Editors to Gather at Corpus Christi in June

CORPUS CHRISTI, May 6, 1930.—The program for the entertainment of the members of the Texas Press Association who will meet in convention here Thursday, Friday and Saturday, June 12, 13, and 14, has been definitely decided on. The tentative program outlined last week by W. Grady Kinsolving, entertainment committee chairman, and Sidney King, manager of the local chamber of commerce has been passed on by Sam P. Harben, of Richardson, Texas, who is secretary of the T. P. A. Briefly the program is as follows:

Thursday afternoon, 3 to 5, reception at some place to be designated, for the ladies. Thursday afternoon, 6:30 to 8, fish barbecue, probably on the beach, following which a swim for all who desire will be enjoyed before the return to town where theatre tickets will be given the press members.

Friday a. m. 7:30 to 8:30 a boat ride is scheduled on the bay, and Friday afternoon a trip to Robstown for a chicken barbecue as the guest of Ray Carney. A dance at the Plaza Hotel will bring the guests back to Corpus Christi for the evening.

Texas Press Association members and their families are to be complimented for bathing parties at the bath houses during their stay here, and for a Thursday morning boat ride.

Tickets good for shows any time during the convention are to be given out at the registration desk.

Corpus Christi hotels will compliment wives and one or two small children of the members of the Association if bedded in the same room with parents, making one charge for the room.

ANNOUNCEMENT OF SUMMER SCHOOL

Summer classes in high school work will begin Tuesday, May 27 at the high school building, at 8:00 A. M. Work will be arranged as early in the day as possible so that most of the classes will be over in the morning. Classes will be held on Saturday in order to complete the six week's work in five.

A special evening class will be organized for adults who feel themselves deficient in grammar and sentence structure or for students who wish definite preparation for Freshman college English. Those wishing this work should see Miss Perkins at once.

Tuition for summer school: \$10.00 for one subject. \$5.00 for each additional subject. Payable in advance.

Mary Perkins, teacher.

Muskrats have waterproof fur.

Konjola Ended Neuritis And Kidney Trouble

Well Known Photographer in Waco Enthusiastic About New Medicine.

MR. H. O. BRUBAKER

"I suffered for six years with neuritis, kidney trouble and constipation," said Mr. H. O. Brubaker, well known photographer, residing at 623 1/2 Austin avenue, Waco. "My ankles and my limbs above the knees were badly swollen and gave me considerable trouble. It became an effort for me to walk. My kidneys were out of order making night risings necessary and causing me to lose restful sleep. My eye-sight seemed to be failing on account of these conditions."

"Much to my surprise, I began to get immediate results after taking this medicine. The swelling left my ankles and limbs and I became stronger. I can now go about my work without stopping to rest. I have been relieved of constipation and my eye-sight has improved since taking this medicine. I have and will continue to recommend Konjola to all who suffer from such ailments as I had. Konjola has proven to me that it is a different and wonderful medicine. It certainly proved its merit in my case."

Konjola was not designed to afford mere temporary relief. Taken systematically, over a period of from six to eight weeks, this medicine will amaze sufferers by the results obtained.

Konjola is sold in Brownfield at Alexander Drug Co., and by all the best druggists in all towns throughout this entire section.

TEXAS FAIR LEADS

If there ever has been any doubt in the minds of anyone regarding the rank and standing of the State Fair of Texas, let them read the following official attendance figures for 1929:

State Fair of Texas	963,074
Nebraska State Fair	437,660
Ohio State Fair	437,000
Minnesota State Fair	433,268

Minnesota usually stands next to Texas in point of attendance. A director of the Minnesota Fair visited the State Fair of Texas last October and after making the rounds said: "We have a wonderful fair in Minnesota. Many have often said that it was the largest and best fair in the United States, but we will have to admit that we run second to Texas."

Texas should be proud of their State Fair, not only because of its record attendance, but because it is a great exposition of the agricultural, livestock and industrial progress being made in the Southwest.

Nearly all State Fairs in the United States are given financial aid by the State, but the Texas Fair is self-supporting. Stockholders do not receive a penny on their investment and directors and officers work without salary. Every cent earned above expenses is put back into the fair in the way of larger premiums and permanent improvements.—Editorial in Farm and Ranch.

Dr. I. E. Barr, of Lubbock in preliminary figures on Justice Pre. No. 4, (Wellman) of Terry county, gives the present population as 1201 as compared to 393 in 1920. There were 230 farms in the area. This gives Terry a little over 7300 population with the Meadow precinct still out.

Milly (aged 5): "Were you in Noah's Ark, Grandpa?"

Grandpa: "Why no, child, certainly not."

Milly: "Then why weren't you drowned?"—Capper's Weekly.

PALACE DRUG STORE

"If It's In A Drug Store, We Have It"

The Hon. Carl Williams who represents cotton on the Federal Farm Bureau is coming from Washington to speak on the second day of the WTCC convention. This address and the debate on the Farm Board resolution will be of great interest to the business men of all towns of West Texas who are interested in securing a marketing unit of the Texas Cotton Co-operative Ass'n which operates the Federal Farm Board.

Abilene is well equipped to house the West Texas Chamber of Commerce convention meeting there on the last three days in May. In addition to 1000 hotel rooms, accommodations in homes for three thousand people and with twenty-three tourist camps, some of them being the most modern in the West, a solid carload of cots has been ordered to take care of the hundreds of band boys who will attend the convention.

