VOLUME 21

BROWNFIELD, TERRY COUNTY, TEXAS, NOVEMBER 13, 1925

NUMBER 12

ADVERTISERS ATTENTION!

Our new Bonnet-Brown Stereotyping Equipment means greater and more valuable service to you.

Thousands of powerful advertising illustrations and ad copy ideas at your command. You can now make your ads snap with real pulling power.

You are now able to enjoy greater results from your advertisements in the Herald or your circulars by using the new Bonnet-Brown Advertising Mat Service that we have recently installed.

This new service brings us—brand new up-to-the-minute every month—forceful advertising illustrations in matrix form. With our new Bonnet-Brown Stereotyping Machine we can cast plates for you immediately and give you real service.

So, when you have something to advertise, make it pull more business by using these attention-compelling illustrations. You find just exactly what you need in our files.

Bring in the mats you receive from your wholesaler and manufacturer and we'll gladly cast them for use in your advertising.

In addition to furnishing you with illustrations to strengthen your ads, we now supply you with ad copy and ideas for practically every line of business.

These ads are prepared by highly experienced ad writers and assure you real business getting copy and layouts at no extra cost on your part.

It is up to us to see that you get worth while results from every dollar you spend with us, and this is only one of the many ways in which we can render you genuine service.

The above picture shows the new motor-driven saw that has recently been installed in our shop. This completes the equipment that gives us a thoroughly modern shop, fully able to give our advertisers and job printing customers the very best in quality and attention.

You are invited to come in and see our new Stereotyping Machine and Power-saw in operation.

BUILDING TILE GARAGE FOR ED SPEAR

Work was begun recently on a 25 x 40 garage building for the Ed Spear Filling Station, just south and adjoining his drive in filling station, which when complete will give him sufficient room to properly display his line of Overland Cars, which he aims to keep on hand all time if possible.

The building is being erected by Mr. M. V. Brownfield and when completed, though small, will be of modern design, and a nice addition to that portion of the city.

J. O. Hart was in town Tuesday night and announced that he had just finished heading maize.

Armistice Day

"THE STORM" ENJOYED BY LARGE CROWD

One of the largest, if not the very largest crowds that ever attended a lyceum number in Brownfield, were on hand last Wednesday night, Nov. 4th, at the school auditorium to witness the first number of our 1925-26 Lyceum Course, given by the New York players and entitled "The Storm." In fact, the auditorium was comfortably filled and close up we noticed two in many seats, especially among the children.

That the play came fully up to the expectations of the audience, as both a play and the way the artists depicted their rolls, was evidenced by the frequent and hearty applause given, and the many expressions of pleasure and compliments heard after the program was over. Some even went so far as to say they had received the worth of their season's ticket already, and four more good programs are to be had yet.

The Parent-Teacher Association have gone over the top with the lyceum course, and what is made from now on will be pure velvet for the association. The course cost them \$325.00 and they sold enough season tickets and took in enough at the door last Wednesday night to make around \$340.00. It is reported that Miss Mozelle Treadaway alone sold more than \$100.00 worth of season tickets, and received a raising vote of thanks from the PTA.

HAPPY SCHOOL BUILDING NEARING COMPLETION

A. C. Whisenand, contractor for the Happy Schol building, was in town Saturday as the weather was too bad to work on the building, and informed us that the brick work was moving along satisfactory both to himself and the architect, and he expected to finish the work in schedule time.

The Happy community voted some \$10,000.00 for their school building, which, when complete, will not only be modern in every detail, and fully complying with state requirements, but will be a rear joy and pride to that entire community.

TEXAS PUBLICATION HAS WIDE CIRCULATION

Austin, Texas, Nov.—That the Texas ranger, Comic Magazine published by the University of Texas students, is becoming known all over the globe is shown by the fact that subscriptions have been received by many foreign countries including South America, The Canal Zone, Mexico and China, according to Burt Dyke, of Orange, circulation manager.

GINNERS BELIEVE COTTON BADLY DAMAGED

That the cotton crop is badly damaged is the general verdict of the ginners of Brownfield, and while we did not get to see all of them, they are in perfect agreement with the majority of Terry County farmers that the cotton crop is cut half into, and that practically half the cotton crop has been gathered.

Mr. W. B. English, of the English Gin, stated that only lots of sunshine could possibly boost the amount of production to half what was expected awhile, and that rains would lower it. At the very best he believed the damage 25 percent.

A visit to the West Texas Gin Monday morning, at which time we viewed their marvelous new bolie machine, Mr. McKinney, manager of that gin, expressed the opinion that the cotton crop damage from the freeze two weeks ago would run from 25 to 50 percent according to how the weather behaves for the next two weeks.

Mr. McDonald, manager of the Farmer's Gin, expressed the belief that the ginning season is half over.

We failed to see the managers of the other two gins that are running this season but employees of them believed the damage would run high.

We have heard more and more expressions from farmers and others lately that they believed there was something peculiar about the government estimates, some making some very caustic comments. Most of them are agreed, however, that the next congress should stop making crop estimates as there are always chances for leaks, not to say anything about possible sellouts.

Something like 11,200 bales of cotton were ginned in Brownfield last season and more than 13,000 were marketed here. Up to Saturday only a little more than 3,000 bales had been ginned this season in Brownfield as follows:

English Gin	368
West Texas Gin	837
Independent Gin	700
Harrison & McSpadden	525
Farmer's Gin	575
Total	3005

In other words if the opinion of our ginners is correct the crop is almost if not entirely half ginned.

Mrs. Ella Detro, who for a number of years was cashier for the Santa Fe here, and who resigned her position some two months ago, has been induced by the officials to enter the service of the company again and is greeting her host of old friends with the usual smile at the Santa Fe station again.

15,386,000 BALES THIS SEASON IS GOVERNMENT REPORT

New Orleans, Nov. 9.—The New Orleans broke 120 points or \$6 a bale, after the government report was issued estimating the cotton crop at 15,386,000 bales which was larger than the trade expected. Total ginnings report of 11,896,000 bales was about in line with trade expectations. December which traded at 19.80 before the report was issued sold at 18.50 when business was resumed following the report.

New York, Nov. 9.—Cotton futures broke \$5 a bale today on publication of the semi-monthly government report estimating the year's cotton crop at 15,386,000 bales, an increase of 160,000 bales over the estimate of a fortnight ago. December contracts sold down to 19.32 and January to 18.80.

Washington, Nov. 9.—Cotton ginned from the growth of 1925 prior to Nov. 1st, totaled 11,198,660 running bales, counting round as half bales, the census bureau today announced. Ginnings were 9,715,643 bales to that date last year and 7,556,042 in 1923.

