BROWNFIELD, TERRY COUNTY, TEXAS, MAY 3, 1929

NUMBER 37

Tech College Will Do Cow Testing

The Extension Service of the A. & M. College in cooperation with the Tech College at Lubbock has worked out a plan whereby the farmers of this section may get a butter fat test made on their cows at a nominal cost.

The plan as worked out is that any farmer, or dairyman, of any sized herd may get his herd tested by paying a flat rate of \$2.75 a herd, which covers the postage, and a charge of \$1.00 per cow tested. These are the only costs for testing service for twelve months. This would mean that a man that has five cows could get a twelve months butter fat test made on all of them for a cost of \$7.75. This is about one-third of the cost of the regular cow testing association.

The plan of testing is this: Once a month the Tech College will mail to each member a sample case containing sample bottles and all necessary equipment including milk blanks, return stamps, etc. The member or farmer weighs the milk from each cow for that day and takes a sample of the milk, and puts it in the bottle containing the cow's number. The sample case is then fastened and mailed back to the Dairy Dept. of the Tech College. The Dairy Dept. tests each sample, figures the butter fat production of each cow for the month and returns a copy of these figures to the member. At the end of the year or when the cow has gone dry a complete report is sent to the member.

The A. & M. College will furnish feed blanks and other necessary blanks for keeping a record on the herd. The county agent will give the tested herds special attention and they will be taken as dairy demonstrations for this year.

This testing and recording service offered by the Extension Service and the Tech College will be of great deal of benefit to those who care to take advantage of it. As has been said before, the only way to know what your cows are doing is to test them out for a period of months. It is not the cow that gives the most milk, the richest looking milk, the one that starts off big, the brindle cow, or the one that has papers that makes you the most money. It is the cow that will produce the greatest number of pounds of butter fat most economically that pays you the most. The only judge is weighing and testing the milk for several months or a year.

Several of the farmers of Terry County have already joined this testing association. Those who are interested should see the County Agent.

Banquet A Success—Judging to Start

The C. of C. Banquet served by the 4-H clubs netted almost enough to defray the transportation expenses of the Terry County Judging teams to the Short Course this summer. Practice judging classes will be held each Saturday afternoon in Brownfield beginning at two P. M. at the county agent's office. Selection of poultry will be taken up this coming Saturday. All regular club members are invited to participate in these classes. Any boy or girl in the county who is a club member is eligible for any team that they have not previously made in a State contest.

The Terry County 4-H Clubs wish to thank every individual and firm who helped make the banquet the success it was.

R. B. Davis, County Agent.

SHOULD INFIDELS WEAR SPECTACLES?

At the Methodist church next Sunday night at 8 o'clock, the sermon subject will be "Should Infidels Wear Spectacles?" This will be an interesting, instructive and helpful message. Don't fail to hear it.

No service at 11 A. M. We shall go to the Baptist church to hear Dr. Atticus Webb. Worship with us next Sunday night. You are cordially invited.

Rev. B. W. Dodson, D. D., Pastor.

Floods and great storms are the most numerous world calamities.

Levelland Herald Gets Funny—It Thinks

In the last issue of the Levelland Herald, the editor of that paper or some contributor thought to get funny at the expense of Brownfield and Terry county, and, although posing it as a huge joke on their honorable mayor, put in some absolute falsehoods about the condition of roads in this county. If the Hockley county people alone were the only ones to read this stuff, they would know better, but we imagine that Baldwin has a few copies at least going to eastern people who are only too ready to believe anything said about this section.

In the first place, they tried to make it appear that their mayor was arrested for driving a car while drunk at Tahoka, and intimated that the stuff he drank was obtained as they came through Brownfield. Wonder why they came through here if our roads are so horrible? Wonder why Baldwin comes through here when he has to carry his son to New Mexico for his health? Why don't he use the route west of them? It is because that Terry county has been organized longer and has a better connection with the roads of New Mexico. It was claimed in the article, that they got stuck in sand beds somewhere between here and Tahoka. This is the first we have heard of anything of the sort. All the complaint we have heard is that they are blown off and kindly bumped. Most people continue to drive the 30 miles from here to Tahoka in some 40 minutes, and that is quick enough. The daily mail from here to Post makes it on schedule all the time except rainy weather. Perhaps, though, the crowd from up there was actually intoxicated and got out in some one's field and got stuck and imagined they were in the road. The burden of proof that they were not, rests on them.

Hockley county is a great county—all the South Plains counties are. Their people are the cream of the earth, and we have some of the best friends we possess in the world in Levelland and Hockley county, and we will never say one word that would lead people in the east to think any other way. We are glad we are not so narrow contracted as to say untruthful things about our neighboring counties and their people.

We are in agreement with a local citizen to whom we showed the article in question, who remarked: "Well, I have been saying all along that since the advent of the rural telephone, daily rural delivery of mail, airplanes and radios and such like, that there isn't any such thing as 'country people' any more, but since reading that, I have kinda changed my mind."

Wind—Lots of It the Past Several Days

What March forgot has been made up in April in the way of blustery weather, and especially has this been true the past week or ten days. In fact some of the newcomers it seems, have just about decided that the folks told them the truth about how the wind blows in this section when it gets ready, and the old gags that used to be told the newcomer about his being here almost all his life and the wind was blowing when he came, and was still at it, has been brought to light. Also, that other one in which the newcomer asked if the wind blew this way all the time, and the old timer answered by saying, "No sir, it will probably change and blow from some other direction tomorrow." But the newcomers have stood the gaff quite nicely, so far, for they must realize that others have been standing the wind and dirt here for years and are doing very well.

But there has been a cause for the wind the past several days, for they are but the product of storms and cyclones in the east. It must be born in mind that wind is kindly like water, and will seek its level. Therefore, if a section east of us is depleted of wind that has been swept by a twist, the disturbance felt here by reason that the air here will rush to that section to fill the void, and we mean it when we say it rushes. We never have a real mean sandstorm that we do not read in the dailies of the following day of untold destruction of life and property in the east. It is just a question of how you will have your weather served, in a straight wind that puts a little sand in your home to be cleaned out, or will you have it that raises your house off the earth, and leaving demolition where it once stood.

Brownfield appreciates your trade.

We Had Our Greatest Banquet Thurs. Night

The greatest banquet in the history of the city, when some 300 farmers, business men and the county 4-H clubs together with some prominent visitors, including a number of officials of the West Texas Chamber of Commerce, assembled at the building just east of the Rialto Theatre for a feast of good things to eat prepared by the club boys and girls, and their mothers. The writer on account of the rush of work, was unable to make the banquet, although he had a ticket he had purchased entitling him to a seat at the board, but nevertheless, our heart was there, and the Herald is really pleased to have been able to contribute in anyway to the success of the banquet.

The town boosters were just in from the chamber of commerce meeting at Tahoka, and although tired and worn out, they pepped themselves up and gave the crowd some good music. There was the usual lively pig yell from the boys, and we understand that the banquet was a success both financially and from a point of good will and better understanding of and between the business men of the town and the trade territory surrounding. As a result of the affair, it practically guarantees that old Terry will be represented again this year at the A. & M. College with a good judging team.

The addresses of the visitors were also highly appreciated and profitable to all alike, and each of them expressed great surprise at the development going on here.

Vernon, the home of President A. M. Bourland of the West Texas Chamber of Commerce has recently completed its own membership drive, and turned in a hundred percent increase in memberships in the regional organization.

TO WHOM IT MAY CONCERN:

We the undersigned merchants of Brownfield, agree to close our places of business and lock the door, promptly at seven o'clock, each day except Saturday.

We agree that each merchant may, after all have signed this paper, that if it is not satisfactory may withdraw our names from same.

We agree to pay our part of a small add in the Terry County Herald, that effective Monday, May 6, we shall close at seven o'clock.

Clean Up Time of the Year is Here Now

The time of year is here for the annual clean up. The corn shellers will soon be through with their part of the "mussing" up, and the sand storms will soon have done their worst till next year, and we can then go to work and prepare our premises for the several months of ideal weather that we always have here in the summer and fall. But there should be concerted action to make the place look like anything.

In the first place the mayor should issue the necessary proclamation, setting the day when all should make supreme effort to put their premises in prime sanitary order. This should be some day when the town will not be busy waiting on customers at the stores. Then the civic clubs should get behind the move, as well as all private citizens. Even the pastors could help by telling their flocks the benefits of cleanliness in a sermon. A short preliminary to his sermon on Sunday before. The schools could be instructed by the pupils under them in the value of such campaigns, and get the enthusiastic aid of the school children. All together, we can put over one of the best clean-up campaigns in our history. The Herald will use plenty of its space to the cause and donate it to others who wish to use it for the purpose.

But, let us hope that there will not be the usual hitch in the proceedings that we have had in the future in the business section. Under present conditions, there is absolutely no show of ever making the business section respectable as long as old junk cars and such like are allowed to clutter up our streets and alleys. Indeed there are some of our streets that are almost half blocked by these unsightly things, and some of the alleys are impassable.

Some towns in this section, Littlefield for instance, are making the property owners clean them up out of the streets and alleys, and if they do not, the city does it add charges to cost to the property owner, renter, or leasee, and like the prairie dog poisoning law, can take judgement against the property, we are told such stuff is a nuisance, and can be declared by the city council by passing an ordinance. City council is also forcing property owners in some cities and towns near us to connect with the sewerage if they are within 100 feet of a sewer line.

Here is another good reason for removing the junk. In case of fire, it hinders the operation of the fire boys in getting to buildings, and in some instances the State Fire Marshal has promised reductions in the rate when the alleys and streets are made more accessible to the fire fighting apparatus.

Let's all get in the harness, do the right thing by our town, and give the whole thing a real clean up. Everybody knows that heretofore only the evidence sections have been cleaned up, and that the stabs made in the business section were nothing more than a farce. It is not the intention of the Herald to make any one sore, but is just trying to present facts in their true light so all can see them, and if we are guilty of locking real clean ups, lets not do it any more, and we won't if we love our town and neighbors as we should.

Dr. Webb to Lecture At Baptist Church

Dr. Atticus Webb, of Dallas, State Superintendent of the Anti Saloon League of Texas, will speak at the Baptist church of Brownfield, at 11 A. M., Sunday, April 5th. His subject will be "The Unfinished Task."

