NUMBER 21

## Authentic Statement By Roger W. Babson

### BUSINESS AND FINANCIAL OUTLOOK FOR 1935

#### Babson Expects Five Per Cent Business Gain in First Half

BABSON PARK, Florida, Decem-ber 28 1934.—General business will show a moderate gain in the first six months of 1935 over the first half of 1934. I am more bullish on the second half of the year, providing the capital goods industries, represented by building, show some life during the early months of 1935. The latter industry is the big "it" in 1935. Sharply rising building totals will set

launch such an experiment. But on the whole, I believe that the President will hold the whip-hand over Congress. Those newly-elected members know that they rode into power on his coat-tails and they want to be able to show a "regular" party record in the 1936 elections.

#### No Hope of Balancing Budget IN 1935

There will be a lot of talk about inflation on the part of the bonus group, the silver advocates and the printing-press theorists. My belief is that President Roosevelt will throw his personal strength against any outright monetary moves. To my mind, the big threat of currency inflation is indirect—through an unbalanced budget. Congress will appropriate billions of dollars of public money for more unemployment relief and for

to prosperity. Five of our ten million unemployed are accounted for by the building trades alone. Hence, the importance of a revival in this industry! The Government Housing program will be of little help. As long as building costs, taxes, and interest rates are high and rents low there can be no substantial pick-up in building. The rapidly growing shortage of homes favors rising rents and every indication points to lower mortgage rates but not to lower building costs. Therefore, construction volumes will be moderately better than in 1934, but I foresee no building boom in 1935. The real estate business, which is much more active than last December, will continue to improve in 1935.

#### More Jobs in 1935

While unemployment this winter will be more serious than ever, the number of jobless will drop as 1935 advances. The expected gain in construction will be shared by other big industries. Steel operations and automobile output will have a very sharp rise in the early months of the year. Improvement in these lines, where the big bulk of the unemployment lies, is the most encouraging factor in the 1935 labor outlook. Although in some industries present rates are today higher than in 1929, I expect to see mounting demands for wage increases as the year advances. The anticipated rise in living costs will prod labor into demanding higher wages.

Labor troubles will seasonally increase during the spring months and will hang as a threat over certain major industries. This will be due principally to the fact that only temporary agreements are in force in such industries as automobile, textile, and steel. This does not mean, however, that the next few months will see any fundamentally serious labor troubles. As far as major strikes are concerned the unions may get plenty of unemployed to parade—but those already having jobs will hesitate to leave them. Temporary disturbances over demands for higher wages will be frequent; but no dislocation of any major industry nor any serious interruption of production should take place.

#### Retail Trade Up Five Per Cent

Advances both in factory and farm buying power definitely mean better trade—wholesale and retail alike. Retail sales in general during the early months of 1935 should be considerably better than the average of the last six months and about 5 per cent above the first half of 1934. The holiday season just completed was the most successful in years—many localities even exceeding 1929. Unit volume as well as dollar value was much better and I expect this trend to continue and to broaden into all lines in 1935. Medium-priced "necessity" merchandise is likely to be in best demand. With growing purchasing power, however, the semi-luxuries and even luxuries will enjoy a better call.

While selling conditions will be better throughout most of the country in the next twelve months, certain sections will benefit first. The farming regions of the Middle West and particularly of the South are now the most favorable territories. The Northwest also offers excellent opportunities. Brisk trade in the farm areas should be reflected in increased activity in the industrial centers as the new year progresses. Moderate advances in wholesale prices will be passed along to the consumer on retail price tags. Only in food lines are prices expected to jump sharply. Most important of all, collections will continue to improve next year.

#### Further Gains in Advertising

With distinctly better trade possibilities, the outlook for all types of advertising is better. Linage has shown a consistent gain in the last year and this trend will continue into 1935. The NRA has cut price-fixing adrift, thus promising keener competition in the next few months than ever before. Hence, concerns must concentrate on sales campaigns if they expect to get their share of the 1935 business improvement, and advertising budgets must recognize this fact. Appropriations can be calculated on the basis of a 5 per cent sales gain in the first half and a considerably bigger gain in the last six months. In addition there is the possibility of an increase in advertising rates.

The advertising and sales outlook brings to mind the possibility of a sales tax. The Treasury absolutely must find a new form of revenue without strangling recovery. It is examining carefully the pros and cons of a general sales tax. The latter is probably the least painful method of raising money—and for that reason is one of the most dangerous in the long run. Take for example the gas-

## Local Business Man Kidnapped and Robbed

Two young men approached J. L. Cruce, local second hand car dealer here Wed. afternoon about 5 o'clock and asked for a demonstration of a car. They went out on the Lamesa road, where a third brother of the trio was picked up. Soon thereafter, a gun was stuck in Mr. Cruce's side, and he was ordered to drive on toward Big Spring. Between Brownfield and Lamesa, at a filling station at Welch, the gas was about to give out. A hat was held over the gun while the gas station man filled the car, to keep the latter from noticing that anything was wrong.

Mr. Cruce kept begging the men to let him out and take the car as his family was sick, but they did not drop him out till past Big Spring, but luckily near a telephone. He soon was in touch with Sheriff Slaughter of Howard county, who in turn telephoned the sheriff of Mitchell county, and the three robbers were in custody of officers 20 minutes later.

Three friends from here, Lawrence Stewart, Claude Hudgens, and K. B. McWilliams left for Big Spring for Mr. Cruce as soon as they heard he was there. In the meantime when the trio were captured, Sheriff Jess Smith of this county was notified, and he and Deputy Green, went to Big Spring, where not only the prisoners were taken in charge but the latest information about the disappearance of Mr. Cruce here was given by a negro who works for Mr. Cruce, who said he drove off with two strangers to him about 5 o'clock.

The three boys though happened to be citizens of the Tokio community on the line of this and Yoakum county, by the name of Bridge. They were landed in jail here. They also took about \$100 in money from Mr. Cruce, about \$90 of which was recovered.

## The New Ford Car Shown Here Saturday

Hundreds of people went to the show rooms of the Tudor Sales Co. last Saturday and even this week to see the new 1935 Model Ford car and everyone we talked with were high in their praise of the new car. In fact, we heard many say that the Ford company now has a real car within the reach of all.

While we have not taken a ride in the new Ford, those who have say it has the grace and ease of the most expensive cars, is easily handled, and has the usual Ford quick start and pick up. There is no question about the speed of the Ford—all you want on any occasion—on any road.

Mr. Henry Ford states that he aims to build and sell a million Fords this year. That is some task but some how or another, Mr. Ford usually accomplishes his aim. And by the way, both he and son, Edsel believe we are in for a big recovery this year. Hurrah for the Fords! If they prosper, the rest of us will not drag along.

## Old Time Bout in Film of the Gay 90's

Director Leo McCarey didn't have to rely on books to help him stage an accurate representation of an old-time prize-fight for Mae West's current starring picture, "Belle of the Nineties" coming Sunday to the Rialto Theatre. He just relied on what he had learned from his father, "Uncle Tom" McCarey, one of the best known of the old-time fight promoters.

As a boy McCarey used to frequent his father's arena, helping his dad make arrangements for some of the bouts which have made ring history.

Miss West likewise was able to lend expert advice on the New Orleans and St. Louis screen boxing scenes, for her childhood hero was her father, Battling Jack West, top-notch ring gladiator of his time.

At present Miss West is regarded as Hollywood's feminine expert on boxing and attends fights regularly.

## CRUCE THANKS OFFICERS

I wish to take this means of thanking the officers of Terry, Howard, and Mitchell counties for the swift and efficiency in which they handled the case Wed. night when I was the victim of kidnapers and robbers.

Luther Cruce.

## Ex-Commissioners Court Submits Report

A brief report of what the Commissioners' Court of Terry county has been doing the past four years. As everyone knows the past four years have been during the depression when no one could do what they wanted to, but the Court has been tried to be as saving of the county's money as possible and would like to have done many things they could not.

In 1931-32-33 there was a great deal of work done on the county roads and they are in much better shape than four years ago.

By the work of the Court with the assistance of the Chamber of Commerce and other citizens, Terry county has received more value in work from the Relief money furnished by the Federal and State governments than any county around here.

We have built over forty miles of road bed with fresnos and put a good caliche top on approximately twelve miles.

This was done with relief labor but the County spent \$13,000.00 for machinery, supplies, etc. to assist the work besides the Commissioners overseeing the work at County expense.

We obtained the right of way for Highway 137 at a cost of \$13,000.00 and have the promise of this road being completed with a hard surface its entire length.

The Court has also obtained the promise of a hard surface on a road from Highway No. 137 to the pavement in Brownfield.

The Court in conjunction with the Lynn County Court have asked for a survey on Highway No. 84 through Lynn and Terry counties and the Highway Department has asked us to guarantee which we have done and are expecting the survey to start soon after January 1st and believe grading will start as soon as work on No. 137 is nearly completed.

After years of trying the Court succeeded in getting the North, East and West county lines surveyed by an agreement with the adjoining counties and expect the survey of the South line to be run soon which will give Terry County sixteen or more sections of land for taxation as well as quite an increase in population.

