## Chamber of Commerce C-U-R-R-E-N-T-S

By the Secretary

CITIES DO NOT HAPPEN THEY ARE BUILT. This is the slogan that has been carried at the masthead and on the literature of one of the best built small cities in Texas and is being practiced by all of her substantial citizens. The one best way to build a town and make it a pleasant and profitable place in which to live is to work as a unit in support of home institutions. Every dollar sent out of town stays out and a part of every dollar expended at home goes merrily on its rounds to the mutual profit and pleasure of its citizens.

Stocks of practically every article needed by the average citizen is carried in our town and is sold at prices that are as low and in some cases lower than those quoted by surrounding towns, quality considered. The TRADE AT HOME policy is one that should not only apply to what is termed the consumer but should be practiced by the business men as well and any man or business who expects the trade or support of the people of this town and county should himself grant support to home institutions and if he does not do so he is not contributing very much toward the development of his town and section.

Every once in a while a sharper blows into town with some sort of advertising or get rich quick scheme or with a line of merchandise with nothing to recommend it but the price, rakes in the dollars and disappears leaving a line of disgruntled people behind him who wonder why they were roped in. Or it may be a solicitor for some orphans or old folks home that was never heard of before, but they all got some cash. Several have said that they are approached with requests for aid that on the face the story presented would warrant giving but were afterward convinced that they had been imposed upon. Now the point is that if our citizens will request all solicitors to secure a letter from the Chamber of Commerce before contributing, they will be likely to save some money. A committee has been appointed for just this purpose and the secretary would be glad to call them in conference at any time.

The poultry literature that is being listed as on hand for distribution has had an active demand and is pretty hard to keep a supply, however at this time we have sheets covering feeding mixtures from baby chicks to grown fowls and in addition a sheet on turkey raising. Booklets covering other subjects in which our people have shown an interest are expected with the next few days.

A beautiful lawn contest is being worked out and it is hoped that active friendly rivalry will be created in connection with it. Three first and three second prizes will probably be offered. One for the most attractive lawn containing grass, shrubbery and flowers. One for grass only and one for best kept and most attractive premises as a whole including the alley.

The third week in April is clean-up week. Let us all arrange to clear the town of all classes of rubbish.

## President of Wayland Preached Here Sun.

G. W. McDonald, President of Wayland College, Plainview, delivered two sermons at the Baptist church Sunday to a goodly and appreciative audience. While President McDonald does not pretend to be a licensed minister, he nevertheless has a great command of the scriptures, and is a fluent speaker.

President McDonald is not a large or perhaps strong man physically, but he is said to be one of the best educators in West Texas. He had many nice things to say about Plainview and the future prospects of his college. He informed us that Plainview had now reached that stage of growth and population where religious prejudices were not so rife and as a consequence all religious and non religious people were giving the college moral and financial support, and that pupils of all denominations were attending Wayland.

## Cemetery Receives a Needed Working

President E. W. Hurst of the Cemetery Association recently got out after donations for the cemetery, and the business men and some of the farmers responded in a handsome way. The cemetery had just received a spring working that put it in shape, and Mr. Hurst said he had enough money left to give it another working in the near future. He said that he possibly missed many who would want to help, and if so they may see him at the lumber yard, and their money can be used in the future workings.

## City Park Site Now Being Improved

Our city park plan is taking shape much faster than the most sanguine of us expected a few weeks ago when the subject was brought up in these columns. At that time the block of ground belonged to the county, and was cluttered up with road machinery and a lot of sign boards. But the city dads as well as the county dads are fast workers and dirt was moving before we half expected it.

The first time the commissioners were in session, the city council approached them for the site, and they in turn immediately found and purchased a cheaper but just as good location for the road machinery, and turned the block over to the city for improvement.

Instead of the Lublock road street cutting diagonally across the property it has now been turned around the property, and the site has been plowed up and smoothed off. Trees are to be planted and water piped to the site to keep them growing, and just as soon as possible swings and other things for the amusement of children will be provided.

We have a live bunch of men at the head of city and county affairs in Brownfield and Terry county, who can see the need of improvements of this nature. Hereafter tourists who stop here, or mothers from the rural communities who are in town for the day, may have a place where they can go and amuse the children and spread their dinner.

The pine timber belt of Texas contains seventeen billion board feet of pine and eight billion board feet of hardwoods and is as large in area as the state of Indiana.

## C. of C. Banqueted Tuesday Evening

By Mrs. W. H. Dallas

The young ladies making up the membership of the Philathea S. S. Class of the Baptist church served a very delicious and appetizing banquet menu to a nice crowd of Chamber of Commerce members, their wives and friends on Tuesday night, March 22 in the church auditorium, at seven thirty o'clock.

The orchestra composed of Miss Faye Brown, Mrs. Roy Herod, Joe Shelton, Adolphus Smith, James Harley Dallas and Darrel Jackson rendered breezy popular numbers which entertained guests till they were asked to the banquet table.

The young ladies were quite lavishly and deservedly complimented for the lovely plate served. Hot coffee with delicious fruited salad, cranberry jelly, chicken and dressing, cream potatoes and hot rolls, ice cream and cake square was enjoyed by the guests. The banquet table was adorned in beautiful blossoms at regular intervals on the table. The center was pretty long ruffled crepe ribbons in shades of pink and white. The decorations were very much admired. The boys Glee Club sang a selection during the serving.

Following the supper with Mr. Tom presiding a number of inspirational talks were made by Mr. Copeland, Mr. Smith, Mr. Burnett, Mr. Shelton, Mr. Winston and others.

This was a very enjoyable occasion.

## First Baptist Church Call New Pastor

The local first Baptist Church in executive session Sunday called a new pastor to take up the local work where it was recently lapsed down by Rev. C. E. Ball, who is now pastoring the Rule, Texas church, after devoting five years to the church here. Rev. E. V. May of Flora, Miss., received the unanimous call of the church, and he is expected to let them know in the near future whether or not he is going to accept the call.

Those who have heard Rev. May say he is a fine man and a good preacher, and in view of the fact that he has been heard to say that he wants to move to West Texas, it is believed that he will accept the call. Rev. May is a brother of Jesse May, whom those who have been here for the past five or six years will remember as once being located here as jewelryman in the Alexander Drug store, and married the daughter of Mr. and Mrs. J. C. Green. So his coming here will not be entirely as among strangers.

## Tailor Shop Moving—Another Opening

C. George, who has been conducting a tailor shop here for the past few years, loaded out last week and moved his plant to Midland where he has found a location, and where there is now an oil field boom on to some extent. We hope that he succeeds in his new location, for Mr. George is not only a fine tailor but a deserving young man.

Mr. Sigh Tankersley has just moved back from the Panhandle oil fields and is installing a new Hoffman machine in the old George location. Mr. Tankersley is a fine young man and thoroughly understands the tailoring business, and we bespeak for him a full share of your business.

### ATTENTION PARENTS

Should you have a child who will be 7 and under 18 years of age on September 1, 1927 and who are residents of Brownfield district, who have not been enumerated this month will you please report to me. They should be enrolled that money may be set aside at Austin for them.

O. W. Fagala.

The Mission San Francisco de los Tejas was founded by Father Massenet in 1690 in the vicinity of where the town of Crockett is now.

In 1687 La Salle was killed by one of his followers near where Navasota now stands.

## No Oil News—Must Stay With the Truth

Almost every week some one asks us about the oil news, or why we don't print more of it. We wish there were more of it to print—but there isn't, and that's all there is to the matter. We might get out and print all the mere rumors; all the guesses put out by visiting geologists, and there are many of them in and out of Brownfield each week; we might print all the pro and con stuff concerning oil here that we hear on the streets, but it would do no one any good and might even mislead some one who knew no better.

