer camp can be arranged. All expenses, including transportation, are borne by Lions, he said.

detention facilities by the juvenile judge in addition to the juvenile board and provides that the Juvenile Court may authorize the fingerprinting of a child. It also addresses the unclear issue of jury verdicts in juvenile cases by requiring a unanimous verdict.

All of the provisions of this bill are endorsed by the Board of Directors of the State Bar of Texas.

Meeting Day Is Changed At CC

COLORADO CITY — The Colorado City council will henceforth meet at 7 p.m., on Tuesday, rather than Mondays.

An arrangement has been worked out between the city council and the Colorado City Chamber of Commerce whereby the Chamber will pay the city \$500 monthly for office space in the new civic center.

Of that amount, \$50 will be in cash and the remainder will be for services to Colorado City residents.

April 1 has been designated as election day for council seats. Mayor Mike Burt and councilmen Rick Perkins, Hank Bryant and Mrs. Tom Neff face reelection.

Fewer Visited Carlsbad Caverns

CARLSBAD, N.M. (AP) — Visits to the famous Carlsbad Caverns National Park dropped in 1974.

Supt. Don Dayton says 671,721 persons visited the park last year compared with 840,000 in 1973.

Dayton said only during December was there an increase of visitors over any 1973 month.

MEN IN SERVICE

RICHARD HEARD

SAN ANTONIO — Airman Richard L. Heard, son of Mr. and Mrs. Richard D. Heard of 110 N. 19th, Lamesa, has been assigned to Sheppard AFB, Tex., after completing Air Force basic training.

During his six weeks at the Air Training Command's Lackland AFB, Tex., he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman has been assigned to the Technical Training Center at Sheppard for specialized training in the wire maintenance field.

Airman Heard is a 1972 graduate of Wheeler (Tex.) High School.

MIKE CONLEY

BILOXI, Miss — A Big Spring man has graduated at Keesler AFB, Miss., from the technical training course for U.S. Air Force radar navigation systems equipment repairmen.

Airman First Class Michael R. Conley, son of Mr. and Mrs. Robert G. Conley of 4106 Biggen, Big Spring, was trained to test and repair navigation systems and related equipment. Completion of the course enables him to receive academic credits through the Community College of the Air Force. The airman now goes to Luke AFB, Ariz., for duty with a unit of the Tactical Air Command.

Airman Conley is a 1974 graduate of Big Spring High School. His wife, Lea, is the daughter of Mr. and Mrs. Eldon Myers of 104 N. E. Sixth, Andrews.

DENVER — A Big Spring man has graduated at Lowry AFB, Colo., from the technical training course for U.S. Air Force munitions maintenance specialists.

Airman First Class Michael L. McDaniel, son of Mr. and Mrs. R. C. McDaniel of 1511 Asiford St., Big Spring, was trained to inspect, assemble and dispose of explosive munitions. Completion of the course enables him to receive academic credits through the Community College of

the Air Force. The airman now goes to Hill AFB, Utah, for duty with a unit of the Air Force Logistics Command.

Airman McDaniel is a 1974 graduate of Big Spring High School. His wife, Debra, is the daughter of Mrs. Dorothy Martin of 1319 Mulberry St., Big Spring.

WURZBURG, Germany — George L. Saldivar, 21, son of Mr. and Mrs. Alfonso Saldivar, Star Route 2, Lamesa, Tex., was promoted to Army specialist five in Wurzburg, Germany, where he is assigned to the 3rd Infantry Division. His wife, Olivia, lives at 1209 Second St.

Navy Seaman Dennis I. Waldrip, son of Mr. and Mrs. Randall L. Waldrip of Route B, Lamesa, graduated from recruit training at the Naval Training Center, San Diego. He is scheduled to report to Communications Technician A School here.

Seminar Is Set

A seminar to acquaint small businessmen in Texas, Oklahoma, Arkansas, Louisiana, and New Mexico with the types of census data available for business decision making will be conducted by the Bureau of the Census as part of a Government Assistance to Small Business Conference to be held at the Fairmont Hotel in Dallas, Tuesday and Wednesday. Twelve federal agencies, including the U.S. Department of Commerce, are taking part.

Public Records

White Stores, Inc. vs. Fred Pichard, application for writ of sequestration on items bought on installments.

Theft Ring Smashed

HOUSTON (AP) — Sheriff's officers say they have cracked the biggest burglary and fencing ring in this area in recent years.

They reported they confiscated about \$40,000 worth of stolen goods in raids on seven locations Wednesday.

Sgt. Bill Norman said 28 burglaries were solved in the roundup and items possibly taken in 10 other burglaries were located.

Chess Title Won By Local Woman

A Big Spring woman, Melanie White, won first place in the Woman's division of the Permian Basin Open Chess Tournament held in Midland over the weekend.

John Jacobs, Ft. Worth, was the overall winner of the meet, which saw around \$600 in prizes distributed among the winners.

Around 40 persons from as far away as Dallas and Amarillo participated in the meet.

A United States Chess Foundation rated tournament has been tentatively slated for June in Big Spring.

(AP WIREPHOTO)

CUBICLE COLLEGE — A student demonstrates how persons can take University of Wisconsin-Oshkosh courses in a cubicle at the Oshkosh Public Library. The two institutions are combining forces to offer courses to older persons who might be uneasy sitting next to teenage classmates.

Oscar Castillon Gains Promotion

Oscar E. Castillon, area development manager for Texas Electric Service Co. for the past 11 years, has been promoted to director of information for the company.

He replaces Richard L. Ramsey, who is moving to the Texas Utilities Co., in Dallas as assistant to the vice president of public affairs.

Succeeding Castillon as area development manager is Robert C. Scott, formerly audit manager for the company.

Castillon joined the power company in 1956 in the area development department following graduation from TCU. He has been active in a number of industrial development organizations, including the West Texas Chamber of Commerce industrial committee. Mrs. Castillon is the former Ruth Minter, who resided for a time in Big Spring.

Awards Offered

The overall high point boy and girl at the Little Britches Rodeo slated for April will get breast collars, and the high point individual will get a belt buckle, not as was reported earlier.

U.S. AIR FORCE ACADEMY, Colo. — Cadet Michael D. Payne, son of Mr. and Mrs. Darrell Payne of 508 St. Francis, Stanton, has been named to the Commandant's List for his outstanding military performance at the U.S. Air Force Academy.

Cadet Payne, a member of the class of 1978, will wear a silver wreath designating the honor accorded him by the Commandant of Cadets.

The 1974 graduate of San Manuel (Ariz.) High School will be commissioned a second lieutenant and awarded a B.S. degree upon his graduation from the academy.

To Close Radio Station Rather Than Obey FCC

LINCOLN, Ill. (AP) — Lincoln Christian College says it will shut down its radio station rather than obey federal regulations that require the hiring of persons of all religious faiths.

The station currently requires all employees to be members of the Churches of Christ.

School spokesman Richard Jorgensen said Monday that station WLCC-FM will be closed Feb. 28.

"It becomes a matter of the integrity of the institution," Jorgensen said. "Can we, as a principle of religious freedom, set up a school to prepare men and women...without the government telling us who we can hire?"

The FCC requires "no person shall be discriminated against in employment because of race, color, religion, national origin or sex," said William B. Ray, an FCC complaints and compliance chief in Washington.

Ray said that in a case involving a Spokane, Wash., station "this commission ruled that only those persons that are hired to espouse a particular religious philosophy should be exempt from the nondiscrimination rule."

He said that ruling was up-

held last year by a U.S. appeals court.

Jorgensen said publicity about similar cases had alerted the school that it was

Hearing Held On HUD Funds

A large delegation from Big Spring attended the hearings at Odessa Tuesday in connection with possible funds available from the Department of Housing and Urban Development.

The meeting was set up for those cities eligible under 50,000 population. Cities the size of Midland and Odessa have already obtained funds.

The city of Big Spring has given preliminary approval to apply for funds which it plans to use for paving, utilities and improvements of this type in underdeveloped areas. The council has yet to give final approval to the application.

Pay Is Boosted

ODESSA — Ector County commissioners have voted to raise the annual salary of County Attorney Bill McCoy from \$13,500 to \$18,000.

The new plateau puts him on the same salary level with District Attorney John Green.

violating FCC policy.

"The FCC has never contacted us about it," he said. "This was a voluntary action on our part."

It is designed in such a manner that the council can make the final decision on what projects are most needed.

A group from the city included Councilman Charles Tompkins, City Manager Harry Nagel, City Attorney James Gregg and Paul Fezzelle, who is preparing the city's application. Thomas Ferguson, finance director; Bob Butler, assistant manager.

Also attending from Big Spring were three interested citizens, including Jack Watkins, Hudson Landers and Johnny Ray Smith. Watkins asked a number of questions of the officials.

Other towns in attendance included Andrews, Stanton, Lamesa, Fort Stockton, and Goldsmith.

Work To Start

ODESSA — Construction will start Monday on a \$20.4 million addition to Medical Center Hospital here.

FEB. 14th IS VALENTINE'S DAY

President Park Hails His Victory

SEOUL, South Korea (AP) — President Chung Hee Park today termed the referendum endorsement of his policies "a valuable decision on the part of the people." But the voting returns showed a drop of more than 20 per cent in public support for Park's authoritarian rule.

The government said returns from 98 per cent of the ballots cast in Wednesday's referendum showed 9,710,569 in favor of Park's major policies, 3,328,739 opposed and 231,523 ballots invalid.

About 80 per cent of those eligible voted, so the total in favor of the president represented about 58 per cent of the electorate, with 1,087,965 opposed and a 90 per cent turnout.