The county has had agreed deal of added expense, especially during the past two years and it was expense that could not be foreseen and provided for.

During the past two years all the galvanized plumbing in the jail has been replaced with copper at a cost of over \$400.00. This should have been copper when the building was built but for some reason was not.

The jail has been reinforced with tool proof steel at a cost of \$800.00. This had to be done to prevent jail breaks which were becoming too numerous.

The Court had acoustical treatment applied to the District Courtroom at a cost of \$600.00. This was a necessity as it was nearly impossible to have a fair trial with as much noise as there was in the room.

The expense of the county agent's office has run from \$75.00 to \$100. per month, including salary, for the past year. This was not foreseen two years ago and has been an added expense.

The Court allowed the Relief Committee material in the sum of \$200.00 to repair the City Warehouse so that it could be used as a canning plant.

The City and County have paid the freight on all groceries and supplies from Lubbock as well as paying for the water for the cattle bought and held here under the cattle buying program.

In 1932 the County spent \$1,337.00 for the relief of distressed people. In 1933 it spent \$10,807.00 in assisting the Relief work and direct relief to the destitute. 1934 has not been computed but will run about the same as 1933.

The taxable valuation of the County has been lowered from \$5,246,535. in 1930 to \$5,023,656 in 1933 while in 1934 on account of new enterprises coming in it increased to \$5,108,230.00.

In 1934 finding there was a surplus in the Jury Fund the rate was lowered 10c, making a 10 per cent cut in the County rate.

All the County Official salaries were reduced, even the Commissioners.

The Court has had representatives at every Judges' and Commissioners' Convention and at their own expense. This was to try and keep up with what other counties were doing and see that Terry County got her

## Not Responsible For Wage Cut Says Cates

This is to advise I have heard that some of our relief clients have insinuated that I was directly responsible for the wages being cut in Terry County. I want the people of Terry County to know that I was not responsible for the wage cut in our county. This order was put out by Harry L. Hopkins of Washington, and I received my instructions from Austin to revise our Wage Scale. In a great many counties throughout the state the wages are as low as 12 1/2c per hour for common labor.

While I was in Austin, I tried to raise the wages to 25c per hour, and they advised me to set 22 1/2c per hour, as this would allow a man to work thirty hours per week on a budget of \$28.00. I wired back here and had our Wage Scale Committee to approve this scale.

I appreciate my friends very much and I ask their cooperation. I realize that I am being criticized very severely by some that possibly do not understand just what we are permitted to do, as we have rules and regulations given us by the Austin Office, that we must follow.

I sincerely hope another year will find everybody more prosperous than the past year, if so, possibly this will eliminate a lot of dissatisfaction.

Yours very truly,  
P. R. CATES.

## Chevrolet Offers New Car On January 5th

Chevrolet's two new lines of cars for 1935 will be on display next Saturday January 5th in the salesrooms of the Carter Chevrolet Co. The announcement was made this week by Mr. Carter.

"Embodying graceful new lines, as well as mechanical refinements resulting in sparkling performance, and economy of high order, the new Master Series promises to be a sensation in the low-priced field. The Special Series will provide big car performance, comfort, and driving ease at a price which will place it within the reach of millions."

"With these two great lines for 1935, Chevrolet is assured of breaking even the fine records established by last year's car. They will offer an all-round value untouched in the low-priced field."

The public is cordially invited to visit the salesroom and inspect the new models.

share of any benefits there might be. Many other trips have been made by the Court for the benefit of the County. Short trips to adjoining Counties were never charged for but for long trips the Court received their expenses and we feel these trips were profitable to the County.

The Court is leaving some unpaid indebtedness but it was caused by unpaid taxes. If all the delinquent taxes were paid there would be plenty to pay all due indebtedness and leave a good surplus on hand.

We feel we have had the best of cooperation from the City Council, Chamber of Commerce, Highway Department, the business men of Brownfield and Meadow and many citizens of the County for which we are sincerely thankful.

Wishing the incoming Court the best of success and offering our assistance in any way possible we are, with the exception of Mr. Cook, again numbered among your private citizens.

JAY BARRETT  
L. L. BROCK  
W. A. HINSON  
R. I. COOK  
G. M. THOMASON.

Craig Stewart left for home Tues., after spending the holidays with his sister, Mrs. Claude Hudgens.

F. M. Ellington, former sheriff, has been extra man to help Mr. Rogers with the nightwatching job through the holidays.

Dr and Mrs. E. C. Davis spent the Christmas holidays with their parents at Erie, Pa. They sure made a flying trip there and back, with their new Dodge.

Mrs. Flem McSpadden had as guests during the holidays, her sister and family of Littlefield, a daughter of Deming, N. M., and other relatives from Austin.

Mr. and Mrs. E. D. Ballard spent a few days last week with relatives at Albany.

## New Officers Sworn In Tuesday Morning

Well, we have several new faces at the courthouse this week, as well as several that have been in the line of duty for the past few years. Anyway the old officers, with good grace and sportsmanship relinquished their offices Tuesday to their successors, each offering to help all they could to get the new ones started, should they want or desire their aid. And we noted that some of the old officers were there during the entire day, helping their successors.

In the County Judge's office, Raymond Simms has replaced Jay Barrett, who held the office for two years. Raymond had a smile on his face a yard long—nearly—and when you called him "Judge" he gripped your hand so hard that it made the old rheumatic pains in them seem tame. He succeeds a mighty fine citizen. Across the aisle we have W. A. Tittle taking the place of Rex Headstream, both of which are peers among the citizenship of the county. Sheriff Jess Smith remains from the storm of ballots. In fact he has added another office. He is now tax-assessor as well as collector, and sheriff toboot. Jess will be jumping sideways this year and next.

In the Treasurer's office, one fine and perfect lady takes the place of another equally as good. Mrs. C. R. Rambo takes the place held by Mrs. J. L. Randal. Leslie Green takes L. L. Brock's place as Commissioner of Precinct 1; George Henson takes the place of W. A. Hinson of No. 2—both Hensons' spelled different and no kin. R. I. Cook remains as Commissioner No. 3 for his second term. Lee Lyon takes Mack Thomason's place as the boss of No. 4. Dutch Burnett was installed as J. P. in place of Ed Shelton in the basement of the courthouse.

Jay Barrett did not state just what he intended to do. Rex Headstream is erecting a nice brick on the east side of the square for an abstract office. Mrs. Randal will retire to her home for the time being. All of the old commissioners have farms.

## A Local Grocery Changed Hands on 1st

The Herald is authorized to announce that the Help Your Self Grocery has been purchased by Mrs. Lawrence Davis of Lubbock, formerly of this city, and her brother, Jeff Medford, who has been manager of the store since the death of Mrs. Davis' husband some two years ago. Most of the stock, we understand was held by Davis & Humphries, wholesale and retail grocers of Lubbock.

We are also glad to announce that Mrs. Davis is moving back to Brownfield, having purchased the residence of Charley Brown on east Broadway, and will get possession somewhere about the first of next month. Jeff is a well known young business man of our city, having been a citizen of the town for the past several years. His many friends will be pleased to learn that he is being advanced from manager to part owner as well, and that the store will be owned by local people.

We understand that he will reside with his sister when she moves down—unless of course Jeff decides later to become his own householder with a new bride residing.

## Small Sales Tax Is Recommended

AUSTIN, Dec. 29.—A constitutional amendment to provide for a two per cent sales tax for retirement of all bonded indebtedness of the state's political subdivision will be recommended by the senate tax program committee.

Senator Arthur P. Duggan of Littlefield, chairman, said today the committee chose that method as one which would give "real relief for property taxpayers." He said it would lift a \$30,000,000 annual burden from property, while abolition of the state ad valorem tax would remove only \$20,000,000.

That decision, he said, would preclude the committee's recommendation of a sales tax to raise revenue for current state operations. Likewise it would not conflict with the incoming administration's opposition to a sales tax in that the issue would be submitted to the people.

Murphy May spent a few days of his vacation in El Paso visiting friends.

ROGER BABSON'S 1935 OUTLOOK IN NUTSHELL	
BUSINESS:	Moderately Better First Half
RETAIL SALES:	Higher — Farm Sections Best
PRICES:	Firm — Foodstuffs Sharply Higher
ADVERTISING:	Linage Totals Up
REAL ESTATE:	More Active — Rents Stronger
STOCKS:	Higher — Selective Markets
TAXES:	Heavier — Possibility of Sales Tax
CONGRESS:	Under President's Control
LABOR:	Slowly Rising Wages — More Jobs
STRIKES:	No Major Shut-Downs
FOREIGN:	Spotty Outlook Abroad
BONDS:	Inflation vs Low Money Rates
CONCLUSION:	Business Still In Recovery Period

the "Green Light" for prosperity by 1936.

#### Second Half May Be Even Better

Business has been slowly creeping upward since September and is today nine per cent above last December's level. This rising trend should carry into early 1935. A year ago I predicted a ten per cent gain for 1934. The increase was actually eight per cent. Now I predict a five per cent improvement for the early months of 1935 over the first half of 1934. If building and allied industries make headway, the second half should run twelve to twenty per cent above the latter part of 1934. On the other hand if the heavy industries continue to lag, there will be another temporary interruption of the fundamental upward trend during the summer similar to the sharp let-downs of the past two years.

