## 'Lost Convoy' Of 585 Crosses Into Thailand

ARANYAPRATHET, Thailand (AP) — A truck convoy of 585 weary foreigners who were trapped in Cambodia when it fell to the Khmer Rouge crossed into Thailand on Saturday. They reported that another 250 foreign nationals were still waiting to be evacuated from Phnom Penh.

Eight newsmen in the group said they had agreed to withhold until later details and photographs of their experiences — lest publication now endanger the 250 left behind.

It was unclear exactly what dangers faced the 250, or whether they were to be regarded as hostages.

The evacuees were predominantly French, but a score of other nationalities among them included some American civilians and seven staff members of the Soviet Embassy in Phnom Penh.

Those left behind were reported still in the French Embassy compound in Phnom Penh, where foreigners took refuge after the capital fell on April 17. The French consul, four American newsmen, about 100 Pakistanis and nationals of some other countries were among them.

The arrivals said that those who remained were in generally good condition and probably would start soon on the same arduous three-and-a-half day truck journey over more than 200 miles of war-damaged roads.

"We have agreed to impose on ourselves a news embargo and we will not write anything about what happened in Phnom Penh or about our trip until the last person in the French compound has left and reached Thailand," Sydney Schanberg of the New York Times said in a statement on behalf of the eight American, French, German, British and Swedish newsmen who crossed the border. "Any newsman who violates the agreement puts the lives of those people in danger and must accept the consequences."

Indications were that the evacuees had undergone tense and emotional ex-

periences with at least some physical hardship. French officials had originally reported that many were suffering from dysentery and that the embassy had run short of food and water. But officials of the International Red Cross said the foreigners had been well treated by the Khmer Rouge

in Phnom Penh and by soldiers and civilians during their journey.

"We are grateful to the Cambodian people that not a single one was harmed or in bad health," said Andre Tschiffel, a Swiss member of the Red Cross team that had waited nearly four days at the border.

## Women Running Their Hose To Fight Fires

HOMETOWN, Ill. (AP) — When the fire alarm sounds in this suburb of 8,000 just south of Chicago, eight housewives answer it. They make up nearly a third of Hometown's volunteer firefighting force.

Fire Chief Richard Christopher said he put a notice in the community's weekly newspaper last November asking if women would be interested in becoming firefighters.

"Most of the men had taken extra daytime jobs because of the economy and were not available for fire or ambulance service except perhaps at night," said Christopher. "I thought women could fill in during the day."

Ten responded to the notice and eight stayed on for 160 days of training. They can do everything. This is no pantyhose brigade. They are fully equipped and wear boots, helmets and bunker coats just like the men."

Although the women mainly are used for daytime duty, they are on call around the clock. They go on an average of one ambulance call a day and one fire alarm a week, mostly calls for overheated furnaces, clothes dryers, or a blaze in a garage or shed.

"So far we haven't had a major fire, but the women have helped fight several when we were needed in surrounding communities," said Christopher.

All eight women have children. The husbands of three are volunteer firemen.

In each of their homes is a tone-activated receiving

device that alerts them from the fire station.

"The town siren also goes off when there is a fire," said Marlene Swiney, a 31-year-old mother of four whose husband is a firefighter at night and a truck driver during the day. "The minute the siren is heard, my neighbor comes over and baby sits. That is the way it is with all the other mothers on the force, too."

"I really enjoy the duty," said Mrs. Swiney. "It is a lot of work, but interesting. And we have the satisfaction of doing good for the community."

"We drill with the men twice a month with ladders, fire hoses, booster lines, and other equipment on our two large firetrucks. We also have one small truck."

"I'm lucky because we live only 1 1/2 blocks away," said Mrs. Swiney. "It's all like a dream come true for me. When I was a kid I wanted to be a boy so I could grow up to become a fireman."

Timothy and Elizabeth, he said, weren't allowed to eat any of the candy they collected until just before their 9 p.m. bedtime. O'Bryan said he let each child have one piece.

Timothy picked a Pixie Stix, a powdered confection packaged in a plastic cylinder.

Moments after eating the candy Timothy called out, "Daddy, daddy, my stomach hurts," said O'Bryan.

Jury Selection

TYLER, Tex. (AP) — Jury selection is expected to resume Monday in the capital murder trial of Edward Eldon Corley, accused of the Sept. 14 shotgun slaying of Vicki Lynn Morris, a Chapel Hill housewife.

A man phoned a local newspaper 70 minutes before the first bomb went off to give warning and to claim credit. He said he belonged to the "Meinhof-Pug Antich group," authorities reported.

Although there was no immediate identification of the group by police, Ulrike Meinhof is a West German anarchist serving an eight-year prison sentence for helping another anarchist escape custody.

## PREGNANT ESCAPEE

AUSTIN, Tex. (AP) — Police don't think they will have much trouble finding a woman who escaped from their custody — when last seen, she was wearing two hospital gowns and was about to have a baby.

Police said she had been arrested for shoplifting but escaped from the maternity ward at Brackenridge Hospital.

HOUSTON (AP) — A man known as a loving father and an active church worker goes on trial for his life here Monday, charged with murdering his 8-year-old son with poison Halloween candy.

Ronald Clark O'Bryan, 30, a former Big Spring optician, is charged with killing his son, Timothy, with cyanide-laced candy in order to collect on a \$38,000 life insurance policy taken out on the boy only a few days before his death.

The state seeks the death penalty for O'Bryan under a Texas capital punishment statute which allows the ultimate penalty in cases of murder for profit.

O'Bryan's attorneys, Richard E. Harrison of Dallas and Marvin Teague of Houston, said there will be "a lot of pretrial motions to dispose of" before jury selection can get started.

Teague estimated it will take at least two weeks to select a jury qualified on the death penalty.

Among the motions to be considered by District Court Judge Frank Price is a defense request that all evidence gathered by police during a search of O'Bryan's Deer Park residence be suppressed.

Murder charges against O'Bryan — filed by Pasadena police after a massive investigation that aroused suspicion and anger in whole neighborhoods of the Houston suburb — triggered outcries of protest and disbelief from friends of the O'Bryan family.

O'Bryan was a very active member of the Second Baptist Church in Pasadena and was known as a strong family man devoted to his son, Timothy, and daughter, Elizabeth, 5.

Timothy died last Halloween night only a short time after going trick or treating with his father and his sister. They were accompanied by a family friend, Jim Bates, and two Bates children.

The group went from door-to-door in the comfortable Bowling Green subdivision where the Bates lived, but they didn't stay out long.

"The weather was so bad, we didn't stay out more than 30 minutes," O'Bryan told newsmen later.

Timothy and Elizabeth, he said, weren't allowed to eat any of the candy they collected until just before their 9 p.m. bedtime. O'Bryan said he let each child have one piece.

Timothy picked a Pixie Stix, a powdered confection packaged in a plastic cylinder.

Moments after eating the candy Timothy called out, "Daddy, daddy, my stomach hurts," said O'Bryan.

## Tech Prexy Selected As Banquet Speaker

Dr. Grover Murray, president of Texas Tech, will be the key speaker at the annual Zales-Big Spring Herald Youth Achievement banquet at 7 p.m. Tuesday at the Big Spring Country Club.

Twenty finalists from the four high schools in Howard County will be honored at the event, along with their parents, mayors from their respective towns and school superintendents.

One winner will be announced from Big Spring, Forsan, Coahoma and Sands High Schools.

Dr. Murray received his BS degree at the University of North Carolina and his MS and Ph.D. from LSU. He worked several years for oil companies and then became a professor at LSU. He has been adviser for oil companies in Australia, Venezuela and other parts of the world. He became president and professor of Geosciences at Texas Tech in 1966 and in 1969 became

bathroom and began vomiting.

"He was in the bathroom, convulsing, vomiting and gasping and then suddenly he went limp," said

O'Bryan. The boy was dead on arrival at a hospital.

IN HEAVEN  
Tears formed in O'Bryan's eyes the next day as he told reporters of his son's death.

## FATE OF 80 VIET PILOTS TRAINED AT WEBB UNKNOWN

The fate of 80 South Vietnamese Air Force pilots, who were stationed at Webb Air Force Base for several months, is not known.

However, a former Vietnamese liaison officer stationed at Webb Air Force Base, reportedly contacted officials at Webb April 29, the day before Saigon was surrendered to the North Vietnamese Communists.

Webb officials would not comment on the communication.

The latest group of 15 South Vietnamese pilots

graduated from the Security Assistance Training Program April 11 and departed for South Vietnam, along with their liaison officer, the following week.

Reports from South Vietnam say that some South Vietnamese pilots flew military planes evacuating civilians to Thailand while some others were evacuated by United States forces.

It is not known if any of the 15, or of the 65 other pilots who learned to fly at Webb Air Force Base were among those who left South Vietnam safely.

## VIETNAMESE AIRMEN 'Most Of Us Are Crying At Night'

AGANA, Guam (AP) —

Forty-five Vietnamese airmen caught up in the panicky exodus from South Vietnam pleaded Saturday to return to their homeland.

"If we go back, the Communists may kill us," said Sgt. Tran Thanh Tong. "We are ready for that. But first, we must see our families."

Sgt. Nguyen Van Hien's eyes welled with tears as he fumbled in his wallet to find a faded picture of his wife and infant daughter. "Most of us are crying at night," he said as he waited to talk to the commander of his camp.

The men said they thought they were boarding aircraft to safe bases in Vietnam but found themselves at the Utapao Air Force Base in Thailand and heading for the United States.

After landing in Thailand, Tong said the group asked to be taken to the Cambodian border where they planned to start walking home. When that request was denied, the anguished technicians lined up and demanded to be shot, he said.

Instead, they were given injections of sedatives and put aboard aircraft, said Tong.

Tong and Hien, with the help of an interpreter, poured out their tale to Army Col. John O'Donohue, commander of the "Tent City" at Oronte Point.

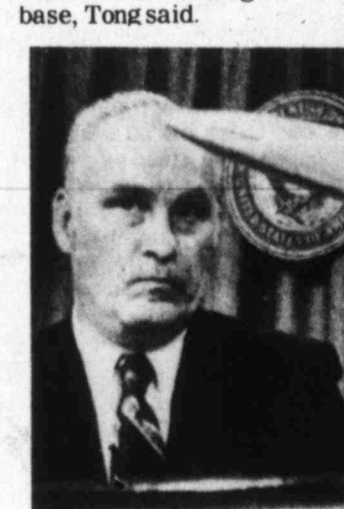

They gave O'Donohue a letter addressed to President Ford, which read in part: "Most of us still have our families in Vietnam and we would not, for any price, be able to live by ourselves in a

foreign country.

"We therefore do hope, that with your humanitarian plan in mind, you would find a way to send us back to South Vietnam as soon as possible, no matter what the Communist government is reserving for us."

Attached to the letter were the names of the 45 reluctant refugees who were all non-commissioned Air Force officers at the Tan Son Nhut air base near Saigon.

The men were ordered aboard cargo planes last Tuesday amid heavy communist shelling of the base, Tong said.

NAVY FIGHTER DECISION — Under secretary of the Navy David Potter displays a model of the F18 fighter plane as he meets with newsmen at the Pentagon to announce the aircraft as the Navy's choice to become its multi-purpose fighter of the future.

Potter estimated that a force of 800 jet fighters would cost about \$7.8 billion each, or a total of more than \$6 billion.

## Proposal To Cut Tax Rate Sparks County Agenda

Jack Watkins, president of the Big Spring Property Owners Association, will present a proposal for reducing the \$1.04 county tax rate by 9 cents when County Commissioners Court meets Monday.

Watkins suggested that all interested persons attend. County Judge Bill Tune will convene commissioners court at 9 a.m. The conference with Watkins is the fifth item on a seven-item agenda.

Also, the court will: Talk with Charles Graham of the Texas Department of Community Affairs about a

grant application for personnel management development projects.

Discuss with J. W. (Bill) McClendon, president of Big Spring Aircraft Inc., the question of whether the firm or the county should get lease money for hangar

space to be used by Trans Regional Airlines. Consider removing partitions in the T-41 hangar to provide appropriate space for the airlines.

And approve the bond for a public weigher, Clyde Eager.

He ended the story with: "I have my peace in knowing that Tim is in heaven now."

The death sent shock waves through Houston and its suburbs.

Parents were warned to carefully check the candy collected by their children. Many parents threw away all the candy.

Suspicion centered on the Bowling Green subdivision where the O'Bryans knocked on doors. Pasadena police urged parents to bring to the police station any candy collected in that area.

SOLO IN CHURCH

An autopsy showed Timothy died from cyanide poisoning. The extremely lethal chemical was found in the candy he had eaten and police recovered five other Pixie Stix also laced with cyanide. One was found among Elizabeth's Halloween candy.

Police conducted a door-to-door canvass of the Bowling Green area, retracing the path taken by the O'Bryan children. Residents there received scores of crank telephone calls and the streets were busy as curiosity seekers drove through the area.

The O'Bryans, meanwhile, endured their grief. On the Sunday after Halloween, O'Bryan sang a solo in church, substituting his son's name in key places in a hymn about the peace offered by the assurance of an eternal life in heaven.

On the day before, funeral services for Timothy drew one of the largest crowds ever in the Pasadena church.

After three days of exhaustive, detailed investigation, Pasadena police said they discovered O'Bryan had taken out insurance policies on his children only a few days before Halloween.

Officials said he submitted to a polygraph test and only a few hours later was charged with murder in the death of his son.

Other facts were soon uncovered about O'Bryan.

JUST CURIOUS

Bates told officers that it

was O'Bryan's idea to trick or treat in the Bowling Green neighborhood. Also, he said at one particular house he didn't see anyone answer the door, but that O'Bryan returned with five Pixie Stix. Later, O'Bryan distributed the Pixie Stix to his two children and to the Bates children.

In a hearing Nov. 12, a chemist, Bob Terry, testified that O'Bryan called him two months earlier and asked a series of questions about the use of cyanide.

"He asked if just anyone could buy cyanide and I told him 'no,'" Terry said. "He also asked how much cyanide it would take to be fatal. I asked him why he needed to know all this and he said he was just curious."

David Jackson, a salesman at a chemical company, testified that O'Bryan once inquired at the company about buying some cyanide, but Jackson said, "I can't recall if I sold it to him."

Despite the evidence, however, many neighbors and friends of O'Bryan refuse to believe he could have caused Timothy's death.

"I'm not going to believe it until I hear him admit it personally," said one neighbor. "Ron O'Bryan just couldn't do something like that."

That wave of traffic fatalities, which has plagued us for the past fortnight, continued last week here and elsewhere with three local victims. Bobette Tinley, 59, wife of Dr. Robert Tinley, was killed Monday when she must have blacked out while entering Colorado City and hit a utility pole. The day before, Dimas Morales, 20, was killed when his car rolled on a turn at US 80 and Old Highway 80 western Big Spring. Then at San Diego, Calif., Elgie Kenneth Gayes, 19, son of Mr. and Mrs. Bobb Bayes, Knott, was killed in a car-motorcycle mishap.

The advisory committee, headed by Col. Bob Meisenheimer, made its report to the school board Monday with suggestions of steps which might be taken in event there is a Middle School concept (pooling sixth grades with the present junior highs with their seventh and eighth grades); combining schools with possible closing of Morrison (head start), Boydston and Parkhill. This drew immediate reaction from some four score patrons representing particular schools or segments. Roy Watkins, board president, said no quick action is contemplated but that evaporation of a \$900,000 surplus in face of rising costs points to pinched down or ante-ing up more taxes.

ATTENTIVE STUDENTS — Ernest Matthews and Walter Whitley are among the VA patients learning art from Mrs. Norma Walker of Midland, who is teaching classes at the hospital one day each week.

## VA Patients Learning Art From Patient Tutor

By MARJ CARPENTER  
For the patient in a Veterans' Hospital, like any other hospital, hours get long and time can get completely out of focus.

Days are measured by medication, treatment, the doctor's rounds, the morning bath, food trays, and often, pain.

Boredom is a side product inflicted on the patients who reside on that plateau in between very ill and very well.

The lucky ones are ambulatory patients who can visit the recreation room or sit in the television room. Some can even go down to the lobby and occasionally out onto the grounds.

But there are those who can't. And those who won't, for various reasons.

Veterans Hospitals hold veterans with assorted illnesses such as found in any other hospital, as well as the wounds inflicted in war time, or injuries which followed war time causes.

TAKES ALL KINDS

The last Spanish American War Veteran left nearly anywhere in the United States recently died in Big Spring and had been a patient many times in the local VA Hospital.

But in addition, the hospital patients from four different wars and conflicts including World War I, World War II, the Korean and Vietnam conflicts. They range in age from the early 20s to the 80s and 90s.

Their condition differs from fair to critical. They include patients flat of their back, patients without the use of any limbs, to patients with nervous disorders or broken bones.

Stepping into this world of timeless days, possible boredom, and often discouragement, are the volunteers. Their duties are many as they attempt to carry a little cheer, or at least variety into those lengthy days.

An unusual type volunteer

began coming around the local VA hospital two weeks ago. She is Mrs. Norma Walker of Midland, only professional artist in Texas known to be giving a day a week to give free art lessons to those who desire. The VFW Post 7208 Auxiliary unit in Midland are buying her supplies for the project.

It is a new venture and she began to approach patients recommended on different floors by the nurses as those who might be interested.

Among the first ten students that she is working with is Walter L. Whitley of Fort Smith, Arkansas.

He was in the navy in World War II and spent 22 months on a destroyer escort in the Southwest Pacific without touching land.

"When I got off that ship, I staggered down the street like a drunk," he recalls. When asked if he might draw some sea pictures, he grinned and answered, "I might." He was working in charcoal Tuesday when Mrs. Walker was at the hospital.

WILLING TO TRY  
"I've never drawn pictures before but I'm sure willing to try," he states firmly.

Another was Ernest W. Matthews of Odessa. He's a truck driver from Odessa and served with the Seabees in Alaska and the Pacific during World War II. "I've always liked to draw and I have a couple of sons that can draw," Matthews stated.

Mrs. Walker said, "He drew a good picture the first day. I also have a patient from Seminole, who has rodeoed all over the world — even in Madison Square Garden. He drew a remarkable horse."

The patients range in interests and backgrounds as well as in present physical ability. She has one patient who may learn to paint by wielding the brush with his teeth.

Mrs. Walker said the patients will first use pencil and charcoal and later acrylics and temper paints. "We can't use oil paints in the hospital due to the odor of turpentine. We will have to take the charcoal out of the rooms to spray them with fixatives. But we're going to have some art. There's a lot of talent up here."

There is a lot of time up there, as well.

Students Plan On Auditions  
GARDEN CITY — Mrs. Dick Mitchell's students will compete Wednesday in the National Guild of Piano Teachers auditions in Big Spring on Wednesday. ## New Officers Tests Disclose Of Lung Unit 'Bad' Cat Rabid Are Installed

New officers of the Big Country area of the American Lung Association of Texas were installed Saturday at Holiday Inn in San Angelo.

They were James M. Binion, Abilene, president; Ted W. Hogan, Crane, president-elect; Mrs. Doyle Dondra, Ballinger, vice president; Mrs. Billy Joe Luckett, Bronte, secretary-treasurer; Mrs. Earnest Barrow, Eola, was the installing officer.

Don Hensley, Merkel, 1974 fund chairman, reported income of \$55,224 from Christmas Seal sales which was 3.1 per cent over the 1973 totals. Reports were heard on the state meeting and on projects of the district, including assessment of a need for an asthma improvement class in Big Spring. Announcement was made of the pulmonary care workshop in Midland, June 6-7 for medical personnel in Midland and Big Spring. Next meeting will be in San Angelo (headquarters are 1962 W. Beauregard) Sept. 27.

Seal revenue reports from counties in this area included Glasscock \$117 (121.8 per cent over 1973), Howard \$4,359 (94 per cent), Martin \$244 (66 per cent), Midland \$10,535 (106 per cent), Mitchell \$1,086 (88 per cent), Nolan \$2,147 (97 per cent), Reagan \$202 (109 per cent), Sterling \$158 (117 per cent), Taylor \$10,745 (107 per cent) and Tom Green \$8,191 (99 per cent).

## Class 75-07 Receives Wings At Webb AFB

Fifteen American and two Iranian student pilots received their wings at Webb AFB Wednesday during graduation ceremonies for Undergraduate Pilot Training Class 75-07.

Brig. Gen. Winfield Wayne Scott Jr., vice commander of the Sacramento Air Logistics Center at McClellan AFB, Calif., was the guest speaker. A veteran fighter pilot with more than 4,000 hours of flying time, General Scott welcomed the graduates into the ranks of Air Force pilots.

Heading the list of Webb graduates was 2nd Lt. Miles A. Batt, who received the Air Training Command Commander's Trophy, the Flying Training Award and a Distinguished Graduate Letter. Also honored during the graduation ceremony were 2nd Lt. Mark A. Middleton and Jimmy C. Mann. Lieutenant Middleton received a Distinguished Graduate Letter and the Military Training Award. Lieutenant Mann was

presented the Academic Training Award.

In addition to the 17 students who received wings, 2nd Lt. Mir Ali Fateri-Reziani, from Iran, was presented a course completion certificate.

