

WILL 1932 BE A SEASONABLE YEAR?

A lot of weather prophets are busy trying to dope out 1932 as a dry year. According to the past records and our seven year cycle 1932 should be a year of greater rainfall than 1931 since 1931 was the year we were due the drouth. There is usually a scarcity of moisture the year before and the year after these dry years which appear every seventh year.—Big Spring News.

Her girls chum: "Did the minister make Harry use the words, "With all my worldly goods I thee endow?" Brand new bride: "No, Why put Harry on his guard. I'll get 'em anyway."

Editor Comments on The Soldiers' Bonus

President Hoover has come out with the statement that he will veto any legislation looking toward further payment on the soldier's bonus. He says the budget cannot be balanced if other moneys are expended.

President Hoover is always of that opinion when any money is to go to common people, but is making a campaign proposition out of giving railroads, banks, loans and insurance companies an opportunity to bolster up their businesses by dipping into the two billion dollar reconstruction corporation.

It seems to a common ordinary man that he should have some rights as well as the large outfits, which are now being upheld at the expense of the United States treasury.

Nothing is said when two billion dollars are put at their disposal, but much is made of the fact that they will help laboring man by giving him employment.

What advantages has that corporation been to Crosby county? The feed and seed loans were made before such a corporation was formed and President Hoover did not want to include the agricultural loans in the bill.

Crosby county would get the sum of \$180,997.66 if the balance of this bonus was now paid. Dickens, \$141,228.42; Floyd, \$203,755.78; Hale \$331,503.38; Lubbock, \$642,087.68.

Has the reconstruction corporation any such chance to get money around to people as this plan would have? It would go to over three million separate men, most of them heads of families. And there are two points to consider. First, we justly owe this money. It has always been paid veterans of wars in some form, and Congress has admitted the debt.

Secondly, under the Patman bill, it would require no interest, no warrants, no bonds, which is probably why capital opposes it, as they would have nothing to deal in and make money.

Under this bill, extra currency would be printed against our gold reserve on the same plan as the Federal Reserve bank can now print it. Some say it would make money cheaper. If that is true, it would make farm products higher, and that would help this section in this additional way as well as the money to be distributed in this section.

Local chambers of commerce at a number of places have come out publicly protesting the action of the West Texas Chamber of Commerce in going on record against the payment of this bonus.

Fellows, here is the point. You service men are going to have to stand together. Hoover is and has always been against everything you are entitled to, in the way of this payment. Don't let anyone kid you about any side issue, but change this administration. Protest any organization butting in and under the guise of trying to help people, kicking you in the neck.

The President is hard-headed on this subject. He is nearly as bad as the fixed juror on the open and shut murder case. This juror has been paid to stand out for manslaughter, so the client could get off with 20 years, instead of the chair that he and his lawyer felt he deserved.

At the close of the case the defense lawyer made so touching an appeal he had every man on the jury, except the fixed man, openly weeping. After the jury retired to come to a verdict, loud and vociferous voices could be heard in angry argument from the jury room. This continued for 24 hours, before the jury came in and rendered a verdict of manslaughter, carrying a 20-year pen-

Hiway Grading Soon To Be Completed

The grading on State Highway No. 137, between Seminole and Seagraves, a distance of approximately 20 miles will be completed within the next few days. This contract was let to Field Bros., & McCalsey, of Lubbock, who, cooperating with Gaines county Commissioners, sub-contracted this work to local people.

The drainage structures were put in by the contractors and have all been completed.

The work of placing the caliche base on this road will be started about April 15, this work will also be done by Gaines county citizens. It is reported that over 80-four horse teams, all from this county, were used by sub-contractors in doing this job of grading.—Seminole Sentinel.

Brady—J. M. Starr and Elbert Underwood opened cowboy boot and shoe shop in Ogden building.

When the fixed juror met his lawyer, he told him that "that jury had eleven of the contrariest men on it he ever met."

"Why," he says, "that last speech of yours convinced them of the man's innocence, and it took me 24-hours to get them to agree to manslaughter. They wanted to turn him loose.—Lorenzo Enterprise.

Chevrolet Cuts Prices \$10 to \$55 Per Car

Detroit, Mich. April 1. (AP).—Price reductions ranging from \$10 to \$55 were announced Thursday by the Chevrolet Motor Car Company effective Friday. The maximum reduction is on the five-window coupe, which is cut from \$545 to \$490. The standard sedan is cut from \$635 to \$590.

Concident with the price reduction, W. S. Kundsén, president and general manager of the company, said Chevrolet would continue to manufacture six-cylinder cars exclusively and had no intention of bringing out an eight.

Lynn County Cuts Salaries of Officials

At a call meeting of the commissioners' court Tuesday afternoon, Judge G. C. Grider, who presided, recommended to the court that the judge's salary be reduced. The court accepted the recommendation and accordingly sliced other county officials' salaries.

The salary of the judge was reduced twenty-five dollars monthly, county attorney Nelson's fifteen, county clerk Smith's five, county home demonstration Agent Harrison's twenty-four, sheriff Parker's eighty-three and one third, first dep-

uty Bulman's twenty-five, and second deputy Johnson's twenty-five. In making the recommendation, Judge Grider said in part: "Gentlemen, we are in the midst of a depression and economic stress such as our county has never known. Our people are struggling under burdens almost too heavy to bear. Is it fitting that we, as servants of these people, should continue to draw salaries which were set in years of plenty? Is it not more fitting that we should share this burden with them? And is there a better way to do this than by asking for a reduction in our own salaries? With this in mind, I hereby recommend the following:

reductions in the salaries of county officials, beginning with my own." Affairs of the county have been administered by the present court and judge in the most economical manner possible, in the opinion of those who have studied the workings and methods of political economy. Taxpayers and property-owners have already expressed their appreciation and approval of the latest move in no uncertain terms.—O'Donnell Index.

First patient: "Why so sad Jack?" Jack: "Oh, I just heard a good receipt for home brew and I haven't got a home."

Once IN A BLUE MOON

SALE

ONCE-IN-A-BLUE-MOON OPPORTUNITY TO BUY

used cars OF LATE MODEL Quality MAKES AT THESE LOW PRICES

The news of this great bargain opportunity is spreading like wildfire. Word is traveling fast that we are flooded with choice used cars of all makes and models—trade-ins on the brilliant new Chevrolet Six. More are pouring in every day. To make room for these incoming trades, our present stock of used cars must be sold at once, regardless of loss. On the bargain counter they go, at prices that are slashed as never before. Think of it, genuine reconditioned used cars, backed by "our OK that counts"—your assurance of outstanding value and satisfaction. Be wise. Join the crowds of buyers at this great once-in-a-blue-moon sale. Select your favorite make and model. Buy it now, for less than you would be willing to pay.

Unprecedented popularity of the new Chevrolet Six has filled our stocks with the choicest cars in town

1929 CHEVROLET 5-Passenger Sedan. Grasp this chance to own a big car of small cost. Has been specially reconditioned and is in fine condition. New tires and completely equipped. Now— \$265.00

1929 CHEVROLET COACH. If you want a Coach you'll buy this one. Thoroughly reconditioned and at this low price you can pay many months operating cost with the savings. Only— \$185.00

**Harmony News**

Bro. Richards filled his regular appointment Sunday morning.

Bro. Weaver Lovelace preached Sunday night. He will hold a meeting at night to last for one week. Everyone invited to attend.

A singing class was organized last Sunday night with Joe Merritt as president. John Wise, vice-president, and Lorene Hoggard secretary.

The Harmony pupils who will enter the district meet at Lubbock are Eula Mae Jones, Joe Merritt, Earl Manning and Elmer Farrell.

Mr. and Mrs. Vernon Bradley of Plainview spent the week-end with Mrs. Bradley's parents, Mr. and Mrs. J. A. Davis.

Born to Mr. and Mrs. Olin Cardwell March 28, a 6 and one-half boy.

The trustee election was held April 2. Mr. Hood, Mr. Gracey and Mr. Hogue were elected. Mr. J. A. Davis was appointed as trustee to fill the place of Mr. Brown.

**Chain Broadcasters Have Hogged the Air**

The introduction of a resolution in Congress asking for an investigation of the moving picture business is expected to be followed by one urging Uncle Sam to take a tighter grip on radio broadcasting. The average Big Spring citizen isn't particularly interested in what the picture people are doing. They are providing good entertainment at reasonable prices, and that's what the public wants. How they finance themselves, sell their stock, and all that, doesn't interest the man whose only interest in them is a ticket bought at the window.

