FBI Rejects Account Of Hoffa Kidnaping

LAKE ORION, Mich. (AP) — James R. Hoffa's son said a new witness claims he saw the ex-Teamsters president kidnaped, but the Federal Bureau of Investigation today rejected the man's account as "a complete fabrication."

The Hoffa family said the witness underwent an "intensive interview" by the FBI and offered "substantial leads."

But Jay E. Bailey, FBI agent in charge of the Hoffa probe, said, "We went into this one in depth and it has absolutely no basis in fact."

Hoffa dropped from sight 13 days ago.

The mystery intensified late Monday when his son, Detroit attorney James P. Hoffa, said a man who claimed he witnessed the abduction of Hoffa on July 30 gave "very substantial leads which are being followed up very, very carefully."

His words conflict with statements by FBI investigators. They say hundreds of tips and leads are pouring in and being checked out, but that they have nothing promising to go on.

Speaking to reporters at his father's lakeside home 41 miles north of Detroit, the younger Hoffa said, "One lead we thought was very interesting and which is being checked out has to do with an individual who claims he was an eyewitness to the abduction at the Machus Red Fox." The Red Fox is a fashionable restaurant where Hoffa was last seen.

The FBI said it did not know to whom Hoffa referred.

Hoffa also said "We feel that there is evidence to be made available in Southern California."

Jimmy Hoffa's biographer, Charles Ashman, said in Los Angeles, "We have received information that there are persons in Southern California who witnessed meetings prior to the disappearance of Mr. Hoffa in which that disappearance was discussed."

SEEKS DELAY — Agriculture Secretary Earl L. Butz tells newsmen in Washington Monday he has asked U.S. grain traders "to refrain from further negotiations" with the Soviet Union until the government has a better idea of the final corn harvest. The department estimated the corn crop at a record 5.85 billion bushels.

SEEKS DELAY — Agriculture Secretary Earl L. Butz tells newsmen in Washington Monday he has asked U.S. grain traders "to refrain from further negotiations" with the Soviet Union until the government has a better idea of the final corn harvest. The department estimated the corn crop at a record 5.85 billion bushels.

SEEKS DELAY — Agriculture Secretary Earl L. Butz tells newsmen in Washington Monday he has asked U.S. grain traders "to refrain from further negotiations" with the Soviet Union until the government has a better idea of the final corn harvest. The department estimated the corn crop at a record 5.85 billion bushels.

FORMER WAR PRISONER RESCUED — Miami, Fla., police officers pull former war prisoner Robin Stinson, 26, to shore after he tried to drown himself. Stinson, a former Seabee who was a prisoner of the North Vietnamese and kept in a tiger cage for 10 days and who later had a nervous breakdown tried to drown himself claiming he couldn't get a job.

To Slash Rate Hike

AUSTIN (AP) — Southwestern Bell Telephone Co. has reluctantly agreed to cut its proposed increase in intrastate long distance rates by more than \$50 million over the next 19 months.

The company unilaterally announced a \$45 million annual rate hike beginning last March 1. Atty. Gen. John Hill challenged the rate in court as unreasonable. It was up to him, Hill said, to protect Texans from unreasonable rates because Texas was the only state without a commission to regulate utilities.

Bell lawyer Ford Hall agreed to the cut Monday. He told State District Judge Tom Blackwell, "Even if we won the case, delay kills us. We desperately need the additional revenue now."

Bell has almost paid for a \$739 million construction program in Texas this year, he said, and "substantial cuts" in a previously scheduled \$898 million construction program in 1976 will have to be made because of the lower intrastate rate.

The new rates are effective at midnight Monday. Many customers will get refunds for the 20-day period, May 15-June 4, when Bell imposed the new rate. That was after the 3rd Court of Civil Appeals reversed Blackwell's temporary injunction and before the Texas Supreme Court reversed the appeals court.

The World At-A-Glance

SACRAMENTO, Calif. (AP) — California will be overflowing with grape juice again this year but it doesn't mean lower wine prices, industry experts say. They say the price of grapes will probably drop in the near-record harvest, except maybe for the prime varieties that go into the best dry wines. But they say the cost of grapes accounts for so little of the retail price of wine that a decrease cannot make up for inflationary pressures on other factors. If there's any price cutting, look for it in the wines from France or Italy, they say.

OAKLAND, Calif. (AP) — Former hippie cult leader Charles Manson is pushing for appeal of his mass murder conviction, but he says he has little hope of ever being a free man. Manson says he has a hard time getting along with other inmates at San Quentin Prison but that he doesn't believe they are afraid of him. The interview aired Monday night by station KTVU was Manson's first since he and three codefendants were found guilty of the murder of actress Sharon Tate and six others.

UNITED NATIONS, N.Y. (AP) — The United States has vetoed United Nations membership applications by North and South Vietnam in retaliation for the exclusion of South Korea. U.S. Ambassador Daniel P. Moynihan cast separate vetoes in rapid-fire succession Monday as the 15-nation Security Council voted 13 to 1 favoring admission of the Hanoi and Saigon governments. Costa Rica abstained. The U.S. action brought charges from Communist and nonaligned countries that the United States was reviving Cold War practices and exercising a "tyranny of the minority."

WASHINGTON (AP) — The Justice Department is pushing U.S. attorneys to handle more tax prosecutions in an effort to reduce an 800-case backlog and free top officials to tackle corporations and big-time tax cheats. As part of the drive, the department's tax division has trained about 130 U.S. attorneys and their assistants in the intricacies of tax prosecutions at three seminars this year and expects to continue the program next year. "It was really an attempt to shift the trial burden out of Washington to the local offices," said Cono R. Namorato, chief of the division's criminal section.

LISBON, Portugal (AP) — Support for moderate military opponents of Communist-backed Premier Vasco Goncalves spread into the streets in northern Portugal today, with rioting that left more than a dozen wounded, four seriously.

A hospital in the north-central town of Viseu denied an early report that one man had died in the three-way scuffling and shooting among Communists, organized political moderates and government troops.

In Lisbon, meanwhile, the head of the military academy, an intimate of Goncalves, resigned from the Revolutionary Council, widening the split between moderates and radicals in the ruling armed forces. His resignation was seen as a gesture of support for Goncalves.

The latest anti-Communist rioting erupted Monday night after a rally called to back a military campaign to oust Goncalves. The demonstrators, the first to take a public stand on the week-old campaign, marched on the local Communist headquarters, police reported.

The trapped Communists threw three grenades and opened fire on the mob, which hurled Molotov cocktails.

Troops rushed to the square and forced the crowd to retreat.

MORE BIBLE FUND SUPPORT

Tuesday was a repeat of Monday, opening day of the appeal for the high school Bible Class Fund — good response. A dozen friends rallied with \$160.

An error was in the Monday tabulation, the amount given by Wesley Men's Class of Wesley Methodist should have been shown as \$20.

Please mail or bring your investment in the fund to the Herald for acknowledgment.

RAIN ODDS

Partly cloudy skies and a 20 per cent chance of rain through Wednesday. Southerly wind 5-15 miles per hour.

Drug Death

WASHINGTON (AP) — The Army announced today its investigators have discovered that a civilian psychiatric patient died after receiving a drug injection in a 1953 test under Army contract.

Annexation Bid Clears First Step

The city council today approved the first reading calling for a public hearing on annexation of an area south of IS 20 to Eleventh Place and out to Midway Road.

The area to be eyed for annexation includes 629.06 acres and includes the landfill and the lake being constructed by Cosden for run-off from the refinery.

Ray Ebling appeared in behalf of Cosden and pointed out the possibility of complications between city and Water Quality Board jurisdictions. Kenneth Howell, appeared in behalf of the officers of Union 826, IUOE, objecting to the annexation of their office properties.

