

## Let 1923 be a Bumper

We are laying our plans to have the largest business yet. People flooding to the South Plains are using good judgement, and the ones that demand Magnolia Products are using better judgement. Why not get the best and stay with it, if you haven't used Magnolia Oils, ask the man who has; they all say the same thing; there is a difference and Magnolia has the best. Phone No. 10 your next order and see our blue truck revolute. We give good service with good oils.

### OPEN LETTER FROM THE COUNTY ATHLETIC DIRECTOR

Terry County Herald,  
Brownfield, Texas.  
Dear sir:—  
Please publish the following notice:  
Attention to all schools of Terry County: You will please notify me within the next four or five days whether your school intends to play interscholastic league basket ball or not, so I may and can arrange a schedule. How many would like to eliminate on the percentage basis? How many would like to take the winners from the schools outside of Brownfield and play the Brownfield team for the championship of the county, said game to be played between January 20th and 27th?  
Write or phone me your ideas and suggestions at once, and send your fees to the Interscholastic League at once.  
Yours very truly,  
T. C. Maloch, Athletic Director

### WHY FEED A COW when you can buy milk for less money. Goodpasture Dairy.

### MASS MEETING MONDAY — ANOTHER FRIDAY NIGHT

The school leaders of the Brownfield Independent School District have realized for some time that our present school building is woefully crowded and that something must be done. Right around 450 scholars are now enrolled, and superintendent Rankin is sure that the 500 mark will be passed in the next few weeks. The 12th teacher had to be put on recently, and as consequence, all the auditorium space is now taken. Some sixty odd little fellows are now packed into one room, which is both unsanitary and unlawful.  
The people of Brownfield are almost a unit on more buildings, but how much longer will the district stand \$25,000, \$40,000, \$50,000, or what?  
That was the bone of contention at the meeting. The trustees were not certain about the matter, at the meeting last Monday night, and the meeting by resolution asked the trustees to investigate the matter and report to a like meeting tonight (Friday).  
A high school building is imperative, but we must have time to think and plan for the future. It was that when the present building was completed that we had secured ourselves from crowding for at least five years, but one year saw the present building so crowded that a room had to be made in the auditorium.  
That is the reason that the trustees and patrons want your presence at the school building tonight. With your help and encouragement, they want to do the best thing possible for your children.

### MONDAY WAS MOVING DAY IN BROWNFIELD

Monday was general moving day in the burg, not only among the resident district, but business firms also, and one had a hard job getting a truck for any other purpose.  
Cook & Son moved into the store recently vacated by Bird & Dean in the A. M. Brownfield concrete on the east side of the square. The National Cash Grocery moved into the store of the same building vacated by Cook & Son. Turner Brother have opened a grocery in the building on the west side of the square vacated by the National Cash Grocery.  
Even Uncle Sam joined the move, going from the old location into the A. M. Brownfield concrete facing E. Hardin. Postmaster Price is putting in many new boxes in the new location, and making numerous improvements in handling mail.  
Grady Brown and sister, Myrl, accompanied by their brother-in-law, Frank Turner and wife, went to Laramie and spent Christmas. They report a nice time.

### A PARTNERSHIP WITH YOU

Through a friendly, understanding partnership with this BANK, each individual depositor has at his command courteous, willing and efficient assistance. Our success is contingent upon the success of our customers, consequently we have their very best interests at heart and work for them accordingly.

It is our desire, that during the year 1923, through constructive service, we may assist our customers and friends to build faster and more firmly in business and personal possessions. We cordially invite you to be numbered among them.

