TERRY COUNTY FAIR ASSOCIATION MEETS

The Terry County Fair Association met in the Court House Sept. 11th, 1920, and transacted the following business.

Uncle Billie Howard was elected Supt., Wood E. Johnson, Secretary; W. D. Winn, General Manager.

Discussions were made for and against taking an exhibit to the Dallas State Fair and the general opinion was negative on account of the crops being so late and green.

Moved and seconded that an exhibit be taken to the South Plains Fair at Lubbock, Sept. 23, 24 and 25.

Moved and seconded that the Fair be held on the 16th of October, with an old fashion basket dinner.

W. D. Winn was authorized to appoint such committees as might be necessary.

Now, lets all get behind the movement and make it the biggest and best of the many good ones that old Terry has pulled off.

Poisoned Eating Fresh Sorghum

Messrs. E. Lam and Wayne Mullins, of the Fuller Gin Co., was poisoned last Saturday when they sampled some new syrup at a farm house in the rural districts. Mr. Mullins was confined to his bed for over 48 hours. Mr. Lam was also quite sick for awhile. It is supposed that the vate where the syrup was being made was lined with zinc, thus causing ptomaine poison. We are glad to report the victims able to be about at this writing.—Lynn County News.

Neff's Majority 79,373

The State Democratic Executive Committee announce a final majority of 79,373 for Neff over Bailey in the Democratic run-off primary, August 28th. Bailey carried only forty-six counties mostly in south and west Texas. The German counties in South Texas, including Comal, went for him by large majorities.

DISTRICT COURT AT TAHOKA

The Fall term of the District Court for Lynn county, convened in Tahoka, Monday. District Judge W. R. Spencer, accompanied by Court Stenographer, Frank Brown, came in from Lubbock during the day, also District Attorney Gordon B. McGuire, from Lamesa.

The Grand Jury has been in session the entire week, and only a few civil cases have come up for trial to date.

The case of Dick Carter, accused of the murder of Olivar P. Storm, in Tahoka on August 6th inst., will come up for trial during this term of court. Attorneys for both the defence and State are awaiting the action of the Grand Jury.

Latter: Thursday afternoon the grand jury filed a charge of murder against Carter. Carter appeared before the District Judge and made new bond to appear before the Court next Wed. the 15th.—Lynn County News.

Auctioneering a Husband

A certain American woman proposes to sell her "liege lord and master" to the highest bidder. She says that he is a good kind of a cuss but he can't earn bread enough to feed her and the kiddies. This reminds us of the fact that there are a whole lot of women in this country who would do well to get rid of their husbands in a similar manner. When a man can't bring home the bacon what's the use to have him take up perfectly good room about the place telling a hard luck story.

There is a little home we have in mind right now. Many and may a night the children go to bed hungry in that home. The mother struggles for them, but she can't earn enough to feed them in these profiteering days. Somewhere out in the world there is a trifling man who is responsible for those children being here. He fooled a woman and then he flew the coop, and hasn't manhood enough to send in anything to keep the larder looking cheerful. He ought to be sold. Not to any other woman—no indeed. But he ought to be sold to some fellow who has a contract on a rock pile and made to perform his duty.—Ex.

FOR SALE or trade for something thing in town or land elsewhere, 163 and 2-3 acres, one and one-half mile south of town. I have a new house of four rooms with garret above; a fine well and windmill, garden and vineyard. Now come at me without inflated prices if you wish to trade. I am offering mine at just what other land around mine has sold for. Anyone wishing to buy or trade see me in town or at home. Chas. Acker, Brownfield Texas.

AN OPPORTUNE TIME FOR A GOOD BRICK HOTEL

Perhaps there never will come a time in the history of the town again where there will be such a nice opportunity for those with a surplus of capital to invest in a 30 or 40 room brick or concrete hotel in Brownfield. Of course there is no one sorry enough to be glad that the flames destroyed the frame hotel this week, but any one knows that the hotel facilities are inadequate and were inadequate before the Santa Fe was burned for that matter, for there was hardly a night passed but that people had to sent to the resident districts to get rooms, and many of them passed us up and went on, and conditions are not crowded at all now but they will be just a few weeks hence.

Of course the hotel men with their present facilities are doing all in the world they can to take care of the home people and transients, but there is not a one of them but will tell you that Brownfield needs an up-to-date and modern hotel the worst way.

The time is past when any class of people that travel or stay at home are looking for the cheapest. Everybody is making money, and they will not let a few pauly cents stand in their way of stopping at the best to be found, and if things does not just suit them, they now have cars and go on where they can get what they are looking for.

Right now, before some one starts another fire trap in the town, is the time for the progressive men with capital to get together and plan a hotel that will be a credit to one of the best little towns in West Texas. Yea, let it be a credit to the whole grand south plains country.

