

Chamber of Commerce —By J. E. Shelton, Secretary

During the months of September and October, the State Game Commission will begin the distribution of fish to people who desire them and in the event that any of our people who have surface tanks, desire to stock them, we will be very glad to send their names in, in order that application cards may be furnished. It is not going to be possible to supply every one and those who apply early will have the best chance of receiving a supply.

Field notes and maps covering on highway 137 from the Hockley county line to Brownfield has been received and the highway department has advised our officials that they are ready to let the contract for construction as soon as transfers of right of way can be completed. So it is now up to us as to how soon work can begin.

Surveys are expected to be made on the right-of-way between Brownfield and Seagraves within the near future as it is included in the construction program of the highway department.

It is expected that those of our people who need it will be given a chance to work on this as it is the intention of the highway department to use home labor where possible. Officials of the West Texas Gas Company, were here on a Good Will Trip Monday, and of course advising the city officials of the fact the company had operated at a loss during the past year, but also assuring them that they had no intention of undertaking to raise their rates, which should be pleasant news to us, as a number of gas distributing companies over the state are undertaking to advance prices and we should feel fortunate in being served by a company that has no such intention. As a matter of fact our rates are slightly under those of most other sections of Texas.

According to the Weather Gauge at Brownfield, Terry county has received 15.31 inches of rain since January 1st. 0.5 in January, 1.70 in February, 0.75 in March, 2.71 in April, 4.29 in May and 5.81 up to June 28th. Our average annual rainfall is said to be 20 inches, but if the weatherman stays on the job for the remainder of the year as he has during the last three months, we are going to knock the spots off of any former year or at least any that is known to the writer during his fifteen years residence here.

That fine looking crop that we had a few weeks ago has been knocked into a cocked hat by rain, hail, sand and wind, but there is yet time for us to come out of the kinks and make a good crop. The writer does not presume to advise the farmers as what should be planted in the future, but he has seen cotton that was planted after the 4th of July, produce as much as a half bale to the acre and has been informed by a few farmers that they made as much as one third bale on plantings that were as late as July 10th, last year.

Standing of the Kat Klaw Golf League

Standing of teams after play June 26th.

	G.	P.	W.	L.	T.	P.

Snyder	4	0	4	0	70	

The three high point men by score. Woods of Brownfield, 398; Glaser of Stanton, 427; and Wells of Tahoka, 434.

POLITICAL RALLY

On Monday night, July 11th, there will be a political rally at the Tabernacle one block southeast of the courthouse square, sponsored by the American Legion, with an old fashion pie supper, and the money derived from the sales will be applied on the Hospital bill of Ollie Alexander's wife, who had to have an emergency operation and did not have any funds. The Hospital only charged actual expenses which was \$75.00.

All candidates are invited and will be allowed from 3 to 5 minutes each to present their case. All Executive men and their wives are requested to bring pies. Speaking will begin promptly at 7:30 P. M.

Mrs. W. W. Ditto handed in her dollar this week for renewal. She really sent it last week, but Vonna Lee spent it and didn't think of us till Wednesday, this week.

Terry County Wettest In Many Years

Terry county may be as dry as Sahara prohibitively speaking, but H2Oly speaking it is as wet as the Atlantic ocean, if that ocean is any wetter than the rest. It seems that the weatherman, poor deluded and diluted mortal, can never seem to find a place to quit for awhile. He is like the little boy sopping his biscuit in new molasses and butter. When he tried to make them come out even, he found sometimes the biscuit would run out first and then he'd have to take another one, only to find that he'd have to add more 'lasses and butter. He made himself sick trying to make them come out even—and we hope the weatherman gets sick enough to leave to lay off awhile, especially his rainmaking, hailmaking and sandmowing apparatuses.

We drove out in the country Sunday afternoon and found that the roads and fields are in the worst shape we have ever seen them. The neighborhood in south of Gomez is especially cut up. The fields have been washed into gullies, and the roads in some places were almost impassable. Noticing that the commissioners are running shy on money, it is our opinion that like they did in the good old days of yore, the road overseers will have to call out the hands and do some of the work. However, all the roads may not be in as bad shape as these.

The people sure have had a time planting over this year. When it is not a hail it is a sandstorm; mostly ahead of a rain cloud, and if the sand fails to cover up the crop during the blow, the rain comes in torrents and levels up the job. In the 23 years that we have been here we have seen few crops covered up by other than sandstorms, seldom by rain and the hails heretofore have been confined to narrow streaks. But this year practically the entire county has been hailed out, some of it twice.

But the farmers have begun each time to replant with the patience of Job and with much fewer words about the matter than we feel we could keep from saying. It almost makes one sick to look at some of the fields, the crops beat down and great ponds of water standing in many of them. But the old saying is that a bad beginning may mean a fine ending, and we do hope so. A wiser Providence than mere man is still overlooking and overseeing this old universe of ours, and He knows best. The thing to do is just what our farmers are doing. Say as little as possible, get in again with the planters and trust for dry, still weather for a few weeks and a late fall.

Since our last issue, there was an inch rain Friday night, a half inch Saturday, an inch and a half Sunday night, and a total of some six inches for June so far. We had a skip Monday night, and while it is mostly fair today (Tuesday) there are some clouds, and the weatherman promises more showers, according to his little boxed in corner in the daily papers. But we hope he has milked the clouds dry for a few weeks anyway.

It seems that for the last year or two old Texas has been turned around. Those coming in from central and east Texas report a few showers along, and in some places they even stand in need of rains.

F.M. (Dutch) Burnett For Justice of Peace

For first time in my life I'm asking for public office. I want to be Justice of the Peace for Precinct No. 1. Have lived here 17 years, believe I can fill this office, and will do my best to do it right, fair and just to all.

Will greatly appreciate your vote. My name will be on the ticket but most people know me as "Dutch."

Respt.
F. M. (Dutch) BURNETT

CARD OF THANKS

We wish to thank our kind friends and neighbors for their kind sympathy during the death and sorrow for our dear husband and father May God bless each and every one of you.

The Hitch-Hiker!

Michie Open Up A Charge Account

Two weeks ago, we told the readers that J. E. Michie and family had gone back to Corinth, Miss., to visit his parents. His parents really live across the line in Tennessee, but get their mail on a route out of Corinth. The place where his folks live is about 30 miles beyond where this editor first saw the light of day, and for that reason, J. E. wrote us a rather lengthy letter which was real interesting, and incidentally we have an idea that he wanted to guy us a bit.

Be it known that the Western Hospital for the insane, is located in the little county seat town of our nativity, and Michie always remembers that when referring to Bolivar, Tenn. He writes that the only improvement he noticed was an addition to the asylum almost as large as the original building, and it was said that it was a mile around the original mine building, the largest in the south, perhaps the nation, and three stores high. Michie concludes of course that the depression has increased insanity in our mutual native state, and they have need of more room for the subjects of the bug-house.

He reports that crops are fair in that section but full three weeks late. He reports that most of the banks have gone broke, but reports there is little need of them. He ran out of change less than a \$5 bill, and as they couldn't change that, he had to open a charge account with some of the old merchants that used to have little enough business ability to trust him, and when he buys up \$5 worth of Bull Durham and Star navy, he will hand in his five spot and start for home, we suppose. He reports that country not behind on roads. They have spent much money for roads, he reports.

He winds up his document by enclosing an ad a two column by four—which appeared in the Daily Corinthian a few days prior. It read as follows:

"We, of course, don't expect any business, but you can, at least, pay a visit to

THE COOLEST STORE IN TOWN
E. F. WAITS

Wheat Estimate 410 Million Bushels

Washington.—Winter wheat production this year as indicated by conditions June 1 was reported last week by the Department of Agriculture at 411,000,000 bushels, compared with crop of 440,731,000 bushels indicated a month ago and 787,465,000 bushels produced last year.

The Methodist revival is well underway this week, and very good crowds are in attendance. Remember that you have a pressing invitation to attend.

Lee Lyon was in town Saturday, and says he is getting to where he can hobble about without crutches some.

Combination Trades- day and Fourth of July

Well, we will have a kind of celebration after all here Monday, for the old town will be bedecked with the national colors and a spirit of patriotism, intermixed with a great Tradesday for all the people in this section, and our merchants are making big preparation to entertain a great crowd Monday with some of the rarest bargains that have been offered so far. Many useful and essential things have been cut to the heart. Profits have been forgotten in order to make this a Tradesday of all Tradesday.

If the weather will clear up for the rest of this week, the farmers can get far enough along with their replanting that they can take the day off, as this will be a national holiday, come to town and make merry all day. They are invited to bring in what they have to sell or trade and perhaps they will find just the individual to take what they do not need. Lots of times a man may try and try to sell something that he does not need to his neighbors, but maybe some fellow over in the next community or across the county will be tickled to buy what he has to sell. At least there will be nothing amiss to bring in what they have to sell or trade.

We understand that other features of the first Monday will be carried out as usual, so come prepared. We hope that some of the farmers will bring in their fine animals and colts and maybe this will encourage the farmers to put on a horse show just a little later in the season.

On Saturday there will be a Tradesday at the Johnson store two miles west of Tokio. You have an invitation to attend this also. Forget the depression; forget the big rains, hails and sandstorms for one day and let's all have a good time together.

The Colored Masons Hear Sermon Sunday

Members of the Masonic fraternity among the colored people heard one of their lecturers here Sunday afternoon deliver a sermon on Masonry. They assembled at their meeting place just south of the Herald office about three in the afternoon. The men were attired with the prescribed apron, while the women folks had on pure white robes. They marched across the street in twos and back into the building.

After a few hearty songs, the lecturer launched into his sermon, which could not be heard very plainly from where the writer was sitting, but he seemed to be going after his subject with hammer and tongs. We suppose he wanted to earn his money as some of the colored boys told us that they had to pay two-bits each to get the lecture.

Judge R. P. Mooreland, of Plains was over this week and left an order with us for the printing of the Yoakum county ballot. He is chairman of the Democratic Executive Committee of that county.

Smyer School Girl Dies in Speeding Car

Rain-sogged roads erased a narrow margin of time which might have meant life for Ione McCray, and the 11-year-old Smyer school girl choked to death before the speeding automobile carrying her to Lubbock sanitarium arrived at 1:30 o'clock Thursday afternoon.

Ione was chewing cardboard and laughing to make three-year-old Nina Faye Watson clap her tiny hands and gurgle with glee at the McCray home in Smyer. Suddenly the older girl slipped from the room, and fell into her mother's arms in the kitchen where Mrs. H. L. McCray was ironing.

Dead On Arrival
Five miles west of Lubbock, the child ceased to breathe, and she was dead when she was taken into the sanitarium. A piece of gummed cardboard, larger in circumference than a pencil, and about an inch long, was removed from her right lung in a bronchoscopic operation. Artificial respiration was given, oxygen administered, and adrenalin injected into her heart muscles, but to no avail.

The paper had been sucked into the right bronchus, and one end of the matted cardboard lapped into the left bronchus, finally closing all life-giving air.—Lubbock Avalanche.

Weddings Take Tumble —Divorces Increase

According to census figures put out by the Census Department of the United States, Terry county had a decrease in marriages in 1931 over 1930, but on the other hand the divorces secured in 1931 were five ahead of those of the previous year. The decrease in marriages is of course laid at the feet of the new law that makes the "intended" give three days notice with the county clerk, and the bridegroom have to a whole showed preponderance of marries in 1930 over 1931, the former being before the new law went into effect. The following are the figures:

Co. or State	Marriages	Divorces
Terry 1830	47	11
Terry 1931	36	16
State 1930	45,174	16,645
State 1931	40,507	15,778

There was one annulment of marriage in Terry county each of the two years. There were 141 annulments in the State in 1930, and 121 in 1931. All counties in Texas that are close to adjoining states that place no restrictions except age on obtaining a marriage license, showed a big decrease in weddings, according to statistics. But if the young people who went to other states and married could be counted, it would probably be found that there was really no decrease.

The harvest started this week on the Plains, and will open next week in the Panhandle. Where not hailed out, or blown out, the harvest will be good, but not equal to last year.

Red Cross Swimming Class at Local Pool

Tuesday morning at 10:00 A. M., July 5th, there will be a Red Cross Swimming Class started at the local swimming pool. This class will be for boys over ten years old who want to learn to swim and for those who want to become strong swimmers. Only twenty boys can be handled in the class. If you are interested in enrolling for this instruction be sure to be there promptly at 10:00 A. M. There is no charge for the instruction or the use of the swimming pool. The free instruction is made possible for you by a local Red Cross Life Saving Examiner whom the local council has secured for this purpose. The pool is made free by Mr. Harris making an extremely low rate for these ten days and by the local chapter sponsoring this school. Those who can pass the test at the close of the ten days will be given free a Red Cross Swimmers button for permanent possession.

At 11:00 o'clock there will be organized a class for girls in case there are enough to justify. Some mother will be present at these meetings and will have complete supervision of the girls who enroll for this instruction.

