BROWNFIELD, TERRY COUNTY, TEXAS, NOVEMBER 26, 1926

NUMBER 14

Chamber of Commerce CURRENTS By the Secretary

It has been stated on good authority that there is something like \$5,000,000 being sent out of this town each month in the form of Postal Money Orders to the various mail order houses and it is a good guess to say that there is as much more going out in the form of bank drafts and checks, which in the four months that we usually have money in this country would reach the total sum of at least \$50,000,000 in cold cash that is more never to return. This is wrong people, and is more harmful to the country than all of the leaf worms and other pests that ever entered it.

Just ask any banker how much good that \$50,000,000 would accomplish if left at home where it could be used when needed next year and how many debts it would pay and there is no doubt but that it would be left here because all of our merchants made their purchases with the expectation that we would have a prosperous year and that large amounts of goods would be sold and these goods would be sold and these goods would have to be paid for in any event.

There might be some excuse for sending money out of the country if it was a prosperous year and any considerable amount of money could be saved by doing so, but it is not a prosperous year and you can go into any store in this town and buy goods of a better quality for less money than the mail order houses charge you and besides that you see the article before you pay for it.

People in the country are not the only offenders in this respect as there is any number of people in the town who seem to have the idea that they can save money by ordering from out of town places or think that the goods displayed here do not have the style or quality demanded by them and this is an idea that can be easily refuted by investigation of stocks.

No country nor the people residing within its borders can be prosperous so long as all of the surplus money is sent out of it and the sooner we come to a realization of that fact the better it will be for us.

The news has been published that the Denver and Frisco is going to build a net work of railway lines across the South Plains which of course will be of benefit to Terry county even though they do not enter its borders and it is also known to the chamber of commerce that the Katy is going to make application for permission to extend their line from Rotan west and we are in correspondence with officials of that line and data has been prepared for presentation at the proper time. We are not absolutely crazy for another railway connection, but if a railway is to be constructed across this portion of the South Plains it is up to us to undertake to secure it for our own protection.

Following in the footsteps of other organizations, it has been decided that this office will issue a monthly bulletin to members of the chamber of commerce and others interested which will contain news of activities proposed and in course of completion. This will be mailed out on the 15th of each month in mimeograph form.

Broom corn would be a good thing to plant in place of cotton and this office is now in touch with purchasers of this commodity and it now has a market value of from \$15.80 to \$20.00 per ton and at the lower price would pay better than cotton at fifteen cents.

Seeded ribbon cane is another article that seems to have a good market when made into syrup and pays better than cotton. Let us see if we can't get away from the all cotton idea for next year and diversify from one end of the farm to the other.

Don't quit cotton but make it the surplus crop.

Sixty-nine per cent of the foreign born population of Texas are natives of Mexico. Germany ranks second with about eight per cent of the foreigners in Texas.

BIG TRADING CROWD HERE SATURDAY AFTERNOON

Sometimes we hear someone remark, "yes, there was a big crowd here Saturday, but they were just milling around; they were not buying anything." The above could not be said of the immense crowd here last Saturday, for the writer was on the streets enough that day to know positively that they were buying. All clerks were kept on the jump, and the packages and boxes being brought out of the stores and placed in vehicles was proof positive that the folks were buying goods.

Not satisfied with our own observation, in making our rounds this week we talked with a number of the merchants, and not one but reported a big day. In fact one merchant who has been in business here a number of years reported the biggest day he has ever had in Brownfield.

The time has now arrived for the people to make their winter purchases, but if they come to town and find the business men with faces as long as the fabled slim-sycamore-sapling, they are going to have a tendency to hard and deprive themselves of the things they really need and have the cash to pay for.

What the business men need to do for awhile, is to brighten up; meet the customer with a smile, and do some business. What has happened has happened and can't be helped—but if you will look around you will find much to be thankful for.

14 BOYS TO RECEIVE "LETTER SWEATERS"

As the paper goes to press the football team of Brownfield has not closed its season, but has had the most successful season ever of the nine games played. We have won 6, lost 2, and tied one. Our score stands 92 to the opponents 32.

This year is the first time any athletic team in Brownfield has been lettered. The boys will be proud of the maroon and white, and we are proud that they are able to wear the school colors. The names of those lettering will not be published until next week.

The school wishes to thank all the firms, patrons, and supporters of Brownfield High School athletics who have contributed to the fund for lettering the boys.

Below is a list of those contributing to the fund:

Fladger Tannery	\$5.00
E. G. Lewis	5.00
Collins Dry Goods Co.	7.00
Palace Drug Store	7.00
B. A. Bynum	.50
Fred Youree	2.50
Jones Dry Goods	2.00
Alexander's Drug Store	7.00
Tudor Sales Co.	7.00
City Barber Shop	2.50
C. George Tailor Shop	2.50
Miss Easley	2.50
Jack Holt	.50
Sanitary Barber Shop	2.00
Lewis Bros. & Co.	2.50
Dr. DuBois	2.50
Boone Hunter Drug Store	2.50
American Cafe	1.00
Henry's	2.00
James Youree	2.50
Bennett Bros.	4.00
Mrs. Greenfield	1.00
J. Y. Taylor	1.00
Sue Crawford	1.00
First National Bank	5.00
Hotel King	1.00
Brownfield State Bank	5.00
Quality Filling Station	1.00
J. L. Croft	2.00
Bros. & Bros. Grocery	2.50
Copeland Dry Goods Co.	2.00
Miller & Gore	1.00
Hotel Brownfield	2.00
H. R. Winston	2.00
Carter Chevrolet Co.	2.50
J. Robt. Scott	1.00
J. B. Jackson	2.00
O. W. Fagala	2.50
Rialto Theatre	7.00

NOTICE!

It is a \$5 to \$50 fine to drive over a fire hose. Watch where you drive when a fire hose is laid.

Fire Chief.

SCOUTS REJOICING AT RETURN OF MASTER

Everybody I am sure is glad that our good Scoutmaster Brother Thomas is back in the city for another year. But most of all there is about twenty-five Boy Scouts that are really rejoicing. We are all going to have a real year's work in Scouting, and we expect to organize a Court of Honor right away to recognize the Scouts who are advancing from Tenderfoot to Second class and from Second class to First class. It will not be very long before we will have some Life and Star Scouts.

The Scout Executive hopes to put before every school board and superintendent of school the claim for one fourth high school credit each year for Scouting. The state inspector of high schools has placed his approval on this procedure, and Supt's Duncan and Owen of Lubbock and Crosbyton have already recognized Scouting in the high school. We are sure that Supt. Fagala after a study of the question will recommend the same action to the school board.

Our year's work is about up. The first fiscal year has been changed from April 1, 1927 back to January 1, 1927. New committees are soon to be organized in every town to help the boy life of that town and the surrounding communities. The Scout program can reach either directly or indirectly every one of the 10,000 boys of Scout age in the twelve counties of the South Plains Area Council. Are we going to fail our boys, because we were disappointed in the price of cotton? These boys will grow into men just the same. Let's diversify, Father and Mother, that's the best, whether you have given your boy to the world with a well developed character, trained for christian citizenship to take your place in life.

Scout Executive.

An insurance inspector was here last week and complimented many of the business men for the nice condition in which he found their places of business. Others did not fare so well. The Rialto Theatre got an especially good compliment, saying that their building would pass muster in any town or city.

Eighty-four persons out of each hundred in Texas are white and seventy-six out of each hundred are native white people.

THREE LOCAL FIRMS INSTALL ELECTRIC SIGNS

Since our last issue three of the local firms have installed beautiful electric signs, which add much to the attractiveness of main street at evening. The firms installing these signs are: Alexander Drug Store, Rialto Theatre and Carter Chevrolet Co.

While the signs installed by Alexander Drug and Carter Chevrolet are nice and can be seen for a long way, and are in every way well up to the size generally installed by firms of this kind, the Rialto installed one of the most attractive in this section of the state, and would do credit to a city much larger than Brownfield. It is some 15 feet long by three feet wide with the word RIALTO up and down almost the entire length, but with a peacock's tail at the top with various colored lights which finish the imitation of a peacock strutting in the noon day sun. Twinkling stars all around the sign of vari-colored lights finish the details of the sign.

