BIG SPRING, TEXAS (79720) FRIDAY, MARCH 7, 1975

(AP WIREPHOTO)

FOUND — Phyllis Gordon, 24, a law student at the University of Pennsylvania, has been the object of a lengthy search by Don Sigerson, a wealthy, divorced manufacturer from Oakland, Calif. Sigerson met Miss Gordon briefly at the Davis Cup series tennis matches in Palm Springs, Calif., a few weeks ago and has been looking for her ever since. He did not know her name but knew she came from Philadelphia. Ads in a Philadelphia newspaper brought response from Miss Gordon. She is shown in her Philadelphia apartment.

8.2 PER CENT

Unemployment Rate Unchanged

WASHINGTON (AP) — The nation's unemployment rate in February remained unchanged at 8.2 per cent, even though another 540,000 workers — most of them in manufacturing industries — lost their jobs during the month, the government reported today.

The Labor Department said the loss in jobs was more than offset by 580,000 dropouts from the labor force, mostly adult women and teen-agers who stopped looking for jobs altogether during the nation's current recession.

DON'T COUNT

When a person stops looking for a job, he or she is no longer counted in the labor force and is no longer considered an unemployed person for statistical purposes.

While over-all unemployment remained unchanged from January, the jobless rate for manufacturing workers rose in February for the ninth consecutive month to 11 per cent, the Labor Department said.

It said there were 425,000 fewer manufacturing jobs in February, with all 21 industries accounted in the index showing decreases.

Over-all, there was a slight increase reported in the unemployment rate for married men, from 4.5 to 4.7 per cent, and for all adult men, from 6 to 6.2 per cent, although these rates remained below the peak levels during the 1949 and 1958 recessions.

RECESSION

The jobless rate for most subgroups within the labor force were essentially unchanged for January.

The largest cutbacks were reported in major metals industries and in textiles, apparel, and rubber and plastic products.

Reflecting the depth of the nation's recession, the department said manufacturing employment in February totaled 18.3 million, the lowest level since September of 1965.

The total civilian labor force in February was 91.5 million, down from 92 million in January. The Labor Department said total employment was 84 million

in February, down from about 84.6 million in January.

President Ford said Thursday night unemployment might hit nine per cent during the current recession, although he added

Officers Follow Leads In Mutilation Cases

A cow, with its udder and reproductive organs missing, was found dead in pasture land seven miles west of Patricia this week, and authorities are following a lead developed by the Dawson County Sheriff's Office.

An oil field well maintenance man saw suspects in the immediate area of the Dawson County cow-killing Monday, the same day the cow is believed to have been mutilated. Howard County Sheriff A. N. Standard said.

He said his information came from a nationwide, law enforcement teletype message released Thursday by the sheriff's office in Lamesa.

The oil pumper reported seeing a red and white Chevrolet Blazer with a two-wheel stock trailer, possibly

that he doubted it would get so high.

The President also indicated he might consider new tax reductions, over what he has proposed, if more stimulus is needed to end the recession.

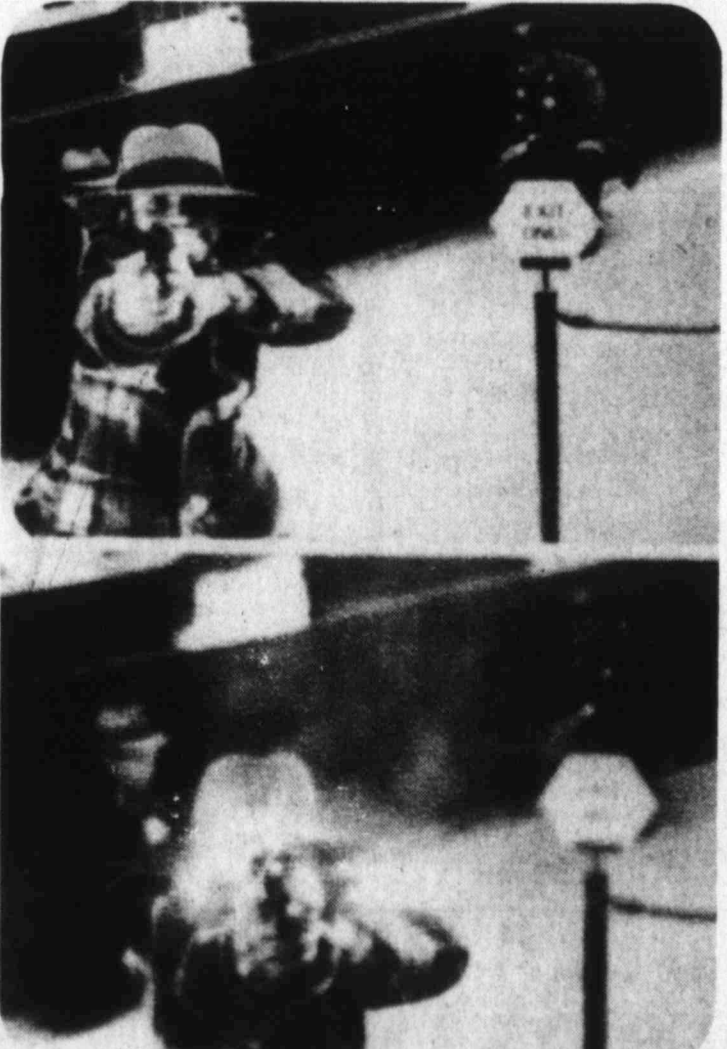

Officers Follow Leads In Mutilation Cases

followed by an old car. In the vehicles were several "hippie-type suspects."

Local officers stressed that information the suspects may have an electric blood pump is unconfirmed.

No blood was seen where the cow belonging to Cecil O'Brien was discovered southwest of Lamesa. And little blood was said evident at the places a cow and calf belonging to Howard County Commissioners Jack Buchanan were located near Luther last week.

The Howard County Sheriff's Office is sending questionnaires to law enforcement agencies in other locations of cattle mutilations. Standard said he is awaiting the lab report on the cause of death of Buchanan's cow.

(AP WIREPHOTO)

STICKUP — The camera at a branch of National City Bank in Cleveland 1, Ohio, proved faster than a speeding bullet. The holdup man shot out the camera but shortly after the robbery Wednesday, the FBI said one robber had been arrested and two are being sought.

Find Five More Bodies In Wreckage Of Hotel

TEL AVIV (AP) — Five more bodies were found today in the wreckage of a hotel attacked by Arab terrorists and police said more victims of the guerrilla raid might be buried in the rubble.

The discovery brings to 19 the number of dead officially reported in the attack

Wednesday night and Israeli counter-attack Thursday, including seven guerrillas.

ISRAELI TEEN

The bodies discovered today were those of a German, a Dutch-born Israeli teen-ager, a Swiss man and woman and a Somali, police said.

Israeli officials charged the raid was an attempt to discredit Egypt and sabotage Secretary of State Henry A. Kissinger's new peace mission.

The semi-official Israeli state radio reported that the mother ship that brought the eight guerrillas and their two rubber attack boats to a point off Tel Aviv came from the north, presumably meaning from Lebanon.

However, the only guerrilla who survived told interrogators that the terror squad set out from Egypt; one of the landing boats was marked "Egyptian Army

Sea Seamen." "Kissinger's mission will fail" was painted on the other one.

"The attack was aimed as much against Egypt as it was against Israel," Defense Minister Shimon Peres said.

CAPTURE SHIP

The Israeli navy captured the 150-ton mother ship and its eight-man crew off the coast early Thursday. But the military command said it would give out no information about the ship until questioning of the crew was completed.

The guerrilla command in Beirut said the raiders were members of Al Fatah, the largest Palestine guerrilla organization. It is headed by Yasser Arafat, the chief of the over-all Palestine Liberation Organization. The PLO has been close to an open break with Egypt's President Anwar Sadat because he would not hold out for an agreement in which Israel recognized the right of the

Palestinians to take over the West Bank of the Jordan river and the Gaza Strip as a separate state.

ENRAGED

Israelis enraged over the guerrilla raid were demanding their armed forces wreak vengeance on Palestinian bases in Lebanon. But there was speculation that the retaliatory raids would be delayed until after Kissinger's visit.

"They will be punished," Premier Yitzhak Rabin said after the terrorist attack Wednesday night in which seven of the eight Arab raiders, four hostages and three Israeli soldiers were reported killed. Five soldiers and six civilians were wounded. An eighth guerrilla was captured.

The Israeli military command for obvious security reasons said nothing about its plans to retaliate. But

strikes at the guerrillas' bases in southern Lebanon have followed every previous such Palestinian attack into Israel.

Last June, however, after four terrorists killed three women hostages in a kibbutz near the Golan Heights, Israel waited for President Nixon to end his visit before bombing Lebanon for the next three days.

Highlights Of Ford's Conference

WASHINGTON (AP) — Here, at a glance, are highlights of President Ford's news conference Thursday night:

CAMBODIA — Congress must vote emergency military aid within two weeks if Cambodia is to survive the current Communist offensive, the President said. "Time is running out," he added.

LON NOL — Ford indicated he is willing to see Lon Nol step aside as Cambodia's president if that would spur negotiations and end "an unbelievable horror story" in the besieged capital of Phnom Penh.

ECONOMY — Larger tax cuts would be preferable to increased spending if more stimulus is needed to help end the recession. For the first time, Ford acknowledged that the unemployment rate might rise to 9 per cent.

TERRORISM — The terrorist attack in Tel Aviv was "very ill-advised... absolutely unwarranted."

NIXON — Ford declined to comment on whether he would like to have former President Richard M. Nixon take an active role in the Republican party once he recovers from his ailments.

GOP CONSERVATIVES — The Republican party should be "a broad-based, wide spectrum party" and could broaden its base without losing the conservative wing of the party.

CONGRESS — The President again chided Congress for its slowness in acting on tax-cut legislation, saying "what we need is speed."

Vote To Clip Talkathons

WASHINGTON (AP) — The Senate voted today to limit further debate on making it easier to choke off filibusters.

By restricting each senator's speaking time on a compromise rules change to one hour, the vote was another key move toward curbing the talkathons.

The vote for cloture was 73 to 21, or 10 more than the required two-thirds majority of senators voting.

Leaders called the Senate into session 3½ hours earlier than usual in hopes of keeping resolution of the issue from being delayed until next week.

Limiting debate on the issue, which has occupied the Senate for weeks, is designed to force a showdown vote.

The World At-A-Glance

WASHINGTON (AP) — Citing a poll showing only 18 per cent of Americans consider themselves Republicans, GOP Chairman Mary Louise Smith warned today that the party is in serious trouble and that "time is running out." "Unless you and I get together and work for this party, we may have no party at all," Mrs. Smith said in a speech launching a two-day meeting of Republican leaders.

★★★★

WASHINGTON (AP) — The chairman of the Federal Reserve Board says the Fed is prepared to provide loans to any big corporations, banks or savings institutions in danger of failing. The outline of such a contingency plan, as provided by Fed Chairman Arthur F. Burns, did not specify how far the central bank is willing to go in trying to prop up businesses in danger of failing.

★★★★

VICKSBURG, Miss. (AP) — Officials say oil fouling the Mississippi River after a barge accident has spread downstream as much as 100 miles and workers probably can't recover most of it. An estimated 1.5 million gallons of crude oil leaked from three barges

which smashed into a pier of a highway bridge here Wednesday evening. Bill Williams, 51, of Greenville, died in the accident. The river's level is high now, as it is every spring, and the swift mid-stream current has broken up the slick and made the oil there impossible to recover, officials say.

★★★★

TOMAH, Wis. (AP) — Frank G. Andres was an early riser who liked to open his hardware store by 7 a.m. He shunned some innovations embraced by other Tomah merchants, such as staying open Saturday nights. But when he died, he left the community the bulk of his estate — perhaps \$1 million or more. His enterprise, a thrift and shrewd investment amassed the fortune in well over half a century in this west central Wisconsin community of about 6,500. "He had a good business, and he was a man who guarded his money very carefully," recalled Homer Walley, a retired hospital worker and close friend. "He got it, and he hung on to it," added fellow merchant Forest Kennedy. Andres died last August at 83. In his will, the bulk of the estate is set aside for a trust, with the interest used "for any worthwhile and necessary gifts for the Tomah community."

Martin Set For Salute

STANTON — Martin County will kick off its Bicentennial Celebration Saturday night as the Martin County Bicentennial Committee will host a "stand up and sing" program.

The program, entitled "Martin County Salutes America," will feature singers, bands, skits and square dancers.

Tammy Whitmire, 16, Crane, who just returned from a singing engagement at the Houston Livestock Show, will present a patriotic routine and the Stanton High School band, led by George Walker, will play several patriotic and modern tunes.

The Cotton Squares square dance club will perform along with two skits to be presented by the high school drama class.

Russell McMeans will be master of ceremonies and co-chairman of the Bicentennial Committee are Terry Neill and Mrs. Glenn Brown.

The purpose of the show is to get Martin County people involved in the Bicentennial Celebration. Tickets are available at the door at a cost of \$1.50 for adults and \$.75 for students.

Suit Filed By Trust Over Building Taxes

The Corpus Christi trust which owns the Permian Building here today filed in 118th District a suit claiming local government "discriminate between the valuation of urban and rural land."

The suit states: Big Spring property is being taxed on its "true market value; while that of all rural property owners is assessed and taxed based upon a classification system... this classification system in no way reflects the true fair market value of rural lands in Howard County, and in fact reflects only a small fraction of the rural lands true value."

This situation has existed

many years, the attorney for Flato Realty Investments claims. This "discrimination" violates the plaintiffs rights under the Texas Constitution and Fourteenth Amendment, it is argued.

Defendants in the suit are the City of Big Spring, Howard County and Big Spring Independent School District and the agencies tax assessor-collectors.

U.S. District Judge Leo Brewster, Fort Worth, earlier dismissed a federal suit filed by the trust in Abilene. Attorneys for the city, county and school system argued remedies available through state courts had not been exhausted.

Flato is asking State District Judge Ralph W. Caton to nullify the local scheme of taxation and replace it with one which

does not "discriminate."

This undeveloped land classification is said being used:

CLASSCOUNTY B.S.I.S.D. Cultivated		
C1	\$70	\$80
C2	\$60	\$70
C3	\$50	\$60
Grazing		
G1	\$25	\$30
G2	\$15	\$20
G3	\$10	\$10
Specials		
5.0 acres or less	\$100	\$100

"NOTE: The city of Big Spring uses the above County valuations for all rural property located within its taxing jurisdiction."

TSTA Bill Not Purely For Boost In Salaries

There is a misconception in some quarters that teachers are backing the Texas State Teachers Association Education bill purely for a pay raise, Ruth Ann Box, president of the local TSTA unit, said today. Actually, she added, it contains far more.

"This bill revises the Minimum Foundation Program to provide an expanded foundation program which will guarantee to every child in Texas, regardless of the wealth of the district in which he resides, a program of educational designed to meet his basic educational needs," she said.

"The State of Texas is sixth in collection of State taxes, third in wealth and 37th in national teacher's salaries."

"The elements included in the revised foundation program were designed toward one major objective: 1) to assist Texas school districts in improving their local programs; 2) additional State funds for transportation and current operating cost. Transportation is increased by 75 per cent. Children who live

one or more miles from school would be eligible whereas the current provision requires them to live two or more miles from school; 3) special funds for compensatory education and other local programs enrichment; 4) better salaries to attract and hold competent personnel. This includes central staff personnel and education secretaries.

"All teacher's salaries are reimbursed by the State with the exception of teachers added to the staff, but not approved by the State, and auxiliary workers. These only comes from our local districts."

"To finance the basic program the local district would be asked to provide as its share of the cost of the program the amount of money that a 35 cent rate per \$100 fair market value would raise within that district in 1975-76. In 1976-77, this rate would be increased to 40 cents. A save-harmless clause is provided to prevent any district from having to raise additional taxes in 1975-77. There will be no change in the district's authority to assess and collect taxes according to its own desire."

COLD

Cold returning. High today, near 70. Low tonight, low 30s. High Saturday, low 50s. Northerly wind 10-20 miles per hour and gusty this afternoon. Changing to northeasterly and diminishing tonight.

AAUW Leaders Look At State Of Economy

The state of the national and world economies was examined by the American Association of University Women's study group Monday in the home of Mrs. Fran Riley, Silver Heels.

Mrs. Janelle Collier opened the discussion with a sketch of basic economic principles and terminology. The four phases of the traditional cycle — expansion, peak, recession and trough — and how they are triggered by internal and external factors, were developed by the speaker. She said the internal monetary policy, as determined by the expansion and contraction of bank credit, is the key indicator of the phase of the cycle. Innovation and invention are classic external stimuli in the cycle.

Currently, oil prices should soon drop due to the overproduction in the Middle East. In the auto industry, the post-rebate sales era will feature greater fuel economy and price cuts. Overloaded inventories must be reduced before production is increased.

The recession resulted from production cuts, rising unemployment and sales

shrinkage. It was noted that in all U.S. recessions since World War II, the recession phase ended because manufacturers reved up production before consumers depleted their cash reserves.

Mrs. Jean Zint continued the program with emphasis on the global situation. Statistics on stock markets around the world show that in 1974 there was a 1 per cent increase in Germany. The downward trend ranged from 5 per cent in Austria to 66 per cent in Hong Kong. The U.S. markets declined 31 per cent. Unemployment abroad has not been as severe as in the United States. The U.S. rate was 7.1 per cent and is projected to reach 10 per cent by July, 1975. At the lower end of the scale was Japan with 1.4 per cent.

The worldwide problem of inflation has recently mushroomed because of the sudden rise in the price of oil. In 1974 a handful of oil rich nations compounded the economic dilemma by skillfully wielding their potent weapon — the power of oil. Mrs. Zint said the Organization of Petroleum Exporting Countries raised

the price of oil to an unprecedented height. The profit margin was \$10 per barrel; increased from less than \$1 in early 1970. In 1974 the effects of rising oil prices contributed three or four percentage points to the U.S. inflation rate of 12 per cent and reduced Americans purchasing power and consumption of goods as much as a 10 per cent increase in personal income taxes would have done. By best estimates, the rise in energy prices caused 1/4 to 1/3 of the world's inflation.