But everyone will agree that there should be a clean-up in broadcasting methods. Today it runs largely to advertising. In one Ohio city a college broadcasting station was almost wiped off the air because it insisted on providing educational instead of advertising programs. Every minute that can be utilized for advertising is seized upon. Sunday is no exception to the rule; sermons are few but advertising ballyhoo is almost continuous. Lotteries are conducted openly and above board, and yet the newspaper that prints anything about a game of chance is barred from the mails. Irresponsible writers and politicians are permitted to make statements over the radio that would bring a libel suit if a newspaper dared to print the same statements.

Radio is too great a blessing to permit the air to be hogged by big corporations who see in it only the sign of the dollar-mark. Government control of it may not be the answer. But governmental regulation of it, and a closer grip on the methods of chain broadcasting stations would be welcomed at this time by a great many million people.—Big Spring News.

**Should We Publish All Criminal's Names?**

A good friend of this county took us to task one day last week because we do not publish the name of people who commit crimes in Terry county, or give a list of cases tried in the various courts. This man says he has always been used to it where he came from, and would like to see such things published in the Herald, and that we can get a list of cases from the county attorney each week. He honestly believes that it will be a deterrent to the criminal to give his name, and that they will soon move on. His argument seems to be sound and maybe right. But there is another side to the question, and one we have always considered in not giving such publicity.

It is not because we fear the one who committed the crime, or any of his folks. It is because we have a fellow feeling for the family of even the criminal. If we publish the name of every one, boy or girl of a little known family, we would then feel obliged to publish the names of boys or girls of the best known and most highly respected families in the county. That part would not make an iota of difference to us—the obscure or the prominent must both go in. And we never know what family this pitiless publicity is to fall on next. It might be a Stricklin or any other family in the county. We agree with this citizen that we don't need such families, but is this the best way to move them?

Let us examine the criminal element in the cities: We know that the big dailies don't know anybody. They don't stop to call the names of their next door neighbors if caught in crime. In fact they don't know their next door neighbors—don't want to know them. But does pitiless publicity keep down crime in the cities. Nay! Sometimes we believe that abuse rather hardens the criminal than make him better. If we thought for a moment that publicity would stop crimes in Terry county, we would not hesitate a second. But we have long since found that the perpetrator himself usually laughs the matter off, and the only sufferer will be the gray haired mother and father who are already bowed down in grief over the matter. It is like pouring scalding grease on a bad burn to them.

The Herald does not condone crime in the least. In fact, we believe too much mercy has been shown the criminally inclined in Terry county heretofore. But since our conversation with this gentleman, we have talked the matter over with some of the best and most substantial citizens of Terry county, and so far all have agreed that the Herald has taken the right course in the matter. They agree with us that publicity would hurt the relatives of the criminal far more than it would him. That his conscience is more or less seared, while that of his family would receive such a dart to the heart.

In other words, the Herald has decided to stay by its old course. It would rather that a few criminals go unpunished than to bring tears to the eyes and gray hair to the head of the least of the noble old mothers and fathers of Terry county.

**BANK SUSPENSIONS LOWEST SINCE 1929**

New York, April 2.—Bank suspensions the past week held at the low rate established in recent weeks and March ended with only 40 closings, the lowest monthly figure since the 1929 stock market crash, says the "American Banner."

Eight closings, together with one voluntary liquidation in which depositors will get 100 per cent, were reported for the week. Three banks reopened. With last week's figures, bank suspensions are brought up to 540 for the year to date.

**HUNTER NEWS**

How are people liking sandstorms? Hunter is certainly sick of them.

Hunter went to the tournament and played Prairieview in indoor baseball and was defeated.

Our declaimers done good Friday night. Floyd Montgomery won first place and Johnnie Mae Jenkins lost out. This was in the Junior.

There was a party at Mr. and Mrs. Edwards Wednesday night. A nice time was reported.

There was a wreck here Saturday night. Herman Edwards and J. B. Walser ran together. Neither one hurt bad.

Mr. and Mrs. Homer Butler, Mr. and Mrs. Lindley and Miss Greer, spent Sunday with Mrs. Brealed.

Mr. and Mrs. G. D. Montgomery spent the day with Mr. Joe Smith last Sunday.

Mr. and Mrs. E. B. Scott made a quick trip to Smyer Sunday afternoon and returned Sunday evening.

Mrs. Joe Landess is helping with sick folks at Happy. She will return as soon as the folks get better.

Everyone should come out and see Mrs. J. L. Lyons old hen which is sitting on kittens. There are about five little kittens, the old hen is setting on, if you take her off she will flog you. She will take her bill and rake the kittens under her if one gets out from under her.

Mr. Joe Smith and son went to town in a wagon for trades day. They are going to bring the twenty back with them, they say.

Mr. Orvis Bockman and Mr. Albert Buchanan spent the day with Mr. Robert Smith Sunday. They had a swell time playing dolls they said.

Mr. and Mrs. Raley Bryan are visiting his parents, Mr. Raley Bryan came down last week from Andrews, Texas.

Mr. and Mrs. Hill from Lubbock brought their baby which was just 22-month-old and buried it in the Forrester cemetery. We were sorry to hear of its death. They are visiting his parents now.

**SEAGRAVES PLANS POULTRY EXHIBITS**

Seagraves, April 2.—Plans are under way for the annual poultry show for Gaines county poultrymen to be held here the latter part of April.

Definite date has not been set, W. T. Morris, one of the leaders said. D. F. Eaton, county agent at Lubbock, who has judged the show before, is expected to be here.

The show will be held in the Cliff Armstrong building. Monroe Jones is president of the county association. Last year between 500 and 600 birds were shown.

**MARRIED SUNDAY AFTERNOON AT LOVINGTON**

A wedding of interest to the young or set was solemnized Sunday afternoon at 2 o'clock in Lovington, N. M., when Lewis B. Whitaker, of this city and Miss Mary Ann Teague, of Seagraves were united in marriage. Rev. Garrett, pastor of the Baptist church officiating.

Misses Willie Mae and Olga Mae Whitaker, sisters of the groom accompanied by Olin and Colin Hawkins were attendants of the bridal pair.

The groom, a son of Mr. and Mrs. Dan Whitaker, has served as editor of the Gaines County News at Seagraves for past few months, but recently resigned this position and will leave with his bride Sunday for Abilene where he has employment in a printing office at that place.

The bride is a popular young lady in the youngster set in Seagraves.—Seminole Sentinel.

We learn that Mrs. Frank Proctor had the misfortune to fall and break one of her legs one day last week, but it doing nicely.

Sanderson—Cowboy Cafe opened in J. J. Nance building on Oak St.

**One Dose German Remedy Ends Gas**

"I was sick and nervous with indigestion and stomach gas. One dose of Adlerika helped. I eat anything now and sleep good."—Henry Dadd.

You can't get rid of indigestion or gas by just doctoring the stomach. For gas stays in the UPPER bowel. Adlerika reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness and bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect of the German Doctor's remedy.—Alexander Drug Co. Inc.

Lowell C. Terry  
T. A. Wartes

Commissioner McDonald say the farmers of the south and Texas got some good out of the reduction law anyway. He says the threat of the law in some of the southern states, including the one in Texas that cost

the taxpayers \$65,000 only to be declared unconstitutional, made cotton farmers of the south \$127,000,000 and Texas farmers \$37,000,000 by causing cotton to advance that much. But of course Mack has to have some alibi, as he is up for re-election, and a money alibi is the best yet.

Tomorrow is primary election day over in our neighboring state of New Mexico. The eastern New Mexicans are mostly from Texas and Oklahoma, and they carry many of the customs of these two southern Democratic states over there to their new homes, including hot primaries, and this one is not the least of the hot ones, if we can judge by reading three papers printed over in Lea county. From appearances, it doesn't seem that candidates are quite as limited and hedged on expenses as they are in Texas, as some of them are carrying as much as a page ad in the papers and have been carrying a quarter page for the last several issues. And to, they can intimate that their opponents are "half-faced liars" over there the same as they can in grand old Texas. On with the battle.

Frankenstein, the highly touted and highly advertised picture show, has come to Lovington and gone. Of all the d—n fakes we have ever had the misfortune to see, this production is the most useless picture that could have been imagined. We can not even conceive of one purpose it serves. There is always some redeeming feature in the poorest picture, but in this one there is not even one good thing. There is no lesson to be learned, and there is not one iota of entertainment in it. Is it entertainment to see a man create a monster (an absolute fake, of course) who escapes and roves the country, side to murder and terrify the people? What manner of mind imagined this abominable production? We would say a degenerate of the worst type. No normal mind could or would conceive of such an abomination.—Lovington (N. M.) Leader.