The Herald wishes to compliment each of these firms for their progressive spirit.

HERALD ENGAGES A SOCIETY EDITOR

The Herald for several years has seen the need of a society editor or reporter, especially since the town has become large enough to sport a large number of clubs, associations, etc., but was afraid it might not pay. But, we have gone into the venture, and firmly believe now it will pay, not that we want to make money out of it, but merely to pay expenses. While the cost is not great, we feel that the added column will at this time at least pay part expenses, and we believe the readers will highly appreciate this department, and that is pay sufficient.

Mrs. W. H. Dallas has been engaged to conduct this department, and she is already too well known in this line of work to need introduction. Suffice to say, her phone No. is 48, and not only she, but the Herald as well will appreciate any information you may have for Mrs. Dallas. Let's make this the most interesting feature of the entire paper.

Memphis—Construction is under way here on a natural gas distribution system, and gas will be supplied in this city within ninety days.

BROWNFIELD 12—TAHOKA 6

The best and most fight of the season was demonstrated Friday afternoon on the local field when the Brownfield Cubs met the Tahoka 11. From the very beginning great spirit was shown by both teams.

The local eleven kicked off to the visitors, who received the ball and on the third play connected a 25 yard pass, and ran the remaining distance unmolested for the touchdown, but failed to kick goal on account of so many Brownfield players reaching the kicker.

The touchdown made by Tahoka to put real fight into the local team. Tahoka kicked off to Brownfield on the 20 yard line, from which place the local boys "got their heads together" and with a series of end runs and line plunges, carried the ball to the six inch line as the quarter ended Tannery ploughed through center on the first play in the second quarter; goal failed; half ended—Brownfield 6, Tahoka 6.

The second touchdown came in a similar manner to the first with the quarter ending with the ball on the two-foot line. Tannery again hit center for the touchdown. Goal failed. Tahoka was unable to even endanger our goal line after the first touchdown. There was a number of stars—in fact the entire team stared for Brownfield. Ballard Bros. did well at halves; Dallas was plenty of power at full; Tannery showed good gains and a cool headed general to manage a team. Tandy and Bynum refused to allow any man around the ends, while Kendrick, Ball, Lewis, Perry and Cruseena made a stone wall that Tahoka could not penetrate. Tahoka possessed a powerful passing team, with quarter and full staring.

Brownfield should be and is proud of this victory over a town that heretofore has always defeated Brownfield. Thanks for your support.—Reporter.

It is reported here that the Meadow Gins are refusing to gin sledged cotton on account of the raise in insurance rates on ginning that class of cotton. They claim that the fires in gins last year were all in sledged cotton.

Dr. C. M. Bell traded his home this week for the Rex Rooming House belonging to Judge T. L. Price, of Post, Texas, the incoming district attorney.

"THE BLACK PIRATE" HERE NEXT WEEK

In presenting the "Black Pirate," which is coming to the Rialto Theatre next Wed. and Thurs., Douglas Fairbanks is up to one of his pioneering tricks again. The film is in natural colors, and a vast improvement; we are told over past efforts at presenting color. "Doug" has picked out tones which are calculated to rest the eye—principally browns and greens and their complements. And all the color is selected in accordance with its dramatic value. Four months of experimental work was done along this line before a crank was turned on production.

Douglas Fairbanks in "The Black Pirate"

The story is original from the facile pen of Elton Thomas. All the "yo-hoes" and "avasts" of 17th century piracy are in the "Black Pirate" along with everything that any pirate ever did, from burying treasure to walking the gang plank. Without being specific Fairbanks chose the Southern Seas as his locale, thus giving his adventure plenty of sea room. Albert Parker was custodian of the megaphone on "The Black Pirate."

Billie Dove, that lovely young leading lady who is rapidly heading for stardom, furnishes the pulchritude in this picture and also Dug's motive for cleaning up a couple of ship loads of pirates.

Mr. Fairbanks opens this picture, we are told, where most of them end—with the freebooters blowing up a galleon along with the passengers, cargo and crew. After this incident things get exciting, and the first thing we know the star is a black pirate, roaming about and capturing ships single handed and all that. All told two ships are blown up, and one is sunk under fire. The hero is made to walk the plank, and just how he extricates himself from this unhappy predicament after his hands have been tied behind his back is quite a story in itself. After viewing this film, there no doubt will be an exodus of small boys to the conestrial seas of various vacant lots and back yards to dig up the huge quantities of doubloons and pieces of eight that Doug's pirates bury.

LIST OF JURORS

Following is the list of jurors called to County Court for the week of December the 20th, 1926:

L. C. Stovall
Riley Spivy
O. M. Minnix
Luther French
W. E. Stone
Homer Hall
A. G. Cook
Dan O'Neal
Bunk Lewis
H. M. Thompson
J. B. Bullman
Chester Gore
W. C. Cheak
Edd Allen
Lester McPherson
John Egan

Children—One hundred new street lights are being installed in the residence section of this city.

"THE LOST BATTALION" FULL OF HEROES AND ACTION

"Go-to-hell" Whittlesey and all of the surviving members of the world famous Lost Battalion, that was surrounded in a "pocket" in the Argonne Forest for six days and nights will connect on the screen all the historic events of the six days' imprisonment at the Rialto Theatre next Monday and Tuesday. Widespread interest has been created in this picture by reason of the fact that it was authentic and was reenacted by the actual survivors.

Many of the doughboys will go to

the Rialto and see their buddies make their debut as screen actors, reenacting the brave parts they played in the "pocket." All of the original documents, including the curt message from the German commander to Lieut. Col. Whittlesey, calling on him to surrender, were used in filming this picture. "Cher Ami" the carrier pigeon that lost an eye and one leg in its flight from the "pocket" with the message that brought relief, also reenacts its flight and is also shown with the distinguished service cross it received at the hands of Gen. Pershing.

FIRE ALARM TURNED IN THURSDAY MORNING

A fire alarm at any time is something to be dreaded, but when one hears the screech of the alarm such a day as was Thursday about noon, it sure enough is a time for fear.

An alarm was turned in Thursday morning about noon, a bale of cotton being on fire at the Farmers' Gin, with one of the fiercest sandstorms in history raging. It was extinguished before other damage was done.

There are about 200,000 more men than women living in Texas.

Advertising Rates on Application

There was one and one-half million more bales of cotton produced in Texas this year than last, but it will bring some \$28,000,000 less money. This ought to be a lesson in figures that our farmers will not forget in a quarter century.

The Denver Railroad has been granted the right by the Interstate Commerce Commission to construct 229 miles more of railroad on the South Plains and the Panhandle. This section has long been hampered by lack of railroad facilities, being in touch with only a few of the world's marts. However, with this additional mileage, we believe this section is in for an era of rapid growth.

There are according to the local postmaster literally thousands of dollars leaving here every week to the big city mail order houses for inferior goods at slightly less cost. This should not be so. Every penny possible should remain here in circulation to tide us over this bad place in the road of progress. Our merchants should put on a broad smile and ask for this business in a way that it cannot be misunderstood.

It is said that the battle of Waterloo was reported in a 300 word message, but that one big city daily devoted 47 columns to the recent Demsey championship battle. Perhaps in the same issue some scientific discovery occupied three inches in some obscure corner, under an eight point headline. But the dailies say they are giving their readers what they demand.

The Lamesa Reporter attacked a bunch of our young people last week for pulling a party in their town. Perhaps the Reporter is not aware that we have no drug store saloons in Brownfield, and our young people maybe quite unuse to hard whiskey like they have in Lamesa. Also, it may just be possible that real bootleg stuff was substituted on them for the bonded variety. The Brownfield young people don't seem to use to be any worse than any other young people hereabouts.

A mischievous boy with an air gun can sometimes do a lot of property

damage. Fathers who permit their children to wander around with weapons of destruction should keep a closer watch over the children. In any event they should be required to pay for the damage done. Recently there has been considerable complaint about boys shooting window lights out of a church and puncturing electric light globes on the streets. If this kind of vandalism should continue, some little fellow will possibly land in jail, and then the parents will feel that the officers have done them a great injustice. Better look after the boys.—Tahoka News.

