FIRST TERRY COUNTY BOYS TO GO TO CAMP TRAVIS, TEXAS

A REAL OLD TIMER HERE SATURDAY

The writer had quite a little conversation with Uncle John Lovelady, of Post, Texas, just before train time Saturday. Uncle John has quite a nice sheep ranch in this county and comes up occasionally to look after this end of his business. He is still hale and hearty, despite his advanced age, and his mind is as clear as a bell.

Uncle John settled near where Justiceberg now stands in 1874 when this whole end of Texas was a sure Wild West proposition—a howling wilderness, indeed.

He told us a story about a bunch of the young sprouts of that day and himself on a buffalo hunt in those days, and about mid-afternoon one day, these young men, especially one of them became very thirsty for water, but the creek seemed to be as dry as a bone, but he told the boys that water must not be far off as the Indian signs were in evidence around there. Finally, he said, I found the water between two cottonwoods and hailed the other fellows.

Being asked if there was enough water for the horses, he replied: "No; there was scarcely enough for the men. He said the young man that was so thirsty stuck his whole face in the water when he lay down to drink. He said it was only a seep, and afforded little water. The Indians had dug out a small place with their tomahawks."

NEW GIN FOR BROWNFIELD ALMOST ASSURED

We understand that parties have secured the lots where the old school building stood, and will erect thereon a gin plant in time for this season's ginning. We are not at liberty just at this time to give names of parties, but we are to erect it, but we understand it will be a modern plant.

We have one splendid gin in town, but with the cotton acreage increased 75 percent it would be hard for them to handle the crop, or at least many farmers and business men believe it would.

Anyway, this will be another step toward a better town and a better county.

HOMER WINSTON CONCLUDES WAR ARTICLES THIS WEEK

Starting last September of the issue of the 30th of that month, the articles of the war experience of H. R. Winston, our present County and District Clerk have been running every week with the exception of District Court weeks last November, but this issue concludes the series.

The editor, and we are sure the majority of readers of the Herald have enjoyed these articles very much, for they have been told in a frank, everyday way, just as any private in the ranks would have seen it, though they or at least not many of them could have written them as well.

We have seen the raw recruit picked up on the Plains of Texas, sent to Camp Travis, where the peacable but nery western cowboy has been transformed into the greatest fighting machine ever seen.

We see him cross the turbulent Atlantic, far from home and kin and among people whose language and customs are strange, but he gets by and goes up against the steel line of German's veteran soldiers that have had years of training and four years of experience. Yet these boys from our grand old state never flinch, and ever forward is the word. These soldiers from Texas and Oklahoma were never taught the retreat bugle blast, and would not have used it if they had known it.

We are proud of our boys and of their accomplishments, and this includes all our boys of all divisions, whether trained in Texas or elsewhere, and we are sure our readers join us in thanks to Homer for these articles.

We are printing a picture of the first seventeen boys that left here for Camp Travis, the evening before they left. However, only twelve of them are shown here. The middle guy in the front row is the writer of these series of articles.

SCOTT MAY PAINFULLY INJURED MONDAY

Scott May, local manager of the Texas Co., happened to a very serious accident Monday afternoon while engaged in his duties at the plant. While endeavoring to adjust some part of the gasoline engine, which they use for pumping purposes, his coat sleeve was caught in the pump jack, forcing his arm into the machinery, almost cutting it off above the wrist. The tendons of the wrist were severed, drawing up into the arm, thus making it necessary for a split to be made in the arm in order to join the tendons together.

At this writing Mr. May is resting well, and will probably return home today from the sanitarium. We wish him a complete and speedy recovery.

SUNDAY SCHOOL ATTENDANCE

The five organized churches of the town have decided to run their Sunday attendance and collections in the Herald each week, not as a matter of show or rivalry, but to let people know that there are lots of people in Brownfield studying the word of God and they hope that this might induce others that are laying around on the streets Sunday, or into God knows what else, to come out to some of these places and learn something that will be profitable to you in this world and the world to come.

You will have a cordial welcome at any one of the five churches mentioned, to study the Bible with them each Lord's day at 10:00 A. M.

The following was the attendance and collections last Sunday:

Church	Attendance	Offering
Methodist	102	\$4.43
Baptist	63	2.10
Church of Christ	52	3.46
Presbyterian	35	2.58
Christian	35	1.28

Total 287 13.85
Many of the Sunday Schools have many more than this number enrolled and an effort should be made to get them to attend regularly.

CHURCH OF CHRIST

Bible School at 10 A. M.
Morning worship with Lord's Supper and preaching 11 A. M.

Ladies Bible Class each Thursday afternoon at 3:00 and singing each Thursday night at 7:00.

Evening services Sunday night at 7:30 with preaching on the topic: "That which Sustains."

We hope you will arrange to attend these services. We had large and attentive audiences at Gomez last Sunday and a crowded home at Johnson in the afternoon. The good people of Johnson community had a fine dinner at the school house Sunday, and everybody had quite an enjoyable meal.

C. B. Glasgow, Minister.

CHURCH NOTICE

The Christian church has arranged with evangelist F. W. Strong, of Ft. Worth, to hold a protracted meeting in Brownfield, beginning about July 16th, and continuing about three weeks.

District Evangelist Jasper Bogue, of Dalhart, will begin a meeting at the Christian Church, Wednesday night, March 22nd, and will continue about two weeks. There will be preaching each night, and everybody is cordially invited to attend the services.

GOOD SHOWERS

Light to good showers fell all over Terry and adjoining counties Sunday night and Monday. Only one-third inch fell in the Brownfield vicinity, but was heavier north and west. We understand that the Meadow country got from one to two inches, mixed with a goodly amount of hail.

Enough fell in most parts of the county for sod breaking to be started and the crop acreage over last year will be greatly increased.

PROSPERITY

What will bring prosperity to Terry County and put the farmers on top?

Large bunch of chickens on the farm.

Few good milk cows to sell cream from—

Good work mares to raise good colts from—

A fine garden and some good brood sows. Then some corn and cotton. This will put Terry County on TOP.

THE HIGH COST OF TAKING CHANCES

Real estate is the safest of all investments, provided there is no flaw or blemish in the title.

Notwithstanding the small cost and ease with which Abstracts of Title may be secured and the investment thereby safeguarded, there are many instances where the savings of years have been utterly lost simply because the investor was willing to take chances and failed to have an Abstract made.

We cite these facts merely to show how a little neglect may breed a great mischief.

You can't afford to take chances. It costs too much. If you contemplate buying a piece of property don't fail to let us furnish an Abstract of Title from our records.

"GIVE ME A QUART OF OIL"

A CHANCE OR SCIENCE, CHOOSE:

By saying, "give me a quart of oil" you may get the right lubrication, but you are taking a long chance. If you are one of the many who know the satisfaction of using Texaco Motor Oil, we advise you to avoid this careless request. You can obtain the best results by asking for Texaco Oil being particular to specify the correct grade for your car.
