

The South Plains is the choice of the United States, and Terry County is the best part of that choice.

# The Terry County Herald

The truth about Terry County is good enough. An appreciated weekly that covers the territory thoroughly.

Printed in Terry County, on the South Plains, the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME THIRTY

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MARCH 1, 1935.

NUMBER 29.

## WE'LL BE LOOKING FOR YOU AND FAMILY HERE ON TRADESDAY

### Local Beauty Operators Attend School

A number of Brownfield beauticians attended the Lubbock Beauty Supply's School and Trade Show, Feb. 18, 19 and 20, in Lubbock where they received information and watched demonstrations in the latest methods of beauty culture.

Two nationally known artist were among the instructors at the school and a number of other experts of the trade appeared on the three day program. F. Charles Denver, and Walter Wilson, Dallas, were featured during the program. Charles has appeared on shows in Paris and London. Both Wilson and Charles have appeared on the national hair dressers show programs in New York and Chicago.

Exhibits of the latest beauty parlor equipment and supplies were viewed at the show with proper demonstrations.

The local beauticians came back to their work much better qualified to give their trade the best service available today.

Among those attending the show were the following:

Miss Eunice Tankersley, Miss Etta Rickard, Miss Vashti Jenkins all of the La Vogue Beauty Shoppe. Mrs. Copeland, Lucille Beauty Shoppe. Miss Modena Fulfer, Brownfield Beauty Shoppe. Mrs. Juanita Eicke, Ramona Beauty Shoppe. Miss Oleta Jenkins and Mrs. J. J. Andress, of the Cinderella Beauty Shoppe.

### Club Cafe Has Been Newly Decorated

One of the nicest eating places in this city, or perhaps on the south plains, is the Club Cafe. Of course there are larger and more pretentious places, but they don't serve any more cleaner, wholesome and attractive to the eye, food.

Mr. John Wall, the owner and manager, has recently had his place redecorated from one end to the other, which gives one a sense of feeling that everything is not only pleasing to the eye, but absolutely sanitary as well.

Nothing but the best and most courteous waitresses are employed, who seem to anticipate your requirements without the asking. Also, a cook must be A-1, and of long experience before he is employed to prepare the food. No novices are tied out at this cafe.

All the old seats at the counter have been replaced by upholstered stools.

### Local Boys Win \$50 in Phillips Sale Contest

Each quarter the Phillips Petroleum Co. offers a prize to their retail dealers, or rather several prizes as we understand it, in the several districts where their products are sold. This particular district embraces the Panhandle and South Plains section. The dealer is supposed to have a quota of oils, greases, and gasoline to sell, and after that quota is met, additional sales go toward a prize for the retail dealer.

The past quarter, the Phillips retail dealers here, Messrs. Basil Webb and Emery Longbrake entered heartily in the contest and have received a check from the company for \$50 in addition to their regular salary or commission check. The Herald is glad to make mention of this fact. These boys are always on the job and at the end of each month are able to give a good report to their company, whether they are in the winning or not.

Earl Savage of Meadow, was down this week shopping, and called to renew for his Herald.

W. J. Moss and family are entitled to a pass to the Rialto Theatre to see "Old Santa Fe" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto-Herald

### Expecting a Great Crowd on Tradesday

Great preparations are being made this week for next Monday, March 4, which will be our regular Tradesday in Brownfield. There has been sufficient rain and snow in most instances so that farmers could put up their lands, and many will be through, or up with their work by that time, and merchants and business men in general expect a record breaking crowd from the four corners of the huge Brownfield trade territory.

In anticipation of which, the grocermen have extended their regular Friday and Saturday specials for that day, so that most any line of business you wish to make your purchases from will have specials for the day.

Spring too, is almost here, and there will likely be a lot of trading going on at the Jockey Yard, as many will want to match their teams, or trade for larger or smaller teams as the case may be. As cows and hogs are going up, many will want to purchase a milk cow or heifer, perhaps a young bull, and others will wish to obtain shoats for their meat next year.

Of course, the usual First Monday program will take place in the afternoon on the east side of the square, where several will be made happy by a present. We are not allowed to tell you either before or after Monday what this program is, but those who have been attending Tradesday here know, and others should come and find out.

So meet the crowd; meet your friends; meet the strangers; meet everybody here Monday. Come fresh shaven; come with a week's growth of whiskers; come with your Sunday clothes or the field suit on, but come. We'll be looking for you.

### Legion Aiding Sale Of Centennial Coins

Sales of Texas Centennial fifty cent pieces are progressing in all sections of the State. The American Legion is handling these coin sales through the various banks. Each of the newly minted half dollars costs one dollar and the extra money goes towards the erection of a magnificent

Centennial Memorial Museum at Austin. Many Texas business men paid premiums for their original purchase of Centennial half dollars. Z. E. Marvin of Dallas, President of the Gulf States Security Life Insurance Company, paid the highest premium in the State to aid the Museum Fund. He gave a check for \$100 for his Centennial coin. Former Governor Miriam Ferguson was second, paying \$85. The picture shows Chairman Tom Owens of the legion central committee delivering the coin and certificate of patriotism to Z. E. Marvin.

### Some Polo Games at Lubbock and Lamesa

C. L. Aven, Jr., new manager of the Shamburger Lumber Co., was in to see us this week, and informed us that there would be a polo game at Lubbock between Wichita Falls and Lubbock on the 3rd. The next two games will be at Lamesa on the 8th and 10th respectively, between the Wichita Falls and Lamesa teams. In the latter game, will appear the four Barron brothers team, all Wichita Falls boys.

Mr. Aven stated that while he was not much of a polo enthusiast, he knew that Wichita Falls had a crack team this year, and would give the south plains boys a run for their money. These games are polo pony matches, and not car or motorcycle matches.

NEXT MONDAY IS TRADES DAY

### More Hotel Facilities Needed in Brownfield

Night after night, almost without exception, people are turned away from both the larger hotels here, and the smaller ones are most of the time full of local guests. The hotel managers use their phones in every case when they are full up, calling up private homes in an endeavor to locate rooms for their would be guests, but oftentimes a room for them cannot be found in the city.

On first thought, this might seem like a boost for the town—that people were simply turning over each other trying to stay in our city. But on second and more sane thought, it is a distinct knock to our town. This is a distinct knock to our town. This is a distinct knock to our town. This is a distinct knock to our town. This is a distinct knock to our town.

In order to overcome this sad state of affairs, the chamber of commerce or leading citizens should see the owners of the hotels about building one or two more stories on their hotels. We understand that when the Hotel Brownfield was built, the owners put down a foundation to carry at least four stories, and perhaps the Wines would carry another.

Failing in this, we should then go to work with other capitalists and try to induce them to put in another modern hotel. But the Herald is inclined to believe that if we approach the owners of the hotels here in the right way, they will either enlarge or build one or two more stories on their hotels. We never get nothing unless we try.

### No. 84 East of Post Ready For Surfacing

POST, Feb.—Virtually all of the drainage and grading work on highway 84 east of Post has been completed for the approximate seven and a half miles between Post and the Yellowhouse river, Elliott Taylor, resident engineer, said.

Only a little more work on drainage structures remains to be done, Mr. Taylor said.

For about two and a half miles east of the river, the drainage work is almost complete, except three small structures. Grading is also about complete.

An average of 90 men, from the county relief rolls, have been employed on the job, Mr. Taylor said. There are 11 teams employed. The plan is for the state, using relief workers, to finish grading and drainage on 20 miles of No. 84 from Post to the county line. Later a surfacing job may be let.

### Program For Visitors Day at Local School

Friday, March 1st, has been set aside by the Parent Teacher Association and the teachers in the public schools as Parents Visiting Day. In the morning at the ten o'clock hour the pupils of the high school will entertain with a chapel program on Texas, which it is hoped will be well attended.

In the afternoon, the fourth grades will present an exhibit of the Mid-Central and Southern States, which they are inviting the parents to see. Let's try to be present and make Parents Visiting Day a success.

### Notice to Yoakum County Farmers

All Corn-Hog applications for Yoakum County must be in by Saturday night March 2. Anyone who is interested in a contract of this kind please see that the matter is taken care of.

Mr. J. S. Day of the Tokio community, sent in her renewal last week.

### Cates Gives a Full Rehabilitation Setup

P. R. Cates, local Relief Administrator, called this week and brought in a full report for the Rehabilitation Setup in Terry county, but in view of the fact we got the copy a little late, and there being several pages of it, we have decided to wait till next week for it to appear in these columns.

Be sure to watch for it next week. It will show among other things that Mr. Cates and his force have not been idle in getting Terry county's full share of this program. For instance, Garza county has only four leases, Lynn fourteen, and Terry sixty-four. This is going to be interesting reading matter, and we hope our readers will all take the time to go over it fully next week.

In this connection we wish to state that unintentionally, the name of Mr. Cates was left out of the list of those who recently made a trip to Lubbock to get Terry county projects listed for Federal aid. This was either a mistake of our informant or an error of the Herald. We wish to state that Mr. Cates has worked as hard as anyone trying to get these projects for Brownfield and Terry county, and the Herald would be the last to fail to credit those to whom credit is due.

Of course Mr. Cates will continue his work to get all the funds for Terry county, he can, whether he gets any publicity or credit or not, but the above facts are given to correct an unintentional error on our part.

### Native Stone Used For Highway Fencing

POST, Feb. 23.—What is said to be the prettiest stone guard fence along a state highway has been completed here on highway 84 east of town, according to Elliott Taylor resident engineer.

The fence is 725 feet long, 30 inches high and 24 inches wide. It is made entirely of native rock, mostly from the O. S. ranch of Giles Connell, near the highway. Black mortar was used in the construction the outside being painted.

Every 25 feet or so huge "nigger head" stones weighing from 125 to 175 pounds, have been placed atop the fence. These are round, and set off the guard fence.

Location is about seven miles east of Post and about half a mile east of the Yellowhouse river on a curve.

Work was done by relief workers, under the supervision of George McPherson, highway construction superintendent on the road work.

Later it is planned to plant native China berry trees behind the fence.

### Ducks Attracted to Lakes in Bailey Co.

A survey of two lakes in Bailey county by the United States biological survey late in January showed 41,000 ducks, mostly mallards on the two lakes, according to John M. Hill, jr., district supervisor of the survey.

"We found 18,000 ducks on Goose lake and 23,000 ducks on Bull lake," Mr. Hill explained. "The survey was made just after a cold spell after the middle of the month. We made our survey and count between January 21 and January 26."

Goose lake is a large lake south of Muleshoe and Bull lake is south and west of Amherst.

Because of the cold weather prevailing at that time, Mr. Hill explained, the ducks concentrated on these two lakes on account of the large amount of water available.—Amherst Argus.

### CARD OF THANKS

As we know only a few who so liberally donated to get our daughter Lura off to a hospital, I am taking this method of thanking each and all and especially Mesdames Pounds, Dunn, Judson Cook, and Bandy, whose tireless work made this possible. May the heavenly Father bless each of you here and give you a crown in the world to come.

M. C. Ammons and family.

### Local Man Making Adjustable Go-Devs

Last week end, the Herald representative called at the blacksmith shop of W. D. Linville. Rather than this shop should be called a machine shop, for while Mr. Linville is a blacksmith of long standing, he has all kinds of machinery to make the products he turns out, many of these machines being from his own inventive brain, and made by him.

He is making go-devils in his shop, either two or three rows, attachable to either team or tractor power, and made of wood and steel, or all steel, the latter being slightly higher, but perhaps would last a life time. These go-devils are not only adjustable to different width of rows, but the plows or sweeps and knives are also adjustable to different depths. This latter is very appropriate as we have many different soils in Terry county, and the go-devil will naturally draft deeper in the looser ones.

