

The Terry County Herald

Printed in Terry County, on the South Plains; the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME 24

BROWNFIELD, TERRY COUNTY, TEXAS, JULY 5, 1929

NUMBER 46

There seems to be an idea in the minds of a number of the voters over the county, that the \$15,000 bond issue that is to be voted upon the 15th of this month, is for the purpose of constructing highways in some portion of the county. Nothing could be further from the facts as it is for the purpose of paving that portion of the public square that is situated next to the court house lawn and comprises about one-third of streets around the square.

The bonds are to be issued payable in ten years and will bear five per cent interest. The cost to the tax payer, which is borne by both town and county, is 45 cents on the \$1,000 valuation as made by the county. The average valuation of 160 acres of land is \$7.00 per acre or a total of \$1,120. If the bonds are voted it will increase the taxes just 51 cents. Not 51 cents on the \$100, but 51 cents on the entire quarter section and the total amount to be paid within the ten year period will amount to just \$5.10. City property is to be taxed just the same as farm land and if any person owns a piece of property either in Meadow or Brownfield, that has a county valuation of \$1,000, he will pay 45 cents annual increase or a total of \$4.50 over the ten years period.

Now can we afford, or will civic pride allow us, to let one third of the public square of Brownfield, remain in the mudhole class with the other two-thirds paved. No matter which side was taken by citizens in the recent city paving election, it would seem that all of us, both town and county, should vote as a unit upon the proposed issue as set by the commissioners. Can you vision our \$140,000 court house surrounded by a sand bed during a dry time or a lake of muddy water during the rainy season, without means of drainage?

As stated at previous times in this column, a chamber of commerce that is supported by public subscription does not as a rule sponsor bond issues, but the one on foot at this time is an exception.

Construction crews of the telephone company have commenced setting poles back on the highway between Brownfield and the Lynn county line in order that the full 80 foot right of way which was recently secured, may be used. As soon as they have completed their work, the highway department will commence to re-grade to the county line and the work will be equal if not superior to the west section as several thousand dollars has been set aside by the department for the especial purpose of placing the road in first class condition. Several machines will be in use and it is the desire of the district engineer and county foreman that the work be completed by the time that crops begin to mature. The county officials and chamber of commerce have been working on this proposition since last winter and application for extra funds was placed with the highway department, soon after right of way was secured.

Local Banks to Give Free Trips to A. & M.

The First National Bank and The Brownfield State Bank of Brownfield will give one railway ticket to A. & M. College to a club member of the Club having the largest percentage of its membership present at the club rally on Friday July 12th. Club members must register at the First Baptist church before 9:45 Friday morning. The percentage will be determined by dividing the total enrollment by the number registered. The price of the ticket will be given to the President of the winning club Friday afternoon. This is your chance to win a free trip for one of your club members.

By Their Curl—You Shall Know Them

Durwood and Tom Moorhead of the Meadow Club have two O. I. C. pigs that are litter mates and are so much alike that the only way they can be distinguished is that Durwood's curls its tail to the right and Tom's curls its tail to the left. If the curls ever change the pigs will be lost.

If I Had a Million

Town Now Full of Gas Piping Welders

The gas line from here to Tahoka is practically laid at this writing, so far as the ditching crew is concerned, but the welding crew is only about two thirds of the way over, but are making rapid progress, according to reports. A four inch line is being run from Tahoka, which will be put under several hundred pound pressure in order to see if it will stand the strain when the high pressure of gas is put in it. The gas mains over the principal part of the city will be of six and eight inch size in order to always have a good volume and reserve gas when everybody gets up cold mornings and turn on gas in all the stoves and ranges.

Another crew of welders came in and went to work welding the joints over the city for the mains in town, as we understand that another construction company has the contract for laying the mains in the city from the one laying the line over from Tahoka. The welders here had a good crowd of spectators around them the first day, but they did not seem to mind the observers, but kept at their knitting and said nothing, but they can put two joints of large pipe together much quicker than the uninitiated would believe possible, hop over to another joint and at work again. There were four in the crew welding the joints here, and they are said to draw from \$12 to \$16 a day. This is good pay, and on first thought we decided to make a welder, but after watching or trying to watch the process for awhile and found that we were almost stone blind for a moment, we decided to get back to the office and get out another paper, this week at least.

After the welding is completed, and the ditches are finished, we understand the pipes are rolled in and put under high pressure to inspect it for leaks before the piping is covered up. A crew of some sixty men are now located here on the job, some bringing their families, and as a consequence the town is full up, and every room in demand. Some of them have come from as far away as the oil fields of eastern Oklahoma to help give us gas this winter. A noticeable pickup is felt here in business circles, especially with the hotels and cafe men, and even our merchants are feeling the effect of the jingle of new dollars over their counters. These extra men will be here some sixty days at least, and it is estimated that in that time they will spend here in the neighborhood of \$10,000 for food, clothing and other necessities.

Get the gas habit. Let's all get ready to tie on and show these people that we appreciate their putting this ashless, sootless and kindlingless fuel in our back yards.

Cows With Milk Fever And Its Only Remedy

There have been several cows within the past few weeks that have had severe cases of milk fever and in most cases have been cured by pumping the udder full of air.

Heifers with first calf seldom if ever have the milk fever but most any cow is likely to have it within a day or two after freshening. A cow with the fever will usually lie down and keep her head around towards the flank with a bow-like appearance in the neck. It will not be long until she will be paralyzed in the hind parts and will not be able to rise.

The one and only remedy is to inflate the udder with air. This may be done by any one, and with most any pump. If you have a car pump which nozzle is cup-shaped you may simply place the nozzle over the hole in the teat and inflate each quarter without the use of a tube or quill of any kind. A quill or tube may be made by the use of the hollow end of a feather, care should be taken to see that it is clean before inserting in the teat.

Fill the udder (bag) tightly. If the teats leak the air you may tie a broad string around the end but do not leave the string on but a few minutes without loosening because if the blood is cut off too long the end of the teat will die and the cow will be ruined for milk cow. When using a car pump do not pump too fast, you may rupture a blood vessel within the udder.

The udder should be kept inflated until the cow is up and appears to be all right. This is a simple and sure treatment for milk fever and if you know or think your cow is affected with same why not waste unnecessary time, but pump her udder up. It will put a cow on her feet within a few hours no matter if she is almost dead.

There is less likelihood of a cow having milk fever if part of the milk is left at each milking. Most dairymen will not milk a cow perfectly clean for two or three days after calving.

Withholding all grain feed except bran for several days before and after calving will also tend to keep down milk fever and excessive swelling of the udder.

R. B. Davis, County Agent.

TOOK THE WORDS OUT OF HIS MOUTH.

"Did you tell her when you proposed that you were not worthy of her? That always makes a good impression."

"Well, I was going to, but she told me so first."—Denver Post.

Many people could say all they think without making much noise.

County Club Rally On Friday July 12th

On Friday, July 12th, every club boy and girl in Terry county will come together at Brownfield for the Annual Club Rally. This is one of the big days in the year, and should bring more than three hundred club boys and girls together with their parents.

Club members will meet at the Baptist church and register for the attendance prize from 9:00 until 10:00 in the morning. A parade will be formed there and march through the streets and end at the tabernacle. The main exercises of the day will be held at the tabernacle and will include singing, yelling, speaking, and other forms of entertainment and instruction. A good picture show will conclude the days program.

Lunch will be served at noon by the Brownfield C. of C. and the Terry County Farm Bureau. The club members will not be asked to bring any of the lunch but will be given a nice feed free by the two above organizations.

There will be a number of out-of-town visitors including J. D. Tinsley of Amarillo, Col. C. C. French of Fort Worth and several others.

This will be a day NO CLUB MEMBER CAN AFFORD TO MISS. Come and help your club win the attendance prize. You might be the one selected to go to the short course.

Club Boys of Ropes Buy Terry Club Pigs

William Porter, club boy of Meadow, reports the sale of three registered pigs to William and Robert Berry, Club boys of Ropes. This makes four adjoining counties that have Terry County Club pigs and we predict that they will all make a credit showing in their respective county fairs.

C. H. DOAK DRILLING FOR ARTESIAN WATER ON RANCH

Mr. and Mrs. C. H. Doak returned Tuesday from their ranch near Cedar Lake and report having contracted for the drilling of a test well for artesian water on his ranch there. The contract was for a four hundred foot test at which depth Mr. Doak believes artesian water can be found and gives his theories for such belief.

In case artesian water is available at this depth it will be very valuable asset to his ranch properties at Cedar Lake.—O'Donnell Index.

The quickest move ever recorded by a member of his profession was made by an Illinois plumber, blown out of a ditch by a gas explosion.

Judge Winston Makes Clear on Bond Issue

Some of the reasons why the Commissioners Court prefer to issue Bonds rather than warrants to pave around the Court House Square.

I have been asked the question several times why did the Commissioners decide to issue \$15,000.00 of bonds to pave the county's part around the Court House Square, provided the people voted favorable, and why did the Commissioners Court not go ahead issue warrants and not ask the people anything about it, and for the people's information I submit a few of the reasons as follows:

1. They wanted the people to speak.
2. The election does not cost much extra as we have to hold a special election to vote for and against two constitutional amendments.
3. The 5% bonds are worth just as much money as 6% warrants, and on \$15,000.00 scattered over 10 years the tax payers save \$150.00 per year or \$1500.00 in ten years.
4. The Court has the authority to invest Sinking Funds of School Districts in the bonds that are not drawing any interest, but could not invest the warrants in said funds.
5. If we or some future Court decide to pave with warrants we would have to do either one of two things which are as follows: Either re-finance the Road and Bridge Fund, and scatter the payments out, over a long time, say 20 or 30 years, or raise the present valuations. This Court does not care to do either for we are now paying off \$4500.00 principal and about \$3000.00 interest each year for Warrants due on Road Machinery; and the longest warrant off is 8 years, issued for the two Best tractors, except the warrants issued in 1919. We feel that it is best to have short time warrants, for the reason that road machinery wears out before we can possibly get the warrants paid, and if we scattered it out over 20 or 30 years and the valuations did not increase, the Commissioners Court about 6 or 8 years from now could not buy any more road machinery, or crippled so they could not work any roads to say the least. We do not want to raise the valuation 15% because we think they are high enough now. If this or some future Court should raise them 15% and the State rate was 70 cents per year on an average for 10 years, we would send the state \$5,250.00 more money each year, than we are now sending.

Some of the tax payers ask me how much is it going to cost us? The Court has decided to run the Bonds from 1 to 10 years if they are voted, bearing 5% interest, that will take \$1500.00 principal, and \$750.00 interest for the first year, and \$75.00 less for interest each year thereafter, up to 10 years when the bonds will be paid off. Based on a five million valuation it will take a 4 1/2 tax to produce the first \$2250.00 which means a 4 1/2 cent tax on everything that is valued for taxes in Terry county. Land tax would run about as follows: Land valued at \$6.00 per acre would be increased 43 cents per quarter or \$1.72 per section; Land valued at \$8.00 per acre would be increased 58 cents per quarter, or \$2.32 per section or \$1.16 per one half section; Land valued at \$10.00 per acre would 72 cents per quarter increase or \$2.88 per section.

Respectfully submitted,
H. R. Winston, County Judge.

FLOYDADA RECEIVES FIRST WHEAT LOAD

FLOYDADA, June 12.—Floydada received its first load of 1929 wheat today when I. D. Holligan sold a load to the Farmers Elevator and received seventy-seven cents per bushel with a premium of three cents per bushel. The field is cutting out twenty bushels per acre and the first load tested sixty-two and one-half pounds per bushel. Holligan is located on the W. N. Jones farm six miles southwest of Floydada. With the exception of last year when the first load was received on May 13, this is the earliest delivery of wheat on record in this county. Harvest will be in full blast in twenty days.