BAND FOR MEADOW TO BE ORGANIZED

For the first time there has been talk of organizing a band in Meadow and recently preparations have been made to get it started. With the arrival of Mr. Greer, who is an experienced band leader, and with four or five other experienced musicians around town it will be easy to train in beginners and get things lined up for a god band here.

A few already have instruments and arrangements are being made for more. There will be a band meeting next Tuesday night and all interested in joining should be present at the meeting at Edward's store.—Meadow Review.

JONES COUNTY HAS GREAT JUNIOR COTTON PICKER

According to recent reports, Jones county is the home of the probable world's champion juvenile cotton picker, Leonard McKoy, twelve years old, son of C. F. McKoy, a farmer residing near Hodges in Jones County, picked 581 pounds of cotton in one day. It is reported that young Leonard picked 1,891 pounds of cotton in four days. For the 581 pounds, the greatest days work, he received a bonus of fifty dollars from his father. It is said that "Honest efforts are always justly awarded."—Will C. Brown Jr.

Judge D. J. Broughton has out about 35 bales of cotton.

ARMISTICE DAY PUT OVER IN GREAT SHAPE

Something was said in these columns a few weeks ago about a standard decoration for the city, and that an effort would be made to have it in readiness for Armistice day. This decoration consisted mainly of 6x9 flags on 12 foot poles, set in the concrete curb, and by directly after sun-up the old town was fairly ablaze with the Red, White and Blue.

Not only these flags, but enumerable small ones were in use in window decorations, and many of our stores had window displays in keeping of the occasion that showed the hand of real artists, to mention all of them individually and do justice to them, would take a long time, but they attracted crowds all day, who stood without and admired them. Our merchants certainly ought to be congratulated on their efforts to beautify their store fronts in keeping with one of our greatest holidays.

At about 10:30 in the morning a huge parade started from the school buildings for the business section of the town, headed by Post Commander W. A. Bynum on a prancing horse, who acted as marshal of the day. Next in order came the American Legion, some afoot and some horseback followed by the combined Brownfield and Harley Sadler Bands. And we wished to state right here that the combined band sure did put out some music. They worked together like veterans.

Next came the 600 school students and teachers, all in sections according to grades, and each section with its standard bearer. The smaller children were on large floats which were profusely decorated with the national colors.

These were followed by decorated cars, etc., representing many of the business firms of the town, as well as most of the several social and study clubs, and were admired by hundreds who lined the curb. The parade was about a half mile long.

After circling through the business section of the city, the paraders and spectators formed on the northwest corner of the square, and Prof. Casey who was an overseas Vetran, and wounded in action, delivered what many considered the best oration that has ever been delivered here on such an occasion. What he saw and heard was real, and he knows how to tell it. This followed by the ceremony of flag raising, which was done on a high pole erected the day before for this purpose.

The crowd then disbanded for the time being to reassemble in the afternoon at the school football grounds. The score was 16 to 0 in favor of the Brownfield All-Stars, but the Legion boys are not satisfied and have asked another game to be played Thanksgiving day, at which time they believe they will take it out of the All Stars.

At 6:00 P. M. a banquet was served veterans of the Civil, Spanish-American and World Wars at the Legion hall, and hundreds partook of the big feed prepared by the Auxiliary and other good ladies of the town.

The evening was spent attending the Theatre, where a special was put on for the benefit of the Legion and Auxiliary and old war songs were sung and enjoyed by the whole audience, others attended Harley Sadler's tent show, which is in town.

The day was bright and clear throughout with a rather brisk west wind, and the late-sleepers were awakened before daylight by the booming of fireworks.

DAY LATE THIS WEEK ACCOUNT ARMISTICE

In order that the employees of the Herald, like other working people of the town, might take the day off and celebrate the seventh anniversary of the ending of the world war, in which our own doughboys took such an important part, made up one day late this week getting the Herald to its readers.

We have no apologies to offer for this as all places of business were closed for that day.

Mr. Vernon Davis, a young banker of Tahoka, was a visitor here yesterday for several hours. He was on his way to Seagraves.

YOAKUM COUNTY COMMISSIONER SERIOUSLY ILL

Mr. Dickson, of Yoakum county, came through here Tuesday with Pat McHugh, who is about 70 years of age, living in the Sligo community of Yoakum county, on their way to Lubbock, where Commissioner McHugh will be placed in a sanitarium. They were accompanied by Miss McHugh, niece of Com. McHugh, who came over from Ireland some 17 years ago to make her home with her uncle.

County Judge R. P. Mooreland, of Plains, said that Pat came in to attend Commissioners Court Monday morning and complained of feeling ill and somewhat overworked, and later had stroke of paralysis in Sheriff J. C. Keller's office. He was immediately removed to the residence of Sheriff Keller, and a physician and a Catholic priest from Slaton were called. However, his condition was improving enough Tuesday that it was decided to carry him to Lubbock for treatment.

Pat McHugh came over from Sligo, Ireland some 25 years ago and purchased a body of land in the South-east portion of Yoakum county, and after securing a postoffice, named it for his native town Sligo. He at once became a leading citizen of his community and county, and has been one of its commissioners for about 18 years, and has a host of friends all over this section who hope for his recovery. He was never married.

It is said that his niece is a chip off the old block. She extends the same hearty welcome to all strangers as well as friends who come about the McHugh ranch and no one ever goes away hungry. It is also said that she has a splendid education and moved in the best society circles in Ireland as well as Texas.

SUICIDE VICTIM TO BE BURIED IN LUBBOCK

Funeral services for R. M. Kutch, victim of self-inflicted strychnine poisoning, who died in the basement of the Lubbock County Courthouse, Monday morning at 9:30, will be held Wednesday afternoon at 4:30 o'clock and interment will be made in the Lubbock Cemetery, it was announced Tuesday afternoon at the Hogan-Burrus Undertaking company parlors where the body has been held.

The brother of deceased who lives in Clarendon, arrived here Monday night and arrangements for the funeral were completed Tuesday morning.

The aged man was found writhing in agony in the basement of the court house here immediately after he had taken the poison but he died before medical assistance could reach him.

He has a wife at Lakeside, Arizona, and a step daughter who is attending school in Flagstaff, Arizona but neither of them will attend the funeral on account of the distance according to T. J. Hogan of the undertaking firm.—Plains Journal.

