BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY OCTOBER 29, 1920

NO. 15

REV. J. W. BAUGHMAN RETURNED TO BROWNFIELD

The recent session of the Northwest Texas Methodist Conference, at Clarendon decided to accord with a petition from the local church of that faith and return Rev. J. W. Baughman back to Brownfield for at least another year.

Rev. Baughman informed us that Brownfield has been made a full time station, although he will preach for the Gomez church on the afternoons of two Sundays in each month.

The following is the appointments of the Lubbock District so far as will interest Brownfield people:

Geo. W. Shearer, presiding elder; Brownfield station, J. W. Baughman; Crosbyton, J. W. A. Hitchcock; Lamesa, I. A. Smith; Lubbock, J. T. Griswell; Lorenzo, R. F. Dunn; Plains circuit, to be supplied; Ralls, J. A. Laney; Seminole circuit, J. T. Weems; Slaton, A. D. Hendrick; Tahoka, W. C. Hinds.

It was decided by the conference to discontinue supporting the T. W. C. at Fort Worth and the Southwestern at Georgetown, and devote their energy and money to the Clarendon College, and establish a well endowed junior college at Abilene.

W. G. Meyer, was over from old Yoakum one day recently. He says he has made a whaling big crop this year, but is managing to gather it with the help of the children. He says he has raised some of the best corn he ever produced.

IF YOU don't want your land sold, don't list it with the Mathis-Hall Land Co.

THE CITY DADS MEET

The city council met for the first time Monday night of this week, and went into permanent organization. At this meeting they brought into existence a number of ordinances that will be published in this or the next week's Herald, and ten days after they have been published, they will be enforced.

We ask the readers of the Herald who live in the incorporate limits to be sure and read them, as we have been assured that they are going to be enforced, and after reading, you will have no reason to plead guilty of not knowing anything about them.

Of course we have not seen a copy of them, but from what we can gather from others who have read them, they are going to be reasonable, yet conservative enough for even a city the size of Brownfield. Among two of the best ones, is a tax of \$5.00 on dogs, and this is going to cut out a lot of worthless canines in this town. Another is the speed limit of 15 miles per hour on the streets, and we want to say that this law has teeth in it too. We have seen mere children run cars at least forty miles per hour on our streets, and it is a thousand wonders that some of the children or the older people for that matter have not been run over and killed by this.

Let's all get in behind the dads and do all we can to help them make Brownfield one of the best and the best governed little cities in West Texas.

BROTHERS & Brothers will pay the highest market price for your poultry, eggs and cream.

F. N. FARRIS FOUND HANGING IN HIS BARN

Lubbock, Texas, Oct. 29.—The body of F. N. Farris, aged 55, cattleman and ranchman of this place was found hanging in his barn this morning at eight o'clock. The doctors report after examination, was that the body had probably been hanging for 12 hours. Indications point to the fact that he retired to the barn, removed his hat and coat, hanging them on nails about the wall, then placed a keg upon a small box and tied a rope about his neck and kicked the keg from under himself. He died from strangulation.

No motive has been assigned for his action since his health was reported good and nothing serious of any other nature has been known to be bothering him.

Mr. Farris was one of the pioneers of Terry county, having settled in the northeast part of the county in the real pioneer days, and was one of our most highly respected citizens. All the old timers here regret to learn of his untimely death.

N. W. Jones, wife and daughter, Mrs. Rigdon, were over Monday on a shopping expedition. Our merchants are offering some rare bargains right at the beginning of the fall season, and the people are taking to them.

Percy Spencer was through here on Monday on his way to Plains, to attend District Court.

J. ALBERDING DEAD

Sad news reached here last Thursday in the form of a telegram from Mrs. J. Alberding, of Kiawa, Kans., to J. L. Randal, stating that her husband was no more. He was buried in that city. The Alberding family came here a little more than a year ago from the Wichita Falls country, and during their brief stay, have made many close friends, who will regret to hear of this sad death.

Last summer, Mr. Alberding's health became so bad, on account of an old sore or wound on his limb, that he spent most of the summer in Kansas, their old home, as the altitude was much lower than the plains and finally the splendid half section farm just west of town was sold with the intention of moving the family back there, but it seems there was not much relief for him anywhere, and he passed away last Thursday.

Mr. Alberding was about 56 years of age, and a member of the Methodist church, we understand.