The same old story, a fake advertising solicitor hit town recently and succeeded in "working" some of the local merchants, collected for same and lefts for parts unknown. The said bird was well dressed, clean soft white hands and had a tongue slick enough to talk a few of our business men out of several dollars worth of advertising that will not be worth a dime insofar as getting any results is concerned. We are told this stunt was pulled by the same party in a neighboring town.

Just why a business man will submit to this kind of a deal is beyond our imagination. Anyway, the duck collected the money in advance, cashed the checks and flew the coop.

This money is gone forever. It will never circulate in Miami again. Moral: Spend your money for advertising with the local paper and keep Miami money in Miami. The Chief has plenty of space to sell at a reasonable figure and after all is said and done, rightfully deserves your financial support.—Miami Chief.

Don't Market the Turkey Hens

A strenuous effort is being made to save the lives of more than fifteen hundred turkey hens, now residing on farms in Dawson county. The time for marketing turkeys is at hand and unless some immediate action is taken practically every turkey in the county will be sold during the next thirty days.

The agricultural department of the Lamesa Chamber of Commerce held a meeting last Thursday evening to discuss the turkey hens and their fate.

It was brought out at this meeting that if the turkey hens in this county could be retained by the farmers that a large crop of turkeys could be produced in Dawson next year. It was stated at this meeting that if all the turkey hens in the county could be saved that the production of turkeys would be increased over forty thousand dollars next year.

In connection with the turkey question plans are being made for the organization of a poultry association for this county with the purpose of stimulating production of poultry.—Lamesa Journal.

We call your attention to the large sale ad of Lewis Bros. in this issue. This is going to be a real sale and you can just bet on that. We want you to carefully go over their list of merchandise and prices. This sale will pay you to go 100 miles to attend.

\$ —A GOOD BANK— \$

A good bank possesses strength over and above the satisfying figures of a financial statement. Our resources, banking affiliations, or our strong vaults do not contain all that makes this bank a constructive power in the community.

The officers and staff of this bank who give daily their best efforts to express our ideals of courteous service and in their acts express appreciation of our customers; the friends we have and the friends we make; these are human assets of incalculable worth. We are anxious to make more friends and invite your business.

Brownfield State Bank

Brownfield, Texas

Conservative Accommodative Appreciative

MISSION OF THE WEEKLY

We do not often write about our home paper, but at least a dozen visitors have been in the office this week to express their opinion of the paper. These opinions are not all complimentary, but we like them just the same. We are happily surprised at the way the News is valued. It goes into many states where tourists live. It finds its way into homes where it is sent by a relative or friend, and we are proud of the fact that our paper gains value by this usage.

A weekly paper has a mission that cannot be performed daily. In your daily paper you get what is known as the "Big News." State national, and international events come to you through various syndicates and associations; criminal stories you get as straight news or as feature stories with a human interest which stirs your sympathy. A weekly paper has a local flavor and interest that outside papers cannot have. We come into your home every week ask as a friend; we bring you the most interesting events of the county.

We endeavor to sift the important news from the unimportant news. We do not cater to that which is deteriorating, neither do we print news stories because they have the 'punch' to attract our readers. By giving local and county news first place in our paper this weekly fills a place in the community which no other paper can fill.—Sudan News.

LOOKS LIKE AN OLD FIGHT OVER

Early indications are that McAdoo and Smith will have their old fight over for the Democratic nomination for the presidency. Both are making medicine right now, and their friends all over the nation are seeking every advantage that may be obtained.

Smith is strong in New York where the liquor interests have control, and whatever he may advance as a platform, it must be made known that his chief purpose, and the sole purpose of the leaders who are pushing him forward, is to restore the sale of liquor as it was before the adoption of the eighteenth amendment to the constitution.

McAdoo is on the other side of the question and will have the solid support of the dry interests in the party. Thus we will have wet and dry fought over again in our party campaign. Texas people are used to that, because we have had little else in our politics for the last thirty years and more.

The entry of other candidates is not indicated at this time, and though it is early to make predictions, there will probably be no others or if there are others they will draw little support. Smith and McAdoo held the last national Democratic convention in deadlock for several days, and after every means known to learned practical politicians to nominate one or the other had been exhausted, a practically unknown man was placed at the head of the ticket. This situation is not likely to be repeated in the next convention. We know what we are up against now in the Democratic party. The party as a party will have to take a stand for or against the reestablishment of the

open saloon. You all know which side you are on.—Henrietta Independent.

CAR OF BROOM CORN SHIPPED MONDAY

A car of broom corn raised by Mr. Walter Cleveland and some neighbors west of town was shipped from Meadow Monday of this week. Some of it was said to be very fine grade of corn and brought a very good price. This another demonstration of what can be raised in this section. Not altogether do people have to depend upon cotton for a crop in this county or this section. There are plenty of other crops that can be grown to a handsome profit if given even half the attention that cotton is given. In some ways broom corn demands a good deal of attention, yet if handled rightly and in time it could be grown here very profitably.—Meadow Review.

Guy Nowlin in lifting the cover of a burr saw at the Parks & White gin this morning to clean some trash from it got his hand caught in the saw. Two fingers were very painfully cut and injured but not seriously. He will probably be unable to use the hand for some time. It not only unfortunate for Mr. Nowlin, but for the gin company as well, for Mr. Nowlin was one of their most valuable men.—Meadow Review.

County Judge H. R. Winston returned this week from Dallas where he and Mrs. Winston carried their little daughter for treatment. He informed us that his wife and baby would have to stay down there at least six weeks.

Suffered weak, nervous

"I WAS in a very weakened, run-down condition, surely in need of a tonic and builder," says Mrs. J. R. Wrenn, of Anna, Texas. "I was so weak I had to go to bed, and kept getting weaker. I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry. I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui."

Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui were just what they needed to help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments.

Buy it at your druggist's.

TECH COLLEGE STARTS MONTHLY MAGAZINE

LUBBOCK, Nov. 22.—"Prairie Fire" is the name which was selected this week for the official magazine of the Texas Technological College, which is edited by Harry Montgomery formerly of Memphis, with Tom B. Morrison, of Lubbock, as business manager. The publication is of a literary and humorous nature and completes the circle of publications for the college, a newspaper and year book having been founded last year.

The first number of the magazine appeared last month without a name, suggestions for the title being submitted during the month. The second number will appear immediately preceding Thanksgiving.

The first number of the magazine contained twenty-eight pages, 8 1/2 by 11, and compared favorably with other similar college publications being complete in every detail.

TECH COLLEGE TURNS OUT OWN CURTAINS

LUBBOCK, Nov. 22.—The College Cafeteria at the Texas Technological College has recently been equipped with curtains made by students in the department of textile engineering. Every step of the manufacturing was done in the department, from the cotton bale to the loom. The sewing was done by the girls in the College of Home Economics, making the curtains strictly a product of the Tech.

The department of textile engineering is said to have the most complete and modern equipment of any similar school in the nation. During the summer the department of interior of the federal government received a letter from the Philippine Islands asking information concerning the most modern textile school in the United States, and the letter was referred to the Tech.

The Textile department is rapidly drawing more students to that field of work, more than 100 being enrolled in the department now. According to annual statistics the South is becoming industrial, and more revenue was derived from industries last year than from agricultural production. This fact is stimulating interest in the textile school.

The students of the department are given instruction in the manipulation of the machinery, its construction and installation. They are also given individual instruction in the manufacture of cloth, in all the various steps of the process.

"RUFUS RASTUS JOHNSON BROWN" SONG SHOULD NOT BE FORGOTTEN

When the writer was growing up there was a popular song which unfortunately seems to have been forgotten—not only its language but its spirit also. It ran something like this:

"Rufus Rastus Johnson Brown, What you gwine ter do when the rent comes round?
What you gwine ter say? How you gwine ter pay?
Just keep on workin' till Judgement Day,
Rufus Rastus Johnson Brown?"

Unfortunately nobody nowadays seems to be warning "Rufus Rastus" at all. Nobody seems to be worrying about pay day any more. Everybody is buying on the installment plan, and nobody seems to inquire what would happen if times should get hard or a sudden panic or "deflation" (some folks seem to think "deflation" a much nicer word than "panic") should hit this country.

The thought came to mind as just heard the story of a man who bought a flivver and mortgaged two mules and a cow to pay for it. One mule died and the mortgage sent for the other mule and the cow, the cow being the main source of living for the family.