The class entered training in May of last year. The T-37 phase of training began in June and the T-38 phase began in October.

Graduates, listed with aircraft and base of assignment:

2nd Lt. Miles A. Batt, F-4, Luke AFB, Ariz.; 2nd Lt. Glen F. Blalock, C-141, McGuire AFB, N.J.; 2nd Lt. Robert M. Davison, KC-135, Beale AFB, Calif.; 2nd Lt. Charles J. Fries, KC-135, Loring AFB, Maine; 2nd Lt. Bobby J. Hines T-38, Webb AFB, Tex.; 2nd Lt. Luther S. Henderson, RF-4, Zweibrucken AB, Germany; 2nd Lt. Hugh L. Hodges C-141, Norton AFB, Calif.; 2nd Lt. Lawrence L. Lott, KC-135, March AFB, Calif.; 2nd Lt. James Mancini B-52, Anderson AB, Guam.

2nd Lt. Jimmy C. Mann B-52, Seymour Johnson AFB, N.C.; 2nd Lt. Christopher W. Merrill B-52, K.I. Sawyer AFB, Mich.; 2nd Lt. Jack D. McCalmont C-130, Little Rock AFB, Ark.; 2nd Lt. Mark A. Middleton C-130, Dyess AFB, Tex.; 2nd Lt. Christopher W. Morrill B-52, K.I. Sawyer AFB, Mich.; 2nd Lt. Eric J. Nickerson T-37, Webb AFB, Tex.; 2nd Lt. Thomas E. Yops EC-135, Offutt AFB, Neb.; 2nd Lt. ### Ball Complex Bill Signed

Both houses have passed and Gov. Dolph Briscoe has signed a bill which permits the state to convert acreage to the City of Big Spring for development of a softball-recreation complex.

The city has been approved for a grant to aid in the development of the tract which is located north of IS 20 and west of U.S. 87, part of the land held by the state but not in use for the Big Spring State Hospital.

Rep. Mike Ezzell advised the Herald that the bill had cleared all hurdles. Both the Senate and House had passed the bills, but neither had concurred in the other until the past week.

## Bi-Cen Program Is Kicked Off

LAMESA — The bicentennial program kicked off in Lamesa today with the presentation of the flag by State Senator Kent Hance from Lubbock.

Taking part were the Lamesa High and Middle School bands, the LHS choir, a color guard from Webb and antique car buffs.

Bill Hardage was master of ceremonies.

### Aid In Airlift Draws Applause

ANGELES, PHILIPPINES — Susan L. Horgan, daughter of Mr. and Mrs. Arnold O. Lange of Garden City, Tex., was among several hundred Air Force dependents who recently provided support during the airlift of Vietnamese and Cambodian orphans to the United States.

The wife of 1st Lt. Thomas G. Horgan, she served in a volunteer capacity during the stopover at Clark AB, Philippines, of more than 850 children en route to their new homes in America.

The orphans were housed, fed and given medical treatment at the bases' facilities before continuing their journey to freedom.

### Garden Seminar To Be May 6

Home garden enthusiasts will want to put May 6 down on their calendar as a day to remember.

The event is a home garden seminar starting at 10 a.m. at the Texas Electric Service Co., Reddy room, 409 Runnels St. The public is invited.

Speaker for the program will be Dr. Bill Peavy, area horticulturist, Texas Agricultural Extension Service, Fort Stockton. On the agenda are: Drip irrigation in home gardens, vegetable varieties, garden irrigation and a question and answer session concerning home vegetable garden problems.

## Electrical Repair No Longer Male's Domain

Electrical repair and installation is no longer the exclusive domain of Willie Wirehand. Elsie the Electrician has moved into the scheme of things — and is doing right well, thank you.

In fact, this year's electrical class at Big Spring High School's vocational division has five girls enrolled, and E. Y. Buckner, instructor, said he is more than pleased with their aptitude and enthusiasm.

This marks the first year that girls have been included in the program, and Buckner is hopeful that even more

will sign up now for next year. Boys or girls should contact Harvey Rothell, high school vocational counselor, for more information concerning the appliance repair class.

The repair class is a day trades preparatory program.

At BSHS there are two classes — the morning and afternoon sections. One period is given to technical instruction, and two periods to lab- or on-the-job experience.

Usually, after the technical study, class

members go to the lab to repair toasters, irons, washing machines, refrigerators, or to diagnose and repair minor electrical trouble. Also, part of the curriculum is the installation of some electrical wiring, air conditioning and heating systems in houses being constructed by the building trades class.

The electrical class was originated in 1964-65 with enrollment limited to boys in the 11th and 12th grades. Later 10th grade boys were accepted, but this year the program was opened to girls. Surprisingly five girls enrolled, and even Buckner says he is surprised at their performance. He hopes there will be more of them next year.

### New Delinting Process Used

TUNICA, Miss. — Cotton Incorporated engineers have developed a new wet-acid process for delinting cottonseed that safeguards seed quality, eliminates environmental pollution problems, recovers a usable byproduct, and cuts costs by requiring 1-40th of the amount of sulfuric acid.

The new technique consumes only a fraction of the sulfuric acid used in conventional wet-acid delinting operations. It promised seed quality as good as, or better than, seed from other delinting methods.

The new process was developed in research conceived and conducted by Cotton Incorporated, the fiber company of U. S. cotton producers, with marketing operations located in New York and research activities centered in Raleigh, N. C.

The process yields naked seed with all the fuzz removed, facilitating separation of the immature from the mature seed. Linters may be recovered for human or stock food. Key to the process is application of acid at one-tenth previous strength, then evaporating the water content from the mixture to which seed were subjected. This raises strength of the acid, removing 93 per cent of fibers.

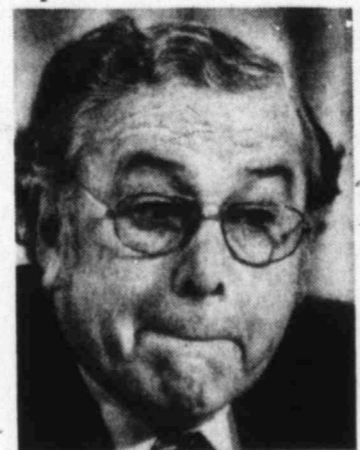

### Drug Dealers Still Busy?

COLORADO CITY — The local airport apparently is still being used as a drop site for airplanes hauling illegal drugs across the border from Mexico.

Recently, Sheriff's Deputy Jim Reynaud and Highway Patrolman Marvin Keenan spotted a plane that landed at the airport late one night.

As they went to investigate, the plane took off and would not stop even when red lights were turned on by the officers.

After the plane was airborne, the plane's lights were turned off, according to the report.

THEIR MONUMENT TO MANKIND WAS BUILT TO LAST — Pictured at the top were members of Civilian Conservation Corps No. 1857, who descended upon what is now Big Spring State Park here in the heart of the Great Depression during the early 1930s to construct a scenic roadway that is used to this day. The personnel worked for board, room, clothing and \$1 a day — and

most were glad to get it. Jobs were next to impossible to find in those dark times. Most of the construction was done by hand. For one thing, the enrollees had a lot of time on their hands. For another, their leaders felt it was a more permanent method of construction. The barracks which the young men occupied can be seen below. This scene is facing south. The barracks have long

since disappeared but the work corpsmen did remain a source of pride to the community to this day. P. D. Kelly, the laughing youngster who is at the far left in the next to last row, supplied these pictures. Kelly now makes his home in Houston.

### DEATHS

#### Mrs. Owens

Services will be conducted at 2 p.m. today at the Antioch Baptist Church in Grice for Mrs. Ira Zuma Owens, 90, who died at 8:50 p.m. Thursday in a Big Spring hospital following a short illness.

Mrs. Owens, a native of Upshur County, had resided in Big Spring the past seven years. Officiating at the funeral will be the Rev. E. F. Cheshire, pastor. Burial will be in the Grice Cemetery under the direction of Loyd Funeral Home.

She was a member of the Baptist Church.

Survivors include a daughter, Mrs. Lucille Roberts, Big Spring; a son, B.C. Owens, Fort Worth; a brother, W.W. Turner, Gilmer; a sister, Mrs. Sybil Jarrett, Gilmer; eight grandchildren; 22 great-grandchildren; and one great-great-grandchild.

#### Cemetery under direction of Branon Funeral Home of Lamesa.

Mrs. Tijerina, a native Texan, had been a resident of Dawson County for the past 24 years. She had been lifelong Catholic.

Survivors include her husband, Matilde; three sons, Willie Tijerina, of Lamesa; Ygnacio Tijerina of Austin and Pedro Tijerina of Midland; four daughters, Mrs. Angelita Minjaraze of California, Mrs. Mary T. Vasquez of Lubbock and Mrs. Ventura Rocha and Mrs. Beatrice Esparza, both of Lamesa; two sisters, Mrs. Maria Aleman of Mexico and Mrs. Delia Torrez of Lockhart; 29 grandchildren; and seven great-grandchildren.

#### H. G. Hayworth

Services for H. G. Hayworth, 80, who died Thursday in El Centro, Calif., will be held at 2 p.m. Monday at Nalley-Pickle Rosewood Chapel. Choice Bryant, Church of Christ minister from Odessa and J. R. Jarrell, a grandson and a Church of Christ minister from El Centro, Calif. will officiate.

Burial will be in Mount Olive Memorial Park.

#### Sara Tijerina

LAMESA — Services for Mrs. Sara Tijerina, 73, of Lamesa, will be at 3 p.m. today in St. Margaret-fary's Catholic Church here with the Rev. Jerome Vitke, pastor, officiating.

Burial will be in Lamesa

#### Bike Riders Help TARs

Some 25 bike riders and two hikers covered the 19.1 miles from the College Park Shopping Center to Coahoma and back for the TARs Bike-Hike Saturday.

The riders and hikers will collect about \$327 from sponsors to benefit the activities of the local Teens Aid the Retarded chapter. The club sponsors many activities for the retarded and will send several local youths to the Texas Special Olympics in Austin later this month.

Gary Cole turned in the best time among the bikers, covering the distance in one hour and 15 minutes.

#### Fred Dickerson

Services were held Saturday at 10 a.m. in the Nalley-Pickle Rosewood Chapel for Fred Dickerson, 62, who died Thursday morning.

Bob Kiser, minister of the Anderson Street Church of Christ officiated and burial was in Mount Olive Memorial Park.

Pallbearers were Monroe Copeland, Lonnie Griffith, Cliff Cunningham, Gene Madrey, Winfred Mears, and George Smith.

BEGIN TREK — Members of the local chapter of Teens Aid the Retarded (TARs) prepare to begin their Bike Hike to raise money to benefit the retarded Saturday. Shown are, left to right, three bikers, Kevin Hattenback, Gary Cole, and David Richardson, Hike-Bike Chairman Frank Ortega, TARs Advisor Mrs. Harold Bell, Bonnie Bell and Mike Bell, check point official.

#### Knife Fight

A knife fight early Saturday morning sent a Big Spring man to a local hospital suffering from a severed artery in his right hand.

The fight reportedly involved the injured man, a juvenile and Theodore Diaz, who was later arrested and charged with aggravated assault.

#### Food Stolen

A juvenile was charged with burglary in connection with the burglary of a semi-trailer parked on a Texas and Pacific Railroad car early Saturday.

The trailer contained food bound for the Veteran's Administration Hospital and six cases were reported missing.

A transient camped under the West Viaduct reported that he saw two youths about 13 years old leaving the area of the burglary.

#### VANDALISM

Nineteen windows at the Shell Station at 1905 Wason Road sometime Friday night or Saturday morning, causing \$190 damage.

### THE WEEK

(Continued from Page 1)

A flap between former and present operational team members at least brought into the open something on plans for Trans Regional Airways service. Indications are that auxiliary equipment and instrumentation could be cleared in a few days, and that within a couple of weeks the current trial schedules can be adjusted to a permanent schedule.

Our young folks made good news. Cherry Ingram was picked as the queen for Lions District 2A-1, representing the Evening Lions; Abel Abundez won one of the National College Entrance Exam scholarships; Jimmy Burleson and Boyd Harrington won first places in the Sul Ross History tournament; Mark Hedges won first in state VICA electric repair; the BSHS girls choir won first division in the Amarillo festival as did the Meistersingers (N. 1 choir) and the boys choir all of which rounded out a successful spring tour; the BSHS Steer band took off for a tour that will lead to Cinco de Mayo concerts in Monterey, Mexico.

#### Rep. Mike Ezzell

flashed the work that both houses had passed and the governor has signed the bill conveying state lands north of US 20 and west of US 87 for development as a city softball-recreational complex.

Ironically, Roy Anderson, for whom the spread was to be named, had a heart attack and stroke about the same time.

#### Barry Stephens

worked with the Figure 7 tennis center for about six months during the time he was at Howard College, has been hired as the new pro. He will come here June 1 from Willowbrook Country Club in Tyler.

#### Word was received

that the Hayden House, Second and Gregg, has been entered in the National Register of Historic Places, thus putting it in line for consideration of a grant in aid for preservation of historical spots. Our county survey committee did the background work on this stately home, which once was written up in the Texas Architect.

#### So sad, but Trinity Lutheran Church

has voted to disband. The decision is a double loss — not only the church, but the Rev. and Mrs. Lester Utz, two wonderful people. The congregation was just too small.

#### How about our Jaycees?

They just about swept the field in the Area 1-C awards conference here last weekend, including outstanding chapter. They have

a good shot at this and other titles at the state meeting.

#### J. D. Gilmore

has stepped down after 34 years of service as a county school trustee. That's a long time and a significant service in time and effort—all for the satisfaction of helping.

#### There is a good chance

that the Bureau of Reclamation will center its efforts on the West Texas area at the beginning of its Highplex (High Plains Weather Modification studies) project. Texas representatives (involving Texas Water Development Board and the Colorado River Municipal Water District) appeared to have by far the best preparations, evoking from a top B-R official: "You fellows have certainly done your homework."

#### Which brings up the subject of weather

— generally pleasant, alas too dry. Chances for showers were missed. Meanwhile, over town the poppies, petunias, etc. were in profusion (some on East 6th west of Pon-derosa, Sixth and Nolan, 18th and Main, etc.), and as for wildflowers buttercups continued a striking display, along with paper flowers and galardia daisies. The yucca are coming on.

#### An important series of seminars on alcoholism

will begin Friday 9 a.m. at Howard College, and anyone is welcome to participate. These can, incidentally, carry continuing education credit.

#### From the Notebook:

Impressed by the striking characters painted on our fireplugs as a Bicentennial effort, Jack Hardesty thought Los Angeles, Calif. might have caught the idea when he returned home from here (he sent his sister, Corene Elliott picture clippings to prove it): "... I had a delightful time in your city and wish we had a hundred volunteer coordinators like Dene Shepard," wrote Mrs. Josephine Fleming, national Gold Star Mothers president. The visiting committee for the Southern Association of Colleges and Secondary schools had nice things to say about our senior and junior high schools. (You may want to clip these columns and send to former residents—Ed.)

#### Drunk In Auto Charge Filed

A domestic disturbance at 1:27 a.m. Saturday resulted in the theft of an auto. The car was reported stolen and was recovered a couple of hours later.

The suspect, described as a friend of the family, was charged with drunk in auto.

#### Shots Fired At Intruder

An attempted burglary was foiled about 11:38 p.m. Friday as Marie Alexander, No. 24 OK Trailer Courts, fired several shots at a man who was trying to enter her house through an outside hot water heater door.

The man reportedly yelled, "I'm tearing down this door to get in at you," while he proceeded to tear open the door.

Bloodstains were found at the scene after the man fled, but it was not known if the suspect was hit by a bullet.

Police are looking for a white man, about 5-10, 160 pounds, with long, wavy black hair who apparently fled on foot.

Damage to the door was listed at \$100.

#### Summer Paving Work 'Stuck'

County Commissioners Court has not acted on a request from County Engineer Neel Barnaby for a summer paving schedule.

Barnaby submitted this suggested list of roads for paving consideration:

Commissioners precinct one — 8 miles of Howard County (paving work started but not completed earlier); 2.5 miles of the Webb and Gin Roads; 2 miles of Howard County 42; 1 mile of Howard County 40 and a dip for Wolf Creek on Howard County 19.

Commissioners precinct two — 0.5 of a mile of Val Verde Lane; 1.2 miles of the McGregor Road (paving started here previously); 2.7 miles of Red Road; two

blocks (where paving was begun earlier) Twenty-Fourth and Twenty-Fifth Street; 0.2 of a mile on Derrick Road; 0.5 of a mile on Colorado Street; 0.1 of a mile on Miller Road and 0.1 of a mile in the Tubb's Addition.

Commissioners precinct three — 2.4 miles of Overton Road; 2.7 miles of Cauble Road; on Opal, Timothy, and Debra Streets for a total of 0.9 of a mile; and 1.65 of a mile on Rattiff Road in the Tubb's addition.

Commissioners precinct four — 2.7 miles of Luther Road; 2.8 miles of Howard County 45; 1.9 miles of Carpenter Road; around new Howard County Airport hangars and the Oasis dip.

#### Airport Baptists Set Dedication For Today

Airport Baptists today celebrate the completion of a complete remodeling of two educational units with all-day services.

Dedication of the refurbished facilities — "when the last brick was laid the last penny was paid" — has been set for 2 p.m. The Rev. Bryan Ross, San Angelo, area missionary, will bring the dedication sermon, and Chaplain Clayton Hicks of

the VA Hospital will offer the dedicatory prayer. Dennis Teeters, Coahoma, will be in charge of the music.

Activities begin with Sunday School in the newly equipped areas at 9:45 a.m., said the Rev. Arthur Thomas, pastor, who will be the speaker at the 11 a.m. worship. He will draw from Joshua's statement that "the people had a mind to work." Lunch will be served at the

church at 12:40 p.m. Training Union and evening worship will round out the day's activities.

The exterior of two educational units were given brick exteriors, and the interiors were renovated. New lowered ceilings were installed, wall paneling put up; floors carpeted, and ducts provided for central air conditioning and heating. The project cost in excess of \$10,000.

THE BEFORE AND THE AFTER OF AIRPORT BAPTIST REMODELING Educational units completely refurbished; dedication today

# Currie To Attend Bankers Confab

John Currie, president, State National Bank, Big Spring, will be among the nearly 2,000 Texas bankers and their wives attending the Texas Bankers Association 91st Annual Convention in Houston today through Tuesday.

He is the only Howard County banker planning to attend the meet.

This convention may be one of the most important in TBA's history, says TBA president, Gene Edwards, Amarillo banker. He made the comment in an Associated Press story.

"The uncertain condition of the nation's economy, the world-wide inflationary spiral, the moves by the

President and Congress to curb inflation and stimulate business activity at the same time make this one of the most significant conferences in TBA's long history," Edwards said.

The bankers and their wives will gather at the Hyatt Regency hotel for committee meetings and social activities today and will attend business sessions Monday and Tuesday.

A variety of speakers will address the convention.

New officers to be installed at the convention include J. B. Wheeler, president, Hale County State Bank, Plainview, president; S. R. Greenwood, president, Temple National Bank, vice-president; and W. F. Smith Jr., president, First National Bank, Quanah, treasurer.

## Exxon Leader In Production

HOUSTON — Exxon continued to lead the petroleum industry in the production of both crude oil and natural gas in Texas in 1974, according to an annual report published by Petroleum Information Corporation.

Exxon produced 164.5 million barrels of crude oil and 1.6 trillion cubic feet of gas in Texas last year. This represented over 13 per cent of the state's total oil output and 23 per cent of the total gas flow.

**RIBBON-CUTTING RITUAL** — Mayor Wade Choate wields the scissors in the ribbon-cutting ceremony Saturday morning which formally reopened Blum's Jewelers in more spacious quarters at Third and Main Streets. Mr. and Mrs. Joe Blum, flanked by a member of the Chamber of Commerce's Ambassadors' Club, are

pictured at the left. Mr. and Mrs. Ralph Brooks, present operators of the firm, together with members of their family and Minnie Earl Johnson, a friend, are also pictured. More Redcoats (Ambassador Club workers) are at the right. Large crowds visited the firm throughout the day.

## VIPs Make Bentsen Plugs Up Staff Local Projects

Again this summer, the only restored and refurbished officer's quarters at Fort Davis National Historic Site will be opened to the public on a daily basis from 10 a.m. until 5 p.m. beginning June 1 and continuing through Labor Day. The quarters, originally built for a captain and his family in 1881, houses a parlor, dining room, hallway and bedroom. A separate building, behind the house, served as a kitchen and servant's quarters.

As in previous summers, the quarters again will be staffed by "Volunteers in Parks." The volunteers, mostly women from Ft. Davis, Marfa, and Alpine, each donate on the average of four hours per week to interpreting the quarters to the public. The volunteers, dressed in appropriate dresses of the period, seem to make the house "come alive" as they tour the visitors through the rooms.

The VIP Program, established by Congress in 1970, has become an integral part of the summer interpretive program at Fort Davis. It has allowed Fort Davis NHS to greatly expand its living history demonstrations thus enhancing the park experience for the visitors. During the past three years, the volunteers at Fort Davis have donated a total of 2700 hours.