THE PANHANDLE AND PLAINS FAIR SEPT. 23, 24, 25TH

That the Panhandle and Plains Fair at Lubbock on the above dates will be a success is no longer a question, as the progressive businessmen of the city have put up the money necessary for the premiums, they have the grounds, and the buildings and it has been well advertised.

Terry county will have a good exhibit at the fair, and that the people from this section are going to be there in great numbers is self evident. In this fair, county lines have been eliminated, and the fair has been made broad enough to cover the broad and glorious county that it is to represent.

The Santa Fe railroad has been kind enough to grant special rates of one and one-half the regular fare on all main and branch lines between Amarillo and Sweetwater, and this alone will insure good attendance.

We advise the people of Terry to patronize this fair, for it will mean the upbuilding of this county in almost the same measure that it will mean to the immediate Lubbock section.

New 23rd Psalm

The flivver is my car, I shall not want another. I maketh me to lie down in wet places; it soileth my clothes; it leadeth me into deep waters. It leadeth me in the paths of ridicule for its name sake, it prepareth for me a breakdown in the presence of mine enemies. Yea tho I run through the valley, I am towed up the hill. I fear great evil when it is with me; its rods and its engines discomfort me. It annointeth my face with oil, its tank runneth over. Surely to goodness if the thing followeth me all the days of my life, I will dwell in the house of the insane forever.

ANOTHER DESTRUCTIVE FIRE IN BROWNFIELD

When the inmates of the Busy Bee Cafe and hotel were suddenly awakened a little after midnight, Tuesday morning they found that the hotel was a mass a flames, and some of them barely escaped with their lives. Indeed one young man had to jump from the second story, and all of them had practically nothing but their night clothes on.

It seems that the fire started in the front part of the uilding, presumably near the cigar case, and may have started from a lighted cigarette stub. This building was a two-story, and formerly called the Santa Fe Hotel, was built directly after the railroad came to Brownrooms. The building adjoining that is known as the Bassham rooming house was also burned. It was not occupied at the time, and did not carry insurance. It belonged to M. L. Evans, who can ill afford the big loss.

The Santa Fe would probably cost \$6000 or \$8000 to build now, and carried insurance to the amount of some \$2000 and was owned by J. D. Autrey of Snyder, Texas.

The big lumber yards of the Higginbotham Bartlett Company lay just across the alley, and had there not have been lots of rain lately, they would have gone too. As it was they took fire several times, and if they had burned it would likely have readily spread to the north side of the square, and the loss would have mounted into the \$100,000.00 instead of less than \$10,000.

The Busy Bee Cafe as it is now called, was being conducted by Messrs. Quante and Lewis, and was doing a thriving business, and the loss will fall heavy on them.

This is only another argument in favor of incorporation that there may be a fire limit, and that something better than mud holes and buckets may be provided with which to combat destructive flames.

Senator Bailey May Locate in Dallas

Dallaas.—Former Senator Bailey may locate permanently in Dallas, according to friends. Senator Bailey is here and will remain several days. He will confer with former managers and leaders from all sections of the State this week, it was said. Just what Senator Bailey's immediate plans are he would not state.

SWINEVILLE SQUEELINGS By Dunk Botts.

The postmaster who always tries to be on the right side of all questions politically, and has always managed to steer his boat in such a way as to be appointed postmaster time after time, is now not out in an official announcement which is a sort of disappointment to all concerned. He announces that he has nothing in particular against either Cox or Harding for the presidency.

Zero Peck's twelve year old boy whom he named Jack, has now changed his name to Raz. Zero says the little boy which arrived at his house last week will not be named at all—that he does not propose to spend hours and hours trying to think of appropriate names for his children and then after they have grown up have them change it all.

Gape Allsop has read where it has been discovered that souls have different colors. He says if this really be true he would like to take a look at the old Miser's.

The Bear Ford Photographer was through here last week making pictures of many of our influential and respectable looking people. Alexander Mosley bought a whole dozen of his wife's pictures. He says it is the first time in forty years that he has seen her look pleasant.

Gape Allsop believes if everybody knew as much about a fellow as a man's wife claims to know about him, he would most certainly be a back number.

Mrs. Dan Hocks set a hen last week and since then she has been making Dan wear his overshoes so he will not jar the eggs when he walks about the place.

The Hogville Fiddling band render-

ed several nice pieces of music at the ice cream supper the other night. However, as it was a very hot night, they played so fast that when they got through the audience was almost completely out of breath.

A doctor is the kind of married man who can go out nights and stay as long as he desires and come in and not have to undergo a thorough cross examination.

A number of our most prominent citizens, including Gape Allsop and Dan Hocks, Bill Hellwanger, Zero Peck, Sile Sims and the assistant constable, held a long discussion over the question of useless citizens, while seated on the fence near the Petunia ridge still house one day this week. The result of their talk was a general agreement among themselves that a useless citizen is one who works and attends to his own business.

