BIG SPRING, TEXAS (79720) SUNDAY, MARCH 2, 1975

OF CUBA, SAYS HENRY

U.S. May Move To End Embargo

WASHINGTON (AP) — Secretary of State Henry A. Kissinger said Saturday the United States is prepared to explore ways for an early end to the hemispheric embargo of Cuba as a prelude to a possible normalization of relations with the island.

"If the Organization of American States sanctions are eventually repealed," Kissinger said, "the United States will consider changes in its bilateral relations with Cuba. We see no virtue in perpetual antagonism between the United States and Cuba."

His remarks were prepared for delivery at a luncheon gathering in Houston of the Combined Service Club.

The statement was viewed as perhaps the most conciliatory on Cuba by a senior American official since the two nations broke relations more than 14 years ago.

Kissinger acknowledged that the United States already has taken some symbolic steps to indicate that "we are prepared to move in a new direction if Cuba will." Recently, the United States relaxed travel restrictions of Cuban diplomats at the United Nations.

State Department officials acknowledged that Cuba has toned down considerably its hostility toward the United States since the Ford administration took office seven months ago. But they said there have been no consultations between the two governments on establishing a more normal relationship.

Kissinger's conciliatory remarks were tempered by his assertion that "fundamental change cannot come unless Cuba demonstrates a willingness to assume the mutuality of obligation and regard upon which a new relationship must be founded." He also expressed continuing American concern over Cuba's military ties with the Soviet Union.

Kissinger, who plans to visit several South American countries in April, said he hopes that a "generally acceptable solution" on the embargo question will emerge from his consultations.

Under one formula outlined by State Department officials, the OAS, at its general assembly meeting two months from now, could amend the rules to permit the lifting of the sanctions by a simple majority instead of by a two-thirds vote. This would be tantamount to overturning the sanctions, in that a majority of the 21 voting nations already is on record against them.

The officials said the United States may support an end to the two-thirds rule if there is a strong hemispheric consensus in favor of it.

Firemen inched their way Saturday toward the front of a subway car mangled to one-fifth its normal size in London's worst subway wreck. The official death toll stood at 31 but fire brigade officials said they feared they might find as many as 20 more corpses.

Officials said the cause of the wreck was still unknown, but that investigators had determined that the engineer, presumed killed in the crash, had not applied the brakes. They also said the motors had not been turned off.

A fire brigade spokesman said it could take another 24 hours to extricate all the bodies from the telescoped wreckage of the train that crashed into a tunnel at Moorgate station in the heart of the financial district during the Friday morning rush hour.

About 80 persons were injured in the crash at the station, a terminal point, and the last survivors were brought to the surface Friday night.

Charles Clisby, London's deputy chief assistant fire officer, said probing the wreckage of the compressed train was "like taking a pack of cards apart one by one."

CLEAR

Continued fair through Monday. High today in upper 70s, low tonight near 40, high Monday mid 70s. Gusty winds today diminishing tonight.

Reviewing the

Big Spring Week

with Joe Pickle

House action in wiping out the depletion allowance for oil producers made the big, but unpleasant, news here last week. Texans on the Ways and Means committee almost got an exception of independents from the proposal, but the House as a whole tacked the action on the tax cut bill. Oil men reacted immediately, and so will royalty and land owners when they realize the impact. And so will people in general in fits and starts when they realize that it could put a real damper on the oil exploration-development comeback.

Good news was the awarding of a contract, as expected, to R. M. Wells Co. of Quannah for construction of two airman's dorms (accommodating 504 individuals altogether) at Webb AFB. The Wells bid of \$2,461,000 was \$180,000 under government estimates as previously reported. Work is expected to start soon.

The Bureau of Reclamation's budget, which is included in the public works budget recommended by President Ford, includes \$525,000 for atmospheric resources management in Texas. That means Big Spring, for this has been chosen as one of three such research sites by the bureau (others at Colby, Kans., and Mile City, Mont.). The U.S. Corps of Engineers construction outlay for Texas, according to Sen. John Tower, who passed on the Bureau's figures, includes \$65,000 for Big Spring, although what this is for is not immediately clear.

(Cont., on Page 10-A, Col. 4)

Gem, Mineral Show Off To Good Start

The sixth annual Gem, Mineral and Artifact show of the Big Spring Prospectors Club was off to a good start here Saturday.

The show continues through today at the Dora Roberts Exhibit building at the Howard County Fair Grounds. Hours are 10 a.m. to 6 p.m.

More than 80 persons were on hand Friday evening for a buffet at the building when dealers and demonstrators were welcomed for a preview. Col. and Mrs. Elmo Nolan, Pass Christian, Miss. gave a demonstration of sand painting in bottles, one of the show's features.

The spotlight also is on Ed and Mary McNamar, Des Moines, Iowa, who are demonstrating gold wire jewelry making; Red Williams in Western sculpture; club members in various lapidary procedures.

Among dealers in for the two-day show are W. R. Owen, Hachita, N.M., The Craigs from Yorktown, Tx., the Farmers from Valley Mills, Saults from Georgetown, Vance and Carr from Portales, N.M., Sandy from Wichita Falls. Displays of white, black, green, blue, purple and yellow opal are on display by Australian Mining and Exploration Co., along with a collection of rough and finished stones from beginner to finest gem quality.

Do-It-Yourself Solon

Saves Taxpayers Money

WASHINGTON (AP) — U.S. Rep. Manuel Lujan Jr. of New Mexico did a chore recently like so many other amateurs.

He and his staff painted his Washington offices. The Republican was told by an architect that it would cost \$9,100 to paint the three-room office complex.

Lujan bought paint for \$48 and joined with his staff in spending eight hours on a Saturday painting the offices.

The color used: blue.

Man Running From Police Flags Down Wrong Car

WASHINGTON (AP) — As Thomas McColl tells it, he was driving his automobile along a street Friday afternoon when a man flagged him down.

"I need a ride. I'm trying to get away from the police," McColl quoted the man as saying.

"I am the police and you're under arrest," responded McColl, an off-duty officer.

"You're the police? Oh, man!" said the would-be rider.

About then a dozen police cars, sirens wailing, pulled up. They were looking for two men who fled on foot after a supermarket holdup.

Nathaniel Pritchett, 19, was arrested and charged with armed robbery.

Show Steer In Houston Is Sold For Record \$50,000

HOUSTON (AP) — A grand champion Simmental breed steer brought what is believed a record auction price at the Houston Fat Stock Show Saturday.

The steer named "Spot" brought \$50,000 for its owner, 17-year-old Lynn Weinheimer of Fredericksburg.

The previous record for the Houston show was just over \$40,000 paid last year.

Lon Nol Would Relinquish Post

SAIGON (AP) — President Lon Nol of Cambodia was reported Saturday willing to step aside if he is a barrier to a peace settlement with the Communist-led insurgents. U.S. Senate Majority Leader Mike Mansfield hailed this as a break that might end the fighting.

Sen. Dewey F. Bartlett, R-Okla., said American Ambassador John Gunther Dean interpreted statements made by Lon Nol during a one-day trip to Phnom Penh by six U.S. lawmakers as indicating his willingness to step down.

Mansfield told newsmen in Washington that such an offer by Lon Nol, whose government is threatened with collapse at insurgent hands, "fits in" with demands by deposed Chief of State Norodom Sihanouk that Lon Nol and his officials be removed from power.

"That might be an opening," Mansfield added. "That might be the break which might make it possible for negotiations to get under way with Sihanouk."

Sihanouk, living in exile in Peking, is recognized by many of the insurgents as their leader.

A text of Lon Nol's opening remarks issued here by the congressional delegation shows him saying at one point: "I was brought to this high office by the institutionalized organization.

but for the peace of my country and for the welfare of my country I would do whatever is possible and necessary so that peace and the welfare of my people can be achieved."

Bartlett said that Dean, the U.S. envoy to Cambodia, told him as an aside: "This means the president will step

aside if he is a barrier or stands in the way of a peaceful settlement."

However, diplomatic sources here saw it as unlikely that the 62-year-old Lon Nol would step aside of his own volition, even though the Communist-led rebels have said they will not negotiate with his government. Some sources feel that any change must be brought about by the United States.

The delegation is on a fact-finding tour to assess President Ford's request for \$222 million in supplemental military aid for Cambodia and \$300 million for South Vietnam.

Ford Administration officials argue that the additional aid is necessary to keep the existing Cambodian state alive. Lon Nol pleaded with the visiting lawmakers "not to abandon seven million Cambodian people who have suffered so much for a peaceful cause."

As the delegation traveled to Phnom Penh, military sources reported a buildup of Khmer Rouge forces around the western and southwest approaches to the city, menacing a big ammunition dump and the airport. Road and river approaches to Phnom Penh are cut, and the city is surviving on airlifts of food and ammunition.

Earlier in the day, government forces reported taking heavy fire as they tried to relieve two encircled positions 13 miles southeast of Phnom Penh.

The outpost at Neak Luong, 32 miles down the Mekong River, reported the loss of three boats Friday and said about 90 rounds of shellfire Wednesday and Thursday killed 43 civilians and wounded 11.

PREGNANCY Vaccine Answer?

NEW DELHI, India (AP) — Indian scientists are testing a promising vaccine against pregnancy. Health Minister Karan Singh said Saturday.

Such a vaccine, if it proves harmless and reliable, could advance India significantly in its battle to control a population growing by more than 13 million persons a year.

The vaccine forms antibodies against a human hormone necessary for pregnancy, thus preventing conception. It was developed by doctors at New Delhi's All India Institute of Medical Sciences, the country's most prestigious research center.

Experiments with this vaccine have shown significant antibody levels in the blood of the human subjects without any ill effects on their health and bodily functions," Singh declared at an institute convocation.

Scientists already have experimented with similar vaccines against the hormone, called gonadotropin. But earlier vaccines also attacked other hormones simultaneously, thus ruling out their use with safety.

LA Slasher Kills 10th?

LOS ANGELES (AP) — The police department's "Slasher Squad" attempted Saturday to determine whether a dead man with his throat cut from ear to ear was the "Skid Road Slasher's" 10th victim.

"In the previous cases you just walked in and looked at the bodies and you knew he was killed by the so-called Slasher," said Lt. Dan Cooke, police information officer. This time it was a "maybe."

But Cooke added: "We are treating this as being another victim of the Slasher." He said that although the throat definitely had been cut, the problem is that "there are certain similarities that make us believe he may not have been killed by the Slasher."

Detectives turned aside questions whether they might have a "copycat" murder. Spokesmen said investigators and the coroner would have to make a longer evaluation to say whether the Slasher had struck again.

The Slasher apparently had not struck during the entire month of February, with his last known victim being found Jan. 31. Saturday's discovery came three months after the first body was found Dec. 1.

SMOKY HONEYMOON — Honeymooning couple John and Kathy Mimmo of Philadelphia, were among 900 guests of the Carillon Hotel forced out of their rooms in Miami late Friday by a smoky fire. No serious injuries were reported by officials but the guests had to be put up at other hotels for the night while smoke was cleared from the Carillon and electricity was restored.

RAILROADS New Help Is Oked

WASHINGTON (AP) — President Ford Saturday signed two bills to provide financial aid for the nation's ailing railroads.

One bill provides an additional \$347 million in authorizations for grants and loan guarantees to financially ailing railroads in the Northeast and Midwest, including the Penn Central.

It authorizes operating funds for the Penn Central and other railroads in the region to continue transportation services until the transfer of railroad properties in January 1976 to ConRail, a new nonprofit government corporation set up under the regional rail reorganization act of 1975 to plan for a new rail system for the Northeast and Midwest areas.

Also signed by the President was an urgent supplemental appropriation providing new budget authority for fiscal 1975 of \$143.1 million for additional emergency railroad aid and to provide additional facilities for the House of Representatives.

A White House spokesman announced the signing of the legislation while President Ford was at Camp David, Md., with his family and friends for a weekend combining work and relaxation.

Guerrillas Kill Egan

CORDOBA, Argentina (AP) — The U.S. Embassy, deeply concerned that deadly attacks on Americans might follow the slaying of honorary U.S. Consul John Patrick Egan, has put stringent new security precautions into effect, embassy sources said Saturday.

"I think the guerrillas will keep killing us until they feel they can get leverage," one diplomat said.

In Washington, President Ford called the kidnap-murder of Egan "a vicious act which will be condemned by men of decency and honor everywhere. . . . There can be no justification for the wanton killing of an innocent and defenseless person."

In Berlin, site of another kidnaping, the abductors who threatened to kill mayoral candidate Peter Lorenz unless he is exchanged for anarchist prisoners established contact with authorities. Details were not given but the development appeared to end a period of uncertainty over how to make arrangements with the gang that kidnaped Lorenz on Thursday.

In Argentina, the embassy informants said that the American diplomatic community has been alerted to possible new threats from leftist revolutionaries who left Egan's bullet-scarred body on a dirt road here late Friday night. A Montonero guerrilla commune claiming responsibility for the killing said that they wanted to strike against "Yankee interests."

The precautions include strict control over embassy staffers' social functions.

Suspect Is On Bond

Don Stewart, 17, is out on a \$1,000 bond, charged with aggravated assault in connection with the stabbing of Phillip Barber outside the high school gymnasium Thursday afternoon.

Barber is still in the intensive care at Medical Center Hospital following surgery late Thursday, in which a kidney was removed and other repairs made to the intestinal area.

Police Detective Avery Falkner officially placed Stewart under arrest in the district attorney's office Friday afternoon.

The youth had originally gone to Abilene to the home of a sister and Abilene law officials were notified that he was in that locality. He then agreed to come back to Big Spring.

The bond was set by Justice of the Peace Walter Grice.

Only 3 Entered In Council Race

Late Saturday night, only three candidates had filed for two posts on the city council. The final deadline for filing with the mayor was midnight Saturday.

Mrs. Polly Mays is seeking re-election to Place 3 and incumbent, Charles Tompkins is opposed by H. V. (Burr) Crocker for place four.

Spanish Films Have Nudity

MADRID, Spain (AP) — Nudity will be allowed in Spanish-made movies for the first time as a result of a government decree issued today that eased censorship on Spanish filmmakers.

However, restrictions remain tight. The decree said nudity would be permitted but not if it raised "passion among spectators" or was pornographic.

Need Not Report

Jurors summoned to report for Monday morning in 118th District Court need not report after all. Judge R. W. Caton said Saturday that the only pending case was settled over the weekend.

DRAGGED ALMOST BLOCK BY CAR 'My Sister Is Crying Because Our Daddy Died'

TULSA, Okla. (AP) — Enraged that someone had knocked down the snowman he had just built for his ailing daughter, Darrell Lyle ran to the door of the car that was pulling away from his yard. It was his last act.

Authorities said the 27-year-old father was dragged three-quarters of a block by the car. He lingered four days, with doctors saying his brain was inactive — defined by some authorities as death. Thursday his wife authorized removal of equipment keeping his heart beating and he died by every definition.

RAN BAREFOOT
City prosecutor Jack Morgan says he believes information from someone in the car may shed light on the incident that led to Lyle's lingering death. He said a passenger in the car, accompanied by a lawyer, would meet with him today. It was Monday night when Lyle's wife Delores ran barefoot through the snow to the side of her husband. "I picked up his face. I

WHERE TRAGEDY BEGAN — Karla Lyle, 7, left and her brother, Greg, 4, pose alongside the snowman their father, Darrell Lyle built for them at their home in Tulsa, Okla. Shortly after an auto ran on the lawn tearing down the snowman, Lyle ran from the house to investigate and was dragged almost a city block by the car.

be left on indefinitely, but wouldn't bring him back," Mrs. Lyle said. "So, I gave consent."

She was interviewed Thursday as she sat in her living room with relatives and other mourners, none of whom had success in calming Karla in another room.