Married

Mr. John T. Smith and Miss Vera Umphries drove in last Sunday forenoon, and were married about 10 a. m., by Rev. J. E. Pippin.

Mr. Smith is the son of Mr. and Mrs. J. W. Smith, of Gomez, and is regarded as one of the most industrious and honest young men of the county.

Miss Vera is one of the charming young ladies of the Pleasant Valley community, her parents living on the old Jack Smith place.

Herald joins their many friends in congratulations.

WHAT ABOUT ARMISTICE DAY?

November the 11th will mark the 2nd anniversary of the date that the Kaiser's hords layed 'em down. Is Brownfield going to make any effort to commemorate that great occasion that make such a bright page in the history of our country?

We might also remind our local readers that the Fourth Red Cross Roll Call comes on the same day, but will last for two weeks thereafter. Why not combine the two in one huge program at the school auditorium, and while we are helping the returned soldier to celebrate the finish of the hun, we can then and there renew our pledge to the GREATEST MOTHER in the world?

One of the returned soldier boys recently informed us that he was in touch with Legion headquarters in an effort to get a local Legion camp established, and it might be possible that at the same time, this could be established.

We suggest that the local pastors and the officials of the local chapter, American Red Cross get their heads together in the next few days for such a celebration.

Do we hear a second?

BROTHERS & Brothers will appreciate your grocery orders.

Three Types of Tires for Three Kinds of Use

YOU don't want a truck motor in a touring car; you use a different oil in the cylinders than in the transmission.

Different conditions must be met differently. That is why Lee builds three types of tires for three kinds of uses. The right type for your purpose is the one built especially for that use.

Consult us on tires. We'll survey the conditions your tires must meet and prescribe the Lee Tire that will serve you best—the Lee Tire that will give you maximum mileage and comfort.

LEE Tires "Smile at Miles"

The Lee Cord Puncture-Proof

1. For the hardest possible service on all kinds of roads. A real cord tire—easy riding—economical—and absolutely puncture-proof. The only puncture-proof cord tire. Dependable under all conditions.

The Lee Cord

2. For grueling service in town and in the country. Lee Cord construction makes these light riding tires practically free from the usual tire troubles—blowouts, tread separation, sidewalls breaking, internal friction, etc. Hand made.

The Lee Fabric

3. A husky tire that fights mean road conditions and invariably wins. Quality built from lining to tread; good-looking and as good as it looks; over-sized, with miles of extra service.

PLAINS AND PANHANDLE COUNTIES AT DALLAS FAIR

Donley County was awarded second prize at the Texas State Fair last week for the best display of farm, garden and orchard products, according to announcement in last Friday's Dallas News. Only Ellis county headed us at the big show. Northwest Texas came near getting all the honors, as will be seen by taking a squint at the first twenty-nine counties in the contest. Ellis (which is right at Dallas' back door, it requiring little time and little expense to move the whole county over to the fair grounds) came first; then Donley, Hale, Wheeler, Smith, Baylor, Oldham, Haskell, Hill, Harrison, Potter, Randall, Swisher, Childress, Lynn, Johnson, Wilbarger, Dawson, Fisher, Lubbock, Brown, Angelina, Howard, Collinsworth, Foard, Crosby, Gray, McColloch and Bailey.—Hedley Informer.

Pupil's Viewpoint on the Better School Amendment

The teacher said to the waiting class, "Set forth why the amendment should pass." So little Johnny removed his coat, and this is the poem he wrote: "The day is hot, and so am I To think that any tight-wad guy Would try to save a bean or two On Better Schools for me and you. It's hard enough to come all day And crack your brains and stop your play Without being herded in a shack That almost fell down ten years back Or taught by teachers, kids or green, Who're ugly, ignorant or mean. So come all voters, young or gray, And put it through on election day. Forget you're tired, forget you're busy, Walk, run or come in your tin lizzy! If you never voted before in your life Come this time and bring your wife." **Vote for the Better School Amendment November the 2nd.**

WEST TEXAS C. OF C. EXPERT ON COTTON SITUATION

One of the leading cotton factors in West Texas gives the following rules for the amelioration of the cotton situation throughout West Texas. If followed, he says, farmers and all persons interested will make the best of the present cotton crop.

