

The South Plains is the choice of the United States, and Terry County is the best part of that choice.

The Terry County Herald

The truth about Terry County is good enough. An appreciated weekly that covers the territory thoroughly.

Printed in Terry County, on the South Plains, the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME THIRTY

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JANUARY 11, 1935.

NUMBER 22.

Does Chamber of Commerce Help Farmers?

Until further notice, the office of the chamber of commerce will be located in the commissioners court room with Judge Simms. It was our desire to retain our offices with the present Justice of the Peace, but when he was approached upon the subject, he was very adverse to it and stated that he had promised the farmers, that if he was elected, that he would put the chamber of commerce out of his office and further stated that the "commerce" had never done anything for him and he did not see why he should favor them or it.

Now it is pretty hard for the writer to believe that any considerable number of the farmers are opposed to the chamber of commerce, because they are aware the fact that the work of the organization is and has been as much for their benefit as it has for the business men of Brownfield.

Of course we know that there is a considerable number of farmers as well as a number of people in town who are just "naturally" opposed to a chamber of commerce, but they are composed of people who have not taken the trouble to inform themselves and are therefore not qualified to pass upon its merits.

Now let us see some of the principle activities that have been sponsored and put over by the chamber of commerce within the last few years.

We secured the feeding pens of the Babicora Development Company, with five other towns in this section of the state trying to get them.

Our office has handled the Emergency Feed & Seed Loan for at least three years and when no one else could be found to do the work. Lubbock Production Credit loans were looked after by us, as were renewals on R. A. C. C. No one else could be found to take this work over and we accepted it because we thought that we could be of service to both farmers and merchants and not because we desired the job. Now all papers that were prepared in connection with the 10 per cent increase in our bale allotment under the Bankhead Act, were prepared and presented out of our office, as was all of the information that was prepared in connection with our application for an increased allotment upon account of sub-normal production. Several thousand bale certificates were added to this county by reason of our work.

Through the joint efforts of the County Judge, Commissioners and Chamber of Commerce, we were one of the first 25 counties in Texas, to be placed on Secondary Drouth Relief and that alone, accounts for the fact that we are getting a lot of work done on our highways and providing work for a lot of people.

Nearly 600 Drouth Loan Applications have been made in Terry County during the last few months and the Secretary of the chamber of commerce has signed his name and placed his seal on most of them and no charge has been made for it. We have also completed, signed and placed our seal on several hundred applications for duplicates of lost cotton options and no charge has been made for this work.

Through the joint efforts of the County Judge, Commissioners and chamber of commerce, we have prevailed upon the highway department to have a survey made on highway 84, in order that deeds may be procured for the additional right of way that we must secure before the highway department will undertake to improve it. It is expected that this survey will commence within the next few days. During our work for the survey on No. 84, we secured a promise that old 137, which is now No. 51, would be hard surfaced as soon as the calesche work was completed and it had time to settle.

In further connection with highway 84, we want to say that just as soon as the survey is completed, steps toward securing the right of way will be commenced and when that is completed, a joint effort by the chamber of commerce and commissioners, will be made to have construction started upon it.

It might be well to remark, that we have had a United States designation

Jury List, Winter Term Of the District Court

List of Persons drawn by the Jury Commissioners of the District Court of Terry County, Texas, at the August Term, 1934 to serve as Grand Jurors the 21st of January A. D., 1935 of the said Court.

A lake of material fire and brimstone could be no punishment whatever to an immaterial soul.

on highway No. 84, for the past five years and the writer was one of a small delegation to appear before the highway department and secure its approval. Several attempts have been made to have it marked without success, until recently, but it is now being marked to the New Mexico-Texas line. It has been marked in New Mexico almost since its designation as a U. S. Highway, which was approved by the National Association at the same time as was Texas. It is known as U. S. 380 and appears upon all maps of the state.

Now we wonder if the work of the chamber of commerce is against the farmer. We don't think so and in fact we know that anything that will benefit the business man is also a benefit to the farmer and this applies more to an agricultural country, such as ours, than any other and we know further that anything that is good for the farmer is also good for the business man.

Now in speaking of the work that has been accomplished, the writer as Secretary, does not claim that it has been done by him, as he has had the full co-operation of the directors and membership and several of them have given of their time and money and traveled many hundred miles in securing information that was needed in the several programs that have been attempted and especially does this apply to information that was needed in our applications for increased allotments of cotton certificates.

Some Thefts of Corn Report in Terry Co.

With a scarcity of feed in most adjoining counties, as well as all over west Texas, Terry county farmers are experiencing some thefts of corn and other feed, especially along the highways. For some time, trucks from other counties have been observed moving slowly along the highways, picking up piemelons (citrons) along the fences, but these drouth stricken farmers were of course welcome to take them, but some of them later begin to take feed.

A load of corn was reported to have been stolen off the Chambliss farm, and another truck load was run onto by officers on the Jeter farm south of town, but the driver escaped in the dark, leaving his truck, which bore a Hockley county license. The officers have no doubt run down the owner before this.

With hundreds of loads of corn, maize and bundle feed going out of this county every day, it will be to the advantage of the local farmers to take every precaution to watch their feed closely, and to see that no loads or piles of feed are placed near the highways.

It is said that by the time one gets to Snyder coming this way, they will begin to meet huge truck loads of feed coming out of Terry county, thousands of tons of which have already been sold and left the county, not to say anything about what has been sold to local feeders.

Terryites to Erect Monument to Friend

Citizens and friends of the late Rev. J. B. Vinson are determined that the grave of their old friend, shall not go unmarked according to Lee Hulse. He attended a meeting of the Baptist Association at Seagraves, and stated that a movement was put on foot at that meeting to erect a suitable stone at the head of the grave of this pioneer preacher and friend of mankind.

And the Baptists are not going to be the least selfish about the matter, as they realize that hundreds of other people of all and no religious persuasions will want to contribute something to this monument. Mr. Hulse was appointed to receive such subscriptions in this section, and if he fails to see you, make it convenient to see him.

If there ever was a man who deserves a suitable marker to his grave from devoted friends, Rev. Vinson is the man. He devoted his whole life, all his means and ability to the relief of suffering humanity, a goodly portion of which was put in right here in our own community. He laid up no earthly treasure for the moths to eat and thieves to break through and steal, but he laid up plenty treasures up yonder.

Terry Goes Over the 10,000 Bale Mark

For the first time since the semi-monthly ginnings have been reported this season, the ginnings this year showed smaller than for the corresponding time last year, according to R. D. Copeland, special agent of the Department of Commerce. All other south Plains counties are away under last year's ginnings, and have been almost since the season started.

According to Mr. Copeland, the ginnings in Terry county was 10,041 bales, compared to 11,797 last year on Dec. 13th, or 1,756 bales less. Some here still believe that the county will gin around 13,000 bales from the 1934 crop.

New Officers Installed In Yoakum County

On Tuesday all new officers were installed. It is now Judge Arthur Cotton instead of Jas. H. Lynn, who succeeded P. G. Stanford as County Attorney.

Dewey McDaniel succeeds M. Moreman as commissioner in precinct number one. Fred Cox succeeds J. R. Trout as Commissioner in precinct four. All the other officers hold over except J. P. W. W. Webb, who is succeeded by W. H. Pruett in precinct one. Jack Blankenship goes in as J. P. in precinct three.—Plains Review.

It takes 110 pounds of sugar yearly for each person. Our capacity for taffy is probably more.

New Legislature Convenes For Vital Session

Photographed above is the famous capitol building at Austin, second only to the National Capitol in size! Here the new Texas Legislature convenes early this month to face problems considered greater in variety and importance than ever before. Action is anticipated promptly to halt natural gas wastage in the Panhandle. This wastage has grown so rapidly, that reports to the Railroad Commission reveal that each day it now equals the daily domestic and commercial gas consumption of the entire United States. Taxation, liquor laws, relief, oil control and other vital subjects demand early solution.

Two Banks Here in Best Shape in Years

While there never has been a time in the history of the two banks here that they did not show good statements, even in the past few years when small town banks were having a struggle to stay in a solvent condition, and many of them were hitting the rocks. Yet, the Brownfield banks have consistently shown good statements all this time, and have been highly complimented by bank inspectors.

But, according to the call dated December 31, they are showing the best if not the best statements in their history. Whether they are making money for their stockholders or not, we are not prepared to say, but as low as loans appear, it would seem that they are not making a great deal of money for their stockholders at the present time, but of course loans will take a turn upward from now on. Below we give the readers the combined statements of the two banks:

Total resources	\$985,401.03
Total cash & Ex.	759,412.42
Total deposits	858,928.78
Total loans, only	172,964.90

Bond Refused in The Kidnapping Case

The examining trial of the three Bridge boys of Tokio, was held before F. M. Burnett, J. P., last Thursday afternoon, with Joe J. McGowan county attorney and District Attorney Nelson of Tahoka representing the state. We understand that the prisoners did not have an attorney, although there were home and outside attorneys present. Their cases will come before the grand jury the last of this month.

The prisoners were charged in three cases each, kidnapping, robbery with firearms and theft of an automobile, and were refused bail. After indictment when grand jury meets, they will likely be tried at the current term of district court on some of the counts, unless for some reason, the cases are continued.

Chamber of Commerce Banquet January 23

Ed. Shelton, secretary of the local Chamber of Commerce informed us this week that the annual banquet of that body would be held on the night of Wed. January 23rd, probably at the Tudor Sales show rooms, if that place can be secured.

Tom Cobb, Leo Holmes and Roy Collier are on the committee on arrangement, and will probably be ready with a full report to the Herald next week.

Terry County Singers To Meet at Gomez

We are authorized to announce that the Terry County Singing Convention will meet in the Gomez school auditorium the 3rd Sunday, which is the 20th.

Gomez has always had a reputation as an entertainer of crowds, and their people are still just as hospitable. Singers and song lovers from everywhere invited.

Much worth, little boasting.

The Cash and Carry Grocery Changes Hands

Mr. R. J. Alexander, of Merkel, but recently of O'Donnell and Littlefield, has purchased the Cash and Carry Grocery from Mr. Bryant and associates, and took charge of the business the later part of last week. It is the intention of Mr. Alexander to have an ad in this issue. Watch for it.

Mr. Alexander stated to a reporter that the Plains section is not a new region to him, but that he had been up here in this section for the past ten years, all the time looking for as near his ideal of a location as possible, and that he had found it right here in Brownfield with its productive soil and great trade territory.

The Herald joins the other business men of the town together with the other citizens in general in welcoming Mr. Alexander and family here. We understand that he had to purchase a residence in order to get one.

CLEOPATRA
Claudette Colbert, as Cleopatra, and Henry Wilcoxon, as Marc Antony, play the roles of history's most famous lovers in Cecil B. DeMille's "Cleopatra," which comes Sunday to the Rialto Theatre. Warren William is also featured.

Another Big First Monday Crowd Here

Another capacity crowd was in the city Monday for Trades Day, and all the merchants report a fine business. From the looks of the jockey yard, there was a lot of trading stock on hand with a lot of trades made. The auctioneers were also busy and sold a lot of stock and other things during the day.

As usual, the crowd came from every section of the trade territory, which includes parts of every adjoining county and Lea county New Mexico. The merchants and business men are looking forward to the biggest Trades Day in our history on the First Monday in February.

SMALL MEAT SUPPLY IN PROSPECT FOR THE YEAR

WASHINGTON, Dec. 31.—In a year-end statement, W. W. Woods, president of the Institute of American Meat Packers, said Monday that the United States in 1934 consumed more meat than ever before, but that "relatively small" supply is in prospect for next year.

"Peace on earth" must come from "good will to men."