Government policies have had a tremendous influence on the speed of recovery to date. Last year I said: "In making my New Year forecast, I find myself (for the first time in my thirty years of experience) looking not to Wall Street but to the banks of the Potomac for my high lights." Again in 1935 the Administration will be the controlling influence on business. What the great majority of people are asking today is: "Will there be any major change in the New Deal's policies?" I do not think so. The President, however, will try to follow more closely the middle course between socialistic experimentation and orthodox business methods, toward which he has leaned in recent months.

#### Congress' Bark Worse Than Bite

One change which will please conservative business men is organized labor's loss of "face" at Washington. Labor leaders read so much into Section 7a of the NRA code that even liberal Congressmen have been somewhat embarrassed in their own constituencies. On the other hand, business men are intensely worried about the lopsided Congress which meets on Thursday, January third. Fear has been expressed that it will be "power-drunk" and that it will be full of so-called "wild men." There will indeed be many of them. What will they do? They will make a lot of talk, a lot of headlines, but few new laws.

The Townsend old-age pension plan and the Connery thirty-hour bill will be presented. They will both make a lot of newspaper copy, but there is little likelihood of their passage at this session. The fight will be close on the Veterans' Bonus bill. Its enactment is possible but not probable. A compromise bonus bill seems certain to pass. Unemployment insurance also has a good chance of becoming a law. While we are eventually coming to some form of job insurance, this is the wrong time to

further "pump priming." Some "Five Year Plan" for public works expenditures may be seriously considered. All this postpones the day when the budget can finally be balanced and makes currency inflation all the more probable even though there is less talk about it at present.

The budget problem troubles me more than any of the others which we face today. Inflation in other nations has always come through an unbalanced budget. Instead of printing paper money, our government is printing government bonds and forcing them onto the banks. Eventually investors may get panicky over these bonds just as in Germany the people completely lost faith in the mark. Hence, I feel the danger of inflation is grave. And remember, the surest way to inflate our currency would be for everybody to act selfishly so that they will profit only from such a policy. At the same time I urge every investor to be protected against inflation by owning some common stocks, real estate equities, and commodities.

#### Farm Prices Will Be Strong in '35

Commodity prices are 28 per cent above the depression low of March, 1933. This past year prices have risen about 10 per cent and are now at the highest level since March 1931. Outstanding has been the sensational recovery in agricultural quotations as a result of short crops due to the drought. Farm products prices have jumped about 46 per cent over last year, while goods bought by farmers have increased only 9 per cent. This means that the position of the farmer is the best in many years. His real purchasing power has greatly increased and the outlook for 1935 points to still higher prices and a further advance in buying power in the farm areas.

Many industrial commodities have shown some weakness in the last six months due to backing away from NRA price-fixing and business dullness. This weakness is but an interruption of the upward trend. New Washington legislation, the effects of drought and stronger supply-demand ratios are all working toward higher wholesale prices in the coming year. The advance, however, will probably be at a slower pace than in the last eighteen months. The important point about 1935 commodity markets will be selectivity. Each commodity will have to be judged on its own merits. Rising farm prices should be the high-spot and this means higher food prices for everybody.

#### Food Prices Will Boost Living Costs

1935 will see a substantial rise in the cost of living principally because of food bills. Prices of foodstuffs are now at the highest level in four years and the advance goes on week after week. No extraordinary rise is expected in the furniture, clothing, and miscellaneous sections of the family budget. Utility rates will decline further. On the other hand, rents will strengthen—may even jump sharply in certain localities. A lack of suitable rental space in more than half of our leading cities has already developed and the shortage is growing daily. This is the most bullish influence on home building which I can foresee in 1935.

I have previously stated that the construction industry holds the key

The Amarillo Sandies have finally won a state schoolboy football championship. Several times they have penetrated to the semi-finals, only to be nosed out. This time, they had a team so strong that they used a lot of second string men to handle teams in this section. They did not try for big scores. Their aim only, it seems, was to nose out competing teams. As a consequence, when they went into the game with Corpus Christi last Saturday, they had all their first stringers in fine fettle, and they literally wiped up the earth with the south Texas team.

One of the national amendments that seems to be dead of sleeping its last sleep, is the so-called Child Labor Amendment. That amendment may be just the thing in the manufacturing centers to keep child labor from competing with adults, but in the farming centers, it is a political folly. It is coming to a pretty pickle when our farmers cannot use their own children under 14 on their own farms without being nabbed by a government spy.

That Methodist preacher that was here from about 1913 to 1917 by the name of J. M. Fryar now located and trying to thrash the devil out of Hardy, Ark., writes in to say that he is or was enjoying our Tennessee trip, although he still pokes fun at our efforts at poetry. Some of these days, when we have plenty of time, we aim to take off a couple of years in a piece of poetry that will lay the immortals in the shade. Then perhaps our friend of the Ozarks will find the trail to the door of the man that has made a better mouse trap or sumphen.

The Federal Agents rounded up and killed another of the Dillinger gangsters in California last week, thus every day in every way narrowing out that blight on human society. Chief Hoover of Washington, and his men are in the game to make things count. They are men who do not fear death. They have taken the oath, and their own lives in their hands to rid the nation of a fungus that has been sapping the vitals of the nation for years. The wish of the Herald is that for 1935 these officers belonging to the Bureau of Investigation be provided with the best firearms and ammunition that it is possible to manufacture. We hope that they shoot straighter and more vitally than even in 1934 if possible. We hope they may continue to shoot first and ask questions later, providing they know their prey, and they usually do. We hope that when 1935 comes to an end that all the BIG SHOTS are under the sod, and the imitators who prey on lonely pedestrians in dark places, filling stations, etc., are all behind the bars and in the pens and that our juries forget how to weep, and our board of pardons forget these gentry are in the pen. This is our greatest wish for 1935. Amen!

Our State Senator Arthur P. Duggan has taken his political career in his own hands. It is a dangerous thing for a Texas legislator to recommend a sales tax, yet he has the backbone to do so, and may lose his place two years from now because of that fact. But it is a fact whether we wish to admit it or not, that taxing real property has reached the limit and even passed it. Only those who have hustled in life to accumulate a little home or farm are paying all the taxes to keep the state, county and city governments going, and they are also providing the funds for the schooling of all children. It is nothing but justice that all people provide part of the taxes to keep these institutions going. All people are protected by and are provided schooling for their children by the government, and all should share in their ability to maintain the government. Of course the Herald is for a tax on those who are exploiting our natural resources, but the so-called ad valorem tax should be cut down to where people would once more want to own property of their own. More power to State Senator Duggan.

Editors as a rule are kindhearted and liberal. An exchange tells of a subscriber who died and left fourteen years subscription unpaid. The editor appeared as the lid of the coffin was being screwed down and put in a linen duster, a thermometer, a palm leaf fan and a recipe for making ice. Rochester Reporter.

POSTMASTER SERVING THIRTIETH CHRISTMAS

Postmaster Hal Singleton has delivered thirty Christmas mail rushes he reminisced Wednesday as he handed out packages and greeting cards to his patrons. "During that time there have been many changes," he said. "I have seen people grow and develop and change. When I first began handing out the Christmas mail, many of our patrons came to town (Gilmer) in ox wagons. Those who could afford a double buggy were county wealthy. Now, everybody feels he must have a thousand dollar automobile. "In those days there were no postal savings department. Nor was there a

parcel post service as we have it now. Then the sender paid sixteen cents a pound on his package, and could send none larger than four pounds. In those days the postmaster received their salaries from the sale of postage stamps. "But," he concluded with a smile, "folks still get as much pleasure out of Christmas as they used to, and we all get a lot more out of life."—O'Donnell Index. J. E. Shelton secretary of the Chamber of Commerce states that the office of the Chamber of Commerce is temporarily located in the office of County Judge Raymond Simms until other arrangements can be made.

Brownfield, Texas Conservative-Accommodative-Appreciative

A FRIEND IS GONE

Every man, woman and child in Brownfield will miss Rev. J. E. Vinson whether they belonged to any or no church. He recognized no creed, color or puerile servitude when his acts of charity started—and they were many, and just as often as they were needed. He seemed to have a knack, premonition or something, that someone or somebody was needing aid, and always got there just before the other preachers heard about it, and his kindly administrations will be remembered by hundreds in this town and perhaps thousands in this section. All of us could truly call him our friend.

The writer and editor of this paper, remembers the horrifying days of early 1919 when most every family was down with flu, and there was not enough well people to wait on the sick. This old friend was a neighbor indeed and in truth. He saw that we had every comfort that was at his command when our whole family was flattened with this terrible disease, and in addition the stork had just descended on us with Sallie Truman. Those were trying days, and the proof of the real man was brought out. And Rev. Vinson and Jim Lindley were two that saw us through that plague. God bless both of them.

What he did for the writer's family, he did hundreds of times in his humble way. No one ever heard him boast of his charity. That was not the kind of man he was. If ever a man on earth deserves a sweet Eden of rest, this good man does. Long after his body has moulded to dust, his many deeds of kindness will be remembered by those he ministered to. Christ said: "If you do it unto the least of these my brethren, ye do it unto me." Peace to his dust.

