## Milt Good Leaves Pen With Full Freedom

HUNTSVILLE, Jan. 19.—Milt Good, convicted of participation in the sensational slaying of two cattle inspectors in a hotel lobby at Seminole nearly 12 years ago will step from the penitentiary here tomorrow a free man.

Good's 51-year sentence was shortened by former Governor Miriam A. Ferguson so that it would end January 20th.

Good and Tom Ross were convicted of killing H. L. Roberson and W. D. Allison. Ross later escaped and killed himself in Montana.

Milt was a former Brownfield citizen.

## 10,500,000 Bales 1935 Cotton Production Set

WASHINGTON, Jan. 17.—Cotton production for 1935 was fixed Thursday by Secretary Wallace at 10,500,000 bales of 500 pounds each.

This was the figure set under provisions of the Bankhead Cotton Production Control Act.

An additional 700,000 bales not sold during 1934 was added to the 1935 figure.

The 1935 quota represented an increase of approximately 1,224,000 bales over 1934. The 1934 quota was 10,476,000 bales of 478 pounds net weight.

## 75 Counties Now in Lubbock Man's District

Seventy-five West Texas counties are now included in the Lubbock district of the U. S. Biological survey, according to J. M. Hill, jr., biologist in charge.

Recently 20 counties in the San Angelo section were added to the 55 in the Panhandle-Plains area. The transfer followed the resignation of C. L. Coleman.

Assisting Mr. Hill is J. E. Boog-Scott, jr., of Lubbock, who is employed by the state.

## CARD OF THANKS

We wish to express our gratitude to relatives and friends for their kindness during the illness and death of our husband, son and brother.

Mrs. Thelma Hare, Mr. and Mrs. W. H. Hare & family.

Seeking happiness drives it away.

J. L. Milcup and family are entitled to a pass to the Rialto Theatre to see "Strawberry Roan" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto-Herald

## Coach Daniell Boosts Interscholastic Leag.

Playground ball for boys and girls, tennis in four divisions, volley ball, junior track and field events and the regular track and field meet for Class B and Class A high schools, as well as the Rural Pentathlon, are all to be included in the athletic program for the Interscholastic League meet next spring, according to Mr. H. N. Daniell, recently elected Director of Athletics for the League in this county.

"Here is a plan," he said, "which offers physical development as well as wholesome recreation for every boy and girl in the public schools. The matter of winning should be stressed but not stressed too much. If you don't win this year, you are getting good training for winning next year or the next. Make a beginning by getting in the game, and then see what happens."

"The new issue of the Constitution and Rules is being distributed from the State Office of the League, and the schools expecting to participate should get a copy at once. All of the contests are described therein and rules given in great detail. Also, the eligibility rules, some of which have been changed, should be studied carefully.

"There is nothing which makes school more attractive to children than participation in healthful sports and games. We need not only one hundred percent membership in the League, but one hundred percent participation."

## Allred Mansion is Open to Visitors

AUSTIN, Jan. 16.—Mrs. James V. Allred, wife of the governor elect, revealed today plans to make Texas' mansion a home to the Allred family and to Texas as well.

A small gate at the top of the circular stairway will symbolize the division between the Allred home and the Texas' home. Prime purpose of the gate, however, will be to safeguard 13-months old David Allred, who is at the exploring age.

"The downstairs of the mansion is open to all callers any time of the day," promised Mrs. Allred. "In a way, the mansion is their home as much as it is mine, and they are welcome to visit it when they wish."

"But the upstairs—well, that's to be the Allred home now and I want to keep it that way."

## \$125,000 Land Deal Made in Dawson Co.

LAMESA, Jan. 19.—One of the largest West Texas real estate deals of recent years was closed here today with purchase of four leagues—approximately 17,600 acres—of range land for a cash consideration of \$125,000.

Mrs. Dora Roberts of Big Spring bought the land from the Birge Forbes Land company. The tract, originally Borden county school land, lies 25 miles southwest of Lamesa, in Martin county. The deal was consummated through M. C. Lindsey & Sons of Lamesa.

Mrs. Roberts has announced plans for dividing the land into small tracts to be developed for agricultural purposes. She expects to place a family on every 170-acre division.

## Bills Offered to Stop Gas Waste

AUSTIN, Jan. 17.—Two bills designed to prevent the waste of natural gas were introduced in the Texas legislature by Rep. Harry Graves of Georgetown. Each was signed by around 30 of the 150 representatives.

One of the proposals would prevent the popping of gas from a gas well into the air. The other would prohibit the use of any gas except sour gas for the manufacture of carbon black. Graves said in the emergency cause of his bills that under existing law, billions of cubic feet of gas were being wasted each day and millions of barrels of oil were being made unrecoverable.

The last shipment of cattle from Old Mexico to the feeding pens of the Babicora Development Co. here, arrived Sunday, or early Monday morning. This was a light shipment of some ten cars, and brought their total steers here on feed to nearly 10,000.

## Old Man Winter Hits The Plains at Last

Well, we people who have our habitation here upon the glorious old caprock had just about decided that Old Man Winter had decided to hibernate until about March, and then when Miss Spring stepped out in her daintiest, crash down on us like he did two years ago and ruin, not only the fruit crop, but kill doggone near all the trees, such as evergreens. He can be very ugly when he wants to act up in style.

Well, Sunday morning and until late afternoon, it was just another ideal day like we've been having here all winter, practically speaking, when all at once the wind veered to the northeast and a real old dust storm and norther struck like a ton of brick. That was about five o'clock in the afternoon, and it was difficult to see across the street. An hour later it began spitting snow, but this part of the program, much to the regret of our farmers, only amounted to about an inch, and it not very wet or well laid, as the wind whipped it into drifts.

By eight o'clock, some had already reported that their hydrants outdoors had frozen, and by next morning many indoors all over town were reported to be frozen and bursted. Oh! well, it is an ill wind that blows no one good. The plumbers came in for their Monday and Tuesday. But, of course, the maddest people in the town were the good ladies. House cleaning was the order of the day Monday—and were they dirty?

## You'll Hear From Hon. George Mahon

A week or two ago, we had a very nice letter from our new congressman from the new 19th district, the Hon. George Mahon, and right here we doubt very much whether he relishes that (Hon.) stuff much or not, especially from his friends. In his letter he told us very little except that he had gotten himself, the wife and daughter nicely located in the Roosevelt Hotel, although mail should be addressed to him in the house office building. Some forty other legislators and their families were located in the same hotel.

He had met a number of very nice people, he said, including Vice-President Garner of Texas. Now, we'll say this: All this time while George was meeting those nice people, they too were meeting a nice fellow, and when the time comes it ought to be an easy matter for him to get their help.

He has been elected secretary of the Texas delegation, and we'll wager that from time to time he will be slipped into important committees, and in the years to come, the people of one of Texas' baby districts, the 19th, will be proud they sent this "boy" as he was often referred to by one of his opponents, to congress. Watch George Mahon's dust.