Miss Petunia Belcher, who has been wearing her bouquet of flowers on the west side of her hat for the past several years, has moved them to the top.

Anniversary Sermon

Rev. J. E. Anderson will preach his first anniversary sermon here at the Baptist church next Sunday morning at 11 o'clock, it being one year ago next Sunday since pastor Anderson accepted the care of the Baptist church.

Subject:—"Trumpling the Gospel." Everybody invited.

Johnny was looking at a picture of the prophet Elijah ascending to heaven in a chariot of fire. When he saw the halo about Elijah's head, he cried:

"Oh look, mama, he's carrying an extra tire."—Kansas City Star.

Dinah (employed as a waitress): Yes mum, I am leavin' dis place tomorrow.

Mistress: Whatever can have displeased you with your position? Haven't I been treating you well?

Dinah: Oh, yass, indeed you have, mum, but to tell you de truf, miss in dis house dey am too much shiftin' of the dishes fo' the fewness of the vittles.

In connection with his ad in the Herald, Red Tudor of the Bradley-Brownfield Auto Co., demonstrated the Fordson tractor back of the A. G. McAdams Lumber Company on Monday of this week. He was using two 14-inch mould-board turning plows, and they were easily pulled through the tough sod. Many of the progressive farmers of the county witnessed the demonstration.

2ND MISSION COMES FROM PHILIPPINES

That the Filipino people are in earnest in their demand for immediate independence is indicated by the coming to the United States of a second Philippine mission to work for independence. Coincident with this announcement the War Department received a cable from Manila stating that the all-Filipino legislature had adopted resolutions reiterating its plea for immediate independence.

The second mission, like the first, is composed of the leading men of the islands and will work in the United States not only for immediate independence, but also to bring about "better understanding, greater confidence and closer economic relations between the United States and the Philippines."

The mission is again headed by Manuel L. Quezon, president of the Philippine Senate, who is well known in America, having been for six years resident commissioner to the United

Senate President Manuel L. Quezon.

States. Mr. Quezon and the Hon. Sergio Osmena, Speaker of the Philippine House of Representatives and Vice President of the Council of State, are the leaders of the Nacionalista party, which has been in power since 1907.

While Speaker Osmena is not so well known in the United States as Quezon, he is considered one of the ablest men in the islands. Senate President Quezon recently referred to Osmena as "the greatest Filipino since Rizal."

The personal relations between Osmena and Quezon are probably without a parallel in modern politics. They have been the leading political figures in the islands for 12 years, yet there has never been the slightest indication of rivalry between them. Throughout their college life as well as their long political service each has refused to be a candidate for any position that the other aspired to.

During the years Quezon was the Philippine delegate in the American Congress he won the esteem and confidence of both the Republican and Democratic sides of the chamber. Whenever he spoke he was assured of a good attendance. One of the official short hand reporters once declared Quezon used the purest English of any member of the House.

Osmena, as president of the Nacionalista party, is the leader of the national movement for independence.

A bunch of ruffians in Fort Worth tried to hound Joe Bailey on election night. If it had been Neff who was treated that way we would have heard about the "whiskey hoodlums" from 500 Texas papers. But it wasn't Neff and by their silence we suppose the whole bunch endorses the cowardly rowdyism.—Temple Mirror.

No, the whole bunch does not approve of the cowardly rowdyism by any means, leastwise here is one that does not. While we like to take part in "snowstorms" we never like to rub it in. Besides it was the business of the officers of Fort Worth to have put down this rowdyism and not ours.

Paid For His Paper and the Cost

The court of common pleas of Laurence county recently decided a small case involving \$5.40 in the interest of a newspaper published in that county. It appears from the evidence that a carrier delivered a paper for a year and several months to one Henry Seiber, who refused to pay for it because he hadn't ordered it. Seiber accepted the paper and the family read it. The court in instructing the jury said among other things that Seiber in not refusing the paper was a party to an implied contract to pay for what he got on the same theory that if a merchant delivers groceries to the wrong house and the person who got the groceries and used them, was liable, or a man called to do a day's work in a garden and gets in the wrong lot and works a day with the knowledge of the owner of the lot, the man who receives the benefit of the day's work was under obligation to pay for the labor, or a man who cleans another's pavement while the owner looks on without ordering the workman to stop, there is an implied contract to pay for that man's service. The same principal of law holds said the judge, if you receive a paper through the mails. In accepting the paper there is an implied contract to pay for it.

The decision by the court in directing a verdict against the man who read the paper in favor of the publisher, is not new, as the question has been decided by many of the lower courts and upheld by appellate courts of nearly every state in the union.—Publishers' Auxiliary.