More Advertising This Year Says Conoco

Newspaper advertising will again form the backbone of Continental Oil Company's 1935 sales promotion program, the largest in the history of the company, it was announced here today by C. B. Quant, Conoco's local manager, who stated that the Terry County Herald has been selected to carry Conoco advertising.

"Proof of the value of newspaper advertising, backed by quality products and outstanding service," said Quant, "is seen in fact that our company during 1934 showed a gain of 65 per cent in the sale of Conoco Germ Processed Motor Oil as compared to the previous year."

"As a matter of fact, Conoco's gross sales in 1934 were better than for any year since 1929—a fact that leads us to believe that general business conditions are definitely on the upgrade. Of course, Continental Oil Company hasn't just marked time, but has gone out after business, backed by a larger advertising program year after year."

"This year marks the sixtieth anniversary of Continental Oil Company and we expect 1935 to be the best in our history."

Art Names Tent Show Here All Next Week

Art Names Tent show will play on the Lindley lots on the Seagraves highway just outside of Brownfield all next week. This is a fine dramatic stock company and they have been playing in this part of Texas for years. This is not a picture show but a company of talented actors and actresses.

They are featuring Bunny Shults who has the reputation of being the cleverest and funniest comedian in Texas. Call some of your friends at Seagraves or Levelland where this show is well known and ask about Art Names Company. The opening play on Monday night is the world famous comedy-drama "That's Where the West Begins."

An entirely different play will be presented each night.

Texas Gets Three Million Federal Relief

AUSTIN, Jan. 5.—Federal authorities have notified State Relief Director Adam R. Johnson of the allocation of \$3,674,695 of federal funds for the relief of dependent persons in Texas during the month of January.

The allotment includes sums for various purposes as follows: General relief, \$1,500,000 (to match a similar sum made available by the state); drouth relief, \$1,609,200; cattle program, \$250,000; transient burroughs, \$125,000; student aid, \$63,195; emergency education, \$127,300.

Mr. Johnson had not received a reply to applications for \$779,046.00 for rural rehabilitation and \$2,120 for workers' education programs. If total amounts of these applications are granted, the January total of federal grants to Texas would slightly exceed those for December when \$4,304,395 was made available to the state.

Mrs. S. A. Banks has moved from Meadow to Littlefield and has the Herald to follow them.

Chevrolet Reduces Price on Some Cars

Chevrolet's prices for the 1935 New Standard and Master De Luxe models were announced by William E. Holler, general sales manager of the Chevrolet Motor Co., just before the opening of the New York automobile show. The prices are as follows:

New Standard models—Coupe, \$475; coach, \$485; sedan, \$550; phaeton, \$495; sport roadster, \$465; sedan delivery, \$515.

Master De Luxe models—Coupe, \$560; coach, \$580; sedan, \$640; sport coupe, \$600; town sedan, \$615; sport sedan, \$675; commercial panel, \$560; de luxe panel, \$580.

The prices on the New Standard coupe, coach and phaeton are \$10.00 under those of the corresponding 1934 models. On the Master De Luxe prices are exactly the same as in 1934.

Knee-action continues as one of the outstanding features of the Master De Luxe car, Mr. Holler stated, and is available to any customer on order at slight additional cost. Master De Luxe cars also feature the new Fisher turret top all steel roof construction, and a much larger body with corresponding increase in interior dimensions.

"Chevrolet was able to reduce its Standard model prices and to maintain its price levels on the Master De Luxe series in the face of substantially increased material and manufacturing costs because of the greatly increased volume scheduled for 1935, as indicated by the thousands of orders we now have on hand for the immediate delivery of the 1935 lines of cars from our organization of 10,000 dealers," Mr. Holler said in announcing the prices. Last year Chevrolet built 870,000 passenger cars and trucks, which made it the leading manufacturer of motor cars in the world for the sixth time in the last eight years. With the establishing of our 1935 prices, we are in a position to secure our share of the low-priced car business this year.

"Both lines of cars are greatly improved. The New Standard is now powered with the Master motor, and has an entirely new X-type frame which is 15 times more rigid than its predecessor. The Master De Luxe is a completely new and much larger car than the 1934 Master. To increase the comfort of passengers, and procure more body room, the wheelbase has been increased to 113 inches. This line now features, in addition to the new Fisher turret top all steel roof construction, the latest in 'tear drop' design, with dual windshield, no-draft ventilation, and all the comfort and convenience features found in much higher priced cars."

Booze Selling Under Fire of Senate Com.

AUSTIN, Jan. 5.—Startling revelations purporting to show the extent to which prohibition laws were disregarded in Texas were made today in a preliminary report of a special senate crime investigating committee which charged that certain officers were openly operating saloons.

Committeemen emphasized the charge did not apply to law enforcement officers generally but declined to specify those involved. This information, they indicated, would be included in the committee's general report.

Open Disregard Shown

"Our information shows that in a great number of places in Texas where liquor is sold the officers have an interest in the liquor business and in some cases openly operate the saloons and that there is in connection with the saloons all kinds of gambling devices and girls as young as 16 years of age dispense hard liquor," the committee stated.

"It is undisputed that there is more whiskey sold illegally in Texas now than there ever has been," the report continued. "This shows conclusively that the liquor laws are unpopular with the public and that the officers and people refuse to enforce them."

"Since repeal of the Eighteenth amendment, the federal government has shown no interest in enforcing or in assisting the state officers to enforce the prohibition laws in Texas, except to collect a \$1,000 excise tax, which is only a license by the federal government to violate the prohibition laws of Texas," the committee wrote.

Menard Smith, who is attending a business college in Chilocco, Mo., was home for the holidays, visiting his father, I. M. Smith and family.

L. D. Hamm and family are entitled to a pass to the—**Rialto Theatre**—to see—**"Shadow Ranch"** Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto-Herald

We had some real winter weather the latter part of last week, but by Sunday and the rest of this week, it looked as if spring had arrived.

It's a great pity the zipper didn't come in when they used "hoses" to the fire wagons. The hamstringing was a slow process compared to "zipping" the harness on.

Some one asked recently what had become of the bathtub in the back of the barbershop, where all the "bloods" of the town used to get their Saturday night plunge. The answer was that they had mostly been replaced by beauty parlors. However, we found that one or two of the local shops still sport a bath tub, not over one, and that they are frequently patronized.

Choice steers sold in Chicago Monday for \$11.50 per hundred, the highest price since 1931. Hogs are also selling about the top for some years, not only in Chicago, but Fort Worth and other markets. Fat beef and pork must bring a good price in order that high priced feeds can be fed to these livestock. Dollar bushel corn and 4 and 5 cent hogs and 6 cent steers don't go together.

It is said the farmers of central Texas are stringing horsetail hair through grains of corn and putting the corn where the crows can get it. It is said that the hair in the corn so irritates the bird that he falls down and tears his throat open or dies from exhaustion. The remedy is recommended to west Texas farmers to try on ravens, a second cousin of the crow. Speaking of hair in the throat, they always had another effect on us. We "urp" em up.

A San Angelo telephone man let a bunch of Gypsy women "bless" his money recently, and the pile panned out over one hundred dollars short after they left. The best plan to deal with Gypsies, both male and female is with the toe of the boot. They are the most worthless race of people on earth, and the whole kapoodlement of them are taught to steal from infancy. It may be a blessing to have money, but it doesn't need any ceremony over it to help its purchasing power.

Sharley's Shurnal of Hubcock said recently that they would in the future try not to duplicate so much in pictures of accidents, trials, wrecks and other incidences. To which we might add that a change in the scenery at the top of his column might suit some of the folks. In fact, we think the Plainsman is badly in need of a shave, and that if not too expensive, we would kindly recommend a facial surgeon who specializes in "lifting." Too much nose spoils the face, and a cigar or pipe might be substituted awhile for the well used cigar that hangs from his lower lip.

Of all the silly stunts that we have heard of is the one planned by a few New York Communists the other day, headed by a little pin headed lawyer, to kidnap the president and his entire Cabinet. This little peanut lawyer was going to make himself dictator. Just why the daily press carries such a silly item is a mystery to us. That would be as impossible to accomplish as it would be for us to rise and fly over the barn in our back yard.—Lockney Beacon.

The question has been asked just how long it takes a pardoned criminal to get back into the penitentiary. Not all pardons are unjust, but too many of them are. The "crime rate" in America is appalling; 12,000 murders, 100,000 assaults, 50,000 robberies; 4,000 homes burglarized—all in the period of 365 days. Is it any wonder that President Roosevelt is taking a firm hand against this thing which costs the government more than all other agencies combined? Yet a lot of sentimentalists weep about the treatment of the criminal.—The Canyon News.

I heard on the sidewalks of Wink one day this week that there was a millionaire working in one of the cafes in Wink. This excited our curiosity, and just to see for sure and get first hand information, I walked over and sat down, asked for a cup of coffee, and started to look around. It was true, what I heard. It was a

million dollar smile that greeted each customer, from one of the girls from behind the pie counter. Indeed, there is wealth in many things besides bank accounts, vaults of gold and trays of diamonds. The cheerful smile is worth more to humanity than any of these or all. It brightens the pathway of the downcast, and cheers those who are discouraged. It brings happiness to those whom you may come in contact with and dispels fear, and inspires hope. Its worth millions to the world. Just a cheery smile, one that bursts forth, not only through the lips, but sparkles in the eyes.—Col. I. Hearit in Wink Times.

A GREAT SPEECH

It was a fine, thoughtful, statesmanlike address which President Roosevelt delivered to the two houses of congress and the nation at large yesterday.

The president has been said to possess the finest radio voice in the country, and that would be hard to refute. His diction is flawless, his voice full and powerful, and he performs the near-miracle of putting his personality even into his broadcasts.

The speech was called by Senator Robinson, the democratic leader, "one of the most important in our history." Other party leaders were extravagant in their praise. Senator Hiram Johnson, republican progressive, said it was a great speech made by a great president. There was praise even from

Senator McNary, the republican leader.

The president has outlined a program which, if carried out, will bring about the wish that he has expressed so many times—that every man, woman and child in this country may enjoy a more abundant life.

He has given congress the road maps that lead to a new day, as he called it "a new order." The rest is up to congress.—Abilene News.

Looks like a big year coming up. Congress will meet and approve the Soilder's Bonus—maybe pass it over the President's veto. It will likewise discuss the World Court for Peace, which looks like a waste of time since no nation pays any attention to such doings unless the decision is in favor of the nation concerned. Mussolini in Italy and Hitler in Germany seems to have charge of their respective charges in a big way, and Hoey Long doesn't listen to anybody over in Louisiana. The Chamber of Commerce of the United States will doubtless continue to insist that it be allowed to direct the industrial progress of the country. The Texas Legislature will meet to pass a sales tax, which it may pass over the governor's veto. A great many other things will happen to get into headlines and they may make a few notes in history. We can just hope to stay awake enough was a great speech made by a great president. There was praise even from

RABIES PREVALENT IN WINTER AND SUMMER

Rabies is commonly supposed to prevail only during the hot months, but is in fact more prevalent in cold weather, declared Dr. John W. Brown State Health Officer. More dog bites occur from April to September, than from October to March in this climate, because dogs run abroad more freely at this season of the year, and many dogs are killed needlessly. However, the heads examined at the State Laboratory during the cool months show a higher number as having rabies.

Rabies is primarily a disease of dogs and in this way is transmitted to man. It is kept alive in Nature mainly by the dog and dog family. Rabies in cats and skunks is comparatively rare and is but occasionally transmitted to man.

The saliva of rabid animals contain the germ of rabies. Rabies may occur in persons with extremely small abrasions of the skin contaminated with infected saliva. The incubation period of rabies in man is usually from 40 to 70 days, but it may be longer up to a year. The average period in man is forty days, tho this period is usually shorter in children or following bites on the face. The closer the bite is to the brain the more dangerous it is.