Lots of times, before planting time both the bed and middle will become foul with weeds. By permitting the knives to clean the bed and the sweeps to clean the middle or furrow, the whole area is cleaned of all weeds at one operation. The sweeps can easily be removed after the land is planted.

As stated above, Mr. Linville made the machines that shape and punch holes in the knives. Some of these are slot hole machines, as the knives have to have slot holes in order to make them adjustable. Mr. Linville is also well equipped with welding and cutting acetylene torches, as well as trip hammers, etc.

Mr. Linville is not only a good workman himself, but employs only the best and most careful workmen to assist him.

### A BRILLIANT TRIO

What could be gayer than a romantic triangle in which Joan Crawford, Clark Gable and Robert Montgomery are the principals. "Forsaking All Others," which comes Sunday to the Rialto Theatre, unites this brilliant trio for the first time on the screen in a story which is said to be as rollicking as it is romantic.

### Can Buy Car License Now—Use on April 1.

Some confusion has arisen over the Motor Tax Law as enacted by the last legislature. While license plates have been on sale since February 1st, your car must show a 1934 tag until midnight, April 1st. In other words you may invest in all the tinware you wish but your flivver must continue sporting its old plates until the end of April Fools day. After that date it will be unlawful to go without the new tag. This seems to be a short margin to play on but thus is the law.—Levelland Herald.

### QUARTETTE WELL LIKED

The members of the Stamps-Baxter quartette, who were presented here Monday evening, Feb. 25, under the auspices of the local P. T. A. gave a most entertaining and varied program. In spite of the inclement weather, a good crowd came out to hear the program. It is hoped they can be brought back again in the near future.

### Double Submission of Repeal Gaining Favor

AUSTIN.—A double vote on State-wide prohibition has been proposed to the 4th Legislature by Representative Jap Lucas of Henderson County. The Lucas plan is embodied in a resolution calling for the first vote on repeal in August 1935 with the second vote to be held in the general election of November, 1936. The motive behind the plan is to place the legalized liquor traffic on probation for a fourteen month period. The suggestion has been given favorable consideration by many dries and the wets are viewing the proposition with favor because a number of prohibitionists have signified their willingness to support the double submission idea but hesitate to submit repeal on any other basis. The resolution as drawn applies only to liquors containing in excess of 3.2 per cent alcoholic content.

Two-thirds vote of the members of the House and Senate is necessary to submit repeal of Constitutional prohibition now in force in Texas. A majority vote of the people rules in the referendum election.

Unless there is provision for such a double submission, Lucas said he and many other Legislators from dry districts will be for retention of the present dry laws.

"The wets," he explained, "say the bootleg situation is terrible and that legalizing liquor will improve conditions and provide revenue for the State. The dries admit the situation is bad but say it will be worse if hard liquor is legalized. I concede that legalizing liquor may either make the situation better or worse, which no one knows without a trial. I favor a trial with the second election being provided for in advance."

### Texas Commercial Failures Still Decrease

Austin, Texas.—There was a total of 24 commercial failures in Texas during January, a decline of 7.7 per cent from January last year but an increase of 14.3 per cent over the previous month, according to the University of Texas Bureau of Business Research. Total liabilities of the bankrupt firms were \$379,000, an increase of 25 per cent over January a year ago but 28 per cent below those of the previous month. Assets of the firms that failed totaled \$154,000, which was 60 per cent greater than those of January, 1934, but 52 per cent below those of the previous month. Average liability per failure was \$15,792, against \$25,190 during the previous month and \$11,654 in January, 1934.

### Deputy Income Tax Collector Here Mar. 9

The Herald had a notice this week from the Dallas office, U. S. Treasury Department, Internal Revenue Service, that Mr. Joe H. Harper, Deputy Collector would be in Brownfield, at the Brownfield State Bank from 8:30 A. M. to 5:00 P. M., on March 9th, and will confer with aid assist any who wish his services.

The notice stated that there had been many changes in filing the income returns, embodied in the Revenue Act of 1934, which will likely prove confusing to some income taxpayers. For this reason, Mr. Harper is being sent to different places to help those who need it.

### Amarillo Hog Prices Highest Since 1930

AMARILLO, Feb. 23.—For the second successive day, new four-and-a-half-year high were registered by hog prices in Amarillo today. Top hogs were quoted here \$2.15 and sows at \$6.35 per 100 pounds. It was the first time prices had been above \$8 since September, 1930. During that period a high of \$2.25 was established.

H. C. Zorn, of Meadow section dropped in this week. He says everything around here is in a lull (Old Meadow) is moving along nicely.

### 1935 Cotton Control Ass'n Ready for Work

"With the appointment of the new State Review and Allotment Board, and the re-organization of the Cotton Control Association in the various counties, the cotton reduction program for 1935 has begun" A. L. Smith chairman of the State Review and Allotment Board, says.

"Articles of association for the cotton production control associations have been sent to the farm demonstration agent in each county and the reorganization of the associations is proceeding rapidly. One important change from last year's plan is to be noted. Cotton producing communities which consisted of not less than 300 producer units last year must consist of not less than 500 producer units this year," Mr. Smith said.

"These communities will be designated by the farm demonstration agent on the basis of the number of producer units of which cotton production was reported in the applications for allotment and tax exemption certificates in 1934. There shall be one community committee consisting of three members for each community designated. A county having less than 500 producer units will have one community committee."

"Any producer is eligible to sign a 1935 contract who is an owner, cash tenant, standing or fixed, rent tenant, or managing-share tenant jointly with the landlord, and who operates or controls a farm on which cotton was planted in 1933 and 1934, and on which cotton will be planted in 1935, and which was not covered by a 1934-35 reduction contract.

"Any producer is also eligible who is operating a farm on which cotton was not planted in 1933 or 1934 because such farm was then planted to perennial crops in a regular rotation, or because such farm was covered by an agreement with the Government to eradicate pink boll worm, but on which cotton was planted during the period 1928 to 1932, and on which cotton will be planted in 1935."

### 40,000 People Over 65 on Relief Rolls

AUSTIN, Feb. 25.—There are more than 40,000 persons 65 years old or older on the relief rolls of the state results of a survey conducted by relief authorities have revealed. A study of relief cases for the month of December, 1934, showed 41,787 persons in that age classification receiving public aid.

More than half or 24,697, were women. There were 9,499 single men and 9,879 single women reported. Married couples both 65 years old or older, on the relief rolls totaled 6,358 while there were 9,693 married couples recorded in which either the man or the woman had reached the age of 65.

Similar statistics were compiled on relief clients 70 years old and older. There were 24,832 such clients in December.

Bexar county had the greatest number of clients in the 65-year-old classification, 2,357. Harris county had 2,348, but Dallas county had the surprisingly low total of 813.

Relief funds required to care for these more than 40,000 relief clients in December amounted to \$328,078.50, administrators reported.

Results of the survey will be presented to the State Board of Control and will be available to legislators interested in drafting social security legislation. Adam R. Johnson, state relief director, said.

### CARD OF THANKS

We wish to take this opportunity to thank our many friends for their aid and sympathy in our recent loss. The loss was made comparatively small through the help received, which goes to show that the greatest asset one can possess is friends.

Thanks, Homer Franklin, Mrs. Homer Franklin, Mrs. S. E. Franklin, June Marie Franklin.

### NOTICE SCHOOL TEACHERS

All schools who plan to enter contestants in the Music Memory Contest please notify Miss Nell Blackstock, Meadow, Texas.

THE HERALD

Brownfield, Texas Entered as second-class matter at the postoffice at Brownfield, Texas, under the act of March 3, 1879.

Raymond Hamilton either bears a charmed life, or else he wears a steel overcoat over his steel jacket. If some one was to take a shot at us seven miles with a 22 short rifle, it would be just our luck that said shooter would make a bull's eye on the shooter.

According to the Spur papers, scrap iron buyers have appeared in that city, which they take to mean the harbinger of prosperity. Well, when the factories all get busy, look out for buyers of all kinds of junk. The junk buyer has been scarce as hens teeth the last few years.

A bill has been introduced in the State Legislature by Representative Geo. A. Davison Jr., of Eastland, entitled, an act to create an unemployment fund. Proponents and opponents of this, H. B. No. 409, has been set for hearing March 5th. A copy of the bill was sent to the Herald, but we have not had time to read the whole bill, but the fund apparently is to be collected from employers and deposited with the State Treasurer, to be used as occasion demands.

And now comes the ginners of Texas asking a fee of 59c a bale of cotton handled by them and books they are forced to keep on Bankhead act cotton. Have the ginners no patriotism? Can't they do a little work for poor (?) Uncle Sam gratis? Why, the newspapers have been giving of their space freely for years to Uncle Sam, while other people were drawing good wages for what they did for him. Yet the newspaper is the worst "choused" class of the entire population. The newspaper is not allowed to mention anything that smacks of a lottery either before or after it is over with. Yet, our fine competitors for advertising, both local and national, the radio, can put on all the questionable "near lottery" schemes they wish. Yet they are supposed to be under control of the same government. But when any department of our government wants some advertising, they send it to the papers—"but no appropriation was made for this" they carefully explain.

Is the present younger generation any worse than the one previous, or for that matter several generations back? Mayor L. C. Wines of this city answers the question in the negative in so far as Brownfield is concerned. He remembers as a youth that young people sometimes were very discourteous to older people, but he says that lots of times both young boys and girls grab his arm and help him up flights of stairs. It must be remembered that Mr. Wines is around his three score and ten years. He also remembers that as a farm youth going to a town school, the towns boys were inclined to make life rather miserable for the rural boys. No such as that now, he says, and we agree with him. The writer remembers that as a boy he stuck pretty close to the older members of the family when he went to town. Yes, there were as many or more roughneck boys then as now. And the girls now are just as lady-like as they were when they wore fourteen sets of underclothing beneath the top dresses.

It seems that when the legislature meets, it is a signal for every turtle-headed mugwump from the forks of the creek to think about passing some bill that will add a further tax burden on the people. And the first thing they pick on is the gasoline tax. At least three bills have been introduced to either divert some of the present gasoline tax from road building, or advance the tax from 4 to 5c per gallon. It is hard enough as it is to keep gasoline bootlegging down, and with each additional cent on it, it will be harder. Besides, the people of Texas want and must have good roads. Let's keep the gasoline tax just like it is now, and build good roads all over the state. The Federal road department threatens to reduce

BROWNFIELD STATE BANK Brownfield, Texas Conservative-Accommodative-Appreciative

I heard on the sidewalks of Wink that one fellow claimed he was badly treated by the "law" Wednesday night. After being drunk on the streets for several days, according to the "law," he was informed that he must either straighten up, go to bed or go to jail, neither of which he chose to do, and he informed his fellow-associates, that he was going to have the entire law force run out of town. We notice, however, that all of the boys of authority, from the high sheriff to the night watchman, are still on the job. Old John Barleycorn gets some peculiar ideas in his cranium sometimes, but the Johnnie part of it all, his ideas hardly ever work out just like he expects them to, and a few days behind cold iron bars seems to be about the only remedy that has a tendency to bring such guys back to normal.—Col. I Heardit in Wink Times.

A severe epidemic of politics has broken out in Dallas County. Thirty-four persons are reported stricken at the latest report. It all came about because Governor Allred appointed Mrs. Sarah Hughes, representative from Dallas County to a Dallas District court judgeship. Now a special election is called to take care of the vacancy in the Legislature, and thirty-four is the number of candidates now in the race for the place. We thought it was bad when we had something like twenty to run for governor, but thirty-four is too many. Not half of them can be elected. —Ralls Banner.

And the funny part is that a Dallas negro has announced for that office and if there are an average number of that race holding poll tax receipts, a negro may get the vacated seat of Mrs. Hughes.

PUBLISHERS AND THE CODE At the mid-winter meeting of the State Press Association down at Austin recently, it was agreed that a test would be made in the courts to determine whether the code was enforceable.