Although many of the volunteers are "seasonal veterans," having worked at Fort Davis since the program was started, each year new volunteers are needed and welcomed. Volunteers are reimbursed for their clothing and accessories, and for those volunteers traveling from a neighboring town a reimbursement for mileage is provided. Anyone who is interested in learning more about the "Volunteer in Parks" program at Fort Davis NHS can contact the Superintendent or one of the historians at the Fort.

AMARILLO, Tex. (AP) — Two persons were killed early Saturday when their car overturned on Texas 136 about 25 miles north of here. Police identified them as Jackie Murray, 24, and Edward Clute, 26.

committee in behalf of two Big Spring projects. His supporting statements were in behalf of \$65,000 for the Big Spring flood protection project currently in the advanced engineering-design phase. Another \$20,000 was recommended for the 1976 transition quarter. The Colorado River tributaries study project was chosen for \$125,000 for fiscal year 1976, plus \$35,000 for the transition quarter.

## Gideons International Rally Speakers 'Busy'

Speakers in Big Spring for the local Gideons International Rally will speak at about 40 local churches this morning and the entire delegation will attend a Gideon Hospital Testament presentation and dedication service at the new Malone and Hogan Hospital today at 2 p.m.

The Gideons International Rally began last night with a banquet held at the Student Union Building at Howard College. Emerson Ward, former International Extension Field Representative to South American and past state president of the Indiana Gideons, was the featured speaker.

Today's activities will begin with a prayer breakfast at the Holiday Inn at 8 p.m.

The speakers at the churches will be from Odessa, Midland, Lubbock, San Angelo, Abilene, Amarillo and Plainview. A display depicting various Gideon scriptures, Bibles and Testaments, bilingual Testaments and other items will be viewed at the hospital.

## PTA Will Host School Of Info

There will be a School of Information hosted by the Big Spring PTA City Council in the Texas Electric Reddy Room Monday from 7 to 9 p.m. The School will be a job-training seminar, an orientation to PTA, and an exploration of ways the PTA units council realize PTA potential. Mrs. G. Kent Rider, first vice president, Texas PTA assisted by Dr. Doug Brown, vice president of the 17th district board, will be teaching this seminar.

# Solving Hit-Run Cases Is Wallace Specialty

By MARJ CARPENTER

A Big Spring resident was busy preparing breakfast for her family and heard a crash outside the house. She rushed to the front door in time to see a pickup roaring off down the street, too late to obtain the license number. The vehicle had struck her parked car sitting outside the residence. Later in the day she discovered that the damage estimate to her vehicle was over \$300. She did not have collision insurance.

This case became one of many hit and run cases turned over to the city police. For many years, these were simply documented and forgotten unless somebody stumbled upon the culprit who had left the scene.

The general public becomes noticeably upset if somebody strikes a person and leaves the scene, but pays very little attention to the same 240 hit and run accidents a year where "only property" is involved. It is the most ignored of the traffic violations. Even statewide accident reports, which list everything under the sun; including fourteen major causes of accidents, times of accidents, dates of accidents, number of people using seat belts, number of people drinking and many other details, fail to even have a category for the hit and run accident on their report.

Millions of dollars worth of

JIM WALLACE checks hit and run

week by local merchants to discuss recent burglaries in which the stolen property was considerably less than that figure, since the first of the year.

There is nothing romantic about crimes such as hit and run, but there is a substantial loss to many vehicle owners each month.

Eying this problem, Police Chief Vance Chisum assigned Jimmy Wallace to follow up on every hit and run accident and do everything possible to locate the fleeing motorist. A fine is then assessed and the motorist is then also available for the cost of repairing the damage to the other vehicle.

There were 86 hit and runs up through the middle of April, since Jan. 1. Wallace has cleared 32 of these. In January, which was the first month for the investigations, nine out of 21 were located. During February, ten of 20 and during March, six of 12. During the first part of April, seven of 13 were found.

The others are still being sought, as well as the ones added day to day. There were several more during the last weeks of April.

Mrs. Thelma Stuteville, traffic clerk, helps Wallace keep the records on the cases.

Only half the time now is the hit and run driver getting away with it. His odds are getting worse all the time.

MAP STRATEGY — John Arrick, Big Spring Chamber of Commerce membership drive chairman (seated left) maps out the strategy for the annual drive which will begin Monday. Five teams headed by Tom Fetters (seated right), Al Stephens, Charles Dunnam, and W. S. Pearson (standing left to right), and Jeff Brown, (not shown) will call on prospective members.

## Luncheon Launches Drive

The Chamber of Commerce will be out to add to its 510 members beginning Monday as a noon luncheon will kick off the annual Chamber membership drive.

The drive will take a new form this year, as five teams will be given lists of non-members and will be given the task of trying to recruit the prospects. The teams will be competing against each other.

Team captains are Jeff Brown, W. S. Pearson, Tom Fetters, Charles Dunnam and Al Stephens.

John Arrick, president of the Ambassadors, is general chairman of the membership drive.

The drive will continue through Friday, with the winning team to be recognized at a dance that night. The dance will be sponsored by the Ambassadors Club for the members of the Chamber of Commerce and will be held at the Country Club from 9 p.m. to 1 a.m.

## PECOS PHYSICIAN SAYS: HEW Turning America Into Welfare State

SAN ANTONIO, Tex. (AP)

The Department of Health, Education and Welfare (HEW) is turning America into a welfare state, says Texas Medical Association president Ed Schmidt.

"Most of the problems encountered by medicine originate with the federal government," Dr. Schmidt told the TMA's 108th annual meeting here Thursday.

Schmidt, a Pecos physician, said HEW spends \$301 million every day and sends checks to one-seventh of the population through 300 major programs and thousands of smaller ones.

"If history projects itself into the future, by 1985 HEW will be spending more than

\$500 billion per year. The pattern of this growth is built in by law, and Congress gives no inclination to alter the inexorable trend toward a welfare state," he said.

Schmidt labeled an HEW mandate to establish professional standards for physicians "an unreasonable, absurd, unworkable, contradictory piece of legislation whose provisions would result in a disruption of the health care industry."

## Lone Star Gas Co. Rate Increase Wins Approval

AUSTIN (AP) — The Texas Railroad Commission granted the Lone Star Gas Co. a rate increase Friday but failed to act on the firm's request to pass along to its customers 100 per cent of the increase in gas costs.

The rate hike, classified as an "interim order," allowed Lone Star to raise its natural gas distribution charges by 8.83 cents per thousand cubic feet.

According to the commission order, the rate increase, which became effective May 1, will be in effect until a final decision is reached on Lone Star's "flow through" request.

The commission finds that the cities' evidence (offered in public hearings) that an increase in the intracompany gate return of 8.83 cents per mcf (thousand cubic feet) will give Lone Star a fair rate of return of 8 per cent which said cities admit is a reasonable rate of return on a fair value rate base of \$143,604,418," the order said.

During the public hearings in March, Thomas James, a Dallas city engineer, said his calculations indicated that Lone Star's rate base for domestic customers should be \$143,604,418 instead of the \$286,446,276 claimed by the

company. Lone Star's request for "flow through" gas increases had been opposed by Dallas, Fort Worth and the Texas Utilities Advisory Council. It will affect 523 Texas cities.

Friday's order also suspended the commission's permission allowing Lone Star to pass through 65 per cent of increased gas costs every six months.

Bill Fowler, commission hearing examiner, said the rate increase directly affects the price Lone Star can charge for delivering gas to facilities that ultimately deliver the fuel to customers. He said the 8 per cent return contrasted with the 9 per cent return asked by Lone Star.

## Fear 'Epidemic' Of Drug Use In North Texas Area

ARLINGTON, Tex. (AP) — The Federal Drug Enforcement Administration office in Fort Worth says there are indications of a possible new "epidemic" of drug use in the North Texas area.

Jack Salter, director of the Fort Worth office, said here after 61 persons had been rounded up in a drug raid that "the stage is set for another epidemic."

The arrests were the results of the undercover agents who moved into an Arlington apartment complex last October and led double lives for six months to gain the evidence needed for the roundup of suspected drug distributors and sellers.

Officials said the raid was one of the largest in county history.

"You don't hear very much about the drug problem any more, but we haven't noticed the situation getting any better," Salter said. "You talk to police departments across the nation and they'll tell you use of heroin, cocaine, amphetamines, barbiturates and marijuana is up."

Salter pointed out that many of those arrested were young persons.

He said that "the problem is taking in a wider age group. We have been having a terrible time with elementary children in Lubbock."

He added that federal drug officials are "very, very apprehensive that the problem will grow even worse when Turkey renews its opium harvest this year."

The Arlington area investigation involved the purchase of "several thousand dollars" in

marijuana, cocaine, heroin and other drugs by the two agents during the past several months.

About 30 of those arrested were in Arlington, 23 in Fort Worth and the rest in surrounding towns, Salter said.

He added three automobiles and 50 pounds of marijuana were seized during the raids that were

conducted by more than 50 officers from Arlington, Fort Worth and the DEA.

Three of those arrested were held on federal charges involving the sale of hard drugs.

Salter said average age of those arrested was 25.

Salter added officials have noted an apparent increase in cocaine use and said, "this indicates to us that drug use certainly isn't abating."

## Turnpike To Be Given To State

FORT WORTH, Tex. (AP)

The board of directors of the Texas Turnpike Authority has unanimously agreed to transfer Dallas-Fort Worth Turnpike to the State Highway Department as soon as the turnpike bonds are paid through existing toll schedules.

A representative of Coverdale & Colpits of New York, the turnpike's consulting firm, reported Friday that studies indicated all turnpike bonds could be retired no earlier than 1977 and that a 10-cent reduction in the toll would delay the payout only about a year.

The consultant estimated that turnpike traffic would increase 30 per cent as soon as tolls are removed.

While tolls eventually will end on the Dallas-Fort Worth Turnpike, the authority voted in other action Friday to hike tolls on the Dallas North Tollway by 5 cents.

## TEXAS TALK

Joe Dunn

Two major classes of sorghum are grown in the United States. Sweet Sorghum or Sorgo accounts for about 20% of the crop and is grown for forage, silage and sorghum (often called cane) syrup. The vast majority of the crop is grain sorghum. Although grain sorghum is grown predominantly for the grain, it also acts as a dual purpose plant with stalks commonly used as forage or silage. Experts don't always agree on world sorghum production but they generally acknowledge that at least 125 million acres are now used for planting sorghum crops. Use of sorghum as a food grain in China, Africa and India ranks sorghum with corn as a contender for the third most important food grain in the world (behind wheat and rice). All estimates are not yet in for this year's acreage in grain sorghum, but indications are, although local areas may show some increase, the national crop could be reduced as much as 5 percent.

## Some serious talk about West Texas gas

By K. B. "Tex" Watson, Pioneer president

Living in the middle of an area known for its abundant gas deposits, it's hard to imagine West Texans threatened by a shortage of natural gas. However, there is the possibility that governmental regulations could create a shortage here. If we are not vigilant, we could see much of our gas supply allocated to other areas. Or we could see price controls make it impractical for producers to drill additional wells in this area. What can the average citizen do to prevent that from happening? I would suggest that he be aware of the problem and support Pioneer's efforts to maintain our gas reserves.

# Hopefully, It's Here

Our beleaguered attempts at air passenger service from here have been running into an operational debate. What the Big Spring area is interested in is safe, convenient service.

When Texas International announced its pull-out (which was effected a few days ahead of the prolonged strike which grounded the carrier all over its system for many weeks), Big Spring entertained proposals from other operators. El Paso Air Transport, Inc. seemed in a position to offer the most immediate service, but any instant replacement was doomed to founder the shoals of an intrastate permit from the Texas Aeronautics Commission. To borrow a phrase, at long last this came through, but inauguration of service was not automatic.

It developed that preparations in equipment, personnel and auxiliary facilities had not been completed. Next came the change in administration of operations, with its debate, but with a promise of regular service (which was available last week).

In the face of this, it is rather remarkable that there has been considerable interest, not to mention a number of passengers, who have made use of the service to connect both at Midland and at Dallas-Fort Worth.

This offers a basis of hope that once the service can be cleared of other obstacles (such as installation of the electronic detection device necessary for boarding

passengers), then passengers can be put in a major carrier (probably American) ramp at D-FW regional airport already cleared for connecting morning flights. This, coupled with a service that will leave here early enough to give a safe margin for connecting flights would enhance the prospect for increased volume of traffic. We hope this can come within the next week or so. It's been about four months, and it's about time.

## Caution Against Rabies

Reports reflect an outbreak of rabies in this area, and while it is no cause for panic, it is a signal for caution.

The first and best precaution is to make certain that all pets are vaccinated against rabies. This is doubly necessary in the periphery areas where foxes and skunks, all too often rabid, wander in and become

embroidered with domestic pets.

A second precaution is to keep your own cats, dogs, etc. under close observation and in touch with your veterinarian in event of suspicious symptoms.

There is a mistaken idea that rabies only occur in the summer; this malady can occur at any time of the year. So caution and precaution are always in order.

## My Answer

Billy Graham

I am told that Jesus Christ lived a life on earth entirely free from sin. My question is: Would it have been possible for Jesus to have sinned? Did He have a choice? I'm aware of the Hebrews 4:14 reference. C.L.D.

First, let me quote that Bible reference for our readers. It says of Christ that He "was in all points tempted like as we are, yet without sin." Admittedly, the interpretation is difficult. Some scholars have been branded heretic for even suggesting the theoretical susceptibility of Christ to sin.

Maybe there's a clue in what John says in 1 John 3. He says the one "born of God doth not commit sin." Now he certainly does not mean that the Christian does no wrong. Rather, he means that to the extent the Christian gives no internal assent to the tempter, to that extent "the wicked one toucheth him not" (5:18). How much more true would this be of the Son of God.

In the earthly life of Christ, He underwent what one has called a complete "curriculum of trial and temptation." Satan came as close to Christ, probably closer than anyone else. But the difference was that Christ never, never gave in. Let's put it this way: "He could — but would not."

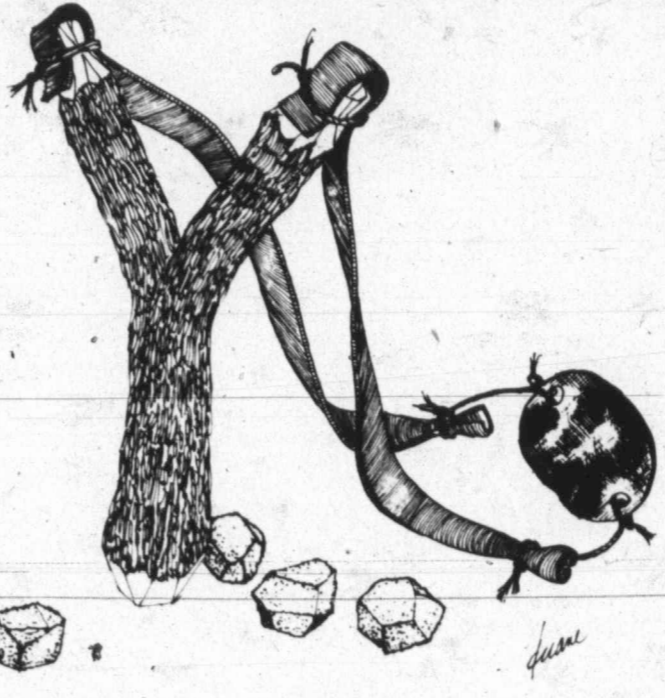

## REMEMBERING...

By BILL D. BROOKS

### SLINGSHOTS

Mischief and trouble go hand in hand with slingshots. We had just made ourselves new ones and of course we had to take them to the football game that night. There were no bleachers at the football field but someone had donated some old church pews for seats. Several men were sitting on the back of one of the pews, with their feet down in the seat part watching the ball game. What made him do it, I'll never know, but as we were walking behind them one of our group pulled back on his slingshot and let fly at the widest posterior on the bench. The pellet found its mark. What happened next is impossible to describe. There was a wild thrashing of arms, then legs went up into the air and the bench, fans and all, crashed over backward. By the time the dust settled I had broken all records of the hundred yard dash.

Slingshots were made in different ways but I'll explain how we made ours. First, we found a good forked tree limb, a semetrical one with both smaller limbs of the same size and angle. The fork was cut and trimmed to shape. Some preferred to remove all the bark but others left it on the handle part to give a better grip. Next, from an old inerttube, strips were cut about a half inch wide and ten or twelve inches long (I made the mistake of getting a new one from Dad's work shop once, an act for which the consequences were not soon forgotten). These were attached to the handle with twine, the kind packages were wrapped with was good enough and Grandmother always had a ball of it tucked away somewhere. The pocket was made from an old leather shoe tongue. Holes were punched in each side of the pocket and twine was used to tie it to the two

SLINGSHOT

rubber strips. Everyone had their favorite thing to shoot in the slingshot, that being whatever was in plentiful supply. Some popular things were pebbles, peach pits, china berries, acorns, marbles, and buckshot. With a little earnest practice, you could get pretty good at shooting the slingshot but even so there wasn't much that could be done with it that was constructive.

And because He was the overcomer, He can give us confidence and hope.

## London Notes

William F. Buckley, Jr.

LONDON — The concern here, as one would expect, is largely with British affairs, and these remain steadfastly glum, and if the young De Leonie, (for Daniel de Lun, 19th century American socialist), Tony Benn, has his way and takes over control of the British Labor Party, he will make Harold Wilson look like Mark Hanna. The Benn in question began life as Viscount Something, son and heir of the Earl of Stansgate. But when the old Earl died young, Anthony Neil Wegwood Benn became the Earl and, as such, entitled to a seat in the House of Lords, but most emphatically not in the House of Commons, which of course is where the action is.

THE EARL, thereupon embarked on a Stakhanovite program of self-proletarianization. It isn't certain whether he has absolutely completed it, but already a) he succeeded, after a tough fight, in abdicating the title, thus permitting him to stay in the House of Commons. b) He adopted every known position, and some heretofore unknown, that would identify him with the Populists and the Socialists. c) He managed to reduce his name not merely to Anthony Wedgwood Benn, but to pure and simple, Tony Benn. At this point, I can only think of dropping the second small "n" from "Benn," to make him more folksy; and no doubt this will soon occur to him.

Meanwhile, he is leading the fight on many fronts, subtly undermining Harold Wilson, which is all right, except from the wrong direction. Benn wants England out of the Common Market, and is forever coming up with stratagems designed to effect this: indeed, it was he who, way back in 1968, came up with the idea of a referendum. Just after Wilson went off to Jamaica for the Commonwealth Conference, Benn

floated an idea to finance his rapacious nationalization and subsequent impoverishment of all British industries by raiding the city pension plan. Wilson harrumphed his disapproval all the way from the Caribbean.

BUT BENN is undeterred, is the hero of the Greening of Great Britain, and is undoubtedly the most feared man by anybody in England who wants, a couple of years from now, to be able to buy a loaf of bread without carting the cost of it to the bakery in a wheelbarrow. Economic problems aside, there is a concerted feeling of disgust with Henry Kissinger. The "Guardian's" Peter Jenkins, in one of the toughest hatchet-jobs of the season, concludes his examination of the end of South Vietnam with the sentences: "What we are now witnessing is the fore-ordained outcome of Nixon's fraudulent 'peace with honor.' The meaning of that 'peace with honor,' now revealed, strips Henry Kissinger of his own honor. The interval has been indecent. Let him take home his Nobel prize. Let him depart." The auspices here are curious, because the "Guardian" is very left, and the abandonment of South Vietnam has always been a left-cause, but the way it was done offends Mr. Jenkins.

BUT IT also offends the conservative "Telegraph's" Mr. P. J. Honey, who concludes a long analysis as follows: "Dr. Kissinger's conduct of the whole negotiation appears quite extraordinary, for he made concessions to the Communist side without reciprocity, deliberately kept the South Vietnamese allies in ignorance of what he had conceded, and finally forced an unwilling President Thieu to sign the agreement against his better judgment by a harsh ultimatum."

## NYSE Weathers It's May Day

NEW YORK (AP) —

There was some confusion and horsetrading, but not the upheaval many had feared this past week as stock commission rates became fully competitive for the first time in 183 years.

For the small, occasional trader with \$5,000 or less to spend on stocks, however, the coming of May 1 meant little or no savings.

Nearly all of Wall Street's major brokerage houses kept their fees on such small orders virtually unchanged, or even slightly higher in the case of Merrill Lynch, Pierce, Fenner & Smith, Inc. But the so-called Mayday that was ordered by the Securities and Exchange Commission was good news for banks, pensions funds and other institutional brokerage clients who trade stocks in large amounts.

VARYING DISCOUNTS For them, competitive pricing brought rate discounts of 8 per cent to 10 per cent from some of the biggest brokers, 12-15 per cent from medium-sized houses, and up to 50 per cent from the smaller, struggling brokerage firms.