Some have even asked us to go to the court house and get a list of oil leases each week, saying that printing the records could do no harm, as they were for everybody to see. Yet on the other hand, the fact that these were printed might mislead some away from Brownfield to think we had an oil boom on and cause them to invest money from whence there might never be any returns. On the other hand, it might have an opposite effect on another party and cause them to hold their property out of a lease block, and thereby stop development. It is true that the records at the court house are public property, and those who wish to see them are at liberty to do so. But at this stage of the game, the Herald is of the opinion that the less said about oil prospects, the better.

On the other hand, rest assured that when oil is really found, if any, the Herald will give it plenty of publicity, and will be ready to tell the world that Terry is not only a matchless agricultural county but also has gold of oil.

The Herald has always maintained that the truth about Terry county is good enough, and as long as it is under the present management, that shall continue to be our motto and guide. Even if we never strike a spoonful of oil under our ground, we have incomparable fertile soil that will, with proper care, make prosperity for the owners for ages to come.

## Rotary Club Entertained Visitors Friday

Just about all the plates were taken last Friday noon at the Rotary Club luncheon, and if several of the members had not been out of town, every plate would have been taken. This was the first gathering of the boys at the noon hour and it seemed to be better attended than at night.

The club was pleased to have the lead of two of Lubbock's fine Rotarians for the luncheon to make talks of encouragement. They were Atty. Jimmie Kirkpatrick, a member of the law firm of Roscoe Wilson, and Hubert Allen, district manager of the Texas Utilities Co. Those who were half hearted Rotarians if any, were bound to have left the banquet board with a whole-soul feeling that Rotarianism would not only benefit them as individuals, but the membership as well, and that the entire community should and would indirectly feel the good influence of the club in many ways. We hope they come our way again.

The absent members who were off fishing and left no excuses came in for some little debate, but it was finally decided to await their return from the border and see what they fetched back.

But don't forget next time boys, to leave an excuse, or you might have to shell down. Today noon, Hotel Brownfield.

### ATTENTION PARENTS OF THE GOMEZ DISTRICT

Should you have a child who will be 7 and under 18 years of age on September 1, 1927 and who is a resident of the Gomez district who has not been enumerated this month will you please report to me immediately in order that the district may get benefit of the money set aside for them by the State Department of Education.

Lucile Blackstock.

Houston—More gas was used in Houston in January than in any previous month. The total was 353,000-000 cubic feet. Much of the increase is due to use of gas as fuel in industrial operations.

## Fishermen Return Sun. From Rio Grande

As stated in these columns last week, a number of our fishermen were away for a fishing spree near where the Pecos turns its waters into the freckish Rio Grande. They returned Sunday afternoon having one cat fish that weighed 32 1/2 pounds incased in ice, although ice was not badly needed when they got home Sunday. They reported however that it was quite warm when they left the fishing grounds near Del Rio, and that they met the norther about 60 miles below San Angelo, Saturday night, or rather it struck them in camp at that place.

They also reported catching two other fish weighing in the neighborhood of 15 pounds, and had all the fish they wanted. The Mexican town just across the river from Del Rio was also honored by a visit from our fishermen, and it may be presumed that the natives of that burg were well regaled with plenty of fish yarns if any of them could savvy English. The writer, saw, smelled and admired the big fish, but never got a taste.

### TERRY IS NOT BROKE BY A JUG FULL

It seems to the writer that he can feel each week a big improvement in the morale of our business men as we make our rounds among them. With a good crop of corn now marketed and the money left in the community; with a rise of some 33-1-3 percent in the price of cotton in the past 60 days, the dark gloom that fell over some of our business men and farmers around the holidays like a pall, seems to have lifted and a shining silvery lined cloud is slowly but surely appearing, and we hear on each side, "we're not so bad after all." Each week, too, merchants are telling us voluntarily that their business is picking up every day, and that each month's business since the holidays has exceeded the other. Then comparing to last year all of them say their business is as good, some even better. In fact most of them report a better business than the corresponding month last year. While both corn and cotton are letting up somewhat, lots of both are still being marketed and so far as we know, all business is being conducted on a cash basis still.

Of course December 31st was the last call of our banks, but at that time they had just about as much individual deposits as at the same time last year. What appeared so much to favor the total deposits of December 1926 was the fact that at that time one bank had on hand a considerable bond deposit for the new courthouse, and the other nearly \$50,000 of sewerage bond money. These together at that time totaled more than \$100,000.

To make matters even better, there are still thousands of bales of Terry county cotton laying in Farm Bureau and other warehouses in Houston and perhaps other ports which are being paid for in installments and the money for this cotton will be coming in all during the spring and summer to augment our cash business, and by thus holding our credit business to a minimum, what we obtain from the 1927 crop will be pure velvet.

Another thing that makes things look good is the cackle of the hen, the low of the cow and the squeal of the hog on almost every farm in the county, and the income from these are increasing month after month the cash assets of the farms. You may not think so, but our depot agent tells us that a car load of hogs are shipped from Brownfield almost ever week. Two cars went out last Saturday, and but a little while back we thought there was no "sich" animal here.

No, old Terry is not busted by a blame big sight. In fact, with a heavy feed crop just harvested, there is not even the slymbance of starvation, and with the passing of the cloud of two months ago, our people now seem to be happy and contented, and are facing the possibilities of the new year with firm vigor and a light heart.

Come to Terry.

Texas has an area along the coast with an altitude of less than 150 feet above sea level that is as large as the state of South Carolina. It has a subtropical climate.

## Corn Sales are Slowing Up Fast at Present

About a dozen corn wagons per day is now a fair average as against more than that many per hour earlier in the season. Saturdays perhaps are exceptions, when more corn is marketed. The price is holding up to about the old figure, good grade white corn bringing 40c per bushel.

A visitor to our town does not have to ask if this is a corn market, for there is evidence a plenty in the form of drift shucks in every nook and corner, and it truly gives our little city a ragged, unsightly appearance. We are glad the farmers had corn for sale, and that it came in just at the right time to supply needed cash, but it looks like something could be done with the shucks to keep the town from presenting such a beragged appearance from this on.

As stated above the corn came in just when cotton seemed to be not worth gathering, and while the corn harvest was on cotton picked up to where it could be profitably gathered again.

## Brownfield Bakery Changes Hands Again

C. B. Markam, proprietor of the Cozy Cafe has purchased the Bon Ton Bakery from T. I. Poor, and has moved the cafe from the building occupied by the Cash Market into the same building with the bakery in order to be handy to each. Mr. Markham is well known in this city having been in business for the most part of the past five years, and is much too well known to need any introduction from us, but we believe he will conduct a bakery on the same lines he has conducted any other business here, by rendering the very best of service and treating all customers with the courtesy due them.

We understand the old force has been retained in the bakery which spells that the good products of the local bakery will be kept up to standard. Mr. Poor, we understand, has left Brownfield, but we failed to learn his destination. However, he made many friends while here who will wish him well in the new field wherever he goes.

The bakery is an institution, and we should when possible and everything else being near equal, give the home folks our business.

## A Sample of Lovington Oil on Display Here

A sample of the oil from the Lovington, N. M. oil well is now on display at the Brownfield State Bank, which is of high grade and gravity, according to experts, containing a large portion of gasoline. The report that the well has been flowing has proven false, but many think it will flow when drilled deeper and shot.

The well is standing some 3000 feet in oil, or water and oil, or within 1700 feet of the top, according to those who have visited the well. This is the first oil struck on top of the caprock, as all the other wells in that section are under the cap. A number of local citizens have visited the well this week.