### Brownfield State Bank

Brownfield, Texas

CONSERVATIVE— APPRECIATIVE— ACCOMODATIVE

DEPOSITS PROTECTED BY THE GUARANTY FUND OF TEXAS

### CONTRACT LET FOR TWO CONCRETE BUILDINGS

Oscar Covey, local contractor has received the contract for the erection of two concrete buildings on west Hardin street, and just east of the concrete occupied by the American Tailor shop, 25x60 feet each.  
One of these buildings is to be occupied by the Bakery and the other has not been definitely contracted for, we understand. Forms are on the ground the first run will be made by the middle of this week.  
These buildings and grounds belong to Messrs Jack Head and T.M. Flippin. Work on the foundation of the Dr. Peabler brick on the north side of the square was started early this week, and it will be rushed to completion.  
We have it on pretty good authority that another brick, possibly 50x100 with petition, may go up beside this one in the near future.  
The contracted amount of sidewalks were completed this week, but the City Council is only waiting for some more tax money to start the hall to rolling again.  
Brownfield has never had such an era of growth as she will see during the good year 1923.

### CHILD GETS POISONED— RUNAWAY FOLLOWS.

A local physician was called out to Uncle Billie Howard's, Wednesday where a grandchild, a son of Mr. and Mrs. Will Fisher had swallowed some poison tablets.  
The physician soon succeeded in making the little fellow vomit the tablets, and had dispatched a man to town for some more medicine, and before reaching town, he overtook one of the Crawford boys driving a mule team that was a little skittish. Just as he started to go around the wagon, Mrs. Sam Covey and two children in another car, and coming from the opposite direction, started to pass on the other side. This was more than the mules could stand at one time and they bolted.  
One of them landed right into Mrs. Covey's car and kicked her slightly on the neck, but she succeeded in getting both children out, and the car was almost demolished when "Mamie" finally stopped kicking.  
It was fortunate that no one was not seriously hurt.

### LOCAL NURSERYMAN LANDS BIG SANTA FE CONTRACT

John B. King, proprietor of the Brownfield Nursery, has landed the contract with the Panhandle & Santa Fe railroad for 5000 trees to be delivered this season.  
These trees are to be given farmer who have purchased Santa Fe lands in Terry, Gaines and Yoakum counties. It is estimated that 50 trees will be supplied to 100 families.  
This is a distinct compliment to Mr. King and the Brownfield Nursery, as bids were received from some of the largest nurseries in the east, and we are informed that some of them underbid Mr. King. But the Santa Fe railroad is a big business institution, and they take many other things into consideration beside low prices.  
FEDERAL FARM LOANS at 5% per cent interest, and 34 years and six months time on them. For particulars, see C. R. Rambo.

### NOW IS THE TIME TO PLANT TREES

The Brownfield Nursery can furnish you with the following nursery stock, at reasonable prices, all in good condition for early planting. Do not wait until the last minute before planting your trees, start now. Here are some of the things we can supply you with:

Peach, Plum, Pear, Apple, Cherry, Apricot and Mulberry trees, Blackberry, Dewberry, Strawberry and Grape vines. Flowering shrubs, Climbing Vines, and Rose bushes. Shade trees, Nut trees and Evergreens, Hedge plants and Bulbs.

Call and see our stock.

### BROWNFIELD NURSERY

### HERE'S THE CURE FOR TITLES OBSCURE

Let ABSTRACT SPECIALISTS draw an abstract of your title—mark, we say specialists—for only men who are experts and skilled in this work are competent to draw an abstract of your title that will prove worth while.

We've the "know-how" gained by long experience, plus accurate, systematized records, which enables us to get right to the bottom of any property's history. Records which are only possessed by specialists—acquired through years of research, and used only for customers.

Where to get the information about property is quite as important as knowing how to do the work. We are proficient in both respects, as those whom we have served will tell you.

See us now about drawing an abstract that's TRUE and let it work for you.

C. R. RAMBO, Abstracter  
BROWNFIELD, (Terry County) TEXAS

### REMOVAL

This is to notify our friends and customers that we are moving from our present location on the west side of the square, on January 1st, to the present location of A. B. Cook & Son in the concrete building on the east side.

We have appreciated your business very much in 1922 and hope for a continuation of same in 1923. We wish you and yours a Merry Christmas.