The modern girl does the things her grandmother was dying to do, but didn't dare.

Merchants Going Out After Additional Trade

The Herald does not go in deep for every advertising scheme put forward, especially if promoted by an outside man who gets some 75 percent of the money himself, and leaves the local merchant with the bag to hold, and making the advertising job cost them anywhere from 100 to 300 percent too much. Advertising is worth just so much and no more. If it costs too much, it is either a charity job to help some church or school, or a graft job to help some grafter who is too dinged lazy to do real work. But when an advertising scheme is put over by local merchants themselves, assisted by the local paper, they usually get 100 percent value for every dollar put into it, sometimes more. Of course there is always some work and extra time put in by some one, but this is always the case.

There is now under consideration, with a good chance of going over, an advertising plan to reach the people to our west and show them that it is to their advantage to come to Brownfield to do their trading. One of our local merchants is taking it upon himself to do most of the work in getting the circular, a big four page affair ready for the printer. He is not charging one cent for his time on this circular, and will see that his own firm pay their part on its cost when it is finished and ready for distribution. Some seventeen progressive firms of the city will be represented on this circular with their ads, telling what they carry in stock, and if need be a few samples of their prices on standard goods. There will be a nice editorial telling about the advantages of Brownfield as a trading center, a welcome to our city, and a word of appreciation for any trade accorded our merchants. This huge circular will be gotten up in neat style with every application of the printer's art, and some thousands of them will be distributed over the section that should be the trade territory of Brownfield, and also run in the Herald one issue. One will have to see the circular to fully appreciate it.

Now, just a word about why this circular was conceived in the minds of the merchants here. Some time back, a good lady whose annual expenditures run well up to \$1,000, was at the home of a friend over on the line of Texas and New Mexico, and in course of the conversation remarked that she was going to another city the next day to do some shopping. During her stay in this home, the lady got hold of a Herald that goes each week to the home of the host lady, and saw the ads in it and especially the bargains our grocery, hardware, dry goods and other merchants offer each week end. These caught her attention, and she finally remarked that she could get both groceries and dry goods cheaper in Brownfield than the other city, which happened to be about the same distance, if not further away. Instead of going to the city in question where she had been trading, she came to Brownfield that time, and told merchants where she made purchases why she came, and that she would be a regular customer of our merchants from this on.

The idea then presented itself to our merchants: "Why not go out after some more of this trade. Why not show the superiority of Brownfield as a trading point, and that they can come here and get the same class of goods at lower prices, and the distance no greater for them?" "And if so, why hire an expert to get this advertising to them, when we have the talent here at home, and when we can get it at actual cost?" It will take some little time to fully work up the scheme, but the Herald has an idea that the same amount of money it will take to handle the proposition has never been better spent in an advertising way. Help underwrite this advertising, and get in on the ground floor for its benefits.

Trying to Rain Again
—Favorable For More

Last week we told the readers about having a good shower here, and ended by saying that it looked favorable for more. Well, this was all we knew about West Texas weather after spending some 26 years in West Texas. But we are likely to say the same thing again this week before we finish this article, for we have been here so long now that it is no insult for us to be called a fool for predicting about West Texas weather. The favorable sign vanished in the thin atmosphere last week, and it may do so again this week. Then, on the other hand, about the time one thinks the whole thing has blown over and gone for good this time, it is likely as not to make ready with a few streaks of lightning and roars of crashing thunder and almost drown one before he reaches cover. The weather here is funny that way.

There was a nice shower here beginning about six Saturday afternoon, and lasting till midnight. Another light shower fell during church time Sunday night, and Monday night greeted us with a real fast wind, but a good rain seemed to go to the east and south of us. We hope they had no hail.

There was a light mist falling here this Tuesday morning, that let up about nine o'clock, but conditions seem ideal for more rain as this is being written just before noon the same day. We told you we'd likely say it. Now laugh dingbust you.

E. E. Sims and son, Arthur and wife returned this week from California where they have been for the past several years, and are visiting their son and brother, Raymond of this city. They have not yet decided whether they will locate here or in Oklahoma.

Mr. and Mrs. Sanford Lackey and children of Hitchita, Okla. are visiting Dr. Graves and family.

Mr. and Mrs. B. L. Thompson returned Sunday night from Fort Worth where they had carried her parents, Mr. and Mrs. B. A. Ridgway home.

CITATION BY PUBLICATION

In the District Court, Terry County, Texas.
M. N. Thomas

J. S. Fisher and unknown heirs of J. S. Fisher.

The State of Texas to the Sheriff or any Constable of Terry County—Greeting.

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon J. S. Fisher and the unknown heirs of J. S. Fisher, whose residence is unknown, who is alleged to be non-resident of the State of Texas, to be and appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in the City of Brownfield, on the fourth Monday in August A. D. 1929, the same being the 18th day of August A. D. 1929, then and there to answer a petition filed in said Court on the 13th day of June A. D. 1929, in a suit, numbered on the Docket of said Court, No. 1154 wherein M. N. Thomas is plaintiff, and J. S. Fisher and the unknown heirs of J. S. Fisher, defendants; the nature of plaintiffs demand being substantially, as follows, to-wit:

That on or about the 12th day of January A. D. 1928 he was lawfully seized and possessed of the following described land and premises situated in Terry County, Texas being the southwest one fourth of Survey Number Eleven (11) in Block C-37 land containing 160 acres. That on the day and year last aforesaid defendant unlawfully entered upon said land and premises and ejected Plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of five hundred (\$500.00). That the reasonable annual rental value of said land and premises is \$500.00.

Herein Fail Not, but have you before said Court on the said first day of next term thereof this writ with

SANITARY DAIRY

The 4-H Club Work Progressing Nicely

There has not been a great deal said about club work recently but it has been because everyone has been busy through the month of June. July, according to Roy Davis, will be a very active month with the eighteen clubs in Terry County.

Mr. Davis is holding night meetings among the various clubs and is visiting as many of the club members as possible during the first half of the month.

On July 12th, the Annual County Club Rally will be held in Brownfield at the tabernacle. This is a big day for the Terry County bunch and they are going to paint the town red.

As was said in the beginning there has not been much said about club work but there has been a great deal done. Forty boys and girls have started pigs on feed in the fat pig class and are in the race for the Bell-Endersen Hardware money. Fifty-five boys and girls have planted pure seed furnished them by the Brownfield Rotary Club and all report excellent stands. They are the boys and girls with their pigs of last year which have produced them a nice litter that they have sold for \$10.00 to \$15.00 realizing from forty to eighty dollars from the litter and many of them have one or more left. There is every evidence that the Fair this year will contain a much larger club pig than last and there was probably no show in Texas last year where sixty-five club pigs were on exhibit.

Not only will the pig and crop divisions be filled this year but the outlook for poultry and Jersey calves is much better than last year. There are any number of girls this year who are going to have some young stock that will make some of the older poultry breeders pick out their best to beat them in the open classes.

Another thing that you would notice this year is the quality of the several registered Jersey heifers that these club boys are grooming for the County Fair. These boys and girls are not saying much now but you have only to visit a few of them to see that they are not asleep and that things are progressing nicely.

Community correspondents wanted.

POEM OF NATURE AND COUNTRY LIFE: "DOWN ON THE FARM"

Maybe this isn't a real poem, but our folks will probably enjoy it as much as if it were. We printed it in the Progressive Farmer several years ago, we believe, but Congressman Louis Ludlow put it in the Congressional Record the other day, and it seems worth passing on again:

Down on the farm, about half-past four,
I slip on my pants and sneak out of the door;
Out of the yard I run like the dickens,
To milk ten cows and feed the chickens,
Clean out the barn, curry Nancy and Jiggs,
Separate the cream and slop the pigs,
Work two hours, then eat like a Turk,
And, by heck, I'm ready for a full day's work!

Then I grease the wagon and put on the rack,
Throw a jug of water in an old grain sack,
Hitch up the horses, hustle down the lane,
Must get the hay, for it looks like rain.
Look over yonder! Sure as I'm born,
Cattle on the rampage and cows in corn!
Start across the medder, run a mile or two,
Heaving like 'm mind-broke, get wet clear through.
Get back to the horses, then for recompense,
Nancy gets a-straddle of the barbed-wire fence.
Joints all a-aching and muscles a-jerk,
I'm fit as a fiddle for a full day's work!

Work all summer till winter is nigh,
Then figure up the books and heave a big sigh.
Worked all year, didn't make a thing:
Got less cash now than I had last spring.
Now some people tell us that there ain't no hell,
But they never farmed, so how can they tell?
When spring rolls 'round I take another chance,
While the fringe grows longer on my old gray pants.
Give my s'penders a hitch, my belt another jerk,
And, by heck, I'm ready for a full

year's work!—Author Unknown.
—Progressive Farmer.

TRAGIC! TRAGIC!

With an overload in the Berachah Home, due to shortage of funds, they still receive pitiful appeals to admit girls.

There are twelve applicants pleading for admission and they are short \$1,500.00 on expenses on the load they are carrying at present.

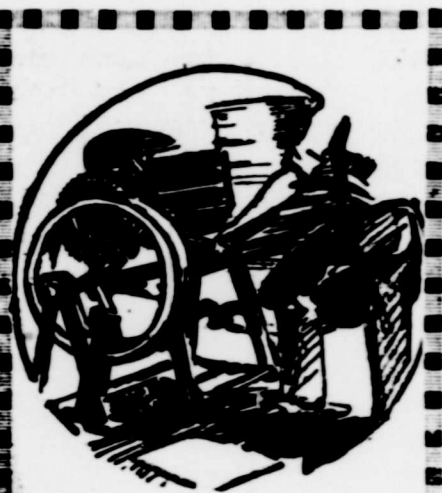

It is foolhardy to admit others unless they can care for those already in the Home, which they are endeavoring to do at a tremendous disadvantage.

After visiting the Berachah Home at Arlington, Texas, some weeks ago and learning of the pitiful appeals begging for girls to be taken into the Home, who could not be received because the Home was already carrying a larger load than its finances provided for, the thing got on my heart one night, and I was awakened from a sound slumber and a plan was given me by which I believe the Home can be wonderfully assisted.

As I lay there meditating, I said to myself: "Anybody can give a dollar to that Home. Even a tramp could get a dollar and a half for a day's work, give the dollar to the Home and have half a dollar left." If we can get fifty thousand people to give one dollar each, it will help wonderfully. If you will give your dollar and get some of your friends to do likewise, it can be put over easily and not hurt anybody, but be a blessing to everybody. One or more dollars sent to Miss Hattye V. Saylor, Secretary of the Home, Box 38, Arlington, Texas, will be applied on opening up the Home to other girls than are now being cared for. Let us all join hands and give this worthy Home a lift.

A. P. HUNT,
Cooledge, Texas.

E. H. WHITEHEAD, Publicity Manager of the West Texas Chamber of Commerce for the last four years resigned to become assistant manager of the South Texas Chamber of Commerce, at Corpus Christi, effective July 10. One of his accomplishments was making West Texas Today, official publication, a magazine instead of a newspaper.

Your Invoices

A properly printed invoice is a great aid to business routine. We assist our customers in planning their printing so that greater efficiency in office duties may prevail. Let us help you with your next printing job. You will find our service valuable.

An Interesting Letter From Nubbin Ridge

Brownfield, Texas
June 30, 1928

Dear Editor Jack and Fellow Farmers of Terry County:

I will drop in a few lines from old "Nubbin Ridge."

Everybody is in a good humor and everything is moving in high. We are some what late but got good stands on what we planted. Had a nice rain yesterday and last night. We ought to be thankful for our promises for in lots of places in Texas they don't have anything.

I haven't seen my friend Arthur Sawyer in about two weeks. I suppose he is busy.