Dr. Webb is well known throughout Texas as one of the ablest speakers on the issues and problems involved in maintaining and enforcing our dry laws. Everywhere the people hear him gladly. He has been in this work for nearly a quarter of a century, and the dry forces of Texas have come to know him and to believe in his leadership.

The message at the church this coming Sunday will aim to clarify public thinking on the problems involved in the enforcement of our dry laws, answer some of the propaganda aimed against the laws, and stir the good

Shellers Now Busy On Big Corn Piles Here

Big corn shellers have been set to work on the huge piles of corn that have been stacked over the city since winter, in order to get it ready to load on cars and ship to mills in the east, where it will be converted into meal and feed products. It will be sometime, we understand, before the last of the crop of 1928 is loaded out and on the road to the mills.

In order to keep from strowing shucks and such like over the entire town section, the corn has been moved down into the draw northwest of town, where it will be shelled, loaded on wagons and trucks and carried direct to cars on the railroad tracks. This has been one of the largest corn crops in the history of the county. There has been many others where the quality was as good, but of course there are many more farmers here now than in any former years. Then, there was some cotton blown out late last year and the acreage put in corn, as it will mature much later than cotton. This big corn crop also, brought the best price that has been received for several years, the bulk of it bringing around 60c per bushel. However, it is much cheaper than that now. This corn crop has been a real blessing to the farmers of this section, owing to a light cotton crop.

Nazarene Revival at Presbyterian Church

A revival meeting started last night under the auspices of the local Nazarene denomination, at the local Presbyterian church. Just how long the meeting will last, depends to a great

extent on the interest manifested, we understand.

The preaching will be done by Rev. Minnie Echols, of Post, Texas, according to information given the Herald by the Pastor, Mrs. Lizzie Williams also of Post, who promises that the speaker will have some great messages for her hearers.

The music and singing will be under the direction of Mr. and Mrs. John Knight, of Mineral Wells, Texas, who have had quite a lot of experience in this line of church work.

Next Monday is Trades Day Here Again

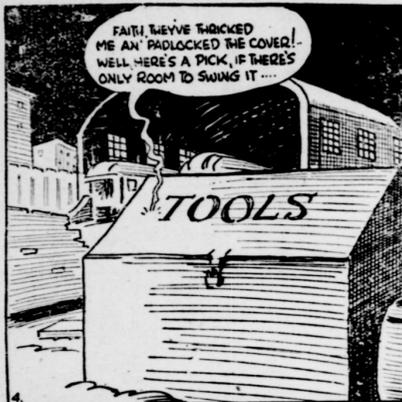

Next Monday is trades day in Brownfield again, and we presume that our merchants will have on some specials for that day for their former friends that will make it interesting to those who wish to make purchases at the stores. So come one, come all, and bring the ladies, for they enjoy the day more here than at home, for the children will all be in school.

citizenry to a demand that the laws be enforced. Wherever this message has been delivered, it has met with great enthusiasm and universal approval from those in sympathy with our national dry policy.

Dr. Webb never engages in personal or partisan politics, nor in abuse or vilification, but kindly and forcefully presents his own views, and marshals the facts to sustain them in a comprehensive way. His messages are always from the viewpoint of the Christian citizen. The Anti Saloon League is fighting in behalf of our dry laws from the standpoint of the church, and not from the standpoint of politics. Those who hear him Sunday will not regret it.

WEST TEXAS TAKES LEAD IN BUILDING

West Texas took the lead in building operations for the month of March according to the reports just compiled by Texas Life Insurance Companies. That section of the state called for 48% of the money loaned by these twelve life insurance companies on first lien notes. There has been a steady increase in the building activities of West Texas for the past six months.

North Texas, according to the report, took up 29% of these loans, South Texas being third, and East Texas fourth. For the first time in many months more than 1% of the loans made by Texas companies went out of the state, 2% of the total falling in that classification.

Policy loans, according to the report, were again rather high, occupying 34% of the total investments. This, however, was lower than the preceding month and not especially high as a seasonal figure. 50% of Texas companies was in real estate Texas companies was in real estate loans and but 16% in Government bonds.

Investments on farm property, much of which was for the purpose of making improvements, ran to a high figure, business properties coming second in the list and residence property third.

WORLD'S DEEPEST WELL

While aviators are breaking records for height, oil men are breaking records for depth, with the further difference, however, that in the latter case the descent is made by drilling tools and pipes, instead of men themselves.

The deepest hole ever drilled into the earth was completed as an oil producer a couple of weeks ago, when a well in Reagan County, Texas, reached a depth of 8,520 feet, or about one and five-eighths miles. It is producing about 600 barrels of oil a day.

Other deep holes include one in Orange County, Calif., 8,201 feet, which was a failure; a gas well near Ligonier, Pa., 7,756 feet, and a small producing oil well in the Rosecrans field of California, 7,591 feet deep.

Besides opening up a vast field for deeper drilling, the new well will make a contribution to education, the royalty of one-eighth of all the oil produced being owned by the University of Texas, which has already received more than ten million dollars from its oil land holdings since 1923.

When it is recalled that the first producing oil well in the United States, drilled near Titusville, Pa., in 1859, was only 34 feet deep, the amazing advance made by the industry since that time may be better appreciated.

**Tahoka Did Itself
Proud With Dis. Con.**

Without doubt, according to the information given out by our citizens who attended the South Plains District Convention of the West Texas Chamber of Commerce at Tahoka last Wednesday, and who have attended most of the others since the organization has been holding these district convention, Tahoka not only had the largest crowd of any, but gave the best service and the best entertainment. Of course, this is no reflection on any other town, but Tahoka people have been attending others, and have learned by experience. They have profited by observation of the weak points of other towns, and strengthened them.

The boys from here all report having a great time, and did their share in entertaining the visitors from a distance. And most of them are now in favor of paving the streets here, saying that on account of the streets at Tahoka being paved, they were able to stay on the streets all day, despite a fierce wind, and were not uncomfortable. It would have been a job to have done so here that day, for it was almost blinding on the streets here at times that day. Some of them say we are not entitled nor should we ask for the convention until we pave.

We have before us a letter from the secretary of the chamber of commerce at Tahoka in which he asks us to convey to the citizenship of Brownfield the best wishes of the people of Tahoka for the way our people came over and helped them put over the affair, and promise that at any time they are called upon, they stand ready to return the visit and help us.

MARRIED

Mr. Olan Strickland and Miss Lois Newberry, daughter of Mr. and Mrs. Ed Newberry of the Union community, drove in Saturday night to the home of Elder A. L. Burnett, who said the words that united them in the holy bonds of wedlock. We understand the happy young couple will reside in the Union community.

C. B. Worsham, of Tokio, was a pleasant caller at the Herald office one day last week to get us to order the Semi-Weekly Farm News, for him.

CONSTITUTIONAL AMENDMENT

HJR No. 6
A joint resolution proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court. Be it resolved by the Legislature of the State of Texas:

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and, upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."

"Article V. Section 3. The Supreme Court shall appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court shall extend to questions of law arising in the cases in the Courts of Civil Ap-

peals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall extend to such other questions as may be within the Court's Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.

The Supreme Court shall have power, upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court.

The Supreme Court shall appoint a clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provide."

Sec. 2. Said proposed Constitutional amendments shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on Tuesday, July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the

ballot with a pen or pencil the following word, printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court," and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." It appears from the returns of said election that a majority of the votes cast are in favor of said amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much there-

of as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

Approved February 19, 1929.
(A Correct Copy)
JANE Y. McCALLUM,
Secretary of State.

NOTICE OF SHERIFF'S SALE
State of Texas,
County of Terry.
By virtue of an Order of Sale issued out of the District Court of Terry County, Texas, on the 7th day of March, 1929, on a judgment rendered in said Court on the 15th day of February, 1929, in favor of Nelson W. Willard against John Mullins, C. M. Fields, and V. C. King, No. 1107 on the Docket of said Court, for Three Thousand Hundred Three and 88-100 (\$3,003.88) Dollars, with interest and costs, and for foreclosure of the vendor's and deed of trust liens

on the Northeast Quarter (NE¼) of Section No. One Hundred Fifty-eight (158) Block D-11, less the Railroad right of way, thereon, containing 152.6 acres of land, in Terry County, Texas, against the above named defendants, and C. Wendlandt, A. W. Speckels, Walter Staebely and Theo. W. Carter, I did on the 7th day of March, 1929, at 10:00 o'clock A. M. levy upon the above described property, and on the 7th day of May, 1929, being the first Tuesday of said month between 10:00 o'clock A. M. and 4:00 o'clock P. M. on said day, I will offer for sale and sell at public auction for cash, at the Court House Door of Terry County, Texas, in the Town of Brownfield, all the right, title and interest of the above named defendants in and to the above described tract of land.
Witness my hand this the 2nd day of April, 1929.
J. M. TELFORD,
Sheriff Terry County, Texas.
By A. J. Fowler, Deputy.

LAMESA BUILDS CATHOLIC CHURCH

LAMESA, April 22.—Dirt was broken Monday morning for Lamesa and in this immediate section. According to application for building permit now pending a \$4,000 structure will be built at the corner of South Second and Miller streets.

The Rev. Ross A. Smith, pastor of the First Baptist church of this city tendered his resignation Sunday morning at the regular services to accept the pastorate of the Breckenridge First Baptist church. The Rev. Smith

has been pastor of the Lamesa church for the past four and one half years. His resignation was accepted with reluctance by the membership here.

The wettest corner in United States possessions is the top of Mt. Waialeale in Hawaii, where the rainfall averages about 450 inches a year.

If you must get mad at the wet this April, just consider Burma, where its annual rainfall is almost 600 inches.

In a nearby state the officers shot a bank bandit. This is indeed an old fashioned state.

Local Rotarians to Entertain Levelland Club

Through the courtesy of our good friend, Ben Hurst, we were his guest at the last meeting of the local Rotary club, and we want to say on this occasion that we thoroughly enjoyed the hour with these Brownfield Boosters. In the past we were a member of the club, and we felt that we were almost back home, and if the writer was endowed with acute sense of hearing in that we could get the program amidst the rattle of dishes and the clatter of other guests which the hotel is obliged to feed at the same time, we would still be a member.