## Two Cars Have a Serious Collision

The delivery car belonging to Bros. & Bros. grocery and driven by Jack Tinner, made collision Wednesday of last week with a Chevrolet roadster belonging to T. I. Brown and driven by his daughter, Miss Faye, at the corner of East Hardin and 2nd streets. As luck would have it no one was badly hurt, but both cars were considerably damaged, especially the truck.

Drivers generally speaking go faster than they think they are going and unless they have mighty good brakes and are watchful of the side streets, they are liable any minute to an accident.

Missions were established by Spanish in 1690 near Nacogdoches and San Angelo.

**WHAT'S DOING IN WEST TEXAS**  
BY the W. T. C. of C.

McCombs—Construction is under way by the Orient Railroad on additional storage trackage. When completed, the car capacity of the Orient's yards will be increased 175, making a total capacity of 1,010 cars.

Midland—The local light company and properties was sold recently to the Texas Power and Light Company. Another move of immediate importance to the town was the sale of the Curtis property to Clarence Scharbauer. Scharbauer plans to erect a modern five story hotel on the property.

Sweetwater—At the suggestion of the West Texas Chamber of Commerce, Judge W. C. Crane has suggested the name of Tonkawa Hills for a picturesque wooded range extending toward Buffalo Gap. The name suggested would perpetuate a tribe of friendly Indians who aided pioneer Texas plainsmen against the Comanches. Manager Wade has been asked to lend support of the West Texas Chamber of Commerce in securing legislative designation of the name "Tonkawa Hills."

Chillicothe—Five new brick buildings are being erected by Wofford Brothers, west of the Touchstone & Lincecum Motor Company. The contract, let to J. K. Stuckey, calls for a modern fire proof tile and concrete building to be 115x80 feet. This makes a total of 13 brick and concrete business houses to go up in Chillicothe in the last three years.

Jeff Davis—The Jeff Davis County Chamber of Commerce has been organized with more than forty paid members. A membership of 75 is expected before complete organization. One of the first official acts of the newly formed body was to take out five memberships in the West Texas Chamber of Commerce.

Wichita Falls—Scores of towns are already sending in their names promising to bring large delegations to the annual convention of the West Texas Chamber of Commerce to be held here May 16 and 17. Active interest in the part to be played in the mammoth pageant of nations is displayed. Lots are to be drawn by the various towns who will send delegations to see what nationality they will represent in costume, colors and flags in the huge pageant.

LeFors—Contract has been let for the construction of a modern sanitary water and sewer system here, and work has already begun.

Slaton—Plans for installing a new and modern common battery plant or flashlight system for improved telephone service in Slaton are announced by officials of the Southwestern Bell Telephone Company, Dallas.

Crosbyton—Crosbyton promises to rival Baird as banner district convention city. Plans underway for the South Plains District Convention to be held here April 7 indicate a record attendance.

Mr. Ed Smith, who resides three miles northwest of town, had the misfortune of losing his barn and all of his feed by fire Wednesday afternoon. Origin of the fire is unknown.—Seagraves Signal.

An observing editor says: "A woman may wear a golf outfit and not golf; or a bathing suit and not swim—but when she puts on a wedding gown she means business."

Fort Worth—The annual convention of the Texas Independent Telephone Association will be held in this city March 15 to 18.

Dallas—Recent statistics show that Texas now has 241,158 cotton spindles and that the cotton textile industry in Texas represents an investment of approximately thirty million dollars.

**OIL INDUSTRY CHARACTER-  
ISTICALLY AMERICAN**

More than 70 per cent of the world's petroleum is in the United States. Its utilization has revolutionized transportation by land; has given us aviation, an American invention; and undersea navigation, another American contribution. It has remade a like the science of war and the arts of peace. A prominent oil man says:

"If one were casting about to find a single industry whose story would be most characteristically American, most calculated to assure that our natural resources will meet our needs, most adaptable to shifting requirements, most fair and reasonable in its dealing with the public, most liberal in its contribution to the public revenues, most efficient in methods and readiest to adopt improvements, I think the industry of petroleum would quickly command attention. I even suspect that a survey covering all the factors would have to award it first place."

**THE BOOK SUPREME**

Four hundred and sixty-seven years ago the first book was printed from movable type. That book was the Bible, and it took five years to complete the task. One of these books sold recently for \$50,000. Today great presses printing for the American Bible society are turning off copies of the gospels at the rate of 10,000 an hour to be sold anywhere in the whole world for 1 cent each. In the intervening years the Bible has never been off the press. It has had a steady run for more than four centuries.

It must be said to the credit of the church that vast work has been done in giving the Bible to the world. In whole or in part the Bible has been translated into 835 languages or dialects. During the past decade the Bible has appeared in a new language on an average of every six weeks. In the past century some 550,000,000 copies of the scriptures have been prepared by the Bible societies.

**CHANGES IN GOVERNMENT  
CROP REPORTS ANNOUNCED**

The following changes in time and dates of the Government crop reports have been announced by the Bureau of Agricultural Economics, United States Department of Agriculture.

Reports on grain crops dated March 18, April 8 and August 10 will be released at 3 p. m. instead of 2 p. m. on those dates.

The report on acreage of corn and other crops, except cotton, scheduled for July 9, will be released on July 11. A cotton report on July 9 will give figures on the average of cotton in cultivation as of July 1.

Cotton reports on September 8 and December 8 will include estimates of acreage of cotton abandoned since July 1, and cotton reports on July 6, September 23, and October 25 will be eliminated.

Miss Ola Bell Brown who has been seriously ill was carried to the Lubbock Sanitarium Monday, for an examination. All the family were called in from Roswell, N. M., Pecos, Texas, and Snyder, Okla. Slight hopes are held out for her recovery.

Rev. Chas. Burnett informed us this week that he had been called as pastor of the Westbrook, Texas, Baptist church, and was leaving in order to be there Sunday. The Westbrook church is a full time charge and has a brand new parsonage. It seems that our Baptist preachers are scattering to the four winds, but we presume we are to soon have new ones to fill their places.

**A VERY SERIOUS MATTER  
CONFRONTING FARMERS**

We have been to almost every farm home in the Wilson and surrounding country, also to Tahoka, Brownfield, Lubbock, Post and other towns near us and in all our rounds, we have seen only one yearling colt in the Wilson territory and not more than half a dozen in all the above named places.

Our horses and mules we now have are going to get away from us before we know it and how are we going to replace them then? Will it be best to raise them on our farms at a very small expense that comes so gradually that we will hardly miss it, or shall we trade six or eight bales of cotton for a mule or horse, or pay the cash we need so badly when our old ones give way?

This warning is not a bit too early, as you cannot expect to replace your work stock in a few years from now at the low level of present day prices. The total number of horses and mules has decreased on the farms 17 percent since 1920. During this time the number of colts per 1,000 horses has decreased from 132 to 65 at the present time. Should this rate of decrease continue for very long, the number of our work animals will fall off very rapidly. We think those who are favorably situated could do no greater service to the community than to at least raise a few good mules or horses. Am I right? We would welcome some good discussion on matters of this kind.—Wilson Pointer.

### CHEVROLET CAR NOW A SNOWMOBILE

Faced with the necessity of making long trips through a territory frequently covered with snow drifts 20 feet deep and where temperatures often hover around 38 degrees below zero, Charles Surrall, of the firm of M. Surrall & Son, Chevrolet dealers at Newberry, Michigan, has constructed a novel Chevrolet "snowmobile," utilizing a Chevrolet motor and chassis.

The front end of the queer looking vehicle, which attracts unusual attention wherever it appears in the snow-covered upper peninsula, is fitted at the front end with wooden skis, attached to the regulation Chevrolet axle and steering knuckles. The car is easily handled despite the heavy snow drifts and the average depth of 30 inches of snow encountered in his daily travels, Mr. Surrall says. The rear end of the car is fitted with two sets of Chevrolet wheels, set tandem style, over which an endless tractor belt equipped with flanges operates.