In the daily press we read that Editor Albert A. Law, of Lamesa will this week go after the itinerant merchants, teeth and toenails, who come into Lamesa in the fall of the year when business is good to get the pickings and keep as much trade as possibly from the merchants who stay on all the time and keep the churches, schools and other needed institutions functioning. Just before tax-paying and tax collecting time, these birds pack up their little belongings and hit the road. Law has been in correspondence with some of the best lawyers in Texas, who believe that the legislature can pass a law that will catch these fellows on tax payments sufficient to pay their part or keep them out of town. In the meantime, a campaign of education to the people will probably stop some of it. Such people never make a town, and personally the Herald never trades with them.

It is believed by many that the West Texas Chamber of Commerce is losing some of its usefulness; that it is gradually drifting into the attitude of being a greater help to the individuals and corporations who do not really need help, than they are to the great middle class of people who have made the organization the greatest regional chamber of commerce in existence. Many of the small newspapers have about reached the conclusion that their own state organization is drifting into the same rut. Last year at San Angelo, about all the main addresses at the convention were delivered by heads of corporation, big utility concerns and railways, and on subjects foreign to the purpose for which the convention was held. After reading the program which was issued in advance, many small town editors re-

**Chamber of Commerce**  
By the Secretary

More than 60 Loan Applications have been completed in Terry county, since we began operating March 22. Several checks have been received and in some instances the amounts received were less than applied for and in one or two cases some dissatisfaction was expressed. And right here it might be well to repeat the information that the Secretary of the Chamber of Commerce is not connected with the proposition in an official capacity and has nothing whatever to do with decisions made by the District office at Lubbock nor with Regional office at Dallas. He is not charging anything for his services in connection with filling out the applications and is very glad that he can be of service to those of our farmers who are in need of financial assistance in their farming operations. We don't like some of the rules and regulations that the Department of Agriculture has seen fit to impose but there isn't anything that we can do about it so we are not losing any sleep over it.

The District Parent-Teachers' Association is holding its annual session at Slaton this week and the chamber of commerce joined by the American Legion and the two service clubs have invited them to come to Brownfield for next year.

As most of the membership committee of the chamber of commerce have completed their work, it is expected that a meeting of the directors will be called within the next few days for the purpose of arranging our program for the year. Several new members have been added to the organization and the monthly subscriptions in the higher brackets have been reduced over what they were in former years and this has resulted in fewer dollars to work with this year and calls for a considerable reduction in the salary of the secretary. However he is in the hands of his friends and will be satisfied with whatever they think is equitable.

The Brownfield Chamber of Commerce, was the first one to come out in opposition to the position of the Tax Committee of the West Texas Chamber of Commerce as it concerned the Soldier payment although several have followed the lead and it is almost certain that the report of the tax committee will be laid on the shelf at the annual meeting of the organization. We are for the boys and even if they receive the remainder of the money allotted to them that they will not get near as much as they deserve. The writer did his "darndest" for them during the War and is going to continue to do his little best to help them get anything that they believe is coming to them.

**Neill Asks Voters for County Atty. Office**

In response to urgent solicitation of a large number of citizens of Terry county, I announce myself for the office of County Attorney. I really would like to have this place again, and with my knowledge of criminal law, and experience in county government, believe I can attain maximum enforcement of this office's functions on minimum expense.

I offer my very best efforts to the duties of this office, and also assure you of my personal appreciation for your favorable consideration and support.

Very Resp.  
GEO. W. NEILL

District Attorney, T. L. Price, of Post, dropped in a few minutes Saturday to inform us that he had closed the pool parlors here for good, as he was upheld by the higher courts at Austin. One of them moved to Hobbs, N. M. last week.

Snyder—Ford agency will open in new quarters soon.

remained at home who live in a half-day drive of San Angelo. If another such program is outlined for this year, we believe there will be a fast sluffing off of what is termed "lay" members, who pay but have little voice in the operations of the association.

We had a letter the past week from our old friend, L. P. Lomis, publisher of the Torrington, Wyoming Daily Telegram, who by some grapevine method learned that we had been voted the most useful citizen of this city. Editor Loomis was for many years proprietor and editor of the Slaton Slatonite, and made a fine paper out of it. He later went to Canadian and made a paper out of the Record that the other fellow wanted, and later sold and pulled out for Wyoming where there were a few more Republicans than there are in Texas—at that time. Mr. Loomis is as fine fellow as we ever met. He is a gentleman through and through, and the same in Brownfield or New York. Not only that, but he is a superb writer, and the Herald feels a bit conceited to know that it is still remembered and has the hearty congratulations of a man of the calibre of L. P. Lomis.

Will Rogers evidently thinks there's more than meets the eye in the crystal ball held by Jetta Goudal in "Business and Pleasure," Fox's latest comedy with the American ambassador of good spirits. 2PA

**Odd Fellows Put New Furniture in the Hall**

J. C. Green, secretary, and Jack Holt, past Noble Grand of the local lodge Independent Order of Odd Fellows, carried the writer up into the hall one day last week to show us the new furniture that is being installed. Both appeared to be as proud of the new furniture as two school boys over their first baseball bat. Indeed, we believe that all the members are proud of the looks of the hall at present. We are sure they are.

A year or two ago the boys got their nice hall on the north side of the square paid out. Since that time they have received a monthly rental from the front part from the J. F. Winston Insurance agency. This fund, together with initiations have created quite a fund, and a few months ago the brotherhood decided on new furniture, and a committee was appointed for that purpose.

One look at catalogues from firms that supply lodge furniture convinced them that it would take a big outlay of money to fix up the hall like they wanted it. Figures were had with the local lumbermen for oak and other lumber and materials needed, and also with cabinet makers and painters here in Brownfield. It was immediately seen that a considerable sum of money could be saved by having it made in Brownfield by Brownfield workmen, and at the same time give employment to local people.

Therefore the material was purchased and Chas. Moore was employed to start making the furniture. Pappy John Powell was employed to do the upholstering and Sach Green and John Winston were engaged to do the staining and varnishing. Three chair sets were made for the noble and vice-grand, both of which included a nice desk to set in front of those officers on the raised platform. Single chairs sets with new desks were made for the past grand and chaplain, and a new altar for the center of the floor. All the chairs were finished in hard wood and everything given a hardwood finish.

To say the least, the furniture looks as well or better than that in catalogs, and being hand made will last a life time. The members told us that the whole business would cost but little if any in excess of what one triple-chair set would have cost from furniture manufacturers. It is believed that the Brownfield lodge is now one of the best equipped in this section of the state.

Whether you are a member of this order or not, some time when you have an opportunity, visit the hall and see what can be turned out by Brownfield workmen. The total cost will be around \$300.00.

**Local Post Opposes W. T. C. of C. Action**

The Brownfield Chamber of Commerce and the William Guyton Howard post of the American Legion, at meetings here last week went on record as opposed to the proposal of the tax committee of the West Texas Chamber of Commerce with reference to the soldier bonus.

The legion post passed the following resolution, a copy of which is to be sent to V. Earl Earp, state commander.

**Overstepped Authority**  
"That the membership of Howard Post 269, the American Legion of Brownfield, Texas, are of the opinion that the West Texas Chamber of Commerce overstepped its authority in its action, and could and should be of greater community service than in that of voicing their opposition, and opposing the ex-service men who are asking the payment of the adjusted service compensation which our government admits is justly due us."

The resolution was signed by J. D. Miller, post commander and C. K. Alewine, adjutant. It was proposed by R. A. Simms and seconded by T. I. Poor.

**Takes Similar Action**  
The chamber of commerce took similar action and went on record as "unilaterally opposed to the action of the West Texas Chamber of Commerce and expect to exert every effort to cause our congressman to vote for the bill."

"We are of the opinion," it was further stated by J. E. Shelton, secretary, "that the cost of government must be reduced by state, national and county, but means other than to pay our obligations to the world war veterans should be developed. If a \$2,000,000,000 reconstruction bond can be created, then a bond sufficient to pay the veterans can be arranged for."

