

The Terry County Herald

Printed in Terry County, on the South Plains; the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME 24

BROWNFIELD, TERRY COUNTY, TEXAS, AUGUST 16, 1929

NUMBER 52

CHAMBER OF COMMERCE

Several months ago the writer adopted the plan, that this column would not be used except at such times as he thought he had something to say that would be of general interest. And this is one of the weeks that he is of that opinion.

Unless all plans are altered, what is termed as a Field Day by the A. & M. College Extension Department, will be held at Brownfield. It is expected that several officials of the A. & M. and Tech Colleges will be present as well as county agents from several surrounding counties as well as the County Commissioners from Terry, Yoakum, Gaines and Dawson. A portion of the day will be devoted to another deep plowing demonstration and also results as they show on the plots that were plowed in Gaines and Terry this year, will be examined. The date will be on or near August 27th.

In conversation with John Burnett, this week, it was learned that John does not use poison to combat cotton worms, but keeps on plowing. He says that if farmers would continue to cultivate and where worms were bad, to tie tow sacks to the cultivator, that they would get rid of most of the leaf worms, boll worms and lice. As stated above this is his plan and he has always made a good crop.

We had a fellow in the office this week, seeking the endorsement of the chamber of commerce, to an advertising scheme that was "GYP" advertising of the rankest sort. We refused to endorse his proposition, but were informed by him that he would sell it without our approval and we guess he did. If business men would refuse to waste money on out-of-town promoters, they would soon cease their visits, but when one of them puts a thing over, he passes the word on to the others.

A charity organization is needed in Brownfield, as under the present plan, every stranger who becomes stranded, is invariably directed to the chamber of commerce. Up to date we have taken care of worthy cases, in that we have assisted them to reach the next town, but the funds of the chamber of commerce were never intended to take care of work of this nature and when we do it we just take that much away from some planned activity and in fact could reach such proportions that some of the plans for the year would have to be abandoned.

Some mention was made in the Herald a few weeks ago that mileage signs were needed upon the various highways leading into Brownfield and that it would be a good idea for the chamber of commerce to purchase and have a number of them erected. This is to advise that this office is endeavoring to secure prices on steel signs and if not too expensive, it is very probable that a number of them will be erected. Plans also contemplate the erection of a large sign near Lubbock at the junction of the Brownfield and Levelland highways and if ground can be leased whereon to place it, the sign will be up within the next few weeks.

The County Fair catalog is in the hands of the printer and as soon as it is off the press, a copy will be mailed to each family in Terry, Yoakum, Gaines and Lea County, New Mexico. 2,500 copies will be used. It is most complete and covers more departments than last year and will compare favorably with the catalog of any other fair in Texas. Look for it in your mail box.

DATE SET FOR REVIVAL AT WELMAN CHURCH OF CHRIST

Revival services at the Church of Christ at Wellman will begin Friday, Sept. 6th and continue until Sunday, September 15th. Glenn Wallace will do the preaching.

Everyone is cordially invited to attend.—Elders.

Joe Griffith of El Paso, was here one day this week shaking hands with old friends. We understand that he is connected with one of the papers in that city.

Observation Towers

Scattered Showers in County This Week

Some portions of Terry county are real wet, but the major portion is still dry or at least has had nothing but showers, but the fact that showers have been falling over the section has had the effect of cooling the atmosphere, and will tend to hold the crops up a while longer. At least the clouds that are passing over now have something in them, and not merely empties going here and yon or nowhere in particular.

A light shower fell here Sunday night, and a pretty good one Monday afternoon, and we had ourselves all set for a real chunk mover Monday night, and there was a cloud apparently approaching that reached from the southwest to the northeast that looked like it could not help giving us a real drenching. But it just came up in good thundering distance and seemed to vanish in the thin air. But it is reported that our trade territory to the west got a good soaking, which will help some. A fine rain was reported in New Mexico Sunday night, and in the Seagraves section Monday night. Wellman had no rain, but there was a streak in the Lahey community that received a nice shower.

We remember the old wooden pumps we used to have in the old state of Tennessee would often get so dry if the family was away all day in the summer, that we would have to pour a bucket full down in there to "prime" the thing in order to get it started to pumping again. Well, we now have the country kindly primed, and we hope to get the weatherman to operate his pumps overtime some of these days.

But some say there are leaf worms abounding in some of the cotton fields and are afraid of rain. Others say we must have rain in the next fifteen minutes, that their crops are failing fast. So we don't know what we are going to do about the matter unless we run all the anti-rain men out of the county, and then ask the weatherman for a deluge.

Brownfield Team Gets 2 Drubbings in Row

Last Sunday week the Southland team came over and defeated the ball team here by a score of 12 to 2.

Last Sunday the Tahoka team defeated them by a score of 7 to 2 in an interesting game. Errors cost the local team the game.

This coming Sunday the local team will go to Roswell for a game, and are hoping to be able to defeat this fast team of our neighboring state.

O. L. Jones was a business visitor to Quanah the past week.

Jury List For August Term of Dist. Court

Grand Jurors

The following is a list of the grand jurors called for the first week of District Court to be held here beginning Monday, August 26th.

A. R. Brownfield, W. L. Bandy, J. H. Black, H. L. Bridge, Jim Cunningham, O. M. Edwards, R. S. Heartsill, F. W. Johnson, T. B. Inman, J. M. Story, Robert Welch, H. L. Young, Pearce Warren, G. W. Chisholm, R. I. Cook and W. P. Forbes.

Petit Jurors—Second Week

The following list of petit jurors are to appear at the Courthouse on Monday, the 2nd day of September.

Y. F. Bowley, Anton Hansen, A. C. Findley, W. B. Downing, D. W. Couchman, Jess Smith, C. E. Fitzgerald, L. C. Green, W. G. McDonald, J. C. Bond, Clyde Gross, Hardin Joyce, J. H. Howell, H. G. Garner, C. A. Hastings, W. M. Core, J. E. Gracey, J. M. Jones, A. W. Andersen, Byrl Hahn, R. S. Webber, A. C. Beard, J. T. Beville, L. R. Pounds, E. L. McCoy, R. L. Bowers, G. R. Wilson, Gus Pollard, H. N. Key, L. T. Wright, J. L. Lyon, J. A. Gibson, T. C. Moss, W. A. Bynum, W. J. Gardner and J. V. Hart.

Petit Jurors—Third Week

The following list of petit jurors are called to be at the Courthouse in Brownfield on Monday, the 9th day of September.

J. E. Harred, W. C. Cheak, W. F. Banks, W. M. Thomason, A. A. Sawyer, Jim Gryder, J. A. Drennan, Jno. Dumas, E. D. Duncan, Ed Crossland, Burt Lockett, Hugh Hulse, W. E. Owens, J. Z. Clements, J. L. Cruce, N. R. Butcher, Tom Glover, A. M. McBurnett, I. A. Lowe, O. L. Krueger, R. L. Gillmore, A. H. Herring, C. P. Henderson, W. A. Sappinfield, Kelley Sears, Dee Hunter, C. J. Bonham, R. A. Sims, J. E. Eakins, R. L. Montgomery, C. W. Switzer, J. G. Currie, and S. W. Welcher.

Thompson Gets West Texas Gas Co. Building

B. L. Thompson was the most satisfactory bidder on the West Texas Gas Company building, which is to be erected on their property on east Main street, just east of the new Baptist parsonage. We understand that construction on it will start as soon as materials can be assembled on the ground.

The building is to be 25X60 feet, fronting on Main Street, and will be red face finish brick front, and a beauty architecturally. When completed, this will be used for the offices as well as the supply rooms for the company.

The Herald \$1 in Yoakum county

High Pressure Salesmen Hit Our Town

Brownfield is pretty prosperous. It has the best average crop prospects of most any town on the Plains, and much better than any we have heard of under the cap, perhaps till one gets east of Dallas. As a consequence various sales promoters have heard of the conditions out here, and are coming in thick and fast to get their share while the getting is good—they think. These birds have no inclination to enter a dead town. They want to go where they can expect to trick the people out of some cash. The cash is what they are after. They have no idea of settling down in any of these towns to become a prosperous, property owning citizen. They are here today and somewhere else tomorrow, filching the people, for their tribe never has nor never intends to do any work.

