

EDITOR SEES SOUTH PLAINS WONDER CITY SUNDAY

Hobbs, N. M., Like Its Predecessor, Borger of the Panhandle, Has Sprang Up Almost Overnight From a Bald Prairie to a Hustling, Bustling Oil City.

For the first time in our lives we got to see a real big oil field and a typical oil field town last Sunday afternoon, when we visited Hobbs, N. M., about 68 miles southwest of Brownfield. We enjoyed the trip immensely, to say the least, but we are just about as close to a boom oil town as we want to be. We struck many Territes while there, among them Marion Craig of this city and Rudolph Moorhead of Meadow, and while both are making money, they have their eyes turned back toward old Terry as soon as the gold ceases to flow into their coffers. Indeed Marion talked as if he had just about sold out and would be back by school time.

We drove down to Seagraves Sunday morning and had a sumptuous noon dinner with Mr. and Mrs. Elmer Roberts. We found that Seagraves is doing nicely, and has some mighty nice buildings since the big fire some two years ago. They, like this city, have some mighty good crops around too, which will live things up for them this fall and make them forget Hoover Prosperity for awhile. Seagraves is a good trading point and destined to make a fine little city.

Immediately after lunch, the host and wife in their car, accompanied by the editor, wife and daughter, Sallie Truman, set out on the less than two hours drive to Hobbs, over good highway. We can't say very much in favor of the one from here to Seagraves. It is just 20 miles from Seagraves to Seminole, county seat of Gaines county, and that little city is making progress despite the fact that it has no railroad. This was the first time we had seen that town since 1917, and a fine new courthouse has been built since then, as well as a number of brick business

houses. Thirty miles due west from Seminole, as the crow flies is Hobbs, N. M., which promoters claim will be the Tulsa of New Mexico, and we can't see why it should not be. With three towns now in close proximity, Hobbs, New Hobbs and All Hobbs, we would judge there are some 8,000 or 9,000 people there now, and they tell us that all the buildings on the west side of the railroad have sprung up in the past two weeks, and there is a whale sized village over there now. We saw the Old Hobbs home, a typical eastern New Mexico home, which two years ago, along with the bald prairie was the only scenery for miles around. Today a sizable city and hundreds of oil derricks rear their heads skyward.

We drove over much of the city and found building going on everywhere. Much of the building now is taking on permanency, and good hotels, stores and hospitals are being built or are already built. Everything was wide open, and if they knew it was Sunday they failed to act the part. Carpenters, brick layers and plasterers were busy everywhere. Big crews were drilling dozens of new wells or laying out foundations for them. The largest well there is said to flow 24000 barrels per day at full capacity, being one of the largest in the world. It is also said that there never has been a duster drilled so far.

There are perhaps thirty or forty lumber yards, 25 or 30 drug stores, and all the big machinery supply houses have plants along the railroad. We even saw a miniature golf course. Yes, Hobbs is some town, but we will remain right here for the present at least.

Roy Davis to Become Hale County Agent

We are very sorry to report that Roy Davis, who has been here the past three years as county agent, has accepted the same position in Hale county, and will move to Plainview some time in September to assume his duties there. While this comes as a distinct blow to this county, we are glad he has shown his worth, and is wanted by a more populous county as an advance in salary. We are hoping we can get a real successor of Roy.

Three years ago, this county was unable to get a full time agent, and Gaines county kindly consented to share Roy with us until each could get an agent. He came to Brownfield as Terry county had more farms than Gaines. This arrangement was continued for one year, after which he was employed as full time agent in Terry county and Gaines got another agent. During this brief time he has formed the largest 4-H club membership of any county in the state according to population, and the largest pig club in the state regardless of population. The boys and girls living on the farms of Terry county regard him as their very best friend and adviser, and his place will be hard to fill. Not only this, but he has become a great aid to Brownfield in civic club and commercial club work, and he and his good wife will be missed by the churches and society in general.

The best wishes of the Herald together with the other citizenship goes with Mr. and Mrs. Davis to their new home.

District Court to Convene Here Monday

District Court will go in session here Monday morning when District Judge Gordon B. McGuire empanels the grand jury and sets them to work ferreting out crime under the direction of District Attorney T. L. Price. As usual, only the grand jury will assemble Monday, and the petit jurors a week and two weeks following, as usual, in order to have something for them to do when the petit jury assembles.

We have not examined the docket for this term, but understand that it will not be heavy, and three weeks of court may finish up matters for this term.

Joe Thompson of Seagraves, was up the past week getting some dental work done.

Rev. Douglas Carver Calls on the Herald

The Herald was pleased Tuesday afternoon to have its old friend in the person of Rev. Douglas Carver call on the Herald. He was accompanied by the singers, Mr. J. L. Blankinship, of Dallas, who with his wife are the song leaders and music directors here for the revival under the auspices of the Baptist church. They were just around saying howdy and getting acquainted with the force that puts out the Herald.

We found "Dug" to be the same old boy that we knew him in his boyhood and young manhood. He still meets you with that famous ear to ear smile and a real hand shake. But he'd be a poor preacher if he tried to meet the public any other way wouldn't he? The family, altogether when they moved to Terry county some 12 or 15 years ago are now scattered to the four winds. The parents have moved back to the old home at Wheeler, and the children are scattered over west Texas and eastern New Mexico, but all are apparently doing well.

Part of the business of both gentlemen was to invite us out to their meeting, which we promised to attend and aim to keep that promise, for we want to hear Dug preach partly out of curiosity, we'll admit, and secondly because we just want to go out to their meeting. However, he asked us not to expect too much, which we take as just a modest way of telling us that he don't claim to be any BIG GUN yet. But he possibly has a long and useful career before him.

Preparations Made For Free Robin Hood Show

Final Arrangements have been made for the showing of Douglas Fairbanks' great film feature "Robin Hood" under the auspices of Clyde Lewis Dry Goods Company and the Central Shoe Company of St. Louis, makers of Robin Hood Shoes. The children of the vicinity are all invited to come an enjoy this great show free of charge.

Every girl and boy is invited to attend. Call for your free ticket at Clyde Lewis Dry Goods Company. Show to be given August 30 at the Rialto Theatre at 9:00 A. M. Free Souvenirs to all. Special prizes to be awarded to winners.

The Herald has had several complaints on its recent editorial concerning tax raises at this time.

Low Bridge

A Bit of Information on The State Candidates

In this issue of the Herald we are giving the readers a sample ballot, and we ask that you make a close study of it in order to cast your vote intelligently. Some have asked us to comment on the candidates just a bit by giving a brief history of each in order to post the Terry county voters as much as possible. This we will do without disclosing how we aim to vote ourselves if possible, as the reader does not care how we aim to vote.

As to the race for governor, we will pass that up, for the candidates are too well known, we take it, and the issues—if any—too closely drawn to need comment from us. If you are for Ferguson, vote for her. If for Sterling, stay for him, but vote for what you consider the best interest of Texas.

In the race for Lieutenant governor, we have Edgar Witt of Waco, and Sterling P. Strong of Dallas. Witt has been a great friend of West Texas in all legislation looking to their interest and we believe the people will make no mistake by voting for him. He is at present a state senator. So far as we know, Strong has nothing to recommend him farther than he tried to use the Ku Klux Klan to break into the U. S. Senate but failed.

In the race for State Treasurer, we have Jno. E. Davis, of Dallas county and Charley Lockhart of Austin. Both are good men and well qualified for the office. Take your choice.

For Attorney General, we have Jimmie Allred and R. L. Bobbitt, the former of Wichita Falls and the later from Lerado. Allred is running on his own merits. Bobbitt is not only trying to tell people to vote for him, which is his privilege, but he is also trying to tell you how you should vote in the governor's race. He may be a good man, but lacks the common sense to take care of his own knitting. He's a politician first. Take your choice.

For Commissioner of Agriculture, we have J. E. McDonald of Ellis county and A. H. King of Throckmorton county. Both are said to be good men and well qualified for the office. King is a west Texas man, and has had experience in farming in both east and west Texas, while McDonald probably has never known the needs of a west Texas farmer. We leave 'em to the mercy of the voters.

The race for railroad commissioner lays between Pat M. Neff of Waco, former governor of Texas, and Gregory Hatcher of Dallas county. Mr. Neff is the present incumbent under appointment, and so far as we know is making good. Both are good and deserving men but Mr. Neff only lacked a few votes in the first primary of getting a majority over all his opponents which is a clear indication that Texas people favor him.

The Santari Barber Shop, which has been under the management of Virgil Bynum for the past month or two, changed hands last week, Mr. Luther Harrell being the present owner.

G. N. Couchman was in from the farm Saturday, and reported a small shower at his place last Friday.

Herald-Alexander to Give Election Returns

Heretofore Brownfield has been depending on a daily paper in a nearby city to supply us in election returns, but during the July primary this service was refused, saying that it was against the law to do this, and it was so near to election time that no other arrangements could be put over. Immediately after that election, Mr. Nelson of the Alexander Drug Co., asked the Herald to try for the Texas Election Bureau Service, which is the only reliable source in Texas. Application was made and the deal was put over at considerable expense. But a night operator will be put on here at Brownfield, and bulletins will be posted in front of the Alexander Drug Store every half hour.

As this service is sold only to newspaper, we are glad to be instrumental in helping Mr. Nelson get it so that the people of Brownfield will have the same service as is given in the larger cities. A good board, well lighted will be put up in front of the store so that all may read. As this promises to be the hottest election old Texas has witnessed in years, a large crowd is expected to attend this big party Saturday night. These bulletins will begin to arrive shortly after the polls close, and will be continued every half hour until 11:30 P. M. And, being a short ballot, and counting machines in the larger centers, we will no doubt know at eleven Saturday night who is the nominee of the democratic party for governor as well as other state officers in this election. You are expected at this party.

Dr. Ligon to Preach At Wellman Sunday

We have been requested to announce that D. S. Ligon, of Lubbock will preach three sermons at Wellman beginning Saturday night. The subject for Saturday night will be "Knowing God." for Sunday morning, "Precious Faith," and for Sunday night, "Seeing and Hearing by Faith."

To Farmers and Business Men of Terry Co.

Guy Gough, of Amarillo, will speak in Brownfield, Monday, Aug. 25th, at 3 o'clock. Every one should hear him as he will explain farmers work also a plan to get a better price for cotton. This is not a new organization, and we want to get this plan before the people in the right light.

We had our annual meeting in Dallas, Aug. 4th, and again employed Mr. W. H. Wolf as cotton salesman. Mr. Gough is one of the best posted men in Texas, and among the best speakers. You are cordially invited to hear him.

How is it the homely girls always manage to marry the best provider?

Rotary Governor Visits City the Past Thurs.

The local Rotary Club had the pleasure of entertaining the 41st district governor at luncheon last Thursday, or should we state that he entertained us. In order to make it more convenient for him, the meeting was set back a day, as he must make a big territory. In fact his territory covers that vast and populous territory reaching from Waxahachie to Dalhart, and from Temple north to the Texas and Oklahoma line, and from Denton to El Paso.

Our present Rotary Governor is Ray Nichols, of Vernon, who is also publisher of the Vernon Record and is serving the State Press Association as president, to which position he was installed at Corpus Christi at the recent session. Mr. Nichols is considered to be one of the leading spirits in his city for the advancement of that city which has made such rapid and substantial growth in the past few years.

He made no set speech to the club here, but gave some good, wholesome, fatherly advice on how a club should be conducted; how to make or ruin a club. The Vernon club is one of the oldest in West Texas, and having been a member for many years, he had some mighty good advice for Brownfield club which was well received. He heartily thanked the club for setting their meeting back one day in order to make it convenient for him.

Brownies Lose Eleven Inning Game Tuesday

The Brownies came home just a bit sore Tuesday afternoon from Levelland, where they let a good opportunity to win pass through their fingers as it were. It is said that the game stood 7 to 2 in favor of Brownfield up to the seventh inning, but some costly errors, of which there were many from then on cost the locals another game. The game went the full eleven innings before Levelland won by a score of 10 to 11. This shattered the aspirations to defeat Tahoka here Sunday and a tied with that strong team.

The locals lost to Tahoka last Thursday by a score of 2 to 1 on the Tahoka diamond when a fielder on the Brownfield team dropped a fly that came into his hand without hardly having to move out of his tracks. The strong Southland team was defeated Sunday by a score of 7 to 3.