This was a sizable drop from the results of the 1972 referendum which endorsed Park's revision of the constitution to prolong his hold on the presidency and enlarge his powers. The vote in his favor then was 12,863,468, or more than 80 per cent of the electorate, with 1,087,965 opposed and a 90 per cent turnout.

The president's victory statement was conciliatory in tone. But a spokesman for the National Congress for the Restoration of Democracy, a coalition of political, civic and religious bodies, predicted a crackdown on opposition leaders that he said would show the "dictatorial nature" of the government.

Park said he would develop a "nonpartisan national political system on the basis of a national consensus." There must be no victors nor any losers in the referendum. It was the choice of the majority of the people on the basis of democratic principles.

The voters were given only one choice: to say they approved or opposed the "major policies" of the 57-year-old former general who has ruled South Korea since he led a military coup in 1961.

The government viewed the referendum as a test of support for the 1972 constitution, and Park said he would quit if the vote went against him.

A spokesman for the largest anti-Park political party, the New Democratic, said the party would keep up its fight for a democratic constitution despite the government's victory.

'Hell Hole' Fear Voiced

NEW ORLEANS (AP) — The 5th U.S. Circuit Court of Appeals has ordered a hearing on an appeal motion from a prisoner who said he dismissed his first appeal out of fear that he would die in the "hell hole" of the Lubbock, Tex. jail.

The appeals court Wednesday remanded Herschel H. McKnight's plea back to U.S. District Judge Halbert O. Woodward.

Woodward had denied McKnight's appeal of his 1971 conviction of conspiracy to rob a bank. Woodward said McKnight filed an appeal at the time, then dismissed it, and couldn't seek another appeal at a later date.

McKnight said he dismissed his first appeal because he was extremely sick and was advised by his lawyer, the prosecutor and U.S. marshals to drop his appeal so he could be transferred to a federal prison where proper medical care would be available.

McKnight said he would have had to stay in the Lubbock jail pending the outcome of his appeal.

INTERSTATE JAMUP — Traffic backs up on Interstate 70 some 60 miles southwest of Pittsburgh, Wednesday, after seven truck collision in the westbound lane. One driver was killed and seven persons were overcome by styrene fumes leaking from one of the trucks involved in the collision.

(AP WIREPHOTO)

'WE ARE STILL IN BUSINESS' Kissinger Concludes 'Very Positive' Talks

DAMASCUS, Syria (AP) — Secretary of State Henry A. Kissinger concluded "very positive" talks today with Egyptian President Anwar Sadat on an Israeli withdrawal in Sinai and flew here seeking Syria's support.

DETAILS "We are still in business," Kissinger told newsmen before meeting with Syrian President Hafez Assad.

Privately, U.S. officials said Syria was not opposed to a second-stage agreement between Egypt and Israel

and might actually favor another Golan Heights accord.

Significantly, an editorial in the official Syrian government newspaper Al Thawra called for militancy "whether the political endeavors go to Geneva or stay here." Until now Syria has consistently demanded an immediate resumption of the Geneva peace conference.

SIGN AGREEMENT Kissinger takes his "exploratory" mission to Israel tonight. A senior American

diplomat said further significant progress was unlikely before Kissinger returns to the region around March 10. Stopping first in Cairo, he plans to work out the details then of a sizable Israeli pullback in exchange for moves by Egypt toward acceptance of the Jewish state.

U.S. Officials said an agreement would involve a document signed by both Egypt and Israel. But these officials would not go into detail except to hint that one element of the settlement would involve replacing the oil Israel would lose by giving up the Israeli-occupied Abu Rudeis oil fields.

Kissinger is scheduled to confer with the Shah of Iran in Zurich, Switzerland next Tuesday. Iran, which has been Israel's only foreign supplier, apparently would guarantee to make up the losses, with the United States the backup source in the event of an emergency.

Kissinger met with Sadat for about seven hours in a 24-hour stay in Cairo. Newsmen were told that the Egyptian president understands there must be a "quid pro quo" for an Israeli withdrawal. But the negotiations were described as the most difficult Kissinger has experienced in the Middle East.

In a ceremony at Tahrir Palace, Kissinger and Foreign Minister Ismail Fahmy signed an agreement under which the United States will lend Egypt \$80 million to finance imports of agricultural and industrial equipment, spare parts and others essential commodities. The loans are repayable over 40 years at 2 per cent, with a 10-year grace period.

In a statement at Cairo airport Kissinger said he considered his talks with Sadat to have been "very positive." Kissinger added: "We had a very extensive review of all elements that are involved in peace in the Middle East. I look forward to coming back here in a few weeks."

At the start of his trip U.S. officials said Kissinger would return to the area unless he found that the situation was completely hopeless. These same officials underscored on the flight to Damascus that there are gaps that must be closed before there is a settlement.

Kissinger is scheduled to visit Jordan on Friday, Saudi Arabia on Saturday and then on to Europe, where he is to meet Soviet Foreign Minister Andrei A. Gromyko in Geneva on Sunday and Monday.

Schlesinger Defends 'Soldiers Of Fortune'

WASHINGTON (AP) — Secretary of Defense James R. Schlesinger says a government contract with a private corporation to provide training for Saudi Arabian security forces is consistent with U.S. desires to improve relations with the Middle East.

Schlesinger said Wednesday "there is no impropriety involved" in the \$76.9 million Defense Department contract with the Vinnell Corp. of Los Angeles. The California firm is recruiting former U.S. servicemen under the contract to train the Saudi National Guard for security tasks, including protection of oil wells.

Schlesinger emphasized that Saudi Arabia is paying for the contract. He told reporters he did not expect any difficulty in convincing Congress of the propriety of the arrangement.

Survey Planned For HUD Funds

A survey will be taken in some parts of Big Spring by the Manpower office in attempting to obtain information for possible HUD funds which might improve under-developed neighborhoods.

The surveys will be taken starting Saturday, primarily in the evening hours and workers will be marked with identification. They are attempting to obtain additional information on needs in some sections of the community, according to Manpower officials.

Cooperation of citizens in answering the questions is requested, since it will eventually benefit their own neighborhood.

Power Rate Hike Asked

HOUSTON (AP) — The city council has been asked by Houston Lighting & Power Co. for permission to increase the average monthly residential bill 15.8 per cent or from \$22.49 to \$26.06 a month.

The request Wednesday was referred by councilmen to the city public service department for a review. The proposed increase for commercial and industrial customers would be slightly higher, amounting to an average of 16.4 per cent.

The company was last granted an increase Aug. 15, 1973. At that time the average residential rate was raised \$1.31 a month, about 6.8 per cent.

D.D. Jordan, HL&P president, told councilmen that company earnings have deteriorated primarily because of the high cost of construction and financing and the escalation of fuel costs.

SOURCE OF INCOME 'The Street' Is Speed Trap?

HARTSBURG, Ill. (AP) — A part-time policeman using radar equipment provides this tiny central Illinois town with its biggest single source of income.

Drivers speeding through Hartsburg, population 363, were fined \$18,996 in 1974, more than half of the amount Mayor Fred Ritterbush said is needed to run the town for a year.

"Everybody seems to think we're out for the money, and we aren't," Ritterbush said in an interview Wednesday.

"Our prime concern when we hired the radar patrolman was to make the street safe for the schoolchildren who have to cross it, for churchgoers and for the farmers taking their grain trucks to the elevator."

"The street" in Hartsburg is a half-mile stretch of Illinois 121.

The speed limit in town is 45 miles per hour, but Ritterbush said patrolman Roger Shane generally allows drivers a 10 m.p.h. leeway. This means drivers going the legal maximum of 55 m.p.h. on Illinois 121 could sail through Hartsburg without slowing down.

Ritterbush said Shane works irregular hours and is paid \$15 an hour.

"We could put a man out there 24 hours a day and make even more money. But that's not what we are interested in. We just want to make the streets safe," Ritterbush said.

Town Clerk Wayne Coffey adds, "We had a few accidents where people were pretty mangled because someone decided he wanted to fly through the town. There hasn't been a major accident since Shane was hired."

Kills 22 Welsh Ponies When Couldn't Find Hay

ISLAND POND, Vt. (AP) — "I am not proud of what I've done," said Lawrence Allard after he killed 22 Welsh ponies because he couldn't find the hay to feed them.

He said the availability of hay, not money, is his problem. "Sure it was a tough decision," Allard said Wednesday, but he added:

"I didn't have the hay to feed them and I couldn't find any. I would never have let those ponies go hungry, but they would have if I had kept them longer." Allard said the animals killed Monday were valued at \$350-\$700 each. They were

used for dog food. He spared four ponies and eight heifers, but he said he only has a ton and a half of hay left to feed them. He said that unless he can supplement the hay with other feed the hay will last 10 days.

When that runs out, the remaining livestock will probably also be slaughtered, Allard said.

Allard, who has raised Welsh ponies for 14 years, said, "There just isn't any hay to be had no matter where you go. I guess I made 150 personal stops. I called the state Agriculture Department twice in Montpelier and they gave me some names. I went clear to

Quebec City and to New Hampshire, and I am going to have a \$90 phone bill."

He said one of the problems is that farming is on the decline in Vermont and many former hay fields have become grown over with brush.

"If you can find hay, it will cost anywhere from \$90 to \$150 a ton," he said.

State Agriculture Commissioner Leo O'Brien said surveys indicate hay is available, "but the major problem for farmers is finding the money." He said a ton of hay now costs between \$75 and \$100 a ton delivered, about twice the price a year ago.

We Can Do Something About U.N. Inequities

By OMAR BURLESON, M.C.