The next meeting of the study group will be April 7 at the home of Mrs. Lois Cave, 1600 Indian Hills. Following the theme of Global Interdependence, the metric system will be studied. Leaders will be Mrs. Connie Willoughby and Mrs. Dannie Greene.

Program Topic Genealogy Is

Mrs. James Shaw was guest speaker for the 1955 Hyperion Club Tuesday in the home of Mrs. W. A. Moore, 528 Scott, with Mrs. James Watson and Mrs. Charles Beil as cohostesses.

Mrs. Shaw gave a program on genealogy and discussed work in tracing her family, the Amonetts, through several generations.

Plans were made to have a bicentennial tea in September. Election of officers will be held at the next meeting, which will be in the home of Mrs. Jerry Snodgrass.

Retirees Have Social Event

Business and social activities were on the agenda Tuesday when the American Association of Retired Persons met at Kentwood Center.

A directors' meeting preceded the general meeting and, afterward, Mrs. T. K. Price presented devotional thoughts on growing older.

Marshall Brown sang "Leave It There" accompanied by Mrs. Birdie Westbrook, pianist.

A covered dish luncheon was served, followed by games and fellowship.

Mrs. Cowan Shows Quilt Collection

The quilt and afghan collection of Mrs. Ina Cowan of Munday was displayed for the 1941 Study Club of Coahoma Monday in the home of Mrs. Don McKinney.

Hostesses for the meeting were Mrs. Sue Tindol and Mrs. Dale Ferguson.

Continuing the study, "Pioneer Women," the guest showed her handmade quilts and afghans and explained the various patterns and their history.

The 15 members and 10 guests were given old-fashioned recipes as mementoes of the day. The refreshment table was centered with calico-covered clay pots holding daisies.

Tea Honors Mrs. Cowan

Mrs. Don McKinney was hostess for a tea Tuesday afternoon in her home to introduce Mrs. Ina Cowan of Munday who was here to show her private collection of quilts and afghans.

Assisting in the hostess duties were Mrs. Irbra Griffin, Mrs. Cleo Shive, Mrs. Gwen Fryar, Mrs. P. F. Sheedy, Mrs. Bea Bonner, Mrs. Maxie Irland, Miss Merle Dingus and Mrs. Mattie Miller.

Refreshments were served from a table laid with a patchwork cloth.

Chamber Works To Boost City

Terry Hanson, manager of the Big Spring Chamber of Commerce, was guest speaker for the Scenic Chapter, American Business Women's Association, at the Permian Snack Bar Tuesday evening.

The speaker, a native Big Spring, attended local schools, including Howard College, and received a BBA degree from Angelo State University.

Hanson joined the chamber as assistant manager in July and in January became manager. He explained the operations of the chamber and what was accomplished in 1974 as well as plans for 1975. The 533 on the chamber membership rolls are divided into four councils with a vice president heading each council.

Highlights of 1974 included the Texas International Airlines case which was lost; proposed Interstate 27 which was turned down for the present; and Amtrak possibilities. A major accomplishment was the realization of the Family Services Center located in Dora Roberts Rehabilitation Center.

The major project for 1975 is housing. There will be a continuation of work with the Family Services Center and also the bicentennial activities.

A continuing work of the

chamber is acquiring new industry for Big Spring; five having been secured since 1969.

Hanson explained the three phases of getting new industry: work with local industry, prepare the city for the new industry and solicit new industry.

Other activities include fireworks on July 4, Appreciation Day by the Century Club, tourism, Christmas decorations and air transportation service.

Vocational speaker was Mrs. Rita Pipes, secretary at Sid Richardson Carbon Co. for 10 years.

Perfect attendance awards were given to Mrs. Delores Albert, Mrs. Geraldine Dietz, Ms. Barbara Leugoud, Ms. Opal Wooten, Ms. Emma Slaughter, Ms. Beverly Cramer, Ms. Bobbie Reynolds and Ms. Hazel Mixon.

The chapter celebrated its 15th anniversary with a birthday cake which was

served to the 21 members and the guests, Hanson and Ms. Diane McCrary.

Announcement was made of the extension of two

scholarships for 1975. The invocation and pledge of allegiance was by Ms. Delores LeVier, and Ms. Mixon worded prayer.

Forum Views Music Film

A film of a piano workshop conducted by Madame Lhevinne of Julliard School of Music was shown for the Piano Teacher's Forum Monday evening at Howard College. The second part of the program consisted of

recordings by Lili Kraus, a piano instructor at Texas Christian University.

Guests were Mrs. Lorena Williams and Mrs. Anna Maitland, both of Midland; Mrs. Joan Little and Mrs. Florence Compton.

Model Meeting Is Held For Rushees

A model meeting was held for rushees of Alpha Beta Omicron Chapter, Beta Sigma Phi, Tuesday in the home of Mrs. Jeannette Gaffard.

Rushees attending were Miss Ann Tollett, Mrs. Darlene Bedwell, Mrs. Jane Doane, Mrs. Jan Stephens, Mrs. Sandy Hamilton, Mrs. Debbie Larson, Mrs. Debra Wilson, Mrs. Charla Myers and Mrs. Betty Richardson.

Plans were made for a couples' party at the Gaffard home at 7:30 p.m., March 22. A party for members' children will be during Easter week, and the sorority will sponsor a puppet show at 7 p.m., March 21 in city auditorium.

Mrs. Cathy Van Zandt from Magic Mirror, presented the program.

"Poise Is Charming." She described poise as the impression one makes on first appearance, and that it comes from within with self confidence. One can be born with it or acquire it through grooming, makeup, exercise and dress she said.

The speaker demonstrated floor exercises, yoga positions and fundamental belly dancing.

Rushees heard the history of BSP International and the local chapter, and each committee member told of her service during the year and participation in fundraising.

A report was given on the rush coffee held Feb. 22 at the home of Mrs. Karen Frette.

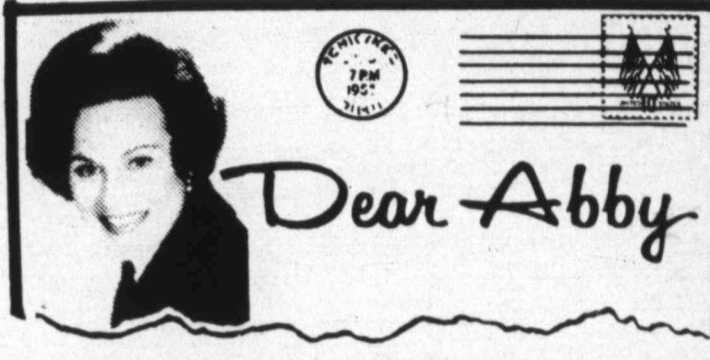

The next meeting will be March 18 in the home of Mrs. Gay Smith.

Program Topic Genealogy Is

Mrs. James Shaw was guest speaker for the 1955 Hyperion Club Tuesday in the home of Mrs. W. A. Moore, 528 Scott, with Mrs. James Watson and Mrs. Charles Beil as cohostesses.

Mrs. Shaw gave a program on genealogy and discussed work in tracing her family, the Amonetts, through several generations.

Plans were made to have a bicentennial tea in September. Election of officers will be held at the next meeting, which will be in the home of Mrs. Jerry Snodgrass.

Mail Runs Three-One For Cutting The Cord

DEAR ABBY: This is in reference to the 25-year-old girl who signed herself "Over Protected." She wanted her own apartment, was able to support herself, but her mother said: "Only tramps have their own apartments. Nice girls live at home."

Abby, I had the same problem. Only my problem was my father. I was 23 when I wanted to move out of my parents' home and into my own apartment. I was able to support myself, but my father insisted that I want to move so I could have men running in and out of my apartment all hours of the night. In fact, after I moved, he even watched my apartment for weeks, hoping he could say to my mother: "See? I told you so!"

Well, it never happened. Abby, I was raised in a religious home where I was taught right from wrong, and I never forgot my upbringing. Parents should realize that grown children need to get out on their own, make their own decisions and become self-sufficient. And if they had the proper training and example, they will not be corrupted by temptation.

Your advice to "Over Protected" was great... "Cut the cord — and don't feel guilty."

"FREE, 24 AND RESPECTABLE"

DEAR FREE: Thanks, I needed that. Some parents wrote to tell me to drop dead with that kind of advice, but the mail is running three to one in my favor.

DEAR ABBY: My wife keeps giving me a bad time because in church I use tissues for wiping my nose. She thinks I should use a handkerchief.

It seems to me that in this modern day and age, tissues should be socially acceptable.

What do you say? MAC

DEAR MAC: I'm with you. Tissues are not only more hygienic, but I should think your wife would appreciate your reducing her laundry load a wee bit.

Lodge Adopts Orphan Girl

Big Spring Rebekah Lodge 284 has received word of their acceptance for the "adoption" of a child, according to an announcement made Tuesday at the IOOF Hall.

The Rebekahs and Odd Fellows Mullin Lodge 372 are in the adoption, jointly, of Mary Ann Avery, 8, who is a resident of the Children's Home in Corsicana.

The lodge will take part in the state hospital cookie project.

Forty-two visits to the sick were reported by the 43 present.

Refreshments were served by Mrs. Wayne Burleson, Mrs. W. A. Majors, Mrs. Dwite Gilliland and Mrs. D. A. Jones.

An Easter theme was used in table decorations.

At least Once in a Wifetime...
don't you deserve a Whirlpool LAUNDRY PAIR

Don't you really deserve the freedom from endless ironing you'll get with this 2-speed, 6-cycle Whirlpool washer that cares for both Permanent Press and washable Knits beautifully?

Wouldn't you rather finish wash-day as fresh as you started with this matching Whirlpool Dryer that adds that final wrinkle-guarding touch to just-washed Permanent Press and washable Knits? It has an extra-large, 6.9 cu. ft. drum for high-performance drying of extra-large, bulky items.

Want to spare yourself from washing too often? This super-size washer that does a large capacity load at one time is your answer.

Want the flexibility of 6 automatic cycles to tailor a custom wash for today's multiple fabrics? There's even a Super Wash cycle that gives extra-dirty things 6 minutes of pre-wash scrubbing.

Want to quit hanging around the washer, waiting to add the fabric softener before the rinse? This washer has automatic dispensers for both bleach and fabric softener. Add everything at the start.

How about a built-in valet that helps maintain neat creases and pleats in clean Permanent Press things mused up from storage or dried wet? This dryer has one called TUMBLE PRESS* control and you'll love it!

Want to avoid set-in wrinkles after drying? A little buzzer reminds you to take clothes out. If you do forget, a FINISH GUARD* control tumbles them briefly until you remember.

Legislation To Simplify Insurance Policies Asked

AUSTIN, Tex. (AP) — Anybody who has been denied health insurance benefits for obscure reasons, or puzzled over the language of a policy, will applaud Gov. Dolph Briscoe's proposed bicentennial gift to Texans.

Briscoe stood up Thursday with State Insurance Board Chairman Joe Christie and Rep. Ron Coleman, D-El Paso, to urge passage of a bill to take the mystery and occasional fraud out of health insurance.

Coleman will sponsor the bill, and Christie's staff wrote it after a year's study of health insurance—which Christie called the "area of the most abuse in Texas."

BIG REFORM

Not only would the bill result in simpler, more uniform language on health and accident policies, but

also it would give the board a new power to keep premiums in line with benefits.

"This is as big a reform as the readability thing, a board staff member said.

Briscoe, in his "state of the state" message to the legislature in January called for action to eliminate confusion, misrepresentation and undercoverage in the accident and health—"A&H"—field.

"When an industry grows to the size of the health and accident insurance industry, there are bound to be abuses... Health and accident insurance is so vital to the economic well-being of all our people that it must be subject to additional scrutiny," Briscoe said at Thursday's news conference.

Christie spoke in stronger terms.

He said the elderly have been defrauded in numerous cases by unscrupulous A&H agents. Old people are handed applications to sign that ask no more about their medical history than have you ever been sick," and later are denied benefits because of "pre-existing conditions," he said.

"This abuse is known as "post-underwriting," — determining whether a person should be covered after he files a claim, not before he is accepted as a policyholder.

The bill would direct the board to set standards to make policies readable and definitions uniform. There would have to be "full and fair disclosure of policy terms."

All A&H policies issued or renewed after July 4, 1976, would have to be accompanied by a plain English outline of policy provisions.

BENEFITS

If a company uses a simplified, "no questions asked," application form, it could not use pre-existing conditions as an excuse for denying benefits after 12 months had elapsed. That period would be cut to three months if the policyholder was 65 or older.

The insurance board would be required by law to reject any policy that lacked a rea-

sonable relationship between premiums charged and prospective benefits.

And companies would have to file with the board their rates for various policies, certifying that they are reasonable. If the certification later were found to be false, the board could cancel a company's license to sell insurance in Texas.

A&H has been a long-standing headache for the board, but one that was addressed only minimally before Christie. A former state senator who some feel has ambitions for higher office, became chairman.

Five years ago, for instance, an Associated Press investigation disclosed that 6,000 complaints were being received a year by the board about all problems.

Former Sen. H. J. Blanchard of Lubbock, who headed a Senate committee investigation of the problem, said company lawyers tried to make policies as technical as they could.

Board officials, however, were inclined at that time to defend the industry and to declare that imposing any uniformity on policies would stifle the companies' "creativity."

One company fought claims so hard that over a period of two years or so, 30 cases involving its refusal to pay policy claims reached the Texas Supreme Court.

BOYDSTUN'S TOP SPELLERS — Kelli Bearden 11, fifth grader, left, will be the Boydston Elementary representative at the Howard County Spelling Bee next Thursday. Kelli, the daughter of Mrs. Norma Bearden, 1203 Wood, repeated as champ for her school by fielding "austere," which was missed by Denise Holmes 12, sixth grader, right, then spelling the winning word, Denise is the daughter of Mr. and Mrs. Dennis Holmes, 1506 E. 6th.

UNATTENDED STATIONS Credit Card Used To Activate Gas Pump

CORPUS CHRISTI, Tex. (AP) — Remember when Barney, the gas station attendant, shuffled out to your car, cleaned the windows, pumped gas, philosophized on the weather then returned to his caneback chair to watch life's passing parade?

"Barney" has turned into an IBM System-7 computer here and the operator of three automated gas stations the computer serves says they are the new way of the future.

WAITING LIST

Corpus Christi business man Sam Susser Jr., of Save-A-Dollar Clubs of America, says "we have a 600-name waiting list already for our three existing sites. Expansion is inevitable as this kind of system is used by governmental agencies, cab and truck fleet owners, telephone and utility companies and others interested in controlling and monitoring gasoline distribution."

The sometimes ordeal of getting gasoline is just a piece of cake if you're a dollar-club member. It works like this:

Susser, owner of Susser Petroleum Co., issues qualified members of the club a credit card which can be used to activate a gas pump at one of the club's three somewhat obscure locations in Corpus Christi.

A member can get gas at any time of the day or night, charged by credit card to his

account which is payable before the 10th of every month.

CHEAPER GAS

"We located our pumps in the access alleyways adjacent to supermarkets and in an isolated section of a residential area to find out: first, would our members use the pumps and at what times of the day? Second, is the concept of providing gasoline at unattended stations valid?"

Susser said he tried the keylock gasoline vending business for several years but it didn't pay off because he got bogged down with 50 keys for 50 locks, billing, constant repair and other problems.

The computer system not only eliminates many of the problems, Susser said, but also means he can sell gasoline for two cents a gallon cheaper than the average vendor.

Susser said the computer concept also may be applied to monitoring electric power consumption in large buildings. "We believe the economies and controls we've seen in gasoline distribution can be gained in power distribution management, too," he said.

Energy Pinch Puts Trees In Spotlight

Believe it or not, the energy crisis is spotlighting the shade tree in home landscaping.

Most everyone will agree that any home or building will be improved in appearance by a well-placed and carefully selected shade tree. Often times this can have a revolutionary effect on appearance—and values.

But, as the Texas Agriculture Extension Service points out, trees sometimes are referred to as "nature's air conditioners." They moderate climate by protecting from extremes in wind, heat, cold and even drought. Probably there is not sufficient concentration in these parts to purify the air, but trees are exceptional for this in some sectors.

(Photo By Danny Valdes)

CLEAR CALL — Here's the clearest call of all to Spring — flowering fruit trees. If this plum pops into a fluffy mass, and apricots follow in profusion, can the peach, apples and pears be far behind. For some varieties, particularly, there is a time to spray to enhance chances for yield. The same is true for pecans. Your nurseryman or county agent can advise — but they can't do anything about fickle weather.

SAVE DOLLARS

But, a well placed tree or shrub can make a maximum contribution to the reduction of heat and glare inside a home. Those on the west side of the house, for instance, may cut dollars off your heating and air conditioning bill during extreme summer and to some extent in winter months. They often minimize hail and wind damage.

Well, what kind of a tree or shrub should you select? You can get almost anything, you know, but not everything will thrive; not everything good in East Texas, will do well in this semi-arid climate.

Perhaps the best guide is to check with the county agent, or with your nurseryman. Beware of fly-by-night nursery peddlers who may just want to unload stock. Another good rule is to see first of all if there are native trees and shrubs which will fit into your plan. Frequently, with a little more than the normal amount of water they get in the wild state, they make substantial growth.

GOOD GUIDES

There are several Extension Service pamphlets and booklets that are helpful such as "Shade Tree Evaluation — Texas 1-958" and "Fertilizing Woody Ornamentals (1-1097)" as well as "How to Transplant Woody Plants (1-1037)."

A common mistake made by many homeowners is planting the fastest growing trees available. Most of these "fast growers" have long-term serious faults such as being weak-wooded, surface-rooted, short-lived or unusually disease and insect-susceptible.