"My sister is crying because our Daddy died," Greg told a newsman.

Compliance Of Pact Is Ordered

District Judge Ralph W. Caton Friday ordered an accounting to comply with agreement between Ted O. Groebl Jr., and others over royalties from B. J. Thomas recordings.

Materials necessary for an audit of sales are to be furnished to Groebl. Once the audit is completed, then the agreement — between Ray B. Rush doing business as Zenith Productions, Music Enterprises Inc., Huey P. Meux, Charlie Booth, Thomas and Scepter Records — is to be carried out.

The agreement was signed in April, 1968, in Houston. Groebl and Rush agreed not to sell any of Thomas' records except:

"I'm So Lonesome I Could Cry," as previously recorded by Groebl and Rush; "Keep It Up," "Chains of Love," "You'll Never Walk Alone," "Romeo and Juliet," and "Vietnam."

Also, "Billy and Sue," "Never Tell," "Garner State Park," "Comedy of Love," "Going Through the Motions," and "Come Home to Me."

Groebl and his attorney were present in court Feb. 20 but representatives of Scepter Records, New York City, failed to appear.

Fraud Will Be Topic Of Talk

Allen Beatty, representing the Better Business Bureau, will discuss fraud with senior citizens on the Howard College campus Tuesday, at 2 p.m.

All persons 55 and older in Howard, Glasscock, Martin, Dawson, and Borden counties are invited to the Senior Citizens Center for the discussion. The group has recently participated in three other discussions — concerns of retired persons with Dr. Wayne Bonner, legal problems with Walton Morrison, and Social Security and Medicare with Carl McGlothlin.

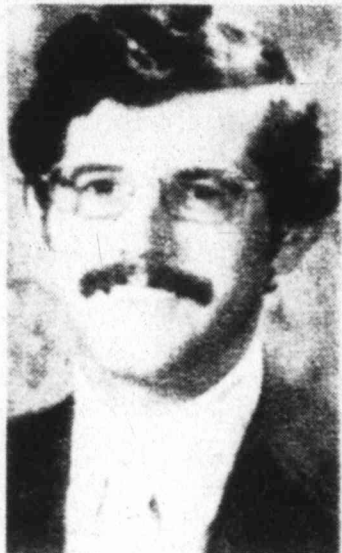

thought he might strangle in the blood," she said.

Hillcrest Hospital told her Tuesday that her husband's brain was inactive. The family doctor confirmed there was no hope.

Thursday she authorized removal of the intensive care ward devices that had kept Lyle's lungs and heart pumping.

NO LIFE
"There was no life," she said. "I don't know what else to say."

Utter death came at 11:05 p.m. Thursday, hours after the Lyle children had been told their father was dead. The attending physician had completed his rounds of other patients, because, he said, "an hour one way or the other isn't going to matter to

DARRELL LYLE

him. There's no pain. There's no brain activity."

VERY ANGRY

Lyle and his 4-year-old son Greg built the snowman Monday to boost the morale of Karla Lyle, 7, who was ill with tonsillitis. Shortly afterward, Mrs. Lyle said, three teen-agers in a car drove through the yard and toppled the snowman.

"Darrell got very angry and went out to see what was going on. I saw him go to the driver's side of the car and I turned around to tell Karla to stay in the house," said Mrs. Lyle. When she turned back, the car and her husband were gone.

"The doctor told me Darrell died Tuesday night. He said the respirator could

Working SH Patients Paid Approved Wages

Patients at the Big Spring State Hospital have several programs where they hold down part-time or full-time jobs, but all the programs here pay the patients Labor Department approved wages, according to Dr. Preston Harrison, BSSH superintendent.

Dr. Harrison answered questions concerning the local operation after it was discovered that former patients of the Terrell State Hospital were working for as little as \$2 per week at an East Texas ranch.

The ranch owner claimed that he never forced the patients to work and he provided the patients with a good home and food. He also claimed that the work was good therapy for the patients.

WORKSHOP
Dr. Harrison said one of the programs employing patients is the sheltered workshop, on the campus of Big Spring State hospital. The patients are actually engaged in making things for therapy and are paid on the basis of their production. The Work Village I, pioneered at the local hospital by Dr. Harrison, places the patients on the State Hospital payroll where they are paid on the basis of each patient's work ability. Thus a patient who could do 50 per cent of a normal person's work, would be paid

50 per cent of the minimum wage. They are involved in yard work, janitorial duties, and the laundry.

Patients in Work Village II are carefully supervised and the work is actually therapy. The patients are given room and board and they have at least \$60 per month spending money, even if they did not earn that much.

HALFWAY HOUSE
The Halfway House is the last step to the outside world. The local Halfway House is located in Big Spring and patients who are discharged from the State Hospital can come here to be further prepared for living in unsheltered conditions.

They are found jobs in the community and are paid the minimum wage and above, according to Dr. Harrison.

Dr. Harrison said that the hospital has abandoned the \$5 per week allowance for patients because it was simply a gratuity. The recent court ruling involving patients' wages said that gratuities could not be counted as wages paid for work.

SEPTIC TANK - CESSPOOL CLOGGING CAN NOW BE PREVENTED!

LIVINGSTON, N.J. — An amazing bacterial discovery that prevents clogging of septic tanks and cesspools with but a single, safe and easy-to-use yearly treatment, has been developed by the FX-Lab Co., Livingston, N. J.

Sluggish systems and drainfields can also be restored to normal by fast acting bacterial cultures. They are also recommended as a "starter" to seed newly cleaned out or newly installed septic tanks and cesspools.

These proven FX bacterial organisms, known as FX-4 for septic tanks, FX-7 for cesspools, and FX-11 for sluggish septic tanks and cesspools are available locally.

Available also, is a free booklet "The Story of Willie Bacteria, or How to Take Care of Your Septic Tank or Cesspool" from:

Is Proud To Announce Their New Dealership Of

El Dorado

AFTER NEARLY 20 YEARS IN THE BUSINESS, WE KNOW WHAT YOU'RE LOOKING FOR... AND HERE IT IS.

There is a certain amount of value in words like incomparable, outstanding or even superior. We, however, prefer one simple word and have used it since our beginning: **QUALITY**. It has always been our goal to make this word and El Dorado synonymous in the camping industry. With our wide range of pickup campers for 1975, we allow you the opportunity to be selective in size, floor plan, color and equipment. And we promise you that whatever choice you make, you'll find quality, plus a strong warranty to back up that promise. We're not the least bit afraid to use big colorful words, but we're convinced quality is what you're looking for, and here it is.

Motor Homes — Travel Trailers — Pickup Campers — Fifth Wheels

Drug Advertising Law Said Unconstitutional

AUSTIN, Tex. (AP) — A state law that prohibits pharmacies from advertising their prices for prescription drugs has been declared unconstitutional by state District Court Judge Charles Mathews.

The ruling, however, can be appealed to higher courts by the State Board of Pharmacy, defendant in the suit brought by Gibson's Discount Centers, which wanted the right to advertise.

The no-advertising rule was added as an amendment in 1973 to a bill that requires pharmacies to post the

prices for the 100 most commonly prescribed drugs. Mathews said the law against advertising violated the Texas Constitution's equal protection and "due course of law" guarantees.

He also found it defective because the caption of the bill does not disclose the prohibition against advertising.

The pharmacy board argued that advertising would cause consumers to buy larger amounts of prescription drugs by taking advantage of volume discounts.

HEW: Texas Must Admit More Minority Pupils

AUSTIN, Tex. (AP) — With millions of federal aid dollars at stake, the U.S. Department of Health, Education and Welfare has given the University of Texas at Austin 90 days to change its admission policies to bring in more minority students.

Dr. Lorene Rogers, UT-Austin acting president, said her staff is analyzing the 25-page HEW report, which she said was based on year-old figures.

The HEW report criticized not only admissions standards but concluded that UT-Austin has "failed to demonstrate affirmative recruitment of minority students" in many areas of athletics.

It said only a few Mexican-Americans were on the football team and virtually no blacks were in the intercollegiate baseball, golf, tennis and swimming programs. It said no Mexican-Americans were on the basketball or golf teams.

Of 32 athletic department

staff members, HEW said, there were no Mexican-Americans and only one black part-time assistant football coach.

HEW's investigation followed complaints filed in 1973 and 1974 by Sandy Kress, then president of the student body, the legislative Black Caucus, the American GI Forum and the League of United Latin American Citizens. A team of HEW investigators visited the campus three times last spring.

The report said the Board of Regents' policy on discrimination, and the school's general admission policies, violated federal civil rights standards.

The regental policy declares that UT-Austin "shall not discriminate either in favor of or against any person on account of his or her race, creed or national origin."

HEW said this policy must be restated within 90 days "in a positive manner which specifically allows for

corrective actions to overcome the effects of past discrimination."

It said the general admission policy against soliciting or recruiting any student who cannot meet the usual academic standards for admission might be in violation if it precludes or limits recruitment of disadvantaged students.

Dr. Rogers cited in her statement the \$400,000 recently allocated by the regents for minority scholarships, the law school's new Century Fund scholarships for minorities and the scholarship programs developed within various colleges of the university for disadvantaged students.

Open House Scheduled

Webb AFB Federal Credit Union, the 76th largest federal credit union in the United States and second fastest growing federal credit union, will celebrate its 20th anniversary with an open house and annual meeting Thursday.

The day-long activities will begin with an open house from 9:00 a.m. to 3:00 p.m. at the credit union on Webb AFB. Members and visitors will be afforded the opportunity to tour the various departments of the modern financial cooperative during the open house.

Items to be viewed during the tour of the innovative facility include a new record filing system, updated computer terminals, machines used in micro-filming daily business, and other modern conveniences offered by the multi-million dollar member-owned and member-oriented credit union.

Refreshments will be furnished to guests of the credit union and handsome giveaways will be available at the door for those individuals wishing to receive them.

The annual membership meeting will begin at 7:30 p.m. at Withycombe Hall on the base, following the open house. Members attending the meeting will hear brief reports on the financial status of the credit union, this past year's growth and development, plans for the future, and what can be expected from the credit union in 1975.

Jim Vest of the Texas Credit Union League will be the guest speaker at the annual meeting.

Chemistry Prof To Be Speaker

Dr. B. S. Rabinovitch, professor in the chemistry department of the University of Washington, will address the monthly meeting of the Permian Basin section of American Chemical Society. He speaks at 7:30 p.m. Thursday at Jack Jordan Bar-B-Q, 221 Kermit Highway, Odessa. Reservations here may be made through either Dr. James Watson or Jess Looney (Cosden). Dr. Rabinovitch has published 160 scientific papers and has specialized in gas phase chemical kinetics. His topic will be "Some Energy Aspects of Unimolecular Reactions."

Century Club To Send BS Group To Workshop

The Executive Committee of the Century Club Friday voted to send delegates to the International City Managers Association City-Military Installation Workshop to be held in Tucson, Ariz., April 25.

The purpose of the workshop will be to study ways to improve cooperation and relations between communities and military installations.

Scheduled to attend the workshop are City Manager Harry Nagel, City Attorney Jim Gregg, incoming Century Club chairman Tom Locke and a senior officer at Webb Air Force Base.

The committee also canceled the regular March meeting and elected to host a sandwich luncheon on March 24 and afterwards participate in an informal round of golf with Webb personnel at the WAFB golf course.

The Hospitality Committee reported that they are considering a second mini-rodeo, tentatively set for May, and are also considering hosting a partnership golf tournament where a military man and a civilian would make up a partnership.

Big Spring Mayor Wade Choate, Director of Century

Club Legislative Action Committee reported favorably on a recent trip to Washington D.C. made by him and Jim Gray. The pair met with Senators Tower and Bentsen and with Congressmen Bureson, Wright, Hightower and Pickle.

ART DISPLAY — Sgt. Robert L. Lindsey, right, and Amn. Robert L. Chappelle stand before an Afro-American art display which was a part of a special exhibit at the Recreation Center recently during Afro-American History Week at Webb AFB.

Mickey Cohen Still Has Friends And Contacts

LOS ANGELES (AP). — In the 1940s, he was king of the West Coast gambling rackets, handling thousands of dollars a day in bets, eluding arrest.

Mickey Cohen was a tough guy who courted violence: a power in the underworld.

It is different now, 13 years after he was sent to prison for tax evasion and three years after he came home, badly crippled.

At 61, Mickey Cohen says, "I live practically the same

life I lived before. The only difference is that I'm not involved in gambling or any illegal activities. . . . Not that I've lost all my friends or contacts.

"Everybody comes to see me. And I'm out to all my old haunts. . . . I just don't have the strength or stomach to get involved in anything."

Cohen greets visitors these days in a comfortable but far from lavish apartment in West Los Angeles where he spends part of every day in painful physical therapy.

Partially paralyzed from a 1963 prison attack, in which a fellow inmate broke open his skull, Cohen walks with difficulty, leaning heavily on a cane.

But the colorful Cohen personality is intact. He manages to go out with friends almost every night — to his favorite restaurants, a boxing match or a movie. He has seen both "The Godfather" and "Godfather II," and he says they're accurate about the lives of gangsters.

The Hearst interlude will be the last chapter in Cohen's book. Then he will look toward the future.

LITTLE TO REGRET

He is mellowed now, slowed by age and illness, and he concedes that "some of my viewpoints on things have changed." But in preparing the book, re-examining his past, Mickey finds little to regret.

"I don't think I would have changed things much," he says. "I would have got an education. I hired a tutor when I was 44 years of age. I don't mean I would have went to college. But I would have liked to have a vocabulary and know how to handle myself."

"I enjoyed life when I was coming up," he says. "I enjoyed the intrigue and the involvement. . . . It enabled me, as an uneducated person, to meet people I wouldn't have met otherwise."

ADV.
Lose Up To 10 lbs. in 10 Days

New Grapefruit Diet 'Pill' Gives Fast Weight Loss

BEVERLY HILLS (Special). — An amazing new improved version of the popular grapefruit diet has recently been developed featuring the use of a "grapefruit pill" that enables overweight people to easily and quickly become slim, trim and attractive while still eating almost as much as you want.

The new chewable (candy-like) grapefruit pill puts an end to the inconvenient mess, fuss and high cost of eating half a grapefruit at every meal. Happy testimonials from people all across the country claim "you save time and money while achieving more effective weight loss results with this handy new diet plan."

Lose a Pound a Day

Those who follow the simple grapefruit pill diet report an average loss of up to a pound a day and even more without strenuous exercise or starvation.

Fortified with vitamin E and C, the new whole grapefruit extract pill and foods as prescribed by the diet will, through natural action, allow you to keep your weight down and figure in firm control.

Eat All You Want

Best of all, you can still eat almost as much as you want of the "forbidden foods" like steak, lobster, chicken, fish, some sauces and gravies, bacon and eggs, and still lose weight.

To get a copy of this highly successful diet and grapefruit pills, send \$5.00 for 10 day supply (or \$8.00 for 20 day supply or \$10.00 for 30 day supply) to GRAPEFRUIT PILL DIET, Dept. A-49, Box 1418, Beverly Hills, Ca. 90213. (Unconditional money back guarantee if not satisfied). BankAmericard or Master Charge OK (send number).

SOUTHWEST BOOKS

Three Friends

By The Associated Press

THREE FRIENDS, Bedichek, Dobie, Webb. By William A. Owens. University of Texas Press, Austin. 335 pages. \$3.95 paperback.

Roy Bedichek, J. Frank Dobie and Walter Prescott Webb were contemporaries at the University of Texas, pretty well dominated its literature and were very influential in operation of the university—usually as critics.

They wrote extensive letters to each other, although they may have only been within a few feet apart.

This book is a collection of those letters. It's popularity is attested by the fact this is its third copyright, the first in 1967.—The AP (REF).