MARRIAGES

Mr. E. B. McBurnett, son of Mr. and Mrs. A. M. McBurnett, and Miss Deotta Pounds, daughter of Mr. and Mrs. L. R. Pounds, drove to the residence of Rev. C. E. Ball, local Baptist Pastor, and were united in marriage about 3:00 p. m. Saturday afternoon. After a short visit with relatives and friends in Slaton, the happy young couple will make their home in Levelland, where Mr. McBurnett has accepted a position with Cicero Smith Lumber Company.

Mr. Joseph E. Patterson, of Gould, Oklahoma, and Miss Velma Montgomery of the Pleasant Valley neighborhood of this county, drove in to the residence of Rev. W. F. Markham the Brownfield Baptist Association Missionary, last Saturday afternoon at about 2:30 o'clock, where they were united in marriage. We understand the young couple will make their home in Oklahoma.

The Monday Review came to us as a "printed-at-home" paper for the first time this week. While smaller than the publication men for it to be in the future, nevertheless, it was newsy, well edited and printed and we think a distinct credit to the little city of Meadow and we hope they give it good patronage.

**S. P. CARLTON OF LORENZO
 KILLED IN CAR ACCIDENT**

Floydada, Texas, November 7.—S. P. Carlton, 40, prominent stockman and deputy sheriff at Lorenzo, Crosby County, was found dead at 5 o'clock this afternoon sixteen miles southwest of Floydada, in the edge of Floyd County.

An inquest was held at eight o'clock to-night at the scene by Justice of the Peace J. C. Gaither, who found that death had resulted from an accident. Carlton's back was broken and he had a slight abrasion about the head.

His body was found under the right side of the car. Carlton had evidently been pulled under the car when the jack that held up the wheel he was repairing slipped out. The car had been haled on an incline.

Carlton was enroute to Floydada to receive 140 head of calves which he had recently purchased.

He leaves a family. The body was taken to his home at Lorenzo. Funeral arrangements had not been announced at a late hour tonight.

The editor was surprised to receive a call Wednesday morning from Associate Editor James A. Greer, of the Meadow Review. We had already noticed that a fellow by the name of Greer was connected with the Review, but we had no idea that we knew him. We knew Mr. Greer some 20 years ago at which time he was Editor and Publisher of the Stamford Tribune. In fact we were one of his country correspondents at that time and our association with him was very pleasant. He was accompanied on the trip by Mr. Edwards, one of the leading dry goods men of Meadow. We are certainly glad to meet him again and to have him a nearby neighbor.

Editor Albert Curry, of the Seagraves Signal, was a visitor in our city Wednesday, on his return home from Lubock where he had been on business.

Quannah—A solid trainload of cement plaster was shipped from a local plaster mill this week. The commodity will be sent by train to Savannah, Georgia from whence it will go via steamship to Florida. Florida is at present buying enormous quantities of cement plaster and West Texas gypsum mills are reaping great benefit from the great building boom in Florida.

EDITOR SMITH TELLS 'EM

WHAT HE IS

We were asked if our paper, The Reporter, was a Democratic or Republican paper and our reply always is just as we stated in our application to the Government for a change in the name of the paper, "it is independent." We never expect to brass collar this sheet to any party. If a good Democrat is running for office we claim as a good republican the right to espouse his cause and if a good Republican is out for office and we see fit to espouse his cause, we do no violence to our standing with the Postoffice authorities. And furthermore, any time we cease to take a stand for the right in politics, as we see it, then we are going to declare ourselves to be Bolsheviks. Every man owes it to his country to take an interest in who shall fill the offices. Too many limber tails have brought us to where we are in Government affairs too often. We are going to be a man or a mouse and when we get to be a mouse we will run in that bunch. We have no deception to practice on anyone. Our religion is Presbyterian. In politics, personally, we are Republican with the right to vote the Democratic ticket in Texas if it suits us. We can be wrong and so can our opponent. We have never fallen out with a man who had the grit to stand for what he believed, no matter how far he differed from us and on the other hand we admired him for being a man. We hate a slacker and hypocrit above all things. A slimy fawning, just a hole in a doughnut with the dough nut eaten away. Just anybody's dog for a thin dime.—Lamesa Reporter.

AN ENGLISHMAN ON PROHIBITION

Mr. H. Ingram, of Oxford, England, writing to The Morning Post of London says:

"I am very much interested in the correspondence regarding prohibition which I find from time to time in your excellent paper. It seems to me that the greatest factor is being overlooked, and that is the 'moral,' and Mr. McConnell is a long way off the truth when he says at the close of his letter today (August 21) that Prohibition cannot be justified on moral... grounds." For the past six years I have lived in New York City and the State of Florida, approximately three years in each. New York City is admittedly the wettest city of America. Florida—thanks to the rum-runners—is also recognized as the wettest state in America. Crossing the Atlantic in April, I saw more drunkenness in nine days than I had seen in the previous six years in the 'wet' places mentioned, and the drinkers were not Americans either, as I went to the trouble of finding out. I see more drunkenness in England in one week than I have seen in the last six years in America. Let the issue be clearly stated. The drink traffic means drunkenness and all its consequent ills. Prohibition takes away this traffic from the nation and not only does drunkenness cease, but every other blessing follows in its train. Let the people choose between these issues."

Mr. and Mrs. Jno. S. Powell returned Friday from an extended trip to Dallas and Fort Worth where they visited their daughter Mrs. A. F. Anderson. 'Pap' says those towns are growing and "every day seems like Saturday" to him, he also stated that the cotton between the Plains and the Cowntown was white as a rabbit's tail, and apparently little effort is being made to gather it. He says the roads in that section are so good that he has come back home a booster for any kind of good road movement whatsoever. Very little car trouble was undergone and their visit, he stated, was a very pleasant one, but that they were glad to be home again nevertheless.

The trustees of the Lubbock Independent School District have called an election for Dec. 5th, at which time they will vote on \$170,000 in bonds for additional school building. Lubbock as well as practically all the South Plains towns has to keep constantly on the hump to provide school facilities ahead of the rapid growth. Pat Murphy and B. B. Curry purchased 800 cows from Nick Alley and will load them at Bovina to be shipped to Seagraves the first of the coming week. They will be pastured west of town.—Seminole Sentinel.

Sweetwater—The Texas Hereford Association held its annual auction sale of registered herefords here. A total of 28 head were sold at an average price of \$293.64 per head. Top was \$725.00 for a bull consigned by D. L. McDonald of Hereford and bought by Mrs. H. C. Merriweather of Alpine. All cattle offered were entered in the Nolan County Fair.

Ransome King, who is attending Tech College, was a visitor with the home folks at the King Hotel over Sunday.

