Communists Scorning Negotiated Peace Bid

SAIGON (AP) — President Tran Van Huong, thrust into office two days ago by the resignation of Nguyen Van Thieu, made a bid for negotiated peace today. The Communists scorned his offer as their forces completed their conquest of another province, and the government appeared to be abandoning one more.

Huong renewed a proposal made by Thieu half a dozen times for an immediate ceasefire. He also called for resumption of negotiations for formation of the coalition National Council for Reconciliation called for in the Paris peace agreement.

"The proposal fools no one and will hardly help the Americans out of their defeat," said the Viet Cong delegation in Saigon. It said Huong was "only a puppet and part of a game manipulated by the Americans to keep the Thieu clique without Thieu, continue a policy of neocolonialism, sabotage the Paris agreement and interfere with the right to self-determination of the South Vietnamese people."

The Communists made no proposals of their own. The Saigon command admitted that the South

(AP WIREPHOTO) POLLY WANNA? — A South Vietnamese parakeet perches on the muzzle of a grenade launcher outside a camp area on troubled Route 1 northwest of Saigon.

on the coast 75 miles east of Saigon.

Heavy fighting also was reported south of Tay Ninh, and field reports indicated the government was preparing to write off that provincial capital 55 miles northwest of Saigon and pull back to a new defense line at Go Dau Ha, 35 miles from Saigon.

Binh Tuy was the 21st of South Vietnam's 44 provinces lost this year to the Communists. The government now is left with Saigon, Bien Hoa, Binh Duong and Tay Ninh to the north of the capital, and the Mekong Delta to the south. But in the delta fighting was raging in Long An province, and field reports said government positions had been overrun along Highway 4, the main highway through the region.

The U.S. airlift of Americans and South Vietnamese continued but was ordered switched from Clark Air Base in the Philippines to Guam, the U.S. island in the western Pacific. Officials said more than 6,000 evacuees crowding Clark

would also be flown to the Anderson Air Force Base on Guam.

U.S. officials in Saigon said the number of Americans still in Saigon is down to about 1,500. Sources said the U.S. Embassy planned to cut down to a staff of 500 or less, but there was no estimate of how many Vietnamese remained to be moved out.

In Washington, Atty. Gen. Edward H. Levi approved emergency measures to admit up to 131,000 Indochina refugees to the United States. They are to include up to 75,000 Vietnamese dependents and relatives of Americans, 50,000 South Vietnamese who might be in danger in a Communist takeover, and about 6,000 Cambodians who fled before the Khmer Rouge takeover.

In what appeared to be a conciliatory move, Hanoi released the names of three U.S. airmen it said were dead after being shot down over North Vietnam between 1968 and 1972. They were Navy Lt. Cmdr. Jesse Taylor Jr. of Long Beach, Calif.; Maj. Crosley James Fitton,

Universal City, Tex., and Air Force Capt. Ronald Dwight Perry, Gallatin, Tenn.

It was the first time Hanoi has given any information about missing American servicemen since early 1973.

THE WORLD AT-A-GLANCE

JOLIET, Ill. (AP) — State officials are considering criminal prosecution of inmates involved in a six-hour takeover of a Joliet Correctional Center cellblock that left one prisoner dead and eight persons injured. Inmates held 12 persons hostage at the outset of the rebellion. Prisoner Herbert Catlett was found in a cell with his throat slashed by another unidentified inmate, prison officials said after the disturbance was quelled Tuesday night.

GALLATIN, Tenn. (AP) — "It's tragic to lose your only son in a war, but when you spend more than two years worrying and praying, news that he actually is dead comes as a relief," says the father of Air Force Capt. Ronald Dwight Perry. "Believe me, it's a relief to know the circumstances that surround it..." Ronald D. Perry said Tuesday after learning his son was killed when shot down over North Vietnam in December 1972. Radio Hanoi announced the deaths of two other American pilots: Navy Lt. Cmdr. Jesse Taylor Jr. of Long Beach, Calif., and Maj. Crosley James Fitton of Universal City, Tex. Perry had been listed as missing, Taylor and Fitton as killed in action.

EGUENE, Ore. (AP) — Norman "Snake" Brooks, whose "family" of two dozen women and children lived in caves they dug on a hillside, is scheduled to appear at a preliminary hearing today on murder charges. Eighteen women in his "family," the children of the Valley of Life, are being held as material witnesses under bail of \$100,000 each. Brooks, 31, is charged with the slaying of deputy sheriff Roy Dirks, 38, who was shot to death on April 12.

WASHINGTON (AP) — A key congressional committee, after several months of hearings and debate, is starting to draft an energy conservation law that includes import quotas, higher gasoline taxes and a new tax on gas-guzzling cars. At the same time, Federal Energy Administrator Frank G. Zarb indicated the Ford administration may again delay oil import tariff hikes if Congress shows signs of producing an acceptable energy bill within a reasonable time.

WASHINGTON (AP) — As Congress nears decisions on whether U.S. troops can be used to help evacuate Americans from South Vietnam, officials say U.S. diplomatic efforts are aimed at saving the city of Saigon from the ravages of war.

Humans Rescue Curious Cat

Curiosity almost got the better of a cat in the 1300 block of Mount Vernon about 11 a.m. today.

The feline, nameless and described as a yellow alleycat, somehow got its head lodged in a salmon can. Linda Carter of 1303 Mount Vernon saw the tabby's predicament and, with the aid of Mary Ray of 1309 Mount Vernon, performed the "operation" that freed the animal.

The cat was trembling but apparently realized the humans were trying to help, because it remained relatively calm while the can was being removed.

(AP WIREPHOTO) OFFERS PEACE PLAN — Father Tran Huu Thanh, key figure in the South Vietnamese anti-corruption movement which was instrumental in toppling President Nguyen Van Thieu, is shown today as he calls for a formation of a "National Salvation" cabinet to pave the way for a negotiated settlement in Vietnam. Others in photo not identified.

Pay, Pension Increases Win Texans' Approval

By the Associated Press

Texas voters have agreed to give their state legislators a pay raise of nearly \$1.4 million in the next two years and, by an overwhelming majority, decided to spend \$124 million in the next two years on increased retirement benefits for teachers and public employees.

Nearly 540,000 persons — slightly more than 10 per cent of the registered voters — went to the polls Tuesday to approve the two proposals, which were presented to them in the form of two constitutional amendments.

"I only wish more people had voted," Lt. Gov. Bill Hobby said through a spokesman after reviewing the returns.

Proposition one, the increase in retirement benefits, carried with approximately 75 per cent of the vote. The legislative pay raise was approved by nearly 58 per cent.

Hobby, who has advocated a pay raise for legislators in the past, said he was "extremely pleased with the results."

Figures from the Texas Election Bureau today showed that with 238 of 254 counties reporting—including 225 complete—proposition one carried 393,470 votes to 138,343. The legislative pay raise was approved 307,243 to 219,725.

"We are very pleased with the returns," said Callie Smith, executive secretary of the Texas State Teachers Association. "This is something that is sorely needed by our retired teachers."

The legislative pay raise means state senators and representatives will have their salary raised from \$4,800 to \$7,200 a year. It also means an increase in their personal living expense accounts during legislative sessions from \$12 to \$30 a day and gives them travel pay of 16 cents a mile instead of 10 cents. The change will cost the state \$1.4 million during the next two years.

The increase in retirement benefits means employes contribute to the public retirement fund will not be less than six per cent and the state contribution limit will be raised from six to 10 per cent.

On local retirement systems the legislature could establish programs for city and county employes, but participation by local government would be voluntary.

The schedule calls for about 45,000 retired public school teachers to receive five to eight per cent increases in their retirement

pay, and about 9,600 retired state employes to get 12 per cent increases.

"Some of our retired teachers are getting only \$140 a month," Smith said. "The new retirement benefits will be financed with money from general revenue."

Neither issue will be affected if voters adopt a new state constitution in another special election set for Nov. 4.

Before Tuesday Texas voters had turned thumbs down on pay raises for legislators five times since 1960, when the \$4,800 and \$12 a day for expenses during sessions were approved. In 1973 voters rejected a proposal to raise legislators' salaries to \$15,000 a year.

Senators and representatives have complained their salary amounts to "part-time pay" for a job that requires their full attention.

There was never any doubt Tuesday that the two amendments were receiving the voters' blessing.

Sterling County, the first to report complete returns, set the pace with percentages in favor of the two amendments that stood throughout the night.

Travis County, with a heavy concentration of public employes, approved the two proposals by 81 and 65 per cent margins, respectively.

Dallas, Jefferson and Harris counties approved the two amendments by smaller percentages.

Bexar County, led by San Antonio, was the only large urban county to turn down the legislative pay raise, 56 to 44 per cent. Voters in the county, however, approved the increased benefits for teachers and public employes.

The latest unofficial returns Tuesday night indicated that 69 counties — most of them rural — rejected the pay raise proposal. Seven counties — Dallas, Foard, Jack, Loving,

Mason, Motley and Throckmorton — voted against the two proposals.

Some legislators viewed the pay raise approval as a pat on the back from their constituents.

Four Missouri residents killed in an airplane crash in Abilene Tuesday were apparently on their way to visit friends, Mr. and Mrs. Bob Nesmith, owners of the Ponderosa Motor Inn in Big Spring.

An examiner for the National Transportation Safety Board was in Abilene today to investigate the crash.

The dead were Jack M. Lee, Kaiser, Mo., owner of the plane; Dale John Smith, an Osage Beach, Mo., motel owner; his wife, Ruth Louise, and Wendell Johnson, an Osage Beach real estate man.

The Nesmiths at one time operated Ponderosa Resort at Ozark Lakes, Mo., where they were close friends of the Smiths.

Witnesses said the single engine Beech Bonanza began breaking up Tuesday while airborne, strewn pieces over several blocks of a fashionable Abilene residential section.

Most of the plane slammed into an alley behind the home of Mr. and Mrs. Homer Scott, 1225 Elmwood.

The right wing fell just beyond the pool in the backyard of the Guy Caldwell residence, about 100 feet from where the main part of the plane fell.

Scattered bits of the tail section fell about five blocks away.

Police said there were no injuries or serious damage to the ground.

Mrs. Leon Anderson, Big Spring, recalls that during World War II, an army plane fell into the street at 13th and Elmwood, less than a block away from this crash scene. "It didn't hit a house either," she recalls, "but the traffic was terrible."

A spokesman at Grand Glaze Airport, near Osage Beach, said Lee operated a flying service there. They left Abilene Municipal Airport at 11:07 a.m. Tuesday after refueling under instrument flying rules because of the weather. Six minutes later, the plane disappeared from radio and radar contact.

Today's Bright Spot

Through advanced technology, the Dora Roberts oil lease is producing more oil today than anytime during the last 25 years.

FRIENDS OF NESMITHS Probe Of Crash Is Under Way

Senate Vote On Public Utilities

AUSTIN (AP) — A Senate bill to create a public utilities commission "is so bad it's almost difficult to talk about it," the chairman of a citizens group said today.

The Senate was expected to vote on the proposal, sponsored by Sen. W.T. Moore, D-Bryan.

Tuesday, the House voted 123-16 to require all election materials, including voter registration forms and ballot instructions, to be in both English and Spanish in counties where the Mexican-American population is five per cent or more.

Dr. Mike Abel, chairman of the Texas Coalition for Utility Regulation, told a news conference Moore's bill "is worse than no regulatory bill at all."

"I don't know who wrote it," Abel said, "but if I were an executive of Southwestern Bell or Houston Power & Light, I'd sure give him a pat on the back."

Abel predicted that if the bill is enacted into law consumer rates and company profits would "unbelievably" rise.

"The bill is a monopoly's dream and a consumer's nightmare," Abel said.

The coalition includes Common Cause, the self-styled people's lobby; the Texas Consumer Association; and the Texas AFL-CIO, as well as about 10 other groups.

Thompson, Mandrell To Appear In Rodeo

Hank Thompson, whose recordings have sold over 30 million copies, and Barbara Mandrell, Country Western recording star for Columbia, will be in the spotlight of the annual Big Spring Cowboy Reunion and Rodeo.

Charlie Creighton, president, announced signing of these widely known stars today in pegging the dates for the annual show June 18, 19, 20 and 21.

Miss Mandrell will be in the arena the opening night and the second night of the annual Western extravaganza, then will be spotlighted at the rodeo dance immediately following in the fair buildings. Thompson and his Brazos Valley Boys will be featured Friday and Saturday evenings.

Creighton also announced the signing of Tommy Steiner, Austin, who has produced a majority of the shows for the local association, as producer of the 1975 spectacular. Quail Dobs, Coahoma, will be the rodeo clown this year, as was the case last year.

Community Center Bond Election May Be Set

A bond election may be called at the May meeting of trustees of Howard College as a means of financing part of the cost of a community center.

Board members Tuesday agreed that it was time to bring the proposal, which has been under consideration for years, to a head. There appeared to be a consensus that it was time to let the people decide the matter — if they approve to get on with it; if they don't, then get on with other matters. Another reason for pressing for a decision now is that in the autumn bond rates are expected to rise.

No figure has been firm, but it appeared that the proposal would be for \$995,000. Revenue from other sources would absorb the cost of a structure which might run between \$1,250,000 and \$1,500,000 in costs. The building would be a multipurpose affair, doubling as a college gymnasium as well as a meeting place that would accommodate up to 3,300 permanent-type seats.

Harold Davis said he hoped that the building might run slightly less than that, but Don McKinney, another trustee, said he felt that "if we're going to do it, we had better make the amount adequate."

A table of amortizations indicated that the present 11-cent per cent level for the next two years, then would be raised to a maximum of 15.6 cents in 1981 and scale steadily down from that point.

The last of the currently outstanding bonds will be retired in 1982, and requirements (with exception of 1978-79) annual requirements are in the range of \$81,000 to \$88,000 per year. No principal retirement on a new issue would begin until 1983.