Terry County Vets Invited to Slaton

World War veterans from Brownfield and other Terry county towns have been invited to attend the convention and free barbecue to be held at Slaton on Friday, July 1, under auspices of the West Texas Veterans' Political League, organized for the purpose of sponsoring legislation beneficial to veterans.

Briggs Robertson, prominent Slaton cattleman, president of the West Texas Veterans' Political League, has issued the invitation and will supply fat Herefords for the barbecue.

"World War veterans from eighteen West Texas counties have been invited to attend the convention," said Robertson. "We will formulate legislative policies for the West Texas Veterans' Political League and elect permanent officers. Plans for sending a West Texas delegation to join the 'bonus army' in Washington will be discussed.

"The West Texas Veterans' Political League is not in conflict with the ideals and policies of any other organization of veterans. We have organized specifically for the purpose of forcing the government to recognize the rights of veterans who fought in the world war. We feel the veterans are entitled to relief on an equal footing with the huge financial institutions and public utilities.

"The July first convention will meet in the Slaton school and after a morning business session, all attendants—and every veteran in West Texas is invited—will be driven in autos to the barbecue grounds, where plenty of food will be served. There will be absolutely no charge for the hospitality."

Lubbock Woman Held For Poisoning Mate

Mrs. Julio Ballard, 39-year-old widow of A. T. Ballard of near Shallowater, was indicted Friday by a 72nd district court grand jury in two counts with the death of her husband. The indictment alleged the tenant farmer was poisoned with strychnine. Judge Homer L. Pharr of 72nd district court set the defendant's bond at \$7,500.

Refuses To Talk
Mrs. Ballard, in the hospital ward of Lubbock county jail, refused last night to make any statement for publication even calling Sheriff Wadsworth Hardy as a witness that she declined to be quoted. Although apparently worn under the strain of hours of questioning, the youthful appearing woman seems to be bearing up well. Last night she was wearing a plain print dress. He bobbed brown hair is wavy and her eyes are brown. She was wearing shell-rimmed glasses. G. E. Lockhart has been employed as counsel.—Lubbock Avalanche.

BANKS TO BE CLOSED MONDAY

This will be due notice to our customers that we will be closed Monday, July 4th, on account of the holiday. Our customers will make arrangements before that time to take care of their need during that day.

State Ballot One of Longest in Years

The State ballot for the First Primary, as certified to County Chairman by the State Committee, is said to contain more names than has been seen on a similar ticket for years. This is accounted for largely as a result for the three places as Congressman-at-Large.

The ballot as certified follows:
For Governor—R. S. Sterling of Harris County, George W. Armstrong of Tarrant, Tom F. Hunter of Wichita, M. H. Wolfe of Dallas, C. A. Fakes of Jefferson, J. Edd Glenn of Bosque, Miriam A. Ferguson of Travis, Frank Putnam of Harris and Roger Q. Evans of Bexar County.
For Lieutenant Governor—Edgar E. Witt of McLennan County.
For Attorney General—Clem Calhoun of Potter County, James V. Allred of Wichita and Ernest Becker of Dallas.

For State Comptroller of Public Accounts—George H. Sheppard of Nolan County and Rex McCabe of Dallas.

For State Treasurer—Charley Lockhart of Travis County.
For State Superintendent of Public Instruction—L. A. Wood of McLennan County and Charles N. Shaver of Walker.

For Commissioner of Agriculture—J. E. McDonald of Ellis County and L. A. Seymour of Travis.
For Commissioner General Land Office—J. H. Walker of Hill County.
For State Railroad Commissioner (six year term)—J. J. Jack Patterson of Bexar County, Roy I. Tennant of Bell, C. V. Terrell of Wise and Lee Satterwhite of Ector.

For State Railroad Commissioner (Four year unexpired term)—Olin Culbertson of Jackson County, W. Gregory Hatcher of Dallas, C. A. DeWare of Washington, Ernest O. Thompson of Potter and Ed T. Murphy of Polk.
For Associate Justice of Supreme Court—William Pierson of Hunt County, J. E. Hickman of Eastland and Ocie Speer of Travis.
For Judge of Court of Criminal Appeals—F. L. Hawkins of Ellis County.

Many Would Go To Congress
For Congressman at Large, Place No. 1—W. Erskin Williams of Tarrant County, George B. Terrell of Cherokee, R. B. Hood of Parker, Chesley W. Jurney of McLennan, E. G. Center of Tarrant, Mrs. Alex L. Adams of Bexar, Ida M. Darden of Tarrant, Ernest C. Ozio Cox of Travis, George J. Schleicher of DeWitt, Lawrence Westbrook of McLennan, Pink Parrish of Lubbock, Sherman Nelson of Montgomery, Cullen F. Thomas of Dallas and W. Sheldon Reed of Travis.

Place No. 2—Oscar F. Holcomb of Harris County, J. H. Cyclone Davis of Hopkins, W. H. Hawkins of Erath, Lamar Gill of Willacy, L. J. Sulak of Fayette, Joseph W. Bailey of Dallas, W. E. Myers, Tarrant, Phebe K. Warner of Armstrong, P. L. Downs of Bell, B. D. Sartin of Wichita and G. B. Fisher of San Augustine.
Place No. 3—Ben F. Harigel of Fayette County, Douglas W. McGregory of Harris, Sterling P. Strong of Dallas, Mrs. Fred Real of Kerr, V. I. Cargile of Harris, C. A. Mitchner of Irion, Alfred Williams Sasse of Victoria, J. E. Boog-Scott of Coleman, Julien C. Hyer of Tarrant, A. H. King of Throckmorton, W. E. Bill Lea of Orange, Monte Warner of Tom Green, John L. Meany of Harris and Joe Burkett of Bexar.

NEGRO VOTING TO BE BARRED IN PRIMARY

The Texas Democratic primary July 23 will be a "lily white" primary as far as the authority of the state Democratic executive committee is concerned.

In a formal statement received here by the county chairman from W. O. Huggins, chairman of the state Democratic committee, a copy of the resolution adopted by the committee June 13, is included. The resolution sets out that all "White citizens" of the state of Texas who are qualified to vote under the constitution of the state, shall be eligible.

branch of our national legislative body, not having a man they wish to nominate for president in their own ranks, are digging with Huey Long to become their candidate for president. While always posing as a democrat, it is thought that this sop for fame will be too much for Huey to resist.

Last week the Editor of the Brownfield paper took us to task for expressing our feelings in a mild manner about John Garner, and wanted to know why we did not romp on Hoover. Well brother, we were taught never to speak disparagingly of a corpse and we feel sure that Hoover will be attending his own political funeral held in November—and may he rest in peace.

The big oil and sulphur interests are said to be out after the scalp of Attorney General Jimmie Allred, as he has been hot after them from the time he landed in the office. It is not believed however, that they can control enough votes to put him out of office. It is our notion that when Jimmie swings around the circle this month in a whirlwind finish of his campaign, the people will be mighty well posted on what's going on down Austin way. The same interests are also, with their allies, the daily press, are fighting Tom Hunter for Governor by trying to ignore him.

For some reason another giant of industry has had to take out and other men who have gotten the upper hand are now at the head of the so-called power trust. Samuel Insull, who has expanded the power industry here, bought there, froze out here and consolidated elsewhere, had to retire recently with no more than a comfortable fortune. Thomas A. Edison himself could have been the mighty head of the power industry, as at the time that it began to expand in a big way, Mr. Edison being the inventor of much of the materials that go into the development of power lines and the production of electricity, could have borrowed all the money he needed from banks to promote it. But he chose rather to stay with his beloved laboratory and died with only a small fortune left to his heirs. He left the details of power expansion to Mr. Insull, an Englishman of Hebrew persuasion, and who of course was looking more to the American dollar than of the beauty of invention.

It seems to be the hardest matter in the world to keep the wet and dry issue from becoming a political matter, but both the major parties must always bring the matter up when they meet. It seems to the Herald that prohibition is an individual matter and one can belong to either party and have his personal views about the wet and dry issue. Indeed the Herald is of the opinion that our democratic party in Texas went too far when they advised that the democrats vote on the matter of re-election in the July primary. Of course we know the matter is a live issue, but it should be voted on rather in the November election when all parties may have a whack at the matter. As to results in Texas,

CHURCH NEWS

BAPTIST W. M. S.

The Brownfield W. M. S. met at the church in general meeting Monday at 4 p. m. with 19 members present. Mrs. J. M. Hale conducted the devotional, reading the 23rd Psalm with appropriate comment on same.

Very encouraging reports were given by the different Circles. Also reports of the different General Chairmen. A complete report of the work for the last quarter will appear in the next issue of the Herald.

Mrs. Price gave a report of her trip to Baylor College where she and Mrs. Holgate accompanied Orvalene with her father to Belton where Orvalene entered the summer term there the first of June. Mrs. Price reported Mamie Mason doing fine in school and happy. We sent her a box valued at \$10.00 this month. Mamie is a very deserving girl and we are very happy to have a small part in her preparation for her life's work.

his health. We all love Brother Vinson and hope he will soon be permitted to return home.

A New Optical Office

We have just opened a new and exclusive optical office in the Wines apartments in Brownfield. We are well known in Brownfield and adjacent territory where we have been fitting glasses for 23 years. So far as we know we are permanently located.
The Science of Optometry, or measuring the refraction of the eye and accurately adjusting glasses, is rapidly moving to the front as an exclusive profession. We have devoted a number of years to the theoretical and practical study of refractive errors of the eye and feel that we are well qualified to give you the best service. Everything first class and all work guaranteed. Prices to suit the times.

Joe McGowan and family, Tom May and family enjoyed a picnic at Lubbock Sunday evening. They were joined in Lubbock by Mr. and Mrs. J. T. May.

Bill Collins is spending some vacation days with his parents, Mr. and Mrs. W. H. Collins.
Mrs. W. L. Pace is the new correspondent at Wellman, pinch hitting for Miss Woodard while the latter is in A. C. C. at Abilene for the summer course. Tell Mrs. Pace the news and she will do the rest.

"ATMOSPHERE"

You know the pleasant, invigorating effect of a cooling atmosphere on a hot summer day. You also know the welcomness of the atmosphere around the family fireside as a refuge from the winter's chilling winds.

There are atmospheric conditions in business as well as the weather and we want you to know that the atmospheric part of our bank is: that we cordially appreciate the presence of your account, welcome your visits, always glad to see you and are grateful for your friendship and good will. Introduce your friends to this bank, one that does business in a friendly, helpful way.

OUR 23 YEAR COLUMN

Taken from the Herald of July 3, 1909

Our advertising business seemed to have picked up considerably. For instance, the first page was taken up with ads with the exception of one full column and about six inches on two others, and among them we noted one from Big Spring, then our nearest railroad point. This was Stone & Carpenter, coal dealers. We imagine that we were thinking of

ways and means of supplying our winter coal, which had to come from Big Spring. Our memory is that coal cost \$8.00 per ton in Big Spring then, and it cost \$17.50 per ton to have it hauled up here, or 85c per 100, making the coal cost \$25 per ton laid down here.

THE BUILDING FEVER. Most of the first page was taken up by a big double column headline headed as per our caps. We told the readers that on every side one could hear the whack of the hammer and the sing of the saw, and that Brownfield was destined to become a real city. Among those who were to immediately to build were Sheriff Geo. E. Tierman; an addition to the Lee Allmon residence; a windmill on the lot where W. G. Hardin later built. Among those mentioned for near future construction was a residence each for Billie Byrd, Dr. Ellis and W. G. Hardin. Two of these were

You, too, will find Satisfaction in a

McCORMICK-DEERING

Ball-Bearing Cream Separator

TODAY there are many thousands of farmers who are using McCORMICK-DEERING Cream Separators and who will tell you to do the same.

Ask any McCORMICK-DEERING owner about his separator and you'll get the best kind of proof that the McCORMICK-

Deering skims close, turns easy, and is easy to wash and clean.

Stop in and look over the McCORMICK-DEERING Cream Separators on our floor. We handle all six sizes—from 350 to 1500 pounds milk per hour. Hand, belt, or electric drive.

BELL-ENDERSEN Hdw. Co.

BROWNFIELD, TEXAS

actually built later. J. L. Randal was talking of putting up a new drug store building; a \$2000 addition was to be put on the school building, and the Baptist were to build a house of worship. We also published to the world that \$100,000 of Brownfield money was up to the first man or company that would give us railroad connection with the outside world.

A ruling by the supreme court had reinstated the school land sale of Eugenia Bustin, who had visited her parents in California and become ill and had to remain longer than she intended. The land commissioner had forfeited her purchase for not living on the land. We were having a lot of such troubles as that here in those good old days.

Editorially we were advising people to screen their houses. Sounds funny now don't it? A good rain was reported, but the weatherman behaved himself much better then. On the 24th of June a crowd of the juveniles had gathered at the home of Mrs. R. H. Banowsky to help celebrate the 2nd birthday of Maud-ethel. This little girl was burned to death several years later when their home was burned. Aug. 13-14 had been set for the reunion and picnic. The big hearted ranchmen had promised several beees. Sheriff Tierman had promised that there would be no drunkenness and roudism. We wonder why we wrote that, for there was less roudism then than now.

