

## Young Tittle Making Money Raising Mules

Alfred Tittle, son of County Clerk W. A. Tittle makes no bones about the matter. The other fellow can have the tractor if they wish, but as for him, he had as soon farm with six good brood mares, and at the same time raise a bunch of mules. This young man married about three years ago, but started farming before that time on his own hook.

He first bought about four mares, good ones, but mostly with wire cut hoofs, and has since added two more. In the meantime he has sold about \$500 worth of mules and has some \$400 worth still on hand. This keeps him at home most of the time, but he says there is no extra expense in that, like running around all the time. He raised a big feed crop last year and is now feeding out some 8 or 10 calves, that are already looking prime. These will be put on the market to local butchers as they get fat. Alfred is living at home and boarding at the same place. This is just his side issue. He raises cotton and other money crop too.

If Terry county had more farmers of his calibre, it would be in a great deal better shape financially.

## Light Shower Fell Here Sunday Night

A light shower fell in this vicinity Sunday night that dampened the ground on top, and actually ran down the gutters on the paved streets. Anyway, warmer weather for the past two weeks has been greatly appreciated, and if it will keep on for a few weeks we may come out of our contracted position and be normal again.

Today (Wed.) we are witnessing the appearance of one of those old white dusters from the "dust bowl" we talked so much about last year. While the wind is not very high here, the air is so charged with the fine particles of dust that the sun looks dim.

We thought those fellows up there had had enough rain and snow this winter that they would be able to keep their dust to themselves, but it seems we must "watch their dust" again this year.

## Work on Hiway 51 Coming Along Nicely

Inquiries were made this week at the office of R. T. Roane, resident State Highway engineer, at the courthouse, how the work on No. 51 between here and Seagraves was coming along. It will be remembered that this highway is paved from about 2 miles this side of Wellman to the Gaines county line, and from there on to Odessa.

Mr. Roane informed us that he now had about 80 men on the work laying the second coat of caliche, and that the job was now finished to within about 3 1/2 miles of Brownfield. It is believed that the hot top for this end of the road will be put down some time this spring.

From 60 to 65 of these men are pit men or spreaders, and some 15 or 16 are truckers. They are hauling about 500 loads of caliche a day, or 3 1/2 cubic yards, which finishes up some 900 feet of road per day.

## DR. J. R. BRINKLEY BUYS PALATIAL RESIDENCE

McALLEN, Feb. 29.—Dr. John R. Brinkley, operator of a hospital at Del Rio, has purchased a palatial Rio Grande valley residence south of San Juan at a reported price of \$50,000.

The former Milford, Kansas, physician, who broadcasts over two Mexican border radio stations, included a 26-acre citrus grove surrounding the house in his purchase.

Dr. Brinkley operates station XEAW at Reynosa, Mexico, and XERA, across the Rio Grande from Del Rio.

James Whisenant spent Saturday and Sunday with his parents at Datil, New Mexico.

Bob Harris and Family are entitled to a pass to the Rialto Theatre to see "Exclusive Story" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

## Produces Mineral Map of Kansas

Mr. P. A. Whitney, who with his wife and two children have rooms at the residence of the writer, was showing us a map of the geological formation for some 5000 feet under the surface of the state of Kansas. All the different formations, their depth at different sections of the state from the surface of the earth, were all painted in their natural colors, such as clays, granite, limes, etc.

maps, but this was one of the most beautiful we have ever seen. The Kansas Geological Society asked Mr. Whitney to color the map at odd times, as he is employed here at present along with a number of other geologists by some of the major companies. This map will soon be on display at the National Geological Convention, which meets this year in Tulsa, Okla. The map is now ready for the show.

Mr. and Mrs. Whitney were reared and educated in the State of New York, but have spent several years now in the southwest, coming first to Kansas where he worked several years, then to Oklahoma and on to Texas, coming here some two months ago from Big Spring.

## Good Crowds Here Saturday and Monday

Both Saturday and Monday, great crowds were here for the two trades days, and the merchants report that an especially good business was enjoyed by them Saturday, and that Monday was far ahead of the first Monday in February, as we were having some real raw weather at that time.

Many strangers were seen on our streets both days, showing that new people are settling in the trade territory fast, and that they have learned quickly that the merchants of Brownfield have some real bargains to offer, and that they are able to find what they want in most any line here.

Preparations are now going over for a big day for the first Monday in April, as the farmers will have about all their land ready for planting at that time, and that is too early to plant in this section. Therefore they will be at leisure to come.

There was some trading going on at the "Jockey Yard," as usual, and some were trading in stock for tractors, among which was one of our deputy sheriffs, Andrew Green. He purchased a Twin City from the Ross Implement Co.

## Ches Gore Finishes Business Census Here

Chester Gore, who is taking the Business and Manufacturing census of Terry and Yoakum counties, informed us this week that he had just about finished the census of Brownfield, having listed some 70 odd firms in the census. Gins are not listed with him, as they are turned in supposedly through their own organizations.

He lacks Meadow, Wellman and Tokio in this county, and will then go to Plains to finish up his work, which he hopes to complete this week. The purpose of this census is to find out just how much progress is being made in the way of manufacturing, merchandising, new business, etc., but heretofore, we have had to make these reports out and mail them to Washington.

## Saw Walter Johnson Hurl the Dollar Over

We had a letter the past week from Gladden R. Leonard, who formerly resided here, but is now making his home in Washington, D. C., and seems to be employed by the WPA, as he used their stationery. He wants the old home paper to begin with, but the next most interesting part of the letter ran thusly:

"It might interest you to know I saw Walter Johnson, the great base ball pitcher, throw two silver dollars across the Rappahannock River at Fredericksburg, Va., last Saturday. As you may know this was an act of George Washington's. The first trial failed to reach across the water but with much poise and grace of a baseball hurler he flung the following two coins out on the opposite bank."

White—How's your insomnia? Black—Terrible. I can't even sleep when it's time to get up.

Read the Terry Co. Herald

## Questions and Answers On New Farm Program

WASHINGTON, Feb. 29.—Agriculture department experts today prepared the following answers to questions about the new soil conservation farm program.

Q. What will the new farm program be called?

A. The AAA. A part of the adjustment act was untouched by the Supreme court, the new law provides that the AAA may be used for enforcement.

Launched This Week

Q. When will the new program be launched?

A. With the convening of regional meetings of farmers, probably next Thursday at Memphis and Chicago.

Q. What are the principal differences between the new program and the old AAA?

A. Instead of aiming directly for control of production of crops, the new program will seek preservation of soil fertility. Subsidy payments will be made generally available and not merely to farmers who sign contract. No contracts will be remitted. The program will be developed on regional lines instead of commodity lines. There is no tax provision in the new law.

Q. Who will be eligible to obtain subsidy payments for soil conservation?

A. Any farmer who meets standards of performance which will be established by the AAA. The standards will vary for the different major crop regions.

Q. Will benefit payments to farmers be as large as they were under the old program?

A. Probably not. Under the new program, however, more money probably will go to regions not producing such major commercial crops as cotton, corn and wheat.

Controlled by Grain Production

Q. Could the AAA control hog or beef production under the new law?

A. Probably only incidentally. Livestock production might be controlled by limiting in some way the production of feed grains.

Q. If no definite commodity programs can be established, what can be done to prevent surpluses and to maintain prices for special crops, such as tobacco, sugar cane and sugar beets, and rice?

A. No definite answer has been found for this question. In some quarters, it has been suggested that tobacco and rice prices might be maintained by passing a law governing interstate shipments of the commodities and providing for state quotas.

May Open Regional Offices

Q. If regional sections of the AAA are established, and regional programs operated, will regional offices be opened and the AAA organization decentralized?

A. This is not expected during the first year, and regional offices probably will be maintained in Washington. Later, the office force here may be broken down partially and regional offices established.

Q. Will the AAA employ more people now?

A. No employment of new workers is expected. The AAA furloughed from 1,000 to 1,500 persons after January 6 and many probably will be recalled for the new program.

To Divert 50,000,000 Acres

Q. How many acres of commercial land will the administration seek to have diverted to soil conserving crops?

A. The AAA has estimated that about 50,000,000 acres of commercial lands are producing crops for which there is no foreign market. The AAA is expected to work toward retirement of much of this land.

Q. What will be the basis for subsidy payments under the new program?

A. This is to be determined largely at the four regional meetings now planned. But for many crops, the basis probably will be a combination. The AAA may pay a flat sum for acres planted in soil conserving crops, plus an allowance for commercial crops which would have been planted on diverted acres.

## IS CATTLE CENTER

The City of Fort Worth has been developed from old Fort Worth, a federal garrison named for General Worth of the United States army who distinguished himself in the Mexican war. The cattle industry, which gave Fort Worth the start that enabled it to become a great city, will be recognized in the city's celebrations for Centennial year.

## Cleburne Man Liking Brownfield Just Fine

Many questions have been asked about an article that appeared in these columns recently about Mr. Elton Brewer, of Cleburne. While the article was rather a rehash from the Cleburne Times, with a short comment by the Herald, it appeared plain to us that Mr. Brewer was here to assist Roy Collier in the Brownfield Hardware Undertaking department, but it seems some misunderstanding.

With the rapid growth of Brownfield and territory in the past few years, and with this company as the only one in the undertaking business and possessing a funeral home, the work had grown to great to be handled by one man, and the business demanded another licensed embalmer and funeral director. So Mr. Brewer was offered this position and accepted.

Mr. Brewer has had some six years experience in the best establishments in Cleburne, and comes highly recommended. He tells us that he is liking Brownfield and her people better each day he stays here, and intends to make this his future home. He is a young man of pleasing personality, and easy to meet, and is doing his best to become acquainted as fast as possible.

## Panhandle Refinery Opens Station Here

The Panhandle Petroleum Co., has opened a new station here both wholesale and retail, on the corner of Main and 8th streets, just east of the railroad right-of-way. Mr. L. H. Turner will have charge of the wholesale division, and Mr. L. A. Rhyne will have the retail division.

Besides all kinds of petroleum products, they will handle three lines of tires and tubes, and some accessories. These petroleum products are made in west Texas in west Texas refineries, that have long been noted for the quality of their products and their square dealing methods.

While Mr. Turner is a stranger here, Mr. Rhyne has lived in Terry county several years. This new business is a welcome addition to our city.

## Man Said He Was Hijacked Mon. Night

A local citizen is reported to have been hijacked here Monday night while on his way home, the robbers getting some \$60 off the man. So far, if the officers have any clues, we have not been so informed.

Those birds seemed to have been working pretty well that night as the writer found his car door open when he came out of the show, and some one's ratchet and wrenches together with the box was in our car. Evidently the thief came near being caught, and threw these tools in our car.

These tools can be had at the Herald office if owner will call and describe.

## Time Short to Secure Your Driver's License

Over at the Courthouse this week, they told us at the office of Jess Smith, Tax Collector, that applications for issue of driver's license were coming in very slowly. Up to Tuesday afternoon only about 1465 had been issued.

This was out of a probable 4500 to 5000. It is very advisable that this license be obtained at once as you must have them to drive after April 1, and a rush is sure to be staged about March 31.

