Chamber of Commerce CURRENTS By the Secretary

Last week it was stated that drafts for March dues would be drawn on the 8th and afterward on the second day of each month on those who were on the active list of Secretary Copeland. The drafts have been drawn and it is hoped that they will be honored.

A committee will call on citizens who are not members within the next few days.

The directors had a meeting Tuesday night and decided upon a part of the year's activities. Two members were added to the board: Guthrie Cook and Morgan Copeland.

The first monthly luncheon for all members will be given on next Monday night at 7:00 p. m. Plates 50 cts each and an interesting program is promised. These will be repeated throughout the year on each third Monday night. Notify the Secretary if you can attend.

Weekly community trips will be commenced shortly, the first one some night next week. The community to be visited will be notified in due time. Every citizen invited to go with us.

The county fair will be held this year but dates have not been selected but will be placed in time to cover the South Plains and Dallas Fairs, maybe others.

A delegation will attend a district meeting to be held in Tahoka March 16th for the purpose of taking such steps as are necessary to hold the designation of the Fort Worth and Roswell Highway on its present line. Delegations from Yoakum, Garza and Kent will be in attendance. Crank up old fiddle and make the trip.

A committee has been appointed to pass on applications for charity or donations.

W. S. CROWDER ASKS FOR OFFICE OF COUNTY COM.

To the Voters of Precinct No. 4.

After reconsidering my decision of three weeks ago, I have decided to announce my candidacy for the office of Commissioner of your Precinct, subject to the action of the Democratic primary, and do so realizing the deep responsibilities the office carries with it.

I have had some experience in road building, and if elected it will be my desire to serve to the utmost of my ability, and as I think and see best for the people of our county.

Very respectfully,
W. S. Crowder.