WASHINGTON, D.C. — At the first meeting of the United Nations in January of 1946, its membership was composed of 51 Nations, all of them being on the side of the allies in World War II. Today there are 138 member nations, each having a vote in the General Assembly equal to ours. A United States' proposal, that would have established requirements for U.N. membership on the basis of size and responsibility, never made it to first base. Some of the Nations in the U.N. have proved they are unable to govern themselves, yet they sit in the General Assembly and vote against seating the South African delegation and give legitimacy to the Palestinian terrorists. Under present circumstances we can do nothing about it.

There is something we can do about it if we will. The first thing is to stop voting in the General Assembly. It would only require the President to instruct Members of the U.S. delegation to ignore voting in that body. There is no reason why we should vote either "yes" or "no" or even "abstain," just leave a record of "not voting." The U.N. started off with laudable purposes. Then, with the emergence of such nations as Uganda, Burundi, Mauritania, Tobago, Chad, Guyana, Albania, Maldives, Togo, and a lot of other names we never heard of until a few years ago, a majority was created which evidently hates the United States. If a big majority of the Assembly wants to welcome terrorist groups and listen to their speeches as they did this last session, then the General Assembly has lost any usefulness to us.

When the Palestinian Liberation Group came to the U.S. they were welcomed with open arms. They urged the support of terrorist outfits to be the rightful government of Cambodia, Palestine, Mozambique, Southwest Africa and even Puerto Rico. They could just as well support an action to throw Texas out of the Union.

The other thing we could do, is to base financial contribution on population. The U.S. represents only 5.6 per cent of the total population of the United Nations. Even if we take into consideration the fact that the U.S. has a permanent seat on the Security Council, there is no reason why we should pay by far the largest share of any member nation. We pay almost twice as much as the Soviet Union and, even here, the Russians are in arrears of payment. So are many of the Arab nations which have money to burn but which have joined many of the little nations in calling the tune.

LARRY CROSBY

Bing Crosby's Brother Dies

LOS ANGELES (AP) — Larry Crosby, older brother of singer Bing Crosby, died today of cancer at Century City Hospital. He was 79.

Crosby entered the hospital last week. He was associated with Bing Crosby Enterprises and devoted most of his attention to the Bing Crosby annual golf tournament at Pebble Beach. Throughout most of his life he worked on various projects with his brother.

A funeral service will be held at 9:30 a.m. Saturday at St. Victor's Church.

He was the oldest of the seven Crosby children. The youngest is bandleader Bob Crosby.

His wife, Elaine, died two years ago. Surviving are a son, Jack; two brothers in California, Bing of Hillsborough and Bob of La Jolla; and a sister, Mary Rose Pool of Carmel, Calif.

Congress has at least taken action to limit the U.S. contribution to 25 per cent of the regular U.N. budget but on the basis of population we would only pay 5.6 per cent which, in dollar terms, would be a saving of some \$338 million.

Back to the first proposition, we should immediately show our independence of the U.N. General Assembly but go

ahead and participate in the Security Council deliberations, which are really the only important function. There is no reason why we should stay in the General Assembly where we are the target of insults, while at the same time pay a large share of the expenses of its operation.

An example of the meddling of the United Nations in the internal affairs of other

people is the vote in the Assembly to oust South Africa and Rhodesia. Another was the action in the Assembly last year when it approved, by a vote of 109-5 with 19 abstentions, a report of its Committee on Colonialism demanding independence for Puerto Rico.

If we reduced our financial support for the U.N. and announced a "no-voting" decision by the U.S. Delegate in the General Assembly, then the United States' attitude toward the United Nations might bring some of these nations back to their political senses.

Over 600 Head To Be Sold

LUBBOCK — Sweetwater and Fort Worth, sites of two top swine shows in mid-February, will put up for sale a combined total of over 600 head of breeding stock, according to Dr. Gilbert Hollis, Extension area swine specialist.

The first event is the National-Southwestern Hampshire Type Conference and Sale scheduled for Feb. 18-19, at the Nolan County Coliseum in Sweetwater. The second is at Fort Worth show ground Feb. 20-21.

Judging of barrows, gilts

and boars gets underway at 8:00 a.m. on Tuesday, Feb. 18, with the sale set for 1:00 p.m. the next day, said Hollis. A swine judging contest for individuals and teams will start at 9:00 a.m., Wednesday, and results will be announced that afternoon when the sale begins.

"Seventy-five consignors from 12 states will exhibit over 275 head of Hampshire breeding stock. Show judge will be Al Christian of Iowa State University.

J. D. Smith, Roscoe, is president of the Texas Hampshire Breeders Association which sponsors the annual event.

SOUGHT IN CAR CASE — Mrs. Elizabeth Carmichael, president of 20th Century Motor Car Corp., shown in her Dallas office earlier this month, is still being sought on a warrant for criminal conspiracy.

'An Unusual Set' Of Cash Records

LOS ANGELES (AP) — A California Corporation Commission official says financial records of 20th Century Motor Car Co. show a large number of cash transactions. The official called the records, seized Monday under a court order, "an unusual set."

Grant Application Is Approved At Meeting

The board of directors of the Permian Basin Regional Planning Commission granted approval to the director to apply for a federal grant that would fund a comprehensive Emergency Medical System in the Permian Basin.

According to Harley Reeves, PBRPC director of health planning, the grant application to the Department of Health, Education and Welfare for funding the program would involve approximately \$250,000 in federal funds for one year.

The grant would be a 50-50 split with HEW paying half and communities who participate paying the other half. All communities that wish to participate must

Film Star Sues Florida Motel

JACKSONVILLE, Fla. (AP) — Stage and screen star Ann Sothern has filed a negligence suit against The Thunderbird Motor Hotel here. She claimed that a heavy pole which fell and hit her during a 1973 performance at the hotel ended her career.

AUTO INSURANCE Texans Continue To Pay More Than They Should?

AUSTIN, Tex. (AP) — Thirteen to 17 more states have authorized group auto insurance since the House voted to make it available to Texans two years ago, says Rep. Jim Clark D-Houston. The Senate never voted on the bill in 1973, so the people of Texas continue to pay more than they should, he said.

Target Passed By Y Committee

The YMCA participating membership division has surpassed its target and is still going strong. Reports Wednesday, said Ben Bancroft, chairman, showed memberships generating \$22,000, whereas the goal was \$22,000. He said several workers were still making contacts on the remainder of their prospects.

Both criminal and civil dockets in Howard County's 118th District Court were slightly thinner at the end of January than at the first. District Attorney Robert H. (Bob) Moore III filed seven cases, in which the defendant waived grand jury consideration, and negotiated nine guilty pleas.

Once-Mighty U.S. Military Presence Wanes In Pacific

WASHINGTON (AP) — The United States will have fewer aircraft carriers in Asian waters next year than at any time since the outbreak of the Korean War in 1950.

Meanwhile, U.S. air power in Thailand will be cut to a fraction of what it was during the American involvement in the Southeast Asian war.

This trend in motion. It has been helped along by budgetary pressures, rising operating costs and cutbacks in U.S. conventional forces, particularly the fleet.

American involvement as many a six aircraft carriers were on the line, most of them within striking range of North Vietnam, South Vietnam and Laos.

throughout the years dating back to the Korean War, the United States normally maintained three carriers with the 7th Fleet. One ship usually cruised in the Japan-Korea area, a second patrolled the Taiwan Straits, and the third prowled the South China Sea and other waters in that area.

White House Seeks To Ax GI Education Benefits

WASHINGTON (AP) — White House officials are proposing an elimination of GI education benefits for future veterans and are asking the Pentagon what impact this would have on enlistments and military education.

Odell W. Vaughn, deputy administrator of the Veterans Administration, said Wednesday the White House proposal was made in connection with a VA request that President Ford declare an end to the Vietnam wartime period.

A presidential declaration would immediately cut off such benefits as pensions and burial allowances, for which only wartime veterans are eligible.

Limiting education benefits for peacetime veterans would be similar to action taken after World War II and the Korean War. However, when the Vietnam-era GI education bill was enacted it was made retroactive to provide benefits for

GOOD SNACKING Cheese, apples, crackers

Make Omelet Slowly For Best Results

Want to know the secrets for making a perfect omelet? Use eggs that are at room temperature. Beat them with a fork until fluffy. Add one tablespoon of milk or cream per egg. Season with salt and pepper. Use one teaspoon of butter for each egg and melt over low heat in skillet until it sizzles. Pour omelet mixture into skillet. Cook slowly... keeping heat low. As the underpart becomes set, start lifting the omelet ever so slightly with a spatula so that the uncooked part will flow underneath. Continue cooking till golden done. Just before folding, add the filling you desire and then serve on a warm platter.

One truly sumptuous omelet is the California Avocado Salsa Omelet. You'll be sure to get baskets full of compliments on this original recipe which is so simple to prepare:

OMELET

- 6 eggs
- 6 tbsps. cream or milk
- 1/2 tsp. salt
- Dash of pepper
- 6 tbsps. butter
- 1 California Avocado, peeled and diced

Prepare omelet as directed above then arrange avocado chunks across center of omelet. Fold over sides and remove to warm platter.

SAUCE

- 4 slices bacon, chopped
- 1 small onion, diced
- 2 large tomatoes, diced
- 1/4 tsp. salt
- 1/4 tsp. pepper
- 1/4 tsp. chili powder.
- 2 California avocados

In medium skillet, cook bacon until almost done; pour off about 1/2 bacon grease. Add onions, tomatoes, salt, pepper and chili powder. Simmer several minutes or until onion is soft. Remove from heat. Peel avocados while simmering (reserve slices for garnish); mash remaining avocados and add to sauce. Serve in pitcher or gravy boat so your guests can "pour it on." Four to five servings.

