BROWNFIELD, TERRY COUNTY, TEXAS, SEPTEMBER 10, 1926

NUMBER 3

## Chamber of Commerce CURRENTS

By the Secretary

There hasn't been any stampede toward this office for the purpose of securing a bred gilt but a few people have said that they will purchase one or more. Still there is plenty of time to get in on this as order will probably be held up until November 1st but would appreciate it if a few more people would come in and talk it over anyway.

Exhibits will be staged at Lubbock and Dallas and would like to have one at Abilene but it comes most too early for us.

Attended a meeting at Lubbock this week for the purpose of discussing the cotton picker situation with a representative of the Federal Department of Labor and it was brought out that while there would be a shortage in labor of this class, but by proper management and cooperation that the situation might be handled and it was decided at this meeting that another would be called on September 20th for the purpose of setting a price that would be offered by all south plains counties and I want a meeting of farmers on September 18th at the court house for the purpose of discussing this matter in order that we may go to the meeting fully prepared to take an active part.

After the Lubbock meeting, arrangements will be made for the registering of names of those who need cotton pickers, with number needed and manner of caring for them. Papers for this purpose will probably be found at each of the drug stores and the two banks, but this will not be done until after meeting of the 20th.

## MANY STUDENTS WORK WAY TO RU TECH

LUBBOCK, September 6.—The eagerness with which the high school graduates of the county are seeking a college education, together with the popularity of the Texas Technological College in the Southwest, is reflected in the efforts made by boys from over Texas and adjoining states to secure part-time employment to pay expenses while attending the Tech. On September 1, with registration day three weeks away, it is estimated that more than 100 old students and prospective students of the Tech are in Lubbock, either working or seeking employment to make their way while in college.

These industrious and ambitious lads hail from every section of Texas and Oklahoma, and some of them come here from other states. The little city of Athens, in the extreme eastern part of Texas, has already contributed a group of seven boys, all of whom are here now. They say others are to follow later. Those here now are John Searles, Joe Lamb Lewis Wright, Dan Murrell, Walter Horn, Mathias Coger, and "Red" McQueen. The last three named were enrolled in the Tech last year.

Two boys on the list of later arrivals came from Durant, Oklahoma.

More than 200 students worked their way through the Tech last year and it is estimated that the number this year will be between 400 and 500. The Rotary, Kiwanis and Exchange civic clubs have appointed committees to find part-time employment for worthy students. The registrar office is also continuing its co-operation in the work, and blank forms are being printed this week, to be filled out by students making application.

## OIL COMPANY HAULING OUT DERRICK MATERIAL

Tom May, manager of the C. D. Shamburger yard here informed us Wednesday that he had sold the oil concern that is to drill a well on the M. V. Brownfield ranch, had purchased 18,000 feet of dimension lumber of his firm, and that they were hauling it out. All the drilling machinery is now on the ground.

The derrick will be a standard 84 feet affair, capable of going 3500 feet, but none of the oil men believe they will have to go over 2000 feet to get plenty of oil.

Don't forget the Style Show, September 16th, Rialto Theatre.

Mrs. Sam Dixon of Plains is here visiting her daughter, Mrs. W. B. Tudor, this week.

## Bye-Bye, Playtime

## OLIVE BORDEN GORGEOUS IN STYLE REVUE

Olive Borden, in "Fig Leaves," her latest release for Fox Films, will be at the Rialto Theatre next Thursday, September 16th, one day only. In this remarkably beautiful story, written and directed by Howard Hawks, Miss Borden appears in a marvelous fashion revue and wears some of the most elaborate gowns ever seen in a motion picture production.

In addition, there are countless scenes in the Garden of Eden. These as well as many of the fashion sequences, were filmed in Technicolor.

Miss Borden is supported by an excellent cast, headed by George O'Brien as masculine lead. Others in the cast include Andre de Berangier, Eulalie Jensen, Dorothy Dunbar, Phyllis Haver, William Austin, Charles Conklin and others. Continuity is by Hope Loring and Louis D. Lighton.

Double entertainment is another feature of this evenings program as the Maids and Matrons style show will be given in connection with this picture.

## REVIVAL MEETING CLOSED MONDAY NIGHT

The revival meeting being conducted by G. A. Dunn, of Dallas under the auspices of the local church of Christ at the City Tabernacle, came to a close Monday night after running eleven days. The visible results were some 21 baptisms, and one or two restorations, and the church edified.

Elder Dunn left after the services Sunday night for Anderson, Ala., where he begins a meeting Saturday night. He was conducted overland to Post by Elder A. L. Burnett. Elder Dunn will be with the local church again next year about the same time.

## IS IT A FACT THAT SOME NEVER PAY TAXES?

In conversation with a gentleman who seemed to know his okra in the last few days, he informed us that there were people living right there in the Brownfield Independent School District that have paid no taxes in years, and are educating their children at the expense of people who are patriotic enough to pay them. He further informed us that there was some \$5,000.00 of delinquent taxes on the rolls of the Brownfield district.

We don't believe there is a citizen in the district, even including those who are not paying their taxes that this is fair, or contains a semblance of justice. In fact, we understand the trustees are even now having to borrow money to pay interest on bonds until some money comes in, and yet they are carrying \$5,000.00 of delinquencies, and in some instances are having to raise the taxes of those who will pay in order to meet current expenses of the coming term.

The only course we can see for the trustees to pursue is to sue the delinquents and either make them dig up or turn in their property, and we believe there are enough men in the district who are tax payers indeed to sit on the juries of those who won't but can, and collect from them.

We still believe in that old Democratic maxim, "Justice to all, but special privileges to none."

## DISTRICT COURT GRINDING THIS WEEK

The third week of district court started out Monday, but about all cases have been civil ones so far. The Collins murder case was set for the next term, which is in January, 1927.

The Rose murder case was set for next Monday, and a jury for the fourth week has been summoned. Judge McGuire being disqualified in this case, Judge Mullican, of the 72nd district will no doubt take his place here Monday.

## MARRIED

The many friends of Miss Maurine Corning, faithful stenographer at the Rambo Abstract office, were surprised recently to learn that she had wedded a Mr. Green while on her vacation at Madalena, N. M., about the middle of July. Mr. Green came in recently to claim his bride, and they returned to Madalena where they will make their future home. Mrs. Green is the charming daughter of Mr. and Mrs. C. S. Corning of this city.

It is reported that one of our prominent young men has changed his name to that of a popular lumber concern.