NATIONAL CASH GROCERY

R. W. Headstream, Mgr.  
Brownfield — — — Texas

### LEE HIGHWAY DESIGNATED THROUGH FOARD COUNTY

A telegram was received by H. E. Ferguson, president of the Foard County of the Lee Highway Association yesterday from R. H. Coffee, who is now in Washington, D. C., in the interest of the Lee Highway, stating that the Lee Highway had been designated through Wilbarger and Foard counties.  
This will be good news to the people of Crowell and Foard county, as much has been said about this Highway, a transcontinental highway that goes from New York to San Diego, Calif., and is spoken of as one of the principal streets of American. We are indeed fortunate in getting this highway. It will mean as much or more to us than a trunk line railroad.  
Mr. Coffee has been a persistent and untiring worker for this highway ever since he first saw the possibility of its being brought through this county, and to his efforts more, possibly, than those of any other individual, along the credit of getting it designated through here.—The Foard County News.

If Terry County had an R.H. Coffee inside her borders, she would stand an excellent chance for this highway, carrying with it both State and Federal aid—but she hasn't the Coffee. However our business interests ought to be awake to such things.

### CARD OF THANKS

We take this way of expressing to our host of friends our heartfelt gratitude for the many kindnesses and thoughtful considerations tendered us in our recent trouble.  
Mr. and Mrs. J. D. Rankin.

Mrs. Ella Detro, of Post, has been the guest of Mrs. H. T. Seifton during the holidays.

COPYING PAPER at the Herald office, size 8 1/2x14 for 5c per sheet.

### LEGION BOYS STARTED MOVIE LAST FRIDAY NIGHT

Brownfield now has a real movie show. Several have been started here and have either died or the proprietors stopped them just before doing so. The cause of this, we believe, was mainly because of the class of pictures being shown.  
The initial show was given at the hall of the American Legion last Friday night to a good house, and the crowd was profuse in its expressions of pleasure at the high class show that was given, and that fact fairly stacked 'em in there Saturday night.  
The Legion boys, owning their own building, and being free from taxes and revenue to the government, can, and they say will, give high class shows at popular prices.  
But speaking of poor shows not paying, we advance the following reason: The people here coming in from the east are naturally used to good shows and will not go to see a poor one. And the old timers are not half as ignorant as you might think. They have been "around some" as the old saying goes, and besides most of them take or see the big dailies and know what the late pictures are. They know in a minute when they see a picture that is ten years old.

The Legion boys say the people of Brownfield and vicinity are entitled to as good shows as are going, and we bet you the people who go to the shows at all, will patronize them.

### EGGS! EGGS! EGGS!

Feed "Martin's Egg Producer" and get more eggs or your money back. Martin's Roup Remedy cures and prevents disease. Guaranteed by—  
Alexander's Drug Store

Rev. H. H. Bowers, former pastor of the Presbyterian church at this place, but now of Miami, Texas, is here on one of his periodical trips—understood by the citizenry.

### THE HERALD SHEBANG HAD SOME TRIP

"Bright and early" is the way most tales of adventure and travel start out, but our trip to Howard county began early, but not bright, as the wife had us out Saturday morning, Dec. 23rd before day light, and we had arrived at the farm home of Mr. W. J. French, some ten miles south of this place before the sun ever showed its face over the red and eastern horizon. But we were warm and snug in the old Ford sedan and happy on our way, and arrived in the bustling city of Lamesa at 10 o'clock, where we unloaded Mrs. Ditto, who was visiting her brother there for a few days.  
The Dawson county roads were about equal to those of Terry county, but when we struck the Howard County roads, we just fairly flew as the old saying goes. Lumber is being put on the ground and hundreds of new farms put in cultivation all the way from here to the end of our destination. We went through the city of Big Spring about 1 o'clock in the afternoon, and it was crowded with the holiday shoppers.  
At this point we hit the highway or paved road, and the old Ford seemed to want to leave the earth, but we had a puncture, the first serious trouble, just a mile from Coahoma, our destination, but arrived there directly after two o'clock. Some parts of the highway was just being graded, and of course was not as good as where it has settled.