KANSAS PAPER PRINTS NEW SEASON SCHEDULE

Kansas City, Mo., Nov. 7.—The Kansas City Kansan gives the following addition to the text books of Kansas City, Kansas schools for a graphic description of the four seasons, so it says, "that even parents should understand."

Fall—The goldfish are taken out of the pool in the park. Vendors take down the sign, "Ice Cold Drinks," and put up the sign "Hot Chocolate" and dad throws away his straw hat; sister buys a new dress. School bells.

Winter—Revolving doors are put in the city hall and the postoffice and don't work worth a darn; alcohol is put in the radiator; dad puts on his winter underwear; sister buys a new dress. Sleigh bells.

Spring—The revolving doors are taken down; rust drained from the radiator; eggs hatch; worms turn; the goldfish are put back in the pool; dad takes off his heavy underwear and catches cold; sister buys two

new dresses. Wedding bells. Summer—Ice cold drinks; dad wishes he hadn't thrown his straw hat away; sister comes back home and buys a new dress; the weather forecaster begins to make discouraging remarks—hell's bells!

Miss Mona Watson, daughter of Rev. and Mrs. J. P. Watson, who is attending the Texas Technological College at Lubbock, paid the home folks a visit the past week end.

Judge R. P. Moreland and P. G. Stanford, of Plains, were over Tuesday on business.

In conversation recently with A. C. Whisenant, he informed us that they had eaten strawberries, almost any time they wanted them since Easter Sunday, and had made jam out of lots of them, until recently when he had to carry the garden hose off where he is erecting a building. Also to show what a good gardener Mrs. Whisenant really is, a huge beet is on display at the State Bank.

TEXAS FARMERS WARNED NOT TO SNAP COTTON

"Texas cotton farmers are facing heavy losses on the balance of the present crop if they continue to snap the cotton instead of picking it," was the warning sounded to Texas cotton farmers and merchants by M. H. Wolfe Cotton Factors, Inc., of Dallas, in a statement issued Tuesday.

"It is a well known fact that only a few mill can use snap cotton, and with a large quantity of such cotton on the market the price will be reduced to a very low level, perhaps to half the price of picked cotton," the statement continues.

Knowing the situation and with the hope of preserving such heavy losses, we feel obligated to sound the note of warning and urge farmers merchants and bankers all over Texas to avoid such a disaster by using every means to have cotton picked in the usual way, and thus safeguard the financial interests of all concerned."

Put on your old smile bonnet and smile, smile awhile. Crying over spilled milk will get us nowhere. If it was not according to nature or the stars that we get rich this year, it's try, try again.

From 1916 to 1922 Church edifices in the United States increased 19 percent in number, church members 13 percent and church collections 37 percent. While the population was increasing from 1918 to 1922 by 5 percent, public school attendance increased 18 percent, public school expenditures 106 percent and the number of students in Universities, Colleges and Professional Schools increased 72 percent.

Some pert editorial writer and joke-smith wonders why man is so made up and constituted that he cannot see a mogul engine and a flock of forty box cars at a grade crossing while out driving in the open country, and can see a pretty ankle four blocks away in crowded traffic? It is just human brother, and the same thing that causes his sister to look clean through a comfortably fixed business man with a plain business suit on and see a bell bottom jelly bean with 11 cents between himself and the deep blue sea. Just plain human nature,—that's all.

Just because our cotton crop is cut below our expectations is no reason why business should not move along in even tenor, for big crop or no big crop, people have to have the necessities of life and at stated season, notably Christmas, they are going to indulge themselves for a few luxuries. Let us remember that we have feed and to spare and that no money will go out of the county next year for feed, but some may come in for our surplus feed. Let us also remember that we are really better fixed than most sections of Texas; that we have a good underground season to start the 1926 crop. That we have had two dry years in succession and according to all precedents heretofore, we should have abundant season next year, and make an average crop at least.

"I pay cash for ashes" is a slogan being used for advertising by one of our hustling insurance men, and the slogan is both good and catchy for the purpose it is being used, but one that may be too easily misunder-

stood. He does not mean that it would be a pleasure for him to pay cash for a pile of ashes, the leavings of a ruined home or business house that had taken years of hard labor to establish, and one you had carelessly or indifferently exposed to flames. On the other hand even if you do not have plenty of insurance, you should make just as strong efforts to throw safety methods and cautions around the place as if you carried no insurance. Was there ever a burned home that did not contain some heirloom, priceless beyond comparison with money? Then, too, every foot of lumber consumed by flames makes the next foot of lumber just that much higher.

We noticed that an exchange last week, published not far north of Brownfield, denied that there had been any damage in his county by the freeze, which denial is altogether preposterous. The Herald tries to be as optimistic as possible; it fairly delights in boosting the country, but it cannot so disguise the truth as to make any such assertions in the name of boosting especially when such boosting will not help matters. To tell the world right now that we are going to harvest a bumper cotton crop would only tend to lower the price of cotton our farmers will have to sell from now on. Then, too, both those who reside here or those who may come either on a visit or prospecting, will find we lied about matters, and therefore both loose confidence in The Herald and any other paper who puts out such matter. We should remember the old adage that "The truth itself is not believed from one who often has deceived."

DRAGHON BUSINESS COLLEGE DOUBLE HONOR IS ACCORDED

Draghon's Practical Business College, Abilene and Wichita Falls have recently been accorded an unusual distinction by being accredited by two of the largest business training organizations in the south—the Southern Accredited Business College Association and the Consulting Accountants Association and are the only schools in the Southwest to enjoy this double distinction.

The Consulting Accountant's Association is composed of probably the greatest array of business training talent ever brought together in the South. Its hundreds of members in responsible positions throughout the Southland will recognize Draghon's diplomas as the best possible recommendation.

The Southern Accredited Business College Association which has accredited the courses offered by Draghon's is the strongest organization of its kind in the south.

Draghon's also has an affiliated Employment Department with connections in many different states which aids in securing good positions for pupils.—Abilene Reporter.

The wrist watch advertised for in these columns last week was found by Miss Oleta Swan, and owner can have same by calling at the Herald office

MEADOW BRIEFS

By Aesculapias

It has now been two weeks since the big freeze and the farmers are beginning to realize the immense damage done their crops.

The headlines in all the dailies have been telling them that the damage would not be greater than from five to fifteen percent. The Superintendent of the Lubbock Agricultural station is quoted as saying that the damage would not be above five percent. I, of course, don't know how the conditions are around Lubbock but I do know that around Meadow the damage will be around fifty percent. I have sixty five acres in cotton, planted between the first and tenth of June, that gave promise of at least one-third of a bale, and at the present writing I will take the price of three bales of middling cotton. While there are fields of earlier cotton from which some has been picked, the fact remains, that all that had not opened at the time of the freeze will fare quite as badly as my own.