If there can be an annual 2 per cent increase in values, the present 11-cent level can be held, Dr. Charles Hays, president, said fiscal experts estimated. Next year, due to new listings on the roll, the gain may be 10 per cent. But if the appreciation of the tax roll does not materialize, there will have to be a reallocation of the total tax with a few cents more for debt service and a few cents less for local maintenance, if some could be spared from that source. Hence, Jimmy Taylor, a trustee, said "even though we start out at the present level, I don't want to

hold out to the people that there might not at some future time be an increase."

Meanwhile, the board instructed Gary and Hohertz to come up some fairly concrete proposals by the next meeting.

Board Votes To Lease \$3,000 Month Computer

Leasing of a new computer, so that both the instructional requirements and internal bookkeeping of Howard College can be better served, was approved Tuesday by trustees. The lease agreement with National Cash Register Company will be for about \$3,000 a month.

Don Box, head of the computer services in the occupational education division, said that without upgrading the college computer (obtained as surplus material at \$25,000 several years ago), students would be in danger of not learning on contemporary equipment. Moreover, the college needed greater flexibility for its own purposes, he noted. Since the present computer is not compatible with any of the types considered, it probably will be sold.

Trustees changed policy on vehicles to one of ownership rather than leasing. This change, however, will be phased in over two or three years.

Purchase was authorized for two sports vans (capable of carrying some 15 passengers) and one station wagon. This would leave one station wagon to be purchased the following year, since the trustees also decided to provide the

president, Dr. Charles Hays, with a car allowance in lieu of furnishing a car. This will take effect with the new budget and will approximate the cost of a lease on a car.

Dr. Hays said that expenditures are within the budget, although there are some divisions with under and over-runs. Some extraordinary expenditures are coming up, he reported. One is an air conditioning chiller for the men's dormitory, costing about \$7,000. Another is a \$5,000 roof replacement job.

Indications are that the cost of food services next year may be up on the order of 12 per cent, he said.

He also reported on status of proposed legislation affecting two-year colleges. A proposal by Rep. Fred Head, chairman of the education committee, would cost the college from \$30,000 to \$50,000 less than under the Legislative Board proposals, which were adopted instead by the committee on a 16-2 vote. He said the committee also turned down a proposal by Rep. Head that any appropriated funds not justified by contact hours would be turned back to the state. "Colleges would be left holding the bag for some faculty salaries if contact hours fell below the total," Dr. Hays said.

Inaugural Flight May Leave Airport Friday

The first scheduled flight out of Big Spring by Trans Regional Airlines is expected to leave the Howard County Airport early Friday morning, according to TRA executive vice president Joe Bailey.

One pilot crew has received FAA certification after undergoing examinations in El Paso and another crew is taking the tests this morning.

He said that if everything goes according to plan, the flight to Midland will be the first to leave on Friday. Flights to Dallas-Ft. Worth

Regional Airport will be delayed until Monday, because of security measures.

He said that Trans Regional passengers must be screened through a metal detecting device before they get on the plane here in order to get off the plane at the Dallas airport in a "sterile" area.

Bailey said that a metal detector device has been located at Love Field in Dallas, and it will be flown here and installed as soon as possible.

An authorized law enforcement officer must be on duty when passengers get on the planes at the local airport, according to Bailey, and Sheriff's deputies will probably be used until preparations for a permanent officer can be made.

Bailey said that he is trying to work out a system with the county whereby a full time deputy is hired to work at the airport, at Trans Regional expense.

What Car Owner Pays For License Plates Vary

By the Associated Press
What a car owner pays for license plates each year may depend not only on what state he lives in, but in what state or county. It may depend on what his car weighs, what he paid for it, how old it is, how much horsepower it has or on a combination of several of these.

The owner renewing registration on the old family buggy, a 1971 four-door Ford Maverick for example, could pay as little as \$3 in Louisiana or as much as \$60.01 in Montana.

He would pay \$20 in neighboring Maryland and Delaware, but in Delaware the fee would be a flat charge for all cars while in Maryland the charge would be based on the car's weight.

In 22 states there is a base fee for a license plate, although in some of these special taxes are added. Another 22 states base the charge on weight, three base it on cost, two on horsepower and one on age of the car. Some of these states use more than one factor.

Comparisons are difficult, because some states add certain taxes to the fee for the license, or registration, while others charge the same taxes but do so separately. These include personal property taxes, excise taxes, and use taxes among others.

What is being paid to the state for car ownership will include sales tax when the car is bought in some states; in others it will not.

The various taxes — one-time sales, yearly excise,

etc. — can vary not only by state, but from city to city and county to county.

The Louisiana man who paid \$3 registration would have paid a 3 per cent sales tax at the time he bought the car. He would not have to pay a personal property tax unless he lived in Orleans Parish.

In Montana, the owner of the same car would have paid a 1 1/2 per cent sales tax based on factory list price and each year would pay a property tax in the county where he lives and a \$1 junk-car disposal fee. The \$60.01 fee for a '71 Maverick is based on Lewis and Clark County and would be a few dollars more or less in other counties.

Some states add small charges such as the \$1 junk-car disposal fee in Montana.

Suggestions Earn Money

Webb AFB personnel recently were the recipients of \$435 for suggestion awards for the month of March.

SMSgt. (ret.) Ronald A. Sinnott was the top award winner and received \$165 for his idea to "remove pressurization of meteorological cables." His suggestion added up to a \$2,300 savings for Webb.

Jean Rogers of Air Base Group garnered \$85 for her suggestion on "overprint of travel orders." The idea resulted in a \$846 savings.

Jerry V. Gilbert of the 78th Field Maintenance Squadron received a check for \$30 for a "skimmer for chemical cleaning tanks," as did MSgt. James R. McDavid of the 78th Civil Engineering Squadron for his suggestion for "street bumps and sign between buildings 602 and 613."

There were five \$25 award winners: Lila L. Boland of Operations for "retention of training grade books"; Capt. Earl J. Deroche Jr. of 82nd FTS for "additional UHF frequency for Webb RAPCON"; Ssgt. William E. Richardson of Hospital for "safety tools in the outpatient records section"; Sgt. Richard D. Axelrod of Hospital for "water line for pipette washer"; and Amn. David C. Baker, also of Hospital, for "appointment times in physical exam section."

Four were awarded certificates: Pat Joseph of ABGp, Ssgt. Lester Glorios of Hospital, Ssgt. Ronald Spalding of FMS and Sgt. Dwayne Day of FMS.

Registration is 5:00-6:00 p.m. on the first evening. Fees are \$2 for adults and \$1 for youth under 19. The second night program includes grooming, showmanship at halter, western pleasure, horsemanship, reining, and timed events.

Retrieving Strayed Pets Is Going To Cost More

The cost of dogs and cats roaming the street will go up when the final reading of a new ordinance is approved at the next city council meeting.

They approved the first reading and it now states that if any animal is picked up by the humane officer, he will be kept 72 hours.

If the owner reclaims the animal, he must pay a pound fee of ten dollars plus an additional fee of fifty cents per day for each day or portion thereof that the dog remains in the pound and the cost of license if he has not been previously licensed during the current year.

Each time, the dog is impounded, the redemption fee shall be doubled. This would make it cost \$20 the second time, \$40 the third and \$80 the fourth, etc.

The bidding:
North East South West
Pass Pass 1 ♠ Pass
1 NT Pass 4 ♠ Pass
Pass Pass

Opening lead: Ace of ♠.

Even seemingly impregnable suit holdings are occasionally vulnerable to attack. Declarer failed to consider this possibility and suffered the consequences.

With only 16 HCP and a freak hand, South realized that it was most unlikely that an opening bid of one spade would be passed all round. North dredged up a one no trump response in the hope of getting to play at a low level in one of his suits, but began to regret the action when South leaped to four spades at his second turn.

West led the ace of diamonds and continued the

suit. Declarer ruffed and, feeling very secure in his contract, led the king of spades. He was soon disillusioned. West won the ace of spades and, since South had not tried to ruff a club, West reasoned that declarer was not worried about that suit. Therefore, he shifted to a heart. Declarer made the technically correct play of the king, but East won the ace and returned his remaining diamond. Declarer's goose was cooked—whether he ruffed high or low. West's ten of trumps was promoted to a trick. Down one in a contract that should have been made.

Had declarer been aware of the potential threat to his trump holding, he could have taken a simple but effective countermeasure. A loser-on-loser play would have made the contract impregnable against any 3-2 trump break.

After ruffing the second round of diamonds, declarer should have entered dummy by ruffing one of his master clubs. Now, a diamond is led from the table and, instead of ruffing, declarer simply discards his heart loser. By exchanging his heart loser for a diamond loser, declarer breaks communications between the defenders' hands, and neutralizes the threat of an overruff or a trump promotion play. Whatever the defenders do, declarer can get to his hand twice with relative safety to draw the outstanding trumps, thus making his contract.

SALES AND SERVICE WITH A SMILE
... at Haston's, Mrs. LaVera Mitchell

Haston Electric Eyes Air Conditioning Needs

It's that time of year again. It's 94 degrees one day and 48 the next.

But it's the time of year that we all realize it's time to start worrying about connecting the air conditioners.

If you have any need for checking the electrical connections to your air conditioner or cooling system, call Haston's Electric at 267-5103.

Haston's is the experienced place to call on any kind of electrical installation, repair or maintenance.

Gene Haston is known for his friendly, thorough service, backed by 35 years of experience in electrical work for every kind of commercial, industrial or residential building.

At Haston Electric at 109 Goliad, you will also find a complete line of dependable General Electric light bulbs. It is one of the few places in town that carries the longer lasting type of bulb that does not need to be replaced every few months.

They also carry many types of unusual bulbs such

as flame-tip bulbs and candelabra type bulbs, which are a part of their normal stock.

Because Haston's does a considerable volume of lighting installation and repair, they can maintain a large stock of fluorescent tubes, ballast units, electrical fixtures and decorative lighting fixtures for every room.

Any other unusual lighting fixtures and bulbs can be ordered through Haston's and the staff will do its best to get unusual items on short

notice.

Haston also reminds the home owner that it may be easy to overload wiring and switchboxes with the coming of summer. Usually, in addition to adding air conditioning, there may be other items such as a home workshop or electrical appliances on the patio added.

Haston Electric will be glad to examine your electrical system and offer recommendations.

For your electrical needs, call Haston's.

Woodwork Can Be Very Creative

James Hampton has a new business in Big Spring called Creative Woodworking.

It is located at 302 W. 12th, which is just across the street from the Sonic.

The woodworking shop includes a selection of woods and patterns for various jobs in woodworking.

Hampton will build cabinets for your home, such as kitchen cabinets or gun cabinets or built-in desks.

He does work with all types of paneling, and work in other materials such as Formica. He also will build custom designed furniture,

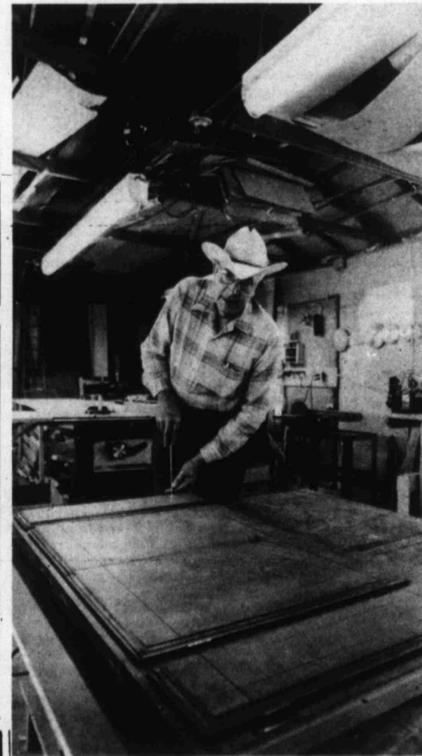

upon request.

He does not refinish furniture. He will put a new finish on the jobs that he builds.

"I do all types of woodwork — small or large," Hampton stated here this week.

He moved here from Michigan and opened the new business.

Call 267-9123 for information or drop by the shop at 302 W. 12th and tell Hampton what type of woodwork you are interested in. He will be glad to help you.

Darrow Hearing Here Recessed

William Paul Darrow, 29, serving a 10-year sentence for sale of marijuana, was denied the opportunity to file for rehearing before the Texas Court of Criminal Appeals.

That's what his attorney for a writ of habeas corpus hearing in 118th District Court is trying to prove. The hearing was recessed so the court reporter could leave town Tuesday afternoon.

Rick Hamby, Darrow's attorney, argued he would show Darrow only could contact a previous attorney by mail and was prevented from seeking a rehearing partly because of "vagaries" of the mail.

Darrow said he read his conviction had been affirmed within two days after the appellate court action. And he remembered writing his attorney.

The prisoner did not have a copy of his letter and said he did not seek proof of the letter through prison logs, because that would make him "subject to harassment."

Over Hamby's objections, District Attorney Robert H. (Bob) Moore III asked Darrow what new arguments could have been presented to the appellate court.

Darrow, who had spent time studying laws relating to his case, contended that the evidence was not sufficient, that undercover

agent Ted Groehl Jr. was not a policeman, that he was denied effective legal assistance, that there was "entrapment" and that he had not been given a transcript of jury selection proceedings.

Unable to get action on his motion for a copy of jury selection proceedings, Darrow sought action from the Texas Supreme Court. A letter stating the court had no jurisdiction was entered as evidence.

Moore said the fact Groehl was not a law enforcement officer was disclosed during the jury trial.

He wanted a change of venue, Darrow said. "I believe the majority (of the jurors) knew me, knew my reputation and knew my family," Darrow said. But the prosecutor was unable to get Darrow to testify without reservation that more than six of the jurors knew him.

"Now, Bob, if I had the voir dire (transcript of jury selection), I could tell you exactly what happened," Darrow said. "But, since I'm indigent, I don't have the voir dire."