THE SAN XAVIER ALTAR-PIECE. By Robert C. Goss. The University of Arizona Press, Tucson. 94 pages 7x10 inches. \$4.95, paperback.

The Mission San Xavier del Bac is almost 200 years old and is an attractive, imaginative structure. It has had its moments of glory and times of decay.

This book concentrates on the altarpiece, a handsome baroque which is unique

because it is all of brick or masonry rather than wood.

The book is filled with pictures, some of them excellent detail work.

The author is an engineer with a special interest in religious architecture of New Spain.—The AP (REF).

RANCH SCHOOLTEACHER. By Eulalia Bourne. University of Arizona Press, Tucson. 312 pages. \$8.50 cloth, \$4.95 paperback.

Eulalia Bourne began teaching in rural Arizona as an intelligent but informally educated teen-ager.

She later obtained a far-

mal education, then returned to rural schools. She developed her own methods of teaching which were right for her complex problems — trying to teach eight grades in the same room with many pupils some grades behind where they should have been in light of their ages.

Mrs. Bourne even whipped the problem of bilingual education before anyone thought of the term.

It is a heartwarming book.—The AP (REF).

Farley Receives Business Degree

Don Essex Farley, 1504 Vines, is among those who earned bachelor of business administration degrees from the University of Texas Austin school of business at the end of the Autumn semester. Also getting a BBA degree from this area was Merce Lopez Hernandez, Snyder.

COTTON AND SOIL TALKS SCHEDULED

COLORADO CITY — Dr. Bob Berry, area plant pathologist, and James Valentine, area soil chemist, will present a program on cotton disease and soil fertility on Monday at 7:30 p.m. at the City National Bank in Colorado City, according to CEA Bob Benson.

The meeting is being sponsored by the Mitchell County Crops Subcommittee.

County Clerk At Seminar

County Clerk Margaret Ray has returned from a three-day county and district clerks seminar in College Station.

She was one of 354 officials from among the 245 counties attending.

Changes in the probate code, the U.S. Census Bureau's relationship with the county clerk and problems in handling financing statements were among the topics discussed.

Mark White, Texas secretary of state, told about proposed election law reforms.

Then Thursday, laws affecting county government were outlined. The Family Code — concerning marriage, divorce, child custody and other matters — was explained. And John F. Onion, presiding judge of the Texas Court of Criminal Appeals, reviewed the state code of criminal procedure.

Expenses of county and district clerks were paid by the Texas Center for the Judiciary, Austin.

- GOLIAD** — Tuesday, 7:30 p.m. Parent's Night.
- RUNNELS** — Parents are en-

Fungus Forcing Transfer Of 2,000 Employees

DALLAS (AP) — Federal officials estimate it will cost about \$300,000 to transfer nearly 2,000 federal employees from a downtown government office building due to a fungus suspected of causing a lung disease in workers.

The evacuation of the U.S. Corps of Civil Engineers, headquartered on the fourth floor of the 46-year-old Santa Fe Building, is scheduled to begin March 1, with that of other government workers estimated to be completed by Sept. 1.

The U.S. Corps of Civil Engineers will be moved across the street to the Main Tower, federal officials say, while U.S. Department of Labor employees will be shifted to Griffin Square. Other federal employees will be moved to the U.S. Courthouse which adjoins the Santa Fe building.

The announcement came after federal officials received the latest medical report on a disease known as hypersensitivity pneumonitis.

Although the report did not show any newly diagnosed cases, it did reveal new "highly suspected cases." Three employees have been diagnosed as having the disease and less than 10 are suspected cases, the official said.

The disease, not infectious or contagious, is caused by an allergic reaction to an antigen, suspected of being in a fungus in a water unit of the old building's air conditioning and heating system, officials said.

THEFTS

Leroy Headrick, Rt. 1, Box 610, reported the theft of a tape player from his pickup while it was parked at Bowlarama. Value: \$97.

City Will Have No Elections

WESTBROOK (SC) — There will be no city elections in Westbrook this year.

Council elections are held in even-numbered years here. The Westbrook mayor is E. A. (Sam) Oden. Councilmen are Willie A. Bell and Sidney Jones.

Three incumbents have filed for election to the Westbrook school board.

They are Jerry C. Putman, who was named to fill the unexpired term of Rex McKinney, Floyd Ritchey and T. A. Whitesides.

The board holds its regular sessions the second Monday of each month at 8 p.m., at the school.

Renews Appeal

Support to the Heart Fund is running only about half the rate needed, and Dr. Larry Key, campaign chairman, renewed his appeal Saturday for more contributions.

Slightly over \$3,000 has been raised to date against a target of \$7,000 and a total of \$5,797 raised last year.

Dr. Key urged all residents who may have been missed in the Heart Sunday door-to-door canvass to mail or leave their contributions with Tom

Locke at Texas Electric Service or Dr. E. H. McKenzie at the Big Spring schools. Volunteers who have checked or called in indicate around \$1,100 in hand or in sight.

Clyde Angel, heading the special gifts division, said \$800 has been raised, and that the \$1,000 goal may be reached. Business gifts, led by Jerry Faust, have been slow getting underway and have reached only \$300 toward a \$2,000 target. Memorial gifts have amounted to \$550, said Dene Shepherd. Miscellaneous items, including the special cycle-thon, have brought in another \$6,000.

CROPS IN TEXAS

Cold Spell Slows Farm Operations

COLLEGE STATION, Tex. (AP) — A late winter cold spell last weekend slowed farm operations in many areas of the state, Dr. John Hutchison, director of the Texas Agricultural Extension Service, said.

Some corn, sorghum and rice have been planted in Southeast Texas, and sorghum planting is under way in Central Texas, he said.

Early season vegetables are being planted over much of North Central and East Texas as field conditions improved from recent wet weather, Hutchison said.

fertilizer and herbicides for spring crops.

Far West: Sheep and goat shearing is active. An excellent lamb crop is on the ground. Land preparation continues along with preplant irrigation.

West Central: A few fields of cotton still remains to be harvested. Small grains are growing well and furnishing good grazing for livestock. All livestock are in general good shape.

Oil Labor To Return

PORT ARTHUR, Tex. (AP) — About 4,500 members of the Oil Chemical and Atomic Workers (OCAW) union are expected to return to work at the Texaco Refining Corp. here this weekend after signing a contract which ended a 51-day strike.

The contract, which expires Jan. 7, 1977, calls for a 75-cent-an-hour increase for hourly employees in a complicated wage scale and a \$130 month hike for salaried employees, with a four per cent boost next July.

A Texaco spokesman said base wages will be open for renegotiation next year if the cost of living rises above five per cent. Medical and pension benefits were also improved in the new contract, the spokesman said.

Some operating and maintenance employes are expected to return to work at the Texaco refinery and at the Texaco terminal near here Sunday, the spokesman added.

About 2,700 members of the OCAW are still on strike at the Gulf refinery here and 700 are striking the Union 76 refinery in Nederland.

Officers Facing Short Agenda

Monday County Commissioners Court faces a short agenda.

The court will: Open bids on a riding lawn mower at 10 a.m. Consider selling the old riding lawn mower, two cars and one truck.

Meet with Peace Justice Walter Grice about appointment of his secretary.

Talk about installing signs designating historical sites on the Signal Mountain Loop Road.

Inspect county property, an open item being routinely put on the agenda now.

Confer with county Engineer Neel Barnaby and approve bills.

Spire's Nearly Run Down Here

A local hot-rodder barely missed running down Police Detective Leroy Spire's shortly before midnight Friday, when Spire's was investigating hot-rodders in a four block area.

Det. Spire's dived out of the way as the car came around a corner and barely missed being run over. He was standing beside another car which he and C. P. Ward, juvenile officer, had stopped for questioning.

The driver of the second vehicle was taken to the city jail Friday night. Charges are to be filed Monday morning, according to police officials.

Several telephone calls had been turned in to the police of hot-rodding in the 1100 block of West 3rd, 4th, 5th and 6th.

Det. Spire's was treated for minor injuries at Cowper Clinic and released.

JH Chess Meet Is Scheduled

A Junior High Chess tournament will be held March 15 in the Goliad Cafeteria.

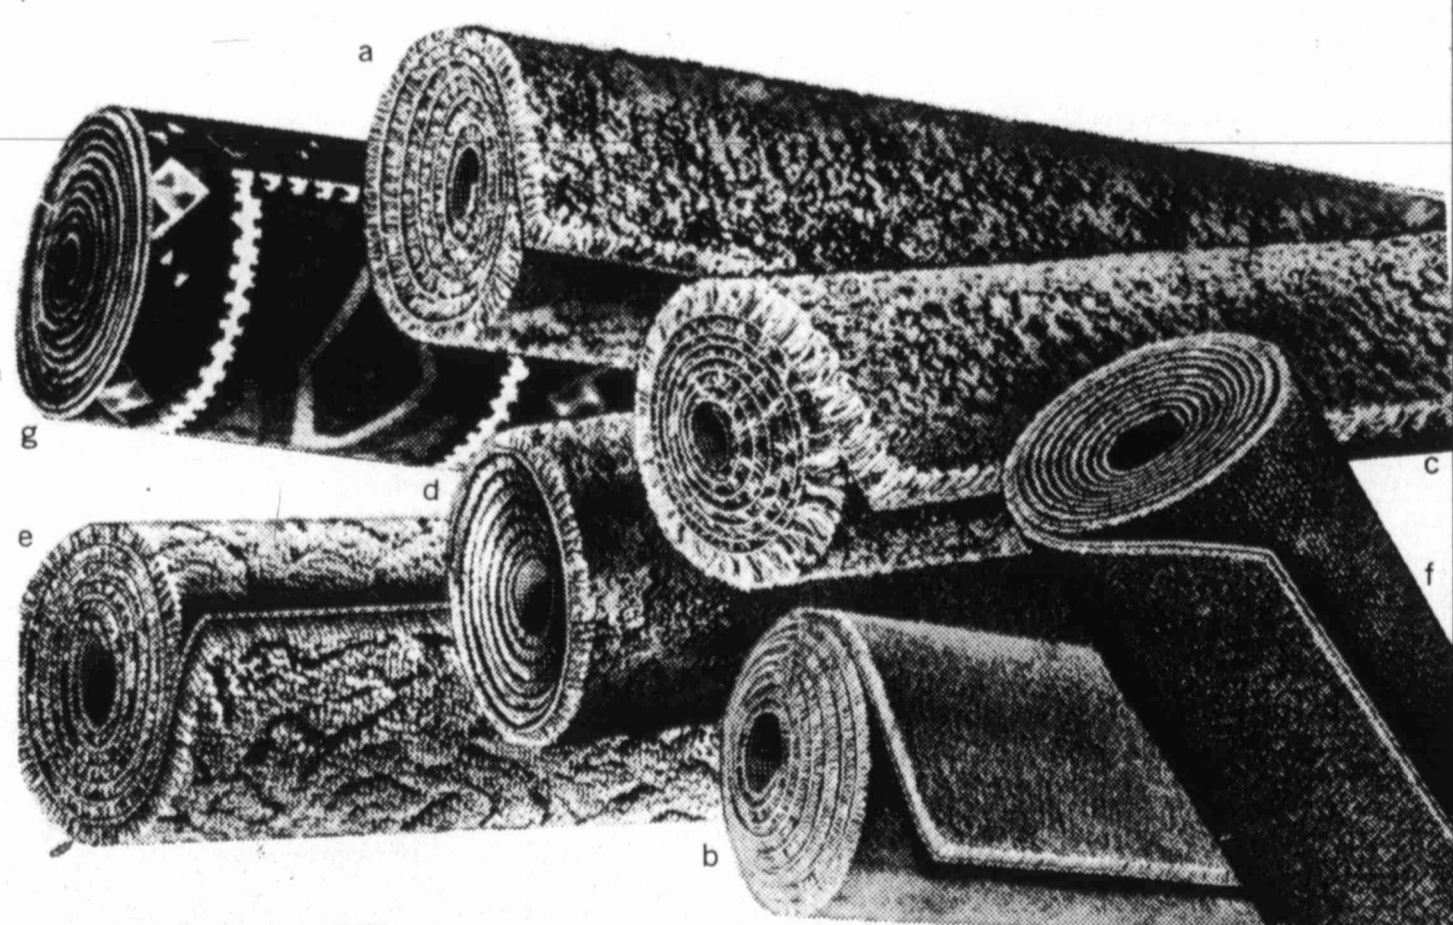

Big Spring junior high students interested in registering for the tournament should contact Charles Arnold at Goliad or Bruce White at Rummels. Pre-registration is \$1. Registrations will be accepted on the day of the tournament at \$1.50.

TO REPRESENT BAUER IN BEE — Rose Melinda Lopez (left), 12, emerged as champion in the recent spelling bee at Bauer Elementary, winning the right to compete in the Herald-sponsored County Bee March 13. Runnerup at Bauer was Vickie Ann Garcia (right), 11. Sixteen spellers were in the competition and 11 rounds were required before the winner was determined. Champions in all schools must be determined by next Friday.

FISHY BUSINESS — Steve Holcombe, who works in the composition room at the Big Spring Herald, has a hobby of raising unusual fish which he sells to fish lovers. The port-holed fish at the right is a clown knife which Steve has named "Sweet Thing."

Hobbist Sold Shark To Restore Harmony

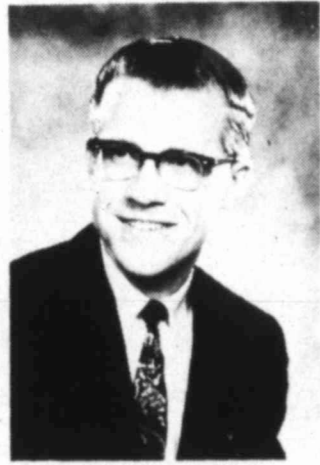

By MARJ CARPENTER
Steve Holcombe has a fishy hobby. And at first, his wife was a little unnerved by the whole thing.
But both Steve and his wife now agree that raising unusual fish isn't all bad. They sell quite a few of them to pet shops, stores with aquariums, or individual fish lovers.
In the meantime, raising

fish gets pretty exciting around the Holcombe home. Where one guy might get his kicks out of sitting on the bank and pulling in fish, Steve gets his by purchasing unusual fish when small over in Midland and raising them to adulthood. Or whatever kind of hood you claim for a full grown fish. Could it be fish-hood?
Steve has a 55-gallon

aquarium that is four feet long and two and one half feet tall. He has three other aquariums as well, because all of his fish don't always like each other.
He was raising a shark for a while, but it kept knocking the scales off his fellow fish in the aquarium and Steve sold the shark to bring peace and harmony back to the aquarium.
Selling the shark also made the Holcombe's pet cat happy. The feline had been watching those aquariums for weeks and saw one with the top off and stuck in a paw. The shark almost got the cat by the paw, and the cat was reported to have sat sulking in the corner for a week.
And no wonder, on one other occasion, the same cat got excited about an open aquarium and climbed up and fell into the tank. When Steve went to get the cat, an Oscar fish had the cat by the tail. That cat only has seven lives left.
Steve has two Oscars, three knives, a Lion fish, cat fish, a pair of discus, and several others. Those are all types of fish.
The knives cannot see too well and prefer to stay hidden during the daylight hours. One of them hides in a barrel and one hides in a house in the aquarium.
The Lion fish, which Mrs. Holcombe named Walt the Fin for Walt Finley, the Herald's wire editor, will make a roaring sound and the catfish makes a croaking sound.
Steve is full of information about fish. He claims that when they turn over on their back, they might have the stomach ache. He feeds most of his fish tupper worms. However, some of the larger fish get chicken hearts, and on occasion live gold fish.
He plans to add a salt water aquarium so he can raise some salt water fish as well.
He has them all named, with "whatever strikes our fancy." He even let his mother-in-law name one and she named it "Stupid." Steve said, "I hope she wasn't trying to tell me something." Steve has been raising, trading and selling fish ever since he was 12 years old. His first batch got wiped out by a disease which discouraged him for a while, but he has gone into the hobby in earnest in recent months. "I learn more about fish all the time," Steve added.