Well, well, here is a statement of the Gomez State Bank called for the close of business June 23. They had resources \$28,183.70. They had due from approved reserve agents, other banks and cash to the amount of \$8,580.19. They had total deposits, individual, demand and cashier's checks of \$16,014.08. The Brownfield State Bank had resources of \$89,200.35 and cash and due from approved agents \$19,078.45. They had individual and demand deposits, cashier's checks of \$52,638.30 but owed \$4,000.00. M. V. Brownfield was president and Will Alf Bell, cashier. J. J. Lane was president of the Gomez State Bank and R. M. Kendrick, cashier.

Some one had cut something out of the local news page, probably an ad, but left a good many locals. Here are some of them: Arthur Clayton is visiting Mr. Robinson and family. Mrs. Ward was in from the Brownfield Ranch. Dick Brownfield sold "pap" one of his white Buicks. Mr. Morris was visiting from Jones county. Roy Scudday was in from the farm. W. H. Gist was down from Meadow. Clay Hughes was over from Lynn county visiting the home folks. Rev. Riley filled Ed Ellis place in the P. O. Deputy Sheriff John Scudday was in from the ranch. H. S. Chandler was down from Lubbock. Miss Bessie Norton of Lubbock was visiting Miss Flora Robinson. Lee Allmon came in from Soash. Mr. and Mrs. H. H. Longbrake were happy over the arrival of a boy the 28th of June. Hello Otis! Misses Lettie, Odie and Myrtle Criswell of Matador were visiting the Claude Criswell family. S. J. Palm of the T4 ranch had gone to Big Spring.

And the banks had to close then as now when a holiday came around in spite of hell and high water. Inasmuch, they announced, that as the Fourth of July comes on Sunday, we'll observe Monday. That meant that Will Alf and Dee Brownfield went golfing—no maybe hunting that day. W. A. Bryant was holding down a two section bonus near Harris, but got off to come to town. W. R. Hall, real estate man of Plainview had two auto loads of prospectors down looking at God's country. The editor was invited to a children's day exercise at Gomez. We stated that we were unavoidably kept away, but we imagine the truth of the matter was we had no way except to walk. County attorney Percy Spencer was visiting relatives in Mississippi. Ed Ellis was visiting his folks in Bell county.

One correspondent put in appearances from Clifford Chapel. That was over northeast of Meadow. It reported lots of weeds in the crops and a big entertainment at the home of Mr. Timmons. The paper reported the sale of the first bale 1909 cotton at Houston. It was raised at Mercedes, Texas, weighed 368 pounds, classed middling and brought \$1.13 per pound. The price was the highest paid since the civil war.

All for this week.

Mrs. L. Sharp handed us the renewal this week for her son, Ruben, at Pampa. Mrs. Sharp may visit there this summer.

J. T. Auburg and mother and other relatives who live at Matador, have just returned from a family reunion in Young county. Mr. Auburg did some preaching while away and reported a good time in general.

J. R. Patton, erstwhile good farmer of the Meadow section, but who moved off back to Cumby in east Texas, is now having to pay \$1.50 for the privilege of reading Terry's best news sheet. But J. R. will be back some of these days.

The good neighbors of Sam White planted over his crop for him while he was called away to Parker county on account of the death of his mother.

ANOTHER GOOD CITIZEN GONE

We don't know why it got buy us, but we just learned this week of the passing of our old friend, T. H. Green, for the past twenty years a citizen of Terry, but whose family now resides in the eastern part of Terry county. Mr. Green was an especial friend of the Herald and its force, and has always taken the paper and told us that he liked it.

Mr. Green came here from Comanche county about 20 years ago and settled with his family in the Gomez community. He always stood for the right, and for the advancement of anything for the good of the community in which he lived. He had eaten a hearty dinner on the 17th at noon, and had sat down to read a letter, when his wife noticed that he was struggling away almost without a pause. He had done a hard morning's work.

Besides his wife, Mr. Green leaves eight living children, all of which reside in Terry or Yoakum counties. He was about 63 years of age. The body was laid to rest in the Brownfield cemetery on the 18th.

SCUDDAY NEWS

I am taking up the task of writing the Scudday News. I will appreciate the cooperation of everyone. If you have any news please bring it to me.

We have been having plenty of good rains, as every one in Terry county has been. We are also having plenty sandstorms, and our crops are not looking very good just now, but we hope they will in the near future.

After all we are having good luck. Mr. and Mrs. J. E. Gibson are the proud owners of a new son.

Mr. Frank Walters, Grandpa Walters, J. W. Roberson, Russel Floyd and Raymond Buckner went to east Texas a few days ago to hunt work. Mr. Walters has worked one and one-half days, Raymond and Russel thought cutting cord wood was to much of a job, so they left for Heart, Texas.

Mr. and Mrs. Bowerman and Miss Evelyn Lowe came down from the Tech to spend the week-end. Mrs. Lowe is keeping Mr. and Mrs. Bowerman's boy.

Rev. and Mrs. J. R. Webb are down from Tech to fill Rev. Webb's appointment at Scudday. We surprised them with a small shower Sunday afternoon.

The B. Y. P. U. zone meeting met at Scudday Sunday afternoon. We rendered a program the best we could and on a subject that we thought would probably be of interest to people. Our subject was a doctrinal program. The program outlined was as follows:

Old Time Preacher—Syble Norris.
Primitives—Sarah Lou Norris and

Ruby Roberson.

Put Off Town—Mayme Ruth Norris.
Seniors: Introduction, J. R. Webb. Of The Scriptures—Effie Mae Walters.

The True God—Virgil Jenkins
The Fall of Man—Bro. L. J. Wilson.

Justification—Mrs. I. M. Roberson.

The Way of Salvation—Mrs. Sam Walters.

Jesus—Syble Norris.
Hunter got the attendance banner. We were all glad to see them take it.

About 15 from Union got stuck in a mud hole or else they would have gotten it.

Only two churches were represented. We would like to see more next time as the next meeting will be at Hunter. They gave everyone a hearty welcome. Try to think of the 4th Sunday afternoon to always go to the zone meeting where you will always enjoy yourself. We now have an efficient banner to work for. We are going to work and try to get it for it is nice.

We have B. Y. P. U. every Sunday night. We have but few in number but are great in faith.

Our summer revival will start 4th Sunday in July. Rev. W. K. Iorn is to do the preaching. We pray that his messages will bring everyone in closer contact with God.

We hope we haven't stayed too long this time and will try to keep the Scudday news going.

Ted Poore, one of the early settlers of this county was down this week. While making his headquarters in Levelland he spends a great deal of his time in New Mexico, as he trucks fruit and vegetables into Texas.

Mrs. Earl Wilson came in Tuesday morning, and when asked how she was, she said, "I'm mad." Why? we asked. "I having to pay for my paper." But she didn't look what she claimed to be, as she was smiling. Anyway, she left a smile on the face of a poor, tired county editor.

And now comes Cam Sears claiming that the editor, R. M. Kendrick and Doctor Bell and some others attended the Ferguson rally at Lubbock. If times were not too hard to pay fines, Cam wouldf done had some battle.

J. A. (Swede) Johnson was in from the Lou community Saturday after supplies, and told us some funny things that happened over in Childress county.

R. C. Cox called one day recently to renew for the Herald going to his mother at Mangum, Okla. R. C. says that he had to replant a lot of his crop.

CLYDE LEWIS D. G. CO.

"We Are Satisfied—Only When You Are"

Mr. Sid Morris and daughter, Belle, of Amherst and Eli Perkins of this city went to Hood county over the week end and brought back Mr. Morris' daughter, Mrs. Gale Stewart, who will visit her parents awhile. Not much rain where they have been they report.

Mrs. Sam Waters is now writing the news from Scudday. Give her your cooperation, fellow Scudday-ites.

A. C. Copeland was in from old Yoakum last Saturday. He talked like the wind, sand and hails and rain had visited them lately, too.

The Herald is trying to follow up Mrs. T. L. Treadaway, who is visiting various towns in central Texas, with a fresh copy of the Herald each week. Mrs. Treadaway always wants to see the Herald, and we remember that she would always send her husband, the late Dr. T. L. Treadaway, Sr., back for another copy when he lost one.

Claude Hudgens left Saturday afternoon for Hot Springs, N. M., where he will bring his family back the latter part of this week. He was accompanied by Charlene Graves who will remain out there and return with Mrs. Stricklin and daughter.

We had a letter this week from Uncle Johnnie King, who has just moved to another place in Oklahoma, enclosing the coin of the realm to keep 'e recoin. He stated in his letter that he wanted to keep posted about the best people in the best country in the world through the best country paper in the world. That is covering a lot of territory, but we believe he means it.

According to the Seagraves News, Gaines county has 56 less scholastics than last year. They have 902 this year and had 958 in 1931.

M. C. (Mack) Ammons was in this week from the Pleasant Valley section.

We note that M. L. Penn and wife have returned from their vacation.

N. B. Hilyard, assistant cashier of the Brownfield State Bank sent in his renewal recently.

Clyde Briley and family were in from the farm Tuesday afternoon after supplies.

Bill Pool of the Pool community, is out at Hot Springs, N. M. taking the baths for yellow jaundice.

We wish to sincerely thank those who brought society items or church news this week, or phoned in locals. Mrs. W. W. Price and W. B. Downing did extra well, and we hope other good ladies will assist us some next week.

I. M. Smith reports that he talked with a visitor from Palestine, Texas this week who says that they have had a six weeks drouth down there and that stuff is burning badly. Don't that sound odd to us?

As we get ready to go to press we learn that a married daughter of Mr. and Mrs. Will C. Brown, who was visiting them from Fort Worth, died of Bright's disease some time early Wednesday morning and was buried here Wednesday afternoon. Fuller notice next week.

W. S. Copeland was in after supplies for the farm, Monday.

Brook Gist and family are here from Anaheim, Calif., visiting with Mrs. Gist's parents, Mr. and Mrs. Noah Bell. He was in town calling on old friends this week, and paid the Herald office a short call. The Gist family were early settlers in Terry county, and were among the best citizens this county ever had. Brook is known as Tex Gist in his adopted state.

Fred Smith had business in Lubbock, Tuesday afternoon.

Will Adams called this week to get his subscription on the right side of the ledger.

Dr. G. S. Webber was reported to be worse one day last week, but we understand is improving some now.

We learn from the daily press that what is thought to be the richest gold mine in the world has been discovered in Alaska.

We are requested to announce that there will be a pie supper at Happy school house tonight, July 1. You are invited to come and bring some one.

WELLMAN NEWS

This community was visited by heavy rains Saturday and Sunday nights, also hail was reported in some sections.

Elder Mitchell filled his appointment at the Church of Christ Sunday morning. This will be Elder Mitchell's last time at the church until his summer work is over.

Rev. Weaver Lovelace preached at the Baptist church Saturday night, Sunday and Sunday night.

Bro. Lovelace and family spent Saturday night in the home of Mr. and Mrs. W. L. Burnett.

Mr. and Mrs. Sam Paul, Mrs. L. P. Adair visited in the home of Mrs. I. H. Wilkins Sunday afternoon.

Miss Gracie Moon, one of our teachers from Tech, spent the week end visiting home folks and attended church at Wellman.

Mr. Lowell Terry of Willow Wells attended church Sunday night at Wellman. Wonder why he went south to go home instead of west.

Mr. and Mrs. J. D. Roberts and baby, Jerry Pat, spent Sunday with Mr. and Mrs. Thompson.

Mrs. Leona Thompson, Genave Thompson, Mozelle Singleton, Mildred and Billie Jo Pace had a delightful evening Thursday, swimming in the lake on the farm of J. F. Singleton, which has been filled up by the recent rains.

This week would have gone down in history as the week killing week if the sun had shown, but so far has failed to shine through the heavy clouds. Most everyone is through planting over from the sandstorms and hail of last week.

Mr. and Mrs. Robert Lindley and family took dinner with Mr. and Mrs. Prince Sunday. They reported a wonderful time and lots to eat.

Mr. T. A. Wartes had business in Brownfield Saturday.

Mr. L. P. Adair took a bunch of boys to the railroad crossing Sunday afternoon where they enjoyed themselves swimming.

HUNTER NEWS

Rain! rain! That's what Hunter has been getting for a long time especially this week. We are all proud of it. The tractors are still buzzing and as busy as a bee. Maybe they will catch up sometime if nothing more happens.

There were several who went to Scudday Sunday afternoon and brought the attendance B. Y. P. U. Banner back with them. We were proud for it was the first time to have it in a long time. The next zone meeting will be at Johnson chapel or at the Hunter school house at three o'clock. Don't forget this for we want a large crowd.

Mr. Lee Lyon is up now able to hobble around pretty good.

Mr. and Mrs. Joe Smith visited Mr. and Mrs. Buttler last Sunday.

Mr. and Mrs. Buck Anderson, the newly married couple visited Mr. and Mrs. J. G. Landess last Saturday night.