Hubbell Will Be Speaker

Kenneth G. Hubbell, senior compliance officer, Lubbock, will be the guest speaker at the final session of local Occupational Safety and Health Administration classes scheduled in room 205 of the Horace Garrett building at Howard College tonight.

Hubbell, stationed at the Lubbock Area Office, will replace Bob Simmons, Lubbock area director, who was originally scheduled to speak at the session, but was unable to attend.

The three hour session is to begin at 6:30 p.m. and the public is invited to attend.

Nine persons will graduate at tonight's session and a new OSHA course is slated to begin in September.

Hubbell began his federal career with the U.S. Army Corps of Engineers as a civilian safety officer and later was regional safety officer for the Post Office Department.

He joined OSHA in July, 1971. He became senior compliance safety and health officer in 1974.

NCO OF QUARTER — TSgt. Kirby W. Owens of the USAF Hospital at Webb AFB was recently selected as the 78th Flying Training Wing's Non-Commissioned Officer of the Quarter. Owens, NCOIC of the surgical suite, was selected for the honor over three other nominees. Other nominees and their respective organizations are: SSgt. Howard W. Crees of Air Base Group; SSgt. Patrick J. Klutsch of 78th Field Maintenance Squadron.

Walkaton Nearing

Walkers of all ages are being urged to participate Saturday in the annual Walkaton of the March of Dimes.

Impressive prizes have been lined up for participants whose sponsors contribute the most money, the one who has the most names as sponsor, the oldest and youngest walkers, and the most unusual costumed walker.

There is no way of knowing how many will participate, said Carol Martin, executive secretary, but she is hoping for a large number who will tackle the 15-mile course.

Starting time is 8:30 a.m. from the pavilion on the east side of the softball stands in Comanche Trail Park. The Five Watters Club will provide several rest stops along the route for the benefit of walkers who want to pause and refresh. Walkers may check out at any point and be given transportation back to the park.

Prices included a portable television, CB radio, tape recorder, radio, 10-speed bike, and silver coffee carafe.

All proceeds from the Walkaton will go to help in the research into cause and prevention of birth defects. Forms for entering are available at numerous business houses such as Gibsons, Hobby Center, First National Bank, Big Spring High School, Runnels and Goliad Junior High, and other places, or by calling 3-3408 and ask for Ms. Martin.

Gas Leak Fells Local Resident

Raphael Lopez was discovered by police lying on the floor of his home at 500 NW 7th near a gas leak on Monday morning.

A neighbor reported at 7:45 a.m. that Lopez did not answer the door and "I can smell gas." Lopez was taken to Hall Bennett Hospital.

CB Radio Is Recovered

A citizen's band radio stolen from a glider at Moss Creek Lake was recovered Monday, Bill Whitten, chief deputy sheriff, said.

The radio belonged to M. Weaver. A 14-year-old boy has been referred to the juvenile probation officer in connection with the theft.

THEFTS

Harry Joseph, 1906 Winston, reported theft of beer, also \$17.50 in cash.

By CLARK LESH

Four young professional football stars will highlight the Third Annual West Texas Fellowship of Christian Athletes retreat, Friday and Saturday.

Site of the meeting will be the Plains Baptist campgrounds south of Floydada.

Dallas' Harvey Martin, Buffalo's Ted Koy, Cleveland's Will Cureton and Chicago's Donald Rivers will appear on the program sponsored by the FCA's Lubbock Adult Chapter.

Steve Sloan, Texas Tech head football coach, will be the opening speaker. More than 200 high school and junior high athletes from the West Texas area are expected to take part in the various activities.

Members of the Texas Tech and West Texas State FCA Huddle Groups will be huddle leaders for the high school.

Coaches and athletes who would like to attend are urged to contact Tommy Stone at Lubbock High, (AC) 806, 744-9981 or 797-4502.

Gary Dickinson is ranked No. 8 in the Professional Bowlers Association. The Fort Worth kegler has made \$19,065 in 15 tournaments.

Volatile Bill Riordan, Jimmy Connors' manager, is furious about stories circulating around that Jimmy feigned chest pains and visited hospitals in an effort to bow out of his Saturday \$250,000 match in Las Vegas against John Newcombe.

These stories are ridiculous. "Not only will Jimmy be at Caesars Palace, he'll walk away with the \$250,000 check — which will be a pain to the people who have to sign it."

Odessa College's gymnastics coach Mike Willson has returned home after coaching a men's team in international competition.

Willson was the first juco coach chosen to be mentor of a U.S. gym squad. Arduous travel conditions sometimes created problems.

"We have been en route from Russia for 41 hours," he said. "It took us 10 hours just to get out of Russia what with customs and passports and visas."

"I've got peace of mind," said Duane Bobick, being heralded as the new heavyweight boxing white hope. "I'm with the right people who can help me and take me to the top. They've been there."

"I plan to have him fight about once a month," said Eddie Futch, Duane's trainer, who handles the same duties for "Smokin' Joe" Frazier.

Duane has fought 26 times, won 24 of them by knockouts. However, a list of his opponents hardly qualifies as a "Who's Who" in boxing but rather a "who's he?"

KO'd Tommy Burns in one round. That fight was so easy that just 11 days later he stopped Willie Anderson in three.

St. Louis Cardinal Don Coryell's philosophy on pro football coaching: "I have only one function — to make each man a better player so he can succeed and make money and go to the playoffs. I was hired to help them."

WHAT'S IT WORTH DEPARTMENT: Controversial Harry Carey, former St. Louis Cardinal baseball announcer for more than a decade, is beginning his 30th year of Major League broadcasting. He is now the voice for the Chicago White Sox.

Garden Offers Biggest Purse

NEW YORK (AP) — Madison Square Garden, struggling to keep its boxing program alive, has offered its largest total purse ever — \$4.5 million — to heavyweight champion Muhammad Ali and former champ Joe Frazier for a proposed bout on Sept. 16.

But the early indication is that those numbers won't be big enough to attract Ali and Frazier for their third career meeting at the midtown arena where each fighter has won once.

All was guaranteed \$3 million or 42 per cent of the total receipts and Frazier was promised \$1.5 million against 23 per cent of the take for their matchup, which also will be carried on closed circuit television.

Both fighters expressed interest in the offer, although it appeared probable that the figures would be revised before the fight takes place.

Frazier has been anxious to fight Ali again since he lost the 12-round second fight on Jan. 28, 1974. But Frazier's camp offered only a lukewarm reception to its financial end of the deal.

"Our first impression is that the purse is way too low as far as Joe is concerned," said Bruce Wright, Frazier's attorney. "The test is what Ali wants to do. If he agrees to fight Joe, we'll get down to hard negotiations on money."

Steers Fall To Lee, 9-5

MIDLAND — Big Spring's second round flag chases were temporarily delayed here Tuesday afternoon with Lee winning, 9-5.

Both clubs had gone into the significant 5-4A game boasting flawless records. Lee is 4-0 and 13-10. Big Spring is 3-1 in the district and 10-11 overall.

Both clubs were riding the crest of winning streaks, Lee, seven, and Big Spring four.

After pitching a first-rate game against Permian Saturday, trapping Mojo, 8-2, Pat Carroll was shelled right off the bat.

The Rebels charged at Big Spring with five runs in the opening frame which proved to be the crucial blow. With two outs, Larry Horton, Steer head coach, called for Dick Battle to take over in relief of Carroll.

He weathered a late four run storm by Lee to stay on to the end. Carroll was the loser.

Big Spring struck first blood in the first. Both Barry Canning and Pat Carroll singled. Ray Don Box's single scored both Canning and Carroll. Box stole second, moved to third on an error, and stepped on home plate when Lawrence Byrd singled.

Midland's bats then were heard in their opening appearance. Rusty Laughlin singled. Both Brent Blackwell and Bobby Stevens

fanned. Javier Torres was issued a free pass and Neal doubled in Laughlin.

White bunted and reached first as Carroll's throw pulled Steer first sacker Box off base, scoring Laughlin. Both White and Brock crossed home plate on singles by Brock and Greg Howard respectively.

All five of Lee's first frame wins were unearned. In the second, Lee added a lone run on back to back triples by Blackwell and Stevens.

Both clubs ended scoring in the fourth. Big Spring fired home two runs by Lawrence Byrd and Ken McMurtrey on Wes Boullouin's single. Midland touched the plate for three. Stevens' sacrifice fly drove in Laughlin, Torres tripled in Blackwell and Neal doubled in Torres.

Boullouin had a good day at the plate, being three for three.

"We played well against Lee. I don't know how we could have played them differently," said Horton.

"The Steers never gave up, and represented Big Spring well even after the Permian game."

Big Spring, still in title contention, takes on dangerous Abilene Cooper at Steer Park, Saturday, at 2 p.m.

Steer Sidenotes: A conference contender attracts admirers on the road as a large Big Spring delegation seated itself in the Midland stands.

A base call was overturned after the field umpire had first ruled in favor of Big Spring. The Steers might have scored a run if the umpire had stuck with his initial decision.

Steers' sacrifice fly drove in Laughlin, Torres tripled in Blackwell and Neal doubled in Torres.

Boullouin had a good day at the plate, being three for three.

STEERS Spring Sports Banquet Slated

Big Spring High's spring sports teams will be honored at 7 p.m., May 1 at the school's cafeteria as announced by Bob Burris, athletic director and head football coach.

To be recognized will include teams from basketball, baseball, boys and girls track, golf, boys volleyball, and boys and girls tennis.

Awards are to be bestowed to outstanding athletes in each sport, all-around trophy, and Obie Bristow Award.

Al Valdes will present the Fellowship of Christian Athletes award to an outstanding Steer athlete. Each member of the varsity team will be introduced by respective coaches.

Winston Wrinkle will be master of ceremonies.

Nicholas Named Women's Mentor

LEVELLAND — Gayle Nicholas of Farwell has been named women's basketball coach at South Plains College here.

Nicholas will start recruiting talent this semester but will not assume full-time duties at the school until this fall.

Gayle attended high school at Olton and college at Wayland Baptist in Plainview. Her only coaching experience has been at Farwell.

Juniors Finish In Fourth Spot

ANSON — Coahoma's Junior High track team collected 62 points for a fourth place finish in the 5-4A District Track Meet Saturday. Colorado City won the Junior High Division with 163 points.

Danny Tucker placed first in the 220 with a 24.2 and also placed second in the high jump with a 5-2 jump.

Ronald Roby placed fourth in the 100 yd. dash. Edwin Dickson placed first in pole vault with a 10-3 jump. Randy Wallace placed fourth in pole vault with a 9-9 jump. Crun Olivares placed sixth in the 1320 run.

The 440 relay team placed third and the 1320 relay team placed fourth.

All-Stars Eye Steers

The Steer varsity baseball club will play the Big Spring Quarterback All-Stars at 7:30 p.m. Thursday at the Johnny Stone Park.

Purpose of the game is to help raise funds for the Quarterback Club.

New co-captains for the Quarterback Club are Don Reynolds, Judy Robison, and Pascal Odum.

Al Valdes will serve as the Quarterback manager. Valdes' line-up will come from talent composed of Jim Baum, Jimmy Rogers, Delnor Pass, Harold Wilder, Tito Arcencibia, Danny Valdes, Bernard McMahan, Jimmy Newsom, Robert Thomas, James Fuller, and Rory Caffey.

Not Cheated Out Of Win

AUSTIN, Tex. (AP) — Billie Jean King was not cheated out of a \$50,000 victory in this past weekend's World Series of Women's Tennis, the tournament umpire said today.

"She was beaten," said Jason Morton, who is the head professional at a private tennis club in Houston.

Ms. King complained bitterly that a linesman signaled that a ball hit her opponent, Chris Evert, was out but then reversed his decision. The linesman did not yell the ball was out and indicated by hand signal the ball was good.

The controversial call occurred with Ms. King leading 6-5 in the third set. It apparently rattled her, and Miss Evert won the set 7-6 for the first prize.

Tech Working On Pass Play

LUBBOCK, Tex. (AP) — Texas Tech's new football coach Steve Sloan is putting in a slot formation that calls for plenty of passing and the Red Raiders have been concentrating on it heavily this spring.

Quarterbacks Tommy Duniven and Rodney Allison in particular have drawn praise from Sloan as the spring drills grind down for the annual finale on May 3.

"I'm pleased with our passers and all of our receivers have caught the ball well," said Sloan.

Receivers Ricky Bates, Pat Felix, Willie Kent, Sammy Williams and Don Roberts were singled out by Sloan as catching the ball well.

Fast-Pitch Softball

In Big Spring fast-pitch softball League play Tuesday, First Assembly of God shelled Evangel Temple, 5-1, and Crestview Baptist shut out First Baptist, 11-0.

Sam Kirby of First Assembly pitched a one-hitter while fanning 14.

Evangel 1-1
Assembly 5-5
WP — Kirby, 2-0. LP — Bill Bacholer, 0-2. 2B — Galliger, Kirby. HR — Richard Townsend.

First Baptist 0-1
Crestview 11-0
WP — Don Ritchy, 1-0. LP — Brackett, 0-1. 2B — Farrell, HR — Ritchy.

Padres Slap Astros, 2-1

HOUSTON (AP) — San Diego Manager John McNamara says every victory the Padres chalk up gives his players added confidence in themselves.

The Padres picked up the eighth victory in their last 11 games Tuesday night with a 2-1 decision over the Houston Astros, staying atop the National League West Division.

The reeling Astros suffered their ninth loss in the 10 games as San Diego pitcher Dan Spillner stopped them with four hits.

The Padres scored both runs in the second inning off the Astros' Tom Griffin. Willie McCovey led off the inning with his first home run of the season. The other scored on successive singles by Dick Sharon and Tito Fuentes after a walk to Dave Winfield.

HBP—by Spillner (Cabell), by Griffin (Totani), T—2 GS, A—5, 300.