## Petit Jury List For The County Court

The following is a list of persons drawn by the Jury Commissioners of the County Court of Terry County Texas, at the February Term, 1935, to serve as Petit Jurors during the Third week of the February Term 1935 of the said Court.

McNutt, R. L.; Johnson, Wood E.; Beard, A. C.; Maddox, J. A.; Little B. F.; Hubby, C. R.; Fisher, J. H.; Jones, R. D.; Horton, B. C.; Luker, G. W.; Ball, J. W.; Linville, L. M.; Floyd, Loyce; Johnson, J. C.; Spear, M. E.; King, James B.; Fulton, W. A.; Lewis, Clyde.

## TAHOKA MAN PROMOTED TO FEDERAL PRINTING JOB

TAHOKA, Jan. 14.—E. I. Hill, jr., son of E. I. Hill, owner and editor of the Lynn County News, has been promoted to the planning division of the government printing office in Washington, D. C., according to word received here.

For the past four years young Hill, an experienced printer, has been employed at Washington in the government's office. He has been estimating and making specifications for costs and printing of government forms.

## Stirring Court Drama To Be Shown Here

Out of the tense drama of the courtroom, the Metro-Goldwyn-Mayer studios have brought the powerful story of "Evelyn Prentice," co-starring William Powell and Myrna Loy, which opens Sunday at the Rialto.

The picture marks the third appearance of Powell and Miss Loy as a co-starring team and is the industry's response to the public's demand for a reappearance of the popular pair who made screen history in "Manhattan Melodrama" and "The Thin Man."

"Evelyn Prentice" presents Powell as a noted criminal attorney with a lovely and dutiful wife who, through a momentary indiscretion, becomes involved in a scandalous murder case.

A Spectacular Climax The wife, portrayed by Miss Loy, sees another woman brought to trial for a crime that she, herself, believes she has committed. She and the "other woman" both win vindication, through the legal genius of the great criminal attorney, in one of the most spectacular courtroom climaxes to reach the motion picture screen.

The picture also heralds the return to directorial ranks of William K. Howard, who took an extended vacation in Europe following his work on the Metro-Goldwyn-Mayer musical triumph, "The Cat and the Fiddle."

Una Merkel appears as Miss Loy's wise-cracking and faithful friend Amy Drexel, and others in the supporting cast are Henry Wadsworth, Isabel Jewell, Harvey Stephens, Edward Brophy, Rosalind Russell, Cora Sue Collins and Jessie Ralph.

## An Old Friend Drops In to See Uu This Week

An old boy that we used to call "the fiddling fool," Ramsey West moreland, when we farmed down in Jones county just before coming to Terry 26 years ago, dropped in this week to see us. After "santering" around the office a few minutes, he asked us what became of the fellow that ran this paper some 20 years ago. We told him I was the lad. He then got a glance of our side exposure and recognized us. At the same time there was something about him that looked familiar to us.

Ramsey now lives in Lamesa, but has recently purchased or rather traded for a quarter section north of Tokio, and will be over to see after it occasionally. We lived on an adjoining farm to Ramsey's wife's father in Jones county, and used to sneak in notes from him to her. The old folks didn't object to us, as we were not trying to get his daughter, but he seriously objected to Ramsey courting his daughter, who was Miss Alva Blondell. She was young and attending Simmons college and he wanted to keep her in school.

Anyway, we have made it up not to tell too much on one another. Will say this however: Some time when he is over, just get out an old fiddle, and get some one to accompany him, and you'll hear some real music, either breakdowns, waltzes or what have you?

## U. D. Sawyer Large Individual Feeder

BROWNFIELD, Jan. 12.—Largest individual cattle feeding project in this section is that of Ulysses Sawyer a Terry county rancher who is now operating a ranch over in N. Mexico.

Oscar Sawyer is feeding for him some 500 head of cattle in pens just south and west of town. The pens are along the Santa Fe rails.

Home-grown feed, mostly bundles is being fed, with grain.

## GUARDED BY DOG

Straying from his home at 1535 Orange street last Friday, a baby boy, around two years of age was found several blocks away in the safe keeping of his dog. The dog was doing his best to keep the tot on the sidewalk, persons in the vicinity said.

Parents sought the aid of police in finding the baby and Juvenile Officer Joe Hill soon had the chap back with his mother.—Abilene Times

Earl Jones, proprietor of the Rialto Theatre, returned last week from Dallas driving a new master Ford V8 for himself.

## President's Birthday Ball Next Wednesday

The President's Birthday Ball will go through as planned and announced in these columns last week, and will be staged at the American Legion hall on the night of the 30th. Jimmie Thornhill of Lubbock and his orchestra will furnish the music for the occasion. Tickets are on sale at the Brownfield State Bank, with James H. Dallas in charge, and will cost a dollar, 70 per cent of which will remain here for charity purposes this year.

It was the ambition of the committee on arrangement to have the ball this year in the gym, as there was lots of room and a good floor for the dancers, as well as lots of seats for spectators who would have paid admission to watch the dance, but there seemed to be an undercurrent of opposition, and it was not pressed. However, we believe at least a \$100 more could have been raised.

There is another way in which all can help out on the proposition, and not burden anyone. The Western Union Telegraph Co. has arranged to have committees of lodges, civic clubs as well as individuals to get names signed to telegrams of congratulation to the President on his 53rd birthday, and pay 25c each. The telegraph company agrees to deliver these to National headquarters free of charge.

The money is, however, sent to the national headquarters in New York, the same as dance funds, but the 70 per cent will be returned as soon as the funds are checked. The telegraph company does not retain a penny for its services.

## Million Dollar Claim Vs. Ellwood Estate

SYCAMORE, Ill., Jan. 19.—Claim for more than a million dollars filed against the estate of the late William L. Ellwood, former DeKalb, Ill., and Texas realty promoter will be heard Feb. 11, in DeKalb county probate court, attorneys said tonight.

The claim is by the estate of Harriet E. Mayo, a sister of Ellwood, to satisfy a note for \$927,688.04 plus interest charges of \$117,862.02.

Attorneys for the William Ellwood estate said the claim would likely be granted without contest. Edward Mayo of Evanston, Ill., a son of Mrs. Harriet E. Mayo, is the principal heir.

"When I. L. Ellwood, father of Harriet, W. L., and Perry Ellwood, died each of the children were willed a million dollars," an attorney explained. "Mrs. Mayo took a small amount of her inheritance in cash and accepted a note from her brothers for the remainder. It is that note on which the claim is based."

Ellwood died Dec. 28, 1933, in Texas, of a heart attack, and his sister died about a year later. His two daughters, residents of New London and Somersville, Conn., were willed his entire estate of \$1,500,000.

His estate on inventory showed personal property worth \$394,037.89 in addition to more than 150,309 acres of Texas and Michigan ranch and farm holdings. Other holding include city properties in Lubbock Texas, gas and oil leases and unliquidated portions of the estate of his father.