Still an editor that will send \$5.40 worth of high cost paper to a man who never ordered it, is a darn poor business cuss.

HOW LONG WILL TIA JUANA FLAUNT ITS INDECENCIES?

Hundreds of thousands of "one day permits" are being issued by authority of the American State Department for citizens to cross the border in order to visit Tia Juana, Mexico, headquarters for bootleggers, gamblers, prostitutes and the crooks who cannot thrive on American soil. These people are making

vast fortunes as a direct result of the State Department. So-called "bull fights" are being advertised at frequent intervals in the San Diego papers, and mere children flock across the line to see antiquated he-cows cruelly tortured in the Tia Juana bull ring.

It is reported that when a Federal immigration officer was rebuked by a judge in court because of the ease with which an American citizen could cross the border, he replied: "You have no right to rebuke me; I have already been called down by Washington for officiousness in trying to stop some of the stream across the border."

One of the Los Angeles papers estimates that on July 4th these gamblers, booze sellers and prostitutes at Tia Juana took more than \$1,000,000 from the American citizens.

TEXAS GETTING GOOD DAIRY BLOOD

Five years ago, Sophia XIX was spreading the fame of the Hood Farm by her record of four straight winnings of the World's Championship. About that time the Texas Agricultural Experiment Station got an unborn calf from Sophia's royal blood, paying \$500 and drew Sophia's Experiment, a double grandson, now heading the herd at College Station, and celebrating the recent fifth victory of his distinguished grandma as World's Champion. Already some prominent Texas dairy herds are being enriched by the offspring of this splendid Experiment Station bull.

Sophia XIX at the age of fifteen years and six months has produced 110,918 pounds of milk, and 6,353 pounds of butter fat, and average of 12,324 pounds of milk and 706 lbs. of butter fat per annum, which gives her a clear lead of 693 pounds of fat over her nearest competitor.

WEAK; RUN-DOWN

Carolina Lady Got So She Could Just Drag.—"Cardui Built Me Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag.

"I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good.

"Cardui built me up as no other tonic ever did.

"I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes.

TENNESSEE VOTE ON SUFFER- AGE IRREVOCABLE

Washington.—Suffragists scored a final victory Saturday when secretary Colby announced that he will "stand pat" on his proclamation of August 26th, that the suffrage amendment is now a part of the constitution, he pointed out that the amendment had been legally ratified, and the attitude of the Government will in no wise be changed by notification by Governor Roberts that the lower house of the Tennessee legislature has recinded its vote on the amendment.

Receipt of the latest communication from Governor Roberts, Colby stated, was acknowledged by wire. The previous notification was acknowledged by letter, although reports intimate that the answer was not received by the Governor.

Discussing the reversal of action by the lower house in Tennessee, a high official of the State Department said:

"The Federal constitution empowers State Legislatures to act upon proposed amendments, either to approve or reject them. It does not empower a legislature to change its mind and reverse itself after it has acted on an amendment. The Legislature cannot claim the right to make such a reversal under its own rules for the reason that its only power in dealing with an amendment is conferred by the Federal Constitution itself, which is either to accept or reject. Once it accepts such action is irrevocable.

This question was fought to a finish when New York proposed to ratify the original Federal Constitution with a reservation to the effect that if at any future time it wishes to withdraw ratification, it might do so.

The case was the subject of some very interesting letters from James Madison on the Federalist. It was finally decided that no State had the power to recind. The analogy be-

tween this and the attempted action of the Tennessee Legislature is very clear.

It is even seriously doubted whether it was necessary for the Secretary of State to issue a national proclamation to make ratification complete. The vote of the Legislature settled it. The proclamation by the secretary does not give additional force or strength to the act of ratification.

WHAT ABOUT THE BOY SCOUTS?

LOST: Twenty boys (more or less) registered as scouts and known as troop 1, of Brownfield, State of Texas, meeting at the school building and supervised by Messrs. R. H. Banowsky, Joe McGowan, M. Smith, and their names were, Aubra Banowsky, Vermal Renfro, Alfred Daniel, Lester Treadaway, Horace Burnett, Vergil Kinard, Guy Bassham, Erwin Burnett, Johnny Winston and Leslie Davis.

Those responsible are asked to please get in touch with Boy Scouts of America, Fifth Ave. Building, in New York, City.

A GOOD second hand row binder for sale in good running order. See Joe B. Hill, City.

A building is being erected on Hardin street this week, between the W. A. Wooley and the John B. King land offices to be used for a barber shop. Frank Turner will be the proprietor.

GOOD 9-room house with bath, 5 blocks from college, three blocks of post office. Will sell or trade for farm lands improved or unimproved. Prefere land near Meadow. Will pay cash difference. Address owner, C. W. Bennett, Clarendon, Texas.

