Judges Order New Trial In Editor's Kidnaping

ATLANTA (AP) — A panel of three federal judges today ordered a new trial for William A. H. Williams, convicted of extortion in the February 1974 abduction of

former Atlanta Constitution Editor Reg Murphy.

In an opinion written by Judge Homer Thornberry of Austin, Tex., and released in Atlanta, the panel held:

"The Atlanta Constitution and the Journal are the leading newspapers in the metropolitan area and each has a total circulation in excess of 200,000. The two

papers are combined in a Sunday edition, and it was here that the Murphy narrative (of his abduction) appeared."

Williams, 35, was sentenced to 40 years in prison after conviction on charges of extortion, using the mail to perpetrate an extortion and using a gun in the commission of a felony.

Murphy, 41, who was held captive for 49 hours before being released unharmed, is now editor and publisher of the San Francisco Examiner.

The judges of the 5th U.S. Circuit Court of Appeals said "that the intense pretrial publicity and prejudicial closing argument by the government, operating together, deprived defendant of a fair trial."

Murphy said he was surprised and disappointed at the court decision.

"It's somewhat of a different and a difficult kind of decision for me to understand," he said. "I'm afraid that I don't have very good respect for the decision at this moment."

Contacted in Atlanta where he was visiting, Murphy said of the pretrial publicity argument, "It's not the victims who are demanding the publicity in these cases. It's the perpetrator of the crimes."

Murphy said the decision has shaken his confidence in the American system of justice.

'PUT OUT TO PASTURE' — The Air Force T-33, which has been a landmark at Howard College since Sept. 3, 1964, is moved to the Connie Edwards Ranch. Here, a convoy moves it past Comanche Lake. The airplane stood where the proposed student plaza will be, Dr. Charles Hays, college president, said. A gift of the Air

Force to the City of Big Spring, the aircraft shell had no place for it, Dr. Hays said. The airplane will be stored temporarily at the ranch south of Big Spring, but Jim Gregg, assistant city manager, said the city retains ownership.

Assaulting State Trooper Counts Hit Two Local Men

Two Big Spring men are in Howard County Jail today charged with assaulting State Trooper Bobby Duval of Stanton.

Failing to post \$10,000 bonds each following the alleged attack are James Molinar and Tomas de la Santos, both of Big Spring.

James Molinar is charged with a Thanksgiving Day incident.

De La Santos is also charged with littering, with a \$200 bond, and drunk, \$200 bond.

James Molinar's additional charges include littering, \$200 bond, and driving while intoxicated, \$1,500 bond.

A third man, Raul Molinar, was dismissed from jail after paying a \$52.50 fine for public intoxication.

State Trooper Bobby Duval of Stanton said he followed a vehicle on IS 20 Thursday and noticed two subjects throwing beer cans out a window. The patrolman stopped the car. Two men got out of the car walked towards him, he reported.

Sheriff Dan Saunders of Stanton said Duval told him one of the two subjects struck him and they attempted to grab his gun. Duval handcuffed one man and the other fled on foot.

A third man then arose from the back seat of the halted vehicle and also took off running. Motorists stopped and advised to hold the handcuffed man while the officer chased a subject.

After Duval radioed for assistance, State Troopers Ben Lockhart and Bill Priest of Big Spring and two Big Spring police Mike Prewitt and Sgt. John Wolfe arrived.

The other two men were apprehended and all three taken to the city jail. While being booked, one of the prisoners tried to attack Patrolman John Burson but was quickly subdued, the police report said.

The World At-A-Glance

LOS ANGELES (AP) — "The rains were the biggest fire fighter we had," said one weary fireman as two brush fires that had raged in the hills north and east of Los Angeles were contained. In five days, the fires charred 100 square miles of land, caused \$17.5 million damage, drove 5,600 persons from their homes and created the danger of flooding from winter storms. Officials declared the fires contained Thursday night after a cold front swept a quarter inch of rain into the area.

SACRAMENTO, Calif. (AP) — The trial of Charles Manson follower Lynette Fromme was a "trying" time for the jurors who convicted her of attempting to assassinate President Ford, the judge says. U.S. District Court Judge Thomas J. MacBride said the jury, which had been sequestered during the three-week trial, sent him word that they wanted no public exposure — no press interviews, no photographs. On Thanksgiving Day, members of the jury could not be reached at their homes for comment on the deliberations preceding their verdict Wednesday.

LONDON (AP) — Police launched a nationwide manhunt today for suspected Irish terrorist slayers of Ross McWhirter, co-editor and compiler of the Guinness Book of World Records. Home Secretary Roy Jenkins told the House of Commons: "Clearly we must take into account that there is a possibility that (the killing of McWhirter) is the beginning of a new form of attack which we have not hitherto seen in Great Britain."

UNITED NATIONS (AP) — The U.N. Security Council meets today in a closed-door session to discuss renewal of the mandate for the U.N. peacekeeping force on the Golan Heights. Semi-official Damascus sources say Syrian President Hafez Assad has agreed to an extension. U.N. Secretary-General Kurt Waldheim says he is hopeful the Security Council will renew the mandate before it expires Sunday.

WASHINGTON (AP) — When Congress returns from its Thanksgiving recess, the top item on its agenda will be President Ford's proposal that the United States lend New York City the money it needs to avoid default, backing away from his hard-line stand against offering any federal assistance to the city, said at his Wednesday night news conference that he would submit legislation to Congress which would provide up to \$2.3 billion in federal loans to the city. Lawmakers indicated Ford's plan would receive immediate consideration when Congress reconvenes Monday.

Bombs Found On Airliner

MIAMI (AP) — A jetliner on which two timebombs were found would have been in the air when the devices were to explode, officials say.

Police said the bombs were found on the Bahamasair plane Thursday just minutes before 62 holiday travelers were to board the Nassau-bound flight.

Airline official Thomas Hughes said the plane's schedule would have put it in the air on a return flight to the U.S. at noon, when the devices were set to explode.

"There was a telephoned bomb threat to airport personnel," said Police Sgt. Denis Shaw. "We found two bombs — plastic explosives with a detonator and a watch for a timer — in two different places in a lavatory.

Police Records 'Open'

HOUSTON (AP) — The 14th Texas Court of Civil Appeals ruled Wednesday that certain portions of police offense records are available to the public under the Texas Open Records law.

The court held that portions of offense reports describing the offense committed, the location of the alleged crime, identification of the complainant, and the investigating officers are public records.

It also said the police blotter, showup sheet, and arrest sheet are open to the press and the public.

The three-judge panel added, however, that the personal history and arrest records of suspects are not open to the public.

Associate Justice Curtis Brown, in writing the opinion, said the portions of the offense report which deal with purported confessions, officers' speculation about a suspect's guilt, officers' views of the credibility of witnesses, and ballistics reports are not public records.

The ruling was made in a suit filed in 1974 by the Houston Chronicle against the city of Houston.

The suit was filed after Carrol M. Lynn, then the Houston police chief, denied news reporters direct access to offense reports. Lynn contended an opinion by Texas Atty. Gen. John Hill gave him the "option to disclose" such records.

BULLETIN

WASHINGTON (AP) — William L. Calley Jr. appealed his My Lai murder conviction to the U.S. Supreme Court today, saying Congress should have been compelled to release confidential data in his trial just as President Nixon was compelled to do in the Watergate scandal.

Calley, 32, who sought unsuccessfully to use secret congressional testimony in his defense, noted that the high court had rejected Nixon's claim of confidentiality for the Watergate tapes.

Cubans Attempt To Disrupt Bicentennial

WASHINGTON (AP) — The chief investigator for a Senate Internal Security subcommittee says the Soviet Union is indirectly linked to the Puerto Rican Socialist party through the party's ties with Cuban intelligence.

Another subcommittee witness, a man described as a Puerto Rican expert on Cuba, said the party's strategy, in his opinion, involves "a war for national liberation of Puerto Rico which, of course, must include sabotage."

The other witness, a man using the assumed name of Francisco Martinez, predicted that the Cuban government has "decided to use all means available to disrupt the bicentennial celebration in the United States."

Connally May Run

WASHINGTON (AP) — Former Texas Gov. John B. Connally says he "might consider running" as a third party presidential candidate if he feels that neither the Democrats nor the Republicans "are on a course that would tend to best serve the nation."

Connally made his statements Wednesday in an interview with "Conservative Digest."

With his comments Connally added his name to what is becoming a rather lengthy list of potential third party candidates.

Connally was not asked about a Republican candidacy in the interview which was conducted originally in October.

But he said in reference to a third party possibility: "If I think that neither of these two (Democrats and Republicans) are on a course that would tend to best serve the nation and a third party arose that I thought was committed to the very things in which I deeply believe, then I might well consider running."

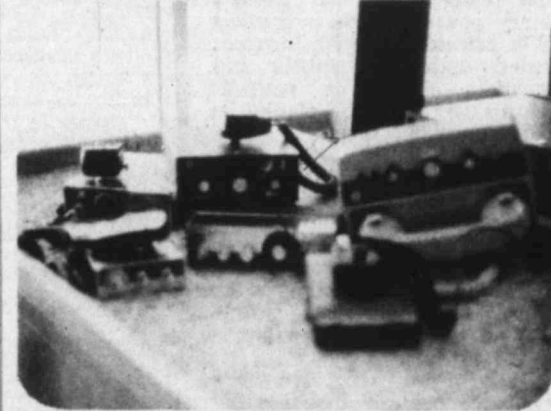

Former Sen. Eugene J. McCarthy, a Democrat, already is running as a liberal, independent candidate for the presidency.

'WE DID IT' Dallas Couple Get Thanksgiving Surprise

DALLAS (AP) — Wayne Mackey, 29, and his wife, 18, don't figure they'll forget Thanksgiving Day 1975.

It was 1:45 a.m. when Mrs. Mackey awoke her husband to advise him she was having labor pains although their baby wasn't due for at least eight weeks. He told her not to worry — "they are just false alarms, like they tell you in the baby books."

Fifteen minutes later Mrs. Mackey, still concerned, telephoned their doctor. He instructed her to "take two aspirins and go back to bed." At 6:15, however, the expectant young mother roused him again and informed him, "This is it — no fooling."

"I told her to wait a minute and hurried to call an ambulance," Mackey said later. "After I hung up I realized I hadn't given them the address. So I called my uncle to tell him to call an ambulance — and by then the baby was on its way."

"It all happened so fast I really didn't have time to think about it. I did worry when I saw the baby's feet coming out first, but somehow it just took care of itself."

Mackey discovered afterward that it took just 10 minutes for their new son to arrive. Nevertheless, he said, he learned enough to give other expectant fathers some advice.

"Of course I didn't stop and think about what I was doing," he recalled. "I just did what came natural, but I wish now I had taken some prenatal classes so I would have known what I was doing."

"I was following the books and the books just don't tell the whole story. But above all, the main thing I learned was next time I had better listen to my wife."

In retrospect, after being assured mother and infant were doing fine, Mackey concluded, "I have so much to be thankful for. The baby was two months premature, he came out backwards and I didn't know what I was doing — but somehow we did it."

Mrs. King Wants New Investigation

NAIROBI, Kenya (AP) — Coretta King, widow of slain civil rights leader Martin Luther King, has called for a reopening of the investigation of her husband's assassination, which she says was apparently the result of a government conspiracy.

Mrs. King, who is in Nairobi on a three-nation African tour, commented on the admission by the FBI that it undertook a harassment campaign to discredit King, and a subsequent order by Atty. Gen. Edward Levi of a review of the agency's investigation of King's shooting death in 1968. James Earl Ray pleaded guilty to the killing in Memphis, Tenn., and was sentenced to 99 years in prison.