De Cou To Give Church Concert

Harold De Cou, composer, arranger and keyboard artist, will be at the console of the new Allen 1500 Computer Electronic organ, in a 3 p.m. concert today at First Baptist Church.

HAROLD De COU

The organ a gift of Mr. and Mrs. D. L. Dorland and daughters, Kim and Patricia, in memory of another daughter, Frankie Cherry Wagoner, will be dedicated in ceremonies at the 10:45 a.m. worship today. De Cou will be at the console then and play a mini-program.

"Many people have their own church obligations at that hour," said Joe Whitten, minister of Music at First Baptist, "so we have commissioned Mr. De Cou for a full concert at 3 p.m. in hopes that music lovers throughout this area can come and see the potentialities of this great instrument demonstrated."

The guest artist is an associate editor of Singspiration, a division of Zondervan Corporation, and he recently composed and orchestrated a Christmas cantata, "God's Love Gift." He has composed piano and organ works, as well as an orchestrating the brass ensemble for many of John W. Peterson's cantatas. He is editor of "Voices in Praise," choral magazine.

De Cou began study of music at age six and in his teens was named organist

for one of the largest churches in Philadelphia. He majored in piano and organ at Temple. His musical ministry has extended through crusades and conferences throughout the nation, Canada and Europe. He also has recorded extensively.

In the new organ, sounds of the best pipes in the world have been reproduced through computerization and subject to electronic recall. Tonal combinations are almost without number through 160 speakers.

Flu Cases Are Dropping Here

The Big Spring-Howard County Health Unit, in its weekly survey Friday, found 168 flu cases reported, compared to 210 two weeks ago.
Also, the health department counted 46 sore throat cases, 40 upper respiratory illnesses, 20 tonsillitis, 20 diarrhea and four chicken pox.

Kay Proctor Is Still In Fifth

Kay Proctor, the Howard College co-ed from Odessa, continues to hang in fifth place in the national Girls Barrel Racing Association standings.

Her \$683 is only \$101 out of fourth place and \$752 out of first place, which is held by Beck Garson, Ft. Collins, Colo.

Standings in various events tabulated by Rodeo Cowboys-Association include these leaders:

All-around cowboy — Ronny Sewalt, Chico, Tex., \$9,512, and Larry Mahan, Dallas, Tex., \$8,416; saddle bronc riding — Shawn Davis, Lewisville, Tex., \$5,406, and Sammie Groves, New Deal, Tex., \$4,497; bareback bronc riding — Kay Kirby, Woodston, N.H., \$5,918, and Jack Ward, Odessa, \$5,841; bull riding — Don Gay, Mesquite, Tex., \$4,574, and Lee Markholt, Tacoma, Wash., \$4,803; calf roping — Swealt \$7,008, and J. J. Rydberg, Wiley, Colo., \$5,336; steer wrestling — C. R. Jones, Lakeside, Calif., \$4,785, and Jack Roddy, San Jose, Calif., \$4,598.

Patrol busy

During the month of February, working in ten counties, including Howard, U.S. Border Patrolmen picked up 288 aliens for deportation.

VA Hospital Seeking Volunteer Workers

Because of an increase in services offered, more volunteers are desperately needed at the Big Spring Veterans Administration Hospital, according to Dene Sheppard, Chief of Volunteer Services.
She said that anyone who wishes to volunteer at least four hours of their time one day a week should contact her office. The volunteers are needed to work on weekdays and training will be given the volunteers.
Some of the duties that volunteers have include:
— Administrative duties, such as filing, typing, and answering the phone.
— Visitation duties, such as visiting patients.
— Recreation, including playing games with patients and assisting with craft projects.
— Nursing services, which include assisting the nursing staff and escorting wheelchair patients, running errands, and visiting patients.
— Library work, including checking out and shelving books, filing catalogue cards and general office work.
— Occupational therapy, including instructing and assisting patients with craft projects.
— Pharmacy, including assisting with general office work, typing labels, and pre-packaging medicines.
Persons interested in volunteering a few hours a week should call Mrs. Sheppard at 263-7361, ext. 238.

Charity Horse Show Is Set

ODESSA — The eighth annual All-Youth Charity Horse Show 'Bicentennial Event,' sponsored by the Lambda Alpha Chapter of Epsilon Sigma Alpha, will be held Saturday, March 22, in the 4-H Club Arena behind the Ector County Coliseum in Odessa.

The horse show gets underway at 8 a.m. with the crowning of the "Queen." All proceeds of the show will go to the Odessa Girls Club. The women's sorority has contributed in excess of \$15,000 to the club as a result of the Horse Show. Information may be had from Mrs. Jerry Lyon, 3839 Kenwood, Odessa, 79761.

Viet-Era Vets Are Eligible

An estimated 2.7 million Vietnam-era veterans separated from April 2, 1970, through July 31, 1974, are eligible for new low-cost Veterans Group Life Insurance (VGLI). They must apply before August 2, 1975 for coverage from \$5,000 to \$20,000. The new program is designed as an interim protection during readjustment to civilian life, according to the Veterans Administration.

Servicemen discharged since August 1 receive application forms automatically, but those discharged before the insurance became available must apply, Jack Coker, VA regional director, said.

ASCSDeadlines To Be April 1

April 1 is an important deadline in at least two programs of the Agricultural Stabilization and Conservation Service.

This is the cut-off date for filing for transfer of cotton acreage. The Howard County committee has authorized transfer of cotton acreages from this county by owner sale or lease. These may be made to a farm without a cotton allotment, and the committee will fix a yield.

Deadline for requesting released cotton acreage, or for releasing acreage, also is April 1.

The county ASCS office said that notices of cotton and feed grain allotments have been mailed but the cotton figures were left blank pending completion of data. Payments for 1974 cotton and feed grain are in process of being made, and producers should receive them soon.

AF Costs Soaring Due To Inflation

WASHINGTON, D.C. — "It costs a billion dollars more to fly a million hours less," begins an Air Force Association (AFA) report on inflation, national defense and the Air Force. The report was prepared by the national staff to give AFA leaders up-to-date information on what inflation is doing to the US defense posture.

According to the report, fuel costs are up more than 300 per cent since 1972... and are still rising. Programmed flying hours have dropped from 5 million in FY 1973 to 3.9 million in FY 1975. At the same time, the cost of fuel has gone from \$660 million to \$1.6 billion.

Fuel costs are accounted for in the Air Force Operations and Maintenance (O&M) budget. The FY 1975 O&M budget shortfall is now estimated at \$250 to \$300 million, according to the report. Since the fall of 1973, costs of supplies are up 15 per cent, purchased supplies are up 15 per cent in the US and 20 per cent overseas, vehicles are up 27 per cent and electronics and telecommunications equipment are up 40-45 per cent. Paper costs alone, for Air Force field headquarters, have gone up \$500,000 this fiscal year.

AUSTERE YEAR
As for Air Force people, the report states: "Air Force personnel officials advise that the year 1975 will be exceptionally austere, with 1976 being equally so. Some important programs must be cut back. The forecast is for fewer people to do the Air Force job and more personal hardships for many."

Recently, the Air Force cut FY 1975 Permanent Change of Station (PCS) moves by 45,000, states the report. "Shipping costs, raised three times since last February, have reduced purchasing power for moves by \$45 million." Congress killed the Junior enlisted travel coverage, the Air Force share being \$52 million. According to the report, the purpose of the coverage was to provide long-deserved equity for the lower ranks. "Hefty cost increases in other parts of the personnel budget have made the coverage one more victim of inflation," it states.

Because of rising costs — recruiting and specialized training are up \$1.2 million; flight training is up \$22 million; professional training is up \$1.6 million — Congress has cut or erased a wide range of other personnel programs this fiscal year. Included is a \$9 million cut in flight training; a \$2.4 million cut on the airman education-commissioning programs; a \$10.7 million cut in BOQ for bachelors to live off base; plus cuts in superior performance pay, re-up travel payments, etc."

The report states that even though the Air Force has about the same amount of money this fiscal year, ending June 30, 1975, it has had to slash its personnel strength by 50,000. "In effect, the Air Force is paying

approximately the same for a much reduced force."

IMPACT STUDIED

With regard to weapons systems, the report states that DoD forecasts, even though optimistically premised on an early easing of inflation, hold out the specter of a \$16 billion shortfall in major weapons procurement over the next five years. According to the report, the Air Force is still studying the impact so "it is too early to be specific in most procurement areas."

Basic research, as opposed to applied, the report states, is the foundation for technological advance in the years ahead. The report quotes Air Force Secretary McLucas as stating that the present trend — a decrease of more than 50 per cent since 1967, from \$139 million to \$78 million — "can't be permitted to continue." According to the report, Air Force officials plan a reallocation of effort "with laboratories concentrating on applied research and the university researchers stressing basic research." A recent NASA study shows that college enrollments in aerospace engineering dropped from 3,200 junior class students in 1968 to 800 last year, the report states. "Exacerbating the problem is the reduction in defense business that has produced major contractions in industry and a loss of some 200,000 employees during the past two years."

The Air Force, like all the other military services, is taking major steps to reduce costs, according to the report. The report quotes Air Force Secretary McLucas on Air Force cost reduction efforts: "We have closed about thirty per cent of our major bases, cut our headquarters personnel by some forty per cent, and reduced our overall man-

power by about thirty per cent during the past eight years." Cuts of this kind, he predicts, "will continue, although we are approaching a point where total forces capabilities are being affected."

Points made in the report regarding national defense and inflation in general, are quoted from an AIR FORCE Magazine article on the subject that appeared in the February issue. Some highlights:

— The Defense Department sees the effectiveness of its budget limited... about 70 per cent of its money goes to personnel and O&M and only 30 per cent to research and development, and to procurement for modernization.
— Some US defense planners now are more concerned about the Soviet lead in conventional capability than they were when the United States held a clear lead in strategic weaponry. With the Soviets having roughly matched US strategic nuclear might and working furiously to pull ahead, this country can no longer risk a pronounced mismatch in conventional capability.

— There are no illusions about the difficulty of matching investments with the Soviet Union, which is relatively free from inflationary pressures and is strengthening its economic posture through energy exports. The Soviet Defense Budget, according to General Brown (Gen. George S. Brown, Chairman, Joint Chiefs of Staff), appears to be the equivalent of \$96 billion this year and, over the past three years, has grown by about three to five per cent annually. The Soviet Defense budget does not include such factors as the cost of military retirement pay.

MEETING MONDAY

Cardinals, Aces Combine Forces

The Big Spring Cardinals and the Big Spring Aces are combining into one team for the 1975 season.

Frank Rubio, who headed the Cardinals, and E. Albino Alvear, formerly of the Aces, will manage the team, with Jo Hernandez as assistant manager. Raul Rubio, Benny Marquez and Pat Martinez will serve as coaches.

Billy Pineda, Sammy Rodriguez, Jimmy Fierro, Joe Martinez, Andy Gamboa, Tony Martinez, Felix Martinez, Joe Cadenhead, Abel Ramirez, Terri Smith, Hank Pope, Benny Marquez Jr., John Grizzle, Jessie Zapata, Dave Carter, Dave Newman and John Morelson.

The Cardinals, one of the better sandlot baseball teams in West Texas, has been playing here for more than a decade. The Aces played their first schedule last year.

A meeting of all players has been called for 6 p.m. Monday at Lakeview Park.

Among those on the roster are Orlando Olague, Pat Martinez Jr., Jody Florez,

The first game has been booked for April 6 in Odessa against the Angels. Thereafter, said Frank Rubio, the club has a weekly schedule, alternating between home and away games, through Aug. 31.

Intramural All-Stars Defeat UPT

Freely substituting throughout the game, the Intramural All-Stars rolled to a 93-70 win over the UPT All-Stars Feb. 23, at Webb Air Force Base.

The game was close only near the outset, when the UPT class trailed 10-7. The intramural squad opened up its running game and led 48-28 at the half.

The second period, the UPT team settled down and pulled to within 10 points, as Jack Rudiger pumped in 20 points—the second period. Aiding in the UPT comeback were Bob Starrett and Dennis Barnett with seven and 11 points respectively the second half.

Curtis Marshall and Warren Hobbs each scored 18 points to pace the winners. For the UPT squad, Rudiger's high game performance of 25 points was their main bright spot. Barnett ended the game with 15 counters and Starrett added 13. Starrett also managed to play the entire game without drawing a foul. Cordon Boles chipped in eight more points for the losers.

The first annual contest between the UPT and permanent party intramural all-star teams drew one of the largest attendances at a basketball game here this year.

The intramural squad was coached by Randy Pringle and Key Hyde directed the UPT All-Stars.

NEW FACES FOR INDIANS—This is the new coaching staff for the Cleveland Indians, including Frank Robinson, center, who takes over as manager. L-R: Coaches Jeff Torborg, Dave Garcia, Robinson, Harvey Haddix and Tom McCraw. Robinson and McCraw will play as well as direct the team.

PROBATION ENDS SOON

Oklahoma Signs 'Worster Bunch'

AUSTIN, Tex. (AP)—The Oklahoma Sooners signed so many super football recruits from Texas this year that football fans in this state soon may be calling them the Oklahoma Texans.

It perhaps is particularly galling to University of Texas supporters because the Longhorns have lost four straight years to Oklahoma. Texas plays the Sooners every year.

Oklahoma has signed 16 Texans so far this year, more than half the maximum 30 recruits any school is allowed to sign. And of those 16, eight are considered to be in the top 20 on anybody's list of graduating Texas schoolboy players—the cream of the cream.

Yet, Longhorn coaches scoff at the suggestion that OU signed "Worster Bunch" this year out of Texas alone. That group, nicknamed after Steve Worster, the first outstanding fullback in the Wishbone-T era, won 30 straight games, captured the national championship in 1969 and went undefeated through the regular season in 1970.

Not only did Oklahoma not get a Worster Bunch this year, its recruits may not be as good as the ones signed by Texas, asserts Longhorn assistant athletic director Bill Ellington.

"You'll get a lot of argument about that,"

Ellington said last week. "We were talking about this morning, whether we'd be willing to swap squads. We're pretty proud of our 21."

At the time, Texas had signed 21 schoolboys and three junior college players, bringing its total to 24. All signed a national letter of intent for Texas as well as a Southwest Conference letter, Ellington said.

The only one Texas had signed to a conference letter who signed a national letter of intent with another school was Woodie Shepard, 6-1, 188, a running back from Odessa.

Shepard signed a national letter with Oklahoma. Barry Switzer, head coach at Oklahoma, attributes this year's recruiting success by the Sooners to his staff.

Oklahoma's national championship, the school's legacy of success in Texas and the fact that the Sooners will be going off probation Aug. 4.

Last year, Oklahoma wound up with only three Texas recruits and Switzer said probation was the reason. He said, we lost some on national signing date because of some of the rumors... what our opponents were manufacturing. That could not be true this year."

Cliff Speegle, Southwest Conference executive

Pee-Wee Activity Featured

The Pee-Wee Basketball program sponsored by the Stanton Jaycees features both boys and girls teams.

Both four girls and boys teams comprise the fifth and sixth grade level. Teams and coaches have been picked. League play started Saturday.

Four games will be played each Saturday at 9 a.m. at the Stanton Junior High gym. Any fifth or sixth grade student who would like to compete should contact any Stanton Jaycee or one of the league coaches.

The girls drill from 4 to 6 p.m. on Friday, while the boys practice from 4 to 6 p.m., Thursday. Each team is allowed a one hour scrimmage.