(1) Do not pay exorbitant picking prices. At the present market price \$1.50 per hundred is fair compensation. Every county should organize its farmers so that a price reasonable enough may be fixed so that there shall be no variation under present conditions. Much of the cotton that will be picked will be low grade. High picking prices for it cannot bring the farmer profit.

(2) Gin operators should be urged and required to clean their stands from two to three times per day so that the bad grade of cotton may not become mixed with the good. Importance of this is shown by the following figures. Strict low middling as compared with middling is now five cents per pound lower in price, or \$25 a bale. In previous years the difference in price was only one-fourth cents per pound. Low middling as against middling in former years was one-fourth of a cent per pound off, or \$5 per bale, whereas now it is quoted 12 cents a pound below middling, or \$60 per bale.

(3) By all means, farmers are urged not to mix good cotton with bad cotton. On the market such a mixed bale brings the price paid for the lowest quality of cotton contained in the bale. Put the bad cotton in bales to itself. In this way the best possible profit will be gained.

(4) Farmers should not pull cotton so as to gather the bolls or parts of the bolls. Mills in Europe and America always classify the grade of such cotton as "bollies." Eliminate the bolls from your cotton.

FOR SALE: About 40 head of horses, for cash or good bankable notes; and also some good milch cows and two good second hand saddles. R. O. Wilson.

NOTICE REPUBLICANS

We had a circular letter one day this week from Editor L. P. Loomis, of the Canadian Record, who is a candidate for Congress from the 18th district on the Republican ticket, and says the certifiers failed or refused to certify his name so that it would go on the ticket, and it may seem a strange thing that one editor would neglect another, or the Herald could easily have slipped his name in the ticket while printing it, regardless, and our county judge would have raised no roar, for he tries to be fair to all. But in the usual hurry, and his name not being on the copy we had to go by, it was left out, and the letter from Loomis came in just one day too late. The only reason we have for offering that Marvin Jones appears on the ballot as the Democratic nominee for the same offices, is that we are the retiring County Democratic Chairman, and of course had our own records to go by in getting the district and county officers on the ballot. Another thing, we are not right sure to this day whether Bro. Loomis is a Lilly White or a Black-Tanner, and unless he was to tell us, we would not know which column to put him in. We believe though, that he belongs in the Lilly White column, as he calls negroes, "niggers" when he writes about 'em in his paper, but Loomis has lived among Southern people a long time now, and that may account for the "nigger" business.

Anyway, when you go to vote on next Tuesday, if you are a Republican, and a white man, and live in West, Texas, write L. P. LOOMIS in the column where it says REPUBLICAN PARTY, under the place it says "For Congress of the 18 District." We know Mr. Loomis personally, know him to be a good man, and one that will make you a capable official if elected.

TEXAS NEGROS VS. WEST TEXAS WHITES

West Texans believe that the negro should receive some sort of an education, and while there are less than 20,000 negroes in all West Tex-

as, or less than the negro population of the city of Houston, the third largest city in Texas, West Texas has never objected, nor does she now object to paying heavy taxes toward the education of negroes in East

Texas, but West Texas has a right to object toward paying thousands of dollars toward the support of the Texas Negro Agricultural College at Prairie View, when West Texas has no Agricultural College of her own.

In other words, to take care of the 226,704 negro scholastics of Texas, of whom practically all, or (223,309) lived in 1918-19, in other parts of Texas than West Texas, the State of Texas maintains the Negro Agricultural College at Prairie View.

But for the 400,000 scholastics of West Texas the State of Texas maintains no A. & M. College. Query! How much more taxes do the parents of the 400,000 school children of West Texas pay than do the parents of the 226,000 negro children of Texas? Unfortunately it is practically impossible to secure statistics showing the comparisons as above. The Prairie View College refused to furnish this association with any data and would not answer letters sent them.—West Texas Today.