MRS. LUCY BARRET

In loving remembrance of Mrs. Lucy Barret who passed from this life Dec. 20th, 1934 at the advanced age of 85 years. Mother Barret was born Nov. 10th 1849 in the state of Illinois; moved to Iowa in 1859; married Enos Barret 1867; moved to Oklahoma in 1893; came to Terry county in 1907; moved from the land east of town where they settled, into Brownfield in 1919. To this union were born three children, Grace, Charley and Jay two of which are left to mourn the loss of a loving mother, and a christian friend.

It had been my good fortune to live just across the back yard from Mother Barret's house and have been intimately acquainted with her for a good many years and our family's feeling toward Mother Barret was almost like a part of the family. She was a consistent member of the Methodist church. A member of my Sunday school class, on my steward's list, and as regular as the months came her pastor's salary was always ready with a smile and a joy to pay. She handed me a dollar in one of her lucid moments on her death bed. Mother Barret and our family were very intimate and we as well as our little city has lost a most valuable christian neighbor and friend and may her ashes rest in peace and her spirit return to the God that gave it. Contributed by a friend, Jno. S. Powell

GOES TO PHILIPPINES

Leonard Womack of this city, who has been stationed at Fort Bliss, El Paso, for several months, writes his parents here that he will sail on January 4 for the Philippine Islands, where he expects to remain about two years. Womack is a Sergeant in the Ambulance Department.—Tahoka News.

The Texas Prison system truck delivered the Terry county automobile license plates, Wed.

Mrs. W W Ditto had as guests during the holidays her brothers, Mr. Hooten of Sterling and Tom Hooten of Lamesa, and her sister, Mrs. Henry and son, of Lamesa.

CHALLIS CHATS

Moving seems to be the order of the day.

Mr. Gardner and family are moving to the Beasley farm in Hockley county.

**EX-STUDENTS ORGANIZATION**

Our High School, as any other institution of learning is gauged, more or less accurately by its ex-students. This is the law of the factory in the business world; by their products you shall know them. B. H. S. cannot afford to lose interest in her graduates. They must continue to sell the patrons the idea that our school is, after all, an efficient organization. The school stands or falls upon the way in which its graduates carry on in higher institutions of learning and in life situations.

What then shall we do with our ex-students? Will Brownfield High continue to graduate her pupils then immediately forget them?

The Cub Reporter submits the idea that graduates of Brownfield High continue to need the influence of the mother school. We dare make the assertion that the Cub Spirit is worth carrying on in any place or situation after graduation. If it is not so then our Cub Spirit must be remodeled. We must be the kind of school whose principles can be depended on throughout the life of an individual.

Will we, then, have an ex-student association for Brownfield High School? The Cub Reporter is more than happy to have it so. An ex-student association will cause the ex-students to continue to have an interest in the home school. There will be an increase in the interest of the people of the town for the school. When old classmates get together and talk over their accomplishments it will create a desire for broader development and greater accomplishments. These meetings will strengthen ties of friendship among the graduates.

We welcome the Ex-Student Association of Brownfield High School. Long may the organization grow and prosper!

**EXAMS**

Soon we must take the final semester examinations for the first semester. How we detest the sound of those words, but they are words that must be considered. As our holidays are over and the new year has begun we must begin to think of these examinations. How many of us are prepared to take them now? After all, they will determine whether we are applying ourselves as we should. Our school has many outside activities that we support, but we must remember that our studies are the most important features of the school. Nothing should interfere with them. Our studies come first, and in these we must expect guidance from our teachers.

Preparation for the exams is essential. We must study for them if we want a good grade. This is the time when so much cramming is done. But, is this the correct way to study? Procrastination is the downfall of many a student. Thorough daily studying is the best way to learn. This learning will stay with you longer, and no cramming is necessary. So, let us start studying today, instead of the night before the tests.

Our examinations are important in checking each student. They classify us in the opinion of the teacher as to our ability memory, and application. The teachers, our classmates, and our friends judge us according to our marks. Exams will determine grades. We have two weeks yet before exams so let us start preparing now, and remember, our teachers are the ones to help us. Therefore, we must co-operate with them.

**CUB CHATTER**

B. H. S. is proud of her ex-students, especially those who have been away to college and have done so well in their work.

The following students were home from Texas Tech for the Christmas holidays: Lola Mae Tittle, Annie Letha Hamilton, Horton Howell, A.

T. Fowler John L. Cruce, R. L. Bandy Frankie Rickles, Martha and Velma McClish, and L. C. Green.

Evelyn Pippin was home from Teacher's College at Canyon, Texas.

Miss Winston spent the holidays in Houston and Galveston.

Louise White, Lewis Parker, Kathleen Hardin, Naomi Drury, and Marion Chisholm were home from A. C. C. at Abilene.

Coach Daniel's brother, Mr. John Daniel, who is finishing McMurry this year, was here during the holidays.

Esther Ruth Smith arrived home Thursday from Denton where she is attending C. I. A.

Kyle Adams was home from John Tarleton at Stephenville.

Murphy May, Sawyer Graham, and Ray Brownfield have returned from Roswell, N. M. where they are attending N. M. I.

Irene and Fay Nell Spears of Snyder were visitors in the home of Lucyle Harris, Christmas Day.

Woodrow Chambliss arrived home Friday from Baylor University at Waco.

Mr. Marlin Hayhurst, former coach of B. H. S. was through here Monday.

Lily Mae Johnson returned to her home in Alabama where she will enter college. She had taken a post graduate course here.

Maxine Hardin spent the holidays in McKinney, Texas.

Wilma Frank Dunn spent several days in Tahoka.

Sallie Ruth Cox was in Stanton during the holidays visiting her parents.

Ollie Bruton was in Snyder and Cisco several days.

Supt. Lawlis and wife spent the

vacation visiting relatives in San Angelo and Brownwood.

Harold Carpenter was in Amarillo during the holidays.

Helen Quante was in Weatherford a few days.

**SENIOR CLASS PARTY**

Friday evening, December 21, the Senior Class of B. H. S. met at the Scout Hall for a party. In connection with the entertainment they had a Christmas tree. Each member of the class received a small gift.

Games were played, and everyone seemed to enjoy the evening immensely. The general theme of discussion was Santa Claus.

Refreshments of fruit, nuts and candy were served to nearly one hundred per cent of the class, Mr. and Mrs. Ledbetter and Mr. and Mrs. Roy Herod.

**THE HISTORY CLUB**

The History Club met Tuesday, January 1. The program for the day was a debate on "Resolved That the sandstorms should be done away with in West Texas." The affirmative was Dora Faye and Johnnie Mae Jenkins and the negative was Joe Bob Burnett and Burdett Auburg. The debate was very interesting and funny. The negative side won by a vote of 2 to 1.

A new program committee was appointed for the first month of the new year. They were Joe Davis Murray, Johnnie Mae Jenkins, and Burdett Auburg.

**REV. THARP SPEAKS**

The students and faculty of B. H. S. were favored by a very interesting talk by Rev. Ed Tharp, Wednesday morning, December 19.

He chose as his subject "Christmas and What Christmas Means to You." In his talk he gave points that were very interesting as well as helpful. He asked how you felt toward Christmas. Do you think only of shooting fire-crackers or do you think of the real meaning of Christmas. He gave some very good points to think about. Why do we have Christmas? Is Christ

**PROGRAM FOR P. T. A.**

TUESDAY, JANUARY 8TH

Fathers night.  
 Topic: Meaning of Thrift.  
 Opening Song—Audience.  
 Roll Call of Members.  
 Business Meeting.  
 Music—Miss Rasco.  
 Entertainment—Junior High.  
 Songs—Father Singers led by Clyde Lewis.  
 Music—B. B. Band conducted by Mr. Penn.  
 Talk—Dr. J. O. Ellsworth, Texas Tech.

As many fathers as possible are urged to be present for this occasion. The subject of money will be ably discussed by Dr. Ellsworth, who is a well known professor of Economics. Men are expected to enjoy his talk.

Mr. and Mrs. W. W. Pollard of Abilene spent Christmas with Mrs. Pollard's mother, Mrs. Fitzgerald and other relatives.

Mr. and Mrs. Cecil Smith Jr. and children visited Mrs. Smith's parents, Mr. and Mrs. Ross Rentfro in Amarillo, Christmas.

Buck Condra says that he likes our combination of the Herald, Farm News and Pathfinder so well for only \$2 that he is renewing.

supreme at Christmas time? Jesus was the Gift of God, what will your gifts be this Christmas? The points he gave will prove valuable to those who consider them seriously.

**CUB CELEBRITIES**

**CURTIS BASS—**  
 Curtis was born at Dickens City, Dec. 8, 1917. He moved to Union where he started to school in September, 1924. He attended school at Union until Sept. '34 at which time he joined the Senior Class of '35 at Brownfield.

Since Curtis entered school at B. H. S. he has been well liked for determination and friendly attitude. He has taken part in Senior functions and high school athletics.

After he finishes school, Curtis plans to enter Tech to study Civil Engineering.