Don't forget the Style Show, September 16th, Rialto Theatre.

## LET'S ALL TRY TO ATTEND SCHOOL MONDAY

Next Monday is one of the greatest days of the year, not only with the children in the school age, but should also be a great one with the parents as well. It is the day they re-enter school in most cases in one grade higher than they quit. They are fresh from a long vacation, and for this reason all children should be in school the very first day, because being fresh, they move along fast as soon as the work is well organized, and those deprived of an even start will naturally drift behind during the entire term. They are badly handicapped even if out only one week or a few days. Therefore those parents who have pride in their children educationally, will see that they have an even start with everybody else's children.

The teachers are also fresh from their long vacation, and they start the children out with a wide stride, and keep them going just as long as possible. Being more mature, they of course will be enthused and press forward much longer than the children. It is therefore very essential that your child is there the first day.

There is also another side to the matter. Your attendance will lend encouragement and stamina to both teacher and pupil. You pep them up like a reserve army pep up those in the trenches. If the boys in the trenches during the World War knew that a big reserve army lay in the trenches behind them ready to come to their rescue if needed at moments call, they were firm and afraid of nothing. Same with the teachers and children. If they believe the parents of the community are behind them through thick and thin, they are rearing to go over the top educationally. That was the object of giving the liberty loans in the late war a big send off on the jump go, and the leaders found the rest to be easy if the first day proved a success.

So let us fill the big auditorium to capacity Monday morning, and show the trustees, teachers and pupils that we, the citizenship of the Brownfield Independent school district are behind them like a stone wall, and are boosters for them all they are worth, and that we believe they are the men and women for the place.

## BACK TO TEXAS

Joseph Weldon Bailey, who has been foreman of the linotype department of the Dispatch for the past several months, will leave tomorrow night for his old home in Brownfield, Texas, where he will engage in the automobile business. Mr. Bailey and his charming little wife have made a great number of friends in Roswell, who will be sorry to see them go.—Roswell Dispatch.

## SEVEN HUNDRED TEACHERS REGISTERED MONDAY

LUBBOCK, Sept. 6.—Over 900 teachers are here for the South Plains institute which opened yesterday at the Tech. Of this number over 700 of them registered yesterday. M. E. Witt, who has charge of the registration stated last night that he expected the total enrollment to be well over 900 by today at noon.

The sessions yesterday were well attended and several interesting lectures were heard. Dr. C. H. Judd of the University of Chicago gave two very interesting and instructive addresses yesterday and will continue each day. His lecture yesterday morning on reading was especially enjoyed by the teachers.

In the sessions today Mrs. S. M. N. Marrs will be heard and many parents and teachers will attend. She will devote her time to parent-teacher work and will give lecture which will be open to the public as well as the teachers.

The officials of the institute are well pleased with the showing so far and indications are that the largest and best institute held will result from the present session. There are many new members of the institute this year. Most of the spare time yesterday was spent in handshaking and greeting new and old friends.

One of the features of the outside work of the institute this week will be a baseball game between the teachers of Lubbock county and the teachers at large of the institute.

## COUNTY TRUSTEES MEET HERE SATURDAY

Brownfield had the pleasure of having for its guests last Saturday the educational leaders of the county for it not only had the trustees of the various independent and common school districts of the county, but those also who are prime factors in making Terry a county of good schools, well equipped with modern buildings, all kinds of equipment and well qualified instructors.

Before taking up the work of the day several addresses were delivered by local speakers, as well as the visitors. At noon the visitors were entertained at the Brownfield Hotel. These meetings are of unestimable value to the schools of the county for in these meetings, each learns from the experience of the other, and the effect on the school is not unlike that of the teachers getting together in their institutes.

No man is considered a good citizen who patents his ideas that are calculated to do the community a good turn.

## ANOTHER REVIVAL STARTED FRIDAY NIGHT

The members of the Church of God who are sometimes designated as Holy Rollers, have built a tabernacle near the depot and began a revival meeting last Friday night. They are having good crowds, and many people here are attending one of their revivals for their first time.

The Nazarene people will start their revival at the City Tabernacle Sunday. Rev. C. J. Stewart, who is already well known in Brownfield will do the preaching. They are expecting a great revival.

## CLUB PRESIDENTS GIVE OUTLINE OF WORK

Some of the Club Presidents in the local Federation, including the president of the Federation, are giving the readers an outline of their work study, and aspirations for the year 1926-27. Some of these articles appear this week, but others will have to be deferred until their clubs meet the first time to outline the work.

These clubs are doing a great work in Brownfield, the social features of most of them being only an incident to those greater features, study and working for the improvement of themselves and the community.

## GAINES COUNTY FAIR DATE CHANGED

The date for the Gaines county Fair has been changed from Saturday, September 25th to Monday, September, 27th.

The change in dates was made by the Chamber of Commerce on account of the first date conflicting with the Lea County Fair at Lovington, N. M. Please take notice of the change in date.—Seagraves Signal.

## TEXAS CROP REPORT FOR AUGUST

The crop report map of Texas for August 31st appears decidedly spotty, according to reports to the Department of Public Relations of the Southland Life Insurance Co.

While it is true that there has been a general retrogression of the cotton crop, the staple in some sections is in excellent shape, in others depends on weather conditions for the next two or three weeks, and in still others—notably northeast Texas counties, has been badly damaged by insects and root rot.

Leading the state in prosperity are the Panhandle, the Rio Grande Valley and some sections of South Texas. The Panhandle is experiencing a boom that section of the state has ever known before with a bumper wheat crop harvested, a good crop of corn coming on, oil production high, and hopes high for the cattle raising industry. The Rio Grande Valley expects a crop of at least 150,000 to 160,000 bales of cotton if pickers can be secured. Other crops are above normal. Houston and Beaumont business conditions are especially good with the latter city unusually flourishing.

Certain sections of East and Northeast Texas have been hard hit by what is estimated as a 65 percent failure in cotton. The plant in these counties appears in good shape but examination in the fields shows serious insect and root rot damage with many of the plants failing to fruit.

In general however, business conditions in the state are in very good shape and only await the marketing of cotton. A test conducted by the Southland Life in August showed business conditions as measured by the barometer of life insurance sales to be better than those of last year.

Crop estimates:

Crop	Per cent of Normal	Same Time Last Year
Cotton	*.70	.65
Vegetables	*.120	.85
Rice	.85	.80
Grass	.150	.70

\*Decrease from condition last month. Terry county reported conditions to be above normal.