Most species of trees will respond to good care by growing at a relatively fast rate, so they may not be much slower than the "fast-grower" at that. The initial cost of a tree is so small in proportion to the value received over the years that a few extra dollars at purchase time for an improved variety or better species are well spent. For this reason, it is usually better to select a tree that will grow at a moderate rate and produce stronger and longer-lived specimen. Also, you may

want to give some consideration to whether you want blooming trees, or as to what type of shade you want.

TIME FACTOR

If you want to transplant native shrubs or trees, take great care and stay with the smaller sizes if possible. If you want to move a larger native, perhaps you had best contact a nurseryman with adequate equipment to do the job.

Time is running out for the best results in bare-root transplanting, but it can be done with great care for

several weeks yet. From the next week or two on, however, perhaps best results will be had by using containerized trees and shrubs so that root systems are not disturbed or little disturbed in the transplanting process. These can be planted most anytime.

Prune unneeded growth that will tax the plant, also clip off dead tips of the root system. Give the roots plenty of room in the hole, keep well watered for a few weeks, then regularly watered for the first season.

Shade And Fruit Both Can Come From Pecan

Few trees are more beautiful nor functional than the pecan, if you have patience and exercise care in planting and maintenance.

Here are some tips about planting a pecan. Obtain vigorous and fresh pecan nursery stock; keep the root system moist at all times; reduce the budded or grafted top by a third to a half at time of planting (much nursery stock already has been trimmed near these levels).

It is emphasized — obtain good trees; a moderate-sized one will suffer less transplant shock.

Dig a hole just wide and deep enough to accommodate the roots without bending. Plant so that the soil mark on the tree will be at ground level. Prune surplus tips of root system.

Tips Available About Spraying

At this time of the year, many homeowners and farmers will be wanting to spray their fruit and nut trees.

A very helpful fact sheet on the subject is available from County Agent Bruce Griffith.

It points out that most homeowners prefer the 2½ to 3-gallon type tank sprayers, although hose-on sprayers are less expensive. The latter require a high volume of water at moderate pressure and a convenient water outlet, hence are not so flexible. Sprayers should be cleaned properly after use, both to prolong their life and also to avoid plant damage following spraying with herbicides.

There is a table on the back side of the fact sheets which describes the pesticide, dosage, the amount for 3 gallons of water, when and how to apply. There are two tables — one for peaches, the other for peaches and plums.

Quick Compost One Answer

There's no better way to enrich soil for your plants than compost, but it's a little late to start this spring unless you use the "fast method."

However, it's a good idea to dig you a pit two feet deep by three or four feet wide and four feet long or longer in the backyard and start a regular or "stow method" compost pile. You couldn't make a better home gardening investment, than to throw old leaves, grass cuttings, old plants, vines, even garbage, into this for slow decomposition into compost.

However, back to the "fast method." Assemble plant residues, coffee grounds, vacuum cleaner sweepings, manure, hair clippings, waste paper and other decomposable materials. If possible, run these through a compost grinder, mixing

them during grinding. Use a hose to moisten the ground materials and mix until the moist water content is about 50 per cent.

Place a layer of unground coarse plant residue as a 4-6 in. layer in the bottom of the bin to allow better air circulation. Use a flat point shovel or bucket to place the mixed, ground material in a bin. If manure is available, mix one part to three parts of plant material. Make the top of the bin flat or sloping to catch rainfall or sprinkler irrigation.

Cover the completed heap with burlap bags and hold corners down with bricks. Turn every four days with fork to lift material out of bin and place in adjacent bin, trying to place on a new heap. Repeat every four days. In about 12-14 days, the volume should decrease by about 50 per cent, which signals the compost is probably ready. Caution, materials should be ground (nothing larger than 6-in.)

Some Planting For Your Garden Practical Now

It's not too early to plant some items for your garden, although the bulk of planting should come on or after the average last frost date around April 10.

Beets should be in the ground now, as is the case for onion sets, plants or seeds. Most greens — like collards, spinach, mustard, etc. — can go in now or within a couple of weeks. Lettuce and cabbage can be sown, and the same is true for carrots. Radishes should be in the ground now and other plantings at about two week intervals to keep a good supply coming on.

Some beans like limas can be planted now, as can English peas.

At this stage, however, it is

best to be picking our garden plot and getting it spaded, fertilized, etc., and to decide what you are going to plant. It will be best not plant large vegetables in home garden plots.

Salt Easily Added To Soil

MERCED, Calif., AP — Chester C. Conley, a Merced County farm adviser, says all irrigation water contains salt in this area. Water of good quality for irrigation can add nearly one ton of salt per acre foot used, he said, and on this basis up to four tons of salt per acre per year can be added to the soil.

IN FARM AND RANCH CREDIT SCHOOL — Pictured is Delbert A. Donelson, vice president of the State National Bank Big Spring, recently attended the 23rd annual Farm and Ranch Credit School held at Texas A&M University in College Station. Approximately 250 agricultural bankers throughout Texas attended the school. "Financing Agriculture in a Time of Uncertainty," this year's theme, introduced topics on dimensions in agricultural finance, details of making loans, and the overall economic and agricultural outlook. The school is offered to commercial bankers each year, and is conducted by Texas A&M's Department of Agricultural Economics, and the Rural Affairs Section of the Texas Bankers Association.

across state lines for the purpose of prostitution.

The case is being heard by U.S. District Court Judge Joe J. Fisher of Beaumont.

Prosecution witnesses testifying Thursday they were told they should sell sex included Melody Fitzgerald, 17, now of Anaheim, Calif., and formerly of Nacogdoches, Tex.; Brenda Chesterman, who formerly lived with Mrs. Miller; and Nancy Minton, 13, and Vickie Buchanan, 19, both of Nacogdoches.

Miss Fitzgerald said she met Mrs. Miller in May 1974 and each time she went to Mrs. Miller's trailer — about every other night until the middle of July — she had sexual intercourse with men who were at the trailer. She said that, in return, she and another woman, Deborah Smith, 18, of Woden, Tex., were allowed to write checks on Mrs. Miller's bank account.

Miss Fitzgerald testified Mrs. Miller later said if she did not go with her to Little Rock, Ark., she would have Miss Fitzgerald prosecuted for forging and passing checks on Mrs. Miller's account.

Many Think Demos Control

WASHINGTON (AP) — More than twice as many people think the Democrats currently control the federal government as believe the Republicans do, a poll released at a Republican leadership conference showed here today.

According to the poll, 44 per cent of those surveyed late last year said the Democrats control the federal government, 23 per cent said Republicans do and only 22 per cent correctly said control is split.

Private Eye Hired To Tap Phones Of Hunt's Aides?

DALLAS (AP)—A former Houston private detective has testified that he was hired by two sons of the late oil millionaire H.L. Hunt to tap the telephones of three of Hunt's aides.

John J. Kelly of Oakland, Calif., was one of a parade of witnesses Thursday before U.S. District Court Judge Robert M. Hill, who was asked to determine if evidence against two former Hunt aides was obtained illegally. Wiretapping charges have been brought against Nelson Bunker Hunt and W. Herbert Hunt, the sons.

Kelley said he, W.J. Everett and Patrick McCann, employees of the Clyde Wilson detective agency, installed and monitored taps on the aides in November and December 1969 to establish "what they (the aides) were saying about extra income, Hunt Oil Co. or anything related."

He said the taps were placed in the homes of John W. Curington, John H. Brown, Paul Rothermel and three unidentified persons.

Curington and Brown have been accused of milking the HLH Products Co. by inducing its suppliers to pay them rebates and premiums.

A nephew of the late oil magnate, Thomas Hunt, testified earlier that HLH Products Co. was losing \$30,000 a day.

Former FBI agent Thomas Whitaker testified he was hired Feb. 1 by Thomas Hunt to investigate the HLH losses, but said he did not see any information about the losses developed before they were discovered early in 1970.

Paul Holt, an auditor for Hunt Oil, said he, too, was conducting an investigation at Thomas Hunt's request. Holt said he gave Whitaker company records to use in his investigation.

Kelley said taps were made

on private telephone conversations of the six men and the tapes were transferred to master tapes which were delivered to Bunker and Herbert Hunt.

He said he met with Herbert Hunt on at least three occasions in Dallas motels when the tapes were played and delivered to him.

Kelley also said a meeting was held in January 1970 in Hunt's Dallas office "to discuss whether wiretaps discontinued in late December would be reactivated."

He said taps were replaced at the homes of Curington and Brown.

Thomas Hunt has testified he conducted his own investigation to plug up HLH Products Co. losses.

Bilder Named RTR Chairman

Dr. Bruce M. Bilder was named as chairman of the new "Reach to Recovery" program adopted by the board of directors of the American Cancer Society when they held their monthly meeting at the Holiday Inn at noon Thursday.

Dr. James R. Cave, chairman, presided at the business session and heard a preliminary report on plans for the annual crusade in April given by Jerry Yarbrough, crusade chairman.

Mrs. Raymond Phillips read the minutes and Mrs. James Coates gave a treasurer's report. Mrs. Joe Pickle reported on the continuing memorial program.

Chris Torti, representing the American Cancer staff at Midland, outlined plans for coming events. Members of the board attending included Joe Horton, Dr. Cave, Dr. Bilber, Chris Torti, Mrs. Coates, Jerry Yarbrough, Mrs. Pickle, Mrs. Phillips and Mrs. Jarj Carpenter.

Ezzell's Park Land Bill Moves Ahead

AUSTIN — The House State Affairs Committee forwarded to subcommittee Rep. Mike Ezzell's bill to permit Big Spring to build ball parks on land now owned by Big Spring State Hospital.

The measure would permit the State Department of Mental Health Mental Retardation to convey 70.67 acres of land to Big Spring so it could build a softball complex for use by Big Spring citizens and hospital patients. Ezzell told the committee.

