**PROSTITUTE EVICTED FROM FRENCH CHURCH** — A policeman and other officials remove a prostitute from the Church of St. Nizier in Lyon, France, today. She was one of 100 women evicted from the church where they were carrying on a sit-in strike demanding that the government recognize prostitution as "a job like any other."

## The World At-A-Glance

**TAMPA, Fla. (AP)** — Former Sen. Edward Gurney knew that his fund raiser was swapping federal housing favors for political donations a year before he says he found out, the one-time top aide to Gurney has testified. James L. Groot told the jury Monday in the bribery-conspiracy trial of Gurney and three others that the senator learned about the favors in June 1972 and was afraid that a slip-up could cause trouble.

**VIENTIANE, Laos (AP)** — An American woman arrested seven days ago is being held at a local police station on "unspecified political charges," a U.S. official said today. The woman, Rosemary N. Conway, 36, of Chicago and Las Vegas, told a reporter: "I don't know why I am being held... They kept me in two sets of handcuffs until yesterday." A Laotian newspaper charged that she was involved in a Central Intelligence Agency plot to fly Royal Lao Air Force T28 bombers to Thailand, but the woman denied it.

**SANFORD, Fla. (AP)** — Fire officials say efforts to rescue inmates from choking clouds of smoke in a fire at the Seminole County jail were hampered by more than 100 jicycles which blocked the rear entrance of the facility. Eleven persons, including a guard who was making his second rescue trip into the smoke-filled jail, died of smoke inhalation in the blaze Monday, authorities said. Thirty-four others, including both prisoners and guards, were hospitalized.

**LIBREVILLE, Gabon (AP)** — The Organization of Petroleum Exporting Countries (OPEC) has agreed to quote prices for crude oil in the International Monetary Fund's special drawing rights instead of in dollars. The change could mean higher prices in countries where their currencies are comparatively weak, as the dollar, the British pound and the Italian lira are now, and lower prices in countries with strong currencies, like West Germany and Switzerland.

# Winds, Record Rains Lash Gulf Coast Area

Special marine warnings were posted today for Galveston and Chambers counties when near-hurricane force winds and swamping rains lashed through that heavily populated Gulf Coast area of Texas. Sour Lake, near Beaumont, had 17.5 inches of rain from Monday afternoon until this morning.

Weathermen said wind gusts up to 55 miles an hour screamed through downtown Galveston and nearby La-Marque. They said wind blasts reached 70 m.p.h. in some areas along beaches and in less populated parts of

Galveston County. Dark, boiling clouds raced in from the sea, dumping 1 to 2 inches of rain an hour in the Galveston area while peppering the ground with pea-sized hail.

A tornado warning went up briefly for an area just west of Houston after a tornado funnel was spotted.

Seafarers and small boaters were warned to seek harborage or safe anchorage during the height of the weather blitz.

Damaging winds battered Pirate's Beach on west Galveston Island while bayous spilled over with massive amounts of rain water throughout the

Beaumont area. Near record flooding is expected along Pine Island Bayou over the next few days, weathermen said, where flood stage is 25 feet. The bayou—at 28.5 feet today—was predicted to crest at nearer 30 feet.

Flooding also was predicted along Village Creek and the Sabine, Trinity, Brazos and San Jacinto rivers.

Sheriff's officers reported water lapped into half a dozen homes in a low part of Sour Lake but there was no loss of life. A stretch of roadway was blocked in that vicinity.

A junior high school in Beaumont was opened as a shelter. Sandbags were used in places to stem the spread of overflowing bayous.

Deluges descended in numerous sections from the Texas Panhandle and parts of West Texas across the state into Louisiana and from the Oklahoma line southward through the Central Texas Hill Country to the Middle and Upper Texas Coast.

While the downpours slackened off by this morning in the central part of the state, water still flowed 6 to 8 inches deep across Texas 174 between Cleburne and Joshua. A vehicle was swept off the road there.

Streets filled with mud at many points during the night as radar detected rain often falling at rates of more than two inches per hour.

Moisture amounts at other points included Devil's Lake and Deweyville 9.80 inches, Wisebluff 6.50 and Beaumont 4.73.

Tornadoes and wild electrical storms kept Texans uneasy across a wide stretch of countryside. There were reports of twister sightings southwest of Friona and near Morton in the Panhandle-Plains sector, 4 miles west of Merkel in West Central Texas, near Eula east of Abilene, north of Decatur in Wise County, 3 miles north of Paris in North Texas, at Plano north of Dallas, west of Rosenberg and at Richmond in Southeast Texas and near the Astrodome in Houston.

Flood warnings or watches covered many sections already saturated.

## Here Are Highlights Of Ford's Broadcast

**WASHINGTON (AP)** — Here are the highlights of President Ford's nationally broadcast news conference Monday night:

**CIA:** The President on Tuesday will make public the Rockefeller Commission report on domestic Central Intelligence Agency activities and send it and the panel's findings on alleged assassination plots to the Justice Department for possible prosecution. He believes the report will restore the credibility of the spy agency, but said, "I believe there can be some internal improvement in the CIA."

**ECONOMY:** He is hopeful the recession soon will "bottom out." He said the 9.2 per cent unemployment rate in May was bad news, but added he was encouraged that total employment increased for the second month in a row.

**MIDDLE EAST:** During two days of meetings with Israel Prime Minister Yitzhak Rabin this week he will seek Israel's assessment of the Middle East situation and then reassess United States policy in that crucial area of the world.

**POLITICS:** The time is getting closer to a formal announcement of his candidacy for a full four-year term in 1976.

**EUROPE:** An East-West European Security Conference is "getting closer and closer" and could be held soon in Helsinki, Finland.

**SALT:** He is hopeful a second strategic arms limitation agreement can be reached soon and that it can

be signed this fall in a Washington summit meeting with Soviet leader Leonid Brezhnev.

**VIETNAM:** "There are a number of lessons that can be learned from Vietnam," Ford said, among them that the United States must work with other governments which believe in protecting their own freedom but "we cannot fight their battles for them."

**KOREA:** The policy of keeping 38,000 American troops in South Korea is "constantly under review," but the President added, "I think it's keeping the peace."

**CONGRESS:** If Congress ignores the desire on the part of the President "to be responsible fiscally then of course we will have more vetoes." But he said there would be no need for a series of veto confrontations if Congress "acts responsibly."

## Rain Fall Is Spotty

Showers continued to dot the area Monday afternoon and Tuesday morning, although there were few heavy falls reported.

One section of Luther, in north central Howard County, got a good shower Monday afternoon. Mrs. O. R. Crow said the gauge showed an inch, also there was some hail. Three miles to the west, Mrs. John Couch today said they received only .10 of an inch.

Measurements between Big Spring and Snyder ranged from 3 to .5 of an inch; those from Colorado City south to Silver, just above Lake E. V. Spence, showed .9 to 1.1 inches.

Rain was falling at 11 a.m. at Gail, having amounted to .80 of an inch, but the fall was slow and putting out little runoff. Pastures, however, were benefitted.

Lamesa had a hard shower lasting about an hour this morning.

Monday produced more electrical fireworks than moisture. Big Spring registered from .10 to .15 of an inch.

Official measurement at the U.S. Experiment Station up to 8 a.m., was only .07, which brings the month's fall up to .08.

Total official rainfall for the year is now 10.44 inches. Most of that fell during May. The outlook was for more showers today and tonight.

# Big Boost In Taxable Property Value Seen

By JOHN EDWARDS

A \$30 million or 7.6 per cent increase in taxable property value in Howard County was announced by a representative of an oil and utility evaluation firm Monday afternoon.

"This is primarily due to oil only," Jim Rapier of Pritchard and Abbott told County Commissioners Court. "I don't know what your local (total value in real and personal property) is going to be."

Pritchard and Abbott appraises oil and utility properties for the county. The senior appraiser for local real and personal property later was asked by a reporter about total non-mineral property tax valuation.

**OTHER PROPERTY UP** — "It will be slightly up," Richard Fleener, senior appraiser for the county and other local governments, said. "It won't be anything dramatic."