BIG SPRING FATALITY Tragedy Mars Holiday Of Kerrville Family

By MARJ CARPENTER
A Kerrville family bound for Lamesa to join a grandmother for Thanksgiving saw its holiday change to tragedy just inside the Big Spring city limits on South 87 shortly before midnight Wednesday.

Jack Burl Rhyne Jr., 17, a junior at Kerrville High School, was reported dead at the scene by Justice of the Peace Bobby West after the car in which he was a passenger collided with a car obliquely parked in the highway.

Juan Manuel Lara, 22 of Rio Grande City, is in the county jail, in lieu of bond set by JP West at \$5,000.

Lara told State Trooper Bill Jennings that he abandoned the car when it stalled. The car was knocked over into the ditch and there

was some difficulty in locating the driver, police said.

Donald Duckworth of Kerrville, stepfather of the dead youth, was driver of the vehicle which was headed for Lamesa. His wife, who was sitting in the right front seat, was taken to Malone-Hogan Hospital with severe head lacerations and a possible fractured neck. Her son, who was killed instantly from one injury to the head, was seated behind her.

A stepbrother, Donald Dupris, 10, of Kerrville on the other side of the car behind the driver, escaped unharmed. Duckworth escaped with minor injuries.

The entire side of the Duckworth vehicle was ripped off as it came over a rise in the highway and struck the abandoned

vehicle in the dark.

The accident enters the records as a city fatality since the city limits were recently moved to the Country Club Road. The wreck was about an eighth of a mile north of that road. It is the fourth traffic fatality for the City of Big Spring during 1975.

Services for the youth are pending at Branon Funeral Home in Lamesa. The youth was born in Lamesa.

Survivors include his mother and stepfather, Mr. and Mrs. Donald Duckworth, Kerrville; his father and stepmother, Mr. and Mrs. Jack Rhyne Sr., Dalhart; a sister, Mrs. David Townsend of Arizona; a step brother, Donald Mark Dupris, Kerrville and his grandmother, Mrs. Myrtle Koonce, Lamesa.

Blow To Voluntarism

Currently in conference committee is a bill which contains provisions which will legalize "common suits" picketing. In simpler terms, the measure will, if it becomes law, permit pickets from one craft or subcontract to close down an entire construction job by being allowed to establish picket lines. President Ford will be well advised to veto the measure when it reaches him.

It makes no difference that perhaps 90 per cent of a building job might have no connection with the dispute at stake, it could be brought to a standstill simply because workers would not cross the unrelated picket lines.

That falls clearly within the definition of a secondary boycott, outlawed by the National Relations Labor Board, and by the Supreme Court in considering a case based on the Taft-Hartley act which prohibits secondary boycotts.

At the heart of this issue lies the simple fact that the basic drive is against non-union employees on a job.

Both sides concede this. It requires no imagination to project the leverage which would be brought to bear if contractors knew their jobs could be paralyzed if one minor sub-contractor had a non-union worker.

The common situs provision is another thrust in the drive that would rule out voluntarism in union membership. We think that unions serve a useful purpose, and in this day of big business it is only logical and inevitable that there be big labor, but we cannot reconcile forced membership as a condition of employment with the American ideal of free conscience and free choice.

Senate's Sorry Record

Until now, the Texas Senate has a pretty sorry record in coming to grips with the impeachment trial of Texas District Court Judge O.P. Carrillo. The latest postponement, agreed to after a "lengthy" session of 28 minutes, now is Jan. 5. About the best that can be said for this is that the new date is after the holidays.

The Texas House, coming to grips with the problem,

promptly voted a 10-count indictment of Judge Carrillo Aug. 5. The Senate got together Sept. 15 to consider the matter, said it was improper to have the hearing while the judge was in litigation on an income tax matter. A new date of Oct. 7 was set, and then Nov. 18 — and now Jan. 5. None envies the senators this job, but then none insisted that they accept the honor, prestige, and the responsibility of being a senator.

Which Way?

Around The Rim

John Edwards

While a socialist predicts railroad nationalization "in whole or in part" within the next 10 years, the president of Missouri Pacific Railway Co. said the "future looks bright for our industry."

JOHN H. LLOYD is president of the Missouri Pacific or MoPac, which owns the Texas and Pacific Railway Co. that runs through Big Spring.

Lloyd, however, observed: "We have bankrupt lines and lines that are normally profitable reporting deficits."

Supply and labor costs are increasing faster than rates, Lloyd said.

But then Lloyd cited reasons for optimism: "One, virtually every forecast I am acquainted with indicates a gradual upswing in railroad traffic during the coming years."

"Two, rail transportation offers the best solution to a trio of public concerns — pollution, land-use and dwindling energy resources."

Michael Harrington, in an article published in the December issue of "Harper's Magazine," called railroads "an energy-saving, rather benign form of transportation."

Lloyd: "Third, Washington has finally been made aware that parts of the railroad industry need help. 'The government may finally provide at least some of the aid to railroads that it has provided with such largesse and bounty over the decades to our competitors.'"

HARRINGTON: "...RAILROADS were inefficient in the race for government subsidies and were therefore unable to defend themselves against other modes, such as trucking, which got more of Washington's money."

"Our 'free enterprise' system is," Harrington said, "on its commanding heights at least, based on national economic planning for corporate priorities."

"Adam Smith would be shocked to learn that this battle for federal handouts is one of the few truly competitive areas in American capitalism," Harrington claimed.

Harrington added: "In September, the bus companies mounted a

national advertising campaign against Amtrak, the corporation which the government set up to carry passengers...

"Meanwhile, Amtrak was denouncing the airlines in the Northeast, the truckers everywhere was ganging up on the companies that use the nation's waterways free of charge. Is this any way to run a country?"

"THE PUBLIC IS being asked to buy up only the railroad's losses; the private owners will keep the profitable parts of the business," the critic said.

"What is needed is outright and complete nationalization," Harrington said.

Lloyd: "Self-appointed rail experts from outside our industry are fond of portraying 'bad management' as a bogeyman responsible for railroad problems."

"All that they must accomplish is: meet what may be the highest per capita payroll in all of industry; invest from \$1.5 to \$2 billion annually in capital improvement; retire a debt burden well into the billions; manage a highly centralized, labor-intensive enterprise which produces only an intangible product whose price is set by the government; and then compete for business against government-subsidized competition."

"Hopefully, they would also pay dividends to their stockholders and finish the year with a profit."

"Oh yes, they must accomplish this feat with a rate of return on investment which has ranged from 1.73 per cent to 3.45 per cent over the last five years — or with one-fifth to one-third the return considered adequate to maintain a sound operation."

Harrington: "During World War I, the government took over running the trains; the experiment was so successful that the rail unions then campaigned vigorously for permanent nationalization."

Lloyd: "Railroads are improving their efficiency as measured by gains in such indices as net ton-miles per freight train hour, average daily car mileage, ton-miles per freight car day and over-all improvement in utilization of equipment."

The Whip Hand

Robert Novak

WASHINGTON — The fact that the U.S. still holds the whip hand in the Middle East is stunningly clear from Syria's soon-to-be-announced decision to renew the Golan Heights ceasefire with Israel.

INDEED, THE reversal in Damascus of indications early this month that the United Nations Disengagement Observer Force (UNDOF) might not be renewed in the buffer zone between Israel and Syria points to this conclusion: despite vicious attacks on Egypt for making a separate, U.S.-sponsored deal with Israel on the Sinai peninsula, Syria is still committed to Secretary of State Henry Kissinger's mediation diplomacy in the Middle East.

The reason? Fear of Israel's military power, which is subject only to restraints from Washington; coupled with the subtle but momentous change in political emphasis the U.S. is now placing on the Palestinian question.

SINCE ISRAEL'S new Sinai agreement with Egypt raises at least a danger of Syria fighting virtually alone in any new combat on the Golan Heights, the Syrian government — considered moderate by historical standards — wants above all to keep its Washington connection strong.

But the Ford administration's careful public policy that the Palestinian question is "the heart of the (Middle East) conflict" is at least as important, and potentially much more so. That policy statement, delivered 10 days ago to a House International Relations subcommittee by Deputy Assistant Secretary of State Harold H. Saunders, spelled out the U.S. position in detail for the first time.

The decision to do so was made by Kissinger after consultation with President Ford because of explosive election-year politics involved in any change or refinement of U.S. policy in the Middle East.

THE AGONIZED reaction to Saunders' testimony in the regular Israeli cabinet session last Nov. 16 fully confirmed the administration's decision to approach the matter gingerly. The authoritative Jewish Telegraphic Agency reported that the Israeli cabinet "angrily denounced" Saunders' testimony that the west bank of the Jordan River might become a separate Palestinian state if the Palestine Liberation Organization (PLO) recognized Israel's permanent

existence. Although State Department diplomats claim the Saunders testimony stated no new ground, the mere fact that he was permitted to delve deeply and publicly into some of the political implications of the Palestinian question was in itself new. Indeed, the Saunders testimony was hailed by a top official of the Syrian government last week as a constructive sign of change.

ARAB DIPLOMATS here, agreeing, were particularly pleased because Saunders treated Yasser Arafat's PLO as a serious political organization, not just a band of terrorists.

Syria's decision to stay close to Kissinger's mediation game in the Arab-Israeli struggle has consequently been rewarded by Saunders' congressional testimony, even though the reward is far more important as symbol than as concrete change in U.S. diplomacy, or in actual U.S. acceptance of the PLO as representative of the Palestinian people. There is no sign yet, for example, that Arafat is ready to renounce his "dream" of a single Palestinian state composed of both Jews and Arabs.

UNTIL HE does, the next stage in Kissinger's diplomacy — informal meetings among all the parties in search of an over-all settlement formula, as Syria desperately wants — cannot even start.

My Answer

Billy Graham

I am a Christian teenager, and I am tired of adults who are always talking about the "typical teenager" who smokes pot, is involved in sex, etc. I wish adults would realize there are many of us who are seeking to live for God and obey His Word. Do you agree? L. McF.

Thank you for your concern. Certainly it is true there is no such thing as the "typical teenager," and we adults are perhaps too quick to make generalizations. I am thankful for the vast number of young people in our nation who have come to know Jesus Christ as Lord of their lives,

and are seeking to live for Him. Their example of dedication and fearless commitment can teach many of us much about the meaning of true discipleship.

At the same time there are many young people today who are drifting, as you know, and are seeking some sort of meaning out of life through drugs, sex, eastern religions, etc. My prayer is that you, and the thousands of other dedicated Christian teenagers who have found true peace and meaning in Christ, will seek to win these to Jesus Christ also. I challenge you to ask God to use you as a witness for Him.

Real Estate Doctors

John Cunniff

NEW YORK (AP) — Bankers might understand finance but in the opinion of many they don't know a great deal about real estate. Otherwise, their critics say, they wouldn't be in the mess in which they find themselves.

That mess includes billions of dollars in loans to developers and real estate investment trusts that aren't paying off, and in repossession of properties they really don't know how to operate.

The problem began when, during the optimism of those years, they were sold on the idea that real estate offered great possibilities.

"Today, some banks in major cities have between 20 and 60 per cent of their investment portfolios tied up in real estate," said Benjamin Lambert, president of Eastdil Realty, Inc.

The loans were easily made but not easily collected. "A developer trying to pay back his loan at 16 per cent interest just couldn't stand it," said Lambert, whose company is an affiliate of Blyth Eastman Dillon & Co., the investment banker.

He expects it will take three to five years for many of these banks to resolve their real estate problems and some may sustain heavy losses in the process.

But he added that future economic expansion and opportunities should enable banks to correct their errors.

Eastdil has been called in as consultant and sometimes manager on billions of dollars of troubled real estate, much of which it has salvaged at profit. It was a forerunner, and probably is

the biggest now, of what have come to be called "real estate doctors."