Flaky Crust

For a flakier pie crust, add a teaspoon of vinegar to the cold water when preparing the dough. Prick the bottom of the unbaked pie shell to keep the pastry from buckling or shrinking.

Wheat Intolerance? Try These Desserts

If there is an intolerance for wheat in your family and desserts are hard to come by, fret no more! Featured are three desserts that remedy this situation — from torte to brownies, it's all done with cereals.

DATE AND PINEAPPLE TORTE

- 2 eggs
- 3/4 cup packaged corn flake crumbs
- 1/2 cup sugar
- 1 tsp. baking powder
- 1/2 tsp. salt
- 1 cup finely cut, pitted dates
- 1/2 cup finely chopped pecans
- 1/2 cup crushed pineapple, drained

Mexicali Slaw Colorful Dish

A molded salad is always attractive to serve to guests and Molded Mexicali Slaw with its colorful layered effect is no exception. Use your fanciest refrigerator mold to assemble this salad and let it chill overnight. When you serve it, you may want to set out a low-calories mayonnaise.

MOLDED MEXICALI SLAW

- 2 (3 oz.) packages orange flavor gelatin
- 1/4 tsp. salt
- 2 cups boiling water
- 1/4 cup vinegar
- 1 cup cold water
- 1 cup finely shredded cabbage
- 1/4 cup finely chopped celery
- 3 tbsps. finely chopped green pepper
- 3 tbsps. finely chopped pimiento
- 1 pint. low fat cottage cheese
- Lettuce

Dissolve gelatin and salt in boiling water. Stir in vinegar and 3/4 cup cold water. Set aside 1 1/2 cups of the gelatin mixture for cottage cheese layer. Stir remaining 1/4 water into the other portion of gelatin, and cool until slightly thickened. Fold in cabbage, celery, green pepper and pimiento, and turn into oiled 6-cup mold. Chill until set. Fold cottage cheese into reserved 1 1/2 cups gelatin, and spoon over vegetable layer. Chill overnight. Turn out onto crisp lettuce. Serve with low-calories mayonnaise. Makes 8 servings.

- 1 cup pineapple preserves
- 1 cup whipping cream
- 2 tbsps. sugar

Beat eggs until light and fluffy. Fold in corn flake crumbs, sugar, baking powder, salt, dates, pecans and crushed pineapple; mix well. Spread batter in two greased waxed-paper lined 8-inch layer cake pans. Bake in slow oven (325 degree F.) about 30 minutes or until done. Cool on racks. Spread preserves on one layer; top with second layer. Just before serving, whip cream until stiff; fold in sugar. Spread over top and sides of torte.

CRUNCHY ICE CREAM PIE

- 1/2 cup butter or margarine, melted
- 1 cup brown sugar, firmly packed
- 3 cups corn flakes
- 1 cup chopped nutmeats
- 1 cup flaked coconut
- 1 qt. vanilla ice cream, slightly softened.

Blend butter and sugar; mix with corn flakes, nutmeats and coconut. Line bottom and sides of 9-inch pie pan with 2-3rds of the corn flakes mixture. Fill with ice cream; sprinkle with remaining corn flakes mixture, pressing lightly

into ice cream. Freeze for several hours or overnight. Serve with hot fudge sauce, if desired.

PEANUT BUTTER BROWNIES

- 2 squares (2 oz.) unsweetened chocolate
- 1/4 cup butter or margarine
- 1/4 cup peanut butter
- 1 cup sugar
- 2 eggs
- 1 1/2 cups oven toasted rice cereal
- 1/4 tsp. baking powder
- 1/4 tsp. salt
- 1/2 cup chopped nutmeats
- Confectioner's sugar

Melt chocolate and butter in heavy 2-quart saucepan over low heat; remove from heat. Add peanut butter and sugar, stirring until well-blended. Stir in eggs; beat well. Crush cereal into fine crumbs; mix with baking powder, salt and nutmeats. Add to chocolate mixture and mix well. Spread in greased 9 x 9-inch baking pan. Bake in moderate oven (350 degrees F.) about 30 minutes or until done. Sprinkle with confectioner's sugar when cool, if desired. Cut into bars to serve. Yield: 18 bars, 3 x 1 1/2 inches.

Almond Tip

A pound of almonds in the shell will yield about 1-1/3rds cups of the nutmeats.

Refrigeration Important To Cooked Foods

COLLEGE STATION — Most consumers know how easy it is for harmful bacteria to grow in raw meat or poultry held for several hours at room temperature. But equal concern should be given to being sure cooked food is properly refrigerated, also, one foods and nutrition specialist pointed out this week.

Sally Springer with the Texas Agricultural Extension Service, The Texas A&M University System, said that most bacteria in raw food are destroyed at room temperatures above 140 degrees F. But cooked foods can also be a haven for growing bacteria through recontamination or cross-contamination, she reminded.

"Cooked foods may be recontaminated if kitchen utensils used for preparing the food before cooking aren't washed before handling the same food cooked. Foods can be cross-contaminated by handling uncooked meats, then fresh vegetables without washing kitchen utensils and hands," the specialist said.

She suggested that a good rule to follow is to wash all utensils and hands in hot soapy water after handling raw food — since it may contain bacteria — and before touching cooked food. "Cooking food at proper temperatures will destroy bacteria that cause food poisoning," she said.

Coeur A La Creme With Crisp Apples

Cater to your more sophisticated guests with today's delightful Coeur a la Creme, a Valentine version of the French shaped cheese, served with red and golden Delicious apple slices. Recipe No. 1 carries cream cheese and cottage cheese; Coeur a la Creme No. 2 omits the cottage cheese, includes candied ginger.

Or, greet other guests with a handsome tray petalled with crisp apple slices and an array of cheese. Another suggestion, hollow out several handsome Washington Red Delicious apples and use them for colorful servers of your favorite cheese dip. Our third recipe, "3 C's Dip for Delicious Slices", including cream cheese, curry and caraway, plus Roquefort cheese, is an excellent one for this purpose. And, you can surround the Red Delicious cups with Golden Delicious apple slices, if you wish.

- COEUR A LA CREME NO. 1**
- 1 lb. cottage cheese
 - 1 lb. cream cheese
 - 2 cups heavy cream
 - Apples, washed, cored, and cut into crescents
- Beat cottage cheese and cream cheese until smooth; force the mixture through a

sieve. Gradually beat in the cream. Line a heart-shaped wicker basket mold with cheesecloth and fill it with the cheese. Stand the basket on a plate in the refrigerator overnight to drain. To serve, unmold the coeur onto a glass plate and serve with fresh apple crescents.

- COEUR A LA CREME NO. 2**
- 1 lb. cream cheese
 - 1/4 cup cream
 - 1/4 tsp. salt
 - 2 tbsps. powdered sugar
 - 1 tbsps. finely chopped candied ginger
 - Apples, washed, cored, and sliced thin
 - Bar-le-duc or strawberry preserves
- Mix cream cheese with the cream, salt, sugar, and ginger. Line a heart-shaped coeur a la creme basket (or mold) with wet cheesecloth, pour in the cheese mixture and chill. Turn out on a dish, surround with thin slices of apple and bar-le-duc; serve with butter biscuits. Serves up to 12.

- 3 C'S DIP FOR DELICIOUS SLICES**
- 1-3 oz. pkg. cream cheese
 - 2-3rd cup Roquefort (or Blue) cheese
 - 3 tbsps. sour cream
 - 1 tsp. lemon juice
 - 1/2 tsp. Worcestershire sauce

Oranges, Grapefruit Lead Good Buy List

COLLEGE STATION — A record crop of navel oranges is coming to market, according to a consumer marketing information specialist.

Mrs. Gwendolyn Clyatt with the Texas Agricultural Extension Service termed navel oranges "most economical" this year.

"Grapefruit quality is excellent and prices attractive — especially in the 15- and 18-pound bags," she added.

Other vegetables on this week's shopping list could be dry beans, dry peas, broccoli, cabbage, carrots, turnips, rutabagas, hard shell squash, onions and sweet potatoes, the specialist said.

"At fruit counters, apples still offer a good buy, pricewise, and winter pears — the Anjou variety, which is green even when ripe, and sweet — are in ample supply with prices steady."

Other choices are bananas, grapes and strawberries.

"At pork counters, supplies are about the same as a week ago. Boston butt, quarter-loins cut into chops, and liver offer reasonable prices, while semi-boneless ham and frankfurters head the list of smoked items," Mrs. Clyatt said.

"Good beef values include both heavy and light beef. Feature cuts are chuck

roasts and steaks, round steaks, ground beef and beef liver.

"At egg counters, prices are steady — moderate to low for this time of year."

Onions are quite plentiful with low price tags.

New Version Of Quiches

New version of a popular recipe.

- Two 2 1/2-oz. jars chopped mushrooms
- 1/4 cup dried, chopped shallots
- 1 egg
- 1/2 cup milk
- 1/4 tsp. salt
- Pastry Shells, see below

Drain mushrooms; soak shallots in mushroom liquid to soften — about 5 minutes; drain. Press down mushrooms and shallots in a strainer to remove last vestige of liquid. Spoon into pastry shells. Beat, egg, milk and salt to combine; drizzle over mushrooms. Bake in a preheated 350-degree oven 35 minutes. Serve hot. Makes 24.

Pastry Shells: Cream 1/2 cup butter or margarine in a 3-ounce package of cream cheese; work in 1 cup flour; chill if very soft. Roll into 24 balls and press each over bottom and sides (up to top) of small muffin-pan cups, each 1 1/4 inches across top.