Mr. Rolland Brown has been visiting Mr. and Mrs. J. G. Landess.

Mr. and Mrs. W. H. Hight visited Mr. and Mrs. Armo Candle over at Gomez last Sunday.

Mr. and Mrs. Riley Bryan visited Mr. and Mrs. Lawrence Edwards last Sunday.

Miss Lucille Smith visited Miss Viola Hight last Sunday.

A bunch of us thought we were going to have to stay all night in the school house last Sunday night. We had a good B. Y. P. U. and after it was over it began to rain. There were two boys who had to stay all night and left the next morning before daylight.

Mrs. J. L. Sims spent the evening with Mrs. Homer Buttler last Monday afternoon.

Mr. and Mrs. Jake Paine are moving to east Texas. We hope they moved where there is not so much sand as old Terry has.

Mrs. Bettie Hansen visited Mrs. Antone Hansen Sunday afternoon.

Mr. and Mrs. Butler and little daughter Mary Katherine went to Odessa last Tuesday.

Mr. and Mrs. Russ Snow visited Mr. and Mrs. Ed Williams last Sunday.

Narvel and Herman Edwards and C. G. Smith went to Forrester last Sunday night to singing. They sure did get a good soaking.

Mr. and Mrs. Sam Johnson from Happy visited her brother Mr. and Mrs. Edwards last Sunday.

Mr. and Mrs. Oris Breeland visited her brother at Lahey last Sunday.

Mr. Toad Landess visited over at Happy last week then went on to see his newly married sister at Roswell, New Mexico. Then he returned home Thursday afternoon.

We failed to mention the fact last week that Elmer Slaughter, held in connection with the Seagraves bank robbery underwent an operation for appendicitis at the Brownfield Sanitarium.

S. F. Lane and son, Bryan, called one day recently to put their subscription up another year.

Our old time friend, J. D. Leach, handed us a check last Saturday to put up his paper till February 1933. Thanks, H. D., and may you not have to replant any more this year.

COLLINS DRY GOODS CO.

(appreciates your business)

We are requested to announce that the North and South Sacred Harp Singing convention will be held at Slaton Saturday and Sunday, July 2-3. They state that lunch for visitors from other counties will be furnished both days as well as lodging Saturday night.

Mrs. Sid Morris and daughters, Sidney and Claudia Gus, of Amherst, and Mrs. Eli Perkins and baby, visited in the home of their daughter and sister, Mr. and Mrs. Allan White of Lamesa over the week-end.

J. M. Burselson and son, Lonnie D. of Fort Stockton, Texas, are visiting their brother and Uncle, R. C. Burselson of the Willow Wells community. Another brother, R. D., also of Fort Stockton came with them, but returned home last week.

Boone Hunter returned Tuesday from Paris, where Mrs. Hunter underwent an operation about a week ago. Boone says that she is doing nicely and the doctors think she will steadily improve in health from now on.

BLACKSMITH
J. M. Hollman

Chamber of Commerce

—By J. E. Shelton, Secretary

Something like one year ago, we received a U. S. Designation on our East and West highway under Number 380, and knowing that under ordinary circumstances, that it should be numbered as is the case with U. S. 62. The writer took the matter up with Judge Ely and received a letter from him stating that the numbers would not be placed until the highway had received further improvements. Reading between the lines of the letter I am of the opinion that if we would secure a 100 foot right-of-way on the route that the highway department would give favorable consideration to the same construction that is being allowed to us between the Hockley and Gaines County lines and that under the same conditions, construction could be had from the Kent County line to State line at Bronco. In talking over the matter with Judge Barret I was informed that the county would not be able to purchase additional right-of-way until conditions changed, so the only plan at this time, would be to secure donations of it. Now the giving of a few feet of right-of-way in order to secure a good highway is a sight better on property owners than a bond issue would be and I am wondering of the effected property owners would be willing to release the additional 10 feet on each side that would be needed. The writer has a deed to a quarter section along the route and would be glad to join with other owners in a movement of this nature as he considers a good highway as being worth more than the cost of the land.

Everyone is of the opinion that the present depression is the worst that ever occurred in the history of the world, but very few people have any personal knowledge of former major depressions. Following is a description of one that occurred more than 5,000 years ago and more than 3,000 years before the Christian Era.

The laws are cast out and men walk upon them in public. The law breaker is lord of wealth; the rich man has lost all; scanty is gold; craftsmen are without work; the reaper of the harvest gets nothing; while he who plowed no profits. The land is depleted. I show the a land turned upside down.

This was published in the Egyptian city of Memphis, on papyrus, more than 5000 years ago. So you see that gang rule and business depression prevailed at that time, just as is now, but history also reveals that the calamitous period thus described was followed by one of great prosperity. Let us hope that it won't be long.

It is rumored that one of our Congressmen has a bill which he is expecting to introduce, that would call for the free distribution of Fifty \$1.00 bills to every man, woman and child in the United States, which would be accepted in payment for goods, wares and merchandise, provided that a 3 cent stamp was affixed to the bill each time that it changed hands until 35 stamps had been placed upon it. At which time it would be redeemed by the Government. When the writer first read about the contemplated bill, it looked pretty good to him as he could use \$250.00 to a pretty good advantage. However the more that a person investigates its possibilities the worse it looks, and I have arrived at the conclusion that if we want to destroy the country that a law of this nature would come about as near accomplishing the purpose, than any that can be originated at this time.

Bynum Sells Interest In the Rialto Theatre

Arnett Bynum informed a Herald man late Monday afternoon that he had sold his interest in the Rialto Theatre to his partner, Earl Jones, and that while the deal was closed last week, as Mr. Jones was out of town, Mr. Bynum had agreed to run the theatre until Monday night when it was closed for repairs. It will likely be reopened again about the first of August but not later than September 1st.

Mr. Bynum stated that he had no prospects in view at this time, but that he and family were leaving this week for Dallas and then further on in east Texas, whether prospecting or pleasure he did not state. We learned two weeks ago that the theatre would be closed after July 4th for a month.

As Mr. Jones will be out of the city another week, we were unable to get any statement from him, but will do so immediately upon his return.

Several Thousand in Taxes Due Terry Co.

In conversation this week with Judge Jay Barret, he stated that between twenty and thirty thousand dollars in delinquent taxes were due or rather overdue in Terry county was the reason the county is broke. While he did not say so much, we understand from other sources that the county officials did not draw any pay this month. The curious thing about the matter, according to Judge Barret is that a lot of people have gotten it into their heads somehow that they do not have to pay any more taxes. Just where they got the idea that there was a tax moratorium on is hard to figure out.

The upturn of the matter is that a lot of people with this idea are liable to wake up some morning with their homes or farms sold from under them for taxes. Indeed Mr. Barret informed us that notices would be sent out in the near future, and action on a suit for taxes, but there is no other course left for them as it is their duty to see that taxes are paid. If one pays, another should and must pay, because the law is not partial in this particular.

Mr. Barret also stated that it was mostly the small tax payer that was delinquent, but mentioned a few who were heavy tax payers who were delinquent. The railroad and utilities are paying their taxes semi-annually.

Swede Johnson Helps To Feed the Editor

That good friend of the Herald, J. A. (Swede) Johnson of the Lou community was in Saturday, and meeting us on the streets announced that he had something for us in a store just down the street. He came out with something wrapped in a newspaper that looked suspiciously like a half gallon jar of "Kicking Korn" but later on we found that we were going to have the pleasure of consuming a half gallon of as fine canned-at-home peaches as you ever laid eyes on, and we certainly thank this good friend who saw the light of day in that great country across the pond for the treat.

A few narrow minded people seem to have it in for all people of foreign extraction. If they open their mouths politically. If they open their mouths about the country. But it is the blood of people from northern Europe as well as Western Europe that have made America great and the greatest agricultural and industrial nation on earth. Most of these people are now naturalized and love America and Texas just the same as us native born whose ancestors have been over for ages. They'll shoulder arms for the Stars and Stripes the same as you. Many Germans and Austro-Americans did just that in our late conflict with those countries. Many South Texas counties almost wholly German extraction did not have a draft scarcely.

But we had some fun with that jar. We just removed enough of the paper to expose the lid on the jar and many of our good drinking friends gave us the wink and blink as we passed them.

A Correction

The Herald pulled a bad one on Arch Fowler the past week. We were printing a couple thousand cards for him and had finished one thousand, when another candidate for Commissioner Pre. No. 1 came in hurriedly for more cards, and a quick change was made to accommodate him. Upon resuming the Fowler order, the printer failed to pull anything but the slug with the name of the candidate, thus instead of running Arch for Sheriff and Tax-Collector, he appeared to be running for Commissioner. We never noticed the mistake ourselves, and Arch did not till many were handed out.

This is given just to keep the record straight, and to say that it was no fault of Arch. It was our mistake.

Meadow Man Is to Manage Lamesa Gin

Lamesa, June 29.—H. D. Chessir, Meadow, has been transferred here by the West Texas Gin Company and will be in charge of the gin here for the company. The new manager has begun overhauling the gin and getting it ready for operation in the fall.

Borger—Black Coffee Shop and Tea Room opened for business.

Well, We Are Just a Bit More Optimistic

Another rain came the past week and that was never very hard at any time and probably did not pack the ground like those of the week-end before. But these rains were just thrown in for good measure by the Weatherman who seems to be the soul of big heartedness with his water supply this year, especially in west Texas. About the only harm this last rain did was to probably set again some grass that had been plowed up two or three times prior to that. Tom Thompson informed us Saturday night that he had knifed his fields until they were flat, and every time a rain would follow and reset the weeds and grass. He feared he would lose his crop if we don't have some dry weather soon. Said he might have to "bar" the rows like we use to do in Tennessee.

Some told us last week that our writup on crops and conditions almost gave them the creeps. But this week we believe we will be able to stimulate you some. Boy, we were kinder pessimistic last week over viewing lake covered fields, washed roads and fields in an afternoon jaunt. K. B. McWilliams received the Herald in Hillsboro Sunday before starting for Terry Monday morning and he acknowledged that it made him feel plum sick. But a drive over him almost the same territory last week made us feel a lot better. It looked to us like things had improved 50 per cent. It is wonderful what a little wind and a lot of sunshine can do for a waterlogged field in a few days. But the lakes are still there. Many farmers told us Saturday that there had been a big outcome, and that they were getting good stands of late cotton, corn and feed. We believe however that last week ended their cotton planting, and this week will wind up corn planting. The balance of replanting will likely be confined to feed crops.

There are other things that make us hopeful for the future. While the depression and scarcity of money seems to be at the very lowest ebb now in Terry county, those who live in the cities further east reported a turn for the better which will soon reach the rural sections. It is believed that wheat must soon reach a higher level in view of the fading supply and the low estimate placed on this year's crop which was almost twice that of which the 1932 crop is given. Then most cotton men see almost as much decrease in the cotton crop of this year under the 1931 crop. It is a known fact that the purchase of fertilizer for the east was only 71 percent of the 1931 purchase, and what was purchased this year will not be used for cotton, it is said, but rather for truck patches and gardens. What with little or no fertilizer and insects and worms in practically all the cotton growing south, the Lord is doing what the farmers refused to do—cut the acreage and yield. We know that hail, winds and rains have cut the Terry county crop probably one-third that of last year.

Well, a 15000 or 18000 bale crop bringing from 8c to 10c per pound will put a lot more money in the county and leave it here than our 33,000 bale crop did last year. Now some one will want to shot us for suggesting 8c and 10c cotton, but greater miracles than this has been wrought—greater changes made in a few months. Remember the fall of 1920 and the spring of 1921? We heard that one of the local buyers offered to bet the best hat in Brownfield that cotton would be 10c by late fall. If we can have a dry summer so our plants will not grow rank and open this fall, we'll have some cotton to sell at that price too. The only times we have made our worst failures was when we had a rank plant and an early freeze.

Here's another thing: Had you noted that hogs are bringing almost as much again as they were two weeks ago? Did you note the other day that a car of prime three year old steers brought 7c at Fort Worth, and that the price trend on all other grades were sharply up? The natural consequence will be that sheep, poultry and eggs, cream, etc. will surely follow. Japan is taking a lot more than usual of our cheap cotton, and the movement now is about 100,000 bales more per month than a year ago. France recovered somewhat several months ago, and is still climbing. Italy and Germany are recovering fast, and Great Britain is said to be in the best shape she has been in years. These are our raw cotton and wheat buyers. Why shouldn't the trend be upward. Some cheap money is what we want now.

Some of these days raw materials and foods will take a spurt upward, and a big buying move will start from

Pie Supper Misunderstood Says Lincoln

C. L. (Abe) Lincoln wrote in this week to state that the pie supper and rally at the American Legion hall for Monday night, July 11th seems to have been misunderstood by at least some of the folks in Brownfield and community. To set the matter right, Abe says that the rally will start at 7:30 and will last until all the candidates have had a say. Also, that none are barred from bringing pies and buying pies. Last week they especially invited Legionaires wives to bring pies but we did not mean that others were not invited to do so.