The public hearing will allow other interested citizens to appear and will be held in October.

Councilman Charles Tompkins moved that the ordinance calling for a public hearing be read on an emergency basis "so we can get on into the matter of the hearing." Councilman Eddie Aciri abstained, so the vote failed to pass since this matter must be unanimous.

"Aciri, I thought you were objecting to the high costs of publication and this will make an extra one," said Councilman Harold Hall.

"I do not consider it an emergency," replied Aciri.

The council officially approved the purchase through tourism and city funds of the Potton (Hayden) House and set up a committee to be in authority for the use of the home and set up a separate financial account for the property.

The committee will include Mrs. Lillie May Lomax, Mayor Wade Choate, Mrs. Polly Mays, as chairman of the historical survey committee; George Zachariah as chairman of the Heritage Museum; Mrs. Gary (Ann) Turner from the Dora Roberts Foundation; R. H. Weaver, Don Ferguson, as city finance officer and Mrs. Margaret Baum.

Lawyers Discuss Move To Make Hookers Happy

MONTREAL (AP) — American lawyers, having heard from Supreme Court justices and Secretary of State Henry A. Kissinger, can now get down to business on a proposal that would make hookers happy: rewriting the statute books so that prostitution is no longer a crime.

A resolution calling for decriminalization of prostitution in the 49 states that have such laws will be considered by the American Bar Association's governing House of Delegates on Wednesday.

Passage of such a resolution would put the prestige and lobbying resources of the ABA behind attempts to change prostitution laws.

Last year, the same governing body spurned the pleas of Margot St. James, a hooker from San Francisco and star attraction at the ABA's annual meeting even though it was held at the height of Watergate.

This year, supporters say chances for passage are better.

The ABA's Criminal Justice Section dropped its opposition during a meeting after the Section on Individual Rights, author of the proposal, accepted compromise wording.

Instead of asking for the "repeal of all laws prohibiting commercial sexual conduct," the proposal as amended asks for the "repeal of all laws which subject to criminal sanction commercial sexual conduct in private."

Ohio Appellate Judge Jack G. Day of Cleveland, last year's chairman of the section opposing the proposal, said it now reads to mean "you can still have some control with licensing, solicitation and offensive overt acts by prostitutes."

Day said his objection last year centered on solicitation. "In other words, if the prostitutes take it off the streets and out of public view, there would be no law making it a criminal offense," he said.

The report favoring the proposal lashes out at a "double standard of sexual morality" and entrapment by vice squad detectives.

"The woman who sells her body is punished criminally and stigmatized socially while her male customer, either by the explicit design of the statute or through a pattern of discriminatory enforcement, is left unscathed," it reads.

Prostitution is now a crime in every state except Nevada, where local

counties may opt for legalization.

In five states — Indiana, Louisiana, North Dakota, Wisconsin and Wyoming — prostitution statutes explicitly apply only to females. According to traditional case law, the report says, a prostitute is by definition a female.

Supporters of the resolution say the move could help unplug crowded court dockets by serving as a trendsetter in speeding decriminalization of other victimless crimes. It also would free law enforcement agencies to concentrate on violent street crime instead of victimless crime, which backers of the move say now constitutes 40 per cent of all arrests.

PLUS CUT IN GAS PRICES

U.S. Could Owe Every American About \$5

WASHINGTON (AP) — The U.S. government, collecting oil import fees illegally for the past three years, could owe every American about \$5 plus a price reduction of about 4.3 cents per gallon on gasoline and other petroleum products.

But don't run out and spend that money just yet — you may never see a penny of it.

For one thing, President Ford is considering appealing Monday's U.S. Court of Appeals ruling that he does not have the authority to place fees on imported oil.

White House Press Secretary Ron Nessen said Ford would discuss the

possible appeal with advisers today in Vail, Colo. The import fees began in April 1973, when then-President Richard M. Nixon ended direct quota limits on U.S. oil imports and replaced them with import fees. Ford raised the fees this year.

But the court said the fees "are beyond the scope of their (the presidents') authority and cannot stand."

The decision could block further government collection of import fees now totaling up to \$2.21 per barrel on crude oil, \$1.23 on gasoline, and \$1.12 on other refined products and unfinished oils.

It also could provide the legal basis for further court

or congressional action to refund to the public the fees already collected since April 1973.

Robert Moore, head of the Federal Energy Administration's oil import division, estimated in an interview that fees still being collected for imports in June, July and early August would bring the total fees to around \$1.1 billion.

That amounts to about \$5 for every man, woman and child in the United States, and there was already talk of forcing the government to make refunds.

A Federal Energy Administration official said it was conceivable that consumers may receive "some type of rebate" should the decision stand.

Chairman Al Ullman, D-Ore., of the House Ways and Means Committee, and Sen. Henry M. Jackson, D-Wash., said they would propose such legislation.

Jackson said the court decision "should result in substantial reductions in the price of gasoline, heating oil and electricity."

Cancellation of the full effects of the oil import fees might reduce petroleum product prices by something like 4.3 cents per gallon, but there is great uncertainty whether those effects can be fully felt and even whether consumers will really see any benefits at all.

Rep. Barber B. Conable Jr., R-N.Y., pointed out that the Organization of Petroleum Exporting Countries, the foreign oil cartel, already was scheduled to discuss new price increases in September.

If the court decision wipes out the U.S. import fees, "this will make it easier for them to raise prices on foreign oil, because they could raise it \$2 a barrel and put us right back to where the tariff was," Conable said.

YOU BE THE JUDGE — Six of the youngsters who competed in Monday's "funniest face" contest on Children's Day at the Wisconsin State Fair in Milwaukee, mugged for a photographer. Heidi Dopp, (lower right) 9, of New Berlin, won, probably for making her eyeballs turn around.

TELL CITY Bicentennial dry sink.

Bring the spirit of '76 to life in your home.

There was a time when no colonial cottage was without a dry sink and a pie safe. So Tell City has taken the best features of these traditional country pieces and combined them in one stunning Young Republic Bicentennial Dry Sink. Handsomely crafted in hard rock maple, the H-hinges, wood knobs, bun feet and top gallery are all authentic colonial elements. The punched metal "pie safe" door panels are finished in complementary hand-glazed green and a maple matching "FORMICA" plastic top is added for utility. Why not celebrate our nation's birthday by giving this special Bicentennial design a place of honor in your home?

Your Daily HOROSCOPE from the CARROLL RICHTER INSTITUTE

WEDNESDAY, AUGUST 13, 1975 GENERAL TENDENCIES: This is certainly no day to state critical ideas to those who have any control over your affairs. A tactful and diplomatic attitude is important now. Organize thoughts before discussion and thus eliminate problems.

ARIES (Mar. 21 to Apr. 19) Forget fun and go after aims important for future security. Don't let any more grass grow under your feet. Happy p.m. with kin. TAURUS (Apr. 20 to May 20) Those business talks should not include family affairs, or you could lose out where it means the most to you. Increase goodwill.

GEMINI (May 21 to June 21) Take better care of health. Schedule activities sensibly. Don't permit nitwits to waste your valuable time. MOON CHILDREN (June 22 to July 21) Put your finest talents to work with a vengeance early. Evening is ideal for being with the one you love. Use charm.

LEO (July 22 to Aug. 21) Show more concern for kin or there could be big trouble at home. Whatever annoys you of a personal nature should be gotten rid of. VIRGO (Aug. 22 to Sept. 22) Forget personal worries. Get out in the business world and make a better place for yourself so you increase income.

LIBRA (Sept. 23 to Oct. 22) Consult a monetary expert so you can build up your own assets wisely. Don't permit friends to waste your time now. ROMANTIC p.m. SCORPIO (Oct. 23 to Nov. 21) Wind up personal affairs, relegating business to background today. Avoid trouble by steering clear of higher-up in bad mood.