They cost nothing, and Mr. Smith has hired an extra man to do this work, and he will be glad to assist you.

## League Meet Carded For April 17-18th

LUBBOCK, Texas, Feb. 24.—Dates for the annual Interscholastic League Meet, district No. 3, to be held at Texas Technological college, are April 17 and 18. Eight members of the Tech faculty are directors.

Counties in the third district of region No. 1 are Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Dickens, Yoakum, Terry, Lynn, Garza, and Dawson.

There are 76 state parks in Texas to attract visitors to the state during the Centennial year.

## Herald Offers An Apology to Readers

Last week this paper had a rather "scarry" headline on the front page about the Yoakum county well. Personally we had never been to the well but one time in our life, and that was last fall when the well was drilled in and shut down. In fact, oil fields, their terms, such as "swabbing," "spudding in," etc., are just about as familiar to us as taxicabs are to Laplanders.

So, you see we were very easily fooled when some of our "wildest eyed" fellows came in and reported a good well had been brought in. Of course their report sounded rather fishy, but at the time we were going to press, none of the more conservative of our citizenship had come in. And as we could see no advantage whatever in any one stretching the cloth till it tore, we decided at the last moment to print their version of the well.

Fact of the matter was, that there still remained more than 100 feet of mud and slush at the bottom of the well, and it seems that just what oil was on top, was allowed to run into a storage tank, there being some 180 barrels (not 500) drawn off this way, in order to make it easier to swab and clean the well.

The next day, drilling was started, and Saturday, after going a few feet in the lime, salt water was said to have been struck, and at this time, drilling has ceased entirely until instructions are received. So the well may be abandoned. The water may be cased off and the well "shot" or "acidized" to try for production above the salt water. Then, they may decide to case off the salt water and go deeper. Time will tell.

But old oil field workers tell us that the discovery well is often a disappointment. That a good oil field may be developed there yet. In fact, they say that the rig may be moved a few hundred feet in any direction and get a good well. That there is oil there, no one seems to doubt, and this well may be just on one edge of the pay line.

Anyway, from this on, we'll try to get hold of some conservative man before we print matters that pan out hot air. It does not make so much difference with home folks. They found out better in a few hours, but we have many readers in the north and east who have land here and will have the wrong impression, until they get this week's Herald. We hate to give out a rotten report worse than anyone.

## Every Seat Taken at Church Home Coming

Sunday was a beautiful day. The sun shone warm and bright; the air was balmy. It was among the very few real pretty days that we have in March in this country—a day without high wind and sand rolling. And despite much sickness in the community, every seat at the church of Christ was taken on the "Home Coming Day."

Jas. A. Fry, the local minister asked how many were present who met at the old school house just west of where the Holt Gin now stands. Only 13 raised their hands. But some 10 or 12 held up their hands when asked if they worshipped with the congregation when they met in the old courthouse up to about 1917. Fine singing was enjoyed with Richard Chisholm leading, and a fine and encouraging sermon was preached by Bro. Fry from an old Testament text—"The Sermon of the Empty Seat."

Elder Glen K. Wallace of Wichita, Kansas will begin a meeting to last some ten or twelve days, the 3rd Sunday, which is the 15th of this month.

## Garlington Opens New Grocery in Tahoka

The business house on Main Street formerly occupied by the Jones Dry Goods Company, now the property of the American National Life Insurance Co., is being fitted up this week for occupancy by a new grocery store.

Olan Stewart, who has been connected with the Davis-Humphries wholesale grocery house at Lubbock the past several years, J. O. Garlington, proprietor of the Piggy-Wiggly store at Littlefield, and Lloyd Reid of Littlefield are the proprietors of the new store here. Mr. Reid and family will move here and he will have charge of the store.—Tahoka News.

Mr. and Mrs. L. R. Pounds visited their daughter, Mrs. Myatt in Lubbock, Sunday.

## Advertising Agency Compliments Herald

Following is a letter from the Campbell-Ewald Co., of Detroit, Mich., one of the largest advertising agencies in the world, who handle among other accounts, the advertising placed by General Motors:

Detroit Michigan. The Herald, Brownfield, Texas. Gentlemen:

Campbell-Ewald Company celebrated its twenty-fifth birthday on Saturday, Feb. 1, and I want to take this opportunity personally to express my appreciation of the fine spirit of cooperation that always has marked our relations with your paper, and that has helped to no small degree in the successful development of our business.

We are, as you know, firm believers in newspaper advertising. Other media are important, but the newspaper is the final vital link between the producer and the consumer that must be, in the very nature of things, an essential part of any well balanced advertising program.

It has been a great source of gratification to me all through my business experience to note the friendliness in the newspaper field, and it is because of this that I am impelled to write to you this expression of appreciation now that we have been doing business together for a quarter of a century or so.

You will be interested to know that our business for last year was the best we have had since 1931, and that I have every confidence of still sounder and better conditions in the coming year.

Sincerely, H. T. EWALD, President, Campbell-Ewald Co.

## Only Ten Births Reported For Feb.

February was a short month, despite the fact that one day was tacked on this year for Leap Year. And by the way, there is one young man among the new arrivals that will not celebrate his birthday until he is 4 years old.

And again, the boys take the lead of the fair sex, as there are six boys and only five young ladies in the arrivals. "One of the arrivals was listed as a Lubbockite, and another's parents are Seminole people. Here they are, girls first, of course:

To Mr. and Mrs. P. H. Hardin, Meadow, on the 20th; Mr. and Mrs. Cecil Acker, Brownfield, the 24th; Mr. and Mrs. T. W. Cadenhead, Lubbock, on the 5th; Mr. and Mrs. Sam L. Pyeatt, Brownfield on the 9th; Mr. and Mrs. C. B. Estep, Seminole, on the 23rd. The boys: To Mr. and Mrs. Cecil Horton, Meadow, on the 26th; Mr. and Mrs. R. G. Dickerson, Brownfield, on the 1st; Mr. and Mrs. F. P. Lewis, city, on March 2; excuse us for running in this March boy on Texas' 100th birthday. So the boys and girls for Feb are even.

Mr. and Mrs. J. R. Bullard, city on the 8th; Mr. and Mrs. C. L. Donothaon, city, on the 29th; Mr. and Mrs. G. R. Day, Union community, on the 14th.

## About Residence Of the Pensioners

AUSTIN, Feb. 14.—Long and varied lists of residences ranging from Texarkana to Brownville are expected by Orville S. Carpenter, executive director-designate of the Old Age Assistance Commission, when applicants start naming places lived in during the last nine years as required by the new law.

The old-age assistance law requires that applicants for assistance have lived in Texas five out of the last nine years and one year continuously immediately preceding application. "Assistance applicants should be able to name exact places in which they have resided, street numbers, etc., and the length of time at each place during the last nine years," Mr. Carpenter said.

"Another requirement is that if the applicant has been convicted of a crime or crimes, he will be asked to tell the number of convictions and give the nature of the offenses or offenses and the place or places of conviction regardless whether they were in Texas or not," he added.

Applicants may get blanks in their own locality February 14 or after. These forms may be filed as soon as filled out.

Santa Helena canyon on the Rio Grande river in Brewster county, with walls which rise perpendicularly for 2,000 feet, will be a big Centennial year attraction.

## Luke Roberts Pans United States C of C

As every well informed person knows the United States Chamber of Commerce is engaged in a bitter warfare upon the president and all his policies. Although a very large part of the membership of this body are forced to admit that they are in far better condition financially than at the close of the Hoover administration they do not hesitate to "bite the hand that feeds them."

A representative of that organization was in Lovington last week and attempted to sell me a three-years subscription to their official publications. When he was unable to do so he charged that I did not seem to have a very high regard for his organization. I informed him that he was certainly wrong, that I had no regard at all for it.

In an attempt to justify his attack upon the administration, he made the statement that the president has plunged this country into debt so deeply that it would now cost every man, woman and child in the nation \$4,000 to pay these debts that the president has piled upon us, and became very much offended when I disputed his statement, asking if I meant that he did not know what he was talking about. I informed him that I was not questioning his knowledge of the facts but only denying the truth of his statements. He readily acknowledged that the public debt is now 35 billion dollars and that there are approximately 125 million people in this country. A little figuring it would be difficult to convince people of that fact.

## Chamber of Commerce Banquet March 10th

The Chamber of Commerce Banquet will be held on Tuesday night, March 10th, in the show room of the Tudor Sales Company, at 7:30 P. M. An effort is going to be made to secure a large attendance at the affair and an excellent program is being developed by the committee, composed of Tom May, Ned Self and Bob Bowers. A wonderful meal will be provided and we feel sure that everyone will be well pleased with the entire program. Tickets may be had at the office of the chamber of commerce or through any member of the committee.

Short talks will be made by a few persons, but the program will consist principally of music, food and other entertainment. Naturally the ladies are invited to accompany their husbands and sweethearts.

## Welcome New Pastor to Brownfield

We are happy to announce the arrival of our new pastor, the Rev. Otis Throckmorton, of Crosbyton, who will assume the duties of the Assembly of God Church. The former pastor, Rev. Homer Sheats resigned to pastor the church at Big Spring.

We extend a cordial welcome to the public to come and hear Bro. Throckmorton. You will find him a real christian man to your liking, upholding the standards of the Bible in every respect.

## Double Daily Bus Line to Fort Worth

The White Star lines announce that they will have a double daily through line to Fort Worth and points east, beginning the 10th of this month. Modern buses, with heat and radio equipped. The one way fare will be \$6.40, and we understand will be some less on a round trip ticket.

One bus will leave Fort Worth at 1:50 A. M., and arrive in Brownfield at 10:45 A. M. Another at 8:10 A. M., and arrive here at 5:35 P. M. Leaving here will be one at 8 A. M., arriving in Fort Worth at 4:30 P. M. Another will leave here at 12:15 P. M. and arrive Fort Worth at 10:05 P. M.

Signed, Mrs. J. D. Noble, Reporter for Assembly of God Church.

## BATTLE OF FLOWERS

The gay Battle of Flowers parade on April 24 is the climax of the annual San Jacinto celebration at San Antonio which, this year, will be a Centennial attraction.

BUY CENTENNIAL COINS AT YOUR BANK

A man will act the cock of the walk as long as things are serene at home, but let the old battle ax get stirred up, and he'll settle down like a flat cake. Just so with nations. Japan has been showing its teeth to China for the past several years, but with internal dissensions and strife at home, maybe old China will get a laugh.

Much has been said of late in medical articles from the State Health department at Austin anent early reporting of contagious diseases. That this is important, was fitly demonstrated here recently. The case in question was a child brought here from New Mexico with what was supposed to be pneumonia, but in a few days scarlet fever also set up. The child died, and its mother took the fever. Both were rigidly quarantined by the local health officer, and after the mother recovered, the home where they stayed was thoroughly fumigated. So far, there has not been another case. No more lives than those mentioned are threatened. Report such cases to your health officers immediately. Nip disease in the bud.