**Army Recruiting Officer Here Wed.**

Sergeant M. J. Miner, the Recruiting Officer in charge of the Regular Army Recruiting Office, located at 817 1/2 Broadway, Lubbock, was in town the first part of the week. Sgt. Miner stated that he had received instructions last in March to enlist a limited number of new men for the Army, five were enlisted for the Medical Department, William Beaumont General Hospital, at El Paso.

William Tichenor, of Ropesville, was one of these five. The Recruiting officer, stated that he expects to receive a large number of openings within a short while.

**Where Two Babies Died at Port Arthur**

An exploding oil stove burned down the house at Port Arthur, aged three months, to death in this house in Port Arthur. Their mother was in the back yard washing. Robert, six, who was in bed with the measles, and his sister, Ella May, four, who was in the room with him, other two children of Mrs. A. P. Brevell, were rescued by their grandmother. Firemen found the infant in his crib and the other tot on the floor when they had extinguished the resultant blaze.

**Terry Co. Tax Payers League Organized**

The first meeting of the Taxpayers' League of Terry county was held in the District Court Room last Saturday, and although the meeting was retarded by a hearing of an injunction suit before the court, a goodly size crowd remained and formed an organization.

The object of the league is to make studies, formulate plans and to determine the various ways and means whereby the expenditures of tax money can be reduced, and to take any and all action necessary to effect such reductions to the end that all waste, inefficiency, duplications and expensive operations in government be eliminated.

It is not the intention of the league to in any manner retard the development or progress of the county, but on the other hand, its object is to increase development upon a more economical plan, and to see that valuations of property are more equalized and that each citizen be assessed for taxation at a just rate in proportion to the property they own.

All ad valorem property tax payers may become members, except public officials, contractors on public works, members of corporations and tenants.

The next meeting of the league will be held in the District Court rooms on Saturday, April 9th, at 3:30 P. M. and all property owners are requested to be present and join the organization.

The organization is strictly non-partisan and the membership is free, no assessments of any kind being made against the members thereof. This is your organization and you need its help and the organization needs you. So all be on hand on said date. Able speakers will be provided and the various problems of taxation and expenditures will be discussed from every angle. Lets all get together and bring old Terry out of the kinks so that when we report to the State Organization we can say that our tax problems have been solved and the depression over.—Contributed.

The First National Bank of Jayton, Texas, is letting depositors have only \$5.00 per day, and are taking no new deposits, according to the last issue of the Jayton Chronicle.

## Brownfield Wins The Cup in Interscholastic League Meet

Every one is very much pleased with the way the Interscholastic League County Meet turned out. The girls baseball team played Gomez in the final game and beat them 15-16, giving them first place. The boys also won first place. Both the boys and girls debate team won first place by unanimous decision of the judges. The girls team consisted of Margaret Murray and Orvalene Price; the boys team of Vernon Bell and Theo Adams. We won four first places in declamation and one second place. Doris Lee Gore won first in Junior girls; Charles Boyce Rambo in Junior boys; and John Jr. McLeod second; Bill Jr. Savage in Senior boys and Marien Hill for Senior girls. In Extemporaneous speaking Kyle Adams won first for the boys. In the spelling, Lucille Burnett tied a Meadow girl for third place, and Otis Spears won first place in the essay writing contest.

Everyone should be very grateful to these students because they have worked very hard in order for the school to win first place in the annual Interscholastic League Meet. There are several students who will represent us to the district meet and we hope that some of them will go to the state.

In the track events the following students placed:

- Javelin—Gilliam Graham, 1st; Sawyer Graham, 2nd.
- High Jump—Gilliam Graham tied for 1st; Wilson Banks, 3rd; O. D. Hucklebee, 4th.
- Shot Put—Jim Neill, 1st; Johnnie Bogie, 3rd.
- Discus—Jim Neill, 1st; Johnnie Bogie, 2nd.
- Mile Relay—Brownfield team consisting of Jim Neill, Ray Brownfield, Woodrow Chamblis and O. D. Hucklebee, 1st.
- Mile Run—O. D. Hucklebee, 1st; O. D. Thomas, 2nd.
- 880 Yard Run—Jim Neill, 2nd; Wilson Banks, 3rd.
- 440 Yard Dash—Woodrow Chamblis, 2nd; Ray Brownfield, 3rd; Otis Spears, 4th.
- 100 Yard Dash—Jim Neill, 1st; Woodrow Chamblis, 3rd.
- Broad Jump—Gilliam Graham, 1st; O. D. Hucklebee, 2nd; O. D. Thomas, 3rd.

## An Old Timer's Reminiscences

Because the day was hot and sultry the three old cronies had arrived at their usual bench under the courtyard trees a bit early. The old pals were approaching their eighties and were in what we term their second childhood, living in the past instead of the present.

"Wal, John," said one, "it's time you was tellin' us another one of yore experiences."  
 John shifted his quid of tobacco to his left cheek, spat leisurely, and began. "In 1899," he said, "I helped drive five thousand head of long-horns from Hale county to a place on the Caprock about ten miles south of what is now Brownfield. Early in March we topped the Cap, about fifteen miles south of Post, and bedded the cattle down for their first night on the Plains. About three o'clock a high wind started from the west and initiated us into our first sandstorm. You could not see ten yards in front of you. The gravel, which was about the size of sparrow eggs, cut your skin to the quick and, had it not been for our goggles, would have blinded us. The cattle became restless and, because we couldn't sleep without suffocating, we all went out to ride herd. Before we started we wet our neckerchiefs and tied them about our face to keep from suffocating. The entire outfit, however, couldn't hold the herd and the cattle stampeded, scattering in all directions. The bunch that I follow-

ed didn't run far, however, because they couldn't breathe freely. The wind changed to the north at dawn and the sand stopped blowing, but a cold slow drizzle started. It also stopped about noon and the sun came out. I was lost (because at that time there were only about six ranches on the South Plains) hungry, cold, and alone, with the exception of my horse and five hundred cows. After wandering the rest of that day and the following night, I ran into a ranch that, I learned, was my destination. I reached there a week before the rest of the outfit."—Student Theme.

Miss Long—Johny what in your estimation is the greatest accomplishment of the Spaniards.  
 Johny—Speaking Spanish.

## Signs of Spring

Every spring brings us the same pleasant surprises. One morning we wake up to find the green lawns and slopes dotted every where with dandelions. There was hardly a warning. Like soldiers, but without noise or bugle notes, they have captured the hills and slopes, we find them a few weeks later nearly dead and soon they are dried up and blown away by the sandstorms.

Some days later we will awaken by a sweet little note heard outside the window. We jump up and look out and what did we see? Nothing more than a saucy little bird perched up in a tree singing his new spring song. He is of all colors—red, blue, yellow and lavender.

Soon after you heard and saw the little bird, you are down in town and just look! In the shop windows are all of those colors that you saw on those birds. In a few days high school girls are seen with all those beautiful colors on. What do you think when you see them? Spring.

On our own campus the things that remind us that spring is here are that the seniors are beautifying the campus by planting shrubbery of all kinds, and the boys and girls are playing baseball and tennis. The most inevitable thing that makes us know that spring is at hand is that Miss Perkins always gets the "theme fever."—Student Theme.

On April 1, 1932, Mary D strolled out to the chicken coop with water for the chickens. As she neared the coop she said:

"Chick, chick chick, come get your water."  
 The chickens flocked around her ready for their water.  
 Mary D (holding water back.)  
 "April Fool!"  
 You should have seen the blank expressions on the disappointed chickens face.

## "Little Miss Jack"

The Junior class will present a play entitled "Little Miss Jack" at the high school auditorium Friday night, April 8. The proceeds of the play are to be used to defray the expenses of the Junior and Senior banquet.

The characters:  
 Maggie, a girl of the Bowery—Evelyn Pippin.  
 Jimmie, with no taste for work—Murphy May.

Julia Trenors, who has been a mother to Jack—Frankie Rickels.  
 Jacqueline, Little Miss Jack—Ruth Adams.

Doctor Carlyle, a successful physician—Jim Neill.  
 Paul Sandhorn, his assistance—Sawyer Graham.

Neena, the doctor's adopted daughter—Annie Letha Hamilton.  
 Aunt Kathie, doctor's sister—Eva Mae Woodbridge.

Reder, a social hanger-on—Ray Brownfield.  
 Drake, justice of peace—Jo Hoops.  
 Jones, of the police—Otis Moore.  
 Admission 25 and 15c.

The South Plains Dairy Show will open in Plainview Monday for a run the rest of the week. They promise a bigger and better show than ever. Better prepare to attend some, at least.

Miles—Improvements made to Texaco Service Station.