He and Mrs. Zirah L. Bednar, county tax assessor-collector, mentioned the new Malone-Hogan Hospital, which was 75 per cent complete on the day property is taxed, Jan. 1.

They would not estimate how large proposed real and personal property tax rolls would be this year until commissioners court meets as a board of equalization for these properties.

County tax rolls last year indicated properties with combined true market value of \$391,128,000. Mrs. Bednar said.

Oil and gas values accounted for about half this amount.

While Rapier presented an encouraging report for this year, next year the county could anticipate a decrease in property taxes from oil and gas operation unless the price of oil continues to increase or a large amount of drilling is done here.

Fuel reserves are being depleted, Rapier explained. The county taxes one-fourth of properties' true market values, as determined by appraisers and the board of equalization.

And tax officials frequently refer to this one-fourth or assessed value rather than true market value.

**CODSEN GETS CUT** — Sitting as the board of equalization Monday, commissioners court agreed to delete from the tax roll refinery equipment with a

value of \$1,250,000. This equipment would bring the county \$3,244 in taxes, Ebling said.

"It was operating Jan. 1," Ebling noted.

Commissioner Jack Buchanan opposed this second request, saying merchants are taxed on their Jan. 1 inventory.

**'GOOD BUSINESS'** — "If you want to stick that on us also, you can," Ebling replied. "I think it'd be good business for the county and Cosden not to."

Ebling argued it would be better to go ahead and take the equipment off the tax roll instead of waiting until next year when an oil roll total decrease was anticipated.

Buchanan disagreed. "We got one more year of taxes (this) that way," Buchanan said.

With a true market value of \$1,250,000, this equipment would bring the county \$3,244 in taxes, Ebling said.

Ebling argued it would be better to go ahead and take the equipment off the tax roll instead of waiting until next year when an oil roll total decrease was anticipated.

Buchanan disagreed. "We got one more year of taxes (this) that way," Buchanan said.

Cosden did not make money this year, Ebling said, and, by allowing the second reduction of \$3,816 in taxes, the board would be helping the firm "get in the

black."

Ebling and Rapier mentioned \$14 million (100 per cent value) worth of Cosden refinery being idle.

**ENVIRONMENT TAX?** — County Judge Bill Tune asked about the lake being constructed to collect oil rain waters might carry from the refinery.

Ebling said the water pollution prevention project, which was forced by the Texas Water Quality Board, should not be taxed. The lake will create no revenue for Cosden.

Rapier said his firm had not researched the question, because the lake was not under construction until after Jan. 1.

But the appraisal firm representative mentioned a precedent set in Orange County. Ebling disagreed, contending the case was no precedent.

**PAYS MOST** — The largest county taxpayer last year, Cosden was taxed for property worth a total of \$27,357,160 (true market value).

The firm was the only oil or utility firm asking the board for tax reductions Monday. Oil and utility company representatives met separately with Pritchard and Abbott while commissioners court conducted its usual Monday meeting.

The county board of equalization Monday was recessed until 9 a.m. June 25 when real and personal property values will be considered.

JAMES GREGG

## Gregg Elevated

James Gregg, city attorney, was named assistant city manager, replacing Bob Butler in a closed session of the city council meeting this morning following the regular session.

Gregg plans to give up his private civil practice, but will continue his duties as city attorney in addition to the assistant manager position.

The recommendation was made to the council by Harry Nagel, city manager. Gregg has been with the city three and a half years, prior to which he was city attorney at Rosenberg.

Butler recently resigned to accept the position of city manager in Mexia.

# Teachers Get Full State Salary Raise

Big Spring teachers got the \$1,450 state-mandated salary increase Monday night from the Big Spring Independent School District trustees, and kept their \$650 annual local increment.

The teacher increase actually ranges from \$1,400 to \$1,910, depending on the pay grades and tenure involved. However, teachers are able to utilize \$240 of their \$650 increment health insurance. This is optional for present teachers and a condition of employment for new teachers.

A forecast of woes to come was given by Dr. Emmett McKenzie, superintendent, as he pointed out that the school would not receive quite as much in state funds as first announced. This is due to a drop in the average daily attendance figures.

It was pointed out that the budget will probably begin the year with an estimated \$250,000 deficit, with probably even a larger one the following year when state assistance funds drop. This year's budget came better than hoped, due to emergency funds from the state, plus other factors.

**RATE THE SAME** — The tax rate remains at \$1.40 per \$100 assessed value which is recommended to continue at what Don Crockett, assistant superintendent of business, listed at a "claimed 75 per cent ratio to market value."

The budget work sessions for the board to prepare the budget for the coming year will begin at 7 p.m. June 23.

Harold Bentley, principal of Rannels Junior High was named director of personnel to replace Noel Reed who is retiring this year. Bentley also will assume responsibility next year for administering federally funded programs with the anticipated retirement of Keith Swim at the completion of the 1975-76 school year.

Tom Henry, currently Cedar Crest Elementary school principal, will become new principal at Rannels.

**SPLIT VOTE** — In a heated discussion followed by a 4-3 split vote, the board approved once again resumption of display of band instruments. R. E. McKiski of McKiski Music felt a single dealer approach was better.

Two years ago, display

HAROLD BENTLEY

open to all dealers was stopped at his request. Roscoe Cone also appeared in McKiski's behalf. Bill Bradley, band director, pointed out that he had a better direct contact with beginning students and their parents through the display method. It also places instruments on a competitive basis, he said.

The board voted to hold the displays with Jerry Jenkins, Delnor Poss and Roy Watkins voting no. There was no need for Watkins to vote since it was 4-2, but he wanted to be heard.

McKiski deemed the method unfair "because Big Spring has only one band instrument store."

**TAKE HIGH BID** — Board members, however, pointed out that the other equipment was purchased on a competitive basis. The board approved typewriter bids, giving the bids on 32 standards, but took the high bid of Faulkner Typewriters Co. of Midland of \$6,425 for Royals.

Low bid was on Marlin's Facits with a bid of \$5,856, and second low was Graham's Office Machines of Big Spring with \$6,216. On the electric typewriters, the board purchased 15 on a

middle bid as the bid recommended by the staff of \$5,715 for IBMs. Low bid was Marlin's with \$5,005 followed by Graham's with \$5,108 and Faulkner was high with \$5,950.

**RESIGNATIONS** — Resignations accepted included Gary Carlson, planetarium director; Mrs. Deborah Chappelle, Rannels; Ron Freeman, high school PE; Mrs. Gretta Gibbs, high school referee; Mrs. Judith Klampfer, Marcy; Mrs. Hazel Lawrence, Park Hill; Mrs. Janice Lundbert, Moss; Mrs. Patricia Morris, Washington; Mrs. Emily Phillips, Cedar Crest; Mrs. Rebecca Scroggins, College Heights; Mrs. Anna Steen, Marcy; Mrs. Erma Steward, high school journalism; Mrs. Calla Perkins, Cedar Crest; Ronald Plumlee, high school coach, Mrs. Donna Plumlee, Cedar Crest, Mrs. Judith Thompson, Marcy; Miss Joan Wahlenmaier, high school DE; Mrs. Patricia Watson, high school math and Mrs. Elizabeth Wilson, individualized program.

New employees include Mrs. Shirley Burgess, Marcy; Michael Caraway, high school PE; Stephen Poitevint, high school journalism; Mrs. Judy Ann Rogers, elementary; Ronald Rogers, high school coach and English and Mrs. Carol Stephens, Marcy.

**CARPET LIBRARY** — Kentwood P.T.A. project of carpeting the library was approved and commended by the board. They asked for no additional funds.

The board approved the annual contract for Regional Media Services. They also approved purchase of a bookkeeping machine for the tax department at a trade-in price of \$8,785.34 and a maintenance contract of \$689 per year.

The board set the regular July meeting for Thursday, July 10. It will hear a review of the high school exemption policy at that time.

Other board members were present Monday including Al Valdes, Don Reynolds, Jim Bill Little and Thomas Fetters.