But we have our ups and downs in life as well as games, and there is no reason to take the "downs" because we lose once in awhile. We were the underdogs throughout the first part of the split season, and if our boys and their backers will buckle up from this on and play ball, there is no reason why they should not make second place before the close of the season, at least.

Mr. W. H. Collins and two of his clerks, Misses Lil Joe Wilson and Vona Lee Ditto, left this week for the market at Dallas to buy the fall and winter stock for Collins D. G. Company.

MA-STERLING SPEAKERS ADDRESSED VOTERS SAT.

Being that the Heat Was Also Torid Here Saturday, the Writer Was Unable to Take in More than Just Small Doses of Political Fervor. Both Candidates Rascally.

There was certainly some politics in the air here Saturday, and as hot as the day was, politics were some hotter, and oratory flowed in gobs from the bandstand over at the courthouse Saturday afternoon till the world looked level. Of course the Sons of Rest who roost day and night on the benches over there have elected and re-elected governors for us for the past month to their entire satisfaction, but most of the people who have something else to do, here in town, as well as the farm population had no knowledge of their final decision. So two silvertongued fellows came down from Lubbock Saturday afternoon to tell us just how we ought to vote—and why.

According to lawyer Vickers, Lawyer Klett, who represented the Sterling faction, represented the silk stocking crowd, but Mr. Vickers was up in the band stand and we did not see whether he wore cotton socks or not. But he was supposed to represent cotton or wool hose, we guess, as he was everlastingly lambasting the silk stocking crowd what time we heard him. In other words it seemed to us that he was trying to array one crowd against another. But as Terry county people all dress practically alike, no one can make headway in that direction. But we stayed long enough to learn that he had some more tricks up his sleeve.

Later on in the afternoon, when we had sat under a fan for some time, we went back to hear the other side of the argument and expected to hear a defense of the socks they wore, but he was telling us what a poor boy Sterling used to be; how he had struggled to reach the pinnacle of success; how he was willing

Public Schools to Open Here September 8th

The following teachers have been elected by the School Board and will begin their classes September 8th. Miss Roscoe will teach piano, Miss Pickett will teach violin and Mrs. Toone will teach expression and public speaking. All these teachers will have their studies in the grammar school building. Mrs. Dallas will teach piano but will have her studio at home.

Beginning August 25, I shall be in my office from 9 to 12 to meet pupils in the high schools to arrange their course of study. This is important for the pupil and for the school too.

We are to teach health this year. So we urge all parents to see about their children's teeth before school begins. Attention to teeth and tonsils before school prevents a lot of inattention at school.

School will open September the 8th in all of the grades. The first grades will open in the grammar school, the fifth, sixth, and seventh in the old high school building, and the eighth, ninth, tenth, and eleventh in the new high school building.

Sadler and Company Here One Nite Only

Harley Sadler and His Own Company need no introduction to the show-goers of this section. They are truly a "West Texas Institution," having played this territory for the past twelve years.

The one night stand is a new venture for this popular company. And its advent is explained in the following statement by Harley:

We are playing some five or six weeks of one night stands through our established territory, which we feel are justified by existing conditions. The towns and their trade territories that we have played regularly for the past twelve years seem to always enjoy our presence for a week. But with conditions quiet and our increased expense it would be a hardship on some to attend every night for a week. But I feel that they can afford and are entitled to attend one night if they care to do so.

We are beginning our new Tent Theatre which is the largest and most beautiful ever made. We have selected for our play a three-act comedy drama entitled "Toby and the Run Runners," or "Along the Canadian Border."

S. R. Arnold and family have moved back to Brownfield from Kears, Texas.

now to suffer bleed and die to give us some good government, and no mention was made of bath tubs and pianos and breakfast rooms. Indeed, Will Alf Bell and Dick McDuffie were sitting down in front looking upward with their mouths open with an expression as if they were on the brink of tears. But E. M. Kendrick was nowhere to be seen. He knows Ma is right and Jim is clean and that's enough for him. This last orator told us how had Old Jim is and hoped the Terry county voters would pile such a load of votes on them next Saturday that they will never more be resurrected, and he talked as if he meant every word he said.

Just dropping in and out like we did we are not much qualified to judge matters, but it seems to us that it was a typical Ferguson crowd, for there was some merriment, cheering at times and a few amens scattered along. However, the crowd never got vociferous at any time, and many in the audience had the "don't give a hang" expression about them as if they didn't give a son who got the nomination, and that's about the way we feel in the matter. Returning to hear a like portion of the Sterling address we found a major portion of the crowd gone and those left very undemonstrative. In fact, some as described above, looked as if they had lost their best friend, but they may have more votes than they expect Saturday. Indeed, some of them may get a wheel barrow ride around the square. On the other hand, they may have to push the wheel barrow with their friend therein. Who knows and who cares.

Come to Terry.

Rotarians Entertain Lions at Sand Hills

The Rotarians were to have entertained the Rotary Anns and the Lions Club and their wives at the sand hills on Friday night the 8th, but on account of a heavy rain on the afternoon of that day, the entertainment was postponed until last Friday night. The crowd numbering more than 100 with children, assembled on the northeast corner of the square near sundown and left for the sand hills in the Ray Brownfield ranch.

After all had reached the destination the assemblage of the two clubs were called to order by Dick McDuffie of the Rotarians and he delivered a short welcome address. This was followed by Judge W. W. Price of the Lions, in which he responded with feeling for the co-operation of the older with the newer club, as well as giving some high points on the importance of civic clubs after seeing the Lions in actual operation at Denver this summer as an international organization.

A splendid picnic style lunch followed in which the members and visitors were served fried chicken, boiled ham, bread, pickles, and slaw. The drinks were a choice of near beer or soda pop. There was abundance of food and drink for all.

After luncheon, there were songs, music on the violin and guitar by Messrs. Pappy John Powell and Rich Bennett, and even one or two sets of the old square dance and a demonstration of the schottische by some of the couples. There was also a hog calling contest which had to be finally decided between Dr. Graves of the Rotarians and K. W. Howell of the Lions. Howell won by a nick, as Dr. Graves hails from Arkansas. A three round bout between the Sheriff Mon Telford of the Lions and Tom Cobb of the Rotarians was decided by raising the hand of Tom by referee Clyde Gross at the end of the third round. We might add that he almost had to hold up Tom too.

Everyone report a very fine time, and the Lions are already talking a return engagement for the near future. We hope so. We might state that the kids all get their great kick sliding down the sand hills, but we imagine all the bath rooms were put in use after the crowd returned home.

UNION SCHOOL HOUSE SUNDAY

Services will be held at three o'clock in the auditorium. Now that we are at leisure from our work a good attendance is expected.

Geo. E. Turrentine.

Girls Trip to A. & M. Farmers Short Course

"The boys and girls of Texas land have met at College Station, to sing and play and have some fun while gaining information.

Saturday evening, July 26, twenty one of Terrys jolly 4-H club members—three girls and eighteen boys, rolled out of Brownfield in a truck for Post, Texas where we boarded the train which carried us to College Station, Texas to attend the 21st Annual Farmers Short Course during the following week. We arrived at our destination about 5:00 o'clock Sunday evening. After registering we went to our rooms assigned for the week where we retired to sleep the pleasant sleep of the exhausted.

On the following Monday morning the boys and girls met at Guion Hall for an inspirational meeting where officers were elected to serve throughout the Short Course week. We also, gave some club songs and yells, and if you have never heard a real bunch of 4-H'ers sing and yell, you have missed a real treat. Some other things that we did that morning, was to organize the girls into "squads" at their respective Halls. At these meetings the officers of each group or squad were elected, and the girls were given their numbers as to how they were to march to and from the meetings each day for the week. Monday afternoon we marched to the C. E. Building where the weeks work was planned. We were given instructions as to how we should conduct ourselves during the following week. From 7:15 to 8:30 every evening the girls and boys met at the Assembly Hall where a good motion picture show was enjoyed.

Tuesday morning from 8:00 to 10:00 the boys and girls met at athletic field where a large group picture was taken. From 10:15 to 11:30 the girls marched to the Y. M. C. A. Chapel where Mrs. Minnie Fisher Cunningham gave a very interesting

talk on "Home Making and Citizenship." Her talk was one that every girl should have heard because we will have homes of our own someday perhaps. Tuesday afternoon from 2:00 to 3:15 we met at the Y. M. C. A. Parlor and Miss Leloise Davis gave an interesting talk on "Selection of Table Appointments." Wednesday morning from 9:00 to 10:15 the girls met at the Y. M. C. A. Chapel where Mrs. E. E. Davis of Arlington, Texas, gave us an interesting talk on "Texas Legends." She gave the history of our state and how some of the towns received their names. From there we went to the E. E. Building and Miss Mary Anna Grimes gave a lecture on "Selection and Care of Synthetic Fabrics." She gave instructions as to what kind of fabrics to choose, in dress making, and how to care for them. Wednesday afternoon from 2:00 to 3:15 we met at the Y. M. C. A. Parlor where Mrs. Bonner Pennybacker gave a lecture on "Table Etiquette." From 3:15 to 4:30 the girls made a tour of the campus. We visited Main Building and inspected the exhibit of garments in the 4-H club girls appropriate Dress Contest. We, also, saw the 4-H club girls Dresser Scarf Exhibit. From there we visited the Museum Building where many interesting things of the past and present were on display, among them being an old mummy which had been found in Egypt.

Thursday morning from 9 until 10:15 the girls assembled at the Civil Engineering Building where Miss Pauline Jordan spoke on "The Control and Use of The Speaking Voice." From 10:15 to 11:30 the girls met at the Y. M. C. A. Chapel where Mrs. Cora Stafford, 220 Norwood St. Houston, Texas, gave some good suggestions on how to prepare for a party, in her lecture "Let's have a Party." She also taught us several new games. She said that she would be glad to have any one write her who needed or wished new games and etc., for entertainment, for she had bulletins on "How To Entertain" that she would be glad to send upon request. Then, Thursday afternoon from 2:00 to 3:15 we marched to the Electrical Engineering Building where we saw several Team Demonstration's "Beautifying The

Farm Home." Filling The Pantry House." The remainder of the afternoon was devoted to rest and we surely enjoyed it too.

Friday morning from 9:00 to 10:15 we met at the Y. M. C. A. Parlor where Miss Antoinette Ahlschier gave us a demonstration on "Care of the Sick in the Home." From 10:30 to 11:30 we marched to the Physics Building where we heard an interesting lecture on "The Gracious Hostess" by Miss Elenor Howe. She also gave a demonstration on "Cooking a cake," and presented every girl with several good cook books. From 2:00 to 3:15 we met at the E. E. Building where Miss Sadie Lee Oliver gave a talk on "Flower Arrangement," also a demonstration of vase flowers. The lectures of the week were concluded by a talk in the Physics Building, by Miss Cora May Walton on "Knowing Ourselves." Then the whole week of instruction, inspiration and fun was brilliantly "tapped off" with a wonderful show at the College Theatre in the evening.

We bade Aggie land a sad farewell yet a glad one at 6:00 on the morning of Saturday, August 2nd, for Galveston. The leaving of Aggie land was sad because we had learned to love it and the Short Course's so much during the week that we disliked to leave them until another year at least even though we were glad at the thought of being on our way home again. We arrived in Galveston at 11:30 Saturday morning. We enjoyed a two hour cruise around Galveston Harbor on the steamboat "Galvez." We also had the pleasure of being shown over several giant commercial sea going vessels that were being loaded out for different portions of the world. In the afternoon we took a swim in the Gulf, were shown around over a portion of the City and then boarded the train that evening at 8:30 for "Home." We arrived at Brownfield Sunday afternoon at 1:30 o'clock—a tired but happy bunch, and all expressed themselves as having just participated in one of the most wonderful weeks of their lives with a unanimous decision to go again next year "if I have to pay my own way." So give three cheers for A. and M. Our farmers' greatest College.

May Pull Terrapin Race With Election

Ma and Sterling may not be the only race here tomorrow, according to Eddie Black of the Gomez community, for he is picking up all the dry land turtles he can find in order, he says, to pull off the only and biggest menagerie of its kind in this county. When he was in last week, one day, he reported to us that he had at that time in the neighborhood of 40, and was catching them at the rate of several a day.