This, of course, is an exaggerated case, but it shows the extremes of which people are going in buying on the "installment plan," or as the darkies call it, "The insolvent plan."

The next time you are tempted to buy something you might get along without, why not sing a stanza of "Rufus Rastus Johnson Brown"—and then practice a little of that economy and self-control which this country so sorely needs at this time? Pay day always come, and whenever we obligate ourselves to too many pay days covering too long a period of time, some of these pay days will almost surely find us seriously uncomfortable.

"The 'Rufus Rastus Johnson Brown' song ought to be revived.—The Progressive Farmer.

There were 6610 bales of cotton counting round as half bales ginned in Terry county from the crop of 1925 prior to November 1, 1926. As compared with 3771 bales ginned to November 1, 1925.

The Herald, \$1.00 per year.

OUTLAWING THE RAILROAD STRIKE

The arbitration of the request for increased wages for conductors and trainmen of Eastern railroads began October 28, in New York City. It is being conducted under the provisions of the recently enacted Watson-Parker Railroad Act.

The controversy involves a request by conductors and trainmen of Eastern railroads for an increase in wages approximating 20 per cent. It involves approximately 89,000 employes on 23 Eastern railroads.

While the men demand increased pay, the railroads claim there is no justification for pay increases at this time.

But here is the point of greatest public interest. There is no strike nor threat of strike. The members of the board of arbitration have been chosen. These members represent the public, the employes and the railroads. Every fact in connection with the demand for pay increases will be weighed and considered, and such increases will be granted or denied as a matter of right and justice to the three parties at interest, namely, the public, the employes and the railroads.

The workmen and the railroads are to be complimented on this orderly procedure, which has superseded the day of strike threat with its demoralization of business.

TEXAS GIRL "BULLDOGS" STEER FROM CHEVROLET

The automobile has invaded another realm of the horse, the dangerous game of "bulldogging" steers which has been popular in the Lone Star state ever since the vast herds of cattle first roamed its prairies.

The stunt was successfully performed recently for the first time by a daring cowgirl at the rodeo held at Bandera, Texas.

Crouched on the running board of a Chevrolet touring car, she rode in pursuit of a wild Texas steer. A group of yelling cowboys mounted on horses joined in the chase. The driver of the Chevrolet adroitly avoided a frenzied charge when the steer suddenly stood his ground and attempted to gore his pursuers.

The car then whirled in a swift circle and ran alongside the galloping steer. The cowgirl leaped from the running board to the animal's shoulders, locked one arm about his neck and threw him to the ground. She suffered no injury.

Veteran cowmen in Bandera county, the heart of the western range country, declare that "bulldogging" from a car appears to be safer than when the rider is mounted on a horse.

SAFEGUARDING AMERICA'S INDUSTRIAL STRUCTURE

A notable change may be seen in the trend of advertising nowadays. Not so many years ago, the really big advertisers were patent medicine and baking powders. Today, financial advertising is featured because the public has more money to invest, wage-workers who in the old days barely existed, today have a surplus. Prosperity is general; there is at least a little money everywhere, and the public has the desire to invest. The old day of individual ownership of every business is passing on. Maybe and sell collectively; they invest collectively, to get collective service that no individual capital could provide. They buy as corporations, where the very volume of the investment, and its creed of universal service, makes it more safe from radical forces of every kind.

The corporations of today are 'our corporations; we—everybody—finance their building and buy their products from ourselves as owners. "Public ownership" is here in its ideal form. Railroads, big buildings, public utilities, factories, improvement districts, schools, canals—thousand things that used to be more or less exclusive picking for the few political or financial giants, are today for the many without regard to wealth or position.

America was never as truly American as today, with almost every family owning some form of industrial security that pays a profit. This is a safe and sane condition.

BAPTIST ASK MOODY TO DISPENSE WITH BALL

SAN ANTONIO, Nov. 18.—Condemnation of inaugural balls was voiced today in a resolution by the Baptist general convention of Texas which asked Governor-elect D. Moody to dispense with the ball.

Here Are The Improvements

Review this impressive list of improvements—a notable twelve-months' record of progressive engineering.

- A new five-bearing crankshaft (replacing the three-bearing type.)
- A new two-unit starting and lighting system (replacing the single unit type.)
- Air cleaner of improved design.
- Spark and throttle levers placed above the wheel for greater convenience.
- Stylish new body lines.
- Rich and attractive new colors.
- Improved all-steel body construction.
- Increased driving vision.
- Indirect dial lighting for the De Luxe and Sport types.
- Far greater riding comfort.
- Impressive new smoothness and silence of engine operation.

Greater beauty, greater convenience and remarkable new silence and smoothness of engine operation have followed these vital betterments.

WHAT'S DOING IN WEST TEXAS NEW CHEVROLET TELEPHONE 'TROUBLE SHOOTER'

Mineral Wells—The stand of President Arthur P. Duggan and Manager Homer D. Wade of the West Texas Chamber of Commerce on the question of a tax survey for the state was fully endorsed by the Mineral Wells Chamber of Commerce at a recent meeting here. A special committee composed of three prominent West Texas men in this section was appointed to offer assistance to the West Texas organization in their effort to secure passage of a legislative bill by the Fortieth Legislature for furtherance of the state tax survey cause.

Haskell—Work on the disposal plant of a new sewer system for the city has begun here. Seven miles of new sewerage line will be added, and the system is expected to be complete and in operation within three months.

Claude—The County Home Demonstration Agent of this section has begun campaigning for a home meat canning program for Armstrong farmers. Through items in the Claude paper she is explaining the value of home canned pork, beef, and other products, and confers with those interested in the subject at her office on Saturdays.

Colorado—"The Value of Poultry Raising to West Texas Farmers" was explained in an interesting and informative address by Manager Homer D. Wade of the West Texas Chamber of Commerce during the Mitchell County Poultry School and Show held here November 20.

Eden—A turkey dressing and cooling plant has been opened here. Experienced operatives from Armour & Company of Fort Worth are working at the shop and much business is being done.

Kerrville—An insecticide factory has been established at this point by the Furman Company, manufacturers of and wholesale dealers in insecticides, disinfectants, rat poison, screw worm killer, and similar lines of merchandise. Headquarters office and factory were formerly maintained at San Antonio.

Moran—The Moran Luncheon Club will pay for a city tourists park and deed the same over to the town, it was decided at a recent meeting of the organization. Half the price of the park has already been raised and the other is to be paid out within 12 months.

Levelland—Contract for carrying the U. S. Mails over the longest route in this section was awarded here recently. The route will serve numbers of people in the northwestern part of Hockley county, and the Whitharral postoffice. It is variously estimated at from 38 to 72 miles in length.

Fredericksburg—Gillespie County has been offered opportunity of filling 150 half-pound sacks of Texas pecans to be used at a mammoth banquet in Chicago to be held for boys and girls agricultural club representatives at a national convention. Pamphlets or literature advertising the section may be included in the sacks which are to be used as plate favors. The local chamber of commerce is receiving contributions for Gillespie's county's quota, which will be added to those furnished by other regions at the request of the Texas Pecan Growers Association.

Jacksboro—Work of surfacing the Antelope Highway has begun here, contract for which amounts to \$132,509.22. Two hundred and fifty working days are allowed for the job.

J. S. Siddons, of the Challis community, was in this week engaging fat turkeys to the town folks for both Thanksgiving and Christmas. Mr. Siddons said he had them to fit almost any sized family.

Rev. A. P. Koen, aged minister of the Primitive Baptist church passed away at his home in Lubbock on the 18th inst. Rev. Koen used to frequently visit in Brownfield, as he once had a son here in the grocery business, and is well known to most of the old timers, who will regret to learn of the passing of this good old man.

J. L. Siddons, of Chicago, traffic man for the Florsheim Shoe Co., was here this week visiting his parents, Mr. and Mrs. J. S. Siddons of the Challis community.

C. E. Ferguson, prominent real estate man of Snyder, accompanied by his friend, Mr. Hendrick, were up this week looking after Mr. Ferguson's property in this county.

We are glad to announce that Miss Kate Duke is back on the job as manager of the beauty parlor at the Sanitary Barber Shop. Miss Kate has many friends here who welcome her back from Stamford where she went a few weeks ago. There is no town quite as good as the home town.