Challis Chats

The boys were disappointed last Wednesday when the rain had ended their ball game with Pleasant Valley. They were ready to defeat them again and hope the team will come back one day this week so that they may finish the game.

There was a nice crowd at Sunday School last Sunday, but, there should have been more. We were delighted to have as our guests Mr. and Mrs. Word Price and Mrs. Holgate of Brownfield. Sunday night Bro. Vernon brought an inspiring message on "The Richman and the Beggar." God's ministers over the land are doing their part to show us our duty. We should strive, as workers, to do more for the Master.

We certainly enjoyed having these people with us and hope they will visit us again soon.

Mr. and Mrs. Bayne Price had as their guests Sunday, Mr. and Mrs. Pollard and family of Union, Mr. Guthery Cook and son from Leveland.

Mr. and Mrs. Dobbs and family visited with Mr. and Mrs. O. K. Tongate Sunday.

Mr. and Mrs. E. D. Turner visited in her home with her father, brother and sister this week end. Mrs. Turner was formerly Miss Stella Howze.

Mrs. Burson and Dick visited with Mr. and Mrs. Money Price this week-end.

Mr. and Mrs. D. J. Broughton and Mr. and Mrs. Richard Castleberry have as their guests this week Mrs. Toy F. Rodgers and son, Dean of Lubbock and Miss Flora Broughton of Brownfield.

Mr. and Mrs. Moore and family of Gomez visited with their daughter, Mrs. J. O. Freeman, Sunday.

Misses Rodgers and Moon spent the week-end shopping in Lubbock and visiting with Mr. and Mrs. Toy F. Rodgers.

Mrs. Money Price and brother, Dick Burson motored to Seagraves on business Monday.

Mrs. Money Price, Mrs. J. O. Freeman and Miss Hallie Howe went shopping in Lubbock Tuesday.

Challis is now an Independent district. The following were elected trustees Saturday: Mr. Bayne Price, Mr. Evans, Judge D. J. Broughton, Mr. J. H. Howell, Mr. Richard Castleberry and Mr. Henson.

Come to Sunday School!

NOTICE OF REVIVAL

Rev. W. O. Parr of O'Donnell, Tex. and Rev. A. E. Laine, of Lincoln, Ill. will begin a revival meeting at the city Tabernacle, Sunday June 1st at 8:30 P. M. Rev. Parr, a Cumberland Presbyterian Evangelist will do the preaching, and Rev. Laine will have charge of the singing and devotional work. This is to be a co-operative revival and all are urged to take a part in working for the salvation of lost souls. Rev. Parr Preaches 'The Gospel' nothing new, same Old Gospel that has been preached for 1900 years.

Sin puts poison into death's sting.

PIKE'S PEAK TEST JOLTS AMERICA'S MOTOR OIL OPINIONS

Here's How

Some men prefer one kind of motor oil, some another. The jolt comes when the Pike's Peak Tests prove that most of these opinions may be comfortable, convenient, but not correct. The generality that certain brands are better merely because they come from certain States has been quietly exploded. Thousands buy by a respected color or trade mark, and not a few just don't care, and still buy on price. The time is ripe for real facts. By the Pike's Peak Tests, conducted under the supervision of AAA observers, we are prepared to present dependable facts on CONOCO Germ-Processed Oils.

The outstanding results of these Pike's Peak Tests reveal many points of unusual significance. Under the conditions of the tests, which were comparable to severe service, these points were:

Motor Wear... Germ-Processed oil reduced it 76.4% throughout these tests, under that of the other oils used as a group. **Cost of Lubrication**... Germ-Processed oil showed an appreciable saving of 6.1% Oil Economy... wins by 3.5% **Gasoline Economy**... a gain of 7.2% **Loss of Viscosity**... Germ-Processed oil was in 34% better condition after the tests than were the other Oils... shows an appreciable decrease after Germ-Processed oil was used. **Water Temperature**... was lower with CONOCO Germ-Processed Motor Oil.

Remember, CONOCO uses Mid-Continent paraffin base crude, then the "germ-process" is added, which gives this oil that remarkable ability to penetrate metal surfaces. "Penetrative Lubricity."

The Germ-Process is Conoco-owned. And Germ-Process positively will reduce your car-operation expense, and lengthen motor life, by providing Penetrative Lubricity.

We invite you to select any operating condition, no matter how severe, and we guarantee that CONOCO Germ-Processed Motor Oil will meet them better than the oil you have been using!

THE NEW FREE BOOKLET, "Pike's Peak Tests Confirm CONOCO'S Challenge," is ready. It will give you the detailed story of these tests, with photographs. Address Continental Oil Company, Ponca City, Oklahoma, or inquire at the nearest service station displaying the Red Triangle.

About the Men Who Make the Poppies

Every good American who remembers with pride the services of the men who died in the World War and who has any feeling in his heart for the men who came back from the war disabled will buy and wear an American Legion and Auxiliary poppy on Saturday, May 24. Wearing the poppy is the way in which we can all honor the war dead and help the war's living victims. The little red flower is an individual tribute and each has been made individually by a disabled veteran.

Each poppy has a story of its own. The flowers are not machine made but each has been shaped by the hands of some disabled man in a government hospital or one of the convalescent workshops maintained by the Auxiliary. Look at your poppy when you buy it. Examine it, see how it is made and think for a moment of the story behind it.