During the same week the state press association of Oregon threw the code idea overboard declaring that "too many high-salaried employees were being maintained at the Chicago headquarters and that no benefits had been received by the Oregon publishers." The Texas publishers might wait a bit and see if the Oregon publishers are devoured by the Blue Eagle before spending any money to find out something that may be had free of any cost.—Clarendon Leader.

The newspapers and job offices in the small towns have born the brunt of the Code to their disadvantage. It was said that when we signed the NRA code that we would have no more competition from the Cheap John houses in the larger cities, who used high school boys (just to get to learn a trade) or very slim wages if any. But they can and solicited orders just the same. Not only that, but the wholesale dry goods companies in the larger cities just kept on printing circulars for retail merchants at a lower price than a local printer could buy the paper they were printed on, not to mention the work involved and a legitimate profit. Of course no one could blame the local merchant, for if the dry goods jobbers are minded to give them circulars, we can't blame them for taking them. But, can the small town printer afford to pay out hard cash for a big office force in the state headquarters at Dallas, and the national headquarters in Chicago, when really the code is working to his disadvantage? Another thing: Take for instance, Brownfield, with less than 2500 people according to the 1920 census. The merchants are not under the Code in such towns, and you can't make them believe that the local printer is either, and merchants refuse to pay a price the code authorities set for him to charge and as a consequence, merchants order from the cities as of yore. When we found that a bunch of big printers had met in Chicago to inaugurate

the code early in 1934, we knew right then that the small town printer would get the hot end of the poker.

CARDS STACKED AGAINST JAPAN

Japan realizes that in no war will the United States stand alone. Great Britain and the Netherlands cannot ignore the emergence of Japanese hegemony in Eastern Asia, and, in event of war between the United States and Japan, no power in London could prevent the British dominions from supporting the United States. Canadian, Australian and New Zealand policy in the Pacific is tied to Washington rather than to London.

The Netherlands would have to protect the Dutch East Indies, which can give Japan a vast oil and rubber supply, and Great Britain would have to protect the Malay states, which can give Japan a vast mineral supply. In the event of such a war Soviet Russia and China would bargain for advantages and the United States would easily have more to offer, because having no stake in Asia, she can afford to be generous.

The cards are stacked against Japan in such a combination. The Japanese know it and will maintain peace until national dignity makes peace meaningless. But there can be no advantage in the mere frightening of a country like Japan for, if driven to extremities by American unfriendliness and suspicion, the Japanese will choose to commit national suicide. They are capable of risking destruction for the sake of pride.—Levelland Herald.

LOST GOLF BALL FOUND INSIDE FISH

Middletown, N. Y.—Here's the latest fish story: Eight year sago Col. Elmer E. Johnston knocked a golf ball into the Delaware River. The other day he was fishing through the ice and hooked a thirty pound carp. Inside the fish he found the golf ball with his name on it.

Mrs. Dr. Jim Campbell of Pecos, is here visiting her sister, Mrs. J. H. O'Connor and family.

NOTICE

You are hereby notified that all penalty and interest is hereby removed, except cases pending in court, and 1934 city taxes from all taxes due the City of Brownfield, if paid on or before March 15th, 1935. Otherwise all penalty and interest will be added.

City Secretary, Roy M. Herod.

NOTICE

Notice is hereby given that on March 1, 1935 there will be a Sewer charge, charged against any person, firm or corporation being connected with the City of Brownfield, Texas Sewer System the charges as follow: For each business being connected with said Sewer System will be charged 50c per month; for each resident being connected there will be a 50c Sewer charge against each resident, each month. Prepare For Unemployment

The ultimate goal of most young people who go on with their education after high school is to secure a well-paying position with chances for advancement.

With business steadily improving, there is an increasing demand for capable young people who possess a high school education PLUS specialized business training. How the Draughon Training and Employment Departments are helping many young people to capitalize on their education and on the growing opportunities in business, and a proven plan for helping you to secure your first position, is fully explained in a new booklet called "Planning Your Future," which has just been published for young people who want to get ahead.

A post-card will bring your copy without cost or obligation. Write today. Draughon's Business College, Lubbock, Texas. (Or see this paper about Special Scholarship). 30c.

We are glad to report that Elder T. R. Chisholm is up from a serious attack of the flu, but it left him practically deaf, he informed us.

Some of the ACC students from Abilene, were here over the week end. We noticed Misses Kathleen Hardin and Louise White.

WHY HAVE WE CEASED TO CARE?

Why have we ceased to care? What has become of our school spirit? During the football season we students of B. H. S. were bubbling over with enthusiasm.

By close observation we find the winning teams in athletics come from schools that are keenly interested in their work both scholarly and athletically.

PLAYGROUND BALL

Some 17 girls are reporting each day to Miss Vivian Winston for training in playground ball; some 26 boys report to F. L. Ledbetter for the same purpose.

According to Miss Winston the girls were to play Wellman on Tuesday afternoon Feb. 26. Due to the cold weather however the game was postponed.

READY WRITING AND SPELLING

Pupils entering in spelling have reported in room 203 every Thursday at Activity Period since the beginning of the second semester.

For the past week the ready writers have been discussing points concerning essays. Although these pupils have just met every other day it is their plan to start meeting every day until the final tryout.

House." The subject chosen to be handed to the director the following week is "Why I Am Proud to Be a Citizen of the United States."

Mrs. Wilkins is directing both ready writing and spelling and B. H. S. is expecting grand things from pupils entering both of these contests.

TRACK BEGINS

On Wednesday February 13, some fourteen boys began preparation in track and field work for the Interscholastic League Meet.

Two of the number, Earl Manning and James Burnett, are well-known athletes of this district, and they are going to be strong competitors for schools throughout the state.

An interclass track meet is scheduled for Friday, March 2. In this contest each class will enter a number of men in each event.

VOLLEY BALL

Those coming out for volley ball which is directed by Mrs. Wilkins, organized last week. There are twenty-five girls entering volley ball, with enough for three teams.

The one-act play chosen for the Interscholastic League work is "The Hardwick Mystery."

Patsy Hardwick—Kathy Hunter Chet Crasscup—John McLeod Kay Bridges—Marjeanne Griffin Harvey Owens—Odell McLeod Fred Lewis—Logan Redford Dr. Preston—undecided Inspector Russell—Bill Savage Ryan—undecided Martha—Verna Brown.

It is one thing to have an opportunity—another to see it.

Newest feature in B. H. S.—Glenn Eakin's bass drum.

Use your two eyes and two ears more than your one tongue.

The students in B. H. S. have been doing some excellent work and have set a day to be Visitors Day; this will be March 12.

The fourth week of February is Texas Week. We in Texas should be proud that we are Texans.

After the sand storm over the week end B. H. S. needed a regular spring house-cleaning Monday morning.

Like electricity brains are useless, unless harnessed.

In one of our past issues we stated that we believed the students and faculty of B. H. S. were "half-dead."

It takes more than years to give us wisdom.

There were thirty-two names on the detention list Monday afternoon. Ten out of this number were on because they were tardy; the other twenty-two had below ninety in their department.

B. H. S. is pushing ahead to their goal—that goal is to win the County Meet. Rah! B. H. S. Rah!

Courage! Courage! Don't crumble on the home stretch.

SENIOR—FACULTY BASKETBALL

On Thursday, February 21, the Seniors played the Faculty for the High School championship. The game was very exciting and comical.

The Seniors will receive the banner offered as an award for the winner.

CUB CLASSES

SENIOR LEAD THE WAY "The Leaders of B. H. S." met Monday to discuss further their secret. A report was given by the gift committee.

The Senior class is going to be well represented in the Interscholastic League. There is a Senior in almost every event.

JUNIORS JUMP TO AID OF SCHOOL

At the class meeting Monday morning, the Juniors discussed plans for a possible social and for the Junior play of 1935.

The Juniors are giving their best to help the School with the Spirit win the County Meet.

SOPHOMORES SNAP INTO WORK

In class meeting Monday morning the Sophomores had a short talk from Miss Winston, the sponsor, about bringing in report cards.

The Sophomores sang the chorus of "Beautiful Texas" as everyone knows this is Texas Week.

FRESHMEN OUT TO HELP WIN The greatest majority of Freshmen are entered in some contest to help Brownfield High School win in the Interscholastic League Meet.

The Freshmen who are not eligible for any contest, will be standing on the side line, doing everything possible for the school to win in every contest.

Three cheers for the working Freshmen!

CUB CELEBRITIES

WILLIAM POLLOCK—William was born June 2, 1915, at Oklahoma City, Okla. He moved to the Union school district where he started to school in 1923.

William plans to go to Tech next fall to study mechanical engineering.

CUB CHATTER

Kathleen Hardin and Louise White were at home during the last week visiting relatives and friends.

Logan Redford was out of town over the weekend. We understand that he did a great deal of hunting.

Donald Gray Wester was a visitor in B. H. S. Thursday.

Helen Robinson, of Lubbock, was a visitor in the home of Sharleen Graves several days last week.

We are glad to have our editor, Irene Adams, back with us after several days of absence due to illness.

J. B. Graham, of Andrews and a former student of Lubbock High School, enrolled as a Junior in B. H. S. Tuesday.

Laddie Lynn Brownfield was a Lubbock visitor this week-end.

Jean Bell of Lubbock was a visitor in the home of Mary Dee Price Saturday and Sunday.

Although the weather has been bad, the dating is still going on, but we are still in the dark as to who's with whom.

Joe Bob Burnett, a former student of B. H. S., has recently moved to Lubbock where he is attending Lubbock High.

The Seniors are making some high and wide plans these days. We hope that they carry them out.

B. H. S. lost another Sophomore about two weeks ago. Jeanne Roane moved to Lubbock where she is attending school.

TEXAS WEEK

By resolution of the Texas Legislature the week of February 25 to March 2 has been declared Texas Week.

Brownfield High will observe this week by continuous effort to make one high school of Texas more efficient in training for citizenship.

On Friday March 1, the assembly program will be dedicated to Texas. The following program will be offered:

Song—"The Eyes of Texas" Student body.

Texas Under Six Flags—Six Seniors.

"Home on the Range"—B. B. Club "Texas Hall of Fame"—Six Seniors.

"When Its Round Up Time in Texas"—Male quartette.

Story of the Alamo—Hymn of the Alamo—Catheryn Cates

"Texas, Our Texas"—Girls' Quartette.

Song of the Forerunners—Vondoe Lewis.

Great is Texas—Six Junior Girls. Boy Scout Salute to Texas.

All patrons and friends of the school are being invited through the pupils to attend this program and to make Friday (today) a record visiting day for B. H. S.

THE BANQUET OF THE WORMS

Mr. Daniel, master of ceremonies, began the royal banquet with a lecture on the digestion and the indigestion of worms.

Mr. Daniel with his usual order for such horrible things, gave some examples of etiquette by preparing and masticating a magnificent specimen. Naturally the class was over eager to begin; and when they were given a tray, a worm, some water, a huge number of pins and a knife, they acted very carnivorous.

THE ECHOLS SINGERS

The Echols Singers presented a program in the High School Auditorium Monday evening, February 25, beginning at 8:30 This program was sponsored by the local P. T. A.

The first group of songs was a collection of sacred hymns. This feature was followed by popular numbers such as "Winter Wonderland" "Rain" "I Sow Stars" and the like.

The Echols singers are from Lubbock. They may be heard every Sunday morning at 8:40 over K F Y O

Their program here netted the local P. T. A. some \$7.00 an amount which will prove an advantage to Brownfield Schools.

CUB CLUBS

THE SCIENCE CLUB

The Science Club met February 19, in the Science Room. They are very sorry to say that their president, Jeanne Roane, moved away.

DRAMATIC CLUB

After a few weeks or rest the members of the Dramatic Club went back to work again. The program given follows: Reading—Maurine Loyd Two Piano Solos—Mary Louise Tinkler.