The disease may be controlled by means of intelligent measures directed towards the dog. It is mainly the Stray dogs should be impounded and ownerless dogs killed. All dogs should be licensed and required to wear a tag. Owners of such animals should be held legally responsible for damage inflicted by them. All cases of suspected rabies should be promptly reported to health officials.

Care should be exercised in killing a suspected rabid dog, not to injure the brain, for if this is done it is impossible for the Laboratory to make a satisfactory examination.

Mr. and Mrs. Beverly Toone left Monday for their home in Panama. They spent some four weeks here visiting Mr. Toone's parents, Mr. and Mrs. W. B. Toone.

Pope Pool, G. S. Webber, P. R. Cates and Lee O. Allen made a business trip to Austin this week.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF TERRY.

Notice is hereby given that by virtue of a certain execution issued out of the Honorable Justice Court of Prec. 1, McLennan County, on the 11th day of December 1934, by Clint A. Allen, Justice of the Peace of said Court for the sum of One Hundred Seventy and No One Hundreds Dollars and costs of suit, under execution in favor of J. S. Dansby in a certain cause in said Court, No. 29991 and styled J. S. Dansby vs. Wm. E. Peters, placed in my hands for service, I, J. S. Smith as Sheriff of Terry County, Texas, did on the 4th day of January, 1935, levy on certain Real Estate situated in Terry County, Texas, described as follows, to-wit: 75 acres of land out of section 127 in Block "T", Terry County, Texas, lying in a square block in the Northeast corner of said survey, and more particularly described in Deed from Wm. E. Peters to James R. Jenkins and I. Mack Wood, recorded in Vol. 39, Page 222 of the Deed Records of Terry County, Texas; and levied upon as the property of Wm. E. Peters and that on the first Tuesday in February 1935, the same being the 5th day of said month, and that on the first Tuesday in February 1935, the same being the 5th day of said month, at the Court House door, of Terry County, in the town of Brownfield, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Wm. E. Peters.

And in compliance with law, I

give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County.

Witness my hand, this 4th day of January, 1935.

J. S. Smith, Sheriff
Terry County, Texas.

PROBATE OF WILL

THE STATE OF TEXAS: To the Sheriff or any Constable of Terry County, Greeting:

You are hereby commanded to cause to be published once each week for period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Terry County, a copy of the following notice:

THE STATE OF TEXAS: To all persons interested in the Estate of F. M. Chapman, deceased, Nora Bell Chapman has filed in the County Court of Terry County, an application for the Probate of the last will and testament of F. M. Chapman, and for letters testamentary; which said application will be heard by said Court on the 4 day of February 1935, at the Court House of said County, in Brownfield, Texas, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court on the first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Brownfield, Texas, this the 4th day of January 1935.

(Seal) W. A. Tittle, Clerk,
County Court, Terry County, Texas. 23c.

NOTICE

STATE OF TEXAS.

To the Sheriff or Any Constable of Terry County, Greeting:

You are Hereby Commanded to cite all persons interested in the Estate of M. G. Gordon, deceased, to appear at the next regular term of the County Court of Terry County, Texas, to be holden at the Court House thereof, in the City of Brownfield, on the first Monday in February, 1935, the same being the 4th day of February, 1935, to contest, should they desire to do so, the final Account and application of Frank E. Givan, Administrator of the estate of said M. G. Gordon, deceased, for his discharge as such administrator, and for partition of said estate, between Mary S. Givan and W. A. Coons, alleged in said account, to be the persons entitled to receive said estate, filed in said Court, on the 9th day of January, 1935, which said account and application will then and there, by such Court, be acted on.

HEREIN FAIL NOT, but have you before said Court, on the first day of the next term thereof, this Writ.

ORDER OF SALE

In the United States District Court for the Western District of Texas, Waco Division.

J. M. Hubbert No. 236
vs
Temple Trust Company Equity.

Notice is hereby given that the undersigned, as Receiver for TEMPLE TRUST COMPANY, has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to ATLAS LIFE INSURANCE COMPANY 160 acres of land lying and being situate in Terry County, Texas and being all the Southeast One-quarter (SE-1/4) of Section Six (6), Block D-12, in cancellation of said company's claim against the Receivership Estate, now amounting to about Twenty-Three Hundred Dollars (\$2300.00).

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.

WITNESS MY HAND at Temple Texas, this the 24th day of December, A. D. 1934.

WEST TEXAS TO SHARE IN CENTENNIAL

ABILENE, Tex. Dec. 31 Although Texans generally are looking forward to the observance in 1936 of the Centennial of Texas by celebrations and pageants throughout the State, it should be recalled that the history of Texas does not end with the Alamo and San Jacinto. Ample evidence of this self evident fact is afforded through the activities of the West Texas Historical Society, which in its 1934 yearbook has captured and preserved more of the romantic story of the Old West in Texas for posterity.

In this volume, R. D. Holt, in a paper dealing with the great land rush, tells of 30,000 persons seeking homes, who participated when the State of Texas sold 9,000,000 acres of public school lands in twenty-one West Texas counties 30 years ago.

Other interesting information for those historically inclined is afforded by eight other papers, included in the volume, among which is that by R. C. Crane of Sweetwater, President of the association since its founding 10 years ago. In "Stage Coaching in the Concho Country," he gives an interesting account of the pioneer transcontinental lines, which threaded their ways across Texas both before and after the War between the States.

Mrs. M. K. Stevenson writes of the restoration of old Fort Concho at San Angelo to provide the West Texas Museum. T. R. Havin gives an account of "The Missionary Efforts of Noah T. Byars;" Col. L. M. Crimmin of "General MacKenzie and Fort Concho;" Ben O. Grant, of "Life at Old Fort Griffin;" J. Marvin Hunter, of "The Battle of Dove Creek;" and Herbert R. Southwork, of "The Later Years of Seaman A. Knapp."

SIX MILLION FARMS TO BE CANVASSED

In 1850 when the first census was made of the number of farms in the United States there were approximately one and one-half million, with farm property valued at four billion dollars. The last Census of Agriculture taken in 1930 shows more than six million farms with a property value of more than fifty-seven billion dollars.

Some idea of the magnitude of the task now being undertaken by the Bureau of the Census in connection with the forthcoming farm census which will begin January 2, 1935, may be gleaned from calculations based upon the six million farms recorded in 1930. These farms totalled nearly a billion acres and crops were harvested from approximately 359,000,000 acres. The farm population was almost 35,000,000, or 24.8 percent of the United States total. The broader classification, rural population, which is the population residing in places of less than 2,500 and on farms, was, at that time almost 54,000,000, or about 43.8 percent of the country's population.

This census is one of the activities undertaken by the Government primarily for the benefit of the farmers and the farmers are urged to cooperate by writing to the Bureau of the Census Washington D. C., for a sample copy of the schedule. By procuring a copy they will be able to study the questions and answer them accurately when the enumerator calls in January.

John L. Cruce, Tech student, was down Sunday visiting his parents, Mr. and Mrs. Luther Cruce.

Tells How to Prolong Life of Good Cows

Five years is the average profitable milking life of a good cow, according to the U. S. D. A. records.

"Which is just another way of saying that a man operating a twenty cow dairy is, on the average, obliged to bring in four new cows each year, either as helpers he has raised or through the purchase of cows or helpers," declares W. R. Arends, prominent dairy advisor, in a general statement to American dairymen.

"Only five years seems a mighty short span of usefulness," says Arends, "and there's no getting around the truth of it. At the same time there is no reason why that comparatively brief period should not be extended several years, and save dairymen thousands of dollars. The fact is, this very thing is being accomplished every year in more and more herds, simply by recognizing the things that make frequent replacements necessary and taking definite steps to put a stop to them."

Replacement Factors

"In general, there are several reasons why dairy cows must be replaced. The U. S. D. A. states them to be: first, low production; second, udder trouble; third, sterility; fourth, abortion; fifth, tuberculosis. The Dairy Herd Improvement Association Records agree that more cows are eliminated because of low production than any other reason. This is as it should be. Cows that are not well enough bred to produce sufficient milk to pay their way, should be replaced even though they are healthy and in good condition. Strict adherence to this rule would go a long way toward stepping up net profits and increasing the general herd average as well."

"But that's not the whole story behind the present five year limit. There are other greatly responsible factors to be found in udder troubles, breeding failures, and cow diseases. Udder troubles are traced directly to the health and condition of the cow. If she is in prime condition these troubles seldom occur."

New Bulletin Offered

"For those who are interested, there is available a bulletin titled 'Profitable Cows' which can be had for the asking. It describes fully a proven program for effectively handling dairy cattle in a way that will successfully eliminate costly cow troubles and prolong the milking life of good cows. This program was worked out in collaboration with many reliable herd owners and after a series of experiments at the Purina Experimental Farm. To obtain this bulletin, write the Educational Division, Purina Mills, St. Louis, Mo."

NEW BOOK ON DAIRY PROFITS

So that all may have access to the latest dairy developments there has been published an authoritative, well-timed bulletin "Profitable Cows" by Purina Mills. Here is presented a practical and helpful plan for cutting cow costs and building the dairy herd to a more profitable basis of production, through the proper handling of the cow during the dry, freshening, and milking periods. The methods described are practical ones which create in every cow the correct condition for her to do her best work all the year around. They give her the reserve and resistance to ward off dangerous inside tear-down which leads to disease.

WARM CLOTHING FROM CAST OFF GARMENTS

MIDLAND, Tex.—A sport coat has been made from a white woolen blanket at a cost of 80c by Mrs. S. H. Gwyn, former wardrobe demonstrator of the Busy Bee Home Demonstration Club in Midland county, according to Miss Myrtle Miller, home demonstration agent. Two packages of red dye and one brown were used, and carved buttons made from old table leg completed the coat.

The sport coat, another coat, and a suit made from two discarded woolen suits were valued at \$50 by a local saleswoman. The cost to Mrs. Gwyn was \$3.15 for dye, thread, buttons for the suit, and pressing.

Indignant

Rosita Carmen is both humiliated and indignant—the one because she feels that jail is no place for a perfectly nice strip dancer, and she spent a night recently in the Fort Worth jail; the other because the cops wouldn't let her dress before they took her. Rosita is a strip dancer and wears a ban-leau and net panties stuck on with spirit gum. Arrested in a night club as she began an encore, she will dance no more in Fort Worth, according to Police Chief Lewis. Miss Carmen is pictured in jail. (Texas News Photos.)

Gasoline Bootleggers In For Much Trouble

AUSTIN, DEC. 28—Gasoline racketeers in the boundary counties, who haul motor fuel into Texas by night from Oklahoma, Louisiana or New Mexico and pay no tax on it to Texas highways or schools, are marked for extermination by Comptroller George H. Sheppard.

"First blood" in his enforcement drive was drawn recently at Perryton in Ochiltree county on the northern fringe of the Panhandle, where a motor fuel dealer was convicted of selling tax-free gasoline, hauled from Oklahoma under cover of darkness, to farmers for six cents a gallon. The dealer was fined the minimum of \$100 and two other charges against him still are pending in district court.

Since this test-case was finished, numerous other boundary dealers have remitted voluntarily the state's four cents per gallon tax on gasoline brought under similar circumstances. One check covered taxes due on more than 1,700 gallons of gasoline.

The comptroller said Oklahoma tax authorities are giving full cooperation in the campaign, providing documents and witnesses.

Meanwhile the enforcement staff of some 70 persons is "bearing down" against other types of violators, Mr. Sheppard said, and has been responsible for 18 court actions in widely scattered sections.

Gregg county, in East Texas oil field, saw one conviction and four indictments. One dealer in Dallas and another in San Antonio were convicted of selling gasoline blended with tax-free agents such as kerosene or naphtha and thus "chiseling" the motorist for the extra tax. Five similar convictions were obtained in Laredo, where a small refinery which had furnished the below-standard gasoline paid all the fines. Four more complaints have been filed in Runnels county, two in Galveston county.