Perhaps your poppy will be one of those made by a paralyzed veteran in one of the big government hospitals. This man has been confined to his bed for a number of years and probably will never leave it until he goes to his final resting place. He cannot move the lower part of his body but his fingers can fashion poppies with amazing skill. Poppy making fills many long, tedious hours for him and gives him the feeling that he is a man again, earning money for useful work.

Your poppy may be one of the hundreds made by a veteran in another hospital who worked steadily on the flowers as he lay waiting for a very dangerous operation. The night before the operation he worked as late as he was allowed, finishing as many poppies as possible so that in case the operation was unsuccessful there would be the poppy money to send to his destitute family at home.

Again your poppy may be one from the hands of a young farmer, under treatment in a government hospital following a nervous and mental break. Like thousands of men in the service, this man could not stand the strain of war but like many others, his break-down did not come until a number of years after the war. Because he held up bravely until after the time set by the government for connecting disability with service, he could get no compensation and when he was finally forced to go to the hospital his wife and two children were left on the farm without means of support. Money earned by making poppies enabled him to support his family and save his farm during the long period of hospital treatment.

Perhaps the poppy you wear will not be the product of a single disabled man but will come from one of the "Poppy Corporations" organized by the very body disabled. The veterans who are too badly disabled to make the completed poppy by themselves band together in groups of two, three or four and together turn out the flowers. In one hospital where a typical "Poppy Corporation" was working, a blinded man began the flowers, doing the operations he could do without eyesight; another veteran with a shattered hand then took the flowers and carried the work as far as he was able, after which a third man finished the poppies. The earnings were divided among the three and they were able to make almost as much as the abler men.

The disabled veterans are paid one cent each for the poppies they make for the American Legion Auxiliary. The Auxiliary furnishes the material and takes charge of the distribution. For many of the men employed, the poppy money is the first money they have been able to earn since the war. No service work accomplished with the profits from the poppy sale can excel this service to the disabled, which gives them an opportunity to enjoy the strengthening and encouraging experience of again taking their places among the wage earners.

HOBBS BARBER HELD FOR KILLING UNDERTAKER

HOBBS, N. M., May 19.—Charges of murder have been filed against Claude Woods, about 25, half owner of a barber shop, in connection with the killing of H. A. Dobbins, about 55, local undertaker, here last Saturday.

Dobbins fell mortally wounded with three bullet holes through his body. The shooting occurred as the men stood in the rear doors of their places of business, which adjoin. The barber shop building was owned by Dobbins. The shooting was caused, it was reported, by Dobbins' refusal to light a water heater behind the building. He had pleaded that until the heater was fixed it would be dangerous to use it.

Dobbins was shot twice through the stomach and once in the right breast.

The baseball game last Wednesday between the Methodist and Presbyterian ladies drew a good crowd despite the fact that a shower was momentarily expected. The Methodist ladies took the big end of the score. Worth the money, was the general expression of the crowd. The only men connected with the affair were the umpires, and they had to don motherhubbards.

E. B. Avirett, of the Union community, was in the city Saturday.

Texas Crop Prospects Bright, Says Southland

Dallas, May 19.—Texas has much to hope for in the way of crop conditions, according to reports compiled by the Department of Public Relations of the Southland Life Insurance Company. Conditions have changed so rapidly during the past six weeks that an up-to-date report is almost out of the question.

Inspection of the crop condition map must be made with the consideration that many things have changed since these reports were gathered together.

According to conditions as of April 30th, prospects for grain crops in the Northwest and Northeast sections are not as good as might be expected. These conditions, however, are extremely spotted, the Northwest especially reporting "Wheat crop reported a failure in some counties and excellent in others." Except in the South, conditions in regard to grain, including wheat, oats, corn and feed crops, are not especially optimistic. Warm, dry weather, however, would

greatly improve the outlook.

Practically all sections report cotton planting completed. Little, of course, can be predicted about this crop except that the torrential rains of the past two weeks have made replanting necessary in some sections. General business conditions are better over the entire state than in most states—either in the South or North. General average reports show them as approximately 75% to 85% normal. This, of course, is above the average for the entire country.

The cotton crop naturally will depend very greatly upon conditions during the next few weeks, and it is likely that a clear idea may be obtained as to prospects at the end of this month.

The three bright spots on the map this month are the Rio Grande Valley, Gray and Parmer Counties in the Panhandle, and Goliad County in Southeast Texas, where all conditions are reported excellent.

Miss Mabel Hansen was a visitor in the Stricklin home Sunday afternoon. She was accompanied down from Lubbock by her best fellow whose name we failed to get.

G. W. Luker, prominent farmer of the Union community, was in Monday. He reports the soil rather dry to plant in his section.

Announcements

We are authorized to announce all the following candidates for the office indicated for nomination in the Democratic primaries to be held on July 26, 1930.

- For District Judge 106th Dist. Gordon B. McGuire. For District Attorney, 106th Dist. T. L. Price. For County Judge: Geo. W. Neill, W. E. Henson, Jay Barret. For County and District Clerk Rex Headstream. For Sheriff and Tax-Collector J. M. Telford. For Tax Assessor: T. C. Hogue, Sam L. Pyeatt, John W. Cadenhead, E. H. (Elmer) Green. For County Treasurer: Mrs. J. L. Randal, Roy Ragsdill, Mrs. Lula L. Smith, J. T. Pippin. For Commissioner Pre. No. 1 L. L. Brock. For Commissioner Pre. No. 2 J. R. Whitley, W. A. Hinson, S. T. Miller, J. L. (Jim) Langford. For Commissioner Pre. No. 3 J. W. Lasiter, Will C. Brown, R. I. Cook. For Commissioner Pre. No. 4 G. M. (Mack) Thomason. For Weigher Pre. No. 4 P. E. Cates, F. W. Little.