"The typical consultant gives you a fancy report that tells you you're sick," says Lambert. "We tell him 'this is how you get well,' and then we go out and do it."

Refinancing is often the first step out of the predicament. Lambert, an art major in college, considers it an art, "a complex combination of sources and systems of providing capital, coupled with surprising variations in capital market response to real estate."

With time on his side, Lambert and his crews can correct major deficiencies, such as structural defects, marketing errors, bad image, inadequate personnel and perhaps even poor location, which often is considered fatal.

REAGAN IS COURTING the Cuban refugee vote with his pledge to keep Fidel Castro an outlaw subject to every possible sanction Washington can apply against the Cuban dictator. This goes directly contrary to the policy of the Ford administration. Secretary of State Henry Kissinger has several times said that the United States is ready at any time to resume a dialogue with Castro.

Castro is reported to be eager for resumption of talks looking to a normalization of relations. How much of the Cuban vote will count in Reagan's calculations for a win in Florida is questionable. Of the 500,000 Cubans reaching America's shores — 260,000 by the U.S. airlift — a large proportion have settled in and around Miami.

BUT A NUMBER — estimates are difficult to come by — have kept their Cuban citizenship in the expectation that they will one day return to their homeland. Of those who have become U.S. citizens, only 20 to 25 per cent have troubled to register.

AND JUDGING by all reports, there is a sharp difference of opinion within the refugee community, some believing that it is essential to come to terms with a small nation only 90 miles from our shores.

As he goes about the country advocating a cut of \$90 billion in domestic spending by the federal government, Reagan will be addressing other minorities. Such a

Reagan's Minority

Marquis Childs

WASHINGTON — Minorities of minorities, that will be Ronald Reagan's specialty as he pursues the presidency with the possibility, the likelihood even, that he will cripple the candidacy of President Ford.

HIS ARDENT followers apparently prefer to rule the ruins of a divided party rather than support an incumbent President who is himself a conservative.

Reagan's repeated forays into Florida illustrate one aspect of the minority syndrome. It is also an illustration of how political ambitions can thwart American foreign policy from here to eternity.

REAGAN IS COURTING the Cuban refugee vote with his pledge to keep Fidel Castro an outlaw subject to every possible sanction Washington can apply against the Cuban dictator. This goes directly contrary to the policy of the Ford administration. Secretary of State Henry Kissinger has several times said that the United States is ready at any time to resume a dialogue with Castro.

As he goes about the country advocating a cut of \$90 billion in domestic spending by the federal government, Reagan will be addressing other minorities. Such a

slash would eliminate a whole variety of programs that bolster the individual lives of millions of Americans.

A vast majority of the voting public are the beneficiaries of these programs. To expect them to vote against their own interests, however much the hope of compensation by private enterprise is held out, is hardly realistic.

THE AUDIENCES Reagan has been addressing at several thousand dollars a crack prior to his declaration are the affluent, the upper middle class, the suburbanites. They are a minority ready to subscribe to the credo of the true conservative.

Taking the federal government out of the spending game — and Reagan makes it sound so simple — is the breath of life to them. The men and women who nominated Barry Goldwater at the San Francisco convention in 1964, and booted Nelson Rockefeller so that he was barely able to talk, are the same men and women (as their genetic inheritors) who rule the party today.

REAGAN IS A radical candidate. There should be no mistake about that. He is a radical of the right. Unless profound changes have taken place not now discernible, the electorate has never voted for a candidate considered too far right or left. Reagan's rule of his minority is a pleasant diversion, but it makes little contribution to solving the grave problems here and abroad.

Texans Killed In Holiday Violence

By The Associated Press
Accidents on streets and highways accounted for most of the violent deaths in Texas during the fore part of the extended Thanksgiving holiday weekend.

The count reached 13 fatalities today, including 10 in motor traffic, two shootings and one in a fire.

Tabulation of the toll started at 6 p.m. Wednesday and will end at midnight Sunday.

These were among the victims:

Edna Ussery Andrews, 74, was killed Thursday when she was hit by a car five miles south of Greenville on Texas 34.

A head-on crash early Thursday killed Barbara Cameron, 18, in Dallas.

Police said she was a passenger in a car traveling on the wrong side of the street and a companion suffered serious injuries.

Robert Dale Hudson, 30, of San Angelo was killed early Thursday in a pickup truck which ran off U.S. 277 at a curve south of Sonora.

A collision on U.S. 84 near Zephyr in Brown County killed two San Angelo women Wednesday night. They were Dorothy Fallin, 50, and Gayla Sue Clatterback, 19.

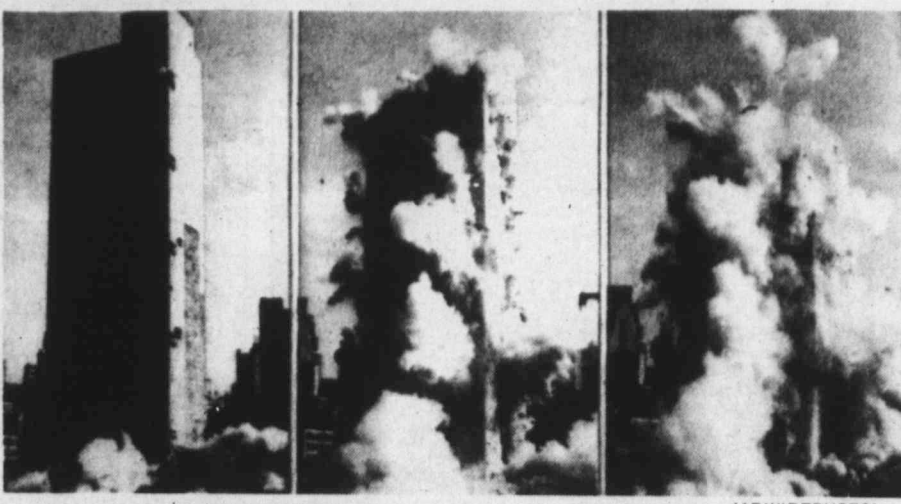

Jack B. Rhyne, 17, of Kerrville suffered fatal injuries late Wednesday as the car carrying him and one halted beside U.S. 87 near Big Spring were involved in a crash, officers reported.

Fort Worth police said murder charges would be filed against a man, 39, who returned from work Wednesday, found the house empty and a cat eating a Thanksgiving turkey set out to thaw, went next door and fired six shots. Emory Pippins was killed.

Gunfire killed Donald R. Leaks, 24, at a Houston lounge late Wednesday. Officers held a man for questioning.

Morris Bankston, 35, Eagle Lake, was killed near the Colorado County town of Nada when his car ran off Texas 71 and overturned, investigators said.

Karl R. Struve, 21, was killed early today in Dallas when his car slammed into a tree, police said.

AND THE WALLS CAME TUMBLING DOWN — A 27-story building is reduced to a 13-foot pile of rubble in nine seconds by blasts set by demolition experts in Sao Paulo, Brazil, recently. The Mendes Caldeira Building, that was built 15 years ago, was brought down by 250 pounds of explosives placed at 1,200 points. The building was taken down to make way for construction of the city's new subway system.

Rockefeller Visits His Texas Ranch

HARLINGEN, Tex. (AP) — Vice President Nelson Rockefeller predicted Thursday that newly installed Spanish King Juan Carlos will be able to pull rival Spanish factions together.

The vice president made the prediction at the airport here Thursday night when he arrived for a weekend hunting trip on his south Texas ranch.

He flew here from Spain, stopping New York to leave his wife and to pick up two of their children for the weekend trip to South Texas. Rockefeller had represented President Ford at the funeral of Francisco Franco and the inauguration of King Juan Carlos, speaking of the new Spanish king, the vice president described him as "a very intelligent and dedicated fine young man."

"He's got a tough job ahead of him, pulling all the factions together, but I think he's up to it," Rockefeller said.

A crowd of about 200 persons, including a group of civic leaders from Willacy County, greeted the vice president. It is his second visit to this area in the past year.

The Vice President will be camping out in a tent on his 6,000-acre ranch north of Raymondville.

A secret service agent said agents killed a rattlesnake near the Rockefeller camp earlier in the day. Speaking of the rattlesnakes, the agent said, "They're just part of the challenge."

FRUSTRATED ARTIST?

Jack Boyd, 1904 E. 25th, had purchased a house at 1000 Bluebird and was in the process of painting it and renovating it. He took off Thanksgiving Day for a holiday.

When he returned to the house this morning to continue work on the project, he found that somebody had broken into the premises and poured paint on the floor, the furniture and the refrigerator.

Child, Family Service Act Drawing Opposition

Some women employed by the Webb Air Force Base Federal Credit Union plan to sign letters addressed to Texas U.S. Senators, stating opposition to the "Child and Family Service Act of 1975."

These letters which may be the first of several from Big Spring is being prepared with the help of Mel Prather, credit union public relations agent, Anne Read of the credit union said.

Mayor Wade Choate gave the women a copy of information he received about the legislation, Mrs. Read said.

The Congressional Record is quoted describing the bill: "If, in the judgment of those who are in charge of such a program, the state by way of the Secretary of Health, Education and Welfare, parents are not doing a good job, the advocate, specialist appointed by the government, would enter the home and direct the education, even within the home."

"And if the parent would object, the authority of the home would, de facto, be transferred to those ad-

vocated," the official publication continues.

Also, the Congressional Record states: "The intent of this bill is for the government to be responsible...for the nutritional interests of your child, and for all

psychological interests of your child.

"What is at issue is whether the parent shall continue to have the right to form the character of the children or whether the state, with all its power and magnitude, shall be given the decisive tools and technique for forming the young lives of the children of this country..."

"There is serious question that maybe we cannot trust the family to prepare young children in this country for this new kind of world which is emerging."

Among those organizing grass roots opposition to the bill here is Bonnie Hervol.

Will Observe Jewish Festival

The first day of Hanukkah will be observed at 8 o'clock tonight with a Jewish service in the Webb AFB chapel. A base lay reader, Capt. Joe Sherer, will be the speaker.

Hannukkah is know both as a festival of lights and of dedication in a joyous celebration of triumph of the Jewish people in their struggle for freedom.

Memorah is its outstanding symbol and the days are observed with songs of praise to God and with Thanksgiving.

All persons interested in the Jewish religion are being invited to attend the services.

Ordination Is Scheduled

The West Side Baptist Church, 1200 West 4th, will ordain Clyde Williams and Don Brooks for service in the Church's Deacon Ministry.

Chaplain Lee Butler will preach the ordination sermon during the morning worship services starting at 11 a.m.

All members of the West Side Baptist are asked to be present, the pastor announced. The public is invited to attend. All ordained persons will make up the Ordination Council.

The Lord's Supper will be observed during the evening services at 6 p.m.

THEFTS

Break-in reported by Bob Baker at the Code Enforcement office. It was reported that a money bag with \$140 in cash and \$30 in checks missing.

J. Oliver, 1405 E. 2nd, reported a CB radio taken from a vehicle at that address. Reported at 2:30 p.m. Thursday.

LOCAL COUPLE HONORED — Mr. and Mrs. Ivan Collins, Big Spring, were honored recently by the Shaklee Corporation for their outstanding performance as a sales distributor team. Here they sign the guest book at convention headquarters in San Francisco. Welcoming them to the convention is "Ben Franklin" on hand as a reminder of Shaklee's salute to America's Bicentennial, which coincides with the company's 20th anniversary in the direct selling industry.

Burial will be in the Hominy Cemetery. Survivors for the Baptist minister include his widow and a daughter, of Prue; his parents, Mr. and Mrs. Ira Kirkpatrick of Big Spring and a brother, Dale Kirkpatrick, Odessa.