Some on Wall Street predicted the next several weeks will produce a pricing "tug-of-war" between the big, medium and small brokerage firms. The feeling is that when the dust clears,

### WEEK'S BUSINESS

- Competitive rates take effect with some horsetrading
- Discounts range from 10 for big to 50 pct for small ones
- Observers predict discounts will level off at 12-15 pct.
- Stock market rally continues with 36 point gain in week
- Big Corporation profit picture sick, especially motors

rates on big stock orders would settle at 12-15 per cent below pre-May 1 levels.

And while many on Wall Street had feared earlier that the arrival of Mayday would lead eventually to numerous brokerage failures, May 1 came and went fairly quietly.

One reason as that brokerage houses have been gleefully preoccupied lately counting up their first quarter profits. Member firms of the New York Stock Exchange racked in \$287.9 million in pre-tax profits in the quarter, the highest in three years, the NYSE reported last week.

Average daily volume in the period was a record 21.5 million shares.

RALLY CONTINUES The four-month rally that brought those profits to Wall Street continued last week, as the Dow Jones industrial average gained 36.68 at 848.48.

Helping both stocks and

bonds was news from the U.S. Treasury Thursday that government borrowing to finance the record national deficit will be \$5 billion less than originally expected.

The profit picture for big corporations, especially the Big Three automakers, remained bleak.

Chrysler lost \$116.9 million in the first quarter before a \$22.8 million special credit. Ford lost \$105.8 million before a \$95.2 million credit, while General Motors managed a \$59.2 million profit, still the lowest GM has earned since 1946.

Elsewhere, Eastman Kodak's earnings dropped 17 per cent to \$95.9 million, from \$114.9 million a year ago.

The giant conglomerate, International Telephone & Telegraph Corp. had earnings in the first quarter of \$106.6 million, up 2.4 per cent from last year's 104.1 million.

## Alcoholic Has Symptoms

Dr. G. C. Thosteson

Dear Dr. Thosteson: I would like to know more about the detoxification of alcoholics. What toxins are involved? Does alcohol generate toxins and what effect do they have on the human body?

I feel if more of us alcoholics knew what was happening chemically and biologically, it might help straighten us out. Some effects I've noticed are sweating, a nasty taste, apprehension, anxiety, lack of sex interest, insomnia, visual disorientation, stomach upset, flatulence, frequent urination, obesity, halitosis, irritability, to mention a few.

What is your opinion on Antabuse? — R.W.M.

With the list of miserable symptoms you mention (and I suppose it could be expanded) it is apparent — at least to you — that something awful is happening to your system. This should be sufficient to make you quit without getting into the precise chemistry and biology of the matter.

The "toxins" you mention are intermediate products, chiefly the aldehydes, a by-product of the breakdown of alcohol molecules. These are especially irritating and damaging to the liver — a factor in cirrhosis. As a consequence the liver loses part of its efficiency

irreparably. This doesn't exhaust the subject of chemical problems posed by alcohol excess, but it is indicative of the kinds of problems.

Antabuse is what is called an "antagonist" drug. That is, when it is present in the body simultaneously with alcohol, the physical reactions can be violent. The theory is that the alcoholic on Antabuse therapy will stay away from the sauce to avoid the unpleasant consequences.

It can be effective under the direction of a physician, but the person must be psychologically prepared for such extreme therapy. No doctor would recommend its use without a thorough evaluation of the individual from both an emotional and physical standpoint.

My advice to alcoholics who want to go straight is to turn to the first page of the local telephone directory and look for the listing, "A.A.," which stands for Alcoholics Anonymous, a group therapy organization that has helped millions of victims of alcoholism back to decent lives over the years.

Dear Dr. Thosteson: Would you please explain the meaning of the following terms — osteoporosis, hypothyroidism, keratosis, and folliculitis? — R.N. I assume this information

is for a school paper and that you are not afflicted by all four conditions. But without questioning your reasons, here goes:

Osteoporosis is a bone disease in which the osteoblasts (bone-producing cells) are deficient in laying down bone matrix. It leads to a thinning of the skeleton. Usually there is a deficiency in calcium absorption.

Hypothyroidism is a deficiency of the thyroid gland in production of thyroxine, which is essential for metabolism. Results can range from mental and physical sluggishness to hair loss and dry skin. The opposite condition, of course, is hyperthyroidism.

Keratosis is the formation of horny tissue, as in warts and calluses.

Folliculitis (barber's itch) is an inflammation of the hair follicles as they emerge.

To find out what causes high blood pressure and what can be done to treat it, send for a copy of "Controlling Your Blood Pressure (Hypertension)" by Dr. Thosteson. Write to him in care of the Big Spring Herald, P.O. Box 3999, Elgin, Illinois 60120, enclosing a long self-addressed, stamped envelope and 25 cents.

## HST, When And If—

### Around The Rim

Walt Finley

When a famous person is critically ill, the news agencies go to work putting out stories about various phases of his career and an obituary, all on a "hold for release" basis.

THIS IS necessary so that when death occurs, definitive coverage can be provided immediately.

For the first week in December of 1972, stories about the life of Harry S. Truman moved regularly. Every segment of his colorful career must have been covered.

I remember reading many of them, and of course lived through the years before, during and after his presidency. A lot of people were frightened when Truman became President at the death of Franklin D. Roosevelt.

They feared Truman wasn't big enough for the job.

NO ONE is, of course, but the office has a way of bringing out the best in a person most of the time. Many of those who feared HST wouldn't do came to respect him for his courage and determination.

To guard against accidental use of the stories, there was a line at the start of each saying:

"For use at the death of Harry Truman."

He was such a fighter, I was surprised the AP failed to add the qualifier, "when and if."

Now, the song most unlikely to be written: "Harry Truman, America Needs You," has been written and is being played on West Texas radio stations. And I think it's right. HST would be quite pleased.

THE NBC peacock is about to be fired. TV Guide says it will be retired this fall as part of a "housecleaning" by NBC. Peacocks are very messy.

The TV Guide also had an article entitled:

What Are They Watching On Campus?

I'd be very surprised and disappointed if they aren't

watching the same things we watched in my college days.

As far as I'm concerned the two songs "I Got To Be Me" and "You Are You" deserve each other.

My drinking cousin, Bobby Harris, wrote:

"I received a birthday card reading 'I'm mailing you the phone number of Kate and Edith. But you'll have to make a choice: 'You can't have your Kate and Edith, too.'"

Which shows how far an addict of puns will go to perpetrate his punish ability.

Ex-Duncan Banner flash, Joe Awtry, overheard:

"My wife and I like the same things. But it took me 18 years to learn."

Do you suppose we'll get so used to eating high off the hog that some day we'll be saying "Give us this day our daily cake?"

Frank Gonzales, alias "Coahoma Kid," says "Tact is the ability to shut your mouth before somebody else is forced to."

WHILE WATCHING TV Friday night, my mother remarked:

"I remember when unmentionables were also unseeables."

The Academy Awards are a mystery program to me.

To be frank, if Bob Hope M. C.s many more of those shows, he may have to change his theme song to "Thanks For The Memories."

Oh, the photo. It's being published one more time at the request of Jim Baum — after I threatened to reveal the batting average of a former pro? baseball player.

So readers, especially ladies, clip photo and save if your memory is bad.

### Letters To The Editor

Dear Editor:

I am for equality of women but not under the present ERA amendment. I feel we should inform ourselves by reading material from both sides.

I believe many are being misled thinking that the amendment only covers equal pay (we have that now by the Civil Rights Act 1964, Equal Opportunities Act 1972) or a few areas but all areas of our society will be affected, military, criminal law, rights to privacy, domestic relations and protective legislation just to mention a few.

The term "scare tactics" is being misused. A scare tactic is when you say "there may be a fire so stay out of the house." What is being said is "get out, there is a fire!" There's a difference. The situations that are happening are not scare tactics.

First of all, the present state laws will be nullified by ERA. Excerpts from the minority views of Sen. Sam J. Ervin Jr.:

Sen. Ervin: The law which exists in North Carolina and in virtually every other state of the union which requires separate restroom for boys and girls in public schools would be nullified, would it not?

Prof. Phil Kurland: That is right, unless separate but equal doctrine is revived. (Prof. Kurland is editor of the Supreme Court Review and a professor of law at the University of Chicago Law School).

Desegregation in federal institutions has begun already, even though the ERA has not been added to the Constitution. In Florida, a Coast Guard has desegregated its toilet facilities; in Fort Dix the barracks are sexually desegregated; in Arlington, Va. the fire hall is desegregated; in Framingham, Mass. they have "co-ed" prisons, and in Colorado several marriages between homosexuals have been performed. So, "scare tactics," you say? No — these things are happening now. We need equal rights but not under the present ERA Amendment!

DEAR SIR:

I want to say something about the dress code at Big Spring High School. I believe there is enough sin in the world without letting people lead each other on by clothes they wear. It says in the Bible, "free

youngful lusus," and I really don't think you can free them by letting people wear what they want to. My parents don't think too well of the idea, either. I am 14 years old and I can see why they didn't like the idea. How do you expect a boy to do his work with some girl sitting on (adjacent) desk wearing shorts and a halter top. I believe the principal of high school has better sense than that. I happen to think that people can get along just fine in a dress, pants or skirt.

TO THE CITIZENS OF BIG SPRING:

Our year in undergraduate pilot training has been a demanding one. The job of learning our new skill, flying, required many long days of hard work. As we leave, we take with us the pride of accomplishment born in the successful completion of a challenging task.

Another product of this year in Big Spring, our first in the Air Force, is the new set of standards we will carry away with us. Certainly new commands, commanders, and bases will be weighed against those we knew first. So, too, will the communities in our future be judged by the standards set by you, the people of Big Spring.

Any community which can produce the kindness, generosity, integrity, and support of the people of Big Spring will have earned our friendship, respect, and a fond place in our memories — as you have. Thank you.

DEAR EDITOR:

We would like to express our sincere thanks to all who came to our assistance in a time of real need after a tornado almost demolished our mobile home on North Birdwell Lane, April 18, 1975. A special thanks to members of the Civil Defense, law enforcement officials, both county and state, neighbors, friends, and relatives. We shall always remember the many other kindnesses shown to us by those who cared.

### A Devotion For Today

"I send greetings to Prisca and Aquila, my fellow workers in the service of Christ Jesus, who risked their lives for me. I am grateful to them — not only I, but all the Gentile churches as well. Greetings also to the church that meets in their house."

(Romans 16:3-5, TEV)  
PRAYER: Dear God, we thank Thee for Christian families and homes. May their number multiply that they and the whole world may be blessed. In Jesus' name we pray. Amen.

## Crops Need Rain Soon If They Are To Survive

COLLEGE STATION, Tex. (AP) — Many young crops in South Texas need rain soon if they are to survive, Dr. John Hutchison, director of the Texas Agricultural Extension Service, says.

Young cotton, corn and sorghum are already under stress from drought conditions, he said. Irrigation is heavy in the Rio Grande Valley.

Many vegetable crops in the Coastal Bend will not be harvested because of the dry weather, Hutchison said.

From 60 to 80 per cent of the cotton has been planted in the Blacklands of Central Texas while corn and sorghum planting is past the 80 per cent mark in North Central Texas, he said. Some peanut planting has started in North Central and Central Texas.

are starting to improve. Peach trees are setting a fair to good crop.

Far West: Planting moisture is needed. Alfalfa is making good progress with first cuttings underway in some counties. Home vegetable gardens are making good growth. Livestock have mostly adequate forage but rain is needed for grass.

West Central: Land preparation is under way for cotton. Small grains are making good progress. Some pecan trees are being banded for casebearers. Pastures and ranges are adequate in most counties but a general rain is needed.

Central: A few counties

need moisture. Some sorghum damaged by freezing temperatures in early April is being replanted to cotton in Navarro County. Peanut planting has started in Eastland County.

## Traffic Toll Is On Rise

AUSTIN, Tex. (AP) — Texas traffic accidents have killed 878 persons so far this year, compared with 725 for the same period a year ago, says the Department of Public Safety.

Fatal accidents this year total 768, compared with 635 at this time in 1974.

## Expect Energy Use To Start Climbing

WASHINGTON (AP) — When U.S. energy use dropped last year, delighted government officials hoped it was the start of a new trend.

But statistics indicate that the economic recession was more responsible than anything else for the decline. Thus, energy use is expected to start climbing again when the economy rebounds.

The Department of the Interior announced last month that U.S. energy consumption fell 2.2 per cent during 1974. Interior Secretary Rogers C.B. Morton said he was "delighted — and frankly gratified — at this drop. I hope we are seeing the start of a new trend."

Energy use, however, historically has been linked to Gross National Product — the value of goods and services produced by the economy.

And for 1974, the GNP was down from 1973 by the same 2.2 per cent that energy use fell.

Roger Sant, the Federal Energy Administration's assistant administrator for conservation and environment, said in an interview he takes last year's energy consumption figures "neither with encouragement nor discouragement."

Sant contends, however, that one year is too short a period in which to expect conclusive results.

When 1974 energy-use figures were announced, Morton cited five causes for the decline in usage: Arab oil embargo, higher prices, economic slowdown, successful conservation efforts and favorable weather.

No government experts could be located, however, who had calculated just how much of the decrease was attributable to each cause.

"Because there are so many variables, we don't know which caused what," said Sant.

For future savings, the Ford administration and Democratic congressional leaders are pushing a policy that depends in significant part on curbing use through higher prices. Elements of that plan, now being studied in Congress, include deregulation of certain gas and oil prices, higher fees on imported oil, higher gasoline taxes and excise taxes on gas-guzzling autos.

Sant acknowledged that his office has trimmed some of its earlier estimates on how much price rises would cut consumption of energy, but he still maintains: "The price has to have some effect."

The relationship of demand to price is called price elasticity. Sant's experts now figure that, for

every 10 per cent rise in price, a 1 per cent saving in energy will result over a one-year period.

If, for example, you now spend 60 cents a gallon for gasoline and use 50 gallons a month, these elasticity predictions say that, if the price rose to 66 cents per gallon, you'd trim your usage to 49.5 gallons a month. That might be the equivalent of one less to the supermarket.

## Eight Courses To Be Offered

Eight courses will be possible for the first summer period of the upper level and graduate program at Big Spring Education Center, Mrs. Virginia Smith, director, said today. These are offered by Sul Ross University.

The listings for the classes starting June 2 are:

Ed 5307 (graduate research), Ed 7306c (practical-counseling), Ed 7307 (theories in administration), Ed 6308 (advanced studies in child development and growth), Ed 5303 (academic instructional intervention), Ed 5312 (Advanced survey, exceptional children), Ed 5302 (the principalship), and Ed 5318 (Personnel problems).

Those contacting Mrs. Smith from May 27-June 2 may register in advance, but the regular registration day is June 2 at the Education Center at Webb AFB. Mrs. Smith may be reached Monday and Wednesday from 9:30-12 noon and Thursday from 2-4 p.m. at the center (7-2511, ext. 2464). After June 1 her hours will be Tuesday and Thursday 8 a.m. to noon. Classes will be from 6 p.m. to 9:30 p.m. on Monday-Wednesday, Tuesday-Thursday schedules.

## Cherry Ingram Is Lions Queen

Cherry Ingram, 18, Big Spring High School senior, is the new queen of Lions District 2A-1. She was sponsored by Big Spring Evening Lions Club. She was selected over a field of 40 contestants in annual queen's pageant which marked the opening of the annual district convention in Midland Friday evening at Alamo Junior High. Cherry is the daughter of Mr. and Mrs. Clay Ingram, 1906 Johnson. Cherry is the first Big Spring area entry to win the district's contest. Linda Tawater, who was reared in Big Spring, won the first contest but as an entry from Midland where she had moved. Competition in the contest Friday was exceptionally keen, officials said. Cherry

## Scrapbook Wins Special Awards

The Webb AFB library publicity scrapbook won honorable mention in the 30th annual John Cotton Dana Public Relations Awards contest.

The Webb entry was singled out for honors from more than 140 scrapbooks and nonprint materials submitted from libraries all over the world. The contest was under the joint sponsorship of the H.W. Wilson Company and the Public Relations section of the American Library Association's Administrative Division. Public, state, special, university, college and military libraries participated in the contest.

In addition, the same scrapbook was selected as the second best in the Air Force in another contest sponsored solely for Air Force libraries. This selection included a \$200 cash award to the library.

was the honor guest at the Key breakfast Saturday morning, and again the honor guest of District Governor and Mrs. Jim Lemons at the banquet Saturday evening honoring Lemons for his year as head of the district. He is a member of Big Spring Downtown Club.

Cherry will represent the district at the State Lions convention in Abilene in June.

She is a member of the National Honor Society, president of the Shorthand Club, on the Communications Committee, and is editor of El Rodeo, the BSHS yearbook.

## Dr. Grollman Books Lectures

Dr. Arthur Grollman, well-known lecturer and member of the faculty of the University of Texas Southwestern Medical School, will be at the VA Hospital here Tuesday through Thursday, May 6-8, as physician-in-residence.

All area physicians are invited to attend the lectures presented daily in the second floor training room of the hospital. On Tuesday, May 6, at 11:00 a.m., Dr. Grollman will discuss "Electrolyte-Water Metabolism," and at 3:00 p.m., his topic will be "Modern Concepts of Allergy and Immunity." On Wednesday at 11:00 a.m., he will lecture on "Pulmonary Complications of Surgery," and at 3:00 p.m. on "Medico-Legal Aspects of Modern Medical Practice." His final lecture will be Thursday at 11:00 a.m. when he will discuss "Vitamin D."

## To Lead Panel Talk In Vernon

Mrs. Willie Graham, promotional chairman of the Northwest Texas Conference went to Vernon today to participate in an area workshop.

Representing Baker's Chapel, she was to lead the panel discussion on the question, "How Can the Black Family Prepare the Black Child for Experiences

in the Wider Society?" Appearing on the panel with Mrs. Graham were to be Mrs. Lynn Smith, president of the WMS in Abilene, Mrs. Sarah Jones, Vernon and Mrs. A.W. Wilson, president of the Northwest Texas Conference.

Accompanying Mrs. Graham to Vernon was Mrs. Bessie Lankford, president of the Baker's Chapel Missionary Society.

AUSTIN — Big Spring's Linda Lester trip to the 4A girls State Track & Field Meet here Saturday afternoon received a setback as she finished out of the running in eighth position in the 880.

Linda not accustomed to the humidity that bore down on the Texas University track ran her two-laps in 2:28.4.

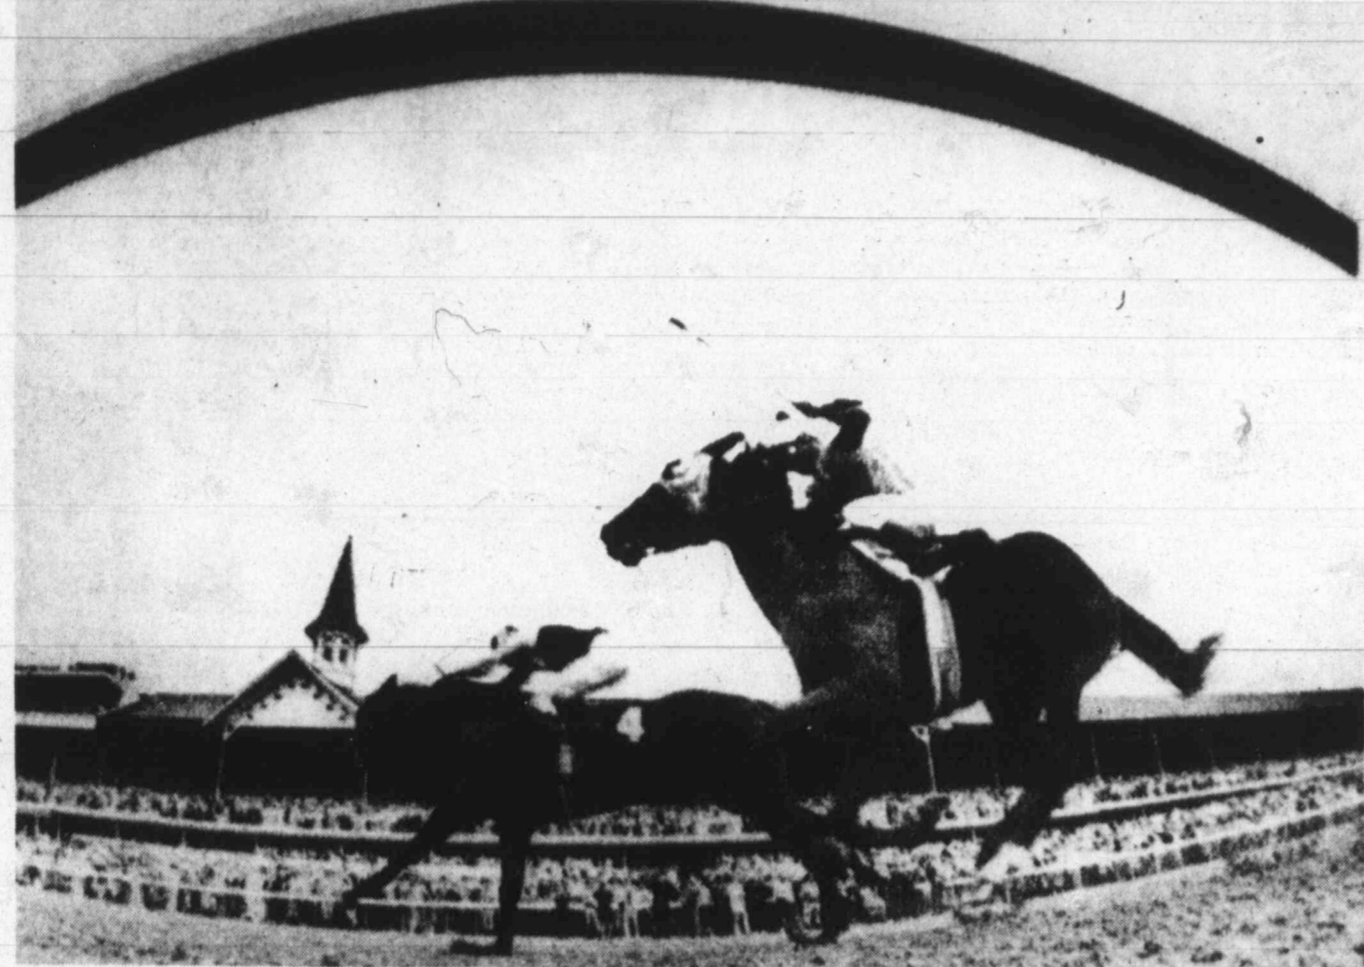

The sophomore middle-distance runner was trapped from the very start, unable to move around the 10 entry field.