Several of the officials were out of place on that date and there was some confusion in getting started just right as no one seemed to want to start it up, but after it got started, it ran like clock work from then on. After the splendid lunch was over, the club and guests were regaled with some good songs by Mrs. Roy Herod and Miss Lillie Mae Warren. Their voices harmonize nicely and their rendition of some of the popular air, was fine.

A visiting banker from Dallas gave the club a good talk, in which he compared conditions in east Texas to this section, in which he favored this section by comparison. The club is to entertain their wives and sweethearts tonight, and next Tuesday night they will go to Levelland to entertain the club at that place.

TOKIO NEWS

(Received too late for publication last week).
The farmers in this neighborhood are very busy planting now. Some of the larger boys have withdrawn from school to help with the work at home.

Miss Opal Comstock is on the sick list again this week.

We are very glad to have Brother and Sister Cagle in our community. They are holding a meeting at the community hall. Everybody be sure and attend all that you can. You are sure to be benefitted in one way or another. Mr. and Mrs. Knight are helping with the singing.

Miss Bessie Day, one of our teachers, is planning to visit friends in Canyon next week end. My, but we are hoping she has a good time!

Miss Johnnie Mae Patterson was a welcomed visitor at the home of her parents last week end. She, with her father, returned to Lubbock Sunday, where Mr. Patterson remained over Monday because of business.

The truck which brings the school children from the Glen Park district, is rather heavily loaded these days. We don't know whether the district has become more thickly settled or whether the hospitality of the driver has been imposed upon.

DEATH

Death came to Grandpa J. J. Knox, aged citizen of this city, who was residing with his youngest daughter, Mrs. W. W. Price, about 11:30 Wednesday, after a brief illness. The body was prepared for shipment and carried to Dublin, Texas, where his companion who passed on many years ago lies buried.

Deceased was a minister of the Christian church in his younger day, but retired when he became too feeble to travel from place to place by himself. He has two other daughters and their families residing here, Mesdames Jim Burnett and Simon Holgate, and a niece, Mrs. Homer Winston.

A college to educate plumbers has been announced. The course probably includes forgetting of tools.

DALLAS PROFITING BY ADVERTISING CAMPAIGN

DALLAS, April 29 (Special)—That the power of advertising may be employed successfully to build territorial sections and cities, just as it is employed by private business corporations, is the conclusion drawn from the first annual report of R. L. Thornton, president of Industrial Dallas, Inc., the organization which is spending \$500,000 in a three-year national advertising campaign exploiting to the world the industrial and business opportunities in the Southwest—Texas, Arkansas, Oklahoma and Louisiana.

Thornton made his report at the first annual meeting of the "stockholders" of Industrial Dallas, Inc., here recently. "The 'stockholders' of this unique civic corporation are about 800 individuals and business concerns in Dallas, who have subscribed the \$500,000 fund to carry on the advertising campaign.

Citing numerous facts and figures, including more than 2000 inquiries received from interested industrial executives throughout the United States and a dozen foreign countries, and scores of factories, sales branches, warehouses, distributing offices and other businesses established in Dallas within the past year as concrete evidence, Thornton declared that the results of the campaign "have far exceeded our most optimistic expectations."

"Here is just an example of what the advertising campaign done," he said. "In 1926 there were 484 new businesses established in this city. In 1927 this number had dropped to 364. In 1928, with the advertising campaign under way only seven months of the year, there were 704, and in the first three months of 1929, 274 new concerns were established. At this rate, 1929 will see a total of more than 1,000, setting a record for all time."

This, Thornton pointed out, is only one directly traceable result of the advertising.

"We have every reason to believe," he added, "that the effect is being felt throughout the Southwest, in other cities, large and small."

The big difference between Opportunity knocking at your door, and the bill collector's knock, is that the former only knocks once.

SANITARY DAIRY

In conversation with Arnett Bynum, most of them. Some towns much smaller than Brownfield are installing them, thus hastening the day of reckoning.

Modern beauty seldom fades—it just washes away.

After Careful Study—

IS it any wonder the Texas State Highway Department and many counties and cities in this great state build portland cement concrete pavements?

The Bates Road, built by Illinois Highway officials to test pavements, contained 63 sections of three principal paving materials in various combinations and thicknesses.

At the end of the tests, after 377,460 tons had passed—motor trucks gradually loaded until each rear wheel carried 8,000 pounds—only thirteen sections remained undamaged.

Ten were portland cement concrete; the other three had heavy portland cement concrete foundations.

Experience and use prove also—there is no other pavement like it!

Another Record!

over

500,000

New Six Cylinder

CHEVROLETS

since Jan. 1st

Sweeping constantly ahead to greater and greater heights of popularity... making and breaking new records of success with impressive regularity... the new Chevrolet Six has established one of the most remarkable records in automotive history—more than 500,000 on the road since January 1st!

Not only does this brilliant accomplishment surpass the greatest record that Chevrolet has ever achieved in the past—but it brings to Chevrolet the significant honor of having built in only four months a greater number of six-cylinder cars than any other manufacturer has ever produced in an entire year!

Even with such a record to focus attention upon the outstanding value of the Chevrolet Six—many people still do not appreciate what “a Six in the price range of the four” actually means!

To such persons, consideration of the features responsible for this tremendous popularity will prove a revelation. So read the adjoining column carefully—and then come in and ask for a ride in this sensational six-cylinder car.

The ROADSTER.....	\$525	The COACH	The Convertible LANDAU	\$725
The PHAETON.....	\$525	\$ 595	The SEDAN DELIVERY.....	\$595
The COUPE.....	\$595		LIGHT DELIVERY CHASSIS.....	\$400
The SEDAN.....	\$675		1½ TON CHASSIS.....	\$545
The Sport CABRIOLET.....	\$695	All prices f. o. b. factory Flint, Michigan	1½ TON CHASSIS WITH CAB.....	\$650

COMPARE the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

Outstanding Features of the New Chevrolet Six that have created this Tremendous Popularity—

6-Cylinder Smoothness

Due to the finer inherent balance of its six-cylinder motor—the new Chevrolet Six provides that smooth, quiet, flexible performance which is characteristic of the truly fine automobile. At every speed, the power is delivered easily, freely and without annoying vibration.

6-Cylinder Getaway

In sheer brilliance of performance, as well as in smoothness and quietness of operation, the new Chevrolet Six is a revelation. Acceleration is remarkably fast. And a new non-detonating cylinder head eliminates every trace of “lugging.”

6-Cylinder Speed

The new Chevrolet Six has speed in abundance—but even more important than its speed is the smooth, quiet, restful comfort you experience at every point on the speedometer. You can open the throttle wide with a feeling of complete security.

Better Than 20 Miles Per Gallon

The marvelous performance of the Chevrolet Six would be exceptional in any car. But in the new Chevrolet Six it is actually sensational—for here it is combined with an economy of better than 20 miles to the gallon of gasoline!

Exceptional Riding Comfort

Another vital factor that has influenced over a half-million people in their selection of the new Chevrolet Six is its marvelous riding comfort. It travels smoothly over rough roads—and its balance on turns and corners is exceptional.

Beautiful Fisher Bodies

Longer, lower and roomier—finished in attractive, long-lasting colors—and upholstered in rich, deep-tufted fabrics—the new Fisher bodies on the Chevrolet Six introduce into the low-price field an entirely new measure of style and distinction.

Proved Dependability

Tested for more than a million miles on the roads of the General Motors Proving Ground—the new Chevrolet Six went into the hands of its owners thoroughly proved in every detail. And now reports of its performance on the highways of the nation pay glowing tribute to its endurance and dependability.

Amazing Low Prices

An achievement that surpasses even the brilliant performance qualities of this sensational six-cylinder car are the prices at which it is offered. Study these prices, and compare them with any other car and you will recognize the remarkable value represented in this Six in the price range of the four!

Official paper of Terry County.

The Colorado Record in its last issue created another sensation, by stating that apparently an old mine tunnel had been found by an oil company while laying a pipe line. Some time ago this good journal reported some Indian bones had been found in a cave near there. They'll just about expose the skeleton in their closet the next thing, they know.

There is now a hot county seat fight on in old Lamb county, and we are fearful that some of them are going to get real warm under the collar before it is over, including some of the editors. We never knew a county seat removal election but what did stir up a hornet's nest that took years to overcome generally. The only one in this county some 24 years ago, will flare up some to this day if mentioned.

A dispatch to the Dallas News from Texarkana states that in Bowie county, it will be some time before the dipping season will be over inasmuch as all but two of the fourteen dipping vats have been blown up with dynamite. It also goes on to state that there seems to be some opposition to cattle dipping there yet. As reluctant as we are to argue the question, on the face of the above evidence we'll have to admit that there does appear to be some opposition.

A much discussed question these days is, shall the tax on gasoline be increased or decreased. Some maintain that those who use the roads the most should pay the most, while others contend that inasmuch as gasoline is now a commodity used extensively in farm operations and manufacture, that it would be like taxing the food fed to the horses under the old system. When we read one side, we believe that way until we get some fresh arguments from the other side.

The Herald notes with some pride that its young friend, Ernest Cabe, who worked on the paper for a short time last summer, is doing great work as a debator for the Canyon Teachers college. Ernest was winner in the State contest held under the auspices of the Star-Telegram at Fort Worth recently, and in May will go to New Orleans to the All South contest. Should he win there, it will entitle him to go to Washington in the national contest. It is the ambition of this young man to complete a course in journalism some day, and we expect to see him make his mark in the world of affairs in the coming years.

Lorenzo is to have a privately owned sewer system in the near future. It will cost the citizens from two or three dollars per month to tie on this system, but enough of them have signed up to insure the building of the plant. In Brownfield it does not cost one penny except a small fee when one ties on, yet there are a

number who will not take advantage of this condition. Our system is owned by the city. The fact that one uses city water is supposed to pay this, yet we understand that one is not even required to use city water to get this free service.