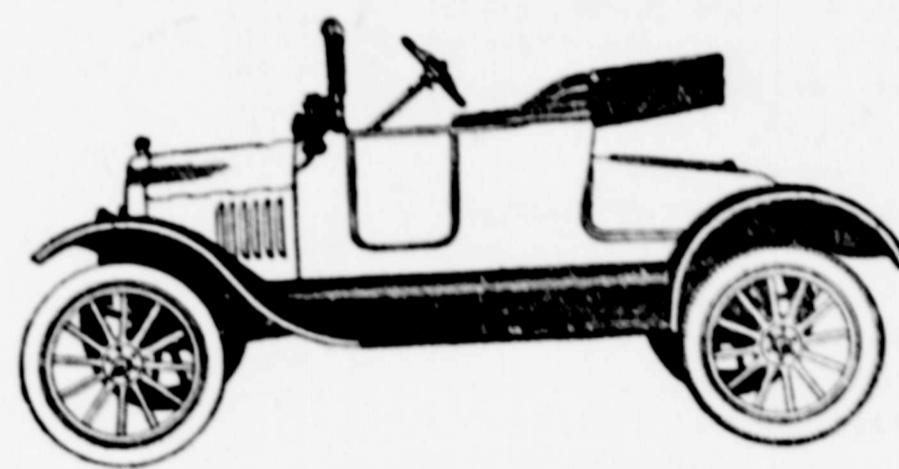

LET'S FREE THE RURAL SCHOOL

Hon. Pat M. Neff has been asked for an expression concerning the educational amendment to be voted on Nov. 2, 1920, in the general election, made the following statement:

"As a citizen of Texas, I have always been, am now, and shall continue to be interested in the promotion of the cause of education. The education of the masses of the people being, in my opinion, our best safe guard against bolshevism and anarchy; and our best guarantees of sound, democratic government and industrial prosperity."

"I believe all our public schools, rural and urban, as well as institutions of higher learning, should be adequately financed, and wisely and economically administered. I am particularly interested in the country public schools of Texas, upon which the farm girls and boys are largely dependant for educational opportunities. I want to see the Rural High Schools established at suitable points in the rural sections of the State, so that our farm girls and boys may attend good high

schools in the country, organized and conducted under rural environments. This is one of the means of stopping the rapid movement of the country people to the cities. Such rural high schools should, also, be made social centers for all of the people, being common property of all of the people of the community. WHAT ABOUT YOUR PLEDGE?

We understand that there is some talk of jumping the pledge in the coming general election, but personally we believe it is mostly TALK.

We don't believe the citizenship of our town and county are made up of pledge jumpers, and we believe that when election day rolls around, Terry county will show its usual big Democratic majority. Talk is cheap, you know, and lots of people do it just to pass the time away or to see what the other fellow will say.

Of course there is no objection to a real Republican, Socialist or American partyite that stirred clear of the Democratic primaries, voting their convictions, and if they vote in the Democratic primaries, and then can feel no remorse of conscience by deserting that party, or any other party so treated, then that is their look out, but there is one thing sure, and that is that some who are said to have made up their minds to do so are going to be watched, and it may be a hard job for them to convince democratis primary election officers in the future that they are Democrats when they want to vote.

We believe in men and women voting alright, but we do believe in a pure motive as well as a pure ballot.

During the recent "agrivated" spasm of political pain as witnessed in the gubernatorial campaign when we would hear so much of constructive legislation, surely Governor W. P. Hobby sets the pace in the introduction of Texas Open Port Bill, now a law. It is the most drastic anti-strike violence law ever enacted; and is precisely what our country requires, and our governor is to be applauded the more. Governor Hobby has simply "made good" all the way through. Of course there is a certain element that sees nothing good in anything attempted or completed by Governor Hobby—right or wrong San Marcus Times.

America is jazz crazy. At the Sham rock fair Saturday there was a negro jazz band from Fort Worth to turnish the music. And it was some negro band. They jazzed and jazzed until everybody wanted to love everybody else. Then they were requested to play America as a prelude to a political address. The black rascals didn't know America and wouldn't confess it. Finally they attempted to play it to a jazz tune, but nobody knew what it was. They could not be censurer for their intentions were honest and they were doing their best to play the National hymn. But it might just as well be called "Will the Foolish Always be that Way?" as America. Right there that band lost its reputation. High class musicians, and they didn't know America! What kind of a generation are we jazzing into? Patriotism and loyalty cast aside for the jazz life. Heaven forgive those niggers for their ignorance and save out of the wreck just a semblance of the old fashioned liberty bell patriotism as a foundation for future America.—Canadian Record.