Two Condemnation Suits Filed In Court Here

Two more condemnation suits have been filed in 118th District Court on behalf of the City of Big Spring and state.

The petitions seek for District Judge Ralph W. Caton to name a board to determine the value of land needed for the Owens Street overpass.

Owners of a 1.3-acre tract are Mack W. Gamble, Helen R. Gamble, E. R. Thompson Jr. and Margie Oneda Thompson.

A 1.4-acre tract belongs to Monty McGuire, Eugenia L. McGuire, Joseph Henry Smoot III, Janet Smoot, Robert Doolin and Brend Joyce Daves.

These are the last two overpass parcels to be submitted for consideration of special commissioners

appointed by Caton, City Attorney Jim Gregg said.

Of the other petitions for special commissioners, about six cases were not settled before the special commissioners met.

And, of these six, objections were filed by either the city or property owners in four cases, Gregg said.

While the amount of damages and value of land will be assessed next in district court, the state and city have acquired the right to start construction on these four tracts, Gregg said.

Follow Script Of Bank Heist

HAVANA, Fla. (AP) — Two masked men followed the script of a recent movie made in this tiny town when they held up the Havana State Bank.

But there was one improvisation Monday — the heist was for real with the robbers escaping with \$7,000.

"The movie was an open invitation to someone who would want to rob this bank," complained Henry Slappey, bank president.

Slappey said he has seen the movie, "Country Blue," a story of young lovers who held up a Southern bank in the 1960s. The movie premiered last week in Tallahassee, just 12 miles south of the rural tobacco farming community.

B.J. Cunningham, a Florida state banking examiner who was examining the bank's books, said the robbers forced him and 14 other persons into the vault.

"They tried to close the vault door, but they had trouble," he said. "If they had closed the vault door we would have been in a real bind."

But Cunningham said he had some good news for the bank even though it did come up a bit short of assets. "It's in very good condition," he said.

CELEBRATING THE YEAR 4673 — A UCLA coed, Marie Takagai, takes a mouthful of noodles and then contemplates another as she competes in the "Chinese Noodle Eating Championships" in Los Angeles Tuesday. The stunt highlighted a celebration of the Chinese New Year, 4673.

Seven Seas Deal made

ARLINGTON, Tex. (AP) — Leisure Marine Corp. and American Broadcasting Companies, Inc. have agreed to pay the city of Arlington one per cent of the gross for the first five years of their operation of Seven Seas Sea Life Park here.

Gene Randall, director of public information for the city, said the two groups have an agreement, approved by the Arlington city council Wednesday, to lease the sea life park for five years, with a 45-year option.

ABC, Inc., and Leisure Marine Corp. also have agreed to pay the city two per cent of the gross, or a guarantee of \$100,000 after the first five years, Randall said.

He added that the agreement includes the sale of the animals.

The park will become a part of ABC's Scenic and Wildlife Attractions, which operates similar parks in Florida, Maryland and New Jersey.

Only Way To Wipe Out Failure Of Convention?

AUSTIN, Tex. (AP) — A number of prominent Texans with experience in constitutional revision say a new citizens convention is the only way to wipe out the failure of the 1974 Con-

stitutional Convention. "I am convinced that the citizens' convention is not only the best, most viable and publicly acceptable method of revision—but it is also probably the only approach that stands a realistic chance of being set in motion during this session of the legislature," Price Daniel Jr., former House speaker and president of the 1974 convention that was made up of the 181 state senators and representatives as delegates.

man of the Constitutional Revision Commission.

After hearing an hour and a half of testimony Wednesday the Senate committee on the Texas Constitution recessed without action, saying further hearings would be held on the bills pending.

Measures before the committee include a bill by Sen. Bill Meier, D-Eules, that would convene a convention in April, 1976, consisting of 72 delegates elected from congressional districts and 25 delegates appointed by a special statewide committee.

Also before the group was a similar bill by Sen. Bob Gammage, D-Houston, with the basic difference that Gammage's bill would have delegates elected from state senatorial districts.

MINUTE 3 BRAND

BIG/LITTLE RECIPE CONTEST

Last year we woke up a lot of appetites, and this year we're at it again!
Conjuring up luscious new ways to bake and cook and make casseroles with what used to be just a breakfast cereal.
Men, women, and school children (yes, a whole home economics class from Ada, Okla-

homa!) entered our contest last year. From 11 states. And more than 1,100 of them won prizes!
So get your package of 3-Minute Brand Oats and enter again. There are cash prizes of \$10, \$25, and \$200. It's the biggest little contest in the world. Good fun. And a lot of good eating.

Entry Blank

3-Minute Brand Oats "Big Little" Recipe Contest
P.O. Box 1628 • Cedar Rapids, Iowa 52401

Gentlemen: I am enclosing my favorite money-stretching recipe using 3-Minute Brand Oats, along with the 3-Minute Brand symbol from the back of the package.

NAME _____
ADDRESS _____
CITY _____ STATE _____ ZIP _____
(Please make sure your name and address is also on your recipe.)

RULES: All entries will be equally judged on the following:

1. Each recipe must be entered in one of the four categories listed below. Please check the category in which you are entering your recipe.
2. All entries must be postmarked by March 31, 1975. In case of similar recipes, the one with the earliest postmark will be qualified for judging.
3. Decisions of the judges are final.
4. All entries become the property of the National Oats Company, and as such may be used with the entrant's name and picture in future advertising and promotion materials. Recipes may be adjusted or edited as needed before they are printed.
5. In each state where the contest is conducted, several \$10 and \$25 prizes will be awarded in each category—and in addition, there will be a \$200 Grand Prize Winner in each state.

Dawson Livestock Show To Be Held Next Week

The Klondike 4-H and FFA Community Livestock Show will be held Saturday, Feb. 15 beginning at 1 p.m. in the Dawson County Fair Barn in Lamesa. The Lamesa-Caprock Community Show will follow beginning at 6 p.m.

The Dawson County Livestock Show will be held Monday and Tuesday, Feb. 17-18.

This show is open to active FFA and 4-H members in Dawson County including the Klondike, O'Donnell, Sand, Welch and Lamesa School Districts. Entry fees are \$1 per head on sheep and swine and \$2 per head on steers, payable at weigh in.

Market swine, market lambs, and market steers to be exhibited shall be weighed under the supervision of the Superintendent of the Show, to determine classification of the entry. All entries shall be in place until after awards are presented on Tuesday, February 18. Weighing will begin at 11 a.m., Saturday, February 15.

James G. McManigal with the Animal Science Department of West Texas State University will judge the barrow division begin-

ning at 9 a.m. Tuesday, February 18.

Kyle Smith, County Extension Agent, Crosby County will classify lambs beginning 8:30 a.m. on Monday, February 17 with judging beginning at 1 p.m. by Richard Powell, Vocational Agriculture Teacher, Alpine High School, Alpine, Texas.

Jerry Minnis of Lorenzo will judge the steer division beginning 7 p.m. on Monday, February 17 and Leo White former County Extension Agent, Yoakum County will

judge Showmanship. Home Demonstration Club members will be serving lunch for \$1 per plate ages 6 and under, \$1.50 for ages 6-12, and \$1.75 for ages 18 and above, prices include dinner and dessert, in the Women's Building on the fair grounds Monday and Tuesday. The concession stand in the fair barn will be operated by 4-H club adult leaders and members.

Fund Slashes Would Put Heart Research On Shelf

HOUSTON (AP) — A California cardiologist says proposed federal fund cutbacks could cause important heart disease research to be shelved and force young researchers to seek other employment.

"The real loser will be the American public," said Dr. Eliot Corday of Los Angeles.

In an interview during the American College of Cardiology's 24th annual meeting here Wednesday, Corday said "the unfortunate and untimely cut-back in research funds" recommended by President Ford and being considered by Congress will "thwart the biggest push we've seen in heart research in many years."

NEW INFORMATION
Corday, a past president of the cardiology organization, said many researchers are on the threshold of applying new scientific information which he said could greatly reduce the numbers of cardiovascular deaths.

Dr. Theodore Cooper, deputy assistant secretary for health in the U.S. Department of Health, Education and Welfare, disagreed with Corday's claim that heart research would be stymied by federal fund cutbacks.

He said he foresees many of the "truly promising" projects continuing despite the President's suggested \$38 million cut from the previously approved \$324 million to the National Heart and Lung Institute.

Cooper, a director of the National Heart and Lung Institute for six years prior to being appointed to his current HEW post last April, said Congress "has many hard choices" in the

economically tough times. "We're not asking the heart investigators to stop work, but merely to defer some projects and select those with the highest priority ... and I believe they can do that," Cooper said.

DEAD MUSCLE
Corday said one of the most exciting research areas involves efforts to reduce the amount of dead muscle incurred by victims of myocardial infarctions, commonly called heart attacks, which claim 700,000 American lives each year.

Laboratory and early clinical evidence suggests that in perhaps thousands of patients the size of the infarct or amount of dead heart muscle could be reduced with quick intervention steps, he said.

"And at least 75,000 myocardial infarction patients can now be saved each year because they have

access to specialized coronary care units, of which there are some 7,000 in hospitals across the nation," Corday said.

"But we have to go much further—we're sort of at the tip of the iceberg now—without funds, though, we cannot utilize the marvelous capacities we have in our grasp."

Former Watergate special prosecutor Leon Jaworski told the heart specialists Wednesday night they should get involved in seeking "a solution to our social ills."

Jaworski, a Houston lawyer, said old-fashioned leadership evidenced by physicians years ago "must not remain lost—it must be recaptured."

Jaworski was honored by the organization at a special convocation program and presented an award by Dr. Henry D. McIntosh of Houston, the outgoing

president.