We understand that Hobbs already has two newspapers, and unless that place is many times larger than we hear, they have no need of but one. But with an oil boom on, perhaps two can exist until the liquid gold runs low.

The first fourteen of the Gold Star mothers have reached the graves of their sons just outside of Paris, according to the dailies. While these mothers are reported to have wept some, it is said they bore their grief bravely, and in every way worthy of their dead sons who lie beneath the poppy fields of France.

Lynch Davidson is the choice of Texas editors for governor. Recently the Greenville Messenger sent out 250 post card questionnaires to Texas editors, and of those returned, 82 made Davidson first choice, and 59 as second choice. Dan Moody stood second with 34 votes for first choice and 33 as second choice. Some returned cards with no answers, as they "did not believe in straw votes."

The churches of the United States showed an increase of 300,000 in membership in 1929, according to the Christian Herald's annual religious census. "The church is not dying, as some cynics would have us believe," says Dr. Carroll, compiler of the census. "In a year when business receded, when the membership of hundreds of civil and social organizations dropped notably, it would have been an achievement for the religious bodies merely to hold their own."

Church growth is an index to national decency and well-doing. The curve in church statistics has been upward for several decades. The membership is larger than ever before. But no genuine religious census is possible.—State Line Tribune.

Well, this editor is making preparations to attend the Texas Press Association at Corpus Christi this year if he can make arrangements with Mr. Crush, of the M. K. & T. to haul us on his steam wagon from Rotan and return. We have already paid up all back dues in the association in order to put us in good standing with the press boys, and we have no fear that we will be able to get other expenses on the trip. In fact, we have been promised so many free feeds along the route and after we get there that we are unafraid of starvation. In

For Public Weigher Precinct 2 T. E. Verner, Fred L. Hinson, W. E. (Geba) Culwell

fact, we are kinder on the diet anyway. As there are no feeds promised on the return trip, there is where the real trial will come in, provided we find all the other boys "busted."

Judge Brady got three years in the pen from the Dallas jury. So far as punishment commensurate with the crime was concerned, he got no punishment. That jury had as well turned him scot free. So far as avenging the blood of a helpless young lady, the verdict was a farce; a travesty on justice. Such verdicts as they rendered, after what has been revealed by evidence offered by the state, is one reason why we have lynchings; why we have flarebacks from relatives after the trials. You never hear of a lynching in Canada or England, because they put it to a murderer good and heavy, and such crimes will be reduced in this country when we reach the point of our sister English speaking countries. This was just another proof that you cannot pen a lawyer in Texas, and it is just another proof that the jury system is rotten.

Judge Lynch seems to be rampant of late in northeast Texas, despite what the better class of people and the county and state officers can do. Grayson and Fannin counties have been disgraced, as has Texas by mobs who have taken the law into their own hands. The Herald does not in the least condone crimes such as were committed by either of the blacks, but in the first instance the machinery of the law was doing everything possible to bring the black culprit to justice, and in the second instance they were not even given a show to bring the laws of the state into play. While we have never been in an immediate section where a crime of the first nature was committed by a negro, we can imagine the feeling that such would arouse, but if the officials were doing all they could to clamp the law down, we believe we could wait and see what 12 tried and true citizens would do before we broke forth and lost our better reason. In fact, we can't even imagine any excuse for mob law under any circumstance, stretch our imagination as we will.

Wellman Writings

The P. T. A. met last Friday afternoon, May 16, for the last business meeting this year. They decided to get some one to see after the trees through the summer. It was also decided to take up the Pre-School work after the P. T. A. is discontinued.

Bro. Mitchell preached at the church of Christ Sunday morning and evening. He gave us a very fine sermon and there was quite a crowd attended.

Mr. Stanley Bow was visiting in Wellman Sunday. Stanley now lives at Hobbs, New Mex.

Mr. Melton Hendrick of Rogers, Texas visited Mr. and Mrs. J. D. Roberts last week end.

We are glad to have several of the pupils back in school who have been out with the measles.

Miss Joe Beal of Plains spent the week end with Miss Dailey Roberson.

The closing of school exercises of our school began Monday night with the presentation of a play entitled "A Daughter of the Desert" by the Junior and Senior Classes. All the characters showed excellent training in their parts. The large crowd present attested to the excellency of the play.

Sunday, May 18 was baccalaureate day for the Seniors. Bro. H. G. Verner, pastor of the Baptist church, delivered the sermon to the large congregation. The Seniors are, Dorothy Norton, J. E. Spears, and Dot Oliver. After the baccalaureate sermon there was dinner on the ground. In the afternoon there was singing and the dedication of the Baptist church. Bro. Vinson delivered the dedicatory sermon in a very able manner. Our pastor preached to a large congregation on Sunday night.

Quite a crowd from all the adjoining communities attended the play Monday night.

Scudday News

It is still dry down here at Scudday. The farmers have not done much toward planting their crops.

We are very sorry to say that our school closed last Friday, May 16. We had a nice program Thursday night, also the commencement exercise. Brother Mitchell from Brownfield preached the baccalaureate sermon. Judge Winston delivered the diplomas and made a very interesting talk. We certainly do thank both of them for their kindness. The high school play went over fine Friday night. We are sorry that we did not have room to seat all the people that were present.