The fellow that was here last week and some kind of a scheme to put on some kind of an "Old Timers Reunion." From what we could gather his company would take charge of matters and put on some stunts with a few broom-tailed ponies, and perhaps one or two of them could be induced to jump sideways a few times by putting a cocklebur under their tails. Then, perhaps he had a few doll or knife rackets for the boys to spend their money monkeying with. He wanted to know about the advertising, and of course expected us to get very enthusiastic about the proposition, and perhaps give the idea a column or two of free space. We told him we appreciated advertising of the right sort, and sold space the same price to all, but that he had better first see the mayor about a permit before going too far with his scheme. He has not returned yet, so we presume that Mayor McGowan put too much of a price on the idea to suit him, and he rolled on to a town where the mayors care little about what comes there to get the people's money. We hope so anyway.

There was another here this week, and we have no idea what become of him. Don't know whether his "get the money" scheme worked or not. His idea—an old one—was to give the Chamber of Commerce 5000 envelopes, and let the merchants pay for them, as well as a nice bonus for himself with worthless ads on the back of the envelope. Who ever in this world ever reads ads on the back of the envelope. They barely glance at the return address on the front of them. Who would be interested in local ads of this nature to whom Chamber of Commerce envelopes go, generally speaking? Not two percent of them go to local people who would do a dime's worth of business in Brownfield. Just try to think how little value such advertising would be. Of course he wanted our price for them and we gave it to him—so high we thought to discourage him, but with a laugh like the typical stage villain, he quickly told us how much a Dallas firm would do them for him. He thought perhaps that this would cook our goose that we would quickly cut. Not a penny did we sulge, but we thought if our business men were foolish enough to underwrite his scheme, that would be their business. He has not showed up at the Herald office anymore. His idea was to collect in advance and let us print and deliver. We thought old boy, you'll have a sweet time collecting in advance from our business men on a scheme like that. But he may have put it over. We don't know.

He next went to the Chamber of Commerce secretary who frankly told him that he did not think very much of the scheme, and refused to endorse it.

The Herald has at all times fought the schemes of these fly by night promoters. We have repeatedly told the business men both in these columns and privately if they want any advertising done or have any new scheme in the way of advertising to put over, we are ready to lend our help and all the services at our command to help them, and that at more cost of production, without the necessity of paying some promoter 75 to 200 percent to do it for them no better. Of course we want your work. That is what we are in business for. But it galls us to see our hard working, innocent business men become the dupes of schemers who take a lot

Chisholm Bros. Purchase 2 More Lots

Chisholm Brothers have purchased the two lots lying between their two stores from W. C. Smith and Geo. W. Neill, paying in the neighborhood of \$3,000 for them, we understand. This property is situated on the south side of the square.

We understand that it is the intention of Chisholm Bros. to erect in the near future a building 50X80 feet or thereabouts, which will give them a frontage of 125X80 feet. There is also talk that they will at some date erect a large building to the rear of these say 5X100 or 125 to front on Fifth Street. In fact, they are laying the foundation on these grounds for one of the most extensive mercantile establishments on the South Plains. No announcements to this effect have come from them. This is mere talk just now, but the new owners of the lots mentioned above admit that they were purchased for expansion purposes.

In this connection we might mention the fact that Chisholm Bros. and Clyde Gross have taken the agency for the Oakland and Pontiac cars, and it is presumed that the contemplated building is to house the show rooms and repair department for the new cars. Probably we will have something definite to give the readers concerning the matter in the next few weeks.

Old Timer Says He May Sell Holdings Here

Among the old timers who have visited here during vacation time, is one of the oldest settlers in Terry county, John C. Scudday, who is now making his home in the Alpine country. Mr. Scudday informed us that he was new cut out for a farmer, and that his farm in the Tokio community is for sale. He expects to buy and sell cattle in the Alpine country the rest of his life, as that kind of life suits him, and he says he has better health there than here.

He also reports that Mrs. Scudday does better there, and especially during the winter and early spring. His son, Walter, and family are also there and he reports that Walter's wife is doing nicely and appears to be entirely clear of tuberculosis.

NAZARENE CHURCH NOTICE

We are changing our services held in the Presbyterian church from Saturday night to first and third Sundays. Sunday morning at 11:00 A. M. and 8:00 P. M. Everybody invited. Rev. Mrs. Lizzie Williams, pastor.

Phillips Station Had Big Opening Saturday

The opening day of the beautiful new Phillips retail service station is now history, and it is running on in the regular way, still doing a nice business this week. All are well pleased. The district manager from Lubbock was on hand, and he is more than pleased with the opening day, so is Roy Harris, agent of the wholesale department of Phillips here, also Jack Benton, manager of the retail station which formerly opened Saturday.

It was a great day for the boys, and they were on the "jump" all day, and especially in the afternoon, when cars were lined up for a half block each way, waiting to get filled. Exactly 2267 gallons of gas was put into cars that day at this station, and that was just 1267 gallons more than we guessed they would sell, although a great believer in the drawing power of Herald advertising.

For each five gallons of gas sold, a ticket was given that entitled the holder to five gallons free at any future day, and that is something else too, and not to be sneezed at. Besides the regular force of Jack Benton and Curt Hastings, there was some extra help on the pumps, and Misses Luellen Brown and Lillie Mae Bailey passed the literature out telling you more about Phillips and their products.

Street Bonds Approved By Attorney General

Mayor Joe J. McGowan informed us this week that the \$60,000 of street bonds had been approved by the Attorney General, and were already printed, and are now ready to be put on the market to the best bidder. As soon as this is done, bids for the construction of the paving will be advertised and let to some construction company.

Mr. McGowan said that it would be about the first of October before work of actual paving could possibly start, but that it would be rushed through until completed. Contrary to general belief, he informed us that cold weather would not hold up paving, as construction men have learned not to put down too much at a time, and this covered so deep with dry sand that it does not freeze except perhaps in the very coldest spells we have.

There has been some changes made in the paving plans, we understand. For instance, south sixth street will be only two thirds paved, leaving the center unpaved. The center will then be filled with calscha, which will answer very well as the heaviest traffic does not use this street.

Revival at Church of Christ at Gomez

We are requested to announce that the annual revival of the church of Christ at Gomez, will begin tonight, and will continue over two Sundays. The preaching will be done by Elder Fred McClung of Abilene, who is said to be a promising young evangelist, and is doing a great work wherever he goes.

The singing will be handled by local talent, and is expected to be good, as they are having a singing school there now. An invitation is extended to everyone to attend every service possible.

Ben Hurst of the Cicero Smith Co., was handing out 40-penny nails this week to friends and customers, but they proved to be pencils, despite their resemblance to large spikes.

of money out of the town and put NOTHING back into it. If the business men would just do this for one year, these promoters would hear from each other what a cranky bunch live in Brownfield and would quit coming here. TURN 'EM ALL DOWN COLD.

And if we old timers or new timers for that matter decide we want to come out at a reunion, haven't we got sense enough to promote it ourselves. If not, we've no business having one.

Gubernatorial Candidate Has 2 Bros. Here

Announcement of Mayor Charlton Brown of Mineral Wells of his candidacy for governor last week was of special interest to residents of Brownfield because Mayor Brown is the brother of E. Brown, our nightwatchman and T. I. Brown, local cotton buyer.

Mayor Brown, termed "the blue-shirted, one-gallus representative of the masses," announced his candidacy from his battered office on the second floor of the city hall in Mineral Wells, according to an article appearing in the Abilene Reporter-News Sunday morning. The Abilene paper carried the following information concerning Mayor Brown's candidacy:

The mayor made no announcement in regard to his platform or the issues he would employ in his race for governor.

"You can tell them," he declared, that Mayor Charlton Brown is in the running. I will have a statement to issue with in the future in regard to the issues of this campaign. There won't be any politics. There won't be anything but a red-haired, freckled fisted old ranch hand that knows the blue shirt and the ones that get inside of it each day of the year.

Old Time Pine Type

"There will be planks in my platform of the old pine type. The type that the common people will know what they are reading about. I know what is going on at Austin. I can answer every question that Col. Hugh Nugent Fitzgerald, Texas' greatest political writer has asked me.

"My platform will be of the cotton stocking and overall variety. I am in the race, blue shirt, one gallus and all."