Girl coaches are: Mrs. Sandy Louder, Mrs. Kay Lynn Brown, Mrs. Betty Hooper and Mrs. Linda White. Boys coaches include: Bill Pardue, Herb Sorley, Gene Louder and Jimmy Graves.

LAKE SPENCE

Black Bass Lead Catch Popularity

Black bass catches continued to dominate the fishing news from Lake E. V. Spence, but that was due partly to its popularity as a site for Bass Clubs.

The latest to hold a tournament there was the San Angelo Bass Club. Dick Owens won first place with five blacks, the largest 5 lb. 5 oz., and an aggregate weight of 19 pounds. Others were: Butch Kuhns, four for 11-1; Danny Cochran, four for 9-15; Russ Baumann, two for 5-2; Tommy Vanzant, one for 4-14; Ben Walters, two for 4-6; Alvert Valdez, one for 4-2; and Dan Batko, one for 1-12.

They fished out of Y. J.'s Marina as did Dair Sherrill, Robert Lee, who brought in four blacks to 2 1/2 lbs. Others reports: Dink's Bait House—C. D. and H. W. Harris, Odessa, four strippers to 8 1/2 lb. and 15 channel cat to 2 lb. Triangle Grocery and Bait—John Page and party of Robert Lee, two strippers, 8 and 12 lbs.; Mr. and Mrs. Arthur Carstensen and Mr. and Mrs. A. A. Taylor, Odessa, 27 crappie and a black and striped bass.

Wildcat Fish A Rama—Pat McShane, Kermit, 2 1/2 lb. black bass and 1 1/2 lb. white bass; Don Hendley, Brownfield, 3-lb. strip;

NAIA Weighs A&M Incident

DALLAS, Tex. (AP)—A spokesman for the National Intercollegiate Athletic Association (NAIA) says a decision will probably be made next week whether a shooting incident at a Bishop College-Prairie View A&M basketball game violated the NAIA's code of ethics.

He said the hearing would continue through the weekend.

Deadline Nears

All Big Spring churches interested in fielding a fast pitch softball team are urged to have a representative present at their next meeting Monday, 8 p.m., at Coker's Restaurant.

Doctor Needed

SAN ANTONIO, Tex. (AP)—Despite better conditioning and equipment, football injuries are here to stay and a doctor should be on the sidelines, a Beaumont orthopedic surgeon says.

Dr. James W. Shuffield, team physician for Lamar College, said this week that every football team should be required to have a doctor at every practice session and game.

"Many permanent injuries could be prevented with immediate treatment," he told the annual International Medical Assembly of Southwestern Texas which met here. Shuffield said 36 Texas high school football players died from injuries between 1965 and 1973 and another 22 suffered serious head and neck injuries.

But Shuffield said knee injuries are the most common and, "to be effective, treatment of a knee injury must be immediate—usually right on the sidelines."

He said players rushed to hospital emergency rooms often are checked for broken bones, but that treatment of knee injuries is put off by "some doctor with little knowledge and less interest in sports..."

"By that time the damage has already been done," Shuffield said.

Many teams have neither a qualified trainer nor a team doctor, he added.

"In many cases, the least important coach is designated trainer and he really doesn't have much medical qualification," the doctor said.

Slow Pitch Registration Extended

Registration for the Webb Women Slow Pitch has been extended through March 8, in preparation for the league's opener for April 6.

The league is expanding from four teams. Women interested in playing should contact Marcia Schwendiman at 267-5838.

In order to qualify, women must be at least 18 years of age, be in the military, military dependent, AAFFS, or civil service employe or dependent.

A meeting for all players will be held March 8 at 1 p.m. at Field No. 2 across from the base exchange.

Spring Turkey Hunt, April 26

AUSTIN — A sure sign that winter is almost over is the public drawing for spring turkey hunting on the Texas Parks and Wildlife Department's Kerr Wildlife Management Area.

This year's hunt is scheduled for April 26-May and 100 permits will be issued in a public drawing to be held at 10 a.m. March 27 at the department's offices in the John H. Reagan Building in Austin.

Deadline for receiving applications at Austin is 5 p.m. March 24. Permits will be issued for a two-day hunt and one turkey gobbler limit.

To be eligible to participate in a state-sponsored hunt, an applicant must be 12 years of age or older. Those under 17 years of age must be accompanied by someone at least 21 years of age or older.

A \$5 fee will be charged for each permit issued.

BULLDOGETTES

Barnes Loses Only 2 Of 12

Sonny Barnes, Coahoma's girls basketball coach, will lose Patty Hulme and Fairy Ross off the 1974-75 team. Both are seniors. Ten let-terms are to return.

The Bulldogettes were undefeated in district play, 12-0, and 21-9 for the season. Coahoma fell to Slaton, 51-49, in the bi-district.

Coahoma landed four girls on the All-District team. They include: first team—forward, Becky Snell,

Hulme; guard, Ross; second team—guard, Trena Bayes. Snell averaged 24.5 points per game, (736) and Hulme, 21.4.

Coahoma's total team points amounted to 1,810 for 30 games. The Bulldogettes poured through 60.3 per game, giving up 1,267 for a 42.7 yield.

Coahoma's seasonal record over a five year period is 115-34 and in the district, 45-2.

Coahoma records: Steals—Donna James, guard, 77, 2.5 average; tie-balls—Hulme, 93, 3.3 average; caused mistake—Snell, 96, 3.6 average; offensive rebounds—Snell, 123, 4.3 average; defensive rebounds—James, 178, 5.9 average.

FOR MAGAZINES, SHOW ACTS Publisher Figures 1,658 Fems Have Dothed Clothes

LONDON (AP) — Sipping champagne from a cut glass goblet in his Portman Square penthouse with the sliding roof and the fountains that change color with the music, the British version of Hugh Hefner disdained any comparison.

"Hefner is preoccupied with sex as a philosophy. I'm occupied with it as a business," insisted nude impresario Paul Raymond, who has just invaded the United States with "Club," a Playboy-type magazine that sold out its first issue.

"The press run was 500,000 copies. We expect to be selling between three and four million in two years," Raymond said. While rain lashed the roof of his Silver Shadow Rolls Royce waiting in the driveway below, he sank into a white leather couch and contemplated a photo of his 48-foot Thames cruiser, "Veste Demitte."

NUNS TRANSLATED
"It means 'Take your

clothes off' in Latin," he laughed through a crescent of black mustache and beard. "I had the nuns translate it for me."

Anxiety-shedding American businessmen in London recognize Raymond's name from the Raymond Revuebar, a lavish Soho strip club. Currently packing them in three shows a night at \$10 a head is an act called "The Climax," featuring a quartet of French beefcake and cheesecake adrift from the wardrobe department in a frenzy of pulsating music exploding strobe lights.

"I'm an entertainer, not a pornographer," allowed the 48-year-old millionaire. "I cater to your average bloke who wants to be amused with a bit of fantasy on his night out."

Besides the Revuebar and the two British girls publications, "Men Only" and "Club International," he holds long leases on three

West End theaters, including the famous Windmill, dear to British memories as the theater that never closed and for its nudes that never moved. Raymond rescued the run-down house from the oblivion of Swedish sex films. He installed his great and good friend Fiona Richmond in a sex farce with a provocatively unprintable title.

Even so, most London newspapers saw fit to print the title in advertisements while their critics dismissed it as "mindless," "witless," "boring and vulgar beyond belief." Among Japanese businessmen who constitute a large part of the sellout audience, the show is known simply as "Rets Get Raid."

Miss Richmond, whose gorgeously indented coastline is on display in the show, recently was named the other woman in a \$700,000 divorce settlement made to Raymond's ex-wife, Jean, after a sensational trial.

WRITES COLUMN
Daughter of a West Country vicar, Miss Richmond previously attained fame of a sort with the monthly column she writes for "Men Only" describing her sexual adventures about the globe.

"Pajama Tops," another Raymond sex farce massacred by the critics, paid off its investment in nine weeks. After five years, it is now second only to Agatha Christie's "The Mousetrap" as the West

End's longest running show. Raymond also is branching out as a property developer with a multimillion dollar scheme to build a complex of townhouses and "executive-style" apartments complete with tennis courts and indoor pool in suburban Essex.

Born Geoffrey Quinn in Liverpool, where he was educated by Catholic nuns before being evacuated in the blitz, Raymond entered show business as a dance band drummer when the bottom fell out of the second-hand baby carriage market after World War II.

PATH TRACED
The theatrical posters in the hallway of his offices in the Windmill Theater trace his path to London from the day he bought a mind-reading act for \$60 from a man in Clacton Pier and inflicted himself on the public as "Paul Raymond, the Modern Man of Mystery, direct from America."

Today Raymond has a

staff of 300, including four photographers who specialize in nude layouts, but he still likes to be his own talent scout and travels widely about Europe catching new acts. Asked to estimate how many women had stripped professionally in his service, he began covering a yellow legal pad with columns of figures amid mutterings of "let's see, 12 acts a week, two shows with a cast of 14, no 16, two magazines, now three . . . going back 20, 21 years . . ."

At last he announced with pride: "I figure 1,658 girls, call me a liar for 100 one way or another, and so far not a murmur from the women's lib crowd."

Raymond has no worries about the demand for girls ever exceeding the supply.

Henry Ford Fined \$375, Placed On Probation

SANTA BARBARA, Calif. (AP) — Auto executive Henry Ford II pleaded no contest through his attorney here to a charge of drunken driving and was fined \$375.

Municipal Court Judge Arnold Gowans also sentenced Ford, 57, to a suspended jail term of 35 days and two years probation.

The cash bond Ford posted last Sunday after his arrest by the California Highway Patrol will be applied to the fine, a court spokesman said. By pleading no contest — or nolo contendere — a

person does not admit guilt but subjects himself to punishment as though he had pleaded guilty.

Ford was arrested by a highway patrolman Saturday night for investigation of driving under the influence of alcohol. He gave a blood sample at a local hospital, spent a few hours in jail and posted bail of \$375 early Sunday. He was back in Detroit on Monday.

A fine of about \$315, a suspended 35-day jail sentence and two years on probation is the usual penalty for first-time drunken driving cases. But

out-of-state residents usually receive only the fine if convicted on a first offense.

The California Highway Patrol said Tuesday it could not release results of the blood test because it might prejudice the case against Ford.

But the Santa Barbara News-Press said it had learned that Ford's blood-alcohol reading was .16. Under California law, the ability to drive is presumed to be impaired if the level is .10 or above.

Authorities said Kathleen DuRoss, a Detroit model, was with Ford when he was arrested. She was identified as a 35-year-old widow who lives in Grasse Pointe with her two teen-aged daughters.

STATEMENT OF NON-DISCRIMINATION
Lone Wolf Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder. The end of the person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, or be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extensions of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or this organization or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations. LONE WOLF ELECTRIC COOPERATIVE, INC.

PASSENGER CAR TIRE GUARANTEE
Montgomery Ward guarantees each of its passenger car tires for a specified number of miles when used on passenger cars or station wagons, except taxis. If your tire does not give you this mileage because of a defect in material or workmanship, a normal road hazard failure, or premature tread wearout (2/32 inches or less remaining), Montgomery Ward will:

1. During the first 10% of guaranteed mileage, replace the tire free.
2. During the remaining guaranteed mileage, replace it for a prorated charge based on mileage used.

Nail punctures repaired free during the entire guaranteed mileage.

For guarantee service and adjustments, return tire to any Montgomery Ward branch with the Guarantee Booklet issued at the time of sale.

Charge offer first 10% of guaranteed mileage based on selling price in effect at the time of return of branch to which returned, including federal excise tax. Passenger tires used on taxicabs, and motor vehicles other than passenger cars are guaranteed on the same basis against defects in materials and workmanship only.

Dear Friends and Customers:

It has been a great pleasure to me to have had the privilege of being your Pharmacist. However, there comes a time in every one's life when they would like to slow down a little. I feel like I have reached that point in my life. In order to do this, we have disposed of all our Pharmaceuticals including all of our Prescription files and records to Professional Pharmacy.

Beginning Saturday, March 1, they will have the files and records in their Pharmacy, and will be able to fill any of your Prescriptions that have been filled in our store. We are sure you will receive good service and courteous treatment at this Pharmacy, and we hope you will see fit to favor them with your Prescription needs.

Again, we say thank you from the bottom of our heart. Your friendship is a treasure we hope to permanently possess.

Very best regards,
Joe B. Hedleston
Cunningham & Philips Drug

Older Adults: Clip A Calendar

The Kentwood Older Adult Activity Center, which is proving that it was needed — and wanted — in Big Spring, has issued its events calendar for March.

Although, on occasion, organized groups reserve certain hours for their membership meetings, the center is generally open to all older adults in the community. It is a place to enjoy fellowship, renew old acquaintances, meet new friends, learn a craft, practice a hobby or enjoy a delicious meal.

As a convenience and reminder, the March schedule might be clipped and placed by the telephone (or tacked to a bulletin board) so that good times will not be missed.

March 1 — 10 a.m. to 4 p.m., Veterans of World War I and Auxiliary, Fellowship, games, covered dish luncheon, business meeting.

March 3 — 9:30 a.m., Tole painting class

March 3 — 1 to 4 p.m., All older adults welcome for games and fellowship. (Bring a friend.) Sponsored by American Association of Retired Persons.

March 3 — 7 p.m., Daughters of the American Revolution monthly meeting.

March 4 — 10 a.m., All older adults welcome to covered dish luncheon, fellowship, table games, business meeting of American Association of Retired Persons.

March 5 — 1 to 4 p.m., All older adults welcome to games and fellowship sponsored by World War I Auxiliary.

THE SPOTLIGHT will be shining on women all over the world as the United Nations leads the celebration of International Women's Year. Locally, these Business and Professional Women's Club members will have key

roles in the event. From left, they are Mrs. John Hardy, club chairman for IWY; Mrs. Willie P. Jane Jr., Woman of the Month chairman; and Miss Edith Gay, publicity chairman.

This Is The Year

By JO BRIGHT

The United Nations considers women important. Important enough to designate 1975 as International Women's Year — and important enough to have adopted the Declaration on the Elimination of Discrimination Against Women in 1967.

The UN Commission on the Status of Women initiated International Women's Year in Geneva in 1972, and the UN Assembly gave its approval in December of that same year. The Commission, established in 1946, consists of 32 countries, and the United States' representative is Pat Hutar of Chicago, Ill.

The Commission has been instrumental in directing attention to issues affecting women and in drafting declarations and international agreements governing many of them. Its "declaration" serves as a sort of world guide for the advancement of the rights and responsibilities of women.

The UN lists three main objectives for International Women's Year. a) To promote equality between men and women; b) To ensure the full participation of women in all aspects of national and international life; and c) to recognize the contributions of women to the promotion of friendly relations and cooperation among nations and to world peace.

There is to be a UN-sponsored International Conference for IWY in Mexico City, Mexico June 23-July 4. The conference will review progress made so far and make suggestions for future steps. Spokesmen point out that the Year should involve men, as well, for IWY, through aiding women, will help also the family, local community and nation as a whole.

The U.S. Center for IWY is non-political, non-partisan. It was created by a grant from the Department of State, but must obtain funds from other sources, and contributors help sustain its work. Ruth Bacon, is the director, and Marguerite A. Follett, Ph.D. is associate director.

"Our program focus is on the great contributions of women in our nation today, and in particular, to recognize outstanding women for their achievements and contributions to their specific profession and to the advancement of women," said Ms. Follett. "We hope that you will join us in our efforts to bring attention to the individual woman herself, to IWY in general, and also to organizations and associations which support the role of women in our society."

At long last, serious consideration is being given to the economic

contribution of the homemaker, the largest group of women in all countries. Their work and welfare affect men, women and children in all walks of life. This was proposed as a focus for IWY by the Clearinghouse on Women's Issues, a Washington-based forum of some 200 national organizations for exchange of information about economic and educational concerns of women.