R. A. CREWS FOR WEAIGER AT WELLMAN

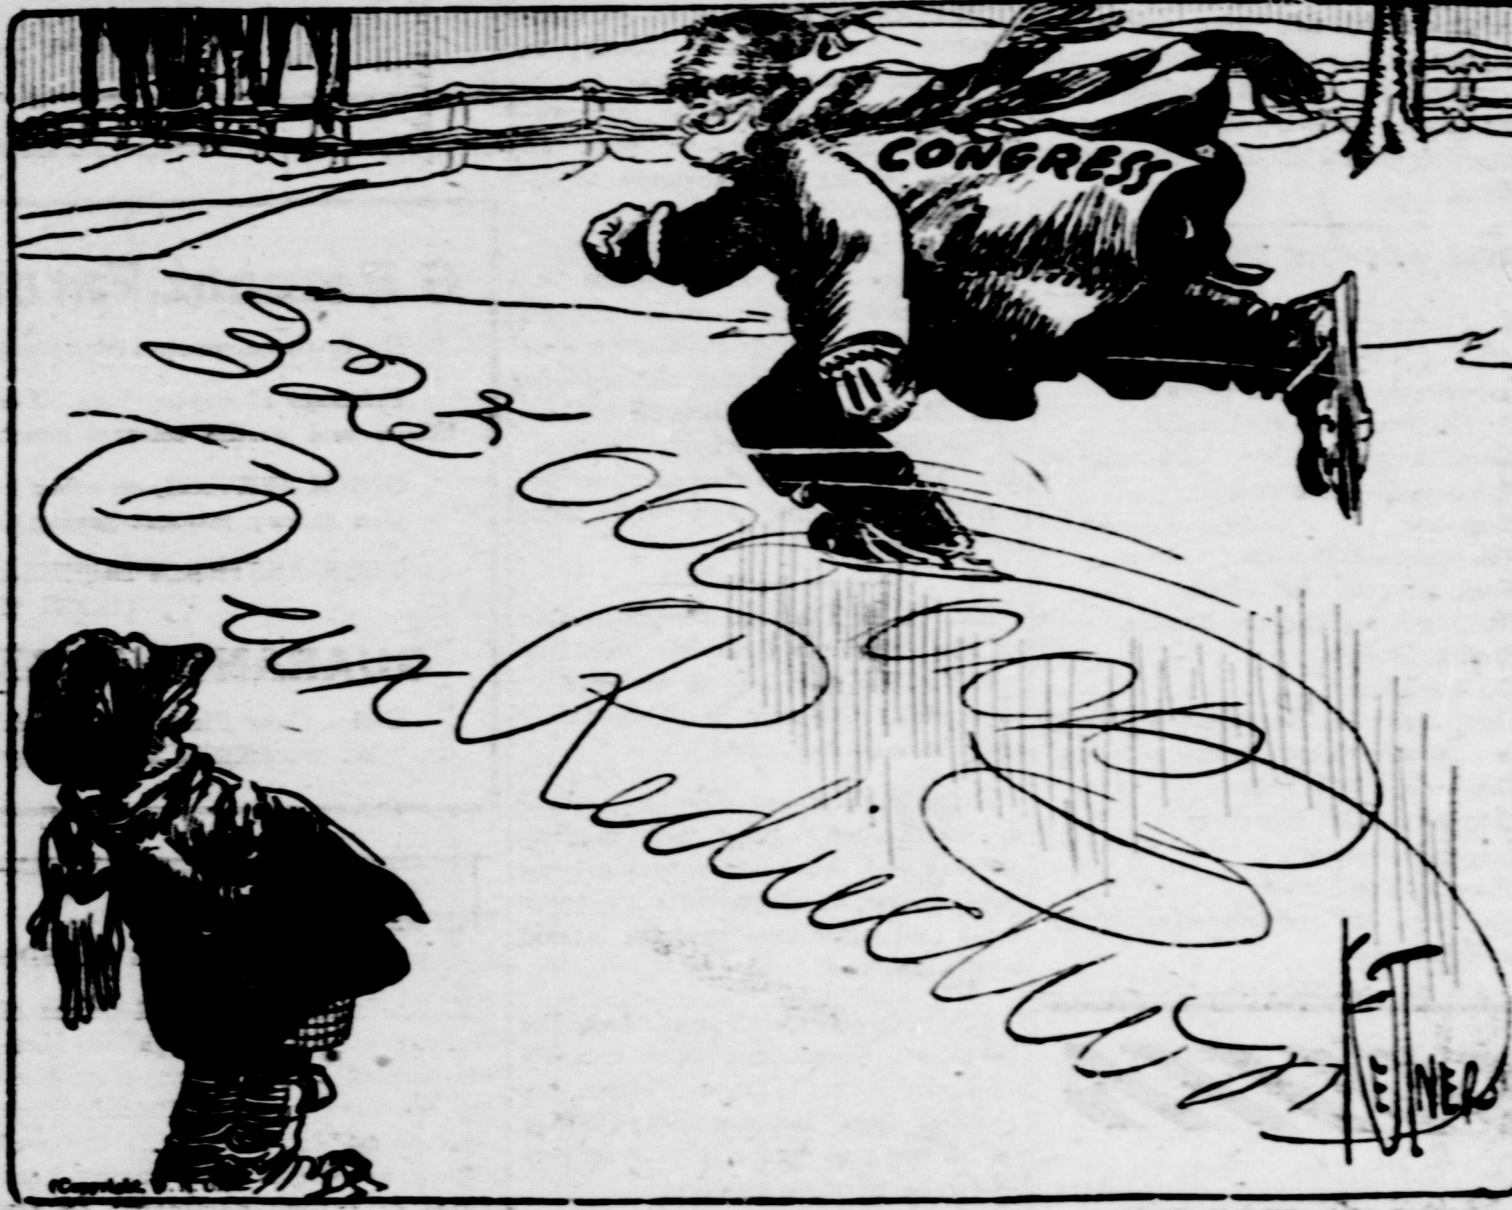

We have been authorized to announce to the voters of the weaiger's Precinct No. 4, at Wellman, that R. A. (Richard) Crews will be a candidate to succeed himself as weaiger of that precinct. Richard is almost wholly a Terry county product, has applied himself to the task of preparing himself for future life with a good common school education, is a young man of fine morals, and his honesty throughout the country is unquestioned. Knowing this and the fact that he will render justice to all to the very best of his ability, we believe the people of the district will unanimously elect him to the position he seeks. His name will be found on the Democratic primary ballot.

MEADOW REVIEW EDITOR HERE AWHILE TUESDAY

Editor James A. Greer of the Meadow Review, was in our city Tuesday for a few hours, and of course, paid the Herald a short call. Mr. Greer has been known to us for some twenty years, and we have always found him to be the same good natured, friendly gentleman. Mr. Greer, while a citizen of Meadow and Terry county for only a few months seems to be thoroughly at home, and has many words of praise for the good people up there, saying it seemed like he had known them for ages. He is very enthusiastic over the future of the Meadow band which made its first public appearance on the streets of Meadow last Saturday, and made a fine impression with the people of that section.

The Herald is truly glad that it has such a good pal and a man we have such confidence in, to help it boost old Terry, and we know Jim will carry his full share of the job.

Cutting Some Fancy Figures

YES, BUT WOULD OUR PEOPLE GO EVEN THEN

Editor Smith of the Lamesa Reporter came down on one of his big editorials the past week in which he argued for paved roads for the farmers to come to town on the same as the cities used them. He concluded his flight of oratory by something like the following:

"Suppose we had paved roads from here to Brownfield, would he ride on the paved road to Lamesa or the sand bed to Lubbock?"

Of course Smith's logic was fine, and his reasoning was beating the nail on the head, but what reason would a Brownfieldite have for going to Lamesa except perhaps for visiting a neighbor, or talk shop awhile? He could not be going there to trade, for we have everything right here that Lamesa has; perhaps more of some things. But he also leaves the impression that there is a sand bed between Brownfield and Lubbock. We want to ease Smith's mind of this. It is about 45 miles from Brownfield to that city, and our most conservative autoists only want a bare few minutes over an hour to navigate the distance. They are fine Smith. You just ought to get out of Lamesa once in a while and see what your neighbor really has.

Then again, let us just hand this bit of neighborly advice to friend Smith: The worst part of the Brownfield-Lamesa road lays over in Dawson county, between Lou and Pride. The rest of the road is fairly good. Now if Smith will just get his Chamber of Commerce and Commissioners to meet the Brownfield Chamber and Commissioners half way in the matter, we will have a good dirt road between the two cities for the benefit of our own citizens and the traveling public. Brownfield wants good roads in all directions. It is afraid of the competition of no town or city, and would be glad to have good roads to Lamesa as it now has good ones to Tahoka, Lubbock and a good one being built to Plains. We are also looking forward to a good road to friend Levelland. Yes, Brownfield wants to be real neighborly. It wants a road to Lamesa that will only require an hour to negotiate.

BARBARA LA MARR DIED COMPARATIVELY POOR

Altadena, California, March 7th.—Barbara La Marr, one of the highest paid screen stars in moviedom until her recent fatal illness, left an estate appraised at less than \$10,000, it was revealed Sunday by her father, Wm. W. Watson.

Although she was making more than \$10,000 monthly when she was stricken on the set during the filming of her last picture, Miss LaMarr died comparatively penniless, having given her thousands to charity.

LOCAL ENGINEER OPERATED ON AT LUBBOCK

Eunice Jones, one of the city light and power engineers was operated on at the Lubbock Sanitarium last Wednesday afternoon, and last reports from him were that he was resting as well as could be expected, and it is believed that he will soon be able to return home. However, last reports said his wife was down with the flu.

Some two or three weeks ago while using one of the huge wrenches, which are used in removing the pistons from the cylinders, the wrench slipped off the nut and struck him in the side. The wound became so sore that finally he laid off several days from work, but becoming no better finally went to the sanitarium last Wednesday morning when an x-ray was made and it was found that a piece of rib had been broken off and the sliver was slowly working into his lung, and the operation for its removal was made the same afternoon.

TOKIO FARMER SHIPPING CORN TO OKLAHOMA

Mr. C. R. Worsham, prominent farmer of the Tokio, section, was in with several of his neighbors this week loading his second car of corn this season which he is shipping to a town in Oklahoma where Mr. Worsham moved from to this country some two years ago. Mr. Worsham informed us that he was getting around 84c per bushel for the corn delivered there in the car. He is getting about 600 bushels in the car.

