

The Nation's Great Evangelist—B. B. Crimm

Evangelist B. B. Crimm and singer, Harlan M. Powell, are coming to Brownfield, December 29th, 1935 for a 35 day campaign. These men are to be here with us until the first of February in a County-Wide Revival and we are expecting many counties to be represented and many are coming from New Mexico, from miles and miles around. We are really expecting great things for the Lord. There will be at least 250 to take their stand for the Lord during this meeting, or will be redeemed by the blood of the Lamb.

Evangelist Crimm is our nation's greatest evangelist. Many leaders of different denominations are agreed on this. He has often said "that Paul was an apostle to the Gentiles, but B. B. Crimm is an apostle to the 'roughnecks'." But he is much more than this he is an apostle to all classes. There is not a man in our day who can get hold of people like B. B. Crimm. There has never been a man who knew how to tackle and fight sin like B. B. Crimm does. He and singer Powell have had seventeen years of service together and during these seventeen years they have won 105,000 people to Christ. Evangelist Crimm says that January is his best month of the year for a meeting, and we are expecting not only 250 to be saved, but we are expecting at least 400 additions to the different churches. Our town is making ready for the meeting in a great way. The people are going to receive these Evangelists with a fine spirit, and this meeting is not only going to be a blessing to Brownfield, but it will be a blessing to all of our towns around. We count ourselves exceedingly happy as church people and as a town and county to have the privilege of having these Evangelists spend the month of January with us, and we are going to do our dead-level best as Christian men and women to help them win our lost to Christ.

We are inviting not only the people of our town, but also of our county, and surrounding counties to come and join in and hear this great Evangelistic Singer lead the great choir, also to hear the wonderful messages of Evangelist B. B. Crimm, who is different from all other Evangelists of this day and all days. He is God's one man in a class to himself and who is filling his place in a wonderful way. You will like him and then you will really love him. COME and HELP us, bring your family and bring your neighbors. Come and keep coming, the more you hear him the more you will like him, though he is "different." Evangelist Crimm has conducted meetings in nearly every state in the union, and is greatly loved by all who hate sin and love righteousness.

Pastor Forrest G. Rodgers.

The above is Harlan M. Powell, choir leader with B. B. Crimm, who will bring a revival here Sunday.

Meadow Boy Tarleton Track Team Captain

STEPHEENVILLE, Texas.—Elmer Finley, Meadow, is working out with the John Tarleton basketball squad, which recently began training for the 1936 season. Finley, a letterman of last year, plays forward.

Undeafed in two seasons, Tarleton expects to have another successful year in view of the fact that four lettermen and seven men from Varsity and gym squads of last year return. With these and first-year men, Coach Wisdom hopes to mould a team which will continue the winning streak of 38 straight ball games set the last two seasons.

Finley, who was chosen captain of the track team at the close of the 1935 season, is among the track lettermen returning to John Tarleton College this year. He is entered for the 100-yard dash and 220-yard dash.

Young Voters Must Obtain Exemptions

Tax-Collector Jess Smith was in the Herald office this week and informed us that the last regular session of the legislature seemed to have made a radical change in the manner in which young men and women voters will qualify, who shall become 21 years of age after Jan. 1, 1936, and before any election of that year for which they aim to qualify to vote.

It seems that heretofore in small counties like Terry, where there were no cities of 10,000 people or more, the young folks becoming 21, like those over 60, did not even have to obtain an exemption receipt to vote. The new law, however, according to Sheriff Smith seems to leave the conditions the same for those over 60, but makes it mandatory for the young folks to obtain an exemption receipt in any county.

Mr. Smith informed us that he would soon have plenty of these exemption receipts in his office, and that he would issue them to the young folks becoming 21 after Jan. 1st without any charge. Don't forget this, as this will be the last time this notice will be printed.

Mrs. J. E. Shelton Gets the Kelvinator

There was at least one soul very happy here about ten o'clock Christmas morning, when it was announced to her that her letter was the unanimous choice of three judges for the new Kelvinator that was to be given away by Huggens & Knight—Mrs. J. E. Shelton, wife of the Secretary of the Chamber of Commerce, being the lucky lady.

