BROWNFIELD SCHOOLS TO CELEBRATE THEIR FIRST HOME COMING TODAY

Former Scholars From Various Sections of the State Are Expected For the Event. Lettermen to Be Honored. A Good Football Game With Post Main Event.

When the children grow up and there is no longer room in the home fold to contain them they are usually cast ashore and left to forage for themselves. So it is with a school. When one has gained all the knowledge that is to be gained; or has spent all the time allowed; or has fulfilled the requirements for graduation he is cast out to swim for himself. Too often he is forgotten and many sink in their efforts to reach a higher plane in life.

This is not the purpose of Brownfield High school to forget those who have made and kept her traditions. And for that reason we are staging a homecoming when all the old can come back and get acquainted with the new; when all the new can hear what it is like to be away from the old nest. It is hoped that every ex-student of our school who can possibly do so will visit us at least some time during the week. Especially do we want you to be with us Friday morning at 11:35. At that time an assembly and pep rally will be staged for your benefit. More especially do we want you to be with us Friday afternoon at our homecoming game.

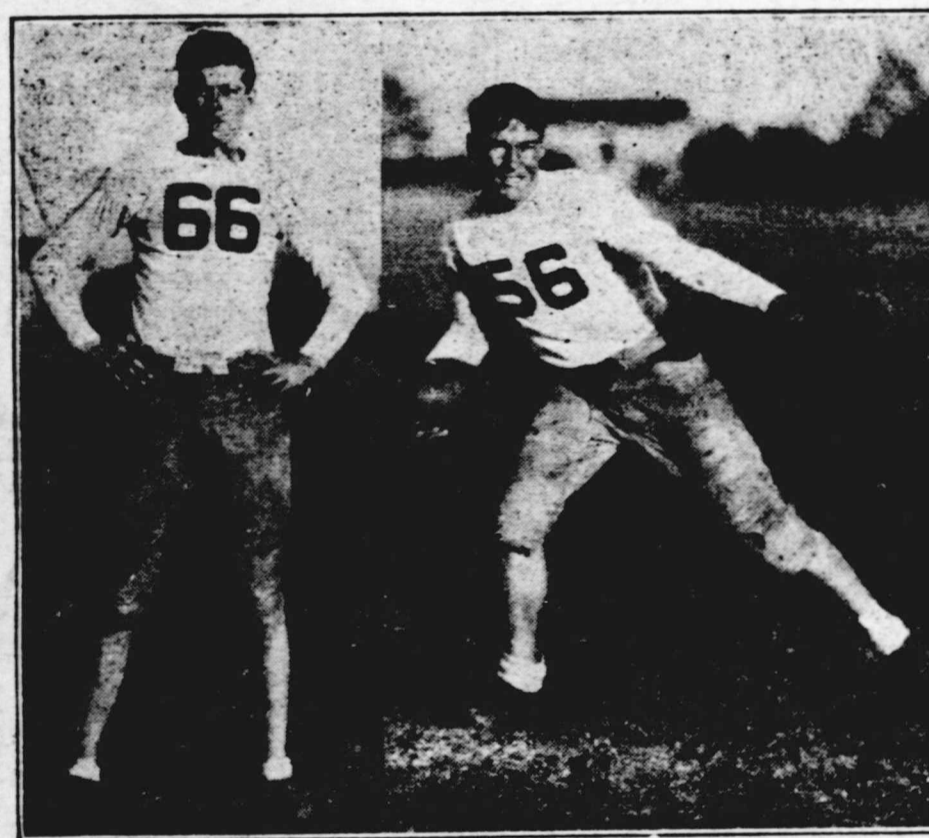

This is a game honoring all those who have worn the colors of Red and White in the past. To those lettermen of the past we doff our hats. It is their day. We want them to make the most of it, and we want all of you to help them, by remembering to be present at that time.

It is hoped that all letter-men who have ever played for us, that can, will be there. Many of us do not know them. They will be introduced at the half. Let's see what we have had in the past. Let's enjoy the privilege of reminiscing for a little while, and let's think of these fellows on this year's team who will be joining the ranks of the ex-letter men after this game.

Remember that this will probably be the last game for Burnett, McLeod, Tankersley, McGowan, Thalmann, Faughn, Stephens, and several others. Give them your support. Give them your good wishes for a happy and successful future. Let them know that even though they are leaving you, they will be missed, and shall be welcome home again at any time.

Coach Johnnie Bost

Co-Captains, McLeod and Tankersley

Today's game will be the last time these boys will wear the colors of B. H. S. See them in action against Post this afternoon at 3:00 o'clock.

Part of Gate Goes to Will Rogers Memorial

It is only fitting and proper that Brownfield do its part in supporting the Will Rogers Memorial Fund. In keeping with the times and because of our desire to support such a worthy cause the management wishes to state that a portion of the gate receipts of our first Homecoming will be given to the fund.

No nobler soul has ever lived than Will Rogers. No person has ever

achieved a greater place in the hearts and lives of America than he. No other has given the world a brighter slant on life than did our beloved humorist. He has been truly called the World's Ambassador of Good Will. True, he did belong to the world, and to the ages; but more he belonged to us. Let's come to the game this afternoon (Friday) and show our appreciation for that great man.

RUMAGE SALE

The Maids and Matrons Club will have a rummage sale on the Court House lawn Saturday all day. This club as most know sponsors the library located in the court house and part of the proceeds from this sale will be used to buy new books. Subscribers to the library may read 52 books for \$1.00. Help this worthy cause.

Rev. Tharp Thanks People of Brownfield

I take this method to thank the people of Brownfield as well as members of the Methodist Church for their fine support and cooperation in carrying out the program of the church. When we came here four years ago to begin our work as pastor of the local church we found many difficult things, but I was reminded of the old saying "Anything that should be done could be done, in the strength of the Lord," and I put my hands to the task, and by the fine cooperation of the business men and the loyal support of the membership of the church we were able to put over the program, and we all rejoice together over the accomplishment.