Now is a good time to have your flues examined for defects before the winter fires are started, and it may save you a serious burn and the loss of some of your home relics that nothing on earth can replace. Besides, did you know that the more careless and indifferent fires that are reported from Brownfield, just that much more do we have to pay for insurance? We do not know how, but insurance people get hold of the Herald or other papers reporting our

fires, and it is said by them that our habit of donating to fire sufferers is being closely watched by the insurance companies, and credited against us. While the citizens of Brownfield believe firmly that no one but the deserving have been helped this way, just the same the insurance people believe that such donations encourage carelessness and indifference toward fire prevention, and that some may have burned believing that if they did have a fire, the good people of the town would help them, and they therefore were not as careful about fires as they would have been otherwise. Of course the Herald nor none of the citizens reason this way, but the insurance people have no other way to figure, as they do not know our people personally. Another thing, the insurance people believe every man should carry his own insurance providing they can get it, and they say that public donations discourage people from carrying insurance. Therefore, to make matters easier on people who are carrying insurance on their property, no mention of donations for fire sufferers will be made in these columns again—but understand this does not mean that the Herald, in the future as in the past, will not help those who have lost their all in flame and smoke. But our advice to one and all is get some insurance if possible.

ENDEBTED TO GOODNIGHT

Ever since that early day when Colonel Goodnight and his good wife came to the Panhandle country, the debt that this section owes them has been steadily increasing. Colonel Goodnight was a prominent figure in the events of that stirring and soul trying time, and gave liberally of his time, means and influence for the good of the country.

It has been most gratifying to his friends to see this debt acknowledged and some appreciation of the great service he has rendered the Panhandle shown him while he is still with us. Even the State of Texas has come, though tardily, to accord him some of the honors he has so richly deserved. Were it not that he belongs to the Panhandle, his name would be recorded in the history of the State along with those of Sam Houston and other illustrious pioneers. In that day, perhaps not so far distant, when the Panhandle shall be given its just due in the histories, by reason of being a state by itself, Colonel Goodnight and our other Panhandle pioneers will receive the credit and honor which is justly theirs.

And now comes the Government at Washington, acknowledging that it is indebted to Colonel Goodnight for an idea by which the herds of buffalo belonging to Uncle Sam will contribute to their own support.

Most of "our" folks have seen the splendid articles made from the wool which the buffalo shed in the spring. Colonel Goodnight has gathered it from the trees and bushes and had it woven into blankets and spun into yarn at considerable expense. It makes cloth that is at once very warm and very light in weight, a blanket six by seven feet weighing but a little more than four pounds. The Colonel himself, has a sweater made from the yarn and during the war he sent General Pershing sox knit from it which were greatly acknowledged by the World War veteran.

The spinning and weaving of the buffalo wool is one of the lesser services which Colonel Goodnight and his wife have rendered the Pan-

handle, the State and Nation and humanity. It was they that preserved for posterity the remnant of the great southwestern herd of buffalo; it was through Colonel Goodnight's indefatigable and painstaking efforts that the cattalo was developed and, more recently, an, as yet, unnamed animal resulting from crossing the karakule sheep and the hog. The Panhandle is proud of this redoubtable pioneer and hopes that he may yet be persuaded to lay aside his personal aversion to publicity and give the youth of this section the story of his life. It would be an interesting and thrilling tale and put many of the modern "best sellers" in the shade.—Southwest Plainsman.

ONE FAVOR DESERVES ANOTHER

TO OUR CUSTOMERS

During the year we have put forth every effort we could to give you the service and accommodations you asked for and that you merited. We figure that lumber is about at its lowest price and we desire to purchase our stock for the coming months. This will take quite a good deal of money. So we ask that in return for the favors and accommodations we have rendered you, that you come in and pay all accounts and notes that are due and not wait for us to look you up.

Citation By Publication

The State of Texas:—
In the District Court of Travis County, for the Twenty Sixth Judicial District of Texas; December term, A. D. 1920.

To the Sheriff or any Constable of Yoakum County, Greeting:—

You are hereby commanded, that by making publication of this citation in some newspaper published in the County of Yoakum, State of Texas, if there be a newspaper published in said county (but if not, then in the nearest county where a newspaper is published), for four consecutive weeks previous to the return day hereof, you summon E. R. Ferguson, whose residence is unknown to the plaintiff, and in case the said E. R. Ferguson be deceased, then the heirs of the said E. R. Ferguson, their heirs and legal representatives, as well as the legal representatives of the said E. R. Ferguson, whose names and residences are unknown to plaintiff, to appear before the District Court in and for Travis County, for the 26th Judicial District, to be holden in and for the County of Travis, at the Courthouse thereof, in the City of Austin, on the first Monday in December, A. D. 1920, being the 6th day of said month, file number being 37872, then and there to answer the petition of James Fuchs, filed in said Court on the 22day of September A. D. 1920, against E. R. Ferguson, and the heirs of the said E. R. Ferguson, their heirs and legal representatives, and the legal representatives of the said E. R. Ferguson, and alleging in substance as follows, to-wit:

Being an action and prayer for judgement against defendants for the title to and possession of the hereinafter described premises; plaintiff alleges that on or about the 20th day of November, 1919, and long prior thereto plaintiff was the owner and has continued to be the owner in fee simple, of the S. E. ¼ of survey No. 621, in block "D", surveyed by virtue

of certificate No. 49, issued to John H. Gibson, situated in Yoakum county, Texas, and containing 160 acres of land, more or less; that he was in possession of said premises on or about said date of November, 20th, 1919, and long prior thereto, and that on or about said date defendants unlawfully entered upon said premises and dispossessed plaintiff of same; that the acts of said defendants have damaged the plaintiff to the extent and amount of the sum of \$100 and their claims to said property constitute a cloud upon the title of plaintiff to said property; plaintiff also alleges that The Leon & H. Blum Land Company, a private corporation, is common source of title, and that the plaintiff and defendants are claiming title to said property under the following respective chains of title from and under said common source to-wit:—The plaintiffs claim and chain of title under said common source is as follows:—

(1) General Warranty Deed from The Leon & H. Blum Land Company, a private corporation, to J. P. Gilliam, dated March 10th, 1902.

(2) Letter Patent from the State of Texas to J. P. Gilliam, dated January 30th, 1907;

(3) General Warranty Deed from J. P. Gilliam and wife, Belle Gilliam, to Otto Stolley, dated December 31st, 1906;

(4) General Warranty Deed from Otto Stolley and wife, Gertrude E. Stolley, to James Fuchs, the plaintiffs herein.

The defendants chain of title under said common source is as follows:—

(1) Quit-claim deed from The Leon H. Blum Land Company to Clyde E. Thomas, dated Oct. 27th, 1916;

(2) Deed from Clyde E. Thomas to J. E. Clark, dated February 6th, 1917.

(3) Special Warranty Deed from J. E. Clark and wife, Dora Clark to E. R. Ferguson, one of the defend-

ants; plaintiff also prays for writ of possession, and for the recovery of damages, and that the claims of the defendants to said premises be cancelled as a cloud on the title of the plaintiff to said premises, and for relief, general and special.

All of which more fully appears from plaintiff's original petition on file in this office.

Herein fail not, but have you then and there before said Court this writ, with your return thereon, showing how you have executed the same.

Witness, S. A. Philquist, Clerk of the District Court of Travis County, Texas.

Given under my hand and seal of said Court in Austin, this 25th day of September, A. D. 1920.

S. A. PHILQUIST,

Clerk District Court, Travis County, Texas.

McGregor for Better Schools

Austin, Texas.—Ex-Senator T. H. McGregor, American Party candidate for Governor of Texas, has come out flat-footed for the proposed educational amendment to be voted on Nov. 2, 1920.

This makes the vote for the amendment unanimous, so far as the aspirants for gubernatorial honors in Texas are concerned, the Hon. John Culbertson, Republican candidate, and the Hon. Pat Neff, the Democratic candidate, having previously given their hearty endorsement.

When asked his opinion regarding the Amendment, Mr. McGregor replied emphatically.

"I favor the educational amendment; will vote for it; and will ask my friends to vote for it."

OPEN GRAVE MYSTERY AS YET UNSOLVED

The mystery of the absence of the body of Bert J. Cochran from the grave at Aspermont, where it was supposed to have been buried last March, remains yet unsolved.

Cochran was supposed to have died at his home near Aspermont. Two men relatives of Cochran, who are now in the Aspermont jail, claim to have prepared the body for burial. Another man who went to the home to take the coffin saw through the window the stark body of a man on some boards placed on chairs, and saw pieces of money on the closed eyes and everything indicating a dead body.

The minister who visited the home saw the outline of the body under the thin sheet spread over it. Several saw the coffin lowered in to the grave and the grave filled. It was bitterly cold at the time and the ceremony at the grave was cut short and the wife of Cochran, who was in bed sick at the time of his death and burial, asked them not to open the coffin at the grave.