Messrs. Geo. E. Tiernan, Jno. C. Scudday and Orel Adams shipped several cars of cattle from here to the Kansas City market one day last week.

TEXAS HAS BIG CROPS ON SANTA FE SYSTEM

Texas, which last year raised over a billion dollars worth of farm stuff, will do well this year; probably better. Corn, wheat, rice, oats, peanuts, broomcorn, potatoes, fruit and vegetables came to harvest in prime condition, and the yield will exceed the estimate by a big margin.

Reports from the Rio Grande, Mesilla, Rincon, Gila, Estancia, Portales and Pecos vallies of New Mexico, as well as from the so-called dry farm sections, indicate good yields of grain, feed crops, vegetables and fruits. A famous crop in New Mexico, is the bean. This year the acreage and yield surpass those of any former years.

Arizona will write new records this year. The big success is with cotton in the Salt River Valley, but everything else under the Roosevelt dam has turned out satisfactorily—alfalfa, exceptionally well. Good crops have been grown in the Parker and Prescott districts, and along the Santa Fe's main line in the north part of the State. There is a big potato yield in Coconino county.

The yield of fruit and farm products in California has been one of the heaviest that has ever been harvested. There has been no trouble in disposing of all the products at good prices.

The number of inquiries about agricultural opportunities of the southwest is the largest in ten years, indicating a big increase in population in 1921.

BROTHERS & Brothers will pay the highest market price for your poultry, eggs and cream.

Rev. J. T. Bryant, Presbyterian Sunday school organizer for the west Texas district, was here this week shaking hands with his many friends as he was formerly pastor of the Presbyterian church at this place.

COME AND BRING THE WHOLE FAMILY

THE CHILDREN OF THE PHILIPPINE COMMISSIONER.

The Baby of This Group Speaks Three Languages—Visayan, Spanish and English.

Permit us to present the De Veyra family.

The Hon. Jaime C. de Veyra is the Resident Commissioner from the Philippine Islands to the United States and has just been elected to a second term of three years. As Resident Commissioner he has a seat on the floor of the American Congress, the privilege of taking part in debates, although no vote.

Commissioner de Veyra has an interesting wife and four bright Filipino kiddies. The De Veyra family, individually and collectively, constitute the best argument as to the tact and capabilities of Filipinos that the Philippine Islands have in Washington.

The commissioner is a 100 per cent Filipino, a Visayan, and is one of the foremost leaders of the party in power in the islands. During American occupation he has been successively governor of his province, member of the Philippine legislature, cabinet member and executive secretary of the islands.

Like many statesmen of the Philippines, he was originally a newspaper man. He was one of the founders of El Nuevo Dia of Cebu, the first Filipino paper published advocating Philippine independence. The paper came under the censorship of General McIntyre, and on the appearance of the first number the editors were left in the singular position of seeing every prominent article blue penciled.

Mrs. de Veyra, like her husband, is a "live wire" in the Philippines' cause. She is the best known Filipina in America. She is an interesting public speaker and is constantly giving illustrated lectures at women's clubs and other gatherings. Mrs. de Veyra is a publicity bureau all in herself and has put the Philippines on the map, so far as the women folk of Washington congressional circles are concerned.

"I find that the Filipino people have been much misrepresented in the United States," says Mrs. de Veyra. "I do not mean to infer we are perfect, for we are not. My people have most of the defects, I suppose, that other humans have, but at the same time we are far from the people that many Americans have been made to believe. Not only are we a Christian people, but our race has a history that we are not ashamed of. Throughout the Philippine Islands the people are now working earnestly to improve themselves and their conditions so they will be prepared to take over their own affairs. We all love America for giving us a chance to help ourselves and for having promised us our independence, which is one of the dearest desires of the entire citizenship of the islands."

To American women whose ideas of Filipinos have been founded on Sunday supplement descriptions of wild tribes, Mrs. de Veyra's gentle manner and evident culture have been a revelation. She is sought by women's clubs because of her charming manner as an impromptu speaker on the subject nearest her heart—the women of her country.

At a recent Washington gathering she gave in perfect English a concise account of the work of a woman's club in Manila which supplies milk to the babies of the poor and trains mothers to care for their young children. She told of another woman's club which has branches all over the Philippine Islands and which maintains day nurseries for the children of the working women, provides Christmas cheer for the lepers, the insane and the convicts, and gathers data to influence legislation for the benefit of Filipino women and children.

The four little De Veyras, shown in the picture, having attended the public schools in Manila, slipped right into the same grades in the schools of Washington. Even little Mary, the baby of the family, speaks three languages—her native tongue, Spanish and English.

Mrs. Jaime C. de Veyra. She is Doing Important Work for Her People in America.

"PLAY BALL!"

They can do it the year around in the Philippines.