Linda's coach Christi Stewart said, "She still ran a good race and got a world of experience." Her lap time consisted of 78 and 70.5.

The winner was Laura Davis of Spring Branch Memorial, timed in 2:14.3, breaking the record of 2:14.5, set by New Braunfels' Carol Sheffield.

Sheffield also competing in this year's 880, crossed the finish line in 2:14.9, good for third place.

The girl that defeated Linda in the regional came home seventh.

MOVING OUT — Foolish Pleasure (4), with Jacinto Vasquez up, moves ahead of Avatar in this under-the-rail view of the home stretch of the 101st Kentucky Derby, Saturday, at Churchill Downs. Bill Shoemaker, aboard Avatar, followed Foolish Pleasure across the finish line. Foolish pleasure paid \$5.80, \$4.40, \$3.60.

Foolish Pleasure Makes Good Of All Credentials

LOUISVILLE (AP) — Foolish Pleasure, charging between horses in the final eighth of a mile, made good all his credentials as an almost unbeaten champion as he won the 101st Kentucky Derby by 1 1/4 lengths Saturday.

A stewards' inquiry was called immediately after the race but did not affect the winner. Second-place Avatar and Diabolo, the third-place finisher, were the subjects of the inquiry, but the original finish was allowed to stand.

Avatar was leading when Diabolo pulled to the right and bumped from the rear, lowering both horses measurably. It was at that point that Foolish Pleasure shot between horses and took the lead.

Foolish Pleasure, beaten only once in the 12 races of his life, had to move from 12th to first in the final mile of America's favorite horse race and he was timed in 2:02 for the full 1 1/4 miles.

In winning this 101st Derby, Foolish Pleasure overcame the Wood

absorber was minor, however, and within three weeks Foolish Pleasure was back on the race track and won the Wood Memorial.

His owner, John L. Greer, 76, wasn't disappointed with the Florida Derby-finish and it prepared him for a possible loss at Churchill Downs.

"If it isn't our day," he said before the race, "we'll just shake hands with the winner and look ahead to the next day."

Behind Media at the finish were Prince Thou Art, Promised City, Bold Chapeau, Sylvan Place, Fashion Sale, Round Stake, Gatch, Honey Mark, Rushing Man and Bombay Duck.

Bombay Duck and Rushing Man set the early pace for the first three-quarters of a mile but faded fast when the others who had laid back until the final half mile began to move.

Jacinto Vasquez, aboard Foolish Pleasure, had his first Derby victory. He was 10th in his only other Derby start 11 years ago.

As the favorite, Foolish Pleasure paid \$5.80, \$4.40 and \$3.60. Avatar returned \$9.20 and \$5.60 and Diabolo paid \$4.40.

The 113,324 fans who packed Churchill Downs bet more than \$3.3 million, about \$100,000 less than last year's American record.

Memorial-Flamingo Derby which has seen five colts who had previously won both the Flamingo and the Wood en route to the Derby denied a victory in the famed Run for the Roses at Churchill Downs.

Nashua, in 1955, fared best of the bunch with a second-place finish in the Derby.

Foolish Pleasure won by almost two lengths in the Flamingo, came from behind for a photo victory in the Wood and then broke the hex here.

Behind Diabolo at the finish was Master Derby, winner of the Louisiana Derby and the Blue Grass Stakes.

Media, Elmendorf Farm's lightly raced colt and the youngest by the calendar in the field of 15, finished fifth.

The Churchill Downs stewards, after studying the stretch drive, decided that Diabolo was at fault and left the order of finish as it was.

Foolish Pleasure was unbeaten last season in seven starts and had only one blemish, the Florida Derby, on his record this season.

In that March 29 race, both Prince Thou Art and Sylvan Place finished ahead of the juvenile champion of last season, but Foolish Pleasure returned to the barn with cuts on the frog of his feet.

The injury to the part of the foot that acts as a shock

Angels Top Texas, 4-2

ARLINGTON, Tex. (AP) — Mickey Rivers' two-run single highlighted five consecutive California hits in a four-run, fifth-inning Saturday night, and the Angels defeated the Texas Rangers 4-2.

Nolan Ryan, 5-1, beat the Rangers with relief help from Dick Lange, snapping a six-game Texas winning streak in the process.

Ryan exited in the seventh inning after surrendering a hit to Roy Smalley, Jim Sundberg greeted Lange with a hit but rookie Smalley was picked off second to end the threat. Jim Spencer then grounded into a double play.

The Rangers touched Ryan for a run in the fourth after two out. Jeff Burroughs and Mike Hargrove walked and Roy Howell singled home Burroughs.

The Angels bombed Texas starter Jackie Brown in the fifth.

A bat night crowd of 37,625 fans—third largest in Ranger history—watched the game.

The fiery Rivers had a perfect night with three singles and a walk. Elie Rodriguez singled once and walked three times.

SEASON FINALE

Bobcats Nip Steers

SAN ANGELO — Six runs in the fourth provided the cushion San Angelo needed to outlast Big Spring, 8-5, here Saturday afternoon.

This marked the end of regular season play in 5-4A.

The Steers finished overall league play with a 7-7 mark and 4-3 the last half.

For the season, Big Spring concluded with a 11-13 record.

San Angelo compiled 8-6 and 5-2 for loop seasonal and second round, respectively.

The Bobcats totaled out 15-8 for the year.

Lee won outright claim to the district title by shellacking Midland High, 4-2, Saturday.

In other games played the same day, Permian eked by Odessa High, 2-1, and Cooper pounded Abilene High, 5-1.

Big Spring led off in the first with three runs. Barry Canning walked and went to second on a ground ball out

HOUSTON OPEN Crampton Shines

HOUSTON (AP) — Bruce Crampton, a steady tour veteran from Australia, dour, grim-faced appearance on the course, put together a 54-hole total of 204, 12 under par for three trips in hot, muggy weather over the 6,929-yard Woodlands Country Club course.

But Crampton, in his 19th season on the American tour, refused to get excited over his first lead in two seasons. "I didn't even know I was leading the golf tournament until I finished my round and took a look at the scoreboard," Crampton said. And he had no predictions for Sunday's final round.

"Golf is a very unpredictable game," he said. "Anything can happen and they don't write the checks until tomorrow night."

Crampton, the winner of this title, three other tournaments and the coveted Vardon Trophy in 1973, owned a one-stroke advantage over Dr. Gil Morgan going into the last round of this chase for a \$30,000 first prize.

Morgan, a graduate optometrist in his second year as a touring pro, had a 67 for 205.

"One of the best putting rounds I've ever had," said Morgan, who converted four birdies from about 15 feet. He hasn't finished higher than fifth in his brief pro career.

John Schroeder came on to take third with a 67 and a 208 total while Trevino dropped back into a tie for fourth with Eddie Pearce at 208. Pearce had a 71 and Trevino, who led by two strokes starting the day's play, blew to a 73.

With the boys State 4A Track & Field Meet a week away, Friday and Saturday in Austin, Big Spring's magnificent miler Ricky McCormick is receiving advance billing.

In the latest Lone Star state review, the Steer senior has stepped off the fourth fastest time of 4:16.8. This was set in the regional in Lubbock, where he wiped out a previous mile record.

The best mile clocking is posted by Novelli, Htn., Strake Jesuit, with a 4:11.1. He is followed by Tobert, Dallas SOC and Vargas, SA Fox Tech, timed 4:13.2 and 4:14.6, respectively.

San Angelo took the spring football plunge first early this week followed by Permian Friday. Big Spring starts Monday likewise Cooper, Abilene High, Midland High, Lee and Odessa High.

Mojo's JV will feature a controlled scrimmage Saturday at Permian, while the varsity stages a similar session at Barrett Stadium the same night.

In speaking in defense of Permian's Alex Kager's tight pitching rotation schedule, coach Gene McCarlies said, "Alex has such great recuperative power, it doesn't hurt his arm to pitch twice a week. I always check with him before a game. He hasn't had any arm problems."

WHAT'S IT WORTH DEPARTMENT

Tennis lessons sponsored by the YMCA start this week at the Big Spring High courts.

Sessions will be held Tuesday and Thursday at 11 a.m. This is designed for adult beginners and intermediates.

Gary Swinden will serve as instructor. For information and registration, contact the Y Monday at 267-8234.

## World Auto Races Today

FRANCORCHAMPS, Belgium (AP) — Alfa Romeos, piloted by France's Henri Pescarolo, Italy's Arturo Merzario, Belgium's Jackie Ickx and Britain's Derek Bell are considered the heavy favorites for Sunday's Francorchamps 1,000-kilometer auto race, the fifth event of the season counting towards the world auto makers championship.

Two Alfa-Romeo 33-T3s, one driven by Pescarolo and Bell and the other by Ickx and Merzario, will be in the front row for the race, the first since last Sunday's tragic Spanish Grand Prix in which four spectators were killed and several other persons were injured, including driver Rolf Stommelen of West Germany.

The Ford Mirage that was to be driven by Jochen Mass of West Germany on Sunday was withdrawn. Track sources say that Mass has been ordered by the Grand Prix Drivers' Association not to compete after he started last week's race despite association warnings of inadequate safety precautions.

Porsche is considered the only serious challenger to the Alfa Romeos. Porsche has two cars entered, one driven by Switzerland's Herbert Müller and Norway's Leo Kjekshus and the other by West Germany's Reinhold Joest and Italy's Mario Casali.

## Longest Throw Of Year

QUANTICO, Va. (AP) — Anthony Hill of the Bruce Track Club recorded the longest javelin throw of the year by an American and seton Hill staged a neat runaway in the relay events Saturday on the final day of the 19th annual Marine Corps Relays.

Hill, a former NCAA College Division champion at Norfolk State, had a career-best throw of 277 feet, 11 inches in the javelin, leading the list of individual meet record-breakers.

Doreen Ennis of the Nutley Track Club upset defending champion Robin Campbell of Sports International in the women's mile in a meet record of 4:53.7, and Sherry Ballew of Tennessee State lowered the women's 100-meter hurdles mark to 13.8 seconds.

Seton Hall Coach John Moon showed his team the way, racing to a record 10.3 in the seniors 100-yard dash—and the Pirates quickly followed his example.

Seton Hall ran the fastest college times in the history of the Marine Relays, in both the sprint medley relay, 3:22.8, and the 440 relay, 41.0, in which another Pirates team finished second. Both times had been bettered in previous meets by club teams.

## Aggies Sign Tulsa Cager

COLLEGE STATION, Tex. (AP) — Joey Robinson, a 6-foot-5 all-state choice from Tulsa, has signed a basketball letter of intent with Texas A&M University.

Aggie coach Shelby Metcalf said Robinson, "is considered one of the top prospects in the nation and has the ability to play as a freshman."

He was named player of the year in Tulsa, where he averaged 22.7 points and 9.7 rebounds in leading Memorial High School to the state tournament.

## Prospects Not Good

HOUSTON (AP) — Former world heavyweight boxing champion George Foreman says prospects for future fights are not good.

"I've beaten five in one night, now I want three—Muhammad Ali, Joe Frazier and Ken Norton," said Foreman, currently resting here. "I could put it together for \$15 million but they don't seem interested."

"Even when I was champion of the world they weren't beating the door down with challenges for me. I offered to split a large purse down the middle to fight Joe Bugner in Toronto, but his manager, Mickey Dugg, said no way. Even though he would get a bigger payday than he would in a fight with Muhammad."

Even Muhammad turned \$6 million—which to me is all the money in the world—to fight Ron Lyle in Las Vegas for something like \$1 million. I just can't wait around for all the so-called best boxers in the world to fight me, and they sure aren't accepting my challenges, so I have to get what I can."

He said he would like to meet both Ali and Frazier in the Astrodome.

# SPRING FOOTBALL Steers Head For Drills Monday

By CLARK LESHNER

"We'll be searching for candidates to fill 11 positions both on offense and defense," said Bob Burris, Big Spring High head football coach as the Steers head for three weeks of spring drills beginning Monday.

Sixty-one gridgers will report for the varsity squad and 50 earmarked for the JV.

The first week's of practice will have a time schedule from 3 to 5 p.m., Monday through Friday. At 10 a.m., Saturday, Burris has scheduled a scrimmage.

Big Spring features 10 players back from last year's starters, four on offense and six on defense, that won three and lost seven.

List includes: Offense—Mark Moore, quarterback; Jesse Doss, fullback; Ken McMurtrey, split-end; and Frosty Reynolds, center from tackle.

Defense—Ed Pekowski, nose guard; Ricky Watkins, linebacker; Mark Starks, tackle from end; Steve Hughes, strong safety; and Ronnie Mullins, free safety;

Moore, McMurtrey, Pekowski, Watkins, Starks and Mullins will be seniors next fall with Doss, Reynolds and Hughes to be classified as juniors.

## Operations Suspended

HOUSTON (AP) — The majority owners of the Houston EZ Riders of World Team Tennis say a decision to suspend 1975 operations was made to keep the league from terminating the Houston franchise.

E.Z. and Betty Jones announced Friday official suspension of operations for the 1975 season but indicated the team will attempt to return in 1976.

The league had given the Riders until noon Friday to post a \$50,000 letter of credit but Mrs. Jones said the league's by-laws exempted Houston because of its substantial guaranteed contract with Australian star John Newcombe.

"We protested the action but the new owners (of other WTT franchises) were not willing to go along with us," she said. "They wanted to protect themselves. They didn't want to take a chance with Houston, so more and more it was looking like total termination."

The Riders, one of 16 original teams, have until Sept. 15 to exercise an option for next season.

Houston players will be loaned to other WTT teams for the 1975 season. Helen Gourlay will play for San Diego and Bill and Lesley Bowrey will play for Hawaii.

"Newcombe has been contacted by several other teams," Mrs. Jones said. She said negotiations involving Newcombe probably will be handled by WTT president Larry King.

The two owners denied reports that the Riders were not current with league obligations or in their payroll.

## Phils Drub Bucs, 6-2

PHILADELPHIA (AP) — Mike Schmidt drove in two runs with a first-inning homer and the Philadelphia Phillies went on to defeat the Pittsburgh Pirates 6-2 in the first game of a twinned doubleheader Saturday.

Rookie Tom Underwood, 3-2, scattered nine hits before giving way to Gene Garber with two out in the eighth.

Willie Montanez singled home Dave Cash with the Phillies' first run before Schmidt tagged loser Jim Rooker, 2-1, for his fourth home run of the season.

Philadelphia added three more runs in the fourth. Ollie Brown singled, took third on Mike Anderson's single and scored on a sacrifice fly by Larry Cox. Cash tripled Anderson home and Larry Bowa doubled to bring in Cash with the Phils' sixth run.

Pittsburgh scored an unearned run in the second on an error, singles by Manny Sanguillen and Richie Hebner and a bases-loaded walk. They added another in the eighth on singles by Bill Robinson and Bob Robertson around an infield out.

## INDIANS ROMP Orioles Handed 6th Loss In Row

CLEVELAND (AP) — Duffy greeted reliever Wayne Garland with a running bloop single, and the runners advanced on George Hendrick's groundout. After an intentional walk to Charlie Spikes, Garland fanned John Ellis but walked Rico Corty, forcing in the third run.

Grant Jackson issued another bases-loaded walk to Boog Powell for the fourth run, and Bell, up for the second time in the inning, lashed a two-run single off Dave Johnson, the fourth pitcher of the inning.

Fritz Peterson, 2-2, who brought a 14.05 earned run average into the game, checked the Orioles on five hits. Baltimore scored in the seventh on doubles by Lee May and Don Bayler.

## Celtics Remain Alive In National Playoffs

BOSTON (AP) — The Boston Celtics took control of the boards behind Paul Silas and Dave Cowens in the second half and romped to a 101-90 victory over the Washington Bullets Saturday to remain alive in the National Basketball Association playoffs.

Silas, Boston's sixth man, came off the bench and grabbed 25 rebounds, including nine in a decisive third period as the Celtics posted their first victory after two defeats in the best-of-seven Eastern Conference final.

Silas also contributed 10 points. The rugged veteran and Cowens virtually destroyed the Bullets under the boards. Cowens scored 24 points and grabbed 21 rebounds.

Boston captain John Havlicek, regaining his scoring eye after being frustrated in the first two games of the series, topped all scorers with 26 points, while JoJo White tallied 21.

The Celtics, needing a victory to avoid virtual elimination in defense of their NBA championship, led 60-57 at the half but then went cold at the start of the third period as the Bullets came back to go in front 63-62. However, Don Chaney, saddled with four fouls in the first half, put Boston in front to stay with two baskets, the first on a layup off the fast break and then a high arching shot.

White then cashed a pair of free throws and took a pass from Silas for an easy layup as Boston took complete command.

The Celtics outscored the Bullets 11-2 in taking an 81-67 lead into the final period.

The Celtics widened their advantage to as much as 15 points early in the fourth period and breezed the rest of the way.

The fourth game of the series is scheduled for Wednesday night at Landover, Md.

Frym Thro 1-Hit

NEW YORK Veteran left-hander Fryman first in his third straight to defeat the Montreal Expos 2-3 consecutive innings as he defeated the Mets 3-0 Saturday.

The 35-year-old veteran walked three, hit a batter and lowered his average to 0.533-0 and he has hits in 33-23 in.

Met Rookie Harrelson but pitcher Hank Buncer for the fifth. He intentionally walked a double in the first inning.

Webb was in the first inning, scored on Mike Jorgensen's single. Scott also scored on Jorgensen's single.

He outscored the Mets in order: Jorgensen's single scored on a double by Parrish. The run off Rick Linton on a single, a sacrifice and a single by Mackanin.

TALKING IT OVER — Harold Wilder, Hawk pattern procedures during an intra-squad game Friday. This marked the final day of HC spring basketball practice. Marvin Johnson and Larry Irves, far right, second from right, the one-two scoring punch for the Hawks last season, listen attentively.

(Photo by Jimmy Valdes)

Harold Wilder, head coach and assistant coach Leroy McClelland climaxed six weeks of spring basketball practice with a full dress rehearsal Friday afternoon in the Hawk gym.

Wilder is extremely happy over the rapid improvement shown from freshmen members. The one-two scoring punch from last season, Marvin Johnson and Larry Irves appeared sharp.

Wilder was working hard to improve last season's 20-11 total. This was the lowest number of wins posted by Wilder in his five year Hawk association. Previous records include: 25-12; 27-9; 27-13; and 35-6.

SAN JOSE, Calif. (AP) — Ilija Mitic, all-time scoring leader in the North American Soccer League, has been obtained by the San Jose Earthquakes from the Dallas Tornado, the club announced Friday.

WEMBLEY, England (AP) — Fulham, an underdog from Division 2, and class West Ham United, a Division 1 team, play Saturday for the coveted English Soccer Cup.

At the beginning of the season, Fulham drew 700-1 odds to win the Cup, but now British bookies are offering 13-8 odds. The line on West Ham is a solid 4-7. Ironically, Fulham is led by Bobby Moore, England's 1966 World Cup hero who was transferred a year ago from West Ham to Fulham in what was considered the twilight of his career.

## Cards Travel

Back on the road again, the Big Spring Cardinals travel to Ft. Stockton today and a pair of games against the Sonics.

The Cards are 4-3 for the season. Last Sunday at home, the Cards lost a doubleheader to the Midland Colts, 9-5 and 13-11.

Jody Flores, Orlando Oague or Tony Fiero will probably carry out the Card pitching duties.

Probable Card Line: Feliz Martinez, shortstop; Sammy Rodriguez, second base, Pat Martinez, Jr., first base; Jessie Zapata, center; John Morelson or Billy Pineda, third base; Flores, left Joe Martinez, catcher; Tommy Tune or Joe Codenhead, right.

## Prep Sprinter Equals Record

WINTER PARK, Fla. (AP) — Mike Roberson of Winter Park High School was clocked in a scholastic record 9.2 seconds in the 100-yard dash Friday and equaled national prep records for the 220-yard dash and 120-yard high hurdles.