NEW OFFICERS
New officers of the organization named Wednesday include Dr. Charles Fisch of Indianapolis, Ind., 1975-76 president; Dr. Warren J. Taylor, of Winchester, Mass., president-elect; Dr. Dean T. Mason of Davis, Calif., vice president, and Dr. Robert J. Hall of Houston, secretary.

Dr. Cooper was presented the college's distinguished service award. Other special awards for various professional and educational achievements went to Drs. William A. Sodeman of Toledo, Ohio, Arthur C. Guyton of Jackson, Miss., and Richard Lagendorf and Alfred Pick of Chicago.

McIntosh announced that registration for the conference topped 10,000 with more than 6,000 doctors and about 700 delegates here from foreign countries.

Black Hat Taken By Curious Man

A bad guy stole a black hat Wednesday afternoon.

A 14-year-old youth reported to police that a red Volkswagen pulled up to the curb at 10th and Johnson. A youth in the car hollered, "Say, let me see that hat."

The youth walked over and the driver asked to look at the hat more closely. When the boy handed over his black Stetson, the driver drove away, taking the hat with him.

She's Studying Journalism

MADISON, Wis. (AP) — Jean Lucey, wife of Gov. Patrick J. Lucey, is back at college studying journalism but says, "I really don't want any publicity on it."

"The kids don't know who I am," she says. "I'm paying full tuition and I'm not getting any special treatment. I'm not an employee of the state. I really feel strongly about my privacy."

Mrs. Lucey is taking classes in journalism and art history at the University of Wisconsin here.

FINANCIALLY AIDED BY IRAN — This is the insignia of the financially-ailing Pan American World Airways. An agreement between Iran and Pan Am to provide funds to the U.S. carrier probably will be approved within days, an administration source said in Washington Wednesday.

FIRES

Dumpster fire at 703 Runnels, 3:50 p.m. Wednesday.

House fire at the Leon Houston home at NW 6th and Lancaster. Fire department fought the fire 38 minutes. No damage estimate.

THEFTS

Larry Fryar, Rt. 2, had four hubcaps, valued at \$160 stolen off vehicle parked at Bowl-A-Rama.

Ford Too Pessimistic

BOCA RATON, Fla. (AP) — Two members of President Ford's Cabinet say they think the national job market will rebound more quickly than anticipated by the President.

Treasury Secretary William E. Simon and Commerce Secretary Frederick B. Dent said Wednesday that their boss was too pessimistic when he said the nation's unemployment will not drop below 6 per cent until 1980.

But neither Simon nor Dent would make his own prediction in remarks to a convention of the National Association of Manufacturers in this Florida Gold Coast resort city.

Simon said Ford's statement on unemployment was "much too pessimistic."

He also said that AFL-CIO President George Meany's prediction that the national unemployment level will reach 10 per cent by July was inaccurate.

National unemployment for January reached 8.2 per cent, its highest level since the Great Depression. Ford predicted that the jobless rate would peak at 8.5 per cent.

MISS AMERICA — Shirley Cothran, 22, of Denton, the reigning Miss America, speaks to members of Texas' House of Representatives during a visit to the State Capitol Wednesday.

Harte-Hanks Buys Florida TV Station

SAN ANTONIO, Tex. (AP) — Harte-Hanks Newspapers Inc. reported Tuesday it has signed contracts to acquire 100 per cent of the outstanding stock of TeLeVision 12 in Jacksonville, Fla.

Closing of the deal is subject to Federal Communications Commission approval.

Robert G. Marbut, president and chief executive officer of Harte-Hanks, said the purchase price will be approximately \$10 million to \$10.5 million, depending upon the balance sheet of TeLeVision 12 at closing. Purchase terms call for approximately 70 per cent cash and 30 per cent five- and 10-year notes with interest rates ranging from 6 per cent to 9 per cent.

"We are excited about the prospect of being affiliated with TeLeVision 12, the NBC affiliate in the growing Jacksonville economy," Marbut said. "Jacksonville is the 60th largest market in terms of Designated Market Area TV households as determined by A.C. Nielsen and 50th in terms of total broadcasting revenue."

Marbut said five members of the current board of directors of TeLeVision 12 have agreed to remain. They are Alexander Brost, C. Farris Bryant, Judson Freeman, Thomas McGehee and Gert N. W. Schmidt.

Harte-Hanks Newspapers owns and operates 21 daily and 25 nondaily newspapers in eight states, advertising publications in Orange and Los Angeles counties in California and KENS-TV in San Antonio.

Martha Makes Speedup Plea

NEW YORK (AP) — Martha Mitchell has asked state Supreme Court to speed her separation suit against former Atty. Gen. John N. Mitchell.

Mrs. Mitchell's attorney, Henry Rothblatt, said there is a "serious question concerning custody of the 14-year-old daughter. She is very much disturbed psychologically."

Margaret Shaw, Mitchell's lawyer, opposed early trial by citing Mitchell's appeal of conviction in the Watergate coverup trial and saying his "financial and personal status has not yet been resolved." She said the daughter, Marty, "went with her father by her own will."

Mrs. Mitchell has been receiving temporary alimony of \$1,000 a week. She has said Mitchell brain-washed the child, who attends Sacred Heart Convent in Greenwich, Conn.

State Supreme Court Justice Manuel Gomez said Tuesday he would rule as soon as possible on the speedup request.

(AP WIREPHOTO)

DEADLY DISGUISES — Rex Davis, director of the Bureau of Alcohol, Tobacco and Firearms, holds up two pens during a Washington news conference Wednesday in which he announced that the pens have been classified as firearms and will be subject to the Gun Control Act beginning June 1. The one on left has been disguised as a popular felt-tipped pen and the one on right as a tire gauge.

Tiny Tear Gas Devices Under New Regulations

WASHINGTON (AP) — The government said Wednesday that the small tear gas devices used by women to repulse attackers are also being used to commit crimes and will henceforth be classified as firearms.

The decision subjects the devices, their owners and manufacturers to local, state and federal gun laws effective June 1. It was announced by the Treasury Department's Bureau of Alcohol, Tobacco and Firearms. It becomes effective June 1.

Rex D. Davis, director of the bureau, said many models of the weapons, known as pen guns, are easily converted to firing small bullets, from .22 to .32 caliber, with an effective range of up to 25 feet.

He said police agencies around the country "have reported to us an alarming incidence of the use of converted pen guns..."

The administration has seized an estimated 3,000 to 5,000 of the weapons from persons boarding aircraft, Davis said. He added that it was his understanding that most of the FAA-seized weapons had been converted to fire bullets.

The pen guns, designed as a personal protective device to fire tear gas, frequently are carried by women in their handbags. Another model fires small signal flares for small boats.

Davis said there were a number of other devices that women could use for protection, including whistles and tear gas devices that cannot be converted into firearms.

Under the new regulations, Davis said manufacturers and dealers of pen guns will have to be licensed by the bureau and that a buyers will be required to meet certain qualifications.

Not all pen guns can be adapted to fire bullets, and Davis said the change in

classification is aimed at those models that can be converted into a lethal weapon. Models whose purpose of firing tear gas or signal flares cannot be altered will not be subject to the new regulations, he said.

Ex-Governor Gains Parole

WASHINGTON (AP) — Former West Virginia Gov. William Wallace Barron has been ordered paroled after serving nearly four years of a 12-year conspiracy sentence.

The U.S. Parole Board took the action Tuesday. It takes effect March 28. Barron, now at the federal prison camp at Eglin Air Force Base, Fla., has been in federal custody 46 months and has paid a \$50,000 fine.

He was convicted of conspiring to bribe the foreman of a federal grand jury that cleared him in a 1968 case involving alleged kickbacks while he was governor.

Harte-Hanks Earnings Up During 1974

SAN ANTONIO, Tex. (AP) — Harte-Hanks Newspapers, Inc., reported Wednesday consolidated net income of \$6,520,000, or \$1.50 per share, for the 1974 calendar year.

This compares to \$5,449,000, or \$1.26 a share, in 1973 before the gain of \$8,261,000, or \$1.90 a share, from the sale of newspaper assets of the Express Publishing Co. of San Antonio in late 1973.

Robert G. Marbut, president and chief executive officer, said revenues for 1974 were \$79,066,000 compared to \$68,660,000 in 1973 before revenues of \$14,552,000 from the Express Publishing Co.

Marbut said operating profits increased 20 percent over 1973 despite "unprecedented increases in newspaper prices and other materials costs in 1974."

Capital expenditures amounted to \$3 million, Marbut said. Three Harte-Hanks daily newspapers in Texas were converted to offset printing and photocomposition technology, and the Abilene (Tex.) Reporter-News was converted to photocomposition and to the DiLitho printing process.

Capital expenditures of \$3 million are planned for 1975, including conversion of the Corpus Christi plant to a fully computerized editorial and electronic editing system, Marbut said.

Marbut noted that the fourth quarter of 1974 was the 12th for Harte-Hanks Newspapers as a public company and the 12th consecutive quarter that earnings per share increased over the same quarter of the previous year.

Car-Store Crash Kills

TEXARKANA, Tex. (AP) — A woman was killed and four other persons injured when a car crashed through a window of a coffee shop in a Sears store here Wednesday night.

The car, driven by a 76-year-old woman, crashed through the window, traveled approximately 50 feet into the store and finally was stopped by a series of freezers in the store, police said.

The victim was identified as Mary C. Riley, 40, a Sears employee.

According to police, the driver said she started her automobile in the parking lot. The car then jumped a curb, hit a parked car and smashed through the window.

Several other persons were injured slightly by flying debris.