**CARRELL BRYANT—**

Carrell Bryant was born at Tatum, N. M., February 17, 1917. He started to school at King's School N. M. in 1924. His family moved to Brownfield where he attended school in 1925. He then moved to Union. Carrell re-entered Brownfield in Sept. of 1934.

Carrell is well liked and has many friends. He plays basket ball and plans to take part in track.

After he finishes school, Carrell plans to go to A. & M. to study Agriculture.

**THE LILLIANNA CLUB**

(To late for last issue)  
 The Lillianna Club met Tuesday, December 18. The president called the house to order, and after the minutes had been read and approved, each member of the Club entered into the interesting discussion of distributing toys on Christmas, and committees were selected to deliver the toys to needy families.

The president, in appreciation of the goodness and kindness the Club sponsor had shown toward the club members, presented a Christmas gift to her from the entire club. After the presentation the club adjourned, to take up bigger and better work after the holidays.

**MR. LAWLIS SPEAKS**

On Friday morning December 21 Supt. Lawlis gave a very interesting talk to the students of B. H. S.

He told of his ambition to go north and hunt and live just as he wanted to live. He gave some interesting points on Christmas and how to spend the Christmas Holidays. He then wished everyone a Merry Christmas and told the students to enjoy the holidays to their fullest extent.

**EX-STUDENTS CONDUCT CHAPEL—**

The students, faculty members, and ex-students of B. H. S. assembled for the weekly chapel exercise, Monday morning, instead of Wednesday, in order that the ex-students who were here for the holidays might be able to attend the program which was dedicated entirely to them.

At the beginning of the period Mr. Wester introduced Woodrow Chambliss and Marian Chisholm both graduates of '34, who then introduced some nineteen ex-students to B. H. S. Each student made a short talk, and it was found that they were all glad to be back home.

The talks from these ex-students made the Seniors wonder if they really are anxious to graduate.

The students and faculty were very glad to meet and welcome Mr. John Daniel, of Abilene, who is here visiting his brother, Coach H. N. Daniel.

At the close of the chapel exercise the ex-students met and organized an Ex-student Association.

**Hunter News**

Well, well, we are entering upon a new year and when we stop to think about it old 1934 hasn't been such a bad year after all. Not much sickness and a pretty fair crop with most of us with plenty of feed on hand for 1935. Yes we should be thankful.

Mr. and Mrs. J. L. Lyon spent Christmas with relatives at Durant and Cabela, Okla.

Mr. and Mrs. Lonnie Reatherford of near San Antonio spent Christmas with the latter's parents, Mr. and Mrs. O. M. Edwards and family.

Mr. and Mrs. Orvis Bockman received a nice Christmas present—a nice baby girl arrived at their home Christmas morning.

There are several moving from our midst. Among them are Mr. Jenkins, Mr. Hill, Mr. Antone Hansen, Mr. Kim. Mr. and Mrs. Ralph Hall are also leaving they will go to Arkansas.

Mr. O. M. Edwards and Elmer Edwards were business visitors at Brownfield Monday.

Mr. and Mrs. J. O. Thompson of Brownfield spent the week-end with the latter's brother E. L. Williams and family.

Mrs. E. E. Rowe is on the sick list this week.

Mr. and Mrs. Morris McClain spent Xmas with relatives near Post.

**Pleasant Valley News**

School started Monday after being out during the Christmas holidays. Most of the children wished the holiday had been longer, but now they have started back to school with a willing heart to do better the following year.

Everyone enjoyed the sermon delivered by Brother Hollman of Tatum, N. M., Sunday morning. He will also preach the 5th Sunday in March. He and his family took dinner with Mr. and Mrs. W. Tapp Sunday.

The last night of the singing school the people organized a singing class and will have singing every first and third Sunday nights. Remember that that singing will be Sunday night, January 6th. Let's all come and start the singing with a good will for 1935.

Mr. and Mrs. J. J. Barton and family took Christmas and are spending New Years with relatives in Arkansas.

Some of Mr. and Mrs. W. W. Tapp's relatives of Sweetwater visited with them during the holidays.

Mr. and Mrs. W. R. Gandy and family spent Christmas in Post.

The babies of W. O. Hart and Jennings Noel have bronchial pneumonia. We hope they will be better soon.

Mr. and Mrs. Douglas Jones of Amarillo visited Mr. Jones' mother and other relatives here the latter part of last week.

Wm. T Perkins was in to see us and renew, lately

**THE NEW FORD V-8 FOR 1935**

The New Ford V-8 for 1935 is the biggest and roomiest Ford car ever built. It is a strikingly handsome car, with modern lines and new, luxurious appointments.

But most important of all it is especially designed to give you smooth, easy riding over all kinds of roads—"a front-seat ride for back-seat riders."

This ease of riding is achieved by the use of three basic principles never before combined in a low-price car.

1. Correct distribution of car weight by moving engine and body forward eight and a half inches.

2. New location of seats by which the rear seat is moved forward, toward the center of the car—away from the rear axle and away from the bumps.

3. New spring suspension which permits the use of longer, more flexible springs and increases the springbase to 123 inches.

The result is Center-Poise—which not only gives you a new riding comfort but adds to the stability of the car and its

**NOW ON DISPLAY**

A New Ford V-8 That Brings New Beauty, New Safety, and a New Kind of Riding Comfort Within Reach of Millions of People

ease of handling. You can take curves with greater safety.

There are many new features in the Ford V-8 for 1935 which make the car still easier to drive. New brakes give more power for stopping quickly with far less foot pressure on the pedal.

A new type of easy-pressure clutch employs centrifugal force to increase efficiency at higher speeds. New steering mechanism makes the car still easier to handle. New, wider, roomier seats.

The New Ford V-8 for 1935 retains the V-8 engine which has demonstrated its dependability and economy in the service of more than a million owners. There are refinements, but no change in

basic design. You buy premium performance when you buy this Ford V-8—full 85 horsepower and capable of 80 miles an hour. All Ford V-8 cars for 1935 come equipped with Safety Glass throughout at no additional cost.

We invite you to see this New Ford V-8 for 1935 at the showrooms of Ford dealers. You will want to ride in it—to drive it yourself. You will find it a new experience in motoring.

**FORD V-8 PRICES ARE LOW**

12 BODY TYPES—Coupe (5 windows), \$485; Tudor Sedan, \$510; Fordor Sedan, \$575. DE LUXE—Booster (with rumble seat), \$550; Coupe (3 windows), \$570; Coupe (5 windows), \$560; Phaeton, \$580; Tudor Sedan, \$575; Cabriolet (with rumble seat), \$625; Fordor Sedan, \$635. TOURING SEDANS, with built-in trunk—Tudor Touring Sedan, \$595; Fordor Touring Sedan, \$655.

(F. O. B. Detroit. Standard accessory group including bumpers and spare tire extra. All body types have Safety Glass throughout, at no additional cost. Small down payment. Convenient, economical terms through the Universal Credit Company.)

**NEW 1935 FORD V-8 TRUCKS AND COMMERCIAL CARS ARE NOW ON DISPLAY**

### The Babson Report in The Herald This Week

We are glad to present to the Herald readers the report of Roger W. Babson in the Herald this week. Heretofore this forecast of the nation's business and finances has been confined to the daily papers but this year the report was offered to the weekly press, and the Herald bought the franchise for Terry county.

Mr. Babson is regarded as one of America's best financial forecasters, and for the year 1935, he seems to think that the nation is due to begin getting back on an even keel, and while his report as a whole seems to be a bit bullish, Mr. Babson is a bit cautious no doubt for the reason that an almost new Congress is to meet this month and no one can possibly predict what legislation will be put forward for the betterment or detriment of the nation.

As a whole though, Mr. Babson, like most others believe the nation is passing out of the doldrums and is headed for prosperity. Anyway let each reader see what Mr. Babson has to say, and then watch throughout 1935 and see how well he hits the trail. Personally, the Herald believes that the New Year has much in store and is betting its last farthing that we are in to see the best year since 1929.

H. M. Perkins of No. 1, has handed in another dollar.

### PARENT TEACHER NEWS

Many room mothers assisted in the parties given by the rooms in school prior to the holidays.

Mrs. Herod and Mrs. Cobb helped with the planning of parties in high school and Mrs. Treadaway gave each member of the Junior class a gift for Christmas. Mrs. Reed cooked a beautiful birthday cake and assisted in the surprise party given for Mrs. Savage. Mrs. Shelton and Mrs. Earl Jones served refreshments to their rooms, and each were presented with gifts in return.

Mrs. Winger gave a theatre party for Mrs. Rentfro's room during the holidays and the room in turn presented her with a box of candy.

Mrs. Coleman was presented with a tablecloth by her room.

Many other activities of room mothers must go unreported this week because the information has not been passed on to the Publicity director.

### EXPRESSES THANKS

To those that gave fruit, candies, nuts and fireworks to the (colored) children, in order that I might have a Christmas tree for them, I wish to thank you, and to let you know we greatly appreciate anything you do for us. The following ones gave:

Hudgens Grocery, Daugherty Grocery, Cave's Variety, Murphy Grocery, Chisholm's Grocery, Arvayn Dry Goods, Help Your Self Grocery, and Collins Dry Goods Co.