The number of bales ginned to Saturday night, the seventh, was five hundred and sixty bales. This time last year there were over two thousand, put this in your pipe and smoke it, all of you who think there will be a cotton crop here.

The Rev. Carmack, pastor of the Methodist Church here preached his last sermon here Sunday at 11 o'clock and leaves for Conference at Canyon Tuesday morning. He was a good pastor and an able preacher—much above the type that has been sent here during my residence in Meadow. I hope he will be returned if he survives.

After two years among us the Rev. Burnett has resigned his position as pastor of the First Baptist Church of Meadow. The church has grown wonderfully under his charge, more so than under any other pastor. He was a man of strong convictions and above the average for a preacher. I am not advised as to his plans in the future but wish him every success in any field to which he may be called.

Born to Mr. Mrs. George Hardin on the morning of November 9th, a little girl.

Mr. Jim Price, living on the Dick Carruth ranch, had the misfortune to be thrown from a horse Sunday afternoon, suffering a fracture of both bones of the forearm. A compound fracture was the result and he was carried to Lubbock for treatment.

The new printing press of the Meadow Review was busy until well into the night Saturday getting off the first edition in Meadow.

MERKEL DRUGGIST WON'T SELL JAKE

The three drug stores in Merkel have signed an agreement that their stores will not sell or have anything to do with the sale of "Jake," Nitro or other high percent alcohol beverages, believing such sale to be detrimental to the patrons and the community.

City Marshall W. N. Hall carries the agreement to the stores and is a great measure responsible for their cooperation. The druggists have agreed to the publication of the signed agreement.—Merkel Mail.

Editor Harvey Blackstone got his first paper out at home last week. We hope the Review many days of usefulness and prosperity, and not only a pleasure to editor Blackstone but to Meadow and Terry County.

Weak In Back and Sides

"Before the birth of my little girl," says Mrs. Lena Stancil, of R. F. D. 2, Matthews, Mo. "I was so weak in my back and sides I could not go about. I was too weak to stand up or do any work. I felt like my back was coming in two. I lost weight. I didn't eat anything much and was so restless I couldn't sleep nights. My mother used to take

CARDUI For Female Troubles

so I sent to get it. I improved after my first bottle. Cardui is certainly a great help for nervousness and weak back. I took six bottles of Cardui and by then I was well and strong, just did fine from then on. Cardui helped me so much. Thousands of weak, suffering women have taken Cardui, knowing that it had helped their mothers or their friends, and soon gained strength and got rid of their pains. Cardui should do you a lot of good.

 'Service' is Our Motto

IT DOES NOT APPLY TO ABSTRACTS OF TITLE
 We mean the popular saying "What you don't know won't hurt You."
 It won't hurt you as long as you don't know it, but if it's a cloud on the title, "There'll come a time some day" in the words of the song, when you want to sell your property, and the other fellow (if he takes it at all)—will want a big chunk off the price to offset the cloud.
 At that time you will bitterly appreciate the value of an abstract which shows the truth, the whole truth and nothing but the truth, about your title.
 And you want to be sure that the clouds you know about are All there are.
 No one in this country is so well equipped to furnish the complete, unassailable, unshakable truth about a title as we are. If you buy and sell property, you ought to know us, and we ought to know you.
 You are cordially invited to call at my office.

THE REAL DANGER— OUR OWN APATHY

The statement has been made that American politics will show a growth of Communist sentiment in the near future.

No communist or socialist can present a program for government that will compare with the one we now have. But if we sit idly by and fail to meet the arguments of communists and socialists, with facts which will puncture their visionary schemes, then the safety of our nation is at stake. If we minimize the influence of the agitator, he gains strength merely because his statements are not answered.

Nether socialism nor communism can gain a lasting foothold in this country if we all do our duty in broadcasting the tenth part of the advantages under our present form of government, which has proven its self far superior to any plan yet offered that will change its basic principles.

Communism and socialism can only point to a long record of failures with resulting misery to the deluded followers of such teachings.

Under no other government in the world have the masses of the people been given such equal opportunities as in America. With 16,337,605 electric light and power customers, 15,000,000 automobiles, 14,000,000 telephones, 9,000,000 phonographs and 3,500,000 radios, 110,000,000 Americans enjoy more of these modern conveniences than the people of all other countries combined. What we consider necessities are usually classed as luxuries by the rest of the world.

It is not just by chance that America has such things in the largest quantities for common use. It is here and here only that the individual enjoys the greatest freedom for developing ideas, energy, ambition and initiative. The result has been a growth unprecedented in the world's history.

The best program yet offered by socialist or communist leader not only fails to add in any manner to the advantages and freedom under which Americans have lived for some hundred and fifty years, but it actually reduces, in a large measure, the liberties and protection guaranteed to rich and poor alike by our Constitution.

Every citizen should know these facts and thousands of others like them, we should present them whenever possible to counteract serious proposals which if not defeated, can undermine the strongest governmental structure that exists today.

LEHMAN PREPARES FOR CELEBRATION OF NEW RAILROAD

John H. Pierce, townsite agent for Lehman, was in Lubbock Monday visiting R. J. Murray, land commissioner for the Santa Fe and townsite manager for the company in each of the new towns on the Doud line of the Santa Fe.

Mr. Pierce stated that there is much activity in development of all of the country west of Lubbock to the New Mexico line, especially along the new Doud line which is near completion.

That Lehman will prove a second Lamesa was expressed by Mr. Pierce here yesterday.

Pierce stated that Lehman is in readiness for the big celebration that will be staged shortly following the completion of the railroad. A mammoth crowd is expected, according to Mr. Pierce, and every possible effort will be made to show all visitors a good time.—Lubbock Avalanche.

REAL MONEY PROPOSED

A gold-silver dollar with silver enough to take most of the wear and gold enough to give intrinsic value without the objectionable silver dollar size and weight, is said to be under consideration by the Treasury Department. The new silver-gold alloy would give a coin of distinctive color, portable size and convenient to handle and carry.

The public is constantly told that our precious metal mining industry is declining. No better step could be taken to encourage it than to again popularize the use of metal for monetary purposes. Industrial activity all over the world is putting lead, zinc and copper mining back on its feet. By circulating more real metal money and less paper, the dwindling supply of precious metals will be augmented by increased prospecting and production.

W. P. Forbes, of the Pleasant Valley community, was in one day this week an announced that while the freeze hurt him he would make as much cotton as he figured he would back in the summer, which we now remember as about 25 bales.