Isabel Peron's Fourth Change

BUENOS AIRES, Argentina (AP) — President Isabel Peron has traveled to the world's southernmost city, Ushuaia, in her fourth change of location in little more than a month during Argentina's summer.

In a picturesque mountain area on the Beagle Canal, Ushuaia is at the tip of Argentina's continental territory about 1,600 miles south of Buenos Aires.

With Mrs. Peron were her private secretary and social welfare minister, Jose Lopez Rega, other officials, and friends.

Mrs. Peron, 44, left for Ushuaia on Tuesday from a vacation hotel in the Andean mountain city of Bariloche, to which she had flown from Buenos Aires last Friday. In January she spent three weeks at a work-vacation retreat in a tourist complex near Mar Del Plata, 300 miles south of Buenos Aires on the sea.

Sawyer Given Clock, Plaque

Harry Sawyer, commercial manager for Southwestern Bell Telephone Company, passed a significant milestone with his immediate superior, Roy Brookmole of Midland, didn't forget.

Today marked Sawyer's 25th year with Southwestern Bell and Brookmole presented Harry with an eight-day clock and a plaque.

A native of Waco and a graduate of Waco High, Sawyer started work with Southwestern Bell in Dallas in 1950 as a member of the sales department, covering the East Texas area. He attended night school at SMU for a while, majoring in Economics.

He and his family have been Big Spring residents since 1962 and he says he's never enjoyed living anywhere better. His family includes his wife, Joyce, a daughter and a son, all of Big Spring.

ART IS FUN — These busy, happy youngsters were some of the 26 who registered for the Children's Art Program Tuesday at Howard College. The instructor, Ms. Francis Shultz, is seated among the children at right, and her aid, Ms. Molly Hughes, is standing. The children's work will be exhibited in Howard College Library.

Chapter Sets Activities For Rushees

Plans for future activities were made by members of Alpha Kappa Omicron, Beta Sigma Phi, at the Monday meeting in the home of Mrs. Cathy Myers.

Detailed plans were made for the formal rush tea March 9 at First Federal Community Room. Also announcement was made of the Founder's Day tea at the Officers' Club at Webb Air Force Base on April 24. Entertainment will be a cut from CR '75. At this time awards will be made to the Pledge of the Year and the Girl of the Year. Also to be honored is the Woman of the Year who will be an outstanding woman of Big Spring.

The Nichole Puppeteers will be presented by the Beta Sigma Phi City Council on March 24.

Mrs. Jan Sims brought the program on drama with emphasis on how we see drama in our everyday life.

IWY Purposes Told B&PW Members

Plans to observe International Federation Week were made by the Business and Professional Women's Club when members met Tuesday at Furr's Cafeteria.

Members of the International Women's Year committee, Mrs. Oneita Hardy, chairman, Mrs. L. S. Bonner, Mrs. Laura Boubek and Miss Oma Buchanan, were hostesses.

Mrs. Bert Affleck, president, announced the proclamation of the United Nations of 1975 as International Women's Year. Locally, the women will observe the federation week Feb. 16-22.

The president added that one of the main purposes of IWY is to "insure the full integration of women in the total development effort, especially by emphasizing women's responsibility and

important role in economic, social, and cultural development at national, regional and international levels."

Also emphasized as one of the special events of the year will be the Congress of the Business and Professional Women of the America's convention in Mexico City, Feb. 18-22. Twenty-two countries will be represented at the convention which will have as its theme "Women and Work."

Members were urged to write their state legislators asking them not to vote to rescind ratification of the Equal Rights Amendment.

The club will participate in the state hospital cookie project.

It was announced that Mrs. Delores Richardson Williams, former B&PW scholarship recipient, has

Dobbs Gives Talk At Meet

"Body Language" was the topic for G. Kendall Dobbs, RN, at the session Tuesday of the Texas Nurses Association, District 24, at the Big Spring State Hospital.

Dobbs said all behavior is in response to a need, and that the lips may lie, but never the body. Words are the least important way of communication, with more telling ways being where a person sat in a situation and how he held his arms and hands. (Arms folded over the chest may show a decision has been made before listening. Relaxed hands and arms may show receptiveness and willingness to listen.)

The speaker said everyone has a privacy bubble that extends from 18 to 2 1/2 feet.

That is, if he is seated on a public bench, he puts his personal articles about him to set him away from strangers.

The group accepted the budget, and a nominating committee was appointed to select officers for the new year.

Announcement was made of the Texas Nurses Convention in Houston April 15-19.

Mrs. Lee Butler has been appointed to fill an unexpired term on the Texas Nurses Association Board's continuing education committee.

Mrs. Betty Condray's name has been submitted to Governor Briscoe as a possible member of the Board of Nurse Examiners for the State of Texas.

Projects Set By Sorority

Projects were selected and a social set Tuesday when members of Xi Mu Exemplar Chapter, Beta Sigma Phi, met in the home of Mrs. Clifford Hale.

A dinner for couples will be at 7:30 p.m., Feb. 22 in the Hale home.

Projects endorsed by the Beta Sigma Phi Endowment Fund selected by the Xi Mu are the cancer research, Hopesville Ranch for boys in Virginia, Stanford Kidney research, and International Guide for Infant Survival.

The next meeting will be at 8 p.m., Feb. 25 at the Pizza Inn with Mrs. Beverly Jones as hostess.

Presbyterian Women Hear Mrs. Patterson

Mrs. Julian Patterson was the guest speaker at the Tuesday meeting of the Margaret Currie Circle of the First Presbyterian Church.

The meeting was held in the home of Mrs. Jack Irons, Compass Lane.

"Can Our Kind of Church Change Our Kind of World?" was the question proposed by the speaker. She used graphic illustrations to include the whole man—body, mind, soul and holy spirit. She said the new charismatic movement is bringing a deeper meaning to the faith of Christians.

The March 11 meeting will be with Mrs. M. A. Porter.

Decorating With Plants Discussed By Speaker

Interior decorating with plants was discussed by Mrs. Odell Womack for the members of the 1970 Hyperion Club at the home of Mrs. James Johnston Tuesday.

Using plants from her home, Mrs. Womack arranged them in groupings and explained the staging of plants, showing members how plants should be grouped at different heights with the large specimen at the rear for maximum effect.

To make the most of color, the speaker suggested that blooming plants of the same color be displayed together — grouping three yellow bloomers together for visual impact rather than scattering them throughout the room.

She stressed the importance of grooming plants used for indoor decorating, not only to enhance their beauty but to improve their health.

"Plants are like people, they breathe through their leaves, which must be kept clean and dust-free," the speaker said.

Propagation, potting, watering, feeding and light requirements were among the potpourri of "how-to-do-it" hints Mrs. Womack passed on to the club.

Rocky Mountain Fever Reported

CHICAGO AP — Cases of Rocky Mountain spotted fever in the United States for 1974 ran about 19 per cent ahead of 1973, according to the Journal of the American Medical Assn. The Federal Center of Disease Control in Atlanta reports that the tick-borne disease has been increasing in its statistics since 1968. Not only is the increase due to improved surveillance, but "it appears there has been a real increase in incidence of the disease in recent years."

Rocky Mountain spotted fever is caused by Rickettsia rickettsii, a bacterium that infects the wood tick and other ticks. The rickettsiae are transmitted from ticks to human, infecting the humans.

Rickettsiae are named for Howard T. Ricketts 1871-1910 of the University of Chicago. Bacteria of the genus Rickettsia cause epidemic typhus, murine or endemic typhus, Rocky Mountain spotted fever and other diseases.

Ricketts, after whom the University's Ricketts Laboratory is named, died of typhus after he had identified the specific bacterium.

Dear Abby

First He Leaves Her, Then He Libels Her

DEAR ABBY: I married during college, and my husband left me two years later while I was pregnant with my first child. Living across the street was a man I'll call "Jim." He was a professor, and we became good friends. Jim was wonderful to me, bringing me meals he had prepared, and looking after me as though I was his little sister. I asked him to be my child's godfather. I felt safe with Jim because he was a homosexual.

Two years ago, I married Jim's brother, then a widower with three children. We've had a fantastically good marriage, but last night we had a foolish argument and my husband lashed out at me and said: "I have never thrown up to you the fact that you were a prostitute and your first husband was a pimp." (It came out that Jim had told him that my first husband had told him that.) Abby, my ex, was a rat who could have

said something like that, but the fact that Jim actually believed it and told it to his brother, who also bought it, is something I just can't handle.

Today my husband tried to assure me that he didn't believe that story, but I'm not convinced. I'm so upset I missed work today, something I never do.

Should I confront Jim? I don't want to put my husband in the middle, but he has to know that it is a lie. If it weren't for the children, I think I'd have committed suicide last night. Please help me.

NO PLAY FOR PAY

DEAR NO: If you've had a "fantastically good marriage," believe your husband when he assures you that he doesn't believe that story. Put it out of your mind, and don't confront Jim unless your husband repeats the accusation. If he does, then talk to Jim and get the whole ugly mess settled once and for all.

Mrs. Davis Is 4-H Speaker

Mrs. Harold Davis, cochairman of the Howard County Bicentennial commission, urged the Lucky Acres 4-H Club to take part in the bicentennial celebration at the Monday night meeting in the Howard County Fair Barn.

The club was joined by members of the Gay Hill group for the meeting which was attended by 52 club members and sponsors.

The next meeting will be 7:30 p.m. March 10 at the barn.

Labeling Tips Given Club

Mrs. C. K. Orr brought a program on new laws on food labeling for the Center Point Home Demonstration Club Tuesday.