Mr. Worsham also said that people had tried to make him believe that he could not sell the hard Plains corn to Oklahoma people, but when he got his first car down there, he sold it out in a day or two and the people informed him that it was the best car of corn received there from anywhere this year. He also said it was nothing to compare with the corn he raised year before last, either. This will be his last car to load, he said, as he was leaving an abundance of it on his farm for home use.

MONARCH TRACTOR MAN HERE THIS WEEK

Mr. F. A. Patten, of San Antonio, of the firm of Lewis-Patten, San Antonio, agents and distributors of the Monarch type of crawler tractors and other road machinery, was here this week negotiating with the Commissioners Court to sell them a new tractor, taking in one of the old ones at what anyone would consider a good price.

While in our city, Mr. Patten called on the Herald in the transaction of a bit of business, and we found him a very agreeable gentleman. He paid a glowing tribute to this section in general, and was rather free with his compliments to the Herald office on its neat, clean appearance and general up-to-dateness.

J. P. CROWLEY IS CON- VICTED OF MANSLAUGHTER

Tahoka, Tex., March 5.—J. P. Crowley, of Brownfield, was today found guilty of manslaughter by a jury here and sentenced to serve three years in the penitentiary in connection with the killing in Brownfield on the night of July 27, 1924 of A. O. Hock. Senator W. H. Bledsoe of Lubbock and V. L. Shurtluff of Breckenridge, defense attorneys, gave notice of appeal.

Hock was fatally stabbed during an altercation in front of the bulletin board where election returns from the first Democratic state primary were being posted, following the hot gubernatorial race in which Felix Robertson and Miram A. Ferguson led the ticket.

The case has been on trial all week, the jury having been sent out Thursday at 4:30 p. m., reporting in with their verdict at 11:00 a. m. Friday, after being out 18 hours.

Crowley had pleaded self defense. The trial was held at Tahoka because the principals were alleged to be so well known in Brownfield that an impartial trial could not be assured there.

FARM BUREAU CALLS MEETING HERE SAT. MAR. 20

Mr. W. S. Self, prominent farmer of the Meadow Section and solicitor for the Farm Bureau Cotton Association, called on the Herald Tuesday and authorized us to announce a county-wide meeting for farmers to gather in Brownfield, Saturday, March 20th, at 2:00 o'clock, p. m. sharp, at the American Legion Hall, at which time a county-wide organization will be perfected, together with the election of the necessary officers. They will also transact such other business a may come before the body.

At the same time Mr. Coghlan of Dallas, will be on hand for an address on the needs of the Association, and will lend his assistance to the organization. He is said to be a good speaker and farmers from every portion of the county are urged and invited to be present that date whether or not they intend to become a member of the Association.

MISS HOLT HOSTESS TO SWASTIKAS

Miss Vallie Holt was the charming hostess to the Swastika Needle Club on Monday the 8th.

The evening was pleasantly spent in doing needle work and chattering. Delicious two-course refreshments were served by the hostess, assisted by her sister, Florence, to the following members: Misses Marie Brown, Jewell Graves, Othell Rentiro, Irene Lindley, Thelma McPherson and Bernice Miller.

The Club adjourned to meet next Monday with Irene Lindley.—Reporter.

AGENT OF R. G. DUN & CO. HERE TUESDAY

Mr. Paul Niblack, traveling representative of R. G. Dunn & Company, of Amarillo branch, was here this week in the interests of his company, listing some of the firms that had not already established a rating with this great mercantile agency. Mr. Niblack was well pleased with conditions generally in Brownfield and this section.

In conversation with the Herald, which always enjoys a visit from him, when he comes to Brownfield, Mr. Niblack stated that he found the mercantile firms of Brownfield far above the average of towns the size of Brownfield. He also remarked that most of them were on real stable basis and able to fully meet the wants of his section. Upon mention of the two firms that had gone into the hands of receivers here this past fall Mr. Niblack stated that both were practically bankrupt when they came to Brownfield, as far as that was concerned, and neither could be blamed on conditions here.

Lots of money is not all that R. G. Dun & Company want to give a person or firm a good rating. Common honesty and business ability go a long way with them, and they have made his one thing a long time study and should know their business.

MEADOW ELECTS FULL SET OF CITY OFFICERS

The municipal election last Friday passed off very quietly. The total votes cast was 64, of which A. W. Edwards received 53 votes for mayor. He had no opponent. For aldermen W. E. Patton led the ticket with 51 votes. A. F. Lucas and T. E. Findley tied, each receiving 40 votes. Robt. Welch received 37 votes. Luther Herrington 35, D. J. Harris 25, and R. E. L. Saffel 19. As a result Edwards was elected mayor, W. E. Patton, A. F. Lucas, T. E. Findley, Robert Welch and Luther Herrington were elected aldermen. T. L. Johnson was elected city marshal with a vote of 39.

They have all been sworn in as officers of our little town.

The Review congratulates these gentlemen upon their willingness to be used in directing the city government. "And right here we wish to urge every citizen to stand behind these gentlemen in their effort to discharge the duties of their respective offices. Without your cooperation and help they will be powerless to accomplish much. Surely if they are willing to sacrifice their time and their efforts to promote its interests we can afford to give them our influence and cooperation. And we believe that the Meadow people will do it.—Meadow Review.

LOCAL MINISTER ATTENDS NOVEL REVIVAL

Elder A. L. Burnett and family, of this city, attended the revival at Slaton last Thursday, and took charge of the services that night, and delivered a sermon Thursday being designated Brownfield day. Owing to the inclemency of the weather, no other members of the church of Christ attended from here.

The revival continued from and including Sunday, Feb. 28, to Sunday night, March 7th, and the pulpit was filled each night by some South Plains preacher, and if possible the song service was led by a visiting member from the same church. Elder Burnett says the meeting was so successful that other towns may use the same plan in the near future.

WORKING THE BROWN- FIELD-PLAINS HIGHWAY

C. P. Buchanan, prominent citizen of Tokio, was in one day last week just after the showers and informed the Herald that some very much-needed work was being done on the Brownfield-Plains highway, which not only the people of his section appreciated, but all those who travel this road, including Yoakum county, Texas and Lea county, N. M. people not to say anything about the highway. Like the Herald, Mr. Buchanan believes in patting people on the back who are really trying to give the people good road service.

The other highways of the county, especially those leading toward Tahoka and Lubbock were also being worked by those who have used them and are fine.