## Young Men to Handle New Service Station

We are glad to be able to announce that David Perry and Claude Bryant two hustling young men of the community are in charge of the new Texaco Station on west Main. The former is not new to people here as he has been connected with several stations in the city, and is regarded as a hustling young man. The latter, while not so well known, is regarded as an A-1 young man.

This station has just been completed and complies with all that is modern and convenient in service station building, and is said to be one of the prettiest belonging to that company in this section. Coupled with that the well known fact that these young men will give the best service possible, leads one to conclude that they will have a thriving business from the jump go.

Of course aside from the well known Fire Chief and regular gas, the station will be supplied with all the well known Texaco products.

Our wants far out-number our needs.

## Cotton Production Program for 1935 Begins

COLLEGE STATION—"With the appointment of the new State Review and Allotment Board and the reorganization of the Cotton Control Associations in the various counties, the cotton reduction program for 1935 has begun," A. L. Smith, chairman of the State Review and Allotment Board, said.

"Articles of Association for the cotton production control associations have been sent to the farm demonstration agent in each county, and the reorganization of the associations is proceeding rapidly. One important change from last year's plan is to be noted. Cotton producing communities which consisted of not less than 300 producer units last year must consist of not less than 500 producer units this year," Mr. Smith said. "These communities will be designated by the farm demonstration agent on the basis of the number of producer units on which cotton production was reported in the applications for allotment and tax exemption certificates in 1934. There shall be one community committee consisting of three members for each community designated. A county having less than 500 producer units will have one community committee.

"Any producer is eligible to sign a 1935 contract who is an owner, cash tenant, standing or fixed-rent tenant, or managing-share tenant jointly with the landlord, and who operates or controls a farm on which cotton was planted in 1933 or 1934 and on which cotton will be planted in 1935 and which was not covered by a 1934-1935 reduction contract.

"Any producer is also eligible who is operating a farm on which cotton was not planted in 1933 or 1934 because such farm was then planted to perennial crops in a regular rotation or because such farm was covered by an agreement with the Government to eradicate pink boll worm, but on which cotton was planted during the period 1928 to 1932 and on which cotton will be planted in 1935."

## Sen. Duggan is On Important Committees

Austin, January 21. (Special)—Member of 11 standing committees four of which are among the most significant in the upper house is Sen. Arthur P. Duggan of the 19th District. New committee assignment were announced by Lieut.-Gov. Walter Woodul.

Senator Duggan is Chairman of the Committee on Educational Affairs, concerned with the problems of Texas' Fifty Million Dollar System of public schools and higher education. He is Vice-Chairman of the Committee on Internal Improvements.

The South Plains Senator is also a member of the powerful Committees on Finance and Agricultural Affairs. Other committees to which Senator Duggan belongs are: Public Lands and Land Office; Roads, Highway and Motor Traffic; State Penitentiaries; Counties and County Boundaries; Public Printing; Congressional Districts and Senatorial Districts.

## W. L. Palmer Writes In to Renew Herald

We had an interesting letter from W. L. (Bill) Palmer of Frederick, Okla., under date of the 18th, enclosing check for renewal. Bill states that they just have to have the old home paper as Brownfield still seems like "out home" to the family, and all the news is consumed with interest.

Dry there, but threatening weather. Lots of cattle had been shipped in from Colorado, he stated to graze (presumably on wheat) and the price per head had been boosted to \$2.25. He believes there are more people up there on relief rolls than here. Sends regards to all his friends in Terry.

Lawrence Stewart came in last week end from Houston, where he visited a few days. The proof reader last week made us say he helped to build a 150 mile pipe line in Asia the past three years, when it should have read 1500 miles. We have many in Texas over 150 miles in length.

H. L. Bryant has bought the interest of Mr. Jones in the West Side Cafe and he and John Millar are now sole owners. Mr. Bryant was formerly owner of the Cash & Grocery.

## Roosevelt Praises Farm Debt Adjustors

County debt-adjustment committees have assisted more than 35,000 farmers to reach agreements with their creditors, according to the reports received by the Farm Credit Administration from approximately 2,600 county debt adjustment committees in 44 states.

This announcement was made last week by W. I. Myers, Governor of the Farm Credit Administration, as he made public a letter received by him from President Roosevelt concerning the efforts made by these adjustment committees during the past year.

The President's letter is as follows: My Dear Governor:

I am glad to have your report, and was especially interested in what you say about the many thousands of farmers whose homes have been saved through the efforts of local groups of public spirited men and women. As I recall it, it was about a year ago that the State Governors were asked to set up agricultural credit councils to deal with a most difficult problem—and the generous community service rendered by them in helping farm debtors and their creditors to reach mutually satisfactory adjustments is highly commendable.

However, words of praise from you or me add but little to the only form of compensation they have received, i. e., the high satisfaction of knowing that they have contributed so materially to the renewal of hope in almost defeated men, the happy play of children made more secure in their farm homes, the grateful appreciation of thousands of farm families, holding their heads a little higher and looking forward with renewed confidence to the future.

Such unselfish effort and courageous shouldering of community responsibility is typical of our best American traditions.

Very sincerely yours, (Signed) FRANKLIN D. ROOSEVELT.

## Must Be Signed By Husband and Wife

The attention of all persons required to file income tax returns covering the year 1934 is respectfully directed to the following:

The Revenue Act of 1934 requires that all joint returns must be signed by both husband and wife. Either may prepare and acknowledge the return, but the signature of each must be affixed. Those persons desiring to make out their returns in the collector's office or at designated places in the various portions of the district should be accompanied by their respective husbands and wives. If this be impracticable, either may render the return under oath, and take to the other for his or her signature. The return, however, must be prepared and mailed in time to reach the collector's office on or before midnight of March 15, 1935.

Special emphasis is given to the fact that the new Form 1094 (the pink slip) must be executed and submitted together with the income tax return. Failure to do this, in each case, will result in an arbitrary charge of \$5.00, which amount will be collected in the same manner as the tax. It is highly important that this new requirement be not overlooked, since the collector will be powerless to waive payment of this charge in case of failure to file said Form 1094.

Taxpayers should file their returns at the earliest moment possible so as to obtain better service and avoid the rush conditions usually prevailing during the last few days of the filing period.

W. A. THOMAS, Collector.

## New Representative On Several Com'ttees

The Hon. Doyle Settle of Abertown, new state representative from the 119th seems to be making good down Austin way the same as our Senator, Arthur Duggan, and is being lined up on some important committees.

To date, he has been put on the appropriations committee; vice-chairman of Eleemosynary Institutions, insurance committee, and Game and Fish committee. This sounds mighty good for a new member of the legislature.

Mr. and Mrs. W. H. Collins spent Thursday in Lubbock visiting their son, Bill. It was Bill's birthday.