Our old bott and heave friend, Sharley Shurnal Guy of Hubbock, is

**ANNOUNCEMENT**

We take this means of inviting you to attend our showing of new furniture.

May we call especial attention to our Living Room and Bed Room Suites that we have on display. Due to their unusual styles, coloring and materials, we are unable to describe them, so you must see them in order to fully appreciate their beauty.

You will also be pleased with the rest of our showing, as you will find complete furnishings for every room, on display.

**FOOT NOTE:** The cost of furniture has not been affected by rising prices, and you will find that our prices compare very favorably with those of larger cities.

**BROWNFIELD HDWE. CO.**

much concerned over a fight that took place in the Show-Me-State, wherein one young huskie, aged about 57 took up a dawg by the hind handles and beat the whey out of a boy in his eighties. Sharley thinks the attacker should have been fined more than 30 days, not so much because of the whaling he gave the attackee, but because he caused the death of the pup. You will perhaps recall that musical classic of some 20 years ago, the Hound Dog tune. Missourians prefer that attacks be made on them; not their dawgs. You just can't safely kick their dawgs around. And Sharley was raised not far from Missouri.

Some of the daily and weekly papers that come to our exchange desk have had quite a bit to say lately about a supposed political racket in Texas Democratic ranks as to who will lead the Texas delegation to the national convention at Philadelphia. To be plain, we believe there has been quite a lot to do about nothing. Neither Gov. Alired, who was said to have been pitted against Sen. Tom Connally for the honor, nor the latter seem to know anything about the supposed trouble, which was probably hatched up in the Republican camp. Gov. Jimmie has a campaign on his hands for the summer, and while not serious at this point, the Herald doesn't believe that he is going to leave the bars to his stable door unguarded for any length of time this summer. Besides both are teeth and toenail for the National administration, and there is no occasion whatever for any friction between the men, nor do we believe that Vice-President Garner would take sides as between the men, were there any friction.

Was Texas worth fighting for? We'll say it. Perhaps those old patriots and pioneers of the Alamo, the Goliad, or San Jacinto visioned no

**Needmore News**

Mr. G. C. Jordan and Miss Lois Beasley were united in marriage last Wednesday by Bro. Horn of Meadow. G. C. is the oldest son of Mr. and Mrs. Joe Jordan and is well known at Needmore, as he has lived here about 5 years, and we know only good things about G. C. as he is an industrious young farmer, a friend to every one, and he has earned their best wishes for the future.

Mrs. Jordan is the niece of Dave Beasley and like G. C. is loved by all that know her. We feel sure G. C. won a prize he can always be proud of when he won this charming young lady, and we are wishing them happiness for the future.

The play put on by outsiders and shown at Needmore school house Friday night was a big success. It was one of the largest crowds we ever saw at Needmore at a play and we feel quite sure no one went home disappointed over coming to see the "Prairie Rose."

Mrs. Paul Whitaker visited with Mrs. Woodrow Whitaker of Brownfield, Friday.

Mrs. Wallace Nolan visited with Mrs. S. B. McCutcheon Tuesday afternoon.

Mr. and Mrs. Glendon Stockton and son visited Mrs. J. W. Hix last Wednesday afternoon.

Mrs. Billie McDonald and Mrs. Bill Settles visited Mrs. Arthur McDonald last Thursday.

Mrs. M. Y. Bennett, Charlotte Bennett, Maudie Lorene McCutcheon and LaNelle Crowover were all on the sick list this week.

Mr. and Mrs. S. B. McCutcheon visited Sunday with Mr. and Mrs. Donald Tucker.

Mrs. A. J. Jordan and Ida Belle spent the day with Mrs. M. Y. Bennett last Tuesday.

Mrs. Jerry Stuart spent the day with her mother, Mrs. C. C. Bennett, Thursday.

Mr. and Mrs. G. C. Jordan visited with Mr. and Mrs. M. Y. Bennett and Mr. and Mrs. A. J. Jordan Thursday afternoon.

Mrs. M. H. Bennett and children and Miss Marjorie McDonald spent the day Wednesday with Mrs. Joe Jordan.

We notice there is a new tractor wandering around in Mr. Hix field these days as well as a couple of new Chevrolets whizzing past. We believe the depression is over at Needmore. Preston Adams of the Willow Wells community was visiting around in the Needmore community Saturday and Sunday.

Miss Vivian Eubank of Phoenix, Ariz., is here for a visit with her parents, Mr. and Mrs. J. H. Eubank and other relatives. Vivian is a home town girl that has made good so to speak. She has become an experienced beauty operator and holds down a job in one of the best shops in Phoenix.

J. R. Scott and Jo. O. Eubank of Floydada were visitors in Brownfield, Wednesday and called on the Herald. They are connected with newspaper work in that city.

**NOTICE OF CITY ELECTION**

Notice is hereby given that there will be a City Election held in the City of Brownfield on the First Tuesday in April the same being the 7th day of April, 1936, for the purpose of electing the following officers for the City of Brownfield, to-wit:  
One Mayor.  
One City Marshal.  
Two City Councilmen.  
Said election to be held in the City Hall of the City of Brownfield.

All persons qualified to vote under the Constitution and Laws of the State of Texas, and residing within the limits of said City of Brownfield may vote at said election.

J. D. Miller has been appointed presiding officer for said election and he shall select a judge and two clerks to assist him in holding same and he shall within 5 days after said election has been held make due returns thereof to the City Council of the City of Brownfield.

Said Election shall be held according to the Election Laws of the State of Texas.

Dated this March 3, 1936.  
L. C. Wines, Mayor.  
Attest: Roy M. Herod, Clerk. 32c

**NOTICE IN PROBATE**

The State of Texas.  
To all persons interested in the Estates of Vivian Coons and Harold Coons, Minors:

You are notified that I, Dorothy Coons, as guardian of the estates of the said Vivian Coons and Harold Coons, minors, and who was heretofore, by the County Court of Terry County, Texas, in Cause No. 218 on the Probate Docket of said Court, duly and legally appointed guardian of the persons and estates of said minors; did, on the 28th day of February, 1936, file in said court, and in said Cause, my sworn application to, as such guardian of said estates, make oil and gas and other mineral leases on the following described land, belonging to said estates, situated in Terry County, Texas, to-wit:

All of section No. Eight (8) in Block D-11, Stone Kyle and Kyle

original grantees. Said tract containing 640 acres.

And whereas, the Honorable R. A. Simms, Judge of the probate Court of said County, did, on the 28th day of February, 1936, by his order, rendered and entered on the minutes of said court, set and designated the 16th day of March, 1936 as the date upon which he would hear such application in the town of Brownfield, in the County Court room in the County Court house of said County, at which said time and place said application will be, by said County Judge, heard and proof will then and there be offered as to the necessity or advisability of making such leases, and at which time and place all persons interested in said estates of said minors are required to appear, answer and contest said application, should they desire to do so.

In testimony hereof, witness my hand on this the 2nd day of March, 1936.

Dorothy Coons, Guardian of the Estates of Vivian Coons and Harold Coons, Minors.

## TO OUR FRIENDS IN JUNIOR HIGH

Sometime ago while off the South American coast a boat caught a wireless message reading: "Rush fresh water, crew dying of thirst." When the captain noted the latitude and longitude of the vessel that sent the message, he replied, "Drop your bucket in the ocean, you are at the mouth of the Amazon." He simply reminded the other captain that the water at the mouth of the Amazon River is fresh for many miles out.

Many pupils who are about to leave Junior High are "in the mouth of the Amazon." The next step, the logical step, is to enter high school. The doors of high school are open to you; it has something to give you and you need but step in and take it.

An itemized account of what it costs to put one boy or girl through school is this: \$25 for a year in kindergarten, \$250 for six years in elementary grades, \$120 for two years of Junior High and \$535 for four years of High School—a total of \$930.

You can readily see that a person who misses his high school education misses the best and most expensive part of the course.

It will be noted that the four years of high school cost considerably more than the other nine years of the school course put together. IT MUST BE WORTH MORE!

## SENIOR BIOGRAPHIES

Clara Estes was born at Shamrock, Oklahoma, September 20, 1919. She lived there two years and moved to Three Sands, Oklahoma. From there she moved to Altus, Oklahoma. She finally got down into dear old Texas, moving to Cooper at the age of six. She went to school there one year and went back to Altus, where she remained until her sophomore year, when she moved to Plains, Texas. She entered BHS as a junior and is still here, but she "doesn't plan to be here long." Clara's hobby is dancing and her favorite sport is basketball. Her ambition is to be a doctor, and she plans to enter a nurses school next year. Since her favorite sport is basketball, we imagine she would prefer a basketball coach for a husband!!!!

J. B. Graham seems to have covered quite a bit of territory during his young life. He was born in Dublin, Texas, April 16, 1918. At the age of four he moved to Dallas where he lived for two years. He began his schooling in Knox City in 1925 and continued to the fifth grade. Short periods were spent in Abilene and Sweetwater. In 1933 he started to school in Lubbock. There he remained until 1934, when he moved to Andrews where he lettered in football. During the past year he has

own study halls. There always seems to be so much confusion.

## FIGURATIVELY SPEAKING

As happy as any Spanish pupil when the bell rings.

As studious as the fifth period study hall at the first period in the afternoon.

As dignified as Sharleen Graves in English Class (and all others.)

As determined as Mattie Jo Gracey to have the last word.

As thankful as Pauline Nelson when we miss a bookkeeping period.

As enthusiastic as Margurite Burnett when playing any game.

## SOBER SAMS SAYS

It 'pears to me that the tennis court is the best investment we've made this year. If numbers mean anything, we should have some high powered tennis aces this year.

Sunshine at this time o' year makes this a little bit better country 'n California. Be nice to go through a whole spring without a sandy. Reckon as how that 'ud never do though. Can't have a track meet without a sandstorm.

What's the matter with our high school? More folks bein' tardy this month than they's any excuse for.

Hear "The Last Days of Pompeii" is one whale of a good show. Guess we should all turn out to see it. For it helps to finance the County Meet.

Reckon Monday was the greatest day in Texas History. I bet tho' if ole Colonel Travis had known how we might lay down on the job, he wouldn't a been willing to die at the Alamo.

If us Texans now had as much inards as them boys had, wouldn't make no difference where the Centennial was held, we'd all go an' like it.

S. S. S. ain't got much use fer a feller who's agin something jest because they don't have it in his back yard. Sam Houston didn't wait fer the Mexicans to come over to his house. He up and went after 'em. Cleaned 'em out too if I remember.

If that oil well had contained as much gas as has been blown off about it, it would be a volcano, blowing ashes clear out to California.

## JACK KERN LECTURES

Last Wednesday morning the pupils of Junior High and High School assembled in the auditorium to hear Jack Kern, said to be the strongest man in the world for his size, speak. Mr. Kern lectured on the importance of physical education and what the Boy Scouts mean to America. After this lecture Mr. Baze, the superintendent, spoke to the student body urging them to take more interest in the Boy Scout association of Brownfield.