RETAIL MERCHANTS ORGANIZED AT SEAGRAVES

A meeting was held in the offices of the Seagraves Motor Company Wednesday night for the purpose of forming an organization known as a Retail Merchants Association.

E. R. Smith, manager of the Higginbotham-Bartlett Co. was elected president and Dub Andrews, manager of Peoples Mercantile Co. secretary pro tem of the organization.

About fifteen or twenty firms of the city were represented.

The organization is being formed principally to overcome the cold-check check menace.

Another meeting will be held next Wednesday night and further plans will be made.

Advertising will be run in the Signal signifying what the organization stands for.—Seagraves Signal.

YOAKUM MEN OUT OF JAIL ON TWO BONDS

Leon and Floyd Hobbs, brothers arrested in Yoakum county some time ago by sheriff Jno. Keller on charges of bootlegging, were released last night from the Lubbock county jail, where they had been placed for safe-keeping, upon payment of bond.

Each one of the men arranged for \$1,000 in bonds to assure their appearance in court when the cases go to trial. They left immediately after their release for Yoakum county. The Lubbock county jail was used to house them, in as much as there is no Yoakum county jail and the jail here is the nearest bastle to the scene of the alleged law violation.—Plains Journal.

SEAGRAVES BANK CHANGES CASHIERS

Andrew A. Bradford, of Slaton, has accepted a position as cashier of the First State Bank in Seagraves, taking the place of E. C. Roberts, who resigned, becoming effective March 1st. Mr. Bradford comes highly recommended as an efficient banker and has held a position in the First State Bank of Slaton for several years. We gladly welcome him to become a citizen of our town.

Mr. Roberts will devote his time to other business interests in Seagraves. The Signal is glad to report that he and his good wife will continue to make their home in Seagraves.—Seagraves Signal.

MARRIED

Mr. Grady Brown and Mrs. Billie Gregg drove over to Tahoka Sunday afternoon, leaving their friends thinking they were more on a pleasure trip, but when they returned, they announced that they were married while at Tahoka. It will be remembered that Mrs. Brown's sister, and a brother to the new groom, Rowland Brown, were married just a few weeks ago. The Herald congratulates the young couple.

Another surprise wedding took place Saturday night, when Rev. J. G. Thom as united in marriage Mr. Lloyd C. Purdy, of the Schulze Bakery and Miss Annie Taylor, also employed in the bakery. Few people had ever seen them together outside the bakery hence the surprise. Mr. Purdy has not been a citizen of Brownfield very long, but has made many friends during the short time he has been here. The bride was practically reared in Terry county and is beloved by all her friends.

BROWNFIELD ASSN. TO PUBLISH PAPER

Rev. B. N. Sheppard was elected editor for a monthly associational paper at the worker's council of the Brownfield Baptist Association held at the Central Baptist Church Tuesday.

The paper will be five and possibly six columns, four pages in size, and will be printed on book paper. 1,000 copies of the first issue will be printed. Every Baptist family in this Association which includes Lynn, Terry, Gaines and part of Yoakum counties, will receive the paper.

Although the paper is to be edited by Rev. Sheppard and printed by The News it will not be strictly a Tahoka institution as it is for the entire association.—Tahoka News.

The Herald for one year in Terry and Yoakum counties for only \$1.00.

STEALING IN SCHOOL BY SCHOOL CHILDREN

(By C. L. Sone, Supt. Slaton Schools)

A horrible headline for a newspaper story! We read it thus that we may get your attention. Stealing in School? Yes, and in town, on the streets, out of cars, out of barns and vacant houses, out of their own homes, stolen property is handled every day of the week and almost every hour of the day.

"Nothing is safe anywhere and what should awaken every parent in our town is the fact that such a large percent of the children are engaged in this petty criminality.

You must not be offended, mothers, if we suggest that you find out where the boy or girl got that fountain pen, ball, glove, book or bundle of writing paper, ink or knife that you did not give him or her the money with which to buy them. They will report to you that they found it or traded for it, and then you are satisfied (?) and ask no further questions or make no further investigations. Is it true that you are encouraging dishonesty on the part of your children by such carelessness?

Hundreds of articles are reported as lost at our schools every week, and scarcely ever is there anything re-

ported found. Inquiry is made for three missing articles and no response is given. What are the facts? They are securely hidden away in the homes of some of our best families until they are forgotten, and will then come forth as "found" articles, with the new ownership established and agreed to by the too credulous mother and father. This is not overdrawn. Is it? Parents you don't want to make a terrible mistake right here by allowing your boys and girls to become habitual rogues.

We say that the parent is to be blamed if the child brings in these or other articles and cannot show beyond any doubt his rightful ownership. Most any lost article can be gotten back to its owner. What right has my child to any article belonging to another? None whatever. And, when he is allowed to keep it, he is tempted to hunt for other things not his own.

We wish to close this article by saying that as parents we should make it our business to see that no lost or found article remains in our homes until, by the help of our teachers, every means has been used to return it to its owner. Let us be sensible and realize that our children, however well trained, can be tempted and unless given our loving and sympa-

PANHANDLE COWMEN SELECT GOUDY AS NEW ASS'N HEAD

Amarillo, Texas, March 3.—With a number of sales of cattle pending and a few big sales already made, hundreds of cattlemen and livestock commission men, here since Monday to attend the annual Panhandle Livestock Producers Association, today returned to their homes or went to ranches in the neighborhood to inspect cattle offered for sale.

The activities of Wednesday were not confined to a set program but the hotel lobbies discussing various phases of the cattle and oil business.

W. M. Goudy was elected president of the Breeders association Wednesday. Other officers elected were Byron Gist, Vice-pres., and W. E. Bennett secretary.

Mr. G. D. Oldham, former owner of the American Cafe but more recently of Abilene, was up on business this week. Gist says he is out of the cafe business for good.

Frank E. Given, of Hereford, manager of the big Gordon cattle ranches of that and this section, was a business visitor in Brownfield the past week and while here paid the Herald a pleasant call.

Albert Curry, erstwhile editor of the Seagraves Signal, but more recently employed by the O'Donnell Index, was a caller here Monday and Tuesday on his way and return from Seagraves where he went on business.