The idea is to build a net wire pen some 15 or 20 feet across and all the terrapins are released in the center. Out near the net wiring is placed a wicket not unlike those used in playing croquet, and the first terrapin to go through that wicket gets the owner thereof the first prize. Likewise the second one to go through gets his owner the second prize, etc. The terrapin are sold to owners at some \$2 or \$2.50 per, and from this fund is made up the several prizes.

It is said that they held one recently in Hobbs, N. M., in which there was something more than 1000 terrapins used, and the first prize was said to have been \$500. But nothing like this amount is expected to be sold in this city, nor will the prizes be so large. Brownfield had the honor of staging the first wolf-hound rodeo in this section, and it looks as if it will be the first in this section of Texas to put on the terrapin races.

These little animals, or are they fishes or what, that live partly in water, but seem to do equally as well on dry land, are very timid, and are given to sulking if touched. It is said that one fellow over at Hobbs had a terrapin that got about half through the wicket and stopped, undecided whether to precede or turn around. Probably the little fellow thought there was some kind of trick or trap fixed for him. So the owner thereof touched him or her as the case may be, with his cane, whereupon the terrapin went into a sleep and was not aroused anymore. He lost by trying to cheat.

The writer, as stated above, knowing the timidity of these little travelers, asked for information on how they were ever waked up and gotten on the race course after being placed in the center of the ring. We were informed that the method was simple. Instead of being placed on the ground, they were bedded down on tin, and a hot shot from a battery applied to the tin. It always brings quick results, we were informed.

So, if you are a sportsman, you can have fun here Saturday by helping to elect your favorite governor, and at the same time get a kick out another entirely different race.

The terrapin race will be held on the East side of the square.

Sample Ballot

Second Democratic Primary Election held in Terry County Texas August 23rd. A. D. 1930.

"PLEDGE," I Am a Democrat and hereby Pledge myself to support the Nominées of this Primary Election.

For Governor:
Miriam Ferguson
R. S. Sterling

For Lieutenant Governor:
Edgar Witt

J. W. Lasiter
R. I. Cook.

Those having rooms they wish to rent to teachers, please report to W. B. Toome.

Uncle Ike Newberry was in Saturday and reported enough rain to run off the house Friday, and a very good shower this side of his place.

Where boys and girls can go each year. To get some useful knowledge. Last but not least, we have many to thank for the pleasant and profitable week—especially do we wish to thank the Holgate Enderson Hdw. Co., for transportation to and through it all, our greatest desire is to be worthy citizens of tomorrow, made such by the encouragement and assistance so freely given us by those who have faith in us.

Vivian McLeroy

Local Boy Scout Men To Conduct a Drive

The local Boy Scout Committee is completing plans to conduct a financial campaign to keep the work going in Brownfield for the next year. The exact date has not been set but will probably be within the next week or two.

The men comprising the local Scout Committee are: W. R. McDuffie, Chairman, Tom May, Finance Chairman; C. L. Lincoln, H. M. Pyeatt, T. I. Poor, R. B. Davis, Tom Tom Cobb, A. F. Schoolfield, H. R. Winston, J. E. Moore, Rev. E. V. May, Prof. Lawless, and Rev. G. E. Turrentine who is District Chairman and also a Vice-President of the South Plains Area Council, of which Brownfield is a part.

Brownfield has supported this work among its boys for several years and two very fine troops of Scouts have been developed. Troop No. 19 was organized in 1926 and Rev. E. V. May has been Scoutmaster since July, 1927. He has devoted a great deal of time and effort to his troop and has accomplished some very fine results, Lee Brownfield, Ray Brownfield, and Donald King having been advanced to the rank of Eagle Scout, the highest rank in Scouting. The citizens of Brownfield appreciate the leadership he has given the boys in his troop. As Bro. May has resigned his pastorate here, however, Prof. Lawless has been appointed to succeed him as Scoutmaster of troop No. 19, assisted by Dr. Parrish.

Troop No. 45 was organized last March, under the leadership of Mr. J. E. Moore, and has made splendid progress.

We know that "The Boy of Today will be the leader of tomorrow," and crime statistics show that the great majority of criminals enter upon the life of crime prior to the age of twenty-one.

Let's show the men who are devoting their time to boys that we appreciate the sacrifices they are making by putting this campaign over the top.

CHEVROLET MAKES \$40 CUT IN PASSENGER CARS

Detroit, Mich., Aug.—Priced reductions of \$40 on all sport models in the Chevrolet Six passenger car line were announced here today by H. J. Klingler, vice-president and general sales manager of the Chevrolet Motor Company.

The models affected are the Sport Roadster, which is now priced at \$515; the Sport Coupe, reduced to \$615; the Club Sedan, now \$625, and the Special Sedan, \$685. All models formerly were priced \$40 higher.

This latest move of the company brings the price range of the Chevrolet Six to less than the range of the four cylinder Chevrolet at the time of the changeover at the close of 1928. At that time the four was priced from \$495 to \$715, while the nine different passenger models in the six cylinder line today range from \$495 to only \$685, following this latest reduction.

The move of the company comes directly after the announcement that wire wheels may now be had as optional equipment without extra cost on any Chevrolet Six passenger car.

A SAFE GUIDE TO BATTERY QUALITY... the SAFETY POINT

There's a safe way to save money on batteries. Select the battery that offers known quality at a fair price.

You'll find this safety point of battery economy in a Willard. For twenty-eight years Willards have satisfied their owners. Twenty million have been purchased.

Seventy-six makers of cars, trucks and busses pick them as the best battery quality they can hand on to their customers.

Charley Lockhart Asks State Treasury Office

The accompanying photograph is

an excellent likeness of Chas. Lockhart who is making the race for State Treasurer, and the following is an endorsement of him from his

old Snyder friend, "Jimmy" Smith, editor of the Snyder Times-Signal, and also Secretary of the West Texas Press Association, who has known Mr. Lockhart for many years:

"He has long been a resident of Scurry County, Texas, and served said County as County Treasurer for 16 consecutive years and has served for the past ten years as Depository Manager in the State Treasurer's office at Austin. The above services eminently qualify him for the performance of the duties of the office of State Treasurer. He was born and reared in Dallas County, Texas. The greater portion of his life has been spent in West Texas, where he has been prominently identified with every movement of the up building and advancement of this great section of our state. For many years he supported aged and dependent parents. He is married man and has reared a family."

Mr. and Mrs. Paul Robertson left Saturday morning where Mr. Robertson will meet Mr. Jones and the managers of other Jones stores enroute to eastern markets where they will purchase fall stocks. Mrs. Robertson will visit relatives at Denton.

NOW YOU CAN GET A BOX OF SHARI FACE POWDER for \$1.00

In order that people of average means might enjoy the added charm and youthful smoothness that SHARI FACE POWDER lends to the face, a new size of the beautiful silken-package is being offered. The standard quality of the SHARI POWDER has not been changed in any way. You will receive the very same satisfaction thousands of women have had using the large \$2.50 box.

TREASURER'S QUARTERLY REPORT

IN THE MATTER OF COUNTY FINANCES IN THE HANDS OF J. T. PIPPIN Treasurer of Terry County, Texas.

COMMISSIONERS' COURT Terry County, Texas, In Regular Session July Term, 1930.

WE, THE UNDERSIGNED, as County Commissioners within and for said Terry County, and the Hon. H. R. Winston, County Judge of said Terry County, constituting the entire Commissioners' Court of said County, and each one of us, do hereby certify that on this the 12 day of July A. D. 1930, at a regular term of our said Court, we have compared and examined the report of J. T. Pippin Treasurer of said County, for the period beginning on the 30th day of April A. D. 1930 and ending on the 31st day of July A. D. 1930, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of said County, stating the approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and paid out of each fund by said County Treasurer since his last report to this Court, and for and during the time covered by his present report, and the balance of each fund remaining in said Treasurer's hand on the said 31st day of July A. D. 1930, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Articles 1448-1449-1450 and 1451, Chapter 1, Title 29 of the Revised Statutes of Texas.

And we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in hands of the said Treasurer belonging to Terry County at the close of the examination of said Treasurer's Report, on this the 12th day of July A. D. 1930, and find the same to be as follows, to-wit:

Choice of Texans for Railroad Com. is Neff

The people of Texas, at only the July primary, set their stamp of approval upon my qualifications, as is evidenced by the facts that 231 of the 253 counties of the state were for me, and almost two hundred thousand more votes were cast for me than for my run-off opponent, who carried, merely by a plurality vote, only 12 of the 253 counties, not carrying even one county by a majority, says Pat M. Neff.

"My opponent claims that the people of Texas owe him the office of Railroad Commissioner. I wish to say that the people of Texas do not owe me anything. I owe all that I am to Texas, I am seeking an opportunity to render the greatest possible service to the people of Texas, and thus pay in part the debt of gratitude I owe. I have no higher ambition than to be a humble, contributing factor in the making of Texas a better place in which to live, and I know of no better place in which I can assist in the developing of the industrial and economic life of Texas, than in the office of Railroad Commissioner."

Negro Woman Insane — Returned to Okla.

A negro woman went hay wire here last week, and became so unmanageable that she had to be confined in jail the latter part of the week. The population of the town were regaled with some sermons all day Friday, it is said that she

went insane over religion, and at their recent revival had taken a leading part. She seemed to want to get married also, and officers seemed to think the trouble was a combination of both. She was carried back to Oklahoma, Saturday. One of the Harrell boys who disappeared some three months ago, and was thought to be losing his mind, was recently found in Colorado, and brought back by his brother last week with a wrecked mind. Another of these boys was carried to Wichita Falls some three months ago of the same trouble. These conditions are certainly a hard blow to the families and they have the sympathy of all the people here. Children are wise these days at such tender ages that those parents who wishes to have an old-fashioned heart-to-heart talk should schedule it before the sixth birthday.

State Treasurer An Important Official

Voters are apt to get excited over the Governor's race and overlook other important state offices like that of State Treasurer, which is a very responsible and important one. Those who know him say that John E. Davis of Dallas County, for

Relief From Curse Of Constipation

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose. Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store, Alexander Drug Co.

Over-Come Hard Times

eighteen years a member of the Legislature and the past ten years chairman of the Contingent Expense committee of the House, has the ability, the honesty and the industry needed in that office.

DO IT NOW

Before the opening days of school in September a complete physical examination should be made of every child, and satisfactory answer secured to the following questions:
Is the child underweight and why?
Is he anemic—and why?
Is his appetite normal?
Has he any skin disease?
Are the nails, skin and hair normal in appearance?
Are the teeth in good repair, with all defects corrected?
Is there evidence of pyorrhea? Are the gums healthy?
Are the tonsils healthy in appearance?
Is the throat normally pink or abnormally red?
Are the nasal passages open and free from obstructions?
Is the vision normal and are the eyelids in appearance?
Is the hearing normal in each ear?
Are the heart sounds normal?
Is there good, free lung expansion?
Is there any evidence of existing kidney disease?
Has the child been immunized against diphtheria and smallpox?
A good way to discourage a husband is to remind him of the progress his friends are making.
After she's passed fifteen and until she is eighty a woman defines an "old woman" as somebody five years her senior.
Before long the only woman left with redded hair will be the old ladies.

What is reported so low and corn so high that people in the wheat belt are said to be feeding it to their hogs. This is the first time such a condition has arisen in many years.

The Ralls Banner got kinder riled up last week when it was reported at Spur that they were calling for government aid. It may get dry on the Plains, but Plains people are a proud lot and generally take care of their own affairs some how.

The government has "estimated" the Texas cotton crop at more than 14 million bales. Just where they are finding any cotton except in rare spots over the state is more than people who have traveled over it lately can find.

Now is a mighty good time for you to send the Herald to relatives back east, and let them contrast the difference between conditions here and there. Maybe they will decide to come out and help us build up the best country in the world.

Both the Herald and the editor of it are celebrating their birthdays this week. The Herald is now 26 years of age, while the editor has arrived at the half century mark. The editor offers the Herald congratulations, but doubts if they will be returned.

About all we can see in the statement of Jim Ferguson's brother in the daily press is that he is both ungrateful and crude. We cannot imagine anything that might cause us to publicly give to the press and the world our inside thoughts of our brothers. We'd at least keep silence on account of our common parents.