SAGITTARIUS (Nov. 22 to Dec. 21) Before beginning fine new ideas, clear up present situation logically, starting early. Put a productive new idea to work in p.m. CAPRICORN (Dec. 22 to Jan. 20) Go to some dynamic friend who can help you solve some problem easily. Avoid those persons who are eyeing your assets.

AQUARIUS (Jan. 21 to Feb. 19) Show great efficiency in vocational matters and derive better benefits therefrom. Steer clear of partner who overrates self. PISCES (Feb. 20 to Mar. 20) Delve into unknown matters and learn much for future that will be profitable. Attend to necessary duties early. Sociable p.m.

TIGERS IN SLUMP Lucchesi Says Don't Wake 'Em Up

DETROIT (AP) — Stan Perzanowski has never won a major league game — but his chances seem awfully good tonight. Perzanowski is scheduled to pitch for Texas against Vern Rühle of the Detroit Tigers — the same Tigers who: —Have lost 16 consecutive games. —Have been shut out three straight times. —Haven't scored a run in the last 29 innings and who scored only once in the last 37. —Have gotten only one runner to third base in the last three games and only three as far as second.

The latest setback was Monday night, when Gaylord Perry fired a five-hitter in Texas' 7-0 triumph. Detroit topped its club-record 13 successive losses Saturday and is now approaching the American League mark of 20 set by Boston in 1906 and matched by the Philadelphia Athletics in 1916 and 1943. The AL and major league record of shutout losses in a year is 15 by Boston in 1967. Detroit has 12 now. "I'm just going for a win, that's all," said Perzanowski.

In the opposite clubhouse, rookie Rühle didn't seem particularly worried. He said, "I go out there after 'em. I don't think I let the situation affect the way I pitch."

Tigers Manager Ralph Houk insisted morale is high on his young club. "A veteran ball club in a situation like this would say, 'Hell with it. It's all over.' But they (Tigers) aren't a bit down. They're out early taking extra hitting. That's the good thing about it — they're all gung ho and say, 'Let's go. Let's get out of this thing.'"

Tigers third baseman Aurelio Rodriguez said, "Everybody is down a little bit," but, "The only thing you can do is forget about it." Rangers Manager Frank Lucchesi praised Houk for not blowing his top and for "acting like a real pro" through the skid.

However, Lucchesi seems to like coming into town with Detroit down. "I said to our players before the game to be nice to those ballplayers," he said. "Don't wake them up. If they look at you funny, don't bother them."

Houk stacked the lineup with six left-handed hitters against right-hander Perry in an effort to get something going, but righties Rodriguez and Willie Horton split four of the five hits. Lucchesi insisted he wasn't prejudiced when he said of Perry, "Right now he's the best in the league. His last three or four starts he's been super."

Perry said he felt he was pitching as well as when he won 15 straight last season for Cleveland. Elsewhere in the American League, the Oakland A's edged the Boston Red Sox 4-3, the Baltimore Orioles blanked the Kansas City Royals 4-0 on Mike Cuellar's two-hitter, the speedy California Angels stole a club record six bases in routing the New York Yankees 8-1 and the Minnesota Twins outslugged the Milwaukee Brewers 8-7.

AS 4, RED SOX 3 Vida Blue blanked Boston for seven innings — five hits, nine strikeouts — and then needed help from three relievers following a long-ball attack in the eighth. The Red Sox struck suddenly on a home run by Fred Lynn, Jim Rice's single and Carlton Fisk's homer.

Paul Lindblad and Jim Todd each retired a batter with the potential tying run on third base in the ninth inning as the A's boosted their lead to 6½ games over Kansas City in the AL West. OROLES 4, ROYALS 0 Bobby Grich ripped a two-out, two-run double off Steve Busby in the seventh inning to break up a scoreless duel. Grich scored on Ken Singleton's single and Don Baylor homered in the eighth. Meanwhile, Cuellar held the Royals to John Mayberry's fourth-inning double and a single by George Brett in the fifth and retired the final 14 Kansas City batters.

ANGELS & YANKEES 1 California stole four bases in a three-run fourth inning and Mickey Rivers had four hits and stole three bases, running his season total to 60. Frank Tanana, pitching for the first time since suffering a broken finger on his right — nonpitching — hand July 28, allowed five hits in seven innings and fanned six to take the major league lead at 171, two more than teammate Nolan Ryan.

TWINS & BREWERS 7 Minnesota wiped out a four-run deficit on Eric Soderholm's three-run homer in the third inning and Steve Braun's two-run shot in the fifth. Don Money, George Scott and Hank Aaron homered for Milwaukee.

MIAMI (AP) — For his first five seasons with the Miami Dolphins, Coach Don Shula figured he had ingredients for the National Football League's championship with Larry Csonka, Paul Warfield and Jim Kiick. Shula is just as optimistic this summer that he can make the Super Bowl without the three, now playing in the World Football League.

He should find out how right he is in the Sept. 22 opener with Oakland. The Raiders stopped Miami's bid for a fourth straight Super Bowl trip by taking last season's first playoff game 28-26. "The big hole we have to fill is Csonka," said Shula of the fullback who regularly gained 100 yards per game. "We have to take on a new offensive identity. Our whole training camp objective is to establish this."

He believes Don Nottingham, who scored eight touchdowns and averaged 4.1 yards a carry last season, can do an adequate job at fullback. Injuries to the line last year are

GOOD START — Texas Rangers Toby Harrah (11) is met at home plate by teammates Jim Spencer (9) and Roy Howell (13) after Harrah hit a homer in the second inning of Monday night's game in Detroit with the Detroit Tigers. Texas won the game 7-0, extending Detroit's losing streak to 16 games.

Bench Surprises Cuba, Umpire

By the Associated Press The Cincinnati Reds prefer to bludgeon the opposition with base hits but a little fancy footwork now and again doesn't hurt. The fancy feet belonged to slugging catcher Johnny Bench Monday night. Bench made it all the way from home to third base on an infield grounder in the fifth inning and the Chicago Cubs never recovered, eventually falling to the Reds 9-3.

"If a pitcher's not watching me, I'll get a jump and go," warned Bench. No one was watching him in the fifth, least of all the Cubs. The Reds, trailing 3-1, picked up a run when Pete Rose doubled, Ken Griffey singled and Joe Morgan hit into a force play to score Rose. Bench then grounded to Bill Madlock at third but was safe when first baseman Andy Thornton came off the bag too soon.

Morgan tried to go all the way to third on the play but was thrown out and Madlock, thinking the side was retired, rolled the ball to the mound. The Cubs trotted toward the dugout but Bench headed for third. "It was just one of those freak things," said Bench. "I heard the umpire holler safe and then everybody looked to third."

Bench even crossed up umpire Chris Peleokoudas. "He was cleaning off the bag at third," said Bench. "I thought he was out at first," admitted third base coach Alex Grammas. "Then I heard all the yelling and I thought a fight broke out."

Tony Perez got Bench home with a game-tying double and the Reds broke it open with two runs in the sixth and four more in the eighth. Elsewhere in the National League, Los Angeles whipped Philadelphia 7-1, Pittsburgh clubbed Atlanta 8-1, San Francisco beat Montreal 9-2, Houston dumped St. Louis 7-2 and New York beat San Diego 8-4.

DODGERS 7, PHILLIES 1 Andy Messersmith stopped Philadelphia on four hits and drove in two runs with a sacrifice fly and a bases-loaded walk as Los Angeles won its fourth straight game. Willie Crawford hit a two-run homer and Dave Lopes contributed a two-run double for the winners.