ORDER OF SALE

The State of Texas; To the Sheriff or any Constable of Yoakum County, Texas, Greeting:

C. H. Smith recovered in the 91st District Court of Eastland County, a judgment against E. C. Woodward for the sum of Seven Thousand, Three Hundred Fifty Six and 92-100 (\$7,356.92) Dollars with interest thereon from the second day of February 1926, at the rate of ten per cent per annum and costs of suit; and whereas the said judgment is a foreclosure of a Vendors lien on the following described property, to wit:

Sec. No. 681, Cert. 509, Blk. D., John H. Gibson, Original Grantee, all in Yoakum County, Texas.

Sec. No. 567, Cert. 449, Block D, Original Grantee, John H. Gibson, all in Yoakum County, Texas, as said Vendors lien existed on the 16th day of August, 1924, and it is ordered and decreed by said judgement that said property be sold as under execution in satisfaction of said judgement. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to the said E. C. Woodward;

But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a full and sufficient deed, to purchaser and place the purchaser of said property in possession thereof within 30 days from date of sale.

Therefore, you are hereby commanded that you proceed and sell the above described property, as under execution and make good and sufficient deed to purchaser thereof within 30 days after the date of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of Seventy Three Hundred Fifty-Six & 92-100 Dollars, together with the interest that may be due thereon, and the further sum of Forty Three and 60-100 (\$43.60) Dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendant. But if you fail to find said property, or if the proceeds of such sale be insufficient to satisfy said judgement, then you are directed to make the money or any balance thereof remaining unpaid, out of any other property of defendant, as in case of ordinary executions.

Herein Fail Not, but due return make hereof within 90 days, showing how you have executed the same.

Given under my hand and the seal of the District Court of Eastland County, at my office in Eastland, this 26th day of February 1926.

Wilbourne B. Collie, Clerk, District Court Eastland County, Texas.

The Housewife

Is, after all, the real Financial Manager of the home. She has to work out her household budget commensurate with the allowance you give her and oft does far better than you expect. Give her credit for it.

Better still—help her along! Establish a Bank Account here in her name and let her add to it whatever she can save in conducting the household. It'll encourage her to keep expenses down and make her feel more financially independent.

HAPPY HAPPENINGS

Our newly organized Sunday School is a wonderful success. Sunday School at 10 a. m.

First Sunday in each month will be taken up by Rev. Haynes, second Sunday by Rev. Mrs. Wade. We are trying to arrange for the other two Sundays in each month by a Baptist and a Christian preacher.

Help us by your presence; all are invited to attend.

S. H. Winn, Jr. was called away one day last week to attend the bedside of his father who lives in Stone-wall county. Mr. Winn says his father was suffering from heart failure and is some better.

Mr. W. V. Brown of this community is in Hopkins county attending business this week.

It is understood that Mr. Lee Fowler contemplates going to the stock show at Fort Worth.

TO ESTABLISH DAILY STAGE THROUGH SEMINOLE

C. B. Hackleman, who operates a stage line out of Lamesa, will, according to information given in last week's issue of the Dawson County Journal, in the near future put on a daily stage line from Lamesa to Seminole, Seagraves and Brownfield. He is also establishing a daily line from Lamesa to Fort Worth, using the latest auto bus on same.

This service is one in which the people in this territory have been agitating for some time, and will no doubt be well supported.—Seminole Sentinel.

CHEVROLET FACTORIES SPEEDING PRODUCTION

Detroit, Mich., March 2.—A greater number of automobiles is being built this month by the Chevrolet Motor company than ever before was produced in a single month by any manufacturer of modern three speed gear shift cars.

The schedule, which constitutes a new monthly record for Chevrolet, calls for more than 57,500 passenger cars and trucks. According to W. S. Knudsen, president and general manager of the company, this total is more than 14,000 greater than the production in March 1925.

To attain this record production, plant facilities were increased recently to a daily maximum of 2,525 motors, the day and night shifts now averaging 135 motors per hour.

The new high schedule for March follows a persistent, winter demand for Chevrolet cars which necessitated a record anuary production of more than 44,000 units, three times the production during January of 1925. In February Chevrolet production rose to 51,000 which was nearly twice the number of units built during the corresponding month of last year.

Mrs. Sam B. Johnson was in Tuesday after supplies and had her name added to our fast growing subscription list.

J. A. Davis, prominent farmer of the Johnson community was a visitor to the Herald office Saturday for legal blanks.

O'DONNELL VOTES \$65,000 FOR SCHOOLS

O'Donnell, Mar. 4th.—School bonds in the amount of \$65,000 carried in the city of O'Donnell Tuesday according to results announced yesterday.

Construction of a new school building will be begun as soon as plans being drawn by Peter & Haynes, architects of Lubbock, are complete.

W. T. Strange of Peters & Haynes conferred last night with the O'Donnell school board on preliminary plans which have already been prepared.

HOW IT STARTED

Much discussion regarding the origin of the strenuous dance called the Charleston has been going on, without any authoritative decision on the question.

After reading up on the subject to some extent, we are inclined to accept the following version:

It happened on a South Carolina farm, not far from Charleston. The farmer, armed with a pitchfork and accompanied by a hound dog, caught a young negro in his chicken coop. A jab at the darky with the pitchfork made him do the first step. A bite from the hound in the seat of his trousers produced the second step. Continued jabs with the pitchfork, alternated with the hounds bites, perfected the dance, which has taken the country by storm.

The next time you see the Charleston danced, watch the movement closely and you will probably conclude that it could have been evolved in no other way.—Lubbock Avalanche.

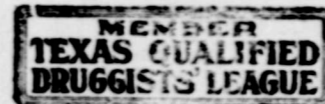

Cross Plains—The Oil Belt District Convention of the West Texas Chamber of Commerce will be held here March 23. Unusually heavy attendance is expected. A feature will be the high school speaking contest on "my town" in which high school students from the towns of the district will contest for a prize of ten dollars in gold.

Dr. T. F. Miles is up from Waco looking after his farm and ranch property here. He is again shipping feed from his Terry county ranch to his black land farm in McLennan county. He has done this several times but he has never shipped any from his black land farms to Terry county. Nuff Said.

South Plains papers tell us of an attorney named Outlaw who was recently married, and whose domicile seems to be at Ralls. We suppose he is now somebody's in-law.