The Astros' lone run came in the third inning on Roger Metzger's double, Griffin's bunt and Rob Andrews' sacrifice fly.

"I'm not one to pop off," McNamara said. "But I believe in these people. And every game we win gives them added confidence in themselves."

Spillner, now 2-1, struck out six and walked only one. He retired 13 men in order in nine stretches.

Griffin gave up seven hits and both runs in his eight innings. He walked five and hit a batter. The Astros pulled off four double plays behind him.

The only other serious scoring threat by the Astros came in the fourth when Bob Watson beat out a roller and Doug Rader singled with two away. However, Spillner struck out Roger Metzger to end the threat.

CELTICS WIN Rockets Spooked By Chaney's 29

HOUSTON (AP) — Don Chaney of the Boston Celtics might as well have been Lon Chaney of the horror movies as far as the Houston Rockets were concerned Tuesday night.

Chaney, the basketball player, haunted the Rockets with 29 points, including 12 in a spooky (for Houston) second quarter, to lead Boston to a 122-117 victory in their best-of-seven National Basketball Association playoff series.

Even Lon Chaney at his best moment in "Hunchback of Notre Dame" couldn't have riddled the Rockets nerves as did Don Chaney as the Celtics took command in the second quarter.

"The guys knew I had a hot hand and we just worked the ball to the strongest point," said Chaney, whom formerly played for the University of Houston on the same Hofheinz Pavilion court.

The Celtics, who lost to the Rockets here last Saturday, outsmiled and outran the Rockets, starting with Chaney's second quarter performance.

The victory gave Boston a 3-1 edge in the series. They could end the Rockets' season with a victory Thursday in Boston.

Chaney picked up in the second quarter where Paul Westphal left off in the first quarter to put Boston ahead for good.

After Houston had taken a 29-20 lead in the first period, Westphal scored eight points in the final 1:46 of the first quarter to cut Houston's lead to 33-30 at the end of the period.

Chaney, who shared Celtic scoring honors with Dave Cowens, started hitting in the second quarter while Houston's over-all game deteriorated. In the final 10 minutes of the second quarter, Boston outscored Houston 26-8. The Rockets hit 38 per cent from the floor for the period and Boston hit 52 per cent.

Sports Shorts

DURHAM, N.C. (AP) — Bill Wall, executive secretary of the National Association of Basketball Coaches for the last three years, resigned Tuesday to accept a similar position with the Amateur Basketball Association of the United States.

LOGAN, Utah (AP) — Fern Gardner, director of women's intercollegiate athletics at Utah State University, is resigning to accept a similar post at the University of Utah, according to USU sources.

PHILADELPHIA (AP) — A 28-year-old dental technician from Staten Island, N.Y., led all the way to win the third annual Penn Relay Marathon in a meet record time.

Art Hall covered the 26 miles and 385 yard event Tuesday in two hours, 27 minutes and 32 seconds.

Second among the 81 starters was Carl Bechdel of Penn State in 2:29.24.

Texas Stops Champs, 2-1

OAKLAND (AP) — Friendship was forgotten when Ferguson Jenkins of the Texas Rangers met Billy Williams of the Oakland A's at the Oakland Coliseum Tuesday night.

Williams, who was a teammate of Jenkins for nine years with the Chicago Cubs, got the only two hits off Jenkins. But Jenkins got the victory, a 2-1 triumph for the Texas Rangers over the World Champion A's.

Williams hit a home run in the second inning and singled in the seventh.

"I know his style of pitching," Williams said. "I played with him long enough to know. He doesn't like to throw too many pitches so you have to be ready."

Williams said he was looking for a curve ball in the second inning, but got a fast ball instead. "It was too good a pitch to let go by," Williams said.

Jenkins, now 2-2 for the season, wasn't surprised that it was Williams who ruined his bid for a no-hitter.

"When you play with a guy for nine years, he knows how you pitch," Jenkins said. "It was a good pitch that I thought I could get away with," he said of the home-run ball.

College Banquet Is Held

The All Sports Banquet was held in the Howard College Cafeteria, Monday. Larry Crittenden, president of the Student Body served as master of ceremonies.

Dr. Charles Hays, president of Howard College, extended a welcome to the group, introduced board members and their wives, and other platform guests.

Dr. Emmett McKensie, superintendent of Big Spring Public Schools, delighted the audience with his dry wit and humor. He closed by listing three kinds of people: those that make things happen, those that watch things happen, and those that wonder what happens. "We have a choice of which kind of person we will be," he said.

The coaches were introduced and in turn paid special recognition to their respective team members.

Students receiving awards included: Women's Basketball Coach, Wanda Ferguson — Lucinda Iverson, best hustler; Sherry Griffin, outstanding player; and Lisa Wipes, most improved player.

Volleyball Coach, Ferguson — Ruth Knight, most improved; Cynthia Dennis, outstanding player; Susie Nelms, best hustler; Theresa Caffey, outstanding athlete; and Sherry Griffin, Dibrrell's Sportsmanship Award.

Men's Basketball Coach, Harold Wilder, Assistant Coach LeRoy McClendon — Marvin Johnson, most rebounds; Johnny Harris, greatest number of assists, highest percentage of free throws.

Golf Coach, Jerry Dudley — Danny Garvin, lowest score.

Baseball Coach, Byron Hedges — Lisa Jo Mann, outstanding cowgirl; and Jack Himes, outstanding cowboy.

Van Johnson, student at Howard College provided the dinner music.

Miners Sign Florida Star

EL PASO, Tex. (AP) — The University of Texas at El Paso announced the signing of one of Florida's top prep basketball players in 6-8 Walter Gipson of DeFuniak Springs, Fla.

Shreveport Drubbed By Midland

The races tightened in both divisions of the Texas League Tuesday night but the spotlight fell on a rare and wild triple play at Midland.

Lafayette edged into first place in the TL East with a 5-2 victory over Alexandria while former leader Jackson suffered a 4-3 loss to Arkansas in 10 innings. Lafayette leads Jackson by .010 percentage points.

In the Western Division, El Paso drubbed San Antonio 7-5 while Midland shaved Shreveport 6-2 in the aforementioned triple play game. Shreveport leads El Paso by a game and a half in that division.

The triple play happened in the second inning. With runners on first and second, Shreveport's Ken Melvin grounded into a double play shortstop to second to first base. Midland catcher Ed Putman, thinking that was three outs, hooked it for the dugout. Shreveport's Ron Mitchell saw Putman leaving and tried to score from third.

Shouts from teammates brought Putman back to reality just in time to field a throw from the first baseman and tag Mitchell for a third out.

Who Grows Fastest?

Writing in the Wall Street Journal, John O'Riely comes up with some sobering food for thought. Without arguing the merits or demerits of it, he traces the growth of government and government payrolls since 1929.

In 1929, government spending (and he is talking about all levels of government) amounted to 10 per cent of the Gross National Product. By 1950 this was up to 21 per cent. Last year it amounted to 33 per cent. (Interestingly, government spending of \$461 billion last year was 3 1/2 times what the GNP was in 1929.)

Another angle to look at is how much did the consumer have left to spend on his own after supporting government spending. In 1929, personal consumer spending amounted to 74 per cent of the GNP; in 1950 it was down to 67 per cent; last year it had sunk to 62 per cent.

Still another approach to the matter is that of government payrolls. In 1929, government payrolls amounted to 9.7 per cent of all payrolls; in 1950, the figure was 13.3 per cent; but last year this had jumped to 18.2 per cent. To round it out, out of every five payroll dollars, one of them goes to a government employee.

O'Riely properly points out that there are more people today than in 1929; also the shift from a rural

society to an urban one has created vast new problems and need for new (government) services such as sanitation works, security officers, social service workers, etc. But the fact remains that "there are more public workers today than there are production workers in all the nation's factories."

He adds that "much of this is necessary . . . but how much more?" If the trend goes on, less and less of the consumer's money will be spent as he chooses. More and more will be spent on government through

A Better Way To Protest

In Indianapolis a farmer gave away 2,000 live hens because it was costing him more to feed them than their eggs were worth. In Boston the owner of a trowler gave away 27,000 pounds of freshly caught pollock because he figured the wholesale price of 10 cent a pound was an insult and preferred the giveaway to collecting the \$2,700 he would have received for his catch.

These incidents, like the dumping of milk and the mass burial of beef carcasses in recent times, have overtones that disturbingly echo the depression of the 1930s. The giveaways in Indianapolis and Boston differ

strikingly in one respect, however, from the other recent episodes: They involved no destruction of food, but instead put it in the hands of people who presumably needed it.

The distinction is a very important one. When the cost-price squeeze catches up with the producers, the overriding objective should be to put unmarketable food to use — not waste it. The Boston and Indianapolis protests were no less effective because this was done instead of using destructive protest methods. These producers deserve applause for their dramatic protests.

Around The Rim

Joe Pickle

IF YOU haven't received an invitation to spend a few days at some luxury resort — all expenses on the house — or an invitation to attend a free dinner to hear an explanation of a new retirement center or real estate development, you probably will.

Many of these are on the up and up, even though the methods are a bit calculated. All you are obligated to do is to hear the salesman who is an old smoothie with finely-tuned intuition and knows when to turn on the pressure or soft-sell, or make you feel important and shrewd for perceiving a bargain, or to stir the coals of secret guilt for having accepted hospitality with no response.

BUT MANY are promotions, pure and simple. All of a sudden you are swept up and overwhelmed at the opportunity of getting on the ground floor. Before you know it — unless you have gumption to slow down the pace and ask penetrating questions — you may find yourself out of a "down payment" and on the dotted line for a sizeable debt. Hence this excerpt from a dialogue by Eldon Broves, editor of the Ohio Farmer, may give you some ammunition for caution:

My host brought out a long form which had maybe five carbon copies. "Now, I'm going to assume that you might invest \$4,200," he said.

HE STARTED with a down payment of \$420, then added about \$1,200 interest and divided by monthly payments, and came out with a figure of about \$60 a month.

"Now that is figured at only seven per cent interest, which you will agree is very reasonable nowadays," he said.

"Didn't anybody ever tell you," I asked, "that when you add interest at the beginning and you pay it off by the month, it comes to a whole lot

more than seven per cent? And that brings up another question."

"YESSIR. WE are here to answer questions."

"I thought you were talking about an investment for me, where I would invest money and make a handsome return? Instead of that, you are trying to sell me a piece of paper which I will buy back from you at seven per cent-plus interest. You're trying to make an investment in me . . ."

"All it takes is just \$420. Just sign where I've marked X and write a check for \$420."

"I wouldn't think of investing without knowing more about the land," I said.

THAT'S JUST what the \$420 is all about," he said. "Just sign your name, and we will give you a trip to Palm Coast to verify everything we say."

"What do you mean, 'Give me a trip? It's my \$420, isn't it?'"

"But if you invest, you'll get every cent of that back."

"When do you plan to go," I asked. "That has to be arranged. We will let you know."

"Well," I said, "how much land is involved in that \$4,200?"

"Our properties come in various sizes and location," he said. "We can tailor it to fit your demands and needs."

"You expect me to sign a contract that doesn't say what I get for \$4,200?"

"Of course not. This particular lot would measure about a quarter of an acre. But of course you don't have to take that one."

"But if I took that one, that would be a price of close to \$17,000 an acre," I said. "Maybe near \$18,000 when you figure the interest." . . .

"Yessir," he said. "Thank you for coming, Mr. Groves. We'll be in touch."

My Answer

Billy Graham

I've only been a Christian a short time. I know when you claim Christ's promise, your past sins are forgiven. But are you to spend hours trying to think of everything you've done each day? I always worry if I'll miss a wrong thought or deed.

A. S. You need to read the 10th chapter of Hebrews. The writer speaks of the old system of successive sacrifices, and then speaks of Christ "as one sacrifice for all time." When we come to Christ by faith, "fully trusting Him to receive us" then "there is no longer any room for doubt."

If you are in a spirit of true repentance, it's your bent toward evil-doing that you are really confessing. We need not exhaustively fill in the specific times and places for the Lord's benefit, although it may be for ours.

Forgiveness is perhaps a widely misunderstood doctrine, and that's regrettable because it is one of God's most costly and complicated undertakings. Romans 8:1 says that all your trespasses, past, present and future, are forgiven when you trust Christ.

Christ is, according to Romans 8:26, making intercession for us continually at the Father's side. Were this not so, the least sin would

result in banishment from His presence. How great of God to design a plan that doesn't require our keeping score.

Precarious Position

Robert Novak

WASHINGTON — President Ford's top political advisers were issued a private warning last week calculated to shatter the polyantha climate at the White House: under today's conditions, Ronald Reagan would sweep delegates from the 13 Southern and Border states against Gerald R. Ford in a race for the Republican nomination.

THAT ASSESSMENT came from the Republican chairmen of those 13 states, meeting secretly at the Sheraton-Carlton Hotel here April 14. Three Ford aides, who came to the hotel from the White House, were informed the President's prospects in the South were irretrievable unless plans for 1976 were started now — and not one day later.

The upshot: the state chairmen perceived a sympathetic ear from political counselor Robert Hartmann and his deputy, Jack Calkins. But their consensus was that the third and most important Ford adviser attending the meeting, White House chief of staff Donald Rumsfeld, went away unmoved and unimpressed.

WHEN THE STATE chairmen compared notes before the presidential aides arrived, they were amazed by the unanimous report of Reagan strength — even in the Border states of Oklahoma and Kentucky. Florida state chairman Bill Taylor reported a big Reagan lead in his state's early presidential primary that could knock President Ford out of the race.

These results were presented to the Ford aides by Clarke Reed of Mississippi, leader of the Southern chairmen, who stressed this was no

anti-Ford conspiracy but a sincere effort to help the President. Richard M. Nixon started running for reelection the day he entered the White House, Reed said, but Mr. Ford has done nothing. Since better than half the Southern delegates in 1976 will be picked in primaries rather than conventions, he warned, the President cannot pull together backroom support at the eleventh hour but must build state organizations which require time to perfect.