May I say to the business men that I have never met with better response than you gave me. Since I have been in Brownfield you have answered every call, and I have not words to express my gratitude for your service. I pray God's richest blessings upon you, bringing success to your business. It has been said that if a preacher did his duty in Brownfield he would be crucified, or would have to live alone. I have tried to the best of my ability to be faithful to every trust of a preacher; I have spoken out against every sin of the human race in and out of the pulpit; I have declared myself upon every moral issue, in such manner that no one could be mistaken in where I stood, but I did so knowing that there were others who lived in Brownfield that were capable of thought, and in their thinking they would see and do things in a different way, and as a preacher, Pastor of one of the churches of the town, I felt that my duty was to lead men to God, knowing that if men knew Jesus Christ as their savior they would not be sinful in their living. I believe men need the loving hand extended to them rather than to be abused. I have tried to go and conduct myself in such a way that men would know that God did not only send me but that he was with me—leading me to the hearts of the people, and my only regret is that I was not able to lead a greater number to a greater life.

We rejoice in the great number of friends we have made during our stay in Brownfield, and we acknowledged in humility as well as gratefulness for the many gifts that found a way to the parsonage home as a token of love and appreciation from our friends. They are too numerous to mention, and I will only mention one—the radio. God bless all who had a part in the giving. I would not forget the friendship of the children. I believe all to be my friends, God bless each one, for they have been such an inspiration to me.

As I go to my new field of labors—Levelland—I commend to you Rev. C. E. Fike and wife in whom you will find one worthy of your confidence and love, one that will lead you in a greater way than I. Rev. Fike is an able man, well educated, and consecrated to the task of God's church, and not only has high ideals, but is high in his living and service. I beg for him your happy cooperation in the work of his pastoral duties. Let me say again thanks for your friendship and for the privilege of living in Brownfield, again I say THANKS.

ED THARP.

Programs to Be On Sale at Game Today

An eight-page program of the Post-Brownfield football game will be on sale at the field this afternoon. The program contains pictures of the Coach and captains, as well as the lineup for both teams. It is also well subscribed to by local merchants. The programs will sell for five cents each and proceeds will go to the sweater fund.

One of these programs will make an excellent souvenir of Brownfield's first Homecoming game, will also help identify the players, and the proceeds go to a worthy cause—BUY ONE!

Mayor Wines About Our Paving Program

Mayor L. C. Wines informed us last week that he had received letters from the WPA that lent great encouragement to him that our paving job will finally be approved. In fact it is already in such shape, and with such wholesome approval by both the district office at Big Spring, and the State office at San Antonio, that he believes that there will be no doubt at all that the National Board will approve it and that soon.

Recreation Park Assured We have been reliably informed that our City-County Recreational park is an assured fact, and that work will likely start on this \$65,000 project between now and the new year, if men can be found to do the work. If not, it will start directly after the new year comes in according to those in authority.

Lateral Road Work Held Up The work on the lateral roads, which included the Lamesa road, has been held up indefinitely, we understand for lack of man power. Farmers are unusually busy just now using all the extra help in sowing their crops, but it can wait a month or so, it is said.

School Project Going On However, there are enough men around town without jobs that there don't seem to be much trouble getting men on that job. It is the rural jobs that are hard to fill with men. As a consequence the work on the buildings and grounds of the local school, is going along very nicely.

After the first of the year, perhaps, the farmers will release enough hands that several anticipated jobs can then commence or be resumed.

New Methodist Minister Is Sent Here

The Northwest Texas Conference which was held at Plainview last week was reported to have been the greatest in many respects of any ever held since the conference was organized. The collections were fine, the endowment and benevolent work great, many long standing debts cleared up, or put on a better business basis, and the additions to the churches of the conference very satisfactory in every way.

Rev. Ed Tharp, who has been pastor here for the past four years goes to Levelland, where he will have a very fine church, and will endeavor to help them get out of their brick basement, by building on a story. Rev. C. E. Fike, who has been the Levelland pastor for some time will come here. The entire community welcomes him, and hopes he will like Brownfield.

Rev. W. M. Pearce remains the Presiding Elder of the Lubbock District; F. O. Garner goes to Meadow; Jesse Young to Plains; Cecil Fox to the Seagraves-Seminole charge; Welch circuit, J. C. Walker; E. B. Thompson to the Brownfield circuit.

There were perhaps more changes this year than in several, as the Bishops have not advised many changes in the last few years on account of financial conditions of the section.

An Old Timer Calls On the Herald Mon.

W. M. Green of the Wellman section was up this week and called to pay up on his paper, and fraternize a few minutes with the bunch. We are always happy to have this fine old citizen call around and "jaw" for a few minutes. He reports that he has a fair crop, and is doing very well gathering.

Reminiscing a little bit, we found that Mr. Green beat the editor to Terry just about three years, he having come here in 1906, two years after the county was organized, and he still loves old Terry and remarked: "Jack, where could I go to get better land that produces better crops on the average?"

National advertisers plan a wide survey of effect of radio.

STORES WILL CLOSE NEXT THURSDAY

All the grocery stores have agreed to be closed here next Thursday—Thanksgiving Day. And as the dry goods stores usually close for such things and the banks always it looks as if Brownfield will truly observe the day set aside for giving thanks.

So you are asked to remember this when doing your shopping this week-end or not to forget it next Wednesday.

Business Men Tell of Their Increasing Sales

There are few doubts left in the minds of any that this is now the best fall we have had for several years, and the promise that it will continue is self evident. Some of the merchants have had to go back to market in order to replenish stocks that they thought was sufficient to tide them through the fall and winter months.