So powerful is the special tractor equipment when powered with the standard Chevrolet motor that Mr. Surrall has often been called upon to tow heavy cars out of snow drifts where they have become hopelessly stalled. The extensive alterations required to transform the Chevrolet into a snowmobile were all made in the service station of M. Surrall & Son. The Chevrolet motor had already put in four years of active service on a Chevrolet touring car before it was utilized for special winter service, Mr. Surrall says.

Modern poultry equipment, incubators, brooder, automatic waterers and feeders, grain spouters, and warm chicken house, enabled one enterprising Iowa farm wife to make a tidy sum of Christmas money last fall. She hatched 300 chicks in October and sold Christmas broilers at top notch prices.

Arthur Thomas, of Edna, Kans., representing the De Laval Cream Separator, spent last week here, and placed a number of separators. He sold ten last Saturday, he informed us.

### AMERICAN BOYS TALLER THAN GRANDPAS WERE

The American boys of today are at least 2 inches taller than their grandpas were when they were boys, asserts Dr. Horace Gray of the Institute for Juvenile Research in Chicago. Measurements of the heights of over 1,000 boys of American born parents were compared with the heights of boys measured over fifty years ago by another scientist. The increase in height may be attributed to the increasing knowledge of health and disease control, thinks Dr. Gray.

Miss Ola Bell Brown has had several bad spells with dry bronchial tubes the past several days, during which time she would almost lose her power of breathing, and take severe coughing spells. With a naturally weak heart this made matters even worse. She is now nicely recovering, we understand.

Houston—On one day last month the production of electricity by the Houston Lighting and Power Company was more than one million kilowatt hours. This is almost as much as the production for an entire month in 1912.

### STOKES-ALEXANDER DRUG STORE ROBBED OF JEWELS

Sometime during the late hours of Friday night or the early hours of Saturday morning the drug store of Stokes & Alexander was entered by burglars, and a quantity of jewelry taken from the showcases.

Entrance into the building was made through a window in the rear, and a number of watches, chains, rings and other valuable merchandise was taken. The discovery of the robbery was not made until the next morning when the business was opened for the day's trading.

City and county officials immediately began investigation as to possible clues leading to the robbers.

Sheriff Irvin and Deputy Walraven arrested a young man at Amberst, Saturday, who gave his name as D. Reese, claiming he lived at Bellview, New Mexico, and he was held in connection with the robbery. Fingerprints left on different articles in the store; but identification appeared to be uncertain, according to the officers.

A reward of \$100 has been offered for the return of the stolen goods. —Littlefield Leader.

Official paper of Terry County.

The Texas Legislature like the recent session of Congress, was a "fighting session." However, it seems that the Texas solons confined their encounters to verbosity.

The schools of Terry county are priming themselves for both intellectual and physical contests this week in the county meet. May the best boys and girls in both sections win.

"The truth about Terry county is good enough." When the time comes that the writer will have to make up something interesting about Terry county or Brownfield to entertain its readers, we will be ready to sell out. Some counties may have to have more or less fiction to lend enchantment to the stories of their progress, but pure facts about Terry while reading like fiction, are just as interesting.

Some say that they would hate to see a good farming section like Terry county ruined with a lot of oil derricks. However, we still believe in diversification, and feel that we could stand both for awhile at least. We believe they can be made to go together to some extent.

Some writers may try to make fun of any effort being put forth by newspapers and others to get people to diversify, using a lot of funny stuff and other bunk, but when we press right down to every day life and examine the matter impartially, we find that the farmers of Terry county and all other sections who have practiced even a mild form of diversification, are not now begging for extensions, and as general thing are the ones the banks and merchants want to do business with. We note also, that those birds who advocate and practice the one crop idea, are the ones the owls have caught. That is, something has "went" with them, for they are to be seen about their places along toward dark and next morning they are missing, with no trace of their whereabouts.

There are too many peddlers going from house to house in this old town. Women are getting afraid to

answer a summons to the door. "You just can't get rid of them when you let them in," a woman told us the other day. Something should be done to stop this nuisance. There are so many fakirs now days and so many ways to trap the people, that sharks find it easy picking and the chances are that the housewife bids her money good bye when she hands it over to the average solicitor who is doing the town and after he is gone there is no way of holding him to make good the order. The irresponsible peddler is not a good proposition, but why not try patronizing home institutions and giving the out-of-town peddler the go by. When you find a peddler that does not want to take no for an answer, call the dog.—Higgins News.

## TAX

By A. C. Martin.

It may be right but take it from me, I'll always think it wrong. This high rate tax and penalty, Unless you pay and pay it strong. Perhaps its just the lawmakers way— Or maybe he thinks its a joke. But to us poor devils who have it to pay, I tell you its keeping us broke. They've taxed our horses, they've taxed our mules, With all the barnyard ilk. Until Bossy, the derved ole fool Refuses to give us milk. Poor ole Lizzie once brave and true, She pulled the deepest of sand— But tax upon tax, that grew and grew In the shed bare footed she stands. But tis the best dear friends I wen, Twill only check the cost. For next they'll tax the gasoline, After that the exhaust. They put a tax on barley corn, That laid him low you bet— And now the reason we look forlorn. They've taxed our cigarettes! They've taxed our dogs they've taxed our cats, They've taxed the hole in our Sunday hat, But seems to me they oughta' recant For taxing the bottom outen' our pants.

## ATHEISM AND GOD

The object of a new society formed in this country is this: "To abolish belief in God, together with all forms of religion based on that belief." Such an organization is doomed before it starts. From the beginning of human life there has been the belief in a Supreme Being. No person or any group of persons can shatter this faith. The moral code of the world is based directly on religion and if it were possible to break down the belief in God, this code would automatically be abolished. But the moral code will survive because religion will continue to live. No alarm need be felt for the results of the new atheistic organization. Its days will be short-lived. It will die because it is based, not only upon fallacy, but also in opposition to the human mind. And away back in the heads of the

## TRUSTEES SALE

The State of Texas, County of Terry: Whereas, by virtue of authority vested in me as substitute Trustee, named and appointed as such substitute trustee under a deed of trust recorded in the Deed of Trust Records Terry County, Texas, Vol. 8 at page 17, executed and delivered on the 1st day of January, A. D. 1924 by W. T. Wheeler and wife Fannie Wheeler, for the better securing the payment of one certain promissory note of even date therewith, due and payable January 1st, A. D. 1934, with interest thereon from date at the rate of seven (7%) said interest represented by interest coupons payable annually. Said principal note being for the sum of \$2000.00 said interest coupons being 10 in number originally for the sum of \$140.00 each, payable annually. Said note and interest coupons being described in a deed of Trust fully set out as hereinabove shown. And said principal note provided that failure to pay same, or any installment of interest when due, shall at the option of the holder hereof, may proceed to collect the same in the manner as if the full time had expired in said deed of Trust and note, and also providing for the payment of ten per cent additional on the amount of principal and interest then due as attorneys fees, if placed in the hands of an attorney for collection. Said note being a loan, a first lien on the S. W. 1/4 of Survey No. 76 Block D-11, land situated in Terry County Texas, and containing 160 acres of land.