Roberson, a senior, broke the 9.3 standard for the 100 in a preliminary heat in the Florida Regional Class AAAA. He was timed in 9.3 running against the wind in the finals of the event.

## Royals Socked

BLOOMINGTON, Minn. (AP) — The Minnesota Twins cruised to a 14-5 victory over the Kansas City Royals Saturday as Bert Blyleven pitched a six-inning and Eric Soderholm and Steve Brye combined to drive in eight runs.

Soderholm's two-run homer in the second inning put the Twins ahead 2-1, and four unearned runs in the third gave Blyleven 3-1, all the cushion he needed.

He was touched for an unearned run in the first inning and home runs by John Mayberry in the fourth and Hal McRae and Tony Solaita in the ninth.

Shortstop Frank White's two-out error on Bob Darwin's sharp grounder which skipped through his legs opened the door for the Twins' four tainted runs which routed Paul Splittorf, 1-4. Rod Carew scored second on the boot, Soderholm then bloomed a runscoring single while ducking away from a pitch, and Steve Braun finished the flurry with a two-run single.

The Twins turned the game into a runaway with three runs in the seventh on Brye's basesloaded double off Marty Pattin and five more in the eighth against Bruce Dal Canton. Brye and Craig Kusick delivered two-run singles in the eighth.

The Pirates won out by scoring two runs in the eighth.

## Red Sox Coast To Win

BOSTON (AP) — The Boston Red Sox sent 11 batters to the plate in the first inning Saturday, scored six runs on just four hits plus some shabby Detroit fielding and rolled to a 12-2 victory over the Tigers.

Jim Rice's bases-loaded single was the big blow off Lerrin LaGrow, who lost his first game after three straight victories. LaGrow hurt his own cause with two walks, one intentional, and was the victim of two errors plus a couple of other defensive lapses.

A pair of walks sandwiched around a double by Carl Yastrzemski set the stage for Rice's two-run single. A fielder's choice and an error let two more runs in, and Rick Burleson singled home the fifth run.

Another error, followed by Doug Griffin's fluke single on a pop-up left the bases loaded again and Bernie Carbo's sacrifice fly completed the big inning.

Bob Montgomery's bases-loaded single made it 8-0 in the fourth and Rick Wise, 2-2, costed from there. The veteran right-hander checked the Tigers on eight hits.

## Dade Appears Triple Threat Bat Contender

The Texas League looks like it will have a triple threat winner in all categories of batting with Lonnie Paul Dade of El Paso showing the way to the top in all categories, except his "weakness" triples.

Dade is hitting .542 in conventional batting average, and is slugging at a 1.104 slugging percentage! He leads the league in hits with 32, in doubles with 8, in homers with 7, and RBIs with 32.

Dade has hit for 65 total bases in 59 official at bats. He has only 21 triples — and this department is left in the leadership hands of Bob Flores, a teammate of El Paso who has 5.

Several pitchers are still at 0.00 in Earned Run Average and several have three wins. The leading strikeout pitcher is Steve Panick of El Paso with 20.

## Crappie Creep Back Into News

Crappie crept back into the fishing news at Lake E. V. Spence last week. Those reporting had coming like 500 in their creels.

White bass fishing was picking up, too, and there appeared no let up in striped oass catches. There was an 10-lb. channel cat, which fell about three pounds under the record. The Lubbock Bass Club also found some pretty good black bass fishing.

Here were some of the reports: Triangle Grocery and Bait — Jerry Howell, Odessa, 26, crappie to 1 1/2 lb., three white bass to 1 1/2, and a 3-lb. channel cat; H. M. Nutter and C. B. McAfee, Odessa, 24 white bass to 1 1/2 lb.; C. J. Brent, Big Spring, 56 crappie to 2 lb., four channel cat to 2 1/2 lb., and eight white bass to 1 1/2 lb.

Wildcat Fish A Rama — Wayne Coggins and Lloyd Mitchell, Odessa, 46 crappie to 1 1/2 lb.; Odessa, Donnie Rhoads, Jake Rhoads and Neil Collins of Odessa, 21 black bass to 3 lb., 30 white bass to 2 lb., and a 1 1/2-lb. striped; Mr. and Mrs. J. E. Hollis, Robert Lee, and Mr. and Mrs. Mike Hollis and R. B. Martin of Odessa, 162 crappie to 1 1/2 lb.

Y. J.'s Marina — Perry Smith, Robert Lee, 14 1/2-lb. striped bass; Mrs. Bill Tunlinson, also Vida Christmas, Slaton, three striped bass to 7 lb., five channel cat to 4 1/2 lb.; G. M. Bankhead, Robert Lee, 12 channel cat to 10 lb.

Charles Sherrill, Honolulu, Hawaii, two striped bass to 4 lb. and four white bass to 2 lb.; also the Lubbock Bass Club with George Pool leading with 10 bass aggregating 13 lbs., Reggie Gist seven for 11 lbs., Gary Oakley a 4-lb. bass for the biggest in the tournament.

Dink's Bait — Thomas Taylor, Midland, 2 1/4-lb. black bass; Jack Gartman, Sterling City, 8-lb. yellow cat; Don Sheffield, Odessa, 25 crappie.

## Pirates Win In 8th, 5-3

Extended for two extra frames, the Pirates outlasted the Stars, 5-3, in an American Little League game Friday.

The Pirates won out by scoring two runs in the eighth.

WJAC TROPHY — From left to right, June Sterling, Dale Mitchell and Theresa Beal, all former Coahoma High basketball players, now at Western State College, smilingly display a team trophy recently won. The Dusters finished first in the Western Juco Conference.

## Fryman Throws 1-Hitter

NEW YORK (AP) — Veteran left-hander Woodie Fryman fired a one-hitter for his third straight shutout and set a Montreal club record of 29 2-3 consecutive scoreless innings as the Expos defeated the New York Mets 3-0 Saturday.

The 35-year-old Fryman walked three, struck out six, hit a batter and retired the Mets in order six times as he lowered his earned run average to 0.53. His record is 3-0 and he has yielded only 19 hits in 33 2/3 innings.

Met Rookie John Stearns laced a double to left-center in the fifth. Fryman then intentionally walked Bud Harrelson but retired losing pitcher Hank Webb on a bouncer for the third out.

Webb was nicked for a run in the first inning when Tony Scott singled, stole second and scored on a single by Mike Jorgensen.

Scott also scored in the sixth. He outlegged a bunt, moved to third on a balk and Jorgensen's grounder and scored on a double by Larry Parrish. The Expos added a run off Rick Baldwin in the ninth on Gary Carter's single, a sacrifice, wild pitch and a single by Pete Mackanin.

## Hanks Wins 4A Singles Tennis Title

AUSTIN, Tex. (AP) — Jana Hanks of Abilene Cooper defeated Janie Bowen of South Garland, 6-2, 7-5, Saturday for the Class 4A girls singles tennis championship.

Cooper's team of Julia Jones and Susie Ingram lost, however, to Wichita Falls' Mary Pierce and Cindy Breegle, 6-2, 6-2, for the 4A doubles championship.

In Class 3A at the girls state tournament, Pam Hill of Beaumont Crawford of Andrews, 6-4, 6-0, for the singles title. Seminole's team of Debra Hill and Patty Starkey defeated Bambi Rader and Mimi Finch of Vernon, 7-5, 7-5, for the doubles title.

Austin Westlake's Teal Carroll won the 2A singles crown by defeating Tye Taylor of Pearsall, 6-1, 6-1. Floydada's duo of Dennette Marble and Debbie Johnson won the doubles championship, 6-3, 6-0, over Laura Nealon and Sue Shrum of Universal City Randolph.

In Class A, Teresa Williams of Canadian beat Vivian Farmer of Tuscola Jim Ned, 7-5, 6-4, for the singles title. Mason's Nancy Eckert and Debbie McDonald defeated White Deer's Tina Rhoades and Debra Cooper, 7-5, 6-2, for the doubles championship.

Elizabeth Ward of Barksdale Nueces Canyon won the Class B singles title by defeating Jane Geschke of Miles, 6-2, 2-6, 6-1. Nazareth's Patty Hochstein and Delphine Wethington defeated Terri Flores and Norva Lehmann of Rule for the doubles title, 4-6, 6-4, 6-3.

## Varner, Kiley Ink WFL Pacts

CALGARY (AP) — Linebackers Chuck Varner of the University of Miami, Ohio, and Kevin Kiley, who played last season in the World Football League, have signed 1975 contracts with the Calgary Stampeders, the Canadian Football League club announced.

The 6-foot-2, 220-pound Kiley, who played with the Chicago Fire, is from the University of Wyoming.

CARDS OF THANKS

DIMAS MORALES
We wish to thank all our kind friends, neighbors, and relatives for expressions of sympathy and condolences, beautiful flowers and other courtesies extended to us during our recent bereavement.

DR. MARIE WEEG, DC

Words are not enough to express our appreciation to the friends, neighbors and former patients for their kindness and concern shown us in the loss of our Mother and Grandmother. Special thanks are extended to the employees of the Big Spring Herald and the Ladies of the First Christian Church for food and donations, to everyone for the floral contributions and donations to charities. Our sincere appreciation and thanks to Lou Cunningham, Elizabeth Thames, and Eva Nall for their concern and care of her in the past few years. We especially wish to thank William Smythe for his beautiful eulogy at the service, the singer and pallbearers; and Nalley-Pickle Funeral Home for their efficient management of the services.

# THE MOST DASHING DASHER OF ALL

The new, limited edition Dasher GT is the sportiest Dasher ever. Car. Silver metallic paint. Black racing stripes. Mag wheels. On the outside, it looks like a sports car. Silver metallic paint. Black racing stripes. Mag wheels. On the inside, it feels like a sports car. Center console. Tachometer. Sports steering wheel. With all the room and comfort of a sedan. And on the road, it performs like a sports car. 0 to 50 in 8.6 seconds. Front disc brakes. 35 MPG on the highway and 23 MPG in the city.\* But if you want one, you'd better hurry. Because like most sports cars, it'll be gone before you know it.

## WANTED 20 HOMES THAT NEED PAINTING

CENTRAL TEXAS — 20 Homeowners in this area will be given the opportunity to have the new United States Steel finish on their homes. It will be of special interest to homeowners who are fed up with costly repainting, for new United States Steel is ideally suited for the Texas climate as it will not mildew, peel, crack, fade or chalk, for the life of the building.

UNITED STATES STEEL finish has been developed after years of extensive research and testing.

UNITED STATES STEEL carries a written 30-year guarantee (labor and materials) — can be applied over any type of home: wood frame, stucco, asbestos or brick. This new U.S. Steel and Vinyl finish has excellent insulating properties which will make the home warmer in cold, damp weather.

U.S. STEEL VYNASOL paneling has been advertised nationally in LOOK and LIFE Magazines. Homeowners who act now will receive special decorative work at no additional cost. Please call collect 915-949-3110 and ask for Mr. Ron Fox. An appointment will be made to see your house with no obligation. Please act at once. Out of town calls welcome.

## Hulme Decides To Go To WTC

**SNYDER** — An All-District forward from Coahoma High School has become the second area basketball player to sign a letter of intent with Western Texas College. Dr. Sid Simpson, WTC Athletic Director and women's coach has announced.

The new player is Patty Hulme, 5-7, who averaged 21.4 points per game while playing for Coahoma. She led the Coahoma team to the District 6-AA championship and had an outstanding game in the bi-district loss (51-49) to Slaton.

Patty has been chosen to play for the North All-Stars in the annual Coaches School All-Star Game in Brown-

wood July 12. Sonny Barnes, who coached Patty in high school, has described her as having outstanding quickness and a competitive nature. "Patty has an excellent jump shot from medium range and has the quickness to get into scoring position," Simpson said. "We think she will be a fine addition to our squad."

Patty is the daughter of Mr. and Mrs. C. W. Hulme of Coahoma.

Temi Baker of Knox City signed a letter of intent with WTC earlier.

## BULLS VS GOLDEN STATE Series Squared 1-1

CHICAGO (AP) — The Chicago Bulls, still trying to regain their regular season mastery over Golden State, on Sunday afternoon will be confronted with perhaps the pivotal game of their National Basketball Association Western Conference playoff with the Warriors.

With the best-of-seven conference finals squared 1-1, the nationally televised contest could mark the Bulls' final home court advantage.

The fourth and fifth games will be played next week in Oakland.

here since Wednesday night's disappointing defeat, Game 2, and the injury has guard Phil Smith will be available Sunday. A scratched eyeball in the first game kept Smith out of Game 2, and the injury has not mended as quickly as expected.

# OWC Exhibits Home Sewing

MINDING HER flower cart is Lee-Ann Smith, daughter of Maj. and Mrs. A.W. Smith. In the Officers' Wives' Club fashion show, Lee-Ann modeled a dainty dress in checked gingham which was sewn by her mother.

With spring in the air, and a woman's thoughts turning to something a little fancier, the spotlight was on "Home Sewing" at the monthly luncheon held Thursday by the Officers' Wives' Club at Webb Air Force Base.

All wives who had sewn garments for their children, husbands or themselves were invited to model or display their creations, and the large number of entries indicates that sewing is, indeed, becoming a very popular art.

The exhibit, which ranged from formal wear to afghans and fabric pictures, was set up in the main lounge and on the stage in the dining room. Prizes were awarded in eight categories, including modeling. The winners were:

Formal and Evening Wear — Mrs. Chonghui Strain, first; Mrs. Sharon Winter, second; Mrs. Elaine Wolf, third.

Children's Clothing — Mrs. Sharon Little, first; Mrs. Marcia Reese, second; Mrs. Betty Martin, third.

Teenage Clothing — Mrs. Mary Hanson, first; Mrs. Judy Smith, second; Mrs. Nancy Penniman, third.

Street-length Dresses and Suits — Mrs. Kathy Cooper, first; Mrs. Jan Stephens, second; Mrs. Candi Garrison, third.

Pantsuits — Mrs. Nellie Calkin, first; Mrs. Cooper, second; Mrs. Beth Klatt, third.

Men's Clothing — Mrs. Betty Herre, first; Mrs. Megan Legas, second; Mrs. Diane Lloyd, third.

Miscellaneous — Mrs. Herre, first; Mrs. Calkin, second; Mrs. Chris Volden, third.

Prizes for modeling went to Miss Sherry Halvorson, first; Miss Lee-Ann Smith, second; Mrs. Klatt, third; Mrs. Garrison, fourth; and Mrs. Strain, fifth.

General chairman for the luncheon was Mrs. Jerry Grimes, assisted by Mrs. David Finch and Mrs. Mike Jordan, decorations; Mrs. Garrison, menu; and Mrs. John Stephenson and Mrs. James Halvorson, door prizes.

Assisting in arranging the exhibits were Mrs. Debbie Simmons, Mrs. Cheryl Oren and Mrs. Connie Young.

Models for the fashion show were Mrs. David Ambrose, Mrs. Cooper, Mrs. Gary Copelin, Mrs. Larry Driskill, Miss Pat Driskill, Mrs. Garrison, Miss Sherry Halvorson, Miss Laura Hanson, Mrs. Herre, Mrs. Klatt, Mrs. Legas, Miss Lisa Leonard, Mrs. Penniman, Miss Lori Smith, Miss Lee-Ann Smith, Mrs. Strain, Mrs. Volden, Mrs. Gary Wallace, Mrs. Winter and Miss Lisa Hanson.

Presiding for the first time were the new officers of the OWC, including Mrs. Barbara Burg, president; Mrs. Judy Stephenson, first vice president; Mrs. De Ann Tucker, second vice president; Mrs. Karen Campbell, third vice president; Mrs. Sara Watford, recording secretary; Mrs. Mary Gibbar, corresponding secretary; Mrs. Cindy Moline, treasurer; and Mrs. Maria Klein, assistant treasurer.

It was a full day Saturday for OWC members, who climaxed the activities with a luau in the Officers' Club Saturday evening. Those attending dressed according to the theme, and an exotic menu was featured. There was a Hawaiian floor show, after which members and their guests danced to the music of The New Light. Mrs. Debbie Gausman was in charge of ticket sales.

SHE'S A city girl, but Mrs. Kathy Copelin, above, goes "country" in home sewn overalls which she teamed with checked gingham shirt and matching pocket handkerchief. Mrs. Copelin modeled her costume at the OWC luncheon Thursday.

EXPERT seamstresses competed for prizes in the annual showing of home sewn fashions. At left, two of the winners are Mrs. Kathy Cooper, seated, wearing a black and white jersey dress; and Mrs. Megan Legas, modeling a pink and green gingham gown and robe.

## National Music Week

It's said that music makes the world go 'round — reason enough for Mayor Wade Choate to proclaim "National Music Week" in Big Spring, beginning today and continuing through Saturday.

In the proclamation, Mayor Choate noted that music plays an increasingly important role in the world today; that it is one of the most sublime of human pursuits and is subscribed to by all races and creeds; is the language of all peoples and one of the greatest forces in creating peace and harmony. He saluted the National Federation of Music Clubs for being dedicated to encouraging young musicians, increasing musical knowledge and to advancing American music and drawing attention to the dynamic influence of music in everyday living.

Lastly, Mayor Choate asks that all citizens observe and take part in the week's ac-

tivities, recognizing the importance of music to the cultural life of the community.

Locally, the observance is under the sponsorship of the Music Study Club, an affiliate of the Texas Federation of Music Clubs.

Today, all churches have been asked to feature the hymn, "As the Sun Doth Daily Shine," which is based on an old French melody. At 6:45 p.m., today the Belle Ringers of First United Methodist Church will play for chapel services.

On Monday, Radio Station KHEM will highlight Music Week by interviewing music club members about their local activities. During the week, service clubs will be entertained with programs provided by the "Nuts and Bolts," the Big Spring High School Pops Choir and Westside Center Choir. On Friday morning, the Westside Center Choir will sing for patients at the

Veterans Administration Hospital.

Highlighting the week will be a free community Ragtime Concert at 8 p.m., Thursday in the Municipal Auditorium. Harlen Thornton will be the pianist, and he will be joined by Kenneth Baker, percussionist, and Virgil Owens, bass guitarist.

Each year the Music Study Club presents a music scholarship to a music major at Howard College. The 1974-75 Cris Brown Scholarship went to Barbara Pierce, a piano major. This year, the scholarship will be given as a memorial to Mrs. Mildred Jarrett, who served as president of the club during 1957-58.

During the week, Radio Station KBYG will play music taped at the local and Coahoma elementary schools and performed by students.

Mrs. Bob Simpson is serving as chairman for Music Week.

# Older Texans Month Observance Begins

May has been designated by Gov. Dolph Briscoe as "Older Texans Month", and it is also designated as part of the Bicentennial observance to be held nationally.

To initiate the special month locally, there was a luncheon Friday at the Senior Citizens' Center on Howard College campus, with officials from the city and county governments in attendance as guests. Mayor Wade Choate's local proclamation backed up that of the governor in setting aside this month to honor and applaud the older citizens of Howard County. The Howard County Council on Aging has planned many activities for senior citizens during the remainder of the month. Mrs. Mary Newell was recently named the professional worker to serve as director of the Center, and Miss Bessie Love serves as volunteer president of the Council.

As an ever larger proportion of Howard County residents become "over 65", there is the challenge of helping these older citizens enjoy a secure and rewarding old age. The necessary adjustments are hard even for those who enter their late years with emotional and economic resources, with family and friends and with good physical and mental health. Advanced old age

presents additional problems for that significant group of impaired and alone older people in the county who need some kind of help.

Many senior citizens live alone, and the number of single households increased during the past decade.

The Howard County Council on Aging was formed March 14, 1969 by a group of concerned citizens. Representatives from various groups of senior citizens, churches, agencies and other organizations who are interested in the welfare of older persons. The Council was organized for charitable and educational purposes and to study special needs of older persons and to develop community resources to help meet those needs.

The Council works hand in hand with state and government agencies concerned with older citizens, and this will be highlighted in further articles during Older Texans Month.

The Howard County Council on Aging conducted a survey on the needs of the aging by mailing questionnaires or placing them in churches, welfare offices, pharmacies or other public places where they were easily obtained.

As a result, the Council has initiated several ambitious programs, among them the establishment of the Senior Citizens' Center. Howard

College is providing the building (including utilities and janitorial services) for \$50 per month. The city and county governments each contribute \$50 monthly to the center.

Since 1973, the Council has sponsored a monthly luncheon and activity day, with the average attendance being 82. The college offers educational opportunities such as classes in gardening, sewing, income tax, nutrition, defensive driving and arts and crafts. Also, there have been diabetic seminars, counseling and blood pressure checks.

The Council sponsors a yearly Talent Fair, enabling participants to add to their income by selling items they have made. A monthly newsletter goes into more than 400 homes, and the Council hosts a monthly birthday party at the Center.

The Center now has a director, Mrs. Mary Newell, who is available to serve each individual and organization that offers services to senior citizens. She will help set up opportunities to meet the needs of the lonely, the ill, the hungry or those who suffer from malnutrition.