Mayor Brown's name was first flung into political circles by Mayor J. Waddy Tate of Dallas. Incidentally, Mayor Tate was in Mineral Wells Saturday when announcement of Brown's candidacy was made.

SCUDDAY NEWS

Mr. and Mrs. M. E. Hankins of Levelland spent the week-end visiting in the S. F. Collier home.

Mr. and Mrs. Victor Herring and Mr. and Mrs. J. C. Herring spent Monday in Lamesa.

Mrs. Simmon's parents Mr. and Mrs. Gibbs of Oklahoma are visiting in her home.

Mr. and Mrs. Shorty Walters spent Sunday in O'Donnell.

Mr. Joe Hill left last week for Tishomingo, Okla.

Mr. Perry and family, of Howard county, are visiting Mr. and Mrs. Dunn of this community.

Mr. Walters and family were visitors Sunday in the Norris home.

Mr. and Mrs. E. C. Young were in Brownfield, Saturday.

Mr. Sparkman and family were visitors Sunday in the home of Mr. and Mrs. Sam Walters.

Mrs. Holland gave a party Saturday night. All reported lots of fun and a good time.

Mr. and Mrs. Obannon and daughter of Red River county are visiting Mr. and Mrs. Norris.

Miss Lillian Hill and Mrs. Jack Fowler were in Lou, Saturday.

Miss Wallace of Dickens county, is spending this fall with Mr. and Mrs. Bowerman.

Mr. Young and son, Presley left Monday for Roswell, N. M.

Mr. Clytte and family of Hillsboro, who visited in the A. H. Herring home, left last week for San Angelo.

School started Monday, with a large attendance. Mr. Bowerman, the principal, made a splendid talk on "Education." What we need is a brick school house and modern equipment. Here's hoping that we will have one next year.

Elgie Simmons is visiting in Colorado.

Ernest Norris returned last week

MEADOW BRIEFS
(By Aesculapias)

"Of all sad words of tongue or pen, The saddest of these, 'It might have been.'"

It now transpires according to news from Austin that the members of the Supreme Court had intended when their associates were appointed and there would be just nine, to array themselves in Robes a la U. S. Court and strut forth to awe the rabble and the Hoi Poli into admiration of its personnel. So now sadder still these words we see: it is but it shouldn't ought to be.

I have the utmost respect for our Supreme Court as every citizen should have, but the fewer the better.

We have a singing school now in full swing and the soh fa, la's and do, ra, me's are now wafted on the night breezes. Old Hundred and O what shall I do to be saved are sung with gusto and with the spirit and understanding. Caruso and Shumanheink may look to their laurels in the near future.

The Methodists have closed their exercises and report some twenty conversions, reclamations and additions to the church. The Baptist are billed for an attack on the strongholds in the near future. So Satan will be kept on the run and frost may put an end to his activities, or cotton picking end the chase.

Luther Herrington has returned from Abilene and reports his Mother much better.

I helped a fellow in distress and his check was returned, very cold. If you try to play the Good Samaritan

in these latter days you will wish that, like the Jew and the Levite you had passed by on the other side. That instead of oil and myrrh for his hurts you had furnished Hot Drops and Croton Oil. You can't never tell until the check is returned marked "No Funds"—then go and join the bunch marked, "Easy."

Everybody is going somewhere or have just gotten back, reporting a good time. Mrs. Dr. Moorhead and her two youngest, Thad and Effie May, have just started on a bum into the counties East of here, where they have a few relatives and friends whom they think are very anxious to see them. It is too darned hot down in that region just now, so your correspondent just thought he would wait awhile until the rush was over before venturing out, besides it isn't just the thing to have your wife eternally prying into your affairs or investigating your breath every time you step around the corner with an old friend—I've tried it.

We are still praying for rain and like Elijah, sending a boy out to the hill to see if there is any probability of its being answered. So far the report has been negative. In a few places about Meadow some rain has fallen, but in the greater part it is still extra dry and the bugs and insect suckers are doing their worst.

Borned to Mr. and Mrs. Hindman a boy. This was their first and they appeared very proud of him and of each other and I am sure they were, but wait until number seven or eight makes his exit and he will get a little cold shoulder and a repetition of the usual oath—"there won't be any more on this place." Time however heals the breach and with mingled oaths

and good resolutions we possibly reach the eleventh or sixteenth mark and become grandpa and grandad and go to live with our son-in-law or daughter-in-law and spend the next decade watching our grands while ma and pa attends the movies and sends us to the wash house when company comes in. Then again a little later you join the procession West with a few friends and fewer mourners you join the bunch that knew you best, and lie down to everlasting forgetfulness, or like the dutchman have to go to hell yet.

"There is a divinity that shapes our ends Rough."

I was in Brownfield the other day and chanced to meet Judge Winston at the Courthouse. He was jolly enough but had eaten something that hadn't agreed with him. I guess that it was quantity and not quality of the aforesaid food that caused the disturbance. His wife had given him some Baby Percy and I presume he recovered. His wife should look after him closer or he may swallow a Yo Yo.

FORRESTER ITEMS

All the Forrester community was shocked and saddened to hear of the death of Mr. A. E. McBroom and his son. The bereaved ones have our sympathy.

Several of the singing class at Forrester have been attending the singing school at Gomez, among them being Misses Zoree and Lola Crone, Elma Baldwin, Hazel Ragsdill, Messrs Wilton Thomason, Roy Ragsdill, and Leroy Crone.

Mr. Leo Travis, of Slaton, is visiting his father, Mr. G. L. Travis.

Mesdames Scales and Drury have been canning corn and peas the past week.

The party at Mr. Mathis' Saturday night was enjoyed by a good crowd.

Mr. and Mrs. G. W. Zackery and Mr. G. L. Travis, were callers in the home of Mr. and Mrs. G. W. Crone, Thursday night. Forty-two was the game played.

Mr. Virgil Travis toured to New Mexico, Tuesday, where he will obtain a load of apples to carry to Crane City and return via Slaton to bring his sister home, who has been visiting in the home of her brother.

Misses Zoree Crone and Levis Minnix are said to have caught a fellow Saturday night, but we do not know for sure whether they will keep him or not. And if they do, they will have a hard time talking to him at the same time.

We were very delighted that Mr. Doc Scales found his yo-yo, but sorry to think he gave it to Naomi Drury. Mr. and Mrs. D. M. Minnix and family spend Wednesday afternoon in the home of Mr. and Mrs. J. L. Toole.

Mr. and Mrs. E. W. Scales spent Sunday with Mr. and Mrs. J. A. Forrester.

Several of the young people attended the singing at Happy Sunday afternoon.

The Epworth League meets every Sunday afternoon at seven-thirty. All the young people are invited to attend.

SSS CLUB MUTS

The Scudday SS Club had its regular meeting Thursday night. Everyone reported that their projects were doing fine.

Miss Eunice Morris made an interesting talk about her trip to the A. & M. and also to Galveston. We imagine all of them had a yelling good time.

Everyone is looking forward to the County Fair in Sept.—Reporter.

W. A. Bynum was a business visitor to Midland and Odessa Wednesday.

Official paper of Terry County.

The Itan flats are no longer a bugaboo to travelers on the Bankhead highway. It now has a concrete strip 18 feet wide across this Jonah to tourists from coast to coast.

There is much talk of mad dogs over this section at present. A close watch over the pet is a good idea, and it is said to be a good idea to see that they have plenty fresh water at all times. Heat seems to help in the development of hydrophobia in dogs, as one never hears of a mad dog in winter months.

The Plains Progress says that the agricultural department has discovered that crows are a great aid to farmers in that they destroy beetles. But the would be a hard proposition to put over on Central Texas farmers whose pecan crop they were raiding. Just so with the mocking bird who is thoroughly hated by most grape growers on the Plains.

There is some talk in certain localities where high grade dairy cattle have been disappearing lately to re-instate the old West Texas method of reprimanding cattle thieves. To say the least of it, the sight of their side companions bleaching from the other end of a rope to a telephone pole arm might put a wholesome fear in some of these thieves, and no one would raise much of a fuss over the matter either. A thief is the most despicable animal we have any knowledge of.