Boone Hunter got an arm fractured one day last week while practicing football with the Legion boys, as he was one of their men to play here Armistice Day. Of course he will be out of the game that day.

C. F. Holt, one of the old timers of this section of the plains was a recent visitor to the Herald office.

 5. "Civic obligations we students are bound to respect"—Fay Brown.
 6. Special Program.

NOTICE OF TRUSTEE SALE

Whereas, by deed of trust dated 1st day of March, A. D. 1921, and recorded in book 6, pages 198-120 of the Deed of Trust Records of Terry County, Texas, D. S. Cunningham conveyed to G. E. Lockhart, and his substitutes, as trustees, all the property herein after described in trust to secure the payment of One (1) note of the principal sum of Eight Thousand (\$8,000.00) Dollars, dated March 1, A. D. 1921, payable March 1, A. D. 1926, to the order of Otto Stolley, with interest from date until maturity at the rate of Eight (8) per cent per annum, payable annually and providing for the usual Ten (10) per cent attorney's fees if placed in the hands of an attorney for collection after maturity, and providing that all past due principal, interest and attorney's fees, shall bear interest from the time due until paid at rate of Ten (10) per cent per annum, and executed by the said D. S. Cunningham.

And, whereas, the said interest on said note amounting to Six Hundred and Forty (\$640.00) Dollars due and payable on the first of March A. D. 1925, has not been paid, and there is now owing on said note said interest of Six Hundred and Forty (\$640.00) Dollars, together with Ten (10) per cent on this amount from the time due until paid.

And, whereas, the said Otto Stolley, did, on the 5th day of May, A. D. 1921, transfer said above described note and deed of trust lien above described to Estelle Lewright of Travis County, Texas, by transfer duly executed by the said Otto Stolley by his attorney, in fact Ed. H. Yeiser, which said transfer is recorded in deed records of Terry County, Texas, Volume 19, Page 241.

And, whereas, Estelle Lewright, the holder of said note has demanded payment of said interest since the maturity thereof, and the payment hereof not having been made, the holder of said note has heretofore requested the said G. E. Lockhart the original trustee in said deed of Trust, to advertise and sell the hereinafter described lands in accordance with the terms of the aforesaid Deed of Trust, but that the said G. E. Lockhart has declined and refused so to act.

And, whereas, Estelle Lewright, the holder of said note has heretofore appointed me, substitute trustee under the powers given in said Deed of Trusts.

And, whereas, the said holder of said note has demanded payment of said interest since maturity of same, and that payment thereof not having been made, the said holder of said note has requested me, the said J. H. Edwards, as substitute under said Deed of Trust to proceed to advertise for sale by posting notices as required by law, and advertising same as required by law, the property hereinafter described, and to sell said property in accordance with the provisions of said Deed of Trust for the payment of said note, the costs and expenses of executing this trust.

Therefore, I, the said J. H. Edwards, as substitute trustee under said deed of trust by virtue of and in accordance with the powers and provisions of said Deed of Trust conferred upon me, and by such appointment as substitute trustee will proceed to sell all

The Federal reserve Board announces that savings deposits in 902 representative banks showed an increase from July 1, 1924 to July 1, 1925 of \$533,368,000.00. A general increase in retail trade is also noted.

BRETHERN—LET'S HAVE A PRAYER SERVICE

We heard a story a few days ago that carries a fine moral—a moral we'd like to see a number of our readers around Brownfield heed. It was about a preacher who said at the close of his sermon: "Let all in the house who are paying their debts stand up." Everybody in the church, with the exception of one man, stood up. The preacher seated them and then said: "Now let everyone who is not paying his debts stand up." Then the one man who had remained seated—a care-worn fellow, wearing last spring's suit, slowly arose to his feet. "How is it my friend that you are the only one in town unable to meet your obligations?" ask the preacher. And the man replied: "I run a newspaper and the brethren who stood up are all my subscribers and haven't settled for their subscriptions." And the preacher hurriedly said, "let us pray."

A SUGGESTION TO TAX VOTERS

Farm & Ranch is not interested in personal politics, but believe in good government National, State, County and City. It believes that the only way to have good government is to put into office good men with a capacity for Government and willing to sacrifice personal business in order to serve the people.

Shortly after January 1, candidates galore "at the solicitation of many friends?" will announce for office. In due time they will take the stump and detract the attention of the voters from their own shortcomings by abusing their opponents. If the experience of other political years is repeated, that will be what is usually known as a "hot campaign" which will probably end by putting into positions of great trust and responsibility men who are without capacity or qualification for office.

Let us turn over a new leaf in Texas. Let us refuse to listen to the political spell-binders and chronic office seekers, and select men of vision who are known to be capable; who have business capacity and whose patriotism and honesty are unquestioned even by their worst enemies. If such men do not offer for service and not many of them will, let us go out and draft them. Let us put Texas back on the map as the best governed State in the Union.—Farm & Ranch.

It is reported here that Mrs. Lee Walker is seriously sick at Mineral Wells, where she has spending most of her time for the past several years trying to recuperate her health. The Children all left last week to be at her bedside. We hope to be able to report her mending before many days.

Mrs. J. T. Hamilton has been ill for the past two or three weeks, but we understand that she is on the mend.

The Pentecostal people are holding a revival at the Challis School house this week.

Jack Bryan and family have moved back to their ranch 12 miles south of town from Seminole.

"THE GOLD RUSH" IS CHAPLIN'S GREATEST

Though a new note is sounded in the showing of Charlie Chaplin's new nine reel comedy feature photoplay, "The Gold Rush," described as the greatest of all Chaplin comedies—the public will see also all the Chaplin tricks that has put this star in a class by himself.

"The Gold Rush," a United Artists Corporation release, which is scheduled as the feature attraction for the Rialto Theatre next Monday, Tuesday and Wednesday, is described by those who have seen it as far and away the best piece of work Chaplin has ever done; and by far, the funniest.

It also presents a biographic symbolization of the real Charlie Chaplin; his life from the days of an unknown to the best known man in the world is portrayed between a range of deep pathos and hilarious comedy against a background of hardships as one of the gold seekers in the early stampede days in the frozen wastes of Alaska.

A new note in comedy dramatics is sounded; an advanced departure in character portrayal and delineation is revealed with Chaplin in "The Gold Rush." But, in addition, there is the Charlie of old—the Charlie of the little derby, the trick cane, the baggy trousers, the little mustache, the sloppy shoes and the funny walk. All of Chaplin, and a lot more is to be found in this new picture.