This good business conditions is not confined to any one particular kind of business, but seems to extend to all. With more eating places than we ever had in the city, there seems to be no dearth of customers who are hungry and have to be fed. Since the cotton movement started many of these eating places stay open until the wee small hours.

Then there is the case of collections, which mean much to the merchants who have carried more or less people through the spring and summer. They are reporting good collections, and expect them to be better as the crop gathering progresses. Some predict that more old standing debts will be paid than for many years. Some are getting entirely out of debt.

The tax collectors, state and county, school and city, report they are getting the best collections for the year in many years.

Meadow Gridsters Win Their Final Scrap

MEADOW, Nov. 15.—The Meadow High school football team called it a successful season this afternoon when it wound up the 1935 scheduled card with a 53 to 6 victory over the Roosevelt Class C team.

Junior McDonald, fullback, led the touchdown parade with five counters for six points each. Nathan Cheshir, quarterback, scored three touchdowns, and was a power in the victorious backfield. Most of the scoring was done on power drives down the field.

Excitement came late in the game when Fred Finley, right halfback, intercepted a pass from a Roosevelt thrower and scooted 56 yards through a broken field, shaking off four would-be tacklers before going down on the 10-yard line. It was the longest run of the afternoon.

The Meadow lineup: James Burlison and P. J. Watkins, ends; Willard Upton and Ford Hawkins, tackles; Stafford Stearns and Robert Caldwell, guards; Howell Ballard, center; Cheshir, quarterback; Finley and J. W. Smith, halfbacks; and McDonald, fullback. Substitutions were Edward Turnipseed, Russell Banks, Ollie Brunant, Leslie George and Lenoir Easterwood.

Also, on the 8th, Meadow took a hard fought game with Ropesville 7-0 on a muddy field, at Meadow.

Good Bank Statements Are Showing Up Here

While the local bank statements are good, showing both institutions to be in fine, healthy condition, the retarded gathering of crops in this section have kept them down a great deal. These statements are being printed and paid for as advertising matter for the benefit of their customers.

While as stated above, they are good, but we expect to see much better ones when their statements come out along about Jan. 1st, as they almost always do. Read these statements.

New Baptist Pastor To Hold Open House

Rev. and Mrs. F. S. Rogers will hold open house at the Baptist parsonage tonight (Friday) from 6:30 to 10:00 o'clock, which will give all an opportunity to call on them, even if they have to work until late hours.

It is the understanding of the Herald that not only are Baptists invited, but all other denominations as well as people who are not church members. These good people want to meet the citizenship of Brownfield and section, and quoting Rev. Rogers, "we are going to be disappointed if you all don't come by to see us."

Mr. Knott was down this week working up ads for the Lubbock radio station. He was formerly a newspaper man, having worked on the Fort Worth Press, the Gainesville Register and some on the Lubbock County Herald.

ZERO HOUR IS CLOSE AT HAND—SECOND PERIOD ENDS THURSDAY NOV. 28

AFTER THAT DATE THERE WILL BE NO DOUBLE CREDITS ON NEW SUBSCRIPTIONS, AND VOTES RECEIVED ON REGULAR SCHEDULE WILL BE GREATLY REDUCED IN VALUE.

Let Us Go Over the Top by the End of the Campaign, December 3, With 100 Percent Coverage and Everybody Able to Say "Yes," When They Hear "I've Paid My Subscription to the Herald, Have You?"

In order to promote the best interests of the subscription campaign and of the workers who are participating, and at the request of the workers themselves, the date for closing has been changed from Saturday, November 30, to Tuesday, December 3. This will give the candidates the chance to see a large number of people on Trades Day, Monday, December 2, and will give many more people in opportunity to participate in the low subscription rate before the price is advanced. Under this revised schedule the second period will be extended until Thursday night, November 28 and the final period will begin Friday morning, November 29, at which time the ballot box, which will hold the business of the final week, will be taken to the Brownfield State Bank.

The zero hour is getting very near. We do not mean the close of the campaign but we do mean the close of this, the second period which will come to an end Thursday night, November 28. That date will witness the end of all big votes in The Terry County Herald's Weekly Payroll Circulation Campaign. No more double votes for new subscriptions. No more bonuses for extra effort. No more extension votes for subscriptions previously turned in. Further, the regular schedule votes issued for subscriptions will be materially decreased.

Now all this is nothing new. It was announced in the beginning and has been referred to each week of the campaign. But we are afraid from the way some people are acting that they have not heard about it. The Herald Payrollers should take heed and lose no time because it may be vital to their fortunes. If they have loitered any time away in past weeks the time has arrived to make up for lost hours. It might mean the difference between an automobile and a commission. It is not what you have done in the past, but what you are going to do between now and Thursday night, November 28 that counts. After next Thursday night November 28 it will not be possible to realize the fullest earning power on subscriptions. So make it a point to collect every possible subscription before that date.

And now subscribers, here is an earnest word for you. You people of Brownfield and trade territory have a reputation for doing big things in a big way. The public and private improvements all over the area is ample proof of that assertion. The high state of cultivation into which the area has been brought and the reputation of the community as one of the best agricultural sections of the state of Texas is ample evidence

of the intelligence and the progressiveness of the people. You have gained the reputation of finishing what you started. And this paper has full confidence that you are going to make this circulation campaign a splendid success. You are going to show your appreciation for the editor who has worked so many years to help build up the community and you are going to prove your interest in that friend who is working so earnestly to win the prize of your choice. You are going to redeem the promise of a subscription you have made your friend.

It is an actual fact that there are literally hundreds of unredeemed promises in the county and trade territory. You made these promises in good faith and you are still expecting to redeem them. Don't, we beg of you, delay any longer. Don't wait until your subscription has a less value. Don't turn your back on a friend.