Well, we have learned something again yet. Recently rain was reported in the wheat belt of the Panhandle and caused a drop in cotton on the exchanges of \$4.50 per bale. So far as we could see in the dailies, not a drop fell in the cotton belt. When such schemes can be used to depress the products of some 40 million of our people, the exchanges to our no-tion should be pad locked by law and remain closed forever. The rain was reported in Texas, and that's all the cotton gamblers wanted to know. In the meantime the cotton crop in a vast section of Texas was literally burning up. The Herald has some good friends here who play the future market, but as long as any of them are privileged to run, we believe local people should have the same right.

Merchants in general are a set of people whom you cannot bid into running ads in the paper. They will all run ads who believe they get their money's worth in them, and most of them have already reached that conclusion, and there is no argument on that score. But they do like for the paper man or his representative to call around occasionally and see if they need anything in the way of ads or stationery. Business men in general no longer regard the newspaper as a charitable institution or a necessary utility that must be "supported." But on the other hand they are

trying to regard the publisher as a business man the same as themselves despite all the publisher in some cases can do to offset this opinion. Advertising is given the paper because the business man expects to make money on it, and not because he wants to help the publisher. Then there is too much of a tendency on the part of some editors to print every little jib about the non-advertiser that comes along. Some of them are real sarcastic and almost insulting. This does not give the non-advertiser any better taste for advertising, but often causes a resentment that is hard to overcome, and they sometimes go so far as to cause the merchant to almost hate the publisher. Merchants are human and subject to error, and he don't mind so much to have these little failings told him privately, but he does not like having his customers reminded of them constantly in the columns of the paper. If more of the publishers would give a little more space complimentary of the business men instead of all "rasberries" perhaps some of us could increase our advertising inches correspondingly.

When we used to rob chicken roosts with the boys and have an all night chicken roasting party we had lots of fun. But now since we are older and own a few chickens, we just can't figure what the younger generation is coming to—looks like they're a bunch of thieves and criminals. (?) We don't uphold chicken stealing, but it would be mighty hard for us to convict a lad for taking a pullet or two while we can still remember those exciting times we had when we were in our early teens. However, as an after thought, we'd admonish the youngsters to be careful whose fowl they steal, as taking of the lowly hen is now a felony in Texas. Better take dad's, as it is much safer in the long run. This squib will probably let us in for a berating from the women of the community, as they will declare we're trying to corrupt the young people, and are advocating crime. Well knowing that most of the youngsters are either going to hang or go to the penitentiary anyway—'Tis awful, ain't it?—Ropes Hustler.

Business men in our neighboring towns are making a bid for the business of this section. Just to show what is going on, we wish to call attention to the advertising columns of the papers published in these towns last week. Take the grocery business, for instance. The Post Dispatch, published just to our east, carried two big grocery ads using a total space of 75 inches. The Slaton Slatonite carried three big grocery ads using a total of 111 inches. The Terry County Herald, published a Brownfield carried six big grocery ads using a total of 215 inches. After running through these three papers, we picked up a copy of last week's Lynn County News and searched it from "kivver to kivver" and in the entire paper we found one little grocery ad compressed in a space of 10 inches. Now we are not kicking we are not lambasting anybody, we are just putting our merchants next to what their competitors in our neighboring towns are doing. The business men of Post and Slaton and Brownfield are not relying on their chambers of commerce to hold their trade territory for them. They are going out and undertaking to capture new trade territory for their towns. Is it any wonder that they are reaching near Tahoka for business than we like for them to?—Lynn County News

Preacher (filling in date on baptism certificate)—Let me see, this is the sixteenth, isn't it?
Mother—Lord, no, sir! Only my sixth.

WE APPRECIATE THEM

Among our earliest files we recently came upon a little packet of deposit tickets. These slips showed individuals which have been patrons of this bank since 1907.

What long and intimate associations these old records suggest. Attracted by a kinship of history and ideals—cemented ever closer in mutual service and confidence—many of the pioneers of this territory placed their accounts here in the early years and have continuously retained their original banking connection.

We appreciate them and welcome the new ones and place this banks co-operative and comprehensive banking service at their command.

CITATION BY PUBLICATION

In the District Court, Terry County, Texas.

Gomez Independent School District vs. Harley Stapp

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon Harley Stapp whose residence is unknown, to be and appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in the City of Brownfield, on the fourth Monday in August A. D. 1929, the same being the 26th day of August A. D. 1929, then and there to answer a petition filed in said Court on the 15th day of July A. D. 1929, in a suit, numbered on the Docket of said Court, No. 1163 wherein Gomez Independent School District is plaintiff, and Harley Stapp is defendant; the nature of Plaintiff's demands being substantially as follows, to-wit: An action by plaintiff praying judgment against defendant for \$24.62 taxes due plaintiff for the years 1926 and 1927, together with interest, penalties, and costs, assessed and rendered against the real estate hereinafter described, said defendant being the owner and claimant thereof and said amounts as charged as described herein constitute a lien in favor of plaintiff against said real estate; said land and real estate being located lying and being in said School District in Terry County, Texas, to-wit: Tract No. 5 in Section No. 101 Block D-11 as described in partition deed on file in the office of the County Clerk of said county; for order of sale of said property and general and special relief in law and in equity.

Herein Fail Not, but have you before said Court on the first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Witness, (Seal) Rex Headstream, Clerk, of District Court in and for Terry County, Texas. 52c.

CITATION BY PUBLICATION

In the District Court, Terry County Texas.

John Couch No. 1164 vs. Vallie Couch

The State of Texas to the Sheriff or any Constable of Terry County—Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summon Vallie Couch whose residence is unknown, to plaintiff to be and appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in the City of Brownfield, on the fourth Monday in August A. D. 1929, the same being the 26th day of August A. D. 1929, then and there to answer a petition filed in said Court on the 15th day of July A. D. 1929, in a suit, numbered on the Docket of said Court, No. 1164 wherein John Couch, plaintiff, and Vallie Couch defendant; the nature of plaintiff's demand being substantially, as follows, to-wit: Plaintiff alleges that he has been a resident of the State of Texas for more than 12 months last passed and resided in Terry County for 6 months preceding the exhibiting of this petition. That on or about June 15, 1927, plaintiff and defendant were lawfully married and lived together as husband wife until early spring of 1928. That the defendant is high tempered, quarrelsome and hard to get along with; that soon after their said marriage the defendant began a course of harsh cruel and nagging treatment of the plaintiff, that she would not live where he had provided a home for her and would not live with him and care for her family duties; that defendant has so mistreated plaintiff by continually harassing and nagging him until such treatment has made him sick in mind and body and has greatly impaired his health to such an extent that their further living together is insupportable. Plaintiff prays for judgment dissolving the bonds of matrimony existing between them and that he be divorced from the defendant; for general and special relief in law and in equity.

Witness, (Seal) Rex Headstream, Clerk, of District Court in and for Terry County, Texas. 52c.

Terry County Herald \$1.00 in Terry and Yoakum Counties

**Field Day to Be Held
In Terry and Gaines**

The Commissioners Court of Gaines County working in cooperation with the Gaines County Agent, R. B. Davis, broke two ten acre plots by the use of road machinery to a depth of twenty-four inches, in the early spring of 1928. The purpose of these demonstrations which were on the farms of J. E. Woodard of Seminole and O. L. Berry of Seagraves was to demonstrate the possibility of preventing the deep sandy soil common to Gaines county from blowing and make it possible to plant cotton and early grain sorghums on land that heretofore was uncertain in getting early stands.

These plots were broken in the latter part of February and allowed to remain as turned over by the road grader until they were planted the latter part of May 1928. The land adjoining these plots was listed in the ordinary way.

The results of these experiments was that neither of the plots blew before they were planted and all the crops including cotton, kafir and corn came up to a good stand and never suffered in the least from blow sand because the land did not blow. All the crops showed more vigor through out the growing period and were more uniform in size than the similar crops on the adjoining land. In yields the corn on the deep broke land turned out an average of 55% more to the acre, while the kafir showed an average 80% increase over the listed land. The cotton made a good stalk but did not turn out an increased yield because the boll-worms destroyed the majority of the cotton crop.

The experiments have been continued on these original plots and they did not blow this year. At the present writing the crops on these plots are large and promise greater yields than on the unbroken land by the side.