Lou Henkel

Lou Ella Henkel, 75, of Lubbock, mother of Bill Henkel of Big Spring, died at her home at 4:45 p.m., Wednesday after a lengthy illness.

Suspected Car Thief Jailed

Ray Stewart Marion, Midland, is in the Howard County Jail in lieu of a \$5,000 bond, charged with car theft. Bond was set in Midland.

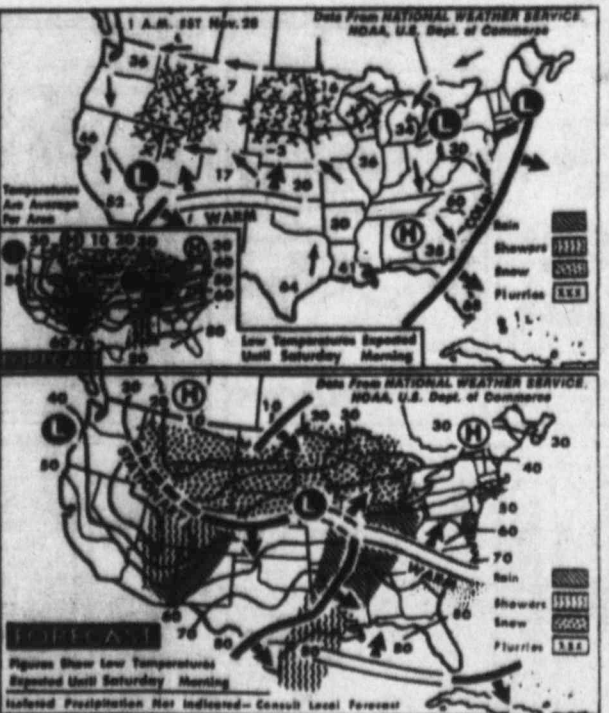

City Detective Avery Falkner brought Marion back to Big Spring to place him in jail on charges of an auto theft.

The man allegedly stole a car at Bob Brock Ford, leaving a vehicle that was reported stolen from a Monahans car lot.

Further investigation revealed that when he drove away from the car lot in Monahans, he left a motorcycle which had been reported stolen in Big Spring at the Toyota House Oct. 31.

Dear Abby

Widow Needs To Be Snored To Sleep

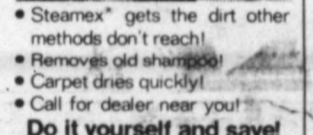

DEAR ABBY: My husband died last winter, and ever since, I have had a terrible time falling asleep. I don't want to get into the habit of taking sleeping pills. I recently visited my sister, and the sound of her husband's snoring in the next room put me to sleep instantly! Every night I was there I slept like a baby. I soon realized that what I'd been missing all these months was the sound of my beloved late husband's snoring. It must have given me a sense of security and well being.

DEAR SLEEPLESS: Ask your sister's husband to record a long snoring session on a cassette. All you'll need is something on which to play it, and you're off to dreamland!

I suppose it is ridiculous to ask if there is some place I can buy a record or a tape of a man snoring. But that could be the answer to my problem. Can you help me?

I can't help but feel that the girl used my son to escape from a family situation she found intolerable. I know I can't prevent the marriage, but I would like to know how I can honestly accept this girl when I feel she used my son and cost him his lifelong dream — to become a lawyer.

CRUSHED IN COLORADO DEAR CRUSHED: Unless you want to alienate your son completely, you had better "accept" the girl — and graciously.

If your son is as brilliant and ambitious as you say he is, he'll find a way to resume his education and realize his lifelong dream.

DEAR ABBY: I am anti-trousers for females. So much so that I refuse to extend any gentlemanly courtesies to a woman who is wearing trousers. (I won't hold a door open for her, allow her to go ahead of me or help her with her chair.)

If I get a waitress who is wearing trousers, and doing a good job, she get NO tip. If she does an excellent job, she gets only a 5 per cent tip, but I won't go back to that restaurant. A waitress wearing a skirt (length, unimportant) gets anywhere from 15 per cent to 25 per cent tip, depending upon the service she gives me.

My wife wears trousers once in a while. So do my daughters-in-law, but if they don't wear dresses in public, I refuse to go along. And when I don't go, they have no one to pick up the tab.

I've heard all the excuses women use for wearing pants instead of skirts — "they're more comfortable, hide the runs in my stockings, keep my legs warm in winter," etc. — but I still hate 'em.

PREFERS SKIRTS DEAR PREFERS: To each his own, but I think you're unfair to penalize a waitress just because the legs she rushes around on to serve you happen to be in trousers!

Pastoral Clinic Slated

The Big Spring State Hospital Department of Chaplaincy Services will begin a basic-extended quarter of Clinical Pastoral Education training on Jan. 13.

This program is primarily designed for those ministers who have full-time parish obligations, and who otherwise cannot take time from these duties to participate in a full summer quarter of training. The program consists of one day per week (Tuesday) for 20 weeks.

Ordained or licensed ministers and interested lay persons may qualify. The tuition is \$75 for the quarter, with \$15 due at time of application.

The Big Spring State Hospital has a current population of approximately 550 patients. It is a state psychiatric facility, and its treatment program consists of a multi-disciplinary approach to health care needs. A staff of approximately 664 people including physicians, Foy C. Richey, M. Div., will be the chaplain supervisor for the CPE course designed to help individuals expand his or her understanding of personality and the dynamics of mental illness, and to improve skills with which to work with the deeply troubled.

Information or applications may be had from Mr. Richey at BSSH, Department of Chaplaincy Services, Box 231, Big Spring, Tx 79720, or by calling 167-8216, ext. 260 or 276.

Mormon Elder Warns Of Weakening Families

The keynote speaker at the quarterly Stake Conference of the Odessa, Texas Stake of the Church of Jesus Christ of Latter-day Saints held in the Big Spring Ward Chapel was Elder Loren C. Dunn of the First Council of Seventy.

Elder Dunn stressed the importance of the family in today's society, pointing out

that this country initially was built up by a society which had as its basic unit a close knit family. He emphasized how that basic unit gave strength to the government by teaching its young righteous principles and moral disciplines.

Elder Dunn spoke of many present day trends in our

society which are weakening our families. Two of these trends mentioned as being particularly injurious to the family unit were: the movement to release our women from the mother role, leaving children to be attended by babysitters, day care centers or not at all; and the de-emphasis of the role of the father, as exemplified by Biblical history, and how it undermines the stability of the family organization.

Elder Dunn further pointed out that our society has become very technically advanced, but that we have not taught our families how to use these advancements in ways which strengthens families instead of weakens them. He cited as examples: "the family which poses itself in front of the TV night after night forgetting completely the art of conversation and losing precious time needed to strengthen lines of communication."

Elder Dunn again emphasized the importance of this program and admonished parents to be faithful in carrying it out. He stressed that our country's destiny and that of the world depends on the family remaining unified as the institution where love and freedom are both taught and expanded. The family home evening program, if used regularly will help accomplish this goal. Anyone interested in more information about this program may contact the LDS full-time missionaries at 7-8931 or 7-8351.

Coahoma Church Slates Week Long Revival Meet

The Rev. Alvis Cooley, pastor of the First United Methodist Church of Lamesa, will conduct a revival at the First United Methodist Church in Coahoma starting Sunday, Nov. 30 and extending through Dec. 7.

The revival will open Sunday at the 11 a.m. service with evangelistic preaching by the Rev. Cooley.

The visiting evangelist is a graduate of McMurry College in Abilene and holds a BD degree from Perkins School of Theology.

He has served on the conference board of Evangelism, Missions and Social Concern.

Secretary for the Northwest Texas Annual Conference, he has served as pastor in Sweetwater prior to coming to Lamesa.

Johnny Ray Watson, former basketball star at McMurry College, will lead the singing. He has appeared

with Andrae Crouch and the Disciples and has recorded one album. While at McMurry, he was the

leading scorer and most valuable player in 1971. The public is invited to the revival.

Eleventh And Birdwell Church History Told

The congregation of the Church of Christ that meets at Eleventh Place and Birdwell Lane had its first worship services in the Old Birdwell Home on Goliad Street, which was at that time being used as the V. F. W. Hall.

The time was July 1949, and there were approximately 40 members at the outset but there was a continual growth. The membership now total approximately 270 members.

In September 1949 a building at the corner of East Fourth and Benton Streets was purchased, where the congregation worshipped until 1955, when it moved into the present location at Eleventh Place and Birdwell Lane.

Brother Herbert Love was the first regular preacher beginning his work in 1949. In April of 1961 two elders,

Brothers Walker Reed and Earl Plew were ordained along with four deacons, Brothers Chester Burton, Aaron Damron, Oliver Hughes, and Melvin Turner.

Eleventh and Birdwell members have supported a mission work in Melbourne, Australia since 1955, terminating this work in 1975, and are now helping with partial support for congregations in two areas in the states where membership is of insufficient number to support a full-time preacher.

Brother Elbert Garretson is working with the Palmdale, California church, while Brother Richard Williams is with the church in Sidney, Nebraska.

Preachers who have served as full-time ministers for this congregation are Herbert Love, Thomas H. Tarbet, Darrell Flynt, F. F. Conley, James Watson, Lewis Garnett, Elbert Garretson, Richard Williams, Lloyd Cannon, and at the present time, Brother Eugene Cardinal, recently of Phoenix, Arizona is serving as regular minister. He resides at 1705 Kentucky Way, where a residence was purchased by the congregation in January of 1955.

Preachers who have been supported by this congregation to work in Australia are Brothers Thomas H. Tarbet, Durward Lee, Felix Tarbet, A. L. Harbin, Jack Hardcastle, and David Roper.

Five elders serve in the oversight of the congregation including Brothers Walker Reed, Maurice Griffith, Chester Burton, Leon Davis, and Bernard Young. Those serving as deacons at the present time are Brothers James Balios, Odis Walker, and Bruce Griffith.

If you are skiing out in the woods with an amiable companion, you can revel in the white beauty of the snow. If, on the other hand, you are on a city street, facing an icy wind, you may feel quite differently about the matter.

Isn't that the way it is with almost everything? The way we react to a situation so often depends upon the way it affects us personally. We aren't to be blamed for this; yet we should stop to think that there are two sides to every story. We should not judge the merit of a viewpoint on whether or not it agrees with our own opinion.

The Church is used to different viewpoints, to controversy. It has lived with changing times and opinions for centuries, and it has never been more involved than it is today. The Church is changing as change is needed, ever ready to investigate and to explore the new. Have you been keeping up with it?

Postal Service May Face Big Mail Jam At Christmas

WASHINGTON (AP) — The Postal Service, which has posted new limitations on overtime and hiring extra workers because of its \$7-million-a-day deficit, says it still can handle what may be its busiest holiday mail season.

More than 9 billion pieces of mail are expected to move through the nation's post offices between today and Christmas Eve.

An additional burden could be mass mailings by businesses in advance of the Dec. 28 increase in postal rates. The cost of mailing a first class letter is scheduled to increase from 10 cents to 13 cents.

"All of the big mailers are going to throw in their staff before that new rate increase comes in and it could conceivably jam up the mails very badly," said

Henry Cooper, executive director of the National Association of Greeting Card Publishers.

But a Postal Service spokesman said, "We think we have anticipated every possible problem and post offices will be cleared of all mail on Christmas Eve."

Deputy Postmaster General W.F. Bolger this month ordered "substantial reductions in the amount of overtime used for the distribution and delivery of mail" because of the Postal Service's deficit, currently running at \$7 million a day.

His letter to regional postal officials added, "The Christmas mailing period should not be excluded from our effort to reduce overtime. To the contrary, it is a unique opportunity to really reduce costs."