About sixty out of each one hundred people residing in Texas live in the country.

The novel combination of a covered wagon and a Chevrolet roadster mounted in front on skis and in the rear on snowmobile caterpillar tractors, is the strange-appearing vehicle used by the Black River Telephone company of Lowville, N.Y. for winter "trouble-shooting" on its lines in the heavy snow belt of New York state.

The difficult winter territory for the company's linemen extends from Lake Ontario to Rapquette Lake in the Adirondacks Mountains and involves the maintenance of service throughout a chain of 20 exchanges.

This type of vehicle, which will travel over the most formidable snow drifts, was assembled by H. O. Peebles, a mechanic in the employ of the telephone company.

LEVELLAND TO VOTE ON WATER AND SEWERAGE

The City Commission in called session Wednesday received the report of Hawley & Roberts, Engineers, who were employed to make an estimate on the cost of constructing a water works and sewerage system. This report was used as a basis of needed funds and an election was called for Wednesday, December 22.

The total amount of the bond issue be for \$75,000 and in addition to water works and sewerage, will also provide for a fire fighting equipment and fire station. The construction of the water works calls for an expenditure of approximately \$40,000, sewerage \$25,000, and the cost of installing an adequate fire department is estimated at about \$10,000. It is absolutely required that the fire department come up to the specifications established by the State before we can get a reduction in insurance rates.—Levelland Herald.

CITY TO SUE FOR DELINQUENT TAX

At the last regular meeting of the City Commissioners held at the City Hall last week, the city clerk was instructed to write a letter to each delinquent property owner in the city of Littlefield and give them notice that 30 days from the date of the letter their delinquent taxes would be placed in the hand of an attorney for collection if not paid within that limit. This 30 days' grace would give the property owners and tax payers for the year of 1925 an opportunity to save the attorney fees.

Those who are in doubt about their 1925 taxes not being paid are advised to call at the city office and see about same.

An ordinance is now being drafted to compel all property owners, or business houses in blocks 16-17-20-24-30-31-39 and 0 to tie on to the city sewer within 60 days and to remove all outside toilets within these eight blocks.—Littlefield Leader.

TECH TALKS

By A Student

Thursday, November the eighteenth the Matadors beat the Howard Payne Yellow Jackets 27 to 6. The Matadors were looking forward to revenge for the stinging defeat of 30 to 0 of last year.

The Agricultural library was recently enlarged forty eight volumes as a gift from a live stock company of Fort Worth.

The construction of the gymnasium is well under way and progressing rapidly. The walls are already several feet in height. Under favorable circumstances the building should be ready for use by the close of the basketball season.

Last Saturday the Engineer and Aggie football teams clashed in a well matched game on Tech field. The score resulted 7 to 6 favoring the Engineers.

Saturday the victorious Engineers will meet the Liberal Arts team at three o'clock on Tech field.

A bunch of blooded cows brought \$70 around at Midland, recently.

The government now places the estimate on the 1926 cotton crop at above 18,000,000 bales provided it is all gathered.

Edgar Self, wife and baby, left Wednesday for a visit to his brother near Melrose, N. M., where it is reported to Edgar that a big gobbler was waiting. A sister, also of that state was to be on hand for the feast of good things.

Chester Gore and family left this week for Hall county, where he was invited by an uncle for a Thanksgiving feast.

The area and resources of Texas are sufficient to care for a population of thirty million persons.

Abilene—Value of products manufactured in Abilene during 1925, was \$1,117,182.

ANOTHER BIG GASSER IS OPENED IN LEA COUNTY
The Maljamar Oil and Gas Corporation is again the center of interest. Their deep test only one-eighth of a mile north of the discovery well has hit the big gas. Operations were delayed until the machinery could be moved to a safe distance. As soon as this done, they will continue operations and this may mean a gusher.
The gas in this well is only a foot lower than in the discovery well and the amount of gas has not yet been determined.
True to previous reports, the Ohio test in section 18, 17, 32, has shown its importance. This well has been drilled to a depth of 3560 feet making a daily production of from ten to twenty-five barrels of oil.
The Bridges Ingle field in 4, 17, 34 has gone to a depth of 2035 feet topping the salt at about 1800 feet. This well is on top of the caprock and will be watched with particular interest until its completion.
The Maljamar well in 5, 17, 32 is now down 2450 feet and making excellent progress. Only about 100 feet and they will be in the interesting depth.—Roswell Dispatch.

COLD CHECKER OF DRAW PLEADS GUILTY
A citizen of the Draw community was brought before His Honor Judge Cain, on Friday on a charge of having given a "cold" check to an O'Donnell filling station man. He pleaded guilty to the charge and the judge assessed his punishment at a fine of \$10.00 and two hours in jail. The gentleman paid the fine and costs and for the first time in life learned how one feels when he hears the prison doors clamp behind him. It was not a pleasant experience by any means. He will probably go and sin no more.—Taboka News.

CLEMENCY FOR 2,594 FERGUSON RECORD
AUSTIN, Nov. 17.—The latest complication of clemency proclamations issued by Governor Miriam A. Ferguson show a total of 2,594, a record for clemency granted by any Texas governor. She said Wednesday that she would issue a large number of proclamations for release of prisoners so that they could be home on Thanksgiving day.
The proclamations are being written up in the office of the secretary of state.

OIL WELL TO BE DRILLED NORTHEAST OF LOVINGTON
For sometime R. L. Knight and Russ Anderson have been working upon a proposition to have a deep test for oil made in the territory lying northeast of Lovington.
They have been negotiating with a company which proposes to make the test provided sufficient amount of acreage could be secured. They are asking for a lease upon only half the acreage in the proposed block.
It was reported this week that the required number of acres had been secured and that the contract would be signed in a very short time.
It is said that the people interested in the proposition have ample capital to carry out their part of the contract and that they are to give bond for the completion of the well. It is thought that operations will begin within the next sixty or ninety days—Lovington Leader.

El Paso—The annual convention of the Associated Advertising Clubs for the Tenth District will be held in El Paso in 1927.
Beaumont—The annual meeting of the Texas Editorial Ass'n is to be held in Port Arthur, Orange and Beaumont December 9, 10 and 11.

ROAD NOTICE TO NON-RESIDENT LAND OWNERS

The State of Texas, The State of Texas, County of Terry ss.—We, the undersigned Jury of Freeholders, citizens of Terry County, Texas, duly appointed by the Commissioners' Court of Terry County, Texas, at its October Term, 1926, to view and establish a 1st Class Road from the N. E. Corner of Section No. 1, in Block D-12 in Terry County Texas, west to the Yoakum county line, and having been sworn as the law directs, hereby give notice that we will on the 10th day of December, 1926, assemble at Brownfield, Texas, and thence proceed to survey, locate, view, mark out and establish said road, beginning at the Northeast corner of Section No. 1, and the Southeast corner of Section No. 4, both in Block D-12, and the Southwest corner of Section No. 164, and the Northwest corner of Section 165 in Block T, all in Terry County, Texas; Thence due west following the Section lines a distance of about 12 1/2 miles, and terminating at the Terry and Yoakum county line, the same being the Northwest corner of Section No. 37 and the Southwest corner of Section No. 34, both in Blk K in said County and State.

Said proposed road to pass along the south section lines of Sections 4 and 3 in Block D-12; Sections Nos. 98, 97, 96, 95, 94, 93, and 92 all in Block D-11 and Sections Nos. 42, 41, and 40 all in Block D-14, and Sections Nos. 33 and 34 in Block K. Also to pass along the North lines of Sections Nos. 1 and 2 in Block D-12; Sections Nos. 99, 100, 101, 102, 103, 104 and 105 in Block D-11; and Sections Nos. 43, 44, and 45 in Block D-14; and Sections Nos. 37 and 38 in Block K, all in Terry County, Texas.
And we do hereby notify U. D. Smith, T. W. Welborn, John L. Welker, O. O. Little and any and all persons owning land through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present us a written statement of the amount of damages, if any, claimed by them.
Witness our hand this 30th day of October, A. D. 1926.