THE ONLY unpleasant moment came when Reed, analyzing the President's Southern problems, criticized him for not duplicating what Nixon did about the Voting Rights Act (now limited to the Deep South): propose that it either be repealed or extended to all 50 states.

MR. FORD "didn't have the guts" to make that proposal, said Reed. Rumsfeld flared up at that as casting aspersions on the President's courage. Reed then corrected himself to say he really meant the President's staff, not the President, lacked guts. Hartmann somewhat cryptically responded he could agree with Reed about that.

A FOOTNOTE: Reagan's political advisers are not interested in Gov. Meldrim Thompson of New Hampshire as a stand-in against Mr. Ford in the state's first-in-the-nation primary, immediately preceding Florida's. Thompson has revealed his interest in a favorite-son candidacy. But if Thompson has a good chance to beat the President in New Hampshire, Reagan has an even better one and ought to get the credit himself, his advisers believe.

Home Guarantees

John Cunniff

NEW YORK (AP) — association, reports that Guarantees, sometimes "many local boards are useless ones, often ac- standing by waiting for this company \$5 purchases, but and have been for several months." However, it is up to all, a home, they have been the individual realtors as to whether they will insist on such insurance ac- companying a home they list.

Last August the National Association of Homebuilders enrolled the first new home sold under its program. Since then, 10,000 new homes have been registered under its Homeowners Warranty Program. Sometime in July, the National Association of Realtors hopes to begin an insurance program on 1 resale, or used, homes. Formal approval is anticipated at the annual meeting in Chicago May 5.

Since three times as many used homes are bought and sold each year, the realtors' program could have a more pronounced effect on real estate markets which have been depressed by, among other things, extreme caution on the part of buyers. Last Leitch, a San Diego realtor and current president of the national heating, air-conditioning,

wiring, roof and walls, and the structural soundness of floors, ceilings and basements. All items would be covered on a \$100 deductible basis.

After the first year the owner can continue the program if he chooses, although it is still too early to determine at what rate. As Leitch sees it, "Our feeling is that if the property is brought up to acceptable condition, we'd think the second-year rate would be lower."

The program is a voluntary one on the part of the realtors, of whom there are more than 110,000 in 50 state associations and 1,658 real estate boards. They may or may not choose to insist that the seller provide such protection.

Moreover, the program is expected to be available to all buyers and sellers, whether they negotiate the transaction through a realtor, who considers himself to be a cut above the ordinary agent in knowledge and experience.

Faces Another Insect Battle

Dr. G. C. Thosteson

Dear Dr. Thosteson: I was bitten last summer and the summer before, each time by yellow jackets. Both times shots were given as well as pain pills. Every spot was swollen and red for at least 24 hours.

I have been told I was lucky, and that the next time I'm bitten, it could be fatal. Don't the shots do away with the toxic poison? I do not know what kind of shots they were. — Mrs. C. L. H.

It's important for you to know what kinds of shots you received. Drugs such as epinephrine or one of the antihistamines are usually given in emergency situations involving insect-bite reactions, and this is very likely what was done in your case. The purpose is to counter the toxin in the venom causing the swelling. The venom also contains irritants which can cause the angry red appearance of the skin around a bite.

However, the point is that this emergency treatment does not confer any immunity against future bites. In fact, successive bite episodes, if you are hypersensitive, could produce even severer reactions. But the odds of your dying are not very high. In one 10-year period in this country, one

study revealed, 22 deaths were traceable to yellow-jacket venom reaction.

To be desensitized, you must receive a series of carefully measured doses of insect extract. Shots are available that desensitize against several other insect bites simultaneously. You should look into this before the next insect battle looms.

You might prudently carry an emergency kit made specifically for persons with sensitivity to such bites. This is especially advisable for persons who work out of doors in the summer and who may have heart problems which can be heightened by a sting reaction. Dear Dr. Thosteson: Can you say anything about oral medication for a diabetic? I have a relative who has been taking one of them every day for the past five and a half years. He has had his blood sugar checked every six months, and the last one read 120 milligrams.

I read recently they are finding bad side effects from taking the oral medication. Can you list some of them? This relative is 75. His blood pressure is 120-60. — Mr. W. Z.

which suggested that an increase in deaths from heart disease occurred in patients taking certain oral agents. Let me hasten to add, however, that when the medication was judiciously used, no such risk was found. The questions raised by the study have not, I believe, been settled.

I doubt that at 75 your relative is in any danger. The 120 mg. blood sugar reading is normal for him at his age. Blood sugar levels of older persons tend to be higher than those of younger persons.

If he adheres to a sensible diet, one might even question his need for medication at all. As to the possible side effects you mention, these can include nausea, stomach upset and headache. If your elderly relative does not eat regular meals, he might also develop symptoms of hypoglycemia (low sugar) with such medication.

Never take a chance on diabetes! For a better understanding of this disease, write to Dr. Thosteson, P. O. Box 3999, Elgin, Ill. 60120, for a copy of his booklet, "Diabetes. The Sneaky Disease." Enclose a long, self-addressed stamped envelope and 35 cents.

EDITORIALS / OPINIONS

What Others Say

Is the moral sense of our nation running a poor second to the avarice of arms manufacturers or the "generosity" of behind-the-lines generals eager to test new weapons systems?

That question has been rightfully asked many times in this century — for South America in the '30s, the Dominican Republic in the '60s, and Vietnam in the '60s and '70s.

It is to the United States that dictators turn for assistance in repressing rebellion and even dissent which would be legal in this country. Despotism turn to the U.S. as a bottomless fountain flowing with the hardware of military might.

Most recent is the example of Ethiopia where in November a military council shot 60 former government leaders without benefit of trial. That government now is seeking more bullets with which to kill dissenters.

Reportedly, Ethiopian sources say we face a difficult choice, risking a break in relations with the African nation. They flatter themselves.

Now the U.S. State Department says it is studying the arms request. The choice should not be difficult. Even to consider fueling the unjust

wars of foreign despots and providing bullets for the firing squads hints strongly at moral bankruptcy. Acting as a willing accomplice to murder is equally abominable whether it's across the street or halfway around the globe.

Dry up the fountain. — SAN ANGELO STANDARD

Patriotic Program

VALLEY FORGE, Pa. (AP) — April 19, the 200th anniversary of the battle of Lexington and Concord, was chosen for a benefit patriotic program at Avery Fisher Hall in New York.

Proceeds were used for the New York state area at the Medal of Honor Grove here. The New York area honored 750 native sons, the highest number of any state, who have earned the Medal of Honor. Their names will be placed on a fiber-glass obelisk, seven feet high, designed after the Washington Monument.

The program included concert by the U.S. Military Academy Band, a one-act play by the New York University Drama Department and a patriotic songfest.

We Hold These Truths . . . A Chronicle of America

April, 1775:

Throughout the colonies, reaction to the news of Lexington is predictable and swift. On the 20th, Israel Putnam covers the 100 miles from his Connecticut farm to Concord in 18 hours. Militiamen quickly depart for Cambridge — from New Hampshire on the 21st, from Rhode Island on the 22nd. On the 23rd, the Massachusetts Provincial Congress mobilizes into an "army" the 13,600 militiamen laying siege to Boston, and names General Artemas Ward commander-in-chief. Benedict Arnold arrives with a company from New Haven on the 29th. Colonists in Charleston, South Carolina, having opened — on the 19th — official mail disclosing British intentions to use force, seize gunpowder and muskets in the royal magazines on the 21st. Similar seizures occur as the news of Lexington travels south — in New York City on the 23rd, in Baltimore on the 25th, in Savannah on May 11th.

— By Ross Mackenzie and Jeff MacNeily.

A Devotion For Today . . .

"God turned into good what you meant for evil." (Genesis 50:20 TLB) PRAYER: Thank You, Father, for leading us in the past. Help us to be more open to Your leading in the future. In Jesus' name. Amen.

COLORADO RIVER Nuclear Plant Assurances

BAY CITY, Tex. (AP) — The federal Nuclear Regulatory Commission was given assurances Tuesday by local officials that it should allow a nuclear power plant to be built near here to generate electricity for about one-third of South Texas.

Its hearing continued today. Only a few individual and unorganized opponents turned out to dispute the strong endorsement by local officials of plans by four South Texas utility systems to build the atomic power plant along the Colorado River near here.

One opponent charged, however, that Houston and the other large Texas cities are attempting to "bring their pollution to Matagorda County."

A parade of officials from area school boards, city council and chambers of commerce said the proposed \$1 billion nuclear plant would be a stabilizing influence on the local economy. They said they believed the plant would not pose any environmental or health problems.

Several said they had toured existing nuclear plants elsewhere in the country and had consulted with experts before forming their opinions about the plant.

James Hughes, an opponent who identified himself only as a member of Friends of the Earth, said he is against the plant because it would "open Texas to nuclear power" and

discourage research in alternate energy sources. James Morgan Scott Jr., a Matagorda resident, said the plant should not be built at its planned site because this would encourage development in an area susceptible to flooding.

Matagorda County rice farmer Harley Savage said that rice farmers do not oppose construction of the plant but believe its site selection on 12,300 acres of rice lands along the Colorado River was poor because it is using choice agricultural land.

A University of Texas student, Randy Daley, said he was opposed to the plant because of the environment record of Houston Lighting & Power.

"HL&P is one of the biggest polluters in Houston," he said. "Now they're bringing their pollution to Matagorda County." Daley gave no specific examples of Houston pollution.

The public hearing is one of a series required before permits could be issued to build and operate the plant.

The proposed plant, called the South Texas Nuclear Project, would be jointly owned by Houston Lighting & Power Co., Central Power & Light of Corpus Christi, the city of Austin and the City Public Service Board, the municipal utility of San Antonio. The 2,500-megawatt plant is scheduled to begin operation in 1980. It would be connected to the Texas electrical grid to serve approximately the southern third of the state.

Doctor Aides Now At Webb

Two physician assistants (PAs), MSgt. Stan Love and Jim Parry, recently arrived for duty at USAF Hospital at Webb AFB.

The two were part of a program begun in 1971 by the U. S. Air Force. The PA program consists of intensified classroom instruction five days a week for a full 52 weeks. Following the academic training, the PA trainees spend another full year in an intern

program in which they rotate through all the clinics of a major USAF hospital. This rigorous program qualifies the PAs to diagnose and treat patients or refer them to a specialist when more detailed treatment is indicated. The Air Force encourages those who complete the program to undergo the National Certification Board examination. Both Sergeants Parry and Love have passed this examination.

Both PAs were long-time medics prior to entering the specialized training. Love

counts 16½ years in the AF, which includes duties both as medical corpsman and air medic evacuation specialist. In addition, he taught medical fundamentals for four years at Sheppard AFB, Tex., tech school. Parry has served as an emergency room technician during his

11½ years in the Air Force. With the anticipated shortage of physicians at Webb, Love and Parry will help fill the gap and enable the hospital to provide the best care possible, according to Lt. Col. (Dr.) Donald L. Coleman, hospital commander.

MURDERED GIRL? 'It Reads Like A Cheap Novel'

NEW ORLEANS (AP) — "It reads like a cheap novel," Prosecutor Ralph Whalen told a criminal district court jury which was hearing the first degree murder case of Texas preacher Samuel Corey.

"What happened is two men — Corey and Claudius Giesick — got together and picked a girl," Whalen told the jury in his opening statement Tuesday.

"Corey married Giesick off to the girl, insured her heavily, and killed her." Giesick's bride, Patricia Ann Albanowski of Trenton, N.J., was hit by a car and killed as she and her husband on a few days were honeymooning in New Orleans.

Whalen charged that Corey, who also operates a San Antonio massage parlor, was the brains behind the alleged plot.

"A bigamous marriage was performed by the Rev. Sam Corey," Whalen said. "Corey married the two, knowing full well what it was for and later in January the plot thickens when they got into the actual killing of the girl."

Whalen said Giesick took his bride out to look for ducks in the Michot bayou on a foggy night and gave a pre-arranged signal to Corey who was in a nearby car without headlights.

"Giesick then tripped Patricia into the street and Sam Corey drove over her with an automobile rented by Giesick," said Whalen. Corey's attorney, F. Irvin Dymond, attacked the

credibility of Giesick, who agreed to testify for the state against Corey if his first degree murder charge was changed to manslaughter.

Whalen agreed Giesick's credibility was not the best. "A deal has been made with the man who was originally a co-defendant, a man the state will allege was a co-perpetrator," said Whalen. "I made a deal with this man and I'm telling you now, I made a deal with a killer."

"I'm going to let a murderer plead guilty to a lesser charge of manslaughter — I tell you now, he is the worst of men."

Dymond also told the jurors that Giesick had told disinterested witnesses that he had a plan to work Corey into a murder charge in New Orleans.

"And that's exactly what he did," Dymond added.

Man Held Here For Officer

Gary Wayne McCormick, 22, was arrested Tuesday at a local hospital where he worked as a nurse's aide.

He is being held as a probation violator from Jacksonville, Fla. He is also being questioned in connection with shooting up a local trailer park, according to police detectives.

A federal officer is on his way here to take McCormick into custody on possible firearms violations.

SNEAKY SNAKE BRONX CAPER PAIR NABBED

NEW YORK (AP) — Snakes began disappearing from their locked cages at the Bronx Zoo and the keepers were puzzled. When one disappeared and then reappeared in its cage three days later, the keepers were dumbfounded.

The discovery of some unusual snakes at a local pet shop, however, uncoiled the mystery and led to the arrest of a teenage snake fancier and his friend who police say turned their hobby into snake-snaring-for-profit.

The mastermind of the scheme was a 15-year-old who slithered into the snake house through an air-conditioning duct armed with a zoology book to determine which of the reptiles were poisonous, said Bronx Dist. Atty. Mario Merola.