## ROUTE ONE TO BE DAILY AFTER SEPTEMBER 15TH

Postmaster J. C. Bohannon informed us this week that he had notice from Washington to the effect that on and after July 15th, rural route number one out of Brownfield will be daily, except Sunday and holidays. This will be a great accommodation to the many patrons of this route. The south route will remain as it is for awhile, but work is being done for its extension and ultimately made a daily.

Mr. Bohannon also informed us that he had received notice to ask for bids to carry the mail to and from Post, Texas on Sundays.

## MORE SHOWERS

Mr. J. Plavicus, who is supposed to look after the weather in this section, is certainly on the job, but he is not working in harmony with the farmers a little bit.

The weather has been cloudy and threatening now for a week, and while the rainfall has been light in the city, the trade territory in sections has received a great deal of rain that was not wanted. A shower amounting to probably a quarter inch fell here Tuesday night. What the farmers want is dry weather and sunshine. Two weeks of such weather would have the effect of starting the gins to grinding out cotton in a hurry.

## POLLARD WIND BY 4,787 IN FINAL COUNT

Complete returns were received from 242 counties and incomplete from seven. Two counties, Moore and Terrell, did not hold a runoff primary. No report was received from Hutchinson and the bureau was not certain whether a second primary was held there.

On the basis of the July primary returns, the seven incomplete counties had the following unreported votes.

The total vote tabulated was 766,707.

Final figures of the bureau follow: C. G. Ferguson 273,256; Moody 48,000; General—Allred 354,334; Patton 1,121. Total—Ball 279,217; Hatcher 48,000.

**THE WORK OF MODERN ROAD MACHINERY**

The subject of road construction and road maintenance are so interwoven that they cannot be treated as separate items. A few years ago, a team of horses, a plow, a split log drag and a few shovels constituted the bulk of road making and maintenance equipment. Today, the modern road machinery, including tractors, graders, scrapers, steam shovels, dump wagons and other heavy machinery, is practically on a par with equipment used for railroad construction and maintenance. It does no good to build a modern highway if it is not maintained as efficiently as a railroad track. Our road building machinery surpasses that used by any other country in the world and one man today with our modern power equipment can do more work than hundreds of men with the old pick and shovel method. After roads have been built and rocked, the next problem is to save the surface which protects the base. Oregon has been using oil extensively on its macadam roads to hold the binder of rock dust. As traffic becomes heavier, the next logical step is to cover the base with a water proof coating of some bituminous character. This saves the dust binder and prevents water from loosening the base.

Lee Crosby returned yesterday from Wortham, Texas, where he visited with the J. W. Bounds family. While there Messrs. Bounds and Crosby contracted to winter a thousand head of sheep on their farms ten miles southwest of Sudan. Both men purchased farms here last fall and this is their first crop on the land. The farms, three labors adjoin and the feeding arrangement will be conducted jointly. They have an abundance of feed on the sod land proof to them that they can make an even better showing as the land gets into better state of cultivation. The feeding venture will be watched by the farmers in this section with great interest. It is known by all that if our immense feed crops could be fed out and marketed on the hoof, the farmers might realize greater returns therefrom. Whether sheep, cattle or hogs, or some of all, will prove the more profitable in feeding, remains to be proven. The Bounds-Crosby experiment will be a step in this direction. Kenneth Bounds, son of J. W. Bounds, has been doing the farm work on the 354 acre Bounds farm and is at present visiting with his family at Wortham.—Sudan News.

**LYNN COUNTY HAS SUPERINTENDENT**

TAHOKA, Sept. 5.—H. P. Caviness, former superintendent of the Tahoka high school for seven years has been appointed county superintendent by the county commissioners of Lynn county. Mr. Caviness was nominated at the last election for this position, but due to the fact that his term of office would not begin until the first of January the court made the appointment to begin at the first of the school term.

We are glad to report that Mrs. W. C. Smith is reported to be some better with a fine chance of recovery now.

The last bunch of our fishermen have arrived home, and of course caught a lot of them, the big ones getting away as usual.

**THEY WILL FEED A 1000 HEAD OF SHEEP**

Will Pool was in from the ranch this week attending the September term of the district court. Prof. H. C. Zorns, Supt. of the Meadow schools, was down Friday, and said that while he was hopelessly defeated for the office of constable, he was, like Jim, still hopeful. The library of the Maids and Matrons Club will have its opening Saturday, September 18 from 3 to 6 o'clock in its new home in the southeast corner on the second floor of the new court house. There will be a story hour for the children from 3 till 4 with stories for children of all ages. The public is urged to come and look over the collection of books. READ MORE BOOKS!!

The Herald had a letter this week Company saying that the new Model 14 machine would be shipped from the factory at Brooklyn about the 15th of this month. It will probably be installed about October 1st.

Mrs. C. R. Baldwin, who is in a Lubbock hospital is getting along nicely following a recent operation.

C. S. Pagett, hotel man, formerly of Brownfield, but now residing at Levelland, was here Wednesday.

Martin Gordon of the U ranch is staying in Brownfield most of the time these days.

We note that Harley Sadler shows are back on the South Plains, being at Ralls this week.

Misses Lillie Mae Bailey and Madeline Elliott left this week for Oklahoma, where they will both enter school this coming term. Miss Bailey will stay with her sister and go to school at Duncan, and Miss Elliott will live with her grandmother and attend school at Ardmore.

Mrs. Stricklin and little daughter, Sallie Truman, spent Tuesday afternoon and Wednesday in Lubbock.

Uncle Joe Bryant, of the Union community, was in last week end of week before with his wife, visiting their children here. On the 27th of August the children gave him a big birthday dinner at the home of his baby daughter, Mrs. Guthrie Cook, at which all the children were present except John. Uncle Joe is well up in the seventies, but is still hale and hearty, and apparently no older than when we first saw him 26 years ago in old Johnson county.

More than 15,000 cattle brands are registered with the Texas Cattle Raisers Association.

Haskell—New theatre building under construction.

Visit our price goods department, you will find just what you want for your dress or suit. No two dress pattern alike. The price will make you buy.

### MY AUTO, 'TIS OF THEE

My auto, 'tis of thee, short road to poverty, of thee I chant; I blew a pile of dough for you three years ago now you refuse to go won't or can't. Thru town and countryside, you were my joy and pride, a happy day. I loved the gaudy hue, the nice white tires so new but you're down and out for true in every way.