We milk 8 cows and the cows and our chickens pay our way as we go. I am proud of the Jersey cows in this county that help to feed and clothe us. We farmers need to build more sheds for our cows.

I am proud of our little city and for the improvements it has made since I have been here. I am proud of our business men. I believe we have the best there is. And also of our Irish Editor. Long years ago when he made love to his good wife, the first question she ask him was he a socialist or democrat. "Be God my good lady I'm a democrat full feathered and crow every morning before the morning star rises. She asked him what his occupation would be. He told her a newspaperman. She called the preacher and joined hands with him for life. They started the Herald with one sheet. So you see how she has helped him. Anyhow he is a good Irishman and we like to read his paper. Wish more of the people would write to the paper.

I haven't seen our friend J. O. Wheatley in some time. I think his wife is sending him to school. She says he will finish in 7 years. She is undecided whether to make a doctor or a preacher out of him. I know he will be a doctor for he has got to much rabbit hair on his throat to preach.

I had the pleasure to attend the Lea County Singing Convention in New Mexico. The first time I was ever out of the state since I was a

boy. Heard some good singing. At 1:30 the ladies spread a good dinner. Mr. Ragsdell got to much chicken and dumplings. His wife got uneasy and called a doctor. They both examined him and prescribed. One told her to stand him in the tank 13 hours; the other said give him 1/2 teacup of soda every 7 hours. She asked about his fever and he said it was 117 and still rising and if it went any higher no need to send for me for I have done all I can do.

Our friend Andy Green has took the stove pipes from off his legs as he is through planting and snake time is over but sent them over to Gomez. Walter Hogue put four joints on his left leg. He said the snakes wouldn't bite his right leg because his wife carried a snake policy on that leg.

The dry goods firm of Head-Hargrave give a pair of pants to the ugliest man in the county and Will Black got seven pair in succession. But Bill Smith, Enoch Hunter and myself weren't there.

We met at Gomez for a singing last Sunday. Had a good crowd. An 18 day school will begin the 1st of August and one at Forrester the last by J. E. Rudd. Friend Baker and Wilson were there from town. We had some good singing.

I see our good friend J. E. Michie hustling behind the counter selling drinks and pills. A few years ago he came up to me in a Santa Fe depot with tears in his eyes, a stranger to me and said, "Can you tell me how to get saved?" I said "Yes, sir. Have you a family?" "Yes, I have a wife and 5 children." I said "Give your heart to God go get your family and move to old Terry." Later I heard the Santa Fe give a lonely whistle and I thought some of the officials were dead. I went to town and they had shipped him in on a hand car and his family on the train. Anyhow we all like him and think he is a good business man.

Wonder what has become of our Meadow writer. I guess the owls got him.

If this is printed I will write again.

—C. SEARS.

What a politician hears "with his ear to the ground" he broadcasts with a loud speaker.

HIGH SOCIETY

Mrs. Herbert Hoover, wife of the President of the United States, recently threw a feed at the White House for a select few, among whom was the wife of Oscar DePriest, negro congressman from the gas house district of Chicago. We had long thought it would be a great pleasure to eat with the White House white folks but since the above incident we have kinder lost our taste for it.

We can imagine a conversation between Mrs. Hoover and Mrs. DePriest about like this:

"Mawnin', Miz Herb. How's you-all?"

"How do you do, Mrs. DePriest?" "Sho is hot, ain't it? Mind of I pull my shoes off? Dese dog o'mine 'holy do howl 'bout bein' drug over hot pavement dese days."

"Have a chair, Mrs. DePriest, and make your self comfortable while I order refreshments."

"Now, Miz Herb, you jist let me help fix up them vittels. Ise a lady that's as much at home in th' kitchen as in th' parlor. 'Sides eatin', cookin' is th' fondest thing I is of. Since I been in Washin'ton I jist been doin' nothin' and doin' it constant. Wy, 'fore I wuz in yo' kitchen three minutes I could have that cook stove foler in me 'round all over th' place."

"Will you have tea Mrs. DePriest?"

"Sholy will, honey. I drinks what th' others drinks. I allus says when yo' is in Washin'ton do as the Wash women do. It's all the same to me—tea, coffee, home brew or straight bond like us Chicago folks gits from Can'da."

"Try this cake, Mrs. DePriest."

"Yum, yum! White chile, yo' sho do sling a wild cake pan. That cake jist melted in my mouf. Yessum, thankee, don't mind of I do. I'll jist take two pieces this time."

"Beg pardon, Mrs. DePriest, your napkin is on your left."

"I sees it, Miz Herb, but 'tain't no use getting these nice cloths dirty. This skirt's all right to wipe my mouf on—it's dirty anyway."

"You seem very warm, Mrs. DePriest. Shall I open the window?"

"Nebber min' me, Miz Herb. A little moisture don't hurt my pulchri-nude none. When I eats I wuks at it. I sometimes gits so hot eatin' that perspiration rolls down my face

More per Gallon but LESS per Trip
That's the economy of CONOCO-ETHYL GASOLINE

DURING the summer, when long motor trips are in order, a most important cost factor is wear and tear.

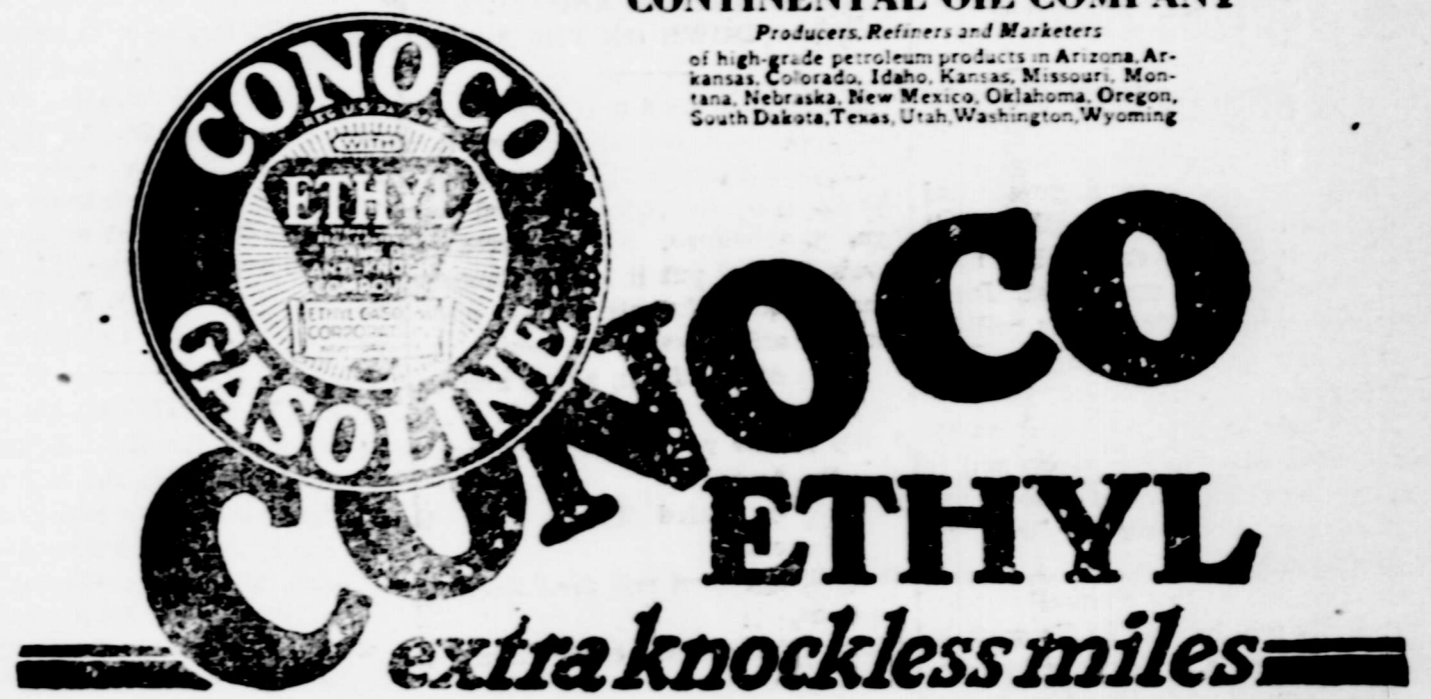

Every time the motor knocks, it is undergoing unnecessary strain. Its life is being shortened—its resale value reduced.

That's why we say, that in the long run, Conoco Ethyl Gasoline will cost you less per trip. Conoco Ethyl absolutely eliminates knocks. It delivers full power with every stroke of the piston. It gives lightning pick-up in traffic driving. In short, it provides a surge of power—up the hills or on the level—which keeps your motor gliding along with practically no effort. That's economy! Give Conoco Ethyl a trial. See how cool it keeps your engine, and experience the real satisfaction of having your car run as the manufacturer intended it should. You'll find a convenient Conoco Ethyl pump ready to supply you.

Conoco Ethyl is a proper admixture of Conoco, the extra-miles motor fuel, and Ethyl Fluid, developed by General Motors. All Ethyl Gasoline is not Conoco Ethyl. To be sure you are getting Conoco Ethyl, fill only at those pumps which display the Conoco Ethyl sign.

CONTINENTAL OIL COMPANY

in big drops of sweat."

Try this caviar, Mrs. DePriest."

No, thankee, honey. Ise so full now Ise about to pop. That sho was some swell feed, Miz Herb.

Lawdy Massey, is it five o'clock a-ready? How time do fly when us ladies git together. I sho has got to get goin' cause I left Oscar's other shirt out on the line an' some no 'count nigger is liable to 'ppropriate it, an' Oscar 'minds me o' Jack Dempsey when he gets riled, that right o' his sho do jar my equalabrum."

"Call again, Mrs. DePriest."

"Yassum, I sho will. I'll be back as soon as I returns. Well, so long, Miz Herb. Drap in to see me."

"I shall be glad to call at the first opportunity, Mrs. DePriest."

"Lawsey, enlie, don't wait for no oppertunity, jist drap in any time. Well I'll be seein' yo' frequent or even oftener."—Rotan Advance.

CAN YOU TRUST MEN?

You don't know whom you can trust these day, do you? Every fellow out for himself, willing to cut under you for his own personal gain.

Well, let's get out of here. Go somewhere where you can trust your fellow man. But it's a bad night to go out. Dark, stormy and windy.

What's the high line overhead? Oh, merely a high tension wire with enough electricity to kill hundreds of persons. But you didn't think anything of walking under it. You knew the lineman had made it safe.

Now, we'll get into the taxi and ride to the station. Got to hurry, if we're to catch the train. This fellow certainly knows how to drive. Takes a steady hand to keep out of a crash, but we'll not worry about that.

Bump! Big hole in the street. Terrific strain on the springs and the car. But nothing breaks. Sweating men at forge and lathe had done their work well. The others who fastened the nuts and bolts when the car was assembled did their work.

Well, here we are at the station. We crawl into our berths and go peacefully to sleep. The train plows on through the dark storm. One man at the throttle holds the lives of hundreds in his hand. Water streams against the glass through which he peers out at the right of way. One signal missed and destruction awaits. Yet some other man, a nonentity in the cosmic scheme, has seen to it all signal lights are burning.

And so it goes. Every day we trust our lives to our fellow man, men in far-off places, men whom we never see, men who in the routine of their bread winning are their broth-

Furniture and Undertaking

Farmers Short Course July 29 to August 2

The Annual Farmers Short Course will be held at A. & M. College from July 29 to August 2nd.

This annual gathering of men, women, boys and girls from all Texas is the largest group that assembles in the South for a week of instruction, there being around five-thousand last year.

This is the time when every phase of farm life is taken up by capable and experienced men and women and discussed so as to be helpful to those attending.