PIERWSA, BRAVES 1 Pittsburgh broke open a close ballgame with six runs in the ninth inning, two on Manny Sanguillen's double. Left-hander John Candalaria limited Atlanta to four hits in six innings and Kent Tekulve finished up, allowing only a home run by Darrell Evans in the eighth. GIANTS 9, EXPOS 2 Ed Halicki, 6-9, struck out 12 batters and hit a two-run single before leaving in favor of Randy Moffitt in the eighth. Chris Speier knocked in three San Francisco runs with a double and single.

ASTROS 7, CARDINALS 2 Jerry DaVanon hit his first major league home run in six years and Cliff Johnson had four hits and two RBI as Houston ran its winning streak to five games. Larry Dierker, 10-12, went the distance up and a K-hitter. METS 8, PADRES 4 New York pounded San Diego ace Randy Jones, 15-7, for 10 hits and eight runs in six innings. Ed Kranepool knocked in four runs for the Mets, three of them with his third home run of the season.

VAILE, Colo. (AP) — President Ford's golf instructor says the Chief Executive is a good putter, but his wood shots need work. "He doesn't feel right on his backswing on wood shots," said Bob Wolfe. "He lacks confidence and is blocking out the ball or quitting on his backswing." Wolfe, 44, is the pro at the Vail Golf Course and played 18 holes of golf with Ford on Monday, the President's first full day of his two-week working vacation in his Rocky Mountain ski resort.

Ford shot a 92 over the par 71, 6,938-yard course, finishing his 18 holes in late afternoon under threatening skies and some light rain. Ford parred seven of the holes after three bad scoring holes on the front nine. Ford had the third highest score of his foursome, with Wolfe shooting a 73, presidential physician William Lukash an 84 and economic adviser Alan Greenspan a 96.

"The President played pretty well after the first six," said Wolfe. "We're going to work on his wood shots tomorrow, that's the weakest part of his game." But Ford "has strong irons," Wolfe said. "He's a good iron player. Long, strong drives. He gets his legs into it."

The golf pro said Ford hit a 4-iron off the tee for 200 yards Monday, with 170 yards about the average drive with that iron. But with woods, normally used off the tee, he was able to get only 180 yards, about 50 yards below average, Wolfe said. Ford golfed, skied, swam and played tennis here during vacations while a congressman. He missed vacationing here last summer when he became president.

"I played with him when he was a congressman," Wolfe said. "We would play nine holes and work on his game in the morning. Then two or three hours were spent on instruction." Wolfe said he also helped Ford with his game as they played Monday. "He chipped in two from off the green, a 25-footer and a 40-footer, after he got started," the pro said.

NCAA Sharing Proponent Says 'Let Them Be Farm Teams To NFL'

CHICAGO (AP) — Faced with a controversial proposal to redistribute television revenues, officials of the National Collegiate Athletic Association have begun considering ways to reduce the cost of college athletics. The council met Monday without ruling on a proposal by Dr. Stephen Horn, president of Long Beach State College, that major football powers share their television wealth with the less affluent.

Horn said at a press conference Monday in Los Angeles that, "Only 10 per cent of the major colleges are making money from their football programs, and the rest of the schools are not breaking even." "If the big 30 schools want to have professional football teams," Horn said, "then let's quit the Mickey Mouse and fund these pro teams and let them be farm teams to the NFL."

Horn's resolution asks that 50 per cent of TV revenues go to Division I schools, the major independents and conference members. Division II schools would get 25 per cent and Division III schools, the smallest in the NCAA, would get 25 per cent. There are 238 schools in Division I, 185 in Division II and 280 in Division III.

The council is weeding through 73 resolutions, all dealing with the financial status of athletic programs, to be considered by the NCAA's Special Convention meeting Thursday and Friday in Chicago. The first resolution, proposed by the Pacific Coast Athletic Association, calls for an outright ban on athletic scholarships, though NCAA President John A. Fuzak of Michigan State said Monday night that "the likelihood of its passing is very slim." He refrained from comment on Horn's resolution, No. 65 on the agenda.

Fuzak said the council must decide if the television resolution is in order. "We haven't formally considered it yet, though we've been talking about it quite a bit." "Even if the Council decides it is not in order," he said, "I'm sure it will be appealed at the Special Convention. If not, we will simply have to face it at another time."

The larger members of Division I have indicated they might drop out of the NCAA if the resolution is approved. Other primary considerations, Fuzak said, involve restricting coaching staffs, grants-in-aid in all sports, limitations on recruiting and various other economic measures. A Houston businessman, Joseph Conte, talked Monday with NCAA staff members, offering to set up a \$1.2 million trust fund to establish a national championship game for college football.

His plan, not yet formally presented to the NCAA, calls for a game matching bowl winners that appear closest to first and second in wire service rankings. The game would not eliminate bowl games, but rotate from one bowl site to another. Conte reportedly is offering participants \$500,000 each and the NCAA \$200,000.

Y Swim Slate Set Swim lessons and gym classes will begin Aug. 25 at the Big Spring YMCA. The beginning swim lessons and gym classes for children in first-sixth grades will meet on Monday and Wednesday from 4 p.m. to 5 p.m. Tuesday and Thursday afternoons will be advanced swim lessons and gymnastics. Classes are arranged so individuals may participate in both swim and gym activities. Swim classes will meet two times per week for four weeks with consecutive sessions.

Adult swim lessons will begin Sept. 1 and meet on Monday and Thursday evenings from 7 p.m.-7:45 p.m. with all levels of swimming from beginner through diving being taught. Water-babies, 6 months to 3 years, will begin Aug. 25, meeting on Monday and Friday from 11 a.m.-11:30 a.m. On parent will assist in the instruction of the child. Poliwig Swim lessons for children 3 to 6 years of age will begin Aug. 26. Classes meeting on Tuesday and Thursday starting at 1 p.m. for half-hour sessions for four weeks. All classes require registration prior to Aug. 25th. These can be arranged by phoning the Y at 267-8234.

MIDLAND — The Big Spring representative in the State Slow-Pitch Softball Tournament in Midland over the weekend, Gibbs and Weeks, bowed to the stiff competition there in two games. They lost to Beverage Sales, San Angelo, 10-5 and to Superior Mobile Homes, Victoria, 13-4, in the double elimination tournament. The State title finally went to defending champions Taylor Brother, Corpus Christi. Second went to Brazos Sports, Lake Jackson, while B. F. Goodrich, Midland was third and Beverage Sales, San Angelo was fourth.

Ford Needs To Work On Woods VAIL, Colo. (AP) — President Ford's golf instructor says the Chief Executive is a good putter, but his wood shots need work. "He doesn't feel right on his backswing on wood shots," said Bob Wolfe. "He lacks confidence and is blocking out the ball or quitting on his backswing." Wolfe, 44, is the pro at the Vail Golf Course and played 18 holes of golf with Ford on Monday, the President's first full day of his two-week working vacation in his Rocky Mountain ski resort.

Ford shot a 92 over the par 71, 6,938-yard course, finishing his 18 holes in late afternoon under threatening skies and some light rain. Hot Workouts Can Kill Gridders CHICAGO (AP) — One way to kill a football player, says a Texas physician, is to schedule practice sessions in the hottest part of the day from the start of the hot pre-season practice season. Another, he says, is to withhold water during practice sessions. Dr. James P. Knoche of the Veterans Administration Hospital in Dallas, lists seven ways to kill a football player in the Aug. 11 issue of the Journal of the American Medical Association.

Needless deaths occur at the hands of football coaches and those responsible for training military recruits he asserts, pointing out that heat stroke has killed at least 50 players in the past 10 years. Heat stroke ranks second to spinal injuries as the cause of death among high school athletes, he says. "Since heat stroke is 'almost always preventable, acknowledgment of its occurrence is embarrassing, and therefore the reported incidence is quite likely much less than the actual figure," Knoche said.

