

The South Plains is the choice of the United States, and Terry County is the best part of that choice.

The Terry County Herald

The truth about Terry County is good enough. An appreciated weekly that covers the territory thoroughly.

Printed in Terry County, on the South Plains, the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States

VOLUME THIRTY

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, APRIL 5, 1935.

NUMBER 34.

An Open Letter From Federal District Atty.

The Herald has before it an open letter from Clyde O. Eastus Federal District Attorney of Fort Worth, giving his side of the controversy resultant from the arrest of the Garza county sheriff and other Post, Texas citizens in connection with the killing of a Federal Narcotic officer in February. In this letter, Mr. Eastus says that he has never attacked the people of this section, or Post citizens in particular, and pronounced them generally outlaws as has been reported in the dailies. He asked us to publish his entire letter, which is rather long, providing we had published any reflections on him or the government.

Therefore, inasmuch as the Herald has played a hands off game in this affair, we will not publish the entire letter, but give this brief gist of its meaning. Mr. Eastus believes the propaganda alluded to above has been used by friends of Cato to prejudice the people of this section against himself and the government so they cannot get a fair trial at Lubbock in May.

Atty. Eastus says there was a well known organized ring of dope peddlers at Post in Garza county doing business right under the nose of the law enforcement officers of that place. This may be the truth, and if so, will come out in the trial at Lubbock, and those guilty should be punished as the law directs. But people of west Texas generally, 98 percent who would not know what dope was if they saw it, resent the alleged charge said to have been made by Mr. Eastus that the people of this section were not law abiding.

We are glad that Mr. Eastus has seen fit to make a correction of this purported charge, and the Herald for one, believes that he will have plenty law abiding citizens on his side when he comes to Lubbock to try these cases, if he proves the parties really guilty.

New Furniture Store Opened Last Week

The Household Furniture Co. has opened on the west side of the square with C. McWilliams as manager. The Wilson building has been remodeled and cleaned up for this purpose, and a large stock of new and second hand furniture has been received and put on display. The J. T. Auburg Jewelry and Repair shop, and the Dumas Shoe repair business have room in the building yet.

The new store has a nice line of both new and second hand furniture, and we are sure will enjoy a good business. Mr. McWilliams announced that he would continue his upholstery business in connection.

Mr. McWilliams came to Brownfield in February 1934 from Santa Anna, Calif., where he was employed for seven years in one big furniture store, and where he learned repairing and upholstering from the ground up. He has constantly added to his stock and new customers since coming here.

City Election a Tame Affair Here

This was sorter of an off year in the city election as only three councilmen were up for election, and as they are not salaried positions, very little interest was taken in the matter. The Mayor and City Marshal hold over until next year.

Only 73 people took the trouble to vote, according to Ned Self, who helped to hold the election. Only three names, Marion Craig, Cecil Smith and Homer Nelson were on the ballot, and all three were re-elected. Very little, if any, writing-in was reported.

In being kind to dumb brutes, why not include fatter? Who feels for the poor should feel in his pocket

Jack Benton and wife are entitled to a pass to the Rialto Theatre to see When A Man's A Man. Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto-Herald

A Seething Crowd Was on Hand Monday

A seething mass of humanity was on the streets Monday for the monthly Tradesday, despite the fact that a little dust was oozing here and yon, but people are becoming used to that, and don't mention it more than forty times a day. The usual number of husky Terryites were on hand with a good sprinkling of traders and on-lookers from the five adjoining counties in Texas, and Lea county, N. M.

Most of the farmers were well up with their work. All the land has been listed or flat broke, and as they are now waiting for a rain, they had nothing else to do but come to town. Even Aesculapias from Meadow was down. However, he had forgotten that it was Tradesday and came down to sign up a cotton contract for this year, but said that he could not get within a hundred feet of the county agent's office. So he just milled around with old friends; visited the Herald office, etc., and made the best of the morning, saying he would come back when business was not so rushing.

And that is probably the way lots of visitors spent the entire day. Anyway, the merchants say that they enjoyed a good business most of the day, and six people were awarded the money given away on that day, much to their pleasure as well as the pleasure of the merchants who made it possible.

Indeed, we have heard a number of business men state that they would go of their part on making Tradesday a good day even if their trade was no better than on other Mondays, for they believed that the farmers in this section, on whose trade they depend, are deserving of at least one day each month to come to Brownfield and have a good time without the least coercion to trade.

But despite that, they make their specials of the week-end reach over into Tradesday for the benefit of people who come here from long distances.

Co. Agent's Office A Very Busy Place

While the first few days of this week after Monday was a little slow on account of lack of blanks to sign up the Cotton contracts for this year the office hopes to have plenty of blanks by the week-end so they can get busy signing the farmers who wish to do so. It looks to us like the authorities who are supposed to send in these blanks would know how many were used last year, and would have sent that number or more in the first place this year.

The County Agent's office in the basement, and all corridors leading thereto, were a jamb of humans, Monday, and the blanks that had been received were worked up that day. Indeed, the people who worked at the Cotton Contracts last year are now well on to the work, and they turn them off at a maximum rate compared with last year. They also have a record of each man's land, and don't have to wait to look up the number of the section, block, survey, etc. to get down to the real work.

County Agent R. N. McClain was at Lubbock the first part of the week, as he had been made general superintendent of the Quality Meat Show at that place. Before coming here, and while assistant agent of Lubbock county, Mr. McClain has held a department at the meat show, and so efficient has he proven that he was made general superintendent this year.

GREAT LESSONS FROM HISTORY

Ancient history tells us that when Babylon was reduced to ruins, the great wealth of the ancient city was owned by about two percent of the population. Later when the Roman Empire fell at the beginning of the so-called dark ages, the wealth of the Empire was owned by about eighteen hundred individuals. When the renowned beauties of the Persian nation was reduced to ruins, only about one percent of the people owned the wealth of the nation. America is rapidly coming to the point when the wealth will be owned by a mere handful of individuals. Yet America can profit from the history of the human race in the past even at this late hour.—Clarendon Leader.

Mesdames Lou Burson and Money Price spent first of last week in Amarillo visiting the former's sister and the latter's aunt, Mrs. Tisdale.

\$23,000,000 Ford Plant Expansion

Top photo shows construction work on the new Ford steel hot rolling and cold finishing mills; left, installation of furnaces and other equipment in foundry for casting alloy steel parts; right, Rouge plant power house.

HENRY FORD is well under way on one of the year's largest single industrial construction projects in the United States—a \$23,000,000 program designed to improve and expand the facilities of the great Rouge Plant of the Ford Motor Company at Dearborn, Mich.

Among the projects are: New hot strip steel rolling mill, \$6,330,000; new sheet steel cold finishing mill, \$3,460,000; modernization of main power house into the largest high

pressure steam power house in the world, \$4,600,000; new glass plant, \$3,000,000; modernization of foundry and installation of furnaces and other equipment for production of cast alloy steel parts, \$675,000; and reconstruction of one blast furnace to increase its capacity from 600 to 800 tons daily, to cost \$800,000.

In addition, new tools, machinery and other equipment and facilities in all departments to increase daily output, totals \$3,000,000.

Knott Installs Two New Tailor Presses

W. R. Knott, proprietor of the American Tailor Shop has installed two of the very latest makes of the famous Hoffman Tailor presses. For a long time, the Hoffman Co., has been leaders in the tailor press field. This latest machine, not only uses a high pressure steam to make the creases and straighten the wrinkles, but a cold current of air can then be run into the press, which not only cools the fabric, but thoroughly dries the garment.

Mr. Knott has a lot of complicated machinery apparently to the uninitiated, but all fill their purpose in the up-to-date tailor shop, such as the latest automatic dryer, gauges to increase steam pressure, machines for cleaning clothing, to which is attached a filterer that thoroughly recleans the naptha. His steam boiler is heated with natural gas.

Drop in and ask to be shown this machinery. They are always glad to show their customers around.

P. T. A.—MEADOW

The local P. T. A. met in regular session Thursday afternoon, March 28, at which time the following program was presented:

Two songs by the entire assembly. Reading—Glendale Wisenhunt. Choral Singing—Jr. Choral Club. Literature For the Adolescent—Mrs. Nowlin.

Report of 14th Dist. Conference—Mrs. Airhart. Business Session.

Frogs, like many other croakers, haven't much else to do.

The Ross Motor Company Changes Hands

C. E. Ross, who has been the owner and manager of the Ross Motor Co., here for the past year or more, selling Plymouth and Dodge cars and trucks, has sold the business to J. M. Teague, sr., and son, J. M. jr. Mr. Ross will still be connected with the company as salesman, he informed us.