Last Friday was joyfully spent out here at Scudday. Friday morning the parents entertained the boys and girls with an old timey spelling match. The women spelling against the men, and of course they won. At twelve o'clock dinner was spread and Boy Howdy we certainly did have the eats, lemonade and iced tea. At three o'clock we started the Junior baseball game, which was with Lou. It sure was an interesting game, or at least Scudday thought so. The score

THEIR BANK - BROWNFIELD STATE BANK - MEMBER FEDERAL RESERVE SYSTEM

BELIEVE IT OR NOT - We will save you the cost of transportation on our line of poultry feeds! BOWERS MILLING CO. - A home institution interested in the welfare of Terry County. Located by the water tower—Come to see us.

was 7 and 4 in our favor. We have a real "peppy" pep squad down her, if you don't believe it just ask Gomez or Lou. Then if you don't believe it, all we ask is, that you bring your Junior baseball team over and we will show you. Lou matched another game with our boys for next Friday. They thought that we girls would not be along to yell and get them excited and maybe they could win. But they are mistaken. We girls are going right along to see the game well played and to yell to beat sixty. The outside baseball team played Midway Saturday. The scores were 11 and 12 in Scudday's favor, and it was a thirteen inning game too. They also played Union Sunday afternoon and won. Brother Johnson preached here last Sunday morning at eleven o'clock. Bro. Mitchell will start a meeting out here next Wednesday night. We would be glad for every one to attend who can. Mr. and Mrs. C. L. Buckner, their son Raymon, Rustle Floyd, Gladys Green and Eunice Norris, were dinner guests in the Will Cunningham home Sunday. Ernest Norris was a dinner guest in the home of R. G. Nutt, Sunday.

No One Knew there was a Woman in England - ABOUT fifty years ago an Englishman came to one of our large American cities. He built up a fortune in real estate. He sold large pieces of property and built hotels. He married. Both the Englishman and his wife died. All deeds and titles to the man's properties, conveyed and mortgaged, were, seemingly, in good order. His will was probated. Everything appeared right. The purchasers of the properties slept in peace. One morning a young Englishman appeared in a lawyer's office in the American city. He had come to "secure his grandmother's dower in the estate." No one had known of an English wife—still alive. Innocent property owners were forced to pay thousands of dollars to an unknown woman across the sea—losses which could have been protected by title insurance. When buying or lending on real estate, your best policy is a New York Title and Mortgage Company Title Policy. C. R. RAMBO - Loans and Insurance - Office E. Organization of Terry County P.T.A. Council

A number of officers and representatives of the different P. T. A. Associations of Terry County under the leadership of Mrs. A. C. Surman, District President of Post, Texas, met at the Brownfield High School, Wednesday afternoon, May 14th and organized a County Council. While the nominating committee was out Mrs. Surman read the objects of the Parent-Teacher Association and gave a financial report of the district. We were pleased to learn that the biggest single item was for books. The following officers were elected and installed: Mrs. Brit Clare of Brownfield, President; Mrs. Lee Fulton of Forrester, Vice President; Mrs. Gould Winn of Wellman, Secretary; Mrs. Money Price of Challis, Treasurer; Mrs. Day of Johnson, Corresponding Secretary.

The suggested by-laws in the County Council leaflet sent out by the state were read by the president and adopted with the exception of dues for membership of each local association. Acting on the advice of Mrs. Surman the dues of each local association in the County Council was fixed at \$3.00 annually.

The organization voted to take action to secure a county demonstration agent.

An invitation was extended and accepted from Johnson to have the first regular meeting there, in August, the day and hour to be decided on later.

We sincerely hope that every local P. T. A. in the county will join us for, "In union there is strength." May all the Parent-Teacher Associations in the county cooperate with each other for the purpose of building better homes, better schools, and better communities for better boys and girls.

Mrs. Bill Allmon and little son, Billie Joe of Floydada, are here visiting her parents, Mr. and Mrs. J. H. Carr and family.

Com. L. L. Brock was a business visitor to the city, Tuesday.

AVERY TWIN-JACK CULTIVATOR

Easy on both man and team

Avery engineers did a big job in eliminating strain on the operator and lightening the work of the team when they designed the famous Jack Rabbit Cultivator. In the Twin-Jack they have repeated their success, this time in a two-row cultivator that is simple to operate—and easy on both man and team.

The Twin-Jack is sturdy, durable, flexible, easy to handle and comfortable to ride. It has a strong, rigid main frame that will not twist or sag under the hardest conditions. The frame is in perfect balance at all times, with the result that manipulation requires

but minimum effort, the horses are spared sore shoulders, and more ground is covered per day with less fatigue.

Each pair of gangs is controlled by two independent levers, the inside lever raising or lowering the pair simultaneously, when desired. By means of an easy pressure on the stirrups the wheels may be angled to right or to left.

We will be glad to explain the many efficient, time-saving features of the Twin-Jack—or demonstrate at your convenience. There is no obligation.

There is a full line of famous Avery walking, riding and tractor plows, tillage implements and Champion harvesting and haying machines

SHAMBURGER

A ball game was held at night in Des Moines recently under 50,000,000 candle power light. Probably because after dark was considered the best time to steal.

The greatness of a man must find its measure in the greatness of his thoughts,—not in the amount of money in his pockets,—not in the bluster of his tongue.