Figures are not available, but many more cases occur among military recruits, he said. "When the football player or recruit has died of heat stroke, it is common to find evidence of punitive drills, carelessness, ignorance, or a 'don't give a damn' attitude on the part of the trainers," he said. The physician lists these additional "old coaches' tales" and other factors that are "effective methods to kill a football player": —Encourage the players to take large quantities of salt tablets, even if water is not provided. —To help overweight linemen lose weight rapidly, give them diuretics, have them sweat it off in a sauna bath, or have them run an extra 20 laps or so around the track wearing a plastic suit. —Require players to wear full uniform throughout each practice session during hot, humid days. —Don't stop wind sprints at the end of each practice session until a sizable number of players vomit, have muscle cramps or collapse. —Look the other way if some players take amphetamines. —Except for the use of pep pills, such practices were widespread 20 years ago, Knoche said.

"Although improvement has resulted from dedicated efforts to correct these illusions, it is evident that they persist since deaths continue to occur," he added.

Midland Closes To 1 1/2 Games Behind By the Associated Press Paso left 12 runners stranded and loaded the bases to no avail in the last two innings. A bases-loaded single by Manny Lantigua with two out in the ninth produced the tie-breaking run which won for the San Antonio Brewers. Miguel Alvarez, a 17-year-old rookie from the Dominican Republic pitching his first Texas League game, set the Midland Cubs down on six hits—one a triple for the visitors by Mike Umflette, who scored their run. Tucker Ashford's home run in the seventh and last frame for the Alexandria Aces proved the difference as they won their opener despite a steady fourth-inning outburst by Doug Capilla for Arkansas. The Travelers ended their scoring drought with two runs in the second inning of the nightcap and John Young slugged his 13th homer for them in the fifth.

MSA Minors Take Second The Big Spring MSA Minor All-Star club placed two girls on the all-tournament team, Laura Baum and Monette Wise, at the conclusion of West Texas State play Sunday at Snyder. Big Spring finished second to Sweetwater, losing out in the finals, 13-7.

COMING THURSDAY TREMENDOUS MEN'S SHOE SALE SEE AD IN WEDNESDAY'S NEWSPAPER

Injuries to the line last year are

60 per cent of his passes last year for 1,988 yards and 16 touchdowns. As a rookie, Moore replaced off-injured Warfield as the No. 1 receiver with 37 receptions for 605 yards. Linebacker Nick Buoniconti calls Moore "super star class." The defensive unit, which ranked at the top of NFL statistics in 1972-73, returns intact. The defense gave up only 150 points in 1973 but yielded 216 last year, a fact many players blame on trouble adjusting to defensive coordinator Vine Costello, who is now with Kansas City. Jake Scott, recovering from knee surgery, is the only veteran being held out of practice, but Shula said Scott should be ready to team with Dick Anderson at safety against Oakland. Other defenders are linemen Vern Den Herder, Bill Stanfill, Manny Fernandez and Bob Heinz, linebackers Buoniconti, Doug Swift, Mike Kolen and Bob Matheson and cornerbacks Curtis Johnson and Tim Foley. Gary Yempman remains one of the NFL's best placekickers.

GOALS FOR BIG SPRING Need For Housing Plan Cited By 'Goals' Panel

EDITOR'S NOTE: This is the second in a series of articles concerning the present situation and needs of Big Spring in eight categories, according to Goals for Big Spring sub-committees. Suggestions for Goals for Big Spring will be solicited from the public at five planning conventions Aug. 22-28.

By TROY BRYANT
Big Spring should develop a plan for modernizing the center-core of town, remodeling older homes and removing those beyond repair. This might provide lower cost housing within walking distance of the business center and prevent inner-city decay, according to a report compiled by the Goals for Big Spring sub-committee on housing.

The sub-committee also recommended that the city avoid any further annexation of land or platting of new areas, saying that Big Spring has "sufficient problems to overcome within the present city limits without incurring tax and federal control disadvantages posed by extension."

CLEAN HOUSE
The report continued: "We must clean up our present city before expanding. Municipal authorities must consider problems concerning land use regulations and energy shortage problems which will confront us in the future."

The sub-committee found that there is a pressing need for about 50 new homes for the next 12 months. Although there has been an increase in the number of single-family residences so far in 1975, the goal probably will not be met at the present pace.

About 20 homes in the under \$20,000 category, renovated or upgraded vacant houses, will be needed along with 10 new homes in the \$20,000 to \$30,000 range; 15 new homes in the \$30,000 to \$40,000 range and five new homes in the above \$45,000 range.

DECAY LISTED
Many problems were cited by the sub-committee in housing, including:
— Decaying of houses and housing conditions in the inner city, roughly from First Street to Eleventh

WON'T MEET NEEDS — Despite an increase in the number of residence starts so far this year, the Goals for Big Spring sub-committee on housing feels that the increase won't meet the local need for 50 more houses in the next 12 months.

Place, parts of the Jones Valley area, and some of the south part of the old center core of Big Spring. If this continues, we may expect a flight to the suburbs, with a corollary decay of the city's center. A plan for renovation, razing and rebuilding must be developed.

Residential communities are divided along economic and ethnic lines. Better education is reducing the sharp division, but the north-side still is comprised mainly of lower income Mexican-American and black families. The sub-committee proposed an industrial park for this part of the city, encouraging industries to locate there and the replacement of

dilapidated housing with low-cost apartments and housing, preferably through private capital.

— A distinct shortage of house-building craftsmen.
— Skyrocketing costs of new home construction, up from \$10 per square foot in 1960 to more than \$25 now.

LOTS ARE PLENTIFUL
The housing situation is not without its bright areas, however. Positive factors include:

— An abundance of platted lots now inside the city limits.
— Current availability of high quality manufactured housing and the interest of outside home contractors in building them.
— Existing housing is appreciating in value about 12 per cent per year.

— Cost of financing in Big Spring is less and supply is more adequate than in large cities. Real estate is also available at a lower cost.

Big Spring has a desirable socio-economic climate for living, offering many advantages to its residents.

The sub-committee also found that 30,513 residents in Big Spring reside in 7,118 single family residences, 749 apartments, 1,361 rental houses (including duplexes), and 615 mobile homes. Living quarters on Webb Air Force Base (housing 2,347 persons) were not included in these statistics.

MAKE YOURSELF HEARD
Suggestions from the public concerning housing and seven other areas — including economy, health and education, government, design of the city, culture and entertainment, parks and recreation and community relations — will be heard at five planning conventions.

The planning conventions will be held Monday, Aug. 25 at Washington and Lakeview Schools; Tuesday, Aug. 26 at College Heights and Bauer Schools; and on Thursday, Aug. 28 at Cedar Crest School.

The public is invited to make its suggestions for the Goals for Big Spring at one of these meetings, which all begin at 7:30 p.m.

Members of the housing sub-committee are Jeff Brown, chairman, Ralph L. Brooks and Charlie Merritt.

Offical Boards Approve Goals
Goals for Progress of Big Spring were approved by both the Big Spring Independent School District and the City Council in meetings Monday night and Tuesday morning.

Tom Locke, speaking for the committee that has set up the program, spoke to both governmental groups.

The schools passed a resolution approving the program and offered their facilities for the town meetings scheduled for Aug. 25, 26 and 28.

The city approved the program and offered to use their printing facilities to help with the questionnaires.

Locke expressed appreciation to both units for their cooperation.

Posts Bond
Ronald Jason Caldwell, 28, who is charged with murder of his wife in March, has been released from county jail. Caldwell, Sterling City Route, posted \$25,000 bond set earlier by Peace Justice Gus Ochotorena Jr.

SS Checks Deposit Is Optional

People who live in Texas and 22 other states west of the Mississippi River are getting a special opportunity to have their monthly Social Security and Supplemental Security Income checks deposited directly in their checking or savings accounts.