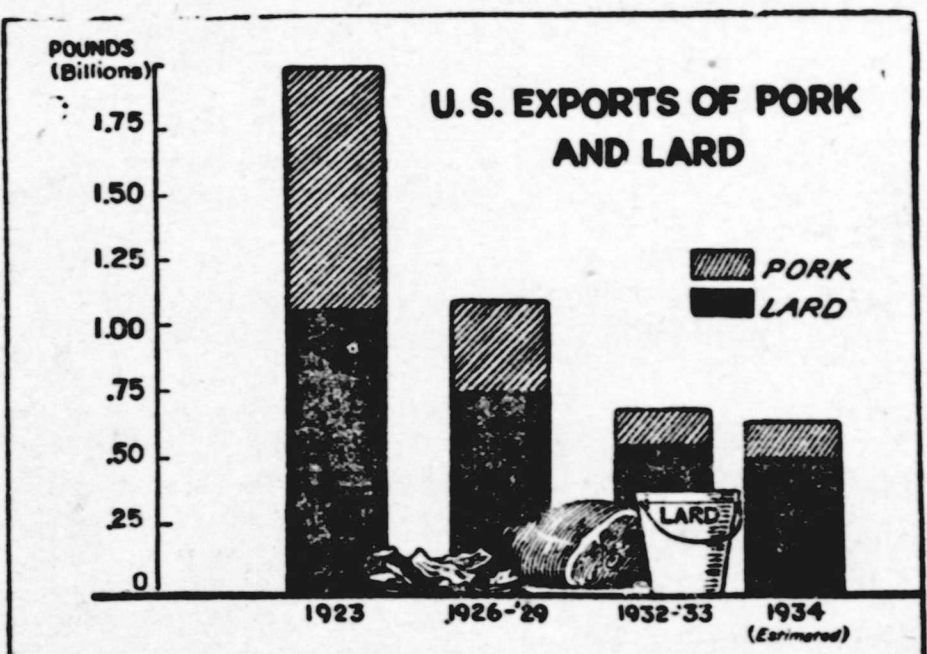

Mr. Teague has been operating a ranch for several years near Elida, N. M., but sold out last summer. Some two months ago, he lost his wife, and decided to go into some business near where his children lived. J. M. Teague Jr., is a married man, but so far has been unable to get a residence here.

We welcome these good people to Brownfield, and hope they will enjoy a good trade. Jarvis Nowell, one of the best repair men in the city, and brothers, will care for all the repair work for the new firm.

South Plains I.O.O.F. To Meet in Lubbock

J. C. Green, secretary of the local lodge, Odd Fellows, informed us this week that the brotherhood's organization, known as the South Plains Odd Fellows Association, would meet in Lubbock April 25th, for their annual session, with both day and night sessions.

A part of the team of the Lubbock lodge was here Tuesday night and helped to give the second degree. After which, refreshments were served to all who were present.

WITH exports of pork and lard from the United States still remaining at a low level, a large increase in hog production is not warranted at this time, according to officials of the Agricultural Adjustment Administration. Exports of pork from the United States showed a slightly upward trend in 1934, but this was offset by a decline in exports in lard. Annual shipments abroad remain at about three-fourths of a billion pounds, as compared with nearly two billion pounds in the early post-war period. The decline during the ten years from 1923 to 1932, as indicated by the above graph, has been equivalent to about one million hogs. Great Britain, the principal mar-

Offers Bill to Create New Federal Court

WASHINGTON, March 30.—Creation of a new federal district court, to be known as the Northwestern district of Texas, was proposed in a bill drawn today by Representative Mahon (D-Tex.).

"I am opposed to creation of a new judgeship in the present northern district without creation of a new district because the district is so large that it is imperative we have a separate district and a separate judge," the West Texan said. "At present, there are two active and one inactive federal judges in the northern district, two of whom live in Dallas and one in Fort Worth

OPPOSED TO REPLACEMENT "I am opposed to selection of an active judge to replace Judge Edward R. Meek at Dallas because I believe the emergency could best be handled by creation of a new district.

Mahon's new district would include the present Amarillo, Lubbock, Abilene and San Angelo division of the northern district, the area would be bounded by Crockett, Sutton, Menard, Concho, Regan, Glasscock, Howard, Dawson, Gaines, Eastland, Throckmorton, Stonewall and Childress and the northern and western boundaries of the Texas Panhandle. Whereas 102 counties are in the present northern district the new district would include 75 counties, with 42 per cent of the present district's population.

CONGESTED DISTRICTS

Mahon referred to a report of the attorney general several years ago which said the Amarillo, Lubbock, Abilene and San Angelo districts were the only congested areas in Texas and figures were presented recently intended to show that these sectors were from six to 12 months behind with their dockets. He said he had learned that a request had been made recently for two more assistants for the North Texas district attorney.

Mahon's bill would not specify where the new judge, should be located

Our City Officials Move Into New Home

Last week end, the city officials, including the Mayor, L. C. Wines, City Marshal, Eugene Brown, and City Clerk and Collector, Roy Herod, moved to the new city offices on north Fifth street, and are just about done straightening out. In this new building both Mayor and City Marshal have private offices, and the city secretary now not only has lots of office room, but lots of storage and vault room.

The big vaults are fireproof, and will easily take care of all city records for a long time to come. In the rear is the toilet, wash room, etc., which are not completed at this time. The plaster on the walls is not fully dry either, and the calsoining job has been deferred until they are dry. We found the City Marshal in his office, and he took great pleasure in showing us about the place.

There is enough room in the rear to hold a sizable court, and it will hold many more people than usually wish to attend a city court. The city offices are at home now; all know where to find them and no landlord can tell them to move.

Dallas Fair to Be Held At the Usual Time

DALLAS, Texas, April 1.—Plans for holding the State Fair of Texas this fall and pushing construction work on the Texas Centennial central exposition structures at the same time are being formulated, following an agreement between the officials of the Fair and of the Exposition.

"The State Fair of Texas will be held in Dallas in 1935, but limited to such attractions as can be staged in the auditorium, race track, stadium and live stock arena," announced Otto Herold, who is President of the fair and Assistant Managing Director of the Centennial exposition.

The Texas Centennial exposition officials have agreed to man the construction work so as to interfere with the State Fair activities as little as possible, and the Fair will plan no activities that might hinder the Centennial preparations.

Miss Laura Lee Jones spent last Saturday and Sunday with her parents at Levelland.

Rich Harvest Promised Says Avalanche Man

BY J. SAM LEWIS
Avalanche-Journal Staff Writer

Untold plant food value in the form of a very fine silt, probably of a very fine clay, has been added to the soils of the South Plains through the recent series of duststorms that have swept this area.

Farmers who are able to take advantage of the depositing of this plant food on their farms and are able to conserve a considerable amount of it, stand to be able to reap a rich harvest of improved crops when and if moisture comes to enable them to conserve the new land.

No Figures Available

No figures on actual measurements of the amount of dust deposited here are available; nor are agricultural men able to approximate an estimate of the amount of its value. But, they agree that the soil has been greatly enriched by this additional silt and that with reasonable care, its conservation will materially increase production in the years to come.

Just the amount of silt that fell is not known. Dr. Raymond G. Sidwell, assistant professor of geology estimates the silt did not exceed an eighth of an inch, in protected places, with probably as little as one sixteenth of an inch in more open places. Don L. Jones, superintendent of the state experiment sub-station, estimated "an eighth of an inch, probably less."

Rich in Food Value

"It is the usual history that, following a drouth, if we get a supply of moisture, there is more than the ordinary amount of plant food available for crops," Dean A. H. Leigh of the division of agriculture at Texas Tech, explained. "This silt is very fine and very rich in food value, if incorporated with rain.

"Farmers if they cultivate their ground after these storms with reasonably good judgment listing right and terracing or contouring will be able to get a great deal of good from this soil.

In Dean Leigh's opinion, the soil comes from the southeastern counties of Colorado, with possibly some from the western central Kansas counties. My paying more attention to leaving more stalks and refuse upon the land, more of the silt can be attracted.

Relief Com. Buying Control Machinery

AUSTIN, April, 1.—Texas Relief Commission's purchasing department last week opened bids on farm levels terracing plows, drag scrapers, fresnoes and terracing machines to be used in the soil erosion control program to be undertaken by the rural department of the commission.

Bids were submitted on the basis of a minimum quantity of 200 farm levels, 200 terracing plows, 100 drag scrapers, 100 fresno scrapers and 50 terracing machines.

W. M. Burkes, in charge of the program, said this equipment will be sent to counties as requests are received from conservation assistants.

Seven conservation assistants already have been assigned to Harrison, Cass, Lamar, Grayson, Hockley, Fannin, and Randall counties. Terrace lines have been run and actual construction of terraces has been started.

Later, water conservation will be undertaken in some counties of the state. It will include the building of dams to form small ponds and lakes. The program also embraces construction of trench silos for storage and conservation of feed crops.

NEW LUMBER ORDERS 13 PER CENT ABOVE OUTPUT

WASHINGTON.—New business received at lumber mills during the week ended March 16 was 13 per cent above production and 5 per cent above orders of corresponding week of 1934, according to information supplied by the National Lumber Manufacturers Association.

Shipments were heavier than during the previous week and were 10 per cent above those of corresponding week of last year. Production increased slightly over the preceding week, but was 9 per cent below that of similar week of 1934.

These comparisons are based upon reports from 1,039 mills.

Persons of least merit demand most in others

South Hockley Line Matter of Protest

In 1931 a contract was let for the surveying, establishment, and permanent marking of the south boundary line of the County, between this and Terry County. The survey was made using the Jones Corner, as established in the noted Lynn-Garns suit of a few years ago, as a base point.

By enactment when created in 1876 the Legislature designated its size as being 3 miles square. According to the new survey this county stands to lose between 3,000 and 4,000 acres of land, and the loss to our schools and the county in tax revenue per annum would be about \$750.