L. B. HOWARD TO ENTER BUSINESS AT MERKEL

We are informed that Mr. L. B. Howard, who for the past year has been manager of the Jones Dry Goods Company at Hamlin, has purchased the L. J. Renfro Tailoring business, located on front street, and in addition to operating this business, will immediately add a new and up-to-date line of Gen's Furnishings.

Mr. Howard is well known here, is a capable and hustling young man, very progressive and always interested in the advancement and upbuilding of his town and community in which he may be located, and will no doubt make a success of the business in which he is about to engage.

Mr. and Mrs. Howard will move back to their home on Oak street, which they have owned for some time, and will be welcomed by their host of good friends in and about the city. —Merkel Mail.

DEE ELLIOTT, Prop.

UNDEMOCRATIC, UNREPUBLICAN AND UN-AMERICAN

Congressman Lorier, Democratic member from Missouri, in a recent statement on tax-exemption said: "The policy of exempting any securities from their proportion of the tax burden is undemocratic, un-republican, un-American and a vicious form of Governmental favoritism. It tends to create a privileged class, which is antagonistic to the basic principles on which our Government is founded. It strikes viciously at our progressive income tax system, in that it permits a comparatively few individuals with large incomes to escape their quota of taxes and correspondingly increase the burdens of those who have moderate incomes."

Miss Violet McBurnett has entered Draughtons Business College at Abilene for a course in Bookkeeping, Shorthand and Typewriting.

Cisco—The most unique fish hatchery is to be built at lake Cisco by the State Game, Fish and Oyster Commission. Contract has been let for the first unit, and when complete will represent an investment of \$30,000.00. The unusual feature rests in the fact that the hatchery is to be built inside the big dam and it will enable the plant to turn out millions of fish, rainbow trout, yellow cat, bass, beam and crappie will be propagated.

Rev. J. P. Watson left Tuesday morning for Canyon to attend the Northwest Texas Conference of the Methodist Church South, which is in session this week.

Aspermont—The Stonewall County Chamber of Commerce held a business and social meeting here. The West Texa Chamber of Commerce was represented by E. H. Whitehead, publicity manager, who made an address. J. H. Squires, special agent for the Westchester Insurance Co. of Dallas, also spoke. H. F. Grindstaff is president and Bob Robertson is secretary of the Stonewall County Organization.

John Scott, circulation manager of the Lubbock Morning Avalanche, was in our city yesterday on business connected with his department of that paper.

L. C. RIORDAN DENIED APPEAL

The Court of Criminal Appeals over-ruled the appellant's motion for re-hearing in the case of L. C. Riordan was tried for killing T. E. Moon, of Seagraves, on the steps of the courthouse in Sterling City on April 30, 1921. Moon and Riordan were in a lawsuit over a cattle deal. Riordan was tried on a charge of murder at San Angelo and given a sentence of ten years in the penitentiary, but Wednesday's decision means that the sentence will have to be served.

Assistant Postmaster A. L. Burnett visited relatives in Lubbock Armistice day.

You often hear the expression, "two lovers with a single thought." We had two preachers visit us the past week with a single thought. They were Revs. C. E. Ball and W. F. Markham, and each had married a couple within a half hour of each other, and both arrived at the Herald office at the same time to report.

Rev. D. D. Johnson, of the Lahey community was a pleasant caller at the Herald office the past week.

Brownfield theatre-goers have had plenty of entertainment this week. The Gulf Coast Minstrels played an engagement at the Rialto Theatre Monday night to their entire satisfaction. Harley Sadler's group of popular players have been entertaining them all week with his usual good line of repertoire and musical comedy, and the Rialto Theatre cooperating with the American Legion on a benefit show of "Zander the Great" Armistice Day pleased all those who saw it.

Dick Harbin and wife came in this week from a visit to relatives and friends in Eastland and further east counties; Van Zandt, presemably. At least Mrs. Harbin refused to be interviewed and we figured that was the place visited.

Plainview—The highway from Lubbock to Canyon, a distance of 115 miles is to be oiled by the State Highway Department. The entire road will be graded and rolled and treated with special asphalt oil by a method similar to that employed in Illinois. Cost of the work is estimated at \$1,000 per mile and will be paid for with road maintenance funds. If this proves successful a number of Panhandle Highways will receive treatment.

Miss Belle Williamson, employee of the Herald, happened to a very painful, though not serious, accident Thursday afternoon when she caught her fingers in a job printing press at the Herald office.

Robert Lee—Preliminary steps looking toward the great Colorado river irrigation project in this county were taken at a meeting here. Porter A. Whaley manager of the West Texas Chamber of Commerce, Gib Gilchrist and J. Nagel prominent engineers and a Coke County Citizen spoke on the project. An extended discussion was held and another meeting to be held here Nov. 14, when Frank Kell, C. M. Caldwell, A. Lincoln Fel-lows, Porter Whaley and R. O. Lee with other prominent builders will discuss the project thoroughly with Coke county property owners and a definite decision will be reached as to whether the project will be pushed.

Texas leads all the states in numbers of beef cattle, mules, sheep and goats.

Three fourths of the total electric generating capacity in Texas is inter-connected.

Crude petroleum to the value of a billion and a half dollars has been produced and marketed in Texas.

Texas plants extract 186,571,000 gallons of gasoline from natural gas each year. The gas is better fuel afterwards.

Adjournment.

Lubbock—A whirl wind campaign for \$6,000 dollars is being waged by the Lubbock Chamber of Commerce to pay off outstanding debts and continue operations until Jan. 1st. An election will be held before January 1st to vote an amendment to the city charter providing for the Board of City Development.

BELIEVES TEXT BOOK COMMISSION DID WISE THING

The commission made no explanation as to whether the elimination was made on account of treatment by the author of evolution as a fact or as only a theory. It was the commission's desire to have the subject of evolution kept out of the school books used in the public schools Texas.

We are certainly delighted to see those in charge of this department of the educational system in Texas taking a firm and un-hesitating stand on a subject that at least some of the Christian schools have been pussy-footing about for several years. Unless those in charge of our denominational institutions are not more prudent along this line than some of them have been in recent years, the old war cry of the christian school presidents and promoters that our children were safer with them than with the state schools will be a falsehood and a mockery. Personally we would like to see all the advocates of the monkey theory and all the self-confessed members of the prehensile-tailed tribe herded together and forced to build and maintain their institutions of learning, advertising them as the places where the descendants of monkeys make up the faculty and where only those who want to be made monkeys of should attend. We understand that it is said that one can believe in his monkey ancestry and still be a christian and a great scholar, but it is apparent that in many of these great institutions where evolution is the prevailing idea, that greater efforts and more energy and enthusiasm is manifested in making acrobats of our young men and women than in making cultured and refined christian ladies and gentlemen. Which is not strange when you recall that the monkey is one of the greatest little acrobats in the jungle or out of it.—Jayton Chronicle.