Cochran's life was insured for \$10,000 which was collected by his wife, and she has since died. The two men held are charged with unlawfully appropriating a part of this money, by managing the fake death of Cochran, such charges being made by one of the insurance companies paying a claim on the death of Cochran.

Cochran was under indictment in New Mexico for murder and his case was to have come up for trial at about the time of his supposed death.

There is a great mystery about the case. If he died, was he buried, and if buried, who opened the grave and took the body away, and why and when? Was he buried alive and taken up immediately by friends? Was another body used for the burial, and if so, whose was it?

The grand jury of Stonewall county last week had the grave opened and it was then discovered that there was no body or coffin in the grave, but reports so far do not indicate that the mystery is near solution.—Rotan Advance.

Plainview Bank Holds Open House

Plainview, Oct. 18th.—The Guaranty State bank, of Plainview, moved into its modern new banking building, Friday night, and held "open house" all day Saturday, and at night hundreds of people calling during the time. There was a musical program during the afternoon, and also at night.

The building cost \$50,000, and is possibly the finest on the plains. It is of brown brick and marble, and the fixtures are of Italian marble and mahogany. The bank began business just a year ago and now has deposits of more than a half million dollars. O. T. Halley is president and Claude Power, Cashier. The stock is owned by local citizens.

FOR SALE: About 40 head of horses, for cash or good bankable notes; and also some good milch cows and two good second hand saddles. R. O. Wilson.

Cleve Williams and wife returned last week from a visit to relatives in McLean and Crowell. The roads became so bad they had to leave their car and come in on the train.

SAD ACCIDENT AT SLATON

Just after noon Wednesday, three boys were riding on the running board of G. L. Sledge's car as he was en route home from the school building. Just as he was passing the Singleton hotel, it is stated that one of the boys grabbed a cap from the head of Weldon W. Preston, and in an effort to regain it he fell from the car, falling on his head by the roadside. Mr. Sledge immediately stopped his car and went back to where the boy had fallen and administered first aid treatment. The boy was then rushed to Dr. Adams' office and then quickly rushed to a Lubbock Sanitarium, as his condition was considered serious.

Upon X-Ray examination there it was found that his skull was fractured and he passed away at 8 o'clock Wednesday night as a result of his injury.—Slaton Slatonite.

This will be a great convenience for their customers and we are sure that they will appreciate it very much. Manager Fred Smith informed us that it was their intention to put in concrete sidewalks and to put out some shade trees before spring arrives. Without incorporation, none of these conveniences, or beautifying would have been attempted.

We received a program of the fifth Sunday meeting of the Brownfield Baptist Association to be held at Post City, this week, but too late to get in last week's paper, and will do no good this week. Our friend, Rev.

We learn that Mrs. Brock Gist returned last week from Calif., where she has been on a visit, and that her husband stopped over in New Mexico for a few days to look after his land holdings in that State. They have not yet definitely decided as to whether to make California or old Terry home, but we are still betting on the latter.

Miss Florence Brown left Tuesday for Loraine, Texas, where she will visit relatives and friends for a few weeks.

Mrs. A. B. Bynum left Wed. morning for Lubbock, to bring her daughter and little grand-daughter, Mrs. Ola Tinkler, and baby back home with her. Mrs. Tinkler was in one of the Lubbock sanitariums.

Mr. and Mrs. R. H. McCormack are leaving this week for points in Southern Arizona, where they will spend the winter, and if Mr. Mack's health improves, they may make that their

future home, otherwise he may return to Terry, as they still have their property interests here. These are old timers and highly respected citizens of Terry county, and we regret very much to lose them even temporarily.

Crosby County Held Fair

The Crosby County Fair was held at Crosbyton, Friday and Saturday of last week, and while the attendance was not as large as it might have been, the exhibits were most creditable, considering the very short time allowed for getting them together. The produce and the livestock showings were especially fine, and combined with what will be added from Ralls, should make an exhibit at the Dallas Fair that will be hard to beat. The Ralls territory did not have a full exhibit at the fair, due mainly to lack of time.—Ralls Banner.

SEACRAVES SAYINGS

By Reporter.

We have been having some cold weather, but haven't had any frost yet.

Most of the farmers are cutting their feed now, and the cotton will soon be ready to pick.