Here's indisputable evidence that the Filipino people have been Americanized! The great American game of baseball is the rage in the islands. This photograph shows a parade which preceded one of the big games in Manila. Baseball is played from one end of the archipelago to the other, and, as in other branches of athletic sports, some classy players have been developed.

Place for Small Fruit.
In gardens where the available land is limited in extent, currants and gooseberries may well be planted among the tree fruits and left there permanently. The shade of the trees protect the fruits from sun scald, and the foliage is usually healthier in such locations than when grown where it is freely exposed to the sun.—Agricultural Department.

Credit Out or Favor.
A detail of colored engineers who were working on the roads in the vicinity of Boucq were growling at the long hours, the scarce mails and the back pay. The sergeant, to comfort them, said: "But think of all the credit you get." "Ye-ah," came the answer. "Dat's all we do get—credit. Nevah see no cash around heah."—American Legion Weekly.

Conductor Doddridge, regular on this run, is now back on the job after a thirty day vacation with his family visiting with their parents in Ohio.

Not Always Unlucky.
Friday has not been unlucky in history, if it is so considered by many. It was on Friday, August 3, 1492, that Columbus set sail on his voyage of discovery, and Friday, October 12, that he first sighted land; Friday, November 22, 1493, that he reached Hispanola on his second voyage; Friday, June 13, 1494, that he reached the continent of America. It was on Friday, July 17, 1776, that the motion was made that the United colonies are and ought to be free and independent. Many more occurrences could be cited.

Were Hearty Eaters.
Many great musical composers had exceptionally large appetites. When Handel dined alone at a restaurant he usually took the precaution of ordering a meal for three. Haydn, yet more voracious, was known to consume a meal that would have satisfied five ordinary appetites.

Chinese Typewriter.
One of the most remarkable typewriters in the world was the machine especially designed and built for Li Hung Chang, the Chinese statesman. It had 1,800 keys. No dies were available, so the engraving of the type had to be done by hand.

Cultivating Sugar Cane.
The methods of cultivating sugar cane in Trinidad are beginning to undergo radical changes through the introduction of American plows and cultivators, hay rakes, mowing machines, and crushers and pulverizers of feed for mules and cattle.

Victory Belongs to the Able.

Atlantic 16,000 Feet Deep.
The average depth of the Atlantic is estimated at about 16,900 feet.

"What is your pet peeve?" "My wife's pets."

...the smallest details of public affairs, cool headed, quiet by temperament and education, a deep thinker, an eloquent speaker, a polished writer, a keen observer of men—such is Osmena."

Both Osmena and Quezon have been consistent advocates of Philippine independence, yet when the occasion demanded it they have never hesitated to champion the cause of America's good intentions toward the Filipino people.

Squaring It.
Some people do odd things for the purpose of getting even.

Some Song Bird.
"Sue says her new funny song is a scream." "It is, the way she sings it."

The show here Friday night at the Liberty Theatre in which the great airman, Ormer Locklear was featured, was about the best attended show ever seen here, which goes to show what advertising and a good show will do. All the people we have talked with were well pleased and most of them agree that it was by far the best picture ever shown in this town. Mr. Gamble has an even better one for Monday night in the "Shipwrecked Among the Cannibals" and two-thirds of the net proceeds of it go to the fund to seat the tabernacle.

We had word here Tuesday morning to the effect that J. W. Youngblood had undergone a successful operation at the Lubbock Sanitarium.

Mrs. V. E. Hargett and son Verge, who is now home from El Paso on a visit, and daughter, Miss Robena, one of the employees of the Brownfield State Bank, were visitors to Lubbock, last week, and returned to their home at Seagraves, Saturday night.

ly. We understand that they will move down in the near future and help in the Barrier Brothers store at this place. These are splendid young people and we are glad to number them among our future citizens, and are sure they will be a big asset to this popular store.

Dr. G. T. Bray, M. E. Blackwell, M. B. Shultz, all of Mangum, Okla., were here this week prospecting. The Dr. informed us that he wanted a section or two of our land, purely for holding purposes, as he thought he wanted to make this his home some of these days.

Miss Gladys Garrison left Saturday for Thorp Springs, Texas where she has a position as piano teacher in the Christian College at that place.

Mrs. A. C. Shepherd of Lubbock, was down this week visiting with her mother, Mrs. Dr. Summitt.

J. M. Green left this week for Lubbock where he has accepted a position with the Fuller Gin Co., for the season.

W. R. Bridges was a passenger to Slaton, Wed., where he will visit the family of his daughter, Mrs. Carrol Philips.

Miss Annie Lee Myer, of Yoakum county, was a north bound passenger Tuesday. She was on her way to Snyder, Texas, where she will re-enter school.

The Commissioner Court is in regular monthly session this week.