LET US NOT BE FORGOTTEN

By Theoda Hart Stackhouse
Let us not be forgotten, we who wait
Sad-eyed and wistful, chained to a lonely bed.

Exiles from life by this mad jest of Fate,
Weary with lost dreams, we the living-dead.

Send us then some small token, only say
We are remembered, that Somewhere hearts still yearn

At our long absence, as day by weary day
Grow into months and years ere we return.

We will fight on then smiling, knowing life.

If we be not forgotten in the end
Is worth the lonely hours of pain and strife

While love abides, and we have yet a friend.

For the past two years Miss Stackhouse has been a shut-in. Her case is typical of thousands of tuberculosis patients who are "taking the cure" in hundreds of sanatoria today. She had tuberculosis as a child, but had almost forgotten the experience in the excitement of acquiring an education, the hectic rush of newspaper work, and the absorption of writing fiction. She was well launched as a writer when a second breakdown forced her to enter a sanatorium in her native state of Oregon. Her medical history illustrates why tuberculosis associations, with the help of Christmas Seals, strive to impress upon the public: "Protect children from tuberculosis."

SOTOL ONLY FEED ON MANY RANCHES

SAN ANGELO, Texas, Dec. 31—Sotol is saving the live stock of many ranches on the West Texas ranges this winter due to the severe drought conditions.

Many ranchmen have purchased sotol cutters, with engines, at a cost of about \$600 and most of them say that sotol feeding costs only half as much as when cotton seed cake alone is fed and the results are as good or better.

Bulk of the ranchmen are feeding cottonseed cake as the best supplement with roughage, many of them using burned prickly pear, bear grass and mesquite leaves as roughage.

NEEDED RETURN OF OLD FAMILY PHYSICIAN

CHICAGO, Dec. 29.—Mild-mannered, modest Dr. A. R. Dafeo today was hailed as a medical Lindbergh blazing a trail leading to the much needed return of the country doctor.

Already he has become a hero to medical students and the doctors about to graduate. Youths planning to go into medicine have had their fancy fired by the needs of the simple country physician who overcame the backwoods to keep alive the modern miracle—the five little Dionne girls.

SALES AND COLLECTIONS BETTER 1934 THAN 1933

AUSTIN, Texas, Dec. 28—Reports from 92 representative Texas retail stores establishments show an average gain of sales during November of 15.4 per cent over November last year and a decline of only 2.4 per cent from October whereas the average seasonal drop between these months is 7 per cent, according to the University of Texas Bureau of Business Research. During the first eleven months of 1934 sales were 21.4 per cent greater than in the corresponding period in 1933.

Of the different types of stores, sales of women's speciality shops showed the largest gain over November last year with an increase of 22.4 per cent. Men's clothing stores showed a gain in sales of 19.2 per cent and large department stores an increase of 18.5 per cent. Dry goods

and apparel stores and small department stores, however, showed a slight decline in sales from last year of 1.4 per cent and 0.3 per cent respectively. Collections of outstanding accounts were considerably better than in November last year. During the month 37.3 per cent of outstanding accounts were collected against 34 per cent a year ago.

Roosevelt's Son Pays Texas Poll Tax

Here is Elliot Roosevelt, son of the President, buying his first poll tax and establishing citizenship in Tarrant county, Texas. He and his wife, the former Miss Ruth Googins of Fort Worth, are shown here in the office of Associate Justice H. S. Lattimore as they were being issued poll tax receipts by Tax Collector John Bourland while Judge Lattimore looks on. (Texas News Photos.)

Sandstorm Turns Into Tornado and Amarillo Wins, 48 to 0

The Golden Sandstorm of Amarillo came out of the Panhandle of Texas like a raging Northern Saturday, to leave the Buccaneers of Corpus Christi grubbing earth to keep from being blown completely away. The final score was 48 to 0, the most lopsided score ever to occur in the finals of the high school championship. Knifing through the line like the teeth of the wind, Sandie backs ripped off nearly 500 yards of gain during the game, and stalwarts in the Amarillo line stopped Haas, star back for the Buccaneers, cold. The crowd of 21,000 who saw the game in Dallas will never forget the "unholy three" of the Amarillo backfield—Stidger, Harlow, and Bufkin, who carried the ball 56 times during the game and averaged an eight-yard gain every time. In the picture whiteclad Sandies prepare to mob Haas, the Buccaneer light that failed. (Texas News Photos.)

TEXAS DOES NOT NEED FEDERAL CHILD LABOR LAWS

Texas has what is known as a model Child Labor statute, making it quite unnecessary for any Federal activities in the opinion of many Texas' leading industries.

The announcement from New York that leading members of the American Bar Association believe that the Child Labor Amendment movement's been stopped in its tracks has been hailed with great delight by forces in Texas.

It is estimated that there are in Texas 2,200,000 boys and girls under eighteen years of age, who if the Federal amendment is adopted by thirty-six states, would be under the direct control of Federal agents, who could pin badges on boys and girls and regulate the kind of work they do in homes and on the farms.

It has been pointed out also by the Texas Committee that nearly 400,000 young married women, who are under eighteen years of age, would be under Federal jurisdiction and their household and private lives would be regulated by Federal inspectors.

Many states have their own Child Labor laws and if they are enforced the Committee believes there is no need for Federal interference.

"Texas laws permit orphan children over 12 and under 15 with fifth grade schooling to work and support self or widowed mother," State Labor Commissioner Charles H. Poe said, "except in dangerous occupations. To work children under 15 during school session a permit issued by the County Judge is required. Children of any age can be worked during school vacation except on hazardous occupations."

News from New York during the last week in December looks as if the Child Labor Amendment is definitely disposed of because the opinion is given that such an amendment would be unconstitutional.

It is very plain to anyone reading excerpts from the intention of the

POST TO BROWNFIELD BUS

Shortest and Cheapest to All Points East and South Good Connections - Low Price Will Appreciate Your Business J. C. BOND

Federal Children's Bureau—the bureau which would have charge of the administration of a federal child labor law in the event of ratification of the so-called child labor amendment is to control and regulate the work of children as well as youths up to 18 years of age, on the farm and in the home.

It should also be apparent from these excerpts that the propaganda now being circulated in behalf of the amendment is misleading and entirely contrary to the official report of the child labor problem prepared by the Federal Children's Bureau itself.

EASY ACCESS TO PALO DURO PARK

CANYON, Tex., Jan. 5—A recently opened thirteen mile highway will enable Texas Centennial visitors in 1936 readily to proceed from Canyon to what is considered one of the most beautiful and geologically interesting parks in America. The Palo Duro Canyon State Park embraces 15,103 acres, which have been improved by CCC workers cooperating with the State.

A 100-foot highway now lead down the rim into the former inaccessible depths about 700 feet and bears the name of Goodnight Trail in commemoration of the first cattleman in that part of Texas, who developed the great ranch on which still roam not only vast cattle herds but also one of the few remaining herds of buffalo in the world.

This canyon, the age of which is placed at some 100,000,000 years, presents a series of massed beauty spots, which will draw the admiration of the tourists. Its reds, greens, yellows and mauves rival the inspiring color of the Grand Canyon.

The old Oscar Jones home on east Main is undergoing a thorough renovating, after which it will be occupied by Ben Hilyard and wife.

Jack Holt and family and Mrs. G. W. Graves have returned from Arkansas and Oklahoma, where they visited relatives and friends during the holidays.

Mr. and Mrs. Hayden Griffin made a business trip to Amarillo last Friday.

We are sorry to report that Grandma Hale is not improving very fast.

County Treasurer's Quarterly Report

In the Matter of County Finances in the hands of Mrs. J. L. Randal Treasurer of Terry County, Texas. Commissioners' Court Terry County, Texas, in Regular Session, December Term, 1934.

WE, THE UNDERSIGNED, as County Commissioners within and for said Terry County, and the Hon. Jay Barret, County Judge of said Terry County, constituting the entire Commissioners' Court of said County, and each one of us, do hereby certify that on this, the 31st day of December A. D. 1934, at a regular term of our said Court, we have compared and examined the report of Mrs. J. L. Randal, Treasurer of said County, for the period beginning on the 1st day of November A. D. 1934 and ending on the 31st day of December A. D. 1934, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of said County, stating the approval of said Treasurer's Report by our said Court, which said order recites separately the amount received and paid out of each fund by said County Treasurer since her last report to this Court, and for and during the time covered by her present report, and the balance of each fund remaining in said Treasurer's hands on the said 31st day of December A. D. 1934, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with said order as required by Articles 1636-1637, Chapter 1, Title 34 of the Revised Statutes of Texas, 1925.

JURY FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (7828.28), To amount received since said date (871.82), By amount disbursed since said date (526.24), By amount to balance (8173.86), and TOTAL (8700.10).

ROAD AND BRIDGE FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (2495.61), To amount received since said date (4604.36), By amount disbursed since said date (4061.00), By amount to balance (3038.97), and TOTAL (7099.97).

GENERAL FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (175.41), To amount received since said date (2740.96), By amount disbursed since said date (2665.05), By amount to balance (251.32), and TOTAL (2916.37).

PUBLIC BUILDING FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (96.35), To amount received since said date (2678.82), By amount disbursed since said date (3348.35), By amount to balance (290.82), and TOTAL (3639.17).

R. & B. INT. & SINK FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (1472.72), To amount received since said date (735.82), By amount disbursed since said date (8.60), By amount to balance (1999.94), and TOTAL (2008.54).

C. H. & J. BOND FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (219.50), To amount received since said date (2303.78), By amount disbursed since said date (39.87), By amount to balance (2483.41), and TOTAL (2523.28).

SPECIAL ROAD WARRANT FUND

Table with 2 columns: Description and Amount. Includes Balance on hand as shown by Treasurer's Report on the 31 day of October, 1934 (1449.80), To amount received since said date (None), By amount disbursed since said date (3.15), By amount to balance (1446.65), and TOTAL (1449.80).

RECAPITULATION

Table with 2 columns: Description and Amount. Includes Balance to credit of Jury Fund on this day (8173.86), Balance to credit of Road and Bridge Fund on this day (3038.97), Balance to credit of General Fund on this day (251.32), Balance to credit of Public Building Fund on this day (290.82), Balance to credit of R & B. Int. & Sink Fund on this day (1999.94), Balance to credit of C. H. & J. Bond Fund on this day (2483.41), Balance to credit of Special Road Warrant Fund on this day (1446.65), Total Cash on hand belonging to Terry County in the hands of said Treasurer as actually counted by us (17684.97).

BONDED INDEBTEDNESS

Table with 2 columns: Description and Amount. Includes The bonded indebtedness of the said County we find to be as follows, Terry County Court House & Jail Bonds (62,000.00), Terry County Court House & Jail Bonds (44,650.00), R. B. George Machjoe Warrants (3,000.00), 1919 Road Warrants (13,000.00), Lewis Patten (500.00), W. H. Collins (4,000.00), J. D. Adams Co. (10,044.28), 1934 Road Warrants A (8,500.00), 1934 Road Warrants B (5,375.00), Terry County Road Bonds (Paving) (9,000.00).

Witness our hands, officially, this 1st day of January A. D. 1935 Jay Barret, County Judge L. L. Brock, Commissioner Precinct No. 1 W. A. Hinson, Commissioner Precinct No. 2 R. I. Cook, Commissioner Precinct No. 3 G. M. Thomason, Commissioner Precinct No. 4 Sworn to and subscribed before me, by Jay Barret, County Judge, each respectively, on this the 1st day of January A. D. 1935. Rex Headstream, County Clerk.