A class on administrative procedures from Sul Ross extension courses, taught by Noel Reed, visited the board meeting Monday night as part of the class session.

## Industry Accused

**WASHINGTON (AP)** — The natural gas industry is accused of underestimating the country's natural gas reserves in a government report that describes the industry's system of estimating reserves as "tantamount to collusive price rigging."

The report recommended issuance of a federal complaint against the American Gas Association, an industry trade organization, and the nation's 11 major natural gas producers, charging them with violating fair trade practices.

# Aura Of Serious Risk

Word of Soviet submarines working nearer the coast of the United States, causing no small degree of concern in Washington, underlines the aura of risk about the Navy's Holystone missions penetrating Soviet waters to gather data on the Soviet submarine fleet.

These have presented not only grave risks to the men involved, but more importantly the risk of an international incident of grave consequences. Russia also is playing the same dangerous game. Like a U.S. submarine that bumped a Soviet one, a Soviet submarine got too close to a U.S. sea land and bumped one of our own.

Writing in the New York Times, Seymour M. Hersh told of several near-miss international incidents growing out of the Holystone missions.

In one case a Holystone submarine actually was grounded off the east coast of the USSR; there have been collisions with Soviet submarines; a U.S. submarine surfaced beneath a Soviet vessel taking part in fleet exercises; Soviet aircraft and destroyers reportedly have conducted intensive hunts for American undersea craft.

Suppose the beached submarine had been discovered. To get an idea of what might then have happened, consider the likely reaction in this country were a Soviet submarine carrying special electronic surveillance equipment found beached somewhere on

the U.S. coast.

Supposed the Soviet vessel had been seriously damaged and sunk when a U.S. submarine surfaced beneath it, or that either a U.S. or USSR submarine had been blasted open in a Soviet search and destroyed mission in Soviet waters.

The issue is not altogether whether the risk was taken with a good return in vital information. Apparently the specially equipped Holystone submarines learned much about the Soviet submarine fleet that could be put to use in time of war even though

much of the information might have been obtained at much less risk by other means — satellites, for instance — there seems to be no question about the military value of what was learned through these perilous missions.

Yet serious questions are raised, however, as to the wisdom of thus violating international law in time of peace. The U-2 episode in the Eisenhower administration clearly demonstrated the far-reaching damage that can be done by a single incident.

And Russia should be advised of the same potential.

## Fuel Costs Pyramid

The National Federation of Independent Business has tossed out figures which illustrate why higher taxes (or prices) for gasoline and other petroleum fuels will be felt in more ways than one.

Even though individuals learn to cut down on travel in the family car, they still will feel the pinch. Most businesses require fuels in production, certainly in sales work. But consider agriculture. Energy costs 10.7 per cent of the sales dollar. Of the production figure, 5.2 per cent goes for natural or liquid petroleum gas and

4.1 per cent for gasoline. Independent transportation spends 11.2 per cent of sales for gasoline. Apply this throughout the economy, and you begin to get a pyramiding effect.

Whether in direct price increase or in tariffs or taxes, higher fuel costs will affect us all. Thus while higher costs may become a brake on consumption (and thus promote conservation), they also exercise strong inflationary pressures.

## Japanese Fears

Robert Novak

TOKYO — Behind the calm official reaction that the Communist takeover of Indochina affects nothing, the anguish it has generated in the upper reaches of the Japanese government was revealed last week at a private reception attended by key figures of the ruling Liberal Democratic Party (LDP).

ONE LDP FACTOR leader who may be the next prime minister of Japan discarded the bland, unrevealing prose favored by leaders of that cautious and conservative party. A new Korea unified by Communist force, he said, would bring catastrophe to Japan: a "civil war" between left and right.

Implicit in that grim prophecy is diminished U.S. credibility in Asia after Vietnam. Communist conquest of Korea could come only if the U.S. breaks treaty commitments to South Korea; internal conflict that could destroy Japan's post-war democracy would then result only from a belief that the Americans would abandon Japan as they did Korea.

THE JAPAN East Asia's great

industrial power and democracy, should be indirectly threatened by the Indochina debacle is steeped in irony. Japanese leaders somewhat smugly say the U.S. fiasco in Vietnam was inevitable and the Americans are lucky to be out of Southeast Asia. Non-Communist Asian countries show less interest in the domino theory than Japan.

One prominent business consultant is advising against future investment in Thailand because he feels Communist control is imminent but considers this a minor loss. Japanese leaders generally regard Southeast Asia as a remote backwater, unimportant both politically and economically.

BUT NEARBY Korea is the one domino that counts for Japan, as witness one of Japan's most sophisticated and most worldly corporation presidents. A decade ago, he advised the U.S. ambassador here to keep hands off Vietnam and let it go Communist. His views today on Korea: "If the United States leaves Korea, you are finished in all of Asia and the alliance with Japan is finished."

## EDITORIALS / OPINIONS

## Lib At Home

Art Buchwald

WASHINGTON — The Women's Lib Movement has made its impact on college and most parents are feeling it now that their daughters are home from school.

THE BIG QUESTION being debated in households all over America is whether a liberated college student should be required to make her own bed and do the dishes in her own home.

This is how it's been going in our house.

"Would you mind making your bed and cleaning up your room?" asks the maker of Mom's apple pie.

"I am not a slave," replies the apple of my eye. "For centuries women have been relegated to dreary housework and we have to put a stop to it."

"THAT'S TRUE. But cleaning up your own room under our present form of government does not constitute slavery."

"The day of women using vacuum cleaners and dust mops is over. We must free ourselves from the image men have of us as servants."

THE MAKER of Mom's apple pie says, "No one could be prouder of the battle you're waging for full equality. But if you don't clean up your room then I will have to, and I don't see how that would strike a blow for women's liberation."

"Why not?" the apple of my eye says. "Don't you see, Mom, by cleaning up my room you are certifying the male image of us as

weak, passive, dependent and inferior human beings. Why doesn't Dad clean up my room?"

"THAT'S A GOOD question, but if I were you I wouldn't ask him."

"That's just my point. For years we've been cleaning up our rooms and making our beds. It's time we put a stop to it and said to our men, 'You want a clean bedroom — clean it yourself!'"

"There's also the dishes. You've been home for two weeks now and I don't think you've washed a dish."

"I refuse to be part of role-playing in this house. The role of women as the official dishwasher has to be turned around. The kitchen is a prison which we must break out of."

EVEN FEMINISTS don't like to eat off dirty plates. "The maker of Mom's apple pie says, 'Couldn't you wash the dishes and then plan your revolution?'"

"You don't seem to understand, Mom. Every dish I wash encourages the sexism that is rampant in America today. If we don't take our stand on dishwashing, the movement will go down the drain."

"WELL THAT takes care of the kitchen and your bedroom. You wouldn't consider going to the supermarket for me, would you?"

"Do you want to hear what Kate Millet has to say about grocery shopping?"

"I knew I shouldn't have asked."

"Awright, Army! You know, of course, this means WAR!!!"

## Sharp Recovery?

John Cuniff

NEW YORK (AP) — There is very little evidence in corporate spending plans to suggest that business expects a sharp recovery from recession.

Not only is actual spending down, but so are plans for future spending. Plants and equipment aren't being added or improved at a rate that would indicate optimism. The signs instead still read caution.

In fact, the producer's view on spending appears to be very much like that of the typical consumer: beware of big expenditures, watch your pennies, pay off your debts and, in general, get your house in order.

The latest quarterly survey of spending by the Commerce Department indicates business will pay \$114.2 billion for plant and equipment in 1975, which means an increase of 1.6 per cent over 1974.

An increase of that size really amounts to a decrease, because of an inflation-induced variance in the buying power of the dollar.

Further confirmation of the cautious mood comes from cutbacks in plans for future spending. A Conference Board study of manufacturers' first-quarter plans for future spending showed a cut of 9.4 per cent from the previous quarter.