Mrs. Shelton stated over the phone to a Herald representative that words were not findable for her to express her joy and deep appreciation of this fine gift. That while she put her very best efforts in the 100 word letter, she had no idea that she would win the prize.

The three judges were W. A. Bell, Clyde Lewis and W. M. Berry. They were not allowed to see the signature of any of the several contestants, as the names were cut off the bottom of the letters, and both the letter and the signature given a number. The letters were finally narrowed down to three: Nos. 6, 11 and 16. A vote was then taken after the three letters were read again, all for No. 16, which was Mrs. Shelton's letter, which we are printing herewith.

Some of the letters were rather witty, and created no small laughs among the judges. One especially from a lady who said she was the wife of an iceman, and the only way, she stated, that she would ever get an electric refrigerating machine would be for Santa Claus to bring her one.

Here is Mrs. Shelton's letter:
Brownfield, Texas
December 23, 1935
Huggens & Knight
Hardware & Furniture Company,
Brownfield, Texas.
Gentlemen:
I want a Kelvinator for Christmas because it conforms to my desires and requirements as to sanitary and convenient refrigeration. Recently I was asked to accompany a lady in an inspection of refrigerators offered by several leading manufacturers and after witnessing several demonstrations, she purchased a Kelvinator because we decided that it contained conveniences not offered by any of the other makes that we inspected. The features that most impressed us were the perfectly controlled temperature, ice tray lifter, sealed freezing unit and ease in opening and closing of the door.

Very truly yours,
Mrs. Lidie L. Shelton.

William Travis Heads Hero List in School

DENTON.—William Travis was selected the most outstanding figure in Texas history by students of the Brownfield High School following a recent poll conducted by Texas State College for Women (CIA). Sam Houston ranked second in the selection and David Crockett, third.

Four hundred and fifty-two high schools of the state participated in the vote which resulted in the selection of Stephen F. Austin as Texas' greatest hero. Two ballots were submitted, the final one containing the names of thirty-nine outstanding state individuals. Austin will be included in the original Texas Hall of Fame, which is being established at the college, together with Moses Austin, James Bowie, David Crockett, James W. Fannin, James Hogg, Sam Houston, Mirabeau Lamar, Robert LaSalle, Ben P. Milam, Deaf Smith and William Travis.

In the near future the college will attempt to secure portraits of these twelve Texas heroes, and later on when funds are available busts will be obtained. These will be placed in the college library.

Mr. and Mrs. Spencer Thomas and little daughter, Patsy, from Brownwood spent Christmas with their parents here, Mr. and Mrs. E. B. Thomas, and sister, Mrs. Paul Lawlis.

Death After Dark

"Of 36,000 motor fatalities last year, 20,000 occurred at night," writes Governor Harold G. Hoffman in an article in Liberty entitled "Death After Dark."

"The total economic waste of nighttime automobile accidents is estimated at nearly one and a half billion dollars . . .

"Sixty-nine per cent of those killed are pedestrians. . .

"As a nation, we have failed to grasp the fact that as the sun goes down, so must our speed. We are simply driving too fast for our eyes."

Night driving, Governor Hoffman points out, involves three definite factors, each of which contributes to the hazard: 1, Overdriving our headlights; 2, Slow perception due to poor illumination; 3, The night pedestrian hazard. The first factor is probably the most important, inasmuch as it affects the other two. Governor Hoffman says that the average man is fortunate if he can see 100 feet clearly with his head lamps. That is less than the distance required to stop from a speed of 35 miles per hour, on good pavement with first-class tires and brakes. If the night driver is traveling 60, not an uncommon speed on our highways today, that 100 feet of visibility will have been passed by the time he is able to even substantially lower his speed.