We learned late this week that Mr. Carl Aker, plasterer of this city, and Miss Alma Daughery, a Lubbock chiropractor, were married Saturday night at Tahoka, and immediately went on to Big Spring. They returned here yesterday but have announced no plans for the future.

Dr. T. P. Miles is up this week from Waco, looking after property interests here. He reports the freeze damaged the crops on his farms here considerably.

Dr. Graves returned one day last week from Oklahoma, where he went on business and to visit old friends.

SHERIFF'S SALE

The State of Texas; County of Terry:

Whereas by virtue of an order of sale, issued out of the District Court of Potter County, Texas, on a judgment rendered in said court, on the 26th day of August 1925, in favor of J. Levy, plaintiff and against Mary Morris, wife of C. K. Morris deceased, Minnie Simmons, Paul Simed, Jess Morris, Elsie Hess, Viola Edmons, Paul Simmons, Nannie Morris, Verner Wilson Morris, Eldon Morris, L. E. Morris, and the unknown heirs, and their heirs and legal representatives of all above named defendants, and the unknown heirs and legal representatives of said C. K. Morris deceased, as defendants in cause No. 4471 on the docket of said court, and to me as Sheriff, directed and delivered; I did on the 4th day of November 1925, at 2 o'clock, p. m. levy upon the following described tract and parcel of land, situated in the county of Terry and State of Texas, and belonging to the said Mrs. Mary Morris and the other above named defendants and the heirs and legal representatives, to wit:

All of Survey No. 15 in Block T, Cert. No 8, D. & W Railway Co. original grantee containing 640 acres of land, same being located about 12 miles miles South-east from the town of Brownfield and generally known as the Edwin Groves place. Situated in Terry county, Texas.

And on the first day of December,

1925, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the courthouse door of Terry county, I will offer for sale and sell at Public Auction, for cash, all the right, title and interest of the said Mary Morris, and each of the other above named defendants, their heirs and legal representatives, in and to said property.

Witness my hand this November 4th, 1925.

F. M. ELLINGTON,
Sheriff, Terry County, Texas.
By J. N. LEWIS, Deputy.

TRUSTEE'S SALE

Whereas, by Deed of Trust dated the 25th day of June, A. D. 1923, and of record in Volume 7 page 502 of the Deed Records of Terry County, Texas, L. C. G. Buchanan and wife, Sue G. Buchanan, conveyed to G. E. Lockhart, and his substitutes, as Trustees, all the property hereinafter described in trust to secure the payment of One (1) note for the sum of Three Thousand, Two Hundred and No-100ths (\$3,200.00) Dollars, dated June 25th, A. D. 1923, payable Five (5) years after date to the order of Otto Stolley, with interest from date until maturity at the rate of Eight (8) percent per annum, payable annually, and providing for the usual Ten (10) percent Attorney's fees if placed in the hands of an attorney for collection after maturity, and providing that all past due principal, interest and attorney's fees shall bear interest from the time due until paid at the rate of ten (10) percent per annum, and executed by the said L. C. G. Buchanan and wife, Sue G. Buchanan.

And, Whereas, the said interest on said note amounting to Two Hundred Fifty Six and No 1-100 (\$256.00) Dollars due and payable on the 25th day of June, 1925, has not been paid, and there is now owing on said note said interest of Two Hundred Fifty-Six (\$256.00) Dollars, together with the ten (10) percent interest on this amount from the time due until paid.

And, whereas, the holder of said note has demanded payment of said interest since the maturity thereof,

and the payment thereof not having been made, the holder of said note has heretofore requested the said G. E. Lockhart, the original trustee in said deed of trust to advertise and sell the hereinafter described lands in accordance with the terms of the aforesaid deed of trust, but that the said Lockhart has declined and refused so to act.

And, whereas, Otto Stolley, the holder of said note has heretofore appointed me to substitute trustee under the powers given in said deed of trust.

And, whereas, the holder of said note has demanded payment of said interest since maturity of same, and that payment thereof not having been made, the holder of said note has requested me, the said J. H. Edwards, as substitute trustee under the deed of trust, to proceed to advertise for sale, by posting notices as required by law and advertising same as required by law, the property hereinafter described, and to sell said property in accordance with the provisions of the said deed of trust, for the payment of said note, the costs and expenses of executing this trust.

Therefore, I, the said J. H. Edwards, as substitute trustee under said deed of trust by virtue of and in accordance with the powers and provisions of said deed of trust conferred upon me and by such appointment as substitute trustee, will proceed to sell all of survey No. 133, in Block D-11, surveyed by virtue of certificate No. 46, issued to D. & P. R. R. Co., containing Six Hundred and Forty (640) acres of land, more or less, situated in Terry County, Texas, and being the same patented to F. W. Colby by patent dated April 20th, 1880, by patent No. 3, volume 57, and of record in book 15, page 441 of the Deed Records of Terry County, Texas at the Courthouse door in Brownfield, Terry County, Texas, to the highest bidder for cash at public auction, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on the First Tuesday in December, A. D. 1925, the same being the first day of December, A. D. 1925.

Witness my hand this the 31st day of October, A. D. 1925.

J. H. Edwards, Trustee. (11-23)

Foot Troubles?

FREE DEMONSTRATION
Thursday, November 19

Seven persons out of every ten have some form of foot trouble. It may be weak or broken-down arches, weak ankles, corns, callouses or bunions or probably a case of tired, aching, painful feet. Regardless of what may be the nature of your suffering, you will find quick and permanent relief, this week, at our Foot Comfort Department.

Foot Comfort Experts Serve You
For the benefit of all foot sufferers, this week we have arranged with The Scholl Mfg. Co., for the services of one of Dr. Scholl's most skilled demonstrators, who will be at our store to give free foot comfort demonstrations on the above date. Every sufferer should take advantage of this exceptional opportunity.

Free Podo-graph Picture Made of Your Feet
In a few seconds' time, without removing the shoe, he can make a photographic print of your foot that positively shows if you do have foot troubles and to what stage the trouble has progressed. This service is absolutely free and places you under no obligation whatever.

FREE SAMPLES
Do you want to know how to stop itching instantly? Come in and get a sample of Dr. Scholl's Zin-ox-ide. They remove the cause of corns—friction and pressure. It is antiseptic, healing.

Bring your foot troubles to our store during this demonstration and learn the wonderfulness of foot comfort.

Collins Department Goods