AND WHEREAS, by duly executed assignment, T. L. Treadaway is the present owner and holder of said Note, as well as the lien created by virtue of said note against the land hereinbefore described, under said deed of Trust hereinbefore shown, the said W. T. Wheeler and his assigns having made default in the payment of said interest due January 1st, 1926 and January 1st, 1927, the same now being past due and unpaid, by reason of the failure to pay said interest, the owner and holder hereof under said deed of Trust lien has elected to declare said principal note due and payable as provided for in said deed of Trust, the said B. W. Stinson, the substitute Trustee under said deed of Trust, has declared each and all of said notes described in said deed of Trust due and payable, and has here tofore notified L. A. Jungman the owner and holder of said land and the one who assumed to pay said principal note as well as all interest there on as substitute purchaser and maker of said note, said Note and interest aggregating the sum of \$2527.00, being principal, interest and attorneys fees. AND, whereas I have been requested by the said T. L. Treadaway, to enforce said trust, I will offer for sale between the legal hours thereof to wit: Between the hours of 10 o'clock A. M. and 4 o'clock P. M. at public auction, to the highest bidder on the first Tuesday in April, A. D. 1927 the same being the 5th day of said month at the Court House door in the town of Brownfield, in Terry County, Texas, the following described property to wit: All of the S. W. 1/4 of Survey No. 76 Block D-11 C. & M. Ry. Co. survey containing 160 acres, with all the rights, members, and appurtenances thereto, in any wise belonging. Witness my hand this 8th day of March, 1927.

## NOTICE OF TRUSTEE'S SALE

The State of Texas, County of Terry: WHEREAS on the 11th day of May 1920, C. M. Antle and wife did execute and deliver to me, W. H. Steele as Trustee, a certain Deed of Trust which is recorded in Volume 5, page 448 of the Deed of Trust Records of Terry County, Texas, covering the East Half (E 1/2) of Section No. four (4), Block C-36, in Terry county, Texas, to better secure the payment of seven (7) Vendor's Lien Notes for \$481.00, each, executed by C. M. Antle, payable to the order of Thos. C. Spearman on or before December 1, 1921, 1922, 1923, 1924, 1925, 1926, and 1927, respectively, with six (6%) per cent per annum interest from date until paid, interest payable annually on December 1st of each year, and providing that failure to pay either of said notes or any installment of interest when due should, at the option of the holder, mature all of said notes, and providing for the payment of ten (10%) per cent additional as attorney's fees if placed in the hands of an attorney for collection, which notes and the liens securing same were transferred by Thos. C. Spearman to Nelson W. Willard by Transfer dated November 15, 1922, recorded in Volume 21, page 412 of the Deed Records of Terry County, Texas; and, WHEREAS, C. M. Antle and wife conveyed said land to J. R. Carver by Deed dated November 3, 1923, recorded in the Deed Records of Terry County, Texas, and as a part of the consideration for said Deed the said Carver assumed the payment of Notes Nos. 2 to 7, inclusive, above described; and, WHEREAS, default has been made in the payment of the notes and interest due December 1, 1922, 1923, 1924, 1925, and 1926, and Nelson W. Willard, the present holder and owner thereof, has declared all of said notes due, placed the same in the hands of an attorney for collection, and requested me as Trustee to enforce said trust and sell said property as provided in said Deed of Trust: NOW, THEREFORE, I, W. H. Steele, Trustee, by virtue of the authority vested in me by said Deed of Trust, will offer for sale and sell the above described property at public sale to the highest bidder for cash on the first Tuesday in April, A. D. 1927, the same being the 5th day of April, within the hours prescribed by law, at the Court House door of Terry County, in the Town of Brownfield, Texas, to satisfy the above described indebtedness, principal, interest and attorney's fees, and cost of sale. WITNESS my hand this 5th day of March, A. D. 1927.

(3-25) W. H. Steele, Trustee.

**ORDER OF SALE**

The State of Texas, County of Terry.

Whereas, by virtue of an order of sale issued out of the District Court of Terry County, Texas, on a judgment rendered in said court on the 26th day of August, 1926, in favor of the Union Independent School District, and against Dan C. O'Neal, for the sum of \$54.38, with interest thereon from the 26th day of August, 1926, at the rate of 6% per annum, and cost of suit, said judgment being a foreclosure of a tax lien on the following described property, to wit: Abstract No. 123, Survey No. 44, Original Grantee, D. & W. R. Co., containing 160 acres of land, as said lien existed on the 26th day of August, 1926, and directing me, as sheriff, to seize and sell the above described property as under execution, I did, on the 17th day of February, 1927, at 5 o'clock P. M., levy upon the above described land and premises as the property of the defendant Dan C. O'Neal, and on the 5th day of April, 1927, the same being the first Tuesday in said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the court house door of said county, I will offer sale, and sell at public auction for cash, to the highest bidder,

**EDUCATION**

Education does not mean teaching people what they do not know. It means teaching them to behave as they do not behave. It is not teaching the youth the shapes of letters and the tricks of numbers, and then leaving them to turn their arithmetic to roguery, and their literature to lust. It means, on the contrary, training them into the perfect exercise and kingly continuance of their bodies and souls. It is a painful, continual and difficult work to be done by kindness, by warning, by precept, and by praise, but above all—by example.

**"HOME TIES" PRESENTED THURSDAY AT THE RIALTO**

A most pleasing and complimentary presentation of the rural drama, "Home Ties" by Tubbs, was given by members of the Senior Class, of Brownfield High School, on Thursday night, at the Rialto Theater. cast as follows:

Martin Winn, with memories of the past—Omer Stice.

Leonard Everett, a son of the soil—James Harley Dallas.

Harold Vincent, from New York—Joe Shelton.

Josiah Tizard, an umbrella mender—Robert Chambliss.

Ruth Winn, Martin's daughter—Glady's Cox.

Alma Wayne, her friend from the city—Carrie Head.

Aunt Melissa, Martins sister—Louise Chisholm.

Mrs. Poplin, a widow with a pension and "symptoms"—Naoma Newton.

Lindy Jane, who "helps around" negro maid—Bernice Lane.

The entire play was most creditably played, and from the impulsive applause, was appreciated and enjoyed to the fullest. Orchestra selections were spicy and popular strains, this, with the Boys Glee Club numbers and stunts made up an interesting program, and enhanced the pleasure of the two and half hours consumed in the 4 act play.

To Miss Mary Perkins, sponsor and class coach, a large part of the praise belongs, for the success of the class is but a reflection of her wonderful ability to direct and inspire.

Mr. and Mrs. Ross Sams of Waco, were guests of Mrs. Sams parents, Mr. and Mrs. S. L. McDonald this past week. Mrs. Sams was formerly Miss Olna McDonald, who for several years was primary teacher in Waco schools.

**SAWYER GRAHAM ENTERTAINS HIS YOUNG FRIENDS**

On Friday night, March 18, Sawyer Graham was host at a very jolly party, when he entertained a group of his young friends. Games new and old afforded merriment for the guests, which included the game of "Blindfold", "Physiology" game, and several other popular and proper games. Mrs. Graham and Rebecca May ably assisted the host and assured guests of a happy evening. Refreshments of Cakes and punch were served to Alma Brown, Patricia Shelton, Eileen Ellington, Martha Graves, Kathryn Holgate, Rebecca May, Jeannette Brown, Roselle and Bertie Goodpasture and Pauline Hunter; Dell Smith, R. W. Rambo, Murphy May, James Michie, H. H. Copeland, Jr., R. L. Lewis, Vernon Bell, Donald King, Fayne Smith and Richard Chisholm and Sawyer Graham.

**F. A. S. CLUB HAS AFTERNOON FETE SAT. WITH MRS. COLLIER**

Miss Doris Bandy was a delightful hostess on Saturday afternoon, when she entertained the members of the F. A. S. Club, at the home of Mrs. Roy Collier. About sixteen guests enjoyed this lovely party, the diversion being actual work on pretty embroideries and other needle work. Miss Cordia Mae Shepherd was initiated as a member of the club at this meeting. The full membership is about eighteen.

Soda pop and pimento sandwiches were served to the club.

Mr. and Mrs. Wil Alf Bell have returned from Marshall, Texas, where they visited relatives the past two weeks.