There has been any number of thefts, petty burglaries, etc., here for the past several weeks, of residences and business houses, of first one thing then another. Most people as well as the officers know who is doing the work, but sufficient evidence to stick them in court has not yet been collected, but is fast working to that end. The officers are worked up over the matter, and are not going to rest until these thieves are safe in jail, or have left for greener fields. These boys, for that is what they are, ranging in age from 12 to 18 years, come from some of the best families in the town, but their parents have made an awful mess in raising these boys, somehow. Some of them, we imagine, think their boys above such matters, but they don't know where they are from time supper is over until way after midnight. The people also are worked up, and we have heard several say of late that if they catch these boys in their homes, there won't be any court cost on the county, but a long nice funeral procession the following day. So, if you are not right sure where your boy is at night, better make some inquiries, or he may come home to you some night on a stretcher.

Be it said to the eternal credit of the 41st Legislature that the unthinkable and outrageous state bond issue was not forced on the people of the state at this time. If the bond issue advocates want to be fair they will be satisfied with this and take the proposition to the people in the primary next year. It is a strange coincidence that most of the so-called major measures of the Moody administration were dodged in the last primary. Moody was silent as the Egyptian Sphinx in his campaign on that gigantic bond issue, the penitentiary location, the making of state officer appointive instead of elective. I look like the politicians are determined to wreck the democratic party. Originally this party was the party of the people. In Texas today it seems to be the party of the politicians. Sun-of-a-Gun believes these people are yet capable of self government. He believes that it is safe and right for the party leaders to come clean with the people back at home and discuss issues freely and frankly before committing them in a platform or the enactment of legislation. Not a single candidate in the state so far as the records shows, has gone before the people and advocated a \$250,000,000 bond issue for the people to pay. Such a thing has never been written into a democratic platform and has never been endorsed except by a few chambers of commerce. No farmers' organization, no stockmen's organizations, no laboring organizations, no nothing coming from the people who will have to pay the bills. The people don't want a big bond issue saddled on them and the politicians are going to have the time of their sweet lives before they strangle the people in any such way.—Star Saba News.

TOM FINTY JR.

The Texas Press suffered a distinct loss in the death Thursday of Tom Finty Jr., editor of the Dallas Daily Journal and for many years one of the outstanding newspaper editors of the South. Mr. Finty's able service gained him recognition wherever

THE BANK OF OLD

NOTICE IN PROBATE

The State of Texas.
To the Sheriff or Any Constable of Terry County Greeting:—

You are hereby commanded to make service by publication in a newspaper for thirty days of the following notice in words and figures as follows:

In Re-Estate of Richard C. Castleberry, Deceased No. 153. Suit Pending in the County Court, Terry County, Texas.

To All Persons Interested In The Above Entitled Suit:—

Notice is hereby given that Kate Castleberry, Petitioner for the Probate of the last Will and Testament of said above named deceased has filed interrogatories in a said suit now pending in the County Court of Terry County, Texas, to Tom Isabell a witness who resides in Goree, Knox County, Texas, the answers, to which will be read in evidence on the trial of said caused, said above named witness having signed said Will sought to be probated, as a witness, attorney for petitioner having filed and affidavit that persons interested in the probate of said will are non residents of the State of Texas, and that a commission will issue on or after the thirtieth day after the publication of his notice to take the deposition of said witness.

Rex Headstream, Clerk of the County Court, Terry Co. Texas. And of this precept and how you have executed the same make due return.

Rex Headstream, Clerk of the County Court, Terry Co. Texas. Given under my hand seal of said court, at office in Brownfield this 10th day of April, 1929.

Rex Headstream, Clerk County Court, Terry County, Texas.

CONSTITUTIONAL AMENDMENT

H. J. R. No. 7.

A joint resolution proposing an amendment to Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor; providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriation therefor.

Be It Resolved By The Legislature of The State of Texas:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary

of Ten Thousand Dollars and no more and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that this amendment shall not become effective until the third Tuesday in January, 1931."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on July 16, 1929, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor." And those voters opposing said proposed amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution of the State of Texas fixing

the salary of the Governor."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.

Approved March 19, 1929.

(A Correct Copy).

JANE Y. McCALLUM, Secretary of State.

How the New Marriage Law Reads

The new marriage license law recently passed by the Texas Legislature reads as follows:

Article 4605-A. For the purpose of ascertaining all facts required under the statutes, the county clerk at the time the license is applied for, shall examine the applicant or applicants for the license under oath as to age and residence, which shall be reduced to writing by the county clerk, and subscribed to by the applicant or applicants. In case either party is absent when application is made an affidavit shall be made by a person other than the contracting party as to the age and residence of the absent party. Said affidavit to be filed in the county clerk's office.

Article 4604-B. Application for license shall be made at least three days and not more than thirty days before the license shall be issued. Immediately upon receipt of an application for a license the county clerk shall record in a book kept for that purpose and marked "Notice of Intention to Marry," and after the expiration of three and not more than thirty days after the signing of the notice of intention to marry, the county clerk may issue said license.

Article 4604-C. Before the county clerk shall issue a marriage license the man shall produce a certificate from a reputable physician to show that he is free from venereal disease.

SPRING'S THE THING.

Terry County Herald: Well, spring is here at last with the bursting bud, the creeping grass and the blooming of the white buttercup. But we have no idea of trying our hand on poetry. On the other hand, we find it a hard matter to get enough sleep, and study more about a good bed than a pen and what inspiration we have on hand.

State Press in Dallas News:

Tut, tut! You are trying to deny the soft-spiritedness that makes the poetic mind fond of the recrudescence season when all the outdoors is in bloom and all the birds atwitter. Don't be hard. Be soft. There are too many hard men, men who like to think of themselves as bricks. What we need in this country is more good men capable of tears, more tender men reverent towards the glories of field and wood and plain. Suppose all the poets who have enriched literature throughout the ages had been more intent upon sleep, more solicitous for soft bedding, than conscious of spring? Our book shelves would be bare of the solaces which a thousand soulful pens have made possible to our realization. If you have heart-stirring when surveying the miracle of new bud and blossom, do not smother your warm impulses under a cynical shrug. Seize your pencil, and upon the back of an old envelope express your throbbing heart in rhythmic sentiment. Write a spring poem, and be proud of it! Whitney Montgomery didn't choose to sleep the filmy day away when he wrote this—"I walked the woods on an April

day,
With a carpet of violets under my feet,
And the strangest bird that ever I heard
Sang, "Where are you, where are you, where are you, sweet!"
When a bird seems to sing to you,
you have the divine afflatus within you. Do not choke it to death.

The United States now produces more than 90,000 pounds of coal tar dyes annually.
A process has been developed by which certain metals can be electroplated with aluminum.

Phillips Oil delivered when you want it

One of the many Phillips Bulk Stations located in Texas and western Oklahoma

There's full satisfaction
in Phillips Products

THE map at the left shows the location of Phillips stations in west Texas and southwest Oklahoma.

Free deliveries of Phillips Oil, Kerosene, and 66 are made to any farm. All of these stations keep on hand a good big supply of Phillips products. You don't have to wait to get what you want. You won't be told "that we are just out and that a supply is coming in a few days." You get your kerosene, oil and gasoline within a few hours after you order it.

Phillips knows what it means to the farmers to get prompt service, especially at harvest time, and guarantees fast delivery on a quality line of products.

Look over this map. Pick out the Phillips station nearest you and drift over right soon to see the Phillips agent about your harvest supply of oil, kerosene and gasoline. Phillips products are favorably known in the entire Southwest. It will pay you to use them.

**The Happy School
Community Buys Piano**

Citizens of the Happy school community recently undertook to raise enough money to buy a piano for use in their Sunday School and church work, chapel, etc. After getting a larger donation of the money in the community they came to Brownfield and those most interested contributed what they could and the necessary funds were raised and now the piano belongs to Happy school and community.

The Happy community in general wishes to take this means to express their thanks for the donation and interest shown by the people of Brownfield and welcome them to Happy.

Bro. Allen from Wayland College, eleven preachers and two volunteer workers making what is known as the Voluntary Band were visitors of the community and held services Saturday night, Sunday morning and afternoon, resulting in a very pleasant meeting. Five or six conversions and two others renewing their efforts in the religious work.

Andrew Copeland, Vice-President of the State Bank, returned last week from Douglas and other points in Arizona, where he spent his vacation. He did not venture over the international line, but says the Mexican town across the line there was apparently quiet.

Miss Lela Duke, employee of the State Bank, spent last week end with her sister at Trent, Texas. Her little niece returned home with her for a visit.

Luther Cruce has been out of town for the past few days, but to save us, we could not learn his destination.

Also Mrs. Wade has been very ill, but late reports say she is better.

Thinking about those things that will improve your community is not a duty—it's business; therefore, it isn't a question of why you should but why shouldn't you be a booster.

A booster is one who supports his town enthusiastically—one who gets behind and pushes vigorously, consistently and persistently. The other fellow gets in front and leans backward, or gets in the road, making it tough going for the pushers.

A booster is an optimist and a joy-maker; he is not a cynic or a crepe-hanger.

A booster cheers; he never jeers, sneers nor hisses.

A booster sticks up for his community, he never turns his nose up at it.

A booster gives every fellow a "break;" he never "dishes the dirt."

**THERE ARE THOSE WHO SAY
"IT'S ALL A LOT OF BALONEY"**

Almost every honest endeavor to induce people to DO something for their community is branded by certain types of individuals as hot air, bunk, hokey, and "It's all a lot of baloney." The fellow who starts whispering "Tie it outside," when thinking residents talk about the value of "boosting" is usually the fellow who goes outside the record regarding the truth when making conversation about himself. Such people are engrossed in their own littleness that they cannot grasp the bigness of collective thinking.

The greatest service anyone can do for his community is to think about it. Let everyone think a community is good and it will be—not overnight—not in a month—nor perhaps in a year. But thinking it is good will create and cause ACTION that will gradually and surely make it good. On the other hand, think your town is no good and it will be just that and nothing different!

A booster says, "I'll do it for the good of the community;" not "What do I get out of it?"

A booster admires success; he never infers, "There must be something crooked about it."

A booster says, "You bet this is a good town;" he never says, "Oh, yes, it's all right if you like it."

A booster is for anything that is good; a KICKER objects to everything good or bad.

A booster is a positive quantity; a kicker is a negative minus.

A booster pushes and goes ahead; a kicker balks, stands still and never gets anywhere.

A booster, instead of saying "It's all a lot of baloney," says "There may be something in that," and then thinks about it.

You are the one to decide on which side of the fence you are going to be. Choose the side you think is for your own best interests, and then stand up for what you think.—Colorado Record.