But heads of the two largest postal unions say overtime is the key to moving the mail this Christmas season.

"If the mail is there, then they have to pay overtime to move it out. We will get bombed with mail other than Christmas cards, but if they let the professional staff handle it, then there won't be any problem," said James Rademacher, president of the National Association of Letter Carriers.

Francis Filbey, president of the American Postal Workers Union, said, "The postmaster general has

assured me that overtime will be used whenever it is really necessary."

The Postal Service spokesman said, "The (1975) regulations on overtime and outside hiring were drawn up with consideration for Christmas and any extra

mail we might get from people trying to beat the new rates."

"Overtime is permissible when it is needed to move the mail, and if there is a genuine need for extra help then people can be hired," he said.

Gaines County Judge Elected Council's Veep

Gaines County Judge Marcus Crow was elected first vice-president of the Texas Association of Regional Councils last week at the 10th Annual Governor's Conference.

TARC is an association made up of the chairmen of the boards and executive directors of the 24 regional councils in the State of Texas. Judge Crow serves as chairman of the board of directors of the Permian Basin Regional Planning Commission. His one year term as first vice-president

of the State association will begin Jan. 1.

The Governor's Conference held in Austin provided opportunity for regional planning commissions and local elected officials to meet with state officials in order to become more familiar with state and federal programs now being offered county and city governments.

Gov. Dolph Briscoe spoke on "Economy and Efficiency in Government, Making the System Work."

Other speakers included Lila Cockrell, mayor of San Antonio; Peyton McKnight, Texas state senator; Joe Christie, chairman of the State Board of Insurance; Ben McDonald, executive director of the Texas Department of Community Affairs and Mark White, Secretary of State.

Leon Jaworski, Special Watergate Prosecutor, delivered a special luncheon address on "Assuring Credibility in Government."

Judge Crow is the brother of Mrs. Peggy Crittenden, district clerk.

Folks Active On Campus

MOUNT CLEMENS, Mich. (AP) — George Laking sang in the campus production of the rock musical "Jesus Christ Superstar." His wife, Valeria, passes out petitions for the Michigan Citizens' Lobby.

Around Macomb County Community College, in fact, they are considered about as active and involved as students get these days.

The only thing that really sets them apart from other students is their ages — George is 76 and Valeria is 68.

Cost Of Rooms In Hospital Up

SNYDER — The price of rooms in Cogdell Memorial Hospital here have been advanced.

Under the new schedule, effective Dec. 1, private rooms will be \$50 a day, semi-private rooms \$46. In each instance, this is an increase of \$5 a day.

A new clinic is under construction near the hospital.

'FIDDLE TATERS OFF THE VINE' Grand Ole Opry Is 50 Years Old

NASHVILLE, Tenn. (AP) — It started with a country fiddler who boasted he could "fiddle the latters off the vine." The Grand Ole Opry is 50 years old today, a multimillion dollar business that hasn't forgotten its roots.

The fiddler was 80-year-old Uncle Jimmy Thompson and standing beside him during that first broadcast was George D. Hay, the "Solemn Old Judge" who presided over the weekly broadcasts until his death in 1968.

The Opry began on radio as the "WSM Barn Dance," named for the Nashville station over which it was aired.

The program followed "The Music Appreciation Hour" on Saturday nights and one night, Hay announced, "For the past hour we have been listening to music taken largely from grand opera, but now we will present the Grand Ole Opry."

The Grand Old Opry was born. Over the years, on radio and television, its hundreds of thousands of followers made Nashville the country music capital of the world.

In the early years, the Opry featured such performers as harmonica player Deford Bailey, one of the first black country music performers, and Uncle Dave Macon, who joined the Opry in 1926 and remained a headliner for years.

In July, 1939, the Opry outgrew its studio facilities and moved to the War Memorial Auditorium, and

four years later it moved to Nashville's Ryman Auditorium.

Although the floor was covered with sawdust and the splintery pews were crude, there soon were lines reaching several blocks before each performance as people queued up for the 3,000 seats inside.

In the late 1930's, the Opry began adding singers, such as Roy Acuff, now generally regarded as the "King of Country Music."

A short time later, an instrumentalist in the band of Pee Wee King and his Golden West Cowboys stepped forward to sing. That was the start for Eddy Arnold and his Tennessee Plowboys. He was followed by Red Foley, Ernest Tubbs, Cowboy Copas and Hank Williams.

In 1971, construction began on a \$15-million facility to house the Opry, along with a \$28-million family entertainment center, Opryland U.S.A.

The Opry's first performance in its new home was on March 16, 1974. Richard Nixon, then President, was on hand, trying unsuccessfully to play with the yo-yo that Acuff uses as a stage prop.

Despite the air conditioning and cushioned seats, there are reminders of the old days at Ryman Auditorium. The performers still stand before a red barn backdrop, and inserted in the center of the new stage is a six-foot disc of oak flooring cut from the old stage Ryman Auditorium.

Mad Mayor Opposes New York Loans

WATERPROOF, La. (AP) — "I just feel they're going the wrong way," said Mayor Harold Taylor after hearing President Ford pledge billions of dollars in federal loans to New York City.

"If they would pump just a fraction of that to some of America's rural communities, our young people wouldn't have to rush off to places like New York to find work," Turner said in an interview Thursday.

Waterproof's 1,400 residents find it hard to understand how any city could be so deeply in debt that the federal government has to bail it out.

Nestled behind a levee on the Mississippi River, Waterproof supports one garbage truck, 12 city employees and a yearly budget of \$103,000 that Turner said balances regularly in the black. Turner, a school teacher, is paid \$16 a week to serve as mayor.

New York's 8 million residents, by contrast, had projected a \$900 million deficit.

Waterproof also faces poverty. Turner said many of its residents are elderly blacks living below poverty levels on tiny welfare checks. The town is in the

heart of the cotton belt, but it's been a bad year for cotton. And there is no industry.

So while Waterproof would love to build a community center, improve the sewers and repair the water mains, there hasn't been enough cash and no one stepped forward to volunteer loans.

"We've had to struggle to get by but we paid our debts," Turner said. "We had to do without a lot but we realized we had to keep a close eye on our budget or get in trouble. At least that's what we thought."

Then Ford began a nationally broadcast news conference Wednesday night in the White House with an announcement that he will ask Congress to advance financially troubled New York short-term loans of as much as \$2.3 billion in each of the next three years.

Turner, a tall, soft-spoken man, watched it all on television. He said he wasn't bitter, just confused.

"Heck, we could use any nickel we could get but it seems to get assistance these days you have to be big," the mayor said. "I guess the politicians figure that's where the votes are."

Hearst Principal, Scott Hospitalized

LAS VEGAS, Nev. (AP) — Walter Scott, brother of sports activist Jack Scott, was in a local hospital today for "rest and observation" after telling police unknown persons wanted to kill him because they believed he was an FBI informer in the Patricia Hearst case.

Scott, 42, was taken to the Southern Nevada Memorial hospital after police responded to a disturbance call at an apartment complex managed by his father, John Scott.

Authorities also said that John Scott's wife, Louise, had been admitted to the hospital for the second time in months, suffering from hypertension.

Jack Scott was the focus of a grand jury investigation in Pennsylvania. The grand jury was looking into the possibility that Miss Hearst and members of the Symbionese Liberation Army hid out for a time at a Pennsylvania farmhouse rented by Jack's wife Micki. Neither Scott nor his wife have been indicted.

Las Vegas police said John Scott told them Wednesday that Walter was in one of the apartments he managed and was armed with a revolver. Officers would not confirm reports that a shot had been fired shortly before their arrival.

However, police said considerable printed material concerning the Hearst case was recovered from a swimming pool at the apartment complex, including a picture of Jack and Micki Scott with a bullet hole through it.

New TV Series Get The Axe

NEW YORK (AP) — This isn't a good season for new series. The networks have axed a total of 16 series, of which 15 were new. That's a pretty high doom rate for a season that began with 26 new series.

At this time last year, the networks only had cancelled 12 series, 11 of which were among the 24 new shows in the 1974 ratings race.

ABC, the last network to announce its mid-season program changes, this week dropped six programs, among them Howard Cosell's low-rated, highly-publicized Saturday variety show. Its finale will be on Jan. 17.

It was a new series, as were four other casualties — "Barbary Coast," "Mobile One," "When Things Were Rotten" and "Matt Helm." The only veteran getting the ax was "That's My Mama."

The interesting thing about this season's program-whacking is that shows in the heavily-sanitized, much-criticized "family hour" accounted for most of the cancellations.

A total of 11 "family hour" shows, 10 of them new, have been dropped — five by ABC, four by NBC and three by CBS.

In announcing its mid-season changes, ABC said it's putting five new series, a Monday night movie program and an eightpart dramatization of Irwin Shaw's novel, "Rich Man, Poor Man" on the air this winter.

Although Cosell is leaving, ABC is trying again with a new variety show, this one on Friday nights with the singing Osmond family.

It's also installing a new situation comedy, "Laverne and Shirley," a nostalgia spin-off from "Happy Days." Another spin-off is "The Bionic Woman" series, which began on "The Six Million Dollar Man."

"Almost Anything Goes," a series of outlandish amateur sports events which ABC tried out this summer,

Ali Invests In Farm Machines

CAIRO (AP) — World heavyweight boxing champion Muhammad Ali is setting up a \$50 million company in Cairo to sell farming and building equipment in the Middle East, says a spokesman for the firm.

Donald J. MacDonald, vice president of the Muhammad Ali Trade Development Corp., said Thursday the company will sell fertilizers, tractors, cement, steel building rods, buses and similar products.

Caroline Kennedy Has Quiet Birthday

LONDON (AP) — Caroline Kennedy celebrated her 18th birthday in London with a modest hamburger and glass of wine, a London Daily Mail columnist reported today.

President Kennedy's daughter even refused a bottle of champagne on the house during the sparse luncheon gathering Thursday at Morton's Restaurant in posh Berkeley Square, said columnist Nigel Dempster.

She was escorted by 24-year-old Robert Heskest, brother of Lord Heskest, a portly motorracing sponsor who is among a circle of aristocratic young friends Caroline has met while on an art course here.

Also present for the milestone 18th birthday celebration was Charlotte Gordon Cumming, a 17-year-old Baronet's daughter, and 24-year-old Mark Shand, whom the newspapers call Caroline's best friend.

Shand just "popped in to kiss her," Miss Dempster reported.

Caroline drank a modest glass of wine and ordered a hamburger — "the best in London," before returning in good time to her studies at Sotheby's, the fine art auctioneers where she is enrolled in art classes, the columnist said.

"Mother Jackie Onassis was on the telephone earlier in the day to wish her many happy returns," she said.

The low-key celebration followed instructions from Mrs. Onassis to her high-spirited daughter to cool her social activities after press reports of Caroline's all-night whirls with the rich and titled.

Nevertheless, Caroline joined another small party of friends for a bit more birthday celebrating Wednesday night, Miss Dempster said.

FORECAST FOR SATURDAY, NOV. 29, 1975

GENERAL TENDENCIES: A day to enjoy the pursuits which bring you the greatest amount of relief from pressures. A time to express your appreciation to those who have been loyal to you in the past.

ARIES (Mar. 21 to Apr. 19) Contacting associates and talking over how to improve the relationship is wise at this time. Avoid one who is troublemaker.

TAURUS (Apr. 20 to May 20) Make right improvements to your surroundings. Shop for the items of clothing that will improve your appearance.

GEMINI (May 21 to June 21) Your finest talents can be expressed most intelligently now and you can make a fine impression on others. Be logical.

MOON CHILDREN (June 22 to July 21) Show that you appreciate new benefits which you now enjoy. Strive for more happiness and harmony in the home.