WIND WRECKS RIG AT LITTLEFIELD
LITTLEFIELD Nov. 18.—A booming sandstorm, which swept down upon this section from the "wide open spaces" of the Texas Panhandle, Yellowstone Land company's test well, 12 miles southwest of here, and also blew down the old windmill tower at the Yellowhouse ranch headquarters, thought to be the highest windmill in the United States.
Advices from the ranch authorities are to the effect that the windmill, for years a landmark, will not be replaced but that a gasoline engine will be erected over the well in its stead. The derrick, however, is being reconstructed at the present time while drilling operations on the 3,500 test are being temporarily suspended.

MAKING A VISIT TO THE GOOD OLD DAYS

A town of 8,000 people in Wisconsin lost its telephone exchange by fire the other day. For thirty-one days there was no telephone service in that town. It almost wrecked the town. The people had the other modern conveniences but want of the telephone made them feel that they were cut off from civilization.
The city had to increase its police force. They had to establish contact with the police and fire department by a flashlight system. One man who got into an auto accident bled to death before they could get a doctor. Burglaries increased and holdups became frequent. In fact, Rhineclander was in a mighty bad fix just because one of the many modern conveniences were denied them for a month. Three months of it would have killed the town. They don't want any more of the good old days up in that Wisconsin town.

With winter coming on, many lives and much property would be saved if simple fire prevention measures would be adopted by American home owners.

Will also lease a section or two of grass land to use with my business, so please see me before you buy. I expect to sell and deliver teams a hundred or two miles around. For further information from anyone write me at Artesia, N. M.

R. E. KNOWLES

INDUSTRIAL EDUCATION AND CRIME COSTS

The Minneapolis Tribune editorially declares that crime is Our Country's most expensive luxury. It quotes statistics charging that crime costs the United States about \$10,000,000,000 a year. Loss in loot alone is about \$3,500,000,000. Loss in diverted man-power is \$6,500,000,000 more.

Each year crime costs America a sum equal to the entire war debt owed Our Country by Europe, or twice what it costs to run the government. In any one year we spend ten times as much for crime as we have spent on highways. Reducing crime one-half would in five years wipe out the national debt, costing each inhabitant \$83 a year. The Chicago crime commission says that city has 30,000 crooks and criminals costing the city \$20,000 a year apiece.

What is the remedy? Is it play or work? Does any nation spend more money on college and high school sports like baseball and football than ours? Do the children of any country play more and work less than our children? A genius proposes spending millions in every state on more playgrounds for the children.

What is more conducive to crime among the growing generation of boys and young men than idleness and spending money they never earned? Nebraska is considering a department of higher education to relate the student with and prepare him for, an honest-to-God job for life best fitted for him. San Mateo-Burlingame union high school has more than half its boys working, learning trades, as well as making their grades.

Is it not time to ask our schools whether industrial education of our youth is not the solution of the problem? Are not habits of industry and earning money before you spend it, a good way to reduce the national crime burden?

REFORESTATION DEPENDS UPON TIMBER USE

The idea that to curtail the use of forest products is in the best interest of increasing our wood supply, is false, said A. Fletcher Marsh, Vice Pres., Marsh & Truman Lumber Co., Chicago, in a recent radio address. It is better to increase the growth of forest material rather than to curtail the output, he declared.

"The trouble with us Americans is not that we have been cutting our forests and using them, but that we have not been growing new ones," Mr. Marsh states. "Now, we are taking up that job. While we are waiting for the young trees to get big enough for sawing, we must remember that the woods are full of aged and dying trees that ought to be cut and used if we are to prevent waste—and that is as much conservation as planting a young tree.

"Besides, you can only have so much land for forest growing, and if you let the aged trees stand indefinitely you put off the time when you can plant young ones. The truly productive forest is in perpetual motion—old trees coming out and new ones coming in. It takes a certain volume of demand to make it worth while to bring the old ones out, and so start the rotation. Wherefore, you are justified, on conservation grounds, in continuing to use forest products whenever and wherever they seem to be better than other materials.

"Doing so, we shall have trees and forests, wood and its products, in perpetual sufficiency."

MIDLAND ROAD TO BE JUNKED SAYS REPORT

DALLAS Texas, Nov. 15.—The Midland & Northwestern railroad, familiarly known as the "Old Man of the T-P," as a result of 4 years of litigation in State and Federal Courts will not be rehabilitated by the Texas & Pacific Railroad Company.

The fact became known at the general offices of the railroad company here Monday on receipt of decision of Federal Judge Duval West of Austin granting an injunction prayed for by the T & P Railroad and directed against the State of Texas Rail Commission preventing them from enforcing an order for the larger system to rebuild and operate the West Texas Railroad.

The property under dispute extends from Midland on the Texas & Pacific 65 miles to Seminole. It has not been operated for several years. At the time of Federal court foreclosure and sale of the railroad in 1923, the Texas & Pacific, which had advanced rails and other materials.

Lubbock—Program of track improvement laying 90 pound steel from Canyon to Lubbock, at cost of \$1,500,000, authorized by Santa Fe Railroad.

On account of the inclemency of the weather Elder Liff Sanders did not go to Tahoka last Sunday to fill his regular appointment, but instead filled the pulpit here both morning and evening.

Mr. Cates, of the Tokio community was here this week.

Thanksgiving turkeys are bringing around 20c on the local market with a good chance of the prices advancing as we near the Christmas holidays.

Editor Jim Greer of the Meadow Review, was seen on our streets on Tuesday afternoon.

Rev. C. E. Ball, pastor of the local Baptist church, returned this week from the State Convention at San Antonio, and will fill his pulpit at both services Sunday. Rev. Ball reported that it was one of if not the very best conventions he had ever attended. There was not disturbing element present to molest the body, which got started early to work and kept going good until the convention was ready to adjourn. He said it was also unusually harmonious.

Ed Dumas, of Plains, was a business visitor here Tuesday.

MRS. JOHN B. KING GIVES A DELIGHTFUL PARTY, NOV. 12

Mrs. John B. King entertained the Night Bridge Club on Friday night, November, with a truly delightful party.

Club members and guests were seated at five tables and genuine pleasure was enjoyed for several hours. The hospitable and charming hostess had made and carried out plans for a lovely party. The home was most inviting and the night a perfect one. The delighted guests were Messrs. and Mesdames Joe J. McGowan, Henry Alexander, W. A. Bell, Bob Bowers, Tom May, Morgan Copeland, A. W. Endersen, Jim Miller, Mrs. Roy Wingerd, Mrs. A. M. Brownfield and Mrs. H. G. Lees of Big Spring. Prizes went to Mrs. A. W. Endersen. (book ends) for high score; Mrs. Bob Bowers, next to high, dainty bud vases.

Mrs. Tom May and Mr. Endersen received "cards" for high and next to high. A delicious and appetizing salad course was served by the hostess assisted by Mrs. Miller.

SALLIE TRUMAN STRICKLIN SHOWERED BY FRIENDS

Little Sallie Truman Stricklin who for several weeks has been confined to her bed for rest and strength, was complimented by her teacher, Mrs. Bridges and her class mates of the high first grade by a lovely shower on Friday afternoon, Nov. 19.

The shut-ins, whether they are grown-ups or children appreciate being remembered. This little girl was made extremely happy because of the thoughtfulness and kindness of her teacher and little friends.

MRS. MCGOWAN ENTERTAINS IN HONOR OF MRS. H. G. LEES

On Wednesday afternoon guests assembled in the home of Mayor and Mrs. J. J. McGowan, in response to an invitation to enjoy bridge, November 10th at 3 o'clock.

The guest of honor being Mrs. H. G. Lees of Big Spring, Texas, who was delighted to meet old friends. The attractive home was daintily decorated. Guests made up three tables. The period of playing ended in the scores being compared and prizes presented. Mrs. Endersen received an elaborately painted puff box in orange and black coloring. Mrs. W. A. Bell received a water bottle and tumbler, also in pretty yellow. Table prizes were ivory lemon forks, which were drawn at the beginning of the play. Elaborate luncheon cloths were laid and a two course luncheon served. The guest of honor was presented with a set of salt and peppers daintily decorated and of a unique design. Ladies playing were Mesdames Lees, Bell, Endersen, King May, McKinney, McDuffie, Henry Alexander, E. G. Alexander, Miller, Shelton, Fred Smith and Dallas.