The north and east boundaries have been established by the Tillson survey of 1910 and approved by the Supreme Court. The South and west lines have never been established and the Commissioner's Court in session this month has protested the line designated in the recent survey. County Judge Alvin R. Allison visited Austin last week and in looking over the records in the General Land Office finds evidence that the new survey could not be correct and it is the intention of the Court to protest its recognition as the proper boundary between this and Terry County, and it is probable that a new survey will be ordered.—Levelland Herald.

Trio Arrested Monday —Drunkeness Charge

A man and two women, one of the women being only about 18, were arrested here Monday by Sheriff Jess Smith and deputies, all charged with drunkenness we understand. However, as they were not caught in a car while in that condition, no charges other than drunkenness was entered at the time, according to the sheriff.

We understand that two or three pints of liquor were found in the car however and they may have to answer to that charge when the grand jury meets. That, however, is mere supposition on our part. But we understand that one can carry as much as a pint for their own use in Texas, under present laws.

The women were said to have been from Wolfforth, and as they are of good families, asked that their names be withheld. However, the car was said to have been registered in Crosby county.

ALLRED GIVEN CIGARS ON HIS 36TH BIRTHDAY

AUSTIN, Texas, March 29.—James V. Allred, the second youngest governor in the history of Texas, was 36 years old today.

The day in the governor's office was much like any other. Allred said he had thought of making a resolution to quit smoking but found two boxes of birthday cigars on his desk and the temptation was too great.

"Anyway, I'll be able to quit smoking cheap cigars for a little while," he remarked.

There was a special observance of the natal day, but Texas White House was the scene of a "surprise party" tonight, cake, candles, and all.

WOW TO MEET IN ABILENE

WACO, March 29.—E. R. Coffey of Houston was elected head counsel of the Texas Woodmen of the World and Abilene chosen host city to the Woodmen and the Woodmen Circle here today. Woodmen meet every two years.

Mrs. Leitha Miller of Fort Worth was selected president of the Circle. The conventions will end tomorrow with committee reports and installation of officers.

MARRIED

Ruben Bingham, son of Mr. and Mrs. J. W. Bingham of Quemado, Texas, and Miss Wanda Howard, daughter of Frank Howard, deceased and wife of the Needmore community, appeared at the office of F. M. Burnett, J. P., last Saturday afternoon, who said the words that made them husband and wife. The young people will reside at Quemado.

Be good other days as well as Sundays.

Don't wear mourning unless you mourn.

Sometimes its awful hard to be honest

Easter with its parade of glad rags is just in the offing.

Mr. Hoover is a great critic of the New Deal, but he offers nothing better than his Old Deal. Another helping of the New Deal, please.

First Citizen: "Did you notice that Sharley Shurnal Guy's Plainsman column was a blank Monday, save the words: 'April Fool.'"

Second Ditto: "No, but it usually is."

According to a recent ruling of the U. S. Supreme Court, they held that Texas Democratic party had the right to rule who should be members of that party, and therefore could exclude negroes from voting in that party.

Despite all that government agents can do to quell the sale of bogus stocks, people just keep up the old gag of buying them by the million dollars worth each year. While government bonds and legitimate securities pay a low interest rate, the wild cat schemes promise unheard of dividends and interest. Will people never learn to consult their local bankers who have a list of stocks and bonds that are really worth while?

Dallas has just gotten rid of a serious milk war, to be closely followed by a throat-cutting price war on bread. Any fight in a town, whether among bankers, bakers or grocers, is not only harmful for those actually engaged, including their employees, but the whole town as well. All people should learn to live and let live, and to be content with their just share of business, together with a legitimate profit.

"Crackers" Graham of the State Line Tribune wants to import a carload of peckerwoods from east Texas to do battle with bugs and worms that are killing their shade trees. In our boyhood days these little birds were called sapsuckers and the farmers believed they were drilling into the shade and fruit trees after sap, and the old muzzle-loading shot-gun was often brought into play against the "pest." Now, we know that they were merely drilling in after worms and are a protection rather than a menace to fruit trees.

Editor Luke Roberts of the Lovington (N. M.) Leader, says that the Lea county sheriff is to be presented with one of the newest types of machine guns by the commissioners in order to make it possible for their high sheriff "to compete with Texas bad men." Now, Luke, are all the bad ones you get from Texas? Isn't some of them from your old state—Oklahoma? Our information is that about two-thirds of Lea county is made up of former Texans.

Dallas and Houston along with other cities have protested to the high heavens against Ranger activities in their cities, and their juries will not convict for selling liquor under the Duggan law. Now comes Corpus Christi and raises old Billy because the

Rangers are investigating some questionable voting in that city. Some are lauding Gov. Jimmie and his Rangers to the skies for these raids. Others say that if the big cities want to go to the devil that is their own funeral.

Not all Texas county judges are for the so-called 'County Judges Bill' to divert a part of the gasoline taxes

to counties that have overbonded themselves to build lateral roads, many of which are now practically worn out, and have never been accepted as state highways. Of course, all the county judges in such counties, are for the bill. Perhaps the bond holders of these counties, too, would like some assurance from the state that they will get their money for these worn out roads. All others should fight this bill to the last ditch. We have never asked him, but the Herald will bet a bottle of Dr. Pepper that Judge Simms of this county is against the bill.

When an Amarillo officer asked her what gear she was in when the accident occurred, the sweet young thing puckered up her mouth and said: "Oh, I had on a blue beret, white shoes, bark-colored sport dress and a rayon slip." And was his face red!—Clarendon Leader.

So Herbert Hoover chooses to be considered as a likely candidate for President in 1936. We doubt if Mr. Hoover will use his old slogan of "two cars in every garage and two chickens in every pot," but he might promise "two chickens in every garage and all cars gone to pot," if he ever has another chance to rule the nation.—Big Spring News.

Hugh Johnson, like the wealthy pals he patterns after, believes it is perfectly proper to draft men to face the enemy on the battle field but he is opposed to interfering with the munition makers and other profiteers from having free reign. He is making the spiel that he learned at the

knee of Bernard Baruch the apostle of our wealthy blue bloods. He admits modern war is a fearful thing, but contends its issue depends far more on economics than it does on arms. If such is the case let the soldiers stay at home during the next war and let the masters of economics meet on the battle field.—Big Spring News.

Don't patronize home talent. If you want someone to give a lecture, don't employ any of your townsmen, no matter how well qualified they are; send for some stranger so that you can let him carry your surplus money away with him. Don't patronize home schools; it is not stylish you know. Send your children off, it will cost you more, but then it is more toney. Patronize all the side shows that come around, or go to some other town to see a movie that can be shown just as entertainingly at your home theatre. You can use a good deal of your surplus cash that way. Don't buy your necessary needs from your home merchant, he doesn't need your business and will contribute to the welfare of your community just as well. Don't give your home printing or advertising to your home printer, he can live on air and is always ready to respond to every call of publicity to enhance the community interest, speak well of your activities, shut his eyes to things that do not pertain to the welfare of the town, and boost only the good. By so doing it might further the interest of your home town.—Rochester Reporter.

I heard on the sidewalks of Wink that two boys, members of Wink families, met another Wink boy on his way to town from his home, and 'stuck' him up for a small amount of cash. They had nigger-shooters, and threatened to "shoot" him if he ran away. They caught him, searched his pockets in regular bandit style, and took what cash he had and turned him "go." This is the beginning of a life of banditry no doubt, for these youngsters, and in principle the crime committed was just as bad as Dillinger, Hamilton, or any other big robbers. It seems that the officers get very little encouragement from the courts in the matter, and hence are rather slow to take these matters in charge. Fact of the business, lack of proper backing by juries and courts is to blame for much of the crime that goes on. These criminals know that the peace officers do not always get the proper support of the courts and allow much of this petty stuff go for that reason. We have known of a number of instances where the peace officers have done their duty; taken people into custody, only to be released by juries, without conviction. In the case of this juvenile offense, there should be some way to punish such youngsters, and if possible break up the formation of a gang that will cause serious trouble as they grow older, and take on bigger jobs, than merely taking a few cents off of boys near their age.—Wink Times.

Editor Willard Bright, of the Seagraves News, was a visitor in our city, Tuesday.

'THE BIG THREE' ARE BUSY

Gen. Hugh S. Johnson is a polished product of early Oklahoma. His venerable mother is a voting citizen of Oklahoma. The general paid her a visit. He let loose a threat that he would be a candidate for the senate opposed to Sen. Gore in 1936.

Kingfish Long is over in the Carolinas. He has promised to defeat Sen. Josiah W. Bailey of North Carolina in the primaries of next year. He has slated Sen. Joseph Robinson of Arkansas for the primary headman. If Sen. Jimmy Byrnes of South Carolina behaves himself the kingfish is going to spare him from "the humiliation of a crushing defeat." Whatanan.

Father Coughlin has warned the American government and its people to stick close to home and keep away from alliances with foreign nations. George Washington said it all in his farewell address. The Detroit priest sticks to his text. "It is Roosevelt or ruin next year," and he is going to follow the flag of F. D. R.—Cleburne Times Review.

Mr. and Mrs. J. Hayden Griffin are attending the Ginners' Convention at Dallas this week. They will also visit relatives at Gainsville and Whitesboro.

NOTICE

To Tax-Payers of Gomez Independent School District:

All delinquent taxes not paid by April 15th, except 1934 taxes, if not paid by that date, will be turned over to an attorney for collection. The 1934 taxes will also have a penalty and interest added, if not paid by April 15th, 1935.