"The direct deposit program is entirely voluntary," said Don Minyard, Branch manager here. "People who want their Social Security and Supplemental Security Income checks to continue coming to their homes shouldn't do anything. Their checks will keep on coming as in the past."

"But people who want their checks mailed to a bank, savings bank, savings and loan association or similar institution or a Federal or State chartered credit union can arrange for it with a direct, deposit authorization form," he said.

This direct deposit information is being mailed with checks that will be delivered in August to people who get monthly Social Security or Supplemental Security Income payments. The direct deposit authorization form — SF-1199 — is available at financial organizations.

"Completion of the form does not permit withdrawals from your account by anyone other than people you authorize," Minyard said.

Social Security pays monthly retirement, disability and survivors benefits to eligible workers and their families. The supplemental Security Income program makes monthly payments to people with little or no income and limited resources who are 65 or over or blind or disabled.

School Checks Due Friday At Rehab Center

On Friday, 8:30 a.m. to 5 p.m., the Dorn Robert Rehabilitation Center will offer its second annual Back-to-School Screening Program for the children of Big Spring and surrounding communities.

The screening program is designed to detect existing or potential problems in the following areas: Posture, speech, hearing, visual perception, and fine and gross motor activities.

In addition a dental check will be offered by Dr. Jim Shelton of the Veterans Hospital and a visual screening will be offered by Dr. Gale Kilgore. Screenings will be administered by qualified and registered personnel, said Jack Davis, rehab director.

Last year 52 children between the ages of 5 and 13, were screened, and of those, 43 were found to have problems in one or more areas.

Appointments may be made by phone or at the Center on the day of the screening. A charge of \$5 per child, or three in the same family for \$12, will be assessed. Total time for screening in all areas should be approximately 30 to 40 minutes, said Davis.

Posts Bond On Traffic Count

Paul Allen Douglas, 19, was transferred to county jail and released on a \$1,500 bond Monday after being cited for disorderly conduct and a number of traffic violations.

Texas Highway Patrolman Bill Jennings said he stopped the Douglas vehicle at an IS-20 overpass near the old drive-in theatre about midnight Saturday.

Fleeing a police officer and speeding 85 miles per hour in a 45-m.p.h. zone were among the offenses alleged.

Man Released Pending Hearing

Although Gov. Dolph Briscoe has ordered a local man extradited to Bradley County, Tenn., the defendant has been released from county jail, because a writ of habeas corpus hearing is pending, officials said.

Charles L. McQuary, 28, Holiday Inn apartment 4, is accused of sending a worthless check to Tennessee.

Fair Directors Plan Meeting

Arnold Marshall, president, has called a meeting of the executive committee of the Howard County Fair Association for 3 p.m. Friday at the Texas Electric Service Company, 409 Runnels. Details surrounding final preparations for the 1975 fair, Sept. 15-20, will be discussed.

DEATHS

Jimmy W. Parks

As the flag flies at half mast at the Big Spring Police Department and the County Courthouse made plans to close at 3 p.m., law enforcement officers, friends, and relatives from across Texas gathered for services for Jimmy Weldon Parks, 47, a veteran Texas Highway Patrolman who was killed while on duty Sunday.

Services were to be at 3:30 p.m. today at the Nalley-Pickle Rosewood Chapel with Rev. Leon Ward, Forsan officiating. Burial was followed in Trinity Memorial Park.

Parks died at about 1:25 a.m. Sunday when he was struck by a speeding car while he had another vehicle stopped for a routine traffic investigation.

Col. Wilson Speir, Austin, director of the Department of Public Safety, will head a delegation of around 150 officers and patrolmen who will attend the funeral. Parks served under Col. Speir when Speir was Midland regional commander.

Also attending will be Col. Leo Gossett, Austin, assistant director of the DPS, Chief Leo Milner, Austin, chief of traffic law enforcement, and Maj. E. K. Browning, Midland, district DPS commander.

Patrolmen will for an honor guard to escort Parks' remains at the services and they will also serve as pallbearers.

Parks had served 27 years in the DPS, and had lived in Big Spring for the past 24 years.

Mrs. Stevenson

Services are pending at Nalley-Pickle Funeral Home for Mrs. Bonnie Stevenson, 77, who died Monday night in Del Rio.

She had been a resident of Fortson before moving to Del Rio ten years ago.

Survivors include a son, Cecil D. Parker, Corpus Christi; a daughter, Mrs. Joe (Ellen) Hoard, Del Rio; six grandchildren and two great-grandchildren.

SUSAN CONLEY
New County Librarian

Susan Conley, children's librarian at Howard County Library for seven months, was appointed librarian by County Commissioners Court Monday afternoon.

Mrs. Conley was graduated with a bachelor's degree with a history major from the University of Akron, Ohio, on Jan. 3, 1975, she was graduated with a master's degree in library science from the University of Texas at Austin.

The native of Canton, Ohio, was promoted effective Sept. 1. She replaces Larry D. Justice who has been named librarian in San Angelo for Tom Green County effective Aug. 31.

The salary will be \$9,000 yearly, with an anticipated 10 per cent raise Jan. 1 for all county employees.

VISITS FAMILY — Cong. Dale Milford, Grand Prairie, (center) chats with his uncle and aunt, J. H. and Hazel Milford at their home at 1714 11th Place Monday. Also visiting with the Milfords is a nephew, Kenny Smith.

Cong. Milford Visits Relatives Here Monday

Congressman Dale Milford, Grand Prairie, known to most Big Spring residents as a former weather broadcaster for Channel 8 in Dallas, visited his aunt and uncle here Monday.

Cong. Milford, Texas' 24th Congressional District, flew in by private plane, and had lunch with J. H. (Chief) and Hazel Milford, 1714 Eleventh Place.

Milford was asked to compare working as a weather forecaster to begin Congressman.

"Being a Congressman certainly takes a lot longer hours and the pay is a lot less, but the challenge makes it worthwhile," he said.

Milford is in his second term as representative of a district which includes parts of Dallas and Fort Worth and

the mid-cities areas. He was seen on Channel 8 weather broadcasts for 13 years until his election in

1972. Currently he is in his district during the August recess and took time out to fly the plane here for a visit.

County Dads Ponder Raise

County Commissioners Court Monday afternoon was discussing a proposed 10 per cent salary increase for all county employees effective Jan. 1, 1976.

As the court continued to make some final revisions, no accurate estimate of the total cost of the pay increase or the total budget was available.

The court plans to hold a formal budget hearing at its

next meeting Aug. 25.

In other business, the court:

Approved contracting with the only supplier of punch-card voting machines for the November constitutional election. The court plans to rent 15 machines from Computer Election Systems for a fee estimated less than the \$2,965 quoted for 25 machines. Some of the amount could be applied to purchase of the equipment later if the public and election officials like the alternative to paper ballots.

Accepted \$1,467 in funds available from the federal Office of Economic Opportunity for summer recreation programs. The county plans to distribute the funds to one or more local organizations with programs for youths around 8 to 13 years of age.

And postponed consideration of a gasoline contract with Trans-Regional Airlines. Because of an apparent mistake, changes proposed by County Attorney W. H. (Bill) Eysen Jr. had not been made in the proposed contract.

Council Adopts Memorials

The city council members expressed regret for the passing of two citizens when they met this morning in regular session.

An expression of regret upon the loss of Dr. Preston Harrison, longtime superintendent of the Big Spring State Hospital, was written into the minutes "due to his service to the community of Big Spring through his service at the hospital."

The council also expressed official regret at the untimely death of Jimmy Parks, highway patrolman for 26 years, and expressed appreciation for his service to law enforcement in the Big Spring area.