Under the direction of county agents Davis and R. F. McFrittridge more land was broke this year. Two John Deere Tractor Grub Plows were used in the breaking of a total of 125 acres. This land was broken to a depth of 14 to 18 inches. The crops on this year's breaking are showing more size and are holding up under the dry weather at present as well as the listed land.

The two years of experiment with deep breaking show that land will not blow if sufficient amount of the underlying clay is turned up and a clay loam is formed. This new soil is more productive and has withstood dry weather as well thus far as unbroken land.

The cost of breaking was approximately \$5.00 per acre for labor and fuel where a road grader was used and \$2.67 per acre where the tractor grub plow was used. The road grader was a Mogul Russel Grader and the plow was a 20 inch John Deere Tractor Grub Plow. It is the belief that a thirty inch moldboard plow is the kind that is needed making it possible to completely invert a furrow slice to a depth of twenty inches.

There are more than two million acres of this sandy soil in Andrews, Gaines, Terry and Yoakum counties that is covered with this loose shinary sand to a depth of six to sixteen in-

COLLINS DRY GOODS Co.

ches and can probably be turned into a safe farming country by breaking deep enough to bring up sufficient clay.

The idea of deep breaking was produced from road building. It being found that good roads could be built through the worst sand by simply going down and turning up some clay for a top surface. Gaines county has demonstrated this thoroughly by building as good highways through shinary sand as can be found on the Plains.

The deep sand of this region holds moisture better than any land in Texas. A crop is practically assured if it can be gotten through the high winds of early summer. Deep breaking offers a possibility of eliminating the loss of early crops by wind and by preventing winter soil erosion by wind.

A field day will be held in Gaines and Terry Counties on Aug. 27th, for the purpose of inspecting these demonstration fields. Actual plowing demonstrations will also be held showing the best adapted plows and tractors that have been found up to this time. A number of the leading men in agriculture and in plow and tractor fields will attend this meeting. Everyone who is interested in deep breaking is invited to attend this field day. A program of the day and further information will be published later.

R. A. Crawford, of Paris, Texas, accompanied by his daughters, Madolyn and Virginia, are here visiting his daughter and son, Mrs. Boone Hunter, and Paul Crawford. They drove through in 15 hours, and the car registered a bit over 500 miles.

HUNTER NOTES

Our people are all needing a rain, and are looking for it pretty soon, as these Hunter folks always get what they want.

Mr. Lucker, from Plainview, visited his daughter, Mrs. L. L. Simms, over the week end.

Mr. Cecil Smith from Lubbock, is visiting his brother, Mr. Roy Smith and family, this week.

Mr. Garland Simms, who has been working at Roswell, N. M., has returned home for a three week's visit.

Messrs. Hight, Will Cheak, Anton Hansen, have gone to New Mexico just to see the country. We all hope they don't like it better than they do old Terry.

Mr. and Mrs. Claude Williams, of Westbrook, have been visiting Mr. and Mrs. J. B. Williams.

Mr. Jessie Lee Montgomery from Pleasant Valley visited his cousin, Mr. Delmar Montgomery over the week end.

Mr. and Mrs. R. M. Reed left Monday morning for Dallas after a ten day's visit with Mrs. Reed's mother, Mrs. R. B. Offill.

AGED CITIZEN PASSES AWAY

Sam W. Jones, 81, passed away last Thursday morning, August 8th, at about 9:30, after several weeks of suffering. The body was prepared for burial, and after funeral services at the church of Christ Friday morning at 10:45, conducted by Elder Liff Sanders, the body was laid to rest in the Brownfield cemetery.

Deceased was born June 4th, 1848, in Bedford county, Tenn., and married Miss Caroline Farley in 1871. To this union 10 children, 6 boys and 4 girls were born, three dying in infancy. He married Mrs. Lou Holland, August 29, 1894. To this union 8 children, 5 boys and three girls were born, two of them also dying in infancy. All but three of the children attended the funeral. A brother, N. W. Jones of this county also survives him, as well as his wife and 31 grand and 13 great-grand children.

Deceased moved from Nashville, Ark., to Quanah 22 years ago, and has lived in Terry county for the past 11 years. He had been a member of the church of Christ for 61 years, which is more than the average life of most people.

The people of the city showed the esteem in which both the deceased and his family are held here by one of the largest crowds ever seen here in attendance at a funeral. The space in front of the pulpit was literally banked with flowers which had been sent by friends of the family. Songs which were favorites of Bro. Jones were sung by the audience, and a special song was sung by A. L. Burnett, which was said to have been a special favorite of deceased. A great discourse was delivered by Elder Sanders in which he cited passage after passage of promise of hope of future life to those who live uprightly. It is easy for a minister to preach a great funeral oration over a body that has lived the life this good old man has lived.

John Bill Spencer, of Lubbock, is here the guest of his grandparents, Mr. and Mrs. J. L. Randal.

We thank J. E. Bryson, of Tokio for renewal of his subscription.

County Agent Praises 4-H Club Members

By Roy Davis, County Agent
The second Short Course for Terry county club members has passed and Terry County made another creditable showing. We had sixteen girls and twenty-one boys on this trip and among the things that we can be proud of from this delegation are:

First, the group that our girls belonged to and of which Opal Young was Captain, kept the flag which was awarded each day for promptness and good behavior and were complimented by the ladies in charge.

Second, Harlan Howell, was the nomination from this part of the State for permanent chairman of the club meetings. It is doubtful if any other boy who has been in club work only two years has ever before received this nomination.

Third, the judging teams made a veryable showing. Winning third places in two contests with more than

forty teams competing in each, and having high point man, Harlan Howell, in dairy cattle. Harlan won over more than one-hundred and twenty-five boys and received a gold medal as an award.

Last, every boy and girl conducted themselves in such a way so as to reflect credit upon the 4-H Club Organization and the County from which they came.

While the county can justly be proud of the boys and girls that it sent on this trip but the more important fact is that there are about three hundred and twenty-five other club boys and girls in Terry county who have the same spirit and like ability as these thirty-seven who went to the Short Course this year. Terry county will be looking to these other boys and girls to uphold and raise higher the standards that have been set at the two preceding short courses.

It would be impossible to think of Club Work in this county without thinking of such cooperating agencies as the C. of C., Rotary Club, the Farm Bureau and the business men of the county in general. To these

a Million

SIX CYLINDER CHEVROLETS on the road in less than eight months!

Less than eight months have elapsed since the first Chevrolet Six was delivered into the hands of an owner—and already there are more than a million six-cylinder Chevrolets on the road! And the reasons for this overwhelming success are easy to understand.

Into a price field that had hitherto been occupied exclusively by four-cylinder cars—Chevrolet has introduced a six-cylinder car of amazing quality and value. Not only does it offer the smooth, quiet, velvety performance of a great six-cylinder valve-in-head motor—but, from every standpoint, it is a finer automobile than was ever before thought possible at such low prices! Its

beautiful new bodies—which are available in a variety of colors—represent one of Fisher's greatest style triumphs. And its safety and handling ease are so outstanding that it's a sheer delight to sit at the wheel and drive. In fact, the new Chevrolet Six has completely changed every previous idea as to what the buyer

of a low-priced car now has a right to expect for his money.

You owe it to yourself, as a careful buyer, to see and drive this car. For it gives you every advantage of a fine six-cylinder automobile—in the price range of the four and with economy of better than 20 miles to the gallon! Come in today!

SPECIAL RADIO PROGRAM

The Chevrolet Motor Company will present a special radio program Wednesday, August 14, over the Columbia network, 8-8:30, Eastern Standard Time, celebrating the millionth Six-Cylinder Chevrolet, delivered in less than 8 months' time.

CARTER CHEVROLET CO.

A SIX IN THE PRICE RANGE OF THE FOUR

organizations and other individuals the clubs are indebted for a part of whatever success they might attain. In this recent trip to A. & M. College the C. of C. assisted in paying the railway fare of twelve members of the judging teams. Bell-Endersen Hardware, Hudgens & Knight, Ray Brownfield, W. F. Young, T. C. Hogue and R. H. Timmons furnished trucks and cars for transportation to and from Post without cost to the club members. Such assistance was greatly appreciated and lowered the cost of the entire trip to \$26.34.