Thousands of us are driving 50 and 60 miles an hour in cars equipped with 30-mile headlights. One solution to that is better illumination for streets and highways—irrefutable figures, based on extensive tests, show that the saving in economic waste, to say nothing of the human waste, pays the cost of good lighting many times over. But it will be a long time before the average highway is lighted at all—and in the meantime, the only solution is to drive moderately if you wish to avoid "death after dark"

Chisholm Grocery Gives Six Prizes

The Chisholm Grocery made six people happy Christmas with presents of a very substantial nature, consisting of a six tube radio of the famous Crosley make, and five prizes of \$5.00 each. Owing to the fact that Uncle Sam is very strict with newspapers in telling about prizes we can't say but little about the conditions of these prizes. However, we will say that the old gentleman is very liberal with newspaper competitors, the radio, etc. They are allowed to announce almost any contest or lottery they wish, and get by with it, but the very best medium that our Uncle has to put his business before the people, is barred—BY LAW—from even the mention of a lottery.

But we know that whatever method Chisholm Bros. used in the giving of prizes for Christmas was fair and just to all, because we know the firm too well to suspect that they would do anything but the square thing. So we did not even inquire into the methods used in this contest. But we do know they made six people in Terry county very happy.

Mrs. Martin Line won the radio, and the five \$5.00 cash prizes went to the following: Mrs. Ula Page, who works at the local sanitarium; Mrs. Sam Carrouth of the Needmore community; Mrs. W. H. Collins, city; Mrs. John Harred of the Union community, and Mrs. Herman Chesshir, whose husband is manager of the West Texas Gin.

HIGHWAY 66 BEARS WILL ROGERS NAME

AMARILLO, Dec. 10.—United States Highway 66 today bore the name of Will Rogers.

The tribute was paid the late cowboy humorist by the U. S. Highway association after telegrams from a son and a sister voicing no opposition to the proposal were read at the association's session here yesterday.

So There's Nothing We Can Do About It

Well, here 'tis Christmas again. New Year is upon us, and what have we done. Have we improved on anything we are connected with since last Christmas? Are we doing our whole duty by our fellowmen? Have we made our calling and election sure? Do our friends think we are putting out the best in us? That is the question. Some weeks we feel like giving the best in us; then there will be weeks that we skimp about and dodge the issue. We try to make out on as little effort as possible.

This is true in any vocation in life. We eat just a little too much, and feel lazy as a result. We over-indulge with our smokes, and don't register par. When our friends appear late with just a bit more copy or work than we think necessary, we are easily irritated over the matter, and may express ourselves too hastily. But we, say, we are just humans, and are full of human nature. When we find ourselves, thus, we should remember our dearest friend, the Man of Galilee, who never permitted himself to become so worried that he would forsake or desert a friend, especially if they were in trouble.

In this connection, we want to say a few kind words about two of the professions in Brownfield—the ministers and the doctors. We have had our little minister to call on us several times this year, when it seemed that he considered he was intruding on our time. Maybe we told him we were busy, and we always felt that we were. But we should spend a few minutes—hours if necessary—with our ministers each week. It is worth a great deal to us. Their prophecies are never detrimental to us or the church. They are looking to the advancement of both. So, during 1936, let's all give the ministers a break.

Then there are our physicians. We cram our stomachs with everything imaginable, knowing at that very time that stuff we stuff our stomachs with will not agree with us. But to satisfy an appetite, we indulge anyway, and expect our doctors to work a miracle in getting us out of our troubles.

Well, anyway, we think just cause we are supposed to pay the minister and the doctor, that they are at our command—that our every wishes should be respected, and complied with instantly. Are we not paying them for this service? Yes, but we should respect their knowledge of our weaknesses—our human frailties.

We even extend our uncivil malice up to others. We order the clerks in the stores around us as if they were slaves. We never speak to the telephone operator in a kind voice, although she is doing her dead level best to wait on us and serve us to the very best of her ability.

Let's all get out of this loud, commanding talk habit, and just be human beings from this on. It makes little difference whether we have much or nothing, we can at least be civil to our fellow men and women. And they'll appreciate the fact that we appear to be gentlemen and ladies at least on the surface.

Thanks!

I take this method of saying through our good county paper, that I never was more elated or happier in my life, than when I got home last night and found a nice radio hooked up and labeled, "A Merry Christmas to you from the Court House Bunch." I assure each of you that there is nothing that I could have received that would have given me more pleasure than the one selected and I promise you that I shall do my utmost to merit the friendship shown to me by the officials and others with whom I come in daily contact.

Very sincerely,
J. W. Oliver.