An exchange says that many a quarrel could be averted if one or the other party would laugh. Laughter is a great healer of open ruptures, all right, but we have seen fellows who were angry that anyone attempting to be gay to their face right at that time, would just about be on a par with waving a red flag in a bull's face.

Senator Earl B. Mayfield is urging in the Senate, a return to the States

Authorization to construct new railroad lines within their boundaries. "The right of the Interstate Commerce Commission to pass upon new constructions was obnoxious and paralyzing," he said. This bill that is introduced by Senator Mayfield will be watched with much interest by Texas and especially West Texas where the country is waiting greater development by the advent of more railroad building.—Crosbyton Review.

The business men of Brownfield who have become members of the Retail Merchants Association should remember and keep inviolate that great motto they have assumed: "This establishment subscribes only to those objects for which a letter of approval has been given by the Retail Merchants Association of Brownfield." The business men have been imposed upon many times within the last few years in donating for this and that in a haphazard way. No honest or legitimate person or enterprise seeking help or donations will object to this letter, and others are not worthy of your consideration.

F. O. B. Detroit seems to be in for a bit of memory's history, from watching articles from many papers and magazines, not to mention the trend of automobile agencies. The letters A. Y. D. we believe will be more frequently used in the future. They simply mean "at your door." No layman is able to figure out just what an automobile is going to actually cost him from reading the usual F. O. B. ad, until he consults the local dealer. Therefore the future quotations will tell you just what your favorite car is going to cost you at your door.

The city election is not far into the future and so far as we know there are no candidates. The present members that go out say they will not stand for re-election, so that those who are elected will be, like usually happens under such circumstances, by just a few votes, as the voters will just have to sit down and select men that come into their mind, with probably a score or more receiving from one to a dozen votes. The Herald does not believe this a proper way to elect a mayor and a city councilman, for if you get good men for the office, it will just be luck. We have an idea that the old mass meeting system of nomination is not far from right, and under circumstances where no one will offer for the office, it will be found a good way to nominate and run men who are qualified for to fill the offices of the city with credit to themselves and the city.

NOTICE OF ROAD BOND ELECTION

The State of Texas; county of Yoakum;

To the resident property tax-paying Voters of Yoakum county, Texas; Take Notice that an election will be held on the 13th, day of March, 1926, within Yoakum county, Texas, to determine if said county shall issue bonds, and if a tax shall be levied in payment thereof, in obedience to an election order entered by the Commissioners Court, on the 9th day of Feb., 1926, which is as follows:

On this, the 9th day of Feb., 1926 the Commissioners Court of Yoakum county, Texas, convened in regular session, at the regular meeting place thereof, in the courthouse at Plains, Texas, all members of the Court to wit:

R. P. Moreland, County Judge.
 C. A. Stuart, Com. Pre. No. 1.
 A. J. Davis, Com. Pre. No. 2.
 J. V. Been, Com. Pre. No. 3.
 P. M. Williams, Com. Pre. No. 4.

being present, came on to be considered the petition of P. G. Stanford and eighty other persons, praying that bonds be issued by said Yoakum county, in the sum of (\$100,000) one hundred thousand dollars bearing interest at the rate of 5 and one-half per cent (5½) per cent per annum, maturing at such time as may be fixed by the Commissioners Court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating McAdamized, gravel or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said county, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to said Court that said petition is signed by more than fifty of the resident property tax-paying voters of said Yoakum county; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Yoakum county; and

It is therefore considered and ordered by the Court that an election be held in said county on the 13th day of March, 1926, which is not less than 30 days from the date of this order, to determine whether or not the bonds of said county shall be issued in the amount of \$100,000, bearing 5½ per cent interest, and maturing at such time as may be fixed by the Commissioners Court, serially or otherwise, not to exceed thirty years from date thereof; and whether or not a tax shall be levied upon the property of said county subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provision of Article 627 to 641 inclusive of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 203, Acts 1917 regular session;

All persons who are legally qualified voters of this State and of this county, and who are resident property tax-payers in this county shall be entitled to vote at this election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words:

"For the issuance of Bonds and levying of tax in payment thereof." And those opposed shall have written or printed on their ballots the words:

"Against the issuance of Bonds and the levying of the tax in payment thereof."

The polling places and presiding officers of said election shall be respectively as follows:-

At Plains, Precinct No. 2, S. W. corner of Courthouse, with M. W. Luna as presiding officer.

At Plains, Precinct No. 3, N. W. corner of Courthouse, with G. M. Bartlett as presiding officer;

At Plains, Precinct No. 4, in N. E.

corner of Courthouse, with F. M. Cox as presiding officer;

At Turner school house, Precinct No. 5, at Turner school house, with Hugh Snodgrass presiding officer;

The manner of holding the election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the above Statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in the Terry County Herald, a newspaper published in Terry County, Texas, there being no newspaper published in Yoakum county, Texas, for four consecutive weeks before the date of said election, and in addition thereto there shall be posted other copies of this order, at three public places, in Yoakum County, one of which shall be at the courthouse door, for three weeks prior to said election.

The County Judge is hereby directed to cause said notices to be published and posted as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

Given under my hand, with the seal of the Commissioners Court affixed, this 11th day of February, 1926.

 in the house that she was taking, so she immediately began giving it to me. In a few days I got all right. "Last fall I got run-down in health. I was weak and puny and I began to suffer. I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it. Almost from the first dose I could feel an improvement. "Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall. My appetite is good now, and I'm sure it's Cardui that's made it pick up."

 To know "just a little" or "almost everything" about the title to a piece of property is just as safe as knowing nothing at all—and no safer.
 Be certain you have complete, detailed, accurate and absolute knowledge that your title is valid before you pay away your money.
 Possible you may be able to get such knowledge from people who abstract title "on the side."

POPULAR FOR YEARS!

A popular McCormick-Deering P & O lister is the 4-wheel, No. 423 Cotton Lister shown above. Easy riding, light in draft, and remarkable for their steady running and uniform work. Thousands in use each season.

McCormick-Deering P & O 2-wheel listers have been long and favorably known. They are built in two styles; with the old and popular reverse feed cotton hoppers, and known as No. 111, or with single seed, variable drop cotton hoppers, No. 411. The continued use of these listers is proof of their satisfactory performance.