Golfers, baseball fans and flowers grow wild in the spring.

**RHEUMALAX
RELIEVES
HEUMATISM**

Mrs. S. C. Lee, Parrottsville, Tenn. writes, that "for years I have been a sufferer from rheumatism and have found nothing that has brought great relief or been more beneficial than RHEUMALAX, may the blessings of God go with RHEUMALAX on its mission to the suffering." BROWNFIELD HDW. CO.

Your
MODEL T FORD
is still
a good car

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of \$20 to \$25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for \$3 to \$4. The cost of tightening all main bearings is only \$6. The labor charge for overhauling the front axle is \$4.50 to \$5—rear axle assembly, \$5.75 to \$7.

New universal joint will be installed for a labor charge of \$3. Brake shoes relined for \$1.50. Rear spring and perches rebushed for \$1.75. The cost of overhauling the starting motor is \$3. A labor charge of approximately \$2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

FORD MOTOR COMPANY

HIS MISTAKE

"We made a mistake in last week's issue," says the editor of an exchange paper. "A good subscriber told us about it. The same day there was a letter in our postoffice box that did not belong to us. We called for 98 over the telephone and got 198. We asked for a spool of No. 50 thread and when we got home it was No. 60. The train was reported 30 minutes late. We arrived at the depot 20 minutes after train time and the train was gone. We got our milk bill and

there was a mistake of 10c in our favor. We felt sick and the doctor said we were eating too much meat. We hadn't tasted meat for 2 months. The garage man said the jitney was missing because it needed a new timer. We cleaned a spark plug and it's run ever since. Yes we made a mistake in last week's issue of the paper."—Exchange.

When in Rome, do as the Romans, should not be applied when visiting in Chicago, unless you are a good shooter.

The Hesters Return Better Satisfied Here

Mr. and Mrs. C. H. Hester and son, Virgil, have returned home after being away two weeks visiting their two sons and daughter, Homer B. and James L. Hester, and Mrs. J. H. Gober and families of Corsicana, Nacarro county. They also visited a son at Marshall, C. H. Hester Jr. and family. They reported very poor crops back there, all the way to Marshall, and lots of land not broke yet. They were real glad to get back to old Terry. It made them appreciate it more than ever after being back in that country again. Mrs. Hester said she wouldn't be back there if they would give her all of Navarro county; neither would any of the rest of the Hester family. A lady back there told Mrs. Hester that wasn't any country for anybody to live in and a man said the people there were too selfish to live. All the Hester family are crazy about the "west" and are here to stay.

REAPPORTIONMENT AND 1930 CENSUS BILLS COMBINED

Washington, Apr. 20.—Two bills on the program of President Hoover for the extra session—authorization of the 1930 census and reapportionment of house membership on the basis of that census—were combined today by the senate commerce committee and reported to the senate.

The consolidated bill, facing opposition from these states which would lose house representation under the reapportionment, has been accorded second place on the calendar. The farm relief measure, up Monday, has first call.

Begin: Next November

The census bill reported, introduced on Thursday by Chairman Jones, provides for beginning the census next November 1, rather than on May 1 as stipulated in the bill passed last session by the house.

The bill also includes provision for the taking of an unemployment survey in connection with the 1930 census.

The reapportionment bill introduced by Vandenberg, republican, Michigan, is the same in general scope as that passed last session by the house. It provides for keeping the house membership at its present figure—435.

LOOK NOW FOR INFERTILE EGG MARKETS

College Station—It is wise for poultry raisers to begin now to look for markets that will pay a premium for infertile eggs, for with the coming of warm weather next month farm eggs will likely be discriminated against in price because of the wide prevalence of fertile eggs. Producers who follow the good management method of culling off most of the roosters now and penning the remainder will be well repaid, provided they make arrangements to dispose of fresh infertile eggs for extra prices. It is usually possible to do this, either individually or through egg circles or associations, for the public demands good eggs and is willing to pay extra to get them.

In suggesting such a course of action, E. N. Holmgreen, Poultry Specialist in the Extension Service of A. and M. College, calls attention to the great increase in recent years of cooperative selling of fresh, infertile eggs in Texas. Last year alone groups of farmers and farm women in more than 100 counties sold eggs for premiums ranging from two cents to seventy cents per dozen. In most cases local merchants handled these quality eggs on a small margin or bought them outright for re-sale.

"Summer poultry success," says Mr. Holmgreen, "depends on keeping up production and getting premiums on infertile eggs. With the coming of warm weather broodiness increases and production falls off unless something is done about it. Put the broody hens into coops in order to break up broodiness and maintain high production so necessary to profits."

Radios have kinda been on the bum of late. To much disturbance in the elements here and at other places, is the reason given by experts. When some fellow that neighbors consider a half wit invents an outfit that will cut statics, a cool fortune will be on the door steps for him next morning when he gets up, and we don't mean maybeso.

H. D. Leach was in town Saturday, and there being a right nice little windy blowing, that individual got in a reminiscent mood and told a few of the new comers just what a real sandy looked like to an old timer.

Monday is Trades Day in Brownfield.

MORE ANTELOPE ON NORTH PLAINS

Amarillo, April 20. (AP)—Antelope are increasing in the Panhandle, according to state game wardens, ranchmen and sportsmen. It was said this was due to protection given the animal by state game laws and by ranchmen themselves.

Ted Houghton, forman of the Shelton Estate ranches, along the Canadian river, reported that there were at least 200 head of antelopes on his ranches.

Within the past three years a herd has increased on one of the Bivins ranches from three to 15, it was reported.

NEW SEWER SYSTEM IS ALMOST COMPLETE

The new \$50,000 sewer system, work on which has been under way the past several weeks, is now practically complete; and practically the only work left to be done is tying the lines onto a number of residences. Workmen have been busy for several days replacing paving brick in the business section that were removed in laying the lines.

Approximately nine miles of mains have been laid in the city limits placing the use of the system of practically every house.—Lynn County News.

The Herald \$1.00 in Terry County.

CITATION BY PUBLICATION

The State of Texas: Greetings: To The Sheriff or Any Constable of Yoakum County:

Whereas, in cause No. 219 pending in the District Court of Yoakum County, Texas, wherein, the First National Bank of Belleville, Illinois is Plaintiff and Casimir Andel and others are Defendants, there has been filed in this Court an affidavit stating that Defendants are beyond the jurisdiction of the Court and a request to take the deposition of Phil Gass on the part of the Plaintiff, and it further appears to this Court that none of the Defendants therein have any attorney of record, and the said Plaintiff has filed in this Court the interrogatories which it desires to propound to the said Phil Gass.

Therefore, you will serve notice upon the Defendants, hereinafter named by causing a copy of this notice to be published in some newspaper in your county for thirty days. If no newspaper be published in such County, then you cause such publication to be made in some newspaper published in the County nearest to this County; that after the expiration thereof the Plaintiff will apply for commission to take the deposition of the said Phil Gass in said cause No. 219, wherein the First National Bank of Belleville, Illinois is Plaintiff, and Casimir Andel, Gisella Schuchardt and her husband, C. W. Schuchardt, Josepha Osterhaus, L. R. Osterhaus, her husband, Ethel Andel, Mary Helen Andel, and Katherine Louise Andel, Defendants and the heirs and legal representatives of said named defendants, whose names and residences are unknown.

In witness whereof, I have thereunto set my name and caused the seal of the said District Court to be affixed at Plains, Texas, this 25th day of April, 1929. W. H. Hague, Clerk District Court Yoakum County, Texas. 40c

CITATION BY PUBLICATION

The State of Texas: To the Sheriff or any Constable of Yoakum County: Greeting:

You are hereby commanded to summon Casimir Andel, Louise K. Andel, George Andel, William C. Andel, Coleman Andel, Gisella Schuchardt, and her husband, C. W. Schuchardt, Josepha Osterhaus, L. R. Osterhaus her husband, Ethel Andel, Mary Helen Andel, and Katherine Louise Andel, Defendants and the heirs and legal representatives of said named Defendants, whose names and residences are unknown, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Yoakum County, to be holden at the Court House thereof, in Plains on the Second Monday in June A. D. 1929, the same being the tenth day of June A. D. 1929, then and there to answer a petition filed in said Court on the 25th day of April A. D. 1929, in a suit, numbered on the docket of said Court as No. 219, wherein First National Bank of Belleville, Illinois is Plaintiff, and Casimir Andel, Louise K. Andel, George Andel, William C. Andel, Coleman Andel, Gisella Schuchardt and her husband, C. W. Schuchardt, Josepha Osterhaus, L. R. Osterhaus her husband, Ethel Andel, Mary Helen Andel, and Katherine Louise Andel, Defendants and the heirs and legal representatives of said named Defendants, whose names and residences are unknown, are Defendants, and said petition alleging that on the 16th day of November 1908, Plaintiff was the legal holder and owner and entitled to the possession of Section 10, Block P, laying in Yoakum and Cochran Counties, Texas, containing 640 acres of land, and has since said time been the owner thereof and at all times entitled to its possession, and that on January 1, 1928 the Defendants entered into possession of said property and disposed of this Plaintiff and now withholds from it the use and possession thereof to Plaintiff's damage.

Wherefore, Plaintiff prays that after service and upon hearing it have its judgement for title and ready possession and such other relief as at law and equity it is entitled to have. For second count, Plaintiff shows to the Court that on November 16, 1908, Defendant Casimir Andel obtained title to the property, above described, being Section 10, Block P, Yoakum and Cochran Counties, Texas by conveyance from Alice B. Glaser and husband, and that the said conveyance was in settlement of an indebtedness from the grantors in said deed to the Plaintiff in this action, and the grantee in such deed was to and did hold the title of such property in trust for this Plaintiff, and he always recognized the same. That the said Casimir Andel died about February 6, 1918 intestate with no administration upon his estate and surviving him was his wife, Louise K. Andel, and the following children: George, William C., Coleman, Gisella and Josepha, which were all the children born to him, and that the son, George, died about December 10, 1918 leaving surviving him his wife, Ethel and two daughters, who are now minors, Mary Helen and Katherine Louise; that he died intestate with no other descendants surviving him: that Louise K. Andel died about April 9, 1919 leaving as her surviving children and descendants of children the persons just named; that during the lifetime of said Casimir Andel he recognized the trust, aforesaid, but never made formal conveyance of the property to cestue que trust. That by reason of the foregoing, there having been no administration of the said estate, there exists a cloud upon the Plaintiff's title to the property, which Plaintiff seeks to have removed. Plaintiff prays for process upon all the Defendants, that upon hearing it have its judgement quieting its title to the said Survey of land against them and removing the cloud therefrom, and for such other and further relief as at law and equity it may be entitled under the facts shown. Herein fail not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in Plains, Texas this the 25th day of April A. D. 1929. (Seal). W. H. Hague, Clerk, Dist. Court, Yoakum County.