ADVICE ON SPELLING RECEIVED BY MISS PRICE

Advice from the Interscholastic League headquarters in Austin states that 200,000 copies of the current spelling list have been printed and are now ready for distribution, according to Miss Cleo Price, recently elected director of spelling for the League in this county. The price of the spelling bulletin of sixteen pages is the same as it was last year, i. e., one cent a copy when ordered in lots of one hundred or more copies. It would be well for schools needing less than one hundred copies to club their orders so as to get the benefit of the cent-a-copy rate. Teachers of spelling are cautioned that the League spelling contest involves also a plain writing feature.

in the spelling rules of the current Constitution and Rules. It would be well to drill pupils to avoid the errors "The words included in the list have been carefully selected and graded and form an excellent supplement to the State Adopted Text. None of the words in the State Text appear in the spelling list of the League. It is hoped that there will be wide participation in this contest in this county. All one hundred percent papers produced at the county meet are sent to the State Office of the League where the papers are re-graded, and, if adjudged perfect, a suitable award is given." Mrs. John Randal spent the week end in Lubbock with her daughter, Mrs. Percy Spenced and family, and observed a birthday with the family

Of all the indices of Texas business condition, perhaps none offers more definite and specific proof of progress than the annual statement of a large life insurance company which for thirty-two years has done business in every nook and corner of Texas, but which writes no insurance outside of Texas. Such a company is the Southwestern Life of Dallas, the only one of the large Texas companies which does not go outside the State for business. It is by far the largest United States company operating in only one state. By reporting an increase of more than fifteen millions insurance in force during 1934, the first substantial gain since 1930, this Texas institution offers significant evidence of business improvement in Texas. A record of the Company's size for the past five years writes the history of the depression. Up to the end of 1929, the Southwestern had made large gains annually for many years, having doubled in size during the previous six years.

Early in 1930 lapse and surrenders began to be felt, and the gain during that year was small—approximately one-third of that for 1929. On December 31, 1931 the Company had less insurance in force than it had at the beginning of the year.

The next year, 1932, generally conceded to be the worst for nearly all lines of business, proved the most difficult for Texas policyholders. Notwithstanding the production of thirty-seven millions of new insurance by the Company's agents, the total volume in force fell off more than fourteen million. Recovery commenced in 1933 with a gain of about one and a half millions was recorded. The gain of fifteen millions for 1934 has just been announced in a report to policyholders by C. F. O'Donnell, President.

A comparison of the annual statements for 1933 and 1934 reveals some interesting changes in the Company's investment practice, due to the introduction by the New Deal of its Government lending agencies. Prior to 1930 the Southwestern Life found a ready outlet for its reserves and surplus funds in the mortgage loan field, and 55 percent of its assets were invested in loans on Texas farm and city property. At the end of 1934 only 36 per cent of its assets were in mortgage, while the bond item had increased from 8 per cent to 22 per cent.

The tendency toward increasing liquidity is revealed in the larger portion of cash and United States Government bonds, now more than

five millions, or approximately 12 per cent of all assets, as compared to 8 per cent at the end of 1929. While the normal income of a legal reserve life insurance company far exceeds its normal disbursements, the companies have been called upon in recent years to meet heavy withdrawals of policy reserves or "cash values." Many millions of dollars have been loaned to Texas citizens on the security of their policies, and doubtless many of these emergency funds.

President O'Donnell says the demand for policy loans has been steadily decreasing, however, and the life companies are turning again to long-term investments. With gradual retirement of the Federal Government from the real estate business, the companies are anticipating an improved demand for first mortgage loans. Properly selected Texas mortgage loans have given a good account of themselves during the depression. The Southwestern Life's figures for 1934 reveal that interest collected on real estate loans during the year yielded a return of 6% on a total investment of more than sixteen millions. Since organization in 1903, the Company has loaned approximately forty-six millions to Texas citizens on Texas real estate.

Stronger Than Ever

On January 1, Southwestern Life filed with the Insurance Department at Austin the strongest financial statement of its history. In condensed form it appears below.

During the past year, the Company GAINED MORE THAN FIFTEEN MILLIONS Insurance in force, and increased its surplus by more than \$200,000.00. Southwestern Life has \$1.29 of assets for every dollar of net liability.

Gain Since 1929

While its reserve liability on all policies has increased only 31% during the past five years, the Company's capital and surplus (held for the additional protection of policyholders) have increased 45%.

Condition of the Company December 31, 1934 32nd Annual Statement

Table with 2 columns: ASSETS and LIABILITIES. ASSETS includes First Mortgage Loans on Texas Real Estate (\$16,034,235.19), Home Office Building (1,500,000.00), Other Real Estate (1,380,019.00), United States Government Bonds (2,110,734.78), Bonds Guaranteed by U. S. Government (2,285,852.76), State of Texas Bonds (953,226.24), Texas Municipal and County Bonds (4,601,840.26), Cash in Banks (871,634.55), Interest and Rents Due and Accrued (1,320,123.35), Loans to Policyholders (11,782,418.68), Net Premiums in Process of Collection (1,598,353.23), Total Assets (\$44,438,438.04). LIABILITIES includes Legal Reserve on All Policies (\$36,559,998.31), Reserve for Interest and Premiums Paid in Advance (424,913.42), Reserve for Taxes (81,000.00), Reserve for Sundry Liabilities (319,010.77), Investment Reserve Fund (250,000.00), Surplus Funds Held for Additional Protection of Policyholders: Capital Stock \$2,000,000.00, Unassigned Funds (4,803,515.54), Total Balance Assets (\$44,438,438.04).

Added Security No Increase in Cost

The Company operates under the Registration Law of Texas. Securities are deposited with the Insurance Commissioner of Texas, the market value of which is greater than the net liability to all policyholders.

As evidence that the required deposit is maintained, the Insurance Commissioner is required to sign the following certificate on every Southwestern Life policy:

"THIS POLICY IS REGISTERED, AND APPROVED SECURITIES EQUAL IN VALUE TO THE LEGAL RESERVE HEREON ARE HELD IN TRUST BY THE COMMISSIONER OF INSURANCE OF THE STATE OF TEXAS."

TARDIES

We have had good attendance this year in B. H. S. A record has been kept by way of an honor roll of the attendance, and this record has been above the average. However, there has been some decline in it. At the close of the first month there were 41 on the honor roll, the second month offered 67, the third dropped to 51, and the fourth month list trailed with a 36. For the fourth month there were 10 Seniors on the roll, 10 Sophomores, 9 Juniors, and 7 Freshmen. On the Perfect Attendance list for the year, there are 6 Seniors, 3 Juniors, 3 Sophomores, and 4 Freshmen. We wish to call attention to the fact that a large percent of the students on the perfect roll are from the country or live some distance from the school; in fact, all six of the students on the Senior roll are from the country.

This decline is due to tardies. Percentages of attendance show little decline in days actually missed. These figures are 92.67 for the first month; 93.73 for the second; 95 for the third and 92.15 for the fourth. But how many tardies are there? In September there were 130, in October 166, in November 198, and in December 317. This was a gain of 119 in one month. In the Senior class there were 63 tardies among 19, 77 among 24 in the Junior class, 84 in the Sophomore group of 33, and 93 times in the Freshmen class among 31. One Freshman was tardy 10 times in one month. Perhaps these tardies might suggest that our school begins too early in the morning. Nevertheless if this is true, we must adjust ourselves to it until something can be

done to remedy it.

JUNIOR HIGH HAS MORE TARDIES

The report from Junior High School for the month of December shows some very regrettable facts. The number of tardies has increased from 72 for the month of November to 92. This is an increase of 27.7 per cent. This means 92 pupils have missed part of one class during the month. A pupil who misses a part of a class period can not receive as much good from that class as he would if he had been in class all the time, because he has not known what has been explained in the beginning of the class period and his interest for that period is not as keen as if he had been in the class from the beginning.

Parents are urged to see that pupils are sent to school on time, because careless habits are easily formed; furthermore, the bad habit of making excuse is encouraged by this tardiness.

Mr. Orian Dennis,
East Ward Principal.

TARDIES IN ELEMENTARY SCHOOL INCREASE

The number of tardies in the elementary school increased from 85 in November to 235 in December, an increase of 150. These 235 tardies were made by 105 pupils with an average of 22 tardies each. This means that 257 pupils out of our 362 were not tardy, and they are to be congratulated on the good habits they are forming.

The cooperation of the parents will be appreciated in cutting down our tardies and helping our children form habits of punctuality.

Mrs. Ivy Savage,
Principal West Ward.

CUB COMMENT

Dorothy Dix made this comment, "It is the girls with the least sense that have the most dates."

It seems that the girls on the B. H. S. basketball team should practice shooting at the basket more. This might mean a winning team for B. H. S.

Due to the fact that a class in English is studying news writing, quite a bit of the material in the Cub Reporter this week has been turned in by new hands.

Students of B. H. S., remember when we have a basketball tournament that it is poor sportsmanship to yell when the opposing team is fouled.

The next two weeks will be busy ones for the students and teachers of B. H. S. as it is "not long now" until the semester examinations.

Are the classes of B. H. S. letting their class spirit disappear now that the contest is over?

The desks in B. H. S. should be tightened to the floor. When a student moves it invariably ruins the piece of work the student behind is working on. Whom shall we complain to?

Why doesn't school begin at nine o'clock during the winter months, anyway?

Meadow Broncos Trounce Brownfield Cubs

On Thursday evening, January 3, 1935, beginning at seven-thirty in the Meadow gymnasium, the local basketball club met the Meadow Broncos in an early practice game. The Cubs lost to the tune of 42 to 16. Meadow fans had turned out in good fashion to see the contest. The spirit of the home team was enthusiastic.

The Brownfield boys made the first goal with Waters dribbling down the right side line and shooting a long-distance one. Meadow then followed with two or three quick goals. The first quarter ended with Meadow leading by a score of 10 to 6. During the first two minutes of play in the second quarter, Gilmore, with the help of his team-mates made two more goals. The first half ended with Meadow still leading with a score of 16 to 12.

The last half belonged to Meadow throughout. The Brownfield boys forgot what a man-to-man defense was and didn't show any sign of

knowing what a fast-break offense was. This being the type of basketball they were supposed to be playing. The final count showed Meadow to be in the lead by a safe margin.

DOLL SHOW

Dolls! Dolls! Dolls! Everywhere there were dolls in the Brownfield Elementary School, Friday, Jan. 4, when the little girls brought their dollies for a doll show. There were baby dolls, negro dolls, twin dolls, one-armed dolls, dolls with real hair, Betty Boop dolls, Shirley Temple dolls, crying dolls, mamma dolls, and laughing dolls. In fact, there were eighty-four dolls in all and each little mother displayed hers proudly, as much as to say hers was the prettiest and sweetest of all.

CUB CHATTER

Many students of B. H. S. attended the basketball tournament at Meadow over the week-end. The girls are grateful for this support, and hope it will continue.

Mr. and Mrs. Penf made a little trip to Tahoka and Lubbock, Sunday.

Mr. and Mrs. Cox of Stanton, Texas, visited their daughter, Sally Ruth, Sunday.

Ollie Bruton was a visitor in Snyder, Saturday and Sunday.

Marguerite Smith of Glendale, Arizona, will attend school here after mid-term. She is a cousin of Sallie Stricklin.

Mary Helen Marshbanks was in Lubbock Friday night.

Lucille McSpadden spent the week-end at the home of Luna Maude Gore.

CUB CLASSES

SENIORS—In the Senior class meeting Monday, Jan. 7, they decided to meet in the auditorium every other Monday for a program. President Roy Cham-

bliss appointed a program committee composed of Truett Flache, Monroe Gilmore, Ethel Pippin, Ona Faye Tittle, and Marjeanne Griffin. They plan to learn the talent of each Senior and let each exercise it on the class some time during the year.

It was definitely decided the Senior play, "Laugh Clown," would be presented February 4.