There are various sections covering everything pertaining to livestock raising, farming and farm home work. You can hear and gather the latest information concerning any part of farm life.

Besides the opportunity of gaining information from instructors there is the chance of meeting and discussing of like problems with men and women from all over Texas.

This meeting would remind you of the reunion of a very big family. Acquaintances and friendships are formed during this week that are very valuable and pleasant.

It can be taken as a vacation as well as profit gaining trip for it is indeed a vacation to a person to go down into East Texas and to mingle with the good people who will be there.

This year, as last, the Santa Fe Railway will run a special train for the accommodation of the Panhandle-Plains region. This train will leave this territory on the night of July 27th. The Terry county delegation will board the special either at Lubbock or Post and will leave Brownfield in the late afternoon of July 27th. The train schedule will determine whether we will leave here by train or go to Post by truck.

The round trip fare in either case will be about \$12.00. This is less than three-fourths of a single fare or regular rates. The room and board while at College will amount to \$6.50 (unless the rate is changed this year). This will make it necessary to have from \$20.00 to \$25.00 for the entire trip, including transportation. This is perhaps the cheapest trip that can be taken when you consider that you will travel more than 1000 miles and spend seven days away from home. You can determine whether it is worth the money by asking one of the forty who went from this county last year.

The Santa Fe will run either a

special train or special cars from College to Galveston on Friday night, August 2nd. Saturday will be spent on the beach and return Saturday night and Sunday. This is a side trip that can be taken by the people of this country at a small additional transportation cost of \$3.34. The Santa Fe has all the equipment on these special cars and trains that make traveling comfortable and you can hardly take a vacation this summer that would be more pleasant or profitable to you than to go with the large delegation that will go from this territory.

Pullmans can be had from here to College for about \$3.00 and from Galveston back for about \$3.75.

Further information will be published in The Herald or you may call at my office and at the agents office at depot for additional information.

R. B. Davis, County Agent.

cattle brought \$1,600. There were one hundred sixty two head of hogs. R. L. Poe remained in Fort Worth to observe the results of a new tanning machine used on the hogs.

HEREFORD's new creamery will be installed soon as two car loads of machinery have been received. One car contained vats and churns and the other the refrigerating plant to be used for keeping the cream at the proper temperature to make butter.

WINTERS is making progress in cream shipments. Two years ago, about 100 cans of cream per month were shipped out. This year the shipments are averaging 285 per month. Cream brought about \$15,000 into Winters in five months.

SNYDER will entertain 150 4-H boys at a two-day picnic on July 19 and 20 through the courtesy of W. O. Logan, county agent. Prizes will be offered by merchants and camp will be made at Wolf Park with swimming privileges given by Snyder Gold Club. Two plane rides with "Slim" Lowry, new government licensed pilot in charge.

WHEELER is building a new sanitarium. The building will be frame with stucco finish on the outside and sheetrock on the inside and when completed will be 72 by 72 feet with 22 rooms, hallways running both ways through the entire building. A large basement will be part of this fine acquisition.

The CISCO co-operative Livestock Marketing association shipped two cars of hogs and one of cattle to the Fort Worth market recently. The

DAWES AT LAST EXPLAINS "HELL AND MARIE" SPEECH

New York.—Gen. Charles G. Dawes, lawyer, banker, soldier, former vice-president, and now Ambassador to Great Britain, has finally explained two of those graphic utterances which have focused public attention on his vivid career. The first is the long famous "Hell and Marie" expletive which he exploded in the midst of the ponderous and dignified congressional investigation of the army's war expenditures. The second is his scathing speech ridiculing the red tape of Senate rules when he first addressed that body as its chief officer.

Dawes' explanations appear in an interview with Charles Francis Coe, the writer, in the current issue of The North American Review. Of the "Hell and Marie" speech, he says: "It is the one way to show up the assninity of such fool proceedings. Trying to investigate in times of peace the things a man did under the stress of war emergency is the height of idiocy. There is no standard of comparison by which to judge. With men in the trenches and the fate of the nation in the balance, does one think of anything but the necessary and immediate results?"

The commerce department of Marquette University of Milwaukee interviewed 300 men and women in the United States and Canada as to the influences which helped them to make up their minds what they want to buy and where they want to buy it. Of these, 144 said that newspaper advertising determined their course almost entirely. A few admitted that bill boards and magazine advertising helped them, but 95% of the 300 said that newspaper advertising was their greatest help in shopping. Advertised goods are better in quality than unadvertised goods; they have to be because the best class of people read advertising. Advertising is an incentive to human endeavor by causing people to work harder to obtain articles which raise their standards of living. Only those dealers who appeal to the illiterate and non-reading class think they can afford to omit newspaper advertising and the trade which they think they can get without advertising will be lost to them as the people become more intelligent.—Stanley (Wis.) Republican.

Hunter Notes

Boy Howdy, we got a good rain. I couldn't have gone on and not rained here at all. These Hunter people naturally deserved rain anyhow, and instead of everyone going on and wearing a frown from ear to ear, it's a smile.

M. and Mrs. M. S. Williams from Tahoka, visited their son and family Mr. and Mrs. J. B. Williams, Tuesday and Wednesday.

There was a social given at Mr. Lee Lyons Tuesday night and one at the school house Thursday night. They were given to entertain the 3. Y. P. U. and Sunday School members. Cake, ice cream and punch were served as refreshments. Now if any of you folks want to get in on these things, you'll have to come and help us out in this work.

Mrs. Montgomery and daughter, Vernal spent Wednesday afternoon with Mrs. Offill and daughters.

Messrs. William (Black) Goza and R. L. Jenkins spent Sunday afternoon riding around with two girls. Their names were not learned.

Mr. and Mrs. Jim Bryant spent Saturday night and Sunday with Mrs. Bryant's mother, Mrs. Offill.

Patronize The Herald Advertisers.

SWEETWATER building permits for 1929 neared the half-million mark recently with the May permits standing at \$123,095. May building permits were more than one-third the total for the entire other four months of 1929, and strengthened indications that this would be a banner year for Sweetwater building.

FLOYDADA's recent building permits have been \$10,000 with the announcement of a lease of a building to J. C. Penney on which will be spent \$2000.00. H. P. Watson Variety Company will occupy a building on which will be spent \$2,500 remodeling. The Olympic theatre will move to its new \$40,000 home this month.

PADUCAH has broken ground for a new hotel. Charles Pruden of Bowie will build a three story fire-proof hotel on some lots on the northeast corner of the public square. The hotel is expected to be ready for occupancy early in the fall.

HASKELL is planning a big July 14th celebration, and is expecting the largest crowd ever to assemble in the town. A variety of entertainments have been planned including a barbecue and a series of motor cycle races.

"THE PLACE TO TRADE"

NORFLEET STORY MAY BE FILMED

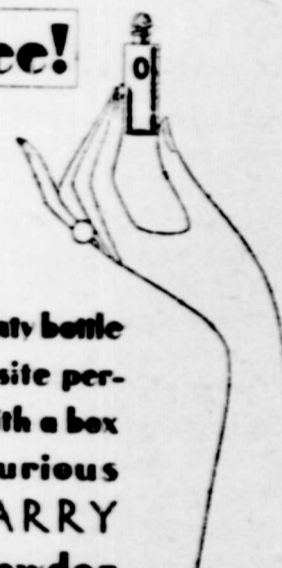

J. Frank Norfleet, of Hale Center, celebrated detective who retrieved a gang of "confidence men" several years ago, after he had been influenced out of a small fortune, visited briefly in Lubbock today, enroute to Dallas.

While here Mr. Norfleet was in conference with Sheriff Wade Hardy. The former ranchman and farmer, who is now devoting most of his time in detective work, will likely portray his experiences in trailing the "confidence men" through various cities and out-of-way corners of the globe on the screen, in response to negotiations from a moving picture company, he indicated this morning.—Lubbock Avalanche.

LITTLEFIELD BOND ELECTION PASSES

LITTLEFIELD, June 26—(Special)—An election was held at the city hall on Tuesday, the 25th voting on the issuance of \$50,000 in bonds for the erection of a city hall and for the further street improvements in the city of Littlefield. The issue carried by a very large majority, and details for the sale of the bonds are now being worked out by the city commissioners.

Advertising Rates on Application
Official paper of Terry County.

The old cream checks are still coming, in more and more each month and each year, and they are the means of keeping the farmers, or many of them in this section out of debt. Then there are the chickens, an ever present help in the time of need.

Many fruit jars are going out in the country at the present time, and they are not to be filled with corn licker either. They are being bought by thrifty farmers and their wives in which to put up peaches, plums, and apricots, and later to hold apples, grapes, corn, beans, peas, and tomatoes. Many of them are buying the steam pressure cooker and the sealers, and using standard tin cans which can now be purchased at any grocery or hardware store. Can all you can.

With more and more business houses going in here, it is to the interest of the merchants of this city to be constantly on the lookout for new territory to encompass in which to do business, and there is no cheaper way than to advertise for this additional trade themselves—not depend on others to do it for them. And a cooperative campaign as that now under way is the best and cheapest way for all concerned, it appears to us. We don't want any new worlds to conquer, but we do want more territory for commercial expansion, and worlds it lays to our west. Let's cooperate and get it?

Will the boy that takes Thomas A. Edison's place put in the hours he did in the workshop and the laboratory? Will he work 18 long hours and sleep six? Will he carefully measure and test the small amount of food he eats? Most of the young bloods of this day are always talking shorter hours for work, more food and more play, and seemed to be succeeding in getting what they want. But it is the opinion of the Herald that perhaps the world would still be waiting for many of the conveniences they now enjoy if the inventive geniuses of the past had studied more about the time clock and less about their work.

The longer the world stands, it seems, the more we find murderers claiming insanity—after the deed has been committed. If one were to suggest that they were insane before they murder some one else, they would probably be killed for making the suggestion. The Herald has little or no patience with such pleas, for to our notion most murders are committed by people as mean as hell will let them be before hand. We also believe that one can purposely practice insanity until they are either really insane, or can fool experts at least. This very plea may help in inciting mob violence sometimes, because people do not want to see a

cold blooded murder go free on such a plea.

And now comes some great information in clipping form from some one who seems to draw the salary of a city bank president, and tells us of a great little dinner for six at a cost of ONLY \$2.00, and he or she perhaps thinks they are putting over a great piece of economy. Figure as you will, if this is the average dinner for six, that will amount to some \$60 in the course of a month, and it makes one wonder what the six will do for something to eat the other two meals, unless a lot of this was left over. If some smart guy will figure out how to feed a family of four with three meals per diem on say round 50c, this editor is willing to listen, and even print the receipt in these columns. Otherwise we're not interested.

There was a solicitor in the Herald office last week wanting some advertising done in which the merchant, perhaps local ones were expected to stand the gaff, and the advertising, when completed would not have been worth two cents to them. The Herald intimated to the solicitor that they were too busy with press work to do any serious figuring right then, and he solicitor left in a big huff. That was the quickest way out of it. The Herald would have been expected to figure the job at cost as it was for the churches, perhaps, the merchant would be expected to put up the money, and the solicitor get all the dough. If the business men of Brownfield want to give to such things, let them be their own judges and pay the cash. The Herald will not assist in robbing them.

The program committee at Sweetwater, who are responsible for the getup of the program, as well as the entertainment of the West Texas Press Association at Sweetwater next week, are sponsoring a ride in a monoplane free for the editors, and are putting this out in the form of bait to get the editors to attend. As far as we are concerned they will have to have a happier thought than this to get us within 200 miles of that place on that date. But if they have a nice, deep, dark mine shaft, perhaps that might be some incentive to us to attend the functions of the press meet. We are just about as high as we want to be until we take the pinions of the dove and his away to old St. Peter's gate. But we're not ready yet to depend on any airplane to carry us to that port—not by a jug full.