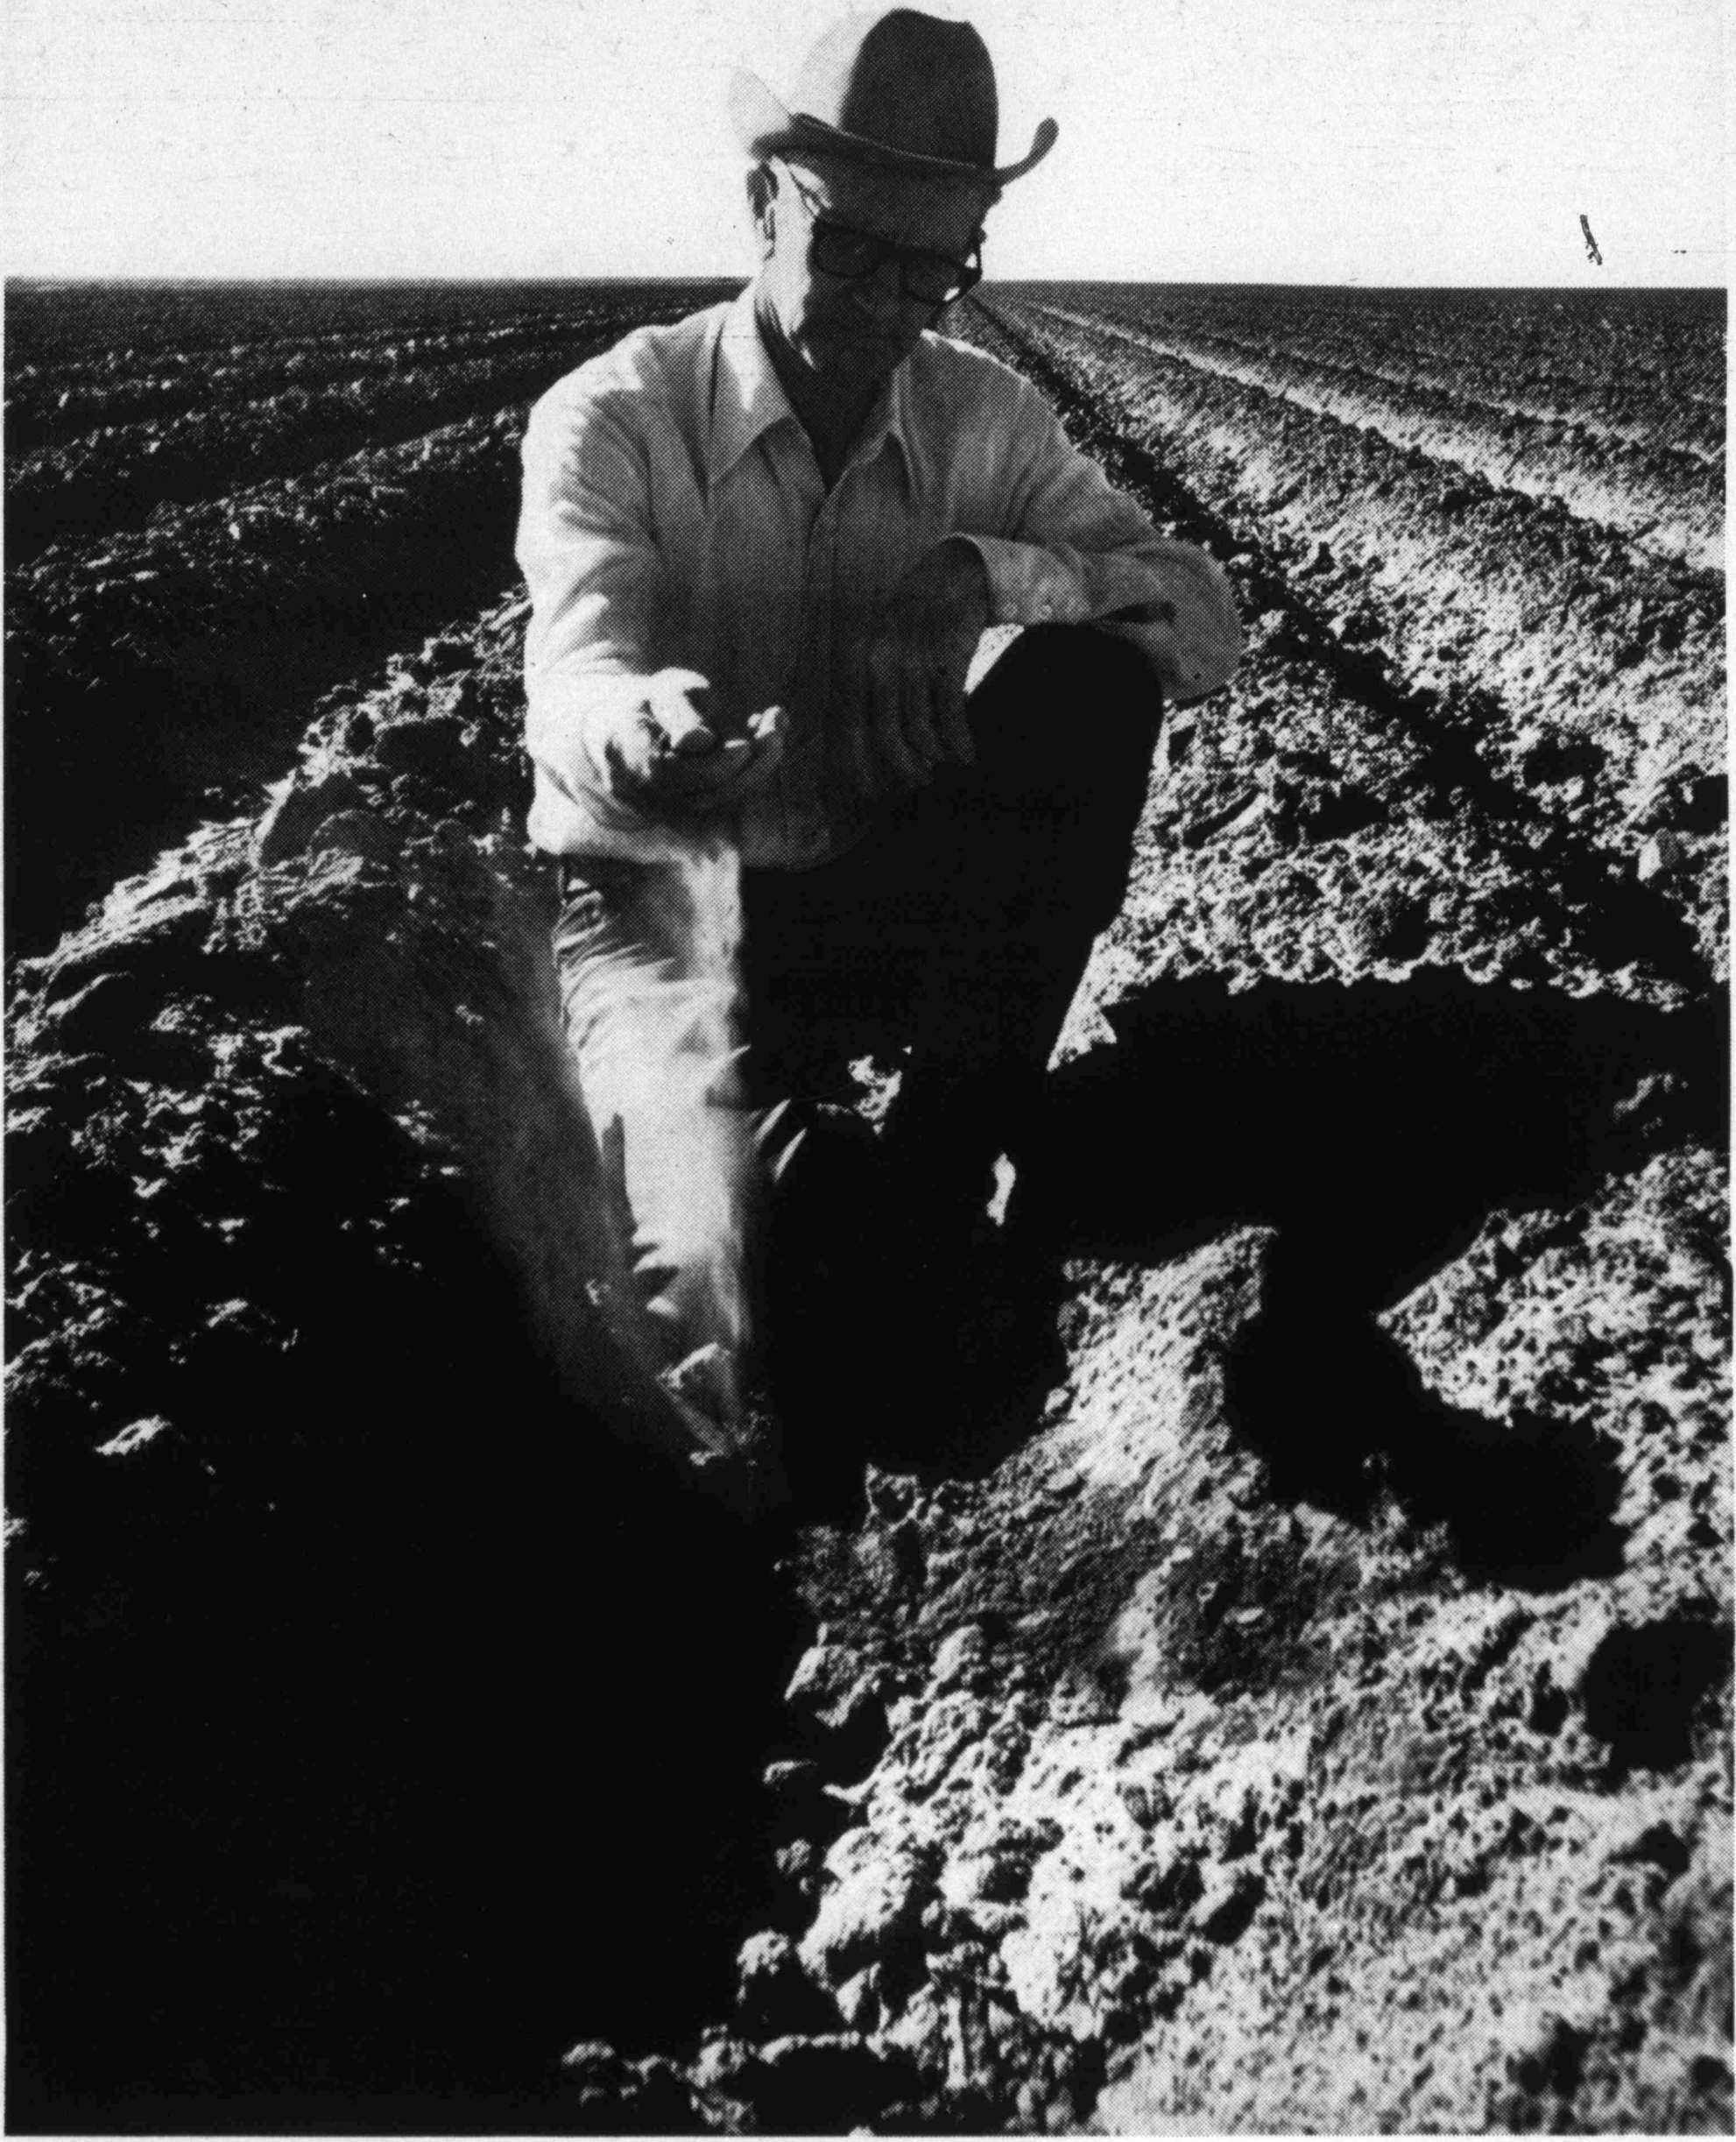

Harry Nagel, city manager of Big Spring, said the city originally gave the tract of land to the state as part of the section given for location of the state hospital. He said that the hospital has

the land in grass "to keep the dust from blowing. We plan to pave the parking lots and have grass infields and outfields to keep the dust down, too."

He said the ball park would cost \$158,000, which would include \$79,000 from the State Parks & Wildlife Department and U.S. Bureau of Outdoor Recreation, \$50,000 from the Dora Roberts Foundation, and the remaining \$29,000 from the city. Eventually, he said, the city plans to have five ball parks on the land.

Earl Scott, representing the Department of Mental Health and Mental Retardation said his agency had no objection.

Why gamble on a herbicide that's not made for sandy soils?

Now you can get one that is.

SANCAP.® It's made specially for your sandy soils. It's made for cotton on your land.

You can forget about experimenting with rates to adjust for sandy soils. Just follow the recommendations, and you'll get weed control you can depend on—without injuring your cotton.

You'll get control of the most troublesome weeds in this area—carelessweed and Russian thistle.

And you can forget about moisture loss due to incorporation. Just apply Sancap at planting, or within two days after.

Then watch your cotton come through, clean and healthy. No more experiments. No more mistakes.

Because now you've got a herbicide for sandy soils.

Agricultural Division, CIBA-GEIGY Corporation, P.O. Box 11422, Greensboro, NC 27409.

Sancap. The first and only herbicide made for sandy soils.

Problem Of Added Cost

One of the problems facing the medical profession and one of the factors in higher medical costs is the mounting cost of malpractice suits or settlements.

No one would be in favor of barring or restricting the prosecution of what a patient feels is a valid claim, but there needs to be some process which will set out more clearly what constitutes malpractice as contrasted to what is unsatisfactory results or unfulfilled expectations.

Insurance which indemnifies the physician or hospital is a protection both to the patient and to the parties providing the service, so it serves a highly useful purpose. Yet there is no such thing as soaking the insurance company, for as in any other form of insurance, this cost is passed on to the consumer. The size of some judgements and settlements has forced up the cost of malpractice insurance until, in some categories of practice, the figure now is almost prohibitive. A few physicians, rather than face the burden of premium costs that make certain types of practice quite unprofitable, are abandoning those specialties. Of course, this penalizes those who may need these specialties.

The Insurance Information Institute says several possible steps are being discussed. One is to use

standards of review by peers to judge alleged medical malpractice; use of screening panels and finding arbitration as a substitute for courts and juries; to pool all types of malpractice claims so that no one company bears the risk; rule out contingency fee suits or limit the percentage of fee; reduce the time for filing malpractice suits; base judgement upon the locality or the facilities at disposal of the physician; partial or total elimination of punitive damages in favor of damages which compensate for actual damages; placing malpractice insurance premium rates under

the State Insurance Commission; base premiums on Texas losses only, etc.

This is a ticklish situation in trying to hold actions within reason without restricting individual rights, and we doubt it will ever be wholly solved. However, in the interim, one thing which will be helpful is to keep open the line of communications between practitioners and patients, taking that extra moment to differentiate between expectations and probabilities, and to give assurance that a concerned personal relationship still exists.

Not Just Big, But Good

The Webb AFB Federal Credit Union observed its 20th anniversary Thursday with an open house that drew a remarkable response. Members manifestly have an intense pride in their institution. And so does the community, for not only is the credit union one of the 75 largest in the entire nation, but it also is a con-

tributor to some \$18 million economic activity (which is multiplied many times as the money turns over through local channels of trade). Better than that, Webb AFB Credit Union has been a good citizen, aiding community affairs generously. We hope the next 20 years are as fruitful.

Percy's Powder Keg

Marquis Childs

WASHINGTON — Sen. Charles H. Percy of Illinois who, prior to Gerald Ford's ascendancy, dallied with the idea of running for President, has never been known as a man of exceptional daring.

YET NOT LONG AGO, by speaking the unspeakable, he set himself up as a kind of one-man laboratory to test reactions in this country on the explosive issue of support for Israel.

Returning from a three-and-a-half week trip to 12 Middle East capitals, he said Israel could no longer count on automatic support from the United States. He had told Israeli leaders that if they launched a pre-emptive strike against the Arab states they could not expect the backing of this country. Israel's request for \$2.5 billion in military aid was unrealistic and would have rough sledding in Congress.

THE SENATOR did not have to wait long for the reaction. The Jewish community came down on him like a ton of bricks. A seasoned political reporter in Chicago covering a meeting Percy held with a Zionist group said afterward he had never heard such violent emotions expressed. Catcalls and angry denunciations sounded throughout the hall so that the senator had trouble in making himself heard.

One source of the anger was a misleading headline in a Chicago newspaper stating that he had characterized Yasser Arafat of the Palestine Liberation Organization as a "moderate." What he had said was that many Palestinians regarded Arafat as a moderate.

HE REPROACHED Israel for failing to negotiate after the 1967 war with King Hussein of Jordan on the fate of the occupied West Bank. Having held back for seven years,

the Israelis now faced the necessity of negotiating with Arafat. This fed the flames of wrath.

Percy professed to be astonished at the violence of the reaction, particularly since he had long been a friend of Israel and had spoken repeatedly at Israel bond drive rallies. He explained that he had said the same things in Jerusalem to Prime Minister Yitzhak Rabin and Foreign Minister Yigal Allon and they had understood.

WHY SHOULD'N'T THERE be the same freedom of expression in the United States? he asked. Sen. Hubert Humphrey, staunch friend of Israel, told Israeli leaders much the same as Sen. Percy.

Some moderates in the Jewish community told Percy privately they understood what he was saying and perhaps the need to say it at this time. But he got little or no outspoken support from any quarter and while the furor subsided it will not soon be forgotten.

AS SECRETARY OF State Henry Kissinger prepares for his next and perhaps crucial Middle East mission, he is somewhat more optimistic about the chances for peace. Prior to the previous shuttle between Egypt and Israel, he had put the odds at no better than 50-50. Today, it may be 60-40 for avoiding another conflict?

In light of this continuing threat, Percy performed a service in revealing how deep-seated are the feelings centered on the fate of the Jewish state. While there is less likelihood of another oil embargo because of the surpluses accumulated in the West, it cannot be ruled out. With the almost total dependence of Western Europe and Japan on Middle East oil, the continuing flow of this vital commodity will have the highest priority in the event of another war.

Power struggle

Unsold Goods Eyed

John Cunniff

NEW YORK (AP) — Probably no other statistics except those for unemployment and interest rates are being watched more closely these days than the figures for inventories of unsold goods.

What do the latest figures show? That inventories remain large, rising by more than \$1 billion in January after a gain of more than \$3 billion in December.

What does it mean? That the long-awaited turnaround in the economy has not begun.

Until industry disposes of those inventories — unsold cars and overly large stockpiles of commodities among them — the nation's factories, now operating at only 70 per cent of capacity, aren't likely to expand output.

There is, in fact, a strong likelihood that production will fall even more before reaching a rough equilibrium with a thoroughly depressed demand.

A survey by the economics

department of McGraw-Hill Publications suggests the inventory overload might not be worked off until the third quarter of the year. If this is so, the consequence will be even higher unemployment.

The most obvious example of excess inventories can be viewed in the Detroit area, where brand-new cars are stockpiled by the scores of thousands. And on a smaller scale, the glutted lots of new car dealers in communities all over the country illustrate Detroit's great miscalculation.

How could it have happened? For many years Detroit grew used to what had become almost an automatic formula for selling cars. Americans could be expected to grow weary of their "old" car after about three years.

Model changes and expert promotion helped translate that into a visit to the showroom.

But Americans rebelled against the high operating costs of cars. More to the

point, they rebelled against what they believed to be an increasingly rapid rate of increase in operating costs.

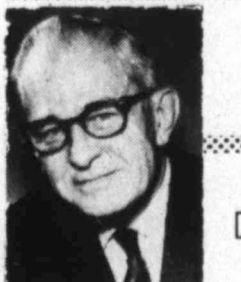

In retrospect it can be seen that millions of buyers during 1973 and early 1974 bought in anticipation of even higher prices — both for the car and the operation of the car. They bought then to beat higher prices later.

Marketing men everywhere were fooled by this surge, believing it to be a healthy sign of confident buyers. People just don't buy in anticipation of higher prices, they reasoned. Well, the people did.

Believing the rise in demand to be a long-term phenomenon rather than an aberration, Detroit kept its assembly lines moving overtime, failing to realize that today's sales were at the expense of tomorrow. And tomorrow came, on schedule, accompanied by sharply lower demand.

It's been many years since Detroit miscalculated to such a degree, and it remains a bit dazed.

It's Not The Salt

Dr. G. C. Thosteson

Dear Dr. Thosteson: In my last annual check-up there was an indication of hardening of the arteries, and I was put on a salt-free diet.

I am 70, and I enjoy beer, an average of about four bottles daily. It helps my appetite and allows me to get eight hours of sleep at night. I can't find from reading the label if there is anything added to beer that would make me a statistic in arterial hardening deaths. — B.G.

Beer contains about 7 milligrams of sodium (salt) for each three ounces, or about 28 mgs. in each 12 ounce bottle. Your four bottles would contain about 112 mgs., about a tenth of a gram.

Eating a normal diet the average person would get about 10 grams a day, and

even in the most restricted diet he would get a couple. No diet is entirely salt-free. Your 10th of a gram in the four bottles would be considered by itself dangerous, and it would not normally be too high a price to pay for eight hours of sleep and a good appetite. That is if you adhere closely to the salt restriction in the balance of your diet.

So far good news. Now for the bad. One of the reasons for the salt restriction is to reduce your liquid retention which salt promotes. Four bottles of beer represents quite a bit of liquid. Your doctor would have to weigh his consideration along with the benefits represented by sleep and appetite in allowing this divergence from his advice.

Dear Dr. Thosteson: I'm in general good health, but recently the doctor took my blood pressure and it was 160 over 90. I have always had pressure of 130. The doctor has my records for years back, and he said, "Don't worry about it." Do I have anything to be concerned about? I am 71. — G.M.

The pressure reading would be considered border line, but perhaps acceptable at your age. It would be wise to check it again in a month or so.

To find out what causes high blood pressure and what can be done to treat it, send for a copy of "Controlling Your Blood Pressure (Hypertension)" by Dr. Thosteson. Write to him in care of the Big Spring Herald.

Dirty Doings

Around The Rim

John Edwards

Now let's return to those days of... That's not it, either.

THESE WORDS ECHO in my mind as I search for a way to begin again a tale of treachery, deceit and dirty doings. I think the phrase comes from one of the first TV cowboy shows which my preschool friends and I used to watch. Maybe "The Lone Ranger."

With the white and black hats and malicious shooting and robbing, crime was easy to spot in those shows.

But your average "white collar" criminal isn't easy to spot. And so I looked to the U.S. Chamber of Commerce publication on the subject for some clues.

The booklet divides the clues of possible bribery, kickbacks or other payoffs into those transactions between business and government and those between businesses only. First, business-government corruption symptoms:

"1. DO RESPECTED and well-qualified companies refuse to conduct business with the city or state?"

"Are municipal or state contracts let to a narrow group of firms?"

"2. Is competitive bidding required? On contracts above what dollar amount?"

"4. Are there numerous situations that justify the letting of contracts with competitive bidding? For example, are there frequent 'emergency contracts' for which bids are not solicited? Or are professional services (architectural, engineering, etc.) purchased on a bid basis or 'by invitation'?"

"5. Have there been disclosures of companies submitting low bids but disqualified for certain unspecified technical reasons?"

"6. Is double-parking permitted in front of some restaurants or taverns but not in front of others?"

"7. Do some contractors keep the streets and sidewalks reasonably free from materials, debris, etc., while others show little concern about such matters?"

"8. Is it common knowledge that architects add a sum to their fees to cover 'research' at the city's planning or building department?"

"9. How much delay does a business encounter when applying for a liquor license, building permit, or remittance in payment for services rendered to the city or state?"

"10. ARE GOVERNMENT procedures so complicated that a 'middle man' is often required to unravel the mystery and get through to the 'right people'?"

"11. Do public officials have significant interests in firms doing business with the government?"

"12. Have public officials accepted high posts with companies which have recently secured contracts from agencies, formerly employing those officials?"

"13. Is there an effective anti-bribery statute that embraces all government personnel — not just department heads?" (Yes, see article 36.02 of the Texas Penal Code.)

"14. Do large campaign contributions precede favorable government rulings?"

"15. Are costs of conducting similar business operations in two states markedly different, even after allowance is made for legitimate differentials in labor rates, transportation costs, etc.?"

Telltale signs of hanky-panky strictly among business firms and their employees include:

"1. Do employees complain about the quality of supplies they must work with? For example, do clerks and secretaries complain about the quality of typewriter ribbons, paper, and other office supplies? Or do they use the petty cash fund to purchase from outside sources supplies that are available in bulk from the stock room?"

"2. Do reputable suppliers seem disinclined to submit bids to, or

otherwise deal with, your purchasing department?"

"3. Despite a policy of rotating suppliers, is there frequent use of the same supplier?"

"4. Are vacations refused or promotions shunned — for fear that corrupt arrangements may be discovered?"

"5. Is an employee constantly associated with, and being entertained by, vendors?"

"6. Is the standard of living of anyone who can influence company purchases higher than can be explained by wage or salary level or other legitimate sources of income?"

"7. Are costs of certain materials or services out of line with industry norms for no apparent reason?"

"8. For any given category of purchases, are the responsibilities relating to issuance of requests for bids, review of bids, and approval of bids all possessed by one individual?"

"9. Are there vague "extra charges" associated with obtaining a loan from a pension and welfare fund or any other source?"

"10. DOES ANYONE WHO can influence the selection of suppliers have a financial interest in, or relatives employed by, current vendors?"

"11. Is there a high incidence of order splitting, perhaps calculated to avoid the competitive bidding required for purchases above a certain dollar amount?"

"12. Does a buyer seem to have a relatively easy time acquiring tickets for hit shows, sport classics, etc.?"

District Attorney Robert H. (Bob) Moore III has free copies of the "White Collar Crime" handbook for the public.

Reading about Howard County's first reported cattle mutilation, Debbie Hamby remarked that there was no sign of struggle where the cow and heifer calf apparently lost their sex and lives.