Commissioner D. S. Cunningham, of No. 1, spent Monday night with Com. H. H. Timmons of No. 2, and viewed the good crops in that part of the county.

Mrs. Theo. Smith, of Wichita Falls is here visiting her parents, Mr. and Mrs. C. F. Holt.

J. C. Preston, one of the successful farmers of the Pride country, was in one day this week and called in to tell us to "keep 'er comin'" and as he was accompanied by one of his old neighbors, M. L. Cathey, he got him to get a trial order of the best paper in Terry.

FOR SALE: Navajo rugs, Mexican blankets, music cabinet, various other household goods. Mrs. Gatewood, at Judge R. L. Graves residence, Brownfield.

We are glad to report that the work on the Brownfield Sanitarium is progressing nicely, and when it is finished it is going to be a real nice place, and an institution that the people of the town and county will be proud of.

J. E. Farrow, assistant organizer of the West Texas Chamber of Commerce, with headquarters at Stamford, was here this week to try and get Brownfield lined up with this progressive organization, and we believe he will succeed—successfully—as Mark Twain or some other fellow once said.

Messrs Albert Harris and a gentle man by the name of Anderson and his two sons, were here from Jones county one day last week prospecting in this and Yoakum counties. Mr. Harris was an old school mate of the editor in one of the old log school houses across the great Mississippi.

Milton Goode came in one day last week from the Midland Rodero and informed us that he took \$300 of the \$1000 put up down there for roping and branding prizes. Milt now holds the world record on roping and branding, on his 33 second record down there.

Miss Stella Treadaway was a Lubbock passenger, Monday.

Mr. Williams, formerly Engineer on this run is back again and happy.

Mr. J. C. Crenshaw, whom we reported as badly hurt last week near Lovington, came in one day recently and while badly buised up, is able to get around and will soon be himself again.

Rev. J. W. Baughman left Monday with his daughter, Miss Terrah, for Clarendon, where she intered the Clarendon College.

Misses Clara Summitt and Lillie May Campbell, were passengers to Lubbock, Saturday to visit in the home of Miss Campbell.

Births: To Mr. and Mrs. W. G. Hardin, a boy on the 9th inst. To Mr. and Mrs. J. T. Whitley, a girl on the 11th inst.

Hugh M. Pyeatt, Cashier of the Stockmens Exchange Bank, of Plains was in to see us Monday morning, and while here favored the Herald with an order for job work.

Mr. and Mrs. Jess York and children, were here over Saturday night on their way home to Yoakum Co. Mrs. York and the children had been visiting relatives in Clairmont, and Jess had been to Fort Worth with a load of cattle.

R. D. Marshall, the hotel man of Plains, who had been to Lubbock on business, was a guest of the Hill Hotel over Sunday on account of the big rain Saturday.

Milton Robinson and his ball team from Plains, came over Saturday to meet the Ropes team here for a game, which was played on the local diamonds. The game had to be called at the end of the 6th ending on account of rain, and at that time the score stood 6 to 5 in favor of Plains.

Simeon O'Neal, formerly connected with the Jao. P. Lewis dry goods company of Lubbock, was here one day last week in the interest of a big furnishing house of Baltimore. He now makes headquarters in Dallas, and as he has many old friends here they were glad to re-establish their old friendships. Perhaps it would not be amiss to say that his last several years of rubbing against the elite east, has taken none of the old hearty, pioneer handshake of the west out of him.

W. J. Youngblood one of the most highly honored citizens of the town underwent the fourth operation of his life for stomach trouble at the Lubbock sanitarium one day this week.

PIGVILLE SQUEELINGS

By Dunk Botts.

Alexander Mosley was in Pumkinville last Saturday night and was an innocent bystander at a dance and saw several couples do the shimmy. He says that if he could teach his cows to do it, serving milk shakes would be an easy matter.

The Hogville improvement Society composed wholly of women at its last meeting decided to appoint at each regular meeting a standing listening committee to be composed of at least one-third of the membership. This was made necessary by the fact that it has gotten so that all the members wanted to talk and no one seemed willing to listen. This will prove a very happy diversion, provided they can get any one to serve on the committee.

Miss Petunia Belcher got called down at the Bear Ford church last Sunday by the preacher who always makes the ladies remove their hats. Petunia got the puff curls over her ears so large that the preacher thought she was trying to put one over on him by keeping some new style of hat on.

It is believed the recording angel has quit making record of the things Miss Petunia Belcher tells about her age and the sweethearts she once had.

Zero Peck says "There is no place like home." Our town people are wondering what has happened at his house now. They notice Zero is always most of the time late.

All of Hogville is now going to make a strong effort to go to heaven. The Bear Ford preacher in a round-a-bout way same as says Bill Hellwanger was bound for hell, and this is a great inducement for the rest of

us to want to go some place else.