"This is the same kind of thing," Dr. Criswell said. "I know the man. He went to church. And then to see the kind of language he used. I was appalled. Well, this is the same kind of thing. She has opened herself to a lot of criticism. I just can't believe our leaders condone this kind of thing. Her own daughter!"

Criswell is a former president of the Southern Baptist Convention.

BAPTIST PASTOR 'Aghast' At First Lady's Views On Premarital Sex

DALLAS (AP) — The pastor of the world's largest Southern Baptist congregation says he is "aghast" at First Lady Betty Ford's views on premarital sex.

"I could not believe what I was reading. I thought surely someone was misquoting her. I cannot think that the First Lady of this land would descend to such a gutter type mentality. It's unthinkable," said Rev. Dr. W. A. Criswell, pastor of the 20,000-member First Baptist Church here.

What set the Rev. Mr. Criswell off was a newspaper account of Mrs. Ford's television interview Sunday in which she commented that she "wouldn't be surprised" if daughter Susan became involved in a premarital affair.

"I think she's a perfectly normal human being, like all young girls," said Mrs. Ford. "If she wanted to continue, and I would certainly advise her on the subject..."

Said Dr. Criswell, after watching a replay of the interview: "I didn't expect the leadership of the nation to exhibit before our very eyes this kind of sewer."

He acknowledged there is

"promiscuity. But we try to keep this kind of sewer underground. There is a Mafia but we go on fighting it. We know there is a great mass who believe in and live this animal way. But for her (Mrs. Ford) to offer her daughter in this kind of illicit sexual relationship with a man is unthinkable. What has happened to us?"

Mrs. Ford, who was a divorcee when she married President Ford, said, "I think there's a complete freedom among young people now. And in some cases I'm not so sure that, perhaps, there would be less divorce."

Dr. Criswell said he was stunned by Mrs. Ford's views as he was upon reading transcripts of the Watergate tapes of President Nixon.

"This is the same kind of thing," Dr. Criswell said. "I know the man. He went to church. And then to see the kind of language he used. I was appalled. Well, this is the same kind of thing. She has opened herself to a lot of criticism. I just can't believe our leaders condone this kind of thing. Her own daughter!"

Criswell is a former president of the Southern Baptist Convention.

SECRETARY SIMON SAYS: Food Stamp Program 'Haven For Chiselers'

BLOOMINGTON, Ind. (AP) — Treasury Secretary William E. Simon referred to the federal food stamp program today as a "haven for the chiselers and rip-off artists" and cited the program as an example of a function people should be performing for themselves.

Simon used food stamps, which supplement the food buying power of about 19 million Americans, as an example of the growth in federal spending which he identified as one of the threats to the free enterprise system.

"The free enterprise system is the foundation of our economy, the rock upon which we have built our earthly kingdom," he said in remarks prepared for a conference of Junior Achievement, an organization that teaches business skills to teen-agers.

And yet, Simon continued, "we see the threat to free enterprise in the growing

domination of government spending within our economy.

"Why has government spending exploded? Because, I would suggest, we have been willing to assign the responsibility for solving many of the problems that people should be solving for themselves.

"We begin with the best of intentions but wind up with social programs that are spinning out of control."

Simon said the food stamp program began as a \$14 million experiment in 1962 but will cost \$6.6 billion this year, "and it is a well-known haven for the chiselers and rip-off artists."

NEVER TOO OLD TO LEARN — Genovita Gutierrez, who members of her family claim is 117 years old, figures she's never too old to learn. She regularly joins a senior citizens group for swimming lessons at the pool in San Marcos, Tex. Born in Guanajuato, Mexico in 1858, she's somewhat hard of hearing, but she doesn't wear glasses and a short while back, is known to have climbed a tree to get over a fence and walk eight blocks to attend church services.

Council Acts On Several Items

The Big Spring City Council today heard numerous reports and acted on several items.

In other action, the council approved of the Tourism minutes, and the first reading of an ordinance amending the plumbing ordinance so that a sprinkler system may be installed by one other than a plumber.

Other action included the first reading of an ordinance concerning notice of abandoned automobiles whereby a written notice in regard to abandoned autos on private property may be delivered by hand or mail.

ALSO FOR CATS
A change in the ordinance concerning dogs lists cats under the same regulations as dogs and lists three months as the age necessary for the first inoculation of both animals.

The council passed on first reading a resolution authorizing the mayor to enter into contract with the Permian Basin Regional Planning Commission subcontracting the Ceta Work program.

Councilman Acri reminded the council that at one time "we got into a hassle on funds while handling the NYC program." City Manager Harry Nagel told the council that the funding would still come through the PBRPC office.

FIRST SATURDAY
The city election date for

1976 was set for the first Saturday in April in compliance with a new state law, with the charter to be changed.

The council also authorized the mayor to enter into contract with Howard College for the disposal of sewer effluent with the college to pump the effluent to the site.

Council members granted the city staff the right to negotiate concession rights in parks and recreation areas. They approved a claim for damages by Bob Rodman for \$283.68 in regard to an accident. They tabled action on a claim for damages by Big Spring Hardware pending further investigation by Bill Brown, director of utilities.

The council approved vouchers, and then heard the city manager's report which included a lengthy discussion of trash pickup. It was decided that contracting the pickup to an independent service would be too expensive. The possibilities of bag pickup with all pickups to be in front yards were discussed.

LAND PURCHASE
The council went into closed executive session for consideration of a land purchase. All council members were present including Mayor Wade Choate, and council members Mrs. Polly Mays, Harold Hall, Charles Tompkins and Eddie Acri.

SIAMESE TWINS EXAMINED — Medical personnel at the Royal Children's Hospital in Melbourne examine an x-ray made before Siamese twins were separated Sunday. The two girls, conjoined between breastbone and navel, were born to Mrs. Eu Cheog Foo of Singapore.

Shower Held For Donna Gaskins

A kitchen shower was held for Miss Donna Gaskins, bride-elect of Albert Carlile, Thursday in the home of Mrs. Clay LaRochelle, 600 W. 16th. The couple plan to be married at the Primitive Baptist Church Aug. 16.

Hostesses were Mrs. Allen Carlile, Mrs. E. L. Jones and Mrs. Don Larson.

A centerpiece of placemats, tea towels and a recipe book adorned the refreshment table, which was covered with a gold cloth. The honoree was presented a corsage of yellow flower and small kitchen utensils.

Mrs. Grady Gaskins and Mrs. Elton Carlile, mothers of the couple, and Mrs. Fred Henricks, sister of the honoree were in attendance.

Group To Meet At Kentwood

All older adults are invited to participate in a fellowship day at 10 a.m. Wednesday in Kentwood Older Adult Center. A covered dish luncheon will be served, with table games, singing and musical entertainment featured. All older adults are encouraged to attend whether or not they are able to bring a covered dish.

Off To School!

Printed Pattern

4851
SIZES 6-14
by Anne Adams

School starts early this fall! Give her a smart start with this swinging coattress she can wear belted or free. It's SEW-JIFFY in poplin, chino, blends, knits. Send!

Printed Pattern 4851: Girls' Sizes 6, 8, 10, 12, 14. Size 10 takes 2 1/2 yds. 45-inch. \$1.00 for each pattern. Add 25¢ for each pattern for first-class mail and handling. Send to:

Anne Adams
Pattern Dept.
(c-o Big Spring Herald)
Print NAME, ADDRESS,
ZIP, SIZE and STYLE NUMBER.

SAVE \$5 to \$50 when you sew it yourself! New tops, pants, skirts, dresses in NEW FALL-WINTER PATTERN CATALOG! 100 styles, free pattern coupon. Send 75¢.
Sew - Knit Book \$1.25
Instant Money Crafts \$1.00
Instant Sewing Book \$1.00
Instant Fashion Book \$1.00

FESTIVAL QUEEN — Miss Elizabeth Franco, daughter of Mr. and Mrs. Gilbert Franco, 309 E. Eighth, was chosen Festival Queen during the annual Fall Festival of the Sacred Heart Church. The festival was held Saturday day and Sunday evening to raise money for the church.