The daily press tells us that a man in some of the northern cities is richer by several thousand because he was stopped by a red light on the streets during which time he bought some kind of lottery ticket that proved to be lucky. We aim to follow his example from now on, not that we expect any dividend, but to keep from getting a ticket from the traffic cop.

It appears to the Herald that it is a shame that a man has to acknow-

ledge that he is ignorant and does not keep abreast of the times in order to become a qualified juror to set on a criminal case. We hope the day will arrive when all people become readers of books and papers to such an extent that the courts will be unable to find a qualified juror so that this old antiquated law will have to be repealed or modified. A well informed man is just as capable of following law and evidence as an ignoramus.

The Herald was undecided until this week which way it would vote in the governor's race until we saw it intimated by the daily press that there would be a big bolt if Mrs. Ferguson happened to be the nominee. This was either to scare people or an expression of fear that she would be the nominee. The second reason is that Mr. Sterling says he will not support the nominee if Mrs. Ferguson wins, and we understand that he contributed \$7000 to the Republican campaign fund two years ago. Therefore if Sterling is a democrat, we are not and vice versa. Still, if he is the nominee the Herald aims to support him in the fall election.

Answering sensational statements that drinking has become more common among American college athletes and that our athletic prestige is suffering accordingly. Mr. Amos Alonzo Stagg, dean of football coaches and director of athletics of the University of Chicago, says that these allegations are "wild statements." "The records of the past ten years are a sufficient answer. Conditions among the athletes at the University of Chicago include no liquor problem whatever. Our athletes are not drinkers nor is there any resentment of spirit of revolt against the rules of training or the prohibition law."

Amarillo has come in for a lot of unpleasant notoriety in connection with the Payne case which is admittedly, one of the most atrocious murders ever committed in this country and it is now up to Amarillo the State of Texas and the legal profession to vindicate themselves by promptly trying and convicting the self-confessed perpetrator of so horrible a crime. Such wide publicity has been given to the case that it is going to be difficult to obtain men who will be sufficiently ignorant of the facts as well as matters in general, to qualify for jurors but it would seem that the usual grilling for glimpses of objectionable intelligence in the venire might be omitted or at least reduced, in the light of the defendant's avowed desire to have the trial, conviction and execution over with as quickly as possible. If he stands by that resolution, we shall have a chance to see whether the judiciary is really an instrument for the punishment of criminals and the protection of society or is merely the plaything of debauched "lawyering." Payne is a lawyer and past experience indicates that the fraternity is likely to rush to his assistance, right or wrong. In view of the frequent miscarriages of justice in this country, it is interesting to know that the court pays no attention to the wishes of the defendant. It listens only to what his lawyer sees fit to do or say and that is the reason that appeals and stays and insanity pleas are so numerous even in cases where the crime is admitted by the defendant. Such proceedings may be in accord with either common sense or justice. Payne has declared that he will not plead insanity and it is to be hoped that his wishes will be regarded in this particular. At that, the leniency shown criminals on account of insanity has no foundation. Insane criminals are every bit as dangerous as sane ones and should be as summarily dealt with—or more so. What is the use of filling up our asylums with murderers just because they are insane—or their lawyers see fit to save their necks by such a plea? We shall shortly be able to view at close range either a splendid example of swift and certain justice or an exposition of what courts and lawyers can do to defeat the purpose for which they were created.—Southwest Plainsman.

MEADOW BRIEFS

"The Last Mile." We are now on the home stretch in the campaign for Governor and if people remain true to their convictions Mrs. Ferguson will undoubtedly sweep the field clear of the sorriest specimen, save one, that ever believed he could impose himself on an unsuspecting electorate. He is also the solitary aspirant for state honors that was compelled to carry a man Friday along to prompt him just what to say and when to say it. On the other hand Woodard is the only one of his kind in Texas that would have probably made a tail to his kite. Woodard is the man, if I mistake not, who introduced the bill in the Legislature to remove the disabilities of Jim Ferguson and helped to put it through. This is the same Jim he is now lambasting. The writer sat in the Senate

Corpus Christi Lady Glad to Praise Konjola

Old Resident Eager to Tell What New Medicine Did For Her After Others Failed.

"I was badly run down and even the simplest foods brought on attacks of indigestion," said Mrs. H. L. Dyer, for more than fifty years a resident of Corpus Christi, Texas, residing at 1337 Ocean Drive, in that city. I bloated terribly after meals and suffered severly belching spells. Constipation was a source of constant worry and I had severe pains in my abdomen after meals. I was unable to sleep at night. "I have taken Konjola but a week and I can say that every ache and pain in my stomach is gone. I can now rest well at night and eat what I wish without any of my former miseries. I have never used a medicine like Konjola and although I am 68 years of age I can do plenty of work. I am more than glad to pass my praise for this medicine on to others." This is not an exceptional case. Konjola does work quickly and none the less thoroughly. It is best in most cases to continue the treatment over a period of from six to eight weeks. Konjola is sold in Brownfield, Texas, at the Alexander Drug store, and by all the best druggists in all towns throughout this entire section.

METHODIST CHURCH

Services will be held Sunday morning, but we will call off the evening service to worship with the Baptists in their meeting at the tabernacle. Let's attend the meeting and receive the good there from. Bro. Turentine will teach the Gospel of Luke at the League Institute at Grassland this week and preach the Consecration sermon Friday night. The Hi League will have a program Sunday evening at 7:30. Special music Sunday morning is promised by the young people.

OLD TIME HARP SINGING AT FRIENDSHIP

We have been requested to announce that there will be an all day Sacred Harp singing at Friendship, in Lamb County, the 5th Sunday in August, which is the last day. All Sacred Harp singers are cordially invited to come and bring their books. This church house can be found one mile south and 9 miles west of Amherst or 5 miles south and 2 miles west of Sudan.

Cotton Leaf Worm May Become Serious

College Station—Predicting general damage to Texas cotton from leaf worm ravages should showers extend over the State, R. R. Reppert, Extension Service Entomologist, has sent emergency suggestions for control to all county agents. Scattered infestations of the leaf worm have been reported as far as the Oklahoma border, but a general campaign for control is unnecessary on the basis of early August information, he says.

In his letter to county agents Mr. Reppert says: "Dusting with calcium arsenate is the approved method of leafworm control, using from three to five pounds per acre. Where dews are not experienced, spraying with the same materials, using about two pounds to fifty gallons of water, will be the best method, keeping the mixture well agitated during application. As long as calcium arsenate can be obtained, we would advise against the use of Paris green, although where necessary this can be used. In the case of dry dust the addition of at least four or five parts of hydrated lime to one part of poison should be used, and in the case of a spray at least an equal amount of the same material should be added. We advise against the use of white arsenic, mixtures of white arsenic and sal soda, or of stock dips.

"All the information that we have at present indicates that poison supplies are adequate to present needs. In the face of sudden demand, however, farmers in some sections may find it difficult to obtain the poison in time to save their crops. It will be well for individual farmers to anticipate their needs by laying in supplies of poison at once to meet their minimum requirements. As we analyze the situation it appears certain to us that farmers in general will have to fight the leaf worm before the present crop is made, except possibly in the extreme western part of the State and in sections of the coastal area where the crop has already been made."

Corpus Christi Lady Glad to Praise Konjola

Old Resident Eager to Tell What New Medicine Did For Her After Others Failed.

"I was badly run down and even the simplest foods brought on attacks of indigestion," said Mrs. H. L. Dyer, for more than fifty years a resident of Corpus Christi, Texas, residing at 1337 Ocean Drive, in that city. I bloated terribly after meals and suffered severly belching spells. Constipation was a source of constant worry and I had severe pains in my abdomen after meals. I was unable to sleep at night. "I have taken Konjola but a week and I can say that every ache and pain in my stomach is gone. I can now rest well at night and eat what I wish without any of my former miseries. I have never used a medicine like Konjola and although I am 68 years of age I can do plenty of work. I am more than glad to pass my praise for this medicine on to others." This is not an exceptional case. Konjola does work quickly and none the less thoroughly. It is best in most cases to continue the treatment over a period of from six to eight weeks. Konjola is sold in Brownfield, Texas, at the Alexander Drug store, and by all the best druggists in all towns throughout this entire section.

METHODIST CHURCH

Services will be held Sunday morning, but we will call off the evening service to worship with the Baptists in their meeting at the tabernacle. Let's attend the meeting and receive the good there from. Bro. Turentine will teach the Gospel of Luke at the League Institute at Grassland this week and preach the Consecration sermon Friday night. The Hi League will have a program Sunday evening at 7:30. Special music Sunday morning is promised by the young people.

OLD TIME HARP SINGING AT FRIENDSHIP

We have been requested to announce that there will be an all day Sacred Harp singing at Friendship, in Lamb County, the 5th Sunday in August, which is the last day. All Sacred Harp singers are cordially invited to come and bring their books. This church house can be found one mile south and 9 miles west of Amherst or 5 miles south and 2 miles west of Sudan.

Brownfield State Bank advertisement with logo and text: A BANK which has back of it years of experience, that gives unfailing courtesy and careful attention to its patrons. A BANK whose policy is to aid and encourage in every legitimate way the development of this country. A BANK that realizes its success is dependent on that of its customers and therefore works for him. A BANK where your business is solicited, appreciated and protected.

chamber at Austin and listened to Dan Moody eulogize the Fergusons, paying tribute to their patriotism and calling on his hearers to give them unmitigated support. They have not changed since then, Dan has, and forgot that it was the Fergusons that made him possible. He swung on to Jim Ferguson's coat-tail until he got what he wanted and traitor, that he is, to friendship, tries to smite the hand that made him possible. Ingratitude is the dirtiest of crimes.

CITATION

To the Sheriff or any Constable of Terry County—Greeting: You are hereby Commanded to summon Verdine Miller by making publication of this Citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 109th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 109th Judicial District, to appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in Brownfield, on the Fourth Monday in August A. D. 1930, the same being the 25th day of August A. D. 1930, then and there to answer a petition filed in said court on the 14th day of July A. D. 1930 in a suit, numbered on the docket of said Court No. 1516 wherein T. L. Miller is Plaintiff, and Verdine Miller is Defendant, and said petition alleging the State of Texas () County of Terry () In the District Court of Terry County Texas, August Term 1930. To the Hon. Judge of said Court: Now Comes T. L. Miller, who resides in Terry County Texas, herein after called Plaintiff, and complaining of Verdine Miller whose place of residence is to plaintiff unknown, hereinafter called defendant, and for cause of action Plaintiff represents to the Court: That he is and has been for a period of more than 12 months prior to exhibiting this petition, an actual bona fide inhabitant of the State of Texas, and has resided in Terry County Texas, for at least six months next preceding the filing of this suit. That on or about Dec. 24th 1928, in Terry County Texas he was lawfully married to defendant then a single woman by the name of Verdine Whitus: That soon after their marriage the defendant began a course of cruel harsh treatment of defendant plaintiff, and improper conduct toward plaintiff, he was forced and compelled to permanently abandon her, since which time they have not resided together as husband and wife. Plaintiff alleges that at time of his said marriage he was a widower, with several of his minor children with him, some of tender years, that Defendant became very cruel, and harsh with them slapping and beating them, that when Plaintiff protested, on or about January 1st

Can be had from our cooling plant; also sweet milk milk and cream as cold as ice with all the animal smell and taste gone. Why not get the best at no advance in price? Phone 184—City.

LEE TANKERSLEY

A great many of our farmers are reporting leaf worms, and some are poisoning. One farmer said here Saturday that he tried some big tumble weeds to his cultivator and drug through his cotton and found it a fine remedy. He does this at from about 10 in the morning until 4 in the afternoon, and all worms that drop off on the hot sand wiggle about three times and give up the ghost, he says.

Mesdames Marshall Bullock and W. B. Downing were Lubbock visitors Thursday.

Forrester Items

The meeting which has been going on all week closed Sunday night.

Mr. and Mrs. Lee Fulton, Misses Frances and Alice Montgomery, Gladys and Myrtle Mae Scales and Mr. Malcolm Scales visited the Carlsbad Cavern Saturday.