The Herald will state that the cause for which this pie supper was gotten up, is, we believe a very worthy one, from what we can gather from a conversation with Mr. Alexander. He was caught absolutely without funds; his wife needed a serious operation and needed it now. It was impossible for him to borrow a penny, and as a last resort he appealed to his buddies of the world war. How they responded can best be told in his own words:

City Offices Moved To Brownfield Hotel

Roy Herod is very proud of his new offices in the Brownfield Hotel building, and has everything very neatly arranged in the series of offices recently vacated by Dr. Treadaway on the ground floor with a Sixth street opening. The offices can usually be gotten to also through the lobby of the hotel.

What makes Roy so very proud of the new arrangement is the fact that he is now on a ground floor. No more climbing of long flights of stairs for either himself or his many customers, for most every household in Brownfield has some business with the city office each month, not to mention business firms that use lights or water.

DEMOCRATIC PLATFORM CONTAINS 1,396 WORDS

Democratic platform contains exactly 1,396 words.

The longest plank in the proposed platform is that on prohibition, which contains 143 words. The shortest one, containing only nine words, deals with unemployment and old-age insurance.

This platform is one of the shortest ever written for a political party.

The 1928 Democratic plank was more than 8,000 words in length.

every quarter, for the whole world need food and especially clothing. Confidence will be restored, money can be borrowed and debts paid. Taxes will be collected and our schools will take another shoot forward. If we have no great prosperity before November 8th, on that day we will put in Frank Roosevelt and Jack Garner. The government will be restored to the people. The grafters and racketeers will seek cover and Wall Street will shovel its ill gotten shekels to the masses in the streets. If this article isn't optimistic enough, we'll try again next week. But have we really overdrawn the situation or the possibilities of recovery? We think not.

Local Black Goes On the War Path

From what we could gather from some of the local colored folks, a negro locally known as "Shorty" and as black as Ace of Spades got mad because his girl gave him the dodge Tuesday night and stayed with some friends in the negro apartments on south Sixth street.

He cold trailed her and found her and another colored woman crossing the court yard and is said to have shot at her with a 22 calibre rifle. In the meantime, some of the girl's friends had procured a shot gun, as the negro had run into a member of the sheriff's force by that time. He is now in the cooler, and as there is some liquor cases against him, this last stab may cost him his freedom for some time.

Tom Hunter to Speak In Lubbock Tuesday

Tom Hunter, candidate for Governor, is making a swing around West Texas before the close of the campaign. He has made most of his hard campaign in north, east and south Texas, depending on his friends to put him over in West Texas. The only time and closest place his friends in Terry county will be able to hear him will be at Lubbock Tuesday night, July 12th, 8:30 on the courthouse lawn.

Road Work Started Again in Gaines Co.

Tuesday afternoon trucks were again put to work hauling caliche from the pit four miles southwest of Seagraves. This caliche is being placed on Highway No. 137, this work being retarded for the past several weeks on account of a delay in the contractors getting a crusher large enough to handle this phase of work.

Those in charge state that all uncompleted work in this contract would be rushed from now on until the work is completed.—Seminole Sentinel.

Change in Postage Rate Now in Effect

Beginning Wednesday, July 6th, the postage on all first class mail will be THREE cents per ounce on ordinary letter mail; while for air mail EIGHT cents will be required for the first ounce, and THIRTEEN cents for each ounce additional. Post cards and postal cards will be carried at the same rates now in effect. Postage must be fully prepaid on ALL classes of mail before it is mailed; you delay your own mail if you fail to do this.

POSTMASTER

Dr. J. A. Whitaker and A. C. Evans were guests of the Hudgens and Kyle Graves families Saturday afternoon and night. Mr. Evans being a nephew of Mr. L. F. Hudgens. They continued their journey Sunday morning to include points in New Mexico and El Paso before returning home.

Burton Holly entered his car in the races at Plainview Monday, but at this time we did not learn how he came out.

The Roosevelt-Garner Ticket a Strong One

The Democratic party adjourned last Saturday afternoon late and started the homeward march after completing their work. It was in many ways a harmonious convention, but nevertheless one of the most vociferous in the annals of the party, and we have had many noisy ones. Contrasted with the quiet and rather hand-tailored convention held two weeks before by the Republican party, is like comparing whispering zephyr to a raging cyclone, or the squeek of a mouse to the roaring lion.

One good thing they did do and that was to put in some 1400 words a very good platform, which in most cases came out boldly on measure with very little if any pussyfooting. The dripping wet plank probably won't suit many people, neither will the straddling attempt of the Republicans suit some. One is easily understood, the other may be made to mean anything. But neither, if understandable would countenance the return of the saloon as we older people know them, nor would they advocate that all states dispense liquor whether they wanted to or not.

The Herald is of the opinion that we have two great Democrats in nomination, Franklin D. Roosevelt as president, and John N. Garner as vice-president. Both are men who have always been regarded as honest, upright and above the least suspicion, and frank enough to tell you where they stand on any measure before the people of the nation. We believe that Frank and John have the best chance to sit in the high places of the nation than any two Democrats since Wilson's campaign of 1916.

While the platform is the most moist of any party in recent times at least, and whether you like that part of it or don't like it, the platform has many other things to commend it besides brevity, some of which we give as follows:

- A 25 per cent reduction in several expenditures—one billion dollars—and a balanced budget.
- A "competitive tariff for revenue."
- An international monetary conference to be called by this government to consider rehabilitation of silver.
- Endorsement of loans to states for unemployment relief and public construction.
- Refinancing farm mortgages; extension of cooperative marketing; effective control of crop surpluses; and endorsement of "every constitutional measure" to help farmers get cost production.
- Regulation of interstate utility companies and stock exchanges.
- Fullest generosity for all war veterans, but no mention of the cash bonus.
- Relief for depositors of closed banks.
- Condemnation of the Hawley-Smoot tariff act and of "extravagance" by the federal farm board.

Abernathy Boosters Parade to Aid Bonus

Abernathy, June 25.—Between 800 and 1,000 residents of Abernathy and its trade territory this afternoon marched behind a large banner reading "If you are for the bonus, fall in line."

Customers left the stores and the merchants followed them. The parade began after Fritz Struve, former Abernathy mayor, urged a demonstration for the bonus payment, during a trades day program.

A large American flag and the sign headed the marchers. Nystel, chamber of commerce secretary, carried the flag, and Sturve and H. Schultz the sign.

The former mayor declared he hoped every town and city would indicate its opinion in the bonus question.

Between 15 and 20 automobiles carrying tourists stopped, and the occupants of the cars joined the demonstration, which began almost spontaneously. Pictures of the crowd were taken and will be sent to congress and to the Democratic convention.

Mr. and Mrs. Murphy of the Panama Canal Zone, where Mr. Murphy is employed, passed through and spent Tuesday night in the home of Mr. and Mrs. H. S. Crews. They were on their way to the Shrine convention at Los Angeles, as they were delegates and Mr. Murphy is also one of the higher officials. They are well acquainted with Mr. and Mrs. Crews who is in the Canal Zone.

Methodist Preacher Is a Good Provider

Rev. Ed Tharp, pastor of the Methodist church in this city believes in that old injunction in the Holy writ which says; "He that provideth not for his own household, has denied the faith and is worse than an infidel." We believe we quoted St. James rightly on that. Anyway, this Methodist preacher is following very closely after this passage of scripture. He not only works for his congregation as a minister, and the Bible says they are worthy their hire, but he keeps physically fit raising a good vegetable garden from which the family gets many delicious meals.

We don't know when we saw a better garden than he has back of the parsonage and church. He has an especially fine lot of peas and beans, and despite the fact that hail has ripped through his garden two or three times, the vegetables look mighty good in spite of this. And Methodist preacher like, he has a yard full of very fine Rhode Island red chickens. Just as we walked into the back yard he had rang the head of a very fine specimen of the young male persuasion, and remarked that he was having it for the noon meal and would we partake? In view of the fact that he is now in a revival and probably has to feed Presiding Elder Bickley a good lot of the time, we felt so sorry for him that we passed up the tempting invitation for the time being, but promised to help him consume one in the future.

And while we are on the subject of the revival, will just ask—have you been? If not, lose no more time, for the meeting will soon draw to a close. Dr. Bickley is not only a fine man, but is a great orator and a fine Bible student. But Rev. Ed Tharp is like the man in Arkansas. He may run out of clothes, but he'll still stay in good condition so far as eats are concerned.

Sacred Harp Singers Coming to Brownfield

W. P. Elmore and family; also Frank Bozeman of Gomez and C. Sears of this city attended the Sacred Harp Singing at Slaton Saturday and Sunday. Mr. Elmore stated to us that it was one of the best singings of the kind he ever attended in his life and that it reminded those who attended of the long ago in east Texas and the old states of Tennessee, Alabama and Georgia. It was their intention Mr. Elmore said, to come home Saturday night, but those old time singers of Slaton simply wouldn't hear to it, and made rooms in the homes for them.

Thus it is, that the old singers not only get inspiration that carries them through the days to come, but the fellowship of mixing and mingling with these old time singers is great, said Mr. Elmore. Among the ablest leaders in attendance, he said, was W. P. Florence of Slaton, and a little girl five years old from Fort Worth by the name of Evelyn Sile. He said several other young people did some splendid class directing.

Mr. Elmore stated that the best part of the whole thing was that those who attended asked that the old singers come to Brownfield with the convention in 1933, and receive a unanimous affirmative answer. Mr. Elmore stated however, that it might be held at Gomez if suitable quarters could not be found here for holding the convention. The singers in this county will meet soon to organize a class and start practicing.

Mr. Elmore requests that all Sacred Harp Singers register with Mr. J. W. Oliver at the courthouse so that they will know their strength and so that a meeting for organization can be called.

FIRST 1932 BALES BRING ONLY FIVE CENTS

"First Bales" of cotton, now being ginned from last year's stalks in the lower Rio Grande Valley and other South Texas areas, are bringing record low prices for lime and seed and in some cases no premiums. Seed brought only \$3 per ton and lint five cents per pound when the first two 1932 bales were ginned last week at Rio Grande City in Starr county. No premium was received by the grower.

Frank E. Wheelock, a pioneer of Lubbock, passed away the past week. Although a Methodist, Elder Liff Sanders of the church of Christ, a staunch friend in the early pioneering of Lubbock and Lubbock county, was called from Quanah to conduct the funeral services. He was assisted by the Methodist pastor.

Political Announcements

The following candidates for District, County and Precinct have handed us their announcements, subject to the Democratic Primaries July 23.

For State Senator:
Clyde E. Thomas
Arthur P. Duggan
James H. Goodman
Jess C. Levens
G. E. Lockhart

For State Representative:
H. R. Winston
Jno. N. Thomas

For Court of Civil Appeals:
Perry S. Pearson

For District Attorney:
T. L. Price, re-election
G. H. Nelson

For County Judge:
Jay Barret, re-election

For County Attorney:
Geo. W. Neill
Joe J. McGowan

For Sheriff and Tax-Collector:
A. T. Fowler
W. Malcolm Thomason
Bayne Price
Jess Smith
R. C. Burleson

For District Clerk:
Mrs. J. C. (Eldora) White

For County Clerk:
W. A. Bell
Rex Headstream, re-election
W. A. Tittle,
J. A. Forrester

For Tax Assessor:
T. C. Hogue, re-election

For Treasurer:
Mrs. J. L. Randal, re-election

For Commissioner Pre. No. 1:
L. L. Brock, re-election
J. C. Johnson
Jno. R. Davis
W. J. Washmon
G. W. Luker
J. D. Akers

For Commissioner Pre. No. 2:
W. A. Hinson, re-election
S. T. Miller

For Commissioner Pre. No. 3:
R. I. Cook
J. W. Lasiter, re-election
W. H. Kelly

For Commissioner Pre. No. 4:
J. L. Lyon
G. M. Thomason, re-election
J. R. Garrison
E. B. (Ed) Black

Justice of Peace, Precinct No. 1:
F. M. (Dutch) Burnett

For Constable Precinct No. 1:
J. R. Burnett

For Public Weigher Pre. No. 4:
Lowell C. Terry
T. A. Wartes

Will Rogers has a way of always trying to embarrass people and make them feel unhappy. Just as the Texas delegation ended a hilarious round of putting over Roosevelt by releasing their delegation from Garner, then to see their own native son

elected by acclamation. Will has to go and ask them what they will have to say to the Baptist preachers when they get home. Will must be a Baptist, if anything, for like Mark Twain was by Presbyterian Ministers, he always resorts to Baptist when he wants to say something like the above.

What has become of the old fashioned man who "rid" into town on the old grey "meer" Saturday night and hitched to the post in rear of the Blind Tiger.

It was reported over the radio from the convention hall on Thursday night that the elements above got very ugly, with lightning flashing and thunder rolling. But the man made den on the inside outdid the natural racket on the outside so far as we safe distance listeners were concerned. Which reminds us of the Arkansas deacon that was turned out of the church for saying he watched them make ice a foot thick at Fort Smith. The church held that God couldn't make ice over an inch thick in winter time.