Farm Adjustment Committee Met Sat.

Mr. Hugh F. Weaver of Lubbock, Texas, District Supervisor, Farm Debt Division of Resettlement Administration was here last Saturday for the purpose of assisting the local Farm Debt Adjustment committee in the adjustment of several cases pending before the committee. Mr. Weaver states that several very interesting cases were satisfactorily settled at this meeting.

The Terry County committee is composed of the following members: C. L. Lincoln, W. A. Bell and H. M. Pyeatt all of Brownfield.

The purpose of this committee is to advise with and assist worthy farmers who are in debt distress through no fault of their own on their farm mortgages, who have been thrifty enough and ambitious enough in the past to own a home and have always been self respecting and self supporting farm citizens.

It is a part of the National Agricultural Rehabilitation Program and is provided to save for agricultural communities this class of substantial citizens, on the theory that agriculture in this section is basic and fundamental and behind much of our commercial and financial structure.

Mr. Weaver states that many farmers with debt problems do not know that this service is available and is particularly desirous that distressed debtor farmers should get in touch with the Farm Debt Adjustment Committee, provided in this County or the County Agent, or the Rural Supervisor, who will gladly advise them what to do.

Tech College to Issue History of Yaqui

LUBBOCK, Tex.—Findings of the 1934 expedition into the Yaqui country, led by Dr. W. C. Holden, professor of anthropology and history at Texas Technological college, will be published by the college, it has been announced by President Bradford Knapp. Copies of the bulletin, "A Study of the Yaqui Indians of Sonora, Mexico," will be sent to libraries and professional anthropologists throughout the United States about the middle of January.

The report, which contains 150 pages and 15 plates of drawings and pictures, is divided into nine chapters. They are: Organizations; Marriage, Child-Rearing, and Education; La Fiesta de Gloria; Yaqui Funerals; Household Economy; Yaqui Architecture; Medical Practices of the Yaquis; Physical Characteristics of the Yaqui Indians; and Yaqui Agriculture.

The first five chapters were written by Dr. Holden, and the last four respectively by W. G. McMillan, Lubbock; Dr. C. J. Wagner, Lubbock; Dr. C. C. Seltzer, Harvey anthropologist; and Dr. R. A. Studhalter, head professor of biology at Tech, all of whom were members of the expedition.

This bulletin, 2000 of which will be printed by the Tech Press, contains the first extensive study of the Yaqui Indians ever made.

Famous LSU Band To Greet Centennial

NEW ORLEANS.—The colorful and nationally famous L. S. U. college band, under the capable direction of Col. Castro Carazo, will salute The Lone Star State, Texas Christian University, and Texas Centennial Celebrations between halves of the Sugar Bowl game here on New Years Day.

The tribute of Louisiana, through the music of its prized band, will memorialize the close relations between this state and Texas in 1836-36, recognizing the value of the South in the year-long celebrations which will attract the attention of the world.

The L. S. U. band has completed rehearsals for one of the most entertaining and novel musical presentations ever to be staged in New Orleans and should claim its share of the limelight during the contest between the schools of the two neighboring states.

HOME FOR HOLIDAYS

Canyon, Dec. 20.—Martin Bane, Brownfield, who is leaving today for his home to spend the Christmas holidays, is a member of the West Texas Teachers College band and orchestra. He is the only Terry County young person enrolled here. Mr. Bane will return to Canyon January 2 to finish this semester's work. The second semester will begin February 1.

Four Year Cotton Contract Offered

COLLEGE STATION.—Cotton officials at College Station, Texas, announced recently that the new four-year cotton adjustment contract approved by Secretary Wallace will be offered to cotton producers to replace the contract expiring at the end of 1935.

"The new contract and program follow the general plan of adjustment in 1934 and 1935 but there are a number of important changes," A. L. Smith, Chairman of the State Cotton Allotment Board, said. "These were made in an effort to simplify the program, to make it more flexible, to decentralize administration back into the states and increase grower responsibility, and to eliminate inequalities in the previous program."