## INTERSCHOLASTIC LEAGUE MEET NOTES

B. H. S. is preparing for the Interscholastic League Meet in a "big way." We have some good material for both literary and athletic events. Mr. Smith, coach of girls tennis, has been making eliminations. At present the leading teams are: Virginia May and Mattie Jo Gracey; Al-

ma Fern Green and Sallie T. Stricklin; Helen Quante and Wanda Graham. The singles for Senior girls are undecided. The Junior doubles are Ethelda May and Sue Bynum. Junior singles: Mary L. Tinkler.

The tennis girls are going to Meadow Saturday to an invitation tennis tournament.

Mr. Penn, coach of Junior boys' baseball, states that if his boys get as good at playing ball as they are at breaking bats, they're likely to win this County Meet. Some 20 boys are out for baseball.

Mr. Howard Scott is coach of boys' tennis. The favorites are: Jim Shelton, R. V. Moreman, Clifton Jones, as Seniors; Harvey Fitzgerald, Gene Green and Ernest Word as Juniors. About 26 boys are coming out for tennis.

Coach Bost reports that he has some very good material for track and field events. Some of his outstanding men are: Shotput and discus: Spear, Pharr, Ellis and Tankersley; Broad jump: Word, Hill and Burnett; High jump: Price, Tankersley and H. Hill; Dashes: Bass, Burnett; 880: Charles Vest, H. Hill, B. Bentley.

## DID YOU KNOW?

There are 24 teachers employed in the three schools of BHS?

There are 1023 white students and 36 colored children enrolled in the public schools of Brownfield?

That in the high school building there are 88 windows, 40 doors, and 32 light globes?

That during football season 8 footballs were used?

While only 3 basket balls for both boys and girls were used?

That the Interscholastic League Meet is to be held here March 27-28?

## RARE QUOTATIONS.

A bad penny always comes back. A clock serves to point out the hours, and a woman to make us forget them.

A man may talk like a wise man and yet act like a fool.

A willing helper does not wait 'til he is asked. (Hint to press members.) Always taking out and never putting in soon reaches the bottom.

Apes remain apes though you clothe them in velvet.

## A CLUE

"Did anybody drop a roll of bills with a rubber band around them?" asked an old gentleman in the trolley car.

"Yes, I did," said several voices. "Well, I just picked up the rubber band," said the old gentleman calmly.

## CAUSE ENOUGH

A farm woman went insane and was taken to an asylum. "Well," her husband said, I don't know where she ever caught insanity; she ain't been out of the kitchen in twenty years."

## NEVER MIND

Liza: "Ah wants a pair of shoes for mah little gurl."  
 Clerk: "Black kid?"  
 Liza: "You all jes mind yo' own business an' get me dem shoes."

## GENEROUS

Mr. Smith: "Don't you know that you should always give a woman driver half of the road."  
 Mr. Penn: I do, as soon as I find out which half she wants."

## VOLLEY BALL

Mr. Baze has been coaching about 45 girls who are "coming out" for volley ball. The girls have been practicing at the morning activity period and from four to five after school. These girls are all striving to make the team and in their effort are developing very good players.

This team is expecting to take the honors that go with county championship in volley ball.

The Junior High girls are also coming out. They practise from five to six. There are not many of these girls but they really expect to go places. We're behind you girls!

These teams hope to have some matched games this week. Lets all turn out and watch our girls do their best.

## SEEN AROUND SCHOOL AND TOWN

All our tennis aspirants have been making themselves known these last two weeks.

Last Friday we saw several F's in evidence. Could it have been a surprise exam?

Bank night seems to draw our high school crowd to the picture show. We saw a rather "mixed up affair" there too. Bert and El Ray, Marner and Wanda, Charlie and Maxine. Seems to me like some one's boy friend was with some one else's girl friend. Dear me!

But they weren't the only ones there. Iris and Lynn, Lucyle and J. D. seeming to enjoy the show. Just start imaging, Guy and Z. O. were there without any girl admirers, and Pauline Nelson was there too. Bill and James, were some more of our "heroes" that enjoyed the show by themselves. Well, well, Helen Quante and Jeannette did too. I wonder where Irie was? John, Toots, Har-

old and Richard looked like they had a cinch on winning the money.

Friday morning our Home Economics and Industrial Arts classes attended a picture show at the Rialto. It was another of our educational films but was too large for our machinery, so Mr. Jones was nice enough to show us the film. We certainly appreciate his cooperation.

Seems like our classes were somewhat mixed up Friday morning. They ran as follows: third period first, second period second, first period third, and fourth period fourth.

Friday afternoon the State Inspector paid us a visit.

You've all heard about the "mysterious guy with the black mustache and red neck tie," raven't you? Well, have him in school without the black mustache, but boy! what a red necktie!

We can't help but notice that Clifton Jones loves his chewing gum!

Bert seems to be having quite a lot of trouble. How? He can't get a date with THE Senior blonde!

The Lewis sisters are wearing new diamond rings! But don't get excited they're on the right hand finger!

## JUNIOR HIGH NOTES

As you may know all of Junior High is learning songs and declamations. They do not have to be in Declamation or Choral singing, but they must learn both readings and songs.

The picture memory work is getting along fine. They have already learned all 50 pictures.

All the 7th grade arithmetic teams are drilling on the work they will have in Interscholastic League. The IT team has not yet been selected.

The Spelling Team seems to be getting along just fine. The elimination for the 5th, 6th and 7th grades will take place this week.

We are having our six-week's tests this week.

The boy scouts are going on a hike to Post Friday the sixth. They are intending to take fifty boys with them.

Volley ball is coming along fine. They seem to be doing better every day.

The Junior tennis try out will take place Sat. Mar. 7. The best players will be selected and coached for the County Meet.

The Junior High School is sponsoring an entertainment presented by the local colored people at the High School Auditorium, Friday night, March 6th. The program will include singing, dancing, jokes, boxing and other attractions. Admission charges will be 10 and 20 cents. Come, tonight!

## State Reaches Quota Of Workers on WPA

SAN ANTONIO, Feb. 18.—With the state's quota of 120,000 persons on Works Progress Administration projects realized, State Administrator H. P. Drought today instructed the 20 district directors throughout Texas to cancel all outstanding requisitions for additional labor.

Tabulations of reports from the districts today revealed 123,041 employed as of the week ending February 15.

Although there still remain some unassigned workers, most, if not all, of them were expected to be absorbed by the transfer of WPA workers to non-WPA projects and by vacancies created through jobs provided for project workers by expanding private industry.

"You should release workers to other federal agencies operating work projects as rapidly as possible so as to take care of those awaiting assignment," Drought reminded district directors.

Individual districts will continue to work employables on the basis of the number currently employed in each

of the 20 districts. Drought said. Vacancies may be filled by those not now assigned, but the total number of workers in a district may not exceed the number now working. It was estimated that there are throughout the state 9,555 eligible workers who, for various reasons, have not been assigned.

Alabama, Georgia, Minnesota, Tennessee and Texas have counties named for General Sam Houston, Lone Star State hero who will be honored during the 1936 Centennial celebrations.

Registration of Texas voters in 1936, the Centennial year, is estimated at 1,250,000, highest in the history of the Lone Star State.

The French embassy at Austin, site of the University Centennial exposition, is the only building ever constructed on American soil by a foreign government.

The king snake is said to be the only snake immune to the poison of the rattler.

## Why Gulf is the Gas for March

SURE AND IT'S almost the middle of March—the month the old thermometer makes an average jump of 5 to 13 degrees. The Moral?... That your gas should be made to fit the season! If it isn't, you're not getting all the mileage you should!... Switch to That Good Gulf today. It's specially refined to suit the season. Because it's "Kept in Step with the Calendar"—all of it goes to work, none of it goes to waste!

#### SHOWER GIVEN

On Friday night Mrs. Guinn W. Casey, ably assisted by Mrs. Claude Merritt and Mrs. Ellison C. Carson honored Mr. and Mrs. Jessie Snodgrass with a shower at the Snodgrass home. The bride and groom, having spent the day with their grandparents, were pleasantly surprised to find the "Throne of Love" awaiting them. When they were seated on the throne the following program was given:

Toast to the Bride—Mrs. Ellison C. Carson.

"I Love You Truly"—Mrs. Guinn W. Casey.

"Home Folks"—Leonard Ellington.

"Toasts to the Groom"—Guinn W. Casey.

"Don'ts to the Groom"—Mrs. Amos Smith.

"A Bit of Gossip"—Lorraine Johnson.

"Toast to the Mothers and Fathers"—Mrs. Cliff Johnson.

"Advice to the Bride"—Mr. Watkins.

"Boots and Saddle"—Carson Trio.

"Success"—Mrs. F. M. Ellington.

"Toast to the Girls Left Behind"—Orval Snodgrass.

"How to Cook a Husband"—Grace Smith.

"Old Gang of Mine"—Carson Trio.

As soon as the last song was sung two small children, Jacqueline and Delton Johnson, dressed in costumes of pink and white, appeared with their arms full of gifts. Many useful and beautiful presents were given to the bride and groom.

Refreshments of cake, coffee and soda pop were served.

About eighty guests recorded bits of advice, beautiful sentiments, and good wishes in "Memories for the Bride and Groom" which was presided over by Mr. Watkins.

#### FRUITS COMBAT ACIDS

Although fruits contain quantities of acid that is no reason sufferers from excess acid in the body should be afraid to eat most of fruits, even some of the sourest varieties. Most of them, including lemons, tomatoes and apples, contain the kind of acid which the body converts into a chemical resembling bicarbonate of soda. Instead of causing acidosis they actually combat it. However, acid sufferers should avoid three fruits—cranberries, cherries and plums (or prunes)—because their acids do not change into bicarbonate.

#### CENTENNIAL WANTS OLD RELICS AND DOCUMENTS

The Maids and Matrons Club of Brownfield is taking a part in sponsoring The Texas Centennial Historical Contest, in which there are three prizes being offered, \$100, \$50 and \$25, for the best relic and the best document and the best pictures.

In many Texas homes are heirlooms including relics, documents and pictures that tell of unwritten pages in Texas history. Many important historical materials have already been lost and others are being lost daily. In order to bring these materials to light and make additional information available to historians, teachers, and possibly to thousands of people who will visit the Centennial this year, the Historical Exhibits Department of Centennial Exposition, in Dallas, is conducting a state wide contest to uncover interesting and important Texas relics, documents and pictures which were in existence before the year 1900.

If there is anyone in Brownfield or surrounding country that have any such heirloom in family would you notify Mrs. Earle Davis or call her for further information.

#### MORE COMMON SENSE AND BOOK LEARNING SHOULD BE COMBINED

"The college graduate is not the man he was in days past when the title was something of the nature of a patent of social as well as intellectual nobility," says the St. Petersburg Florida Times.

The depression has shown there is a surplus of college or white collar men, just as there is of common laborers. All classes of colleges are grinding out "grads" faster than the world can digest the flood. And a man with book learning and no common sense is about as helpless a human as you can picture.

Our present day colleges are a complete flop in preparing a young man or young woman to meet the world's changing conditions. We have over stressed the value of education as it is no longer a sesame to security and riches. Boys and girls must be taught that some one will have to discard white collars when there are too many white collar applicants for available jobs, and be prepared to earn their bread by the sweat of their brows. A little common sense in educational methods is the big need just now.—Big Spring News.