## Mrs. R. Apple Club Speaker

"Credit Bureau and You" was the topic for a program by Mrs. Ruth Apple for the Big Spring Credit Women meeting Thursday at the Settles Hotel.

In bringing the history of the founding of credit bureaus, Mrs. Apple said it was for the benefit of merchants and consumers. She quoted Howard Chilton, descendant of the founder of credit bureaus in Texas, who said "Credit is not a right, it is a convenience granted by credit granters."

The next meeting will be at the Settles Hotel May 15.

## Reheat Ham

Fully cooked ham can be served reheated or cold — but reheating it to 130 degrees F. will enhance its flavor, according to Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

# 'The Silver Whistle' Slated At Colorado City Playhouse

Next up for the Colorado City Playhouse will be "The Silver Whistle," a comedy with an old folks setting. Tentative dates are June 9-14, and there will be an opening night dinner at the Colorado City Civic Center prior to the performance at the Opera House. The dinner-theatre party carries a \$7 tab; other nights admission will be \$2.

Cast in key roles will be Tandy Curlee, Merthan Bisnette, Marie Jackson, Micah Mitchell, Midge Ledbetter, Ada Womack, Porter Richardson, Carl Moore, Mary Reynolds, James Campbell and Bill Vest.

Oh yes, the Playhouse is shaping up a private showing of "I Do, I Do" for the 75th anniversary celebration of the City National Bank May 17. Coleen Palmer is "Agnes," George Womack is "Michael," and Betty Tomb and Lovess Curlee are directing. A private showing also will be at Spade Ranch Sept. 5 for the annual Semmental sale. The public performances for the show begin Sept. 8, again with a dinner-theatre party.

The Midland Palette Club will have its second annual Spring show and sale Saturday, May 10, 8:30 a.m. to 5:30 p.m. in Dellwood Plaza Mall. There will be entries in water color, acrylics, pastels, pencil and pen and ink wash. Also there will be various crafts such as pillows, painted china, etc. Information may be had from Mrs. J.T. Klinger, 2209 Brunson Ave., Midland, 79701.

More and more school groups are booking tours of Heritage Museum these days. Cedar Crest had nearly 50 children going through Friday through Melinda Hauret. Sands School is sending 64 next week and Jack & Jill, some 20 children. Preparations are being pushed for the annual membership affair, the Chuck Wagon Feed, 7 p.m., May 19 at the County Fair Barn. Invitations were going in the mail at the end of the week to members, who may bring guests. Mrs. Ethel Porter Brown died in Dallas last week and was brought back here for final rest, but one of her latest acts was to renew her membership. Among others on or back on the rolls are Mr. and Mrs. Harry Middleton, Mrs. Bernice Thacker of Dallas (and the daughter of pioneers Edgar and Anne Prichard), Dr. and Mrs. Jack Margolis, Mr. and Mrs.

Lloyd Wasson, Mr. and Mrs. H.C. Stipp, Mr. and Mrs. Dan Allen, Mr. and Mrs. John L. Taylor, Mr. and Mrs. A.L. Lancaster, Mr. and Mrs. Kent Morgan, Mr. and Mrs. Harold T. Rosson.

The W.E. Ware and H.E. Turner Creative Writing Scholarships of \$200 each are available to creative writing majors for the fall of 1975. Samples should be sent to Prof. James R. White, Creative Writing Program director, UP Permian Basin, Odessa, 79762. Quality and need will influence choices, to be announced June 15.

The Tyrone Guthrie Theatre of Minneapolis will appear in Lubbock for one performance of "Everyman" 8:15 p.m., May 15 in Texas Tech University Theatre. The presentation is for one hour and 15 minutes with a symposium consisting of a question-and-answer dialogue between the audience and actors following the performance. It's a new theatre style.

A musical program featuring selections from the 16th-18th centuries and the Renaissance and baroque periods will be presented at 8 p.m. Wednesday, University of Texas Permian Basin. Faculty members, aided by some Odessa music and instrumental teachers, will present the program.

For those who want to catch the Texas Tech Ranching Heritage Center display on Sundays, visiting hours will be from 2 to 4:30 p.m. starting today. This Sunday schedule will be in effect through October. For the first time, individuals will be taken on guided tours.

"The Last Meeting of the Knights of the White Magnolia" opened Thursday at Midland Community Theatre, has other showings Friday and Saturday (May 9-10) and May 16-17. It's right out of West Texas lore but definitely not for children.

At the other end of the spectrum, Globe Theatre of the Great Southwest has announced that its summer season will include two Shakespeare classics, "Much Ado About Nothing" and "Troilus and Cressida." Alternate offerings will be "Dames at Sea" and "Life of Christ." The season opens June 20 with "Much Ado," which runs through June 26, with "Dames" June 27. The complete schedule and prices can be had from the Globe office, 2308 Shakespeare Road, Odessa, 79761 (or 915-332-4031).

Target date for opening the Permian Basin Petroleum Museum, Library and Hall of Fame is around mid-July, but no firm date has been set. Incidentally, friends are being invited to sponsor a tree, shrub, etc. for a master landscaping plan to make the IS 20 front a beauty spot. The Petroleum Museum announced that it will have an admission fee of \$1 for adults, 50 cents for children in an effort to help defray some of the expenses, said executive vice president Homer T. Fort.

Reminders: Metropolitan Opera—dates for Dallas (Beverly Sills is on the bill) are May 15 (Siege of Corinth); May 16 (La Traviata); May 17 (La Boheme); Houston Ballet opens the world premiere of "Allen's Landing" Friday and Saturday at Jesse Jones Hall in Houston; "Texas," the colorful musical, opens its season June 18 in Palo Duro Canyon; "Tobacco Road" continues through Saturday at Alley Theatre in Houston.

## Retirees Will Meet Tuesday

The American Association of Retired Persons will meet at 10 a.m. Tuesday in the Kentwood Older Adult Center, 2805 Lynn, with the Rev. C.A. Holcomb presiding. Following a business session there will be a short program and table games before a covered dish meal at noon. All older adults are invited to attend.

## Students Play For Auditions

Pupils of Mrs. Emilee R. Beckham who will be performing in the National Piano Playing Auditions Monday are Lavelle Bradford, Kent Cook, Connie Grisham, Cristi Hicks, Gay Humphrey, Danna Reynolds, Susan Sharp, Jennifer Speegle, Nancy Wood and Kimberly Hagood.

## Poisonous Plants Are Discussed

Flowers or plants which are, in some way, poisonous were discussed by two 4-H club members, Jaylene

Saunders and Kathy Harrell, when they presented a program Thursday for the Elbow Home Demonstration Club in the home of Mrs. L.Z. Rhodes, Garden City Rt.

Included in the plants mentioned were oleanders, poinsettias, mistletoe, larkspur, irises, castor beans, buttercups and rhubarb leaves.

Mrs. R.B. Covington Jr. presided as new officers were nominated, to be elected at the next meeting, May 15. That all-day meeting will be held at Berea Baptist Church; and a covered dish luncheon will be served. Mrs. John Refe will be hostess, and Miss Sherry Mullin, home demonstration agent, will be a guest.

# Wedding Ceremony Performed Saturday

Wedding vows were repeated by Miss Grace Ann Lowe, Sand Springs, and Bruce Young at the Primitive Baptist Church, Big Spring at 7 p.m., Saturday evening.

Parents of the bride are Mr. and Mrs. T.F. Lowe of Baird, and the bridegroom's parents are Mr. and Mrs. T.L. Young, 1215 E. 18th.

Elder B.R. Howze performed the ceremony before an altar decorated with baskets of blue and white flowers.

Nuptial selections were sung by Mrs. Bill Higgins, Randall Morton and Grady Teague.

The bride's gown was of blue satin overlaid with antique white lace motifs adorned with tiny pearls. A ruffle adorned the high neckline and wrists of the long, full sleeves, and a slightly gathered skirt fell from a natural waistline. Her lace-covered headpiece held a veil of illusion, and she carried a bouquet of blue and white carnations.

Miss Cathy Bussell was maid of honor, and Mrs. Bobby Haddox, Snyder, was bridesmaid. They were identically gowned in floor-length blue knit dresses trimmed with white lace. They carried single car-

nations tied with blue ribbons.

Scott Nails was best man, and Bobby Haddox, Snyder, was groomsmen. Ushers were Allen Young, brother of the bridegroom, and Brett Morton.

Rice bags were distributed by Dena Abberg, Denver City, and Miss Kelly Arnold registered the guests.

When the couple return from a brief wedding trip they will reside on the Moore Road, Sand Springs.

The bride is a Coahoma High School graduate and is employed by the Pinkerton Security Service at Cosden Refinery.

The bridegroom graduated from Big Spring High School and is employed at Fina Truck Stop.

A reception was held in the fellowship hall where the bride's table was covered with white organdy over blue, and the bridegroom's table was laid with a deep

MRS. BRUCE YOUNG

blue cloth. Both had blue and white floral centerpieces.

Serving were Mrs. Gary Mayes, Miss Shirley Smith, Miss Rita Smith, Miss Bussell and Mrs. Haddox.

Relatives attending from out-of-town were Mr. and Mrs. Herbert Young, Plainview; Mr. and Mrs. Garner Young, Spur; Mr. and Mrs. J.B. Harris, Westbrook; Mr. and Mrs. E.L. Jones and Joe Smith, Baird; Mr. and Mrs. Roy Brookes, Lamesa.

## Take The Children With Love And You'll Get It

DEAR ABBY: I am 29, and my husband is 33. We are unable to have children of our own and want to adopt, and have our names in at a very reliable adoption agency.

We would prefer a very young infant but are told that it could be a long wait. We have been offered a brother and sister, ages 5 and 6, but friends have told us that we shouldn't consider children who are that old. They say that children of that age are usually emotionally damaged and that we would be looking for trouble. We can easily care for those two and want them.

What is your feeling about this? We trust you.

LOVES CHILDREN  
DEAR LOVES: If you are "looking for trouble," you will find it. If you are looking for love, you will find it. Your signature says as much as your letter. Take the brother and sister. No one has a guarantee against having emotionally damaged children, even when they have children "of their own."

DEAR ABBY: I am the oldest of five children. Four years ago, both of my parents smoked about three packs of cigarettes a day. One day my father decided to quit cold turkey. He also proclaimed that my mother was going to quit, too.

Well, my father really quit, but my mother didn't. She said she did, but she used to sneak cigarettes behind everybody's backs. He knew it, but he made all of us policemen, and he was the chief.

We felt bad ratting on Mom, because she sometimes keeps things we do a secret from Dad because he is a violent man and she wants to protect us.

We believe Mom should quit smoking, but we can't do anything about it. We've now sided with Mom because Dad has threatened to send her to her mother if she smokes another cigarette.

We don't want our home broken up. What should we do?

CIGARETTE PROBLEM  
DEAR PROBLEM: It's unfair of your father to ask you to inform on your mother. He should know that nicotine is strongly addictive and some mothers can't be cured by nagging or threats. Lay off Mom; she's trying to quit. If she succeeds, it will be her victory over herself, not your dad's — or yours.

DEAR ABBY: Two weeks ago I met a man to whom I was very much attracted. I gave him my phone number, and said he would call me.

I waited a week, and he didn't call, so I got his phone number and called him. He seemed glad to hear from me, and he asked me out. I had a fabulous time. I gave him my number again to be sure he had it, and he said I'd be hearing from him. Well, it's been a week, and he hasn't called.

I don't like running after a man, but if I wait for his call, he may never call me, and I really want to see him again.

How do men feel about women calling them?  
IMPATIENT

DEAR IMP: Some men enjoy being pursued, but most do not. I think it's his turn to call you.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

# Dallas Church Scene Of Ceremony Friday

Miss Deborah Anne Hill became the bride of Herschel F. Ezell III Friday evening at Northridge Presbyterian Church, Dallas. The Rev. John B. Danhof officiated.

The bride, a recent graduate of the University of Texas at Austin, is the daughter of Dr. and Mrs. James R. Hill, Dallas. The bridegroom, a 1970 graduate of Big Spring High School and also a graduate of the University of Texas, is the son of Mrs. Gloria Strom Ezell, Big Spring, and Herschel F. Ezell, Nacogdoches.

Maid of honor was Miss Pam Johnson of Litchfield, Minn. The bridesmaids were Miss Marty Arnold, Dallas; Miss Nancy McCamy, Detroit, Mich.; and Miss Andrea Avery, Midland. Serving as best man was Douglas Scharbauer of Midland. Groomsmen were Dennis Seely, Austin; Ray Worsham, Dallas; and Randy Bergfield, Austin. Joel Jackson of Midland was an usher.

Miss Kay Ellen Long served as flower girl. The ring bearer was Douglas Selzer.

The bride wore a formal gown of gleaming white organza and Venice lace. The empire gown, overlaid in lace, featured a high neckline, long Bishop sleeves and an A-line skirt with detachable lace-trimmed, chapel-length train. She wore a tiered veil of bridal illusion attached to a lace caplet.

After the ceremony, a reception and dance honoring the couple was held at The City Club, One Main Place in downtown Dallas.

After a wedding trip to Minneapolis, the couple will reside at 7626 Callaghan Road, San Antonio.

# Miss Matthies Wed To Ulrich Palacios

Miss Judy Matthies became the bride of Ulrich Palacios in a ceremony conducted Saturday at 7:30 p.m. in College Baptist Church.

The bride is the daughter of Mr. and Mrs. Herschell Matthies, Rt. 1, Big Spring, and the bridegroom's parents are Mr. and Mrs. Juan P. Palacios, 3914 Hamilton.

The Rev. Rufus Wilson, pastor of Midway Baptist Church, officiated for the rites before an altar centered with an arched candelabrum and flanked by spiral candelabra holding yellow tapers.

Miss Kay Frazier, pianist, accompanied Mrs. Wayne Drewery, Coahoma, vocalist.

The bride was attired in a gown of candlelight silk sheer, enhanced with peau d'ange laces, bridal pearls and crystals. The empire bodice featured a deep square neckline edged with wide lace. Double tiered lace caps topped the laced-cuffed sheer bishop sleeves. The A-line skirt was appliqued with lace and fell into a chapel-length train. A deep lace ruffie that circled the skirt continued around the train.

The bride's picture hat was of matching lace and pearls and featured a sheer ruffled flounce brim with a circular veil above a chapel-length veil.

Her potpourri bouquet was an arrangement of yellow roses, white and yellow carnations and gypsophila.

Miss Janie Palacios, sister of the bridegroom, was maid of honor, and bridesmaids were Miss Patti Fitts, Miss Theresa Beal, Miss Marsha Day and Mrs. Colton Wright.

They were attired in floor-length pastel yellow crepe dresses with wide insets of white flowers outlined in lace on the bodice and short puffed sleeves. The skirts were circular and banded by a full ruffie. They wore yellow straw hats with long, floral streamers.

Bill Carter served as best man. Groomsman were Randy Thomas, George Clark, Randy Moore and Alan Matthies, brother of the bride.

Ushers were Russell Buske and Jeff Bartlett.

Flower girls were Robbie Ratliff and Shannon Wood.

Preston Drewery, Coahoma, was ring bearer.

Taper lighters were Robert Stephens and Mike Moore, the latter of Roscoe.

The couple will travel to the Dallas-Fort Worth area and, upon returning, will reside on the Sterling City Rt. south of Big Spring.

The bride, a graduate of Coahoma High School, is employed as a deputy tax assessor-collector in the property tax department at Howard County Courthouse.

The bridegroom, a Big Spring High School graduate, is a construction maintenance man for Pioneer Natural Gas Company. He is attending

MRS. ULRICH PALACIOS

night classes at Howard College.

A reception was held in the church fellowship hall where rice bags were distributed by Debbie Dunn, San Angelo, and Kim Henry.

Refreshments were served by Miss Judy King, Miss Sharon Rorick, Miss Jennie Kohanek and Mrs. Kenny Davis. The table was centered with a silver candelabrum with yellow tapers surrounded by an arrangement of yellow roses and white and yellow daisies.

Mrs. Gary Holley, sister of the bridegroom, registered guests.

Out-of-town relatives attending included Mr. and Mrs. George Dunn, San Angelo; Mr. and Mrs. Louie Cota, Carlsbad, N.M.; Mr. and Mrs. Dave Watkins, Roswell, N.M.; Mr. and Mrs. Truman Dennis and David Dennis, Wimsboro; Mr. and Mrs. Bill Oisowitz, San Antonio; Mr. and Mrs. Zack Gray, Fort Worth.

# Historical Program Heard Two Couples Wed In Separate Ceremonies

Mrs. Calvin Daniels spoke on early civilizations in Texas at a meeting of West Texas Republican Woman at noon Thursday in the home of Mrs. Garner McAdams.

The traces of the very earliest civilizations in the New Mexico and West Texas area were discussed, dating back to over 37,000 years ago.

Mrs. Daniels reviewed the past through archeological finds near Lewisville, in Folsom, N.M., and Plainview on up to the days of the Indians.

Since the Comanches were the dominant wandering tribe in the Big Spring area, she discussed their customs and culture at length. She also reviewed the history of the Comanche tribe and the beginnings of the use of the horse in the West in the late 1600's.

Mrs. McAdams presided over a brief business session. Mrs. Matthew Hunter reported a \$200 profit from the recent benefit bridge luncheon. Mrs. R.G.F. Cowper discussed the monthly newsletter and means of reviewing the mailing list.

## Candidate's Wife Braced For Action

INDIANAPOLIS, Ind. (AP) — She hates flying, gets nervous when she gives a speech and worries she'll say something wrong.

But her husband wants to be president of the United States, so Helen Jackson is starting to campaign again, 11 months and thousands of miles of traveling before the first presidential primary in March 1976.

"I'm bracing myself," said the wife of Sen. Henry M. Jackson of Washington, who lost his bid for the Democratic presidential nomination in 1972 but has again declared himself a candidate.

Bracing herself, because experience has taught her that a presidential campaign means a crush of handshakes, a constant smile, strange hotels and chicken dinners, the same answers to the same questions: What do you think of the economy, the energy crisis, abortion, women's lib?

"You have to be so careful of what you say," Mrs. Jackson said as the plane bumped down in Indianapolis recently, her first stop on a campaign trail she hopes will lead to the White House.

"I sympathize with Abigail McCarthy who said she lay awake nights worrying that she would say something that would ruin her husband's career," she said. Mrs. McCarthy, who is separated from former Sen. Eugene J. McCarthy of Minnesota, wrote "Private Forces, Public Places," a book about her political experiences.

With her husband running close to President Ford in the opinion polls, she sees her duty as "helping people get to know 'Scoop' better." She knows that if he is to secure his party's nomination this year, he must do better in the primaries than he did in 1972 when he finished third in Florida after a major effort, fifth in Wisconsin and a weak third in Ohio.

This time Mrs. Jackson plans to do some things differently, like spend more time at home with their two children, Peter, 9, and Anna Marie, 12.

"I'm not going out for a week or 10 days at a time," she said. "It's not good for the children."

At 41, Helen Jackson is an attractive woman who is more comfortable discussing her children than the Middle East crisis. Her blonde hair is always perfectly coiffed; she does needlepoint to keep busy; she never disagrees with her husband publicly; and she freely admits she hasn't given the women's liberation movement much thought.

"I will have to do more study on that," she said. "It's accomplished so much since the last campaign. At first it turned me off ... but they no longer consider housewives second-class citizens. I enjoy being a housewife, and I used to resent that."

But should anyone be fooled by her quiet demeanor and radiant smile, Helen Jackson is a Vassar and Scripps College-educated woman with a master's degree from Columbia University in English literature. Politically, she is interested in the elderly, conservation and day care.

She hasn't collected her thoughts on other issues yet: "I'm not as well-versed as I should be. But I'll become more informed as we go along."

Mr. and Mrs. William H. Bokelman, 3228 Drexel, have returned from Southeast Texas where they attended the wedding of their sons.

Charles Bokelman and Miss Sara Stuart, daughter of Mr. and Mrs. R. A. Stuart of Houston were married April 6 in the home of her parents, with a Rev. Hodge officiating for the ceremony. Miss Bekki Lammert was maid of honor, and the bridegroom's father served as best man. The newlyweds will reside at Bryan while

Bokelman is a student at Texas A&M University. The bride is a secretary on campus there.