## A LESSON IN ADVERTISING

Williams Wrigley, the chewing gum magnate, who died recently, amassed a great fortune, and he attributed his success to advertising. While traveling on a fast train some time ago, a friend asked Wrigley why he continued to spend millions of dollars for advertising. "Your gum is now known the world over and the people have the habit; why don't you save the millions you are spending on advertising?" asked the friend. Wrigley thought for a moment, then asked, "How fast is this train going?" "About sixty miles an hour," replied the friend. "Then why doesn't the railroad company remove the engine and let the train travel on its own momentum?" asked Wrigley.—Fergus Falls (Minn.) Journal.

THOS. F. HUNTER  
 Candidate For Governor of Texas.

## Former Sadler Singers Coming April 11-12

The local organization of Parent Teachers Association is bringing a musical program to town for Monday and Tuesday nights, April 11th and 12th. This program will be held in the Auditorium, of the high school and promises to be one of the best that will be heard in the local auditorium this season.

The organization that is to furnish the music is a quartet formerly known as the Harley Sadler quartet. They were with that show for some time and have only recently gone out for themselves. They bring a variety of musical entertainment that is wholesome and yet snappy enough to challenge the interest of the thrill seeker. Vocal music and stringed instruments are to be featured in this program.

The P. T. A. invites you to come and hear this good evening of entertainment. The prices for the show will be 25c and 15c. At these popular prices the auditorium should be packed to capacity for this varied program.

Dr. G. W. Graves has been on the puny list this week with flu. He reports that there are a good many cases, and this has been confirmed by other physicians here we have talked with. They say we most always have a second seige of it a month or two after the first dies down, but not generally so severe as the first one.

W. R. Patterson of Plains and D. B. Watson of Plainview, were here this week on business.

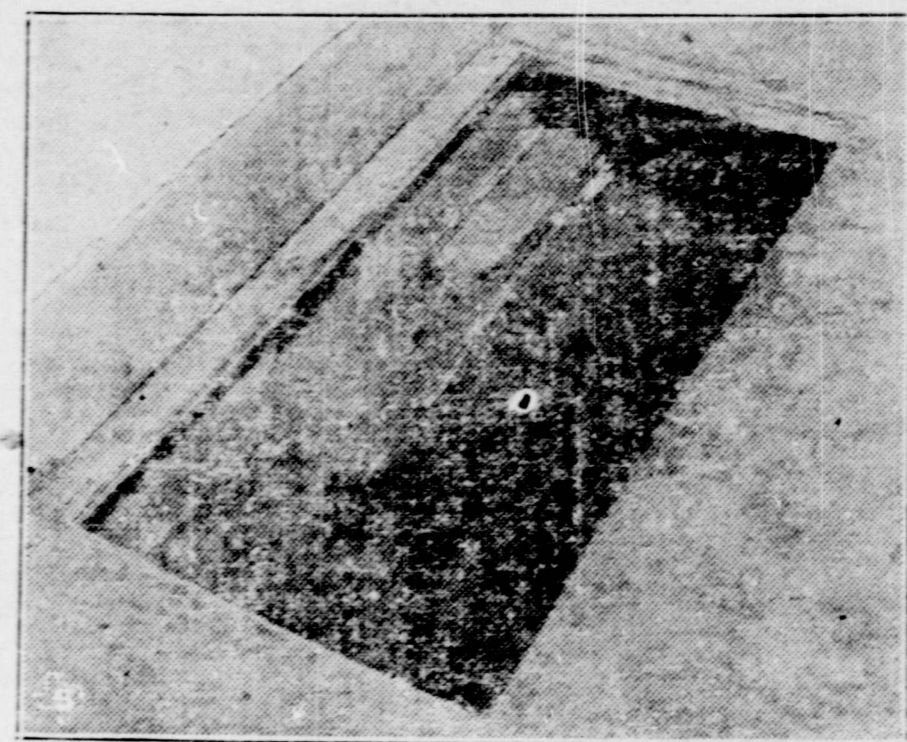

## Woodwork Dept. Show Specimen of Work

Those who passed along the window of Holgate-Enderse hardware store over the last week-end saw considerable display of plain and fancy woodwork. This furniture was the product of the woodwork shop of the Brownfield High school. Mr. Dennis, the instructor, and the boys carried the exhibit down last Friday and took it out Monday of this week. There were about 18 items of furniture and woodwork displayed. The pupils who made the items are as follows: Lowell Stephens, hall tree; Morris Hale, telephone stand and stool; Kenneth Moore, kitchen stool, end table and porch swing; Turett Flache, sewing machine table; Leona Proctor (the only girl in the class), end table; Clyde Dallas, end table; Clyde Dallas, end table and cedar chest; J. O. Hobbs, Child's chair and treasure box; Logan Redford, book rack; Buster Brown, treasure box; L. T. Brinson, treasure box; Walter Monk, cedar chest; Sid Wheeler, medicine chest and taboret.

This work is one of the types of vocational training given in the Brownfield schools. The vocational value of this type of training cannot be over estimated. It is worth something for a fellow to be able to do something for himself. This work teaches him to do that thing. The teaching of the course is founded on one of the soundest of education principles. They learn to do by doing.

Homer Nelson and family are in Arkansas this week visiting his parents.

## Plot to Rob Abilene Bank Nipped

Here is the entrance to a 48-foot tunnel discovered at Abilene, Texas, leading from a vacant building to a point under the Citizens National Bank. Four young men have been arrested and charged with conspiracy to attempt to rob the bank as a result of the discovery. They are: Rupert Black, 1929 graduate of the Abilene high school, and letterman on the University of Southern California football team; Edward A. Rice, Malcolm W. Foster and E. Oliver Black, cousin of Rupert. Painting of windows in the vacant building led to the investigation by officers.

Bill Fitzgerald is opening a new filling and service station in the old Brick Garage building, and will carry a full line of Conoco products, including gasoline and germ processing oils. Just as soon as he can stock them, he will carry all kinds of accessories and tires and tubes. He will also do you a fine job washing and greasing your car. Look up his place and call.

Jack Benton has moved his repair shop into the Plains building on east Main, where his many customers will find him.

Lawrence Stewart, brother of Mrs. Claude Hudgens, is here making preparation to go to London, Eng., where he will be sent by the oil company he works for to construct a pipe line through that country. He will be there about two or three years.

Dick Chisholm, who is attending A. C. C. at Abilene, visited home folks over the week-end.

Spearmen—Hard surfacing completed on east half of Highway No. 117 from here to Ochiltree county line.

PIANO PUPILS TO GO TO AMARILLO

The date of the Tri-State Music Festival which is to be in Amarillo, has been set for April 16th. All pupils who entered the Tri-State Division and made a grade of 90 or above, will play in Amarillo on the above mentioned date.

MUSIC NOTES

We are indeed grateful to the P. T. A. for making it possible for our school to enter the Music Memory Contest in the County Meet.

These records will give the pupils a greater appreciation and love for the famous melodies of the classical composers.

Many who haven't the opportunity for private Music Lessons will learn to appreciate the best in music, through listening to the records.

Miss Grantham for the use of her phonograph. Mrs. Dennis for her untiring efforts and assistance with the contestants. Mrs. Dallas and Mrs. Lewellen for grading the papers at the County Meet and Mrs. Ike Bailey for ordering the records promptly for P. T. A.

ENDEAVOR LEAGUE

The Endeavor League, which has been formed out of the uniting of the Presbyterian Young Peoples Society, Christian Endeavor, and the Methodist Young Peoples Society, Epworth League, met at the Methodist church Sunday evening at 7:00 o'clock with a fair attendance.

M. E. SOCIETY

The Methodist Missionary Society met for a study lesson Monday. Mrs. Longbrake and Mrs. Carpenter presented the lesson. Plans were made for the zone meeting in Brownfield Wednesday.

JUBILEE AUXILIARY

The Jubilee Auxiliary met for a social Thursday at the home of Miss Mozelle Treadaway. Several amusing games were played.

CIRCLE TWO of the Baptist W. M. U. met with Mrs. Brown Monday. The Bible lesson from the Book of Job was led by Mrs. J. C. Green.

Mr. and Mrs. Scaggs of Lampasas are visiting in the home of Mr. and Mrs. Tim McGuire.

A. R. Brownfield returned Tuesday night from a fishing trip at Hot Springs, N. M.

Mr. and Mrs. Lazelle Huckabee are planning to move to Capitan, N. M. soon.