The major changes in the new cotton contracts:

1. They cover four years instead of one.
2. National base acreage is reduced from 45,500,000 to 44,500,000 acres.
3. The reduced production for 1936 must be 30 to 45 percent of the base, compared with 25 to 35 percent in 1935, and 35 to 45 percent in 1934.
4. Benefits equal to five cents a pound, or \$8.60 an acre, will be paid in one check for the reductions.
5. Share croppers will receive 25 percent of the payments instead of the 15 percent they now get; non-managing share tenants 50 percent instead of 22½ percent, and managing share tenants 50 percent instead of 57½ percent.

Cattle Shipped to Local Feeding Pens

Between 800 and 1,000 head of cattle, owned by the Babicora Development Co., on pasture on the Frank Corn ranch near Crosbyton, were shipped Thursday to the company's pens at Brownfield, for feeding.

Ed A. Ardoin, El Paso, general manager of the company, supervised shipment. He had been here several days, checking on feeding plans.

There remain in the Corn pasture some 2,000 head of cattle. Mr. Ardoin did not indicate what plans were being made for disposition of these animals.

Some months ago it was announced the company would not feed any cattle at Brownfield. It was also indicated the 3,000 head on pasture would be sold. But several weeks ago the company began discussion of feeding plans. It was indicated that up to 6,000 head of cattle might be fed out at Brownfield.

This is the fourth year that the company has operated in Terry county. More than 24,000 head have been fed by the Hearst interests, owners of the Babicora Development Co., here.

Home Owners Loan Corp. Nears Finish

The emergency task of the Home Owners' Loan Corporation in the relief of wide-spread home mortgage distress is approaching completion, according to the latest bulletin from that agency. As of Nov. 28, refinancing loans had been granted to 953,195 home owners in the amount of \$2,882,733,143. Less than 5 per cent of the total number of applications received since the HOLC was established in June, 1933; are still pending. Belief was expressed by the corporation's officials that all pending cases will be disposed of "well in advance of June, 1936," when, by law, the lending operations of the corporation will terminate.

8 NATIONS AGAIN DEFAULT TO U. S.

WASHINGTON, Dec. 14.—Eight nations tonight had announced formally an intention to default on their semi-annual war debt payment to the United States, due tomorrow, and three others were expected to follow.

Of the 12 governments whose installments, totaling \$965,414,177.64 mature at this time, only Finland has given notice that it will remit.

"Oh, John," screamed the excited woman driver, "the car is running away!"

"Can you stop it?" asked the worried husband.

"No."

"Well, then, see if you can't hit something cheap."

The Herald sure hates (?) the preachers about this city. They are sure hard guys to get along with. They bother a lot. No, on the other hand, they are about the most encouraging bunch a man has to contend with. With them, like the old tune, "There's seldom heard, a discouraging word, and the skies are not cloudy all day." Give us more and better ministers. They are the balance wheels of the community.

Yessir, ye editor has the gout. Der Captain has his right hand foot all bandaged up, with two wool socks No. 12 on top, and all the front portion of a shoe cut out, and we amble the streets with a cane. That is a disease of the rich you say? Yes, one merchant and one banker have informed us that they have had the disease for years, but have made out without the bandages and cane. Just trying to get ahead of this old country editor. But just to be real plain, folks, we are going to spill the beans in a language all can understand. Despite what our medical friend says, we think it is a simple old case of pure rheumatism, and let it go at that. Now, Sharley Shurnal Guy, make the most of this. Do us all the dirt you can, but come to see us in our misery, you low down measly pup.

Old Sharley Shurnal Guy has been trying to pick a fuss out of us for the past two weeks. He thinks we have neglected his mistakes and nonessentials, but we have been keeping trace of that freak—more than he suspects. About a week ago he came down with a complaint about the dust when workmen begin getting ready to put another story on the Ambulance

building, and the way we have it figured it, Old Sharley thought the "dust Bowl" had opened right in the middle of Hubbock, and in the Ambulance-Shurnal building in particular. Put on your blinds Sharley, and let the dust fog. It may give you the fumonia, the bronchtass, or even the plagra, but stay with it till h—ain't bigger than a chinch. Yours trooley, Old Andy J. (the Lone Wolf). P. S. The reason we have not disturbed you Sharley for the past two weeks is that it is the Yuletide season, and we wanted you to rest in peace.