By Order of Board W. H. Key, Secretary 35c

REMEDY REMOVES CAUSE OF STOMACH GAS

Most stomach GAS is due to bowel poisons. For quick relief use Ad-lerika. One dose cleans out body wastes, tones up your system, brings sound sleep. E. G. Alexander Drug Co., Inc.

CROSS CHILDREN MAY HAVE WORMS

Watch for upset little stomachs, bad breath, fretfulness, loss of weight, itching around nose and arms. They may have pin or round worms. White Cream Vermifuge has safety and speed. Reliably expelled the worms and toned the delicate tract. White Cream Vermifuge recommended by druggists.

RECEIVER'S APPLICATION FOR ORDER TO SELL

In the United States District Court for the Western District of Texas, Waco Division. No. 236 in Equity. J. M. Hubbert vs. Temple Trust Company.

Notice is hereby given that the undersigned, as Receiver for Temple Trust Company, has filed with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, his application to sell and convey to the Board of Pensions of the Presbyterian Church in U. S. A. the following described tract of land, to-wit:

Being the N. 320 acres, Section 162, Block T, D. & W. R. R. Co. Survey, Patented to A. P. Seitz by Pat. 300, Vol. 29, Terry County, Texas, and being more particularly described by metes and bounds as follows: BEGINNING at the N. E. corner of Section 162, Block T; THENCE S. along the E. boundary line of said Section, 2940 ft. to point in E. boundary line for S. E. corner of this tract; THENCE W. parallel with the N. and S. boundary lines of Section 162, Block T, 2640 feet; THENCE N. parallel with the E. & W. boundary lines of said Section, 600 feet; THENCE W. parallel with the N. & S. boundary lines of said Section, 2640 ft. to point in W. boundary line said Section for S. W. corner of this tract; THENCE N. along W. boundary line of said Section, 2340 ft. to N. W. corner of same and being the N. W. Corner of this tract; THENCE E. along the N. boundary line of said Section 5280 feet to the N. E. corner of said Section for N. E. corner of this tract;

In said application it is recited that THE BOARD OF PENSIONS OF THE PRESBYTERIAN CHURCH IN U. S. A. holds a principal debt of \$4800.00 with accrued interest from January 1, 1931 at the rate of six per cent per annum; and which in-

debited is secured by a first mortgage lien and that there is no equity in said tract of land for the Receiver-ship Estate.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and, any person interested in said receivership estate may contest this application.

Witness my hand at Temple, Texas this the 6th day of March, A. D. 1935.

H. C. GLENN, as Receiver for Temple Trust Company, Temple, Texas, 35c.

RECEIVER'S APPLICATION FOR ORDER TO SELL

In the United States District Court for the Western District of Texas, Waco Division. No. 236 in Equity. J. M. Hubbert vs. Temple Trust Company.

Notice is hereby given that the undersigned, as Receiver for Temple Trust Company has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Clyde C. Coleman and wife, Merrill Coleman, the following described property to-wit: Being all of Lots Five (5) and Six (6) in Block Twenty-Seven (27) of the Original Town of Brownfield, Terry County, Texas, together with all improvements thereon situated,

for a total consideration of THIRTY-TWO HUNDRED AND NO ONE ONE HUNDREDTHS (\$3200.00) DOLLARS, and which amount \$375 will be paid in cash and the balance evidenced by a vendor's lien note to be executed by said purchasers, payable to the order of your Receiver, the undersigned, and secured by a vendor's lien on the land and premises above described.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and, any person interested in said Receivership Estate may contest this application.

Witness my hand at Temple, Texas, this the 6th day of March, A. D. 1935.

Challis Chats

The Challis School celebrated April Fools Day by inviting several other rural schools to an all day picnic. We also had a community social that night with plenty of ice cream and cake for everybody. As a special guest we had Judge Simms of Brownfield who treated the crowd with all-day suckers.

Mrs. Money Price has returned from Amarillo where she visited several days with relatives and friends. Miss Fay Huckleberry who has been very sick for some time is improving.

Marvin Porter is also able to be up and around again.

Mr. and Mrs. Gay Price and children of Brownfield and Wayne D. Howell visited in the home of Mr. and Mrs. Money Price, Sunday.

Misses Linnie Langford and Margie Howell visited Miss Oleta Noel, Sunday.

Mr. and Mrs. John McDonald of Brownfield, visited with Mr. and Mrs. G. W. Henson, Sunday.

Mr. Jess Lewis has been very sick for several days.

Mrs. Bill Swain has been sick also last week.

Mrs. Jefferies of Harmony is visiting her daughter, Mrs. Atkinson and family.

Mrs. Aada Howze of Union community was visiting with old friends

and neighbors the first of the week. Ralph Howell visited Hubert Henson last Sunday.

Needmore News

Mrs. Haskell Hix and two little sons visited with Mrs. S. B. McCutcheon Thursday afternoon.

Mr. M. H. Bennett and two daughters, and Mrs. M. Y. Bennett visited Friday with Mrs. J. C. Crowover.

Miss Christine Jordan spent Saturday night with Miss Ollie Ellen Carroll.

Mr. and Mrs. Arthur McDonald visited last Sunday with Mr. and Mrs. Jack Tongate of Brownfield.

Miss Opal Bingham visited with Mae McCutcheon last Friday and Saturday.

The play Harmony brought to Needmore last Friday night was certainly a fine play and we hope they bring another one soon.

Mr. and Mrs. A. J. Jordan and family, Mr. and Mrs. M. H. Bennett and children, and Mr. and Mrs. S. B. McCutcheon visited with Mr. and Mrs. M. Y. Bennett last Sunday.

Mrs. Ed Whitaker and daughter, Mrs. Vernon Whitaker and little son visited with Mrs. Paul Whitaker, Thursday.

Mrs. C. C. Bennett visited with Mrs. M. Y. Bennett, Tuesday.

Wellman News

There was a tree program given Friday March 29, concerning the pecan tree, which was received by the Wellman P. T. A. from the grave of Governor Hogg. The program consisted of the life of Hogg, poems, essays and songs on trees.

Also, the Wellman P. T. A. met Friday, March 29. The program consisted of songs by the audience, which were led by Lois Riney and Laura Self.

Prayer—Mrs. Wilhite.

Report given about the Pecan Tree Planting—Mrs. Winn.

Report of the Plainview Convention—Mrs. Riney and Mrs. Adair.

Reading—Lois Riney.

Story—Billie Jo Pace.

Reading—Beatrice Self.

Gilmore and Christopher, girls doubles, will play tennis at the District Meet, which is to be at Lubbock this week end.

Miss Hazel Woodard and her father, J. J. Woodard, spent last week in Oklahoma with his brother-in-law, who was very ill.

Mr. and Mrs. Baker were called to Millsap, Texas on account of the illness of Mr. Baker mother. But had to return home because of the illness of their daughter, Mrs. Burl Howe.

We had a letter enclosing remittance for the Herald from Bernard Thompson recently He stated that he wished we could get some of their too much moisture. Cumberland river he said was bank full at that time.

As for Vanderbilt U. in which he teaches, he reports they are coming out of the depression fine having received about \$400,000 in cash donations in the past three months.

Among the Brownfield and Terry county students on the honor roll recently at ACC, were Marion Chisholm, education and Spanish; Howard Davis, English; Nora Grigg, Spanish.

A bunch of our college students were home for the week-end. We saw Marion Chisholm, Naomi Drury and Kathleen Hardin from A. C. C.; Evelyn Pippin from Canyon; John L. Cruce, R. L. Bandy, and Martha McClish from Texas Tech.

TAHOKA MAN DIES IN LUBBOCK HOSPITAL

Jared H. Powell, 43, of Tahoka died at 3 o'clock Monday morning in a sanitarium at Lubbock. The body was taken to San Angelo by Rix-Bynum Funeral home for burial there.

Mr. Powell was manager of Cicero Smith Lumber company at Tahoka, where he had lived 7 years. He was born at San Angelo.

Mr. R. C. Burleson was a Lubbock visitor Tuesday.

GAGE FORREST PASSES

At 6:25 Wednesday morning, Mar. 27, Gage Forrest died in the Treadaway-Daniell Hospital at Brownfield of double pneumonia. He was forty years of age and was a World War veteran. Gassed in service made him a more easy victim of pneumonia.

Mr. Forrest with his family, lived in the Bledsoe community and was well known, having many relatives and friends here. He leaves a wife, four children, mother, father, eight brothers and two sisters to mourn his loss; besides many other relatives and a host of friends here. His parents, brothers and sisters all attended the funeral. Interment was made in the Plains cemetery. Rev. Hale of Brownfield conducted the funeral services, with ex-soldiers acting as pall bearers.—Plains Review.

THE WORM IS TURNING

For timeless centuries the male has been the dominant sex in human relations until, a few generations ago, the female of the species determined in that age of "rights" to demand her rights also. Not content with winning these, she became ambitious and is demanding homage as the superior sex, claiming supremacy not only in intellect but in heaven knows how many other things besides. Nowadays, adorned in garments far outshining the glory of Solomon, she looks down with scorn on her humble companion, a mere money digger, clothed in simple raiment of prevailing-ly somber colors.