LEO (July 22 to Aug. 21) You are able to gain the support of those who are important to your scheme of things. Show appreciation in a tangible way.

VIRGO (Aug. 22 to Sept. 21) You are able to get the backing you need so that you can put a new project into operation. Make improvements to property.

LIBRA (Sept. 23 to Oct. 22) You can accomplish almost anything you set your mind to at this time. Attend the social and show affection for friends.

SCORPIO (Oct. 23 to Nov. 21) Let your intuitive forces come to the fore now which can be helpful in your dealings with others. Show devotion to loved one.

SAGITTARIUS (Nov. 22 to Dec. 21) Think in terms of how you can help your friends. Any social functions to which you are invited should be attended.

CAPRICORN (Dec. 22 to Jan. 20) Find the right appliances to make your home function more efficiently. Be sure not to lose your temper with friends.

AQUARIUS (Jan. 21 to Feb. 19) Obtain the information you need for a special project you have in mind. A new associate can be most helpful to you now.

PISCES (Feb. 20 to Mar. 20) Don't take your mate so much for granted. Make sure that you bills are paid. Take steps to improve your surroundings.

ATLANTA (AP) — The Atlanta Hawks placed rookie guard Wilbur Holland on waivers Thursday, freeing a spot on the roster for a possible deal with another National Basketball Association team.

Holland, a fifth-round draft pick from the University of New Orleans, played in just six games for Atlanta, scoring four points. A Hawks spokesman said if Holland is not picked up by another team and Atlanta does not sign someone else, the Hawks could sign the rookie again.

KANSAS CITY (AP) — Len Kosmalski, a 7-foot center selected by the Kansas City Kings in the second round of the 1974 college draft, and guard Mike D'Antoni, 6-3, in his third year with the National Basketball Association team, were placed on waivers.

Both had been used only infrequently by the Kings this year.

KANSAS CITY (AP) — Kansas City now has 10 players on its roster, two below the limit. Guard Lee Winfield, on the injured list with Achilles tendon problems, is expected to return to action next week.

CHICAGO (AP) — The Chicago Bulls, ending several days of speculation, have traded reserve center Nate Thurmond and his \$350,000 salary to the Cleveland Cavaliers.

Bulls' reserve forward Rowland Garrett also is going to Cleveland, a spokesman for the National Basketball Association team said Thursday. In return, Cavaliers' center Steve Patterson and rookie forward Eric Fersten will come to Chicago.

In other developments, the Bulls obtained veteran forward Jack Marin from the Buffalo Braves for "future considerations," and guard Jerry Sloan was placed on the injured reserve list, which means he will miss at least five games.

Thurmond, 34, came to the Bulls last year from the Golden State Warriors. The 6-foot-11, 13-year veteran started only a few games before being replaced by Tom Boerwinkle. As a member of the Warriors, Thurmond was named to the NBA all-star team seven times.

He failed to show for Chicago's Tuesday night game against Cleveland and missed Wednesday's team practice. He was fined \$2,000 for missing the game — the NBA plays an 82-game schedule — and \$100 for missing practice.

Thurmond has said the Bulls' front office was making him "a scapegoat" for the team's dismal start this season, and Wednesday he told the club he wanted to be traded.

With a 3-11 record, Chicago is at the bottom of the league.

PONTIAC, Mich. (AP) — A drippy dome made the Pontiac Stadium turf a soggy synthetic, but the Detroit Lions just weren't able to throw a wet blanket on Los Angeles' Thanksgiving Day party.

The Rams rode to their third consecutive National Conference West Division title Thursday on the passing arm of James Harris, handing the Lions a 20-0 National Football League loss.

It was the first time the Lions had been shut out since an identical 20-0 setback to Washington in the 1973 Turkey Day game. Although all 80,638 tickets

were sold, 11,086 persons decided not to show up for the traditional holiday battle — perhaps choosing to join the estimated 40 million who viewed the game on national television.

Indeed, if they were Lions' fans, they undoubtedly made the right decision. Why spoil a Thanksgiving feast at grandma's to watch the Rams feast on the Lions?

While the Rams rested their record to 9-2, Detroit fell to 6-5 to see its flickering wild-card playoff hopes just about vanish. The unbeaten Minnesota Vikings, meanwhile didn't even have to leave the dinner table to clinch the Central Division title. The loss by second-place Detroit did that.

"It's not over for us," said Lions' Coach Rick Forzano, always the optimist. "If I die tomorrow, I'll say on my gravestone that this team gave everything they had. These guys don't know the meaning of the word quit."

The Rams don't know the meaning of the word, either. Harris wouldn't quit throwing touchdown passes and wide receiver Harold Jackson wouldn't quit catching. Harris completed 11 of 24 passes for 157 yards and three TDs.

The first was a first-quarter, 11-yarder to wide receiver Ron Jessie. The next two went to Jackson, a 17-yarder in the third period and a 38-yard bomb in the fourth quarter.

Jackson, who had little trouble evading cornerback Levi Johnson, snared five passes for 106 yards.

Lions' quarterback Joe Reed had a bad day, but Forzano said poor timing had a lot to do with it because some receivers had practiced little during the week due to injuries.

Reed hit on 11 of 26 passes for 117 yards. The closest the Lions got to paydirt was in the closing minutes when they reached the Rams' 14-yard line. They got to the 12 in the second quarter, but safety Bill Simpson intercepted a Reed aerial at the goal line.

Harris Hands Detroit 20-0 West Whitewash

PONTIAC, Mich. (AP) — A drippy dome made the Pontiac Stadium turf a soggy synthetic, but the Detroit Lions just weren't able to throw a wet blanket on Los Angeles' Thanksgiving Day party.

Bills Back In Running For East Championship

ST. LOUIS (AP) — Bruising Jim Braxton did most things right and the St. Louis Cardinals most things wrong.

Not really so surprising, then, that the two elements added up to a 32-14 Buffalo Bills upset Thursday in the National Football League.

"This puts us back in the running," beamed Buffalo Coach Lou Saban after his Bills, 7-4, pulled within half a game of the front-running Miami Dolphins in the American Conference East.

"It gives us impetus," Saban said. "It was our third game in 11 days. It's sure nice to get out 2-1."

Buffalo's triumph, dropping St. Louis to 9-3, came on the rampaging runs of Braxton, who scored three touchdowns and amassed a pro career rushing high of 160 yards.

But lending a more than a substantial assist to the Bills' effort was a succession of seven St. Louis turnovers, five in the closing half.

Buffalo converted the Cardinals' second error, a fumble by Steve Jones, into O.J. Simpson's three-yard touchdown run for a 13-7 halftime edge.

Then, with a ball-hawking secondary picking off four Jim Hart passes, the Bills turned the next four St. Louis mistakes into 19 points and a commanding 32-7 lead with 11:28 remaining.

John Leybold booted field goals of 30 and 33 yards. Both resulted from two other turnovers — the first Dwight Harrison's two interceptions and Don Croft's fumble recovery.

Later, as St. Louis predictably went to the air, rapidfire piracies by Harrison and Tony Greene, both deep in Cards territory, helped seal the outcome.

Braxton blasted five yards to score after Harrison's second theft, boosting Buffalo's lead to 26-7 on the fourth play of the final quarter.

Just 73 seconds later, he slammed one yard into the end zone after an interception by Greene, leaving Eddie Jones' piracy in the waning minutes the last insult to be heaped on Hart following the St. Louis quarterback's four-yard touchdown toss to Terry Metcalf.

Buffalo yielded an early touchdown when a Leybold field goal try was blocked by Pete Barnes, paving the way up a one-yard TD dive by Metcalf.

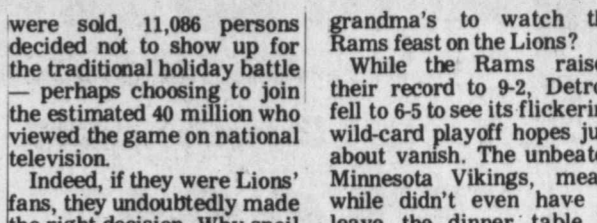

Braxton, however, crashed across the goal line from the one to pull the Bills within 7-6 seven minutes later. By halftime he had amassed 91 yards on 17 of his 34 carries.

"We do what we can on offense according to what the defense does," explained Braxton, whose production overshadowed 85 yards on 23 carries by Simpson.

"They were playing the off-tackle holes pretty tough," said Simpson. "It left them slightly vulnerable up the middle."

St. Louis' loss trimmed the Cards' lead to half a game over Dallas in the National Conference East. But it didn't dishearten Hart, who completed 13 of 31 passes for 167 yards.

"We just played a poor game, but we shouldn't hang our heads," Hart said. "We're still in first place. We just have to win the rest of our games."

MISSED — Detroit Lions' Leonard Thompson (39) makes a diving effort to stop Los Angeles Rams' Jim Bertelsen (45) as Bertelsen takes a punt for a three yard return in the third quarter of Thursday afternoon's game in Pontiac Stadium. The play was called back because of a penalty on the Rams, though. Rams won the NFL contest 20-0.

Home Court Fails To Aid Cavaliers

The "home court advantage" hasn't been an advantage for the Cleveland Cavaliers so far this season.

In fact, the way the year has been going, it's been a disadvantage for them to play at home.

"Two baskets in a row in the late going every time we play at home seem to mean the ballgame," said Cleveland Coach Bill Fitch after his Cavaliers dropped a 95-91 National Basketball Association decision to the Kansas City Kings Thursday night.

The defeat plunged the Cavs' homecourt record to 1-6. They've been more prosperous on the road, splitting 10 games.

"We stood around too much," said a disconsolate Fitch. "When we run, we're tough. Shooting 45 per cent looks good, but when you take the shots we had tonight, it isn't much."

Jimmy Walker and Nate Archibald, a couple of old hands, combined for 53 points to pace the Kansas City offense.

In the other NBA games, the Golden State Warriors whipped the Milwaukee Bucks 106-105 and the New York Knicks trimmed the Washington Bullets 96-90. In the only American Basketball Association game, the Utah Stars nudged the Kentucky Colonels 128-126 in overtime.

Along with Walker's 30 points and Archibald's 23,

No sooner than the football season is over, Stanton has released its 1976 schedule. The Buffaloes will add New Home and Anson as new opponents.

New Home is a Class B school while Anson dropped from 6-AA to Class A. Stanton will play five games on the Buff turf.

The schedule: Sept. 3, Tahoka, home; Sept. 10-Wink, there; Sept. 17-McCamey, home; Sept. 24-Roscoe, home; Oct. 1-New Home, there; Oct. 8-Anson, there; Oct. 15-open; Oct. 22-Seagraves, there; Oct. 29-Plains, home; Nov. 5-O'Donnell, there; and Nov. 12-Shallowater, home.

Bob Burris, Big Spring athletic director and football coach announces no opponent changes for 1976, except being in reverse order from the past season.

A \$400,000 improvement project is planned for Ruidoso Downs Race Track, according to an announcement by General Manager Al Rosa. The project was okayed by the New Mexico State Racing Commission during a recent meeting in Albuquerque.

The initial step includes three categories: expansion of the grandstand; erection of new barns; and the expansion of the All-American Sales Arena.

The second phase of the 24-month project is the construction of a new totalisator board. It would be western style tote design, approximately 145 feet in length, offering complete mutuel information.

With 287 yards total offense against Arkansas last week, the 1975 Red Raiders became the all-time leading offensive team in Texas Tech history, with 4,403 yards total offense, 160 yards more than the 1954 team had.

In other words, the Raiders averaged 400.3 yards per game total offense in 1975.