Thanks again,

Mrs. R. E. Jones, Teacher.

Mr. and Mrs. J. H. Carpenter and Harold visited Mr. Carpenter's sister in Amarillo a few days last week.

Mrs. Will Cotton and three children are visiting her parents, Mr. and Mrs. M. B. Sawyer and other relatives here.

Dr. G. S. Webber and wife and Leo Allen and wife took in the football game between Amarillo and Corpus Christi Saturday at Dallas. They report it a great game.

Dr. and Mrs. Alfred Daniell accompanied by his sister, Miss Bertie, visited in the home of their father, S. Daniell, Christmas day.

W. E. Harred and family are moving to Quemado, Texas.

### 5,000 Crazy Buffalo Stampede About Him

FORT STOCKTON.—The thunder of hoofs as 5,000 buffaloes charged toward him in the last great stampede on the Staked Plains is as vivid today in the memory of Judge W. O. Moore as when he faced death before the crazed herd in 1878.

Judge Moore, early day surveyor on the Staked Plains and more recently an attorney at Fort Stockton, believes he is the only living Texan who saw that spectacle.

Now in his 80th year, Judge Moore recalls how he stood in single file with other members of a surveying party while the buffaloes tore toward them across the vast plains, then miraculously split to pass the surveyors. Judge Moore said it seemed as if the surging mass of giant animals grazed his shoulders on either side as it passed. The surveying party was working in what is now Floyd county between the present towns of Floydada and Lubbock.

"We had come some six or eight miles down the water course, when, as I was setting up my instruments, the flagman asked if I had not heard peculiar sounds, I stopped my work to listen and caught a throbbing sound such as I had heard two years before when about 20 miles away from Niagara Falls.

"For a moment we were at a loss to account for it, but when we caught sight of dark objects showing up on the horizon, almost at once the cry went up—'buffaloes.' The wagon was too far away. So we prepared to face the stampede on our own ground.

"We stood in single file facing the herd, with the transit set up in the middle of the file and the last man holding the reins of my saddle horse. With the only rifle in the party, naturally I was at the head of the line in order to split the passing animals by firing the gun.

"We were not long in getting in shape for the rush, but we were barely ready when the herd was on us with a swirl of dust and a thunder of hoofs. The front line was thickly packed shoulder to shoulder, and eyes were cast back as if trying to see something behind. When I realized this attitude, I began firing the gun. It had no effect.

"I came to believe we could not slip them by sight. So I began to shoot rapidly, but without effect until at a distance of about 30 feet, when I saw some of the animals in front begin to push to one side or other to make an opening.

"That opening must have been about 12 feet wide when the front line passed us, although it seemed to me that I could touch a buffalo on either side with the point of my gun.

"Behind this dense line there was no regular formation, and the animals came on in loose order, gradually thinning out to the rear. During the terrific uproar of the passing multitude, I had dimly made out sounds which might have come from the men or horse behind me, and when I turned I greatly feared to find that some calamity had befallen us. But beyond a horse that was trembling, and a party of four men exceedingly dust laden and full of strange oaths, there was nothing to show that we had been in any danger.

### HOG KILLING TIME

It's hog killing time on the farm. The frosts have come, the fields are brown, and ice has formed in thin sheets on the horse trough.

Smoke is coming from hundreds of fires over the land where water in big iron kettles steams. Neighbors have gathered, and soon, stretched out stark, stiff and white, are the carcasses of many hogs.

That afternoon when rubbed with salt, are laid out the rows of hams, shoulders and middings. On the next day they are stowed down in boxes or barrels amid more salt and perhaps some mixture with sugar to add flavor. The old kettle is steaming again, but this time it is lard that is being rendered—lard that is white and firm.

But tonight is the night of nights, for there, by the kitchen fire, sausage making is in progress. Mother is seasoning and cutting, while dad and the boys take turn about cranking the sausage mill and helping mother keep those pans full of meat. The skillet on the stove fries out samples, rich, brown and tasty. Once in a while a few slices of tenderloin are fried, and placed between the upper and lower lid of a good biscuit, it makes America's grandest sandwich.

In the spring hickory and sassafras will be put on a slow fire in the old smokehouse, and those hams, shoulders and sides of bacon hung up. Slowly, day by day, they will cure and have that flavor that no other meat can have.

Is it any wonder that hog killing time is important? It is a great day down on the farm, for the meat supply for the year is being prepared, fresh sausage and spare ribs are brown on the platter. And next spring the aroma of ham will float out from the kitchen when dinner time is

### Alsop Held Without Bond in Hockley Co.

LEVELLAND, Dec. 29.—Ben Alsop, 45, tenant farmer-relief worker, charged with murder in the shotgun slaying of his 11-year-old daughter, was remanded to Hockley county jail without bond today.

Justice of the Peace Viaille, at the request of District Attorney Daniel A. Blair and County Attorney Weldon F. Johnson, refused to grant bond for Alsop.

Conflicting stories of the shotgun slaying of Martha Beulah Alsop early Wednesday were told.

Speaking slowly, Alsop declared the death was an accident.

Rena Alsop, 16, Martha Beulah's sister, said in a signed statement she struck a shotgun in her father's hands to save her mother. When the gun fired, the charges struck Martha Beulah in the head. Rena had identified a statement she made to John son. Blair read the statement:

"About 11 o'clock Christmas night my mother and father came back from Levelland. All of we children were in bed. My father began fussing and arguing with my mother. We were scared he might do something so we got up.

"Then he (her father) told me to get the gun for him. He said he was going to shoot my mother. Mother started to the kitchen door and had gotten in the kitchen when my father raised the gun and I grabbed at it and the gun fired and struck Martha Beulah."

Alsop testified:

"I first went out in the yard. Well, I shot at a cat out there, and came back in the house. I went to get the gun down. I don't know whether it hit the machine and discharged or whether the safety went off.

"Well, it went off. I saw the child fall. I jumped to pick her up, and I seen her little head."

### THE TOWNSEND PLAN

It would be a great thing if this government could pay pension of \$200.00 per month to every citizen of the United States over 60 years of age.

Those proposing this plan do not seem to suspect that Uncle Sam would have the least difficulty whatever in making the monthly payments. Do it with a sales tax, they say—and in their minds the question is solved.

They say that there are at least 8 million persons in the United States eligible to receive the pension. That would require the mere bagatelle of \$1,600,000,000 each month or a total of \$19,200,000,000 each year.

Now, consider the fact that there are fewer than 40 million families in the United States and one can readily see that it would cost the average family about \$500 per year in this form of a sales tax to provide the necessary pension fund—in addition to the other taxes they have to pay.

This Townsend pension scheme is another of those alluring and fantastic proposals that has swept the country like wild fire simply because people have not stopped to think and to figure for themselves.

It will be well for the people of this country to learn that the Government is no Santa Claus with unlimited resources. The Government is the people—and the people must continue to work for a living.—Tahoka News.

### TRANSFER STORE MANAGER

E. H. McKinney, for several years manager of the Montgomery Ward store here, has been transferred to Lawton, Okla., where he will be head of a new store that is to be opened January 19, he announced last night.

W. Rance King, manager of the Big Spring store since January 1933, has been transferred here as manager of the local store. Mr. King was formerly assistant manager here, prior to being sent to Big Spring. He began his service with Montgomery Ward there in 1929.—Lubbock Avalanche.

Mr. King attended high school in Brownfield.

Mrs. J. E. Shelton and children visited her daughters in Roswell, N. Mex. last week.

Tom Cobb and family spent the Christmas holiday with Mrs. Cobb's parents, Mr. and Mrs. Cleve Cobb, at Seminole.

A. P. Stewart extends the New Year greetings to the Herald and all its readers. Same back, old top.

"I like a boy with a car provided he don't go too far."

near. We can smell it now. And that is when the city cousins wish they could visit down on the farm.

Hog-killin' time on the farm! It is more important than pay day in the city or vacation time. It is a real event.—Cartersville (Ill.) Herald.

# OFF TO A FLYING START

As our stock ran a little low during the holiday rush, and we have not stocked well since, we will not have any specials this week but will endeavor to the very best of our ability to fill all orders without substitution, or find what you want here in town.

We certainly thank one and all for their nice business in 1934, and hope for continuance in 1935. Your business whether large or small bills will be appreciated.

### TEN FOREMOST FOREIGN EVENTS

1. King Alexander I of Yugoslavia and Foreign Minister Louis Barthou of France are assassinated (Oct. 9) at Marseilles.
2. Dictator Adolf Hitler subjects his Nazi party to a violent "purge," summarily shooting nearly 100 leaders (June 30).
3. Chancellor Dollfuss of Austria is shot down (July 25) in the chancellory in Vienna by conspirators attempting a "putsch."
4. Prince George of England marries (Nov. 29) Princess Marina of Greece and pageantry which drew the attention of the world.
5. Latter months of year occupied by frenzied attempt by both parties to influence coming plebiscite in the Saar. Agreement reached on Saar coal mines.
6. Increasing aggressiveness by Mussolini, Italian dictator, marked the year, in militarizing youth of Italy from the age of 8 and in taking active hand in mid-European politics.
7. Throughout the entire year Bolivia and Paraguay reeled back and forth in deadly and costly warfare over the Chaco, despite efforts of the League of Nations to mediate. No decision.
8. C. W. A. Scott and T. Campbell Black, English pilots, win the London-to-Melbourne international air race (Oct. 23, in 2 days, 22 hours, 59 minutes).
9. After five nerve-racking days, 1200 coal miners emerge from the pits at Pecs, Hungary, finally dissuaded from a sensational threat of mass suicide in protest against conditions of work.
10. Dramatic rescue by planes from Arctic ice floes of 104 of the crew and passengers of the sunken Soviet ice-breaker Chelyuskin.