"And then, assuming that USIA goes on from rebuttal to the waging of its own offensives, to what extent — another conception of the USIA's role — ought it to harmonize with the prevailing political mood? Should its broadcasts and dispatches rise and fall in exact synchronization with, for example, the spirits of Geneva, Camp David, and Glassboro? How

Maybe your husband should consult a rectal specialist. Dear Doctor: My husband has hemorrhoids, and he has been told they are too small to operate on. He has bleeding in his bowel movements. Is this bleeding to be expected, or is there something to be done to stop it? — Mrs. J.J.

Bleeding can be a part of the hemorrhoid problem, but he must be sure that it isn't coming from a source higher up in the bowel, or from a fissure. A hemorrhoid is a distension of a vein. A fissure is a split in the membrane at the margin of the anus. An ulcer can occur with hemorrhoids.

Your husband should keep his stool as soft as possible. But he should have ample bulk in his diet. He can use stool softeners if his stool is too hard. My booklet, "The Real Cure for Hemorrhoids," discusses the subject in more detail than I can go into here. If you think it will help you, you can receive one by sending 25 cents to me in care of The Big Spring Herald. Ask for the booklet by name, and please be sure to enclose a long, stamped, self-addressed envelope for mailing.

But I can tell you that local medication is not effective if there is an ulcer or a fissure.

## Electric Shock Effects

Dr. G. C. Thosteson

Dear Dr. Thosteson: My son was working on a wheel-balancing machine which had defective wiring. He had 440 volts pass through his body. Luckily, the machine was turned off in time. Would this cause any heart damage? Would any damage show up in later life? — Mrs. E. B.

If your son was unharmed initially, and if he exhibits no symptoms now, there should be little cause for concern about lasting effects from the experience.

The serious effects of electrical shock, whether from defective wiring or from lightning, are usually immediate and obvious. Your son was fortunate, since even voltages (110 or 220) can be fatal if applied for relatively brief periods. The immediate effects would be sudden irregularity of the heart rhythm or a cessation of the heart called cardiac standstill.

## Attention West

### Around The Rim

Jo Bright

There was a time when tourists who were interested in Indian culture gravitated toward Oklahoma or Arizona, but Wendle Chino, Apache Tribal Chief of the Mescaleros, is out to change that. A progressive and innovative leader, he has done much to focus attention on the Indians of New Mexico.

THIS MONTH, the Mescalero Ruidoso All-American Championship Indian Dances will commence June 20 and last through June 22. Borrowing a phrase made famous by Ruidoso Downs, the Apaches have billed this event as the "World's Richest" Indian Dances with cash prizes totalling \$10,000.

The dances are co-sponsored by the Mescalero Apache Tribe and the Ruidoso Chamber of Commerce. Tribal entries and exhibitors from over 30 states are expected to attend.

Tribes which have already registered for the event include the Ponca Indians from Wichita, Kans.; Omaha Indians from Macy, Neb.; Chippewa from Black River Falls, Wis.; Nez Perce Indians from Washington state; Comanche Indians from Walters, Okla.; Pawnee Indians from Pawnee, Okla.; Cheyenne Indians from El Reno, Okla.; and the Mandan-Arikara Hidatsa Indians from Mandaree, N.D.

Also participating in the dances

will be many urban Indians representing Indian clubs.

The three-day celebration will take place on the Mescalero Apache Ceremonial and Rodeo grounds in the heart of the Sacramento Mountains, close to Ruidoso, N.M. which, of course, is the well-known location of Apache-owned Sierra Blanca ski slopes.

EXHIBITIONS OF Indian arts and crafts, including authentic Indian cooking, will be on display and for sale at the ceremonial grounds. Other activities include a "PowWow" with informal-type dancing, drumming and ritual ceremonies.

All crafts will be authentic-Indian made. Silver and turquoise jewelry must be genuine, according to exhibitor regulations.

Incidentally, the regulations further stipulate that all exhibitors must be at least one-quarter degree of Indian blood and registered on a tribal roll or reservation.

"This will be a first-rate opportunity for people in this area to become acquainted with the Indian culture and heritage," says Chino.

If you're going to be in the mountains June 20, perhaps for a racing weekend, it might be twice the fun if you take a little more time and see who comes out the big winner in the "World's Richest Indian Dances."

## Future Of USIA

William F. Buckley, Jr.

This is the last of the pre-vacation columns by Mr. Buckley, who is crossing the Atlantic in his schooner, the Cyrano. There will be no Buckley columns for the following dates: June 12, 14, 15, 17, 19, 21, 22 and 24. The column will resume with the release for Thursday, June 26. — Ed.

The recommendations of the panel headed by Dr. Frank Stanton are that the information function of the USIA be given over entirely to the State Department, leaving aside only the Voice of America.

FRANK STANTON was the chairman for many years of the United States Advisory Commission on Information. The Commission's report to Congress in 1970 raised questions implicitly answered by Dr. Stanton in his recommendation to incorporate USIA into the State Department.

The report consisted, in part, of an open examination of basic questions. "To what extent," the Commission (of which I was a member) wrote, "ought USIA to think of itself as an advocate?"

IT WENT ON TO ruminate: "Certainly to the extent of correcting factual misstatements. If the Soviet Union broadcasts that there are a million political prisoners in the United States, clearly the Voice of America should reply that such is not the case, and devise persuasive ways of convincing its listeners of the truth of our denial."

"It is however still another question whether the U.S. Information Agency should reply by saying, 'But, there are a million political prisoners behind the Iron Curtain; indeed, there are several hundred million political prisoners behind the Iron Curtain if you will accept the proposition that the lack of any political freedom is the equivalent of political imprisonment.'"

"And then, assuming that USIA goes on from rebuttal to the waging of its own offensives, to what extent — another conception of the USIA's role — ought it to harmonize with the prevailing political mood? Should its broadcasts and dispatches rise and fall in exact synchronization with, for example, the spirits of Geneva, Camp David, and Glassboro? How

The Bible is full of such prayers. There's Abraham's prayer for Sodom (Gen. 18:23-33), and Stephen's prayer for his murderers (Acts 7:60).

I would talk to God about your brother's needs often and everyday. The Scripture tells us as Christians that we are priests (1 Peter 2:5). So this is our ministry — to intercede with God on behalf of men's spiritual and temporal welfare. I know God will honor your concern.

## My Answer

Billy Graham

I am at a loss as to what to do for my brother who's quite upset. He lives in a distant city, and is sick now. He's facing a court trial for negligence, a charge of which I'm sure he's not guilty. I'm a Christian, but he makes no profession of faith.

While there are many worthwhile things you might do, let me suggest one that, as a Christian, can become your miraculous special ministry. I mean intercession of prayer.

Now the term "intercession" in the New Testament in one instance comes from 1 Timothy 2:1. It refers especially to prayer on behalf of

LIST OF DEBUNKERS GROWING

Wallace Says He Believes Democratic Leadership

NEW ORLEANS, La. (AP) — George C. Wallace says he believes the Democratic leadership when it says there's no organized party effort to stop his presidential bid, but the list of Wallace debunkers keeps growing.

GEORGE WALLACE House effort to override President Ford's veto of the strip mine bill.

The 10 Western Democrats of the Western Governors' Energy Policy Office adopted a resolution urging a veto override, but they were blocked from bringing it on once before the heavily Democratic full conference.

"I think the election of a president in a day when we have the economic problems, the energy problem, that we have, is a serious business. And I don't believe the voter, and certainly not the elected political officials in the nation, should make light of the matter of choosing a candidate or even promote the campaign of a man who could not serve if elected."

Ducats For Rodeo Set

Ticket sales begin today for the annual Big Spring Rodeo and Cowboy Reunion to be held starting Wednesday, June 18, and lasting through June 21.

KILLS INTRUDER — Rev. Ralph Esposito, assistant pastor at Mother of Sorrows Roman Catholic church in a Pittsburgh suburb, shot and killed an intruder in the rectory, according to police.

Tickets are \$3 per performance, with tickets for children under 12 at \$1.50. These may be purchased in advanced at Wards Boot and Saddle Shop, Samilwood's Western Wear, the Webb Credit Union, John H. Lee's Service Center at Webb, First National Bank, Creighton Tire Company, the Chamber of Commerce office and Driver's Insurance Co.