Jacobs, Schmeling's manager has been suspended by the New York Boxing Commission from taking any further part in any boxing contests in that state. This was done by reason of Jacob's unsportsmanlike and undiplomatic remark after the decision in favor of Sharkey in his late mill with Schmeling. A lot of people agree with Jacobs, alright, but many of them were diplomatic enough to crouch their language in less harsh words than to say "that Schmeling was robbed of his title." On the other hand, Gunboat Smith was upheld and a high compliment paid to the German. They stated "that Schmeling was not only a good boxer, but was a credit to the boxing profession."

More rain, more rest, was a saying in our childhood days, and we remember that we were always glad when a shower came up of a capacity sufficient to keep us out of the fields a day or two. To be frank, we were always too lazy to farm anyway. We had much rather tell the other fellow how to do the job. We always imagined that our theory was better than their practice. But it remained for a little negro boy to refute the more rain, more rest theory. His answer was "more rain, more grass, to make the little negro work fast." And that is the greatest trouble right here in Terry county now. Weeds and grass are making a bumper crop while more rain hinders the farmer unless he happens to be a Herald kind of farmer. What we need most right now is more sunshine.

While we have rather admired Al Smith in the past for his outspoken way and his statesmanship, some of this glimmer has been worn off by his sulking action in the late Democratic battle for votes. His turning tail and heading for home rather than listen to his victorious opponent speak from the platform of the convention hall, we think, bars him forever from wearing the name of the "Happy Warrior." He is like many other humans, happy in victory and sulking in defeat. He failed in his attempt to "stop Roosevelt," and Mr. McAdoo at the head of Texas and California that stayed with Mr. McAdoo in Madison Square Garden 8 years ago, was the man and delegation that put a quietus on the "Stop Roosevelt" move this time. Revenge is sometimes sweet.

FLOWERS
Will appreciate your order, day or night.

My! how the weeds and grass is growing and most of the farmers stayed at home Saturday and Monday to work their crops.
Miss Neta Hall returned last week from New Mexico, where she visited the Carlsbad Cavern and reported that there were over 300 went thru the day she did.
Mr. V. E. Smelly of Shreveport, La., is visiting his aunt and family, Mr. and Mrs. Franks.
Misses Jimmie and Doris Marshbanks visited with Miss "Allie Howze" Sunday.
Mrs. M. E. Kinard had as her guest last week her cousins, Mrs. Bill Farris of Amherst and Elmo Jones of Sayre, Okla., and her grandson, Roy Abbott of Lubbock.
Mr. and Mrs. E. T. Hall visited with Mr. and Mrs. Edd Evans Sunday.
Mrs. Burson of Brownfield visited her daughter, Mrs. Money Price and family last week.
Misses Eva Mae Woodruff and Dorothy McGlothlin of Brownfield were the guest of Misses Esther Ruth and Ruby Nell Smith last Friday.
Mrs. H. E. Thomas, who has been visiting her daughter, Mrs. E. T. Hall and family has returned to her home in California.
Mrs. Jess Smith entertained the quilting club Friday P. M. Two quilts were quilted. Sandwiches, ice tea, cookies and mints were served. The club meets with Mrs. Ada Howze this Friday.

SCUDDAY NEWS
We are all planted over again after being blown out. The neighbors all helped one another replant, which was very nice of them.
Mr. and Mrs. Blevins from Meadow spent the day with Mr. and Mrs. Kelly Sunday.
Mr. and Mrs. Sam Walters took dinner with Mr. and Mrs. Sparkman Sunday. Mrs. Sparkman has been running the go-devil and fell off and hurt her arm.
Mrs. Norris and children took dinner with Mr. and Mrs. Virgil Jenkins Sunday. Mr. Norris is working in East Texas.
Mr. and Mrs. Bowerman's son, Paul Houston, goes to Lubbock on the bus every Saturday morning and they bring him back to Mrs. Lowe's Sunday afternoon.
Mr. Bowerman, Mrs. Mrs. Owen Buckner and Mrs. Maggie Waller will teach school at Scudday next term. We hope to have as good a school as we have had.
There was a real nice crowd at B. Y. P. U. Sunday night. The program was rendered real well by all.
Rev. J. M. Hale, Baptist pastor here informed us this week that he met a man with great calouses in his hand. Asked what caused them, he replied that he was busy grubbing for 50c per day and was real proud of the job. Back before Hoover Prosperity hit us, a man would have laughed in your face if you offered him such a job at less than 50c per hour.

The Brownfield Herald wants to know "What has become of the old fashioned preacher who had to read his 'text' with the aid of a reading glass." Why, bless your life brother, he has turned "modernist" and now he doesn't even have to have a "text."—Lamesa Reporter.

CARD OF THANKS
We wish to thank our kind friends and neighbors for their kind sympathy during the sickness and death of our dear daughter, sister, wife and mother. May God's richest blessings be upon each and every one of you.
Mr. and Mrs. Will C. Brown
Mr. and Mrs. Earl J. Brown
Claudia Brown
Mr. and Mrs. Luther Jones
Mr. Harlace McMinn
Mr. H. A. McMinn Jr.

The old Commerce Hotel was being cleaned up last week and renovated, and we understand will be opened up again in the near future by a new tenant, whose name we failed to get. But we understand that he is an old retired ranchman.

CHURCH NEWS
Y. W. A. ORGANIZED

A group of young women of the First Baptist Church met at the pastor's home Tuesday evening at 7:30 for the purpose of organizing a Young Woman's Auxiliary. They were assisted by Mrs. W. W. Price and Mrs. J. M. Hale. Temporary officers are Miss Wynona Burnett, president; Miss Naomi McLeod, vice-president; Miss Dora Dean Neill, secretary; Mrs. M. L. Penn, counselor. After the election of officers, a round-table discussion of how to build a successful Y. W. A. followed. Refreshments were then served to the girls by Mrs. Hale.

The next meeting will be next Tuesday night at 8:00, at the home of Mrs. Penn. All Baptist Young Women who are seventeen years of age or over are invited to be present.

BROADWAY CHURCH OF CHRIST

Sunday services as follows:
Bible Study 10:00 A. M.
Church Services 11:00 A. M.
Young Peoples Meeting 7:30 P. M.
Evening Preaching Services 8:30 P. M.
Other services for the week:
Midweek Bible Class Tuesday, 8:30 P. M.
Midweek Song Practice Thursday, 8:30 P. M.
Interest is good in all services. Come enjoy them with us.

CHURCH OF CHRIST

A nice crowd was on hand Sunday morning for all services. More were reported in the Sunday school than for some time. Class No. 2 reported 18 present, which is an increased attendance since vacation started. All classes report good attendance.
Bro. Alvin Mitchell delivered a fine sermon to the church on righteous living at 11 A. M. His subject was Apostasy at the night services, and was well received. He leaves this week for his summer meetings. The young people are now meeting at 7:30 P. M. each Sunday, and will have a new leader each week, who will be responsible for the program and lesson. Singing at some member's residence each Thursday evening.

The Ladies Bible class are still meeting each Monday afternoon, and are having interesting lessons. Bible study for all the church each Wednesday evening. You are invited and welcome to all services.
All services as usual, Sunday.
Elder Robt. Drennon and family are visiting churches in this section at present with a view of serving them as he will likely move before school starts in the fall. He has the good wishes of the church here where ever he may go. He will hold a revival for the church at Johnson the early part of August.—Reporter.

MRS. McMINN PASSES
Mrs. H. A. McMinn, 35, of Fort Worth, daughter of Mr. and Mrs. Will C. Brown who live five miles northwest of this city, passed away early last Wednesday morning, of Bright's Disease, and was buried in the Brownfield cemetery, following funeral services at the church of Christ conducted by Elder Robt. Drennon.
The McMinn family formerly lived in Terry county, but moved to Fort Worth a few years ago, and were out here on a visit when she became very ill. She had been a sufferer from this disease several years. Besides her parents and brothers and sisters, she leaves a husband and little son to mourn her departure.

Mrs. Eldora White, candidate for District Clerk, requests us to announce that she has had an operation lately and will have to undergo others is the reason she has not been among the people, and not because she did not want to. We hope the voters give this fact due consideration.

"ATMOSPHERE"

You know the pleasant, invigorating effect of a cooling atmosphere on a hot summer day. You also know the welcomeness of the atmosphere around the family fireside as a refuge from the winter's chilling winds.

There are atmospheric conditions in business as well as the weather and we want you to know that the atmospheric part of our bank is: that we cordially appreciate the presence of your account, welcome your visits, always glad to see you and are grateful for your friendship and good will. Introduce your friends to this bank, one that does business in a friendly, helpful way.

BROWNFIELD STATE BANK

OUR 23 YEAR COLUMN

Taken from the Herald of July 10, 1909.

MORE RAILWAY NEWS: The town of Brownfield through its committee headed by County Judge Geo. W. Neill, had written the men who were behind the movement to build a road from Fort Worth to Albuquerque, N. M., that Brownfield stood ready to pay a cash bonus of \$50,000, 160 acres for depot and switching facilities and right of way through the county if they would build through here. The Fort Worth Record announced that this was the best offer any town had made on the proposed route.

The mass meeting to put on the Old Soldiers reunion had met with Wm. Howard, Chairman; Jno. W.

Cone, Secretary, and the following committees were appointed: Arrangement: J. R. Coble, Neil H. Bigger, J. R. Hill, W. N. Copeland and Geo. E. Tiernan. Program: G. W. Wilkins, T. J. Price, D. Robinson, W. R. Harris and Wm. Howard. Entertainment: J. R. Hill, W. R. Spencer, Dr. J. W. Ellis. Badges and flags: Geo. W. Neill and J. L. Randal. The committee on arrangement gave notice that they would meet at 3 o'clock the following Monday. The reunion was to be on the 13-14 of August.

Bailey county had an election on Saturday, July 3 to vote on organization. The votes were carried to Demmitt in Castro county to be counted. The election carried 30 to 0.

Editorially we stated that according to the last issue of the Seminole Sentinel they claimed nine railroads pointing in their direction and that Lubbock was claiming about the same number. The Herald thought Brownfield would at least get a feeder. We announced that we were not trying to run or advise our farmers, but told them that it was not too late to plant June corn, and as Central Texas had an absolute failure, they might get a dollar per bushel for

BROWNFIELD, TEXAS

theirs. We announced that our next issue would be a six column paper instead of a five.

The W. H. M. Society had announced a party at which everyone was invited. They gave a long list of fines that would be collected for wearing certain apparel, and this clothing consisted of just about all clothing worn at that time. We imagine that was a real tuck party. No charge for a smiling face.

Little fellows had been transported from town to the residence of O. M. Daniel, a mile west of town. It was the 10th birthday party event of little Willie Daniel.

Jack Bryan was in from the ranch. Born to Mr. and Mrs. Will Alf Bell, a fine boy on the 6th. Miss Effie Brownfield was visiting Mrs. Daugherty and family. Misses Irene Powell and Fay Bynum were visiting in Lamesa. Some of the young people were attending the meeting going on at Gomez. Mrs. S. E. Bucklew of Shreveport was visiting the Jno. S. Powell family. Bluford Adams of Gomez had bought the corn belonging to the Brownfield Merc. Co., to grind in his mill at Gomez. Chas. Copeland had made two trips with his "line" car to Big Spring. Gus Farrar of the Pledge community was visiting in the Randal home.

J. E. Bryant was in from the Groves Chapel (Union) community. Dr. E. A. Pardue, of Blanchard, La., was visiting Dock Powell. M. V. Brownfield reported his range getting dry. R. W. Glover of Gomez called and paid for the Herald and put his hotel card in the Herald. Robert Forrester of Lynn county was here with his wife visiting her parents, Mr. and Mrs. R. R. Hughes. Gamble & Byrd, contractors, had laid the foundation for the W. G. Hardin residence. L. B. Minor and Henry George had passed through from Gomez on their way to Lubbock. Miss Pearl Stewart, of Willis Point was here visiting her sister, Mrs. Dr. Ellis and intended to enter school here that fall.

Miss Irene Copeland had returned from Fort Worth where she visited Miss Iola Green. M. F. Ball of Montague county had bought the well improved farms of J. R. Morris and J. L. Clark southwest of Gomez. Consideration, \$15,000. J. Burnett had been injured on his windmill, when the wind veered and the wheel struck him on the head. Miss Esther Love, of Austin had returned home after a visit here with her sister, Mrs. P. E. Riley. G. E. Lockhart had returned from Austin where he studied law in the State University, and had successfully passed examination. Miss Rena Short of Arlington, Texas had been re-employed as a teacher here. The editor was having trouble with the Weatherman even at that early date, but as we had not been in the county quite six months we claimed the right to prophesy without being dubbed a fool. Mrs. Almada Dial had a letter from the head of the millinery firm of L. O. Daniel, who had stores in Paris, New York and Dallas, assuring her that they would be able to supply her with the latest in ladies head wear that fall. Mrs. Dial is now Mrs. W. G. Hardin, if you don't happen to know. W. G. Myers kept a line of the famous Eddleman Bros. Saddlery at Graham, Texas. Times do change. There were plenty saddles and buggies both here for sale then, but who ever sees one now?