J. C. Sartin and family went to McDonald, N. M., last Saturday to visit Mrs. Sartin's parents, Mr. and Mrs. Richardson.

Quite a few of the Seagraves people went to Brownfield last Saturday to attend the fair.

J. W. R. Bachman, of Seagraves, and Rev. T. W. Shepherd, of Seminole, left last Tuesday for Clarendon to attend the Annual conference.

They have completed the gin and are busy ginning the cotton now. One bale that was brought in from New Mexico, was ginned last Friday.

Two very interesting basket-ball games were played Saturday between Lovington and Seagraves. The girls played first and the score was 13 to 19 in favor of Lovington. Then followed the boys game, the score being 7 to 17 in favor of Lovington. Pretty good but we will do better next time.

Mr. C. W. Hudson, and family, of Roswell, are here visiting his son, J. T. Hudson and family.

Mrs. T. A. Cartwright returned on Tuesday from Crosbyton, where she has been visiting her parents.

Seagraves is still booming. Mr. Ansley's house has just been completed; three more going up and prospects for two or three more. That is about ten new houses in sight of two months. Mr. R. T. Creil has just completed a six room house about six miles in the country.

Come to Seagraves and watch her grow.

Mrs. Dobbs from Lubbock, came in Saturday to spend a few days with her husband, who is bossing the gin at this place.

The Ladies Home Mission Society is doing splendid work. Last month they made about \$150, paid the church house out and had some left.

Miss Maude Keese left a few days ago for Plains, where she has accepted a position as teacher in the public school.

Mr. Douglass Keese, who has been working at Slaton, came in last week and visited his parents, Mr. and Mrs. E. E. Keese, a few days.

District Court is grinding away at Plains this week. Atty. G. E. Lockhart passed through Tuesday afternoon on his way home to Tahoka, and informed us that there was a heavy docket for that county on tap this time, and that court would likely be in session all week. He said he only had three cases, which were all continued.

CANDIES of all kinds at Brothers & Brothers, and they are fresh too.

District Court convenes here next Monday, Nov. 1st, and it is reported that an unusually full docket will be found. Also, there will be considerable work for the grand jury.

Oscar Lidell, one of the popular hotel men of Lubbock, was here one day this week on business.

Building Merchants

Not Merely Lumber Dealers

By comparison of our business today and the lumber dealers methods of the past, we have reason to feel justly proud of our progress.

Some material firms still cling to the old style of "Board Peddling", feeling that good material at fair prices is all they should give the customer.

But the modern Building Merchant knows that building Service must need be a part of every transaction.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Hughett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Hughett said: "I had been suffering for some time with painful . . . I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on.

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me.

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped.

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Hughett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

SAMUEL SMILEY'S SAYINGS

Q. What do I think of the White Sox players "throwing" the World series last year?

A. The same I think of the leading Republican players trying to "throw" the World Series with Germany.

Q. Who first suggested the slogan "Boys, Get the Money?"

A. I don't know, but in putting it into operation the White Sox beat the Republican Campaign Committee to it.

Q. Is Harding or Penrose the leader of the Republican Party?

A. Penrose is the leader; Harding is the Master-ed mind.

Q. Is Harding a fighter?

A. No; the only thing he ever tried to "scrap" was the League of Nations.

Q. What is Harding's favorite poem?

A. The mountain looked on Marion and Marion looked on the sea.

Q. One friend writes that he wants to ask Senator Harding a question, and asks: "How shall I go about it?"

A. Use the long distance—unless you want to get arrested.

Q. What kind of a League of Nations would Harding be satisfied with?

A. Judging from his speeches and considering the fact that he is a golfer, I should guess that he plans a small League with enough members to make up a "foursome"—say with Uncle Sam, the Sultan of Turkey, the Dictator of Russia and whoever happens to be President of Mexico at the time the game is called.

Q. Why do the Deutschland uber alles boys support Harding?

A. He says that means same as America First.

Q. How does he pronounce it?

A. He says he is not sure about the pronunciation, and you can't blame him—he hasn't been in the brewery business long enough.

Q. How do I interpret his declaration, "America First?"

A. With reservations—America first—to quit.

Q. What do I think of the fifteen former Roosevelt Progressive leaders who have declared for Cox?

A. Americans First.

Q. What is Harding's attitude toward the Progressives?

A. Backward, Christian Soldiers.