An Indiana woman "legislatress," pitying the forlorn condition of males, victims to "gold diggers" and seekers after "heart balm," has, however, turned the tide. Bills forbidding suits that blackmail men for alienation of affections are rapidly passing legislatures. Even New York has passed such an act, and a pitying woman has introduced a similar bill at Austin. The day of male emancipation is drawing near and soon, it is to be hoped, they will regain their ancient freedom and once again assert male superiority.

Chicago sees the turn in male affairs and its Cutters' Club is planning to make male attire as gorgeous as the colors in the rainbow, so bright in hue that they will be visible a block away even in a Kansas dust storm.

By all means let the good work go on. Nature, as in bird life, adorns the male with decorative art but keeps the female drab and insignificant. Men should follow nature and return to eighteenth century breeches, ruffles and rainbow waistcoats. Then the other sex will appreciate male superiority and be glad to shine by reflected light. The worm is turning. Vote for the rights of men!—Dallas News.

Mr. and Mrs. Herman Heath are now living in Mrs. Arnett Bynum's new house on East Hill St.

Mr. and Mrs. R. L. Bowers spent a few days at McKinney on business first of last week.

SEVEN TRUSTEES FOR ONE TEACHER

The award for the "best bossed" person in Farmer county evidently should go to Miss Ruby McMillan, lone teacher of the State Line common school, north of this city in Farmer county.

Although Mill McMillan composes the entire faculty of the little school the law requires seven school directors and she has a full official board.—State Line Tribune.

A rest is always better than a stimulant.

G. W. Chisholm and wife have returned from the Corpus Christi section. He reports that it has not rained much down there and farmers are discouraged. He says they are having to roll the ground to get seed up. Cotton is just coming up, and is usually half an inch high there at this time of year.

We understand that C. L. Elder, old timer of the Seagraves section is seriously ill with pneumonia.

Mrs. S. Johnson returned last week from Mississippi where she spent two months visiting her mother.

The First "Alloyed Oil"

—for better lubrication of today's high-speed, alloy-steel motors!

Alloyed by the Germ Process

Just as the metallurgist adds small amounts of other metals to make special alloy steels, so we add small quantities of a concentrated oily essence to highly-refined, paraffin-base motor oil. This Germ Processing, discovered and patented by Continental scientists, gives Conoco Germ Processed Motor Oil lubricating qualities no other oil has.

YOUR MOTOR is built of parts made of special alloy metals. Car manufacturers and metallurgists worked together to produce metal alloys strong and durable enough to withstand the greatly increased pressures and temperatures of the modern motor.

Oils, too, must withstand these pressures and temperatures and they must have extra oiliness and film strength to do it. Yet oils generally have no more oiliness and film strength than they had ten years ago. And many new refining methods now used to make oils free from carbon and sludge have lowered instead of increased oiliness and film strength!

Continental, pioneering as it has pio-

neered for 60 years, has developed the first alloyed oil—Conoco Germ Processed Motor Oil! It is custom-made for high-speed, alloy-steel motors. It has 2 to 4 times the film strength of straight mineral oil, as tests on the Timken machine have proved! It has more oiliness than any oil has naturally.

It penetrates and combines with metal surfaces, forming a permanent lubricating film—the "Hidden Quart". It is a pure, clean oil, free from carbon and sludge troubles. It gives extraordinary mileage as well as motor protection, as proved by the Indianapolis Destruction Test.

Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and you will have the finest lubrication you can buy!

CONTINENTAL OIL COMPANY • Est. 1875

CONOCO GERM PROCESSED MOTOR OIL

They took a planned trip and enjoyed it!

The Conoco Travel Bureau at Denver sent a complete free plan for our trip—marked road maps of every state and

... travel booklets and hotel and camp directories. They also sent excellent information on where to fish.

"We stopped at Conoco stations along our way for many helpful, free services. You can apply at any Conoco station for such a plan for your motor trip."

ATLAS IS RESTLESS

If you lived in Greece, a few thousand years ago, quite likely you would have believed that a certain man with bulging muscles held the physical world on his shoulders. Earthquakes, hurricanes and other phenomena to be accounted for by his shifting of the weight from shoulder to shoulder. His name was Atlas.

Atlas, of course, is a myth. But his name and role might be borrowed to explain the foundation of our modern world of industry and commerce which we call: Money.

Shells and stone knives and copper wire and gold and silver, even scraps of paper, have been used by men for money. But what makes them money and not items of barter, is the common agreement among men that they represent specific values. That fact usually has been attested by an agreed upon mark, "the guineas stamp." This money is a medium of exchange and measure and a symbol of value. The tremors and tempests that today beset the world of industry and commerce are largely to be accounted for by failure of men to agree upon a scale of values for currencies. Atlas is restless.

For five years nations have tried to restore prosperity by domestic recovery. Special stimulus in the form of subsidies, taxes, and inflation, has caused spurts. But at this moment anyone who carefully reads financial news knows the patient in a mild relapse. Condition is not confined to one country. It is noted in all England, France, Italy, Germany, the United States—these, and other nations have tried domestic recovery measures characteristic of their political philosophies. Yet, today, recovery lags generally.

The reason, Walter Lippmann points out in a lucid appraisal of affairs, is that "the recovery of the separate parts cannot equal the recovery of the whole, for there remains in each country a mass of workers and resources of land and capital that belong to world trade." Hence, the intense effort in almost all nations to subsidize the labor and capital which should be employed in

world markets now closed.

Why are not world markets open? Tariffs are popularly blamed, but existing tariff walls are only a part of national policies for recovery within national borders. Seeking the answer to our question brings us back ultimately, to the modern Atlas. Until currencies of the leading nations are stabilized, real recovery will be retarded.—Rotarian Magazine.

HEAD OF WOODMEN CIRCLE PRAISES TEXAS

Mrs. Dora Alexander Talley, Omaha, Neb., national president of the Woodmen Circle, told the state convention of the group in Waco yesterday that Texas groves of the organization have displayed a "remarkable increase in that civic and social service which is our constant ideal."

"While we are very proud of our financial standing as an insurance group, yet we consider our greatest achievement is in our fraternal activities. I am highly pleased at the marked increase in those shown in the Texas report at the state convention," Mrs. Talley said. "I wish too, to express my sincere gratitude to Texas groves of the Woodmen Circle for the splendid contribution to the Home for orphaned children and aged members maintained by the Circle in Sherman. The children and old folks at the home join with me, I know, in expressing our appreciation to Texas for this kindness."

Mrs. Talley said a third building was soon to be constructed at the institution, maintained by the organization on 244 acres of land near Sherman. The first structure in the group was officially dedicated in 1930.

Mrs. Talley complimented Texas on making its quota in the six-month campaign, which was recently held in her honor, and pointed to the splendid net gain made by the state during 1934.

Mrs. Talley emphasized, during her address to the convention, the stress the organization lays on its welfare and civic activities: "We aim to cooperate in all community and welfare projects. We recognize that the glory of our nation depends upon the character of our homes. Next to the church, fraternal societies like ours are doing more to foster our homes today than any other institution in civilization," she declared.

The national president pointed to the fact that the Woodmen Circle has more than \$5,000,000 invested in state, municipal and county bonds in Texas, as a manifestation of the firm faith the organization has in the future of the state.

"We shall constantly strive to do everything in our power to make various communities better places in which to live—this is the organization's ideal, and it's pledge," she said.

A living clam is better than a dead clam.

TEXAS U. HAS LARGEST STATE LAW SCHOOL

AUSTIN, Texas, April 1.—A wealth of data indicating the relative standing of the University of Texas School of Law as compared with other ranking law schools in the country is given in the first report to the alumni of the department which has ever been issued by the law faculty.

The most obvious distinction the University law school enjoys at present is that, with a registration of 573 students last fall, it became the largest state university law school in the United States. Michigan is second with 539, and Wisconsin third with 380. In the last three years, the University law school enrollment has increased 63 per cent. During this same period the University as a whole which was growing faster than the average state university, increased in enrollment approximately 14 per cent.

In contrast to the large registration, the teaching staff of the School of Law is small, the bulletin points out. During the fall semester, the school had ten teachers, one full-time teacher for every 57 students Deans of 61 of the 75 other member schools in the Association of American Law Schools report an average of 28 students per teacher.

TAX RELIEF IN SIGHT

AUSTIN—Substantial and permanent tax reduction relief is in sight for the over taxed owners of homes, farms, ranches, and other forms of real estate in Texas. Senator Roy Sanderford of Bell County has introduced a resolution in the Texas Senate calling for an election in November, 1935, to write into the Constitution of Texas a provision that the total amount of State, county, municipal and district real estate taxes levied and collected for general purposes shall never exceed \$1.25 per \$100 valuation. The average rate now is \$2.47.

The limitation proposal does not change or limit the property tax levied to take care of the interest and sinking funds on outstanding bonds but it provides that in the future a two-thirds, instead of a simple majority of the votes cast in a bond election, will be necessary before additional bonds may be issued by a county or any subdivision.

The Limitation Amendment, sponsored by those who want to see a material reduction in property taxes was weighted down with an amendment by Senator Bon G. O'Neal of Wichita Falls, providing for the classification of property for tax purposes. The O'Neal amendment, accepted by a close vote of the Senate Committee on Constitutional Amendments, is the same proposal defeated at the polls last November. Its purpose is to confer almost unlimited taxing upon the Legislature, Commissioners Courts and other taxing agencies. Sponsors of the resolution to limit all State and local property taxes to \$1.25 per hundred dollars valuation will make a determined effort to separate the limitation and classification proposals when the measure comes to a vote in the Senate.