In accordance with the rules of the campaign announced in the beginning and in order to insure the most inviolable secrecy, the campaign will be brought to a close with a sealed ballot box located in the Brownfield State Bank, where the Payrollers will deposit their business in sealed envelopes during the final period. No one except the workers themselves will know the contents of those envelopes and the amount of business they secure will be a secret until the judges open the envelopes, canvass the returns and announce the results. In the meantime no one, not even the campaign manager will know what work is being done.

And now Payrollers, we are close to the home stretch. The remaining days of the campaign will be in the nature of a test. Are you going through like a thoroughbred? It's in your hands.

Cotton Gathering Slow in Some Sections

While the bulk of the cotton crop is reported to be out in the Johnson community, it is said that gathering the staple has just started in the Union community, for instance. In the former section, it seems that they got rains earlier, and did not get so much rain in the summer and early fall to make a large plant.

O. E. Pollock, of the Union community was in the office of the Herald the latter part of last week and informed us that he had just started and had out less than a bale. He has been busy with his feed crop, up till last week, but reports that his cotton is now opening nicely.

Since the weather cleared the first part of the week, the gins have been busy all day and far into the night. One gin had gone over 1100 bales Saturday afternoon, but we have no report on any of the other four that are running.

Some have asked us of late why we did not have a weekly report of local ginnings. We tried that for some years, but one or two of the gins got to where they seemed a little reluctant to give us their report, and we discontinued the effort.

Local Farmers Get Jail Sentences at Abilene

The federal court at Abilene last week sentenced two Terry county farmers, two from Jones county and one from Lynn county to various terms, for obtaining livestock feed loans last spring under false representation, according to Clyde O. Eastus, Federal District Attorney, who prosecuted the cases.

These men were indicted at the summer term of court and their cases came up at the recent term. One of the Terry county men got 90 days in jail, beginning Dec. 1, which allows him to gather his crop, and a probation of six months on condition that he repay the loan. The other got 30 days in jail, and 90 days suspended.

It is said that Dallas has a high suicide rate. That is nothing strange to us. We wouldn't want to live there either.

We hope that Bro. Smith of the Lamesa Reporter will get to slipping our copy of the Reporter in the early mails. We just don't enjoy a two-weeks or even a week old paper.

"One killed, seven hurt at Ralls." We have to read something like that right in this section each week.

A form letter from David L. Babson, Vice-President of the Publishers Financial Bureau, Boston, to the Herald this week, says that "business is at its highest level in five years."

We must have been thinking about the Metric System last week when we wrote our editorial about the proposed one house system as advocated by Sen. G. H. Nelson of this district.

Sharley Shurnal Guy of the Hubbock-Havalanche-Shurnal slipped off down to Dallas last week to meet with the big bugs of the AP, and roosted so high in one of those skyscrapers it took him four hours and ten minutes by the hall clock to walk back down stairs.

Levelland Herald Praises Rev. Fike

Rev. and Mrs. C. E. Fike left Wednesday for Plainview where they are attending the annual session of the Northwest Texas Methodist Conference.

It is at this meeting that the pastors are designated for the various churches in this district, which comprises the greater part of the Panhandle and this section of the State and is always an event which by reason of the uncertainty is close to the hearts of the people.

Men and women move into your town and community and become part of it—become valued citizens, and the longer you know them the more you appreciate them, and you would wish that they would ever remain as a part of your immediate circle of friends.

For the above reason we would be pleased that Rev. Fike be returned to Levelland, and we believe we bespeak the sentiments of the great bulk of our citizenship. The list as announced Sunday will be read with interest not only by Methodist, but by the entire town as well.

UNICAMERAL LEGISLATURE

Senator G. H. Nelson from Lynn County made himself unpopular in the Legislature by proposing a constitutional amendment that would substitute a single house Legislature for the present bicameral body.

Senator Nelson doubtless did not expect his resolution to pass. All experience shows that political bodies seldom reform themselves or deprive themselves of power.

Legislatures in general are afraid of such conventions. They come through popular demand or constitutional requirement. Texas should have had a convention this year, so as to start off its second century with a revised and modernized fundamental law.

But Legislatures, especially bicameral bodies, hardly ever favor constitutional conventions. They fear that "Othello's occupation" may go, if State government is modernized.

meets 2nd and 4th Thurs. each mo. C. B. Quante, Com. H. R. Winston, Adj.

Barr by R. A. Young, et ux, on December 8, 1924, as shown by deed recorded in Vol. 22, Page 471, of the Deed Records of Terry County, Texas; As said first mortgage lien existed on the 7th day of June, 1926 and it is ordered and decreed by said judgment the said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid into the registry of this court for the use and benefit of the said Mrs. Jennie Young, indiv. & as Comm. Admin. of the Comm. Estate of herself & her deceased husband, and for the benefit of the heirs of the said J. W. Young, deceased; But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, as against J. L. Barr and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a good and sufficient deed, and place the purchaser of said property in possession thereof within thirty days from date of sale.

Therefore you are hereby commanded that you proceed to seize and sell the above described property as under execution and make good and sufficient deed, and to place the purchaser of same in possession thereof within thirty days, after date of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of TWO THOUSAND SIXTY-SEVEN & EIGHTY NINE ONE HUNDREDETHS (\$2067.89) Dollars, together with the interest that may be due thereon, and the further sum of Fifty-Six & Forty One Hundrethths (\$56.40) Dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof as above directed. But if you fail to find said property, or if proceeds of such sale be insufficient to satisfy said judgment, then you are directed to make the money, or any balance thereof remaining unpaid, out of any other property of defendant, as in case of ordinary executions.

Herein Fail Not, but due return make hereof within ninety (90) days, showing how you have executed the same.

Given under my hand and the seal of the District Court of Bell County, at my office in Belton, this 5th day of November 1935.

We are glad to see Leo Holmes back on duty as cashier of the Brownfield State bank, after an appendectomy operation.