"YOU KNOW what that means, don't you? It was somebody the cattle knew," Mrs. Hamby said. Her husband Ricky, a new lawyer here, attributes this logic to watching "Kojak" too much.

In a self-effacing talk about his love of and lack of skill at bidding at auctions, County Commissioner Simon (Cy) Terrazas told how he paid a high price for five folding chairs which looked just like five he already had.

Then, he asked his wife where the original chairs were. She said, "Oh, I had them hauled off."

My Answer

Billy Graham

I am writing because I have some serious doubts. It seems that people who are far worse than me have life much easier in various ways. How can I justify this?

Need answer fast

First of all, there is no way to explain or justify the inequities of life. Centuries ago, Job, a righteous man, grappled with the same problem. In the book of the Bible by that name, it shows that he emerged finally on top because he never lost his faith in the providence of God.

Secondly, never make the mistake of comparing yourself with others — especially the unbelieving world. Often the prosperity of the wicked appears to be an enviable blessing,

but you need the long view to perceive that there is judgment in the end. (Read Psalm 73)

You need to believe, as the Scripture says, that God is the righteous judge and the end of the age will produce honest retribution for all.

Now the antidote for comparing yourself with others is to make Christ the very center of life. In John 21, Jesus found Peter comparing himself with John, and He reminded Peter saying, "What is that to thee — follow thou me." Some of the greatest saints have had the greatest trials. Thomas a Kempis put it well: "Occasions do not make a man either strong or weak, but they show what he is."

A Devotion For Today . . .

"I in them and thou in me, may they be perfectly one. Then the world will learn that thou didst send me, that thou didst love them as thou didst me."

PRAYER: Lord, we come to Thee in lowliness of mind, confessing our sinfulness. We ask that Thy will may be done in us to fulfill the prayer of Thy dear Son, that all Thy children may be joined in perfect unity. Help us to do our share of work in Thy kingdom and be more loving as we draw near to Thee. In the Master's name. Amen.

Howard College's Cage Season Over

AMARILLO — The season is over for Howard College. Despite a last ditch rally, the Hawks apparently experienced Region V stage fright in falling to Grayson, 66-64, here Tuesday afternoon.

The lost eliminated the

Hawks from further one-shot tournament progression. Turnovers had a lot to do with the final outcome, HC guilty of 24, high for the year, compared to Grayson's 19.

Behind as much as eight, 32-24, at the half-way point, the Hawks couldn't put it

together as final time ran out.

HC had a chance to put pressure on Grayson, even with 15 seconds left. The Hawks missed on two foul tries.

The Hawks stopped the ball via a foul with five seconds to go. Grayson cashed in on its two charity gifts.

HC's Alfred Gladden quickly raced the length of the Civic Center court to dump in a field goal but the 40 minute regulation period was over.

HC encountered one of its lowest scoring ball games of the year. The Hawks had averaged 96.6 per outing. Grayson, coached by former ex-Hawk director Buddy Travis, took the lead from the very start and never gave it up.

The game hardly bore any resemblance of HC's true capabilities.

For the first time around, Ernest Lawrence took the HC shooting spotlight with 16 points. Marvin Johnson was 10 points off his normal production, netting only 14. Lawrence was credited with 13 rebounds and Johnson, 11.

Gray and Hill both socked 15 each for Grayson.

Grayson worked in 28 of 58 floor tries, while HC zeroed in on 30 of 49.

This was the final game for Johnny Harris, Alfred Gladden and Allan Davis, all sophomores.

PROMOTES BASEBALL SERIES — Gov. Dolph Briscoe as he read a resolution calling attention to a "Texas Cup Series" of baseball game April 4-5-6 between the Astros and the Texas Rangers. At left is James C. Johnson, representing the Astros and at right is Jerry Baxter of the Texas Rangers, both of whom presented Briscoe with two baseball caps from their teams.

Lamesa's Record Tops In Tourney

AUSTIN, Tex. (AP) — Dimmitt and Kountze tipped off the state schoolboy basketball tournament today in a semi-final game, with the winner expected to win the Class 2A state championship.

The other 2A semi-finalists, New Boston and Van Vleck, were matched in the other afternoon game, with the 3A first-round games scheduled for Friday night.

Class A gets underway Saturday morning, and state champions in all three divisions will be settled before the tournament ends late Saturday night.

Dimmitt edged the 1974 state finalist Friona in district to advance to regional and the state tournament for the eighth time. The Bobcats, however, have won only one state title—in 1952.

Kountze won state in its only other appearance. Although Kountze's tallest starter is listed at 6-foot-1-inch, Dimmitt Coach Ken Cleveland claims a 6-5 assistant coach scouted Kountze, and "He could look their 6-1 players straight in the eye."

Lamesa, a state champion in 1960 and 1967, has the best

record in the tournament, 32-0, and has an all-senior starting lineup, including four who also started last year in a 30-3 season.

Eddie Spencer and Jim Vaszwaskas each average 15 points a game for Lamesa, which also is making its eighth appearance in the tournament.

Lamesa plays the first 3A semi-final game against Cleveland, 23-5, and South Grand Prairie and Rice of Altair will meet in the Friday night finale.

Cleveland's Roland Reed, a 6-3 senior, is the highest tournament scorer in 3A, averaging 23 points.

Royal of Brookshire is favored in Class A as a result of its 55-54 regional championship victory over Snook, a perennial power that won three titles in the 1960s and has been a runnerup three times in the 1970s.

Brookshire-Royal plays Shallowater after the Saturday morning opener in Class A between Whitewright and Broadus.

lowest scoring ball games of the year. The Hawks had averaged 96.6 per outing. Grayson, coached by former ex-Hawk director Buddy Travis, took the lead from the very start and never gave it up.

The game hardly bore any resemblance of HC's true capabilities.

For the first time around, Ernest Lawrence took the HC shooting spotlight with 16 points. Marvin Johnson was 10 points off his normal production, netting only 14. Lawrence was credited with 13 rebounds and Johnson, 11.

Grayson worked in 28 of 58 floor tries, while HC zeroed in on 30 of 49.

This was the final game for Johnny Harris, Alfred Gladden and Allan Davis, all sophomores.

Fast Start For Richard

COCOA, Fla. (AP) — Houston Astros pitcher James Rodney Richard, who has bounced back and forth between the Astros and the minors in recent seasons plans to stick this time.

After he pitched two innings in an intrasquad game earlier this week, Astros Manager Preston Gomez said it was the best he'd ever seen Richard throw so early in spring training.

Part of Richard's fast start is attributed to his work in winter league baseball in the Dominican Republic under Astro Coach Hub Kittle.

"It's easy to take winter ball lightly," Richard said. "A lot of players go down there just for the financial benefits. They spend the winter shooting the bull and having fun. I decided to work hard, to strengthen my arm."

Richard, forecast as a certain superstar since signing with the Astros six years ago, is determined this year to earn the starting position vacated by the late Don Wilson.

Association officers are: Jack Bowers, president; Jack White, vice president; and Hal Rossion, secretary-treasurer.

Nine tournaments are planned.

Whether Aaron, whose 31 major league records, include 733 home runs, can transform the Brewers into contenders in the American League East is questionable. It's unlikely, unless the talent on one of the youngest teams more rapidly than in 1974.

Manager Del Crandall, Aaron's long-time teammate on the old Milwaukee Braves in the 1950s and early 1960s, believes the superstar slugger will help even if he doesn't approach his career .310 batting average or hit 35 homers.

"He's the best offensive player I've ever seen," Crandall said. "But the kind of individual he is and always has been is important. If anybody on the club isn't really influenced by Henry, I can't believe he has any feeling at all. It's bound to have an effect on everybody."

Despite the pressure and strain of chasing Babe Ruth's previous record of 714 homers and frequent play in the field for the Atlanta Braves, Aaron hit 268 with 20 homers and 69 runs batted in during 1974. He is confident he can improve all three figures, primarily because the designated hitter role figures to preserve his stamina.

Among last year's Brewers, designated hitters batted a league low .222. Only George Scott (.82) and John Briggs (.73) exceeded Aaron's RBI total. They were the only two to approach his home run total, each hitting 17.

Scott and Briggs tailed off to respective .281 and .255 averages, chiefly because of lack of punch elsewhere in the lineup allowed opponents to pitch around them. Aaron figures to change that.

Louisiana Draw Tourney Sunday

The Big Spring Golf Association starts off its 1975 tournament program with the Louisiana Draw Sunday.

Tee-off time is 1:30 at the Municipal Golf Course.

Foursomes will be paired as to the individual handicap. Play involves 18 holes. Only association members will be eligible to compete. Membership is \$3.

Gift certificates will be extended to winners depending on the number of entries.

Association officers are: Jack Bowers, president; Jack White, vice president; and Hal Rossion, secretary-treasurer.

Iron Mike Stingy With Base Drives

By The Associated Press

The pitchers are ahead of the hitters. Shucks, the hitters aren't even ahead of the pitching machines.

In an intrasquad game Thursday at the St. Louis Cardinals' spring training camp, the George Kissels defeated the Vern Bensons 3-0. Ron Fairly drove in two runs with a homer and single and Luis Melendez, Ted Sizemore and Jim Dwyer had two hits each.

"Iron Mike," the club's pitching machine, yielded 10 hits to the Kissels and only four to the Bensons.

"How can you get shut out by a machine?" Benson asked.

Well...easy, if you're not digging in, when the Cincinnati Reds weren't after a run-in with their pitching machine.

The machine, programmed to throw strikes, began throwing beanballs instead. Darrel Chaney was hit on the left arm when he threw it up to protect his head and Ken Griffey was hit on the right hand. Both players were treated with ice packs and continued practice.

The batters stop facing machines today and starting hitting against live pitching when the exhibition season gets under way with five games.

In the only games matching two major league teams, the New York Yankees face a split squad of Texas Rangers at Pompano Beach, Fla., and the Boston Red Sox meet the Detroit Tigers at Winter Haven, Fla.

At Vero Beach, Fla., the Los Angeles Dodgers face Japan's Tokyo Giants while at Sarasota, Fla., the Chicago White Sox against another Japanese team, the Chunichi Dragons. Finally, the other Texas squad opposes the Mexico City Reds in Mexico City.

Aaron Adds Punch

SUN CITY, Ariz. (AP) — The elastic in his arm and steel spring in his legs are nearly gone, eroded by his 41 years and the strain of more than 3,000 major league baseball games.

But the Milwaukee Brewers are so confident the buggy whip remains in Hank Aaron's swing that they have agreed to pay him a reported \$200,000 this season. If they are right, they probably have assured box office prosperity and a valid designated hitter for the first time in the club's seven-year history.

Whether Aaron, whose 31 major league records, include 733 home runs, can transform the Brewers into contenders in the American League East is questionable. It's unlikely, unless the talent on one of the youngest teams more rapidly than in 1974.

Manager Del Crandall, Aaron's long-time teammate on the old Milwaukee Braves in the 1950s and early 1960s, believes the superstar slugger will help even if he doesn't approach his career .310 batting average or hit 35 homers.

"He's the best offensive player I've ever seen," Crandall said. "But the kind of individual he is and always has been is important. If anybody on the club isn't really influenced by Henry, I can't believe he has any feeling at all. It's bound to have an effect on everybody."

Despite the pressure and strain of chasing Babe Ruth's previous record of 714 homers and frequent play in the field for the Atlanta Braves, Aaron hit 268 with 20 homers and 69 runs batted in during 1974. He is confident he can improve all three figures, primarily because the designated hitter role figures to preserve his stamina.

Among last year's Brewers, designated hitters batted a league low .222. Only George Scott (.82) and John Briggs (.73) exceeded Aaron's RBI total. They were the only two to approach his home run total, each hitting 17.

Scott and Briggs tailed off to respective .281 and .255 averages, chiefly because of lack of punch elsewhere in the lineup allowed opponents to pitch around them. Aaron figures to change that.

Steer Thinclads Off To Andrews

After encountering UTEP's abbreviated Relays two weeks back, Big Spring looks to favorable weather conditions for the 18th Annual Andrew Relays Saturday.

Coaches Rod Carter and Tommy Moss will enter 25 Steer thinclads in 14 events.

This will be Big Spring's first real track test since majority of UTEP's events were cancelled because of bad weather.

Danny Ferrell was the lone Steer to shine in El Paso. He placed fourth in the 100 with a 10.3 time. Only three high school final events were held.

In the UTEP one-mile preliminaries, Ricky McCormick stepped off the second best four-lap time of

4:33. Kim Wrinkle, who thrives on distances of two miles or more failed to make the UTEP four-lays cut. Finals were scratched because of the weather.

Andrews will host several of the state ranked athletes in three divisions. Field events will begin at 10 a.m. and will run consecutively until all divisions are finished.

Preliminary running events are set for 10:15 a.m. Finals will start at 2 p.m. and the final race scheduled for 4 p.m.

Big Spring is entered in Division III. Other teams listed are Permian, Odessa, Carlsbad, Lee El Paso High and Midland High.

Team championship and runner-up trophies will be

awarded in each division. First place trophies are to be handed out in all relay events. First three finishers in all individual events will receive trophies.

Steer entries: 440 relay Andre Hurrington, Ricky Schreengost, Jerry Marquez, Ferrell, 880 yard dash Terry Ramsey, Kirk Wrinkle, Loy Long, 120 yard high hurdles John Finley, Ron Colman, Charlie Martinez, 100 yard dash Ferrell, Hurrington, Mike Coffey, 440 yard dash Schreengost, Gary Cole, Junior Chavez, 330 yard intermediate John Finley, Charlie Martinez, 220 yard dash Hurrington, Steve Hughes, Marquez, mile McCormick, Kim Wrinkle, mile relay McCormick, Schreengost, Finley, Marquez, shot put James Coffey, Buddy Gillenwater, Frosty Reynolds, discus Kyle Neigh-bors, Bill Stark, Ed Pekowski, pole vault David White, Bobby Morrow, Marquez, high jump Schreengost, David White, Ernie Woodward, Reynolds, long jump Finley, Marquez, Reynolds.

Relay schedule?
Running events: Preliminaries — 10:15 a.m., 120 yard high hurdles, 10:40 a.m., 100, 11:05 a.m., 330 yard Finals: 2 p.m., 440 yard relay, 2:10 p.m., 880 yard relay, 2:30 p.m., 120 yard high hurdles, 2:45 p.m., 100, 2:55 p.m., 440, 3:10 p.m., 330 yard intermediate hurdles, 3:25 p.m., 220, 3:40 p.m., mile run, 4 p.m., mile relay.

Mustangs Crack 500 Mark

HOUSTON (AP) — The 500-yard freestyle record already has fallen and the 200-yard freestyle mark is in jeopardy today as the Southwest Conference swimming and diving championships continue at the University of Houston.

Southern Methodist's Geoff Sharp cracked the SWC 500-yard freestyle record with a 4:33.97 clocking in Thursday's opening day of the championships. Sharp bettered the mark set last year by teammate Paul Hove, who placed fifth in Thursday's race.

SMU, gunning for its 19th straight SWC swim title, won four of the five championship events Thursday. Other victories included Richard Hess in the 200-yard individual medley, Scott Reich in the one-meter diving and the 400-yard medley relay.

STEER PARK JV's Downed by Lee High

Big Spring's JV club hit 23 runs and 28 hits in two baseball games played thus far and lost both.

The JV's opened their season Monday, bowing to Midland High, there, 13-11. Thursday on its home field, Big Spring was downed by Lee, 11-10.

Lee touched home twice in the seventh to throttle the locals. Ray started off by popping out to Big Spring's second sacker, Mike Warren.

Miller singled to center. Wright fanned. Flaten and Salina both were issued walks. Martin singled in both Miller and Flaten. Salina was waved in from third on a walk by Steers' hurler Charles Vernon. Then Lee's side was finally retired.

Big Spring had kept Lee in check through six frames.

Two homers were smacked by Steer batters. James Thompson hit his in the first with Ricky Watkins on base. Watkins had reached the base paths via a triple.

Randall Jones poked his extra base blow with none in the third.

In the Lee game, Clarence Palmer was three for five at the plate and Watkins, two for five.

Through two games, Palmer is the top Big Spring JV slugger with a hefty .600 average. Watkins follows with a .555, and Warren sports a .444.

The JV's next game is with

BIG SPRING ROUNDUP

Newsom's Bat Hot

Kent Newsom is the leading Big Spring batsman through four games, for a .571 average. Ray Don Box is runnerup with an even .500. Both Newsom and Box have stepped up to the plate 14 times.

In the Steers pitching department, Pat Carroll has the lowest earned run average, 3.58. His current record is 3-0.

Big Spring is in Lubbock for three games. The Steers had a 4 p.m. appointment today with Coronado at McKenzie Park. The Steers

conclude play Saturday with a twin-bill against Monterey at Lowery Field. Game time is 1 p.m.

Sophs Trail By 1

ORLANDO, Fla. (AP) — Chuck Courtney long has been noted as one of pro golf's premier scramblers, a master at the trouble shot.

An analysis of his game by his fellow pros usually goes: "He can get it up and down from a cement mixer, a ball washer or your hip pocket."

But the chipper Courtney, last a winner in 1969 and a long-time struggler, didn't need to resort to his specialty in establishing the first round lead Thursday in the \$200,000 Citrus Open Golf Tournament. He had a 66 that could have been much better.

git came in the classic tradition—a drive down the fairway, an approach dead on the flag. He missed only one green. He had the ball 12 feet or closer on 14 of the 18 holes.

"That's the closest I've ever hit it," said Courtney, a 12-year tour veteran. "That's as good as I've ever played. I couldn't want to hit the ball any better."

He missed a six-foot birdie putt. He missed an eight-foot birdie putt. He missed five from 10 feet. But it didn't bother him.

"I've kicked myself for missing putts many times," he said. "But I won't complain about this."

Rodeo Star Hurt Again

DENVER, Colo. — Shawn Davis, three-time world championsaddle bronc rider who was injured so severely in 1969 that doctors said he wouldn't ride again, but did, was injured again at the Houston, Livestock Show rodeo.