Leading the offensive explosion for Tech were a couple of juniors, quarterback Tommy Duniven and tailback Larry Isaac. Duniven became only the fourth player in Tech history to pass for more than 1,000 yards in a season by hitting on 72 of 145 attempts for 1,038 yards. The total moved him into seventh on Tech's all-time career passing list with one full season to play.

Isaac moved himself a step closer to the all-time Tech rushing lead by running for 751 yards on 151 carries. He needs only 333 yards in his final season to replace Donny Anderson as the Raiders top ground gainer in history.

Texas Tech will open its 51st "official" season at 7:30 Saturday night against perennial basketball power Kansas State at Lubbock Municipal Coliseum.

Tech "unofficially" opened the 1975-76 season Nov. 19 with a 65-62 exhibition loss to the touring Yugoslavian National team.

Abilene Christian College averaged 40.2 points in its last five football games. Johnny Perkins has 16 career TD catches and the Wildcat record is 19 set in 1969-71 by Ronnie Vinson.

Wally Bullington, is now 53-30-2 (63.5 percent) after eight seasons as ACC head coach. ACC's 55-20 win over Sam Houston came in the Wildcats' 500th football game in history.

ACC gave Texas A&I, top-ranked in the NIAA and Associated Press college division poll, its closest game to date in 1975. The Javelinas recovered a fumble on the ACC nine-yard line and drove in for a TD with 5:30 to play to take a 24-21 victory in Abilene, Sept. 27.

WHAT'S IT WORTH DEPARTMENT — The Texas Rangers will open their fifth season at Arlington Stadium Friday, April 9, when they clash with the Minnesota Twins in the opener of a three-game series and a nine-game home stand, with Oakland and Milwaukee following for three games each.

The Rangers' starting times for night games in April, May, September and October have been advanced 30 minutes to 7:35 p.m. Home schedule for Texas calls for 13 dates in April, 12 in May, 17 in June, 11 in July, 13 in August, 11 in September and three in October.

The season will wind up Oct. 3 at Arlington Stadium when the Rangers battle the White Sox.

Soviets Prepare For U.S. Finale

KANSAS CITY (AP) — A tired Soviet basketball team worked out Thursday night in Salina, Kan., for their final engagement in the United States, but their hosts agreed the players were relaxed in the stark, frigid expanses of north-central Kansas because it was just like home.

Home, in a sense, for Thanksgiving. The big Russians, anchored by 7-foot-2, 280-pound center Vladimir Tkachenko and 6-7, 230-pound Alexander Belov, go against Marymount College tonight.

Jimmy Mearns, a 6-5 senior forward from Trenton, N.J., considered by Coach Ken Cochran to be the "best basketball player in the Midwest," is the tallest player on the Spartan squad.

The teams got together Thanksgiving Day in the Salina Country Club for a special dinner limited to the players and the coaches.

"It was really something," Cochran said Thursday night in a telephone interview. "The country club offers a wide panorama of the wheat fields, and with the cold and the snow we're having they said right away it was just like home. As a matter of fact, when they stepped from the plane, they weren't sure if they hadn't gotten a quick trip home."

Salina is under seven inches of snow. Temperatures dropped to near zero Wednesday night after the Russians arrived at the airport. Some observers said there were Russian guffaws and references to "Siberia."

"Our town (population about 39,000) is upside-down with this visit," Cochran said. "We never see Russian people like this. Tickets for the game were sold out four hours after they went on sale."

All 3,000 of them. For the Soviet Olympic squad it will be a sharp

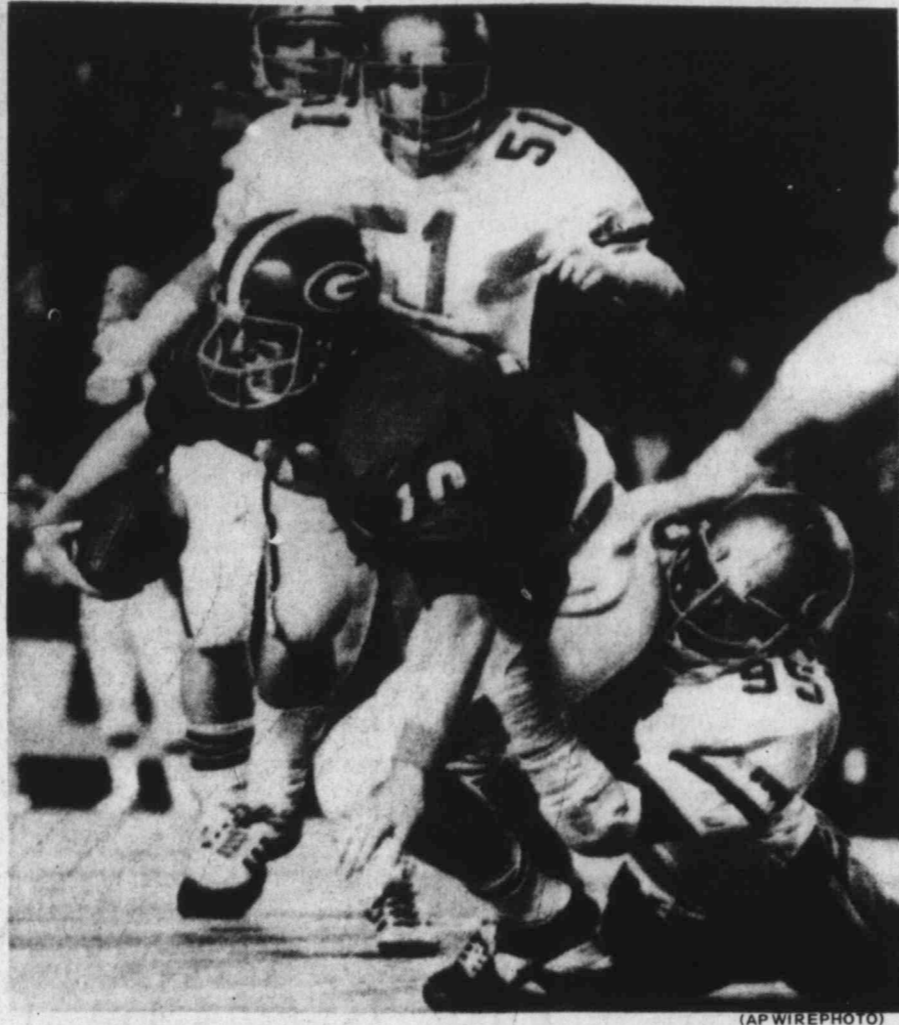

contrast to the 15,000-18,000 fans who packed fieldhouses to see them across the eastern part of the country. They recorded a 9-4 record against the likes of Marquette, Indiana, Notre Dame, Providence, North Carolina, Wake Forest and Alabama. They defeated the Tide, in their last game, Tuesday night 63-62.

Marymount is a former all women's Catholic school with a student body of 709. It has been affiliated with the National Intercollegiate Athletic Association for only four years and it will be the only small college that will have met the Soviet squad on the court.

While most of the country dines on leftover turkey, Texas A&M will be trying to carve up some tough old beef.

The second-ranked Aggies clashed with fifth-ranked Texas today in the first half of a nationally televised college football doubleheader. Tonight, UCLA, ranked No. 14, meets Southern Cal in a battle that will determine who meets Ohio State in the Rose Bowl Jan. 1.

The Texas-Texas A&M outcome affects several bowls. The Texas Longhorns, 9-1, are headed for the Cotton Bowl if they win and to the Bluebonnet Bowl if they lose.

HANGING ON — Georgia Tech end Freeman Colbert (95) hangs onto University of Georgia quarterback Ray Goff before bringing him down after eight-yard gain in first quarter of football game Thursday night in Atlanta. No. 51 is Tech linebacker David Faulkinberry.

Georgia Demolishes State Rival

ATLANTA (AP) — "I don't know how we could have played much better," Coach Vince Dooley of Georgia said Thursday night after his Cotton Bowl-bound Bulldogs had demolished Georgia Tech 42-26 in a nationally televised college football game.

"We played three super quarters of football," he added. "Everything went our way, and we took advantage."

The 15th-ranked Bulldogs produced three touchdowns from the alert, aggressive play of its Junkyard Dog defense, added another on a 78-yard sprint by Lynn Harrison and then built a surprising 42-0 lead with two long scoring drives in the third quarter.

It was a night of frustration for Tech until the final stanza when it did all its scoring, getting three touchdowns from reserve quarterback Rudy Allen and the other from Eddie Lee Ivory. However, it came too late and most of that damage was done against Bulldog substitutes.

Georgia, ushering in a big Thanksgiving holiday weekend of college television action, can now sit back this afternoon to see if Texas nails down the host spot in

the Cotton Bowl in its annual donnybrook with Texas A&M. If A&M wins, the Bulldogs would face the winner of next week's Aggie-Arkansas battle.

"What more incentives can you have?" Dooley asked. "Everything you can say contributed to our wanting to win. The Cotton Bowl, national TV, last year's game."

Georgia players had lived for 12 months with the memory of last season's embarrassing 34-14 loss to Tech in a cold, driving rainstorm at Athens.

"And," said quarterback Ray Goff, who scored one touchdown and threw three yards for another, "we owed those Cotton Bowl people something for having confidence in us."

The Bulldog defense, a name outfit at the star of the season that seemed to play over its head every game, turned the battle into a rout with a trio of thunderbolts in the first half.

Bobby Thompson returned an interception to the Tech 12 on the game's first play, setting up a score. After Harrison's 78-yard run, Lawrence Craft picked a fumble out of the air and rammed 20 yards for another score. Then Bill Krug blocked a punt, setting up another as Georgia surged to a 28-0 halftime lead.

Colorful Pepper Rodgers had implored his Jackets not to quit at halftime. "We made a sensational comeback, outscoring them 26-14 in the second half. When we were down 42-0 and were whipped, we didn't quit."

AMARILLO — South Plains College of Levelland lost to Oklahoma City City-Southwestern College, 102-95, in the Amarillo College Basketball Tournament here Thursday.

Henry Taylor scored 34 points in a losing cause for the Texas. South Plains will play Cook County JC at 6:30 p.m., today.

Snyder is 1-2 for the season, dropping its seasonal opener to San Angelo, 50-43, rebounding against Odessa High, winning 74-53, then socked by Odessa Ector, 68-59.

Probable Tiger starters with Cobb will include Ernest Brandon, 5-10 senior; Randy Gressett, 6-3 senior; Kelly Ragland, 6-0 senior; Joey Arnold, 6-1 senior or Dane Witherspoon, 6-2 senior.

Two in the Steer scoring, 35 and 31 points, respectively. Steer head coach James Griffin will start besides 6-4 Zapp and 6-1 Aldridge probably 6-2 James Ray, 6-1 Bubba Stripling and 5-6 Elroy Green. Backup help is provided by David Spence, Emmzie Woodard, Richmond Zapp, Casey Wilder, Bill Arcencibia, Frankie Rubio, Mark Moore, and Mike Harris.

Chester Cobb, 6-2, senior, handles the bulk of Snyder's net work, scoring 10 points against San Angelo, 19 with Odessa High and 28 against Odessa Ector. He made all-district the last two campaigns.

Arizona, ranked No. 11 in the preseason poll, hosts Oregon State and 17th-ranked Providence plays Stonehill.

"Normally there are a few breathers early," said Danforth, "but we've got two tourneys right off the bat (the other is the Steel Bowl in Pittsburgh on Dec. 5 and 6)."

The Orangeners are coming off one of their most glamorous seasons in history — a 23-9 record and the NCAA's eastern championship. Their fans want a replay of last year's Cinderella season, but Danforth perhaps is more realistic.

"It's the youngest team we've ever had since I've been here," Danforth pointed out. "However, I feel we're a tournament team. From 15 to 17 wins would be respectable for this team."