Sharley Shurnal Guy of Hubbock, is down in Austin this week telling Jimmie Allred and the rest of the boys just how to run the plantation.

Poll taxes not paid before the first of February will be just about as much service to you when an election comes up this year as an orange grove in Alaska.

The Littlefield Leader says that J. C. Smith operates a poultry business there. That's nothing. C. J. Smith manages a lumber yard in Brownfield. We have a few other Smiths here, too.

Well, are you going to the President's Ball? If not, you can at least buy a ticket and give it to a friend, providing you don't think that a sin. Otherwise, buy the ticket anyway and throw it in the fire if you wish. But help.

Being for Mr. Hunter for governor in both primaries, the Herald seemed to be in a class by itself in this section by not getting a "seat" at Jimmie Allred's inauguration. So far as we know, however, few of our fellow editors actually went. It takes several dollars to transport one from the high plains to the capitol.

Several of our esteemed contemporaries have recently written long winded editorials connecting the increase in crime, hijacking, etc., with the sale of liquor. While the Herald admits that crime of all kinds seem to be on the increase, none of the real public enemies that we have read about being captured by federal and state police seem in any way to be connected with the liquor racket. In fact those guys are just too smart to fool with anything that will cause them to get careless, say too much and get in the nets of the law. If any of them have been caught with any liquor in their cars or possession, we have seen no account of it—but they seem to load pretty heavy with guns and ammunition.

**TRADES DAY**

Over at Brownfield, in Terry county the merchants are beaming with pleasure over the success of a trades day event in that town, that netted them splendid results. The Brownfield Herald last week contained the following article:

Another capacity crowd was in the city Monday for Trades Day, and all the merchants report a fine business. From the looks of the jockey yard, there was a lot of trading stock on hand with lots of trades made. The auctioneers were also busy and sold a lot of stock and other things during the day.

As usual, the crowd came from every section of the trade territory, which includes parts of every adjoining county and Lea county N. M. The merchants and business men are looking forward to the biggest Trades Day in our history on the First Monday in February.

This same sort of deal could well be used in Wink as a trade inducement, if the business men of this city will work together in the inauguration of a deal of this sort. People are after saving all they can on the necessities of life, and they will trade where the best bargains can be found. Merchants in Wink are wearing their shoe soles out prancing up and down the store wondering why business goes to Pecos and other places, where their merchants are reaching out for business, when it can be brought here by a concerted effort on the part of the business men of Wink in an advertising campaign of real bargains, and special offers for a certain time of the month. Instead of the merchandise becoming shelf worn, and out of style from being in stock so long, it can be turned rapidly, and with a smaller margin of profit make the merchants more money.—Wink Times Herald.

Many people in Texas may not agree with the policies of Governor-elect James V. Allred, but practically all citizens will thank God after 12 o'clock noon on January 15th the criminals of this state will stay in the penitentiary where they belong rather than be turned loose by the wholesale. It is about time that society get the breaks by being protected from the criminal element.—The Canyon News.

If there is one thing needed more it is to force all lobbyist in the Texas Legislature to sign their names, give their post office address and tell their business at the state Capitol and tell just what companies or business institutions they are interested in, before they are allowed to do any lobbying before any committee on any part of the legislature. What their intentions are should be published in an Austin Daily paper. Governor Allred won the Governor's race on his guarantee to rid the State Capitol of lobbyists. Now it seems that he will have hard sledding to accomplish the very thing he won his election on.—Claude News.

No, we are not through with the Fergusons in politics, Mrs. Ferguson said Monday. She says it is "Too much fun, and too much satisfaction." It is just as natural for the Ferguson's to dabble in politics as it is to breathe, and just as long as they are able to talk and go places they will continue in politics, and don't think otherwise. Also you will have to admit they are darn good politicians, and the very next time an issue comes up in Texas of any importance, they will be occupying the Governors' Mansion if we don't miss our guess. They always have and will again. Keep your eyes open and your ear to the ground and see if we are not right.—Lockney Beacon.

For the first time in a good many years we start a political administration in Texas that is not necessarily founded on Fergusonism or anti-Fergusonism. Governor Allred did not run on the shortcomings or long goings of the Fergusons. He was a candidate on his own platform and on his own qualifications was elected on that basis, and we hope he will serve accordingly.—Ralls Banner.

**SHERIFF'S SALE**

THE STATE OF TEXAS,  
COUNTY OF TERRY.

Notice is hereby given that by virtue of a certain execution issued out of the Honorable Justice Court of Prec. 1, McLennan County, on the 11th day of December 1934, by Clint A. Allen, Justice of the Peace of said Court for the sum of One Hundred Seventy and No One Hundredths Dollars and costs of suit, under execution in favor of J. S. Dansby in a certain cause in said Court, No. 29991 and styled J. S. Dansby vs. Wm. E. Peters, placed in my hands for service, I, J. S. Smith as Sheriff of Terry County, Texas, did on the 4th day of January, 1935, levy on certain Real Estate situated in Terry County, Texas, described as follows, to-wit: 75 acres of land out of section 127 in Block "T", Terry County, Texas, lying in a square block in the Northeast corner of said survey, and more particularly described in Deed from Wm. E. Peters to James R. Jenkins and I. Mack Wood, recorded in Vol. 39, Page 222 of the Deed Records of Terry County, Texas; and levied upon as the property of Wm. E. Peters and that on the first Tuesday in February 1935, the same being the 5th day of said month, and that on the first Tuesday in February 1935, the same being the 5th day of said month, at the Court House door, of Terry County, in the town of Brownfield, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said execution I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Wm. E. Peters.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Terry County Herald, a newspaper published in Terry County.

Witness my hand, this 4th day of January, 1935.

J. S. Smith, Sheriff  
Terry County, Texas.

**RED GOOSE—THE OJIBWA INDIAN BOY**

An Indian Story for Boys and Girls  
By Carlyle Emery

By swimming under the falls that fell into the great river, Red Eagle, Red Goose and Little Beaver found a cave in which thieves had stored guns, powder, coats and other articles stolen from Fort Snelling. They see a light coming through from a hole in the ground, and when voices are heard, Red Goose recognizes one of them as belonging to the white trader. Now go on with the story:

When Little Beaver asked "What shall we do?", Red Goose answered: "They kill us if they find us here. We swim back under falls and go round to hole in ground. We keep them in cave and shoot anybody who comes out. Little Beaver will ride fast to Fort and tell Captain to come with many soldiers to catch thieves."

Red Eagle was very proud to see his son think so clearly when surrounded by danger, and promptly agreed to his plan. So, taking deep, long breaths, they all plunged back into the water and swam to shore. Little Beaver jumped on her pony and as she disappeared in the direction of Fort Snelling, Red Eagle and his son proceeded to walk around to the entrance of the cave from the ground.

Placing their rifles across their knees, they sat down on a large rock near-by and prepared to wait for the first thief to stick his head up.