Roy Moreman was here this week from Big Spring on his way home where he held one of his famous wolf-hound rodeos. Roy says that he put his little Ford truck to the test while away, chasing a bunch of antelope, roping wolves from the hood, and one fellow roped a big buffalo from the hood. He showed us where the hood was dented when the big fellow reared up and fell back on the hood. Said he'd likely try some other wild animal in the near future.

Several pounds of old papers suitable for putting under carpets, at the Herald office. First come first served. They are free.

Earl Anthony Sr. is preparing to put in a market and grocery at Hobbs. Earl Jr. will take his place in the "M" System market here.

Joe Bailey, wife and daughter, were here over the week and visiting Mrs. Bailey's parents, Mr. and Mrs. A. M. Brownfield.

Mr. and Mrs. Ben Hurst attended a Masonic program in Lubbock Monday night.

Jim and Dalt Lewis and Hugh Stinson have returned from a trip to Hot Springs, Texas, where they camped.

If the illuminated pastime takes hold you may expect the fans to razz the batteries for being dead or the umpire for his poor lamps.

If there is any encouragement needed at the bat, you can depend on the bleacher boys to shout, "Socket, boys!"

Jim Miller and Tom May were Lubbock visitors Monday.

several days for the benefit of the former's health. The report catches some fine fish while there.

Judge H. R. Winston is limping from a strained ankle received while playing ball one day last week. This was during the fat and lean contest.

Clyde Lewis Dry Goods Co.

Hunter Notes.

Yes, we have been having some sand storms of late, but then the Plains are noted for its sand storms. Mr. Loyd Sims visited Mr. Snow Sunday.

Mr. George Jenkins from over Lahey way visited home folks Sunday. Little Johnnie Way and Dora Fay Jenkins visited their brother, Virgil and wife Sunday.

Mrs. Kemp who has been visiting her sick sister in New Mexico has returned home.

Deward Williams, Buddie Thompson, Lorraine Thompson, Marie Thompson, Alene Holden and 3 more young people from Brownfield were Lubbock visitors Sunday.

Mr. Pascall Goza from Durant, Okla., is visiting his sister, Mrs. Lee Lyon. He is accompanied by his friend Mr. Clayton Wells.

Miss Delma and Thelma Williams visited Miss Leota Atkins over Scud-day way Sunday.

Mr. M. S. Williams was a Hobbs, N. M., visitor Sunday and a Lubbock visitor Monday.

Mrs. Travis Jenkins visited her parents, Mr. and Mrs. Weber Friday over Lahey way.

Mr. and Mrs. Lee Lyon, Pascall Goza and Clayton Wells, were business visitors at town, Monday.

Mrs. Raymond Adams from Brownfield visited her parents, Mr. and Mrs. M. G. Williams last week end.

Mr. and Mrs. R. C. Hall visited in the O. M. Edwards home Sunday.

Mr. and Mrs. L. O. Reatherford from over Lahey way visited the latter's parents, Mr. and Mrs. O. M. Edwards Sunday.

Mr. R. L. Jenkins, Orvis Bockman, Robert Smith, C. G. Smith and others whose names we failed to get, were Wellman visitors Sunday.

Bro. Allen and wife took their little boy to Lubbock Sunday to have his tonsils removed. They were accompanied by Mr. Tom Smith.

R. L. Jenkins says the latest sport is chasing Jack rabbits in a Ford.

Mr. and Mrs. Snow left Monday for Seymour, Texas, upon word received from the Sheriff of that place, saying that their son, Arville had been drowned as he was missing from a fishing party. Foul play is suspected. At time of writing nothing more has been learned concerning him.

Buford Williams is at Post, Texas helping his brother with planting.

Mr. and Mrs. Dube Pyeatt from Brownfield visited Mr. and Mrs. J. L. Lyon Sunday.

Deward Williams spent the week end with his cousin, Buddie Thompson at Brownfield.

Our school will be out next Friday May 30th. A good program will be rendered.

Miss Lorraine Thompson of Brownfield is visiting her uncle and aunt, Mr. and Mrs. E. L. Williams this week.

Mr. and Mrs. Dennis Rentfro of Brownfield visited Mr. and Mrs. Lee Lyon, Sunday.

Elmer Edwards got kicked in the face by a mule last week, but wasn't seriously hurt.

Everett Woodall, C. G. Smith, Albert Buchanan, and Ford Williams were together Sunday.

Mr. and Mrs. Virgil Jenkins and Mr. and Mrs. Lindsey returned last week from Jones county after a very pleasant visit with friends and relatives.

See you again next week. —Blondie.

HARMONY CITIZEN PASSES

Mr. Jeff D. Manning, aged 66, passed away Monday about noon at the family residence in the Harmony community, after a rather extended illness. Funeral services were conducted at the grave by A. L. Burnett of the church of Christ, of which Mr. Manning had been a member for the past five years. Interment followed immediately, in the Brownfield

**Sat. and Sandstorms
Co-partners of Late**

For the past several weeks as sure as Saturday arrives there also comes a good healthy sandy along with it to mar the pleasure of the shoppers as well as the shop keepers. The rest of the week for the most part will be almost ideal, at least decent, and many days will be absolutely lovely, but with the arrival of Saturday, we are greeted with one of those howling, tearing, smothering, disagreeable sandstorms, which is the coon that we have never got up the tree in this country. It is and ever has been the ban to this country and is the only one of all the coons, we lack of having up one tree. But they say they are not all up one tree in any country, so we are still satisfied with old Terry.