Property Owners Pay Most of the Taxes

AUSTIN, Feb. 27.—Recommendations that the tax burden be placed upon the shoulders of a majority rather than a few Texans were made in the report of the Senate Tax Program Committee submitted this week to the Governor and the Legislature.

The Senate Committee suggested that the reserves of life and fire insurance companies be no longer exempt from taxation.

The report declared that the following groups should be brought up with in range of taxation: Itinerant Merchants; Loan Companies engaged in the personal loan "racket" who pay little or no taxes.

Suggestion was made that, until the constitution be amended on the subject of intoxicating liquor, the retail druggist permit for general liquor sales be increased from \$5 to \$100 the year and the wholesale druggist sale permit be raised to \$2,500.

The tax burden falls with undue heaviness upon real estate owners, it was found. While real estate is 50 per cent of Texan's wealth, it constitutes about 75 per cent of all assessed property.

The amount of intangible wealth in Texas was recently estimated by the State Auditor and Efficiency Expert as being \$2,721,976.00 Present Law requiring that cash in banks should be taxed is consistently ignored.

Concerning other intangibles the Committee said: "they ought to be taxed, but about the only intangibles there is a chance to reach by taxation are notes and mortgages, and the State of Mich. seems to have solved that problem by placing a stamp tax on all notes, bonds, mortgages, the rate of taxation being \$5 the \$1000.00. We are suggesting this for careful study."

From the best figures obtainable it was shown that 30 per cent of the people of the state own property and therefore pay all the ad valorem tax. The remaining 70 per cent never enter the tax collector's office save to pay poll taxes or automobile license fees.

Attention was directed to the \$188,077.27 collected during the last fiscal year on natural gas. The Committee held this to be entirely too small.

Comptroller of Public Accounts report for the last two fiscal years was held to indicate the present trend of taxation and disbursement of State funds: For the year ending August, 1933, total revenue receipts of the

Frank Tolbert

WORTH A TRIBUTE

Let's pay a tribute to Jan Kubelik, the great Czech violinist, who went into bankruptcy a few years ago.

This artist, without what business men would call a business sense, assumed, after the proceedings in court, all his debts, although not legally bound to do so.

He is gradually paying them off.

His example is not new; others have done the same thing, but the spirit is so rare as to deserve attention and commendation.

E. I. Shelton, of Plainview, was in our city this week repairing typewriters, and was on his way to Seagraves to overhaul a crippled adding machine for the bank.

Elder James A. Fry will leave early next week where he will attend a preachers' meeting and lectures at Clovis, N. M. He is scheduled to deliver an address Tuesday.

"SPRING COLDS"

Are Old Fashioned Nuisances!

It's a scorn, not pity, that sneezy persons get nowadays—and rightly so! When you can cure colds quickly and surely with modern remedies, it's criminal to go about infecting others.

We have tested remedies for every kind of cold—from the sniffed, achy variety to the croupy chest cold.

## Substantial Gains In Capitalization

AUSTIN, Feb. 25.—Substantial gains over January, 1934, were recorded both in capitalization and in number of new corporations granted charters during January, according to the University of Texas Bureau of Business Research.

Figures from the office of Secretary of State show a total capitalization of \$3,028,000, a gain of 17.3 per cent over January last year although 30 per cent less than that of the previous month, the Bureau's report said. The number of charters granted totaled 186, a gain of 27 per cent over that of January last year and 52.4 per cent above that of the previous month. The principal gains were in the oil, manufacturing, and merchandising groups.

## BIG RAVEN SHOOT TO ATTRACT MANY

More than 1300 live ravens are already in captivity and more will be provided to serve as live targets for the big Raven Eradication program here on March 2nd and 3rd.

The shoot will be held at the Gun Club stands west of the City Park beginning at 10 a. m. Saturday, Mar. 2nd.

Some 30 or more prizes will be given. The chamber of commerce will present three trophies to the three making highest scores during the meet.

This event is sponsored by the Howard County Chapter of Game and Fish Protective Association of Texas. —Big Springs News.

## DIABETES INCREASES

AUSTIN Texas Feb., 25.—The general increase in diabetes throughout the United States during the past few years is eloquently reflected in the Texas figures. In 1929 only 367 persons were recorded as having died of this malady, while last year about 700 succumbed. Even making allowances for undiagnosed cases in earlier days, the increasing deadly power of this malady thus becomes apparent. And while perhaps it is the least publicized of the major killers, it nevertheless deserves an appreciation of some of the predisposing causes as well as of the methods to combat them, states Dr. John W. Brown, State

## Health Officer.

It can be said that, whatever the exciting cause of its development may be diabetes is definitely associated with the soft living now so general among the so-called white-collar workers. And it is here that diabetes potentially and increasingly flourishes. "Thus it is noted that professional men and women, educators, bankers business executives servers of food and drink, laboratory and desk and bench people in general in short, the sedentary workers, are more likely to become victims of this disease than are those who labor manually. And to this list must be added the housewife to whom electricity and leisure in this connection have in numerous instances proved to be doubtful blessings.

"Therefore it is plain that adults whose living habits involve a minimum of physical exertion and a maximum of food, including sweets, could profitably determine to about face and gear themselves to a more normal living regimen. The rules involved in this suggestion are: Under the doctor's direction avoid overweight; eat proper foods in proper amounts shunning excesses of sugar and sweets, having a physical examination at least once a year; regularly exercise the larger muscles of the body either in work or play.

## FEWER SCHOOLHOUSES

Once America's pride, the "little red schoolhouse," with its barnlike single room and primitive equipment is slowly but surely passing. More than 10,000 of these small district school buildings were abandoned in the past few years, their places being taken by the modern consolidated schools.

With the rapid extension of good roads and the employment of motor busses for the transportation of children to these larger institutions it seems inevitable that the one-room school, with its many handicaps, will eventually disappear.

While the district school must thus give place to a new and better system, it has filled a paramount role in the advancement of the nation. To the self-sacrificing labors of faithful teachers in these rural schools many famous men and women owe their early education and inspiration.

But the demand of progress must be met in education, as well as in all other phases of our increasingly complex civilization. The new and larger consolidated schools, with its

staff of better prepared teachers, its improved organization and its modern equipment will mark an advance over the "little red school house," which must make for a more enlightened and efficient citizenship.

## GOOD ADVICE TO CHILDREN

Up in Oregon the sheriff of one of the major counties has had issued cards for distribution among children. They carry point in any state and it may be recommended that attention of children herabouts be called to the following copy:

- 1—Don't ever ride with strangers.
- 2—Always walk on the left side of the road, and get clear off the road when you meet an automobile. Give them plenty of room.
- 3—Don't ever cross a road or highway until you are sure there are no cars coming from either direction.
- 4—Don't attempt to cross an intersection until you are certain that there is plenty of time.
- 5—If you see an accident go for help quickly.
- 6—Keep clear of the wreck. Let

grown people give aid to the injured. While the sheriff is doing this good work in the interest of the smaller citizens, the Oregonian of Portland suggests that he might get out another card directed to adults and that it read:

- 1—Don't ever pick up strangers.
- 2—Always drive on the right hand side of the road, and when you meet a pedestrian give him plenty of room.
- 3—Maintain a look-out for persons crossing the road.
- 4—Have your car under control when entering an intersection, and recognize the right of pedestrians to cross ahead of you.
- 5—If you see an accident, offer help.
- 6—If you cannot be helpful, leave the wreck. Don't block the highway out of curiosity.

With one or two exceptions the points in each apply to the grown-ups as well as the children. It will hurt no one to read what the Oregon sheriff has to say, and what the Oregonian thinks he might add.—Tribune, Oakland, California.

## BRISBANE'S AERIAL GHOSTS

The eminent editorial writer, Arthur Brisbane, sees spooks and ghosts every time aviation score a spectacular triumph. Miss Earhart's flight across the waters that separate our western coast from Hawaii made him see, at once, a mighty armada of 5,000 planes, bombing the coast, speeding to the east and tearing up our cities.

Of course, he did not tell where the 5,000 planes were hidden at this time or what the American Army, Navy and Marine corps' flying machines would be doing while the "enemy" rained bombs upon us. Maybe, they will be reading Mr. Brisbane's interesting editorials and forget to look up into the sky.

## A CHANGED SENTIMENT

A changed sentiment seems to be apparent in the general attitude of citizens toward Federal agents.

A few years ago, largely as a result of the raving of wet newspapers, every time a Federal agent shot anybody he was held up to scorn and the law enforcement arm of the government riddled with sarcasm.

The other day, in Florida, suspects in the kidnaping of Edward J. Bremer, St. Paul banker, were shot to death. A woman and her son were the victims, but no outcry came from the press or the public. Sentiment was with the agents who attempted to capture but killed when resisted.

You can draw your own conclusions.

## DOCTORS ARE WORKING

Dr. Richard C. Cabot, of Harvard, recently aroused a hornet's nest by declaring that "it costs too much to be sick" and that as a result "many people don't go to see a doctor."

Regardless of what the members of the medical profession may think the general public agrees with the Harvard speaker. We know that there are two sides to the proposition and that doctors, especially family physicians, make many sacrifices to treat their patients. At the same time the medical profession in general is giving thought to the problem of giving

adequate medical to all citizens and given time, will solve it.

## Some of the Causes of Automobile Accidents

The worst automobile accident casualty toll ever experienced in the United States was recorded last year when 36,000 persons were killed and nearly a million injured as a result of 882,000 personal injury collisions on streets and highways.

Although practically two-thirds of the accidents involved driving errors, pedestrians paid the highest price in the loss of life as shown by the death of nearly 16,000, or 44 per cent of the total fatalities.

Detailed statistics giving the circumstances of the accidents as tabulated by The Travelers Insurance Company in its annual analysis show that the country's adverse experience was not due solely to an increase in the use of motor vehicles. Deaths gained 16 per cent as against an increase of between 5 and 6 per cent in registrations and 6 per cent in gasoline consumption. In this connection the analysis points out that in 1931, the previous high record in deaths, registrations were 3 per cent greater and gasoline consumption nearly one per cent more than in 1934 while fatalities in 1931 were almost 8 per cent less than last year.

Too much speed for time and place is cited as the dominant factor in the greater seriousness of automobile accidents last year. As an example of the extreme hazard produced by driving too fast, the rate of death per accident because of exceeding the speed limit was 40 per cent worse last year than the average of all accidents involving driving errors.

Available records for the year shows that 3.16 per cent of the drivers in accidents were declared to have been under the influence of intoxicants as against 2.43 per cent in 1933 an increase of one-third. The available records also show that 4.47 per cent of the pedestrians in accidents were declared to have been under the influence of intoxicants as against 2.99 per cent in 1933, an increase of 49.5 per cent.

Five out of every eight pedestrians killed, according to the statistics were involved in accidents while crossing streets in the middle of the block, crossing intersections against signals or diagonally, darting out into streets from behind parked cars, or while walking along rural highways. The rate of death per pedestrian accident was 45 per cent worse crossing in the middle of the block than at intersections. The rate of death crossing against signals was 74 per cent worse than crossing with signals.

Nearly 1,500 children under the age of four were killed and 39,000 were injured in automobile accidents during the year, while 3,88 between the ages of five and fourteen met death and 143,000 were injured.

Despite figures indicating that nine out of ten cars involved in accidents were apparently in good condition, three out of every four cars examined in inspections were found to be in poor or bad mechanical condition. According to the inspections, 29 per cent of the cars required brake replacements or adjustments, tires were in only fair or poor condition on 56 per cent, and lamps required replacement or adjustments in 63 per cent of the cars.

## Easy Pleasant Way TO LOSE FAT

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

Get on the scales today and see how much you weigh—then get an 85 cent bottle of Kruschen Salts which will last you four weeks. Take one half teaspoonful in a glass of hot water every morning and when you have finished the contents of this first bottle weigh yourself again.