The Short Course for this year is over. There are other things of equal importance to you club members. In fact the greatest is yet to come. The County Fair is just a month and a half off, Sept. 27-28. A bigger fair is planned this year with twice as many classes and as much total premium money. There is the thirty-five dollars to try for in the fat pig class and other prize money but the greatest prize is that satisfaction of getting that blue ribbon which signifies that you have the BEST. Get you a catalogue and see how many classes you can show in and then prepare your stuff to win.

Cash premiums are being offered this year on club booth exhibits. That is going to be an excellent chance to get some money into your treasury and a better chance to show the county that you can still do things. When I think of the fine exhibits of last year I am wondering just how much you are going to improve yours. Now is the time to start thinking of your decorations and arrangements and it is time to begin locating products to fill the score card.

Last and perhaps the grand prize to look forward to is that chance of a free trip to Chicago. It will be mighty fine for Terry county to have another boy to win this coveted honor and to produce another record as that of Herbert Chesshir's of last year. You know what won for Herbert. It was not luck. It was a pig plus work plus a well kept record book. It will be better to win this year than last for Head-Hargrave & Co. have voluntarily offered to give a new hat and a nice pair of shoes to the boy whose record book is sent to A. & M. College to compete for this trip.

Keep in mind that there are still many things to work for this year and that the honors come to those who WORK to win.

G. W. Luker was in Wednesday, and reported that he has had no rain, but a hard shower fell around Union school, covering a small scope of country.

Fair Catalog in the Hands of the Printer

Copy for the Fair Catalog, including the ads of the merchants is being turned into the hands of the printer and we hope to be able to put them out in the shortest possible time and do other job work that comes up all along.

Most all other counties have done put theirs out, but the copy for the local fair was delayed, and it will necessarily mean that it will be still delayed as printers must have time to do extra work, and keep the regular business well under way.

Chaparones Says Our Girls Act Like Ladies

Dear Member of the 4-H Club Girls Staff of the Short Course 1929:

I want to express my sincere appreciation to you for the efficient and loyal service you rendered during the Short Course as a member of the 4-H Club girls staff. I do not believe I have ever seen a group more loyal or efficient in the discharge of their duties than you girls were. You were not only a credit to the county you represented but to the state organization as well.

I want you to know that the chaperon committee appreciated every thing you did and we considered it a privilege as well as a pleasure to work with a fine group of girls like we had at College this summer.

I trust that each of you will not only complete your work but that the entire club membership of your individual club will complete their work 100%.

I am looking forward with pleasure to knowing you better at some future time.

Sincerely,
Myrtle Murray,
Jennie Camp,
Minnie Mae Grubbs,
Helen H. Swift,
Kate Adell Hill.

County Court Was in Session Last Week

Judge H. R. Winston opened County Court last Monday, which was in session for several days, during which time a number of minor cases were tried or disposed of. One rather complicated case of a four cornered suit nature was tried, but it was too much for the jurors, and they gave it up as a bad job, causing a mistrial. It may possibly come up again, or be transferred to District Court.

The court is sitting this week as a probate court, as several estates are to be probated.

Miss Weebell Hargett of Seagraves, spent Monday night in this city on her way home, after spending the summer taking a special course in the University of Colorado, and making a tour of the interesting parks and places of the northwestern states.

H. D. Heath, Jr. of Decatur, Texas, was up the past week visiting with his parents, Rev. and Mrs. H. D. Heath, Sr.

The Girls' Trip to the A. & M. Short Course

By Dollie McLeroy
Saturday afternoon, July 27, sixteen happy 4-H Club girls filed in a truck that carried them to Post, Texas. Thence we boarded the 11:30 train for College Station, Texas. No one seemed to rest very well that night for we were overjoyed about the trip—but who would not be? We arrived at College Station, about 4:00 o'clock Sunday afternoon somewhat tired but eager to see and to learn everything possible for us during the Short Course. Upon our arrival we first went to our Hall where we got our room numbers for the week. From there we went to the Creamery where we enjoyed our most appetizing supper, served family style. After supper we heard some very interesting talks by Mr. Williams and Mr. Nance.

Monday morning after breakfast we marched to Guion Hall where we elected officers to act throughout the week. We also sang some club songs. At this meeting Mr. T. B. Foster, Denton, Texas gave a lecture on "Beautifying The Farm Home Yard." Monday afternoon Mrs. T. A. Records of Fort Worth, gave a wonderfully interesting lecture on "Beauty Hints." On the following evening Mrs. Lily Pearl Chamberlin, of Arlington, Texas gave a lecture on "Nest Eggs."

Chaperons took all girls to the stadium at the athletic field, 7:30 Tuesday morning, where we had group pictures made. We remained there until 9:00 and went directly to classes from there. Miss Lucile Wilroy of Shreveport, La., gave a lecture on "Saving Time and Energy in House Work." Miss Eula McFarland of Abilene, Texas gave a lecture on "A Well Conducted Club Meeting," and Miss Mary Starr Taylor of Denton, gave a lecture on "The Club Girl's Bed Room."

Wednesday morning we met in Guion Hall where we heard interesting accounts of the most outstanding club work being done in the different parts of the State as told by the respective club members. We attended three classes Wednesday morning. Miss Otis Neighbors of Houston gave a lecture on "Summer Salads." Miss Sadie Lee Oliver of Denton, gave a lecture on "Productive Demonstrations," and Miss Sylvia Weckesser of Houston, gave a lecture on "Planning Community Party."

Thursday we attended two lectures. Miss Mary Anna Grimes of College Station, gave a lecture on "Clothes Line," and Miss Eleanor Howe gave a lecture on "When We Entertain." We were shown around over the Campus Thursday afternoon.

Friday was the day for all judging contests and the last day of the Short Course. We attended two lectures on this day, too. Miss Cora Mae Valton of Dallas gave a lecture on "Knowing Ourselves" and Dr. Jessie Whitacre of College Station gave a lecture on "Lunch Box and Hamper." We gave a program Friday afternoon at the Y Chapel, which I think, was enjoyed by everyone who attended. We attended the last part of the Short Course on Friday evening at the show where we saw the winners of the Short Course contests in addition to a good show.

We left for Galveston, Texas Saturday morning at 4:30 o'clock. We arrived at our destination about 11:00 o'clock, and went directly to the seashore where we spent the remainder of the day gazing at nature's wonders, picking up sea-shells, fishing and swimming. I think most of us felt like changing the "Chigger" song to "Mosquito" song when the mosquitoes began to bite where the sun had already bitten.

We left Galveston at 8:30 o'clock Saturday evening and arrived at Post 2:00 o'clock Sunday afternoon. From there we returned to Brownfield in trucks—a tired but happy crowd were we. I think that we can all truthfully say that, "we haven't as much money as we had before but we know

a whole lot more." We add our shouts:
"Texas Club Work, keep it up. We think it fine and dandy. We'll try to make our State the best And with our work be handy."
Last, but by no means least, we wish to extend our heartiest thanks to the business men of Brownfield for the help they gave us, and especially do we wish to thank Hudgens & Knight and Bell-Endersen for furnishing us free transportation to and from Post. May we be worthy of your assistance and faith in us as the men and women of tomorrow is our hearts desire.

JOHNSON JOYFUL JUNIORS

We are all back from the A. & M. Short Course, and have taken up our work again with higher spirits. Those who made the trip from Johnson are as follows: Misses Minnie Hazel Gore, Opal Malcolm, D. L. Thomason, Bennie Arnet and Alvie Wheatley.

The money for the trip was made by a pie supper July 18th, and a cold drink stand July 21. Also Bill Gore and Willie Arnett went as livestock judges, and we are real proud of them.

We had our club meeting Thursday night, Aug. 8th. We have our meetings every other Thursday night and everyone is invited to visit our club. We have 22 members.

Willie Arnett came back from the A. & M. with a sore ear. We don't know whether it was something the chaperones said to him while he was talking to some of the girls or not.

It was right amusing to watch Mr. Davis teach a woman how to swim while at Galveston.—Reporter.

nie Underdown and E. T. Miller, Defendants.