Gov. Ferguson sends Texas her greetings

AUSTIN, Dec. 29.—Governor Miriam A. Ferguson today extended New Year's greetings to Texans and urged faith and courage in belief 1935 would be "memorable for content and happiness."

Her greetings:

"It gives me real pleasure to extend to the people of Texas hearty good wishes for 1935. The past year has brought many changes and a large measure of progress and prosperity. Under the leadership of our great president a new social consciousness has been awakened in our people. New ideals, new hopes have been aroused. The year 1935 will see

many plans for social security and economic benefit well under way.

"Let each of us pledge ourselves anew to work unceasingly to promote the general welfare of the communities in which we live and the state and nation which we are proud to call our own. Let us face the new year with faith and courage, believing that it will be a year memorable for content and happiness."

Bill Taylor of Denison, Texas, came in Tuesday for a visit with his sister, Mrs. Jack Stricklin, Jr. He will also visit relatives at Seagraves.

Bluford Hunter was home for the holidays with his parents, Mr and Mrs. E. Hunter.

**New Ford V-8 De Luxe Tudor Sedan Shown**  
  
PHOTO shows the new Ford V-8 de luxe Tudor sedan for 1935, which has just been announced. The body lines are distinctively modern and a departure from previous Ford standards. The car features engineering improvements giving greater riding comfort and increased ease of control. The engine has been moved forward, permitting ride closer to the center of the car. The Ford V-8 engine now has a new system of crankcase ventilation. The Tudor sedan is also available without de luxe equipment.

Our 23 Year Column

In our first issue of the year 1912, dated Jan. 5th, we find that Judge Spencer and J. E. Vickers had both announced for their places as District Judge and District Attorney, respectively. They had been appointed the year before by Gov. Colquitt, when the first district (72) was created. Geo. Tiernan has asked to succeed himself as Sheriff and Tax-Collector, and W. R. Bridges had asked for the same office. W. H. Gist was asking for the office of County Judge. In another place, we note we were asking Congressmen \$20 to announce them, District officers \$15, and all others \$10, except precinct. Wasn't we gally? Also on the front page we told of making a trip to Lubbock with Uncle Jimmie Green in a freight wagon, carrying along the new 25-20 Marlin rifle, and had shot a wolf, hawks and jackrabbits. Lubbock had improved greatly since our last trip, too. The Citizens bank building was complete, and the First National almost so, and ten feet concrete sidewalks graced the west side of the square. Lubbock was SOME city in those good old days.

Gomez: Very cold weather was reported through the holidays. Geo. McWorter, and Miss Jessie Nichols got married Dec. 26th. Mrs. Surginer of Floydada was visiting her parents, Mr. and Mrs. W. B. Snodgrass. Rev. J. C. Lewis was moving to the Will Moore place 2 1/2 miles east of Gomez. Will had moved to the Ball place; Charley Moore to the Clark place; Mr. Green to the old A. P. Moore home-stead; Uncle Horace Adams to Brownfield; Mr. S. E. Simms to the old Adams place, and Dave Broughton to the old Gainer place. Sure was moving time at Gomez. A man was in town delivering new buggies. Early Key was home from Canyon Normal to spend the holidays. Mr. and Mrs. Carol Phillips visited in Tahoka during the holidays. A. V. Taylor had moved in for school.

Uncle John Arnett visited in Brownfield. Miss Goldie Day was visiting the Green family. Miss Pearl Stewart was home from Baylor college visiting her sister Mrs. Dr. Ellis. The Harper family had moved here from

Lubbock. Miss Eula Whisenant was in from Canyon college visiting her aunt, Mrs. Tiernan. Roy Scuddy was home from Cisco Training School. Miss Georgia Cooper of Sparenburg, was visiting Mrs. Randal. Mrs. Randal honored Miss Cooper with a party. A social at the home of Mrs. J. C. Green, honoring Newt Copeland of Lubbock. Misses Ola and Ruby Bynum had a function honoring the returned college students. The editor had killed a pig 14 months old that netted 300 pounds. Also, we enjoyed a very sumptuous feed with the V. E. Hargett family during the holidays. W. B. Snodgrass and Sons had sold W. A. Bell 52 head of four and five months old mules at \$60 per head around. We also note we had served quite a feed on New Years day, according to a writeup of a guest present. Elbert Proctor and Miss Carrie Bell Price were married Christmas day. Judge Geo. W. Neill, officiating. Lence Price of this city and Miss Grace Cowan of Primrose, were married by Rev. Hill at the home of the bride's parents on Christmas Eve. All for this week.

To the People of Terry County and Especially the People of Precinct 4: I take this means of thanking each and every one of you for your support and hearty cooperation for the past six years. I have tried in every way to make you a good commissioner, although I have made mistakes I have tried to do the fair thing by every one.

I hope that my successor will enjoy his time in office as much as I have, and that you will support him as faithfully as you have me.

Sincerely G. M. Thomason

THANKS

We thank our many friends for their assistance and floral offerings during the sickness and death of our Mother and Grandmother.

We are certainly grateful to the many old friends for their offers of assistance and words of sympathy.

Chas. R. Barret Jay Barret and family

Jim Cunningham was over from old Yoakum last week

January 1, 1935

Brownfield, Texas

To the Citizens of Precinct 1: May I use the columns of this paper to express to each and everyone who assisted me for the last six years in carrying on the duties of Commissioner.

I can see many mistakes I have made but, "The man who makes no mistakes does nothing." I have neglected the road work in my precinct to some extent, and I hate to turn them to my successor in so bad a shape, but due to the fact that the County has cooperated with the State Highway Department in every way possible to carry on our Relief Program, it was necessary to surrender our road machinery for that purpose.

I have worked hard for everything that would help Terry county, altho my precinct is getting only a small portion of the good roads, but here is hoping that when the time rolls around for our corner to secure a State road, that the other Commissioners will lend our Commissioner the same service and co-operation that I have tried to render to the other parts of the county.

I want to personally thank you for your personal co-operation; the City Council; Engineer Rhone, and his staff; Relief Administrator Cates, and his staff; County Agent Reed, and his staff, the business men of Brownfield and Meadow, and especially my friends over the precinct who so faithfully helped me to carry on the necessary work at all times that I seen fit to call on during these hard times we have gone through. I feel greatly indebted to each of you, and my best services are at your command

Sincerely, L. L. Brock

The Baptist Church Is Now Out of Debt

## RAY BROWNFIELD JR. HOST

Last Friday night Ray Brownfield Jr. was host to a three course turkey dinner at his home 803 East Cardwell St. The boys enjoying the dinner were Dell Smith, James Michie, Otis Moore, Charlie Barret, Don King, Vernon Bell, Sawyer Graham, Murphy May and James Cotton from Amarillo. Bridge was played after dinner.

## STUDY CLUB MEETS

The Maids and Matrons met in the first meeting of the new year in the home of Mrs. Redford Smith, with Mrs. M. L. Penn as program leader. After Roll call, old business was disposed of, and plans made for the coming year. "An American Studio In London," was the subject studied and interesting papers were read by: Mrs. O. Dennis, Mrs. W. M. Adams, and Mrs. Tom Cobb. Misses Lenore Brownfield and Kathleen Hardin were guests. Nineteen regular members were in attendance.

## ROGER W. BABSON

line tax in certain states. Other levies will be heavier. The trend of income taxes is still upward. Moreover, except in special instances, there is little likelihood that property owners will secure any relief next year from burdensome real estate taxes.

## Foreign Outlook Spotty

What is the outlook abroad? Canada, Latin America, South Africa, and Australia should continue to go ahead next year, but elsewhere recovery is momentarily faltering. Further substantial recovery in Britain depends on a bettering of world trade. The Far East is suffering from over-production. Central Europe is dangerously restless. As to war prospects, I can only say that the outlook is grave. I doubt if France and the other "gold bloc" nations can withstand indefinitely the pressure of continued deflation. If these countries "go off gold" the way may be paved toward an immediate world currency agreement. The artificial advantage of dollar devaluation has about spent itself but prospects favor a moderate improvement in our foreign trade due to tariff adjustments.

So much for trade and industry. Now what about stocks and bonds? Briefly, I believe we have been in a major bull market since July, 1932 and that the coming year will see a continuation of that bull market. Congress may unsettle prices from time to time but fundamentally better business will be the most important influence on the 1935 stock mar-

ket. Earnings will continue to improve, with comparisons best in the final half. The 1934 tendency toward more generous dividends will hold. Securities are in strong hands today and the floating supply is low. These factors should all combine to bear out my forecast that are still in a period of rising security prices.