#### TRIAL CALLED MONDAY

TAHOKA, Feb. 29.—Trial of O. W. Sumner, Lubbock rancher who has been indicted for cattle theft, will be called Monday by Judge Gordon B. McGuire of 106th district court here.

Sumner faces two indictments. District Attorney Truett Smith will prosecute the case.

#### LEGALIZED SALE OF LIQUOR IN HOWARD FAVORED

BIG SPRING, Feb. 29.—In a local option election in Howard county today, voters favored legalized liquor sale by a vote of 1,543 to 1,196, incomplete returns tonight showed. There were two small boxes uncounted but they could not affect the result, election officials said.

Howard county had been dry 30 years. The city of Big Spring and Forsan, an oil center, were wet already. All rural communities were dry.

#### EDITORS TO MEET AT MIDLAND, MAY 22 AND 23

At a meeting in this city last Friday, May 22 and 23 were selected as the dates for the annual session of the West Texas Press Association which will be held in Midland, Texas.

Four prominent speakers have been invited to address the editors. Midland Fair and spring race meet will be in full swing to provide one of the entertainment attractions for the editors.—Big Spring News.

Mr. and Mrs. Joe McGowan and Bill made a business trip to Austin and Fort Worth latter part of last week.

## They Have What It Takes To ASSURE SERVICE and SATISFACTION

The new Spring styles in Men's oxfords, though lighter in weight, are built with plenty of endurance and lasting qualities to satisfy the most critical. Comfortable for wear now and later, because they give you supreme foot ease and freedom. Smart because they are styled for "best dressers."

Colors: White, Grey, Tan and Black.

We feature three popular brands:

#### MARY HARDIN COLLEGE OBSERVES FRESHMAN DAY

BELTON, Feb. 21.—Saturday was Freshman Day at Mary Hardin-Baylor and every activity gave way to the big Collegiate Tour that the class took that night for their annual reception. Hundreds of young men from nearby colleges and hometowns were on the campus, and all things indicated this as the biggest day of the freshman year. Miss Irene Adams, Brownfield, is one of the freshmen who, eluding the sophomores, introduced her escort to the take-offs on other campuses which was the feature of the evening. Returning to Hardy parlors, they introduced their guests to their own college, and in that way presented the most representative freshman, Miss Sally St. John, Harlingen.

#### DEDICATED TO BETTY DAWN DUBOSE

By Mrs. R. I. Cook (grandmother)

In the dawn of one fair morning  
Came this precious baby to my home;  
Oh my darling, little angel  
God has given you—mine alone.

To keep you and to love you,  
Little one, with face so fair,  
And the sweetest, dear black eyes  
With lovely dark brown hair.

What shall I name you little darling?  
I want a sweet name for thee  
Oh, I shall call you "Little Dawn"! For that was when you came to me.

Then you shall remind me, dear,  
My little Dawn of light,  
That I must always walk before you  
In the path of love and right.

Don't forget to get your driver's license before the first of April.

Lee O. Allen and wife are leaving this week for Florida, where he will represent the Murray Gin Co., for a few weeks.

Ben Hilyard, newly appointed enforcement officer for this district with Lubbock headquarters, was down Tuesday morning to visit his wife. He informed us that their home would be maintained in Brownfield for the present. Mrs. Hilyard is an employee of the Herald.

Chisholm Bros are putting in a filling station in the rear of their several stores. This station, they informed us is more for their own use than for commercial purposes. They have so many cars and trucks of their own, not to mention the sale of tractors, that they decided on their own gasoline pump and a supply of oils and greases.

We understand that the work of calichee the streets has been stopped, whether temporarily or permanently, we did not learn. Nor whether hot topping would be put on that which has had the calichee base, we failed to learn.

Mr. and Mrs. John Wall were called to Merkle, Texas last Friday, a brother of Mrs. Wall having died of pneumonia. They were to have returned Sunday, but Mrs. Wall wrote some friends here that her mother also had pneumonia and was too ill far her to leave her mother's bedside.

#### LUBBOCK MEN BUY 14,000 A. SCHOOL LANDS

CHILDRESS, Feb. 22.—A contract has been signed for the sale of 14,000 acres of Childress county school land in Bailey and Cochran counties.

C. R. Woolsey and C. E. Davis of Lubbock agreed to buy the land from Childress county for about \$165,000, including a down payment of \$15,000 in cash. The transaction will be completed when abstracts are finished and delivered to the purchasers.

Funds received from the sale will be placed in a sinking fund.

#### ROSES AND OIL

Tyler, planning a great Centennial year celebration for this coming October, is the center of one of the world's greatest rose-producing sections. It also is in the same section with the world's greatest oil field. Smith county, of which Tyler is the county seat, produces one-third of the world's commercial supply of roses.

#### TURKEYS ON PARADE

One of the most unusual scenes to be found in Texas during Centennial year will be the one presented when thousands of turkeys, headed for market, actually march to the strains of band music in the world famous Cuero Turkey Trot next November. Thousands of gobbling turkeys form sections in the parade which is a feature of the Trot, an event to be repeated as a Centennial year celebration.

#### SMALLEST TESTAMENT

The New Testament, the smallest edition ever printed from actual type, is now on exhibit at the Norwood Pharmacy, in Clarendon, Texas.

The book measures seven-eighths of an inch in length, is three-fourths of an inch wide, and is one-fourth of an inch in thickness.

The book is kept in a metal container made in the form of a book. The title page is clear, but the printing on the inside pages is barely discernible when looked at by the best eyesight.

#### NEW WAYS TO USE CARROTS

Carrots are considered good food by diet experts because they contain quantities of three vitamins, A, B, and C. Objections some people have to this vegetable often disappear when it is combined with something else. For instance, try mixing a half cup finely grated raw carrot with the custard for a pie or mixing a like amount with your bread pudding ingredients.

Prison Governor (to released convict)—I'm sorry, I find we have kept you here a week too long.

Convict—That's all right, sir. Knock it off next time.—Louisville Times.

### WHAT EFFECT WILL "MODERN GYPSIES" HAVE ON AMERICAN LIFE?

Leaders in the automobile trailer industry have called attention to a trend which possibly may have profound influence on American life in the future.

These manufacturers estimate that there is a potential market for 200,000 "houses on wheels" in the United States in 1936. The industry is a young one, however, and its leaders hope to see only about 20 per cent of such orders filled.

Americans in the past five years apparently have acquired a startling desire for rolling homes. If there are 200,000 potential family purchasers

for such migrating houses, and if these families average three persons each, that makes 600,000, or more than half a million prospective "modern gypsies" in our nation.

Just what effect such a group might have on our national social life is hard to foresee. But it is conceivable that its influence may be strongly felt in future years.—Cleveland Times.

### SAN ANTONIO ATTRACTS

San Antonio, mecca of thousands during Centennial year, has all the color of the Old World. It is semi-tropical in climate and Latin-American in atmosphere. Towering palms, picturesque cafes and curio shops, winding streets and rustic parks, and

historic Spanish missions all add to its interest.

Mr. G. R. Arnett, who works for Craig & McClish, has had his home in the Santa Fe addition remodeled, which adds greatly to its appearance.

W. E. Fielder has moved back to the Union community from South Bend, Texas.

### TEXAS CENTENNIAL TO FEATURE FESTIVAL

Dear Mr. Editor:

Please print in this week's Herald the following article on "Texas Centennial Exposition to Feature Folk Festival." As chairman of this festival for this district, appointed by the South Plains Music Teachers Association, I have communication from Sarah Gertrude Knott, National Folk chairman, Dallas, Texas, in which she asks each county to celebrate in a County Festival to be produced some time this spring, from which the selections for the Dallas program may be made, the best performers appearing there when the Centennial opens.

All persons in Terry county who would like to have a part in this Festival, old settlers, old fiddlers, etc., will please let it be known soon as possible. Send names and what you can do (dancers, players, singers and story tellers, wanted) to Mrs. W. H. Dallas, Brownfield, chairman District 19. This district comprises the following counties: Lubbock, Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Crosby, Dickens, King, Yoakum, Terry, Lynn, Garza, Kent, Stonewall, Haskell, Gaines, Dawson, Borden, Scurry, Andrews, Martin, Howard and Mitchell.

### Musical for Great Southwest

Folklore of many regions of the Nation will be presented for the first time this year as a major special event of a World's Fair when the National Folk Festival is held at the Texas Centennial Exposition which opens in Dallas on June 6. A leading attraction, the Folk Festival will have a universal appeal and will give many people an unusual treat in musical and dramatic entertainment.

Composed of groups of people from all over the United States, especially from Texas and the Southwest, the Folk Festival will give authentic folk songs, dances and stories. These are not as song writers, playwrights and writers think they may have been, but are the genuine native folk expressions that are alive today in various communities, carried down through successive generations.

Festivals will be given in every county in Texas between now and the opening of the Exposition. From these county groups will be selected the singers, dancers, players and story tellers who will appear in the Exposition Festival. Likewise, the best performers from other sections of the United States will be brought to the Festival.

There will also be an exhibit of native American handicraft. This will consist of spinning, weaving, woodwork, all kinds of sewing and pottery. The musical program will consist in the singing of ballads, folk songs, work songs and spirituals which will be accompanied with dulcimer, the harmonica, fiddle and other instruments. Dances are native American folk dances. The stories are legends that have been handed down for the past hundred years. The plays consist of folklore plays which are built around the natives and the life they live in a given section.

### 100 CITIES JOIN CENTENNIAL PARADE

AUSTIN, Texas, Feb. 18.—The Texas Centennial, with celebrations of varied nature planned in more than 100 cities, has developed into the greatest state-wide observance in the nation's history.

The celebrations not only reflect the glorious history of the state but they also serve to focus world wide attention on the agricultural, mineral, industrial, and recreational resources of the Lone Star State.

Texas is on parade in 1936 with scores of historical celebrations, Centennial pageants, harvest festivals, fairs and stock shows, jubilees and fiestas. Dallas with its great Central exposition will entertain millions of visitors and other exhibitions will be staged in Ft. Worth and Austin.

### NEW TRAFFIC WAY IS TO BE OPENED

AUSTIN, Texas, Feb. 24.—A new traffic artery, connecting Houston and Dallas, Texas' two largest cities, will be opened to public travel March 4th when the final gap in the X-All highway is completed. Planned for opening during the early part of Texas Centennial year, the road will provide visitors to Texas with an alternate highway for travel from North to East and South Texas.

Governor Allred and other state officials are expected to attend the opening ceremony to be held in a roadside park between Kosse and Thornton. The new route extends through Hempstead, Navasota, College Station, Bryan, Hearne, Mexico, Corsicana, and Ennis. It also passes through Fort Parker State park, historic frontier center and one of the Centennial celebration locations.

### CONTRACT LET FOR TWO NEW SEMINOLE BUILDINGS

SEMINOLE, Feb. 29. — Arthur Duff, son of A. L. Duff, pioneer business man here, and owner of the old First State bank property on the south side of the court house square, has closed a deal for the erection of two brick business buildings, it became known today.