Mrs. G. M. Thomason entertained her Sunday School class Sunday with a big dinner. They also went kodaking.

Mr. and Mrs. Buster Chambers and Mrs. Walter Chambers left Sunday for Oklahoma where they will visit among relatives.

Mrs. Frank Drury and daughter, Naomi were Meadow visitors Monday.

Mr. and Mrs. Frank Mathis and Miss Elma Baldwin visited in the home of Mr. Travis, Sunday.

Mr. and Mrs. Davis and Brother Gibson visited Mr. and Mrs. W. J. Baldwin Sunday.

Mr. and Mrs. G. W. Crone and family visited Mr. and Mrs. Arthur Erwin Sunday.

Mr. and Mrs. J. A. Forrester and Miss Helen Rogers visited Mr. and Mrs. W. J. Baldwin and family Saturday evening.

We are glad to say that Mr. Forrester is able to go to town gain.

Miss Elma Baldwin visited Mrs. Lonnie Reatherford of Lahey Saturday.

Mr. and Mrs. Jeff Cowan and Misses Addie Mae Mathis, Cleo Chambers, Bertha Baldwin and Naomi Drury visited Mr. and Mrs. Clyde Polk and family Sunday.

Brother Gibson was the guest of Mr. J. A. Forrester Saturday night.

The Nazarine meeting starts here Wednesday night.

Mr. and Mrs. Bill Johnston and Mr. and Mrs. Ted Brown of Artesia, New Mexico were here Thursday visiting relatives and friends.

Miss Louise Duncan has been visiting her uncle, Mr. Erwin Duncan the past week.

Mr. and Mrs. Erwin Duncan and family visited Mr. and Mrs. John Johnston of Scuddy Thursday night.

Mrs. G. M. Thomason visited her sister, Mrs. Comstock of Tokio last Tuesday.

16,987,570 GAIN FOR U. S. IN POPULATION

Washington, Aug.—The forty-eight states and the District of Columbia have 16,987,570 more persons than they had in 1920.

The census bureau Friday announced the 1930 compilation as 122,698,190, as compared to 105,710,620 in 1920, a gain of 16.1 per cent.

The total of continental United States and its possessions and territories exclusive of the Philippines, was 124,848,664. In 1920, including the 10,350,640 in the Philippines, the total was 117,859,495.

The census law does not apply to the Philippines Islands. A compilation is taken there as the insular government directs, the last count being in 1928. This was the figure added to the 1920 census.

The revised figures as announced by the bureau gave Texas a population of 5,821,272, an increase of 1,158,044 or 24.8 per cent since 1920. The preliminary reports showed a population of 5,810,683, or an increase of 1,147,455 or 24.6 per cent.

J. L. Williams was through here the past week on his way from Calif. to Arkansas. He stopped over here with relatives a day or two.

Antone Hansen had us send the Herald to his friend, Martin Bruce, at Hutto, Texas.

Tremendous Power from the Wind

The Aermotor Co. is now making a self-oiling windmill 20 feet in diameter. If you have a well 1000 feet deep, or if you want to raise a large quantity of water from a shallower well, this is the windmill you need. This new Auto-Oiled Aermotor weighs nearly 2 1/2 tons without the tower. It is a giant for power.

Whatever your water requirements may be there is an Auto-Oiled Aermotor of the right size for the work. They are made from 6 feet to 20 feet in diameter. Use the smaller sizes for the shallow wells and the larger ones for the deep wells or large quantities of water. Our tables, sent upon request, tell you just what each size will do.

The Improved Auto-Oiled Aermotor, the genuine self-oiling windmill, is the most economical and the most reliable device for pumping water. It works every day and will last a lifetime.

Every size of Auto-Oiled Aermotor has double gears running in oil. All moving parts are fully and constantly oiled. One oiling a year is all that is required.

The Auto-Oiled Aermotor is made by the company which originated the steel windmill business. For full information write

STERLING AND DALLAS NEWS MISREPRESENT THE FACTS

On July 21, 1930, on the front page, part two, of the Dallas News, appeared an article with the following heading, "The A B C of the Sterling Highway Financing Program."

This article deals with questions and answers regarding Mr. Sterling's proposed \$350,000,000 bond issue. One of the questions and answers is as follows:

Question—"Has this plan (state wide bond issue) been considered in other states?"

Answer—"Yes 21 states now have it in operation."

We refer the reader to the first article in this issue of the Texas Tax Journal, and especially to that part of it showing the number of states that have state-wide bond issues and the number that do not have them. This information, direct from the Governors of these several states, is reliable, and this information discloses that only 20 states have state-wide bond issues and that 23 do not have state-wide bond issue.

Every vote Mr. Sterling received on July 26, 1930, on this statement was a vote received by misrepresentation of the facts.

As California is alluded to as the great, progressive state with reference to road building, we quote Governor Young's telegram as follows: Sacramento, Calif., Aug. 2, 1930. Texas Tax Journal, Austin, Texas.

"Last bond issue for highway construction in California in 1919. After expenditure of funds derived from this bond issue California abandoned insurance of bonds to finance highway construction and adopted Gasoline Tax as means of financing. This painless form of taxation has proved more effective and far more satisfactory than old method."

(Signed) C. C. Young, Governor.

—Texas Tax Journal.

Mr. and Mrs. Clarence Settles, of Fort Wingate, N. M., left last week to visit her parents at San Antonio, after spending a part of their vacation her visiting his parents, Mr. and Mrs. J. W. Settles.

We understand the South Plains ginners at Lubbock last Saturday decided not to cut the price of ginning, the price to remain at 40c as last year.

WITT IN RUN-OFF FOR LIEUTENANT GOVERNOR

Senator Edgar E. Witt, of Waco is in the run-off in the Lieutenant Governor's race.

Senator Witt has served for twelve years in the state senate, having been elected while away in the army and having been re-elected two times since. He has an enviable record in the legislature, having been one of the leaders in public school legislation, university legislation, tax equalization matters, judicial and penitentiary reforms.

He has expressed gratification at the high vote given him in the first primary and believes that he will win by a large majority on the 23rd of August. Numbers of the supporters of former Senators Darwin and Parnell and of M. L. Hair, Virgil Arnold and Jimmie Rogers who were eliminated in the first primary, have assured Senator Witt of their support.

Senator Witt made a six weeks campaign before the first primary, visiting over 100 Texas counties. He will begin his run-off campaign with a speech at Hico Saturday August 9 and will conduct a vigorous campaign up till August 23.

We are requested to announce that the South Plains District of the Christian Missionary Society will meet in Lubbock, August 28-29. A great meeting is promised, and delegates are expected from this city.

J. M. Morgan of Big Spring, and head of the Morgan Construction Co. now building the high school building and the gymnasium, was up the past week-end looking after business.

Dr. and Mrs. Treadaway and daughter, Miss Mozelle have returned from California. The doctor studies the latest methods of treatment while out there.

Mr. M. B. Sawyer has purchased the Alexander residence on east Broadway, where Prof. Toone has been residing the past two years. This is one of the best homes in the city.

Lee Hunter of Marlow, Okla., spent Monday night in Brownfield, the guest of his uncle, Boone Hunter and family. He and wife, newly wed, were on their way to Carlsbad Caverns.

POSTERS SENT OUT WARNING INDUSTRIES

The National Better Business Bureau has just released another nationwide warning through 7,500 posters to industries throughout the country reminding executives and employees alike that signing on the dotted line on any printed form is not just a formality.

"Read Before You Sign" is one of the slogans of the National Better Business Bureau. The warning has to be preached to business executives as well as industrial and office employes. The Bureau reports that swindling schemes based on getting a signature on a printed form involves a principle that a slick salesman works on business men as

readily as on individuals who are not trained to be cautious about what they sign.

According to the Bureau, those who "trip on the dotted line" range from the officer of a large corporation who signs what he thinks is a questionnaire, which in reality is a bonafide contract to the housewife who signs a form which the salesman on her doorstep says "is merely a formality," but which is a commitment to buy something and usually at an exorbitant price.

The Bureau's warning reads in part: "Don't be misled into thinking signatures are unimportant. They are very important. Read before you sign. If the salesman's representations are not borne out in the printed agreement, don't sign."

IT'S WISE TO CHOOSE A SIX
Announcing a new production record
2,000,000 Chevrolet Sixes now on the road

Since January, 1929, Chevrolet has produced and sold over 2,000,000 six-cylinder automobiles—nearly five times as many as any other manufacturer has ever built in an equal length of time.

These 2,000,000 buyers have chosen Chevrolet because it offers many desirable qualities not obtainable in any other car so low in price—

—the smoothness, silence and flexibility of a modern six-cylinder valve-in-head engine—the greater comfort and roadability of a modern, full-length chassis—and the style, safety and distinction of bodies by Fisher.

Yet, despite these fine car advantages, the Chevrolet Six is unusually economical. Its gas, oil,

SIX-CYLINDER SMOOTHNESS AT LOW COST

Farmer Delivers Every Other Bale Up to 20

Just how the new cooperative marketing system for the handling of cotton sponsored and financed by the Federal Farm Board will operate is explained in detail by Herman F. Dieterich, district organization director.
 He explains that a member of the Texas Cotton Cooperative Association, sponsored and financed by the Federal Farm Board, does not have to deliver more than every other bale up to 20 bales—or a total of 10 bales—and may deliver all his cotton if he desires.
 Any member may cancel his marketing agreement after the second year.
 The Association agrees to provide federally-licensed and bonded graders to classify and grade members' cotton.
 Members selling through the daily pool shall receive the full market price for their cotton at the time of sale.
 Members delivering to the optional pool shall have the option of fixing the date and middling base price at which they wish to sell, and shall draw a substantial percentage of the estimated value of their cotton at the time of delivery.
 In the seasonable pool members may draw a substantial percentage of the estimated market value of their cotton, which shall be pooled with cotton of like variety, grade and staple, and sold at such times during the year as the Association deems

best, the grower in the seasonal pool receiving the average price obtained during the marketing season, final settlement to be made by July 1, of calendar year following that in which cotton was grown.
 The Association agrees to turn over the members pooling their cotton in the optional or seasonal pools the full amount received from sale of their cotton less the following costs:
 1. Freight, storage, insurance and interest.
 2. Handling charges not less than \$2.50 per bale nor more than 3 per cent of gross resale value of cotton delivered (for which handling charge the Association performs all services ordinarily performed by street buyers, brokers, shippers or exporters, who also include their profits in figuring out price they pay the grower.)
 3. 1 percent for reserves for credit or financing, provided in no event shall more than 50 percent of such reserve be invested in physical properties, and each member's share of such reserve shall be refunded to the members in 10 years.
 When the growers in a district shall have delivered in a given season at least 100,000 bales of cotton, they may organize an independent association, affiliated with the American Cotton Cooperative Association and the Federal Farm Board, and in that event all property rights of such growers as well as reserves, shall be transferred by such new association to the growers individually.
 A membership fee of \$10.00 is charged new members to pay costs of organization. This is a life mem-

bership, payable only once and is deducted when settlement is made on sale of cotton.

Uncle Bill Crowder was among the shoppers here Saturday.

 THE STATE OF TEXAS, COUNTY OF TERRY. NOTICE IS HEREBY GIVEN That by virtue of a certain Execution issued out of the Honorable County Court of Terry County, on the 19th day of June 1930, by the Clerk of the County Court of said Terry County for the sum of Two Hundred Seventy-one & 42/100 Dollars and costs of suit, under a Judgement in favor of R. W. Carter in a certain cause in said Court, No. 432 vs. W. I. Lovelace and T. M. Hester, and placed in my hands for service, I, J. M. Telford as Sheriff of Terry County, Texas, did, on the 15th day of July 1930, levy on a certain Real Estate, situated in Terry County, Texas, described as follows, to-wit: Being a part of Section No. 34 Block K; beginning at a point 40 feet South of the S. E. Cor. Sec. 34 Block K. As the same was located by A. L. Harris, for the northeast corner of this tract; thence west parallel with the south boundary line of said section 34 a distance of 950.4 Vrs to a point 40 feet south of center of south line of sec. 34 for the N. W. Cor. this tract; thence south parallel with east line of said sec. 34 a distance of 600 vrs to a point for the S. W. corner of this tract; thence east along fence row a distance of 950.4 vrs to a corner for the S. E. Cor. this tract; thence north 65 vrs to the place of beginning and levied upon as the property of W. I. Lovelace and that on the first Tuesday in September 1930, the same being the 2nd day of said month, at the Court House door of Terry County, in the Town of Brownfield, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Judgement and Execution I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. I. Lovelace.
 And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County.
 Witness my hand, this 15th day of July 1930.
 J. M. Telford, Sheriff Terry County, Texas. 51-52-1

SHERIFF'S SALE

Brownfield, Mrs. Ray Brownfield, Mrs. Claude Hudgens, Mrs. Ike Bailey, Mrs. Collins, M. C. Bell, Mrs. Shelton, Mrs. McDuffie, Mrs. Arthur Sawyer, Mrs. Jones and Misses Margaret Bell, Robbie Marion Hardin and Marie Bell.