The hole was so small, it was evident that only one man at a time could climb up and out, and as all of them were down in the cave, the two Indians felt they could hold them there until soldiers came from the Fort.

After thirty minutes of quiet, patient waiting, Red Goose whispered quietly:

"Red Eagle—white man coming out of hole in cave, now," and hardly had he spoken when a man's head appeared, slowly rising out of the cave.

"Heyyyyyaaaaa!" shouted the Ojibwa boy, as he sent a bullet whizzing too close to the head for comfort.

"White man stay in cave!" There was a roar of astonishment from the trader, for it was his head that Red Goose had seen, and you can well imagine his head disappeared quickly.

"They can not come out," said Red Goose, turning jubilantly to his father. "We two men can keep them in cave forever. They cannot see us, but we see them. Hurry, Little Beaver! Hurry back with white soldiers and catch them!"

In the meanwhile, the thieves down in the cave, thoroughly surprised at the sudden change of events, went into consultation to plan a way to escape.

Red Eagle was well pleased with the way his son's plan was working out. "Keep close watch," he said. "Let no man come out of cave."

"I watch," replied Red Goose grimly, and then his rifle spoke again, and another white man's head appeared.

The thieves were evidently trying to find out how many Indians were keeping them in the cave, but every time one of them tried to peek out, a bullet whizzed close by, and he had to duck quickly.

This kept up for some time, and then, with dismay in his voice, Red Goose said, "I have no more bullets, father. If thief comes out of cave now, we cannot stop him. He will get away."

"He comes now! Look! Another head comes out of hole in ground." As Red Gose spoke, he placed a warning hand on his son's shoulder.

When no bullet came whizzing by, the thief raised his head a little higher and this time he saw Red Eagle and Red Goose sitting helpless with no more ammunition. Quickly the head disappeared again and Red Eagle knew that he was telling the others to come out.

And he was right. Like a swarm of rats coming out of a hole, one man after another climbed quickly out of the cave, but they were too late.

At the same moment, a clear, loud bugle call was heard, and around the bend came a troop of Uncle Sam's soldiers with Little Beaver riding with them. The white trader and his gang didn't even try to put up a fight, for they were greatly outnumbered, and they knew the soldiers

were excellent shots. "Heyyyyyaaaaa! Heyyyyyaaaaa! White soldiers have come!" shouted Red Goose. "Thieves are caught! Slowly the proud Indian Chief walked over to the white trader, who was being tied up by the soldiers. "White Trader would not take word of Ojibwa Chief," he said. "Umph! Red Eagle is glad he did not do business with thief. Red Eagle promise he will pay. Now he pay thief for calling Indian "Dog"."

The trader gnashed his teeth in rage and disappointment, but he did not reply. There was nothing for him to say.

And so, the quick thinking of Red Goose put a whole gang of thieves in jail and enabled the Captain of the Fort to recover all the things that had been stolen and hidden in the great cave under the falls of Saint Anthony. And because of this, the Captain gave the Ojibwa Tribe all the guns and powder and bullets and iron and knives they needed to last them through the Winter.

(To be continued)

**SMALLPOX VACCINATION SAFE EVERY 5 YEARS**

AUSTIN, Texas.—Smallpox can be eliminated as a cause of illness and death if every person would be vaccinated against this disease at least every five years, declared Dr. John W. Brown, State Health Officer. There were almost eight hundred cases reported to the State Department of Health in 1934.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period averages from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are more characteristic of smallpox than of any other disease occurring in temperate climates. At the end of 3 or 4 days of these preliminary symptoms, an eruption appears which within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradistinction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

At present there is an increasing lack of vaccination among school children, and they contribute a menace to our State. Is it right to sit complacently by and allow this disease to gain a foothold, when a very simple weapon is in a position which would make the occurrence impossible? Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination is an economical measure easily within the reach of all and brings protection. The disease is within human control and our advice to the people of Texas is to get vaccinated if you have not been within the last five years.

**ARE 16 STATE SENATORS CROOKS**

In an article appearing in Collier's Weekly under date of Jan. 12, 1935 under the title of "Piping Hot," of which Owen P. White a former Texan is author, we quote the first paragraphs:

"I met him at Kilgore in the East Texas oil fields. He was a big, swarthy man with a happy disposition, apparently no conscience and an amazing frankness. "Why, sure," he said, "I'm running hot oil. Plenty of it. I've got a hundred thousand barrels in storage above ground right now and I'll move every drop of it."

He continued talking. He told me a great deal about crookedness and corruption in connection with the control of the East Texas oil field; asserted he could prove that one state official had made at least a million dollars in graft and then, returning to a discussion of his own movements, he added this: "And when I found that I had to do it I lined up sixteen state senators at five hundred dollars apiece to kill House Bill 99. And believe me," he concluded, "I never pay 'em until they deliver the goods."

That is a strong indictment to bring against a branch of lawmaking body of the great state of Texas. If true, these senators ought to be punished. If false, prompt action should be taken to disprove the charge. Collier's Weekly is a national publication financially responsible.

It will be recalled that about this number of senators blocked a bill that would have compelled each senator to make a sworn statement as to how or what company of corporation had him employed while he was alleged to be working for and drawing pay from the state.

Some years ago Collier's published an article by Owen P. White under the title of "Hi-Handed and Hell Bent." It was alleged to be an exposure of the crooked political ring of one H. Y. Baker in the Rio Grande Valley. Suit was brought and Collier won out.

The question naturally arises at this time: Can Collier's drag into open view 16 crooked senators? Will the accused senators give Collier's Weekly an opportunity to prove it in open court?

**DON'T LET THE TWISTER IMPAIR YOUR INSURANCE**

The Chamber of Commerce of the United States, in its Bulletin No. 35 headed "Should You Change Your Old Life Insurance for New?" says: "Change is not 'good business' in the case of a life insurance policy. The Twister of Abstractor, who seeks to secure a change from the original policy to one in another company, as a rule does so for the sole purpose of making a commission for himself."

And the twister's gain is the policyholder's loss.

- 1—He loses the reserve built up on the old policy.
- 2—He must start his assured estate all over again.
- 3—Because of increased age he can never secure insurance again at the previous low rate.
- 4—He loses the greater proportionate increase in cash value with every premium paid under the old as compared to the new.
- 5—He must accept first and second year restrictions on the new which through lapse of time have expired on the old.

"Sometimes an expert with figures can make a change look very attractive, but . . . his methods usually are based on misrepresentation or incomplete comparisons," continues the bulletin.

"When solicited to make a change, ask that the full proposal be submitted in writing. Then show it to your regular agent, the company in which you are insured, or the State Superintendent of Insurance, asking advice. By following such a course, the insured will be protecting his own best interests."

The twister is most apt to work on those who have borrowed on their policies. A very plausible argument is presented for a change of insurance in these cases, but it contains several fallacies.