Brownfield-Odessa Line to Be Resumed

Messrs. A. M. McBurnett and W. R. Ingram of Brownfield, were here Tuesday enroute to Andrews and Odessa, getting signatures of county officials and others interested in having the motor bus line started again.

McBurnett is owner of the present franchise over this line, and some time ago received permission from the Texas Railroad Commission, who has authority over such matters, to be allowed to discontinue this service until May 1st, and as this time is now about up he is making preparations necessary for a resumption of this service. He has applied for permission to lease his interests to Mr. Ingram for a period of two years.

A hearing on this application, as well as on others, will be held at Abilene on Thursday of this week before the Commission. —Seminole Sentinel.

THE SMALL TOWN WINS

Calvin Coolidge upon leaving the Presidency of the United States could have joined a New York law firm and his earning would be more than \$200,000 a year. Instead of living in America's greatest city and instead of plunging himself into complicated legal practice Mr. Coolidge chose to return to his home town, Northampton, Mass.

In his home town he can live the simple life which he so much loves. He can be more free in doing what he wants to do. He will be near the hills of his native Vermont.

With the world from which to choose, he chose his home town to make his home. His action is a fine commentary upon the small town, its opportunities and attractions. It proves that in spite of opportunity to live any place in the world, there is one man at least who prefers the advantages of the small town.—Thrift Magazine.

THREE YEAR TERM GIVEN WILL LUMAN IS AFFIRMED

The case of Will Luman, given three years by a jury in Dawson county recently in connection with the slaying of Marvin Breeding here in 1927, was affirmed today by the court of criminal appeals, according to dispatches from Austin.

Luman was indicted here October 18, 1927, and the case was transferred on the court's motion to Dawson county. The case was tried in December 1928, and Luman was convicted and given a three-year sentence.

At the close of the trial at Lamesa, Luman was immediately arrested on an indictment from Fort Stockton charging him with cattle theft. He was convicted on this charge and was given a three year sentence, which case is now on appeal.—Post Dispatch.

MINISTER'S TRIAL SET FOR MONDAY, MAY 6

Lamesa, April 23.—The trial of Rev. W. E. Duke, charged with the murder of J. A. Cox, of the Klondyke community, 15 miles southwest of here last February is set for May 6th in the present term of the district court now in session.—Seminole Sentinel.

Don't forget that next Monday is Tradesday. Be here with the big crowd.

Jack Bailey is now engaged in selling cars for Carter Chevrolet Co.

To the Sheriff or any Constable of

AVERY Jack Rabbit Cultivator

"Out in Front"

Farmers have always known there would some day be a better cultivator—one that does the work far easier and better—one that has no stubborn ways to cause leg strain and other effort.

The Avery Jack Rabbit is such a cultivator. Its three outstanding features explain why it is always out in front—a leader wherever shown or used. These features are:

- (1) Perfectly balanced in all positions—whether gangs are raised or lowered.
- (2) Runs free and easy—no sluggishness or stubbornness to mar its fine performance.
- (3) Equipped for cultivating all

row crops over 24 inches—is out and going at all times and under all conditions.

Farmers who use the Avery Jack Rabbit will tell you that no other compares with it. It is easier to handle—does better work—in more kinds of crops. And, because of careful workmanship and best materials, it gives years and years of quality service.

Investigate the Avery Jack Rabbit. See what Avery's century of farm implement experience and the world's finest implement factory mean to you in better implements. We will gladly give you a complete demonstration and full details.

There is a full line of famous Avery walking, riding and tractor plows, tillage implements, and Champion harvesting and haying machines

HUDGENS & KNIGHT

3 reasons why the Jack Rabbit is "Out in Front"

- 1 Perfectly balanced in all positions.
- 2 Free and easy running.
- 3 Equipped for cultivation of all rowcrops.

CICERO SMITH LUMBER CO.
Brownfield -- Texas

Dr. and Mrs. T. L. Treadaway have returned from a months stay in South Texas for the benefit of Mrs. Treadaway's health. We are glad to report that she is seemingly in good health again.

Miss Naoma Newton, of San Antonio, but a graduate of the Brownfield high school, is now a regular reader of the Herald complimentary

of one of her friends here.

The Cicero Smith Lumber Co. office has undergone a remodeling, and received a new coat of paint this week.

E. G. Alexander and family were down Tuesday from Plainview, to witness the May Day Fete here Tuesday night.

MAGNOLIA PETROLEUM COMPANY

PHONE NO. 10.

TOM MAY, Agent

Yoakum County, Greeting:

You are Hereby Commanded to summon Roy Kendall, the unknown heirs of Roy Kendall, if he be deceased, and their heirs and legal representatives, by making publication of this Citation in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Yoakum County, to be holden at the Court House thereof, in Plains, Texas, on the Second Monday in June, A. D. 1929, the same being the 10th day of June, A. D. 1929, then and there to answer a petition filed in said Court on the 9th day of April, A. D. 1929, in a suit, numbered on the docket of said Court as No. 218, wherein Edward Randall, Mary Manson Ellis, Nolan V. Ellis, and Edw. Randall Manson are Plaintiffs, and Roy Kendall, the Unknown Heirs of Roy Kendall, if he be deceased, and their heirs and legal representatives, are Defendants, and said petition alleging that the plaintiffs are the lawful and absolute owners in fee simple, (Edward Randall owning an undivided one-half interest, Mary Manson Ellis an undivided one-fourth interest, and Edward Randall Manson an undivided one-fourth interest), of all of Section No. 857, Block "D", John H. Gibson Certificate No. 145, containing 640 acres of land, in Yoakum County, Texas, and entitled to the possession thereof; and that plaintiffs also have and hold title to said land under the Three, Five and Ten Year Statutes of Limitation. Plaintiffs pray judgment against all of the defendants for the title to and possession of said land; for damages; writ of possession; and all such other equity, general and special, to which and further relief, both at law and in they may be entitled.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Plains, Texas, this 9th day of April, A. D. 1929.

(Seal). W. H. Hague, Clerk,
District Court, Yoakum County.

SHERIFF'S SALE

The State of Texas,
County of Terry.

Whereas, by virtue of an execution and order of sale issued out of the district Court of Terry County, Texas, on a judgement rendered in said Court on the 15th day of February A. D. 1929, in favor of Brownfield Independent School Dist. and against J. M. Williams No. 1063 on the Docket of said Court, and to me, as Sheriff, directed and delivered, I did, on the 23rd day of March A. D. 1929 at 11 o'clock A. M., levy upon the following described tracts and parcels of land situated in Terry County, Texas, and belonging to J. M. Williams to-wit: Lots Number Eleven and Twelve in Block No. 83 of the original Town of Brownfield, Terry County, Texas on the 7th day of May A. D. 1929 being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of

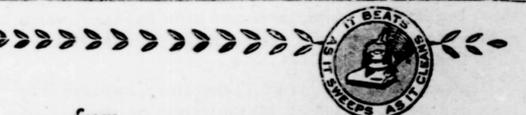

Terry County, Texas, in the town of Brownfield, I will offer for sale and sell at public auction, for cash, all the right title, and interest of the said J. M. Williams in and to said prop-

erty.
Witness my hand, this the 10th day of April A. D. 1929.
J. M. Telford, Sheriff
of Terry County, Texas.

Beautiful May Festival

Jill has danced to many tunes piped by Jack since Time began, but none have danced more merily or gracefully than the little folks who danced Tuesday evening at the crowning of Her Majesty, Queen Christova of the House of Sawyer, lovely Queen of the May. Her Majesty was attended by her Maid of Honor, Lenore of the House of Brownfield and was escorted by Prime Minister, Homer Winston. Mary Ann of the House of Bell, Duchess of Brownfield was attended by Duke Howell. Gladys of the House of Farrell, Duchess of Forrester was attended by Duke Zachary.

Bobbie Virginia Bowers carried the Queen's beautiful crown of pearls; Larry Miller carried the sceptre and two tiny little girls, Dorothy Jean Knight and Maxie Hunter carried the Queen's train.

Her loyal subjects were all in readiness for the event and in a pretty dance, Miss Francis Brownfield as Winter bid farewell to Spring. The charming Fairy Queen, Queenelle of the House of Sawyer as Spring attended by her maidens, Sallie Truman Stricklin and Julia Ruth Markham with little girls dressed as flowers welcomed the Queen.

Dances and games by village lads and lassies, in honor of the Queen and her court included the Clopp Dance, Dutch Quadrille, Japanese, Butterfly, Milkmaid, Gypsy and Peasant Maids dances and archery and races.

The grand finale was the beautiful May Pole dance.

Leave For Austin

Mrs. W. B. Toone and Mrs. Will Alt Bell and Miss Mary Ann left Wednesday morning for Austin where Miss Mary Ann will declaim before the State Interscholastic League.

Luncheon For Thursday Evening Bridge Club

Miss Larue Sawyer entertained with a pretty luncheon Wednesday evening at the home of her sister, Mrs. E. A. Graham for the members of the Thursday Evening Bridge Club.

Guests began to arrive shortly before eight o'clock when the luncheon was served. The menu consisted of baked chicken with dressing, green beans, fruit salad, sliced tomatoes with lettuce, asparagus tips, sweet pickle, olives, hot buttered rolls, iced tea and caramel pie ala mode.

In bridge the cut prizes were dainty vanity cases in the shape of books and high score prize was a water bottle and glass in blue. Misses Marie Bell and Olga Fitzgerald received the cut prizes and Miss Eunice Banks the prize for high score. The tally cards had dainty satchel bags in colors.