JUNIOR CLASS TO BE ENTERTAINED FRIDAY NIGHT

The Class of Juniors in High School have extended invitations for a party Friday night at the home of Mr. and Mrs. H. H. Copeland, Miss Mary Thelma Copeland as hostess. The guest list includes members of the Junior and Senior classes.

C. E. ENTERTAINS WITH A "TRIP AROUND THE WORLD"

Saturday evening, November 20, the Christian Endeavor Society made

"Tell you where you can get your order for groceries, fruits, nuts and meats, filled with the freshest, most tempting and low prices.

MURPHY

Door East of Postoffice

...flying trip around the world. Guests departed from Old Mexico at the home of Mrs. E. G. Alexander, where chili was served and the orchestra played thence to "Turkey" at the home of Mrs. J. D. Miller. A Turkish lady wearing the long black veil welcomed the travelers. Apples were served here. The tour ended at the home of Miss Fay Brown "America". Decorations characteristic of these countries were in evidence. In America the tourists were served hot chocolate and cake. Music and contests furnished the gaiety of the evening. Proceeds from this excursion were around fifteen dollars.

COMPLIMENTARY RECITAL GIVEN BY EXPRESSION PUPILS

The public was entertained by the pupils of the Expression department in the Grade and High School, on Friday night, November 19 at the School Auditorium. Miss Phillips pupils reflect credit and good training.

MRS. PAT BROTHERS HOSTESS TO THE FRIDAY "42" CLUB

Mrs. Pat Brothers, assisted by her daughter, Mrs. Frank Ballard, delightfully entertained the Friday Forty Two Club on November 12th. Bearing in mind the Armistice celebration and patriotic memories, flags of our U. S. A. were hand painted on the tallies used. Red and blue satin ribbons formed pretty bows on the tally cards.

Five tables of "42" progressed in the usual pleasure until the hostess placed luncheon cloths and a plate of delicious sandwiches, salad, cakes and hot chocolate were enjoyed by the following guests, Mesdames Baldwin, Hudgens, Jones, Collins, Self, Holgate, May, Endersen, Oehler, Longbrake, Wilson, Adams, Gore, Scud day, F. M. and H. W. McSpadden Ballard, Kendrick, Hamilton and Dallas.

THANKSGIVING RECEPTION FOR M. AND M. CLUB

The Maids and Matrons Club will enjoy a Thanksgiving Reception at the home of Mrs. Miller, Friday afternoon. Guests to arrive at three o'clock.

Mrs. J. H. McKinney will entertain with a Bridge Luncheon from 4 to 7 o'clock on Wednesday.

IDLE WIVES CLUB CHARMINGLY ENTERTAINED

Honoring the Idle Wives Club on Tuesday, Mrs. Ray Brownfield was a delightful hostess. This occasion being one of the many lovely autumn parties, was attractive in every respect. Guests were asked to come at 8:30 o'clock. Bridge began at 4 o'clock sharp. The beautiful home was made more brilliant by the use of pretty baskets and bowls of flowers placed in appropriate settings.

The hostess was assisted in the afternoon's courtesies by her sister, Mrs. Morgan Copeland and Mrs. Tom May.

Bridge was played and thoroughly enjoyed as was the elaborate and delicious two course luncheon. Prizes went to Mrs. McDuffie for high score and second high score to Mrs. Roy Wingerd. Playing were Mesdames Bowers, Fred Smith, Shelton, McGowan, King, Miller, Bell, McBurnett, Wingerd, H. Alexander, E. G. Alexander, Collins, Michie, McDuffie, Miss Margaret Bell, Mrs. May and Dallas.

MISS JACKSON ENTERTAINS FOR MISS EDNA BROWN

Miss Helen Jackson, daughter of Prof. and Mrs. J. B. Jackson has issued invitations to class mates and friends for Wednesday night. Miss Brown a member of the Senior Class is moving at once to Lubbock and it is a special compliment to her by her very closest and dearest friend.

THANKSGIVING GUESTS FROM QUANAH IN MCGOWAN HOME

Mayor and Mrs. McGowan are entertaining Mrs. McGowan's parents, Dr. and Mrs. Radford and a sister, Mrs. Walter Conley and daughter, Garland, from Quanah, Texas. Mrs. McGowan's guests will remain during the Thanksgiving season.

Mrs. H. G. Lees, son and daughter, of Big Spring, Texas, visitors in the home of her parents, Mr. and Mrs. W. H. Dallas the past three weeks, returned home Sunday, November 21.

FOOTBALL TEAM TO BE AWARDED SWEATERS

High School boys making the football team this season will be awarded sweaters on the evening of Thanksgiving Day. Following the presentation the boys will enjoy a banquet at the Hotel Brownfield.

Old Santa Claus

Will unload at our store next week.

MANY WONDERFUL VALUES IN CHRISTMAS GIFTS.

TOYS! TOYS! TOYS! TOYS! TOYS! TOYS!

—for the Kiddies.

"THINGS NECESSARY"

FEDERATED MISSIONARY SOCIETY TO BE ENTERTAINED

The Federated Missionary Society are anticipating an enjoyable occasion Monday afternoon, November 29, when the Methodist Ladies entertain them at the home of Mrs. Woolridge.

PIE SUPPER

There will be a pie supper at the Jappy School house, Saturday night, December 4th. The proceeds will go for church equipment. Everyone as a special invitation to come.

P. T. A.

The Parent Teachers Association did not meet last Tuesday night on account of the sandstorm but will meet next Tuesday evening, November 30th at 7:30 in the Grade School Auditorium. Mrs. O. W. Fagala will give a program with the pupils of her rooms. We urge and invite every person interested in school to come. Chairman Program Committee.

MISS WELDON TO ENTERTAIN PHILATHEA S. S. CLASS

Miss Bernice Weldon will entertain the members of the Philathea Sunday School Class of the Baptist Church at her home, Friday evening, November 26th, (tonight).

SENIORS HONORED WITH PARTY

On Friday night, November 12, a party was given at the home of Miss Gladys Cox in honor of the Seniors of Brownfield High School.

The home was beautifully decorated in red, white and blue crepe paper and white chrysanthemums.

Several interesting games of bingo were played. Miss Francis Plains and Mr. James H. Dallas received highest scores and Miss Lola Belle Johnson and Mr. Earl Ball received lowest scores.

Refreshments consisting of fruit Jello, whipped cream and vanilla wafers were served.

Those present were, Misses Head, Era and Odell Ball, Brown, Jackson, Hamilton, Newton, Perkins, Castleberry, Brown Plains, Chishelm, Swan, Lane, Johnson, and Messrs. Lewis, Dallas, Webb, Tannery, Lane and Burnett.

Music by Misses Faye and Edna Brown was greatly enjoyed.

Reporter.

W. A. Griffith and wife of Big Spring were up the past week visiting with Mrs. Griffith's sister, Mrs. J. S. Siddons of the Challis community.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Yoakum county, Greeting:

You are hereby commanded to summon J. F. Merritt, Ella Merritt, and M. Whitley, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published to appear at the next regular term of the District Court of Yoakum county, to be holden at the court house thereof in Plains on the fourth Monday in December, A.D. 1926, the same being the 27th day of December A.D. 1926, then and there to answer a petition in intervention filed in said court by H. E. Byrne on the 3rd day of November A.D. 1926, in a suit numbered on the docket of said court No. 154, wherein J. F. Merritt and wife Ella Merritt are plaintiffs and M. Whitley and C. O. Austin, Commissioner of the Department of Banking are defendants, and said H. E. Byrne is intervenor alleging in said petition that he is interested in the subject matter of this suit, and has a cause of action against the plaintiff J. F. Merritt and wife Ella Merritt, and against the defendant M. Whitley and against C. O. Austin, Commissioner of the Department of Banking of the State of Texas.

That on or about the 28th day of March 1921, the Security State Bank of Fort Worth, Texas, filed in this cause its plea in intervention in which said bank alleged, among other things that before the commencement of this suit, to-wit on the 5th day of June A. D. 1920, the defendant M. Whitley was, and now is justly indebted to said bank in the sum of \$4,000.00, as evidenced by his one certain promissory note for said sum of money executed by the defendant M. Whitley and payable to the order of R. A. Cox, due on or before two years after date, and at the same time of the execution and delivery of said note, the said M. Whitley also made, executed and delivered a certain deed of trust against the above described land and premises to secure the payment of said note, and the Security State Bank also alleged that said note and deed of trust had been thereafter transferred to it for a valuable consideration and that it had no actual or constructive notice of the fraud as alleged by the plaintiffs in their petition.