Many states have laws forbidding twisting, making the practice subject to severe penalties. Hence, a twister is very cautious about putting his proposition in writing, and, therefore, the procedure suggested above is the best defense against him.

# Newspaper Bargain Time Limited

So far as we know, the 31st day of this month ends the bargain rate in daily newspapers, such as the Star-Telegram, Abilene News and Lubbock Avalanche. We know that it will end the full year rate. They may make a good short time rate but not on yearly subscription. So better see the Herald before next Thursday.

Although not an election year, it is going to be almost as interesting. The National Legislature is in regular session, and will likely be till summer. The legislatures of some 32 states are in session, and many laws will be passed or at least offered.

At present we offer you these papers at the following rates:

- Star-Telegram, daily and Sunday** --- \$6.60
- Star-Telegram, daily only** ----- \$5.60
- Abilene Morning News** ----- \$4.65
- Lubbock Morning Avalanche** ----- \$4.45
- The Terry County Herald and

**QUITS NEWSPAPER BUSINESS FOR WASHINGTON JOB**

Marshall Formby, publisher of the Aspermont Star, gave up his publication to go to Washington, D. C. January 1. Mr. Formby had a lease on the Star until August 1, 1935, and was making good with the business. He is in Washington looking after some government business hoping to become a permanent member of the official family and assist with the regulations of the New Deal.

The Aspermont Star is now in charge of Hilton Hudspeth, a Stone-wall County citizen. Mr. Hudspeth has had several years of experience in the newspaper business and from the appearance of the Star he must know his business. It is a nice, clean newsy little sheet.—Spur Times.

**Getting Ready For The Interscholastic Meet**

Well, the school year is passing, and the time has come again for us to begin our preparation for the Interscholastic League Meet in the spring. While at this time we have tests in the different divisions of athletic feats it is also a time of scholarly contests. This is the chance for students that are scholarly inclined to represent their school. They may not be good at athletics, so now is the time for them to do their part for the school. Now is the time for the students to decide what they intend to do and get to work on it. Some contests may not be as difficult as others, but they all require plenty of practice. If you will practice each day for a few minutes, it will surprise you how quickly you will be trained for your part.

As we all know, the winning of this county meet means a good deal to B. H. S. But, the winning of the contest isn't the only thing we get. There is the training that is beneficial to all that enter, whether they win or lose. If everyone will enter in some part and go at it with the will to work and win, we will surely see some wonderful results. The Seniors should train especially hard, for this is their last year to represent B. H. S. in an Interscholastic Meet.

**CUB CELEBRITIES**

**FLOYD LEDBETTER**

Floyd was born at Roscoe, Texas some 100 years ago, more or less. He attended school at Roscoe until they graduated him to get rid of him. Floyd has been everything from a cowboy down to his present occupation of teaching. He is a man of wide experience, and he might be called cosmopolitan.

When he first came to B. H. S. to teach, 1931, the boys didn't have a chance to be in his classes. The hand some young bachelor swept 'em—the girls—off their feet. It all ended when he laid off his bachelorhood for matrimony.

Seriously speaking, and saying it in a slang expression, "Old Leddie can take it." He is a great sponsor and teacher.

**HAILE N. DANIEL**

Where he was born, we know not but he looks like a man with a dark and sinister past. Of a quiet and mysterious manner, he is little known but greatly liked.

He is a manly young fellow and is very fond of the girls. He always allows the football and basketball boys to "court."

His greatest weakness seems to be end-sweeps and blonds—er—ah, we mean tall centers.

So here's to our Coach with his ambition

For an athlete who won't ask for permission

To court, and one who'll stay off detention.

**The Seagraves Tournament**

The annual Boys' Basketball Tournament at Seagraves was held, January 18 and 19. The tournament was a great success, and the town treated the boys royally.

The home boys, came in second the team from Wilson nosing them out to the tune of 23 to 34 in the final game.

The team from Fairview, which Brownfield beat out in the first game, won the consolation in a close game with the Seminole boys.

Some of the teams entered were Brownfield, Seagraves, Blythe, Seminole, Draw, Union, Wilson, Fairview, Sawyer, Klondike, and a few others.

The first game Brownfield played was with Fairview. The home boys won this game 35 to 12. The second game came Saturday afternoon at

1:00 o'clock. The Fighting Cubs won it to the score of 42-14. It was played with Seagraves. The third game was played with Union. The score was 33 to 20 in favor of Brownfield. The championship game came at 8:30 Saturday night with Wilson, and was won by Wilson 23 to 34.

Brownfield placed one man, L. M. Waters, on the all-tournament first team. They also placed two men, Logan Redford, and Earl Manning on the all-tournament 2nd team. The trophy for sportsmanship went to Center from Draw.

**CUB CLASSES**

**SENIOR CLASS**

The Senior Class met Monday, January 21, to discuss several matters concerning graduation. It was definitely decided that the class would wear caps and gowns.

They also talked about the kind of invitation they would get. It was discovered that they would need about eight hundred invitations.

The Seniors had been planning to have the stand at the basketball tournament, but due to the fact that the basketball boys and girls are going to have this they decided to work harder on their play, "Laugh Clown," and make enough money from it to meet all their expenses.

**SOPHOMORES**

"Funsters" seems a good name for the Sophomores. In their last class meeting every one was ready with a joke. But has the class lost its spirit? At the first of school they were peppy and had a little class spirit, but we never hear any more of it. Come on, Sophomores! Do your stuff

**FRESHMEN MEET**

The Freshmen had their regular meeting, Jan. 20. The minutes were read and approved. In the absence of our president, Barton McPherson Mr. Penn, our sponsor, took charge. He gave the class a very interesting talk on the MidTerm Examinations, which we have just finished taking.

Also, the class decided what kind of work they were going to do this semester. Incidentally the class decided to take better care of our textbooks.

**JUNIORS**

At their class meeting Monday, the Juniors were reminded by their sponsor that this is the beginning of a new semester and that she expected better grades from most of them. The class appreciates her comment and have already begun to strive to ward her expectations. They sang some school songs to show that their school spirit was not entirely dead. The class is continuing their plans for the Womanless Wedding to be presented, February 14.

(BHS)

**CUB COMMENT**

The final examinations for the first semester are over now, and the students can settle back to the regular school routine. Are we going to start to work immediately, or will we procrastinate?

We see several changes in the school this week. Some of the students are re-arranging their schedule, and there are also new ones coming in. Among the new faces, we see Robert Ayers, Junior from Slaton; J. E. Bowden, a Junior from Hondo, New Mexico, and Marguerite Smith, a Junior from Glendale, Ariz. Also we have a new Senior, Ruth Young and a new Sophomore, James Shepherd from Union.

As we go to press we notice that the student body is looking forward to a double header with Meadow to-night. Will we win? Well I guess! Brownfield, Brownfield! Yes! Yes! Yes!

We are sorry our editor-in-chief is absent this week. We hope that she will be back with us soon.