JUNIORS—At the class meeting last Monday the Juniors made a New Year's Resolution. It was to pay their debts. They also made plans for several methods to raise some much needed funds. They have decided to sponsor a "Womanless Wedding" soon.

SOPHOMORES—The Sophomores have been taking a rest since the holidays it seems. In class they yawn and act "kinda' dumb, and the teachers act disgusted with them, so they pile the lessons high. But now that first semester finals are nearing the pupils seem to be getting down to business. It looks as if the exams are a "Holy Terror" to the Sophomores. However a "peppy" new song has been selected for the class.

CUB CELEBRITIES

TOMMIE ROE—Tommy was born May 9, 1917 at Alvarado, Texas. His family moved to Union where he entered school in 1923. Tommie attended school at Union for ten years following his entrance. He became a member of the class of '35 in Sept. 1934.

Since Tommie began his Senior year, he has become a friend to many. He is a well rounded student taking part in athletics as well as being an excellent student. His favorite subject is Spanish.

After finishing high school in May, Tommie plans to go to Texas Tech at Lubbock to study Agriculture.

RALEIGH LUKER—Raleigh was born Sept. 30, 1917 at Comanche, Texas. He moved to the Union School District where he started to school in 1924. He attended school at Union until September, 1934. Raleigh began his B. H. S. work in Sept., 1934.

Since he became a member of B. H. S. he has been very much a part of the institution. Being too small to enter athletics, he takes an active part in the P. T. classes.

Raleigh plans to go to Tech next fall to study civil engineering.

CUB CLUBS

B. B. B. CLUB—The B. B. B. Club met with their sponsor, Mr. Penn, at the regular place of meeting, last Thursday, January 3. The band played "Old Black Joe," "Taps" and "Pop Goes the Weasel."

The band is invited to demonstrate its ability, Tuesday night, January 8, at P. T. A.

SCIENCE CLUB—Science Club met January 8, in the Science room. The program committee had planned, but by some misfortune the members failed to have the program out. So the club had a nice study period.

ATHLETIC CLUB—On Thursday morning January 3, the Athletic Club met in Coach Daniel's room for a lecture on basketball and how the game is played. All the club was present.

After calling the club to order, Mr. Daniel proceeded to tell the boys some important points on basketball. He explained how to pass the ball and catch it; the boys needed this very much. The boys looked pretty good now, and hope to win the district tournament.

DRAMATIC CLUB—The Dramatic Club decided at their meeting last Thursday morning not to meet any more until after mid-term examinations.

THE LILLIANNA CLUB—"Early Settlers and Their Homes" was the program presented at the Lillianna Club meeting, Tuesday, Jan. 8. Othell Price gave an interesting discussion of "The Houses of New England." This was followed by "Dutch Homes," a report by Pauline Lindley. Syble Rogers ended the program by giving a brief description of "Southern Homes."

You'll need more than a fire extinguisher.

Hog Prices Are Highest Since 1931

KANSAS CITY, Jan. 4.—Price of fat hogs here today advanced to the highest figure quoted since April, 1931, as trade in all classes of livestock rose to its most encouraging point in months.

Fat hogs quotations advanced 25 to 40 cents to \$7.95 a hundred-weight. The bulk of all hogs in Kansas City sold at \$7 to \$7.85.

Challis Chats

School is progressing nicely with an average of 91 per cent attendance this year. Have two new students enrolled from Needmore this week. They are Paul and W. T. Stewart.

Mr. D. Stewart and family moved to the Mr. T. L. Price farm. Mr. and Mrs. Price moved to Brownfield.

Mr. Clay Henson who has been sick for sometime is reported better. Mrs. B. L. Frye and little son, Billie visited her parents, Mr. and Mrs. Bill George Sunday.

Mr. and Mrs. Dillard Graham and family and Mr. John McDonald of Brownfield visited with Mr. and Mrs. George Henson and family, Sunday.

Mr. and Mrs. Johnnie Dobbs are the proud parents of a fine boy born Monday morning at the Treadaway-Daniell hospital.

Mr. and Mrs. Gene Huckleberry are the proud parents of a 9 lb. boy. Named Bobby Earl.

Mr. Tobe Howze and mother returned last Tuesday from an extended trip to Dallas, Comanche, and Desdemona.

We understand Mrs. Della Huckleberry and family will live in the new house now being erected on the Grandma Howard place.

Miss Jawance Fisher visited Helen Johnson, Sunday.

Ruby Huckleberry visited her brother, Gene Huckleberry and family, Sunday.

Pete Whitaker and Carl Stephenson of Needmore visited with Paul and W. T. Stewart, Sunday.

Lennie Langford visited with her

cousin, Miss Millie Langford of Lovelland, Sunday.

Betty Mae Howard visited with Mr. and Mrs. Gene Huckleberry and family, Sunday.

Marvin Porter visited Ray Howard Sunday afternoon.

Beatrice, Lela and Nath Lewis visited with Thelma, Aris and J. D. Huffman of west of Brownfield, Sunday.

Harlan Martin visited his grandparents Mr. and Mrs. White of Meadow Sunday.

Mesdames Claude Hudgens and A. J. Stricklin Sr., went to Lubbock Wed. to carry Mrs. Hudgen's brother, Lawrence Stewart, who took train for Houston, where he will confer with oil interests, and may go to South America to work. He returned a few months ago from Palestine in Asia, where he helped to construct a 150 mile oil pipe line.

The writer had the privilege of going through the new home of Earl Jones last week, and we wish to state that they have one of the most modern homes in the city, and a credit to the town.

Mrs. Henry Pulliam of Tahoka, was a visitor here Tuesday.

CARA NOME COSMETICS

When your cosmetic supply is exhausted, come in and see our Cara Nome line. We have a demonstration so that you may try our entire line without cost or obligation to you.

With our trial package of Cara Nome face powder there is a generous bottle of perfume. Both may be had for only—

25c

while the supply lasts. The regular size creams sell for \$1.00, and the powder for \$1.00 and \$2.00. Sold only at your Rexall Store.

ALEXANDER'S "THE REXALL STORE"

INSTANT

HOT WATER

is so convenient!

An automatic water heater operates for only a few pennies a day.

See your Gas Appliance Dealer or Gas Company today about an Automatic Water Heater.

Water Heaters are eligible for Subsidization Loans under the National Housing Act.

West Texas Gas Co.

AT ZERO AND BELOW

You get a sure-fire start with

The lower the mercury drops, the more you'll like Special Winter-Blend Conoco Bronze Gasoline. EXTRA HIGH TEST! It gives an explosive mixture at 50° below zero. It starts at any temperature at which the starter will crank the motor. LESS CHOKING! After a short warm-up, you can pick up smoothly, without using the choke! SAVE MONEY! Save your battery. Get more mileage. Drive into your Conoco dealer's today and try a tankful. You are going to like it!

CONTINENTAL OIL COMPANY — Established 1875

USE WINTER-GRADE OIL

—to get easier starting, greater motor protection and better gasoline mileage. Ask your Conoco dealer for the 10W or 20W grade of Conoco Germ Processed Motor Oil. You will see at once how much easier your car starts and how much smoother it runs.

INSTANT STARTING LIGHTNING PICK-UP

TRY THIS BETTER WAY OF STARTING YOUR CAR IN EXTREMELY COLD WEATHER

Automobile makers recommend this method of starting in cold weather, except for cars with automatic starters. Try it for a quick, easy start without danger of "flooding" by too much choking.

*If your motor does not start instantly on Special Winter-Blend Conoco Bronze Gasoline, it needs mechanical service.

1. Leave ignition OFF. Pull choke out all the way. Push down your clutch pedal and keep it down.

2. Open hand-throttle one-third. Leaving ignition OFF, step on starter for several motor revolutions.

3. Push choke back in. Turn ignition on. Step on starter. Motor should fire instantly.

4. Warm up motor gradually. Use choke sparingly, only enough to get smooth firing.

1935 Beauties of Baylor University

Here are the girls whose charm and beauty gained for them places in the 1935 beauty section of the Round-Up, student annual at Baylor University, Waco, Texas. Upper left is Miss Frances Bennett, senior, McGregor. Lower left is Leah Middlebrook, senior, Nacogdoches. Middle row, from top, pictures Miss Stacy Westmoreland, sophomore, Mexia. Miss Marjorie Beth Adams, freshman, Sabinal, and Miss Josephine May, senior, Waco. Upper right is Miss Elaine Cross, junior, Gatesville. Lower right is Miss Vonnabeth Harrell, junior, Houston. (Texas News Photos.)

Simmons Beauty

Miss Mildred Richeson of Mansfield, Texas, who has been selected by student vote as the most popular co-ed on the campus at Hardin-Simmons university, Abilene, Texas. She will be crowned queen at coronation ceremonies in the spring. (Texas News Photos.)

NEW VACCINE ON SLEEPING SICKNESS

PITTSBURGH, Dec. 27.—A promising start toward vaccination against sleeping sickness was announced at the American Association for the Advancement of Science today.

The sleeping sickness vaccine is developing from the same studies in the New York City health department which produced the recently announced vaccine for immunizing children against infantile paralysis.

For sleeping sickness the vaccine has been tried only on animals.

The new experiment was described briefly by Maurice Brodie, M. D. of New York health department at a meeting of the medical section of the association.

He is working under the direction of William H. Park, M. D.

They took sleeping sickness virus from human patients in the St. Louis outbreak and inoculated mice, thereby producing sleeping sickness in the animals.

As this disease attacks the nerves and the brain, they sought in the brains of the animals for the hoped-for vaccine. They took a five per cent solution of the mouse brain and treated this with formalin which killed the sleeping sickness.

This they then injected into 100 healthy mice. It immunized all the animals so they could not afterward be infected with sleeping sickness. Furthermore the vaccine itself had no apparent bad effect on the mice.

Mr. and Mrs. Berton Holly and son Earl of Salinas, Calif., are spending the Christmas holidays with her parents, Mr. and Mrs. N. W. Jeter and other relatives in Brownfield.

MYSTERIOUS TOWERS

The high, mysterious steel towers which appear as if by magic in remote spots of the country and excite the circulation of stories touching on nearly every thing from buried treasures to oil wells, become quite commonplace when you know what they are. The speed with which they are erected and taken down does, however, remain rather mysterious. To erect a 100-foot tower which in reality is two towers, one inside the other, in two hours and a half seems impossible. But it is done and is explained simply by the efficiency of a well-trained crew. The United States Coast and Geodetic survey is responsible for the appearance of the towers. These structures are part of that bureau's tools and they have their sole usefulness in making it possible to sight distant points. The federal surveyors have a big job before them in mapping the entire United States and the towers have been a great aid.

THREE-CENT POSTAGE

A year ago there was talk of the restoration of the 2-cent postage rate as soon as the condition of the Postoffice Department's finances permitted, but there now appears little likelihood of anything of the kind transpiring soon. Postmaster General Farley came out flatly against it the other day, saying: "I am of the opinion that the 3-cent rate should be retained. If it is not our postal revenues will be decreased approximately \$75,000 a year. I feel the average business man, the farmer, the laborer and the professional man is willing to pay the additional penny on each letter he writes rather than impose a heavy burden on the taxpayer."

It may be doubted that the "willingness" felt by Mr. Farley exists, but whether it does or not has very little to do with it, inasmuch as the decision rests with the Postoffice Department and not with the patrons of the mails.

There is no doubt that the postal service has been vastly improved and put on a plane of increased efficiency under Mr. Farley's regime. The 3-cent rate caused a number of protests when it was first put into effect, but the country is now accustomed to it and probably its retention will cause no great amount of dissatisfaction. It is one of the increased costs of doing business for which there seems to be no particular recourse until times improve.—Star-Telegram.