The show will include performances on the first two nights by Barbara Mandrell, country music singer, and on the final two nights by the renowned Hank Thompson, a country music institution.

Decision Aids Needy Parents

WASHINGTON (AP) — Only buyers and sellers of securities may sue for stock fraud, according to a Supreme Court decision that halts a trend to allow fraud suits by individuals who merely contemplated stock transactions.

In other actions, the court: —Ruled unanimously that jobless fathers who are eligible for unemployment compensation may choose to receive welfare payments for their children instead.

The 6-3 decision adopted the principle that was first established 23 years ago by the U.S. Circuit Court in New York. That rule has been criticized by legal scholars and by the Securities and Exchange Commission as an archaic and arbitrary restriction which prevents people from suing although they have, in fact, suffered losses.

—Agreed to hear arguments next fall on the constitutionality of a 1972 law requiring the government and coal mining companies to pay benefits to black lung disease victims and their survivors.

Justice Harry A. Blackmun, speaking for himself and two other dissenters, said the court had shown "a seeming callousness toward the investing public quite out of keeping, it seems to me, with our own traditions."

—Refused to hear the appeals of Bernard L. Barker, Eugenio R. Martinez, Frank A. Sturgis and Virgilio R. Gonzales, the four Miami, Fla., men arrested in the Watergate break-in.

Principals Are At Workshop

Seven elementary principals from Big Spring schools are attending the annual summer conference and workshop at Jester Center on the University of Texas campus, Austin this week.

District Judge Ralph W. Caton sentenced Dicky Joe Tindol, 23, Route 1 Box 414, to five years in prison today. Tindol was serving a 10-year probation term for burglary when he was arrested for driving while intoxicated. The judge reduced the original conviction to five years and revoked probation.

Representing Big Spring schools are Cleo Carlisle, Airport Elementary; Harland Huijbretse, Bauer; Jim Beam, College Heights; Ernie Boyd, Kentwood; Jim Holmes, Marcy; M. A. Barber, Moss, and J. B. Cushing, Washington.

Don Gay, Leading Bull Rider, May Compete Here

Don Gay, a plucky little Texan who the "old-timers" figure is hardly dry around the ears, is pro rodeo's world champion bull rider. He has performed the past two seasons in the Big Spring rodeo. Rodeo officials are in hopes he will be back this year for the big rodeo June 18-21.

DON GAY

The 21-year-old cowboy who comes from the town of Mesquite, just outside of Dallas, has a reputation for being a "rank" bull rider. This means if he happens to draw the toughest bull in the herd, that bull stands a good chance of being ridden.

That's the way it was at last year's National Finals Rodeo for Don. Opening night he drew the Bucking Bull of the Year, Tiger, who had been unridden the whole season. When the whistle blew, Don was still on top, and the judges awarded him 94 points.

This year Don is in the bull riding lead again, and in strong contention for the all-around championship. He rides saddle broncs as well as bulls in the Professional Rodeo Cowboys Association. Don grew up with rodeo. His father, Neal Gay, a former bronc rider himself, produces the weekly Mesquite championship rodeos. His older brother, Pete, is also a crack bull rider, and the two boys often travel together to rodeos scattered throughout the country.

Last year Don competed in more than 150 rodeos, and had the title cinched toward the end of the season. He won nearly \$33,000, an event record.

Gay is only one of many top rodeo performers that Big Spring is hoping will return to their four night show this year.

Charlie Creighton, president of the rodeo association here, said that "sometimes these big performers are as big a drawing card as our entertainment stars." This year the entertainers are Nashville's singing stars, Hank Thompson and Barbara Mandrell.

# Rangers Unload On Boston, 12-4

The Minnesota Twins had their batting order mixed up while the Texas Rangers had their schedules mixed up Monday night. It didn't really matter, though. Both teams won anyway.

Danny Thompson and Dan Ford batted out of order for the first nine innings of Minnesota's 11-10 triumph over the Cleveland Indians because Twins Manager Frank Quigg gave the public address announcer a different lineup card than he gave home plate umpire Lou DiMuro.

There was a time when Dave Parker dreamed about playing for Cincinnati. Then he grew up and left town. A lot of the Reds' fans probably wish he had never come back.

Rawly Eastwick took over and it seemed the Buc barrage was over. It was, until the fourth inning.

In a Webb makeup game played Friday, Youngblood shelled the Freedom Flyers, 20-11.

# Off-Field Problems Mounting

NEW YORK (AP) — The tangled legal mess which engulfs the National Football League is headed for yet another courtroom, this time on a government agency's complaint that the league has not acted right in some of its dealings with the players' union.

Already besieged by a pair of federal suits challenging its rules which bind a player to one team and a suit brought by former players, the NFL now is in a fourth court.

The latest charges, 15 of them, were issued Monday in a complaint filed by the National Labor Relations Board. It alleges, among other things, that the NFL instituted a 15-minute overtime period and a punt rule without consulting the players, that it withheld information about such things as salaries and injuries and that four union officials were cut from their teams because of union activity.

If that isn't enough to distract a fan from the game, consider this: —The Joe Kapp case, in which a federal judge has ruled the Rozelle Rule and portions of the college draft to be illegal, now goes to a jury trial to determine damages owed Kapp, in late July or August.

—Now on trial in a Minneapolis federal court is a suit brought by former player John Mackey, in which the Rozelle Rule and other NFL restrictions binding a player to one team are challenged.

—Scheduled to begin July 7 in Providence, R.I., is a suit brought against the league and the union by retired players who are seeking a piece of the league pension plan.

With all that going on, and with a hearing on the NLRB case now scheduled for July 22 in New York, rookies are to begin reporting to NFL training camps July 9 and veterans on July 15. All the while, last summer's strike which resulted in no labor contract still has not resulted in an agreement between the players and the owners.

THEY'VE EARNED THEIR SPURS — Two girls have won their way on the roster of the Dodger Texas Little League team here this year, although each is playing baseball for the first time. They're pictured here with their teammates. Front row, from the left, they are Larry Ramirez, Adrel Santivar, Johnny Yanez and Marcus Yanez. Middle row, Tommy Chavez, Alvin Rocha, Frankie Saiz and Andy Rubio. Back row, manager Charley Montanez, Julie Montanez, Anthony Green, Norma Ramirez and coach Jimmy Carrillo. Julia, age 12, is a first basperson and a pitcher. Norma, 11, plays both second base and pitches.

# Bucs Knocked Out Of Lead

Blake Rosson and the Hawks knocked the Pirates out of first place in the American Little League Monday night by winning a 1-0 decision.

The winning run came with one out in the final inning when Greg Franklin scored on a hit over second base by Steve Roderick. Franklin had walked and moved to second on a passed ball.

Rosson, evening his record at 3-3, yielded only three hits to the Bucs, Adam Rodriguez (2-2) was the loser. He was tagged for five hits.

Both teams played excellent defense. Scott Shortes of the Hawks collected a double.

In a National Minor League game Monday, the Wreckers made the most of ten hits to win an 18-5 victory over the Tigers.

Felix Garcia was the winning flinger, Roy White the loser.

The Wreckers retained their hold on first place. They boasted a 10-2-1 record on the year.

In International Little League play Monday night, the Talons ambushed the Sabres, 9-3, using home runs by Arly Garner and Todd Underwood to gain the advantage.

Mark Williams of the Sabres had a round tripper. Underwood notched the pitching win, evening his record at 3-3. Ronnie Ramirez was the loser.

Stewart Miller was a power at bat for the Talons, driving out a brace of safeties. Garner collected a single, in addition to his four-matter. Frank Jones of the Sabres also had two hits.

Underwood whiffed 12 on his way to the win. The Talons are now 5-9 in the standings while the Sabres slumped 10-6.

The Pals enjoyed two big innings on the way to a 24-11 victory over the Elks in American Minor League competition Monday.

Billy Thompson notched the pitching win, his first against one loss. Jeff Derks was the victim of the Pals' late outbursts.

Down, 9-6, at one stage, the Pals came fighting back with eight runs in the fifth and ten in the sixth.