Stamford—R. Q. Lee, president of the West Texas Chamber of Commerce, has completed his fourth major campaign in behalf of a program of diversified and intensive farming. This campaign was over the South Plains and Cap Rock counties and eleven speaking appointments were filled. He plans two more campaigns, one thru the Brady-Del Rio country and one in the Fort Worth district.

A Bank Savings Account should be maintained by every toiler, for saving is works chief incentive, unifies hardships, and is the root of prosperity.

MEADOW BRIEFS

By *Asculapias*.

The past week found our new city officers duly installed and we presume they will soon be ready to make things happen. We have looked them over carefully and while they are not absolutely without spot or blemish, we pronounce them very, very good. Lets all give them our undivided support in trying to build a town.

The new force of Postmasters have also taken charge and Brother Hickey and family have left for their new home near Tatum, N. M. where they will engage in farming. Their many friends wish them success in their new avocation.

The Meadow Review under its new manager will be edited by Mr. Greer who has been connected with the paper the past few months. He is a pleasant affable gentleman and we are glad that he has been retained on the paper.

Our new band made its first public appearance Saturday evening and rendered a number of peices of music. The people gave them quite an ovation. They have made wonderful progress in the short time they have been practicing. Most of the boys composing the band are beginners. We hope the citizens will give them hearty support and encouragement.

One of our progressive firms served a free lunch Saturday with a good discount on all purchases for the day. They report a handsome trade for the day.

Dr. Treadaway visited our town on professional business Saturday, and Dr. Ralph Lemmon of Lubbock was also with us Sunday.

The little daughter of Mr. Ike Hailley has been seriously ill with pneumonia the past week with little hope of recovery.

Grandma White, who has been seriously sick the past few weeks with flu which was followed by erysipelas of the hand and arm, is better.

Tax-Assessor Green is among us making the assessment for the coming year. Property values are shrinking rapidly as a result.

The biennial distributors of cards have made their appearance among us. All so far read 'subject to the Democratic Primaries.' The last election showed quite a vote for the Republican ticket. It is getting time that those followers of the Republican Butte began to crawl out of their holes and along with the ground hog, let us know that spring time is here. The present year gives promise of a battle on reputations with the usual hair pulling. Come on out.

"YOU ARE ENTITLED TO KNOW THE FACTS"
DODGE BROTHERS, INC.

Only STEEL
could meet a test
like this!

A Dodge Brothers Motor Car . . . A speeding truck racing down hill and out of control . . . A collision . . .

Take one look at this photograph. It is not pretty, to be sure, but it will convince any sensible man that all steel construction is the only safe construction for a motor car body.

That is why Dodge Brothers introduced the all steel body more than eleven years ago, and this year greatly improved and perfected it.

In fact, Dodge Brothers are convinced that the day is not far off when wooden motor car bodies will be a curiosity. People will shudder at the thought of having ridden in them and will thank Dodge Brothers for the greater safety, durability—and beauty, too—of all steel construction.

A steel body will stand up under impacts that would crush the average body to bits. Steel cannot splinter. Steel cannot burn. Steel is an armor of protection on the crowded, hurrying highway.

Outwardly, nearly all types of bodies appear to be all steel. In reality, however, most of them are simply frames of wood covered by a metal shell.

Dodge Brothers Motor Car bodies are steel through and through—steel reinforced by steel—battered and braced by steel—even the frames and running boards are steel.

And slender, stronger steel corner posts replace the customary bulky posts of wood, affording full, unhampered driving vision on all sides—a safety feature of the first importance!

Travel in safety! Powerful, quick-action brakes, a chassis world-famous for its sturdiness, and a body of steel—these explain the enviable reputation for safety enjoyed by Dodge Brothers Motor Car—and the enviable feeling of safety enjoyed by those who drive it.

The car will continue to be a "four". No reasonable buyer will be distracted from the issue of QUALITY by mere CYLINDER propaganda.

E. A. Warren, Editor of the Post City Post, has passed to his reward, the end having come the middle of last week.

Mr. Warren was an old timer in the newspaper game, and has been editor of the Post paper for many years. He has long been a booster for Post, and was always known as a stalwart defender of the right.

Our brother in the newspaper fraternity became seriously ill several weeks ago, and since that time attending physicians had entertained little hope for his recovery. His son, Edd Warren, formerly editor of the Southland News, has been editing the paper during his father's illness and will probably continue in that capacity.--Tahoka News.

LEA COUNTY, N. M. NOW HAS A REAL OIL WELL

Reports coming from the Maljamar well on the western side of Lea county indicate that at last Lea county has a real oil well.

This test which is in Section 21, Township 17, Range 32, has been watched with considerable interest from the time that drilling was begun. The Maljamar people are among the largest operators in the field and have abundant capital to sink the well to any depth desired.

The rig used is one of the largest in the field and was erected with the intention of going 5,000 if necessary, with a view of making a thorough test of the structure in that locality.

The sand was encountered at a depth of 2334 feet and the bit penetrated the sand two feet, when the oil rose about 300 feet in the well. The rig was shut down until a string of casing could be run, since about 700 feet of the hole was not cased and there was some caving from about 20 feet of the red beds.

The oil is of a high grade and those who have examined the well think that it will prove one of the best in the field.

The formation is altogether different from that of the Artesian field and is very similar to that of the Big Lake field in Regan county, Texas. This leads many of the geologists to believe that the real oil pool of this part of the country lies east of the cap rock and is a continuation of the Texas oil pool.--Lovington (N. M.) Leader

PRINCIPLES OF OPERATION

We believe that a bank should not only be a depository of funds, but indeed a haven where the rich and poor alike can confide their financial troubles, fears and doubts into the attentive ear of their mutual friend and counsellor the **BANKER**. The Bank, the foundation of all saving, should be solid like the granite, standing the acid test of time, pursuing a conservative but friendly course.