We have never been so strong supporter of the theory to kill off the rooster. To a certain degree we have been converted to the theory purely from the standpoint that the successful poultry raiser had found it to be the best interests of his business to ostracize the male from the society of the females. We have always felt to discard the rooster would be to destroy several thousand alarm clocks and we have about come to the conclusion that the alarm clock manufacturers are behind the move to entirely annihilate the rooster. The other day a rooster saved a family of his and saved his master several dollars that would have resulted from their loss. A Dallas policeman became suspicious of an old Ford car on one of the streets, and he halted the driver. Soon he heard a rooster crow under the back seat. The officer found a whole bunch of hens and the rooster. The hens were asleep. Close by was an open bottle of chloroform—the hens had succumbed to the "sleeping medicine," but the rooster had escaped and when the opportunity presented for escape from the clutches of the thieves, he crow-

DECLARATION OF INDEPENDENCE

One hundred and fifty three years ago, the Colonies, acting in co-operation, declared themselves free and independent of foreign control and oppression and drew up the great document of our Declaration of Independence, it was the birth place of our great nation of today, but the objective has not been accomplished without struggles and efforts.

Why not make a likewise declaration for your financial independence and comfort in later years and work in co-operation with this bank, an institution of friendship, that appreciates your account and maintains a considerate interest in your welfare.

ed so he and the whole family were saved. So we should deliberate slowly and coolly before we wring the rooster's neck.—Graham Leader.

COWS SUPPLY IDEA FOR COTTON PICKER

ST. LOUIS, June 28. (AP)—Several years ago two Alabama cotton planters got an idea from watching cows lick cotton from the bolls. They concluded a machine to duplicate mechanically the tongue action of the cows would facilitate cotton picking, and now a \$5,000,000 corporation has been formed in St. Louis to manufacture and market such an implement.

The machine is about the size of a motorcycle and is run by a one-cylinder gasoline engine. The inventors were Lucien and E. W. Stukenberg of Gadsden, Ala. The machine as developed by Philip S. Cole, who says it should cut in half the cost of harvesting cotton.

NOTICE OF ROAD BOND ELECTION

The State of Texas, County of Terry: To the resident property tax-paying voters of Terry County, Texas: Take notice that an election will be held on the 16th day of July A. D. 1929 within Terry County, Texas, to determine if said County shall issue bonds, and if a tax shall be levied in payment thereof, in obedience to the election order entered by the commissioners court on the 10th day of June 1929, which is as follows: On this the 10th day of June 1929, the Commissioners Court of Terry County, Texas, convened in regular session, at the regular meeting thereof, in the Courthouse at Brownfield, Texas, all members of the Court to-wit:

H. R. Winston, County Judge; L. Brock, Commissioner of Precinct No. 1; Mrs. Tennie Stewart, Commissioner of Precinct No. 2; J. W. Lassinger, Commissioner of Precinct No. 3; G. M. Thomason, Commissioner of Precinct No. 4, being present, came on to be considered the petition of G. M. Green and 62 other persons, praying that bonds be issued by said County in the sum of \$15,000.00 bearing 5% percent rate of interest, maturing at such time as may be fixed by the Commissioners Court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating, and providing a sinking fund for the redemption thereof at maturity; and it appearing to the Court that said petition is signed by more than fifty of the resident property tax-paying voters of said Terry County; and

It is therefore considered and ordered by the Court that an election be held in said County, on the 16th day of July 1929, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said County, shall be issued in the amount of \$15,000.00 bearing 5 per cent rate of interest and maturing at such times as may be fixed by the Commissioners Court serially or otherwise, not to exceed thirty years from date thereof; and whether or not a tax shall be levied upon the property of said County, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the

PIPE FOR GAS

See me for putting in zone gas fixtures. Be ready when gas reaches Brownfield to do your cooking or heating bath water with gas.

Frank Ballard

Plumbing Gas Fitting Electrical

A Meter Purchase Assures Gas Service

Mr. R. F. Hinchey, Vice-President of the West Texas Gas Co., was a visitor in Brownfield, from Amarillo the past week, and while here called on the Herald for a few minutes conversation and explanation of conditions of getting the benefit of gas in the outlying districts of the city. The Herald wants to make it plain that now is the time to make preparations of getting gas if you want it while the machinery for ditching is on the ground.

According to Mr. Hinchey, and by reference to the maps of the streets to be reached at the present time, there is quite a section of the extreme eastern part of the city, a portion of the Santa Fe addition, as well as several houses across the track in what is known as the First Addition that is not to be reached by gas now, for the simple reason that they have not signed up in sufficient numbers to obtain this great and cheap fuel. But, Mr. Hinchey personally informed us that no matter where you live in the incorporate limits, if you will come in now, while the machinery for ditching is here and put up a \$10.00 deposit for a meter, he will see that a gas line is put within reasonable distance of your home. But this must be done immediately. But, he says: the company cannot afford to put down a long string of gas pipes that no one is going to use.

Our advice is if you live in any of these sections, come in at once and see the local representatives of the company, who are located in the Hankins building, and make a meter deposit, and you will get gas piped to your home if you live in the incorporate limits of the city. It seems to us that this is a very reasonable condition, for you will have to have a meter if you use gas anyway, and you are not asked to put up one cent for anything that you will have a use

for. Mr. Hinchey informed us that he wanted to serve the town to the very best of their ability. Further, he said that they were not endeavoring to sell all the stoves and heaters, for they would directly benefit from the sale of every stove and heater sold in the city by other dealers.

In driving out on the Tahoka road Sunday, we found that the ditches are within about two miles of the city, in fact out on the K. W. Howell farm at that time, and were due to be in the city limits by Tuesday of this week. A bunch of welders are right behind them coming on at a rapid rate. So you had better get busy this week and see the company's local headquarters in the Hankins building about getting gas piped to your premises. You may not think you want gas now, but after it is here and you see the convenience of it as used by your neighbors, its cleanliness and cheapness compared with other fuels, you may then want service badly but will be unable to get it, for then the lines will have to be dug and laid by hand, and you might have a sweet job getting service without the great expense.

DePRIEST SAYS HE WANTS "EQUALITY"

KNOXVILLE, Tenn., June 24.—(AP)—Oscar DePriest, negro congressman from Chicago, tonight told an audience of 1,500 negroes that the negro never could gain his political and civil rights under the constitution until he organized politically.

Discussing the question of social equality, DePriest said "all that I want for the negro is that of equality before the law."

"The American white people are not to blame for the economic, social, political, or civil status for the negro," the speaker said. "His salvation is laid at his own doorstep."

DePriest told his audience that he was "not in congress to put over any special legislation in behalf of the negro."

GOING TO TURN OVER A NEW LEAF

If the Federal judiciary needs reorganizing; if the method of selecting juries is antiquated; if procedure unduly favors the criminals; if justice is slow and uncertain, and President Hoover and Chief Justice Taft join in this indictment, then God save the Texas courts. Procedure in our Federal courts is 100 times more sensible than in the State courts; business is transacted with less delay and more efficiency; lawyers are not permitted to make jackasses of themselves; witnesses are respected; there are no vaudeville stunts, fewer silly technicalities to take advantage of, less stalling in making jury selections, more respect for the court and more justice dealt out in a week of court term than there is in Texas courts in three months.

Just prior to his appointing a commission to study law enforcement

President Hoover said: "Every student of our law enforcement mechanism knows full well that it is in need of vigorous reorganization; that its procedure unduly favors the criminal; that our judiciary needs to be strengthened that the method of assembling our juries needs revision; that justice must be more swift and sure."

In face of this statement from the President; in face of statements from Chief Justice Taft, and other high minded men well qualified to speak there are enough lawyers in Texas who, either through gross ignorance of the profession, or for more selfish reasons, block every effort to bring about needed reforms in both civil and criminal courts and in the procedure of these courts. Not a few of them are members of the Legislature.

Our county jails are full of killers, some of them convicted two or three years ago, who have many months

ahead of them before their cases will be finally disposed of. There are killers, hijackers and thieves walking the streets as free men who obtained that freedom through the work of clever and tricky lawyers. There are cases involving property rights that have been in the courts for years and which will remain there until estates have been absorbed or the funds spent in court costs and lawyer fees. Yet, the law profession as a whole has no inclination to bring about reforms that will give law-abiding citizens the protection guaranteed them by the Constitution.

If our Federal judiciary needs reform, then the whole works ought to be abolished in Texas and a new start made. There is no comparison between the two now. The Federal courts and procedure are so far ahead of the State courts that any further reform procedure will show up the State courts as the product of the dark ages.—Farm & Ranch.

PHILATELA CLASS MEET

Mrs. McDonald, teacher was hostess to the Philathea Sunday School Class Tuesday evening, when they met for a business hour. Miss Jewell Graves was elected secretary to fill the vacancy left by Mrs. J. B. Curtis, who with her husband have moved to Roswell, N. M. One especially interesting plan was adopted and which we hope will cause a great deal of enthusiasm among the members during the dull and hot summer. All the members of the class are urgently requested to be present Sunday to find out what the plan is and to get in on the fun.

The hostess served delightful refreshments to Miss Lillie Mae Warren, Mrs. Virgie Pyeatt, Mrs. Ruth Brown, Mrs. Lorelle Bailey and Mrs. Belle Hilyard.

Train your son in politeness and he may make a successful book agent.

"MERCHANTS TO YOUR GRANDFATHERS"

**The Most Important
Announcement of the Season**

Your Choice of all Ladies and Childrens Ready-to-Wear and Millinery at—

25 To 50 Percent off Reg. Prices

Following the Acorn Stores' policy of never carrying over seasonable merchandise from one season to another, beginning Monday, July 1st, you may select your choice of our entire stock of Ladies' and Children's Ready-to-Wear and Millinery at 25 percent off the regular prices.

This is an opportunity that comes but twice a year, and it is worth your while to make the most of it. When you remember that the Acorn Stores' regular, everyday prices, are so low, and in many cases lower than other so-called Sale Prices, you can appreciate the importance of this event.

We never mark our merchandise up at the beginning of a season in order to be able to offer you absurd reductions later. You will find 25 percent off at the Acorn Store, will mean bigger savings to you than 1-2 Price Sales elsewhere. Remember the merchandise offered you is our Regular, Standard, Acorn Quality, not job merchandise bought especially for sale purposes.

No prices changed. Original tickets on all garments and hats. Just come in and make your selection, and deduct from 25 to 50 percent.

COME EARLY WHILE SELECTIONS ARE BEST

"The Coolest Spot in Town and Plenty of Ice Water."

This little super-service station is the symbol of our service. When you see him in the paper read what he has to say. His messages are for you and are worth while. It is our earnest desire to give you such service as will bring you in often.

In addition to that service we sell Mohawk Tires. Please call us in an emergency or stop in anytime.

Fitzgerald Filling Station

**CONTINENTAL
GAS and OIL**

Mrs. Z. M. Stricklin, of Grandview, came in the past week with Mrs. Stricklin and daughter, Sallie T., for a visit here for a few weeks, when her husband will come for her.

Chisholm Bros. have purchased another electric hatchery of the same capacity (18,000 egg) to be installed by next hatching season.

We understand that the Enterprise Food Palace has been sold again to another Lubbock merchant, whose name we failed to get.

Dr. Lester Treadaway and family have moved to Lamesa, where he is now half owner of a sanitarium.

R. A. Lewis and family, of Olton, Ernest Lewis and family of Frankell were visitors in the home of Geo. Warren and family, last week.

Miss Mamie Sue Flache and a girl friend of Lubbock are visiting in Kansas City.

Mr. and Mrs. Bynie White of Big Spring are here visiting her parents Mr. and Mrs. Ame Flache.