C. A. Clayton, Sweetwater contractor, was given the contract. The buildings will be 24 by 50 feet each, of brick construction. Fifty applications for renting the structures have been made to Mr. Duff. The present frame structures on the locations will be torn down.

### GROWTH SHOWN IN COUNCIL IN AREA

During the month of February, 143 boys were enrolled as Scouts in the South Plains Council. Most of these boys were new who are coming into Scouting for their first time. A number of boys who were former scouts are now re-registering.

Eight new troops were registered during the month. They were as follows: Troops 3 and 11, Lubbock; 28, Slaton; 31, Idalou; 35, Spur; 39, Sudan; 44, Brownfield; and 38, Circle Back. In addition to the registration of these new troops a number of troops have been reorganized with new troop leaders and committeemen.

### THREE GOVERNORS SPEAK AT HUNTSVILLE CEREMONY

One hundred years after the Declaration of Texas Independence, March 2, 1836, the governors of three states—Texas, Tennessee, and Wisconsin—paid tribute to the deeds of those freemen who made possible the commonwealth of Texas.

At Old-Washington-On-the-Brazos, Governor Allred recalled to Texans

the indomitable spirit of "those men, who, on this sacred spot, subscribed this scroll of independence and literally offered their lives, their all as willing sacrifice upon the altar of Texas freedom."

"Full well did each one know the price to be paid should the venture fail," said the 32nd Governor of Texas. "There were no cowards to stand aside, doubting in an abject spirit till their State was crucified. The Texan of today, who scans this immortal document, marvels at the simplicity of its pronouncement of eternal truths.

"Forty of the fifty-eight signers of the Declaration of Texas Independence were under forty years of age. The author, George W. Childress, was but thirty-two. They were men of surpassing intelligence, men of vision, men of virtue, men of wisdom far beyond their years.

"From such occasions as this it behooves us to take increased devotion to that cause for which these immortals gave the last full measure of devotion, to strive for a renaissance of pride in Texas ideals, traditions and institutions; to offer up prayers of thanksgiving for this our sublime ancestry and sublimer Texas heritage."

Governor Allred, accompanied by Governor Philip LaFollette of Wisconsin, joined Governor Hill McAlister of Tennessee at the dedication ceremonies in Huntsville honoring the memory of General Sam Houston, a Tennessean.

In Houston, the three Governors attended the annual banquet of the University of Texas Ex-Students and spoke over a coast-to-coast hookup.

Governor Allred invited the nation to Texas for the Centennial Celebration in order that America "might see us, and catch with us a vision of the greater Texas of tomorrow."

### JENKS YARBROUGH TAKEN TO LUBBOCK COUNTY JAIL

Sheriff V. A. Johnston took Jenks Yarbrough to the Lubbock County jail Tuesday. Yarbrough was taken there to be kept while appeal action is awaited on a 15-year sentence imposed here after he had been tied for the second time on assault with intent to murder charge. The case was transferred here on a change of venue after a Dickens jury had sen-

tenced him to seven years. The charge grew out of a shooting early in 1934 at McAdoo of Sheriff W. B. (Bill) Arthur, who recovered, only to be slain in October of that year when Virgil Stalcup and Clarence Brown escaped from Dickens county jail.—Crosbyton Review.

Mr. and Mrs. Cye Tankersley and little daughter, Cynthia of Rule, are visiting relatives here this week

THE STORY

CHAPTER I—Kerry Young, a lad of seven, is prepared to see the burning lumber camp of his benefactor, Jack Snow...

CHAPTER II—Snow, his headquarters and money gone, is ruined and soon thereafter dies, leaving Kerry to the Poor Commission...

CHAPTER III—In a St. Paul office Kerry, now grown to manhood, and an expert woodsman, learns of the whereabouts of West...

CHAPTER IV—Kerry makes camp, entering the general store at West's Landing, he observes Tod engaged in a poker game...

CHAPTER V

At about the time Kerry Young was finishing his evening meal, Nan Downer and Ezra Adams, short, squat, gray-haired logging country doctor...

The old man listened attentively and unconsciously slowed his pace as the girl's story progressed toward its climax...

"And that's that, Ezra," she said tremulously. "It's me or ... or the property. Oh!"

"That's your womanly intuition, and my opinion was a ... doctor's, I guess."

They talked for a time, standing in the dusk and then the girl said: "Now, for Jim and Elsie Hinkle's troubles!"

"You entered a tar paper house where a woman washed dishes by the light of a kerosene lamp..."

"Unc' Ezra! Unc' Ezra!" he cried, his face shining.

"Hullo, Jimmy! Evening, Elsie. All ready to be measured up for the brace, eh?"

"Where's Jim?" he asked.

"The woman's face darkened. 'At the store, I guess. Gambling again, I suppose.'"

"Well, we'll go ahead, anyhow." And he went ahead, holding the misshapen leg on his knees...

"Of course, if Jim hasn't the cash, I'll have to buy the brace myself. I told him that last time I was out and he promised. But—"

"Hell, No! I won't take back that money! He's a rat and a liar, Jim, but..."

"So his childish suspicion had been right; so the last sane thought—also a suspicion—which Jack Snow had had, had been justified."

"The dog now lifted his head sharply and Kerry could feel him stiffen. After a moment, a low vibration ran his back, which was the beginnings of a growl."

"Steady!" the man whispered and reached for his bed, jerking his rifle from the blanket folds.

Then, aloud, he halted: "Who's there?" "A voice from above answered: 'Caller, Young! Still up?'

from the blanket folds. Then, aloud, he halted: "Who's there?" "A voice from above answered: 'Caller, Young! Still up?'

He felt the doctor's attempt to scrutinize his own shadowed face. "Sit down. Nobody can get within ear shot with Tip here."

Kerry made no comment. He was instinctively drawn to this old man who had been drawn to him by the death of Kerry's mother.

"None at all." "Pause. 'I see. Then if you could be interested in a job here, you'd be free to take it?'

"You kidding me?" "Not in the least, I'm ... I'm more serious and in greater need than I've been since I can recollect."

"Well, that's a new one on me!" He laughed. "Coroner's clerk! Why?"

"Let me explain this a little. I have to pop it right at you without any preliminaries because it's ... it's an emergency, I guess."

"You see, Downer was a queer old duffer. Salt of the earth, but queer; eccentric. It was one of his eccentricities that led to his murder."

"That's your womanly intuition, and my opinion was a ... doctor's, I guess."

"They talked for a time, standing in the dusk and then the girl said: 'Now, for Jim and Elsie Hinkle's troubles!'

"You entered a tar paper house where a woman washed dishes by the light of a kerosene lamp..."

"Steady!" the man whispered and reached for his bed, jerking his rifle from the blanket folds.

Then, aloud, he halted: "Who's there?" "A voice from above answered: 'Caller, Young! Still up?'

a twenty dollar bill that was part of it. It was paid me on account to night." "You got any idea where it came from?"

"Say! That makes the situation look up, doesn't it?" "That's why I came to you, a stranger. I need help and need it right now. That money is cached somewhere in the country. Whoever is hiding it, needs money badly."

"And now it's up to you," West said heavily. "I guess it's my right to expect that much from you."

"Well, I see. Then if you could be interested in a job here, you'd be free to take it?" "Job? What kind of job?"

"You kidding me?" "Not in the least, I'm ... I'm more serious and in greater need than I've been since I can recollect."

"Well, that's a new one on me!" He laughed. "Coroner's clerk! Why?"

"Let me explain this a little. I have to pop it right at you without any preliminaries because it's ... it's an emergency, I guess."

"Steady!" the man whispered and reached for his bed, jerking his rifle from the blanket folds.

Then, aloud, he halted: "Who's there?" "A voice from above answered: 'Caller, Young! Still up?'

if you was doin' me a favor. Instead, you put me in a hell of a hole. You, nor nobody else, can make me think that Tod West would cheat at cards!"

"Yes, I don't know what your game was, but when a stranger in this country makes a play like that with a man like Tod—well, he don't get far."

"And now it's up to you," West said heavily. "I guess it's my right to expect that much from you."

"Well, I see. Then if you could be interested in a job here, you'd be free to take it?" "Job? What kind of job?"

"You kidding me?" "Not in the least, I'm ... I'm more serious and in greater need than I've been since I can recollect."

"Well, that's a new one on me!" He laughed. "Coroner's clerk! Why?"

"Let me explain this a little. I have to pop it right at you without any preliminaries because it's ... it's an emergency, I guess."

"You see, Downer was a queer old duffer. Salt of the earth, but queer; eccentric. It was one of his eccentricities that led to his murder."

"That's your womanly intuition, and my opinion was a ... doctor's, I guess."

"They talked for a time, standing in the dusk and then the girl said: 'Now, for Jim and Elsie Hinkle's troubles!'

"You entered a tar paper house where a woman washed dishes by the light of a kerosene lamp..."

"Unc' Ezra! Unc' Ezra!" he cried, his face shining.

"Where's Jim?" he asked.

"The woman's face darkened. 'At the store, I guess. Gambling again, I suppose.'"

"Well, we'll go ahead, anyhow." And he went ahead, holding the misshapen leg on his knees...

"Of course, if Jim hasn't the cash, I'll have to buy the brace myself. I told him that last time I was out and he promised. But—"

"Hell, No! I won't take back that money! He's a rat and a liar, Jim, but..."

"So his childish suspicion had been right; so the last sane thought—also a suspicion—which Jack Snow had had, had been justified."

"The dog now lifted his head sharply and Kerry could feel him stiffen. After a moment, a low vibration ran his back, which was the beginnings of a growl."

"Steady!" the man whispered and reached for his bed, jerking his rifle from the blanket folds.

Then, aloud, he halted: "Who's there?" "A voice from above answered: 'Caller, Young! Still up?'

me was obviously embarrassed, but Kerry said quickly: "Don't worry about that." He looked at her, his appreciation of the situation stirring a profound sympathy.

"Yes, I don't know what your game was, but when a stranger in this country makes a play like that with a man like Tod—well, he don't get far."

"And now it's up to you," West said heavily. "I guess it's my right to expect that much from you."

"Well, I see. Then if you could be interested in a job here, you'd be free to take it?" "Job? What kind of job?"

"You kidding me?" "Not in the least, I'm ... I'm more serious and in greater need than I've been since I can recollect."

"Well, that's a new one on me!" He laughed. "Coroner's clerk! Why?"

"Let me explain this a little. I have to pop it right at you without any preliminaries because it's ... it's an emergency, I guess."

"You see, Downer was a queer old duffer. Salt of the earth, but queer; eccentric. It was one of his eccentricities that led to his murder."

"That's your womanly intuition, and my opinion was a ... doctor's, I guess."