THIS BANK like the great Oak from a little acorn, of persistent effort and sound business principles has grown. It stands today like the Oak, its many services and ample resources like the limbs, cast their shadow of protection over those who seek its shelter—a mecca which invites the confidence and patronage of the public.

farmers that attempts to "dabble" in politics will sooner or later become disrupted. Now the Southern Farmer's Co-operative Marketing Association is strictly what its name implies. It is not a secret organization, and has no purpose to serve except the business of marketing. We will absolutely have nothing to do with politics as an organization. Every member is free to vote as he pleases and to belong to any organization he pleases. We have no fight to make on any existing farmers organization. If you are satisfied with the one you are in and getting the results you desire that is the one for you to stay with. If we cannot build the Southern Farmers Co-operative Marketing Association on its own merits, and not on the demerits of others, then it ought not to succeed.

The southern farmer is more interested in a market for his cotton than any other one product, so I will try to give you an outline of the plans of our organization for handling cotton. In the first place I wish to say that no Co-operative Marketing Association can succeed unless ample arrangements are made for financing its operation. In launching this organization, we chartered strictly under the intermediate credit law. We have secured ample arrangements with the Intermediate Credit Bank at Houston for \$50,000,000 if we need it with which to finance the sale of cotton. Every member is required to sign a ten year pledge to deliver his cotton to the Association to sell, however, it is stipulated in our constitution also in the pledge that he may withdraw at the end of any year he so desires, by giving 30 days notice prior to Jan. 1st. However such withdrawal does not release him from delivering all that year's crop. The cotton is all shipped to a concentration point at the port and there it is even run and sold by our agency to the spinners in just such grades and staples as they want, and in such quantities as they want. The cotton is sold when the member says sell it or just as near that date as possible and when the cotton is sold settlement in full is made for the cotton then, and he does not have to wait over a long period of months for a final settlement, as some other co-operative organizations do. If a member wants an advance on his cotton when he ships it, we have ample finance and will advance up to within 75 per cent of the value of it as soon as he gets it under a bill of lading to the concentration point. In selling cotton this way we eliminate the profits that are going to the speculators between the producer and the spinners.

The big speculators are the ones that are making their fortunes out of the cotton game. All these little street buyers are buying for the big speculator. The first thing he does after he gets the cotton is ship it to some port and there he even runs it into its even running grades and staples and offers it to the spinners as they want it. He is the one that is getting the big rake off. Spinners do not buy cotton in mixed up grades and staples.

Now, in our organization we adopt the same identical plan of handling cotton that the big speculator does. In other words we make the plan work for the producer instead of the speculators.

Our members pay a small commission on each bale for handling, which we guarantee will not exceed \$2.00 per bale. On thousands and thousands of bales the big speculators make all the way from \$10 to \$50 per bale profit. We have no high salaried officers as no one gets more than \$200 per month. The membership elects these officers by a referendum ballot, in fact the organization is controlled by the membership. We can arrange with any bank that holds mortgages on cotton, to allow it to go right on to the concentration point and be sold by our agency for we are in a position to make them safe for the money.

The above very briefly outlines our plan of handling cotton, and I want to urge every cotton farmer to fully investigate the constitution of our organization, and if you are convinced that we have a sane business method we ask you to come in with us and save many of your hard earned dollars that are going to a useless class of middlemen who are speculating off of your cotton. If you are not so convinced and do not feel like you could comply with the requirements, we don't want you to become a member until you have fully made up your mind that it is the proper thing for you to do.

I will be glad to send anyone a constitution upon request for you to study.

Yours for the betterment of the toiling framers,

SOUTHERN FARMERS MARKETING ASSOCIATION

Dear Brother Stricklin:

If you will kindly grant me space in the Herald, which comes to me regularly, I wish to tell my many farmer friends in Terry County, something about our new Farmers' organization.

The Southern Farmers' Co-operative Marketing Association, was organized at Texarkana, Texas, on the 9th day of Jan. 1926.

This is an organization of producers of farm products. It was chartered under the laws of Texas, however Arkansas and Oklahoma come into the organization with us. This is strictly a business organization based on strict business principles. There have been many organizations of farmers in the past that have risen and flourished for a season, then waned and past into history. There is never effect without cause, the prime cause for the failure of so many preceding organizations is the fact that their marketing plans were not founded on business principles, hence could

not get results, so that would soon many things besides business have discourage the membership and they been injected into the organizations would begin to drop out. Another that disruption was the natural consequence. Any business organization of

SOUTH SHACKLED TO COTTON, SAYS COLONEL OUSLEY

Gainesville, Feb. 25.—For more than sixty years the south has been shackled to cotton as truly as the black man was slave to the white—shackled to habit. This thought was reared as the keystone to the safe farming movement here tonight by Col. Clarence Ousley, Director of the newly organized Texas Safe Farming association, in launching the campaign of the association for more cotton on fewer acres and more feed on more acres.

"Against this bondage to habit, against this delusion, against this

despair," Colonel Ousley said, "one-hundred of the foremost bankers, merchants and manufacturers of Texas, inspired by Nathan Adams, banker of Dallas, and headed by J. A. Kemp, Wichita Falls financier, organized a revolt in January. These men have set up the Texas Safe Farming association and committed it to a five year campaign of education in safer farming, safer banking, safer business. The first objective is to arouse bankers to a sense of their responsibility and opportunity to persuade farmers to plant a sufficient acreage in food and feed crops to supply their families and

establishments.

Texas, the leading cotton state, has undertaken the burden of leadership in bringing the south out of this bondage and guiding it to the promised land the speaker declared.

"In the agonies of reconstruction," said Colonel Ousley, the south mortgaged her cotton crop when it was only seed in the ground to obtain food for her families and feed for her mules. She had nothing else to pledge. In that desperate situation the cotton habit was born.

"In Texas our philosophy now is that: 'If we have our food and feed, whatever we get for our cotton can be used to pay debts and buy comforts. In Texas we need to feed ourselves. Our ultimate object is a balanced agriculture.'"

A team belonging to F. M. Smith of the Johnson community started to run away one day last week, and he jumped into the wagon to stop them but just as he got into the wagon, the lines fell out and he became over-balanced and jumped out. In doing so he creased his foot enough to break it and is now laying up for repairs.

R. Stice, old and reliable reader of the Herald, renewed again recently. Mr. Stice has had bad crops for the past two years, but always digs up the dollar for the Herald some way. He maintains there is no distillery on his place.

Jim Cunningham, of the Lou community, was in Monday after supplies.