## Selectivity Keynote of 1935 Stock Market

But because of inflationary possibilities, more legislation, and various other influences, the stock market of 1935 will be fully as selective as that of 1934. Remember that diversification is the soundest of all investment policies! In view of this, what is the outlook for various groups? Those industries catering directly to the wants of consumers, such as merchandise and amusement lines, will continue the excellent gains made in 1934. Oils are temporarily disturbed but the long range outlook is still satisfactory. Automobile prospects look moderately better. Building issues will directly reflect the volume of construction.

Iron and steel operations will expand rapidly in first half; second half depends on building. Chemicals should share in the coming year's business gains. Mill owners are feeling somewhat better after a very troublous year. Much farm and industrial equipment needs replacement. Railroads are due for some relief but long-pull investors will leave rail stocks alone. Rail equipment makers stand to benefit if any rail modernization program is put through Congress. Politics cloud the utility outlook more than ever but power consumption is at a four-year peak so the net result may be better than the average investor imagines.

## Low Money Rates vs Inflation

The bond outlook is complicated by two diverse influences. First, any inflationary development which means a sharp rise in living costs will not help fixed income obligations. On the other hand, interest rates are being lowered all around. This forces the huge reservoir of investment funds into the bond market to obtain a higher return than now available on bank deposits or government bonds. At present writing it appears that the latter factor will continue to be the most powerful influence on bond prices in the early months of 1935. So wise investors are today not only hedging against inflation by including goods and equities in their portfolios, but are likewise including a backlog of high-grade bonds for the time being. As we stand on the threshold of 1935 let us look back for a moment and the coming year will see a continuation of that bull market. Congress may unsettle prices from time to time but fundamentally better business will be the most important influence on the 1935 stock mar-

business has yet shown but little or no improvement should take heart. The outstanding development of 1934 was the broadening out of recovery into many new lines which had not shared the improvement of 1933, and '35 will definitely see this trend continued. Remember that while business is 27 percent below normal to day it is 16 percent better than December two years ago and 9 per cent above last December. Let us all be thankful for this and have faith that by December of 1935 we will again be on the verge of prosperity.

Roger W. Babson 1875

Roger W. Babson's life has sensitively reflected the old-fashioned New England teachings of his birthplace, Gloucester, Massachusetts. As a boy he was reared in an atmosphere of hard work and hustle, doing chores working a truck garden, and selling his produce from house to house. Since that time a business venture has always been of the keenest enjoyment to him.

Upon graduating in 1898 from the Massachusetts Institute of Technology Roger Babson immediately turned to the business and financial side of engineering, specializing in the statistics in the interest of protecting investments, health, and prosperity. His exertions, however, brought upon him one of the worst of maladies, tuberculosis. On the advice of the doctors he and his young wife started for the West. "As good as dead!" said his friends, and they never expected to see him again, but he came back.

However, it was while he was convalescing that he worked out some of the possibilities and problems of business statistics. The Babson Statistical Organization, with twelve clients, was thus born and carried on by himself and one helper in a little cottage in Wellesley Hills. That was over thirty years ago.

Realizing the need of our young men to have more training in the fundamentals and less in the frills of business, Mr. Babson, about twelve years ago, organized under the Scientific & Educational Acts, the Babson Institute. This Institute has now a beautiful campus of 125 acres at Babson Park, Massachusetts, with ten modern buildings and a steadily growing enrollment. Believing that a business training of the same type was likewise essential for young women, Mrs. Babson organized Webber College, one semester in Boston and the other in Florida.

As a lecturer on business problems, Mr. Babson is well-known in most of the cities of this country and Canada. He has written some fifteen books, among which are "Business Barometers," "Commercial Paper," "Religion and Business," "What is Success?," "Washington and the Depression," and "Finding A Job." He is actively interested in the American Statistical Association, the American Economic Association, and a fellow of the Royal Statistical Society of London.

A man of unbounded energy, Roger W. Babson has done more than any other man to make statistics a live issue in business and instill in business men a broader vision. His life work may be summed up in these two quotations: "What we get out of life is simply a reaction from what we put into it," and "We cannot harm or help others without likewise harming or helping ourselves."

Rev. and Mrs. Tharp went to Stamford Tuesday to see a grandson who is in the sanatorium there having had a relapse from scarlet fever. The boy has been sick about thirty days.

Mr. and Mrs. J. L. Cruce were hosts on Sunday, Dec. 23 to the following: Messrs. and Mesdames, J. E. Michie, W. H. Collins, A. J. Stricklin, Sr., Clyde Coleman, Claude Hudgens, and Lawrence and Craig Stewart. Turkey with all the trimmings, was served, and all pronounced it one of the greatest noon day meals of their lives.

Mr. and Mrs. Harlan Howell, of the Seminole schools, were home for the holidays with their parents, Mr. and Mrs. K. W. Howell, and Rev. and Mrs. J. M. Hale.

Mr. and Mrs. Jesse May and children of Clovis, N. M. spent Christmas day with Mrs. May's parents, Mr. and Mrs. J. C. Green.

Joe Bailey of the Avalanche-Journal force was down Friday looking after his place southwest of the city.

The two new buildings under construction here, are rapidly nearing completion.

Earl Jones and family are now domiciled in their fine new home on east Main.

Mr. and Mrs. E. B. Thomas visited relatives at Brownwood and Miles during the holidays.

## SOCIETY

### THOMPSON-RATLIFF

In the presence of intimate friends and relatives the marriage of Miss Bess Thompson and Mr. Mickey Ratliff was solemnized in the home of Mr. and Mrs. Roy Herod, at 3:30 P. M. Tuesday, Jan 1.

The bride and groom were met under the arch by Rev. E. S. Tharp, who in his accustomed sincere manner said the words which made them man and wife.

The bride was attired in a pretty autumn frock of rust with silver trimming and brown accessories, and was her usual sweet self as she took the vows of wedded life.

The guests were impressed with the sincerity of the entire ceremony, and the dearest hopes for a happy life for the bride. Bess has grown to womanhood here and has endeared herself to all who know her. She is a loyal Dallas, H. O. Longbrake, Ed Tharp, friend and a lovable young woman. The very best of life's joys should be hers—with few shadows to mar.

The bride is the daughter of Mr. and Mrs. J. O. Thompson of this city. Out of town guests were Misses Edith and Bootsie Ratliff, Mrs. F. E.

Yohner, Messrs. Jesse Steffy and Beman Phillips, all of Littlefield, Texas; Mrs. J. O. Warnick of Lubbock, Texas; Mesdames Leo Holmes, Sylvan Tankersley, Clyde Cave, Lolan Flippin, Glenn Webber, Woods and Lee Orval Lewis; Miss Lena Mae Ballard; Mrs. J. O. Thompson, Jene and Son Thompson, Mrs. W. B. Downing, and Mr. and Mrs. Roy Herod of this city.

The young couple left immediately for Troup, Texas, where Mr. Ratliff is working.

### HONORS MOTHER

Thursday of last week Mrs. M. E. Jacobson entertained a few friends in honor of her mother, Mrs. Lundstrum, who spent the holidays here. Two hours were spent in a social way. Refreshments were congealed salad on lettuce leaf, sandwiches, crackers, olives, fruit cake, candy and coffee. Those present were Mesdames W. H. Dallas, H. O. Longbrake, Ed Tharp, W. B. Toone, W. B. Downing and Beverly Toone of Panama. Mrs. Lundstrum's home is in Kansas.

Miss Gertrude Rasco spent the holidays in Memphis, Texas with relatives.

### HARDY-NEIL

Mr. Talmage Hardy and Miss Mary Jo Neil were married at Lubbock New Years day. Mr. Hardy is employed with the Babicora Development Co. Mrs. Hardy has lived in Brownfield all her life until recently, when she moved to Lubbock with her parents, Mr. and Mrs. Geo. W. Neil.

### BURNETT-NEWBERRY VICK-KING

We failed to learn many particulars about the above nuptials other than Miss June Newberry and Mr. Virgil Burnett were married Christmas eve, and the latter couple, Miss Arjoree King and Mr. Lanis Vick on New Years day. Anyway we extend congratulations to these happy young people.

### SLUMBER PARTY

On Wednesday night of last week Margene Griffin gave a slumber party. The girls played games and refreshments at intervals all night. Enjoying this affair were Mattie Jo Gracey, Lucille Harris, Iris Lewis and Queenelle Sawyer.

### FAMILY REUNION DINNER

Mrs. Lence Price was hostess to an annual family reunion dinner Sunday at the home of Grandma Howard. Turkey with all the "trimmings" was served to some fifty guests who were present from Lubbock, Hockley and Terry counties.

Rev. and Mrs. Tharp and Mrs. Wilkins chaperoned some 16 members of the League Monday night to a union "watch" meeting at Meadow. Games were played. Refreshments were served at midnight. These meetings are held monthly. The next one will be at Union latter part of this month.

## CUT FLOWERS

Cut flowers for all occasions. Design work made up day or night. Pot plants and other items.