The intervenor, H. E. Byrne, also alleges that after the note and deed of trust referred to in the plea filed by the Security State Bank, was transferred and assigned to said bank, that it became necessary for the intervenor H. E. Byrne, to take said note out of said bank and pay said bank a sum of money equal to said note, that the intervenor H. E. Byrne was at that time president of said bank, and that he took said note out of said bank and paid in lieu thereof a sum of money to said bank equal in value to said note, and that by reason thereof the intervenor H. E. Byrne became and has been at all times since, the legal owner and holder of said note, and is entitled to a judgment on said note and a foreclosure of his lien against defendant M. Whitley, and the plaintiffs J. F. Merritt and wife Ella Merritt and C. O. Austin, Commissioner of Banking of the State of Texas, and the intervenor prays for judgment, that the plaintiffs take nothing by reason of their suit and that he have judgment against M. Whitley for the principal interest and attorney's fees due on said note and for foreclosure of his deed of trust lien against the above described land and premises as against the plaintiffs and the defendants in this suit, and for the cost of suit and general and special relief.

Herein full not, but have you before said court on the said first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Witness W. H. Hague, Clerk of the District Court of Yoakum County. Given under my hand and seal of said court, in the town of Plains this 3rd day of November, A.D. 1926. (12-3) W. H. Hague, District Clerk, Yoakum County, Tex.

MEADOW BRIEFS

By Acculapias.

The mornings papers (Sunday) informs us of another pardon handed out to one whose hands were red with the blood of their fellow man. So said an impartial jury not many months past.

It was in many respects a peculiarly atrocious murder. A young man had sought and obtained the hand of a woman who appears to have had every legal right to dispose of herself, and became his wife. She appeared to be perfectly satisfied with her choice. In fact had exercised the right of every American woman to choose her mate.

Long after he is met on the public highway and shot down like a dog. He was poor and of course friendless, while those who had done him to death were comparatively well to do and occupied a high station in life.

The usual flare of trumpets, and newspaper head lines, columns of detail that almost froze the blood in one's veins; a long drawn out trial, and finally conviction. The courts of review after lengthy hearing finally confirm the findings of the lower courts—then a pardon.

Is it any wonder that the average juror fails to convict? Is it any marvel that the law abiding citizen has little respect for the courts, and less for those who can review the findings in an exparte manner, without any regard for the well being of the people who have chosen them, and under the guise of a mawkish sentiment turn them loose on society, to stimulate the killing instinct so rampant at the present time.

"Whoso sheddeth man's blood by man shall his blood be shed: for in the image of God made He man" This was the Fiat of Jehovah. Will we ever get back to it. God hasten the day.

This is the chief executive for whom it is asked that a white marble statue be placed in the Capitol. If I were a representative I would vote to send it to the woodshed.

I supported the present administration in the last two campaigns, and cannot therefore be considered hostile. I am however ready to put on sack cloth and cover my head with ashes' seek some wailing place, and hire a jackass to kick me.

The weather has been extremely cool but cotton continues to pile up at the gins. The blacksmiths and carpenters are kept busy making slides. With these the farmers are gathering the remainder of the crop. Personally we can see little difference in sample compared with that gathered by hand.

Proclamations of the many chief executives, along with the price of eggs and turkeys admonishes us that Thanksgiving is upon us.

We have many things for which we should feel thankful. We asked for a bountiful crop, and we are harvesting the largest one of all kinds ever raised in the memory of man. The health of the state and nation, and especially of the Plains was never better. Whether prayed for or not the Stork has had the busiest season of any of the years past. The whole Plains country should also be doubly thankful that in the years to come we will not be left to the tender mercies of John Santa Fe. That this vast territory will cease being the special perquisite of one railroad. Last, but not least, that another month and a fraction will see the end of the most miserable misuse of power and place ever exercised by any governor of any state in the federal union. For all these blessings I feel profoundly thankful. Amen!

Rev. Duncan has been returned to the Pastorate of the Methodist church here. I started to say that we were jubilant but—well we had just as well suffer another year as other people.

Mr. and Mrs. W. A. Prater are the proud parents of a bouncing baby boy. The youngster arrived on the Morning of the sixteenth. The father is doing well and resting quietly at this writing.

Number of bales of cotton ginned to date 3300.

O'DONNELL'S NEW SCHOOL BUILDING OCCUPIED

The congested condition was relieved Tuesday morning at the old school building when the new high school building was occupied. The building was moved into on Tuesday, however there are still some minor details to be completed, mostly in the auditorium of the new building. As soon as the material arrives the finishing touches will be given and O'Donnell will have one of the most modern buildings in this section of the South Plains.

The faculty and students are indeed glad to be in the new building as they now have ample room to carry on their work unhampered.—O' Donnell Index.

SOME POTATOES

Mr. Jim McClish loaded his truck with sweet potatoes this morning and went east to sell them—and by the way—he has some potatoes too, both ends sticking out of the ground. They grew so fast that while the lower end was going down the upper end grew up. The result was that both ends were sticking out of the ground on about 1-8th of an acre. He will get a hundred bushels, but that isn't all. That Lea county has to brag about. Mr. Alex Clayton has corn that will make 75 bushels per acre, so I am told; besides there is cotton near here that will make a half bale per acre. You just wait until that rail road gets here and you'll see lots of land sell for \$50.00 an acre—that is if the oil wells don't knock all agriculture into smithereens.—McDonald Cor. in Lovington Leader.

KEEP ON TOOTING

If you toot your little tooter
And lay away your horn,
Within a week there's not a soul
Will know that you were born.
The fellow who is on the job
A-goin' every day,
And keeps forever at it,
He's the one who makes it pay.

STOLEN FORD RECOVERED NEAR TAHOKA SUNDAY

Tom Wood left his Ford coupe parked on the east side of the square, Saturday evening while he went into a drug store. When he returned to the place he left the car, no car was there.

Search was instituted and the missing Ford was discovered about a mile south of Tahoka sometime Sunday, where it had been abandoned. The car was out of gas and oil and had been driven until the engine was pretty well knocked out.—Lamesa Journal.

SCOUTS TO CARE FOR FIRST GRAVE

Mrs. Della McCommis, the mother of the infant that was buried on the old Llano or Curry Comb ranch during the winter of 1883, writes from Alamogordo, New Mexico. She writes that she appreciates the fact that Mr. R. C. Burns has given the Boy Scouts the information that the infant daughter of Jimmie and Della McCommis was buried on the ranch.

She writes that Uncle Johnny Hefner who was then wagon cook for the ranch made the coffin, and that he is living at Cloud Craft, New Mexico. Mr. Burns hopes to have some of the old settlers and friends visit him and go with him to the C. W. Post Memorial Boy Scout Camp this summer and locate for sure the grave. He wants to make some plans for the erection of a suitable marker for the resting place of the first child born in Garza county. Mrs. R. L. Holly of Brownfield is a daughter of Mr. and Mrs. McCommis. There are ten children living that are brothers and sisters of this infant.

We are now sure that the Boy Scouts of the South Plains will very tenderly care for this plot of ground. And will perhaps build a rustic fence of cedar about the plot in memory of this little child, and its mother may feel assured that these grounds are in good hands.

Our old reliable friend W. J. Murray was in with the rest of the big crowd Saturday afternoon. Mr. Murray unlike most of the farmers of this county did not go wild over cotton this year. In fact he informed us that he had a very small crop, and had done nothing with it up to the present time, but had been harvesting a mighty good feed crop.

Alpine—Heavy cattle shipments being made from Alpine.

TIMELY SALE OF MEN'S FINE SHIRTS

Women as well as men will take advantage of this wonderful opportunity to select gift shirts. These are the kind of Shirts a man will welcome. They've been very carefully chosen for finess of fabric, English broadcloth, Madras, Percale and corded madras—beauty of patterns and richness of coloring. Early choosing offers a fresh and a complete selection.