R. H. Heartsill was in after supplies this week, and said that they were getting along nicely with crop gathering.

Since the old mules died that R. H. brought here from Harrison county, he has just about retired from hard labor himself.

HILLSBORO PUBLISHER DIES

HILLSBORO, Nov. 14.—Luther J. Thompson, 76, publisher of the Hillsboro Mirror, veteran newspaperman and leader of civic activities here, died last night.

An old lady in New England was about to die. She sent for her niece, and said: "Grace, I am going to die and I don't want any foolishness about it. When you come to lay me out I want to be laid out in my black silk; but take out the back panel and make yourself a dress."

We are still getting some paragraphs out of Jack Stricklin, the biggest booster on the plains. We have had some words about where West Texas begins and we talked about Ranger being in West Texas and he does not want Terry County compared with anything east of the cap rock. We had something about Fort Worth being where the west begins, so the good uncle quotes all that stuff and answers thusly, "We know the old Cowtown makes a broad claim 'Nefie' but claim and facts don't always join well. In fact Fort Worth is just an East Texas town with a West Texas complex."

We understand that Chris Quante and family will occupy their new rock veneer residence on or about Dec. 1. Mr. Word will then move into their old residence; J. C. Bond, owner of the residence Mr. Word will move from, will move into it, leaving an apartment at where Mr. Bond now lives and owns. We understand that he has had numerous applications for the apartment already.

Remember the old adage—"A dollar saved is a dollar earned." By paying two years in advance now you save one dollar on your subscription to your home paper—The Terry County Herald. Just as well earn that dollar.

Elder Jas. A. Fry local minister of the church of Christ, was called to Levelland Monday to conduct a funeral.

Until after the close of the subscription campaign, \$2.00 will pay for the same length of time that \$3.00 will afterward. Why not save that dollar?

K. B. McWilliams will leave in a few days for Hillsboro after his wife, who will spend the rest of the winter with him in Brownfield while Mr. Mack buys cotton.

Hall Robinson of Tahoka, had business here the past week-end.

BUTTER MAKING TO BE DEMONSTRATED

LUBBOCK, Nov. 20.—Demonstrations of butter-making in the home and of judging dairy products will be given by members of the dairy manufacturing department at Texas Technological college before home demonstration groups in 12 South Plains counties between November 23 and February 15.

This instruction will be a part of the cooperative extension work in agriculture and home economics being carried out in Texas. A new combination truck and bus will carry the equipment needed for the demonstrations, which will include upon request a display of the home manufacture of American type and cottage cheese.

Among the towns and counties where the lectures will be given are: Plains (Yoakum) Dec. 7, Tahoka in Lynn county, Jan. 18, Levelland in Hockley, Feb. 1st.

CHEVROLET EXPECTING BIG HOLIDAY SALES

The Chevrolet Motor Company is looking forward to the highest volume of Christmas sales in its 25-year history, according to W. E. Holler, vice president and general sales manager, who in an interview outlined the factors supporting that view.

The prediction is based, Mr. Holler said, mainly upon three points—the excellence of the new 1936 Chevrolets which were introduced Nov. 2; the timeliness of their introduction, just before the Christmas buying season; and the fact that the new General Motors Acceptance Corporation's six percent purchase plan reduces to a new low figure the outlay required to own and drive a new motor car.

Since we are adding hundreds of subscriptions to our list each week, we ask them to bear with us if they do not get good service the first week or two. We are doing everything we can to get each new reader on as soon as possible.

"What Gordon's Compound did for my stomach is almost too wonderful to tell in words," said Miss Lucy Bailey, attractive 18-year-old waitress who lives at 553 E. Richmond Ave., Fort Worth. "I had been on an ice cream and bread-and-milk diet for two years. Suffered terribly from acid stomach, gas, bloating, terrible burning sensations in my stomach, was tired, worn-out all the time, yet couldn't sleep for stomach distress. Thank goodness I heard about Gordon's Compound. Since taking Gordon's, in two months I can eat solid food without distress. I have gained 16 pounds."

ROOSEVELT STABILITY

"Do you remember the day Roosevelt took office? His solemn-faced countrymen gathered around their radios to listen. There was chaos in the United States. The biggest American bank panic was on. Confidence was low.

"Then Roosevelt spoke. He spoke with confidence. He had confidence in America, in her people and in himself. Mr. Roosevelt's remarkable display of spirit on that occasion started the United States back to prosperity.

"We think that that moment when we read a statement just made by Leonard P. Ayres, vice president of the Cleveland Trust Co. Mr. Ayres is no New Dealer, but he says that the year 1935 will go into history as one of the most nearly stabilized years in the history of our country. He writes that the flow of business has continued to move steadily forward. Yes, Mr. Roosevelt's policies have given his country a stability that it has seldom known. THE HOMECOMING GAME

The Cub's Den joins the faculty, student body, and patrons in welcoming all ex-letter men to the Homecoming Game, Nov. 22.

Post is coming over in full faith and they are going to put up a real fight. They are little, but swift, and are representing Post High School 100%. They are coming over hoping to obtain the victory. But will they? NO! The Fighting Cubs will give them a defeat of a lifetime.

This game is the crowning event of the Football season. It is for you—you who are the forerunners of grand old B. H. S.

Thus far we have had a very successful football season. Let us show appreciation for the Fighting Cubs by being out there this afternoon boosting them from the start to the finish.

This game promises to be a game that will live long in the memory of the spectators.

ARE YOU COMING?

PEP RALLY

The student body of Brownfield High school and their parents met in the auditorium Thursday night for a pep rally, but due to weather conditions, there were not as many people present as was expected. Just the same the good old football spirit and pep was represented by those that attended the rally. Yells and songs were given in honor of the football boys; that the town and school were backing them; and that they expected the fighting Cubs to defeat those Tahoka Bulldogs.