**CUB CLUBS**

**THE GLEE CLUB**

A quartet has been selected from the High School Girls Glee Club to enter in the Festival at Lubbock. This program will be held in March. Helen Quante and Lorene White are the Altos, while Cathryne Cates and Ima George Warren furnish the Soprano. Queenelle Sawyer, Alma Fern Green, and Betty Jo Savage make up the trio to enter the Festival. The Glee Club will be there, full force, and if a grade of 90 is attained they will go to Carlsbad to sing with about 100 others in the Carlsbad Caverns. It's up to the Brownfield parents to back them. Will they be a success? Yes, I guess.

**HISTORY CLUB**

The History Club met Tuesday, Jan. 22, to elect new officers in place of Nelson Smith and Wendell Smith, who are working in debate, to act until debate is over.

**Home Economics Girls Have Exhibit**

On Tuesday, January 15, the first year clothing class presented to about fifty guests, a well planned and interesting exhibit. This class had extended written invitations inviting parents and friends to be present at this exhibit.

In the laboratory room were exhibited home projects reports, sample books, personal accounts, budget notebooks, and personal appearance charts. After a discussion of these projects, the guests were served by the First Year Foods class. The refreshments were cookies and punch.

After the refreshments the guests attended a display of pajamas, dresses, and blouses made during the semester by this class.

Mary Dee Price furnished music for the occasion.

**Wellman News**

The Wellman girls and junior boys played Seagraves, Wednesday, January 16. The girls lost with Seagraves scoring 3 points more than Wellman. The score being 21 to 24. The boys also lost with Seagraves scoring one point more—10 to 11.

**Tokio Paragraphs**

Wesley Day has returned from an extended visit to Mangum, Okla.

Tokio is having plenty of showers, but no rain. The most recent showers for newlyweds were one for Mr. and Mrs. Melvin Anderson at the home of Mrs. Roy Taylor on Friday night, and one for Mr. and Mrs. Bernice Littlefield at the Upton home on Saturday night.

Grady Casey has opened up a grocery store in the old postoffice building. Grady says he has a job too big to handle by himself, and is in the market for a wife. It's too bad that this not a leap year.

Our school team defeated Seagraves in the Basketball Tournament at Seagraves last Friday, by a score of 28 to 15, but lost the game to Wilson 30 to 5 the next day.

Rev. Weaver Lovelace and family were visitors here over the week-end. Rev. Lovelace preached a fine sermon at the Baptist church Sunday morning.

Rev. Moore filled his regular monthly appointment at the Methodist church Sunday.

Rev. Ferguson went to Liberty Sunday to preach.

Among those who attended the Basketball Tournament at Seagraves as spectators and came home with strained and hoarse voices were Mr. and Mrs. G. W. Casey, Mr. and Mrs. W. R. Benson, Wesley and Arlie Day, B. Martin and sons, Donald, Reginald and A. P.

C. P. Buchanan and son, Claude, made a business trip to Lubbock, Monday.

Mr. and Mrs. J. H. Howell made a business trip to Lubbock Saturday.

Mrs. Ada Howze had as her guests last Wednesday, Mesdames Money Price, Cecil George, Leady Fry and J. H. Howell.

Mrs. N. R. Marshbanks was called to the home of her sister Mrs. W. H. Hare on account of the death of Mrs. Hare's son.

On last Tuesday evening Mesdames Price, Howell and George were hostesses to the Quilting Club in the home of Mrs. Price honoring Mrs. Ada Howze, who is leaving our community. She received a number of nice gifts and a very beautiful friend ship quilt. Refreshments were served to 14 guests and members.

**LAST OF TEXAS U. WOODEN SHACKS DISAPPEAR**

AUSTIN, Texas, Jan. 20.—Coincidence with the first steps in construction of the new \$1,600,000 unit

of the University of Texas administration-library building, the last wooden "shack" has disappeared from the University campus. For a decade and a half numerous unsightly frame structures were used as emergency classrooms, due to the overcrowded condition of the brick and stone structures comprising the physical plant. In recent years these have gradually been torn down, following completion of one after another of almost a dozen modern classrooms and administrative buildings. The last of the shacks, formerly known as "home economics hall," has been razed since the first of the year.

The University's recent building program has been financed by means of bonds issued by the University and purchased out of its own permanent fund, thus occasioning no cost to taxpayers of the State. The Texas Agricultural and Mechanical College has a one third share in the income from the permanent fund.

Mr. and Mrs. L. F. Hudgens of Lubbock, were down Sunday visiting his children, Messrs. Claude and Clarence Hudgens, and Mrs. Kyle Graves and families.

Mr. and Mrs. W. H. McSpadden returned Tuesday from Corpus Christi where they had spent several weeks for Mrs. McSpadden's health.

Little Jackie Evelyn Little is on the sick list this week.

HAS DEPRESSION HELPED ETHICS IN BUSINESS?

John T. Flynn, author and lecturer on business and economic subjects, believes that it has. He notes a decided change for the better during the last four years in an article appearing in the current Rotarian Magazine.

"In the meantime, some progress has been made in consolidating into United States law the gains in public opinion upon these important ethical relationships. To name but a few of these:

"1. The new banking act makes it impossible for investment bankers to take part in the direction of commercial banks, savings banks, or trust companies. These security merchants have no right to help direct those great financial institutions which buy and lend on their merchandise.

"2. Certain forms of banking affiliates have been outlawed. It was through these affiliates that bank officials managed to evade banking laws; as well as the laws of Moses, which are somewhat more fundamental.

"3. Holding companies have been brought under the dominion of national bank examiners. The aim of this is to do away with that secrecy behind which bankers could do many things which would not live under the spotlight of scrutiny."

"There is much more. But what is important about all these laws is that they constitute a kind of new ethical code which has the approval and support of the entire nation. We had to have a general lift in the moral understanding of the whole people to get such laws passed."

Mrs. Arnett Bynum is erecting a five room stucco on the lots just east of her residence for Herman Heath and wife.

### SOCIETY

#### CHURCH NEWS—

Baptist Missionary Society met Monday at Mrs. Hale's in a general meeting. Mrs. J. H. McLeod led the devotional. Mrs. E. B. Thomas talked on "What Shall We Do With Our Sheaves." There were fourteen present. Next Monday these ladies will meet in Circles: South Circle with Mrs. McLeod; North Circle with Mrs. W. H. Collins, and Young Matrons with Mrs. Chock Hamilton. These meetings will be held at 3 o'clock and the year's Bible work will be planned.

Church of Christ ladies met at the church but didn't have their Bible class, so they visited several of their sick members instead.

Methodist Missionary ladies met at Mrs. Downings for Bible study Monday afternoon. Mrs. Judson Cook led the discussion when seven chapters of Exodus were studied. Next Monday Mrs. Linville will be hostess to the Society in a one o'clock covered dish luncheon with Mesdames Cleve Williams and J. T. Gainer joint hostesses. Seven were present Monday.