None of our prognosticators seem to be able to explain the phenomenon of just why Saturday is the chosen day upon which the rippling waves of the west wind is to play hide and seek with our sandy loam. They are willing to hazard a guess, but are particular to explain that it is a mere guess and no part of their scientific knowledge, but are willing to make a guess for the fun of it. But when we get our Sunday morning dailies, we have the most plausible explanation that one can imagine. It leaves no room for doubt. It is as clear as mud. For right there before your eyes in inch high letter is the explanation in a few words: "A Cyclone Rips Its Way Through—"; "Hail and Floods Play Havoc In Several Texas Counties." This is then set off and proof of destruction varied with a group of pictures of wrecked homes; denuded trees and crops; unroofed homes, schools, churches and business houses.

Once again we shrug our shoulders, take a hitch in our pants and tell the world we are still for Terry.

Fourteen resolutions, having to do with the development of West Texas and of the State, have been submitted for consideration of the Abilene convention of the WTCC. These will be debated on the floor of the convention, voted on by member towns and the result will be the work program of the organization.

Forrester Items

The singing Sunday night was fine and was enjoyed by a very large crowd. Everybody is welcomed to come again.

There was a P. T. A. program at the school house Friday night.

We are very glad to say that Mr. Forrester returned home Thursday and is getting along nicely.

Mr. and Mrs. G. W. Crone and family were guests of Mr. and Mrs. Mack Chambers, Sunday.

Miss Bertha Baldwin visited Miss Claudie Smith Sunday.

Mrs. R. W. Seales and family were Hedley visitors over the week-end.

Little Helen Duncan happened to a painful accident Friday when she caught her arm in a Maytag wringer. Her arm was badly bruised but no bones were broken.

Mr. and Mrs. Charlie Riley and family, Mr. and Mrs. Paul Johnston, Mrs. Johnnie Breazeale and Mrs. John Johnston were guests of Mr. and Mrs. E. D. Duncan, Sunday.

Little Virginia Ruth arrived at the home of Mr. and Mrs. Buster Chambers on May 15.

The Womens Missionary Society met at the home of Mrs. Drury Tuesday afternoon.

Those present were Mesdames Seales, Forrester, Baldwin, Polk, Thomason, Fulton and hostess.

Mrs. O. M. Minnix called on Mrs. W. J. Baldwin Thursday afternoon.

Mr. and Mrs. Cowan and family visited in the home of Mr. and Mrs. Clyde Polk Sunday.

Rev. Weathers is visiting his daughter, Mrs. Floyd. He preached here Sunday morning.

Mr. W. J. Baldwin, Archie and Elma Baldwin visited Mr. and Mrs. W. G. Zachary, Thursday evening. Several games of forty-two were enjoyed.

Mr. and Mrs. G. M. Thomason were Wellman visitors Sunday afternoon.

The Seventh grade had a picnic Tuesday night which was much enjoyed by all.

Business sessions of the WTCC convention will be held in the new Paramount Theatre just complete and equipped at a cost of \$400,000.00. It is seated with 1600 upholstered opera chairs, has perfect acoustics and is provided with the latest devices of regulating temperature.

DeWitt Baldwin has returned to his old home in El Paso. Alson Black has taken his place in the City Barber Shop.

Today, the universal cry is—Swat the Fly. If you keep the flies out of your house with proper screens, you will not be annoyed with swatting. You may buy screens here especially made for your windows or screen wire in any size you wish.

POURING CONCRETE ON SLATON ROAD

Pouring of concrete on Highway No. 7, near Slaton, has started by the J. W. Zempter Construction Company who has the contract to hard surface the road from Lubbock to Slaton.

This is the first unit of work in the \$2,700,000 paving program authorized in Lubbock County when voters passed by a four to one majority a county wide paving issue in December 1929.

This is the only contract that has been let. Other parts of the Lubbock County highway system will have the grade and drainage structures to build before the hardsurfing contract can be let.

The preliminary work on the Slaton-Lubbock link of the highway system had already been made ready for paving several years ago.

The road is expected to be completed about November of this year.

Glen Akers and Miss Christine Harrison, of Fort Worth, were here the past week visiting relatives. Glen has been transferred to the engineering department of Armour & Co., at Chicago, and will leave in the next few days for that city to make his home.

Arthur Scudday, of this city, is holding a revival meeting at Tokio this week.

The Lamesa chamber of commerce are giving all who were not enumerated 10c each to report. They had 3400 people, but it seems like most other places, was not entirely satisfied.

Ed Thompson was in from the farm Tuesday morning and reported that his wife was mending fast and would soon be ready to be brought home from the Lubbock sanitarium.

An American Legion post has recently been organized at Jayton, Tex.

Mesdames Clyde, Clarence and Dalt Lewis were Lamesa visitors Monday.

Immigration and Our Unemployment Problem

More than once attention has been directed in these columns to the studies and findings of the California Joint Immigration Committee. This influential body is composed of representatives of the organization of the American Legion, the American Federation of Labor and the Native Sons. Its investigation appear to have been made with considerable care, and its recommendations are a fair cross-section of enlightened public opinion. As such, they are worthy of serious consideration in legislative quarters.

In a letter addressed to the House Committee on Immigration, the California body asks some pointed questions: "Can the mass of unemployed in the United States be cared for either by speeding up production, or by the inauguration of the dole system, or of the six-hour day and the five-day week in industry, while 450,000 or more aliens are permitted to enter for permanent residence every year, most of them compelled to accept employment on any terms? What will be the result to living standards and to the well-paid American workman who has made national prosperity?"