Mr. and Mrs. Ike Bailey have returned from their vacation spent up in Colorado.

Mr. and Mrs. S. L. McDonald are at home after an extended visit at Marlin and Waco, Texas. Their little grandson, Ross Jr. Sams, of Waco came home with them for a visit.

A. M. McBurnett pleased the Herald with a renewal recently. A. M. says, "just keep 'er comin'."

John Burnett came in recently and ordered the Herald to go to his nephew, B. P. Rodgers, at Pampa.

The Herald recently pulled a boner in stating Mrs. J. E. Woodard had moved back to this county from Arkansas. The reason we thought so the last check was mailed from Seagraves, and we therefore changed her paper to that place, causing her to lose two or three issues.

J. A. King, of Midland is now a regular reader of the Herald, complimentary of his dad-in-law, Dee Elliott, of this city.

The plumbers are sure busy these days, and from all reports they have not forgotten how to charge—but their's is hard work—they say.

R. W. Ridgeway is opening a radio and electrical store in this city, but he did not inform the Herald his location. Mr. Ridgeway conducted a radio and electrical shop in Fort Worth before coming here a few months ago.

Rev. J. B. Vinson reports daughter of Mr. and Mrs. J. A. Davis, operated on at Lubbock recently, as doing well when he visited in Lubbock the first of this week.

Tom Cobb of the Cobb Department Store is taking his vacation.

**CHEVROLET STILL MAKING
PARTS FOR FOUR-CYLINDERS**

What Chevrolet Motor Company has been doing since the introduction last January of the new six cylinder line to insure ample parts and efficient service to the millions of owners of Chevrolet four cylinder cars, is revealed in a factory statement released today.

Among the adjustments effected to safeguard the continued usefulness of former models have been the establishment of service machine shops at Detroit and Flint, specializing in the exclusive manufacture of last model parts; additional service training schools where dealers' mechanics are taught the latest models for servicing the old and new models; additional zone warehouses which expedite the delivery of parts to dealers; and revisions in the system by which the dealer is stocked with past model parts.

Independent manufacture of past model parts became necessary just as soon as intensive production began on the new sixes. When the company was specializing in four cylinder manufacture the turning out of past model parts was relatively easy. Temporary suspension of production in the Flint Motor Plant and the Detroit Gear and Axle Plant permitted the building of past model parts without serious inconvenience.

PLAINVIEW'S third annual Texas Penhandle Plains Dairy Show will be held in Plainview on April 7, 8, and 9 of 1930. The dates are one week later than those of the two former shows, and the change is made in order to get away from the first of the month rush usually encountered by business men over the section.

OLD FASHIONED GIRL

"Oh, mamma, look at the quaint old fashioned girl."

"Yes, dear."

"But, mamma, what are those funny seams running up the back of her legs?"

"S-s-s, dear, be quiet. She wears stockings."

Born to Mr. and Mrs. M. R. Shaw, of south of town, a boy, July 1st.

Born to Mr. and Mrs. W. T. Karr, a fine boy on the 30th inst.

**BULL CIRCLE HEIFERS
OUT-DOING THEIR MOTHERS**

College Station—Heifers sired by circle bulls in Texas are beginning to come fresh and in most cases are giving from 25% to 50% more milk than their grade mothers, so reports from several county agents show. One of the heifers sired by a registered merit bull in Falls county gave an average of 42 pounds of milk daily for the first 35 days after calving. She belongs to Jess Herridge who states that at the current price of 53 cents per pound butterfat paid by the local condensory this young heifer is producing \$34 worth of milk monthly. Her mother was just an average grade cow.

Several bull circle heifers just fresh in Scurry county are reported to be producing from 25% to 33% more milk than their dams, and in Jones county two such heifers are giving 3½ and 4 gallons of milk daily, which is said by their owners to be a decided increase over their mothers' production.

TWENTY-FIVE applications have already been received to make the trip with the Fourth Annual Motorcade of the West Texas Chamber of Commerce to the Carlsbad caverns. B. M. Whiteker, agricultural manager is in charge, and detailed information can be obtained from him in Stamford.

Joe Black and family are here from Oklahoma City, visiting with his mother and family, Mrs. F. C. Black, of route one.

Two communications from Plains this week were received too late for publication. Will be used next week.

J. C. White of the Hokus Pokus store and family are off on their vacation.

Some start a running account and then proceed to run away from it.

MARRIAGE TODAY

"I love this Jane?"
"Yep, yer honor."
"This your bimbo, girlie?"
"You said a mouthful, Judge."
"Snuff. He's yourn. You're his'n. Ten bucks and take the air on the right. Next!"

**AS MILKER, MOODY IS
GOOD GOVERNOR**

TYLER, June 22. (AP)—Governor Dan Moody participated in a milking contest here today, but was disqualified when the cow kicked over the bucket and Col. C. C. Walsh, governor of the eleventh federal reserve bank district, captured first honors.

The contest was a part of the celebration incident to the opening of a

new milk products plant here. Governor Moody told the guests that he had been reared in the dairy business and that he was fifteen years old before he knew what it was to sleep after 4 o'clock in the morning.

Miss Dollie Miller, who accompanied Mrs. Stricklin on her recent trip to Fort Worth and Grandview, returned to her home in Plainview Sunday night.

**NEW TUDOR SEDAN
IS AN ECONOMICAL CAR TO DRIVE**

ECONOMICAL because of its low first cost, and low cost of up-keep. **Economical** because it has been made to stand up under thousands and thousands of miles of steady running.

An indication of the built-in quality of this car is shown in the extensive use of fine steel forgings. More steel forgings, in fact, are used in the new Ford than in almost any other car, regardless of price.

Come in and learn about the safety, comfort, smoothness and alert performance of this car by driving it yourself. you'll know it's a great automobile the minute you take the wheel.

Mr. Claude Jones,
Brownfield, Texas.

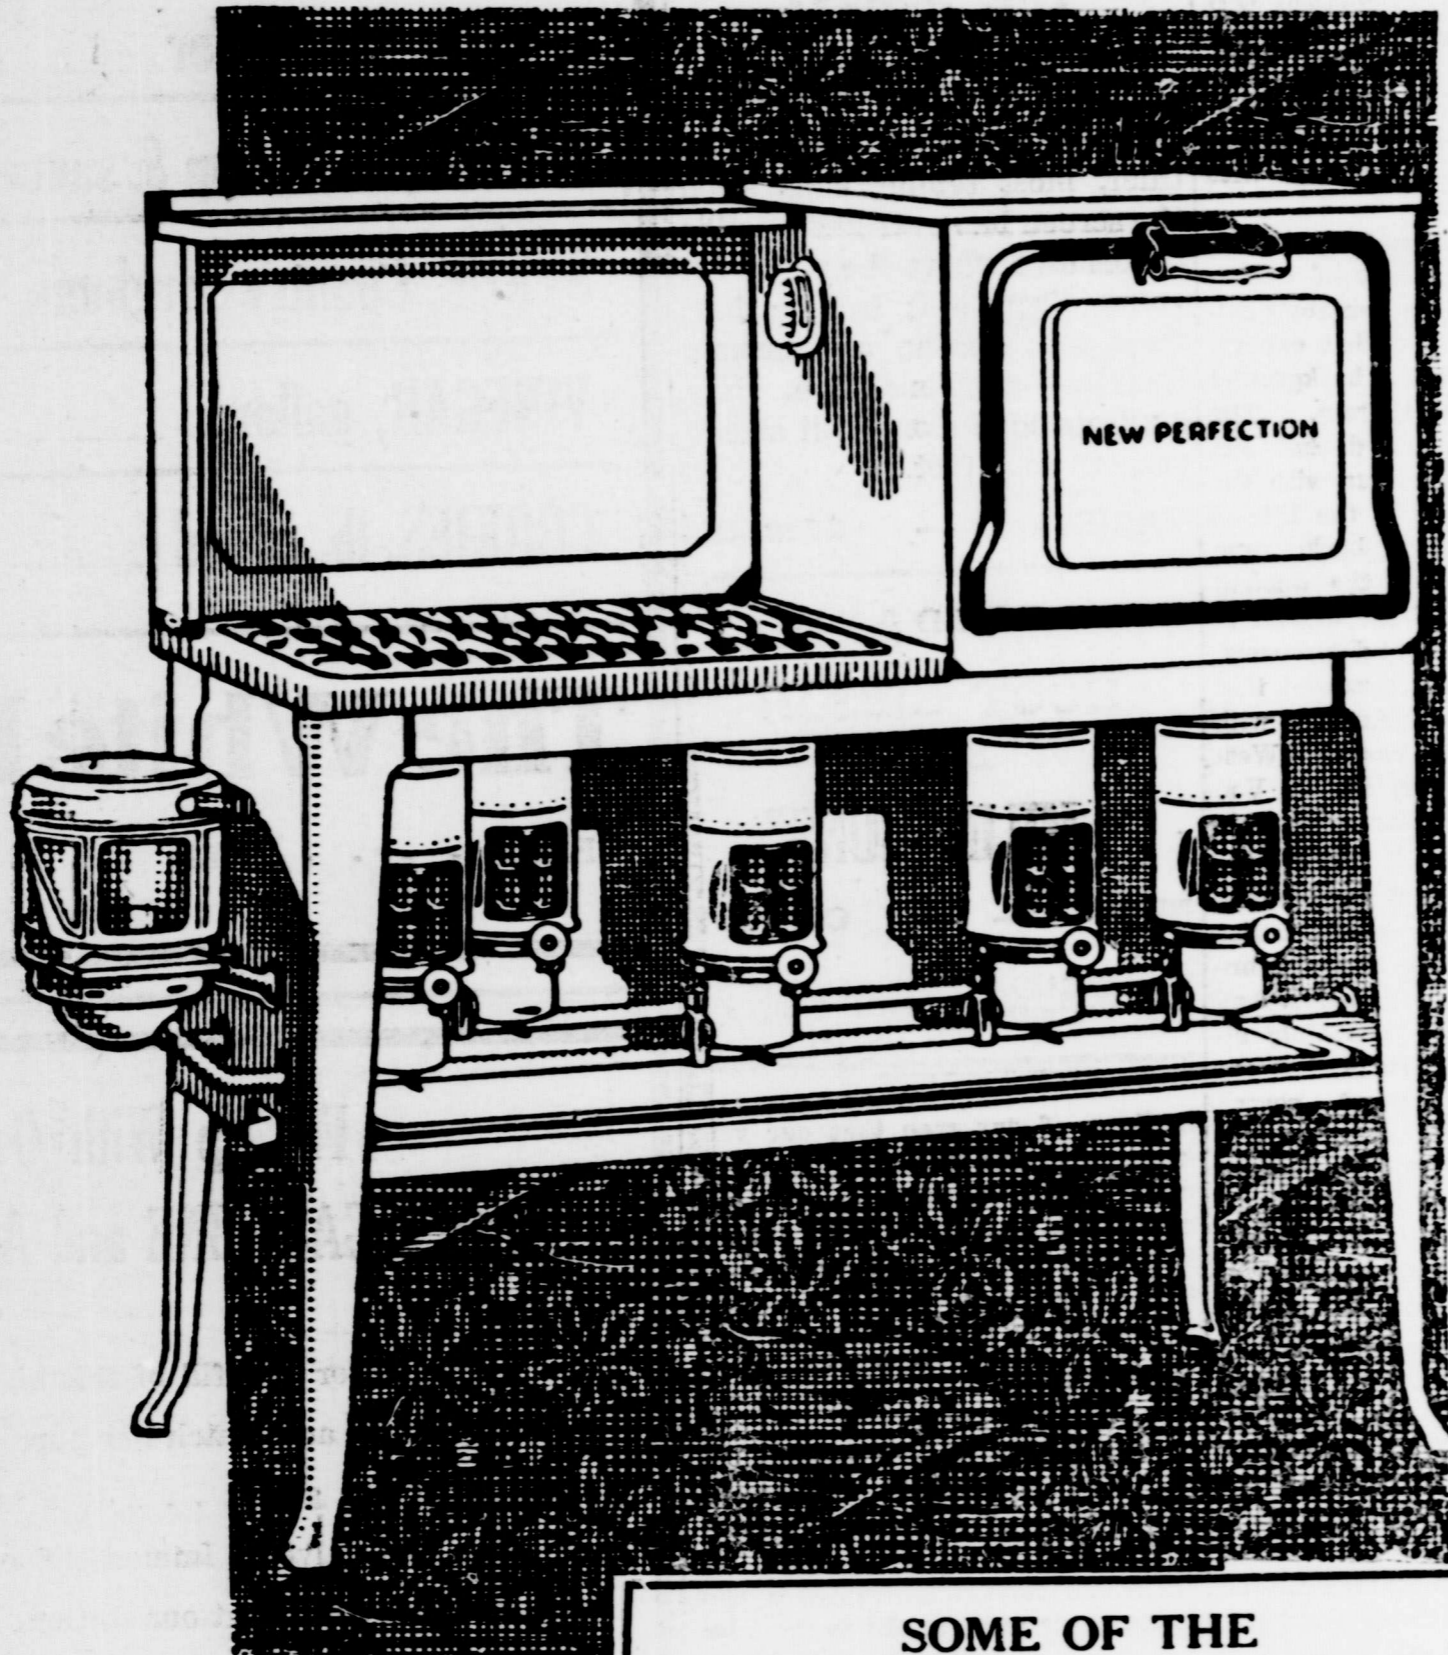

June 27, 1929.