"This youngster, a snake fancier, was able to roam through the snake house at will after hours, making repeated visits to the place with the snakes and to steal them," said Merola.

The youth, who was not identified because of his age, was arrested with his alleged accomplice, Steven Gonzales, 17, of the Bronx.

On one occasion, Merola said, the younger boy opened the cage of a spitting cobra but slammed the glass panel shut just as the snake shot a jet of venom at him.

"One night," Merola continued, "the boy took home a snake to play with it. He fed it a rat and the snake became ill. Afraid that it would die, he returned it to its cage. You can imagine how upset the investigators were when the missing snake reappeared in its locked cage a couple of days after it disappeared."

Half of the 30 snakes stolen over a three-month period were recovered. Among the snakes stolen were New Guinea green tree pythons, an endangered species.

CENTIPEDE SANDWICH — Robert Kleason's chief defense lawyer demonstrates Tuesday how his client says he opened a "centipede sandwich" in Travis County Jail. Kleason says the dead poisonous insect was served between two pieces of white bread. The lawyer, R. Roscoe Haley, filed a \$50,000 civil rights suit against the sheriff and chief jailer for this incident and other alleged mistreatment of Kleason, who is charged with killing two Mormon missionaries last Oct. 28.

SUES SHERIFF, JAILER

Alleges Black, Poisonous Centipede Served To Him

AUSTIN, Tex. (AP) — The man accused of killing two Mormon missionaries says a black, poisonous centipede was served to him in jail between two pieces of white bread.

Robert Kleason, 42, filed a \$50,000 civil rights suit Tuesday against Sheriff Raymond Frank and head jailer Bill Mansell, alleging several acts of mistreatment.

The sheriff responded to the charge by saying, "We won't normally serve centipedes in the jail." He said he doubts that the incident happened.

"We've probably done more for him than we have for most inmates. We're doing everything in the world we can for all inmates. I don't know any more that we can do."

Mansell declined today to discuss the case. "Now, there's not much I can say about it. I think it speaks for itself, all right?"

Kleason claims the "centipede sandwich" was given to him on April 11. The centipede was dead. He said he gave it to his chief defense attorney, R. Roscoe Haley.

Haley showed an insect to The Associated Press.

Kleason told the AP in an exclusive interview Tuesday that he had been "starved" on skimpy meals for weeks. The serving of the sandwich followed Kleason's complaints about the food, he said.

Served with the sandwich were potatoes in which cockroaches had been mixed, he said.

Bill Mansell, head jailer, stood in the doorway to the kitchen "with a big grin on his face" as the dinner was carried to his cell, Kleason said.

"I hope you enjoy your meal," he quoted Mansell as saying.

Kleason speculated that the poisonous insect about five inches long and was dead because that was the only way it could be kept between pieces of bread in the hope he would bite into it without looking.

"Cockroach tacos" frequently are served to him in jail, he said. Sometimes he is so hungry he picks out the cockroaches and eats the food, but other times he can't bring himself to eat anything, he said.

Haley filed suit in U.S. District Court against Sheriff

County, City Get Tax Money

During the first three months of 1975, mixed drink taxes brought Howard County \$1,017 and the City of Big Spring \$619.

Cities and counties each get 15 per cent of all these taxes collected here, State Comptroller Bob Bullock said. The remaining 70 per cent goes to the State of Texas.

In Dawson County, the county received \$196; Lamesa, nothing.

Lubbock County enjoyed revenue totaling \$34,988 for its 15 per cent share. The City of Lubbock drew another \$34,056 while Slaton profited \$32.

Midland County made \$13,095 for its use, and the city counted \$11,527. Mitchell County benefited \$322, and county seat Colorado City made \$204 for itself.

For Nolan County, the figure was \$1,374; Sweetwater, \$791. Scurry County showed \$915 with another \$774 going to Snyder.

Taylor County posted \$10,364; Abilene, \$10,095; and Buffalo Gap, \$46.

Raymond Frank and Mansell.

In addition to the allegations on food, the suit says Kleason is being subjected to cruel and unusual punishment in the jail, including assaults and harassment.

Kleason also told the AP he had been assaulted by another inmate, who allegedly kicked his hand as hard as he could.

A May 19 trial date is set for Kleason on capital murder charges in the deaths of Gary Barley, 20, of Simi Valley, Calif., and Mark Fischer, 19, of Milwaukee, Wis.

The missionaries disappeared a few hours after they told other Mormon missionaries they were going to eat with Kleason in his trailer behind a taxidermy shop.

The state says Kleason cut up their bodies on a band saw in the taxidermy shop.

Ballard Moved From Prison

GARDEN CITY — Witmer Jean Ballard, 49, whose murder conviction in the death of Steve Currie was reversed, was transferred to jail in Lamesa Tuesday night.

Glasscock County Sheriff Royce Pruitt said he picked up Ballard at Huntsville. An indictment for robbery of the Currie ranch home was transferred to the district court in Lamesa but District Attorney Robert H. (Bob) Moore III said Ballard is being kept at Lamesa only because of better jail facilities there than in Garden City.

The Texas Court of Criminal Appeals reversed a murder trial conviction reached on a change of venue in Alpine.

Fem Nominated To Paroles Unit

AUSTIN (AP) — Chief Justice Joe R. Greenhill of the Texas Supreme Court today nominated Mrs. Selma Wells of Houston to a six-year term on the Board of Pardons and Paroles.

The appointment is subject to confirmation by two-thirds of the Senate.

New Court Is Levied

A murder charge has been added to the assault charge on Abel Trevino, 24, of 1110 N. Main in connection with a stabbing death of Gomeinda Diaz Jr., 23, of Big Spring in an incident in the parking lot next to the Blue Moon Lounge about 1 a.m. Sunday.

Trevino and David Lopez, 22, of 401 N. Gregg, were both arrested in Midland Monday and charged with aggravated assault with serious bodily injury. Bond was set in Midland by Judge John H. Biggs at \$20,000. An additional bond is expected to be filed on Trevino today.

Mauricio Garcia Hernandez, 21, is in a local hospital in good condition, suffering knife wounds in the throat.

Police have a warrant and expect to arrest one more man in connection with the incident.

Bonds totaling \$40,000 were set by Justice of Peace Gus Ochotoreno against Trevino, who remained in the Howard County jail this morning.

Midland Oilman Death Victim

MIDLAND — A Midland oilman, Joseph E. Keyser, died shortly before midnight Monday while he was being booked into the Midland city jail on a drunkenness complaint.

Keyser was arrested about 11 p.m., and apparently collapsed after he had reached the police station.

Services will be at 4 p.m., today in Newlie W. Ellis Funeral Home. Burial will follow in Resthaven Memorial Park.

Mr. Keyser was a native of Mount Carmel, Ill. He opened an oil exploration office in Midland in 1948 and had been an independent oil man since 1952.

Recompletion Attempt Made

Turner Bros. of Big Spring No. 4 Schumaker, southwest Mitchell County well, will be a recompletion attempt eight miles southwest of Westbrook. It is located 330 from the south and 2,310 from the east lines section 15-29-15, T&P, bottomed at 3,150 feet.

In Borden County, Samedan No. 1 Blanton drilled past 7,796 feet in shale, and a Martin County wildcat, Love Oil No. 1 Campbell was at 10,177.

Mrs. Wells, codirector of a halfway house for ex-offenders, succeeds William H. Skelton, whose term expired Feb. 1.

Greenhill previously nominated Skelton, of Austin, but withdrew the nomination after Sen. Lloyd Doggett, D-Austin, protested that prison-reform groups objected to Skelton.

Greenhill said there was widespread and diversified support for Mrs. Wells, a black.

"Mrs. Wells also has demonstrated a continuing and sincere interest in this difficult area of governmental operation," Greenhill said.

"Her background in working with people recently released from prison should prove invaluable to the Board of Pardons and Paroles."

Greenhill said Mrs. Wells and her late husband, Sonny Wells, established nine halfway houses in three cities including the New Directions project in Houston. Federal grants of almost \$600,000 have been awarded for funding of the projects which operate with a staff of 28.

She is the first woman and the first black to serve on the board.

Other members of the board are Clyde Whiteside, chairman, and Charles Shandera.

Rotary Meeting Is Reported

Big Spring Rotarian Ralph McLaughlin was presented as District Governor for 1975-76 at the eighteenth annual Rotary Conference in Tampa Thursday through Saturday. He made a report on the conference at the Rotary Club's regular meeting Tuesday at the Settles Hotel.

Lester Utz was presented a 35 year Boy Scout membership card by Big Spring Scout Executive Art Hyman. Dr. Wayne Bonner, Howard College, presented a program on hypnosis. He explained the history of hypnosis and its use in today's society. He gave a live demonstration with the assistance of Howard College Students, Virginia Marty and Doreen Daughtery.

Dr. Bonner explained that the demonstration was for a learning experience and not just for entertainment. The students were hypnotized and responded to Dr. Bonner's instructions.

Charges Filed Against Two

Carol and Dee Scraggs were arrested April 19 in connection with theft charges. Their home address is 1105 N. Gregg.

The charge is in connection with theft of a stereo at the Record Shop.

CLIPPETY, CLIP — Hedge clipping gets out of hand as the two fathers, Bellomy (Kelly Draper) and Hucklebee (Capt. Dick Risk) argue and plot the romantic future of their daughter and son. This is one of the scenes from "The Fantasticks," the famous off-Broadway musical which will be presented Friday and Saturday evening 7 p.m. at Howard College cafeteria (\$5 including meal). Reservations should be made by calling the college.

Abundance Of Violent Cases Plague Officers

Mrs. Pauline Beck, stabbing victim some three weeks ago, is now in her own room in a local hospital, out of the intensive care ward.

No arrests have yet been made in connection with this case. A siege of an unusually large number of violence cases has plagued law officials for the past month.

Phil Barber, who was stabbed in the abdomen at the high school five weeks ago is back in the high school. Don Stewart was charged with aggravated assault in connection with this incident, is out on bond and working in Abilene.

James Gilbert is still in intensive care in a Lubbock hospital following surgery where doctors reported that it is impossible to get the bullet out of his head. His

Three En Route To Huntsville

Deputy sheriffs this morning left with three persons who had been sentenced to prison.

They are Doyle Denton, 44, serving a life sentence for auto burglary and adjudged an habitual criminal; Louis Luther Brown, 30, five years for revocation of probation; and Daniel Martinez Marquez, two concurrent, six year sentences for revocation of probation.

DWI Case Is Filed Here

County Judge Bill Tune began a jury trial this morning in the driving-while-intoxicated case filed against David Henry Hopkins, 54, 601 W. 18th St.

State Trooper Bill Priest arrested Hopkins for the offense seven miles south of Big Spring on Feb. 23.

Quake Hits In Mexico

MEXICO CITY (AP) — An earthquake of severe intensity hit the Mexican Pacific coastal State of Oaxaca early today, the Tacubaya seismological station reported. There was no immediate word of damage or injuries.

The epicenter of the quake was placed 285 miles southeast of Mexico City.

The quake was felt slightly in Mexico City and in the resort of Acapulco, which is the state next to Oaxaca.

Coahoma ISD To Get Funds

Cong. Omar Burleson announced the approval of funds to the Coahoma Independent School District under Public Law 874 which provides financial assistance to the school in federally affected areas.

A tentative entitlement of \$13,702 has been approved for fiscal year 1975 with \$10,276 certified for immediate payment. A check in the latter amount should reach the school district within the next week or so.

Second Visit Nets Drugs

Thieves returned to break in and rob Bennett's Pharmacy again early Tuesday.

Police had discovered a possible attempt to enter the building around 3 a.m. By morning, somebody had rammed an automobile into the pharmacy and stolen an undetermined amount of drugs. This is the second time within a month that the pharmacy has been robbed.

Building At College Due To Be Enlarged

An enlargement of the Practical Arts building to house a welding laboratory was approved by Howard College trustees Tuesday.

Dr. Larry Key, head of the occupational education division, said that the extension of two walls on the southeast rear of the PA building would provide about 25,000 additional square feet of floor space. This will provide relief for some other departments, such as auto body shop, as well as taking care of a vastly increased enrollment in the welding program.

He estimated the work could be done for some \$22,000, provided the college subbed the work to various contractors.

He presented a study which reflected rapid growth in occupational education. From \$106,078 earned from Texas Education Agency in 1972-73, the total this year is \$169,241 and the outlook is for \$330,604 next fiscal year, he said. Howard College, he said, could receive about 10 per cent of available state monies this school year and ranks among the top 5 per cent in allocations.

In addition to new and expanded programs, the college has assisted in training workers for garment plants, has conducted a manpower study for TEA, administered the Upward Bound program, and has acquired some \$150,000 in surplus machine tools.

In all, some 1,404 individuals are taking one or more of the vocational courses, an increase of 320 over the Spring of 1973 and 120 more than for last spring.

Sallie Kent

Mrs. Sallie Kent, 91, longtime Sweetwater resident, mother of Clint Kent of Big Spring, died at 3:45 p.m., Tuesday in a Sweetwater hospital. She had been ill a long time.

Arrangements for services are being completed at the Cate-Spencer Funeral Home in Sweetwater.

Other survivors include two daughters, Mrs. Irene Evans, Stephenville, and Mrs. R. B. Best, Sweetwater; and four other sons, Truman Kent, Muleshoe, Alton Kent, Portales, N.M., and Owen Kent and Odell Kent, both of Sweetwater.

Tom Vorheis

Tom L. Vorheis, 66, of Littlefield, father of Ronald Vorheis of Big Spring, died at 2:30 p.m., Tuesday in a Littlefield hospital following an extended illness.

Services will be at 2 p.m., Thursday at Parkway Baptist Church in Littlefield. Burial will occur in Littlefield Memorial Park.

Mr. Vorheis, a retire butane truck driver, was a native of Oklahoma.

Other survivors include his widow, Thelma, of the home; two other sons, Jerry Vorheis, Midland, and Bill Vorheis, Brownfield; three sisters and ten grandchildren.