To thee, old rattle box, many bumps and knocks, for the I grieve, badly thy top is torn; frayed are the seats and worn, the whooping cough effects the horn, I do believe. Thy perfume swells the breeze, while good folks, choke and sneeze, as we pass by. I paid for thee a price,

twould buy a mansion twice now everybody's yelling "ice"—I wonder why.

Thy motor has the gripe, the spark plug has the pip, and woe is thine. I, too, have suffered chills, fatigue and kindred ills, endeavoring to pay my bills, since thou were mine. Gone is my bank roll now; no more 'twould choke a cow, as once before. Yet, if I had mon, so help me John—Amen—I'd buy a car again and spend some more.—Ex.

We understand that Moore Bros. will soon be ready to announce their new auto agency, probably in the next few weeks.

### EGG LAYING CONTEST OFFICIALLY APPROVED

The Tarleton International Egg Laying Contest is making remarkable progress toward reaching the maximum number of entries expected for a first year contest. To date there have been 48 entries recorded, making a total of 576 birds, consisting of several breeds and varieties from various parts of the New Mexico, Michigan, Indiana, and Texas. Some of the most noted and prominent breeders are included in the enrollment thus far. Among these are such men as Mr. George B. Ferris, Breeder of White Leghorns, Grand Rapids, Michigan; and Mr. P. E. Payne, Breeder of English White Leghorns, Stephenville, Tex. The former of these two, Mr. Ferris, has one entry each in something like 18 contests over the United States and has favored us with two entries.

A number of letters of commendation on the number of birds and the quality stock entered has been received. These endorsements have presented favorable comment on the rapid growth of the contest and serve to increase the enthusiasm of those concerned in its operation.

There have recently been completed 8 additional contest houses making a total of 24 which will provide 48 entries or 576 birds. Before November 1, 1926, the opening date of the contest, plans will be made for the construction of 6 more houses making a total of 30 which will care for 60 entries.

The supervision of this contest will be under the direction of Mr. W. C. Homeyer, Professor of Poultry Husbandry, Mr. Neal Gearreald, Director of School of Agriculture, Dr. Verne A. Scott, Veterinarian, and a regular helper will be employed.

### NOTICE

The Federated Missionary Society will meet with the ladies of the First Christian Church, September 14th at 4 p. m. at the home of Mrs. Walter Gracey.

Don't forget the Style Show, September 16th, Rialto Theatre. Billie Clark, of Lubbock, was a visitor in our city this week.

### THE SWASTIKA CLUB

On last Wednesday evening, 8:30 P. M. the Swastika Club met at the home of the Misses Brothers. After a few minutes spent in lively conversation the Club left for the Hotel Brownfield, as had been previously planned, to enjoy a bountiful dinner. From the hotel we went to the Rialto where we enjoyed ourselves for another hour. After leaving the show we went to the Palace Drug and "treated ourselves." We then got in the Misses Brothers' car and drove to the home of Mr. and Mrs. Floyd Fry where we serenaded them by singing many old fashioned love songs. Then after driving around awhile longer, singing and making merry, we arrived at the Brothers home about twelve. The rest of the night was spent in a "slumberless" party.

The ones enjoying this merry evening were: Jewelle Graves, Irene Lindley, Othelle Rentfro, Christine Harrison, Lillie Mae Warren, Corrinne Gailey, Elizabeth Downing, Bernice Miller, Vallie Holt, Thelma McPherson, Marie Brown, and Audie Markham.—Reporter.

### CHEVROLET ENLARGING THEIR SEVERAL PLANTS

Preparing facilities for manufacturing 1,000 more cars per day in 1927, the Chevrolet Motor Company is proceeding rapidly with addition to its plants and equipment in the United States.

These additions are being made under the \$10,000,000 expansion program announced recently by W. S. Knudsen, president and general manager of the company.

The addition to the huge motor plant at Flint is now well under way. New machinery for making cylinder and shafts and small parts is arriving daily and extensive enlargement are being made at the Flint sheet metal division. A building 236 feet long by 134 feet wide is under construction to increase production at the Toledo transmission plant. Enlargement of the heat treat department of the Bay City small parts plant will provide additional facilities there.

In Detroit the building known as General Motors Truck Company plant No. 7 has been purchased for manufacturing axles and small parts and will be merged with the gear and axle plant.

New buildings and the erection of 37 steam forging centers in the United States.

Chevrolet factories at Cincinnati, Janesville and St. Louis will be extensively enlarged under the program. Fisher body plants at these cities are to be augmented, providing manufacturing facilities for 750,000 closed bodies and 250,000 open models. A proportionate increase in employees will follow the completion of these plant additions.

### LUMBER INDUSTRY PROMOTES CONSTRUCTIVE PLANS

Big lumber companies of the West are looking forward 50, 100 and 150 years and are replanting more trees than they are cutting down. They intend to develop their industry along permanent lines. Some of them are even working up, at little or no profit, wood which was formerly wasted, so as to promote timber conservation.

The National Committee on Wood Utilization proposes to save the people \$100,000,000 to \$150,000,000 annually on their lumber bills, by using more of the trees which go to the sawmills. Instead of cutting lumber into even lengths and widths, as is now done, all the wood will be used, no matter of what length. A survey made by the Forest Products Laboratory of the Department of Agriculture shows that in small house construction almost 50 per cent of the lumber could be of odd lengths. Lumber is seldom cut shorter than eight feet, yet one-third of that used in building construction is less than that length.

W. F. McCamman, wife and son, of De Rider, La., were through last week on their way to Roswell to enter their son in the Roswell Military Institute.

T. B. Ramsey, wife and daughter, of Benjamine, were registered at the Hotel Brownfield last Friday night. They were on their way to Yoakum county to lease their 10,000 acre ranch to an oil concern.

Vergil Head, A. & M. College student, is home for a few days visiting his parents.

Mr. and Mrs. T. B. Wells, of Amarillo, were registered at the Hotel Brownfield last Thursday. Mr. Wells was the engineer in charge of the sewerage construction here.

Don't forget the Style Show, September 16th, Rialto Theatre.

We appreciated a renewal to the Herald from J. S. Corning this week.

\$65,000.00

for Economical Transportation

Now Reduced to \$375  
(Chassis only) for Flint, Michigan

### The Finest Chassis ever Offered at the Price

Because of economies due to its ever-increasing truck production, Chevrolet again is able to decrease the cost of quality commercial transportation units.