### OUR 23 YEAR COLUMN

Quoting from our issue of March 7, 1913. Dates of publication ran together until this week for the past year, but as 1936 is a leap year, and 1913 was not, they separate this week. Chester H. Terrell, speaker of the House of Representatives, then in session, was pleading for harmony of the members in order to get the work of the session done. There has been little if any improvement over the present legislature along that line. Rev. J. C. Lewis had ordered the Herald sent to his daughter, Mrs. Gertrude McGuire of Gilliland. Woodrow Wilson had been inaugurated President on Tuesday, March 4th. Spring like weather was prevailing in Terry. Will Alf Bell had some very fine young mules on his place south of town—62 to be exact. Lee Allmon was working in the Phillips garage at Lubbock. J. I. Mabrey of Slaton, was visiting Dr. Treadway and family. J. L. Randal and Miss Annie Hamilton were representing the Odd Fellows and Rebekahs at the grand lodge at Houston. Mr. and Mrs. C. S. Cardwell had observed their silver wedding anniversary. J. W. Gordon had purchased a section of land from Mrs. L. T. Brooks.

Aunt Lou DeShazo gave a quilting and fed 60 people at noon. Miss Eldora Lewis was clerking for J. W. Peeler at Meadow Chas Boon took his wife to Sweetwater for treatment. Sam Walker was here from San Angelo. Miss Dora Daugherty had received a new piano. J. M. Jensen, cashier of the Clifton State bank, was up looking after his interests in Terry county. Frank Howard lost two fine horses from eating poisoned grain at the chuck wagon intended

for prairie dogs. G. F. Higbee, of Slaton, formerly of Brownfield, had passed away. Also, Wade Gray former ranchman of Terry and Yoakum counties had died. M. V. Brownfield was called back to Austin by wire, concerning the reduction of school land. The Maids and Matrons club met with Mrs. J. C. Green on the 22nd Feb. Resolutions in memoriam for F. E. Shell, who died on Feb. 15, were printed by the local Odd Fellow lodge. Cleve Williams had moved his confectionary and cold drink business to Tahoka. A picture and description of R. R. Williams, better known as "the Sage of Cumby," appeared in the Herald. This man, who came near defeating Gov. Tom Campbell for his second term was an unknown blacksmith of Cumby, Texas, and was then (1913) representing his district in the legislature, mustache, beard and all.

Gomez Dots: R. K. Benton was thought to be improving. Bro. Jameson filled his pulpit Sunday. Mr. Pruitt, blacksmith, left for Nolan county. Mr. Cherry was looking after his farm in Fisher county. A wagon load of 16 people attended the play at Brownfield. Tokio Items: Mumps in the community. Mr. and Mrs. Spear were preparing for an extended trip to Oklahoma. Will Snodgrass bought 56 head cows near the J-Cross ranch. The Mallet ranch was beginning to ship to Kansas. R. K. Benton was to be carried to San Angelo for treatment. Harris News: Charlie Baker was working for McPhaul Bros. A singing was enjoyed at the W. H. Harris home. Mr. Ellington of Lubbock, was helping the boys with the cattle. All this week.

#### RIFLE BULLET TAKEN FROM BABY'S LUNGS

Marked improvement was reported by the attending physician in the condition of Charles J. Henderson, 18-months-old son of Mr. and Mrs. Dick Henderson, Wellman, following removal of a bullet from his lung at the West Texas hospital yesterday. The infant sucked a rifle bullet slug into his lung Feb. 25. He is expected to be discharged from the hospital in a day or two.—Lubbock Journal.

#### FORRESTER SCHOOL ITEMS

The basketball girls won a trophy for Class "C" championship in our county. Miss Newsome was coach. We are hoping to win first place in Volley ball also. Our team is practicing now.

School is progressing nicely, although we have several absent on account of sickness. We are hoping to have them with us again soon.

Miss Newsome entertained the basketball girls with a slumber party Saturday night. The most enjoyable part of the evening was seeing the preview of Shirley Temple in "The Littlest Rebel," at the Rialto Theatre at Brownfield. Besides the seven basketball girls, Miss Newsome's sister was present.

Miss White celebrated George Washington's birthday by spending the week-end with friends in Colorado City.

A new barber shop has been opened in the Hotel Brownfield and Jack Holt, formerly with Luke Harrell's shop on the north side of the square, is in charge.

### Gomez News

Many from this community joined the numbers who visited the scene of the Bennett oil well near Plains this week-end.

Mr. and Mrs. Lonnie Rhyme and children were guests in the Claude Garrett home Sunday evening.

Mr. L. B. Key of Sudan visited in the H. N. Key home during the week-end.

Mr. and Mrs. L. H. King and children visited relatives at Brownfield Sunday afternoon.

The Primitive Baptist conducted their regular first Saturday and Sunday church services in the school auditorium this past week-end.

Messrs and Mesdames Lee Fulton and Clyde Shults were business visitors in Lubbock Saturday of last week.

Messrs Otis Kelly, J. J. and Lawrence Whitley left last week for a business trip to the Quemado Valley.

We welcome to our midst Mr. and Mrs. Willie Burks and children of Gorman, Texas and Mr. and Mrs. J. H. Moore and family of near Memphis, Texas.

The sick list this week includes Misses Retta Tarpley and Juanita McLeroy and Messrs Pat Wayne Franklin, Prentis Trolinodr, W. D. Roper, Harwood Simmons, Carrol Doss and Claude Garrett.

Miss Mattie Randolph of Lubbock, a former teacher in the Gomez school, visited in the Lee Fulton home Sunday afternoon.

Messrs and Mesdames Kenneth Furr and Loyd McNabb and families were called to Southland Sunday morning to attend the funeral of a nephew and cousin.

Mr. and Mrs. W. G. Carter and family visited relatives at Slaton during the week-end.

Mr. and Mrs. J. W. Christensen and little daughter visited relatives at Abemathy this past week-end.

Rev. Wilson of Lubbock will preach at the church of Christ Sunday morning and evening. You are welcomed. Come!

The State School Inspector accompanied by Judge R. A. Simms of Brownfield visited our school Friday of last week. They were complimentary in their remarks concerning our school system and working being done here, for which we are very proud. We plan to have our school on the list of Standardized schools by the conclusion of this school term.

The school children entertained the Parent Teachers Association on Friday evening of last week with a very enjoyable program which was preceded by the usual business session.

Our 4-H Club boys are organized now and are working diligently at their respective projects. "The Scarecrow Creeps" soon. Watch for the date!

#### CARD OF THANKS

We take this means of thanking our neighbors and friends for their help during the long illness and death of our sister and aunt. You will never know how much your help and words of comfort meant to us. May the gracious Father bless each of you is our prayer.

Mrs. J. D. McCollough and children.

"That's a bull, lady, and he doesn't like your red dress." City Lady—"Dear me! I knew it was a bit out of fashion but I didn't suppose a country bull would notice it."

### Back Again!

**CARVETH WELLS**, famous explorer, author and radio star who makes truth sound stranger than fiction, will return to the air Sunday, March 8, as featured entertainer on Continental Oil Company's new "Exploring America" series. Since his last Conoco broadcast, Wells has explored Panama and Mexico, and traveled more than 100,000 miles in the United States, camping in his cabin-type trailer. Twenty stations will broadcast the Conoco program each Sunday.

### Water Struck in Bennett Test Well

SEAGRAVES, Feb. 29.—Salt water, picked up at 5,112 feet and said to be standing 1,500 feet in the hole, has temporarily dashed the hopes of a producer in the No. 1 Bennett of Honolulu-Cascade oil companies in Yoakum county.

This afternoon drillers picked up the water when they had reached the 5,112 foot level, 22 feet below the bottom of the hole that had contained oil for several months.

**Work Is Halted**  
Immediately Driller Bill Adkins stopped work. He telephoned for orders and up to late this evening no word had come as to future plans.

The water may be cased off and the hole plugged up to the 5090 foot bottom and a try made for a test of oil at that level. There is a possibility that the test may be abandoned.

The hole closed since last October, was first swabbed Thursday. Eighty barrels was run in the storage tanks in 17 or 18 minutes that afternoon after 1,500 feet of oil had been swabbed out. The oil tested 36.5 Baume gravity.

On resumption of work Friday the cleaning and swabbing was completed. Drilling started shortly after 5 o'clock Friday afternoon. Towers were run during the night.

### TEXAS WEEK

The first week of March ushers in the centennial year of Texas On March 1, 1836, the General Convention of Texas assembled at Washington-on-the-Brazos. On the second, the historic declaration of independence from Mexico was made with the unanimous approval of the delegates present. On the sixth, the Alamo fell. Travis and his little command, dying grimly to the last man for a Republic which they did not know existed, were by their act to inspire other Texans to make it a reality.

It is fitting that Texas of today should set this week aside in memory of these stirring events. The long course of history has led to the commemoration in 1936 of the year of independence. The first week of March shares with no other period in the record of the State its place as epochal in the making of Texas.—Dallas News.

#### MARRIED

On Saturday evening, February 29, 1936, in the office of F. M. Burnett, Justice of the Peace, Mr. Virgil Leo Prather and Miss Jessie Ozell Brantley were quietly married. Congratulations to this fine young couple.

### Shelterbelt Loses In Appropriation

From all accounts the immense shelterbelt, which was to have been planted from Childress north to the Canadian line as a Hindenberg last stand defense against dust storms, will die for want of the \$100,000,000 appropriation for next year's operations. The Lower House of Congress refuses to consider it as necessary.

While it was an Administration measure, it is doubted that the government will shed many tears over its untimely demise. In the first place it was not located where the U. S. Forestry Service thought that it would do the most good and were thwarted by sectional politics. In the next place it has dawned upon the Administration that the same amount of money spent in other ways in fighting wind erosion would be far more effective, and benefit a greater number of people.

As a matter of fact every farm should set out a great number of trees and hedges for use as wind-breaks for both the protection of livestock and for the protection of the soil. It is said the Quakers who formed a colony in Crosby County about fifty years ago made a success of bois'd'arc hedges for fencing, and demonstrated that that particular timber grew well on the Plains. A five acre tract of timber on every farm might not deter the wind to any great extent, but would protect the home-stead and the farm animals from the fierce old winter blasts. Besides the timber would be valuable for fence posts and fuel if needed.—Lubbock Herald.

The editor of the Chronicle has been informed that the Townsendsites of this congressional district are planning to get out a candidate against our present Congressman, the Hon. George Mahon. Well, that is just what we have been expecting. There is always to be found some self centered gink, ready to run for any political office so long as he can find some disgruntled bunch to finance his campaign. George Mahon has made us a splendid congressman. He did his part in securing federal funds to match State funds to provide a \$30 per month pension for those needing and deserving a pension. The \$200 per month "Huey" proposition of the Townsendsites is about the rankest piece of sucker bait ever offered for the consideration of the American people and any man that offers himself for congress on the indorsement of such rot is not worthy of the consideration that is given a common street fakir.—Jay-ton Chronicle.

Sunday was a fine day, yet many Miami folks stayed away from church. This should not be. Parents should bring their children and attend services each Lord's Day. Drought and sandstorms, wars and depression would vanish if the people would get right with God.—Miami Chief.