Chas. Copeland had announced the opening of an auto line from Brownfield to Lubbock to be ready in a few weeks. The traffic between the two points was increasing, and with the advent of the Santa Fe railroad into Lubbock in the next few months, the traffic would be much increased. A big barbecue and picnic at Plains was advertised for August 5-6. A reunion of the fifth brigade, Confederate soldiers, which took in the Panhandle north of the T. & P., was to be held at Amarillo July 28-29-30th. A work train and track laying crew had arrived in Plainview to start laying track from there to Lubbock. There was one sheriff sale running, being J. C. Whisenant vs. W. L. Capell for the sum of \$817.16. It was numbered 144 on the docket of the district court. They have reached about 1700 now. All for this week.

Edinburg—Mike McKenney purchased barber shop of I. J. Leeper.

Do You Need Glasses?
The depression is over so far as glasses are concerned. Beginning Saturday, July 9, and continuing including Friday, July 15, I'll give you the biggest saving on glasses you've ever had, or I'll give you a peach. No cheap John goods or service. Best you can buy anywhere. It is purely a matter of raising a little money in time of need. I use the best zylonite, white gold, and yellow gold frames on the market.
Better still: To all who come to my office at the Wines apartments on Saturday and Monday, 9th and 11th, I'll give an extra cut of 50c on a full pair of glasses and \$1.00 on each pair of bifocals, from my schedule of prices which you may see. Do you wish to save or make some money? Now is the time. Come and see.
J. D. SHAW, Optometrist

What Has Education Done For Texas?

Did you ever take time to consider just what the schools are doing for us? It would take a considerable stretch of the imagination to picture just what state of things would be in existence now had there been no schools in Texas for the last seventy five years. In thinking about Education along this line let us ask ourselves a few questions that may suggest a few possible conditions. What type of law enforcement and free government would we have? Would our people have had any respect for law or would we be a nation of pirates? Would our democracy have stood or would we be enjoying "anarchy," "bolshevism" or some other brand of government? Would the health of the individuals both children and adults be what it is today or would mortality and vicious diseases be piling up our death rate? Would commerce and trade both state and national have reached its present proportion or would we be trading only in every limited circles? Would our people be able to produce and preserve the quantity and quality of food that we now enjoy or would we be eating black bread and dried meats as some other nations are doing? Could manufacturing have made the progress that it has without schools? Has the study of agriculture in schools made farming more scientific and productive or has it increased the amount of labor necessary to produce farm products? Has the study of feeds and feeding, breeding, and marketing caused any change in the methods of the cattle man in Texas or does he still produce the old long horn on the range without feed? Have our schools effected the type of transportation that we enjoy or was it an accident that science and inventions have perfected these machines? How about the per capita wealth of Texas today? Has it increased in greater proportion than the cost of education? Would we be enjoying the right of a free religion were it not for our public schools or would we be under the rule of a coercive system of religion as other countries that we know of where a greater per cent of the population are illiterate. Would the standards of morality be what they are today had it not been for our public schools? Would we be able to appreciate and enjoy the music, art and beauty that surrounds us were it not for the fact that we learn the fundamentals of these things in school?
These questions and suggestive answers are not brought forth with the idea of giving the credit to the schools for all the good things that

HUNTER NEWS
Everything sure is grown that was left. It all looks so pretty now.
As last Monday was the Fourth of July, most everyone went on with their work as if any other day.
We had a very large crowd at Sunday school Sunday and invite more to come every Sunday. We also had a fairly good B. Y. P. U. Let's all work and try to win the new banner we have now.
The deacons met Sunday afternoon at the school house and while the women took Bro. Webb on a surprise and gave him a shower. We might have showered Mrs. Webb, but she didn't come. He received several presents and all were nice.
Rev. and Mrs. Homer Butler went to Lahey Sunday night and he delivered a message to the people.
Mr. and Mrs. Hill gave about five families a large dinner last Sunday and then served cream that afternoon. Everyone enjoyed themselves.
Mr. and Mrs. Elmer Machen from Lahey spent the day with his sister, Mrs. Oris Breland, Sunday.
Mr. and Mrs. Newt Lindsey visited Mr. and Mrs. Homer Butler last Sunday.
Mr. and Mrs. Riley Bryan, Mr. and Mrs. C. E. Owens and Mr. and Mrs. Lawrence Edwards spent Saturday night and Sunday over at Cedar Lake. They had bushels of fun.
Mr. Orvis Bockmon and C. G. Smith went to singing at Forrester last Sunday night.
Mr. Albert Smith, son Guy, and his brother, Cecil, returned from New Mexico and said work was scarce.
Miss Geneva Bryan visited Miss Lucille Smith last Wednesday.
Mr. and Mrs. Fred Bennett spent the day with her parents Sunday.
Mr. and Mrs. Deward Williams from Olton, Texas has been visiting his parents, Mr. and Mrs. Ed Williams. While here they spent one day over at Cedar Lake, but have returned home.
Miss Kate Duke of Fort Worth is visiting her father, C. D. Duke and family for a few days during her vacation.
We have but for the purpose of stimulating thought in order that we may arrive at the true contribution that our schools are making to our welfare.
The answer to each of these questions merits much consideration on the part of each individual citizen today. In these times when the cost of Education is of supreme importance it behooves us to consider whether it is really worth what we are paying for it. Think on these questions and you will be in a better position to determine true values.

Fort Worth Markets As of 20 Years Ago

The Fort Worth Star-Telegram Sunday published the markets of June 19, 1912, or two years before the beginning of the World War. If the prices of those days had been paid for farm products last year, there would not now be any depression, notwithstanding the present inequalities which exist of manufactured articles.

From 1916 to 1929 we were deluged with the idea that we were enjoying good times, but present conditions indicated that the reverse was true. Values soared to heights unheard of in recent history and credits were expanded in like ratio. The consequence is that products have been deflated to a point where they are almost valueless, while a note and mortgage executed in those days call for the payment of as much money and as much interest now as it did when it was made. That people are losing their homes and their lifetime savings is a natural consequence of making the dollar more valuable, and that millions are unemployed and going hungry in the face of over production of every commodity has been brought about from the same cause.

So far as 99 per cent of the people is concerned the war period has resulted in the most disastrous age in generations. It might be possible that the human race should derive some good from the devastating war, but it is not from an economic sense. The people could have stood the present depression much easier in those days than now, because they would not have been so heavily in debt. As one authority stated two years ago, "Depressions are man made," and it cannot be said that we have advanced to any great extent when conditions such as are now evident are allowed to exist. Either human greed has grown to the point where the peace of the world is endangered, or we don't have leaders who can comprehend what is happening to us, nor have they the intelligence to know how to contract the inequalities which exist. The markets referred to above are as follows:

Wheat, \$1.06 1-2 to \$1.11; corn, 75 cents; oats, 51 1-2 to 52 cents; cotton 12.15 cents; Steers \$5.40 to \$7; hogs, \$6.90 to \$7.65.

Railroad rates are more than double what they were back in that period. It takes about 17 cents per bushel more to haul a bushel of wheat to the Chicago market than it did then. This 17 cents is subtracted from the price when it is bought from the farmer, no matter if it is milled in the town where it is bought. This high rate is subtracted from every pound of cotton the minute it leaves the farmer's hands. The excess of freight rates now compared with what they were in 1912 cost the farmers of Hockley County not less than \$30,000.00 on last year's crop. If we had that money it would go a long way toward making life easier and help us pay our debts. The producing districts cannot prosper so long as this condition exists.

The railroads are also in a bad fix.

BE SAFE

We duplicate broken Lenses and repair broken Frames. See us for prices and terms before you have glasses fitted. You will be sure of correct professional service at low cost.

DR. STEVENS, Office up stair in Alexander Bldg. N. Side Brownfield.

FOOD FOR THOUGHT

In the belief that we can best serve you by a thorough knowledge of your problems and by cooperating with your physician, we exercise much care in selecting medicinal products to be used in compounding your prescriptions. Only those manufacturers whose products have withstood the test of time are favored. Only drugs of known quality that have the confidence of your physician are used. With these thoughts in mind we maintain a modern prescription service to the Physician and his patients.

The Rexall Store
"Where Most People Trade"

TEXAN OFFERS PLANK AGAINST SHORT SELLING

Chicago, June 27.—A. H. King, delegate from Texas and candidate for Congress at large, presented a plank to the Platform and Resolutions Committee of the National Democratic Convention today which would make it a felony punishable with imprisonment to sell cotton, wheat, oats, corn, or any other farm product unless actually owned by the seller. In presenting his proposal King said: "Such a measure will put an end to the ruinous bear raids which in recent years have practically destroyed the prices of farm products. A few unscrupulous future traders can pool their interests and make a raid on the market which is disastrous to the grower of farm products. If the party really wants to help the farmer it takes no better step for his relief than by adopting this proposal. 'I am a farmer and I believe I speak these sentiments of the American agriculturists.' King's plank is being looked upon favorably by many Western and Southern delegates from the farm States and a strong fight in its behalf will be waged.

He is also advocating a platform demand that all banks carry deposit insurance. "Insurance against bad business is proper, and more necessary, than insurance against burglary. If confidence is restored in our banking system such a measure as this must be enacted into law," said King before the Committee.

HOOVER SIGNS ECONOMY BILL

Washington, June 30.—President Hoover today signed the economy bill—designed to reduce the cost of Government by approximately \$150,000,000—but said he did so "with limited satisfaction."

He said the measure "falls short of the economies proposed by the Cabinet and executive officers of the Government."

Mr. Hoover contended the bill imposes unnecessary hardships on Government employees in minor matters, and recommended that "some of these should be remedied at the next session of Congress."

Mr. A. J. McLaughlin, a young man from Portland, Maine, who was a room mate of Mitchell Flache in school at San Marcus, Texas, came in last Thursday to pay a visit to his friend. He so liked Brownfield that he accepted a position as manager of the Miller and Gore camps and service station at the junction of the Lubbock-Tahoka roads.

Charley Andersen, son of Mr. and Mrs. A. W. Andersen fell from a tree this week and broke his arm in two places. It was reported to the Herald that Charley and other boy companions were playing "Tarzan of the Apes."

In the first place they are, like everyone else, taxed to death. They are threatened with bankruptcy on account of truck competition which utilizes highways built at public expense. Should rates be put back where they were before the war and should trucks be compelled to pay their just proportion of highway maintenance and construction of the commercial truck would be forced from the field as a competitor of the railways. This is a bigger question than it looks, as it directly affects the economic welfare of the agricultural districts. Agriculture cannot come back under the present high rates. Agriculture is being drained by high freight rates and high taxes and cannot come back until it has relief from both.—Levelland Herald.

Motion Pictures For Tech Coaching School

Lubbock, Texas July 1.—An eight reel slow-motion picture of the famous Notre Dame-Southern California football game will be shown at the Texas Tech coaching school by Heartly "Hunk" Anderson, Notre Dame coach July 11 to 22, Coach Pete Cawthon, Tech coach has announced.

One hundred and fifty three coaches from 25 states have already signed up for the school and with five to six registrations coming in daily now, the enrollment is expected to break the record of 326 set up last year that made the Tech school the largest in the nation.

With Anderson will come All American back Marchmont Schwartz and possibly All American quarterback Frank Carideo, who heads the University of Missouri coaching staff next fall.

"Phog" Allen of the University of Kansas heads the basketball classes and already 25 Kansas coaches have signed up for the school.

Glen S. "Pop" Warner of Stanford is another headliner and will have with him Tiny Thornhill and Chuck Witterburn.

Jack Meagher of Rice and Clyde Littlefield of Texas will be on hand to help instruct and 45 Texas coaches have already signed up.

Far away states from which coaches have already signed up include: New York, Ohio, Maryland, North Carolina, Connecticut, Wisconsin, Iowa, Washington, Pennsylvania, Georgia, Nebraska, New Jersey, Tennessee, Illinois.

All Southwestern states have a number of coaches already signed up and there are already eight California coaches signed.

WELLMAN NEWS

Most every one is busy working out their crops which have become very weedy after so much rain.

Last week was the most pleasant week we've enjoyed for some time. No hail or sandstorms. Here's hoping for a number more just like it.

Mr. and Mrs. P. R. Cates of Willow Wells spent Sunday in the home of Mr. and Mrs. Will Moss.

Phil Cates visited with A. C. and Dewey Pace Sunday.

Mrs. H. L. Wilkins and two children, Bonnie and Howard, left Friday for an extended visit with relatives at Ackerly and Bronte.

Mr. and Mrs. H. E. Kirby of Key, visited in the home of Mr. and Mrs. W. M. Schroeder Thursday night. Ice cream and lemonade were served. All reported a nice time.

Mrs. R. L. Duckett is visiting relatives and friends in Williamson and Travis counties.

Mrs. L. P. Adair visited in the home of Mr. and Mrs. Gregg Saturday afternoon.