The State of Texas: To the Sheriff or any Constable of Terry County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Terry once in each week for four consecutive weeks previous to the return day hereof, you summons, Lee Underdown, Plez Underdown, Perry Underdown, Joe Bailey Underdown, George Underdown, Lee Underdown Jr., Fannie Underdown, the heirs and unknown heirs of Lee Underdown, Plez Underdown, Perry Underdown, Joe Bailey Underdown, George Underdown, Lee Underdown Jr., Fannie Underdown, and E. T. Miller whose residences are unknown as alleged by plaintiff, to be and appear at the next regular term of the District Court of Terry County to be held at the Courthouse thereof, in the city of Brownfield, on the fourth Monday in August, 1929, the same being the 26th day of August, 1929, then and there to answer a petition filed in said court on the 15 day of July, 1929, in a suit, numbered on the Docket of said Court, No. 1161, where in, C. B. Quante is plaintiff, and Lee Underdown, Plez Underdown, Perry Underdown, Joe Bailey Underdown, George Underdown, Lee Underdown Jr., Fannie Underdown, the heirs and unknown heirs of Lee Underdown, Plez Underdown, Perry Underdown, Joe Bailey Underdown, George Underdown, Lee Underdown Jr., Fannie Underdown, if deceased, and E. T. Miller are defendants. The nature of plaintiff's demand being substantially as follows:—That on the 1st day of June 1929, Plaintiff was lawfully seized and possessed of the following described land and premises situated in Terry County, Texas, holding and claiming the same in fee simple, to-wit: 10 acres of land in Section No. 112 Block T described as beginning on the south line of said Section 112 at the S. W. Corner of a 10 acre tract of land heretofore deeded to Geo. E. Tiernan by M. V. Brownfield out of said Section for the southwest corner of this tract.

Thence North with the Tiernan's tract west line 297.1 Vrs to the northwest corner of the Tiernan tract and the N. E. Corner of this tract. Thence west 190 Vrs; thence South 297.1 Vrs; thence East 190 Vrs to place of beginning less a tract of land 140X150 feet deeded by T. L. Treadaway to J. B. Vinson. That on the day and year aforesaid said defendants unlawfully entered upon said premises and ejected plaintiff therefrom and is unlawfully withholding possession from plaintiff. Plaintiff prays for title and possession of said premises for costs of suit and general and special relief. Herein Fail Not but have you before said Court on the said first day of the next term thereof this writ with your return thereon showing how you have executed the same. Given under my hand and the seal of said Court, at office in the City of Brownfield this 5th day of July 1929. (Seal) Rex Headstream, Clerk, District Court, Terry County, Texas 52c.

GUEST HONORED

A number of young people were delightfully entertained Thursday evening with three tables of bridge at the home of Miss Mamie Sue Flache, in honor of Miss Leta Alice Cross, of Lubbock. Miss Elizabeth Hargrave won high for the young ladies, a novelty clay pitcher, and Mr. Jap Baldwin won the young men's high prize, a very pretty tie. Miss Cross was given a box of exquisite linen handkerchiefs, as guest prize. Table prizes of dainty bottles of perfume were drawn by Misses Vivian Winston, Kathleen Alexander and Mary Kathryn Anthony.

After a very pleasant evening the guests were served ice cream in cantaloupe halves and cake. Those present were Misses Leta Alice Cross, Kathleen Alexander, Mary Kathryn Anthony, Elizabeth Hargrave, Vivian Winston, Fay Brown and Robbie Hardin and Messrs. Joe Cobb, James Harley Dallas, Jap Baldwin, Paul Crawford, Jack Holt and Dr. Parrish.

SHOWER GIVEN

Tuesday afternoon Mesdames R. B. Collier and Earl Wilson gave, at the home of the former, a shower in honor of Mrs. J. H. O'Connor and her daughter, Mrs. R. E. Hamilton, who will leave August twenty-first for Calinga, California, where they will make their new home. Contests provided an enjoyable evening for the guests until the many beautiful gifts were brought in, which was a complete surprise to the honorees. Mrs. Collier gave a few words of farewell and love in poem form. After the gifts had been passed from person to person, iced tea and sandwiches were served to Mesdames W. W. Ditto, Henry Chisholm, J. H. Williamson, L. F. Hudgens, A. L. Burnett, Liff Sanders, Martin, Dunaway, G. W. Holm, Homer Winston, C. Hudgens, Head, W. G. Harris, W. E. Legg, Chester Gore, Vernal Renfro, A. J. Stricklin, W. G. Hardin, Rogers of Amarillo, Texas and the honorees.

BIBLE CLASS

The Ladies Bible Class of the Church of Christ met Monday afternoon at the church at four o'clock. Mrs. W. W. Ditto led an interesting lesson in Colossians. Those present were Mesdames W. W. Ditto, Claude Hudgens, W. G. Harris, Roy Collier, J. D. Williamson, W. E. Legg, W. I. Lovelace, L. F. Hudgens, Liff Sanders, A. R. Smith, and Grandmother Lovelace.

W. M. U.

The Young Matrons Missionary Society of the Baptist church met Monday afternoon with Mrs. Lawrence Green. The meeting was in form of an inspiring mission program. The hostess served iced tea, sandwiches, and potato chips to Mesdames Pyeatt, Floyd, Joe Price, Bailey and W. W.

Price.

Circle 3 me with Mrs. Tandy in an enthusiastic rally service. The hostess served cake, ice cream and cantaloupe to the members present.

MISS BELL MARRIED

Miss Mary Ann Bell, daughter of Mr. and Mrs. W. A. Bell and Mr. R. F. Quinlan were married Wednesday evening at eight o'clock in the Catholic parsonage, Lubbock, with Father Boeckman officiating. The lovely bride was attired in an ensemble with harmonizing accessories of navy blue and dark brown. Her bouquet was of pink roses, gladioli and sprays of fern.

Mrs. Quinlan is a graduate of Brownfield High School of 1929 class, an accomplished reader, and a favored leader in the younger circles.

After the ceremony, the bride and groom left for Amarillo. The couple will be at home after August 12 in Silverton. Only the immediate members of the groom's family were present. The bride's family and the following were present from Brownfield: Mr. and Mrs. A. W. Enderesen, Mrs. J. E. Shelton, Miss Kathleen Alexander, Miss Faye Brown, Miss Patricia Shelton, Miss Mary Handley Enderesen, and Messrs. James Harley Dallas and Ardmore Healy.

MISSIONARY SOCIETY

Nineteen members of the Missionary Society of the Methodist church went to Seagraves Tuesday afternoon and were entertained with a program by the young people of that place. The Brownfield Society also won a loving cup which it had had at one time in the past.

Mrs. Vernal Renfro and little son, of Amarillo, Texas came in Sunday evening to visit her parents, Mr. and Mrs. L. F. Hudgens.

Mr. and Mrs. A. M. Brownfield returned Friday from Corpus Christi where they have been the last few weeks.

Thomas Dixon Neal, son of Mr. and Mrs. J. W. Neal, returned Tuesday from El Paso, Texas where he has been visiting his aunt and uncle, Mr. and Mrs. Tom Brooten.

Mr. and Mrs. A. A. Sawyer and daughter, Queenelle, returned Sunday from Big Spring and Lamesa where they have been visiting relatives. Mrs. Sawyer's sister, Mrs. Rance King returned home with them for a few days visit.

IDLE WIVES CLUB

The Idle Wives Club was charmingly entertained by Mrs. Jno. King Tuesday afternoon at four o'clock. In bridge Mrs. McDuffie won high score, a pretty pink and green powder set. Mrs. Michie winning next to high. Mrs. King was helped in the

EARLY FALL SHOWING of READY-TO-WEAR and MILLINERY

Collins Dry Goods Co.

servicing of a delicious salad course by Mrs. J. D. Miller. Those enjoying this delightful party were Mesdames E. V. Michie, McDuffie, A. W. Enderesen, Ike Bailey, J. J. McGowan, W. B. Toone, J. E. Shelton, J. D. Miller, W. H. Dallas, Fred Smith, L. M. Wingerd and A. A. Sawyer.

Misses Alta Knox and her friend, Miss Lena Mae Sydow, nurses from the Baptist Hospital, Waco, Texas, are visiting Mrs. W. W. Price, Mrs. H. R. Winston, Mrs. S. H. Holgate, and Mr. and Mrs. Wayland Whisenand of Levelland, over the week-end.

B. K. Bowen, of Post, was over this week to look after his farms, one of which is near Gomez, and the other three miles south of town. He says crops are very poor in the Post section this year.