You certainly have a lot of confidence in the power of the church, Mr. Haynes, which is well and good, but you don't change nature much by prayer and supplication or church attendance. If we could, and would be real good boys and girls, we could soon have the rainfall here they have in the Mississippi river valley. We have as good people as they, but we are a long ways from their annual rainfall. The African and American deserts have always been thus, and always will be we guess. Louisiana will always have her swamps and 70 inch average annual rainfall. Our understanding is that the church was created to save souls; the air, sun, soil and rainfall to save the crops. Are we not right?

A liar cannot even believe himself.

#### THIS WEEK IN TEXAS HISTORY

**Week of March 1**  
1836—Delegates assembled in convention declared Texas independent of Mexico on March 2.  
1836—Sam Houston was unanimously chosen commander-in-chief of the Texas army on March 4.  
1836—The Alamo fell under the rapid fire of Santa Anna on March 6.  
1837—On March 1 the U. S. Senate vote for recognition of Texas.  
1845—The Congress of the United

States passed a joint resolution for the annexation of Texas as a state in the Union on March 1.

1861—On March 2 the people of Texas voted to secede from the Union.

1861—On March 4 Gov. Sam Houston issued a proclamation declaring Texas a free and independent sovereignty.

1885—The cornerstone of the new capital was laid March 2.—Texas State College for Women (CIA).

Mr. and Mrs. Charlie Randal of Seymour visited Mrs. J. I. Randal here over the week-end. The ladies are sisters.

Mrs. Jot Akers is to be hostess to the Cen-Tex Music Club at its next meeting, Tuesday, March 10, at four o'clock.

BIRTHDAY SUPPER

Mrs. J. H. Spinks celebrated her husband's birthday last Tuesday night by giving him a supper and inviting a host of their friends.

CLUB NEWS

"Each club member should have a foundation pattern, also a slip pattern cut from the foundation pattern," said Mrs. Keith Kates to the members of the Turner Home Demonstration Club which met with Mrs. Amos Smith, Feb. 26 at 2:30 p. m.

TEACHERS ENTERTAINED

Mr. and Mrs. J. R. Trout entertained all the Tokio teachers Sunday. All report a nice time and a real dinner.

A reader over in Arkansas, Mrs. J. E. Woodard of Fayetteville, writes in asking why the mourning border around the Yoakum county well.

Mr. W. E. Humphries of the wholesale grocery firm of Davis & Humphries, as well as the Lubbock Piggy Wiggly stores, was a visitor in Brownfield Wed. Mr. Humphries informed us that all the interest they had in Brownfield now was a residence, which they had no trouble keeping rented.

Donald King, with a crew of colored workmen are busy this week plating the court house park, and putting out shrubbery.

Supt. and Mrs. Baze, and Mr. and Mrs. Ledbetter attended the funeral of Mrs. North in Abilene last Saturday. Mrs. North was Mrs. Baze's cousin and taught Spanish in Abilene Christian College.

Mr. and Mrs. Dick McDuffie and children went to Dallas on business last week end. They also visited Mrs. McDuffie's mother, Mrs. Anderson at Ennis. They returned Tuesday of this week.

Mrs. R. M. Kendrick and son's Clovis and Spencer visited their daughter and sister, Mrs. Orb Stice at Midland, Monday.

NEWSPAPER PASSES GOOD AT CENTENNIAL

DALLAS, Texas, Mar. 4.—Statements to the effect that press passes to the Texas Centennial Exposition which have been issued to Texas newspapermen would be recalled are entirely incorrect, William A. Webb, General Manager of the Exposition said today.

"The Texas Centennial Exposition will at all times welcome members of the Texas press and we deeply appreciate their support of our great Southwestern World's Fair." Mr. Webb stated "We sent to editors of Texas newspapers a press pass as a New Year's greeting. There has never been any thought of recalling these passes. They will of course be honored and we will do our best to show the newspapermen of Texas, who have done so much for the Texas Centennial Exposition, an enjoyable time when they visit us. June 13th has been set as Texas Press Association Day when the newspapermen of the State will be guests of the Exposition and we hope that every editor in Texas will be with us on that date."

Miss Vivian Winston visited home folks in Brownfield last week-end. Vivian teaches Home Economics in Vernon High School. Misses Beatrice and Bernice Fowler, nieces of Mrs. Bob Bowers came with her and visited in the Bowers home.

Mr. and Mrs. W. H. Collins visited her father, Mr. Eakin and sister, Mrs. Nobles at Hamlin first of the week.

Mesdames Ned Self and Earl Jones visited in Amarillo the first of the week.

NOTICE TO CANDIDATES FOR CITY OFFICES

All candidates for City offices of the City of Brownfield must file their names for the respective office for which they are candidates with the City Clerk of the City of Brownfield on or before March 20, 1936.

Roy M. Herod, City Clerk.

STOMACH SUFFERS

At Last Medical Science Offers You A Drugless Compound For Acid Stomach Ulcers and Colitis

GAS-TONS—is a new drugless compound for various gastro-intestinal ailments—For stomach and duodenal ulcers and inflammations—For irritable colon and ulcerative colitis—For acid stomach (hyperacidity) etc.

You are due good health, happiness and contentment, so why suffer with Stomach and duodenal ulcers—poor digestion—Acid Dyspepsia—Gassiness—Sour or upset stomach—Bloating—Heartburn—Constipation—bad breath—Sleeplessness—Headaches—Jaded appetite—Blue spells—Tired feeling—Despondency—when these conditions are due to or persist because of excess acid.

You take no risk in ordering Gas-Tons. If after using the tablets 10 days you do not get the relief you yourself expect, you have but to send back the unused portion of the bottle and we will return the money you have paid us, in full, every penny of it. Trial size bottle (25 tablets) \$1.00 or 100 tablets—\$3.00.

Call at your home town druggist and ask him about the iron clad guarantee, also what this remarkable compound is doing for others.

Gas-Tons are sold in Brownfield by the Corner Drug Store and by leading drug stores in other towns. If your druggist does not have Gas-Tons send money orders payable to Corner Drug Store, Brownfield, Texas.—Adv.

\$25.15

With hearty thanks and much appreciation to all and especially to Mr. Fancher J. Gaston with our congratulations to him and little Miss Gaston in winning this year's Herald.

Our work is taking on the Tri-County institutional phase rapidly. Young colored men are asking us what can they do in the Good Will Industry. Mr. Jimmie Charles is looking about to find an awl and a last for repairing shoes. Any one having shoe tools set aside, please notify the pastor of Jimmie Charles.

8 Pair of Shoes Mrs. Benton had a large box of shoes, 8 pair, set at our door for this missionary feature of our work. Each pair of the shoes can be worn by some child or young person. Jimmie Charles wants to get started on them. He has shoe oils and polishes.

When Mr. and Mrs. N. A. Hanson left Brownfield for Victoria, they gave several articles of value, including a nice pair of men's shoes and women's shoes. Mr. Jacobson gave a nice pair of baby shoes. Some of these have been delivered.

Rev. Lovelace, pastor of the white Baptist church at Ropesville, gave us some very encouraging remarks on our work and pledges full cooperation in its development and invited us down to meet in his church for a program.

Today we had the high and distinct honor of driving out to our plant with our Honorable Judge R. A. Simms, Ex-Officio County Superintendent of Schools, and he is highly pleased with our work.

Mr. Cecil Smith, manager of the Higginbotham-Bartlett Lumber Co. was very kind to give us the big fine start in advancing \$60.00 worth of lumber over our cash donations. We are in a campaign now to pay this, with some already collected. Many of our friends have asked us to call back, and since our city is small, we have just about made the round, so we will be back around soon.

Two dozen Bibles for the Bible Study Class are ordered; the ladies sewing circle is preparing the uniforms for the choir; the piano is here; arrangements for a large amount of good literature is ordered for Sunday School, Epworth League and young people's work. Study classes are being formed.

A good friend has made possible the use of a car to get help from other towns, and the people in all of the counties are offering help.

Remember Tuesday, March 2nd, at the white Methodist church, Rev. C. E. Fike, pastor.

J. W. V. Hutchinson.

The above article had to be left out of last week's Herald on account of lack of space. The following is a list of those who have contributed this week: West Texas Gin Co. \$2.00;

Mr. Mon Telford, \$2.00; Mrs. E. L. Redford \$1.00; Mr. Tom May, \$1.00; Mr. Jacobson, \$1.00; Gomez Store, \$1.00; Mr. F. E. Tucker, \$1.00; A group of friends, \$1.25; Mr. W. F. Upton, auctioneer, \$1.00; Mrs. Cruce, 50c; Rannels Self Service Laundry, 50c; Helpy Selfy Laundry, 50c; W. A. Clark Helpy Selfy Laundry, 50c; Mr. Rogers, Constable, 29c; Rainbow Inn, 25c; Meadow, 25c; a friend, 25c; a group, 4c; Baptist preacher, 5c; Mr. G. C. Turpin, 50c; Mr. L. O. McDade, 10c; Mr. Cullen Forbes, 25c; Mr. L. T. Thomas, 50. Total \$14.69.

CHILDREN MUST BE FED AS WELL AS OLD PEOPLE

It is an open question whether the Townsend plan is helping or harming the evolution of a satisfactory means of caring for the aged. In its thirtieth annual report, the Carnegie Foundation for the Advancement of Teaching, which has studied pensions and pension systems for many years, condemns the Townsend plan as fallacious and hopeless. The pension section of the report, written by Henry S. Pritchett, finds the Townsend plan "one of the most visionary and impossible schemes ever presented for public acceptance."

While old-age pensions have been in operation in other countries for many years, the report points out that "in no other civilized country would it be possible for a wild and reckless measure, like the Townsend plan, to receive the support of the Governor and Legislature of a great State, or be offered in a bill before the National Congress. In any other country, a responsible executive or legislature would have sought the scrutiny of experts before coming forward with such a measure."

The folly of the Townsend plan, as the Carnegie report shows, is that its proposed pension of two hundred dollars a month for everyone past 60 would absorb—through its proposed sales tax—more than half the whole income of all the people of the United States. While the spending of the pension recipients would have a beneficial effect on industry and business it certainly could not make up for the ruinous effect which would come from having every family's income cut to less than half for the support of the pension. Children must be fed, as well as old people.—Semi-Weekly Farm News.

Again Proves Faith In Newspaper Ads

Ponca City, Okla., Feb. 20.—During 1936 Continental Oil Company will spend nearly 75 per cent of its total consumer advertising appropriation for newspaper space, it was announced here today by Wesley I. Nunn, advertising manager.

Nunn also stated that the Herald has been selected to carry Conoco advertising this year, and that his company has again approved one of the largest sales promotion budgets in its history.

"Continental's faith in the dividend earning power of newspaper advertising is founded upon sales increases directly traceable to this medium," said Nunn. "Last year, for example, there was a marked improvement in Company earnings, despite excessive gasoline taxes and other adverse factors. Sales of Conoco Germ Processed Motor Oil also reached an all-time high.

"Business is definitely on the upgrade. And we are confident that aggressive newspaper advertising, quality products and a high standard of service will make this the most outstanding year in our history."

If women were as hard to please in the choice of a husband as they are in his behavior after they have been married, there would be lots more old maids in the world than there are.