Mrs. Williams

Mrs. Gertrude Williams, 65, of Seminole, sister of Mrs. Ines Mints and Elzie Spivey, both of Big Spring, died at 10:30 a.m. Monday in a Lubbock hospital following a brief illness.

Services will be at 3 p.m.,

DEATHS

today at the First Baptist Church in Seminole, with burial to follow in the Gaines County Cemetery.

A native of Wynnboro, Tex., Mrs. Williams had resided in Seminole since 1945. Prior to that time, she had lived in Lamesa. She married Argle Williams in Lamesa Dec. 1, 1928.

Other survivors include her husband, of the home; a daughter, Katrina Neagle, Kingsville; two other sisters, Mrs. Zelma Caldwell and Thelma Spivey, both of Lamesa; and two grandchildren.

E. M. Ross

COLORADO CITY — Services will be at 2 p.m., Thursday in Kiker-Seale Funeral Home Chapel for Everett M. Ross Jr., 62, of Belton and formerly of Colorado City. Burial will be in the Colorado City Cemetery.

Mr. Ross was born in the Iatan community Aug. 15, 1912. He had resided in Belton since 1965. He died at 1:15 a.m., Monday in Temple.

Survivors include his widow, Mary, of the home; a daughter, Mrs. Janey Caki, Odessa; a son, Dee, Odessa; and two brothers, Don Ross, Honolulu, and Jowell, Vancouver, Wash.

Mary Bowman

COLORADO CITY — Mrs. Mary Elizabeth Bowman, 51, of San Antonio and formerly of Colorado City, died Sunday morning in Albuquerque, N.M., after a brief illness. Services will be at 2 p.m. Wednesday in First United Methodist Church here.

The Rev. Henry Parmenter of Big Spring and the Rev. Davis Edens, pastor of First United Methodist Church, will officiate. Burial will be a Dallas cemetery, directed by Kiker-Seale Funeral Home.

Born Mary Elizabeth McKenney April 1, 1924, in Colorado City, she was graduated from Westbrook High School in Westbrook. She attended Texas Women's University in Denton and Texas Tech University.

She married Steuart Bowman March 28, 1944, in Albuquerque.

Survivors include her husband; her mother, Mrs. Susie McKenney of Iatan; two daughters, Mrs. Dennis Boffo of Willard, Ohio, and Susan Kay Bowman of San Antonio; three sisters, Mrs. Rozelle Dohoney and Mrs. Catherine Williams, both of Big Spring and Mrs. Robert Westbrook of Houston; two brothers, Rex McKenney of Westbrook and Jack McKenney of Colorado City; and a grandchild.

W. M. Teague

William Morgan Teague, 63, of Abilene, father of Larry Teague of Big Spring, died in an Abilene hospital at 5:30 p.m., Tuesday after an extended illness.

A native of Cleburne County, Ala., where he was born Dec. 30, 1911, Mr. Teague moved to Texas with his family as a small child. He was a former employe of the Paymaster Feed Co.

Other survivors include his widow, the former Christine Woodson, of the home; two daughters, two other sons, four sisters, three brothers and six grandchildren.

BIG SPRING HERALD

SECTION B BIG SPRING, TEXAS, WEDNESDAY, APRIL 23, 1975 SECTION B

CERTIFICATE OF SERVICE — Mr. and Mrs. Mohler Simpson are shown with Air Cadets Lam Van Binh (L) and Vu Nguyen Hung, following a recent Security Assistance Training Program class graduation. Mr. and Mrs. Simpson were presented with a Certificate of Service for their prolonged and consistent support on behalf of the foreign students at Webb AFB.

Small Fry Open Show On Friday

Preparations are in their final stages for the Little Britches Rodeo slated for Friday and Saturday at the Rodeo Arena in Big Spring.

A total of 502 entries for the rodeo have been logged by rodeo secretary and bookkeeper, Pat Butts. She said that 167 runs are slated for the 8 p.m. Friday performance, 145 are slated for the 10 a.m. Saturday performance and 190 runs are slated for the 8 p.m. Saturday performance.

Participants 17 and under will participate in three divisions in barrel racing, flag racing, pole bending, steer dapping, bareback riding, bull riding, and ribbon roping.

Trophies will be awarded to event winners and buckles will be given to high point individuals. Ribbons will be awarded in first through sixth places.

Admission to each performance of the rodeo is \$1.50 for adults and \$.75 for children.

Hank Snow's Promenaders, Wichita Falls, will be the special attraction at Saturday night's performance.

Departments Reshuffled

There has been some reshuffling and consolidation of departments at Howard College to fit into a new administrative plan.

Dr. Charles Hays, president, reported this to the board at its meeting.

Basically there are two major divisions — academic and occupational.

In the academic, the new science-math division will now also include applied science and agricultural science also. Fine arts will be a division for music, speech, drama, art. Psychology will be in the social science division and foreign language in the communications division.

The combinations were effected to avoid one-and-two faculty member departments, said Dr. Hays.

In the occupational division there will be one for allied health, business, distribution-marketing and continuing education, and industrial technical.

MIA Widow Says Report Aimed At 'Hushing Up' Her Husband

SAN ANTONIO, Tex. (AP) — Notification by Hanoi that Maj. Crosley James Fitton, a U.S. Air Force pilot, died more than six years ago doesn't finalize anything, his widow says.

It was final long ago, Mrs. Ramon Horinek said Tuesday. She married a returned prisoner of war last January after the Pentagon listed her first husband as killed in action after 5½ years listed missing in action.

"I'm not the type of person to say, 'Show me my husband's teeth and I will believe you,' because that's not looking at it realistically," she said.

Mrs. Horinek said North Vietnam confirmed Fitton's death and the deaths of two other downed pilots to "hush up" her present husband, Lt. Col Ramon Horinek of University City, near here.

She said that although she believed Maj. Fitton is dead, Hanoi probably couldn't send the remains to the United States. And she said that Hanoi radio can't be believed.

The North Vietnam confirmation broadcast Tuesday placed Major Fitton in the wrong type aircraft, in the wrong location for where he was shot down and said he

was found dead in his airplane although other pilots in the flight saw him bail out, she said.

Horinek and his wife scoffed at part of the notification which expressed North Vietnam's "sympathy with the anxiety of the families of those persons still considered missing in action in Vietnam."

"They did the same thing to me," Horinek said. "They said, 'We want you to understand the humane and lenient policies of the democratic Republic of

North Vietnam'."

"That was just before they took some clubs and beat the hell out of us, put chains on me, strung me up to a wall and broke my leg," he said.

Mrs. Horinek said the North Vietnamese may be trying to appease her husband, whose outspoken ways are "his way of fighting the war."

And Horinek said North Vietnam may be trying to keep the United States from intervening again.

He criticized Americans for not backing President

Ford's recent requests for aid to South Vietnam, but he stressed his opinions were personal and not those of the U.S. Air Force.

Horinek said the United States is losing respect among its allies and must learn to back up its friends or adopt a policy of isolationism.

"With Ray speaking out quite frequently on communism, and saying the things that he has said, this is a way to hush us up," Mrs. Horinek said. "And it's not going to work."

South Texas Gas 'Boom' Traced To Free Market

HOUSTON (AP) — A South Texas natural gas boom that has led to the discovery of five new fields in two years had been attributed to free market intrastate prices.

An article in the May edition of World Oil magazine says it is extremely doubtful the discoveries would have been made under prevailing intrastate prices controlled by the Federal Power Commission.

World Oil said the play be-

tween Laredo and Zapata is moving into high gear and that operators say at least 1,000 wells will be needed to develop the 3,000 square mile area along the Rio Grande.

"The area is far from being developed, but preliminary reserve estimates range from as low as one to as high as 10 trillion cubic feet of gas," the article says.

"This wide variation in estimates reflects the complex geology in the area, which has resulted in dry holes being drilled in areas considered to be proven."

The magazine reports that major and independent operators are producing or drilling more than 100 wells in the 100-mile long strip.

"After two years of drilling, the play is moving into high gear," the article said. "Five fields have been discovered and partially developed. Lo-Vaca Gas Gathering Co. is receiving about 85 million cubic feet of gas per day from wells already on production. Good Hopes Refineries recently completed a 20-inch pipe line to Corpus Christi where it will be tied into an ammonia plant which Good Hope is

building." World Oil said the area was known to be productive 10 years ago when the No. 1 Malkoff well was completed by the R. S. Nixon estate with a calculated open flow of 6.2 million cubic feet of gas a day.

"However, the low gas prices of that time could not support the expense of drilling wells 5,000 to 7,000 feet deep nor the cost of fracturing the tight Wilcox gas sand," the article said.

The current play began with the 1973 discovery of the Clark Ranch Field 10 miles south of Laredo by Consolidated Oil & Gas Co. of Denver, Colo.

THEFTS

Barbara Eason, 203 E. 6th, said somebody stole her purse off the doorknob of her room while she was asleep. Entry was gained through an open window. In the purse was \$125, two pair of glasses and charge cards.

John E. Curtis reported that his roommate borrowed \$150 worth of tools Sunday and then left town, taking the tools.

Club Convention Will Be Held In Odessa

Mrs. Shirley Thomas Tate was elected president of the City Federation Club at a recent meeting in the home of Mrs. Essie L. Person. Other new officers are Mrs. Bobbie Williams, vice president; Mrs. Louisiana Jones, secretary; Mrs. Person, assistant secretary; Mrs. Bessie Lankford, treasurer; Mrs. Georgia Leach, chaplain; and Mrs. Clemmie Johnson, program and ways and means chairman.

Mrs. Leach was also appointed to recruit new members for the club, which is composed of members of the Ada Belle Dement Club and the Ever Ready Civic Art Club. However, women may join the City Federation Club without holding membership in either of the other clubs.

Plans were made for the 25th annual convention of Stokes-Parker District which will be held in the Odessa City Federation at the Inn of the Golden West, Friday through Sunday. Mrs. O. L. Benson of McCamey is district president, and Mrs. Lillian Deaver is president of the Odessa City Federation.

The theme for the meeting will be "Women Learning and Growing Together for a Better Tomorrow."

Highlighting the awards banquet Saturday will be a presentation of debutantes sponsored by member clubs. Miss Evelyn Green, daughter of the Rev. and Mrs. Floyd Green, 1502 Robin, will represent the City Federation Club. Miss Green will present a humorous monologue for the talent program Saturday afternoon, and will also participate in the financial competition of the clubs. Mrs. N.W. Stokes and Mrs. Ruby Morris are chairmen for the debut presentation.

Each year, the district gives a \$600 scholarship to two senior girls, and an annual donation is made to the Martin Luther King Jr. Foundation. Two books will

MRS. SHIRLEY TATE

MISS EVELYN GREEN

be placed in the Ector County Library in honor of the district's outstanding workers.

At the opening session Saturday morning, the late Mrs. Ryanna Perry, who had served as district secretary, will be honored, along with others, at a memorial for deceased members.

The president's "Colonial Breakfast" will be held Sunday morning in the home of Mrs. Yvonne Ford, 1475 Pagewood. Afterward, all the women will worship services at Bethel Baptist Church.

District officers from Big Spring are Mrs. Tate, program chairman Mrs. Naomi Graham, treasurer; Miss Rosetta Brown, art chairman; Mrs. Bobbie Williams, scholarship chairman; and Mrs. Mary L. Ivory, board secretary.

Other local club members participating in the convention program will be Mrs. Person, immediate past president of the district, who will respond to the welcome and introduce the clubs; and Mrs. Addie B. Perkins, president of Ever Ready Civic Art Club, who will express appreciation at the close of the convention. Mrs. Lillian Reed, president of Ada Belle Dement Club, along

Mrs. Jones Is Honored At Shower

Mrs. Bill Jones and infant son, Brant William, of Arlington, were honored with a baby shower in the home of Mrs. Jerry Oliphant recently.

There were 18 hostesses. A corsage made of blue and white baby socks, tied with mint green ribbon and decorated with tiny gold safety pins was presented to Mrs. Jones, who greeted guests with her mother, Mrs. Royce Griffith, and her mother-in-law, Mrs. Clayton W. Jones.

Refreshments were served from a table covered with a white organdy cloth with mint underlay. The centerpiece was an arrangement of toy blocks and ivy in a ceramic container.

Couple United In Marriage

Miss Effie Kinman became the bride of E. 3 Harold Ray Ott in a ceremony performed Saturday at First United Penecostal Church, Big Spring.

Miss Kinman is the daughter of Mr. and Mrs. Smokey Kinman of Coahoma, and the bridegroom is the son of Mr. and Mrs. H. J. Miller of San Springs.

The Rev. M. J. Mullins, church pastor, officiated for the ceremony. The bride's floor-length dress was of chiffon and taffeta, with full sheer sleeves, and her headpiece was of miniature pink

carnations and ribbon streamers. She carried a bouquet of pink carnations.

Miss Shirley Smith was the bride's only attendant, and she wore a floor-length orchid knit skirt with an ivory long-sleeved blouse. Her corsage was of pink carnations.

Johnny Darden attended the bridegroom, and Randy Miller lighted the candles.

Mrs. Michael J. Mullins was the organist and vocalist.

A reception was held in the Miller home following the rites.

The bride is a student at Coahoma High School. E. 3 Ott is stationed at Ft. Sill, Okla., with the U. S. Army, and the couple will reside in Lawton, Okla.

Moving Crude Oil Explained

Big Spring Desk & Derrick Club, meeting Monday at the Tea Room, heard J. Arnold Marshall describe "Moving the Crude."

The owner of Caprock Service Company and H.W. Smith Transport Company showed examples of paperwork such as purchase tickets, as well as gauging devices, during his program.

Marshall emphasized that the oil in a tank battery belongs to the producer until it is sold and moved into commerce. The purchaser and the producer are accountable to the Texas Railroad Commission for that oil, and three months later when both their reports cross in Austin the figures must be in agreement.