A Washington girl went into a music store and inquired of the clerk: "Do you know if you have any 'Yes, We Have No Bananas'?"

The clerk replied: "Yes, I know we have no 'Yes, We Have No Bananas.'"

Men would try harder to reach the ladder's top if there weren't so many women at the bottom of it.

RIVER BEING SHORTENED

With the recent opening of the Giles Bend cut-off near Natchez the total length of the Mississippi has been shortened about 35 miles within the past four years. The first cut-off near Vicksburg, was opened in 1930 and shortened the river about six miles. Another, at Diamond Point in the same area, was completed in 1933 and disposed of 14 miles more. Another project is under way in the Natchez area at Glasscock Island and when finished will take off another 15 miles.

WANTED

Men, women and children that are suffering with ITCH, RINGWORM, POISON IVY, IMPETIGO, TETTER, ECZEMA, ATHLETE'S FOOT, FOUL SMELLING FEET, etc., to try BROWN'S LOTION for instant relief of itching and discomfort. Don't use messy salves and bandages. BROWN'S LOTION is a liquid. It penetrates the outer skin and kills the hidden germs and parasites. First bottle sold with MONEY BACK GUARANTEE in 60c and \$1.00 sizes by Palace Drug Store.

Fights Auto Deaths

The vital need for Texas to take some steps to reduce its horrible death toll on highways was stressed in a recent speech of W. S. Pope (pictured above) casualty commissioner of the Texas Insurance Board, before a representative group from all over the state, at Austin. Pope is the man who is daily impressed with the dangers of motoring—a ten-a-day death toll is the Texas average, with damages running millions annually. (Texas News Photos.)

Sawyer Graham, Ray Brownfield Jr., and Murphy May left Tuesday for Roswell where they are attending school.

Gives Up Post

Judge John A. Murphy, whose resignation as racing director of Arlington Downs, between Dallas and Fort Worth, was announced last week. A veteran of more than 40 years in the turf sport, Judge Murphy was director of three Downs meetings. His successor will soon be announced.

A REAL LIFE ROMANCE

Holding the beautiful girl close to him, he gazed into the unfathomable depths of her gazelle-like eyes. Anxiety and concern were expressed in every line of her face, which had that touch of youth that needs no make-up. She gazed into his face as if she dreaded what he was about to say and as though she meant to read his very soul. A sigh escaped her lips from time to time and she breathed as if she was swept by some inner emotion; many minutes thus gazing into the other's face.

"Yes," said the oculist at last, "one eye is seriously affected and if it is not treated it will develop a decided squint."

AMERICAN TOURISTS ARE DRINKING WATER NOW

PARIS, Dec. 29.—American tourists like wine, but tight budgets are forcing many to drink water. That is what investigating French hotel keepers have found.

One hosteler reports that 15 out of 125 of his American guests had ice water, or at the most, iced tea with their meals.

at Dublin. Dube Fyeatt had come in from Waco to enter high school here. Several families were locating in the southwestern part of the county.

Edwin Groves reported a good season, and a bumper crop was expected. Mr. Dooley from Fisher county had purchased the W. E. Chery land in northwest Terry, and was locating on it. The thresher had finally arrived, and John Burnett had white maize that threshed 32 bushels per acre. The Adams mill house was being moved over from Gomez, and Uncle Horace was to run the mill here as soon as a new engine was received. J. R. Burnett had announced as a candidate for Tax Assessor. A report of the County Treasurer showed the county in good shape financially just before tax paying time. J. R. Hill had killed a 450 (dressed) porker. Rev. J. W. Thomas had attended a Fifth Sunday meeting at Slaton. J. W. R. Bachman of the Blyth section, and little daughter, called on the Herald.

Harris Happenings: E. E. Simms traded for a place in Gomez. A Christmas tree was enjoyed by the community. M. Ellington spent Xmas in McLean. Miss Olga Fitzgerald was teaching the Cotton children. Lynn Harris of South Dakota was spending the winter with his parents, Mr. and Mrs. W. H. Harris. Pat J. Ross, Mallet ranch boss, left for California. Mr. Willey and family from Okla. were visiting E. E. Simms and family. Gomez: Andrew Simms was carried to Lubbock for operation for appendicitis. Bert Shepherd had returned from Tyler on a visit to his mother. Arthur Moore had carried his wife to Lubbock for treatment of a surgeon. Clint Rambo was delivering corn at Gomez. All for this week.

DANGER ON HIGHWAYS

Wherever you go in Texas you will generally find some loose stock along the highways. This is usually cattle.

There is nothing more detrimental to the traveling public than an old cow grazing along the concrete. She always decides to get on the other side of the road just about the time you want to pass. Honk and "shoo" as you will, but it has no effect on these old "bosses of leisure," for they are going to take their good time crossing, and, if perchance the idea strikes them right, they may turn and go back just about the time they are half way across.

Most counties have a stock law, which is seldom enforced. It would be well now for the state to pass a law prohibiting stock of any kind to run at large on the designated highways. Patrolmen could pound these stock and it would be easy to punish the owner by a heavy fine.

According to statistics, there are about one-fourth of the accidents which cause death of one or more people, caused by stock running on the highways. In this age of fast transportation there is no reason why this should be allowed.—Paducah Post.

I. A. Lowe thinks more of his son-in-law than most people. He is having the Herald sent to both, Archie Collins and Raymond Buckner.

Mrs. Whizenhunt and daughter, of Merkel returned to their home Sunday after a two weeks visit here with Mrs. Whizenhunt's daughter, Mrs. John Wall and family.

Debate Questions For Texas Schools

The question for debate among Texas high schools this year is stated as follows:

Resolved that the Government should own and operate all electric light and power utilities.

"This question," according to Mr. Terry C. Redford, who has been elected Director of Debate in this county, "has the great advantage of being a very timely one. Under the New Deal one of the great problems concerns generation and distribution of electric power. The TVA is undertaking to furnish a measuring stick by which the justice of rates may be judged over the entire country. The Federal Power Commission is now engaged in a most exhaustive inquiry into this great industry which affects the daily life of millions of our people."

"The question to be debated is, of course, one of public policy. There is much argument on either side. A great many authorities believe that and industry of this nature cannot be conducted efficiently by any government agency. Other authorities just as competent and just as sincere believe there should be a shift from private to public ownership in order best to subserve the interest of the people as a whole. Thus the question as stated makes an almost ideal one for high school debate. It touches very intimately almost every community in Texas."

"Great power projects are now under way in Texas, and the problem of their administration is very pressing one. The study of this question by high school students under competent direction and with the stimulus for the debate contest to induce hard work on it should be productive of fine results."

"Schools intending to enter should file entries with director before February 1."

Abundance of debate material on this season's Interscholastic League debate question is available, according to Mr. Redford, he said, "and some of it at nominal cost."

"Of importance to the negative side is the special bulletin of more than 150 pages by Judge Clarence R. Wharton, of Houston. Member-schools may obtain any number of copies of this bulletin free of charge by addressing the Interscholastic League office, University Station, Austin, Texas."

"The October number of the Congressional Digest, containing much excellent material on both sides, is now available, also. The regular League debate bulletin, No. 3438, contains 265 pages, and presents both sides. The Municipal Utilities Record, 935 Tower Building, Dallas, is publishing valuable material each month and offers a special rate to high schools."

"The school which utilizes the material offered will do nothing short of providing a sound course in one special aspect of government for the pupils who enter the tryouts."

Mrs. Bill Allmon has opened a beauty parlor in her home on west Broadway. Mrs. Allmon learned her trade in Dallas, and afterwards conducted a shop in McKinney and other north Texas cities. She guarantees all her work.

Texas Maytag Dealers Lead Field in 1934

Maytag washers at the retail value of \$1,225,000 were sold in 1934 by Texas Maytag Dealers, it was reported at a year end conference of Maytag Managers and officials of Maytag Southwestern Company, Dallas, distributors in Texas.

"This was the best year in Maytag history in Texas despite the severe drought" Walter Rogers, President Maytag Southwestern Company, said Dealers and managers throughout the state were enthusiastic over the outlook for 1935 and predict a half-million dollar increase for this year.

"Outstanding in the records of 1934 were the volume of sales made by small town dealers, many in the drought area. A number of dealers in scattered population sold 100 washers and one sold over 500" Mr. Rogers said. A national record was hung up by Texas Maytag Dealers when 78 per cent of their sales in 1934 were made on the cast aluminum square tub washer which is the higher priced models, and only 22 per cent on the lower priced models. The Maytag Company, manufacturers, at Newton, Iowa pointed out that this is the best record of any state in the country.

To carry out President Roosevelt's idea putting more men to work, Texas Maytag Dealers and managers are starting out the first of the year to employ 50 salesmen to take care of the anticipated increase in business for 1935.

DISEASES AND FIRES FROM SINGLE SOURCES

AUSTIN, Texas Jan. 5, "The analogy between fires and communicable diseases is a very close one, observes the Texas State Department of Health. Every fire has a definite cause and usually a small beginning, just as every epidemic of disease has its origin in a single case. The flames of conflagration increase in height, heat, and destructive power to maximum and then generally recede. In like manner, every outbreak of infectious disease increases to a peak when the most cases are reported, and then subsides. No fire can rage without combustible material; no epidemic can get under way without susceptible persons. A fire may smoulder and break out anew unless checked; similarly, infectious disease may be very subtle and insidious in its manner of spread until investigated and brought under control."

"The practice of disease prevention is beginning to affect public opinion. Certain well known diseases like diphtheria and smallpox are absolutely preventable. Others will soon come under the same category. Dr. Herman Biggs, former Health Commissioner of New York, said: 'Within certain limits, it is possible for any community to determine its own death rate.' This statement applies without a doubt to diphtheria, but unless local health agencies are adequately supported, this scourge and other preventable conditions will continue to take a toll of infant and child life. Social diseases continue to spread and demand measures to curb and control them, which are similar to those used against typhoid fever or tuberculosis."

"Retrenchment is necessary all along the line and it is not incompatible with progress. Let us retrench, but let us not burn down bridges which lead to the better health of our present and future citizens."

CRITICAL HORSE SITUATION SHOWN BY AGENTS The situation as concerns the horse in the United States is so critical that the federal government recently has issued two bulletins asserting that unless there is a revival of the breeding industry, the horse will become as extinct as the buffalo. Reports from Washington are that the books are popularly in demand and are going a long way toward arousing the American people to the seriousness of the situation. In Texas statistics already presented by Thoroughbred reveal that the replacement must be around 75 per cent in the next five years. The State is attempting to meet this crisis by placing thoroughbred stallions in the various counties of the State where they will be accessible to the farmers and stock growers. The average age of horses now being 18 years, and the fact that in a majority of the counties there has not been a foal in five years before 1934, shows the seriousness of the situation. The government bulletins will render a great service in calling this condition to the attention of all the people. However in Texas, under present favorable legislation, long strides are being made to remedy the condition, not only as to horses, thoroughbred and draft, but also as to mules.—Thoroughbred.

ORES IN THE ISLAND

Existence of the largest deposit of chromite under the American flag was announced the other day by a group of United States senators touring the Philippine Islands. The deposit is in Zambales province. Other nations, one senator asserted have been casting covetous eyes at this rich deposit of the raw material of war.

Here you have the answer as to whether Uncle Sam will reege on his promise to free the islands. If the group in power in Washington at the time decides it is too great a risk to turn the island loose with a vast store of ores in their provinces, we will play Indian giver and take them back. Japan is short on ores. That is one reason she took Manchukuo. If the Philippines turn out to have a practically inexhaustible supply, as has been hinted, the island wouldn't be free long before the covetous Japanese Empire gobbled them up by hook or crook.

With that as a possibility, American public opinion probably would support a proposition to keep the island under the American flag. A huge arsenal and munitions plant using native ores, would be pretty nice to have in the island in case of war with an Eastern power.