The News editor is again asked to recommend some person of high standing in the community to act as chairman of the President's birthday ball for McLean. It is a pity that some way that would not offend the sensibilities of a large number of good people could not be found to celebrate the President's birthday. Some people claim the end justifies the means, but many of us do not think so, and with so many things that would please all alike, it would seem prudent to confine activities to those things that all might endorse. —McLean News.

PAGE MR. EINSTEIN

It is really difficult to understand what is meant when we are told that the little things in life are the biggest and that seemingly big things are really of minor importance.

This is one of the facts common to every speaker's ideas. It is needless to say that this reasoning has influenced the lives of all great men. It is proved that the little things make the big characters and the big things the little ones.

The thing which should be done is to label the small things "big" and the big things "little." Then we could pick out the little things and be successful and happy, but if the big things were the little, and the little the big, then some one would avoid the little. It is really a problem for Einstein.—W. T. S. T. College Prairie.

Mr. and Mrs. Cye Tankersley and daughter, Cynthia of Rule visited relatives during the holidays.

AN APPRECIATION
We are using the little green house in the rear of Mr. and Mrs. Jackson Benton as the parsonage of the Methodist church (colored). We, the pastor and members are taking this method to thank Rev. C. E. Fike and the Woman's Missionary Society and members of the First Methodist Church for their kind remembrance in donating several very useful things to the parsonage. A good oil heater in good condition, a large cotton mattress, a good heavy quilt, cups, knives, forks, spoons, bowl, large frying pan, and a pair of trousers were included in the things. Also we are thanking our colored members and friends who have been very faithful in helping: Mr. Charlie Jordan and Evalyn; Mrs. Annie Morrison; Mr. Forest Duke; Sister Bertie Evans; Sister Stuart; Bro. Bob Fuller and several others, all for which we thank very heartily as we go forward with the great work of establishing the Master's Kingdom. We have been remembered also by Mr. George Bain, Mr. George Benson, Mr. and Mrs. Dorris, Mr. Stapleton, Mr. Ray and Mr. L. H. Hubbard. J. W. V. Hutchinson, Pastor.

"Just try one bottle of Gordon's Compound and you will never try any other remedy," declared Mrs. W. A. Niche, 4113 Elm street, Dallas, after searching for ten long, suffering years for relief from a stomach trouble undoubtedly caused by excess acid. Gas, bloating after meals, heartburn, heavy, burning feeling in the stomach—she had all these. Gordon's brought relief at once. She used 8 bottles, no longer needs it. Becomes ends it to others suffering with such troubles.

To Texas Workers, Business and Industry

SAN ANTONIO Dec. 24.—Works Progress Administration state officials today reviewed what they believed to be the longest Christmas gift list of the season. To bolster this belief State Administrator H. P. Drought called attention to the following:

To 100,000 Texans formerly on relief:

An opportunity to earn a living for themselves and for their dependents who together number a half million people.

To Texas business: Stimulation from purchasing power created by \$3,000,000 per month in the form of security wages paid to these 100,000 workers. Sales of millions of dollars worth of building and construction materials.

To the farmers of Texas: A hearty lift-out-of-the-mud as improvements went forward on more than seven thousand miles of lateral farm-to-market roads. These roads, many of them formerly impassable in bad weather, will be made weather-proof. Enthusiastic comments from all over the state indicate that rural residents have received just what they wanted. To garnish this gift, WPA has transferred several thousand workers from its rolls to pay-rolls of the \$22,800,000 road improvement program executed by the Bureau of Public Roads through the State Highway Department.

To the cities of Texas: Improvements and repairs on 4,115 city blocks of streets and alleys. Extensions of water lines and sewer installation, valued at \$1,652,104, in 148 municipalities. Building of sidewalks in 26 communities. Construction, renovation, and repair of public buildings in 155 cities.

To the State of Texas: A statewide tax survey to gain thousands of dollars in revenue from tax dodgers, to establish a fair and equalized system of assessing taxes so that there may be no evasion, no duplicate assessment, nor improper evaluation of property.