Dan Hocks who does blacksmithing on week days and the barber work on Saturdays, has had his wife make him a white jacket so he can stand in the door and look like other barbers in the larger towns.

Zero Peck was heard to tell a friend a few days ago that his wife had tried to take advantage of him ever since they had been married, on account of a few marriage vows he had taken away back in the seventies, but that some of these days the tie that binds is going to slip.

Have you noticed that the men have taken to follow the latest styles? Gape Allsop was seen following Miss Lydia E. Peck, Saturday. She had on one of her new style no-back waists.

Sugar to Sell at Ten Cents

Chicago.—Sugar will be ten or eleven cents per pound by January. Russell J. Pool, secretary of the city council's high cost of living committee, stated in submitting the result of investigation today.

The country's beet crop will be from 30 to 40 percent larger than ever produced, the report states, while the new Cuban crop will be about three times the 1914 crop.

Pool says that "if consumers will begin now to buy as little sugar as they can get along with, we will have 10 or 11 cent sugar by January 1st, as there is no shortage."

Wedding

Mr. Vergil Bynum and Miss Louise Stinson, two of the most popular young people of the town, were united in marriage last Wed. morning at 8:30, Rev. J. W. Baughman, of the local Methodist church officiating. The wedding was to have been at 8 o'clock sharp, but just to prolong the matter at little some minor charge was hatched up on Vergil, and he was handcuffed to a post for about half an hour, though "Shag" said it seemed like ages to him.

Vergil is the son of Mr. and Mrs. A. B. Bynum of this place, and was practically reared here, and everyone likes him. He is one of our very promising young business men, and is a good barber having half interest with his brother, W. A., in the Sanitary Barber Shop, and the Tailor Shop.

Mrs. Bynum is the beautiful and accomplished daughter of Mr. and Mrs. B. W. Stinson, of this place, and numbers her friends by her acquaintances, and we believe Vergil has made a wise choice in a life partner.

Herald hastens to join the many friends of the happy young pair in congratulations.

"Nature," explained the highbrow, "always arises to equalize things. If one eye is lost, the sight of the other becomes stronger."

"Faith," said Pat, "you're right. When a man has a short leg, the other is always longer."

Try want ads in the Herald. They bring home the bacon.

HARRIS HAPPENINGS

By Sand Bur.

We read West Wind's letter and wish to say that we are glad that her lane has turned and that she is now enjoying the sunshine of life.

In her, New Mexico has succeeded in securing one more successful teacher. Best wishes for your future welfare, West Wind.

John Caddenhead spent Tuesday night at Brit Clare's. He was on his way to market with 130 head of fat cattle. Some of these belonged to Mr. Fields at Bronco.

Messrs. Ferno, Arthur Cotten and Earl Caddenhead, were passing Harris, Wed. afternoon when the car which belonged to Earl broke down and the gentlemen were carried on to Cotten's by obliging neighbors. They returned next day with another car to tow the jittney in home or to a garage for repairs.

W. H. Harris arrived home on Thursday evening from their trip to New Mexico.

F. M. Ellington and family and Miss Ethel Harris visited in Brownfield Saturday, and because of the rain, remained over night. They carried Mrs. M. E. Ellington down there to meet her husband and return home with him. Mrs. Ellington had been taking care of the store and post office while her parents were gone to New Mexico.

H. L. Hooker was down from Lubbock attending to business in Plains Saturday. He spent Saturday night at Mr. Arthur Cobb's and returned to Lubbock, Sunday afternoon.

Roy Fitzgerald and family visited at his father's from Wed. evening until Friday morning, and Roy helped his father vaccinate his calves.

TOKIO TALKINGS

By Grasshopper.

This part of the country was visited by a good shower of rain Saturday afternoon.

Mrs. S. Johnson is spending this week with Mrs. Taylor at Harris.

Misses Thelma Mangum, Pearl Day and Nettie Benton, went to Brownfield the latter part of last week and had their tonsils removed. All are doing fine.

Miss Lola Roberson came in Saturday from Lubbock to spend the winter with her grandmother, Mrs. S. Johnson and attend school at this place.

A. V. Taylor made a business trip to Seagraves, Saturday.

Miss Webelle Hargett visited the home folks at Seagraves from Sunday morning till Sunday night.

Logan King, of Haskell county, came in Tuesday to attend school here. He is staying with his brother, Howard King.

The two Sunday Schools met last Sunday morning and both disbanded and a new Union Sunday School was organized, and will meet at 2:00 p. m. each Sunday.

Brownfield as usual came to the rescue of the fire sufferers in a more substantial way than mere "I'm sure sorry this happened" and while it will not anything like cover the loss sustained by any of them, it will be a reminder that the people of old Brown and Terry believe in them, and share with them in their loss.