Arriving in Coahoma, our wife's kin in great numbers gave us a hearty welcome, and had a good feed waiting for us, and from then on as long as we stayed, we were never hungry a minute. We found the folks down there in prosperous conditions, they have much more rain than we, and not only made about a half bale of cotton per acre, but plenty of maize to run them—they don't raise much corn. The merchants were doing a rushing business, and prosperity had returned to the country that was almost ruined by the drought of 1917-18.  
Sunday was spent at Moss Springs, four miles south of town, where many other citizens were found, and a good substantial West Texas dinner spread at noon. This place will please any one who wants ruggedness and wild scenery. All trees that grow in that country are there in profusion, with huge rocks seemingly to hug steep inclines from sheer fear that they may be crumbled into powder if they turn loose and thunder toward the bottom of the abyss. Crawling down in and among these huge boulders, one beholds a monstrous cave large plenty to hide several residences, with a large stream of pure water, murmuring and gurgling as it forms into a riverlet and winds its way toward the Colorado river. Moss, as green and enticing as if it were mid-summer, is found clinging everywhere, from which the spring gets its name.  
From there the three car loads of us drove on over to Signal Mountain, which originally was the name of the town of Coahoma. This mountain is kindly segregated from the rest of the range, and is almost perfectly round, but gradually getting narrower as one approaches the top, reminding one somewhat of a large cone. Its top is flat and probably an acre of ground up there and is supposed to be as high as the plains country. It made us dizzy to look up to the top, and we declined all solicitations to try for the top, but the wife and kids scaled it. We contended ourself looking for beautiful pebbles way down where we had to stop the cars.  
The next day we made a trip to the big salt well north of Westbrook, in Mitchell county, which is about twenty-eight miles from Coahoma and saw country on the route that is fit for nothing except to hold the earth together, unless it means to be a real oil region some day, which is very likely. This big salt gasser was developed at about 1200 feet, the water of which is said to be 98 per cent pure salt, and it sure is salt. One can hear its mad roar for hundreds of yards,

## Olivilo Soap

Purchase one bar of Olivilo Soap and you will be convinced of the merits of a soap adopted for this particular country. Larger bars than Palm Olive or Cream Oil and has no superior when tested with other soaps, selling for the same money.

Ask your groceryman about this soap

DISTRIBUTED BY

BOWERS BROTHERS

Located on track east of depot.

## THE EARMING SEASON

Is now here and if you are in the market for plow tools, harness and etc., come in and look over our goods.

We handle the P & O Listers, Sulkys and Disc Plow. If you need repairs for your plows, make list of what you want. We carry P & O repairs in stock. We will get others for you.

The holiday went off nicely here, but it seems that Gomez, usually the quietest of the quiet these days, witnessed quite a fistic bout.

Two young men were caught rifling a cash drawer, Monday, while the proprietor, a local groceryman was moving his stock of goods to another building. A little cash seems to be the ruling evil of some folks.

Tax paying time is here again, and only this month left to get on the right side of the ledger. Also, you will note that the Herald is carrying a long list—1167—delinquent tracts for the Brownfield School District alone.

COME BACK, BOB TOOMBS! If you are going to spend money wretchedly, if you are going to spend it profusely, I wish you to do it anywhere else but within the borders of my own state.

LOST between the residence of J.T. Hamilton and my place, an auto jack No. 14. A. B. Bynum.

E. L. Howard, of Tahoka, is putting the big light plant engine into place this week, and L. H. Plain and another crew are stringing wire on the poles, so it does not look like it will be very long until we can turn 'em on in Brownfield.

Pappy John Powell and mother Kate spent Christmas with their son-in-law, Jessie Hamilton and family, of Plainview, and report a huge time.

THE VALUE OF SALT

Salt may be said to be a panacea, many and varied are its uses. Salt cleanses the palate and furrows tongue, and a gargle of salt and water is often efficacious.

A pinch of salt on the tongue, followed ten minutes after by a drink of cold water, often cures headache. Salt hardens the gums, makes the teeth white and sweetens the breath and proves generally efficient.

Public speakers and singers use a wash of salt and water before and after using the voice as it strengthens the organs of the throat. Salt applied to the scalp or occasionally added to the water in washing, prevents the hair falling out.

Walter Yeiser and family, accompanied by Mrs. Kimard, spent Christmas with Oscar Allen and family of Plainview, they being brothers-in-law.