To school children of Texas: Parks, swimming pools, gymnasiums, beautiful playgrounds, and stadia being erected or improved in 70 Texas communities.

To Texas industry: A statewide mineral survey, en-

compassing every county, and expected to reveal sources of rich natural wealth, and to make available geological data invaluable to industrial development.

To public health: Malaria control and sanitation projects in scores of Texas counties. Swamps permanently drained, creeks straightened, and destruction of breeding places for malaria-carrying anopheles mosquitoes. Installation of sanitary sewerage in many rural communities.

To Texas lore: A comprehensive manuscript, delving exhaustively into literary, cultural, scenic, historical, statistical, industrial, and artistic backgrounds of every city and county of the state. Information prepared by writers on relief will be presented in original manuscript form to the localities from which the material was gathered, and an assembled copy will be given to the State of Texas.

To unemployables on relief in Texas: Hundreds of thousands of garments produced by WPA women workers in 300 Texas sewing rooms. Food products from canning plants operated by WPA labor in Texas.

To musicians, actors, writers, artists, and to other persons classified as professional and technical workers, on relief:

An opportunity to work and earn a livelihood in the professions for which they have trained themselves. Efforts have been made to secure worthwhile projects embracing every type of worker to be found on Texas relief rolls.

Roy Ballard visited relatives here Christmas week. Roy is employed on a highway out of San Antonio.

Notice For Bids

Notice is hereby given that bids for the purchase price of one 250 h. p. oil and gas burning engine will be received by the City Secretary of the City of Brownfield; said engine to be delivered to said City of Brownfield; F. O. B. bids will be received up to the 13th day of January 1936.

The City of Brownfield reserves the right to reject any and all bids. The party whose bid is accepted will be required to enter into a performance contract immediately.

State Health Officer Gives Drivers Advice

AUSTIN, Texas, Dec. 16.—Christmas, the season of joy and happiness, will soon be with us and Dr. John W. Brown, State Health Officer, urges every one to do their utmost to prevent accidents in order that the season of merriment be not changed to one of sorrow or suffering.

This season of the year brings with it an increase in the motor vehicle traffic. Thousands of persons, enjoying a vacation, are on the highways at this time. Like public health and a great many other things, traffic safety depends upon effective partnership. Whether you are at the wheel or on the highway or street you safety and that of the other fellow, depend upon both of you.

The speed mania and reckless driving, and all that they imply, in the lack of self control, disregard for laws and for the rights and lives of others, are responsible for a large part of the tragic deaths and unnecessary suffering. In the face of the hazards involved, absent-mindedness on the part of the driver or pedestrian, also becomes a vice, with notorious record for destructive consequences. Motor transportation has become an inherent part of our daily lives. To reduce the hazards for ourselves and for others the least we can do is to admit our obligation as partners in the Safety Traffic business, and to accept our responsibilities as drivers and as pedestrians.

One would not wish all persons to be in a state of constant dread to the extent that every act be considered a source of possible accident; but we can be sensible and intelligent and since we are creatures of habit we can teach ourselves and our young people to recognize certain situations which represent hazards and to act in such a way as to prevent them.

UNION X-RAYS

A large crowd attended the Christmas tree program at the Baptist church and was very much enjoyed, especially by the kiddies.

Miss Bessie Johnson is back from Wayland College, spending the holidays with homefolks and friends. Steve Brock left it with them at Tech, and is toasting his shins by Dad's fireside during the holidays.

Miss Edna Brock, who is teaching at Needmore, is at home for the Christmas holidays.

Mr. and Mrs. J. C. Johnson and family are visiting Mrs. Johnson's sister at Quitaque this week-end.

Mr. and Mrs. B. Inman are spending Christmas with relatives at O'Donnell.

Mr. and Mrs. O. E. Pollock are enjoying the surprise visit of their son and family from California.

The community was saddened by the news of the death of the babe of Mrs. May Stockton of California, formerly of this community. The body was brought back for burial at Union Cemetery.