This drastic price reduction on the world-famous Chevrolet half-ton chassis now makes available, even to the smallest merchant, a commercial car of modern design that offers—

—the flexibility and handling ease of a three-speed

transmission—the power and smoothness of a valve-in-head motor—the durability and dependability of rugged construction—the beauty and advertising value of unusually fine appearance—all combined with a remarkable economy of operation and up keep.

Come in. See this sturdy haulage unit. Learn how little it costs to own a truck on which you will be proud to have your name appear!

Subscription Rates  
In Terry and Yoakum Counties  
per year.....\$1.00  
Anywhere else in U. S. A. ....\$1.50  
Advertising Rates on Application.

Lubbock is entertaining just about all the teachers of the South Plains this week. May she get full and beneficial instruction.

Suppose every tax paying citizen should decide that he would do like some of the rest—not pay any taxes—how long would our schools last? And one man has just as much right to do this as another. We all stand, or should stand on equality before the laws of the state. If one citizen don't have to pay, it is impossible to collect from others should they decide not to do so.

Knocking mail order houses without offering better service will not get one anywhere. The home merchant has nothing to fear from mail order houses when he advertises properly. The man who is afraid to advertise prices and conduct his advertising along business lines will not succeed, but the man who makes advertising a part of his business and does not depend upon what mood he happens to be in when his newspaper man calls, has the beginnings of a successful business life.—McLean News.

Last week the Herald wrote an editorial commending the city council for their stand in excluding circuses from Brownfield, one of the reasons being the low moral tone of such organization. The one that came to Lubbock last week proved no exception to the general rule, for one vagabond among that aggregation was arrested for attempted criminal assault on a little six year old girl, and the Lubbock officers closed up a "girls revue" in one of their side shows. The traveling carnival is no better, either. Let's stand behind our councilmen in their stand.

Some of the citizens of the north part of the city are complaining that the streets in their sections are being neglected by the city government, and they feel they are not getting their share of the streetwork. While we have not been over that section of the city lately, they claim the streets are getting in real bad shape. We believe our city dads are fair men, and cannot believe they are deliberately improving the streets of one section to the neglect of those in another, and we also believe that this matter if presented to them in a kindly way will be corrected. In the meantime, for the sake of cooperation and equal representation, we believe that hereafter the city should

be divided into wards, and each given its own representative. This at least would keep down any suggestion of unfair play.

To those that think editorial policies are weakening or playout entirely, we would just suggest that editorial policies are not weakening in privately owned papers, but like everything else modern, are undergoing a modest form of evolution. The syndicated papers never have and never will have any real editorial policy, for no man can possibly know when he is likely to get the air from owners when he happens to say the wrong thing. But the evolution or change in the privately owned paper is all the better. Instead of the old way of taking off the hide, hair and feathers in order to convert readers to their way of thinking, they are now trying to present their views in a logical and reasonable way, and in reality are having more effect than the old rough shod method. Then, papers are more respectful to each other than in former years. The day was when editors called each other names and things that no decent man would say about his mother-in-law these days. Now they belong to the same press or newspaper association and treat each other as brothers and equals.

**INTENTIONS OF THE PTA DURING TERM 1926-1927**

The editor has asked me to state through the Herald just what the intentions of the Parent-Teacher Association are for the coming term of our public school. There are many things to be taken up and if possible carried to completion, but we will only give some of the main ones.

The foremost work of the association will be beautifying the playgrounds of the school, and the installation of apparatus for the amusement of small children, such as swings, etc. If possible I would like to see a sidewalk around the entire grounds, but the amount of any such work depends entirely on the support given the organization by the parents and teachers.

The object of the PTA is to go forward with anything the trustees are not able to do.

Mrs. D. P. Lewis, Pres.

**M. & M. CLUB TO STUDY EASTERN ART**

The Maids and Matrons Club begins its year's work September 21st. The program is a very interesting study of the "Ancient East," "Life and Times of Cleopatra," and "History of Art."

The finance committee is now busy with the plans for the Style Show September 16th, part of the proceeds going to the library.

The club is striving to put the library on a self-supporting basis and are moving it to the southeast room of the second floor of the Court House. The formal opening will be Saturday, September 18th to which the entire public is invited. From three to four will be a story telling hour for the children.

**PARTY IN HONOR OF TWO VISITORS**

The home of Mrs. H. W. McSpadden was the scene of a lovely party Wednesday, September 1st, when she entertained in honor of her two charming daughters, Miss Gladys McSpadden of Lubbock and Mrs. Roy Schmidt of Tonkawa, Okla.

The entertaining suite was made lovely with roses and ferns and after several games joyfully spent in playing forty-two the lucky ones drawing were Mrs. Jack Stricklin, high, boudoir ice bottle, Mrs. Earl Alexander, low a lovely pottery flower bowl. The guest prizes were a lovely box of linen handkerchiefs to Miss McSpadden and a cut glass marmalade jar to Mrs. Roy Schmidt.

The hostess served delicious cantaloupe and chocolate brick ice cream and angel food cake to the following Mesdames John King, Tom May, Ray Brownfield, J. M. Miller, Joe McGowan, Dallas, Fred Smith, Earl Alexander, Cruce, McDuffie, Griffin, Harris, J. E. Michie, Downing, McKinney, Stricklin, Bailey, Ellington, Shelton, Homer Winston, Bell of Denver, Colo., the honorees Miss Gladys McSpadden and Mrs. Roy Schmidt.

A. L. Burnett has accepted a position with the Smith-Williams Gin as bookkeeper.

Don't forget the Style Show, September 16th, Rialto Theatre.

**Bad Color  
(liver trouble)**

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Thedford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver."

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well."

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indigestion, and I immediately resort to Black-Draught to straighten me out."

### BROWNFIELD BOOSTERS HERE AND VISIT CAVE

Eighty five-wire boosters of Brownfield, Texas, arrived here Monday evening, and stayed over until Wednesday morning. They were a good-will caravan of that growing west Texas city, and had visited a number of points on the north route here, via Tatum and Roswell, before arriving here. They returned Wednesday by Lovington.

Their caravan of sixteen cars brought their splendid band, and the local people, as well as convention visitors and tourists enjoyed a splendid concert by them at the court house square Monday evening. They also rendered a concert at the Beach the following evening.

A troop of Boy Scouts, with their Scout Master, Rev. Thomas, were also members of the party.

They spent Tuesday in the caverns, and had an enjoyable visit among the people of this city. They wore distinctive hats, and their cars carried large banners reading, “From Brownfield Texas—and Going Bark.”

Brownfield has made wonderful civic progress in every way, and the dandy caravan of boosters evidenced the spirit that is doing it.—Carlsbad News.