IN ASSEMBLY

In assembly Tuesday, the dramatic club presented a one act play called "Aunt Jennie and the Quarterback." The characters were:

Jennie Clayton—Christine Hamilton.
 "Pam"—Pauline Nelson.
 "Buzzy" Nelson—Clifton Jones.
 Radio Announcer—Sam Chisholm.
 Pep Squad—Members of Dramatic Club.

Did this play prove that we have dramatic talent in Brownfield High School!!!!!!

EVER STOP TO THINK—

Did you ever stop to think what our football boys go through to attain a name for our school? Did you ever stop to think of the sacrifices they make? Did you ever stop to think that many of our Cubs of '35 are playing their last game for B. H. S.?

Let's stop to think !! These boys have fought to the last minute in every game. They've taken bruises, black eyes, and broken bones for our school. True, they aren't required to do this and they play because they want to, but that's a reason we should appreciate them more. We should be proud we have boys who are willing to face victory or defeat.

Then the question arises—how can we show our appreciation? Do just this! Help advertise our Homecoming Game on Nov. 22. Make it a point to be there YOURSELF.

It will be a gala occasion! The past lettermen will be there wearing their letter sweaters. This will also be Dad's day.

But don't think that's all you're going to see—YOU'RE going to see

BROWNFIELD WINS ANOTHER

On last Friday, Brownfield Cubs journeyed over to Tahoka and for the first time since early in the season displayed their real power. The Cubs did everything in the book. Behind one of the strongest forward walls the Cubs have ever had, the backs could gain at will. Evidence of their power is shown in the fact that they tried only one pass all afternoon. From the first gun, they marched down the field at will, and time after time the backs were able to find holes large enough for a freight train to go through. Every man on the team gave an excellent account of himself. However the stellar work of Pharr and McLeod was most noticeable. On many occasions they were ready to nab Minor before he could decide which side to head for. He and other backs from the Bulldog squad were thrown for many losses.

Taken on the whole the game was fast and hard. There were complaints as to the rough playing of the Cubs, but in reality they were playing hard football. When they tackled you could hear the crack. When they blocked the opposition faded away. When Burnett, Tankersley, or Thalman hit the line there was room made for them. On several occasions opposing tackles hit and bounced off this hard charging trio. Stewart called the heADIEST game he has called this year. Plenty of proof was seen as to the effectiveness of the double and single wing back systems.

This week the victims will be the Post Antelopes. At least we are hoping for just that. As yet the Cubs have lost one game. It looks as if we might go through the season with the highest record since 1932. It is well that we turn out en masse for the first Homecoming the Cubs have ever had.

CUB COMMENT

Miss Winston spent the week-end in Vernon.

Mr. Bost, Mr. Baze, Guy Tankersley, and Charles Thalman were in Canyon Saturday.

Othell Price spent the week-end in Lubbock.

Ollie Bruton Jr., former B. H. S. student, was over from Ralls, Sunday.

Mrs. Ora Dee Fowler, former B. H. S. student, and husband are visiting her parents here.

Miss Clara Sawyer of Seminole visited El Ray Lewis and friends here last week.

Mr. Scott attended a Methodist Conference in Plainview over the week-end.

Lucille McSpadden was in Littlefield, Sunday.

A mule cannot pull while he is kicking—

And he cannot kick while he is pulling—

Neither can any of us.

"How old is your son?" asked the visitor.

"Well," replied the dad, "he's reached that age when he thinks the most important thing to pass, is the car ahead."

Marner: "Say, what is the Centennial?"

Bert: "Isn't it the football team Baylor played last week?"

Mr. Penn: "Charley, which is the smarter a blond or a brunette?"

Charley: "I don't know. My girl has been both."

IF I RAN B. H. S.

I'd have 30 minute periods.

I'd abolish exams especially mid-term and finals.

I'd have chapel programs three times a week.

I'd allow a half holiday each Friday.

I'd begin classes at ten.

I'd disband detention hall.

I'D LOSE MY MIND!

SCENIC SPOTS?

Walt's and Moon's "little store" is the most popular hangout of the football boys. Almost any time you pass, there are a group of football boys discussing the latest bits of news about Lamesa and Slaton's football teams, and they might be discussing girls. Who knows???

Brownfield Beauty Shops is usually where you find the girls on Friday and Saturday. Naturally, they are discussing the latest gossip, fads, styles, and—flames!

The Rialto theatre is usually the spot where you find most "couples" on Sunday afternoons, and they are of course just "enjoying the show." We also understand that "some" football boys enjoy taking up a whole row of seats just for their feet.

The Corner Drug Store is the place where most of the boys take their girls for refreshments. And we have noticed that the girls go there without the boys—there must be some attraction.

WHO'S WHO

What "soda skeet" keeps a certain Junior from sleeping nights?

Who is the teacher in B. H. S. who can draw a perfect star?

Who is the "quarter-back" who can't get his angles figured out in plane geometry?

Who are the "braggers" in B. H. S.? We'd like to find out.

Shirley, what happened to that boy from Meadow who likes Brownfield shows and always sits in the balcony?

FOOTBALL BOY'S HISTORY (continued)

Marner Price was born in Brownfield, Texas on March 28, 1918, and has always lived in Brownfield, and so far as we know shall continue to do so. For some reason or other he has a strong dislike for ice cream and watermelons. He has lettered once and always keeps (?) training. Marner is now a very handsome young man which probably accounts for the many female admirers. Girls I have heard that he is overly fond of short hair. (I wonder if the barber shops will be swamped after this edition come out?)