The O. E. S. Lodge met Monday night.

Mr. and Mrs. Glen Aker, Mr. and Mrs. Clyde Gross and daughter, spent the week-end in Lubbock.

Mr. and Mrs. Jack Head have as their guests this week, Mr. and Mrs. R. C. Bonner and little daughter Patricia Anne and Mr. and Mrs. T. A. Williams.

Mrs. O. W. Watkins of Meadow is visiting her daughter, Mrs. Vance Glover.

Mr. and Mrs. E. G. Alexander and children of Plainview were in Brownfield Tuesday attending to business and visiting friends.

Mr. and Mrs. J. A. King Jr., of Midland are visiting relatives here.

MRS. VANCE GLOVER ENTERTAINS

The Laf-A-Lot club met Thursday at the home of Mrs. Vance Glover with the following members and guests present: Mesdames Hurst, Hil-yard, Earl Jones, W. C. Smith, C. J. Smith, Grady Terry, Thaxton, Swan and Misses Lena Mae Ballard, Lillie Mae Bailey, Lou Ellen Brown.

Mrs. A. M. Brownfield and Mrs. Roy Wingerd are attending a P. T. A. convention at Slaton this week.

Mr. and Mrs. Tom May and family and Mr. and Mrs. Roy Ballard returned Sunday from a fishing trip in New Mexico.

Misses Lenore Brownfield, Eileen Ellington and Cordia Mae Shepherd spent the week end at home.

THE YOUNG MATRONS CIRCLE of the Baptist W. M. U. enjoyed a meeting at the home of Mrs. Wayne Brown Monday. Eleven members were present.

TACKY PARTY

The Home Makers Sunday school class and Louise Willis Circle entertained their husbands in joint social at the Baptist church Friday evening.

ACE HIGH CLUB

Mrs. A. M. Brownfield entertained the Ace High club Friday afternoon. Souvenirs were provided for everyone and the winners at each table were allowed to take their choice of theirs and the losers gifts before progressing to the next table.

Mr. and Mrs. S. L. McDonald left Monday. They will attend the ginner convention at Dallas, and visit in Waco with their daughter, Mrs. Ross Samms before returning home.

Judge and Mrs. Jay Barret are planning to attend the Judges Convention, convening at Midland the 28th of this month.

Mrs. Ralph Carter and Mrs. Bill Youree returned Saturday from visiting relatives in New Mexico.

STUDY CLUB

An interesting lesson on Africa was led by Mrs. Crews at the meeting of the Maids and Matrons club Tuesday. Mrs. Jacobson and Mrs. Holder were hostesses at the home of the former.

Other members present were Miss Fitzgerald, Mrs. Rentfro and Mrs. Lyon. Refreshments of cake, nut parfait and ice tea were served by the hostesses.

6 O'CLOCK DINNER

A number of young people were the guests of Miss Bernice Weldon Tuesday evening when she gave a six o'clock dinner and Forty-Two party. Guests at the dinner were Misses Clovis Hubby, Olive Fitzgerald and Gladys McSpadden; Mr. Will Fitzgerald and Mr. W. W. Pollard.

CHURCH OF CHRIST

We were much gratified at the splendid giving last Lord's day. Another note on the pavement is due and we hope every member will help on it.

I will begin a meeting at Wellman Sunday night to continue a week or ten days, the pupils here will be filled by others, and I trust they shall have the best of support, that the work may go forward in my absence.

Next Sunday afternoon I will fill my appointment at Needmore. Come to the friendly church. R. P. Drennon.

BAPTIST CHURCH

We are to start our spring revival Sunday, April 10th, and are hoping and praying that this may be a real revival that will lift us all heavenward.

We were delighted with our attendance last Lords day. We had 206 on time in our Sunday school and fully that many attended the morning worship with us.

All of our regular services for the day and on through the week. Remember our church creed: God said it, Jesus did it, we believe it and that settles it. J. M. Hale for the church.

PRESBYTERIAN AID SOCIETY

The Presbyterian Aid Society met Monday afternoon at 5:00 o'clock. We had a very interesting program dealing with health conditions in several of our missionary fields.

On our outline map of N. A. we located the different points where our medical missionary schools and hospitals are located.

We urge our ladies to attend our meetings and help out in the discussions.

### Exhibits Described on Home-Farm Special

Exhibits prepared by the college occupied four cars. Livestock from the college farms filled one car and farm electrification exhibit another. Results of the latest experiment in improved farming practices and livestock production were cited and the possibilities and benefits of a live-at-home program, including home improvement and beautification, were emphasized.

Exhibits of especial appeal to women and girls were found in the 4-H pantry and home industries displays. The 4-H pantry display pointed out that no farm family of five,

with proper attention to home production, need spend more than \$80 a year in cash on the family larder. The exhibit showed a model pantry, well stocked with home grown and home canned food products bearing the 4-H label.

More than 24,000,000 tin cans and more than 8,000,000 glass jars were sold in Texas in 1931, specialists aboard pointed out in citing the growth of 4-H pantry demonstration work among farm women. Summary of the work in 122 counties showed more than 47,000 women reached during the year, 10,490,578 quarts of fruit, vegetables and meats canned and 6,271,224 pounds of fruit, vegetables and meat fried and cured. These food products put up by Texas farm women represented a value of more than \$3,600,000.

#### Farm Home Industries

Farm home industries exhibit showing various gift packages pointed out what can and what is being done by Texas farm women in augmenting their income through the preparation and sale of Better 4-H products and articles. Nearly 900 home industry demonstrators and cooperators received \$31,431 for such products in 1931.

How old wool and cotton garments, discarded hose, feed sacks and scraps of new material may be turned into attractive rugs was the story of one exhibit. During 1931, Texas farm women turned out 3,688 hand made rugs and mats valued at \$18,632.

Reflecting a growing revival in the use of cotton clothing, one display showed cotton garments for a family of five, illustrating the adaptability of such fabrics for mens suits, sports and evening wear for women and numerous other garments. Texas farm club girls during 1931 made articles of clothing valued at \$33,428.

#### New Uses For Cotton

New uses for cotton, opening the way to greater consumption of Texas' major agricultural product, were cited in another exhibit. Specimens of cotton bagging, mesh bags for shipping vegetables, nuts and citrus fruit as well as samples of various textiles, all manufactured from cotton, were on display.

Industrial uses for cotton were illustrated with display of various mechanical parts, such as spools, silent timing gear used in automobiles, airplane propeller tips, and parts for weaving machinery. Attention was called to the fact that 65 per cent of the 6,300,000 bales of cotton consumed in the United States in 1928 was for industrial uses as compared to 34 per cent of the domestic consumption in 1919.

The need of reducing production costs and improving staple quality of the 1932 cotton crop was stressed. Important factors in accomplishing this were cited as terracing of the land to conserve moisture and soil fertility, use of proper crop rotation, planting of good seed of known breeding, seed treatment to hasten germination, proper cultivation, and use of fertilizers.

#### Orchards, Gardens and Yards

Terracing hillside orchards, featuring the development of pecan orchards in Texas, was the theme of one exhibit showing miniature orchard and the proper of terracing.

Lath garden sub-irrigation system was the subject of another miniature model showing cross section of underground irrigation system eight inches below the surface. This exhibit called attention to the fact that a vegetable garden, 100 by 150 feet in size, properly cultivated and irrigated, will supply the needs of a family of five with fresh and canned vegetables for a year.

How proper landscaping with a few shrubs and a lawn, add to the beauty of the grounds about a house was the story of another exhibit. It was pointed out that in 1931, a total of 1,217 farm yards in Texas were improved with landscaping and planting of shrubs and flowers at a cost of a little more than \$1 a yard.

#### Farm Electrification

Farm electrification exhibit, featuring electricity as the new "hired hand" on the farm, filled one whole car of the train. This display demonstrated the many uses to which electricity may be put in bringing conveniences of the urban home to the farm home, as well as in lightening the tasks and increasing the efficiency on the farm. Appliances and equipment for household, kitchen, laundry, dairy, poultry raising, shop and general farm use were shown. This exhibit was sponsored by the Texas committee on the Relation of Electricity to Agriculture and the Southwest division of the National Electric Light Association.

#### Livestock Exhibits

Livestock from the college herds and flocks filled one car, illustrating points brought out by some of the booth displays in other cars. Beef cattle and dairy stock, hogs, sheep and Angora goats were featured, type, production and care being stressed. Exhibits and specialists aboard brought out that Texas farms and ranches show approximately 4-5,000,000 beef cattle, 6,000,000 sheep and 3,300,000 goats and that the feeding of calves and lambs in Texas is showing an appreciable increase. All told, it was pointed out, about 150,000 head of cattle and 270,000 lambs are being fed in Texas this year.