After that you'll want to walk around and say to your friends,—"A quarter pound jar of Kruschen Salts is worth one hundred dollars of any fat person's money."

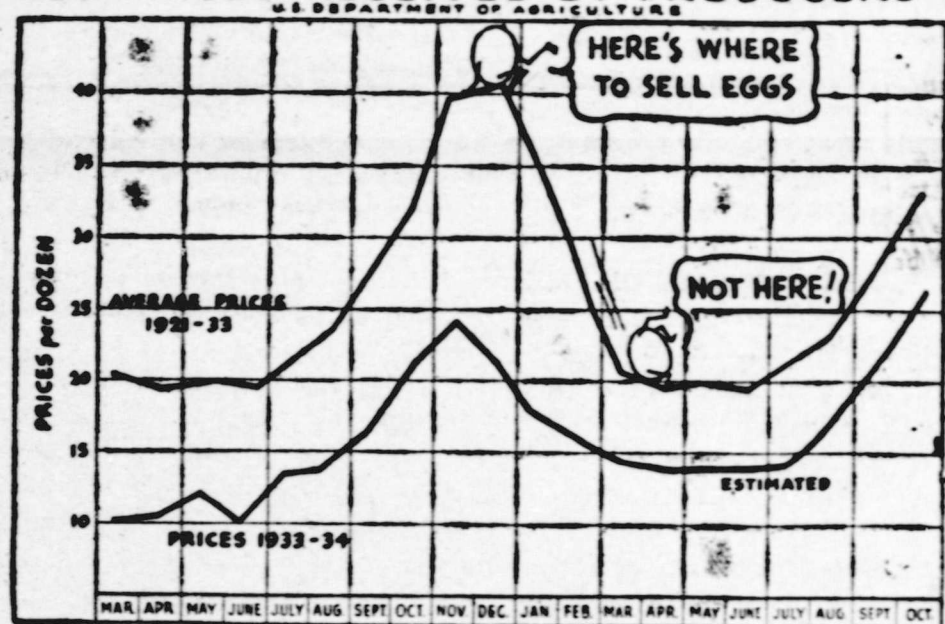

Leading druggists America over sell Kruschen Salts.

## "One of Our Babies"

Red Cross public health nurse proudly displays one of the infants under her care. In the past five years Red Cross nurses have aided at the birth of more than 19,000 babies and have given care to mothers of many others, in their work to save lives of mothers and babies.

## EGG PRICES RECEIVED BY PRODUCERS—

## GET EXTRA EGGS WHILE PRICES ARE HIGHEST

Every egg that comes out of the nest during winter is worth two eggs at any other time of the year, according to J. H. Burrell, Purina poultry specialist. As proof he submits the accompanying chart which graphically illustrates the average rise and fall of prices over a 12 year period from 1921 to 1933 and the comparative trend for 1933-34.

Burrell says that the period from September to January of each year is a hen's money making time—the time for every producer to get all the eggs he can from his flock. "One thing is certain," he admonishes, "hens need plenty of feed to do a money making job because eggs are made of feed. The surest way not to get eggs in fall and winter is to skimp on the feed.

"But it's not alone the quantity—it's the kind of feed used that determines the number of eggs which will be put in the nests during this season of high egg prices. For there's a vast difference in the egg producing ability of feed. For instance, grain alone, no matter how liberally fed, will give only limited production because it just hasn't the ingredients to make a lot of

eggs. It needs the help of a laying mash.

"There are all kinds of laying mashes available which when fed with grain will give more eggs than grain alone. But here again there is a tremendous variation in the quantity of eggs produced by different mashes. This variation is best told by the results of a 3 year nation-wide survey covering 6,000,000 hens. These birds, which were fed on a laying mash developed at our Experimental Farm, averaged three dozen eggs extra per bird from September to January.

"Poultrymen in every section of the country furnished these records," says Burrell. "Large flocks, small flocks—all were averaged together for 3 straight years. The figures showed that the average production of each of these hens was five dozen eggs during the five fall and winter months when egg prices are highest. The average hen, according to the Bureau of Agricultural Economics, U. S. Department of Agriculture, lays only two dozen eggs during these same five months.

"It's time right now to do something about getting eggs from hens this season. Careful selection of a laying mash is the most important step toward producing lots of profitable eggs. This should be a mash of proven egg making ability—a feed that is known to have behind it sufficient research and experimental work as well as an established acceptance by practical poultrymen!"

 TOM MAY, Magnolia Agent.

# Will Stay Here

After visiting many sections of the country and seeing the difference in conditions in Brownfield and Terry county compared to the other places visited, I have decided to keep my business in Brownfield. Also, might state that a deal I had on fell through, and that fact helped us to decide to remain here.

But the main reason is that Brownfield and Old Terry stand head and shoulders above most places visited, both from the standpoint of the the merchant as well as farmer and ranchman. As in the past, so in the future we will be found boosting for Brownfield and Terry county.

I have just returned from Dallas where I made extensive purchases of new Spring merchandise, which is now arriving daily.

Come in and see our New Spring Goods. Every department of our store is now full of new merchandise, such as piece goods, work clothing; complete stock of shoes for the entire family, ladies ready-to-wear. Our ladies ready-to-wear department is as complete as you will find anywhere, and up-to-date in styles and materials.

Prices on SILK DRESSES ..... \$2.95 to \$7.95  
 New, Up-to-date SWAGGER SUITS ..... \$4.95  
 LADIES SPRING COATS ..... \$5.95  
 WASH FROCKS ..... 79c to \$1.95

## Aryain Dry Goods Co.

ED ARYAIN, Prop.

# COBB'S DRASTIC SALE

## Starts Friday, March 1st with Values that will Save You Money

Come to this Sale with the assurance that you are getting the best merchandise that money will buy. This is a SALE with a real purpose. Understand this: The goods offered during this Sale are not "shopworn" but is our regular high grade stock. Our store is crowded in many departments and we are making DRASTIC reductions. In many instances we are offering this merchandise at prices less than wholesale; prices that make this look like a Bankrupt Sale. If you are interested in a real saving on your Dry Goods, Clothing, Shoes and Hats, bring your entire family and buy your year's supply. We will guarantee you a real saving on all merchandise.

FOR PRICES SEE OUR CIRCULAR

## COBB'S DEPARTMENT STORE

### NURSERY STOCK

Take advantage of our sale prices to fill your orchard and improve your home grounds. Peaches, Plums, Apples, Cherries, Apricots and Grape Vines.

### Chinese Elms—All Sizes

EVERGREENS, 21 varieties. FLOWERING SHRUBS and other stock. The best planting time is just beginning. DON'T WAIT TOO LATE.

### Brownfield Nursery

Brownfield, Texas  
Box 132. Phone 196

### TALK COST \$216,000

Pittsburgh.—Two men who met at a cocktail bar and talked about the personal property they owned without paying taxes did not know that Ralph Barr, tax assessor, was standing nearby listening. He investigated and forced the men to pay \$216,000.

Word comes from Mrs. Shorty Brown, who is in the Baker Hospital at Muscatine, Iowa, that the cancer has come from her breast and that she will be at home not many weeks hence.

What is your new brother's name? Little Janie: I don't know yet. We can't understand a word he says.

J. H. Parrish who has been living out on route 5, has moved on one of the Sawyer places in the Lahey community.

### P. T. A.—MEADOW

The local P. T. A. met Thursday evening, February 21, 1935, at 7:30 o'clock and presented a very interesting Founder's Day Program which consisted of the following:

"America"—sung by the congregation  
Song—by the sixth grade chorus.  
Violin Solo—Mr. Montgomery.  
Founder's Day Playlet—  
Cast: Agitated mother—Mrs. Jack Lusk.  
Teacher—Miss Price.  
A Reader—Mrs. Floyd Cope land.  
Twelve Letter Carriers.  
"My Tribute"—Senior Choral Club  
Vocal Solo—"A Little Child Shall Lead"—Mrs. D. J. Harris  
Song accompanied by Spanish guitar—Fifth grade boys glee club  
Playlet—"The Child Four Square" closed by a child's prayer.  
The Meadow P. T. A. has voted to meet only once each month and at the next meeting the congregation will be entertained with a program celebrating "Mother's and Father's Day at School"

On the way home from a party she rang a fire alarm box to hear the sirens so Mollie Grossman, 19, of New York City, paid a \$25 fine in court.

"Why are you running a steam roller over that field?" asked the stranger.  
"I'm trying to raise mashed potatoes," explained the farmer.

Professor Boreleigh: "If I have talked too long, it's because I haven't my watch with me, and there's no clock in this hall."  
Raspberry: "There's a calendar behind you."

W. H. Hight was in from the farm Saturday, and seemed to be much improved in health.

Virgil Kinard, one of the old pioneer boys, is a new reader of the Herald.

Children live longer than formerly, adults do not.

### RELIC OF LINCOLN

When President Abraham Lincoln, mortally wounded, was carried from Ford's theatre to the home of William Peterson, a tailor, living across the street, he was placed in the room of 13-year-old Pauline Peterson where he breathed his last early the following morning.

During the night the blood-stained head of the martyred President had rested on the child's square feather pillow. The pillow was reverently preserved by the tailor's daughter, who afterwards became Mrs. Wenzing, and upon her death she willed the prized relic to Mrs. Jessie F. Webster, a school teacher. With it went an affidavit prepared by Mrs. Wenzing before her death, as follows: "This is to certify that the pillow now in possession of Jessie F. Webster of the City of Washington, D. C., is the same pillow on which President Lincoln died, April 15, 1865. His death occurred in my room in my old home, No. 516 Tenth street, Washington, D. C."

The pillow, now yellow with age, still bears its crimson stains and is perhaps the most intimate memento of a national tragedy now in existence.

We understand that R. A. Locker has moved from Hereford to Lubbock.

### TWO EARS

Father: "Everthing I say to you goes in one ear and out the other."  
Youngster (thoughtfully): "Is that what we have two ears for father?"

First Boy: "Your father must be an awful mean man—him a shoemaker and makin' you wear them old boots."  
Second Boy: "He's nothin' to what your father is—him a dentist, and your baby brother only got one tooth."

E. I. Hill Jr., and lady of Tahoka, were here Saturday, having come over to purchase stock from the local nursery. He is the son of Editor E. I. Hill of the Tahoka News.

When mistrust or wilfulness enters love departs.

### FEEDING PREJUDICES

Most of us who consider ourselves broadminded are anything but that. Otherwise, how can we account for the fact that we are seldom interested in reading "the other side" of any question.

We read almost exclusively such books, periodicals and newspapers as we know in advance will generally coincide with our own views. Few Republicans subscribe for a red-hot Democratic newspaper, or vice versa. People take church papers only of their own denomination. Capitalists take few labor papers, and laboring men would hardly look at one that reflects the capitalistic viewpoint.

In other words, we all have more or less confirmed opinions on nearly every important subject and do not admit that there may be some virtue in the opposite view.

As a recent writer has said, "The only facts we can tolerate are those we already know." We read, not really to learn anything new, but for the purpose of confirming ourselves in our present beliefs and prejudices.

No historian has been able to tell us when pork and beans were first mustered into the army.

M. E. Singleton, a U. of T. Journalistic student, was here the past week-end visiting friends.

A fine boy was born to Mr. and Mrs. Paul Wood on Washington's birthday. Now you don't know who Paul Wood is, do you? His dad was here from Las Cruces, N. M., recently hunting all over town for Paul Wood. Finally he told some one that he thought his son was called "Red" Wood here. Oh! yes, everyone knew Red Wood.

G. W. and A. W. Mulliking, twin brothers who recently celebrated at Enid, Okla., have never been their eightieth birthday anniversary separated on their birth date.

Frank Givan of Hereford, was in our midst last week, looking after business matters.

Walter Gracy planked down a couple of dollars this week and got his account way ahead on the books.