The hostess was assisted in entertaining by her sister Mrs. Bailey.

BRIDGE PARTY IS GIVEN BY MRS. ALLEN

Mrs. Lea Allen entertained with three tables of auction bridge Friday afternoon at four o'clock. A pretty sugar bowl in fostonia ware was given to Mrs. Wingerd for high a pair of French prints, to Mrs. McDuffie for second and pair of silk hose to Mrs. Pyeatt for third.

A color scheme of pink and green was carried out in the tallies which were of parchment and in the salad course served.

The guests were: Mrs. A. M. Brownfield, Mrs. Ray Brownfield, Mrs. W. C. Smith, Mrs. Lawless, Mrs. Briley, Mrs. Flem McSpadden, Mrs. Claude Hudgens, Mrs. Collins, Mrs. Roy Herod, Mrs. Wingerd, Mrs. McDuffie and Mrs. Pyeatt.

Mr. and Mrs. R. L. Bowers and children went to Bledsoe Friday and returned Saturday.

FRISCILLA CLUB MEETS WITH MRS DUNN

The Friscilla club met Friday afternoon with Mrs. L. J. Dunn. The usual needle work was enjoyed after which nut cake and water melon was served to: Mrs. E. M. Kendrick, Mrs. Keller, Mrs. Walter Gracey, Mrs. Arch Fowler, Mrs. McCliah, Mrs. Pounds and Mrs. Simon Holgate.

THE IDLE WIVES CLUB ENTERTAINED

The Idle Wives club was entertained Tuesday afternoon at the home of Mrs. Joe McGowan. The high score prize, dainty philippine embroidery underwear, was awarded, Mrs. DuBois, second prize, a set of ice tea coasters in rose motif went to Mrs. Bowers.

A salad course with mint ice and grape punch was served. The guests were: Mesdames; A. M. Brownfield, Ike Bailey, Fred Smith, John King, Ray Brownfield, Wingerd, Arthur Sawyer, Shelton, Michie, Claude Hudgens, Leo Allen, McDuffie and DuBois.

MISS SALLIE TRUMAN STRICKLIN RETURNS FROM SUMMER CAMP

Miss Sallie Truman Stricklin returned Saturday afternoon from Camp Wo-He-Lo which is on Two Draw Lake near Post where she has been in camp since August 5 with the Lubbock Fire Girls. Sallie Truman made an excellent record at the camp, receiving two medals, one for swimming and one for hand craft. There were forty-six girls in camp.

Earl Anthony of Hobbs spent Sunday here with his family.

Mr. and Mrs. Boone Hunter and little son were in Hobbs and Lovington Friday.

Mr. and Mrs. Boone Hunter have as guests his nephew, Lee Hunter and bride of Lawton, Oklahoma. They are on a trip to New Mexico and Arizona.

Dr. and Mrs. DuBois are at home again.

Dr. and Mrs. T. L. Treadaway returned Thursday from California where they have been for over six weeks. They report a fine visit, but say they are glad to be home again. Miss Mozelle did not return with them.

Mrs. Frank Smith and infant daughter have returned to their home at Ponca City after an extended visit with Mrs. Jack Holt and family.

BIBLE CLASS MEETS

The church of Christ Bible class met Thursday afternoon at the church for study. The lesson was in charge of Mrs. Williamson. The members presents were: Mesdames; Legg, Murphy, Travis, Nelson, Bowers, Storey, Homer Winston, and Ditto.

JUBILEE AUXILIARY MEETING

The Jubilee Auxiliary met Thursday afternoon at the Methodist church with Mrs. Boone Hunter leader in the absence of Mrs. Arnett Bynum the regular leader. Those taking part on the programme were Mrs. oleman, Mrs. Fox and Mrs. Lawless. Other Members present were: Mesdames; J. C. Hunter, Knight, Baldwin, Keller and Moore.

The next meeting will be a social with Mrs. Fireney and Mrs. Arnett Bynum on the fourth Thursday.

CHRISTIAN MISSIONARY SOC.

The Christian Missionary Society met Monday afternoon at three o'clock with Mrs. Miller. Mrs. Miller led the subject for discussion which was "sanctification."

Sandwiches, potato chips, and lemonade were served to Mrs. Flippin Mrs. Walters, Mrs. Joe Price, Mrs. Ballard, Mrs. Hane and Mrs. Simon Holgate.

BAPTIST W. M. U.

The ladies of the Baptist Women's Missionary Union met in a general meeting Monday afternoon at the church with all four circles attending.

The monthly missionary was conducted by Mrs. May and Mrs. Sexton. Good reports were given from all the circles and the young people's organizations. The intermediate G. A. sang for the meeting.

The following officers for the coming year were selected: Mrs. W. W. Price—President; Mrs. J. C. Bond—Secretary and Treasurer; Mrs. Homer Nelson—Young peoples' Leader.

Thirty-two members were present. Next week the meeting will be in circles. The Sunbeams meeting at three o'clock on Monday, the R. A. and Junior G. A. at four on Wednesday at the church, the intermediate G. A. at three on Thursday.

PLAINS SOCIALS.

We'll get some of that million dollar rain which was greatly appreciated by all the farmers. We surely have something to be thankful for here in Yoakum county, for we have good crops here. Turner, we are glad to see you in print, helps us to get acquainted with one another helpful useful news. We are glad to have you too, but don't know what community you are from tell us more about yourself. Come on Pleasant Valley lets keep you in print.

Mr. and Mrs. Raley, Mrs. Wolforth and small sons, visited their mother, Mrs. Pinkard and two brothers at Fort Worth. Mrs. Wolforth remained with her mother while Mr. and Mrs. Raley went to Athens, Tex. to visit her sister Mrs. Suddell, and visited another one of her sisters Mrs. Hitt at Chandler. From there they went to Shreveport, La., to visit his brother, A. P. Raley. He said they had a nice time and saw kinfolks he had not seen in 33 years.

Miss Irene Williams of Liberty community and Miss Vila Dean McClellan spent Sunday with Miss Jewell McClellan.

Miss Mary Criswell who will teach school at Johnson this fall, left Sunday for that community. Her school begins Monday morning. She will be greatly missed from S. S. and church in our community.

Miss Dixie Hague visited Misses Lila B. and Lucia Fitzgerald Sunday. Mrs. E. W. Loyd visited her sister, Mrs. D. F. Trammell of Ropes, Monday. She was accompanied by Mrs. James Arnett and small son, Billie, and Mrs. Walter Moreman, as far as Meadow, where she visited with her daughter, Mrs. John Cadenhead.

Mrs. Walser is on the sick list this week.

Mrs. Marion McGinty and son Arthur McGinty, of Tahoka, and Mr. and Mrs. Loyd and children visited Mrs. Dixon Friday.

Mrs. M. L. McClellan and niece, Vila Dean McClellan, visited Mrs. Loyd Sunday.

Bro. J. E. Patterson spent Saturday night in the home of Bro. Loyd an attended church here Sunday morning. Sunday evening he went to Center Point where he will be in a meeting this coming week.

Mr. and Mrs. W. L. McClellan were dinner guest of daddy and mother Cates Sunday.

Bro. Cotterd of New Mexico attended church here Sunday night.

Misses Rosa Bell and Nomia McDonald spent from Sunday till Wednesday with Miss Jewell McClellan.

Mrs. W. L. Turner and Mrs. E. W. Loyd are on the sick list this week.

Mr. and Mrs. Ed Smith of Vernon, Texas visited in the home of Mr. and Mrs. Spears the past week.

Mrs. Jimmie Spear who has been ill at a Lubbock sanitarium for seven weeks, is slowly improving. We wish her a speedy recovery.

Mrs. A. B. Robertson of Slaton, was the guest at the Robertson Ranch over the week-end.

Mr. W. L. Turner's father of Brownfield visited them Tuesday.

Mrs. Olen Cox visited her grandmother, Mrs. Lynn, Monday evening.

Miss Ruth Arnette has returned from a visit with her sister Mrs. Caldwell of Lamesa.

Mr. and Mrs. J. W. Young and son, Emmette of Seagraves, were visitors in the home of their daughter Mrs. Jones Arnette Wednesday and Thursday of last week.

Miss Ruth Arnette is spending this week in the home of her brother Jones Arnette.

Mr. J. W. Stamford spoke here Saturday in behalf of Mr. Sterling, and promised he would speak here again in the later part of the week.

Mrs. O. J. Hughey and daughter of Sweetwater visited her brother, W. L. Turner and family last week.

School opens September 1st. Lets all get ready. Two teachers are on the ground and we expect the others in a few days. All are expecting a good school this year.

Mr. and Mrs. Irene Smith and children have been visiting her parents, Mr. and Mrs. Hague.

Mr. and Mrs. W. H. Hague attended court at Brownfield Monday.

Mr. and Mrs. Tinner made a business trip to Meadow Tuesday and were the guest of Mr. and Mrs. R. L. Montgomery Monday night. They returned home Wednesday.

Mr. and Mrs. Armond and children and Mr. and Mrs. Steel and children left Monday for South Texas where they will pick cotton.

The 12 year old daughter of Mr. and Mrs. J. A. Gibson who was kicked by a horse last week is improving. The horse kicked her on the eye lid which took 6 stitches to sew up the eye lid.

Bro. Scurry of Brownfield begin a revival meeting at Center Point Sunday at 3:00 o'clock. He will be assisted by Bro. Patterson of the Pleasant Valley community.

Scudday News

We people out here are proud to report that we have very good crops in this community. We have real good feed crops and everyone will make more cotton than they can gather, if the worms don't eat it. Some of the men are poisoning now.

Mr. and Mrs. Johnson had relatives visiting them the past week.

Mr. and Mrs. Wilson were dinner guests Sunday night in Mr. and Mrs. Sam Walters home.

Mr. and Mrs. C. L. Buchner spent Sunday in the N. F. Nixon home.

Archie Rainwater spent the week-end at Lorenzo.

The party at Elbert Norris Saturday night was enjoyed by a large crowd.

Miss Eunice Norris spent Saturday night and Sunday with Miss Willie Cunningham.

Mr. Glen Allen and Mr. Bernie Beck were callers in the Elbert Norris home Sunday night.

Miss Willie Cunningham spent Sunday night with Miss Eunice Norris.

Miss Shirley Nutt spent Saturday night with Miss Syble Norris.

Misses Gladys and Essey Green spent Saturday night with Mrs. Bowdin.

Mr. and Mrs. Collier who lived in this community last year, but lives at Wolforth now, were down here in this community Wednesday.

Mr. A. P. Bowlerman went to Wolforth on business Sunday.

Since Mr. and Mrs. A. P. Bowlerman two of our teachers have returned we have all been very busy.

We patrons have moved the material for our new room and have started to work on it.

We school boys and girls began at the same time, a "cleaning-up tournament." We made a big showing the first day too. Tomorrow we intend to complete and put out of existence those unbearable, tormenting sand burs. We are cutting them, and piling them, and tomorrow night we intend to burn each and every grass bur at the stake, and after doing so, celebrate their absence with an ice cream supper, together with the 4-H club meeting.

Miss Combe West has been hired for our third teacher. We expect to have a very good school this year.

Hunter Notes

Well Hunter is having another large room added to our school house we will have three teachers another term and we all hope for a much better school than we had the last term.

Mr. H. H. Machen of Seymour has been out here looking after business affairs and visited his daughter, Mrs. Arris Breeland.