REAL HISTORY WORTH MUCH TO TEXAS

AUSTIN, April 1.—Importance of writing of an intrinsic history of Texas and dictionary of Texas Biography was stressed in the Senate this week by Senator A. P. Duggan.

"Celebrations may come and go," said Senator Duggan, "but a great history of Texas will last forever." "I am going to ask that the amendment providing for the writing of the history be changed to read 'historical writing.'" Senator Duggan is author of the original amendment to Senate Bill No. 1, the Centennial Bill, providing for appropriation of \$50,000, for this work.

This change would be made in accordance with a plan submitted by Dr. William Curry Holden, professor of history at Texas Technological College, and that more talent may be attracted to the writing of the

history.

Dr. Holden suggest the history be written in the form of a historical novel. He suggests four prizes be offered: one of \$10,000., the second for \$7,000., the third for \$5,000., and the last for 2,000. Also \$2,000. would be set aside for incidental expenses in conducting the contest.

Another plan has been proposed by Dr. Eugene C. Barker of the University of Texas. Dr. Barker's plan is to write a dictionary of Texas Biography at a cost of \$20,000, for preparation and \$20,000, for printing and binding of the 5,000 copies. This work would necessitate a trained staff of historians; would include 3,000 biographical sketches in the 1,500 pages, covering the Spanish, Mexican and Anglo-American eras of Texas history. The sketches would deal only with lives of men now dead. An alphabetical index to other printed compilations of Texas biography would be included in the book, according to Dr. Barker's plan.

A hundred years ago about 180 Texans were, after spirited fighting, overwhelmed and massacred in a ruined in a ruined church by a horde of dark men. Today 180 Texans in the legislature to make sure that the story of these men who died in the old church, and all the other stories of Texas history, will always be remembered.

CRIMINAL GANGS WRECKED BY GOVERNMENT

At midnight of the third day of the Government's intensive drive against law violators—the greatest offensive ever staged in the United States against the underworld—Secretary of the Treasury, Henry Morgenthau, Jr. said that "the united forces of government agencies are determined to meet the challenge of crime syndicates and to stop the robbery of the American people."

Up to that hour 2,389 persons had been arrested for violation of laws under the jurisdiction of that department and it was expected the number would exceed 3,000 from nature of "leads" uncovered.

In the view of high Federal and state officials, the drive struck a stunning blow in wrecking many criminal cliques, some of which were organized since repeal of prohibition but most of the rings of smugglers, counterfeiters moonshiners, narcotic gangs and liquor distributors have existed since the World War.

At the time of the Secretary's statement the Narcotic Bureau had made 614 arrests including many important heads of smuggling and wholesale distribution organizations. Apart from narcotics, custom authorities arrested 279 smugglers, including aliens turned over to immigration authorities for deportation proceedings. The alcohol tax unit had arrested 1,424 charged with illegal manufacture, importation and sale of liquor. The U. S. Secret Service had seized 555 persons for counterfeiting and possession and passing of spurious money and the Coast Guard, in addition to supplying information to the other units, arrested 16 for liquor smuggling.

Especially important is the probability of several hundred arrests by the Special Intelligence Section of the Internal Revenue Bureau of the Treasury Department for evasion of income taxes. Because illegal as well as legitimate income is subject to income tax. The returns must point out the sources of income and illegitimate losses cannot be deducted.

Expressing great satisfaction over the cooperation of state and local authorities, Secretary Morgenthau said: "We are seeking by every means possible to rebuild respect and fear of revenue officers on the part of criminals and to teach that the conditions that prevailed in prohibition

P. O. _____

days are not going to be permitted to endure.

"Our duty is to protect the Federal revenues. In doing that we are protecting the pocketbook of every taxpayer and his life and safety against a particularly obnoxious lot of criminals. We find that these gangs are pretty closely linked together and we are linking up revenue enforcing activities, so that we can fight them more effectively."

"We are breaking up these criminal gangs and routing them out of business. We are using and will continue to use all the laws for the protection of the revenue and all the machinery at our command to do that."

We have the complete cooperation of the Attorney General and the great forces of the Department of Justice in prosecuting vigorously the offenders whom we arrest.

A BRACE IN TIME MEANS HEALTH AND HAPPINESS

Twenty thousand crippled children in Texas are holding out their hands and pitifully pleading for a chance for health and happiness. Thousands of them can be restored to health by surgical operations and the use of corrective and strengthening steel braces, specially devised by skilled physicians who give their services free of charge to this charitable cause.

L. B. German, shown in the picture was a cripple himself once and has dedicated his life to the helping of crippled children. He is manager of the brace factory in a Dallas children's hospital and has made over 3,000 braces, mostly for children, in the past nine years.

Little Carol is shown here supervising the making of a brace for his leg by Mr. German. This brace must be so delicate that it will not allow the lease jar to disturb the little boy's knee.

It is for such splendid work that the Texas Society for Crippled Children is seeking memberships. Every penny raised will go towards helping some unfortunate maimed child. Governor James V. Allred last week sent an official message to all Texans urging them to join this society and aid the poor handicapped little ones of the state. Funds are desperately needed at once.

Membership fees should be sent to Secretary A. H. Abbott, 304 Walton Building, Austin. Active membership is \$2.00, contributing \$5.00, Sustaining \$25.00 and Life, \$500.

Our 23 Year Column

Grandpa P. M. M. Shrock had celebrated his 80th birthday on April Fools day. He had been a Mason 54 years and a Methodist 50 years. He received many nice presents. The petit and grand juries had been called for April 3th. Both juries contained some of the prominent old timers. Only 12 out of the 52 men are now residents of this county, or living. They are as follows: A. R. Brownfield, W. G. Hardin, Lee Allmon, Jack Bryan, J. C. Green, N. B. Holland, S. H. Holgate, H. H. Longbrake, Frank Proctor, W. C. Smith, A. J. Stricklin, and C. L. Williams, and we believe N. B. Holland lives over in Yoakum county. Sweet William had a lengthy poem on "A Call to the West." R. M. Kendrick of Pleains, announced his withdrawal from the race as State Representative. "Fiddling" Sen. Robt. L. Taylor of Tennessee had passed away. Orchardists reported that the fruit

crop would be light. Dick Brownfield's two story residence was nearing completion. Hon. John H. Moore of Lubbock, had announced for District Judge of the 36th judicial district.

Uncle Joe Fisher had planted some corn. Miss Kriesdam of Fort Worth, was visiting her friend, Mrs. W. A. Bell. Mrs. J. L. Randal was convalescing from her illness. J. R. Hill was putting out some shade trees around his property. District court was in session at Lamesa. G. E. Lockhart was a candidate for district attorney. Young folks enjoyed a social at the home of J. C. Green. Percy Spencer had been appointed County Chairman of the Democratic Executive Committee in place of his uncle, Hon. W. R. Spencer, who had moved to Lubbock. V. E. Hargett had traded his land southwest of town to Mr. Simpson of Lubbock, for some Lubbock city property, and a fine Jack. Mrs. Lee Cowan and the three younger children were down visiting her daughter, Mrs. Lense

Price. A photograph had been received here from California showing Lee Allmon and R. R. Hughes on each side of a big San Diego policeman. That was 23 years ago, and the mystery still remains whether or not they were under arrest. A new prairie dog law had been passed, which was in the form of a local option matter, each county being allowed to vote for it. If it carried, the citizens were supposed to kill all the prairie dogs on their farms and ranches.

Gomez: Good rains had fallen the past week. Elder Lofton had filled his appointment. Spelling match at the school house Friday night. Mrs. L. T. Brooks was visiting her daughter near Kermit. Mrs. Bragg was visiting her daughters in El Paso. Geo. Bragg had an eye seriously hurt by a stick of kindling wood hitting him. Lloyd Moore celebrated his birthday with a party. The young folks were planning a grand Easter Egg hunt.

Harris: McPhaul Bros. and Ellington sold their steers to T. C. Ivey for

Conoco Offers Prizes For Ad Plastered Cars

One of the most unusual and dramatic ways ever conceived to exploit the use of newspaper advertising has been adopted by the Continental Oil Company. A novel contest has been inaugurated whereby the coming Spring months cars and trucks will be seen on the streets and highways of some forty states plastered in hodge-podge compelling fashion with reprints of Continental's newspaper advertisements.

In addition to the circulation of ten million that Continental Oil Company gets for its advertising by using 1-363 daily and weekly newspapers, Continental's advertisements through this unique stunt will do double duty this Spring.

The unique appearance of Continental cars and trucks not only serves to call attention to the Conoco campaign

now running in newspapers, but also reminds Conoco salesmen of the tremendous number of car owners who read about Conoco products throughout the year in their newspapers.

It is estimated that more than 3,000 cars and trucks will participate in the stunt. Aside from these company-owned and operated vehicles, it is expected that a good percentage of the 22,000 Conoco dealers will likewise participate.

Continental is one of the country's largest users of newspaper advertising and gives this medium a large share of the credit in achieving an increase of 60.4 per cent in sales of Conoco Germ Processed Oil since April, 1934.