### BAND TEACHERS MEET AT SPUR SATURDAY

The band teachers of the Western District of the Texas Band Teachers Association, will hold their next meeting in Spur next Saturday. There will be representatives from all over West Texas who will favor the people here with some fine ideas in regard to band work.

There will be a banquet at the Spur Inn at the noon hour, and a number of guests from the business world are expected to be present. Mr. Col-lum, Spur's Band Director, is expecting to make the day a great one for the visitors to Spur that day. This will be the first meeting of the band teachers in our city.—Spur Times.

T. I. Brown and wife returned last week, he from south Texas and Houston in particular, where he went on business, and Mrs. Brown from Sweetwater where she visited relatives while her husband was in south Texas.

Mrs. Tempie Buttler, of Lubbock, is here this week visiting her mother, Mrs. S. A. Shepherd.

Don't forget the Style Show, September 16th, Rialto Theatre.

### MOTHER'S CLUB

Program for Wednesday, 22nd. Paper: The Peculiar Sympathy of the Great Poets with animal life

Reading: “Ghent ko Aisy” by Browning.....Mrs. W. A. Bynum  
Sketch: Tell how Blake's description of the symmetry of the tiger impresses children in animal structure

“The Pied Piper”.....Mrs. Hughes  
The Perceptive Faculties.....Mrs. Fred Smith.

Music.....Mrs. Eunice Jones

### SURPRISE PARTY

Friday night September 3, a surprise party was given by the Gomez High School in honor of Miss Eula Banks at the home of her parents, Mr. and Mrs. W. F. Banks.

Many of the high school pupils were present including a number of the most popular girls and boys from Brownfield.

Everyone reported to have had a nice time.—Reporter.

### MUSIC STUDENTS!

Piano or voice pupils may enroll Monday, September 13th at my home. So please telephone 48 or call to see me early, for a lesson period. Credits given. Mrs. W. H. Dallas.

W. H. Holloman and son, H. L., of Brown county, are here building a house on their farm 13 miles southwest of town, near J. L. Lyon's farm. This home will be occupied next year and another new farm put in cultivation, according to Mr. Lyon who was in Monday doing court duty.

Miss Bernice Weldon and mother returned last week from spending the summer in Alabama, where Miss Weldon was born. She reports having a glorious time, with two family reunions with about 90 people in attendance both times. After her long visit and rest, she feels like giving her chiropractor work close attention now.

Mr. Hancock, a mill man of Lubbock, accompanied by Mr. Hawk, of east Texas, were business visitors in Brownfield, Sunday.

Mr. and Mrs. Jessie D. Cox came in Friday from Killeen, Texas where they visited Mr. Cox's parents. They report a pleasant trip.

# “Chrysler 50”

We carry all sorts of Building Materials of the Best Quality and at Right Prices!

### SPEAKING OF WORMS, HERE'S WHAT THEY SAY

In speaking of worms, Simon Grouch says they have taken everything in the patch but the mortgage. Alcek Hardtimes says he saw a dry land terrapin crossing the road the other morning and when these little species of the chelonia group with their anatomical peculiarities differentiated in the Triassic begin to move about, look out for a crop failure from worms; they are sure to hit the cotton hard. In coming to town the other morning to resume his argument on the Ferguson-Moody campaign, Tobe Bellyacher said he heard a grinding noise which he thought came from his tin lizzie and when he shut her down the sound seemed to come from an airplane in the sky, but he finally decided it was coming from a cottonfield where millions of worms were ridding it. Caleb Gripes, who is Tobe's second cousin, said that in driving past Tobe's field the scent of the worms was so strong that it made him sick for quite a spell and caused a great uneasiness in his stomach. Caleb is thinking of giving his cotton patch a dose of worm lozenges to work them out. When the boys met in front of the First State Bank and exchanged their views on the situation, they gave the country up as lost and went in and hit Ben Brown for a loan to "tide" them over for another year.--O'Donnell Index.

### SESQUI STADIUM BEST JACK DEMPSEY SAYS

The greatest stadium in the world! That's what Jack Dempsey, world heavy-weight champion, thinks of the Sesqui-Centennial Stadium in Philadelphia where September 23 he meets Gene Tunney in a titular bout.

"It's wonderful," declared Dempsey as he inspected the stadium as the guest of the Mayor W. Freeland Kendrick, president of the Sesqui-Centennial Exposition. "I've seen many stadiums, but this is the best. Of course, there may be a few in this world I've missed in my travels, but I know they can't beat this one. They may tie, but never beat it."

"Tex Rickard couldn't have selected a more satisfactory place for me to defend my title. And everyone will have a chance to see. No pillars to retard a complete view of the ring. Yes, there's no doubt about this being the greatest stadium in the world."

The stadium proper accomodates 86,000 persons. Rickard will build field seats to increase the capacity to 140,000. The field seats will be erected on a slightly elevated platform which, however, won't interfere with the occupants of the front row box seats in the grandstand.

With such a great number available, it is not expected that there will be a shortage of seats. The present record for attendance at a boxing bout is 90,000. The prices of the Dempsey-Tunney seats will range from \$3.30 to \$27.50.

### NARARENE REVIVAL

The Nazarene people will begin a revival meeting at Brownfield, Sunday, September 12th. Services will be conducted by Rev. C. J. Stewart, Evangelist and workers.

Signed, Rev. C. J. Stewart,  
Lamesa, Texas, Box 551

### TEXAS PATRIOTISM AND ENTERPRISE

By A. N. Eshman, Winchester, Tenn.

Were I to have part in planning for anational or international exposition, I should make my first bow to Texas and ask that she make known her wishes concerning the big show, not that Texas is hard to please within reasonable limits, but because the Lone Star state probably excels any other sate, according to population in educational travel. They have the ambition and they have the money to back their judgment.

For example, I saw a personally conducted party 189 tourists in Montreal, which represented ten Southern states, and exactly 100 of them were from Texas, and 89 were from nine other states. Yet, the entire party was organized by a Tennessee institution.

"My hat's off to the South," said a popular railroad official the other day at Niagara Falls. "They believe in seeing our country. They easily surpass any other section for seeing America first." Such was the verdict of a man who watches hundreds of thousands come and go with every passing year. The South for big records in travel, with Texas easily in the lead.