Mr. Dock Brown and wife also of Seymour have been visiting the latter parents Mr. and Mrs. Joe Smith. Little Dorris Sims visited Jettie and Evalene Williams Monday.

mond Adams of Brownfield this week.

Mr. and Mrs. Raymond Adams visited the latter parents, Mr. and Mrs. M. S. Williams Saturday night and Sunday.

Lloyd Sims visited E. L. Williams Monday.

Bure Kemps visited Arville Snow Sunday. They say there are lots of things they had rather do for sport on Sunday evening, than chasing a horse to catch it in a 160 acre pasture and then about to, and then fail to catch it.

Mrs. Cecil Smith has returned home from Baylor county.

UNION USEFUL USINGS

The meeting is progressing nicely. There has been several moves. We are all having a joyous time.

J. K. Shepherd and family of Scudday has been taking in the meeting. Also there has been people here from other communities.

J. E. Moore and family took dinner with C. D. Hamm Friday.

Miss Cleo Moore spent Friday with Miss Margaret Christy.

Miss Cloach Moore spent Wednesday with Miss Margaret Christy.

The ladies of Union met at the home of Mrs. T. F. Christman, Wednesday, and canned peas for our pastor.

Miss Cleo Moore spent Wednesday with Miss Connie Roe.

Miss Margaret Christy spent Sunday with Miss Cloach Moore.

Miss Rosabell Averitt spent Monday night with Miss Leta Mae Bass. Misses Connie Roe and Ozella Bass spent Thursday with Misses Cleo, Cloach and Minnie Moore.

Mr. Ben Johnson, Fay Lewis and Cleodia Marlin spent Sunday afternoon in the A. O. Pollack home.

Mr. Theron Armstrong is spending this week with his uncle, T. F. Christman of this community.

Mr. and Mrs. G. C. Wilks spent Friday in the W. F. Christy home.

Johnson PTA Invites County PTA on 26th

Elsewhere in this issue there is a meeting notice given of the Parent Teacher Association of the county, to be held at Johnson school house Aug. 26th. To make it still stronger, the Johnson PTA gives this additional invitation to assure you they are behind the meeting and beg you to attend.

Therefore it behooves all PTA members as well as other good school advocates to attend this session. We are publishing this at the request of the ladies who are members of the Johnson PTA.

Services Are Offered Those Who Served

The local American Legion Post 269, of Brownfield, is now prepared to render to all ex-service men any assistance and blank applications for disability allowance under section 200, World War Veterans Act, as amended July 3, 1930. This act is as follows, briefly outlined:

Any ex-service man who served 90 days prior to November 11, 1918, and who is or may hereafter be suffering from a permanent disability, not the results of his own willful conduct, and regardless of whether it is a service or non-service disability, he may obtain a pension of \$40 per month, \$24 for 75 percent; \$18 for 50 percent and \$12 for 25 percent disability. If you are now drawing government compensation, this does not effect you.

During the past month the local Legion Post hospitalized one buddy at Little Rock, Ark. Any ex-service man suffering with any disability of a permanent nature should get in touch with the post officers at once.

Again let us remind you of your certificate of discharge. Have it recorded in your home office. Your time on pension received begins from the time you make application.

Yours for service,
Wm. G. Howard Post

Notice to Parent-Teacher Association

The Terry county Council of Parent-Teacher Association will meet with the Johnson School P. T. A. at the Johnson school house on Tuesday, Aug 26, at 8:30 P. M.

We urge that each local association in membership be well represented at this meeting.

We also extend a cordial invitation to associations not in membership with the County council, and to communities which have no P. T. A., to meet with us. Please come and cooperate with us in our efforts to link in common purpose the home, the school, and all other educative forces in the lives of our children.

C. C. Proctor and wife of Ft. Wingate, N. M., are here visiting his and her parents, Mr. and Mrs. Frank Proctor and Mr. and Mrs. J. W. Settles. C. C. says paying certainly made a city looking town out of Brownfield.

MILLIONS RELEASED

FOR OTHER INVESTMENT USE

AS RESULT OF IMPROVED RAILROAD SERVICE

IMPROVED railroad transportation is enabling manufacturers in the state of Illinois alone, to successfully carry on their business with reduced inventories that total \$420,000,000 annually. On the basis of a total value of approximately 80 billions of dollars—the estimated annual value of all manufactures in the United States—this means that improved railroad service is saving American business at least the equivalent of the interest charges on five billion dollars. The reduced inventories in Illinois were effected out of a total annual volume of business that is slightly less than six billion dollars.

Not only have the interest charges been saved. The amounts not needed in inventories at both the originating and receiving ends of the line and in transit, are released for constructive investment. Without a doubt this has been an important factor in our sustained prosperity. It is one of the most important reasons the country did not suffer from panic conditions following the readjustment of security values last winter. Very few if any businesses were caught with large stores of materials or stocks of goods on hand; consequently it was not necessary to "write off" huge losses as formerly happened. It will be remembered that there was virtually no readjustment of commodity prices to accompany the lowered security values.

So-called "hand-to-mouth" methods of doing business now are vital factors in our entire industrial and economic scheme of things. The entire system is dependent on exceptional railroad transportation and the railroads are justly entitled to a share of credit for the benefits that have resulted. That there are real benefits no one denies. And we know now that over any period of time the volume of business transacted is as great or greater under the present system as under old methods.

Sometimes it seems that the public is so accustomed to the conveniences of modern railroad service that it seldom, if ever, recognizes the fact that even the most simple purchase contains the romance of industry, commerce and human progress. There is hardly a commodity in daily use that does not reflect the combined services of a great many people and few realize how much of that service is performed by the railroads and what a small portion of the consumer's dollar ever goes to the railroads for their services.

A case in point is the consumer's dollar spent for bread. Some interesting figures have just been compiled showing that the producer gets 28.1 cents of the dollar. Transportation of the wheat represents 2.6 cents. The elevator margin is 2.8 cents. The flour manufacturer gets 5 cents. The bread manufacturer gets 12.3 cents. The selling cost is 16.4 cents and the "overhead" chargeable to manufacturing is 8.5 cents and the profit accruing to those engaged in manufacture of bread is 5.7 cents. The operating cost to the retailer is 15.7 cents and the profit margin to the retailer is 2.9 cents.

Super-service on the part of the railroads is an essential necessity today. The Missouri Pacific Lines appreciate this and will continue to exert their best efforts to this end that the public may have the reliable, dependable railroad transportation that it needs and must have.

Solicit your co-operation and suggestions.

EDWARDS NO. 1 IS DOWN TO ONE MILE

Tahoka, Aug.—Geo. McCamey's Edwards No. 1, four miles west of Tahoka on the T-Bar ranch, section 5, Block 2, L. and S. V. R. R. survey has been completed to the contract depth of 5,280, the bit resting in a gray lime formation. However, the well has not been abandoned, and negotiations are under way for drilling the test deeper.

Completion of the well culminates five years of wildcat drilling on the section, where oil and gas showings have been found at several depths. A well was first started a half mile southeast of the present hole by the old Hart Oil Corporation of Ranger and Fort Worth. At 1700 feet the hole caved in, and Hart started another well which was later taken over and completed by Geo. McCamey, discovered of the McCamey field in West Texas.

GIVEN A "PRAISE THE EDITORS" EDITION

Col. Dick McCarty of the Albany News was given a "Praise the Editor" last week, friends and editors in all parts of the state contributing to the praiseworthy efforts that Editor McCarty has given the Shackelford county town.

Praises of all types were heaped on this genius of the craft—and none of them could say enough to stick a match to the personal efforts this gentleman has put forth in boosting his home town and county. It was sincere, hearty, wholesome and most kind and one of the greatest stunts ever pulled in newspaperdom. Col Dick was worthy of anything they could say about him—Snyder Times.

SIMMONS COWBOYS ASKED TO RETURN

Abilene, Aug.—The Cowboy Band of Simmons University, which is sailing home this week after a concert and educational tour of Europe, has been offered contracts to appear again in the continent in 1931, according to messages from G. B. Sandefer, manager, sent recently from Amsterdam, Holland.

Booking agencies in Holland offered the band a twelve week's tour contract after the climax of their success and popularity in which they appeared at the head of a parade honoring Kingsford-Smith and the round the world fliers. Ambassador Diekman was in the parade. The band boys were accorded first place in the procession.

Final arrangements were pending awaiting a conference of university and band officials which will be held after the band and the touring party returns. Pres. J. D. Sandefer is in the party.

A very good shower fell in the Wellman section Friday, and a small

shower at Lahey Sunday afternoon about a mile across.

District Attorney Price was over from Tahoka Monday, rounding up the docket here for Monday.

Roy Collier is in Fort Worth this week buying the fall stock of furniture for the Brownfield Hardware Co. He reports that it sure is hot and dry down there.

Don't you hate a man who holds your hand after you've had a shake?

Every little uplift movement has a payroll all its own.

Mr. Sid Morris and family, of Amherst, were here this week visiting their daughter, Mrs. Eli Perkins. Mr. Morris is in the grocery business at Amherst.

Mr. and Mrs. Lee Lyon and family of the Hunter community, have returned home after a visit to relatives at Durant, Oklahoma. Bert Elliott, son of Mr. and Mrs. Dee Elliott accompanied them on the trip, and stopped off at Ardmore to visit his grandmother, Mrs. S. E. Elliott.

ORDINANCE NO. 8.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MEADOW, TEXAS,

An ordinance granting a franchise and certain privileges to the West Texas Gas Company (a corporation, with its principal office in the City of Lubbock, Lubbock County, Texas), and establishing rules and regulations for the use of natural gas for lights, heat and power, and establishing a maximum limit for price to be charged for such gas.

WHEREAS, the West Texas Gas Company (a corporation) has applied to the Mayor and City Council of the City of Meadow, Texas, to grant said West Texas Gas Company the right to lay and maintain and operate a gas plant for the distribution of natural gas and light, heat and power within the City of Meadow, Texas upon the following terms and conditions and reservations, such rights and franchises to be as follows, to wit:

SECTION 1. That the right to furnish, distribute and sell natural gas for light, heat and power, and for all such other purposes for which gas may be used within the City of Meadow, Texas, for a period of thirty years from the date of the passage and approval of this ordinance is hereby granted to the West Texas Gas Company (a corporation), its successors and assigns, hereinafter called the grantee, subject, however, to the provisions hereinafter incorporated in this ordinance and for such additional period of extension of the time as may at the expiration of the said term of years, and upon conditions then found to be satisfactory to the officials of the City of Meadow, and to this grantee, and provided that this ordinance and franchise is to be in effect and run from and after the day and date of its passage and approval.

SECTION 2. That the said grantee is to have the right to lay mains, pipes and equipment, and to construct such buildings and install such machinery or equipment and to sell or lease such equipment to the citizens of Meadow, Texas, as may be necessary or advisable in their judgment for the proper performance of the service to be rendered to the City of Meadow, and to its inhabitants and citizens to the best interests of the gas consumers and to have, at all times, access to the streets and alleys of said City for the purpose of laying such mains, pipes and equipment as may be needed from time to time during the term of this franchise, or any extension thereof, provided, that at no time shall the grantee obstruct such streets or alleys so as to interfere with the public use thereof for a period longer than forty-eight (48) hours, and that immediately such mains, pipes or equipment is laid and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

All excavations to be properly guarded by barriers by day and by red lights at night, and the said grantee shall hold the said City of Meadow harmless from any and all damages to persons or property resulting from their negligence in the manner of constructing such distribution plant or system and guarding the same while under construction, by a good and sufficient bond executed by the grantee and some reputable surety company permitted to do business in the State of Texas, in the penal sum of Twenty-five Thousand Dollars (\$25,000.00). It is not intended that this bond shall be kept in force permanently, but during the "initial construction period," and this period ends when gas is used inside the city limits.

The work done in connection with the construction, maintenance and operation of said plant and transmission system, and the location of regulating stations, vent pipes, vent pipes, gate valves, gauges, stock boxes, manholes, low, intermediate, and high pressure mains, pipes, feeders, service pipes and conduits, and service pipe extensions and all appurtenances to the streets, highways, alleys and other public places in the City shall be subject to, and governed by the regulations, rules and ordinances now in force in the City of Meadow or that may be hereafter lawfully adopted by said city.