I sold my car the next day after I was down there for 350.00 and loaded me a new black two door off the car next day. I know it had never been driven. I never was so tickled in all my life. I am sure that I have lost a thousand dollars in ast 3 years by not having a Ford. It is ten years ahead of the other cars. Not one of them can even touch it. It makes life worth living and mail carrying a pleasure. I could carry 75 miles with it as easy as I could carry fifty with that old car. It is the most wonderful car when it comes to performance that I ever saw.

Boyd.

(Note:—Mr. Boyd, is a rural mail carrier, Wilson, Texas.)

Just arrived!

SOME OF THE SPECIAL FEATURES of the NEW PERFECTION RANGE

- Full porcelain enamel finish, snow-white and silver gray.
- New straight-line design, new burner arrangement, all-grate top.
- Built-in enamel-lined "live heat" oven, accurate heat indicator.
- Cooking heat as swift and clean as gas.
- And other features which we shall be glad to show you.

BIG SHIPMENT OF THE WORLD'S FINEST POPULAR-PRICE OIL RANGES---

PORCELAIN ENAMEL New Perfections

ANCESTRY OF THE YO YO

Truly there is nothing new under the sun. The present day Yo Yo is said to be merely the revival of an instrument invented in the dark ages by which the witch doctors expected to dispel the darkness.

Since this was just following the stone age, yo yos at that time were made of stone. One similarity of this old instrument to present day inventions is that there has always been a string to it like there is to everything that looks good and easy.

In later days the yo yo was used to amuse inmates of insane asylums, as it has always had a special attraction for the mentally weak or unbalanced. Children up to the age of accountability take to yo yoning eagerly.

One thing can be said in favor of the yo yo—it has always been practically harmless. The only case on record where unhappy consequences followed its use was in the time of King Tut. The court jester attempted to amuse the king with a yo yo and was beheaded for his foolishness. What a pity some of the old customs are not now in vogue.

LET'S PASS IT ALONG.

It is said that the following prayer was found in Chester cathedral, over there in England:

"Give me a good digestion, Lord, and also something to digest. Give me a healthy body, Lord, with sense to keep it at its best.

"Give me a healthy mind, good Lord, to keep the good and pure in sight, which seeing sin is not appalling, but finds a way to set it right.

"Give me a mind that is not bored, that does not whimper, whine or sigh; don't let me worry overmuch about the fussy thing called I.

"Give me a sense of humor, Lord; give me the grace to see a joke, to get some happiness from life, and pass it on to other folk."

It is passed on to the reader with the hope that its true meaning and significance will set a standard for others, as it has already done for many in the past who have had the opportunity to read it.

MAMA'S REVENGE

"I heard that Ellen had eloped with Mr. Brown. Has her mother forgiven her?"

"I don't think so. She has gone to live with them."—Dorffbarber (Berlin).

DEL RIO water works system is being installed. The bottom of both of the 1,000,000 gallon tanks have been laid and the forms are being placed for the pouring of concrete on one of them. Each tank will be 28 feet high, and 80 feet wide. Walls are 10 inches thick and well reinforced with steel.

It's hard to convince a winner that gambling is entirely wicked.

A MAN'S HOME IS HIS CASTLE

In commenting adversely upon Senator Love's Senate Bill No. 20 (exempting from prosecution enforcement officers who wrongfully enter and search private homes). The News in all innocence remarked:

The requirement that there shall be a search warrant before officers may forcibly enter a private dwelling is part and parcel of Anglo-Saxon civilization.

The News never dreamed that the Senator from Dallas would dispute that. But it appears that the Senator belongs to that school of disputants whose philosophy it is to concede nothing. The Senator quotes the above excerpt in part and declares:

There is no such requirement in the Constitution of the United States or of Texas, nor in the laws of any State except Texas, and there was no such law in Texas until 1925. The Constitution of the United States, which is substantially identical with that of Texas, provides not, that there shall be no search and seizure without a warrant, but that there shall be no unreasonable search or seizure, either without a warrant or with one.

It is not the custom to annotate editorials for the benefit of constitutional lawyers of the Senator's caliber, or the assumption that experts will be able to supply the background for statements made therein. The News took it for granted that Mr. Love was entirely familiar with the history of these items in the Bill of Rights and of historical background of encroachment upon the ancient common law rights of the citizen to security in his home and property. In other words, it was assumed that Senator Love would be familiar with the reasoning of such cases as West Virginia vs. Doc Wills, 91 W. Va., 659, where of a similar section in the State Constitution it was said:

It makes it unlawful for anyone acting in an official capacity under governmental authority to make unreasonable searches and seizures. And what are reasonable? Certainly all those searches and seizures that are unlawful. To search without a search warrant the person of one not charged with a felony or committing an offense within the presence of the officer which would authorize his arrest without a warrant, is unlawful and therefore an unreasonable search.

The same principle applies in general to search of a home by force without a search warrant. It is an old, old right of the free-born citizen. The right to be secure in one's home, it was pointed out in U. S. vs. Crosby, 1 Hughes, 488, is not derived from the Constitution of the United States (although protected thereby), but existed long before at common law. The spirit of that right goes back to the Great Charter:

No person shall be arrested or detained in prison or deprived of his freehold or outlawed or banished or in any way molested; and we will not set forth against him or send against him unless by the lawful judgment of his peers and by the law of the land.

That a man's home is his castle is a maxim of ancient standing. It involves the principle which The News sought to express in the controverted statement. If it is not "part and parcel of Anglo-Saxon civilization," then The News is wrong and Senator Love is right.

But the real point is that Mr. Love would make enforcement officers irresponsible so far as concerns criminal prosecution of them for illegal and oppressive searches and seizures. At common law the King himself might not arrest in person or by verbal command because, it was said, no action would lie against him for wrongful arrest. The principle of responsibility as the accompaniment of power was held sacred. So should it be maintained in the safeguarding of searches and seizures. Unless officials are held to account, the constitutional guaranty against unreasonable searches and seizures is of no value. It becomes void for the want of an adequate remedy.

The Senator says that we long went without such a remedy. But the existence of the statute which Senator Love would repeal embodies a recognition of a need for such a remedy. Civil action for redress is not adequate in these days when the code of criminal offenses has been enlarged to accommodate a new list of crimes. If a ruthless or hostile Constable enters Senator Love's home by night without a warrant and unlawfully and unreasonably searches his premises to the outraging of his privacy and the infringement of his rights as a free man and American citizen, the Senator ought to have the right to prosecute that officer and force him to pay a fine or spend a season in prison. So imbedded is the right of privacy of the home in the

MANY HEEDING THE VACATION SUMMONS.

Many Brownfield people are leaving or have gone on their annual summer vacations with Colorado and New Mexico receiving their usual share of the vacationists while others are visiting in different parts of the state.

Social activities have been very quiet and informal with picnics and other outings for the younger set in the lead.

Fourth of July with all of its celebrations has now come and gone.

I-DEAL CLUB MEETS WITH MRS. MCGOWAN.

Mrs. Joe McGowan was hostess to the I-Deal Club Wednesday afternoon at four o'clock. In bridge Mrs. DuBois scored high and Mrs. Endersen next to high, Mrs. DuBois receiving a pair of silk hose and Mrs. Endersen a bath set.

Apricot ice, caramel cake and punch were served to Mesdames DuBois, Endersen, Arthur Sawyer, McDuffie, Ralph Carter, Holmes, Michie, Fred Smith, Dallas, King, Shelton and Bowers.

Mrs. M. C. Bell and daughters, Misses Marie and Mauretta, left Saturday for the mountains of New Mexico for a vacation.

ATTEND WEDDING OF MISS BESS BALDWIN.

Those attending the beautiful wedding of Miss Bess Baldwin, daughter of Mr. and Mrs. C. Baldwin of Lamesa and Mr. Joe McClusky of Throckmorton, last Thursday evening at Lamesa from Brownfield were, Mr. C. R. Baldwin and family, Misses Addie Hamilton, Larue and Christova Sawyer and Mr. Jap Baldwin. Mr. Jap Baldwin and little Miss Bernice Marie Baldwin took a part in the wedding ceremonies.

Mrs. McClusky is well known in Brownfield having spent last winter here with her brother and family and taught violin.

They will make their home on their ranch near Throckmorton.

Mrs. Dallas has had as guests her sister, Mrs. Bettie Gross and daughter, Miss Kathryn Elizabeth of Fullerton, Missouri who were on their way to California.

Mr. C. L. Williams and wife went to Crowell last week because of the illness of his mother.

FRIDAY FORTY-TWO HOSTESS GIVES PATRIOTIC PARTY.

Mrs. W. B. Downing entertained the Friday Forty-Two Club Friday afternoon with a party celebrating the Fourth. At the conclusion of the forty-two games, flags centered each table where a larger flag was used as a table cover. The napkins further carried out the patriotic color scheme and plate favors were handkerchiefs wrapped in the colors.

Meat loaf topped with salad dressing and an olive, potato chips, bread and butter sandwiches and iced tea were served. The hostess was assisted in serving by Mrs. Roy Herod and Miss Rebecca May.

The members and guests were Mesdames Kendrick, Scudday, Baldwin, Webber, Arthur Sawyer, Michie, H. W. McSpadden, Brothers, Wheeler, Gracey, Earl Jones, Bowers, Dodson, Longbrake, Chas. Hamilton, Griffin, M. B. Sawyer, Davis, Roy Herod and Miss Rebecca May.

LEAVES FOR SUMMER CAMP

Mr. and Mrs. Tom May and children left Saturday for Colorado Springs where they will take their daughter, Miss Rebecca, who will enter the Colorado Encampment for several weeks.

IDLE WIVES HOSTESS

Bridge was played Tuesday afternoon when the Idle Wives Club met with Mrs. Albert Endersen. High score was won by Mrs. Michie and next to high by Mrs. McGowan, both prizes being Coty's perfume in pocket book flasks. The table cut prizes were dainty large silk handkerchiefs and went to Mrs. McGowan, Mrs. Ray Brownfield, Mrs. Wingerd and Mrs. Bowers.