Creep feeding of calves was stressed in exhibit showing two Hereford cows with calves, pen arrangement allowing the suckling calves access to approved type of self-feeder being demonstrated. Such feeding will enable a calf to put on 100 pounds additional weight by weaning time with the consumption of ten bushels of corn or equivalent in other grains, specialists aboard pointed out. Booth display featuring beef production, pointed out advantages of trench silos, pastures, good breeding, creep feeding and the marketing of feed through cattle.

## Natural Gas Service and - Just Natural Gas

If you could go to the corner grocery or to a gas well, get a sackful of gas, pay cash for it and carry it home, you could buy a huge volume of it for 5 cents.

Of course your gas sack would have to be large and it would have to be good and tight. That might add somewhat to the cost.

Just when you happened to need the gas, the weather might be unpleasant outside, too.

When you got your sack of gas home, you would have quite a merry time trying to get the gas fed into the burners of your stove.

It is then that you would realize that you had bought the wrong thing. You wanted GAS SERVICE and you had bought just gas.

Gas without service is a vapor that cannot be handled by ordinary means. It is of little use to anyone.

GAS—WITH SERVICE—is a clean, efficient, reliable fuel—ready to do your instant bidding when and where you want it.

It is GAS SERVICE, rather than just gas that you buy, use and pay for.

**E. G. AKERS**  
ABSTRACTS — LOANS — INSURANCE

#### Dairy Cattle and Hogs

The dairy exhibit, including two Jersey milkers in the livestock car and booth display in another car, emphasized the economic necessity of keeping only cows capable of high

#### Butterfat Production

Butterfat production if a profit is to be expected. The cow in the exhibit representing the profitable type produced 470 pounds of butter fat in a year, representing value of \$94.08, at feed cost of \$64.38, or a profit of \$29.70, as contrasted with 191 pounds of butter fat for the unprofitable type valued at \$38.24, or \$9.16 less than the feed cost of \$47.40.

#### Sheep and Goats

Two Rambouillet ewes and three Angora does made up sheep and goat exhibit in the livestock car, these being shown as the most practical types for farm and ranch flocks. Proper methods of feeding and shearing sheep and goats and the value of scouring fleeces before marketing were stressed in display booth complementing the sheep and goat exhibit in the livestock car. Use of the wool scouring plant of the Texas Agricultural Experiment Station at the college was urged for wool growers desiring to learn more about their wool crop qualities.

Specimens of desirable grasses and clovers for different sections of the state were shown in pasture exhibit. Growth of interest in the East Texas permanent pasture demonstration contest sponsored by the East Texas Chamber of Commerce was brought out by announcement that more than 1000 entries have been made in the contest this year as compared with 266 entries in 1930.

#### Wheat and Grain Sorghums

The market penalty incurred by smutty wheat and control measures for this serious wheat disease were points emphasized by another exhibit. During 1931, approximately 7 per cent, or about 4,000,000 bushels of the Texas wheat crop graded smutty on the terminal markets, and varying

discounts, depending on the degree of smut damage, were assessed by buyers, it was set forth.

Grain sorghum exhibit pointed out the advantage of planting only well bred, pure line seed. During 1931, a total of 1,500,000 pounds of seed, all tracing back to bagged pure line seed developed by the Texas Agricultural Experiment Station, were state certified. This latter information was cited to bring out the point that there is no longer any need of planting other than seed of high producing strains and known pedigree.

#### Poultry Exhibits

Proper care and feeding of poultry with special attention to methods for handling baby chicks made up the subject matter of poultry exhibit. Features of this exhibit included electric brooder, screen flooring to protect the chicks from droppings, practical feed troughs, and water fountains. Cleanliness in chicken house, grounds, feed, water and management was stressed for growing healthy chicks.

Miniature exhibit of horses and mules as farm work animals, featuring big hitchers, was another display.

It was a bleak and cloudy Sabbath morn in the Highlands that a father and son were returning from the Kirk. They passed a field where some very sleek, fat cows were lazily grazing.

"Father," remarked the son, "there are twelve fine beauties in the field."

"Aye, my son," replied the father, "you may not count the beauties on the Sabbath day, and besides there are thirteen."

#### CHALLIS HEALTH HONOR ROLL IN PRIMARY ROOM

Estella Swain, La Wanda Henson, Bill McNeil, Bill Byron Price, Mary Ann George, Joe Harold Henson, La Verne Yeizer, Ruby Huckleberry, La Verne McNeil, Lelar Lewis, L. V. Langford, Maurice Howard, Preston Turner, Lonis Pendergrass.

Whos healthy's wealthy.

### Inaugural Dress

This dress was worn at the inauguration of two presidents, George Washington in 1789, and Andrew Jackson in 1829. Mrs. E. B. Hollinger, of San Angelo, Texas, who wears it above, hopes to wear it at the inauguration of John N. Garner as next president, she says. Mary Curtis wore it at Washington's inauguration and a niece of John Tyler, himself a president, wore it at the inauguration of Jackson. Both were cousins of Mrs. Hollinger's great-great-grand mother.

#### OBEYING THE MASTER'S COMMANDS

If they dig deep enough they will find that the United States Chamber of Commerce was responsible for the West Texas Chamber of Commerce officials taking a slap at the payment of the bonus due the soldiers who took part in the World War. The money kings of the nation are smart enough to remain in the background and persuade regional and local Chamber of Commerce pull the chestnuts out of the fire for them.

The very men who made hundreds of millions of war profits are the ones now leading the fight to prevent the payment of the money due the ex-soldiers.—Big Spring News