Deal With Kids' Actions, Feelings

COLLEGE STATION — It takes time and experience for a child to learn what kinds of behavior are acceptable to others, Mrs. Ilene Miller, family life education specialist, reminded this week.

"While he is learning, a child will make many mistakes through trial and error. "When a child misbehaves there are two factors parents must deal with: his actions and his feelings. That makes it important for parents to stop before taking action and try to understand why the child acted as he did.

"In most cases the child is not being bad on purpose — only human," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

Parents help by being accepting of a child's

feelings, even when his behavior is unacceptable. Children are not always able to express their feelings adequately with words, but their behavior may be a guide to their emotions.

"A child may be telling that he is tired, frightened or jealous through his actions. Think about why he might feel as he does before reacting to what he has done," she suggested.

Curiosity may be mistaken for misbehavior. A child needs adult help to know what he may do and what he can touch. Positive instructions help him learn more acceptable behavior.

"Another frequent cause of misbehavior is boredom. Children have short attention spans and lose interest easily. Parents can be sensitive to the child's feelings and suggest acceptable alternative activities when interest fades.

Groups Host Picnic Friday

The Ladies Auxiliary and Barracks 1474 are hosting a bicentennial picnic at Comanche Trail Park at 10 a.m. Friday and continuing until mid-afternoon. Those people attending will meet at the group picnic area near the totem pole.

All veteran organizations are invited to attend. Each person is encouraged to wear a bicentennial costume and should bring a picnic lunch. Musical entertainment will be featured during the meeting.

Petty Reunion

Held Saturday

The annual Petty Reunion was held Saturday evening and Sunday at Comanche Trail Park. Mrs. J. R. Petty, 1013 Sycamore, was in charge of the arrangements.

The gathering drew 80 relatives from Paducah, Lewisville, Fort Worth, San Antonio, Cross Plains, Abilene, Houston, Midland, Odessa, Lubbock, May, Sweetwater and Denver, Colo. The oldest member in attendance was Elmer Petty, 81, of Paducah and the youngest was Teri Shaw, 2 months, great-granddaughter of S. P. Petty Jr., who is in charge of next year's reunion.

Floor Care

Terms Differ

Understand your floor care vocabulary. The term wax usually refers to a protective floor care product made with natural or synthetic waxes or a blend of both. "Finish" refers to a product that leaves a protective coat, but does not always contain wax. Most often it refers to the durable, protective floor film made primarily from such synthetic ingredients as vinyl or acrylic polymers, says Dorothy Humphrey, a consumer information specialist for Johnson Wax.

A polish can be either a wax or a finish. It simply is a protective film applied to floors to provide gloss.

Dear Abby

Betty's Live-In Beau An Unwelcome Guest

DEAR ABBY: I am confused and distraught. My daughter and her boyfriend, both in their late 20s are self-supporting. They both experienced disastrous divorces in their 20s.

When they decided to live together six months ago, my husband and I were very upset since we don't believe couples should live together out of wedlock. We were very fond of Betty's boyfriend until this happened.

We told her how we felt and that we would not set foot in her house under those conditions. We further told her that as our beloved daughter she would always be welcome in our home but never to bring Alan with her.

She replied that she was sorry we felt that way, but she wouldn't think of marrying again without having first lived with the man for at least a year. Our only communication since that time was an anniversary card from her.

Today, I ran into Betty downtown. She bought me lunch, and we chatted like old times. She's happier and more mature now than I've ever seen her. When we parted, she said, "Remember, Mama, our door is always open."

I cried all the way home. It's been a painful separation for all concerned. What do you think we should do?

MAMA
DEAR MAMA: Do what your heart tells you to do. Call Betty and tell her that although the lifestyle she has chosen is not your style, you respect her right as a person to live her own life — and your door is open to her and any of her friends.

DEAR READERS: The following letter was sent to me by a reader. I pass it along with comment:

Dear Customer:
We at the . . . company wish to express our deep appreciation to all our customers and friends for your kind expressions of sympathy when we lost our

beloved wife and mother. Every kind word, every warm handshake and every helpful act was gratefully appreciated.

Therefore, we are having a special "thank you" sale. Special pricing has been made possible for this event through the cooperation of our distributors.

The first 100 customers will receive \$10 worth of food coupons.

Sincerely,
(NAME OF STORE)

WITHELD)
DEAR ABBY: My first cousin Randy and I got into a real shouting match last night, and I need you to back me up.

I say that Randy's children are my second cousins and THEIR children are my third cousins.

Randy says I'm wrong. If I'm wrong, what are Randy's children and grandchildren to me?

Also, if Randy's children are not my second cousins, who are?

CONFUSED
DEAR CONFUSED: Randy's children are NOT your second cousins. They are your first cousins, once removed. And Randy's grandchildren are your first cousins TWICE removed.

If your grandfather had brothers and sisters, THEIR grandchildren would be your second cousins.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20 cents) envelope.

Bride-Elect Is Honored At Shower

Miss Melanie Gay Hayworth, bride-elect of Dennis Lee Churchwell, was honored Sunday afternoon with a surprise kitchen shower at 2300 Allendale.

Hostesses were Miss Patti Swindell, Miss Lana Williams and Miss Pam Smith, all bridesmaids of Miss Hayworth.

Refreshments were served from a table covered with a yellow knit cloth. Crystal appointments were used as the table was centered with an arrangement of yellow flowers.

The honoree was presented a corsage of kitchen utensils. Mrs. L. D. Hayworth and Mrs. T. J. Churchwell, mothers of the couple, were in attendance. The couple will be married Aug. 15 in the Trinity Baptist Church.

IOOF Auxiliary

Met Saturday

The Ladies Auxiliary to the IOOF Patriarchal Militant met Saturday evening for a short business meeting and a watermelon supper. Mrs. C. C. Cunningham, vice president, presided. The next meeting will be a pot luck supper Sept. 13.

Fresh Vegetable Summer Salad

Offer this deliciously refreshing vegetable mixture as salad, relish, or topping for fish fillet. Partially peel cucumbers leaving green strips; slice thinly. Salt lightly and let stand 15 minutes. Press and drain off excess liquid. Toss with sliced radishes and chopped green onion. Gently fold in enough sour cream or plain yogurt to "cream" vegetables. Season with dill weed and a touch of granulated sugar. Chill. Before serving, stir in chopped toasted walnuts.

MONOCO ROYALTY — Prince Rainer and Princess Grace of Monaco arrive with their daughter Princess Caroline at the annual Red Cross ball in Monaco Friday night.

Save Time And Money By Efficient Cleaning

Are you a young homemaker, a seasoned expert, or a new apartment dweller? Chances are you can profit from the efficiency-expert approach to household chores, says Dorothy Humphrey, a consumer information specialist for Johnson Wax. You can save time and money while keeping your home, car, boat or what-have-you clean and attractive.

Make a list of non-routine chores, the "spectaculars" like shampooing a rug, washing walls or removing built-up wax from the kitchen floor. Then do them, say, one per month. You'll be surprised how much easier it is when you attack them one at a time instead of all at once.

That goes for spring cleaning, too — an old-fashioned upheaval that today's executive homemaker happily can omit. Instead, spread your cleaning "energy" throughout the year.

When cleaning closets, be ruthless with old clothes. Send them to your favorite charity. The same goes for toys, appliances or other gear that you no longer use. You'll save storage space and needless upkeep.

Give special attention to baseboards and closet areas where moth larvae love to lurk. Use a reliable moth-proofer on vulnerable possessions. And, keep your closets fresh-smelling all the time with a solid air freshener.