Peach ice, caramel cake and iced lemonade were served by Misses Mary Handley Endersen and Lataine Eickie.

The guests were Mesdames Ike Bailey, Fred Smith, Ray Brownfield, Miller, Wingerd, Sawyer, Shelton, McDuffie, McGowan, Morgan Copeland, Bowers, DuBois, Holmes, Michie and Allen.

Mrs. W. B. Downing and Mrs. G. S. Webber left Monday for a few days stay. Mrs. Downing visiting her sister in Dinnit and Mrs. Webber her mother-in-law in Hereford.

Mr. W. G. Harris left Sunday for Denton and Pilot Point where he will visit for several days before returning with Mrs. Harris and children.

BIRTHDAY PICNIC

Vernal Brothers celebrated his tenth birthday, Friday, June 21st when a good picnic supper was taken to the sand hills. The ones enjoying this outing were his parents, Mr. and Mrs. Pat Brothers, Mr. and Mrs. Chester Gore and children, Mr. and Mrs. Frank Ballard and daughter, Mr. and Mrs. Howard Swan and baby and John McLeod, Jr.

Mr. and Mrs. Earl Alexander of Plainview were visiting friends here over Sunday.

CLASS GIVE SHOWER FOR BRIDE OF WEEK.

Mrs. W. C. Burrow who was Miss Viola Lee until her marriage Saturday, was given a miscellaneous shower Monday afternoon at five o'clock by the Ammona Class at the home of Mrs. L. J. Dunn.

A musical program consisting of piano numbers by Mrs. Earl Williams and Misses Margaret Dell Prim of Snyder, Dora Dean Neill and Wilma Frank Dunn and a reading by Mattie Joe Gracey was given.

Many pretty gifts were then brought in a large basket by Mattie Joe Gracey and Wilma Frank Dunn.

Punch and cake were served.

The guest list included Misses Madeline Elliott, Doris Bandy, Dora Dean Neil, Vicie Mae Sears, Lena Mae Ballard, Lillie Mae Bailey, Lou Ellen Brown, Cordie Mae Shepherd, Josephine Lee, Anna Bell Scudday, Naomi McLeod, Jessie and Bonnie Bell Lee, Margaret Dell Prim and Mesdames Jim Jackson, Earl Williams, Kendrick, Orb Stice, F. M. Flippin, Sears, J. C. Bond, Pounds and Bandy.

Mr. and Mrs. Burrow left Wednesday for Lorenzo where they will make their home.

Mrs. R. L. Holley came in Friday from Dodge City, Kansas where she has been with her son who has been very ill.

Mr. and Mrs. Odice Height have returned from a visit to Callahan county.

Mr. and Mrs. Weaver Lovelace left last week for Kansas where they will visit her sister.

PICNIC FOR YOUNG WOMEN'S MISSIONARY SOCIETY.

The members of the Young Women's Missionary Society enjoyed the social hour Thursday evening when they prepared a picnic supper for their husbands and children at the Swimming Pool. A few friends were also invited.

Those present were Mr. and Mrs. Clyde Coleman, Mrs. Clyde Gross, Mr. and Mrs. Stice, Mr. and Mrs. Helms, Mr. and Mrs. Bennett, Rev. and Mrs. Dodson, Mrs. Boone Hunter and mother, Mrs. Crawford of Paris, Misses Bennett, Ruth and Mary Lawless, Mrs. Webber, Bill Collins and Mr. and Mrs. J. C. Hunter.

The next meeting will be a regular study meeting at the church.

DORCAS CLASS MEETING

The Dorcas class met in the home of Mrs. Alewine with Mrs. Pat Brothers as a joint hostess, Wednesday afternoon from four to six o'clock.

After a business meeting a social hour was enjoyed in which home made ice cream and angel food cake was served.

Those present were Mesdames Dunn, Lovelace, Markham, Smith, Floyd and Stewart of Boswell, Okla.

BAPTIST W. M. U.

All of the Circles of the Baptist Women's Missionary Union met Monday afternoon for Bible study. Circle One meeting at four o'clock with Mrs. J. T. Auburg with Mrs. Oral Adams as leader.

Sherbet and cake were served to Mesdames Bandy, Burnett, Allen, Floyd, Brothers, Coe, Oral Adams, Collins and Alexander.

Next week Circle One will meet with Mrs. Baker.

Circle Two

Circle Two met at the church at five o'clock with Mrs. J. C. Green, leader. Those present were Mesdames Green, Glover, Flache, Eickie and W. W. Price.

Circle Three

Circle Three met with Mrs. John Scudday at three thirty and Mrs. May led the lesson. Cake and punch were served.

The members were Mesdames May, McBurnett, McNutt, McLeod, Lulu Smith, Wirtz, Sears, Markham, Dunn, Pounds and W. W. Price.

Mrs. Lulu Smith will be hostess to the Circle next week.

Louise Willis Circle

Mrs. E. V. May led the lesson for the Louise Willis Circle when it met at five o'clock with Mrs. Clyde Bond.

GENE HOWE IS AGAINST THE STOCKINGLESS VOGUE; SAYS REPORTERS FORGET WORK

AMARILLO, Texas.—Gene Howe, editor of the Amarillo (Tex.) News-Globe, has started what he admits is losing fight against the stockingless vogue of girls and women in Amarillo. Howe says Amarillo, commercially, is being seriously "slowed." A committee of young women employed on his paper waited upon Howe this week to inquire as to whether he had any objections to their reporting for duty without stockings.

"I certainly have," replied the editor. "The styles are such that Amarillo newspaper men have a hard enough time as it is keeping their minds on their job and bare legs flashing about the office would further impair the efficiency of our

force.

"If the other business men in town join in prohibiting the downtown girl workers from appearing without stockings we might stem the tide temporarily, but it would be temporary at best. Women as old as 60 are appearing downtown without stockings. If varicose veins won't stop them, what chance have the business men?"

PETERSBURG'S high school library will be left open during the summer on stated days. Magazines and books will be loaned, and as much time as desired may be spent in the reading room.

MIDLAND recently opened the tenth city addition that has been added to the town since it became a thriving oil city of two and 1/2 years ago. The addition lies within 10 blocks of the business district.

10 REASONS WHY VETERANS SHOULD BE LEGIONNAIRES

"There are ten or more good reasons why every ex-service man should be a member of The American Legion," according to C. B. Quante, Post Commander of the Legion here said today in announcing that application for membership in the local Legion organization can be made at the local Legion hall.

"The ten reasons he listed follow:

1.—Because the Legion keeps alive in the veteran that high plane of loyalty to country and ideal citizenship, upon which he stood while in the service of the colors.

2.—Because it identifies a man as one of standing in his community and makes of him an example of good citizenship for his children and neighbors.

3.—Because the Legion has been the organization which caused every bit of legislation to be passed for the benefit of the veteran, and the veteran MAY NEED the LEGION AGAIN.

4.—Because, if veterans do not uphold the strength of the Legion now, while its power is at its peak of ten years of existence, future benefits for all veterans will be affected.

5.—Because, except for the Grace of God, the veteran might easily have been one of the disabled today, and he owes it to boys who suffer all the days to uphold the strength of the Legion in order that justice may continue for them.

6.—Because, some day the veteran's own orphans or his own widow may need the Legion's guardianship and help.

7.—Because, he owes it to his mother, sister or wife to lead them into the wholesome association of the American Legion Auxiliary.

8.—Because good fellowship among the comrades of the Legion, wherever they meet, is an open door to many life-long business associations of mutual benefit to veterans.

9.—Because, the public trusts and has abiding faith in Legion endeavors, and membership opens unlimited avenues for leadership in one's own community, the extent of which is limited only by the veteran's own ability.

10.—Because, it is a priceless privilege that marks a man not only for what he WAS, as all veterans are marked, but FOR WHAT HE IS TODAY, a man of character and worth; a man wide-awake and eager for opportunities of the right kind; a man who has a VOICE in public affairs, for when a man signs up with the Legion, that man subscribes to the Legion program which has never failed."

Mr. Collins reports one of the best summer sales he has ever put on here and is pleased with it in every way. He reports eager shoppers visiting his store from far and near—from about eight counties, and two states. He appreciates this response to his invitation to trade with them.

Several of our store have nice sales on now, and the people are taking advantage of the special prices they are offering.

Herald Man Sees Some Good Crops Sunday

The writer took a little spin out in the country Sunday afternoon, out on the Tahoka road for some eight or ten miles, going north then to the Pleasant Valley school house, and taking the road from there into town. This is a fine section of the county, and there are a number of real good homes found in this section, good orchards, and lots of live stock on the ranges, which are in fair shape, with lots of good grass to make them in prime order by fall.

As to the crops, while most of them are young, they are showing up well, and for the most part a splendid stand exist. The growth being made is rapid, and quite satisfactory. There are some fields of cotton in that section that will be full of square in another week, and by the middle of July, will have plenty of blooms. Of course corn and feed for the most part are still small, but like the cotton is up to good stands and making rapid growth. The hot weather for the past few weeks, aided by the good season underground, has brought the crop out rapidly.

There are a few fields badly blown, and part of the crops in them are utterly destroyed, and in some cases this is hard to understand. For instance, on one side of the lane will be a farm with perhaps a third of the field covered with blow sand. To the observer the soils on both sides of the lane are identical, and also they seem to have been planted and cultivated about alike. Then one will see a field that looks real sandy with most of the crop up and doing well, the stand regular, and directly one will see a field with apparently much harder land that has some of the crop covered up. After seeing such as this, it is indeed hard to tell what is really the matter. But, most farmers that we have talked with lately are of the opinion that real deep breaking is the salvation of this country, and apparently those fields that are not blown out are the ones that have been deep broken and have clay on top of the sandy soils.

To say the least, it looks bad to see a badly blown field at this time of year on good soil where a good crop should be growing off. And this condition is being studied by the county agent and some of our best farmers trying to find the best possible solution of it. The Herald has hopes that in the next few years the right method will be found to handle our sandier soils, and that farmers will put this into practice. One farmer recently informed us that he had not had an acre blown out this year, and had not lost 15 acres altogether since he had been in the county. His idea was not to have such narrow rows, but to make them wider, and a wider place for the planting could be had with less likelihood that enough dirt would roll in and cover up the crop. Then, to, he said one could get in there and plow every other row sometimes when the sand was blowing and stop it. He did this

Natural Gas Insures Heating Satisfaction.

The proper and efficient heating of your house is completely insured, if you have Natural-Gas service installed.

The flexibility of the service allows you the use of a fuel, that is readily adaptable to the requirements of use, for range or hot-water heater in warm weather, the heating of your living room on a cool evening; the use of the grate fire only, or when the cold winds of winter are here, you may turn on your furnace, and in five minutes, your home is cosy and comfortable.

This is all accomplished, as the boys were wont to say, "with a simple twist of the wrist," and the application of a lighted match.

Ease, Comfort, Flexibility, Economical.

WEST TEXAS GAS CO.

very thing only recently, he informed us.

A letter from Mrs. W. C. Smith, who with the family are visiting their son and brother, Mumford and family at Glendale, Ariz., is to the effect that the thermometer is standing 115 in the shade out there. Some hot. But she reports they are having a good time and a nice visit.

Mrs. Chas. McHaffey and little son of Blackwell, visited the past week with Mrs. J. E. Fitzgerald and family.

Many of the people of the city are cleaning up and beautifying their premises. Some of them who do not even own the property where they live are going to this expense on their own hook. The editor's two neighbors, Dr. DuBois and Rev. D. D. Johnson are doing this. This shows the patriotism and the love of civic attractiveness that abound in these two citizens.

Miss Mozelle Treadaway, who has been visiting in Dallas with her brother, returned home Sunday.