The horse Davis had drawn at the rodeo, which ended Sunday, took three jumps out of the chute, "and then his feet just went out from under him" Davis said. The animal fell to the ground and rolled over the 33-year-old cowboy, crushing his left foot.

Biggest single winner at the rodeo was John Hudson of Paradise, Texas, who took first in calf roping with a total time of 34.2 seconds on three runs for \$4,755.

Other first-place winners included Frank Shepperson, Midwest, Wyo., \$2,798 in steer wrestling; Butch Kirby, Greenville, Texas, \$2,704 in bull riding; and Rusty Riddle, Weatherford, Texas, \$2,923 in bareback riding.

The rodeo ended Sunday. Leaders in various RFA events are: All-around cowboy — Larry Mahan, Dallas, \$11,459; and Ronnie Sewalt, Chico, \$9,512; saddle bronc riding — Shawn Davis, Lewisville, Tex., \$5,405; and Monty Henson, Mesquite, Tex., \$5,205; bareback bronc riding — Jack Ward, Odessa, Tex., \$6,967; and Bruce Ford, Greeley, Colo., \$6,707; bull riding — Don Gay, Mesquite, Tex., \$5,568; and Lee Markhold, Tacoma, Wash., \$5,464; calf roping — Ronnie Sewalt, Chico, Tex., \$7,008, and J. J. Rydberg, Wiley, Colo., \$5,336; steer wrestling — Frank Shepperson, Midwest, Wyo., \$5,895, and C. R. Jones, Lakeside, Cal., \$4,785; GRA barrel racing — Becky Carson, Ft. Collins, Colo., \$2,960, and Gail Petska, Tecumseh, Okla., \$1,913, and Kay Proctor, Odessa, ninth with \$1,002.

Playday To Get Started At 1

COLORADO CITY — The Western Riding Club will have an open-points playday Sunday in the arena on West Highway 80.

Registration will be at 1 p.m., and the events get under way at 2 p.m.

Cee City Man Pleads Guilty

Steven H. Garcia, 27, Colorado City, pleaded guilty in 118th District Court to second-offense driving while intoxicated Thursday.

He was given a two-year prison sentence which will run concurrently with one for the same offense in another county.

Charismatic Conference Slated To Lure Catholics

DALLAS (AP)—A charismatic conference, part of a movement that has sprung up in the Catholic Church in recent years and has gained a guarded approval of the church's hierarchy, was to open here today and run through Sunday.

Charismatic movements are usually associated with Protestant churches, but some charismatic activities are beginning to ascertain themselves in Catholic communities, although some Catholics tend to view them as something a bit unorthodox.

Nearly 10,000 participants are expected at the conference which is organized by the Community of God's Delight, a charismatic group that meets regularly for prayer sessions at Bishop Lynch High School here, and sponsored by the Charismatic Renewal Conference of Notre Dame.

The conference is officially called Southern Regional Conference on the Charismatic Renewal in the Catholic Church. The main speaker will be Leo Josef Suenens, Archbishop of Malines-Brussels in Belgium, who will address the conference on Friday. The Cardinal has been a foremost supporter of the charismatic movement in the Catholic Church.

The charismatic movement emerged in mainline Protestant churches in early 1960s and

Not Guilty, Says Aide To Albert

DALLAS (AP) — Pauline Girvin, secretary to U.S. House Speaker Carl Albert, pleaded innocent today to an indictment charging she had influenced with Albert and could "fix" criminal cases.

Mrs. Girvin's lawyer, Robert C. McCandless of Washington, tried to have the arraignment postponed, saying he wanted to file certain motions but did not have them prepared.

U.S. District Court Judge Sarah T. Hughes told him to meet with U.S. Atty. Frank McCown to determine what motions would be needed and file them by March 21.

Also named in the six-count indictment with Mrs. Girvin was Lewisville, Tex., lawyer Joe Ben Champion.

Champion's wife, Lacy, told Judge Hughes her husband was "dying."

"Due to my husband's illness, an illness which has affected his mental capacity, he has not hired an attorney," she said. "I don't know what to do. I need time."

She read a letter from her husband's physician, Dr. Kenneth Killen of Dallas, which said Champion had terminal liver disease and kidney disease and "expected him to die shortly."

McCown told Judge Hughes he would investigate the report March 28.

The six-count indictment alleges Mrs. Girvin and Champion claimed to be fathers of men in prison or facing criminal charges that they had influence and could help.

The indictment pointed out that Albert was not aware of the alleged scheme. The speaker put Mrs. Girvin on administrative leave following the indictment.

It specifically charges five counts of wire fraud and one count of mail fraud.

Mrs. Girvin and Champion each could receive \$6,000 in fines and 30 years in prison upon conviction.

in the Roman Catholic Church in 1967. Nearly 300,000 Catholics are believed to be active in the movement.

Leaders of the movement claim it represents a return to the early Christian way of life as described in the Acts of the Apostles. They stress a

Airline's Application Is Endorsed By Soule

AUSTIN — Trans Regional Airline's application for a Texas Air Carrier Certificate has been given a favorable recommendation by Texas Aeronautics Commission Examiner John G. Soule today.

The airline applied for a certificate to transport passengers and cargo between Big Spring and Midland, Dallas-Fort Worth, and Abilene at the February 12 hearing, but withdrew the application to serve Abilene after Texas International Airlines objected.

The recommendation will now go before the Texas Aeronautics Commission for their action.

In the 21 page recommendation, Soule concluded that Big Spring needs scheduled air service, that Trans Regional has sufficient public support to justify confidence in the airline's probable success, that TRA's choice of aircraft is appropriate, that TRA has sufficient financial strength and management depth, that fares and rates proposed are reasonable, that the proposed service will have no significant effect on any other air carrier, and that the application is consistent with the TAC's statutory mandate to encourage development of an intrastate air transportation system.

If approved by the TAC, the certificate will allow Trans-Regional to fly passengers and cargo between Howard County Airport and Dallas-Fort Worth Regional Airport and between Howard County Airport and the Midland-Odessa Regional Air Terminal.

Mooney was indicted with Hall and Taylor Jan. 16, just three days after Hall left office. He pleaded guilty and testified as a government witness against Hall and Taylor.

Hall told Burkett, a former Republican state chairman, that he has asked special Watergate prosecutor Henry Ruth to investigate the prolonged grand jury investigations of his administration and the current charges against him.

A spokesman for Ruth, contacted in Washington, declined comment because he said government officials do not discuss cases that are in court.

Schaffer Back In Jail Here

James A. Schaffer, 40, who is charged with the murder of his wife, was returned to Howard County Jail Wednesday.

He was given a mental evaluation at Rusk State Hospital, but the district attorney's office here had not received a report today. Schaffer has been in custody since the May 4, 1974, shooting of his wife.

3 Pharmacists Attend Seminar

Three local pharmacists were among those attending a continuing education seminar on the treatment and management of hypertension. The seminar was held last Sunday in Odessa, sponsored by the Texas Pharmaceutical Association.

Lab Processing Fingerprints

A lab is processing latent fingerprints found on military and Social Security checks stolen from mail boxes and passed during the last six months, Sheriff A. N. Standard said.

Jess Franklin

Services for Jess W. Franklin, 60, who died Wednesday in an Albuquerque, N.M. hospital, are slated for Saturday at 10 a.m. at the Nalley-Pickle Rosewood Chapel with Rev. Jim Wilkerson, pastor of the Crestview Baptist Church officiating.

Vincent Man Is Arrested

Jay Doug Ingram, 24, was arrested at his home in the Vincent Community Thursday afternoon on a warrant from Lubbock for robbery.

Ingram was in custody in Lubbock today in lieu of posting a \$50,000 bond set by Peace Justice Walter Grice. A second suspect in the case is said to be in a Snyder jail.

Local law enforcement officers were not familiar with the case, and information concerning the robbery was not immediately available from Lubbock police.

new baptism of the Spirit, faith healing, fervent group praying and speaking in tongues.

The emphasis on speaking in tongues and faith healing is one of the things that reportedly has made the church's hierarchy keep a wary eye on the movement, although the U.S. Conference

DEATHS

Elmer Boatler Is Victim Of Death

Elmer C. Boatler, 74, a former Big Spring postmaster, died at 9:30 p.m., Thursday in a local hospital. He had been in failing health for several months.

Services will be at 2 p.m., Saturday in the First Presbyterian Church, with the Rev. R. Earl Price, pastor, officiating. He will be assisted by a long-time family friend and former pastor, the Rev. R. Gage Lloyd. Burial will take place in Mount Olive Memorial Park.

Graveside Masonic rites will be conducted. In charge of arrangements is the Nalley-Pickle Funeral Home.

Mr. Boatler was born Oct. 13, 1900, on the John Slaughter ranch north of Big Spring. He graduated from Big Spring High School in 1921, attended the University of Texas where he studied Chemical Engineering. He retired after 43 years with the Post Office here. He was the only postmaster to work his way through the ranks, having been elevated to that position in 1963. He went into retirement in 1965.

Mr. Boatler was a long-time church officer of the First Presbyterian Church, serving both as a deacon and an elder. He was appointed elder for life at the church.

He was a life member of the Staked Plains Lodge Masonic Lodge No. 598, a member of Big Spring Council No. 117 and Big Spring Chapter No. 178. Also, he was a member of the Scottish Rite Consistory of Dallas. He was a long-time member of the Big Spring Kiwanis Club.

He was married to Ortry Bailey June 26, 1921, in Howard County. She survives him, as do a daughter, Mrs. Al (Kathleen) Aton, Big Spring; two grandchildren and three great-grandchildren; three brothers, P. T. Boatler, M. H. (Slick) Boatler and Pat Boatler; and three sisters, Mrs. Raymond Kelley and Mrs. R. W. McNew and Mrs.

She is survived by a daughter, Mrs. L. T. (Lavera) Middleton of Lamesa; four sons, Ivan Bartlett and Herman Bartlett of Lamesa, Wayne Bartlett of Dallas, Vernon Bartlett of Seymour; two sisters, Mrs. Martha Rierson of Clovis, N.M., and Mrs. Ellen Bandy of Amarillo; two grandchildren, 54 great-grandchildren and eight great-great-grandchildren.

WEATHER

NORTHWEST AND SOUTHWEST TEXAS: Cloudy, windy and cold north tonight and increasing cloudiness, windy and turning much colder south. Considerable cloudiness, windy and continuing unseasonably cold Saturday north and south and partly cloudy and not as warm extreme west. Low tonight 28S. Panhandle to near 40 extreme west and south. High Saturday near 40 Panhandle to 70S extreme west.

Services for Jess W. Franklin, 60, who died Wednesday in an Albuquerque, N.M. hospital, are slated for Saturday at 10 a.m. at the Nalley-Pickle Rosewood Chapel with Rev. Jim Wilkerson, pastor of the Crestview Baptist Church officiating.

of Bishops recently condoned the movement.

The bishops did not deny the existence of "charismas" or gifts—speaking in tongues and healing—saying that "it is clear those gifts have been given to the church from the beginning and cannot be said to belong only to our times."

David Hall Says Victim Of 'Frame'

OKLAHOMA CITY (AP)—A second round of cross-examination was in store for former Gov. David Hall today in his federal court bribery-extortion trial.

The silver-haired Democrat, a former prosecutor who was elected in 1970 on a law-and-order platform, repeatedly denied the charges Thursday and declared he is the victim of a giant "frameup" involving federal and state agencies and officials.

During lengthy cross-examination by U. S. Atty. William R. Burkett, whom Hall accused of heading a drive to frame him, the former governor said he couldn't remember why he made some of the statements on tape recordings that were played for the jury, and he said he didn't mean all of them.

But he said he made some of the statements because he was gathering evidence to prove there was a conspiracy to frame him.

He also said Secretary of State John Rogers, who made the tape recordings while working undercover for the FBI, and R. Kevin Mooney, a Fort Worth public relations man, gave false testimony as part of the alleged conspiracy.

Hall and his co-defendant, Dallas financier W. W. "Doc" Taylor, are accused of conspiring to bribe Rogers to use his influence as chairman of the board that administers state employees' retirement funds to swing a \$10 million investment with a firm Taylor owns.

Hall also is accused of attempting to extort \$50,000 from Taylor.

Mooney was indicted with Hall and Taylor Jan. 16, just three days after Hall left office. He pleaded guilty and testified as a government witness against Hall and Taylor.

Hall told Burkett, a former Republican state chairman, that he has asked special Watergate prosecutor Henry Ruth to investigate the prolonged grand jury investigations of his administration and the current charges against him.

A spokesman for Ruth, contacted in Washington, declined comment because he said government officials do not discuss cases that are in court.

AP Wirephoto (AP) — This photo "Suffer Little Children" won for U.S. photographer Ovie Carter of the Chicago Tribune on Thursday in Amsterdam the annual World Press Photo Competition for the best photo of the year. The photo was taken in 1974 on a 10,000-mile journey through drought-stricken areas of Africa and India.

Fund Applications Are OKed For City And HC

MIDLAND — Pre-applications from two counties and 12 area cities were given approval by the government application review committee of the Permian Basin Regional Planning Commission.

This included an application of \$616,197.95 for Big Spring for discretionary funds available under the Housing and Community Development Act. Two cities had larger applications, including Lamesa with \$928,525 and Fort Stockton. Other applications are from

Stanton, Seminole, Grandfalls, Seagraves, Pecos, Ector County, Goldsmith, McCamey and Midland County.

In other requests, a request from Howard College in Big Spring was also given approval. The college seeks \$204,000 from the Veterans Administration for initiation of an associate degree in nursing program.

These applications and others approved go before the board of directors March 19 before being sent to their respective agencies for final action.

Parade Precedes Exposition Here

The Lone Star District puts on its annual Scout Exposition Saturday at the Howard County Fair Buildings from 1-5 p.m., but the event will be preceded by a Scout parade downtown at 11:30 a.m.

Wm. J. Priebe and his co-chairman, Maj. Myron Willett, said that approximately 20 units will have displays of Scout craft, special subjects (like observation), camping, skills, etc. Those who do not have tickets (\$1) may get them at the door. Scout units share in the proceeds.

The building will be open at 6 p.m. today so that unit workers can begin construction of booths, said Priebe, then reopen at 8:30 a.m. Saturday so that exhibits can be shaped and completed by noon.

Work will suspend at 1:30 a.m. so that boys can go to 8th and Main to assemble the parade. All other Scouts,

cubs and Explorers are urged by Dr. Larry Keys, parade chairman, to be at that point at 11 a.m. The parade moved at 11:30 a.m. down Main to Third, west to Scurry, and south to 8th. Col. Robert Owens, 78th Flying Training Wing commander will be parade marshal, and accompanying him will be 2nd Lt. James J. Franklin, who is an Eagle Scout, and AIC Mary Lynn Willis. County Judge Bill Tune and other officials will be in the parade. More than 100 flags will be carried by Scouts and Cubs and the Webb AFB Color Guard will lead, aided by the city police.

During Saturday afternoon when the Exposition is on, judges headed by Wm. T. McKee will be rating the various exhibits and will make awards at 5 p.m. The Order of Arrow will operate a concessions stand and will put on a summer camp promotion display.

Bail Bondsman's 'Gifts' To Sheriff Pack Of Lies?

FORT WORTH, Tex. (AP) — Courthouse associates took issue Thursday with allegations that Tarrant County Sheriff Lon Evans had compelled bail bondsmen to make cash gifts if they wanted to stay in that business.

Evans himself denied earlier such an accusation made by an unnamed bondsman quoted in a Dallas Morning News story.

Criminal District Court Judge Charles Lindsey asserted statements to that effect were "a pack of lies."

Asst. Dist. Atty. Howard Fender, a former district attorney who heads the county's bail bond board, branded them "complete fabrications."

Fender also said he knew the name of the sheriff's accuser and added, "I don't believe him. I know that he has been out to get Lon. He was mad because Lon stopped him from making bonds here."

A former bondsman who has been convicted of income tax evasion, Leroy Moore, said he once met with another former bondsman who declared, "I intend to get him (Evans). ... I'm going to do everything I can."

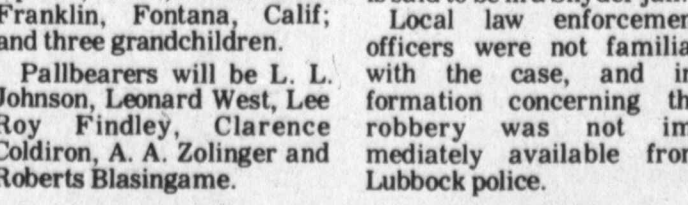

Moore said he believed this individual was the same man quoted as leveling kickback charges against Evans to the Internal Revenue Service, and the sheriff agreed.

bondsman to whom Moore referred has a number of forfeitures pending against him and investigators have been unable to find any property on which to levy judgments.

Meanwhile the Dallas News quoted informed sources today as saying IRS agents are continuing to investigate the tax returns of Evans after checking his bank accounts here and in other cities.

Evans said Thursday, "I find it difficult to believe that IRS agents would base an investigation on garbage given them by some bondsman. I have never taken any money illegally and I have never tried to avoid payment of any taxes I owed."

WEATHER FORECAST — Rain is forecast today from Florida to New England. Inland, snow flurries are expected from the Ohio Valley to the Great Lakes. Rain is forecast for most of the Pacific coast with snow flurries expected for the central and southern Rockies and western Plains. Much colder weather is forecast from the Great Lakes to the upper Mississippi Valley.

GOLIAD WINNERS — Glenn Margolis, son of Dr. and Mrs. Jack Margolis, went as far as the national finals last year in the spelling contest and is again the winner at Goliad Junior High. The alternate at that school is Jennifer Smith, daughter of Mr. and Mrs. Sidney R. Smith.