Real winter weather arrived here last Thursday night, and Friday was as cold as two iron wedges. If anyone profited, it was the gas company. However, if we are to have cold weather, let's have it now and not in March and April.

F. O. Walden was here from the Meadow section Tuesday, to have some sale bills struck. Sam Price was over Monday from Tahoka with a load of soft drinks that are manufactured there.

ASSEMBLY OF GOD CHURCH

Our revival is progressing fine, the Lord blessing in every service. Two souls have been saved. We are having an all-day service Sunday 13th. Three inspiring messages will be brought that day. Also plenty of good music and singing. We invite everyone to come and be with us. Dinner will be served at the church. Bring basket lunch. Homer Sheats, Pastor.

QUEMADO COUPLE WEDS

Two prominent Quemado families were united Saturday night at 10:30 o'clock when Miss Mildred Edwards became the bride of Mr. Caluin Stagg. The young couple, accompanied by a host of young Valley folks, motored to Eagle Pass and at a little past 10 o'clock they were knocking on the door of Rev. T. D. Dunaway's home. The Rev. Dunaway took them to the First Baptist church and there he read the beautiful marriage ceremony which united the couple.

The bride is the attractive daughter of Mr. and Mrs. O. E. Edwards. Coming to Quemado almost a year ago from Brownfield, Texas. She has been very popular among the younger set, and recently enjoyed the popularity of being voted the most beautiful girl in the Valley. She attended Eagle Pass High School the last term.

The bridegroom is the son of Mr. and Mrs. C. H. Stagg. Caluin also came from near Brownfield, Texas, and has been in the Valley nearly a year. From observation the citizens have found Caluin a busy, enterprising young man.

All their many friends join in wishing them many happy years and much good luck in their new life. —Contributed.

Mrs. Pope Pool is visiting friends in Abilene this week.

G. W. Hardin was here Monday, trading.

Chevrolet Announces Two New Lines for 1935

The Coupe model typifies the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy also characterize these cars.

Right: Front view of New Master De Luxe Coupe, showing roominess and graceful lines. Below: The Sedan model in the New Standard series, which, powered by the time-proven Master engine, combines brilliant performance with its smartness and style.

Fleet, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk and a luggage compartment behind the rear seat cushion.

Another attractive model in the New Standard series is the Coupe pictured here. Numerous body and chassis refinements, in conjunction with the Master engine, unite to make these cars outstanding values in the lowest-priced field.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolet's in the striking advance which has been made in body design and trim.

SOCIETY

—CHURCH NEWS—
Fifteen ladies of the church of Christ met Monday afternoon at 3:00 for Bible study. Minister Fry led the 11th chapter of the book of Romans. Much interest was manifested and many plans for a busy 1935 were made. Next Monday their study will be 12th chapter of Romans.
First Christian church ladies met with Grandma Brown Monday P. M. First 7 chapters of the book of Hebrew were studied. An offering for the Janette Fowler orphans' home at Dallas was taken.
Baptist ladies met in the following Circles: North Circle met at the church Monday afternoon. South Circle met with Mrs. Will Adams, Wednesday P. M. Young Matrons Circle met with Mrs. John Wall, Monday afternoon with seven present. A sandwich course, hot tea and candy was served. All circles had a Bible lesson. Next Monday each Circle will have a Royal Service program.
Methodist Society met at the church Tuesday afternoon at 3. Mrs. Jesse Cox was elected Supt. of Local Work. Rev. Sharp installed all the officers Foreign Lands. Miss Rasco played for 1935. Committees were appointed.

ed, and some plans for the year's work were made. There were eighteen present.
EASTERN STAR MEET—
Last Monday night a very interesting meeting of the Order of the Eastern Star was held at the Masonic hall with Mrs. Jewell Rentfro, worthy Matron presiding. The regular attending members of this order are anxious to have other members attend these meetings. Visitors are also welcome.
SUNDAY SCHOOL CLASS—
Mr. Howell's Sunday School class enjoyed a social and business meeting Monday night with Wilma Frank Dunn as hostess. After the business a social hour was spent in games, sandwiches, cake and hot chocolate were served to seventeen young people and teacher K. W. Howell.
ROTARIANS ENTERTAIN ROTARY-ANNS—
Last Friday evening at the Wines Hotel the local Rotary Club entertained 'friend wives' and sweethearts with a chicken dinner. After dinner Mrs. Miller talked on "Holidays in Foreign Lands." Miss Rasco played musical numbers on the piano and xylophone. The ladies wore baby caps and bibs.
Members present were Messrs. and Mesdames Jim Miller, J. E. Shelton, Homer Nelson, Tom Cobb, James H. Dallas, Glen Akers, Roy Collier, Dick McDuffie, Dudley Repp, R. L. Bowers, Tom May and Mr. Dick Chisholm. Visitors were Messrs. and Mesdames Joe McGowan, W. H. Dallas, Claude Hudgens, Mrs. Ward, Misses Gertrude Rasco and Beulah Mae Moser.
MRS. JOHN BURNES HONORED—
Mesdames W. L. Bandy and W. A. Tittle were joint hostesses last Friday afternoon in the home of the latter, 802 East Tate St., when a shower was given in honor of Mrs. John Burnes, who was married last April at Alma Jordo, N. M., keeping the wedding a secret until recently. Punch and cookies were served as the guests arrived. Mrs. Lee Orval Lewis gave a toast to the bride and Mrs. L. J. Dunn gave her advice—some fifteen "Don'ts." Little Bobbie Jean Craig brought the numerous and lovely gifts in. Mrs. Burnes was Miss Minnie Harris before her marriage, and was night operator at the telephone office.
BIRTHDAY COMPLIMENT—
Mrs. B. B. Brown entertained a number of friends with a two course chicken dinner in honor of her husband's birthday last Sunday. Those enjoying the feast were Messrs. and Mesdames T. C. Hogue, E. L. Redford, W. A. Tittle, W. L. Bandy, Wayne Brown, Mrs. K. W. Howell, Weldon Moore and Miss Bennie Arnett. A musical program was enjoyed in the afternoon.
BRIDGES GAMES ENJOYED—
Mrs. W. C. Smith was hostess to the Ace High Club Thursday afternoon of last week with four tables of bridge. Club members present were Mesdames Ray Brownfield, W. H. Collins, Tom May, Joe McGowan, J. E. Shelton, Arthur Sawyer, Fred Smith and Roy Wingerd. Guests were Mesdames C. J. Smith, D. P. Lewis, Jack Stricklin Sr., Frank Ballard, Lee O. Allen, E. C. Davis, Graham Smith and Herman Heath. Prizes were cream and sugar sets on a tray. Guest prize went to Mrs. Lewis, club prize to Mrs. Fred Smith. A tuna fish salad course, fruit cake and hot tea was served at the close of the games.

LEGION AUXILIARY—
Mrs. Chock Hamilton will entertain in her home, the American Legion Auxiliary, Wednesday afternoon the 16th, at three o'clock. Important business will be brought up, after which a social will be enjoyed.
HOSTESS TO "IDEAL CLUB"—
Wednesday afternoon of last week Mrs. Claude Hudgens entertained members of the Ideal Bridge Club. Mesdames Dudley Repp and Jack Stricklin Sr., were tea guests. Ladies playing were Mesdames W. H. Collins, Clarence Hudgens, Arthur Sawyer, Dick McDuffie, Ralph Carter, Mary Edersgn, Dube Pycatt, J. E. Michie, John R. Turner, Lee O. Allen, Flem McSpadden and R. L. Bowers. A pink color scheme was carried out in the room decorations and refreshments. Mrs. Turner scored high and Mrs. Bowers second, receiving a baking dish and bridge ensemble respectively.
KOLONIAL KARD KLUB—
Mrs. Herman Heath entertained members of the Kolonial Kard Klub last Friday afternoon at 3 o'clock. Three tables were placed for playing. Attending were Mesdames Roy Ballard, Clyde Cave, James H. Dallas, Roy Herod, Earl Jones, Arthur Sawyer, Jack Stricklin Sr., Cecil Smith Jr., Garret Daugherty, Mon Telford, Lester Treadaway and Graham Smith. A salad course, brown bread and tea was served. A pyrex baking dish was presented Mrs. Roy Ballard for high score.
On account of lack of space we were sorry to have to leave the following news items out last week.

FEDERATED MISSIONARY SOCIETY MEETING—
Monday at the Methodist church some twenty-five ladies met at 4 P. M. in a Federated meeting. Three short talks were given on "The Meaning of the Cross." Mrs. W. W. Price spoke on "Come to the Cross"; Mrs. L. J. Dunn "Tarry at the Cross", and Mrs. J. T. Auburg "Go Ye to the Cross." Songs were "The Way of the Cross Leads Home", "The Old Rugged Cross" and "Must Jesus Bear the Cross Alone." After the program the following officers were elected: President, Mrs. W. B. Downing; Vice Pres., Mrs. E. C. Davis; Secretary, Mrs. Walter Gracey; and

Treasurer, Mrs. J. E. Shelton. Committees were also appointed.
The Methodist Missionary Society met Monday afternoon at 2 o'clock in a monthly World Out Look program Mrs. Longbrake led the program; Mrs. Carpenter gave the Bulletin; Mr. Webber closed all business and final reports were made. There were four teen present. All attended the Federated meeting later.
Church of Christ ladies met at 3 P. M. for a study from the 9th chapter of Romans. Eld. Fry led. There were 22 present Reports from Christ mas boxes were given.
Mrs. J. Hayden Griffin was hostess to the Priscilla Needle Club last Wednesday afternoon.
Miss Louise Wolforth spent Christmas in Lubbock with her parents.
Miss Fay Martin spent Christmas in Lampassas with relatives.
Mrs. Rentfro and son, Dale, visited relatives in Oklahoma, Christmas.
W. B. Collins and family of Lamesa spent last Friday here with Mr. and Mrs. W. H. Collins.
Mrs. J. T. Auburg and son, Burdett, spent last week-end with Mrs. Auburg's sisters, Mrs. Earl D. Allen and Miss Nell Burdett in Lubbock.

Gomez News
Mrs. J. E. Lee entertained her Sunday School class, along with some visitors, at her home, Sunday, with a delicious noonday meal. Those enjoying the lunch were Mesdames Lee Fulton, Ike Harkins, J. W. Rose, Ed Sharp, Aubrey Fore; Misses Maurine Lloyd, Verma Ruth Newberry, Winona Waddell, Viola Brown, Dollie McLeroy, Rena McLeroy, Nellie McLeroy, Lillian Lee, little Patsy Joyce Fore; Messrs: Rev. Ed Tharp, Rev. E. L. Redden, Ike Harkins, J. W. Rose, Cecil Rose, Thurman Drury, J. E. Lee, and Lee Fulton.

Class flower—Rose.
Class meeting time at 10:20 on third Wednesday in each month.
The 7th grade club is going to have a banquet on next meeting day. William Wade and Art Adair will be responsible for the program. Edna Miri Christopher and Genell Stark will decorate the table for the banquet.
JAMES RICHARD BALDWIN
Little five year old James Richard Baldwin, son of Mr. and Mrs. C. R. Baldwin passed away at Lamesa Wednesday afternoon last week. Mr. and Mrs. Baldwin are well known here, having been in the dry goods business here, but some three or four years ago moved to Lamesa, but recently had moved to Artesia, putting in a dry goods store there. Pneumonia was the cause of the child's death. Mesdames Chock Hamilton, Hayden and Chris Quante attended the funeral at Lamesa, Thursday afternoon.
Mr. and Mrs. Earl Anthony Jr., are the proud parents of a baby girl who made her arrival on New Year's day. The little daughter has been named Freda Ann.
M. Y. Bennett of the Needmore community was in Tuesday afternoon.