The meeting was held in the home of Mrs. D. H. Griffith with Mrs. L. J. Davidson as cohostess. Guests were Mrs. Jim Skalicky and Mrs. Leola Davidson.

Rocky Mountain Fever Reported

CHICAGO AP — Cases of Rocky Mountain spotted fever in the United States for 1974 ran about 19 per cent ahead of 1973, according to the Journal of the American Medical Assn. The Federal Center of Disease Control in Atlanta reports that the tick-borne disease has been increasing in its statistics since 1968. Ricketts, after whom the University's Ricketts Laboratory is named, died of typhus after he had identified the specific bacterium.

Mrs. McDaniel Is Club Host

Thoughts on friendship were given by members of the Friendship Breakfast Club at the Tuesday meeting at Coker's Restaurant.

Mrs. Ollie McDaniel was hostess and the devotion on "Faith" was brought by Mrs. L. A. Yater. Mrs. Frank George will be a birthday honoree at the March 11 meeting.

Art Show

The judging for the Big Spring Art Association Show will be on Feb. 15 by Warren Cullar. The pictures will be on display to the public from 2 until 5 p.m. Feb. 16 in the Texas Electric Reddy Room.

Solution to Yesterday's Puzzle:

2/13/75

DENNIS THE MENACE

"ARE WE REALLY GONNA MOVE TO FLORIDA TONIGHT?"

NANCY

BUZ AND CHRISTY FLY TO ECUADOR

JUMBLE

Unscramble these four Jumbles, one letter to each square, to form four ordinary words.

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

Yesterday's Jumbles: FEVER MADLY NESTLE PAYING

Answers: To be honest, it's impossible to tell 'em - LIES

"WHO'S YOUR TAILOR?"

MANDATORY SENTENCES FBI Director Takes Aim At Handguns

DALLAS (AP) — FBI Director Clarence Kelley suggested mandatory sentences Wednesday for persons convicted of a crime involving a handgun. "Handguns were involved in over half the murders committed in 1973," Kelley told the Greater Dallas Crime Commission. "More must be done to keep these lethal weapons out of criminal and irresponsible hands."

He said the FBI does not know the whereabouts of fugitive newspaper heiress Patty Hearst, who has been missing for more than a year. "We sincerely feel we will find her."

A separate group of agents in San Francisco and Los Angeles is assigned to the case and "leads on her are given their primary attention," Kelley said. He had mixed news for the Dallas police department with a report that crime in Dallas during the first nine months of 1974 increased by 19 per cent over the same period in 1973.

Gas Processors Await Banquet

A quarterly meeting of the Permian Basin Chapter of the Gas Processors Association will be held Feb. 20, in the Rooney Park Community Building in Ft. Stockton. The hospitality hour will begin at 6:30 p.m. followed by dinner at 7:30 p.m. James Scott with Lovaca Gathering Company's Houston office will speak on the "Spiraling Cost of Gas."

Cowbells Will Offer Program

The Texas Cowbells are going to present the program for the monthly agricultural breakfast at Coker's Restaurant 7 a.m. Tuesday, Bruce Griffith, county extension agent, announced. Anyone interested in agriculture is invited to the "Dutch-treat" breakfast.

WHAT, NO HAIRCUT, TOO? — Dr. Alma Lee Perotka performs a little manicure on Shalimar, a female tiger at the Oklahoma City Zoo. The tiger's dewclaw, which served no useful function, had ingrown and Dr. Perotka trimmed it. To make sure the other claws, which do function, didn't the animal was tranquilized.

SOUTHWEST BOOKS Underground Woman

THE UNDERGROUND WOMAN. By Kay Boyle. Doubleday. 264 Pages. \$7.95. The opening sentence can make or break a novel. If it's dull, pedestrian, it can stop readers from going on to the sentences that follow, even though what lies beyond might be wonderful stuff. But, properly structured, tickling the reader's curiosity, it compels him to read on. Which is what happens when Kay Boyle opens "The Underground Woman" with: "There were fifteen people seated in the patrol wagon that had not yet begun to move, and one young man sitting in the lotus position in the center of the aisle."

Lions Seek Applicants For Camp

Do you know a handicapped child who would enjoy spending two wonderful weeks at summer camp, and for free? If so, you are urged to call three members of the Downtown Lions Club so that they can process an application and arrange for all details of the experience. There will be four sessions for children with physical handicaps, and two for those who have diabetes.

Stanbough Is Guest Lecturer

Dr. Glen Harry Stanbough, assistant professor, department of medicine division of nephrology at the Texas Tech School of Medicine was guest lecturer at the V.A. Hospital, Wednesday. He discussed "Renal Tubular Acidosis."

Senete Gets Land Bill

AUSTIN — A 71 acre tract of land adjoining the Big Spring State Hospital is headed for City of Big Spring control after a bill authorizing its change from state ownership was reported favorably out of a Senate committee. State Senator Ray Farabee of Wichita Falls sponsored the measure which goes to the floor, and he and Big Spring State Hospital Superintendent Dr. Preston Harrison appeared before the committee.

Haller Speaker Here Friday

Dr. Walfred S. Haller, assistant professor, Department of biochemistry and obstetrics and gynecology, Texas Tech University School of Medicine, will lecture at the VA Hospital Friday, 11:00 a.m. in Room 219. His topic will be "Use and Application of Modern Radioimmunoassay Techniques to Endocrine and Drug Testing." This lecture will be open to all area physicians and medical personnel.

Outpost Staked

With completion of a discovery in northwestern Sterling County, an outpost has been staked. Sterling No. 1-4 Reynolds will be two miles south and slightly west of the three-well upper Canyon Gas producers in the Credo (Mullipay) East field, 12 miles northwest of Sterling City. It will go to 8,500 and is located 660 from the north and 2,300 from the west lines of J. C. Southard 1 N.

Texas Ready For Road Funds

AUSTIN (AP) — Texas has about \$150 million in proposed highway projects that could get under way almost immediately when impounded federal highway money is released, Texas Highway Department officials said today.

President Ford said Tuesday he would release about \$2 billion in federal funds for interstate highway construction in an effort to stimulate the economy.

State highway officials said they have received no notice how much Texas would receive out of the \$2 billion.

Highway department officials said Texas normally lets contracts for about \$30 million to \$50 million monthly.

SAY SOMETHING IN SPANISH, MR. MAYOR — Sombrero-type headgear is worn for the occasion by Chicago's Mayor Richard Daley — the occasion is a point in his campaign for reelection before a Spanish-speaking group. Martha Garcia kisses the mayor, who has three other Democrats vying for that party's nomination. Primary is Feb. 25.

Citrus Strike Staged In Yuma

YUMA, Ariz. (AP) — Citrus workers, unhappy with a decision to pay them weekly rather than daily, struck the Yuma Harvesting Association Wednesday.

The walkout, they said, was not related to a six-month strike by the United Farm Workers of America, which has been trying unsuccessfully to stop the winter citrus harvest and organize pickers in southwestern Arizona.

Pot Raid In Mississippi Ruled Invalid

JACKSON, Miss. (AP) — State, county and local officers stopped a large tractor-trailer rig bound from Texas near here today and seized an estimated 805 pounds of marijuana, a state Bureau of Narcotics spokesman said.

The spokesman said six persons, including four from Texas and two from Jackson, were arrested and held in the Hinds County Jail pending a preliminary hearing. All were charged with sale of marijuana. Kenneth Fairly, narcotics bureau director, said the marijuana, packed in with boxes of cabbage, was "brought to Mississippi for sale to an agent of the Mississippi Bureau of Narcotics."

The bureau spokesman identified those arrested as Arnulfo Avila, 30, of Jackson; Trinidad E. Sanchez, 52, of Crystal City, Tex.; Gilbert Ramirez, 40, of Pharr, Tex.; Charles Ray Franklin, 28, of Baytown, Tex.; Raymond W. Gordon, 24, of Jackson; and Miguel Juarez, 28, of Houston, Tex.

She said the confiscation and arrests followed an undercover investigation by drug agents and represented "the largest drug confiscation in the history of the bureau."

Officials said the marijuana would have had a street value of \$227,250.

AUSTIN (AP) — The Texas Supreme Court ruled today that the purported incorporation of Tucker in Anderson County in 1972 was invalid.

Palestine Mayor Jack Rogers, the state of Texas and others contested the incorporation, which purportedly combined Tucker, Long Lake and Woodhouse in the southwest part of the county.

A trial court affirmed the incorporation, but the Tyler Court of Civil Appeals reversed that ruling and sent it back for review. The Supreme Court upheld that decision.

He Refuses To Help Locate Tania Hearst
BOSTON (AP) — Lawyer William M. Kunstler says he was asked to help find Patricia Hearst and talk her into surrendering, but he refused.

Kunstler, who has been a defense lawyer for a number of radical clients, said his help was sought by Miss Hearst's mother during a 1½-hour meeting in the Essex Hotel in New York last fall.

Miss Hearst, daughter of San Francisco Examiner editor and president Randolph A. Hearst, was kidnapped by the Symbionese Liberation Army on Feb. 4, 1974, and later said she had joined the revolutionary group.

The lawyer said in a speech Sunday at Boston University that he told Mrs. Hearst during their New York meeting that she should resign from the board of regents of the University of California, denounce then U.S. Atty. Gen. William B. Saxbe and "let Patty know that Patty's feelings were in some way shared by her mother."

Price Labels Switch Charged

SARASOTA, Fla. (AP) — Trial has been set for March 18 for a Sarasota County welfare director charged with switching price labels from one package of meat to another in a local supermarket.

Betty Benoit pleaded innocent Monday to charges of petty larceny. She was ordered to appear in Sarasota County Court for trial.