SECTION 3. That all mains shall be at least eighteen (18) inches below the surface of the ground, and so laid as not to interfere in any manner with water mains or pipes or sewer line of said City, or pipes or conduits of other utilities already installed; and that the connections with the gas mains and pipes shall be placed and laid to the property of the consumer at the expense of grantee. That the grantee shall not be required to extend main lines more than one hundred and fifty (150) feet to any one consumer.

SECTION 4. That said grantee shall at all times after said gas distribution system has been established and placed in operation, be prepared to furnish said City and its inhabitants with a good quality of

gas for light, heat and power, and other purposes and said grantee shall furnish such gas for all purposes for which same may be used in sufficient quantities to supply the needs of the said City and its inhabitants.

The said gas shall be furnished to said City and its inhabitants for domestic use at a net price not to exceed one dollar and fifty cents (\$1.50) for the first 1,000 cubic feet or less, and sixty-seven and one-half (67 1/2) cents per thousand cubic feet for all gas used in excess of first 1,000 cubic feet; provided however, that gas used for heating public buildings, churches, hotels and apartments shall be sold at the following rates:

For the first 1,000 cubic feet or less used per month \$1.50.
For the next 49,000 cubic feet used per month 67 1/2 cents per M.
For the next 100,000 cubic feet used per month 50 cents per M.
For all used in excess of 150,000 cubic feet per month 40 cents per M.

That the maximum rates for industrial gas shall not exceed the rates set out in the following schedule:
For the first 1,000 cubic feet or less used per month \$1.50.
For the next 49,000 cubic feet used per month 45 cents per M.
For the next 150,000 cubic feet used per month 35 cents per M.
For the next 300,000 cubic feet used per month 30 cents per M.
For the next 500,000 cubic feet used per month 25 cents per M.
For the next 1,000,000 cubic feet used per month 22 1/2 cents per M.
For the next 20,000,000 cubic feet used per month 20 cents per M.
For the next 29,000,000 cubic feet used per month 18 cents per M.
For the next 60,000,000 cubic feet used per month 16 1/2 cents per M.
For all above 120,000,000 cubic feet used per month 15 cents per M.

That all above rates are to be charged for gas used through one meter only.
That all bills shall be due and payable monthly and within ten days from date rendered, and in case of default or non-payment within said time, the grantee shall have the right to discontinue service to said consumer, and to make an additional charge for the gas used for any purpose equal to one-ninth (1/9) of the bill rendered. And in case said consumer shall make application to have services reestablished and gas re-connected with his premises, he shall be required to pay all delinquent bills, together with the penalty thereon, and to pay a cut-on charge not to exceed \$1.50 for domestic use and heating purposes, and \$2.00 for industrial use. It is further provided that the grantee shall be allowed to make a minimum charge of \$1.50 per month for gas for domestic and heating service, and \$25.00 per month for industrial gas service.

All gas furnished or supplied by grantee shall be metered, and for this purpose the grantee shall, at his own cost and expense, provide and install for each consumer a good and accurate meter of standard make. Grantee shall also provide and maintain at its proper cost and expense facilities for testing gas meters, and said grantee shall also provide and maintain, at its proper cost and expense, a standard meter prover of not less than five cubic feet capacity, equipped with suitable thermometers and other necessary accessories, which shall be maintained to the accepted standard of accuracy, all to be to the satisfaction and approved by the City Council.

Such meters shall be and remain the property of the said grantee and the grantee shall have the right to require the customer or consumer to deposit with him a sum equal to the maximum monthly bill to the consumer, provided, however, that no deposit shall be in a less sum than \$10.00 for domestic meter, and \$15.00 for industrial meter.

SECTION 5. The natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption, at a temperature of thirty-two degrees Fahrenheit, or zero Centigrade.

Each consumer of gas shall install and maintain suitable piping within his property lines and suitable appliances and fixtures, except meters, subject to the approval of the City Council or such supervisor, inspector or other representative as may be authorized by said City Council to pass upon the same.

SECTION 6. The City reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be deemed necessary or proper by the City Council, in streets, along streets, alleys, highway, or other public places occupied by the grantee; and whenever, by reason of changes in the grade of any streets, or in the location or manner of constructing any water pipes, electric conduits, sewers or other underground structure, it shall be deemed necessary by the City Council to alter, change, adapt or modify any such electric, water pipes of grantee, such alterations or changes shall be made by the grantee when ordered in writing by the City Council or any supervisor or other representative of the City Council so authorized to act, without any claim for reimbursement for damages against the City; and said grantee shall indemnify and save harmless the City of Meadow from and against all claims for injury or damages to persons or property occasioned by or arising out of the construction, maintenance, operation or repair of said grantee's transmission, transportation and distributing system, and by the conduct of the business in the City.

SECTION 7. The right to use the streets, alleys, highway or other public ways or places of the City of Meadow by the grantee, as provided in section two above, shall be and is subject to the following restrictions, limitations and conditions, viz: that in building additional mains or lines of pipe, said grantee shall build and construct the same along and under the alleyways, where alleys exist, rather than along and under streets, and shall only use the streets for same in so far as may be necessary in connecting from one alley to another; and said mains, and pipe line shall be placed below the surface of the street or alley and so

as to protect all paving, wire cables, water pipes, underground wires or sewer laterals, and shall be so constructed and located with reference to water lines and sewer mains as not to interfere therewith, and under the direction and to the satisfaction of the City Council or the City Engineer.

SECTION 8. That the City Council hereby reserves the right to install at the point where said grantee receives his gas for distribution in the City a meter through which all gas for distribution to the City and its inhabitants shall be passed, and adequate self-registering pressure gauge adequate to record the amount of gas distributed to the City and its inhabitants and the pressure at which the same was received by the grantee.

SECTION 9. That after the said gas distribution system shall have been fully constructed, equipped, and in operation as herein provided in the City of Meadow, if the said grantee shall then fail to comply substantially with the conditions of this franchise, the City of Meadow shall have the right by ordinance duly passed therefor to forfeit all the rights and franchises herein granted to the said grantee, its successors and assigns sixty (60) days notice in writing, specifying the conditions claimed to have been violated, and giving full and fair opportunity to be heard thereon before declaring such forfeiture which notice shall fairly and fully set out all conditions claimed and complained of and shall be given by the said City and shall be signed by the City Clerk under the seal of said City, after having been properly authorized by the Mayor and City Council of the said City; provided, however, that the said grantee shall have sixty (60) days after receiving such notice substantially with the terms and conditions of the ordinance; should the violations of this ordinance so complained of not have been rectified and corrected and the terms and conditions of the ordinance fully complied with at the end of said sixty (60) days, then and in that event the City shall have the power to forfeit this franchise on account of the violations specified in said notice. That in case of forfeiture, as herein provided, the City of Meadow reserves the right to purchase the distributing plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided that before any of said property may be removed, the grantee shall be required to give to the City a good and sufficient bond that the streets and alleys will be placed and left in as good conditions as found.

SECTION 10. That in further consideration of the privileges and franchise granted to the West Texas Gas Company, it shall adopt and use all and any reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas and that they shall construct and maintain in good order all mains, pipes, and equipment used in said City for the distributing of gas, and shall always be prepared to furnish said City and its inhabitants a sufficient quantity of gas for all purposes; provided, however, that in case of explosion or accidents of any character or nature beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which grantee secures the gas and the grantee is not able to furnish on account of such unavoidable conditions gas for all purposes, that preference shall be given domestic consumers, schools and hospitals in the gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the line of the grantee or to the lines on property of consumers.

SECTION 11. It is provided that the grantee shall in good faith begin the construction of its main lines and distributing systems by April 1, 1931, and shall complete such main lines by May 31, 1931, and shall be prepared to serve gas to consumers on or before May 31, 1931, providing, however, that grantee shall not be liable for time consumed out of such period by strikes, acts of providence, acts of constituted authorities, or acts beyond the control of grantee.

SECTION 12. That the grantee herein shall have the right and privilege of assigning this franchise and all the rights and privileges granted herein, and wherever the word "grantee" appears herein it shall be construed as applying to his successors and assigns.

SECTION 13. Now, therefore, be it ordained by the City Council of the City of Meadow, Texas that the foregoing franchise rights and privileges are hereby granted to the West Texas Gas Company, its successors, and assigns, subject to the terms, conditions and liabilities hereinbefore set forth.

SECTION 14. This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law.

PASSED AND APPROVED THIS 23 day of June, A. D. 1930.

Robert Welch, Mayor, City of Meadow.

ATTEST: John W. Cadenhead, City Clerk of Meadow.

STATE OF TEXAS () COUNTY OF TERRY () CITY OF MEADOW ()

We, the undersigned Mayor and City Clerk of the City of Meadow in Terry County, Texas, do hereby certify that the within and foregoing is a true and correct copy of the ordinance and franchise approved and passed granting to the West Texas Gas Company the right and privilege to use the streets and alleys and public grounds of the City of Meadow for the purpose of laying and maintaining gas lines for the distribution of natural gas to the City of Meadow and the inhabitants thereof for a period of thirty (30) years, and that such ordinance was duly read, approved and passed as required by the City Charter of said City, and duly signed by the undersigned Mayor and attested by the undersigned City Clerk this 23 day of June A. D. 1930.

Robert Welch, Mayor, City of Meadow.

ATTEST: John W. Cadenhead, City Clerk, of Meadow.

ANOTHER FAMOUS 14 POINTS

... DEVELOPED FROM MORE THAN 10 THOUSAND OBSERVATIONS DURING THE PIKE'S PEAK TEST, NOW BECOME YOUR GUIDE WHEN BUYING MOTOR OIL

Technical Report and Certificate of Performance ...

Certified Test No. 2268

Summary of Results

It should be understood that statements made herein are applicable only to tests made under the supervision of the American Automobile Association Contest Board between September 4 and October 1, 1929, over the Pike's Peak Automobile Highway and Colorado Springs and Calhan Road, and the conditions noted, except in so far as the legend indicates might be amended.

Free booklet, "Pike's Peak Tests Conoco's Challenge," 2000 you complete details of these unusual, test-driving tests. Ask for it at any CONOCO station or the nearest CONOCO dealer.

Between September 6 and October 1, 1929, three popular nationally known brands of motor oil were tested side by side with CONOCO Germ-Processed oil on Pike's Peak under the supervision of the American Automobile Association Contest Board.

The Board's findings have been expressed briefly in the "fourteen points" below.

- 1 That the test procedure was followed accurately and that no deviation therefrom occurred which might seriously affect the soundness of any conclusions based upon the data;
2 That a reduction in the rate of wear occurred during the use of CONOCO Germ-Processed Motor Oil over that occurring with the other oils used to the extent of 76.4 per cent was shown during these tests;
3 That greater stability of the subject oil during these tests was shown by records of examination of drained oils being more the viscosity of the original or fresh oil and by chemical tests of drained oils with the fresh oils;
4 That frictional temperatures occurring during the use of the subject oil were lower than temperatures occurring during the use of the comparables;
5 That higher compression pressures were obtained with the use of the subject oil during these tests than with the use of other oils. It would be directly inferred that this was caused by better ring seal;
6 That using the subject oil and during each test, greater gasoline mileage for economy was obtained than during the use of the comparables;
7 That less oil consumption, as shown by the records of these tests occurred with the use of the subject oil;
8 That carbon deposits gathered from the combustion chambers and cylinder heads and weighed by the official chemist were shown by the records of the test to be less after the use of the subject oil than after the use of the comparables;
9 That the subject oil showed a reduction in the case of crank-case dilution during these tests;
10 That during these tests the subject oil showed improved compression pressure, decreased rate of crank-case dilution and decreased gasoline consumption, indicating an improved ring seal;
11 That a reduction in the operating fuel and oil cost occurring during these tests with the use of the subject oil is substantiated by the records;
12 That with the use of the subject oil there occurred less deviation from cycle to cycle in compression pressure at starting speeds (as shown by the records) would indicate that improved compression at higher speeds might have occurred during these tests;
13 That the reduction in the rate of wear would indicate a longer motor life;
14 That while there is no reason to suppose that results similar to those of this test would not show under other conditions, it is important that references to these findings be accompanied by the statement that, in so far as the report is concerned, they cannot, as conclusions, be extended generally. However, the inference that they might be so a reasonable and rational, although not conclusive.