Search any prominent register at the sesqui and you will find Texas names liberally sprinkled upon its pages. Check up where you will in any one of the five main palaces of the centennial, and you will find many loyal sons and daughters of the Lone Star state in evidence; and sometimes they are on the "glad way," too; for the sunshine way is the Texas way, whether seeing the sesqui, or lassoing a Hereford on western ranch.

### TWO TEXAS TOWNS WITH REPUBLICAN MAYOR

PANHANDLE, Tex., Sept. 2.--Slaton isn't the only town in Texas that has a Republican mayor.

Panhandle is proud of the fact that its mayor, F. H. Hill, is a Republican and that he has never been anything else. Mayor Hill says that the mayor of Slaton has a small job compared to his--since he has more than 7,000 Democrats to serve his city enjoying a very rapid growth and the mayor says that it even makes good Republican hustle to keep up with everything that goes on.

Mayor Hill moved to the Panhandle, thirty-eight years ago, and he has been a resident of Panhandle since that time. He claims that he has never taken part in a Democratic primary and that he is a rockribbed Republican.

"I am against the World court and for the cancellation of all war debts," said Mayor Hill. "I want it understood that I am not following the leaders of my party in these matters but would call your attention to the fact that since I came out against the world court that Newton D. Baker and Theodore Roosevelt, Jr have also announced their opposition."

Miss Jewell Carver, of Lamesa visited friends here the week end.

Miss Kate Duke, with a party of friends from Lubbock visited at Carlsbad, N. M. last week end and went through the wonderful cave at that place Sunday.

## Mr. Farmer

We have spent the better part of the summer in cleaning up and making the necessary repairs to our gin plant in order that we will be able to make the season run with the minimum stops. So when you bring your cotton to English Gin, you will not only get the usual good turn-out but quick and efficient service as well.

**W. B. English Gin**

"Service and Satisfaction"

# Ford TRUCKS!

To be prepared to take care of your crops properly, every farmer should own a Ford Truck. Will stand up year after year and better than any other trucks on the market, with repairs available 365 days of each year, and at a price you can afford to pay.

## COMPETITION IN WORDS

One who goes into the market to buy a motor car today is naturally confused.

He has read the words *best* and *greatest* so often that they have ceased to be convincing. Where *all* is best, he reflects, there can be no best.

Thousand-dollar cars have been described to him in ten-thousand dollar language. And vice versa.

He finds himself the target in a war of adjectives; the helpless victim in a gigantic competition of words.

And so he is forced to rely on chance—the advice of friends—or his own limited experience.

Dodge Brothers, Inc., have never participated in this verbal competition.

They are content with the position they have long maintained in the far more vital competition of *honest value*.

They have continued steadily to improve their product, not only in comfort and beauty, but *basically*—beneath the body and hood where fundamental values lie.

Yet they have not unduly stressed each betterment that has marked the steady progress of their motor car toward a higher perfection.

And when economic conditions or greater sales have permitted them to reduce prices without reducing quality, they have announced the fact without excessive emphasis.

Unexaggerated truth is not spectacular. But in the long run, implicit public confidence has been Dodge Brothers reward, and this they propose to preserve forever by continuing to build just a little better than they tell.

Ivey & Hearrell  
Brownfield, Texas

**DODGE BROTHERS  
MOTOR CARS**

Levelland—Rosamond Bros., of Stamford, Texas, building new cotton gin here.

Big Spring—R. E. Gay to erect business building.

Haskell—New poultry sheds being erected at Haskell County Fairgrounds.

Pampa—6 story hotel to be erected here at cost of \$150,000.

## Let These Machines Handle Your Corn Crop

McCormick and Deering  
Corn Binders

Five to seven acres a day with one-man outfit, and the one man does the work of half-dozen men with corn knives. McCormick and Deering Corn Binders are light, strong, and substantial. Roller bearings insure light draft. Both types do clean work, have ample adjustments for tall and short stand, pick up the down and leaning stalks, and make neat, easily handled bundles. McCormick and Deering Corn Binders are equipped with a smooth working bundle carrier and they can be fitted with wagon elevator, tongue truck, etc. These two binders have been standard for years. The McCormick binds the bundles vertically and the Deering binds them horizontally.

## BIG COMPANY HELPS LOCAL MERCHANTS

How one of the largest manufacturing concerns in the country cooperates with their dealers to keep local business in the hands of local concerns, was interestingly brought out in a talk with one of our leading tire merchants last week.

The company to which he pointed particularly for its work in this direction is The United States Rubber Company, which has perhaps gone further along these lines than any other tire concern.

There are several reasons, aside from the very good point of keeping home money at home, why our own local tire stores are the logical place to buy tires rather than the mail order houses.

Tires need looking after by an experienced tire man. He must have a well equipped and well stocked shop and be able to tell whether a tire is doing its work properly, and if not, why not.

For instance, an expert tire man can tell whether tires are wearing unduly because of the wheels being out of alignment and can correct the trouble in time.

If improperly equalized brakes are causing tire wear, the tire man can tell that and warn the owner.

This sort of service you cannot expect when you buy tires from mail order houses.

The United States Tire Company started eleven years ago to educate people to their interest in supporting the legitimate home town tire dealer.

In addition to running its own educational campaign in local papers without interruption for eleven consecutive years, the Company encourages the dealer to supplement it with advertising of his own and helps him do it. Under certain conditions it even shares the expense of the dealer's own advertising.

Recent improvements in production methods now enable the United States Rubber Company to market, through the local dealers, tires of known quality, bearing the Company's trade mark and full warranty, for as little money or even less than the cost of mail order tires or off-brand tires of uncertain value.

Just at the present time there seems to be quite an interest being taken in the future of the young marriageable people of the country—and West Texas in particular. To begin with a group of young men of Slaton formed a so-called bachelor's club, whereby each member binds himself not to marry. Should they do so, they are to forfeit to the remaining club members a specified sum of money. Thus the ones waiting the longest to marry or those who fail to marry at all are the winners. An organization practically the reverse of this club is the product of an Anson insurance man, who proposes to give each of his members a thousand dollars when they marry, provided they keep their membership in good standing, which is a very easy thing to do. The Slaton organization is meeting with strong opposition all over the country but as far as the News Man can learn no objection has been raised against the local order. Of the two, the News thinks the local order much the best proposition for the young people and we believe with the first marriage of the bachelors will see someone's dream fade away.

—Anson News.

Mr. A. Radford, wife and daughter of Seagraves were shopping in Brownfield, Wednesday.

Ben Hurst informed us this week that the local telephone company had purchased material to remodel their building considerably and greatly improve it. They are also putting on an all night operator.