Crude oil moves either by truck or pipeline. From isolated wells and low-yield wells, it is more economical for a trucking contractor to transport the oil to a terminal or refinery, he stated.

When a trucking company collects oil from a tank, the vessel is first pumped full, then it is measured for circumference, depth, and thickness of steel, and number of openings. Since all oil is bought on gauges, gravity and temperature and basic sediment and water, all of these elements are properly recorded.

Marshall cited the gathering system for Cosden refinery. From tank batteries in the field, the crude moves through lines to terminals, then through larger pipelines to the refinery. An accounting of the volume is taken daily.

Mrs. A.G. Perkins, vice president, introduced the speaker. Marshall, a former mayor of Big Spring, served on the City Council for a decade. He is chairman of the administrative board of First United Methodist Church, is a past president of the YMCA and has served on the directorate of Boys' Club.

At the May 19 meeting of D&D, Mrs. Perkins and Mrs. Leon Kinney will present highlights of the Region V meeting which they attended in Odessa last weekend.

Coffee, Cake Served At VA

Mrs. Huey Rogers, 702 Lancaster, was hostess for a Thursday meeting of the local chapter of American Gold Star Mothers, Inc., and a coffee hour preceded the business session. Mrs. Rogers presided, and Mrs. Martha Moody reported that the group served coffee and cake to 81 patients at the Veterans Administration Hospital Wednesday.

Mrs. Truett Thomas expressed appreciation "to all who helped make the state convention here a success." The next meeting will be a covered dish luncheon meeting, May 15, in the Thomas home, 1608 Osage. Starting time is 9:30 a.m.

Final Meeting For Ma'am's

Faculty Ma'am's held their last meeting of the season Tuesday in the home of Mrs. Larry Reese, 2704 Rebecca, with Mrs. John Christopher as cohostess. Discussion centered on a buffet dinner which will be held at the college May 2 for members of the college board, faculty and their families. New officers of the club will assume duties at the Aug. 12 meeting in the home of Mrs. John Freeman.

Coahoma Club Elects Officers

New officers elected Monday for the Coahoma 4-H Club were Donna James, president; Brad Griffith, first vice president; Scotty Riddles, second vice president; Lynda Franklin, secretary; Julie Hall, treasurer; and Sammy Don Buchanan Jr., parliamentarian.

Adult leaders will be Mrs. Ovis James, Mrs. Rob Ettridge, Mrs. Paul Allen, Mr. and Mrs. Don Holman, J.B. Hall, S.M. Buchanan, Mrs. Phillip Riddle and Mrs. Phil Wynn.

Miss Hall was elected as the club's candidate for Howard County 4-H Rodeo Queen.

The motto was led by Miss Hall, the pledge by Darla Harrington and prayer by Miss Franklin. Method demonstrations were given by members entering county and district competition.

The next club meeting will be May 19 at Coahoma Elementary School.

Shower Fetes Mrs. Green

Mrs. Garland (Buster) Green and infant son, Garland Green III, were honored at a baby gift shower Saturday afternoon in the home of Mrs. James Manuel, 1315 Mobile.

Cohostesses with Mrs. Manuel were Mrs. Willie Huey, Mrs. Banana Moore and Mrs. Elnora Dossie. The hostesses were attired in long dresses, and Mrs. Green wore a light green pant ensemble.

The refreshment table was covered with a green cloth, and punch and cookies were served.

Storage Tips

Built-in storage can be designed around a favorite piece of furniture.

Dear Abby

Some People Just Like Sound Of Their Voice

DEAR ABBY: An acquaintance of ours is well-bred, refined, extremely well-educated and informed. He would be wonderful company if only he would give somebody else a chance to talk. Whenever this man is in a gathering, he dominates the conversation.

How does one deal with such a person — short of telling him off?

DEAR FRUSTRATED: Avoid him. He may be extremely well-educated and informed, but he is neither well-bred nor refined.

The person who comes into your company and hogs all the conversation is no less a hog than the person who comes to the table and eats all the food.

DEAR ABBY: My wife and I have been married for two years and are ready to start our family. The problem is my wife's weight. She is 5 ft. 3 in. and weighs 160 pounds.

I have told her that unless she loses at least 20 pounds, I am not going to impregnate her!

With all the problems women have during and after pregnancy, I think I'm doing her a favor by insisting that she lose some weight before becoming pregnant.

My wife thinks that I am being unreasonable, but I am sincerely concerned about her health as well as the health of the baby.

Three months ago I laid down the law, "No diet — no baby." So far she hasn't lost an ounce, and she doesn't even try.

What do you think about this?

INDIANA

DEAR IND: While your attitude makes sense, your problem is far "heavier" than 20 pounds of blubber. Why is she punishing you? And why are you punishing her? Don't let baby make three before you are sure you have a reasonably stable marriage.

DEAR ABBY: I have a very beautiful daughter who absolutely refuses to go out with a fellow unless he is at least six feet tall.

What is wrong with her?

UPSET MOTHER: She's short on brains.

DEAR ABBY: I have heard it said that blondes have more fun. Is that true?

WANTS TO KNOW: DEAR WANTS: I doubt it, but I can tell you that if my mail is to be believed, they have more trouble.

DEAR ABBY: Please tell me where I can get a blood test for V.D. in the Waterbury, Connecticut area.

It must be strictly confidential since I am married.

WORRIED: DEAR WORRIED: Phone your county public health department, and they will advise you.

Sewing Contest Slated At Webb

Home sewing will be featured at the next Officers Wives Club luncheon May 1 at Webb AFB, and all members who have sewn clothes for their children, husbands or themselves have been invited to enter their creations in the show. All entries must be in by April 28.

Persons wishing to enter the sewing contest are to contact Mrs. Jo Ann Halvorson, 263-8003; Mrs. Margaret Tarleton, 263-6453; or Mrs. Nan Burer, 263-1502.

Prizes will be given for the best creations, and there will be a door prize for the flight

with the most entries. Punch will be served from 11:30 to 12 noon, followed by the luncheon and a style show. Anyone entering a creation is invited to model it in the show. Wives of the 83rd PTS are hostesses for the luncheon.

Reservations for the luncheon must be made by noon, April 29, with any cancellations by noon, April 30. Reservations should be made, by using the alphabet system, with Mrs. Julie Burbank, 267-6282 (A-G); Mrs. Maria Cottingham, 263-0390 (H-P); or Mrs. Pat Jordan, 267-5464 (Q-Z).

WANTED 20 HOMES THAT NEED PAINTING

CENTRAL TEXAS - 20 Homeowners in this area will be given the opportunity to have the new United States Steel finish on their homes. It will be of special interest to homeowners who are fed up with costly repainting, for new United States Steel is ideally suited for the Texas climate as it will not mildew, peel, crack, fade or chalk, for the life of the building.

UNITED STATES STEEL
Finish has been developed after years of extensive research and testing.

UNITED STATES STEEL
carries a written 30-year guarantee (labor and materials) - can be applied on any type of home: wood frame, stucco, asbestos or brick. This new U.S. Steel and Vinyl finish has excellent insulating properties which will make the home warmer in cold, damp weather.

U.S. STEEL VYNASOL
nationally in LOOK and LIFE Magazines. Homeowners who act now will receive special decorative work at no additional cost.

Please call collect 915-949-3110 and ask for Mr. Ron Fox. An appointment will be made to see your house with no obligation. Please call at once. Out of town calls welcome.

Four From Here Are Graduated
V. Y. Garcia, Ronald Newby, Janice Hyden and Gary Porter from the Big Spring police department are among graduates of the Permian Basin Law Enforcement Academy's fifth session of Basic Law Enforcement Training. The graduation Police Officers have attended 240 hours of training in Law, Criminal Investigation, Patrol Procedures, Defensive Tactics and Community Relations.

Regional departments represented in this Session were Odessa, Monahans, Pecos, Big Spring, Kermit, Alpine, Andrews and the Texas Alcoholic Beverage Commission.

Instructors were provided from departments throughout the Permian Basin region.

The school was funded by a Criminal Justice Division grant through the Permian Basin Regional Planning Commission and followed standards set out by the Texas Commission on Law Enforcement Officers Standards and Education.

Speakers for the May 5 meeting of the Permian Basin Diabetes Association will be Dr. Virginia Johnson and Dr. A. V. Johnson, DPM. Their topic for the last seminar of the season will be "Foot Health and Aging and Chronic Diseases as Related to the Diabetic." The meeting will be 7:30 p.m. in the Midland Memorial Hospital Cafeteria. Additional information may be had from Mrs. Linnie Davidson, RM, executive secretary, 900 W. Storey, Midland, 79701.

All-Out Production
AUSTIN, Tex. (AP) - The Texas Railroad Commission set the statewide oil allowable today at 100 per cent for May, the 38th consecutive month of all-out production.

As usual, the East Texas field was restricted to 86 per cent production. Twelve of the 14 major purchasers asked for the same amount of oil next month as this month, but Exxon and Gulf reduced their nominations because of declining field supplies.

Total nominations for May were 4,016,980 barrels a day, a decrease of 27,776 barrels from April.

Nominations for Texas crude in May, in barrels per day, with any changes in parentheses:

Amoco 350,000
Atlantic Richfield 180,000
Chevron 77,800
Cities Service 115,000
Continental 154,500
Diamond Shamrock 36,000

BENEFIT CERTIFICATES PASSED OUT — Cuin Grigsby (far right), manager of the C. R. Anthony store here, passed out summaries of employee benefit certificates to his employees. These certificates show Plan B of the benefits which is retained by the company until the employees' separation from the company. Plan A is presented in cash. A percentage of the company profits are set aside for the benefits. Pictured are Sara Rubio, Maria Dominguez, Nell Templeton, Bill English, Cheryl Cannon, Brenda Tynes, Edith Hodnett, Linda Gonzales, Bernice Wash, Brenda Rainey and Florence Kelly. Not present for the picture were Mrs. Lela Baker and Ruby Hill.

Jackie Gaines To Stand Trial

District Judge Ralph W. Caton Tuesday said Jackie Wayne Gaines, 33, has been declared competent to stand trial for the Feb. 5, 1972, murder of the defendant's wife, Betty Gaines. A jury found Gaines "insane at this time," on Sept. 19, 1972, but did not rule on his sanity at the time of the murder. Judge Caton now has received notice that Gaines is sane. Mrs. Betty Jean Gaines, 24, was shot in the face with a shotgun in her Coahoma home.

LEGAL NOTICE

THE STATE OF TEXAS
 TO: JOE BROXTON ANDERS
 Defendant (s): Greeting: You are hereby commanded to appear by filing a written answer to the Plaintiff (s) Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 9th day of June 1975, at or before ten o'clock A.M. before the Honorable District Court of Howard County, Texas, at the Court House of said County in Big Spring, Texas.
 Said Plaintiff (s) Petition was filed in said court, on the 22nd day of February A.D. 1975, in this cause numbered 22044 on the docket of said court, and styled, BILLY JOAN ANDERS Plaintiff (s), vs. JOE BROXTON ANDERS Defendant (s).
 A brief statement of the nature of this suit is as follows, to-wit: Petitioner requests a divorce from Joe Broxton Anders and does not know his whereabouts, as is more fully shown by Plaintiff (s) Petition on file in this suit.
 If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.
 The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
 Issued and given under my hand and the Seal of said Court, at office in Big Spring, Texas, this 21st day of April A.D. 1975.

Kennedy Leading Ford In Popularity Poll

NEW YORK (AP) — Sen. Edward M. Kennedy of Massachusetts is the only potential Democratic presidential candidate running ahead of President Ford in popularity, according to the Harris organization said. Two other Democrats were running neck-and-neck with the President in popularity, the survey showed. Sen. Edmund S. Muskie of Maine tied 45-45 with Ford with the rest undecided, while Sen. Henry M. Jackson of Washington and Ford matched at 44-44. Sen. Hubert H. Humphrey of Minnesota trailed Ford by two per cent at 47-45; Sen. Lloyd M. Bentsen of Texas lagged 47-38, and Rep. Morris K. Udall of Arizona trailed, 50-33.

Snyder Man Is Found Hanged

SNYDER — The body of Alex Rios Coy, 21, was found about 8 a.m., Monday in the warehouse at the Von Roeder Seed Farm west of Snyder. Frank Ybarra of Snyder discovered the body, a police report revealed. Coy was found hanging by the neck. An inquest is to be conducted in the death.

 After a surge following the Easter holidays, enrollment in Big Spring schools dipped a bit last week. Elementary totals were off by seven, leaving 3,295; secondary were off two, making 2,885; and hospital and homebound down five to level at 153, making a total of 663, or 14 less than the week before.

The Solid Rock CHRISTIAN CENTER PRESENTS
Charles Trombley
 IN A TEACHING SEMINAR ON
"LIVING IN THE KINGDOM"
HOW TO LIVE WHEN TO LIVE
 Thurs., April 24th 7:30 P.M.
 Fri., April 25th 10:00 A.M.
WHERE TO LIVE
 Fri., April 25th—7:30 P.M.
AT THE DORA ROBERTS COMMUNITY CENTER
 Charles Trombley was formerly a Jehovah's Witness, being converted to biblical Christianity as a result of his daughter's club feet being healed in answer to prayer. After many heartaches, rejection by friends, and personal questions, he received the baptism in the Holy Spirit which completed his liberation. His testimony has been featured in several leading periodicals including the March 1963 VOICE.
 Since then he has furthered his education at Immanuel Baptist College and had a wide ministry as a dynamic teacher. He edited THE EXPOSITOR PUBLICATIONS, authored several books including his best known work, "KICKED OUT OF THE KINGDOM" by Whitaker Books and articles that have appeared in numerous magazines.
 On Oct. 9, 1973 he was guest speaker at Key '73 luncheon seminary in New York City for Ambassadors and Representatives of the United Nations only.