The Union League of this district met at Ropesville last Tuesday night. Mrs. Wilkins sponsors this Union, and quite a number from here attended. A program and refreshments were enjoyed.

#### MRS. R. M. KENDRICK HOSTESS TO "42" CLUB

Mrs. R. M. Kendrick was hostess to the Friday 42 Club last week. After the games refreshments of tuna fish salad, crackers, pickles, pie and coffee were served to Mesdames E. B. Thomas, L. McPherson, H. O. Long, Simon Holgate, J. H. Carpenter, Paul Lawlis, E. C. Davis, and Downing. This club voted to disband for the present.

#### KOLONIAL KARD KLUB

Mrs. Roy Herod was hostess last Friday when members of the Kolonial Kard Klub played bridge. Table cuts were little cactus pots and went to Mesdames E. C. Davis, Jack Stricklin, sr. and Mon Telford. Mrs. Telford also received a cream pitcher for high score. Others playing were Mesdames Lester Treadaway, James H. Dallas, Herman Heath, Paul Lawlis, G. Daugherty, Roy Ballard, Earl

Jones, Cecil Smith jr., and West. Fruit salad Graham cracker sandwiches, open face cheese sandwiches, peach pickles, caramel pudding and coffee was served.

#### ACE HIGH WITH MRS. FRED SMITH

Last Friday afternoon Mrs. Fred Smith was hostess to the Ace High Club in her home 1022 East Cardwell St. Three tables were placed for playing. A chicken salad course, pie and coffee was served to Mesdames R. L. Bowers, Tom May, W. H. Collins, J. E. Shelton, Roy Wingerd, Cecil Smith sr., Lee O. Allen, Dube Pyeatt, Flem McSpadden, Ike Bailey, James King and Ralph Carter. Mrs. Carter received a table cloth for high prize and Mrs. Collins a guest towel for 2nd high.

#### JUVENILE WOODMAN CIRCLE

All members of the Brownfield Juvenile Woodmen Circle are invited to attend the party for them in the Woodmen Hall, Saturday afternoon, February 2, at (4) four o'clock. Mrs. Jack Little, (Junior Supervisor).

### LEGION AUXILIARY NEWS

Fourteen members of the Legion Auxiliary were entertained at the home of Mrs. C. F. Hamilton, Wednesday afternoon, January 16 from three to six o'clock. After a short business session with Pres. Mrs. Homer Winston presiding, tables were arranged for forty-two. Various games were played. Table cuts which were statues of President Roosevelt, went to Mesdames Jack Stricklin, sr., E. C. Davis, and Chris Quante. Traveling prize went to Mrs. Jay Barret. Refreshments of sandwiches, olives, potato chips and pickles, coffee and tea were served.

Mr. Ollie Fox of Hereford visited his sister, Mrs. G. S. Webber, the first part of the week.

### WOODMEN CIRCLE

The Brownfield Woodmen Circle met Thursday evening at their usual meeting place. A business meeting was held and officers for the following year were elected. Plans were made for the supper to be held Thursday night.

Those attending were: Mesdames Charlie Moore, Jim Jackson, Jimmie and Martha Deane, Lee Smith, Tennie Stewart, Jack Little and baby.

### March of Recovery In Convincing Terms

The story of progress in recovery during 1934 was summarized by C. T. Murehison, director of the Bureau of Foreign and Domestic Commerce, in an address in Pittsburgh as follows:

- Factory employment (first 10 mo.) gain of 17 per cent over 1933;
  - Factory pay rolls were 32 per cent higher;
  - Construction activity showed a gain of 51 per cent;
  - Freight-car loadings (surefire trade barometer), gained 8.6 per cent;
  - Department store sales volume increased 13 per cent;
  - Chain stores improved 8 per cent;
  - Holiday sales were better by approximately 30 per cent;
  - Foreign trade up 36 per cent in exports and 15 1/2 in imports;
  - Combined figures of 290 national manufacturing companies showed increase of 111 per cent for first nine months of 1934;
  - Increase in bank deposits during the year \$6,000,000,000;
  - Increase in farm income during year, more than \$1,000,000,000;
  - Virtual cessation of bank failures.
- These figures depict the march of recovery in convincing terms.

Miss Marguerite Smith, granddaughter of Mr. and Mrs. W. C. Smith, who is here attending school, enjoyed the snow Sunday, being the first she had seen in about 12 years.

### Most Texans Like To Work for Money

AUSTIN, Jan. 20.—Work relief projects calling for expenditure of more than \$29,000,000 were authorized by the Texas Relief Commission during 1934, it has been announced by Adam R. Johnson, state relief administrator.

The F. E. R. A. work program, instituted by the engineering department of the Commission after abandonment of C. W. A. last April, at the end of the year included 6,229 projects in active operation.

"We are proud of the growth of our work program because it has enabled us largely to provide our employable relief people with work and avoid the outright dole," Mr. Johnson said. "I believe it has been a determining factor in maintaining the morale of the state's destitute."

The director pointed out how the number of direct relief cases has decreased in percentage in comparison with the number of work relief cases.

Although the case load had increased from 200,460 cases in May to 254,282 cases in December, or by 26.85 per cent, the increase in direct cases was only from 160,442 to 163,992, or 1.93 per cent.

Direct relief cases in May were 76.05 per cent of the total case load, work relief only 23.95 per cent. The steady increase in numbers of work projects each month continued until in November direct cases were but 53.11 per cent of the total, work cases had climbed to 46.89 per cent.

"Although we haven't completed our report for December, preliminary estimates place the work relief load at 52 per cent of the total. If these estimates are correct, our work relief load now exceeds the load receiving the direct relief grant," Mr. Johnson continued.

### Forrester Items

The P. T. A. program was well attended Friday night. A very interesting program was given. After the P. T. A. meet we had a pie supper, the proceeds of which will be used for school equipment.

We are glad to report that were ill improving very fast.

Misses Louise and Dorris Chambers visited Mrs. Grover Zachery Sunday afternoon.

The little 2 months old baby of Mr. and Mrs. Miller of the Hunter community died Monday night and was buried in the Forrester cemetery Tuesday afternoon.

Messrs and Mesdames Mon Telford, A. L. Stephens, Miss Christine Pharr, Mr. Clyde Lewis and W. M. Thomason of Brownfield visited G. M. Thomason and family Sunday evening.

Several from this community attended the singing convention at Gomez Sunday.

Sunday School next Sunday morning at 10 o'clock. Everybody invited to come out and help make it one of the best.

"CONFIDENCE BUILT IT"

We pulled a big boner in Hudson & Knight's ad last week. The trouble was that in butting the linotype together, the wrong ones were used, not making a particle of sense. After the press proofing, the ad was read and marked for correction, but somehow got by without it.

No worse crime than launching immoral souls and not training them for usefulness and immortality.