Sunday school attendance at the Baptist church Sunday was 45. After Sunday school Bro. Claude Little preached using for his text, "There's no Excuse."

Mrs. W. L. Burnett's class presented her with a friendship quilt at the close of Sunday school. They also report that written examinations will be given at the close of each quarter to see how many really learned something about the Bible. They also extend a cordial invitation to everyone to attend B. Y. P. U. beginning at 8 o'clock Sunday evenings.

Rev. H. L. Green is reported on the sick list this week.

Wilson Roberts of Lorenzo visited with his parents, Mr. and Mrs. J. D. Roberts of last week.

Estelme Lawrence and Pauline Lindley visited Geneva Thompson Sunday afternoon.

A good crowd attended Bible study and worship at the church of Christ Sunday morning. The Book of Romans is being studied by the class; also Bible study each Thursday night. The 6th Chapter of Acts is the lesson for Thursday night. Every body is invited to attend.

Our old friend, A. P. Moore was in to see us last week to tell us a pound of butter. Mr. Moore told us something about his very fine cow, and she does look fine, because we have passed there many times and seen her, sleek and fat, grazing around the place. They sell a lot of milk, and have all they want for home use and sell from 7 to 9 pounds of butter per week. A cow like that is worth keeping.

As we were preparing to go to press we learned with much sorrow that another pioneer lady had passed over the river of death at about 5 o'clock Wednesday morning. The report stated that she died of heart failure. A full account of the death and funeral next week.

Born to Mr. and Mrs. Earl Johnson, a boy Saturday afternoon at the Brownfield Sanitarium.

We are glad to report that Mrs. Ralph Carter has returned from a Lubbock Sanitarium greatly improved following an operation.

Miss Lucile Beard, of El Paso, has returned home after a visit here with her aunt, Mrs. R. L. Holly.

RAISING PRICE TO MEET TAXES RULED ILLEGAL

There is "no excuse" for an increase in prices on account of taxes on articles and goods manufactured and on hand when the federal tax act became effective June 21, a statement from George C. Hopkins, federal collector of internal revenue states:

"Inasmuch as it appears that some persons may be unintentionally violating the law by increasing the price of merchandise on hand June 21, alleging the cause of increase to be taxed imposed on the manufacturers of certain articles on and after that date, I deem it important to acquaint the public with the language of section 1122 of the revenue act of 1922 which was not repealed by the revenue act of 1932.

"This section of the law reads as follows:

"Whoever in connection with the sale or lease, or offer for sale or lease, of any article, or for the purpose of making such sale or lease, make any statement, written or oral, (1) intended or calculated to lead any person to believe that any part of the price at which such article is sold or leased, or offered for sale or lease, consists of a tax imposed under the authority of the United States or (2) ascribed a particular part of such price to a tax imposed under the authority of the United States knowing that such statement is false or that the tax is not so great as the portion of such price ascribed to such tax, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than \$1,000 or by imprisonment not exceeding one year, or both."

The public will please be advised that there is no excuse for an increase of prices on account of taxes on any items affected by the provisions of the 1932 act which were manufactured and on hand June 21, 1932."

FORRESTER ITEMS

The farmers spent this last week working, because it was the first suitable week we have had in quite awhile.

Mr. and Mrs. Nettles and children and the Drury boys spent Sunday with Mr. and Mrs. Conner and family.

Miss Elma Baldwin visited Miss Neta Polk.

Miss Clydene Polk spent Sunday with Miss Audine Floyd.

Mr. James Warren and his mother spent the last of the week in Spur.

Miss Ruth Maness visited Miss Opal Zachary Sunday.

Miss Bertha Baldwin, Cleo Chambers and Naomi Drury spent Sunday at Mr. Charlie Warren's home.

Mr. and Mrs. J. A. Forrester went to Lahey to church Sunday.

Mr. and Mrs. Thomason toured to Tokio Sunday to visit their relatives.

Miss Wilma Comstock and her sister is visiting their aunt and uncle, Mr. and Mrs. Thomason.

Mr. and Mrs. Spears and son from Amarillo are visiting Mr. and Mrs. Harmon Scates.

Many of the young folks enjoyed themselves Sunday evening by swimming in Mr. Zachary's tank.

The party at Hagan's Saturday night was enjoyed by the young folks.

Miss Claudie Smith spent Sunday with Miss Zoree Crone.

Mr. and Mrs. Washman visited Mrs. McBroom and Mr. and Mrs. Smith Sunday.

Miss Louise Chambers spent Sunday with Miss Dale Minnix.

Miss Viola Conner spent Sunday with Miss Viola Polk.

Our boys were not so lucky with Gomez Sunday. They got beat several scores.

GARNER FAVORS PRO LAW REPEAL

Washington, June 23. John N. Garner, speaker of the house and one-time Texas cowboy, swung his political lariat toward the democratic presidential nomination Tuesday with a statement urging repeal of the eighteenth amendment.

In a formal statement handed to newspapermen, the speaker said he had voted against the eighteenth amendment and added: "I have never believed it sound or workable and it should be repealed."

Discussing the democratic presidential nomination, he said California and Texas democrats are sending delegations to the Chicago convention "instructed to vote for my nomination for the presidency."

"This has been done without my solicitation," he continued. "I appreciate the support of my friends and am willing to serve my country and my party to the limit of my capacity."

Mr. and Mrs. J. D. McGee and two children came in last week for a visit with Mr. and Mrs. J. H. McLeod. Mr. McGee returned to Dallas this week accompanied by Miss Naomi McLeod, who will visit friends in that city.

Mrs. Annie Ellis, County Treasurer of Garza county, of Post, was here this week visiting Rev. Ed Sharp and family. She dropped in to visit Mrs. J. L. Randal, our Treasurer, in her office.

Unfair American Dollar

In this two-hundredth anniversary of Washington, "If there be tears in heaven" the "Father of His Country" looks down and weeps.

In three years half the value of the holdings of the "common people" have been consumed.

Millions of substantial citizens have been reduced to mendicancy.

Thousands have starved or suicided. Hundreds of thousands of children born and unborn, have been destroyed.

Twenty millions, and more, are facing a winter without food or shelter.

Four million men who placed their lives at the disposal of their country and its wealth, are denied aid in their dire extremity, and from the proud posture of soldiers must become crouching beggars.

All this, and more, to "save taxes."

There was no thought of saving taxes during the war. Which shall we save first—money or life?

For lack of a fair dollar banks, business houses, farms and homes are hanging by a thread, ready to drop to destruction.

For lack of a fair dollar wheat is selling in Canal Winchester this week for 39 cents a bushel, corn at 26.

Church and schools are closing.

The Pathfinder says we are having an over-production of brains—too many white collars; not enough workers, when there are millions of workers that can not find work.

Garet Garret, in the Saturday Evening Post says the building of the Pyramids was wasted labor, and they can not be eaten or sold. He might add—they can not be bought.

There is like fallacy in his other pyramids.

He does not mention the deflated dollar. The pyramids should stand for ever. The unjustly deflated dollar should be stabilized at its fair value before congress adjourns. It should be done. The major part of the world has done so. It expects America to do so. It will be fair to all, will save tottering business, and give new hope to the vast majority in the United States.

Going to a fair dollar will pay half of the private and public debts. It will enable foreign countries to meet their obligations to us, which otherwise must be canceled.

In seven lean years not one citizen starved who appealed to Joseph 4000 years ago. In these three years of plenty, what?

Shall any United States Senator, or any Congressman dare to go home to his fat larder and warm bed, and leave millions of the sovereigns of land to starve and freeze this winter?—Winchester (O.) Times.

W. J. Washmon, of the Forrester community, was in this week.

Miss Lizzie Dumas is home for the summer from her school in Hale county.

Miss Vonnie Lee Ditto, clerk at the Collins store, left this week on vacation. She joined her aunt, Mrs. Henry and son, B. of Lamesa, and the trio will visit several interesting points in the state.

Mr. and Mrs. Fred Baldwin and Mrs. R. L. Holly, returned from El Paso last week. They also visited Mrs. Holly's mother at Alamogorda, N. M.

Miss Fern Sawyer, of Cross Roads, N. M., is here visiting her grandparents, Mr. and Mrs. M. B. Sawyer.

L. F. Hudgens left Monday for a short visit with his son, at San Angelo.

Jake Hall, Earl Jones, Pete Tierman, Glenn Akers, Dalton Lewis and Gladys Green left this week on a fishing trip to Old Mexico.

W. A. Tittle was in this week after more cards and informed us that as his crop was needing so much of his time that it looked like it would be almost impossible for him to get all round.

Notice To Farmers

Drs. Vaughn & Maxey, Veterinarians. All curable diseases of domestic animals treated with and by the latest methods. Office at Smith Hotel. Calls answered Day or Night.

Brownfield, Texas

PANHANDLE WHEAT CROP TO BE SHORT

Harvesting of the Panhandle's skimpy little wheat crop is going on under difficulties. Every time the fields begin to dry up, Old J. Pluv turns on the spigot again and messes things up. During the past week, 1.10 inches of rain has been reported at the Amarillo station but some localities have reported as much as 4 inches in a single storm. Moreover the Weatherman is looking for more dampness. However, if he misses it, it doesn't take many days of this hot Plains sunshine to dry things up.

New wheat is rolling in to the Panhandle elevators but there will be plenty of storage space this year, and none of it will have to be dumped on the ground. The best weight reported thus far is around 59 or 60 pounds, and fifteen bushels is a good yield.

Rains which are continuing to delay harvesting are also delaying the cultivation of the row crops and some of them are getting mighty weedy. Many farmers are debating whether or not to cut their low-yielding wheat. Much of it will not pay for the harvesting at the present price but with a poor crop in prospect all over the country, there is a possibility that prices will improve. Almost half of the estimated yield in the Panhandle will be grown in fields yielding five bushels and less and if these are not cut, the Panhandle's wheat crop will be only around 18,000,000 bushels.

The maximum temperature for the past week was 86 Tuesday and the minimum, 60 on the 21st. It feels like the "good old summer time," has arrived.—Southwest Plainsman.

SCHOLASTIC SHOW INCREASE OF 301 IN HOCKLEY

According to a report made by County Superintendent Fry to the State Board of Education the number of scholastics in this County for the year 1932 will total 3,456, or an increase of 301 over the number reported last year.

Of the number this year 3,425 are white children and 31 are colored. The negroes are largely in the Center, Witharral and Symer districts and are so scattered that it will be difficult to provide them with a school. Last year a colored school was started in the northern part of the Levelland District, but after a few months the teacher resigned to take up other work in town. A short time later he was observed by the night watchman in the act of pilfering and the County hastily lost one of its citizens.

Counting an average of around three pupils to the family, the increase this year indicates a growth in the county of about 100 families, which indicates that the depression, while retarding development, has not stopped the migration of settlers to Hockley County.

The revival at the Methodist church is increasing in interest and the crowds are growing.

J. A. Bonds, who was convicted of the murder of J. C. White at the fall term of court and who has been out on appeal bond for some time, has been granted a new trial, the time and place of which will likely be set by Judge Gordon B. McGuire at the August term here, and will likely go to Lynn county, it is said. Bonds and family now reside in Lubbock.

The State candidates are all wanting much space in the Herald and of course every other paper for that matter. If we were to use all we get each week, we could fill every column with political propaganda and nothing else. The Herald wishes it was possible to use all this stuff as it would probably educate the readers better on how to cast their ballots, but they inclose nothing and we must pay some paper and ink bills.

Knox B. McWilliams, T. C. C. A. classifier, came in this week from his home in Hillsboro, and will probably be here most of the time until the cotton season opens again. He reports crops making very good progress, but that cotton ranged all the way from knee high to an inch high in Hill county.

Mr. and Mrs. J. M. Williamson have returned from Breshead, Texas, where they attended the bedside of their daughter, Mrs. W. T. Carr. Mr. Williamson stated to the Herald that several of the rest of the Senior Carr family had typhoid, and that two of the girls were daced now. The rest had been vaccinated.

Mr. and Mrs. Mumford Smith, and daughter, Margarette and Miss Lazzelle Huff, all of Glendale, Ariz., are here the guests of Mumford's parents, Mr. and Mrs. W. C. Smith.

The editor is glad to say that he is no longer a bachelor. The wife and daughter got in from Hot Springs, N. M., Sunday.

J. H. Hamilton, the old colored foot doctor wrote us this week that he would soon return home. He writes that he has been very ill.

We note from the Abilene Times that E. L. Whitaker, now employed by the Times, is a candidate for representative from Taylor county. Mr. Whitaker formerly worked for the Herald.

O. L. Jones, manager of the West Texas gin here, has been helping to put that company's gin at Lamesa in shape for the fall season.

Mrs. W. W. Nickles of Lubbock, is here this week visiting with her parents, Mr. and Mrs. J. H. McLeod.

To keep your foodstuffs fresh, use ICE. Ice is used in all the great health resorts because it's pure and it affords your food protection. Vegetables, meats, and other foods will taste better, too. Call—159J for ICE.