We learn that there will be a combined singing class at Gomez this afternoon of classes from Forrester, Johnson and Gomez. All are invited.

C. H. Hester dropped in one day last week to renew.

Material is being unloaded at Meadow for the construction of the new \$15,000 Needmore school building.

The world's largest wooden shoe factory is not in Holland, but in Davenport, Iowa.

Mrs. Theo Smith and children of Wichita Falls, are here the guests of her mother, Mrs. C. F. Holt.

Dock Billingly is here visiting his uncle, N. R. Marchbanks and family. Dock lived here several years ago, and may decide to locate here again.

DOLCE FAR NINTE

Applicant—Well, here I am to see about that job you advertised.

Boss—I see. Do you think you can do the work?

Applicant—Work? I thought you wanted a foreman.

Roland Brown, wife and baby of Hereford, are here for a few days the guests of his parents, Mr. and Mrs. E. Brown.

TO A HORSE

O, horse, you are a wondrous thing, no horns to honk, no bells to ring. No license buying every year with plates to screw on front and rear.

No spark to miss or gears to strip; you start yourself, no clutch to slip, no gas bills mounting every day to steal the joy of life away.

Your inner tubes are all O. K. and thank the Lord, they stay that way.

Your spark plugs never miss or fuss; your motor never makes us cuss. Your frame is good for many a mile, your body never changes style; your wants are few and easily met—you've something on the auto yet.—Selected.

Citizen Brings in Some Very Prolific Peaches

J. T. Gillam, one of our progressive farmers brought in some of the most prolific peaches to the Herald office one day last week that we have seen in some time. On one of the twigs reposed four good sized peaches and on the other there were three. They were of the Elberta variety, well formed, but the only trouble was that they were still too green to eat. We hope Mr. Gillam lets the next ones stay on the tree a little longer, and we assure him that they will be more highly appreciated.

Talking about peaches, Mrs. J. M. Williamson brought in some Elbertas last Saturday afternoon that were not only nice, but they had that great old flavor that goes with this variety of peaches. Of course the editor likes to look at "blushing cheeked" peaches, but he had rather eat them than to merely look them over. So remember in bringing fruits to the Herald office that the eatable kind will have our best attention.

HOW WHITE'S LITTLE WAD GREW

By William Allen White in Emporia Gazette:

The Newton Republican contains a gorgeous series of clippings, showing how a stray coyote sighted near Newton turned out to be a man-eater in the New York papers and a flock of wolves in London news.

About a year ago the editor of the Gazette was going to Europe. On the dock the reporters asked him how long he would stay. He said, "until my money gives out."

"How much have you?" asked a reporter.

"A little wad," said the poor editor, modestly, tapping his pocket to show a tiny wallet about the size of a pork tenderloin.

The word "wad" was too much for the reporters. They, or the copy reader got it "chunk" of money. Cabling the word "chunk" to Europe, it became a trunk of money. And to make the phrase euphonious the Paris editor of the New York Herald had the Emporia lading in Europe with "a trunk full of money."

Whereupon the poor editor began getting dirty letters of two kinds. (A) "So you sold yourself to the Republican national committee to abuse Al Smith for a trunk full of money to take a trip to Europe, did you?" Or (B) "So that is what Al Smith gave you for the retraction is it? A trunk full of money. You greedy Judas."

And all the while the little wad of money, a few hundred dollars fairly, decently earned, and carefully hoarded, was shrinking like a cube of ice on a hot sidewalk.

So history is made.

Walter Bond of the Michie Drug Store is off on vacation. "I wonder why Maude claimed she was only 25 when that rich old man was courting her?" "Oh, I suppose she made a liberal discount for cash." Morgan Copeland, wife and baby left this week for a vacation in cool Colorado. The Herald \$1 in Yoakum county

Californian Answers Sheriff Mon. Telford

Dear Editor:

I see in your last week's paper a faint description of California by Mr. Telford who surely wants another run

for sheriff and I hope he gets it. I would like to explain to Mon however that he cannot see California through the windshield going down the paved highways that we have at forty miles per, and no wonder his eyes hurt, he was not use to looking at such beautiful concrete roads—my eyes hurt when I arrived over this way also something else hurt when I ran off of

our paved highway. I will agree with you Mon that some hot weather around El Centro, also around Bakersfield. But you cannot judge California by those two places any more than I could drive up onto some of your sand hills which you have in your county an say never go to Terry county it is all sand hills. I can show you much land in Texas

that is not worth ten cents per acre and it would be a slam for me to say it is all like that. You also can show me California land that is not worth much but don't fool yourself by thinking that it is all like that. You never saw as much barren land in California as you did in Arizona, why not mention some of that. You never saw any of the croplless, weedless, grass-

less land between here and El Paso in your own state did you? I don't blame you it looks bad to both of us. California has a strip of land along her coast from one end of the state to the other ranging from ten to 100 miles wide with a temperature not above 97 degrees in the summer and never below 15 degrees above in the winter. We have everything in the

citrus fruit line, every kind if vegetable, our roads are 100 percent, our pleasure piers, beaches, parks and picnic grounds are always crowded. We have snow capped mountains to visit in the winter and when the snow melts the streams are full of trout, you know the kind Mr. Hoover likes. We also have bathing the year around on the surfs, you don't need a bath every day as you do there but you can take it if you wish and lots of fun while you do. I only wish Mon that you would come out and let me show you when, where and how and you will have a different song to sing to our good Editor who is always glad to leg for Brownfield and her trade territory and he is always right or knows his stuff.

When it comes to California, Monroe, you don't know your lettuce.
F. J. Stewart,
ANAHEIM, CALIFORNIA.

Mrs. W. F. Stewart and son, Fletcher, paid the Herald a short call Saturday. Fletcher left that day for California, where he is now making his home.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Terry County—Greeting:
You are hereby commanded to summon Thomas Denton Moffatt by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 106th Judicial District; but if there be on newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 106th Judicial District, to appear at the next regular term of the District Court of Terry County to be holden at the Court House thereof, in the town of Brownfield, on the 4th Monday in August A. D. 1929, the same being the 26th day of August, A. D. 1929, then and there to answer a petition filed in said Court on the 30th day of November A. D. 1928 in a suit, numbered on the docket of said Court No. 1111 wherein William Arthur Lewis is Plaintiff, and Thomas Denton Moffatt is Defendant, and said petition alleging that on the 1st day of November, A. D. 1928, plaintiff was lawfully seized and possessed of Section No. 33 in Block "E", Cert. 1119, E. L. & R. Ry. Co. survey, in Terry County Texas, holding and claiming the same in fee simple; that on said date defendant unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damage, \$500.00. That the reasonable annual rental value of the land is \$150.00.
That defendant is asserting some claim or interest in and to said land and premises, by virtue of a certain Deed purporting to have been executed by Hattie T. Lewis, of record in Vol 24 page 377 Deed Records of Terry County, Texas, which deed is a forgery and fraud on this plaintiff's rights, and should be cancelled;
That if in truth said deed was executed and delivered by the said Hattie T. Lewis it was so executed and delivered thru threats, fraud, and undue influence, and the same is therefore of no force and effect;
That said deed serves only to cast a cloud on plaintiff's title, and should be by this Court declared null and void, of no force and effect.
Plaintiff prays for judgment for title and possession of said lands and premises, for removal of cloud cast on plaintiff's title, for rents, damages and costs, and for such other and further relief, special and general, in law and in equity, to which he may be entitled.
Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand the seal of said Court, at office in Brownfield, Texas, this 20th day of July, A. D. 1929.
(Seal) Rex Headstream, Clerk,
District Court, Terry County.

Phillips '66'

MOTOR PERFORMANCE THE MAKER INTENDED

Easy starting; quick get-away on a light throttle; flexibility at all engine speeds; smoothness of operation; power, mileage! This is the motor performance the maker intended you should have in your car. Phillips "66" makes it possible.

Easy starting and quick acceleration is obtained through a scientific Control of Volatility. The well balanced heavier parts insure extra power and extra mileage. The result!—a motor fuel that goes far beyond the needs presented by today's fast and merciless driving of high compression motors—a vigorous, able-bodied gasoline—a Phillips achievement. Worth a premium yet sold at regular prices. Try it.