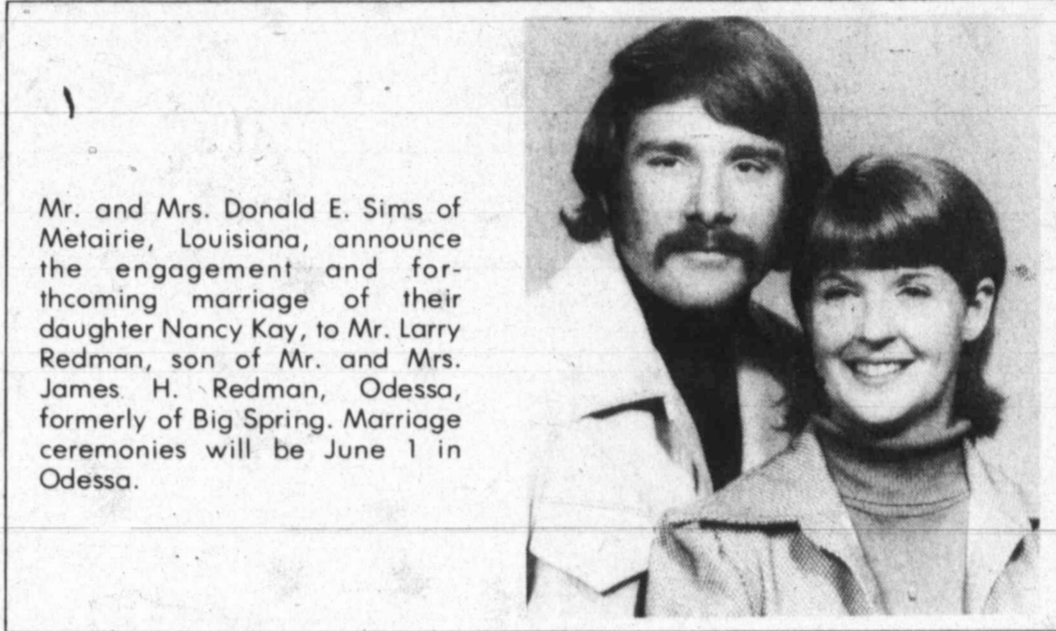

Greg Bokelman and Miss Annette Dodson, daughter of Mr. and Mrs. Harold Dodson of Waco exchanged wedding vows April 5 in the University Lutheran Church Waco. The Rev. Raymond Beck performed the ceremony.

Greg Bokelman is serving with the U.S. Army at Fort Hood, and his bride has been an assistant teacher at a

kindergarten in Waco. They plan to reside in Killen. Miss Marcia Turner attended the bride as maid of honor, and the bridegroom's brother was best man.

To save dishes when making pancakes prepare the batter in a wide-mouth pitcher ready to pour on a griddle. Leftover batter can be stored, covered in the refrigerator and thinned with milk when used again.

Mr. and Mrs. Donald E. Sims of Metairie, Louisiana, announce the engagement and forthcoming marriage of their daughter Nancy Kay, to Mr. Larry Redman, son of Mr. and Mrs. James H. Redman, Odessa, formerly of Big Spring. Marriage ceremonies will be June 1 in Odessa.

MS. KATHY CRAWFORD

## BSP Honors Ms. Crawford

Ms. Kathy Crawford of Big Spring was honored Saturday at a Beta Sigma Phi luncheon in the Branding Iron Inn, Odessa. Alpha Mu Kappa Chapter chose Ms. Crawford as their "Girl of the Year" for 1974-75.

Ms. Crawford, who moved to Big Spring two months ago, has transferred her Beta Sigma Phi membership to Beta Omicron Chapter which she will serve this year as publicity and yearbook chairman, as well as a member of the ways and means committee.

In the Odessa chapter, Ms. Crawford served as recording secretary, publicity chairman and BSP City Council representative. Also, she was a writer of, and performer in "The Edenton Tea Party," a bicentennial play project sponsored by the Odessa Beta Sigma Phi City Council and presented at the Globe of the Great Southwest last October.

Ms. Crawford, who is the former Kathy Coleman, graduated from Odessa High School and attended Texas Tech University. After her

marriage in 1973 to John W. Crawford of Denver City she returned to Odessa, continuing her education at Odessa College and the University of Texas, Permian Basin, majoring in sociology and psychology. In high school she was a member of the National Honor Society, Latin Club and the cappella choir and, at Tech, she held membership in the Slavic Club and was dorm legislator for Doak Hall.

Ms. Crawford is employed by the Big Spring Herald, and her husband works for National Linen Service.

## BIG SPRING HIGH SCHOOL Steer Band Journeys To Mexico On Tour

By CAROL HART  
The Steer band is approximately halfway through its spring tour. The band left Big Spring on Friday and spent yesterday in San Antonio. They toured the city and supped at a

dinner theatre where they saw "The Owl and the Pussycat." Today, the band travels to Monterrey, Mexico where they will shop, sightsee and give two open-air concerts. The band members, sponsors and directors will return to the Spring city around 9 p.m. next Wednesday.

The National Honor Society will hold its annual end of the year party next Saturday night in the city park's largest pavilion. The party begins at six p.m., but food committee members should be there around 5:30. Cost is 50¢ per person and can be paid to Mrs. Smith, Mr. Cunningham, Boyd Harrington, or Carla Walker.

All senior lettermen are reminded to meet at 8:15 Tuesday morning in the varsity gym to have their pictures made for the senior edition of the Corral. Installation ceremonies for the 1975-76 officers of the Future Homemakers of America Club will be held Tuesday, May 6 on the patio. A covered dish supper will be served and awards will be given to outstanding FHA members and FHA Beau. Parents are invited. Next year's officers are Denise Crenwelge, president; Sheryl Barron, first vice president; Judy Jones, second vice president; Phyllis Shaffer, third vice president; Janie Martinez, fourth vice president; Cheryl Ellison, fifth vice president; Nora Vales, secretary; Kenda Born, treasurer and Edna Velasquez, historian.

Interested seniors are reminded of practice for the sideshow Tuesday night at 6:30. Scripts need to be ready at this time. Newly elected Gold-digger officers for next year are Jodi Grant, president; Jerri Booth, vice president; Cynthia Standard, secretary; and Danise Way, treasurer. Drill captains are Kathy Haight, Chris Bobeck and Cindy Fowler.

Sean Grathwol left this week to participate in the state ready writing meet to be held in Austin. Sean has placed in this event both in area and district. He is being accompanied by Mrs. Elizabeth Johansen. The Goliad Science Club will have a meeting Tuesday, May 6. It will be held from 7:00 to 8:00 p.m. in the cafeteria. The Library Club will meet Wednesday, May 7. Mrs. Essie Person, librarian, reminds all students that library books have to be checked back into the library by May 14. The foods classes will be making salads this week, and the Teen Interest classes will be working with telephone equipment to improve their skills in communication. The Crafts classes will be finishing up yarn paintings this week and then begin tie-dyeing garments which they bring from home. Goliad enrolled two new students last week. They are Stefani and Melani James from Canyon, Texas. Both girls are in the seventh grade.

## COAHOMA Recognize Students

By VICKIE COOK  
Each year the Student Council chooses one girl and one boy to be a representative of each month during the school year as Girl and Boy of the Month. Those who served this year and their month were: September — Karen Shirley and Putt Choate; October — Fairy Ross and Alan Roman; November — Susie Smolko and Randy Gee; December — Patty Hulme and Jody Bennett; January — Melissa Cooper and Keith Stone; February — Valrae Best and Jay Phinney; March — Dietra Choate and Gary Roberts; April — Barbara Ward and Oscar Padron; and May — Mike Martinez and Paula Thome.

Ten band students were recognized at the spring band concert Tuesday night for receiving a thirty-dollar scholarship to attend summer band camp. They are Deborah Meyers, James Gaines, Michael Barbee, Tim Barbee, Vickie Long, Jay Phinney, Delaina McQuerry, Ron Roby, Benny Ray Fishback and Debbie Kerby. Besides these people, the thirteen seniors were also recognized. They are Valrae Best, Amy Barbee, Vickie Cook, Holly McCutchan, Lisa Grizzard, Bobby Gene Fishback, Pearl McCraw, Kay Frasier, Katie Hill, Scott Winn, Mike Martinez, Richard Renfro and Mark Foster.

The Directors award was presented in the junior high band to La Lee Abbeberg. Cheerleader tryouts were held Thursday afternoon in the gym. The girls that will be representatives as varsity cheerleaders for next year are Karen Shirley, head, Kim Read, Melinda Reid, Mickie Schafer and Kristi Hudgins. The junior varsity cheerleaders will be Jeanne Hays, Kerri Swann and Linda Brito.

Junior high cheerleaders were also elected Thursday. The eighth grade cheerleaders will be Kerri Reid, head, Connie Brown, Terri Poteet and Kaci Bunn. The seventh grade cheerleaders will be Karmen Holman, head, Lori Phinney, Karen Woolvort and Karen Spears.

## GOLIAD Yearbooks Arrive

By JENNIFER SMITH  
Goliad students greeted the arrival of the school yearbooks on Thursday with much excitement. Containing highlights of the year, the annuals were bound in the traditional school colors of black and white. Annual staff members Pat Hamilton, Jennifer Smith, Debbie Puga, Lisa Jussman, Shari Halvorson, Dale Brown, Craig McMahon and Billy Ward, along with the sponsor, Mrs. Cornelia Gray, distributed books on Friday afternoon. This was followed by an annual signing party in the east patio where cokes were sold by the Student Council. The Goliad choirs are preparing for an opera which they will be doing with the Runnels and high school choirs on May 24. Information about the opera will be posted in a later Megaphone. The Goliad Science Club will have a meeting Tuesday, May 6. It will be held from 7:00 to 8:00 p.m. in the cafeteria. The Library Club will meet Wednesday, May 7. Mrs. Essie Person, librarian, reminds all students that library books have to be checked back into the library by May 14. The foods classes will be making salads this week, and the Teen Interest classes will be working with telephone equipment to improve their skills in communication. The Crafts classes will be finishing up yarn paintings this week and then begin tie-dyeing garments which they bring from home. Goliad enrolled two new students last week. ## FORSAN Travel To Austin

By DOROTHY BANKS  
The Junior-Senior Banquet was hosted Saturday, April 26, by the Juniors, as per custom. Several members of the UIL teams traveled to Austin the past Thursday to participate in state contests. Competition got under way Friday and continued through Saturday. Representing Forsan at the meet were Sylvia Holguin, competing in Persuasive Speaking; Dorothy Banks, Informative Speaking; Gary Moore, Feature Writing and Brad Stevens, Science. Brad retraces his steps next weekend, after having won medalist honors in the Regional Golf tournament. Forsan will also have a boys' doubles tennis team in the State tournament. The two who claimed runnerup honors in Regional to qualify for State were Kary Richardson and Eddie Decker. The Senior class will leave next Wednesday for New Orleans, where they will explore the city. Many will be seeing it for the first time. Elections were conducted Friday for school cheerleaders and the student council president. Winners will be announced at a later date. A tennis tournament was held for junior high teams last week, with Forsan as host. The first place trophy was won by Forsan.

## Two From Here In Honor Group

To qualify for membership in the organization, a student must maintain a 3.5 or better grade point average during her freshman year while carrying at least 14 hours per semester.

## WESTBROOK HIGH Annual Banquet Held For Mothers-Daughters

By MARY MARTINEZ  
The Westbrook FHA Chapter held its annual Mother-Daughter Banquet Tuesday, April 29, 1975 at 7:00 p.m. in the school cafeteria. Table decorations were old-fashioned bonnets made by the Homemaking girls. Individual spray cologne favors were gifts from Hemphill Wells of Big Spring. At the head table were the four FHA officers: President Brenda Matlock, vice president Pandora Moore, secretary Eva Duran and treasurer Mary Martinez. The mothers sat with their daughters. Mrs. Ellis, sponsor, was seated at the middle of the head table.

The banquet began with the invocation given by Mrs. Maxey Ware, followed by the buffet-style serving. The menu was fried chicken, potato salad, deviled eggs, three-minute salad, Mexican salad, cole slaw, crackers, radishes, carrots, tea and a gelatin-type dessert. Pandora Moore and Jeanne Gregory gave a report on the State FHA Meet held in San Antonio on April 17 and 18. All the FHA members sang "Future Homemakers of America." Everyone in unison said the creed, which was in the program booklet. Brenda Matlock, president, introduced the 1975-76 FHA officers.

Sponsor, Mrs. Ellis presented awards to the present FHA officers. Mary Martinez, treasurer, presented gifts to the FHA senior girls. Following the presentation of awards, Dana Dorn and Carolyn Hubbard played musical selections. Dana, at the piano, was accompanied by Carolyn on the guitar. The highlight of the evening was the style show sponsored by Hemphill Wells of Big Spring. The commentator was Becky Strain, their fashion coordinator.

Models were provided by Westbrook High School. Seniors were: Eva Duran, Brenda Matlock, Kathy Parsons and Gayle Rollins. Juniors were: Julia Sweett, Jeannette Gregory and Carolyn Hubbard. Sophomores were: Dana Dorn, Georgeann Smith and Linda Anderson. Freshmen were: Pam Parsons and Pansy Hale. The mothers modeling were: Mrs. Rollins, Mrs. Hubbard, Mrs. Smith and Mrs. Lamb.

The mothers and daughters attending the banquet are as follows: Mrs. Hale and Julie King, Mrs. Lamb and Vickie Lamb, Mrs. Parsons and Pam and Kathy Parsons, Mrs. Reyes and Erica Reyes, Mrs. Ritchey and Janice Ritchey, Mrs. Duran and Eva Duran, Mrs. Matlock and Brenda Matlock, Mrs. Rollins and Gayle Rollins, Mrs. Kelly and Marie Aikin, Mrs. Cantu and Mary Alaniz, Mrs. Hale and Jeanne Gregory, Mrs. Hubbard and Carolyn Hubbard, Mrs. Martinez and Mary Martinez, Mrs. Moore and Pandora Moore, Mrs. Sweett and Julia Sweett, Mrs. Anderson and Linda Anderson, Mrs. Dorn and Dana Dorn, Mrs. Gonzales and Sylvia Gonzales, Mrs. Luttrill and Lynda Luttrill and Mrs. Snodgrass, Mrs. Smith and Georgeann Smith. Teachers, school board wives and other guests attended.

## NHS Chapter Has Installation

WESTBROOK — The Westbrook NHS Chapter held its final meeting of the year on Thursday, introducing new officers. Brenda Matlock introduced the NHS officers for the 1975-76 school year. They are as follows: Julia Sweett, president; Pandora Moore, vice president; Mary Martinez, secretary; Ronnie Miller, treasurer; Dana Dorn, reporter; Bobby Matlock, historian; and Georgeann Smith, parliamentarian. Preston C. Lightfoot, adviser, presented to the outgoing president, Eva Duran, a charm from the members of the NHS chapter.

Brenda Matlock, vice president, presented the program which consisted of a film strip on "Career Planning in a Changing World."

## SANDS HIGH SCHOOL Students Attending Contest In Austin

By PATTY PEUGH  
Pam Sikes and Lynn Hopper represented Sands High School at the State UIL meet in Austin, May 2. Pam, daughter of Mr. and Mrs. Wilson Sikes, won 2nd in headline writing at the regional meet in Levelland which gave her the right to compete at the State meet. A senior at Sands, Pam is a member of the honor society, pep squad drummer, copywriter for the Mustang annual, and manager for basketball, volleyball and track.

Lynn, daughter of Mr. and Mrs. Jack Hopper, placed 1st in editorial writing at the regional meet. Lynn is a junior at Sands, Beta Club reporter, cheerleader, member of FHA, class officer and active in all varsity sports. Congratulations to these outstanding students. Sands PHAers are honoring their dads Monday, May 5. The annual "Dad Date Night", is quite enjoyable for both dad and daughter. This year we will meet at the High School at 7:00 for a hamburger supper and entertainment. After supper the dads and daughters will play volleyball and dominoes. Be sure to mark these important dates on your calendar. Date changed because of Zales banquet.

Everyone is invited to the final FHA program in the auditorium at 7:30 Thursday, May 8. There will be open house in the Home-Ec. room with displays of work done by the students and an opportunity to see the newly remodeled living room.

The seniors gave their plays and they would like to say "thank you" to all those who made it possible and came to help the seniors fund the senior trip. Mrs. Abbott and Coach Mowery are the senior sponsors and have done an excellent job. Thanks from the senior class and parents.

Cathy Mahaney won 1st in district in public speaking. The FFA contest was held at Grady. She will compete at the Area II meet May 10. The FFA Sweetheart contest will also be held at this time and Jody Kemper will represent Sands. Good luck to these girls.

## GRADY Host Banquet

By JANA WOOD  
On Monday, the Grady FFA held the Area FFA Meeting at 3:30. The new area officers were elected. The FFA-FHA Banquet was held Tuesday night in the gymnasium. The guest President, George Toone, Wednesday, LaRee Baker, Mary Helen Rivas, Miss Smith and Mrs. Goldson left for San Antonio for the Student Council Convention. On Thursday, the 7th and 8th grades went to Midland for their field trips. Also the elementary grades K-5, participated in a track meet. This was the first one for the elementary field at Grady. The meet was enjoyed by all. Ribbons were awarded for the first four places. Friday, the 4th and 6th grades had their field trips. The FFA members traveled to San Angelo Saturday for a field trip. May 5 is the Student Council elections. The halls are covered with campaign posters for the candidates. On Saturday, May 10, the juniors are sponsoring a car wash at the Lenorah gin. Everyone bring your cars, and help the juniors raise money.

The planned reorganization of the Fine Arts Department is also scheduled to go into effect this fall. Under the new plan, the department will be divided into two academic departments — the Department of Art and Music and the Department of Speech and Drama.

## Degree Plans Are Revealed

SAN ANGELO — Two degree proposals and plans for the division of the Fine Arts Department into two smaller departments have been approved for Angelo State University by the Coordinating Board, Texas College and University System.

Both of the new degree programs, one an undergraduate program in physical science, the other a graduate program in public administration, will take effect with the start of the fall semester.

The planned reorganization of the Fine Arts Department is also scheduled to go into effect this fall. Under the new plan, the department will be divided into two academic departments — the Department of Art and Music and the Department of Speech and Drama.

## First Spanking Said Inconsiderate

By SUSIE RITZ  
OF COUNTY LIBRARY

The traditional first scream of life has usually been induced by a firm slap of a doctor's hand on the bottom of a newborn baby, as the child hangs carefully from his feet.

Dr. Frederick Leboyer decries this treatment of the newborn in his new book, "Leboyer believes that the traditional method of childbirth has left little consideration of the newborn as anything more than an object."

"Why must the new human being emerging from the darkness of the womb be brought into a blaze of blinding lights and loud voices?" Leboyer asks in his book. Leboyer professes

that babies have been violently introduced into the world simply because adults have never before given any thought to the infant.

PHOTOS COMPARE

The book, "Birth without Violence" offers in vivid pictures a comparison of the child greeting the world in the old and frightening way and the child who enters life through Leboyer's non-violent method.

Leboyer describes the child's fear and agony. The child is as a prisoner in the mother's womb, and, with delivery, he is granted freedom.

But with the freedom comes all the encompassing aloneness and newness of the harsh and terrifying world. A world which holds the new

person by its feet and plops it down on cold, hard, steel scales.

QUIET WAY

Leboyer instead speaks of a quiet way to bring the new child into the world. He advocates turning the lights down low as soon as it is clear that the baby's head is on its way into the world, thus alleviating some of the fear caused when the child leaves the secure yet dark womb. He also advocates speaking in whispers so that the foreign sounds do not add to the anxiety of the

He puts a newly delivered child on its mother's stomach and waits until the umbilical cord stops beating and the baby is breathing normally before severing the umbilical cord.

MASSAGED

The mother is taught to gently massage the baby on her stomach.

The massaging is to create a sense of reunion between the two people rather than the idea of total separation of mother and child. This gentle reunion lessens the baby's terror and makes the adjustment of leaving the womb less traumatic.

The child then is taken from his mother, but, to reassure him, he is bathed in water near the temperature of the body. The reactions of the baby at this point contrast the reactions of the child brought into the world by traditional methods.

Leboyer's book is one of many books available at the Howard County Library on childbearing.

CHILDREN'S CORNER  
**Hobbies Favored**  
By SUSAN CONLEY  
CHILDREN'S LIBRARIAN

Summer vacation will be here soon. After the first few days of June, there is always a problem of what to do next.

Be watching throughout May for some exciting ideas on how to spend those long summer days.

There are many activities for young people and most of them are inexpensive.

Why not start a hobby? Stamp collecting and coin collecting are two good hobbies. Starter albums can be purchased at any hobby store. The Post Office also has information and albums to help a young stamp collector. They can furnish information on different kinds of stamps and also on the newest stamps available.

The library has books that will guide a hobbyist through the maze of starting a coin or stamp collection. "How to Build a Coin Collection" by Fred Reinfield and "Let's Start a Stamp Collection" by John Turner are two such books.

ROCKS

Collecting rocks is another hobby that is easy to start. All varieties of rocks can be found right at home. All it takes is an observant eye.

To learn how to display a rock collection and how to identify rocks, come to the library.

Feather, wild flower and insect collections also can be made with nature's materials.

COOKING

Any boy or girl can be a gourmet cook. "Easy Gourmet Cooking" by Bernice Kohn has fool-proof recipes for guacamole salad, quiche and chocolate chip cookies. Directions are written simply and drawings illustrate the utensils needed.

"Peanut Cook Book" by C. Scholz contains recipes for all the favorite foods of Charlie Brown, Lucy and Linus.

Recipes include Lucy's applesauce pie, Charlie Brown's banana cupcakes, and Snoopy's pizza.

Jazz Groups

LOS ANGELES (AP) — The World Jazz Assn. has been formed, patterned after the structure of the Country Music Assn., which helped the new organization with materials and expenses.

The stated purpose is the bringing together of the "artistic and commercial aspects of jazz to promote the present, the future and to recognize the past contributions to the world of jazz."