It would be hard to find sound reasons for the smallest doubt that Congress should do two things: First, make an unprecedented effort to enforce the present immigration act by allowing appropriations sufficient to bar out or ship out the 150,000 aliens who enter the country unlawfully each year; and second, to scale down by progressive stages the number admitted in accordance with law. These are imperative necessities, and the sooner Congress recognizes them as such the better off the country will be and the surer American workmen will be in their jobs.

Every period of widespread unemployment, such as the one from which we are now gradually emerging, rings with new testimony of our shortsightedness in permitting the land to be inundated by hordes of newcomers to compete with our own people in a labor market already glutted. In one respect, the situation is going from bad to worse in consequence of the increasing mechanization of industry. Machinery, in bewildering array, now does the rough outdoor work, whether in building, excavation, tunneling, agriculture, mining, steel making or the construction and improvement of highways and railroads. Every year the catalogues of the machinery houses blossom out with new and ingenious contrivances to do away with man power and to get the job done more quickly and more cheaply. More and more we depend upon steam, electricity, gasoline and compressed air, less and less upon human brawn. This means that large categories of unskilled labor are virtually wiped off the slate. No sound immigration policy can ignore this change of economic conditions.

Organized labor has been somewhat slow to see upon which side its bread is buttered, but every recurrence of industrial depression has helped to teach it that there is a direct connection between lax immigration policies and light diner pails. Once the lesson has been fully learned, we shall not be surprised to see both our lawful and our unlawful immigration reduced to a tithe of their present volume.

When the great body of taxpayers realize what it is costing them for the upkeep of courts, jails, asylums, and other state institutions to care for our alien criminals, defectives and diseased persons, such a clamor will be raised that Congress will be forced to appropriate adequate sums for the deportation of the alien classes which constitute this heavy burden. Possibly our situation will become worse before it gets better, but once conditions are clearly understood, it will be taken in hand with characteristic vigor.

JOHNSON 4-H CLUB REPORT

Our county agent Mr. Roy B. Davis met with us Monday, May 12, and we re-organized our 4-H Club. We elected New Officers as following. President, Bill Gore Vice, Pres. Minnie Hazel Gore Sec. and Tres. Johnnie Joe Plant Reporter, Dorothea DuBose Song and Yell Leader, Lorean Williams.

We are going to keep our old name. We have 21 members enrolled now and expect more. We are working for the honor of having the best club in the county. We are also working for the prize for the most Subscriptions, and we already have quite a few.

Come on Johnson, "Lets show old Terry what we can do this year. Lets Go."

Reporter, Dorothea DuBose

J. M. Story who lives near Seagraves in Yoakum county, had business here Monday, and put in his order with the Herald for an egg stamp. The egg stamp business has been doing nicely lately, besides several last week, three others went off with his Monday.

Lum Whisenant and his crew of workmen are rebuilding the sidewalk crossings on east Main this week. These connections were torn up when the paving was put down.

Bell Represents Southland in Brownfield

Dallas, May 19.—The appointment of W. A. Bell, Sr., as agent in Brownfield and vicinity for the Southland Life Insurance Company has been announced here by the Company. Mr. Bell will be connected with the Neil H. Wright district agency for Southland Life, headquarters of which are Lubbock.

The Southland Life is one of the older life insurance companies of Texas, having been founded in Dallas in 1909. Last November the company purchased the business of the American Life Insurance Company of Dallas and now has more than \$158,000,000.00 of insurance in force.

"Hogging" Must Stop Says Highway Chief

Austin, Tex., May 1.—Hogging the middle of the road, reckless driving and speeding and operating motor cars with imperfect brakes and lights must stop on Texas highways. L. G. Phares, chief of the highway patrol, announced.

An intensive campaign against violators of State highway laws has been ordered, Phares said. Special attention will be given persons driving at reckless and dangerous speed, driving with inadequate lights and brakes and busses and motor trucks occupying the middle of the road and refusing to permit other cars to pass. Phares also placed a ban on speed tests of automobiles on State highways. One arrest and conviction on this charge already has been reported from San Antonio.

The patrol chief said many flagrant law violations had been called to his attention. Numerous accidents, some involving fatalities, have been caused by reckless and careless drivers, he declared.

Plans are under way for a campaign against drivers of cotton trucks who "ride the crowns," Phares added. This is made necessary because of overloading of the trucks. Fear of the load slipping, if the truck is kept to the side of a road with a high crown has caused serious inconvenience to motorists, according to the patrol chief.

A poor joke isn't improved by repetition.

Mr. and Mrs. G. W. Chisholm are taking a short outing in the mountains of New Mexico this week.

What matters it what the world thinks of me so long as I have a clear conscience and can think well of myself?

—THE GIFT SUPREME—

DIAMONDS

DEPENDABLE

I. A. Lowe, prominent farmer of the Scudday community, was in Saturday mixing with the crowd.

Terry county has 76 more voters than it had two years ago. Many counties in West Texas show a decrease, as lots of people in the dryer sections were unable to pay their taxes. Terry has better than 1900.

Hundreds of thousands of Frigidaires

have never required any Service

this is ONE reason why

3 times

as many Frigidaires are now in use as any other make of electric refrigerators

Frigidaire is sold with a definite guarantee—backed by General Motors.

And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired.

If service should be required it is rendered instantly and without removing the machine from the premises.