Mr. Fladger Tannery, principal of the grade school is suffering from severe throat trouble. Mrs. James Miller substituted Monday for Mr. Tannery.

Thomas Elmore Lucy, a widely known and popular entertainer is to lecture Wednesday night at the School Auditorium. Mr. Lucy's exhibition of his ability as chalk artist has been a drawing card for a number of years in Texas. Having entertained 40 times in Dallas, and had the 27th engagement in Fort Worth.

**SWATIKA CLUB HAS PLEASANT AFTERNOON PARTY**

A most enjoyable meeting of the Swatika Club was on Tuesday afternoon with Mrs. Roy Herod as hostess. Needle work consumed the afternoon hours. Delicious refreshments of sandwiches hot chocolate, cake and fruit salad were served to Mrs. Howard Swan, Miss Marie Brown, Miss Gladys Copeland, Miss Jewel Graves,

Miss Thelma McPherson, Mrs. Floyd Fry and Mrs. Elmore Carver, of Lamesa.

**P. T. A. STRIVE TO APPEASE HUNGER OF VISITORS**

**MRS. MAY CHARMINGLY ENTERTAINS IDLE WIVES**

One of the most delightful parties of the springtime was given Tuesday afternoon, March 22 at the home of Mrs. Tom May. The extremely pleasant surroundings and the ideal day made Mrs. May's party a great achievement and long to be remembered by her guests, the Idle Wives' Club. Rules limiting the membership gave only space for four tables in the club. Bridge was indulged in thru' out the entertaining hours. Comparison of scores resulted in high going to Mrs. Morgan Copeland, receiving a linen luncheon set in lavender. Mrs. D. B. DuBois holding next to high was presented with a hand painted table cover, made exquisitely.

Beautiful covers were laid and most delightful refreshments in two courses served. Mrs. May had the assistance of Mrs. Ray Brownfield and her two little daughters Rebecca and Virginia, who gracefully served the first course of chicken croquettes triple hot buttered rolls, pickles, tomato salad and hot tea. This was followed with caramel cake, very, very delicious, ice cream Easter lilies and mints in vari-colored small baskets. Guests enjoying this extremely lovely party were Mesdames E. G. Alexander, Henry Alexander, McDuffie, Wingerd, A. M. Brownfield, Bowers, Copeland, Ray Brownfield, McGowan, Michie, McSpadden, King, Fred Smith, Bell, Endersen DuBois and Dallas.

**MRS. A. M. BROWNFIELD GIVES PARTY THURSDAY**

Amid pleasing surroundings an elaborate party was given in compliment to quite an extensive list of friends on Thursday afternoon March 17 with Mrs. A. M. Brownfield the clever hostess. Probably no hostess has achieved a more complete success in the social life than this hostess. The spacious home was made more attractive by little touches which added a charm at this time.

Bridge, the favorite and popular game now-a-days, was enjoyed the usual time, terminating in the following scores. Mrs. DuBois for high received a green fruit bowl. For low Mrs. McDuffie received a green wall shelf. Extremely delicious refreshments served to guests in Piggly Wiggly baskets tied with green ribbon, in which were potato salad, minced ham in pepper shells, pickles, bread and butter sandwiches and tea; Ice cream with mint sauce and angel food cake was included in the lovely menu. St. Patrick's Day favors were used. Guests were—Mesdames Hurst, McBurnett, Lewis, W. C. Smith, Bell, M. C. Bell, Collins, Graham, Shelton, A. A. Sawyer, M. L. Copeland, Ray Brownfield, Michie, Carter, Fagala, Bailey, Wingerd, DuBois, Fred Smith, John King, Tom May, Miller, Sams, Earl Alexander, Henry Alexander, McDuffie, Bowers, Misses Bell, Marie Bell and Fitzgerald.

The community as a whole are rejoicing that little Mary Handley Endersen, daughter of Mr. and Mrs. A. W. Endersen, is rapidly convalescing from a serious and complicated illness and trust her improvement may soon develop into a complete recovery of her former health.

The Friday Forty Two Club has been postponed for a week on account of the County Meet which happens to be scheduled on that day.

Mr. and Mrs. Frank Brawley and little daughter, Imogene, left Thursday to make their future home at Erick, Okla. Mr. Brawley barbered here awhile afterwards accepting management of the Harrison-McSpadden gin at Wellman.

Alfred Daniels who has been employed as bookkeeper at the Independent Gin this season, left Sunday for his home at Seminole.

W. Mackey, of Meadow, was operated on at the Lubbock Sanitarium last week.

**SOUTH PLAINS MUSIC FESTIVAL THIS WEEK**

LUBBOCK, Mar. 21.—Everything is ready for the annual South Plains Spring Music Festival and Contest, which will be held at the Tech Pavilion here Thursday, Friday and Saturday of this week. Over 450 pupils have entered the various contests. The winners will play the winning selections Saturday night as the final number.

Margaret Matzenauer, famous American Artist will render a concert Thursday night, March 24. The Little Symphony Orchestra will appear in concert Friday night, March 25th.

A great variety of music will be offered the closing night when the winners of the various contests in piano, violin, voice will play the winning pieces. The winning band, orchestra, Sunday school choir, boys glee club, and girls choral club will appear on the program that night also.

The following will do the judging: Wallace R. Clark head of music department, West Texas Teachers College, Canyon, general critic; Miss Froe, John Tarleton, piano judge; Miss Pauline Brigham, West Texas Teachers College, piano; Miss Mary Clark, West Texas Teachers College, violin; and Hershell Coffee, Canyon, violin.

Loving cups will be awarded to the winners in the contest for the best band, orchestra, boys glee club, girls chorus, and Sunday School Choir. The organization must win the cup three years to have final possession of it.

The South Plains Music Teachers Association who are sponsoring the festival and who have sponsored the spring festivals for four consecutive years have been instrumental in the progress of music on the South Plains. There are over a hundred more contestants this year than there were last year, which shows the increase in interest in music and in the Festival.

### MEADOW BRIEFS

By Aesculapias.

The reporter was out of pocket the past week but things continued to happen regardless of his inability to report them.

There were two marriages and three births among our inhabitants since last report. Mr. Ruben Montgomery and Miss Ruby Hinson were two of the happy couples who took the vow "until death do us part," and Jake Moorhead and Miss Sudelle Draper were the other two.

Just when the last two took the vows I am unable to say as it was the intention, it seems, to keep the matter secret for a season; but like murder such things will out usually before the couple are ready for the denouncement.

It has always appeared to me that the family who raises a daughter have a right to be at least notified of the intention to commit matrimony by those who purpose to enter this glad state, regardless of any opposition the youngsters believe may be encountered.

This is especially true where the girl is not old enough to procure authority in a legal way. The legal age is certainly as young as any girl should marry, and if she is older it is that much better for her.

The old folks are expected to accept cheerfully such outrages in a perfectly philosophical way, to send for the recalcitrant pair, and play like they appreciate having their feeling murdered. Of course we should all accept an accomplished fact, should not go on the war path and indulge in any foolish stuff; but neither should they be expected to act hypocritical in the matter.

Mr. and Mrs. L. C. Hester, Monday night, a boy. At the same hour a short distance away a girl came to the home of Mr. and Mrs. O. M. Barnett's. Also a boy at Henry Collins a few days before the others. We also hear there was a youngster, don't know the sex, at Mr. Johnson's living on the Lindsey farm. Why should we want immigration? We will soon settle up these United States without outside help. Lets close the doors to all comers.

The Post Office changed hands the past week, Mr. A. J. Nelson takes the place of Mr. Backstone, who has occupied the position the past year.

The new Postmaster is well known here and will make, I am sure, an acceptable officer.

Mr. Blackstone has our best wishes in whatever he may undertake in the future. He made a very accommodating officer during his incumbency.