Ulmer, Williams Plead Guilty, Given 'Life'

STEPENVILLE — Jerry Ulmer, a 22-year-old West Texan who fled the Colorado state prison last August and helped create a reign of terror in several states, was sentenced here Thursday to six life terms and six ten-year sentences.

Dalton Williams, who police say teamed with Ulmer and a man later gunned down by police, Richard Mangum, in a succession of killings, rapes and robberies, was similarly penalized by 29th District Court Judge Herman Fitts.

Ulmer, who was born in San Angelo, and Williams were captured near Stephenville last Aug. 27 after a three-day chase following their escapes from the prison at Canon City, Colo.

Ulmer and Williams were convicted of the murder of Mrs. Jacqueline Ott Aug. 24. They waived a jury trial.

The two were also charged with the slaying of Rotan rancher T. L. Baker Aug. 24 in what the state claimed was a revenge execution. Baker was slain, according to the testimony, after his son had been tied to a

telephone pole. Williams drew a life term in that case and Ulmer faces trial later on the count.

Williams, one-time Snyder resident, and Ulmer were brought into the courtroom in leg irons, shackle belts and handcuffed. Spectators were searched before entering the courtroom.

The two men also face armed robbery charges in California, one for jail escape and two for auto theft in New Mexico and two for rape and kidnapping in New Mexico.

Four other charges against Ulmer and Williams were dismissed on a recommendation by District Attorney Bob Glasgow of Stephenville, who said the two men were not tried for capital murder because the cost of an individual trial would run \$35,000 or more.

Trustee's Post To Be Filled

Election of a new chapter trustee and a new chapter chairman will be the main business at the next general membership meeting of the Permian Chapter of the Non-Commissioned Officers Association. The meeting is scheduled for 7:30 p.m. Thursday, March 13 at the Webb NCO Club. All NCOA members should make plans to attend.

To date, three members have been nominated to fill the vacant trustee position. They are Jim Fuher, Ron Stancill and Harvey Schrimmer. All the new trustee is elected, the five members of the board of trustees will name the new chapter chairman.

First Presbyterian Sets Special Event

The First Presbyterian Church will hold their annual pre-Easter special services starting Sunday, March 9 and lasting through Thursday. Services will be nightly at 7 p.m.

The Rev. Thomas W. Currie Jr., pastor of Oak Cliff Presbyterian Church in Dallas, will speak at the services.

Sunday night's topic is "Is It Nothing to You." Scriptures will be from Matthew 27:33 and Lamentations 1:12. The Monday night topic is "Father Forgive Them" from Luke 23:32-34. Tuesday's topic will be "This Day Thou Shalt Be

With Me" from Luke 23:39-45. Wednesday's topic is "Woman Behold Your Son. Behold Your Mother" from John 19:25-27.

The final message on Thursday will be "My God, my God, Why Hast Thou Forsaken Me?" from Matthew 27:39-49.

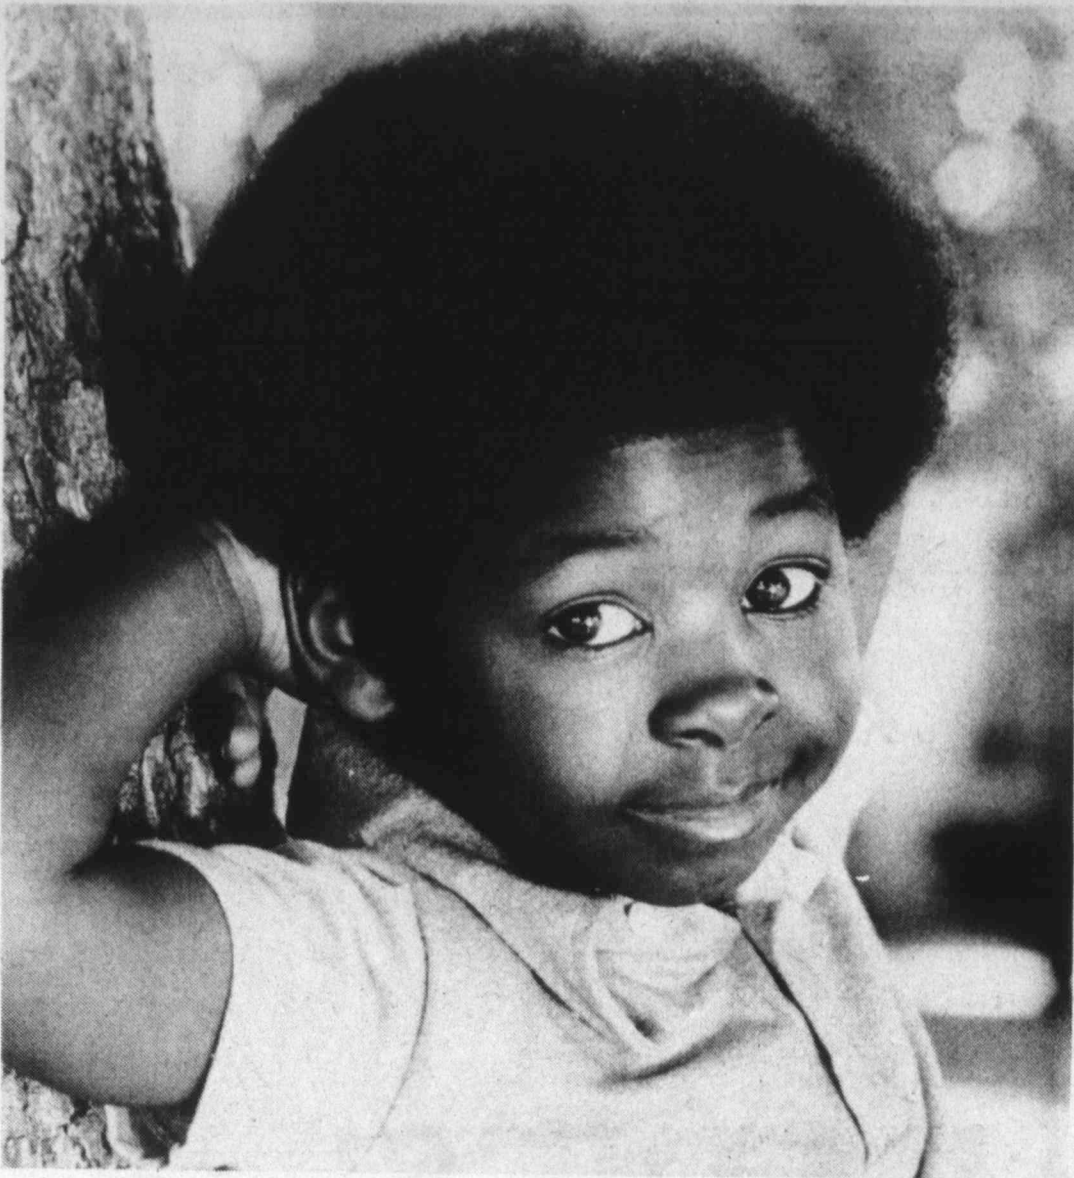

The Rev. Currie is the son of the Rev. Thomas White Currie, who at one time was professor of English Bible and later president of the Austin Presbyterian Theological Seminary from 1920-43.

He has a BA degree from the University of Texas, a BD degree from Union

Theological Seminary in New York and a ThM from Austin Seminary. His other degrees are a ThD from Union Seminary in Richmond and a DD from Austin College.

He was moderator of the Synod of Texas in 1964 and has also served as pastor at First Presbyterian, Eliasville, Ridgela in Fort Worth, St. Paul in Houston, been executive secretary of church extension for Brazos Presbytery and twice served Oak Cliff church in Dallas.

The public is cordially invited to attend any or all of the services, according to the Rev. Earl Price.

RODNEY ALLEN RIPPY

..... to star in show

'Operation Cheer' Concert Scheduled

"Donna Moon and the Stars," a singing and musical group with a unique program of cheer for youth, will be featured in services at Evangel Temple Assembly of God, 2205 Goliad, Big Spring, on Saturday and Sunday, March 8 and 9 at 7 p.m. and 11 a.m., according to the Rev. D. Terry Wilson,

pastor. "Operation Cheer" is a singing and witnessing program to the military personnel of the United States of America on bases at home and abroad. It is primarily religious (non-sectarian), and is coordinated through military chaplains.

It consists of concerts in hospitals, chapels,

auditoriums, stadiums, service centers, mess halls, etc. A second aspect of "Operation Cheer" is missionary evangelism. This missionary evangelism ranges from services in primitive villages to city-wide crusades which are coordinated through missionaries and native church leaders.

"Operation Cheer" was originated by, and is directed by, Donna Moon. Donna has served for more than six years as organist and soloist for the regional veterans hospital in Dallas, Texas. In this volunteer capacity she has sung and played for weekly chapel programs, done music therapy in their Day Treatment Center, and provided special music programs throughout the year. She also plays and sings for church, social, civic, patriotic, radio, and television programs.

"Operation Cheer" concerts are done by a select singing and musical group known as "Donna Moon and the Stars." Singing and playing with Donna are dedicated and talented Christian collegians from Southwestern College in Waxahachie.

Oral Roberts Schedules Spring Event 1975

"Spring Event '75" with Oral Roberts is a tribute to new life, new hope, a beginning again, according to Ron Smith, executive vice president of the Oral Roberts Association and new producer for the famous evangelist's widely distributed television series.

The upcoming one-hour special taped February 20, at Oral Roberts University's Mabee Center in Tulsa, Oklahoma, is slated for release nationally between March 22 and 30, in observance of Easter Week.

"We have tried to bring a premiere look, a feel of excitement to 'Spring Event '75,'" Smith said, "to make it a real 'happening'. I think it will be one of our most exciting shows to date."

Miss Anderson performs two of her top numbers, "I believe in Music," and "I'm Gonna Write A Song the Whole Wide World Can Sing."

Rodney Allen displays his considerable charm in a lighthearted version of "High Hopes" and follows with "He's Got the Whole World in His Hands." The World Action Singers from Oral Roberts University back up both numbers.

Richard and Patti Roberts do a series of three numbers that are their concert favorites around the country. "Get All Excited," "He Giveth More Grace," and "My Tribute."

Oral Roberts' compelling message, "Holding the Rope," is a thoughtful study on the power of hope. The special will be seen on more than 400 stations in the U.S. and Canada during Easter week.

Former Resident To Speak Sunday

A former Big Spring resident, the Rev. Ron Hamby will be a special speaker at North Birdwell Lane United Methodist Church Sunday through Wednesday.

He is a new life missionary and will lead in the services at Sunday School at 10 a.m. and the 11 a.m. morning worship services.

At 6 p.m., there will be a covered dish supper followed by 7:15 p.m. worship service with a lay forum dialogue.

On Monday at 6:30 p.m., he will lead the worship service followed by a fellowship with

refreshments and lay forum dialogue.

On Tuesday at 12 noon, there will be a covered dish salad luncheon followed by a discussion on small prayer groups and small Bible dialogue study groups.

The 6:30 p.m. worship service will again be followed by refreshments and a lay forum. Wednesday at 6:30 p.m. will be the same as Monday.

There will be a special program for children and young people in fellowship hall during the lay forum dialogues.

CHILDREN'S CHOIRS SLATE MUSICAL

For the next two Sunday evenings the First Baptist children's choir for grades 3 through 6 will present their annual musical.

This year they will stage "The Boy Who Caught the Fish" by Jack Coleman. Joe Whitten is the director, Mrs. Harold Raines accompanist, and Barry Clayton stage director and designer.

The lead parts will be by Julie Raines, Debbie Cowan, Elise Wheat, Beverly Wheeler and Todd Strong.

"The Boy Who Caught the Fish" is written especially for children's choir. It will be presented at the closing of the 7 p.m. worship service on Sunday and again Sunday, March 16.

"We were delighted to get these outstanding artists for the show," Smith said. "They both exemplify what we are trying to say with the special. They have an enthusiasm, an optimism, a

BIBLE SPEAKER SCHEDULED HERE

Dr. Joe Temple, from the Lubbock Bible Center, will speak at an open meeting at 8 p.m. March 13 in the Flame Room of Pioneer Natural Gas.

Mrs. Jerry Robinson, who heads a Friday night Bible class here at her home, which is attended by some nine families, invites the public to attend this meeting.

COME, LORD JESUS

TANE Is Reviewing Forty Years

DALLAS — Forty years ago — right after the Prohibition Amendment was repealed — a group of concerned citizens met in Waco to talk about the growing sale of alcoholic beverages in Texas.

They chose the name of "United Texas Dries", and began an ambitious program concerning the sale of beverage alcohol in the state.

This week, the organization which evolved — Texas Alcohol Narcotics Education, (TANE) observed its 40th anniversary at Highland Park United Methodist Church in Dallas.

A review of the 40 years of history was presented at the Dallas meeting by Dr. R. R. Holton, Executive Director of TANE which is headquartered at 6778 Greenville Avenue in Dallas.

"TANE's major objective is to inform and to educate people about alcohol and narcotic addiction," Holton said. "We want to bring about a desirable understanding of the problems created by the use of alcohol and narcotics. We want to prevent them and to eliminate them."

Legend has it that, long ago, the dogwood came into bloom on Calvary and that, afterwards, a cross was implanted into the flower itself, to remain for all time. You can see it if you look closely, rust brown against the white of each individual blossom.

Many of us carry crosses, faint like the dogwood's emblem but with us, nevertheless. Somehow, in this Lenten season, we become particularly conscious of them and of our need for help—a certain kind of help, that can be found only through the things we learn in Church.

The Church doesn't pretend to banish our cares and woes. But, its teachings realistically consider the experiences of life itself. No matter what our personal cross may be, we seem able to bear its burden with more strength.

Lent is a wonderful time in which to begin making church-going a regular part of your life—if you haven't already.

Your HOROSCOPE

from the CARROLL INSTITUTE

FORECAST FOR SATURDAY, MAR. 8, 1975.

GENERAL TENDENCIES: A day when increased activity is likely to strike. It is wise not to act too hastily. Consider all phases of whatever comes up and wait until late afternoon before making a decision. Think constructively.

ARIES (Mar. 21 to Apr. 19) Instead of going off on a worthless tangent, concentrate on your personal desires. Strive for greater rapport with friends.

TAURUS (Apr. 20 to May 20) Plan some time for analyzing your position and what should be done to improve it. Taking any risks now could prove dangerous.

GEMINI (May 21 to June 21) A day to study the data that can help you put new ideas in operation successfully. Steer clear of one who is a time waster.

MOON CHILDREN (June 22 to July 21) Make sure you understand new business methods in your line of endeavor. Take mate out to amusements. Show generosity.

LEO (July 22 to Aug. 21) Ideal day to meet with associates and come to a better meeting of the minds. Find the best way to clear up any misunderstanding.

VIRGO (Aug. 22 to Sept. 22) Buy the appliances that will make your daily work easier to handle. Take some new treatment that will improve your health.

LIBRA (Sept. 23 to Oct. 22) Handle important work early so that you can join good friends at the amusements that are mutually enjoyable. Think logically.

SCORPIO (Oct. 23 to Nov. 21) You are in the mood to argue and could easily annoy kin so do something constructive instead. Sidestep a prevaricator.

SAGITTARIUS (Nov. 22 to Dec. 21) Much care in motion is important now or you could get into trouble easily. Buy with care and count the cost. Be wise.

CAPRICORN (Dec. 22 to Jan. 20) Make a point to study new ways and means of increasing your income. A business expert can be helpful with suggestions.

AQUARIUS (Jan. 21 to Feb. 19) Try not to be too forceful with others in order to gain your aims. Use your charm in entertaining others for best results.

PISCES (Feb. 20 to Mar. 20) It is wise to handle your obligations efficiently now instead of trying to wriggle out of them. Pay more attention to details.

\$200 BACK!

\$200 back from factory on ALL new '74's in stock!

\$200 back on '75 Duster Customs in stock!

Plus: automatic transmission at no charge on special factory-equipped '75 Plymouth Valiants. (Like \$230 off!)

Hey, our Car Clearance Carnival is still going strong with \$200 cash-back from the factory on ALL new 1974 Chryslers and Plymouths in stock. In addition, you can also get \$200 back on all '75 Duster Customs in stock. But with deals this good, the limit is one per customer, retail customers only. And that's not all. Buy or lease a factory equipped '75 Valiant with designated options normally sticker priced at about \$800 and we'll give you the automatic transmission at no charge. It's like knocking \$230 off the sticker price. You see, the factory doesn't charge your dealer for it, so he doesn't have to charge you. So come on in. The dealing's still going strong.

Mrs. Rodger Mize reported boy's 20 inch bicycle stolen at 4215 Calvin.

'Green Thumb' Type Sought

The Boys Club is looking for some man who likes to work with teen-age boys — and perhaps knows something about gardening.

The club has been offered the use of a 15-20-acre plot seven miles northwest of town as a project for growing food stuff. But operating this project is dependent upon finding a staff member who can supervise the project.

Although it's seasonal, the position would be nearly full-time during the growing periods.

"With the approach of Spring," said Bert Andries, Boys Club director, "time is beginning to run out for getting started. If we can't find the right man soon, we may have to scrub the program for this year. We had hoped to give the boys experience in gardening, plus perhaps getting some needed vegetables."

Anyone interested is urged to call him at 3-1822, or Bill Crooker at 7-6101.

Radio Alerts Are Garbled

"Two colored males with red wigs, reported to be 6 feet 6 and tall and thin just held up a store and got \$200."

That's what the police radio spurted out this morning, but the stations from all around the state have been "bleeding into each other" for the past two days. The armed robbery was in Corsicana.

On Thursday, the message came that somebody was killed 40 miles north of town near round mountain. That turned out to be near Johnson City.

Police dispatchers were having their difficulties sorting out their local messages from crime all over the state.

Found Guilty Of Stealing Car Of Slain Dallas Exec

LITTLE ROCK, Ark. (AP) — Paul Edward "Black Jesus" Johnson of Dallas was convicted Thursday by a federal court jury of interstate transportation of a stolen automobile belonging to a Dallas executive whose decomposed body was found in a field June 7 near Dallas.