Harold Carpenter was born at Telephone, Texas, Dec. 30, 1919. He moved to Brownfield about 7 years ago and started to school here in about the third or fourth grade. Harold is now one of our famous Sophomores. The other day when he started to buy a sweater this reporter discovered a peculiarity of his—(I'll let you in on the secret)—he hates for his clothes to match! It has also been discovered that he likes to milk the old cow, in fact he likes to milk so well that he makes his room mate do the job, nice boy, eh?

Hugh (Bull) Stinson who owns practically all the slot playing music machines in the city, seems to get a kick out of changing the records and getting them ready for another day's run. Most of them are located in cafes.

PROGRESS NOTES

By J. E. Shelton, Secretary Chamber of Commerce

The writer has been appointed as Vice-Chairman for the Will Rogers Memorial Fund and is expecting to receive the necessary forms for use within the next few days and will then undertake to organize the county in different groups as soon as possible thereafter. We believe that wholehearted cooperation will be had in honoring the memory of one of the world's great citizens. Meanwhile we expect to have a nice contribution to start with, as part of the proceeds from the football game this afternoon will be donated to this fund.

A Retail Credit Association has been organized in Brownfield with about 20 members to commence, with expectations to double this within the next few days as several firms have not been contacted who are expected to subscribe to its support as soon as they are solicited. The Bureau is chartered and is affiliated with the state Association.

A few weeks ago the city made an application to the Works Progress Administration for a grant with which to pave about 70 blocks of city streets and have just received notification that something like 40 blocks have been approved and the others expected to be within a short time. Of course this is going to cost the property owners something provided that they take advantage of the offer but no direct cost will come to them unless they do so. The plans call for anything from a 25 foot pavement up to one covering from curb to curb and there will be a difference in the cost between 25 feet and full street width. On a 25-foot pavement the cost will be 50c the front or running foot, for example if a person owns a 50 foot lot and one on the opposite side owns a lot of the same width, it will cost each of them \$50.00 to have a 25 foot pavement in front of their property. Now if a number of people on a certain block should decide that they would like to have 40 foot or more, the cost to each property owner will be proportionally increased but will not be doubled as it will not require any more feet of curbing on a 40 foot

pavement than is required on 25 feet. The base will be caeche and rock covered with a hot top, the type of construction being about the same as used on highway 51. Now if our property owners will just get busy and take advantage of this offer, the larger portion of the streets of Brownfield will be paved and at a cost that is almost unbelievable on its low price and something that will never be offered to us again. In fact we will put out \$1.00 and get back about \$4.00.

Details of the project can be had at the office of the City Secretary, and the writer will also undertake to further inform himself and can be found at the Chamber of Commerce office.

Nothing has been heard concerning the application of the State Highway department to WPA for funds with which to construct highway No. 84 and we don't know just what the final disposition will be, but in the event that it is rejected, we have been placed in possession of inside information that will enable us to pull some "strings" for construction of this highway through regular highway appropriations. But we are barred from making any movement until the WPA application has been disposed of.

There is an effort on foot to extend highway No. 54 from McCamey to a point a few miles West of Sheffield, thence to Dryden to a connection with state highways 27 and 3 thus affording a direct route to the main gateway of the proposed National park in the big bend country, and a new direct route to the north and northwestern states out of South Texas. A meeting of representatives of all interested towns will probably be had at McCamey early in December.

We have just received information (Wed.) that the Works Progress Administration has approved the application for the laying of the second course of caeche on Highway No. 51 between Brownfield and Wellman and further that approval has been received for grading, drainage and caeche on highway No. 84 through the county. Work will be commenced upon each of these projects as soon as labor is available. Next week if possible.

A meeting of the County Planning Board has been called for Thursday morning to endeavor to set our various projects according to their importance.

OUR 23 YEAR COLUMN

Well, we forgot the old column last week in our rush, and will have two in brief this week, the issues of Nov. 15 and 22 of 1912. Ben Broughton had resigned as commissioner of Precinct No. 3, and Commissioner elect W. D. Winn, who would go in any way Jan. 1, was appointed by the Court in his stead. The rest of the Court were holdovers. Mrs. W. W. Royalty was here from Lubbock visiting her parents, Mr. and Mrs. J. T. May. Rev. M. D. Williams was moving back to town from the farm. Coble & Criswell had received a feed crumler for the livery barn. Uncle Tom DeShazo was still marketing garden truck. Mr. Miller, horseman

of Seminole, was up. Uncle John Cone had opened a buggy and hack store in Lubbock. Mrs. Henry Puliam had written in from Mississippi that they were moving back to Terry. Mrs. J. T. May had been hostess at a party. Chock Hamilton and sister, Miss Ann, were visiting their brother, Jess and family in Plainview. Rev. A. D. Jameson, new Methodist pastor was to preach his first sermon coming Sunday. S. D. Lofton was to preach at the school house coming Sunday. Mrs. D. M. Ward was in selling fat hens. Mrs. Chas. Cope land threw a hen party. R. C. Graves was dehorning his cattle. Facial paralysis had struck one side of Dee Brownfield's face while attending Federal court at Abilene. Rev. B. F. Dixon had moved his family here, and was to be the Baptist pastor. Gomez News: Rev. Batch had preached at the Baptist church. The literary Friday night was a success. Will Black was losing cattle from black-leg. Arthur Moore had just received a fine stallion he had shipped to Lubbock. All the houses were filled. Lots of people were moving to this county and some going on to New

Mexico. Harris News: Mr. and Mrs. Arthur Cotton gave the young folks a party. J. T. Connally was the bean raiser of the community. The Harris farmers had raised a bumper feed crop. Issue of Nov. 22: Mr. Redd had arrived with his thresher. Dock Powell had business in Lubbock. Tom Yates was here from Yoakum county shopping. Tom May was keeping books at the bank. Boone Hunter had business in Midland. There was to be a Thanksgiving program at the school building. Mrs. Geo. Neill and Mrs. Elbert Wright entertained with a hen party. O. F. Boyd had moved to the Long place near Meadow. A commotion occurred here when a drummer arrived with a negro chauffeur. Many school kids had never seen one before. On account of the fact that there was a separate telephone system in Brownfield and Gomez, it cost citizens of the towns a dime to talk to each other. A factory in Grovesville, N. Y., was experimenting in making gloves from prairie dog hides. Gomez News: J. M. Currier had returned from Haskell county to become a citizen again, purchasing land in east Yoakum. D. J. Broughton, county clerk elect, was moving to Brownfield with his family. Nine bales of cotton was ginned last week. Six were gined Monday. Harris News: Marlin Ellington was a Lubbock visitor. School was progressing under the capable management of Miss Zellica Shaw. J. C. Dooley had sold his pigs for \$3.00

each. A large herd of cattle had just passed through Harris. All for this week.