Rev. Jack Thompson, the Methodist pastor, will preach at the school house at 11 a. m. Sunday. Everyone

NEW RANGER CHIEF KNOWN AS FEARLESS OFFICER

"Captain J. W. McCormick, veteran Texas Peace Officer who has been appointed senior captain of the rangers, served for many years in Wichita Falls as a police chief, deputy sheriff and state officer during the boom days. Captain McCormick was police chief here during the early twenties, serving for about two years. Afterwards he was a deputy sheriff during the administration of Fred K. Smith. McCormick came here from South Texas, where he was a Texas ranger on border duty and saw much gun-fighting along the Rio Grande. "He was stationed in the Northwest field, both as a ranger and deputy sheriff, back in the days when scarcely a night went by without trouble. His term as chief of police here was in the stormy postwar days when the boom was beginning to wane and the beginning of unemployment caused an increase in crime. "Fred Smith, who is now constable here, says that McCormick was always phenomenally fast on the draw. Sometimes he would appear in the traditional ranger regalia of a ten-gallon Stetson and cowboy boots with two guns around his waist. At other times he dressed as an average busi-

LIVINGSTON PLAN CEREMONY JAN. 1

Livingston, Dec. 18.—The Alabama-Coushatti Indians will re-enact typical customs of historic days a hundred years ago in an all-day celebration on the Indian reservation 17 miles from here New Year's Day, when Livingston will be host to hundreds of visitors to Texas' only Indian reservation.

Tee-pees, lean-tos and log huts will dot the village clearance in ancient style, while white friends of the Indians join the red man in commemorating 100 years of independence between Texas and the Texas Indians.

An Indian ball game will be staged in the morning, followed by a dance preceding the ceremonies. At noon the Chiefs will be elevated according to the customs of the Indians. The Mikko Chobah will be elevated first, and he in turn will elevate the third highest in rank, the Mikko Tutchea. As a gesture of friendly feeling, the Indians have designated Clem Fain, Jr., county clerk of Polk county, as Mikko Se ("Little Chief"), second in authority.

Barbecue Dinner

Following the ceremonies the Polk County Chamber of Commerce will serve a barbecue dinner to their guests and visitors.

A Horn Owl dance, bow and arrow contest, and an Indian wrestling match will feature the afternoon entertainment. Laying of the cornerstone in the new Indian church will be conducted in ceremonious exercises in the late afternoon.

A basketball game between a team from Forest Avenue High School, Dallas, and a team from the Indian reservation will climax the day's activities.

PACKED CALICHE MAKES RAT PROOF FLOORING

Eighteen inches of caliche, a mineral deposit found in abundant quantities in the western part of the state, thoroughly wet and then packed by a tamping bar or by letting 20 or 25 head of sheep bed on it overnight makes a satisfactory rat proof flooring for a granary, according to J. M. Patterson of Borden county. The caliche can be obtained for the labor of digging. Patterson has one granary floored by this method.

Bill Collins visited his parents Mr. and Mrs. W. H. Collins, Sunday.

William Rodger is home for the holidays visiting with his parents, Rev and Mrs. F. G. Rodger, pastor of the Baptist church here. He is attending Baylor University at Waco.

Rev. and Mrs. F. G. Rodger and family went to Lubbock Monday evening to hear Dr. Toyokiko Kagawa of Japan speak. He is considered the world's greatest christian.

Paul Gainer of Tatum, N. M., visited his mother Mrs. J. T. Gainer last week.

Officers say this was a very quiet Christmas, especially Christmas day. Very few under the influence of liquor, and only three jailed during Christmas Eve and Christmas day.

Be sure and renew for your Herald before Jan. 1st, as on that date the price of the paper will be advanced to \$1.50 in Terry and Yoakum counties, and \$2.00 elsewhere.

No, the paper is not much account this week. A day off right in the middle of the week cuts a big hole in the old rag.

Misses Ona Fay and Lola Mae Tittle spent the holidays with their parents, Mr. and Mrs. W. A. Tittle. They are attending Simmons College at Abilene.

Mrs. Lester Treadaway and children and brother Charles Thalman are spending Christmas with their parents at Bandera, Texas.

Miss Mozelle Treadaway visited in Plainview last Saturday and Sunday.

Mr. and Mrs. Ben Hilyard spent Christmas day at San Angelo with the former's parents.