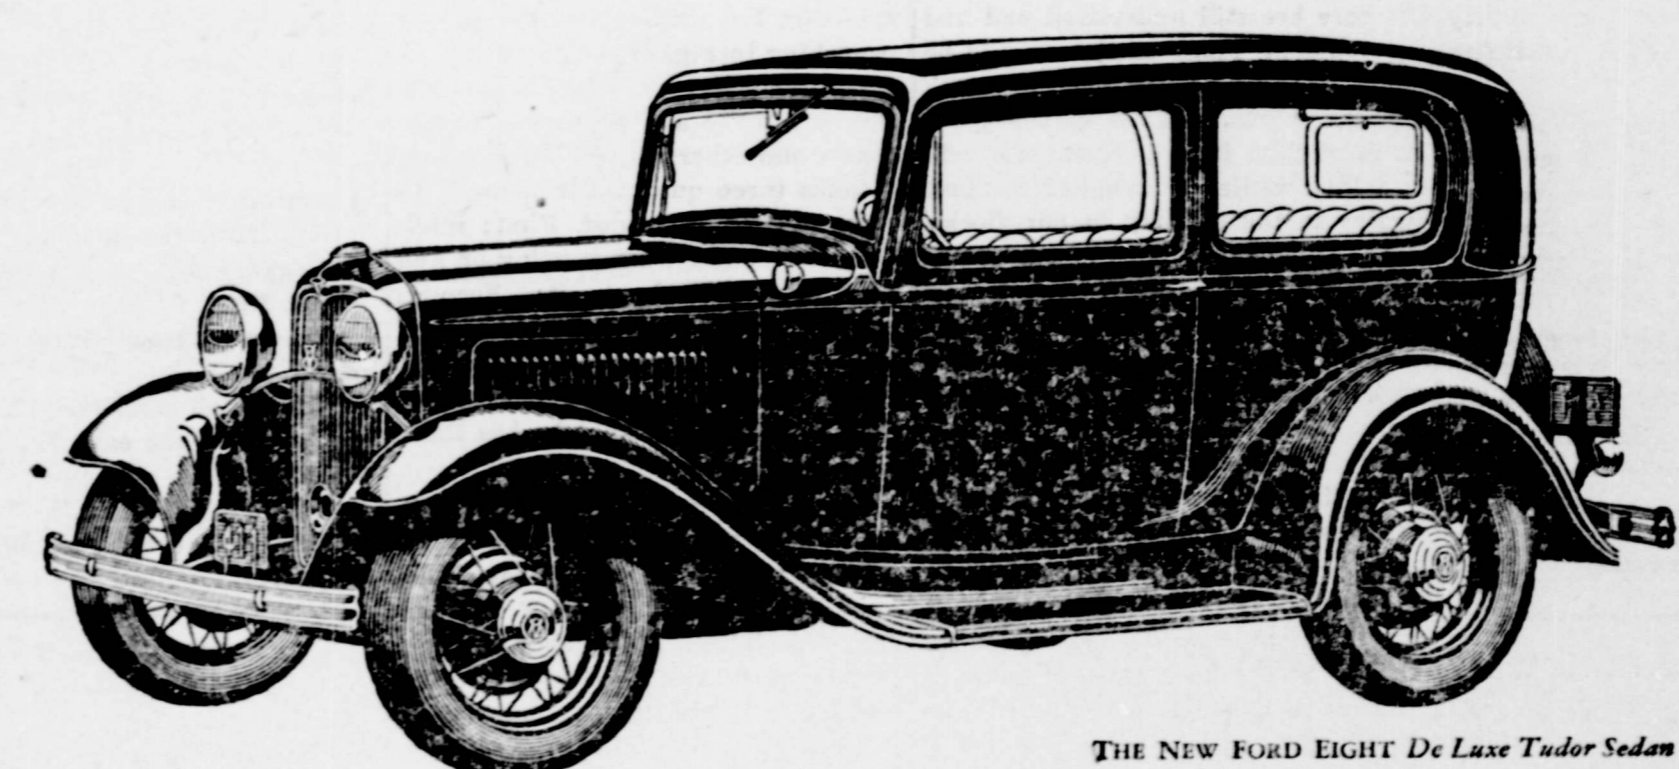

### FOR FIXING UP THE HOME

Find the man who "doesn't care" how good his tools are. Of course he cares. That's the one thing a man is most fussy about—unless it's his razor. That's why for years men have been buying their tools at this store, where they can be sure of getting tested, quality tools that will last for years!

#### Corn Pile is Saved —Sand Poured on It

Returning home from the Sibley home Thursday night, Sam Tankersly discovered the corn pile belonging to Otis Naylor on fire on the Chas. Speed farm where Sam has recently moved.

The phones got busy and soon after the arrival of Sam Tankersly and A. C. Hartzog at the fire, Otis Smith, Chas. Hearn, Wes Sullivan and others of the Martin community arrived to help save the remaining contents in the fire.

Mr. Hartzog suggested as they had nothing else with which to stop the fire, that they pile sand upon the corn pile. This was done and the fire was soon extinguished. This is the first time that a fire has been fought with sand other than an auto blaze, but since it worked, Tankersly is anxious that all the folks know about the experiment.—Clarendon Leader.

#### Selling Eggs From Famous Turkey Flock

Mrs. Kelly Sears is again selling eggs from her famous turkey flock, and we wish and hope that every fertile egg from this flock be purchased right here in the Brownfield trade territory. It is said that Terry county has some of the best poultry and turkeys in Texas, but there are some flocks that could be greatly improved. Many birds put on the market here are still undersized and had development. Many of these could be improved by bringing better stock into the flocks. A little money spent on good eggs from year to year will in a little while put some of the best strains in the country in our flocks.

The same can be said of our swine. Since the introduction of the Lillard strains into our swine herds here several years ago, just ordinary porkers don't suit our people any more. They want the best. Poultry, especially of the turkey flocks are being fast improved. Buy the best and you will not be sorry later on.

Mrs. Sears' flock strains come from King Charles I, which as a yearling tom won the grand championship at the International show at Chicago in 1929. He won again in the All-World Show at Dallas this spring. There are some other good flocks in Terry county, and if Mrs. Sears is unable for any reason to supply you, try others here first before ordering from a distance for the eggs to get chilled and ruined for hatching purposes. See her ad in the classified section of this paper.

#### Patman Renews Fight For Bonus Payments

Washington, March 31.—Currency inflation through issuance of United States notes to pay the \$2,200,000,000 unpaid on veterans' certificates was urged in a statement Saturday by Representative Patman, democrat of Texas.

"The president and the secretary of the treasury know what will restore business conditions but they are not favorable to the people because it is alleged to be against the interests of the ultra-rich.

"The remainder of \$2,200,000,000 due 3,660,000 veterans of the World war on their adjusted service certificates can be paid without a bond issue, without increasing taxes, without additional interest charges and save the government annual payment of more than \$112,000,000 until 1945 in addition to abolishing a government bureau which will save the people tens of millions of dollars."

#### Hunter Representatives Thank Terry Voters

We are closing the Hunter for Governor campaign this week and we are taking this means of expressing our sincere thanks and appreciation to you for your most hearty cooperation in helping us organize a one hundred percent Hunter Club in Terry county. Especially do we thank those who took a personal interest in the work. We appreciate the attitude that the majority of the people are taking in regard to the needs of Texas, and their willingness to see and help make a change. The people of this and other counties realize that it takes three qualities in a man to make a good Governor. First; intelligence to know what is going on and what to do about it; Second; enough honesty that nobody can buy him; and last, bravery enough that nobody can bluff him. And we know Tom Hunter knows that he has those qualities.

Collie Terpen, Homer Scott, Rep.

Mr. and Mrs. L. F. Hudgens celebrated their 40th wedding anniversary last Sunday. The children supplied a fine noon meal and came to partake of it with the parents without letting them know that any celebration was anticipated.

Sig Lane and a few of his neighbors, were in from old Yoakum Monday, milling with the crowds.

Will Cunningham was up from the Seuddy community, Monday.

#### OUR DRY UNITED STATES

"The poet sings of sunny France,  
Fair, olive-laden Spain,  
The Grecian isles, Italia's smiles,  
And India's torrid plain;  
Of Egypt, countless ages old;  
Dark Africa's palms and dates;  
Let me acclaim the land I name—  
Our dry United States.

"The poet sings of Switzerland,  
Braw Scotland's heathered moor,  
The shimmering sheen of Ireland's green,  
Old England's rock-bound shore,  
Quaint Holland, and the Fatherland,  
Their charms in verse related;  
Let me acclaim the land I name—  
Our Dry United States.

"I love every inch of her prairie land,  
Each stone on her mountain's side;  
I love every drop of the water clear  
That flows in her rivers wide;  
I love every tree, every blade of grass,  
Within Columbia's gates,  
The queen of the earth is the land of our birth—  
Our dry United States."

—From a speech by Senator Morris Shepherd.

#### HAVE YOU

A famous travel writer says that the hardest thing to find on some South Sea Islands is a South Sea Islander. We wonder if he has ever tried to find an athletic around an athletic club.

Turkey—O. Z. Light opened barber shop in building with Electric Shoe Shop.

#### You Air-Minded Can't Beat This One!

Herbert "Yam" Sims, amateur flyer of Floydada, Texas, tells this one, and the photograph proves it, although H. M. Mason, of Lockney, ace with Royal British air corps during World War, says it is impossible. Sims took off at Alton, flew 70 miles to Floydada—with a passenger—and on landing discovered that 10 inches of each end of his propeller was missing! Investigation proved that on taking off he had struck a dip, and the propeller hit the ground, breaking exactly the same weight off each end—it had to be the same weight or the variation in balance would have torn the propeller to pieces. Believe this, or not!

**Dirty Winter Oil**

**Needs REPLACING**

Days are getting warmer, it's time to change to a lighter oil and have the crank case cleaned of winter oil residues. Drive in today before you have bearing trouble—we'll give the inside of the engine a thorough cleaning and fill 'er up with the right grade of oil for summer driving.

#### 3 Carloads Certified Grain Seed Shipped

Littlefield, March 26.—Three carloads of certified grain sorghum seed, grown by members of the state association of breeders, left state headquarters here this week for three points in the state. The seed was sold by the association, W. M. Cunningham, secretary and general manager, stated, to points "down state."

"As far as I know this is the first time that the association or any other group of breeders has sold seed in car load lots," Mr. Cunningham said. "We shipped a car to Dallas, another to Waco and a third to Austin."

"State headquarters here have been receiving numerous mail orders for seed. We are handling seed through a national distribution house and have had from them a good many orders, especially in the southern section where planting is now underway."

#### Minimum of 40,000

Each car had a minimum of 40,000 pounds or 120,000 pounds for the shipments. The state association composed of nine or ten breeders has about two million pounds of state certified seed for sale from the 1931 crop.

The state association, organized several years ago, was reorganized recently to permit an expansion of its work. Headquarters were moved to Littlefield when Mr. Cunningham who was formerly at Rochester, in Haskell county, purchased several hundred acres near here. He plans an expansion program for his own farm this year.