Thompson had four hits, as did Derks of the Elks. Pete Crabtree of the losers wound

# Killebrew Fan Needing Help

JACKSONVILLE, Fla. (AP) — Bob Newberry says he's already cast 30,000 votes to put Harmon Killebrew in major league baseball's all-star game, but the Jacksonville Beach jeweler figures he's still some 720,000 short.

"It will take 750,000 to put him on the starting team," said Newberry, a long-time follower of Killebrew. "I wish some other Killebrew fans would go to work like I have."

"It wouldn't be so bad if he he was a punch-out," observed Newberry of the Kansas City Royals designated hitter.

"But he's a write-in. That's a lot of writing. I need some help."

Balloting is open until July 6. Killebrew is not among the players listed on the ballot. Fans voting for those players need only punch a hole next to the player's name. Fans wanting to vote for someone else must write that player's name in the card.

Casting all-star ballots isn't the first thing Newberry has done to boost his favorite ballplayer. He paid \$850 for space on the fence at Wolfson Park, the home of the Jacksonville Suns of the Southern League, and keeps fans up to date on Killebrew's career total of home runs.

The sign now says 566.

Out-of-town guests included Mrs. Edna Self, grandmother of the bride, Mr. and Mrs. John Cherry, Mr. and Mrs. Ed Cherry, all of Big Spring.

Dear Abby

### Temptation To Drink Is Too Much To Handle

DEAR ABBY: Do you have a paragraph or a phrase that would make me think twice when I am tempted to take a drink?

I am not a heavy drinker. In fact, I hardly ever drink at all, but when I do, it hits me hard.

I made a fool of myself again last night, and I am sick of it. I've done that only five times in my life, and it only happens when I am out with friends. The next day when I wake up, I have to depend on other people to tell me what I did.

If I had just one meaningful phrase to keep me from weakening and having a drink with my friends, I would carry it with me. A Bible is too big to carry around. I am 20. Thank you.

#### FOOLISH GIRL

DEAR GIRL: When you are faced with temptation, tell your friends that hard liquor is "poison" to you and that you cannot drink it. Then silently pray: "Oh, Lord, give me the strength I need right now," and quickly pour yourself a non-alcoholic beverage. After one sip, pray again: "Thank you, Lord, I made it!"

Try it, and let me know the results. I care.

DEAR ABBY: The other night I babysat for a neighbor. She has three kids. The oldest is in the 6th grade (I am 16).

I walked into the kitchen and, my gosh, you've never seen a bigger mess in all

your life! When the woman left, she said, "Oh, be sure to clean up the kitchen. I just hate coming home to a messy kitchen!"

At first I was stunned. Then I thought for sure she would pay me extra if I did the kitchen.

When she came home, she gave me a dollar LESS than she had agreed to, even with my cleaning up her kitchen. I really was angry, but I didn't say anything to her because I am very shy. Besides, she is a friend of my mother's.

I know she'll ask me to babysit again, and I don't want to, but I don't have the nerve to tell her how I feel and why. Can you help me?

#### ANGRY AND PUZZLED

DEAR A AND P: Not if you refuse to help yourself. Tell her in a respectful tone that you don't want to sit for her again because she shorted you a dollar last time. And also tell her that if she wants her kitchen cleaned, she should be prepared to pay a little extra.

Everyone has a problem. What's yours? For a personal reply, write to ABBY, BJOX JNo. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20 cents) envelope.

### Past Matrons Elect Officers

New officers were installed in Saturday's meeting of the Coahoma Chapter 499, Past Matrons Club. Hostesses for the breakfast were Mrs. A. D. Martin, Mrs. John Davis and Mrs. A. C. Hale.

Mrs. Melvin Tindol gave the devotional with Mrs. C. J. Engle, retiring president, installing as new officers Mrs. Martin, president; Mrs. A. K. Turner, vice president; Mrs. Ernest Garrett, secretary; Mrs. Tom Barber, treasurer; Mrs. Tindol, devotional chairman; and Mrs. D. S. Phillips, reporter.

Club books were distributed for the coming club year and illnesses reported and recognized. It was decided to tune the piano at the Masonic temple with Mrs. Fred Beckham supervising.

The next meeting will be July 5 in the First Methodist Church, Coahoma, with hostesses being Mrs. David Grant and Mrs. Gerald Culpepper.

## Officers Change For New Year

Installation of new officers highlighted the business of the Laura B. Hart Chapter No. 1019, Order of Eastern Star in the Masonic Temple Saturday evening.

Mrs. Morgan Martin, played music selections as Larkin Martin and Morgan Martin, sons of the incoming

worthy matron and worthy patron, presented the Bible and emblem.

Mrs. Charles Boland presented retiring worthy matron, Mrs. George Glenn, and other installing officers, Mrs. A. G. Eitzen, Mrs. Edith Christian, Mrs. J. B. Apple and Mrs. Lloyd Duncan.

New officers include Mrs. Elmo Martin, worthy matron; Mrs. J. C. Pye, associate matron; E. A. Fiveash, associate patron; Mrs. Dick Mitchell, secretary; Mrs. Paul Sweatt, treasurer; Mrs. Perry Daniel, conductress; Mrs. James Slough, associated conductress.

Mrs. J. H. Eastham, chaplain; Mrs. Charles Bailey, martial; Mrs. Morgan Martin, organist; Mrs. Richard McCormick, Adah; Mrs. Paul Malone, Ruth; Mrs. Harry Sawyer, Esther; Mrs. Arthur Huff, Martha; Miss Diane Sawyer, electa; Mrs. Vernon Kent, warder; and Paul Sweatt,

sentinal. The refreshment table was decorated in the theme of the incoming worthy matron, Mrs. Martin, of God and country. Her emblems, praying hands and the American flag, were used as a centerpiece.

# Convict Two Terrorists Of Murdering Educator

SACRAMENTO, Calif. (AP) — The first Symbionese Liberation Army members to face a jury have been found guilty of first-degree murder in the cyanide-bullet death of Oakland School Supt. Marcus Foster.

An eight-woman, four-man jury issued the verdicts Monday in the nine-week trial of SLA "soldiers" Joseph Remiro and Russell Little.

Remiro, 28, and Little, 25, were also found guilty of attempted murder in the wounding of Foster's top aide, Robert Blackburn.

The two educators were shot as they left Oakland school headquarters the night of Nov. 6, 1973.

As jury foreman William Sprague read the verdicts, one woman juror sobbed quietly.

But Remiro smiled and leaned over to talk with his attorney, Edward Merrill, as Sprague read from a slip of paper. Both defendants smiled as they were led out of the heavily guarded courtroom by deputies.

The verdict ended 11 days of deliberations — one of the longest in California trial history.

Sprague's court statement said jurors had decided on Remiro's fate Sunday but reached a decision on Little shortly before 7 p.m. Monday night.

SLA PAIR FOUND GUILTY OF MURDER — Symbionese Liberation Army "soldiers" Joseph Remiro, left, and Russell Little, right, were taken to the Sacramento Courthouse Monday evening by deputies where a jury found them guilty of first degree murder in the cyanide-bullet assassination of Oakland school chief Marcus Foster. The two will be sentenced June 27.

The two face a maximum penalty of life imprisonment because the Foster ambush took place before California reinstated the death penalty. The old capital punishment law had been struck down by the state Supreme Court.

Superior Court Judge Elvin Sheehy scheduled sentencing for June 27.

SLA members claimed responsibility for killing Foster in a statement released the day after the assassination. They accused him of planning to put police armed with

shotguns on Oakland campuses.

Three months later, the terrorist group carried off newspaper heiress Patricia Hearst in the nation's first political kidnaping. Miss Hearst later said she had joined her abductors and is now wanted as a fugitive on bank robbery, kidnaping and weapons charges.

Little and Remiro also face charges stemming from a shootout with police when they were arrested and an attempted jail break.

Little's public defender, James Jenner, immediately announced he would seek a new trial. He said he was very disappointed by the verdict.

Both defense attorneys said their clients were not surprised by the decision.