Continental this year is celebrating its sixtieth anniversary. It began operations in Ogden, Utah in 1875. From a small distributor of Kerosene and lubricants long before the advent of the motor car it has grown into one of the nation's leading oil companies.

M. G. Phillips has renewed for his Herald and Farm News. He has been helping with the carpenter work on the new Jess Smith residence.

Earl Jones, proprietor of the Rialto Theatre, had business in Dallas, this week.

\$24 per head. Mr. Childress traded his section for 200 acres in Tarrant county. Mr. Wingo and family of Plainview had moved to the Harris community. C. H. Burrus of Lubbock had sold his four section in the Harris community to Mr. Merridith. McPhaul Bros. sold T. C. Ivey a nice bunch of mares. Pleasant Valley: Rev. Hamlett filled his appointments. Miss Dollie Duke of Brownfield was visiting the Misses Kinards. The youngsters enjoyed a social at the C. F. Holt home. Arch Fowler was a visitor in Brownfield. Jess Burnett of Fluvanna brought up a load of wood and traded it to John Burnett for grain.

Primrose: A freeze got the peaches and most of the plums. Lee Cowan went to Lubbock after fruit trees. J. N. Baker and daughters were visiting in Oklahoma. Miss Elberta Brooks was living with the Peeler family. A. W. Blankenship was putting in a new farm. Many were having to feed their cattle. The young people enjoyed an entertainment at the Christopher home. All for this week.

California Negroes Halt at State Line

A family of Negroes traveling by auto from California to Oklahoma, had heard many tales about Texas. Arriving in Texico before daylight one day last week they stopped at a local filling station to inquire if "it would be safe to enter Texas at night."

Given assurance by a filling station attendant that they would be perfectly safe, they proceeded on their journey, only to return an hour later and await the rising of the sun. They made no denial of the fact that they became somewhat "skereed" as they crossed the state line and decided they would be safer in New Mexico.

With the arrival of daylight, however, they loaded up and struck out for their destination.—State Line Tribune.

LEGION TO MEET

The American Legion Auxiliary will meet Thursday night, April 11, in a joint meeting with the Legionnaires at their hall. Sandwiches, pie and coffee will be served.

Mrs. Samantha O'Connor, wife of a deceased brother of J. H. O'Connor of this city, of Commerce, is visiting in the O'Connor home here.

Texas Members of W. O. W. Will Meet in Waco Soon

HEAD CONSUL W. A. TIDWELL EXPECTS LARGE ATTENDANCE AT STATE MEETING

An unusually large attendance of members of the Woodmen of the World of Texas is expected at the biennial Head Camp meeting of the organization at Waco March 28-29-30 according to an announcement today by W. A. Tidwell, head consul for the state.

Among those prominent in the organization in the state who will attend are: Junior Past Head Consul E. Z. Crowder, Dallas; Head Clerk W. C. Cox, Mineral Wells; Head Banker E. C. Meador, McKinney; R. E. Miller, one of the National Directors who is also state Manager, also will attend. National officers who will attend the meeting include: Directors, W. C. Braden, Lake Charles, Louisiana, Farrar Newberry, Little Rock, Arkansas, and R. E. Miller, of Dallas, Texas.

Head Consul Tidwell said he expected a big attendance because of the record-breaking achievements of the Woodmen of the World during the last two years under the leadership of De E. Bradshaw president of the Woodmen of the World Life Insurance Association. "At this meeting delegates also will be elected to the national convention, the supreme representative legislative body of the Woodmen of the World.

One of the features of the meeting will be the initiation of a large class of members from all sections of the state.

Elaborate ceremonies will attend the formal induction into membership.

Woodmen of the World members, it was pointed out, are al-

ways keenly interested in the progress of this state because the national association has a large investment in its municipal, county and state securities. Members and delegates will review the achievements of the past year and make plans for continued growth and expansion this year. Nineteen-thirty-four was a year of outstanding achievements for the Woodmen of the World Life Insurance Association when more than \$84,000,000 in new business was written. This was an increase of more than \$34,000,000 over 1933.

The gross assets of the association have grown to more than \$119,000,000, making it outstanding as the largest and richest fraternal life insurance association in the world. The consistent growth of the association, which operates in 44 states of the Union, is shown by the fact that in 1934 its gross assets increased more than \$4,000,000, with a net gain of 12,322 members.

The association has invested more than \$108,000,000 in government, state, county and municipal bonds. Since its organization in 1890 it has paid in death losses and disability benefits more than \$240,000,000. It has a membership of more than 355,000.

Woodmen officials generally give credit to President Bradshaw for the unusual achievements and growth in the last two years. He was elected to the presidency after serving the national organization for many years as general attorney. He has taken an aggressive interest in all Woodmen of the World activities and in particular has devoted his personal attention to improvement and enlarging the War Memorial tubercular sanitarium at San Antonio, Tex., an institution where members of the organization are cared for without cost.

Snyder Man Faces Charges of Murder

SNYDER, April 1.—As the sequel to a Saturday night affray in which two men were shot, one fatally, and two other persons were wounded, C. W. (Chicken) Green, dance hall operator, was charged with murder today in justice court here.

The complaint charged Green, 59, with murder with malice in connection with the fatal shooting of Erwin Woellert, 25, who died in a Stamford hospital at 7 p. m. Sunday. He was shot through the left side and in the abdomen.

Ed Rich, friend of Woellert, was

shot in the left ankle and the right hip. John Ethredge, son-in-law of Green, has knife wounds in the throat, but was not in a serious condition. A young woman onlooker was shot in the hand, but after emergency treatment at a Snyder hospital she was taken to her home and her name was not learned.

Making your plans for 1935 will mean little if you don't get busy and begin carrying them out

Take your hard knocks and expect them. If you can show no bruises then you have NOT put up a good fight.

Adam never had a chance to fight with another woman.

Here Is True FARMALL POWER

reduced in size, weight, and capacity to take over the power problems on tens of thousands of small farms, and to serve as an auxiliary tractor on larger farms.

FARMALLS Now in 3 Sizes—a Size for Every Farm.

THE tremendous success of the McCormick-Deering Farmall tractors naturally created a demand for the same efficient Farmall power in a smaller size. International Harvester engineers have produced such a tractor. It has surprising power for its size. Weighing a little over a ton, it displaces four or more horses in field work. It handles all the operations in growing and harvesting all crops. Pulls a 16-inch plow bottom or two 10-inch bottoms.

It is an ideal tractor for planting and cultivating corn, cotton, etc., the capacity on these operations being 25 to 33 acres a day. Wheels are adjustable to a wide range of row spacing. The Farmall 12 is ready to middle bust, handle haying operations, pull tractor binder and corn picker, cut ensilage, grind feed, etc. Like every other Farmall, the Farmall 12 is a true all-purpose tractor.

Ask us for full details as to specifications, equipment, etc.

(BHS)
Class Reports

SOPHOMORES—

Since the Sophomores were asked to publish the Cub Reporter the coming week, they elected an editor and all the members of the staff. The pupils were willing to take part toward publishing a paper.

As the class didn't have a program planned Monday, some of their "willing workers" appeared as volunteers. Beatrice Perry sang, "Beautiful Texas." Sam Chisholm gave a reading and to top off the morning they had a most distinguished guest, Miss Marion Chisholm from A. C. C. She favored us with a talk. Visitors are always welcome.

This class is looking forward to a social soon.

FRESHMEN MEET—

Monday, April 1, the Freshmen class attended a short but entertaining program:

Improving the Conduct of the Freshmen Class—Bill Randle.

My Impression of B. H. S. Before I Entered—Keller Greenfield.

Spanish Song and Harmonica Music—Mr. Penn.

Pupils were appointed to help with the Freshmen edition of the paper which will be found in the Herald soon. Look forward to this, folks! We will show you what WE can do.

JUNIOR CLASS—

When the Juniors met on Monday we were informed that our class was to have the privilege of publishing the "Cub Reporter" this week. Immediately the staff was elected and our work was begun. Then we discussed the Junior-Senior banquet and whether or not the Juniors were to present a play this year. We decided we would not.

It has been our pleasure to publish the "Cub Reporter" and hope you enjoy it.

Weekly Church and Social Happenings

Seventeen ladies of the church of Christ met at the church Monday afternoon when Eld. Jas. A. Fry led the Bible lesson from the 6th chapter of 1st Cor. The time of meeting was changed to 4 o'clock each Monday afternoon.

Baptist ladies met in three circles. South Circle with Mrs. Jess Smith; Mrs. Will Adams led a Bible lesson. North Circle with Mrs. Weldon in a Royal Service program. Young Matrons at the church with a Mission program on Wednesday. The book "Winning the Border" was taught by Mrs. Auburg.

Methodist ladies studied six chapters of Leviticus Monday afternoon at the church. Plans were made to attend a zone meeting at Seagraves, Friday. Eight members were present.

Last Monday night week the young people of the Baptist church met at the church and organized a Union. Mrs. W. W. Price was elected general leader; Mesdames Huston Shepherd and Chris Quante were elected sponsors for the Y. W. A's; Mrs. Hale, sponsor for Intermediate G. A's; Mrs. E. C. Davis sponsor for Junior G. A's and Nathan Evans sponsor for R. A's. There were 46 present.

Mesdames Kyle Graves and John R. Turner were Lubbock visitors last Tuesday.