P. R. Cates, local relief administrator, had business in Lubbock Wed. afternoon.

Editor Willard Bright of the Gaines County News, Seagraves, was a visitor in our city Saturday afternoon. He stated that they had an unusually large crowd in Seagraves that day, and could not understand where the huge crowd that was here came from. As a Saturday town, Brownfield certainly goes somewhere.

F. M. Burnett, J. P., and wife, visited in the Post section the past week end.

Tom Cobb and family spent the week end with Mrs. Cobb's parents, Mr. and Mrs. Dan Cobb of Seminole.

Ben Hill was operated on at the Lubbock sanitarium last week. While the operation is very serious, he is getting along as well as could be expected.

The force failed to get the stop lights up last week, as meter reading period arrived. As nothing has been done toward finishing the job this week, no date has been set by the city to begin operating them.

Mrs. N. F. Lovelace of Tokio, was shopping with our merchants Wed.

In some districts of Rumania when a girl is old enough to marry, a flower is painted on the house as a notice to wife-seekers.

### SAMS-BUTLER RITES ANNOUNCED IN CITY

Mr. and Mrs. Milton C. Butler, 2405 Broadway, are announcing the marriage of their daughter, Miss Wanda Butler, to Van Earl Sams of Brownfield, son of Mr. and Mrs. Earl Sams of Benjamin, that took place on December 10, 1934. Mrs. Sams is to be graduated from Texas Technological college in June. Mr. Sams was graduated from the division of engineering at the college last year.—Lubbock Avalanche.

Mr. and Mrs. R. C. Reed made a business trip to Fort Worth last part of last week.

Earl Jones proprietor of the Rialto theatre accompanied by Glenn Akers were Dallas visitors the first of this week. Mr. Jones goes there to make his picture booking instead of having a man come here, because he says he can get them to give him the newer and advanced pictures.

### FATHER WHEN A BOY

Willie was doing penance in the corner. Presently he thought aloud pensively.

"I can't help it if I'm not perfect," he sighed. "I never heard of but one perfect boy, anyway."  
"Who was that?" asked his mother, thinking to point a moral.  
"Papa," came the silencing reply, "when he was little."

### EASY ANSWER

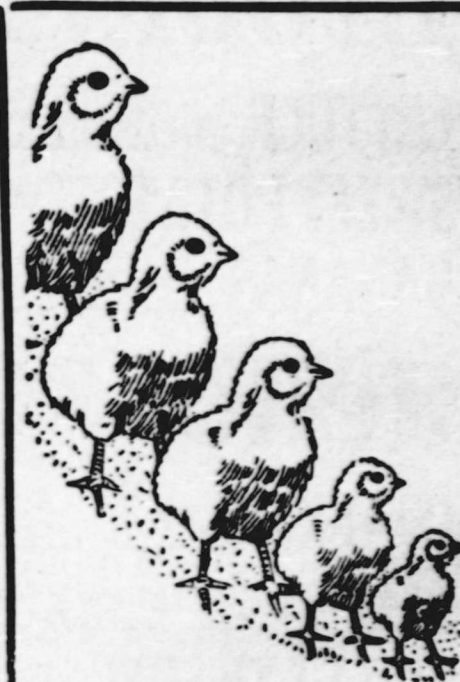

Cooking Teacher (reviewing class in sandwich making): "Take two pieces of bread, layer of cheese, two slices of ham, a spoonful of mayonnaise, a piece of lettuce, and what have you got?"  
Bright Pupil: "A tea shoppe."

Father: "I hear you are always at the bottom of the class. Can't you get another place?"  
Son: "No, all the others are taken."

### DO IT NOW!

If with pleasure you are viewing any work a man is doing, If you like him or you love him, tell him now; Don't withhold your approbation till the parson makes oration, And he lies with snowy lilies o'er his brow.

The oil well on the T— ranch in Lynn county, was down 3700 feet last reports, and still in a strata that indicated oil.

## HOW THEY GROW!

Baby chicks from our hatcheries are the finest specimens you ever saw! They're strong, healthy and well-formed; the type that grow fast into real producers. Our chicks are right—our prices are right. Come here for a square deal.

### CHISHOLM'S HATCHERY

Mesdames Lazelle Huckabee and Harvey Gage visited the latter's sister, Mrs. Earl Chester at Levelland, Thursday of last week.

Mrs. J. L. Randal spent last Saturday and Sunday with her daughter and family, Mrs. Percy Spencer, at Lubbock.

Mrs. Preston Florence of Seagraves visited Mrs. Downing, Saturday.

Mrs. Hansen and little daughter, Mignon visited relatives and friends in the Rio Grande Valley from Thursday to Sunday last.

Mrs. C. C. Stribbling and brother, Hubert Beckham of Trent visited Mrs. J. L. Dunn over the week-end. Mrs. Stribbling and Mrs. Dunn were College chums when they attended Simmons U. several years ago.

## MAYTAG SERVICE

Your Washing Machine can be made to operate and look practically as well as when new. I specialize in servicing Maytag Washers and have complete EXPERIENCE in this line. Replacements for all worn parts may be had from our store—

### C. D. RAY at Hudgens & Knight

—I also repair all other makes of Machines—  
—ALL WORK GUARANTEED—

## SEE OUR GO-DEVILS

Either all steel, or wood and steel; two or three row; and can be used with team or tractor. These go-devils clean the furrow as well as the bed, as the knives clean the bed and your sweeps clean the furrow. Will do any work any go-devil will do. MADE in BROWNFIELD with BROWNFIELD LABOR LINVILLE BLACKSMITH SHOP

## Quick Method for Increasing Egg Production

Average Egg Yield More Than Doubled by Proven Plan

Yolk and white—that's the whole story of the interior of every egg. In the production of an egg there must be enough white to go with the yolk or the egg cannot be laid. That's common knowledge—yet it is so frequently disregarded in the handling of poultry that many flocks today are producing far below their normal capacity, according to C. S. Johnson, manager of the Purina poultry department.

"The fact that one hen or a group of hens has a better production record than another bird or group of birds does not mean, necessarily, that the

former have better inherent laying ability than the latter," Johnson says. "It means far more often that the poorer group just hasn't been given equal opportunity to show what they could do in the way of fully sustained production."

"In every hen, for example, there's an 'egg nest' containing hundreds of small yolks—some no larger than a pinhead, others as large as a marble. These yolks were put in the hen by nature and are developed by the yolk making feed that the hen eats. Grain alone will develop these yolks. But they can't be turned out as yolks alone. There must be a white and there must be a shell.

"There's a small amount of white and shell material in grain, but not much," says Johnson. "That's why hens fed on grain alone lay so few eggs. It is estimated by the U. S. Department of Agriculture that the average farm hen in the United States lays only 72 eggs a year and most of these are produced in the spring months when eggs are cheap. That's what straight grain feeding or unbalanced feeding does. When one stops to realize that it takes 80 eggs from a hen in a year to pay her feed cost it is easily observed that the average farm hen hardly pays her way.

"But she can be made to pay by giving her enough material for whites and shells that will enable her to complete the eggs with the yolks she has in her body so that more eggs can be laid. It takes laying mash to make these whites and shells. Grain alone just can't do it. Neither will just any random untested, ordinary laying mash. What's required is a mash that has been developed, tested, balanced, and blended especially to give hens what they need for making whites and shells.

"It is entirely possible to produce such a mash. At our Experimental Farm, for instance, we have definitely and repeatedly been able to step up egg production from a yearly average of 72 eggs per bird when fed on grain alone to an average of 178 eggs."

only a matter of time before someone would have to come out into the open. This was what they waited for, and so they kept away at a safe distance and waited.

"Sioux laugh at us," said Red Goose, bitterly, "they-----"  
 "I know my son," interrupted his father. "The river is beyond hill. The Sioux have water we have none. Sioux will make camp and keep watch until we try to reach river."

"Guess there's nothing to do but wait," growled Bear Cat, who was trying to think of some plan to outwit the Sioux.

And so the day wore slowly away and night came, bringing darkness. Thirst, terrible, agonizing thirst, was gripping the four defenders of the barricade swelling their tongues and driving them almost to desperation. "We can't stand this much longer," mumbled Bear Cat. "We'll go crazy." And as if in answer, a shot rang out in the darkness, followed by a wild yelp.

"They come in dark," said Red Goose. "Maybe they think we are asleep."

(To be Continued)

### A WELL EARNED PROMOTION

Promotion of R. N. (Mac) McClain assistant county agent of Lubbock county for more than four years, to be a full fledged county agent and assigned to Terry county, is a well deserved advancement for one of the most popular young men in Lubbock county. It is a tribute to the training he has received here, as well as to his own work and is also a tribute to those men under whom he has worked in this county.

"Mac" as he is known throughout the county, is probably one of the best known men in Lubbock has had in recent years. Farmers and farm boys alike, felt at ease in his presence called him "Mac" and listened to his advice and suggestions on things agricultural. He is universally liked and admired and his judgment on farming both sought and followed out.

Son of a man who ranked among the half dozen leading dairy cattle experts in the U. S. Department of Agriculture, he came to the Southwest with a background of a through knowledge of dairy cattle. His father before his death, had asked D. F. Eaton, then county agent here, to place his son in this county, or near here because of the great future of this section in dairying.

"Mac" came and learned. He was soon made club worker and when Mr. Eaton resigned, was named club leader. As such he easily won and has held the confidence of the farm boys of this county and also this section. He is known over a wide area through the Quality Meat shows and the Panhandle-South Plains fairs.

Terry county is to be congratulated on having secured his services as county agent. The farmers there will soon learn as the farmers of Lubbock county have, to respect his judgment and to follow his advice.—Lubbock Avalanche.

### KANSAS IMPROVES ON FISH YARNS WITH HARE-RAISING BUNNY TALES

TOPEKA, Kan., Feb. 21—These Western Kansas jack rabbits grow big. They're very tall. So are the stories about them.

Anyway, Lee Larrabee, Fish and Game Commissioner, drifted into town Thursday with the sad account of a Dighton mule dealer who lost ten of his animals in one of these rabbit hunts—the mules got mixed up with the jacks and weren't observed until the dead rabbits were being picked up.

"We felt bad about it" Lee said, "but we just didn't notice them. I remember some one said during the drive, 'Look at that big one,' and then hurled his club."

Lee gave the name of the dealer—J. A. Hineman of Dighton. Larrabee also verified the rumor about the man who tried to harness a jack rabbit he found in the barn with his mules recently. He didn't notice the difference until the rabbit kicked him out of the stall and dashed out over the prairie.

All Western Kansas had taken to carrying clubs with them, Larrabee said, because the rabbits are getting resentful over the hunts.

"Do you know," he said, "that when I went into a hotel here a dog barked at me and tried to hide under the table? I just couldn't help it. I've eaten so much rabbit meat lately." Larrabee said he was serious in a suggestion that the relief officials set up canning factories in Western Kansas to can rabbit meat the same as beef was canned last summer.

Lynn Nelson, of the Corner Drug, who has been advertising for old coins in the Herald, says he has obtained excellent results. He has heard from some as far away as Mississippi. He has made a number of purchases.

Mr. J. A. Cates of Ropes, was in our city this week to get some job printing done. He informed us that he and his partner, Mr. W. O. Fortenberry were preparing to sell their gin plant at Ropes to actual farmers.

### Agricultural Notes

By R. N. McClain—County Agent

Saturday, March 2nd, will be the last day for transferring Tax Exemption Certificate's according to R. N. McClain, County Agent. Notice was received from Washington to close on that date. All interested in transferring Certificate's, please do so before Saturday night.

Monday is the last date for signing a Corn-Hog Contract, according to B. L. Thompson, President of the Corn-Hog Association. This date has been extended because we are out of Application blanks this week. All interested in signing contract's, please do so before Monday night.