OLDSMOBILE DOUBLE THEIR RETAIL SALES

More than twice as many Oldsmobiles were sold at retail at the recently concluded New York Automobile Show than were sold at the last New York show.

Retail sales of Oldsmobile cars throughout the country from October 1 to November 10 showed an increase of 67% over the same period last year.

Retail sales for 1935 up to November 10 are double the 1934 record. These figures released today by D. E. Ralston, Oldsmobile vice president and general sales manager, have resulted in stepping up the December production schedule to the point where December will be the second biggest production month every reported at Oldsmobile.

October output likewise created a new record for that month.

"Basing our statement on the public reception of Oldsmobile's new models, the great number of retail orders and the enthusiasm of our dealers, I think we may safely say that the experiment of fall introduction of new models promises to be a success," said Mr. Ralston.

MISS DRURY MAKES HONOR ROLL AT ACC

Three hundred twenty-eight students in Abilene Christian College, Abilene, Texas, made grades of ninety or above in one or more subjects for the six weeks of the present term according to the Honor Roll posted in the bulletin board of Hardin Memorial Building of A. C. C. Twenty-two students made the Honor Roll in four subjects, and twenty-five of the 65 college students made grades of ninety or above in five or more subjects.

Among those making the Honor Roll is Naomi Drury, of Brownfield.

The Maids & Matrons Club will hold a rummage sale on the Court House lawn Saturday, Nov. 23rd.

The Brownfield Printing Co., Bowers & Headstream, owners, are putting out the minutes of the Brownfield Baptist Association.

The Herald will print a new directory for the local telephone company in time that they can be put out by Dec. 1st.

Governor Allred Taken For a Ride

LUBBOCK, Texas, Nov. 15.—Dignity goeth before a ride in a stripped-down flivver, so Governor James Allred just held onto his hat and laughed with President Bradford Knapp as several members of the freshman class at Texas Technological college drove them from a hotel luncheon to the campus, Sunday, Nov. 10th.

Two big black cars which had been greased and washed and polished so that the governor, in Lubbock to attend the Texas Tech Decennial, might ride in luxury, stood idle while "His Excellency" bounced down the principal street in a collegiate Ford. At the campus entrance the Tech band and cadets met the chief executive of Texas and escorted him to the gymnasium where he addressed a capacity crowd as a feature of the Decennial program.

Grinning, the governor told his audience that the windy ride he had just taken "reminded me of my own 'slime' days," and Prexy remarked, "It was a cold ride but our hearts were warmed by the spirit of the freshmen."

Scudday News

The Scudday school will open again December 2, following a six week recess for cotton picking. The date to start was agreed upon by the teachers and trustees in a meeting Friday night after due consideration was given to the crops yet to be gathered, and school term to be covered before summer of next year.

I want to urge that all students be ready to ride the school bus Monday morning, Dec. 2, so that there will be no delay. It is also very necessary that every student start upon the above mentioned date in order to get the greatest benefit for himself, and not to retard the others by late entry.

A community Christmas tree is being planned by the Scudday school for Christmas Eve night in which event everyone is invited to come and take part.

Upon the part of the teachers of the Scudday school I wish to state that the splendid cooperation of the patrons and trustees of the Scudday school has been greatly appreciated, for it has made for success of the school term thus far and it is hoped that it will be continued.

Got Five Too Many Quail—Coct \$126.00

Mr. Harris the game warden of this district caught 6 people Sunday with 5 quail and the fine was \$126.00. Did you say expensive quail? Well, we don't wish to purchase.

When you think Mr. Harris is not on the job you got another guess. Some have been killing ducks and some others quail, and those who have been fined if caught with a gun within 12 months will be fined not less than \$100.00—Lamesa Reporter.

G. B. Swan and son Almer, were here the past week end from Amarillo visiting their son and brother, Howard and family.

Mr. and Mrs. W. B. Collins of Lamesa visited his brother and wife Sunday, Mr. and Mrs. W. H. Collins, and the former's son, Wilson.

LISTEN — SUBSCRIBERS

In order to give subscribers additional opportunity to avail themselves of the present low price of the Herald, the date for closing the subscription campaign has been changed from Saturday, November 30, to Tuesday, December 2. After the close of the campaign the price will be advanced to \$1.50 the year. This advance in price is made necessary by the rising cost of printing and has become compulsory to avert a heavy loss. At \$1.00 the year there is a loss on each annual subscription. When that loss is multiplied by the hundreds of names which comprise the list of Herald readers, it becomes too heavy a burden and simply cannot be carried any longer. To the individual the change in price from \$1.00 to \$1.50 the year is a trifle. To the paper, whose list has recently grown by hundreds, it means the difference between breaking even on the subscription list and sustaining a heavy loss. In the meantime, the price to every one—old and new as well, still remains the old price of \$1.00.

V-8 LEADERSHIP

On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the last ten months of 1935 the Ford Motor Company paid out in the United States alone, \$140,119,326.00 in wages and \$111,389.00 for materials.