Mr. A. F. Lucas, who has been associated with C. W. Avery and Co. the past two years, left Monday morning for Lawton, Okla., where he will reside in the future. We regret to see Albert and his wife leave. They had a warm place in the heart of this scribe and they will be badly missed by many others as well. However we wish them success in their new home. I shall also miss the little boy quite as much as his elders.

Mrs. E. E. Branch died at the family home three miles north of Meadow, Friday morning at 6:15. She leaves a husband and an infant boy. The deceased had lived here a short time, coming here from near Greenville, Texas.

Death, always a sad event to those left behind, is doubly tragic when a young mother is taken from her babe. She was buried in the Meadow cemetery Friday evening. The Rev. Draper preached the funeral sermon.

Her body was returned to the earth, the common mother of us all. The influence of her life, with its kindness, its love, the sacrifices for the comfort and well being of others, her courage and fortitude in bearing pain and affliction, will remain to strengthen and encourage those who knew her. In this way all who witnessed her suffering are made better men and women. A great heritage.

#### COMMISSIONERS COURT OF GAINES COUNTY IN SESSION

Some of the business transacted at the regular monthly meeting of the Commissioners' Court in session Monday and Tuesday of this week is as follows:

All regular accounts against the county were allowed.

The bid of the R. B. George Machinery Company of Dalas, was accepted for the purchase of a new tractor, their bid being \$6,050.00, the old tractor being accepted as part payment to the amount of \$1,250.00. This new tractor has been delivered to the county and is now being used on road work.

The Texas Electric Service Company have asked for a fifty year permit or franchise to construct an electric power line through Gaines county. Action on this was deferred by the court until a later date.

Road maintainers were purchased for Commissioner's Precincts No. 2, 3, and 4, the last two precincts buying one jointly. Precinct 1 already has one of these machines.

The recent bid of the First State

Bank of Seagraves as county depository was rejected owing to their failure to make sufficient bond.

Chas Wolf and L. G. Howell were given work on tractor and grader at \$125 per month each.

Dallas—Preparations for the meeting of the Southwest Division of the Natural Gas Association of America here April 12 and 13 indicate that it will be the biggest meeting of natural gas people ever held in the Southwest.

Millions of bath fixtures, lavatories and sinks were purchased by the American consumer last year in the ever-progressing fight against dirt and disease. To be exact, 1,195,142 baths, 1,365,275 lavatories, and 1,363,657 sinks were required in 1926 to fill the orders received. Everybody is sold on longer life and less sickness.

Mrs. J. L. Randal visited her mother, Mrs. R. L. Farrar at Sweetwater the latter part of last week.

#### NORTH CAROLINA MASONS OUST CONVICTED WETS

Raleigh, N. C.—The North Carolina Grand Lodge of Masons has amended its code so as to provide for the expulsion of any member of a subordinate lodge who shall engage in the manufacture or sale of intoxicating liquors. In the trial of a Mason accused of making or selling liquor, the record of conviction in the state or federal courts, or a certified copy thereof, shall be competent evidence and prima facie proof of guilt, "but evidence upon trials under this section shall not be limited to such record as evidence." It is further provided by the revised code that hereafter no subordinate lodge shall receive or act upon the petition of any man engaged in the liquor business.

That part of Texas lying in the temperate climatic zone is as large as the state of Pennsylvania and is 75 per cent adapted to farm operations.

**OBJECT CMTC NOT MILITARIZATION**

If you have any idea that C. M. P. Camps means to "draft," "enlist," or "militarize" our young men, give it up. Requests to attend them are entirely voluntary.

The President of the United States with the support of Congress believes that the young men of our country should be given training to properly fit them, physically, morally and mentally to live efficiently, complete more working days through increase of good health and to properly perform their duties and responsibilities as citizens.

The War Department is only selected as the means for carrying on this training because it is already organized equipped and in operation. This is the only reason why the Regular Army is carrying on this work.

Camp facilities, food, clothing, the medical and instructor personnel could not be duplicated by private enterprise for less than several hundred dollars for each young man in camp.

The Army Regulations governing the C. M.-T. Camp training state "No prerequisite to military service is attached to any course."

While there is no present or future military obligation required for attendance at camps, the camps are operated under a section of the National Defense Act and their primary mission is to build up the manhood of the Nation on which, in a National emergency, the preservation of our institutions will rest.

**TO TEST BURR EXTRACTING MACHINE SATURDAY**

LUBBOCK, March 21.—South Plains farmers are expected to gather here Saturday, March 26 for a demonstration of a Mitchell Cotton Burr Extracting Machine. The demonstration will be held at the Experiment Station east of town Saturday afternoon and Don. L. Jones, superintendent of the station is especially anxious to have a good attendance from each community on the South Plains. A cordial invitation is extended to everyone.

The machine is similar to the one used in the gins which separate the cotton burr from the cotton when sledged or snapped cotton is ginned. The machine is modified and will be mounted on skids in order to be moved about the fields from the various cotton piles. It separates about 1,000 pounds of sledged cotton per hour.

Several reasons make the machine practical for farm use, Jones stated. It will enable the farmer to keep his burrs on his land for fertilization purposes. A test of the ashes of burrs burned in gins this year proved that there is over 35 per cent potash in the ashes. It will save ginning cost and hauling expense and will enable the gins to run the cotton through more rapidly and will therefore save the farmers much time in waiting their turn at the gins.

John E. Mitchell of St. Louis head of the manufacturing company will be here personally. Officials from the Texas Experiment of College Station and others are expected here, according to Jones.

## SPEED CRAZY

Have you noticed how a large number of our boys and girls are using the streets of Lamesa as "speedways." They either have no idea as to the speed they are making or else they have no regard for the speed limit placed on automobiles by people who had consideration for the life and limbs of our citizens. Sometimes when we see an automobile going down the street at breakneck speed we wonder if they are racing to the deathbed of a loved one or near and dear friend. But it generally turns out that the party driving the car had been told by some one that the car would do "sixty per" and they were merely trying it out to see if the person knew what speed the car would really make. If these youngsters have no conception of speed they should not be permitted to drive. If they do realize the speed at which they are traveling when it is time that our officers used some means of curbing it. It should be stopped before some child is maimed, possibly for life, or killed. How do you know but what it will

be your child? Why not stop it before this happens? If the laws upon our statute books of the state and city are not sufficient to handle the situation then let them get busy and enact some that will. If the ones that are now in effect are not going to be enforced then let those who have the power repeal them. Why clutter up our statute books with a lot of laws that are not enforced or have no effect upon the things for which they are intended.—Lamesa Journal.

### BROWNFIELD DEFEATS GOMEZ

In the hard fought games between Gomez and Brownfield girls and boys last Wednesday, the girls emerged with a victory of 30-6, and the boys with 80-12 score. Gomez fought strenuously in both contests, but were easily outclassed by the Brownfield athletes. In fact general laughter prevailed throughout the events, and the boy's game was worth \$5.00 of a miser's money. Sportsman like feeling was displayed on both sides during the slaughter, the Gomez visitors feeling like they were getting a square deal, although they were administered defeat. These games were only practice games for the county championship was decided in boys basket ball February 12 and will be decided in girl's basket ball April 2.

### THE SENIORS OF B. H. S. PRESENT "HOME TIES"

Thursday night, March 17, the Seniors of Brownfield High School presented a four act drama, "Home Ties." The splendid talent of these young students was recognized by the appreciative audience.

Miss Mary Perkins very ably sponsored the Senior play and it was only through her assistance that the play was such a pleasing success.

The Boy's Glee Club was a specialty indeed with several of its pleasing numbers which are always a hit.

Preceding the play and also between the acts an orchestra consisting of talented high school pupils entertained the thrilled and awaiting audience.