The Terry County 4-H Club Calf Show sponsored by the Brownfield Chamber of Commerce will be held on Saturday, March 9. The Show will be held at the tabernacle. We expect to have eight calves here for the Show. Prizes offered are:  
 First ----- \$7.50  
 Second ----- 5.00  
 Third ----- 2.50

\$1.00 per head for the remaining calves shown.  
 We have some good calves in this county and are proud of them. Come out and see these calves. They will be shown in Lubbock at the Quality Meat Show on April 1, 2, 3.

We hope to receive some Pool Certificate Checks in the next week or two. Several counties around have received checks, but up to date we have not.

### Needmore News

Mrs. J. C. Crownover returned home from Lubbock Saturday where she was under treatment at the sanitarium.

Miss Iona Jones returned home Sunday from the Treadaway-Dan'l hospital where she underwent an operation for appendicitis, also had her tonsils and adenoids removed.

Mr. M. H. Bennett returned home Sunday recuperating from an appendicitis operation.

We are glad to know these folks are getting along so well.

Mr. Plato Carroll and Mr. Russell Banks are also on the sick list this week. We hope they recover soon.

Miss Leora Jones visited Sunday night with Miss Ida Mae McCutcheon.

Mr. and Mrs. A. D. McDonald visited Sunday with Mr. S. B. McCutcheon and family.

Mr. and Mrs. Emmett Watkins and Miss Ida Belle Jordan spent the week end at Vernon, Texas visiting friends and relatives.

Mr. E. G. Jones jr., is visiting friends at Tahoka this week.

Mrs. Gladys Hood of Barstow, Texas is visiting her sister, Mrs. J. C. Crownover, during the latter's illness.

Mr. J. B. Mackey and family, Miss Mabel and Ida Mae McCutcheon visited in the E. G. Jones home Sunday afternoon.

Mr. Claude Rhodes spent the week end with Mr. O. K. Tongate of Challis.

Mr. Douglas Prestridge spent the week end with his sister, Mrs. C. F. Davis and family.

### Wellman News

The Wellman P. T. A. met Friday 22, 1935. The following program was given:

Mrs. Baker, Iona Baker, and Roy Ragsdill sang a group of songs.  
 Lois Riney, Wilma Wodard and Evelyn Baker gave readings.  
 Accordion Solos by Roy Ragsdill.

The story-telling hour was led by Mrs. Riney.

Business—  
 Reading the minutes of the proceeding meeting.

A nominating committee was appointed consisting of Mrs. Adair, Mrs. Wade, and Mrs. Wilhite.

Delegates to the convention at Plainview were elected: Mrs. Riney, Mrs. Adair, and Miss Hazel Woodard.

Talk—The Hopes of the Founders—Mrs. Wilhite.

Talk—Cooperation of Parent and Teacher—Mrs. Roy Wingerd.

Mr. J. J. Woodard has gone to Oklahoma, where his brother-in-law is very ill.

Mrs. J. T. Singleton Sr. left Thursday Feb. 21 for Electra, Texas where her daughter's baby was very ill. The child passed away afterwards.

## COLLINS DRY GOODS CO.

### RED GOOSE—THE OJBWA INDIAN BOY

An Indian Story for Boys and Girls By Carlyle Emery

The Sioux surrounded the little barricade behind which Red Eagle, Red Goose, Bear Cat, and Little Beaver are preparing to save their treasure and their lives. Bear Cat fired at the first sight of the enemy but missed. Now go on with the Story

While the men were worrying about the approaching Sioux, Little Beaver was worrying about the water supply.

"Red Eagle," she said, "we have

no water. Sioux know we have no water. They will wait By and by, someone must go out for water. Then they will kill."

"Little Beaver is right," answered the Ojibwa chief, slowly. "Sioux will stay far back so our guns cannot reach them. They will wait."

This thought did not please Red Goose at all. "Heyyyyyyaaaa! Sioux! he shouted. 'Cowards! You are afraid Come and fight!' At the same time, he emptied his rifle, trying desperately but in vain to reach them with his bullets.

But the crafty Sioux were not to be drawn into any battle if they could help it. They knew the little party behind the barricade had no water and as the Sun mounted higher and higher, they also knew it was

day at 3:00 P. M.

Mid-week service at 7:30 Wednesday evening.

"Thou shalt worship the Lord thy God, and Him only shalt thou serve." This still applies to you and me. Neglect this command and you disobey the Lord. He that offends in one point is guilty of all, the Lord says.

### MARRIED SUNDAY

Mr. Richard Chisholm, son of Mr. and Mrs. G. W. Chisholm, and Miss Bulah Mae Moseley, daughter of Mrs. Moseley, both of this city, drove to Tahoka last Sunday morning, where at 9:00 A. M., Elder R. P. Drennon said the words that united them in holy wedlock.

After a short honeymoon to Carlsbad, N. M., the happy young couple will be home to their friends in Brownfield.

Mrs. J. T. Auburg is reported to be confined to her room with flu. There are several cases in town, but not as many as two weeks ago. It seems to be in a mild form in most cases.

### Gomez Gossip

Mr. and Mrs. Roy Moore, of Lahey, were guests of Mr. and Mrs. Lee Fulton, Sunday.

Miss Creola Moore, of Brownfield, was a week-end guest of Miss Viola Brown.

Mr. and Mrs. J. E. Lee, Misses Lillian Lee, Nellie, Rena and Dollie McLeroy visited in the R. H. Decker home Sunday.

Mr. and Mrs. O. D. Payton and family visited in the J. M. Green home, Sunday.

Rev. E. L. Redden, of Plainview, will preach at the Baptist church Saturday night, Sunday and Sunday night.

Mr. and Mrs. J. W. Ball and girls, Miss Vivian McLeroy, Mr. and Mrs. W. J. Carter, Mr. C. D. Reed and Mr. W. J. Brown attended church services at Brownfield Sunday morning.

Mr. and Mrs. Marvin Childress and family visited in Levelland Sunday.

Mrs. A. H. Kern, Mr. Hadley Kern of Brownfield, and Mrs. W. J. Carter visited in the J. W. Ball home last Wednesday.

Miss Lillian Lee visited Mrs. W. E. Winn last Friday.

Mr. and Mrs. Benson and family of Tokio visited Mr. and Mrs. J. R. Kee, Sunday.

### MRS. STEWART PASSES AWAY

On Wednesday Feb. 6th Mrs. W. T. Stewart, age 67, passed away at the home of her son, Durah Stewart who lives in the Challis community.

She was converted and joined the Methodist church when very young. She was only sick a few days, in fact took ill on Saturday afternoon and passed away about 7 P. M. on the following Wednesday.

On Monday she seemed much better and asked her grandsons together with some of their friends to sing some of her favorite hymns, among them was the song "After the Sunrise." On Tuesday her son from Arizona arrived. She seemed so happy over his arrival and continued to talk with him after he and all the family had retired.

About midnight she took a turn for the worse and didn't seem to get better any more. Her husband preceded

her in death about seventeen years ago.

The funeral services were conducted at Ropes at 2 P. M. Thursday at the Nazarene church and then the body brought back and buried in the Meadow cemetery.

She is survived by four children, Mrs. Barnes Stevenson of Ropes, Jimmie Stewart of Arizona, Durah and Annie Stewart of the Challis community; four brothers, two sisters, ten grandchildren, and a host of relatives and friends.

Will say, weep not dear ones. She's free from sorrow, pain and care, where all is peace and love.

—A friend.

### CHURCH OF CHRIST

Jas. A. Fry, Minister  
 Bible School begins at 10 A. M., promptly.

Young people meet at 6:15 in two groups.

Preaching at 7:30 P. M.  
 Women's Bible class meets Monday

## Here Is True FARMALL POWER

reduced in size, weight, and capacity to take over the power problems on tens of thousands of small farms, and to serve as an auxiliary tractor on larger farms.

FARMALLS Now in 3 Sizes—a Size for Every Farm.

THE tremendous success of the McCormick-Deering Farmall tractors naturally created a demand for the same efficient Farmall power in a smaller size. International Harvester engineers have produced such a tractor.

The new McCormick-Deering Farmall 12 is the result. It has surprising power for its size. Weighing a little over a ton, it displaces four or more horses in field work. It handles all the operations in growing and harvesting all crops. Pulls a 16-inch plow bottom or two 10-inch bottoms.

It is an ideal tractor for planting and cultivating corn, cotton, etc., the capacity on these operations being 26 to 33 acres a day. Wheels are adjustable to a wide range of row spacing. The Farmall 12 is ready to middle bust, handle haying operations, pull tractor binder and corn picker, cut ensilage, grind feed, etc. Like every other Farmall, the Farmall 12 is a true all-purpose tractor.

Ask us for full details as to specifications, equipment, etc.

## Our 23 Year Column

W. T. Royers of Colorado, was writing a series of articles on peanut culture in the Herald. A big rain and hail storm with a great electrical display that damaged the local telephone company a great deal, especially on the Tahoka line, hit Brownfield Saturday night, and gave us a good season. A blizzard accompanied by snow fell all day Sunday. More railroad talk: This time the 50 mile short line out of Pecos was to be introduced to come via Seminole and Brownfield to Lubbock. M. V. Brownfield, W. A. Bell, Judge Neill and Percy Spencer were the local committee to confer with the promoters. The Texas Industrial Congress was offering \$10,000 in gold prizes for best crops, including those grown in Terry county, according to Judge Neill.

Harris Happenings: The snowstorm delayed the Gomez-Harris mail. A hack load of Harris young people attended the Washington birthday program at Gomez. The snowstorm knocked out the preaching and dinner on the ground at Harris. Gomez Dots: The rains and snows had put a fine season in the ground. Jim Taylor went to Elida N. M., on business. The Washington Birthday program at the school building was great. An old time spelling bee was pulled off at the school house. A party Saturday night at Will Moore's. Mat McPherson and family moved to Gomez. Mr. Wyatt was snowbound at Gomez, Sunday.

There was a wreck on the north-bound Santa Fe train from Lubbock to Amarillo Saturday, when several cars left the track. M. V. Brownfield and Eb Ivey were in one of the cars that left the track but balanced and did not overturn. No one seriously hurt but they were delayed 15 hours and some walked into Canyon for breakfast. The Brownfield State bank showed deposits of \$41,000, and loans of \$47,000. Pride: Beginning to look like spring. Harve Martin had just finished a new rent house. Tax Assessor Jim Burnett was making his rounds. Newt Taylor had sold his cows. Mat and Ross Cathey went to Gail to build a house. Primrose: Take common laundry soap and rub on fruit trees to keep rabbits from gnawing bark. Also place bear-grass around them with stickers outward. A. K. Huckleberry was organizing a Corn Club. W. H. Gist and family of Needmore, visited A. W. Blankenship and family. Mr. Shelmoun and family from the Slide community had moved to the Clifford place.

Henry Williams was a new reader. Mrs. W. B. Downing of Lubbock was visiting her parents Mr. and Mrs. J. T. May Lester McPherson had returned from Post J. C. Green had dismantled a brick flue at the court-house. Scott May of Lubbock, was down visiting his parents, Mr. and Mrs. J. T. May. The framework of Dick Brownfield's bungalow was up. J. T. Gainer was a candidate for county Judge of Yoakum county. Lense Price was breaking sod. Mr. Bert French and Miss Reba James were united in marriage the Sunday before by Rev. V. H. Trammell of the local Methodist church. All for this week.

### TOOK THE CHANCE

New York.—George S. Ward lies in a hospital dying of heart troubles and anemia said to be the result of drinking a glass of liquid highly impregnated with typhus germs in 1904, when he was a member of the Army Medical Corps. He volunteered to take a chance to aid humanity, and a bill has been introduced in Congress to give him a pension of \$125 a month.

### STEALS DUMB BOY'S SHOES

Dallas, Texas.—Jack Taylor, eight year old deaf mute, was left in his father's automobile for a few minutes. When the father returned he found that a thief had stolen the shoes off of the boy's feet.