MR. AND MRS. JOHN S. POWELL CELEBRATE ANNIVERSARY

Mr. and Mrs. John S. Powell celebrated their 46th wedding anniversary last Sunday afternoon. Their daughter Mrs. Rufus Rush from Lubbock served hot punch, cookies and sandwiches to some thirty friends that called during the afternoon. They received many gifts and flowers. Pappy John and Mother Kate as they are better known here, have lived in Terry County around thirty years coming here from Marshall, and have lots of friends here that wish them many more happy anniversaries.

HOSTESS TO NEEDLERS

Mrs. John Wall was hostess to the Priscilla Needle Club Wednesday afternoon of last week. After some two hours were spent in needle work, refreshments of pimento sandwiches, potato chips, pecan pie topped with whipped cream and hot tea were served to Mesdames Frank Rickles, Simon Holgate, Arch Fowler, Lloyd McClish, Hayden Griffin, L. J. Dunn, Clint Rambo, R. M. Kendrick and Walter Gracey.

TWILIGHT TEA

One of the loveliest affairs of the season was given last Monday evening at the Simon Holgate home when the El Progresso Study Club entertained in honor of Mrs. Avirett of Lamesa, the district president. The Maids and Matrons Club were guests. The house was beautifully decorated with pot plants. The serving table was covered with a Normandy lace cloth. Lighted candles were about the room.

The program "A Symbol of Spring" was very beautifully presented. Miss Laura Lee Jones sang, "Welcome Sweet Spring"; Miss Bessie Chisholm presented Mrs. Avirett with a sprig of grass, Miss Louise Wolforth presented her with a bud and Miss Fay Martin gave her a pot plant. Miss Gertrude Rasco was on the program with an Xylophone number; Ida Mae May sprang from a basket of flowers and did acrobatic stunts.

Refreshments of congealed salad, waffles, pickles, cakes and hot tea were served to some 40 guests.

MRS. COLLINS HOSTESS

Mrs. W. H. Collins was hostess last Friday afternoon to the Ace High Bridge Club. Three tables were placed for playing. Mesdames R. L. Bowers and A. J. Stricklin scored high and second and received a tied and dyed radio scarf and luncheon set respectively. Others playing were Mesdames Kyle Graves, John R. Tur-

ner, Edgar Self, Claude Hudgens, J. E. Shelton, Tom May, Arthur Sawyer, J. E. Michie, Fred and W. C. Smith. Refreshments were congealed fruit salad, chicken sandwiches, individual osgood pie, cheese waffles and iced tea.

IDEAL CLUB PARTY

Mrs. Flem McSpadden was hostess to the Ideal Bridge Club on Wednesday afternoon of last week. Guests were Mesdames N. A. Hanson, Dube Pycatt, Arthur Sawyer, A. J. Stricklin, J. E. Michie, Lee O. Allen, Mary Endersten, W. R. McDuffie, W. H. Collins, Ike Bailey, Claude and Clarence Hudgens. Mrs. McDuffie was presented with ear rings for high score and Mrs. Collins a pot plant for second high. Mrs. H. W. McSpadden was a tea guest. A congealed salad course with caramel pudding and hot tea was served at the close of the games.

SURPRISES FRIENDS

George Turner surprised his many friends here this week, when he came up for a visit with relatives, bringing with him a bride. Mrs. Turner is well known in Brownfield having lived here a few years ago. She was Mrs. Winnie Price, and is a daughter of Mrs. J. O. Brown. Mr. and Mrs. Turner are living at Pecos and have the best wishes of friends here.

PIANO AND VOICE GRADES

Students from Mrs. W. H. Dallas Piano and Voice classes making Tri-State rating are the following:

- Laura Lee Jones—93

The high school girls quartet made a grade of 90 and received a blue ribbon each. Total blue ribbons for the classes were 34 and red ribbons, 10.

P. T. A.—COUNTY COUNCIL

Next Tuesday evening, April 9th is Parent-Teacher evening and every member is urged to attend as Brownfield is to be hostess to the County Council. The program follows:

- Parents Prayer—Mr. Fulton, Gomez.
- Song—Gomez High School Girls.
- One-Act Play, "Soft Shoulders"—Directed by Mr. Wester, Brownfield.
- Reading—Ruby Drury.
- Short Sketches—The district Conference Delegates.
- Selected Numbers from Forrester, Wellman, and Meadow.
- Installation of Officers—Mrs. L. M. Wingerd, Dist. Vice-President.

Saturday is the last day to turn in your applications for serum to the Terry County Council. This serum is to be ordered then, and, unless your school has reported none will be rendered for it. The local doctors will set a week the latter part of April for the administration of this serum.

Mr. and Mrs. E. B. Thomas are visiting relatives at Miles.

Mr. and Mrs. R. N. McClain spent the week end at Lubbock with relatives.

Tokio Paragraphs

The temperance play, "Prisoner at the Bar", put on at the Community Hall last week was a grand success. The audience filled the house. There was a great moral behind the play, and many people have said that it was the grandest service in a worthwhile cause that has ever been held in Tokio. It was held under the auspices of the Anti-Saloon League. All characters were local except that of Defense Attorney, which was acted by Rev. D. E. Moore of Lubbock.

The Nazarene church began its Spring Revival last Saturday night with Rev. Buford Baton as evangelist, and it is being well attended. We are pleased with the excellent cooperation of the christian people of all churches, and we feel that much good will be accomplished through united effort.

The Fifth Sunday All Day Singing was well attended at Turner.

Mr. and Mrs. G. W. Casey and Mr. and Mrs. Roy Taylor attended the Methodist Conference at Forrester, Saturday.

Rev. Baton delivered an inspirational address to the school, Monday, using as his subject, "The Aims of Life."

Rev. Hawthorne will fill his regular appointment at the Baptist church Saturday night, Sunday morning and Sunday night.

Mrs. Mildred Case has recovered from her operation.

The Senior Classes of the Tokio School have set Friday night, April 19th for their Commencement, and have invited Judge Simms of Brownfield to deliver the Commencement Address.

Mrs. W. R. Beaton had as Sunday guests, her mother, Mrs. Sadie Priest and family of Lovington, N. M.

W. B. Martin recently purchased a Plymouth car.

Mr. and Mrs. Frank Lee, and daughter, Mary Quinn, of Los Angeles, Calif., who have been visiting in the home of his father, H. L. Lee, have returned to their home.

Mr. and Mrs. H. L. Lee, accompanied by Mr. and Mrs. J. A. Flanagan and son, Richard, visited friends at Gomez, Sunday.

P. T. A. PROGRAM—APRIL 9

Music—Harmonica Band, directed by Mr. Penn.

Invocation—Rev. J. M. Hale.

Business Meeting.

Singing and Ribbon Dance by pupils of West Point school.

County P. T. A. Council business.

One entertainment number each from Meadow, Gomez, Forrester and Wellman.

Installation of County Council Officers.

TIME FOR ALARM

(McCamey News)

It is said that West Texas bankers have become alarmed at the great increase in Postal Savings. In other words, Uncle Sam as a banker under the name of "postal savings," is taking considerable of the deposits in the nature of postal savings which were formerly kept in the vaults of banking institutions. A proof of this is shown by the fact that in 38 West Texas towns, Uncle Sam now has 4,637 depositors who have on deposit a total of \$1,988,718.00. Of this number Abilene leads with 573 depositors and a total of \$292,661.00 on deposit. Brownwood is second, with 438 depositors and \$213,272.00 on deposit. San Angelo is third, with 431 depositors and \$200,611.00 on deposit. Sweetwater is fourth, with 356 depositors and \$200,281.00 on deposit. Wink has 277 depositors, with \$53,753.00 on deposit. Crane has 137 depositors, with \$26,303.00 on deposit. Fort Stockton has 109 depositors, with \$40,017 on deposit. McCamey has 66 depositors, with \$13,351.00 on deposit.

Bankers, particularly bankers in small towns, are beginning to know what it means to have the United States Government as their competitor. Publishers and printers have had such an experience ever since the Government went into the printing business and began selling printed, stamped envelopes at a loss which had to be paid by the taxpayers, but which prevented the printer from getting the job of printing envelopes at a legitimate profit.

But just wait until our Uncle Sammie takes over all utilities, rail roads, telephone and telegraph lines, and places a "government store," carrying every line of merchandise, and running such stores in opposition to privately owned stores—then men in business, and who thoughtlessly, or as a matter of convenience, buy government printed envelopes—will know what it really means to have the United States Government as a competitor, selling for less than cost and expecting the taxpayers to make up the loss sustained thereby by levying additional taxes upon stocks of goods and other properties of those operating businesses against the Government as their competitors.

Mesdames Eunice Jones, R. L. Harris and Edgar Self spent last Monday in Lubbock.

LECTURE ON MEXICO!

Mr. R. L. Gorton, who is temporarily located in Brownfield, will give a lecture on Mexico at the High School Auditorium next Thursday evening, April 11th. This lecture is sponsored by the P. T. A. and admission prices are 10 and 20 cents.

Mr. Gorton has spent about twenty-six years of his life in Mexico and has been a close observer of Mexican life and customs. He has a splendid collection of revolutionary guns and sarapes, etc., which he will show. Mr. Gorton was superintendent of a sugar refining plant and is a well educated man.

Remember the date, Thursday, April 11th, at 8 o'clock.