Mr. Forrest, owner of the Forrest lumber yards, and Homer Hall, manager of the Forrest yard at Borger, were here this week looking after the Forrest yard here, of which Bob Adams is manager.

## OUTPUT PASSES 1925 —TOTAL IN DODGE PLANT

When the seven hundred and forty-sixth motor car shipped from Dodge Brothers' factory at Detroit on Aug. 26, left the freight yards, a new record had been established. The shipments to dealers this year had reached 259,967, the output for the entire year of 1925.

The consistent growth of Dodge Brothers' business is revealed clearly by the statement from the factory showing the dates on which 1926 shipments passed the figures for previous years. The 1921 production was passed April 5; the 1922, May 27; the 1923, June 9, and the 1924, July 22.

Dr. Lester Treadaway came in Sunday noon to visit a few days with home folks. People of Brownfield are proud of the young doctor and the good records he has made while in school.

Eulous Key, dry goods man of Anson, Texas, together with the manager of his panhandle store, Mr. McPherson, were here this week looking out a location for the Panhandle store somewhere on the south Plains being then on their way to Seagraves and from what we could gather either Seagraves or Levelland will likely get the store. Mr. Key and the editor were school mates in Alabama, and in fact our brother married his sister, but this was the first time we had seen him since 1910.

Rev. Douglas Carver, of Lamesa, was here Wednesday shaking hands with old friends. He has been singing for the Dr. Ashwood meeting at Lorenzo. Douglas informed us that he would attend Southwestern Baptists Theological Seminary at Fort Worth the coming term.

Mrs. C. T. Smith and two daughters, of Los Angeles, spent Friday night here on their way to Spur, Tex.

Judge W. H. Murcheson, of Haskell, spent Sunday and Monday here. He is retained by the Howard family in prosecuting in the Collins case.

J. L. Hoodall, wife and son, of Colfax, La., spent Sunday night at the Hotel Brownfield, on their way to Roswell, to enter their son in the Roswell Military Institute.

Judge G. E. Lockhart, of Lubbock, was attending court here this week, being interested in several cases.

Messrs. C. S. Sanders, A. K. King, and J. H. Bowersack, all of Amarillo, came in Sunday to erect the oil well derrick on the Brownfield ranch.

Messrs. John A. Peninger, S. M. Lelig and Kerby Lewis, all of Austin, state insurance rating men, were here this week.

Mrs. Mollie Smith of Seagraves, passed through Brownfield on her way home after a short visit with her parents, Mr. and Mrs. Hague, of Plains, this week. She was accompanied by her sister, Fay Hague.

S. J. Dixon, of Plains and Red Tudor of this city are spending a few weeks in Hot Springs, New Mexico, for Mr. Dixon's health. Mr. Dixon is Mr. Tudor's father-in-law.

Hubert Thompson, son of Mr. and Mrs. L. E. Thompson, will be home in a few days from the hospital according to reports.

Garland Woodard and Robt. Higgins, Lubbock attorneys retained by Mr. Collins, were here Sunday and Monday.

# NAZARENE REVIVAL

The Nazarine people will begin a Revival meeting in Brownfield, Sunday September 12th. Services will be conducted by Rev. C. J. Stewart, Evangelist and Workers.

#### THE DALLAS NEWS TO OFFER BARGAIN

We are in receipt of a letter from The Dallas News, stating that its Third Annual Reduced Rates Offer will be announced not later than December 1st. Once a year, The Dallas News offers its readers an opportunity to make a substantial saving on yearly subscriptions. This is a sort of Christmas present from The Dallas News to its readers. Last year and the year before, practically all of the old subscribers availed themselves of this opportunity, and thousands of new readers were added.

Among other things, The News stated that it maintains the highest priced news-gathering organization in the Southwest. Its ten leased wires, aided by an army of regular and special correspondents, bring the news from all parts of America and the remote corners of foreign lands.

This news, concerning the big State newspaper, which has meant so much to the growth of Texas, will be of interest to the entire reading public.

#### NEW HOTEL OPENS DOORS TO PUBLIC

LUBBOCK, September 3.—"Lubbock's Crying Need," in the shape of a new 120 room, six story, fire-proof hotel, was officially opened to the public yesterday and several patrons from all parts of the state in its first day of business. Dallas, Houston, Austin, Wichita Falls, Brownwood, Ft. Worth and several other places were represented in the list of registrants at the hostelry last night. Also in the list, in fact, the first man to register after the building had been accepted by the board of one Spencer A. Wells, manager of the Hemphill-Price Company, giving his address as the capitol of the South Plains.

#### ORDER OF CITY COUNCIL

All light and water bills must be paid by the 15th of every month. There will be no notices other than your bills. This rule applies to all, and will positively be enforced hereafter.

Eunice Jones, Supt.

Mr. Roy Herrod, one of Brownfield's popular young men, left Monday to take charge of a position at Lamesa.

#### REPUBLICANS PLAN VIGOROUS CAMPAIGN

DALLAS, Sept. 6.—Believing that the division in the democratic party that has existed for the past few years is still there, the republican party of Texas will conduct vigorous campaign in behalf of Harvey H. Haines of Houston, candidate for governor, and its other nominees for state office, R. B. Creagor of Brownsville, national committeeman, announced at the meeting of the state republican executive committee today.

#### Sanitary Barber Shop

and BEAUTY PARLOR  
Modern and Up-to-date

T. H. WILSON, Prop.

#### TO OUR FRIENDS AND NEIGHBORS OF TERRY CO.

And to all others who have helped us in anyway since we lost our house and contents by fire, we wish to thank you each and every one for your kindness and favors. May the Lord of Heaven bless you all is our prayer.

Mr. and Mrs. D. E. Snow,  
Tokio, Texas.

#### THANKS

I take this means of thanking the voters of Precinct No. 4 for their vote and influence which again nominated me as their commissioner. I have a great will toward those who opposed me, but shall do all I can to make my constituents a good commissioner.

Respectfully,  
W. H. Black.

Don't forget the Style Show, September 16th, Rialto Theatre.

Mr. Cecil Bell, of Big Spring was a Sunday guest in the Ame Flache home here.

We note that Fred Smith is now to be about in his car again after being laid up with a sprained knee.

Don't forget the Style Show, Noah Bell was doing jury service September 16th, Rialto Theatre, this week.

Don't forget the Style Show, September 16th, Rialto Theatre.

Rev. J.G. Thomas held a very successful meeting at Union Lake.