Old U. Tellem sez:

"I was talking to you last week about barns, and I know that my advise was good, but, don't ever over look the fact, when you building bug begins to buzz, that your wife don't live in a barn. No sir, she lives right in the house that you have provided for her, and most of them live there twenty-four hours a day, three hundred and sixty-five days in the year. A hole in the screen or a leak in the roof are mean things for her to keep seeing and thinking about, besides a lot of other repairs and improvements that you have promised to make. An l 'a stitch in time saves nine' is just as true of a house as of a pair of pants."

"U tell'en shoe; you have a tongue."

LETS START EVEN

The Christmas spirit was fine this year, more friends have remembered us with gifts than we ever expected, it was indeed a Merry Christmas.

Let's go right ahead and get ready for a happy and py s ercus New Year. You have your plans, so have we. We want to start with a clean slate. Don't you.

Quite a number of our accounts are coming due and we want to "mop up" and pay every one of them, and with your assistance we can do that.

Your account may not be over-due and it may be only a small amount, but you know, "little drops of water make the mighty ocean." If you wipe out your endebtedness on our books it will help us to pay the other fellow and he in turn can pay. It is a clear case of "what blesses one, blesses all".

Let us have your check now. It will surely be appreciated and it will help us to get square with the world.

Yours for a paosperous and a happy New Year.

## BRICK GARAGE

The human body is functioned just like a piece of machinery. In order for the different organs to perform their specific duties, they must have the proper food for nourishment, and in time of illness they must be cared for by the hands of the skilled physician. So it is with other machinery.

Give our gas and oils a trial as your car's nourishment and let our mechanics prove their ability as your car's physician.

**GLEN HARRIS, Prop.**  
Phone 118 Brownfield

## SPECIAL THANKS

Go to California for prices of fruit, then let the Little Gem Bakery price Fruit Cakes. 40 cents per pound.

**LITTLE GEM BAKERY**  
Brownfield, Texas

## COTTON SEED For Planting

I have several hundred bushels of well bred, well matured cotton seed, staple of good length and strength, all grown by me in this county this year. Every bale of this cotton sold at a premium at Brownfield. Two well known, big boll varieties. It has taken about 1300 pounds to make 500 pounds of lint. These seed will be handled by Holgate-Edensens Hardware Co., in Brownfield, for me, so leave your orders with them.

**G. W. CHISHOLM**  
I recommend the seed advertised by G. W. Chisholm to be of good staple. I bought 40 bales of cotton grown by him and paid him a premium on staple for every bale.  
**T. I. BROWN**

## STILL DOING BUSINESS

Despite the fact that we are handicapped by having our market moved into the street, we are serving our customers to the best of our ability, and when we get in our new brick, we are going to be better prepared than ever to serve you. Come ahead.

**ENTERPRISE MARKET**  
Earl Anthony, Prop. — Brownfield

## EVEN THE BEES ARE RETURNING TO NORMAL!

Shreveport Times: The recovery of business this year has extended into that mysterious civilization of the insect world—the activities of bees. Bees have speeded up. And the 1922 yield of honey will be a whopper, possibly breaking all records, if the preliminary report to the department of agriculture pan out as expected, and next time Willie spreads honey too thick on his bread or buckwheat cake remember you can check him by telling him this: To make one pound of honey, bees have to carry 37,000 loads of nectar from flower to hive. Infinitely patient and elaborate preparation, then it all vanishes down the human throat in a twinkling. Such is life—nine tenths preparation, one tenth realization. You use the expression, "busy as a bee," but few of us realize just how busy bees really are. They toil from sunrise until the last glimmer of light after sunset. In summer time at the height of their activity, the life of the worker bee is only a matter of two months. They foolishly work themselves to death. And then someone else—man, not a bee—eats the honey. It reminds you of the man who slaves himself into the grave, leaving his fortune to heirs who squander it quickly. With autumn comes rest for some of the bees and death for many. The queen and some of the workers will survive the winter. When next spring comes the workers will house clean the hive and build new comb cells in which the queen