One of the local organizations which is joining in the celebration of IWY is the Business and Professional Women's Club which initiated plans at a dinner last week. Mrs. John Hardy, club chairman for IWY, discussed its purpose, which was underscored in a skit presented by Mrs. Garland Morrison, Mrs. Mamie Mayfield, Mrs. Cass Hill and Mrs. Phillip Palmer.

A Woman of the Month committee will be headed by Mrs. Willie P. Lane Jr. The committee will select a local woman to be recognized each month during 1975 for special honors. Other IWY committee members are Mrs. Laura Boubek, Miss Oma Buchanan and Mrs. L. S. Bonner. Miss Pearl Bradshaw was welcomed as a new member.

Mrs. Bert Affleck announced that Mrs. Lucinda Chapman of El Paso will be guest speaker at the March 10 meeting in the Student Union Building, Howard College.

Altrusa Luncheon Features Speaker

Mrs. Lola Knowles, chairman of the vocational committee of the Altrusa Club, presented a program on friendship at the Thursday meeting at Coker's Restaurant.

Party Honors Grandfather

Bill Fryar, accompanied by Mrs. Fryar, was the guest of honor at a surprise "grandfather's baby shower" held Friday evening in the clubroom at the Barcelona Apartments.

Host couples were Mr. and Mrs. Bob Wegner and Mr. and Mrs. Ralph Mahoney. Refreshments included punch and cake. Fryar's son-in-law and daughter, Mr. and Mrs. Dickie Weaver of Midland, recently became parents of a daughter, Suzanne.

Among the party guests was Shirley Fryar, the infant's great-grandfather.

Beta Sigma Phi Chapter Gives Funds

Mrs. Nancy Fulgham was hostess for a meeting of Xi Pi Exemplar Chapter, Beta Sigma Phi, at her home Wednesday evening.

The chapter donated \$5 to the BSP Endowment Fund and chose four charities to assist with funds. They chose cancer research, Stanford Kidney Research and Cystic Fibrosis, the Internations Guide for Infant Survival and the Retinitis Pigmentosa Foundation.

Three transferees plan to attend the March 12 meeting in the home of Mrs. Jeannie Cunningham, Sand Springs. They are Ms. Betty Hines, Ms. Jeanette Brooks and Ms. Carolyn Thompson.

Votes were taken on the Girl of the Year and Woman of the Year with the results to be announced at the Founder's Day observance.

Party Held For Miss Thomas

A bridal shower honoring Miss Shirley Thomas, future bride of Charles Tate, was held Friday evening in the fellowship hall of Mt. Bethel Baptist Church.

Kitchen gifts were presented to the honoree, who was accompanied by her fiancé's mother, Mrs. Millie Bennett. Both women received corsages of yellow roses. Yellow linen, overlaid with a lace cloth, covered the refreshment table, and the centerpiece featured a large yellow candle. Crystal appointments were used. Hostesses were members of the Mt. Bethel usher board, of which the prospective bridegroom is also a member. Mrs. Bobbie Williams is president.

Guests were registered by Miss Jill Alexander. Miss Thomas is a science teacher at Goliad Junior High School, and Tate is employed by Howard County. They will be married March 29 in Sulphur Springs where her mother, Mrs. Imogene Thomas, resides.

'Miss Texas' Will Address Area II Future Homemakers

Miss Judy Mallet of Beaumont, "Miss Texas, 1973," will be keynote speaker when the local chapter of Future Homemakers of America hosts the annual Area II meeting here March 15.

Miss Mallet, who studied violin, piano and voice at North Texas State University, has exhibited her skill as a "down home fiddler" on the Jimmy Dean Show and Tonight Show, and one of the largest TV audiences in history saw her perform with the University of Texas Longhorn Band at the halftime of Super Bowl VIII. Currently, between professional appearances, she is completing work on a sociology degree at Texas Christian University and wants to obtain a master's degree in counseling.

Tall and stately, the talented pageant winner enjoys volleyball, sewing, writing poetry, playing the ukulele and baking. She comes from an athletic family; her father having once played baseball with the Washington Senators and her brother, Jerry, with the Boston Red Sox. Her sister, Debbie, is a Baylor graduate and has worked with the Campus Crusade for Christ. More than 1,500 FHA members and advisors representing over 4,500 members in 144 chapters in Area II are expected to attend the meeting here.

Members are junior and senior high school students enrolled in Homemaking Education, Home Economics Cooperative Education, Coordinated Vocational Academic Education and Vocational Homemaker Education for the Handicapped. The goal of the organization is to help youth assume their roles in society through Home Economics Education in areas of personal growth, family life, vocational preparation and community involvement. This year's theme is "We're Only Just Begun."

The Area II Chorus, composed of 54 Future Homemakers chosen by their respective schools, will be featured. This group will be under the direction of Mrs. Jack Bowers, Runnels Junior High School. The installation of the 1975-76 officers will climax the Saturday afternoon session, and a newly-elected president will receive the gavel from Cynthia Standard of Big Spring.

Mrs. Fern Alexander is the department chairman at Big Spring High School. Mrs. Caren Rawlings, Big Spring, homemaking teacher, is the area sponsor, and Mrs. Donita Cunningham, Sands High School, Ackerly, is advisor to Elaine Martin, state first vice president. Sponsors of the organization are the Office of Education, United States Department of Health, Education and Welfare; the American Home Economics Association and the Homemaking Division of the Texas Education Agency, which is Area II's sponsor. Mrs. Ivah Lou Parker is the area consultant.

Other guest speakers will be Buddy Mayfield, Hico, a state vice president of Home Economics Cooperative Education; and Billy Ray Mayfield, Lamesa, first vice president, Area II, Future Farmers of America.

parents are Mr. and Mrs. Preston Morris, Star Rt., Colorado City. The dining table was centered with an arrangement of red and white carnations with streamers extending to smaller arrangements on each side. Miss Luce and Morris will be married in the Presbyterian Church, Coahoma.

Her theme, "Heritage of the Governor's Mansion," will carry out the convention theme, "A More Beautiful Texas, Our Heritage."

Following the breakfast program March 5, Mrs. R. M. Armstrong, convention chairman, will preside for the business session. Mrs. Rodney Joy, president of the Lubbock Garden Club, will extend greetings, and the response will be from Mrs. O. S. Womack, Big Spring. Awards will be presented, and a Bicentennial Workshop will be held prior to a luncheon.

Mrs. Harold King, Southern Zone chairman, will preside in the afternoon, and the highlight of the program will be flower arrangements by Mrs. J. A. Van Auken, Midland. New officers will be installed. The previous day, a district judges' meeting will be held at 2 p.m. and, at 4 p.m., a tea will honor state and district officers. The pre-convention dinner, which begins at 7 p.m., will feature Youth Communication speeches and a musical review. The board of directors will meet at 9 p.m.

Mrs. Womack is district Litter Control chairman, and Mrs. C. Y. Clinkscales, also of Big Spring, is listed as a plant specialist for African Violets.

Pledge Rites Held For Two Women

A pledge ritual was held for Mrs. Linda Wittman and Mrs. Sue Wynn Thursday evening by Beta Omicron Chapter, Beta Sigma Phi. The meeting was held in the home of Mrs. Sally Martinez, with Mrs. Virginia Rodriguez as cohostess. Guests were Mrs. Brenda Myszkala and Mrs. Jan Mercer. Mrs. Ruth Penner and Mrs. Joan Long presented the program, "Reasonable Answers," which they described as an effort to show how such answers can be used as in debate. Mrs. Penner took the affirmative in a debate on the Equal Rights Amendment and Mrs. Long argued the negative points. Following the debate the group entered into a round table discussion. The March 13 meeting will be at 7 p.m., at La Posada with Mrs. G. G. Vander Ven as hostess.

A NEWER LOOK to the traditional business suit is in this beige and brown hair-line stripe wool and cotton version. The vest and angled pocket flaps use the stripe on the diagonal.

THE SPORT SUIT, gaining in popularity, is shown by the Mens Fashion Association in a blue and white pin-cord. The side-vented coat has two flapped bellows pockets and D-ring waist cinchers.

Clean Hoods

Wash filters of range ventilating hoods frequently with a sudsy stiff-bristled brush. This will dislodge grease, help keep the unit operating efficiently and prevent a possible fire.

Jodee bra and form for

Which Fashions To Follow? Consider Age And Lifestyle

EDITOR'S NOTE: Charles Hoch was in Los Angeles, Calif., to report on the Mens Fashion Association showings for Harte-Hanks Newspapers. Von Hartel illustrated the series.

By CHARLES HOCH
LOS ANGELES — The stock market is down, but men's fashion is up. For openers at the MFA showings, the Diamond Information Center presented a new collection of men's diamond jewelry to wear with Manhattan Shirt Company's new "Diamond Collection."

This is one group of shirts destined to lead a fun life since their only purpose is to be worn to a party. The long-sleeved shirts are made of polyester crepe, ge chine and are in bold colorings in either all-over print or solids.

The Denim Council quickly followed suit by presenting "Champagne Fashions in Denim." While 150 fashion editors sipped French champagne, the council showed the new guises denim is wearing, including tailored suits "designed to headquarter in a board room." The tie-in between the champagne and the denim was that denim originally was woven only in Nimes, France.

Michael Stern dished up "American Fashions for the International Man" along with eggs Benedict. Most of

the clothes shown were very classic, very wearable. An interesting new concept was shown in a suit of pale blue polyester and flax which struck a happy medium between the traditional business suit and the leisure suit. Worn with a shirt and tie, the suit would be perfectly correct for the office. Teamed with an open-collared sportshirt, it can keep going after hours.

Norman Karr, executive director of MFA, commented before the press seminar, that "it took time for the American man to get into the swing of fashion, but once he did, he liked the way it made him feel." Karr continued, "Unless you have a very unusual job, your clothes are 90 per cent of what people see about you, so you should give the right impression. You don't get a second chance to make a good first impression. Karr used 1956 as an index base and pointed out that while men's clothing costs have risen 78 per cent, all other goods and services have risen 114 per cent, so clothing continues to be a top value investment. He further pointed out that prices are going down and that shortages are a thing of the past.

Chip Tolbert, MFA fashion director, commentator for the seminar, showed 64 outfits for "The American

Man at Business." Trench coats are in the sunshine when it comes to rainwear styling and Tolbert showed six different versions ranging from the traditional beige cotton to black cire nylon designed to keep a man's dinner clothes dry.

When he moved into the field of business suits, Tolbert showed four color groupings: blue, green tea and the naturals and whites. Indications are that blue will be the winning color for spring and summer, and the suits shown ranged from very pale to medium.

When a teal-colored, two-button vestless suit was on the runway, Tolbert commented the color was ideal for the man who likes blue but would like to experiment with green. Teal is somewhere between the two.

Many of the suits shown were vested models, and a particularly striking look is achieved when the vest matches the trousers while the coat contrasts. This gives the wearer a long, lean look and is a possible solution for the man who wants to appear taller or a little slimmer than he actually is.

The basic suit silhouette remains the same as in seasons past, with the only new variation being the European suits cut with short coats, high arm holes and rope shoulders.

Sport suits have a definite place in the American business world, Tolbert noted, "particularly in creative jobs where a certain amount of nonconformity is encouraged." A new idea in this field is the three-piece suit with the shirt, trouser and jacket all being of the same fabric. A blue cotton, short-sleeve sport suit with matching shirt was very relaxed, very comfortable looking and may point a trend for office wear in warm climates, such as in South Texas.

"Getting the most for your fashion dollar" is the idea most often being expressed here. There is strong emphasis on classic clothes that have great versatility — suits that split into casual ensembles when the coat is worn with a different pair of pants and pants which can team up with another jacket.

Cafeteria Menus

FOR YOUR PLEASURE Musical Week Will Feature Organ Concert, Choir, Film

This is another week with great fare for those who appreciate good music. On tap are such things as an organ concert, the Southwest Texas University choir and a film on a master pianist. The lead-off is a 3 p.m. concert today, at First Baptist Church by Harold De

Cou, Grand Rapids, Mich., brought here to demonstrate the quality and capabilities of the new Allen 155 computer electronic organ. The instrument is really three organs in one, with endless capabilities for solo instruments and tonal combinations.

Monday at 8 p.m. in Room 2, Anthony Hunt Library, Howard College, the film, "Mme. Rosina Lhevinne: Pianist and Master Teacher," will be shown. The one-hour film will feature Mme. Lhevinne teaching a piano master class. The Russian-born artist has taught advanced piano at Julliard and the University of California. The college fine arts department and the Big Spring Piano Teachers Forum will sponsor the free showing.

At the same hour in the First Christian Church sanctuary, 10th and Goliad, the student choir from Southwest State University, San Marcos, will be in free public concert. This is the top performing group of three at SWSU and will feature vocal solos by members of the university faculty. These are Peggy Bruner, mezzo-soprano, Harry Wayne, baritone, accompanied by Robert Whalin, piano. Conductor of the choir is Henry Sellers, who previously taught at Lamesa High, Seminole and Midland Lee.

Speaking of concerts, that combined high school Meistersinger and Community Choir event Thursday at high school drew a fine turnout and an enthusiastic ovation. Jack Bowers, director, rated it as possibly the best year, and looked forward to the next combination presentation May 23. Meantime, his young singers are working hard toward the UIL congest March 18-19 in Midland.

Robert Sadler, head of the high school drama department, is "Boleyn," the BSHS entry in the UIL district competition April 2-3, polished to the point that it can be presented to the public here later. James Dunham carries the title role as Henry VIII and Kathi Spannaus as the queen. Others are Ray Lee, Jamie Petty, Cindy Shepard, Sean Grathwohl, Mark Stark, Felix Perez, C. C. Correa, Jeff Williams and David Pittman.

Things will be hot and heavy for the Steer band from now until mid-May. Right now the band is concentrating on the April 16 district competition at Midland, then will turn to reworking CR '75 for a May 3 presentation at the annual meeting of the Texas Association of Student Councils. This is the third consecutive year the band has been urged to give this show, then on to Monterey, Mexico for a concert as one of the Mexico-United States Cultural Exchanges. By that time, the traditional band banquet and party will be at hand. The band, incidentally, sent its solo members to the district tryouts Saturday.

Heritage Museum is pointing toward a Spring exhibit, and it may center on the very early Settlers. Later, the famous Texas Ranger exhibit has been booked for a couple of months, and this may be followed by a heritage display, tying this area to the Bicentennial. Memberships have been flocking in, among them Mrs. G. R. Robinson, Mr. and Mrs. Charles Bell, Mr. and Mrs. Jerry Worthly, Mr. and Mrs. Clyde McMahon Sr., Mr. and Mrs. George A. McAlister, Mr.

and Mrs. Bill Read, Mr. and Mrs. Morris Robertson, Mr. and Mrs. Sidney Clark, Miss Edith Hatchett, Mr. and Mrs. O. S. Womack, Mr. and Mrs. Jim Zack, Mr. and Mrs. Bob (Tumbleweed Smith) Lewis, Miss Arah Phillips, Mrs. Eleanor Matheny, Mrs. J. W. Carter, Mr. and Mrs. George Zachariah, Mr. and Mrs. C. O. Nalley, Mr. and Mrs. W. J. Sheppard, Mrs. Eva. Nall, Mr. and Mrs. Garner McAdams, Mr. and Mrs. Harold Davis, Mr. and Mrs. Marvin Miller and Mr. and Mrs. Harold G. Talbot.

Drama, ballet, music and visual arts will spotlight Texas Tech's Festival of Fine Arts this week. Actually, things started with Ivsen's "Peer Gynt" Friday (continuing through Tuesday) by the theatre group. The dance division presents "Delibes' "Coppelia" Wednesday and Thursday in the Lubbock auditorium. The music department will present Beethoven's "Ninth Symphony" Friday. All performances (except "Peer Gynt") are free and at 8 p.m. Art works will be on display in the teaching gallery March 3-13 from 1:30 to 4:30 p.m.