### COUNTY MEET COMING SOON

On Friday and Saturday, March 25 and 26, the citizens, faculty and students of the Brownfield schools will be hosts to the schools of the county. On Friday all of the literary events will take place, while on Saturday the races and all athletic events will be held.

The Parent-Teachers Association will serve a luncheon of sandwiches and pie. The meager price of only 35c will be charged.

Mr. McDonald, President of Wayland College, Plainview, made a very inspiring talk on Monday morning in the assembly hall of the Brownfield High School which was enjoyed very much by the student body. His topic of discussion was of vital importance to the average High School student, for most of do not realize that others are listening in on us all of the time.

The Senior play was very appropriately given on St. Patrick's Day. The attendance was excellent and the jokes were rare, for most of them were forgotten by our ancestors. The play closed with melo-drama; the friendship had ripened into love.

Mr. Fagala has been quite busy of late, for a new car as come into the family. Pontiac is its name.

Mr. Scott and Mr. Taylor report a good time on their recent trips to Lubbock. Hurrah for the local boys!

Mr. Scott is anticipating a visit to Plainview. I wonder why? ?

Miss Castleberry was on time Monday morning, and the result was??—

Miss Lawliss, the Spanish teacher, visited in Snyder last Friday, giving the Juniors charge of her class.

The girls basket ball tournament was postponed Saturday, March 19, to April 2 by the County Committee. The committee consists of Mr. J. B. Jackson, Mr. James Jackson and Mr. Bailey Jackson.

The "Fish" of B. H. S. are about to learn to swim. In fact the deluge is only two months off, and, oh! how there will be wailing, weeping and flapping of fins. April 1 will be their next holiday.

The "Sophs" are still in school and will be heard from in the near future.

The "Seniors" are planning to stage a play in the near future—probably Dante's "Divine Comedy" or Boccaccio's "Decamerion."

### TEXAS NOW HEAVY MINERAL PRODUCER

AUSTIN, Texas, March 21.—The annual output of minerals in the State is valued at \$350,000,000 a year, though only a part of the mineral resources are known and of the known resources only a part are developed, according to information from the University of Texas Bureau of Economic Geology.

R. L. and W. M. Henson, cattlemen of Stanton, were in our city Sunday.

J. G. Graham, Jr., of Lovington, N. M., was here Monday.

### LOCAL CUBS NOSE OUT TATUM COYOTES 62-30

On March 18, Coach Lewis accompanied nine track boys to Tatum to meet sure defeat in a dual track meet. But to the surprise of Brownfield and to the sorrow of Tatum, the local boys, namely, Dallas, Graham, Tannery, Scudday, Lewis, Kendrick, Bailey, Cousineau and Bynum, won an easy victory over the long-winded, well-trained, over-confident, Coyotes.

Twelve events were entered. Brownfield took nine first places, five second places, and four third places. In the tennis sets, Tatum won the singles after hard fought duce games. Fifteen games were played in one set before the victor was proclaimed. In the doubles, Bailey and Cousineau won easy victories.

In the high jump Graham took second place for Brownfield. In the pole vault Graham took first place. Then came the shot and discus throw. In the former Dallas took first, while in the latter, Dallas and Lewis took first and second places. In the broad jump Brownfield placed first and third with Graham and Tannery.

The field events ended with Tatum discouraged and with the visitors still hopeful. The races were started under a handicap of high winds. In the 100 yard dash Dallas, Scudday, and Tannery placed first, second and third for Brownfield. The 220 yard dash came next. This race was exciting, for Dallas got off with a poor start, but ended up some few feet in the lead. Tannery placed second and Scudday third. Next came the 40 yard run. Tatum won first, with Graham and Bynum of the visiting team taking second and third. Scudday won a hard race in the mile run, but again the Coyotes had to be satisfied with paces other than the first. The last event was the 880 yard relay. Graham started the race, followed by Lewis, Tannery and Dallas. The out come was successful, for Dallas touched the string at least five yards ahead of his opponent.

With seven boys entering the field events and races, Brownfield out-witted and out-classed the boys who administered them two defeats in basket ball. Both teams were the best of sports through out the meet, and expressed their gratification for having had the chance to compete in friendly sportsmanship. The boys who did not get to go to Tatum, and the town which is behind the school, should give their never-dying support to the track boys who will represent us in the county track March 25-26. If we are backing the local athletes, let us tell them about it now and "don't merely withhold the flowers to go on their graves."

Chas. C. Hobart, of Troy, Ohio, spent Sunday night at the Hotel Brownfield on his way to Roswell.

Chas. O. Erwin, loan man of Sweetwater, was here Monday.

## D-O-Y-O-U-K-N-O-W-?

- That to buy any car, other than the Ford, that you have to spend an average of at least \$162.14 more as purchase price alone?
- That the Ford is the only car now equipped with the Ford Vaporizer, which has so greatly increased mileage per gallon of gas?
- That the Ford is the only car under the \$3,000.00 class equipped with a Dual Ignition System, so when complicated and delicate battery system is out of order or battery is dead, you can continue using the car with its old reliable magnet ignition system?
- That the Ford has more horse power (A L & A M rating) to each 100 lbs. of weight than any other car?
- That the Ford has more square inches of tire surface per 100 lbs. of weight than any other car?
- That the Ford has more piston displacement per 100 lbs. of weight than any other car?
- That the Ford has more braking power for each 100 lbs. of weight than any other car?
- That the latest model Ford has 80 per cent increased braking area on the foot brake and 130 per cent increased braking area on the rear wheels?
- That the Ford planetary transmission costs more to manufacture and is simpler to operate than a sliding gear transmission?
- That at 35 miles speed you can instantly go into reverse with the Ford and not hurt the transmission—an operation which will ruin a sliding gear transmission?
- That material used in the working parts of the Ford are the best quality known to engineering?
- That 43% of Ford parts are sold for 15c or less?
- That \$1.00 worth of Ford parts is equivalent to \$3.00 to \$25.00 worth of parts of any other car?
- That the Ford has a torque tube drive, found on such high priced cars as Lincoln, Rolls Royce, Marmon. That the Ford has the simplest and most positive oiling system of any car?
- That the Ford has the thermo Syphon cooling system and needs no pump with its numerous parts and attachments?
- That in Fords the gas flows by gravity to the carburetor, having no moving parts, with no chance of vacuum tank or connection trouble?
- That the Ford has all-steel body—the most rigid known?
- That the Ford is a 3-point suspension car, the advantages of which are too many to detail, but we will gladly demonstrate?
- That the new Pyroxilin Lacquer finish on the Ford car cannot be affected by acids or even hot water? You can pour boiling tar on it and soak it in gasoline without affecting its lustre.
- That the Pyroxilin Lacquer finish on Fords is the most durable finish known?
- That Fords can take more abuse and show less depreciation than any other car?
- That the Ford car has the quickest get-away in traffic and is the easiest parked in congested districts?
- That more wealthy people, who can afford any car, are buying Fords than ever before?
- That many a man has suffered the loss of a good job, savings and sometimes reputation by trying to own and operate a higher priced car in both purchase price and upkeep than he could afford?
- That the high priced cars need high pressure salesmen to prevent discussion of high priced costs?
- That automobile depreciation increases with investment, and that Ford dealers receive the smallest discount given to any car dealer by any maker?
- That the Ford is really the One Profit car, because the Ford Motor Co. controls its basic source of supply for raw materials?
- That the Ford car can break the speed limit on any highway in America?
- That there have been 163 improvements in the Ford car during the last 12 months?
- That all Ford dealers' service stations operate on a flat rate basis—no begging and arguing—no undercharging one customer and overcharging another?
- These facts have reference to cars manufactured in the United States of America