Members present were Misses Bess Baldwin, Olga Fitzgerald, Marie Bell, Eunice Banks, Lucille Flache, Addie Hamilton, Christova Sawyer and the hostess.

Mr. and Mrs. Orb Stice left Wednesday for a short trip to Dallas.

Miss Rowena Hulse and friend, Miss Inez McClemy who are teaching school in Dawson County spent the week-end with Miss Hulse's home folks.

Miss Robertson of Lubbock was the guest of Miss Kathaleen Alexander for the week-end.

Mr. J. T. Auburg left Tuesday morning for Turkey for a two weeks visit with his mother.

Mrs. Billy Townsen has returned home after a visit with home folks near Temple.

Miss Dora Dean Neill has returned home after a visit with her brother, Herbert and family in Big Spring.

Bill Collins had as guest for the week-end his friend, Dick Browning, also a Tech student.

Adolphus Smith and James Harley Dallas visited home folks over Sunday.

Miss Bess Baldwin visited friends in Abilene for several days.

Miss Margaret Bell with her friend, Miss Farmer visited home folks for the week-end.

Mrs. Jim Lewis and Mrs. Clarence Lewis were in Tatum, New Mexico Tuesday showing graduation dresses for Cobb & Stephens Dept. Store.

Miss Ruth Sparks of Lampasses and attending the Tech was a week-end guest in the home of Professor and Mrs. Toone.

Mr. and Mrs. J. J. McGowan and Bill returned Sunday from a business trip to Fort Worth and a visit with relatives in Quannah and Paducah.

Young Women's Missionary Society Entertain

The Young Women's Missionary Society of the Methodist church was entertained Thursday afternoon at the home of Mrs. J. C. Hunter complimenting two of their members, Mrs. Boone Hunter and Mrs. Lester Treadaway with a shower and having the ladies of the senior Missionary Society as guests.

Sandwiches, cake and tea were served to Mesdames Stice, Helms, Finney, Cecil Smith, Allen Own, J. B. Knight, Colman, Clyde Gross, N. D. Moore, C. Fitzgerald, B. L. Thompson, Downing, Cleve Williams, J. B. Jackson, Longbrake, Webber and the two honorees.

Miss Lillie Mae Warren visited in Lorenzo and Ralls for the week end.

Born to Supt. and Mrs. O. W. Fagala, Wednesday, April 24th, a boy. Mr. and Mrs. Fagala are now living in Lorenzo.

Bible Class Meeting

The Bible Class of the church of Christ met Monday afternoon at four o'clock for regular Bible lesson with Mrs. R. L. Bowers. An interesting session was led by Mrs. Eunice Jones with papers by Mrs. Legg, Mrs. Williamson and Mrs. Smith.

The members present were Mesdames Eunice Jones, Fields, Barnes, Wins, Sanders, Self, Redford Smith, Williamson, Legg, L. F. Hudgens, Moore, Hardin, Collier, Nelson, W. G. Harris and Chester Gore.

Next meeting will be with Mrs. W. G. Hardin.

W. M. U. Circle Meetings For Next Week

Monday Circle One will meet with Mrs. Coe for a lesson in the 13th, 14th and 15th chapters of Matthew.

Circle Two will meet at the church. Circle Three with Mrs. T. J. Price and the Louise Willis Circle with Mrs. Jay Price.

W. M. U. Institute

The Baptist Associational Women's Missionary Union held a profitable institute at the church Thursday and Friday of last week. Several counselors were included in this meeting. Instructive courses were given in four different books with Mrs. E. W. Providence of Lubbock and district president, teaching the Y. W. A. and W. M. S. classes; Mrs. Caveness of Slaton teaching the intermediate work for R. A. and G. A. Classes and Mrs. Foster of Slaton teaching the Primary classes.

A delightful lunch was served to the biggest crowd the local church ladies have ever tried to serve. The Worker's Conference meeting in connection with the institute.

This is really new work for the ladies and several are planning to attend the Lubbock Institute that meets in May.

Baptist Ladies Entertain Federated Missionary Society

The ladies of the Baptist Women's Missionary Union entertained the members of the Federated Missionary Society Monday afternoon in the reception room of the church. Mrs. L. J. Dunn, vice-president, presided. Mrs. Walter Gracey, secretary read the minutes and Mrs. F. H. Perkins led the devotional. The ladies' quartet composed of Mrs. H. O. Longbrake, Mrs. Homer Winston, Mrs. W. W. Price and Mrs. J. J. McGowan, sang "Will There Be Any Stars In My Crown" to the melody of "Perfect Day." They were accompanied on the piano by Mrs. Ivy Savage. Mrs. W. H. Dallas gave the Purpose of the Federation. A piano duet was played by Elray and Vondée Lewis.

A business meeting followed in which the following new officers were elected: Mrs. E. V. May, President; Mrs. J. H. Griffm, Vice-Pres.; Mrs. J. E. Michie, Secretary and Mrs. Arthur Sawyer, Treasurer.

Committees for arrangement and program for the Mother's and Daughter's Banquet were appointed. The arrangement committee is Mesdames Collins, Gracey, Griffm and Downing, and the program committee, Mesdames Sawyer, Tom May, W. W. Price and Longbrake.

About seventy-five ladies were served ham sandwiches, pineapple pie and iced tea. Pink roses were used as plate favors.

Miss Bernice Weldon, accompanied by Lewis Whitaker, employee of the Herald, and Mrs. Lulu Smith left Thursday for San Antonio, where Miss Weldon will attend the State Chiropractor's Home-Coming meet.

Well, folks, there is no use for us to enlarge any on the northwester that bore down on us Wednesday. We have an idea that you are fully familiar with all the details.

M. L. French and father, of the Lou community, were in Tuesday after supplies.

B. M. Wade of the Tokio community was in Wednesday and reported that he had some corn up on his hand land that was looking well.

A foundation and floor of concrete is being put in the old Forrest Lumber office for use as a repair shop for the new Phillips station, when built, we presume, although it may be under a separate management.

J. W. Hogue, one of our good farmers, handed in his renewal one day last week.

It is reported that Frosty Ellington has not forgotten how to make campaign addresses. He pulled off a good one at Tahoka, last Wednesday, according to reports.

Rev. Emmett Whitaker and Mrs. Whitaker, of Lamesa, were over during the week end on his duties as pastor of the Baptist church at Gomez.

A. L. Burnett went to Tahoka Sunday to lead the singing in the meeting there being conducted by Elder Glenn Wallace.

Elder Liff Sanders filled his appointment at Wellman Sunday afternoon.

Mr. and Mrs. Knox Doyle, of Dallas, were here this week visiting Mrs. Doyle's parents, Mr. and Mrs. B. W. Stinson. Miss Kathryn Stinson returned with them for a visit of two or three months.

Miss Sallie T. Stricklin spent the week end with her friend, Miss Carolyn Spencer, at Lubbock.

WATER WORK SYSTEM SOON WILL BE COMPLETED

One of the wells to be used for supplying Seagraves with water for the new water works system has been completed and tested and rapid progress is being made on the second well. While these wells are being drilled we also note that work is being pushed on the excavation work in order that concrete can be run for the foundation of the water tower. The ditcher to be used for opening ditches for the water lines has arrived and is being put in shape to begin work of laying the water lines over the town. We predict that water will be available for consumers by the middle of the summer and we believe there will be many to make use of this city water from the beginning. Fire equipment has been bought and will be ready for delivery by the time water is available which will give Seagraves a first class fire fighting equipment and no doubt will prevent a future fire loss as was experienced here in March, 1928. Step by step we progress and in a few years many optimists will not know the little town which has grown to be a big town.—Seagraves Signal.

A CASE FOR THE DEFENSE

The car was crowded and the conductor was irritable.

"Where's the fare for the boy?" he snapped, as Mr. Cohen handed him one fare.

"Ach, de boy is only three years old," said Cohen placidly.

"Three years," sneered the conductor.

"Three years! Why look at him. That kid's seven years old if he's a day."

Mr. Cohen leaned over and gazed earnestly at the boy's face. Then he turned to the conductor. "Well, can I help it if he worries?"

Mrs. L. Sharp left this week for Carlsbad, Texas, where she will enter the State Tubercular Sanatorium.

Earl Jones was a business visitor to Dallas last week in the interest of the Rialto Theatre.

Glen Akers and Earl Jones were Tahoka visitors Tuesday afternoon to play golf.

A milkman was arrested the other day in Detroit for not putting enough milk in the water before he sold it.

Mrs. Jack Stricklin was a visitor in Plainview the first part of the week.

We note that the roses are now protruding their fragrant blooms in the various yards along the streets here. The rose is not only one of the prettiest, but sweetest smelling of the flower specie.

We read of an international organization of wronged husbands. All husbands could qualify to hear them tell it.

FORD CAR GIVEN TEST IN ALPINE DRIVING

An official test of the Model A Ford motor in Switzerland, with the Alps as the proving ground, has demonstrated that the new Ford could be operated for a long, continuous period over abrupt, steep hills, without lifting the hood. Reports of the test have just been received by the Ford Motor Company.

The Ford motor was kept running for a period of six days and during virtually all of that time the car was enroute over the Alpine passes, a relief taking over the operation while the driver rested. Day and night the test continued. No attempt was made for distance or speed, the sole object being to determine the reliability and power of the automobile.

The fact that the trip was made when roads and climate conditions in the mountains were bad is cited as further evidence of the stability of the Ford car. A strictly standard Model A Ford with Tudor body was used. Zurich was the starting point. The hood of the car was sealed officially by a representative of the township. Two persons occupied the car, the driver and his relief.

MAJORITY OF TECH STUDENTS FROM SMALL TOWNS

Lubbock, Texas.—A recent analysis of the 2,088 students enrolled at Texas Technological College this term indicates that 46.3 percent are from town under 2,500 in population. Cities from 2,500 to 5,000 are given as the homes of only 8.2, while places with a population from 5,000 to 20,000 send 5.6 percent. The local enrollment from Lubbock is responsible for 37.9 percent coming from towns between 20,000 and 50,000, and only two percent are from towns of over 50,000.

The analysis further shows that the average size of the annual incoming class has been 884. The average number of years the individual student stays in college is shown as 1.92, or nearly two years each.

Mrs. Boone Hunter is visiting her parents at Paris, Texas.