In this Bicentennial season, you may be more interested in Documents from America's Past. Copies may be had by writing Consumer Information, Pueblo, Colo., 81009. This gives a descriptive listing of documents which may be reproduced at a nominal fee from the National Archives.

Prizes of \$500 will be awarded in the Texas Girls' Choir 10th annual national piano contest April 11-13, 4449 Camp Bowie Blvd., Fort Worth. Girls 10 through 15 are eligible, and application forms may be had by writing the choir at 4449 Camp Bowie Blvd., Fort Worth, 75107. The winner gets \$250 plus a guest soloist spent with the choir in its Spring concert.

Among the dates on the Ector County Coliseum are March 1, Shrine Circus; March 12, Conway Twitty and Loretta Lynn Show; March 22, Bob Hope show. The Permian Home Show comes up April 11-13.

"Spring is Great in East Tennessee," says a bit from the Knoxville Tourist Bureau. At any rate, that's a breath-taking time in the Great Smokies. You can get a folder from the bureau at Box 237, Knoxville, 37901.

USE HERALD CLASSIFIED ADS

ENGAGED — Mr. and Mrs. E. L. Fannin Sr., 3905 Hamilton, announce the engagement of their daughter, Jean, to Tim J. McGuire, Ypsilanti, Mich. The wedding will be May 10 in Ypsilanti. Miss Fannin, a graduate of Texas Tech and assistant managing editor of the Ypsilanti Press, was formerly city editor of the Big Spring Herald. McGuire, a graduate of Mt. Pleasant (Mich.) High School and Aquinas College, is managing editor of the Press. He is the son of Mr. and Mrs. James E. McGuire, Mt. Pleasant, Mich.

Lodge Holds Initiation For Woman

Mrs. Lida Boland was elected to membership in John A. Kee Rebekah Lodge 153, when a meeting was held Tuesday in the IOOF Hall. Initiation ceremonies will be held at next Tuesday's meeting for Mrs. Boland and Mrs. Johnnie Kemper. The meeting will begin at 7 p.m., and all officers are asked to wear formal attire.

Mrs. U. S. Beechley conducted lodge instruction, and there were 29 visits to the sick reported. The attendance contest was a tie. It was reported Mrs. Hattie Bell Boland has returned from California with her guide dog. Appreciation was expressed to W. C. Cole who cleaned the grounds around the lodge hall. The birthdays of Mrs. Morgan Martin and Mrs. Beechley were observed.

Refreshments were served by Mrs. Martin and Miss Juanita Hamlin.

Homemakers Told To 'Padlock' Medicines

Poisonings and accidents among small children were discussed by Dr. Mark Nardone for Howard County Young Homemakers Thursday in the home of Mrs. Bobby Lindsey.

Dr. Nardone said there are 250,000 household products that are poisonous. He also said that if a person has the choice of buying products in spray or other type that potentially poisonous, one should choose the spray. Also, choose the crystal type of a liquid in caustics because a child would "spit out" crystals. The doctor also pointed out

that medicines should be padlocked in the bathroom and should never be kept in kitchen cabinets because a child relates the kitchen to food.

A child that has been poisoned will show unusual stimulation, unusual drowsiness, shallow breathing, have convulsions or become dizzy. When it is determined that he has been poisoned, one should dilute the stomach contents with milk or water (preferably milk), find the container and call a doctor.

Dr. Nardone said most accidents are preventable and usually occur when the child is hungry or tired or the mother is irritable, on vacation or in a new environment.

Guests were Mrs. Dean Bohannon and Mrs. Danny Bohannon, both of Midland. The next meeting will be a style show by the Tom Boy Shop with Mrs. Andy Wilson as hostess.

Thoughtlessness For Mom Hurt Conscience

DEAR ABBY: My younger sister passed away last month and I found a yellowed clipping of your column in her Bible. Here it is:

"DEAR ABBY: Will you please remind your readers to look after their parents who are too old to look after themselves? Old parents need all their children. It's not always easy to cope with aging parents, but we weren't easy to cope with when they were raising US either. We OWE it to them. I just wish someone had reminded ME of these things when Mama was still alive. It's too late now, and I haven't had a decent night's sleep since she died three months ago.

I knew she had a good home with my sister, so that was that. Why didn't I take her for a few weeks, or even for Sunday dinner, or for a little drive? I never had time for her, yet I had time for others, and anything else I wanted to do. A change of scenery or even a meal at my home would have meant so much to her, but I was too busy. Oh, I had plenty of excuses.

I suppose the only one in our large family who is sleeping is my sister who took Mama to live with her. I've tried to ease my conscience by telling myself that I wasn't really ashamed of Mama like my brothers were. Or that I wasn't cheap, like another sister. I DID buy her things (which she never really needed or enjoyed much.) But it's too late now. I hope Mama forgives me.

CAN'T SLEEP
Abby, "Can't Sleep" was my sister. I'm the one Mama went to live with.

It's too late for me to tell my sister that Mama did forgive her. Mothers always do. But I hope you will print this again for those for whom it's not yet too late.

THE OLDEST
DEAR OLDEST: Consider it done. It's always later than we think.

DEAR ABBY: Please don't think I'm some kind of nut, but I can't find the answer in any book and don't want to show my ignorance by asking someone I know. I'm a grown woman and probably should know the answer, but here goes:

Is it true that horses sleep standing up? Someone said they did, but I didn't know whether he was serious or not.

STUPID QUESTION
DEAR QUESTION: First, no question is stupid if it's sincere. Second, all horses are able to "lock" their legs with very little muscle strain, which enables them to sleep standing up if they so desire. However not all horses sleep this way. Some prefer to lie down. (It's about fifty-fifty.) At least my animal expert has so informed me, and he got it straight from the horse's mouth.

DEAR ABBY: My husband's sister and her husband have done something to grievously hurt me.

They live a great distance from us, and I used to write to them faithfully every week. Now I have stopped writing because of what has happened, but my husband has now started to write to them regularly.

I think this is wrong of him. Don't you think that out of loyalty to me, my husband

should take my part and be on my side?

HURT IN IOWA
DEAR HURT: Loyalty need not necessarily include taking on the enemies of one's spouse. You don't say what these people did to hurt you, but apparently your husband wasn't as grievously hurt by it as you were.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

TO MARRY — Ms. Thelma Fry, 610 Bucknell, announces the engagement and approaching marriage of her daughter, Sherri Lynn, to Carl Smoot, son of Mr. and Mrs. Joe Smoot, 204 Jefferson. The couple plans to be married July 5 in St. Mary's Episcopal Church.

GOLIAD JR. HIGH Band Performs For Sweetwater Festival

By JENNIFER SMITH
The Golliad Band performed at the 22nd annual Sweetwater Band Festival Saturday, March 1. The band performed its contest selections for rating by Robert Gans from Grand Prairie, J. W. King from Canyon, and O. T. Ryan from Plainview. The sight reading judge was Ralph Smith from Demmit. Students who will be performing in the U.I.L. solo and ensemble contest March 8 at Odessa College also performed for ratings and criticism at the festival.

and Mark Burris. The Golliad Chess Club met last Wednesday night with twelve members present. A junior high chess tournament is planned for Saturday, March 15 in the Golliad cafeteria. This tournament will be limited to junior high students from Golliad and Runnels. Entry fee the day of the tournament will be \$1.50. An additional \$1.00 must be paid before the day of the tournament. For more information, contact Mr. Charles Arnold, sponsor.

The Science Club will meet Tuesday, March 4, from 7:00 to 8:00 p.m. in the Golliad cafeteria. During the meeting permission slips will be handed out for the trip to Sonora Caverns on April 19. The next meeting which will be a field trip to the Water Purification Plant will also be discussed.

Golliad Junior High School will hold Open House on the night of March 4 at 7 p.m. Tryouts for the gymnastic program were held last week. Girls performing on the parallel bars will be Ronna Tyler, Patty Morris, and Sherry Meisenheimer. On the uneven bars will be Connie Welch, Julie Ray, Leigh Reynolds, and Andrea Brent. On the balance beam will be Charla Hamner and Cathy Lueneberg. The vaulting will be done by Lisa Missman, Diane Hill, Leanna Tolle, Brenda Murphy, Irma Ramos, Amy Polk, Carla Hodge, and Sandra Rogus. About twenty-five girls will be doing tumbling stunts. There will also be a wrestling match between Oren Craig, Albert Ybarra, Jack Odom, and the girls' volleyball team won third place in the tournament Saturday, Feb. 22. There were six teams from surrounding areas entered.

Boys P.E. classes will begin track and field this week.

Arts and Crafts classes are working on toothpick sculptures and string line designs. This is one of the sixty-day mini elective courses offered at Golliad.

Trio From Here Gain Degrees

DENTON — Three Big Spring students were among 906 candidates receiving degrees at North Texas State University this winter. Although no winter commencement is conducted at NYSU, Dec. 20 is the official graduation date for the 660 bachelor's, 215 master's and 31 doctor's degree recipients.

All winter graduates will be invited to join the spring graduation class in formal commencement ceremonies in May at the university.

Big Spring students and their degrees are:
Toni Ann Urban, daughter of Mr. and Mrs. C. D. Urban, W. 13th St., master of education degree in counseling and student services; Karen Hughes Strong, daughter of Mr. and Mrs. James H. Hughes, master of library science degree in library science; and Glenn Reid Biffar, son of Mrs. Elva L. Biffar, 605 Johnson, bachelor of science degree in industrial arts.

RUNNELS Choirs Set Record

By JONI CLINE
The Runnels Choirs went to Odessa for Solo and ensemble contest, Feb. 22. Runnels set a new record with twenty-six first ratings, twenty-one second ratings, and thirteen third ratings. Now the choir is practicing for choir contest in March.

Saturday, March 1, the Runnels band went to Sweetwater for contest. Student Council met on Wednesday and discussed the up-coming events.

On Saturday the Student Council collected trash in several city lots. Their project to clean up the city was a big success.

March 3-8 is Texas Public School Week. Parents are asked to visit the school at their convenience. Parents should try to attend classes on Tuesday which is Parent Day at Runnels.

On Monday March 3, Mrs. Barron, faculty sponsor, and Kirk Mancill, president of Student Council, will go to Fort Stockton to an Executive meeting to talk about all the student councils.

Mrs. Deviney's first period crafts class has been doing plaster crafts. Second and fourth period are doing seed mosaics, and sixth period decoupage.

The 7th grade girls gym classes completed their Interpretation Unit and will begin rhythm balls this week. The 8th grade girls are doing gymnastics.

WESTBROOK Pandora Moore Leads NHS Top Five Students

By MARY MARTINEZ
Pandora Moore, junior, led the Westbrook High School National Honor Society top five for the second quarter of the 1974-1975 school year. NHS membership is determined by four qualities — scholarship, character, service, and leadership.

The names and ranks of the top five Westbrook NHS members for the second quarter reporting period this school year are: Pandora Moore (Jr.), 1st — 98.30; Julia Sweatt (Jr.) 2nd — 97.91; Dana Dorn and Georgeann Smith (Sophs) tied for 3rd — 97.20, and Mary Martinez (Jr.), 5th — 96.09.

A framed display of the pictured and ranks of the members making the top five NHS is displayed in the school foyer. These ranks are determined on the grade average made by the NHS members from the beginning of the ninth grade through the second quarter grade reporting period for this school year. This is one of the chapter's projects.

Ending the season for the Westbrook girls team were:

BIG SPRING HIGH SCHOOL Assembly Will Be Held To View Quarter System

By CAROL HART
Texas Public School week begins Monday, and BSHS will hold an assembly Monday evening at 7:30 p.m. in observance of the event. The assembly will be to acquaint all parents and the public with the quarter system. The program will explain how students will be affected by the system, and questions will be answered. The assembly will be held in the auditorium.

The BSHS baseball team started their regular season play with a pre-district double-header in Andrews yesterday.

Nine weeks tests will be held March 12, 13, and 14. The Electrical Appliance repair class held their annual local contest recently to determine which students will be eligible to participate in the VICA district skill-speed contest to be held in Abilene March 7 and 8.

Teresa Hyden won first place and a cash prize of \$25. Kevin Reynolds was second and won a set of socket wrenches. Mark Hedges was third and received a \$10 prize. Oscar Cadena was fourth and received a \$10 prize. John Magers was fifth and his award was a radio.

The contest was conducted by instructor E. Y. Buckner with the help of the appliance class advisory committee consisting of Mr. Carrol

Hardison of Hardison Appliance Service center, Mr. Don Robertson of Rob & Son Sheet Metal Co., Mr. Larry Layman of Cain Electrical Supply Co., Mr. Lonnie Conn, service manager of Montgomery Ward, and Mr. Paul Hood, Building Trades teacher.

The state wide VICA contest will be held in Houston in April.

The Student Council sponsored a dance last night in the cafeteria. The group Shade Tree from Abilene provided the music.

The area OEA contest was held Feb. 18-March 1 in San Angelo. Pre-employment lab students and Co-op students from BSHS participated. Sponsors for the groups are Ms. Vonna Swim and Ms. Judith Blick.

Approximately 135 Steer

Band members participated in UIL Solo and Ensemble contest yesterday. The contest was held at Odessa College with various area band directors officiating. Results will be published at a later date.

The Astronomy Club will have mirror grinding on Tuesdays and Thursdays after school in Mr. Reynolds' room. Also Star Map plotting Tuesdays and Thursdays in Mr. Reynolds' room. There will be an evening outing on Monday, March 3. Students will leave the planetarium at 7:50 p.m. Yellow permission slips will be required.

The Future Homemakers of America will have their monthly meeting on Tuesday. It will be held during class. The theme will be on life after high school. A film entitled The Graduation will be viewed.

STANTON Students Journey To Stamford For Meet

By MINDY HAISLIP
Approximately 15 students braved the elements last Saturday morning, leaving at 5:30 a.m., for a literary meet at Stamford. Events entered included spelling, slide rule, number sense, science, journalistic writing, and prose and poetry reading.

Because of the snow the group returned early before learning the results. Debbie Webb and Terrie Oldaker reached the finals in poetry reading. Complete results should be known soon.

Most of these students and some others will continue to practice in these areas hoping to represent the school in the district literary meet to be held in O'Donnell April 4.

Band members who had been preparing solos and ensembles traveled to Sweetwater Friday for a contest there. The same group went to Odessa on Saturday for UIL competition there. Soloists with Class 1 selections who receive a first division ranking there are eligible to go on to state competition.

Underclassmen have been pre-registering for the coming school year under the new quarter system. They are finding a lot of new scheduling, and re-arrangement of some courses has become necessary under this new system.