"My client said he felt right from the start that he was not going to get a fair trial," said Merrill.

But Alameda County Dist. Atty. Lowell Jensen said he felt the verdict was justified.

### Holding 15 Hostages

N.W. WESTMINSTER, B.C. (AP) — Three life-term inmates demanding free passage to a foreign country holed up with 15 hostages in a storage vault at the British Columbia Penitentiary for the second day today.

The prisoners told Jim Spears, a Vancouver reporter, they would kill the hostages if their demands were not met. "Fifteen of them are on death row right now," Spears quoted one of the inmates as saying.

Bryan Williams, a Vancouver lawyer, who also visited the vault, said the hostages showed no signs of mistreatment. He quoted one hostage as saying they had been treated fine. However, Williams said the inmates continued to hold a knife at the throat of a woman hostage.

Meanwhile, prison officials awaited a decision from federal authorities on the demands of the rebel inmates, two of whom were convicted of murder.

"They've been fed and watered and made as comfortable as possible," said B.J. Bultitude, assistant director at the maximum security prison. "We've complied with them as far as humanly possible within our authority."

Prison Director Dragan Cornetic said that before the inmates could be flown out of Canada some country must agree to accept them. He said authorities were waiting for foreign embassies in Ottawa to open.

He said he told the inmates he could do nothing until their demands were reviewed in detail by federal authorities, including the cabinet and the office of Prime Minister Pierre Elliott Trudeau.

### DEATHS

#### Virginia Vinson

LAMESA — Services are pending for Virginia Earline Vinson, 48, of 2603 43rd St., Lubbock, with Bronan Funeral Home here.

Mrs. Vinson died Friday evening at her home. Justice of the Peace Wayne LeCroy ruled death due to a self-inflicted gunshot wound.

A resident of Lubbock for the past three years, Mrs. Vinson was a native of Dawson County. She was a bookkeeper.

Survivors include a daughter, Frances (Ginger) Vinson of Denver, Colo.; a son, Richard Vinson of the U.S. Air Force, stationed in Guam; her parents, Mr. and Mrs. Earl Barron of Lamesa; a sister, Mrs. Autry Burke of Amarillo; and three brothers, V.O. Barron, R. C. Barron and Rod Barron, all of Lamesa.

#### Jake Turner

Jake Turner, 62, died at 3:45 a.m. today at his home at 303 NE 11th following an illness of 15 months.

Services are pending at River-Welch Funeral Home.

Mr. Turner was born May 1, 1913, in Omaha, Tex. He had been a resident of Big Spring 39 years. He was retired from employment with the Big Spring Independent School District. He was a member of the Baptist Church.

Survivors include his widow, Terry, of the home; five sons, John C. Turner, Dallas, Wayne Turner, Fort Leonard Wood, Mo., Kenneth Turner, Midland, Charley Turner and Rayfield Turner, both of Big Spring; three daughters, Mrs. Linda Kay Miller, Edna, Tex.; Miss Joyce Annette Turner and Miss Ellen Turner, both of Big Spring; four sisters, Mrs. Faye Webster, Bakersfield, Cal.; Mrs. Beanie Wells, Omaha, Neb.; Mrs. Curie Mae Samuel, Dallas, and Mrs. Jessie Mae Jones, Midland; seven brothers; Will Turner and Buster Turner, both of Midland; Jimmy C. Turner, Omaha, Neb.; Johnny Turner, Oklahoma City, Mo.; and Morris Turner, Los Angeles, Cal.; and nine grandchildren.

#### Joe Blum

Services were held 2 p.m. Tuesday for Joe Blum, 71, Big Spring jeweler, who died 6:55 a.m. Monday.

Rites were conducted at Nalley-Pickle Rosewood Chapel with the Rev. R. Earl Price, First Presbyterian minister, officiating, and at the graveside with Jewish and Masonic rites.

A native-born Russian who became a U.S. citizen, Mr. Blum came to Big Spring in 1942 with a jewelry store. Later he and his wife, the former Pauline Louder who he married in Dallas Dec. 1, 1928, established a store under their own name.

Surviving him are his wife, one daughter, Mrs. Ralph (Lynette) Brooks, Big Spring; one son, Robert J. Blum, Atlanta, Ga., six grandchildren. He also leaves two brothers, Jack, Dallas, David, Houston; two sisters, Anna Blum, Houston, Mrs. Ida Pesses, El Dorado, Ark.

For those wishing to make memorials, the family suggested the heart fund.

Palbearers were Dr. R. B. G. Cowper, John Fonville, Avery Falkner, George Weeks, C. D. Turner, and Maxwell Green.

#### Kelly Burns

Funeral for Kelly Burns, 63, who died here 11:30 p.m. Sunday after a long illness, will be 2 p.m. Wednesday in the Nalley-Pickle Rosewood Chapel with Dr. Kenneth Patrick, First Baptist minister, officiating. Burial will be in Trinity Memorial Park.

Mr. Burns, a member of a pioneer ranching family, ranched and had worked for Cosden and Webb AFB until retirement in 1968 due to ill health.

Survivors include his wife, two daughters, Mrs. John Bennett Houston, and Mrs. Wayne Medlin, Imperial, Calif.

Palbearers will be A. L. Carlie, J. C. Woodward, Myles Galloway, Curtis Beard, Rip Bailey, Gene Smith, Dalton White, and Marcus Smith.

## Council Voices Concern Over HUD Board Actions

By MARJ CARPENTER

City councilmen awarded bids, approved board appointments, passed a resolution to HUD, and approved an emergency reading of a resolution authorizing a contract with the Texas Highway Department for the installation, construction and maintenance of lights at the Owen Street Overpass when they met at City Hall this morning in a regular session.

The approval of the lights for the overpass was passed on emergency reading because the bids for the total job are expected to be let by the highway department on July 17.

The council denied a claim for damages by Manuel B. Pineda that sewage water had backed up in his home during recent rains. The city had pictures of the area which showed flood waters all around the house and told the occupant that they could not be responsible for flood damage to a home.

The council denied a request by the traffic commission to cover traffic lights on 3rd and 4th at State. Both the city manager and the police chief requested that this be denied, since they thought it would create a traffic hazard to remove the lights at these locations.

**PARK CHANGES**

Other items presented by the traffic commission were approved, as were the minutes of the zoning board and the parks board. Roy Crim, city engineer, reported on the restructuring of plans for the Roy

Anderson Baseball complex to meet federal safety regulations and regulations required for the handicapped. It is expected that bids may be ready by September.

The council named Paul Shaffer to the electrical board after a decision to name a board member that is not an electrician to represent the laymen. John L. Taylor and Clyde McMahon Sr. were reappointed to the CRMWD board and commended for their 100 per cent attendance.

Mayor Wade Choate requested that the city secretary compile a list of attendance of persons serving on boards. "When I make recommendations in August, it will be to name people who attend the meetings," the mayor pointed out.

**DAY CARE CENTER**

The mayor also updated the council on help being given by the city staff and the mayor to persons from the north side who are attempting to get a north side day care center, possibly as a branch of the West Side Center.

Work is being done toward implementing the program on the north side and seeking funding for the project. This need was first brought up at the recent town meetings.

The council also approved a reading of a resolution expressing concern of the way the HUD board are administering Section 8 of the Housing and Community Development Act. The

council joined other cities in the Permian Basin in denouncing the HUD board for being able to tell persons what section of town they must live in to qualify for funds. They also instructed the city manager to include a letter stating that the city does not feel qualified to operate a rent supplement program. Jones Wylie Webb housing chairman, also spoke briefly in connection with the resolution.

The council gave permission to advertise for the purchase of 25 side loading sanitation containers.

**BIDS AWARDED**

The chlorine bid for water treatment went to SEC of Snyder on \$225 per ton. The lime bid went to Austin White on \$40.30 per ton. This was higher than \$39.70 bids by Texas Lime, Round Rock Lime and U.S. Gypsum. Bill Brown, manager of utilities, brought samples mixed in water to show the commissioners. Brown also told the council that the cheaper lime had caused damage to city pumps and he thought "the Austin White bid would save money in the long run."