CORRECTION: Levelland's latest scholastic census showed a tabulation of 837 school children between the ages of 7 and 18 years instead of 205 as given out previously. This is an increase of about thirty-three percent, and indicates that the county has a population of more than 12,600 at this time.

JUNCTION'S beautiful lawn this summer will be inspired partly by the contest being sponsored by the Parent - Teachers Association and other civic organizations. Kimble Court is one of the models, and the work there is attracting the attention of all interested in landscape work.

Angora goats are raised chiefly for their skins and hair.

REED SCORES DRY LAW AND THE MAKERS

KANSAS CITY, April 13. (AP)—The Jones law, the Volstead law, and nearly every recently-enacted federal statute again felt the lash of Former Senator James A. Reed's relentless fiery tongue today and tonight.

Speaking tonight before a thousand members of the Young Democrats' Jefferson club of Missouri, and earlier in the day before the Women's Jefferson Democratic club, Reed heaped invective on his former associates, their laws and their intellectual powers in commemorating the birthday anniversary of his party's father, Thomas Jefferson.

Before the women he declared he "had cross-examined Volstead and associated with Jones, and neither ever had a thought. If I had to live a life planned by Jones and Volstead," he declared, "I would commit suicide."

He drew applause from both gatherings by declaring that all the members of congress, whom he termed "jackasses," do not have "enough sense to raise one baby."

LOCAL MUSICIANS INVITED TO HEAR "THE MESSIAH"

"The Messiah" by Handel, will be given by singers of Lubbock, directed by Mrs. Carl Seoggin and accompanied by Mr. LeMaire's orchestra with Mrs. Neal at the piano, Sunday afternoon, May 5th, at the Tech Gymnasium at three o'clock. This is Lubbock's contribution to National Music Week and is sponsored by the Lubbock Music Club. Come and bring your friends. It is free to everyone. Do not fail to hear this masterpiece in sermon and song.

County Agent Roy Davis was in for a few minutes this week and informed us that he was a very busy man these days. He had a call to go to Meadow Tuesday afternoon, where a milk test was to be made of a registered Jersey cow.

W. H. Clonts, of Knox City, was up the past week on business and meeting old friends.

Miss Banks: "When I get to Heaven I am going to ask Shakespeare if he wrote all of his plays."

Kathleen: "What will you do if he doesn't happen to be in Heaven?"

Miss Banks: "Then I'll let you ask him."

L. E. (to well dressed young stranger): "I wouldn't drink out of that cup. That is Bessie's cup and she is very particular who drinks out of it."

Stranger: (as he drank the cup dry): "I feel honored to drink out of Bessie's cup. Bessie is your older sister, isn't she?"

L. E. "Not much! Bessie is my dog."

Mary Handley: "I didn't bring no excuse for being absent yesterday cause ma was too busy to write one."

Miss Dumas: "Then why didn't your father write one?"

Mary Handley: "Shoot he aint no

good at making excuses. Ma catches him every time and your smarter'n her."

Mrs. Holmes: "Now north is in front of you, East is on the right of you, and West is on the left of you. Now what is behind you?"

Kyle: "Now I told ma that you would all see that big patch on my pants."

Mr. Williams: "Mitchell, what are you doing?"

Mitchell: "Nothing."

Mr. Williams: "James, what are you doing?"

James Neal: "Helping Mitchell."

Mr. Williams' history class was studying about missionaries being called Friars. Mr. Williams' eyes fell on a boy who had not studied his lesson. Mr. Williams: "O. D. what is a Friar?"

O. D.: "A spring chicken."

Miss Dumas gave the boy a problem to solve. Tho' it was quite simple he could not solve it. She said: "Ray, you should be ashamed, at your age George Washington was a sur-

veyor?"
Ray: "Yes mam, and at your age he was president of the United States."

R. L.: "You ain't got no sense."
Mr. Williams: "Then what is my head for?"

R. L.: "Head? Man that ain't no head that's just a button on your shoulders to keep your back-bone from unraveling."

**AUTO MANUFACTURERS
RAILROADS BEST CUSTOMERS**

Striking evidence of the heavy demands made annually on the railroads by automobile manufacturers came to light yesterday with the announcement of C. R. Scharff, general traffic director of Chevrolet Motor Company, that the company's freight bill for 1928, representing inbound and outbound shipments for 16 domestic plants, totalled more than \$46,000,000. This was an increase of more than \$11,000,000 over the 1927 bill. In making the announcement, Mr. Scharff revealed that the 1928 bill covered the movement of 272,368 carloads of freight, totalling 7,968,047,324 pounds. Exclusive of this poundage Mr. Scharff declared there was an additional 221,403,427 pounds of less than carload freight, 4,767,783 pounds shipped by express and 331,940 driveaways.

These figures show the immense increase in the company's business. Last year the company manufactured the unprecedented volume of 1,200,000 automobiles. This year will see an output realized of 1,350,000. These figures indicate that the automobile manufacturers are among the railroads' best customers.

Of our total freight shipment for last year 111,087 car loads were inbound and 161,281 outbound. The outbound shipments included finished automobiles and 394,804,171 pounds of export traffic.

Mr. Scharff in conclusion complimented the railroads on their splendid cooperation and constantly increasing efficiency.

FRIENDS THAT COUNT

The friends that love us always,
In the good old times and bad;
The friends that love us always
Are the friends that keep us glad.
The friends that cling in tempest
As they do in calms, are those
That have made the paths of friendship
Seem the paths of song and rose.
The friends that love us always,
When we go their way or not,
Are the friends our hearts remember
When the others are forgot.
The friends that stick the closest
When the trouble grows the worst;
The friends that love us always
Just the way they did at first—
They are the crowning jewels
Of the coronets we weave
In the dreams of tender moments
When the troubles start to leave;
We revere their names forever
And we see their faces clear—
The friends that love us always,
Whether sun or shadow's near.

—Clipped.

FLAPJACK CHAMP

Chippewa Falls, Wis.—Ralph Steele, farm hand, ate 27 pancakes in a "flapjack" eating contest and was still hungry. His dessert consisted of nine sausages, a piece of cheese, a slice of pie and a cup of coffee. Steele won a sack of pancake flour for winning the contest, in which one hundred and fifty persons were entered.

NOTICE OF PROBATE OF WILL

The State of Texas,
To the Sheriff or any Constable of Terry County, Greeting:—
You are hereby commanded to cause to be published once a week, for thirty day, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said County, which has been continuously and regularly published in said County for a period of not less than one year, the following notice:—
The State of Texas,
County of Terry.

To all persons interested in the welfare of the Estate of M. V. Brownfield, deceased:

You are hereby notified that A. M. Brownfield filed in the County Court of Terry County, Texas, an application for letters of temporary administration upon the Estate of M. V. Brownfield, deceased, and on the 16th day of February, A. D. 1929, by order of the County Judge of said Terry County, the said A. M. Brownfield was appointed temporary administrator of the Estate of the said M. V. Brownfield, deceased, and at the next regular term of said court, commencing on the first Monday in May, A. D. 1929, the same being the 6th day of May, A. D. 1929, at the courthouse thereof, in Brownfield, Texas, at which time, all persons interested in the welfare of said Estate are hereby cited to appear and contest such appointment if they so desire, and if such appointment is not contested at the said term of said court, then the same shall become permanent.

Herein fail not, but have you then and there before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 1st day of April, A. D. 1929.
(Seal) Rex Headstream,
County Clerk, Terry County, Texas.
37c. J. M. Telford, Sheriff.

NOTICE OF ELECTION

The State of Texas
County of Terry.
City of Brownfield:

Whereas, the City Council of the City of Brownfield, Texas, deems it advisable to issue bonds of the said City for the purpose hereinafter mentioned:—

Therefore, Be it ordained by the Mayor and City Council of the City of Brownfield, Texas:—

That an election be held on the 20th day of May, A. D. 1929, at which election the following proposition shall be submitted:—

"Shall the City Council of the City of Brownfield, Texas, be authorized to issue bonds of the City of Brownfield, Texas, in the sum of Sixty Thousand (\$60,000.00) dollars, payable as follows:—

\$1,500.00 in each of the years 1930 to 1969, both inclusive, from the date thereof, bearing interest at the rate of five and one-half (5½) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the interest on said bonds, and to create

a sinking fund sufficient to redeem them at maturity, for the purpose of constructing street improvements in said city as authorized by the Constitution and General laws of the State of Texas with reference to cities and towns.

The said election shall be held in the Commissioners' Court room in the Courthouse in the City of Brownfield, Texas, and the following named persons are hereby appointed managers of said election:

J. D. Miller, Presiding officer,
J. E. Shelton and J. B. Knight, Judges
Jake Hall and Leo Holmes, Clerks.

The said election shall be held under the provisions of the Constitution and General Laws of the State of Texas, now in force with reference to such elections and bond issues, governing cities and towns, and only qualified voters who are property taxpayers of said City of Brownfield, Texas, shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall have written or printed on their ballots the words:—

"For the issuance of Street Improvement bonds and the Levy of the Tax Therefor."

And those opposed shall have written or printed on their ballots the words:—

"Against the issuance of Street Im-

provement Bonds and the Levy of the Tax Therefor."

The manner of holding said election shall be governed by the laws of the State of Texas governing general elections.

A copy of this order signed by the mayor of the City of Brownfield, Texas, attested by the City Secretary of said City of Brownfield, Texas, shall serve as proper notice of said election.

The mayor is authorized and directed to cause said notice of election to be posted at the courthouse door, and at one public place of each of the voting places in the City of Brownfield, Texas, for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation in said City, to-wit: The Terry County Herald, which notice shall be published once each week for four consecutive weeks to the date of said election, the date of the first publication being at least thirty full days before the date of the election.

Joe. J. McGowan, Mayor
Attest: City of Brownfield, Texas.
Roy M. Herod, City Secretary,
City of Brownfield, Texas. (Seal)
39c.

ALLEN STUDIO

The PRINTED Word
Carries Conviction
At a Moderate Cost

The force of printing lies in the appearance of a printed article—for by the appearance of a letterhead or booklet your prospective customer judges you and your business. It is therefore very important that your printing be of such a good quality as to make a favorable impression upon your customer—which ultimately brings business returns. For many years we have been printers for leading business establishments in this city. We can do effective printing for you at a most moderate cost.