Johnson was held for several weeks last June by Dallas police after the body of Virgil Dan Burney, senior vice president and general counsel of the LTV Corp., was found. A medical examiner could not determine the cause of Burney's death, and Johnson was never charged.

Burney had last been seen about 9:30 p.m. May 21 by a parking lot attendant at the LTV building in Dallas. The body was discovered two weeks later after a dog dropped his skull on a porch.

Johnson was indicted last September by the federal grand jury for the Eastern District of Arkansas on charges of interstate transportation of Burney's car and interstate transportation of a firearm by a person with a felony record. He was convicted of four robberies in Texas in 1965 and spent about six years in prison.

The jury found him guilty on both federal charges. Judge Owen Harris deferred sentencing pending an investigation of Johnson's background by the federal probation office.

Johnson already is serving a sentence in Tennessee for theft of the firearm involved in the Arkansas indictment.

Cub Pack 63 Given Awards

Cub Scout Pack 63 was designated a President's Unit at their meeting Wednesday. The pack was presented a special Single Silver Star Patch and Streamer for completing the requirements for being designated at President's Unit.

Several other awards were given at the meeting. Tim Mayes received a Bobcat Patch, while David Shockley, David Burlinson, and Raymond Delator were presented with scientist medals.

Robert Oliver, Justin Buchanan, and Todd Gilbert were awarded Bear Patches and Save Our American Resources (SOAR) patches were awarded to all cubs.

Series Of Calls Keep Cops Busy

Police had three calls in rapid succession from the area of Wagon Wheel 1 Thursday night.

The first call came at 11:15 p.m. when a youth reported that three males threw two beer cans in his car and hit his car with a chain.

The second came at 11:30 p.m. when another youth reported that there was \$200 worth of damage to his car and he got hit in the head with a stick.

Shortly after 1 a.m., two males were arrested for drunk and public affray.

DA Injured in Car Crash

BROWNSVILLE, Tex. (AP) — Cameron County Dist. Atty. Fred Galindo was reported in serious, but improved condition at a Brownsville hospital Thursday following an automobile accident.

He is being treated for head injuries and facial fractures and lacerations.

A Brownsville police spokesman said an automobile occupied by the Lower Rio Grande Valley prosecutor and Arnulfo Ortiz of San Benito skidded about 320 feet before striking the rear of a truck on U.S. 77 near here late Wednesday.

LEGAL NOTICE

NOTICE TO CREDITORS
NOTICE is hereby given that original Letters Testamentary upon the Estate of MINNIE B. NASH, Deceased, No. 8467 on the Probate Docket of the County Court of Howard County, Texas, were issued to me, the undersigned, on the 3 day of March, 1975, in the aforesaid proceeding, which proceeding is still pending, and that I now hold such Letters. All persons having claims against said estate, which is being administered in Howard County, Texas, are hereby notified to present the same to me respectively at the address below given before suit on same are barred by general statutes of limitation, before such estate is closed, and within the time prescribed by law.

No. 8467
Minnie B. Nash, Deceased
No. 8467
County Court of Howard County, Texas
MARCH 7, 1975

LEGAL NOTICE
The Commissioners Court of Howard County, Texas has for sale the following items:

The Court reserves the right to reject any or all bids.

SIGNED:
Virginia Black, County Auditor
MARCH 6—13, 1975

THE STATE OF TEXAS TO: LONNIE JOE STOCKTON Defendant (s).
You are hereby commanded to appear by filing a written answer to the Plaintiff (s) Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 31st day of March, 1975, at or before ten o'clock A.M. before the Honorable District Court of Howard County, Texas, at the Court House of said County in Big Spring, Texas.

Said Plaintiff (s) Petition was filed in said court, on the 2nd day of January, A. D. 1974, in this cause numbered 21,163 on the docket of said court; and said, MRS. G. E. RUBY FAYE McClatchey Plaintiff (s), vs. LONNIE JOE STOCKTON Defendant (s).

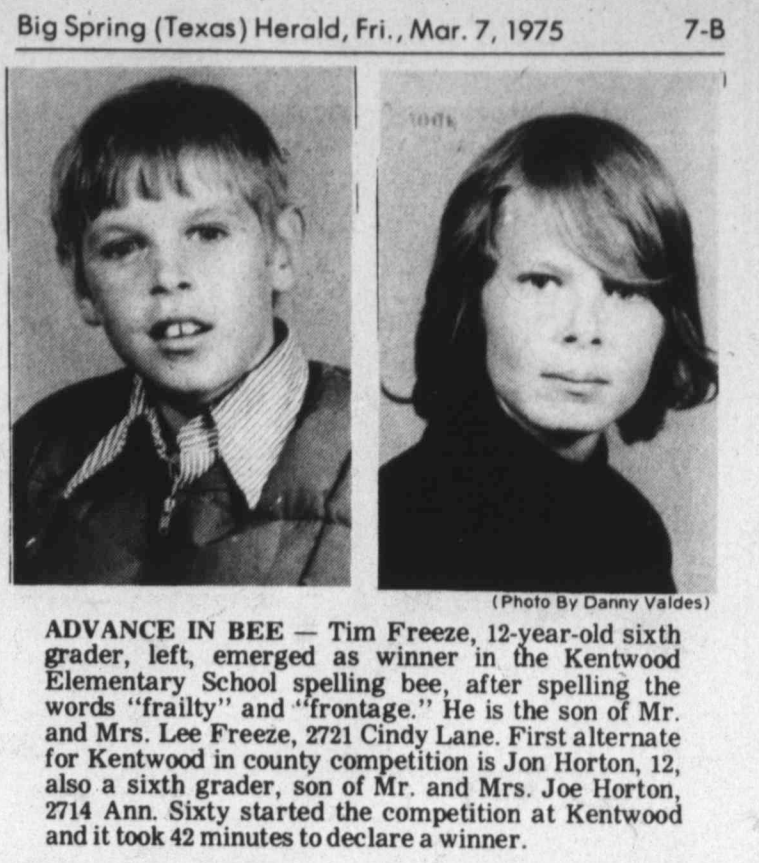

A brief statement of the nature of this suit is as follows: to-wit: LONNIE JOE STOCKTON Defendant, misappropriated the personal funds of the Plaintiff, Mrs. G. E. (Ruby Faye) McClatchey for his own personal benefit, as is more fully shown by Plaintiff (s) Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

I signed and gave under my hand and the Seal of said Court, at office in Big Spring, Texas, this 10th day of February, A. D. 1975.

Attest:
PEGGY CRITTENDEN
Clerk,
District Court, Howard County, Texas
Feb. 28, Mar. 7, 14, 21, 1975

ADVANCE IN BEE — Tim Freeze, 12-year-old sixth grader, left, emerged as winner in the Kentwood Elementary School spelling bee, after spelling the words "frailty" and "frontage." He is the son of Mr. and Mrs. Lee Freeze, 2721 Cindy Lane. First alternate for Kentwood in county competition is Jon Horton, 12, also a sixth grader, son of Mr. and Mrs. Joe Horton, 2714 Ann. Sixty started the competition at Kentwood and it took 42 minutes to declare a winner.

James Campbell Given \$1,000 Salary Boost

COLORADO CITY — The city council met in special session Monday night for a lengthy study of the city's budget with the proposed budget based on the existing tax rate with and adjustment in the water rate.

Members of the council asked James Campbell, city manager, to come back with proposals on raising taxes and what would be done with the money raised by increasing the taxes.

Members of the council discussed the possibility of getting into a paving program to take care of unpaved streets in the city, especially streets leading to the city's Ruddick Park.

Among purchases planned by the city in the regular budget for the coming year are two new calculators, camera equipment, for police, eight more FM receivers for the fire department, new water line for the cemetery, some additional kitchen equipment for the civic center, water lines and lawnmowers for the city park, picnic area equipment for Lake Champion, 200 new water meters, a new sewer rodder to save time on cleaning out sewer lines and 7,000 feet of water pipe.

The city council, in a short closed door session, decided to give Campbell a \$1,000 a year salary increase, raising his salary from \$12,000 to \$13,000 a year.

Mayor C. C. Burt, in announcing the increase to spectators, said the council feels Campbell is doing an excellent job.

Chamber Loses Two Directors

COLORADO CITY — Two directors of the Colorado City Chamber of Commerce resigned, due to job transfers.

C. R. Bellomy, manager of Lone Star Gas, will be moving to Stamford to manage the district there for his company and John Martin, superintendent of the Morgan Creek Power Plant for Texas Electric, has moved to Fairfield where he is superintendent of the Big Brown Plant.

Will Redesign Office Building

HOUSTON (AP) — Harris County commissioners have agreed to redesign plans for a \$16.9 million county office building to avoid tearing down two old buildings.

County Judge Jon Lindsay received unanimous approval of his recommendation Thursday that the 19th century Pilot and Burghum buildings be left intact until funds can be found to restore them.

The design changes will cost \$135,000, Lindsay said, and will cause the structure to face south on Preston instead of west on Main.

Dependable USED CARS

73 DODGE Polara 4-door, factory air conditioning, power steering, power disc brakes, automatic transmission, radio, light hood with white vinyl top and gold interior. \$2195

Radio Alerts Are Garbled

"Two colored males with red wigs, reported to be 6 feet 6 and tall and thin just held up a store and got \$200."

That's what the police radio spurted out this morning, but the stations from all around the state have been "bleeding into each other" for the past two days. The armed robbery was in Corsicana.

On Thursday, the message came that somebody was killed 40 miles north of town near round mountain. That turned out to be near Johnson City.

Police dispatchers were having their difficulties sorting out their local messages from crime all over the state.

Found Guilty Of Stealing Car Of Slain Dallas Exec

LITTLE ROCK, Ark. (AP) — Paul Edward "Black Jesus" Johnson of Dallas was convicted Thursday by a federal court jury of interstate transportation of a stolen automobile belonging to a Dallas executive whose decomposed body was found in a field June 7 near Dallas.

Johnson was held for several weeks last June by Dallas police after the body of Virgil Dan Burney, senior vice president and general counsel of the LTV Corp., was found. A medical examiner could not determine the cause of Burney's death, and Johnson was never charged.

Burney had last been seen about 9:30 p.m. May 21 by a parking lot attendant at the LTV building in Dallas. The body was discovered two weeks later after a dog dropped his skull on a porch.

Johnson was indicted last September by the federal grand jury for the Eastern District of Arkansas on charges of interstate transportation of Burney's car and interstate transportation of a firearm by a person with a felony record. He was convicted of four robberies in Texas in 1965 and spent about six years in prison.

The jury found him guilty on both federal charges. Judge Owen Harris deferred sentencing pending an investigation of Johnson's background by the federal probation office.

Johnson already is serving a sentence in Tennessee for theft of the firearm involved in the Arkansas indictment.

Cub Pack 63 Given Awards

Cub Scout Pack 63 was designated a President's Unit at their meeting Wednesday. The pack was presented a special Single Silver Star Patch and Streamer for completing the requirements for being designated at President's Unit.

Several other awards were given at the meeting. Tim Mayes received a Bobcat Patch, while David Shockley, David Burlinson, and Raymond Delator were presented with scientist medals.

Robert Oliver, Justin Buchanan, and Todd Gilbert were awarded Bear Patches and Save Our American Resources (SOAR) patches were awarded to all cubs.

Series Of Calls Keep Cops Busy

Police had three calls in rapid succession from the area of Wagon Wheel 1 Thursday night.

The first call came at 11:15 p.m. when a youth reported that three males threw two beer cans in his car and hit his car with a chain.

The second came at 11:30 p.m. when another youth reported that there was \$200 worth of damage to his car and he got hit in the head with a stick.

Shortly after 1 a.m., two males were arrested for drunk and public affray.

DA Injured in Car Crash

BROWNSVILLE, Tex. (AP) — Cameron County Dist. Atty. Fred Galindo was reported in serious, but improved condition at a Brownsville hospital Thursday following an automobile accident.

He is being treated for head injuries and facial fractures and lacerations.

A Brownsville police spokesman said an automobile occupied by the Lower Rio Grande Valley prosecutor and Arnulfo Ortiz of San Benito skidded about 320 feet before striking the rear of a truck on U.S. 77 near here late Wednesday.

LEGAL NOTICE

NOTICE TO CREDITORS
NOTICE is hereby given that original Letters Testamentary upon the Estate of MINNIE B. NASH, Deceased, No. 8467 on the Probate Docket of the County Court of Howard County, Texas, were issued to me, the undersigned, on the 3 day of March, 1975, in the aforesaid proceeding, which proceeding is still pending, and that I now hold such Letters. All persons having claims against said estate, which is being administered in Howard County, Texas, are hereby notified to present the same to me respectively at the address below given before suit on same are barred by general statutes of limitation, before such estate is closed, and within the time prescribed by law.

No. 8467

The Court reserves the right to reject any or all bids.

SIGNED:
Virginia Black, County Auditor
MARCH 6—13, 1975

THE STATE OF TEXAS TO: LONNIE JOE STOCKTON Defendant (s).
You are hereby commanded to appear by filing a written answer to the Plaintiff (s) Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 31st day of March, 1975, at or before ten o'clock A.M. before the Honorable District Court of Howard County, Texas, at the Court House of said County in Big Spring, Texas.

Said Plaintiff (s) Petition was filed in said court, on the 2nd day of January, A. D. 1974, in this cause numbered 21,163 on the docket of said court; and said, MRS. G. E. RUBY FAYE McClatchey Plaintiff (s), vs. LONNIE JOE STOCKTON Defendant (s).

A brief statement of the nature of this suit is as follows: to-wit: LONNIE JOE STOCKTON Defendant, misappropriated the personal funds of the Plaintiff, Mrs. G. E. (Ruby Faye) McClatchey for his own personal benefit, as is more fully shown by Plaintiff (s) Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

I signed and gave under my hand and the Seal of said Court, at office in Big Spring, Texas, this 10th day of February, A. D. 1975.

Attest:
PEGGY CRITTENDEN
Clerk,
District Court, Howard County, Texas

Diabetic? Want To Bet?

WHITTIER, Calif. (AP) — If your physician says you have diabetes, there is as much as a 33 per cent chance you don't, says the president of the Southern California branch of the American Diabetes Association.

"One-third of the patients I see (who have been diagnosed as diabetic) are not diabetic and never have been," Dr. Russell L. Poucher said in a recent

interview. Birth control pills and certain other drugs such as diuretics — medicines to increase urine discharge — sometimes cause a standard lab test to indicate diabetes, Poucher said.

Even drinking coffee or a starvation diet can alter the standard glucose tolerance test results, changing the blood sugar level, Poucher said.

Other diabetes symptoms, besides changes in blood sugar level, are sweating, skin changes, a personality change and a change in eye pupil size.

Guest Speakers Can Be Arranged Through Webb

Webb AFB is offering surrounding communities opportunities to learn more about the U.S. Air Force and the base. This is done by sending speakers to groups or opening the base for special tours.

Letters from the Webb Information Division outlining the two programs have gone to mayors, newspapers, radio and television stations, as well as various clubs and organizations in the area.

"We can usually provide a guest speaker or program to suit the desires of nearly any organization," said Capt. Richard B. Risk Jr., chief of the Information Division.

Groups which desire tours or speakers are asked to send letters to the Information Division giving the particulars.

For tours, letters should give type of organization, number in the group, approximate ages (if children), mode of travel, date and time of arrival and any other details which would help us plan your tour.

For speeches, letters

should give the nature of the organization and its interests as well as subject desired, if there is a preference. "It helps if requests are sent at least two or three weeks in advance," the Information Division chief said.

Risk also pointed out that Air Force people have varied backgrounds and have been around the globe. Many have special subjects of interest and the various topics are listed with the Webb Speaker's Bureau.

The Information Division also has access to many 16mm motion pictures which could be of interest to the public. Several are helpful to Boy Scouts and Girl Scouts working on merit badges, some are on survival, and some are on flying training. Also, specific subjects like poisonous snakes, the Air Force Museum and medical topics are available. Special topic films can be ordered, if at least one month is allowed for delivery.

Requests can be addressed to: Information Division, Webb AFB, Big Spring, Tex. 79720.

Nab Baker In Death Of Young Prostitute

NEW YORK (AP) — A Bronx baker has been arrested and charged with the strangulation murder of a 15-year-old prostitute from Cambridge, Mass.

Police said they arrested Reynolds Stoddard, 30, at his Bronx home for the Feb. 22 killing of Karen Baxter, who was found dead in a mid-Manhattan hotel room, strangled with a gold necklace she wore.

Police believe the red-haired teen-ager arrived here Feb. 1. When she was arrested Feb. 14 on a soliciting for prostitution charge, she gave her name as "Carol Blake" and her age as 19. She was picked up by police on Third Avenue and 25th Street, just a block from where she would later be murdered.

Karen was given a conditional discharge but apparently went right back to the streets.

Detective John Chartrand,

who led the investigation, said detectives followed the trail to Stoddard with the aid of a composite sketch and interviews with prostitutes who frequent Lexington and Third Avenues from the area around Grand Central Terminal at 42nd Street to almost a mile south where the killing occurred at the Belmore Hotel near 25th Street.

Stoddard was charged with homicide. He was to be arraigned today.

Miss Baxter was buried last Friday in Mt. Auburn Cemetery, Cambridge.

Cotton Loan Extension Requested

WACO — Texas Farm Bureau President Carrol Chaloupka has asked the Commodity Credit Corporation of the U.S. Department of Agriculture to extend the loan period for cotton to prevent "a glut on the market when this year's crop is harvested."

The head of the state's largest farm organization said approximately 1.6 million bales of the 1974 crop have been placed in the CCC loan program.

"Farm Bureau cotton-producer members would like the opportunity to work that cotton onto the market and not be forced to compete with CCC inventories," Chaloupka said. He indicated that Texas cotton producers are hopeful of an upward turn in demand during 1975.