Preparations for the 1974-75 Buffalo Roundup were completed last week. Delivery on the annuals is expected in mid-April. Because of spring delivery the yearbook covers only about three-fifths of the school year. The staff and

Area Students On Dean's List

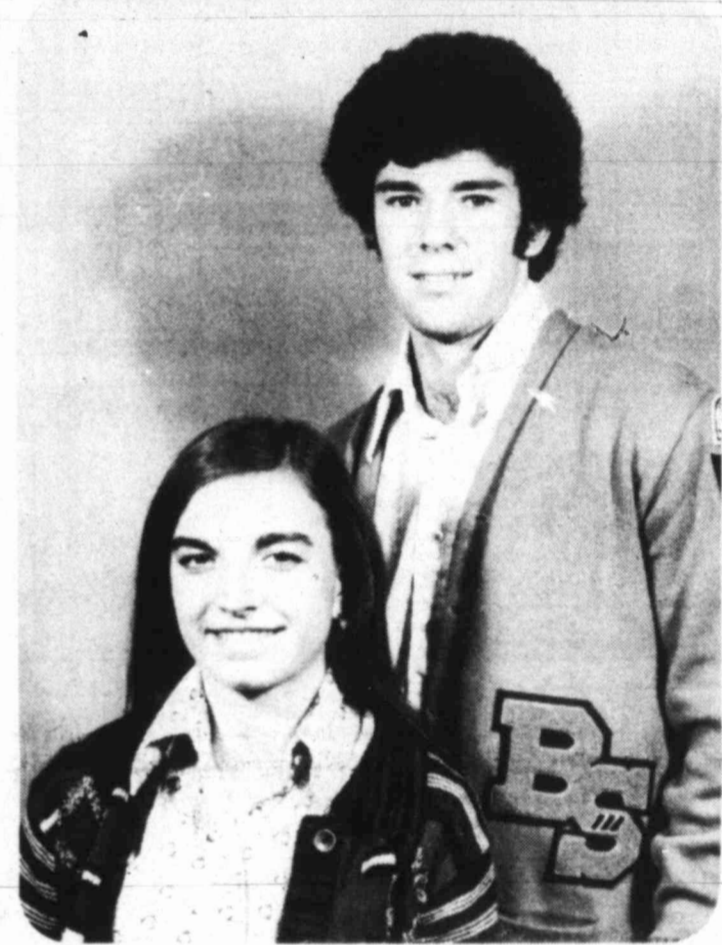

Several area students are among those on the dean's honor roll at Abilene Christian College for the Autumn semester.

Among them are these from Big Spring: Marilyn M. Hale, daughter of Mr. and Mrs. John M. Hale, 2309 Lynn, 3.80; Gary Dennis Reed, son of Mr. and Mrs. William C. Reed, 4035 Alma Circle, 3.75; Curtis Mullins Jr., son of Mr. and Mrs. Curus Mullins Sr., 3307 Cornell; Diane Marie Bailey, daughter of Mr. and Mrs. Donald Bailey 2301 Alabama, 3.56; Gregg Thomas Vick, son of Mr. and Mrs. Thomas Vick, 2305 Lynn, 3.65.

From Lamesa were Ruby Loy Dutton, daughter of Mrs. S. R. Barron, Route 2, 3.60; Peggy Diane Wilkins, daughter of Mr. and Mrs. E. A. Wilkins, 302 N. 21st St., 3.60.

STUDENTS IN MOTORCYCLE SAFETY COURSE — Pictured are students who enrolled in a motorcycle safety course offered recently by the Big Spring High School Student Council and Western Kawasaki. Those who completed the course included Dane Green, Casey Thompson, Jody Jack, Jill McWhorter, Mark and David Root, Kirk Wade, Dale Kolden, Scott Robertson, Donny Knight, Kris Limon, Olen Maya, Lynda and Donald Nidiffer and Randy Matteson.

TEENS OF THE MONTH — Karen Jenkins and Bobby Bradshaw were named February Teens of the Month during an assembly recently at Big Spring High School, by the Big Spring Elks Lodge.

County Library Helps With College Choices

By SUSIE RITZ
Of County Library

Many high school seniors find themselves watching as those last days of joy turn into memories and their high school careers come to an end.

They also find themselves facing the dilemma of what to do after graduation.

"WHICH BEST?"

If the student chooses to attend college, then there are still many choices to come. "Which college will be best for me?" should be his first consideration.

The student needs to discern if he wants to attend a college near his home or one that is far away.

He will want to consider if the college of his choice offers the proper curriculum for his interests.

Last, but not least, the graduating senior needs to ponder the expenses involved in obtaining that all important college degree.

The Howard County Library is fully equipped to assist the college-bound student. The library carries college catalogs from most major colleges and universities throughout the country. The catalogs detail information about college life, curriculum, and tuition and fees.

"International Handbook of Universities" at the library contains information about colleges and universities around the world.

"The Comparative Guide to Two-Year Colleges and Four-Year Specialized Schools and Programs" and "The Comparative Guide to American Colleges" have information about admission requirements, special programs, and faculty qualifications at most universities and colleges in the U.S. These two books also contain valuable tips for the pre-admission interview.

Among other books with information about colleges and college life is "Lovejoy's College Guide" and the "American Council on Education's Guide to American Junior Colleges."

For those staggered by the high cost of higher education, the library has a copy of "Current Financial Aids For Undergraduate Students" and "How To Get Money for College" by Benjamin Fine and Sidney Eisenberg. These books give tips on applying for financial aid and tell of how to apply for scholarships and grants.

TEST PREPS

The Howard County Library also is prepared to help students pass College Entrance Exams. The ARCO Publishing Company has printed several books designed to assist anyone

taking either college entrance exams or college board exams. These books serve not only as study guides but also give useful advice on how to prepare for the exam physically.

There are also special guides to help strengthen any weak academic areas such as math or English.

"The Occupational Outlook Handbook" allows the student to look into the future to see what the job market will be. This makes it possible for the student to choose his major field with an eye to the eventual benefits of that particular area.

WEEK'S PLAYBILL

RITZ — Now showing, "Day of the Dolphin" (PG), with George C. Scott, Starting Friday, "Airport 75" (PG), with Charlton Heston, Karen Black and George Kennedy.

R-70 — Now showing, "Pardon My Bloopers" (R), Starting Wednesday, "Confessions of a Window Cleaner" (R).

JET — Now showing, "Trip with the Teacher" (R) and "Teacher" (R), Starting Wednesday, "Born to Kill" (R) and "Big Bad Mama" (R), with Angie Dickinson.

CINEMA — Held over, "Flesh Gordon" (X), Starting Wednesday, "Law and Order" (R), with Carroll O'Connor and Ernest Borgnine.

KICKER'S CHOICE — Kay Proctor, 19, Odessa, is ranked third nationally in girls' barrel racing. The sophomore at Howard College next will compete in San Angelo March 6-9.

CHILDREN'S CORNER

'I Can Read' Books Good For Children

By SUSAN CONLEY
Children's Librarian

Junior readers are books for children who are just beginning to read.

They can read independently or with very little help from a parent. The printing is large and spaced and the pictures accompanying the text practically tell the story by themselves.

There are beginning books of all kind, mysteries, sports and science to catch all interests in the children's department of the Howard County Library.

"The Case of the Scaredy Cats" by Crosby Bonsall tells how six girls, led by Marigold, invade an all boys' private eye clubhouse. In the ensuing ruckus, one of the little girls is lost, and the detectives go to work searching for her.

"THUNDERHOOF" Syd Hoff has written and illustrated a number of "I Can Read" books, among them are "Thunderhoof" and "Albert the Albatross."

Thunderhoof is a wild horse who refuses to let the cowboys rope him or ride him. One day all the rivers

Davis Wins C-W Prize

LOS ANGELES (AP) — Mac Davis has received the entertainer of the year award in the 10th Annual Academy of Country Music Awards.

Singer Roger Miller emceed at the ceremonies Thursday, which also were attended by country and western stars Glenn Campbell and Roy Clark.

The other awards for 1974 included:

—Female vocalist of the year: Loretta Lynn.

—Male vocalist of the year: Merle Haggard.

Free Instructions And Guaranteed Employment

CHOOSE A SEWING CAREER IN BIG SPRING

GUARANTEED EMPLOYMENT
EMPLOYMENT — Upon completion of a 4 week, 4 hour per day training program, qualified individuals will be offered permanent employment.

SALARY SYSTEM — No employee can earn less than the federal minimum; but many, depending upon their production, can earn \$3.00 — \$4.00 per hour.

WORKING CONDITIONS — Excellent, clean, warm and comfortable working conditions.

OPPORTUNITIES FOR ADVANCEMENT — Rate of advancement depends upon the employee's initiative.

FRINGE BENEFITS
HOSPITALIZATION — Blue Cross, Blue Shield, and Major Medical.
VACATION — First year employees receive one (1) week paid vacation, which increases with longevity.
HOLIDAYS — Five (5) paid holidays per year.
PROFIT SHARING — Employees are eligible immediately.

This is a joint project between Howard College and Big Spring Dress. Register today by calling Howard College 267-6311, ext. 77 or 70 between the hours of 8:00 a.m.-5:00 p.m. or Big Spring Dress, 263-8912.

How to Make 41 New Friends

Leave home and take a Continental Trailways Tour with 41 other people just like you. New friends who'll be sharing new experiences with you. You'll be riding in a luxurious climate controlled motorcoach, staying in first class accommodations and sightseeing, together. By the end of your trip, you'll all be good friends, planning to meet again for another exciting tour.

Blaze your own trail. Seek your own star... from the rugged coast of Maine, majestic Rockies, Old New Orleans, exciting Las Vegas or historic Dakotas. No matter where the "gypsy" in you longs to travel, use our pleasure-planned knowledge. We handle the details of your transportation, first-class hotel accommodations, sightseeing, baggage transfers... and YOU relax and enjoy all the sights!

NATCHEZ PILGRIMAGE AND EVANGELINE COUNTRY — 5 days — departs March 26 and April 2. Highlighted are Natchez, Lafayette and the Rosedown Plantation and Gardens of St. Francisville, Baton Rouge, Avery Island—Home of Tabasco Sauce, Jungle Gardens, the Acadian Village of St. Martinville, the Evangeline Oak and Jacksonville.

HISTORIC SOUTHEAST AND GARDENS — 14 days — departs March 15. Featured sights are Hodges Gardens, New Orleans, Longue Vue Gardens, Pensacola, Cypress Gardens and the Glass Bottom Boat Ride, Cape Kennedy Space Center, St. Augustine — America's oldest city, Savannah, Charleston, Atlanta and the Cyclorama, Vicksburg, Monroe and Shreveport.

MEXICO — 14 days — monthly departures. Highlights include Saffito, San Luis Potosi, Guanajuato, San Miguel de Allende, Queretaro, Toluca, Ixtapan, Taxisco — "The City of Silver", Acapulco, Cuenavaca, Mexico City, the Great Pyramids, Tampico, Monterrey and San Antonio.

CULTURES OF MEXICO — 14 days — departs February 9, April 27, June 29, July 27, October 26 and November 23. Featuring Saffito, Guadalupe, Lake Chapala, Morelia, Queretaro, the City of Oaxaca — San Juan del Rio, Mexico City, Cozumel Merida, the Pyramids of Chichen Itza, Houston, the Johnson Spacecraft Center and San Jacinto Monument.

BIG BEND AND NORTHERN MEXICO — 11 days — departs May 4 and November 2. Highlighted are Johnson City, the Longs L.B.J. Ranch, Big Bend National Park, Fort Davis, McDonald Observatory, Chihuahua al Pacifico Railroad to Chihuahua City, the home of Pancho Villa, Sierra Madres, Chihuahua and Pecos.

PACIFIC NORTHWEST-CANADIAN ROCKIES — 22 days — departs June 14, July 12 and August 2. Scenic features include Colorado Springs, Pike's Peak, Jackson, Grand Teton National Park, Yellowstone National Park, "Old Faithful," Mammoth Hot Springs, Banff National Park, Columbia Icefield, Vancouver, Victoria, Seattle, Salt Lake City and the Old Mormon Trail, and Durango.

WESTERN TREASURES — 19 days — departs June 21 and August 2. Featured are Santa Fe, San Juan National Forest, Monument Valley, the Grand Canyon, Las Vegas, Sequoia National Park, San Francisco, Los Angeles, Disneyland, Joazeiro and Carlsbad Caverns.

BLACK HILLS AND CANADIAN LAKES — 17 days — departs June 21 and July 19. Points of interest include the U.S. Air Force Academy, Mount Rushmore, Badlands National Monument, the Smoky Mountains, the Dakotas, Winnipeg, Kakabeka Falls, Sault Ste. Marie, Greenfield Village and the Henry Ford Museum, St. Louis and Tulsa.

GOLD, GLITTER AND GUNSMOKE-THE OLD WEST — 10 days — departs July 19. Sights include the National Cowboy Hall of Fame, Dodge City, Boot Hill Cemetery, Canon City Museum, Denver, North Platte and the home of "Buffalo Bill" Cody, Kansas City, the Harry S. Truman Library and Joplin.

AUTUMN'S MOUNTAIN MAGIC — 10 days — departs October 18 and October 25. Scenic spots include the Ouachita Mountains, the Ozark National Forest, Table Rock, Land Between the Lakes National Recreational Area, Blue Grass Country of Kentucky, the Smoky Mountains, Nashville and the Grand Ole Opry, Natchez Trace and southern Arkansas.

HOWARD COUNTY EASTER SEAL OFFICERS — Pictured are officers in the 1975 Howard County Easter Seal fund drive, who gathered to map plans for a campaign that is already under way. Seated are George Zachariah, treasurer, and Betty Dan, secretary. Standing, from the left, are Jack Davis, director, Lynn Hise, drive chairman, and the Rev. J. B. Sharp, president.

Climatologists Expect Weather To Get Worse

WASHINGTON (AP) — In the last decade, the Arctic ice and snow cap has expanded 12 per cent, and for the first time in this century, ships making for Iceland ports have been impeded by drifting ice.

In England, the average growing season is a week shorter than in 1950, and in the United States, the warm-blooded armadillo is retreating from the Midwest to the South.

In Africa, the Sahara desert is creeping southward and six years of drought in the Sahel region have only recently been interrupted by rain.

In the United States, corn crops fell of last year because of a freakish combination of excess spring rains and summer drought; great floods ruined the Bangladesh harvest; drought ravaged large parts of India.

experts foresee troublesome changes in global temperatures and rainfall patterns that could seriously jeopardize the earth's ability to feed itself.

One statistic stands out: a study of temperatures around the globe shows the atmosphere has been growing gradually cooler for 30 years. The total drop is less than one degree, but in terms of meteorology, that is significant.

Scientists disagree sharply about the cause of the earth's cooling. A wealth of observations from weather satellites and other new instruments show its major effect, however: a gradual expansion in recent years of the so-called circumpolar vortex — the great icy winds that sweep from west to east around the top and bottom of the planet.

Widening of this vortex has been the prime cause of Africa's drought, blocking moisture-bearing equatorial winds from dumping rainfall on the parched soil. The drought which hit the Corn Belt last summer resulted when moist westerly winds from the Pacific were deflected north over Canada and moist winds from the Gulf of Mexico failed to reach the Midwest.

must learn to predict these variations.

"Change of climate, even if sustained for only a few years' time, could seriously disrupt" the way we use our resources, the scientists said in the report, released by the National Academy of Sciences. "We simply cannot afford to arrive unprepared at the doorstep of a natural or man-made climatic catastrophe."

The panel reported that without doubt, colder climate will come, but there was no consensus about the magnitude or rapidity of the transition from warmth to cold.

The scientists also expressed concern over the increasing importance of man's effects on climate. They said it is unclear whether the increased levels of carbon dioxide in the atmosphere, caused by burning fuel, dust or other pollutants, will alter temperature.

FORERUNNER
Many climatologists see these signs as evidence that a significant shift in climate is taking place — a shift that could be the forerunner of an Ice Age. Like that which gripped much of the Northern Hemisphere before retreating 10,000 years ago.

During that period, massive ice sheets half a mile thick spread down from the Arctic burying what is now Canada and the Northern part of the United States. In Europe and Asia, ice covered Scandinavia and reached into present-day France, Germany, Austria and central Russia.

Equatorial regions became extremely dry because of the upset in weather balance and changing patterns of wind which create climate around the globe.

No scientists is forecasting a full-scale Ice Age soon, but some predict that in a few decades there might be little ice ages like the one which plagued Europe with severe winters from 1430 to 1850.

At the very least, some

INEVITABLE
A group of prominent scientists last month finished a two-year study which concludes that changes in the earth's climate are inevitable and that mankind