Little Jackie Sue Goodpasture, daughter of Mr. and Mrs. Dolphus Goodpasture, is recovering from an attack of scarlet fever.

The Herald is glad to report that Ed. Aryan and family will remain in Brownfield, and keep their business here.

### CHIROPRACTIC—

#### WHAT IS IT?

Chiropractic is a method of correcting spinal nerve pressure so that nature itself can heal the affected parts.

There is no danger from an adjustment. It always helps in restoring the patient to their normal health.

It is the quickest, cheapest and most permanent health method being practiced.

If you are sick why not see your chiropractor and be well and happy again.

BERNICE WELDON  
Dr. of Chiropractic

## Big Increase in Drunks Says Church Board

WASHINGTON, Feb. 23.—A big increase in drunkenness, particularly among women, was reported today for the first year of repeal in statistics gathered in 226 cities by the board of temperance, prohibition and morals of the Methodist Episcopal church.

Some figures recited were: Twenty-six per cent more arrested for drunkenness in the first year of repeal over the last year of prohibition.

A more rapid increase in drunkenness among women than among men in the cities where figures were gathered.

#### Accidents Increase

A five per cent increase in automobile accidents and an almost 10 per cent boost in motor fatalities in 1934 over 1933.

The board added: "It appears that where hard liquors are dispensed through a state monopoly drunkenness is not increasing so rapidly as in the license states. The percentage of increase for the 'control' group is 20.65 and for the license group 25.64."

#### REFITTING THE SCHOOL

The criticism that is often made of the public school system of this country is that children are not fitted for life, that they get a smattering of intelligence that does not make them more capable in the duties of living or in the exigencies of business.

Truth to tell, we think there is some merit in the criticism. However, educators all over the United States realize the needs of the school system and many of them are working just as hard as they can on the problem. Just because a school teacher does not tear up the present system and try something new is not evidence that he or she is smugly complacent, thinking that the present system is perfect.

It is a very serious as well as a large undertaking to reform the school training of millions of children. No untried methods can be gambled upon. The experience of the present must work out the ideal for the future, but it must be done without jeopardizing the welfare of children now securing instruction.

#### COP REMEMBERS BOY

New York.—Charles Seemiller, 9, took a smack from a policeman's night stick, but next day saw the cop, grinned and spoke to him cheerfully. That was fourteen years ago. When the policeman, Conrad Landman, died it was discovered that he had established a \$5,000 trust fund for the boy who took it and smiled.

The Herald thanks Charley Gaston for a couple of No. 2 cans of his sausage. Will try it in a few days. old boy, when the meat the other neighbor gave us runs out.

#### NERVY SALES METHODS

Business and professional men are frequently annoyed by mail order firms which send them goods not ordered, with a request that the merchandise be either paid for or returned. Such sales methods are entirely indefensible.

It is unfair to place upon a busy man the burden of wrapping and remailing stuff he does not want, yet the average person feels an obligation to pay for it or send it back. This method of alleged salesmanship no doubt produces results, or it would not be resorted to by the concerns which practice

it. One way of handling such cases is reported by a Michigan paper. A doctor was sent \$10 worth of cigars with a request to try them and remit if satisfied. In case he did not smoke, it was suggested that the doctor could find some friend who would be glad to take them off his hands. The doctor wrote in reply:

"Cigars received. I enclose in payment two prescriptions well worth \$10. If you do not need them, you can sell them to some friend."

H. L. Lee was among the farmers who had business here Wednesday.

# Enjoy a Comfort Zone Ride—

WITH V-8 POWER

FORD ECONOMY

THE new Ford V-8 is a car of major developments. This year, to the proved performance and economy of the V-8 engine, Ford has added another major engineering development—the Full-floating Springbase with Comfort Zone Seating. This means "front seat riding comfort" for back seat passengers. Now everybody can enjoy a Comfort Zone Ride.

The car is longer and wider...more room for passengers and baggage. It is beautifully streamlined, and luxuriously upholstered. It has many important safety features, including welded all-steel body and wheels. Safety glass all around and large, sure-traction balloon tires are included at no extra cost.

Here is a car that meets every 1935

driving need... whether you want safety, speed, power, size, dependability, economy, or beauty. See it now at your nearest Ford dealer's.

This program will be given in Miss Rasco's studio at four-fifteen.

**M. AND M.**

Eighteen members were present when the Maids and Matrons met with Mrs. J. L. Randal, Tuesday afternoon, Feb. 19 at 4:00 o'clock.

During the business session Mrs. Roy Wingerd was elected with Mrs. Randal as alternate, as delegates to the convention of Federated Clubs in Plainview. Mrs. E. C. Davis and Mrs. Paul Lawlis were voted members on the waiting list. Mrs. Basil Webb was elected to fill the unexpired term of Mrs. G. Daugherty as reporter.

The lesson on Classic Arts of the Young Republic was led by Mrs. O. Dennis with Mesdames Adams, Wilkins, Self and Penn taking part. Buttered wafers, individual cherry pies, and tea were served.

**ATTEND LECTURE**

Mesdames Jim Moore, J. E. Shelton, Roy Wingerd and Miss Olga Fitzgerald attended the lecture Tuesday at Lubbock of Dr. Dennis Rockwood of Washington D. C. Also the luncheon given in Seaman Hall at Tech. Mrs. Rockwood is field agent in the child development and parents education for the American Home Economics. Mrs. Wingerd, our P. T. A. district vice-president made an interesting report on her work in this district and was highly complimented by the Lubbock visitors for her good and efficient work she is doing.

**IRENE DUKE HOSTESS**

Parliamentary Laws was the subject studied at the El Progreso Club Monday night when Irene Duke was hostess with Mrs. Sumner leader. A song, "Sleepy Hollow Time," was sung by the club. Others attending were Misses Bessie Chisholm, Fay Martin, Louise Wolforth, Gertrude Rasco, Laura Lee Jones and Mrs. Weaver. Hot chocolate and cake was served.

**AUXILIARY AND LEGION MEET**

March 14th, Thursday evening at 7:30 about twenty legionaires and twenty Auxiliary members met in a joint social. Business meeting was presided over by Commander Cris Quante and the years work of each unit was mapped out. Three new members were solicited by the Auxiliary, Mesdames Henson, Dr. Turner and Breland. At a late hour refreshments of coffee, sandwiches and cake were served.

Mr. and Mrs. Homer Winston accompanied by Mrs. Cris Quante attended a joint meeting of F. V. W. at the Lubbock Hotel. Mrs. Shaw from El Paso assisted by a number from Amarillo Post organized the Lubbock Auxiliary. A charter of 24 members was submitted. Mrs. Homer Winston was elected 2nd Vice President, and Mrs. Cris Quante was appointed.

### SOCIETY

**WEEKLY CHURCH NEWS**

Six members of the First Christian church Ladies Aid Society met at the home of Mrs. J. O. Brown, Monday afternoon at 3 o'clock. Mrs. Walters led a lesson from 2nd John.

Fifty-three ladies met at the Baptist church Monday afternoon for Associational Workers Meeting. There was to be another program Wednesday afternoon of this week, and Sunday night they will have the Graduating Exercise. Hot punch was served.

Jas. A. Fry, minister, led an interesting Bible discussion Monday afternoon at 3 P. M. at the church of Christ. The lesson was from the 2nd chapter of 1st Cor. Seven were present.

A one o'clock covered dish luncheon was served Monday when twenty-one ladies of the Methodist Missionary Society met with Mrs. Downing. Mesdames John R. Turner, B. L. Thompson and R. C. Reed were co-hostesses. Games were enjoyed for a time. Mrs. Webber then presented Mrs. Reed with gifts from those present, also speaking the sentiment of Mrs. Reed's many friends of how sorry they are to lose her from the church and town. Mrs. Reed responded in a few words of appreciation, and in part said she felt she had not done much but what she had done she wanted to do. We all hate to see her go but hope she will be happy and useful in her new home.

The ladies of the Baptist church will meet at 10 o'clock Thursday, March 7, for the study of "Winning On the Border." Their chairman, Mrs. J. T. Auburg, will lead in the discussion. A covered dish luncheon will be served to the ladies and their husbands.

"Building a Standard Sunday School" is the book that the officers and teachers of the Baptist church have been studying this week at nights.

**DIST. LEAGUE MET HERE**

Younger members of the local Methodist church were hosts to the Monthly District League meeting on Tuesday night this week. Leaguers from Meadow, Forrester and Union attended. Miss Lie J. Don, district Secretary of Levelland, spoke during the evening. After the program refreshments were served to some 60 present. Mrs. Ada Wilkins is League Sponsor of this district and also sponsor of the local League.

Rev. and Mrs. Sharp were called to Avoka, Thursday of last week where

their daughter and husband, Mr. and Mrs. Galispe were sick. Rev. Sharp came home Saturday, but returned Wednesday of this week. Word came from Mrs. Sharp Tuesday that Mr. Galispe had pneumonia.

Mr. and Mrs. R. N. McClain, the new county agent and wife, accompanied by Mrs. Roy Herod, were Plainview visitors Wednesday. The McClains attended business and Mrs. Herod visited her aunt, Mrs. Boyce Cardwell.

Mrs. Regis Quinian is visiting her parents, Mr. and Mrs. W. A. Bell.

**ENTERTAIN TUESDAY**

The lovely new and modern home of Mrs. Earl Jones was the scene of a very delightful bridge party Tuesday afternoon when she and Mrs. Cecil Smith were hostesses to a number of Brownfield ladies.

Ten tables were placed for the games. Refreshments were congealed salad, fudge squares and hot tea. First and second prizes were embroidered pillow cases and went to Mrs. Roy Herod and Mrs. Tom May. A pyrex baking dish went to Miss Lou Ellen Brown for third high.

Others playing were Mesdames W. H. Collins, W. C. Smith, Claude and Clarence Hudgens, Jack Stricklin Sr. and Jr., Lester Treadaway, Dick McDuffie, James H. Dallas, G. Daugherty, John R. Turner, R. B. Parish, Earl Anthony Jr., R. M. and Spencer Kendrick, Flem McSpadden, Arthur Sawyer, Dube Pyeatte, E. C. Davis, R. Knott, Clyde Cave, Paul Lawlis, Mon Telford Clyde Bond, James King, Sullivan, Roy and Frank Ballard, J. A. King, Edgar Self, R. L. Bowers, Ike Bailey, Kyle Graves, Aut, Gilliam and Blue Graham. Mrs. Glenn Akers was a tea guest.

**EVENING PARTY**

Mr. and Mrs. Claude Hudgens entertained Thursday evening of last week the "Our Night Out Club." After a series of bridge games a chicken salad course and a pineapple dessert were served to Messrs. and Mesdames R. L. Bowers, Dick McDuffie, Lester Treadaway, Kyle Graves, Paul Lawlis, Glen Akers, Clarence Hudgens, E. C. Davis, and Mrs. Fred Youree of McCamey. A tie rack was presented Mr. Clarence Hudgens for high and a pair of embroidered pillow cases to Mrs. Youree.

**CELEBRATE BIRTHDAYS**

Last Friday evening, Feb. 22, Misses Kathy Hunter and Ruby Nell Smith celebrated their 18th and 17th birthdays at the home of the latter with a three course dinner. The George Washington motif was used in the appointments. Games were played after dinner. Those attend-

### THIS CHANGING WORLD

As winter gives way to Spring . . . snow and cold melt away before a strengthening sun and new model automobiles appear on the roads, you've evidenced you live in a changing world. Science an invention as well as the seasons are ever at work making today different from yesterday. This drug store recognizes the forces of progress—and we always try to keep abreast of the times by adopting new methods and new ways of doing business after they've proved to be really progressive. Your safety is always paramount with us and when new things are considered, we think of—