The council made final approval to changing a zone to allow a store to sell books and monuments.

Councilman Eddie Acri opposed the move as spot zoning. The council also had first reading of an ordinance for zone change for multifamily dwellings in an entire block. Acri commended this zoning since it included the whole block instead of an individual lot.

The council authorized the city manager to place "no through traffic" signs in an alley on Dixie between 18th and 19th as a means to slow down traffic through that alley.

The City Dads awarded aluminum sulphate bid to Russ of Odessa at \$83 per ton. They awarded a bid for a three wheel vehicle for in the park for park law enforcement to Watson of Dallas on a bid of \$3,199.

The VFW was to be allowed to use the city aerial bucket and operator long enough to paint the top of their flag pole.

Nagel told the council that Col. Robert Owens had notified the city that Webb AFB would assist them in applying for \$27,500 in funds for dog pound improvements. The manager was authorized to proceed in the matter.

All council members were present including Mayor Choate, Mayor Pro-Tem Polly Mays, Charles Tompkins, Harold Hall and Acri.

### Brown Going To Conclave

Jeff Brown, local realtor, will attend the Texas Association of Realtors' 55th Convention June 11-14 at El Paso.

Brown is currently serving his fifth term on the State Board of Realty Directors and is presently co-chairman of the Long Range Planning Committee.

Addressing the convention will be Art S. Leitch, San Francisco, Calif., president of the National Association of Realtors. Presiding will be Texas President Julio Laguarda of Houston.

Other speakers include Fred Palmer, national motivation expert, Athens, Ohio; and Dr. W. Philip Gramm, professor of Economics, Texas A. & M. Dr. Gramm will speak on "Government Deficit Spending: The Cause of Inflation".

### Blood Donors Are Sought

Mrs. Ellen Barnes is appealing for blood donors to help replace blood required in treatment for her mother, Mrs. Jessie Chesney, who formerly worked with Mrs. Barnes at Ellen's Cafe. Mrs. Chesney has been taking two pints of blood per day and now has a deficit in the blood bank of 30 pints.

The bloodmobile from San Angelo will be at the Texas Electric Reddy room Saturday starting at 10 a.m. and continuing until 2 p.m. or afterwards, if needed. All who can help are asked to call between those hours to give blood.

### DAV Chapter Is Discussed

Members from Big Spring and Lamesa chapters gave a helping hand Monday evening at the VFW Hall in Snyder to efforts toward a new Disabled American Veterans chapter in Snyder.

Enough DAV applications were taken to assure a chapter, along with several for an auxiliary. The sign up will continue and a charter date announced later.

Among those participating in the program were Garland D. Jones, Abilene, Region 1 commander; C. B. (Buck) O'Neal, Big Spring, regional commander-elect; Mrs. Gladys Kay, Lamesa, regional auxiliary commander; Mrs. Jonas, a past regional commander also spoke.

Others participating in explanations were Buford Jack Kay, senior vice commander-elect of Region 1; Thomas Fitzgerald, commander of the Lamesa chapter, George Kunkle, Big Spring chapter public relations director; Jewell W. ### Walter Horn

LAMESA — The Rev. Walter G. Horn, 68, of Lamesa died about noon Sunday in Medical Arts Hospital here after a two month illness. Services were held at 10 a.m. today at the First Presbyterian Church.

Dr. Guy Ranson, chairman of the Department of Religion at Trinity University, officiated. Burial followed in Lamesa Memorial Park, directed by Bronan Funeral Home.

Born July 25, 1906, in Athens, Mr. Horn was married June 7, 1928, in Denton. He was pastor of the First Presbyterian Church for the past 22 years. He was former pastor in Tulsa and Paris. He was instrumental in the organization of the Memorial Day Care Center and also the cardiac unit of the Medical Arts Hospital. He was the past president of the Lamesa Rotary Club.

Survivors include his wife, Ella of the home; a son, Sam Horn of Lubbock; a sister, Mrs. E. W. Morton of Athens; two brothers, Neill Horn of Del Mar, Calif. and R. J. Horn of Palestine; and several relatives in the Abilene area.

### Aviation Fuel Cost Boosted

In the midst of a board of equalization hearing for oil and utility firms, County Commissioners Court learned Monday that the cost of aviation fuel had increased 1.6 cents here.

J. W. (Bill) McClendon, president of Big Spring Aircraft Inc. which operates Howard County Airport, notified the court that his supplier was increasing the price.

McClendon today said Big Spring Aircraft would be charging its customers 2 cents more per gallon for the high octane gasoline.

The court also approved employment of Debra Gail Brant as secretary to Peace Justice Walter Grice. She formerly was employed in the Texas Highway Patrol office through the federal Manpower training program.

### Charge Customs Officer In Cocaine Conspiracy

EL PASO, Tex. (AP) — A customs patrol officer remained jailed today under \$100,000 bond after being charged with conspiracy to sell \$2.4 million of cocaine.

George E. Hough, 33, was apprehended late Sunday night after trying to sell what he thought was cocaine to a customs undercover officer.

Hough was charged with conspiracy to possess and sell 11 pounds of cocaine and 279 grams of marijuana. He was arraigned on two counts before U.S. Magistrate Jamie Bond. The second count charges Hough with violation of customs regulations and conspiracy to defraud the federal government.

Hough had been watched by Customs internal affairs agents for weeks, officials said. They substituted a synthetic substance for real cocaine which Hough picked up from a car parked at a motel. He took the narcotic to a prearranged meeting with the undercover agent, customs officials said.

Hough attempted to elude officers by hiding under a

DOUBLE PRIZE FOR FATHER'S DAY BEEF CONTEST — Last year's winners turned out to be twins

### Although 'Doubled' Last Year, Contest Set Again

Last year on Father's Day, Michael Allen Logan and Kristian Faye Logan were born in a local hospital.

The local Tejas chapter of the CowBelles gives a free beef roast the weight of the first baby born on Father's Day in Big Spring, Snyder and Lamesa.

They began the project last year as a promotion of beef for Father's Day. The very first prize winner in Big Spring turned out to be twins.

The children were born to Sgt. and Mrs. George Logan. Michael Allen weighed 8 pounds, 2 ounces and Kristian weighed six pounds, 12 ounces.

Mrs. Logan, whose given name is Sompang, is a native of Thailand and is presently visiting in that country, along with their five year old son, Art. She will be back in Big Spring in a few weeks.

The twins are currently visiting with Sgt. Logan's mother in Montclair, Calif.

## C-C Endorses HC Coliseum

Big Spring Chamber of Commerce board of directors Monday officially endorsed the forthcoming bond issue for a coliseum-type building at Howard College.

The bond issue vote for the public is scheduled for June 19. After some discussion, the board approved backing the project, declaring "it will help both the college and the rest of the community."

One board member, Bill Jackson, thought endorsement was improper. However, other board members reminded that the original promotion for a building of this type was instigated by the Chamber group.

In other discussions, Don Reynolds, presiding in the absence of President Ken Perry, pointed out the possibility of setting up a

## Spuds Trap Man In Railroad Car

MARTINSBURG, Pa. (AP) — Wilbur Holsinger apparently isn't too much the worse for wear after being trapped in a railroad refrigerator car for four hours, buried under 20 tons of potatoes.

Holsinger, a 20-year-old employe of a fruit and vegetable packing firm in this south-central Pennsylvania community, was unloading potatoes Monday at the Cove Apple Factory, moving them from an opening in the bottom of the car to a conveyor belt.

The load jammed, authorities said, and Holsinger climbed into the car in an effort to kick it free.

Police said there was apparently an air pocket in the pile, for when Holsinger

potatoes by hand. After uncovering his face, they managed to burn a three-foot hole in the side of the car to free the rest of the potatoes — and Holsinger. He was eventually taken to a hospital in nearby Roaring Spring, where he was listed in satisfactory condition.

On being released, his only complaint was that it was cold in the 40-degree car.

He also asked one of his rescuers what time it was. On being told it was about 7 p.m., he remarked, "Oh, boy! I'm on overtime."