HC Schedules Poke Skirmish

Down to the second of three consecutive home games, Howard College puts out the welcome mat to the Hardin-Simmons JV here tonight at 8 at the Hawk Gym.

Following the Cowboy skirmish, the Hawks embark on the Western Conference trail, hosting rapidly climbing New Mexico Military Institute, Dec. 1. Tuesday, the Hawks enjoying the confines of their court, flew by McMurry JV, 108-83. It marked the sixth time HC has gone over the 100 mark.

HC, protecting a five-game winning streak, has now achieved an even 1,000 points in all games played and a flashy 8-1 record. It equals one of the best starts under Harold Wilder, entering his sixth year as Hawk head coach.

The Hawks have hit the nets for a 111.111 per game average compared to a yield of 81.44.

Marvin "Cowboy" Johnson has been the Hawk leading scorer from the very

start, meshing for 31 or more points in the first four games, dipping to 28 in the fifth and 26 in the sixth, then firing away for 35 in both Temple and Odessa matches.

Against McMurry, Johnson tossed in 32 points. His game high was 45 points in the one-point loss to

College of the Mainland. Johnson's over-all seasonal point producing effort measures out to 299.

Ruling Could Hurt Programs

DALLAS AP — A ruling from the Texas attorney general's office outlawing certain pupil fees may curtail some physical education programs in the Dallas school district.

Under new Dallas school policies, pupils no longer will be supplied with towels, uniforms and soap for showers after physical education classes.

Joe Pitman, principal at Hulcy Junior High and president of the Dallas School Administrators Association, said Wednesday the fee ruling could damage the overall program and limit the curriculum.

"When we do this, the student is the loser," he said.

Bert Rollings, principal at Dallas Carter High, said the new policy is "tearing the P.E. department up. We already have students going to gym classes in street clothes. It didn't take them long to find out they don't have to suit up."

Frank Guzik, principal at Skyline High, said pupils must "either bring a towel from home or just shake off."

Coach Lavan Boyette of Kimball High School said some pupils are no longer taking showers and this makes the "kids more susceptible to colds."

THREE SUPER QUARTERS

"Normally there are a few breathers early," said Danforth, "but we've got two tourneys right off the bat (the other is the Steel Bowl in Pittsburgh on Dec. 5 and 6)."

The Orangeners are coming off one of their most glamorous seasons in history — a 23-9 record and the NCAA's eastern championship. Their fans want a replay of last year's Cinderella season, but Danforth perhaps is more realistic.

"It's the youngest team we've ever had since I've been here," Danforth pointed out. "However, I feel we're a tournament team. From 15 to 17 wins would be respectable for this team."

Steers Tread Over To Snyder Tonight

SNYDER — Big Spring seeks to establish a winning trend here today against Snyder, then goes home for a return engagement with Plainview Saturday.

Three games are outlined both days, sophomores at 4:15 p.m., junior varsity at 6:15 p.m., and the varsity at 8 p.m.

The Steers, 1-1, lost a down-to-wire seasonal opener to Andrews, 71-69 then rebounded against Plainview, winning 71-49. Big Spring was only charged with seven fouls in the Plainview contest compared to 33 with Andrews.

James Zapp and Robert Aldridge are running one-

two in the Steer scoring, 35 and 31 points, respectively. Steer head coach James Griffin will start besides 6-4 Zapp and 6-1 Aldridge probably 6-2 James Ray, 6-1 Bubba Stripling and 5-6 Elroy Green. Backup help is provided by David Spence, Emmzie Woodard, Richmond Zapp, Casey Wilder, Bill Arcencibia, Frankie Rubio, Mark Moore, and Mike Harris.

Chester Cobb, 6-2, senior, handles the bulk of Snyder's net work, scoring 10 points against San Angelo, 19 with Odessa High and 28 against Odessa Ector. He made all-district the last two campaigns.

Sease, center Earnie Seibert and guard Jimmy Williams have returned from last year's team which

turned the battle into a rout with a trio of thunderbolts in the first half.

Bobby Thompson returned an interception to the Tech 12 on the game's first play, setting up a score. After Harrison's 78-yard run, Lawrence Craft picked a fumble out of the air and rammed 20 yards for another score. Then Bill Krug blocked a punt, setting up another as Georgia surged to a 28-0 halftime lead.

Colorful Pepper Rodgers had implored his Jackets not to quit at halftime. "We made a sensational comeback, outscoring them 26-14 in the second half. When we were down 42-0 and were whipped, we didn't quit."

AMARILLO — South Plains College of Levelland lost to Oklahoma City City-Southwestern College, 102-95, in the Amarillo College Basketball Tournament here Thursday.

Henry Taylor scored 34 points in a losing cause for the Texas. South Plains will play Cook County JC at 6:30 p.m., today.

Snyder is 1-2 for the season, dropping its seasonal opener to San Angelo, 50-43, rebounding against Odessa High, winning 74-53, then socked by Odessa Ector, 68-59.

Probable Tiger starters with Cobb will include Ernest Brandon, 5-10 senior; Randy Gressett, 6-3 senior; Kelly Ragland, 6-0 senior; Joey Arnold, 6-1 senior or Dane Witherspoon, 6-2 senior.

Soccer Match Slated Dec. 6

WEBB AFB, Tx. — At 11 a.m., Dec. 6, members of the Navigators, a base Christian organization, will join some students from foreign nations to play an exhibition soccer match against an all Iranian team of students.

The match is being presented to help stimulate community and base interest in soccer, and to provide an opportunity for citizens of the Big Spring community to observe the spirit and competition that is a part of this very rapidly growing sport.

An open invitation is extended to the entire community to watch the excitement of soccer.

A&M into the Liberty Bowl and send Arkansas to the Cotton.

Boasting the nation's No. 1 defense, the Aggies will be taking on the nation's highest scoring offense when they run up against the Longhorns. Texas A&M, 9-0, is seeking its first football victory over Texas since 1967.

Following the Lone Star State battle, crosstown rivals Southern Cal and UCLA go before the ABC television cameras.

Southern Cal is already going to the Liberty Bowl, but UCLA must win if it wants a postseason spot.

A victory would give the Uclans a share of the Pacific-8 conference championship and a berth in the Rose Bowl against Ohio State of the Big Ten Conference.

The Bruins are led by

quarterback John Sciarra, who has rushed for 721 yards and 14 touchdowns and passed for 1,015 yards this season while directing the Bruins' Veer T offense.

If UCLA loses, then upstart California will get the shot at top-ranked Ohio State.

Today's gridiron doubleheader will be the middle section of ABC's five-game holiday feast.

Thursday night, 15th-ranked Georgia rolled to a 42-0 lead before running in the reserves in the final period and pulling out a 42-26 victory over Georgia Tech. Georgia is headed for the Cotton Bowl.

Saturday, ABC will telecast the traditional Army-Navy rivalry and another intra-state battle between fourth-ranked Alabama and Auburn.

Three Men Rescued After Shrimper Sinks

CORPUS CHRISTI, Tex. (AP) — Three men forced to quit a sinking shrimp boat found more than usual reason to celebrate Thanksgiving Day.

Allen Larsen and two crewmen of the shrimper Diane — Jim Murphy and Frank Dukey — came back to Corpus Christi aboard a rescue vessel in time for a festive holiday dinner with relatives.

Along with their pet Callie the Calico Cat, the three men were rescued off the coast of Panama early Sunday by the Reynolds Aluminum ship Walter Rice.

Allen and his companions had left here en route to California and the Rice discovered the plight of the sinking Diane while en route to Corpus Christi.

The Diane, one of five craft owned by Allen's father Alex, began taking water Saturday night about 380 miles northeast of Panama. A distress signal was sent.

"A ship was right near us when we sent the Mayday," Murphy said, "but he kept right on going. He must not have had his radio on."

With the boat starting to sink and water sloshing across the deck, Allen and his crew sent distress signals that were picked up by the Coast Guard and the Walter Rice, but their radio went out before they could get an answer.

They filled a liferaft with food, water and cans of diesel fuel for lighting signals and waited in the darkness, clinging to the wheelhouse. At 3 a.m. they saw the lights of the Walter Rice. They lit diesel-

soaked torches and stood atop the wheelhouse to signal the ship.

The younger Allen was moving the Diane to California after an unsuccessful shrimping season this year. His wife and daughter already are in California.

USDA Displays Rice Machines

WASHINGTON (AP) — The Agriculture Department has on public display through Dec. 4 a collection of new simple machines designed to help small rice farmers in many parts of the world produce their crops more efficiently.

The machinery was developed at the International Rice Research Institute in the Philippines through a contract with the Agency for International Development. The tools include equipment for thrashing, seeding grain drying and weeding. Officials said they are mainly intended for farmers with 5 to 10 acres of rice.

Convicted Of Defaming Pope

ROME (AP) — American author Robert Katz, film producer Carlo Ponti and director George Pan Cosmatos have been convicted of defaming Pope Pius XII in a book and film about the 1944 Nazi slaying of 335 civilians in Rome.

Brooklyn-born Katz received a 14-month prison sentence, and Ponti and Cosmatos seven months each. The sentences were suspended.

The criminal libel charges were filed by Countess Eleonora Rossignani, a niece of the late pope who disputed a conclusions of Katz's book, "Death in Rome," and the film based on it, "Massacre in Rome," that Pius did not do all he could to prevent the slaying.

Katz, saying he was "extremely disappointed" by the decision, said he would appeal the conviction.

Charges Sex Discrimination

HULL, Mass. (AP) — John J. McCauley says he lost his bid for a job because the people who rejected him are prejudiced against male librarians.

The Massachusetts Commission Against Discrimination is investigating the 58-year-old Hull resident's charge that he was turned down for a job as assistant librarian at Hull Public Library because all of the library staff are women and he would be the only male.

He said his application was rejected on a 4-2 vote by library trustees, and said four of them were women. A Hingham woman was named to the parttime post which pays \$3.41 hourly for a 30-hour week.

Suit Filed For Mental Patients

DETROIT (AP) — An 11-year-old mental patient kept in the Ypsilanti State Hospital under his father's authority has sued for his release in U.S. district court.

The boy, John G. Campbell Jr. of Westland, was admitted to the hospital in April 1973. Under the state's new mental health code, his father signed a form last February to keep the boy in the hospital.

Gabe Kaimowitz, who filed the suit acting as Campbell's lawyer, said Wednesday the law entitles the boy to a hearing but he never got one.

The class action suit was filed on behalf of all persons in Michigan under 18 years old who are in state mental hospitals on their parents' signatures but without hearings.

The suit charges they are

Ewing Werling, Retired Jurist, Dies At 86

HOUSTON (AP) — Funeral services will be held here Saturday for retired Texas Civil Appeals Justice Ewing Werling.

Werling, 86, died Thursday after a month's illness.

Werling, a former Harris County district attorney, served 10 years as associated justice of the Court of Civil Appeals for the first Supreme Judicial District of Texas from which he retired in 1967.

He remained active as a judge until recent months, accepting temporary assignments in the state district courts in Houston and nearby counties.

Survivors include the widow, Evelyn Ruth Werling, two sons, Ewing Werling Jr. of Houston and Kittredge Werling of Kerrville, and a daughter, Mrs. Thomas S. Terrell of Kerrville.

Services will be held at the First Methodist Church here.

Patrolman Kills Attacker

DENTON, Tex. (AP) — A Texas highway patrolman shot and killed a Denton man Thursday night when the man attacked the off-duty officer with a knife, police said.

The dead man was identified as Joe L. Perez, 27.

Police said state trooper Mike Melton went across the street from his home to break up a fight between Perez and Perez' father-in-law. Officers said Perez threatened Melton with a knife and the officer shot Perez twice.
